CZAR SCORNS OVERTURES

Refuses to Sail in Lansdowne's Arbitration Trial Balloon

Casini Sure United States Will Not Meddle Until Invited--Japan Said to Have Offered Peace

St. Petersburg, Nov. 10.—In official circles lord Lansdowne's veiled suggestion that the Russo-Japanese conflict might be settled by arbitration finds an unfavorable echo.

The sentiment prevails stronger than ever that Russia's prestige must be vindicated before the idea of peace can be entertained. The mere fact that the suggestion comes from Great Britain's foreign secretary does not tend to its kindly reception here. The firm conviction is expressed that lord Lansdowne's suggestion could not have been the result of an understanding between Great Britain and France, it being stated that the Russian view of the situation is too well known to her ally to make it possible that she could have been privy to such a move.

The general opinion is that lord Lansdowne's suggestion was in the nature of a personal trial balloon. There are those in high quarters who consider that there is a bare possibility of bringing the conflict to a close on the basis of arbitration if such a proposition came directly from Japan. Indeed it is even intimated that lord Lansdowne's suggestion may have been inspired from Tokio.

Russia has announced again and again that no proposition from an uninterested power would be even answered ,but that any proposition from Japan direct, no matter through what intermediary, would be considered. A proposal from Japan to arbitrate the controversy would appeal strongly to emperor Nicholas. He is extremely proud of being the author of the Hague convention, and in spite of the difficult position in which Russian military prestige would be left by a cessation of hostilities at this juncture those competent to judge, actually entertain the belief that such an offer on the part of Japan now would not be in vain.

Washington, Nov. 10.—Emphatically, but with all courtesy, Russia through her ambassadors abroad, has several times informed the neutral powers that she will brook no mediation at this time in her war with Japan. It can be announced that Russia expects her wishes will be respected by all the powers to which she has communicated her views.

Count Cassini, the Russian ambassador, said tonight to a correspondent of the Associated Press: "I can announce that I have every good reason to believe that my government's emphatic opposition to any mediation at this time will be respected and observed by all neutral powers."

Of the suggestion made in Great Britain that the United States take the lead in a move for intervention, the ambassador hastened to repeat what he has announced so many times, that he has positive assurances that the United States government, while at all times ready to offer its services, has not the slightest intention of taking any steps toward mediation unless invited by both belligerents.

The Russian government is fully aware of the views of the United States government on the subject and it is deemed unnecessary at the Russian embassy here to again announce that it is confident this attitude will be strictly adhered to.

London, Nov. 10.—Japan unofficially has made representations to Russia looking to peace. This action has resulted in failure and such representations even privately are not likely to be repeated by Japan. Although the suggestion of a pacific settlement was made unofficially it actually had behind it all the weight of an offer by the Japanese government. It was made direct to Russia. No power acted as intermediary. The proposition was put forward tentatively and unofficially so that the Japanese government would be in a position to deny any reports that it was suing for peace. The failure of these direct negotiations, however, resulted in bringing intervention within measurable distance. Foreign secretary Lansdowne's plea for arbitration yesterday at the Guild Hall banquet is taken here to be a pointer suggesting to the United States and France that the time is approaching when the powers must take action. It can be definitely stated that lord Lansdowne made his speech with full knowledge that Japan will not resent a proposition looking to peace from the three powers—the United States and Great Britain.

There is a definite impression here that the initiative will come from president Roosevelt though the action would be joint. It is mooted that lord Lansdowne only spoke so openly yesterday evening because he had good reason to believe that Mr. Roosevelt if elected contemplated making an effort to induce the belligerents to discuss terms of peace.

Lord Lansdowne's remarks are held by those in his confidence to mean that whatever the United States may do in the matter Great Britain will co-operate even in in the event of France not participating. It is known, however, that ambassador Cambon who continues his work assiduously to bring about some arrangement hopes for joint action by the three powers.

In an interview regarding the matter baron Hayashi, the Japanese minister, said: "I should not be surprised to see the three powers named or two of them take the action suggestion. Exactly upon what basis of a settlement peace could be secured is at present impossible to see. But there is not the slightest doubt that combined representations, especially if led by president Roosevelt would have a far reaching result between two countries, one of which was thoroughly defeated. It is comparatively easy to make peace in this case, as neither side is thoroughly defeated yet. The prospects for the success of friendly intervention have vastly increased since the commencement of the war. The two nations now respect each other to a degree never recalled before they met in battle. That mutual respect is the most hopeful factor for peace. Japan does not want to go on fighting forever. Yet even with all the victories during this war her statesman would render themselves liable to be most seriously misunderstood, especially in Russia, if they openly suggested in the name of humanity some method whereby the war could be stopped. It would be altogether different though at this stage of the war should a friendly offer be prompted by that sense of humanity which Japan cannot voice for fear of being misunderstood, emanate from the United States and Great Britain, but nothing can be done until the fall of Port Arthur."

Baron Hayashi intimated that he thought that the fall of the fortress would not long be delayed, and added:

"In the meantime I have no doubt that the powers who are most willing to express their desire for peace will confidentially exchange views in the hope of arriving at some suggestion practical to both belligerents."

FIRE FRENZIED GOTHAM

BLAZES IN MANY PARTS OF NEW YORK YESTERDAY.

THREE KILLED, TWENTY INJURED AND MANY OVERCOME.

New York, Nov. 10.—Three persons lost their lives, 20 were injured, nearly half a hundred were overcome by smoke and an equal number are temporarily homeless as a result of a series of fires in various parts of the greater city today. In nearly every case the fires were in tenement houses, occupied by a large number of families, and at least two of them are thought to have been started by incendaries. Nearly all the fires started in the lower parts of the buildings and the dense clouds of smoke which went up through halls and elevator shafts drove the panic stricken tenants to roofs and fire escapes. Many were overcome before reaching the outer air but with the exception of three all were found by firemen and carried out in safety.

A false alarm of fire also contributed to the day's list of injured. Workmen on the roof of the American Cigar company's factory, east Fifty-second street, alarmed by clouds of smoke which came from an overturned tar kettle in the street, rushed into the factory where scores of girls were at work and with a cry of "fire" started a panic in which 12 of them were injured. One was so badly hurt that she was taken to a hospital.

The most serious fire of the day was that in the upper east side apartment house in which the three lives were lost, several persons were injured and many thrilling rescues were made.

Forty-five families were driven from a big tenement house on Boston road in the Bronx and 20 persons who had been overcome by smoke were rescued by firemen.

Ten families were forced to flee from a Brooklyn apartment house by an incendiary fire which started in the basement. Two persons were overcome by smoke and were found unconscious and rescued by firemen.

An explosion in the basement of a tenement house in Williamsburg created a panic among the tenants and the burst of flames and smoke which followed sent them to roofs and fire escapes in search of safety. Many were overcome by smoke but all were rescued.

BIG YIELD OF CORN.

Statistics Relative to One of America's Important Crops.

Washington, Nov. 10.—Preliminary returns to the chief of the bureau of statistics of the department of agriculture on the production of corn in 1904, indicate a total yield of about 2,453,000 bushels or an average of 26.7, bushels per acre, as compared with an average yield of 25.5 bushels per acre as finally estimated in 1903, 26.7 bushels in 1902, and a 10-year average of 24.2 bushels.

The general average as to quality is 86.2 per cent compared with 83.1 last year, 80.7 in 1902, and 73.7 in 1901.

It is estimated that about 3.6 per cent of the corn crop of 1903 was still in the hands of the farmers on November 1, 1904, as compared with 5.2 per cent of the crop of 1902 in farmers hands on November 1, 1903, and .9 per cent of the crop of 1901, in farmers hands on November 1, 1902, and 4.6 per cent of the crop of 1900 in farmers hands on November 1, 1900.

UNIONISTS CARRY PORTO RICO

San Juan, Nov. 10.—Complete returns of the elections of last Tuesday show the unionists polled majorities in five of the seven districts. The house of delegates will consist of 25 unionists and 10 republicans. All the leading cities of the island except San Juan were carried by the unionists. Governor Winthrop is receiving congratulations on the peaceable and fair manner in which the election passed off.

ROSS' MEETING POSTPONED

Grand Forks Hall Being Engaged Forces a Change of Date.

Greenwood, Nov. 10.—Owing to the hall being engaged the Ross meeting at Grand Forks, called for Saturday night, has been postponed until Tuesday evening next. Saturday evening will be spent at Eholt, and senator Templeman, W. W. B. McInnes, Mr. Ross, F. J. Deane and others will speak at the meeting. The dates of meetings as announced yesterday remain unchanged except as above.

WAS A DOUBLE SUICIDE

BROOKLYN WOMAN SHOT HERSELF BECAUSE OF REPRIMAND.

HUSBAND SEIZED SAME GUN AND EMULATED HER EXAMPLE.

New York, Nov. 10.—Because her husband had reproved her, Mrs. Katherine Green is dead at her own hands in Brooklyn, while her husband is dying in a hospital, having shot himself when he saw the results of his words to his wife.

George Green had criticized his wife for going out walking with another man and, without saying a word, she shot herself through the heart. Overcome with horror, the husband picked up the same revolver and shot himself. The tragedy was not discovered until late today, when Green's employer sent to inquire why he had not come to work.

HARRIMAN AFTER SANTE FE.

Rockefeller And Stillman Buy a Big Block of Stock.

Los Angeles, Calif., Nov. 10.—President E. P. Ripley of the Sante Fe railway system stated today that it was a fact that John D. Rockefeller, sr., and James Stillman, president of the National city bank of New York had invested $25,000,000 in Sante Fe stock. Mr. Ripley said that he was not aware as to whether this indicated that E. H. Harriman would be interested in the ownership of the Sante Fe, although the fact that these gentlemen had been acting concertedly in several deals recently would seem to lend some color to the statement. Regarding the vacancy in the third vice-presidency of the road by the resignation of Paul Morton to accept a cabinet portfolio, president Ripley stated that the place would not be filled now.

GRAND FORKS NEWS NOTES

[Special to The Daily News]

Grand Forks, Nov. 10—The Ladies of the Maccabees intend giving an entertainment in the first week of December. An interesting feature will be the prominent part taken by Mrs. McClure, wife of the managing editor of the Seattle Times.

Mr. and Mrs. Fred Howey of New Westminster, are in the city, the guests of judge and Mrs. Leamy.

The Ladies' Guild of Holy Trinity church held an afternoon tea at the residence of Mrs. Jeff Davis on Victoria avenue, yesterday afternoon, which was largely attended, the treasury being considerably enlarged by the amount realized.

The young son of Mr. and Mrs. T. A. L. Smith, late of Grand Forks, but now of Hornby island, was successfully operated on at the Royal Jubilee hospital, Victoria, last week and is doing as well as can be expected.

H. N. Galer, formerly assistant general manager of the Granby smelter, but now general manager of the International Coal & Coke company, at Coleman, is a visitor in the city this week.

It is announced that the Boundary Falls smelter will have its second furnace blown in on the 1st of December, by which time the company's various properties will be in a position to double the present rate of shipping ore.

A. Gascon, who has been under arrest for over two weeks on the charge of assaulting an aged man named Moore, and breaking into his house, was sentenced in the police court to six months imprisonment in the Nelson gaol. Frank Fritz, policeman in the West ward, took the prisoner to Nelson.

Owing to previous engagements, Smith Curtis was unable to attend the meeting in the liberal committee rooms on Monday night, however, it is expected that Mr. Curtis will address the electors of this city about the end of this week.

Cooper Bros. and other residents across the river, have petitioned the city council asking that the Columbia bridge be put in first class order and also subscribing a large amount of work on condition that the council take the matter up, which will be done, aldermen Martin and Feeney being appointed a committee to take the necessary steps to place the bridge in a proper condition to receive the filling at the piers.

Martin Burrell, the conservative candidate for Yale-Cariboo, is at present in the Okanagan country. Last night he addressed the electors of Vernon.

J. A. Dinsmore, Fred Cooper and alderman McNee, who were authorized to enquire into the advisability of selecting a new burying ground for this city, held a meeting last night at the city offices and reported in favor of purchasing a location on the northwest side of Observation mountain, but owing to the fact that so few were present at the meeting no further business was transacted.

The meeting called for Tuesday evening by the skating rink committee, was very poorly attended, the present prospects being that unless the required number of shares are subscribed at once, the citizens will have to make themselves content with an open air rink for the season.

On Tuesday morning at 8 o'clock Miss Hemelda Gauthier and A. A. Frechette were married by the Rev. Father Bedard. After the performance of the ceremony a wedding breakfast was served at the home of M. J. Gallipeau. Both the bride and groom are well known citizens.

WILLIAM MORE LENIENT.

Berlin, Nov. 10.—It is announced that the emperor has decided to hereafter use the pardoning power liberally in cases of lese-majeste. It had heretofore been practically unknown for the emperor to pardon a person convicted of this offence.

IS DIFFICULT PROPOSITION

Japanese Find Etze Mountain a Hard Nut to Crack

Stoessel Said to Have Asked for Armistice --Tokio Hopes it Means Capitulation-- St. Petersburg Thinks Not

Che Foo, Nov. 10.—Etze mountain, according to Chinese, 120 of whom arrived here today from Port Arthur, is proving a costly obstacle to the Japanese. On the morning of November 5th and 6th fierce assaults on the position were made by the Japanese who were repulsed. During the second assault, a shell soaring over the other hills from Palichuang, dropped on Etze mountain and demolished a land mine controlling the station and exploded other mines.

The Russians were holding the trenches on the boundary of the mined section. Six or seven hundred were killed. The Japanese, not having reached the and exploded other mines.

Etze mountain owes the best part of its strength to the peculiar topography of the surrounding country which prevented a direct artillery fire and does not enable the Japanese to advance their trenches with the success evident elsewhere. The Japanese advanced on it in both instances from behind distant hills, with the fullest force the ground would allow, but in the long distances which they were compelled to traverse in the face of machine guns their ranks were melted. Both times the Japanese broke the wire entanglements in places. One soldier with a leg torn off was seen trying to bite the wires.

STOESSEL ASKED ARMISTICE

So Says An Unconfirmed Report From Tokio.

Tokio, Nov. 10.—It is reported that general Stoessel, commanding at Port Arthur, has asked the Japanese for an armistice, the purpose of which is not stated. A confirmation of the report is unobtainable. It is hoped here that general Stoessel will capitulate before the city proper is taken. The Japanese soldiers are angry and inflamed on account of the alleged abuse of their wounded by the Russians. They believed they will be butchered if captured. Under these conditions it will possibly be difficult to avoid a massacre if the troops meet in the final conbat.

MACHINISTS FOR RUSSIA.

Indication That American Torpedo Boats Were For Czar.

Richmond, Va., Nov. 10.—A special from Newport News says 15 expert machinists left the shipyards there today for Russia via New York, indicating that the torpedo boats recently shipped from Newport News were for Russia.

DROVE RUSSIANS BACK.

London, Nov. 10.—The Daily Telegraph's correspondent with general Oku cables under date of November 9th: "Last night the Russians made several determined attacks upon Lamunting and Sinchingpo but were repulsed, with heavy losses. The artillery laid the villages in ruins."

JAPS ASSUME OFFENSIVE.

Mukden, Nov. 10—The Japanese today assumed the offensive on the left bank of the Hun river and occupied three villages. The Russians, however attacked, drove them out and again established their original lines of defense.

Vice-admiral Skrydloff arrived here today.

REACH SUDA BAY.

Canea, Island of Crete, Nov. 10.—The battleship Sissoi Velike, with vice admiral Voelkersam aboard, and the battleship Navarian, the cruisers Izumrud and Almaz, a number of torpedo boats and transports, and the volunteer steamer Yoraslav of the Russian second Pacific squadron arrived in Suda Bay.

NORTH SEA COMMISSION.

St. Petersburg, Nov. 10.—The following have been appointed assessors of the North sea commission: Lieutenant colonel Stenger of the ministry of marine; lieutenant Wolkoff and Dr. Mandelstam, the latter dragoman of the Russian embassy at Constantinople, and an authority on international law.

MERELY TO BURY DEAD

St. Petersburg Thinks That is Reason Stoessel Wanted Armistice

St. Petersburg, Nov. 10—Russia is not expected to make an official response to the American request for Russia's views relative to the holding of a second peace conference at the Hague until the return of emperor Nicholas to St. Petersburg. The war office has no late advices from Port Arthur and nothing is known of the report that general Stoessel has asked for an armistice, but if so it is considered that it must have been to bury the dead and not in view of capitulation.

The suggestion made by way of Tokio, that the Russians are maltreating the wounded is deeply resented in military circles here where it is considered that the idea may be put out as an excuse for the likelihood of a repitition of a massacre such as followed the taking of Port Arthur during the Chinese-Japanese war. There is no doubt that had Russia her just deserts she would, considering the way the Siberian exiles and others have been treated, receive but little mercy at the hands of any civilized power.

BORDEN TO RETIRE

Rumored That Foster May Succeed to Forlorn Leadership

Toronto, Nov. 10.—A special from St. John, N B., says R. L. Borden will retire from politics. The leader of the opposition stopped at the New Brunswick capital on his way to the southern states and later one of the conservative party leaders made statement foreshadowing Borden's retirement. Opinion in Toronto is that Foster will be chosen leader.

PLAYED PART OF COWARD

ATKINSON SO TESTIFIED AS TO WHY HE HID GOODS

DEFENDANT IN YMIR ARSON CASE AGAIN ON STAND.

[Special to The Daily News]

Ymir, Nov. 10—All of this morning's session of the Atkinson hearing was occupied in the continuation of Atkinson's examination regarding his caching of the goods that were found in the cellar of his house. He admitted that for the past three years he had been moving considerable of his stock to his house. His first idea was to buy a remove the which was destroyed for the reason that he had considerable stock destroyed at his store by frost, but for the past year or so he had also been in the habit of taking over to his house other goods, such as he had no room for in the store. He had never removed so much stock to the house before as this year. He said he did considerable business in selling mining stocks and was also collector of votes for the Ymir riding. He never thought of advising the insurance companies of what stock he had taken away from the store. The value of the goods at the house, at an outside figure, would not exceed $700. He had no other reason for removing goods to the house except in that of the carbon head and optician's case of glasses. His explanation regarding these was to the effect that he had mounted the head, but that it was not a good job and he intended to remount it. He had sawed off the horns so that he could soak the head and get the skin away from the cast. He stated that it was customary to cut off the horns and then screw them on again, that it did not hurt the head. These goods were taken to the house by Oscar Anderson, in daylight. He intimated that it was too cold to work in his store cellar fixing the head, hence the reason for taking it to his house. His test case was only one of a set, so that it did not affect his business. His test card, etc, were still in the store along with a case of test glasses and were destroyed by the fire. The night of the fire, after the alarm had been rung in, he saw provincial constable Fraser coming from the direction of the Waldorf hotel. He was searching with Fraser for the coggles and was cut off with the remark "This is no boy's trick." At that time he did not understand what was meant. He went to his house on the morning after the fire and pondered at what Kearns and Fraser had said to him. He then went to the DesBrisay Jobbing company's store for a pair of rubbers, as his had been burnt and saw Kearns in the store. When he (Kearns) saw Atkinson, he simply wheeled around and went away. He then saw one Chestnutt, who had been drinking and who started for him accusing him of starting the fire and burning down the block, saying, "$5000 insurance, stock $3000, no good." Then someone in the store cut Chestnutt off. He no sooner got through than Samuel Miller came in and commenced pitching into witness and said words to the effect that he was not sorry witness was burned out, but was glad of it, and remarked that Atkinson did not vote his colors, but skipped out to the coast last fall during election.

Witness then came up the street and met some of the boys, who shook hands with him and expressed their sympathy. At this point Mr. Atkinson completely broke down and the court had to wait until he had recovered himself.

Continuing, he said he went up the main street and met Kirkpatrick and Cameron and told them that he wished to send a telegram to his wife at Nelson, as he was greatly worried about her, she being ill. Cameron took him to the gate of witness's house and left him.

"I went up stairs and my brain commenced working," said Atkinson. "I began to think why Fraser, Kearns, Chestnutt and others acted the way they did. I realized that I had a big insurance and had considerable goods in the cellar of my house. The thought came to me 'They suspect me,' and, playing the part of a coward and having no one to advise me, I went down stairs into the cellar and commenced hiding a great part of the goods."

Atkinson described in a calm and deliberate manner how he did it, by raking waste over some, some hay over others and placing others away back under close places. He said this did not occupy more than two hours and that he had no other purpose in hiding the goods other than stated. When he found that he was suspected he said he was on the verge of nervous prostration. He stated further that he always kept gasoline for his lamps and for retail purposes; that there was really no difference between 74 and 76 gasoline, and that he often sold this article under the name of benzine.

There are still a few more witnesses to be called. The crown will then introduce some rebuttal evidence, after which it is expected the lawyers for both sides will address the magistrate, and that by tomorrow evening the case will be closed.

SITE PRACTICALLY SETTLED

Militia Central Training Camp to be at Pettawawa

[Special to The Daily News]

Ottawa, Nov. 10—It has practically been settled that the central training camp for the Canadian militia will be at Pettawawa, on the line of the Canadian Pacific. This is an excellent location. The field is about ten miles square. It will be central as far as the east and the growing west is concerned. Mr. Borden is going to decide this matter at once. The minister is going on with the work of organizing the new military council. It is progressing favorably.

Premier Laurier will leave for Quebec on Thursday next to bid farewell to lord Minto, who leaves by the Empress of Britain sails from Montreal on the 10th. The premier will afterwards go south for a holiday.

A. Gobiel, deputy minister of public works, was invested with the imperial service order at a state dinner at Rideau hall last evening.

SWORE OUT A WARRANT

Harry Jones Says Cole Murchison Won't Pay Over Wagered Money

As a result of yesterday's race Harry Jones, a well known sporting man, swore out a warrant last night about 10:30 against Cole Murchison, a Fernie bar tender, charging him with stealing $50. The warrant was placed in the hands of the police but up to the time of going to press Murchison had not been located. It was stated that he would try and leave for home by the Moyie this morning when the police hoped to get him.

Harry Jones said last night: "I bet $25 even money on Renwick with Charley Johnson of Fernie yesterday, Johnson backing his fellow townsman, Mitchell. Renwick got the decision all right and Johnson said the money was mine. Murchison refused to pay over the money or to make any explanation. I waited until 10 o'clock and then swore out a warrant against Murchison to prevent his leaving town with my cash in the morning."

More than one message reached the city from Rossland last night asking if the stakeholder in yesterday's race had been shot. Where the rumor originated is not known, but there was no foundation for it.

MARKING THE BOUNDARY.

Canadian Commission Has Completed Labors For Year.

[Special to The Daily News]

Rossland, Nov. 10.—The Canadian members of the international boundary demarcation commission have finished their labors and today left for Ottawa to extend their notes into a report to be finally laid before the government. This party began its labors at the beginning of the season at Port Hill on the Kootenay river and finished its work at Cascade, where its survey joined the work of the American party which surveyed from Cascade to Midway. The Canadian party located the sites for the aluminum bronze monuments which will be put in next spring in the section between the Kootenay river and Cascade.

The Americans have almost completed the section between the Kootenay river and the summit of the Rocky mountains and also from the Similkameen to the Skagit. These two sections with that between Cascade and Midway constitute the American share of the task. The survey from the summit of the Rocky mountains to the Skagit, a distance of about 300 miles, has practically been completed this year. Next year the Americans will have to do some triangulation and put up the monuments and their part of the work will have been finished.

The Canadian party will survey and monument the line from Skagit to the Pacific coast and this will complete the survey. East of the Rockies the line was satisfactorily deliminated some time since.

J. J. McArthur was in charge of the Canadian party.

RESERVISTS FLEE

Russia Said to Have Ten European Soldiers Left

New York, Nov. 10—A London despatch to the Times quotes the London Times Russian correspondents as saying that the disinclination to join the colors for Manchuria recently noticeable in south Russia, is becoming general throughout the country. Competent authorities put the number of reservists that have escaped at 2,000. It has been shrewdly suspected that in spite of Russia's overwhelming strength on paper, she has already been really put to it to equip even 150,000 trained soldiers from her European countries for service in Manchuria. Even military men admit that two more European corps will exhaust the Russian stock of effectively trained and properly equipped men.

NOT ALLOWED TO FIGHT

Deputy Who Struck Andre to be Prosecuted

Paris, Nov. 11—The police today arrested M. Babriel Syveton, the nationalist deputy, who struck minister Andre in the face during the debate recently in the chamber as he was about to take up his position for a duel with captain Cali, who is an intimate friend of general Andre, and who is supposed to represent him. M. Syveton's arrest begins his criminal prosecution for assaulting general Andre.

ARGUMENT IN MERGER CASE.

Philadelphia, Nov. 10—Argument was concluded before judges Atchison, Dalles and Gray in the United States court of apeals today in the case of the appeal of the Northern Securities company from the injunction granted by the United States district court of New Jersey, restraining the distribution pro-rata of the stock acquired by the merger three years ago. The appeals include those of E. H. Harriman, Winslow S. Pierce, and the Oregon Short line. Former secretary of war Root opened the argument for the appellants yesterday. The court took the case under advisement and adjourned until Monday.

TWENTY-SEVEN WENT DOWN

Number Lost in Foundering of Thalia and Neptune.

Hamburg, Nov. 10.—The crew of the German bark Thalia, all of whom were lost through the foundering of the vessel during the storm in the North sea, numbered 20. There were seven men in the crew of the Neptune, also lost.

"STRENUOUS LIFE" TRANSLATED.

Rome, Nov. 10.—The election of Mr. Roosevelt to the presidency of the United States has been made the occasion for the issuance of an Italian translation of his book "The Strenuous Life," which is having a large sale.

EATS UP MONEY.

Berlin, Nov. 10.—A supplementary budget of 20,000,000 marks for the expenses of the army in German southwest Africa as a result of the insurrection will be presented to the reichstag in December.

BANK CLEARINGS.

Winnipeg, Nov. 10.—The bank clearings for the week ending November 10th were $8,056,295. For the same week in 1903, $7,293,667. For same period in 1902 $5,285,945.

RECEIVED STOLEN GOODS

Montreal, Nov. 10—Philip Goldberg, a second hand dealer, who purchased $800 worth of goods stolen from the house of Rev. Dr Hill, for the sum of $190, has found has found the transaction unprofitable. He was today sentenced to four years in the penitentiary for receiving stolen goods.

LATEST OHIO RETURNS.

Columbus, Ohio, Nov. 10—Early complete returns from Ohio tonight show close to 250,000 plurality for Roosevelt.

PASSED THE BOSPHORUS

Constantinople, Nov. 10—The Russian volunteer fleet steamer Kioff, has passed the Bosphorus to the Mediterranean sea.

ONE MURDER BEGETS TWO

Wholesale Killing in West Virginia--Foul Deed for Vengence

One Officer Slays Another -- Victim's Brothers Swear Vengence and Kill Sheriff and One Other

Huntingdon, W. Va., Nov. 10.—Davis county is excited tonight as never before over a double murder which occurred today, following the murder of constable W. A. Jackson by policeman Will Elliott, of Montgomery, late last night. Last night in a quarrel between the two officers, Jackson was shot and killed. Harvey Jackson, a brother of W. A. Jackson, and two other brothers armed themselves and started out to "clean up" the entire police force of the town, which is a small hamlet near Fayette. A telephone message was sent to sheriff Daniels of Fayette county to come to Montgomery at once, as bloodshed was certain. Daniels reached Montgomery this morning. As he stepped from the train he saw Harvey Jackson lounging around the station not more than 50 feet away. Without drawing his revolver, the sheriff walked over to Jackson and placing his hand on his shoulder, told him to leave the town, under penalty of being arrested. Jackson, without a word, fired twice point-blank at the sheriff, each bullet taking effect. The sheriff dropped to the ground, dying instantly.

John Rolf, a prominent citizen of the town was standing nearby and had witnessed the talk between Daniels and Jackson. Throwing up his hands he advanced towards Jackson to remonstrate with him and to help Daniels. Jackson turned and shot Rolf dead. Then reloading his revolver and pulling another from his pocket, he brandished them in the air, and defied anyone in the town to take them. The other Jackson boys came into the town and joined their brother immediately after the shooting. For half an hour the three men paraded the streets brandishing revolvers and defying the town. The people were in a panic and crawled into their cellars

In the meantime detective Harrison Ash, who lives near Montgomery, and is reported to be the gamiest man in West Virginia was telephoned for.

When he was seen coming down the roadawy from Montgomery, by the Jacksons, they started on a run for the mountain base nearby and escaped in the woods. After Ash had driven the murderers to the mountains the citizens plucked up courage and swarmed into the streets heavily armed.

A posse of two hundred men was quickly organized and under the leadership of Ash and other police, they started beating the woods for the Jacksons. The search is being continued tonight and more people are joining in it at every hour.

IRON AND STEEL TO ADVANCE

Association Interested in Price to Meet in New York.

Pittsburg, Nov. 10.—All the associations controlling the prices of steel are to meet in New York next Tuesday and continue in session until the whole list of prices has been revised to suit the conditions which have arisen in the iron and steel markets.

The associations included are the billet, bar, rail, structural, plate, wire and others.

The prospects are that the scale of prices determined on next week will be those that will rule until well into the first quarter of the coming year, and it is fairly certain that prices will be advanced in most of the lines.

GOOD GENERALSHIP.

Enabled Jack O'Brien to Stay Limit With Woolie.

Philadelphia, Pa., Oct. 10.—By reason of his superior strength and hard hitting John Woolie, of Chicago, had a shade the best of Jack O'Brien in their six round bout at the national athletic club last night. It was one of the hardest bouts in which O'Brien has ever figured and that he stayed the limit was solely due to his generalship.

FELL TO DEATH.

Fall Off Scaffold Sends Two Men to Eternity.

Fort William, Ont., Nov. 10.—J. Conrad and E. Ring, two ironworkers at work on "D" elevator of the C. P. R. here, are dead from injuries received by falling from a scaffold, a distance of 25 feet. Both are married and natives of Minneapolis.

WILL USE HIS GOOD OFFICES.

St. Johns, Nfld., Nov. 10.—Governor sir Wm. McGregor at the King's birthday banquet last night, conveyed a personal message from king Edward to the people of Newfoundland, assuring them it would be his earnest endeavor to promote a settlement of the French shore question and to relieve them of the difficulties arising from French occupancy of the west coast.

UNION LABEL

THE METAL MARKET.

Compared with a year ago, the present situation of the mineral industry in the Kootenays is admittedly a vastly improved one, and full of hopeful possibilities.

The demand for zinc, lead and copper is steadily growing abroad, and the already good prices attainable for these commodities are still on the up grade. So far as lead is concerned Kootenay miners are now able to get a share of the rise in lead, thanks to the dominion bounty, for without it, as Mr. Drewry pointed out the other day, the great majority of the silver-lead mines working and shipping today, would have still been closed down. Had their owners appealed for financial assistance to start up work, on the ground of a rise in lead only, they would have been met by the objection that there was no guarantee that the price would remain steadily above the necessary figure to make mining commercially possible. As it is with the bounty available, the mines have got started and the owners are in a position to take full advantage of the better prices offering. There appears to be good reason for thinking that even if the price of London lead does not go much higher than it is at present, £13, it is reasonably sure to remain steadily at a much higher figure for some considerable time, than it has for some years past. Mining men say that the market's most satisfactory aspect to them is its extreme steadiness, in addition of course, to its gradual rise to present quotations.

Authorities differ as to the probable future of silver. In more than one quarter it is confidently asserted that the 60 mark will be passed and well passed by the end of the year, with still higher prices in 1905. The more conservative silver men, while not agreeing to higher prices, say that the precious metal will stay around its present quotations at least and they look for no sudden drop.

The zinc situation continues to be most interesting, as the supply fails to keep up with the increasing demand, and in consequence the market continues exceedingly firm with a strong upward tendency, the present price being a very satisfactory one.

On this subject the Mining Record says editorially: "The high price now obtatnable for zinc ores has certainly assisting in stimulating the movement—of which the Payne Company at the instance of its energetic manager, Mr. A. C. Garde, was practically the pioneer—of turning the zinc bearing ores of the Slocan district to commercial account; and the development of these resources is now proceeding in so satisfactory a manner that it can only be a matter of a short time ere zinc mining in the province will assume very important proportions. The other day one mine alone completed the relatively large shipment of a thousand tons of zinc ore to local reduction works, and other mines have recently installed machinery or adapted their mills for the concentration of their zinc as well as the lead products. As further indication of industrial porgress in this connection is the fact that the Kootenay Ore company's sampling works at Kaslo are being very considerably extended and specially equipped for the treatment of zinc ores, whilst the erection of the new zinc reduction works at Rosebery, on Slocan lake, is now well under way.

As will be noted by an article published today from a New York source, copper continues to soar skywards owing to the great demand from European, Chinese and Japanese sources, the recent sales in New York and London being described as "enormous."

Altogether the present aspect of the metal market can hardly fail to be a most pleasing one to Kootenay miners, the metals are in great demand and we have plenty of them.

EDITORIAL NOTES.

Canadian liberals will sympathize with president Roosevelt as the latter's already unprecedented majority continues to increase through later and corrected returns. By the time all the votes are counted, Mr. Roosevelt will probably feel slightly embarrassed at the size of the majority. Mr. Bryan has taken care, in his post election statement, to clear his section of the democratic party from any responsibility for the result of the election and all judge Parker has to say is, "that when the time comes the people will turn to the democratic party for relief from the tariff fed trusts which now absorb the wealth of the nation," which may be prophetic, but will not afford the defeated democrats much present comfort. So far as judge Parker and his political friends are concerned it seems to be easily a case of "least said soonest mended."

It was stated semi-officially yesterday that a sale of the power plant debentures in New York was very probable at an early date, but no definite information was forthcoming. During the past year it has been somewhat difficult to obtain accurate information from the authorities as to the various efforts made to sell the debentures in question, and what ever may be the result now, the ratepayers should be promptly informed from time to time of the real situation.

Although the total vote on the tramway agreement by-law yesterday was small the majority was sufficiently emphatic to set at rest the question of the ratepayers approval. Just what reasons moved the eight voters who went on record as opposing the deal, it is hard to say, but the fact that 174 ratepayers took the trouble to vote in favor of the agreement is a fair indication as to how the matter is generally viewed. The council will now have no difficulty in sanctioning the execution of the agreement and later of carrying out the terms.

LIKES AMERICAN SYSTEM.

Morley Would Have English Elections Held on One Day.

Cincinnatii, Nov. 10.—Last night John Morley, the English statesman, left this city for Washington carrying with him a large bundle of election matter, including sample ballots and copies of instructions to voters.

"I will never be satisfied," he said, "until we in England are able to hold our election all in one day as is done in the United States. I am in hope of bringing about the needed reform but I expect trouble in doing so."

In Washington he will be the guest of the president for several days.

CANDAIAN BANKERS MEET.

Toronto, Nov. 10.—The Canadian Bankers' Association convened in annual session here this morning with E. S. Clouston, general manager of the Bank of Montreal, in the chair. The sessions will be short. Luncheon in honor of visiting bankers will be given tomorrow by Toronto banks and a dinner party in the evening at which lord Minto will be present.

PROMINENT MEN DEAD.

Former C. P. R. Attorney and a Toronto Real Estate Broker.

Cobourg, Ont., Nov. 10.—George McKenzie Clark, K. C., judge of the county court of Northumberland and Durham for many years, and later chief solicitor for the C. P. R., from which position he retired a few years ago, is dead, aged 76 years.

Toronto, Ont., Nov. 10.—John A. Nesbitt, a well known real estate broker dropped dead in Somerset house last night, while discussing a deal with another man.

TWO BOYS KILLED.

One Crushed By Elevator—Horse Fell on Other.

Toronto, Nov. 10.—Sidney Mingol, 18 years old, was crushed to death by an elevator in the Massey-Harris harvesting machinery works yesterday.

Alliston, Ont., Nov. 10.—Mercer Arnold, 12 years old, was killed at Elm Grove by a horse falling on him.

EXTRAVAGANT PREDICTIONS

Chicago, Nov. 10.—A banquet in honor of king Edward's birthday was given by British and Canadian-Americans of Chicago at the auditorium. A telegram of thanks from king Edward was received in reply to one sent, congratulating his majesty on his birthday.

Richard Armstrong declared that in 10 years the world would see an imperial federation of the British empire, with a Canadian prime minister, an Australian at the had of the war office and a South African in charge of the admiralty.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

Miss Whittaker, a prominent club woman of Savannah, Ga., tells how she was entirely cured of ovarian troubles by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I heartily recommend **Lydia E. Pinkham's Vegetable Compound** as a Uterine Tonic and Regulator. I suffered for four years with irregularities and Uterine troubles. No one but those who have experienced this dreadful agony can form any idea of the physical and mental misery those endure who are thus afflicted. Your **Vegetable Compound** cured me within three months. I was fully restored to health and strength, and now my periods are regular and painless. What a blessing it is to be able to obtain such a remedy when so many doctors fail to help you. **Lydia E. Pinkham's Vegetable Compound** is better than any doctor or medicine I ever had. Very truly yours, MISS EASY WHITTAKER, 604 39th St., W. Savannah, Ga."

No physician in the world has had such a training or such an amount of information at hand to assist in the treatment of all kinds of female ills as Mrs. Pinkham. In her office at Lynn, Mass., she is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own trouble who will not take the pains to write to Mrs. Pinkham for advice. Her address is Lynn, Mass., and her advice is free.

A letter from another woman showing what was accomplished in her case by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: I am so grateful to you for the help **Lydia E. Pinkham's Vegetable Compound** has given me that I deem it but a small return to write you an expression of my experience.

"Many years suffering with weakness, inflammation, and a broken down system, made me more anxious to die than live, but **Lydia E. Pinkham's Vegetable Compound** soon restored my lost strength. Taking the medicine only two weeks produced a radical change, and two months restored me to perfect health. I am now a changed woman, and my friends wonder at the change, it is so marvellous. Sincerely yours, MISS MATTIE HENRY, 429 Green St., Danville, Va."

The testimonials which we are constantly publishing from grateful women prove beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.
Lydia E. Pinkham Med. Co., Lynn, Mass.

AMBITION OF NIPPON

JAPAN'S AIMS OUTLINED BY THE MINISTER OF JUSTICE.

AMERICAN CELEBRATIONS OF THE BIRTHDAY OF OUR KING.

New York, Nov. 10.—The British Schools and Universities' club of New York, celebrated king Edward's birthday at its annual dinner at Delmonico's last night. Both president Roosevelt and king Edward were toasted and in every speech there was reference to a further Anglo-American union and to the present era of good feeling between the two nations.

The Rev. Arthur H. Judge of Canada, presided. Among those who spoke were sir Percy Sanderson, British consul general; baron Kantaro Kaneto, minister of justice in Japan and a member of the Japanese house of peers; Yves Guyot, former minister of public works in France; the Rt. Rev. bishop Potter, president of the Pilgrims of America, and John H. Finley, of the university of the city of New York.

Mr. Kaneto, in the course of an address on the "yellow peril," said: "The general plan in Japan is to associate ourselves with the Anglo-Saxon race and by education and government we are moulding ourselves into a high type that we hope will some day stand for Japanese-Anglo-Saxon union.

"The great aim of Japan is to assimilate ourselves with western culture. With this aim, Japan will never become a yellow peril, but will become one of the dominant and powerful civilized nations of the globe.

"If we can harmonize the Occidental and the Oriental it will serve to make mightier the empire."

A cablegram was sent to king Edward at Buckingham Palace, congratulating him on his birthday, hailing him as "the peacemaker in the life of the nations," and praying that his efforts may have every fruition. Through the master of his household, sir Francis Knollys, a reply of thanks was sent by the king, addressed to the president of the club.

MONEY GOES TO RENWICK

Some Spectators Thought Mitchell Won the Race

The much talked of matched footrace between T. Mitchell of Rossland and W. Renwick came off yesterday afternoon. From a sportsman's point of view it could not be called a success. The race was called for 2 o'clock but was not pulled off until 3:30 and a final decision was not reached until nearly 5 o'clock.

Chief Jarvis was there to keep order and Charles A. Waterman collected admission fees at the Hall street gate. Between 250 and 300 men and boys paid to see the event. During the long period that was consumed in making terms, choosing officials and placing bets and stakes, the spectators were treated to several events not on the program. Harry Jones was the hero of these. He won two races from former sprinters at $10 a side, but lost his third race for the same amount to "Short" Escritt. All these races were for 75 yards.

At last the big event for $500 a side was called and the track cleared. Mitchell was much larger and heavier than Renwick but looked quite muscular and active. They agreed that the start should be by mutual consent: if both men cross the starting line, it is a go and a pistol shot announces the fact.

After many false starts, the pistol rang out; Mitchell had decidedly the better of the start, estimates of his advantage varying from one to three yards. The tape at the finish was held by H. M. Fullerton and Robert McTavish, both of Nelson, and these with Harry Wright, were the judges.

Renwick gained at first and the men came down the last fifty yards almost abreast. As they cleared the line Mr. Fullerton announced that Mitchell had won. Harry Wright proclaimed Renwick and Bob McTavish also decided in favor of Renwick. Then the wrangle began. Harry Heavener, who held the stakes, asked for an official decision before paying over the money. Mitchel and his backer, Pogue protested against the majority decision and were supported by Mr. Fullerton. Charges were freely made that two of the judges had bets on the race.

The runners, judges and stakeholder left the grounds to confer. Mitchell claimed the race but expressed his willingness to run again for a more decisive finish. To this the Renwick backers refused to agree. Finally the stakeholder accepted the majority decision and handed the money over to Renwick.

Fairly large sums of money changed hands on the result. One prominent hotel keeper placed $550 on Renwick at odds of 2 to 1. Many smaller bets were also made.

INQUEST OPENS

Verdict will be Rendered This Afternoon in Case of Taylor's Sudden Death

The first part of the inquest into the death of Edward Taylor was held this afternoon at 3:30 when the coroner's jury under the direction of the coroner viewed the body at McArthur & Co.'s undertaking parlors.

The following formed the jury: S. P. Tuck, W. E. McCandlish, W. Ross, J. Tierney, C. E. Baker and J. Peters. After examining the body, the jury adjourned to this afternoon at 2 o'clock, when witnesses will be examined and a verdict returned.

No answer has been received as yet from relatives of the deceased. The telegraph office at Salt Lake City reported that the parties could not be found at the address given. A second wire was sent yesterday evening with an address believed to be more accurate. A reply from the officials of the lodge of the Trainmens' union at Montpelier, Idaho, reports that he is in good standing in the union.

As soon as definite replies with instructions are received the remains wil be sent via Spokane, either to Salt Lake City or to Poccatelle, Idaho.

ANNIVERSARY DAY

Next Sunday Will be Specially Observed in the Methodist Church

Next Sunday will be anniversary day in the Methodist church of this city. Special musical programs wil be given at the services both morning and evening and the pastor, who has been elected by the board of managers to preach the anniversary sermons, will discourse on subjects fitting the occasion. In the evening he will deliver a sermon on "Church Thieves," but gives no hint as to the nature of the discourse. The anniversary supper and concert in charge of the ladies of the congregation will be given on Tuesday evening, the 15th instant, instead of on Monday as previously announced. The reason for the change is that the Success club has an important meeting on Monday night with which it is not the desire of the Methodist ladies to interfere. On Tuesday evening a mixed program will be rendered after which appetizing refreshments will be served and a good social time enjoyed. Both Sunday's and Tuesday's celebrations will be held with the accustomed Nelson Methodist enthusiasm.

DR. ROSE TO DR. HALL

Editor The Daily News—Sir—Will you kindly allow me space in your paper to correct a rumor that has been in circulation the last few days, by publishing the following statement:

Nelson, B.C., Nov. 7th, 1904

"This certifies that I, the undersigned, did not say, nor do I now think, that Dr. Hall was negligent in his attention to Mrs. A. McCuaig. Furthermore, when I took charge of the case five weeks ago, the treatment prescribed by Dr. Hall, as given to me by Mrs. McCuaig, was in my opinion the proper treatment at that time.

(Signed) W. O. ROSE, M.D."

I think it only fair to Dr. Rose, as well as to myself to publicly contradict statements that were alleged to have been made by Dr. Rose and were not, as the above proves beyond a doubt.

GEO. A. B. HALL.

Nelson, Nov. 10th, 1904.

TUNEFUL GIROFLE-GIROFLA"

One of the Pretty Comic Operas with the Beggar Prince Company

If you enjoy high class music, catchy airs, pretty women and talented men, don't fail to see "Girofle-Girofla" when the Beggar Prince company visits here on the 14th, 15th and 16th of November.

This is one of the most important pieces of their repertoire. It is the story of curious mistakes growing out of the love affairs of twin daughters. Miss Irene Palmer, Gertrude Hutcheson, Frank Walters, Byron Bronti, F. A. Wade and other interesting people will show to their best in this pretty combination.

The music is charming, the costumes elegant, and the scenery lavishly displayed. This is one of the high class popular comic operas that is worth your attention if you enjoy an artistic production in song and story.

SUCCESS CLUB LECTURE

Second of Series to be Given on Monday Evening

The second of the course of lectures under the auspices of the Women's Council in connection with the Success club program, will be given on Monday night. The subject originally advertised was "Poetry as an Educator," but Mrs. J. F. Weir has resolved to restrict her scope to a study of the life and writings of Oliver Goldsmith, one of the most charming of English poets, whose writings have done much to refine as well as please the taste of English readers. An attractive musical program will also be submitted. The support already given to these popular lectures warrants a large audience.

DEBATED ANGLO-FRENCH TREATY

Deputy Depressence Advocated Intervention in Eastern War.

Paris, Nov. 10—The chamber of deputies today resumed debate of the Anglo-French Newfoundland treaty. M. Depressence (socialist), said he approved of the treaty and adverting to the Russo-Japanese war, said he hoped France, Great Britain and the United States, would soon find means of joining in intervention in order to stop a lamentable war in the far east. He declared that the election of president Roosevelt was an auspicious augury in such a movement.

AMERICANS WON EVENTS

Took Four First Prizes at Oxford Field Sports.

London, Nov. 10.—At the Oxford freshmen's sports today, T. M. Young, of South Dakota, a Rhodes scholarship student, won the long jump with 20 ft. 8 in. and also the hurdle race. W. E. Schuett, of Cornell, another Rhodes scholar, won the mile run, time 4 min., 44 3-4 sec.

D. R. Porter, of Maine, won two events, putting the weight with 31 ft. 1 1-2 in. and the hammer throw, with 86 feet 1 inch.

WIFE OF CRISPI DEAD

Rosillie Montmasson Was a Noted Italian Woman.

Rome, Nov. 10.—Rosillie Montmasson is dead. She was the wife of the repudiated late premier Crispi. With her he spent his most stirring days. She participated in his exile and also in the war of independence. She was the only woman member of the famous expedition of 1000, which conquered the two Sicilies. Rosillie Montmasson was decorated by Garibaldi on the battlefield.

CONDEMNED WINNIPEG JAIL.

Winnipeg, Nov. 10.—The grand jury at the assizes has condemned the provincial jail here.

Lake, conservative, is elected in Qu'Appelle by 24 majority.

The Crow's Nest Pass Coal Co.

Semi-Anthracite, Soft and Smithing Coals and Coke

SOFT COAL from these collieries, according to the Government tests, is superior to the best Pennsylvania bituminous coal, having more thermal units and greater evaporating power. It is an excellent domestic fuel.

A SEMI-ANTHRACITE coal from one of the collieries is strongly recommended for furnaces and base burners.

A first class smithing coal is also mined. These coals are all high in carbon and low in ash and will be found very economical at the prices charged.

Domestic Coal per ton delivered **$6.35**

NELSON'S NEWS OF THE DAY

The Sandon Miners' union will hold their sixth annual ball in the Sandon opera house on the night of Nov. 15th.

A meeting of the directors of the Nelson Exhibition Pavilion company, will be held in the council chamber this evening at 8 o'clock.

Although the local football men have so far received no formal notification, it is stated that the Rossland club has decided to play here on Thanksgiving day, next Thursday.

There was no quorum last night at the board of trade meeting. The council of the board may decide to hold a special meeting to deal with matters pending.

Fred Lynch, the famous outside home of New Westminster's famous lacrosse team, and a manufacturer of cigars in that city, arrived in town on last night's train.

Alex Carrie has undertaken the task of making and keeping the ice at the curling rink during the winter. Mr. Carrie is an enthusiastic curler and an expert on ice, and the winter is not his busy season professionally.

The committee of the Nelson Dramatic Society met at the Success club rooms last evening to discuss the presentation of the "New Arabian Nights," but finally adjourned until this evening, without coming to any final decision.

Everybody's club opened their winter season with a very successful concert last night in the Congregational church. The attendance was gratifyingly large and a most excellent and varied program was well rendered.

P. E. Wilson has returned from attending the county court sittings at Trout Lake City. He says the affairs of the Canadian sawmill are causing a great deal of local excitement. In 73 cases judgments were given for employees on wage accounts.

Senator Templeman, George Riley, M.P., Victoria and W. W. B. McInnes, M.L.A., Nanaimo, were at the Hume last night, and leave this morning to stump Yale-Cariboo in the interests of Duncan Ross. They will speak at Greenwood, tomorrow night.

Yesterday alderman Clements, secretary J. E. Annable, and some other workers were busily engaged at the exhibition building packing away the moveable contents of the main building in the annex. The roof on the annex is now completed and the main building was practically all cleared out yesterday, ready to be turned over to the curling club caretaker for the winter.

A statement was made in a despatch from Ymir on Tuesday last, that Newitt & Co., of that camp had assigned to E. B. McDermid, real estate broker of this city. Mr. McDermid said yesterday that the firm had gone into voluntary liquidation as a result of the recent fire and that he had been appointed liquidator. Mr. McDermid stated that the estate would pay a hundred cents on the dollar.

It has been learned that Mrs. Bloomfield, who meanwhile at Fort William, while on her way east was recorded in yesterday's Daily News, was of a nervous temperament and liable to act peculiarly at times of excitement. It is presumed that the excitement of losing her train in a strange town, while carrying a large sum of money, unnerved her. She has since resumed her journey safely in care of the conductor. No word has been received of Mr. Bloomfield. Probably he is waiting for his wife at their destination.

WANTS ANOTHER RACE

Renwick Challenges Mitchell and Offers Him Three Yards Start

Walter Renwick, the sprinter, who defeated Mitchel in the 100 yards race yesterday afternoon on the recreation grounds, is looking after more glory—and cash.

Mr. Renwick called at The Daily News office last night, feeling pretty good after his victory, and said he: "I wish you would state that I am willing and anxious to meet Mitchell once more. I will run him 10 yards, mutual consent start for any amount Mr. Mitchell and his friends like to put up, or I will run him 100 yards Sheffield rules, and give him three yards start, for any amount. And you may add that I am willing to meet any man in British Columbia in an all round contest, the details to be mutually agreed upon. I will be here tomorrow and expect to go over to Rossland on Saturday. I think that if Mitchell wants a race with me that next Thursday, Thanksgiving day, would be a good date for the event. Charles Walmsley will look after my interests here while I am away and will attend to any challenge that may be sent to me."

As Mitchell has already stated in print that he would race anyone in B. C. and give him four yards start in a hundred, there should be no difficulty about arranging another match for next week.

The Sheffield rules are said to provide for a start from the scratch at the shot of pistol, a contestant staring before gun fire to be put back a yard for each false start. This seems a much fairer arrangement than the so-called "mutual consent" start, used in yesterday's race.

J. J. WALKER, The Leading Jeweler

BY A LARGE MAJORITY

VOTE ON TRAMWAY BYLAW SMALL BUT EMPHATIC

CITY WILL OPERATE LINE FOR FOUR YEARS AFTER JAN. 1

Yesterday's vote on the agreement between the city and the electric tramway company was, as expected, a small one. The general feeling that the measure would surely carry, was so strong that many voters did not think it necessary to go to the polls. The attention of the ratepayers to the opening of the polls had been duly called by the daily press, and on the front of the street car yesterday was a flaring notice that the polls were open from 8 a.m. until 4 p.m., yet when 4 o'clock was reached only 182 voters had availed themselves of their privilege. Of the total, just four voters in each ward went on record as being opposed to the deal, and in favor of the agreement being ratified were 111 in the East ward and 63 in the West ward. The agreement will now be duly executed and from the first of next year the council will operate the tramway for four years.

Manager Mason has already arranged for a new car, smaller and much lighter, than the ones heretofore in use. The larger cars are to be kept for holidays and special occasions. When the city takes hold it is probable that a new running schedule will be issued.

The details of the agreement have all been before the public for some time and yesterday the citizens were evidently of the opinion that the deal was a good one, and that their interests had been duly safeguarded and they accordingly approved of the transaction.

DOUBLE WRECK ON B. & O.

Pittsburg, Penn., Nov. 10.—An east bound freight train on the Baltimore & Ohio railroad was wrecked today east of McKeesport, and before passenger train No. 3 from Cumberland could be flagged it plunged into the wrecked cars which had been piled up on the west bound track. The engineer and fireman of the passenger train were badly hurt and the former may die. None of the passenger coaches left the tracks. Several passengers were seriously bruised.

CRUISER COLUMBIA ASHORE.

Pensacola, Fla., Nov. 10.—The big cruiser Columbia which is to convey secretary of war Taft and his party to Panama, went ashore at 8 o'clock tonight in Pensacola harbor, and every available tug of the port is now on the scene endeavoring to pull the war vessel into deep water. The effort thus far has proven unsuccessful. It is expected she will be floated without injury at high tide in the morning.

TRAMWAY DEAL CLOSED

COUNCIL MEETING FINALLY PASSED AND RATIFIED BY COUNCIL

MANY OTHER IMPORTANT MATTERS ARE SETTLED

The city council met last night at 8 o'clock; present, the mayor and aldermen Bird, Clements, Selous, Kirkpatrick and Smith.

The public works committee submitted a report asking further time for the investigation of matters referred to them. The request was granted.

D. C. McMorris, returning officer, reported in detail the result of the voting on the tramway bylaw. The report was received and filed.

The city clerk reported having investigated a claim of John Bannerman in connection with an agreement which he alleged had been made between himself and John Houston, then mayor, and found that such an agreement had been made. It was decided that the agreement be carried out.

The finance committee reported accounts for work on sewers, streets, and sidewalks, amounting to $518, and recommended payment. Payment was ordered.

A petition from Leonard Wallace and others was read asking for an extension of the city water service along Richard street to their residences. The city engineer reported that there was no four inch pipe on hand, but some two inch pipe was available. It was decided to grant the petition, the size of pipe to be used being left in the discretion of the city engineer.

A letter from the secretary of the school board requested that the high school building, or at least the science laboratory be wired for electric light, as light is needed during the winter months. It was decided to grant the request, and the mayor was instructed to confer with the secretary of the board of trustees.

The letter from the provincial board of health secretary in regard to the city milk supply, which was laid on the table at the last meeting, was ordered to be handed to the city medical health officer.

Bylaw No. 153 was then reconsidered and finally passed and adopted.

Ald. Kirkpatrick presented a verbal request from W. E. Coles that his rates be rebated in consideration of his having on several occasions given warning to the city officials of the state of the reservoir. It was found that no agreement had been made and Mr. Cole's services had been performed at no sacrifice to himself. It was resolved that Mr. Cole be allowed a rebate of $5.

The city clerk reported a verbal request from the secretary of the Kootenay Lake general hospital for another cheque. No action was taken.

The city engineer asked for more meters to be placed on the premises of the larger consumers. He reported that no agreement had been reached between himself and the motor users where meters had not been placed as to the amount of water used by them, and the rates to be paid. He recommended that meters be placed on the Hall Mines smelter and the C.P.R. It was decided that the purchase of additional meters be placed at the discretion of the city engineer.

The request from the hospital was then discussed. Alderman Smith told of the effort being made to unite the two hospitals. It was decided to ask for a statement of the number of day's treatment given to city patients. The council then adjourned to Thursday, Nov. 24th at 8 p.m.

GADSKI IN NEW YORK.

Will Tour Large Cities of the American Continent.

New York, Nov. 10.—Madame Gadski gave her first song recital in this city at Carnegie hall today before a representative audience. She was well received and responded to several encores. Madame Gadski will shortly start on a tour which will extend over several months, during which she will visit all the larger cities en route to the coast, ending in the northwest.

ROOSEVELT WILL VISIT FAIR.

Washington, D.C., Nov. 10—President Roosevelt has decided to pay a visit to the St. Louis exposition and will leave here in time to be in St. Louis on November 26th.
