TO DOUBLE IT'S OUTPUT

Dominion Copper Company's New Furnace Blown In

Smelter Now Be Able to Use 1400 Tons of Ore Daily, Which Mines Can Easily Supply —Capacity to be Increased

(Special to The Daily News)

Phoenix, June 14—Information has been received here from the east that, in accordance with arrangements previously announced, the Dominion Copper company on June 1, retired $200,000, or about 20 per cent of its $1,000,000 first mortgage bonds. Almost simultaneously the company is ready to double its output of copper, as the new and large blast furnace, the largest in Canada, was blown in last Saturday night. As men are not yet available in full force, a small furnace was blown out, but it is expected that all three furnaces, using about 1400 tons of ore daily, will be in operation shortly. With this output of ore the management expects a production of some nine million pounds of copper annually, or about one-third of that of the Granby company. By the substitution of electricity for steam at the mines and smelter of the Dominion Copper company in the last year, the costs have been materially reduced, and the company will now be able to turn out copper under nine cents per lb, with the expectation of doing better than 8 1-2 cents per pound in due time. It has been estimated that, with copper at 25 cents per pound, the company should earn 25 per cent on the par value of its stock, after paying all fixed charges and retiring $100,000 in bonds annually. With copper at 20 cents per pound under the same conditions, the company should earn about 17 per cent on its stock.

The mines of the company have been put in good shape for maintaining the large tonnage to be required of them from this out, and manager Thomas says they will supply it without any trouble, large as the increase will be over the former output, about 100 per cent. The Rawhide, Brooklyn, Idaho and Sunset as well as the other mines of the company, can and will all ship heavily hereafter so that there will be no lack of ore to feed the smelter.

According to the announcement made some time since, M. M. Johnson, engineer for the company, does not propose to be satisfied with an output of 1400 tons daily, but has been instructed by the board of directors to prepare plans for another smelter with a capacity of 1500 tons daily.

After paying off the $200,000 in bonds, paying for the new giant furnace at the smelter and other extensive improvements recently made, the company still has $400,000 in the treasury. This amount will meet the cost of the additional smelter which it is the intention to erect, without issuing any further capital or additional bonds, and without using any of the earnings from the present plant. Therefore present net earnings can be placed to dividend account and it is understood that it is the intention of the directorate to take action of this kind before long.

ANGLICAN SYNOD.

Rev. F. H. Graham Clerical, and Fred Irvine Lay Secretary.

(Special Correspondence.)

Vernon, July 13—The eighth session of the synod of the diocese of Kootenay convened yesterday morning in the old church building, the new church building being opened with choral evensong the previous evening. Those present were: Clergy, Rt. Rev. John Dart, bishop of New Westminster and Kootenay; the Ven. H. Beer, Kaslo; Revs. J. A. Cleland, Rossland; G. Cook, Kaslo; E. P. Flewelling, Cranbrook; F. H. Graham, Nelson; F. Green, Kelowna; H. King, Armstrong; J. H. Lambert, Vernon; A. N. St. J. Mildmay, Penticton; E. A. St. G. Smyth, Trail; H. Steele, Grand Forks; F. V. Venables, Enderby; C. F. Yates, Golden; W. T. Johnson, Arrowhead; R. J. Akehurst, Grand Prairie; R. S. Wilkinson, Fernie; lay delegates, G. Johnstone, F. Irvine, A. W. Dyer, Nelson; J. W. Busk, Ymir; Price Ellison, Captain Carew, A. F. Venables, Vernon; T. W. Sterling, F. D. Taylor, P. Dumoulin, Kelowna; R. R. Gibbs, R. Foster, Enderby; R. Hobson, Salmon Arm; M. P. Williams, Trail; G. L. Parker, Summerland; G. Stewart, R. E. Woods, Grand Prairie E. A. Baynes, New Denver.

Rev. F. H. Graham was appointed clerical secretary and F. Irvine, lay secretary. Archdeacon Beer then went into some church statistics which show a considerable increase in church membership during the past year and also in the finances. Several of the churches had made increases in their buildings and more were being planned.

Rev. F. H. Graham read the first annual report of the Kootenay branch of the Woman's Auxiliary which showed 4 senior members and 70 junior members. Money was being raised and sent regularly to missionaries among the Indians, in China and in Japan. The report was signed by its first president, Mrs. Starkey.

As a mark of its appreciation the synod voted that this first annual report be included within the report of the eighth session of the synod then sitting. J. C. W. Busk, reported on a visit made to the M. S. C. C. sitting at London, Ont., representing this diocese. The M. S. C. C. at present are contributing a considerable sum each year to the Kootenay diocese.

Vernon, June 14—The eighth synod of the Anglican church of the diocese of Kootenay finished its proceedings yesterday at 1 o'clock in the afternoon, the most interesting part of the discussions being that referring to the alleged alienation of labor from the church, which came up on the report of a special committee, consisting of Rev. H. Steele of Grand Forks, Rev. R. S. Wilkinson of Fernie, and Geo. Johnstone of Nelson.

Rev. R. S. Wilkinson asked for a committee to look into the question of relief of aged clergy with a view of its being taken up by the general synod. The superannuation fund was not well supported and the provision for old age at present before the Canadian churchmen was very small, so small that it was a serious drawback to young men wishing to enter the church. Hence it was proposed to tax 2 per cent of the incomes of parson and church, which would now produce an income of about $40,000. The matter was referred over to the standing committee to report at the next session of the synod, to which committee the name of Mr. Wilkinson was added.

A resolution was passed allowing no parish to send lay delegates to the synod unless synod assessments were regularly paid.

The election of officers resulted in the appointment of George Johnstone as treasurer, J. M. Lay as auditor and E. A. Crease as registrar. The bishop appointed as his nominees Rev. H. S. G. Smyth and C. W. Busk on the executive and there were also elected on the executive Rvs. H. Steele, C. A. Procunier, J. H. Lambert, and as lay members A. F. Venables, R. Hobson and C. A. Cook. Archdeacon Beer was elected diocesan secretary.

R. E. Woods and G. Stewart of Grand Prairie, R. Hobson of Salmon Arm and H. Hawkins of Armstrong were appointed lay readers.

A vote of thanks was passed to E. A Crease as registrar and to J. M. Lay as retiring treasurer. The synod then closed, meeting again next year at the call of the bishop.

THREATENS DISSOLUTION

PREMIER STOLYPIN DEMANDS ARREST OF DEMOCRATS

DUMA WILL BE DISSOLVED IF DEMAND NOT ACCEDED TO

St. Petersburg, June 14.—Premier Stolypin today demanded that the lower house of parliament exclude from the house all the members of the democratic faction, numbering 55, and sanction the arrest of 16 of their leaders on the charge of entering into a conspiracy to overthrow the government and establish a democratic republic. Continuing the premier announced that unless the house immediately yielded parliament would be dissolved.

The press and public galleries were cleared, the police and troops took possession of the entrance to the parliament building and the house went into secret session and debated the question raised by the premier. It is considered almost certain that his demands will be rejected.

The lower house eventually declared recess until 9 o'clock this evening without taking a vote on the government's demand. There are several speakers waiting a hearing. The streets outside the building are filled with members of the secret police who it is presumed, have orders to arrest the social democratic members of the house when they emerge from the building. The court yards of the buildings in the vicinity of the palace are filling up with infantry, Cossacks and mounted police.

PROMISE OF SPLENDID CROPS.

Southern Alberta Has Greatly Benefitted By Recent Rainfall.

Lethbridge, Alta., June 14.—It is safe to say that few parts of Canada have had more liberal moisture or more regular thus far this season than southern Alberta. In consequence the entire country gives promise of splendid crops. Rains have been so regular that the irrigation system has almost been forgotten. However, several weeks later than usual, the main ditch of the A. R. and R. system is filled with water which is being distributed over the country far and wide. The water was flowing at Cardston some days ago and is now here. A heavy shower fell Thursday evening while yesterday there was a thunderstorm which appeared to be general over much of southern Alberta.

Winnipeg, June 14.—The weekly crop report of the Canadian Pacific shows grain to be up several inches and in splendid condition. Everything looks favorable.

GREENWAY SELLING OUT.

Crystal City, Man., June 14.—Today the magnificent herds of thoroughbred horses, cattle and swine of the Prairie House stock farm, the property of Hon. Thomas Greenway, M.P., formerly premier of Manitoba, were offered for sale by auction, as Mr. Greenway is retiring from farming. The great farm will also be sold. It is the finest and best equipped in western Canada.

BISLEY TEAM SAILS

Ottawa, June 14—The Bisley team left here today on the Empress Special, over the C.P.R. to sail by steamship Empress of Britain from Quebec this afternoon.

Sir Elzear Taschereau leaves by the Tunisian for England to attend the meeting of the judicial committee of the privy council on July 4.

CORROBORATION OF ORCHARD'S TESTIMONY

Prosecution Introduce Evidence to Connect Pettibone With Orchard's Attempts on Bradley's Life in San Francisco---Evidence Objected to by Defense as Irrelevant in Present Case--Steve Adams in Court to be Identified by One of the Witnesses

Boise, June 14—The prosecution in the Steunenberg murder trial today, entering in earnest on corroboration of Harry Orchard's testimony, presented a continuous thread of evidence connecting George Pettibone's store in Denver with Orchard in San Francisco, while the latter was occupied with the Bradley murder plot, partly developed a new line, by which it is hoped to show that Haywood engaged and paid Steve Adams for the same desperate work and added special corroboration of Orchard's general story.

Officers of the postoffices at San Francisco and Denver produced original records showing that in August, 1904, a registered letter was sent under the name of "J. Wolf" from the address of Pettibone's store in Denver, to "J Dempsey" at the Golden West hotel, San Francisco. Orchard swore he stayed at the Golden West hotel under an alias that was either "Dempsey" or "Hogan," that Pettibone used the alias of "Wolf" and "Pat Bone" and that under the name of "Wolf" Pettibone in the month mentioned, sent him a registered letter containing $100 to pay his expenses while he was attempting to kill Bradley.

Police officers of Ogden established the arrest there in June, 1903 of Steve Adams and A. T. Williams. The two were found inside an eastbound car loaded with freight. When arrested for trespassing they were found to have a brace of loaded revolvers. They then, through the influence of a detective, whom Orchard appealed to as a Mason, were released.

Adams was called to the stand. He walked to a point directly in front of the jury and gazed steadily at the witness. The state also produced several witnesses who confirmed features of Orchard's story as to the Bradley affair, the first descent of the Vindicator mine with the object of doing violence, the final success of the Vindicator mine plot and the circumstances under which detective Lyte Gregory was killed. Aside from fighting the admission of all the evidence offered by the state on the general ground that it was in no way connected with the accused, the defense contented itself with showing that all of the witnesses were found and interviewed by Pinkerton detectives.

(Special to The Daily News)

Boise, Idaho, June 14.—The important part of today's proceedings in the Haywood-Steunenberg trial was in connection with the registered letter claimed by Harry Orchard, to contain a hundred dollars, from George A. Pettibone, and sent to him while he was at work on the assassination of Fred Bradley, in San Francisco. This letter was traced from Pettibone's store, on Stout street in Denver, to Harry Orchard, at the Golden West hotel, in San Francisco, It was sent by J. Wolfe, manager of Pettibone's store, to John Dempsey.

To establish the identity of the registered letter the state put on the stand H. McClaughry, assistant postmaster, and Frank Isaacs, registry clerk, at Station K, San Francisco, and Miss Pearl Moore, registry dispatch clerk in the Denver postoffice. No attempt was made in sending the letter to conceal the fact of Wolfe's connection and he also gave his city address as Pettibone's store. The state made four exhibits of the postoffice records and it was stipulated these should be photographed. The defense objected to these exhibits and especially to the registry delivery book, wherein Orchard receipted for the letter. It was contended that the signature was illegible and might be John Dempsey, or any other name.

Steve Adams also appeared in court today for a moment while he was being identified by detective McIntyre of the Southern Pacific, in Ogden. He recognized Adams as the man arrested in company with A. T. Williams, locked in a California fruit car. City jailer Snyder and city detective Pendar, of Ogden, also identified Adams.

It came out in the cross-examination of Pendar that Adams, too, is a Mason. Pender, being a brother Mason, helped Adams out of jail, loaned him two dollars and identified him at the telegraph office where Adams wired Haywood for money. Pendar said he read the message and remembered its contents but when court adjourned for the day, the question of the admissability of this evidence, as to the contents of the message was, to be argued by counsel tomorrow morning.

It is deemed an important matter by the state and is intended to connect Haywood up with the general conspiracy which is charged against the Western Federation of Miners.

When court adjourned Jas. C. Houston teller in the First National bank of Denver, was on the stand, but not examined. It is said that his testimony promises to be sensational.

Senator Borah said that he could not examine the witness until he sent to his office for documentary evidence and as the time was within 20 minutes of the regular hour an adjournment was taken. It is alleged that this documentary evidence relates to the payment of money by checks and drafts to Harry Orchard, by officers of the Federation.

The first witness of the morning was L. D. Guibinni, who kept the grocery, near the Bradley residence in San Francisco. Guibinni knew Harry Orchard as Barrie, and made his acquaintance in the barroom of his grocery, when Orchad came in one morning for a drink. On this slight identification Guibinni, introduced Orchard to the Bradley servants, sent him to deliver packages at the Bradley home and found him a room opposite the Bradley flat so he could look at the Bradley girls.

Guibinni tasted the poisoned milk and it was through his suggestion that the milk was analyzed. Guibinni got enough of the milk in tasting to make himself sick. The cool nerve of Harry Orchard was well illustrated in Guibinni's narrative. He met Orchard the night before the explosion, packing two grips to the street car.

Orchard told the grocer he was leaving the country the following morning but would be back after Guibinni returned from lodge at 11 o'clock that night and bid him good bye. Orchard called at 11 as promised, but Orchard next morning instead of having left the country was among the crowd of spectators that surrounded the wrecked Bradley house. Guibinni was surprised to see Orchard in the crowd and asked hi mwhy he had changed his mind about leaving.

Orchard sad he had heard the explosion and returned to see what was the matter. In this way Orchard evaded suspicion. If Orchard had been missing from the vicinity of the explosion that morning he might have been suspected. Guibinni told Orchard the explosion was not caused by gas, but still he did not connect the crime with his friend Barrie.

The defense directed its batteries today chiefly to show that the witnesses for the state had been brought to Boise through the efforts of Pinkerton detectives and that the state was making great outlays of money for their expenses.

Miss Moore, of Denver, has been here for a month at the expense of the state. Guibinni has been paid $200 expense money and each Ogden witness got $9 mileage and expense money. The trip cagers in the Vindicator mine at Cripple Creek were on the stand today. Harrah was the cager at whom Orchard said he shot when he went down to set off the carload of powder. Harrah testified to two shots being fired and to the search of the mine by soldiers and by the mine management, as they found no evidence of any one, Harrah's story was not believed and he lost his place. He was succeeded by Charles Johnson. Johnson was on the 8th level at the time of the explosion on the sixth, and testified that he was the first one to reach McCormick and Beck after the explosion. The state also put up superintendent Hackett of the Boise office of the Western Union Telegraph company and introduced as an exhibit the telegram sent by Fred Miller from Spokane to Harry Orchard after his arrest at Caldwell.

The introduction of the testimony regarding the Adams incident at Ogden is somewhat of a mystery. The state promised to connect it up with the general conspiracy that is alleged. Some light is thrown on the matter of knowledge of the fact, not heretotore generally disseminated, that Adams, in his confession, told of having been sent to San Francisco in the spring of 1903, to kill F. W. Bradley. The man Williams was sent along. They failed, he claims, and were on their way back to Denver when they were arrested at Ogden for traveling in a freight car and then he telegraphed Haywood for money which he secured, to get him out of his trouble. They had four revolvers and a pair of field glasses. How the state expects to get the story before the jury is not known, but it is believed it has such a plan. It will revolve about the attitude Adams will assume, but there is an impression that the state hopes to be able to outwit the defense as to him when he comes on the stand.

FOR PURITY AND TRUTH

ANGLICAN CLERGYMEN ADVISED TO DROP GENERALITIES.

PLAIN TALK AT ANGLICAN SYNOD IN TORONTO.

Toronto, June 14.—At yesterday's meeting of the Anglican synod the following resolution was introduced by Mr. N. F. Davis, and adopted.

"That it is the conviction of the synod that a great purification of politics of the financial, social and business methods of this country, is imperatively demanded today. The church, her bishops, clergy, and laymen should take a leading part in the immediate improvement of the present deplorable state of affairs."

Mr. Davidson asserted that the clergymen were no intimately acquainted with the political, moral and social life of the people to whom they preach to from the pulpit. It is time they abandoned generalities and dealt with abuses as they exist in their particular locality. The time is here for clergymen, as leaders of a true church, to take a stand for purity and truth.

TO IMPROVE RIDEAU HALL.

Ottawa, June 14.—It is the intention of the government to make alterations and extensions to Rideau Hall, which will make it an official residence worthy of the dominion. The exterior character of the building is to be altogether changed and a large extension is to be made to the space intended for the accommodation of guests at the official functions which the governor-general gives from time to time. Plans have been prepared and tenders will soon be invited for the work. A hundred thousand dollars is available with which to make a beginning this year.

BIG TIMBER LAND DEAL

FIFTY THOUSAND TRACT ON ISLAND SOLD.

MICHIGAN LUMBERMEN WERE THE PURCHASERS.

(Special to The Daily News)

Vancouver, June 14.—The largest timber sale in the history of the province was consummated here today when a fifty thousand acre tract at the Northern end of Vancouver island was sold by McLean brothers and associates to a syndicate of Michigan lumbermen. Tract contains three billion feet and the purchase price was $1,200,000, the first instalment of which was paid today. The purchasers state the Michigan woods were getting cleaned out and lumbermen there are looking to B. C. They expect to build an extensive plant here to handle the product of the tract.

EDITOR HOPKINS NEW JOB.

(Special to The Daily News)

Winnipeg, June 14.—Dr. A. G. Hopkins editor in chief, of the Farmers' Advocate, Winnipeg, resigned today to take a position in the dominion department of agriculture, health of animals branch. He was for some time veterinary officer for the government in British Columbia with headquarters at Vancouver until July, 1904.

NO BAIL FOR SCHMITZ.

San Francisco, June 14.—Bail was denied mayor Schmidtz and the court ordered that he be placed in jail.

WEEKLY TRADE REPORT

WEATHER AND CROP CONDITIONS LIVEN THINGS UP

BUILDING IS ACTIVE THROUGHOUT CANADA

New York, June 14—Bradstreet's trade report says:

Weather, crop and retail trade conditions have changed for the better this week and the feeling is rather more optimistic than for some months past, still the crops are backward.

It is too cold for the best growth of corn and exceptionally favorable conditions are required for the best future results to the agricultural community.

Agreement is general that retailers' stocks are large, that reduction sales are numerous and that filling in orders from jobbers and manufacturers are a negligible quantity as yet. Fall trade reports are good in most sections. Cotton goods lead and dry goods in strength of prices. Better crop reports have depressed prices of cereal and other farm products.

Finished iron and steel are active, structural material leading, while pig iron is quiet. In lumber interior buying at large western centers is less active. Inability to easily obtain money is the cause assigned for difficulties reported by building concerns who spread out too widely for the capital employed.

Money markets as a whole show little change. There is a disposition toward hardening on long time loans, while call rates are easy.

Railway earnings for May exceeded those of last year by 14.7 per cent.

Business failures for the week number 191 against 153 last week and 170 in the last week of 1906, 175 in 1905, 181 in 1904 and 165 in 1903.

In Canada slightly warmer weather and more optimistic crop reports caused thereby, have helped trade in all branches, but there is still much room for improvement, especially in retail lines in eastern Canada. Reorder trade is not much of a factor, but fall business is placed with great confidence. Building is active throughout Canada and the hardware business is the most active of all lines, with groceries next and light summer dry goods least favorably situated.

Better reports coming from spring wheat crops helps trade. There is said to be a smaller decrease than expected in the total area, condition is good and the outlook favors a yield equal to last year if good weather supervenes. Montreal reports heavy imports, taxing the port's facilities but lighter exports, mostly of agricultural products. Toronto reports special activity in the demand from New Ontario mining districts. The Asiatic demand for Canadan flour is increasing.

Failures for the week numbered 22 as against 18 last week and 20 in this week a year ago.

LONGSHOREMEN BEATEN

LEADER CONNORS WEEPS WHEN MAKING ANNOUNCEMENT

MEN MUST RETURN TO WORK AT OLD SCALE.

New York, June 14.—There was a pathetic scene at yesterday's meeting of the longshoremen, whose strike for increased pay was declared off.

Patrick Connors, leader of the strikers broke down and wept, when compelled to make the acknowledgement that the men were beaten.

There was a moment of silence and then came vociferous cheers for the leader, while many of the men, who had faced privation in the effort to win their demands, hurried to the platform, shook Connors by the hand and assured him that he had made a good fight.

More than 12,000 of the original 20,000 strikers who remained firm will return to work today. It is believed that all of the men will secure their old places, but they must return for the same pay they received when they went on strike, thirty cents an hour; they had demanded an increase of ten cents.

The strike has lasted nearly six weeks and was a great financial loss to the steamship companies and to the workers. The loss in wages to the longshoremen has been close to a million dollars.

FULL COURT.

Cases Heard at Victoria And List For Next Week.

(Special to The Daily News)

Victoria, June 14.—Before the full court today the appeal of the defendant company in Snow vs. the Crow's Nest Pass Coal Co., was heard and judgment was reserved. S. S. Taylor K.C. appeared for the appellants and Martin for the respondent Snow. The case was originally tried in Nelson before Mr. justice Clement and a special jury on February 12. The trial judge declined to insist on the jury answering a set of questions submitted by Mr. Taylor and leaving an open verdict possible. The jury returned a verdict for $2250 damages and judgment was signed for that amount and costs. It was the company's appeal from this judgment that was heard today. Henry Snow was an employee of the Coal company and lost his left arm by being run over by a coal car in the mine. The chief defense was that Snow was guilty of contributory negligence, and the company was not to blame for the accident. The relative positions of counsel at the trial caused comment at the time, Mr. Taylor appearing for the company and W. A. Macdonald, K.C., for the claimant, just reversing the positions usually occupied by these learned counsel in many cases tried at the Kootenays.

On Monday next the appeals in Gabriel vs. Jackson, and Marks vs. Marks will be heard by the full court. The latter case involves the construction of the will of the late A. J. Marks, formerly of Nelson.

The testator bequeathed his property to "my wife" and two claimants appeared. Mrs. Susan Elizabeth Marks, of Nelson, and Mrs. Annie Jane Marks, an eastern woman. The latter claimed to be the wife of the testator, but chief justice Hunter, who tried the action at the Nelson fall assizes last year, dismissed her claim with costs. Annie Jane Marks is now appealing to the full court from the finding of the chief justice.

The full court have given no intimation when they will give judgment in the famous extra-lateral rights case of Star vs. White, heard at the last sittings in May.

DECLARATION OF WAR

Washington, June 14—What amounts to an actual declaration of war between Nicaragua and Salvador was contained in the reply of president Zelaya to an inquiry from Washington as to his connection with the recent attack and capture of Acajutla.

The answer came to the state department today in the shape of the following cablegram from American consul general Olivares at Menagua, the Nicaraguan capital: "I am officially informed that in accordance with thee Central American union plan president Zelaya has despatched munitions of war and troops in aid of general Alfara, who is the popular unionist candidate for president of Salvador."

SECRETARY TAFT ILL

St. Paul, June 14—Secretary of war Taft became suddenly ill at Fort Snelling this noon, while witnessing the review of the troops. Medical aid was summoned and the secretary was immediately brought to this city to the home of J. S. Hill on Virginia avenue.

HAGUE PEACE CONFERENCE

Representatives of Powers Assembled for Opening Today

The City Gay With Multi-Colored Standards of Representatives of Every Civilized Country on the Globe

The Hague, June 14—This city suddenly blossomed out with flags this morning, representatives of every civilized country on the globe, hoisting its standard over hotels and legations clustered about the two principal squares, while the hotels facing the square at Schenevening, with their multi-colored banners snapping in a stiff breaze, formed a stirring picture. It was like a vast camp of the nations of the world.

The weather could not have been finer, cool and bright sunshine. Practically all the delegates arrived during the day. The English, 25 strong, headed by sir Edward Eric, judge of the chancery division of the British high court of justice and a member of the permanent court of arbitration at the Hague, reached here early by way of Holland, Joseph H. Choate, Wm. Buchanan, U. M. Rose and Charles Henry Butler and the other Americans travelling on the same steamer.

Soon after their arrival the latter held their first meeting, Mr. Choate presiding.

The Germans, Italians and many South and Central Americans came by train.

Following the precedent established in 1899, the minister of foreign affairs of the Netherlands on the opening of the conference in the hall of knights tomorrow will propose that the conference dispatch messages of greeting and appreciation to emperor Nicholas, and in return M. Nelidoff will send a message of thanks for the hospitality of queen Wilhelmina and the government of the Netherlands.

W. H. Debeaufort, head of the delegation of the Netherlands will propose that M. Nelidoff be elected president. After the inaugural session the delegation will make a tour of the hall of knights. The attitude of the Germans in favor of admitting the press to the plenary sessions is regarded as settling this point in the affirmative.

M. Tsuhuki, head of the Japanese delegation, said today that the delegates of his country had been given the widest latitude in the matter of instructions. He pointed out that there was considerable misapprehension abroad concerning Japan's reservation to withdraw if in her opinion the consideration of any particular subject would lead to useful results. The inference that this reservation referred to the question of the limitation of armaments, he said was incorrect. The limitation had been made before the question of discussing the limitation of armaments was brought up.

The signing of the protocol admitting the countries that were not participating in the last conference took place this afternoon in the old throne room of the Binnenhof, now used by the permanent court of arbitration. It is understood that the pope has addressed a letter to queen Wilhelmina setting forth that the holy see will give not only moral but material support to any decision of the conference regarding the maintenance of peace and the furtherance of humanitarian principles throughout the world.

OUTLOOK IN MANITOBA

FARMERS NOW CONFIDENT OF AVERAGE HARVEST.

WARM WEATHER HAS FOLLOWED COPIOUS RAINS.

Winnipeg, June 14.—Reports coming in from throughout the western section of the country clearly indicate the crops are in a most flourishing condition.

In southern Manitoba the wheat is already about nine inches above the ground and very thick. Samples of wheat taken from near Brandon show a growth of nearly eleven inches. In the latter case the growth has been particularly fast, but the same conditions have been reported in other sections.

The warmth of the past couple of days following after the copious rains, has been of the greatest value.

The temperature yesterday of over 80 degrees had a great effect on the crops and the farmers now are going about with broad smiles. Prominent grain growers state that any danger of a failure of a good crop is at an end. With a continuance of the id al weather that has set in this province lately, they see no reason whatever why they should not have an average crop and the grain harvested at a date that will only be a few days later, should be as good as any in late years.

JUMPS BAIL BOND

(Special to The Daily News)

Calgary, June 14.—E. Charbonneau, the fireman charged with theft after the recent fire, who was allowed out on $100 bond, skipped out of town yesterday. He is thought to have gone to Vancouver. A warrant is out for his arrest. Policeman Quirk, his companion in crime, is to be sentenced tomorrow.

Prospectors', Lumbermen's, Miners' and all Campers' Supplies

TORONTO BITTEN AGAIN.

The capitalization placed upon prospects in Cobalt was nothing short of a crime, remarks the Toronto Telegram.

The government of Ontario was powerless. The newspapers of Ontario were powerful on the wrong side. If the government had restricted a capitalization of Cobalt properties the cry would have gone up that "capital was being scared" and that politicians were interfering with mining.

The capitalization of Cobalt properties scared capital out of the pockets of purchasers of stock in unproved properties.

The sale of stock had nothing to do with mining. The money that people were putting up for stock did not go into the treasury to develop the mine. The money went into the pockets of a lot of stock peddlers who were seeking only to develop their own fortunes and leave the mine to take care of itself.

Cobalt will triumph even in the martyrdom of the plungers who paid a great premium for shares in over-capitalized properties. Cobalt will be the home of several wonderful mines. The wealth of Cobalt will do little good to investors who could not be protected by the government and were decoyed by newspaper boomers into a debauch of over-capitalization. But Cobalt is a great camp, and stock in its best properties will yet yield good dividends.

Toronto has one more bitter experience. Hundreds of people have once more learned to their cost the folly of taking advice from the newspaper trumpeters of stock-peddling sharks, who grab the savings of the people.

EDITORIAL NOTES

It is to be hoped that those in charge of the proposed West Kootenay exhibit for the Winnipeg fair will experience no difficulty in raising the balance of the sum required to defray expenses. No better means of advertising West Kootenay could be conceived of than by a thoroughly representative exhibit of the products of the district. A splendid showing can be made, not only in fruits and garden products, but in minerals, timber and manufactured products. Whilst the real estate men recognize that it is u pto them to do the lion's share in the matter of contributions to the expense fund, it must not be overlooked that business men and hotel proprietors stand to win by this undertaking of the 20,000 club, the fruit growers' association and the board of trade. There should be prompt and generous contributions from all classes of the community.

The practice of employing children for fruit picking is common throughout eastern Canada, in many of the states and in the old country. There, however, conditions are different and the earnings the children thus make are a welcome addition to the family revenues. In this province very few children are employed in any occupation and very few expect to work until they turn out in the world for themselves. Their parents are well able to support them and provide them with pocket money, so that there is little or no inducement for them to take advantage of any opportunity to earn a little money for themselves. Picking fruit is neither an arduous task nor an unhealthy task and it is one that children might be employed at with the least possible objection. If the local fruit growers could make a start this year in the employment of children to pick their fruit and prove that the youngsters were properly looked after whilst thus engaged, no doubt, in years to come there would always be available a steady supply of children for work of this character. At the outset it will be necessary to take extra precautions in the way of supplying decent accomodation and proper supervision to induce parents to permit their children to engage in the work.

A good place to buy a Fruit Ranch or Real Estate in Nelson is at T. G. PROCTER'S OFFICE, Madden Block, the oldest established firm in Nelson

DO NOT NEGLECT THE CHILDREN

At this season of the year the first unnatural weakness of the child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by all druggists and dealers.

Ask for Minard's and take no other

Los Anglese papers state that Ernest Kennedy, a mining broker of Rossland, ten years ago, was married at Los Angeles a few days since to Mrs. William Truman of Pasadena. The paper states that the wedding came off as the culmination of a series of romances for Kennedy. Since leaving Rossland Kennedy has several times appeared as the central figure in peculiar cases. Last fall he turned up in Nevada, and is said to have made money there.

A meeting of all those interested in baseball will be held in Alex. Fife's barber shop on Monday evening at 7:30. All players are specially requested to be in attendance.

CANADA MANUFACTURES

(Special to The Daily News)

Ottawa, June 14—A well governed country is a prosperous country—facts and figures honestly put before the people tell the story. When the administration of public affairs was taken from the conservatives and entrusted to the liberals, there were pessimists who said our manufacturies will languish, our revenue will fall away, our country will make no further advance in the direction of progress.

What are the facts and figures as to the manufacture of finished product since 1900?. The results are astounding, they far surpass anything the most sanguine liberal anticipated. The census bureau at Ottawa has issued a preliminary statement, portions of which appear below.

The complete returns are not all in but figures already ascertained enable the presentation of a remarkable statement.

In 1900 the manufactures of the dominion amounted to $481,053,375 for the year.

In 1906 the manufactures of the dominion amounted to $712,664,835 for the year an increase last year over 1900 of $332,611,460, a marvellous showing and the best possible evidence with which to confront the dgsiruntled calamity howlers.

INCREASE BY PROVINCES

Ontaria, incomplete, $124,158,658.
Quebec, incomplete, $58,936,079.
British Columbia, $18,565,737.
Manitoba, incomplete $14,681,829.
New Brunswick, $1,161,221.
Nova Scotia, $3,963,417.
The Territories, $5,629,613.

TOTAL TRADE BY PROVINCES

	1901	1906
Canada, incomplete	$481,053,375	$712,644,835
British Columbia	19,447,778	38,013,515
Manitoba, incomplete	12,927,439	27,609,268
New Brunswick	20,972,470	22,133,681
Nova Scotia	23,592,513	32,545,939
Ontario, incomplete	241,533,486	365,692,144
P. E. I.	2,326,708	1,851,615
Quebec, incomplete	158,287,994	217,224,073
Territories, incomplete	1,964,987	7,594,600

This includes every factory employing five persons and over. There is an increase last year in every province with the exception of Prince Edward Island, and in the latter case there is a slight decrease.

Every part of the dominion will rejoice at the figures disclosed, showing how each principal city and town is progressing.

The Natural Cure For Rheumatism

"Fruit-a-tives" remove from the blood the poison which causes Rheumatism.

Rheumatism means poisoned blood. The kidneys, bowels and skin should rid the system of waste matter. If either of these vital organs become weakened or diseased, the body cannot throw off this waste fast enough.

One of these body poisons is UREA, which is eliminated both by the kidneys and skin. If the skin action is poor—if the kidneys are inflammed—urea stays in the system—is changed into uric acid—carried by the blood to the nerves and joints—and causes Rheumatism.

"Fruit-a-tives" cure Rheumatism because they eliminate urea, by increasing the action of bowels, kidneys and skin.

This is the only possible way in which Rheumatism can be cured to stay cured. And "Fruit-a-tives" is the only remedy in the world that completely eradicates the disease from the system.

"Fruit-a-tives" are fruit juices in which the natural medicinal action of fruit is many time increased by the process of combining them.

"Fruit-a-tives" will cure almost any case of Rheumatism, Sciatica, Neuralgia.

Then tonics and antiseptics are added and the whole made into tablets. 50c. a box—6 for $2.50. At all dealers or from Fruit-a-tives Limited, Ottawa. 111

Fruit-a-tives

(OR FRUIT LIVER TABLETS.)

OPTION EXPIRES ON JUNE 19

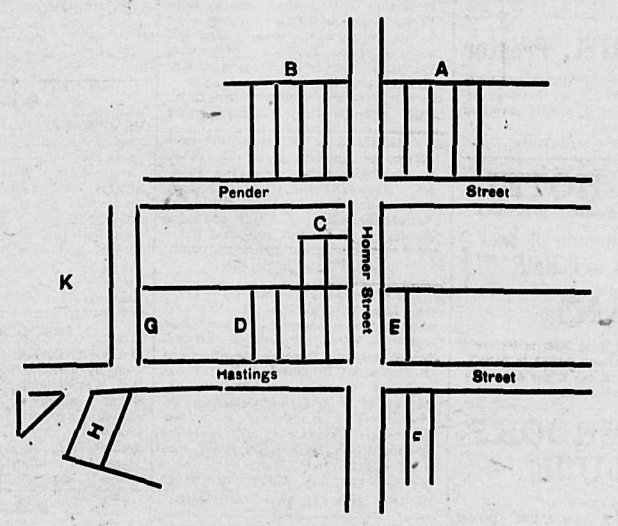
Shares in our big Vancouver syndicate are going steadily (already 70 have been sold, representing interests totalling $70,000); but, though this progress is good, it is not good enough. Unless we complete the $104,000 syndicate by June 19, our control of the property ceases. So you see the necessity for prompt action. If you want to join, move quickly, ,phone, write or wire.

As you have already learned from our advertisements.

We are forming a syndicate to handle a quadruple corner fright in the centre of Vancouver—the southwest corner of Pender and Homer Streets. Its location is shown on the accompanying plan.

The property will cost $104,000.00, but in order to enable persons with small sums to invest to take an interest and share in the big profits that another year of Vancouver's growth will undoubtedly mean, it has been divided into 104 shares representing $1000 each.

Of this amount, one-quarter must be paid in cash, the balance being extended in three equal payments over three years at 5 per cent. Already $70,000, or 70 shares, have been placed, and we have only 34 shares left.



KEY TO THE PLAN

A.—The property to be purchased by the syndicate we are forming.
B.—Property of B. C. Loan and Savings Co., on which a ten-story head office building is to be erected.
C.—Buildings of the Vancouver Daily World.
D.—Offices of Robert Ward & Co., the B. C. Land Investment Agency and O'Brien's Hall.
E.—The Royal Bank of Canada, Main Vancouver Branch.
F.—The Northern Bank.
G.—Bank of Hamilton.
H.—The "Arcade," on which the Imperial Trust Co. is erecting a 14-story store and office building.
K.—The old court house, soon to be replaced by a big hotel.

Pender street is becoming the financial street of Vancouver. It will soon be the companion business street to Hastings, and is already lined out from Cambie, past Hamilton, Homer, Richards and Seymour to Granville, with splendid new buildings into which some of the biggest financial firms of the city are moving. We have not space here to tell you the whole story of Pender street's growth, but if you will call and see us, we will gladly take time to show you plans and give you all the information we possess.

Minard's Liniment Lumberman's Friend

Kootenay Fruit Lands

Burton City and Fire Valley Fruit and Farm Lands are the best sellers now.

15 months ago I purchased from original locators about 5000 acres of Fruit Lands near Burton City. Since then I have been getting the titles and having them subdivided into 10, 15 and 20 acre blocks. One month ago I began to advertise them and have disposed of nine 15 acre blocks and twenty-one 20 ac. blocks, averaging more than one block per day.

The reasons why Burton City lands sell so readily are as follows:

1—The land has a good surface loam with a clay subsoil.

2—It is free from stones.

3—It is nearly level and has a gentle slope, none of it being more than 100 feet above the lake.

4—The public know I can furnish a good title at once.

5—They know I have had a wide experience in fruit lands and am prepared to prove any statements mentioned here.

6—Because I am a practical fruit grower, having over 2500 fruit trees on my home farm, and buyers get the benefit of my experience.

7—I am also prepared to clear land, plant it and care for it until such time as my customers are prepared to take it over.

A SNAP

one improved 20 acre fruit farm for sale fronting on the lake, has a nice beech and in a good locality, 2 1-2 miles north of Burton City. 5 acres cleared and ploughed, 175 fruit trees, a nice creek runs through the property soil is good and no waste land. Daily boat service. This is one of the prettiest places on the Arrow Lakes and will make a nice home in the heart of the fruit growing district.

Price $100 per acre, 10 per cent. down, balance can be arranged.

Synopsis of Canadian Homestead Regulations

ANY available Dominion Lands within the Railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 an acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Deputy of the Minister of the Interior

N.B.—Unauthorised publication of this advertisement will not be paid for.

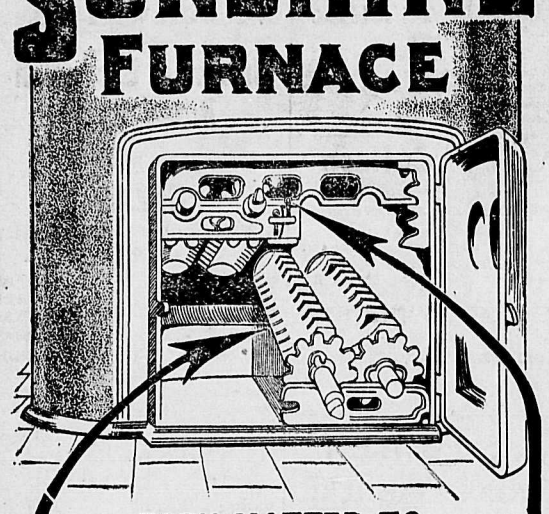
SUNSHINE FURNACE



EASY MATTER TO REMOVE GRATES

If necessity requires, it is an easy matter to remove the grates from the Sunshine.

Just loosen the cotter pin (see the top arrow pointing at it) and the grates on the right can be lifted out. Repeat the operation on the left, and you can do the same with the remaining grates.

Could any operation be easier or simpler?

These four grates are made of heavy cast-iron with the strongest kind of bull dog teeth. Heavy and strong enough to grind up the biggest clinker into particles small enough to sift through the narrow openings between the teeth.

What's left in the ash-pan is not worth sifting.

If your local dealer does not handle the "Sunshine," write direct to us for FREE BOOKLET.

EVERY MAN HIS OWN DOCTOR

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlains Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm, an antiseptic liniment for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets, for constipation, billousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by all druggists and dealers.

Keep Minard's Liniment in the house

BOATS

MULLINS' STEEL ROWBOATS ARE new in Nelson, but they are rapidly winning the reputation they have long held in the states. Elegance, ease, indistructibility when combined are a sufficient reason for popularity. Call and see the boat that was taken 24 miles in one day with one pair of oars. Occupant came back smiling, but damp, as it rained all the way. A splendid boat, but a rotten day was the verdict. Hurt and Co. have these boats for sale or for hire.

"AT THE TOP"

CURZON Bros.

(COPY.)
Box 301, Brampton, Ontario, Canada, 12/12/06.

Messrs. Curzon Bros.,
60 & 62, City rd., London, England.

DEAR SIRS.—It is with the greatest of pleasure that I send this letter to acknowledge the receipt of suit ordered on November 1st, 1906.

I must say that I am greatly pleased with the correct cut, style, and fit of the suit, and I was surprised at the promptness with which you carried out the order. You certainly deserve the greatest credit for the perfect manner in which you handle mail orders.

I showed the suit around among my friends, and they were surprised at the cheapness, quality, and fit of the suit and asked me how to send. Of course, I willingly told them with the satisfaction of bearing them say that they would send for goods.

I must certainly say with assurance that you can depend on my future custom as suits of that description are sold in Canada at 15 dollars and 20 dollars. I shall endeavour to get as many customers for you as I can, being assured that they will receive entire satisfaction.

I remain, your highly satisfied customer
(Signed) FRANK HOOPER.

Our fame and reputation is world-wide and universal. We have thousands of satisfied and gratified customers all over the globe, and public opinion has long since put us "at the top" as the world's greatest tailoring experts.

We can supply you with the latest London styles, fashions and fabrics at prices unapproachable by any other tailors!

The quality and durability of all our cloth is unexcelled, and the suits we supply are valued by our Colonial Customers at 20 dols.

We have the most simplified system of self-measurement extant—it absolutely ensures a perfect fit and finish.

Do you want to be smartly clad?—then Curzon Bros.—London's Leading tailors—can fit you with the most durable, attractive and splendidly fitting suits imaginable.

Look above and see what our Colonial Customers say. We send you dozens of similar letters with patterns for your perusal.

WE WILL FORFEIT $25,000.

if it can be proved that any testimonial published by us is other than genuine and entirely unsolicited.

SITUATION IS IMPROVED

UNREST IN INDIA NOW QUIETING DOWN RAPIDLY

CONDITION IN THE PUNJAB STILL UNSATISFACTORY

The London Times correspondent at Simla, India, cables:

The condition of India since the issue of sir Herbert Risley's letter regarding discipline in the schools and colleges and the promulgation of the ordinance preventing meetings and since the deportation of Lajpat Rai and the disappearance of Agit Singh, has improved materially so far as outward evidences show.

In East Bengal seditious meetings have been stopped and the National Volunteer movement is less active while in regard to trade, articles of foreign make ar enot being forcibly interfered with, though individual boycotts continue. Instances of looting still occur, but they are not of so much importance and are promptly dealt with. The provincial government is acting vigorously and pouring police into the disturbed districts. Some hundreds of the rioters have been arrested and convicted and the officials are on the alert to suppress any gatherings likely to disturb the peace.

In the Punjab the disturbing conditions are different, since the population, while sharing in the general unrest, is further unsettled by agrarian troubles connected with the canal and colony legislation. The agitators have employed their grievances effectively, and by means of unblushing misrepresentation have fanned the animosity against the governmnt and Europeans. The provincial government has fully explained the colonization act and the supreme government having disallowed a complicated new act, the agrarian grievances are probably diminishing.

The political situation throughout India is more reassuring, but the extremist newspapers everywhere are bitterly hostil and seditious, preaching sustained resistance to British rule.

NELSON'S NEWS OF THE DAY

Miss Gourley has gone to Rossland for a week to visit her sister, Mrs. J. A. Cleland.

Born, in this city on Friday, June 14, to the wife of Dominick Ferro, a daughter.

The Ymir license commissioners will hold a meeting in the local provincial police court this morning.

Mr. and Mrs. Euerby leave for a visit to England today. They expect to return in about three months.

James Cronin returned yesterday from a trip to some properties up Cooper creek. He found the snow which recently barred his way all gone.

A meeting of the sports committee in connection with the Dominion day celebration, will be held on Monday evening at 8 o'clock in Mr. Wells' office.

William Burrell, charged with obtaining money under false pretenses will come before stipendiary magistrate Crease for a preliminary hearing on Tuesday next.

A wire was received yesterday from Rev. F. H. Graham who has been attending the Anglican synod meeting at Vernon, that he would return here this evening and take both services at St. Saviour's tomorrow as usual.

Ross Fleming, agent for the Porto motor has procured a suitable rowboat for exhibition purposes. This boat will be painted and be in proper order about Thursday next, when Mr. Fleming expects to accommodate the large number of people wishing to test the Porto motor. From every quarter this motor is having the most favorable reports.

Tomorrow will be memorial day for the Knights of Pythias. The members of Nelson lodge No. 25 will meet at the lodge room at 1015 tomorrow morning and after a short service will proceed in a body to the city cemetery where the graves of departed brethren will be decorated with flowers. Several invitations have been sent, but in case anyone has been overlooked, they are asked to accept this intimation. Lodge members are particularly requested to be on hand promply on time tomorrow morning.

At the mining recorder's office on June 14, certificates of work were issued to Francis Holland on the Holland, and to Maggie Newitt on the Caledonia. S. L. Meyers and R. B. Darlington recorded the Fidelity on the north fork of Salmon river. Peter Peterson relocated the Reco placer claim on the Salmon river. A release and quit claim from S. S. Fowler to S. P. Tuck was recorded releasing any claim of Fowler's to the Royal Irish and Royal Irish fraction on Sandy creek, in consequence of an agreement made by the late R. G. O'Driscoll on Dec. 2, 1902.

Corporation of the City of Nelson

NOTICE is hereby given that the first annual sitting of the Court of Revision for the purpose of hearing complaints against the assessment for the year 1907, will be held in the Council Chamber, City Hall, Nelson, on Friday, the 28th day of June, '7 at 10 o'clock.

W. E. WASSON, City Clerk.
Nelson, B.C., May 21st, 1907.

HIS READY ANSWER

"Why don't you make the cheaper clothes—suits selling below $15?" The question was asked the Semi-ready salesman. "Simply because the cheaper clothes are the most expensive apparel. Only a millionaire can afford to indulge in cheap garments. With the enormous amount of shoddy cloth hurled on the market since the rise in the cost of woollens a man who pays less than $18 or $20 for a suit gets mightly poor cloth for his money. It costs just as much to make a cheap suit as it does to make a good one, so that the man who pays $25 or $30 for a suit gets more value for his money.

J. A. Gilker, Agent, Nelson.

NELSON'S NEWS OF THE DAY

Judge Forin, although still unable to leave his residence, was much better yesterday.

It was after midnight this morning before the Kuskanook's passengers and mail reached the city.

J. S. C. Fraser, bank of Montreal manager, Rossland, is at the Strathcona and will spend today in the city.

R. P. Rell, the Regina real estate man, is again in town. He is sizing up this locality for investment purposes.

Rev. E. P. Flewelling of Cranbrook, passed through town last evening on his return from the Anglican synod at Vernon.

Rev. D. W. Scott, formerly of Trout Lake will assume charge of his new field at Creston on Sunday and will preach in the Methodist church Sunday morning at the usual hour.

Harold Chapman intends bringing his launch "Elsie" over from Moyie to compete in the launch races here on Dominion day. A number of visitors are expected from that town.

Thomas Hooper of Hooper and Watkins, architects, Victoria, is at the Hume. He will meet the Methodist church board this morning in connection wth plans for the new church building.

Miss Ella Gertrude Graves of this city has graduated as a trained nurse at the Fannie C. Paddock Memorial hospital, Tacoma. The graduating exercises will be held in the Tacoma Masonic temple on Wednesday evening next.

Contractor Burns is making good headway with the new Canadian Bank of Commerce building and he is pressing the Kootenay Marble Works for the promised supply of stone. Messrs Shackleton and Simpson, proprietors of the marble works have so many orders on hand just now that they find it very difficult work to keep pace with them. It was stated yesterday that the local marble works, adjoining the court house, are the largest works of the kind in Canada.

The Nelson gun club will hold its regular weekly shoot this afternoon. It was not announced yesterday whether there would be a special match such as was held last Saturday, this afternoon or not.

In compliance with many requests, The Daily News today publishes a list of local retail produce quotations as supplied by responsible firms. It is proposed to publish these prices every Saturday and to add to the list given today.

Launch owners are reminded that the entries of boats for the Dominion day races, for the purpose of making the necessary handicaps, should be in George A. Hunter's hands today. The name of the launch and its length should be given.

Rv. J. L. Brooks, Congregational missionary of London, England, is a guest at the Queen's. He is engaged in immigration work and represents some Congregational colonization undertakings. He will preach in the Methodist church tomorrow morning.

The Nelson rowing men who will represent his city at the N.P.A.A.O. regatta at lake Washington on July 3 and 4, are steadily training for the event. The four will be: Lee, stroke, Ferguson, McIntosh and A. Bishop. DesBrisay has entered for the senior singles, and will row with Poole in the senior doubles. Poole and Knott have entered in the junior doubles.

A meeting of the general Dominion day celebration committee was held in the court house last evening with Wm. Irvine in the chair. Many details were gone over but owing to the absence of Harry Wright and George Wells, final settlement was deferred until the next meeting to be held early next week.

MINING ACCIDENT

Superintendent DeWitt of the Fern Mine Breaks His Leg

William DeWitt, superintendent of the Fern mine, met with a nasty accident on Thursday night. After going round the mine on the night shift, he was descending a ladder, when it broke and he fell to the bottom of the raise, the ladder falling on his leg and breaking it just above the ankle. Mr. DeWitt managed to get out of the mine and down to the mill, where he got assistance. The men carried him to the railway and brought him into this city. No conveyance being at the *Mountain depot he was brought to the* union station, where a carriage was obtained to take him to his home on Silica street. Dr. Rose set the fractured bone yesterday.

Mr. DeWitt had received a message earlier in the day that his wife was very seriously ill and he was getting through his work in the mine as quickly as possible, preparatory to catching the night train to the city when the accident happened. *The shock was very serious to Mrs* DeWitt, but both she and her husband were progressing very favorably last night.

NELSON BRANCH

FARMERS' INSTITUTE

TWO MEETINGS AT COURT HOUSE TODAY

W. S. FRASER AND W. E. DUNHAM TO MAKE ADDRESSES

This afternoon and evening a meeting under the auspices of the Farmers' institute will be held at the court house, W. S. Fraser of Bradford, Ontario, and W. E. Dunham will give the addresses.

The afternoon meeting will commence at 2.30, Mr. Fraser will give a demonstration in the grounds adjoining the courthouse of judging the points of a cow and afterwards Mr. Dunham will address a meeting in the courthouse on "The Laying Hen."

At the evening meeting Mr. Fraser will speak on "Grasses and Soils," and Mr. Dunham on "The Incubator."

On Monday morning a meeting will be addressed by Messrs. Fraser and Dunham at Procter, the latter speaking on "The A. B. C. of Poultry."

Secretary G. G. McLaren will have charge of today's meetings and practical demonstrations, and on behalf of the Farmer's Institute, he extends a cordial invitation to all interested, including ladies, to attend. The meetings are free to the public.
