## PERFECT DAY

### Excursion of the Visiting Mining Men

### BLUE BELL MINE VISITED

**DELIGHT AND ENTHUSIASM EXPRESSED BY THE GUESTS OF THE MINING INSTITUTE AND OF NELSON'S CITIZENS—SOME OPINIONS GIVEN.**

What was characterized by some of the guests at yesterday's excursion up the lake as the brightest day in their long itinerary over the Dominion was spent by the members of the Canadian Mining Institute and their guests from all over the world, but especially from Great Britain and the continent of Europe in visiting the Blue Bell mine and in looking at the beauties of Kootenay lake. There was just sufficient to do, said one after dinner speaker, to persuade the eminent mining men and engineers who, together with the citizens of Nelson, made up the party, to persuade themselves that they were really doing some work but the magnificent scenery, the placid waters, the ever changing cloud effects and shifting views of the panorama of lake, mountain and valley, now a glimpse of a glacier in the distance, then a glance at a noble peak soaring 10,000 feet into the blue above, now an expanse of orchard land and again the castellated rocks of a frowning precipice, made a whole which the visitors will carry away pictured in their minds as one of the most noteworthy scenes and days in Canada.

The party left Nelson on the steamer Kuskanook a little before eleven o'clock and steamed up past Procter to Lynchville where a couple of savants belonging to the visitors party were picked up. These had spent the last few days looking into the primeval forest at the back of Crawford bay. Then the steamer skirted slowly past Ainsworth, the oldest mining camp in the Kootenays, the spot where the ever strenuous Theodore Roosevelt packed the silver ore of the district down the long mountain road to the lake shore just to say that he, among many other duties and exploits, famed through two worlds, had helped, even if ever so little, in the development of Kootenay

Lunch was taken while the steamer proceeded up the lake, past the beautifully situated town of Kaslo so that a glimpse might be obtained of the piled glories of the mountain scenery of the upper lake.

Turning slowly back came the Kuskanook, halting for a bare half hour at Mirror lake where the visitors were lost in admiration of the splendid fruit growing on nine year old trees when a rapid transition took them across the lake and landed them at the Blue Bell, one of the oldest and the most perfectly appointed mines of the Slocan-Kootenay district.

Herein lay the real worth of the day and as the general manager, S. S. Fowler, took his numerous guests over the mine, the solitary example in the province of a silver-lead-zinc mine in limestone, eager was the interest displayed. No tenderfeet were these mining mining engineers, accustomed to the frigid temperature of the Arctic, the trorridity of South Africa or of west Australia or the burning breath of the mines of Cananoore in southern India.

Moreover the mine was in the nature of a problem. Here was ore in vaster quantities, in larger bodies than is elsewhere observed in this district. But the values were low. The methods of mining, the means by which costs were cut by the skillful method of doing away with timbering and yet leaving the vast rocky arches intact, the perfectly appointed mill with its multitudinous crushers, trommels, jigs and Wifley tables, the neat engineering shop, the lead-zinc separator under process of completion the whole involving an outlay of a quarter million dollars, were keenly criticised and fully appreciated by Mr. Fowler's intellectual and critical audience, representing as they did the best mining and engineering talent in the world.

Expressing his opinion after the inspection one of the visitors said: "It is so hard in so brief a time over so large a territory as we have visited in the last few days, from the great stopes of the low grade copper mines of the admirably managed Granby, through the levels of the Rossland properties and now again to such an utterly different development such as this, to be able to give any connected account of that which one has really seen. Yet I have seldom seen a country so magnificent in its opportunities and if only the people of the district will take themselves and their properties seriously there is nothing to prevent the Kootenay becoming a very great mining country. I think so much of Canada that I am seriously thinking at the conclusion of my present work in India of settling in the Dominion."

Thus one man. Such was the opinion of all whom the representative of The Daily News came in contact. Some were more guarded in their praise, some more unstinted. So for the Anglo Saxon, and it came to the Continental their opinion is best expressed in the words of A. Goebel representing the German government: "Himmel! I have had the best day of my journey since I left Germany!"

That this visit of the engineers will be of infinite service to the country goes without saying. These men have the ear of capital, they have had an opportunity of seeing a few of the mines of the country, they have been eye witnesses of the management "magnificent" they styled it, and are going away more than satisfied.

And of all places Nelson is the place they have enjoyed most.

Dr. Miller, in an after dinner impromptu oration, said that at Medicine Hat, with the poet of the empire, he was present at the roof of hell. At the Granby he had been introduced into its bowels but here on the lake he had a foretaste of the other place.

After leaving the Blue Bell, the steamer was brought into Procter where some of the party had stayed fishing with T. G. Procter and A. B. W. Hodges and there a splendid banquet, perfectly appointed and served, was partaken of. The toast of the king was drunk, Leslie Hill as chairman, proposed the health of the guests in a few words which was responded to as briefly by Dr. Miller, supported by one or two others and then gathering in A. B. W. Hodges on the billows of a mighty board of trade chorus led by Fred Starkey, whose organizing and catering abilities were everywhere evident through the whole day, and accompanied with a vim by the entire assemblage, he was swept into the music room where song and college chorus, varying from Alouette, Die Wacht am Rhein to Scotch melody and English ballad, came from his nimble fingers on the pianoforte as the cobwebs were cleared from many a voice, until the approaching lights of Nelson gave warning of the close of a delightful day and one which in many ways will hereafter prove highly beneficial to this district.

Following are the names of the local men present, the names of the visitors having been published in yesterday's paper:

The Daily News, Edward J. Keffer, Leslie Hill, Louis Pratt, J. W. Whittier, LeB. de Veber, J. Laing Stocks, G. Nicholls, T. S. Lawlor, A. L. McKillop, F. E. Griffith, W. C. E. Koch, W. E. Jiwicky, Alex Smith, A. Fourner, F. M. Black, W. J. Wilson, A. H. Gracey, J. L. Warner, T. G. Procter, J. M. Lay, J. O. Patenaude, S.S. Taylor, H. Byers, E.F. Gigot, E. H. Smith, J. Snyder, T. ## IRISH AMERICANS AHEAD

**TRACK AND FIELD ATHLETES AT NEW YORK**

**SCENE OR RIOT IN RUNNING OF THE MILE RACE**

TRAVERS ISLAND, N. Y., Sept. 19—The national track and field championship of the Amateur Athletic union was decided today on the famous oval of the New York Athletic club. As usual there was a fight for supremacy in points of honors between the Irish American A. C. and the New York A. C. Many of the recent Olympic competitors took part in the contests which were of interest and the Irish American A. C. won the honors with 55 points, the New York A. C. being second with 29 and Chicago A. C. third with 16. The other points were distributed as follows: Olympic Athletic club of San Francisco 8; Montreal A. A. 6; Boston A. A. 4; Gurley Athletic association, Washington, D. C. 1; Pastime A. C., New York 1 and three points to athletes who were not entered from any particular club.

The five mile run was won by Fred. Bellard of the New York A. C.; N. J. Lee, New York A. C., second; 50 yards away and was two feet ahead of John J. Daly, Irish American A. C., who finished third.

A scene of disorder followed the second running of the mile race. The first time the race was won by Chas. H. Turbe of the New York A. C., after the false signal announcing the last lap had been given by an official. Although Turbe was well in the lead at the end of both laps, the race was ordered run again.

This blunder marred the second running of the race which Turbe again won, while Cohen stopped at a false signal.

The race was then ordered postponed until Wednesday night and this decision was followed by hoots from the crowd and hundreds of spectators rushed on the track to protest.

**Prince Edward Handicap.**

(Canadian Associated Press.)

LONDON, Sept. 19—The Prince Edward handicap, run at Manchester today of 2,000 sovereigns, one mile and three-quarters was won by A. B. Walker's Llayma, 3 years, carrying 8 stone, 5 lbs. Llayma was a favorite at 2 to 1. W. H. Walker's Elm Twig, 3 years, 33 to 1, was second and Capt. Kneid's Smith's Successor, 5 years, 8 stone 7 pounds, was third. Fifteen horses ran.

**Montana Republican Nominee.**

HELENA, Sept. 19—After a protracted fight on the floor of the republican state convention, Edward Donlan of Missoula was nominated for governor late last night.

**YEAR'S FRUIT CROP.**

VANCOUVER, Sept. 19—(Special)—After a personal inspection and on the receipt of reports from all the fruit growing districts in the province, Maxwell Smith, Dominion fruit inspector, estimates the value of the fruit crop of the province for the year at one million five hundred thousand dollars.

## ALREADY SOLD

### City Disposes of the New Debentures

### GOOD PRICE IS SECURED

**ISSUE BRINGS 96 CENTS ON DOLLAR—PRICE AND EAGERNESS WERE SOUGHT TO REFLECT NELSON'S GOOD STANDING IN MARKETS.**

PROVINCIAL LIBRARY.

A special meeting of the city council was convened at noon yesterday by mayor Taylor for the purpose of considering an offer of 96 cents on the $1, which had been made by the Dominion Securities company of Toronto for the $85,000 worth of debentures for the installation of a second unit at the power station, authorized by a vote of the ratepayers on Thursday last.

It was unanimously decided to accept the offer and the deal therefore goes through

The occasion is a rather unique one and is a remarkable tribute to the high esteem in which the City of Nelson's securities are held by the financiers and money magnates of the Dominion.

So soon as it was noised abroad that it was the intention of the city council to submit a by-law to a vote of the property owners for the issue of $85,000 of debentures for the purpose of installing a second power unit, mayor Taylor and city clerk Wasson began to receive enquiries from bond brokers in the east with regard to the matter with the result that the mayor and aldermen were able yesterday to conclude the floating of the bonds and accept the above offer.

The debentures are sold at the rate of 96 cents on the dollar and interest to the date of payment in Nelson free of all discount, commission and deductions.

Comparing this with the expense connected with the sale of the last issue of school debentures and also considering the fact that it took a year and a half to put that deal through at 95 cents on the dollar, it will be apparent that the present transaction is a very favorable one for the city, the sale being practically 1 3-4 cents better. This is still more the case when the fact is recalled that the city of Vancouver recently floated $603,000 worth of 4 1-2 per cent bonds at 92 to Emilius, Paris & Co of Toronto and that the city of Edmonton are advertising 5 per cent bonds at 95.

In the present case it was unnecessary to advertise at all and the Nelson debentures are floated within two days of the the vote on the by-law at a very favorable rate, considering the present position of the money market. It is notable also that the bid has been accepted before the formality of reading the by-law a third time has been gone through, as this cannot be done until the regular council meeting on Monday next.

## IS ANXIOUS TO RESIGN

**LORD STRATHCONA DESIRES TO RETIRE**

**LONDON PAPERS ON WOOLEN DISPUTE**

LONDON, Sept. 19—It is understood that Lord Strathcona is anxious to resign the high commissionership at an early date.

The Westminster Gazette says more will be heard of the Canadian attack on Yorkshire woolens. The Yorkshire Post is still very much annoyed about the incident and holds the Canadian Manufacturers association responsible for the label, caustically remarking that the failure of the Canadian Woolen manufacturers to compete with the British mills is due to lack of enterprise coupled with their cut throat policy. The Post points out that the Yorkshire manufacturers' class of goods attacked have defeated German and French goods of the same class in open competition.

**General Luard Suicides.**

WATERINGBURG, Sept. 19—Major general Charles Edward Luard, retired, whose wife was mysteriously murdered near London in August, committed suicide yesterday by throwing himself in front of a railroad train. His body was found later close to a railroad crossing.

## TO PROTECT VETERANS

**ASSOCIATION PROPOSED TO HANDLE LAND**

**WOULD SHUT OUT THE SPECULATORS**

OTTAWA, Sept. 19—There is a movement on foot to form a central veteran's association having existing associations as a nucleus with a view to protecting veterans, who are entitled to land for service to their country in South Africa and elsewhere, from the greed of land speculators. The idea is for the local bodies to send delegates to a meeting in Winnipeg on October 12 to form a Dominion association.

It is proposed that three trustworthy well informed veterans be appointed as a location board with headquarters in Winnipeg. The location board would advise veterans as to the best locations for taking land, arrange the sale of scrip and set reasonable prices therefore. It is believed that such a board would secure double or treble prices the prices quoted to veterans whose business or other interests prevent them from directly availing themselves of the grant.

It is estimated that rather more than half the nine thousand believed to be eligible will be unable directly to avail themselves of the land and therefore will place the grant in the market.

**NOMINATIONS FOR COMMONS.**

**Additional Candidates Named in Eastern Canada.**

MONTREAL, Sept. 19—The following nominations for the commons have been made: Kent, N. B., F. B. Robideaux, conservative; Temiscouata, Dr. Luc Ladelle, conservative; Montreal, St. Mary's division, alderman M. Martin, liberal; South Simcoe, Haughton Lennox, conservative; Centre York, Dr. McLean, liberal; Quebec Centre, A. Lachance, liberal.

**BASEBALL YESTERDAY**

Vancouver, 6; Spokane, 4.
Aberdeen, 4; Butte, 1.
Tacoma, 10; Seattle, 2.

**To Study American Methods.**

ST. PETERSBURG, Sept. 19—The minister of agriculture has submitted a proposal to the cabinet for the establishment of an agricultural agency in America for the purpose of studying American methods of farming.

## EAGLE DAY AT THE FAIR

**PROGRAM FOR OCCASION IS ARRANGED**

**LOCAL LODGE MEETS TOMORROW NIGHT**

The members of Nelson lodge, fraternal order of Eagles, are to meet at their hall tomorrow night at 9 p. m., C. P. R. time, for the purpose of making the final arrangements for the big Eagle day at the fair which is set for Thursday. All members are especially requested to be present, as this meeting will take the place of the regular meeting of Wednesday, September 23, which will be cancelled by order of the worthy president, Gus. Erickson. The different committees appointed will report as to the program which will be carried out as arranged by them and which is in part as follows:

Thursday afternoon the reception committee will meet the trains and the boats and escort the visiting Eagles and their friends to the Alice roller rink where a reception will be held from 10 a. m. to 2:30 p. m. At 3 p.m. the parade will assemble at the Alice roller rink, proceeding thence to the fair buildings where addresses will be given by his worship, mayor Taylor, the manager of the fair, Fred. Starkey, and others. At 3:45 the baseball match will take place on the grounds. At 4.30 p. m. the members will visit the fair.

In the evening the Eagles will give a concert and dance at the Alice roller rink, when with each ticket for the dance a ticket for a drawing will be given. The lucky persons holding the coupons to the numbers drawn will be given prizes including a pair of ladies' opera glasses, electric sad iron, and a diamond set gold ring, valued at $75.

The members of Nelson lodge reports that there will be over 500 visiting Eagles in the city on Eagle day.

## BAD FIRE AT GREENWOOD

**BUSINESS SECTION HAD NARROW ESCAPE**

**EXPLOSION OF GASOLINE CAUSES A CONFLAGRATION**

(Special to The Daily News.)

PHOENIX, Sept. 19—Fire destroyed two stores and a hotel in the business centre of Greenwood city this afternoon The fire broke out at 3 p. m. in the Greenwood dyeing and clothing shop spreading to the Victoria hotel and Jones bakery adjoining on either side, all being consumed in a very short time. Holmes and Kennedy's grocery store was badly gutted and the Palace livery stable scorched.

Lack of any wind and the good work of the fire brigade saved the entire business section. The blaze had its origin in an explosion of gasoline in the clothes cleaning establishment, in which Mrs. J. Darling was badly burned. The loss will be severe on those burned out as none carried insurance except the Victoria hotel. The hotel has just recently been reopened by Hugh McGillivray.

**Capt. Brown Retires.**

(Western Associated Press.)

OTTAWA, Sept. 19—The militia orders contain the following: Rocky Mountain rangers E company, Revelstoke to be captain lieutenant R. Smith, vice captain H. A. Brown, who is permitted to resign his commission.

**Dies From His Wounds.**

BROCKVILLE, Sept. 19—Ross Crosline, 15 year old Westport boy, who accidentally shot himself while cleaning a revolver on Wednesday, died in the hospital today.

## CHINESE SULK

### Orientals on Wrecked Aeon Refuse Service

### VESSEL A TOTAL WRECK

**ADVICES TO SALVAGE COMPANIES SAY THAT THERE IS NO CHANCE WHATEVER OF DOING ANYTHING WITH THE STEAMER ON THE ROCKS.**

VICTORIA, Sept. 19.—Further advices from Fanning island say that the Aeon disaster occurred July 18th at 9 a. m. The ship after being carried 35 miles from her course struck a reef. With the exception of two life boats all other boats were smashed. The Chinese crew sulked owing to insufficient rice rations, while the passengers, officers and engineers worked in the blazing sun getting provisions ashore. This work was possible only at high tide and occupied a week. The women, four in all, were very plucky. The lumber taken from the wreck was used to knock up a temporary shelter for them. It took a month to find an engine to equip the boat in which Fanning island was reached.

Enquiries by salvage companies regarding the possibility of salving the steamer have disclosed the fact that the engines have broken away and the hull is also breaking. No hope of salvage is entertained. The Canadian-Australian line agents say the steamer Manuka will undoubtedly call at Christmas island, as instructions to that effect will be cabled from Sydney to which port the survivors will be taken.

H. M. S. Algerine now at Esquimalt is preparing for a cruise to Christmas island, the scene of wreck and other islands of the South Pacific. Until a few years ago a cruise was annually made to the islands of South Pacific to investigate the possibilites of castaways being found on uninhabited islands and to renovate graves, etc. With the addition of the Algerine to the Esquimalt station the practice is being revived.

## SUFFERS FROM DROUTH

**PENNSYLVANIA STATE IN A BAD SHAPE**

**WATER SELLING AT EIGHT CENTS PER QUART**

PHILADELPHIA, Sept. 19—Practically the entire state of Pennsylvania east of the Alleghany mountains is suffering from one of the worst droughts in years. In some parts of the state no rain has fallen in more than two months and rivers and streams are so low that many plants have been shut down for the lack of water. Forest fires are burning in several sections and some localities report that crops will be entirely ruined unless rain comes. At Shenandoah in the anthracite coal regions the water supply is so low that farmers are bringing the water to the residents in the town instead of vegetables. Water sells at eight cents a gallon and many are compelled to walk three to four miles to get a supply even at that price.

At Duncannon near Harrisburg the Susquehannah river is lower than it has been at any time since 1869 and canal boats are stranded all along the river. Forest fires which have spread from the railroad tracks to the timber lands are causing much excitement in the Pocono mountains. A careful estimate placed the amount of damage to nearly 30,000 acres.

**SHOW FALLING OFF.**

**Big Decrease in Trade Returns for Present Year.**

OTTAWA, Sept. 19—Returns of the foreign trade of the Dominion for Aug. show imports of $23,656,147 as compared with $33,919,162 for the same month last year, a decrease of $10,263,473. The exports totalled $22,910,611, a decrease of $3,269,087. For the first five months of the current fiscal year the total trade was $211,658,083, a decrease of $64,229,546 as compared with last year. Of this decrease $50,179,292 was in imports.

**NEWFOUNDLAND ELECTIONS.**

**They Will Take Place Week Later Than in Canada.**

ST. JOHN'S, Sept. 19—The Newfoundland legislature was dissolved yesterday and Monday, November 2, is named as the date of the general elections.

Premier Bond will be the government leader during the campaign and the opposition will be headed by Sir Edward Forris, who until last year was attorney general for the Bond cabinet. The elections occur just one week after the general elections in Canada.

## ITALIANS FOUND GUILTY

**"BLACK HAND" MEN CONVICTED AT FERNIE**

**SOME WILL SERVE SENTENCE IN NELSON**

FERNIE, Sept. 19—The "Black Hand" trial which has lasted for several days was concluded tonight, the nine prisoners being found guilty at 8 o'clock tonight they were brought before judge Wilson and received the following sentences: Dominic Mazino, seven years; Frank Albernesse, six years and six months; F. Rocco, six years and three months; S. Bruno, three years, and N. Santoni two years, all to be served in New Westminster. A. Vitale was sentenced to one year in Nelson gaol, while G. Bartollo, Alla Jacinto and G. Farrari will each serve six months in the same institution.

W. A. Macdonald prosecuted in behalf of the crown.

**WILL MEET IN CANADA.**

BERLIN, Sept. 19—The interparliamentary union which has come in session here has accepted the invitation extended from Canada to meet in Quebec in 1909.

**BIG CIRCUS ACT AT SPOKANE.**

**Fine Attractions for the Interstate Fair.**

The Spokane Interstate fair has just closed a contract by wire with the Park Booking circuit of New York city for one of the most sensational circus acts in this country. The troupe is called the flying St. Georges, and consists of two women and two men. Their work comprises flying trapeze feats, aerial returns and other hazardous and dangerous acts which they perform on a high rigging constructed in front of the grand stand across the race track.

This act will come direct from New York city and will be one of the star attractions in the big vaudeville program which is being arranged for. Nine other big acts are being contracted for and will be secured and the afternoon will be all too short for the three running races, two harness races, the relay race, the ten circus acts, miners drilling contest and horse show features, all of which will appear every day during the fair.

**Victoria Woman Dead.**

VICTORIA, Sept. 19—Mrs. John Dalby, an old timer in this city dropped dead suddenly at her home here at Gladstone avenue yesterday. She was a native of Ontario and 54 years of age.

**Killed at Victoria.**

VICTORIA, Sept. 19.—Charles Dymond, a teamster, was killed yesterday by flying timbers from a blast he was watching on the Trutch estate, Cook street where city workmen were blasting out stumps.

**COOKING THE VOTERS' LIST.**

HALIFAX, Sept. 19—Daniel McLaughlin of Economy, one of the revisers for the districts of Londonderry, Economy and Five Islands, has been found guilty of having returned incorrect voters' lists and fined $200 and costs.

## A NEW RECORD

### Shipments for Past Week Were Heavy

### MINING PROSPECTS GOOD

**RECENT HEAVY OUTPUT OF ZINC ORE FROM SLOCAN PROPERTIES—REMARKABLE SHIPMENT OF DRY ORE FROM THE WESTMOUNT ON SLOCAN LAKE.**

The shipments from the mines for the past week were 3000 tons greater than at any period during the year and are within a few hundred tons of being the record for any week in the history of the Kootenay. This in despite of the fact that the Dominion Copper company's plant is still closed down at Boundary Falls.

The record established for the week is, however, not likely to stand unbroken for any length of time as the Boundary Falls plant may be expected to resume operations shortly and the Trail smelter is increasing its capacity as well as the Granby.

In the Slocan country mining is progressing favorably and new shippers are being added to the already long list. In the Sheep creek district the Mother Lode, Kootenay Bell and Queen are shipping but no returns have been made of the exact amounts.

There have also been heavy shipments of zinc ore of late to the American smelters over 5000 tons having lately been sent out from various Slocan properties.

A rich car of ore has just been shipped from the Westmount mine on Ten Mile, Slocan lake which is running over 400 ounces of silver to the ton, according to the mine assays. The Westmount name is only lately coming into prominence. For over a dozen years Frank Griffiths worked this mine practically unaided, driving 1000 feet of a crosscut to tap the vein single handed, living for months alone in the wilds. He is now reaping the rewards of his fortitude and formed a remarkable figure in yesterday's excursion of mining engineers.

The following are the ore shipments for the past week and year to date:

## Blue Ribbon TEA

**Is Most Carefully Selected**

Of all the countries in the world, Ceylon and India have proved the best adapted for producing good tea. So Indian and Ceylon teas are exclusively used for Blue Ribbon.

And as hill-grown leaf is superior to the coarse, rank growth of the lowlands, only "hill" tea is allowed in Blue Ribbon.

Of the hill plantations, a certain number of estates are especially noted for the unusual and uniform excellence of their product.

From these celebrated hill estates, the very choicest of the crop is selected and reserved for blending Blue Ribbon Tea. So it is unusually delicious and fragrant, with none of the woodiness or bitterness that spoils so many teas.

Just get a pound of Blue Ribbon Tea and see for yourself how good it is.

# THE CEMENT SIDEWALKS

### REPORT OF ENGINEER ON WORK NOW ACCOMPLISHED

### REGULATIONS AS TO OPENINGS IN PAVEMENTS

The following reports were submitted Monday night to the city council by city engineer J. C. Dufresne which celarly show the nature of the work undertaken by the city under the new frontage tax by-law, the likelihood of the durability of the work already finished, the cost of concrete walks as gained by past experience and regulations to which the citizens will have to conform in planning such improvements.

The report, here appended, is on the sidewalks.

NELSON, B. C., Sept. 14th, 1908.

To the Hon. the mayor and aldermen of the City of Nelson.

Gentlemen: Herewith I beg to submit to you pay rolls of employees on cement sidewalks, amounting to $276.65, with distribution of same.

Blocks Nos. 5, 6 and 1 are now finished and in use except for finishing around a few openings, besides 10 feet around Wood--Vallance corner and 15 feet around the Poole Drug Co. corner, at a total cost of $3,990.14, which includes practically everything, labor, cement, team hire and supplies and equipment.

EQUIPMENT.

This has all been charged against blocks 5, 6 and 1, and as we now have on hand tools and equipment to the value of about $200, which would be a direct saving of this amount should further cement work be undertaken, I would suggest that the city take over this equipment at a valuation of, say, $150, and thereby credit the three blocks with $50 each.

DISTRIBUTION OF COST.

The distribution of costs to date is as follows:

Block No 5—Wages, $543.70; cement, $458.50; team hire, $85.50; sundries, $95.74; total, $1,193.44.

Block No. 6—Wages, $622.35; cement, $484.75; team hire, $152; sundries, $98.75; total, $1,345.85.

Block No. 1—Wages, $617.50; cement, $477.75; team hire, $155; sundries, $95.75; total, $1,346.

J. Johnstone, wages, $52.05

Wood-Vallance Co., $40.80.

Totals—Wages, $1,833.90; cement, $1,456; team hire, $410; sundries, $290.24; grand total, $3,990.14.

The differences between the estimates and the actual costs were as follows:

| | Estimates | Cost | Diff. |
|---|---|---|---|
| Block No. 5. | $1,187 | $1,193.44 | $ 6.44 |
| Block No. 6. | 1,312 | 1,357.85 | 45.85 |
| Block No. 1. | 1,312 | 1,346.00 | 34.00 |
| | $3,811.00 | $3,897.39 | $86.29 |

It will probably take about another $60 to finish off around the openings when the property owners get their fixtures ready.

Regarding the work I may say that it has been done to my satisfaction, and as expediously as possible; and it is unfortunate that my tests go to show that about one-half of the cement used in block No. 5 was of poor quality and far from being up to standard, which will probably result in the parts where this was used wearing away more rapidly, or possibly cracking during the winter frosts through its lack of tensile strength.

CEMENT.

Before closing this report I would like to say a few words regarding the cement used, and of which I have made several tests. On receiving orders to the sidewalk work I at once placed an order with the Ashdown Hardware company and the Wood-Vallance Hardware company for a car load of Vancouver Portland cement, which has the name through this country of being a good standard brand, but unfortunately these two car loads were delayed for over two weeks through a train wreck, and so in order not to delay the work I drew on the stocks of Vancouver cement on hand with these two firms. Wood-Vallance could only let me have about 20 sacks of Vancouver cement, and Ashdown about 250 sacks Vancouver cement, after which they obtained for us (our own cars not yet being in sight) about 250 sacks of Exshaw cement from Mr. Gillett, all of which cement was used on block No. 5, being south side Baker street, between Ward and Josephine. This accounts for the difference in color, the dark blocks being Vancouver and the light blocks Exshaw cement

The following are the results so far obtained, but the final results will not be ready until the test blocks have been kent in water for a period of 28 days.

Vancouver cement from Wood-Vallance old stock, 7 days in water, average tensile strength in pounds, 335.5.

Vancouver cement from Wood-Vallance, new car, 7 days in water, average tensile strength in pounds, 361.5.

Vancouver cement from Ashdown Co., old stock, 7 days in water, average tensile strength in pounds, 172.5.

Vancouver cement from Ashdown Co., new car, 7 days in water, average tensile strength in pounds, 366.5.

Exshaw cement from W. G. Gillett; 7 days in water, average tensile strength in pounds 553.0.

From the above figures you will observe that the 250 sacks of old stock or stock on hand of Vancouver cement obtained from the Ashdown Hardware Co. had only an average tensile strength, after 7 days in water of 172.5 pounds to the square inch, whereas a good Portland cement should have a tensile strength in that time of at least 400 pounds to the square inch, and not less than 550 pounds after 28 days, first day kent damp and balance of time under waetr. Respectfully submitted,

J. C. DUFRESNE, City Engineer.

### BETTER THAN EXPECTED

**Prairie Wheat Crop is Turning Out Well.**

WINNIPEG, Sept. 19—The official inspections for the week ending September 14 show that 2514 cars of wheat were inspected during the week as compared with 231 cars for the same time last year, of which quantity 2426 cars were spring wheat and 88 winter. Over 90 per cent. of the latter graded Nos. 1, 2 and 3. The grading of spring wheat has been equally satisfactory, only 53 cars out of 2426 were lower than three northern.

A large number of reports from the country continue to show better yields than anticipated and it now looks as if a 120,000,000 bushel crop would be realized. In some instances the increase over expectations has amounted to 40 per cent.

### CORPORATION OF THE CITY OF FERNIE

**By-law No. 58.**

A By-Law to raise $50,000 to purchase the Electric Light and Power Plant already constructed and about to be completed, now owned by the Crow's Nest Pass Electric Light and Power Co., Limited, and to construct, operate and maintain works for supplying for any and all purposes the electric light and power to the inhabitants of the Municipality of the City of Fernie, and of localities adjacent thereto.

WHEREAS it is deemed advisable to purchase said electric light and power system from the Crow's Nest Pass Electric Light and Power Co., Limited, and to construct, operate and maintain works for supplying for any and all purposes the electric light and power to the inhabitants of the Municipality of the City of Fernie, and the localities adjacent thereto.

AND WHEREAS for the purpose it will be necessary to borrow the sum of $50,000 and to issue debentures of the City of Fernie for the purpose of raising the said amount.

AND WHEREAS the whole amount of rateable land of the said City of Fernie according to the last revised Assessment roll is $811,925.

AND WHEREAS it will be requisite to raise annually by rate the sum of $4360.80 for paying the said debt and interest.

AND WHEREAS this By-Law shall not be altered or repealed except with the consent of the Lieutenant-Governor in Council.

NOW THEREFORE the Municipal Council of the Corporation of the City of Fernie enacts as follows:

1. It shall and may be lawful for the Mayor of the Corporation of the City of Fernie to borrow upon the credit of the said Corporation by way of debentures hereinafter mentioned from any person, persons body or bodies corporate, who may be willing to advance the same as a loan a sum not exceeding the whole sum of $50,000.00 and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinefore recited.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid not exceeding however the sum of $50,000.00 and all such debentures shall be sealed with the seal of the Corporation and signed by the Mayor thereof.

3. The said debentures shall bear date from the 1st day of November, A. D. 1908, and shall be made payable in twenty years from the said date, in lawful money of Canada at the office of the Canadian Bank of Commerce in Fernie aforesaid, which said place of payment shall be designated by the said debentures, and shall have attached to them coupons for the payment of interest and the signatures to the interterest coupons may be either written, stamped, printed or lithographed.

4. The said debentures shall, bear interest at the rate of Five Percent. from the date thereof, which interest shall be payable annually at said office of the Canadian Bank of Commerce in Fernie aforesaid, in lawful money of Canada, on the First day of November respectively in each year during the currency thereof, and it shall be expressed in said debentures and coupons to be so payable.

5. It shall be lawful for the Mayor of the said Corporation to negotiate and sell the said debentures or any of them at less than par, but in no case shall the said debentures or any of them be negotiated or sold for less than ninety-five per centum of their value, including the cost of negotiating the sale, brokerage and all other incidental expenses.

6. There shall be raised and levied in each year during the currency of said debentures the sum of $2,500.00 for payment of interest and the sum of $1,860.80 for payment of said debentures by rate sufficient thereof on all rateable land in the said Municipality.

7. It shall be lawful for the said Municipal Council to re-purchase any of the said debentures upon such terms as may be agreed upon with the legal holders thereof, either at the time of sale or any subsequent time or times, and all debentures so re-purchased shall forthwith be cancelled and destroyed and no re-issue of debentures so re-purchased shall be made in consequence of such re-purchase.

This By-Law shall take effect on or after the First day of October, A. D. 1908.

This By-Law may be cited for all purposes as the City of Fernie Electric Light and Power By-Law No. 58.

Done and passed in Open Council this.... day of.....1908.

**NOTICE.**

Take notice that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken at the City of Fernie, on Saturday the 26th day of September, between the hours of 10 o'clock in the morning and 8 o'clock in the evening at the City Clerk's Office now situated in Relief Committee building.

## Bonnington Orchards

Some of the improved and some of the unimproved lots have been sold to gentlemen who after a summer's experience are well pleased with their purchases and are building fine residences. Some especially fine lots both improved and unimproved are still for sale.

The conditions are ideal in the following respects. Soil; Sun exposure; air drainage; economical cultivation. Transportation: Come and look at the trees, clover and strawberry plants and compare them with what you have seen elsewhere. Situated 9 1-2 miles southwest of Nelson on the Kootenay river opposite upper Bonnington falls. Station, middle front of property; three passenger trains each way daily. Hotel, store, post office, telegraph office, telephone office between 1 mile and 2 1-2 miles; power plant across the railway track from which electric light can be obtained. You can have a tetlephone in your house connecting you with the whole long distance system. Far famed rainbow trout fishing. Pure mountain water from Falls creek flumed through property. You get a proportionate interest in the water system free with the land you purchase. Get off at upper Bonnington falls station. The ranch foreman will show you the land, the plan and the price list.

## Slocan River

I have also subdivided the Boisvert ranch half a mile from Perry Siding station, school and post office, on the Slocan branch of the C. P. P. Good land, little or no stone, mostly level with just enough slope for irrigation, two creeks running through it; passenger train each way daily. Six miles from Slocan city; thirty-five miles from Nelson. Overlooks Slocan river about one-quarter mile distant. Mr. W. F. Hassell, C. E., has purchased two lots and will show you over the property and show you plan and prices; or write to me for particulars or an appointment.

## Lardo River

I will sell that fine ranch formerly the Putman ranch, 320 acres with about 20 acres cleared, trees, buildings, clover, wild hay, facing on the Lardo branch of the C. P. R. two miles beyond Lardo station, the probable future main freight route from Atlantic to Pacific. Lardo is at the north end of Kootenay lake. Abundance of water; valuable cedar timber; splendid ranch for combined stock and fruit farm.

I am not selling all my land, but am keeping 263 acres and am expending proceeds of land sales on clearing and planting more acres of orchard.

For further particulars write to me at Willow Point P. O. or come to East Duntulm landing, seven miles from Nelson to see me and see a Kootenay orchard in bearing, or write and make an appointment with me in Nelson.

MINARD'S LINIMENT CO., LIMITED.

Dear Sirs,—I had a Bleeding Tumor on my face for a long time and tried a number of remedies without any good results. I was advised to try MINARD'S LINIMENT, and after using several bottles it made a complete cure, and it healed all up and disappeared altogether.

### MR. R. L. BORDEN.

The following tribute to Mr. R. L. Borden, the conservative leader, is published by the New York Tribune:

"Thirteen years younger than the prime minister, he was born, politically, in the year that Laurier came into power. In 1901, five years after entering parliament, this almost unknown Halifax lawyer was elected leader of his party in succession to Sir Charles Tupper. Tact, a quiet and growing personal popularity, a good legal reputation, a pronounced and favorable impression as to his ability, were the elements of preliminary success. There was no oratorical genius in his personality, no raging roughness, or clever bitterness, or enthusiastic rashness in his political character. He gave the impression, which still exists and grows with every year in the popular mind, of a sincere belief in defined party principles, of cleanness in personal and political life, of instinctive fairness in character and conspicuous honesty in purpose. He is earnest and at times aggressive, and is improving steadily as a public speaker, and growing rapidly in public popularity and respect. He has become a master of parliamentary rules and debate. He believes in public ownership of railways and other utilities under specific conditons. He puts honesty in the administration of affairs as above all else in public life."

### WILL THE PEOPLE ENDORSE THIS?

Probably in no department of the government have much greater steals been made than in the disposal of timber lands. The amount of money which the friends and relatives of Hon. Clifford Sifton have been enabled to clean up in this way are simply astounding.

Take, for example, Mr. E. J. Elliott. He secured 24 square miles of timber lands on the line of the Grand Trunk Pacific, $7,500 being the price he paid. He is now advertising this tract for sale at $72,000—and it is worth it.

A. W. Fraser, president of the Ottawa liberal association and liberal candidate for Ottawa, however, did better still. He secured a large gerth at Cedar lake for the insignificant sum of $500 and he is now advertising it for sale at $500,000, or a profit of $499,500.

This, however, was not the only timber land, by any means, secured by Mr. Fraser. There is another berth which he got fo $7000, but which he immediately transferred to the Imperial Pulp company of which Mr. Theodore Burrows, M. P., brother-in-law of Hon. Clifford Sifton, is a shining light. This is now advertised for sale on a royalty basis. The Imperial Pulp company, whose head office is a postoffice box in Winnipeg, estimate that there is between 250,000,000 and 300,000,000 feet of lumber on this berth, which they are prepared to sell at $2 per thousand standing. Taking it that there is only 250,000,000 feet of lumber on this tract, that would mean $500,000 for a berth for which th egovernment received only $7,000. The company asks that one-quarter of the purchase price be paid at the time of the sale. Those interested apparently want their money back.

There is a 50 mile berth at Cormorant lake which Mr. Burrows himself bought from the government for $,1800 and which he is now holding for sale at $150,000. Another berth of 150 square miles on Goose, Naumeau and Amiak lakes which Mr. Burrows got from the government for $13,000 he is now ready to sell for $375,000, while he has also 250 square miles north of Prince Albert, which cost him $5000 for which he wants only $500,000.

Mr. Burrows has also got from the government at Otawa the following other timber lands, all of which are worth many times what he paid for them:

Two hundred and fifty square miles north of Prince Albert for $1,000.

Forty square miles, sixty miles from Edmonton, for $3,500.

Fifty square miles in the same locality, for $1,075.

Fifty square miles in the same neighborhood, for $5,500.

One hundred and ten square miles in seven different blocks along route of G. T. P., west of Edmonton, $11,000.

One hundred square miles at the headquarters of the North Saskatchewan, $500.

Twenty square miles at Lacombe, $600.

One hundred and eighteen square miles on the North Saskatchewan, $31,576.

One township at Brazeau, $800.

A second township at same point, $500.

One hundred square miles at Brazeau, $1,000.

Forty square miles at Brazeau, $2,500.

This is what sir Wilfrid and his candidates are asking the people to endorse.

### EDITORIAL NOTES.

According to telegraphic dispatches the practicability of the Hudson bay route to Europe is open to grave question. The people of the prairies will not believe this, however, until it has been fully proven to them. A few months ago the Dominion government announced that it was going to build a railway to Fort Churchill on Hudson bay to make possible the carrying into effect of this dream of the west and the announcement was used to assist premier Walter Scott in the recent provincial election in Saskatchewan. Since then, on the eve of the Dominion contest, surveyors have been sent north to lay out this line of railway the reason not being hard to discern. While unquestionably the opening up of a direct steamship route from Fort Churchill on the Hudson bay to Europe would be a great thing for the people of the prairies, the enterprise is one on which the government should not embark without the fullest data as to its practicability.

Sir Wilfrid Laurier and the liberals generally have, up to the present, been taking credit to themselves for the expansion of Canada's trade since 1896. They must, therefore, accept responsibility for the falling off in the returns shown during the present year. For the five months, from April 1, the beginning of the fiscal year, to August 31, this ailing off amounts to no less than $64,229,546, or a little more than 23 per cent.

The announcement by Mr. Maxwell Smith, Dominion fruit inspector, that the fruit crop of British Columbia will this year net those engaged in it a million and a half dollars is an eloquent tribute to the progress the province has made along this line in the past few years. The next few years, however, will see still greater development. British Columbia is just starting in as a fruit growing country.

Vancouver now has four candidates for parliamentary honors, George H Cowan, conservative; William Wallace Bruce McInnes, liberal; Joseph Martin, just himself, and E. T. Kingsley, socialist. There's a big field to pick from, but Cowan will be an easy winner.

Every conservative and every independent voter owes it to his country to do everything he can, in a legitimate way, to turn out of office a government whose mismanagement and maladministration has brought the fair name of Canada into disrepute.

The people of Canada will one and all regret the retirement of Lord Strathcona from the position of high commissioner for Canada in London, should the announcement that he intends shortly to resign prove true.

The News today publishes an appeal from the Aberdeen association for aid in its work. The association is doing a work that is deserving of the support of the people of Nelson as well as of the older portions of Canada.

Mr. A. S. Goodeve will be the next representative of Kootenay in the house of commons, by-election or no by-election.

Is British Columbia to be a white man's country? The vote of the people of this province on election day will be the answer.

No exhibit will be more heartily welcomed by the management of the fruit fair than the district one from Kaslo.

# ENTRIES FOR FAIR CLOSE

### TIME FOR RECEIVING THEM EXPIRED LAST EVENING

### KASLO ENTERS EXHIBIT FOR DISTRICT PRIZE

The entries for the horse races at the fair bespeak a good program of the king of sports.

The gallery in the main building will be occupied by the fine arts, ladies' fancy work, photography exhibits and children's work.

The electric lights on the dome of the exhibition building were put in commission last evening and add greatly to its attractiveness.

"Little Dollie Dimples" will be the fair week attraction at the Nelson opera house, the Grace Cameron Opera company opening it on Wednesday evening.

The exhibitors who have taken space at the fair are getting down to business and fixing up their stands so as to have everything in readiness in good time.

Capt. D. C. McMorris, secretary of the fruit fair was busily occupied up till midnight last night receiving entries for the exhibition. Yesterday was the last day for making entries.

### GRACE CAMERON COMING.

**"Little Dollie Dimples" Will be Presented Here.**

At the rise of the curtain, and from the time Miss Cameron appeared in the part of "Little Dollie Dimples," she was the talk of the audience, in fact the whole house. It began to dawn on them that they were making the acquaintance of an extremely charming and talented young woman when she made her first appearance, but it was not until her singing of "Goodbye Dear Old Home" that she took the house by storm and then they accorded her an ovation that shook the house, many of the enthusiasts rising to their feet to applaud her. She graviously responded to several encores and would still be singing and bowing had the audience had their way. The company is a strong one supporting Miss Cameron, having been selected especially by the author, Mr. C. Herbert Kerr, and the one hundred and one good things seen in the piece will make its life long and we hope prosperous. Come again, was the one thing heard about the foyer and lobby after the play finished by the large audience that attended. Miss Cameron will be seen at the opera house during the fair.

In July we placed on the market a new subdivision of 10 and 20 acre blocks, fronting on the lake shore at Orchard Beach, which is four miles above Burton City.

One half of these blocks are sold already. Every homeseeker that we have shown over this property has purchased one or more of these blocks for an orchard home.

Seven blocks fronting on the lake shore are still left, any one of which are good.

## $100 Down

Will secure you one of these orchard blocks and the further payments we will arrange to suit you. Do not delay. Have one selected for you now. The date of the Nelson fruit fair is Sept. 23, 24, 25 and 26 and on Friday the third day of the fair we are arranging an excursion from Nelson to Burton City and Orchard Beach, and all outside parties who buy one or more of these blocks during fair week will be allowed $25 for their expenses. Do not miss this opportunity to visit the Nelson fair and have all expenses paid.

## WHAT'S DOING IN CANADA

### ITEMS OF INTEREST FROM YESTERDAY'S WIRES

### THE DOMINION FROM THE ATLANTIC TO THE PACIFIC

MONTREAL, Sept. 19.—The Ottawa correspondent of Canada says that sir Wilfrid Laurier will not have time to go west of Winnipeg before the elections.

HALIFAX, Sept. 19.—Alexander Graham Bell started for Washington yesterday to attend the meeting of the Aerial Experimental Association to be held tomorrow.

SOUTH BAY, Sept. 19.—The South Bay company's plant was destroyed by fire yesterday with a loss of $50,000, well insured. The company is a canning concern.

MONTREAL, Sept. 19.—As a result of rain last night, the smoke and fog which completely tied up shipping in the harbor yesterday, had almost disappeared today, and the big ocean liners were able to sail for sea this morning.

WINNIPEG, Sept. 19.—Earl Grey, governor general of Canada arrived in Winnipeg early this morning and will remain here till this afternoon. He then proceeds west on a two week's hunting trip. Earl Grey will be the guest of senator Kirchoffer of Brandon while in the west.

HAILEYBURY, Sept. 19.—In the inquest into the death of Frank Celler, who was killed in a drunken brawl in Jackson's billiard hall Monday night, the coroner's jury found that Eller met his death at the hands of Edward Eaton, but that Eaton acted in self defence and is not criminally liable.

SYDNEY, Sept. 19.—The steamer Regulus, captain Wakefield, St. Johns, for Sydney and the steamer Acland, Sydney, for Halifax, the former in ballast, the latter coal laden, were in collision two miles west of Flat point light today. Both ships entered port after the collision to determine the extent of their injuries.

WINNIPEG, Sept. 19.—Hon. Walter Scott, premier of Saskatchewan, was a visitor in the city yesterday. Premier Scott stated that in a short time seats would be found for Hon. J. A. Calder and Hon. W. R. Motherwell who were defeated in the provincial elections last month, but where these seats would be the premier declined to state.

LONDON, Sept. 19.—Percy Patten of Toronto, who registered as a merchant and dealer in bankrupt stocks, was arrested last evening on a charge of misappropriating $750, preferred against him by George Head, also of Toronto. Head claims that they were partners in disposing of bankrupt stocks. At Ripley a stock realized $1,500 which should have been divided between the two but Head charges that Patten made away wih the whole proceeds.

OTTAWA, Sept. 19.—An order in council provides that this year's Juvenile Delinquents' act can be enforced only in cities where there are proper detention homes, conducted on the line of a family residence situated a distance from the jail; that there must be an industrial school to which the delinquents may be committed; that there is proper court or county court judge to officiate in juvenile courts; that there is municipally supported staff of probation officers and some society or committee to act as juvenile court committee.

OTTAWA, Sept. 19.—Sir Wilfrid Laurier, it was announced yesterday, is going into the county of Russell to speak for his prospective colleague, Charles Murphy, K. C. The time has not yet been fixed but it will likely be the next day after the Cornwall meeting. Mr. Murphy will likely be sworn in next week. The premier has addressed a letter of appreciation to George McLaurin for making way for the new minister.

### SHERIFF'S SALE.

By virtue of a Writ of Fieri Facias issued out of the Supreme Court of British Columbia, in an action whereof the Western Lumber and Pole Company is plaintiff and W. R. Kinney is defendant. I have siezed and taken into execution all the right, title and interest of the said defendant, W. R. Kinney in a quantity of telegraph and telephone poles and piling, now situate along the line of the Bedlington and Nelson railway, in three lots, at the Kinney Landing, the English Landing and Smith Landing, so called, between Creston and Port Hill, Idaho, amounting to all 14,666 poles, more or less, in lengths from 25 feet to 65 feet, in 5 feet increments, an also 15,123 lineal feet of piling, more or less, at the Kinney Landing and English Landing.

All of which I shall expose for sale at public auction, or sufficient thereof to satisfy said judgment debt and costs at my office in the City of Nelson, B. C., on Tuesday, the 22nd day of September, 1908, at 12 o'clock noon.

The poles and piling may be inspected upon the ground where situate, and the statement of the approximate number of poles of each length at each landing, may be seen at my office.

Dated at Nelson, B. C., 16th September, 1908.

By-law No. 59.

A By-Law to raise $65,000.00 to purchase from the Crow's Nest Pass Electric Light and Power Co., Limited, the Water Works now owned by them, and to construct, operate and maintain works for supplying water to the inhabitants of the Municipality of the City of Fernie and of localities adjacent thereto.

WHEREAS it is deemed advisable to purchase said Water Works system from the Crow's Nest Pass Electric Light and Power Co., Limited, and to construct, operate and maintain works for supplying water to the inhabitants of the Municipality of the City of Fernie and of localities adjacent thereto.

AND WHEREAS for the purpose it will be necessary to borrow the sum of $65,000 and to issue debentures of the City of Fernie for the purpose of raising the said amount.

AND WHEREAS the whole amount of rateable land of the City of Fernie according to the last revised Assessment roll is $811,925.

AND WHEREAS it will be requisite to raise annually by rate the sum of $5,669.00 for paying the said debt and interest.

AND WHEREAS this By-Law shall not be altered or repealed except with the consent of the Lieutenant-Governor in Council.

NOW THEREFORE The Municipal Council of the Corporation of the City of Fernie enacts as follows

1. It shall and may be lawful for the Mayor of the Corporation of the City of Fernie to borrow upon the credit of the said Corporation by way of debentures hereinafter mentioned from any person, persons, body or bodies corporate, who may be willing to advance the same as a loan a sum not to exceed the whole sum of $65,000.00, and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinbefore recited.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid, not exceeding however the sum of $65,000.00, and all such debentures shall be sealed with the seal of the Corporation and signed by the Mayor thereof.

3. The said debentures shall bear date from the 1st day of November, A. D. 1908, and shall be made payable in Twenty years from the said date, in lawful money of Canada, at the offices of the Canadian Bank of Commerce in Fernie aforesaid, which said place of payment shall be designated by the said debentures, and shall have attached to them coupons for the payment of interest and the signatures to the interest coupons may be either written, stamped, printed or lithographed.

4. The said debentures shall bear interest at the rate of Five Percent, from the date thereof, which interest shall be payable annually at the said office of the Canadian Bank of Commerce in Fernie aforesaid, in lawful money of Canada, on the First day of November respectively in each year during the currency thereof, and it shall be expressed in said debentures and coupons to be so payable.

5. It shall be lawful for the Mayor of the said Corporation to negotiate and sell the said debentures or any of them at less than par, but in no case shall the said debentures or any of them be negotiated or sold for less than ninety-five per centum of their value, including the costs of negotiating the sale, brokerage and all the other incidental expenses.

6. There shall be raised and levied in each year during the currency of said debentures the sum of $3,250.00 for payment of interest and the sum of $2,419.00 for payment of said debentures by rate sufficient thereof on all rateable land in the said Municipality.

7. It shall be lawful for the said Municipal Council to re-purchase any of the said debentures upon such terms as may be agreed upon with the legal holders thereof, either at the time of sale or any subsequent time or times, and all debentures so re-purchased shall forthwith be cancelled and destroyed and no re-issue of debentures so re-purchased shall be made in consequence of such re-purchase.

This By-Law shall take effect on or after the First day of October, A. D. 1908.

This By-Law may be cited for all purposes as the City of Fernie Water Works By-Law No. 59.

Done and passed in Open Council this.... day of.....1908.

### NOTICE.

Take notice that the above is a true copy of the Proposed By-Law, upon which the vote of the Municipalit will be taken at the City of Fernie, on Saturday the 26th day of September, between the hours of 10 o'clock in the morning and 8 o'clock in the evening, at the City Clerk's Office now situate in Relief Committee building.

on the assessment method of payment at the rate of

**$2 Per Thousand Shares Per Month**

Number of payments are limited to twenty-five.

At the most the shares will cost you twenty-five times $2 or $50 per thousand shares. Even at this low price the cash outlay is distributed over the long term of twenty-five months.

Payments will stop immediately the mine is self supporting. The full number of shares subscribed for will then be issued at no further cost. The management is composed of practical miners. We figure that not more than a dozen monthly payments will have to be called for. The shares may thus, cost you only about two cents per share.

The shares now offered will bring in the sum of $1000 per month and every cent of this goes into development. All shares are equal in value.

This is a fair square mining proposition. Size it up. It wi l stand investigation.

## APPEALS FOR ASSISTANCE

### ABERDEEN ASSOCIATION SETS FORTH NEEDS

### FURTHER SUPPORT FOR WORK NECESSARY

The following appeal for aid for the *Aberdeen association, signed by the* countess Grey as president and Lawrence J. Burpee as honorary secretary, has been received by The News with a request for publication:

Organized something over seventeen years ago, through the initation and personal efforts of lady Aberdeen, the Aberdeen Association stands for a single idea—the free distribution of good literature to settlers in isolated parts of Canada. It is absolutely free from all bias—political, social, or denominational. Its mission is to brighten the homes of Canada's new citizens in the remote districts of the great northwest; to furnish the means of education and recreation to those strudy pioneers who are doing so much to strengthen and enrich the Dominion. The object of the Aberdeen Association is therefore, not merely philantropic; it is patriotic in the broadest sense of the term.

The parent branch of the association was formed at Winnipeg in 1890. Three years later a second branch was organized at Halifax. Others were formed in rapid succession, until today the association embraces fourteen branches, with a central organization at Ottawa. For several years the work was confined to the distribution of literature to individual settlers, the effectiveness of which is proved by hundreds of grateful letters received year by year at the different branches. Every aplication for literature is carefully investigated, and there is no doubt that the parcels of books and magazines sent out, go where they will do most good. The *magnitude of* this branch of the association's work may be gathered from the fact that up to the present time nearly a quarter of a million parcels of carefully selected literature have been distributed throughout the Dominion. The association at present has on its lists about thirteen *hundred names, to which literature is* sent periodically.

Three years ago, with the object of increasing the effectiveness of the work, and meeting changed conditions in the west, it was decided to establish small circulating libraries in the newly-settled districts, wherever there was sufficient population to make it worth while. This system of libraries is still in the experimental stage, but the results so far achieved lead to the belief that the association will find here an even broader field of usefulness than in its distribution of literature to individual settlers.

It has already become apparent, however, that our very limited and uncertain sources of revenue will not begin to meet the demands of this new and rapidly growing project. Since 1894 the postoffice, recognizing the far-reaching benefits conferred by the association and its educational and social value to the most desirable class of settlers, has carried parcel of literature free through the mails, under certain limitations as to size; and one or two of the railway and steamship companies have granted us similar privileges; but the pressure of regular mail and freight traffic may at any moment cause these favors to be withdrawn, and there are many other expenses connected with the collection and distribution of literature, especially in the form of libraries, which can only be met by the provision of an adequate annual revenue. Above all, the work of the association has grown to such an extent that no honorary secretary can afford the time to do it justice. It is imperative, therefore, that provision should be made for a permanent secretary, whose whole time could be devoted to the interests of the association, and who would be free to personally inspect the work in the west from time to time and organize it upon the most efficient basis. All this requires money, and that is the crying need of the association at the present moment.

As the members of the association give their time to the furtherance of a work which they believe to be of the highest importance to the nation, they confidently appeal, upon both philanthropic and patriotic grounds, to their fellow-countrymen throughout the Dominion to contribute generously towards its financial support.

Contributions may be sent either direct to the general treasurer, Col. Fred White, C.M.G., Ottawa, or to the general treasurer through the secretaries of branches in the several cities:

Mme. A. Gagon, 61 Viger avenue, Montreal.

*Miss M. C. Featherstonhaugh*, 775 Sherbrooke street, Montreal.

Mrs. Frank Kenrick, 228 Macpherson avenue, Toronto.

Miss M. McMillan, 230 Central avenue, London, Ontario

Miss Florence I. Barker, 14 Arkleden avenue, Hamilton.

*Miss M. Redden, King street, Kingston.*

Miss H. May Ward, 48 Summer street, St. John N. B.

Miss Scott, Kingsley building, South street, Halifax.

Mrs. D. H. Laird, 53 Edmonton street, Winnipeg.

Miss L. Moodie Calgary.

Mrs. W. E. Graveley, 1315 Georgia street, Vancouver.

Miss L. Angus, 95 Belcher street, Victoria.

### A Travelling Man's Experience.

"I must tell you my experience on an East bound O. R. & N. R. R. train from Pendleton to LeGrande, Ore.," writes Sam A. Garber, a well known travelling man. "I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said, 'There is a woman sick unto death in the car.'" I at once got up and went out, found her very ill with cramp colic, her hands and arms were drawn up so that you could not straighten *them, and with a deathlike look on her face* Two or three ladies were working with her and giving her whiskey I went to my suit case and got my bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy (I never travel without it,) ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil; then I had quite a time to get the ladies to let me give it to her, but I succeeded. *I could at once* see the effect and I worked with her rubbing her hands, and in twenty minutes I gave her another dose. By this time we were almost into LaGrande, where I was to leave the train. I gave the bottle to the husband to be used in case another dose should be needed, but by the time the train ran into LaGrande she was all right, and I received the thanks of every passenger in the car." *For sale by all druggists and* dealers.

R. B. Angus and senator Forget, two of the directors of the Canadian Pacific Railway, passed thongh Nelson yesterday. They came in from the coast accompanied by a party of friends and went east over the Crow's Nest.

Cecil B. Smith, C. E., of Toronto, who is consulting engineer for the city, arrived in Nelson last night and is arranging for the installation of the second power unit, in favor of which the citizens voted so emphatically on Thursday last.

Special Harvest Festival services will be conducted in the Salvation Army barracks this afternoon and evening at which reasons will be advanced as to why people should praise God and give of their substance to him, who gives all.

The ratepayers of Nelson should bear in mind the fact that taxes must be paid before the end of October in order to secure the rebate of one sixth. A very large proportion of the taxes have been paid in. It is chiefly non-residents who are behind hand.

The recent appointment of J. G. Sullivan to succeed F. P. Gutelius as engineer in charge of eastern C. P. R. lines will be welcome news to his many friends in Trail and elsewhere. Mr. Sullivan was formerly principal assistant engineer on the construction of the Columbia and Western Railway from Castlegar Junction to Midway.

R. S. Lennie is leaving today for Ottawa where the appeal in the case of the Slocan Star Mining company vs. Byron White is to come up for hearing before the supreme court on October 6th. Mrs. Lennie accompanies her husband and will stop off in Minneapolis for the purpose of visiting friends and relatives. Mr. Lennie will then visit Chicago on his way to Ottawa and will return to Nelson, after the argument of the appeal, by way of Winnipeg. E. V. Bodwell, K. C., of Victoria will appear with Mr. Lennie for the defendants, who are appealing.

Mc Dermid & McHardy are opening an office at the corner of Portage avenue and Main street in Winnipeg and are now busily engaged in collecting a display of Kootenay fruit for exhibition purposes. They will make weekly shipments of the "Kootenay's best" so that Winnipeg citizens will have an opportunity of seeing what this district can do. This is the first time anything in the way of a permanent Kootenay exhibit has been attempted and no doubt it will attract considerable attention. The office will be in charge of A. J. Wood and W. A. Sheppard, who have accepted positions with McDermid & Mc Hardy, and who are well and favorably known in Winnipeg.

The Royal Hotel is putting on a special chicken dinner today from 5 to 8 o'clock.

### NOTICE.

There will be a mass meeting of all union railroad men held in Miner's Union Hall, Sunday, September 20th, at 1 o'clock.

All union railroad men are urged to be present.

By order of
STRIKE COMMITTEE.

A most delightful series of books which, though a serious and beautiful nature, are exceedingly bright and readable, and withal, most practical, has just been received by W. G. Thomson, the Baker St. Bookseller. There are three titles by N. D. Hillis, viz. "A Man's Value to Society," "The Investment of Influence" and "Great Books as Life Teachers." Mr. Hillis is the present day Henry Ward Beecher, and one of America's foremost divines. These books sell for $1.25 each. Then there are four titles by the Rev. Hugh Black, formerly of St. George's United Free Church, Edinburgh. They are "Listening to God," $1.25; "Christ's Service," $1.25; "Work," De Luxe ed., $1.90; "Friendship," de Luxe ed., $1.90 and five "Quiet Talks", books by Rev. S. D. Gordon on the subject of "Power," "Service," "Prayer," Personal Problems" and "Quiet Talks About Jesus" at 90 cents each. These are all new men who are in the thick of life, and who have an intimate personal knowledge of life as it is in the world today, and of the problems and conditions that have to be met. 123-1

The prize for the free drawing in connection with the promenade concert on Eagle day at the Nelson fair will be on exhibition in Fred Irvine & Co's. window on Monday morning. Every purchaser of a ticket for the promenade concert and dance is entitled to a chance in this drawing. The tickets have been placed at the popular price of $1.00 each and admit the holders to both concert and dance. No effort is being spared. The Alice roller rink will be beautifully decorated in special eagle style, while the orchestra is practicing special Eagle music. Caterer Bosquet will have charge of the refreshments. Messrs. Delaney, Spears and Poole will look after the dancing.

# To-Day's Ideas

There's a certain luxury about our clothes that a man fully appreciates when he's inside of them. Our suits express a certain style and exclusiveness in conservative as well as in extreme models. No detail that should enter into perfect suit-making is omitted from the cut or tailoring of these suits.

## They Are Clothes of To-day

The broad collar and lapel, the artistic drapery of the coat outlined to the form—the perfect hanging trousers, the skilful tailoring of each garment, together with the new and exclusive fabrics form a combination nothing short of perfection in clothes building. Suits for young men who know and won't accept anything else.

**Suits at $15, $18, $20, $25 or $30**

Our prices are always in keeping with our values and you'll find that they're never inflated. However, it's always quality rather than price that tells the story. Quality is what we offer. Prices are quoted everywhere.
