VOL. 6 NELSON, B. C., WEDNESDAY, SEPTEMBER 25, 1907 NO. 134

KASLO'S FRUIT

Second Annual Fair Upon the Lake

A REMARKABLE EXHIBITION

ROCK DRILLING CONTESTS DRAW LARGE CROWDS—NELSON MEN WIN LARGE NUMBER OF PRIZES —CONDITIONS FOR SUCCESS IN THE KOOTENAY.

Just what the Kootenay is and just what the Kootenay is likely to be could be gathered well by any stranger to the mountain section of British Columbia who had journeyed with the crowd of Kootenay people, amongst whom might be numbered the staff correspondent of The Daily News, from Nelson to Kaslo yesterday morning. The lake shore for a distance of some 45 miles on either side is dotted with ranches, whose future in fruit growing is now conceded the first place in the whole empire. These ranches are now infrequent and again are in close proximity, depending much upon the slope of the mountains bounding either side of the lake. But the infrequency is more to be marked by the spectator than is the crowding of orchards. To this day the cult of Didymus, and with the well known doubting apostle must still be reckoned, despite all the advertising of the 20,000 club, a too large proportion of Nelson's citizens, has estopped the due filling of those gentle slopes of primitive moraine and ancient lacusterine depost, which have attracted the commendation of the fruit experts of this and of other continents. Kootenay lake from Nelson to Kaslo appears too often as the forest primeval, despite its great natural advantages. A generation hence the conditions of today will hardly be credited.

Yesterday morning the Kokanee and the International, rival steamers of the C.P.R. and Great Northern lines, left Nelson for Kaslo, where was to be held the second annual fruit fair, with 79 and 60 passengers respectively. Of the 79 of the first named, four were from Fernie, three from Grand Forks and the remainder, with very few exceptions, who were visitors to this section of the country, people of Nelson, wishful of helping out the ambitious Kaslo. These contributions were the chief in those swelling the volume of the visitors to the Kaslo fruit fair. In addition came in yesterday between 50 and 60 from Sandon and on the evening previous about 25 from the Lardeau.

Yet a glance at the exhibits at the fair yesterday would convince any of the few outside visitors of a fact that all Kootenay people wot of, that Kaslo is one of the very best of the good fruit growing districts of the Kootenay. Nelson itself could not show plums as good. Neither in onions nor in beans is it a competitor. In apples it can hold its own, in peaches, in tomatoes it is beaten, in pears it is probably the better of the two Kootenay districts. But in almost every department Nelson must recognize that Kaslo is to be reckoned with.

In the accompanying list of prize winners it will be seen that Nelson has won many prizes. It would have won more if more entries had been made but the prize list speaks for itself of the excellence of the Kaslo fruit. Despite the untowardness of the season, Kaslo has this year more than justified its claim to be one of the very best of fruit areas in the whole wide circle of the empire. Its fair this year shows more entries for more varieties than was the case last year when the first fair was held. Its exhibit of apples is worthy of an entry in the fruit displays of the world in London. Its displays ow horticulture were sufficient to educate any unbelieving visitors, were such present.

Judged in that respect Kaslo fair is a success. Judged as a means of advertisement the statistics of travel speak for themselves. A concentrated effort of the whole of the Kootenay and Yale will do more for the exploitation of the fruit resources of this country than will 50 little fairs.

Outside of the exhibition itself the fair directorate showed themselves alive to the other great feature of Kootenay industry, that is to say, mining. The rock drilling contest attracted a large number of visitors who were not particularly interested in fruit, but who were intensely interested in the prowess of their rock drilling teams. There were more people yesterday afternoon outside the fair building watching the contest than there were within. After an exciting three hours the results were thus announced:

McGillivray and Erickson, Sandon, 35 1-8 inches.

McDonnell and Isenor, Silverton, 34 5-8 inches.

G. Faulds and Manuelson, Greenwood, 32 7-8 inches.

McKenzie and Johnson, Silverton, 30 11-16 inches.

Dumphy and Rinto, McGuigan, 26 3-4 inches.

In the evening there followed a promenade concert in the drill hall and for today there are promised horse and mule racing with a long series of minor amusements.

Speaking particularly of the Kaslo fruit exhibit mention must be made specially of the number of small fruits in perfect condition. This, of course, was mainly due to the lateness of the season but on the other hand there was much coloring to the later fruits, showing that the damage by rain was not nearly so great as was feared by the inexperienced earlier in the season. An exhibit that attracted a good deal of attention was a remarkable plate of peaches from New Denver, a district as yet barely recognized as an integral part of the fruit area of this upper country.

Harry Williams' special prizes of Washington fruit trees, elicited two good exhibits of fruit, the one of Early Harvest apples and the other of Pond Seedling plums. Indeed the Kaslo plums will defy competition anywhere.

While no comparative figures can be given of the entries of the past and present year yet secretary Cockle was enabled to state the entries for 1907 to be 1400 in number. Of the highest priced apples in the London markets there were but few exhibits, as was the case at the Nelson fair, there being only five plates altogether of Sox's Orange Pippin, Yellow Newton Pippin and Sitzenbergs. The Kootenay has yet to find itself as to the variety of fruit it shall grow in the future.

Following are the prizes awarded up to 6 o'clock last night. Owing to the system prevailing of throwing the whole of the fruits upon one set of judges, both at Kaslo and Nelson, it was impossible to finish judging this, of all sections, the most important. Hence the awards in pears, plums, peaches, apricots, grapes and small fruits generally are withheld until tomorrow's issue.

SECTION A., FRUIT—APPLES

Judges A. J. Mason, Hood River and J. D. Honsberger, Grand Forks

Red Astrachan—1, D. C. McGregor; 2, Mawdsley and Eskrigge.

Yellow Transparent—1, J. Anderson; 2, J. Poyntz.

Gravenstein—1, C. G. Johannsen; 2, J. M. Allen.

Snow—1, J. W. Power; 2, J. Riddell.

Wealthy—1, Mawdsley and Eskrigge; 2, J. G. Palmer.

Duchess—1, Stocks and Jackson, Creston; 2, Mawdsley and Eskrigge.

Blenheim Orange—1 R. W. Hulburt, Nelson; 2. F. M. Black, Nelson.

McIntosh—1, F. M. Black, Nelson; 2, H. Williams, Nelson.

Maiden's Blush—1, J. Johnstone, Nelson; 2, M. C. Tomlinson, Grand Forks.

Beitenheimer—H. Williams, Nelson.

Large Yellow Bough—C. R. Garland.

Early Harvest—1, A. Goldsmith; 2, W. White.

Alexander—1, A. W. Allen; 2, Mrs. McGoran.

St. Lawrence—J. Barnholdt, Howser.

Baxter—1, F. M. Black, Nelson; 2, A. W Allen.

Peter—1, Mawdsley and Eskrigge; 2, R. W. Hulburt, Nelson.

Gideon—Stocks and Jackson, Creston.

Florence Goodenough—M. Norde.

Pewankee—Mrs. McGoran.

Ribstone Pippin—1, H. Williams, Nelson; 2, F. M. Black, Nelson.

Rhode Island Greening—1. W. White; 2, F. E. Archer.

Baldwin—1, W. Rutherford, Nelson; 2, J. M. Allen.

Northern Spy—1, D. C. McGregor ;2, J. Spiers.

Spitzenburg—1, C. J. Hermanson; 2, A. Leet.

Stark—1, R. Hendricks; 2, R. W. Hulburt, Nelson.

Gano — 1, Mawdsley and Eskrigge; 2, Stocks and Jackson, Creston.

Nonesuch—A. E. Pearson.

King Tomkin—1, J. Spiers; 2, T. N. Clark.

Ontario—1, D. C. McGregor; 2, Mawdsley and Eskrigge.

Wagner—J. Riddell.

Ben Davis—1, W. Rutherford, Nelson; 2, F. M. Black, Nelson.

Tolman Sweet—1, C. J. Hermanson; 2, W E. Hodder.

Bell Flower—1, R. W. Hulburt, Nelson; 2, J. Johnstone, Nelson.

Cox Orange Pippin—H. Williams, Nelson.

Twenty Ounce—1, E. D. Twiss, Kaslo; 2, J. Barnholdt, Howser.

Canada Red—1, W. Lingard; 2, H. Williams, Nelson.

Grimes Golden—1, R. Hendricks; 2, F. M. Black, Nelson.

Walbridge—1, W. Rutherford, Nelson; 2, F. M. Black, Nelson.

Scott's Winter—J. Barnholdt, Howser.

Any other variety—1, H. Williams; 2, J. Vallance.

Best plate Seedlings—1 and 2, J. E. Bigham.

SECTION C—VEGETABLES

Judge, T. R. Powers, Grand Forks

Early Rose—1, A. Goldsmith; 2, G. Hallett, Nelson.

Burbank—1 H. G. Matthews, Howser; 2, A. Leet.

Largest—1, A. Goldsmith; 2, G. Hallett, Nelson.

Any other variety—1, H. J. Matthews; 2, A. Goldsmith.

Best sack of potatoes—1, A. Goldsmith; 2, G. Hallett, Nelson.

Turnips, table, any variety—1, J. Barnholdt, Howser; 2, W. E. Noble.

Carrots, Shorthorn—1, J. G. Palmer; 2, J. C. Poyntz.

Carrots, intermediate—1, A. Goldsmith; 2 Mrs. H. Beer.

Parsnips, any variety—1, F. Holt; 2, S. H. Green.

Cabbage, two best summer—1, A. Goldsmith; 2, W. E. Noble.

Cabbage, two best winter—1, A. Goldsmith; 2, W. White.

Cabbage, two best red—1, Mrs. W. Whittaker; 2, A. Goldsmith.

Brussels Sprouts—Mrs. H. Beer; 2, A. Goldsmith.

Savoys—A. Goldsmith.

Cauliflower — 1, A. Goldsmith; 2, S. H. Green.

Kohl Rabi—1, A. Goldsmith; 2, S. H. Green.

Kale—1, A. Goldsmith; 2, J. G. Palmer.

Onions, white—1, H. J. Matthews, Howser; 2, A. Goldsmith.

Onions, yellow—1, J. G. Palmer; 2, G. Stott.

Onions, red—1, A. Goldsmith; 2, H. J. Matthews, Howser.

Peas—1, W. J. Green; 2, Mrs. W. Whittaker.

Beans, yellow—1, J. G. Palmer; 2, A. Goldsmith.

Beans, green—1, R. Hendricks; 2, W. J. Green.

Beans, broad English—1, J. G. Palmer; 2, Mrs. Whittaker.

Corn, table—1, A. Goldsmith; 2, J. C. Poyntz.

Beets, long—A. Goldsmith.

Beets, globe—1, G. Stott; 2, A. Goldsmith.

Celery—1, J. Anderson; 2, S. H. Green.

Lettuce—1, J. G. Palmer; 2, W. E. Noble.

Swiss Chard—1, W. E. Noble; 2, A. Goldsmith.

Radish—1, A. Goldsmith; 2, W. E. Noble.

Radish—1, W. Rutherford, Nelson; 2, A. Goldsmith.

Squash, Hubbard—1, A. Goldsmith; 2, G. Stott.

Squash, golden—A. Goldsmith.

Squash, white—A. Goldsmith.

Squash, heaviest—1, A. E. Pearson; 2, J. G. Palmer.

Vegetable Marrow—1, A. Goldsmith; 2, J. Anderson.

Pumpkin—1, A. Goldsmith; 2, E. E. Chipman.

Pumpkin ,largest—A. Goldsmith.

Tomatoes, smooth—1, A. Goldsmith; 2, S. H. Green.

Tomatoes, ribbed—S. H. Green.

Cucumbers—1, J. C. Poyntz; 2, A. Goldsmith.

Cucumbers, pickling—1, G. Stott; 2, A. Goldsmith.

Artichokes—S. H. Green.

Rhubarb—1, A. Goldsmith; 2, G. Stott.

Citron—1, W. V. Bradshaw; 2, W. E. Noble.

Sunflower—1, A. Shutty; 2, A. Goldsmith.

Best collection of vegetables—A. Goldsmith.

Best collection of pumpkins and squash—A. Goldsmith.

Crooked neck squash—1, W. E. Noble; 2, J. Spiers.

Oyster plant—1, A. Goldsmith; 2, W. E. Noble.

Popcorn—R. Hendricks.

SECTION D.—FIELD PRODUCE

Judge, T. Powers, Grand Forks

Turnips, Swede—1, A. Goldsmith; 2, E. Leet.

Mangold Wurtzel, globe—A. Goldsmith.

Mangold Wurtzel, long red—1, A. Goldsmith; 2, R. Hendricks.

Sugar Beets—1, A. Goldsmith; 2, R. Hendricks.

Carrots—1, A. Goldsmith; 2, E. Leet.

Fall rye—A. Goldsmith.

Spring rye—A. Shulty.

SECTION E.—PRESERVES

Judge, Mrs. Alice Rose, Creston

Collection of jellies—1, Mrs. H. Beer; 2, Miss Mackenzie.

Black currants—1, Mrs. A. Goldsmith; 2, Mrs. H. Beer.

Red Currants—1, Mrs. H. Beer; 2, Mrs. A. Goldsmith.

Gooseberries—1, Mrs. J. Anderson; 2, Mrs A. Goldsmith.

Raspberries, red—1, Mrs. H. Beer; 2, Mrs. J. Anderson.

Strawberries—1, Mrs. J. Anderson; 2, Mrs. H. Beer.

Plums, green—1, Mrs. Whittaker; 2, Mrs. J. Anderson.

Plums, yellow—1, Mrs. J. Anderson; 2, Mrs. W. Whittaker.

Plums, blue—Mrs. A. Goldsmith.

Plums, red—1, Mrs. J. Anderson; 2, Mrs. A. Goldsmith.

Pears—1, Mrs. A. Goldsmith; 2, Mrs. J. Anderson.

Cherries—1, Mrs. J. Anderson; 2, Mrs. H Beer.

Collection of cultivated preserved fruits—1, Mrs. G. Stott; 2, Mrs. A. Goldsmith.

Pickles, cucumbers—1, Mrs. A. Goldsmith; 2, Mrs. W. Whittaker.

Pickles, cauliflower—1, Mrs. A. Goldsmith; 2, Mrs. W. Whittaker.

Preserved fruits, by girl under 12—Miss Gladys Moore.

Pickles, onions—1, Mrs. H. Beer; 2, Mrs. W. Whittaker.

Pickles, tomatoes—Mrs. A. Goldsmith.

Pickles, mixed—1 Mrs. W. Whittaker; 2, Mrs. H. Beer.

Preserved fruits put up in museum jars, for exhibition purposes—A. J. Curle.

Honey in comb—Mrs. H. Beer.

Honey strained—Mrs. H. Beer.

SECTION F.—FLORAL

Judge, Harold Selous, Nelson

(Collections)

Dahlias—1, Mrs. J. A. Smith; 2, W. E. Hodder.

Phlox Drummondi—1, W. J. Green; 2, Mrs. C. A. Freeman.

Phlox, perennial—1, J. G. Palmer; 2, Mrs. W. Whittaker.

Stocks, ten weeks—1, J. G. Palmer; 2, W. J. Green.

Carnations—1, Mrs. J. Anderson; 2, Mrs. W. Rutherford, Nelson.

Pansies—1, Mrs. J. Anderson; 2, W. Rutherford, Nelson.

Asters—1, Mrs. G. Stott; 2, W. Rutherford, Nelson.

Calliopsis—1, J. G. Palmer; 2, W. J. Green.

Sweet Peas—1, Mrs. J. Anderson; 2, Mrs. C. A. Freeman.

Roses—1, D. P. Kane; 2, P. McGregor.

Gladiolas—T. N. Clarke.

Annuals—1, W. Rutherford, Nelson; 2, J. G. Palmer.

Nasturtiums—1, J. G. Palmer; 2, Mrs. J. L. Retallack.

Poppies—J. G. Palmer.

Geraniums—1, Mrs. J. L. Retallack; 2, J. G. Palmer.

Verbena—1, J. G. Palmer; 2, W. J. Green.

(Specimens)

Hydrangea Paniculata—1, Mrs. G. O. Buchanan; 2, P. McGregor.

Rose—1, J. M. Macdonald, Nelson; P. M. McGregor.

Geranium, double—Rev. G. Cook.

Geranium, single—J. G. Palmer.

Fuchsia, double—J. G. Palmer.

Begonia, Rex—1, W. J. Green; 2, S. H. Green.

Begonia, fibrous—1, C. Goodwin; 2, D. P. Kane.

Palm—1, J. G. Palmer; 2, Mrs. J. L. Retallack.

Farfugium, or Leopard plant—J. G. Palmer.

Asparagus Fern, Plumosus Nemus—D. P. Kane; 2, S. H. Green.

Asperagus Fern, Sprengeri—1, S H Green; 2, D. P. Kane.

Collection of house plants—J. G. Palmer; 2, S. H. Green.

Calcoolarias—W. J. Green.

Collection Ferns—D. P. Kane.

Table bouquet—1, W. J. Green; 2, Mrs. J. L. Retallack.

Hand bouquet—1, D. P. Kane; 2, Mrs. J. Anderson.

Button hole bouquet—1, Mrs. J. Anderson; 2, D. P. Kane.

Spray for lady's dress—1, W. J. Green; 2, Mrs. J. Anderson.

Floral design—1, Mrs. J. Anderson; 2, W. Rutherford, Nelson.

Best arrangement of wild flowers and grasses by girls—1, Grace Palmer; 2, Mary Shutty.

Best arrangement of wild flowers andn grasses by boys—B. F. Porrit.

Best six flowering annuals grown in tomato cans—B. F. Porritt.

Best three house plants, grown in tomato cans—B. F. Porritt.

Best bouquet of cut flowers—1, B. F. Porritt; 2, H. Green.

SECTION G.—BREAD

Judges, Mrs. L. Pratt, Sandon; Mrs. Howard Thompson, Sandon

Best loaf made from Royal Household flour—1, Mrs. A. Goldsmith; 2, Mrs. J. G. J. P. Palmer.

Best loaf made from Purity flour—1, Mrs. C. H. Freeman; 2, Miss J. Erskine.

Best loaf made from Our Best flour—1, Mrs. T. H. Clark; 2, Mrs. N. Mackenzie.

Best loaf of bread in the show—1, Mrs. C. A. Freeman.

Bread, by child under 9—Doris Allen.

For the district exhibit there were but two entries, one from Kaslo and the other from Grand Forks.

The conditions of entry were that each competitor should have a like space for exhibit and should show four boxes of packed apples, one of pears, and one of plums, 2 plates of apples, six of lums, three of crabs, three of pears, three of peaches and three of small fruits, neither more nor less. For this a purse of $300 was hung up.

STANDARD OIL METHODS

Facts Brought Out at the Federal Trial in New York City

New York, Sept. 24—Accountants of the Standard Oil company, finally audited the books of the Waters-Pierce Oil company of Missouri after 1900, when its name disappeared from the list of the companies controlled by the Standard Oil company, according to Wade Hampton ,general auditor of theStandard Oil company, who testified today in the government's suit against the Standard Oil company.

In 1900 the Waters-Pierce Oil company was prohibited from doing business in Texas under the anti-trust law because of its relation with the Standard. The Waters-Pierce company was reorganized and the stock held by the Standard was sold. The evidence had previously been adduced that Charles Pratt, secretary of the Standard, bought the stock and held the Standard's interest. Mr. Hampton testified today that he had sent each year accountants to the Waters-Pierce Oil company to audit the books at the request of the officers of the company.

Mr. Kellogg produced a letter sent by the witness to one of the officials of the Waters-Pierce company, stating that an accountant was on his way and that for reasons which he would understand, his name had better be put on the payrolls of the Waters-Pierce company until the accounting was completed. Mr. Hampton said he had forgotten what the reasons were he mentioned in the letter.

The troubles of the oil firm of Lombard and Ayres in the early seventies was an interesting feature of the days' hearing. Mr. Lombard said that he had difficulties in obtaining tank cars and his company felt the difficulty of competing with the Standard, which he said was receiving rebates from the trunk lines. He had two conferences with A. J. Cassatt of the Pennsylvania railroad, but was told that the rebates which were given the Standard did not amount to much. Mr. Cassatt, the witness said, suggested that his difficulties would doubtless cease if he united the Lombard company with the Standard. Mr Lombard testified that he had a conference with Col. Thomas Scott, president of the Pennsylvania road, in which he was told that the Lombard company was getting all the tank cars it could obtain under the allotment. Col. Scott, according to the witness, said the Pennsylvania company would not haul cars built by the Lombard company. Col. Scott also expressed the opinion that the Lombard and Ayres company would do well to unite with the Standard Oil company.

Anthony N. Brady of Albany, told today how the Manhattan Oil company of Ohio, was sold to a London company. Mr. Brady said he had no idea when the sale was made that the company was going into the hands of the Standard Oil company.

FIRST SHOT

Borden Opens B.C. Campaign In Vancouver

TURNS DOWN ORANGEMEN

DECLINES TO MAKE SEPARATE SCHOOL QUESTION ISSUE IN CAMPAIGN — NON - COMMITTAL ATTITUDE ON ORIENTAL IMMIGRATION QUESTION.

(Special to The Daily News)

Vancouver, Sept. 24.—Borden's tour around the province started here tonight with two meetings, main and overflow, each addressed by Borden, McBride, sir Charles Tupper, Bowser and Bergeron.

McBride's first statement on the public platform since the laying of the charges of double dealing in regard to the Natal Act consisted in an absolute denial of having swayed Dunsmuir in refusing to assent to the Natal Act. He declared that all he had done was to inform Scott as to the certain stand of Dunsmuir which the latter had communicated to him. He would abandon his public career if any man could claim he had done more.

Borden's address was a repudiation of the party platform as previously given in his Halifax speech, until the closing moments when he took up the subject of Oriental immigration . After expressing regrets at the riots he went on to say that he was convinced the white people would be driven from the province unless steps were taken to check the Oriental hordes arriving. It was a straight question of popular domination in the future of Japanese or British. Still imperial rights must play a part in the campaign against this condition owing to the treaty with Japan carrying rights of trade and commerce. He declared finally that the conservative party would take the stand that British Columbia should remain Canadian to the core and while admitting the claims of empire would demand the right of free judgment equal to that accorded to other parts of the empire as well as Great Britain.

This morning a strong delegation of local orangemen visited Borden and demanded that the separate school question in the new provinces be made an issue in the next campaign. Borden replied that matters on this line had already gone too far and the only way the affair could be opened was by an appeal of the people of the provinces to the imperial parliament. With the land question, however, the situation was different inasmuch as the dominion could hand over the administration to the new provinces if thought wise.

Borden also addressed a meeting of the Canadian club this afternoon.

SHIP OWNERS WIN.

Antwerp, Sept. 24.—The strike of the dock laborers of this city which has been going on since June last, came to an end this afternoon with a sweeping victory for the federation of ship owners. At a meeting of the strike leaders it was decided that they should return to work unconditionally at the terms of the employers.

TRAIL FROM PEACE RIVER

NEW ROUTE IS ENTIRELY OVER CANADIAN TERRITORITY.

SPLENDID WORK ACCOMPLISHED BY MOUNTED POLICE.

Ottawa, Sept. 24.—After two years hard work the northwest mounted police have cut an eight-foot trail from Peace river through the Rocky mountains, giving a route from Edmonton to Dawson entirely over Canadian territory.

Yesterday Col. White, head of the mounted police received a telegram from commissioner Perry, who is with the police, announcing his arrival on the Pacific coast after a seven hundred miles ride on the trail from Edmonton. The trail has been built to Hazelton where it joins the trail along the line of the Dawson telegraph and thus continues to the Yukon capital. The trail besides affording access to a hitherto inaccessible portion of the country will be useful to officials in transporting prisoners who would be able to take advantage of territorial immunity if taken over the usual route of travelers which crosses American territory.

BORDEN AT VANCOUVER

Addressed large Audience at Canadian Club Luncheon Yesterday

Vancouver, Sept. 24—Hon. R. L. Borden spoke at the Canadian club luncheon this afternoon. The attendance was the largest since the presence of earl Grey, when the club was inaugurated.

Three deputations of Orangement have waited on the conservative leader, but nothing of the interviews have been given out for publication.

GYMNASTIC CLASSES

Members of B. Co. R. M. R. to Start Winter's Work Friday Evening

The annual gymnastic classes of B Co., R.M.R., will commence on Friday next and be carried on continuously during the winter months. These classes have been greatly appreciated by the members of the company and have tended to keep the athletes in good condition during the winter and constituting a form of training which fits them to take part in all summer sports.

The company is to be congratulated in having a man in its ranks who is well qualified to act as instructor in the person of sergeant instructor Ferguson, late N.C.O. of the Gordon Highlanders, with which regiment he served during the Indian frontier trouble of 1897-98 ,and in the South African war from 1899 to 1902. Sergeant Ferguson was a pupil of Dr. M. Barton of Hamilton, Ont., who is recognized as being one of the ablest gymnastic instructors on the continent.

All members of B Co. are requested to attend the armory at 8 o'clock on Friday evening next for the purpose of forming classes; and anyone wishing to become a member of the company and joining these classes should also attend on Friday so that they can enter the classes and get the full benefit of the season's work.

LAKE SUPERIOR WRECK

Steamer Japan Reported Lost With All on Board—A Denial

Duluth, Sept. 24—A special to the Evening Herald from Houghton, Mich., says: The Anchor line steamer Japan is reported lost with all hands and a big passenger list, west of the Soo. She left the Soo on Sunday night and was 11 hours late at Marquette, and nothing has since been heard of her. The officials say she may be under shelter at Whitefish bay.

New York, Sept. 24—The Anchor line officials here declare that they feel no anxiety regarding the steamer Japan, reported missing on Lake Superior. The Japan was six hours late in leaving the Soo on Monday. A big storm on lake Superior has been reported. At 7 a.m. today the wind velocity at the Soo was reported only 16 miles an hour and yesterday at 7 a.m. only ten miles. Anchor line officials say it would take at least a 60 or 70 mile gale to put the Japan in any distress. If the liner had gone directly from the Soo, she should have arrived at Marquette at 3 a.m. today, but officials of the line believe that the steamer found a heavy swell running and stopped under Whitefish point for shelter. The Japan is thought to have on board about a dozen or fifteen passengers.

Sault Ste. Marie, Sept. 24—Later—The steamer Japan is sheltered at Grand Marais.

OFFICERS AND DELEGATES

ANNUAL GENERAL MEETING OF NELSON LIBERAL ASSOCIATION.

LARGE ATTENDANCE TO TRANSACT IMPORTANT BUSINESS.

Nelson liberals turned out in force last evening for the annual general meeting, which was held in Miners Union hall.

President Docksteader opened the meeting punctually on time and after the disposal of some routine business and the election of new members, the election of officers for the ensuing year was proceeded with.

By unanimous vote Dr. G. A. B. Hall, M. P. P., was elected honorary president.

On ballot for president F J. Deane was declared elected and Thos. Madden was elected vice-president. D. H. Proudfoot was unanimously re-elected secretary and John Hamilton was also unanimously re-elected treasurer.

Balloting for an executive of twelve members resulted as follows: S. S. Taylor, W. Clayton, H. C. Hall, A. Carrie, Geo. Hale, A. M. Johnson, Dr Arthur, captain Stewart, E. Ferguson, Jas. McPhee, W. Rutherford, and H. Houston.

The next order of business was the selection of delegates to attend the provincial liberal convention at Vancouver on October 1.

President Odlum, of the Young Men's Liberal Association, presented a request on behalf of that organization, that they be given recognition on the delegation and put forward four names, A. M. Johnson, C. McHardy, W. G McMorris and V. W. Odlum. On motion the request of the Y. M. A. was acceded to and the members nominated as above were duly elected.

For the senior association the following six delegates were chosen: F. J. Deane, E. Ferguson, H. Houston, J. McPhee, A. Carrie and J. H. Ringrose; Dr. Arthur alternate.

On motion by S. S Taylor, that the newly organized Young Men's Liberal Association be given recognition on the executive of the senior association, was heartily endorsed, it being the opinion of all present that the two associations should work together harmoniously, the one supplementing the work of the other.

The remainder of the meeting was taken up with the discussion of general business and before adjourning a very hearty vote of thanks was tendered the retiring officers, to which former president Docksteader made cordial response.

During the winter months, the liberal association will meet in general session at least once a month, arrangements being underway to secure a regular meeting place.

SPONTANEOUS COMBUSTION

Matinetta, Ohio, Sept. 24—The Sterling oil refinery suffered a heavy loss today by fire, caused presumably by spontaneous combustion. Two hundred barrels of the finished product have already been consumed and the fire is not yet under control. The Sterling company is one of the independent refineries mentioned as making an agreement with the Standard company.

ABSCONDING CASHIER

Baton Rouge, La., Sept. 24—Oscar Kondert, formerly cashier of the First National bank here, is missing. United States officers are searching for him with a warrant charging him with a defalcation of $60,000. It is alleged that the loss was discovered by his friends and the greater part of the loss made good. The bank officials, it is said, declare themselves satisfied but the federal authorities decided to prosecute the case.

EXPORT DUTY

Strong Plea is Made for Canadian Pulp

PRESERVE HOME MARKET

PRESIDENT COCKSHUTT ALSO DEALS WITH FINANCIAL STRINGENCY AND SAYS THE CRITICISMS OF BANKS' POLICY IS UNCALLED FOR AT PRESENT.

Toronto, Sept. 24.—A strong plea for export duty on Canadian pulp was one of the features of president Henry Cockshutt's address at the Canadian Manufacturers Association annual meeting in the King Edward hotel this afternoon.

Mr. Cockshutt stated that 2,500,000 cords of plup went to the United States every year. "By allowing this material to leave our country in its unmanufactured state we are simply contributing to upbuilding of our greatest industrial rival," he said. The imposition of export duty would unquestionably compel investment of United States capital in Canada pulp mills ,would provide employment for thousands of Canadian workmen and would ultimately open the door for the sale of Canadian pulp across the border.

Mr. Cockshutt advocated a tariff whose minimum protection would be high enough to preserve the home market for Canadian manufacturers. They realized, however, that there were many articles they did not and could not produce in Canada and when it became necessary for them to go abroad they believed in a preference which would give the Mother Country and the sister colonies the refusal of their tarde before passing it on to foreigners.

Dealing with the present financial stringency, Mr. Cockshutt indicated what he believed to be some of the causes. None of them pointed to any inherent weakness in their financial institutions. On the contrary they rather led to the belief that the stringency was due to some right over development and an unfortunate combination of untoward circumstances. He felt that the criticisms to which the banks had been subjected was uncalled for, by reason of their having increased the amount of their loans in New York. A further obstacle to the mutual expansion of manufacturing enterprise was the scarcity of skilled labor and to solve that matter they must either import more skilled artisans from other countries or provide educational facilities for worthy young men so that they could qualify as artisans.

TRIAL OF BORAH BEGINS

COUNSEL DECLARES NO GUILTY MAN SHALL ESCAPE.

STEUNENBREG LEADER IN THE CONSPIRACY.

Boise, Idaho, Sept. 24.— Ajury to try United States senator elect W. E. Borah, on charge of conspiracy to defraud the government out of public lands, was completed this afternoon in the United States court.

The opening address to the jury on behalf of the United States was made by Mr. Burch of Detroit, special representatives of the attorney general of the United States. He dealt at length on the details of the charges set forth in the indictments, that of conspiracy to defraud the government out of timber lands by inducing persons to make false entries, and asserted that the prosecution was almost without malice but would be carried out without fear or favor to the end that no man guilty should escape.

Mr. Burch declared that former governor Frank Steunenberg was one of the leading members of the conspiracy and had openly stated that he was interested in obtaining timebr lands by causing others to enter claims for his benefit. He induced others to go in with him, one of these approached being the present governor of Idaho, Frank Gooding. There could be no reflection on governor Gooding, Mr. Burch quietly added, because he turned his back on the scheme and declined to go into it.

SIDINGS AT RELIANCE.

Reliance, Alta., Sept. 24.—The C. P. R. roadmaster's department has a large force of men at work putting in extensive sidings at Reliance. This convenience has been much needed for some time. When the work is completed Reliance will become the regular stopping place for passenger trains.

LONGBOAT CHALLENGED.

Toronto, Sept. 42.—Albert Shrubb has challenged Longboat, Sherrin, or any other man that can be secured to a 10 mile relay race.

TORONTOS' POSTMASTER.

Toronto, Sept. 24.—Ex-mayor Thomas Urquhart, has been offered the position of postmaster, succeeding the late T. C. Patterson, and he will likely accept.

THE YELLOW PERIL.

Dr. E. J. Dillon, the well known publicist, has a striking article in the September Contemporary Review on "The Yellow Peril on the Pacific. In part Dr. Dillon says:

"The Pacific question is the rock against which the pacific endeavors of the Hague conference may be unable to prevail. Americans are resolved, consciously or unconsciously, to effect the commercial conquest of the Far East. And if they lacked the deliberate intention they would none the less aspire instinctively, perseveringly to the acquisition of commercial supremacy there. For it is an economic necessity. Whether, as some fancy, a tunnel will ultimately join the United States in the north with Asia, and Manila become a vast emporium for American manufactures to be exported to South China is a detail of no great importance. The cardinal fact is the tendency of the people of the United States to look upon the Far East as the special market for their industrial output and to become more and more dependent upon industrial and commercial supremacy there will become in consequence a necessity, a matter of vital importance, and the struggle for it a struggle for life and death. And Japan is and will remain the most serious competitor of the United States. Probably in this rivalry rather than in any racial incompatibility lies the source of the dispute between the representatives of the white and yellow peoples, the earliest phase of which is visible in California.

"The Japanese are not only the most formidable competitors of the people of America for the markets of the Far East, they are also the most serious rivals of every other people for any and every prize worth striving for. And they are this, not because they are a whit worse than their neighbors, morally intellectually or physically but in virtue of qualities which we have hitherto professed to esteem and cultivate, but which we now have reason to apprehend. In other words, the root of the matter seems too deep for any of the surgical instruments that are at present known to diplomacy. Already the struggle has begun. For the Japanese, whose efforts are methodical, do not allow the grass to grow under their feet. The strides they make are gigantic. The rapidity, for instance, with which industry was introduced into Nippon and cultivated and developed there is suggestive of the quasi-miraculous growth of the mango plant under the mysterious manipulations of the Oriental juggler.

"They work under conditions not dreamed of by the European. There is no really vexatious workman's legislation, there are no costly responsibilities to bear, and low wages are paid which even African natives would sneer at. What they lacked in their island home the Japs have acquired in Korea, and within a few years the land of the Morning Calm, dotted over with factories, covered with a network of railways and governed by laws drafted or suggested by the wisest of living statesmen, Hirobumi Ito may become the Lancashire of the Extreme Orient. And then? Will a conference sitting in Huis ten Bosch, between the Hague and the ocean, cry "Thus far and no farther," with reasonable hope of being heard and hearkened to?

"It should not be forgotten that this planet of ours contains in round numbers some 1520 millions of human beings struggling to keep body and soul together. Approximately 830 millions of these are in Asia, and only 690 millions scattered over the remainder of the globe. Consequently more than half the human race inhabits the old continent whence our civilization took its origin. What will happen when those masses awaken from the lethargy of centuries and grow conscious at once of their needs and their strength? Already China is rising slowly from the coma in which it was plunged. Having accepted Europes advice and exhortations it is returning slowly to militarism, and there are children now living among us who may not die before China has an army of two millions to defend its vital interests, which assuredly will not be identical with those of the white men of Europe or the United States. And the more intelligent of these children will know that China's transformation was the work of their own fathers."

EDITORIAL NOTES.

Leader Borden's campaign of purity seems to have aroused even his party organs to a sense of its impropriety in view of established facts in the record of tory electioneering methods. The Halifax Herald, Mr. Borden's organ in that city, commenting on the 1904 campaign and the expenditure of money by the tories, says:

"The conservatives central fund for Nova Scotia was somewhere about $75,000. This sum must have been disbursed in about sixteen constituencies, as in one or two constituencies, such as Yarmouth and Guysborough, the conservative case was so hopelessly lost that it is not likely they spent very much money in them. In some ridings the outpouring of money was very great."

Mr. Hugh Graham, of the Montreal Star, another stalwart tory paper, has already made public his expenditures on behalf of the tory party, expenditures which he claims Mr. Borden personally advised him to make with discretion. We all know that elections cannot be conducted without the expenditure of money, but Mr. Borden's recent utterances would lead the credulous to believe that the tories never spent money in their campaigns and that it was only the wicked grits that ever handled a campaign fund.

OTTAWA ARCHITECT DORWNED.

Ottawa, Sept. 23.—Information reached here last night that Ernest Machado, a brother to J. A. Machado, manager of the American Bank Note company, of this city was drowned in lake Concord, N. H. He was in New Hampshire on business. The deceased was an architect in this city, being the head of the firm of Machado & Weeks and was 35 years of age.

The First Great English Novel That Has Appeared in the Twentieth Century.

Such is the term applied to

JOSEPH VANCE

By William DeMorgan.

"It is a book, not of the last year but of the last decade; the best thing in fiction since Mr. Meredith and Mr. Hardy, a book that must take its place by virtue of its tenderness and pathos, its wit and humor, its love of human kind and its virile characterizations, as the first great English novel that has appeared in the twentieth century."

In cloth binding only $1.25.

MINARD'S LINIMENT CO., Ltd.

Dear Sirs—While in the country last summer I was badly bitten by mosquitoes, so badly that I thought I would be disfigured for a couple of weeks. I was advised to try your liniment to allay the irritation and did so. The effect was more than I expected, a few applications completely curing irritation and preventing the bites from becoming sore. MINARD'S LINIMENT is also a good article to keep off the Mosquitoes. Yours truly,

W. A. V. R.

DECLARED BRIDGE UNSAFE

REPORTED LETTERS FROM WORLD EMINENT ENGINEERS.

ROYAL COMMISSION TO VISIT NEW YORK.

Quebec, Sept. 24.—The royal commission inquiring into the Quebec bridge disaster will finish taking evdence during the day and leave for Ottawa tonight. They will go to New York next Tuesday.

J. Sterling Deans chief engineer of the Phoenix bridge company was the first witness called this morning. He said the design of the bridge, of the traveller and of the erection methods were carried out simultaneously. It was realized that the erection of the bridge was probably the most important part and the designs were made with a view of facilitating the erection. It was not considered necessary to have an engineer on the bridge at all times in addition to the foreman. He had absolute confidence in the men in charge of the bridge. He should expect them to act in case of emergency where they did not think it necessary to report the matter to the Phoenixville office. He also had confidence in their knowing when an emergency should arise; the staff, he said, was the best that could possibly be procured and he had full confidence in them. The first information about the defects to the chords was received by him in a letter dated August 6th, which reached him August 8th. The same day word was received from Mr. Cooper, the consulting engineer, New York, and correspondence was exchanged up to the time of the accident but nothing was done.

Mr. Cooper took the position that the chord was bent in transportation and erection. The first intimation he received that the defect in the chord was serious, was on the morning of the accident. He then called up Messrs Reeves, Zalaska and Edwards. They did not seem to have any serious apprehension. He called up Mr.Birks by telephone and the latter said that an examination had been made since and there was no movement in the chord. He also informed Mr. Deans that the split member put into position showed no change and expressed the opinion that the defect existed at time members of chord were erected.

Mr. Deans, replying to one of the commissioners, said he was of opinion that Birks was right in believing that the bend in the chord existed at the time of erection ,notwithstanding that three other men throught the contrary. The fact that fully 3,000,000 pounds of extra stress had been added since the spliced members had been placed in position, and the fact that it had not changed any, and that the spliced parts and the rivets were in the same position, bears out Birk's statement. The witness had consulted Mr. Edwards, and the shop foreman, and they both expressed the opinion that the bends had previously existed and for that reason, he had no apprehension and decided to await a conference with Mr. McClure.

Deans said that on the day of the collapse they had calls from Quebec at about a quarter to six, but it was ten minutes past seven before they could get any intelligence owing to the bad condition of the telephone lines.

A. B. Millican was called and asked to produce some statements previously requested.

Mr. Hoare was recalled and asked to explain some of the inconsistencies in his former evidence. In his evidence yesterday he said he did not personally examine the defective chord No. 9 but now wished to add that he had confidence in Mr. McClure and the inspector who were for that purpose.

At one o'clock chairman Holgate announced that they were through here, and that it was necessary for them to go to Ottawa tonight, where further evidence would be taken, after which they would go to New York and Phoenixville.

Ottawa ,Sept. 24.—Persistent rumors are in circulation here that two of the most eminent engineers in the world, pronounced the plan of the Quebec bridge unsafe a long while ago. It is said that letters are in existence pointing out the faults in the plans from Mr. Eiffel, constructor of the famous Paris tower, and from the engineer of the Fourth bridge. They say that the bridge would never support its own weight without a pier in the center of the river. More may be heard yet of the matter ,if, as alleged, the original letters are in Ottawa.

CHAMBERLAIN'S COUGH REMEDY ONE OF THE BEST ON THE MARKET.

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity, until it is now one of the most staple medicines in use and has an enormous sale. It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take, and is unloubtedly the best on the market for the purposes for which it is intended. For sale by all druggists.

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY.

TAKE NOTICE that J. H. Clark, of Ymir, B.C., occupation, miner, intends to apply for permission to purchase the following described land:

Commencing at a post planted on the west side of Salmon river, about three miles from E. M. Peters' pre-emption, adjoining Paul Walrick's pre-emption on the west and adjoining A. J. Campbell's application to purchase on the west, S.W. corner post, thence north 160 chains; thence east 40 chains; thence south 160 chains; thece west 40 chains to place of commencement.

J. H. CLARK,
A. J. CAMPBELL, Agent.
July 15, 1907.

NOTICE TO DELINQUENT CO-OWNER

To James Livingstone, or any other person or persons to whom he may have transferred his interest in the Alberta Mineral cliam, situated on the First North Fork of Lemon Creek, in the Slocan City Mining Division of West Kootenay district, and recorded in the Mining Recorder's office at Slocan, B.C.

You, and each of you, are hereby notified that I have expended the sum of four hundred and ten dollars ($410.00) in labor and recording fees upon the above named mineral claim in order to hold the same under the provisions of Sec. 24 of the Mineral Act; and that if, within 90 days from the date of this notice, you fail or refuse to contribute your proportion of the aforesaid expenditure, which is two hundred and five dollars ($205.00) for the four years ending the 12th day of July, 1907, together with all costs of advertising, your interest in the said claim will become vested in the undersigned, under Sec. 4 of the Mineral Act, Amendment Act, 1900.

Dated at Slocan, B.C., this 15th day of July, 1907.

J. T. BEAUCHESNE.

A TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate Nurse from the Blockley Training School, at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education, and what she has to say may be absolutely relied upon.

Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source.

Mrs, Pohlman writes:

"I am firmly persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to use.

"Immediately after my marriage I found that my health began to fail me. I became weak and pale, with severe bearing-down pains, fearful backaches and frequent dizzy spells. The doctors prescribed for me, yet I did not improve. I would bloat after eating and frequently become nauseated. I had an acrid discharge and pains down through my limbs so I could hardly walk. It was as bad a case of female trouble as I have ever known. Lydia E. Pinkham's Vegetable Compound, however, cured me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that while it is considered unprofessional to recommend a patent medicine, I can honestly recommend Lydia E. Pinkham's Vegetable Compound, for I have found that it cures female ills, where all other medicine fails. It is a grand medicine for sick women."

Money cannot buy such testimony as this—merit alone can produce such results, and the ablest specialists now agree that Lydia E. Pinkham's Vegetable Compound is the most universally successful remedy for all female diseases known to medicine.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles.

The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound. Experience has proved this.

It is well for women who are ill to write Mrs. Pinkham, at Lynn, Mass. In her great experience, which covers many years, she has probably had to deal with dozens of cases just like yours. Her advice is free and confidential.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

ORIENTAL IMMIGRATION

TIMELY CONTRIBUTION ON SUBJECT TO CANADIAN COURIER.

DR. W. J. JOHNSON, OF VANCOUVER, PUTS CASE PLAINLY.

The question of Oriental immigration to British Columbia is a purely local one, and in all fair play should be treated as such. Residents in other portions of Canada are not qualified to pronounce on the problem, and before they become qualified they must come to British Columbia and study the matter at close quarters. Meantime it may be well to say that things have come to such a pass in Victoria and Vancouver that a native Canadian or an immigrant fresh from England or Scotland cannot get a job. A young Englishman spent a month looking for a position, and it was only by accident he happened on one. He would have taken anything that offered, for his funds were low. He applied at the hotels; he found that one of them, the leading hotel in Vancover, employed twelve Chinamen and ewenty-five Japanese. The Englishman would have been glad to have had any of their positions, but owing to some wretched twist in the condition of things, the Jap is preferred before the Englishman. A friend of the writer visited Vancouver and Victoria. I asked him his impressions. He was delighted with all he saw, but, said he, the name of the province should be changed from British Columbia to Jap Columbia. A halt to the march of Oriental immigration must be called some time. Why not do it now?

We want to keep British Columbia a white man's country, and at any and all costs we will keep it white. Japan, of course, will feel wounded, but if Japan will analyse the question it cannot blame us. The two races cannot pull together. They were never intended to pull together. Do they pull together in Japan? Ask the four or five thousand Englishmen in Tokio. It is a well known fact that the Japanese hate them with a bitter hatred.

Now, we, in British Columbia, don't hate the Jap. He is not obtrusive; he minds his own business, but he is gobbling up all the "business" in sight. He is crowding the white man out.

The goody-goody Sunday school organ of Montreal takes a different view of the situation. Has its editor ever been in Vancouver, or does he just write from hearsay? The fact is, that he knows as much about the problem of Japanese immigration as a lobster does about the Nebular hypothesis, so how is he competent to discuss the question. If he could see the Chinese quarters in Vancouver it would open his eyes. We have 10,000 of them here. They cook in our restaurants, they are kitchen hands in all our hotels, but it would spoil the flavor of our breakfast if we saw the room the "cook" slept in. I saw it. It was 18 feet feet square and 50 Chinamen slept in it. Its filth is indescribable its odor was the most horrible that ever offended a human nostril. The building in which this room is situated is about 40 feet wide and 200 long, and as many as 2000 Chinese are crowded into it. The condition of things that prevail in that wretched warren is not fit to print. I saw 50 rats fighting over the ill-smelling vegetable refuse in the little yard or open space where the sanitary conveniences are supposed to be situated. Soap is conspicuous by its absence in the little corridor where the heathen are supposed to wash themselves. The dirt is more than two inches deep on the floor and there's not a broom in the place. Yet every Chinaman in the crowd is earning wages, sometimes high wages, yes from $50 to $75 a month. He is storing this up to take him back to China. He will be a mandarin there one day. That's his only ambition in life. Is it any wonder we are ambitious to curtail this influx? That "warren," for it is a warren where 2000 Chinese are packed like herring—sleeping five and six in a single bunk, is enough to poison the atmosphere of a city twice as large as ours. The Japs are not, as a rule, unsanitary in their habits. They are law-abiding, too, and inoffensive, but are these any reasons why they should swarm over British Columbia like bees and crowd the white man out! But we must not wound the feelings of the Mikado by telling him to keep his Japs at home. The Mikado is a broadminded man and he can be made to see our predicament and not be a bit wounded. How would he feel if the cry went up that Japan was fast becoming a white man's country Does anyone—does the editor of the Herald find fault with us because we can truthfully say that British Columbia is fast becoming a yellow man's country. The matter is purely a local one and we will keep it white or know the reason why. The Sunday school organ of Montreal would sell us body and soul to a heathen majority, but if he will read his Bible over again he will find that the Lord never had any compunction in driving the heathen out to make room for His chosen people. Now we shall keep and treat decently the thousands of Japanese already inflicted on us ,but we will have no compunction of conscience in saying we have all we want of them, and treat all new arrivals as they treat them in the states—deport them.

CHEAP MAN TOO EXPENSIVE.

Editor The Daily News: I notice by the paper that the city is again intending to advertise for a general electrical engineer to take charge of the city electrical department for the sum of $135 per month, and I think it is time some one should enter a protest against this short sighted policy.

The city has spent a very large sum on its electric light plant. It has no duplicate machine to put into service in case of breakdown, and any serious accident would cause a delay of months, and also a very serious loss to the city and to all users of power and light.

Under these circumstances it is imperative that a thoroughly competent man should be at the head of this department.

Of course a cheap man is more willing to be "bossed" by the civic officials, but that is the one thing we do not want.

I have had twenty years experience as a mechanical engineer with different kinds of plants, both steam and electric, and am convinced that at least two-thirds of the serious but avoidable accidents which occur, are due, not to the carelessness of the man in the engine-room, but to the lack of knowledge or experience on the part of the superintendent.

For $135 per month you canont expect to get a good man, and the city cannot possibly afford to take and chances with an inexperienced or incompetent one.

To avoid misunderstanding I will add that I am not open for the job myself, and have not anyone in view for it.

I enclose my card, and remain, your faithfully, CITIZEN.

Nelson, C. C., Sept. 24.

RUEF'S EASY TIME

San Francisco, Sept. 24—Abraham Ruef is no longer confined in the former residence of former mayor Schmitz on Filmore street. Yesterday Ruef took up his residence at Pacific and Filmore streets in a private house, where he is reduced to two rooms. His guards were also cut down to two.

NOTICE is hereby given that 30 days after date I intend to apply to the Chief Commissioner of Lands and Works at Victoria, B.C., for a special license to cut and carry away timber from the following described lands:

No. 1—Commencing at a post planted on the east boundary of block 5817 and marked "C.S. northwest corner post, limit No. 1," on the west side of Deer creek, running as follows: 80 chains south; thence 80 chains east; thence 80 chains north; thence 80 chains west to point of commencement.

No. 2—Commencing at a post planted at the northwest corner of C.S. No. 1 limit, marked "C.S. S.W. corner post," thence 80 chains north; thence 80 chains east; thence 80 chains south; thence 80 chains west to point of comment.

No. 3—Commencing at a post planted on the northern boundary of C.S. limit No. 2, marked "C.S. S.W. corner," thence north 80 chains; thence east 80 chains; thence south 80 chains; thence west 80 chains, to point of commencement.

No. 4—Commencing at a post planted on the northern boundary of C.S. limit No. 3, marked "C.S. S.W. corner," thence 80 chains north; thence 80 chains east; thence 80 chains south; thence 80 chains west, to point of commencement.

No. 5—Commencing at a post planted on the northern boundary of C.S. limit No. 4, marked "C.S. S.W. corner," thence 80 chains north; thence 80 chains east; thence 80 chains south; thence 80 chains west to point of commencement.

No. 6—Commencing at a post planted at the southeast corner of C.S. limit No. 5, marked "C.S. S.W. corner," thence 80 chains east; thence 80 chains north; thence 80 chains west; thence 80 chains south, to point of commencement.

Dated March 27, 1907.

CHARLES SCHWARTZENHAUER.

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY, B.C.

TAKE NOTICE that Fred A. Kribs of Portland, Ore., occupation timber merchant intends to apply for a special timber license over the following described lands:

Commencing at a post planted about 20 rods west and 250 paces north of the confluence of the South Fork of the Salmon river and Wilson creek, about 14 miles south of Salmo, B.C., thence west 80 chains; thence south 80 chains; thence east 80 chains; thence north 80 chains to point of commencement, and containing 640 acres more or less. Said point of commencement can be reached from said confluence of the South Fork of the Salmon river and Wilson creek by going west up a gulch about 60 rods to a point where a trail running in a northerly direction has been blazed or about 250 paces.

THE DAILY NEWS

PRINTERS AND PUBLISHERS

NELSON NEWS OF THE DAY

McDermid and McHardy report the sale of a house on the corner of Victoria and Cedar streets, belonging to R. Robertson, to A. P. Hebden.

R. E. Noble of the Strathcona hotel, and Fred Bosquet, caught 89 trout at the lower Bonnington pool yesterday, running from a half to three and a half pounds.

Word has been received from R. S. Lennie from New Westminster, that his mother, who was stricken with paralysis last Saturday, still remains in a most critical state and a change for the better or the reverse is expected hourly.

N. J. Cavanaugh has received word from Spokane that the mineral display sent from here at the close of the local fair, easily outshines the other mineral exhibits at the Inland Empire fair. When Mr. Cavanaugh heard the prizes had not been announced.

Before stipendiary magistrate W. H. Bullock-Webster the hearing of the charge against Jack Redding of isorderly conduct at the Grove hotel on the afternoon of Sunday, Sept. 15, adjourned from the previous day, was concluded and the case was dismissed, without costs, the magistrate holding that the evidence given did not justify a conviction under the terms of the statute. Provincial chief of police Devitt prosecuted and A. M. Johnson defended the accused.

The speakers at the conservative meeting to be held in the opera house next Saturday evening, in R. L. Borden, leader of the opposition in the commons, will be J. G. H. Bergeron, M.P. for Beauharnois, Que; Hon. Richard McBride, premier of B.C., and possibly Hon. R. P. Robin, premier of Manitoba, and F. W. G. Haultain, leader of the opposition in hte Saskatchewan legislature. The party will arrive by special train on Saturday evening.

An interesting exhibit is now on view at the office of the 20,000 club. This is a cast in gelatine and plaster of the big trout caught at Kaslo last July. It will be remembered that J. P. Babcock, the provincial fisheries commissioner, was here at the time and secured the fish for museum purposes and that Mr. Ebbutt obtained a promise of a duplicate cast. The reproduction of the fish is most life like and is a splendid example of the art, and as the fish itself was one of the finest specimens ever caught in local waters, measuring 37 1-4 inches, and weighing 22 pounds, it forms a most attractive and interesting addition to the club's offices. It is interesting to know that Mr. Babcock pronounced the fish to be a little different from any variety of trout and that after consultation with the authorities of the Smithsonian institute it has been honored with a special and descriptive name, viz., "Salmo Kootenail."

Fred J. Squire has received details of the 83rd annual convention of sovereign grand lodge I.O.O.F., held at St. Paul last week. The B.C. delegates were W. H. Thorpe, Nanaimo, vice A. Sheret, Victoria, who retired on account of illness, D. E. Mackenzie, New Westminster, and D. G. Dailey, Nanaimo; the first represented the grand encampment and the second the grand lodge of B.C.. The order is now in its 89th year and the Rebekah branch in its 56th year. The membership of the subordinate lodges now numbers 1,317,722 The Rebekah membership is: Brothers, 188,693; sisters, 343,030. The total membership is 1,660,752. The total membership increase for the year was 105,935, made up of 82,228 subordinate lodges and 23647 in the Rebekah branch. The total revenue for the year was $14,378,206, and the benefits paid out $4,809,956. The next meeting will be held in Denver, Colorado. Officers are elected every two years, the next election taking place at Denver.

The regular review of Aberdeen Hive No. 12 of the L.O.T.M. will be held in the K.P. hall this evening at 8 o'clock sharp. A full attendance is requested as there will be initiation.

A capital chance at the hotel business. Long established, large patronage both local and foreign. Owner and proprietor wishes to retire from active life. Situated in the Boundary country amid smelters and other industries. Inquiries addressed H., Box 293, Daily News will have full information.

BOARD OF TRADE BANQUET

Interesting Announcement by Attorney-General Bowser and R. Marpole

Vancouver, Sept. 24—At a banquet of the board of trade held last night to commemorate its 20th anniversary Hon. W. J. Bowser, attorney general, announced that the government had in hand a policy to bring white immigrants from the old country, by assisting them, and that all possible would be done to do without Japanese or Chinese.

Another announcement was made by R. Marpole of the C.P.R., that that railway was going ahead with development in all parts of this province and especially in the port of Vancouver.

Captain T. H. Worsnop of the Mexican service, gave the pleasing information that although the steamers had been in operation but a few months, the next boat would leave here with a full cargo and as freight rates would be very low, merchants of western Canada would find it to their advantage to trade with Mexico.

Hon. R. L. Borden was a guest at the president's right and gave an address which was greatly appreciated. Politics were not touched on, though local speakers did venture on this ground.

Hon. R. L. Borden was waited on by a deputation from the Asiatic Exclusion league and asked for the stand of the conservative party on this question. He asked that he be allowed to hold his reply over until the public meeting. The league has decided not to hold another parade next Saturday, the mayor having stated that if any such thing were attempted the police would take the matter in hand.

On the Empress of Japan, which sails next week for the orient, a party of 15 missionaries will leave for China.

JAMAICANS ALARMED

Kingston, Sept. 24—The influx of Chinese here is a serious matter. One section of the press is urging the government to take steps to prevent their landing here as being detrimental to local traders. Kingston's city council has adopted a resolution calling on the government to amend the pauper alien immigration law so as to prohibit the entrance of undesirable foreigners. The resolution is aimed at the Chinese and Syrians, who, it is said, are over running the islands.

KOOTENAY FRUIT LANDS

A conversation heard on Baker street, Nelson, on August 30th, is as follows:

Q. Who did you buy your fruit land from?

A. Mr. Annable.

Q. Where is it located?

A. At Burton City.

Q. Why do you consider it the best?

A. Well, it is good soil, free from stone, the land is level and there is a nice stream of water which can be run over every block and you can have it piped into your house; and above all he has all the blocks laid out so that each one has a lake shore frontage, and it is close to town and there is a nice settlement, one 30 acre orchard and several smaller ones on the next lots.

Q. How is the price?

A. It is not any higher than others are charging for land away back from the lake shore.

Q. What communication?

A. Two steamers every day and daily mail.

Q. Well I am going to see that Burton City land before I buy. Where is J. E. Annable's office?

A. It is next to the postoffice in Nelson. Good-bye.

Synopsis of Canadian Homestead Regulation

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 640 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

INSANE WOMAN'S CRIME

STRANGLES HER THREE LITTLE CHILDREN TO DEATH.

DID NOT WANT THEM TO GROW UP CRAZY LIKE HERSELF.

Buffalo, Sept. 24.—Shortly after 7 o'clock this morning Mrs. Bertha Munda aged 38 strangled to death her three children, Christopher, aged 8, Helen, aged 2 and Freda, aged eight months, at their home, 924 Clinton street. Immediately after committing the deed she went to the Pennsylvania railroad yards, where her husband is employed as a member of a wrecking crew and informed him of her action. Mrs. Munda was placed under arrest.

The children were all sleeping when their mother destroyed them. She murdered the boy Christopher first. He was asleep on a mattress in the parlor. She wrapped a blanket about the boy's head, covering his face, and then tied a clothes line about his neck turning it around three times and then drew it tight and fastened it by tying several knots. The police say the boy could not have lived more than a few minutes. When found, his body was half on the mattress and half on the floor with the face downward. The girl Helen was next slain. The child was asleep in a crib in the parlor. Mrs. Munda wound a clothes line around the little neck twice and after strangling the child she carried the body into the bedroom and put it on the bed and covered it with a quilt. The babe was her next victim. He was asleep in a baby carriage. She tied a piece of clothes line about the little neck once and fastened it into two knots. When Mrs. Munda met her husband she said:

"Fred, I have made away with the three children. Come home and see."

Munda hurried home taking his wife with him. When they reached the house Mrs. Munda sat down at a table and began to cry. Munda next notified the police and the woman was taken into custody. To the superintendent of police Mrs. Munda made a statement in which she said: "I killed the children because I did not want them to grow up and be crazy like me."

ATTACK OF DIARRHOEA CURED BY ONE DOSE OF CHAMBERLAIN'S CHOLERA AND DIARRHOEA REMEDY.

I was so weak from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely, and I had been taking other medicines for nine days without relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints.—R. G. Stewart, of the firm of Stewart & Bro., Greenville, Ala. For sale by all druggists.

CALGARY EXHIBITION

Ottawa, Sept. 24—It is reported from Calgary that an order in council has been passed granting $50,000 toward holding a Dominion exhibition there. This is denied here.

Minard's Liniment Relieves Neuralgia

LAME BACK.

This is an ailment for which Chamberlain's Pain Balm has proven especially valuable. In almost every instance it affords prompt and permanent relief. Mr. Luke LaGrange of Orange, Mich., says of it: "After using a plaster and other remedies for three weeks for a bad lame back, I purchased a bottle of Chamberlain's Pain Balm, and two applications affected a cure." For sale by all druggists.

PRICE OF BREAD

Ottawa, Sept. 24— The price of bread advanced in Ottawa today to 12 cents a loaf, of $1.40 a dozen, the highest that it has been for eight years.

ONE MILLION ADVERTISEMENTS

The New York World sent up one hundred balloons last Saturday, celebrating its one-millionth "want" advertisement this year. Each balloon contained an order for $10 in gold. Anyone finding one of these balloons should send the order to the New York World and get the $10 gold piece offered. This is the largest advertising record ever made in eight months by any newspaper in the world.

BRANCH OF NELSON BREWERY

Princeton Star: The Princeton branch of the Nelson Brewery was opened about a year ago for business and has produced good beer, despite the fact that a great deal of trouble has been experienced with the water supply. When the present manager, Gus Johnson, took charge a few months ago, he at once took steps to procure an efficient supply of pure water, and pipes have now been connected with the Similkameen, from where the water is pumped to the brewery. It will now be possible to put on the market an even superior article than has heretofore been turned out. Mr. Johnson has also made other improvements to the plant and it will not be his fault if Princeton beer does not become as famous as the great Milwaukee brand. The present output of the brewery is about 500 gallons per month which will later be increased as business demands. Later on porter and ale will be made. Tulameen City and Granite Creek use Princeton beer and speak well of it.

NOTICE.

NOTICE is hereby given that the Annual General Meeting of the Eva Gold Mines, Limited, will be held in the office of the company, K. W. C. Block, Nelson, B. C., on Tuesday, 1st October, 1907, at 3 o'clock p.m.

By Order
W. C. BAYLY, Secretary.

September 14th, 1907.

Safest Medicine for Women's Complaints

Women certainly do neglect themselves. They work too hard—over-tax their strength—and then wonder why they suffer with diseases peculiar to their sex.

Most cases of female trouble start when the bowels become inactive—the kidneys strained—and the skin not cared for. Poisons, which should leave the system by these organs, are taken up by the blood and inflame the delicate female organs.

Fruit-a-tives

OR (FRUIT LIVER TABLETS.)

remove the CAUSE of these diseases. "Fruit-a-tives" sweeten the stomach—make the bowels move regularly every day — strengthen the kidneys—improve the action of the skin—and *thus purify the blood.*

"Fruit-a-tives" take away those distressing headaches, backaches and bearing-down pains, and make women well and strong. "Fruit-a-tives" are fruit juices, intensified, with tonics and antiseptics added. 50c. a-box—6 for $2.50. At all druggists—or from Fruit-a-tives Limited, Ottawa. 118

HILLCREST COAL MINERS

Ottawa, Sept. 24—Hon. C. W. Fisher, speaker of the Alberta legislature, has been appointed chairman of the proposed board of inquiry into the dispute of the Hillcrest coal miners; J. R. McDonald represents the company and Frank Sherman the men.

Successful Men

Will tell you Mr. Man, that good clothes cut quite a figure for success, commercially as well as socially.

In our own city you will find that nearly all of our successful professional and business men wear good tailor-made clothes.

To wear a suit that is correctly designed for you and substantially tailored, will cost you a little more, but men that wear good tailor-made clothes say they are the cheapest in the end.

H. F. MORTENSEN

DESIGNER AND MAKER OF MEN'S CLOTHES.

CANADIAN WHEAT.

Manitoba's Yield Will be Increased a Hundred Per Cent.

Montreal, Sept. 24.—"That the Canadian wheat yield of Manitoba will before long be increased fully 100 per cent, without in the least destroying the quality of the Canadian grain, seems assured from experiments being carried on at Cambridge university," said Prof. McBride of McGill university last evening upon his return from a three months sojourn in Europe. These experiments were just undertaken a couple of years ago when Prof. McBride was across before and while sanguine then as to the benefits which the Canadian farmer would derive, it needed a couple of years trial before results of any practical value could be procured. The great point in this new law of heridity in grain, is that in two years one can tell what strains will combine and give stability and that is just what so interested Prof. McBride this summer while at Cambridge, for to his satisfaction this stability in the cross produced between the Canadian and English grain, has been proved.

The whole question is a vital one and one which lord Strathcona evinced keen interest, his lordship making a special trip to Cambridge to consult with the professor as to the possibilities of this new scientific dea in its applicaton to the Canadian yield. The point which lord Strathcona and some of those carrying on the research at Cambridge maintains is that the hard quality of the Canadian grain is due to the climatic conditions of Manitoba, whereas Prof. McBride feels that within a short time it will be proved to be prely a matter of heridity. The tsrain of hardness being in the grain itself, irrespective of the climate in which it is grown.

NOTICES

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY.

TAKE NOTICE that Arthur J. Campbell, of Ymir, B.C., occupation, miner, intends to apply for permission to purchase the following described land:

Commencing at a post planted on the north side of the Salmon river, about three miles from E. M. Peters' pre-emption, adjoining Paul Wallach's pre-emption on the west, S.E. corner post, running north 160 chains; thence west 40 chains; thence south 160 chains; thence east 40 chains, to point of commencement.

ARTHUR J. CAMPBELL.

July 15, 1907.

NOTICE is hereby given that 60 days after date I intend to apply to the Hon. the Chief Commissoneir of Lands and Works for permission to purchase the following described lands, in West Kootenay District: Situate about 8 miles west from Robson on the north side of the Columbia river, starting at the initial post marked "J.H.R.," thence 10 chains east; thence 5 chains north; thence 10 chains west; thence 5 chains south to place of commencement, said to contain 15 acres more or less, adjoining Annable's purchase.

A Choice Improved Fruit Farm

Containing 41 acres on the east shore of Kootenay lake, not far from Earl Grey's ranch. The soil is a deep red loam with clay subsoil, practically free from rock and can be cleared thoroughly for $20 an acre.

A fine stream is running through the property, with water right of 12 inches. The neighborhood is well settled. As a commercial proposition this is cheap when compared with other land that has been sold nearby.

Eight acres are cleared, there being 500 apple trees, some cherry, plum and walnut trees planted. Also five acres partly cleared. The above description also applies to a ten and twenty acre block adjjoining, except that the water record is three and six inches respectively.

Price of ten acre block $100 per acre and for the 20 acre block $80 per acre. Price for 41 acre block, $5500; terms to suit..

For further particulars see or write

NELSON NEWS OF THE DAY

G. O. Buchanan came in last night from Kaslo.

The owner of a lost spectacle case can have his property upon application to this office.

The temperature yesterday varied between 47 and 77 degrees, the latter temperature being the highest on record for the current month.

A new departure is being attempted by some of the ranchers on the Arm, in the way of raising early vegetables, one rancher is putting in 4000 feet of glass for an experiment for next spring.

H. A. Clemens, representing the American Type Foundry in Vancouver, is a guest at the Hume. Mr. Clemens is a printer, editor and general good fellow, taking a keen interest in all sports.

Readers of The Daily News will learn with regret of the dangerous illness of Mr. and Mrs. W. Irvine's youngest son. The child has never been very strong and last night was reported to be in a very dangerous condition.

The 56th anniversary of the Rebekah degree of the I.O.O.F. was celebrated last evening by a pleasant social in the I.O.O.F. hall. About 50 couple were present. Mrs. F. J. Squire gave an address on the history of the Rebekahs. After the address dancing was indulged in and light refreshments were served and a very pleasant evening was brought to a close about midnight.

There were several enquiries at this office last night as to the result of the glove contest at Kaslo. The Daily News special correspondent who spent the day in writing up the fair was obliged to leave on the 6 o'clock boat and as the telegraph office closes at 8 p.m. in Kaslo, no result of the fight could be obtained.

BALLOON ASCENT.

Most Successful Aerial Voyage Ever Accomplished.

Constance, Grand Duchy of Baden, Sept. 24.—Count Ferdinand Zeppelin, the eGrman aeronaut, today made the most successful aerial voyage hitherto achieved in any dirigible balloon. He spent four hours and seventeen minutes in the air, completely circumnavigating the lake of Constance and passing over five different states. The speed of the airship is estimated to have been at least thirty-eight miles an hour. When both motors were in operation it easily outdistanced the numerous steamers laden with obesrvers that followed on the lake. Count Zeppelin, who is 69 years of age, was in command of the ship which bears his name. He had with him two assistants and a crew of seven men to run the motors. The airship executed the most diverse evolutions with the greatest ease. It moved back and forth before the windows of the royal castle at Friedrichshafen, making the turns on a very small radius and coming down the homeward stretch it ascended or descended at the will of the pilot, at times alomst dipping into the water and then rising to a height of six hundred feet.

The balloon used today is on a rigid frame, 420 feet long over all. It holds 11,000 cubic meters of gas. Count Zeppelin who was most enthusiastic over the day's work, intends to make another ascent tomorrow.

SURVIVORS OF WRECK

Port Townsend, Sept. 24—Captain Murchison and 253 survivors of the ship John Currier, recently wrecked in Alaskan waters, and who were rescued by the United States revenue cutter Thetis, reached this port today. The cutter proceeded with the survivors to Seattle.

DEATH OF MISS CALVERT.

London Ont., Sept. 24.—Miss Luella Calvert, eldest daughter of W. S. Calvert, M. P., passed away last evening at the family residence.

THE TRUNK MYSTERY.

Seattle, Sept. 24.—eLss than a month ago Mrs. Agnew True McCombs Covington, whose body was found in a trunk on the beach at Alkal point Sunday morning, told Miss Ada Hopkins, her friend, that she loved Charles Burilson better than she did her husband Frank Covington. Burilson and Covington were war mfriends. Both are missing and the police are seeking for them in the hope of finding a clue to the murder. P. McDonohue, an epxress man, informed the police today that about two weeks ago he was called to the Keswick hotel where the murder is thought to have been committed and removed a trunk to the Galbraith dock. Two men accompanied him and he assisted them in placing the trunk aboard a vessel, which he thinks was the Florence K, which runs to Eagle Harbor, a small town across the bay. The trunk referred to answered the description of the one in which the body was found.

Toronto, Sept. 24.—Physicians held a consultation here yesterday in regard to the condition of George D Grant, M. P., for North Ontario, and decided that no operation was immediately necessary. Grant has been ill here for some weeks.
