VOL. 7 NELSON, B. C., TUESDAY, MAY 5, 1908 NO. 9

WILL APPOINT

City Council and Foreman of Power Plant

WILL TAKE RESPONSIBILITY

MANY MATTERS OF LOCAL INTEREST ARE DISCUSSED—MODIFICATION OF FRONTAGE TAX SYSTEM APPROVED BY THE CITY FATHERS.

There was a full meeting of the city council last evening and while no subject of supreme importance was discussed, yet there were many matters of local interest which were brought before the board.

Amongst these came up the question of the future superintendent of the city power plant. Ald. Procter was insistent on this man being appointed by the council. Electrician Brown recommended no one and asked for further time and eventually the council decided to advertise for a competent superintendent and to make the appointment themselves.

After the reading of the minutes the report of the finance committee was adopted. The next thing taken up was the application of C. Jiscowicz that the city take over the two inch main system installed by him in Fairview some years ago and that from time to time the city replace the two inch main with a four inch. This, after some discussion, was approved.

A report was received from chief Deasy of the fire department anent the late fire, recommending that some arrangement be made whereby the fire department, in case of fires in the residential district, would have to go down instead of going up hill.

A secondary portion of the report, that referring to the use of hydrants, was taken up by Ald. Procter, who wished that the gutters on Baker street, should be flushed every day so that sweepings should be cleared off the streets daily.

City engineer Lawrence reported that he had instructed an employee to take up the matter and see that such sweepings should be disposed of daily.

There was a casual reference to the habit of distributing circulars in the residential district, thereby creating an unsightly litter and also to the custom of depositing papers in back lanes which blew all over the place, but there was no definite action taken.

Ald. Procter reported with reference to the new city wharf that superintendent D. Coleman was prepared to build towards the fall of the year. The C.P.R. was using two boats to one by the Great Northern. What share it was asked, would the city contribute.

Mayor Taylor replied that the city of Nelson, unique in the province, for years had been keeping up the wharf at its own expense, although its chief benefit was derived by the steamship companies. He had understood that all the city had to do was to provide the right of way.

Electrician R. A. Brown reported that he was unwilling to make a recommendation for the foreman of the power plant until he was better satisfied as to the capabilities of the applicants.

Mayor Taylor concurred, stating that he thought that a salary should be named, that salary not to be less than $150 per month, and that the council should then decide upon the application.

Ald. Procter moved that the salary be not less than $150 a month. It was a possibility that the plant would be taken over within the next week or ten days and it was necessary that there should be a man on hand to take over the plant when the transfer came.

Ald. Kerr seconded the motion and it was carried unanimously; it being understood that the advertisement should appear in the Montreal and Niagara papers.

The matter of getting a new switchboard for the substation was left for the standing committee in charge, together with the city electrician, to decide.

The grading of the street between Kootenay and Falls was taken up. The city engineer reported that it would cost $125. The mayor declared he understood that the residents in the neighborhood would pay something towards it.

Ald. Procter said there was a somewhat similar proposition with regard to Hall and Silica streets and he thought that if the residents would put up half the cost the city should contribute the other half.

Mayor Taylor said that in some places the grading would cost hundreds of thousands of dollars. In the first case referred to the cost was not great.

A resolution was passed authorizing the grading of Kootenay and Falls streets.

The residents on Gore and Innes streets reported that it was impossible to connect with the sewer because of the levels.

City engineer Lawrence replied that with the extension of the sewer for ten feet and a little care on the part of the residents proper connections could be made. The communication in this matter to the council was filed.

The city engineer was requested by resolution to submit at the next meeting of the council a report as to the cost of the sewers on Hall and on Josephine streets.

A lengthy letter was read from Dr. Fagan, provincial health officer and was laid on the table.

The lacrosse and football teams asked if the recreation grounds would be enclosed by May 24. The city engineer said this would be done.

The question of a pound keeper was then taken up with a view of abating the curfew nuisance throughout the city. The mayor suggested that the appointment be left in the hands of the chief of police. This suggestion was adopted.

As to water supplied to the C.P.R. shipyard, the mayor said he had received no reply from the company. The council left the matter in the hands of the mayor to take up with the C.P.R. head office at Montreal.

The mayor recommended that the scavenging department should [illegible] the control of the city [illegible] as there would be economy exercised as far as the use of the city teams was concerned; the city engineer also to be appointed sanitary inspector. This did not mean that the sanitary inspector should lose his position, merely becoming subordinate to the city engineer.

On a motion by Ald. Procter, seconded by Ald. Steed, this suggestion was endorsed by the council.

The mayor reported that the C. P. R. steamboat people had attempted to report the carbarn fire to the fire department on the night of the recent fire, but the telephone exchange had refused to transmit the message because the persons telephoning could not tell the exact location of the conflagration. The matter was referred to the standing committee concerned for enquiry.

Ald. McMorris asked that transient traders be charged $75 and not $5, for doing business in this city, having especial reference to photographers.

Mayor Taylor said that under the law the charge could not be made.

The council then adjourned until May 11.

ATTEMPTED REVOLUTION

NATIVE INDIAN PLOT NIPPED IN THE BUD

ALL EUROPEANS WERE TO HAVE BEEN MURDERED

Calcutta, May 4.—The police are investigating the native plot revealed here yesterday to murder Europeans by means of bombs, and the more they go into the matter the more serious and widespread does it appear.

Documents seized at the house where the bombs and explosives were being manufactured reveal that it was part of the plot to kill lord Kitchener, commander in chief of the British forces in India, and other high officials.

The authorities believe they are facing an attempt at revolution.

PORT OF MONTREAL

Projected Development Means Depth of 40 Feet to the Ocean

Montreal, May 4—Favored by high water and a clear day, the Allan liner Virginian, from Liverpool, yesterday made the fastest run, it is claimed ever made by an ocean liner between Quebec and Montreal, the time being 8 hours and 45 minutes. On board the Virginian there were 80 saloon, 450 second cabin and 808 third cabin passengers; most of the latter were immigrants, who were to proceed to Winnipeg and the northwest.

Berge Ropper, 35 years old, while eating supper with some friends at his home on Yonge street last night, fell ill and died within a few minutes, of heart failure.

Major Stephens, chairman of the Montreal harbor commission, returned yesterday from Great Britain and the continent and after visiting the leading ports of the world, returns to the Est. Lawrence firmly convinced that the situation of the port fully justifies an expenditure that will make Montreal the greatest port of entry on this continent. The projected development, he says will call for a depth of 40 feet from Montreal to the sea. It is now 31 feet.

The steamer Monteagle left Yokahoma Saturday evening for Vancouver.

As a protest against the reduction of ten per cent in wages effective today, the mule spinners in Hochelaga and in the factories of the Dominion Textile company, were called out today by the federation of Textile Workers. The mule spinners are the most expert workers in the cotton industry and without them the other employees will have to stop work because of the reason that there will not be material to work with. The union declares that the reduction in wages is not justified.

NOMINATIONS YESTERDAY

Windsor, May 4—North Essex liberals today renominated speaker Sutherland for the commons and tendered the provincial nomination to J. A. Tremblay, who it is understood will accept.

Newmarket, May 4—T. Herbert Lennox, M.P.P., was renominated by the North York conservatives for the legislature today.

Guelph, May 4—South Wellington conservatives renominated Joseph P. Downey, M.P.P., for the legislature today.

POLES AND ITALIANS

Wilkesbarre, Pa., May 4.—Poles and Italians engaged in a bloody riot at Hudson, 10 miles from here, today, two Poles being fatally wounded and two others badly hurt, while many were injured and were carried away by their compatriots. The police are now searching for the men and expect to make arrests today. There has been bad blood between the Poles and Italians for some time owing to the fact that a number of Poles took the places of striking Italians at nearby coal mines. Today the Italians laid in ambush for a party of the Poles and attacked them with stilettoes. One Pole was stabbed seven times, another four times. Both are dying. Two others were badly wounded and a number of others were hurt.

OFFICIAL WERE THIEVES

Laredo, Texas, May 4—It was learned today that through the activity of the police of Mexico City, the robbers who stole $63,000 from the Wells-Fargo company, are in jail and both men have confessed. They are Louis Cutting, chief clerk in the general offices of the express company and Rodolf O. Avarez, the express messenger, who disappeared. The money was found by the police in Cutting's room.

OTTAWA NEWS

In the House of Commons Yesterday

EXPLANATION OF BRODEUR

IS IN TROUBLE OVER SOME EXTINGUISHERS BOUGHT INNOCENTLY BY HIS DEPARTMENT—ALL MOOTED LEGISLATION IS TO BE DISCUSSED.

(Special to The Daily News)

Ottawa, May 4.—Hon. A. B. Aylesworth, gives notice that he will move a resolution fixing the salaries of the judges to be appointed to the court of appeal in British Columbia as follows: chief justice, $7000; three justices of appeal, $6000 each.

At the opening of the house today sir Wilfrid Laurier referred to the remarks made by David Henderson during the discussion of the estimates on Friday to the effect that the impression prevailed that should the government secure supplies, all other legislation would be dropped. The premier informed the house that such an impression was erroneous. The government will proceed with all legislation introduced or announced. He noted, that although the house had been in supply on several occasions, but little headway was made. In order to meet the views expressed by Mr. Henderson, sir Wilfrid gave notice that Aylesworth's bill to amend the Franchises Act would be proceeded with on Tuesday.

Hon. R. L. Borden asked if the other bills would be preceeded with this session.

The premier replied that he could not give a list offhand, but would supply the information asked for on Tuesday. The Manitoba boundaries will be taken up.

During the hour given to the consideration of private bills, Hon. Wm. Pugsley suggested that in view of the question of provincial rights involved, that McGraney's bill to incorporate the Saskatchewan Power company be laid over for more information.

McCraney said that while they could secure the necessary legislation from the province, it would involve great delay. Being incorporated by the dominion would give certain rights as to South Saskatchewan river.

Hon. Frank Oliver answered regarding Lawson's Yukon Gold Mining company's advertisement. The advertisement was not drawn to the government's attention. He condemned the advertisement. He said the government had no information regarding the areas of claims, or regarding the statement that the company had purchased sufficient creek claims and upper level deposits to control the situation in that part of the Yukon. The government was not in a position to say under what condition the company holds the claims, though governed by the Placer Mining Act. He denied that the so-called Treadgold concession had been transferred to the company. He also claimed that neither the government nor any member of the government had any communication with Lawson.

Hon. Wm. Templeman informed R. S. Lake that the defalcations of N. E. Harbottle, government exice officer at Edmonton aggregated $6918. He was appointed May 1, 1903, on the recommendation of the minister of inland revenue.

After recess, Mr. Blaine complained that the file of papers tabled by Hon. Mr. Brodeur had been taken from the customs clerk by the minister named. He cited a paper copied during the short time the file was available, from which it appeared than one Patton agreed to pay C. E. Cameron $4 for every fire extinguisher sold the marine department. At first the order was for $9000 worth of extinguishers; he thought there must be a good profit attached.

Hon. L. P. Brodeur characterized Blaine's staement as unfair. On Friday he read the correspondence to show that he (Brodeur) flatly refused to purchase the extinguishers he was alleged to have bought or ordered. He tabled the file for the use of the conservative members, without giving up possession. If Mr. Blaine had read further he would have found that while the present government was paying only $14 for extinguishers the conservatives paid $30, and further would he find that the late minister Prefontaine had cancelled the contract on hearing of the agreement between Patton and Cameron. The latter complained, but the department refused to recognize the transaction. Regarding the file, it was removed to copy it for judge Cassels' investigation.

Later Blaine appealed to the premier to have the minister reproduce the files.

Laurier replied that members should have files for a reasonable length of time.

Before going into supply the premier referred to a Montreal despatch, published in the Toronto World to the effect that the premier was going to Montreal to consult wth general manager Hays about a mistake discovered in locating the G. T. P. line. The premier said there was not a shadow of reason for the despatch. It had never come to his knowledge nor engaged the attention of anyone. He presumed the object of the writer was to create a suspicion and arouse the feelings of the people of Montreal and Toronto, which were not on the line.

Hon. Mr. Lemieux gave notice that he will this week introduce a bill to provide for one cent drop letters in cities.

MILLIONS IN LUMBER

Vancouver, May 4.—M. J. Scanlon, of Minneapolis, principal shareholder of the Scanlon-Brooks Lumber company, announced today the extensive plans of his firm in this province. Two large sawmills are to be built at a cost of three quarters of a million, one at Harrison lake and the other at Vancouver or New Westminster. The firm now controls 100 square miles of limits and are about to close deals for other large tracts. Scanlan's plans appear to be based on the expectation of a change in the United States' tariff policy on lumber in the immediate future.

NATURALLY SURPRISED

Rockefeller Junior Talks to His Bible Class on Rich Men

New York, May 4—John D. Rockfeller, Jr., addressed the bible class of the Fifth avenue Baptist church yesterday and arraigned the rich man who destroyed good reputations and took advantage of those weaker than himself, in order to achieve riches. He warned young men to refrain from envying such a man and his wealth. He took his text from the 52nd Psalm, wherein just such a man is described and his eloquent, straight-from-the-shoulder-talk on tainted money, seemed to astonish his audience.

"There is no sin," said Rockefeller, "in accumulating wealth in an honest and legitimate manner and using that wealth rightfully. But this man the Psalmist speaks of, had taken advantage of others. Not only was he given to fraudulent practices, but he loved evil." Mr. Rockefeller then drew a picture of the need for men who made a little money but lived righteous lives; men who can always be trusted to do the right thing, no matter what happens.

MONEY MARKET BETTER

TWENTY-EIGHT MILLION BONDS SOLD YESTERDAY

INCREASING CONFIDENCE IN ALL SECURITIES

New York, May 4—The easment of the monetary situation was sharply reflected today in the sale of $28,000,000 worth of municipal bonds bearing interest at 3 3-4 per cent and extending over a term of six months. The bonds were sold to several banking firms. During the winter revenue bonds were sold by comptroller Metze, bearing interest at 6 per cent. The market lowering of the interest rate, bankers stated today evidences increasing confidence in securities. Revenue bonds are issued in anticipation of taxes paid in October. These bonds will be redeemed the first week in November.

QUEBEC ELECTIONS

Montreal, May 4.—It is learned tonight on good authority that a meeting of the provincial cabinet is to be held in Quebec tomorrow morning and that at this meeting it will be decided to dissolve the legislature. The general elections will take place on June 8, the same day as the provincial elections in Ontario.

BAD FOR TRAVEL

Skeena River Very Low—Apostolic Administrator Appointed

Victoria, May 4.—The steamer Vadso has been hauled out on the Victoria machinery depot's ways to be repaired, in consequence of striking an unknown rock in Schooner passage, River's inlet, on her northern trip to British Columbia cannery ports. Part of her keel is broken at the forefoot and there are two dents in the starboard streak.

A telegram from Kitselas says the steamer Port Simpson arrived there bound to Hazelton on Sunday. Water in the Skeena river is lower than for years and a poor season of navigation is expected this year, when more freight than in any past season will be offered.

Rev. father Brabant, who has been for 19 years on the west coast of Vancouver island, has been appointed apostolic administrator of the diocese of Vancouver, pending the appointment of a successor to archbishop Orth, whose resignation was announced Sunday.

FOR JEWISH RACE

London, May 4.—A petition of the Jewish Colonial trust, asking power from the court to restrict its operations to Palestine, was dismissed this morning by the court of chancery. The trust has has a capital of two million pounds which has been subscribed with the object of promoting the welfare of the Jewish race in all parts of the world. The managers of the trust, who were supported by a considerable section of the stockholders, contended that the colonies of Palestine and neighboring territory was the great ideal of Zionism and the only object worth attaining. Israel Zangwill was among those who bitterly opposed the proposed scheme of limitation.

RAILWAYS ARE FINED

Chicago, May 4—In 95 cases brought by the government against six railroad companies charging violation of the 28 hour law for the transportation of cattle, judge Landis in the United States district court today imposed fines aggregating $18,000.

AFGHAN RAIDS

Promptly Quelled By Major General Willcox

TRIBESMEN ARE PEACEFUL

BENGALI BABUS MAKE EXTRAORDINARY REVELATIONS AS TO A GENERAL REVOLUTIONARY UPRISING TO TAKE PLACE IN INDIA.

Simla, British India, May 4.—The promptitude shown by major general sir James Willcox, commander of the British forces, in rushing his troops to the scene of the disturbances, has deprived the Afghan raid of present danger.

He attacked the raiders on the hills west of Lan Khotal, in the Kyber pass, and drove them back over the frontier, scattering them in various directions.

Finding no support from the other tribes, the raiders are dwindling away. According to advices received here the Mohammed and other border tribes are quiet and engaged in harvesting.

Calcutta, May 4.—A later despatch concerning the native conspiracy here to murder all Europeans, says that an examination of 30 prisoners arrested today confirms the gravity of the bomb conspiracy. Some of those in the hands of the police deny complicity in the affair, while others made startling admissions regarding the intentions of the organization against public officials and of actual attempts at the use of bombs, which, however, proved unsuccessful. One man said he travelled all over India in connection with the movement, which he described as a great revolutionary campaign against the government. The prisoners were remanded.

WESTERN CROP OUTLOOK

Manitoba's Treasurer Says Yield Will Be Great

Winnipeg, May 4.—In the assize court this morning Mr. justice Mathers heard the reopening of the case of Cotter vs. Osborne, involving some fine law points and $25,000. This is an action for an injunction and damages amounting to $25,000 for picketing, conspiracy and boycotting by the master plumbers against the Journeymen Plumbers, Gas and Steamfitters Helpers' local union No. 62, in July 1906.

Hon. J. H. Agnew, provincial treasurer, has just returned from a trip in the country, where he had a chance to see what the crops looked like. "They are better now than they have been for some years at this time," said Mr. Agnew, "and they are going along under the best of weather conditions just at present. The grain is well out of the ground and looking healthy. From present prospects we will have the best yield this year we have ever had."

The campaign started this morning by the ladies of Winnipeg to raise $75,000 for a Young Woman's Christian Association building is already an assured success. A thorough canvass of the whole city is being made and it is said that if the citizens respond as generously as they have done today the amount required will be over-subscribed when the list closes on the 18th instant. The business men of the city are taking great interest in the project and are assisting liberally, both financially and otherwise.

SUSPECTS ARSON

Edmonton, May 4.—There is a strong suspicion that incendiarissm was committed in Bruderheim in the early morning hours of May 2. August Lentz, who conducts a general store in that town, is in the city today in connection with a fire which completely destroyed his store last Saturday morning. He came to the headquarters of the R.N.W.M.P. to lay information against some suspected parties, but was informed that this would have to be done at Fort Saskatchewan. He expects to go to the for night and swear out a warrant against the suspected parties. Lentz was in Edmonton last Friday, and on Saturday night he found his store in ashes. After hearing all the circumstances connected with the affair he decided to lay information against certain suspected parties on the charge of burning the store.

TO RELEASE THAW

Insane Criminal Brought up on Habeas Corpus Proceedings

Poughkeepsie, N. Y., May 4.—At the hearing of the Thaw application today, on account of the large court room being occupied with a regular term of the duchess county court, and this being a special term of the supreme court, the supervisors' room in the court house was improvised for the court. Its capacity is not more than 200 and cards of admission for this number were issued by sheriff Chandler and only those holding tickets were admitted. A score of women were among the spectators. Harry Thaw reached the court room at 10:45 a. m. He was in the custody of Dr. Amos T. Baker, acting superintedent of the Mattawan asylum and two attendants. Thaw looked rugged and well and his color indicated that he has had plenty of out-door life at Wattewan. He took a seat at the table between the lawyers and at once entered into conversation with Mr. Graham, who is in charge of the habeas corpus proceedings.

The opening of the hearing was delayed by a conference between district attorney Mack of Duchess county and assistant district attorney Gavin of New York, who was endeavoring to transfer the case to New York county. Dr. Baker, superintendent of the Mattewan asylum was called in conference. Mr. Garvin and district attorney Mack appeared in court before noon accompanied by assistant district attorney Johnston. Mr. Graham formally filed his writ and received from the district attorney his return. District attorney Mack then addressed the court and moved for the proceedings to be sent to New York county.

As a result of today's proceedings to secure the release of Harry K. Thaw from Mattewan insane asylum, it was decided that Thaw will not be returned to the asylum while the hearing is in progress but shall be confined in the Duchess county joil. Thaw expressed pleasure at the decision.

TO MEET ROOSEVELT

Washington, May 4—Cardinal Logue, accompanied by a party of Catholic prelates, arrived here from New York at 5:30 this afternoon. He will remain until Friday as the guest of the rector of St. Patrick's church when he will return to New York. The arrangements for entertaining the primate of Ireland have not been completed, but he will be tendered a luncheon at the Catholic university of America tomorrow. Mgr. Dennis J. O'Connor, rector of the university, was consecrated a bishop yesterday in Baltimore.

Cardinal Gibbons will come to Washington to attend the luncheon. On Wednesday afternoon cardinal Logue will meet president Roosevelt. Tomorrow morning he will say mass at St. Patrick's and during his stay will visit the various Catholic churches in this city as well as other places of interest. He will attend the meeting of trustees of the Catholic university. Cardinal Logue is accompanied by archbishop Farley of New York.

MINERS QUIT WORK

Coleman, May 4.—At a mass meeting of Coleman miners it was unanimously decided to quit work. The operators of the International Coal and Coke Co. started contract miners on company work with the intention of getting a reduction on the pillar work, which is now 55 cents per ton according to the old agreement. The operators desire the miners to work at the company's rate of $3.00 per day, when the agreement calls for 55 cents per ton on the work in dispute.

IN BAD COMPANY

San Francisco, May 4.—In the Fort Mason guard house is private Buwalda, of company A first batalaion of engineers. Buwalda has been identified as the soldier who shook hands with Emma Golden, queen of the anarchists, and pledged her his assistance. The identification was made by a detective of the police force and he was placed under arrest. Buwalda will be brought before a court martial.

AGRICULTURAL INSTITUTE

Ottawa, May 4.—Dr. J. R. Rutherford, veterinary director general and livestock commissioner, and Mr. J. K. Doherty, chief clerk and private secretary to the minister of agriculture, will leave for Rome this week to represent Canada at a meeting of representatives of most of the cililized countries of the world, with a view of the inauguration of an international agricultural institute with headquarters at Rome.

MORAL REFORM

Toronto, May 4.—Dr. Chown, general secretary for the moral reform of the Methodist church, left for Vancouver this afternoon. He will investigate the building of a factory in that city for the purpose of manufacturing opium. It is alleged that the Chinese who are backing the venture would run the product into China. While in British Columbia Dr. Chown will try to secure the passage of a local option law.

PEASANTS DROWNED

St. Petersburg, May 4—A ferry boat on the river Deipierre capsized yesterday near Bikoff and 120 persons were drowned. The boat was filled with peasants and their wives and children returning from church. It was overcrowded and became unmanageable in the midst of the stream. The passengers lost their heads and turned the boat over crowding to one side.

RUSSIAN MARRIAGE

St. Petersburg, May 4—Mlle. Stolypin, a daughter of the Russian premier, was married here this afternoon to Lieut. Rock, the Russian naval attache at Berlin. The wedding ceremony was attended by many members of the cabinet and of the diplomatic corps and representatives of high society in St. Petersburg.

DROWNED IN THE FRASER

Vancouver, May 4—David Clark, brother of Thomas Clark, C.P.R. station agent at Lytton, and with connections in Toronto, was drowned while crossing the Fraser river at Lytton with the Ferry last Tuesday. A load of hay aboard, and a swift current, caused the ferry to list and turn turtle Clark was unable to reach shore.

ADVISER OF JOHN D.

Edmonton, May 4—Rev. Dr. Eaton of Cleveland, and spiritual adviser of John D. Rockefeller, is in the city, it is said looking into church matters with a view of advancing the Baptist cause in western Canada.

PRESIDENT OF BOLIVIA

Bolivia, May 4.—Fernando Guachalla was today elected president of Bolivia, in succession to senor Ismael Montes, whose term expires August 14th next.

OLD MINISTER DEAD

Watford, Ont., May 4.—Rev. Robert May, 78 years old, is dead. He was 50 years a Congregational minister.

PASS ONE BILL

English Liberals and the Licensing Act

YET TO FACE THE LORDS

PRINCE OF WALES REGRETS THAT HE WILL BE UNABLE TO EXTEND HIS CANADIAN TOUR—A. W. GORE AND THE TENNIS CHAMPIONSHIP.

London, May 4.—The house of commons tonight passed the second reading of the Licensing bill by a majority of 246 and referred the measure to a committee of the whole house.

Augustine Birrell, chief secretary for Ireland, announced tonight that the resignation of sir Anthony Patrick Macdonnell, under-secretary to the lord lieutenant of Ireland, will take effect July 1.

King Edward and queen Alexandra returned to London this afternoon from their Scandinavian tour.

A. W. Gore, the English player, today recaptured the championship in the covered tennis contest which has been in progress at the Queen's club here. He defeated the holder of the title, A. F. Ewing, three games to one. Four days ago Gore defeated C. P. Hodge, of Colorado Springs, in the semi-finals.

The art collection of the late marchioness Conyngham was sold at auction at Christy's today. Among the silverware a James I. rosewater ewer and dish, with the London hall mark of 1618 and weighing 90 ounces, realized 4000 guineas. A similar specimen is in Windsor Castle.

The prince of Wales, presiding at the dinner of the Colonial institute tonight, in the course of a long speech, referred with pleasureable anticipation to his coming visit to Canada and expressed regret that time did not permit of his extending his visit beyond Quebec.

CONFERENCE BROKE UP

Regina, May 4—The conference between the premiers of the three prairie provinces was concluded this afternoon and broke up without the premiers arriving at any definite plan for taking over the elevator system in the west. Owing to some misunderstanding the grain growers did not place the scheme before the premiers, but George Langley, who was one of the grain growers' delegates to Ottawa, attended the conference and laid the plan before the premiers.

There is little doing in the legislature and the whole of the afternoon session was spent in committee.

Permission was given to cities and towns to assess to the limit of two per cent for telephone purposes and to rural municipalities to borrow to the extent of $40 per quarter section for similar purposes.

BERING SEA FISHERIES

Victoria, May 4.—A meeting of the shareholders of the Victoria Sealing Co. was held this afternoon to discuss proposed operations in Bering sea this season, and also the advisability of sending Joseph Boscowitz, a director, to England to take up the question of the continuance of the present regulations governing sealing with the British government. Mr. Boscovitz has been to Washington and to Ottawa, discussing the sealing question with president Roosevelt and sir Wilfrid Laurier. The shareholders of the sealing company decided against sending him but he intends to go on his own account. But two schooners will be sent to Bering sea in addition to the four now out.

CRUELTY TO ANIMALS

Toronto, May 4.—Rupert Kingsford, the deputy police magistrate of Toronto, decided today that the G. T. P. was guilty of cruelty to animals, in not providing a load of cattle with food and water during a recent 40-hour trip from Wiarton to Toronto. He fined the company $100 and costs, remarking that it was the first time a penalty was allowed and it was only possible for him to enforce such a penalty as the law allowed.

TREATY RATIFIED

Washington, May 4—The Canadian international boundary treaty was ratified today by the senate in executive session. It provides for the more complete definition and demarcation of the boundary between the United States and Canada, but does not change in any way the understood existing line.

C. P. R. BRAKEMAN KILED

Port Arthur, May 4—Thos. Rundell, a C.P.R. brakeman, fell between the cars while making a coupling in Schrieber. He was brought to the hospital here and subjected to an amputation of the legs, which were crushed, but he died from the effects.

WILL REPRESENT THE U. S.

Quebec, May 4.—Vice president Fairbanks will officially represent the United States at Quebec during the tercentenary.

STANLEY CUP

Ottawa, May 4—The Stanley cup trustees have accepted the challenge of St. Catherines for the trophy now held by the Shamrocks of Montreal.

ONTARIO ELECTIONS

Toronto, May 4.—The writs for the provincial elections will be issued on Monday, May 11.

by the experience gained by the scientific world by the collapse of the Quebec bridge.

In cases of such large undertakings as the Quebec bridge, in the absence of any board of engineers to apply to in Canada for preparing plans and specifications, and in view of the undesirability of confining bidders to the single system, which in the end might not suit, and would almost certainly have led to altercations afterwards, Parent said the company thought it best to invite tenders to furnish their own ideas and plans to obtain the best results of competition and on a broader basis than could be obtained from any individual designer, and in that respect the company secured the services of Mr. Cooper, of New York, who was considered the best man in the United States for making selection. At all events, Mr. Parent said, there could be no visible connection between such remote action on the company's part and a disaster which occurred 10 years afterwards and which was solely due to an error of the commission which would likely have been unavoidable under any *other* bidding competitions, since it is now admitted that professional knowledge at large is still deficient on the experimental strength of large bridge-members in use in the United States. The contractors were not limited, and had no interest in producing cheapness at the expense of efficiency.

TOO MANY IMPLICATED

Portugal Assassinations Will Not Be Enquired Into.

Lisbon, May 4.—The government has completed its investigation into the plot that led to the assassination last February of king Carlos and the crown prince of Portugal and has discovered that the conspiracy had so many ramifications, and that so many persons of position are either suspected or implicated, that it has been decided not to bring any prosecutions.

King Emmanuel, when he takes the oath of office, will grant a general political amnesty. *This, however, will only* cover offenses up to January last. The assassinations occurred on February 11. Although king Manuel has expressed his willingness to pay into the treasury the money advanced to the late king Carlos, the cabinet, on account of the present condition of the finances of the household, has decided to ask parliament to cancel these debts.

TORONTO-SUDBURY LINE

Montreal, May 4—Messrs Wm. Stitt and George P. Ham of the C.P.R., returned yesterday from a trip over the company's new Toronto-Sudbury line, which is to be *opened for traffic on June 15. The road* is rapidly approaching completion. The stations, which are handsome structures, are all erected and everything will be in readiness for the opening day.

MINARD'S LINIMENT CO., Ltd.

Gentlemen—In January last Francis Leclare, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him freely to deaden the pain and with the use of three bottles he was completely cured and able to return to his work.

THE HODGINS CHARGES

The enquiry before a special committee of the house of commons into the charges preferred by major Hodgins concerning some of the methods adopted in the construction of a section of the National Transcontinental railway east of Winnipeg, opens today at Ottawa, and the proceedings will be closely followed all over Canada, but no where with greater interest than in this city, where major Hodgins in personally known and respected.

A moment's consideration will show how important it is that a very speedy and thorough investigation should be held. The contracts on the Grand Trunk Pacific, as on other works of the kind, are based upon the character of the work done, and the engineer in charge is supposed to be the judge. The charges on the Winnipeg section for different kinds of work are $1.70 per cubic yard for rock excavation, 60 cents for loose rock, and 30 *cents for earth.* Major Hodgins classified the work as his experience taught him. But objection was made, and he was invited to see how the classification was managed in Quebec. To Quebec, therefore, he went, and there he discovered that earth excavation was being charged as rock cutting. In one case examined by him the overcharge on a relatively small piece of road was, at the Winnipeg prices, no less than $141,900.

The major did not take kindly to this classification, and *his resignation* was asked for. The allegation that the state of affairs was the other way about naturally impelled the major to speak, for were it believed that he had been favoring the contractors wrongfully the circumstances would be ruinous to him as a professional man. The enquiry into this matter cannot be pressed with too much vigor. By the county the truth should certainly be known, and that speedily. One feature of the case which made investigation imperative is the fact that the Grand Trunk Pacific, which is to rent the road, paying, after 10 years' free use, 3 per cent annually upon the total cost, is not likely to pay 3 per cent for ever upon padded accounts. When the figures come to be settled upon the Grand Trunk will insist that it pay only upon what has been honestly spent, and the courts will sustain it in its contention. The result will be *that the overcharges will be saddled* upon the country.

If major Hodgins' charges are true the country, which is paying for the construction, under a commission headed by Mr. Parent, would be involved in a loss of three or four million dollars, and that being the case it is surprising to find a liberal paper like the Victoria Times sneering at major Hodgins' charges as merely the vaporings of a discharged employee, or of the equally unhappy stand taken by Duncan Ross, M. P., for Yale-Cariboo, who, in a recent interview given out on his way back to Ottawa from the liberal convention in his *constituency,* belittled the matter and did his best to discredit the mayor in advance.

Many liberal papers, however, joined in a demand for a speedy investigation and the premier personally moved for a special committee of the house to look into all the charges. The proceedings are announced to open today, the committee meetings being held in public, so that the public should shortly be in possession of the true facts of the case.

EDITORIAL NOTES

Instructions from Vancouver were received yesterday by the local representative of the Associated Press, to wire daily whenever possible, news of Nelson and the Kootenays, generally, and the promise was given that at least a digest of what was sent in would in future be *wired to all eastern Canadian* papers. This is something that has been wanted for a long time and no better means of advertising this city and district throughout Canada could be devised. Hitherto whatever news was sent in reached only the coast papers, and only brief items were despatched. The request for a better service has come from the east and is indicative of renewed interest being taken in Kootenay affairs generally on the other side of the Rockies.

QUEBEC BRIDGE

Disaster Was Not Caused by Cheap Constructions, Says Parent

Ottawa, May 4.—In an interview today in reference to some of the findings of the royal commission which investigated the collapse of the Quebec bridge, Hon. Parent, president of the Quebec Bridge company and chairman of the National Transcontinental railway commission, says he was informed on good authority that in spite of the utmost precaution to every detail of plans and specifications, a similar great disaster on one of the largest *bridges now being erected* in the United States was only prevented

dorse the scheme outlined, but they will men and women, old and young alike, desire to give their large or small contribution to the fund which is being raised for this patriotic object.

It is for the purpose of laying before our people in Canada and those in the motherland, the sister colonies and those of our blood to the south, the importance of this undertaking, that this appeal is made.

In July next it is expected that a check will be presented on behalf of the Canadian people and other patriotic citizens throughout the empire to his royal highness the prince of Wales, who will in turn present it to the battlefields commission to be spent by them in the noble work of devoting this famous theatre of early Canadian history to the sacred memory of those eventful scenes which were enacted thereon and to those heroic spirits who are associated with its ancient walls. And it is to be hoped that every citizen of Canada, every school boy and school girl will offer some small mite to swell that national fund and will be proud to have a part in this heart offering of present day Canada to her heroic past.

We in Canada are a young and busy people over-engrossed in the material struggle of the hour and the moment. But if we stop to think and examine into our past we will discover that the ancient city of Quebec is the foundation pivot on which all our history turns; that she is the starting point from which have gone out nearly all, if not all our great dreams of conquest, ideal and material; and that it is back to her that all our young communities, must, inevitably, in gratitude and sense of origin return.

From the remote days of Champlain, La Salle and Brebeuf to the modern present, all roads lead back to her, the citadel of our national dreams. What province, what community, what portion of our people is not linked to Quebec by some bond, some tie of the near or remote past? Is she not from the very beginning sacredly associated with the greatest events in our national and imperial history? Do not all those subtle, silken threads which bind the Dominion together, find their common source in the grim old rock which fronts on the famed river of Cartier and Champlain; of Wolfe, Dorchester, Murray and Montcalm?

Is not this sufficient reason why we should venerate this old city bastioned above her mighty tides sweeping forever seaward, as man's longings ever return to the past? Then she is not only the city of her battlefields; but also the place of our national origins, or beginnings; of our country's great natal day of preparation for all which was destined to follow.

It is for all this, and more, that Quebec stands; and is for this reason alone that the coming tercentenary of the founding of Canada by Champlain and the institution of the Battlefield Memorial should be of deepest significance to every Canadian.

Throughout the empire and all over the world there is spreading a keen interest in this great and important gathering. Britain, France the United States and the sister colonies, all will take part in and be associated with the approaching celebration.

But especially here in Canada should this event be a lovefeast, as it were, between the two great sister races, whose fate lies not only side by side, but together, in the common destiny of their growing nation. Let us all realize that in this celebration we are one in our common memories, our common adirations, our common gratitude to those great souls, French and British, but alike Canadian, whose deeds and lives whose heroic effort made this country possible.

It is in this spirit, of a common patriotism, that a scheme has been adopted by which to use the fund to be raised in a wise and patriotic manner so as not only to secure to the Canadian people forever the grounds on the Heights sacred to our common heritage; but also to erect and maintain a national museum as an instructive and otherwise worthy memorial of our heroic past.

This museum, it is intended, will be dedicated to the object of commemorating the development of our country and people from the earliest days. In it each province will have its place and hold its part and in its architecture, decoration and contents, Canadian history and art will vie with each other in repeating, in painting, sculpture, parchment and relic the story of Canada, and its navel, the great grey bastioned crag, that famed Norman and Breton gateway to the present and future dreams and achievements of this New France and this newer Britain of the western world.

It is true that we have in Canada other places redolent with sacred memories of our storied past, places especially dear to the children of our different provinces and communities of people. Queenston Heights in Upper Canada, is one of these, a spot next to Quebec, dearest to all Canadians. But none of these are quite in the same sense what Quebec has meant, means now and will mean ever more (as time goes on) to the whole dominion. All of these places have their niche in the walls of the temple of our national heart's memory. But chief of all looms the grand old gateway of the St. Lawrence.

All races and creeds which go to make up our people have some reason to remember the old citadel. French, Scottish, English, U. E. Loyalists, all have participated in some way in the destiny of the rock fort of Stadacona. To this place in the future will come travellers from either hemisphere and seeing our memorial erected to our past they will read in it the history and present ideal of a people worthy to be called great, by reason of their veneration of their mighty dead; and every Canadian from Cape Breton to Vancouver will be rendered illustrious in the rich evidences of heroism and fortitude which our national patriotism will collect within the temple which it is proposed to ultimately rear on the Heights of Abraham.

Then a word as to the battlefields themselves. They represent victory and honor for the French, the British, the U.E. Loyalist and the American.

No one spot in the world is so linked to associations in which so many peoples may feel pride.

But above all there is the call to every French and British heart from this sacred ground. The causes of strife are long since dead and passed away. But the great memories alone remain. The common memory of a common heroism which should bind, and does and will bind, our two peoples more and more as Canadians. Here now and foreever stands the field and the immortal part of all that is most heroic in the two great Canadian races.

This appeal is to all our peoples. It is to those who have influence and the means to speed the good will and the patriotic ideal. It is to the clergy of all denominations, the teachers in the schools, the heads of all associations—it is to that great regiment of toilers, the tillers of the field, the men of the mart and mine, so that all our people may have their part in this great patriotic revival.

QUEBEC BATTLEFIELDS

STIRRING APPEAL MADE TO ALL CANADIANS

ALL HAVE THEIR PART IN THIS HISTORIC REVIEW

"O fortress City, bathed by streams
Majestic as thy memories great."

These significant lines addressed by the duke of Argyll to our famous Canadian citadel, are a fitting introduction to this appeal to the Canadian and other peoples of the empire in behalf of a Quebec memorial.

Containing, as they do, the fundamental idea of Quebec's greatness and national importance; they answer positively the question: Why should the Canadian people and all citizens throughout the Empire participate in the dedication of the immortal Heights to the memory of those great souls French and British, who as discoverers, missionaries, statesmen, pioneers and soldiers were, in the truest sense, founders of Canada?

When his excellency lord Grey brought forward his splendid project for the preservation of our famous battlefields, he inaugurated a movement which will endear his memory to all our people. And when Canadians from the Atlantic to the Pacific and all children of the empire throughout the world understand the true significance of the work undertaken by the battlefields association, they will not only heartily endorse the scheme outlined, but they will men and women, old and young alike, desire to give their large or small contribution to the fund which is being raised for this patriotic object.

COMMERCIAL ORCHARDS

MAKING IT PAY BY ADOPTING MODERN METHODS

ROOM FOR IMPROVEMENT AND LESSONS TO LEARN

There is always room for improvement and lessons to learn. While young we often do not like to admit this, but as year after year we battle with the existing conditions we realize it to be true. From past 35 years' experience as a fruit buyer and packer, as well as a grower, I would say that the success of commercial orcharding depends on the proper management and a thorough understanding of existing conditions.

It is all important to know that location and soil are right, and that you plant the right commercial varieties suited to your location and soil, also to be near a good shipping point; if possible let the orchard join up to a shipping station, this will save much time and expense in moving the crops. I advise to sell the crop as soon as you get a reasonable offer, never hold for speculation, unless you are in postion as a dealer and know from past experience just what you may reasonably expect. Remember always that fruit is perishable. It matters not how fine and perfect your fruit is, it is only a question of weeks or months when, if not consumed, it will decay. Hence, I am in favor of selling just as soon as possible, and I never envy the profit a dealer makes, knowing the risk he has to assume. But above all else, whether you are a dealer or grower, pack your fruit honestly, always remembering that you cannot take better fruit out of a package than you put in.

Knowing that fruit, by its natural and unavoidable decay, will more or less depreciate, whether in or out of cold storage, it is evident that no package of fruit will open up as sound and perfect as the day it was packed; hence, an important part is the proper assorting and careful packing. If you have first class fruit, pack and mark it such; if you are in doubt, give the seconds the benefit of your doubt and pack them as seconds, but if you think they are not good seconds, then do not pack them at all, but work them up into cider, vinegar, jelly, dried fruit, etc. The trade will soon find out your packing, and if it is honestly done they will sell it. It is the poor fruit and dishonest packing that gluts our markets, depreciates prices and diminishes demands. With the present pure food law it is now profitable to work up to a good advantage at home all fruit which is below a good second, and you will save much less in packages, freight and commissions.

I have said that it is all important to plant the right commercial varieties, and in this we often have been disappointed and deceived by the nurserymen. But at this time, when we have so many good and responsible men in the nursery business, we can be reasonably sure of obtaining healthy and and true to name fruit trees. We should also be greatly benefitted by our state horticultural stations, with its staff of professors, which are maintained at considerable expense by the taxpayers, provided those professors and investigators do not give out information which they themselves only understand by theory. In other words, I want to say to those professors, be sure you are right, before you tell the orchardist and nurseryman what to do.

I know there has been much harm done by unrealiable nurserymen, but there has also been great injury done to nurserymen in many cases of incompetent and unfair inspection. I call to mind an incident which took place at the state horticultural meeting at Farmington in 1900. I took to said meeting several two-year-old apple trees which had some root knot. I wanted information. I was surprised that most of the experts advised me not to plant those trees, and one of them said that while there was no law to compel me to pull and burn all those trees forthwith, there ought to be such a law, because these root knots were capable, under favorable conditions of the weather, to send out millions of spores and thereby infect everything. I was willing to listen to reason, but this contention simply appeared to me silly, "education gone to seed."

My reply was, that will all due respect to the professor, inasmuch as these trees are my trees, grown in my private nursery, for my own use and planting, and for the further fact that from all appearance they were thrifty and healthy trees, I would plant them—and I did. Today these trees which were condemned by the professor at the Farmington meeting, occupy about 20 acres in our orchard, and are a beauty to behold; they are healthy and strong and ready to bear fruit.

I cite this incident to show how injurious it is to give wrong advice, and leads me to believe that nurseries have at times been unjustly handicapped and injured by incompetent inspection. As a fruit grower and taxpayer, I am interested in getting facts, not theories, hence I advise the professors and investigators to our stations to adopt David Crocket's motto, "Be sure you are right and then go ahead."

As to commercial orcharding, while many, perhaps most, of the large orchards have not proven as profitable as anticipated, it may in part be due to the fact that too much was expected, but the chief reason will be found in a failure to select the proper location, soil and varieties. However, I will add that my observations have convinced me that the small and medium-sized orchards have averaged, and always will average, better returns per acre, than the large orchards promoted by some company. I therefore recommend the planting of medium-size and family orchards, but be sure you have the right location, soil and varieties.—A paper read by C. C. Bell before the Missouri State Board of Horticulture.

Fruit Lands at Lemonton

Are you going to be one of the happy purchasers of the few blocks of this subdivision which still remain to be sold? The opportunity is still yours but not for long.

Get Busy

No better fruit soil in the province. No better buy anywhere. All the water you want. Railway station next to your door. Wagon road to good town, only five miles away. Blocks of eight to fifteen acres at $35 per acre.

Chapman & Sons

Box 771 Nelson, B. C.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our hearts, throats, feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Doctor Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 50 stamps. Address Dr. Pierce as above.

CHARGES ARE WITHDRAWN

Medicine Hat, May 4.—The charge of conspiracy to burn the residence of John Lehr was withdrawn against Jacob Reib, Jacob Merkel and five others of the sect known as the Dreamers. All were bound over in their own recognizances to keep the peace in the sum of $2000. The case against August Nooman was dismissed on the charge of arson and conspiracy and he was rearrested on a warrant for perjury in giving false evidence during the Dreamers' trial.

CANADIAN CARDINAL

Quebec, May 4—Further confirmation is declared on excellent authority to have been received from Rome of report of coming elevation of Mgr. Begin to the rank of cardinal.

FRUIT PROBLEMS

Boxes and Pickers in the Hood River District Season

Hood River, May 4.—The question of securing box material in which to market the fruit of the Lewiston-Clarkston section and the pickers and packers necessary to prepare the crop for market is now being considered by prominent fruit growers, who have presented the matter to the Commercial club.

The fruit crop of this section this year is estimated to amount to approximately 500 carloads, and 100 people will be employed in the picking and an additional 500 in the packing. General agent W. J. Jordan, of the Northern Pacific, has been asked to secure a reduced round trip rate from Spokane and Palouse points, so that people desiring to work during the fruit season can come to Lewiston at a minimum expense.

The question of box material is also considered a most important one and steps have already been taken to secure estimate from lumber companies on the amount of this material that will be available for this territory. Fruit men are also working to bring outside fruit buyers into the district, on the grounds that local concerns are not provided with the necessary facilities for handling all the crop.

LONDON AND BRIGHTON

VANDERBILT'S COACH STARTS ON ITS TRIPS

GREETED BY CROWDS IN BOTH ENGLISH CITIES

London, May 4.—With a blare of trumpets and wild cheering from the assembled crowds, Alfred G. Vanderbilt's coach, the Venture, started on its first trip to Brighton this morning. Every seat in the big coach was occupied and the seats are booked for many trips to come. A great mob gathered to witness the start and applaud lustily the American millionaire when he made his appearance. Laughing gleefully, the favored passengers who secured the coveted places for the first trip piled into the coach, the driver cracked his whip, Walter Godden, the well known guard, tooted the coach horn in a musical manner, and the coach was off.

Seventy-one coach horses have been brought to England by Mr. Vanderbilt for his coaching venture, which will last six weeks. He hopes to prove to the English horsemen and general public the utility of American trotters for coaching purposes. The trotter at present is generally despised in England. Each day the Vanderbilt coach will travel a route 52 miles long.

Schedule time for Goodman's famous coach, from Brighton to London, 52 miles, was five hours. It is presumed in some quarters that is the time Mr. Vanderbilt means to improve on. It would be impossible to break Selby's record daily. Selby's record was the result of a bet made at Ascot in 1888 that the journey from London to Brighton and back could not be done in eight hours.

The Venture will be a democratic coach, inasmuch as anyone who pays $3.60 can buy a seat upon it, and 60 cents more will secure the box seat. These are the prices charged in the old coaching days for the trip to Brighton.

When questioned today about his plans for the future, Mr. Vanderbilt said: "I cannot say now whether or not I shall repeat my coaching campaign next year, though having taken a flat in London on a long lease, I shall probably spend a portion of every year in England."

The famous guard, Walter Godden, has been engaged for the Venture coach, and his musical efforts will be a feature of the Brighton trip. Godden performs on the key-bugle as well as the coach horn and will use both instruments. He possesses an old coaching key-bugle which was used more than a century ago. Godden, by the way, is a poet as well as a musician. He has written a rhymed toast to the Venture, and has set it to music as "The Venture Calf."

Brighton, May 4.—Mr. Vanderbilt, driving the Venture coach, arrived here promptly on schedule time. A great crowd turned out in Brighton to welcome the American driver. The first part of the journey was in bright sunshine. The stopping places, Malda, Riegate and Crawley, were gaily decorated in honor of the passage of the coach. The last stage of the journey was through heavy mists and Brighton was enveloped in fog when Mr. Vanderbilt arrived.

LITTLE GLADYS ELLIOTT.

HEAD, ARMS AND LEGS COVERED WITH ECZEMA

Mrs. L. Elliott, of 41 Henry St., St. Catharines, Ont., says: "My little daughter Gladys, 4 years of age, was badly troubled from infancy with eczema on the back of her head, under her hair, the joints of her arms and on the back of her legs. This terrible disease first broke out on the side of her head in the form of a red rash and pimples which, if rubbed or scratched sent forth a watery substance, and which later spread to the back of her head, joints of her arms and back of limbs. This proved a rather obstinate case and the child suffered intensely from itching and pain and was very restless and peevish. We tried all kinds of preparations, soaps, etc., but failed to bring about a cure. At last a friend who had been using Zam-Buk for small sores and wounds gave me a portion of her box to try. This seemed so good and showed such an improvement so I bought a supply, and thro' perseverance in using, the disease was soon checked and finally cured. I feel very grateful for the cure Zam-Buk has brought about."

Zam-Buk Cures cuts, burns, chapped hands, cold sores, it. h, ulcers, eczema, running sores, catarrh, piles, bad legs, abscesses and all diseases of the skin. Of all druggists and stores, 50c., or post paid upon receipt of price from Zam-Buk Co., Toronto. Good also for rheumatism, neuralgia, etc., when well rubbed in.

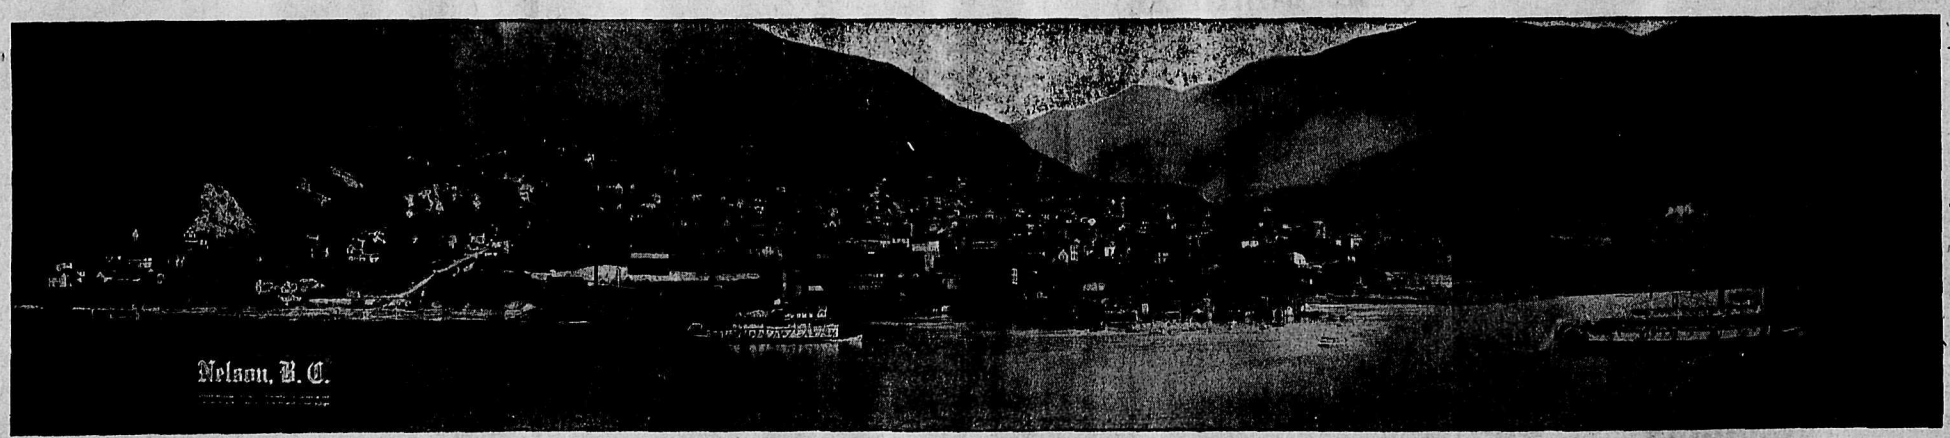
THE HOME CITY OF THE DAILY NEWS



NICE PLACE, ISN'T IT? ALWAYS ROOM FOR MORE ENTERPRISING CITIZENS

SOME FACTS ABOUT NELSON, B. C.

NELSON, the capital city of the Kootenays, situated on the West Arm of Kootenay Lake, is the commercial and judicial center of Southeastern British Columbia, and is a clean, prosperous, healthy city with a population of between six and seven thousand people.

Nelson is the trading center of one of the finest fruit growing districts in British Columbia.

The mining and smelting industries of the Kootenays are equal to the best, and Nelson gets a large share of the business connected therewith.

Nelson is the most important manufacturing and industrial center in the Kootenays.

Nelson has lacrosse and hockey, tennis, cricket, football, baseball, rowing, launching and shooting clubs, and the citizens go in for all outdoor sports, while the fishing is superb, and second to none in British Columbia.

Nelson has six churches, a Salvation Army citadel; public and high schools, private schools and kindergartens.

Nelson is the wholesale center of Southeastern British Columbia.

Nelson has four chartered banks; and the best general stores between Calgary and Vancouver.

The postal revenue of the Nelson post office is over $21,000 annually, making Nelson rank as the third city in British Columbia.

Nelson has the best hotels in the interior of British Columbia.

Nelson owns and operates its own electric light and power plant, having, during the past year, completed at a cost of about $250,000 a hydro-electric plant on Kootenay river, nine miles below Nelson, and at present have installed one unit with a capacity of 1250 horse power, but have made provision for the developing 6000 h. p. when needed. Incidentally, Nelson is the best lighted city in British Columbia.

Nelson has leased and operates two decimal five miles of street railway.

Nelson owns and operates its waterworks system, and has fifteen miles of water mains.

Nelson has eighteen miles of sidewalks.

Nelson has ten miles of sewers and on account of the gradual slope the drainage is perfect.

Nelson has a paid fire department, with a central hall and three sub-stations, with the Gamewell fire alarm system installed.

And with these Nelson has scenic attractions which make it the best residential city in British Columbia today.

The Daily News has a telegraph service equal, if not better, than any paper published in British Columbia. Maintains special correspondents at all important points in Canada and contains the announcements of representative city manufacturing firms, merchants and real estate firms of the city.

NELSON NEWS OF THE DAY

The thermometer yesterday varied between 36 and 66 and on Sunday between 46 and 61.

Rev. J. T. Ferguson left last night for Vancouver to attend the meeting of the Presbyterian synod in that city.

H. G. Goodeve, who is greatly benefitted by his recent trip, is once more back at work in the Ashdown Hardware company's office.

The customs returns for the past month of April were $34,952.30 as against $23,066.23 for the same month in 1907, showing an increase of over 50 per cent.

George Miller, Jr., manager of the Nelson Coke and Gas company, returned on the Crow boat last evening from a short visit to Toronto, much improved in health.

J. W. Whiteley returned last night from Rossland where on Saturday night he instituted a preceptory of the Royal Black Knights of Ireland, with a membership of 39.

There are ten cases coming up before the supreme court assizes this morning at 11 o'clock before Mr. justice Clement. There are only three criminal cases, those of Jackson, Glaser and Sexton, the first being a charge of attempted murder and the others theft. The case of Jackson was brought up here before police magistrate Crease on Dec. 17 last and was by him committed for trial. The whole sittings is likely to last for the next week.

A party of Great Northern officials reached the city on Sunday morning by special train. In the party were J. M. Gruber, St. Paul, general manager; E. L. Brown, Spokane, general superintendent western lines; R. C. Morgan, superintendent of the S. F. and N.; A. Gray, Seattle and P. H. Burnham, district agent, Grand Forks. The party embarked on the Kaslo, went over the K. and S. line and later returned south.

G. P. Wells has guaranteed a house for the Louise Henry concert company who are to appear here on May 19. Miss Brehany is well known as one of the best sopranos on this continent and her support are almost equally well known.

News was received yesterday at the Standard Furniture company that the wife of F. Hurry, formerly a dairyman of this city, but now of Creston, who had a serious illness, had expired. The remains will be brought here for interment.

The C.P.R. has published an official circular letter announcing the opening of the Toronto-Sudbury line on June 15. It is expected that from four to seven hours will be cut off the present time and an endeavor will be made to make the distance between Toronto and Winnipeg in 40 hours.

There will be a meeting of the executive of the associated boards of trade this evening at the publicity bureau at 8 o'clock, in order to discuss the attitude taken by the lumbermen of this section with regard to the proposed enforcement by the dominion government of the forestry laws.

H. C. Bullis, who has been in charge for the Allis-Chalmers-Bullock company in the construction of the city power plant since its inception, is leaving for Minneapolis this morning. Mr. Bullis is greatly interested in the Kootenay and expects to return within the next few weeks. The immediate object of his journey east besides the affairs of the power plant, is the birth of his first born child.

At the young people's society meeting this evening in St. Paul's church hall at 8 o'clock, C. M. Fraser, principal of the high school will deliver a lecture dealing with Color in Plants and Animals, and all members and friends are cordially invited to attend on this occasion.

NOTICE

NOTICE is hereby given that all persons having claims against the estate of Henry Sheran, late of Silverton, B.C., who died January 11, 1908, are required to deliver or send by post to the undersigned solicitors for the administratrix of said estate their names and addresses and particulars of their claims and nature of their securities, if any. And take notice that after the 20th day of May, 1908 the administratrix will proceed to distribute the assets of the said estate among the persons entitled thereto, having regard only to the claims of which she shall then have received notice, and that she will not be liable as such administratrix, to any person of whose claim she shall not then have received notice..

Dated at Nelson, this 27th day of April, A.D., 1908.

TAYLOR & O'SHEA,
Nelson, B.C.
Solicitors for Elvira May Sheran, Administratrix of Said Estate.

NOTICE TO CREDITORS

IN THE SUPREME COURT OF BRITISH COLUMBIA

In the Matter of the Estate and Effects of Charles C. Clark (deceased.)

NOTICE is hereby given that all creditors and others having claims against the estate of the said Charles C. Clark, deceased, who died at Nelson, British Columbia, on the 13th day of September, A.D., 1907, are required on or before the 10th day of May next to send by post, prepaid, or deliver to the undersigned, their Christian and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts and the nature of the securities (if any) held by them:

And Further Take Notice that after such last mentioned date the administrator will proceed to distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which he shall then have notice, and that the said administrator will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by him at the time of such distribution.

Dated at Nelson, B.C., this 10th day of April, A.D., 1908.

302-26 TAYLOR & O'SHEA,
Solicitors for the Administrator, Edward B. McDermid.

Synopsis of Canadian Homestead Regulation

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is ituate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

NOTICE OF APPLICATION FOR RENEWAL OF LIQUOR LICENSE

TAKE NOTICE that I, John Marshall of Kitchener intend applying to the Superintendent of Provincial Police at the expiration of one month from date hereof, for renewal of my hotel license for the premises known as the Marshall hotel at Kitchener.

Dated at Kitchener, April 29, 1908.

7-30d JOHN MARSHALL.

NOTICE OF TRANSFER OF LICENSE

Notice is hereby given that I intend to apply to the Board of License Commissioners for the City of Nelson at their next meeting held thirty days after date hereof, for a transfer of the retail license now held by me for the Strathcona hotel, situate on Lots 8, 9, 10, 11, 12, in Block 13, Nelson, B.C., to the Strathcona Hotel Company.

J. C. BONNEAU,
Per Atty. Jerry Bonneau.
Dated this 11th day of March A.D., 1908.

BAD ATTACK OF DYSENTERY CURED

"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the west. He was told that I kept it in stock and lost no time in obtaining it and was promptly cured," says M. J. Leach, druggist of Wellcott, Vt. For sale by all druggists and dealers.

Try it—$4.50 per cord delivered. Finest kindling in the city. Sold at the Shingle mill. 6-tf

The person who has once experienced the pleasure of a cup of delicious Salada Tea—that feeling of satisfaction that its purity and flavor guarantee is not easily persuaded to accept a substitute.

If you want any building or repair work, Phone A172 and estimates on contracts or jobbing will be cheerfully furnished by McDonald and Williams. Shop, Front and Ward Sts., opposite court house. P.O. Box 367. 271-tf

WHOOPING COUGH

"In February our daughter had the whooping cough. Mr. Lane of Hartland, recommended Chamberlain's Cough Remedy and said it gave his customers the best of satisfaction. We found it as he said and can recommend it to anyone having children troubled with whooping cough," says Mrs. A. Goss of Durand, Mich. For sale by all druggists and dealers.

NOTICE OF APPLICATION FOR RENEWAL OF LIQUOR LICENSE

I, G. T. Snow, of Procter, B.C. hereby give notice that I intend, one month after publication of this notice to apply to the Superintendent of Provincial Police for a renewal of my retail liquor license on the premises known as the Outlet Hotel, situate at Procter, B.C.

My postoffice address is Procter, B.C.

The name and address of the owner of the premises for which the renewal of license is proposed are, G. T. Snow, Procter, B.C.

Dated this 1st day of May, 1908.

6-30 G. T. SNOW.

Ten Acre Blocks of Fine Rich Fruit Land

With river and railroad frontage, situated close to Slocan Junction, 35 minutes ride from Nelson. These lots are practically cleared now and can with very little work be put in shape for plowing. They contain fine level land, almost free from stone, only one-quarter of a mile from railroad platform—four passenger trains and wayfreight daily.

We recommend these blocks as being particularly choice in quality; they will stand close inspection; the exposure is excellent.

Free Inspection Given to Intending Purchasers

You leave Nelson on the 9:45 A. M. train, have plenty of time to see these lots and be back to the city again by 12 Noon. See plan in our window.

Price $75.00 Per Acre

Terms arranged to suit purchaser. Mail orders receive prompt and careful attention.

TOYE & COMPANY, Real Estate Nelson, B. C. Box 51, Phone 254

Fruit Land for Sale on Easy Terms

The following FOUR MILES EAST OF NELSON on North Side of LAKE, adjoining the Shannon Ranch on the west. EACH BLOCK HAS LARGE LAKE FRONT, is well watered, and good land. The last available good land near Nelson on Lake Front:

1. Block "F," containing ..... 9.20 acres
2. Block "G," containing ..... 12 acres
3. Block "H," containing ..... 9 acres
4. Block "I," containing ..... 11 acres

5. ALSO 314 ACRES, partly improved, good new log house, good wagon road; one and three-quarter miles from Slocan City, IN SLOCAN CITY SCHOOL DISTRICT. West side Slocan River. Some meadow and good land.

Any agent closing sale with owner as to any of these blocks will be allowed five per cent commission. Apply to

S. S. Taylor, Nelson, B. C., Owner

For Sale, 24 Lots

One whole block, cleared, free from rock and ready for cultivation. Fence posts on ground. A splendid speculation, as this land lies in the centre of a rapidly growing district. If sold at $100 each there would be a big profit. Lots all level. A beautiful building site. Price for quick sale $1400. Half cash, balance to suit purchaser.

PLANTING FRUIT TREES

WORK IS NOW IN FULL SWING AT HARROP

GETTING READY TO START THE JAM FACTORY

(Special to The Daily News.)

Harrop, May 4.—Everything is now in readiness for the season's work in this district. Several hundred fruit trees have already been planted and several hundred more are on order and will be set out immediately on their arrival.

Among the new settlers who arrived here last week are W. C. Hill, wife and son, of Winnipeg. Mr. Hill is making arrangements for the erection of a residence on his property here, making this their permanent home.

The Kootenay Jam Co. has completed the clearing of the site for the cannery here and will commence construction of the buildings this week.

The school here opened last week under the supervision of Miss Sinclair, with an average attendance of 12 pupils. The number will be greatly increased as the season advances.

Night is made day here just now by the number of fires which are being kept burning continuously in the clearing of land.

A. T. Davies has the contract for the clearing of six acres for W. Rutherford and is pushing the work ahead at a good pace.

Fred Garner has returned from Calgary, where he spent six weeks with relatives.

J. Allan's house is now nearing completion.

T. Greenwood last week planted 800 apple trees on his ranch here. Mr. Greenwood now has 3000 trees set out, many of which are in bearing.

Several good catches of fish have been made in this district recently and a keener interest is now being taken in the sport.

It is understood that an athletic club will be organized in this district in the near future.

THE MODERN STRENGTH CREATOR AND BODY BUILDER

Many people right here in this vicinity are all run down and hardly able to drag about—don't know what ails them.

In 99 cases out of 100 this is caused by *overwork, too close confinement or continued* strain and worry.

Our local druggist, Wm. Rutherford says "Such people need Vinol, our cod liver oil preparation without oil, which contains in a highly concentrated form all of the medicinal and strength creating elements of cod liver oil actually taken from fresh cods' livers, but from which the useless oil has *been eliminated and tonic iron added.*"

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood and strengthens every organ in the body.

We ask every man, woman and child in this vicinity who is run down, tired and debilitated to try Vinol on our offer to return money if it fails. Wm. Rutherford, druggist, Nelson.

NO MORE RHEUMATISM

"FRUIT-A-TIVES" CURED HIM

Christopher D. Graham is a well known citizen of Ottawa—formerly in the City Hall and largely instrumental in forming the Ottawa Hunt Club. Mr. Graham's *voluntary testimonial* as to the great benefit he received from taking "Fruit-a-tives" will carry conviction.

Ottawa, Ont. Nov. 26th, 1907.

Dear Sirs:—

I have been a sufferer from Rheumatism *for a long time—pains in my* shoulder and joints practically all the time. I tried various treatments without benefit and then I was recommended by a friend to try "Fruit-a-tives." I took several boxes of the tablets and now, for a long time, I have been entirely free from all rheumatism and rheumatic pains.

I wish to state, also, that I suffered from haemorrhoids, or piles, for years, I used all kinds of ointments and treatment and nothing did me any good, but after taking "Fruit-a-tives" for my rheumatism I am entirely cured of these *dreadful piles.* (Sgd) C. D. GRAHAM.

149

"Fruit-a-tives"—or "Fruit Liver Tablets" are sold by dealers at 50c a box—6 for $2.50—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

NEW BRUNSWICK CRIME

GOVERNMENT OFFICIAL COMMITS SUICIDE

HAD BEEN THIRTY YEARS IN THE PROVINCE'S SERVICE

Fredericton, May 4—W. R. Flewelling, deputy surveyor general of New Brunswick, committed suicide by shooting himself in the mouth and breast in the basement of the departmental buildings this afternoon. No cause is known for the act, as Mr. Flewelling was apparently a man of quiet habits.

The audit of the provincial accounts was to have been begun tomorrow and Mr. Flewelling, late today, asked the auditor, Mr. Dunlop, to postpone it for a day because of the absence of the chief game commissioner of this city.

The suicide left a letter addressed to Premier Hazen which was handed to that gentleman in the legislature tonight. He opened it immediately and hastily left the house and conferred with the lieutenant governor and the cabinet. None of the gentlemen would reveal the contents of the letter. Flewelling had been an employee of the governmnt for over 30 years and was a son of the late W. H. Flewelling.

PLEASING PRESENTATION

Address and Purse Presented to the Rev. Father Althoff Last Evening

Rev. Father Althoff leaves this morning on a six months' vacation trip to Europe, going to his old home in Holland to visit his parents.

At the afternoon school at St. Joseph's convent, and address from the children was presented to the priest, who made a kindly reply.

In the evening there was a large gathering of parishioners and some outsiders in the school room at St. Joseph's. T. J. Scanlan took the chair and W. P. Tierney on behalf of the congregation of the church of Mary Immaculate and of some other friends of Father Althoff, read a beautifully illuminated address, in which the good wishes of his flock were conveyed to the reverend gentleman. At the close of the address Mr. Tierney handed a well filled purse to the beloved priest.

Mayor Taylor was to have been present, but was prevented by the meeting of the city council. Blake Wilson and E. A. Crease were present and the latter in a happy little speech told of the good work done by Father Althoff as viewed by those outside of his congregation. E. F. Gigot and fire chief Deasy also made short speeches, and little Tom Madden, on behalf of the altar boys, presented an address.

Rev. Father Althoff replied feelingly and in very happy and well chosen words alluded especially to the good feeling and kindly interest taken by Protestants, and th proceedings came to a close.

It is worthy of note that about five years ago when Father Althoff arrived here to take up his duties, there was a debt on the church of some $7000, which is now completely paid off.

During Rev. Father Althoff's absence in Europe his place will be taken here by Rev. Father Verbeke, a well known priest of Victoria, who is now in the city.

FOR QUEBEC CELEBRATION

Ottawa, May 4—About 170 officers and men will constitute the composite regiment for the Quebec tercentenary celebration from the three western military districts, with headquarters at Winnipeg, Calgary and Victoria respectively. Owing to the great cost of transportation, etc., the militia department has found it inadvisable to bring a larger contingent from the Winnipeg district. The force will be about 110 men, while from the other two districts about 30 men each will come.

VICTORIA DEFEATS SEATTLE

Victoria, May 4—The ladies chosen to represent the Victoria gold club in their match with the ladies of Seattle defeated the latter in every instance on the local links today. The ladies golf team meets a ladies' team from Tacoma tomorrow. Wednesday the northwest golf tournament commences, the drawings for the first events in which will be made tomorrow evening. Over 200 golfers are in the city from a distance to attend.

THE MURCUTT LECTURE

Large Audience and a Capital Address Given Last Evening

At the Methodist church last night a crowded audience gathered to hear the first of a series of lectures being delivered this week by Miss Ada Murcutt of Australia, who is visiting Nelson under the auspices of the W.C.T.U. Miss Murcutt is making a tour of British Columbia in the interests of the local option movement. The chair was occupied by Rev. Mr. Frith, pastor of the Baptist church and the lecture was preceded by a solo sung by Miss Patrick.

Miss Murcutt's subject was "Japan and the Japanese." Her description of the national customs and her analyses of the national traits of the mikado's subjects were brilliant in the extreme and all the way through she held spellbound what was probably the largest audience that ever gathered to hear a lecturer in Nelson. Amongst other things Miss Murcutt made some very sensible observations on the Asiatic exclusion question and placed herself unreservedly on the side of restricted immigration. Referring to an unfortunate remark given currency in the east by a divine who recently visited Nelson, she said: "I don't believe that the Kootenay is the black spot of B.C." and with this she brought down the house. Tonight Miss Murcutt lectures on "New Zealand."

SKIPPED THE COUNTRY

Fielding, Sask., May 4—A warrant has been issued for the arrest of Henry Sterinberg, accused of the murder of his wife near here. It is alleged that he poisoned her and then skipped the country. Sterinberg was formerly a scenic painter and clay moulder of Boston, who claimed he brought his wife to western Canada for her health. He is now said to be living with another woman in Cincinnati.

PROGRAM AT OTTAWA

Ottawa, May 4—It is announced that Aylesworth's election bill will be taken up in the commons this week and that the new civil service bill will be taken up next week. The deputy minister of labor has completed his report for presentation to the government, of his mission to London, regarding the restriction of Hindu immigration into Canada. The report may be brought down in the house tomorrow.

FLOODS AT OTTAWA

Ottawa, May 4.—Twenty houses are surrounded by a good depth of water at Gatineau Point today, owing to the great rise of the Ottawa river. Chaudiere falls have almost disappeared in the volume of water.

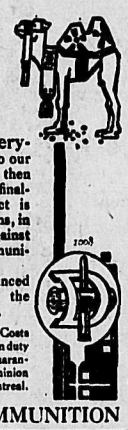
NO EVIDENCE TO CONNECT

Easton, Pa., May 4.—Henry Smith and his wife, parents of Irene Smith, the little girl who was strangled to death by Robert Bachman while in a religious frenzy at Nazareth last Monday night, were released from the Northampton county prison today upon the order of judge Scott, who held there was no evidence to connect them with the death of the child. Mrs. Bachman also was released on the same grounds. The Smiths and Mrs. Bachman were held in $3000 bail, however, to appear as witnesses against Bachman when he is called for trial.

STRIKE OF MINERS

Santiago, Cuba, May 4.—A strike of miners employed by the Juragua Iron company has been put down by the rural guards. Three hundred of the miners marching under the red flag a few days ago distributed hand bills commemorating the death of the Chicago anarchists. The company succeded in breaking up the parade and discharged the leaders. Agitators then started immediately to organize a strike, in which they were only partly successful. Yesterday a force or rural guards, numbering 150, under command of major Machada was ordered from here to the mines, arriving there at daylight. Eenergetic measures were adopted and the loyal miners are now working under the protection of the police, the strike apparently being broken.

The Needle's Eye



We first test everything which enters into our cartridges and shells, then test at various stages; finally the finished product is shot under all conditions, in all makes of arms, against all other makes of ammunition.

Our tests are pronounced by European experts the finest in use anywhere.

For all makes of arms. Costs one-third to one-fifth less than duty paying ammunition. Our guarantee puts all risk on the Dominion Cartridge Co., Ltd., Montreal.

NELSON NEWS OF THE DAY

There will be a dance given at the rink this evening.

The Bartlett house challenges the town to play a game of quoits on May 25 next for $20.

The librarian of the city library acknowledges with thanks the gift of "The Weavers," by Gilbert Parker, presented by W. Harvey.

Nelson lodge No. 59 I.O.G.T. will meet tomorrow evening at 7 o'clock and will proceed to the Methodist church in regalia for a special service.

George Bartlett leaves in the morning for the Slocan to look over his property, the Dunlea of which very favorable reports have recently been received.

Yet another of Harry Gibson's $5 prizes was won yesterday. This time Mrs. Dunlap by a score of 148. The prize is now open to any lady beating Miss Patrick's score of 164.

A meeting of the executive of the liberal conservative association will be held this evening at 5 o'clock in the office of Messrs. Lennie and Wragge. A full attendance is requested.

The first game of the season played by the Nelson association football club will probably be on Empire day, when a match with Spokane or a first class Crow team may be arranged.

Queen City Rebekah lodge No. 16 I.O.O.F. will confer the initiation degree at their regular meeting this evening. Nomination of officers for the ensuing term will also take place. A full attendance of the officers and members is requested.

George Agnew, the well known Rossland grocer, spent yesterday in this city on business, returning home last evening. Mr. Agnew says that business generally in the Golden City is on the up turn and prospects for a good summer are exceedingly good.

The board of school trustees met yesterday afternoon to consider the tenders for grading the school grounds preparatory to building. After going over the several tenders submitted the trustees visited the school grounds and went over the figures on the spot and finally decided to take no action in the matter for the present.

J. B. Winlaw was summoned before W. H. Bullock-Webster last evening charged with committing an assault on Peter Schomberg, postmaster at Perry siding on Saturday night. Winlaw was committed for trial and the case will come up at the assizes which open this morning. It is said that the accused claims the assault was committed in self defense. W. A. Macdonald, K.C., appeared for the private prosecutor and S. S. Taylor, K.C., for the defense.

THE MOST COMMON CAUSE OF SUFFERING

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost; 25 and 50 cent sizes for sale by all druggists and dealers.

NEWS OF BOUNDARY

Log Drives on Kettle River—Real Estate Deals at Grand Forks

(Special to The Daily News)

Grand Forks, May 4—Very slow progress is at present being made with the log drives on the north and south forks of the Kettle river. It is claimed that the Yale-Columbia Lumber company has one drive on the north fork of a million feet and another on the south fork of five million feet and that B. LeQuimme has a million foot drive also on the north fork. Big log jams on the north fork are delaying the progress of driving of the logs very much as it took the Yale-Columbia Lumber company ten days to make a distance of two miles. It is not expected that this drive will reach Cascade for three weeks yet. At present it is located some ten miles from Grand Forks on the north fork.

At a recent meeting of the Grand Forks volunteer fire department, A. E. Savage was re-elected fire chief; W. Stewart was elected assistant chief, and P. Donaldson and J. L. Meikle were elected treasurer and secretary respectively.

Among the important real estate deals closed here during the past week was the purchase of the property and business of the C.P.R. hotel in West Grand Forks by P. Donaldson, also the purchase of the residence of Mrs. DuFour in the west end by W. Gallipeau. In addition to these, several sales of fruit lands in the valley have been closed which has put in circulation several thousand dollars.

A prominent mining man returning today from a week's careful inspection of Hardy mountain says that one showing of mineral on this mountain extends for some 3000 feet and is from 150 to 200 feet in width. On this showing the surface ore assays $7 in gold and copper. This lead passes through mineral claims the value of which is utterly unknown to the public. Hardy mountain camp is only four miles west of Grand Forks.

FERNIE HAPPENINGS

(Special to The Daily News)

Fernie, May 2—Industrial conditions in the Pass, though not in as flourishing a condition as might be desired, nevertheless are showing a slight and hopeful tendency towards improvement. At the Coal Creek mines there are still a considerable number of men out of employment but at the Michel colliery it is probable that the company will this week have places for many of the miners who unfortunately have lately been idle and the payroll at that place will be materially increased. Great activity prevails at Hosmer, where the Pacific Coal company is busily engaged in the construction of their plant and development of the mines, and where the erection of numerous houses and stores is rapidly being carried on. The building trade in Fernie is also in a healthy condition, there being enough contracts in sight at the present time to keep the trade fully occupied till the fall and there is a strong probability that the government will improve this already satisfactory state of affairs by commencing the erection of the armory for the Kootenay Rifles, which have been so long promised. Altogether the prospects for the summer season are decidedly bright

The streets of the town were illuminated with electric light last night for the first time and was a decided improvement. The system has been installed since last fall but it is only recently that an agreement has been arrived at between the city and the Coal company, who own the plant that supplies the power. There are not yet a sufficient number of lights, especially on the side streets, but it is only a matter of a short time before Fernie will be one of the best lighted cities in the interior.

CANADIAN FOOTBALLERS

Team Will go to London in Fall—Survey Party for Alaska

Vancouver, May 4—George A. Parker who was asked by the Canadian Olympic committee to report on the question of sending a Canadian football team to the games in London, left for the east today. He stated that a team will be sent made up of six players from British Columbia, four from Alberta and Manitoba and the remainder from the east. Fourteen players and a manager will go. The team will start out from Winnipeg in September, playing a number of exhibition games before embarking for England. Mr. Parker announced before leaving that the next competition for the People's Shield will be held at Calgary next year.

Sir Robert Borwick is a visitor in Vancouver today. Sir Robert has just returned from a three weeks' pleasure trip to Japan having passed through Canada for the first time on the Overseas mail. He is returning to London by easy stages but intends to first enjoy a few days fishing at Campbell river.

A dominion government party in connection with the Alaskan boundary survey will go north tonight on the steamer Princess May. It comprises 18 members and will be in charge of J. D. Craig of Ottawa, who arrived here a few days ago. His assistant is J. M. Bates of the interior department, who will duplicate last season's work on the Bradfield river, made necessary owing to the loss of the photographic records in a thrilling boating accident. The entire party will ascend the Stickine river from Fort Wrangel. They will be followed in a few days by the other Canadian survey parties which will spend the summer delimiting the frontier between Alaska and the British possessions.

It is unlikely that the New York brewery will be rebuilt, as the fire practically destroyed all the plant; but in the event of another brewery being built a new site would probably be chosen. In the meantime what little beer was saved is being shipped away, although, needless to say, many contracts will have to remain unfilled.

The K. & S. railway still shows unmistakable signs of its recent disasters. Four of the large snowslides have yet to be tackled, although many laborers have been at work. Bridge gangs are rushing work on the broken bridges but their task being a big one will take time.

Messrs. R. C. Morgan, superintendent of the S. F. & N. railway; J. M. Gruber, general manager of the Great Northern; E. L. Brown, general superintendent of the Great Northern (western division); P. H. Walsh, superintendent of the K. R. & N. railway, and P. H. Burnam, district freight and passenger agent, of Grand Forks, thoroughly inspected the K. & S. track on Sunday. Arriving on Sunday morning they made several trips between Sandon and this side of the Whitewater. The result of the inspection is not yet known although it is rumored in town that in the near future a tri-weekly service will take the place of the daily service now scheduled.

SANDON SLIDES

City in Darkness—Damage to K. & S. Line—Other Notes

(Special to The Daily News)

Sandon, May 4.—Sandon as well as Nelson has had a fire and now the lights are cut off. A large snowslide was responsible for the second disaster. This snowslide in its headlong rush down the hill broke away some cribbing which was protecting the waterpipe which runs between the reservoir and the power station. The waterpipe, of course, had to go too, with the result that the city has been in darkness for the last two nights. The damage is being repaired as quickly as possible and it is hoped that by tonight enough power will have been generated to at least partially light the city.
