NOTHING NEW

British Budget Disappoints Radicals

HARDER ON OLD VICTIMS

LLOYD GEORGE COLLAPSES AFTER LONG SPEECH MADE IN PRESENTATION—TAXES ON INCOME OF ALL KINDS GREATLY INCREASED.

LONDON, April 29—With a deficit of nearly $80,000,000 to provide for it was anticipated that David Lloyd-George, chancellor of the exchequer, in introducing the budget in the house of commons this afternoon would make new sources of revenue. The chancellor, however, has nothing heroic to propose and the additional expenditure will be met largely by increased drafts on the same sources that heretofore have furnished the bulk of the revenue There has been no such crushing in the house of commons for many years as there was today. Every nook and corner and even the gangways were packed when the chancellor arose to make his three hours' speech. Mr. Lloyd-George paid early attention to the navy. He said that to the increased expenditure on the navy and the old age pensions, the deficit was largely due. A considerable increase in naval expenditures was to be expected early next year, as in the present state of mind in Europe it would be stupendous folly to refuse adequately to provide for defense.

Mr. Lloyd-George proposed to provide the necessary additional revenue as follows: By reducing the amount placed in the sinking fund by £3,000,000 and by a revision of the income tax and estate duties. The tax on unearned incomes will be increased 2d., to 1s. 2d. in the pound, and the tax on earned incomes over £2000 will be raised to 1s. Persons earning under £500 a year are granted a special new abatement of 10d. for every child under 16 years of age. On incomes exceeding £5000 yearly there is to be a tax of 6d. in the pound.

From the income tax there will be £10,000,000, while the super tax is expected to bring a full year's revenue of £2,300,000. But the income from this source is estimated for the current year at only £500,000. Add an extra £1,400,000 for the alterations in the stamp duties including the increase from 10s., the present rate, to 20s. per cent on the transfers and sales of property including the methods of disposing of property usually adopted with the object of escaping the death duties. There is a similar increase in the rate for the transfer of "bearer" securities except colonial and government issues, while the stamp duties on the transferring of other stocks and shares are raised to sums varying from 6d. to 2s. Two shillings will be charged for a transfer of an aggregate value between £500 and £1000 while 2s. more are added for every additional £1000.

The liquor licenses are increased and from this source it is estimated that the additional revenue will amount to £2,600,000. Another proposal is to tax land values and mineral royalties. It is estimated that these will yield this year £830,000, and increase annually. Tea and sugar remain unchanged. The increase in the duties on spirits with a customs excise of 45d. per gallon, is expected to produce additional revenues of £1,600,000. It is proposed also to increase the duty on manufactures from 3s. to 3s. 8d. a pound and to make an equivalent addition to the duties on cigars, cigarettes and manufactured tobacco. Together these sources are expected to yield a total revenue of £1,900,000 a year.

The minimum and maximum rates remain unchanged but there will be an increase in the intervening scale, estimated to yield an additional revenue of £2,500,000. It is calculated that a revision of the legacy and succession duties will produce an additional revenue of £370,000. Another process of increase in the sliding scale of the stamp duties on share transactions calculated to yield an extra £1,400,000.

Accumulated wealth and "the trade" which the liquor business is popularly called in the Liberal government's budget which David Lloyd George, chancellor of the exchequer, presented in the House of Commons today, are made to bear the burden of the £15,762,000 deficit of the fiscal year incurred by the old age pensions and the race with Germany for Dreadnoughts. "Socialism and confiscation" the wealthy calsses are already crying, and a few are clutching at the hope that the House of Lords which represents these classes may throw out the budget entirely, but this is improbable. The increased income tax, death, state and legacies duties, a tax of 20d. on future increases in the value of lands due to the enterprise of the roads, and stamp taxes on sales of property are the principal levies upon wealth.

The government gets its revenue for the rejection recently by the lords of its licensing bill, by increasing the taxes on some classes of public houses and the customs excise duties on spirits. A tax of 3d. on the pound on sales of liquors also is imposed and this is likely to antagonize both the liquor interests and the workingmen. On the other hand, the latter are placated by provisions made for labor exchanged for the unemployed expenditures for afforestation and the promise of an industrial scheme as well as the satisfatcion of knowing that the rich are to carry the greater share of the load. It bears heavily on corporations. The only features affecting the United States are the increase in the tobacco duties, a tax of 3d. per gallon on petroleum and heavier stamp duties on stock transaction.

The first comments of the members of both parties indicated astonishment at the number and the sweeping nature of the changes in the ountry's financial system.

"The maddest budget ever introduced," Sir Frederick George Bamburg termed it during the course of a speech in which he declared that the new budget included every fad on the face of the earth.

Austin Chamberlain denounced it for imposing so large a proportion of the nation's burdens on a few people, by direct evidences.

John Redmond, leader of the Irish party, asserted that the whiskey tax imposed another burden on Ireland which the Nationalists would resist by every means. The increase in the tax on tobacco would be a cruel hardship to the poor of Ireland.

The delivery of the budget speech was marked by an unprecedented incident. After speaking for three hours, the chancellor of the exchequer showed evident signs of exhaustion, but pluckily declined premier Asquith's whispered suggestion that he take a rest. Soon afterwards, however, his voice growing continually weaker the chancellor was obliged to ask the indulgence of the house, which adjourned for half an hour. On resuming his speech Mr. Lloyd-George showed decided improvement but when he finished he sank into his seat greatly overcome by the unusual strain.

AMERICAN PAPER MANUFACTURERS OPPOSE TARIFF

CHARGE CORRUPT ATTEMPT TO APPROACH CANADIAN WORKS

WASHINGTON, April 29—John Norris, chairman of the committee of the American newspaper publishers' association, has written a letter to Senator Aldrich informing him that his name and that of Senator Frye of Maine have been used in an effort to corrupt the employees of the Laurentide paper company of Canada, and to secure affidavits about the cost of making news print paper in Canadian mills. The copy of a letter from Allen Curtis, acting manager of the International paper company, upon the letter heading of the company accompanied the letter as corroboration.

Mr. Norris said in his letter that a man representing himself to be A. H. Purcell of Buffalo, and claiming to be acting for the United States government called at the office of the American consu-general in Montreal and presented a letter purporting to be signed by Senator Frye, to the effect that Senator Aldrich had directed Senator Frye to send Purcell to Canada to obtain information relative to the cost of manuactured paper there and asking the consul-general to give Purcell such assistance as he could. Purcell told Superintendent Woodcock and Captain Mason of the Laurentide mill, said Mr. Norris, that he knew their positions in the Laurentide mills were in jeopardy and he assured them of places in the employ of the International paper company if they would give them cost figures of the Laurentide paper company. The letter relating to these matters from acting manager Curtis was addressed to P. L. Potie, who left his place as superintendent of the Canada paper company at Windsor mills, Quebec, two months ago, to take the position of superintendent of the International paper company in its mills at Glen Falls. The American newsapper publishers' association wrote Mr. Norris, "protests against the use of affidavits obtained by bribery and against the secrecy which has thus attended the senate committee's investigation. It asks access, not only to the recent affidavits of cost which have been furnished to the company, but to similar affidavits, presented April 14 which it is understood have since disappeared. It asks access to the testimony given in secret by many paper makers during the last four weeks."

Collier's Will

NEW YORK, April 29—The will of Peter Fenlon Collier, the publisher, filed for probate here today, after making provision for various bequests, provides that the residue of the testator's estate, the total value of which is estimated at from $4,000,000 to $5,000,000, shall go to his son, Robert J. Collier, with the provision that should his son die without issue, the amount so bequeathed shall go for the establishment of a non-sectarian orphanage in Monmouth county, N.J.

An annual income of $40,000 is provided for the widow; $5000 annually is bequeathed to Seton Hall Collier, South Orange, while St. Joseph's hospital, Syracuse, the Bronx hospital for incurables, and St. Joseph's Roman Catholic seminary of Cincinnati get $2000 a year each for ten years. Provision is made for the late Mr. Collier's brothers and for several old employees. Robert J. Collier is appointed sole executor.

NADIR HANGED

Sultan's Factotum Pays With His Life

BLAMED FOR LATE MUTINY

VICTORIOUS CONSTITUTIONALISTS BEGINNING PUNISHMENT OF LEADERS AND INSPIRERS OF THE MUTINY WITH A VENGEANCE.

SALONIKA, April 29—The deposed sultan of Turkey, Abdul Hamid, arrived here late last night from Constantinople. He was accompanied by two of his sons and a suite of 17 persons, including women of his harem. The party was conducted quietly to the villa in the suburbs set aside for their use.

CONSTANTINOPLE, April 29—Nadir Pasha, the second eunuch of the palace under the regime of Abdul Hafid, was hanged at dawn today on the great thoroughfare that connects Stamboul with the quarters of Galata and Pera. The body was allowed to swing until 3 o'clock this morning and thousands of people stopped to look at the great Nubian, whose name was a terror under Abdul Hamid. The dead man's face showed an undershot jaw and thick heavy lips. In life he had been fully six feet four inches tall. Nadir was executed after a trial by court martial on the charge that he instigated the mutiny of April 13. He was reputed to be intensely ambitious, subtle minded and insensible to the suffering of others. He was one of the trio that formed Abdul Hamid's private cabinet under the old regime. The other members of this cabinet were Izzet Pasha and Fehim Pasha. The former, the sultan's secretary, is now in hiding in London, and the latter, who was head of the sultan's spy system, was assassinated in Russia. Nadir Pasha came to the imperial palace as a slave and grew up in that hot house of intrigues. Since the departure of Izzet Pasha and Fehim Pasha Abdul Hamid relied entirely on Nadir who is regarded as having been the chief conspirator in the events of April 13th.

Numerous telegrams are being received here from the provinces and every on welcomed the change in sovereigns.

Motor omnibuses made their first appearance on the streets of Constantinople on the day the constitutional army entered the city. They have been greatly patronized, but chiefly on the score of their novelty.

GAVE LONG START

Vali of Adana Allowed Murder to go on for Six Days

ADANA, April 29—The emergency hospitals established here contain 200 patients suffering from wounds. Many of them are women. The average number of wounds to each patient is four. Practically the entire Armenian population of Adana, 15,000 persons is homeless. Many Armenian girls were carried off by the Turks as boty. A large number of mutilated bodies have been found in houses in the city. During the first five days of the disorders, with fighting, killing and plundering going on on all sides, the vali of Adana kept the Turkish troops in government houses day and night under orders. On the sixth day he ordered them to put a stop to the fighting, which could have been done on the first day.

Marriage Attracted Crowd

LONDON, April 29 — There was a great crush of persons prominent in Londn society at the marriage at St. Margaret's, Westminster, this afternoon of lord Brooke, heir to the earldom of Warwick and Elfrina, daughter of sir William Eden. The list of presents is unusually long and includes gifts from the king and queen and the prince and princess of Wales.

English Order

SYDNEY, April 29—The Dominion Iron and Steel company received an order from the Great Northern railway company of Sheffield, England for 5000 tons of rails which the local mill has commenced rolling. The rails are of standard length and weigh 85 pounds.

Wireless Working

CAPE RACE, April 29—The steamer Philadelphia, Southampton for New York, was in wireless communication with the Marconi station here when 850 miles east of Sandy Hook at 9:20 p.m. She will dock at 10 p.m. Saturday of 8 a.m. Sunday.

Hedging

BOSTON, April 29—Heavy transactions in North Butte were the feature of the local copper market today. The stock continued to rise until noon, and then reacted. The rest of the market closed dull and featureless.

Polson vs. Hathaway, for declaration of trusteship. S. S. Taylor, K. C., and E. C. Wragge.

Some of the civil cases may be settled out of court, but in any event the assizes are likely to last for at least a fortnight.

Wreck in New York

ELMIRA, April 29—Traffic on the Erie railway was blocked today one mile west of Chemung owing to a serious freight wreck which occurred at 5:30 this morning. A broken journal caused a pile up of eleven cars on a fast freight train, which blocked both tracks and caused a considerable amount of debris to land in the Elmira Corning & Waverly trolley tracks, demolishing telegraph poles and tearing down highly charged feed wires. The exposed wires set fire to the wreckage and in a short time a serious fire was in progress. Passenger trains and a few time freights were sent via the Lackawanna and the work of removing hundreds of tons of coal which was distributed over the track was begun. Westbound passenger train No. 19, left at 9:40 p.m., being the first train to get through since the wreck occurred.

Taft Non-commital

WASHINGTON, April 29—The committee appointed by the conference held in Detroit last week for better relations with Canada called at the White House today and presented the resolution adopted at that meeting to the president. The resolution called for the adoption of a reciprocal maximum and minimum tariff, for the immediate creation of a tariff board, and for the conclusion of a reciprocal trade agreement with Canada. The committee consisted of J. L. Hudson, Detroit; George Pomeroy, Toledo; Silas B. Adams, Portland, Me.; W. G. Bruce, Miwaukee; and Charles B. Sawyer, Detroit. The president told his callers that there was some sentiment in congress for the demand of the conference, but refrained from giving any expression of his own opinion.

Fight for Peace

ALBANY, April 29—President Wm. H. Taft, ex-president Roosevelt and Admiral George Dewey, are honorary presidents of the American peace and arbitration league, which filed articles of incorporation with the secretary of state today. Adequate armaments and effective arbitration constitutes the league's program for peace, the purpose of the organization being to secure proper present protection and rapid progress toward permanent peace.

Wreck on Superior

DETROIT, April 29—A Free Press special from Sault Ste Marie, Mich., reports the sinking of an unknown steamer about 400 feet long in White fish bay today. Capt. Boyce of the steamer George W. Peavy, reported that the crew were seen walking over the ice to another vessel which had also been caught in the ice.

Extend Island Railway

VICTORIA, April 29—The plans for the extension of the E. & N. railway from French creek to Alberni have been approved by the railway commission according to information received in the city. It is understood that work on the extension will be rushed immediately.

WEST INDIES RESENT BILL

BRITISH PRESS CONCEDE RIGHT OF CANADA TO ENFORCE TARIFF — PREFERENCE WITHOUT RECIPROCAL CLAUSE NOT PRACTICABLE FOR LONG.

LONDON, April 29—The West India committee in circulars says it is very strange that the Canadian government should accept representations that a combination exists among West Indian refineries, without the fullest inquiry. It declares that there is not the slightest vestige of truth in the statement and tha there is keen competition between sellers of sugar in regard to sales to Canada.

The Morning Post regrets that Mr. Fielding should have based a partial withdrawal of the preference on sugar upon an allegation which the slightest inquiry here or in the West Indies would have shown to be baseless but it says Canada is perfectly within her rights in thus giving another warning that preference cannot last without reciprocity.

CHANGE OF STEAMERS

COAST LINE ROUTES MODIFIED FOR SUMMER

TELEPHONE COMPANY EXTENDING VANCOUVER LINES

VANCOUVER, April 29—Alfred K. Vernon, of Victoria, a young surveyor and the son of the late C. E. Vernon of this city and Victoria, succumbed while in an epileptic fit on the C.P.R. wharf at noon today. Young Vernon had taken passage on the Princess May which was due to sail last night. Yesterday afternoon, shortly after boarding the vessel he sprained his ankle, and on the Princess May's unexpected return, he decided, because of his injury, to transfer to the Charmer and go to his home in Victoria. Accompanied by friends he was walking along the dock from the Princess May to the Charmer when he uttered a groan and sank to the ground. He was taken to the baggage room but before medical aid could reach him he expired. A member of troop four of lord Strathcona's horse, he served through the South African war, on his return from which he became a surveyor. He had been subject to epileptic fits for some time. During a recent visit to Seattle he was taken with a strok, from which he barely recovered.

While leaving this port about 1 o'clock this morning, bound for Skagway and northern British Columbia points, the Princess May of the C.P.R. line, burst a cylinder head off Point Atkins and after a delay of some two hours spent in trying to repair the damage and proceed on the journey, the vessel was compelled to put back to the C.P.R. wharf.

The Princess May was heavily loaded with freight and pasengers and expected to reach Essington in time for the steamer Hazelton to go up the Skeena on the first trip of the year.

It will probably take a week to repair the Princess May. The C. P. R. has made arrangements, however, to have the Princess Beatrice take her place. She cannot leave vancouver before Sunday night, taking passengers and freight of the May and running through to Skagway.

The Amur, which is about to leave for Northern British Columbia points on May 1, will be given the run of the Princess Beatrice, leaving for Queen Charlotte on May 2.

In the possibility of the removal by the New England fish company of its plant and business from the port of Vancouver, Canadian fishermen here are planning to at once put into operatoin a large fleet of fishing schooners which have long lain idle here because of American competition in the local and eastern market. A practical combine of fishing companies, using Canadian and British bottoms and Canadian crews throughout, and representing a total capital invested of approximately $600,000, is preparing to fight what they term the American invasion of the lawful fishing grounds.

The display of the minerals of Canada at the Alaska-Yukon fair will be the largest and most representative collection ever assembled by the Dominion government at any international exhibition," said Mr. R. L. Broadbent of the department of mines, Ottawa, at the Hotel Vancouver today. Mr. Broadbent was entrusted with the task of arranging the exhibit. A nucleus was furnished by the mineral collection, in itself a complete one, that Canada sent over to the late Franco-British fair in London. Mr. Broadbent will spend a few days here to complete his collections.

It is possible that Count Boni de Castellane may visit British Columbia this summer in a search for big game, and may extend over a period of a year. Word has been received in the city that the scion of the noble French family may arrive here some time in July or August and remain through until the next summer.

For the purpose of securing all papers and memoranda connected with th esudden transfer of deeds, agreements and assignments from W. J. Cavanaught, ex-alderman of Vancouver, to Miss Lilly N. Campbell just previous to his leaving the city last year, the hearing, which was started this morning before Magistrate Williams, was adjourned till tomorrow morning. Mr. Cavanaugh was arrested on a charge of fraudulent conversion on complaint of Pinch Cliffe, who alleges that he procured $900 from him by fraud. In the course of the hearing this morning Mr. Pollard Grant, who is counsel for the private prosecution, called Miss Campbell to the witness box. She was disposed not to answer questions and declared that she would not be compelled to. When asked where the papers were she reluctantly admitted she could get them if she desired, but she did not desire. Mr. Grant asked that the court order her to produce the papers and all data connected with the assignment. This order was made accordingly.

General Manager Sperling of the British Columbia Electric railway company this morning made the important announcement that extensions of the company's lines would be made in district lot 301 in the immediate future, and that it was expected that new branches would be in operation during the coming summer. The extensions which are planned in the suburban districts are two in number. For the terminus of the main line in the city both the triangle at the intersection of Seventh avenue and Westminster avenue and the Westminster road, and the intersection of the Ninth avenue east line, and the Westminster road have been considered. It is probable, however, that the latter point will be chosen. From this terminus the line will go along Westminster road and the north arm road, which will run along the latter to the southern boundary of district lot 301 at Twenty-fifth avenue. Concerning the lines mentioned, Mr. Sperling stated this morning that orders had already been issued for the plans and specifications covering the necessary work and as soon as these were prepared tenders would be called for actual construction, and the task rushed to completion so that the line would be in service at the earliest possible date. The lines which are planned as above noted are about two miles in length, and with the existing line to the cemetery, will bring almost every part of the suburban district in close touch with the city.

INTERNATIONAL WOMEN'S CONGRESS BREAKS UP IN A ROW

CAN'T TOLERATE ANY OBJECT BUT WINNING OF FRANCHISE

LONDON, April 29—A serious split in the ranks of the woman suffragists occurred today at the morning session of the international suffragists alliance and as a result of the breach, a body of delegates left the hall. The trouble developed in the course of the discussion of the constitution of the organization. Some desired to enlarge the membership but under the leadership of Dr. Anna Howard Shaw, one of the American delegates, the conference voted to reserve membership in the alliance to societies having the enfranchisement of women as their object. Dr. Shaw made a vigorous speech, opposing the inclusion or organizations having ulterior objects and said the fatal effects of this course had been seen in America. The decision of the conference brought out a storm of protests from the adult suffragists societies whose delegates left in a body.

Evelyn Fined

NEW YORK, April 29—Failure to appear in court to submit to examination in a supplementary proceeding, caused Mrs. Evelyn Nesbitt Thaw to be adjudged in contempt of court today by justice McAvoy who sentenced her to pay a fine of $250 within five days or suffer imprisonment. The court also granted an order for the appointment of a receiver of the property of Hrs. Thaw. Today's action of justice McAvoy is the outcome of a judgment of $256 obtained against Mrs. Thaw by Eliza Hartwig, a milliner of this city.

Indicted for Murder

NEW YORK, April 29—William Darragh, the chauffeur who on March 26 ran down and killed 13 year old Ingavard Trimble, son of a prominent attorney of Covington, Ky., was indicted by the grand jury today for murder in the first degree. Darragh fled after running young Trimble down and was arrested several weeks later in Texas and brought back to face the trial. The indictment for murder in the first degree is believed to be the first handed down by the grand jury of New York county for the taking of a life through reckless driving.

GIVING ALL FOR NOTHING

MARTIN BURRELL CONTRIBUTES IMPORTANT SPEECH TO THE DEBATE ON GIFT TO G. T. P. COMPANY—LOAN PROVES TO BE UNPOPULAR.

OTTAWA, April 29—Moving in the senate for a return of correspondence between the minister of militia and Crowe regarding the admission of Newfoundland into confederation, sir Mackenzie Bowell said sir Robert Bond apparently had changed his mind since sir Mackenzie was premier, for the demands then were exorbitant. Sir Mackenzie favored the union and quoted sir Fred Borden as saying he would be glad to make the correspondence public. On motion of sir Richard Cartwright the order was changed to address and passed.

Senators Davis and Douglas moved an amendment to the third reading of the Manitoba & Northwestern railway bill to force the construction of ten miles from Sheho this year as a guarantee of good faith. They pointed out that it was incorporated in 1888 and minimum construction was reduced from 50 to 20 miles annually and numerous extensions and favors were granted, though the company had not fulfilled even that condition on any occasion. The C.P.R. recently sold $50,000,000 of stock but was only spending $18,000,000 in Canada.

Senator Watson opposed, since ten miles would not give relief. The Canadian Pacific had shown good faith in building from Yorkton almost to Saskatoon and they had no monopoly over the route suggested

On division the amendment carried 26 to 22.

In the commons it was agreed to commence morning sessions on Monday.

Resuming the debate on the G.T.P. loan, Martin Burrell, Yale-Cariboo, declared that the Panama and Erie canal parallels suggested by Hon. Mr. Graham as instances of under estimates, were unfortunate as both were permeated with graft. Declaring that Hays had outwitted Sir Wilfrid Laurier at every turn, Mr. Burrell said the advantages gained at first had been lost in the amended contract. He also said that there was every reason to believe that the decision to aid the G.T.P. was a result of the contract understood if not arranged before the election, and concluded: "If the loan must go through the company should be called upon to give some definite security.

E. A. Lancaster said G.T.P. legislation was generous to the point of charity. If the company was unable to build on the contract it made then the work should be built by the commission for the company.

Mr. Foster was told in committee that $7,000,000 would go to repay the G.T.P. and according to the engineer's report the remaining $3,000,000 would complete the prairie section.

Progress was reported and other government bills were taken up.

Thursday was a day of progerss on the debate on the second reading of the G.T.P. loan bill. It was concluded by 1 o'clock and the house went into committee on details of the measure. Some headway had been made by 6 o'clock when progress was reported as it was impossible for Mr. Fielding to be present in the evening owing to an engagement.

After reces good headway was made with a number of government measures Mr. Olivers bill to amend the immigration bill got a second reading.

Not Like Nelson

NEW YORK, April 29—After nearly a month of extremely cold and unseasonable weather, New York experienced a late April snowstorm this morning. Snow began falling about 8 a.m. but after a slight flurry it ceased for a time. At 8 o'clock the snow flakes were falling as thick as though it were February. Though the snow gives a wintry appearance the temperature is no lower than it has been for some days past. Since the beginning of the month only one warm day has been experienced and all through the month the temperature has remained in the vicinity of freezing point at some time of the day.

Dunvegan, Inverness Co.

I am perfectly cured of Kidney complaint after using Gin Pills.. Six hours after taking the first Pill I obtained relief, and now after three months I feel as well as ever.

I suffered ten months and the Physician attending me advised me to go to the Victoria Hospital at Halifax, as he could do nothing more for me. I may add that I used a great deal of medicine, and strictly followed my physician's directions regarding diet, etc., but without avail, until providentially I learned of your most excellent remedy. I am recommending Gin Pills.

NEWS OF THE DOMINION

OTTAWA, April 29—The committee on banking and commerce dealt with the insurance bill behind closed doors this morning.

CHATHAM, April 29—Snow, accompanied by lightning, fell here last night. The collegiate institute tower was struck by lightning, gutting it by fire.

TORONTO, April 29—The divisional court decided that the warrant issued by coroner Anderson of Hamilton for the arrest of Florence Kinrade is legal and may be served at any time.

PETROLIA, April 29—This morning a bad snowstorm accompanied by lightning, struck this town, lightning damaging the town hall and putting the clock out of business.

OTTAWA, April 29—A joint conference was held of the Dominion Methodist church last night and practically decided that local churches should invite the Methodist general conference to meet here next year.

MONTREAL, April 29 — Josephine Lamoureux and Teesie M. Devaney, employed by D. H. Toolman and company, were arrested today on the charge of lending money at a rate exceeding 12 per cent interest on a principal of less than $500.

OTTAWA, April 29—Dr. Ebbs of the geological survey says that the New Brunswick oil shale is far richer than Scottish shale, from which the Standard Oil company annually obtains 62,000,000 gallons of oil and 50,000 tons of sulphite ammonia.

TORONTO, April 29—A heavy snow storm occurred in Western Ontario this morning. Cutters and sleighs were out for a while in Sarnia. About six inches fell. At Windsor and Tilsonburg three inches fell, and at Brantford five inches fell accompanied by a high northeast wind.

IBERVILLE, Que., April 29—Owing to a displaced switch the express from New York crashed into three light engines and a box car here this morning. Two men on the first of the light engines were seriously bruised. Both of the injured were employees of the railroad.

TORONTO, April 29 — Chancellor Boyd gave an oral decision this morning in respect to the Kinrade matter and so far as it goes the decision is a victory for Lynch Staunton, counsel for the Kinrade family. In effect the decision is that coroner Anderson's warrant for the arrest of Florence Kinrade, while perfectly good in the county of Wentworth, is not executable here.

WINNIPEG, April 29—Had the court room been large enough several thousand people would have attended the coroner's inquest into the death of Mrs. James who was murdered in her little Dominion street home last Thursday afternoon. Rather than throwing any light on the mystery the evidence adduced last night bathed the case in further mystery and sensational developments from an unexpected quarter are looked for at any time.

TORONTO, April 29—It was learned this afternoon that the crown has practically decided to call off the Kinrade inquest until next Monday night as in the meantime the crown may ask for crown office subpoena. This would be applied for personally by the attorney general, and it is said that the justice issuing it would have power to assign any penalty for disobedience. Such a subpoena, it is said, has never before been applied for at Osgoode Hall.

TORONTO, April 29—Lizzie Lizzard, an inmate of the Mercer reformatory, was sentenced this morning to three years in the penitentiary. The crime for which she was sentenced was diabolical. Having become incensed at one of the Mercer attendants she secured a pair of scissors and having infected these with a virus of disease from which she is suffering, stabbed her in the cheek. The injured woman may never recover from the effects of the poison.

OTTAWA, April 29—Dr. J. G. Rutherford, veterinary director general for Canada, says in regard to the reported outbreak of foot and mouth disease at London, that this disease never attacks horses but is confined to cattle, sheep and swine. A number of horses at London have been suffering from what is known as "mud fever," or scratched hoofs and this is responsible for the report. The circulation of the report is regretted by the department as it is likely to do Canada lots of harm.

ST. CATHERINES, April 29 — A great sensation was caused here today by the arrest of Charles Barrillier, charged with attempting to kill his wife. The Barrilliers are prominent society people and live in a fine residence. About a week ago Mrs. Barrillier was removed from her home to the hospital suffering from a severe gash in her head which it was supposed she received from a fall. Mere details of the affair were given out but it is understood that the couple quarrelled and Barrillier struck his wife on the head with some heavy instrument.

RELIEVED FOR A MONTH

Western Freight Rates Must Come Down in June

CHICAGO, April 29 — It was announced today that the interstate commerce commission had postponed its order reducing freight rates from Chicago and St. Paul to Spokane, to give the Hill and Harriman railroads an opportunity to work out a plan for a similar readjustment to other inland cities such as Salt Lake City, Reno and cities such as Salt Lake City, Reno and

F. C. Dillard, interstate commerce attorney for the Union Pacific-Southern Pacific system, has returned from Washington after arguing before the commission that the Harriman lines should be relieved of the order on the ground that their line to Spokane wa several hundred miles longer than the Hill roads.

Instead of doing this the commission decided to relieve all the roads for at least another month from May 1. The commission has been assured that the traffic officials are making every effort to establish a basis of rates that will meet with its approval.

Western railroads are considering a proposition to cancel all second class party fares from, to or through what is known as Western Passenger association territory after June 1.

It also proposes to make no party rates less than regular fares for railroad laborers except over the line on which they are to be employed.

CHICAGO DOCK FIRE

Grain Barns on Wharf Cause of the Conflagration

CHICAGO, April 29 — One fireman was killed, one missing and eight probably fatally injured by a fire which destroyed elevator B on the Illinois Central railroad here today. The conflagration, which was discovered in the height of a violent electrical storm, completely consumed the elevator and its contents. The loss is estimated at $1,000,000. The blaze, fanned by a gale which swept in from the lake, spread to the Illinois Central docks, to train sheds and freight cars and it was with great difficulty that the firemen kept it from a general spread over the lake front yards of the railroad company. The structure, its bins choked with wheat, corn, oats and rye was a mass of flames by the time the first fire company reached the scene. Though a heavy rain was falling the building burned like a tinder box and firemen of truck No. 3 were caught under a falling wall which burst out without warning. Lieutenant Patrick McElliott was buried beneath the debris and instantly killeld. Eight others were trapped and seriously injured. One fireman lost an arm.

The sky was brilliantly illuminated by the blaze and huge burning embers spread over the city driven by the high wind. Many times freight sheds of the Illinois Central were on fire and to save them from destruction a heroic and stubborn battle on the part of the firemen was necessary. The destroyed elevator was 125 feet high, 75 feet lond and 50 feet wide.

Persians Resist Russians

ST. PETERSBURG, April 29 — The relief of Tabriz has been delayed considerably by unexpected resistance from the Shah's troops. Late advices state that the Russian column under general Snarsky has been held up in the mountain fastness not far from the city which is now besieged. Persian despatches are reassuring with regard to conditions in Tabriz and state that Europeans and Americans are protected.

Young Hoodlums

TORONTO, April 29—Stories of lawless actions by a gang of young men near Harrisburg are being investigated by the attorney general's department. The local authorities found them too difficult to handle. It is alleged that the home of an old couple named Knight was broken into and the husband dragged from his bed and threatened with hanging.

All Over.

PHILADELPHIA, April 29—The agreement between the miners and operators insuring industrial peace in the anthracite coal regions for another period of three years, was signed here this afternoon by the representatives of the employers and the men.

Prof. H. A. Powell of Havana, Cuba, Recommends Chamberlain's Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I recalled its true value until now," writes Prof. H. A. Howell, of Howell's American school, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not hink he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only saved the life of our dear little boy." For sale by all druggists and dealers.

Twelve kinds of Paints and Varnishes

But instead of trying to remember the names of 12 kinds, simply remember "Sherwin-Williams Brighten Up Finishes." The name is new but the paints, varnishes, stains and enamels it embraces are all old, standard and well known goods. Ask the Sherwin-Williams dealer in your locality for Brighten Up Finish for floors or stove pipes or bath tubs, or whatever it is you want to finish. He will give you a SPECIALTY for that purpose, not a paint that is made to serve every purpose under the sun and consequently all but worthless.

SHERWIN-WILLIAMS BRIGHTEN UP FINISHES include Family Paint, Bath Enamel, Aluminum Paint, Special Radiator Enamel, Varnish Stain, Stove Pipe & Iron Enamel, Empress Liquid Gold, Imperial Gold Enamel, Enamel, Porch & Lawn Furniture Enamel, Flat Black, Screen Enamel, Durable Household Varnish. Write for booklet "Brighten Up Finishes." Address

INSPECTION OF FRUITS

NEW REGULATIONS PUT IN FORCE IN PROVINCE

THEY APPLY TO BOTH HOME GROWN AND IMPORTED

Revised regulations as to disinfection of nursery stock, trees and plants, and regarding the inspection of imported and homegrown fruit were recently put in force by the provincial government.

As these regulations are of the first importance to those engaged in growing and handling fruit, they are reproduced textually for the benefit of those interested. They follow:

Notice is hereby given that at a meeting of the provincial board of Horticulture held on the 3rd of March, 1909, the rules and regulations of the board, dated June 9th, 1905, were amended as follows:

Regulation No. 5 was repealed and the following substituted:

Every person owning or occupying, or having in possession any land or orchard with standing trees or shrubs or having thereon nursery stock, or trees and plants of any kind, infected with insetc pest or fungus disease, shall cause the same to be disinfected and cleansed by using the remedies herein described, or such other insecticides and fungicides as may be found effective, and are approved by a member of the board of inspectors of fruit pests, and no such inspected nursery stock, trees or plants shall be sold, forwarded, distributed or parted with until a certificate of the satisfactory cleansing thereof shall have been obtained from member of the board or his agent, or the inspector of fruit pests. Such certificate shall remain in force for three months from the date of issue unless revoked by further inspection. Any member of the board, or inspector of fruit pests, may order the destruction, by rooting out and burning, or by any other available method, of all infected nursery stock, trees or plants of any kind, wherever after inspcetion such destruction by rooting out and burning is necessary to prevent the continued existence or spreading of any infection pest or disease, and if any other order made hereunder ns not complied with, and carried out within the time specified in such order, after a copy of such order is intended to take effect, any member of the board or inspector of fruit pests may, by himself, his agents, servants, and workmen, enter into and upon the land, orchard, or premises whereon such order is intended to take effect by any available method, and that the cost of such work shall be charged against the owner or occupier thereof, and no person shall in anywise howsoever hinder or obstruct the carrying into effect of any such order.

Regulation No. 8 was repealed and the following substituted:

All fruit, whether imported or grown in this province, and whether in process of growth or gathered for intended use or sale, or exposed for sale, shall be subject to inspection under the authority of the board, and if found to be infected with any injurious insect pest or fungus disease, shall be quarantined, or may be destroyed at the expense of the owner of said fruit by such methods as the board or its agents may direct. Packages containing quarantined fruit shall be marked with a distinctive mark or brand at the time of inspection thereof by the inspecting officer. It shall be an offence against the rules and regulations of the board of horticulture to deface or remove such mark or brand.

Regulation No. 12 was amended by striking out so much of the directions for use of spray No. 1 as referred to the solid form of same.

SPRING SKIN TROUBLES

Mothers who have used Zam-Buk know how it cures Spring Skin Troubles in Children or Adults. Mothers who have *not* yet tried it should note that Zam-Buk was unknown ten years ago, yet such is its merit that to-day it has become the standard salve in the homes of four continents! Zam-Buk is purely herbal; contains no poisonous colouring matter; is used by leading medical men; used in the British Army and Navy; used by all best fitted to know the needs of the skin. Test it yourself!

RESTORED HIS THREE CHILDREN.

MR. J. C. BATES, of Burks Falls, says:—"Parents should know how powerful Zam-Buk is as a healer of skin diseases and eruptions. My three children were all broken out on face, hands, and feet. Their condition was pitiable, and although I tried various ointments and salves, they did not seem to do any good. I heard of a few instances in which Zam-Buk had done great good when other things had failed, so gave it a trial. Within a very short time it cleared the sores from my little ones, although those sores had defied everything I had hitherto tried."

CLEARED FACE AND HANDS OF RASH.

MISS S. G. HAMILTON, of Alliston (Ont.), says:—"For a long time I suffered from spots, which broke finally into open sores. My face and hands became covered with these sores, and they were so painful, as well as unsightly, that I hardly knew which way to turn for relief. Whenever I put water near them they smarted and burned just for all the world as if I had been scalded. Zam-Buk was recommended to me, and the first few applications did so much good that I continued with its use. I am glad to say that a few weeks' treatment resulted in a perfect cure."

Zam-Buk cures pimples, skin eruptions, cuts, burns, bruises, piles, festering sores, ulcers, scalds, blood-poisoning, eczema, varicose ulcers, ringworm, bad leg, diseased ankles. Rubbed well into the parts affected, it cures neuralgia, rheumatism, and sciatica. All Druggists and Stores sell at 50c. box, three for $1.25, or post free from Zam-Buk Co., Toronto, for price. Refuse the cheap and harmful imitations sometimes represented to be "just as good."

PRINCE RUPERT, B. C.

A great city is springing into being in British Columbia. It is Prince Rupert—the city of destiny.

Prince Rupert is the terminus of the Grand Trunk Pacific—the emporium of Northern British Columbia, Alaska and the Yukon—the centre of the great fishing industry of the north—and destined to be one of the great commercial and industrial centres of population on the continent.

Between 2,000 and 2,400 lots will be offered for sale by public auction in Vancouver, B. C., May 25th to 29th. Terms: One-quarter cash, balance one, two and three years at six per cent. interest. Titles are absolutely indefeasible, which means that all titles are guaranteed by the British Columbia government.

No city in the making ever presented to the world greater possibilities than Prince Rupert. What San Francisco is to California—what Portland is to Oregon—what Seattle is to Washington—and what Vancouver is to Southern B. C., Prince Rupert will be to the great developing region of the North.

CANADIAN FLYING MACHINES

Canada is keping pace with other countries in the matter of flying machines. Mr. J. A. D. McCurdy, son of a well known resident of Victoria, B.C. has, he annunoces, along with other members of the Canadian Experimental society, invented one that is in every way a success. A recent dispatch said that another Victoria man is working on plans which he also says are proving successful and the same claim is put forward by a Winnipeg man. Whatever the success of the experiments of the second Victoria man and Winnipeg man may be the fact remains that Mr. McCurdy and his associates have achieved success and have a machine which will navigate the air without difficulty.

The experiments which led to Mr. McCurdy's success were conducted at Baddeck, N. S., during the past winter under the auspices of the Canadian Experimental society which was organized by Dr. Alexander Graham Bell, the Canadian inventor of the telephone After several trials success rewarded Mr. McCurdy's efforts and today he has a machine with which he can travel through the air at will. This machine which its inventor has christened the Silver Dart, is described by him as an aerodrome, not an aeroplane. So thoroughly satisfied is Mr. McCurdy with his invention that he is now engaged in floating a company to manufacture aerodromes, which he expects to sell to the Canadian government, or failing it to any government willing to buy them for military purposes. Any private individual who wants one for pleasure will, of course, also be accommodated.

The manufacture of flying machines has, therefore, been placed on a commercial basis in Canada. So far Mr. McCurdy and his company have a monopoly of the business . Should, however, the experiments now in progress in Victoria and Winnipeg prove successful this monopoly will be broken and the government, as well as the public at large, will have a choice in Canadian made flying machines.

THE CANADIAN MILITIA

The Montreal Star, which cannot be accused of being a partisan sheet, is leading an attack on the administration of the Dominion department of militia and defence and what it has said in a couple of recent articles is worthy of careful attention by the people of Canada. In these articles it has pointed to the absolute necessity, not only from an Imperial but also from a purely Canadian standpoint, of an efficient military service in this country. This, it contends, the country does not now enjoy, although it is paying the price for one.

As an evidence that results are not being secured for the expenditure on the Canadian militia, the Star points to the fact that Switzerland for an expenditure of seven and a half million dollars trains 280,000 men every year, while Canada for six and three quarter million dollars trains only 59,000 men. The reasons for this disparity is put down by the Star as compulsory training in Switzerland, a more careful administration of affairs by the Swiss and the fact that the Swiss have had more than once to defend their independence and have thus learned the absolute necessity for a strong defence force. Switzerland, it is also pointed out, lies in the midst of an armed continent and Canada, if she were in the same position, would see the necessity of doing as that country does in the matter of maintaining a fighting force.

The Star, however, believes that in this respcet Canadians are living in a fool's paradise. It says that Canada's safety depends upon the safety of the empire. An enemy camped around London would be as dangerous to Canada as an army camped around Ottawa Going further it pictures what would be Canada's position with its present military force were the empire "wounded to death." While the United States in carrying out the Monroe doctrine might prevent any nation, European or Asiatic, from obtaining a foothold in Canada, might not the United States itself through time become apprehensive of a strong young Canadian nation growing up beside her and might not trouble be looked for from that quarter. It is, therefore, the Star thinks, in Caanda's own interests that she should build up a military organization that would be strong enough to render material assistance to the empire in time of need.

In the course of its second article, the Star strongly attacks the present state of efficiency of the Canadian militia, asking whether there is not "more 'fuss and feathers' and less fighting force than we would like" in it. As a first step toward reform in the service the Star says the retirement of Sir Frederick Borden from the head of the department of militia and defence is necessary. This, it says, is required if confidence in the department is to be restored.

All that The Star says about the necessity for Canada maintaining an efficient fighting force and also all that it says about the necessity for reform in the militia department is quite within the mark. It is generally recognized from one end of Canada to the other that Sir Frederick has failed signally in the management of the militia department and, in keeping him at the head of it, Sir Wilfrid Laurier is only adding to the difficulties that will some day face the minister of militia who undertakes to put the department on a proper footing.

EDITORIAL NOTES

Don't forget that Tuesday is Arbor day. Let there be a general cleaning up. The city needs it.

Although flying machines are to be manufactured in Canada, no one in Nelson has yet thought of putting in an order for one.

Now that the flying machines are to be built in Canada, it will be in order for the government to provide the manufacturers with tariff protection.

Mr. Martin Burrell's view that, if the country is to loan the Grand Trunk Pacific ten million dollars, it should have security for the return of the money is a most reasonable one. It is almost certain, however, that the government will refuse to entertain it.

It now transpires that of the $10,000,000 which the government is to lend the Grand Trunk Pacific railway company $7,000,000 is to go direct into the coffers of the Grand Trunk Railway company and three millions of it is to be expended on the construction of the prairie section of the new line. Isn't the government generous to those who stand by it in times of election?

The people of Winnipeg are evidently in earnest in regard to the holding of a world's fair in that city in 1912 and are taking steps to impress the people of the west with this idea. Arrangements are now being made to send delegations throughout the west tto secure the co-operation of the various public bodies. The promoters certainly show enterprise and energy and deserve success.

The Dominion government tries to excuse its miscalculation of the cost of the Grand Trunk Pacific by saying taht the cost of the Panama and canals has largely exceeded the original estimates. It may be pointed out, however, that there is a difference between canal building in those days and modern railway construction. In connection with both of these works, also, it was pointed out in parliament by Mr. Martin Burrell yesterday, there was the grossest boodling. Has the same cause anything to do with the increase in the cost of the Grand Trunk Pacific?

Grand Jury

WASHINGTON, April 29—After a careful consideration of the reasons given by the court for its action in quashing the indictments against governor Haskell and others in Oklahoma involving alleged irregularities, the attorney general today telegraphed instructions to the United States district attorney in Tulsa to proceed with a vigorous prosecution of those cases. The district attorney is instructed to apply to the court for a new grand jury drawn in conformity with judge Marshall's decision and to present the cases to that grand jury.

Not Responsible

CAMBRIDGE, April 29—The defence won a point at today's session of the trial of Caester S. Jordan for the murder of his wife, when the court permitted Dr. Wm. McDonald, an alienist of Providence to testify regarding his interviews with Jordan last October and his impressions of the young man gained at that time. Dr. Macdonald said that the prisoner declared at that time that the murder was God's will and that he was not responsible.

KERMIT SHOOTING

Teddy's Son Doing Well—Serious Work Ahead.

NIAROBI, British Africa, April 29.—Theodore Roosevelt is about to leave the ranch of sir Alfred Pease on the Athi river for a point in the Mau hills near Machakos, there he hopes to bag a lion. He is due to reach the hills tomorrow. Settlers in the hills have reported seeing a black maned lion every day for several days past. F. C. Selous, the English sportsman, has been in the Mau hills for nearly a week. Kermit Roosevelt did some very good shooting near the Pease ranch two days ago.. He brought down a Thompson gazelle at the first shot, at a distance of 500 yards.

Relief for Missionaries

WMERZINA, April 29.—Two battalions of Turkish troops arrived here today. It is understood that a strong detachment will at once be sent up country to Radjin to effect the relief of the American women missionaries there who for nearly a fortnight have been beseiged in their mission house by hordes of fanatical Mohammedan tribesmen from the surrounding country.

TORONTO, April 29—Rev. Dr. Pidgeon of Victoria Presbyterian church, has accepted the chair of theology in Westminster Hall theological college, Vancouver.

"MY KIDNEYS HURT ME ALL THE TIME"

Gin Pills Cured Them. Free Sample Box Leads to Cure.

Only those who have been tortured with Kidney Trouble can appreciate how Mr. Trumper suffered. Being a railroad man, he was called upon to do all kinds of heavy work. The constant strain of lifting, weakened the kidneys.

I received the sample box of Gin Pills and was greatly benefitted by them. My kidneys were in such bad condition I could not lift or stoop without pain. In fact, they pained me nearly all the time. I have taken three boxes of Gin Pills, working all the time at heavy work on the railroad and did not lose a day.

FRANK TRUMPER, Napanee, Ont.

Do sharp twinges catch you as you stoop? Are you subject to Rheumatism, Sciatica or Lumbago? Does your Bladder give trouble? Take Gin Pills on our positive guarantee that they will cure you or money refunded, 50c a box—6 for $2.50. At dealers, or direct if you cannot obtain from druggist.

WOMEN'S COUNCIL MEET

OFFICERS ELECTED AND OTHER BUSINESS TRANSACTED

LADY ABERDEEN WILL VISIT NELSON THIS SUMMER.

The annual meeting of the local Council of Women which took place yesterday was well attended, the following being present: Mesdames Laing Stocks, W. W. Beer, P. Lamont, H. Bird, G. Johnstone, T. W. Herne, W. G. Goepel, A. J. Dill, H. Gibbs, W. Waldie, J. T. Ferguson, J. J. Walker, J.L. Porter, T. H. Newitt, W. B. DeWitt, W. O. Rose, W.. Constance, C. G. Simpson, C. D. Blackwood, J. L. Buchan, N. M. Cummins, A. L. McCulloch and Miss Coates.

A communication was read from Mrs. R. S. Day of Victoria, provincial vice-president, stating that she was leaving shortly for Toronto in order to attend the quintennial meeting of the Council of Women which is to take place in that city about the end of June. Mrs. Day further stated that on her return she would be accompanied by lady Aberdeen and would arrive in Nelson about the end of July. Lady Aberdeen is the founder of the council in Canada and also performed the inauguration ceremony in connection with the Nelson branch.

The council were also in receipt of a communication from the Royal Humane society of Toronto containing a resolution in regard to the proposed change in the period of time during which cattle may be confined in a railway car and asking for its endorsation. The resolution was to the effect that the present time limit of 28 hours effected a hardship upon cattle in transportation and that the proposed extension of eight hours would increase these hardships. The resolution was endorsed by the meeting and will be forwarded to the minister of justice at Ottawa and to A. S. Goodeve, M. P.

It was stated that a communication had also been received from Miss Livingstone, a teacher of cookery, who had given a very successful series of lessons in Nelson 10 years ago, with a view of making arrangements for a second series here next fall. It was decided that if sufficient ladies would patronize the classes Miss Livingstone should be asked to conduct them.

In the election of officers there were two nominations for president. Mrs. J. Laing Stocks and Mrs. J. A. Forin. The former stated that she would unfortunately be unable to accept the honor for another term of office. Mrs. Stocks' decision was received with the deepest regret as she had been president for the past 10 years. During that time she had always had the welfare of the council very much at heart and had done a great deal towards the work which had been accomplished.

The meeting, in expressing its regret that Mrs. Stocks could not see her way to accepting the position of president for 1909, made her a life member and also honorary president. The council will thus continue to have the late president's valuable advice and assistance as a member of the executive.

The election of officers in full resulted as follows:

President, Mrs. J. A. Forin.
Vice-presidents elected, Mesdames W. O. Rose, J. T. Ferguson, W. Waldie, W. G. Goepel, Louis Pratt and J. L. Buchan.
Vice-presidents ex-officio, presidents of the Woman's Hospital aid, St. Paul's Ladies' aid, Trinity Methodist aid, the W. C. T. U., St. Paul's Missionary society, St. Saviour's Ladies' aid, the Baptist Ladies' aid, the Pythian Sisters and the Maccabees, all of which are affiliated with the Council of Women; Mesdames A. M. Johnson, F. M. Black, N. Wolverton, C. Scott, H. Bird, W. B. DeWitt, G. B. Matthew, B. H. Graves and A. Nagle.
Treasurer, Mrs. W. W. Beer.
Recording secretary, Mrs. P. Lamont.
Corresponding secretary, Mrs. A. L. McCulloch.

To the library board, Dr. Isabel Arthur, Mesdames W. W. Beer, W. G. Goepel, W. O. Rose and A. L. McCulloch.

The work of the local branch of the Woman's Council has largely been directed during the past two years towards affording some assistance to the Tranquille sanitarium for consumptives. It is hoped by the council that they will obtain the help of all Kootenay and be able to contribute sufficient funds for the support of a bed at this institution. It was pointed out yesterday that if the bed could be supported by the district the local hospitals would be relieved of all tubercular cases which they were at present compelled, if in receipt of goverlment aid, to accept.

PEACE IN COAL FIELDS.

Anthracite Operators and Miners Sign Three Years' Truce

PHILADELPHIA, April 29.—Peace between the mine workers and operators in the anthracite coal regions of Pennsylvania is assured for another period of three years. The agreement continuing in force until March 31, 1912. The award of the anthracite coal strike commission was signed in the board room of the Reading company here today by the committee of seven on behalf of the mine owners an da similar committee representing the workers. With the exception of five added stipulations suggested by the miners, the agreement is identical with the one signed in New York three Years ago. The union is unofficially recognized, the members of the miners' committee simply signing the agreement on behalf of the representative of the anthracite mine workers. The conference was a harmonious affair and ended with everybody happy.

SERGT.-MAJOR SCHOOF

Will Speak in Presbyterian Church on Sunday and Monday Evenings

Sergt.-Major Schoof.

Sergt.-Major Gustav H. Schoff, who will lecture at the Presbyterian church at 7:30 on Sunday evening in place of the usual service, his subject being "Mission work as seen by a soldier" and on Monday evening he will deliver a lecture in the same church on "Native superstitions of Africa."

Towering 6 feet 3½ inches in his uniform of the British dragoons, Sergt. major Gustav Henrich Schoof of Alberta, Canada, soldier, explorer, hunter, missionary, lecturer and lay preacher, is built for the many roles he has played upon the stage of life says the Minneapolis Tribune.

As a narrator of his many thrilling adventures, upon which he has already written volumes, Mr. Schoof has been seen in Minneapolis during the past week. But his role of lecturer is not for long for, next summer, he will be off for "fresh fields and pastures new," and the great unknown wastes of Australia will be the scene of his future adventures.

King in Italy

BAJA, Italy, April 29—King Edward and queen Alexandra arrived today on bard the rolay yacht Victoria and Albert. They were welcomed by king Victor Emmanuel and queen Helena and had luncheon with their Italian majesties on board the battleship Humberto. Afterwards king Edward and foreign minister Tittoni had a long conference. The Rome newspapers believe the meeting between king Victor Emmanuel and king Edward at Baja while it probably will not result in any new diplomatic combination will probably serve to bring about a clearer understanding so far as Italy and Great Britain are concerned in the international situation. Both countries are greatly interested in the maintenance of the integrity of Turkey.

After dining on the royal yacht Victoria and Albert, king Victor Emmanuel and queen Helena left for home. King Edward and queen Alexandra will leave Naples tomorrow.

New Road in New Brunswick

FREDERICTON, April 29—The New Brunswick legislature prorogued tonight. Monston was made an electoral district for Westmorland county. Moncton will have one member and the county three. Four liberals now represent Westmorland including Moncton. A bill was passed cutting off St. John county. This cuts off from 500 to 700.

In the St. John valley railway matter, premier Hazen, though legislation was promised said he desired to defer it until next year and he would interview the dominion government regarding the proposition of the nitercolonial operating the road if built. In the event of this failing he intimated a company, taken by his hearers to be Mackenzie & Mann, were negotiating to construct the road.

Husband is Suspected

WINNIPEG, April 29—The evidence given by the witnesses tonight goes clearly to prove that no one was seen around the James home on the day of the murder but the husband, consequently the case is assuming a much more serious aspect. During the course of his evidence Anton Waters, and employee of the houses near the James home, said under oath that he felt positively the husband was the guilty party.

Death From Storm

CHICAGO, April 29 — An electrical storm and a furious gale burst over Chicago today bringing death to at least five persons and cutting off the city from direct communication with the outside for nearly two hours. Many persons were injured by falling boards or being knocked down by street cars or wagons.

May Visit Canada

OTTAWA, April 29—The government has no official intimation that Lord Kittchener of Khartoum will visit Canada. It is considered quite likely that he will return to England from India via Canada. The cable report that he will make an official report to the war ofice on the condition of the militai is not taken seriously.

Town Wiped Out

NEW ORLEANS, April 29—The big storm which swept across Arkansas and northern Mississippi late tonight is reported to have swept away the little town of Horn Lake, Desoto county, Mississippi.

Kinrade Inquest Postponed

HAMILTON, April 29—The Kinrade murder inquest has been adjourned until Monday afternoon at 3 o'clock.

Budget Not Felt Yet

LONDON, April 29—The rate of discount of the bank of England remained unchanged today at 2 1-2 per cent.

Packer, Not Carnegie

BERLIN, April 29 — J. Ogden Armour who is in Berlin on his way to Carlsbad, gave denial today to the report published in America that he had given $4,000,000 to build an opera house in Chicago. He said he was in the packing business, not in the opera business.

MOSLEM WORLD APPROVES

Mohammedans in India Favor New Regime

CALCUTTA, April 29—The recent events in Turkey have caused some stir among the Moslems in India whose organ today says that the deposition of Abdul Hamid was brought about by the resentment of an overwhelming majority of the Turks outside of Turkey. On the other hand a number of telegrams of congratulations have been sent to the new sultan. In them the hope is expressed that no steps will be taken against the life of Abdul Hamid.

Trifling Expense.

WASHINGTON, April 29.—Secretary of the navy Meyer today declared that the 16 battleships of the Atlantic fleet which had made the voyage around the world were in excellent condition, and the fact that they were accompanied by a repair ship kept them in good order throughout the trip. The secretary said he had found that the voyage had cost only $1,500,000 more than if the battleships had been kept at home and assigned to ordinary duty.

Better Than Nothing

THE HAGUE, April 29—Queen Wilhelmina this morning gave birth to a daughter.

May Day Recognized

LONDON, April 29—The stock exchange will be closed on Saturday, May 1.

Death of Veteran

VANCOUVER, April 29—Ven. Archdeacon Small died at midnight in St. Luke's home after a short illness.

GETS AFTER ABE ATTELL

CALGARY FIGHTER THINKS HE CAN BEAT CHAMPION

IS ON WAY TO SAN FRANCISCO TO TRY

VANCOUVER, April 29—Percy Cove the attenuated youth woh is best known to ring followers as "the human toothpick" who for the past few months has been cleaning up all comers at any old weight for the benefit of the fistic fans of Calgary, is in the city on his way to San Francisco where he is going in an endeavor to hook up with Abe Attell, the cock of the walk in the featherweight division in America. Cove's most recent battle was with young Jimmy Butler at Calgary whom he beat in four rounds. Cove fought Billy Lauder in the Albertan city, and though he gave away 20 pounds, he more than held his own. He was offered another match with Lauder, but the little Scot refused to weigh in under 138 ringside and as Cove can make 116 pounds ringside they could not get together. Cove wants Lauder to go in at 135 pounds.

Cove started up the pugilistic ladder in this city several years ago and he has climbed fast. He held his own against all the eastern boys of his weight when he was down east recently and now that he has cleaned up all the feathers in the northwest he intends to look for more laurels down Frisco way. Attell is the man he is after. Cove thinks he can be the champion and is willing to bet a litle of his own money. He put up a forfeit to fight Attell once before, but Abe passed him by. Cove is just so good that he can never get a bout at his own weight. He always has to match up with somebody pounds heavier than himself.

"There is no boy my weight in America who can beat me," said Cove today, "and I bar none. I want to get on with Abe Attell, for I honestly believe I can beat him."

REGINAS ARE PRACTICING

Will Make Desperate Effort to Lift the Minto Cup.

REGINA, April 29—The Regina Capitals started practice last week. A big turnout was at the Y. M. C. A. and entered enthusiastically in the work of getting into shape. Stevenson, McDougall and McGregor of Regina were there, also Bun Clarke of the Tecumseh flag, and 'Lady' Taylor, the Brantford centre man . Clark is in prime shape. He states that in his opinion the Regina team can be there with the goods and should stand a show for landing the cup. Bun was up against the New Westminster team and should know what he is talking about.

Billy West, who was a whirlwind in Winnipeg, and who is well known in the east, will be with the Regina club this year. West played hockey with Qu'Appelle last winter and is in good shape for the field. Gorman and Shea of the Otawa Capitals will also wear the red and white. Murton of the Tecumsehs is almost a sure thing for the team, but has not stated definitely his intentions. Warwick of Toronto has definitely decided to be here, and is a fixture that will add greatly to the strength of the team.

Lacrosse euthusiasts of this city are confident of the boys success, and every effort is being taken to go after the mug strong, and in the proper way. Several thousand dollars have been subscribed for financing the trip, and already the entire equipment for the series of matches is secured . A series of games is arranged to take place between the Regina Capitals and cities between here and the coast. Vancouver will give them a game, also Nelson and other British Columbia teams, and Calgary and others in the prairie provinces.

After Big Fight.

GOLDFIELD, Apr. 29—A mass meeting of 1,000 citizens last night decided that Goldfields should offer $50,000 for a fight between Jack Johnson and Jim Jeffries, to take place in the latter part of September during the session of the mining congress.

Before the meeting adjourned $40,000 of the amount had been pledged and the further decision reached that should $50,000 prove too small a purse to attract the big fighters, any sum within reason would be offered. When the subscription list is completed a formal offer will be made to the fighters.

Langford Goes to Meet Hague

NEW YORK, April 29—Sam Langford, the heavyweight pugilist, sailed on the Deutschland today for London where on the night of Derby Day, May 24, he will fight Ian Hague for the heavyweight championship of England. On the same steamer goes Jimmy Walsh, the bantam heavyweight champion, who will meet Biggar Stanley before the Nassau Sporting club of London in a championship bout at the new revised English bantamweight of 118 pounds.

American Polo Cup

LONDON, April 29—H. P. Whitney on behalf of the American polo association has challenged the Hurlington polo club for the American polo cup. The challenge has been heartily welcomed as there has been no contest for the cup since 1903. A committee will meet on May 4th to decide upon the date of the series of three matches which probably will be about the middle of June. The American polo cup has been held by the British club since 1886.

Blizzard Hits Chicago

CHICAGO, April 29 — A violent storm, accompanied by thunder, lightning and rain struck this city shortly after midnight. The first intimation of it came when persons in the Loop district and those riding on surface and elevated trains were startled by a flash of lightning followed by a cannonading that seemed to shake the sky scrapers. In the residence districts householders were awakened and lit the gas in alarm. The barometer fell rapidly and as the night wore on the storm increased in intensity, reports of damage in the suburbs and nearby towns coming in. The storm was prevalent throughout the middle west and worse weather with prostration of the wires and property damage is expected within 24 hours. Kansas and Iowa have experienced wind storms approaching tornadoes in violence. The telegraph and telephone wires have been blown down for miles southwest of Des Moines. Snow, heavy enough to cause a blockade is reported from Oshoksh, Wis., and is general throughout the northwest. In Iowa, near Mason City, three inches are reported.

SHERIFF'S SALE.

By virtue of several executions issued out of the Supreme Court of British Columbia, and the County Court of East Kootenay, holden at Cranbrook against the goods and chattels of the Sullivan Group Mining Company, I have seized and taken in execution all the right, title and interest of the said Sullivan Group Mining Company in and to, a quantity of raw and roasted ore now in the yard of the smelter of the said Company at Marysville, B. C., and also in a large quantity of mining tools and mining machinery, assay materials, supplies and implements, fire brick and fire clay, Vancouver cement Allis and Chambers ore crushers and various other articles and supplies for mining and smelting, office furniture, cooking utensils, and other goods and chattels, a full inventory of which may be seen at my office in the Court House at Nelson, and the various goods and chattels may be seen upon application to John F. Adams, bailiff, in possession at the smelter at Marysville, and at the Sullivan mine.

I shall offer all of the said goods for sale at public auction at Marysville, B. C., on Thursday the 22nd day of April, A. D. 1909.

S. P. TUCK,
22c-tf. Sheriff of South Kootenay.
Dated at Nelson, B. C., 2nd April, 1909.

The above sale is postponed until Thursday the 6th day of May, 1909, at the same place and time.

AN ECONOMICAL TEA

Blue Ribbon

Tea selling at 25c or 30c a pound is not really cheap, but is extravagantly dear.

Because so much of it is usually required that the cost per cup is actually more than if a good tea like Blue Ribbon were used.

A pound of Blue Ribbon Tea will make 250 cups of good rich tea, so, even at 50c a pound you would get four or five cups for one cent.

Not a very dear drink, is it?

And as for flavor, there is simply no comparison between Blue Ribbon and the "cheap" teas.

Just try a pound, and see.

Dr. Alice Fuller will deliver a lecture to ladies at 8 o'clock tonight in Fraternity hall on "The Care of Young Girls."

Choir practice will be held in Trinity Methodist church tonight at 8:15. Every member is requested to be present to consider important business.

The temperature in the city yesterday ranged between 34 and 53 degrees, the latter figure showing a rise of 4 degrees over the previous day.

Frank Casee was brought before police magistrate W. H. Bullock-Webster yesterday on a charge of stealing whisky in bond from a car on the C. P. R. railway at Procter and was remanded for eight days.

A couple of wild goats, male and female, caught by F. S. Cody and S. A. Brown at a point about six miles east of Kaslo were yesterday shipped to Dr. French, zoologicalist at Washington, D. C. The animals were captured with lassoes.

There will be a special meeting of the Legion of Frontiersmen on Tuesday next at 8:30 p. m. in the Young Conservative club rooms. All members are urgently requested to attend as at this meeting men will be sworn in as members of the Legion Rifle association.

As many will have noticed from the marked improvement in the pictures shown at the Arcade theatre, that the managament have made a complete change in the sonrce of their service, and from now on some exceptionally fine pictures will be shown. An excellent dramatic picture "Bridge of Sighs" and a beautiful hand colored picture "The Brahmins Miracle" fill be shown among others and Blumenthal's "Sunshine and Rain" will be sung by Nelson's leading soprano, Miss Jean MacKenzie.

The executive committee of the union of the Young People's societies in connection with the Presbyterian, Methodist and Baptist churches are arranging for a union meeting to be held in the Baptist church next Tuesday evening, May 4. Judge Forin has been asked to address the meeting, and the work of the recent evangelistic mission in the city will be kept in mind. The mission hymn book will be used and a song service with solo singing will be a prominent feature in the meeting. All friends who took part in the recent meetings and others interested are cordially invited to attend. Further announcement will be made later.

You're missing something if you miss the China Sale on Saturday at the Canada Drug and Book Co.

Barney Archibald returned to town this morning.

Paid Like Men

NEW YORK, April 29.—The American sugar refining company of New Jersey and the New York corporation of the same name today paid into the United States treasury completing a payment of approximately $2,000,000 in settlement of fines and claims made by the government in its recent charges of fraud on the part of the sugar company.

Hotel Burned

NEW YORK, April 29.—Fire today completely destroyed the Terra Marine inn a big frame building with 200 guests' rooms facing the ocean at Hugenot, Staten Island. The hotel and furnishings were valued at about $150,000 and the loss is practically total. The fire is believed to have started amongst a box of paint and varnish in a portion of the hotel which was being renovated. The hotel was to have been opened shortly for the season.

Why?

NEW YORK, April 29.—W. G. Patterson was not a member of Pulitzer's party on the Liberty and is believed here to be one of the yacht's crew.

Builder Suicides

BINGHAMPTON, April 29.—Burton Bailey, a well known builder, of Delhi, killed himself today by sending a bullet through his brain.

Stabbed by an Italian

ST. JOHN, April 29—Thomas McGillen, a G.T.P. construction foreman near Chipman, was stabbed through the leg today by an Italian laborer. He may recover.

Commission of Experts

NEW YORK, April 29—More than a score of commercial organizations here, headed by the national association of manufacturers, have taken up actively the campaign for the establishment at once by the national government of a permanent tariff commission, composed of experts by whom all proposed changes in the tariff should be made scientifically.

Middleweight Wrestlers

CLEVELAND, April 29—C. H. Gehring of Cleveland, defeated Charles Conkle of Hamilton, in a wrestling championship of the world at Gray's armory here tonight. Gehring won in straight falls.

Shocking

FISHKILL, N.Y., April 29—An unknown Italian was shot and killed in a clash between a rioting mob and the employees of the brickyard of the Waterous company on the edge of the village today.

NELSON NEWS OF THE DAY

D. H. Cooper of Rossland is at the Hume.

The Socialists will meet in Miners' hall *this evening.*

W. K. Esling, editor of the Rossland Miner, is a guest at the Hume.

Lieut.-Col. W. J. H. Holmes came in from Kaslo yesterday morning and is staying at the Strathcona.

All ladies interested in the Eagles' bazaar are requested to attend a meeting which is to be held in the K. of P. hall at 7:30 *this evening.*

P. McFarlane will act as organist at St. Paul's Presbyterian church during May. There will be a choir practice this evening at 9 o'clock.

Lieut.-Col. W. J. H. Holmes began the examination of the non-commissioned officers of the 102nd regiment last night and *will complete it tonight.*

The law library of the Nelson law society, since being transferred to the new court house building, has been arranged and catalogued and is now *in order.*

In the draw at A. J. Driscoll's tailor store last night the winning number, 15, was held by J. M. Holding who will be presented with the *suit offered as a prize.*

There will be a commanding officer's parade of the headquarters half battalion and headquarters staff at the armory tonight at 7:45 sharp. *All members must attend.*

J. McMullin of Victoria, inspector of provincial police, arrived in the city last night and is a guest at the *Hume. Inspector* McMullin will take charge of this division of the police district temporarily.

This evening the last of the season's dances *in the armory under the auspices of* the 102nd regiment will take place, commencing at the conclusion of drill. Wilkinson's orchestra will provide the music.

A *thanksgiving service* with dispensation of the Lord's supper will be held on Sunday forenoon in St. Paul's Presbyterian church. A preparatory service and reception of church members will be held this evening at 8 o'clock.

The Salvation Army season of self denial and prayer will be celebrated during the net two weeks. The work of the army in this district has had a large measure of success and the fact that general Booth has just celebrated his 80th birthday after 65 years of self denial will appeal strongly to the public who will undoubtedly contribute towards the continuance of the good work. *Donations may be sent to the* adjutant in charge of the local branch.

Commencing on Saturday next the Canadian Pacific Steamship service between *Owen Sound and Fort William will be in*augurated by S. S. Assiniboia. Steamers will leave Owen Sound on Tuesdays Thursdays and Saturdays at 1:30 p. m., arriving at Fort William Thursdays Saturdays and Mondays at 7:30 a. m. Returning steamers will leave Fort William at 3:00 on Tuesdays and Fridays and at 2:00 p. m. Sun*days.*

A large number of miners and smelter men from Greenwood who left the city owing to the closing down of the B. C. *Copper company's mines* and smelters arrived in the city last night and are leaving this morning for Vancouver where they expect to obtain work on account of the activity there. During last week some car loads of high grade ore were shipped from the 300 foot level of the Mother Lode mine belonging to this company. The returns from this ore were among the best yet received from the Mother Lode.

The local companies of the 102nd regiment and the headquarters staff will pa*rade tonight at the armory at 8 o'clock.* Officers commanding companies and detachments will have parade state and absentee reports ready.

H. L. Rodgers, manager of the Yankee Girl and Canadian Girl mines, who has been staying for the past few days at the Strathcona after a trip to New York leaves for Ymir this morning. Mr. Rodgers stated last night that the progress being made on these two properties was eminently satisfactory and that work would be continued *steadily throughout the summer though it* was not intended to increase the staff at present.

The Presbyterian church parlors were *crowded yesterday evening by young* and old at the rally held in connection with the recent evangelistic campaign. Rev. J. T. Ferguson presided and short speeches all expressive of warm appreciation of the *work of the* evangelists, were made by alderman D. C. McMorris, W. G. Thomson, H. E. Dill, G. S. Rees and T. D. DesBrisay. Towards the close after refreshments had been served a farewell was spoken by H. E. Dill, superintendent of the Sunday school, to Mrs. Macdonald, who has acted as teacher of the infant class, and who *with her husband, Duncan Macdonald* is leaving for the coast this morning.

Among the special attractions at the Eagles' smoking concert at the Alice roller *rink tonight will be a Japanese wrestling* match, boxing contests and sword dances. There will in addition be a number of comic and sentimental duets and solos by prominentn local talent and selections by the Eagles' orchestra and band. This concert promises to be one of the most attractive an dinteresting that have been *give nthis season and its success is al*ready assured by the large number of tickets sold. The committee in charge state that the boxing contest will be *something* more than usually good while the band in itself should make the concert a success *from a musical point of view.*

The old country dance given last evening under the auspices of the Nelson quadrille club was a decided success in every particular, *about 75 couples tripping the light* fantastic until the "wee small hours". The music which was supplied by the Eagles' orchestra was the best and was much admired by all present. During the evening suitable refreshments were served. The whole affair reflects great credit upon the committee who had the arrangements in *hand and Rufus Winters and James Mac*Dougall, president and secretary of the club respectively, in particulars.

COAL SITUATION

Approach of Warm Season Will Likely Avert Famine in Nelson.

Although there is at present no coal being shipped into Nelson on account of the strike in the Crow's Nest Pass and Alberta it is not anticipated that there will be any serious shortage of fuel. The coal agents in the city state that the public during this *month have purchased an unusual amount* of coal. The reasons given are the cold weather and the declaration of the strike by the miners.

Nelson, however, was fortunate inasmuch as at the time of the stopping of work the coal agents had their bunkers filled to their greatest capacity and in sev*eral cases were paying demurrage on load*ed cars. At the present moment the stock is naturally depleted but there is still sufficient coal in the hands of the merchants and public to make a serious famine unlikely when it is considered that the warm season of the year is fast approaching and also that during the summer months it *is the general custom to use wood in pref*erence to the harder fuel.

Coal retailers throughout the city state emphatically that there will be no rise in either the price of coal or wood. Of the latter fuel there is an ample supply on h and.

MONTREAL SCANDAL

Corrupt Collusion of Council and Saloon Keepers

MONTREAL, April 29.—Today's session of the civic investigation was devoted to the further investigation of the dismissal of charges made against saloon men of violating the law on payment of the costs secured, the *dismissal being ordered* by chief of police Campeau by whom the charges were laid.

The star witness of the day was again V. J. Kavanaugh. He took the stand in the morning and told of having presents of money to alderman Proulx, chairman of the police committee, and to captain Mur*phy and officers and men of number* twelve station. Chairman Proulx, he testified received $25 after he had had the charge of violating the law brought against Kavanaugh, dismissed on payment of cost. Murphy got $25 and the officers of his station $5 each and the men pipes at Christmas The four witnesses declared that this money was not paid for protection, but merely because he had been told by fre*quenters of his saloon* when he bought out the proprietor, who had been there for 22 years, that this was the custom of the district. *Kavanaugh produced the cheques* in question each bearing the endorsement of the recipients.

Another witness testified that alderman Lapointe until he was unseated by the court the other day, *the chairman of the* finance committee, and the leader of the council, had on three occasions interceded successfully with chief Campeau and secured the dismissal of the charges against him.

Alderman Lapointe admitted that he had on one occasion introduced the witness *to the chief, but declared that he had only* done so as the easiest way of getting rid of him. He had had nothing to do with the other two occasions, and had never asked the chief to dismiss the charges.

AFTERMATH OF MASSACRES

Pestilence Folows Murders—Bodies in the Rivers

ADANA, Asiatic Turkey, April 29.—Conditions in the country surrounding *Adana* as the result of the recent fanatical attacks by Moslems upon the Christian population, are terrible. Dead bodies are lying out on the fields. Numberless Armen*ian farm houses* have been burned. Conditions are most unsanitary and dysentery is beginning to make its appearance.

MORSINA, Turkey, April 29.—The river that *empties* into the sea here is carrying down a good may bodies of men, women and children. Several corpses are drifting in close *proximity to the Italian* warship in the harbor. They undoubtedly were thrown into the river in the country above the city. The men from the British warship in the harbor are doing splendid service.

Young Rockefeller Libelled

NEW YORK, April 29.—A jury was secured an dthe case of the prosecution partly presented today in the trial of the Star company, publishers of the Ney York American, on an indictment charging the publication of an article alleged to have libelled John D. Rockefeller, Jr., in that *it connected his name with the establish*ment of an alleged peonage system in the west end. Mr. Rockefeller himself was the only witness for the day. He declared that he had never been connected with the corn *products company of* Summit, Ills., the corporation alleged in the article complained of to have kept men in peonage, had not been in Chicago *for two years prior to* the publication of the article, and that he had never had any knowledge of any peonage system.

Sensation Promised

WINNIPEG, April 29.—Again the inquest on Mrs. James, who was murdered on Dominion street a week ago, failed to produce the promised sensations but it is more apparent than ever that the police have some important evidence they are holding back. *After the examination tonight of* five unimportant witnesses who threw no light upon the subject an adjournment was made until Tuesday next at the request of the police. It was stated that the authorities are shadowing two suspects against whom they claim to have a clear case but are now seeking several missing links in the chain which will bring one of them to the gallows. "When an arrest is made" said a prominent police officer this even*ing, "it will produce a profound sensa*tion."

Eastern Hardships

ROCHESTER, April 29.—From early this morning until late this afternoon snow fell here but the fall did no more than whiten the ground well and about an hour later it turned to rain. The storm is accompanied by a somewhat high wind. The temperature fell as low as 31 degrees above zero but this mounted higher. The prediction is that rain or snow will continue *throughout the night and tomorrow.*
