RUPERT NEWS

Total Loss of the Steamer Caledonia

POPULATION INCREASING

TOWNSITE IS NOW BEING GRADED —REAL ESTATE IS TAKING A JUMP—PREEMPTIONS OF LAND UPON PORCHER ISLAND—GENERAL NOTES.

PRINCE RUPERT, June 27.—The well *known river boat Caledonia* was wrecked last evening about 8 o'clock. It seems that the Caledonia was in the act of landing at contractor McHugh's railway camp when she struck a rock and began filling with water. As there were quite a number of passengers on board the small boats were lowered and the people were brought to land. The Caledonia was heavily loaded with a cargo of about 50 tons of provisions for the various camps. Most of this cargo was saved, but some of it had to be committed to the salt water. The cause of the wreck was the fact that this boat was making her maiden trip to Mc Hugh's camp and was not familiar with the *rocky portions of the route, and added* to this, the Caledonia is reported to be an old boat, and quite unfit for the navigating of dangerous rivers such as the Skeena. The Caledonia was owned by Foley, Welsh & Stewart, who some few weeks ago paid $15,000 for the boat.

The Munroe-Gilmore hotel, which has just been christened the Premier, will be ready to accommodate the public in a few days' time. This hotel is situated about two blocks above the harbor and possesses an ideal view of the bay. The Premier hotel has accommodation for 100 guests; it is three storys high and has all modern conveniences. The furniture which has been placed in this *hotel measured 86 tons. The Premier* hotel is the first hotel in Prince Rupert and will be opened the first week in July. This hotel and furniture represents an expenditure of over $20,000.

It is reported that the grading of the townsite of Prince Rupert will begin at once and that it will cost over $1,000,000. On this work several hundred men will find employment, and it is expected that the wages will not be less than $3 per day. The work of grading the streets and levelling the hills will occupy fully two years' time and will be a veritable bonanza for the working men who are now waiting in all the coast cities in hundreds just for the *grading of Prince Rupert townsite to* start.

Harbor engineer Bacon and a party of land surveyors, as well as some prominent officials of the lands and works department, will arrive here tomorrow on the S. S. Comuson. It is stated that immediately after the arrival of this party the work of surveying the townsite will be proceeded with. It is also understood that all possible despatch will be used in the survey work and that the final survey of Prince Rupert township will be fully completed in two months' time, so that the lots can be placed on the market by September 30 next. Prospective buyers of Prince Ru*pert real estate are no warriving here* at the rate of 300 a week and it is fully expected that by the end of August this northern sea port will have a population of at least 2000.

While Prince Rupert now has a population of over 1000 its mail service is very bad. It seems that for certain reasons the various ships arrange matters so that they arrive and depart from Prince Rupert all within a few hours of each other. From Saturday to the following Monday of each week there are often three mails leaving Prince Rupert for Vancouver and none the remainder of the week. It is stated that the various steamboats are very eager to se*cure every available passenger*, and this is the real reason that the time of their arrival and departure at the northern seaport are so very near to each other.

Porcher island, located some 20 miles from Prince Rupert by water, is attracting a good deal of attention just now for the opportunities it affords people to pre-empt land. Parties who have recently located fine farms on the beach at Porcher *island state that this island* is nearly 30 miles square and that while most of it is mountainous, there are many fine patches of land on the beach which are ideal locations. About six feet of good soil is found on Porcher island and then the rock bottom, so *prevalent* in these parts, is found in many localities.

THRILLING ESCAPE

American Poaching Vessel Gets Away From Canadian Official

Alpena, Mich., July 1—The fishing tug R. T. Roy of this city, which was seized last Thursday by Canadian fisheries officer E. S. Duncan, while alleged to be fishing in Canadian waters, arrived here today after a thrilling escape from the Canadian officials.

The tug, after the seizure, was first taken to South bay, Manitoulin island and the crew there placed under arrest. On Monday officer Duncan started for *Sault Ste Marie with the tug Endress* towing the Roy. Late that night the Roy went aground on Fox island. The Canadians could not release her and left her to secure a larger tug. Capt. Geo. Whitton and the American crew of the Roy immediately set to work shifting ballast and succeeded in working the tug off the reef and started for American waters, arriving here today after a stop *at Detour for coal and supplies.* Capt. Whitton denies that he was fishing in Canadian waters. Officer Duncan left all of his effects and papers on the Roy and they are now in Chicago in charge of the U.S. custom officers.

Orchard's Sentence

BOISE, July 1—The state board of pardons today commuted the sentence of Harry Orchard who was under sentence to hang next Friday for the murder of former governor Frank Steunenburg, to *imprisonment for life.*

OFFICIAL PROGRAMME

ORDER OF THE VARIOUS EVENTS OF THE DAY

LIST AS PREPARED BY THE CELEBRATION COMMITTEE

PROVINCIAL LIBRARY

9:00 a. m.—Trap shooting on Gun club grounds, for which a special program has been issued.

10:00 a. m.—Intermediate baseball, baseball, Nelson vs. Trail.

10:00 a.m.—100 yard dash. First prize $10, second $5.

10:20 a m.—Hurdle race. First $10, second $5.

10:40 a.m.—220 yard hurdle. First *$10, second $5.*

11:10 a.m.—Pole vault. First $7, second $3.

11:30 a.m.—High jump. First $7, second $3.

11:50 a. m.—Broad jump. First $7, second $3.

1:15 p. m.—Kilties parade to Recreation grounds.

1:30 p. m.—Baseball, Kilties vs. Nelson.

1:45 p. m.—Horse race—Open to all comers. First prize $65, second $25, third $15. First heat.

2:00 p. m.—Horse race. Second heat.

2:30 p. m.—Horse race. Third heat.

3:00 p. m.—Drilling contest.

4:00 p. m.—Water sports.

8:30 p. m.—Kilties band in Fair building.

9:30p. m.—Illuminated parade and fireworks on the water front.

9:30 p. m.—Dance in Alice rink.

CANADA AND AUSTRALIA

RENEWAL OF SUBSIDY BILL WILL BE CONSIDERED AT OTTAWA

SIR JAMES MILLS ON HIS WAY TO THE CAPITAL

VICTORIA, July 1—Sir James Mills, managing director of the Union Steamship company of New Zealand, operating the Canadian-Australian Steamship line, arrived by the steamer Marama today on his way to Ottawa to interview the Canadian government with regard to the renewal of the subsidy arrangements for the Canadian-Australian line. He said: "*If satisfactory arrangements* are made with the Canadian government we will at once make arrangements for an improved monthly service. We have now a large passenger steamer, the Makura, the largest of the fleet of the Union Steamship company under construction at Glasgow for the Canadian-Australian service and will, if the Canadian government signs the agreement, build two *others of the same type at once.* These steamers will replace the Aorangi and Moaria. The Marama and Manuka, now being used will be returned to the New Zealand and Australian service.

"Regarding the proposed All Red line, I have no recent information with regard to this fast service which is being sought after, but it can be taken for granted that such a service as has been *suggested cannot be arranged within the* next three or four years.

"The new service will be operated monthly for the present at least. It will be a moderately accelerated service but not an 18 knot service, such as suggested for the proposed All Red line. The ex*tension* recently made of the present subsidy arrangements, regarding which I am now proceeding to Ottawa, are for a service of *from three to five years,* probably the latter period. I hope to be able to conclude the agreement soon after taking the matter up with the Canadian government, and as I have said, the government of Australia has already expressed itself in favor of an improved *service between* Canada and Australia.

"The Makura, which is being completed by W. Stephens and company of Linthouse on the Clyde, is a fine passenger and freight steamer of the latest type, of 8000 tons register, with fine passenger accommodations for 200 saloon passengers and many second class and steerage. She will have a contract speed of 17 knots an hour.

FERNIE SCHOOLS

Closing Exercises on Monday—No More Fireworks To Be Allowed

(Special to The Daily News.)

FERNIE, July 1.—The public schools closed their doors for the summer vacation yesterday and the hearts of the youngsters were made glad. At the closing exercises this morning the successful scholars were presented with certificates of honor, the Rev. R. S. Wilkin*son making the presentations in a most* felicitous manner. During the holidays the school buildings will be enlarged, renovated and greatly improved.

The city police have issued instructions that no fireworks will be permitted in the town limits in future, the number *of fires* resulting from this source in the past making it necessary to put a stop to the dangerous practice.

NELSON'S CELEBRATION

Large Crowds of Visitors Throng the Streets During Whole of the Day—Wonderful Scores Made on Gun Club Grounds —Aquatic Sports Watched by Hundreds of People —All Events Successfully Pulled Off

Glorious Kootenay, and a crowd. What more can be said for any celebration that Nelson has? It was a splendid day from the view of weather. It was a day from the point of view of sports and it was a happy day, judging from the faces of the pleasure seekers, crowds of whom were out thronging the streets from the early hours of the morning till the day had waxed and waned and there was another day beginning on which to celebrate. There was no idle moment throughout the hours of the celebration which began not long after nine o'clock in the morning and which did not end till daylight had pointed in a warning finger to the *dancers in the Alice rink, before sunrise* this morning. There was not a single arrest, the hotels were well served although crowded to the limit. Each train and boat as it came in was filled to its capacity and everything went as merrily as the marriage bells.

Perhaps the prettiest thing of all the hours spent in merry making was the parade of the children in the early morn*ing. The little ones were so gaily decked* out, their mothers looked on so very proudly, the flowers were so fragrant that many a visitor from the prairie sniffed again and again and those originally from the old country declared that they reminded them of England. And what greater tribute could the Englishman or woman pay to Nelson? A few in Calgary of all the great northwest *will see those very flowers tomorrow* morning decorating the Nelson booth, but to know them at their best they must come to this city of flowers and look around the gardens everywhere beautifying the dwelling houses.

On the other hand the marksmen, and many had gathered in from various parts of Washington and the coast, were having very good sport on the gun club *grounds, sport that is an excellent* advertisement to this city, sport which has elicited enquiry from the newspapers of the outside world as to its progress. And the interest is justifiable inasmuch as the scores which will be seen below, were something that would be hard to beat in any part of this continent.

Everything attuned to pleasure and good will the crowds went down to the recreation grounds where the day was spent in athletic games. The visitors were all good sports and put up good games, games that were so much of a pleasure to watch that the grand stand was crowded so that there was no longer left even standing room. This was speci*ally the case during the progress of the* football match between Michel and this city, a match that ended in a draw after a hard fought contest.

The horse racing was a pleasurable feature, also the more especially as the starting was done most excellently, and the heats closely contested up to the winning post. The horses were extended in real good shape.

Later in the afternoon most of the crowd went down to the water front where a long program of racing was carried out; but not to its entirety. Some events had to be postponed until this afternoon at 4 o'clock. Nothing is more a beauty in Nelson than its lake and to a few of the visitors who had come to the city for the first time on a Glorious Kootenay day, which was also a *celebration, and carried with it a regatta,* the scene of beauty before them was a revelation of what this country can be when at its best.

And, as if to show that Nelson was not wholly taken up by things of a lighter vein, came the laying of the corner stone of the Methodist church. Here were seen grouped together on one platform ministers of every protestant creed, of*ficials of the city,* members of the fraternities, a cohort of Maccabees in the full glory of badges, a bevy of beauty, amid the sterner masculinity of the west, all marking the event of the building of a permanent home by one of the pioneer churches of the city. Just before nightfall was heard the skirl of the pipes and the Kilties, landing from the Kuskanook, appeared on the city streets, *headed by a couple of giants,* whose look would make the ordinary Sassenach tremble if wishful of flouting any of Scotia's sons.

With night came the lighting of the city. The bunting of the day, the decorations of the shops, the floating of many flags from a hundred poles, all paled against the strings of lights across the streets. There is to the eastern visitor *something lavish in the way that Nelson* lights itself in its homes and shops and streets and when this is seen on a celebration, although custom has made it stale to the Nelson man himself, yet to the stranger the efffect is very striking. A notable addition to these illuminations was the stringing of lights around the postoffice making that building stand out in wonderful beauty.

With *crowds at the fair building* listening to the Kilties and then going to the Alice roller rink for the dance of the night, the first day of the celebration came to an end. And there is yet today and both are but a forecast of the fair of September.

GUN CLUB

The trap shooting tournament was by far the best and the best contested ever held in Nelson. The number of outside entries was unusually large, no fewer than seven expert shots coming from Spokane, besides a number from Kaslo. All the visitors are delighted with Nelson and with the treatment accorded them and promise to come again.

The shooting was excellent and though the honors go to the visitors the local marksmen made a very creditable showing, C. D. Blackwood especially making some very high scores. The highest aggregate was that of E. D. Farmin of Spokane who obtained 146 out of 150 birds while next came, close after, E. J. Chingren of Spokane, one of the best amateur shots in the west of the continent with 144. Mr. Chingren made a run of 99 birds without a miss, the highest *run ever made* upon the gun club grounds. The first event, $10 added money ,was won by E. D. Farmin; second, $15 added, divided between Farmin and Chingren; third, $15 added, divided between Farmin and Chingren, Riehl, being a professional marksman, shooting for exhibition only. The fourth event which carries the Patenaude cup and $20 added, was divided between Chin*gren and Pleiss as to the money,* the cup going to O. Burden of Kaslo, being the B.C. shot making the highest score. The fifth, $10 added, divided between Farmin, Chingren, Blackwood, Burden and Copson. The sixth, $25 added, was divided by Farmin and Blackwood, while the Cameron trophy which goes with this event to the best B.C. shot, went to C.D. Blackwood. The seventh, $15 add*ed, was won by Pleiss. The eighth,* $10 added, was divided by Chingren, Pleiss, Mocine and Watson. The ninth $15 added, was won by Farmin. The tenth, $15 added, was divided by Farmin, Chingren, Pleiss Blackwood and Copson.

The purses were divided into 40 30, 20 and 10 per cent in all events.

FLOWER PARADE

The children's flower parade at 9:30 was quite a pretty spectacle. About 150 boys and girls of ages ranging from five to ten formed in double column, preceded by the city band, and marched along Baker, Josephine, Vernon and Hall streets, ending in front of the Queen's hotel, where J. E. Annable took com*mand with C. A. Waterman as chief of* staff. There a racing program was arranged with the usual practice of such events being carefully followed. It was all prizes and no blanks. The children seemed to enjoy the march behind the band and stepped out gallantly. One enterprising boy of about seven years of age, had evidently neglected until too late to provide himself with the bouquet *called for and extemporized one quite* effectively out of clover blossoms.

INTERMEDIATE LACROSSE

At 10 o'clock the intermediate lacrosse match between teams representing Nelson and Rossland began on the recreation grounds. Frank Greyerbiehl was agreed upon as referee and his decisions were satisfactory throughout, a feature of the game which was pleasing to the spectators.

Owing to the absence of several mem*bers the teams played only ten men* a side. The home players were: Goal, J. Grant; point, W. Scoley; cover, Paul Bard; defence field, Cummins, Garde, E. Scoley; centre McLeod; home field, Roy Miller and Leo McKinnon; outside, Middleton ;inside, Boyce. These positions were, however, by no means permanent. Grant left his position between the flags early in the game and played *a brilliant and very effective game in the* home field, a rearrangement placing Garde in the net.

The score, which was 10-1 in favor of the home team, hardly indicates the merits of the contestants or the character of the game. The Nelson boys did well *individually* and occasionally gave highly creditable displays of combination, a feature which their opponents almost entirely neglected. But the young Rosslanders were worthy foes and fought hard. Another of their weaknesses was in shooting on goal. For the visitors Grant, McLeod and Boyes did exceptionally good work and for the vanquished Ellers and Keating at third home and *inside,* made a plucky and long sustained struggle.

LOG CHOPPING

The log chopping created quite a little interest in the morning. It was won rather easily by the big Swede from the Slocan Ericksen, the well known driller, who will compete in today's drilling match. The log was a good sized chunk of timber but Ericksen got through in 7 minutes and 32 seconds, while the next man, C. McCormick, was 9 minutes and 26 seconds. *The third was close behind* with 9 minutes 26 seconds, this being J. Dunn. The fourth, D. B. Currie, took 10 minutes and 21 seconds while the fifth, J. Williams, footed the list with 13 minutes 55 seconds.

FOOTBALL GAME

The football game of yesterday afternoon was one of the very best ever witnessed in this city, the teams being so evenly matched. The Nelsons were perhaps the better combination players but *the Michels had one particularly fast* forward, Atherton and had the others of that line been nearly as fast there might have been a different result to the match. This, after varying fortunes, swaying first to one side, then to another, ended in a tie.

The game began promptly at 1:45, with W. Matthews as referee. A hard time that referee had to satisfy the *claims of all parties. The play was at* first confined to the middle of the field but Nelson made a brilliant attack on the Michel goal and barely missed scoring. A rapid recovery of the ball and a fast run down the ground by Atherton resulted in a fine goal for Michel in seven minutes play. The time for the next goal was 25 minutes. At first Nelson had the advantage and got a cor*ner but Michel pressed back and there* ensued a leather hunt all over the field. Both teams showed great kicking powers but there was little dribbling and combination play was marked by its absence. Finally a foul near the Michel goal resulted in a try which failed. Then the Nelson goal in turn became in danger and after some pretty passing the ball was got back and a rapid running result*ed in a score for Nelson, the goal keep*er stopping Cameron's kick just behind and not just before the goal. With the score even the game swayed back from end to end, Michel got a corner but kicked behind the goal. The play remained near the Nelson goal until just *before half time* when Dick Taylor made a star run down the field and just missed scoring, the ball skimming just over the goal.

With an even score Nelson went in determined to win at the beginning of the second half and within 12 minutes, after keeping the ball in the visitor's territory, a foul resulted in a free kick for Nelson in front of the Michel goal. King *then scored for Nelson* a second goal. Some fairly good play on the part of Michel brought the ball in front of the Nelson goal and Barnes kicked it in, time 13 minutes, thus again evening the score, two all. Nelson redoubled its efforts, pressing the visitors hard, finally getting a corner. The ball was cleverly kicked in front of the Michel goal, but deliberately fouled; Nelson got another free *kick and Nelson scored again.* Score 3-2 in favor of Nelson. The game was very fast for a little while, first in Nelson and then in the Michel territory, back to Nelson and Moore scored the third for Michel, eight minutes before the end. Then three minutes after the goal Frank Fear dropped out with a touch of the sun, and Nelson was hardly pressed in the remaining five minutes, barely *saving the goal on more than one oc*casion. It looked up to the last minute as if Michel would score the winning goal but the insistent defense of the green and white made the game a draw.

The line up was as follows:

NELSON — MICHEL

GOAL: Nute — Joyce

BACK: Boyes — Moore; *Kissach* — Sharp

HALF BACK: Hooper — Guest; Williamson — Whitehouse; Fear — Mason

FORWARD: Gill — Almond; King — Millet; Taylor — Atherton; White — Mather

PONY RACING

The pony races yesterday afternoon evoked, as it always does much interest. It was thought that Scotty McDonald's Brownie, would show the others the way around, but admirers of Les. Steel's Mandy were equally sure that the chestnut would win while the stable, the Nel*son Transfer company, pinned their faith* on the third horse, Kootenay Belle. The starters were Hugh Cameron and G. Urquhart and they did their work well although Kootenay Belle gave some trouble. The race was for a third of a mile, best two out of three heats, the judges being D. Annable, Noble Binns and Tom Procter, while Harry Wright was time keeper.

After some jockeying a good start was obtained for the first heat, Kootenay Belle soon took the fence, negotiating the sharp turns cleverly. Many was close but ran wide at every corner, giving the Belle the advantage, who came in after maintaining the lead throughout and coming in a winner a couple of lengths, with Mandy second and Brownie last.

The second heat was run in exactly *the same order and exactly the same* way. It is possible that on a straightaway track Mandy would have the legs of Kootenay Belle, but on such a course as the recreation grounds the mare would take a lot of beating.

HUB AND HUB

There were a good many mishaps in connection with the hub and hub race, which was not run until after the football game, instead of before, as was planned. The Rossland city hose team picked largely from the Rossland lacrosse players entered the lists against Nelson, with six runners against eight. Not that the numbers very greatly matter, as once the cart has gathered its momentum a slow man on the team had *better be weeded out.* The Rosslanders were not able to bring over their own hose cart owing to some peculiar accident or incident on Tuesday night, where by one of the wheels of the cart mysteriously disappeared, being a sporty lot the Rossland aggregation ran just the same, taking the larger and heavier of the two Nelson reels and Nelson the smaller and lighter, the latter being weighted to make conditions as near as possible even.

Both teams got away well together and there was a very hard race between the two, the judge saying that it was the closest match he had ever witnessed on the ground, Nelson winning with noth*ing to spare. The runners were:*

Nelson—Patrick, McDonald, A. Bishop, Nute, Steel, Williamson Houston, Clunis.

Rossland—Brown Valentine, Gill, Dixon Jones, Demuth.

LACROSSE MATCH

The lacrosse match resulted in rather an easy win for the home team, the Rossland players, though playing up well, evidently had not that practice without which it is hopeless to expect to win. From the start Nelson took the lead and it was not until the end of the second quarter that Rossland got its first goal, making one score to four. During nearly the whole of the game the ball was in the visitors' quarters and only an occasional run would bring the Nelson goal in danger. The game *ended with a final score of five to three* in favor of Nelson.

The first goal was scored by Nute in six minutes, Archie Bishop getting the next in five minutes. Four minutes later Nute again scored for Nelson and another four minute game resulted in Bell scoring for Nelson. The fifth goal was scored also in four minutes. This went to Rossland, the scorer being Griffiths. *The sixth fell to Nelson in seven* minutes, scored by Archie Bishop, while the seventh and eighth went to Rossland in four and three minutes respectively, both scored by Griffiths.

The lineup was as follows:

NELSON — ROSSLAND

GOAL: Perrier — Berg

POINT: Williamson — T. Brown

COVER: Greyerbiehl — Valentine

HOME: McVittie — Dixon; H. Bishop — Griffiths; Bell — Inches

CENTRE: A. Bishop — Morgan

DEFENCE: Manhart — Jones; Nute — H. Brown; Steel — O. Demuth

OUTSIDE: McQueen — W. Demuth

INSIDE: Fife — Stanton

AQUATIC SPORTS

The aquatic sports in the afternoon attracted large crowds to the lake front. The members of the Nelson Boat club opened wide their doors and balcony and float were crowded. A large barge moored along side the float gave additional accommodation, while launches, rowboats and canoes were everywhere.

The entire program could not be carried out in the time allotted, so adjourn*ment was taken at 6:30* and the other events, including lapstreak races, canoe races, Red Cross races and tilting, will begin at 4 p. m. today.

Of the two four-oar races rowed yesterday afternoon, the first was won by Lee against Skuce, the winning crew *including A. Bishop, Joy, Gore and Lee.* The second was won by Ball, Logan, Mawdsley and Chause, stroke against a crew stroked by Blanchard Johnstone.

But perhaps the chief interest centred in the launch races. These were four in number with fully a dozen entries in each class. All had been sent on trial trips and an elaborate handicap system was arranged. Any launch *which beat its trial trip record by 30* seconds was disqualified.

The judges were Capt. Gore, W. S. Pearcy and J. C. Dufresne.

The results were as follows:

17-foot class—1, Dr. Hawkey; 2, Mrs. Rutherford; 3, A. D. Wheeler.

21-foot class—1, G. A. Hunter; 2, T. Sargent; 3, P. Walsh.

26-foot class—1, W. E. Zwickey; 2, R. Elford; 3, W. R. Seatle.

Over 26 feet—1, W. Astley; 2, B. C. Travis; 3, E. C. Traves.

LOG ROLLING

The log rolling on the water front, which took place along side the big clump of piles in front of Astley's boathouse, was witnessed by an enormous crowd of people, half submerging Astley's float, listing the Moyie, covering the big scow lent by Capt. Gore, cramming the boat club, filling the pier and every point of vantage in the neighborhood and overflowing into a number of boats which crowded round the rollers. The contestants were J. Dunn, Martin and Beadle *the latter winning. The best bout was* that between the winner and Martin. Both held on for a wonderful y long time while the log was revolving at a tremendous speed. Finally Martin capsized, falling gackwards into the water. Down went the other end of the log and after a vain attempt to retain his balance, while slackening speed, over went Beadle also, amid the yells and cheers of the *multitude.*

METHODIST CHURCH

The laying of the corner stone of the new marble Methodist church last evening at 7 o'clock was an impressive although simple ceremony and attracted a large number of people, who stood around the building and upon a temporary floor laid over the foundations. The city band was in attedance and played appropriate music.

KOREA ANGRY

Murders Number of Japanese Sympathizers

JAPAN'S HIGHHANDED ACT

TRANSFERS IMPERIAL ESTATES TO NATIONAL ASSETS WHICH ARE WITHIN ITS OWN CONTROL—FRIGHTFUL LOSS OF LIFE AT BATAVIA.

VICTORIA, July 1—News was brought *by the Empress of China* from Korea that nearly 1000 pro-Japanese Koreans, members of the Oxil-Chin-Hoi, a society favoring Japan, have been murdered by Korean insurgents according to statistics collected by Japanese officials.

The Korean cabinet at the direction of Japan, has transferred the Korean private imperial estates to the national assets, creating the greatest sensation in *Korea since the disbanding of the Korean army.*

A notable article appears in the Kokumin, an influential semi-official organ in Tokio, containing foreign criticisms of Japan. The paper calls upon the Japanese people to guard against losing the world's good opinion and says that in contradiction to the universal respect and good will entertained toward Japan *during the war, the nation has nearly* lost the sympathy of the entire world. This attitude is considered mainly due to the Japanese government's over anxiety to enlarge the army and navy beyond the financial capacity of the nation.

Commenting on the article the Japan Times, published by Japanese in English, says: "Calm reflection shows that the way in which the late war resulted has *been misapplied in many respects* both by those in power and by the public generally."

The Journal calls upon the Japanese people not to display a "swollen head."

News was brought by the Empress of China that the dry dock taken from the Russians has been turned over, free of expense, by the Japanese government, to the Kawasaki Dock company.

The Mitsubishi shipyards at Nagaski are reported to have received orders to build three warships for China.

On the Empress of China which arrived today were 586 Chinese, 14 of whom debarked here and 84 are bound for Vancouver. One hundred in all will pay the head tax.

News of a boat disaster, involving the loss of over 600 lives at Batavia, was *brought by the Empress.* Many large, overloaded boats, were overturned in the harbor during a storm and the shrieking passengers struggling in the water with no chance of rescue, as the fortunate boats in the neighborhood were too much crowded to permit any others on board, were snapped up by sharks. About 30 were rescued by fishermen but over 600 were drowned. During the week following 305 corpses were found, many mutilated by sharks.

Twenty-four men marooned for months on Victor island, rescued by the Brazilian training ship Benjamin Constant, were landed at Yokohama. The men were left with orders to fish by the Japa*nese fishery schooner Hokui Maru on* Jan. 1 last and were abandoned. The men were found on May 26 and were starving when rescued. The Japanese police have arrested the captain of the Hokui Maru at Yokohama for marooning the fishermen.

BRITISH SUFFRAGISTS

SENT TO JAIL FOR BREAKING ASQUITH'S WINDOWS

IT WILL BE BOMBS THE NEXT TIME, SAYS ONE

LONDON, July 1.—The two suffragists who broke the windows in the residence of premier Asquith last night were today sentenced in the Bow street police court to two months at hard *labor.*

They were not allowed the option of a fine.

Mary Leigh, one of the prisoners, admitted her guilt, saying at the time she was arrested that "it would be bombs next time."

EMPERORS TO MEET

William of Germany and Nicholas of Russia to Confer

ST. PETERSBURG, July 1.—A meeting between emperor Nicholas of Russia and the emperor of Germany on the Baltic, an intimation of which appears in the Reich, is considered here as quite possible, although no information concerning such an arrangement is yet available in official quarters, either Rus*sian or German.*

Gotch Won

SEATTLE, July 1.—Frank Gotch, the heavyweight champion wrestler of the world, won the first two falls in his match with Dr. Roller tonight.

Gotch threw his man all around the ring. The first fall was made in 15 minutes 25 seconds and the second in 25 minutes 54 seconds.

NO TECHNICALITIES

It is refreshing to find leading Canadian newspapers coming out insistently against the plain intention of the voter at the polls being set aside by technicalities. The Toronto News warmly advocated the conservative cause in the recent Ontario elections. The paper made a strong fight up to the hour the polls closed but it has no hesitation in condemning the conservatives of Stormont, who are trying to count out the liberal candidate on a question of legal technicality.

In Stormont the recent contest for the legislature was a close one. According to the first count, Mr. McCart, liberal, was elected by a majority of one. A recount was demanded before county court judge O'Reilly. It was discovered during the recount that at Moulinette and Aultville the deputies had neglected to remove from the ballots the numbered stubs. It was plainly an inadvertance, and the judge allowed the ballots. These two polls gave a majority of 44 for McCart. It is said the conservatives will appeal from the decision of judge O'Reilly. If these ballots are turown out Mr. Milligan, the conservative candidate will be elected.

The Toronto News declares that: "No evidence has been submited to show that *the ballots at these two polls were not* honestly cast. The voters marked the ballots in good faith. Therefore, the error of a returning officer should not prevent them from being counted. Judge O'Reilly's decision cannot be questioned unless a technical point of law is to be preferred before a simple point of justice. Sometimes the legal technicality is of value and has to be observed. But, *if Mr. McCart secured a majority of the* votes cast in Stormont he should hold the seat."

When the result of an election is very close there is always a temptation to try and gain the seat at almost any cost but conservatives, who are always good sportsmen, should play the game. If by any mischance, Mr. Milligan should win Stormont upon the ground that the ballots *in question should not be counted,* no one would envy him his questionable victory and the cause of true conservatism would be injured. There may be occasions where heed should be paid to technicalities in counting the ballots, but they are few and far between. Ballots marked in good faith by voters should be counted where ever it is at all possible to do so.

For Sale 35 Acres Improved Ranch and Houseboat

Ten acres under cultivation; fenced; 700 Apple Trees, 4 years old; 75 Cherries, 25 Plums; balance ground partly cleared; good water front.

Wire Wounds

My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores have healed and best of all the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.

F. M. DOUCET.

Weymouth.

PAN-ANGLICAN CONGRESS

Very meagre accounts have reached this country as yet of the proceedings at the great Pan-Anglican conference recently held in London. The conference was an unprecedented success and its deliberations have attracted attention all over the world and not merely in Anglican church circles.

The organ of the Vatican declares that the congress concerned itself only with worldly affairs and says: "Religion without a legitimate hierarchy, although calling itself Christianity, is a relgion only for the world, as the questions discussed by the Pan-Anglican congress show. Throughout the centuries all religions that have arisen without the seal of the real divine personality were similar to that discussed at the Pan-Anglican congress. All of them aimed at insuring the largest amount of joy in this life without caring for the other world."

But the congress was called for a special purpose and it took up live questions and frankly discussed the great church problems of today and for that reason what was said and done has become of interest to all sorts and conditions of men and women.

Modern socialism occupied a prominent place in the discussion on several days and the sympathetic attitude of the congress has surprised a good many people who have not closely followed the expressed opinions of many Anglican clergymen. The bishop of Birmingham made a most striking appeal to all churchmen to champion the cause of the weak and oppressed and the whole de*bate took on a well-defined socialist tone.* Further reports of the proceedings of this great conference will make interesting reading.

EDITORIAL NOTES

Anyone standing on an elevated position commanding a good view of the city yesterday could hardly fail to notice what a very pretty picture Nelson presented and how greatly the bunting flung to the breeze added to the scene. Yesterday flag raising was more extensively practiced here than for years past and British flags were every where in evidence, supplying the needed coloring for the celebration. Contractor W. G. Gillett saw to it that the new court house building, not yet completed, had the flag of flags over it and many of the private residences were dressed with bunting in honor of Canada's birthday. It is a small matter, perhaps, this hoisting of flags, but successful celebrations are made up of small matters, and their omission often jars on one's nerves. Along Baker street there were three conspicuous buildings with vacant flagpoles yesterday and without any reasonable excuse for it either. They were the K.W.C. block, which is owned in Winnipeg; Fraternity hall and the Alan block, owned by Dr. Hall, M.L.A. Business blocks in this city pay their owners handsome returns and should be decorated properly on all festive occasions. It is to be hoped that when exhibition time comes around due provision will have been made and that there will not be a vacant flag pole in the city when *the fair opens.*

The zinc ore tariff question, which is finally to be decided by the supreme court of the United States, as reported in these columns some time ago, has, it is said, encouraged certain miners in the *Joplin and Wisconsin fields to raise* a fund for the purpose of fighting importers of Mexican and other ores. The domestic producers seem determined to keep zinc ores on the dutiable list, to pay 20 per cent ad valorem; while the importers contend that they should be entered free. The imports of zinc ores into the United States for the first four months this year amounted to 10,900 tons of which 5796 tons were classified as being dutiable.

Says the Victoria Colonist: As leader of an Opposition that is characterized by the liberal press as "woefully weak," Mr. Borden seems to have developed an *extraordinary faculty of compelling* the Ottawa administration to accept many amendments to important legislation. Sir Wilfrid Laurier apparently does not agree with many of his newspaper supporters in their estimate of Mr Borden's capacity.

The death of sir William Whiteway closes the career of one of the worthiest of Newfoundland's statesmen. Had his policies always been adopted the ancient colony would have been spared some of the worst misfortunes of its history. Merged in the dominion, as he proposed, it would not have had the years of financial prostration that followed the failure of its fisheries and the breakdown of its commercial system, it would have avoided the Reid contract; it would have escaped much of its friction with the United States. Sir William looked to London and Ottawa, not to Washington. Sir Robert Bond's difficulties spring from his desire for trade relations with the United States rather than with the sister dominion and the mother country.—Mail-Empire.

SITUATION AT TABRIZ

FIGHTING IS GOING ON NIGHT AND DAY

MORE BLOODSHED IS EXPECTED BEFORE END IS REACHED

LONDON, July 1.—The situation at Tabriz, Persia, continues to be serious. Private despatches received here this morning say that the people have erected barricades in the streets and the fighting is going on night and day. Tabriz and the entire province of Azerbaijan are strongholds of the revolutionists, and the arrival there yesterday of troops to strengthen the forces of the shah, has increased the danger of the situation. The entry of troops to the city is opposed by the revolutionary forces. All the bazars have been closed and there has been some looting of the residences of delegates to the assembly and business houses.

Increasing cause for alarm is found in the fact that Tabriz is surrounded by Rachin Khan and his horsemen. They are supporters of the shah and utterly without discipline. Should these riders be turned loose on the city the *lives of even the foreigners there would* be in danger.

No details are given of the recent fighting, but one of the recent despatches concludes with these words: "A good deal more bloodshed is expected before the fight is over."

The number of foreign residents at Tabriz is small and is composed mostly of Russians. There is a British consul general at Wratislaw and a Russian consul general, M. Pohitono, the staffs of the Imperial bank and the telegraph company and a few Europeans engaged in the carpet trade. The British and *Russian consuls are guarded by Cossacks.*

ST. PETERSBURG, June 1.—News was received here today showing that the situation at Tabriz, Persia, is very serious. Mounted followers of Rachin Khan have been arriving before the city since yesterday. They met with resistance. This exasperated them, and they at once began committing atrocities in which the mob joined. The excitement is described as intense. The anti-revolutionists, feeling themselves on firm ground, have declined the proposal of an armistice made by the Russian consul general.

PREFERENTIAL PROBLEM

Premier Whitney Wants a Full and Free Discussion in England

LONDON, July 1.—Premier Whitney, of Toronto, writes to an English correspondent suggesting that the time has come when the general interests of the Empire demand a full and free discussion of the preferential problem in an Imperial Conference. His triumphant *return to power in Ontario gives added* weight to his views.

Mr. Whitney says: "The whole question and the action which may be the result of a full and free discussion are certain to have more serious and lasting effect on the future of the Empire than any question ever presented to the British people. I see no reason why we should wait till the people of Great Britain are a unit on the subject either way. I believe the proper method is not to turn our backs upon it or ignore it because it has become a question of party controversy in England, but boldly take the position that the several sections or groups of communities comprising the Empire, and for this purpose Great Britain should be considered one, should express their views. Such sections or groups should sit down to*gether in conference.*

"Are the unity and continuity of the Empire to be the governing objects to be kept in view? Are they desirable to the extent that each *group* would be willing to make sacrifice if necessary in that behalf? There is every reason to believe a starting point could be found which would lead to great results, indeed."

TO EXTERMINATE THEM

Mexican Soldiers After Qaquis Indians —Four Killed

CITY OF MEXICO, July 1.—According to information received here yesterday, four Indians were killed and three captured at a battle between Mexican troops and Yaquis Indians in the Bay Atatte mountains.

The troops in that vicinity are pursuing three separate bands of the Indians. In pursuance with the expressed policy to carry on the war against the Indians with increased vigor, the government will *increase the force* in the field against them to 400 men. The war is to be one of extermination. Such Indians who are captured will be expelled to the southern section of the republic, in the Quintina Rio district.

The following are the Honor Rolls for Regularity, Punctuality, Deportment and Proficiency in each division during the school year which has just closed.

Division 1. Honor rolls, regularity and punctuality: Lottie Annable, Enid Etter, Anna Palmquist; deportment, Mary Donaldson; proficiency, to pupil who makes highest marks on the entrance examinations.

Division 2. Honor Rolls—Deportment, Dora Wolvertion; regularity and punctuality. Mabel Malmstrom, proficiency, Clifford Irving.

Division 3. Deportment, Almida Palmquise; punctuality and regularity, Edmund Traves, Helen McArthur, Gertrude Annable, Almida Palmquist; proficiency, Ada Hellstrom.

Division 4. Deportment, Edna Murphy punctuality and regularity, May Manson, Ester Bard, Ruth Manhart, Charlie Traves, Edna Murphy, Lily Oates; proficiency, Donald Black.

Division 5. Proficiency, Myrtle Palmquist; regularity and punctuality, Clarence McKeown; deportment, Violet Ross.

Division 6. punctuality and regularity, Gladys McKeown, Aggie Leslie; deportment, Eileen McKenzie; proficiency, Esmer Cavanaugh.

Division 7. Proficiency, Joy Cummins; regularity and punctuality, Lydia Murphy; deportment, Rose and Violet Garde.

Division 8. Proficiency, Hope Fletcher; regularity and punctuality, Reggie Hay, Emmet Hamilton; deportment, Mabel Stevens.

Division 9. Proficiency, Jessie Donaldson; regularity and punctuality, Bessie Mackenzie; deportment, Lizzie Leslie.

Division 10. Deportment, Georgina Motion, proficiency, Manne Larson; regularity, and punctuality, Edward McGregor.

Division 11. Punctuality and regularity, Hector Blakey; proficiency, Wo Kee; deportment, Roy Hebden.

HUME SCHOOL.

The Hume school closed yesterday morning for the summer holidays. Owing to the crowded state of the primary room and the preparations for examinations in the senior division no musical program was given.

In Division 1, Miss E. B. Bate, principal, the Rev. F. H. Graham addressed the scholars in his usual bright and happy manner, congratulating them upon the lessons that he had heard that morning. He then presented the following rolls of honor and awards as follows: Roll of honor, for deportment, Tony Habgard, (2,) book for deportment; Helen Balding, (3,) roll of honor for regularity and punctuality; Murdo McLeod, (4,) book for regularity and punctuality; Edith M. Gilchrist, (5,) book for term's spelling match; Elizabeth Lynch, (6,) pencil for closing spelling match. The roll of honor for proficiency in division 1 cannot be awarded until after the results of the entrance examinations are made known.

In division 2, Miss A. McLennan, assistant, the awards were as follows: (1,) deportment, Vera Gilchrist; (2), regularity and punctuality, Ester Habgard; proficiency, John Marquis.

In both divisions the thoughtful pupils presented their teachers with pretty and tasteful presents, and at noon the happy visitors, teachers and scholars wended their way merrily homeward.

HUME SCHOOL.

The following pupils have attended perfectly in Division 1, of the Hume school during June, Miss Bate, principal: Ferda Bullock, Helen Balding, John Balding, Wm. Hodgen, Roy Hodgen, Tony Habegard, Arthur Maurer, Medo McLeod, Rhora McGregor, Edith Gilchrist, Ruby Gilchrist, Elizabeth Lynch, Evangeline Young, Olive Bealby, Ethel Hopkins, Elizabeth Reid.

Division 2. List of pupils making perfect attendance. Frank Bridcott, Ella Brown, Edith Coulter, Syd Desireau, Leo Desireau, Vera Gilchrist, Walter Gilchrist, George Clerikne, Esther Habiegardt, Doris Heddle, Carrie Hopkins, Florence Hopkins, Lizzie Hopkins, Lawrence Hopper, Earl Jackson, Leonard Jackson, John Jerome, Tommy Jerome, Angus McLeod, Bertie McGregor, Gladys McPhee, Myrtle McPhee, Grace Maurer, Hazel Nelson, Walter Roynon, Gladys Roynon, Gladys Randall, Buddu Randall, Willie Reid, Pearl McKim, Earl McKim, Willard Keyes, Agnes Jerome, Marguerite Hopper, James Curran.

BOUNDARY ORES

Some Fine Samples on Exhibition—Public School Closing Exercises

(Special to The Daily News.)

GRAND FORKS, July 1—J. W. Shaw has been showing some very fine specimens of ore which he has taken from the C.P.R. claim, located about four miles south of the McKinley mine, in Franklin camp. Mr. Shaw has just received the assay returns from this ore which run very high in gold and copper. The assay shows gold to the value of $380.36, copper $15.34 and a little silver. This ore was taken from the bottom of a 20 foot shaft, which on the surface just showed a small trace of gold. Mr. Shaw is very well pleased with the showing already made as all the work that has been done on the claim has been done by way of assessment work, and the ore has improved so much with the small depth already, it is impossible to say what another 20 feet will show up.

Henry Thomas, who for some time past has been the leader of the Grand Forks band, as well as leader of the orchestra, leaves on Thursday for Colville where he intends to reside in future. Mr. Thomas will be greatly missed in musical circles as he has always taken a very active part in anything of that nature.

The closing exercises of the public schools were held yesterday, a large number of the parents of the pupils, as well as their friends, attending. The high school teachers' examinations will commence on July 6, and will continue for the following five days. Principal May of the public school will be in charge of the examination.

The Kettle Valley lines will run an excursion to Republic on the morning of July 4, there being a large celebration at that point on the above date. A large crowd from here usually attend the annual celebration at Republic, and this year promises not to be an exception.

BONNINGTON ORCHARDS

I have sub-divided my 564 acre fruit ranch into tracts of from 8 to 20 acres, some improved with buildings, fruit trees, strawberries, etc. Some cleared ready for planting, some unimproved.. These orchards are beautifully situated, overlooking Bonnington Falls and Kootenay River, 9½ miles from Nelson, 25 to 30 minutes by train. R. R. station middle front of property. Three passenger trains each way daily. Hotel, store, post office, telephone, etc. short walking distance. Grand supply pure water flumed through property. Apply in person or by letter to owner,

J. J. CAMPBELL, BONNINGTON FALLS, B. C.

THE AYLESWORTH BILL

STRANGE SITUATION UNFOLDING AT OTTAWA

FIGHTING GROUND NOW SHIFTED TO ONTARIO

OTTAWA, July 1—Here is a strange situation about to unfold itself. It will be a situation which we may be sure will arouse no small interest throughout Ontario.

It is common knowledge, it has been the subject of constant newspaper mention, that for some time past, while parliament has been occupied with routine business, or with business involving a minor degree of contentiousness, the two leaders have been busy with conferences over the Aylesworth election bill. As one newspaper puts it, they have met often enough of late to become acquainted. It further is widely understood in the corridors that some sort of working understanding has been reached. And now report has it that matters have gone so far that Thursday next will see the bill once more brought up in the house; and that when it is brought up some sort of statement will be made which will clear the situation and limit the fighting ground.

Limit the fighting ground? No, shift the fighting ground. Here is where the odd thing happens. So far as can be gleaned, *Ontario has become the point* of attack, not Manitoba. It long has been substantially understood that a fairly definite understanding has been arrived at *as to the Manitoba lists. There* will be a provision for "allocation" by county judges. Has the reader forgotten the terminology of this quarrel, or need he be told once more that allocation means the allotting of voters in polling divisions which happen to be bi*sected by dominion constituency bound*aries to the riding to which they properly belong? Well, allocation confessedly is necessary and the conservative *party from the beginning of these long* drawn out negotiations has been ready to agree to have it done by judges. That is all that is to be done about the Manitoba lists; the attempt to remake them is abandoned. The attempt to make a federal list for British Columbia is also abandoned. The attempt to make a federal list for northern Ontario is also abandoned. The attempt to make a federal list for northern Ontario alone is persisted in.

It has been known for days that the liberal attack has shifted from Manitoba to New Ontario and it now appears that when the government takes the bill up again it will move to rearrange clause 1 so as to supersede the provincial lists in the six constituencies of new Ontario and to substitute for them federal voters' lists.

The situation is strange enough. The government side has denounced the Manitoba system high and low; has declared it to be most improper; has directed the whole weight of its attack upon it and now in the crucial moment abandons its campaign against the Manitoba lists and transfers it to Ontario.

The people of Ontario will hardly fail to notice the meaning of this. The lists of Manitoba are to be left alone, bar*ring a matter of adjusting them to fed*eral purposes. The lists of British Columbia are to be left alone. The lists of northern Quebec are to be left alone. The lists prepared by the Ontario government alone are to be assailed. Obviously, the argument must be that the Ontario government cannot be trusted to make a list; for the argument for tak*ing so grave a step as the taking of the* lists out of the hands of the Manitoba government was that the lists prepared by it were so improper as to constitute an outrage. Every other province is to be left untouched, and on Ontario is to be placed the stigma of having untrustworthy lists. By the way, what did Ontario do this last month? It voted conservative and pretty nearly made it unanimous. And what did New Ontario do? It did make it unanimous. What province is singled out now Ontario. And what part of Ontario? The north. It looks like an attempt to get even with the province for voting for Mr. Whitney.

This bit of clearing up has been the main political event of the past day or two. What really mattered was the Aylesworth bill development and the manner in which Ontario has been substituted for Manitoba as the object of the liberal attack.

Over Thirty-Five Years.

In 1872 there was a great deal of diarrhoea, disentery and cholery infantum. It was at this time that Chamberlain's Colic, Chloren and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record From a small beginning its sale and use has extended to every part of the Unitdd States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by all druggists and dealers.

Minard's Liniment Cures Colds, etc.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

COMPANIES ACT, 1897.

I HEREBY CERTIFY that the "Hewitt Mining Company" has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the Legislature of British Columbia extends, except the construction and working of railways.

The head office of the Company is situate at the City of Wilmington, County of New Castle, State of Delaware.

The amount of the capital of the Company is eight hundred thousand dollars, divided into eighty thousand shares of ten dollars each.

The head office of the Company in this Province is situate at Nelson, and Robert Wetmore Hannington, barrister, whose address is Nelson, aforesaid, is the attorney for the Company.

The Company is limited.

Given under my hand and seal of office at Victoria, Province of British Columbia, this sixteenth day of June, one thousand nine hundred and eight.

(L. S.) S. Y. WOOTTON,
Registrar of Joint Stock Companies.

The objects for which this company has been established and registered are:

To acquire by appropriation, discovery, location, lease, licence ,grant, bond, option, *devise, purchase, agreement, or otherwise,* and to hold, own, possess, enjoy, develop, mine, work, operate and exploit copper gold, silver, and other lode or placer mines or deposits, tunnels, mining and tunnelling property, and any right, title or interest therein, as also such lands, mills, mill-sites, tunnel-sites, buildings, constructions, plants appliances, equipments, fixtures, machinery, discoveries, improvements, inventions, patents, patent rights, dumps and dump-lights, *ditches, flumes, pipes and pipe-lines,* reservoirs, water, ditch and reservoir rights or priorities, railways, tramways, right-of-way, easemens, appurtenances, privileges, franchises and other property or property rights, real or personal, as may be deemed by the directors for the time being of said Corporation to be necessary or desirable for the practical working, development, mining, exploitation or enjoyment of all or any of the corporation's properties, acquired or to be acquired.

To purchase, construct, lease or otherwise acquire, operate, maintain and repair milling, concentration, reduction, smelting or refining works for the treatment, reduction, *smelting or refining* for hire or otherwise of metalliferous or other ores, and the extraction or concentration of the metals contained therein:

To purchase, erect, lease or otherwise acquire, maintain and operate buildings, machinery, constructions, works and plants for the sampling and treatment of metalliferous or other ores; to buy, reduce, smelt, mill, sell and generally deal in all kinds of ores, concentrates, tailings, mill *or smelter products, bullion, metals* and minerals, either on its own account or on commission or otherwise for other persons or corporations:

To acquire by appropriation, location, purchase, lease or otherwise, water and water-rights, ditches and ditch-rights and *water priorities and apply the same to* beneficial uses, and to purchase or construct, operate and maintain ditches and flumes for the distribution of water for irrigation, sanitary, domestic or other uses:

To acquire by location, lease, contract, grant, purchase, conveyance or otherwise, and to own, hold, possess and enjoy any rights, title or interest in or to any lands, tenements, hereditaments, appurtenances, mill-sights water or ditch-rights, rights-of-way, *franchises, easements, or other prop*erty, real or personal, incident, necessary or desirable in the operation of milling plants or machinery for the smelting, reducing, refining or treatment of ores or minerals, or the extraction of any ores or mineral therefrom or from any object or operation referred to herein:

To purchase, constuct, lease or otherwise acquire and operate and maintain buildings, constructions, flumes, machinery, appliances, equipments fixtures, easements and appurtenances for generating electricity for lighting and the distribution of power and for other purposes:

To maintain transmission lines for the *purpose of distributing electricity; to fur*nish electricity for power and lighting purposes, to sell, deliver and distribute the same and to maintain, equip, hold, own, possess and enjoy all appliances incident or necessary thereto:

To purchase, construct, lease, operate and maintain buildings, constructions, machinery, appliances, equipments, fixtures, easements and appurtenances for compressing air and other gases, and for the proper *distribution of the same by means of* pipes, pipe-lines or otherwise:

To manufacture ,purchase or otherwise acquire, to hold, own, mortgage, pledge, sell, assign and transfer or otherwise dispose of, to invest, trade, deal in and deal with goods, wares and merchandise and real and personal property of every class and description, and in particular lands, buildings, business concerns and undertakings, mortgages, shares, stocks debentures, *securities, concessions, produce, policies,* book debts and claims, and any interest in real or personal property, and any claims against such property, or against any person or company, and to carry on any business, concern, or undertaking so acquired:

To acquire the good-will, rights and property, and to undertake the whole or any part of the assets and liabilities of any person, firm, association or corporation, and to pay for the same in cash, stock or bonds of this Corporation or otherwise:

To acquire, hold, use, sell, assign, lease, grant licences in respect of, mortgage or otherwise dispose of letters patent of the United States or any foreign country, patents, patent rights, licences and privileges, inventions, improvements and processes, trade-marks and trade-names relating to or useful in connection with any business of this Corporation:

To enter into, make, perform and carry out contracts of every kind for any lawful purpose, without limit as to amount, with any person, firm, association or corporation:

To draw, make, accept, indorse, discount, *execute and issue promissory notes,* bills of exchange, warrants and other negotiable or transferable instruments:

To issue bonds, debentures or obligations of this Corporation, from time to time, for any of the objects or purposes of the Corporation, and to secure the same by mortgage, pledge, deed or trust or otherwise:

To purchase, hold and re-issue the shares of its capital stock:

To have one or more offices, to carry on all or any of its operations and business *and without restriction or limit as to* amount, to purchase or otherwise acquire, to hold, own, to mortgage, sell convey or otherwise dispose of real and personal property of every class and description in any of the States, Districts, Territories, or Colonies of the United States, and in any and all foreign countries, subject to the laws of such State, District, Territory, Colony or Country:

The foregoing clauses shall be construed *both as objects and powers; and it is here*by expressly provided that the foregoing enumeration of specific powers shall not be held to limit or restrict in any manner the powers of this Corporation.

This woman says that Lydia E. Pinkham's Vegetable Compound saved her life.

Mme. Emma Chatel, Valleyfield, Belleriver, Quebec, writes to Mrs. Pinkham:

"I want to tell you that without Lydia E. Pinkham's Vegetable Compound, I would not be alive. For months I suffered with painful and irregular periods and inflammation of the feminine organs. Doctors could do nothing for me, and said I must submit to an operation as I had a tumor. One of my cousins advised me to take Lydia E. Pinkham's Vegetable Compound as it had cured her.

"I did so and now I have no pain and am entirely cured. Your remedy is deserving of great praise."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

TENDERS

Plans and specifications may be seen in my office and sealed tenders will be received until noon, Friday, July 3rd, for a residence on Hoover Street.

Portland Rowing Club—Dark blue, light blue and white.

ALL RED ROUTE

British Cabinet Awaiting a Reply From Canada Before Further Action

MONTREAL, July 1.—A special cable says that it is understood the British cabinet is now awaiting a reply from the Canadian ministers before reporting in favor of a British subsidy to the Canadian All-Red scheme.

Sir James Mills, manager of the Union Steamship company of the Pacific, is now due in Vancouver from New Zealand to consult with the Canadian ministers regarding the Pacific line.

Rt. Honorable Winston Spencer Churchill and Mr. Birrell lay great stress upon the advantage of including Ireland, Mr. Lloyd George is also believed to be in favor of an Irish port because of it being the shortest route. One steamer is necessary and a substantial saving would be made in the *subsidy and running expenses. The se*lection of ports must of course rest with the contractors. The British ministers have obtained the fullest information on *this question.*

DUTY ON STEEL

Mexican Manufacturers Get Much Needed Protection

CITY OF MEXICO, July 1—A largely increased duty on steel, which is practically prohibitive and will give Mexican manufacturers a monopoly of the home market for stetel products, goes into effect today. The shutting off of the Mexican market will be a heavy blow to the United States steel trust.

For the last few weeks steel from the United States has been rushed across the border by train loads, consigned to American manufacturers in the republic.

NOTICE TO CREDITORS.

NOTICE IS HEREBY GIVEN that Hugh McCausland of the City of Nelson in the Province of British Columbia, Boot and Shoe Merchant, did on the 20th day of June, 1908, make an assignment to me, the undersigned, of the said City of Nelson, Commercial Traveller, of all his real and personal property, credits and effects, which may be seized and sold under execution for the benefit of his creditors:

AND FURTHER TAKE NOTICE that a meeting of the creditors of the said Hugh McCausland will be held at the law office of *Macdonald & Hall, Burne Block,* Baker Street, Nelson, B. C., on Tuesday the 7th day of July, 1908, at three o'clock in the afternoon, and all creditors of the said Hugh McCausland are hereby notified to attend such meeting, either in person or by representative.

AND FURTHER TAKE NOTICE that all persons *having claims against the said* Hugh McCausland are required to forward particulars of the same duly verified and the nature of the securities (if any) held by them, to me at Nelson, B. C., on or before the 15th day of July, 1908, after which date the undersigned, as said Assignee, will proceed to distribute the proceeds of the estate among the parties entitled thereto having regard only to those claims of which he shall then have had notice.

Dated this 23rd day of June, A. D. 1908.

ROBERT H. CARLEY,
52 Assignee.

NOTICE.

NOTICE is hereby given that application will be made to the Legislative Assembly for the Province of British Columbia at its next session, for an Act to incorporate a Company with power to build, equip, maintain and operate a line or lines of railway of standard or narrow gauge, to be operated by steam or electricity, within a radius of ten miles of Goat River Canyon, in the District of Kootenay, for the development and economic operation and marketing of agricultural and other products of the said area, and the carrying of passengers and freight from place to place therein, and to connect with the line of railway from Creston to Kootenay Landing, operated by the Canadian Pacific Railway Company; with power to construct and operate telegraph and telephone lines for the purpose of its business and for the public; with power to own, use and operate water powers convenient to the road for railway, agricultural and irrigation purposes, and with power to supply electric light, heat and power to the residents in the said area; and with power to construct and operate electric and other works, canneries, sawmills and other industries; and with power to exercise such powers as are granted by the Water Clauses Consolidation Act and Amendments, the Land Clauses Consolidation Act and Amendments and the British Columbia Railway Act, and the *Companies Clauses Act;* and to acquire and receive from any Government, corporation or persons, grants of lands, rights of way, money bonuses, privileges, or other assistance in aid of the *construction* of the Company's undertaking; and to connect and enter into traffic or other arrangements with railway, steamboat, electric, water or other companies for all rights, powers and privileges necessary, usual or incidental to all or any of the aforesaid purposes.

Dated the 23rd day of May, A. D. 1908.

LEAHMAN & WRAGGE,

CRAND FORKS ORCHARD LANDS

Grand Forks fruit captures Gold Medal in competition with all British Columbia, Washington and Oregon, also First Prize Nelson Fruit Fair, 1907. This is proof enough that Grand Forks can grow the best. The market is always brisk for a first-class quality.

Our land is subdivided in 5 and 10-acre tracts, all cleared, cultivated, ready to plant and abundance of water. Joins the city of Grand Forks, having city conveniences, schools, etc. Also good pastures for stock.

For further particulars apply W. J. BROWN, over Imperial Bank, Nelson, B. C., or American Trust Co., Grand Forks, B. C.

Three Choice Building Lots

Corner, close in; and being in one of the best residential parts of the city. A splendid view of the city and river can be had from this site, and they are a bargain at the price, $750.00.

Full Particulars of

R. J. STEEL

Room 7, Hudson's Bay Block. Nelson, B. C.

Fruit Ranch for Sale

125 acres, only two miles west of Nelson on Kootenay Lake and the Canadian Pacific Railway. 25 acres set out in apples, cherries, plums, peaches, pears and other small fruits. 40 acres more can be planted.

1000 trees now bearing and 1200 more will bear in one and two years; also 500 trees in nursery. This is the oldest fruit farm in the district and considered the best.

For price and terms, apply to owners, *McCALLUM HILL & CO, Regina, Sask., or to* W. R. HULBERT, at the ranch, Nelson, B. C. 1

You Can Depend On Our Butter

Every pound of butter that goes over our counter must come up to a certain standard—best obtainable for the price.

There is a uniformity about the quality—you can judge our butter by what you get here any time—and know that when you buy it here again it will be just as good.

Try a pound of dairy butter at 30c, or a pound of Government Creamery at 35c.

NELSON NEWS OF THE DAY

The city band did excellent service yesterday and helped along the celebration from start to finish.It would have been dull work without them.

Restaurant and hotel men were called upon to feed a multitude yesterday and from all accounts the visitors were well looked after and there were no complaints.

The celebration would not have been complete without the familiar figure of marshall of the day, Charles A. Waterman. Celebrations and Waterman generally go together.

Brilliant sunshiny weather, just warm enough to be pleasant, a great turn out of citizens and visitors, no accidents and no arrests. That is a pretty good record for first celebration day of this year.

Rev. George Buggin and wife of Seaforth, Ontario, and Mrs. C. W. Rutledge, wife of the editor of the Markdale Standard, Ontario, are the guests of their son and brother W. T. Buggin of Five mile point. They will spend a month here.

It was the Kilties' band that attracted the most attention on the streets last evening. The two giant drum majors, the pipes and the bugle band, had a great following up and down Baker street, and while the Scotsmen were in sight on one had use for anything else.

Miss Louise Gilchrist and her mother left this morning for the Dominion fair at Calgary. Miss Gilchrist was the fortunate winner of The Daily News popularity contest which closed last Saturday so far as Nelson was concerned. Miss Coutts, who won the in Boundary district is already at Calgary.

The outside attendance at the first day's celebration yesterday was fully up to expectations. As a matter of fact now, Nelson has such a large number of settlers in the immediate neighborhood, all of whom respond loyally on celebration days, that the city has become independent of outside support.

The fact that many Kootenay cities held celebrations yesterday in no way interfered with the triumphant success of the local celebration which had easily the best and most varied program, including the water sports and carnival, and which naturally attracted the largest gathering of any city in the interion of the province for the day.

Tickets for the Kilties concert on sale at the Hume News Stand. 53-tf.

The Royal Hotel is serving one of their famous Chicken Dinners, from 5:30 to 7:30 today.

SHERIFF'S SALE

By virtue of a Writ of Fieri Facias issued out of the Supreme Court of British Columbia, in an action whereof the Western Lumber and Pole Company is plaintiff and W. R. Kinney is defendant. I have seized and taken into execution all the right, title and interest of of the said defendant, W. R. Kinney in a quantity of telegraph and telephone poles and piling, now situate along the line of the Bedlington and Nelson railway, in three lots, at the Kinney landing, the English landing and Smith landing, so called, between Creston and Port Hill Idaho, amounting to all 14,666 poles, more or less, in lengths from 25 feet to 65 feet, in 5 feet increments, and also 15,123 lineal feet of piling, more or less, at the Kinney landing and English landing.

All of which I shall expose for sale at public auction, or sufficient thereof to satisfy said judgment debt and costs, at my office in the City of Nelson, B. C., on Monday the 29th day of June, 1908, at 12 o'clock noon.

The poles and piling may be inspected upon the ground where situate, and a statement of the approximate number of poles of each length at each landing, may be seen at my office.

Dated at Nelson, B. C., 13th, June 1908.
S. P. TUCK,
44-13 Sheriff of South Kootenay.

The above sale has been postponed until Monday the 29th day of July, 1908 at the same time and place.

NOTICE

TAKE NOTICE that 30 days after date we intend to apply to the Chief Commissioner of Lands and Works for permission to build and operate a logging road for the purpose of taking timber from Lot 812. Said road starting at a point on Kootenay River near the Southwest corner of Section 12, Township No. 7, Kootenay District; thence in a Northeasterly direction following an old road to the North line of Section 12 about 1000 feet West of the Southeast corner of Section 12; thence Northeast across Section 13 for about 1300 feet to the West line of Section 18, about 800 feet North of the Southwest corner of Section 18.

This notice is given under Section No. 53 A of Chapter No. 113 of the Land Act.

THE YALE-COLUMBIA LUMBER CO., Limited.

MAY WED NANSEN

Rumor in England as to Princess Victoria's Probable Marriage

LONDON, July 1.—Persistent rumors are being circulated in London to the effect that princess Victoria, the old maid daughter of king Edward, will shortly marry a commoner, Dr. Fridjof Nansen, the famed explorer, who was until recently the Norwegian ambassador to London. The princess is now nearing her fortieth milestone, but her affection for the gallant descendant of the Vikings is alleged to be none the less warm because of her mature age. Having withstood the flattering attentions of scores of princes and nobles, she has at last succumbed to the tender passion.

It is alleged that Dr. Nansen left the court of St. James because of his attachment for the princess and the consequent displeasure of her royal father. The princess Victoria, however, like her royal grandmother, is capable of exercising a will of her own and it is whispered that the king and queen may yet give their assent to a marriage with the untitled suitor of the princess. It is known that the king entertains a respectful admiration for the Norwegian explorer and, as man to man, would probably consider him a desirable son-in-law.

STARVING SAILORS

Rescue of 22 Frenchmen by British War Ship Pegasus—A Crusoe Story

VICTORIA, July 1.—While sending a farewell message fastened in a quill to an albatross' neck, one of a series of daily messages recounting briefly the story of the wreck on the Antipodes island of the French bark President Felix Faure, 22 starving French sailors were rescued by the British warship Pegasus and brought to Sydney shortly before the sailing of the Marama, which arrived here today.

The castaways, who lived a Crusoe life, fashioning their utensils in the same resourceful way as the maroon of Juan Fernandez, scrambed ashore on Antipodes island, south of New Zealand and near where the survivors of the British bark Dundonald were rescued months before, after their vessel was driven ashore during the fog in March last and had almost given up the hope of rescue when the British warship was sighted.

The men were ravenous when rescued, having been on short rations for some time. They had needles made of blades of pocket knives, dinner knives from an iron hoop from a cask washed ashore from the wreck, fish hooks from bent nails, spoons from shells, etc.

The best of Ceylon is her teas. No where else do they grow to such perfection. The best of Ceylon's teas are in "Salada."

The coolest Ice Cream and Refreshment Parlors in Nelson at Lindsay's Boat House. Come and be convinced. We handle "only" goods of quality. 38-3

Cauthier-Burns. Married on June 1st, 1908, at the Church of Mary Immaculate, Nelson, B. C., by the Rev. Father Verbelle, John A. Gauthier of Quebec to Mary E. Burns of Ottawa.

Boy's Life Saved

My little boy, four years old had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy which cured him and believe saved his life.—Willing H. Strolling, Carbon, Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by all druggists and dealers.

NOTICE OF APPLICATION FOR LIQUOR LICENSE.

50-30 D. A. McLEOD.

REVELSTOKE HOSPITAL SOCIETY NOTICE TO CONTRACTORS

Sealed tenders, (endorsed) will be received by the undersigned up to noon of Wednesday, July 15th, 1908, for the building of an East Wing to the Queen Victoria Hospital, Revelstoke, B. C.

Copies of plans and specifications may be obtained upon payment of a fee of $10.00, the same to be refunded upon return of plans and all papers in good order.

Tenders must be accompanied by a certified cheque for five (5) percent of the amount of the tender, to be returned to unsuccessful tenderers in due course. Successful tenderer's cheque will be forfeited if he fails to enter into a contract and complete bond satisfactory to to the Board of Directors for due performance of the contract.

The lowest or any tender not necessarily accepted.

REVELSTOKE HOSPITAL SOCIETY,
Per B. R. Atkins, Secretary.
Revelstoke, B. C., (Drawer "A").
May 15th, 1908. 56-4

NOTICE

NOTICE IS HEREBY GIVEN that by order of the Chief Justice of the Supreme Court of British Columbia, the time for the registration under the provisions of the Companies Act, Amendment Act, 1896, of a mortgage given by the Canadian Metal Company, Limited, Non-Personal Liability, to the Royal Trust Company for the purpose of securing debentures for the aggregate sum of $600,000.00 was extended to the 25th day of June, 1908. 49-10

NOTICE OF APPLICATION FOR LIQUOR LICENSE.

NOTICE is hereby given that I, J. A. Mitchell, intend to apply to the Superintendent of Provincial Police at the expiration of one month from date hereof for a retail liquor license for the premises known as the Cherry Hotel, situate at Cherryvale, B. C.

Dated June 2nd, 1908.
41-D. J. A. MITCHELL.

NOTICE

IN THE COUNTY COURT OF EAST KOOTENAY HOLDEN AT CRANBROOK.

In the matter of the Coal Mines Act and Amendments, and in the matter of Lots 7841 to 7851, both inclusive, and Lots 8724, 8726, 8728 to 8734, both inclusive, in Group One, Kootenay District of British Columbia.

NOTICE IS HEREBY GIVEN that the Petition under Section Four of the Coal Mines Act, Amendment Act, 1897, by the Kootenay Amalgamated Oil and Coal Company, Limited, non-personal liability, W. R. Allen, P. H. Walsh, John Millington, L. A. Giegerich, S. H. M. White, A. S. Minion, G. Hartin, W. E. Bradshaw, A. T. Garland, D. P. Kane and H. Giegerich, has been filed in the office of the Registrar at Cranbrook with an affidavit verifying the same, and that by order of His Honour Peter Edmund Wilson, judge of the said court, the date of hearing of the said petition has been fixed for Monday, the 3rd day of August, A. D. 1908 at the court house, Cranbrook, B. C., at the hour of 10 o'clock a. m., or so soon thereafter as the said petition can be heard, and that any person or persons desiring to contest or adverse the right of the petitioners, may do so by filing an answer to the said petition in the office of the said Registrar and serving the same on the petitioners' solicitor on or before the 20th day of July, A. D. 1908; and that the publication of this notice and the posting of a copy of the said Order in the office of the said Registrar, shall be deemed good and sufficient service of the said petition upon all parties interested in the disposition thereof.

Dated this 15th day of June, A. D. 1908.
LENNIE & WRAGGE,
of Baker Street, Nelson, B. C., Solicitors for the petitioners. 8-4t.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATION

Any available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may however, be made on certain conditions by the father, mother, son or daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of the homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY.
Deputy Minister of the Interior.

N. B.—Unauthorized publication of the advertisement will not be paid for.

SUNSHINE

"Sunshine" Furnace

Why You Should Specify It

1.—Burns coal or wood.
2.—Large, sectional, heavy, straight fire-pot, with fins for heat radiation.
3.—Four heavy "three-lives," easily-placed grates with no bolts. Any section can readily be removed through ash-pit door.
4.—Large and heavy rolled steel plate dome and radiator.
5.—Double feed doors for use when burning large chunks of wood.
6.—All joints made with deep cups for cement.
7.—Sure-catching, right-fitting ash-pan, with plenty of room above same for air circulation below grates.
8.—Large dust-pipe connecting ash-pit to dome, preventing circulation of dust in cellar or rooms.
9.—Correctly placed, easy-to-fill water-pan.
10.—Quick-cleaning flues and durable brush.
11.—Automatic Gas Damper,—saves heat-energy, rejects gaseous fumes.
12.—Nickel-plated chain shield with easy-working, non-rusting chain pulleys.
13.—Bottom casing ring solid to ash-pit, making furnace easy to set.
14.—Height regulation adapted to all cellars. Pipes given due elevation.
15.—All parts interchangeable.
16.—Economical and safe.
17.—Easy to operate.
18.—Twenty to twenty-five per cent. more weight than any other furnace made in Canada.
19.—Made from Canadian patterns as well as made in Canada.
20.—Manufactured by the largest and most experienced Furnace Builders in the British Empire.

FALLING OFF IN NUMBERS FROM LATIN COUNTRIES

(Special to The Daily News.)

SPOKANE, July 1 — "Immigration from northern Europe and Great Britain to Canada and the United States will be heavier this season that it has been for several years,' said H. M. MacCallum of Winnipeg, travelling passenger agent of the C.P.R. company's Atlantic line, who is in Spokane on his return home from a trip to the Pacific coast. He said:

"There has been considerable of a falling off in immigration from the Latin countries, Austria-Hungary and Greece, since early last winter, and it is probable that the figures at the close of year will show that more Italians, Austrians and Greeks left America for their home lands than came. The return of so many of this class of immigrants to Europe can be explained only by the general suspension of railroad construction and work of a similar nature.

"For the greater part the Italians, Hungarians and Greeks who have come to America in such large numbers during the last few years, are unfitted for any kind of work other than such as railroad grading and digging ditches. When that kind of work is suspended they are helpless. The immigrants now coming from England, Scotland, Ireland, Germany and the Scandinavian countries are of the sort that benefit any country to which they come.

Generally they come with the idea of locating permanently and many of them are prepared to engage in agricultural pursuits for themselves. The northwest is the destination of a larger percentage of these immigrants than any other part of the continent. The immigration to the Canadian northwest from Europe this year will be heavier than it was last, the great majority of the newcomers being homeseekers.

"The differences between the large steamship lines which brought about the rate war of last winter, have been adjusted and it is not likely that the companies will become involved in any rate cutting for some time at least. The lines have entered into an agreement not to make any change in the rates for a year and the line that violates the compact will pay a heavy penalty.

"While the rate war was in progress passengers were carried to Europe third class for $15. All the lines lost money on that kind of travel."

GREAT INLAND HARBOR

FORT CHURCHILL TERMINUS OF HUDSON'S BAY ROAD

EARLY COMPLETION OF THE LINE IS ASSURED

(Special to The Daily News.)

WINNIPEG, July 1.—Fort Churchill, the terminus of the Hudson's Bay R. R., now under construction, possesses the finest natural harbor in the world, according to William Beech, the first and only white man who has ever lived there. Three years ago Mr. Beech took his wife and son to Fort Churchill and "squatted" on what he considered would be the future site of the town, and he has so arranged matters that practically all the site of Fort Churchill will be owned by himself and son. Discussing the harbor, he describes it as the finest in the world—a deep basin surrounded by high cliffs. The entrance to the harbor is also deep and bordered by the cliffs but in five minutes from leaving Fort Churchill the ships can be in the bay. The country is rich in minerals, not in the immediate vicinity of Fort Churchill but some 200 miles distant, where gold and copper deposits of value have been located. To within about 100 miles of Fort Churchill the country is good for farming but immediately surrounding the fort the land is rocky and of but little use. Mr. Beech is of the opinion that the country south of Fort Churchill has a great future, and he says he cannot speak too highly of the possibilities of the Hudson's Bay as a short route to Europe. Prepations are now being made at Ottawa for surveying the townsite of Fort Churchill, which will be commenced some time this year. At the same time arrangements are being made between the dominion government and the Canadian Northern R. R. for the early completion of the 300 odd miles necessary to reach the bay. The company will receive a cash subsidy for the remainder of the route and at the same time the company's bonds will be guaranteed by the government. All western Canada as well as the central states are anxious for the completion of this line, for it will reduce the freight rates to European ports to a very material extent. To the farmers of Alberta and Saskatchewan it means an additional 25 cents per bushel for their wheat and other grains.

BACK TO HER RACE

Experiment With Little Brown Skinned Baby Was a Failure

NEW YORK, July 1.—After 14 years of treatment as a white child, little Christian Woodyear, the famous negro girl adopted by Mrs. Elizabeth Grannis, president of the National League for Christian Purity, will shortly go back to her race as a student at Booker T. Washington's Tuckegee institute. The attempt of Mrs. Grannis to place her "little brown-skinned baby" on a social equality with her white playmates has failed and little Christian will hereafter sail through life under her natural colors. Christian became nationally famouse when her playful antics resulted in the disruption of the congregation of which Mrs. Grannis is a member.

FISHING ON THE FRASER

New Law Will Not Be Enforced—End of Chinese Union With White Woman

NEW WESTMINISTER, July 1.—Instructions were received here today from Ottawa to the effect that the 60 mesh limit net for salmon fishing in the Fraser river, included in the recent fisheries regulations, would not be enforced this season, the department of fisheries having taken this step in view of urgent representations made to minis of marine and fisheries L. P. Brodeur.

A gasoline launch building plant is about to be started here by H. Stead, who is seeking to secure 60 feet of fresh water frontage for an industrial site.

Nip Sue, Chinaman, who some weeks ago caused a sensation by marrying a white woman who was shot at two days later in Vancouver, was this morning sentenced to four months in jail for keeping a house of ill-fame. His white wife will go to jail for three months. The other inmates of the house were heavily fined.

Alexander Coutts, after 22 years continuous service at the British Columbia penitentiary as guard and instructor, was yesterday presented by the other members of the staff with a gold headed cane and a valuable pipe.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or overbusy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better, but worse, of the wrong treatment, but probably wonder. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

CANADIAN CRICKETERS

Made Over 300 Runs at Philadelphia—Match Was Not Finished

PHILADELPHIA, July 1.—A team of former college players representing the Toronto cricket club in a match with the Philadelphia cricket club, which began here today, scored 311 runs in their first innings and retired three of the Philadelphians' best batsmen for 83 runs before play ended for the day.

Annable's Column

12 Reasons Why You Should Buy Burton City Fruit Lands

1. It is good soil, clay loam.
2. It is free from stone.
3. It is level land.
4. It is well watered; running water can be put in every house.
5. The blocks front on the lake.
6. The best of transportation; two boats daily.
7. You are close to good hunting, boating and fishing.
8. The land is easily cleared.
9. It is the centre of the fruit growing district of British Columbia, with orchards on the adjoining blocks.
10. The title is good.
11. It is close to town and market.
12. Our price is low and terms easy.

We quote below some of our large tracts of Fruit Lands which we are offering at wholesale prices.

These will be money makers for any one looking for an investment.

These lands are located on Lower Arrow Lake.

234 acres at Syringa Creek with 3-4 of a mile of lake shore. On this property there is a water record of 50 inches.

73 acres 10 miles above Robson on the lake shore.

450 acres on east side of Deer Park with water front.

1120 acres at Deer Park. The government wagon road runs through this property.

540 acres at Brooklyn, including the old town of Brooklyn; 30 acres cleared and over 40 buildings on the property.

712 acres opposite Edgwood Landing on the lake shore.

2200 acres in Fire Valley.

1860 acres south of Burton on the lake shore.

400 acres at Burton City.

320 acres, four miles above Burton City.

120 acres at Nakusp.

These lands have been selected by myself and while there is some waste land in places the surveys were made so as to cut out as much as possible those parts which were unsuited for fruit culture. In the above blocks there are 11 miles of shore.

Write for plan and prices if you are interested.

NEW WAY TO BE WELL

Healthfulness of Oranges.

The one lesson which most people never seem to learn is, how to guard their health.

We have been eating oranges since time immemorial, yet how many of us know that orange juice contains a medicinal principle which has a marked action on the stomach, bowels, kidneys and skin. Some physicians go so far as to say that they can cure the average case of Indigestion, Constipation, Billiousness and Dry Skin with orange juice and proper diet.

This can be easily proved to the satisfaction of any sufferer. Take the juice of one or two oranges every morning before breakfast, take one or two "Fruit-a-tives" every night at bed-time, exercise a reasonable care in diet, and the proof will be found in health.

The cure will be greatly assisted and hastened by taking "Fruit-a-tives" in conjunction with the orange juice. "Fruit-a-tives" are fruit juices in which the medicinal principle of oranges, apples, figs and prunes are many times increased by the special way in which they are combined. Then tonics are added and the whole made into tablets. "Fruit-a-tives" may be obtained at all dealers, or will be sent postpaid on receipt of price—50c a box—6 for $2.50. "Fruit-a-tives," Limited, Ottawa.

WHAT'S DOING IN CANADA

ITEMS OF INTEREST FROM YESTERDAY'S WIRES

THE DOMINION FROM THE ATLANTIC TO THE PACIFIC

CHARLOTTETOWN, P. E. I. July 1.—John Stewart, 19 years old, was drowned today by the upsetting of his boat in Indian river, near Kensington.

QUEBEC, July 1.—The steamer Amethyst, inward bound, is ashore at Green island, near the Saguenay river. She has a cargo of railway ties for this city.

TORONTO, July 1.—J. M. Pearin, at one time postmaster of Weston, today was committed for trial on a charge of fraud alleged to have been connected with the cashing of checks.

OTTAWA, July 1.—Three tramps were sent to jail this morning for one month to six months for having beaten a conductor and brakeman of the C.P.R. train at Streetsville yesterday because the latter had put them off the train.

TORONTO,, July 1.—This city will celebrate the 75th anniversary of its incorporation next year and members of the city council are already suggesting plans for a big demonstration.

Customs receipts at this port for June totalled $650,000 compared with $910,156 last year.

VANCOUVER, July 1.—Seattle Japanese have decided to withdraw their children from the public schools because, as was alleged at a meeting of the Japanese association of the state of Washington held last night, the education given is not satisfactory to them. The Japanese children and Japanese instructors will be substituted for Americans and American instructors, and the Japanese interested say diplomatically that all is due to a desire to avoid a possible repetition of the San Francisco trouble. This action was taken, it is said, upon advice of the Japanese consul, Tanaka.

VICTORIA, July 1.— The steamer Marama arrived today from Australia with 190 saloon and 93 steering passengers. Among the arrivals were sir James Mills, managing director of the Union Steamship company; Col. J. M. Denny, of the well known Dumbarton shipbuilding yards, who is returning from a tour of the Orient and Australia; Von Grunellus, of the German army; Capt. Moore, the United States governor of Samoa, and many others.

News was brought by the Marama of the narrow escape from disaster of the American ship Reuce, coal laden from Newcastle for San Francisco, which put back to Sydney with water rising rapidly upon her pumps after being buffeted by a strong gale, during which she was hove-to under lower topsails. The vessel was severely strained and her cargo shifted. The pumps kept the water down for a time but it increased after some exciting experiences. The vessel eventually got back to Sydney with six feet of water in her hold.

CELEBRATION

(Continued From Page 1.)

The ceremonies began by the singing of a hymn, "All Hail,' led by Rev. A. N. Frith and accompanied by the band. Then came a very brief exordium by the Rev. R. Newton Powell, which was followed by a prayer delivered by Rev. J. T. Ferguson. Rev. J. Smith led in the singing of the "Rock of Ages," which was followed by a short Scripture lesson taken from the Epistles and read by the pastor of the church.

Rev. J. Turner, in an address of some 20 minutes duration, went into the early days of the church in this province, which, when he arrived a pioneer in 1875, had but seven churches, three of which were under $1000 in valuation and had but eight ministers, three of whom were on probation. He contrasted those days with those of the present, when the number of churches had increased twenty fold and when some of them were valued at $100,000. He referred in glowing terms to the energy of the pastor of the Nelson church who had raised so handsome a subscription in the short space of a year and, referring proudly to the great Dominion of Canada and of the Greater Empire of which it formed a part, ended his address by calling a blessing upon all concerned in the new building.

A collection was taken up which realized largely, while the city band played an overture. Mayor Taylor then gave a short address congratulating the Methodist church upon its energy and referred to the permanency of religious institutions in this city.

J. A. Irving deposited a tin box under the corner stone containing a number of records of the city and church of the present year and a set of the coinage of Canada for the year 1907. These included a list of the officials of the church, of the mayor, aldermen and city officials, a financial statement of the condition of the church, the city annual reports for 1907, the papers published in the city, the proceedings of the grand lodge of Odd Fellows of this province, photographs of the Nelson fair in 1907, photographs of the exterior and interior of the old church, a list of the school trustees, a prize list and statement of the Nelson agricultural and Industrial association and a list of the members of Aberdeen hive.

Then came the presentation of the trowel to Rev. J. Turner by W. G. Gillett and the laying of the corner stone, a handsome marble block with 1908 conspicuously carved in relief upon it. Lastly came a hymn, "Onward Christian Soldiers," led by Rev. J. Winslow, and a benediction by Rev. J. Turner.

Then the crowd separated, the Odd Fellows and the ladies of the Maccabees going away in line of parade.

WET TEST

A good deal of interest was taken in the wet test, which took place on Baker street at 7:30 in the evening and resulted in a win for Nelson, the times being Rossland 32 seconds and Nelson 29 1-2 seconds. The Rosslanders ran first, being represented by T. D. Brown, H. Valentine, O. Demuth, W. Demuth, L. Jones, B. Gill, G. Griffith, B. Morgan, H. Stanton and J. Berg. They made a good run and but for an unfortunate accident—D. Demuth falling about half way in the run—the Rossland boys' time might easily have come much nearer to that of their opponents. Then came the Nelsonites, being represented by T. Nute, L. Patrick, M. Clunis, H. Bishop, A. Bishop, R. Bell, R. Sharp, J. Boucher, J. McDonald, A. Williamson and L. Steele. The local boys made a remarkably fine run and were declared to be easily the winners.

THE KILTIES

The Kilties band scored a decided success last night in its first appearance before a Nelson audience, in spite of the fact that a misunderstanding as to the hour led many to the exhibition building before 8 o'clock to wait on plain, backless benches for a concert that did not begin until 9:15, and of the further fact that the behaviour of a large number of half-grown boys was disgraceful and a source of great annoyance to those who wished to hear the music.

But as soon as the concert actually began these annoyances were forgotten in the instant recognition of the fact that the music was superior to anything of the kind that has been heard in Nelson for many years at least. Each individual was a master of his own instrument and the harmony and volume of the resulting music completely filled the big hall so that not only those at the back but others who had found softer seats in the galleries were at no disadvantage as regards hearing.

An overture, the second selection on the program, was made to include stanzas of "The Red White and Blue," and "The Maple Leaf Forever." Both airs were greeted with enthusiastic applause.

The Highland reel and the sword dance by members of the company were also very must admired.

The first sound from the pipers was greeted with roars of applause from a few natives of Scotland and many of Cape Breton, Glengary and Bruce.

On the whole the Kilties have "made good" and the people of Nelson are to be congratulated on having secured the opportunity of hearing them.

The Kilties will parade to the Recreation grounds this afternoon, where they will play a base ball game with the local players, and this evening the second concert will be given in the fair building.

THE DANCE

And last of all things, except the men who sang in the early hours of the morning the famous board of trade chorus, was the ball at the Alice rink. No finer hall is there in the Kootenays for a dance. With a good floor and good music and a good partner, and who is the man who on a celebration such as this does not think that his partner is just the thing? what more can be had to finish up a day of merry making, even if the finishing impinges upon the second day? There was a goodly crowd at the dance and a good time was had up to the very last of the extra extras.

HONORED BY OXFORD

Archbishop of Toronto and Two Americans Given Degrees

OXFORD, July 1—Oxford university today conferred a number of degrees upon prominent ecclesiastics. The archbishop of Toronto was given the degree of honorary doctor of divinity. Two Americans, Frederick Rogers Graves, protestant Epicsopal bishop of Shanghai, and John McKim, Protestant Episcopal bishop of Tokio, were also given this degree.

ABSOLUTE CONTROL

Crowds Cheer Balloon at Lucerne— Successful Ascension Is Made

FRIEDERICHSHAVE, July 1 — A telephone message just received here from Lucerne, Switzerland says that count von Zephelin is manoeuvring over that city and the lake Lucerne in his steerable balloon. Large crowds, composed of summmer tourists and the local population, have gathered on the lake front and are cheering the enormous craft as it circles over the lake apparently under the absolute control of its pilot.

Lucerne is about 65 miles as the crow flies from Friederichshave, where the ascent was made this forenoon. The airship reached Basle at 10:30 and Lucerne at 12:15. It is now at 5 o'clock in the afternoon returning to lake Constance via Zurich.

NELSON NEWS OF THE DAY

The Westmont mine shipped a couple of cars of ore yesterday.

The water in the lake according to Astley's water gauge, fell two inches yesterday, now registering 14 feet 2 inches above low water level.

The committee in charge wish attention drawn to the fact that all yesterday's unfinished races on the lake will come off this afternoon at four o'clock sharp.

Automobiling and a visit to The Daily News composing rooms formed interesting events for quite a number of the visitors last night. "This sure is a machinery town" was one comment made.

The Kilties concert tonight will finish at 10 o'clock in ample time to witness the illuminations in the water front and to take in the dance at the ring afterwards, despite the apparent overlapping of times on the official programme.

It is to be noted that the drilling contest begins tomorrow afternoon at 3 o'clock, not 5 o'clock as stated on the official program. There would be no time to pull through this keenly contested event if the later hour were substituted.

The line up of the senior baseball team which is to play the Kilties this afternoon is as follows: H. Houston, R. Cavanaugh, A. Bishop, E. Stopp, W. Sturgeon, L. Patrick, S. Lapoint, N. Bishop, R. Bluett and F. Loring. There have been a few changes and the boys are out to win if they can.

Some just cleared ground on the other side of the lake, about a mile above Nelson was observed to be on fire yesterday afternoon. There is danger of the whole side being set on fire and being again burnt off as was the case several years ago. It is only just now that the bare places are being covered with green vegetation. New comers may not be aware of the law on this matter which is that no fires are permitted to be set after the end of April.

One of the successful contestants in yesterdays launch races offered a suggestion afterwards that may be found worthy of consideration by those who serve on committees to arrange handicaps. He had lately witnessed a launch regatta on Liberty lake where each launch was required to carry two passengers for every unit of horse power. The result, he says was a very exciting race with only about 50 yards between the leader and tail ender at the close of a five mile race.

The game between the Kilties and the stellar aggregation of Charles Walmsley should be a good game. The Kilties play good ball and in a recent match with the Fernie team, which is thought to be the best in the whole of the upper country narrowly missed victory. On the other hand the indefatigable manager of the Nelson team has done wonders in the way of bringing his colts into the true methods of ball playing.

The Rossland paper says: It has been decided to select 16 non-commissioned officers and men from the 102nd Regiment as part of the fourth western contingent to represent the active militia of the district at the Quebec Tercentenary celebration. A Co., 102nd Regiment, is given the privilege of selecting one non-commissioned officer or man to be represented in the contingent, and a meeting of the company will shortly be held for the purpose of selecting this individual.

A generous and slightly "enthused" visitor early yesterday morning created all kinds of trouble later, by trying to get a corner on copies of The Daily News. He started out bravely buying copies from the early delivery boys at two bits apiece, and two bits a copy undermined the honesty of the boys, and consequently some of the subscribers suffered. The generous individual having got all the copies he could carry, absolutely declined to part with them and it was only by exerting some pressure that he was prevented from buying still more copies. This attention is highly flattering but as it is at the expense of subscribers The Daily News does not want it repeated.

Born, in this city on Dominion day to the wife of William McLeary, Carbonate street, a son.

The illumination of the post office list night under instructions from the department at the request of the celebration committee, was a very welcome innovation. Government buildings are too often left undecorated on festival occasions, and the lighting up of the handsome local building was appreciated. The two top stories fronting on Ward and Victoria streets were picked out in electric lights and with the Hume and Grand Central illuminations this particular centre of the city llooked very well last evening.

PERSONALS

J. Schofield is a visitor to the city.

S. G. Mavor, of the C. P. R. shops left last night on a trip to the coast.

J. M. Harris was a visitor from Spokane yesterday, stopping at the Hume.

S. Phipps, divisional mechanical superintendent of the C. P. R., is registered at the Strathcona.

James Thompson was down from Salmo taking in the celebration.

Among the visitors from Rossland yesterday were H. H. Gill and wife, who were accompanied by Frank Hobbs and Miss Beatrice Hobbs.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him $100.00

"In 1902 I had a very severe attack of diarrhoea" says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March, 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 I believe it would have me a hundred dollar doctor's bill." Sold by all druggists and dealers.

BISHOP POTTER

Distinguished Prelate Is Slowly Sinking —Physicians' Bulletins

COOPERSTOWN, N. Y., July 1.—Bishop Potter's physicions at 9:30 tonight issued the following bulletin: "Bishop Potter is gradually but perceptibly losing strength. He is still conscious, however, and is free from physical pain."

HENLEY REGATTA

Eton Again Victorious—Heats for the Diamond Sculls

HENLEY, July 1.—The second day of the Henley regatta. The crowd was somewhat larger than yesterday, but owing to the lack of foreign entries, was still far below the usual average. The racing, which yesterday was confined to eight-oared contests, was more diversified today and included heats for the Diamond sculls and contests between four-oared crews. In the afternoon Eton again was victorious in the second round for the Grand Challenge cup, defeating Cains college, Cambridge, by three quarters of a length.

IDEAL WEATHER

Dominion Day at Winnipeg—Thousands Go to the Lakes

WINNIPEG, July 1 — Ideal weather prevailed throughout the Canadian west today and Dominion day was celebrated in the usual manner, lacrosse, baseball and horse racing evnts bing th principal attractions. Thousands of people spent the day at lake Winnipeg and lake Manitoba, both the Canadian Pacific and the Canadian Northern running trains every hour to these popular resorts. Ringling's circus was the big attraction in the city and drew immense crowds at both afternoon and evening performances.

MEXICAN RAIDERS

Report of Attack Is Confirmed—The Leader Was Captured

CITY OF MEXICA, July 1—Reports of an attack on the village of Palmas by a band of 20 American raiders were confirmed. The attacking party was repulsed and their leader wounded and captured. The raiders are said to have come from Douglas, Arizona. Palmas is a town near the border and the telegram from Torreon and vicinity report quiet. The raiders who were near Viesca have been scattered in the mountains and several of them captured.

MORE CHOLERA

Disease Is Spreading but Manila Is Entirely Free So Far

MANILA, July 1.—The cholera has again gone from Pangasinan province to the province of Neuva Ecija through recent festivals. Only one town is affected and the others are endeavoring to confine the disease there. Pangasinan and Capiz are the only provinces in which the epidemic is serious and the total number of cases show a slight decrease. Manila is entirely free from the disease.

PAID UP

American Manufacturing Firms Pay Their Fines for Combining

NEW YORK, July 1.—Twenty-two members of the Manila Manufacturers association, who were fined $200 each recently for operating a combine in restraint of trade, paid their fines to the United States supreme court today. The other companies are expected to pay their fines in a few days.

FRENCH DUEL

One of the Principals Was Actally Wounded in the Arm

PARIS, July 1.—A duel with swords was fought here between M. Jouvenal, a brother of the present editor of the Matin, and a lawyer named Baudet. M. Baudelet was wounded in the right arm. The quarrel between the two men was over a libel suit brought by senator Humbert against the Matin for involving him in the swindles recently conducted in Paris by Henry Rochette. The case was called yesterday and while it was being heard M. Baudelet slapped M. Jouvenal in the face. The latter retaliate by smashing his cane over M. Baudelet's head, and a challenge followed.

The Button Oxford

has a smartness of its own.

It is a style much sought after by women of fashion.

Welcome

We extend a hearty invitation to all Visitors to the Celebration to make our store their Headquarters during their stay in Nelson, and especially our Out-of-Town Customers. Writing Tables and materials for correspondence at your service.

We are Headquarters for everything in Drugs, Stationery, Souvenirs, Photo Supplies and Wall Paper.

Canada Drug & Book Co.
