THE DAILY NEWS

VOL. 5 NELSON, B. C., THURSDAY, JULY 26, 1906 NO. 81

ALL CREWS ARE HERE

Vancouver Oarsmen Arrived Last Night in Fine Spirits.

Respective Managers Talk Confidently of Their Prospects for Success in Tomorrow's Races.

All the crews which are to compete in the N.P.A.A.O. regatta, which opens here tomorrow, are now in the city, the Vancouver crews having arrived from the coast last evening. The men looked in fine condition and manager Sawers ordered them all off to bed immediately on their arrival here at 11 o'clock.

Vancouver has entered their junior fours and Mr. Sawers is confident of their ability to land the junior championship and also to make the seniors do some tall travelling during the finals. The men have shown up very well indeed at practice and if they can do as well in the race, their manager has no doubt as to the result. The four crew is as follows. Nickson, stroke; Godfrey, 3; Tennant, 2; Waite, bow. In the junior doubles they have Tennant and Sawers, while Sawers is also entered in the junior singles.

The Vancouver crews will take a trial spin over the course this morning between 9 and 10 o'clock, and will also go out this afternoon.

The Nelson, Portland and Victoria boys were all out for practise yesterday, both morning and afternoon. Of the visitors little need be said at present for actions speak louder than words, and the people of Nelson will have a chance to see them in action on Friday and Saturday. The local boys are well enough known to be passed over without comment this morning.

From their work in practice it is easily to be seen that the Portland boys will have to be seriously considered in the races this year. Without exception they all seem in fit conditions and the tan on their faces and arms speaks volumes for time spent on the water in practice. Coach Murphy was well pleased with their work yesterday. They had the cleanest stroke of all the crews out yesterday and seem to have an easier swing than the much talked or Victorians who are picked by many to win the big race of the regatta.

The Big Four went over the course in the afternoon in good time and although they were taking things easily, the time caught showed very good speed.

The Nelson boys worked out late in the afternoon and are confident of winning the junior fours.

The junior four race should be one of the best in the regatta. If the Vancouver team shows up in expected form the race will be close for the Portland and Nelson teams have quite come up to the expectations of their followers.

The Portland club yesterday entered Harley and King in the junior doubles.

On Friday and Saturday there will be in all 24 events in the N.P.A.A.O. regatta in Nelson harbor, 12 on each day. In many instances the entries are not completed, but several events and the known entries to date are as follows.

FRIDAY, JULY 27

No. 1—Launch race, handicap, 17 foot class, 3 miles with turn:

Pellee, J. McPhee, owner, 1 1-2 h.p.; race colors, white and black.

Isabel, J. S. Carter, 1 1-2 h.p., black and white.

Josie, R. E. Lemon, 1 1-2 h.p., red.

Mums, C. D. Broadwood, 1 1-2 h.p., white and yellow.

Lurline, T. Morley, 3 1-2 h.p., white and green.

Blue Bell, T. Weeks, 3 h.p., blue and green.

T. M. Sturgess, 1 1-2 h.p., grey.

F. D. Arundel, 1 1-2 h.p., black.

No. 2—Lapstreak fours, 1st heat, 1 mile straightaway.

No. 3—Indian canoe and Chinese races, half mile straightaway.

No. 4—Junior singles, N.P.A.A.O., 1 1-2 mile straight away; E. B. Harley, P.R.C.; J. R. Pemberton, P.R.C.; N. C. Sawers, V.R.C.

No. 5—Inrigged skiff ladies' singles, 1-2 mile straightaway.

No. 6—Lapstreak fours, 2nd heat, 1 mile straightaway.

No. 7—Junior fours, N.P.A.A.O.: B. E. Loomis, stroke, A. C. McMicken, 3, J. H. Satrr, 2, A. A. Allen, bow, P.R.C.; J. R. I. J. Waite, V.R.C.; F. Nott, N. McIntosh, R. Sharp, A. Bishop, N.B.C.

No. 8—Double paddle canoes, 1-2 mile straightaway.

No. 9—Launch race, handicap, 21 foot class, 3 miles with turn.

Arthur B., J. A. Gilker, 4 h.p., green and black.

Three Sisters, G. A. Hunter, 3 h.p., red and white.

Klondike, P. Nelson, 3 h.p., yellow.

Anona, Carl Larsen, 3 h.p., blue.

Minnehaha, W. Davison, 1 1-2 h.p., blue and white.

Airey, C. E. Miller, 4 h.p., yellow and black.

Ethel, F. E. Morrison, 3 1-2, white.

Muscat, H. Bird, 3 h.p., blue and red.

Nanoya, Leslie Hill, 8 h.p., black and green.

The Gray, H. E. Macdonell, 8 h.p., yellow and green.

Buster, H. Ewert, 4 h.p., red and yellow.

Rambler, J. J. Campbell, 3 h.p., green and white.

No. 10—Ladies' and gentlemen's mixed doubles ,inrigged skiff, 1-2 mile straightaway.

No. 11—Junior doubles, N.P.A.A.O., 1-2 mile straightaway, J. A Dillabaugh, stroke, N. C. Sawers, bow, V.R.C.

No. 12—Men's single paddle canoe race, 1-2 mile straightaway.

SATURDAY, JULY 28

No. 1—Launch race, handicap, 26 foot class, 3 miles with turn:

Noorna, L. B. de Veber, 3 1-2 h.p., yellow and white.

Mermaid, S. S. Taylor, 6 h.p., blue and yellow.

Mathyiotte, S. M. Brydges, 6 h.p., red and blue.

Not Named, W. R. Seatle, 6 h.p., black and yellow.

Vizen, G. P. Wells, 6 h.p., orange.

The big free for all will be held at 5 p.m., Saturday.

No. 2 — Lapstreap fours, final 1 mile straightaway.

No. 3—Inrigged skiff, ladies' doubles, 1-2 mile straightaway.

No. 4—Senior singles, N.P.A.A.O. 1 1-2 mile straightaway; E. O. Gloss, P.R.C., and winner of junior singles.

No. 5—Canoe race, ladies' doubles, 1-2 mile straight away.

No 6—Senior fours, N.P.A.A.O., 1 1-2 miles straightaway: W. A. King, stroke, F. Zimmerman, 3, J. R. Pemberton, 2, P. F. Smid, bow, P.R.C.; C. B. Kennedy, C. F. Finlayson, P. Austin, W. H. Jesse; winners of junior fours.

No. 7—Gentlemen and ladies' double canoe race, 1-2 mile straightaway.

No. 8—Launch race, free for all.

No. 9—Senior doubles, N.P.A.A.O., 1 1-2 miles straightaway: P. A. Smid, stroke, E. O. Gloss, bow, P.R.C.; winner of the junior doubles.

No. 10—Inrigged skiff, gentlemen's doubles with lady cox, 1-2 mile straightaway.

No. 11—Upset canoe race.

No. 12—Red Cross race, tilting, omnibus race, walking greasy pole, log rolling, amateur, etc.

GEN. BOTHA'S MESSAGE

SAYS CHINESE MUST BE CLEARED OUT OF AFRICA.

PROMISES HEARTY BOER WELCOME FOR BRITISH IMMIGRANTS

London, July 25.—The Chronicle publishes the following from its Pretoria correspondent:

I have just had an interview with general Botha, in view of the expected debate in the house of commons. The Boer leader authorizes me to repeat the following statement:

"I wrote to lord Elgin a month ago, urging the British government to take drastic action in regard to the Chinese. His reply is not satisfacory to us. Unless the British government aids us in checking the capitalists, they will drive all the workers from the country through the repression they are causing.

"We ask the government to end the employment of the Chinese, in accordance with my letter to lord Elgin.

"I send this message to the workers of England:

"'Urge your government to throw open the Transvaal mines to you and when you come to share our destinies the Boers will welcome you.'"

A great demonstration against Chinese labor has been held in the Pretoria town hall, under the auspices of the independent labor party. The chief speakers were Mr. Wyberg and Mr. Smuts.

A resultion was passed unanimously declaring that the meeting would only support candidates who pledged themselves to advocate the repatriation of the Chinese on the termination of the present indentures.

Mr. Smuts' plea for white labor was enthusiastically applauded.

Under the heading "A Reign of Terror," the Johannesburg Leader publishes a further report regarding Chinese marauders. At Roodepoort a few days ago a trooper encountered a gang in an abandoned house. Shots were exchanged, and the Chinese escaped.

Two troopers approached the house of a Dutch farmer named Smuts, who, supposing them to be Chinese, fired at them, wounding one of the troopers in the stomach. A large body of police is patrolling the district.

Gangs of Kaffirs are now following the Chinese example. In the Rossetenville suburb, the scene of recent Chinese outrages, six Europeans were held up on Sunday night by native ruffians, one of the former being injured, probably mortally. Other similar outrages are reported.

The secretary of the Miners' union informs me that the Kaffir mine boys taunt the miners, saying that the white man is afraid of the Chinese. The Rand is becoming a veritable Alsatia. There is a great rush for revolver permits.

SUICIDE EXPLAINED.

Montreal, July 25.—Four thousand dollars worth of furs, part of a parcel valued at $11,000 stolen from Frederick Seifter, of New York, were today found on the premises of M. F. St. John, alias Mark Axelrod. The furs were traced to Chatham, Ont., from which place they had been shipped to St. John in Montreal. Last Saturday a detective called at St. John's making preliminary enquiries. St. John evidently realized that the game was up for when he failed to turn up on Monday the door of his office was forced open and he was found lying dead on the floor, having committed suicide by taking prussic acid.

DOUKHOBORS IN JAIL.

Regina, July 25.—Sixteen crazed Doukhobors, who have been on a fanatical pilgrimage at Yorkton, and who have been committed to jail for a year for disturbing the peace, arrived here yesterday to enter on their term of incarceration. The warrant for their arrest was made out at the request of Peter Verigin, their leader.

NEW CHILEAN PRESIDENT

Santiago, Chili, July 25.—The electoral delegates today elected Don Pedro Monte, president of the republic of Chile.

A COMEDY IN COURT

Mrs. Anderson Testifies in Pendray Investigation at Victoria.

Leads Commissioner a Merry Race in Repartee- Latter Stops Ti gins' Suggestive Questions.

(Special to The Daily News)

Victoria, July 25.—The continued inquiry in the Pendray matter today developed, particularly in the afternoon, into a comedy. Mrs. Anderson was on the stand and kept commissioner Peters guessing. The latter had decided in his own mind that Mrs. Anderson had gone to Brown with a well defined impression that the tender he had put in was $2000, that she mentioned that figure at a venture, that Brown's actions confirmed her in her belief and that she then went to her husband and communicated her discovery to him, resulting in the Logie tender of $2100. On the stand today, however, she utterly disclaimed this and said she had no communication with her husband after leaving Brown, not even by signal, that she entered Brown's office to transact other business and that incidentally, in discussing the rise in value on James Bay, she said: "If you wish to get Sehl's Point you will have to offer more than $2000."

Commissioner Peters worked exhaustively to get the witness to admit the accuracy of his conjecture, and finally got her to admit, as he thought, that she waved her hand to her husband, meaning that the price, $2000, was right. She withdrew from the stand but five minutes later returned to inform the court that the impression he created was all wrong, and that she waved her hand to her husband across the street merely to show that her attempt to purchase a certain lot from Brown was unsuccessful.

No amount of cross-examination shook this evidence. Her husband's evidence in the morning was to the effect that he did not know she had gone to Brown's and that she did not tell him of her visits until some days after. He also denied that he told Harrison that the plan of the Point which he gave Harrison was picked off the floor of the department.

Other witnesses merely proved that Murray had conferred with a number as to the probable amount of the tender and had tried to finance the deal through others, including Anderson. Repeated attempts by Higgins to show that Brown, Pendray, Green and Mrs. Anderson were the only ones who knew the amount of the tender and that it was a fair presumption that Green told the woman, were stopped by commissioner Peters. The latter would not allow Higgins to try to show that the woman and Green were on friendly terms, or that they discussed public business.

Finally he compelled Higgins to submit his questions in writing and one of these he said he would allow, provided Higgins undertook to follow up a certain line it indicated, failing which he would refuse to hear him further. Higgins asked an adjournment to consider the questions, which Peters refused. Higgins then said if he was to be hampered in this way he would not pursue his cross-examination, and sat down, the rest of the cross-examination being conducted by Peters.

Tomorrow will decide whether or not Higgins is to answer.

INSURANCE COMMISSION

COMPLETES ITS LABORS AND ADJOURNS SINE DIE

GREAT WEST LIFE INVESTIGATION ENDS AT WINNIPEG.

Winnipeg, July 25.—This afternoon the insurance commission adjourned sine die. Today's proceedings had been a continuation of the investigation of the methods of the Great West, the manager of which said it was a common practice to give an additional 10 per cent to agents who did not devote their whole time to canvassing for business. He admitted that perhaps this was responsible for some of the lapses. The company's new business last year was six millions, two hundred thousand dollars, and the amount of "not taken," and lapsed policies two million, three hundred thousand dollars. He complained that the provincial government of Quebec made the company a tax gatherer, which involved much expense.

HAD ONLY SIXTY MILLIONS

It Turns Out That Russell Sage Was Comparatively Poor.

New York, July 25.—The World will say tomorrow: "Every dollar of Russell Sage's great fortune is left to Mrs. Sage by a will made in 1901, except an insignificant bequest to Fannie Chapin, of Oneida, N.Y., an only sister who died two years ago. The will is to be read today, and will be offered for probate immediately. The will will undoubtedly be contested by the Troy relatives of Mr. Sage, who will charge that the 1901 will was made after a mental break down on the part of Mr. Sage, and that Mrs. Sage exerted undue influence over him in the distribution of his wealth.

"The fortune of Mr. Sage amounts to only about $60,000,000."

EDUCATION BILL REPORTED

London, July 25.—The house of commons early this morning completed the report stage of the education bill, amid ministerial cheers, and opposition cries of "gag."

SUSPECTED OF MURDER

MAN THOUGHT TO BE SLAYER OF MRS. GENTRY UNDER ARREST

CRIME WAS ONE OF MOST BRUTAL IN CHICAGO'S HISTORY.

Chicago, July 25.—Frank J. Constantine, the alleged murderer of Mrs. Louisa A. Gentry, at her home in La Salle avenue, on Junary 6 last, is said to be under arrest in Poughkeepsie, New York. Constantine is said to have been recognized by a woman who once lived in the apartments in which the murder was committed. She reported to the police authorities at Poughkeepsie that the man was Constantine and he was at once arrested. Sheriff Hoffman, of Duchess county, N.Y., telegraphed to the local police that he was holding Constantine, saying that the prisoner did not deny his name, but claimed that he was a brother of Frank J. Constantine. Letters, cards and papers found in his possession all bore the name of Constantine. The murder of Mrs. Gentry was one of the series of brutal crimes against women which were committed here, early in the year, arousing public indignation to white heat. His motive for the crime has never been discovered.

Constantine and Mrs. Gentry were alone in the apartment at the time. The first intimation given of the crime was when Mrs. Gentry fell down a stairway leading from her apartment, striking the dorrway of a physician who lived on the floor below. Opening the door, he found Mrs. Gentry lying against it with her throat cut from ear to ear. She was dressed for the street. Her death occurred within a few minutes, and without her being able to utter a single sound.

Constantine was a boarder in the Gentry apartments, and a razor marked "C" was found on the floor just outside the doorway. It has been the theory of the police that he approached her from behind and cut her throat before she was aware of his intentions. He was seen by several persons to run from the building.

A. Gentry, the husband of Mrs. Gentry, who is a prosperous business man, offered large rewards for the arrest of Constantine, and numerous men were arrested in various parts of the country, but all of them were released.

WESTINGHOUSE ATTACKED

Stockholders Accuse Him of Juggling With Company's Funds.

Pittsburg, July 25.—At a meeting of the stockholders of the Westinghouse Electric company today, president George Westinghouse was charged with openly launching private ventures with the company's funds. The directors were charged with aiding him in this but after a discussion the old board of directors were elected. James Carruthers, a minority stockholder, led the opponents of Mr. Westinghouse.

The incident grew out of the report of the company. Mr. Carruthers called attention to the assets in which were stocks and bonds of the Lackawanna & Wyoming Valley Railroad Transit company, valued at $6,300,000. Mr. Carruthers wanted to know how much stock and how much bonds. It developed that the capital stock of the Lackawanna & Wyoming Valley company is $3,000,000 and that the road cost about $6,000,000.

No one was sure that these figures were correct, and there was more or less confusion. Finally Mr. Carruthers said:

"We have $6,000,000 worth of bonds and $300,000 worth of stock. Who has the remainder of the stock? This company puts all the money up that is spent on the road, and gets only $300,000 worth of stock. Why should not this company have all the stock if it pays for the road."

No one explained the report in detail. The adoption was moved but John Green, one of the directors, said: "I want to know from whom the stock of this rapid transit company was purchased. I understand that these stocks were purchased from Mr. Westinghouse, that this is a private corporation, and that Mr. Westinghouse unloaded this stock on the company."

A voice was heard, "At twice its value."

The report was adopted and the old board of directors was re-elected.

SOURIS PROFESSIONALIZED

Winnipeg, July 25.—The secretary of the W. C. L. A. has been notified by the C. A. A. U. that the Souris lacrosse team has been professionalized for playing with the Montreal Shamrocks. Their games in the league series here have been postponed until the executive can meet to discuss the situation. The outcome will likely be that the W. C. L. A. will refuse to recognize the authority or ruling of the C. A. A. U.

EXPLAINS SITUATION

Russian Premier Tells A. P. Why Douma was Dissolved.

Members had Addopted an Attitude Inimical to the Peace of the Whole Nation.

New York, July 25.—The Associated Press has received the following despatch:

"St. Petersburg, July 25.—Answering your telgram addressed to the prime minister, I am directed to say that the central press administration informs us that St. Petersburg and the provinces received the news of the dissolution of parliament calmly. The emperor firmly intends realizing the reforms proclaimed in his manifesto of October 10, but the dissolution of the Douma was indispensable as the first body of delegates pursued tendencies which threatened to prevent the peaceful development of reforms in the empire. (Sgd.) Bellegrade."

St. Petersburg, July 25.—All indications point to the postponement of the threatened general strike until the government shall be less and the country more prepared for such an event, until the harvest is finished, and the revolutionary movement develops spontaneously among the idle peasantry. News from the province today indicate that conditions in the famine districts are scarcely ripe for such a movement. A definite decision will be reached within a day or two in the reorganized council of workmen.

Premier Stolypin announced to the council of the empire today that he had obtained from emperor Nicholas special powers for admiral Skrydloff, in restoring and maintaining order and discipline in the Black Sea fleet. The admiral, who departed today for Sebastopol, said that his first duty would be to arrest those sailors who were guilty of raising the disturbance, and to liberate those unjustly imprisoned. Admiral Skrydloff said he had learned that admiral Rojestvensky and captain Clado probably would be restored to the roster of the navy.

MADE BOGUS LISTS.

Insurance Company Spent Thousands To Fool Policy Holders.

New York, July 25.—There was a meeting today of the board of trustees of the Mutual Life Insurance company in which it is alleged several members took occasion to declare that the course which had been pursued by the board in nominating four members of the international committee on the administration, was to say the least, inadvisable. The expression of the trustees followed the reading of a protest filed with the board on behalf of the policy holders' committee in which it was demanded that the board repudiate the action of officers of the company in spending thousands of dollars compiling lists of policy holders, declared to be inaccurate, for the purpose of misleading the company, and preventing it from reaching those policy holders who might wish to have a change from the present regime. The international policy holders' committee announced that congressman W. A. Smith, of Michigan, had become a member of that body.

DEFIES THE INJUNCTION

MAYOR TOM JOHNSON DOESN'T CARE A SNAP FOR COURTS

HAS A GANG OF 500 TEARING UP CLEVELAND RAILWAY

Cleveland, Ohio, July 25.—Five hundred men under the supervision of the board of public service today began to tear up the tracks in Fulton street of the Cleveland Electric Railroad company. Mayor Johnson, who was personally overseeing the work, said the action was taken because the company refused, or neglected, to comply with a council resolution requiring it to remove its tracks to the east side of the street. The officials of the company quickly obtained from judge Ford, in common pleas court, an injunction restraining the city and the municipal traction company in whose interests the work was being done, from further interference with their tracks.

The injunction was served upon mayor Johnson personally as he was overseeing the work of tearing up the tracks. He acknowledged the service, and put the document in his pocket, but told the men to proceed with their work, and ignore the court's order. The Municipal Traction company was recently organized to construct and operate a number of street car lines here on a three cent fare basis. Mayor Johnson is said to be largely interested in the new company.

Judge Ford late this afternoon issued a citation against mayor Johnson, requiring the latter to appear in court tomorrow morning to show cause why he should not be punished for contempt in violating the restraining order of the court.

THE NEW COMMISSION.

Bastedo to Go to London in Preston's Vacated Place.

Toronto, July 25.—A rumor is current here to the effect that S. T. Bastedo, late deputy fisheries commissioner of Ontario, may be sent to London to fill the position in the federal immigration offices recently vacated by W. T. Preston. It was announced several days ago that Preston had been transferred from the immigration department to the trade and navigation branch of the administration. Bastedo was relieved of office by premier Whitney a week ago on the strength of partizanship made against him by conservatives.

UPTON SINCLAIR FOR CONGRESS.

Trenton, N. J., July 25.—The socialists of Mercer county will hold a convention here on Friday for the purpose of nominating candidates for the coming fall campaign. It is almost a certainty that Upton Sinclair, the author, whose book, "The Jungle," led to the exposure of the methods employed in the Chicago packing houses, will be nominated for Congress. It is quite certain that Mr. Sinclair will accept the nomination, as he has already expressed his readiness to do so. He lives in Princeton, but is a prominent member of the Mercer county socialists.

BOOST CAMBORNE CAMP

AMERICAN VISITORS GREATLY IMPRESSED WITH PROPERTIES

NELSON FIRM START WORK ON AERIAL TRAM

Thomas Sloane, a mining expert of Spokane, examined the McMinnville and Kingston groups this week in the interest of the proposed amalgamation of the two properties, and was well pleased with the results of his labors, says the Camborne Miner. Mr. Sloane holds the opinion that the properties mentioned have the making of the biggest mine in the country. The ledges of quartz are immense and if but small average value is returned, in conjunction with the large amount of ore that can be secured, would prove a big thing. He has left for Spokane where he will hand in his report and will possibly return in a week or so to make plans for future working of the properties and secure data for installation of drilling and milling machinery. Mr. Sloane characterizes the Camborne camp as the best mineral section he has seen.

Messrs. Taylor, Manning and Haddock of the Silver Dollar party, left for their homes in Indiana and Ohio this week, filled with the possibilities of Camborne as a mining center and elated with the Silver Dollar in which they have large holdings.

During their stay these gentlemen visited all the larger properties of the camp and, from what came under their notice, are convinced that Camborne is without a peer. The large amount of development and the big ore bodies in the Eva mine were beyond anything they expected to see, and the process of extracting gold from quartz, they watched with interest.

J. R. Bottroff, secretary of the company, Newton W. Emmens, consulting engineer, and G. Hilman, will remain here for a few weeks longer. Mr. Emmens is sampling the Silver Dollar and laying out future development work.

The flume to the Silver Dollar is completed and the compressor is installed, and were it not that a few lengths of pipe for transmitting air to the mine are missing, the machine drills would be in operation in a week's time. However, sufficient pipe to complete the line is ordered and will arrive soon, and the drills will be set to work shortly after. For the present work will be confined to the drifts in the main working tunnel and when they are sufficiently advanced raises will be put through and stoping commenced. The crosscut will be continued until the No. 2 lead is reached when it will be drifted on in the same manner as on the No. 1. The construction of the aerial tram will be commenced this week by the Crawford company of Nelson, under the supervision of W. Perry.

BUILDING UP SASKATOON

C. P. R. is Expending Large Sums on Railway Construction.

Regina, July 25:—The C. P. R. will construct a commodious new yard here to accommodate the rush of freight. At present 52 cars per day arrive and more room has been found necessary. The company will also construct a yard at Saskatoon and will build a new line from that city to the capital. The remarkable and altogether commendable features of the situation are that while the C. P. R. by the working out of their plans, will do much for the making of Saskatoon, they have not asked the city for a dollar of money or a foot of land. They are bringing their lines right into the heart of Saskatoon at great cost and will build permant structures for public accommodation and the handling of their great business, all of which will be of mutual benefit to the city and the company.

STRIKERS WIN IN THEIR FIGHT.

San Francisco, Calif., July 25.—The striking freight handlers of the Southern Pacific railway in Oakland resumed work this afternoon the company agreeing to grant the increase in wages from 22½ to 25 cents per hour.

WILL LEAVE CHINA

Pekin, July 25.—Sir Robert Hart, who is stopping at the seaside, has written to a friend in Pekin that he has finished his work for the Chinese customs, and he proposes to devote a few months to arranging his affairs, and then return to England.

PLANS FOR THE HAGUE

Interparliamentary Union Makes Suggestions for Legislation.

Wants Private Property Made Immune from Seizure at Sea by Belligerent Forces.

London, July 25.—The conference of the inter-parliamentary union after a prolonged debate this morning, adopted the following resolution:

"The inter-parliamentary union, now assembled in London, expresses the view that the second Hague conference should:

"First—By treaty define contraband of war as being restricted to arms, munitions of war, and explosives.

"Second—Reassert and confirm the principle that neither a ship carrying contraband of war, nor other goods aboard such ship not being contraband of war, may be destroyed.

"Third—Affirm that even between belligerents, private property should be as immune at sea as it is on land."

The conference also adopted a resolution in favor of the discussion by The Hague conference of means to cut down the expenditures on armaments.

Another resolution provides that each national group shall apply to its own government for funds to aid future conferences of the inter-parliamentary union.

The decision as to the time, and place of the next conference was left in the hands of the international council. It is expected that it will be held in Berlin in 1908. The conference then concluded its sessions.

ROBBED S. A. HOMES

Toronto, July 25.—The man who in the guise of a Salvation Army officer has ben robbing the homes of Salvation Army officers and other citizens, is under arrest and is awaiting sentence. He is Edgar J. Baker, and was taken into custody by detective Wallace, who found him at a roller skating rink.

When brought to the detective department he confessed to having robbed the following places:

Commissioner Coombs of the Salvation Army, Eglinton, July 1.

Captain McFetrich of the Slavation Army, 122 Lisgar street, July 12.

Lieutenant-colonel Pugmire, of the Salvation Army, 123 Arthur street, June 30.

C. A. Hutchison, 71 William street, July 2.

Alex Watts, 359, Euclid avenue, July 3.

R. H. McBride, 120 Concord avenue, July 5.

TRIAL OF CAPTAIN GRIFFIN.

Vancouver, July 25.—The preliminary hearing of the charge of manslaughter against captain Griffin, of the S. S. Princess Victoria, has been remanded until tomorrow.

J. E. McMullan, solicitor for the C. P. R., asked for the adjournment, saying that the information was laid on Saturday, a few hours after the accident, and no doubt those who laid it were laboring under great excitement. He thought it was unwise to set criminal proceedings in motion just yet, and suggested waiting until after the investigation was held by the dominion government, which would be before experienced seamen and officials.

DEL REY TO BE WORKED

Operations are about to be resumed on the Del Rey under the foremanship of Thos. Wills, says the Camborne Miner. An upraise will be driven a distance of 300 feet to the surface for ventilation, after which the drifts will be continued on either side of the crosscut tunnel. These drifts are now in quite a distance and show a good grade of ore. Work will be conducted continuously from now on and new ground will be opened up as operations progress. Judge Averill of Indianapolis, a director of the Northern Mines, Ltd., which owns and operates the Del Rey, was here lately and after examining the property, decided on the work above described.

DID HE KILL HIS SON?

Great Barrington, Mass., July 25—Emil Streub, father of John Streub, aged 20, whose body was found in the woods near Houstatonic about two weeks ago, was arrested today, charged with having killed the boy. After an inquest of two days it was decided by the authorities that testimony sufficient to warrant the action had been secured. Streub's attitude toward the boy is alleged to have not been of the friendliest.

PRIVATE TELEGRAMS ILLEGAL

Havana, July 25—President Palma tonight pardoned Miss Millie Brown, L. C. Gilner, and William Augustine, Americans, residing on the Isle of Pines, who recently were convicted of operating a private telegraph line in violation of an old military order, on the promise not again to violate the law.

UNION LABEL

CONFEDERATION'S GROWTH

As noted in our news columns, earl Grey, governor-general of Canada, is in Newfoundland, ostensibly for the purpose of enjoying a quiet holiday fishing the streams of the ancient colony. A whisper has leaked out, however, that something more important than fish is in reality engaging the attention of the earl and that, if success attend his efforts, he may yet prove the instrument of perfecting political negotiations which will have a far reaching effect upon Canada. It is understood that earl Grey would dealy love to see Newfoundland enter the Canadian confederation during his term of office in the vice regal chair at Ottawa. In this wish he has a staunch ally and friend in governor MacGregor, of Newfoundland, who there represents the British crown in the same capacity as earl Grey does in the dominion, and who strongly advocates the entrance of that colony into the Canadian sisterhood as a tenth province. When governor MacGregor was in Ottawa some time ago the subject was broached and now its discussion is to be continued in a conference with the leading men on both sides of politics. Reports of the proceedings at St. John's will be received with interest from the Atlantic to the Pacific and Downing street will watch the progress of the movement with as keen an eye as will any citizen of the dominion. That Newfoundland should become an integral part of Canada is but natural, as has been pointed out time and again by leading public men of every political hue; indeed, it can readily be imagined that circumstances might arise under which it would be almost imperative for Canada to be able to place absolute dependence upon the friendly offices and support of her kinsmen across the gulf. Granted suitable terms, the concensus of opinion in both colonies will undoubtedly be found to strongly support a union program, and if the way be made plain, Canada can well afford to be generous where financial matters are concerned.

FARM HELP SCARCE

From various parts of British Columbia during the past few weeks have complaints of the inadequacy of the labor supply been sent forth through the columns of a sympathetic press. At the same time, the farmers of the northwest are making their annual appeals for assistance in handling their crops, and even the tillers of the soil in old Ontario are crying out because men are not to be had at any possible figure. So serious has the situation become around Toronto that many farmers are going to the jails of the Queen City and paying fines of prisoners in order to secure their release and engage them for service. Two dollars a day with board is a standing offer, but in spite of this, in a province where a few years ago a dollar a day without board was considered a good thing, tons and tons of fodder and farm produce are lying on the ground with no person to prepare them for a waiting market.

Circumstances similar to these have arisen, to a greater or lesser extent, during the last two or three years. Time was when Manitoba and the northwest were able to depend upon the poorly paid laborers of the east to make a summer excursion to the grain fields for the purpose of earning a little extra money, but today the poorly paid laborers of the east are no longer in existence. They have become the well paid, well satisfied and prosperous laborers of a more prosperous day, and are not now willing to break into the busiest part of their season in order to make a hot and toilsome trip to the west. A new solution must be found somewhere, and, as the Toronto Globe says, that solution must be one which will provide for farm laborers employment as steady as that which they can secure in the cities.

It is unreasonable for the farmers of the Northwest or of British Columbia to expect that men will hold themselves available for a few weeks' or months' work and hang around idle for the rest of the year. Farmers must learn to so handle their bussiness that they will be able, as the captains of industry in the cities are, to employ a number of men throughout the slack season of the year without profit in order that they may have the same men readily available when the season of great profit comes around. If men can be so employed during the fall, winter and spring that their labor will merely serve to support them, the employer could well afford to keep them busy during those seasons in order to know where to lay his hand on them when the harvest time appears.

EDITORIAL NOTES.

Andrew Carnegie, who in times past has been regarded as one of the present day minor prophets, was recently seized with a great ambition and attempted to butt into the ranks of the major prophets. He was met at the very outset of his more pretentious career by that standard old warhorse of prophecy, sir Charles Tupper, who badly worsted him in the first encounter and left the laird of Skibo gasping for breath, dimly wondering what had happened. Carnegie drew a fairy picture of a solid American continent, (probably bounded by a wall of Carnegie libraries), as the coming nation of the world, with a small Britain, badly disfigured but still recognizable, as an unimportant adjunct. Sir Charles flew at the picture and tore it to pieces, and Carnegie is still rubbing his head in amazement at the way it was done.

The Daily News does not wish to stoop to levity, but it cannot refrain from wondering why that Russian exile in England with 45 death sentences over his head, Alladin, does not rub his famous lamp and get a band of genii to boil the bureaucrats in oil?

Brockville, Ontario, is either a very romantic place or its brewers have been doing a great business of late. Citizens of the St. Lawrence town swear that a few days ago they saw painted across the northern sky (note the direction) a perfect reflection of the river with its Thousand Islands, showing the channels, steamers, trees and small boats. Some even assert that the picture was so clear they could see the shadows of the trees in the waters and the little fish dancing amongst them.

The Grand Trunk railway is expending a lot of money in an effort to conform to the road usages of the east. Hitherto it has been running its trains on the left track, but now it is changing and running them on the right. This means that the signals along the whole system have to be moved from the left to the right of the road, for they must necessarily be on the engineer's side of the train.

Good roads are a grand thing—something British Columbia knows very little about. True the automobile and horse owners of Vancouver are agitating for the construction, at joint civic and government expense, of a long drive near the Terminal city, but as yet the project has not made much progress. In Ontario the automobilists are very progressive. At a meeting held in Toronto last week they decided to hang up a prize of a thousand dollars for competition amongst the townships of York county, the township having the best roads by a given time to get the money.

After all the proposed dominion conservative convention, which it was planned to hold in Winnipeg this fall, is not to take place. Perhaps Mr. Borden is not as yet prepared to explain to his followers why he accepted that salary from the liberal government. At any rate, an excuse has been found, and the convention has been shoved ahead for one year.

Dr. Sproule, Mr. Borden's husky and impetuous lieutenant at Ottawa, is now the greatest Orangeman in the world. At its closing session, the Imperial Grand Orange Council of the World, held in Toronto, elected Dr. Sproule imperial president. He also holds the position of supreme grand master of the Grand Lodge of British America. Whatever Canadians may think of Dr. Sproule's politics, they will all unite in congratulating him upon the high position he has thus attained.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs, it allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HALF HOLIDAYS

The Mayor Asks For a General Closing on Friday and Saturday Afternoons

His worship, mayor Gillett, has been presented with a largely signed petition asking in terms that:

"As the regatta of the North Pacific Association of Amateur Oarsmen is to be held in this city on Friday and Saturday, July 27 and 28, we, the undersigned ratepayers and residents of the city of Nelson respectfully request your worship to declare a half holiday on Friday, July 27 from 1 p.m. to 7 p.m., and on Saturday, July 28, from 1 p.m. until 7 p.m., for the purpose of allowing as many as possible of the citizens to witness the regatta and attend a banquet to be tendered to the visiting crews."

His worship has accordingly proclaimed the afternoons of the 27th and 28th civic half holidays and requests all merchants and business men to close their places of business on the days mentioned from 1 to 7 p.m.

In consequence of this arrangement there will be no half holiday this afternoon.

PERSIA IN A HUBBUB.

Political Agitation Against Grand Vizier Grows Acute.

Teheran, Persia, July 25.—Political discussion here is again assuming an acute phase. The people are loudly demanding the dismissal of the grand vizier, the return of the mullahs and a codification of the laws. The mullahs, who recently left the great mosque, are now assembled at Kum, a great Shiah place of pilgrimage. There are now over 5000 refugees under the protection of the British legation here.

J. J. WALKER - JEWELLER AND OPTICIAN

FARMERS' INSTITUTES

Prof. Shutt Will be in Nelson on the 25th of August

Prof. F. T. Shutt, chemist, central experimental farm, Ottawa, is expected to reach Victoria on the 31st inst. for the purpose of making a tour through parts of the province not visited by him, and will be accompanied by J. R. Anderson, deputy minister of agriculture. Prof. Shutt's visit is principally for the purpose of studying the soil and kindred conditions, giving advice on such matters as come within the purview of his department and incidentally to give addresses at any meetings that may be arranged on soil cultivation in reference to the successful growing of crops and other subjects of similar character.

This visit will afford a good opportunity to obtain an expert opinion—not an analysis—on soils and water, and it is desirable that samples should be brought to the meeting for the purpose.

J. R. Anderson, deputy minister of agriculture, will, if required, give demonstrations and addresses on fruit culture and on institute matters.

Following is the itinerary which has been arranged.

Wednesday and Thursday, Aug. 1 and 2, Victoria and vicinity.
Friday, Aug. 3, Metchosin.
Monday and Tuesday, Aug. 6 and 7, Delta.
Thursday, Aug. 9, Keremeos.
Friday, Aug. 10, Penticton.
Saturday, Aug. 11, Vernon.
Monday, Aug. 13, Armstrong.
Wednesday, Aug. 15, Golden.
Thursday, Aug 16, Spillamacheen and upper Columbia.
Friday, Aug. 17 to Tuesday, Aug. 21, Windermere and Wilmer.
Thursday and Friday, Aug. 23 and 24, Fort Steele and Cranbrook.
Saturday, Aug. 25 to Monday, 27, Nelson.
Tuesday and Wednesday, Aug. 28 and 29, Slocan City.
Thursday and Friday, Aug. 30 and 31, Kaslo.

STUBBORN HORSE DROWNS FOUR

Sorel, Que., July 25.—J. Ferron, Mrs. Bernier, Mrs. Bourget, and the baby of the former, aged one year, were drowned in the river Yamaska last evening. The three adults, with the child, were in a buggy crossing the river at St. Louis de Bonsecours, 24 miles south of here, in Richelieu county, when the horse backed off of the ferry boat and precipitated them into the river. The current being swift, all were carried away and drowned. The four bodies were found after the accident.

WESTERN PROSPECTS BRIGHT

MacLeod, Alta., July 25.—This district never looked better; crops of all kinds are making marvellous growth. Spring wheat is almost as far advanced as fall wheat. The crops in the south are looking far better than those in the northern half of the province, so disinterested parties claim. Many new people are coming in, land is changing hands rapidly and the price of land, both improved and unimproved, is advancing rapidly.

STORMS IN MANITOBA.

Winnipeg, Man., July 25.—According to reports, storms of unusual severity were general throughout Manitoba and eastern Saskatchewan last night and this morning; the damage to crops, if any, is not yet known.

SMOOTH-ON

Smooth-on is a chemical iron compound prepared in powdered form and used by mixing with water to the consistency of a stiff paste. When used in this state it it will metallize in a few hours and become part of the casting to which it is applied. HAVE NO USE FOR BABIES

OLD MAIDS AND BACHELORS MEET IN CONVENTION

COMBAT ROOSEVELT'S PET THEORY OF RACE SUICIDE

Forest City, Ind., July 25—If the few dozen old bachelors and old maids who met here today in convention in accordance with the call issued by Clinton Merrick, chairman of the bachelor's committee, had the deciding voice, very few, if any, babies would be born in this country. The convention is one of the oddest conglomerations that ever came together in one place. Most of the members of the convention are really old bachelors and old maids, with all the peculiar freakish notions which many years of celibacy are apt to develop in individuals. Some of those present are not quite so pronounced and radical in their views and notions and have probably been attracted more by curiosity and the cheap excursion rates of the railroads than by the desire to assist in launching the movement which the convention proposes to launch. At the opening of the convention Clinton Merrick who is the leading spirit and head of the meeting, welcomed the bachelors and old maids present and delivered an address in which he explained the theories in support of which the convention has been called. He attacked the theory of race suicide as interpreted by president Roosevelt, and maintained that race suicide did not really consist in the birth of few, but in the birth of too many children. He entered into a lengthy discussion of the question and was enthusiastically cheered by the meeting. There was some disappointment that president Roosevelt had not accepted the challenge of the committee to debate the race suicide question with the old maids and bachelors. The meeting intends to form a permanent organization and to nominate a complete state ticket on a platform advocating race suicide as condemned by president Roosevelt.

Minard's Liniment Cures Diphtheria

MODEST CLAIMS OFTEN CARRY THE MOST CONVICTION

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of a disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will do, but prefer to let the users of it make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists and dealers.

WESTERN CANADA COLLEGE

Undenominational Educational Institution at Calgary

Western Canada college, Calgary, Alta., was founded in the spring of the year 1906 in response to a demand for such an institution in the far west.

The Western Canada college is wholly undenominational. It has no connection direct or indirect, with any religious sect.

Grounds—The grounds consist of 20 acres, acquired from the Canadian Pacific railway company. They are high and beautifully situated in the west end of the city.

Staff—Principal, Rev. Archibald O. Macrae, B.A., Ph.D., Leipsic and Jena.

Francis C. Walker, M.A., Harvard, lecturer in mathematics and science.

Charles A. Stuart, B.A., L.L.B., G.P.P., lecturer in history.

W. A. Patterson, M.A., Toronto, lecturer in literature.

Mrs. A. Broder, examiner in the Royal Academy of Music, London, Eng., directress of music.

Lodging and board—There is accommodation for a few students in the college residence. Board and lodging can be obtained in town at a cost of from $4 upwards.

Affiliation—Western Canada college was affiliated with Toronto university on June 7, 1905. Henceforth students may not only prepare for matriculation into any faculty, but also take the first year Toronto university's Arts course, and all the examinations pertaining thereto. This will give them same status as if this course had been pursued in Toronto university.

Courses of study—1. Junior and senior matriculation.

2. Short courses of study for intending ranchers and any who may wish to supplement their education.

3. Business college courses.

4. Courses in Music.

1. Students are prepared for junior matriculation into Manitoba, McGill and Toronto universities, and senior matriculation, i.e., first year in B.A. course into Toronto and Manitoba universities.

By special arrangement, the examination for matriculation into Toronto, Manitoba and McGill universities will be held annually at the Western Canada college, for Toronto and McGill in the month of June, for Manitoba in May.

These examinations, with certain ommissions and options, include matriculation into arts, law, medicine, applied science, dentistry, pharmacy, music and agriculture.

Courses in Music—The standard aimed at both for the theory and practice of music, will be such as would enable the student to pass in primary, junior, intermediate or senior examinations of the Toronto university, with which the Western Canada college is in affiliation, or, if desired, to pass the junior or senior examinations of the associated board of the Royal Academy and Royal College of Music, England, in affiliation with McGill university.

Minard's Liniment Cures Colds, etc.

OLIVIA DAHL'S CONCERT,

The concert to be given at Sherman's opera house tomorrow evening by Miss Olivia Dahl and Miss Gina Smith should attract a very large audience, for Nelson is undoubtedly a music loving community. Olivia Dahl is a great songstress and it is only by reason of the San Francisco disaster and the consequent upsetting of her summer plans, that British Columbia interior towns are to enjoy a visit from her.

In her Nelson concert the Norwegian songstress has the support of Miss Gina Smith, a brilliant young Swedish-American pianiste, the daughter of Frau Strom-Smith, than whom perhaps no woman concert player and teacher is better known in the central states of America. Were Miss Dahl other than a really great singer, such men and journals as Grieg, Bjornson, the Paris Journal, New York Herald, etc., could not be induced to commend her genius in the terms of enthusiastic appreciation which they employ.

What People You Know Say About Gin Pills

THE GREAT KIDNEY CURE

Jan 23rd, 1904.

THE BOLE DRUG CO.,
Winnipeg, Man.

GENTLEMEN,—

I cannot refrain from writing you as to the great benefit I have derived from "Gin Pills." The true facts of my case are as follows:

"Last fall, while in the employ of the C.P.R., between Winnipeg and Brandon and also on the Souris branch, I was on the verge of giving up from a severe pain in the small of my back. I tried a menthol plaster without any relief. I afterwards bought a bottle of ——— Oil and used it nearly all with no better results. Then one of the Conductors said to me: 'Why don't you try Gin Pills?' I purchased a box from a store at Douglas, on the main line near Brandon, and before I had taken the half of them the pain began to subside. I continued until all the box had gone with the result that the pain entirely left my back, greatly to my relief. I am sending in this testimonial unsolicited, hoping others will benefit thereby. For any disorder of the kidneys there is nothing can hold a place with Gin Pills.

Yours faithfully,
J. C. TAYLOR.

Sold by druggists, 50c a box, or 6 boxes for $2.50. We send sample free if you mention this paper.

THE BOLE DRUG CO. - WINNIPEG, MAN.

THORPE'S LITHIA cures and prevents gout.

SAVED HIS COMRADE'S LIFE

"While returning from the Grand Army encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says J. E. Houghland of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties through the south and west. I always carry this remedy and have used it successfully on many occasions. For sale by all druggists and dealers.

DOG SAVES A LIFE

Halifax, July 24—Dr. James W. Chisholm was drowned in Big Glace bay last evening while swimming, and two companions, barrister Cameron and county stipendiary Hart, narrowly escaped the same fate. They were swiming in a small tidal stream flowing out of Big Glace bay. Chisholm was going out with the tide, but he soon became exhausted and sank. Cameron owes his life to his dog, which swam along beside him.

Consult M. Mecklenburg, M.A., D. Ss., about those headaches, pains in the eyes, eyes crossed, double or indistinct vision, loss of muscular power, or any error of refraction, or the fitting of spectacles that are absolutely correct, and will so neutralize the defect as to enable you to see without an effort.

Dr. Mecklenburg will be at Cosmopolitan Hotel, Cranbrook, July 26-7. Moyie, July 28.
Canada Drug & Book Store, Nelson, July 30 to Aug. 9.

YMIR GOLD MINES

Mine Manager's Cable Report of June Operations

Returns for June: Twenty-five stamps ran 24 days, crushing 1500 tons of ore, producing 286 ozs. of bullion, having an estimated gross value of $3400; concentrates on hand, 150 tons, value $3600. Office note: "This ore milled in June was extracted in the ordinary course of development from all parts of the mine. Owing to the scarcity of miners and to the wet nature of the ground in the new raise, due to the melting of snow, it has been impossible to stope the rich ore body which was opened up there. Drifting has now been commenced east and west from the raise and a supply of high grade ore should soon be available for milling purposes."

CLARK'S PORK AND BEANS hot or cold are welcomed everywhere; a meal in five minutes that satisfies for hours.

SHORTAGE OF CARS

Serious Problem Confronting business Men of Fernie

(Special to The Daily News)

Fernie, July 25—The shortage of cars is becoming a serious problem to the mills in this district, and since the output of the latter has so materially increased, the supply has been found entirely inadequate to fill present requirements. To add to the difficulty of the situation, no C.P.R. yard engine is stationed here and the movement of loads, which has to depend upon the services afforded by the local freight trains is often considerably delayed. Fernie has become too important a shipping point to be treated in this manner by the railways and the business men of the town feel confident that this state of affairs would soon be remedied if brought to the attention of the proper officials.

The large increase in the tonnage from the Coal Creek mines and the expansion of general business has necessitated the construction of two miles more of track in the Fernie yard by the Morrissey, Fernie and Michel railway. The engineers have been busily engaged for the past few days preparing the ground for the new sidings and hope to have them completed at an early date.

The Fernie brass band which has been recently reorganized, is making rapid progress both in membership and musical proficiency. Under the new management the band has been increased to 20 pieces, and as some of the members belonged to prominent musical organizations in Great Britain before coming to Fernie, it is confidently expected that they will soon rival the local Italian band, which has already established such an enviable reputation for themselves here.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

HARVARD VS. CAMBRIDGE

International University Boat Race Date is Changed

Boston, July 25—As the result of an exchange of cablegrams, it has been decided that the race of the Harvard 'Varsity crew with the crew from Cambridge university, will be rowed on the Thames in England on Sept. 8, instead of Sept. 16, as at first planned. This change was made because it was found that the tide conditions would be better on the earlier date. The Harvard shells will be shipped today on the Canada.

THORPE'S LITHIA cures and strengthens the bladder and kidneys.

MINING RECORDS

In the mining recorder's office July 25, Frank Unfried recorded the Red Star claim on Sheep creek near Salmo, located on July 18. A. G. Shaw recorded the Blake fractional on Forty-Nine creek, located on July 21.

COUNT BONI'S TROUBLES

Date Set for Suit for Divorce—Creditors After Their Money

Paris, July 25—The court has definitely decided that the hearing of the suit of countess Anna de Castellaine, against her husband, count Boni, for divorce, shall be held Oct. 17 or Oct. 24. The hearing of the suits of the count's creditors, in which they are seeking to hold the countess liable for the obligations incurred by the count, has been fixed for the same day.

NOTICE OF TRANSFER OF LICENSE

I hereby give notice that I intend to apply to the license commissioners for the city of Nelson at the next meeting held after thirty days from date hereof, for a transfer of the retail liquor license now held by me for the Club hotel, situate on Lots 21, 22, 23 and 24, Block 14, Nelson, B.C., to Mrs. Mary E. Curran.

Dated at Nelson, B.C., the 6th day of July, 1906. Aug. 7

E. J. CURRAN.

TRANSFER OF RETAIL LIQUOR LICENSE

In the Matter of the Municipal Clauses act

And in the matter of an application for the transfer of the retail liquor license for the Wilson House, situate in Slocan, B.C., from A. E. Teeter to George Stoll.

NOTICE is hereby given that the undersigned will make application to the board of License Commissioners for the city of Slocan at the next setting of such board, for the transfer of the retail liquor license to sell liquors on premises known as the Wilson House, situate on Lots 6 and 7, Block A., in the said City of Slocan, B.C. from the said undersigned to George Stoll.

Dated at Slocan, B.C., this 16th day of July, A.D., 1906.

A. E. TEETER.

NOTICE

From and after this date the Recreation Grounds will be closed to the public. Those wishing to use them for practices, games or exhibitions, must first get permission to do so at the city offices.

Nelson, B.C., July 6, 1906.

W. G. GILLETT, Mayor.

CHEAPNESS IN TEA ISN'T EVERYTHING

Tea made from prairie hay would be cheap but would you care to drink it?

Blue Ribbon

TEA costs a few cents a pound more than coarse, broken "leavings," but it is easily worth the difference. Besides it is really more economical, since three spoons of it will make more and better tea than four of the cheap stuff. Blue Ribbon Tea has the richness and strength of the choicest teas grown in Ceylon and India. 50c a pound and more.

"MONEY WILL MAKE THE POT BOIL THOUGH THE DEVIL POUR WATER ON THE FIRE."

AND MONEY—invested in Publicity—will make the store prosper, though assailed on all sides by "hoodoos," "bad luck," or murderous competition!

That "Money is Power" has been conceded since the first coin came from the first mint.

But it has remained for the present generation to learn how to most effectually harness power and make it do the world's work—how, by putting money to work, to make it a useful and a tractable power.

Changed into Newspaper Publicity, money reaches, perhaps, its highest effectiveness.

Newspaper advertising will send store-crowds where they were never before seen will overcome the bad location hoodoo—will do away with "dull days" and "slow stocks"—will batter down, finally, every obstacle to complete store-success—and increasing store growth and profits.

If your Advertising Campaign is big enough, persistent enough, intelligent enough—if it embodies a "Selling Plan" for everything you have to sell—your business will prosper no matter how many of your friends or enemies try to pour water on your fire!

A good medium is an essential part of a good advertising campaign.

THE DAILY NEWS

FILLS THE BILL

T. G. BLACKSTOCK DEAD

TORONTO LAWYER WELL KNOWN IN THE KOOTENAYS.

PROMOTED THE WAR EAGLE-CENTRE STAR FLOTATIONS

Toronto, July 24.—T. G. Blackstock, K. C., died at his residence here today after a long illness.

Thomas Gibbs Blackstock, K.C., was the eldest son of Rev. W. S. Blackstock, D.D., Methodist minister, Toronto. He was the second member of the Toronto legal firm of Beatty, Blackstock, Fasken and Riddel, and was about 65 years of age. He married a daughter of the late George Gooderham, distiller, of Toronto, and was largely occupied in attending to his father-in-law's investments, not actively engaging in the practice of law in the courts. Those who knew Mr. Blackstock personally have always spoken of him as a kindly man, generous to a fault with his friends. He was a conservative in politics but took no active part in elections.

Mr. Blackstock visited Rossland in the summer of 1896, and becoming interested in the prospects the camp then presented for investment, went to Toronto and induced his father-in-law to go into mining, an entirely new departure for the Gooderham people. Returning to Rossland in the fall, the first property of note purchased was the Crown Point mine on the line of the Columbia and Western railway about midway between Rossland and Trail. Arrangements were at once made to develop the mine on a fairly large scale, but subsequently it was abandoned for the time being, although the showing of low grade ore was probably the best ever made in the south belt. In May and June of this year the mine was reopened for a while by the Consolidated M. & S. Co., the present owners, and some 400 tons of ore were shipped to the Trail smelter and then another close down followed. In the closing days of 1896 the purchase of the War Eagle group on Red Mountain by the Gooderhams was announced and Mr. Blackstock personally put this deal through, purchasing at the same time some of the adjoining properties and fractions. Mr. Hastings was in charge of the mine and the purchase aroused great enthusiasm in Rossland and did more than anything that had happened previously to attract the attention of eastern Canadians to the mineral resources of the camp. Mr. Gooderham was known all over Canada not merely as a very rich man, but as a very prudent investor, and hundreds of people followed his lead in mining, with the result, now well known, that not only were the shares of the War Eagle company rushed to a figure quite unwarranted by the situation at the mine, but many worthless properties were stocked and successfully floated in eastern Canada.

Mr. Blackstock, having unlimited money behind him and being himself carried away with the prospect of gold mining as he then understod it, planned mining on a scale previously undreamed of. After going on with the War Eagle group for a year or more, the Gooderhams purchased the Centre Star mine at a big figure and floated the new company's stock on the eastern market at a great advance. Here again Mr. Blackstock was the leading figure in the deal and in the subsequent developments. Mr. Gooderham visited the properties in 1898 and publically stated that the shares of both the War Eagle and Centre Star were offered at inflated prices—away beyond their real ascertained value, but an eager public laughingly declared that Mr. Gooderham had a good thing and wanted it all to himself and the prices went on going up. E. B. Kirby was then engaged and placed in charge of both properties and more Gooderham money went into the Sunset mine in Rossland and subsequently into the St. Eugene mine at Moyie. Many thousands of dollars were expended by the Gooderhams, who retained control of all the properties they purchased in B. C. and Mr. Blackstock was the one who made all the arrangements in the east and out here. At this time Mr. Blackstock paid many visits to Rossland, staying there at the handsome director's quarters erected at the mines and giving his personal attention to the development of the properties and the instalation of new machinery, etc.

Then came the fall in prices and in the east there arose a storm of indignation, chiefly directed against Mr. Gooderham, by people who had in many instances invested their savings in B. C. mining stocks. The last echo of that storm has hardly died away yet, and the mining industry of the Kootenays is only now recovering from the setback it then received.

Mr. Gooderham, although he retained the presidency of both the War Eagle and Centre Star mines, took no more active interest in mining matters leaving everything to Mr. Blackstock, that gentleman coming out west every few months and taking the chair at the company's meetings in Toronto. Then in quick succession came the advent of James Cronin as general manager, the retirement of E. B. Kirby, and subsequently the sale of all the Gooderham holdings to the Consolidated company.

Mr. Blackstock has been very ill for over a year, and his demise was not unexpected. He was last out here just about two years ago. He leaves a wife and several children, and a brother, George Tate Blackstock, K.C., of Toronto, who is a partner in the deceased's law firm.

BOWEL COMPLAINT IN CHILDREN

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy, as it very promptly controls any unnatural looseness of the bowels. For sale by all druggists and dealers.

America Asks Japan to Stop Contributing For 'Frisco.

Washington, July 25.—Through the state department the American Red Cross has sent a despatch to the Japanese government asking that no further contributions be made by the Japanese to the San Francisco relief fund. This action was taken because it was thought all the funds now necessary can be raised in this country. A total of $146,000 was received from Japan for the earthquake disaster.

THORPE'S LITHIA cures rheumatism.

Minard's Liniment Cures Diphtheria

BAPTIST CONVENTION

First Session Witnessed a Small Attendance

The Baptist summer assembly opened yesterday afternoon with a fair attendance considering the fact that so few of the visitors have yet arrived. The session consisted of a song service and an address on "The Devotional Life." This was to have been delivered by Rev. B. Goodfield of Cranbrook, but that gentleman had not arrived when the meeting was called. The address was therefor divided between Rev. E. H. Shanks and Rev. C. Padley of Lethbridge.

Mr. Shanks took for his half of the address the lack of devotion so apparent in the west—the general tendency away from the family altar. There was a strong temptation to get away from the old paths and to neglect the things that had done so much for the race and for the individual.

Rev. Mr. Padley, following up, said the remedy for this lay in a closer study of the bible. If more people would read the scriptures from Genesis to Revelations, it would give them a better and higher view of the Almighty. He made a special plea for a closer study of the gospels.

We stand back of everything sold in our stores. If there is any dissatisfaction we want to know it and make it right. Canada Drug & Book Co.

PROTECTIONISM AT WORK

The recent arrival at San Francisco of a British steamer from Manila with a cargo of raw sugar for a refinery in that city, on which the United States customs authorities collecting duties amounting to $145,000, affords several instructive lessons on the beauties of protectionism. It is an incident especially illuminative in regard to the much discussed problem: "Who pays the duty?" That cargo of sugar was from an overseas portion of the United States; it was a shipment of a product of one portion of the territory over which flutters the Stars and Stripes to another portion of that territory; but national unity had no effect in removing the duty.

When the question of imports from the new colony were under discussion at Washington the sugar growing interests completely forgot the patriotic fervor that marked their utterances regarding the importation of sugar from objectionable foreign countries. They were no more favorable toward the importation of sugar from the plantations of their newly acquired fellow citizens than the British farmers are towards Canadian live cattle or Canadian manufacturers are towards the product of British factories. They turned their backs upon the hard worked lofty sentiments that usually sustain high protectionist arguments. They quietly used their powerful influence in congress. The result was the retention of the duty on sugar from Manila and the consequent proportionate inflation of the price paid for sugar by the consumers of the United States.

In other words, says the Winnipeg Free Press, the United States planters interested in sugar growing on this continent had a stronger pull with the powers that be at Washington than those interested in Manila's output. Thus in tariff matters under a high protectionist regime, "all things work towards the greatest good to the strongest number," as the Toronto Globe aptly puts it. "The greatest number pay the tariff when buying sugar by the pound or the dollar's worth, and the strongest number collect it in inflated prices."

It was a ship flying the British flag, not the Stars and Stripes, that carried that cargo of sugar across the Pacific from one United States port to another. The freedom of the ocean makes it impossible for a tariff to allow ship builders to shift the accumulated load of taxation to the consumers; and so the United States ship building industry is dead. It has died under the weight of high protection. How great the consequent loss has been to the United States cannot be estimated. The cargo of sugar was carried from Manila to San Francisco at a rate established by the free competition of the ocean. No United States ship builder could build a vessel and carry the sugar at that rate. Hence the demand for a system of subsidies by the United States ship building interests, to "build up a national industry." Meanwhile the carriage of such raw sugar shipments as the one in question across the ocean is the one part of sugar production in the United States for which a national price is paid.

ISSUE COUNTER ADDRESS

THREE MEMBERS OF DEFUNCT DOUMA COUNSEL PATIENCE

ADVISE PEOPLE NOT TO RESORT TO USE OF ARMS.

St. Petersburg, July 25.—Count Heyden, prince Lyoff and M. Stokovyeh, three members of parliament who refused to sign the address to the country, issued at Viborg, July 23, today issued a separate address appealing to the people to submit quietly to the imperial decree dissolving parliament and to prepare for the elections of members to the new parliament. The address points out that the emperor acted within his constitutional rights under the fundamental law. He says that the signers of the address, in offering this advice, were of the profund conviction that it would be a crime in the midst of the present dangers to attempt to shake the power of the sovereign.

After firmly setting forth the views of the signers of the address regarding the solution of the agrarian and other questions and their dissent from the government's program, which made co-operation between parliament and the ministry impossible, the address says the emperor only used his leged prerogative in submitting the issue again to the people to decide whether the voice of parliament actually expressed the sentiment of the nation. It then appeals to the people to prove by their calmness that they are fitted for self-government, and at the same time to show the monarch by the representatives whom "they consciously elect" what they desire; and it abjures them not to attempt to use force, which would be criminal madness, as it would certainly provoke severe measures, adding: "The government is compelled to maintain the integrity of the state and the safety of the citizens at any price. Resistance with force not only gives an enormous number of sacrifices, but will also bring the whole of Russia to economic and political ruin."

St. Petersburg, July 25.—No word of military disorders in now permitted to be published. Discussing the financial situation, the Reich today points out that the quotations of Russian securities here and abroad are not a true barometer. It adds that a financial crash is pending, as the government is resorting to count Witte's system, by which millions are used in Berlin and Paris, as well as in St. Petersburg, to bolster up the Russian bonds. This is the only indirect reference made by the press to the parliamentary appeal to the country to cut off the government's supplies by refusing to pay taxes. In the provinces the suppression of newspapers and the arrest of agitators continue unabated.

Milan, Courland, Russia, July 25.—Remption Castle, situated near Lukum, one of the finest and most ancient in Courland, is in flames, and armed revolutionists are again in possession of the surrounding country. Two columns of the troops are marching respectively from the east and west.

Warsaw, Russian Poland, July 25.—Colonel Salamatoff, of the gendarmes, was stabbel to death here today. The assassin escaped.

Salamatoff, who was assistant to the chief of gendarmes of the province of Warsaw, had been active in the repressive measures. He was walking in the street, when he was attacked by two men, who stabbed him several times, and then walked quickly away in different directions, without interference from the spectators.

Moscow, July 25.—The massing of troops in this city continues. The radiating railroad lines are carefully guarded and the whole city is under semi-martial law. In addition to the regular troops guarding Nicholas station, the terminus of the line connecting Moscow and St. Petersburg, a machine gun detachment is on duty there.

Rexal, Esthonia, Russia, July 25.—A steamer loaded with Finnish workmen arrived here today but the authorities would not permit them to land and the vessel departed, the men singing the Marseillaise.

New York, July 25.—The Associated Press has received the following despatch:

"St. Petersburg, July 25.—Answering your telegram addressed to the prime minister, I am directed to say that the central press administration informs us that St. Petersburg and the provinces received the news of the dissolution of parliament calmly. The emperor firmly intends realizing the reforms proclaimed in his manifesto of October 10, but the dissolution of the Douma was indispensable as the first body of delegates pursued tendencies which threatened to prevent the peaceful development of reforms in the empire.

(Signed) "BELLEGRADE."

Odessa, July 25.—All is quiet here today. During the disturbances of yesterday, two Jews were killed, 17 were wounded, and 27 shops were wrecked. General Grigorieff and general Karafoff, commanding the troops, soon put a stop to the excesses and caused stringent measures to be taken to protect the lives and property of all classes.

Paris, July 25—The international Israelish Alliance, whose headquarters are here, has addressed a letter to foreign minister Bourgo, asking that French warships be sent to Odessa for the purpose of protecting the Jews against another massacre. The signators of the letter include a number of members of the French institute and of the French academy. M. Bourgo has not yet replied, but no ships can be sent, as the Dardanelles is closed by treaty to warships of foreign powers.

Moscow, July 25.—Ten thousand copies of the Vieche, a Black Hundred paper, containing most provocative articles against the Jews and revolutionists, are being distributed free in the streets. An editorial article glorifies the dispersal of the "Revolutionary assembly of Jews and Jewish sympathizers," adding: "The prayers of the people have at last found an echo in the heart of the emperor. Arise, orthodox Russians, take care that the next parliament is not an assembly of Jews and revolutionists, but a state institution, willing to work in harmony with the autocratic emperor, and the fundamental law. Sons of the fatherland, rejoice in your victory, but remember that the Jewish hydra has a hundred heads, and that many heads yet remain to be cut off."

LOVE AT FIRST SIGHT

DR. TORRINGTON IS DELIGHTED WITH THE KOOTENAYS.

THINKS THIS THE GRANDEST PROVINCE IN THE DOMINION

"The father of music in Canada," as his pupils call him, otherwise Dr Torrington, of Toronto, leaves today for Lethbridge where he has to fill an engagement at a recital. The doctor has made a transcontinental tour in the interests of the Toronto College of Music of which he is the head and now, on his way back to the cent belt, he announces himself as amazed and delighted at the wonders of the west. British Columbia particularly has pleased him. Dr. Torrington was at home to a News reporter last night:

"This is my first trip to the coast and what I have seen has been a revelation and a delight to me. I had never dreamed of a country combining so much rugged beauty and so much comfort as I have seen here in the Kootenays. The picturesqueness of the place apeals to me but what takes my fancy chiefly are the gardens and the flowers and the fruit ranches. When I was in Victoria I saw for the first time out of England the hedges, the ivy and the holly that endear England to the Englishman. And the people have been so good to me and so hospitable. I do not wonder at British Columbians saying that when a man crosses the mountains the east cannot call him back."

Dr. Torrington spoke, too, about his musical aims.

"It is my object and the object of my college to make every town and city its own musical centre. We do not wisa to tear away from their home towns the musical talent, take them down east and take the credit for their musical ability. We want to come to the students rather than draw them to us. I am out now to move among and meet the teachers, to instill into them the methods and ideals that hold in the bigger centres and in this way build up the music of the country. It is wonderful the success we have had thus far and how every where we go we can see the transition from Old Black Joe and similar melodies to the better classes of music. We can see under our very hands the growth of a larger and finer musical spirit throughout the land. More people are playing and more people are playing better. The old melodeon is giving way to the piano all over the country."

Dr. Torrington has been conducting examinations in all the centres from Toronto to the coast. The pupils are trained from the syllabus and selections of the college and at the end of the terms are tested by members of the college staff. Mrs Torrington has travelled with them. During their stay in Nelson Dr. and Mrs. Torrington have stayed with their daughter, Mrs. Parker, of Hall street.

MORE INTEREST STILL DUE

Montreal, July 25.—David (Mustard) Hobbs, former customs entry clerk for the C. P. R., reached Montreal last night, after an interesting experience abroad for about nine months. There are 15 charges against him of having stolen from the department of customs, the sums aggregating about $40,000. He was arrested in New York about six weeks ago.

TRAP SHOOTING AT WINNIPEG

Winnipeg, July 25.—In the provincial trap shooting tournament in connection with the industrial fair, excellent shooting was done today. An American team of 12 men captured the international flags and the international individual championship was won by H. Lightcap, of Winnipeg, who broke 47 out of 50 targets. "Dad" Sprague, of Grafton, N. D., won the aggregate with 112 out of 125.

NANAIMO'S MURDER CASE

Nanaimo, July 25.—Robert Featherstone, charged with the murder of Mary Jane Dalton, will appear in the police court tomorrow. The evidence against the prisoner, while circumstantial, is very damaging. There are marks on his face and hands which medical men say might have been caused by the girl's nails and teeth.

Early on Saturday he entered the bedroom of Mrs. Dick and made some remarks about Miss Dalton, brandishing a revolver fiercely. A short time ago he had been introduced to Mary Dalton by her father when she went down to the mill to see him, where he is night watchman. Featherstone talked to her.

On recollection now Mr. Dalton remembers that when his daughter left, Featherstone followed her with his eyes, seemingly not being able to take them off her.

Featherstone is nervous today and will not talk beyond stoutly maintaining his innocence. A post-mortem examination made by Dr. O'Brien today disclosed the fact that three bullets had taken effect in the girl's body. The first one had entered the body, going clean through and coming out at the back. As she fell the villain had evidently fired another one into the back of her head, shattering the skull. The wound in the forehead, in the opinion of the doctors, had been made when the girl had fallen and was the last one inflicted. The blackened powder-marked ring around the wound shows that the muzzle of the gun had been placed to the forehead. Any one of the three wounds would have caused almost instant death.

BROKE HIS BACK.

Beausejour, Man., July 25.—James Barton, while painting a hotel here yesterday, fell 30 feet to the ground. His back was broken and his recovery is considered improbable.

BRYAN SCORES AGAIN

MAKES A STRIKING SPEECH AT LUNCHEON IN HOUSE OF LORDS

PERIPATETIC POLITICIAN MANAGES TO KEEP IN LIMELIGHT

London, July 25.—A general meeting of the members of the American Institute of Mining Engineers was held here today under the presidency of Robert W. Hunt, of Chicago, president of the American institute. Many members of the British Iron and Steel Institute were present.

At the afternoon session of the interparliamentary conference several resolutions from the engineers were submitted and discussed. They then adjourned to attend a luncheon at the house of lords, where there were present, lord chancellor Lorekum, president; ambassadors Whitelaw Reid, Paul Cambon (France), count Benckendorff (Russia), the speaker of the house of commons, Mr. Lowther, Herbert Gladstone (the home secretary), chief secretary for Ireland Bryce, William J. Bryan, and prince Hilkoff. Mr. Bryan made the hit of the occasion with a brilliant piece of word painting describing the glories of peace, his text being that a noble life is better than death on the battlefield. Prolonged applause greeted Mr. Bryan's oratorical efforts. A deputation of the visitors will be received by king Edward at Buckingham palace tomorrow.

TODAY'S PROGRAM

Baptist Convention Meets Morning, Afternoon and Evening

Although the great majority of the visitors to the Baptist summer assembly have not yet arrived in the city, there was a large gathering at last night's session of the convention. The choir was out in full strength and under the conductorship of Mr. Shanks, rendered some excellent special music. The address of the evening was made by Rev. C. Padley, in the absence of Rev. Don McIntyre. The latter did not arrive as expected.

Mr. Padley took for his text: "In My Father's house of many mansions I go to prepare a place for you." In His love for mankind the Saviour purposed ultimately to bring the saints into communion with Him and with Him alone. But he demanded in this undivided affection and love. The earthly love was a type of the divine in that it demanded much. Just as earthly love upon occasions that demand it, showed jealousy of other things, so the love of Christ asked an undivided interest. Jehovah had said long before "I am a jealous God," and this was true in the attitude of the Saviour of mankind. Thus he called the church to return unto Him a whole hearted service.

Today's service will consist of a bible study session in the morning at 11 o'clock, an address at 2 p.m., and a song service at 8 p.m.

MUST GET WIFE'S BREAKFAST

Montreal Recorder Adopts Novel Method of Curing Wife Beater

Montreal, July 25—In the recorder's court Patrick Maguire was ordered to get up early every morning and get his wife's breakfast for one year; otherwise he would have to go to jail for six months.

That was recorder Weir's method of curing the man of wife beating.

When Maguire was asked to plead he said: "Your honor, I am guilty, but I believe I am perfectly justified in my actions, for the simple reason that every morning I have to get up at 5 o'clock to go to the gas works, where I am employed. My wife never gets up to get my breakfast ready. Every Saturday when I arrive home I give her my wages, and she does not give me a cent. But what I complain of most is that every night when I arrive home she gets me to scrub the floors."

After hearing the evidence the recorder rendered judgment by saying: "After today you will get up every morning and get ready your wife's breakfast, besides your own, for one year. You will still have to give her all your wages, and you will have to appear before me at any time when called; and, if not, a bench warrant will be issued against you, and that will mean six months in jail."

RADIUM IN QUEBEC

Montreal, July 25—Radium has been discovered in the province of Quebec near Murray bay, according to samples sent to Paris by A. J. and H. M. Lippens, members of a mining syndicate. Several tests have been made and A. Fleux, an expert from Paris, who has been on the ground for several months is convinced that the find is a valuable one.

Robert Tetereau of the local fire department, left for his home in Saskatchewan yesterday morning, having received a telegram announcing the serious illness of his mother. Shortly after his departure from the city a second telegram conveyed the sad news that she had passed away.

PROCLAMATION

Pursuant to a request this day presented to me and largely signed by the ratepayers of the city of Nelson, I hereby proclaim the afternoons of Friday and Saturday, July 27 and 28, between the hours of 1 and 7 o'clock, civic half holidays in order that citizens may have an opportunity of witnessing the regatta of the North Pacific Association of Amateur Oarsmen in the harbor, and request that this proclamation be loyally observed by all concerned.

W. G. GILLETT, Mayor.
Nelson, July 25, 1906.

The Right Kind of Advertising Medium is

AN EVER-WIDENING ROAD ---HEDGED FOR ITS WHOLE LENGTH WITH "DOLLAR TREES."

Synopsis of Regulations Governing the Disposal of Dominion Lands Within the Railway Belt in the Province of British Columbia.

A license to cut timber can be acquired only at public competition. A rental of $5 per square mile is charged for all timber berths, excepting those situated west of Yale, for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:

Sawn lumber, 50 cents per thousand feet B. M.

Railway ties, 8 and 9 feet long, 1 1-2 and 1 3-4 cents each.

Shingle bolts, 25 cents a cord.

All other products, 5 per cent. on the sales.

A license is issued so soon as a berth is granted, but in unsurveyed territory no timber can be cut on a berth until the licensee has made a survey thereof.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and otners may also obtain permits to cut up 100 cords of wood for sale without competition.

The dues payable under a permit are $1.50 per thousand feet B.M., for square timber and sawlogs of any wood except oak; from 1-2 to 1 1-2 cents per lineal foot for building logs; from 12 1-2 to 25 cents per cord for wood; 7 cent for fence posts; 3 cents for railway ties, and 50 cents per cord on shingle bolts.

Leases for grazing purposes are issued for a term of 21 years at a rental of 2 cents per acre per annum.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2,000 pounds is collected on the gross output.

Entries for land for homestead purposes may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the minister of the interior at Ottawa, the commissioner of immigration at Winnipeg, or the local agent for the district within which the land is situated, receive authority for some one to make entry for him.

A fee of $10 is charged for a homestead entry.

A settler who has received an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

It is the practice of the department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of th Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

Application for a patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making an application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.
Ottawa, February 14th, 1906.

NELSON'S NEWS OF THE DAY

It is to be hoped you are keeping up the habit of reading the want ads. It pays.

Manager Cooper of the Second Relief mine has purchased J. A. Kelley's launch, the Piqua.

Olivia Dahl's concert tomorrow evening will be an exceptional musical treat. Reserved seats should be booked at once at Rutherford's.

There will be no weekly business half holiday today as usual on account of the closing announced elsewhere, on tomorrow and Saturday afternoons.

Miss Hodge of London, England, who is making a tour of Canada and the United States, arrived in Nelson last night on a visit to her brothers, G. C. Hodge of Nelson and L. B. Hodge of Greenwood.

Fred Starkey, as president of the board of trade, has called a special meeting of that body in the rooms this afternoon at 4 o'clock to arrange for the reception of the Washington correspondents who are expected to arrive on Sunday next.

Prof. Kilpatrick, D.D., of Knox college, Toronto, has been visiting the Presbyterian churches in Kootenay. He passed through Nelson last week on his way to the Boundary, where he addressed meetings at Greenwood on Monday and Tuesday and at Phoenix yesterday. Today he is at Grand Forks. He returns to Nelson on Saturday and will preach in St. Paul's church on Sunday.

Herbert R. Townsend, registrar of the supreme court, Rossland, returned to that city last evening after attending to the burial of his father, one of the victims of the Beaver canyon accident on Saturday last. Mr. Townsend, on behalf of his widowed mother and himself, desires to express their thanks and appreciation for all the kindness shown them under their recent bereavement.

The first dance of the 20,000 club at the Tramway park will take place this evening. The city band's orchestra will provide delightful dance music, the grounds will be illuminated with Chinese lanterns, light refreshments will be served and both cars will run to the park, returning together after the dance is over. The visiting and local rowing men will be on hand and launches have been provided to take out those who care for a sail on the lake.

William A. Thurman of Thurman Bros., received word yesterday of the death of his mother, Mrs. Thomas Thurman, in Winnipeg. The deceased lady was 76 years old, was born and married in the old country and came to Canada in 1866. Her husband died in Chicago in 1866 and in 1879 the deceased moved to Winnipeg where she lived with her daughter, Mrs. R. W. Jameson of Sherbrooke street, up to the time of her death. In addition to her daughter the deceased lady leaves three sons, Thos. C. Thurman, jeweler, of Portage avenue, Winnipeg and William A. and George H., the well known tobacconists of this city. The deceased had been in failing health for some time and her demise was not unexpected. She visited her sons in this city over two years ago and recently William Thurman visited her in Winnipeg. George was at his mother's bedside when she died. The funeral will take place in Winnipeg tomorrow.

The funeral of the late F. L. McNab, who died so suddenly at the Grand Central hotel on Monday evening, will not take place under Masonic auspices this morning as announced, the worshipful master having received a wire yesterday from Miss L. V. McNab of Sault Ste. Marie, Ont., daughter of the deceased, asking that her father's remains be sent to that city for burial. In compliance with the lady's request the body was placed on the Kuskanook last evening and will be taken east this morning.

Melville S. Parry has resigned his position as representative of the Equitable Life Assurance company of New York, and, at the solicitation of Daniel McDonald, manager of the Confederation Life Insurance company of Toronto, for Winnipeg, and the west, has accepted an engagement with that corporation. Mr. Parry after representing the Confederation Life for 13 years, resigned about a year ago to act for the Equitable, and he now goes back to his former company. In conjunction with Walter Truesdale, Mr. Parry will be a general agent for the Cariboo and coast districts, the Kootenays and as far east as Medicine Hat. Mr. Parry will continue to occupy his present office on Ward street.

Notwithstanding that there will be no business half holiday today the junior baseball players of Nelson and Trail will try conclusions on the recreation grounds this afternoon at 3 o'clock. The Trail players came over last evening in order to be in god shape for today's match and are quartered at the Grand Central. The teams met once this season when the Trail ball tossers put it all over the local team, but the latter feel confident of victory today and a good match may be looked for. The following is the home team: Baker, pitcher; Jones, catcher; McLaughlin, 1st base; Busby, 2nd base; Archamabault, 3rd base; Busby, 2nd base; Archamcentre field; Gray, right field; Greyerbiehl, left field.

THE STORE OF QUALITY

Automatic Sealers

Have you seen the new SCRAM Automatic SEALING JAR?

J. H. Ashdown Hardware Co., Ltd.

Sole Agents for Kootenay District.

Messrs. The J. H. Ashdown Hardware Co., Ltd.,

After considering the matter of roofing for the buildings in connection with the new power plant for the city of Nelson, I have decided that the Malthoid Roofing is the best and only roofing to meet all the conditions contingent upon the situation and elements to which these buildings are subjected, as this roofing not only is fireproof, but will withstand dampness and heat. Yours truly,

W. G. GILLETT, Mayor.

FIGHT WITH PULAJANES

AMERICAN TROOPS SURPRISED BY OUTBREAK IN PHILIPPINES.

GENERAL WOOD CABLES REPORT OF SEVERAL ENGAGEMENTS

Washington, July 25.—The following despatch was received at the war department today, from general Wood, at Manila, dated today:

"A sudden outbreak of Pulajanes occurred on the island of Leyte a few days since. Two constabulary detachments were defeated, with a loss of 12 in one instance, 15 in the other. One member of the constabulary was killed. On the application of the governor-general for the use of the troops, under the presidents order of July 3, I have directed brigadier general Joseph M. Lee, commanding the department of the Visayas, to rush troops to the scene of the trouble and to smother the outbreak promptly. A telegram from the department of the Visayas this morning reports an engagement between a detachment of the 24th regiment, United States infantry, and constabulary, and 300 Pulajanes. The enemy's loss was 150, our loss one constabulary sergeant wounded. There is no occasion for anxiety."

CHIVALROUS AUSTRALIANS

Melbourne July 25—The Roman Catholics in Australia are always fertile in picturesque notions for binding their people in societies, guilds and orders. The latest device is the establishment of a new order of knighthood by archibshop Carr, to be entitled "The Order of the Knights of Our Lady of the Southern Cross."

It is to appeal to the imagination of the young Australian Romanists and to have for its objects: (1) To advance the honor due to women; (2) to promote the faithful fulfillment of the Christian duties of marriage; (3) to shield and preserve as far as might lie in their power female innocence; (4) to suppress indecency in words and actions; (5) to advance the cause of Christian chivalry by preserving women from being treated with open disrespect.

The entire scheme is warmly regarded by the Roman laity all over the commonwealth.

WANTED—To rent, a furnished house. Apply W.W.H., care The Daily News.

HEADQUARTERS FOR REGATTA SOUVENIRS

Get our Regatta Spoons. We have a very fine assortment with various designs in handles, finished in grey and bright silver, and in gilt. Stand by your colors! Everyone should wear a Nelson Flag Pin during the regatta. We can supply you with all the club colors of the Regatta.

And be sure your eyes are in good condition. If you are at all in doubt about it, call at our Optical Department, get fitted with a pair of perfect glasses. Our diagnosis is accurate.

TOO HOT TO BAKE?

Then why not do as your neighbors are doing—get your bread, cakes and pastry from the Star Bakery.

Everythings is first class. We use only the best flour, etc., in our bakery and everything is clean and nice.

And it is cheaper to buy your bread from the Star than it is to bake it. Think of the time wasted which you could use to better advantage. Call us up—our phone number is 258—and we will be pleased to quote our prices. If you want some Ice Cream, don't forget that we sell it.
