LINING UP FOR BATTLE

Liberal Candidates Nominated in Kamloops and Slocan Ridings

A. B. Docksteader is Choice of Slocan Liberals and John D. Swanson Will Contest Kamloops

(Special to The Daily News)

New Denver, Nov. 26.—Slocan liberals today unanimously selected A. B. Docksteader as their standard bearer in the coming political campaign. Mr. Docksteader accepted the nomination and may now be said to be in the field. The nomination is a popular one, as shown by the unanimity of the delegates. Mr. Docksteader, while not now a resident of Slocan district, for years resided at Cody and is well known and highly esteemed by every resident of the riding.

A. Thompson presided over the convention which gathered here today. W. Tomlinson acted as secretary. There was a thoroughly representative attendance. After preliminary business had been transacted, such as reading the call and verification of credentials, the names of five possible candidates were advanced. Four of these were withdrawn at the request of those named, leaving A. B. Docksteader as the unanimous choice of the convention. Mr. Docksteader was then called upon and he addressed the meeting as follows:

"Mr. Chairman and gentlemen, it is a pleasure to meet you all here today. I may say I have not at any time or place sought or worked for a nomination as candidate to the legislature of B.C., as one of my chief ideals of a legislator is that the office should seek the man and only in that way can a solid foundation be laid towards honest and improved government, or a "government of the people, for the people and by the people" be attained, for which my principles stand first, last and always. Therefore should the nomination in the liberal interests as opposed to the present conservative-socialist combination be tendered me unsolicited on my part, by liberals of the Slocan electoral district, I should be proud to accept it, as it is an honor to be considered trustworthy by your friends, and a duty under such circumstances to accept.

Although not now resident with you this is the only district in B.C. in which I am the possessor of any property and my home having been with you for almost seven years, I certainly feel at home in the Slocan. While I am both sorry and surprised that the present member for Slocan —Wm Davidson, an old friend—has so rabidly departed from the platform upon which he was elected, that it has become the duty of all good citizens, irrespective of party, to oppose him to the end that he be relieved from further public duties, as when a man breaks his sacred public promises, and that in the sacred name of labor ,as he has openly done, there is no hope for honest governmen from such men.

I am a loyal liberal because liberalism pure and simple stands for equality under the law to all men with special privileges and favors to no class but I am not an apologist for liberal sinners. I shall appeal to all good citizens and welcome the support of all political creeds that believe in honest and progressive government and those who desire a representative and not a politician, as I firmly believe in keeping the interests of the masses of the people first and foremost in view. Any measures for the real benefit of the workingmen will have my hearty support. I do not believe in talking about classes. It is Canadian to recognize all kinds of work. It is also Canadian for all to recognize their common brotherhood; that they are inseparably related, and that which makes for the prosperity of one makes for the prosperity of all, and that which pulls down one pulls down all.

Mr. Docksteader then briefly dealt with some of the principal reforms that a liberal administration would be called upon to deal with and, in this connection, he commented favorably upon certain planks in the platform of the labor party of Canada, as formulated at the recent convention in Vancouver, pointing out that some of these planks were of direct provincial application and others of dominion concern. He particularly favored some of the planks and would always accord them his heartiest support, particularly free compulsory education, free text books, abolition of the contract system on public works, public ownership of franchises, abolition of property qualification for all puwblic offices and a factories' act limiting hours of labor, insuring sanitary conditions, securing a weekly half holiday specially protecting women, young persons and children.

Continuing, Mr. Docksteader said: "In addition to liberal policy as to reform of the administration of our public lands, I would strenuously contend that when a crown grant is made to a settler any timber thereon should go to the settler; as while settlers should not be allowed crown grants for timber lands, yet it is absurd that the law should leave any room for sawmill companies and settlers to both claim the same timber, as has happened in the past, causing litigation and loss. I would strenuously endeavor to have a practical referendum so that where the credit of the province is proposed to be pledged to any great extent, or any bonus to a railway from our public lands—other than bare right of way—that before such propositions could be put into effect, the same must pass say a two-thirds vote of the voters of B.C., applying the same principle to the province in such cases as has aplied to cities and municialities in the past, excepting only when such propositions have been referred to the country openly in the successful party's platform at any general election.

The lawyers society—I believe they are called Benchers—in the interests of justice and the people at large require a general shaking up, and the closed shop principle, if I may so term it, which they practice, knocked out in order that good talent will have better opportunities to get into that profession than under existing conditions, and that litigation may be handled say at half the present cost and much more speedily so that a poor man might have opportunity to resort to our courts of justice, when he feels he has an honest cause and if elected I shall leave no stone unturned in this connection, never ceasing until I am successful; as while I am very strongly in favor of unions and union principles generally, I ask why should the lawyers' union be allowed what is denied to a Miners union or other unions, and how can we expect a good quality and sufficient numbers of our own country people to emigrate to this new country to settle here and help build up the country until we make reasonable conditions under which they may live and work.

I do not think it wise to furnish our opponents at present with all our ammunition but I will just say this: It is my purpose to invite the opposing candidate to tour the district in company with me and speak upon the same platform, fighting fairly to the finish, even though I must, as an inexperienced speaker oppose older and more experienced speakers, but I must particularly say that it is the voters that win all elections and provided all present today heartily work in support of my candidature from now till the last vote is counted, my election would in that case be assured as it is the workers not the shirkers that accomplish things.

At the conclusion of his address, the convention by unanimous standing vote declared him to be the liberal candidate for the Slocan electoral district. The convention was an enthusiastic one and the delegates feel that they have placed in nomination a man who will give a good account of himself.

(Special to The Daily News)

Kamloops, Nov. 26.—Liberals of Kamloops electoral district today unanimously agreed upon John D. Swanson, barrister of this city, as their candidate in the approaching provincial elections. The choice of Mr. Swanson was in the nature of a compromise. The candidates for the nomination heretofore mentioned were Dr. M. S. Wade, editor of the Inland Sentinel, and M. P. Gordon, present mayor of the city. There has, however, been some friction in local liberal ranks and it was thought to be in the interests of the party as a whole to sink all prejudices, unite upon a man acceptable to both factions and pledge him their united support. J. A. Macdonald, leader of the opposition was present at the convention and delivered a forceful address.

It is realized here that this joint nomination spells success. At the last provincial contest, the liberal candidate was only 23 votes behind Hon. F. J. Fulton, and he had been absent from the constituency for more than a year and, moreover, was opposed by a certain element in the liberal party. Mr. Swanson is an old resident, a man of marked ability and force of character and he has at his back, for the first time in the history of liberalism in this constituency, the united support of the party.

(Special to The Daily News)

Vancouver, Nov. 26.—J. F. Mackenzie has been chosen as conservative candidate to oppose John Oliver in Delta district at the coming provincial campaign.

In New Westminster it is probable there will be a three cornered fight, J. Raney being in the field as a labor candidate. Conservatives will meet Thursday night to nominate their candidate. Gifford, the sitting member, who is a supporter of the McBride government, is not likely to be the choice of the conservative party. J. D. Taylor, editor of the Columbian, and the defeated candidate in the last dominion contest in this district, is spoken of.

JUDGESHIP IS FOR SALE

CHARGE MADE BY RUFUS POPE AT PUBLIC MEETING.

W. A. MACDONALD ON McBRIDE'S "BETTER TERMS" POLICY.

R. H. Pope, ex-conservative M.P. for Compton, Quebec, announced in the hand bills scattered over the city yesterday as "M. P. for Sherbrooke," addressed a small but enthusiastic band of followers at Fraternity hall last evening.

R. S. Lennie took the chair, and the speaker of the evening and W. A. Macdonald, K.C., were the other occupants of the platform.

At 8.45 when the meeting was called to order some 50 odd persons were present, including two ladies, and during the evening a dozen more spectators dropped in. What the meeting lacked in number, however, was made up in enthusiasm and Mr. Pope received much applause during his address.

He vigorously assailed the dominion government's administration and wound up his speech with a typical statement, that upon his arrival in British Columbia he had been creditably informed that the judgeship, made vacant by the translation of Mr. Justice Duff to Ottawa, was for sale at $7000. That with lawyers and juries, said the speaker, "it is hard enough for the ordinary man to get justice at any time, without having judges on the bench who have paid to get there."

The announcement was made that at the next monthly meeting of the conservative organization here the speakers would be premier McBride, whose topic would be a full explanation to his Nelson supporters of his recent trip to Ottawa; and Martin Burrell, of Grand Forks.

W. A. Macdonald opened the meeting, and dealing first with dominion politics, laid down three planks for the conservative party as affecting B. C.: Protection for silver, lead, zinc and lumber, saying that the province was bled white and should have its own raw material protected. As to provincial issues Mr. Macdonald claimed that premier McBride had been at first confronted with provincial bankruptcy and had increased taxation to even up the expenditure and has persisted till time had proved him to be right in that policy. Now provincial credit was good. The speaker claimed that the equitable administration of the land laws and mining department contrasted favorably with dominion methods. The chief plank of the platform would be "better terms." He contended that the issue had been forced upon the conservative party and that if McBride were defeated at the coming election the rest of Canada would consider that B. C. had given up its fight for better terms. Going into the case shortly for better terms Mr. Macdonald declared that the situation was becoming serious and he had no hesitation in saying that the province's relations with the rest of Canada were becoming strained.

Rufus Pope commenced his address by referring to "better terms," and argued that as sir Wilfrid Laurier had called a conference to reconsider the provincial terms that he had thereby admitted the principle of reconsideration. He recommended McBride's attitude and said that it was an insult to ask a man to sell his rights, rights for which he should fight, for $50,000 or even $100,000. Going then into generalities Mr. Pope said that conservatism had done all that was worth doing in Great Britain, in the United States and in Canada and therefore should be supported. The aim of Canada was to have the greatest white population under the British flag, and he therefore objected to the scum of Europe being brought in and immigration agents being paid for such men while the young eastern farmer could not be helped to get west although that west would never have been opened if his fathers had not gone bond for the opening thereof. He was particularly severe upon the Doukhobors, declaring that no Nelson man would take a gift of land among them. He further outlined the conservative policy to be protection. The country should use its own raw material. A ship that cost half a million had but $5000 worth of raw material in it and Canada by exporting the raw material got something out of the $5000, but the nation which built the ship got much of the balance, $495,000. Reciprocity with the United States was not possible. It might have been agreed to a generation ago but nowadays what was wanted was an intensely selfish Canadian policy, a tariff for Canadians just as the United States had built up their country by a tariff for Americans and for no other country.

Mr. Pope then paid his respects at some length to the scandals of the London election and of the late minister of public works, Prefontaine, and the Bernier expedition, claiming that the waste was scandalous and that nothing in the annals of conservatism, pack of scoundrels as it was averred that that party represented, even approached it. He declared that the first thing he had heard in coming into British Columbia was that the vacant judgeship to supply the place of Mr. justice Duff, translated to the dominion bench, was for sale for $7000.

Mr. Pope closed his speech by predicting the certain success of premier McBride whom the east admired for his stand at Ottawa.

Mr. Pope goes east this morning on the Kuskanook.

TO MEET AT TONOPAH

Joe Gans and Kid Herman in Finish Fight for Lightweight Belt

Tonopah, Nevada, Nov. 26.—Articles were signed here today by representatives of Joe Gans and Kid Herman and the Casino for a finish fight for the lightweight championship of the world, to take place at Tonopah on New Year's day, for a purse of $25,000. Each party agreed to post a forfeit of $5000.

WINTER ATLANTIC SERVICE

Montreal, Nov. 26.—The closing of this season of Atlantic navigation via the St. Lawrence route was marked by the departure from Montreal today of the Canadian Pacific Railway company's steamship Lake Manitoba, with 660 passengers. This is the last passenger vessel sailing from Montreal this year.

The royal mail steamer Empress of Ireland, the first of the winter schedule, sails from St. John, N. B., on the 30th of November.

McGOVERN-CORBETT MATCH

New York, Nov. 26.—Following a meeting of their managers here today it was announced that "Terry" McGovern and "Young" Corbett have been matched for a bout of not less than 15 rounds to take place during the week ending January 31. Each side posted a forfeit of $1000. Tim Hurst will referee the fight, for which bids will be accepted December 3.

SHAKING UP IS GENERAL

More Changes Among C. P.R. High Officials are Now Announced

Marpole's Promotion Confirmed—Busteed May Succeed Him—P. R. Jamieson to Resign From Service

(Special to The Daily News)

Vancouver, Nov. 26—It is stated that general superintendent Marpole is slated to be promoted to Victoria to be second assistant to the vice-president; also that F. F. Busteed is to succeed him here as general superintendent, while D. E. Brown is to be appointed manager of C. P. R. Pacific liners with headquarters in Vancouver. It is also stated that Arthur Piers will move from Montreal to England to be manager of Atlantic liners .

The new position of assistant general manager of western lines is to be created and it will be filled by A. Price, now superintendent of transportation, with headquarters in Winnipeg. At present there is only one assistant manager, J. W. Leonard, who is stationed in Montreal. Mr. Price is now in the west.

R. R. Jamieson, general superintendent of the western division, with headquarters at Calgary, is to resign from the service and it is declared that G. J. Bury, general superintendent of the central division, with headquarters in Winnipeg, will move west and assume charge of the western division. The vacancy of general superintendent of the central division, created by the transfer of Mr. Bury to Calgary, will be filled by the promotion of J. T. Arundell, superintendent of the central division to the position of general superintendent with headquarters in Winnipeg.

It is understood these changes will be announced for the beginning of the new year.

GREENWOOD STRIKE.

(Special to The Daily News)

Greenwood, Nov. 26.—The outlook for a settlement of the strike at the B. C. Copper Co.'s works is much brighter tonight. This afternoon it was arranged that a conference between the smelter employees and the company shall take place at 2 o'clock tomorrow. The committee representing the men are Frank Steel, E. Rowlinson, and T. J. Gould. Mayor Naden and Ernest Miller may also be present at the conference, but this has not been decided. For some days past mayor Naden has been quietly working to bring the two sides together and the proposed conference is largely the result of his efforts.

SALE OF LITTLE CHILD

NINE YEAR OLD HALF-BREED INDIAN GIRL ENSLAVED.

HORRIBLE TRANSACTION REPORTED FROM NORTHERN COAST

(Special to The Daily News)

Vancouver, Nov. 26.—That slavery, and that of the vilest and lowest character, actually exists within the limits of the province at the present time is the belief of C. J. South, secretary of the children's aid society. Last year this officer called attention to the practice among the north coast Indians of selling girls, both pure and half-breed, to the highest bidder. But all the tales he brought out during investigations at that time were outdone when he opened a private letter from a trustworthy source this morning.

The communication stated that last week at Kingcombe Inlet, a half-breed girl, only nine years of age, was sold to a man 25 years of age, for the sum of $400. The writer goes on to say that the facts of the case are well known among the Indians, who are themselves indignant at the circumstance on account of the youth of the girl. It is stated that the practice of selling girls in this locality is common. But the case cited is the first where one of such tender years has been sold into bondage of the worst type conceivable. The urgent attention of the local society is asked in the matter.

South will apply to the attorney-general's department for permission to at once make personal investigation.

BACK FROM PANAMA.

President Roosevelt Thoroughly Enjoyed His Outing.

Washington, Nov. 26.—Completing a remarkable trip to Panama during which he travelled several thousand miles by sea and visited not only the Isthmus, but Porto Rico, as well, and voicing his thorough enjoyment of the entire voyage, president Roosevelt returned to Washington tonight. Speaking of his trip the president said:

"We had a very pleasant, very enjoyable time, and I am deeply impressed with the United States navy, with Panama and with Porto Rico."

The Panama canal, it was stated by the president, will be the subject of a special message and, consequently, on that subject the president will say nothing at this time.

VICTORIA IS WAKING UP

NOW IN THROES OF BIG REAL ESTATE BOOM.

GREAT UNDERTAKING ON THE ISLAND BY THE C. P. R.

(Special to The Daily News)

Victoria, Nov. 26.—Victoria is in the throes of what bids fair to prove the greatest real estate movement in the history of any city in British Columbia, and back of the wild rumors which are circulated as a basis for the excitement stand facts in respect to solid development which in a large measure justify the boom now upon the erstwhile sleepy capital.

The official announcement will shortly be made that the C. P. R. will immediately arrange for clearing and placing on the market 180,000 acres of land in the E. & N. railway belt on Vancouver island. The big corporation will also place settlers upon this tract on easy terms, much in the same way as were the Calgary irrigated lands handled.

The three big ship building enterprises, the B. C. Marine Railway Co. (Bullen Bros.), the Spratt yards, and the B. C. Marine Iron Works, have been bonded by an English syndicate for a sum up in the millions and stories of real estate transfers are coming thick and fast.

It is estimated that property aggregating a quarter of a million changed hands today.

The city is invaded by Winnipeg speculators who are bonding and buying properties right and left.

Victoria, Nov. 26.—The Merchants' bank today completed the purchase of a lot at the corner of Yates and Douglas streets and will erect a bank building immediately, the Northern bank purchased the adjacent lot on Yates and will also build. The Sylvester Milling company took up their option on the building and lot next that bought by the Northern bank and will complete their present premises to four stories and instal a modern milling plant. The Roman Catholic bishop's palace, a few doors further up Yates street, was sold to an English investor for $40,000 on Saturday. The Catholics will build a new palace on View street.

KING GEORGE AND POPE

BRAVES WRATH OF GREEKS BY CALLING AT VATICAN.

RECEIVED WITH ROYAL HONORS BY PAPAL COURT.

Rome, Nov. 26.—King George of Greece, accompanied by his daughter, the grand duchess Michaelovitch, of Russia, visited the pope today and were most cordially received. After leaving the quirinal palace, king George drove to the British embassy, where his daughter is stopping, and with her went to the Greek legation. There they entered a private carriage and were driven to the vatican, where they were received with royal honors by the members of the papal court. The pope welcomed the visitors in the throne room, monsignor Delenda, archbishop of Athens, acting as interpreter. The audience lasted half an hour.

The hesitation of the king to visit the pope was caused by the feeling in Greece against Roman Catholics, where orthodoxy means more than religious schism, being since the fourth century in the nature of a political national antagonism on the part of the Hellenic against the Latin world. It is recalled that when threatened, the Greeks used to say "Better the crescent than the tiara," meaning that they would prefer Turkish rule to the rule of the vatican. The efforts of the church of Rome caused such resentment in Greece that king George was the only sovereign who did not congratulate pope Leo on the jubilee of his admittance into the priesthood. The king, however, showed that he was satisfied with the manner in which he had been received by the pope today, when, later, he visited the papal secretary of state, cardinal Merry del val.

King George will leave the city tomorrow, embarking for Greece at Brindisi.

LONDON BRIBERY CASES

Four of Men Implicated Committed For Trial By Magistrate Dennison

(Special to The Daily News)

Toronto, Nov. 26.—John O'Gorman, Geo. M. Reid, W. Mullory and D. Witry were all committed for trial this morning by magistrate Dennison in the London bribery trial. They will be tried at the January assizes and in the meantime they are out on bail, Reid on his own bond of $500 and the rest in sureties of $1000 each.

In committing them the magistrate said there was ample evidence of bribery and it was shown there was a vast conspiracy centering in Toronto to control elections all over the province. In committing Reid, he said there was very little evidence against him, but it was shown that he had acted as treasurer and that money from Ottawa had gone into his pocket.

MISS FARRAR'S TRIUMPH

BRILLIANT OPENING OF GRAND OPERA IN NEW YORK.

AMERICAN GIRL COMPLETELY CAPTURES CRITICAL AUDIENCE.

New York, Nov. 26.—With Gounod's "Romeo and Juliet," introducing three singers new to the Lyric stage of America, the grand opera season opened tonight at the Metropolitan. The audience was, if possible, larger, and the subscription sections of the house even more brilliant than ever before. Decidedly the feature of the evening was the first appearance in grand opera in America of Miss Geraldine Farrar, the young American soprano, and prima donna of the Royal opera house in Berlin. Miss Farrar appeared as "Juliet," a role in which she has won laurels in Berlin and elsewhere in Europe.

Charles Roussellere, for several years one of the leading tenors of Paris opera, was the Romeo in which part he has been received with much favor by the critics of his own country. Charles Stmard, a baritone, and also a Frenchman, took the part of Mercutio. Both are new to the Lyric stage of New York and both shared to a minor extent in the triumph of Miss Farrar.

Before the first act was over Miss Farrar had won her house, which brought her back again and again at the fall of the curtain. It was not until the end of the balcony scene that the triumph of the American girl, reurned to her own people, was fulfilled. Then indeed, the young artiste had cause to feel that it was into the warm Amrican hearts she had so quickly sung her way.

She was recalled fully a dozen times and at each recall, pages carried upon the stage great floral pieces and clusters of roses, and these came until the prima donna and Mr. Roussellere, her Romeo, stood before a high bank of roses and of greenery, and still the audience called. It was a graceful welcome and most graciously received.

HAMILTON STREET CAR STRIKE

Fire at Sturgeon Falls — Strike in Toronto of Metal Polishers

Hamilton, Nov. 26—All is quiet here today and so far there is no sign of a repetition of Saturday night's distrubances. Men arrested for taking part in the disturbances appeared in court this morning and were remanded. The street railway company did not operate their cars tonight. It is hinted there may be a settlement tomorrow.

Sturgeon Falls, Nov. 26—The McArthur block, the chief business structure in town was destroyed by fire on Saturday. Loss $40,000, partially covered by insurance.

Toronto, Nov. 26—About 40 metal polishers and buffers, employed in the shops of the James Morrison company, James Robertson company and the Toronto Brass Manufacturing company, are on strike for an increase in wages from $2.50 to $3.75 per day.

Toronto, Nov. 26—Isaac Kilinsky, a Hebrew newsboy, eight years old, was literally cut to pieces by a street car which ran over him near the corner of Queen street and Palmerston avenue on Saturday evening.

FRENCH DIPLOMAT SHOT

Pierre Merlou, Minister to Peru, Wounded in Leg by a Woman

Paris, Nov. 26—Pierre Merlou, who was minister of finance in the Rouvier cabinet, and who was appointed French minister to Peru last September, was shot tonight by a woman named Allemagne. The woman fired four shots from her revolver at Merlou, two of which struck him in the fleshy part of one of his legs, but the wounds are not dangerous. The woman was arrested and declared her act was one of vengeance. he police think she is the same woman who attempted Merlou's life several years ago, and who created a scandal in the chamber of deputies, while he was serving as finance minister.

BELOW DECKS FOR FOUR DAYS

New York, Nov. 26.—For four days 1500 passengers on the Italian steamer Florida, which arrived today from Genoa and Naples, were kept below decks while the steamer pitched and rolled in a gale which at times assumed the proportions of a hurricane. The Florida came through safely, however, and none of the passengers suffered any permanent injury.

NELSON'S NEWS OF THE DAY

The funeral of the late Miss F. M. Graham who died at Slocan last week took place on Sunday afternoon from the station on the arrival of the Slocan train. Rev. J. T. Ferguson held a short service at the cemetery, the regular funeral service having been held earlier in the day at Slocan. The pall bearers were J. Fred Hume, Fred Irvine, J. A. Gilker and James McDonald.

A few moments before o'clock yesterday morning a fire alarm was turned in from box 42, at the corner of Vernon and Hall streets. Woodwork in the basement of the Lakeview hotel had caught fire from the furnace pipe and the smoke had found its way into a lodger's room above. An incipient blaze, that might have caused trouble with a little more time, was extinguished without the aid of the brigade.

BUDGET ON THURSDAY

Finance Minister Fielding to Announce Tariff Changes Early

Liberal Convention Called for New Brunswick —Conviction Under Alien Labor Act

(Special to The Daily News)

Ottawa, Nov. 26.—Finance minister Fielding at the outset of the commons sitting today announced the budget speech for Thursday.

The leader of the opposition asked whether the prime minister had received any further communication from Hyman regarding the portfolio of public works. The premier replied that he had received nothing from him since the last announcement to parliament. Hyman had gone south on account of poor health. He expected, however, to hear from him within a few days.

Bourassa, resuming the debate on the address, defended himself against the charge made last month by Aylesworth, minister of justice, that the campaign in Quebec against the Laurier candidate, in which he (Bourassa) took part, was "stringing sectarian wires and digging the grave of British institutions." Bourassa maintained there was no disloyalty in the attitude he assumed against Canadian participation in the South African war.

Monk, conservative, introduced the measure which he brought in last year giving authority for the establishment of co-operative societies, which was read a first time.

Lancaster, conservative, introduced two bills amending the Railway Act. One gives facility to land owners, whose property is taken by railways, to press to a rapid conclusion their claims for damages; the other is for the better protection of people at railway crossings. Both were passed unanimously by the commons last year but were dropped by the senate. These were read a first time.

Lancaster also introduced a bill providing that masters' and mates' certificates should be given only to British subjects.

Mr. Foster reminded the finance minister that the house ought to have the public accounts before the budget speech. He said that it would be a remarkable state of affairs if he and other members should be asked to criticize the financial transactions of the government without having before them a statement of the accounts.

Fielding promised to do his best to have the accounts brought down before the budget speech next Thursday.

The minister of railways heard on Saturday an application from the Edmonton, Yukon and Pacific Railway company for approval of a proposed line through the Yellowhead Pass in the Rockies. This is the charter and route by which the Mackenzie and Mann interests are reaching out to the Pacific. The application is held over until December 12, to ascertain whether there is room for Mackenzie and Mann's tracks, as well as those of the Grand Trunk Pacific in the same valley.

The Grand Trunk Pacific's intended location through the mountains has now received the sanction of the government.

St. John, N. B., Nov. 26.—Hon. H. R. Emmerson has called a liberal convention for New Brunswick in St. John for December 27th. It is thought to be for party organization, but whether or not it means a general election is not stated.

Toronto, Nov. 26. Gebard Heintzman, of the Gebard Heintzman Co., Ltd., was fined $50 this morning in the police court for a breach of the Alien Labor law. The case was the outcome of a strike of piano workers. Heintzman was charged with having brought in four men from the United States.

GILLETTE MURDER TRIAL.

Herkimer, N. Y., Nov. 26.—Two physicians, who were present at the autopsy held on Grace Brown's body, went on the witness stand at the Gillette murder trial today and testified that the girl received blows before falling into the water that were sufficient to cause her death, and which in their opinion did cause death in this case.

REFORM IN NEW YORK

New York, Nov. 26—Declaring that he was satisfied that the finance department of Greater New York was honeycombed with irregular practices, controller Metz today announced that he was about to reorganize the most important bureaus and put them on a business basis. He began by suspending Edward A. Slatterly, collector of assessment and arrears.

BILLIARD TOURNAMENT

New. York, Nov. 26.—In tonight's game of the American championship billiard tournament at 18—2 balk line, for shortstops, Harry P. Cline, of Philadelphia, defeated Charles Peterson, 400 to 85.

Hudson's Bay Stores

We Now Offer Several Carloads of

FLOUR AND FEED

THE CAMPAIGN AT HAND.

Whilst the announcement of dissolution has been delayed and may not now be made before the Christmas holidays, there are unmistakable signs that a provincial campaign will not long be deferred.

Conservative papers throughout the province are urging supporters of the McBride-Socialist government to organize. The Kamloops Standard, which is in a sense the personal organ of Hon. F. J. Fulton, provincial secretary, declares that, "organization must be completed at as early a date as possible." We quoted on Sunday from the Vernon News to similar purport, and the Vancouver Province and the Victoria Week, both stalwart supporters of the McBride-Socialist government, intimate that the general elections will not long be deferred. In the former paper it is pointed out that it would be inadvisable to bring on the elections before Christmas because of the unavoidable disorganization in business this course would occasion and this may be the reason for premier McBride's withholding the announcement of dissolution.

It will be noted that the liberal party is losing no time in preparing for eventualities. Strong candidates are being nominated in constituencies now held by representatives of the McBride-Socialist government and organization is being perfected throughout the province. This is as it should be. We want to see a vigorous campaign, both sides well organized and every honest effort made to secure a fair expression of public opinion. If this be obtained, we can put politics to one side again for a period, satisfied, no matter what the outcome may be, that a government acceptable to the majority of the electors has been chosen to administer the affairs of the province for the ensuing four years.

KEEP TO THE FACTS

We publish today a resolution from Phoenix Miners' Union which, we regret to have to point out, misrepresents a case in about as thorough-going a manner as it is possible to conceive of.

It is a pity to cloud an issue in this way and it is certainly very unfair to insinuate that The Daily News has taken a course so entirely opposed to its consistent attitude on the Asiatic immigration question since its inception.

The Daily News has never commented upon any attempt of the mine owners' association to introduce Chinese in to the various camps of the Slocan district and The Daily News has never said that the union miners of B. C. were not opposed to the move. The Daily News could not have made these statements, because it was not aware that the mine owners' association was making any such move. On the other hand it believes that the mine owners' association has no such move in contemplation and would infinitely prefer to do without such Chinese labor, in the shape of cooks, as circumstances has compelled it to resort to.

The situation with regard to the Chinese cook question is fully understood by the public and we feel confident that no such resolutions as that adopted by the Phoenix Miners' Union will create any misunderstanding.

The situation has been well described by the Sandon Mining Review and the conclusions adopted by that paper were heartily endorsed by The Daily News and we believe that if the unions will act upon them there will be no occasion for further discussion of this topic. The Review said:

We believe the Miners' union should be in a position—first, to guarantee that the cooks supplied are proficient, industrious and sober; second, that all cooks contract for a stated period, and third, that adequate notice of quitting be handed the manager, if the contract has lapsed. The union could reasonably adopt such methods, as their members at the mine are directly and distinctly the employers of the cooks. It would be a satisfactory condition for both mine manager and man, as the former would be protected from an arrogant, inexperienced "hash-slinger," and the union would thus weed out these undesirables who are a menace to its constitution and a disgrace to an honorable profession. Under such a desired order of things the Chinese cook would be a relic of bygone days, and a better class of labor would predominate at the mines, for the reason that the ban would be lifted.

EDITORIAL NOTES.

Complaint is made of the failure of The Daily News to announce particulars of the conservative meeting to be held in this city at which Mr. Rufus Pope, ex-M.P., was to be the principal speaker. The answer to this complaint is that The Daily News was not notified of the time and place of meeting, a courtesy that should be extended to the press when free notices of this nature are desired. The Daily News' news columns have never been closed to announcements of political meetings of any character and it has invariably endeavored to give full and fair reports of political meetings regardless of the views expressed, but if the organizers of political meetings fail to send in particulars they have no cause of complaint if this paper, or any other newspaper thus treated, fail to take any notice of them.

Lieutenant-governor Dunsmuir has endowed a chair of chemistry and mining in the McGill university college of British Columbia, to be known as the Robert Dunsmuir professorship (in memory of his father, the founder of the family fortune) to the extent of $1500 annually, to be replaced by a permanent endowment of $50,000; A. C. Flumerfelt, contributes toward the endowment of a chair of civil engineering, $500 yearly, to be replaced by a permanent endowment of $10,000; and Hon. F. L. Carter-Cotton, $500 annually, to be replaced by a permanent endowment of $10,000. These subscriptions are expected to be supplemented by others to the amount of $80,000 within the ensuing sixty days.

NELSON LACROSSE ASSOCIATION

Secretary's Report and Financial Statement for Past Season

A meeting of the executive of the lacrosse association was called for last evening. The absence of several members necessitated an adjournment until a quorum could be induced to attend. The report of secretary Deasy shows $247 received from the sale of membership tickets and the contribution made by the Dominion day celebration committee. The holders of 30 tickets failed to submit returns and are requested to make a report to the secretary. The expenditure for the season totals $196.20, leaving a balance of cash on hand amounting to $51.80. The report of the secretary reads as follows:

To the president, officers and members of the Nelson Lacrosse association—Gentlemen: I have the honor to present the following report on the condition of the association since its organization:

At the first meeting held in the fire hall the following officers were elected: President, G. P. Wells; vice-president, M. McInnis; treasurer, F. A. Starkey; secretary and manager, Thomas Deasy; executive committee, C. D. Blackwood, W. A. Thurman and A. W. Hyndman. A large number of those present signed the roll.

During the season the association played only residents of Nelson in all matches and succeeded in refeating the Rossland club. Besides playing two home teams, a match was arranged with the Revelstoke team and we met with defeat at their hands.

The financial condition of the association was most satisfactory and we closed the year with a good surplus in the treasury. The team committee, consisting of Joe Thompson, A. Jeffs and L. Steel, worked faithfully in the interests of the association and deserve a great deal of credit for placing in the field the best material obtainable. Appended I have the honor to submit a financial statement:

IN TIME OF PEACE

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared for a successful combat with the first cold you take? A cold can be cured more quicky when treated as soon as it has been contracted and before it has be

PHOENIX UNION ON RECORD

Whereas, in a recent issue of the Nelson Daily News the editor in commenting on the attempt of the mine owners' association of the Slocan to introduce Chinese into the various camps of that district made the statment that the union miners of B.C. were not opposed to the move; and

Whereas, such statements are contrary to facts and a reflection on the members of the W.F.M. in B.C. therefore be it resolved that Phoenix Miners union No. 8 place itself on record as being opposed to the filling up of B.C. with an undesirable class of Asiatic labor and be it further

Resolved that we pledge our support both morally and financially to the Sandon Miners' union in opposing the introduction of Chinese into that camp and be it further resolved that a copy of these resolutions be sent to the Nelson Daily News, with a request for publication.

A SCOTCHMAN OF COURSE

ONLY WHITE MAN ENCOUNTERED AT FORT McPHERSON

N. W. M. CONSTABLE'S TRIP TO THE FROZEN NORTH.

(Special to The Daily News)

Edmonton, Nov. 26.—Constable Phillips, of the Royal Northwest Mounted Police, has returned from a two years' trip to the Arctic ocean where his party visited Herschell island and other points in the northern wilds. They only saw one white man during their sojourn in the north—a Scotchman named Firth, who had been stationed at Fort McPherson for 40 years as a Hudson's Bay factor. Fort McPherson is 100 miles further north than the southern shores of the Arctic ocean and is the most northerly Hudson's Bay post. Firth, who is married to an Eskimo woman, has an interesting family of 14 children. Constable Phillips stated to your representative that the government sends in mail once every year to Herschell island and on the last mail trip one of the police party received 257 letters. The only means of transportation in the far north is by dogs. A horse is unknown there. A good dog is worth $30. Four dogs will draw a man and three or four hundred pounds of provisions almost any distance. Travelling overland is impossible except in the winter. His party went in from Edmonton, a distance of over 2000 miles from that point. The country, he says, is rich in coal, copper, gas, oil, lead and other minerals. Some of these minerals are exposed on the surface. Coal in abundance was noticed all along the banks of the Mackenzie river, and some of it seems to have been burning for years. At one point on the Mackenzie river ignited gas was gushing skywards to a great height and the natives said it had been burning for a number of years. The temperature during the winter dropped as low as 64 degrees below zero and in the summer it goes as high as 84. At Herschell island the temperature is often as high as 60 degrees above zero during the middle of the summer. The sun shines continuously for six weeks at a stretch followed by the same time of semi-darkness during which the sun has set. The natives are Eskimo and Indians who live on muskrats, many of them being superstitious in the use of such a diet, but they are now almost extinct through the ravages of consumption. Mr. Phillips says the region is desolate beyond description, two of the previous party sent out by the mounted police having gone crazy through the monotony of their surroundings. Constable Phillips went through the Boer war in South Africa and has an enviable record with the mounted police.

ARMY'S DEMONSTRATION

Commissioner Coombs' Visit to be Made a Memorable Occasion

Anticipating the usual rush at the service entitled "Shadows of the Cross," Salvation army commissioner Coombs has instructed captain Johnstone, in command of the Nelson barracks to sell early door tickets for the service in this city.

In St. John's Nfld., over 5000 persons were turned away an hour and a half before service time from the city's largest hall where the service was held. In Toronto six weeks ago over 3000 were unable to gain admittance to Massey hall, one hour before the opening of the service and the commissioner repeated the service the following Sunday for the benefit of ticketholders who had been turned away. The same thing happened at the service held in Lindsay, hundreds being unable to get into the hall.

The services in this city on Sunday, Dec. 9 will be addressed by commissioner and Mrs. Coombs, and will be held as follows: In the morning in the Salvation Army barracks at 11 o'clock, a holiness meeting. In the afternoon in the opera house, lecture on "Past, Present and Future of the Salavtion army," in which Mr. Coombs will touch on the immigration question and the "Shadows of the Cross" in the evening also in the opera house. His worship mayor Gillett will take the chair at the afternoon and evening meetings. Colonel Pugmire, chief officer for S.A. prison work in Canada, and others will assist commissioner and Mrs. Coombs at these services.

Tickets will be n sale from Dec. 3 to 8 by R. M. Hood and company, Canada Drug and Book company and at Choquette's bakery.

INTERNATIONAL UNIONS

Editor The Daily News—Can you find room in your valuable paper for just a few words in reply to the gentleman who signs himself "A Good Canadian." If he will carefully read his article in your issue of the 24th and then adjust his telescopic vision to short range long enough to read the news item on the first page of the same issue headed "In Staid Old Hamilton" he will see that some of the "good Canadians" require the reading of the riot act, a charge of the combined police and militia, and a large number of broken heads and arrests to make them a "law abiding people." Of course the "American" should take a lesson from this and try and educate himself to be a "good citizen of Canada." A good Canadian says the American will then be appreciated by the people of Canada. Will you tell me, good sir, which are the good people of Canada. Is it the ones who are being arrested and having their heads broken after the reading of the riot act? Or is it the one who read the riot act, breaks heads and makes arrests? I wonder what percentage of the criminals in Canadian prisons are natives of the United States. If they are as bad as Good Canadian thinks, it seems to me there would be no room in Canadian jails for any one but the bad Americans. Don't you think it would help Good Canadian to get those "far seeing people" to have their vision adjusted so they could see things as they are, and then take a good look at themselves. He speaks of Canadian citizens. What is a Canadian citizen? Where can a sample be seen? And how can the bad, ignorant American become a Canadian citizen? A little information on these lines would perhaps be as helpful as to try and knock the rough spots off the Americans with a half brick at short range.

A BAD AMERICAN.

Nelson, B.C., Nov. 25, 1906.

Color Over Your Old and Faded Dresses, Skirts Blouses, Jackets Capes Ribbons and Feathers with—

Diamond Dyes

One or two packages of DIAMOND DYES made specially for home use will make your old and faded garments so bright and handsome that they cannot be told from new goods.

The directions on each package are so simple that even a child can use DIAMOND DYES with a certainty of getting as good a color as can be made by the professional dyer.

Never risk your materials and garments with the weak, adulterated and imitation dyes sold by some dealers. When you buy the DIAMOND DYES you have the best produced in the world.

Send to Wells Richardson Co., Limited, 200 Mountain street, Montreal, P.Q., for valuable Dye Book and card of dyed samples; FREE to any address.

SELLS MORE OF CHAMBERLAIN'S COUGH REMEDY THAN ALL OTHERS PUT TOGETHER

Mr. Thomas George, a merchant at Mt. Elgin, Ont., says: "I have the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada and I sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozen sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results." For sale by all druggists and dealers.

E. O. Windsor, piano tuner, is in the city. Leave orders at Canada Drug and Book company. 186-tf

A Grand Medicine for the Kidneys.

Don't suffer—don't experiment—don't waste money on unknown, untried remedies. There is one quick cure—one certain cure—one cure that everybody knows does cure Kidney Trouble. That's Gin Pills.

"I have been a sufferer, with Kidney Trouble for years. Have tried medicines and doctors' prescriptions, but could get no permanent relief, my case being pronounced chronic. As it is generally known that the properties of gin without the alcohol is good for the kidneys, I decided to try Gin Pills, but must admit with very little faith. From the very first pill I got relief, and have since taken nearly four boxes and am COMPLETELY CURED, but am going to continue them a while longer. No dull, sickening pains in the back—no low spirits—am increasing in weight—and more vim and vigor than I have had for years—is what Gin Pills have done for me.

"H. P. HERBERT, Ottawa."

Be well and strong. Be free of pain. Be able to enjoy all the good things of life, with all your old-time vigor and enthusiasm. Gin Pills will cure those sick kidneys. Start now—to-day—and see how much better you feel to-morrow. 50c box—6 boxes for $2.50—and your money back if they don't cure.

Special offer: If you send us your name and address and tell us the name of the paper in which you read this we will send you a trial box absolutely free and post prepaid. Write today and get the medicine that cures.

The Bole Drug Co., Winnipeg, Man.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich.

Women Martyrs

To Piles, Constipation, Indigestion, & Female Troubles

TRY

Bileans have been called "a woman's medicine" because they are so peculiarly fitted to the needs of the female system. They correct irregularities, cure constipation and piles, remove poisons from the blood which cause those terrible headaches, and which occasionally break out in pimples, unsightly eruptions, etc. Bileans make weak women strong; and give pale, sickly women the much-needed internal strength. Bileans are a vegetable tonic as well as a corrective. They help make new rich blood, they end digestive troubles and enable the system to utilize to the full the food you take. Doctors prescribe them, nurses recommend them. Write for free sample and test them for yourself!

AILING FOR YEARS—BUT NOT NOW.

Mrs. J. Witfield, of Swan Lake, Manitoba, says:—"I had been ailing for years when Bileans were brought to my notice. At that time I was so bad that I cannot properly describe my feelings. I could not eat, my liver was disordered. I had a pain in my side, and was unable to obtain any really refreshing sleep. My kidneys were also disordered, and I was quite jaded and run down. Three boxes of Bileans restored me and brought me to my present healthy state."

GOOD FOR CONSTIPATION

Mrs. W. Hall, of Dean Lake, says:—"I find Bileans very good for constipation from which I was suffering."

IF YOU SUFFER FROM indigestion, debility, liver chill or any liver disorder, wind pains or spasms, constipation, piles, debility, kidney troubles, rheumatism, headache, anemia, female ailments or irregularities—if you are run down and weakly, Bileans will restore you. Send for free sample box. All druggists sell, at 50c. box, or post free from the Bilean Co., Toronto, for price. 6 boxes for $2.50.

FREE BOX Post this to Bilean Co., Toronto, with cent stamp and free sample will be sent you.

INSPECTS CITY PLANT

HYDRAULIC EXPERT SAYS WORK IS WELL DONE

NO DATE FIXED FOR STARTING NEW WORKS.

A. Aberli, hydraulic expert and engineer at Montreal of the Allis-Chalmers-Bullock, Limited, the man who designed the first turbines placed at the Niagara Falls power works on the Canadian side, arrived here on Sunday and yesterday, in company with mayor Gillet, J. O. Gillice, the company's local representative, H. C. Bullis in charge of the installation of the city's power plant at Bonnington, visited the city plant and made a careful inspection of the work accomplished to date. Mr. Aberli was sent here for the express purpose of inspecting the work done, and in reply to a query from a Daily News reporter last evening, he said, "I can assure you that I am perfectly satisfied and indeed delighted with your new city power plant now nearing completion. The work has been done excellently and when completed the city will have as good a job as can be turned out. I have no fault to find with the installation, it has been done very carefully and correctly. You will have no trouble with the machinery once it gets started. I think Mr. Bullis has been wise in not rushing the work to completion at the expense possibly of permanency. It is better to take a little more time and do the job thoroughly, as it is being done. I will go down to the plant again tomorrow and complete my inspection and will leave full and complete instructions for the starting up and running of the plant. I expect to leave here on Wednesday or Thursday."

Mr. Aberli declined to fix a day when the plant would be in running order, "but," he added, "it will only be a short time now."

Mr. Bullis said that he was now at work at the city substation putting in the transformers and connecting up the plant. All the hydraulic machinery is practically in shape and work will be at once commenced on the electrical machinery. Just how long it will take to finish this latter job Mr. Bullis declined to say. "Should I fix an exact date and something happen to cause a little delay, I would be accused of breaking my promise. It is in the company's interest to get the plant in working order at the earliest moment possible and you may be sure we will do so."

The W. K. Power & Light company have notified the mayor that they will cease furnishing light to the city on and after December 21, but in the event of the city plant not being fully completed by the date mentioned, his worship thinks there will be no difficulty in getting the company to continue its service a little longer.

IN CHAMBERS

Before his honor judge Forin, the following applications were disposed of in chambers, yesterday. Genelle vs. Genelle; O'Shea for plantiff moved for directions for pleadings. Macdonald, K.C., for the defendants. Application granted. Costs in cause, except as to amendments, to be spoken to.

Buchanan vs. B. C. Mills and Timber Co.; Taylor, K.C., for the plaintiff moved for directions for pleading. Macdonald, K.C., for defendants. Application granted.

Romano vs. H. M. & S. Co.; Taylor, K.C., for plaintiff, applied to fix a day for trial of case under Workman's Compensation Act. Wragge for defendants. Stands to a day to be agreed upon.

THE DOCTORS' UNION.

Editor, The Daily News: I should be glad if you would correct an impression which may arise in consequence of your articles relating to the Medical Council of British Columbia.

The professional card, to which you made reference, was inserted upon the understanding that it was the usual course for a man to pursue on first setting up a practice in this province. When, however, shortly afterwards, my friend Dr. Fagan happened to be passing through Nelson, he very kindly pointed out to me that such was not the case, and, for this reason only, I withdrew it.

The Medical Council never had any concern in the matter and the suggestion of "trouble" with that body is such a remarkable misconception of the case that I feel constrained to contradict it. I am, sir, your faithfully,

The Medical Practitioner in Question.

PARLOVITZ CONCERT.

Musical Treat at Opera House On Wednesday Night.

Tomorrow evening in the opera house, under the auspices of the choir of St. Saviour's church the Parlovitz Concert party will give a high class musical entertainment. The advance sale of tickets has been satisfactory and a crowded house is anticipated.

The Brantford Courier says of the performance in that city: "Wickliffe Hall was crowded to the doors last night. The program which succeeded was of a most crisp and delightful nature. Miss Alys Bateman, soprano, of England, at once established herself as a prime favorite. She is a most delightful ballad singer, and has a very charming stage presence. Her voice is of an exceedingly even register, sweet and clear throughout, and vocalization and interpretation betokened the true artist. She was throughout most enthusiastically encored, and graciously responded. Mons. Parlovitz has been heard in Brantford more than once before, and always with great pleasure. He has great delicacy of touch and excellence of technique, and he possesses the rare art among solo piano players of winning many recalls. Miss Grace Merry, of Toronto, gave a reading, and was also encored."

CROUP

A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the croupy cough appears. For sale by all druggists and dealers.

If you want to buy Fruit Land see me.
That is my business.

TO WORKINGMEN
NOTICE

Whereas, at the Last Chance and Surprise mines, Chinese kitchen help is at present empoyled, to the exclusion of White labor.

Therefore, be it resolved that this organization, Sandon Miners' union No. 81 of the W. F. of M. reaffirming its opposition to the employment of Orientals within its jurisdiction, strongly condemns the position taken by the management of the properties in question, and counsels workingmen everywhere and those favorably disposed toward organized labor to be governed by this action.

Synopsis of Canadian Homestead Regulations

ANY available Dominion Lands within the Railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 an acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

A Daring Distribution

The undersigned Druggist at the earnest solicitation of the Ferrol Co., Limited, of Toronto, has made a thorough and searching investigation into the merits of **FERROL**, and of the methods of that Company, and he finds that: Every cure claimed by the Company is absolutely genuine; that **FERROL** is manufactured from the best quality of Munn's Celebrated Cod Liver Oil (the whole of the oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorous, it is so scientifically prepared, that not one in a thousand finds any trouble in taking it; that the medicine has accomplished the most amazing results in its own city; that its sales in the Home City have been phenomenal; that it is endorsed by all druggists without hesitation or qualification; that it is, in short, all the Company claims for **FERROL**, and more.

The more I investigated the more enthusiastic I became. It is no longer a question of my willingness to handle the preparation—**FERROL**—but how can I bring it to the immediate suffering of this city?

It is a heavy responsibility, but I have faith in the honesty and fairness of the Ferrol Company, Limited, of Toronto, and the unequalled merits of their preparation, **FERROL**.

(Signed) Canada Drug and Book Co., Ltd

I find also that the druggists in other cities have taken upon themselves the solemn responsibility of standing behind this medicine; and that these druggists have made in each city a daring and remarkable distribution of full-sized bottles.

Impressed by the action of our fellow-druggists, and convinced that they would not have given this remedy such unqualified approval without positive knowledge of its merits, I have decided to follow their example and distribute free of charge

150 Large Bottles of FERROL Free to the Sick
on Saturday, December 1st, 1906, at the Canada Drug and Book Co., Ltd., Nelson, B.C.

Maintaining a first-class Drug Store, the above named Druggist occupies a commanding position in the retail drug trade of this city, and almost every remedy that is offered to the public seeks an outlet through his store. But with an eye single to the interests of his many patrons he is careful to handle the most reliable preparations. Consequently when a medicine is recommended and endorsed by this Druggist, that medicine must have merit.

The above Druggist, after a rigid investigation, described elsewhere in this announcement, has decided to make, upon his own responsibility, the most remarkable distribution of medicine ever attempted in this city. Convinced by personal experience of the extraordinary merits of

FERROL

He has purchased from the Ferrol Co., Limited, of Toronto, a large number of bottles of this remedy, for free distribution, and he hereby invites every person suffering from any form of blood trouble; any person who is run down, discouraged and in need of a powerful tonic; any person suffering from Coughs, Colds, Bronchitis, Croup and all Bronchial or Lung Trouble, Chronic Rheumatism, Neuralgia, Insomnia, Loss of Weight and all wasting diseases; any person who has sought relief in any other remedy or Cod Liver Oil preparation, and failed to find it, cut out the certificate printed herewith, fill out the blank lines, present it at the store on the dates given, and get a bottle of this wonderful preparation, **FERROL**, Free.

It was necessary for me to purchase a large quantity in order to have the privilege of making this free distribution, and the responsibility assumed by me in this matter, I am positive will be appreciated by the public, and the immense sales that are sure to follow will more than compensate me for the expenditure involved.

There is absolutely no sentiment in this endorsement of **FERROL**. It is merely a business recognition of a preparation that possesses positive merit, and a keen desire on the part of a progressive concern to always supply the best goods at the lowest possible price.

THIS CERTIFICATE,

Properly filled out and signed, entitles the holder to one large sized bottle of **FERROL** (Cod Liver Oil, Iron and Phosphorus), if presented at the Canada Drug & Book Co., Ltd., on Saturday, Dec. 1, from 9 a.m., until samples are exhausted.

Name of Patient,.....

Address,.....

Disease,.....

The bearer of this certificate hereby agrees to give this medicine a thorough and faithful trial and to report to the druggist named above, within three weeks, the improved condition of his health that is almost absolutely certain to follow.

This Coupon must be presented by adults.

No other distribution will be made, and it will be necessary for you to come early in order to be sure of securing a large size bottle of FERROL ABSOLUTELY FREE

REMEMBER, only ONE bottle will be given to each family. Tell your friends of this Wonderful Offer for fear they will not see this advertisement.

FERROL WHAT IT IS AND WHY YOU SHOULD TAKE IT

THE FERROL CO., LIMITED
CITY

May 24th, 1905

GENTLEMEN,

The bottle of FERROL I secured from you, I have found to do great good. My son used it for a bad cold, and it cured him. I know it to be an excellent remedy for a bad cold and for building a person up after sickness. I might say that it was a prominent doctor friend of mine in the city, who used it for his son, and spoke to me of it. I have since recommended it to a great many of my friends to try.

Yours truly,
J. B. TINNING
E. P. AG'T.

WHAT FERROL DOES.—A careful perusal of the foregoing will readily suggest to the reader what **FERROL** does.

It builds up the run down constitution as no other preparation can.

It cures **Anæmia**, no matter how chronic, by supplying the blood with just what it requires in the only form in which impoverished blood can be so supplied.

It prevents **Consumption** by fortifying the constitution against its attacks.

It restores **Nerve Vitality** in a manner little short of marvellous.

It cures Coughs, Colds, Bronchitis and kindred diseases by building up the constitution so that the system can throw off the disease by NATURAL PROCESS—a very different thing from the usual method of treatment by administering cough medicines and other drugs which are sure to impair digestion and are always debilitating in their effect.

FERROL, on the other hand, while removing the disease, at the same time INCREASES THE WEIGHT, ENRICHES the BLOOD and imparts vigor to the patient in every respect.

It assists in the development of delicate infants and children, and it is particularly valuable for boys and girls at the period of transition into manhood and womanhood, when they are so likely to outgrow their strength and the system is rendered peculiarly susceptible to the attacks of disease.

It strengthens the muscles, tones up the nerves, improves the vitality, strengthens the action of the heart, and builds up the whole system so that the germs of disease can obtain no foothold.

It has a wonderful recuperative effect on the Brain—bringing to it in proper form Phosphorus, the Brain's chief constituent; attacks of depression and moroseness, "brain fag," etc., are dispelled—the cure is basal, constructive and complete.

WHAT IT IS NOT.—It is not a "Patent Medicine"—the ingredients are freely made known, only the method of manufacture being secret.

REMEMBER—There is only one Emulsion of **Cod Liver Oil, Iron and Phosphorus**, and that one is **FERROL**.

If you feel the need of a Restorative see that you get FERROL and do not be put off with something "just as good"—*there is nothing half so good—nothing "just the same." Protect yourself.*

Cod Liver Oil, Iron and Phosphorus are not new remedial agents; for ages their merits have been known and recognized, and for many years physicians have imagined the hope that some day a satisfactory combination of these remedies would be perfected and the full benefit of their life-giving properties made available.

In "**FERROL**" **that hope has at last been fully realized**, and the practical benefits resulting from its use have far exceeded the most sanguine expectations.

These agents are combined in a scientifically prepared Emulsion so palatable that even a nursing infant can and will take it readily, even greedily; so easily assimilated that the most delicate digestive organs will dispose of it with **less difficulty** than they would experience in the digestion of the plainest food.

WHAT IT IS.—"**FERROL**," as its name implies, is composed mainly of Oil and Iron—it is, in short, a PERFECT EMULSION OF COD LIVER OIL AND IRON, with a modicum of Phosphorus added, and is positively the **only preparation** combining these ingredients.

The apparently extravagant claim that it has no equal in its peculiar sphere is based on the following common sense reasons:

It combines in palatable form **Cod Liver Oil**, the greatest tissue-builder and flesh-producer known to medical science, with **Iron**, the one and only agent which will supply impoverished Blood with the red corpuscles which it must have in order to insure a healthy condition, and **Phosphorus**, which has no equal as a Nerve tonic.

CITY COUNCIL MEETING

COURT HOUSE TO BE REMOVED BY DAY LABOR.

GRANT IN AID OF 20,000 CLUB'S NEW PAMPHLET.

Beside passing sundry accounts and dealing with routine business, the city council at its regular meting last evening decided not to accept any of the tenders put in for moving the court house and to confer with E. A. Crease as to the possibility of obtaining his two recently acquired lots immediately opposite the provincial police office for a site. The 20,000 club will get a grant of $200 for a new folder upon conditions. A new sidewalk will be built on Hendryx street to encourage traffic along east Baker street. The council will join in with the Municipal Union to obtain amendments to the Municipal Clauses Act. An interesting letter was read from manager L. A. Campbell, and tabled. The mayor and all the aldermen were in attendance.

The minutes of the last council meeting were read and approved.

The finance committee's report recommended the payment of sundry current accounts and electric light and sewer payrolls amounting to $582.75. The report was adopted and cheques ordered to be issued. The accounts in detail are as follows:

Northern Aluminum Co.	$ 43.35
W. P. Tierney	53.50
Bell Trading Co.	.37
Wood-Vallance Co.	97.51
Canada Drug & Book Co.	17.60

A. Allan	14.00
Postoffice	5.00
A. Choquette	16.75
J. H. Ringrose	514.00
Payroll	582.75

A deputation from the 20,000 club, headed by T. G. Procter, then addressed the council asking for assistance in getting out the club's latest folder. Mr. Procter said the mayor had suggested several additions to the folder, including the new court house, the bank of Commerce building, the city power plant, etc. The club would be very glad to include the additions suggested but the folder would cost money and the club needed help in getting out the publication. The club would raise $500 and wanted to know if the city would help and if so to what extent. S. M. Brydges and M. S. Parry also addressed the council. After some discussion Ald. Selous moved that $200 be granted provided the club raise $500 and included the additional matter suggested by the mayor. The motion carried unanimously. The committee thanked the council and withdrew.

F. A. Brown presented a petition signed by a majority of the ratepayers affected, asking that a sidewalk be laid on Hendryx street from Baker to Vernon. Mr. Brewer addressed the council, as did Bruce White, both citizens pointing out that the proposed sidewalk would encourage traffic along the east end of Baker street, which had long been practically discontinued for reasons that now no longer exist.

Ald. Rose said that complaints had been made to him by ladies of having to use either the Vernon or Hall street routes to the east end.

The city engineer said the work would cost about $100.

Ald. Hume moved that the work be done and this was agreed to.

Ald. Rose asked that a sidewalk be built on Vernon street to the residence of Hamilton Byers, a distance of abut 30 feet. It was agreed that this should be done.

A letter was read from the municipal union at New Westminster asking if the Nelson council would join in the work of the union by having the municipal clauses act amended and added to at the next session of the legislature. Ald. Selous thought some action should be taken on the action of the government in placing an undue proportion of the school tax upon municipalities. The poll tax for instance should be handed over to the municipalities.

"The government," said Mr. Selous, "is absolutely indifferent as to the welfare of municipalities. So far as schools are concerned a totally irresponsible body has the absolute say as to the spending of monies, while the corporation is only allowed to supply the funds, an absolutely intolerable state of affairs, as well as a most unbusiness like arrangement."

Ald. Irving—Now is our time to get a new arrangement.

Ald. Selous—I think all the municipalities are aware that they have been hitherto flammed by the government and will unite for redress.

The mayor suggested that a special meeting of the council be called to consider suggestions o be sent to the municipal union. Upon this understanding the letter was filed.

L. A. Campbell, manager of the West Kootenay Power and Light company, wrote as follows: "In view of the fact that we are closing a contract which will take up the full capacity of the transformers which we have now in Nelson, we are indeed sorry to inform you that unless you can see your way clear to make a contract for the power which we have been supplying you with for operating your lights, we will be compelled to discontinue service 30 days from date."—i.e., on Dec. 21. The letter was tabled without comment.

The tenders for moving the present court house to its new site, at the foot of Ward street, were then opened. There were three tenders, as follows: No. 1, $1175; No. 2, $1200; No. 3, $825.

Ald. Selous — What do you say, Mr. Mayor, can the city do the work within measureable distance for $500.

The mayor—I think so, certainly.

Ald. Selous—Unless the work can be done for the figure named by the mayor, I am not as keen as I was about moving the building. Personally I have not heard of any objection to the new site from ratepayers.

The mayor—We are morally bound to undertake the job.

Ald. Irving—I have not heard a single objection to the proposed site.

A motion was then made that the council undertake the job by day work, under the supervision of the mayor.

Ald. Rose remarked that he objected to the site selected and favored moving the building across the road to the lots now owned by E. A. Crease, where the land could be purchased outright. The building could not be moved up hill.

It was finally decided that the mayor and two other members of the council confer with Mr. Crease and ascertain if the two lots owned by him directly opposite the provincial police office can be obtained to place the court house building on.

Ald. Selous gave notice that he would introduce a fire prevention bylaw at the next meeting of the council.

The mayor and aldermen Hume and Irving were appointed a court of revision for the revision of the voters' list.

In reply to Ald. Irving the mayor said that P. Burns and company had slaughtered their last lot of cattle at the premises on the C.P.R. flats, and were arranging for a new slaughter house.

The council adjourned at 9:50 until Monday, Dec. 10.

NOTICE

TO THE REGISTRAR OF JOINT STOCK COMPANIES, PROVINCE OF BRITISH COLUMBIA, DOMINION OF CANADA:

Comes now the Kootenay Copper Mining Company, Limited, a corporation organized and existing under and by virtue of the laws of the State of Wahsington, United States of America, and respectfully petitions to be registered, as an extra-Provinial company, in the said Province of British Columbia, under the "Companies Act, 1897." And herewith this applicant presents the evidence of its corporate existence, and other documents required by said Act, and offers its full compliance with the laws of said province.

Attest:
KOOTENAY COPPER MINING COMPANY, Ltd.
JOHN FRITSCH, Its Secretary. By H. F. SINCLAIR, Its President.
Seal, The Kootenay Copper Mining Co., Non-Personal Liability, Port Hill, Idaho.

State of Idaho,
County of Kootenay [S.S.]

On this 9th day of November, A.D., 1906, personally appeared H. F. Sinclair, known to me to be the president of the corporation that executed the within and foregoing intsrument, and acknowledged said instrument to be the free and voluntary act and deed of said corporation, for the uses and purposes therein mentioned, and on oath stated that he was authorized to execute said instrument, and that the seal affixed is the corporate seal of said corporation.

In witness whereof I have hereunto set my hand and affixed my official seal the day and year above written.

Notarial seal, Kootenai County, Idaho, Henry A. French.

HENRY A FRENCH,
Notary Public in and for the State of Idaho, residing at Port Hill, said State.

Minard's Liniment Cures Diphtheria

POLITICS IN RUSSIA.

Reactionists Want Count Witte Expelled From Russia.

St. Petersburg, Nov. 26.—A conference of representatives of social democrats from all parts of the empire, has just ended in Finland. The conservative wing carried a resolution in favor of uniting with the constitutional democrats at the coming elections where the chances of success separately are admitted to be slight. In the Caucasus, Siberia and elsewhere, where the socialists are strong, independent tickets will be nominated.

The delegates reported that the people generally were indifferent in regard to the elections. The monarchists and reactionists, finding that their threats have not driven count Witte out of Russia, had a meeting at Moscow today and telegraphed directly to the emperor, asking for his expulsion from the empire. In spite of the campaign against him, count Witte is looming up even larger on the political horizon.

COVERED SIXTY MILES

Nates, France, Nov. 26.—Lebaudy's dirigible war ballon, La Patrie, made another flight today from here, covering a distance of nearly sixty miles.

Minard's Liniment Cures Colds, etc.

BEATTIE NESBITT'S NEW JOB.

NELSON'S NEWS OF THE DAY

A social will be given by the Churchmen's club in the parish hall on Thursday evening next.

T. N. Daily has purchased the house and lot on Silica street, owned by R. Baxendale, through R. J. Steel.

Mrs. James Johnstone leaves this morning on a visit to Rome, Ga., where she will spend the next two months.

The Ladies of the Maccabees' children will be entertained at a tea party in the K. of P. hall on Thursday evening commencing at 5 o'clock. All the little Bees are cordially invited to attend.

The regular monthly meeting of the 20,000 club will be held in the board of trade rooms this evening at 8:30. There is lots of work on hand to occupy the attention of the members and a good turn out is requested.

The regular sittings of the county court will open in the court house this morning at 10 o'clock before his honor Judge Forin. There are not quite a dozen actions to be tried and no jury cases. The list has already been published in full.

Those who have not received their invitations to the machinists' ball are requested to apply at the general delivery wicket, postoffice. Owing to numerous complaints made last year by persons receiving their invitations too late the committee has endeavored to have mailed in ample time all invitations.

Two Hindus, one very tal and thin and the other very short and stout, the counterparts of the two thieves in "Erminie," created some amusement on Baker street yesterday afternoon. The two had visited a saloon, where the smaller man had swiped a bottle of whiskey, unknown to the bartender. Then the pair strolled along Baker street to another saloon, the smaller man enjoying himself immensely en route by jovially addressing everyone he met. On being refused more liquor at the second saloon, the fat Hindu produced the stolen battle and both men had a drink. Then the tall man copped the bottle, thinking it rightly come by and just then an irate bar tender and chief Jarvis arrived. Against his strenuous protest the tall man had the bottle taken away from him and subsequently was carted off, literally, to the city dungeon, while the real culprit slipped off scott free to his lodgings. he big man is still in the dark as to his offence and the reason of his arrest.

James Johnstone yesterday closed a contract with W. G. Gillett for the immediate erection of a resid nce on earl Grey's ranch up the lake for superintendent Genoff. "I had all sorts of offers of ready made houses, but Mr. Gillett's tender was easily the best value for the money," said Mr. Johnstone yesterday.

The Young People's society in connection with St. Paul's church will hold a missionary social meeting this ev ning in the church parlor at 8 o'clock and all members and friends are cordially invited to attend. A collection on behalf of the missionary work of the society will be taken this evening.

The Pringle company appeared to a fair audience at the opera house last evening opening a week's engagement, except Wednesday evening, when the Parlovitz Concert party will hold the stage, with a comedy entitled "Trapped by a Woman." This evening "A Bashful Lover" will be presented and there will be a change of bill nightly.
