VOL. 6 NELSON, B. C., SUNDAY, APRIL 19, 1908 NO. 309

VICTORIA, B.C.

EASTER MORN

Nelson Churches Commemorate the Day

TRIUMPH OF CHRISTIANITY

GREATEST FESTIVAL OF CHRISTIAN YEAR IS BEING JOYFULLY CELEBRATED IN ALL THE CHURCHES THROUGHOUT THE COMMUNITY.

For century after century, from the beginning of the Christian era until today, from the time before the council of Arles, the first which the bishops of a British church attended, until after the last council of the Vatican which the British bishops did not attend, in good report and evil report, persecuted or supreme, divided or whole, the Church of Christ has celebrated its Easterday. Each century has seen, despite the varying fortunes of the Church, an ever increasing number of Christians till now, indeed, the time seems imminent when the Gospel will have been preached in all lands, a foreshadowing of the time when, according to the Evangel, is the coming of the Master for the second time.

It is hardly a generation since when it was generally declared by those people whose very civilization, whose education was derived from the fostering influences of that Church, that science was to explain everything. Yet today the truly scientific acknowledge, whether by Lodge, whether by Kelvin or by some equally humble a servant, that the position of the Church of Christ is practically unassailable and that science every day is showing itself but the exponent of the teachings of that Church.

It is not a generation ago since the site of Nelson was unmarked on the map and yet today in a place where the Red Indian, with his primeval beliefs, trapped and fished in the silence of the cottonwoods, the Anglo Saxon is proclaiming with the rest of the world his belief in the faith which has transformed the earth. For wherever Christianity is triumphant that nation is one that has to be reckoned with. Few nations which have not Christianity are of note today.

It is therefore no great wonder that everywhere in Nelson today among the churches that the congregation have done their very best to signify their appreciation of the first festival of Christendom. Yesterday finished Holy Week, which was very generally observed. Maundy Thursday or that day on which the first mandatum was laid down as to the celebration of the Lord's Supper, Good Friday, or that day when the first good news came as to the salvation of the world according to the Christian tenets, Easterday, the Christian rendering of the grim significance of the Jewish Passover, each were regarded as they were not even a generation ago.

The question was asked locally why the feast of the resurrection should be observed as a movable feast whereas that of the birth of the Master should be upon a set day. The answer given by one of the local clergymen was that the point of the Easterday celebration is the commemoration of the Resurrection, which occurred on the first day of the week and therefore the day of the Resurrection should always be a Sunday, which would not be the case if the day were set as a certain day of the week as, for instance, December 25, Christmas day.

All the churches in town have spent time and money lavishly in decorating their churches and getting up special programmes for the services of the day. In the Anglican church the services will begin with Holy Communion at 6:30 and at 8 o'clock in the morning. At 10.30 a. m. there be Matins, followed by the Eucharist. A festal service has been arranged which has taken the patient practice of weeks past. The service will begin with the singing of the processional hymn "Come Ye Faithful" by Lissant. The preces and responses will be Tallis' festal. The Easter Anthem is "Christ Our Passover" to the time honored grand chant by Humphreys. Then follow the psalms, the Te Deum by G. W. MacPherson and the Jubilate by Hayes. The office anthem is Barnby's "Awake Up My Glory" and then comes the Holy Communion to the setting of Dykes in F. Two hymns are being sung during the canon, the one "Jesus Christ Is Risen Today," out of the Lyra Davidica and the offertory hymn "Welcome Happy Morning" by Barnby.

The evening services at St. Saviour's church begin with the processional hymn "Ye Choirs of New Jerusalem" by Gauntlett, the service is by J. Varley Roberts in E while the anthem is Maunder's "Christ Is Risen." The other hymns "The Strife Is O'er," Palestrina; "On the Resurrection Morning," Turpin, and "Hearts to Heaven," Arthur Sullivan. In the afternoon at 3 o'clock there will be a special children's service. The decorations of the church, which are appropriately in white and gold, have been done under the supervision of the ladies of the Altar Guild, who have spared neither time nor trouble.

The Church of Mary Immaculate will this morning be seen to be a wealth of floral display, especially around the High Altar, lately put in by the beneficence of the congregation. The day will begin with a low mass at 8 o'clock which will be followed by an exposition of the Blessed Sacrament, which will remained exposed for the adoration of the faithful throughout the day.

At 10:30 o'clock there will be celebrated high mass, which will be sung by Father Althoff, the Rev. Father Lawrence, O. M. I., preaching. The mass sung will be that of Werner with the solos taken by Mrs. Fournier, J. McKenna and R. Choquette. At the end of high mass there will be procession, litany of the saints and the formal opening of the 40 hours' devotion. At the evening service Father Lawrence will take the first mission sermon. On every weekday service throughout the week Father Lawrence or Father Fallon, O. M. I., will preach mission sermons which will end on Sunday next. Then will take place the first communion of the children.

The other churches are also celebrating Easterday appropriately. Every building has been lavishly decorated with abundance of floral offerings. At the Presbyterian Church the morning anthem will be "Christ Our Passover," Schilling, and also "Rejoice and Be Glad," by Barnby. The services in the morning will be taken by Rev. J. T. Ferguson, while the Rev. R. J. Bowen of Vancouver will preach in the evening, when Mrs. Ireland will sing "Hosanna."

At the Methodist church the services will be taken morning and evening by the Rev. J. Whittaker of Phoenix. Besides the ordinary music of the day, which has been carefully arranged, there will be sung "Christ Our Passover" and Stainer's "What Are These in White Robes?"

In the Baptist church, Rev. A. N. Frith will preach in the morning upon Easter Day, a sermon addressed peculiarly to the young, and at the evening service the ordinance of Baptism will be administered. Special music has been arranged for both services.

The Salvation Army is looking forward to a hard day's battle and has arranged special services to attract the people.

SITUATION AT CHESTER

BOARD OF TRADE INTERVENE UNSUCCESSFULLY

SETTLEMENT OF THE STRIKE IS NOT LIKELY

Chester, Pa., April 18.—As the result of the intervention of the Chester board of trade, indications tonight point to an amicable settlement of the strike of the employees of the Chester Traction company, which has been in force since last Monday and which has been the cause of considerable disorder.

Dr. G. P. Haddoux, chairman of the arbitration committee of the board of trade, interviewed president Riggs and also the strikers this afternoon and as a result a settlement of the trouble is thought probable by means of a compromise. President Riggs said that his ultimatum was the return of the men to work as individuals, not as members of the union, with the reservation of the right to refuse employment to anyone who had been guilty of a misdemeanor during the strike.

A report is current that the men may be paid the wages for which they went on strike if they return to work. The men struck because of a 10 per cent reduction. The state police who were sent here by governor Stewart, have the situation well in hand and there was no serious disturbance during the day. The traction company, under the protection of the state police, resumed the running of cars within the city limits this afternoon. Twenty cars were operated, manned by imported motormen and conductors, and they were not molested by the strikers or their sympathizers. They carried no passengers. Traffic was suspended at 7 o'clock tonight.

Chester, Pa., April 18.—Later—All hope of an early settlement of the street car strike in this city disappeared late to night, when the motormen and conductors of the Chester Traction company refused to reutrn to work on the terms offered by the company. Dr. D. P. Maddux, chairman of the arbitration committee of the board of trade interviewed president Riggs of the company in the hope of effecting a settlement, Mr. Riggs saying the strikers would be employed as individuals at reduced wages, decided upon by the company. Mr. Riggs also reserved the right to refuse to employ any strikers who had been guilty of a misdemeanor during the suspension. The strikers refused to accept a reduction in wages from 18 1-2 cents an hour to 16 2-3 cents.

AMERICAN TOBACCO TRUST

New York, April 18.—There is absolutely no foundation for a report that the American Tobacco company is about to be voluntarily dissolved, according to a statement made today by Caleb O. Dula, vice president of the company. Mr. Dula's statement was made after the return of James B. Duke, president of the company to his home in this city after a visit to California. Dula declared that the investigation of the company's affairs by the government, which has been in progress for some time, has resulted in showing unmistakably that the company has not in any respect violated the Sherman anti-trust law, or any other law.

Washington, April 18.— The department of justice today authorized the statement that it has received no information about the voluntary dissolution of the American Tobacco company, and it was stated by officials that no step the company would take could interfere with the government's suit for the dissolution of the alleged trust, which is to be argued in New York on May 19.

BITTER FIGHT

Bye Elections of the Asquith Ministry

WILL FORM KEEN TESTS

WINSTON CHURCHILL GREATLY HAMPERED BY THE ATTENTIONS OF THE SUFFRAGETTES, WHO MAINTAIN GOVERNMENT IS NOT SINCERE.

London, April 18.—The reconstruction of the cabinet, which came about on the retirement of sir Henry Campbell-Bannerman and the assumption of the office of premier by Herbert H. Asquith, has plunged the country into a miniature election.

Not less than seven bye-elections have been made necessary to fill the vacancies created by the cabinet changes. Four of these will be decided during the coming week. By far the most interesting will be held to return a member from the northwest division of Manchester, where the fate of Winston Churchill, who is seeking relection on his elevation to the presidency of the board of trade, will be a surer index of the country's estimate of the past two years of radical rule than are the verdicts of the smaller constituencies which have recently gone against the government. This contest will be fought hard, and the political fighters in both the dominant parties are preparing for the fray.

Mr. Churchill will again be opposed by W. Joynson Hicks, who contested this seat in the Unionist interests at the last general election in Manchester. There is also a socialist candidate in the field, but he does not cut much of a figure.

Mr. Churchill is showing his customary dashing energy in as fiercely a waged contest as has been seen in this country in years. After a brief Good Friday truce, he has addressed not less than half a dozen meetings today, four of which were in the open air in different parts of the constituency.

Mr. Churchill's mother, Mrs. Cornwallis-West, is repeating her tactics of the past general election. She accompanies her son to the platform and is untiring in her work among the doubtful groups of electors.

The woman suffragettes are proving a thorn in the side of Mr. Churchill. Although he has declared himself in favor of woman suffrage, women are overrunning the constituency in favor of the Unionist candidate, declaring that the recent attitude of the members of the cabinet and of parliament proves that the government has no intention of forcing the cause of women to the front. In the hardly anticipated eventuality of an adverse result, some complacent radical holding a "safe" seat will be given political inducement to resign in favor of Mr. Churchill. Consequently, beyond the loss of prestige to himself and the government he represents, Mr. Churchill's position in the cabinet will not be affected.

STAYED FIVE ROUNDS

TOMMY BURNS DISPOSED OF ONE MORE "E. Z. MARK"

NEARLY A PANIC IN BIG CROWD IN THIRD ROUND

Paris, April 18—Tommy Burns, the champion heavyweight pugilist, knocked out "Jewey" Smith, the South African boxer, here tonight in the fifth round of what was scheduled to be a ten round bout.

The meeting of Burns and Smith was the largest affair of the kind ever held in Paris, where something of a craze for boxing exists at present.

It was witnessed by a big crowd who paid fancy prices for their seats. Smith was a beaten man from the start, although he scored several heavy body blows in the first and second rounds.

The Canadian showed much more skill than his opponent and, after playing lightly with him, floored Smith with a left in the third round. In the fourth round Burns had matters all his own way. Smith was knocked down twice but managed to get to his feet before the count ended. In the fifth, he rallied gamely, after taking severe punishment but he could not succeed in reaching the agile Burns, who ended the one sided match with a terrific right to the jaw, which put Smith to the floor for the count of ten.

Almost a panic was caused at the end of the third round when a photographic apparatus exploded, setting fire to the flags and decorations. Scores of the spectators leaped to their feet but they were prevailed upon to remain in their places and the fire was speedily extinguished.

SOLDIERS' WILD CAREER

San Francisco, April 18—While most of the population of Masatlan, Mexico, were participating in a religious feast last Sunday, 225 soldiers broke out of the garrison and began a wild career of cutting and bloodshed. Within half an hour they had killed two policemen and one other citizen and had waylaid and robbed three men in the outskirts of the city. The governor lost no time in calling out the mounted district police and 50 of them started in pursuit of the soldiers.

ANOTHER NEW INDUSTRY

LOCAL GRAPE CULTURE AND WINE MANUFACTORY

FIRST SETTLEMENT IS STARTED WEST OF PROCTER

Nelson district is to have a new settlement and grape culture will be a leading feature, though other fruit will also be grown.

The new settlement will be called Peas Valley or Friedensthal, and will be composed of 345 acres, situated on the south shore of Kootenay army, about two miles west of Procter.

Arrangements have already been made for a goodly number of settlers and their families and more will come later.

The organization back of the undertaking is known as the British Columbia Colonization agency, with headquarters in Nelson and with Joseph Edinger as general manager.

Mr. Edinger has been in the northwest for the past 22 years, and for the last eight weeks has been looking over Kootenay fruit lands for a suitable site for his new vineyards.

The men and their families now are on their way here, come from Germany chiefly, though there are Russians and Hungarians in the lot. They are all used to grape culture and come from vineyards.

Mr. Edinger thinks the soil and climate hereabouts the best adapted in Canada for grape culture, hence his enthusiasm over the project. The present undertaking is only the commencement of the real project and a little later more land will be acquired and as the whole business grows still further land will be acquired. All the undertakings will follow the plans laid out at Peas Valley. The 345 acres have been laid out, partly in five acre, one acre and three-quarter acre lots. The village site will consist of the last two lots, where residences will be erected for the settlers. Some 210 grapevine roots two years old will be planted at once, and after some experimenting, further planting will follow. Apples and pears and small fruits will also be grown but as the plans mature, special attention will be given to grape culture. Fourteen acres will be planted with grapes this spring. The manufacture of native wine will follow as soon as possible.

A STRIKE WAS AVERTED

OPEN SHOP CLAUSE WAS STRUCK OUT OF CONTRACT

INDIVIDUAL AGREEMENTS WERE SIGNED BY MEN

Buffalo, April 18—All the chief engineers on the ships of the Package Freight lines entering this port today signed individual agreements with their managers and by their action eliminated all danger of a strike when navigation opens on the great lakes. The engineers are to receive the same wages as paid last season. The open shop clause was eliminated from practically agreements signed. The first engineers will appoint their first and second assistants subject to the approval of the management.

Erie, Pa., April 18—The local lodge of the marine engineers' beneficial association settled their differences with the managers of the Package Freight lines late tonight and will report for duty Monday. The clause in contracts calling for co-operation on the part of the engineers in maintaining an open shop on the lakes, was stricken out by the owners and a strike was thereby averted.

Cleveland, April 18—Coincident with meetings held in Chicago, Buffalo, Detroit, Milwaukee and other lake ports, members of the local lodge of the marine Engineers' Beneficial association, tonight held a protracted session to discuss the report of the executive committee, which gave a warning to all engineers who had not signed individual contracts to refrain from doing so and to vote on the question of an open shop as instituted by the Lake Carriers' association. President Yates of the association who is in Cleveland tonight, said that he anticipated a settlement early in the week, but until he had received word of the various locals throughout the lake region, no definite statement as to the stand taken by the engineers could be had.

ITALY IS AROUSED

Fleet to Make Demonstration in Turkish Waters—Row Over Post Office

Rome, April 18.—Orders have been issued for an Italian squadron to make a demonstration in Turkish waters, the reason being that Turkey has objected to the opening of Italian post offices in Turkish territory such as are maintained by other countries.

The Turkish ambassador at Rome, Rechid Bey, in an interview today, said that his government had never granted the privilege of opening foreign post offices on Ottoman territory, but had only tolerated them. Italy, he thought, would be right in claiming the privileges of the most favored nations in seeking to open her post offices in Turkish territory if the other foreign countries had done so in virtue of existing treaties, instead of establishing their post offices without first having received permission to do so.

IN HARD LUCK

New York, April 18—One person was killed and three others overcome by coal gas in the boiler room of a house on west 145th street early today. Thomas Quinn, his wife and their son, aged 14 were taken to a hospital in a serious condition but will recover. Another son was dead when found. The family had been dispossessed yesterday and sought shelter in the boiler room last night.

SILVER LINING

Better Prospects Now Before Mining

TRAIL ENLARGING PLANT

OUTCOME OF THE OPENING OF CANADA ZINC COMPANY'S PLANT MAY MEAN MUCH TO THE FUTURE OF THE MINES OF THE DISTRICT.

The shipments for the past week are somewhat smaller than they have been for the few weeks immediately preceding. This is chiefly due to the Granby mines which is renovating some of its furnaces and hence is not able to handle quite as much ore as has been the case lately. There should be a considerable difference in the output of the Slocan mines within the next few months. This will be caused by the renewed interest that is being taken in the Slocan by outside capitalists, as exemplified in the case of the Silver King and other mines, but also to the start of the zinc smelter in this city which will afford an outlet for the zinc ores of the Slocan lead mines which hitherto have been an embargo on the working of many excellent properties, inasmuch as the lead smelters have charged a penalty upon the zinc contents of ore.

Following are the shipments for the past week and year to date:

BOUNDARY SHIPMENTS		
Mine	Week	Year
Granby	22,329	314,625
Other mines		462
Total	22,329	315,111
ROSSLAND SHIPMENTS		
Centre Star	3,136	51,798

Total	1,432	25,944

The total receipts at the various smelters for the past week were 29,621 tons and for the year to date 429,575 tons.

WORK AT ROSSLAND

Development upon South Belt is Showing Good Results

Rossland, April 18—The south belt continues to attract a great deal of attention and considerable prospecing is being done, although the snow is moderately deep on the south slope of the mountains and in the depressions.

On the Red Eagle the lessees are sinking a shaft on the lead which is nearly three feet wide and carries galena, copper, silver and a little gold. They have taken out a carload.

On the Mayflower the lessees are working in a tunnel, which is now 50 feet in length and is being driven on the lead. There is about 20 inches of galena ore in the breast of the tunnel. In a few days a carload of high grade ore will have been extracted and it is being so carefully sorted that it is thought it will run $70 a ton.

The lessees of the Blue Bird have 40 tons of ore at the Homestake which will soon be shipped. This ore will run $50 to the ton. Charles Jenkin and William Whitford purchased from John Brokenshire his quarter interest in the Blue Bird lease, and now are the sole owners. Messrs. Jenkins and Whitford have put a force of men at work and as soon as the spur is put in at the Homestake they will begin shipping at least a carload of ore a week. Whenever it is necessary to expedite the getting out of ore additional men will be set to work.

WILD WITH ENTHUSIASM

AMERICAN FLEET IS WARMLY GREETED AT SAN PEDRO

CHEERING THOUSANDS WERE ON THE SEASHORE

Los Angeles, April 18.—Los Angeles sent more than 100,000 of her residents to the oceanside today to welcome the American battleship fleet, which steamed nto San Pedro harbor, 22 miles away, in the full radiance of a midsummer sun and dropped anchor at 3:30 p. m. The 16 fighting vessels and their auxiliaries left San Diege shortly after 6 o'clock this morning and steamed up the 100 miles of surf-beaten coast in single column formation, 400 yards apart and in full view of thousands of persons who gathered at every vantage point. Thousands of people who made the occasion of the arrival a holiday and who lined sea walls, breakwaters and beaches surrounding the bay, fairly went wild in their enthusiasm as the fleet steamed into its assigned position. Whistles blew in greeting, while cheer after cheer went up.

Tonight the fleet was illuminted, hulls, superstructures, turrets and yardarms being outlined in electric bulbs.

AN AGGRESSIVE PROGRAM

PRESIDENT CASTRO SADLY IN NEED OF A SPANKING

UNITED STATES WILL UPHOLD ITS DIGNITY

Washington, April 18.—From a number of conferences which chairman Cullen of the senate committee in foreign relations has held recently with president Roosevelt and secretary of state Root, it is now probable tthat before the adjournment of the present session of congress blanket authority will be voted to the president to proceed against Venezuela in such manner as subsequent events may require to uphold the dignity of the United States and protect the interests of American citizens.

A resolution giving such authority to the president has been drafted and approved by the president and secretary Root. It provides that the president shall have the power to deal with Venezuela in the matter of the adjusting the controversies with that country concerning wrongs done to American citizens and corporations in Venezuela by president Castro.

Under such authority the administration would again demand the submission to arbitration of the claims of American citizens and corporations against Venezuela. The treaties on the subject of general arbitration and the use of force in the recovery of debts, ratified by the same in the last few weeks, obligate the United States to follow this line of proceedure. On several occasions, as shown by the correspondence between the state department and minister Russell, the American government has, without success, called upon president Castro to arbitrate all claims. In the very last representation made to Mr. Russell by J. De J. Paul, the Venezuelan minister of for foreign affairs, he said that "the government of Venezuela would view it with satisfaction if the American government would consider this 'arbitration' question as closed."

If a resolution giving power to president Roosevelt to proceed against Venezuela as he sees fit is adopted by this congress, and if in that even Mr. Castro should continue in his present attitude, there is not question that the American government would have to use force.

Furthermore, the indications are that an aggressive program would be adopted. President Roosevelt believes that Castro is trying to "bluff" the United States government and secretary Root Root believes the dignity of the diplomatic branch has been trampled upon, and senator Cullen and other members of the committee believe, to use his words, "President Castro needs a spanking." Undoubtedly, any plan of procedure agreed upon by the senate would be followed by the house.

AFTER PAPER TRUST

Congress May Fight the Combine on its Own Account

Washington, April 18—In the event that the attorney general does not soon show that something substantial has been done to prosecute the paper trust as a combination in restraint of trade, providing the pending inquiry shows it operating in violation of the law, congress may go into the trust fighting business on its own account. Speaker Cannon and chairman Paine of the ways and means committee, contend that the tariff has nothing to do with the high prices of print paper, that if the scarcity of raw material is responsible for it the fault lies with the paper trust who have by combining factories and limiting the output have cut the prices up to suit themselves.

MARRIAGE TIE

The Pope Takes Up Fight Against Divorce

FROWNS ON MIXED UNIONS

NEW PAPAL RESCRIPT WILL GO INTO FORCE THIS EASTERTIDE —LAXITY OF FORMER DAYS WILL NO LONGER BE PERMITTED TO FAITHFUL.

New York, April 18.—With the dawn of Easter the Roman Catholic church in this country will adopt the new legislation on marriage, contained and prescribed in the recent papal document "Ne Temere." In every church the pastor in charge tomorrow will direct the attention of the laity to the prescriptions of Pius XIV's decision relating to the sanctity of the marriage state.

Here in New York, archbishop Farley has addressed an official document to the clergy of the archdiocese of New York making known the provision. "The new legislation does not impose on people about to marry," the archibshop declares, "an obligation to make formal pre-nuptial engagements in writing and before witnesses as a pre-requisite for marriage. They may be married as heretofore, after a simple verbal promise of marriage given to each other."

Regarding mixed marriages, that is, marriages between Roman Catholics and non-Catholics, the bishop says: "The decree effects a radical change in our present discipline with regard to mixed marriages, which, after Easter, will not be valid unless contracted before a priest having jurisdiction over marriage in the place where the marriage ceremony is performed. Even when dispensation has been obtained, the marriage, in order to be valid, must be performed by a priest having such jurisdiction."

This means that no priest can go into another city, town, village or hamlet and perform a marriage ceremony validly unless he has first received authorization from the episcopal authorities or their administrators. The only exception to this is in the case where the circumstances are such that "marriage is necessary to relieve conscience," as in the case of a person about to die and so "legitimatize any offspring there may be."

"Every priest," archbishop Farley says, "should appreciate that he is bound to enter in the parish registry, marriages performed by him. The omission of one marriage through culpable negligence is a grave matter, and not only a serious violation of the precept, but a grave injustice to the couple married."

WELL PLEASED

Coal Settlement Will Stand for Next Two Years

Pittsburg, April 18.—The miners and operators of the Pittsburg district arrived home from Toledo, Ohio, today. Bith sides are well pleased that the trouble has been brought to a conclusion.

President Feehan of the miners said today: "Work will be started on Monday by the miners of the district, pending the final adjustment of the scale. Between 32,000 and 34,000 men will go back to the mines next week, and I have every reason to believe that they will stay there for the next two years. The operators appeared to be quite satisfied and desirous of having harmony prevail."

FURTHER NEWS OF WRECK

Victoria, April 18.—Further information received today from Carmanah point shows that the disaster, reported yesterday, has occurred to some wooden vessel. An investigation made today by a patrol sent at the request of the Associated Press showed some portions of a ship's hull scattered along the beach to the west of Carmanah. Some further wreckage is also coming ashore to the eastward where the flotsam, previously reported, was washed onto the rocks. In addition to that previously reported, a cabin door of mahogany with maple ventilating panels and a lot of empty whisky cases, which alone of all the wreck strewn along the shore line, bears any mark, has come ashore. The whisky cases are marked "MacKay and White."

SELF-CONFESSED CRIMINAL

Toronto, April 18—David Latto last night confessed to the police that out of revenge he set fire to the house of Kate Bessinger, 187 Adelaide street west. Latto had been boarding at 189 Adelaide street west but had been turned out by his landlady. Believing that the Bessinger woman had said something detrimental to his character, Latto last night poured gasoline on the verandah of her house and set fire to it. The flames were extinguished but some of the boarders before any damage was done.

DROWNING ACCIDENT

Fort Francis, Ont., April 18—A drowning accident took place here yesterday whereby William Brack, American customs officer, was drowned. It appears that the unfortunate young man in company with Wm. Jones, bridge superintendent, was trying a new canoe and while endeavoring to run the rapids it upset in the stream. Mr. Brack was only 27 years old and came from St. Paul where his parents reside.

Vancouver, B. C.

A few others also jumped into the ice cold water and made gallant efforts to rescue the drowning men, but they failed.

Mr. Readman was a very promising young man. His death through trying to save his fellow workman was doubly sad owing to the fact that he was to be married shortly. None of the bodies have been recovered.

DROPPED FROM THE SKIES

St. Petersburg, April 18—A balloon containing two Swedish officers, dropped yesterday in the orchard of Kinivi monastry at Schluassenberg, 20 miles east of St. Petersburg. The police found the passports of the aeronauts correct. Lieutenant Moller, chief of the balloon department of the Swedish army, was in charge of the balloon. After conferring with the Swedish legation here, the officers were permitted to pack their balloon and started for Stockholm by way of Finland.

MONTREAL SUICIDE

Montreal, April 18—With a bullet wound in his head and a revolver beside him the dead body of William Sydney Hartly, formerly an employee of Gault Bros., Ltd., was found in Westmount park last night. That it was a case of suicide was proven by a farewell letter addressed to a chum and found in his pocket. Hartley was 30 years old and came to Montreal from Glasgow, two years ago. His parents still live in Glasgow. The deceased had told friends that they were in comfortable circumstances. The victim himself was well educated.

When You Buy Fruit Land

It is well to remember that what is important is NOT the first cost of your fruit farm, but the amount of profit which your farm will yield year by year.

DON'T be attracted by cheaper, inferior or inaccessible lands which exist in the Kootenay, as elsewhere—but get the best. Take advantage of a double selection.

1. Our selection was made with the utmost care at a time when we had the whole district to pick from.

2. Your selection—made from ours—thus you get the benefit of a double and cumulative selection.

FURTHERMORE, remember that to be successful the following five qualities are absolutely essential:

(1). Title; (2). Soil; (3). Water; (4). Accessibility; (5). Transportation.

WE SELL OUR OWN LANDS. We own over 20,000 acres, title perfect.

THE SOIL is deep loam with clay subsoil, free from stone.

THE WATER on these lands is pure and abundant both in running streams and numerous springs.

THE MARKET for your product is right at your door on existing lines of transportation.

BUT when you buy an orchard tract you want more than soil; more than pure water; more than transportation; you want A HOME—A place to live in—THAT IS WHAT WE HAVE FOR SALE.

Postoffice with daily mail service; express trains, stores; schools—A home every few steps. You get the comforts of civilization combined with the pleasure of a profitable, healthful and beautiful rural home.

Terms $10 cash and $10 per month for 10 acres, with liberal discount for larger payments.

Write or call for maps, photographs and all information.

THE CIVIL SERVICE

A section of the conservative press is busily engaged in abusing the liberal administration over what is disclosed by the report of the civil service commissioners, now in the hands of the public in printed form. Like those who quote isolated texts from the Bible to prove their point, these furious partizans take care to ignore certain passages in the report in question and carefully void giving due publicity to the commissioners' finding as a whole.

The report shows that the liberal administration inherited a bad system; that in some departments great improvements have been made, while in others inveterate evils have been continued. Of the truth of this the report of the commissioners furnishes complete evidence. In the course of their report, for example, they say: The commissioners do not wish it to be considered that any blame is to be attached in particular to either of the political parties who in turn have administered the government. It is the political element in the act which from time to time has become more aggressive, and what has steadily tended to deteriorate the public service." In the course of their strictures on the methods of conducting business in the department of marine and fisheries, the commissioners say: "This state of things has been going on ever since pre-confederation times." And again: "The trouble is not of recent origin, but has been long-continued, and is the result of evil methods and practices persisted in for many years."

The Toronto Globe says the neglect of its predecessors would be no excuse for the Laurier administration, and it is not offered for that purpose. If Mr. Foster and his friends neglected it during four years, it may be said that the liberals were not justified in ignoring it during ten. It can fairly be said on their behalf that many of the departments are being managed on fairly satisfactory lines, as the commissioners frankly admit with respect to the post office. The government is to be thanked for the appointment of such a commission, and the commissioners are to be congratulated on their courage and thoroughness. It has opened the way to a wide and radical measure of civil service reform. No one can read this report without seeing that the primal curse in the transaction of the public business is the exercise of patronage in its various insidious forms. No patriotic man can desire to see that system perpetuated. The principles on which it can be eliminated from the public service are sufficiently well known, and no time should be lost in stamping out the evil once for all. Sir Wilfrid Laurier must get the credit for taking the step that has revealed the evil in all its hideousness. Those who know him best will have no difficulty in deciding what his course will be. He will undoubterdly hasten to add to the laurels of the party of which he is head a real measure of civil service reform. The country is ripe for it.

EDITORIAL NOTES

We publish today a communication from the Rev. J. W. Winslow, Methodist minister of Kaslo, referring to the opinions expressed in these columns some little time ago on some statements made in the Toronto Globe by Rev. H. S. Magee, reflecting, in our opinion, on the people of Kootenay. We hope that Mr. Winslow only speaks for himself, and that he intends that his remarks should apply, chiefly at all events, to Kaslo, in which case we fancy that the good people of Kaslo can be safely left to take care of the reverend gentleman, or else reform their community. It will be news indeed, even in eastern Canada, if a city or town can be found east of the Rockies where the evils Mr. Winslow refers to are totally suppressed, as he puts it. His words are: "There (eastern Canada) total suppression is aimed at, and in many place practically accomplished." Notwithstanding Mr. Winslow's championship of Rev. Mr. Magee and the latter's untruthful statement, The Daily News will not retract one word of the editorial referred to. Since the publication of the article we have received many congratulations upon the firm stand taken, and Mr. Winslow's letter, published today at his request, is the first intimation we have received that any man in the west differed in the main from the views expressed.

A royal commission is to be appointed to enquire into the deaths under anaesthetics in England and Wales. The records of these deaths for the years 1902 and 1906 inclusive were 148, 146, 154, 163 and 183. The duties of the public vaccinator are rapidly disappearing in many small towns. The inhabitants avail themselves of the conscientious objectors' declaration act and therefore escape the vaccination of themselves and their children. The prejudice against this form of innoculation seems to be spreading everywhere.

At a largely attended meeting in Montreal to endorse the recently organized Children's Aid society, sir Charles Fitzpatrick, chief justice of the supreme court of Canada, advocated a dominion law giving the most up-to-date legislation for the care of young offenders. The children's court was in the right direction, and instead of large reformatories he would prefer to see lads placed in country homes where they could enjoy the freedom and sunshine of outdoor life. In one year there were 61,000 persons committed to Canadian jails, and the effort to reduce this large number was the part of economic wisdom.

FOUR MEN DROWNED

G. T. P. Crossing of Battle River Scene of the Disaster

Hardisty, Alta., April 18—A drowning accident occurred yesterday at the G.T.P. crossing of the Battle river in which four men lost their lives. The victims were Woodford Reardman, Northampton, Eng.; T. Kirby, homesteader, Alberta; A. Lemmans, St. Boniface, Han., and E. Levis, Cambray, France.

The temporary bridge has been swept away by the outgoing ice and a scow was afterwards built to ferry the workmen across the river. On returning from the day's work, two scow loads got safely over, just as the third boat of six men was leaving the shore three more men jumped on. This seemed to be too much for the scow in the swift current and when about mid-stream it swamped and threw the occupants into the water. Three swam ashore and two remained with the scow and they rescued a third. The three remaining men were caught in the swift current and were drawned Woodford Readman, one of the contractors, jumped into the water to save one of the drowning men. The latter caught Readman about the neck and both men were drowned.

WOULD PLEASE AUDOBON

VERACIOUS TALE OF NEW JERSEY BIRD NESTING

CHURCH CONGREGATION TESTIFY TO FACTS

This veracious tale, which would have interested Audubon greatly, describes a nesting. Mrs. Simon Harrison, pretty and demure, entered the Methodist church at Swinefield, N.J. wearing a brand new and bery becoming hat which she bought in New York, of course. Over the mass of flowers, feathers, lact and pigamarees that adorned the hat a blue bird circled and at once engaged the attention of the 290 truly good persons in the church.

Instead of listening to the Rev. Abner H. Strong's eloquent sermon on the everlasting fact that pride leadeth to the fall everybody kept staring at Mrs. Harrison. At first she was pleased but when the women began to giggle and the men to whisper to each other and grin, Mrs. Harrison, indignant, left the pew. As she walked down the aisle, the blue bird emitting distressed little cries, arose from her hat and flew around her, almost brushing the fair face with its wings.

A suspicion of the truth flashed through Mrs. Harrison's mind. Quickly she drew out her hatpins, took off her hat and thrust her hand into its mass of decorations. There was hidden a dainty little nest with four eggs in it. Mrs. Harrison carefully placed the hat on a pew seat and then carefully fainted on the seat beside it.

When Mrs. Harrison revived she explained to the women who were patting her hands and fanning her that there are many blue birds on her husband's farm; very tame little creatures because she and her husband scatter crumbs for them and encourage their presence.

She said she bought the hat three weeks ago and had kept it on a bureau in her spare room, which she keeps aired by always leaving the window in it partly open. Audubon would have been glad to hear, too, that Mrs. Harrison will let the mother bird hatch the young on her hat.

"That she built her hat there proves how natural these flowers are," said Mrs. Harrison, with a certain gratification.

"I fear you did not hear my sermon," said preacher Strong, sighing.

AT THE THEATRE

National Stock Company Opens Two Weeks Engagement Tomorrow Night

Tomorrow night the National Stock company (Brandon's Players) will present for the first time in Nelson that greatest of all comedy dramas, "In Mizzouri." This play, which has a world wide reputation, is undoubtedly known of by hundreds of theatre goers in this city. The scenes and action of the play are laid in Pike County, Missouri and the plot reveals one of the prettiest stories ever dramatized. Something out of the ordinary will be witnessed when the curtain rises on the second act. This scene discloses a blacksmith shop in full working order, with the forge all ablaze and the blacksmith and his helpers pounding away at a red hot tire he is fixing for the wheel of the stage coach. No more realistic a scene has ever been given on any stage and it never fails to bring a round of applause. Then again in the third act when Jim Radburn, riding a horse at full gallop on to the stage, slips from his saddle right in the doorway of the house, pulling the horse back on his haunches to stop him, makes a picture that is long remembered by all who have ever seen this play. These are only some of the many situations throughout the action of the piece that have made it one of the greatest successes ever put before the public. The comedy is on the high class order and keeps the audience laughing from the rise to the fall of the curtain on each act. It is a play that is sure to abound with comedy or that great comedian Nat C. Goodwin would not have played in it the number of years he did. Ray Brandon, the leading man of the company is a versatile actor of recognized ability and will be sure to make a hit with Nelson theatregoers. If the part of Jim Radburn had been wirtten for him it could not fit him any better and he never fails to win his audience from the time he enters on the stage, by his graceful carriage and easy portrayal of the different roles in which he is cast.

Miss Jean Russell, the leading lady of the company is an actress of unusual ability, who has received some of the finest criticisms on her work in various roles ever accorded any actress. She is a strikingly pretty little woman, full of magnetism and quickly endears herself to her audience. There is no question but that she will become as great a favorite here as she has elsewhere, long before the two weeks' stay of the company is over. The rest of the cast are eastern players of recognized ability, who have been carefully selected to fill the various parts assigned them. The performance of "In Mizzouri" tomorrow night is guaranteed to be one of the best if not the very best, that has ever been seen in Nelson and as the management have made a scale of prices that are in the reach of everyone crowded audiences should be the order of the day. The play will be changed three times each week and seats are now on sale at Rutherford's drug store. The repertoire for the first week will me Monday and Tuesday, In Mizzouri; Wednesday and Thursday, The Red Cross Nurse, and Friday and Saturday, The Squaw Man, with a popular price matinee on Saturday.

WOMAN'S POWER

The healthy woman; strong mentally and physically, whose ambition and magnetic influence urge men to deeds of grandeur and heroism; such women are all-powerful.

Weak, sick and ailing women have little ambition; their own troubles occupy all their thoughts. They dwell upon their pains, suffer from nervousness and headaches; often are extremely melancholy, and avoid society. For thirty years

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

has been saving women from this awful condition.

Mrs. John Scott, 489 Grand Trunk St., Montreal, writes Mrs. Pinkham:

"I was very much run down in health from a female trouble, was thin, nervous, very weak, and suffered from bearing down pains. Indeed I did not care whether I lived or died.

"Lydia E. Pinkham's Vegetable Compound completely cured me of all my troubles. I gained in flesh, and am free from backache, female trouble, sick headaches, and nervousness.

"I heartily recommend Lydia E. Pinkham's Vegetable Compound for all women's ailments."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache, that bearing-down feeling, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice.

AN AGED PHYSICIAN

AFTER YEARS EXPERIENCE GIVES THE FOLLOWING ADVICE

"If you have anything to do with medicines at all be pretty sure you know what you are taking."

Our local druggist Wm. Rutherford, says this is a strong point in favor of the valuable cod liver preparation, Vinol. Everything it contains is plainly printed on the label, therefore it is not a patent medicine.

Vinol contains in a highly concentrated form all of the medicinal, body building elements of cod liver oil, actually taken from fresh cods' livers, but with the useless, nauseating oil eliminated and tonic iron, which is a needful constituent for the blood, added.

This is the reason that Vinol accomplishes such wonderful results in curing chronic coughs, colds, bronchial and lung troubles and there is nothing known to medicine that will so quickly build up the run down, over worked, tired and debilitated, or give strength and renewed vitality to the aged, as Vinol.

We can only ask every person in Nelson who needs such a medicine to try Vinol on our offer to return their money if it fails. Wm. Rutherford, Druggist, Nelson, B.C.

RHEUMATIC PAINS RELIEVED

Mr. Thomas Stenton, postmaster at Ponty Pool, Ont., writes: "For the past eight years I suffered from rheumatism and during that time I used many different remedies for the cure of rheumatism. Last summer I procured a bottle of Chamberlain's Pain Balm and got more relief from it than from anything I have ever used and cheerfully recommend this liniment to all sufferers from rheumatic pains." For sale by all druggists and dealers.

IF YOU WANT A NEW SUIT

Whether it be a Prince Albert, or a business suit, come to us, and we shall try to treat you right.

We are clothing men who make a business of clothing men. We don't search the market for junk, job lots refused by other merchants. We pick out patterns that suit us—not those that don't suit the other fellow. We create styles that we know are up to the last tick of the clock. We don't sell you cotton goods at all-wool prices, because we don't keep cotton in our store. We wont. We wish to sell you the suit you wish this time; and while we shall make a profit on it, we shall remember you are healthy, and have many suits to buy in years to come.

NEW YORK FASHION LETTER

New York, April 18.—A trip through the shops of New York this week showed me no very new modes or models, but rather the elimination of all that was extreme or a modification of new but unbecoming styles and a development of some clever ideas.

In skirts there is a return to the plain gored model which fits closely to the front and sides. They resemble somewhat the old-fashioned pull-backs or some years ago, but a new note is barrowed from the new paquin skirt in having a few little gathers across the front and sufficient fullness in the back The same rules obtain here as with the plaited skirts, that they fit with a nice exactness across the hips. Many are the modifications in arrangement of trimming in these gored models. When made of striped materials the stripes met in V's on the seams. Stripes printed or woven on panamas are serges and mohairs and Sicilians still head the list for tailor-mades. The chevron stripes are extremely popular in mohairs and such lines of materials. As to the length of skirts there is a tendency to lengthen the modes, but for the strictly trotteur skirt, which will be used only on the, the length is about four inches from the ground.

A smart feature of the high class tailored suit is the separate waistcoat, and while the weather is cold enough a great many variations will be seen in its development. And a number of them may be used with the same costume, thus making many changes, either dressy or otherwise, as preferred, and a number of waistcoats in white pique or embroidered linen will be an addition to any wardrobe.

The use of the overblouse is still a favorite idea, as it makes an entire costume possible and also accords with the lingerie, net or lace guimpe, making those changes possible with one dress.

Although the advices from abroad say the jumper dresses are out of style, there is no dress so popular on this side of the water. Having overcome its crudities of the past and its beginning years, it has become a thing of beauty and no material is too beautiful or too plain to be used in its construction. It is the compromise between the shirtwaist suit and the full costume, and is far more dressy than the single skirt and shirtwaist of a contrasting material and color. The Japanese armholes will be worn through the summer; their only fault was the unhandiness under a coat, but in the summer they are neat and practical.

The semi-princess dress, which is only a skirt and waist jointed together, is going to be a favorite mode for the coming season. It is easy to take a separate jumper waist and combine it with a plaited skirt, join the two and have a semi-princess dress. A new feature of the jumper waist is the introduction of the ladder sleeve, which is composed of tucks to the elbow or a little above. For the street the jumper dress is made of voile or chiffon panama or taffeta. For the house they are seen in light colors in batiste, veiling pongee and other silks over lingerie waists or guimpes.

In colors for the tailored suit, it is probable that all the peculiar shades of taupe, a sort of brow grey, will be softened into pearl greys and modes and biscuit shades, the last of these in many variations is to be seen in shadow stripes, checks and with a contrasting stripe of two other pastel shades that blend into each other imperceptibly. For utility wear the navy blue is popular; a more fashionable shade yet in blue is the Copenhagen and cadet blues. There There are other blues that verge almost on plum and violet or a grey tinge, but the two first named are most in evidence in the tailored suit. Browns are still used and a new tint is that which shows a decided proportion of yellow in its composition. It is fashionable, but I cannot say that it is beautiful from the artistic side and it is not generally becoming. The dull or deeper shades of brown are the more serviceable. In the pongees and rajahs and shantungs the browns are particularly rich and make up with good results.

A new material that has found great favor on the other side of the water is worsted filet. It is a wool representation of lace filet. It has a square mesh and somewhat resembles voile. It is to be found in all colors, is well adapted for the draped skirts and waists seen in the new Greek designs and is used in the long coat and skirt modes that are silk lined. For trimming the dyed filet lace bands, insertions and trimming laces are most suitable for its decoration. These filet laces are most suitable to give the necessary bit of color to the gown.

Speaking of filet, the cotton varieties are often embroidered and used on many of the linen, silk or cotton waist or shirtwaist suits with good results.

CATHERINE MANN-PAYZANT.

FERNIE HAPPENINGS

(Special to The Daily News)

Fernie, April 18—Good Friday was generally observed as a public holiday here today, the shops and offices being closed, but the heavy showers of rain prevented any attempt at outdoor recreation, though quite a number of citizens went out of town. The Anglican and Roman Catholic churches held the usual services, which were very well attended, notwithstanding the inclemency of the weather.

From present indications this will be a record year for summer sports in Fernie. Already the bowling club has made preparations for a busy season, the football and baseball clubs have mapped out a strenuous program, while the tennis enthusiasts are looking forward to a number of contests with clubs from neighboring towns. The gun club also expects to be in better shape than ever, and are getting this grounds placed in good condition and expect a larger membership than ever.

NELSON NEWS OF THE DAY

The next county court will sit on May 19.

The thermometer yesterday varied between 65 and 44 degrees.

The Foresters are giving a ball at the Alice ring on Monday night next.

There will be a meeting of the liberal association tomorrow evening at 8 o'clock.

Turkish baths will be placed in the building owned by Fred Hume next to the postoffice.

Born, in this city on Friday, April 17, to the wife of Donald McLeod, Innes street, a son.

Mrs. J. D. Paxton of Grand Forks is visiting her daughter Mrs. J. D. Paxton of Silica street.

The Salvation army will tear down the building to the rear of the barracks recently damaged by fire.

Judge P. E. Wilson yesterday sent in to registrar Bowman his judgment in the case of Gansmer v. C.P.R. This was a case in which damages were sought by reason of the killing of two horses belonging to the plaintiff upon the tracks of the Canadian Pacific. The action was dismissed with costs, the learned judge finding that the plaintiff has been guilty of negligence in the care of his horses.

A meeting in furtherence of the aims of the Canadian bible society will be held in the Congregational church, on Tuesday evening. An address on the bible and the works will be given by Rev. R. J. Bowen,

Biggs advertising manager of the McClary Co., and placed by the McConnell-Ferguson Advertising Agency, London.

WHITE STAR ADDITIONS.

Southampton, April 18.—The contemplated additions to the fleet of the White Star line are two boats considerably larger than the Adriatic. They are to be used in the Southampton-New York service, and eventually will replace the Majestic and Teutonic.

CHAMBERLAIN'S HAS THE PREFERENCE

Mr. Fred C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the greatest patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customers so certain to appreciate my recommending it, that I give it the preferences." For sale by all druggists and dealers.

Corporation of the City of Nelson

NOTICE

NOTICE is hereby given that under the provisions of Bylaw No. 80, "Pound and Dog Tax Bylaw," it is unlawful for any person to suffer any horse, mule, bull or cow, sheep, goat, pig or other cattle, or poultry to run at large within the limits of the City of Nelson.

Every owner of a dog in the City of Nelson is required to pay annually a tax of two dollars for each dog owned by him.

No person shall suffer or permit his dog to run at large in the City of Nelson for which such person has not paid the tax required of him and unless such dog shall have around his neck a collar or strap to which shall be attached a metallic plate to be supplied by the city on payment of the said tax.

Warning is hereby given that any person guilty of an infraction or violation of any of the provisions of the above named bylaw is in addition to the fees and charges set forth therein, liable upon summary conviction to a penalty of One Hundred Dollars and the costs of prosecution and in default of payment to imprisonment for a term not exceeding two months. By Order.

W. E. WASSON, City Clerk.
Nelson, B.C., April 8th, 1908

NOTICE TO CREDITORS

IN THE SUPREME COURT OF BRITISH COLUMBIA

In the Matter of the Estate and Effects of Charles C. Clark (deceased.)

NOTICE is hereby given that all creditors and others having claims against the estate of the said Charles C. Clark, deceased, who died at Nelson, British Columbia, on the 13th day of September, A.D., 1907, are required on or before the 10th day of May next to send by post, prepaid, or deliver to the undersigned, their Christian and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts and the nature of the securities (if any) held by them:

And Further Take Notice that after such last mentioned date the administrator will proceed to distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which he shall then have notice, and that the said administrator will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by him at the time of such distribution.

Dated at Nelson, B.C., this 10th day of April, A.D., 1908.

For price and terms, apply to owners,
McCALLUM HILL & CO, Regina, Sask., or to W. R. HULBERT, at the ranch, Nelson, B. C.

COMMUNICATIONS

Letters to The Daily News on current topics are cordially invited, subject to the following terms:

The letters must be plainly written (typewritten preferred) on one side of the writing paper only, of reasonable length and must be signed by the writer for publication.

The Daily News is not responsible for the views expressed by correspondents.

EDITOR THE DAILY NEWS:
"OFFICIALS AND OTHERS"

The sender of the communication enclosed herewith is the Rev. J. W. Winslow, Methodist minister of Kaslo.

We are desirous that this putting of the matter shall reach as far as your article has done, namely to the readers of your interesting paper and therefore trust that you will accede to our request that you do publish it in your paper. Yours hespectfully.

J . W. WINSLOW.

Kaslo, April 17, 1908.

The officials and others of the congregation of the Kaslo Methodist church having read in your issue of April 3rd the references to the Rev. H. S. Magee, associate secretary of the Methodist church in Canada of the department of temperance and moral reform, said references appearing on the 2nd page under the heading "A Malicious Slanderer," respectfully request that you will publish this communication as a response to your challenge made in the article referred to and that your readers may have both sides of the question.

The Rev. Mr. Magee may have been somewhat imperfect in judgment and language. It is probably true that Kootenay does not compare unfavorably with other western mining districts as to temperance, Sabbath observance and general morals. At the same time it is true the state of moral affairs which we have in the Kootenay country is well calculated to strike a visitor as deplorable. It is not true that we can compare favorably with Manitoba, Ontario or the eastern provinces. There drinking places are not needlessly multiplied, are not open all night, nor on Sundays; are not the resort of gamblers or lewd women; do not rob the laboring man of his earnings and his manhood to the extent they do here. There, the steady resistance of what are supposed to be the better class of society, is opposed to the spread of these evils, their total suppression is aimed at and in many places practically accomplished. The resident clergy and Christian people of Kootenay have always deplored the undue prevalence here of drinking, gambling and social vice, and have only suffered it because unable to suppress it.

We can quite understand how a man specially commissioned to investigate these evils and travelling for that purpose will be more strongly impressed than are those who, having no conscience in regard to them, have been by familiarity lulled into indifference in regard to them, and rendered willing to permit them even if in open defiance of the laws of the province and further still, to be partakers in the evil by deriving a revenue therefrom.

We strongly deprecate the attacks made upon Mr. Magee by a section of the press which appears to reserve all its vituperation for those who point out evils, while they have never a word of reprobation for the vampires of society or of encouragement for those who strive by means however gentle for their suppression.

AMERICAN TOBACCO TRUST.

Richmond, Va., April 18.—Positive denial is made both here and in New York of the report that the American Tobacco company is to be dissolved. The rumor probably arose from the fact that the American Cigar company, one of the branches of the powerful corporation, is to be divided by the formation of the Federal Cigar company, which will manufacture only machine made cigars. This will leave the American Cigar company to handle only the hand made goods.

CHURCH SERVICES TODAY

The services announced for today in the churches of Nelson are as follows:

ANGLICAN—St. Saviour's church, corner Ward and Silica streets. Easter Sunday. Holy communion, 6:30 and 8 a.m.; morning prayer and holy communion, 11; children's service, 3:00 p.m.; evensong, 7:30 p.m. Rev. F. H. Graham, rector.

CATHOLIC—Church of Mary Immaculate, corner of Ward and Mill streets. Low mass, 8 a.m.; high mass, 10:30 a.m.; evening service 7:30, Rev. Father Althoff, priest.

SALVATION ARMY—Barracks on Victoria street, west of Josephine. Special services will be held today. Knee drill, 7 a.m.; holiness meeting, 11 a.m.; praise meeting, 3 p.m.; evening meeting 8 o'clock.

BAPTIST — Stanley street, near Mill. Morning service, 11 a.m.; evening service at 7:30; Sunday school, 2:30 p.m.; new movement class for young men, 3 p.m. Rev. A. N. Frith, pastor.

PRESBYTERIAN—St. Paul's, corner of Victoria and Kootenay streets. Morning service, 11 a.m.; Sunday school, 3:30 p.m.; evening service, 7:30 p.m. Rev. J. T. Ferguson, pastor.

METHODIST—Services held in Congregational church, corner Silica and Stanley streets. Morning service, 11 a.m.; Sunday school, Mr. Patrick's and pastor's bible class, 2:30; evening service 7:30; Rev. R. N. Powell, pastor.

"ONE TOUCH OF NATURE MAKES THE WHOLE WORLD KIN."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by all druggists and dealers.

IF YOU WANT A HOUSE

Don't think prices will ever be lower in Nelson. If you are looking for a home it will pay you to call and see what I have. The very thing that suits you may be on my list. Some of the terms are exceptionally easy, for instance, a small cash payment just to bind the bargain and the balance monthly should suit most people, better than renting as you are making a good investment for the price of rent. If you have cash a liberal allowance will be made on purchase price.

However, if you would sooner rent I will have some houses about May 1 and would advise you to leave your name as soon as possible; they won't go begging for long.

HUGH W. ROBERTSON
322 Baker St. P. O. Box 534

Position Vacant

Applications will be received by the undersigned up until 5 o'clock on Friday, the 24th inst., for the position of Chief of the Nelson Police Force. Applicants to state qualifications and experience.

W. E. WASSON, City Clerk.

CONTROL OF FISHERIES

BOWSER DEMANDS PAYMENT OF AMOUNT DUE

WILL ASSERT AUTHORITY OF THE PROVINCE AT ONCE

(Special to The Daily News)

Vancouver, April 18.—Attorney general Bowser today announced that no final arrangements had been made between the dominion and provincial authorities regarding the control of the fisheries as a result of the visit of special agent Bastedo from Ottawa. The province had insisted that before anything was considered some arrangements should be made as to the amount due from the dominion, covering the six years in which Ottawa authorities have managed the fisheries under the modus vivendi. Mr. Bastedo is carrying this demand to Ottawa. Pending a reply Mr. Bowser said that the province intended to withdraw from the modus vivendi and at once assert its authority over the fisheries in provincial waters. Covering the present season, regulations would be drawn up as to licenses and all fishermen would be compelled to obtain there. Limitation of seasons would also be established according to the advice of expert for the preservation of the industry.

POSITIVE PROOF

Anna Gould is Really and Truly Married to Her Prince

Paris, April 18—The Cri de Paris, which professes to chronicle the doings of the fashionable set of Paris, insists in it issue today that the marriage of Madame Anna Gould, formerly the wife of count Boni de Castellane and prince Heli de Sagan, his cousin, already has taken place. The paper announced some time ago that this marriage had been celebrated secretly in Germany. Today it says:

"We are now in a position to complete our information. This marriage was celebrated secretly in a little town on our eastern frontier. When in New York she informed her relatives that her marriage was already an accomplished fact and that this is why the members of the family so quickly consented. We would add, for certain legal reasons which delicacy prevents us from divulging, this marriage can be broken. This possibility greatly consoles the family, which has been so crushed by the marriage, but we hope that they will not by any crude process trouble the happiness of the young couple, who during their sojourn in New York were so much together."

New York, April 18—Gaston G. Netter, prince Helie de Sagan's closest friend in America, denied positively tonight that the prince and Mme Gould were already married when they came to the United States as reported by the Cri de Paris and cabled to New York. "This statement is absurd," said Mr. Netter. "They have not been married and will not be until June or July."

Plymouth, April 18—The steamer St. Paul arrived here this evening from New York. When the tender carrying officers of the line and reporters approached the ship in the roadstead outside of Plymouth harbor, prince Heli de Sagan, who is reported to be engaged to be married to Mme. Gould retired to his cabin, bolted the door and declined to see anybody. The prince was quite friendly with the passengers on the way over, but the question of his marriage with Mme. Gould was never seriously mentioned. When it was jokingly referred to, the prince answered with a smile, but said nothing.

TIERNEY AT WORK

Contractor in Boundary Will Start Tomorrow—A Three Months' Job

Grand Forks, April 18.—W. P. Tierney of Nelson and his son, J. B. Tierney, who has recently been carrying out a large contract with the C. P. R. at Hosmer, arrived in Greenwood Wednesday and yesterday went over the grading work on the Mother Lode spur. Five carloads of equipment are expected here on Monday next and immediately on its arrival work will be started. About 35 men followed J. B. Tierney from Hosmer and will likely be given work here. They expect, however, to employ about 100 men on the grading, which is to be more extensive that was first thought. It is expected that the work will take about three months.

J. B. Tierney will be in charge of the work here. The firm, however, will have other large contracts on the Columbia & Western, and in a couple of months' time will have at times nearly 1000 men working for them. The grade here will be about two miles in length and will eliminate the two large trestles on the Mother Lode line.

Wages will be paid according to the work. A great deal of it, however, does not require skilled labor and will be worth about $2 a day. Some of the men who came from Hosmer are already making arrangements to camp upon the hill near Deadwood.

MORE "UNDESIRABLES"

Fruit Inspector Cunningham Takes Steps to Restrict "Immigration"

Mr. Thomas Cunningham, provincial fruit inspector, invited a News-Advertiser reporter over to his office, to introduce him to two distinguished American gentlemen. The gentlemen in question proved to be two adventurous prospectors, commonly known as "borers." They had just passed through a peculiar experience, having been fumigated by the dominion authorities to guard against the introduction of the disease. They looked a little pale after the process, but any disease they might have had was still as strong in them as ever.

In fact the gentlemen in question were two white worms found in two specimen peach saplings, which, with 300 others, Mr. Cunningham had selected for destruction. The trees came in two cases and were destined for a local nursery, but were so badly infected with borers that their planting would have been a calamity, since not only would the trees have been utterly useless, but the worms would have germinated into moths which would have laid their eggs in the most convenient places and in that way the disease would have spread to other orchards. The trees came from Oregon, and are a very unpleasant commentary on the carelessness of certain nurserymen in that state. It is only owing to the diligence of the provincial inspectors that local fruit growers have not been made to suffer for the sins of their American cousins.

CLEAR THEM OUT

Tiflis, April 18—The situation on the Persian frontier arising from the activity of bands of maurading Kurds has not materially improved. The Persian bandits who retired into their mountain fastnesses after their first successful raid against the Russians, again concentrated in force yesterday and renewed their attack. The Russians countered with energy and their artillery bombarded several villages in which the brigands had taken shelter. The Persian commander has issued orders to wipe out the brigands. Reinforcements are being sent in. In addition to the losses already reported the Russians have had several soldiers killed. The Russian commander says in a report that the Persian authorities have lost their heads entirely and that anarchy reigns in the district.

PUBLIC OWNERSHIP

Toronto, April 18—At a meeting last night of the executive of the Canadian public ownership league this resolution was passed: "That this league has learned with satisfaction of the action of Manitoba, Saskatchewan and Alberta in establishing publicly owned telephone systems and we consider that the time has arrived when the province of Ontario should take steps in the same direction. It is the opinion of the league that no further aid should be given either by the federal or provincial governments for the construction of line of railway either in the nature of cash, bonus, lands or guaranteeing bonds and that where colonization roads are necessary they should be built, owned and controlled by the people.

WANTS TO CLAIM MAUD

San Francisco, April 18—The Call today says: Information was received here yesterday that Maud Allen, the mysterious dancer at the Palace theatre, London, who has taken the city by storm, is none other than Maud Rurant of San Francisco, sister of Theodore Durant, who was hanged for the murder of Blanch Lamont and Minnie Williams, 13 years ago. In a letter to a girl friend who attended school with her she reveals her identity. Hitherto all that was known of the wonderful dancer was that she was a Canadian whose success was as sensatinoal as her art.

CONVICTED OF MURDER

Gunnion, Col., April 18 — Fred Collins, aged 17, and Edward Carver, aged 13 were convicted last night of the murder of Louis Bruna, near Crested Butte; Collins' conviction is for first degree murder and a life sentence is recommended. Carver is found of second degree murder and in his case the jury recommended clemency. Th evidence showed that the boys had fired on Bruno from ambush, when he ran had followed him, shooting him down as he begged for mercy, and robbed him of $87. The defense claimed that Collins is mentally unbalanced and that Carver did no shooting.

THE GUN CLUB

Scores Made Yesterday Afternoon with the Totals up to Date

The Nelson gun club held its fifth consecutive shoot yesterday afternoon on the C.P.R. flats. The top score was made by C. H. Ink, who secured 45 out of 50 birds shot at, scoring, indeed, 24 out of a possible 25 in the first round. Mr. Ink now leads the score. G. P. Wells shot at 100 birds instead of 50, as he was behind. He has now shot at 250 birds and is in line with the remainder of the competitors. Monk broke 97 out of 125 birds, bringing him also in line with the rest. The score to date as as follows:

Ink	45	197
Bishop	43	191
Monk	97	191
Wells	68	186
Ward	39	184
Moe	36	159
Choate	26	157
Larsen	30	131
Johnson	32	114

Holmes shot at 50 birds, scoring 14 and Melrose at 43 scoring 35, neither being in the competition.

DELIBERATE CRIME

How Minorca Stole Her Neighbor's Whole Family

To forget the human misery that stalks in his court, to divert himself from punishing criminals, recorder G. W. Cadmus of Bloomfield, N. J., raises chickens on his Renson street place. Hitherto the recorder's hennery has been as free from guilt as a foundling asylum. But now his sense of justice tells him that he should punish his Minorca hen for kidnapping, or chicknapping—anyhow for stealing another hen's fledglings'

Any chicken raiser will tell you that Minorca hens are great on laying, but not much on setting. Their maternal instinct is aroused only when they see actual chicks; they do not seem to know whether one of their own eggs is a promise or a threat. They should be called "Missouris," not Minorcas. They are the only hens that are thankful for incubators.

Well, one of the recorder's Plymouth Rock hens, after setting with Mrs. Job-like patience for 21 days, hatched out a fine brood recently. Straightway the Minorca hen, which had been painfully lacking in duty to her own eggs, proceeded to cajole the Plymouth Rock's chicks from her.

The human kidnapper buys candy for her intended victim; the Minorca scratched up the most tempting worms, caught the most succulent bugs, then called the little Plymouth Rocks to eat them. The chicks quickly yielded to the Minorca's seudctions; then the Plymouth Rock hen fought the Minorca and got thrashed, of course. Now the whole brood of Plymouth Rocks ignore their moter, and follow the Minorca, which struts around proudly as if to say:

"There'll be no race suicide in this hennery as long as I'm here."

The bereft Plymouth Rock hen mourns, and mopes and moults—do not try to read that aloud. To add to the bitterness of her loss, the only Plymouth Rock rooster the recorder owns seems to sympathize strongly with the Minorca abductor.

Columbian College

NEW WESTMINSTER, B. C.

Founded 1892 Incorporated 1899

Provides a home for students of both sexes at moderate rates. Has a preparatory class for junior students taking public school work. Does high school work and prepares for provincial teachers' examinations. Teaches all branches of a practical business course, and confers diplomas Imparts a liberal education in its collegiate course and is the ladies' course for M.E.L. and M.L.A. In theology confers the degree of B.D. In university work can take students through the complete Arts course, for the B.A. degree of Toronto university, with which the college is in full affiliation. Synopsis of Canadian Homestead Regulation

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is ituate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy Minister of the Interior.

NELSON NEWS OF THE DAY

A new brick block is projected for west Baker street at a cost of about $8000.

John Burns has obtained the contract to build a new house for R. B. Hay next the O.K. bakery.

The game of five back is catching on at the Alice roller rink. A. Innes yesterday morning made the high score of 80.

There will be a practice game of cricket tomorrow afternoon at 3 o'clock. All interested in the game are invited to attend.

Several prizes are being offered at the Alice rink by Harry Gibson, the proprietor, particulars of which can be found by going down to the rink.

Marcy D. Couch, representative of the Canadian Northwestern Oil company, who has been in the city for the past ten days leaves this morning for the oilfields at Butler, Alberta.

Rev. R. J. Bowen of the Canadian Bible society is in Nelson for the purpose of addressing the local branch. He will assist the rector of Ct. Saviour's church in today's services and will talk to the children in the afternoon.

George B. McMillan and Robert Robinson left for the Findlay river country last night. They will go in from Ashcroft. At the pair intend to prospect all summer they should have some good stories to tell on their return here in the fall.

A spring announcement folder being distributed by the Royal Shoe Store is one of the neatest yet issued in this city. It is a production of The Daily News and the employees of the job department deserve the greatest credit for the artistic taste shown in the design and execution of this superior piece of printing.

Tonawanda, N.Y., April 18—The Tonawanda lumbermen's associaton and the longshoremen today adopted rates for unloading vessels at the Tonawandas during the season of 1908. The scale is the same as that in force last year.

A Chinaman in the employ of James Johnstone while blowing up a stump yesterday afternoon was seriously injured as to his eyes by the premature explosion of the blast. Dr. Hawkey was called in but as yet will not say whether or not the eyesight will be preserved.

Stuart Muirhead, general secretary of the Sunday school associations for Saskatchewan, Alberta and B.C. is at the Hume on his way to attend a convention at New Denver on Tuesday next. He has just come from Kelowna, where 70 delegates met in convention for the Okanagan district last week. The interest taken in Sunday schools, Mr. Muirhead said, was very gratifying and good progress was being made all along the line. Mr. Muirhead goes from New Denver to Revelstoke.

E. R. Vipond of Lardo valley is stopping at the Madden. He said last night: "The article about the Lardo valley being overlooked in The Daily News the other day is already bearing excellent results. We have had very many enquiries and not a few visitors in consequence and at least one settler has come in. J. E. Goulding of Nelson has pre-empted a quarter section next to my Goldhill property and will move his wife and family up to his new ranch at once. One other quarter-section has been pre-empted but there is still plenty of land open. Now that attention has been directed to the Lardo valley and the excellent opportunities for settlement available there, I am sure we will make better progress in the way of settlement this spring than ever before." Mr. Vipond will remain in the city over Monday.

Local people seem to be astonished at some of the class of job work that it daily turned out of The Daily News office. "Was that done in Nelson?" is not an uncommon remark made by people who have lived in Nelson for years, when something out of the ordinary is shown them. The latest novelty job is a folder got out for the Canadian Northwest Oil company of Butler, Alberta, "the king of money makers." The subject matter is in black on a blue tinted stock, with a red border. Besides six pages of advertising matter the folder contains eight half tone cuts showing the process of oil boring in all its stages. A particularly neat brown cover completes the folder. The work has been turned out on short notice for Marcy D. Couch of Pincher Creeek, who has a local office here with McMorris and Horstead.

WASHOUTS AND FLOODS

Worst Kind of Wind and Rain Storm in Texas—Great Damage

Fort Worth, April 18—With telephone, telegraph and railroad service almost completely suspended, Fort Worth, was last night the center of the worst wind and rain storm that has raged over Texas in *many years with two exceptions every railroad* out of this city was forced to annul trains owing to washouts and loss of bridges and at midnight the telephone company reported all wires out of Fort Worth last. Cleburn, 20 miles south, was truck by a wind storm of tornado proportions, followed by a torrential downpour of rain.

Within 20 minutes after the storm broke the two bayous that run through Cleburn had left their banks, floating five or six houses. A circus whose tents were pitched in the western portion of the city was completely wrecked; two lions escaped and prowled about town for an hour, throwing the people into a panic. One canvasman was caught under the wreckage of the main tent and fatally injured. The loss of the circus is estimated at $25,000. At Fort Worth the Trinity river began to rise at midnight and all available men from the police force sent out to warn the people living in the bottoms.

ANOTHER STRIKE

Motormen and Conductors go Out at Cumberland—Line Tied up

Cumberland, April 18—Because of the discharge of two conductors and the refusal of the company to reinstate them, the entire force of motormen and conductors of the Cumberland Electric railway went on strike today and the system is completely tied up. The action of the men was unexpected. During last night the feed wires in the narrows were cut and switches were locked and spiked. The Cumberland and Western Port, the interurban system, which penetrates the mining region, is affected by the strike.

BOUND FOR FAR NORTH

New York, April 18—V. Stefannson, the naturalist, left tonight for the Arctic to continue his investigations among the Esquimos. At Toronto he will meet Dr. R. H. Anderson, zoologist of the American museum of natural history, of New York and the two will go together. The are going under the auspices of the American museum of natural history. The 2000 mile journey down the Mackenzie will be made in and open boat and no supplies will be carried beyond those necessary to take the party to the mouth of the river.

FLOODS IN TEXAS

Fort Worth, April 18—Railroad service is badly crippled and the Texas and Pacific railway reports that it will not be able to send out trains west for two or three days. The Fort Worth and Rio Grande are running but few trains. Five hundred delegates to the state labor convention ore weather bound here.

A cloudburst in Parker and Palornicio counties last night will probably send the Brazos and Trinity rivers two feet higher and these rivers are now running higher than in 20 years. North Fort Worth is isolated and a hundred houses are submerged. Mineral City is under water and Cleburne, south of here on the Santa Fe, is surrounded by the floods. Engineer Long and fireman Alsup were found dead under their engine today. Their train left the track in a washout a mile north of Cleburn.

MEMORIAL STRVICE

Tokio, April 18—A memorial service was held yesterday in the American Episcopal cathedral in honor of the late Durham White Stevens, diplomatic adviser of the Korean counsel of state, who was recently assassinated in San Francisco by a Korean zealot. The service was attended by the entire diplomatic corps of prominent residents of Tokio and Yokohama. Representatives of the imperial household were also present, and the church was crowded.

HOVERING ON THE BRINK

Toronto, April 18—Michael Street, backet maker is hovering between life and death in the hospital here as the result of a bullet wound received while resisting arrest on a charge of alleged attempt to assault a five year old girl at Oakville.
