WANT RETURN

Security for Loan to G. T. P. Demanded

OPPOSITION AMENDMENT

BILL PUT THROUGH COMMITTEE STAGE—BIG FOREST RESERVE MAY BE SET ASIDE IN SOUTHWESTERN ALBERTA — RAILWAY EMPLOYEES ILL USAGE.

(Western Associated Press.)

OTTAWA, April 30—The Grand Trunk Pacific loan bill got practically through the committee stage on Friday. All clauses of the bill were practically passed but R. L. Borden asked that it be not reported for third reading as the opposition might still have something to say in committee stage. The third reading will be taken next week, when it is expected that the opposition will move at least one amendment. This will probably take the form of a demand that the government should take the common stock held by the Grand Trunk as security for the loan.

The bill to amend the Exchequer court act, which provides for appeals from the exchequer court to superior courts, was given the third reading.

Sir Wilfrid Laurier's resolutin in respect to the labor department passed, and a bill based thereon got its first reading. Discussion will take place on the second reading.

R. H. Campbell, superintendent of freatry, suggested to the committee on forests and waterways this morning that a belt of land from the Crow's Nest line to the international boundary line, and from the British Columbia line 50 miles eastward, should be reserved and the cut regulated. There seems to be about 12 million acres available, he said.

Mr. Campbell pointed out that three million feet of lumber per year or the product of nine million acres in 60 years would be required for the development of the Alberta coal mines.

Ill treatment of men working on the National Transcontinental railway, as alleged by the trades and labor council of Port William and Port Arthur, will be brought to the attention of parliament by Mr. Boyce, M.P. fr West Algoma.

The senate has given the third readings to bills respecting the Kettle Valley railroad and the Kootenay & Arrowhead railway.

There is a probability of Dr. J. G. Rutherford, veterinary director general of Canada, succeeding the late Hon. Thomas Greenway on the dominion board of railway commissioners. Dr. Rutherford is a former member of parliament afor Macdonald, Man., and before his appointment to his present position resided in Portage la Prairie.

SOUTH SWEPT BY STORM

Tennessee, Georgia and Alabama Suffer Severely.

HUNTSVILLE, Ala., April 30—Fifteen are dead, several score injured and 250 houses demolished as a result of the storm which struck Fayetteville, Tenn., and vicinity last night according to a reliable report which has reached Huntsville from that section. The dead number five and many more are injured. Immense damage was done in Madison county by hail and lightning.

ATLANTA, Ga., April 30—An epidemic of cyclones and tornadoes, the like of which have not been known for years, swept through the south last night and today leaving in their wake hundreds of dead and mangled bodies and the diamantled wrecks of property worth many millions. An exact list of the dead and an accurate estimate of the monetary loss may not be compiled for days but from along the path of the storm came tales of fearful loss of life and descriptions of whole towns and villages completely wiped out. The stor mwave seems to have had its origin in the north and swept from the lake region south in irregular fashion, now moderating its force as it spent, now growing more turbulent and angry. The state of Tennessee was anpecially heavy sufferer. At ten o'clock tonight careful estimates indicate that at least fifty people were killed in that state alone, while the loss will not fall short of a million.

At Franklin and in Hillsboro, there was loss of life. The latter town is saidto be practically destroyed. Near Pulaski in Giles county the death list reached twelve and many were injured in the vicinity of Chattanooga the storm was felt at its worst and in hoter parts of the state the telephone and telegraph wires were blown down and the movement of trains was greatly hampered. The hurricane followed the Cumberland valley wrecking small towns and destroying farm property. At Ebenezer, eighteen houses were blown down, at Knoxville the greatest damage was from intereference with commerce. Memphis reports heavy loss from towns within a radius of one hundred miles in three states. It swept over Arkansas and killed eight persons near Mammoth Springs. Atlanta and most of Georgia escaped with only slight property loss. But two young people, a brother and sister, lost their lives here this afternoon by the capsizing of a rowboat during the sudden squall. Striking Alabama and headed in a south easterly direction the hurricane continued upon its mad plight tonight. Huntsville sends word of her heavy loss of property with probably several lives sacrificed. At Hartsell at least one is dead and many hurt. The storm is still raging and seems to have gone almost directly southeast. Soon after dark tonight the strong winds began shooting across the railway telegraph and telephone lines connecting Atlanta with Chattanooga and Knoxville and wire communication during the afternoon ceased entirely.

LAKE SAILORS STRIKE

NEGOTIATIONS FAIL AND MEN WILL WALK OUT

TRAFFIC MAY BE HELD UP—THE OWNERS ARE DETERMINED

BUFFALO, April 30 — One of the greatest marine strikes in the history of labor on the chain of great lakes, will begin tomorrow morning, when over 30,000 men, members of the Lake Seamen's union, will leave the boats controlled by the Lake Carriers' association. George Hansen local agent of the Seamen's union in this city, received the following telegram this morning from Victor L. O'Lander, general secretary of the Lake Seamen's union: "Resolution No. 1 adopted. Act accordingly Saturday morning."

This was the first official word received of the action of the seamen and the office of the local was flooded with seamen today who had been anxiously waiting to hear the result of the referendum vote. The resolution on which the members voted is, in full: "Resolved that we endorse the letter of April 14 sent by the lake district grievance committee to the Lake Carriers' association. Further resolved, that we cannot accept the intolerable condition now sought to be enforced upon us by the Lake Carriers 'association and that we are ready to enter the employ of any shipowner or shipowners who will agree to fair treatment to our members, and where we can ship as free men and union men.'

All boats at this and other ports on the lakes which are controlled by the Lake Carriers' association, will be deserted by all union men tomorrow morning. In Buffalo there will be 3000 idle as a result of the strike.

CHICAGO, April 30—While no doubt is expressed here that the lake seamen's union has voted to strike, the result of the mail vote has not been announced yet. It is reported unofficially and has been for several days that the tendency of returns being returned was overwhelmingly in favor of a walk out.

Secretary J. M. Secord of the Marine Cooks' and Stewards' union, informed the Associated Press this afternoon that members of this union had unanimously voted to strike tomorrow morning.

HOLD-UP NEAR SPOKANE

NORTHERN PACIFIC EXPRESS WAS ROBBED AT HAUSER

SUSPECTS ARRESTED NEAR THE SCENE OF RAID.

HOUSER JUNCTION, April 30.—Two Highwaymen late last night held up and robbed a Northern Pacific passenger train three miles east of this place. The robbers cut the engine and one mail car from the train, shot twice at the fireman, ordering him from the engine, put a revolver to engineer Whittell's eyes and compelled him to send his engine ahead. The other bandit took the place of the fireman and as they passed through Hauser he was throwing coal into the firebox in an experienced manner. This together with the fact that there were no markers on the rear of the train and that the engine crew disregarded signals, caused the telegraph operator at the station to suspect that it was a holdup and he notified the train despatcher in Spokane to that effect. Officials in Spokane and Rathdrum were promptly informed and while the mail car was being robbed later at a point between Trent and Yardley, posses were forming on either side of the bandits to overhaul them. The engine and mail car ran by the signals in Trent 10 miles east of Spokane and had not appeared in Yardley up to the time of writing.

(Special to The Daily News.)

SPOKANE, April 30—With the capture of two men near the Northern Pacific east by officers Bradley and Hall, the police believe that they have the train robbers who held up the Northern Pacific passenger train No. 3 at 10:30 o'clock last night, three miles east of Hauser Junction. The men were seen at 11:30 o'clock last night by officers Bradley and Hall coming across the Mission avenue bridge and at this time the officers knew nothing concerning the holdup. As the two men passed the officers noticed that they were breathing hard.

The two officers overhauled the men and searched them. The only thing they found was 75 cents. They claimed to be railroad men. It is believed it was planned to rob the express car, because of the presence of six sticks of dynamite.

VETERAN REMAINS LEADER

DEMOCRATIC MANNER OF MEHEMMED CREATES FAVORABLE IMPRESSION IN CONSTANTINOPLE — RUMOR OF PROSECUTION OF OLD SULTAN DENIED

CONSTANTINOPLE, April 30—Tewfik Pasha has finally succeeded in forming a new ministry to preside over the destinies of the Turkish empire, a task he undertook reluctantly when some of the members of the committee of union and progress displayed opposition to Hilmi Pasha resuming his old position as premier. The new ministry fodows: Grand vizier, Tewfik Pasha, minister of the interior, exgrand vizier Berid Pasha; minister of war Saiab Pasha; minister of finance, Rifaat Bey; minister of marine, general Riset Pasha; minister of foreign affairs, Rifaat Pasha; minister of justice, Hassan Fehmi Pasha; Sheik ul Islam, Hai Eddin Effendi; minister of pubuic works and commerce, Gabriel Effendi; minister of agriculture, prince Mavrogordato; minister of pious foundations, Mahmoud Ekrem Bey; minister of public instruction, Hakka Bey.

Mehemmed V drove through the streets in democratic fashion today on his way to the mosque to ffer the regular Friday prayers. The ceremonial formerly attached to the function during the reign of Abdul Hamid was altogether lacking and the subjects of the new sultan seemed to appreciate his democratic minor and accepted it as evidence of the beginning of a more lenient rule.

A rumor emanating from Salonika to the effect that Abdul Hamid would be court martialed was in circulation here today but met with denial. It is reported that the police have made numerous seizures of arms, ammunition and bombs which were to have been used in a fanatical outbreak which general Schefket's timely occupation of the city prevented. Search parties are engaged in the grounds of the Yildiz Kiosk digging for treasure supposed to have been buried by Abdul Hamid.

The majority ofthe sealers not out will leave for the sea otter grounds on the Alaskan coast to hunt otter until the Bering sea season begins. The Japanese sealing schooners, owing to Japan not being a party to the regulations, are not precluded from sealing in the closed season and a fleet is now in northern waters following the herds right to Bering sea.

There are over a thousand Chinese o nthe way to Victoria. The Empress of Japan is due tomorrow with 575 and the seamer Ning Chow of the Blue funnel line, is bringing over 600 according to advices from Japan. The C. P. SMOKER BIG SUCCESS

EAGLES PROVIDE EXCELLENT PROGRAM FOR FRIENDS

SONGS, MUSIC AND BOXING CONTEST ARE ENJOYED

Many and varied were the attractions presented at the smoking concert given in the Alice roller rink last night under the auspices of the Eagles' orchestra and band. The committee in charge which consisted of H. G. Goodeve, H. Frink and N. Mallett, had spent a great deal of time and had gone to a lot of trouble in making arrangements but they must have been more than repaid by the huge success of the event. The audience was a large one, in fact one of the largest ever seen at a smoker in Nelson, about 350 people being present. The concert was one long feast of good music, comic songs, instrumental solos and duets, and last but not least two excellent boxing contests. The audience showed their appreciation by vigorous applause and by frequently joining in the choruses of the various numbers, many of which were evidently old favorites.

The program was opened by a selection of bright topical music by the Eagles band and orchestra which appeared to act magically on the audience, at once putting them on good terms with themselves and the performers. One of the most noticeable things about this fine band of musicians, next to their really magnificent execution, is the large selection of music with which they are equipped. There is certainly nothing hackneyed about the music with which this band delights its admirers. T. D. Davis next sang some comic songs in a pleasantly humorous manner and C. G. Broadwood followed with that great old number "Chorus, Gentlemen," a song which never fails to please the lover of the brightly written ballad. A bone solo by E. Mason offered a pleasing variety and was applauded to the echo as was also a clog dance given by the same talented amateur. Well chosen comic numbers were rendered by J. J. Thompson, W. Kampreau and H. Earle eliciting a well merited measure of applause. Lovers of "Bonnie Scotland" were catered for by a number of Scotch songs delivered by B. Calder, who chose Harry Lauder's great success, "Stop Your Ticklin, Jock" and J. McKay.

"Goodbye, Sweethart, Goodbye" was sympathetically g[illegible] by W. Hughes and A. Gilmour in a "Farmyard Impersonation" also gained many admirers by the deep sense of humor and excellent acting displayed.

The boxing contests were two in number, the contestants in the first being W. Holland and A. Gilmour, and in th second W. Davidson and J. Scolley. Both were closely contested, each man getting in some clever shots to body and face with both right and left gloves. The decision of the referee left the contest drawn.

Other items of this interesting program were an exhibition of club swinging by W. Crocks, duets and songs by C. Holloway and H. Lupton, the former rendering "The Carnival"; a bag pipe selection by S. McLeary and G. Gunn and a song entitled "Back and Swing" by a gentleman who sang under the stage name of Devoe. It is unnecessary to state that the numbers rendered by Messrs. Holloway and Lupton were received with the greatest appreciation as was also the bagpipe selection by Messrs. Gunn and McLeary. Mr. Devoe is a new comer in the city and will undoubtedly make a name for himself as a singer of comic songs. E. Mason acted as master of ceremonies.

OFFICIAL DECLARATION

All Affected Unions of Lake Sailors Walk Out Today

BUFFALO, April 30—The first formal declaration of war by the inbor unions on the Great Lakes against the lake carriers 'association will be issued tomorrow. Officially it will be the inauguration of a strike between 30,000 and 35,000 men employed in very capacity on board ship except masters. As a matter of fact, there will be practically no change in the situation which has existed since the opening of navigation, when the marine engineers refused to sign contracts in which the lake carriers' association had inserted the open shop clause. The engineers were backed up by the officers of the firemen, oilers and water tenders' association, and the marine cooks and stwards' unions, leaders in both organizations refusing to allow their men to ship on board a lake carrier with a non-union engineer. Under the constitution and by-laws the officers could not, however, declare a strike until the question had been submitted to referendum vote. This was done last week and according to advices received by local unions today the vote to strike was practically unanimous. Secretary J. M. Secord of the marine cooks' and stewards' union said late this afternoon: "The members of our union voted unanimously to strike tomorrow morning."

British Fear Loss of Trade by Stamp Duties

BUDGET IS NOT POPULAR

LORD STRATHCONA REPLIES TO CRITICISM OF HIS GIFT FOR MILITARY EDUCATION IN CANADA—DESCRIBES AWAKENING AS NEEDED NATIONAL EFFORT

LONDON, April 30—The fresh burdens imposed upon capital by the new budget as announced by chancellor of the exchequer Lloyd George in the House of Commons yesterday has not had much effect on prices on the stcok exchange. The increased stamp duties, however, are particularly disliked. It is feared they will drive business away to other centres.

Being shown today a report from Toronto of the Friends' association, regretting his $250,000 gift for military education and also reports from the Ontario educational association, Lord Strathcona replied: "Oh, well, each province can do as it pleases. I initiated nothing. I merely seconded a scheme proposed by the Dominion government and accepted by the Dominion parliament. Nova Scotia, you know, has come in. I wished to give a stimulus to, as I think, a necessary national effort."

Carrie Chapman Catt, of New York, was today re-elected president of the Woman's International Suffrage Alliance, now in session here, without a dissenting vote.

MOSLEM FURY SUBSIDES

MASSACRES IN ASIA MINOR HAVE NEARLY CEASED

REFUGEES IN PITIABLE CONDITION—SMALLPOX OUTBREAK

MARASH, Asiatic Turkey, April 30—The situation has improved here and the missionaries and the city are at ease. Many of the surrounding villages are in ruins.

During the early days of the outbreak, twenty-two Armenian pastors who were making their way to Adana to attend a meeting of the district missionaries were killed by the Moslems. They had taken refuge in a church during a storm. The tribesmen set the building on fire and the pastors were shot down as they came to the door.

LATAKIA, Asiatic Turkey, April 30—Refugees are still coming into Latakia from the devastated districts to the north. Their condition is pitiable and as the sanitary conditions of the barracks where they are being housed are bad, an epidemic is raging. There has been an increase in the number of smallpox cases. Six hundred refugees are quartered on the premises of the mission maintained by the reformed Presbyterian church of America. American mission properties at Kessab have been destroyed by the Moslems.

MERSINA, April 30—Mersina is under martial law. There is a lack of fresh water and the dead animals and garbage that fill the streets make the place scarcely habitable. Because of these conditions eight English and American missionaries, mostly women, have decided to leave Mersina for a change to healthier surroundings. The river that empties into the sea here still carries with it as it flows the bodies of dead Christians from the scene of the massacres. Among the ghastly burdens of the stream today was the mutilated body of a woman nailed to a cross.

SALOONS AND CITY COUNCIL

Montreal Aldermen Held up Owners For Campaign Funds

MONTREAL, April 30—It is becoming evident that Judge Cannon is doing his best to get at the bottom of Montreal's civic mismanagement. Time after time today he over-ruled objections made by lawyers intended to limit the scope of the inquiry assuring counsel that he was not running a court but an investigation and that the greatest latitude was to be allowed in the presentation or elucidation of pertinent facts. The principal witness was chief of police Campeau and the evidence sought to bring out the reasons which prompted the chief in withdrawing so many prosecutions brought against certain men for violation of the law upon their paying the costs. In this no great amount of success was attained. The chief proved very forgetful. The only alderman he could remember as having interceded on behalf of saloon keepers was alderman L. A. Lapointe and exalderman Robillard and ex-mayor Ekers, the latter's intervention being only during the time he was an alderman and then only in his capacity as a brewer. Most of the intervention, according to the chief was from wholesale liquor men who represented to him that if the saloon men were brought into court and fined they would lose their licenses and they would lose large sums of money. The saloon men also complained that prosecution would mean ruin to them. They always promised that in future they would refrain from breaking the law; they did not do it but came back with renewed promises when next they got into trouble. This lew Mr. Laflamme to refer to them as decidivits. There was also some questioning as to the root trouble. This led Mr. Laflamme to cated in the vicinity of the railway stations. An attempt was made to find out way the police were not more successful in securing better observance of the law and the chief explained that this was because the saloon men maintained spies and were cognizant of every move of the police. This led judge Cannon to the observation that the tables appeared to be turned and the police instead of being the spies were th people spied upon. The inquiry was adjourned until Monday when the examination of the chief will be continued.

AS SEEN IN ENGLAND

WHAT OVER-SEAS MAIL SAYS OF JOSEPH MARTIN

LIKENS HIM TO FARMER BUT SAYS HE IS ORATOR

The Daily Mail Over-Seas edition of April 17 has the following references to the candidature of Mr. Joseph Martin in the by-election in Stratford-on-Avon.

Mr. Joseph Martin, K. C., sometime prime minister of British Columbia, was unanimously adopted on Tuesday by the Stratford-on-Avon liberals as their candidate.

Mr. Martin is a genial and vigorous Canadian, who arrived in England ted days ago ready to undertake any fight which offered. Stratford-on-Avon fell vacant, and the local liberals would have none of it. The chief liberal whip suggested Mr. Martin, and the Stratford liberals received him with open arms.

Mr. Martin is a burly man with something of the air of a prosperous farmer. His style is big and bold, and his eloquence runs like a river in flood. He has fought 12 elections in Canada and lost four, and the lessons he has crystallized into them: "That man is of most use to his party who is prepared to carry its banner even when there is some question of doubt as to whether he will win."

Mr. Martin is 56 years old. He began to practice as a lawyer in 1882, and in the same year was elected to the legislature of Manitoba. Six years later he became attorney-general. Finding politics rather expensive he resigned and devoted himself to private practice. But two years later he was sitting in the Dominion parliament as the first liberal member for Winnipeg. He removed to British Columbia, became attorney-general there, and in 1900 was invited to form a government. He was prime minister for six months.

In his address he set forth what he would like to see the government more radical still. He would give votes to women, abolish the house of lords, tax land, and refuse preference to the colonies.

BRADSTREET'S REPORT

Business in Canada Retarded by Unseasonable Weather.

MONTREAL, April 30—Bradstreet's statement of trade tomorrow will say in Canada the demand for seasonable goods at retail is hampered considerably by cool weather but business in summer and fall lines is good at wholesale. He was badly shaken up but after his wounds had been dressed he was able to take an automobile to his home.

SENATE'S BILL

Retaliation is a Prominent Feature

AMENDMENTS TO TARIFF

THE UPPER CHAMBER AT REPORT STAGE ON PAYNE BILL—PRICE OF COFFEE AND OTHER ARTICLES FROM BRAZIL MAY BE AFFECTED.

WASHINGTON, April 30—The senate's retaliatory provision is practically a reversal of that originally placed in the Payne bill. Instead of the rates applying automatically against a country which discriminates in its tariff laws against the products of the United States, the financial committee substitute makes the maximum rates apply to all countries after the 31st of March, 1910 and then gives the president the power to apply the minimum rates to those countries which give the United States equal concessions with other countries. But the president must in his proclamation declare that the country which is favored with the minimum rates does not impose any terms or restrictions, either in the way of tariff rate or trade or ther regulations, directly or indirectly, upon the sale or importation into that country of any product of the United States. This, in effect, is the requirement which was in the house bill. In addition the senate amendment requires that a country, in order to receive the minimum rates of the American tariff, cannot impose an export bounty or prohibition upon the exportation of any article to the United States which unduly discriminates against the products of the United States. The latter provision was not made in the house bill. It was not thought that it will affect Brazil because of the export tax placed bythat country on coffee. But it is expected that it will affect those countries which impose an import tax on a raw material which is used for manufacture in the United States. Coffee and tea are the only articles on the free list upon which a maximum duty is applied. At the meeting of the finance committee at which the decision to report the amendment was reached, there was a full attendance of members. The democrats contented themselves with announcing their opposition.

A large number of other administrative features were agreed upon and will be reported to the senate later. Among these was an amendment providing for a customs court of appeals to pass upon all contested decisions of the board of general appraisers.

Speaking of the coffee provisions of the amendment senator Aldrich said today that it would apply to Brazil if that country should discriminate against the United States, but it was believed that it could be used so as to influence Brazil and other coffee producing countries to place the United States on favorable footing. It is not expected that the provision will have the effect of placing a duty on either tea or coffee but that conditions regarding their admission will continue as at present coupled with some concessions to the United States on other articles. The fact that any country places an export duty on coffee will not necessarily cause the United States to adhere to the maximum rate.

The number of advisers to the president in the matter of the minimum rates is not specified and there is no restriction.

Fatal Incendiary Fire

NEW YORK, April 30—Eight persons, five of them children, were burned to death and 14 others were injured some of them fatally, in an incendiary fire in a five story tenement house at 37 Spring street, occupied by 20 Italian families, early today. he blaze followed a demand by members of a so called Black Hand society for the payment of $1000 blackmail. It spread through the hallways with startling rapidity, as these were soaked in kerosene oil by the blackmailers. In the panic which followed the alarm the tenants fought their way down the fire escapes or jumped from the windows while babies were thrown from windows into the arms of policemen on the street.

Of the injured six, of whom three are children, are now expected to recover. Jacob Brock, the proprietor of a grocery store on the first floor of the building received on April 15 a letter reading: "We demand $1000 or death. Bring it to Moot street. Petrosino is dead, but the Black Hand lives. (Signed) Black Hand society." On Monday Brock received another letter written in a similar strain. He turned both letters over to the police.

The tow is believed to be the Seattle fishing steamer Grants.

BRANTFORD, April 30—Eight Harrisburg hoodlums were mulcted of $10 in fines yesterday as a result of a series of disturbances in that village.

MONTREAL, April 30 — A storm which swept over western and central Ontario yesterday reached eastern Ontario this morning. Several inches of snow have fallen in some places and in others sleet is falling, accompanied by a strong east wind. Much inconvenience was caused in Montreal and Ottawa at this the annual household moving time.

MONTREAL, April 30 — Fire last night did damage to the extent of $10,000 to the wholesale millinery establishment of Farrell, Beleisle and company, Notre Dame street.

MONTREAL, April 30 — Montreal bank clearings for the month ending April 30, amount to $135,189,232, compared with $111,032,633 for the same month last year, and $117,054,598 for 1907.

MONTREAL, April 30—Chief justice Taschereau announced today that pending appeal being heard in Montreal the disqualified members of the finance committee could again resume their seats, and this without fear that they would be fined for any votes they might cast pending decision on the appeal.

TORONTO, April 30 — A coroner's jury holds Gesain or Gagnon, now in custody in northern Ontario, responsible for the death of Mary E. Smith of Cobalt, who died of tuberculosis in St. Michael's hospital here on April 17 as a result of injuries received in an assault by the accused in Cobalt last November.

GLACE BAY, April 30—Four children of Stephen McAskill of No. 4 colliery, were burned to death this morning in a fire which destroyed their home. Their ages range from 5 to 14 years. The house caught fire while all the inmates were asleep and the remainder of the family had narrow escapes. MONTREAL, April 30—At the convocation of McGill university this afternoon dean Walton expressed deep regret that the policy of the government did so much to discourage Chinese students from attending Canadian universities. If they wanted to go to universities in the United States or England the doors were wide open to them. Only in Canada, he said, must Chinese students pay a head tax before entering the country. It was true that those certified might get a refund after a year of study, but a student would not likely choose to take his university career in a country which exposed him to the humiliating necessity of paying a head tax.

SCRAPING THE STOMACH

Dangerous and Painful Operation Avoided by Taking "Fruit-a-tives."

Guelph, Ont., Aug. 6, 1908.

I suffered for many months with dreadful Stomach Trouble, with vomiting and constant pain, and I could retain practically nothing.

My doctor stated that I must go to the hospital and undergo an operation of scraping the stomach and be fed by the bowels for weeks. All the medicine the doctor gave me I vomited at once. I was dreadfully alarmed, but I dreaded an operation and had refused.

I had heard of "Fruit-a-tives" and the great success they were having in all Stomach Troubles, and I decided to try them. To my surprise, the "Fruit-a-tives" not only remained on the stomach, but they also checked the vomiting. I immediately began to improve, and in three days the pain was easier and I was decidedly better. I continued to take "Fruit-a-tives" and they completely cured me.

Mrs. Austin Hainstock.

"Fruit-a-tives" are 50c a box, 6 boxes for $2.50, trial box 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

CAME CLOSE TO RECORD

KING'S HORSE GOOD SECOND IN THOUSAND GUINEAS RACE

VICTORY WOULD HAVE GIVEN HIS MAJESTY TWO BIG EVENTS

(Canadian Associated Press)

LONDON, April 30—His Majesty came very close to establishing a new turf record by winning both the two thousand and one thousand guineas in one season today, when Princess De Galea ran L. Newmann's Electra close in the finish for the fillies, classic at Newmarket this afternoon.

The winner is a beautiful type of thoroughbred by Eager-Sirenia and out of eight races in which she started last season won four and finished four times second. She is entered in the Oaks. Perola was third while Maid of the Mist, the famous Sceptre filly was unplaced as was also Vivid.

The summary is one thousand guineas stakes for three year old fillies, over the Rowley mile. First, L. Neumann's Electra, 9 to 1; second, His Majesty's Princess De Galles, 5 to 2; third, W. C. Oppenheimer's Perola, 3 to 1.

Also ran Maid of the Mist, Vivid, Massouda, Curzola, Janfaire, Biscap and Appeal.

Golf at Atlantic City.

ATLANTIC CITY, April 30—Golfers in the spring tournament of the Atlantic City Country club had another disparaging start today when match play began in all sides of the regular divisions. It was fifteen degrees warmer than yesterday but it rained all night and only the sandy soil of the links prevented the course from being spongy. Besides there was a smart shower of rain in the morning, soaking every one.

In the first round Walter G. Travis, former international champion, beat A. D. S. Johnson one up. Travis had a close call. He was relatively weak in putting and especially on his approach while Johnson, who is one of the hardest hitters from the tee in this country was getting magnificent drives almost without exception.

Old Country Football.

LONDON, April 30—The following are the results of games played in the Scottish league yesterday:

ST. PAUL, Minn., April 30—Owing to rain and snow for past two days, the St. Paul baseball club announced today that the entire series with Milwaukee which was to have begun at St. Paul today will be transferred to Milwaukee where they play that club.

Senate Reports Bill.

WASHINGTON, April 30—The senate finance committee's substitute for the Payne tariff bill maximum and minimum provision was reported to the senate today by Senator Aldrich, chairman of the committee. It puts in effect after March 31, 1910, a maximum provision for an additional 25 per cent. ad valorem on all of the rates of the senate bill and then gives to the president the power to apply the maximum rates to any country or section of the country by proclamation. It provides for a duty of five cents on coffee and ten cents on tea imported from countries to which the maximum rates are applied. The section also gives the president the power to employ a tariff commission for the purpose only of gathering the information

LOST ON LAKE SUPERIOR

Steamer Aurania of Cleveland Goes Down in Whitefish Bay.

SAULT STE. MARIE, Mich., April 30—While it is the general opinion in marine circles today that it was the Corrigan line steamer Aurania which sank yesterday in Whitefish Bay, nothing definite has yet been learned. A ferocious storm is raging today over the upper lake region and it may prevent any boats getting down from Whitefish Bay today. If so, there may be no confirmation of the boats identity nor definite details of the accident received for twenty-four hours. Blinding snow accompanied the gale which is blowing.

CLEVELAND, April 30—No word received here today by Corrigan, McKinney & Co. who operate the steamer Aurania, which is supposed to have foundered in the ice off the Parisian islands, in Whitefish Bay, yesterday. The company late last night received a telegram saying that it was one of the Corrigan boats. The Aurania was the only Corrigan boat in that part of the great lakes. The Aurania is owned by Captain John Corrigan of this city. She is 352 feet long and was built in 1895 as a barge but recently was converted into a steamer. Capt. Robert O. Pringle of Cleveland and a crew of twenty men were in charge of the vessel when she left Buffalo last week for Lake Superior with a cargo of coal.

Tornado in Ohio.

PIQUA, April 30—A desperate tornado sweeping a path 20 miles wide, causing property damage in this region today estimated at $100,000. The path of destruction extends through several counties. Great damage was done in the towns of Piqua, Sidney, Houston, Fletcher, St. Paris and Kirkwood. No loss of life so far has been reported.

Does Your Back Ache?

If you are a woman and you have this symptom get Lydia E. Pinkham's Vegetable Compound without delay.

Backache seems an invention of the evil one to try woman's souls. Only those who suffer this way can understand the wearing, ceaseless misery.

We ask all such women to read the two following letters for proof that Mrs. Pinkham's medicine cures backache caused by female diseases.

Brooklyn, N. Y.—"I have been a great sufferer with a constant pain in my back. I was advised to use Lydia E. Pinkham's Vegetable Compound for it, and the pain has disappeared. I feel like a new woman since that awful pain has gone, and may God bless the discoverer of that great and wonderful remedy."—Mrs. Peter Gaffney, 548 Marcy Ave., Brooklyn, N. Y.

Milwaukee, Wis.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world about it.

"I suffered from female troubles and fearful pains in my back. I had the best doctors and they all advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I am ready to tell every one what this medicine has done for me."—Mrs. Emma Imse, 833 First St., Milwaukee, Wis.

Lydia E. Pinkham's Vegetable Compound has made thousands of cures of such cases. You notice we say has cured thousands of cases. That means that we are telling you what it *has* done, not what we *think* it will do. We are stating facts, not guesses.

We challenge the world to name another remedy for female ills which has been so successful or received so many testimonials as has Lydia E. Pinkham's Vegetable Compound.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system.

THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of KNOWN COMPOSITION. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. *See that you get what you ask for.*

BALMY BREEZES BLOW

CENTRAL UNITED STATES SWEPT BY TORNADOES

MANY KILLED AND INJURED AND HEAVY PROPERY LOSS

CHICAGO, April 30 — The storm which seemed to be over almost the entire country, apparently has broken all records in number and variety of freakish atmospheric disturbances, tornadoes, snow, sleet, rain, hail, lightning, flood, flames and electrical phenomena being among its features. In the middle west, there have been most spectacular happenings among thousands of accidents which dealt death and ruin on every hand. A score or more lives were claimed as toll and property of immense value was destroyed by the wind and rain of tornado and torrential proportions which swept a large portion of the south.

Storm conditions in this vicinity are somewhat improved this afternoon between showers and thunder storms, turning to snow flurries and colder with westerly gales are predicted for the next 24 hours. Wires are down in Iowa, Missouri and Kansas and transportation in Central Illinois and the northwest is partly paralyzed. At Superior, Wis., the blizzard is still raging. Snow was driven all night by a wind ranging from 40 to 55 miles an hour. Four inches of snow already have fallen at Lacrosse and the storm shows no signs of stopping. Freezing weather prevails over a large portion of Nebraska and the Panhandle of Texas.

Six persons were killed and 50 injured in Chicago and environs during the storm last night according to reports received today by the police and coroner.

ATLANTA, Ga., April 30—Between 25 and 30 persons are dead in Tennessee, Mississippi and Arkansas and scores are injured as the result of a series of tornadoes in these states. During the night telegraph wires went down all over the south with the exception of the south Atlantic states. On both sides of the Mississippi for hundreds of miles it was a most threatening night with here and there a puff of wind which knocked down trees and which isolated many sections of the south for hours from communication even with neighboring communities.

EXPECTING TROUBLE

Labor Demonstrations in Paris Today Under Guard

PARIS, April 30—Tomorrow is May day, the day on which the National Federation of Labor unions has urged laborers throughout the country to join in a one day strike demonstrating the strength of organized labor and of its protests against present conditions. The police have issued an order prohibiting all parades in Paris tomorrow and much uneasiness has manifested itself in the city regarding the possibilities of the day. The leaders of the movement disclaim any intention to inaugurate a revolution on May day, declaring that it will be devoted to a demonstration of the solidarity of labor. They assert that the cessation of work will be general but that trouble could arise only from irresponsible hot heads. Nevertheless the government is known to have taken measures to concentrate many thousands of troops in the city and has scattered ships with wireless apparatus at every important port in France where they will maintain communication with the Eiffel tower wireless operators belonging to the navy, who can be depended on.

PAST MONTH'S RECORD

FIGURES SHOW CONTINUED ABSENCE OF SERIOUS CRIME

PRISONERS RECEIVED AT JAIL AND NUMBER NOW THERE

The continued absence of serious crime in the city was again noticeable in the police court statistics for last month. There were in all 11 cases before the magistrate. Of these, three were for vagrancy, two common assault, one causing a mischief by breaking windows, etc, one theft of electric current, the property of the city, and one obtaining money by false pretenses. The remaining three were cases of men charged with being drunk and disorderly.

The customs returns for April totalled $12,425.08. The large decrease as compared with last month is accounted for by the fact that with the commencement of the fiscal year on April 1, the customs ports of entry at Fernie, Kingsgate, Gateway and Cranbrook became separate from the Nelson port.

Thirteen prisoners were received during the month in the provincial gaol. Two of these were passing through on their way to the penitentiary; one was in gaol one night only, being released the next day upon sentence of a fine by the magistrate, and two, the men Burton and Alton, were arrested in Nelson and kept in the lockup one night before being sent to Spokane on a charge of counterfeiting. The actual addition to the number of men in gaol on April 1 was thus only eight. The total number of men in gaol yesterday was 46 as compared with 37 at the end of the same month last year. The number of prisoners brought in during April, 1908 was six: one of these was sentenced to a period at the Nelson gaol, the other five being either discharged or taken to the penitentiary. The largest number of men in gaol at any one time during the month was 53 this year and 44 last year.

THE NEW HOSPITAL

The directors of the Kootenay Lake General hospital are embarking upon a most laudable enterprise, the construction of a new building thoroughly equipped in every respect. In this they deserve the support, not only of the people of Nelson but of the whole of the Kootenays and Boundary, for the need of a modern hospital in this country has been generally felt for many years.

The proposal of the directors is to erect a hospital, not necessarily a large one, but one that will be in point of completeness the equal of anything in this province or in the western states to the south. This country requires such an institution and the action of the directors of the Kootenay Lake hospital in taking steps to provide it, should meet with hearty approval. But approval will not build the hospital. Strong financial support is a first necessity. Without it the directors cannot provide the necessary building and equipment.

At present all cases of serious illnesses involving operations which occur in the Kootenays and the Boundary are practically forced to go to Spokane or the coast for treatment, because there is no hospital in this district equipped for handling them. To provide such an institution is the aim of the directors of the Kootenay Lake general. A hospital such as proposed would handle many cases from the surrounding cities and districts, perhaps as many as from the city of Nelson, in which it will be situated. It is only fair and right that an opportunity should be given all the people who will benefit from the construction of such a hospital to contribute to its cost. The provincial government has already promised $30,000 for this hospital in this city provided the directors raise an equal amount. This should not be a very hard task. The people of Nelson will certainly contribute loyally to the project and, if they get the outside support the undertaking calls for, it should be only a question of a very short time until the amount required is in hand.

The undertaking will involve a great amount of work and responsibility for the directors but they are quite prepared to do their part and with the support that should be forthcoming there should be no question of the results of their efforts.

HOLLAND REJOICING

Not for many long years has an infant received such an enthusiastic welcome into this world as that which has been accorded the little princess born to queen Wilhelmina of Holland yesterday morning. For once, the Dutch are moved and yesterday there was rejoicing throughout the length and breadth of the land.

In these days the birth of a royal prince or princess ordinarily does not arouse any great amount of enthusiasm, so that this case is an exception, but there is reason for it. The people of Holland are anxious about the succession to the throne. Queen Wilhelmina is the last of her line. Failing a direct heir at the time of her death, the crown would go to a cousin, prince Henry XXXII of Russ, grandson of the duchess of Saxe-Weimar, who was a sister of queen Wilhelmina's father, William III. of Holland. Prince Henry is a German and the Dutch see danger to their independence in his accession. Germany has designs on Holland; hence the objection to a German ruler.

The history of Holland until the last hundred years or so had been for centuries practically one continual struggle for liberty. Originally part of the German kingdom, the various component states of the Netherlands were gradually united into one nation and in the fifteenth century came under the control of the dukes of Burgundy, becoming part of the Austrian empire on the death of duke Charles the Bold in 1477. Later the Netherlands were linked to Spain through the union by marriage of the Austrian and Spanish royal houses. In the middle of the sixteenth century began the attempt to throw off the yoke of Spain which was finally accomplished a century later. From then until the Napoleonic wars the history of the Netherlands was one of more or less vicissitude. Napoleon annexed the Netherlands, which included both Holland and Belgium, to France, but in 1813 the nation arose and, declaring its independence, chose William, Prince of Orange, as king. This action was ratified by the powers by the treaty of Vienna, since when the independence of the Netherlands has never been in question, although in 1830 a division occurred and two kingdoms were formed, Holland and Belgium, the house of Orange remaining at the head of the former. It is to this house that queen Wilhelmina belongs.

The centuries of struggle through which they have passed have bred in the Dutch nation a desire for independence which nothing will quench. They, therefore, view with jealous eye any introduction of German influence, such as might follow the accession of prince Henry, should the present queen die without issue. The birth to her majesty yesterday of a daughter, however, sets the minds of the people at rest for the present. Providing the little lady grows to womanhood, they are assured of a ruler of their own race, even if succeeding years do not bring a son and heir to the royal house of Orange.

EDITORIAL NOTES

Now for tales of those big fish which were almost caught.

The fishing season opens today; the fishing story season is open all the year round.

The birth of a princess in Holland yesterday appears a good deal like a case of the Dutch capturing Holland.

Judging by the preparations which have been made there should be no shortage of trout on Nelson tables for the next few days.

Mrs. Carrie Chapman Catt has been elected president of the International Women's Suffrage society. There are some people who will be so unkind as to say that the new president's name is most appropriate.

A dispatch says that the Young Turks will place the late sultan Abdul Hamid on trial for his life. They should have no difficulty in finding charges which would warrant the death penalty.

An interesting feature of the British budget was the announcement that the government will allow a rebate in the income tax on salaries of less than £500 per year of 10d. for every child in the family under sixteen years of age. This is one case where children will prove a blessing.

Mehemmed Rechad, whom the Young Turks have placed on the throne of Turkey in succession to his brother Aoual Hamid can neither read nor write and knows nothing of world affairs, his life having been spent in his harem where for years he has been kept a prisoner by his amiable elder brother. The Young Turks may know what they are doing but at this distance it does not look as though they exercised very much discretion in their choice of a sultan.

FIGHT TO A FINISH.

Party Feeling in Newfoundland is Very Bitter.

ST. JOHNS, April 30—Sir Robert Bond, the former premier, met with a hostile reception today when he attempted to land from a steamer at Western Bay, the Bay Verde district, for the purpose of addressing a political rally. Sir Robert is touring the towns and villages along Conception Bay in the interests of his party. He was met by a crowd of voters in sympathy with Sir Edward Morris' party and warned that the electors of Western Bay did not desire to hear him. The former premier charged that the objectors were engaged by the Morris party to prevent him from speaking and announced his intention of landing and making an address. The crowd made a rush for the landing place and in the confusion Sir Robert was pushed overboard. He was not injured and succeeded in climbing into a rowboat . He rejoined the steamer and made no further attempt to land. The incident is attributed to the intense political feeling which prevails throughout the colony. Polling will take place one week from tomorrow. The Bondites and Morrisites have nominated straight tickets in every district. There are no Independents running.

Freak of Storm

DETROIT, April 30—A tidal wave ten feet high at South Haven on the east shore of Lake Michigan was the most unusual feature of the terrific wind and rain storm which swept over Lake Michigan last night. The wave caused about $2000 damage to water front property at South Haven. At Fenton where the storm approached the proportions of a tornado damage aggregating $50,000 was done. Much live stock was killed all over the state Streams are running out of their banks in many places. At Grand Rapids the Grand river has risen four feet and flood warnings have been sent out.

Toronto Licenses Reduced

TORONTO, April 30.—The license commissioners tonight cut of 41 tavern licenses instead of 40 which was the number voted on in the bylaw in the municipal elections. The extra one was due to the fact that the annexation of east Toronto brought in an extra license. The licenses cut off are given three months to clear out, but will have to pay $400 to sell in that time.

The appointment is announced of Mr. John H. Carnegie, M. L. A. of east Victoria, to the position of distributor of law stamps at Osgood Hall. The salary with the office is $2,300. The vacancy in the legislature will be filled by a bye-election, nominations being fixed for May 18th and polling on Monday May 25th.

Crown office subpoenas were today served on Mrs. and Miss Florence Klarade ordering them to appear at the inquest of the murdered sister at Hamilton on Monday. All accepted the service.

LOCAL HALF BATTALION

PARADE OF NELSON COMPANIES AT RECREATION GROUNDS

MILITARY SCHOOL TO BE OPENED AT END OF MAY

The local militia, the half battalion of the 102nd Regiment, under the command of Lt.-Col. W. J. H. Holmes of Kaslo, paraded to the recreation grounds last night. Since arrangements have been made for lighting the grounds they make an ideal parade ground.

The troops on parade last night numbered 101 rank and file. The two companies indulged in marching and firing exercises and in extended order movements.

The stretcher bearer corps was given practice in carrying supposedly wounded men to the rear under fire.

The machine gun detachment was out and exercised with the gun in rapid movements.

The signalling corps is now equipped with a heliograph and with signalling lamps for night duty. The lamps were used last night. The new equipment was received only yesterday and the members of the corps are already fairly efficient in its use.

Col. Holmes expressed himself after the parade as highly pleased with the efficiency and spirit of the Nelson companies, which now number 110 rank and file, or just a little over strength.

A parade of the half battalion and headquarters staff is ordered for Monday night at 8 o'clock.

The annual review will be held on Tuesday by Col. J. G. Holmes of Victoria, D. O. C.

After the inspection the next event of interest to the men will be the military school conducted by Col. McDougall of London, Ont. The following members will form the class:

Major Stewart, Capt. Carrie, Capt. Partington, Lieuts. Anderson, McKenzie, Clayton, Turner; Quartermaster Sergt. Douglas, Col.-Sergt. Robinson, Sergt. McKay, Sergt. Gunn, Sergt. Clayton, Sergt. Pearcy, Col.-Sergt. Teague, Sergt. Crowther, Sergt. Thompson, Sergt. Cheyne, Sergt. Ireland, Corp. Hanson, Corp. Hollington, Corp. Graham, Corp. Buchan, Corp. Markham, Corp. Hillyard, Corp. McCandlish, Corp Nelson, Corp. Richardson, Corp. Ashton, Corp. Fyke, Corp. Busch, Lance-corporals Ball and Johnston; Privates Benson, Jones, Quinland, Holmes, Brown.

The objects of the course are certificates of various rank, from that of company officer to field officer. The school is expected to open about the end of May.

Blackmailing Millionaire

SAN FRANCISCO, April 30—An attempt to extort under pain of death a large sum of money from Rudolph Spreckles, son of the late millionaire sugar king, Claus Spreckles, was frustrated by the police last night and in consequence two men are in jail today, charged with blackmail.

Spreckles received a few days ago an anonymous letter purporting to have been written by the chief of a band of Hindu prisoners, demanding that Spreckles pay $3000 each for himself and wife, to a messenger who would call at the millionaire's residence last night. The missive was turned over to the police and the officers detailed on the case instructed Spreckles to hand a package containing newspapers to any one who should call. At the appointed hour a man called and received the package whereupon he was seized by two detectives. He gave the name of George DeMartinis, and said he was sent by Benjamin W. Soule. Soule was arrested later.

Winnipeg Gets Ready Early

WINNIPEG, April 30 — Several trains with leading business men of Winnipeg who are touring western Canada with the object of obtaining the support of cities and towns for the world's fair to be held here in 1912 are meeting with splendid success. They have been well received at all points visited so far and no doubt the project will be well supported by citizens of every class throughout the west. A delegation will visit Ottawa shortly to ask for a liberal grant from the Ottawa government.

How much are they worth today? Youcouldn't buy a crust of bread with 'em. What will "Landlord" do if you failto pay your rent?

HE'LL SAY GET—Just "figger" up the rent you have paid in ten years, quite a sum, isn't it? The amount, what's this? You've bought it twice over? Impossible you say. Not at all—figures don't lie. You're simply "up against the fence." Can't you see the house or two you've paid for?

HOLLAND IS DELIGHTED

DUTCH ARE CELEBRATING BIRTH OF ROYAL PRINCESS

BELIEVED TO MEAN INDEPENDENCE OF GERMAN LINE

THE HAGUE, April 30—Wilhelmina, queen of the Netherlands, gave birth to a daughter this morning. The condition of her majesty is most satisfactory. The infant princess is doing well and Holland is celebrating the happy event from one end to the other, with expressions of joy and satisfaction such as seldom before have been witnessed on the part of this placid people. The political significance of the occurrence lies in the fact that there is now an heir to the throne of the Netherlands, a circumstance that very greatly enhances the chance of the country for continued independence. Every town and village in Holland is today celebrating the long awaited birth of the child to her majesty with demonstrations of satisfaction.

The queen was married to prince Henry of Mecklenburg Schwerin on Feb. 7, 1901. On two previous occasions the hopes of the people for an heir to the throne have been disappointed, a fact that makes the rejoicing today all the more heartfelt. In the capital, in spite of the heavy downpour of rain, the streets are gaily decorated and great crowds are passing to and fro showing their gratification. The people read eagerly the bulletins issued free by the newspapers announcing the happy event. The accouchment occurred at 7 o'clock. Owing to the early hour, the contemplated salute was not fired and the first persons outside the royal palace to hear the news was a party of workmen passing the residence of the queen on their way to work. The men at first refused to believe the announcement, but they were soon convinced and the cheers they raised were the signal for the glad rejoicing. The flags and bunting had been held in readiness and were unfurled and the city took on holiday attire. Prince Henry immediately telegraphed his brother, adding that the condition of the queen was most satisfactory. Heralds, accompanied by trumpeters clad in ancient dress made the rounds of the city, calling at the principal squares and other suitable spots to make after due fanfares, the following proclamation: "Fellow citizens, with great joy we announce the news that her majesty, by the grace of God, has been delivered of a princess."

The entire population of The Hague are feeling deep joy and the Dutch people is thankful for the blessing bestowed on the royal house and upon the country. "May the happy event strengthen the bonds uniting the Netherlands and the house of Orange."

At the palace everything is quiet excepting at the entrance hall which is crowded with people eager to sign the roll of congratulations. The Belgian minister to the Netherlands was the first to sign the list. He was followed in quick succession by the other diplomatic representatives. At 11 a.m. an official bulletin was issued saying that the queen's condition under the circumstances was very satisfactory and that the newly born princess was doing well.

John, Jr., Gets Verdict

NEW YORK, April 30—A verdict of guilty of criminal libel was found today against the Star company, publishers of the New York American, by the jury in the trial of the company on an indictment charging the publication of an article libelling John D. Rockefeller, Jr. A fine of $500 was assessed against the company and notice of appeal was filed, through which the execution was stayed.

The article complained of connected Mr. Rockefeller's name with an alleged case of peonage in the plant of the Corn Products company of Summit, Ill. One evidence in the case was taken yesterday and today was devoted to argument.

AN ECONOMICAL TEA

Blue Ribbon

Tea selling at 25c or 30c a pound is not really cheap, but is extravagantly dear.

Because so much of it is usually required that the cost per cup is actually more than if a good tea like Blue Ribbon were used.

A pound of Blue Ribbon Tea will make 250 cups of good rich tea, so, even at 50c a pound you would get four or five cups for one cent.

Not a very dear drink, is it?

And as for flavor, there is simply no comparison between Blue Ribbon and the "cheap" teas.

Just try a pound, and see.

NELSON NEWS OF THE DAY

Everybody is cordially invited to have ice cream at the Poole Drug company's store today. It won't cost you a cent.

The new soda fountain installed by the Poole Drug company is worthy of the greatest praise and patronage. There's no doubt the boys are up to date in every respect.

A special candy will be given at the Arcade this afternoon at 2 o'clock when, by special request, a picture entitled "Doll Making" will be shown. Miss Joan MacKenzie will sing "Sunshine and Rain" at both afternoon and evening performances.

J. J. Campbell, who has been ill at the Kootenay Lake General hospital for the past few weeks, returned to his home at Willow point yesterday on the steamer Kootenay and will remain there for the next couple of weeks recuperating.

The Canada Drug and Book company are following up their successful chinaware special sale of last Saturday by one this morning in which all the goods displayed in the Baker street window go at one price. The sale opens at 10 a. m. sharp and those first to come will have the advantage of first choice.

James McDonald, the enterprising Nelson confectioner, has placed a new chocolate cream on the market called the "Kohinoor" and it can truthfully be said that this new confection is equal if not superior to anything on the market today, and should make a name for McDonald's candy factory throughout the province. The new chocolate cream is larger than the ordinary chocolate and is made up in odd shapes, and the centre is from a formula prepared by Mr. McDonald after a great deal of experiment, and he is now of the opinion that he has an article that will hold its own with any produced and the sample box left at The Daily News bears out Mr. McDonald's opinion.

The Empire is putting on a four reel program today and some very fine pictures are being shown. Incidents in the life of Edgar Allan Poe and a Wreath in time are two splendid biograph films. Others shown are "Converted" "The Prince and the Dwarf", a fine landscape picture—"A Week in Russia" and "The Bewitched Bicycle". A matinee will be given this afternoon and tonight the regular extra Saturday night program will be put on. Wilkinson's orchestra will play during the evening. Mr. Fred Walker will sing "Childhood and Mr. R. Dyke will play a clarionet solo.

Fresh tea is all-important. Ten weeks after being picked in the tea gardens of the Island of Ceylon the finest tea-producing country in the world "Salada" reaches you. The flavor of tea consists in an essential oil, which deteriorates rapidly with age. In order to preserve the delicious flavor of "Salada" Tea it is packed in sealed lead packets (never sold in bulk), guaranteeing you a superior tea, in flavor, quality, purity and economy in use. 146

J. H. Wallace is giving 20 per cent. off today's sales to the Y. M. C. A. building.

You're missing something if you miss the China Sale on Saturday at the Canada Drug and Book Co.

M. O. Windsor, Nelson's well known piano tuner is in town. Leave orders with the Canada Drug and Book Co. 6-12.

Another of those big value sales will be held by the Canada Drug and Book Co. on Saturday at 10 a. m.

"Mr. Cop", by the author of "Mrs. Wiggs of the Cabbage Patch", "The Sword of the Lord" by Joseph Hocking, "The Old Man in the Corner" by Baroness Orczy, "The Alternative" by Geo. Barr McCutcheon. New books on hand at the Canada Drug and Book Co. $1.35 each. 6-3

Don't forget the China Sale at the Canada Drug and Book Co. Saturday morning at 10 o'clock.

Look At This Suit!

It's the sort of a Suit you'll always see when good dressers get together.

Swell enough for a neat dresser and modest enough for business wear.

It's right in harmony with what fashion calls for in fabric, what style demands in cut and what quality insists upon in good tailoring.

The Suits come at—

$20, $25 to $30

We can't startle you with these prices but we can surprise you with the quality.

We Court Comparison

"We'll look around a little."

That's what four lookers said on Saturday last. Within an hour three of them were back and bought the garments they had tried on, and they all expressed the opinion that our Clothes fit better and have more style than any they could find, while our prices were no higher.

It always pleases us to have people make comparison. It's the only way to tell who has the best.

No, We're Not High-Priced!

RECEIPT THAT CURES WEAK MEN FREE.

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains or the follies of youth that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free, of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor-failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence, so that any man, who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what, I believe, is the quickest-acting, restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so, cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 468 Luck Bldg., Detroit, Mich., and I will send you a copy of this splendid receipt, in a plain, ordinary sealed envelope free of charge.

Must Face the Music.

NEW YORK, April 30—The appellate division of the supreme court today denied the appeal of E. H. Harriman for the dismissal of the suit for $300,000 against him brought by John Donovan of St. Joseph, Mo., thus compelling a trial of the action.

..idnappers' Trial

MERCER, Pa., April 30—The trial of James R. Boyle, charged with abducting Willie Whitla, was today postponed until May 5, and the trial of Mrs. Boyle was set for the day following.

Prof. H. A. Powell of Havana, Cuba, Recommends Chamberlain's Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I recalled its true value until now," writes Prof. H. A. Howell, of Howell's American school, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only saved the life of our dear little boy." For sale by all druggists and dealers.

Two hundred tons of zinc ore from the Lucky Jim mine are awaiting shipment at Kaslo and will be brought down by the steamer Kaslo within the next few weeks.

Some of the first primroses of the season were plucked in Nelson yesterday. The blooms were fine specimens and were generally regarded as being heralds of the somewhat belated warm weather.

Thomas Hanna, a well known old timer in Nelson, has returned to the city from the coast and is engaged upon painting the steamer Kootenook, the work proceeding both while the boat is at the wharves and travelling on the water.

A special services of thanksgiving followed by the dispersation of the Lord's Supper will be held tomorrow forenoon in St. Paul's Presbyterian church. Contributions to church schemes omitted last Sunday will be received at any of the services.

A treat is promised to all who attend the entertainment to be given by the musical Kolards, Swiss hand bell ringers, in the Methodist church on Friday evening. The members of the troupe, who are all of one family, have as instruments 120 bells, 64 musical glasses and 81 chimes.

W. H. Deacon, who has been ticket agent for the C. P. R. in Nelson for several years, will leave for Spokane in about a week in order to take up a similar position with the company in that city. Mr. Deacon during his stay in Nelson has gained a very large measure of popularity and his many friends, while congratulating him upon his promotion, will greatly regret his departure.

The last dance of the season under the auspices of the R. M. R. took place at the armory last night and was well attended. The music was provided by Wilkinson's orchestra.

He leaves Nelson today for Vancouver where he will enter as a student at Westminster Hall.

The trout fishing season in the Kootenays opens today. A number of Nelson anglers have made arrangements to spend the week end at Procter and other favorite resting points. The new dominion regulations prevent the catching of any trout less than eight inches in length and the sale of any weighing less than three pounds.

Arrangements for the bazaar to be held in the new Eagles' hall on Wednesday, Thursday and Friday of next week are nearing completion and the ladies feel assured of its being a decided success. All ladies having articles for the bazaar are requested to send them to Mrs. J. Anderson today or Monday or leave them at the Eagles' hall, Baker street east on Tuesday morning.

St. Paul's Presbyterian church will be reopened tomorrow forenoon after renovation of the interior. The walls have been kalsomined in a delicate shade of green, the ceiling has been painted in cream and oak color, and the woodwork of walls and windows in bright oak color. Over the pulpit a crimson scroll has been painted with the wording in gold, Praise ye the Lord. On the opposite wall a similar scroll bears the inscription To shall sustain thee. The lettering of each scroll is in antique church script, the delpherieg of which is quite a task for the uneducated. The effect of the whole redecoration is bright and pleasing.

Customs Appeal Court

WASHINGTON, April 30—The establishment of the United States court of customs appeals, and the appointment of additional assistant attorney general for the prosecution and trial of all cases of appeal from decisions of the board of general appraisers, are provided for in the amendments to the customs administration as reported by the senate finance committee today. With the application of these two features there are few important changes in the amendments as they stood in the tariff bill as it passed the house. The salaries of the nine general appraisers have been increased from $7,000 to $9,000. The court of customs appeals which it is proposed to establish will consist of a presiding judge and four associate judges to be appointed by the president, with the advice and consent of the senate.
