VOL. 6 NELSON, B. C., WEDNESDAY, OCTOBER 16, 1907 NO. 152

## MAKE OFFERS

### Telephone Company and the Board of Trade

### WILL BUILD TO PROCTER

BUT MUST HAVE GUARANTEE OF NOT LESS THAN 35 SUBSCRIBERS—ALTERNATE PROPOSALS LAID BEFORE THE SPECIAL COMMITTEE.

At a meeting last night between the telephone committee of the board of trade and the officials of the B.C. Telephone company which was held in the company's offices here, three proposals were laid before the committee by secretary Halse. If there can be found 35 subscribers who are willing to pay $4 a month, six months to be paid in advance, the secretary is prepared to recommend to his company the building of a line into Procter, giving a metallic circuit and not placing more than five telephones upon any one wire. The company would also be prepared to maintain this line for that rental.

The second proposal is that the people desirous of having a telephone service should form a company and construct the line themselves, the B.C. Telephone company engaging to supply the operating and also to assist in financing the company, if such assistance were desired and adso to supply material at cost price, the subscribers afterwards maintaining the line at their own cost and getting connection with the telepone company's switchboard in Nelson at a cost of 50 cents a month only.

The third proposal is that the people now on the line clean that line up and hereafter look after its maintenance themselves without extending it any further and the company will then supply them with a service at 50 cents a month.

On the other hand if none of these proposals are seriously taken up by Dec. 1 next the B. C. Telephone company will disconnect over the lake after that date. If there is a fair prospect of business being done, although not actually accomplished, the company will extend this time and will endeavor to maintain a service through the winter until the spring time when construction could begin.

Of the three proposals Mr. Halse recommends the adoption of the second. He is of the opinion that the ranchers can build and maintain the line cheaper than can the company inasmuch as the ranchers can make the repairs themselves whereas the company would be obliged to send a man out from town for every trouble that arose.

The present line, including the cable which runs from the boat house to the rock bluff opposite, is a single line. There are seven instruments upon it, which number is too great for efficiency. The line is down in several places; it often runs through wet brush and sometimes along logs and in consequence the service is very bad. However, three men working for a week could put the line in good enough order to run satisfactory through the winter.

Going into the cost of the line several figures were given. To buy and erect the poles would cost about $6 each. Placing the crossbars, insulators, etc., would cost about $3 a pole more. The cost of wire is about $10 a mile for each wire. On the basis of 35 subscribers, five on a line and each line to have a metallic instead of a ground circuit as at present, this would mean $140 a mile. As there would be 35 poles to the mile, this would bring the cost of poles and wire up to $450 a mile, without counting the cost of stringing the wires and incidental expenses which would bring the estimate to about $500 a mile. This also does not include the cost of cable which is expensive. The present one wire cable would be of no use and in consequence an entirely new cable, carrying at least 14 wires would have to be provided. The projected route is to cross the lake just about where the present cable lies and run along the north shore as far as Harrop, where the line would again cross. It might be just possible to fly the line across at this point, avoiding the expensive cable, or to run along the north shore to the narrows above, going to Procter and adding some miles further to the total length by doubling back to Harrop along the south side of the Arm. It will be seen that the total cost of construction will be between $10,000 and $15,000, depending upon the route selected and upon the number of wires that may be strung. It is also proposed to run the wire along the right of way of the government road or to have the right of way conceded by the ranchers. This does not mean that the company, if the company undertake the building, will own any of the land but merely have a right of way over it.

In arriving at a rental of $4 a month Mr. Halse explained that the cost of maintenance and depreciation would be about $1600 a year, figuring the actual maintenance at $350, and that 35 subscribers at $4 a month each figured out $1680.

Furthermore, the company would not consent to the use of the telephone poles for electric lighting wires on the ground of danger. In the event of any higher voltage wires breaking and coming in contact with the telephone lines the consequence would be the immediate burning out of every instrument on the line and the destruction of several thousand dollars worth of property in the company's switch board in Nelson.

#### CAN'T LOCATE BODIES

Calgary, Oct. 15—A diligent search lasting over two weeks has failed to locate the bodies of P. J. McConnell and T. Jones, drowned in Third lake, 40 miles south of Calgary. Every day since Sept. 26 parties have dynamited and dragged the lake but without results. A C.P.R. launch used on the irrigation canal was loaned for the purpost of assisting the searching party.

McConnell was a wealthy and prominent breeder of pure bred stock and well known throughout the west. Jones was a prominent Okotoks merchant. They were both drowned while duck shooting.

#### WICKED BRANTFORD.

Baptist Parson Gives Ontario City a Bad Character.

(Special to The Daily News)

Brantford, Oct. 15.—Rev. S. J. Farmer, pastor of the First Baptist church, declares Brantford, in addition to being the most profane city, is the most drunken he has ever seen in his experience, covering travels through the principal centres of Canada, America and England.

#### BLAME THE COMPANY

Trenton, Oct. 15—The jury empannelled to enquire into the cause of the collision near here last Thursday morning, has brought in a verdict that the collision was caused by engineer Kerr and brakeman Wilson in mistaking the eastern switch for the western one, the only light on the western one being out and find that the railway company is to blame for not using proper precautions in keeping switch lights in good condition and having a permanent switchman at such a dangerous point.

#### CONGRATULATES C.P.R.

Montreal, Oct. 15—The dominion commissioner of dairying and cold storage has written G. M. Bosworth, fourth vice-president of the C.P.R. ,congratulating the company on its enterprise in erecting the new cold storage plant at Sandon dock, Liverpool, and speaking highly of its excellent equipment.

#### PRISONERS ESCAPE

Toronto, Oct. 15—Two prisoners escaped from the Toronto jail this morning, Jack Burke who was serving three months for selling liquor without a license, and Wm. Grey, doing three months for stealing grain. The men were employed in the kitchen of the jail but walked out of the yard, jumped over the fence and ran away.

## ALBERTA LUMBER DEALERS

HEARING OF CHARGES CONTINUED AT EDMONTON

INSPECTOR WORSLEY CONSIDERS A POINT OF LAW

Edmonton, Oct. 15—At yesterday's hearing of the charges against the directorate of the Alberta Lumber Dealers' association, Mr. Woods, deputy attorney general again conducted the prosecution while R. B. Bennett appeared for the defendants. The evidence generally was of an interesting character, one part in particular being of considerable importance. Woods desired to call Clark as a witness, but as Clark is at present a defendant and cannot be forced into the witness box, the prosecution suggested the commencement of another of the cases and the calling of Clark as a witness in it. The difficulty, however, arose that all the other defendants have given their cognizances to appear at the supreme court. Inspector Worsley is considering the point of law raised.

D. Gourlay, a lumber dealer of Lacombe, was the frst witness called. He said he was a member of the Western Retail Lumber Dealers' association. He had been a member since it had spread to the west. He had conversations with some of the members in Winnipeg when they made a tour west. He did not keep copies of his correspondence. He remained a member of the Western Retailers' association when the Alberta Retail Lumber Dealers' association was formed. He destroyed all his letters regularly. Those he had no use for were destroyed at once, others were destroyed regularly, generally at the time he went over his correspondence and destroyed all that ceased to be of any use. The witness was present at the meeting on Feb. 8 when the Alberta association was organized. There was some discussion as to whether those present should adhere to the Western association and it was ultimately decided to form the Alberta Retail Lumber Dealers' association and this was done the same day. Mr. Woods then read over a list of those present at the organization meeting and, with the exception of six names the witness identified member of the Western association. The general feeling was that they wanted a live organization in Alberta and not a dead one as in Manitoba. He did not think they were getting service for the money paid. From time to time witness had correspondence with Mr. Grogan, but once with Mr. Wells, Mr. Alexander, Mr. Green or Mr. Hellwell. He had received from 15 to 20 letters from Mr. Gogan; the lettes were destroyed on Feb. 28, 1906. Witness was then questioned as to the individual letters destroyed and explained that it was since this trial had commenced. There was one asking that witness should honor a draft that was to pay expenses connected with this trial.

A. F. Gross of Wetaskiwin was the next witness called and was treated by the court as a hostile witness.

Mr. Woods proceeded to call Mr. Clark, the defendant. Inspector Worsley having, however, expressed a desire that Mr. Clark should be held over until he had an opportunity of looking into the law, Samuel Skeed of Calgary was called as the next witness and was followed by J. W. Davidson,, vice-president of the Staples Lumber company.

#### WOULD NOT APPEAR

Quebec, Oct. 15—When the Provost-Asselin case was called again this morning the latter failed to appear for the third time, whereupon judge Blanchet put off the case until the next criminal court. He however, advised both parties in the meantime to try and settle the case among themselves.

## CUT IN WAGES

### Foreshadowed by President of Canadian Consolidated

### LABOR SITUATION IN B.C.

W. D. MATTHEWS INTIMATES THAT DROP IN PRICE OF METALS NECESSITATES READJUSTMENT OF WAGES—SHAUGHNESSY ON JAPANESE QUESTION.

(Special to The Daily News)

Vancouver, Oct. 15.—W. D. Matthews, president of the Canadian Consolidated Mining and Smelting company, traveling on the coast with sir Thomas Shaughnessy, this afternoon gave an interview on the labor condition of the province. He stated that British Columbia, more than any other part of the dominion should be interested in having labor conditions which would enable capitalists to meet on equal terms, on that line, other sections having the same natural resources, and the existing conditions were exactly the opposite from what should prevail. In face of this fact there had been a depression in business along lines in which the province was interested making the situation increasingly difficult. Silver had recently dropped seven cents per ounce, lead had gone down $15 per ton and copper was 12 cents below former quotations. The lumber business was also uncertain. Taking all these facts into account there must shortly be a readjustment of wages to meet the changed conditions and the sooner this necessity was realized and accepted by all classes the better it would be for the future of the province.

Sir Thomas Shaughnessy at Victoria said today: "The question of the influx of Orientals was a live matter. Like all others he desired and hoped to see British Columbia ket a white man's country, but on the other hand he wished to see every kind of machinery in existence to create occupations for white men. He could not see why there was such opposition to Japanese entering the country, as he believed them in every way equal to Caucasians.

The Britannia smelter at Crofton has closen down and the force at the supplying mines has been greatly reduced. The management deny that the step is taken because of the reduced prices of copper, alleging a deficient water power as the real reason.

## ON MONTREAL EXCHANGE

PANIC YESTERDAY OVER DETROIT RAILWAY STOCK

DIRECTORS DECIDE TO PAY NO DIVIDEND

Montreal, Oct, 15—There was a panic on the stock exchange this morning as the result of the action of the directors of the Detroit United railway, in New York yesterday deciding to pay no dividends at this time. The dividend was a 5 per cent per annum, payable quarterly and the next payment was due next month. The stock was largely held here.

When the market opened the stock dropped from 50, the closing price yesterday, to 40. Later it reached 30 and then gradually recovered to 36. All other stocks were affected. Much indignation is expressed over the action of the directors. A Detroit despatch says the Detroit United stock has dropped five million and a half dollars in a year, due mayor Thomson of Detroit, says to the campaign for cheaper rates.

#### MAYOR FINANCIALLY INTERESTED

Cleveland, Oct. 15—Judge Lawrence of the common pleas court, rendered a decision this afternoon holding as illegal all franchises granted by the council for so called three cent fare lines on the east side, except a small section constructed in east 14th street which serves about two blocks. The court found that the franchises for three cent lines in the west side were valid because they were granted prior to the date upon which mayor Johnson was alleged to have become financially interested in the roads.

#### THE DONOR NAMED.

Hamilton, Oct. 15.—C. A. Birge, president of the Canada Screw company, and a former president of the Canada Manufacturers' Association, is the Hamilton man who donated $50,000 to Victoria University, Toronto, a few days ago and whose name was withheld.

#### CONFISCATE COAL

Moncton, Oct. 15—The Intercolonial railway has begun to confiscate private consignments of coal on account of the shortage of its own supply, due to the strike. The settlement of the strike will relieve the situation.

#### CUT THE RATES.

Montreal, Oct. 15.—The city council has given the third reading to a resolution reducing water rates from seven and a half per cent to five per cent.

#### BETTER TRADE RELATIONS.

Ottawa, Oct. 15.—The Dominion government will, next summer, negotiate with Germany and Italy for improved trade relations.

#### MINE AND SMELTER CLOSE.

(Special to The Daily News.)

Greenwood, Oct. 15.—The smelter and mines of the Dominion Copper company at Boundary Falls were closed down this morning by manager W. C. Thomas.

Mr. Thomas was asked for an explanation this afternoon and he stated that the close-down was in consequence of orders from New York. The manager added that he could not say how long the close-down would last.

## NELSON CEMENT COMPANY

LOCAL CONCERN ENTERS UPON A NEW INDUSTRY.

ORGANIZATION TOOK PLACE YESTERDAY AFTERNOON.

There was a meeting yesterday afternoon at four o'clock in the Hume hotel of the provisional directorate of a newly formed company which promises to add yet another to the number of Nelson's industries. This company was gazetted on October 10 as the Nelson Cement Works and is formed for the purpose of making hollow concrete blocks for building purposes. The originators of the scheme are C. W. Bourke and W. F. Mawdsley. They have acquired a couple of lots immediatey east of the city reservoir where the works is to be situated. It is claimed on behalf of the company that the concrete hollow blocks can be laid in the wall, counting the cost of making and of placing, at one-third less cost than would be the cost of brick used here, with the added advantage that the blocks being hollow and therefore containing an air space, keep the building constructed with them, of a lower temperature in summer and a higher temperature in winter than would be the case were the wall solid.

The lots purchased have been reported upon by George Revell, who says that they contain sufficient sharp sand and small pebbles, essential to the making of the blocks, to last the company for many years. Situated within a hundred yards of the mountain station the cement, which is to be bought from the coast, can be delivered at a small cost, the haul being down hill. Similarily as the market for these hollow blocks will be within the city they can be delivered to all points on a down hill haul and hence the cost of hauling is materially reduced.

There is a good deal of machinery connected with the plant. A concrete mixer is necessary besides the block machine and the gasoline engine (of four horse power) which is wanted to run the plant. Some of this, and of other machinery, is already on the ground, some arrived yesterday from the east and the remainder is expected to arrive within the next few days.

The blocks will be made by machinery and dried. Within a month the blocks are able to stand a pressure of 1700 feet to the square inch before crushing and after a period of five years they possess the solidity of stone. It is aslo claimed that the blocks will stand being heated to a white heat in case of fire and will then bear cold water being thrown upon them without cracking.

The meeting yesterday afternoon was of the provisional directors, who were Hamilton Byers, G. P. Wells, J. J. Campbell, B. A. Isaac and G. C. Douglas. These formed the company who purchased the property from the vendors, C. W. Bourke and W. F. Mawdsley, through the medium of D. O. Thomas, H. A. Stewart being the solicitor of the company. The provisional directorate yesterday appointed the officers of the company for the coming year. These are C. W. Bourke, W. F. Mawdsley, G. C. Douglas, F. Starkey and H A. Stewart. These directors will meet at a later date and appoint their president from out of their number and will also appoint some other person as secretary.

The company has a capitalization of $25,000, divided into 2,500 shares of a par value of $10 each. Of these shares 1,000 are to be kept in reserve in the treasury and 1,500 are open for allotment, the conditions of alotment being that $2.50 per share are to be lodged with the company's bankers, the Bank of Commerce on application, $2.50 more on allotment and the remainder to stay on call of the directorate, no more than $2.50 being liable to be called for in any one calndar month.

#### CANADA'S GREAT REVENUE.

Halifax, Oct. 15.—Five thousand people attended the reception in Hon. W. S .Fielding's home to-night. The minister of finance discussed the tariff and the new French treaty, which he said, would prove acceptable to the people when the details were published. This would not be possible until the treaty was placed before parliament. In discussing Canada's finances he sad the revenue this year would be $100,000,000. He criticised premier McBride of British Columbia for his stand on the provincial subsidies and also scored Mr. R. L. Borden in this connection. Laurier in his speech dwelt principally on the All-Red line, which he said would surely be established. The premier criticised Mr. Borden and his platform.

## WALL STREET

### Bishop Ingram Preaches in the Open

### HE TOLD OF FAITH'S PULL

GREAT NOONDAY MEETING ON FAMOUS FINANCIAL THOROUGHFARE WHEN GOSPEL WAS PREACHED UNDER MOST UNIQUE CONDITIONS.

New York, Oct. 15.—Standing on a temporary platform wherein an office desk served as a pulpit, and with his back to the sombre gray front of the old custom house, the lord bishop of London preached the gospel in the open air of Wall street at noon today. It was the second appearance in the financial district of the right Reverend Arthur Foley Winnington Ingram and while all who could get into Trinity heard him before, a multitude that filled the street from curb to curb listened, it was an unique sight. On either hand of the bishop were banks and brokerage houses while nearby were the various exchanges where the world's markets are recorded. Many who failed of standing room within hearing distance looked from the open windows and even the roofs of many buildings were lined with auditors. Bankers, brokers, policemen, clerks and messengers made up the audience. It was the bishop's fortieth sermon since his arrival here for "rest and recreation." The bishop announced no text but talked of the "pull" of faith. "A small boy was walking along a London street on one of those foggy days and holding a stick and kite string in his hand," he said, "some body asked him what he had and he replied that he had a kite. "How do you know you have a kite, you can't see it," was the question.

"No," was the reply. "I can't see it but I can feel it pull. In our lives as Christians we have also to feel the fact that we are believing in something we cannot see, but that we can feel it pulling as every moment of our lives. I feel a pulling to my intelligence, my mind, my soul, and my conscience and I respond to the pull," he said.

It was the pull of the conscience which enabled men to distinguish right from wrong. The pull of the conscience, the heart and the soul was a pull towards a life of prayer. After the sermon the bishop was entertained at luncheon by a number of clergymen and laymen at the St. Denis hotel where he spoke briefly. The bishop was then whisked away in an auto for a flying trip through the east side, where he visited the university settlement, mills, hotels and hospitals. Tonight he was a guest at the dinner of the Pilgrims.

## WILL TRAIN POLAR BEARS

HOW ARCTIC EXPLORER HOPES TO REACH NORTH POLE.

EXPECTS TO MAKE ATTEMPT IN NINETEEN TEN.

New York, Oct. 15.—Captain Ronald Amundsen, the Arctic explorer, who arrived today on the Oscar II, said he will make an attempt to reach the north pole in 1910. He announced that he is having four big polar bears trained to haul sleds by an expert in Hamburg and intends to use them in the far north. He said also that he and his friends expect to petition president Roosevelt and the United States government to allow his vessel, the Gjoa, in which he navigated the northwest passage in 1904, to be the first to pass through the Panama canal upon its completion. The Gjoa formerly was a whaling vessel, 794 tons and is undergoing repairs in the Mare Island navy yard at San Francisco. It was during the northwest passage trip that captain Amundsen discovered the north magnetic pole. A party of Norwegians went up the bay to greet their fellow countryman. The explorer will lecture on Sunday night at Carnegie hall and expects to make a lecture tour of many of the principal cities of the United States and Canada.

#### SHOCKING ACCIDENT

Strathcona, Oct. 15—A shocking accident occurred today a mile and a half west of Ellerslie, and ten miles from this city, whereby Chris Chattsneider, son of a well farmer of Ellerslie sustained injuries which will cripple him for life. He was attending to a threshing machine which was in operation and one of the boxings on the top of the mill having broken he undertook to fix it without stopping the run. When he stepped on the feed board on which was a quantity of green straw, both his feet slipped and went into the cylinder and were mangled by the teeth.

#### THIEF SHOT DEAD

Winnipeg, Oct. 15—Oscar Gambs, who is believed to have been a professional thief, was shot dead this morning in the yard of Mrs. Walker, Francis street by detective Smith, while trying to escape arrest. The police have been on his track for several days, he being suspected of several thefts. Not until last evening, however, was there an opportunity for trapping him. Gambs left the store and ran as fast as he could up Notre Dame street. Smith was quickly on his track and called upon him to stop, but Gambs ran on and the officer began shooting, cornering him in a yard where he shot him in the head. Smith after an examination by chief Rae, was placed under arrest.

#### DISREGARDED ORDERS

Train Wreck in England With Loss of 16 Lives

Shrewsbury, Eng., Oct. 15—A train made up of passenger coaches bound from Scotland and the north of England to Bristol, left the rails as it was entering the station here at an early hour this morning. Sixteen persons, including ten passengers, were killed and many others were injured. The London and Northwestern railroad on which the train was running curves sharply as it nears Shrewsbury and there is a standing order that engineers must not exceed ten miles an hour at that point. Disregard of this order is believed to have been the cause of the accident. The engine and all the cars with the exception of the last one, left the rails and when the officials from the railroad station reached the spot the cars were a tangled mass of wreckage, beneath which were the bodies of the dead and injured. Fortunately the wreck did not catch fire and the doctors and salvage crew, who soon reached the scene, did not have this added danger to fight in the darkness and pouring rain, which, however, retarded the work of rescue for several hours. The killed included the engineer and fireman and postal clerks who were in the mail car immedately behind the tender of the engine.

The latest reports from the scene of the wreck say that 19 persons were killed and 39 others were injured. There is still no explanation of the cause of the accident. It is suggested that as this is the third accident of a similar nature within a year to a train entering a station on a curve the cause may be found in the failure of the vacuum brakes to respond. Rumors are current here that the locomotive of the passenger train was making its first trip on the line, that the driver had a pilot driver with him because he was not very well acquainted with the road. It seems certain that someone blundered for the engine was going at a tremendous rate of speed when the accident happened.

## MONTREAL COUNCIL FIGHT

MOTION TO DISQUALIFY SIX OF THE ALDERMEN

DECLARE THAT BATTLE WILL BE A NAITONAL ONE

Montreal, Oct. 15—Notice was served upon six of the seven aldermen serving upon the civic road committee today, that application would be made to the courts for their disqualification. The action is based upon the fact that the committee ordered and had carried out the paving of certain portions of St. Dennis street before the money for the purpose had been voted by the city council, a practice that was declared illegal by the city charter. The action is bound to create a big fight as the charges against the committee were made by alderman Robinson, whereupon alderman Larvarie, chairman of the committee, at once charged that the issue was one purely national in its character and intimated that the fight would be along these lines, he using his influence to work the French Canadian majority in the council so that the English speaking aldermen would not secure representation on the committees as has been the case under the tacit agreement in vogue for many years. The action before the courts is, however, brought by a French Canadian, alderman Eric Ouimet, secretary of the National Trades and Labor congress.

#### THE ONLY WAY

Ottawa, Oct. 15—Hon. Joseph Martin in an interview here today said there is only one solution of the Asiatic trouble and that is to keep the yellow races out of the country. The people of B.C., he said, will not be satisfied with limiting the influx.

#### ROSTAND NO BETTER

Paris, Oct. 15—It is reported here from Bayonne that the condition of Edmund Rostaand, the French playwright, who was operated on ten days ago for appendicitis does not continue to improve. The patient is not able to rest well at night.

#### LONDON LABOR CANDIDATE

London, Oct. 15 — The Canadian labor party last night nominated J. B. Jacobs, iron moulder in the McClary Manufacturing company, as a candidate in the bye-election to fill the vacancy caused by the resignation of Hon. C. S. Hyman in this city.

#### PLAGUE IN 'FRISCO

San Francisco, Oct. 15—Bubonic plague totals to date as posted in the office of the board of health are: Verified cases, 68; deaths, 40; death rate 58.8 per cent; recoveries, 11; remaining under treatment, 17; under observation, 36.

#### ANOTHER CHAMBERLAIN

London, Oct. 15—A son was born on Sunday to Austin Chamberlain, eldest son of Joseph Chamberlain. Mr. Chamberlain was married a year ago last July to Miss Ivy Dundas of Datchett, Buckinghamshire.

#### ESSEX EXPLOSION.

Windsor, Oct. 15.—The Essex county grand jury today indicted the Michigan Central Railway for criminal negligence and maintaining a common nuisance, in connection with the recent dynamite explosion at Essex.

#### MONTREAL EXPENDITURE

Winnipeg, Oct. 15—At a meeting of the city council last night, sums of money amounting to $740,000 were voted for public abattoirs, conduict system, public recreation grounds and an overhead bridge.

## FIFTY KILLED

### More Than Six Hundred Are Injured

### WHOLE TOWN IS IN RUINS

TERRIFIC EXPLOSION OF DUPONT POWDER MILLS IN INDIANA—CHURCHES, SCHOOLS AND HOMES INVOLVED IN THE TERRIBLE CATASTROPHE.

Fontenet, Ind., Oct. 15.—Fontenet was practically destroyed today by the explosion of the plant of the Dupont Powder company. The dead number from 25 to 50. More than six hundred persons were injured and every building in the town was wholly or partially levelled to the ground. Where stood a thriving and busy town of 1,000 people this morning, tonight there is ruin and scattered wreckage. The dead and seriously injured have been taken away. Five hundred inhabitants, all more or less wounded, remain together with their scattered household goods, and sleep, and under a tent of one coast guard and some soldiers of the state.

Without warning the powder mills, seven in number, blew up at 9.15 this morning. The company employed two hundred men, and of these, 150 were at work when the explosion in the press mill occurred.

In quick succession the glazing mill, the two coining mills and the powder magazine blew up, followed by the cap mill. In the magazine, situated several hundred yards from the mills, were stored 40,000 kegs of powder. When they blew up the concussion was felt nearly two hundred miles away. Farm houses, equally distant, were torn to pieces and several persons injured. A passenger train on the Big Four railroad four miles away, had every window broken and several passengers were injured by falling glass.

The mills went up with three distinct explosions, followed a few minutes later by a fourth and even more serious than the others, when the magazine went up. Immediately following the explosions the wreckage caught fire and the inhabitants of the town, who rushed to the rescue of the employees, were powerless to aid those in the ruins. They worked frantically, in constant danger, from succeeding explosions, unmindful of the destruction of their homes. The dead and dying were collected. Eighteen burned and mangled bodies were taken to a prepared spot to await identification, while the badly injured, numbering upwards of fifty ,were put on a special train and were taken to Terre Haute.

The mills were located one mile south of the town. With the first explosion the employees ran for safety, but most of them were killed or wounded by the quick following explosions in the other mills. When the heat from the burning mills exploded the giant powder magazine, practically destroying the town by the concussion, many of those engaged in the rescue work were badly injured and several killed.

General superintendent Monahan was killed while sitting in his office and his wife and sister-in-law were killed in their home some distance away. That the death list was not greater is due to the fact that the people of the town left their homes at the first explosion and were not in them when the explosion of the 40,000 kegs of powder in the magazine came.

Among the buildings totally destroyed are the Methodist and Christian churches, the depot, all business buildings, including a block just completed, a large warehouse and 500 homes.

In many of them the fronts were blown away, while in others the roofs were torn off, the sides blown out, or they were left a confused mass of collapsed wreckage.

The Big Four railroad freight train on the switch leading to the mills was partly destroyed by the explosion and the wreckage caught fire. Engineer Charles Wells was badly burned and received a fracture of the right leg.

Three school buildings were destroyed, two at Fontenet and one at Coldbluff, two miles away. All were filled with school children and every one of them were more or less injured by the collapse of the buildings. None of the children were fatally hurt, but over two hundred were injured. The school building at Coldbluff was turned over and collapsed. The teacher and ninety ppuils were more or less injured. The force of the explosion destroyed telephon communication with outside towns and it was with the greatest difficulty that help was summoned. Terre Haute and Brazil sent physicians and nurses with supplies, in carriages and automobiles across the country, while special trains were made up and ran over the Big Four railroad for the care of the injured. Governor Hanley ordered the Terre Haute company of the Indiana national guard here, to patrol the ruined district and protect life and property. The governor arrived this evening about the time the soldiers passed here. He brought with him several hundred tents and cots, for the use of the homeless.

### TO BRING IN WHITE LABOR.

We call attention to a circular letter issued by the provincial minister of finance, a copy of which appears elsewhere in this issue, in which is outlined the steps being taken by the provincial authorities to cope with the demands for labor on the farm and in the domestic service.

The intelligent introduction of white labor is just what is required to effectively head-off the influx of Asiatic labor and in undertaking to secure labor for the farms, and, so far as possible, for domestic service, the provincial government is doing good work.

It is to be hoped that Mr. Tatlow's request to employers to advise him as to their requirements will meet with prompt are careful response. We have heard a good deal of complaint about the difficulty of securing labor for work on the farms and in clearing lands, but in nine cases out of ten, no reasonable effort has been made by the complainants to remedy the evil complained of. Immediately difficulty was experienced in securing white labor the cry went up, "Let in the Orientals," "Give us Chinese and Japanese." There is no need for Orientals here or anywhere else in Canada and now that the provincial government has undertaken to supply requirements in certain lines of industry, there will be no excuse for crying out for Chinese or Japanese.

Senator Cox, of the Crow's Nest Pass Coal company, recently stated that his company is now engaged in securing white miners for their collieries from South Wales. Orientals have never been employed in the Crow's Nest Pass mines, but there has been a scarcity of labor and in order to meet this, efforts are now being made to bring white miners from the old country. Governments and companies that will promote the incoming of white people to engage in the development of the resources of the province are doing the most effective work possible to curtail the Asiatic influx and, so long as their efforts are intelligently directed and no attempt is made to misrepresent wage or labor conditions in the province, their efforts should meet with the hearty support of every person honestly desirous of seeing British Columbia a white man's country.

The chief cause of the present Asiatic evil in British Columbia is that there never has been any intelligent attempt made to promote the right kind of white immigration. So long as the province was known to be crowded with Chinese and Japanese it was hopeless to expect that white men would come here in any large numbers. When the Chinese influx was stopped by the imposition of the $500 head tax immediate steps should have been taken to encourage the immigration of white laborers, but no move in that direction was made. With the Chinese supply cut off it was not long before a marked scarcity of certain classes of labor became apparent and then the Japanese flocked in, followed by swarms of Hindus. That is about the situation today. If the agitation now in progress looking to the complete exclusion of Asiatics be successful, which we sincerely hope will be the case, vigorous steps must be taken to encourage the immigration of white laborers, and we welcome the efforts of the provincial government and other organizations to grapple with this problem.

### EDITORIAL NOTE.

At a recent meeting of the Beckingham, Notts, England, Council of School managers, the head teacher was instructed to discontinue the use of the hymn, "All things bright and beautiful," in "Hymns Ancient and Modern," objection having been made to the third verse:—

The rich man in his castle,
The poor man at his gate,
God made them high or lowly,
And ordered their estate.

### WANTS ORIENTALS

Former Nelson Man's Interview in St. John, N.B. Globe

An Arrowhead subscriber forwards us a copy of the Woodstock, N.B. Dispatch, containing an alleged interview with Hugh Stevens, reproduced from the St. John, N.B. Globe. Accompanying the paper was the following explanatory note:

"Editor The Daily News—I am sending a copy of the Dispatch printed in Woodstock, N.B. with an item marked for you to read; perhaps you have already read it. Now, this Mr. H. Stevens is the Hugh Stevens that used to be steward on the C.P.R. boats here and on Kootenay lake. He is running the boarding houses here and at Comaplix for the sawmill company and has all Chinese help; he won't have a white cook or helper. He is making big money out of them so you see why he is in love with them. The men here in Arrowhead are very bitter towards him over this item and it is well for him that he is in N.B. at present."

The item referred to above reads as follows:

CHINESE AND JAPANESE IN THE FAR WEST

(St. John Globe)

Mr. Hugh Stevens formerly of this city but for the last ten years a resident of Nelson, is visiting in St. John and receiving a welcome from many old friends. Mr. Stevens has given up his old business and is now catering to the large crews that are employed in the lumber woods in his locality. Talking with the Globe this morning Mr. Stevens said it is a great mistake to suppose that the Vancouver riots indicate the real feelings of the people towards the Asiatics. The Chinese, Mr. Stevens said, are the servants on the coast and it would be impossible to live without them. They are scrupulously clean, do all manner of housework and without them the ladies would be compelled to work themselves at all the drudgery now put on their servants. The Japanese do not accept work of this kind but are laborers. Mr. Stevens could not speak in too high praise of them. He said they accept the regulation wage whatever it may be and go resolutely to work, giving their employer full value for his wage. In this they are different from very many of the white laborers, who demand the highest wages, are indifferent to their work and think much about strikes, etc. The Japanese are a studious race and spend every idle moment in studying to improve themselves so they can climb higher. In fact, said Mr. Stevens they are far superior to all other classes of labor and are needed. The Hindus, on the other hand he condemned as dirty, shiftless and unsuited to life in the west, as they could never get acclimated. Mr. Stevens thinks they should be excluded and that with proper regulations the Japanese and Chinese should be admitted, as the country needs them.

It is astonishing that any British Columbian should seek to mislead eastern people on the Asiatic question as Mr. Stevens' interview published in the St. John Globe, is certainly calculated to do. No one denies that both the Chinese and Japanese have good qualities, but to say that they are essential to the progress and development of the province is utterly misleading and false. It is to be regretted that men who should know better should take such a narrow view of this important question. Because Mr. Stevens apparently can save a few dollars by employing Asiatic labor he is willing to have the province overrun by Orientals to the detriment of the healthy development of the country and the disturbance of economic conditions. It is sometimes alleged that the labor unions take a restricted view of this question, but nothing could be more unpatriotic than the attitude attributed to Mr. Stevens by the St. John Globe.

### ROBBED THE POST OFFICE.

Charlottetown, P. E. I., Oct. 15.—Jas. S. Macdonald, aged 30, a native of Summerside, and formerly employed in the Journal office, was arrested this afternoon at Summerside on the charge of robbing the Sydney post office of $3,400. When arrested the officer found on him $2,950 in cash, a diamond ring and other jewelry. He will be taken to Sydney tomorrow.

### CALGARY'S COFFEE BAR.

Calgary, Oct. 15.—At the Central Methodist church tonight Rev. G. W. Kerby announced that the coffee bar is to be opened in connection with the Young Men's club. It will not be run for gain, the design being merely to cover cost. It is an adaptation of one of the many methods successful in the big institutional churches of the old world.

### MILLIONS OF TONS.

Sydney, Oct. 15.—The Dominion Coal Co. has let a contract for building a railway from Grand Lake to Lingan, in order to open up the famous Lingan basin, which it is estimated contains eight million tons of coal. The Dominion Coal Company also has areas beyond Lingan. The new mine will employ 3,000 miners.

### MITCHELL'S CONDITION.

Lasalle, Ill., Oct. 15.—John Mitchell, president of the United Mine Workers of America, was operated on yesterday for appendicitis. He was resting easy tonight, although his condition is still serious. Mr. Mitchell underwent an operation for hernia six months ago and he has not entirely recovered from the effects.

## Muskoka Free Hospital for Consumptives

The National Sanitarium Association of Canada has undertaken to publish a monthly magazine devoted to the Outdoor Treatment of Tuberculosis, and the inculcation of Hygienic Methods of Living for the people generally. The first number was issued in November, 1906.

All profits from this magazine — from subscriptions and advertising—will go to the maintenance of patients at the Muskoka Free Hospital for Consumptives.

Any one contributing one dollar a year, or more, to the funds of the Hospital will become a subscriber to CANADIAN OUT-DOOR LIFE for one year.

### No Father, No Mother, No Home—Worse Than a Prisoner

GARFIELD BRACHT, BERLIN, ONT.: Enclosed please find doctor's certificate and examination papers. Hope you will secure me a place in your Sanatorium. You will notice that my circumstances is a hard one; no father, no mother, no home—worse than a prisoner. Nobody wants me on account of my disease. Hoping you will have the charity and consider my position, and give me a position at once in your Sanatorium, I ever pray.

### An Orphan, without Home or Means

DR. A. E. HANNA, PERTH: I have a patient here, a young fellow in whom I am greatly interested. He has tuberculosis. He is a poor young fellow, an orphan, out of home, without any means. If we sent him up would you take him in and do the best you can for him? I know how difficult it is to accommodate all who require treatment, but this is a special case.

It is always encouraging to have a letter from friends who kindly contribute. For the convenience of those who have not time to write, the following blank may be used:

SUBSCRIPTION BLANK.

.....190....

## NEW ROUTE TO THE YUKON

MORE DETAILS OF WORK DONE BY MOUNTED POLICE

ALL CANADIAN TERRITORY TRAIL WILL SOON BE COMPLETED

Macleod, Oct. 15—Inspector Camies of Macleod, who had command of the party constructing the Peace river-Yukon trail, has returned home. The trail was commenced at St. John on the Peace river and is to be an independennt route to the Yukon without having to cross American territory. In 1905 the work was commenced. Inspector Richards was in command of the party and 94 miles were completed when the detachment had to go into winter quarters. A small detachment under corporal McLeod, proceeded to Fort Graham and wintered there. The weather was very cold, the thermometer falling at time as low as 63 below zero.

Early in May inspector Richards moved from his winter quarters to the end of the trail and commenced work which was pushed steadily forward. On July 27 inspector Camies took over the road from inspector Richards, who was relieved on account of bad health. The work was continued with energy and on Aug. 23 the trail was completed to Fort Graham, 208 miles from St. John. By Sept. 25 inspector Camies had completed the trail 20 miles west of Fort Graham towards Bear lake making a total of 131 miles for the season's work.

One officer, 15 non-commissioned officers and constables and 19 horses remained at Fort Graham for the winter where they were comfortably quartered and well supplied with provisions, but although the government had despatched plenty of clothes they had only reached Fort St. John. Inspector Camies reported that he could get plenty of moose skins and that the men would not suffer. There was hard work and many hardships but the men doing the work did it cheerfully.

Inspector Camies said: "There were no breaches of discipline. The men were active, willing and well behaved. They worked well and without a murmur at the hardest work, there was no shirking although the men were often wet through a few minutes after leaving camp for their work in the morning. The route of the trail from Fort Graham on was the subject of much consideration. Supt. Sanderson was ordered to Hazleton in June and after a close examination recommended the following route: Leaving Atlin, follow the wagon road to McKee creek; then crossing the creek keep straight on, crosing O'Donnell river; follow Black Pine ridge to Indian trail, to Nakina river and crossing opposite the telegraph station follow pack trail to where it joins Mackensie and Mann's trail to Telegraph creek; cross Stikine river three miles above the mouth of Telegraph creek and take the old cattle trail to Blackwater creek, where it joins the governmetn park trail to Hazelton. This work was accomplished and now comes work that the trail from Fort St. John, to cabin No. 4, on the old telegraph line, 100 miles north of Hazelton, has been completed by the R.N.W.M.P.

"This makes three season's work and is indeed a credit to the force. From Hazelton the trail is eight feet wide the entire distance of 333 miles, cut clean, rough graded. From Fort Graham to Bear lake is a distance of 120 miles. Muskeg is left out of the newly constructed dominion trail and mile posts have been erected to guide the stranger on his way every two miles. The fords have also lettered instructions to the wayfarer. From St. John the trail follows the north side of the Halway river to Cypress creek, over Laurier pass to Herkimer and crosses the Finlay river to Fort Gaham, a distance of 20 miles. Fom Fort Graham it dips southwest crossing Oliver pass, Osilnka and Omenica rivers to the northern end of Bear lake, to lake Connelly, a distance of 120 miles. From Bear lake the trail goes north along the Sustut river and then crosses the Skeena, midway between Bear lake and cabin No. 4 on the old telegraph trail; here is the first ford. Travelling eastward the trail leads from here to cabin No. 5, and a short distance beyond this it makes to the north on its way to complete the 1000 mile road the government is building from Edmonton to the Yukon. The mounted police have blazed the trail so far and next year will see the work extended and pushed until the independent trail is completed. Too much praise cannot be given the mounted police for the work done so far and there is not a particle of doubt that it will be pushed to the finish. On the Peace river between St. John and Vermillion there is a strip of land 600 miles long and about 90 miles wide which those who have seen it, pronounce a zone of the best farming and grazing sections they have ever seen.

## TWO PRISONERS GO FREE

CONVICTIONS QUASHED BY MR. JUSTICE MORRISON.

*INTERESTING POINT SETTLED IN LAND REGULATIONS.*

Smith of Greenwood, and Nablochick of Phoenix, are free men today. The first man was sent up for a year by police magistrate Hallett of Greenwood, for obtaining a suit of clothes under false pretenses. The suit was worth $18, but Smith paid $10 in cash at the time, leaving the value of the articles obtained at $8, and under the code six months is the limit that could be imposed. Yesterday R. M. Macdonald appeared before Mr. Justice Morrison here and the learned judge quashed the conviction and set Smith free after a small part of the 12 months imposed had been served. Mr. Macdonald also applied to quash the conviction in the Nabolchick case. The prisoner had been sent up for six months by police magistrate Hood of Phoenix for falsifying pay rolls. Counsel took the objection that the prisoner's consent to be tried summarily must appear on the warrant and this had not been done. As in the former case, the conviction was quashed on the ground of want of jurisdiction and the man was set free.

In the case of Effie Wilson and Hattie Bosquet, R. M. Macdonald appealed from the ruling of Harry Wright, assistant commissioner of lands and works. The two petitioners had applied to Mr. Wright for lands under the lands act, the lands being in West Kootenay district, but not in the Nelson division. Mr. Wright held that the application made to him was useless, and should have been made to Mr. Chipman, the lands being in that official's district and directed the petitioners to apply all over again. Mr. Wright appeared in person. Mr. Justice Morrison over-ruled Mr. Wright's finding and held that the application made came within the regulations and so the appeal was allowed.

In the matter of the Last Chance mine in liquidation and the winding up Act, A. M. Johnson for Louis Pratt, the liquidator, obtained an order for the sale of all the assets of the company. R. S. Lennie for the company.

### HOW TO CURE A COLD.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe in Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists and dealers.

### MISSING GIRL LOCATED.

Winnipeg, Oct. 15.—Miss Flora Money, the missing Winnipeg girl, has been located. Her father learned this morning that his daughter was seen at Crookston, Minnesota. She was alone and stayed only a few hours. Miss Money left the city of her own accord.

### CRIME IN MONTREAL.

(Special to The Daily News)

Montreal, Oct. 15.—According to the annual report of chief of police, the number of men arrested for drunkenness was 2,284, and the number of women arrested for the same cause was 234. Offences of all kinds among men for which arrests were made numbered 7,110. Women arrested, 1,247.

### CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY

"Companies Act, 1897"

I HEREBY CERTIFY that the Snowdrift Gold Mining Company, Limited, has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the legislature of British Columbia extends.

The head office of the Company is situate in the city of Spokane, state of Washington, U.S.A.

The amount of the capital of the company is twelve thousand five hundred dollars, divided into one million two hundred and fifty thousand shares of one cent each.

The head office of the company in this Province is situate at the town of Koch's Siding and Noah Eastman, lumberman, whose address is is the same, is the attorney for the company.

The time of the existence of the company is fifty years from the first day of June, ninteen hundred and seven.

The company is specially limited under section 56 of the above act and no liability beyond the amount actually paid upon shares or stock in the company by the subscribers thereto or holders thereof shall atatch to such subscriber or holder.

Given under my hand and seal of office at Victoria, Province of British Columbia, this fifth day of July, one thousand nine hundred and seven.

S. Y. WOOTTON,
Registrar of Joint Stock Companies.

The objects for which the company has been established and registered are:

1. To own, purchase and otherwise acquire, mines and mining properties, and to sell and otherwise dispose of mines and mining properties, in any part of the state of Washington, United States of America, and in the Province of British Columbia, Canada.

2. To purchase, lease and otherwise own, control and sell such real and personal property as may be necessary to the due prosecution of the business of this corporation.

3. To purchase, appropriate and otherdise acquire and to sell and dispose of, and to maintain such water rights and water power as may be necessary to the due prosecution of the business of this corporation.

4. To develop and operate mines containing precious metals, and to sell the products thereof.

5. To construct, maintain, purchase and otherwise acquire any and all buildings, devices, structures, machinery and improvements essential to the due prosecution of the business of this corporation as above set forth.

6. To build and construct flumes, dams and other structures for the creation of water power and to maintain the same, such as may be essential to the conduct of the mining business of this corporation.

7. To mortgage and issue mortgage bonds upon any of the foregoing kinds, classes and descriptions of property that may be by this corporation owned and acquired.

There are 99 "Semi-ready" Stores in Canada—and this Store stands well up in the volume of sales. Watch us climb.

Cloth costs being about equal there is one sure way to dress correctly—the "Semi-ready" way.

Tall Stout Type G.

Each man requires individual treatment, and so our customers are physically diagnosed with a tape line, and the suits are then finished to their exact measure in two hours.

Finished exactly as the requirements of their form or figure dictate. Tried-on in the Semi-ready stage when you can judge the cloth suitability.

A $20 Serge Suit, finished to your measure in the physique type way, means that the clothes hold the original shape that we give them—and conform to the wearer's shape as long as he cares to wear them.

If you can't call, send for a copy of the booklet "As Seen by Him," which describes Suits at $18, $20 and up to $30.

## NELSON NEWS OF THE DAY

B. A. Isaac left yesterday on a business trip to Montreal.

There will be a meeting of the Sons of England tomorrow evening. The Abbot of Misrule will preside.

Gold commissioner H. Wright has returned from the coast where he has been for the past couple of weeks.

The thermometer yesterday varied between 39 and 65 degrees. There has been now a month of the best weather Nelson has seen this season.

J. F. Langan left last night for Rossland and will look at some of the fruit ranches which have been successfully growing fruit at an altitude twice that of this city.

Word has been received by H. G. Goodeve that the new C.P.R. tariff upon which so much depends for this city, and which was to have been issued on Oct. 15 will not be ready until Nov. 1.

John Burns is leaving in the morning to begin work on the new house which is being built by T. Airey on the ranch which he recently purchased from Appleton Bros. Some of the material was sent up yesterday afternoon.

Quite a large number of voters have registered for the municipal election, the number being far larger than has been the case heretofore. No fair compaison, however, can be made until the end of the month when the list closes, as far as householders are concerned. Judging from the registration so far there should be a far larger number of votes registeed than was the case on Oct. 31, 1906. Transfers of real estate, entitling the transferee to a vote can be made up to the last day of November. No registration is necessary in such cases.

On Thursday evening, October 17th, a concert and entertainment will be given in the Methodist church, to commence at 8 p.m. A complete and interesting program will be provided, including "Sousa's Band." Proceeds will be devoted to the funds of the Women's Missionary society. Chair will be taken by Mr. Patrick. Admission 25 cents. 150-4

### EMPLOYERS' OPORTUNITY

Provincial Government will Aid in Securing White Labor

Editor The Daily News—Letters are being constantly received by the bureau of provincial information from persons desiring work on farms and orchards. These applications are from the middle and eastern provinces of Canada, the British Isles and northern Europe and may be divided as follows, namely:

1. Young men, inexperienced in farm work, wishing to learn practical farm work and horticulture.
2. Experienced farm hands, unmarried.
3. Experienced farm hands, married, (with families or otherwise) whose wives are willing to take service with their husbands.
4. Women domestics.

A majority of the applicants is of class 1, but there is a considerable number of class 2. Clas 3 is much less numerous and there are few applicants in class 4. Most of the married men are desirous of having a dwelling separate from that of the employers, an arrangement which should commend itself to those who look to securing permanent help.

Under an agreement existing between the government and the emigration branch of the Salvation army a considerable immigration of farm hands and domestic help is expected from Great Britain during the spring and early summer of 1908.

The government is very desirous of securing the immigration to British Columbia of a reliable class of white labor and invites the earnest co-operation of the farmers, fruit growers and dairymen of the province to that end.

You are therefoe requested to call the attention of the employers of labor in your district to this letter and request them to fill in as comprehensibly as possible, the forms enclosed. Yours truly,

R. G. TATLOW,
Minister of Finance and Agriculture.

Victoria, October, 1907.

[The forms mentioned above can be seen at this office.—Ed. D.N.]

### A CERTAIN CURE FOR CROUP—USED FOR TEN YEARS WITHOUT A FAILURE.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children had all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale by all druggists and dealers.

**Minard's Liniment for sale everywhere.**

### EX-M.P. DEAD

Bowmanville, Oct. 15—Harvey W. Burk, ex-M.P., died at his home here in his 86th year, yesterday. He represented West Durham in the commons from 1875 to 1878 and was succeeded by Hon. Edward Blake. He was twice married and leaves a widow and four children, one of whom is Mrs. Sam Hughes of Lindsay.

NELSON, B. C.

NOTICE TO DELINQUENT CO-OWNER

To James Livingstone, or any other person or persons to whom he may have transferred his interest in the Alberta Mineral claim, situated on the First North Fork of Lemon Creek, in the Slocan City Mining Division of West Kootenay district, and recorded in the Mining Recorder's office at Slocan, B.C.

You, and each of you, are hereby notified that I have expended the sum of four hundred and ten dollars ($410.00) in labor and recording fees upon the above named mineral claim in order to hold the same under the provisions of Sec. 34 of the Mineral Act; and that if, within 90 days from the date of this notice, you fail or refuse to contribute your proportion of the aforesaid expenditure, which is two hundred and five dollars ($205.00) for the four years ending the 12th day of July, 1907, together with all costs of advertising, your interest in the said claim will become vested in the undersigned, under Sec. 4 of the Mineral Act, Amendment Act, 1900.

Dated at Slocan, B.C., this 15th day of July, 1907.

J. T. BEAUCHESNE.

## Synopsis of Canadian Homestead Regulation

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorised publication of this advertisement will not be paid for.

## TO OPERATE TWO FLEETS

MANAGER HAYS TELLS OF G. T. P.'s FUTURE SCHEME.

CONTRACTORS WILL GET WORKERS WHEREVER POSSIBLE.

Montreal, Oct. 15.—In an interview today Charles M. Hays, general manager of the G. T. P., said his company will operate two fleets of steamers on the Atlantic and Pacific, but it was too early to discuss details. He would say, however, that the company will work with two allied lines of steamships, especially the Allan line, but if necessary the company will build its own fleets.

Regarding the labor question in British Columbia, Mr. Hays said that it was up to the contractors. He knew that in their enneavor to fill engagements and get the work done they will employing anything that the law will allow them to employ. Japanese, Chinese, Hindoo or any thing else.

Alfred W. Smithers, vice president of the Grand Trunk Pacific, who returned with Mr. Hays from Western Canada, said this was his first visit to that part of the dominion and expressed himself as greatly pleased with what he had seen of the country and the line of the G. T. P. His high expectations had not been disappointed. The supporters of the G. T. P. in England will do everything possible to make of it all it should be in every respect.

NICE LEGAL POINT

Ontario Railway Company Charged with Stealing Two Cars of Lead Tailings

Toronto, Oct. 15—A fine point as to railway liability came up before Mr. justice Anglin in the assizes today for solution. The Carter White Lead company of Montreal, is suing the Bay of Quinte railroad for damages because they say the railway lost two carloads of lead tailings. The tailings were shipped by the C.P.R. to Tweed and there handed over to the Bay of Quinte railway to be forwarded to Bannockburn. The stuff was destined for the Stanley Smelting company. The C.P.R. way-bill was attached by the Carter company to sight drafts and sent to the Bannockburn but came back. The Carter company now claim that the railway wrongfully delivered the lead to the Stanley company. The defence is that the Bay of Quinte railway company made no contract with Montreal concerning the Stanley company, who feloniously took the tailings out of sealed cars.

QUINSY, SPRAINS AND SWELLINGS CURED.

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by all druggists and dealers.

Minard's Liniment Cures Burns, &c.

As I was up to Crawford Bay on Aug. 7 and took $300 in orders in a day and a half for the home grown apple trees of the Riverside Nurseries at Grand Forks, B.C. I am convinced that the fruit growers of Kootenay lake want home grown fruit trees. If I do not see you in time, direct Roy Chase, Slocan Junction, B.C. 1149-1

## LAND NOTICES

NOTICE is hereby given that 60 days after date I intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to purchase the following described lands in West Kootenay district, British Columbia: Commencing at the center of the east boundary of Clark Marshall's (L. 3038 G -) pre-emption, thence north along east boundary of Marshall's, McCormick's and McDevitt's pre-emption claim 80 chains; thence east 40 chains; thence south 80 chains; thence west 40 chains to place of commencement, containing 320 acres more or less.

Dated this 24th day of April, 1907.

WILLIAM McDEVITT.

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY

TAKE NOTICE that I, W. C. Reed of Nelson, B.C., occupation machinist, intend to apply for permission to purchase the following described land:

Commencing at a post planted on the south bank of the Pend d'Oreille river, thence 20 chains south, thence 40 chains east, thence 20 chains more or less to the river bank, thence following the river bank 40 chains, more or less, to point of commencement, containing 80 acres, more or less.

W. C. REED.
J. W. FALLS, Agent.

Located 30th July, 1907.

TAKE NOTICE that I, R. G. Affleck, barrister of Winnipeg, Man., intend, 60 days from date, to apply to the Chief commissioner of Lands and Works, Victoria, B.C., for permission to purchase the following described lands in West Kootenay district.

Commencing at a post planted on the south boundary of Tp. XI. A., on the west side of the right of way of the Nelson and Fort Sheppard railway, near Beaver Falls, thence west along said south boundary 50 chains, more or less to the S.W. corner section 4, Tp XI. A, thence south along the east boundary of the Nelson and Fort Sheppard land grant, 70 chains more or less to the right of way of the Nelson and Fort Sheppard railway; thence northerly and easterly along said right of way to point of commencement, containing 160 acres, more or less.

Dated Sept. 3, 1907.

R. G. AFFLECK, Locator.
B. C. AFFLECK, Agent.

## Cure For The Blues

ONE MEDICINE THAT HAS NEVER FAILED.

Health Fully Restored and the Joy of Life Regained.

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is usually this way:

She has been feeling "out of sorts"

Mme Josephine Rinville

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart-beats very fast; then that bearing-down feeling, and during her periods she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up: you have dyspepsia; you will be all right soon."

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES.

Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Madame Josephine Rinville, Mastai, Que. She writes:

Dear Mrs. Pinkham:

"I suffered for four years with female troubles—inflammation of the stomach and fallopian tubes which caused me violent pain and often torture, so much so that I could not walk at times and attend to my daily duties. Life was misery to me. I was so blue and despondent I did not know which way to turn for relief. I had tried the doctors but they did not help me. I was advised to try Lydia E. Pinkham's Vegetable Compound, so I bought a bottle. I am glad that I did so, for I am well and strong to-day and the world looks bright, for I have perfect health, thanks to your medicine."

If you have some derangement of the female organism write Mrs Pinkham, Lynn, Mass., for advice.

### SUPREME COURT.

Ryan vs. Ashcroft on for Hearing on Appeal at Ottawa.

(Special to The Daily News)

Ottawa, Oct. 15.—The case of Ryan vs. Ashcroft Water, Electric and Improvement company was taken up today in the supreme court. The disphte in this case arose out of business ventures in British Columbia by Peter Ryan and John Shields, of Toronto, and certain agreements respecting the sale of timber limits and other property to George W. Fowler, M.P. The company's action was for specific performance of an agreement for an account by Ryan in respect to the sale to Fowler in 1904 and for other moneys payable under the agreement between Ryan and the company. Ryan submitted to the taking of accounts except in respect to the latter agreement, which he repudiated on the grounds of duresse and fraud and asked that it be set aside. Mr. Justice Morrison dismissed the action, set aside the agreement complained of, ordered the accounts to be taken and thereupon that $43,791 should be credited to the defendant Ryan. The full court reversed this judgment except as to the item of $43,791 and ordered accounts, etc., to be taken between the parties including the agreement sought to be annulled on the counter claim.

### ANOTHER NEW BALLOON

Paris, Oct. 15—The Eclaire today declares that M. Capassa has invented a combination aeroplane and dirigible balloon capable of carrying five passengers in addition to 20,000 pounds, and staying aloft 15 hours. The machine has several screws and is of an imperfect lenticular shape.

**The Ideal Laxative for Children**

Mothers cannot be too careful in what they give children to move the bowels. Calomel, cascara, senna, salts, cathartic pills, castor oil, and purging mineral waters irritate the bowels—upset the stomach—and eventually lead up to chronic non-action of the bowels—Constipation.

**Fruit-a-tives**
(OR FRUIT LIVER TABLETS.)

are the finest medicine in the world for children.

It is just like giving the little ones apples, oranges, figs and prunes — because "Fruit-a-tives" ARE the juices of these fruits—but so combined that the medicinal action is increased many times.

Fruit-a-tives are perfectly safe for the children. Keep a box always in the house. 50c. a-box—6 for $2.50. Sent on receipt of price, if your druggist does not handle them. Fruit-a-tives Limited, Ottawa.

### STRUCK FOR A HOLIDAY.

(Special to The Daily News)

Paris, Ont., Oct. 15.—All Penman's woollen mills are closed down here this morning. Over one thousand hands are out on strike for a Saturday afternoon holiday. On Saturday at noon all hands went out and nearly all refused to work until they were promised a half holiday.

### TORONTO CONTRACTOR DEAD

Toronto, Oct. 15—Richard Dennis of Richard Dennis and Son, contractors, is dead of heart failure.

## NELSON NEWS OF THE DAY

Mr. justice Morrison left last night for Spokane.

W. H. Aldridge passed through the city last night on his way to Moyie.

All Pythian Sisters are requested to meet in the K.P. hall this afternoon at 2:30.

Norman Fraser leaves this evening for Revelstoke being relieved here by F. Walker.

Blake Wilson leaves this morning for Alberta, expecting to be away about a week.

Drs. Rose and Hartin have pronounced Wilson Newitt, who has been suffering from diphtheria, out of danger.

The new boarding house at the Blue Bell mine, which has accommodation for 80 men, was thrown open for occupation yesterday.

The recreation grounds could be greatly improved by clearing up generally. The confetti will possibly enrich the grass but odd planking and torn paper do not add to its general appearance.

Miss Florence Pogue has returned home to her parents on a short visit. Miss Pogue has been captain of the Salvation army in Portland for the past year in company with adjutant Dean, formerly of this city. Mrs. L. Pogue and daughter left last night for Portland via Spokane.

The 20,000 club will not be in a position to announce definitely the date of their proposed ball until such time as the roller skating ring, now in course of construction, is completed, as it is proposed to hold the dance in that building, which will be peculiarly adapted for that purpose. It is expected that the building will be completed within the next three weeks.

Nothing remains of the old smelter at Pilot Bay except the smoke stacks. The machinery has all been taken down and removed to the Blue Bell mine, the timbers of the building being used in construction work at the mine. Even the two brick smoke stacks will not be allowed to remain as they will be blown down and the bricks cleaned and used, about $3 a thousand being thus made on them.

The Nelson Liberal association has secured Miners' union hall for the third Monday in the month for its regular monthly meetings. The next meeting of the association will therefore be held in that hall on Monday evening next, Oct. 21. Upon that occasion the delegates to the recent provincial convention will make their report and a full attendance is requested as many matters of interest to the party will be up for consideraion.

PREMIUMS WITH GOLDEN WEST SOAP—Save wrappers and ends of cartons of Golden West Soap and Golden West Washing Powder—each end of carton represents three wrappers. Write Standard Soap Co., Calgary, for particulars. 127-tf

### HARROP NOTES

(Special to The Daily News)

Harrop, Oct. 15—John Allan, who recently arrived here from Bedford, Indiana, has purchased 30 acres of the Porter ranch and will commence to improve the property immediately.

The wagon road between here and Procter is now nearing completin.

Messrs. Ogilvie, Southworth and Garnar are hauling logs at 6-Mile for the Nelson shingle mill. Work wil probably be continued throughout the winter.

McClure John has received an advice to the effect that the elephant which he recently purcased in Burmah, was shipped from that place on Monday of last week and that he should have ample time after it arrives to train it to pick his next season's strawberry crop.

Messrs. Fox Bros. and W. B. Hill have just taken up residence in the new house.

### DIABOLICAL ACTS.

Desperate Attempts to Poison a Settler Near Raddison, Saskatchewan.

North Battleford, Oct. 15.—Two diabolical attempts was made to cause the death of Norman Walker, a settler near Raddison. Walker lives by himself in a shack on his farm and does his own cooking. One day recently while he was away some one gained an entrance and placed strychnine in the tea-kettle. Walker, however, when he went to drink his tea, detected a peculiar taste and did not swallow any of the liquid. The next day the implacable enemy made a still more desperate attempt, gaining entrance to the shack while Walker was away at work. This time the strychnine was sprinkled over the potatoes prepared for warming up at supper time and some of the poison was also put into a can of condensed milk. As soon as Walker tasted the potatoes, he detected once more the peculiar sinistr taste and at once threw them out. The dog swallowed them and in a few minutes was stretched out dead. Now thoroughly alarmed he hastened to a neighbors and told his story. He had hardly finished his grim recital when he became helpless from the poison absorbed while tasting the potatoes. It required strenuous measures to save his life. No reason is known for the desperate attempts on Walker's life, but the affair is in the hands of the police.

# Auction Sale

Acting under instructions from Wm. Gosnell, Esq., we will sell by

### BISHOP KINGDON BURIED

Fredericton, Oct. 15—The funeral of the laate bishop Kingdon took place from the cathedral this afternoon to St. John's cemetery.

### APPEAL DISMISSED.

Ottawa, Oct. 15.—Today the supreme court dismissed the British Columbia case of Philip vs. Bauer which came up yesterday.

### NOT DOING THEIR DUTY

Ottawa, Oct. 15—Dr. Hodgetts, medical health officer for the province of Ontario, said today that cities were not doing their duty in fighting the spread of tuberculosis.

# OPAL MONTH

## Of All Precious Jewels

The Opal ranks one of the highest for its fascinating beauty, and to the October born it assures gladness of heart and dispels the misfortunes attributed to Opal's days.

The Gems we are offering at a very low price will speak to you of the beauty that nature wears during October. You will see in them all the varied colors of our surrounding hills and valleys; the rich green of the water, the bright yellow of the birch leaves, and the beautiful red of the maples.

Come in and have a close look into them.

G. B. Matthew, Prop., Baker Street.

### SPRING HILL MINES.

North Sidney, N .S., Oct. 15.—At the Spring Hill mines, work has not yet resumed, although the management was informed last Friday evening that the employees had decided to accet the award of the board. General manager Cowans, it is said, replied to the grand secretary and stated that he would let the men work when he met the committee and grand officers who have ben authorised to convey to him the decision of the lodge, but no further word has been received from him.

### NEW SCHOOL BOOKS

Toronto, Oct. 15—New readers of the public schools of Ontario are to be prepared and the work has been entrusted to Dr. E. J. Goggin, a noted educationalist.
