VOL. 7 NELSON, B. C., TUESDAY, JUNE 16, 1908 NO. 45

Library Legislative Assembly JUN 1908 VICTORIA, B. C.

567

WANT MARBLE

Public Meeting Endorses the Trustees

MANY QUESTIONS ASKED

ESTIMATES WERE EXCEEDED BECAUSE THE BOARD DID NOT THINK BUILDING WOULD COST AS MUCH—HOW MONEY CAN BE RAISED.

There was an animated and somewhat protracted discussion last night at the public meeting called by acting mayor McMorris at the request of secretary Arthur of the school board at the court house. The question as propounded by the acting mayor was why the school trustees had exceeded their estimates and were proposing to spend $10,000 to $15,000 more than the sum voted for the new school. The question as propounded by chairman R. G. Joy of the school trustees was whether the meeting favored an additional expenditure of $4500 for marble instead of for cement facings. It was on the latter point that a vote was taken and was carried by about 15 votes to 6, about a dozen or fifteen present not voting at all.

It was explained that the building could be erected within the grant if marble were not used. The contract had been let, but not signed, to J. Burns. The difference in his case was $4500. The difference made by Broley and company of North Battleford was $2000; W. G. Gillett, $2440; J. H. Ladd, $2600; J. J. Wood, $3090; Campbell and Robb, $4000. In the matter of the sanitary arrangements the added amounts to the plumbing contract was $550 in the case of S. A. Wye and $500 in that of Hebden and Strachan, the successful tenderers.

Of the city council those present were D. C. McMorris in the chair, as acting mayor, G. Stead, G. Hale and J. O. Patenaude. Of the school board all were in attendance with the exception of A. D. Emory. Others noted were W. E. McCandlish, J. A. Irving, W. R. Jarvis, E. Ferguson, W. Ebbs, H. Selous, J. Steele, W. Shackleton W. G. Gillett W. J. Wilson, H. Byers, W. Astley, A. Carrie, A. D. Horswill, Rev. J. T. Ferguson, J. W. Holmes and R. W. Hannington

R. G. Joy explained the object of the meeting to be the raising of funds to complete the school building.

H. Selous said that if the contracts exceeded the sum placed at the disposal of the school trustees and if that extra money were spent the trustees would be personally liable.

Acting mayor McMorris declared that he had called the public meeting at the request of the secretary of the school board, although he did not think that the proper course to pursue. What should be done was the circulating of a petition among the ratepayers and on its being signed to present that petition to the city council.

Dr. Arthur replied the contracts at the lowest estimate were slightly over $55,000. If the marble additions were made then the cost would be $4500 more. This would not include the veneering of the old part of the building retained, nor the grading of the ground, nor the furnishing of the rooms. The school trustees did not feel like going ahead with the extra expenditure without any expression of opinion on the part of the property owners. Hence the request for a public meeting.

D. C. McMorris asked if it were not a fact that the city council committee conferring with the trustees had raised the sum asked by the latter from $50,000 to $60,000? If it had not been guaranteed that the school could be built and furnished, the grounds graded and the old part brought into harmony with the new within that sum?

Dr. Arthur—Yes.

D. C. McMorris—How do you now explain that the tenders are more than the estimates?

Dr. Arthur—Simply because the building cost more than was expected.

Ex-Ald. Irving did not see why a good building could not be built for $60,000.

W. Ebbs spoke eloquently and at some length, but ended by agreeing with Mr. Irving.

V. W. Odium asked whether the building had not been contracted for and whether it was not absolutely necessary now to complete it.

Dr. Arthur explained that the money would all be used on the building itself. To furnish it, to grade the grounds, to veneer the old building, would cost an additional $10,000. The trustees were unanimous in wanting marble facings, which would mean $15,000 additional instead of $10,000.

D. C. McMorris asked if the meeting were unanimous, whether the school trustees would feel justified in spending the extra money.

Dr. Arthur—Yes.

D. C. McMorris—How will you get it without submitting a bylaw to the people?

Dr. Arthur declared the money could be got by leaving the big assembly room which was outside of the 12 rooms, unfinished and also by not completely finishing the heating.

D. C. McMorris again pointed out that the building should have been completed for $60,000. The board now wanted $15,000 extra. Whose fault was it? Was the architect at fault, or were the contractors trying to hold up the city? To those questions the meeting had received no satisfactory reply. Yet one or other, it seemed to him, must be answered in the affirmative.

W. Irvine said that the marble had not been thought of when the plans were drafted. If the marble were left out then the building could be finished within the sum granted. Now the marble industry should be supported; moreover the building would look better. Next year there would be asked $10,000 more to complete a school which would advertise Nelson. He did not think that a bylaw should be submitted just now. As to the architect the tenders had come within $1500 of the estimates as submitted by him.

R. W. Hannington agreed that it would be desirable to have marble if it were merely a question of expense. But he thought that $4500 would be better expended in furnishing the interior rather than decorating the exterior.

D. C. McMorris pointed out that he still had had no reply, the $60,000 was to cover everything; now it turned out that it would no more than cover the bare building. Yet contracts had been let which would leave an unfinished building. He thought when the trustees found that the money would not be sufficient they should not have let the contracts but have called for fresh plans and taken the property owners into their confidence.

W. Irvine said the building could be completed without the marble within the sum granted.

J. A. Irving said that the $60,000 was for everything.

Dr. Arthur acknowledged that to be the fact.

J. A. Irving went on to say that the building alone was to cost within $45,000, and yet trustee Irvine had said the tenders were within $1500 of the architect's estimates.

R. G. Joy said the meeting was getting away from the point which was whether to have marble or not.

D. C. McMorris said the question persistently asked by the citizens was why the money asked for which was to have included everything, would not include everything by $10,000.

J. W. Holmes pointed out that if the trustees had exceeded their estimates on the school, so had the city council on the power plant. He was in favor of the extra expenditure and also for the marble.

R. G. Joy said if the trustees had not enough money they were bound to go to the council and if the money were refused, to go to the ratepayers.

A Carrie recommended the marble. Several thousand dollars could be saved if the old sanitary arrangements had been kept. Twelve room school buildings were being built on the prairie from $70,000 to $80,000 each. Nelson was getting a cheap school.

E. Ferguson favored marble. The school building should be one of the best in the city. Vancouver's school buildings now being put up was costing from $75,000 to $84,000. He moved that "it is the opinion of the meeting that marble be used."

Blake Wilson seconded.

D. C. McMorris thought that the trustees would be taking a grave responsibility if they went upon any resolution passed by so small a meeting.

W. G. Gillett asked why the specifications called for Lardo marble and not for Kaslo marble? Why should one marble industry be excluded?

Dr. Arthur said this was because sawn marble was the cheapest.

W. G. Gillett declared that was no reason why the Kaslo marble concern could not put in saws for themselves.

A. Carrie said the reason why Kaslo marble had been excluded was that it carried iron and mica and would discolor.

Mr. Gillett denied this and said the very question had been looked into by the provincial building inspector. Samples of Kaslo and Lardo marble, the latter made up by W. Shackleton's partner, had been assayed by A. McKillop, and the Kaslo marble was the freer from iron.

W. Shackleton jumped up, but was called to order by the chairman who put the question and on a show of hands, declared it carried.

Mr. Shackleton then briefly but forcibly denied all the statements made as to the differences between Kaslo and Lardo marble declaring that the provincial building inspector did not know any more about marble than did Mr. Gillett.

The meeting then dispersed.

TO WIND UP

London, Paris and American Banks in Liquidation

LONDON, June 15—At a special meeting here today of the shareholders of the London, Paris and American Bank, Ltd., which has a capital of $5,000,000, it was decided to voluntarily liquidate the concern. The assets will be sold to a new bank to be called the London & Paris National bank of San Francisco, which is to be incorporated under the laws of the United States, with a capital of $2,500,000. Nearly 90 per cent of the capital of the bank now being wound up is held in California and the desirability of the reconstruction of the company under American laws had been urged by the large shareholders.

STANDARD OF EMPIRE

Proposal to Advertise the Resources of Nelson District

There was a meeting of the executive of the board of trade publicity department yesterday afternoon at 5:30 o'clock to consider several advertising proposals which had been submitted to the secretary, E. K. Beestoon. These were from various eastern and coast papers and included a proposal from J. J. Walsh, the traveling representative of the Standard of Empire, published in conjunction with the London Standard.

That paper has a large circulation in the old country and over the Empire among the very classes which it is desirable to bring to the Kootenay. The weekly edition containing the advertisement would be put into the metropolitan daily on the day of its corculation so that advertisers would not only have the circulation which the Standard of Empire has weekly throughout the Empire but would also have the circulation once a week of the daily itself. No decision was arrived, the meeting adjourning until noon today for further consideration.

LATEST CROP REPORTS

GRAIN IS IN THE BEST POSSIBLE CONDITION

ALL INDICATIONS PROVE MOST GRATIFYING

(Special to The Daily News)

WINNIPEG, June 15 — Although the past week has been characterized by heavy showers alternating with spells of heat, the nights generally have been cool and from reports received the young crop does not appear to have suffered much. Apparently root strength has not suffered by reason of rapid growth and superintendent Murray of the dominion experimental farm at Brandon says that while there has been too much hot weather there are really no ill effects. The grain is as healthy looking as could be desired and there is no sign of yellow. Beyond, therefore, inconveniences arising from to great length of straw, the crop to date has so far maintained its record of best possible condition. If ever percentage classification comes into use in the prairie west, the first two months of 1908 will represent the standard or one hundred points by which other seasons can be measured. Normal conditions are only needed to secure a bumper harvest, at least a month earlier than last year.

Starting with Manitoba reports are most gratifying. Portage Plains never showed better prospects and farmers are already talking of an immense yield. Heavy rains in southern Manitoba are bringing crops along nicely, while in the north where much land is new there is not a single adverse report.

In Saskatchewan everything is doing well along the main line of the C.P.R. and it is now quite clear that the frosts of a few weeks ago did no permanent damage. In the Regina district, where owing to the heavy "gumbo" soil, crops are generally a little late, wheat is now 12 inches high, while similar conditions prevail on the Arcola branch and Soo line, where is a considerably increased acreage seeded to flax and oats. Moose Jaw reports grain remarkable for its sturdiness; with roots well stooled out Further north reports are equally encouraging. Saskatoon has nothing but good to say of conditions throughout its wide tributary country, while Lloydminster says crops have never been so advanced during six years of settlement, the only danger being too much straw.

Calgary says that crops are all that could be desired, especially fall wheat and coarse grains. Heavy rains have been prevalent but do not appear to have injured the crops. Macleod reports fall wheat thirty-five inches high and just to grow deeper and stronger and spring wheat is 15 inches high. Lethbridge says cool, wet weather has caused grain roots to grow deeper and ctronger and spring wheat to stool out more. Rain has gone off nicely and no grain has been drowned out. Grass is in excellent shape, with cutting already starting and rye in head. Red Deer, Lacombe and Stettler districts all look splendid and similar reports come from Edmonton, Wetaskiwin and other more northern points. So far there is no fly in the ointment of the crop of the prairie west.

VIA MONTREAL

New York Grain Men Object to Discrimination in Grain Carrying

NEW YORK, June 15.—The withdrawal from service of the freight ships of the White Star line, and the complaint of the company that the railroads have so discriminated against New York that the grain of the country is being sent abroad by way of Montreal, will be thoroughly gone into by the New York produce exchange next Thursday when its trade and transportation committee will submit a report on the subject which is expected to recommend the appointment of a committee to confer with the railroads.

"New York should be the natural shipping point for the grain of the country" said president King of the exchange, "and there seems to be no other reason for the grain being sent to Montreal than that the railroads are giving that port a lower rate than they are giving New York."

Mr. King said that everything that could be done would be done by his association to bring back the business to this city.

KEPT THE DAY

King Alfonso Enthusiastically Greeted at Saragossa

SARAGOSSA, June 15.—King Alfonso and N. Cruppi, the French minister of commerece, attended the commemoration today of the 100th anniversary of the defense of the city against Napoleon's armies. The king was especially enthusiastic at the reception which was accorded him by the multitudes.

FOR QUEBEC

Work Being Rushed on American Battleship for Tercentenary Celebration

NEW YORK, N. Y., June 15.—Work is being rushed on the new battleship New Hampshire at the Brooklyn navy yards, that she may be ready to leave here on Saturday on her trip to Quebec to honor the prince of Wales on his visit to Canada. This will be her first ocean trip.

GREAT FUTURE

The Fruit Lands of British Columbia

SHAUGHNESSY IN TORONTO

RAILWAY MAGNATE MAKES GREAT SPEECH OF THE BEGINNINGS AND PROGRESS OF THE CANADIAN PACIFIC—POSSIBILITIES OF THE WEST.

TORONTO, June 15 — Toronto paid princely homage to sir Thomas Shaughnessy, president of the C.P.R. tonight when the board of trade entertained him at a magnificent banquet at the King Edward hotel in recognition of the opening of the Toronto-Sudbury line, which gives access to a large unexploited area, brings Toronto within 36 hours of Winnipeg and adds a new artery between the Canadian west and the metropolis of Ontario.

The spacious banquetting hall was filled to overflowing with merchant princes and other representative public men of Toronto and Ontario and the banquet was notable for the great enthusiasm which prevailed throughout. Lieutenant governor sir W. M. Clark responded to the toast of the Province of Ontario in a spirited speech. Sir Thomas' health was proposed by Lionel Clark, president of the board of trade, who spoke most eulogistically of the Canadian Pacific and its president, their honored guest.

Sir Thomas on rising to reply, was greeted with a veritable ovation, the audience arising again and again. In opening, he humorously refered to the fact that it was just 26 years ago when certain Ontario newspapers, which at that time were not in accord with the policy or methods of the newly organized C.P.R., and which found a good deal of fault with the importation of men trained in the technical features of railway work, were publishing articles to the effect that "another Yankee, O'Shaughnessy," had been brought in by the C.P.R. But the people of Canada refused to believe that an O'Shaughnessy could be a Yankee. "Now," continued sir Thomas, "just 26 years later, I have the temerity to come here, supported by my friends, sir Sanford Fleming, senator Forget and Messrs. Matthews and Osler, my colleagues in the company, to meet and join you good citizens of Toronto in celebrating the completion of a new line forged by the C.P.R., which practically places Toronto on our main line.

"In view of the occasion and of the kind words used by his honor the lieutenant governor and by your president, it may not be out of place to say that during these entire 26 years in which I have been connected with the company, I have received nothing but the most cordial support, the greatest possible friendship, the greatest possible consideration and encouragement from my fellow Canadian citizens. (Applause.)

"During so long a period and with so varied interests, it would be impossible that everyone should agree with our policy at all times, but I can say today that no matter what may have been the outcome of our disputes, I cannot point to a single indication of resentment and I certainly carry none. As the subject has been raised, I thing it is fitting that I should say tonight what are the facts with regard to the original construction of the C.P.R., because I do not believe that today the actual circumstances are understood, even by Canadians

"The original syndicate was composed of George Stephen, Donald A. Smith, J. J. Hill, Duncan McIntyre, R. B. Angus with John H. Kennedy associated with them. Messrs. Stephen, Smith and in a smaller way R. B. Angus, have made their fortunes with the rehabilitation of the old St. Paul and Pacific, afterwards the St. Paul, Minneapolis & Sou, and from that they have realized fortunes which even today would be considered vast. By reason of this, they were in a position in 1881 to form the syndicate which afterwards became the Canadian Pacific railway. This is where the capital came from. The work was carried on, the company organized and the stock sold on a basis to realize 45 cents on the dollar on the average, including the original subscription. Not one of these men realized on one single dollar from his connection with the Canadian Pacific until in recent years, lord Strathcona, who had kept some of his stock, secured the benefits of the increase in value. But in 1895 any gentleman in this room could have bought the stock the president held on a lower basis than the original founders received away back in 1882, when no one had faith in the company.

"The great genius of the company, the man who, beyond all others, was responsible for its successful completion, was George Stephen, now lord Mount Stephen. He was the bold man, the man of originality and resource, while lord Strathcona was the strong and faithful second, always ready to follow Stephen."

Proceeding, sir Thomas said it was a peculiar source of gratification to him that it could be said of the C.P.R., that it had been an honest enterprise. He had never made a statement to his directors and shareholders with greater satisfaction than when at their last annual meeting, he had told them that every dollar of outstanding securities of any sort, excepting the original capital stock, had not been sold at less than face value.

"And," continued sir Thomas. "I have this proud boast to make, that in the 26 years that we have been in operation notwithstanding the hundreds of millions of dollars worth which have been handled by many thousands of employees, the sum total of the defalcations which have occurred would not amount to $100,000.

"The completion of this Toronto-Sudbury line makes an important epoch in the history of Toronto. It not only places this city on the main line of the C.P.R. but brings it in closer touch with the nickel districts of Sudbury, with the industrial activities at the Soo, with Winnipeg and the vast empire of the west, upon which we all so much rely for our future greatness. But besides this, it opens up a by no means unimportant section of Ontario hitherto not served by transportation lines. It has been a hard question and almost a heart-breaking job. We intended from the first to make it a high class line and made liberal estimates, but owing to engineering difficulties these have been exceeded, but you will agree with me that nothing is too good for Toronto.

"The connection of the C.P.R. with Toronto was established in 1884 by the construction of the Ontario & Quebec railway from Toronto to Carleton Junction. Originally this road was 381 miles from Montreal, via Ottawa. Subsequently it was reduced to 338 miles by the construction of the Smith's Falls cutoff. It might be well here to refer to an old Toronto citizen, who I never knew personally, but who was a great factor in connection with the Ontario & Quebec system, the late George Laidlaw. Mr. Laidlaw devoted himself to the Credit Valley and Grey & Bruce railway and other similar enterprises, never with profit to himself. But finally, by using the Credit Valley as a nucleus and securing the necessary financial assistance the Ontario & Quebec railway was organized. These various lines were consolidated and the line from Toronto to Carleton Junction was built without one single penny of government assistance, at a time when such assistance was thought to be an absolute necessity for railway construction. So George Laidlaw should always be greatly remembered by the people of Toronto in connection with the work of this railway.

"At the time the Ontario & Quebec section was completed Toronto had a population of 105,000 and its assessment was $66,000,000. Today you have a population of 300,000 and your assessment roll is nearly $206,000,000, a record of which I am sure very few cities on this continent can boast. I would not have you imagine that I attribute all this great growth of population and wealth to the connection formed at that time, but I am sure I am justified in saying it was a small factor in securing these results. (Applause.)

"The magnificent strides of Toronto and of the other cities and towns of Ontario, and, indeed, of every section of eastern Canada are due beyond any question of doubt to the opening by the C. P. R. of that vast empire west of Lake Superior which has brought you so much new trade and which has given so much additional occupation to your people. Think of what you are sending to that country: groceries, provisions, implements, bicycles, machinery, stoves, pianos, books and merchandise of every possible description which are being sent from your factories and laboratories. It is by these means that Toronto's wealth and population was built up. (Applause.)

"Is is true that the opening up of the west caused something of an emigration from Ontario and a temporary falling off in the value of farm lands, but any loss suffered in that way was a mere bagatelle compared with the enormous advantages you have gained from the other causes I have mentioned. (Applause.

"We are all too apt to think of only the prairie country in connection with agriculture, but in British Columbia the fruit industry means a great deal for Canadians. This year alone, I am informed that no less than 1700 acres of orchards have become productive and this new yield will bring returns of no less than $5,000,000. (Applause.)

"This will mean an important addition to the purchasing powers of the farmers of the prairie country, while the mines and lumber industry will be given increased activity and will come to you for their supplies, so that from every side you receive advantage from the growth of that western territory. (Applause.)

"With the good harvest, which I hope we shall have this year, we are sure to forget this financial stringency which has so much troubled my friend Mr. Wilkie and others. (Laughter.) But I earnestly trust that while we forget those disagreeable days and the trials that everybody connected with financial affairs was put to, that we shall not forget the lesson of that period, that we should not forget that the boom, if it be an ephemeral boom, must have serious results. I have referred to the practically ascertained results of this year's operations in the northwest. I know that next year, with similar conditions, we shall have till greater improvements. But is there any gentleman in this room with the requisite temerity to make a forecast as to the conditions 10 years hence? Can any one place a limit upon the possibilities of Manitoba, Saskatchewan, Alberta and British Columbia? I would not say within the next quarter of a century; that is too long; but within the next 10 years. I think I know the western country as well as most people. I have watched it as carefully as any and I would hesitate very much indeed upon its future possibilities. (Applause.) But while we are giving our attention to agricultural interests and encouraging the development of our farms and our fruit lands and our mining and lumbering operations, we have other things to do in Canada which we must carry out if we are properly to fulfill our destiny. We have our internal waterways. We must endeavor to shorten the distance between the Georgian bay and the seaboard and improve the routes so as to make traffic cheaper. We must amplify and improve our ocean ports so as to give cheaper handling of traffic there. We must see that our St. Lawrence navigation and the approaches to our Atlantic seaboard are made as reliable and safe as modern methods can make them."

Important Capture

VANCOUVER, June 15 — The police have arrested Jas. Moore, a negro accurately answering the description of the man suspected of the double murder committed here on Saturday. The man denies his guilt, but a search in his shack resulted in finding blood stained clothing.

MACEDONIAN SITUATION

GERMAN AMBASSADOR WRITES A SPECIAL ARTICLE

SPEEDY REPLY IS SENT FROM LONDON

LONDON, June 15.—An article on Macedonia, cabled by baron von Sternburg to the New York Outlook, has created considerable interest in England and has been much commented upon. A reply to the German ambassador has been sent to the Outlook by W. A. Moore, secretary of the Balkan committee.

Interviewed today, Mr. Moore said that the statement, that Germany now agrees with the whole civilized world that the state of affairs is unbearable and urgently calls for a remedy, is most welcome. But what remedy does Germany propose and how does she reconcile her insistence on the maintenance of the status quo with this undoubted urgency?

Germany, he says, agrees that something must be done, but this something, to be successful, must have the firm support of all the powers, and Germany does not intend to support it; therefore it will not have the support of all the powers.

The really hopeful point is that baron von Sternberg did not finally commit his country to this transparently obstructionist attitude. Germany, he is assured, has an open mind for all reforms. That is a wise statement.

"Germany will do well not to identify her diplomatic position with opposition to English proposals for reform in Macedonia. Sir Edward Grey, with the whole of the British people behind him, is very deeply committed on the question. Russian people will insist that the Russian government shall not fall behind any of the other in befriending the southern Slavs. The liberal sympathies of France and Italy are well known, as are those of the great United States. The question is ripening rapidly. It has advanced many diplomatic stages since sir Edward Grey forced it upon Europe's attention in December last and it is likely to enter another when king Edward meets the case. Surely, Germany is not going to commit herself to a losing cause and stand condemned at the bar of public opinion of the world, yet if she is sincerely desirous of reform why did she, not only reject the clear plan of sir Edward Grey, but to fail to respond to his invitation to suggest another program of her own?

Baron von Sternberg also criticizes various proposals. He says Germany does not regard the judicial scheme as the most appropriate measure. He doubts whether an increase of the police force would give the desired results. He regards with some scepticism the idea of allowing European officers to direct the movement of troops: Yes—but what alternative schemes has Germany to suggest? Meantime, although the diplomatic situation was never so hopeful, the situation in Macedonia was never so terrible. The English blue book published last week is the worst that has appeared since the massacres of 1903. There have been over 10,000 murders in the last four years. Christian or Mohammedan, every man's hand is against every other man's. Men, women and children are slaughtered like vermin, and their bodies treated with less respect. It is amazing that such a bloody chaos should be tolerated within the bounds of Europe a day longer."

FIRE AT YMIR

Andrew Chriest's Residence Is Destroyed—Train Delays

(Special to The Daily News.)

YMIR, June 15—Yesterday afternoon the residence of Andrew Chriest of the Ymir brewery was completely destroyed by fire, Mr. Chriest losing everything except part of his clothing. If it had not been for the efficient service of the Ymir fire department, the brewery and also Charles Paterson's residence would have been destroyed.

Passengers on Saturday's evening train had an experience which is not uncommon on the Nelson and Fort Sheppard railway. The train from the south was reported as being 40 minutes late out of Waneta, which would make it due here at 7:20. The train arrived at 8:45, the conductor being fireman, as one of the rear driving rods broke at Meadows and drove a pipe into the hand of fireman Harry Crank. After leaving Ymir a distance of three and a half miles was made when another rod broke and at the same time the rod on the opposite side of the engine was badly bent. The conductor cut in on the wire and reported the circumstances to the despatcher at Spokane, who ordered the train back to Ymir to meet a fresh engine that had been sent from Northport. After some five and a half hours the engine was repaired so that it could back the train to Ymir, where the auxiliary engine was in waiting and at 4 a.m. Nelson was reached.

PETTY GRAFTS

Criticisms of the Government at Ottawa

IMMIGRATION OF CHINESE

ACT INTRODUCED GIVING POWER TO IMPRISON AND DEPORT CHINESE WHO EVADE PAYMENT OF HEAD TAX—INTERCOLONIAL FINANCES.

(Special to The Daily News.)

OTTAWA, June 15.—Five bills were announced by premier Laurier at the opening of the house this morning. Of chief importance are the amendments to be made to the Railway Act, the other four being amendments to the Criminal Court Act, to the Judges' Act, to the act governing legal actions in the territories and to the Revised Statutes, correcting errors.

During question time today, Mr. Ames was told that in 1904-5 Messrs Gaetz Bros., of Red Deer, were paid $383 for services rendered the interior department. Mr. Ames was also informed that ex-justice McGuire, of Saskatchewan, is drawing a pension allowance of $3333. He retired after about 15 years' service.

The house then went into committee on a bill to amend the Yukon Pacific Placer Mining Act. Third reading was given the bill.

On a bill to amend the Yukon Act, the minister of the interior explained that the elective council would be composed of 10 members, as now. One of these 10 will be elected speaker. At present the commissioner acts as speaker, but in future he will take no part in the legislation, but will attend entirely to his executive duties. Hon. Frank Oliver gave the winter population of the Yukon as 6000, and in the summer, 10,000. There will be no cabinet, chiefly owing to reasons of economy, and the commissioner will govern under the advice of the federal government, which will remain responsible. The council will control the revenue raised locally and all its expenditures.

In reply to G. W. Fowler, the minister of railways gave some details as to the finances of the intercolonial railway up to recent dates. During April of this year the working expenses were $740,851, or $270,000 more than the receipts, while in April of last year the receipts exceeded the working expenditures by $148,000. The receipts for May of this year were $690,000, showing a falling off of over $100,000 from last year.

After the passage of the act establishing a Yukon elective council, Hon. Frank Oliver moved the second reading of an act to amend the Chinese Immigration Act. The main feature of this amendment is to give the government power to imprison and deport Chinese who do not pay the head tax. It has been found that under the present act there is no way of punishing or sending out of the country a Chinaman who tries to evade officials and reach the interior of the country. The bill was reported.

Hon. William Templeman was next to the front, with his proprietary and patent medicine bill. This measure is designed to restrict the use of alcohol and cocaine and other dangerous drugs in patent medicines, but any medicine of which the prescription is published on the label is exempted from its provisions. After receiving a second reading the bill was sent to a special committee, composed of W. Templeman, G. H. McIntyre, Perth; Sproule, Grey; D. W. Bole, Dumfries, and Thomas Chisholm, Huron. A similar bill was introduced last session in a more radical form, but it did not get far on its legislative way. The present one, the minister said, is almost entirely satisfactory to proprietary merdiine men.

Hon. Sydney Fisher then proceeded with an act to amend the Inspection and Sale Act which deals chiefly with cheese and fruits. The chief features are the increase of penalties for the false marking of fruit and the prohibition of packing in any cheese of any foreign substance. The penalties for false marking met with such adverse criticism that Mr. Fisher consented to their being cut in two.

In supply, at the evening session, after a brief discussion of the Anglo-French exhibition in London, on the vote of $200,000 for the exhibition, Hon. Sydney Fisher stated that the Canadian exhibit would cost over the $300,000, which was paid out from last year's vote. The government is also expending $35,000 in the Scottish exhibition at Edinburgh.

Conservative whip George Taylor, who was leading the opposition tonight, elicited the fact that a son of John Tolmie, M.P., and a cousin of J. G. Turriff, M.P., were on the staff of the Canadian exhibit at London. Mr. Taylor declared that the exhibitions were patronized to give positions to political friends of the government.

An interposition by Col. Tablot, of Bellechasse, brought a question from J. E. Armstrong, of Lambton, in regard to the German Development company, in which Col. Tablot is interested. Armstrong stated that this company had employed for five months a member of the geological survey staff to locate a mine and that this man had now gone back to his work of survey.

The reason given by Mr. Tablot was that Dr. Dowling, a member of the sur-

PECULIAR COMMENT

If anything were wanting to impress upon the average reader of Canadian newspapers the fall of the Toronto Globe from its place as the leading exponent of high class liberal politics to the plain purely party organ, the attitude of that newspaper during the recent campaign in Ontario and its comments upon the situation the day after the election, would be thoroughly convincing. From a wholly partizan point of view the Globe carried on a very good election fight, as was pointed out in these columns the other day. That it failed completely in its partizan effort, gives rise to the hope that Canadians as a whole, are rising above mere partizan appeals.

The insincerity of the mere party organ, however, is shown in the comments made by the Globe last Tuesday morning. In two separate articles on the editorial page the elections in Ontario and Quebec are reviewed. Referring to Ontario the Globe says: "No matter what the causes, legitimate or illegitimate, every true friend of the government and every wise and thoughtful citizen will regret the result." The result refered to being the return of the Whitney government by such a large majority and *practically the annihilation of the opposition*. The independent voter might agree with this attitude for undoubtedly it is not for the good of a country that a *government should be too strong* or an opposition too weak, but when the Globe refers to the Quebec situation its views are completely changed. "Mr. Gouin has reason to feel specially gratified at the tribute to the efficiency of his administration and if he continues as he has begun he will probably find the present vote of confidence repeated at the next opportunity.". What is a cause for regret in Ontario, therefore, is a matter for congratulation in Quebec.

Turning to Ontario again the Globe says: "The loud or arrogant shout of mere brute force majority signifies nothing. It is not a matter of majority or of minority but of clear ideas, strong convictions and a high devotion to the public good. Premier Whitney instead of being strengthened is in reality in a more dangerous position than he was in the last parliament. He must be dull indeed, if he is not apprehensive of the perils inseparable from so large a majority. Now that the corrupt elements *of the party, both within and without* the legislature, feels secure in their places of power, the restraints of the first term will soon be thrown aside." *It will be seen, therefore,* that, according to the Globe, while Mr. Whitney with his "corrupt" majority is in a position of great peril in Ontario, Mr. Gouin in Quebec with his great majority, is perfectly safe. "The most outstanding feature of the (Quebec) election statistics in detail is the large popular majorities given for the liberal candidates. This emphasizes the significance of the general result the province over." The majorities in Ontario, when they are against liberal politicians signifies either corruptness or have no significance, while in Quebec the same majorities for liberals are entirely satisfactory.

Perhaps it is hardly fair to judge an admittedly great newspaper's utterances directly after a Waterloo such as that of last week, but it would seem to be clear that the influence of the Globe, which has lost ground *steadily* during the election campaign in Ontario, has suffered a still more serious reverse by the insincere comments after the battle is over. *Considering the prominence of the Globe,* the matter is not without its significance to every newspaper in the country.

EDITORIAL NOTES

"United Canada," which is usually well informed on political matters, says that Hon. Mr. McBride will be made a K.C.M.G. on the king's next birthday. It also declares that Mr. Macpherson, M.P., will be appointed postmaster of Vancouver, and that Mr. W. W. B. McInnes will be the liberal candidate in the constituency.

The very excellent special service given by the C. P. R. telegraphs just a week ago enabled *The Daily News* to publish a complete and satisfactory story of the Ontario-Quebec elections the next morning after the fight was over. One or two mistakes were made but in the case of Ontario particularly the report was very accurate. East York was definitely placed in the liberal column but this proves to have been an error, as the conservative candidate, McGowan, was returned by over 600 majority. In Stormont the conservative candidate has been returned by a majority of one and a recount is pending. There will be recounts in South Perth, where the minister of agriculture, Mr. monteith, was defeated by 7; Lennox, where the tory majority is 4, and South Oxford, where the liberal majority is 13. Up to date the figures are: conservative, 87; liberal, 18, and labor 1, a conservative majority of 68 in a house *of 106 members.*

This is how the Greenwood Ledge regards the nomination of Mr. Curtis for Kootenay in the dominion house: It will not be a surprise to those who know to hear that Smith Curtis is again a candidate. Mr. Curtis appears to have gone solely into the business of running for office. About 30 years ago there was a man named Wilkes in Owen Sound, Ontario, whose only occupation was a candidate. He entered the field every year as a candidate for some municipal office, and annually went down to defeat. The writer lost track of him for about 20 years, but being in Winnipeg in 1893, he found Mr. Wilkes still running for office and still being defeated. If alive, there should be a strong bond of sympathy *between him and Mr. Curtis after the* federal campaign in Kootenay.

Every business is down to hard pan; everyone is cutting things fine. But one by one, trade by trade, line by line, things are opening up. Mill after mill that was shut down or on half time is increasing its output; orders for goods are coming in; and money from abroad is steadily coming into the country for Canadian securities. The railways are still crying low earnings, but even earnings are looking up and the roads will be forced to put more men at work on or after July 1 in order to handle the increased business. The crop reports are of the most encouraging kind. As one observer the other day put it: "Nature is now growing more in two days than she did in two weeks some time ago," *and finances will suddenly loosen up in* the same way before many days. Everyone is now confident of the outlook and that is half way over the hill.—Toronto World.

Canadian Independence never has been a serious policy in Canada, says the Montreal Star. In the youth of Mr. Edward Blake he was thought to have looked that way with a few other bold young spirits, but he soon abandoned the idea, and we saw him later in life leaving his party because he feared that its tariff policy would lead to annexation. Occasionally some dreamer or boyish enthusiast talks "independence" until some one gets a chance to show him that *Canada is now more genuinely independent* than it could be with its own flag and its own responsibilities; but to imagine that "this doctrine" has a "strong hold" on the dominion, is to show one's self wholly ignorant of conditions out here. It has about as strong a hold on Canada as "Jacobitism" has on Britain.

At the Yarmouth Y. M. C. A. Boys' Camp held at Tusket Falls in August, I found MINARD'S LINIMENT most beneficial for sun burn, an immediate relief for colic and toothache.

CURED of ITCHING PILES

Mr. C. V. Mutart is a Customs Broker and Insuranc Agent at St. Catharines, Ont. He writes the Zam-Buk Co. as follows: "I have been a sufferer for years with itching piles. I have spent many dollars on advertised remedies for Piles but got no relief. A friend of mine advised me to try Zam-Buk. I had but little faith in any remedy to cure me, but tried one box and I got relief at once. I have used four boxes and am completely cured. I cannot thank you enough for such a wonderful curative salve. I have recommended Zam-Buk to my friends and they too were cured."

UPHOLD CREDIT OF WEST

SUCCESSFUL STUDENTS AT EASTERN COLLEGES

SEVERAL NELSON MEN UPON HONOR LISTS

A partial report of the successful candidates at the various examinations of the University of Toronto just to hand shows that the Nelson students have upheld the high reputation of the west.

R. E. Wallace, who received his B.A. degree at the commencement exercises last Friday, has taken first place in general proficiency. For the last two years he has been in second place but has moved up to first this year. His first year's work was taken in the High school here.

F. W. Loring was successful in the *second year examination in medicine* as was also F. E. Pittman, who was formerly purser on the Moyie, on their run to Kootenay landing. His name appears on the honor list and as that list only represents about 10 per cent of the students passing his performance was all the more creditable.

As has been previously reported in this paper, A. H. Wallace received the silver medal, in his final year in medicine at Winnipeg, and N. C. Stewart attained honors in his second year in the School of Practical Science at Toronto.

A. R. Crease, brother of E. A. Crease, who is now resident here with his relative, has passed his second-year examinations at McGill, taking honors in organic chemistry.

These in themselves make a very creditable showing, and when the lists are completed other additions may yet be made.

IN CHAMBERS

Applications Heard and Disposed of by Judge Wilson Yesterday

There were several chamber apppications before judge P. E. Wilson yesterday. H. C. Hall made application in *the case of the DesBrisay Jobbing* company, of Ymir, vs. P. Daly for substitutional service on the defendant. There was no one contra. An order was granted, 20 days being given for filing dispute note.

In re Coal Mines Act, R. S. Lennie made application for appointment and *directions in the petition of the Kootenay* Amalgamated Oil and Coal company filed at Cranbrook. Order granted; hearing set for August 3.

In re Plans Cancellation Act, A. M. Johnson made application on behalf of John Keen for the cancellation of the Nashville townsite. Order granted.

In re G. E. Smith, deceased, A. M. Johnson made application for letters of probate to E. Harrop. Order granted.

Suffered 20 Years

"Fruit-a-tives" Cured in 2 Months

St. Raphaels, Ont.

For over twenty years I suffered from Chronic Constipation of the bowels, and I could get no medicine to cure me. I tried doctors and every known purgative, or laxative, medicine known but I was no better. Sometimes, if I did not take medicine, I would go four or five days, without any action of the bowels. During all this time I was weak and suffered from Indigestion constantly.

About a year ago a friend advised me to try "Fruit-a-tives" as they had helped her. I began taking "Fruit-a-tives" and from the outset I began to feel better, and inside of a month the pains were almost gone and the Constipation relieved. In two months I was perfectly well again, no pains, no constipation, and my complexion had lost all that sallow appearance.

(Sgd) MARY A. McDONELL.

"Fruit-a-tives"—or Fruit Liver Tablets—are the only remedy known to science that actually cure Constipation. They do this by making the liver healthy and active—thus causing more bile to flow into the bowels. 152

"Fruit-a-tives" — or "Fruit Liver Tablets" are sold by dealers at 50c a box—6 for $2.50—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

PAN-ANGLICAN MEETING

EIGHT THOUSAND MEMBERS WILL ASSEMBLE TOMORROW

REPRESENTING OVER A HUNDRED MILLION PEOPLE

From Canada, from China and Australia and India and South Africa and Central America, from every part of the United Kingdom, from the four corners of the earth, bishops and clergymen and men and women law delegates of the church of England, are now on their way to London, England, there to take part in the Pan-Anglican congress, one of the greatest gatherings in the history of Protestantism. In the number of delegates who will take part in the congress and in the importance of the subjects to be discussed, the conference of June 15-24 will dwarf all previous meetings ever held by the Anglican church. From this great parliament of the Episcopal church may flow results that will have an influence on generations yet unborn, as a glance at some of the subjects to be discussed will clearly show.

The following are some of the chief problems that will be grappled with: The Sancitiy of Marriage; The Drink Traffic, Gambing, Luxury, Companies and Dividends, The Unemployed, Training for Holy Orders, The Relations between Local Churches and the Anglican Communion, Monopolies and Trusts, The Duty of the Clergy to Society Reform, Christian Science, Dramatic Literature, Journalism, Ministry and Laymen, Reality and Inspiration, Christianity and Socialism.

These and many other questions will be handled at sectional meetings, such as those adopted by the British association. The sections are seven in number and are classified as follows:

The Church and Human Society; The *Church and Human Thought; The* Church's Ministry; The Church's Mission in Non-Christian Lands.

It is proposed that every bishop shall bring a thank offering from his diocese, either in the shape of money or of men and women, willing to undertake the work in mission fields, and it is understood that the bishop of Winchester and ten of his clergy will volunteer for work in western Canada, where the church of England has already done so much noble work. Of the million pounds in cash which it is expected will be raised, a large sum will probably come to Canada, for it is proposed to establish a new diocese at Edmonton. In Manchuria, northern Rhodesia, Singapore, Khartoum and northern Australia it is proposed to form new dioceses, for which large sums are needed for the forward movement contemplated. With the establishment of the six new diocese, the total number of church of England dioceses throughout the world will be increased to 257.

Eight thousand members will take part in the proceedings, representing 100 million people and it is expected that nearly as many more will attend the meetings. Most elaborate preparations have been made for entertaining and housing the members of the congress while in London, and special arrangements are contemplated for the gatherings of women which will be held in connection with the great conference. Afterwards the decennial assembling of the Fathers of the Anglican communion, known as the Lambeth conference, will be held, so that taken altogether, the month of June, 1908 will be one of the most important periods of time in the history of the English church. As the archbishop of Canterbury has said: "There will be a gathering of churchmen and churchwomen of such a character and on such a scale that its importance may easily equal or surpass that of any similar assembly in the long history of the church's organic growth. This gathering directly and immediately concerns every congregation and every home."

And the New York Sun remarks: "It is evident from the program sketched in these preliminary papers that the church of England and the affiliated churches of the United States and the British colonies are fully awake to the tendencies of our day, aim to understand their meaning, to give direction where the way is dark and to kindle a new and ardent sympathy with all promising attempts to ameloriate the lot of human beings. That, indeed, is the fundamental motive of the coming Anglican congress."

BURNS-SQUIRES

Champion Heavyweight Pugilist Will Meet Australian in August

SYDNEY, N. S. W., June 15.—A sport-syndicate here has arranged for a fight between Tommy Burns, the heavyweight pugilist, and "Bill" Squires, the Australian fighter. The contest will be for a purse of $14,000 and is to take place in this city during the visit of the American battleship fleet next August. The syndicate last month deposited $10,000 to bind a match between Burns and Lang, an Australian boxer, who was defeated by Jack Johnson at Melbourne last year.

Badly Sprained Ankle Cured.

Three years ago our daughter sprained her apkle and has been suffering terribly for two days and nights—had not slept a minute. Mr. Stallings, of Butler, Tenn., told us of Chamberlain's Pain Balm. We went to the store that night and got a bottle of it and bathed her ankle two or three times and she went to sleep and had a good night's rest. The next morning she was much better and in a short time could walk around and had no more trouble with her ankle.—E. M. ALL READY AT CHICAGO

REPUBLICAN CONVENTION OPENS THIS MORNING

INDICATIONS ARE FOR TAFT ON FIRST BALLOT

CHICAGO, June 15—Trumpeting wildly and with the scent of battle in his proboscis, a trifle angered, perhaps by the prodding of ambitious ones who are attempting to climb upon his back, but still sound of wind and limb and eager for the fray, the old war elephant of the G.O.P. was again led forth in Chicago today. It is well known that the old beast of burden is in good condition, for if the enthusiasm of the Taft boomers today is any criterion, the G.O.P. elephant will have a heavy candidate to carry in this year's race. While the main show in the Coliseum will not open until noon tomorrow, practically all the performers, scene shifters and audience are now in the city and every tavern in the big town is displaying a "standing room only" sign.

While many of the 13 preceding national conventions of the republican party have not been lacking in spectacular feature, this year's performance promises to be the liveliest in its history. While all the surface indications point to the speedy nomination of Taft, probably on the first ballot, the spectacle of a second elective term and a stampede to Roosevelt is still looming in the background. Not all of the allies have yet given up hope and the supporters of Hughes, Fairbanks, Knox and Cannon are at times able to make themselves heard above the deafening din of the Taft men.

The candidates for vice-president are also receiving much attention from the delegates and thousands of politicians and the supporters of the various men now in the field are urging the merits of their favorites with the greatest vehemence. There is general talk today that Fairbanks may succeed himself but this is strenuously denied by delegates from states having favorite sons of their own.

Manager Frank H. Hitchcock of the Taft headquarters, is claiming 700 votes for his candidate on the first ballot and declares that no other candidate will be seriously considered. As only 491 votes are necessary to nominate, a loss of 200 from this estimate would still leave Taft victorious. Manager Humphrey of the Hughes' headquarters alleges that the New York candidate will receive no less than 125 votes on the first ballot.

Many prominent negro republicans are in Chicago today and this morning commenced a conference at the Quinn chapel. Speeches announcing opposition to Taft were made but no specific favoritism as to candidates was shown.

The New York delegation is not manifesting any remarkable enthusiasm for Hughes and its support of the governor is likely to be half hearted. The delegation will meet this afternoon at the Auditorium and a hot fight over the chairman is anticipated, arising from the opposition among some of the delegates to general Woodford. Delegations from many other states will hold their organization meetings this afternoon.

Despite the repeated declaration of president Roosevelt that he will not accept another nomination, the movement started by senator Jonathan Bourne of Oregon, is apparently gaining strength among the delegates. A circular is being distributed among the delegates that Roosevelt is the only candidate who could win a republican victory this fall and giving the following reasons why Taft should not be nominated:

"The secretary of war has incurred the displeasure of the Jews, which will follow him to the polls, on account of his visit to the czar of Russia on his most recent trip abroad.

"Mr. Taft has incurred the openly announced hostility of the negroes because of his action in the Brownsville case.

"The secretary will encounter the almost solid opposition of labor because of his strike injunction record.

And finally, "That his Memorial Day speech has incurrred for him the not-to-be-despised opposition of the Grand Army of the Republic and its affiliations."

The Coliseum—the scene of many historic battles—is now ready for the opening of the convention, the final touch to the decorations having been added today. Both the interior and the exterior of the big edifice have been decorated in a lavish manner.

Many changes have been made in the interior, the most radical of these being an entire change in the seating arrangements. The platform, instead of being at the center of one side of the Coliseum is at one end. This does not decrease the number of seats, but will enable all who occupy seats both to see and hear all the proceedings.

The total number of seats, is 11,011, which includes the seats provided in the balcony that extends around the hall. On a raised platform above the floor of the auditorium are seats for the chairman and secretaries of the convention, and 56 seats for the members of the national committee. The section immediately in the rear of the platform provided for specially invited guests, contains 1826 seats. Directly in front of the platform and extending on both sides of it are the sections provided for the working members of the press. These sections give desk room for 416 writers, nearly 100 more than were provided for at the last convention.

In the body of the hall 1000 seats are provided for the delegates and immediately back of them, 1000 more has been set aside for the alternates. On each side of these two sections and in the rear of them are 3615 seats for the spectators, these sections being arranged in amphitheatre style. The balcony sections contain 3198 seats for the general public, most of them being very desirable.

Entrances to the hall are provided on all sides, the total numbering 12, exclusive of several stairway entrances from the basement to the platform and guest sections. In the basement admirable arrangements have been made for the convenience of the delegates, alternates and the press. Telegraph and telephone offices have been established and typewriting rooms provided for newspaper men.

No portraits have been allowed among the embellishments of the Coliseum. The convention hall will be absolutely "dry" during the convention, it having been decided that "no liquor shall be sold, served or brought to the convention hall"

It is generally believed that the Taft platform will be adopted as a declaration of principles by the convention.

In regard to tariff the plank will read: "In government we stand for a revision of the tariff by a special session of the next congress, insuring the maintenance of the true principles of protection by imposing such customs duties as will equal the difference between the cost of production at home and abroad, together with a reasonable profit, to the end that, without excessive duties, American manufacturers, farmers, producers and wage earners may have adequate protection."

With a view of doing away with some of the evil effects of the currency law just enacted there will be a pledge that the next congress shall take up the currency question and enact a permanent law that will establish safe and satisfactory monetary conditions and relieve the business of the nation from the fear of panic.

It is also understood that there will be a plank favoring anti-injunction legislation and other legislation favorable to labor, which secretary Taft is known to advocate earnestly, and that something will be said respecting the rights of the negro and the progress made by the race, intended to counteract the effect of Foraker's agitation of the Brownsville question.

The Roosevelt policies respecting the regulation of railroads, the prosecution of trusts and the conservation of natural resources are to be indorsed and their continuance promised. According to the present understanding the whole document will be one that Taft can himself accept and that the country will approve.

The convention will be called to order at noon tomorrow by chairman Harry S. New, who will use a gavel made of wood from Fort Dearborn. Bishop F. J. Muldon will make the opening prayer, after which the selection of committees and other preliminary business will be transacted.

YMIR NOTES

Mining Properties Being Leased—Personal Mention

(Special to The Daily News.)

YMIR, June 15—J. L. Warner, mining engineer, who has leases on a large number of Sheep creek properties, has taken over from J. P. Bell his lease on Tuttle's stamp mill and will work the mill in connection with his leased properties . J. P. Bell was paid $1500 in consideration of his turning over the lease.

Joseph Desrosier of Erie, an old timer, who has been mining in this province for the past 18 years, and who is now afflicted with creeping paralysis, has, through the efforts of W. B. McIsaac been admitted to the Old Man's Home at Kamloops. Provincial constable Fraser will leave in a few days with Desrosier.

W. B. DeWitte, a Ymir mining man, has taken the position of mill superintendent at the Queen mine. Mr. DeWitte is interested in the Fern mine lease, which has turned out so well.

Born in Iowa.

Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera, and Diarrhoea Remedy (made at Des Moines) for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcoossee, Fla., and have introduced the remedy here. It has proven very successful and is constantly growing in favor.—Ennis Bros. This remedy is for sale by all druggists and dealers.

The Drug Emporium of British Columbia.

Contract Fulfilled
Just one year ago we started business in Nelson with one principal object in view—to give the people of Nelson and surrounding towns the the benefit of efficient service and a place where every want would be supplied.

Have We Succeeded
This question is answered by nine-tenths of the population of Nelson.

Why? Because
Nelson folks know when they are treated fairly.
Nelson folks know where they get the best value.
Nelson folks know we never substitute.
Nelson folks appreciate elegant service (Day and Night).
Nelson folks have waited for a drug store (such as ours).

Mail Orders
Out of town folks have no hesitancy sending their orders to us. They know their wants are fulfilled—by return mail.

Thank You
We desire to thank our many City and Country Customers for their liberal support and assure every one that in future they will receive even better attention than in the past.

NELSON NEWS OF THE DAY

The thermometer yesterday varied between 70 and 50 degrees.

A. T. Davis, of 13-Mile, commenced shipping strawberries yesterday.

There will be a meeting of the directors of the Kootenay lake general hospital this afternoon at 4 o'clock.

At the meeting of the university club on Saturday last the usual summer adjournment was taken for three months.

Two carloads of ore are being loaded at the Hall Mines smelter from the Silver King mine and will be shipped to Trail.

The flickering of the city lights yesterday afternoon was caused by a tree being blown across the line. The obstruction has since been removed.

Cricketers are reminded of the meeting tomorrow evening at 8 o'clock at the publicity bureau of the board of trade. A good attendance is specially requested.

A. H. Jackson, of the Allis-Chalmers-Bullok company, has been suddenly summoned east by the dangerous illness of his wife. His place is being taken here during his temporary absence by E. W. Breed of Vancouver.

COMMUNICATIONS

Letters to The Daily News on current topics are cordially invited, subject to the following terms:

The letters must be plainly written (typewritten preferred) on one side of the writing paper only, of reasonable length and must be signed by the writer for publication.

The Daily News is not responsible for the views expressed by correspondents.

EDITOR THE DAILY NEWS:

In the Rossland Miner of today under the caption "Justice For All" appears an editorial on a decision rendered this week by police magistrate Plewman, regarding the plumbing bylaw in the city of Rossland, in which some slaps are given a local plumbing firm. It is stated that the bylaw was framed for the special benefit of this firm, when in reality it was passed unanimously by the city council for the protection of the property owners, who were, and are, in full sympathy with its wise provisions.

The explanation of the undercurrent of insinuation running through the article, and which I believe was largely responsible for its filling today the never too important editorial columns of the paper, is that its proprietor was jacked up by my firm when having a botched job done in violation of a bylaw, that we assumed was perfectly valid at the time.

Rossland is a union camp and our's is a union shop. Only skilled work is turned out and the regular schedule prices charged. It ill becomes the proprietor of a paper that should stand for everything that goes to improve the sanitary condition of our buildings to show so bad an example, and fly in the face of a city ordinance by employing on the hotel referred to in the article inexperienced and unlicensed men.

I would also like to ask if in the case that came before the court and in the others ennumerated editorially for our own benefit whether clause 20 of the bylaw was complied with. This clause is as follows: "From and after the passing of this bylaw, every owner, or agent of an owner of any building, doing or causing to be done any plumbing in such building shall, on the same being passed by the plumbing inspector, be granted a certificate that such plumbing has been done in accordance with the city bylaws, and on being requested to do so, shall deliver such certificate ta any person proposing to purchase or occupy such building."

As a further guarantee that our work shall be up to the standard required by the certificate of competence, we are under bonds to the city of Rossland.

In the city of Trail, which, of course, has no plumbing bylaw there is abundant evidence to show that the owners of buildings there prefer to have their plumbing done by properly licenced firms.

ADAM HUNDEN.

SHERIFF'S SALE

By virtue of a Writ of Fieri Facias issued out of the Supreme Court of British Columbia, in an action whereof the Western Lumber and Pole Company is plaintiff and W. R. Kinney is defendant. I have seized and taken into execution all the right, title and interest of of the said defendant, W. R. Kinney in a quantity of telegraph and telephone poles and piling, now situate along the line of the Bedlington and Nelson railway, in three lots, at the Kinney landing, the English landing and Smith landing, so called, between Creston and Port Hill Idaho, amounting to all 14,666 poles, more or less, in lengths from 25 feet to 65 feet, in 5 feet increments, and also 15,123 lineal feet of piling, more or less, at the Kinney landing and Smith landing.

All of which I shall expose for sale at public auction, or sufficient thereof to satisfy said judgment debt and costs, at my office in the City of Nelson, B. C., on Monday the 29th day of June, 1908, at 12 o'clock noon.

The poles and piling may be inspected upon the ground where situate, and a statement of the approximate number of poles of each length at each landing, may be seen at my office.

Dated at Nelson, B. C., 13th, June 1908.
S. P. TUCK,
44-13 Sheriff of South Kootenay.

LAND REGISTRY ACT

TAKE NOTICE that an application has made to register Noah F. McNaught as the owner in Fee Simple, under two several Tax Deeds from R. J. Stenson, Deputy Assessor and collector of the Sloean Assessment District, to Noah F. McNaught, being dated the 27th day of December, A. D. 1907, of all and singular those certain parcels or tracts of land and premises situate, lying and being in the District of Kootenay, in the Province of British Columbia, more particularly known and described as—

All minerals precious and base (save coal and petroleum) under Lots 3028, "Prescott" Mineral Claim, and 3029 "Prescott Fractional" Mineral Claim, both in Group One, in the District of Kootenay.

You and each of you are required to contest the claim of the tax purchaser within fourteen days from the date of the service of this notice upon you, and in default of a caveat or certificate of lis pendens being filed—and in default of redemption—within such period, you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Noah F. McNaught as the owner thereof.

Dated at Land Registry Office, Nelson, Province of British Columbia, this 1st day of May, A. D. 1908.

CONSERVATIVES MEET

Delegates Chosen for Nelson Convention—Good Outlook

The Slocan Mining Review says that there was a magnificent rally of New Denver conservatives at the K.P. hall recently, the meeting in point of numbers being the best ever held in town. President D. McKinnon called the meeting to order at 8 p.m. and stated that the object of the meeting was to elect delegates to attend the conservative convention for the nomination of a candidate to contest the division, to be held in Nelson on a date not yet named.

The candidates chosen were W. Hunter, M.P.P., M. McLean and Ed. Shannon.

Mr. Hunter, who recently completed a tour of the Slocan, spoke of the splendid organization of the conservatives in all the towns and he said that if all other districts were as solid for a conservative candidate as the Slocan, then the candidate's seat was practically booked.

RECOVERY ASSURED

WINNIPEG, June 15—Aime Benard, member for Assiniboia in the local legislature, has been operated on successfully at Rochester, Minn., and his recovery is now assured. Mr. Benard has been in poor health for some time.

IN THE MATTER OF THE "MECHANIC'S LIEN ACT" AND AMENDING ACTS.

TAKE NOTICE, that having bestowed money and skill upon the chattels herein after mentioned, I will pursuant to the provisions of the above Act, sell at Munro Hotel, Creston, B. C., on the 8th day of June, 1908, at 3 o'clock in the afternoon, the following described chattels, viz. Poles and Piling now being in my possession and lying on land known as Rykert's preemption near Kinney's Siding on the Kootenay Valley Railway in Kootenay District, British Columbia, more particularly described as follows:

501 poles 25 feet long, 631 poles 30 feet long, 71 poles 35 feet long, 497 poles 40 feet long, 375 poles 45 feet long, and 307 poles 50 feet long. Said poles were cut and got out by me for one W. R. Kinney and one A. B. Joslyn and they are indebted to me in connection therewith to the amount of $1434.83, and upon such sale I will apply the proceeds first in payment of the amount due me and costs of advertising and sale and pay over the surplus (if any) to the person entitled thereto.

Dated this 18th day of May, 1908.
J. C. ENGLISH,
P. O. Address, Creston, B. C.

The above sale has been adjourned until Monday, the 15th day of June, 1908, at the same hour and place. 40-5

The above sale has been further adjourned until Monday, the 29th day of June, 1908, at the same hour and place. 45-3.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATION

Any available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may however, be made on certain conditions by the father, mother, son or daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of the homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY.
Deputy Minister of the Interior.

N. B.—Unauthorized publication of the advertisement will not be paid for.

The attention of the Lands and Works Department having been directed to the fact that town lots in a townsite named Prince Rupert, being subdivision of Lot 642, Range 5, Coast District, situate on the mainland between the mouth of the Skeena River and Kain Island, are being offered for sale, it has been deemed necessary to, warn the public that the said townsite is not situated at the terminus of the Grand Trunk Pacific Railway, and is not the townsite which is owned jointly by the Government of British Columbia and the Grand Trunk Pacific Railway Company.

F. J. FULTON,
Chief Commissioner of Lands and Works
Lands and Works Department,
Victoria, B. C., May 1st, 1908
15-30

NOTICE.

Notice is hereby given that in pursuance of the notice signed by the Chief Commissioner of Lands and Works and published in the British Columbia Gazette from the 22nd day of June, 1899, to the 23rd day of June ,1900, all agreements for the sale of Crown lands in the town of Nelson under which any payments of purchase money were overdue and unpaid on the said 22nd day of June, 1899, and are still overdue and unpaid, will be cancelled on the first day of June, 1908, unless the balances of purchase money and interest due thereon are paid before that date.

ROBT. A. RENWICK.
Deputy Commissioner of Lands and Works
Lands and Works Department,
Victoria, B. C.
April 25th, 1908. 25-30

Why You Should Specify It

1.—Burns coal or wood.
2.—Large, sectional, heavy, straight fire-pot, with fins for heat radiation.
3.—Four heavy "three-lives," easily-placed grates with no bolts. Any section can readily be removed through ash-pit door.
4.—Large and heavy rolled steel plate dome and radiator.
5.—Double feed doors for use when burning large chunks of wood.
6.—All joints made with deep cups for cement.
7.—Sure-catching, right-fitting ash-pan, with plenty of room above same for air circulation below grates.
8.—Large dust-pipe connecting ash-pit to dome, preventing circulation of dust in cellar or rooms.
9.—Correctly placed, easy-to-fill water-pan.
10.—Quick-cleaning flues and durable brush.
11.—Automatic Gas Damper,—saves heat-energy, rejects gaseous fumes.
12.—Nickel-plated chain shield with easy-working, non-rusting chain pulleys.
13.—Bottom casing ring solid to ash-pit, making furnace easy to set.
14.—Height regulation adapted to all cellars. Pipes given due elevation.
15.—All parts interchangeable.
16.—Economical and safe.
17.—Easy to operate.
18.—Twenty to twenty-five per cent. more weight than any other furnace made in Canada.
19.—Made from Canadian patterns as well as made in Canada.
20.—Manufactured by the largest and most experienced Furnace Builders in the British Empire.

COMMENTS ON ELECTIONS

HOW RESULTS ARE REGARDED BY CANADIAN PRESS

HIGH TIME FOR A TURN-OVER AT OTTAWA

Appended will be found comment from Canadian newspapers upon the recent Ontario-Quebec elections.

Montreal Gazette:—In their effect upon the federal party the elections of yesterday will tend to help the conservatives. The liberals lost ground both in Ontario and Quebec. The latter was expected, the former was not.

The main lesson of the two contests, however, is directed to the government at Ottawa. Breaking the traditions of the party whose name it misuses, that government made the cause of the opposition in Ontario and the government of Quebec it own. Ministers left their duties at the capital and went stumping in company with the provincial orators. It is notable that in the district of Montreal, where Mr. Brodeur and Mr. Lemieux and Mr. Fisher were most active, the losses of the Gouin government were most marked. It does not need to be said what this means.

The grafters of the Laurier government protects the extravagance that has disorganized the finances and the incompetence that marks the management of the parliamentary business, have been more than the people will stomach. When the parliamentary election is held, Laurier will go just the same as Ross went in Ontario, and for the same discreditable cause.

Calgary Herald:—That the Ontario returns should be heraldede with joy by conservatives throughout the dominion is natural. They see in the figures a handwriting on the wall that fortells the coming downfall of the present dominion government. Certain it is that, whether by logical reasoning or by the force of sentiment, the victory of premier Whitney will inspire the conservatives to more sanguine efforts in the coming campaign, while liberal workers will experience that chilly feeling in the middle regions that is so discomforting on the eve of battle.

Calgary Daily News:—On the basis of the election just held in Ontario, there would be a majority against the dominion government of fully 30. At present the Ontario majority in the house against the government is only six.

The Vancouver Province:—The signal triumph of the conservative administration in Ontario and the fair showing made by the opponents of the Gouin ministry in Quebec leave room for considerable speculation as to the chances of the Laurier government in those provinces should an appeal be made to the country this fall. It must be *apparent, even to the most unswerving* upholders of the administration, that its vicious reputation did, to some extent at least, influence the result, especially in Ontario, and that can be admitted without, in the slightest degree, detracting from the value of the vote as a mark of the people's confidence in the policy and conduct of affairs by the Whitney ministry. It cannot but be that the approval displayed by the electorate of Ontario in the provincial government was intensified by a comparason of the cleanness of its record with the discreditable conduct of public affairs at Ottawa. It is unlikely that the people would not institute comparisons, and in doing so they could not fail to be impressed with the manifest difference which existed.

Victoria Colonist:—While the elections held in Quebec and Ontario yesterday were to some extent influenced by provincial issues, the result of them has an important bearing upon federal politics, especially as regards Ontario. The strength of the conservative party in Quebec was not shown by the late house, for, as every one knows, the elections four years ago were permitted to go to the liberals almost by default. As there is no means of telling how many conservatives might then have been elected, if a fight had been put up in every constituency, it is not possible to say with absolute certainty whether or not the voting of yesterday shows an actual gain for the Quebec conservatives; but in view of the fact that the National Transcontinental railway is in course of construction through that *province and the proposed large expen*ditures in connection with the Tercentenary celebration, and also in view of the fact that, all things considered, Mr. Gouin has given the province a business-like administration, the strength of the conservatives in the new house and the election of several independents show that the influence of the liberal party is very much on the wane in that province. Almost every one expected a small conservative gain, but no one looked for such a large one.

Winnipeg Telegram:—It is the unmistakable verdict of the public opinion pronounced upon the central liberal government at Ottawa. It is the voice of an intelligent electorate crying out in rebuke against the abuse and corruption and maladministration of the government of which sir Wilfrid Laurier is the leader, and, which, by its stupendous blunders, colossal grafts and utter disregard for the public welfare, has brought the name of liberalism to be but a byword for shame and dishonor.

Winnipeg Tribune:—Laurier may well scan the returns with anxiety. He has lost his grip on Ontario entirely and even his prestige in Quebec has received a sad blow. It is not alone the sweep of the constituencies in Ontario that makes Mr. Whitney's victory so significant. It is the immense majorities rolled up all along the line, and the capture of so many old liberal strongholds, like South Brant, that had never been known to go anything but liberal, but which gave Whitney's candidate a majority of over 400. It is most *interesting to study the figures and see* the immense popular majority the Whitney government obtained.

Toronto World:—What is the effect on the coming dominion elections of yesterday's vote in Quebec and Ontario? That is the great conundrum today.

It will be some days before it can be satisfactorily answered. The Ottawa government may try to put off the time until it can rearrange itself. But to reorganize is no easy task and if reorganization is to be the hope and salvation it will have to be radical and even desperate. Is sir Wilfrid up to that?

Toronto Mail-Empire:—It is significant *that nowadays wherever the federal* cabinet interferes in provincial concerns a liberal conservative victory is the result. What does this mean? Can anyone doubt that it indicates a growing dislike for the Ottawa outfit, its middlemen, its "rake-off," its marked ballots, its coercion and its threatened closure? We may depend upon it that the provincial verdicts, while expressive of approval of the principles of the liberal-conservatives in local matters, are also intended as condemnation of the conduct of the federal ministers.

Toronto News:—At Ottawa the results of the elections are not cheering to the existing regime. The Ontario sweep, and the large conservative gains in Quebec, following as they do the turnover in New Brunswick, will be accepted by many as the handwriting on the wall for the Laurier government. The recent disclosures at the federal capital no doubt contributed materially to the verdict in this province, and the reflex effect on the prospects of the dominion administration cannot be helpful.

No Need of Suffering From Rheumatism.

It is a mistake to allow rheumatism to become chronic, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Pain Balm. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. 25 and 50 cent sizes for sale by all druggists and dealers.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of the affections, it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

Cheap Rates East via Burlington Route

DATES OF SALE: May 4 and 18; June 5, 6, 19, 20; July 6, 7, 22, 23; August 6, 7, 21, 22. Plan now.

Annable's Column

12 Reasons Why You Should Buy Burton City Fruit Lands

1. It is good soil, clay loam.
2. It is free from stone.
3. It is level land.
4. It is well watered; running water can be put in every house.
5. The blocks front on the lake.
6. The best of transportation; two boats daily.
7. You are close to good hunting, boating and fishing.
8. The land is easily cleared.
9. It is the centre of the fruit growing district of British Columbia, with orchards on the adjoining blocks.
10. The title is good.
11. It is close to town and market.
12. Our price is low and terms easy.

We quote below some of our large tracts of Fruit Lands which we are offering at wholesale prices.

These will be money makers for any one looking for an investment.

These lands are located on Lower Arrow Lake.

234 acres at Syringa Creek with 3-4 of a mile of lake shore. On this property there is a water record of 50 inches.

73 acres 10 miles above Robson on the lake shore.

450 acres on east side of Deer Park with water front.

1120 acres at Deer Park. The government wagon road runs through this property.

540 acres at Brooklyn, including the old town of Brooklyn; 30 acres cleared and over 40 buildings on the property.

712 acres opposite Edgwood Landing on the lake shore.

2200 acres in Fire Valley.

1860 acres south of Burton on the lake shore.

400 acres at Burton City.

320 acres, four miles above Burton City.

120 acres at Nakusp.

These lands have been selected by myself and while there is some waste land in places the surveys were made so as to cut out as much as possible those parts which were unsuited for fruit culture. In the above blocks there are 11 miles of shore.

Write for plan and prices if you are interested.

POPULARITY CONTEST

CANDIDATES RETAIN THEIR RESPECTIVE STANDING

MISS GILCHRIST POLLED A HEAVY VOTE YESTERDAY

Miss Gilchrist's friends made a strenuous endeavor yesterday to bring her again to the lead and she in consequence polled nearly 3000 more than did her rival Miss McGregor. Miss Coutts, of the Boundary, is also doing her best to make her lead so great that no eleventh hour candidate will have any opportunity of beating her at the finish. Miss Tanhauser, of Cranbrook, has increased her slight lead on Miss Brown, of Fernie.

The votes turned in yesterday were Miss Gilchrist, 4079; Miss McGregor, 1266; Miss Coutts, 1150, and Miss Tanhauser 55.

The standing of the candidates last night was as follows:

Nelson District	
Miss McGregor	92,131
Miss Gilchrist	86,432
Boundary District	
Miss Coutts	28,115
East Kootenay District	
Miss Tanhauser	1,105
Miss Brown	1,000

A WARNING

Gasoline Tank on Launch Starts Leaking and Explosion Follows

NEW YORK, June 15.—According to the Tribune 20 fishermen had a narrow escape from drowning yesterday, when their launch caught fire off Seabright. The men had been out only a short time when the gasoline tank sprang a leak and the fluid dropped into the bottom of the boat. One of the fishermen threw away the butt of a cigar and in a moment the entire boat was in flames. Captain Joseph Ryredan, who was in charge of the launch, went overboard, and was soon followed by the 19 other men. Their cries brought several boats to their assistance. It is said, however, that several boats refused assistance unless they received money for their work. All the men were saved, and the launch was towed back a total wreck.

DROWNING ACCIDENT

Manse Simpson Upset From a Canoe at Indianhead

INDIANHEAD, Sask., June 15.—A sad drowning accident occurred here last evening, in which Manse Simpson, the popular C.P.R. agent here, lost his life. He went out on the lake with several friends and in some manner fell out of the canoe and sank to the bottom. When he came to the surface the first time he was dead.

Simpson was spending the day with a party of friends at Lake Katewpa, and between 6 and 7 o'clock in the evening went out in a canoe with J. S. Aird and J. Taylor. The canoe upset and all three were thrown into the water. Simpson and Taylor clung to the canoe but Aird swam ashore, about 40 yards distant. Simpson let go his hold and sank, and had been in the water only about two minutes when taken out. All efforts to resuscitate him were without avail. He leaves a widow and one child.

FOR BIGAMY

Surgeon of Allan Liner Under Arrest in London, England

MONTREAL, June 15 — Dr. Fred C. Ackland, under arrest in London, England, on a charge of bigamy, having married Hetty Florence Gertrude Satchell in Montreal, while he was a married man, was surgeon on the Allan liner Pomeranian. The young lady lived in London, England and was engaged to be married to an Englishman living in Manitoba. This discarded lover had sent her $600 with which to buy her trousseau and pay her fare from London to Winnipeg. She had about $400 of this amount when she boarded the Poreranian. The steamer landed here on Saturday and on the following Tuesday the wedding took place in St. George's church. As soon as the young woman's money was gone, Ackland left her. She followed him to England and the arrest followed.

AT THE THEATRE

Virginia Brissas in "Sweet Clover" at the Opera House This Evening

Miss Virginia Brissac and her company have arrived in the city from Spokane, having closed their engagement there on Sunday night, and they will open here this evening at the opera house in "Sweet Clover."

Miss Brissac's record in Spokane covers a continuous engagement of forty-three weeks, sixteen weeks of the time, was employed at the Auditorium theatre in leadroles during Miss Jessie Shirley's absence from the city, and so successful was she in handling these leads that she was immediately engaged by the Columbia theatre where she has been playing the balance of the season.

Long headed and conservative theatrical managers enthusiastically prophecy for her a splendid future, and is now considered one of the most promising emotional actresses on the Pacific coast. Miss Brissac is surrounded and supported by a combination of the best dramatic talent available, including Mr. Eugene Mockbee, who has been her leading man in practically every engagement and his ability and versatality in all dramatic successess has been highly commented on by all dramatic critics who has seen his work. Other well known favorites associated with this company are Miss Bessie Cooney, the clever soubdette; Miss Elisabeth Blackman, Miss Ardell Thornton, J. C. Lawton, Wm. Wallace, Ben Hendricks, Gregory Jamison, Joseph Callahan and Albert Mason.

WHAT'S DOING IN CANADA

THE DOMINION FROM THE ATLANTIC TO THE PACIFIC.

ITEMS OF INTEREST FROM YESTERDAY'S WIRES.

TORONTO, June 15 — Archbishop O'Connor made his farewell public appearance yesterday afternoon when he confirmed 49 girls and 14 boys and a number of adults in St. Patrick's church.

COLLINGWOOD, June 15—While at work painting the steamer City of Toronto here Charles Bisley, a well known painter, fell into the water and was drowned.

OTTAWA, June 15—According to the militia orders the rifle team for Bisley this year will embark for England on the Alan liner Victorian, sailing from Montreal on June 19.

MONTREAL, June 15—John D. Rockefeller, Jr., of New York, who has been holidaying in this province, passed through the city yesterday on his return to New York. In an interview he declared that the election of Taft as president and a good crop were both necessary for the prosperity of the United States.

TORONTO, June 15—Unable to obtain work, James Thomas Parrott, aged 58, of Trinity street, shaved off his whiskers in an attempt to look younger. Still balked in his search for employment he threw himself into the bay where his body was found on Saturday night. Parcott came to Canada from Cranbrook, England, about a year ago.

OTTAWA, June 15—Consulting engineer Schrieber of the railway department left today for the west to inspect the G.T.P. from Portage la Praile to Edmonton. It is hoped that the connection with Edmonton will be completed in time to assist in the hauling of wheat this fall.

YALE, June 15—The Fraser river has fallen eight inches in the past 24 hours.

HAMILTON, June 15—The Italians of Hamilton held a meeting on Saturday night which will result in organization in this city and probaby in other cities, for the purpose of putting a stoop to the practice of carrying knives.

MONTREAL, June 15—When a vote was called shortly after noon today, the delegates of the Congregational Union of Canada voted without a dissenting voice in favor of continuing negotiations looking towards church union. The discussion which was extended over the larger part of two or three sessisons of the union, and which has been the leading topic throughout the meetings of the past week, had grown out of the report of the church union committee which recommended a continuation of the negotiations looking to church union.

TORONTO, June 15—William Ashby, 60 years old, died suddenly of heart failure this morning in the photographic studio of his son-in-law, J. Kennedy, on King street.

NEW WESTMINSTER, June 15.—Parker Williams, M.L.A., for Newcastle, is authority for the statement that the socialists will contest six of the seven electoral districts in British Columbia at the next federal election. J. H. Hawthornthwaite expects to win in Nanaimo. With the possible exception of the Boundary country, success is not anticipated elsewhere.

No trace of the murderer of Mrs. Mary Morrison has been discovered. The chase will shortly be abandoned unless some definite clue is picked up.

Bush fires have destroyed 2500 cords of cut wood near Maple Ridge. The loss is over $600 and is not covered by insurance.

MONCTON, June 15.—Mrs. James M. Shay, of Kent Junction, hanged herself in the attic of her home on Saturday. She was despondent over ill-health.

WINDSOR, June 15.—Jay Brown, 19 years old, lineman of the Bell Telephone from Detroit, and they will either while looking for trouble on the wires. He was to have been married in a few days.

SUMMERSIDE, P. E. I., June 15.—The trial of Alonzo Doherty for the murder of Joseph D. McMillan, whom he admits he shot as he was walking along with a woman, has resulted in a disagreement. The jury was out all Friday night and reported a disagreement on Saturday morning. Judge Fitzgerald sent them back, telling them that the evidence showed that the prisoner was not insane when he killed the man, as he pleaded in defence he was, and appealed to them to agree on a verdict in accordance with the evidence. They retired a second time, but at 3 o'clock in the afternoon again reported a disagreement and were discharged. The jury stood 7 to 5 for acquittal. A new trial began today.

CHATHAM, June 15.—About 20 of Chatham's ladies, including some of the city's leading society women, have been notified by the customs department that they have been discovered smuggling from Detroit, and they will not either have to repay the price of the articles smuggled, plus the duty, or return the goods, or else they will be forced to suffer the consequences.

OWEN SOUND, June 15.—Joseph Bellicotti, a Pole, was crushed to death between two rollers in Carney's sawmill here on Saturday.

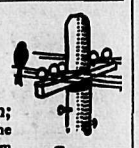
HAMILTON, June 15.—Gladies Gargold, 8 years old, ran into the side of an automobile on King street on Saturday night and received a fracture of the skull, which caused death. The little girl had just got off a street car and was running around in front of the car when she ran into the side of the automobile.

POSSIBLE FAMINE

Province in Venezuela Invaded by Locusts—Crops Destroyed

WILLEMSTADT, Island of Curaco, June 15.—The invasion of the state of Zulia, in Venezuela, of which the capital is Maracabo, by locusts, has taken on a very serious character. Fears are entertained that the crops will be destroyed and that a famine may follow.

A Telegraph Wire



is only the medium; the electric fluid sends the message. A good arm directs your shot; it is the cartridge that sends the bullet home.

We prove the quality of our cartridges before we market them.

The steady accuracy of Dominion 22 calibre long-rifle Cartridges will surprise you for small game work.

For all makes of arms. Costs one-third to one-fifth less than duty paying ammunition. Our guarantee puts all risk on the Dominion Cartridge Co., Ltd., Montreal.

DOMINION AMMUNITION

The Point Is, to Know How

One of the best portraits of the president of the United States ever made was drawn on a shingle with a red-hot poker—"The man knew how."

When we hand a prescription to a customer they can rest assured that it is prepared correctly even to the minutest detail—"We know how."

NELSON NEWS OF THE DAY

The S. F. and N. train from the south reached the union depot at 10:30 last evening.

R. Heddle, an expert blacksmith of this city has gone to Fernie and entered into partnership there with A. Berrigan.

The sports committee for the Dominion Day celebration will meet this evening at 8 o'clock in Procter and Blackwood's office.

Contractor John Burns has already commenced to move a portion of the present school building. several men were put to work yesterday.

The Young Peoples' Society of the Presbyterian church are invited to meet at the manse, 315 Silica street this evening from 8 to 9 o'clock. Strangers will be made welcome.

A very interesting address will be given on "Heads and Faces" at the regular meeting of the Young People's Society this evening at 8 o'clock. The address will be given by Mr. Ogle who has quite a reputation as a lecturer and has made a special study of the subject.

Queen City Rebekah Lodge No. 16, I. O. O. F., will confer the initiation degree at their regular meeting this evening, and other matters of importance will be dealt with. After the regular routine of business the balance of the evening will be spent socially. A full attendance of the officers and members is requested.

The water on the lake is, it is hoped, nearly nearly at the flood stage now. Owners of boat houses and others would be glad if the captains of incoming and outgoing steamers would slow down when near the city, as the waves sent out by the steamers now, may do a lot of damage at the present time.

As an indication that the money market is opening up and that the stringency is passing and that the hard times and commercial depression are lifting, the Revelstoke Mail-Herald announces that the balance of the debentures amounting to $75,000 for the new auxiliary power plant have been sold at 95 to W. C. Brent, of Toronto. Mr. Brent has shown his confidence in Revelstoke and her progressive development by purchasing also $21,500 debentures at 90, being those provided for the new gaol and the overdraft at the Moslon bank.

Dr. J. C. Fagan, provincial medical health officer, will shortly tour the province for the purpose of investigating the sanitary conditions of the various cities and districts. His duties will detain him in the Terminal City for two weeks before he proceeds further. Before leaving Dr. Fagan stated that general health of the province was good. There is, however, some smallpox of a slight type prevalent in several districts.

Four hundred and fifty Union Jacks will go out to four hundred and fifty of the schools of the province at the beginning of the next school term. With each there will go a copy of regulations drawn up by the provincial department of education stating the hours when the flag should fly. The flags have been received at the government buildings.

J. J. Walsh, who is the Canadian agent for the Standard of Empire, is in the city on business. Speaking to a Daily News reporter yesterday Mr. Walsh was enthusiastic about the new paper. Last year A. J. Dawson was through this province visiting Nelson. It wis then his idea to get out a special edition of the London Standard to cover the empire. He was again out on the same business last March visiting the coast But the Standard of the Empire had more than fulfilled Mr. Dawson's expectations. It had gone far beyond them. At first it was thought that an edition of 25,000 for the first number would suffice. Instead of that 100,000 had been issued and the paper was growing in circulation everywhere, although Canada had as yet only seen its second number. Everywhere the governors of the provinces and the people generally were helping it. The idea was to give the news of the empire to the empire. For Greater Britain a special edition was prepared once a week and sent out. This contained the news of Greater Britain and a condensed report of the week's home news. The home news parts were not circulated in the old country. But the outlying news was inserted in the daily issue of the paper on the day of publication of the weekly and in that way the people of Great Britain once a week got the news of Greater Britain.

The Brissac company open tonight for a three day run at the Nelson opera house.

A drill has been called for "B" and "D" companies at the drill hall tomorrow evening.

G. H. Fraser picked on Sunday a full crate of gooseberries in his garden. How is this for the gooseberries of the season?

"The Youthful Benefactor" is the title of an excellent series of moving pictures which will be seen tonight at the Alice rink.

The meeting of the fraternities and the public bodies which was called for last night at the K. P. hall, has been adjourned until later in the week.

A practice football match has been arranged for this evening between two elevens of the local team in preparation for the game on Dominion Day.

According to Astley's water gauge the water in the lake has risen 16 feet 8 inches above low water level, showing a raise of 8 inches since Saturday.

Guests and visitors at the Nelson hotels should call for Kootenay fruit now that it is in season.As a matter of fact there is none better upon the market.

A social given last night by the local lodge of the Scandanavian Aid and Fellowship Society of America, in the K. P. hall was a decided success, dancing being indulged in until the early hours of this morning.

A freight train off the track on or near the long St. Mary's bridge yesterday was responsible for the non arrival of the Crow steamer at the city wharf last evening. The steamer was expected to reach here about 5:30 this morning.

F. J. Squire and Dave Proudfoot returned last evening from New Westminster where they have been attending the Oddfellows grand lodge convention. Mr. Squire was elected grand junior warden of the grand encampment and grand chaplain of grand lodge.

The body of the unfortunate boy, J. H. W. Tullett, who was drowned while bathing in the lake off the ranch of C. W. Busk on May 28th was found yesterday morning. The corpse floated up from the bottom during the night and was found alongside the wharf yesterday. Dr. Arthur will go up this morning.

The hearing of the case of the Canadian Pacific vs. the City of Slocan, W. A. Macdonald for the plaintiff and R. M. Macdonald together with H. D. Jorand for the defence, occupied the whole of yesterday afternoon before judge Wilson, judgment being reserved until Monday next. This was an appeal against the assessment made against the C. P. R. lands at Slocan City, about 43 1-2 acres, of $30,000. This included improvements. In previous years the assessment had been placed at $4,000 for the ground and $16,000 for improvements. D. C. McMorris and J. A. Dewar, called on behalf of the C. P. R. placed the value of the land at $2,600. For the defence R. M. Macdonald urged that judge Wilson had no jurisdiction not being "persona designata" and further that the assessment was made on the value of the lands adjacent and was moderate rather than excessive.

PERSONALS

Neil McKay, M. P. P., is here on a visit from Kaslo.

G. O. Buchanan and wife came in last night from Kaslo.

The Brissac theatrical company arrived yesterday evening.

Manager Phair, of the Strathcona is paying a visit to Spokane.

VOLCANIC OUTBURST

Lava Flowing at the Rate of Three Tons a Minute

AUCKLAND, N. Z., June 15.—Advices received here state that for three nights beginning May 10, there was a remarkable volcanic outburst on Savasi, the largest of the Samoan islands. The first eruption was followed by the greatest flow of lava in the history of the island, it being estimated at nearly three tons per minute. Soon there was an almost continuous sheet of lava eight miles wide and from six inches to six feet deep flowing down the mountain side. It overflowed the cliffs, destroying many native houses in its way, and dropped into the ocean, causing an immense upr.sing of steam.

STRUCK BY LIGHTNING

Farmer Has Wonderful Experience—Will Recover

MALONEY, June 15.—Ernest C. Gleason, a well-to-do farmer who lived just outside this town has the distinction of having been struck by lightning and living to tell of his experience. With his two daughters Gleason was sitting on the veranda of their home last evening during an electrical storm, when a bo't of lightning crashed into the group. All three were thrown to the floor by the shock but, with the exception of Gleason, none was seriously hurt. His left side was paralyzed and he was unconsc ous for several hours, but today he was reported to be well on the way to recovery.

FOUR DROWNED

NEW YORK, June 15—Four persons were drowned today when an automobile carrying a pleasure party of six became unmanageable, shot at wild speed down 56th street and catapulted from an open pier into the North river. The automobile turned over in its struggle from the pier and held its four victims in their seats. The chauffeur was carried into the river by the automobile but managed to free himself and swam to safety. J. Nolan, one of the party leaped from the machine just as it was tearing wildly for the end of the dock.

Canada Drug & Book Co.

Hot Weather Goods

EFFERVESCENT SALTS, MINERAL WATERS, GRAPE JUICE, LIME JUICE, ETC.—These are almost a necessity during the hot summer months. They make a Cool, Refreshing and Invigoratin Drink, acting as a mild Aperient, thus keeping the Blood in Good Condition.

Gibson's Fruit Salts	25 and 50c per bot.
Enos Fruit Salts	85c per bot.
Citrate of Magnesia	25c per bot.
