VOL. 7 NELSON, B. C. TUESDAY MORNING, OCTOBER 13, 1908 NO. 147

WILL PROCEED

Preparations for Work on Second Unit to Start

OTHER CIVIC MATTERS

CONTRACT LET FOR NEW CITY JAIL—SEWERS TO BE FLUSHED —SHEDS FOR CIVIC PROPERTY AND CARETAKING OF THE CEMETERY DISCUSSED.

The report of J. C. Dufresne, city engineer, was the feature of last night's meeting of the city council. It dealt with a variety of matters and provided the subject for several debates. As adopted, the report authorised the city engineer to go ahead with preparations for the installation of the second unit at the power plant, gave the contract for putting a foundation under the old court house for use as a city jail to Mr. Shackleton and provided for the flushing of all the city sewers as well as for repairs to the steel outlet pipe of the system which has been damaged by the Porto Rico Lumber company in driving a pile for their new mill. The report also contained a recommendation that sheds be erected in which to house the city's property, such as wagons, the steam roller, etc. This matter was left over, owing to a question having arisen as to a site for the sheds. Another recommendation dealt with the hiring of a man to assist the caretaker of the cemetery in making new roads at the cemetery and clearing brush. This recommendation was voted down after considerable discussion and the caretaker will be expected to do this work himself. Incidentally the matter of looking after the plots in the cemetery came up and it transpired that the city clerk had received no pay from any one for taking care of these and accordingly the caretaker will not be required to do so until the owners have made their arrangements with the city clerk. In the meantime the clerk will bill all those whose lots the caretaker has taken care of since he assumed his duties on Sept. 16.

The report as presented reads as follows:

Nelson, B. C., Oct. 12th, 1908.

To the Hon. the mayor and aldermen of the City of Nelson:

Gentlemen,—Herewith I beg to hand you public works department payroll for the two weeks ending Oct. 10th amounting to $386.10, with distribution of same.

POWER PLANT.

I spent two days at the power plant with Mr. Chace, and afterwards another day with Mr. Brown, and in view of the amount of work to be done, I think it is important that we should take advantage of the fine weather by getting our construction plant in readiness to start operations as soon as Mr. Smith forwards the plans. At the same time I would like to get underway with the superintendent's house so as to get the roof on before the snow comes. I beg to submit plan of same for your approval.

CITY JAIL.

The excavation for the new city jail is now completed, and the concrete foundation walls in place; we are now lowering the sewer connection in order to bring it below the floor level. The cement blocks for this work are all manufactured and we should be able to start laying them before Wednesday next. The stone foundation is now in place under the vault. I have an offer from Mr. Shackleton to lay the cement blocks and extend the two chimneys down to the ground level and furnish all mortar and bricks for the sum of $200, and as this seems to me a very reasonable offer I would recommend that he be given a contract for the same.

EQUIPMENT SHEDS.

In the matter of housing our street equipment I think it would be best to build a wagon shed, say twenty-five feet by forty feet, up at the stables; a shed for the water wagon and dump carts, etc., say sixteen by twenty-four feet, on Hendry street, between Baker and Vernon; and an engine shed for the steam roller on the west side of Kootenay street, between Baker and Vernon, where the engine now stands. Probable cost about $400. This work should be done by our sidewalk department in spare time.

CEMETERY.

I visited the cemetery and found the new caretker, Mr. Walker, gradually getting things into shape. I would recommend that he be given a man for about four weeks to help him in clearing some more brush and getting the roads into good shape before the winter sets in, cost about $72. The English church burial lots have now extended beyond the road, so that the hearse cannot get anywhere near to any new graves. To remedy this the present road should be brushed out and graded for another hundred feet or so.

SEWERS.

I have been trying to open up the 10-inch steel sewer pipe leading from the foot of Stanley street out to deep water, but find that it has been badly damaged by one of the Porto Rico Lumber company's piles, which will necessitate the removal of about five feet of the pipe. I can procure this length, together with a cast iron sleeve coupling, from the Nelson Iron Works for the sum of $16. The 18-inch wood sewer pipe does not go out to deep water, and after the lake has gone down another couple of feet it will be discharging out on to the flats and will cause considerable nuisance as well as being a menace to health; but if the 10-inch pipe were put into commission it would carry all the sewage out into deep water during the low water season. I would also recommend that about $100 be spent in flushing out the sewers generally around the city, more especially those with the least grade. This work should be done every year, before the winter sets in and after the spring freshets.

Respectfully submitted,
J. C. DUFRESNE,
City Engineer.

When the clause referring to the foundation for the new city jail had been read Ald Steed asked if would not have been better to have called for tenders for the work.

Ald. Kerr remarked that it was only a small job anyhow and the figure appeared very reasonable.

Ald. Patenaude was of the opinion that calling for tenders would have delayed the work so that it might not have been possible to have it completed before the cold weather sets in.

Mr. Dufresne said that in his opinion the price was reasonable and Mr. Shackleton was ready to proceed with the work at once.

Ald. Hale inquired how about union labor, and Mr. Dufresne replied that he had discussed the matter with the president of the stonemason's union and knew that Mr. Shackleton employed nothing but union labor.

When the portion of the report dealing with the sewer came up, Ald. Patenaude inquired whether the Porto Rico Lumber company should pay for the damage done but it was explained that this sewer was not on city property but on land leased by the company. After some discussion the clause was adopted.

Regarding the question of sheds, Ald. Steed said that George Motion, who was building close by, would object to the erection of a shed for the roller on the place suggested.

Acting mayor McMorris pointed out that the city did not own the sites suggested for the other sheds as they had only squatters' rights tifere.

Mr. Dufresne pointed out the necessity for a shed at some place in which to keep the city's property. At present any one could carry off chains, whiffletrees, etc., while the property of the works department generally was being damaged by exposure.

City clerk Wasson pointed out that there might be sufficient room on the lot in the rear of the city hall for a storehouse such as proposed.

This portion of the report was referred back to the city engineer to look into this suggestion as the council was averse to building on property which the city does not own.

There was a long discussion over the portion of the report dealing with the cemetery. It developed that while no payment had been made by the societies having plots in the cemetery the caretaker had been looking after them. It was pointed out that societies in question had not been billed and that they would likely settle if this were done. It was explained by the city engineer that the reason that he was asking for the additional help for the caretaker was that so much of that official's time was taken up in looking after the plots and in giving information to people who went to the cemetery for various purposes.

Ald Kerr said that the system of selling lots in the cemetery, $10 for a lot and so much a year for looking after it was the wrong principle altogether. The people should pay so much for a plot and then the city should undertake to keep it up.

Ald. Patenaude replied that that plan would never work here. It would be necessary to charge from $90 to $100 per lot, which was more than most people could afford to pay. Ald. Patenaude also explained in regard to the portion of the report referring to the road to the Church of England cemetery that this belonged to that church and that the city was not, therefore, required to make the road.

It was finally decided that the city engineer be instructed to have the caretaker go ahead with the work of clearing up the roads in the city's portion of the cemetery and also to do whatever brushing was necessary and that this clause of the engineer's report be struck out.

FIRE AT CARSON.

(Special to The Daily News.)

GRAND FORKS, Oct. 12—The Grand Prairie hotel at Carson about three miles south of this city was totally destroyed by fire late this afternoon. The hotel was one of the old land marks of the Boundary district and was owned by John McLaren who conducted the business.

FIELDING'S MEETINGS.

Minister of Finance Addressing Nova Scotia Electors.

Western Associated Press.

HALIFAX, Oct. 12—Hon. W. S. Fielding began his series of meetings in Queen's and Shelburne tonight with a meeting in Caledonia.

Hon. A. B. Morine this afternoon asked for a portion of the time and that it be made a joint meeting. This was acceded to.

Veterans Protest.

OTTAWA, Oct. 12—Veterans from all parts of Canada met here today and formed the Canadian South African service association. They protested against the new land grant.

HOUSE OPENS

Licensing Bill Controversy to be Resumed

LORDS AGAINST COMMONS

ANOTHER IRISH LAND BILL AND MEASURES FOR THE RELIEF OF THE UNEMPLOYED TO BE INTRODUCED DURING AUTUMN SESSION NOW ON.

PROVINCIAL LIBRARY.

LONDON, Oct. 12—The autumn session of the British parliament was opened today. The entire ten weeks of the sitting will be taken up on consideration of government measures, the most important of which is the licensing bill. The measure will pass the house of commons, but in the house of lords it will be either thrown out or amended and the controversy of last year between the two houses will be renewed. It is believed that an agreement will be reached with respect to the education bill and that this measure being quickly passed will make way for the introduction of another Irish land bill as well as measures dealing with the problem of the unemployed.

As soon as the business session was opened premier Asquith was questioned with regard to the situation in the Balkans and in reply said, "As the secretary of foreign affairs and myself already have stated in public, it is impossible for this country, in the interests of existing treaties, to recognize alterations made therein by individual states, and we hold to this principle. We regard the events that have taken place in the near east as necessitating consideration by the powers with the view of arriving at a settlement which shall show due regard to the interests of Turkey and any other state which may have been prejudiced by recent changes and we trust that a solution will be found."

The cabinet had a long meeting this morning at which foreign secretary Sir Edward Grey set forth the position he had taken and explained the views of Isowlsky. At the close of the meeting the foreign office announced that it had nothing to say at present.

The Standard understands that as a result of the prolonged negotiations between the colonial office and the chartered South African company, the government has consented to guarantee it either a loan of fifty million dollars or interest on Rhodesian railway debentures to a similar amount, with the object of assisting in the development of the company's territory and railways.

King Edward has consented to act as godfather to the son recently born to the wife of the Right Hon. Lewis Harcourt.

By the order issued by the divorce court this afternoon all the rights and interests of the Earl of Yarmouth under the financial settlement made prior to the earl's marriage to Miss Alice Cornelia Thaw in Pittsburg on April 27, 1903, are extinguished. According to the counsel the sum settled on the earl at this time amounted to six hundred thousand dollars. The marriage of the Earl of Yarmouth to Miss Thaw was annulled in London on February 5th last.

LAURIER FIGHTS ALONE

BORDEN IS SPLENDIDLY BACKED IN THE EAST

ATTORNEY GENERAL BOWSER AT VANCOUVER

(Special to The Daily News.)

VANCOUVER, Oct. 12—Hon. W. J. Bowser, attorney general, in his first address tonight since returning from a tour of eastern Canada, declared that throughout the east Laurier was practically fighting the battle alone, while R. L. Borden had the personal support of Roblin, Hazen, Hanna and Whitney and would win. He believed that the east had awakened to the importance of the Asiatic question and had accepted Borden's pledge on the understanding that the treaty would be abrogated. Mr. Bowser's address was an arraignment of the Laurier government upon what he viewed as 12 years of misrule.

Chris. Foley, ex-labor candidate, also spoke in support of Cowan, the conservative candidate.

YALE-CARIBOO ELECTION

Polling Takes Place Same Day as in Kootenay.

The proclamations are out for the election in Yale-Cariboo. The nomination will be held in Raven's hall, Kamloops on Saturday, the 24th day of October and the elections on Nov. 12, almost three weeks later. The official count of the returning officer will be taken on Dec. 3.

British Football.

(Canadian Associated Press)

LONDON, Oct. 12—In the only football match played today, that in the southern league, the score was Queen's Park Rangers 3, Coventry 2.

To Oppose Verville.

(Western Associated Press)

MONTREAL, Octf 12—F. D. Monk, the Quebec conservative leader, announced today that the party would oppose Verville, the labor candidate in Maissoneuve.

ONE MORE UNFORTUNATE

SAD CASE OF SUICIDE CAUSED BY DRINK

RECENT ARRIVAL HERE NEARLY SEVERS HEAD FROM BODY

On Sunday night the worst case of suicide on record in the history of Nelson took place about one mile east of the C. P. R. ship-yards. It was a most distressing instance of one more unfortunate fighting his last fight on earth against the curse of drink, far away from friends or home and absolutely severed from all ties and influences such as would ordinarily rescue a desperate human being from a suicide's grave.

William McGibbon, a Scotchman, who had only been here a few weeks, ended his life at the time and place mentioned with a razor and pocket knife and his body now lies in the undertaking parlors of the Standard Furniture Co.

It appears that McGibbon came to Nelson early last August, shortly after the Fernie fire, and secured a position as clerk to E. E. Austin district master mechanic of the C. P. R. His home was in Stranraer, Scotland, and he had been in Canada some four or five years. According to letters found among his effects, he had been at various times in the employ of Lougheed, Bennett & Co., barristers, Calgary, the C. P. R. master mechanic at Calgary and L. P. Eckstein, barrister, Fernie. Some ten days ago he severed his connection with the C. P. R. in this city. As a matter of fact his intemperate habits seem to have been the bane of his existence. According to his employers and those who had come in contact with him, the deceased was a man of good education and address as well as an experienced stenographer and office man. In manner he was quiet and unobtrusive, except when he allowed his craving for drink to get the better of him.

Ever since he reached this city he appears to have been obsessed with the hallucination that some evil fiend was pursuing him. At first it was the Black Hand society. Then it was an assasin.

On Sunday he claimed that a mountain lion was following him up.

He left the Silver King hotel, where he had been stopping, late in the evening, taking his shaving outfit and other toilet articles with him, and went east past Fairview as far as J. T. Bealby's ranch. Here he acted in a very strange manner, but finally left on the way back to town. The next that was seen of him was about a quarter to ten o'clock, when he knocked at the door of Mr. Habigard's house near the railway track about a mile east of the shipyards and asked for a drink of water.

He presented a horrible sight. His throat was cut half way across and blood was streaming from the gaping wound. The glass of water was given him and he staggered back into the darkness of the road.

Mr. Habigard, terrified, rushed to the nearest telephone and notified the provincial police and Dr. Rose who rushed to the spot as fast as possible.

Half way between the shipyards and Mr. Habigard's house the body of the unfortunate man was found cold in death. In his right hand a sharp clasp knife was held so tightly that it was difficult to loosen his hold upon it. The details of the scene were horrible beyond description. Suffice it to say that poor McGibbon had gashed his throat in a dreadful manner, both jugglar veins being pierced and the neck being well nigh severed from the body. When found he was quite dead, rigor mortis having already set in.

The deceased was upwards of 39 years of age and some 5 feet 8 inches tall, with a dark maustache and aquiline features of an intelligent cast.

Under the circumstances coroner Rose considered an inquest unnecessary.

Yesterday morning the razor with which the revolting deed was committed was found nearly a mile from where the body was discovered near a pool of blood.

ENGLISH CHAMPIONSHIP

ERNEST BARRY DEFEATS GEORGE TOWNS ON THAMES

AUSTRALIAN ROWED FINE RACE TO THE END

(Canadian Associated Press)

LONDON, Oct. 12—In the professional sculling race for the English championship, which carries with it the world's championship, rowed today over the Kew and Putney course, Ernest Barry defeated George Towns, the Australian, by two lengths after a hard fought race in which the Australian led for the first mile, the time being 21 minutes 22 2-5 seconds.

Barry won the toss and chose the Surrey side, which side Towns said he would choose if he won the toss. Towns went away in the lead, and when Hammersmith bridge was reached, one mile six and a half furlongs from the start, Barry was catching up slightly, Towns leading by three-quarters of a length, but in the next mile Barry caught up and passed him and was leading at Barne's bridge. Just before Stratton Gentry coal wharf at Mortlake was reached Barry was leading by two and a half lengths and though Towns spurted he only succeeded in reducing this by half a length.

ROSS RIFLE

British Officer Praises the Gun—Regulated Immigration.

(Canadian Associated Press)

LONDON, Oct. 12—The Morning Chronicle, in an article tending to demonstrate that the British army rifle is not the best weapon available, quotes major Varley, the well known shot, as stating that the Ross rifle is far superior for strength, action and possibility high muzzle velocity. He believes that the United States weapon is the best at the present time.

The Leader in referring to Milner's statement that Canada needed regulated immigration, says "including Chinese presumably. But he is the last man Canada would ask for advice."

TIMBER DEAL

Wisconsin Capitalists Make Big Purchase

THIRTY THOUSAND ACRES

LANDS AT FORKS OF JUNCTION OF COLUMBIA AND KOOTENAY RIVERS—MILL TO BE BUILT NEXT SEASON — PRICE PAID ABOUT $250 000.

(Special to The Daily News.)

VANCOUVER, Oct. 12—A deal was closed here this afternoon for 30,000 acres of crown granted timber lands at the forks of the junction of the Columbia and Kootenay rivers.

John Murray of Vancouver and J. S. Deschamps of Rossland selling to Wisconsin timber capitalists.

The price is stated to be in the neighborhood of a quarter of a million dollars, a large proportion of cash being paid down. The new owners will erect a mill next summer. It is understood that the purchase was made in the expectation of a revision of the United States tariff on lumber, in which case the tract will be logged rapidly.

SPEAKS AT ARROWHEAD

MR. GOODEVE IS GIVEN WARM RECEPTION BY ELECTORS

HE AND THOMAS TAYLOR, M. L. A., ADDRESS LARGE MEETING

(Special to The Daily News.)

ARROWHEAD, B. C., Oct. 12—One of the most successful meetings of A. S. Goodeve's campaign in Kootenay was that held here on Saturday evening. There was a big turnout in the opera house which had been engaged for the occasion and the enthusiasm displayed means a big majority for Mr. Goodeve in this part of the riding.

W. R. Reid occupied the chair and first called upon Thomas Taylor, M. L. A., for an address. Mr. Taylor was given a flattering reception, and, after the applause had subsided, took up the Asiatic and better terms questions, dealing with both in clear and exhaustive manner. Both these questions were of vital importance to the people of British Columbia. The liberals had refused to meet the province's demands in either respect and it now behooved all loyal British Columbians to rally to the support of the men and the leader who were pledged to see justice done in these matters.

Mr. Goodeve was given a reception that was not one bit less enthusiastic than that accorded Mr. Taylor. He also took up the Asiatic questiton, pointing out that the conservative party stood opposed to Asiatic immigration and in favor of a white British Columbia.

He dealt at some length with the Lemieux act as applied to railway men, showing from the records of the house of commons that J. E. Armstrong, conservative member for East Lambton, had moved to have the bill so amended as to exclude railway men who were already covered by the Canada Railway act. This the government had voted down.

In addition he took up the government's record and the general issues of the campaign and was cheered to the echo on taking his seat.

MANY ROUTINE MATTERS

VARIETY OF SUBJECTS DEALT WITH BY CITY COUNCIL

NEW OFFER FROM C. P. R. OF OLD COURT HOUSE SITE

Many matters of routine came before the city council at its meeting last night. Among them was an offer from Bird Bros. of the site of the old court house for $3000. This was left over for the present.

There were present Acting Mayor McMorris and Aldermen Kerr, Hall, Patenaude and Steed.

J. Laing Stocks on behalf of the Baptist church petitioned for a light in front of the church as several people had narrowly escaped injury coming down the steps. The city electrician was instructed to place a light as petitioned for.

Bird Bros., on behalf of the C. P. R., submitted an offer to the city of the two lots on which the old court house stands for $3000 to be paid for, in six annual instalments, with interest at 6 per cent. This offer was good for 60 days and was subject to the same conditions as the lease, that the property be used for civic purposes only.

A report from J. C. Dufresne, city engineer, regarding the local improvement work done this year, was filed.

City clerk Wasson reported that the city solicitor had been busy in court and had been unable to take up the proposed change in the bylaw regarding employment agents' charges. It would also be necessary to introduce other amendments to make the bylaws comply with the Municipal Clauses act. Ald. Patenaude said that the proposed amendment relating to employment agents' fees should be dropped. The council might as well set and regulate lawyers' charges.

City clerk Wasson submitted a draft of the local improvement assessment bylaw and it was read a first and second time and its third reading set for October 26.

Ald. Hale inquired what was being done about the road tax.

Acting Mayor McMorris explained that the police were now collecting it.

Ald. Kerr inquired whether the Kootenay Engineering works had yet installed an electric motor, and was told they had.

Ald. Steed complained about the condition of the roadway at the corner of Hendricks and Mill streets and the engineer will look into the matter.

City engineer Dufresne said it would be a good thing to have the police proceed against draymenn who drove over the sidewalks. Drivers were backing over the sidewalk to put in coal and wood in order to save a second handling. By doing this they were damaging the sidewalks.

Acting Mayor McMorris said anyone could proceed against these people. It did not require the police to do so. Ald. Steed said that while these teams were standing on the sidewalks foot passengers had to walk out on the roadway to get past them.

Ald. Kerr: That is being done even on Baker street.

Ald. Kerr brought up the condition of the roadway on Cedar street at the corner of Baker. The city engineer will report to the city council on this work as well as on th cost of a sidewalk on the same street.

Ald. Patenaude brought up the condition of the path along the gulch at the end of Carbonate street and the city engineer will make the improvements desired.

Ald. Steed brought up the condition of Kootenay street between Latimer street and Mines road. This matter was left in abeyance.

The meeting adjourned until Monday, October 19.

ESCAPED DESTRUCTION

STERN WHEELER PORT SIMPSON HAS CLOSE CALL

NEARLY CAPSIZED IN KITSELAS CANYON LAST WEEK

VICTORIA, Oct. 12.—The stern wheeler steamer Port Simpson narowly escaped destruction, in a similar manner to the Mount Royal last year, in Kitselas canyon when bound from Hazelton to Port Essington on October 6th, according to advices received today. The Port Simpson passed into the canyon and had gone scarcely her length when her stern swung across the canyon, struck the bluff and put the engines out of commission. Some of the engine room bed timbers were broken and the eccentric rods smashed. The stern wheeler was caught in the swift current and drifted through the canyon, occasionally striking the sides. Her bow crashed against the bluff and was smashed, the current catching the side of the hull swept her broadside until it seemed that she would jam the canyon and roll over like the Mount Royal. There was the greatest excitement on board and some of the crew jumped out to the rocks when the boat was smashed, fearing the vessel would be lost. While they were clambering to safety on the bluff the vessel was again swung straight and drifted through the canyon to safety below the gorge.

EPIDEMIC OF RABIES.

TORONTO, Oct. 12—Dr. G. L. Riordan, who has just returned from undergoing treatment at the New York board of health laboratory, as the result of having been bitten by a pet dog, says there is an epidemic of rabies among the dogs of Canada and the United States. He urges the necessity of a laboratory for Ontario and also urges passage of laws compelling all dogs to be muzzled.

ASSISTING CONSERVATIVES

Two More Liberals in Wentworth Desert Party.

HAMILTON, Oct. 10—The storm centre in the campaign in Wentworth county in the federal elections is centred in Dundas. There R. S. Knowles, who was so staunch a liberal and such a warm supporter of Oscar Sealey, the liberal candidate, that he was elected as returning officer in the last election, is working hard this time to defeat Mr. Sealey. J. S. Somerville, a liberal ex-M. L. A., is also doing all in his power to keep Mr. Sealey from beating Col. Ptolemy. The reason for this is the most interesting part of the story. When the ballots were counted at the last election it was found that E. D. Smith, the conservative, was elected by a majority of 8. At once a recount was applied for by the liberals. Before the recount and while the ballot boxes were still in possession of the returning officer, Knowles, he was approached with the suggestion that he should leave the boxes so that they could be gotten at. That is the reason given for the action of the two most prominent liberals in Dundas in working to encompass the defeat of the liberal candidate.

NOW IN LINE

Friendly Solution of Crisis Is Probable

NO FEAR OF HOSTILITIES

BELIEF HELD IN LONDON THAT CONFERENCE OF POWERS IS LIKELY TO END WAR SCARE CONFIRMED BY LATEST NEWS FROM STORM CENTRES.

Prince Ferdinand, as the Czar of Bulgaria, has made his triumphal entry into the capital amid scenes of patriotic enthusiasm. Great Britain has receded from her original position and is now willing that the proposed conference of the powers to settle the disputes in the near east shall take under advisement other questions in addition to those involved in the annexation of Bosnia and Bulgarian independence. It is now practically certain that the conference will be held, but its scope has not yet been determined. Austria still adheres strictly to the principle of non-intervention.

A Turkish cruiser and three torpedo boats have arrived at Saloniki on the way to the Island of Samos, a Grecian possession. This is Turkey's answer to the proclamation by the Cretians of union with Greece. For the moment there is little tak of war and even Servia seems to be taking a calmer view of the situation. The Servian national assembly has endorsed the government's policy and the government at the instance of the powers has been striving to maintain peace.

LONDON, Oct. 12.—The news received this morning from the storm centers in the near east confirmed the belief held in London that the powers will find a friendly solution of the crisis which has agitatd Europ for more than a week. Servia, it is thought, has fallen in line with the other states directly and is taking a more quiet view of the situation.

The resolution of the Servian national assembly passed this morning, which amounts practically to a vote of confidence in the government, has taken the matter of Servia's attitude toward Austria-Hungary out of the hands of that easily swayed body, and placed it with the cabinet. The members of the cabinet are aware of the actual state of affairs and doubtless will heed the warnings of the powers and take no rash step, so the powers can therefore continue negotiations in the matter of an international conference without fear of an interruption by the outbreak of hostilities by the Balkan powers.

There is no reason to believe that the Russian minister of foreign affairs, in asking for a conference, does not desire to reopen the entire near-eastern question.

That he is asking for something, however is confirmed by a statement made today by an official of the Russian embassy. This diplomat said: "Great Britain cannot adhere to the stand she has taken, namely that the conference must be confined by actions of Bulgaria and Austria-Hungary."

CANEA, East end of Crete, Oct. 12.—The Creton parliament met this morning and formally voted the union of the island with Greece.

MONTENGRO, Oct. 12.—The Montenegrian national assembly opened here yesterday in extraordinary session. The war fever rising from the annexation by Austria-Hungary of Bosnia and Herzegovina, which already is running high, has been strengthened by a bellicose message to parliament from prince Nicholas, who declared that the annexation of these two provinces had effected a crime upon the people of Montenegro and that the people were prepared to sacrifice their last drop of blood unless the peaceful endeavors now on foot resulted in righting this grievance. The message was received with cheers and other demonstrations of approval.

BELGRADE, Oct. 12.—At an extraordinary session of the skupshtina this morning the following resolution was unanimously passed: "The skupshtina, after hearing the explanation and the steps taken by it, expects vigorous activity will be displayed for the protection of the nation's threatened interests. With this object in view the skupshtina will support the government to the fullest extent."

The skupshtina has sent an encouraging telegram of greeting to the Montenegrian national assembly which assembled today and voted an extraordinary crdit of $3,200,000 to th ministry of war.

FERNIE'S PROGRESS.

Salvation Army Barracks Going Up Rapidly—Solid Brick Building.

FERNIE, Oct. 12—J. B. Turney, purchasing agent for the C. N. P. C. company returned last night after an extensive trip to Pennsylvania and New York in the company's interests.

Work on the new Salvation army barracks is progressing very fast and will be quite an improvement over the old building when completed. It is being built of solid brick.

Liberal Nomination.

(Western Associated Press)

WINCHESTER, Oct. 12—W. B. Lawson, barrister, was today nominated by the liberals of Dundas county.

UNDERWEAR

CENTURY SHAKESPEARE

CHANCE OF A LIFE TIME NOW OFFERED TO PUBLIC

CASSELL'S ARTISTIC POCKET EDITION 40 VOLUMES

The Century Shakespeare, Cassell & Co., 42 Adelaide street, Torontto and London, Paris, New York and Melbourne. Handy pocket edition in 40 volumes in red cloth and also in red lamb skin, a most artistic and inexpensive book production including Shakespeare; life and work, by Dr. Furnivall and John Munro.

This work forms the introductory volume to the Century Magazine. In despensable to the scholar and student, the book is of fascinating interest.

The lover of Sheakespeare—and who is not one today?—is indeed a happy man or woman. The choice among editions is manifold, not to say unlimited, and as a recent writer remarked, "*this is as it should be.*" Practically everybody's taste has been catered for, and in the case of a writer who of all the world's masters can alone find companionship with Home and Dante, it is the fitting tribute, the veritable monument to his genius.

Finality in this matter of taste is impossible, and there is still room for somehing distinctive, new, and tasteful. Such an edition is the Century Shakespeare. All the latest improvements in the methods of artistic book-production, whereby the highest art and craftsmanship can be brought to bear on the making of inexpensive books, as well as the scholarship of ages, have gone to the making of this edition.

Even so, it may be asked, wherein does this edition differ from the many others? In three important particulars:

In price.

In binding and general formant.

In the fact that it bears the imprimatur of the world-renowned Shakespeare critic, Dr. Furnivall.

To take the last named feature first. Dr. Furnivall, M. A., Ph.D., D. Litt., to give him the degrees and honors his vast scholarship has earined for him, has written, assisted by Mr. John Munro, exhausttive and interesting introductions to each play. These are no dry-as-dust disquisitions for the delectation of the learned, but informative and fascinating throughout, vitally interesting to both student and general reader.

Two styles of binding have been adopted:—one, an attractive shade of red cloth, with gilt back, issued at 25 cents; and the other, a charmingly effective red lambskin embellished with gold decoration and lettering, both on the side and back, witth gilt top and silk book-mark, 50 cents.

The embellishments, designed by a well known decorative artist, Mr. Reginald L. Knowles, are tastefully printed in two colors—black and green.

A special feature of the Century Shakespeare in photogravuare frontispieces which are reproduced from original painting from such famous artists as sir John Millais, P. R. A., R. Westall, R. A., George Romney, sir John Gilbert, R. A., David Maslise, R. A., W. Holman Huntfl O. M., D. G. Rossetti, sir Noel Paton, R. S. A., Frank Dicksee, R. A., sir James D. Linton, P. R. I., Emile Bayard, and others.

LIST OF FORTY VOLUMES

Shakespeare: Life and Works, All's Well that Ends Well, Anthony and Cleopatra, *As You Like It, Comedy of* Errors, Coriolanuse, Cymbelanus, Hamlet, Julius Caesar, King Henry IV.—Pt. 1; King Henry IV.—Pt. 2; King Henry V. King Henry VI.—Pt. 1; King Henry VI.—Pt. 2; King Henry VI.—Pt. 3; King Henry VII., King John, King Lear, King Richard II., King Richard III., Love's Labor Lost, Macbeath, Measure for Measure, Merchant of Venice, Merry Wives of Windsor, Midsummer Night's Dream, Much Ado About Nothing, Othello, Priceless, Romeo and Juliet, Sonnets and other poems, Taming of the Sehrew, Tempest. Timon of Athens, Titus Andronicus, Troilus and Cressida, Twelfth Night, Two Gentlemen of Verons, Venus and Adonis, Rape of Lucrece, Winter's Tale.

SHEEP CREEK IS BOOMING

MANY RECORDS ENTERED DURING THE PAST WEEK

LOCATIONS RECORDS AND CERTIFICATES OF ASSESSMENT

Sheep Creek is still in the fore in the matter of mining activity as shown by the returns from the government offices here.

The following records were entered at the Nelson mining recorder's office last week:

Harry P. Aitken, Paul Johnson and Peter Debell transferred the Papoose fractional claim to Geo. P. Wells in trust; William M. Lacey, transferred the Margaret claim to William Henry Moore; James A. Ryan, transferred the Big Chief and Papoose claims to J. L. Warner; Joseph L. Warner transferred the Big Chief and Papoose claims to Francis M. Black as well as the Cub, White Bear, Hoodoo and Bluebird claims; Fred G. Hamblin transferred the Silver Night claim to Jacob D. Friesen; James Smart transferred the First Chance claim to Edwin Richardson.

The following locations have been recorded:

Lone Jack, on Wolf Creek, by James Westley; Volley View, on Rosebud lake, by William A. Talbot; Storm King, Badger, Mirror, Josie and W. R., on Wolf Creek, by Jas. A. Ryan and Jos. L. Warner; Gettysburg, on Solomon river, by Charles E. Wilson and G. A. Kennington; Nut Carrot and White Quartz, on Clearwater creek, by W. M. Fee; *North Star, on 16-Mile creek*, by J. J. Budd; Hall Creek King, on Hall Creek, by Ed. Peters and Annie R. Peters; Big Chief, on Copper Mountain, by J. G. Peters; Placer Vault, on Hall Creek by Ed. Peters and Annie R. Peters; Carryall, on Morning Mountain, by Smith Curtis; Shamrock, on Salmon river, Goat Gap, of Wolf ceek, by B. M. Wilson; Lilly D., on Sheep Creek, by William McKay; Windsor, on Wolf lake, by A. Gracey; Sterling, on Wolf lake, by Geo. P. Wells; Rasmus, on Wolf lake, by W. B. Pool; Minto, near Wolf lake, by James Van Hook; Lucky Bell, near Wolf lake, by A. D. Pool; Red Wing, on Wolf creek, by William Kennedy; Kokanee, near Wolf creek, by A. Garvin; Last Chance, on Goat creek, by Price McDonald.

Certificates of assessment have been issued as follows:

To James F. Westley, on the Gold Dust and Vernon; to J. G. Devlin, on the Argyle; to Joy Holland, on the Bergen and Summit No. 2; to Harry Cane, on the Black Pine.

A HEALTHY HAPPY FAMILY

Since Child's Life was Saved by Psychine.

Mrs. E. Obediah of Ohswekin, Ont., declares that Psychine saved her child's life. It was then suffering from Pneumonia. This was in March, 1907. On August 11th, 1908, 17 months after, she wrote:

"The condition of my family's health is decidedly good. I give Psychine to each member of my family, eight in number and I consider their good health is due to Psychine which we recognize and believe to be the greatest of Tonics. My husband and myself pin our faith to Psychine because it has done so much for us in times past when hard pressed with sickness. I would be glad if you referred me to any skeptical person and you can use my name for this purpose."

No words of ours could be stronger! This is only one of the thousands of testimonials we have. Psychine is the greatest of tonics for the throat, lungs and stomach and no home should be without it. Sold by all druggists and stores at 50c and $1.00 bottle. Free trial on application to Dr. T. A. Slocum, Limited, Toronto.

TRIAL FREE.

Note The Elasticity

of the Hewson shirt shown in illustration. It's this wonderful elasticity that makes Hewson Underwear so exceptionally comfortable. The springy, flexible wool threads are sensitive to the slightest bodily movement. They even expand and contract when you breathe. They make the garment fit snugly, smoothly—with no wrinkles or baggy spots anywhere.

Your haberdasher should have Hewson Underwear. You can tell it by the Hewson OVAL trade-mark. Don't buy without first seeing our goods.

OUT OF THE EXCHANGES

NEWS OF NEARBY DISTRICTS FROM LOCAL PAPERS

WHAT IS GOING ON IN THE INTERIOR OF BRITISH COLUMBIA

Greenwood.

In preparation for the usual good season of the roarin' game the members of the Greenwood curling club held a well attended meeting on Monday evening.

A general feeling of activity and anticipation was manifested, and amongst other business the managing committee was instructed to look into the matter of building a new rink. The officers elected are: President, E. W. Bishop; vice president, H. McCutcheon; secretary treasurer, G. B. Taylor; managing committee, J. S. Birnie, K. C. B. Fruith, W. G. McMynn, E. B. Dill.

Contractor W. P. Tierney, of Nelson, and his force of men are laying the steel on the new cut-off on the Mother Lode spur. The improvements are in the way of a switch-back which will cut out the two big trestles, make the grade easier and safer, and will lower the cost of maintenance.

On his return Duncan Ross will speak at Phoenix on October 14th; at Riverside Hall, Rock Creek, October 15th; Grand Forks, October 16th and Greenwood, October 17th. Mr. Ross will then proceed to the Okanagan and the main line of the C. P. R. addressing meetings every night until the end of the month.

The many friends of Mrs. Charles Thomet, of Midway, will be pleased to learn that the life insurance policies of her lamented husband have been promptly paid through the local agent, F. W. McLaine.

Grand Forks.

Hugh Stevens was the victim of a fatal accident at the Mother Lode mine, Greenwood, last week. He was skip tender in the main shaft and while adjusting the chairs at the sixty foot level the cage came down on him, killing him almost instantly. Deceased was an experienced man and had been working at the Mother Lode since it resumed operations in June. He was twenty-four years of age, his relations residing at Rossland.

The campaign in the Dominion elections will be opened in this city on Wednesday night, the 14th inst., when Martin Burrell, conservative candidate for Yale-Cariboo, will address the electors in the Grand Forks opera house.

Ed. Davis and bride, nee Miss Elvie Taylor, of Portland, returned home last Saturday from their wedding tour.

Construction of the new Providence hotel in Grand Forks is under way.

Mayor Fripp, has on exhibition in his office window, a display of apples—the product of the Kettle valley orchards, which for size and color would certainly not be far from first place in a worlds competition. The Kettle valley as a fruit producing country has without a doubt a mighty future before it.

R. A. Henderson, C. E., of the C. P. R. has completed the location work between Midway and Penticton and he and his party have returned home to Grand Forks. It is understood that a one per cent. grade has been secured.

A movement is on foot to build a $25,000 public hospital in the city and to have the Sisters of St. Joseph take charge of it.

Slocan.

Present indications point to Sandon becoming the prosperous mining camp it was known as in early days. Several of the mines are shipping steadily, and reports from the Reco mine state that the ore showing is immense. Close on sixty men are now employed there, every one of whom is taking out ore, and this force may have to be reduced for lack of space to put the accumulation. Every ore house is filled up to the roof, while ore is being stored in chutes and old tunnels and drifts. The new body was found in No. 3 tunnel by a cross-cut driven from an old drift. There are not enough pack horses available at the present to pack the ore down, and E. Towgood, the Sandon packer, has been hunting up the Lardo district for another string of mules.

In a rifle match between Slocan city and New Denver, which was brought off on Friday last at Slocan, the visitors were defeated by 109 points. The highest individual scores were made by W. Hicks, Slocan, 77; H. Woolley, New Denver, 73.

Negotiations are at present proceeding for the opening up of the Molly Hughes mine, and a force of men will be put to work by M. Zattoni as soon as the necessary documents for the purchase have been completed.

A "Twenty-ounce Pippin" apple, of sixteen ounces weight, is on show in McVicar & Pinchbeck's window, Slocan, which is claimed to be the largest of its species grown in the Slocan district. The apple was grown by R. I. Kirkwood.

There will be a grand annual ball in Slocan on the 30th inst. in the I. O. O. F. hall, given by Slocan lodge, No. 40, I. O. O. F. A swell banquet will also be given, and everybody is assured of a good time. Further particulars will be given in a later issue.

A concert, in aid of the Church of England, will be given in Slocan city, on Wednesday the 21st. A splendid program is being arranged and a pleasant evening is anticipated.

A strike of ore is reported to have been made this work at the Tiger, a property owned by Hermann Clever.

It is understood that the Payne mine at Sandon will make a shipment of zinc very shortly to the Canada Zinc company.

Kaslo.

A. S. Goodeve, the conservative candidate for Kootenay will speak in Kaslo at the Eagles' hall on Thursday, Oct. 15th. Mr. Goodeve ranks as one of the best orators in the west, and all who can, irrespective of politics, should hear him.

The Kaslo took out a car load of silver lead and another of clean iron ore on Monday. The former went to Trail and the latter to Nelson for experimental and fluxing purposes at the electric zinc plant.

Neil F. Mackay, M. L. A., will accompany A. S. Goodeve, the conservative candidate, on his tour of the Kaslo riding.

R. W. Brock, O. E. Lerey and W. H. Boyd, of the Dominion geological survey, arrived in town on Monday. Their mision here we understand, is to commence preliminary work on the geological survey of the Slocan district.

A quiet wedding took place at the Methodist parsonage on Tuesday evening, the 6th inst., the contracting parties being Mr. Charles W. Sampson and Mrs. Anna W. Isaacson, the bride being supported by Miss M. Goodwin and the groom by the bride's brother, Mr. H. C. Hansen.

Creston.

Mr. S. A. Speers is making up an exhibition of fruit for his store, so as to show visitors here next week the various kinds of goods we grow here. The ranchers are asked to assist him by bringing in samples of various varieties.

Alex. Lucas, assessor of taxes, was here on business this week.

A bunch of sixteen horses arrived in Creston today for the Yale Columbia camp.

J. R. and Charlie Huscroft are running a logging camp about three quarters of a mile this side of Port Hill. The writer was there on Monday and noted the progress already made. There are about a dozen men working and Messrs. Huscroft are looking for ten or a dozen more; so buck up boys and get a winter's home.

G. A. Hunt, of Kitchener, was in town on Monday, seeing about timbers for the new bridge to be built at Kitchener.

Trail.

A dance will be given next Wednesday evening in the Swartz hall under the auspices of the Trail brass band.

J. R. Choquette and family left for Nelson on Wednesday where they will in future reside. Mr. Choquette recently disposed of his grocery store having been in business in this city for the past ten years. He has purchased a grocery business in Nelson.

A meeting was held on Monday evening last in the Methodist church to consider the formation of a choral society in Trail. Rev. A. E. St. Geo. Smyth took the chair and after some discussion it was decided to form a society to be known as the Trail Musical society and the subscriptiton for the same to be $1 for the session. The following officers were elected: President W. H. Aldridge; vice president, J. H. Schofield; honorary vice presidents, Rev. G. H. Findlay, Rev. J. C. Gibson, Rev. A. E. St. G. Smyth, together with a committee with W. A. C. Pugh as secretary treasurer.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in affecting a cure.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak women, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

WHEN IN SPOKANE

stop at the Hotel Raymond, the most centrally located hotel in Spokane. Rates moderate. Buss meets all trains.

We Pay Special Attention to Mail Orders

Daily Mishaps

MAKE ZAM-BUK A DAILY NEED.

Scarcely a day passes without some member of the family getting hurt. Maybe the bread-winner's work makes him peculiarly liable to cuts or lacerations; the boisterous youngsters are always running in to mother with bumps and bruises; and housework abounds with painful knocks, burns, scalds, and sprains for the fair sex.

Promptly dressing an injury with Zam-Buk means speedy relief from smarting pain. That's why the children like it. But it means much more—that your hurt will heal up quickly and perfectly, without festering, without gathering, and without harbouring disease germs. That's why the "grown ups" like it.

Mrs. Beers, of L'Original (Ont.) says:—"Five doctors and treatment in three hospitals failed to cure me of chronic ulcers and sores. They were so bad I could only walk by aid of a crutch and a stick. Zam-Buk has cured me! and I have put my crutch away. I am 75 years old and in all my life never met with anything to equal Zam-Buk." All druggists and stores sell at 50c. a box or Zam-Buk Co., Toronto, for price, 3 boxes for $1.25. Cures cuts, burns, bruises, piles, eczema all skin injuries and diseases.

Zam-Buk

FREE BOX Send 1c. stamp to Zam-Buk Co. Toronto for postage and trial box will be mailed you.

Opening for Business

The Bank of Vancouver

in a few days will make a deposit with the Dominion government and will then open for business at its head office in Vancouver, it will be only a matter of a few months before branches will be opened in all the principal points in British Columbia.

The Bank of Vancouver

is a purely western bank and British Columbia money deposited with them will be used to develop British Columbia industries and resources.

The Bank of Vancouver Stock

is for sale at $110 per share, $10 cash, $20 on allotment of shares and $10 per month for 8 months. And I would advise anyone with any money to invest to think this over before investing elsewhere. Think what you will get. Stock of a bank whose directors are representative British Columbia men who understand the country and how its should be developed. It will only be a matter of a short time before their stock will double in value. Banks in Nelson are paying yearly dividends of 10 per cent. and over, but you cannot buy a share of stock for less than $215. Now is the time to buy Bank of Vancouver stock. At Vancouver and other coast points it is selling like "hot cakes" and will have to buy on the stock exchange and the price will be away up.

Call and get particulars while there is yet time. If you overlook this snap you will regret it.

WHY THE SECOND POSTPONEMENT

New light is thrown on the action of Mr. Smith Curtis in postponing the date of the election in Kootenay a second time by the announcement that polling is also to take place in Yale-Cariboo on November 12. The reason for Mr. Duncan Ross's recent visit to this city is now explained. On the occasion of that visit it was arranged that the elections in the two constituencies should take place the same day, the date of the Kootenay contest being set back to coincide with that of Yale-Cariboo. In other words it was the direct result of a conspiracy between Mr. Smith Curtis and his advisers in this city and Mr. Duncan Ross that the election in Kootenay was postponed the second time.

It will be recalled that on Sept. 28 a conference was held in this city between Mr. Smith Curtis, Mr. John Keen, returning officer, and two representatives each of the liberals and conservatives. At that meeting the conservative representatives, after they had done their best to have the election in Kootenay take place on Oct. 26, were given the most positive and solemn assurances that the date would be November 3. On Sept. 29, Mr. Duncan Ross arrived in Nelson and registered at the Hume hotel and three days later the proclamations were out announcing that the election in Kootenay would take place on Thursday, November 12. Mr. Ross returned to his constituency and a few days later proclamations were issued fixing the date of the election in Yale-Cariboo for November 12, nomination day being set for October 24.

Here comes in the rub. It is generally recognized that the constituency of Yale-Cariboo is larger and some parts of it more difficult of access than Kootenay. Notwithstanding this the returning officer for Yale-Cariboo has five days less in which to have his ballots printed and the ballot boxes distributed than has Mr. Keen in Kootenay, which goes to show that the election in this constituency was postponed the second time, merely in order that it might coincide with the date of polling in Yale-Cariboo, although there was no reason in the world why both should not have taken place the same day as in the rest of Canada.

There has, however, been one difference in the conduct of the two men, Mr. Duncan Ross and Mr. Smith Curtis. The former, realizing from the first that he had no chance of election in a fair fight, pinned his hopes on the return of the government and the influence he hoped this might have with some electors. Mr. Ross announced from the first that the election in Yale-Cariboo was to be postponed. In other words he was willing to proclaim to the world that he did not believe in playing the game fair. Mr. Smith Curtis had the same misgivings as Mr. Ross, but tried to make it appear that he was anxious to have the election in Kootenay take place the same day as in other ridings, while at the same time he was searching for an excuse for postponing the election which he thought would go down with the public. His first attempt was to blame the provincial government for delay in connection with the voters' list. Even his own returning officer, however, admits that this was a most absurd claim. His next was equally absurd. It was that the ballots had to be printed in a liberal print shop and that that office to which he had arranged to give the work could not get them out in time to hold the election on October 26. Both these excuses, it must be remembered, were urgd as rasons why the election could not take place on Oct. 26 and were not applied to November 3. Mr. Curtis, so far as The News is aware, has never offered any excuse for the second postponement. The only apparent reason for the second postponemnt of the date of the election in Kootenay is that Mr. Duncan Ross might be furnished with an excuse for delaying the election in Yale Cariboo so long.

The people of Kootenay and Yale-Cariboo will, however, on November 12 show Messrs. Curtis and Ross, respectively, what they think of their actions in juggling with the election dates in this way.

PREFERRED AMERICAN DOLLAR.

During his recent tour of Ontario Sir Wilfrid Laurier laid special stress on what he had done for the empire in the matter of the British preference. Liberal papers all over the country, including the Victoria Times, are quoting this with great gusto, apparently forgetful of the fact that on the question of imperial relations as on all others Sir Wilfrid has been on both sides of the fence. Here is what he said at a meeting in Boston, Massachusettts, not so very many years ago:

"There are people in my country who say that an imperial federation for England and her colonies would be the best alternative for Canada. As far as the Monroe doctrine is applicable to Canada I am in favor of the Monroe doctrine. I do not want any European interference in our affairs, and it would be suicidal on the part of Canada to engage herself in a federation that would force us to take in all the wars which Great Britain, on account of her position, is obliged to undertake in all parts of the world. I consider that this fact alone suffices to turn the Dominion from any such idea. It has also been said that we should establish a line of steamers between England and her possessions by virtue of which trade would be cultivated between Canada and the English empire to the exclusion of the rest of the world. I have only this to say regarding SUCH AN IDEA—IT IS ABSOLUTELY ABSURD. For my part I prefer the Yankee dollar to the English shilling, especially when the dollar is so near and the shilling so far away."

EDITORIAL NOTES.

Indications of a sweeping victory for Mr. A. S. Goodeve continue to multiply. Let the good work go on.

Two weeks from today it will be known whether sir Wilfrid Laurier is to have another lease of power or whether the people of Canada have placed the affairs of the country in the hands of Mr. R. L. Borden for the next five years, and four weeks from the day after tomorrow the people of Kootenay will elect Mr. A. S. Goodeve to represent them, no matter who is then in power at Ottawa.

Borden, Goodeve and a white British Columbia.

Every day is adding to the number of old-time liberals who are supporting the conservative party in this election.

Can any one explain why it should take five days longer to print the ballots and distribute the ballot boxes in Kootenay than in Yale-Cariboo.

Wanted—An excuse for the second postponement of the date of election in Kootenay. Apply any time between now and election day to Mr. Smith Curtis.

The News takes this, its first opportunity of correcting three errors which crept into an article headed "Better Terms" which appeared in its Sunday issue. The tax on wild lands was given at 5 per cent instead of 4 per cennt, while in referring to the tax on real property and personalty the rate was given as 1 per cent instead of three-fifths of 1 per cent. The latter mistakes were inadvertance in writing the copy and the first was a typographical error.

If Mr. Smith Curtis is so pliable in the hands of a man like Mr. Duncan Ross as to postpone the date of the election in Kootenay to suit him in Yale-Cariboo, how much more pliable would he be in the hands of the leaders of his party at Ottawa.

A Vote for Mr. A. S. Goodeve is a vote for a white British Columbia.

It is the duty of every independent elector in this contest to cast his vote against the Laurier government. If at the end of five years Mr. Borden's record is equally bad they should then vote him out of power also.

CANADIAN FORESTERS

Social Gathering of the Order Last Evening.

Court Kootenay Belle, C.O.F., entertained B. C. organizer John Muir of Vancouver and their friends at a very sucessful smoker and social in the K.P. hall last night. The attendance was large, the program of songs and speeches was good and the music, furnished by Wilkinson's orchestra, was a real treat.

Mr. Muir occupied the chair and was ably assisted by chief ranger, J. W. Holmes Jr. The chairman in a brief opening address set forth the aims and objects of the order, explaining that while of comparatively recent origin, it now boasted of a total membership of over 75,000, all of whom have been initiated in the dominion of Canada, although members who move to other parts of the world, still retain their membership and rights to the benefits of the order. The total amount of death claims paid by the order during the past year, amounted to $400,000, and at the present time a reserve fund of $3,000,000 is available for any emergency.

The local court, organized in 1903, had grown from a membership of eight, until now it numbers 125, and during the same period the net gain of the order has been 23,786 members. The surplus during these five years had grown to the sum of $1,430,849, and as a protective insurance proposition could be safely recommended to every citizen of Canada. It was pointed out by Mr. Muir that the funds of the order were invested in the best securities offering in the dominion and it is needless to say when he instanced the fact that $11,000 of those funds were invested in Nelson city debentures, is audience greeted the statement with patriotic cheers.

Songs were rendered by Edgar Mason, J. Reynolds, Mr. Macaulay, G. W. Walley and others, while short speeches, dealing with the good work of the order, were delivered by J. W. Holmes, Sr., R. J. Steel, A. Carrie, P. Lamont, Dr. Rose and W. Irvine.

Luncheon was served at midnight and a very enjoyable evening was brought to a close by the singing of "God Save the King."

PROGRESS AT ROYAL MINES.

Mr. Flummerfelt Finds that Work is Well Advanced.

LETHBRIDGE, Alta., Oct. 12—A. C. Flummerfelt, of Victoria, H. N. Galer, of Spokane, and D. W. Rogers, of Victoria, were in the city today on a visit of inspection on the Royal collieries property. Asked regarding the outlook at the mine, Mr. Flummerfelt stated that he found matters well advanced since his last visit. The work on the railroad spur is nearing completion, the contractors stating that they expected the laying of steel to be finished next week. The mine management report satisfactory progress on the new slope, and anticipate that the completion of the railroad will enable them to finish the installation of the new tipple and plant in ample time to take care of the winter trade.

Mr. Galer left on the evening train for Spokane, while Messrs. Flummerfelt & Rogers leave tomorrow morning for New York.

TOGETHER IN DEATH.

NEW YORK, Oct. 12.—A tragic mystery came to light today when the bodies of a well dressed man and woman, bound securely together with wire, were found floating in the Jamaica Bay. The bodies have not been identified. They were found by two fishermen whose little motor boat bumped into the bodies as they were crossing the bay. Both victims had their valuables intact. There was nothing in the possession of either one to aid the police in identification. The bodies are believed to have been in the water about six hours.

The man was apparently 45 years old, he was six feet two and weighed about 200 pounds. The woman apparently was about 35 years of age and exceptionally good looking. From the manner in which the bodies were bound together and the fact that money and jewelry had not been taken, the police are inclined to believe that the couple committed suicide.

COMMUNICATIONS

Letters to The Daily News on current topics are cordially invited, subject to the following terms:

The letters must be plainly written (typewritten preferred) on one side of the writing paper only, of reasonable length and must be signed by the writer for publication.

The Daily News is not responsible for the views expressed by correspondents.

Meeting at Slocan.

EDITOR THE DAILY NEWS:

Sir—Kindly allow me space in your newspaper to draw attention to the misrepresentation contained in a "special to The Daily News," purporting to be dated at Slocan, under date of Oct. 8, referring to the splendid reception to Mr. Goodeve on the occasion of his appearance here on the public platform on the 7th inst.

To begin with, an attempt is made to slur the popular M.P.P. for the Slocan, Mr. Hunter, in as much as it is reported that "he took a few pops at the enemy, but his powder seemed wet, or may be it was an inferior brand of the noiseless, for there was little execution noticeable."

As a matter of fact Mr. Hunter in a few well chosen words pointed out that Kootenay riding under the last conservative regime was not treated to a deferred election, but that on the contrary, although the riding in question at that time was not served as it is today by railways, telephones and telegraphs, the then returning officer was able to bring on the election on the same date as the general election in the rest of Canada.

This might seem, Mr. Editor, like "wet" or "an inferior brand of the noiseless" to a liberal newspaper, but surely not to the leading conservative newspaper of the Kootenays.

In view of the fact that the speaker of the evening was to be the conservative standard bearer, Mr. Hunter tactfully refrained from further speech making leaving the platform to Mr. Goodeve, whom those present had especially gathered to hear.

Mr. Hunter sat down amid the cheers of the audience, supporters of both political parties acknowledging the point scored regarding the question of deferred elections in such a progressive riding as Kootenay, a riding put by the powers that be at present, on the same footing as an outlying district on the Labrador coast.

The innuendo contained in the latter part of the "special" mentioned lacked in appropriateness what its maker lacked in judgment, as all the conservatives present fully endorse Mr. Goodeve's principles and in so doing are not obliged to rescind any former stand any of them may have taken where justice only had been in question.

Were it not that a special correspondent is presumed to render only a fair account of events, one might suppose such a "special" to emanate from a pettiness of spirit which can only be condoned by assuming the writer ignorant of the proceedings.

Yours truly,
H. R. JORAND.

Slocan, Oct. 10, 1908.

SUFFERED 5 YEARS WITH RHEUMATISM

Unable to Work for a Year—Cured by Gin Pills.

I have been troubled with Rheumatism for 5 years, one of which I have been unable to do any work whatever. Have spent much money on other remedies until I purchased from my druggist, L. T. Best, Kingston, one box Gin Pills on his recommendation. The result was beyond my expectations. The first box banished all traces of Rheumatism. I now keep Gin Pills in the house and take one occasionally. My sincere thanks are due you for your wonderful remedy which has done so much for me.

GEO. VANDEWATER, Kingston, Ont.

Friendly letters like the above, reach us every day. No other remedy has ever had so many unsolicited testimonials in so short a time. There can be no question about it—Gin Pills do cure the Kidneys. 50c. a box—6 for $2.50. At dealers or direct. Sample box—so you can test them—sent free if you mention this paper.

NELSON WEATHER.

Now on Record at Dominion Government Bureau in Toronto.

For the first time in the history of the meterological returns, the weather map, issued monthly by the department in Toronto, and which is just to hand, Nelson is included. It shows that during the month of September Nelson had far more than an average record for the province. Itts record high was 84 degrees, higher than at any time for the past ten years in the history of the city. Its record low was 29 degrees, a record also as to absolute low for the city.

In comparison with the other substations of the province Nelson shows that although the frost was unexpected yet it was not confined alone to this city, Victoria was the only place escaping and it by only two degrees of frost. Every other station in the province showed frost, Barkerville as high as fourteen degrees.

WORLD'S CHAMPIONSHIP

DETROIT CAPTURED THIRD GAME FROM CHICAGO

HEAVY AND OPPYORTUNE HITTING WON THE GAME

CHICAGO, Oct. 12—By heavy and opportune hitting, Detroit was enabled to capture the third game of the world's championship series.

The final score was Detroit 8, Chicago 3. In only one inning was Chicago able to score. Detroit assumed a safe lead in the sixth inning. The winning of today's game by Detroit assures the playing of two games at least at Detroit, tomorrow and Wednesday.

A good sized crowd was in line when the sale of tickets began. The weather was chilly. The sun shone brightly but overcoats and rugs were in general demand among the spectators. Pfeister pitched for the national league against Mullin of the Detroit Americans. The national league had the honor behind the bat as O'Day did umpiring there and Sheridan, of the American league, took care of the affairs on the bases.

Final Score—	R	H	E
Detroit	8	13	3
Chicago	3	7	1

"HOLY CITY" COMING

Beautiful Play Will be Presented Here Next Monday.

The influence of the saviour of mankind permeates and illumines every scene of "The Holy City," Clarence Bennett's powerful religious play, which is to be the offering at the Nelson opera house on Monday October 19. This is all the more remarkable when the fact is considered he does not appear upon the stage. Mr. Bennett has so ingeniously and masterfully conjured up the atmosphere of those bitter days, 2000 years ago, when the Son of God met His death upon the hill of Calvary in expiation for the sins of man the spectator unconsciously feels the nearness of the teacher and guide who is so constantly referred to.

This is one of the reasons that has prompted so many clergymen to heartily endorse the play and to recommend it not only to professing Christians, but to all seekers after truth whatever their faith. The play is not an adaption of the scriptual story. It is the scriptural story without alteration or change, the narrative recorded by the evangelists. There is an added story, which deals with the love of Salome, the daughter of Herodias, for Marius, a young Roman but that is entirely separate, and distinct, and does not detract from the other story of the persecution, death and glorious resurrection of Christ.

The play is presented by the company of rare excellence. Nearly all of the parts are character parts and players having especial facility in the delineation of strongly marked roles were chosen for the principal characters. The settings are usually ornate, massive and rich, and the costuming is lavish in the extreme.

CURTIS WAS IN IT.

Joseph Martin's Reply Regarding Election Campaign Fund.

The following is from the Province's report of Joseph Martin's remarks to a crowded meeting in Vancouver city hall on Saturday evening last:

"It is true that Mr. Hill made a contribution to my election funds in 1900 when I was premier of this province. But it is not true what McInnes adds, that I made any bargain to give him any special legislation."

A heavy silence fell upon the house as when the villain enters in the play.

"But what position is McInnes in? He was a party to it."

Laughter, such as you hear in comic opera broke the tragic silence.

"That is at least a strong indication that he should not be sent to Ottawa."

There was a wave of laughing approval.

"You know the old axiom about honor among thieves?"

The typewriter hasn't the facility to describe that scene.

"But Curtis and John Oliver and Monro of Chilliwack were in it too, all members of the party which Mr. McInnes supports. And in his anxiety to down me he accuses them."

A thunder of deafening applause.

IRRIGATION LANDS.

Sale of 5000 Acres of New York Capitalists—Michigan Purchasers.

CALGARY, Oct. 12—A sale of 5,000 acres of land in the C. P. R. irrigation block has just been completed to a syndicate of New York capitalists. It is the intention of the buyers to develop this property as a winter wheat farm.

Some sixty land seekers from Michigan, Nebraska and Iowa have just completed a tour of the Canadian Pacific irrigation block and the staff of the irrigation office is busily engaged in closing sales contracts with these parties.

WHAT'S DOING IN CANADA

ITEMS OF INTEREST FROM YESTERDAY'S WIRES

THE DOMINION FROM THE ATLANTIC TO THE PACIFIC

WINNIPEG, Oct. 12.—The lacrosse match played here yesterday between the Capitals of Ottawa and the Shamrocks of Winnipeg resulted in favor of the Capitals by a score of 5 to 1. As a result of playing the game the local men were professionalized by the Manitoba Athletic Association.

WINNIPEG, Oct. 12.—His excellency lord Grey arrived from the west yesterday and is a guest at Government house. In the afternoon he visited the T. Eaton Company's departmental store, the agricultural college, and, later was entertained at the Country Club golf links. His excellency will go to Lake Manitoba tomorrow morning for a few day's shooting, at senator Kirchhoffer's lodge.

HAMILTON, Oct. 12.—The sixteenth convention of the Brotherhood of St. Andrews closed Saturday night. On Saturday a number of important resolutions were carried which included an endorsation of the movement for a worldwide week of prayer.

HALIFAX, Oct. 12.—John Richardson, of Sable river, eighty years old, while gathering wood from the underbrush was mistaken for a moose today by John Chivers, who shot and almost instantly killed him.

MONTREAL, Oct. 12.—Grand Trunk railway traffic earnings for the week ending Oct. 7th decreased by $93,557, the total being $827,049 for 1908 as against $920,606 for 1907. C. P. R. earnings for the same week increased by $102,000, the total being respectively $1,599,000 and $1,497,000.

CHATHAM, Oct. 12.—Mina Wilson, a mulattto, was sentenced to five years in the penitentiary this morning for carving the face of Fred Johnston, a colored admirer, on Saturday. Johnston's face was badly mutilated.

OTTAWA, Oct. 12.—William Burke, 16 years old, was killed by the accidental discharge of his rifle in the woods, near Kingsmore, yesterday. Burke was hunting.

REGINA, Oct. 12.—A wholesale robbery was attempted yesterday afternoon at the warehouse or the Regina Storage and Forwarding company. H. W. Laird and George Holden were working in the office on the ground floor of the warehouse and hearing footsteps above, Laird went up and surprised the two men who were picking up goods ready to make away with them. Both men were in their stocking feet and had evidently slept in the building. They had about $400 worth of goods ready for removal and a wagon was waiting to receive the swag. When surprised both men took to their heels and ran and up to the present have not been captured. An entrance to the building had been forced.

OTTAWA, Oct. 12.—South African veterans from all parts of the Dominion are in Ottawa today for the promotion of the Dominion South African Veterans Association, to act in all matters which affect generally the interests of all those who served in the Boer war.

CHAMBER MOTIONS.

Mr. Justice Morrison Disposes of Some Matters in Dispute.

Yesterday morning the following applications were dealt with by Mr. Justice Morrison:

Laidlaw vs. Imperial Coal and Coke company, et al. Injunction continued until the trial or further order. Time for defence extended for 20 days. James O'Shea for plaintiff; W. A. Macdonald, K. C., for defendant.

Smith vs. Sheriff of South Kootenay. Injunction stands by consent to be brought on before county court judge. W. A. Macdonald, K. C., for plaintiff; E. C. Wragge for defendant.

Docksteader vs. Dominion Copper company order made that $150 security for costs be furnished by the plaintiff within eleven days. E. C. Wragge for defendant; James O'Shea for plaintiff.

EIGHTY YEARS OLD

Joseph Bankson, a Prominent Insurance Man and Much Esteemed Citizen of Bethany, Ill., Strongly Recommends

VINOL FOR OLD PEOPLE.

"I am past 80 years of age and for some time I had been losing strength and suffering from a chronic cold and lung trouble, until I was seriously ill and could not go out of doors. My son sent me some Vinol. I commenced to take it and it has simply worked wonders for me. I feel better and stronger than I have for years, and my cough is all gone. There is no other medicine equal to Vinol to build up health and strength for elderly people." Joseph Bankson, Bethany, Ill.

This is because Vinol is the best cod liver and iron tonic in the world. It creates a hearty appetite, strengthens the digestive organs, makes rich, red blood and replaces weakness with strength. The beneficial effect of Vinol in cases of feeble old people is simply remarkable.

We invite all old people, delicate children, weak run down persons, convalescents or those suffering from chronic colds, coughs, or bronchitis in this vicinity to try Vinol on our offer to return their money if it does no good. We make this offer to show our faith in Vinol. Wm. Rutherford, Druggist, Nelson, B.C.

Why Colds are Dangerous.

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgement. It is the same with all infectious diseases. Diptheria, scarlet fever, measels and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any of the other common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by all druggists and dealers.

BORING FOR OIL.

Sugar Co. is Interested—Beet Harvest Best on Record.

RAYMOND, Alb., Oct. 12—It is reported here that the Knight Sugar company is boring for coal gas and oil.

The beet harvest is now on and evidence is at hand that the crop this year will be the best on record. In addition to the heavy crop the acreage has expanded considerably. It is reported that some of the beets that have generally tested at the factory, have shown 20 to 22 per cent. saccharine contents, which is 10 per cent. better than the average for the best beet producing state in the union.

TOYE, TAYLOR & McQUARRIE

Real Estate Agents — Baker Street, Nelson, B. C.

Bonnington Orchards

Some of the improved and some of the unimproved lots have been sold to gentlemen who after a summer's experience are well pleased with their purchases and are building fine residences. Some especially fine lots both improved and unimproved are still for sale.

The conditions are ideal in the following respects. Soil; Sun exposure; air drainage; economical cultivation. Transportation: Come and look at the trees, clover and strawberry plants and compare them with what you have seen elsewhere. Situated 9 1-2 miles southwest of Nelson on the Kootenay river opposite upper Bonnington falls. Station, middle front of property; three passenger trains each way daily. Hotel, store, post office, telegraph office, telephone office between 1 mile and 2 1-2 miles; power plant across the railway track from which electric light can be obtained. You can have a tetlephone in your house connecting you with the whole long distance system. Far famed rainbow trout fishing. Pure mountain water from Falls creek flumed through property. You get a proportionate interest in the water system free with the land you purchase. Get off at upper Bonnington falls station. The ranch foreman will show you the land, the plan and the price list.

Slocan River

I have also subdivided the Boisvert ranch half a mile from Perry Siding station, school and post office, on the Slocan branch of the C. P. P. Good land, little or no stone, mostly level with just enough slope for irrigation, two creeks running through it; passenger train each way daily. Six miles from Slocan city; thirty-five miles from Nelson. Overlooks Slocan river about one-quarter mile distant. Mr. W. F. Hassell, C. E., has purchased two lots and will show you over the property and show you plan and prices; or write to me for particulars or an appointment.

Lardo River

I will sell that fine ranch formerly the Putman ranch, 320 acres with about 20 acres cleared, trees, buildings, clover, wild hay, facing on the Lardo branch of the C. P. R. two miles beyond Lardo station, the probable future main freight route from Atlantic to Pacific. Lardo is at the north end of Kootenay lake. Abundance of water; valuable cedar timber; splendid ranch for combined stock and fruit farm.

I am not selling all my land, but am keeping 263 acres and am expending proceeds of land sales on clearing and planting more acres of orchard.

For further particulars write to me at Willow Point P. O. or come to East Duntulm landing, seven miles from Nelson to see me and see a Kootenay orchard in bearing, or write and make an appointment with me in Nelson.

J. J. CAMPBELL

The Yellow God

By

H. Rider Haggard

Author of "King Solomon's Mines," "She," "The Brethren," Benita," Etc.

(All Rights Reserved.)

"Alan, lord Aylward followed me; although everybody else was ruined he remained rich, very rich, they say, and his fancy was to marry me; also I think it was not comfortable for him in England. It is a long tale, but I got up here with about five and twenty servants and Snell my maid, whom you remember. Then we were both taken ill with some dreadful fever, and had it not been for those good black people, I should have died, for I have been very ill, Alan. But they nursed me and I have recovered; it was poor Snell who died, they buried her a few days ago. I thought that she would live but she had a relapse. Next lord Aylward appeared with 12 soldiers and some porters, who I believe have run away now—oh! you can guess, you can guess. He wanted my people to carry me away somewhere, to the coast, I suppose, but they were faithful to me and would not. Then he set his soldiers on to maltreat them. They shot several of them and flogged them on every opportunity; they were flogging one of them just now, I heard it. Well, the poor men made me understand that they could stand it no longer, and must do what he told them.

"And so, Alan, as I was quite hopeless and helpless, I made up my mind to kill myself, hoping that God would forgive me and that I should find you somewhere, perhaps after sleeping awhile, for t was better to die than to be given into the power—of that man. I thought that he was coming for me just now, and I was about to do it, but it was you instead, Alan, you and only just in time. That is all the story and I hope that you will not think I have acted very foolishly, but I did it for the best. If you only knew what I have suffered in one way and another, I am sure you would not judge me harshly; also, I kept dreaming that you were in trouble and wanted me to come to you and of course I knew where you were gone, and had that map. Send him away, Alan, for I am still so weak, and I cannot bear the sight of his face. If you knew everything you would understand."

Alan turned on Aylward, and in a cold, quiet voice asked him what he had to say *to this story.*

"I have to say, major Vernon, that it is a clever mixture of truth and falsehood. It is true that your cousin Champers-Haswell has been proved guilty of some very shameful conduct. For instance, it appears that he did forge, or rather cause to be forged, that Firman from the Sultan, although I knew nothing of this until it was publicly repudiated. It is also true that fearing exposure he entirely lost his head and spent not only his own great fortune, but that of Miss Champers also, in trying to support Sahara shares. I admit also that I sold many hundreds of thousands of those shares in the ordinary way, having made up my mind to retire from business when I was raised to the peerage. I admit further, what you knew before, that I was attached to Miss Champers and wished to marry her. Why should I not, especially as I had a good deal to offer to a lady who has been proved to be almost without fortune.

"For the rest, she set out secretly on this mad journey to Africa whither both my duty as her trustee and my affection prompted me to follow her. I found her here recovering from an illness, and since *she has dwelt upon the fact in self defence,* I must tell you whatever has taken place between us has been with her full consent and encouragement. Of course, I allude only to those afectionate amenities which are common between people who purpose to marry as soon as opportunity may offer."

At this declaration poor Barbara gasped and leaned back against her pillow. Alan stood silent although his lips turned white, while Jeeki thrust his big head through the tent opening and stared upwards.

"What are you looking at, Jeeki?" said Alan irritably.

"Seem to want air major, also look to see if clouds tumble. Believe particularly big lie do that sometimes. Please go on, O good lord, for Jeeki want his breakfast.

"As regards the execution of two of Miss Champers' bearers and the flogging of some others, these punishments were inflicted for mutiny," went on Alyward. It was obviously necessary that she should be moved back to the coast but I found that they were trying to desert her in a body and to tamper with my own servants and so was obliged to take strong measures."

"Sure those clouds come down now," soliloquized Jeeki, "or least something rummy happen."

(Continued in Next Issue.)

STRAIGHT FRONT CORSETS—FAT—AND HEAT

The first two stretch wretched minutes into hours of misery for the modish fat woman these days. Her daily program is slow strangulation from 3 p.m. to bedtime. But this (to others) comical anguish of the well dressed fat woman in hot weather may be avoided. Let her reduce ten or fifteen pounds and she can wear her stylish garb with comfort at 90 in the shade.

All she needs to do is to ask her druggist for ½ ounce Marmola, ¾ ounce Fruid Extract Cascara Aromatic and 4¾ ounces Sirup Simplex, take a teaspoonful after *meals and at bedtime and in a little while* she should be losing from one-half to a pound of fat a day. At that rate she can soon get down into the comfort belt and do it without exertion, disturbance of her habits or injury of any sort. For, understand, this is a harmless home mixture that doesn't cause wrinkles, post much or require any assistance from exercising or starvation methods to help it get regults.

GOOD PRESCRIPTION

To Relieve All Catarrh Sufferers Here in Nelson.

Make Some up and Try it as it is Said to do the Work.

Here is a prescription which should be valued by all who are subject to rheumatism, kidney and bladder troubles and especially catarrh. While the latter is considered by most sufferers an incurable disease, *there are few men* or women who will fail to experience great relief from the following simple home prescription, and if taken in time it should prevent an attack of catarrh during the entire season.

Anyone can mix the following: Fluid Extract Dandelion, one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces. Shake well in bottle and use in teaspoonful doses after each meal and again at bedtime. Get these ingredients from any pharmacist whom you know handles only pure drugs.

This prescription acts directly on the eliminative tissues of the kidneys to make them filter and strain from the blood the poisons that produce all forms of catarrhal affections. Relief is often felt even after the first few doses and it is seldom that the sufferer ever experiences a return attack within a year.

This prescription makes a *splendid remedy* for all forms of blood disorders and such symptoms as lame back, bladder weaknesses and rheumatism pains are entirely dispelled.

As this valuable though simple recipe comes from a thoroughly reliable source, it should be heeded by every reader who suffers from catarrh.

Fifty Years a Blacksmith.

Samuel R. Worley of Hixburg, Va., has been shoeing horses for more than fifty years. He says: "Chamberlain's Pain Balm has given me great relief from lame back and rheumatism. It is the best liniment I ever used." For sale by all druggists and dealers.

Try Bosquet's 25c Lunch, 11 to 2.

APPLES, ORANGES FIGS AND PRUNES

The God-given Cure for All Diseases of Bowels, Liver, Kidneys and Skin.

Few people seem to realize how important—how absolutely necessary—it is to keep the Bowels, Kidneys and Skin in proper working order.

They wonder why they have Sallow Complexions — Indigestion — Headaches—Rheumatism — while all the time their systems are clogged and poisoned with waste tissue and indigestible food which these organs should have removed.

What they need are Fruit Juices—nature's provision for keeping the eliminating machinery of the body working right. "Fruit-a-tives" are the concentrated juices of fresh, ripe fruits, combined in such a way that their medicinal action is greatly intensified. They stimulate and regulate the action of Liver, Bowels, Kidneys and Skin, *thus clearing the system* of the accumulated waste and poison, purifying the blood, and banishing those distressing troubles that make life miserable.

No other remedy has ever been discovered that does this so effectively as "Fruit-a-tives." 50c. a box — 6 boxes for $2.50. Trial size 25c. Fruit-a-tives Limited, Ottawa.

NELSON NEWS OF THE DAY

On Oct. 11, to Mr. and Mrs. Trefle Dellane of Hall street, Nelson, a son.

Grand Forks fruit growers are shipping 12 carloads of apples to Australia.

Rev. F. H. Graham leaves the east tonight and is expected back on Friday next.

A son was born yesterday to Mr. and Mrs. E. Norman of Carbonate street, Nelson.

W. C. Wells has returned from a trip to Vancouver and Victoria. He got back on Saturday night.

A number of striking mechanics went back to work in the Nelson shops of the C.P.R. yesterday morning.

Mrs. King has returned to Rossland and has resumed charge of the Allan hotel, which she previously owned.

Mr. Justice Martin will hold the civil and criminal assizes at Greenwood commencing Thursday, Oct. 22 at 11 a.m.

On Oct. 10, a daughter was born to Mr. and Mrs. Arthur W. Harrod. Mr. Harrod is on the staff of the Wood-Vallanve Co.

Martin Burrell, the conservative candidate in Yale-Cariboo, will speak at the Auditorium in Greenwood on Thursday night.

Citizens are reminded that all taxes should be paid up by the end of this month in oorder to get their names on the voters' list.

H. A. Brown, grand chancellor of the Knights of Pythias, will pay an official visit to Greenwood lodge on Wednesday. Page rank will be conferred.

An independent company of infantry has been formed at Armstrong, B.C., with R. R. Burns as captain and F. C. Wolfenden and G. Mooberly as lieutenants.

George Johnstone, collector of customs, has returned from Ottawa, where he attended the general synod of the church of England in Canada, to which he was a lay delegate.

W. Allan has complained to the provincial police that his shack on Bear creek has been broken into. If the guilty parties are caught they are likely to be severely dealt with.

C Co. of the 102nd regiment will begin their regular drills under Capt. Carrie and Cool.-Sergt. Robinson on Thursday night at the armory at 8 o'clock sharp. The dress will be drill order.

Mr. Justice Morrison left last night for Rossland for the purpose of holding the assizes, which open this morning at 11 o'clock. On Tuesday next he will open the assizes at Cranbrook.

C. F. McHardy and Martin Anderson of Slocan Junction, have purchased a carload of thoroughbred Holstein and Jersey cattle for the improvement of the stock of their ranches in the Slocan Valley.

Fred J. Witchcroft, captain of the Edmonton hockey team, who has been visiting Nelson with Lester and Frank Patrick for the past few days, left on Sunday for his old home in Peterboro, Ont.

Fred Starkey has returned from the Spokane fair, having gone down the middle of last week. He went partly for the purpose of getting some pointers in regard to fair management, but failed to see anything of importance. He also mentioned that the alleged Canadian day was celebrated beneath the folds of the Stars and Stripes, to the tune of Yankee Doodle, to the total exclusion of anything of the slightest description that could lead one to suppose that a Canadian day was in progress. J. W. Holmes and other residents who attended the fair on Canadian day, have the same complaint to make.

Fire chief Deasy has returned from the annual convention of fire chiefs at New Westminster, having also taken in the provincial fair at the same time.

Sir Thomas Shaughnessy president of the C.P.R., has left Montreal on his annual tour of inspection of the company's lines in western Canada, and is expected to visit Nelson on his trip.

On account of the dominion elections the conference of the Canadian Charities and Correction executive has been postponed from Oct. 21 and 22 until a later date of which due notice will be given.

Col. Holmes, D.O.C., left yesterday morning for New Denver and Slocan City to inspect the rifle associations at those points and will visit Rossland and Trail tomorrow, Greenwood and Grand Forks on Friday.

Richard Jacksoon, aged 36, single, died at the Home hospital early yesterday morning, after a three weeks' illness of typhoid fever. The deceased was a C.P.R. employee and came to the hospital from Shields. He was a native of Thelkeld, Cumberland, England, and a brother resides at Mullin, Idaho. The body now lies at Robertson's undertaking rooms awaiting word from Idaho.

There will be a tax sale of crown granted mineral claims for delinquent taxes at the court house in the city of Rossland on Monday, Nov. 2, at noon. John Kirkup will conduct the sale as collector of taxes.

George T. Horn and son of Coaticook, Que., have purchased a block of land at Robson from McDermid and McHardy and are taking steps immediately to clear the land and erect a home for the rest of the family.

McDermid and McHardy, the Nelson fruit lands firm, have a very fine exhibit of prize fruit in their window at 464 Main St. The exhibit is under the management of W. A. Sheppard, who has just returned from an extensive inspection tour of the district. At one place in Fire valley he saw wheat that was sown in May and harvested in September, that graded No. 1 hard and ran 43 bushels to the acre. The fruit exhibited here is all from the Kootenay district and is all prize fruit from the Nelson fair. It includes a large variety of apples the king of which is a luscious Wolf River Pippin which weighs 23 1-2 ounces. There are Wealthys, Gravensteins, Ontarios Yellow Transparents and the Hyslop crabs, all of the finest grade. Besides the apples there are five samples of Italian prunes, Grand Duke plums, Bartlett pears and a heavy spray of Lombard plums. There are also sheaves of oats, and alfalfa grown in the Kootenay district. The exhibit is skilfully displayed with handsome hand worked cards, giving information in regard to the district. —Winnipeg Free Press.

Warrants for South African volunteer land grants will be issued by the militia department at once. The department of the interior will then send out certificates for land to the veterans as applied for.

The body of John Burke, the section foreman who was killed near Troup Junction last week, is still at the undertaking parlors of the Standard Furniture company, awaiting instructions from relatives in Minneapolis.

The final luxury of tea drinking, the quality which distinguishes it as the world's best, is assured users of "Salada" Tea.

Private sale of household furniture, also quantity of canned fruits. Apply 517 Vernon street. 149-6

A Man's Toggery

When a man from contentment sits
brooding apart,
He's had sorrows, no doubt, that have
hurt.
It may be that love's arrow has pierced
through his heart,
Or it may be the fit of his shirt.

NELSON NEWS OF THE DAY

The Sons of England will hold a social on Thursday evening in the K.P. hall.

The Sons of England will give a social, cards and dancing, in K.P. hall Friday night.

Nelson lodge No. 25, Knights of Pythias, will meet this evening in K.P. hall at 8:30, city time.

Nelson lodge No. 23, A. F. and A. M. will hold their monthly lodge meeting tomorrow evening.

Aerie No. 22 F.O.E., will hold their semi-monthly meeting tomorrow evening at Fraternity hall.

The monthly meeting of the board of trade will take place at the court house on Thursday next.

The temperature yesterday varied between 55 and 41 and on Sunday between 61 and 36 degrees.

Nelson Nest 156 order of Owls, will hold a special roll call and social on Friday night in Fraternity hall.

Thomas McNeish, mayor of Slocan City, was in town over Sunday on a visit and was registered at the Hume.

There will be a meeting of the Churchmen's club in the parish hall of St. Saviour's church tomorrow evening.

Nelson branch 524, United Brotherhood of Carpenters and Joiners, will meet tomorrow evening in Miners' union hall.

W. A. Macdonald, K.C., left for Rossland last evning to attend the civil assizes which open in that city today.

Nelson lodge 3138, Independent Order of Odd Fellows meet this evening at Fraternity hall. A full attendance is requested.

A company of mounted infantry is being formed in the Nicola valley. G. R. Bates of Aspen Grove, has the matter in hand.

Rev. Charles Reynolds preached in St. Saviour's church on Sunday morning and Rev. T. Blaylock in the evening. Rev. F. H. Graham is expected to return from the meeting of the general synod of the church of England in Canada at Ottawa, during the course of the week and resume charge of the parish at once. He will occupy the pulpit on Sunday next.

Wm. Davidson, the socialist candidate, will address a meeting at Fernie tonight and is billed to speak at Coal Creek tomorrow night.

Martin Burrell, the conservative candidate for Yale-Cariboo, will address meetings at Grande Prairie on Oct. 23 and Kamloops on Oct. 24.

A. S. Goodeve, the conservative candidate, is to address a meeting at Ferguson tonight. On Thursday he will speak at a mass meeting at Kaslo.

It is officially stated that W. O. Miller, car service agent at Vancouver, will succeed J. T. Arundel as general superintendent of the C.P.R. at Vancouver.

Special services for children and young people were held in the Methodist church on Sunday, when appropriate sermons were preached by the pastor, Rev. R. Newton Powell.

Stuart G. Campbell, accountant for W. G. Gillett, was married on Saturday last at Sydney, C.B. to Miss Olive Bell and is expected to return to Nelson in a couple of weeks.

This afternoon and also Wednesday and Friday afternoons at the Alice roller rink are set apart for ladies wishing to practice bowling. No gentlemen spectators will be allowed.

The bible class in the Presbyterian church on Sunday afternoon was well attended, the subject for special consideration being the general condition of Palestine in the time of St. Mark.

The United Commercial Travellers held their first meeting since the recent organization of the Nelson lodge, on Saturday evening in Fraternity hall. Several initiations took place.

Queen City Rebekah lodge No. 16 I.O.O.F. will on Thursday evening celebrate the 57th anniversary of the founding of the order. There will be an initiation class as a feature of the evening.

Constable Fryer, R.N.W.M.P., came over from Coleman, Alta., and took back with him on Sunday a Norwegian named Axel Holmes, who is wanted on a charge of obtaining goods by false pretences.

All those who were summoned as jurors at the recent assizes who have not as yet done so, are requested to call at once at the government agent's office in the old court house and receive their fees.

A special meeting of the Knights of Pythias was held on Saturday evening when grand chancellor H. A. Brown of Revelstoke paid an official visit to the lodge. There was a full attendance.

The final match in the Nelson boat club regatta will be rowed tomorrow over a one mile course, finishing at the club house. Joy and McDonald are tied for first place and the possession of the Patenaude diamond scull, and so crews have been chosen which are to be stroked by Skuce and Nott, McDonald being in one boat and Joy in the other. The result will decide the event and the prize.

G. R. Guthrie's local story which will be run in the next issue of The Daily News, opens with the Hume hotel. Don't fail to read it.

R. W. Brock and W. H. Boyd of the geological survey department at Ottawa, arrived last night from a trip through the Sheep creek country and are leaving this morning for upper Kootenay lake.

Mrs. W. E. Wasson will receive with her sister, Miss Lennox, on Wednesday afternoon, from 3 to 6 o'clock.

Monday next will be nomination day for the dominion elections. Nominations will be received by the returning officer, John Keen, at the court house in this city between the hours of noon and 2 p.m.

The motor boat race for the prize turkey presented by the West Kootenay Butcher company, will be pulled off tomorrow in front of the club house. There are a full list of entries and a good race is looked for

The fire brigade had a drill at 7:30 last night when the recently purchased 500 feet of Eureka hose was tested under 165 pounds pressure and the C.P.R. station grounds and found to be in satisfactory condition.

8The funeral of the late Richard Jackson, who died at the Home hospital yesterday morning, will take place at 2 o'clock this afternoon from D. J. Robertson's undertaking parlor. Rev. R. N. Powell will officiate.

On Friday night a conservative mass meeting will be held in the Nelson opera house at which the party candidate, A. S. Goodeve, and others will speak. The liberal and socialist candidates are invited to attend.

Charles A. Waterman, auctioneer, leaves this morning for Creston where he will tomorrow offer the government lands there that have been advertised for sale by W. Frank Teetzel, under instructions from the lands and works department at Victoria.

The sixth annual field day of the Nelson high and public schools will be held on the recreation grounds on Friday morning and afternoon next. The occasion will, of course, be a holiday at the schools and an interesting program will be gone through.

The local companies of the R.M.R. had a practice shoot yesterday at the 200, 500 and 600 yard ranges, the possible being 105 points. The best scores made were: Capt. Partington 86, Col.-Sergt Teague 84, Pte. Devitt 83, Pte. Brown 79, Pte. Graham 75, major Stewart 73 and Capt. Steel 72.

There will be no regular meeting of the Young People's society in connection with St. Paul's church this evening, but they will take part in the quarterly meeting of the Young People's union to be held in the church, an announcement of which meeting is mentioned elsewhere in this issue.

The regular quarterly meeting of the Baptist, Presbyterian and Methodist young people's societies will be held in the Presbyterian church this evening at 8 o'clock. Mr. Fred Ogle will address the meeting on the subject, "Christian Socialism, Practical Christianity." Everyone cordially invited.

The At Home at Mrs. Lamont's residence on Silica street tomorrow afternoon promises to be a great success. A first class musical program will be rendered by J. McLennan and the Misses Lowy, Innes and Bealby and others. Refreshments will be served and voluntary contributions will be received towards the funds of St. Paul's Ladies' Aid.

The following books have been added to the public library: A Prophet in Babylon, by W.J. Dawson; Flower o' the Orange, by A. and E. Castle; Windfall by C. E. Craddock; Trance, by R. S. Macnamara; Doctor Ellen, by J. W. Tompkins; Viper of Milan by M. Bowen; Revelations of Inspector Morgan, by O. Crawford, and Prima Donna by F. M. Crawford.

The local story to be published in The Daily News will be an eyeopener to all bachelors and will show plainly that in some cases at least, there need be no terrors in matrimony.

Tomorrow The Daily News will publish *a very unique story which cannot fail* to attract the attention of every reader. Several prominent business people are to figure conspicuously in a real live romance on which account the story will be of particular local interest. Don't miss it for if you do you'll miss a good thing.

Wholesale and retail.
G. B. MATTHEW, Prop.

A Business Proposition

The problem of the ZMAS SEASON is before us, and the most interesting point to you is to get through it as conveniently as possible, and to this we are aiming our efforts this year. Special arrangements with eastern firms put us in a position to sell you goods at eastern prices, and lower, maintaining our high standard of quality as well as designs. Our system enables us to give you service at the lowest percentage of cost of handling our merchandise until you receive it over our counters.

CASH BUYING AND CASH SELLING does it with our large turnover. You help us, we help you. We do not ask favors, but we do ask a chance to show you what we can do for you.

There Is Something

about a Leckie mining boot you don't get in other boots. What is it you ask? It is just this: Everything in a Leckie boot is solid. No shoddy insoles or counters. This fact makes them better wearers than the ordinary kind. The lasts these boots are made over are especialy adapted for this kind of boot which makes them fit better and feel more comfortable. Every pair guaranteed.
