VOL. 7 NELSON, B. C. SATURDAY MORNING, SEPTEMBER 12 1908 NO. 121

Legislative Assembly SEP 15 1908 LIBRARY

872

VISIT NELSON

Scottish Agriculturists Tour Canada

DELIGHTED IN KOOTENAYS

TAKEN A TRIP UP THE ARM BY RANCHERS AND OTHERS — THREE OF PARTY PREFER GOING THROUGH BY THE CROW TO BANFF ROUTE.

Three members of the Scottish Agricultural commission now on a tour of inspection of Canada arrived in Nelson on Thursday evening in the persons of J. M. Hodge, R. G. Greig and G. L. Aiken, who were met in Winnipeg by E. B. McDermid of Nelson and induced to make the trip to the coast by way of Southern Kootenay.

The commission is composed altogether of some 22 members, the remainder of whom are travelling via the main line to the coast.

They have visited every province of Canada and the following particulars of the three members who visited Nelson are of interest:

R. B. Greig, F. R. S. E., Fellow of the Royal society, Edinburgh; Fordyce lecturer, Aberdeen university (since 1903); lecturer on agriculture, Aberdeen and North of Scotland Agricultural college (since 1904); secretary of the departmental committee appointed by the board of agriculture to investigate diseases of sheep; was farm manager at Carievale, Sask., Canada, during 1893 and 1894, and was farming at Balcurvie in Fifeshire, Scotland, during 1895, 1896 and 1897.

J. M. Hodge, member of the Perthshire county council, Fellow of the Royal Economic society, member of the Scottish agricultural commission to Denmark (1904), and to Ireland (1906); editor in conjunction with Dr. Carlaw Martin of the reports "Farming in Denmark," and "The Revival of Agriculture in Ireland;" is a lawyer, land agent, and farmer in Blairgowrie, and has taken an active part in the development of fruit culture in Scotland, and has laid down hundreds of acres under fruit.

G. L. Aitken, solicitor and banking agent, of Kirkcaldy, Fifeshire. Mr. Aitken farms over nine hundred acres of arable land in Fifeshire. He was a member of the Scottish agricultural commission of Denmark in 1904, and of Ireland in 1906.

The Scottish agricultural commission to Canada is the successor, of similar commissions to Denmark and to Ireland in previous years. It is self-constituted, the original party of investigation being the result of voluntary effort on the part of a number of leading agriculturists of all parts of Scotland, promoted mainly by the Right. Hon. John Sinclair, secretary for Scotland and a cousin of the Nova Scotia baronet, soldier, farmer and sportsman, Sir John Rose George Sinclair, who is a member of the present party. The reports of the commissions on Ireland and Denmark have become classic documents in the agricultural literature of Great Britain, and for this reason the report on Canada which country is much in the public eye at present, is being looked forward to on all sides with the utmost interest. Each of the active members of the commission is a specialist on a certain branch of agriculture, and each will write that chapter of the report dealing with his own special branch. The whole is edited by Dr. Carlaw Martin, one of the most brilliant journalists of Scotland, editor of the Dundee Advertiser, acting as chairman of the party; and the commission as a whole exercises a controlling hand over the writing of each of its members.

The commission, while having an excellent time, is of the most serious character, and on the train all its members are extremely busy either making up their notes of what had come to notice during the day or comparing notes with other members. It is their practice to get together in the evening and talk matters over, and in this way a strong and solid body of opinion seems to be in process of formation which will make the report a coherent and organic whole. Caution in reaching conclusions is the conspicuous feature of the attitude of all the members. Wherever they find differences of practice from those in vogue in Scotland or elsewhere they inquire most carefully into the reasons for them before passing any opinion, and the universal assumption is that when there is a local peculiarity of practice the local men probably know their own business better than strangers.

David Wilkie, who was selected as chairman of the commission, is the only member of the party unable to come to Canada. Shortly before the date of departure, a group of mills of which he is owner and which provide the sole support of the village of Cralgo, was burnt to the ground, and Mr. Wilkie considered it his bounden duty to remain at home and see that his employees were provided with work at the shortest possible notice. His place as member of the commission is taken by George Aitken, of Kirkcaldy.

Yesterday the visitors were specially entertained by C. F. McHardy and E. B. McDermid who organized a launch party in their honor. A very pleasant time was spent in visiting various points of interest on the arm and the party were specially entertained at J. J. Campbell's ranch at 6-mile.

Among those present beside the hosts and guests were: F. M. Black, C. W. Busk, E. A. Crease, J. Laing Stocks and W. C. Snowdon Gard, the last named being a visitor from London, England.

WINNIPEG STOCK YARD.

Arrangements Are Being Made by Railway Company.

WINNIPEG, Sept. 11.—It will probably be some days yet before any official announcement is made as to the plans of the new Winnipeg stock yard company, which is preparing to build in St. Boniface. While many of the details have been completed, including the acquiring of the land needed, the terms under which it will be held and the management are still to be worked out.

"I can make no definite announcement at the present time," said F. W. Peters, this morning, "I expect, however, that a meeting will be held within a few days, at which William MacKenzie and C. M. Hays will be present, when final arrangements will be discussed. The owners of one or two small pieces of property which we should have held out for high prices, but we have finally succeeded in closing with them, so that now we have 238 acres in one block which is so laid out as to be most convenient for stock yard purposes.

FIGHTING FOREST FIRES.

Outbreak in Southern California Causing Serious Loss.

LOS ANGELES, Sept. 11.—One hundred and fifty men are fighting a fire which threatened the own of La Crescenta and the valley west of Pasadena last night, and has burned over an area of thirteen square miles, a portion of which is included in the San Gabriel forest reserve. The fire started yesterday when a rancher attempted to burn some brush.

Three residences near La Crescenta were destroyed and the old Gould castle, one of the landmarks of the valley was only saved after desperate efforts. Much timber has been consumed and the water supply is seriously damaged.

THE BISHOP DONTENWILL

SUCCEEDS ARCHBISHOP ORTH AT VICTORIA

PROMOTION OF PRELATE WILL BE LIKED AT COAST

ROME, Sept. 11.—The last meeting of the congregation of the propoganda for the discussion of American questions was held yesterday. Cardinals Satolli, Gaviochioni, Saga and Martinelli were present at the meeting, which was presided over by cardinal Gotti. The discussion, which lasted over three hours, was almost entirely on the case of the coadjutorship of San Francisco. Finally, because of the irregularity with which the ticket of candidates was formed, the congregation decided to ask archbishop Riordan to have new candidates proposed by irremovable rectors and archbishops in the United States.

The appointment of bishop Muldoon of Chicago to the post of Rockeford, Illinois, was unanimously approved.

The congregation approved the transfer of the seat of the Canadian ecclesiastic province of Victoria from Victoria to Vancouver appointing the Rt. Rev. Augustin Dontenwill, bishop of New Westminster, archbishop of Victoria, in succession to archbishop Orth, resigned, and appointed the very Rev. Alexander McDonald, vicar-general of Antigonish, the new bishop of Victoria.

The news that the Rt. Rev. bishop Dontenwill of New Westminster, has been appointed archbishop of Victoria, in succession of archbishop Orth, who was recently compelled to retire owing to ill health, will be received with a great deal of satisfaction by residents of this province in general and by those of New Westminster and Vancouver in particular. The bishop succeeded to the See of New Westminster in 1899 and since that time by sheer force of hard work and self sacrificing labors he has greatly endeared himself to those with whom he has come in contact and to many others outside the fold. His grace, who is an Alsatian by birth, is a graduate of Ottawa college, Ottawa. He joined the famous Oblates of Mary Immaculate in 1878, and was professor of natural history, languages and drawing in the college until 1889, when he was transferred to New Westminster. Until 1896 he occupied the position of director of St. Louis' college, being afterwards consecrated bishop of Garmanicopolis, and coadjutor bishop of New Westminster in 1897.

Unless the previous arrangements are changed the new archbishop is not expected home until Christmas time.

ANTICIPATE THE MARKET.

Coast Lumbermen Advance Ratet $2 Per Thousand.

(Special to The Daily News.)

VANCOUVER, Sept. 11.—The local millmen today practically decided on an advance in lumber of $2 per thousand. The new rate will go into ecect after formal action next week.

Rear End Collision.

NEW YORK, Sept. 11.—At least two persons were killed and many are believed to have been injured in a rear end collision of two trains at Myrtle and North Oxford streets this afternoon. The first car of the last train was telescoped by the rear car of the other train. Firemen are chopping out the dead and injured.

IS CONQUERED

Abdul Aziz Accepts Rule of Mulai Hafid

CHIEF NOT SO AMENABLE

WILL CONTINUE FIGHT AGAINST NEW SULTAN—REPORT OF A FIGHT HAVING OCCURRED — ALGERIANS OBJECT TO BE IN THE WAR.

PROVINCIAL LIBRARY.

CASA BLANCA, Sept. 11.—Abdul Aziz, the former sultan of Morocco, who has been vanquished by his brother, Mulai Hafid, has written a letter to M. Tougi, one of his leaders, thanking him for his support but saying he had decided to abandon the struggle. M. Tougi replied that he would never submit to Mulai Hafid, and it is believed that he intends to enter the field against the new ruler of the empire.

PARIS, Sept. 11.—A special despatch from Tangier says that chief Mougi won a great victory over the Hafid forces near Morocco city on September 3rd.

ALGIERS, Sept. 11.—The inhabitants of the Rovigo district to the number of three thousand demonstrated in front of the public building at Rovigo yesterday in the belief that they were to be drafted for a war with Morocco. The disturbances continue despite efforts to reassure the natives.

DRYDEN MATCH.

Great Shooting Tournament of Military Riflemen.

SEAGIRT, Sept. 11.—The Dryden match for a $9000 trophy presented by John F. Dryden, former United States senator was the principal event on today's program of the great shooting tournament. To the military riflemen this contest is second in importance only to the national match and it is the most important event of the Seagirt shoot. Governor Fort and ex-senator Dryden were in the large gallery of spectators who watched the shooting in this match. Again the riflemen were favored with a perfect day. The teams participating in the Dryden match were composed of eight men, representing the United States cavalry, the United States navy, the United States marine corps, Ohio, Maryland, New York, New Jersey and the district of Columbia. The members fired ten shots each at 200, 600 and 1000 yards. In addition to the trophy, the winning team receives $150.

ENTHUSIASM AT COAST

G. H. COWAN'S CANDIDATURE IS EMPHASIZED

SPEECHES BY M'BRIDE GOVERNMENT IN SUPPORT

(Special to The Daily News.)

VANCOUVER, Sept. 11.—Reports that the candidacy of G. H. Cowan was distasteful to the provincial cabinet were emphatically given the lie at the conservative rally here tonight when premier McBride, W. J. Bowser and Dr. Young addressed the mass and overflow meetings in Cowan's interests. All promised hearty support and declared the nomination wise. The premier said the campaign throughout the province would be fought on better terms and upon the Asiatic question. Hon. W. J. Bowser announced that at the premier's request he would represent the provincial party in the eastern campaign leaving next week. The utmost enthusiasm marked the meeting.

CALAMITY IS INEVITABLE

GRAND MARAIS IS DOOMED BY FOREST FIRES

THOUSANDS OF PEOPLE ARE NOW HOMELESS

DULUTH, Sept. 11.—Beaver Bay, on the north shore of Lake Superior, 80 miles northeast of Duluth, is reported to be burning. The citizens have appealed to governor Johnson for aid. The Booth ship America has gone to the rescue. Fires rage all over Lake and Cook counties. Hundreds of homesteads have been burned and 2,000 people are homeless. Grand Marais, 100 miles from Duluth on the north shore is surrounded by fires and the training ship Gopher is taking citizens on board.

Latest reports say the fire has overwhelmed the fighters and the outskirts of the town are burning. The town appears to be doomed and it is feared that before morning 1,500 people will be homeless.

DULUTH, Sept. 11.—Unless a heavy rain falls within the next 48 hours the total destruction of every town on the north shore of Lake Superior in Cook county is almost certain. No rain has fallen in this district since July 10th and everything in the woods is as dry as parchment. This evening the wall of fire with a heavy wind behind extends all the way to the settlements.

Wild eyed and shaking with fear the inhabitants are gathered along the shore prepared to take to the lake in small crafts should the worst come. Within less than two miles of Grand Marais is in flames a tract of spruce and bush over three miles in length. A strong land breeze from the northwest is at present shooting the fire along the outskirts of the town giving the village a lease of life. Conditions at Pigeon river Indian reservation Big bay Chicago bay, Cascade, Coston and Tutson are similar to those existing at Grand Marais.

YESTERDAY'S BASEBALL

Tacoma, 3; Vancouver, 2.

Abrdeen, 6; Spokane, 4.

Butte, 5; Seattle, 3.

AEROPLANISTS VICTORIOUS.

Matter of Time Before Conquest of Air is Assured.

PARIS, Sept. 11.—Expert writers on aviation this morning devote columns on the newspapers to the importance of Orville Wright's flying feats at Fort Myer and liken its effects throughout the world to the circling of the Eifel tower by Santos Dumont in 1900. With practical unanimity, they hail the Fort Myer performance as marking the definite conquest of the air.

The majority of writers think it is now only a question of time before the Wrights or some other aeroplanists will win the London Daily Mail's prize of $50,000 for a flight from London to Manchester and M. Michilin's prize of $20,000 for a flight from Paris to the dome of the cathedral at Clermont Ferrand. This latter competition is open until 1916.

LOST IN FOREST SMOKE

METHODIST CONFERENCE IN DIFFICULTIES

FEARS FOR THEIR SAFETY ARE ENTERTAINED

HOUGHTON, Mich., Sept. 11.—About two hundred ministers, many of them accompanied by members of their families had a difficult journey in reaching this city for the annual conference of the Methodist church of the district. A steamer carrying fifty of them ran on the rocks on Little Traverse island, and another steamer carrying 150 of the delegates was for several hours yesterday lost in the smoke from the upper Michigan forest fires. The steamer Conestaga ran aground about four a. m. yesterday and at latest reports has not yet been released. The Conestaga was not badly damaged, however, and was not leaking.

Considerable alarm was felt when the steamer Russia did not arrive until several hours after she was due, and when she came into port, it was explained that she had lost her bearings in the smoke that hangs thick over the lake.

CHICAGO POLITICIANS.

Indulge in Hand to Hand Fight in Public Street.

CHICAGO, Sept. 11.—Former city collector Joseph S. Martin, for many years a leading democratic politician and adviser of the late governor Altgeld, was arrested last night after a desperate encounter with Peter McLeod, a contractor, in which McLeod was stabbed twice and Martin was severely injured.

The fight took place before the Martin and McLeod homes. Both men were taken to a hospital and both will recover. The men had quarrelled over money alleged to be due Martin, for whom McLeod ha dacted as real estate agent.

FERNIE RELIEF COMMITTEE.

Meeting Held at the Publicity Bureau Last Evening.

A meting of the Fernie relief fund was held in the Publicity Bureau last evening. There were present the mayor, Messrs. Black, Gigot, Byres, Baillie, Gillett, Starkey, Spink, W. Irvine and E. K. Beeston secretary. His worship the mayor presided.

The secretary reported that he had written to the secretary of the relief fund at eFrnie in accordance with the instructions agreed upon at the last meeting but had received no reply.

The mayor having explained the reason of the meeting, a discussion as to the best means of dealing with the balance on hand, about $2,300, then ensued and it was resolved to appoint a special committee to ascertain the actual needs and probable best means of assisting them out of this fund.

Messrs. Gillett, Byers, Black and the secretary were appointed a committee to report to an adjourned meeting to be held on Monday at 5 p. m. at the same place.

Subsequently to the adjournment the secretary received a lengthy letter from the secretary of the relief fund explaining fully the opsition of affairs.

Was Insane.

NEW YORK, Sept. 11.—That Mrs. Charles Hitchcock who killed her husband last November was insane then, and is still insane was the opinion expressed today by the expert commission of three alienists, who had been appointed by the court to examine into the woman's mental condition.

May Not Raise Rates.

ROCHESTER, Sept. 11.—Judge Benton in the supreme court today sustained the injunction restraining the Independent Order of Foresters from raising the assessment rates.

ARE ALARMED

Safe Blowers Disturbed at Their Work

ROBBERIES AT CRANBROOK

POST OFFICE VISITED WITH BUT SMALL RESULT — BURGLARS DISAPPOINTED BLOW OPEN SAFE OF FINK MERCANTILE COMPANY'S STORE.

(Special to The Daily News.)

CRANBROOK, Sept. 11.—This morning at about 2 o'clock the safe in the office of the Fink Mercantile company store was blown open with nitro glycerine the outer doors being torn from the hinges. Luckily the inner steel doors remained intact and nothing whatever was taken from the premises. The explosion awakened the employees upstairs who rushed down to find that the robbers had decamped probably on hearing the front door being opened.

Examination showed that the criminals had effected an entrance through a window in the basement and escaped by the back door leading to the lane. An overcoat had been thrown over the handle of the dial that operates the combination and apparently a stroke of a hammer knocked off the covering disk allowing an aperture into which the nitro had been poured and the blown clear across the office leaving a dint in the plaster but strangely enough a number of ink bottles on the top of the safe were not thrown down.

The facts point clearly to the intimate knowledge the parties must have gained of the premises. Earlier in the night the same parties entered the post office by the delivery wicket, an aperture only twenty-three by fourteen inches. They burst open one drawer in which the cash is kept in the day time and got away with seven or eight dollars of which two dollars and fifty cents was in Straits Settlement silver. One coin was a fifty cent piece, the rest being in ten cent and five cent pieces. The police have rounded up some eight or ten toughs on suspicion who will have a hearing in the police court this afternoon. So far there is not the slightest clue to the perpetrators of the first safe cracking exploit in the history of Cranbrook.

AN AMAZON OF COLORADO

SHOOTS TWO MEN IN A REGULAR BATTLE

POSSIBLY MORE OF THE UNWRITTEN LAW

CRIPPLE CREEK, Sept. 11.—Armed with a rifle, Miss Annie Coplon of Gillette, 13 miles from here fired as rapidly as she could into a group of men, who were making a disturbance in front of her mother's home last night. Robert R. Young, the operator of the cyanide plant at Gillette was wounded over the right eye and cannot recover. Wilbur Rand was shot in the left leg. Miss Coplon was brought to Cripple Creek.

According to the mother's story, the men were shouting and singing and the girl stepped out upon the front stoop and requested them to desist. One of the men, she declared, fired at the girl, the girl immediately seized a rifle and prepare to do battle. Every shot she fired took effect. As soon as the two men fell the others fled. The young girl was arrested by a deputy sheriff.

Young is married and has three children.

JAPANESE IN HAWAII.

No More Immigration Allowed Into Sandwich Islands.

HONOLULU, Sept. 11.—According to word received today Miki Saito, formerly Japanese consul to Hawaii and now head of the emigration bureau of the foreign office, has prohibited further emigration into Hawaii on the ground that there are now sufficient laborers there already. An increase he says would result in replacing the weaker by the stronger.

Japanese who have returned to their native country will be unable to get back to the island.

BAD BOUNDARY ACCIDENT

FATAL RESULTS MAY YET SUPERVENE

OCCURS ON LEVEL CROSSING NEAR EHOLT

A passenger from the Boundary tells of a serious accident, which occurred at Grand Forks on Thursday morning at a quarter to eleven and which may possibly lead to fatal results.

It appears that No. 8, the regular daily freight train from Eholt, had left Grand Forks station a few minutes previously and was just approaching the bridge across the Kettle river, three-quarters of a mile east of the station when the locomotive struck a wagon, smashing it to pieces and hurling its two occupants to the ground. Fortunately both of them were thrown to one side of the railway tracks, otherwise a double fatality would have to be chronicled. As it is, one of the parties, Percy Andrews, sustained very severe injuries. His skull was fractured and he also had his spine hurt, besides being very badly bruised. He was speedily removed to the hospital, where Dr. Kingston, the C. P. R. surgeon at Grand Forks, attended to the case and did everything possible to alleviate his sufferings.

The other occupant, a brother of the injured man, had a miraculous escape and practically got off scot free. A bad shaking up and a few bruises was about the whole result as far as he was conconcerned. The horses also escaped unhurt. Strangely enough, a pig, which was in the wagon also escaped injury.

As far as could be learned no possible blame can be attached to the train crew. The spot is approached round a blind curve, but the engineer blew his whistle a quarter of a mile from the crossing and the fireman was ringing his bell at the time. It would appear also that the train was being run at a slow rate of speed.

FARMIN AHEAD OF FIELD.

Best Shot in Western Boosters Trap Shooting Tourney.

(Special to The Daily News.)

SPOKANE, Sept. 11.—A special to the Spokesman from Anaconda says E. D. Farmin of Sand Point, was high average man for the western boosters trap shooting tourney, which closed here today. He broke 571 out of a possible 600, and was far ahead of his field.

Eastern men took second and third places. F. Bills of Minnesota led the professional shots with 574.

GREGORIE IS ACQUITTED

COURT ROOM RESOUNDS WITH HOOTS AND CHEERS

DREYFUS AFFAIR AGAIN THOUGHT TO BE BURIED

PARIS, Sept. 11.—With the acquittal tonight by a jury in the court of Louis A. Gregorie, who fired upon major Dreyfus during the ceremonies of last June, incident to the placing of the body of Emil Zola in the Pantheon, the Dreyfus affair, which has divided France into two camps for the last twelve years may be said to have been buried beyond all possibility of resurrection. The government, it was evident by the remarks of the advocate general in summing up, did not want a severe sentence which would make a martyr of M. Gregorie, but merely a correctional sentence which would allow the matter to die out.

It was so generally anticipated that the court would condemn Gregorie to six months imprisonment that his complete acquittal partook of the nature of a climax. Those present in the court room gave evidence to their feelings according to their political views and the court resounded with mingled hoots and cheers. The president of the court, however, soon quelled the disturbance by having the hall cleared. An attempt was made at a manifestation outside the building but his was frustrated by the police.

EXTORTING BLACKMAIL.

Scathing Arraignment of a New York Policeman.

NEW YORK, Setp. 11.—William F. Waltman, formerly a member of the police department, today was sent to prison for extorting money from women on the street while he was doing duty as a patrolman. He was sentenced to serve not less than three and not more than five years in the state prison. In pronouncing sentence judge Malone delivered a scathing arraignment of the prisoner.

CONTINUING THE VOYAGE

UNITED STATES FLEET NOW OFF WEST AUSTRALIA

HEARTY WELCOME BEING EXTENDED TO VISITORS

ALBANY, West Australia, Sept. 10—After a 1300 mile voyage from Melbourne, the American battleships dropped anchor at 7 o'clock this morning off King's point at the entrance to Princess Royal harbor in King George's sound. Great crowds witnessed the coming of the fleet, the sighting of which off Break Sea island was reported several hours before. In answer to a wireless message of welcome sent to the fleet by the Hon. M. J. Moore, the premier of West Australia, rear admiral Sperry despatched the following wireless from the Connecticut.

"Premier of Western Australia. On behalf of officers and men of United States fleet I thank you and the people of Western Australia for your cordial greetings. (Signed) Sperry."

PLAYING WITH FIRE.

Two Children Burned to Death and House is Destroyed.

PLATTSBURG, N. Y., Sept. 11.—The five year old daughter of Charles Gratton and the three year old daughter of William Brown, Jr., were burned to death Thursday night in the double tenement house in which the families resided three miles west of here. Their parents had gone to the fair leaving the children in care of their grand parents who lived across the road. The little girls ran away returning home to make jack o'lanterns and while playing with matches set their clothing afire. The house and barn were destroyed.

MAKE APPEAL

Protestant Alliance and the Pope

EUCHARISTIC CONGRESS

PROTESTANTS ASK SECRETARY OF THE POPE NOT TO CARRY THE HOST WITH THE VESTMENTED PRIESTS THROUGH STREETS OF LONDON.

LONDON, Sept. 11.—After the celebration this morning of pontifical high mass in Westminster cathedral by the archbishop of Utrecht, who was assisted by a number of other prelates, the delegates to the international Eucharistic congress, which is holding its nineteenth annual session in this city, separated to attend the various sectional meetings scheduled for the morning hours.

The Protestant Alliance announced today that contrary to report, it had not applied for an injunction against the procession of Sunday, having been advised that it was too late to resort to this course. Some sensation has been caused here by the publication of a letter received by the secretary of the Alliance, and signed by a man claiming to be secretary of the "Catholic anti-Bigotry Society," in which the leading members of the Alliance are threatened with death if the procession is interferred with. The writer is supposed to be a crank.

But in continuing its opposition to the appearance of the host in the procession to be held in this city next Sunday in connection with the Eucharistic Congress, the Alliance today telegraphed an appeal to the pope's secretary to prevent the carrying of the Host and the wearing of vestments on this occasion.

The appeal says: "The Protestant feeling in London and the province, which you are doubtless aware have increased enormously since Tuesday and the country is now looking to you to prevent the law of the land being broken." The appeal concludes with these words: "Any other course will involve grave danger to the public safety."

THE KAISER AS A TOURIST

SEIZED WITH A LONGING TO VIEW WEST FRANCE

FRENCH ARE SURPRISED BUT ARE COURTEOUS

PARIS, Sept. 11.—The government today received official information that the kaiser, the army manoeuvres at Alsace being at an end, would this afternoon cross the French frontier in an auto as a "simple tourist" for the purpose of enjoying the magnificent view from the top of the Schlucht mountains. Although considerably astonished that the kaiser should choose the present moment for the first visit to French territory made by a German emperor since the king of Prussia was proclaimed emperor at Versailles in 1871, the government at once despatched instructions to the customs officials to allow the imperial automobile to pass the frontier without examination and for the proper guard of the route by gendarmes to prevent any unfortunate incident.

According to the official advices, the kaiser will have to traverse only about one hundred yards of French soil in order to reach a point where he can view the splendid panorama. The view includes the plains of Upper Alsace, the lakes of Longemer and Grandarmere, and the valleys of the Vologne and Mosiotte rivers, which flow through pine forests into the Moselle.

WILBUR WRIGHT AGAIN.

Further Experiments Being Made Near London.

LEMAS, Sept. 11.—In spite of the heavy fog that prevailed this morning, Wilbur Wright the American areonaut, was out at an early hour.

Almost immediately after he started his aeroplane was hidden from the view of the spectators by the thick mist. After describing a large circle he returned to the starting point and alighted, having being gone two minutes and fifteen seconds. He made another attempt a little later but the fog was still too heavy. At 8 o'clock the weather had cleared and Mr. Wright made his third attempt with the intention of making a long flight. He had trouble, however, with the sparking apparatus of his motor and was forced to come down after being four minutes and fifty seconds in the air.

WILL AGAIN MEET.

Fight Arranged Between Ketchell and Papke.

SAN FRANCISCO, Sept. 11.—Despite recent predictions to the effect that Stanley Ketchell would not soon obtain another match with Bill Papke, who defeated him at Los Angeles last Monday, the men agreed last night to meet under the former conditions in this city on the night of November 25th, Thanksgiving Day. Promoter John J. Gleason made the match and half of the receipts will be divided between the fighters on a basis of sixty and forty per cent.

Hewson Underwear

We have expended an immense amount of time and study in regard to the different types of human figures; with the result that we have perfected a line of underwear that will fit practically every figure snugly and comfortably. One proof of the superior fit of Hewson Underwear is in the entire absence of bagginess under the arms. Buy your right size in underwear bearing the Hewson oval trade mark and enjoy the restful comfort of perfect-fitting pure wool underwear.

THE KASLO FRUIT FAIR

EVERY EFFORT BEING MADE TO MAKE IT SUCCESSFUL

EXTENT AND ATTRACTIONS ENLARGED THIS YEAR

The third annual Kootenay Lake Fruit Fair, which is to be held at Kaslo on September 17 and 18, being Thursday and Friday of next week, promises to be a very successful event and to reflect credit to the good people of that town. C. H. Bonner, the energetic secretary of the Kaslo District Horticultural and Fruit Growers' Association, under whose auspices the fair is being held, was in Nelson this week and kindly gave a Daily News scribe some particulars of the leading features, which are to form part of the chief attractions.

On the first day of the show there will be a baseball match between picked teams representing Nelson and Kaslo. This will take place in the afternon, and, in the evening, there will be two special events. The one will be the inauguration of a new lodge of the I. O. O. F., at which the members of Kootenay and Queen City Rebekah lodges from Nelson will be present. Besides this there will be a grand promenade concert.

The leading attraction of the second day, September 18th, will be the baseball match between the Kaslo Eagles and the Nelson Eagles, between whom considerable rivalry exists. The Kaslo aerie announce their firm intention of making the feathers fly, while on the other hand the aggregation from Nelson are taking up a lot of rooters with them and thoroughly expect to cuttify the birds of the northern aerie. One thing is a cinch and that is that there will be something doing all the time. The umpire will be armed with shears of generous proportions, with which to clip the feathers of any birds who may get too gay.

In the evening there will be a grand ball in the armoury hall, for which special preparations are being made.

A new feaure of the fair this year will be the poultry section, of which J. P. Winters of the Sunflower ranch, Nelson, is to be judge, some sixty-six prizes being offered. There will be 131 prizes for fruit, 56 for vegetables, 62 for flowers and 32 for preserves and jellies.

RULES AND REGULATIONS.

1. *Entries: All entries for competition* must be made to the secretary on or before Monday, September 14.

2. All entries must be made in the name of the producers or manufacturers only, and by such producers in person or their agents duly authorized. Any person making entries as an agent for *more than one producer or manufacturer* must pay the usual entry fee for each of such parties.

3. The show grounds will be open for the reception of exhibits three days before the commencement of the show. Any exhibit may be shipped to the care of the secretary, but in no case will such *exhibit be brought* onto the grounds and placed on exhibition except by and at the expense of the owner or his authorized agent.

4. On the entry of each exhibit a card will be furnished the exhibitor specifying the class, division and number of entry, which card must remain attached *to the exhibit during the exhibition.*

5. Exhibitors must at all times give the necessary personal attention to whatever they may have on exhibition, and at the close of the show take charge of same.

6. Though the directors will take reasonable precautions to insure the safety of the exhibits sent to the show, they wish it to be distinctly understood that the owners themselves must take the risk of exhibiting them, and should any exhibit be accidently injured, lost or stolen, the directors will give all the assistance in their power towards recovery of same, but will not make any payment for the value thereof.

7. Non-members may enter any articles on paying an entrance fee of 10 per cent of the value of the prize for which he competes.

8. Exhibits will be received at the grounds up till 8 p. m., September 16th.

9. Exhibits can be sent to the secretary by parties not wishing to attend the show.

10. The judges will be appointed by the board, and will receive a circular informing them of the fact and inviting them to act.

11. The judges will report to the secretary on the grounds.

12. No person shall act as judge in any class in which he is an exhibitor. It shall be the duty of the judges, before leaving the grounds or city, to ascertain whether any protests have been filed against their awards in any class they have judged, in order that explanations may be duly represented to the board.

13. In addition to the stated premiums offered for exhibits enumerated in the list, the judges shall have power to recommend premiums not enumerated, as they may consider worthy, and the directors will determine whether any premium be awarded, and the amount of such premium. The judges may also distinguish such exhibits, as they may consider deserving of notice, but which have not received prizes, by ticket with the words "Highly commended."

14. In the absence of competition in any section, or if the articles exhibited be of inferior quality, the judges are instructed to award only such premiums as they think the articles deserving of. *They will exercise their discretion as* to whether they will award the first, second, or any premium.

15. The grounds will be open to the public at 1 p. m. on the day of the fair.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on chronic coughs, bronchial and throat troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, *even when accompanied by bleeding from* lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

Nestle's Food

TRADE MARK

The Perfect Substitute for Mother's Milk

Nestle's Food is a complete diet in itself. It requires no milk to prepare, but is ready for the bottle when mixed with water.

It is made from cows' milk—but so treated and modified that it contains all the constituents of mother's milk, in a form that will be readily digested and assimilated.

If you cannot nurse your baby, don't risk its health—perhaps its life—by feeding cows' milk. Use Nestle's Food and protect the baby against summer stomach and bowel troubles. 66

A Travelling Man's Experience.

"I must tell you my experience on an East bound O. R. & N. R. R. train from Pendleton to LeGrande, Ore.," writes Sam A. Garber, a well known travelling man. "I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said, 'There is a woman sick unto death in the car." I at once got up and went out, found her very ill with cramp colic, her hands and arms were drawn up so that you could not straighten them, and with a deathlike look on her face Two or three ladies were working with her and giving her whiskey I went to my suit case and got my bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy (I never travel without it,) ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil; then I had quite a time to get the ladies to let me give it to her, but I succeeded. I could at once see the effect and I worked with her rubbing her hands, and in twenty minutes I gave her another dose. By this time we were almost into LeGrande, where I was to leave the train. I gave the bottle to the husband to be used in case another dose should be needed, but by the time the train ran into LaGrande she was all right, and I received the thanks of every passenger in the car." For sale by all druggists and dealers.

Hoover's Ranch for Sale

The Hoover ranch, comprises about 130 acres, crown granted, located along the base of the mountain opposite Nelson, having about one half mile of lake frontage. There are many qualifications about this property not commonly possessed by ranch or fruit land generally. The location, directly opposite one of the finest and most prosperous cities of British Columbia and about five minutes distant by boat or steam launch. The most attractive residential location of all the suburbs of Nelson. An elegant location for a city park, with *all kinds of land and water attractions. With a small outlay over* the purchase price, ready money can be made at once in the summer hotel line. As a fruit ranch, and poultry farm it is now producing a fine income for the owner. For subdivision in residential building sites unequalled by any, and increasing in value.

Usual commission allowed broker making sale.

CURZON'S

THE HOME of FASHION

It is worth your consideration—the perfection of fit, style and finish at the minimum of cost. For years past we have made tailoring our special study, until to-day it is no exaggeration to say that our House boasts the finest equipment and organisation in the Tailoring World. We have specialised in the art of fitting clients residing overseas, and, moreover, not only in fitting, but also in producing the real American fashions. There is no need to pay exorbitant prices for your tailoring requirements. The merit of our tailoring is backed by our unreserved guarantee to refund every cent of our clients' money where we fail to give absolute satisfaction. No other Tailoring House on either side of the Atlantic dare offer such an unqualified guarantee. Whether you desire your clothes tailored in latest New York style or latest London fashions, we guarantee absolute satisfaction. The process is simple. Merely fill in a postcard, and address same to us as below, asking for our latest assortment of patterns, together with latest fashion-plates, instructions for accurate self-measurement, tape measure, all free and carriage paid. We dispatch your order within seven days from receipt, and if you don't approve, return the goods, and we will refund your money.

Speculators!!

$10.00 Per Month Will Purchase 5,000 Shares

IN THE

Indian Springs

Copper Mining Company

Capital $1,500,000 in 1,500,000 Shares of $1 Each

650,000 Shares Are Now In Treasury

Seven Full-Sized Claims. Good Values In Sight.

Funds are wanted for continuing development on these properties and in order to get an assured Monthly Income for working expenses I offer for sale on the assessment instalment method.

500,000 Treasury Shares at $2 Per Thousand Shares Per Month

At this rate the mine will have an income of $1000 per month. These monthly payments are not to exceed twenty-five in number. The full cost of these shares will at the most be $2x25 equal to $50 per thousand or five cents per share and even at this exceedingly low price the payments will be spread over the long period of twenty-five months. The management, however, is of the opinion based on practical experience and the report also of Ross L. Craddock, M. E., *that from six to twelve months further development will make the* mine self supporting and as, at this period, all monthly payments will cease, and shares will be alloted in full at no further cost, these shares will probably cost but one or two cents per share only. As the company will at this stage still have 150,000 treasury shares remaining on which funds can be raised for erection of plant, etc., the probable value then of the shares I now offer can be readily figured by a person versed in mining stocks. This is the best speculation before the public today.

Call and see me or write and I will convince you.

Don't Overlook The News Want Ads

OUR DOMINION

Condensed Telegrams From Sea to Sea

MINOR DETAILS OF NEWS

LATEST HAPPENINGS FROM ALL THE PROVINCES GATHERED TOGETHER FROM EAST TO WEST AND FROM NORTH TO SOUTH—CANADA AT A GLANCE.

ST. JOHN, Sept. 11.—D. C. Glinch, banker and broker, charged with misappropriation of funds, was acquitted by the jury in the circuit court there today.

LINDSAY, Sept. 11.—Percy Nettleton of Detroit was sentenced to three months imprisonment with hard labor in the county jail for stabbing a young man named Fenelon during a fight on August 31.

TORONTO, Sept. 11.—Rupert Snow, a young lad who was one of the seven originals to escape from the Toronto jail on July 17, was found guilty of jail breaking this morning and sentenced to two years imprisonment.

OTTAWA, Sept. 11.—Postmaster general Lemieux and Dr. Coulter, his deputy are now engaged in making a study of the rural mail delivery in the United States with a view to informing themselves as to the feasibility of its introduction into Canada.

MONTREAL, Sept. 11.—A warrant was issued today for the arrest of Duncan M. Stewart, former general manager of the Sovereign Bank of Canada at instance of Thomas Lawson, clerk of the finance department at Ottawa. The charge is issuing false returns to the government during March and April, 1906.

VANCOUVER, Sept. 11.—Captain Murray Thain, one of the pioneers of the city died this afternoon at an advanced age. He came round the Horn in a sailing ship and was here long before the fire. He was for some years harbor master, and lately in the postoffice department. J. R. Anderson, deputy minister of agriculture married Mrs. Thain's siter.

NEW WESTMINSTER, Sept. 11.—While out on a prospecting trip yesterday morning with his father, young Frank Heav, of this city, 17 years of age, accidentally shot himself in the side, dying a short time later. The accident happened at an elevation of five hundred feet on the mountains near Agassiz, the body having to be sledged down from that height on an improvised sleigh.

HALIFAX, Sept. 11.—The Dominion Coal company is closing the east slope pit at Reserve tomorrow. Five hundred men will be affected. Three hundred more also will be laid off at Dominion pit and sixty-five at No. 6. The output at No. 1 will be reduced. Slackness in the coal trade is causing the reduction. It is feared that dull times will prevail in Cape Breton this winter.

TORONTO, Sept. 11.—Dr. Hugh McMurtich has filed with the Ontario railway board an application to have the height of the steps on all electric cars in the province reduced from nine to twelve inches, the first step from the ground, and seven to nine for the others. She claims that the steps at present are dangerous. The railways are notified that a hearing of the application will be given on September 24.

NEW WESTMINSTER, Sept. 11.—After deliberating the question for over two hours, the school trustees of this city yesterday evening decided that the Canadian flag should be flown over the public schools. This in spite of the order of the provincial government calling upon all school teachers to fly the union jack. Only one trustee voted the floating of the emblem of imperialism.

BRANDON, Sept. 11.—Rnadall Roberts, a first cousin of earl Roberts, died here yesterday. The deceased was born in Ireland in 1835. He devoted his life to the army, entering the civil engineers and was drafted with his regiment to India where he saw ten years service. After returning to England deceased was pensioned off and with his brother, George J. Roberts, came out to Canada and settled in Dauphin where they lived a retired life on their respective pensions.

MONTREAL, Sept. 11.—R. M. S. Empress docked at Quebec at 7 p. m. Thursday, exactly six days and three hours after leaving Liverpool. She had fifteen hundred passengers of all classes, amongst the cabin passengers there being a large number of returning American tourists for Chicago and other western points. The first special with western passengers left Quebec last evening. This trip of the Ireland cuts down by twenty-five minutes the record made by her sister ship the Empress of Britain. Passengers for Ontario points reached their destination this morning and those for Chicago this evening, just seven days out from London.

MONTREAL, Sept. 11.—One of the biggest parties of Grand Trunk railway officials which has yet gone to western Canada left this morning in special cars attached to the International Limited for Chicago. The party included T. W. Smithers, vice-president of the Grand Trunk, who has come out from London England, to make an annual inspection of the system in place of sir Charles Rivers Wilson, president; C. M. Hays, general manager; W. E. Davis, passenger traffic manager; J. W. Loud, freight traffic manager and Howard F. Kelly, chief engineer, and others. The party go direct to Chicago and proceed thence to Winnipeg, where general manager Morse of the Grand Trunk Pacific will be met. Although the itinerary of the party is not definitely completed, it is the intention to go over the whole of the route of construction from Fort William to Edmonton. The party will also visit Prince Rupert, travelling via Vancouver and thence by one of the coast steamers.

MORE BUSH FIRES.

Porth Arthur and Fort William Are Both Kept Busy.

PORT ARTHUR, Sept. 11.—Bush fires around Port Arthur and Fort William engaged all day yesterday with the fire fighting appliances of the two cities in fighting the flames. At one time the fire between the cities threatened several residences, but after a stubborn fight it was finally extinguished.

At the Mission at Squaw bay the Indians had a hard fight with the elements to save the village from destruction. The fire got right up to their back yards and all yesterday men struggled to save their homes. Nothing was destroyed. The fire tug Dudley was sent to that point to save the plant of the Thunder Bay Contracting company, and had a hard fight all afternoon to save the docks, etc. The section office department fought bush fires near the Shuniah mines all yesterday afternoon. Several residences were threatened by the fire, which finally quenched.

CORPORATION OF THE CITY OF NELSON.

By-law No. 189.

A By-law to raise $85,000.00 to increase the capacity of the Electric Light and Power Plant of the City of Nelson.

WHEREAS a Petition has been presented to the Municipal Council of the Corporation of the City of Nelson signed by the owners of at least one-tenth of the value of the real property in the said City of Nelson, as shewn by the the last revised Assessment Roll, expressing their desire to apply the provisions of Chapter 37 of the Statutes of British Columbia, 1908, entitled "An Act to enable the City of Nelson to borrow $85,000.00," and requesting that a By-Law be introduced authorising the issue and sale of Debentures to the said amount of $85,000.00 for the construction and installation of an additional unit to increase the capacity of the Electric Light and Power Plant owned by the City of Nelson at the Upper Bonnington Falls on Kootenay River, British Columbia:

AND WHEREAS it is deemed expedient to so construct and instal such additional unit for the purpose of increasing the said Electric Light and Power Plant:

AND WHEREAS for the purpose aforesaid it will be necessary to borrow the sum of $85,000.00, and to issue Debentures of the City of Nelson for the purpose of raising the said amount:

AND WHEREAS the whole amount of *the rateable land of the said City of Nelson*, according to the last revised Assessment Roll, is ($2,635,930) Two Million Six Hundred and Thirty-five Thousand Nine Hundred and Thirty Dollars:

AND WHEREAS it will be requisite to raise annually by rate the sum of Seven *Thousand Four Hundred* and Three Dollars and Thirty-five Cents, ($7,403..35) for paying the said debt and interest.

NOW, THEREFORE, the Municipal Council of the Corporation of the City of Nelson enacts as follows:

1. It shall and may be lawful for the Mayor of the Corporation of the City of Nelson to borrow upon the credit of the said Corporation, by way of the Debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of Eighty-five Thousand Dollars, ($85,000.00) and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinbefore recited:

2. It shall be lawful for the Mayor of the said Corporation to cause any number of Debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid, not exceeding however, the sum of Eighty-five Thousand Dollars ($85,000.00) each of the said debentures being of the denomination of One Thousand Dollars ($1,000.00), and all *such Debentures* shall be sealed with the seal of the Corporation and signed by the Mayor thereof:

3. The said Debentures shall bear date the first day of October, 1908, and shall be made payable in twenty years from the said date, in lawful money of Canada, at *the office of the Bank of Montreal*, in Nelson aforesaid, which said place of payment shall be designated by the said Debentures and shall have attached to them coupons for the payment of interest and the signatures to the interest coupons may be either written, stamped, printed or lithographied:

4. *The said* Debentures shall bear interest at the rate of five (5) per cent. from the date thereof, which interest shall be payable semi-annually at said office of the Bank of Montreal in Nelson aforesaid, in lawful money of Canada, on the first day of April and the first day of October respectively in each year during the currency thereof; and it shall be expressed in said Debentures and coupons to be so payable:

5. It shall be lawful for the Mayor of the said Corporation to negotiate and sell the said Debentures or any of them for less than par, but in no case shall the Debentures or any of them be negotiated or sold for less than ninety-five per centum (95) of their value, including the cost of negotiating the sale, brokerage and all other incidental expenses:

6. There shall be raised and levied in each year during the currency of said Debentures the sum of Four Thousand Two Hundred and Fifty Dollars (4,250.00) for payment of interest, and the sum of Three Thousand One Hundred and Fifty-three Dollars and Thirty-five Cents ($3,153.35) for payment of said Debentures by rate sufficient thereof on all the rateable land in the said Municipality:

7. It shall be lawful for the said Municipal Council to re-purchase any of the said Debentures upon such terms as may be agreed upon with the legal holders thereof, or any part thereof, either at the time of sale or any subsequent time or times, and all Debentures so re-purchased shall forthwith be cancelled and destroyed and no re-issue of Debentures so re-purchased shall be made in consequence of such repurchase:

8. This By-Law shall take effect on or after the twenty-fourth day of September, 1908:

9. This By-Law may be cited for all purposes as the City of Nelson Electric Light and Loan By-Law No. 189, 1908:

Done and passed in Council assembled this..... day of.....1908.

NOTICE.

Take notice that the above is a true copy of the proposed By-Law, upon which the vote of the municipality will be taken at *the City of Nelson, on Thursday*, the 17th day of September, next, between the hours of 9 o'clock a. m. and 7 o'clock p. m., for the East Ward, at the Council Chamber, at the corner of Victoria and Josephine Streets, and for the West Ward, at the office of F. B. Lys, No. 315 West Baker Street.

"BETTER TERMS" THE ISSUE.

The most important issue before the people of British Columbia in the present Dominion election campaign is that of "Better Terms." It is a question upon which the people of the province should stand together, irrespective of politics. A year and a half ago they overwhelmingly endorsed premier MrBride's demand for justice for British Columbia, but sir Wilfrid Laurier and his colleagues have not heeded their voice thus expressed. Now they have an opportunity to send men to Ottawa who will advocate on the floor of the house of commons the claims for justice which sir Wilfrid Laurier has up to the present treated with such disdain.

It is needless to say that it would be foolish to send to do this a man like Mr. Smith Curtis, who is pledged to support sir Wilfrid Laurier through thick and thin. When the party whip, which none knows better how to wield than sir Wilfrid, would crack Mr. Curtis would be found side-stepping into line, as the seven liberal members from British Columbia in the present parliament have done in connection with this question.

On the other hand the conservative candidates in this province, among them Mr. A. S. Goodeve, are pledged to continue at Ottawa, if elected, the fight for better terms, and what is more, Mr. R. L. Borden, the leader of the party, stands definitely pledged to see that justice is done the province of British Columbia in this matter.

The people of the province, including those of Kootenay, have, therefore, their choice. On election day they must say by their votes whether they approve of sir Wilfrid Laurier's refusal to grant them justice or whether they are prepared to continue the fight until victory has been won. In this constituency a vote for Mr. Curtis is a vote in favor of sir Wilfrid Laurier's action, while a vote for Mr. Goodeve is one for the province's rights.

MINARD'S LINIMENT CO., LIMITED.
Gentlemen,—I was badly kicked by my horse last May and after using several preparations on my leg nothing would do. My leg was black as jet. I was laid up in bed for a fortnight and could not walk. After using three bottles of your MINARD'S LINIMENT I was perfectly cured, so that I could start on the road.
JOS. DUBES,
Commercial Traveler.

OPENS HIS CAMPAIGN.

Papers containing the report of sir Wilfrid Laurier's recent speech at Sorel opening the present campaign on behalf of the liberal party are to hand and to say that it does not read well would be speaking beside the truth. It was an excellent address, full of rhetoric and high-sounding expressions. It was also a skillful appeal to his fellow compatriots of Quebec in which was commingled a request to be allowed to end his days as premier of Canada.

Sir Wilfrid asked particularly to be returned to power to complete the Grand Trunk Pacific railway, the importance of which to Canada he dilated upon. This is a most peculiar request. Could not a government presided over by any other man finish this work just as well as the present one? The undertaking has been so far advanced now that no government, no matter how much it might wish to do so, can abandon it. What would the people of the United States have said had Theodore Roosevelt appealed to them to re-elect him in order that he might complete the Panama canal, the work on which he has inauguarted, or what must any sensible Canadian think of such an apepal on the part of Sir Wilfrid Laurier.

The other three grounds upon which sir Wilfrid Laurier specially appealed was the increase of the provincial subsidies, the extension of the boundaries of Quebec, Manitoba and Ontario and the old age pension scheme. The first of these will look like a grim joke to the people of British Columbia, whose demands for better terms have been met with such cavalier treatment at Ottawa. On the boundary extension, Sir Wilfrid deserves no credit. It was the determination with which the government of Manitoba prosecuted its demands for the extension of that province to Hudson's bay that at last led Sir Wilfrid to give in. But in granting Manitoba's demands he took the opportunity to add to the province of Quebec a large tract of country making it the largest province in the Dominion, an honor previously held by British Columbia. Ontario was incidentally given a slice of territory immediately north of her former boundaries.

The old age pension scheme is one that may work out all right. It all depends on how the people of the country look on it and how it is administered.

These are the grounds upon which sir Wilfrid Laurier especially appealed to his audience. His most ardent supporters cannot say that, looked at in the calm light of reason, they are very strong ones.

EDITORIAL NOTES.

According to the Toronto Mail and Empire, the Lemieux bill is returning to plague its inventors. The railway trainmen had no objection to the principle of arbitration, but they feared that the bill, as drafted, would promote instead of prevent strikes. Now they claim that the C. P. R. strike is a case in point.

It is for this reason that the liberals are letting places like Toronto, Hamilton, London and St Thomas go by default and are keeping sir Wilfrid Laurier and his cabinet away from the cities. It is said that Mr Fred Pardee, M. P., is finding his position on the Lemieux bill very embarrassing in West Lambton. The entire railway vote in Sarnia is said to be against him.

Sir Wilfrid has grown modest in his old age. In the course of his recent speech at Sorel he said: "I do not think too highly of myself, but I say that I think a great deal of myself when I compare myself with my adversaries." Really touching humility, is it not?

For some reason which perhaps organised labor will understand sir Wilfrid Laurier, in opening his campaign the other day, did not mention the Lemieux concilation act as one of the great measures passed by his government.

J. R. Stratton, he of Gamey fame, and the most discredited politician in Canada today, is the liberal candidate in West Peterborough. Thus does sir Wilfrid turn the black sheep out of his flock.

An interesting announcement is that of R. P. Pettipiece that he is going to take up the work of organising trades unions amongst the Japanese of British Columbia.

NELSON NEWS OF THE DAY

Work on the pole line to connect up the Hall Mines with the West Kootenay Power and Light company's substation is now under way and contractor Koch is pushing the work along as rapidly as possible.

Thomas Long, chief of police of Rossland, arrived in Nelson last evening in charge of a colored man named Taylor who was today sentenced to two months in the local jail for being drunk and disorderly on the street and carrying firearms.

Norman McLeod, formerly manager of the Hudson's Bay company's store in this city and brother of H. F. McLeod, registrar of titles, is in town from Lethbridge, where he is now in business on his own account and also has large ranching interests.

The members of the local football team take exception to the statement appearing in The Daily News yesterday morning to the effect that they are looking for snaps and say that their next match will probably be with Spokane in that city during the Spokane fair.

Mr. John Muir, the general superintendent of the Canadian Order of Foresters is paying a short visit to this city in the interest of the order. The C. O. F. of Nelson has a very strong lodge at the present time, with good active members, and they are arranging to hold a series of meetings while Mr. Muir is in Nelson. The first of these will be held at the K. of P. Hall tonight at 9 p. m. city time, when several new candidates will be made members of Court Kootenay Belle, after which a short social evening will be spent, and the reports of the work done in Canada will be given by Mr. Muir.

The Ancient Order of Foresters was organized last night in the I. O. O. F. hall, 29 members were accepted on the charter. The following is a list of the officers elected: Chief ranger, J. A. Erickson; sub-chief ranger, R. B. Caldwell; secretary, J. O'Donnell; treasurer, K. Douglas; senior woodward, F. Deacon; junior woodward, H. J. Wilton, senior beadle, D. Laughton; junior beadle, W. Shackleton; medical officer, Dr. Hartin. The work was conducted by W. G. Gray of Vancouver, district chief ranger of Columbia district. The meeting was enthusiastic, and all the new members signified their intention of putting forth every effort to build up the order in this city.

The gentlemen composing the committee of the Federated Trades who had charge of the ball which took place at the Alice roller rink on Wednesday evening last, desire to cordially thank all who helped to make the occasion so pleasant and successful. The affair was a very great success in every way. The evening was cool and pleasant, the floor was in good shape, the music was excellent, and the supper was of the best. The festoons of flags in the ball room gave the place a very fine appearance and the decorations in the supper room were also much admired. The ladies' committee deserve all the nice things that can be said about them for their kind efforts, which were highly appreciated. The committee also desire to especially thank Harry Gibson, who gave the rink free of charge, the city authorities who loaned the decorations and the merchants of Nelson in general for various donations for the supper table. A handsome was realized over and above all expenses.

An Eholt subscriber writes The Daily News to enquire whether or not the Nelson football team won $250 when they defeated Rossland some six weeks ago. The facts are the two teams met in the Golden City on Miners' Union day for a purse of $55, the Rossland team agreeing to pay the visitors expenses which amounted to a further $55. The match was won by Nelson with a score of 3 to 2 but the Rossland eleven entered a protest against the third goal scored by the visitors and as a direct consequence refused to part with the purse money, but decided to meet the expenses of the Nelson boys and did so. Not being altogether satisfied with the treatment they had met with the Nelson team promptly challenged the Rosslanders to two matches—one in Nelson and the other in Rossland—for a purse of $255. $100 to be subscribed by each team and the $55 already in dispute to be added. The Rossland boys were given the option of naming the dates, and finally Saturday, August 15th, was arranged for the first match which was to be played in Nelson, but on the morning of that day the secretary of the Nelson team after having perfected the necessary preparations received an advice to the effect that the Rosslanders being unable to get an eleven together, would not be in a position to come over for the match. Consequently the whole matter is still in dispute.

PERSONAL.

Peter Verigin, the Doukhobor leader, accompanied by a party of ocials from Yorkton, Sask., are registered at the Queen's.

Fred Walker, chief dispatcher of the C. P. R. here left last night for Tacoma, where he will spend his holidays.

J. Vorrm, of the customs service, stationed at Waneta, learns this morning for a three weeks' vacation to be spent in Washington.

Chess Championship.

MUNICH, Sept. 11.—The ninth game for the world's championship chess contest between Dr. Lasker and Dr. Tarrasch was adjourned today after the fiftieth move.

GIRLS WHO WORK

Girls who work for their living are especially exposed to the dangers of organic feminine disorders. Standing all day, or sitting in cramped positions; walking to and from their places of employment in bad weather all tend to break down their delicate feminine organism.

No class of women are in need of greater assistance, and thousands of letters like the following demonstrate the fact that

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

restores the feminine system to a strong, healthy, normal condition.

Miss Abby F. Barrows, of Nelsonville, Ohio, writes to Mrs. Pinkham:

"I was very sick, had dull headaches, pain in my back, and a feminine weakness. I had been to several doctors and they did me no good. Lydia E. Pinkham's Vegetable Compound made me well and strong, and I can do most any kind of work. I am in better health than I ever was, and it is all due to your medicine."

Miss Lillian Rose, of 530 E. 84th St., New York, writes to Mrs. Pinkham:

"I had a female trouble, nervous headaches, and was tired all the time, and could not sleep. Lydia E. Pinkham's Vegetable Compound made me feel so much better that I hope every woman who suffers as I did will try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for feminine ills, and has positively cured thousands of women. Why don't you try it?

Mrs. Pinkham, Lynn, Mass., invites all sick women to write her for advice.

HAS CHOLERA OUTBREAK

DREAD DISEASE APPEARS IN ST. PETERSBURG

MANY DEATHS ARE ALREADY BEING REPORTED

ST. PETERSBURG, Sept. 11.—Asiatic cholera is spreading in this city and the sudden jump in the statistics is taken to mean that the city authorities failed to take proper precautions against an epidemic, the first suspicious cases being discovered two weeks ago.

The bulletin issued last night reported many cases and eighteen deaths already, but it is believed that number is placing the number of cases far below the actual number within the city limits. The health commission admits there are probably over 100 other cases of sickness being watched. One hundred doctors have been drafted into the cholera squad at a salary of two dollars and fifty cents per diem. The city has chartered a tank steamer to distribute boiled water to the barges where a large portion of the cases have been found. A case is reported at Peterhoff.

Collision Near Moncton.

MONCTON, Sept. 11.—No. 9 express for Halifax was wrecked near Moncton this morning by collision with a work train. Several cars piled up in bad shape and the loss will be several thousand dollars. The passengers were shaken up but only one was hurt but not very seriously.

The Yellow God

By

H. Rider Haggard

Author of "King Solomon's Mines," "She," "The Brethren," Benita," Etc.

(All Rights Reserved.)

"I don't know what to say," answered Alan despairingly through Jeeki, "the honor is too great for me who am but a wandering trader who came here to barter Little Bonsa against the gold I need"—to support my wife and family, he was about to add, then remembering that this statement might not be well received, substituted, "to support my old parents and eight brothers and sisters who are dependent upon me, and remain hungry until I return to them."

"Then I think they will remain hungry a long time, Vernoon, for while I live you shall never return. Much as I love you I would kill you first," and her eyes glittered as she said the words. "Still," she added, noting the fall in his face, "if it is gold that they need, you send it to them. Yes, my people shall take all that I gave you down to the coast, and there it can be put in a big canoe and carried across the water. See to the packing of the stuff, you black dog," she said to Jeeki over her shoulder, "and when it is ready I will send it hence."

Alan began to thank her, though he though it more than probable that even if she kept her word, this billion would never get to old Calabar, and much less to England. But she waived the matter aside as one in which she was not interested.

"Tell me," she asked, "would you have me other than I am? First, do you think me beautiful?"

"Yes," answered Alan honestly, "very beautiful, when you are quiet as now, not when you are dancing as you did the other night without your robes."

When she understood what he meant the Asika actually blushed a little.

"I am sorry," she answered in a voice that for her was quite humble. "I forgot that it might seem strange in your eyes. It has always been the custom for the Asika to do as I did at feasts and sacrifices, but perhaps that is not the fashion among your women; perhaps they always remain veiled, as I have heard the worshippers of the Prophet do, and therefore you thought me immodest. I am very, very sorry, Vernoon. I pray you to forgive me who am ignorant, and only do what I have been taught."

"Yes, they always remain veiled," stammered Alan, though he was not referring to their faces, and as the words passed his lips he wondered what the Asika would think if she could see a ballet at a London music hall.

"Is there anything else wrong?" she went on gently. "If so, tell me that I may set it right."

"I do not like cruelty or sacrifices, O Asika. I have told you that bloodshed is orunda to me, and at the feast those men were poisoned and you mocked them in their pain; also many others were taken away to be killed for no crime."

She opened her beautiful eyes and stared at him, answering,

"But, Vernoon, all that is not my fault; they were sacrifices to the gods, and if I did not sacrifice I should be sacrificed by the priests and wizards who live to sacrifice. Yes, myself, I should be made to drink the poison, and be mocked at while I died, like a snake with a broken back. Or even if I escape the vengeance of the people, the gods themselves would kill me and raise up another in my place. Do they not sacrifice in your country, Vernoon?

"No, Asika, they fight if necessary and kill those who commit murder. But they have no fetish that asks for blood, and the law they have from heaven is a law of mercy."

She stared at him again.

"All this is strange to me," she said. I was taught otherwise. Gods are devils, and must be appeased lest they bring misfortune on us; men must be ruled by terror, or they would rebel and pull down the Great House; doctors must learn magic, or how would they avert spells? wizards must be killed, or the people would perish in their net. May not we who live in a hell strive to beat back its flames with the wisdom our forefathers have handed on to us? Tell me, Vernoon, for I would know?

"You make your own hell," answered Alan when, with the help of Jeeki, he understood her talk.

She pondered over his words for a while, then said.

"I must think. The thing is big. I wander in blackness; I will speak with you again. Say now, what else is wrong with me?"

Now Alas thought that he saw an opportunity for a word in season, and made a great mistake.

"I think you treat your husband, that man whom you call Mungana, very badly. Why should you drive him to his death?"

At these words the Asika leapt up in a rage, and seeking something to vent her temper on, violently boxed Jeeki's ears and kicked him with her sandalled foot.

"The Mungana," she exclaimed, "that beast! What have I to do with him? I hate him, I hated the others. The priests thrust him on me, he has had his daw—let him go. In your country do they make women live with men whom they loathe? I love you, Bonsa himself knows why. Perhaps because you have a white skin and white thoughts. But I hate that man. What is the use being Asika if I cannot take what I love and reject what I hate? Go away, Vernoon, go away, you have angered me, and if it were not for what you have said about that new law of mercy I think I would cut your throat," and again she boxed Jeeki's ears and kicked him on the shins.

Alan rose and bowed himself towards the door, while she stood with her back towards him, sobbing. As he was about to pass it, she wheeled round, wiping the tears from her eyes with her hand, and said,

"I forgot. I sent for you to thank you for your presents, that," and she pointed to the lion skin, "which they tell me you killed with some kind of thunder to save the life of that old cannibal, and this," and she pulled off the necklace of claws, then added, "As I am too bad to wear it, you had better take it back again." And she threw it with all her strength straight into Jeeki's face.

Fearing much worse things, the much maltreated Jeeki uttered a howl and bolted through the door, while Alan, picking up the necklace, returned it to her with a bow. She took it.

"Stop," she said. "You are leaving the room without your mask and my women are outside. Come here," and she tied the thing upon his head, setting it all awry, then she pushed him from the room.

"Very poor joke, Major, very poor indeed," said Jeeki, when they had reached their own apartment. "Lucky make love to you; you play prig and lecture lady about holy customs of her country, and she box my ear till head sing, also kick me all over and throw sharp claws in face. Please you do it no more. The next time who know? she stick knife in my gizard, then kiss you afterward and say she so sorry, and hope she no hurt you. But how that help your departed Jeeki who get all kicks, while you have halfpence?

"Oh! be quiet," said Alan, "you are welcome to the halfpence if you would only leave me the kicks. The question is, how am I to get out of this mess? While she was a beautiful savage devil one could deal with the thing, but if she is going to become human it is another matter."

Jeeki looked at him with pity in his eyes.

"Always thought white man mad at bottom," he said, shaking his big head. "To benighted black nigger thing so very simple. All you got do, make love and cut when you get chance. Then she pleased as Punch, everything go smooth and Jeeki get no more kicks. Christian religion very good, but won't wash in Asiki-land. Your reverend uncle find out that."

REAL ESTATE BROKERS :: NELSON, B. C.

THE BULKLEY VALLEY.

Great Agricultural Country Will be Opened Up.

(Special to The Daily News.)

PRINCE RUPERT, Sept. 11.—A .D. McPhee, a pioneer mining man of the Boundary district and ex-superintendent of the McKinley mine in Franklin camp arrived in Prince Rupert yesterday after a three months' trip through the Bulkley valley section in Northern British Columbia. Mr. McPhee arrived at Della Cooke on June 14th last and then proceeded to Fraser lake a distance of some 250 mies. He says that the land around this lake is excellent, the crops also being very good. Hudson bay factor Peters personally showed Mr. McPhee the crops in this vicinity. At this place there were no signs of frost. Stewart lake was the very next notable stop and was 45 miles further on. Conditions around here were very similar, the crops being excellent.

It was in this locality that Mr. McPhee located some three thousand acres of fine agricultural land in one block. Sme of this land is within a mile of Stewart lake. From here he proceeded down the Nechaco river about 70 miles to a point about 12 miles below the mouth of Stewart river. The valley here is from 20 to 40 miles wide, the land is also good, being well watered by creeks and lakes. The timber here is chiefly poplar and aspin, while a good deal of open ground is visible everywhere.

At Stoney creek a further distance of 30 miles the land and crops were excellent. From this point to Quesnelle, a distance of 160 miles, the climate and conditions were pretty much the same. At Ootsa lake, land and crops were good and there were thousands of acres of fine grazing land everywhere. Mr. McPhee reached the Bulkley river at a point known as Pleasant valley, where he met Mr. Silverthorn a pioneer of that place who escorted Mr. McPhee around his locality. Mr. McPhee is fairly in raptures over the future of Northern British Columbia and predicts great advancements in those parts in the immediate future. Mr. McPhee left by the S. S. Camosun for Vancouver this evening.

CLEAN UP THE COUNTRY

SOCIALIST WISHES TO ORGANIZE THE JAPANESE

R. P. PETTIPIECE IN FAVOR OF BROWN MEN

WINNIPEG, Sept. 11.—R. P. Pettipiece of British Columbia who is in the city at present assisting the executive committee of the C. P. R. strikers, intends running as a socialist member for Medic ne hat. Mr. Pettipiece in an interview expressed his intention of organizing the Japanese. He states the orientals in British Columbia are well armed and ready to prevent any further attacks from the exclusinists. He has a great opinion of the Japanese, stating that they recently struck on the coast for higher wages and even appealed to the trades and labor council against white labor as strike breakers. His avowed intention on his return to British Columbia is or organize the Japanese, and as he puts it, "Clean up the country with them."

BRANDON-REGINA LINE.

Opening of New Roads in the Northwest Provinces.

WINNIPEG, Sept .11.—The ballasting of the Brandon-Regina line of the G. N. R. will be completed in a month, and the road will then be handed over by the construction department and will be ready for operation, said William MacKenzie, president of the road this morning. He came in yesterday over the new line and reports it to be in good condition.

Speaking of the Goos lake extension, the president stated that there were between 30 and 40 miles of steel laid, and the line was surveyed for a distance of 150 miles to a point south of Soloman lake.

Regarding the crops, the president said he would not be surprised if the total of the wheat went well up to 120,000,000 bushels. He said there were plenty of cars and plenty of power on his line to handle all the crop grown in that section of the country.

NO MORE HEADACHES

Suffered From Constant Headaches—Cured by "Fruit-a-tives" When Doctors Failed.

"I was a sufferer from fearful headaches for over two years, sometimes they were so bad that I was unable to work for days at a time. I took all kinds of medicines, was treated by physicians, and yet the headaches persisted. I was rarely free from headache. A short time ago I was advised to try "Fruit-a-tives" and I did so with, I must confess, very little faith, but after I had taken them for three days my headaches were easier and in a week they left me. After I had taken a box of the tablets my headaches were quite cured. My appetite was always poor and my stomach bad, and now my appetite is splendid and my digestion is excellent. I had become thin and weak from the constant headaches, but now not only have I been cured of all these awful headaches, but my strength is growing up once more, and I feel like a new man. I have taken in all three boxes of "Fruit-a-tives." I am exceedingly grateful to "Fruit-a-tives" for curing me, and I give this unsolicited testimonial with great pleasure, as I hope thereby some other sufferer of headaches will be induced to try "Fruit-a-tives" and will be cured"

(Sgd.) B. Cornell.

Taylorville, Ont.

"Fruit-a-tives" is now put up in the new 25c trial size as well as the regular 50c boxes. Write Fruit-a-tives Limited, Ottawa, if your dealer will not supply you.

NELSON NEWS OF THE DAY

The temperature varied yesterday between 73 and 46 degrees.

J. A. Irving and Fred Starkey started in getting subscriptions for the fruit fair yesterday and report good progress.

The Black Hands of Fernie who have been detained in gaol here for the past few weeks pending trial were returned to Fernie yesterday morning.

G. Vanstone of Rosebery passed through Nelson yesterday on his way to Newton, New Jersey, where he intends spending a few weeks on a holiday.

During the coming fair the ladies of the Hospital Aid society will superintend a coffee percolator and dispense the product to the public in general.

The ball players of the Nelson Aerie are requested by manager Walmsley to be on hand for practice at the recreation grounds tomorrow morning at 10:30 sharp (city time.)

Roy C. Brock is out of town on a trip to his old home in Oregon, but is expected back on Monday as there will be an important meeting with regard to the fruit industry on Tuesday.

Charles W. Sharp of Winnipeg, representing the May-Sharp Construction company was in the city yesterday. He declares that a very good crop is being reaped and that there will be a yield of over 100,000 bushels.

The indications are that there will be a large attendance at the basket social, which is to be held on Monday evening in the K. of P. hall. The proceeds are to go towards the fund in aid of the young girl in the hospital who was so badly burned.

The management of the fruit fair acknowledges with thanks the co-operation of mayor Taylor in the direction of doing everything possible to assist in making the fruit fair a success. The services of city engineer J. C. Dufresne have helped materially towards this end, especially in the way of fixing up fences on the recreation grounds and in other matters besides.

The steamer Kokanee will leave at 2 instead of 4:30 p. m. on September 17th, that being the first day of the Kaslo fair. This is being done especially on account of the excursion of the Kootenay and Queen City Rebekah lodges of the I. O. O. F. to Kaslo where a new lodge is to be inaugurated. Return tickets will be at the rate of a fare and a third.

W. C. Snowdon Gard, who is the solicitor for the province of British Columbia in London, is a guest at the Strathcona hotel. He has been at the coast on official business and leaves this morning on the Crow boat for the east on his way home. Mr. Gard expressed himself as delighted with his trip. It is the first time he has paid a visit to the province and he hopes to be able to come again.

D. C. Coleman, superintendent of the C. P. R., returned to the city on Thursday night from Vancouver, where he has been relieving superintendent Arundel for the past three months. Superintendent Coleman will resume control of the district, which has been in the hands of chief dispatcher F. Walker during his absence. He stated to the Daily News that he had no official communication to make at present.

There will be much business to come before the city council at its next meeting on Monday evening, especially as there was no meeting last week on account of its being labor day. One matter of special importance will be the report which is to be submitted by mayor Taylor with regard to the question of a new substation. The matter was up at the last council meeting and was referred to the mayor for recommendation and report.

The Salvation Army holds its annual harvest festival services on Saturday, Sunday and Monday, September 19th, 20th and 21st. The meeting will be special, including music and singing. The Salvation Army has already established its claim to the attention of the public by its permanent reformation work. The proceeds of the effort will be donated to the maintenance and extension of the work. Gifts of goods and money will be thankfully received by the commanding officers or any salvationist.

Fred Bosquet has taken over the dining room at the Queen's hotel and will open up a first class restaurant on Tuesday next, which will be always open to the public. Fred has been in the employ of P. Burns & Co. in this city for a good many years and has a wide circle of friends throughout the district who join in wishing him success in his new venture. As he promises that everything will be strictly of the best there is no doubt that he will receive a large share of patronage. The large dining room is being renovated throughout and a wide arch put in place of the door at present leading from the hotel office. Besides this there will be a smaller dining room capable of seating at least 24 people, and private boxes as well. The hotel proper and the bar will continue to be under the management of A. Lapointe.

On account of not being able to sell the tickets on my piano, it will not be raffled off. Anyone holding tickets can have their money returned. C. H. Alban. 120-1

If you want any building or repair work, Phone A172 and estimates or contracts or jobbing will be cheerfully furnished by McDonald and Williams. Shop, Front and Ward Sts. opposite court house. P. O. Box 367. 371-tf.

All accounts owing to the estate of Hugh McCausland must be settled by the 1st of October, 1908; they have been placed in the hands of Mr. W. Cutler for collection. Any outstanding after that date, proceedings will be taken to recover the same.

Anyone who appreciates a cleverly comic picture or a bright saying which is witty and to the point, will find an irresistable attraction in the very clever line of passe-partout pictures and mottoes displayed in the window of W. G. Thomson's Book and Stationery Store, on Baker street. They are in three sizes, 5x7, 6½x8½, 8x10, and sell for 25c, 35c and 60c respectively. 120-2

The Ancient Order of Foresters will organize on Friday evening in the I. O. O. F. hall at 8:30 city time. All those who are on the charter list are requested to present themselves at the office of Dr. Hartin for medical examination before the night of the meeting. Mr. W. Gray, district chief ranger of Columbia district will be up from Vancouver to conduct the initiatory work. 116-2

NELSON NEWS OF THE DAY

There was a fine display of northern lights yesterday evening before midnight.

Nelson Lodge, No. 1692, L. O. L., met last night in the K. of P. hall, the chair being taken by R. Weir, W. M.

The executive of the conservative association held a meeting last night in the club rooms of the young conservative club.

On Tuesday last Archie Bishop broke 180 out of 200 birds at the big shoot at Anaconda, Mont., which is going some for a beginner.

The Nelson Iron works are putting on exhibition at the Nelson fair, a Wilfley concentrating table which will be shown at work.

A meeting of the Woman's Hospital Aid society will be held in the Presbyterian school room on Monday afternoon at 3 o clock city time.

Managing director Starkey is arranging for special rates from all Kootenay points over the C. P. R. system for the fair, especially for Eagle day.

The members of the juvenile temple of the I. O. G. T. held a meeting last night in the Methodist church when an address was delivered by Rev. C. M. Tate, superintendent of juvenile templars.

It is the intention to light the gable and dome of the exhibition building during the fruit fair with electric lights with a large cluster of lights at the top. Some 200 lights will be installed for that purpose so that the flag of the Empire will fly by day and there will be a pillar of fire by night.

The four young ladies who have undertaken to get up a special social and entertainment are sparing no pains in making this a decided success aas they wish to raise as much as possible for the young lady who is suffering from an accident and now in the hospital, and for whom the special subscriptions have already been taken by this office and Fred Starkey. The ladies promise all those whom attend a very enjoyable evening, and they intend to serve refreshments to those who attend; also that fancy baskets will be prepared and sold. As this is one of the most deserving cases, the earnest support of the people of Nelson is confidently asked.

The Eagles sports committee are arranging the details for the special foot races for Eagles which are to take place at the fair on Eagle day. The association are donating special prizes for these events.

A meeting of the directors of the Kootenay Fruit Growers' Association will be held at their offices on Wednesday morning next, immediately after the arrival of the steamer Kokanee, which is due to come in at 9 a. m.

The officers of the 102nd rifle regiment placed orders for new uniforms to the extent of $2,000 some time back with Hobson and company, the military outfitters of London, Eng. These will all be of the exact regimental pattern and they are expected to arrive shortly.

"Flower Sunday" will be observed in the Methodist church tomorrow and the church will be specially decorated. Friends are asked to send donations of flowers to the church this afternoon. The scholars of the Sunday school are asked to take a small bouquet of flowers to the morning service.

Plans are pretty nearly completed for the entertainment of the press association of Alberta and Eastern British Columbia, who are to hold their convention in Nelson, September 24th and 25th. A joint committee of the press of the city and the board of trade have the mater in charge.

A prominent position has been secured at the fair buildings for the city exhibit of electric heating apparatus which is to be in charge of city electrician R. A. Brown. The utility of electrical appliances for domestic purposes will be demonstrated and Mr. Brown will also be ready to quote prices and take orders.

The C. P. R. passenger department announce a special rate of $19.05 for the round trip to those desirous of attending the exhibition at Victoria which is to be held from September 22nd to September 26. This applies to those going from September 19th to September 24th, both inclusive. A sleeper will leave Revelstoke daily from September 20th to September 23th on the coast train for the benefit of Nelson and Kootenay passengers.

Nelson may be visited by R. B. Angus and senator Forget, who are now on a tour of inspection of the company's lines in the west. The party is travelling along the company's main line and will likely visit this city shortly before returning east. Mr. Angus is accompanied by Mrs. Angus, Miss M. F. Angus and Miss Goynet Wendlyn. Accompanying senator Forget are Madame Forget, Miss Pauline Forget and Mrs. L. F. Forget.

The body of Thomas Taylor, who was drowned in the Kootenay river near Granite on Friday, September 4th, and which was found yesterday about a mile below Taghum, was buried last night. The funeral service was held at the undertaking parlors of the Standard Furniture company at 6:30 o'clock. Rev. Jas. T. Ferguson of the Presbyterian church officiating. The body was discovered by Mr. Yates, who resides near Granite, who was enabled to identify the corpse by a tattoo mark on the arm. It seems that the deceased, who was born 27 years ago at Ballynahinch, near Belfast, Ireland, came to Canada with his brother John some three years ago and resided first in Manitoba. A year ago this month the two brothers removed to British Columbia, taking up land jointly on the Granite road near Granite, where they have resided ever since. It appears that the father and mother still live at the old home in Ireland together with another brother and two sisters.

Every purchaser of a ticket for the Eagles promenade concert and dance is entitled to a chance in the free drawing for the twin set diamond ring, pearl opera glasses and electric sad iron. These prizes will be on exhibition in the windows of Fred Irvine & Co.

Walter Scott was brought in from Trail last evening by Percy Gee, constable at that place, to await his trial at the fall assizes on a charge of theft, the allegation being that he had taken a comb valued at $21 from a woman whom he met on the street. Noble Binns, the magistrate who heard the case, considered a prima facie case had been made out and committed Scott to stand his trial.

COMMUNICATIONS

Letters to The Daily News on current topics are cordially invited, subject to the following terms:

The letters must be plainly written (typewritten preferred) on one side of the writing paper only, of reasonable length and must be signed by the writer for publication.

The Daily News is not responsible for the views expressed by correspondents.

EDITOR THE DAILY NEWS:
SECOND UNIT.

Sir,—On February 1, 1908, at the request of mayor Taylor we quoted the city of Nelson $3407.76 per annum, for the putting up of an auxiliary power service, and in addition to this a charge of two cents per K. W. hour, provided the city should find it necessary to connect up to our service.

On February the 5tth I received a reply from mayor Taylor informing us that the quotation given was altogether too costly for the city.

We believe that the estimated cost of a second unit is $85,000 and in view of the present unit at the city's plant not being loaded up to its full capacity, we would indeed be pleased to hear from some interested party as to how the city can pay interest and sinking fund on $85,000 with $3407.76 per annum, let alone not taking into consideration the depreciation on a second unit.

The revenue producing load of the city of Nelson does not exceed 450 h.p. and before saddling the city with a further debt would it not be well before installing a second unit to have more business in sight than there is at the present time?

We have connected to our lines at the present time a total capacity of motors of over 24,000 h. p., and even if the city had four units installed, they could never expect to compete with our company, for, the rates which we have established in order that the copper producers in the Boundary could manufacture copper at a profit on the present market of today, it was necessary to give them a low price on power, and this we were enabled to do on account of the large volume of business which we have been able to work up.

The total power required for operating the lights, and other small power in the city of Nelson, is approximately one-thirtieth of our average load at Bonnington, and if the citizens consider that they will ever be able to compete with our company in the power business they are being misled.
