VOL. 6 PROVINCIAL LIBRARY. NELSON, B. C., TUESDAY, NOVEMBER 19, 1907 NO. 181

CANADA IS GROWING RICHER

Increase in Imports for the First Seven Months of the Fiscal Year is Enormously Large--Decreases Are Shown in Foreign Exports and Also in Certain Domestic Products

Ottawa, Nov. 18.—(Special to The Daily News.)—For the seven months ending with October, Canada's aggregate trade shows a gain of about $28,000,000 as compared with the same time last year.

The increase is in imports. The total imports for the seven months were $226,395,000 or a gain of $31,384,000. The total exports domestic and foreign, were $165,227,000, or a decrease of $2,516,000. The decreases in foreign exports were over four millions so that there was an increase in domestic exports of over two million dollars and a half, leaving the increase in the aggregate trade at about twenty-eight millions.

There was an increase in the output of the mint of about two million dollars, eight millions in agriculture and about one million in manufacturies. There was a decrease of nearly one million in forest products, of about nine millions in animals and thir products, and the fisheries remain about the same.

INGRATITUDE OF JAPAN.

Peking, Nov. 18.—The speech delivered at Kobe by count Okuma, who was at one time head of the progressive party in Japan, in which he declared that Japan would surely disappoint the people of India as well as ignore the opportunities given by heaven if she failed to afford protection to the millions of India now being oppressed by Europe, has caused great excitement among British newspapers published in northern China. In this section of the empire the Japanese expansion movement is interfering greatly with British interests and there is open warfare between Japanse and British merchants. Since last May, Englishmen have been leaders in the anti-Japanese campaign in Peking and Tientsin.

The Times, which is the principal British organ in northern China, gives expression to the "deep seated and smouldering wrath" of Britons in the Far East, and accepts count Okuma's words as a national expression of a precocious and ill-mannered baby among the civilized nations, towards a country the support of which gave her her present position in the world.

SEVERE EARTHQUAKE IN CALABRIA.

Reggio, Calabria, Italy, Nov. 18.—The province of Reggio di Calabria was visited by another severe earthquake at twenty minutes past 2 this afternoon. It was especially severe at Brancaloene, Ferruzzano and Bianco, and a number of houses were shattered or damaged. The people, who had summed up courage to return to their homes after the earthquake of October 27, again became panic stricken and fled. Some of them are camped in the open air, while others have taken refuge in subterranean grottoes, men and women, rich and poor, priests and soldiers were thrown on the ground and they are devotedly praying to the Madonna and to the saints to succor them in their misery. The gravity of the situation is increased by the inclemency of the weather. A second violent shock was experienced in this town at three o'clock this afternoon. The people were thrown into a state of consternation which was added to by the stories of further damage at Ferruzzano. Assistance has been sent to this place.

TRIAL OF GEORGE A. PETTIBONE.

Boise, Idaho, Nov. 18.—The trial of George A. Pettibone for complicity in the murder of former governor Steunenberg was reset by judge Wood today for November 25. If the Adams' trial at Rathdrum is finished by that time thre will not be any further postponement.

ELECTED BY ACCLAMATION.

Brandon, Nov. 18.—Hon. C. R. Coldwell was today elected member for Brandon by acclamation. He succeeds the late Hon. W. S. McInnis, formerly minister of education for Manitoba.

MORE DETAIL IS WANTED

ARCHITECT CARRIE'S PLANS AGAIN SENT BACK

MEETING OF CITY COUNCIL LAST NIGHT

The principal matter coming before the city council last night was the plans for the new school house which were referred back to the trustees. There was a good dal of desultory conversation as to the power plant but no result was arrived at nor information elicited.

Dr. Arthur addressed the council on certain precautions to be taken against the bubonic plague.

Dr. Rose was the only absentee.

Chief Deasy recommended a string of lights at the corner of Josephine and Victoria streets, also the removal of the telephone at the fire subetation on Observatory street to the C.P.R. roundhouse. The recommendations were adopted.

The board of works recommended the filling in of certain mudholes in the streets and the building of a four foot sidewalk from Latimer street half way to Hoover street on Cedar. They could not recommend the extension of sewers on Baker and Gore streets on the score of expense. The report was adopted.

Dr. Arthur, as secretary of the school board, attended the council. A letter had been received from him stating that the school board had been empowered by the council to get plans and specifications for the new school. They had done so annd now endorsed the bill for the work.

The plans and specifications were produced and it was seen that they did nat include working details. These details were insisted upon and Dr. Arthur engaged to see the architect, A. Carrie, about the matter. Ald. Selous objected that no check had been taken on Mr. Carrie's figures and suggested that possibly tenders might be asked for in order to get a check.

Dr. Arhur said the trustees would not ask for tenders until such time as they knew the money for the building was in hand.

Ald. Hume said it would be impossible to tender unless the details were forthcoming.

Mayor Gillett agreed.

Ald. Selous wanted to know why the school trustees had ignored their own rule that no plans would be considered unless they kept within the limit of cost. Furthermore these same rules called for certain detail sheets which were not forthcoming.

Mayor Gillett declared that despite Mr. Carrie's opinion that a school could be built from his plans for $45,000, he believed that the cost would exceed $60,000.

Ald. Selous moved that the school board be asked to reconsider their decision with regard to Mr. Carrie's plans until such time as the necessary details were furnished and until such time as the trustees were satisfied that the building could be erected at present prices, for the sum named; Ald. Hume seconded.

Ald. Annable thought a payment might be made on account.

The question was then put and was carried unanimously.

City clerk Wasson recommended the issuing of a note for $25,000 to retire a note of last December for $29,000. There was about $12,000 in the bank; $33,000 had been got in during the last two months but $25,000 was still due on taxes. There was a balance in the bank of $12,000 but the sinking fund amounting to $17,000 had to be provided for. A resolution was passed empowering the raising of the required money.

The fire, water and light committee recommended the extension of the city water sstem from High street. This would cost $390 but the revenue would be $11 a month, paying for the cost of construction in about three years. The recommendation was adopted.

City electrician Brown reported that Mr. Zavitz of the Allis-Chalmers-Bullock company, was experimenting on the governor of the power plant but so far had not got it to work.

The mayor promised to see that the old pavilion, stranded on the park shore, was set up in place.

Dr. Arhur then took up the matter of the new health regulations, issued by the provincial government with reference to bubonic plague. He asked the council that as certain Chinese laundries were improperly conducted and one in particular was so grave a menace to health that it should be destroyed; if he were to order the demolishing of this laundry and the regulating of the other, would he be backed?

Ald. Selous thought the proper course was for the health officer to consult the city solicitor and then to act in accordance. The city council would then back him. Mayor Gillett coincided.

The council then adjourned to meet on Dec. 2.

TO ADOPT A PROGRAMME

LEMIEUX MAKES A START AT TOKIO

OPPOSITION JAPANESE PRESS IS HOSTILE

Tokio, Nov. 18—Hon. Rodolphe Lemieux, Canadian postmaster general and minister of labor, who is here to consult with the Japanese authorities regarding emigration from this country, has established an office at the British embassy and is in frequent conference with officials of the foreign office. He expects a favorable reply on his mission.

To a representative of the Associated Press, Mr. Lemieux said: "I am not proposing any change in the existing treaty but desire to reach an agreement with a friendly nation looking to the adoption of a program for the future which will be beneficial to both countries concerned.

The minister will be entertained by the municipality of Tokio tomorrow and the government is preparing an elaborate program for his entertainment during his stay in Japan. The foreign office has notified the emigration companies that 406 Japanese will be allowed to enter Hawaii during this month and December. It is understood that the government intends to keep a close wach on those going as students to San Francisco. There is reason to believe that considerable fraud has been practiced by registering laborers as students and that this has escaped the scrutiny of the immigration inspectors. United States ambassador OBrien has had a conference on this subject with minister of foreign affairs Haisha, who has issued most stringent instructions to the inspectors and it is understood that further restrictions are under advice. The Japanese government is considering the advisability of shutting off immigration to the United States and Canada for the present on the ground that economic conditions render it inadvisable for citizens of Japan to visit foreign countries unless they are able to show that they are amply self supporting.

The Hoch Shambun an opposition paper, insists that the government is tamely yielding to the foreigners on the immigration question while cleverly hidin the fact from the public and declares that the visit of Hon. Mr. Lemieux affords the best opportunity of settling the problem once for all.

FAREWELL DINNER

A very pleasant dinner was given at the Hume hotel last night by a few friends to Capt. Trethewey on his departure for the east. Those present were W. Brown, Blake Wilson, H. Gigot, J. F. Stamford, J. L. Stamford, W. W. Beer W. C. E Koch, Lee McBride and A C. Garde Various toasts were proposed and Capt. Trethewey's connection with the La Plata mine was highly eulogized, many kind and true things being said about his clever management of that property. Captain Trethewey is leaving for Port Arthur tomorrow but he is not severing his connection with the Kootenay. On the contrary he still remains a director of the La Plata company and he has other interests in the coal and oil fields on the eastern slopes of the Rockies. He is succeeded as mine manager by A. C. Garde who has already taken charge. Mr. Garde, howeer, does not sever his managerial connection with the Argenta mines.

WANTS PEACE

Germany Welcomes Friendship of Great Britain

WOULD HAVE AN ALLIANCE

PROPOSAL TO ESTABLISH CLOSER UNION BETWEEN GREAT BRITAIN, UNITED STATES AND GERMANY—POLICY OF ISOLATION IS SURRENDERED.

Berlin, Nov. 18—The ten years of estrangement between Germany and Great Britain appears today to be coming to an end and the conviction is held in government offices in Berlin that the present journey of the emperor to Great Britain, taking into account the events which led up to it, is likely to have an enduring value. The courtesies which are now being extended to the emperor in England were preceded, it is reported here by th edecision on the part of its king to discontinue his personal polick of endeavoring to isolate Germany The king came to this conclusion in July after the international conference ta Algeciras had completed its matters. The policy of German isolation was looked upon by sir Henry Campbell-Bannerman and sir Edward Grey, the foreign secretary, as unprofitable to Great Britain and incompatible with her aim of peace throughout the world. Furthermore there was a feeling of uneasiness among the members of the British cabinet as to whether or not the king's informal political suggestions to the British ambassadors, granted audiences by his majesty, were strictly in accord with constitutional practices.

The emperor had said privately now and then to members of his household that he would visit England if he was invited, and the king, with the approval of the government sent the invitation in June by sir Frederick Lascelles, the British ambassador to Germany, who had sought for some months to bring about the present meeting. The German comment on the courtesies being extended to the emperor by the king is distinctly appreciative and shows indeed, a great degree of good will.

Many articles are being published in the newspapers on how much Germany and Great Britain need one another, and Adolphe von Floeckher, formerly secretary of the German legation in Mexico City, and now a keen observer of and writer on international affairs, discussing the visit in Die Grenzboten, developed the idea that the United States, Germany and Great Britain should draw closer together and follow in common the same international aims. Germany, the writer insists, should have no understanding or agreement with Great Britain, of which the United States is not informed, and in which the United States is not invited to participate. This provision, Dr. von Floeckher urges should be insisted upon by Germany preliminary to making any agreement, especiall in view of the existing situation between the United States and Japan.

EAGLE SMOKER

The committee in charge of the Eagle smoker to be held on Wednesday night next in Fraternity hall, met at S. A. Wye's office last night and concluded arrangements. The first part of the evening will be devoted to a whist tournament and handsome prizes will be given to the winners after this supper will be served, Choquette Bros having been engaged to furnish the lunch. The evening will be concluded with a jolly dance, Irwins' orchestra supplying the music. The orchestra has been considerably strengthened by a violinist of exceptonal ability and the committee guarantee that the music will be the best rendered in this city for some time. This social is for the members of Nelson Aerie No. 22, F.O.E. and their friends and the committee request every one of the members to attend with their ladies and also extend a cordial invitation to their friends to come and enjoy this social evening.

MISTAKEN IDENTITY.

Whatever other lesson is to be drawn from the story of Raymond Hitchcock, the comedian, it is evident that during the past few days there have been many cases of mistaken identity. Hitchcock, it will be reembered, disappeared upon the same day that several indictments were returned against him in New York. There was every evidence to show that he had started for Canada. He was seen at Rutland, Vt. He conversed with a sleeping-car porter between Rutland and Montreal. He sold an expensive overcoat for five dollars in Montreal, and was detained until the police identified him, who, by the way, had no warrant for his arrest, and allowed him to go.

But now it appears beyond peradventure, that Raymond Hitchcock was never out of the city of New York. He is there now, and his identity is beyond dispute. What becomes of the mysterious stranger seen at Rutland, on the Montreal sleeper, and in Montreal?

All these people were mistaken; they were victims of suggestion, and their mistake explains many a strange fable not without respectable support in history. But Mr. Hitchcock has demonstrated another fact already familiar; there is hiding place like a great city. It is startling to consider how safe a criminal might be in any large city except for his usual nemesis, a confederate who betrays him.

WEDDED AT MOYIE.

The wedding of Mr. Chas. A. McKay, manager of the Cambrian mine, and Miss Mary Craig, late of Salt Lake City, took place at the home of the groom on south Tavistock street in Moyie last evening, Rev. C. O. Main of the Cranbrook Presbyterian church, officiating. The groosman was Chas. G. Evans, and the bridesmaid was Miss Christina McKay of Nelson, sister of the groom. Only a few of the immediate friends of the contracting parties were present. After the ceremony music was indulged in, and at 10 o'clock all sat down to a sumptuous spread. At the end of the meal Mr. Main proposed a toast to the bride and groom, which was very appropriately responded to by Mr. McKay. Short talks were also made by Messrs. Evans, Campbell, Sowerbutts and others. There was singing by Miss Watson of Cranbrook and Mr. Sowerbutts of Moyie, and Mr. Pickering presided at the piano. Mr. Gunn of Nelson, was there with the bagpipes. There were numerous gifts presented to the bride and groem.—Moyie Leader.

DESCIPLES OF GEORGE.

New York, Nov. 18.—For the first time in fifteen years the followers of Henry George throuhgout the country congregated in the metropolis today for the annual meeting of the American Single Tax conference. The sessions are eing held at the Plaza assemby in Fifty-ninth street and will continue through tomorrow. Among those who will speak are Tom Johnson, victor in the recent political battle with Congressman Burton for the mayoralty of Cleveland; Brand Whitlock, who on November 5th was re-elected mayor of Toledo; governor L. F. C. Garvin, of Rhode Island; Fred C. Howe, of Chicago; state senator James W. Bucklin, of Colorado; Herbert S. Bigelow, of Cincinnati; William Marion Reedy, of St. Louis; J. A. Stockwell of Minnesota, and Louis F. Pabst, of St. Louis.

NELSON NEWS OF THE DAY

A good deal of money has been collected already for the antituberculosis ball which is to be held in the armory on Friday week. As there are several cases in the city which would be benefitted by a sojourn at Tranquille the more money that can be collected the better chance of Nelson applications being considered at the new sanitarium.

The young people of the Methodist church are holding a rally social in the church this evening. The first part of evening will be given up to an enrollmennt of the ex-members, a short five minute address and several other items. Later refreshments will be served and an opportunity given for social intercourse. It is expected that there will be a large gathering of young pepole in the church.

Before judge Forin in chambers yesterday morning the following applications were granted: Huggard vs North American Lumber company, J. O'Shea and H. C. Hall, applications for examination for discovery of defendants at Cranbrook; Burns vs. Day, W. H. Bullock-Webster applied for service beyond jurisdiction; Coomb vs. McKinnon, W. H. Bullock-Webster applied for service beyond jurisdiction; Arthur vs. Dominion Permanent Loan association, R. S. Lennie and J. O'Shea, application for discovery at Toronto.

The secretary of the Nelson Fair association is in receipt of a letter from J. A. Killough of Pense, Sask., acknowledging receipt of the cup and diploma awarded to the province of Saskatchewan for exhibits of fruits at the recent Nelson fair. Mr. Killough says: "I was much pleased with the result, and it has done a lot of good for everyone is going in for fruit raising since, so even on this account it is gratifying to me. I shall do my best again. The cup and diploma are very nice and we all feel pleased that Saskatchewan holds them now."

Complaints were made last season by members of he boat club and others on the water front of sparks from the Yale-Columbia sawmill. Next summer the boating people will be between two fires. There is a suggestion that the city give the boat club and others a site on the western face of the city park, towing the boathouses, etc., into position. The added custom of the tramway would, it is declared make this a paying proposition. Eventually a pier could be built from the sand spit at the western corner of the city park running down the lake rather than extending into it.

ANNUAL MEETING

The annual meeting of the Churchmen's club was held last evening in St. Saviour's church hall. It was determined to give a series of entertainments throughout the winter months, the nature of which will be announced from time to time. The following officers were elected for the coming year: President, S. A. Wye; vice-president, W. Cutler; secretary-treasurer, J D Nickerson; assistant secretary, G C Egg; Executive committee, Rev J. Blaylock; R. L. Douglas, J. Robertson, A. E. Taylor and W. Joy.

LORD CROMER.

The Earl of Cromer, on being presented with the freedom of the city, was described by sir Joseph Dimsdale as the great Pharaoh of Egypt.

Taking up the cue, the ex-director of Egypt also made a few compliments. He referred to the king as "that very eminent diplomatist," praised lord Landsdowne and sir Edward Grey for their excellent conduct of foreign affairs, and said a good word for sir Eldon Gorst, his successor.

Those people who criticised the Anglo-Russian convention because of the internal policy of the Russian government he reminded that one of the surest methods of achieving success was to pay attention exclusively to one's one business. The English people were rather prone to incur the reputation abroad of offering advice about matters which did not concern them.

Turning to the question of the enormous influx of gold into Egypt of recent years—£13,000,000 more than the exports in the last four years—lord Cromer said a great deal went into jewelry. Moreover, hoarding was carried on in Egypt to an extent which appeared almost incredible to Europeans. A little while ago an Egyptian died leaving a fortune of £80,000. The whole of that was found in gold coin in the cellar.

Again, a substantial yoeman bought a property for £25,000. Half an hour after the contract had been signed he appeared with a train of donkeys bearing on their backs the whole of that sum in coin, which had been buried in his garden.

There could be no doubt that the practice of hoarding was carried on to an excessive degree. Savings banks, increased circulation of paper money, the additional banking facilities would gradually wean the natives from this uneconomic habit.

The gradual expansion of local government in Egypt had his entire sympathy, but with the Egyptian nationalists, who existed in Cairo as also in Calcutta and in Dublin, he did not think it was possible to deal. They would not be conciliated save on terms which in India and Ireland spelt political suicide, and in Egypt would involve a relapse to the mis-government and disorder of the past.

He noticed the almost culpable folly of an itinerant M.P., Mr. Keir Hardie, had incited the ill-regulated enthusiasm of a portion, and that certainly no means the wisest portion, of the community in Bengal. The agitators of India, he did not doubt, would be kept well in hand by the firm sagacity of the viceroy and the eminent statesman (Mr. Morley) who now presided at the India office.

Lord Cromer declared in conclusion that the government should come down with a heavy hand upon the extremists should they overstep the limits of the law and not be deterred by their presence from adopting such reforms as were calculated to satisfy the aspirations of all moderate and reasonable men.

REFORM OF CIVIL SERVICE

Provincial Secretary Young at Work Upon a Bill for the Next Session of the Legislature--Jardine Gets Unanimous Nomination to New Westminster for Dominion Honors

Vancouver, Nov. 18.—(Special to The Daily News.)—Provincial secretary Young is now at work on the civil service bill, which will be presented early the next session of the legislature. The act will provide terms of appointment, superannuation, apportion civil servants to grades, fix proportionate salaries and provide for life, accident and illness insurance. In the superannuation and insurance program, it is understood that the civil servants are to contribute five per cent of their salaries. In the revision of the civil list incident to the proposed legislation it understood that a change will be made in some salaries to suit the new conditions of living.

Bruce White of Nelson, who has returned from the north coast has bonded a copper proposition on the west coast of Moresby island, said to assay high as thirty per cent copper. The group is composed of abandoned mines, hidden in undergrowth, and believed to have been worked by Japanese or Russians a long time ago.

The liberal convention at New Westminster this afternoon nominated a candidate for the dominion house. The vote stood; Kennedy, 13; Oliver, 15; Jardine, 98. Jardine's nomination was then made unanimous. Kennedy sent a letter to the convention which was answered by a resolution expressing satisfaction of his representation. Resolutions covering Asiatic immigration, etc., were adopted in accordance with the action of the Vanouver convention.

Mackenzie King addressed the Canadian club this afternoon on the work of the labor department as organized by the liberal government. He stated that in forty-two strikes in which the department 's aid had been asked for, forty were settled without disruption.

CANADIAN BANKS ACCOMMODATED.

Montreal, Nov. 18.—Hon. W. S. Fielding was in town today and had a conference with a number of the leading bankers of Montreal, including E. S. Clouston, general manager of the Bank of Montreal and president of the Canadian Bankers' Association. At the end of the day's conference both Mr. Fielding and Mr. Clouston refused to make any announced but it was understood on good authority that arrangements were completed by which the Canadian banks will be placed in a position to handle the marketing of the western grain crop, and to attend to the commercial and proper industrial business of eastern Canada.

Winnipeg, Nov. 18.—It is understood that the general managers of the Canadian banks hve received a communication from a committee asked to act by the finance department at Ottawa, respecting the movement of western crop. The communication is to the effect that the government will place deposits with the banks that are doing a grain business and the deposits will bear interest at the rate of four per cent for the first two months and six per cent for the next two months and 7 per cent for the third two months. The object of advancing the rate of interest to six per cent at the end of two months is to secure a return of the funds to the government as quickly as possible. The committee consists of E. S. Clouston, general manager of the Bank of Montreal, George Hague, late general manager of the Merchants' Bank and W. L. Courtney, late deputy receiver general for the dominion government. When making application for deposits from the dominion government, the banks are asked to state the nature of the security they are prepared to give.

A GATHERING OF ROYALTIES.

Windsor, Eng., Nov. 18—Today will be remembered long in Windsor as an occasion of events probably unique in history. At Windsor castle a luncheon was served in the state dining room to a party consisting of three kings, five queens and sixteen princes and princesses. The royal guests were king and queen of England, the emperor and empress of Germany, the king and queen of Spain, the queen of Portugal and the queen of Norway. Several interesting photographs of the group of monarchs and then of the entire party were taken. The royal borough was unusually alive with crowds of sight seers, watching the arrival of the royal guests and the other incidents connected with such an unusual gathering.

DOMESTIC SERVICE

The Victoria Colonist is devoting much editorial space just now to the oriental immigration question. Unless we are greatly misaken, the Colonist has experienced a change of heart on the Asiatic question generally but however that may be the coast newspaper mentioned is just now strongly opposed to the encouragement of oriental immigration in any form.

It has been urged that the Chinees made useful domestic servants and were wanted for that if for no other purpose but the Colonist protests very strongly that "we confess to being unable to appreciate the position of those who contend that we ought to have in Canada a race of people whose work should be confined to what is called menial service" and then follows a lengthy article on household work generally, how it should be done and who should do it.

Finally, the Colonist concludes: There are people who would find it difficult to obtain household help, and to keep it, if household servants were as plentiful as blackberries, and the reason is that they themselves by the treatment of their employees degrade the employment which the latter are paid to perform. It is time that we got rid of the nonsense that there is some dishonor attaching to household service. We do not believe that the women of Victoria or of Canada generally are at all in sympathy with the claim preferred by some people on their behalf. They are altogether too full of a sense of their duty, too truly inspired by patriotism, to desire to see the home life of the country resting upon Asiatic labor as its foundation. It will be a sad day for this or any other country when the women regard any species of household labor as unworthy of them. If household help is scarce, one remedy seems to be not to attempt too much. There are millions of Canadians who can look back to the time when their mothers were proud that they were able, with their unaided hands, to make a home in which their husbands, sons and daughters would find all that was best in the world and we protest in the name of noble women who today bear, not only without murmuring but with honorable pride, the responsibility of maintaining Canadian homes in which the boys annd girls are reared in appreciation of their duty to their family, their state and their God., against the teachinngs that domestic service, whether rendered from a sens eof duty or for wages faithfully earned, is in any sense degrading. We are as anxious as any one to see this country settled by people from the United Kingdom, and other countries of America and Europe, but we question the permanennt value of any immigration which is dependent upon the influx of a servile class from the orient.

A druggist can obtain an imitation of MINARD'S LINIMENT from a Toronto house at a very low price, and have it labeled his own product.

This greasy imitation is the poorest one we have yet seen of the many that every Tom, Dick and Harry has tried to introduce.

Ask for MINARD'S and you will get it.

EDITORIAL NOTES.

According to the present outlook the revenue derived by Canada from this season's grain exports will much exceed the returns from the same sources last autumn. This in spite of the smaller wheat harvest, and because of the higher prices ruling for grain! It should likewise be said that although some merchants are stocking up with goods less freely than usual, it is noteworthy that drygoods dealers have met their November paper well. These are cheerful features of the existing situation, which tend to minimize any possible temporary commercial setback. As for the more general future outlook, we have merely to recall the fact of Canada's enormous natural resources, only the fringe of which has as yet been touched—her millions of acres of tillable soil, her limitless timber areas, her widespread eastern and western coal fields, her numberless water powers, her fisheries in inland waters, and on the Atlantic and Pacific coasts. No temporary lull in the financial world can prevent the realization of a brilliant industrial and commercial future for this country.

The Cranbrook Prospector says: "the policy of the conservative party in this province is for a white British Columbia." The Prospector is mistaken. The policy of the conservative party in this province is the same as it is in every other province in Canada, that is, get into office on any old promise, and then do the bidding of the C.P.R.—John Houston in the Prince Rupert Empire. Houston should know whereof he speaks.

Speaking at a public meeting at Cuckfield, Dr. Hugh Stott, medical officer of health for the combined districts of East Sussex, said: "The linen handkerchief is an abomination. It probably perpetuates phthisis. I believe that Japanese paper will become the material for handkerchiefs in the future."

The elevation of Mr. G. G. S. Lindsey to the highest office in the gift of the directors of the Crow's Nest Coal company, shows the light in which his conduct of the affairs of the corporation has been viewed by the company and will be a sharp rebuke to those who have persistently maligned his administration.—Fernie Free Press.

OLD NELSONITE DEAD

Alfred Hill Passes Away in Winnipeg—Came Here in '89

News has reached the city of the death of a Nelson pioneer, Alfred Hill, at Winnipeg.

Alfred Hill came to Nelson in 1889 and with his brother Wilson Hill, was engaged in the building and contracting business, operating under the firm name of Hill Bros. The Hill Bros. built the Victoria block on the corner of Baker and Josephine streets and at that time the building was considered the finest block in the city.

Alfred and Wilson Hill sold out their interests in Nelson in 1894 and left for the Slocan country during the first mining excitement in that disoriet, gocating a New Denver, where they were interested in the lumbering business. In 1904 thy sold out and have since resided in Winnipeg. From the Winnipeg Free Press the following is taken:

The death occurred of Alfred Hill of 468 Balmoral street, after but a week's illness from cerebrae meningitis, one of the old timers of the city and province. A fatal termination was expected from the first diagnosis. Mr. Hill was born in Charlotte county, near St. Stephen, N.B. on Sept. 6, 1850 and so had passed his 57th year. He came to Winnipeg in 1872 in the prime of young manhood and his stalwart manly life has left its impression upon every community in which his lot has been cast.

Associated with his brother, Wilson he began a lumbering and building business in a small way here and on the Lake of the Woods and later for 15 years in the Kootenay country, B.C. Persistent and faithful in every detail of work they overcome every obstacle and secured a competence; then removin to Winnipeg and bringing their mother and two sisters from the east they made a home there.

At his bedside were his brothers, Wilson of this city, and Willard of Vernon, B.C. and his sisters Lillian of the city, and Mrs. Beatty of Carlisle; a brother Stillman of the city, who was with him during the day, started east to Kenora, as the sufferer had rallied somewhat. Two brothers, Frank and Chipman and two sisters, Mrs. Harrison and Mrs. Braefort, live at Carlisle. Another sister is Mrs. McKinnon of Oakland, Cal.

A RELIABLE REMEDY FOR CROUP.

Mrs. S. Rosinthal, of Turner, Michigan, says: "We have used Chamberlain's Cough Medicine for ourselves and children for several years and like it very much. I think it is the only remedy for croup and can highly recommend it." For sale by all druggists and dealers.

ATTACK ON SOCIALISM

SUBJECT OF A RUNNING FIRE FROM MANY QUARTERS.

ENGLISH NEWSPAPERS DISCUSS THE QUESTION.

Socialism is being attacked in a great number of English papers, and is the subject of a running fire from many quarters.

The Spectator has attacked it because, it says, "we may feel certain that the triumph of socialism must mean the overthrow of the Christian moral code in regard to marriage and the relations of the sexes, and must end in free love and promiscuity."

To this attack from so unsuspected a quarter Mr. H. G. Wells makes a vigorous reply because it was alleged that he held that view of socialism. And The Spectator apologises by saying: "We are not only delighted to publish Mr. Wells' letter, but still more delighted to find that we had mistaken the intentions of his novel." (Oct. 26.) In a general letter to the press, Mr. H. G. Wells decirae that "I have never advocated 'free love' nor the destruction of the family."

Mr. J. Ramsay Macdonald, M.P., makes a heavy attack on the Spectator for its article. Incidentally he says that an Oxford professor recently said to him, "I look at the Spectator once a month to measure the decadence of the English middle clasess." Mr. Macdonald says he "gets it every week to measure the resistence which England will offer to intelligent politics."

Justice, the organ of the social democrats, declares that the present organization of society does just that which the Spectator fears from socialism. It says: "We social democrats charge modern society with being anti-Christian and Godless, in spite of its loud professions of Godliness; we charge modern society with destroying the home, breaking up the family, and trampling on the sanctity of marriage; we charge it with breeding prostitution, vice, and crime, and thriving upon these, as beast of prey thrives upon carrion; we charge it with demoralizing, vulgarizing, brutalizing all that is best in human nature, and spurning, contemning, and grinding into the mud the noblest aspirations of humanity."

The Saturday Review has pointed out the seriousness of the tory party of the next election—"to the conservatives in some ways a final election." In endorsing this article a correspondent points out the unwisdom of much of the attack on socialism.

"People, not obscure but important, are by way of fighting socialism just now with weapons well-nigh as idiotic as discreditable and as useless as the pamphleteer's," he says. "Very respectable, not to say illustrious, conservatives seem quite sincerely to believe that socialism as socialism is anti-religious, anti-marriage, and that it advocates the abolition of private property and the means of life,, whether *in land, machinery, railways, etc.,* it really aims at dividing all the wealth of the country equally among its inhabitants! Possibly they confound the socialist with the anarchist talking in Hyde Park. That is all talk! But I do not know that the utterances of the duke of Rutland and the policy of the great lord Balfour of Burleigh are much more intelligent. Small blame if your intelligent onlooker 'standing aside out of general sickness' is driven into a political jaundice."

Mr. J. A. Hobson, in an interesting article in the Nation, points out what to him the "tyranny" of socialism really means when analyzed.

"The sense of tyranny, nay, the reality of tyranny, in a 'socialistic' municipality or state, survives just so long and so far as the moral sense of democracy remains defective. So long as the ordinary citizen looks upon the city government, its property and the public service it operates, as things which are outside his personality and for which he has no responsibility, the evils of bureaucracy which are charged against socialism are very real. This is the chief of all reasons why socialism *must be gradual and must at any* time be attuned to the civic spirit. The tyranny of socialism means the weakness of democracy. Every strengthening of the spirit of democracy abates this tyranny, enabling the rational will of a people to express itself more fully in popular institutions operated for the common good. Just in proportion as a group of ordinary citizens, realizing the significance of public property, comes to speak naturally of 'our' trains, 'our' waterworks, 'our' parks, 'our' schools, and to stamp the meaning of such speech on civic action, does this municipal socialism cease to be tyranny and become voluntary co-operation."

Mr. R. Blatchford, the editor of the Clarion, makes this appeal for fair fighting:

"I do not want to be bitter, nor to be sarcastic, nor to give unnecessary pain. But I have to say that a very great deal of the matter now appearing in the British press against socialism and socialists is dishonest. I need not trouble to prove this. It is quite evident to all of us. It is well known to those who utter it. And the bulk of *this dishonest work is done by journal*ists, by men who do this dirty work for a living. To these men I venture to appeal. I ask them to consider the gravity of the issue. I ask them to think of the hungry children, and the unhappy women, and the unemployed men. I ask them to remember the scathing rebuke of John Ruskin to the hireling scribes 'who every day pawn the dirty linen of their souls for a bottle of sour wine and a cigar.' I appeal to their manhood and their honor: not to refrain from the batle—we are ready for them there—but to fight like men. For what is money if a man has bought it at the price of his self-respect? Is it so very hard to live, unless one lives uncleanly? Is not honor better than rubies? Is not truth worth keeping? In a few years we shall be dead."

Lord Milner has pointed out what causes socialism. Speaking at Guildford (Oct. 29) he said: "The revolutionary socialist would like to get rid of all private property, except, perhaps, our domestic pots and pans. He is averse from private enterprise. He is going absurdly too far; but what gave birth to his doctrine? The abuse of the rights of private property, the cruelty and the failure of the scramble for gain which mark the reign of a one-sided individualism. If we had not gone much too far in one direction we should not have had this extravagant reaction in the other. But do not let us lose our heads in face of that reaction. While resisting that revolutionary propaganda, let us be more, and not less, strenuous in removing the causes of it."

At the Caxton hall a meeting of delegates from a large number of anti-socialistic associations in all parts of the country has been held, which, the Telegraph says, "is a welcome sign of the times. It was not a party meeting, *though probably the great majority of* those present were unionists in politics. Most of the associations, bodies consisting mainly of members of the middle classes, who are alarmed at the enormous indebtedness of the municipalities of the kingdom, who themselves feel the crushing burden of the rates, and are steadfastly opposed to any doctrine or policy which promises higher rates and increased local indebtedness. Only the briefest resume of the proceedings was made public, but a resolution was unanimously carried in favor of the formation of a central committee, which should 'watch the progress of socialism, consider the provision of literature, and advise upon organization.'"

Minard's Liniment Cures Diphtheria.

IMPROVED FRUIT RANCH

ONE OF KOOTENAY'S CHOICEST

It is situated at Trafalgar, 13 miles from Nelson on the east side of Kootenay lake, has an excellent commanding view of the water and is within 250 yards of the lake shore.

Between Trafalgar and Procter is located the largest and choicest block of fruit land to be found anywhere along the shores of Kootenay lake. The best improved fruit farms are to be found there. Settlers in that locality have the benefit of a postoffice, stores, school, church and a daily service of trains and boats. There is a large settlement there now, and you will therefore, not be isolated.

The farm we are offering for sale, contains 11 7-8 acres, fronting on the C.P.R., within 300 yards of the station, steamboat landing, store and postoffice. It is completely fenced and is all fruit land of the very finest quality and we are prepared to guarantee the purchaser that there is no better land in the Kootenay district.

11 Acres Cleared and Under Cultivation

Comfortable, new log house of thr ee rooms, root house and a good well of water, limited supply of tools and im plements.

Two small streams of water run th rough this property. The soil has a sandy loam surface; underneath this is black muck with an average depth of 1 1-2 feet and the bottom is gravel. The following is a list of fruit trees which are planted: 100 Apple trees, 5 years old, now bearing and consisting of Wallbridge, Wealthys, Baldwins and Jonathans.

25 TREES PEARS.	25 TREES, PEACHES.
10 TREES APRICOTS.	25 TREES NECTARINES
25 TREES CHERRIES.	5 TREES PLUMS

A lot of red and yellow sufficient to plant three acres.

25 BUSHES ENGLISH BLACKBERRIES	
25 BUSHES BLACK CURRANTS.	
50 BUSHES RED CURRANTS.	10 BUSHES DEWBERRIES
10 TREES WALNUTS.	25 BUSHES GOOSEBERRIES.

The present owner has been doing a lot of hard work on this farm for the last six months and at the present time the place is looking fine. This year the farm produced a good crop of apples and a very large crop of strawberries, raspberries, potatoes, etc. We believe that if this place were properly handled next season that an industrious worker could take off a crop that would be worth not less than $2500. On account of its good location and its excellent transportation service it would be possible to get considerable revenue out of fowl and vegetables. Taking the proposition as a whole it is a very good one and we think that an interested buyer could make money out of it from the start.

Price: $3,500; One-Third Cash

the balance in 1 and 2 years, with interest at 7 per cent on deferred payments.

Further particulars promptly furnished.

TOYE & CO'Y

POSTOFFICE BOX 51 - NELSON, BRITISH COLUMBIA

Synopsis of Canadian Homestead Regulation

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy Minister of the Interior.

HOW JAPAN VIEWS IT

NEWSPAPER COMMENT ON THE LEMIEUX VISIT.

OPINIONS DIFFER WIDELY AS TO RESULTS.

Japanese newspapers discuss the visit of hon. Rudolphe Lemieux, some affirming that the government of Japan will never consent to the restriction of immigration; others that the advances of the Canadian minister will be received in a conciliatory spirit. The Japan Gazette says: "In connection with the visit to Japan of Canadian minister Lemieux of labor, it is reiterated in Tokio government circles that Japan will not consent to the conclusion of a formal agreement for the restriction of immigrants. But we believes that the government will deal with any Canadian proposal in a most conciliatory way."

The Japan Chronicle of Kobe says. "It is difficult to understand exactly what sir Wilfrid meant by the statement attributed to him that Canada became a party to the Japanese treaty —that is of course, the Treaty of Commerce between Canada and Japan—because it was thought that Japan prohibited general emigration to Canada. At the time of the first anti-Japanese outbreak in British Columbia the Japanese government certainly did take steps to limit the inflow of coolies from this country, but it is not easy to see on what grounds it could have been thought tha any law had been established by which emigration from Japan to Canada would be restricted. Had the Canadian government approached the Japanese government on the matter it is not improbable that a legislative measure of some kind might have been formulated by which the influx of Japanese might have been so regtulated so as to obviate the difficulty that has now arisen. The Ottawa government must have been full cognizant of the feeling that has existed in British Columbia, and, with the San Francisco trouble before it, it would certainly seem that it was the duty of Canada especially in view of the Anglo-Japanese and the Commercial treaties —to have taken some means to prevent such occurrences as the recent riots at Vancouver. Instead of this, Japanese coolies enticed and persuaded by emigration agents in this country, have been pouring into British Columbia in hundreds, whereas if their immigration had been carried out by a gradual process probably they would have attracted but little notice. They would have found position, and their competition with the white laborers would not have been severel felt. As we pointed out at the time of the recent disturbance in Vancouver, the knowledge that every boat from the Orient was bringing to their shores four or five hundred coolies was doubtless the main cause of the trouble. This constant and ever increasing inflow was the means of inflaming the alarm which had long existed among the white laborers into open revolt and the agitators who come from elsewhere to encourage them in their campaign found their task by no means a difficult one.

"We urged in our last article dealing with this question that as one means of meeting this great difficulty the Japanese government should place greater restrictions on the emigration companies, who must have been the most substantial gainers by the recent increase in the number of emigrants to the Pacific coast, and it is satisfactory to note—as recently mentioned in our columns—that the government has at last placed almost prohibitory restrictions on the agents contracting for the sending of coolies to Hawaii. If it may be regarded as improbable that the new restrictions will have any material effect at present, their inauguration is certainly a step in the right direction. It will be remembered that it has been customary for Japanese emigration companies to deposit with the government a quarter of their capital as a guarantee of good faith, the number of emigrants sent out by each company being assigned according to the amount of money so deposited. By the new regulations each company, whether large or small, has to deposit the sum of 50,000 yen. This will, of course, mean that many of the companies will be compelled to cease business entirely, and we do not think Japan will be the loser by this. It is well known that many of these agencies have been the means of persuading young men to leave Japan for foreign lands, notwithstanding, often, that their services are badly required in their own district. Perhaps even more important than the heavy deposit now required is the notification which the emigration companies have received that not more than thirty-five emigrants—eighteen males and seventeen females—are to be sent to Hawaii in future by all the companies combined. These restrictions come into force today, and if they are strictly carried out an important step will have been advanced in the solution—for the time being at any rate—of this most difficult problem.

"That Japanese labor is wanted and can be used for the benefit of Canada at large is admitted by many Canadians, and there can be little doubt on this point; but, as stated, a great mistake has been made since the war in overdoing the immigration."

"Monty" Morgan is in from Sheep creek, where he is associated with Mr. Grassey and W. B. Poole of Spokane in the development of the Nugget claim, one of the high grade gold prospects, adjoining the Mother Lode of that camp. Mr. Morgan and associates bonded the Nugget on Sept. 5 from George Matthew for $40,000, and have since starting work on the property, struck a good lead of high grade gold rock, and have 20 tons ready for shipmennt which will be rawhided down as soon as the snow will permit.

Rev. A. N. Frith, formerly of Smith's Falls, Ont., occupied the pulpit in the First Baptist church on Sunday for the first time, preaching in the morning on "Lo, I am with you Always," and in the evening on "Exercise Thyself with Godliness." Before leaving Smith's Falls to come west Mr. Frith's congregation there presented him with a gold watch and Mrs. Frith with a set of Limoges china. A formal reception will be tendered the new arrivals tomorrow evening in the church.

Managing a business nowadays without the help of want advertising is—too hard work.

J. J. Walker has a beautiful display of precious stones cut and uncut on exhibition in his window and says that it is probably one of the most costly ever shown in one collection in B.C.

"UNCLE TOM'S CABIN" COMPANY.

The original Stetson reproduction of "Uncle Tom's Cabin" will be presented at the operat house on Thursday evening. The wonderful popularity of Harriet Beecher Stowe's masterpiece all over the United States for the past forty years has led to its production by all kinds of managers with all kinds of actors, good, bad and indifferent. There is magic in the name of Uncle Tom and its capacity to draw the public to see it is phenomenal. This, as pretty much all theatregoers are aware, has been fully taken advantage of by a horde of irrepsonsibles and a production by them, at once "Wild and Woolly" has been too often the result. When produced with a proper dramatic cast, coupled with proper scenic and mechanical equipment, no such story of American life, prior to the great crisis in our national affairs, has ever been penned. For twenty years the Stetson production has been the leading one, steadily advancing each season with the wonderful stride of progress. The rolling stock parade feature, the scenic investment, the choruses have been steadily added to, while the music and dramatic roles have been placed in the hands of artists of reputation. Special scenery by Seavey is carried for every scene depicted. A corps of colored singers, cakewalkers, dancers and field hands from the cotton belt lend realism to the plantation scenes. A train of railroad cars, specially constructed, is required in the transportation of this mammoth company, while the street demonstration is said to excel anything yet seen in the theatrical world.

COMING BOXING MATCH

Fifteen Round Contest in Opera House Friday Night

The 15 round boxing contest between Barney Mullin of Phoenix and Bob Brechin of Nelson is scheduled for Friday night in the opera house at 9 o'clock. The contestants are training hard and a good exhibition is assured. They will box at catch weights. Bob Brechin who is associated with Nap Mallette in the express and baggage business here, has had the "mitts" on with such well known knights of the ring as Larry Gleason of Chicago, Fred Wyatt of California, Ad. Scurry of Dawson City, and Jack Regan of Ottawa and is said to be able to take care of himself in any company at his weight.

Barney Mullin is well known, having boxed in Nelson some years ago and has taken a fall out of some good men. He won the welterweight championship from Jimmy McCarthy at Spokane; Rufe Turner, who once bested Joe Gans, has also been put away by Barney, and the fight fans in Kootenay will remember the draw fought with Jim Burrows of Fernie.

There will be two preliminaries of four rounds each before the main contest and the outlook for an exciting evening is good.

MINING RECORDS

Certificates of work have been granted on the Snowdrift fraction and Summit fraction to J. L. Stamford for the recorded owners; on the Altin to Patrick Daly for the recorded owner; on the Anaconda to E. Peters for the recorded owner; on the Nelson and Bryan to N. Packewi for the recorded owner. Record has been made of the location of the Atlas on Sheep creek by R. Wellifflen and of the Jupiter in the same localit by J. Waldbeser.

Record has been made of the transfer of the Habe on Duck creek mountain, from C. Hall to J. Wilson and H. Johnson; of the transfer of the Morning Bell, Great Western and K.V. on Duck creek, from C. D. Forsland to the Morning Bell Mining and Smelting Co.; of the transfer of the Morning Bell on Duck creek from G. Petch to C. D. Forsland.

SENATOR COSTIGAN SAVED FROM DEATH

New Brunswick's Grand Old Man Suffered Severely, but Made a Quick Recovery.

Practically everyone in Canada has heard of Hon. John Costigan—statesman, orator, M.P., Cabinet Minister, and now Senator, from New Brunswick. For over thirty years this prominent man was a martyr to Chronic Constipation. Leading physicians of London, Paris, New York and Ottawa treated him in vain. It remained for a wonderful Canadian discovery to cure him—and in only three months too.

232 Cooper Street, Ottawa.

"I have been a dreadful sufferer from chronic constipation for over thirty years, and I have been treated by many physicians and taken many kinds of medicine, without any benefit whatever. Finally, I was advised to try "Fruit-a-tives," and, after taking them for a few months, I feel I am well from this horrible complaint. 'Fruit-a-tives' is the only medicine I ever took that did me any positive good for Constipation. I can conscientiously recommend 'Fruit-a-tives' as, in my opinion, it is the finest medicine ever produced."

(Signed) JOHN COSTIGAN.

This is only one of the hundreds of similar cases—all successfully treated by "Fruit-a-tives." Don't suffer longer. Take 'Fruit-a-tives.' They never fail to cure.

50c a box; 6 for $2.50. If your druggist is not able to supply you, we will send "Fruit-a-tives," postpaid, on receipt of price.

Fruit-a-tives Limited, - Ottawa, Ont

LINGERING COLD.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by all druggists and dealers.

Minard's Liniment Cures Colds, &c.

20 YEARS ECZEMA CURED BY ZAM-BUK

Mr. W. H. Leason, of Wychwood, Ont., says: "For 20 years I suffered from Eczema. My body and legs were covered with spots which itched and irritated terribly. My legs down to the knee were like one mass of sores. These discharged and were very unpleasant apart from the pain. I had tried all kinds of remedies (salves, ointments and embrocations) and came to the conclusion that nothing would cure me. A sample of ZAM-BUK was given to me one day, and I applied it to a small patch of the eczema. This did me some good and I obtained a full supply of the balm. The first box was a revelation to me as to ZAM-BUK'S power. It took away the smarting and reduced the irritation and itching. It took several boxes of ZAM-BUK to work a cure, and I am glad to say that in a few weeks it cured me completely. In my opinion, ZAM-BUK IS WORTH ITS WEIGHT IN GOLD."

All Skin Diseases yield to Zam-Buk

Heals Cuts, Burns and Bruises rapidly and is "Nature's First Aid."

Also cures Piles, Rheumatism and Sciatica. Sprains, etc. disappear at ZAM-BUK'S touch if it is "well rubbed in." 50c a box at all druggists and stores.

FREE BOX Mail coupon with 1c. stamp to ZAM-BUK CO., Toronto.

OUTLOOK IN SPOKANE

BUSINESS BRISK AND NO TROUBLE ANTICIPATED.

FINANCIAL MATTERS GETTING ADJUSTED.

(Special to The Daily News)

Spokane, Nov. 18.—Business is brisk throughout the Spokane country and so far there has been no measurable difference in the relations of the banks and their depositors. Demand loans are being called in and liquidation is general in the cities and country. The banks are steadily building up their cash and the outlook for the early resumption of specie payment is brighter than at any time since the clearing house certificate plan was adopted. J. P. M. Richards, president of the Spokane & Eastern Trust company, today gave out this statement for the associated banks of Spokane:

"Spokane banks will be the first in the country to resume payment in gold and currency, just as they were the first to protect their depositors and themselves against the crash. The change will be so gradual that no one will notice the difference. There is no flurry in banking circles any more, and the business on the whole is as normal as it was before there was a shortage of money in the east. The banks in Spokane have deposits of about $25,000,000, five of them in the clearing house association reporting a total of $20,616,000. They have a combined capital, surplus and undivided profits of $3,275,000, and cash and exchanges amounting to $5,311,000, the difference being represented by loans discounts, overdrafts and investments. Thus the reserve is about 26 per cent. Of the issue of $1,000,000 in certificates, 50 per cent has been put into circulation. These certificates are guaranteed jointly by all the clearing house banks, and protected by approved collateral, having a value of 50 per cent more than the checks to be obtained. There have been no runs on banks and all appearances are normal, and there is every indication that the Spokane country will be the first to recover its former standing."

DOES THIS INTEREST YOU?

A prominent physician, famous for his success in the treatment of kidney and bladder diseases, attributes a great deal of his success to the following simple vegetable prescription:—

One ounce Fluid Extract Dandelion;

One ounce Compound Salatone;

Four ounces Compound Syrup Sarsaparilla;

Mix, shake well, and take in teaspoonful doses after each meal and again at bedtime.

Your druggist can supply the ingredients, and the mixture can be prepared at home at very little expense.

This, the doctor says, acts directly on the kidneys, assisting them to filter the poisons from the blood and expel same in the urine, at the same time restoring the kidneys to healthy, normal action.

We feel that a great many readers will be pleased to learn of this simple prescription, and knowing the ability of the physician whose formula it is, we do not hesitate to recommend it to any sufferer.

LATEST CANADIAN KNIGHT.

Sir Charles Moss of Toronto, the latest Canadian to receive the honor of knighthood, has been president of the supreme court of judicature for Ontario since 1902, and a justice of the court of appeal since 1897. He was born at Cobourg in 1840 and after leaving the public schools joined his father in the brewery business. In 1864 he decided to study law and three years later was admitted to the bar. He first joined the firm of Osler & Moss, of which his brother, the late chief justice, was one partner, and Mr. justice Osler the other. Subsequently he was associated with the late chief justice Harrison, the late James Bethune, the present Mr. justice Falconbridge, and N. W. Hoyles, now principal of the Ontario law school. In 1880 he was elected a bencher of the law society, and in the next year was made a Q.C. In 1878 he declined the liberal nomination for the legislature in East Toronto, and in his only venture into the political field in 1894 was defeated in South Toronto by the late O. A. Howland. He became a senator of the University of Toronto in 1884, and in 1930 to 1906 was vice-chancellor. At present he is a member of the university board of governors.

GOOD NEWS.

They say "no news is good news," so no secrets will be divulged about the news, editorials, feature stories, pictures, comics, advertised opportunities, etc., that will crowd the eighty pages of next Sunday's New York World—the biggest and best magazine-newspaper on earth, with interesting and instructive stories and illustrations. Just order this greatest of all newspapers in advance and be pleasantly surprised and get one hundred times your money's worth.

A METHODIST MINISTER RECOMMENDS CHAMBERLAIN'S COUGH REMEDY.

We have usde Chamberlain's Cough Remedy in our home for seven years and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. It is especially good for croup and whooping cough.

Rev. James A. Lewis,
Pastor Milaca, Minn., M. E. Church.

Sick all the Time with Kidney Trouble

4 BOXES CURED HIM

Mr. Whellam was a mighty ill man this spring. He had been ailing for almost a year. Sharp pains in the back and through the hips. Dull headaches and dizzy spells. Appetite poor—nothing seemed to taste right.

Finally, an old friend told him about a friend who was in just that condition and who was cured by GIN PILLS.

Mr. Whellam tried them. And you would not know him for the same man now. That worried, strained look about the face is gone. His eyes are bright—his complexion rosy. He enjoys what he eats—has gained in weight—and sleeps like a top.

He had kidney trouble. GIN PILLS practically gave new kidneys—healed and strengthened these vital organs—soothed the bladder—and freed the system of uric acid that was poisoning him.

Broad Cove, C.B., July 6 1906.

I received a sample of your Gin Pills last fall. They did me a great deal of good. In fact, they are the best kidney medicine I know of. A neighbor of mine has tried them and they did him more good than all the Doctors' Medicine he took in three months. I will not forget during my lifetime the benefit your Gin Pills have been to me. JOHN WHELLAM.

Are your kidneys sick? Do you feel just as Mr. Whellam did? Then take GIN PILLS on our positive guarantee that they will cure you. To have you give them a fair trial, we send a free sample if you mention this paper. Write to-day to Bole Drug Co., Winnipeg. 84

GIN PILLS are sold by dealers everywhere at 50c a box—or 6 boxes for $2.50.

The Burlington's Diverse Routes

In planning your trip, you don't want to be confined to one gateway. If your ticket reads "Burlington," your route may be

Via St. Paul,

the Mississippi River Scenic way, three trains daily, or

Via Billings

the direct way to the Southeast with complete trains all the way through or

Via Denver

and either the Billings direct way, or else through Scenic Colorado.

Get hold of a Burlington folder; the map shows what a desirable portion of the through route the Burlington trunk lines form. An intelligent inquiry by you as to the Burlington routes and services will add to the comfort of your journey east or southeast.

Let me help you.

"BRICK'S TASTELESS"
REGISTERED

What it is — It is an extract of fresh cod livers, containing all the virtues of pure Cod Liver Oil without the nauseous grease, combined with Phosphorus in the form of the Compound Syrup of Hypophosphites, nutritious Extract of Malt and the Fluid Extract of Wild Cherry Bark.

What it does — It will promptly relieve, and if its use is continued, permanently cure chronic bronchitis, all pulmonary affections, croup, hoarseness, nervous disorders due to an exhausted condition of the system, prostration following fevers, debility at change of life, or constitutional weakness at any age, and all blood disorders.

What we do — We positively guarantee "Brick's Tasteless" to do exactly what we claim it will do as printed on the label of the bottle, or any advertising matter, and every druggist who sells "Brick's Tasteless" is authorized to refund to his customer the full purchase price if one bottle does not show a decided improvement, which improvement will result in a complete cure if additional bottles are taken.

We therefore request you to try a bottle of "Brick's Tasteless" on our recommendation, and if no improvement is shown after taking it, return the empty bottle to the druggist from whom you purchased it and he will refund your money. Can we be fairer?

A Remarkable Offering in Children's Coats

We offer for Monday's buying our entire stock of children's coats at discounts which brings the price in many cases less than the cost of production. There's over thirty in the lot, the balance of this season's stock, but owing to the range of sizes being incomplete we place on sale Monday at the following:

Children's $6.50 and $7.50 Chevoit Coats, trimmed with buttons and self straps, colors navy, cardinal and brown, regular prices $6.50 and $7.50 each, selling now at $4.90 each.

Children's Tweed Coats, ages 8 to 12 years, made of good imported tweed, good serviceable colors, regular prices $8.50 to $10.00 each, selling today at $6.95.

Misses' Tweed Coats in a good range of styles and patterns; made of imported tweed and will fit girls from 12 to 18 years, regular price $12.50 each, selling now at $8.95.

A GOOD LINIMENT.

When you need a good reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale by all druggists and dealers.

Minard's Liniment Cures Colds, &c.

FOR CHURCH UNION.

Winnipeg, Nov .18—The Presbyterian synod of Manitoba and New Ontario voted almost unanimously for church union, there being only two dissenting voices.

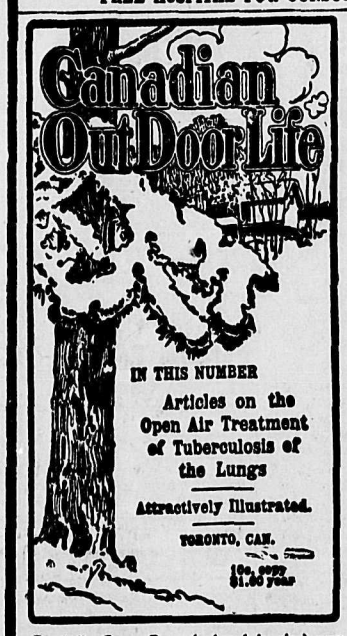
NOT A SINGLE APPLICANT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES BECAUSE OF HIS OR HER POVERTY



Facsimile Cover Page (reduced in size) new Monthly Magazine of The National Sanitarium Association. Full size of page 10x7.

FORWARD STEP
IN THE INTERESTS OF
Muskoka Free Hospital for Consumptives

The National Sanitarium Association of Canada has undertaken to publish a monthly magazine devoted to the Outdoor Treatment of Tuberculosis, and the inculcation of Hygienic Methods of Living for the people generally. The first number was issued in November, 1906.

All profits from this magazine — from subscriptions and advertising—will go to the maintenance of patients at the Muskoka Free Hospital for Consumptives.

Any one contributing one dollar a year, or more, to the funds of the Hospital will become a subscriber to CANADIAN OUT-DOOR LIFE for one year.

No Father, No Mother, No Home—Worse Than a Prisoner

GARFIELD BRACEY, BERLIN, ONT.: Enclosed please find doctor's certificate and examination papers. Hope you will secure me a place in your Sanatorium. You will notice that my circumstances is a hard one; no father, no mother, no home—worse than a prisoner. Nobody wants me on account of my disease. Hoping you will have the charity and consider my position, and give me a position at once in your Sanatorium, I ever pray.

An Orphan, without Home or Means

DR. A. E. HANNA, PERTH: I have a patient here, a young fellow in whom I am greatly interested. He has tuberculosis. He is a poor young fellow, an orphan, out of home, without any means. If we sent him up would you take him in and do the best you can for him? I know how difficult it is to accommodate all who require treatment, but this is a special case.

It is always encouraging to have a letter from friends who kindly contribute. For the convenience of those who have not time to write, the following blank may be used:

SUBSCRIPTION BLANK.

.....190....

Dear Sir,

I have pleasure in enclosing the sum of.....

.....($.....), as a contribution to the maintenance of the MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

HON. SIR W. R. MEREDITH, Kt., Chief Justice, Vice-President Nat. San. Association, Toronto, or W. J. GAGE, Esq., Chairman Executive Committee, Toronto.

☞All Subscriptions received will be acknowledged in the Toronto "Globe" and "News." Anyone subscribing one dollar or more becomes a subscriber to the Canadian Outdoor Life for one year.

"DO IT NOW"

Is a business motto of this strenuous age that applies with tremendous force when it is a good act you should do.

"A child's kiss set on thy sighing lips shall make thee glad.

"A sick man helped by thee shall make thee strong.

"Thou shalt be served thyself in every sense of service which thou renderest."

"DO IT NOW"

"I WAS SPECIALLY PLEASED WITH THE ATTENTION PAID TO CONDUCT THE INSTITUTION CAREFULLY AND ECONOMICALLY."—Dr. R. W. Bruce-Smith, Government Inspector Hospitals and Charities.

NELSON NEWS OF THE DAY

The first snow of the season began to fall last night just before 12 o'clock.

There will be a social meeting of the Sons of England on Thursday night.

The Nelson choral society had a good practice last night of the oratorio Samson.

There will be a dance in aid of the Nelson United Football club at the K.P. hall on Friday night.

The Poorman mill is now running through about 40 tons a day, with 20 stamps dropping.

The annual meeting of the Nelson Curling club will be held this evening at the Hume hotel at 8 o'clock.

Improvements are marked along the Granite road and many new houses have been built and a great deal of land opened up for cultivation.

Work has been started by the contractors on the pile driving for the new mill being erected by John Dewar on the water front. About 20 piles are being driven daily.

The lumber trials were supposed to have opened today at Edmonton but as a matter of fact will not be held until a later day in the week according to advices received by G. P. Wells and F. W. Anstie, who have been summoned as witnesses for the crown.

NELSON BRANCH

George Watson, an employee of the Patrick Lumber company had his leg broken yesterday on the Little Slocan and was brought into the city last night by Dr. Rose.

The regular meeting of Queen City Rebekah lodge will be held this evening in the lodge room at 7:30. A full attendance of officres and members is requested.

There is an executive meeting of the 20,000 club this evening at 8:30. Members of the entertainment committee are requested to be present at 8 o'clock for a preliminary meeting.

A number of new buildings for the Lambert Lumber company have been erected near the railway, just above Williams' siding for the storage of lumber, which is brought down by the flume from the mill above.

On Sunday morning the hardest frost yet experienced this fall was registered, three degrees below freezing point. During the day the thermometer rose to 45 degrees but with the evening the skies again clouded over the thermometer yesterday only varying between 33 and 39 degrees.

The Kootenay Engineering Works of this city is assembling the parts for the 5600 foot Crawford aerial tramway for the Hewitt mine and expect to ship the same to the property near Silverton o-morrow. The grip wheel in connection with this tram is made up of 180 parts and when assembled is about six feet in diameter. It is noteworthy that this is the second of its kind to be made in Canada, and the Kootenay Engineering Works enjoys the distinction of having turned out the first one also, making it last year for the tramway which they installed at the Silver Dollar mine, in the Lardeau. In the past these grip wheels have been imported from the United States

Expert piano tuner and regulator, Jas. R. Muir. Strictest attention to all details. Leave orders at Daily News office

OLD CURIOSITY SHOP

GONE INTO LIQUIDATION

Drysalters, Limited, against whom recently judgment was rendered for infringing the trade marks of Baby's Own Soap, have gone into liquidation.

RESULTS OF ADVERTISING

If You have the Goods to Sell the People Will Buy

Some of our small merchants have accepted the idea that while advertising is a necessity to the big stores it is too expensive for them. The same sort of logic should convince the small merchant that rents, insurance, clerks, fixtures, stocks, light and heat are all too expensive.

As a matter of fact, in proportion to the size of your business you should advertise as liberally as the biggest concern in the city. If you hope to do one-tenth as much business as the big store you should do at least one-tenth as much advertising as the biggest store.

If the store that is ten times as large as yours uses a page of space in this newspaper you should at least use one-enth of a page of space in this newspaper. You can afford to do this—just as surely as the bigger merchant can afford it.

And, the best part of it is: It will pay you to do this proportionately to your space and expenditure just as well as it will pay the big fellow.

The man with a small business has a simple problem in advertising. He should confine his appropriation to the one best newspaper in the field contract for as many inches of space as he can possibly pay for; and then he should use the space every day emphasizinz some particular article or line of goods—making a "drive" in one or two things thus drawing people to your store.

In a short time you will double and treble the space—for your business will be doubled and trebled and you will thus be able to afford to advertise."

Let it Be Small, But Good

A gift will speak for itself. It may be intelligently selected from our large and well-assorted stock of small but good articles.

In our line of HAND PAINTED CHINA we have beautiful PLATES in 5 in., 6 in., 7 in., 8 in., at $2.50; $3.00; $3.30; $3.60; $3.70; $4.00 each.

Drugs

Compounding Is Confounding

to many drug clerks. They do not know their business thoroughly and often "get rattled" when a strange or out of the ordinary prescription is put before them. There is no such embarrassment here. We put in our Prescription Department only those of long practical experience who have a positive love for the work and to whom the handling of drugs is as second nature. You may bring your prescription here with the certainty that they will be carefully, accurately and promptly compounded at small cost.
