KASLO INTERESTS IN MINING LARGE

Rambler to Resume Shipping in a Month

PANAMA PREPARES FOR WINTER WORK

Carney Bros. and Gardiner Will Make Fortune in Coal and Iron

Supplies to the amount of 17,000 pounds are being sent out to the Panama mine at Bear lake, this week, by H. Giegerich of Kaslo. Mr. Giegerich when in Nelson a few days ago stated that he and his partners in the present lease of the Panama, J. P. Miller and P. Stougard, proposed to continue work all through the winter. The Panama mine is in the dry ore belt, it made its first shipment of the year a few weeks ago to the Consolidated smelter at Trail, and another shipment, of 40 tons, is due to go forward this week.

Outfits for Rambler.

W. C. Zwicky of Kaslo, arrived in Nelson Tuesday night from Spokane, where he purchased several outfits of wagons and sleighs for use at the Rambler mine, at McGuigan, owned by the Rambler-Cariboo Mines, Limited, of which he is managing director. Mr. Zwicky has also arranged to import several teams of horses from Calgary. He states that the burned buildings have been replaced, the new compressor building, ore houses and bunk houses being built.

"While the Great Northern railway has refused to give the people of this territory the slightest satisfaction in regard to the course they intend to pursue, making us all hope that the C. P. R. will come through," said Mr. Zwicky "the provincial government has gone ahead and constructed a road from McGuigan, connecting with the old road above Three Forks. We are now building a spur for our ore bunkers at Three Forks and will be shipping over the C. P. R. by the first of November." Work in the mine was resumed two weeks ago.

Mr. Zwickey left for Kaslo yesterday afternoon.

Coal and Railway Deal.

Further details of the big deal by which Carney Bros. and Gardiner, of Kaslo, stand to make a great deal of money, were given by A. Carney, father of the members of the firm bearing that name, when he was in this city. The subject of the deal is the great coal and iron deposits about two miles north of Bennie, on the Crow's Nest Pass line, on the Alberta side of the boundary, which extend northward for about four miles. The St. Paul syndicate concerned has $5,000,000 capital, chiefly English, which it is putting up for a half interest in the coal measures and in 40 square miles of timber. The syndicate guarantees $5,000,000 for the construction of a railway from Shelby Junction, on the Great Northern, northward, which will eventually be extended to Calgary and $1,000,000 for the development of the coal fields. The acceptance of the coal measures was turned over to Carney Bros. and Gardiner, with a guarantee that their interest would be paid for in cash or stock. The iron measures will probably be the basis of a separate deal and matters are quiescent in that regard, pending the formation of a company.

Great satisfaction is felt in Kaslo over the good fortune of these local men.

EXCITEMENT CAUSES DEATH

BOISSEVAIN, Man., Oct. 5—Daniel Arthur, an old resident of this town, dropped dead while watching a fire in a stable here this morning. Excitement caused heart failure.

NEW PAVEMENT GOOD AND CHEAP

Asphalt Macadam Only Costs Forty Cents a Yard—Will Revolutionize Street Paving

WINNIPEG, Oct. 5—According to controller Waugh who returned this morning from Chicago, the new asphalt macadam paving being adopted by Winnipeg as standard paving will revolutionize street paving. He has seen the pavement being put down on Drexel avenue in Chicago and the cost was 40 cents per yard against $2.75 it cost to lay asphalt in Winnipeg. The pavement is superior to macadam and very easily laid and has stood well the heavy traffic of Jackson boulevard, Chicago. Winnipeg will experiment at once with it.

FINED HUNDRED DOLLARS.

SASKATOON, Oct. 5—Joseph McDermott, charged with assault and battery and with entering the premises of a Hebrew named Kanier, without proper authority, was fined $100 and costs.

LARDO MAN CUTS HIS THROAT

Village Council Votes Money for National Apple Show—Civic Contracts Let.

(Special to The Daily News.)

KASLO, Oct. 5—At the regular council meeting last evening the contracts were let for the remainder of the city improvements. D. C. McGregor obtaining the trestle on A avenue, C. P. R. wharf and sidewalk. G. Cole and J. Valleau, the reservoir, covering and fence for same.

O. Stratham and A. T. Garland, a special committee appointed by the board of trade petitioned the council to subscribe the sum of $200 for the National apple show at Vancouver. After a long discussion the amount asked was granted.

Fire Chief E. H. Latham was selected delegate to the Fire Chiefs' convention to be held in Cranbrook on October 18 and 19.

Cuts His Throat.

News was received from Lardo this morning that J. Graham had committed suicide by cutting his throat. Very little seems to be known of the man in the district only having been here a few weeks. Dr. A. W. Baynell, coroner, was taken up to Lardo this afternoon by J. S. Hunter and at the time of sending report no further news is obtainable.

W. J. Perry, who has been foreman of W. E. Cook's sawmill since January last, left their employ on the first, having been succeeded by W. Stevenson.

LOCOMOTIVE ENGINEERS EXPECT INCREASE IN WAGES

Substantial Raise is Looked for—Will Apply Between Fort William and the Coast

WINNIPEG, Oct. 5—Locomotive engineers on the Canadian Pacific railway are expecting an increase in wages and it is understood that a substantial raise is looked for. The matter is under consideration by the Association of Railway companies' officials at Minneapolis, and the territory affected is that between Fort William and the coast.

IN OPERATION BY CHRISTMAS

Mr. French Makes Statement Regarding Demonstratory Zinc Smelter—Auxiliary Plant for Gold Ores.

"I cannot give any definite date as to the starting up of the small zinc smelter which is to demonstrate the success of my method of reducing low grade zinc ores, but unless something unforseen occurs we will be in full running order by Christmas," said A. Godron French, the prominent old country metallurgical chemist, at the Strathcona last night. Mr. French returned on Tuesday night from a business trip to Victoria.

"I am now engaged upon the question of the necessary machinery for the smelter which will be installed, as has been already stated, in the old city power house upon which I have obtained a lease from the city council. Some part of the machinery and fittings I can obtain here in Nelson and the rest will be purchased in other parts of Canada. I shall not need to go to England or to the United States for any of the machinery necessary for the installation of the plant."

Although the main object of Mr. French's demonstratory smelter is the reduction of zinc ores it is possible, he stated last night, that auxiliary furnaces for the smelting of refractory gold ores will also be installed. This is a matter, however, upon which he has not yet reached any decision. The zinc smelter which is merely for demonstratory purposes, will have a capacity of five or six tons daily.

ONE A MINUTE

ATHENS, Ga., Oct. 6—Six persons were struck by lightning during a storm today, which lasted only about six minutes.

POULTRY SHOW SPECIAL FEATURE

Grand Forks Exhibition Produces Magnificent Display—Fair Opened by Martin Burrell.

(Special to The Daily News.)

GRAND FORKS, Oct. 4—The first annual fair of the Grand Forks Agricultural association was opened this afternoon by Martin Burrell, M. P. There is a large crowd of visitors at the exhibition building where a magnificent display of fruit, vegetables, minerals and ladies and children's work command the admiration of all. The poultry show is stated by those in authority to be the largest and best ever held in the interior, many birds coming from long distances. Judging in the different sections has been going on all day but was completed this evening. A public dance is being held this evening for the entertainment of visitors. Tomorrow will be the big day of the fair when the horse races will be pulled off at the race track.

MILLION DOLLAR DRY DOCK FOR VANCOUVER

Company's Plans Approved by Government—Will pay Subsidy on Second Class Dock

OTTAWA, Oct. 5—The government has approved the Thompson company's plans for a dry dock at Vancouver and the company is now assured of a subsidy of 3 1-2 per cent for 35 years on the cost of construction. The plans provide for a commercial dock of the second class under the subsidy act. It will be over 600 feet long and will cost over a million dollars.

NEW FLAG OF REPUBLIC NOW WAVES IN LISBON

Capital of Portugal in Hands of Revolutionists—Republican Government Assumes Office—Conflicting Reports as to Fate of Royal Family—Rome Fears the Worst—Hundreds Killed in Lisbon Fighting—Soldiers Faithful to Royalists—Battleships Rush to Scene of Disturbance—Populace Hails Revolution With Enthusiasm

LISBON, Oct. 5—The capital is now completely in the hands of the republicans who have formed a provisional government with Theophile Braga as president.

A new flag of red and green is flying over all public buildings. King Victor Manuel with the queen mother, Amalie, and his grandmother, the queen dowager, Maie Pia, has taken refuge at Mafra, 23 miles from Lisbon. Already the Spanish minister in uniform has paid respects to the Republican leaders.

Hundreds Killed.

It is impossible to estimate the number of those killed or wounded in yesterday's fight, but it is expected to reach several hundred. The city has been considerably damaged by the bombardment of insurgent warships. The buildings occupied by the ministry and the palace were made the particular targets of shells from the warships and they show the effects by broken walls and turrets. The tower of the church attached to the palace was demolished. Thus far, however, no attack has been made upon private property and it is reported that the banks are being guarded by blue jackets.

News Suppressed.

No news has been received by the provinces as communication has been largely cut off and dispatches and messages of all kinds have been suppressed. All through the night, artillery fire was incessant and towards dawn it increased in intensity. At 11 o'clock last night, insurgents encamped on the heights of Avenida di Liberado, tried to force their way into the centre of the city, but were driven back by the loyal troops. As the latter passed the barracks of the first artillery, they discovered that it was in the hands of rebels. They charged upon the civilians and dislodged them with considerable loss to the rebels.

Fight in Darkness.

The night firing was carried on in complete darkness, the electric lights having failed. The insurgents were led by a retired admiral. Their forces were greatly augmented by desertion from among the monarchists and they succeeded eventually in getting control of the city. The inhabitants today are parading the streets, most of them with rifles in their hands, singing the Portuguese Marseillaise, which has now become the national anthem.

Salute New Flag.

Red Cross ambulances and parties of police and men from the fire brigades, are patrolling the streets and removing the dead and wounded. The revolutionists raided all the buildings which flew the old flag and tore down the emblems of monarchy. The warships greeted the hoisting of the Republican flag with salvos of artillery.

Respect Property.

Eustbio Leao, the Republican leader, made a speech from the balcony of the town hall, saying that he intrusted the policing of the city and maintenance of order to the care of the citizens. "Respect all public and private property," he exclaimed, "and the life of all persons whoever they may be. The republic is generous and magnanimous." The huge crowd that had gathered around the building cheered the speaker frantically. Notwithstanding the thrilling events of the last two days the people are now showing composure and it seems likely that order in the city of Lisbon will be maintained. It is rumored that General Gorjas, who commanded the defending forces, committed suicide when he saw that the fall of the palace was inevitable.

The New Government.

The provisional government is composed as follows. President, Theophile Bragas; minister of justice, Alfonso Costa; minister of foreign affairs, Beranito Michado; minister of finance, Basilio Telles; minister of public works, Antonio Luiss Gomes; minister of war, Colonel Barreto; minister of marine, Amaro Azofado; minister of the interior, Amedia; civil governor of Lisbon, Eusebio Leao.

Battle in Progress.

BADAJOS, Spain, Oct. 5—The few messages which have reached the frontier this afternoon from correspondents in Portugal had been mutilated by censorship. It seems certain from them, however, that a battle was in progress and that a large portion of the Lisbon garrison has joined with the revolutionists.

Swept by Revolution.

LONDON, Eng., Oct. 5—Latest advices officially confirm that Portugal is swept by a revolution of far reaching extent threatening the safety of the royal family and the existence of the monarchy. The royal palace at Lisbon has been under bombardment from warships which have made common cause with the revolutionists. The extent of the destruction and loss of life is not yet known, owing to rigorous censorship and the interruption of telegraphic communications.

Where is the King?

King Manuel has apparently fled from the capital and sought refuge on board a foreign warship, either Brazilian or British. Early advices today to the French foreign office state that the king was still at the palace last night, resisting the advance of the revolutionists. Later the Brazilian legation at Paris was advised that the king had taken refuge on board the Brazilian battleship Sao Paulo now at Lisbon in connection with the visit of President Elect Fonseca of Brazil. British warships have been rushed from Gibraltar to the scene of disorder and the Paris Temps, a governmental paper is informed that the king has gone aboard one of the British ships.

Royal Standard Torn Down.

At Rome grave fear is felt that the king was imprisoned and has possibly met a tragic fate similar to that of King Carlos. Detailed reports from Paris coming through roundabout channels assert that after desperate fighting in the streets of Lisbon the royal standard was torn down and the flag of the republic raised over the royal palace. The British government is said to be considering intervention in behalf of the safety of the members of the royal family. A censored despatch that has reached the frontier this afternoon indicates that a large part of the garrison of Lisbon has gone over to the revolutionists and that a battle is now in progress. A report received at Pisa, Italy, is that troops loyal to the king were still successfully defending the royal palace at 3 o'clock this morning.

To Protect French Citizens.

PARIS, Oct. 5—France for the moment is not sending a war ship to Portugal but will adopt measures to protect French citizens there.

Republic Proclaimed.

LONDON, Eng., Oct. 5—The telegram of the British minister, Sir F. H. Villiers to the foreign office follows: "A serious disturbance broke out here (Lisbon) Monday night when some troops of the garrison declared themselves Republicans. Fighting occurred throughout yesterday morning. Troops heretofore loyal went over to the revolutionists and a republic was proclaimed."

Provisional Government.

"The proclamation of a republic was received enthusiastically by the people. I believe a provisional government is being formed. King Emanuel is said to be at Marfa, 18 miles northwest of Lisbon at the royal palace with the queen mother and the prince royal, but I have no precise news."

Braga is President.

LISBON, Portugal, Oct. 5—(Later)—A provisional government has been formed with Theophile Braga as president. The new national flag is flying over all the public buildings.

King Emanuel has taken refuge at Marfa, 23 miles from Lisbon.

Full Speed for Lisbon.

GIBRALTAR, Oct. 5—The British cruisers Newcastle and Minerva sailed from here today speeding at full speed for Lisbon.

Was Resisting.

PARIS, Oct. 5—Official communication issued today says: "It is confirmed by information, private but certain, that an important revolution has broken out in Lisbon, that bombardment of the city has commenced and that on Tuesday night King Emanuel was still in the royal palace, resisting the revolutionists."

On Brazilian Warship.

PARIS, Oct. 5—It was stated at the Brazilian legation here today that King Emanuel had taken refuge on the Brazilian battleship Sao Paulo.

Struggle Still Continues.

PISA, Italy, Oct. 5—The Portuguese legation announced that it is practically certain that Lisbon and Oporto are in the hands of the revolutionists, but adds that it should not be concluded that the entire realm has fallen. An official statement adds: "No definite result has been obtained since Monday, when the first outbreaks occurred and the struggle undoubtedly continues between the Royalists and Revolutionists."

Spain Anxious.

MADRID, Oct. 5—The Spanish government has despatched autos to Portugal and also sent warships in the effort to learn the exact situation in the country. The dispatches received here from the scene of trouble are conflicting but all agree that a fierce engagement took place between the revolting regiments and the royalists.

King Was Calm.

The Portuguese government so soon as it learned the extent of the rising thought it would be safest to have King Emanuel to leave the palace. As he issued forth he was greeted by the Spanish minister but the king was grave, he told the minister that he would retain a small suite as he did not wish to expose his friends to danger. Both the king and the queen mother showed calmness in the face of the great calamity to the monarchy.

Dispatches from Oporto state that no revolutionary movement has occurred there.

Army Faithful.

Late official advices from Lisbon by way of the frontier are to the effect that the greater part of the army remained faithful to the king. Communication with Lisbon from outlying districts has been impossible as the revolutionists have cut all communication and blocked the highways in order to prevent the advance of troops hurrying to the succor of the king. Nevertheless the garrison at Elvas is now advancing on Lisbon and the garrison at Oporto is prepared to leave for the capital on a moment's notice.

PROVINCE LOSES HALF MILLION

Chinese Immigration Frauds Costly to Country—Detained Chinese Will be Rejected

(Special to The Daily News.)

VANCOUVER, Oct. 5—The results of continued disclosures in connection with Chinese immigration to this port show that loss to the government by parties entering as merchants is far larger than was at first supposed.

Records show that from 20 to 25 and as high as 40 alleged merchants came over on every steamer during the last four years. On the basis of 24 steamers a year this means a loss of over a million dollars on average arrivals, half of which would have come to the province. The examination here is now closed and it is understood that the merchants' passports of nearly all detained Chinese will be rejected and the men be compelled to pay the head tax or be deported. Following the present investigation it is understood a royal commission will be appointed to fully investigate the workings of the customs office at this port.

How Facts Were Learned

The story as to how the present investigation started has now leaked out. On coming to the coast Special Agent Foster secured the services of David Lew as interpreter. The pair found that a number of the alleged merchants were coming on the Empress on Sept. 18. Foster arranged with Ottawa for the suspension of the regular interpreter, Yip On just as the steamer arrived and Lew was sent as usual to Victoria to meet the immigrants. Lew told the men he represented the government and asked for their letters of introduction. He secured a number and noticed that they were all from one firm in Hong Kong, being practically duplicates in the same hand writing. Each man had $150 in sovereigns which they said they intended to show to the immigration officers on landing after which the money was to be turned over to parties assisting them to land. Lew says the men were willing to turn this money over to him but he declined as he had personal funds in his pocket. The men were also supplied with drafts and on investigation a local Chinese to whom one was addressed said it was never meant to be cashed. The immigrants gave letters to Vancouver parties to Lew, one of which states the suspicion of the writer concerning the interpreter, all of which made interesting reading for Foster and hastened the orders for inspection.

BRODEUR ON INSPECTION TRIP

OTTAWA, Oct. 5—Hon. L. P. Brodeur, minister of marine and fisheries, who has recently been suffering from rheumatism, has received permission from his physician to accompany the shipping federation of Montreal and representatives of public bodies of Quebec and Montreal tomorrow down the St. Lawrence on a thorough inspection of the channel. He left for Montreal this afternoon.

CHOLERA IN SARDINIA

AJACCIO, Corsica, Oct. 5—Cholera has appeared in Sardinia and the Corsicans fear that the epidemic will spread across the strait of Bonifacio, which separates the islands of Sardinia and Corsica.

AUTHORISES LEASE OF KOOTENAY CENTRAL

Annual Meeting of Shareholders of the Canadian Pacific Company—Branch Lines Authorized

MONTREAL, Oct. 5—At the annual meeting of the shareholders of the Canadian Pacific railway company today the report of the directors was unanimously adopted. Lord Strathcona and MountRoyal, Sir Thomas G. Shaughnessy and Thomas Skinner were re-elected. Resolutions were passed authorising the lease of the following lines: New Brunswick Southern railway, St. Maurice Valley railway and Kootenay Central railway.

Issues of 4 per cent debenture stock on account of branch lines and extensions of branch lines was authorized as follows: Moose Jaw-Outlook branch; Weyburn-Lethbridge branch, Tenlon-Stonewall branch, Lauder-Griffin and Regina-Colemany branches, Craven-Bulrea branch, Kipp-Aldersyde branch, Langdon branch, Snowflake branch, extension Virden-McAuley branch.

A resolution authorizing the construction of irrigation works for the purposes of irrigation of the eastern block of the company's land grant in Alberta, east of Calgary at an estimated cost of $8,550,000 was approved.

A resolution respecting the purchase of stock of the Dominion Atlantic railway company was approved.

Big Increase in Earnings

A resolution approving amendments to certain bylaws of the company was approved. In moving the adoption of the report the president, Sir Thomas Shaughnessy, said: "The 29th annual report of the company's operations and affairs is now before us for the consideration and approval. In round figures the gross revenue of your railway lines, exclusive of the ocean steamships shows an increase as compared with the previous year of $18,800,000: the working expenses an increase of $7,700,000, and the net earnings an increase of $10,900,000. The actual result is somewhat better than this because the directors thought it wise to create at the cost of working expenses an additional fund of $3,700,000 to provide for maintenance works of many kinds.

MANY QUALIFY BY REGISTERING

List of Those Who Have Made Declarations—Mrs. Padden is First Lady.

From present indications the voters' list at the next municipal elections will contain many new names. Since Saturday, when registration opened, over 60 citizens have made the necessary declaration before City Clerk W. R. Wasson and become duly qualified to cast their votes next year.

It should be remembered that all except the assessed owners of property of an assessed value of $100 who are British subjects must register if they wish to record their opinion in the administration of municipal matters. Apart from property owners all persons who are of the full age of 21 years, British subjects, who have been residents of Nelson since January first last and who have paid taxes to the value of $5 are qualified to make the formal declaration before Mr. Wasson and have their names placed on the lists.

First Lady Registers.

Up to date only one lady has registered. This is Mrs. M. E. Padden who filed her declaration on Tuesday.

Those who have qualified are: William R. Ball, R. Crilly, George Johnstone, Richard Evans, D. J. Steele, M. J. Morgan, R. W. Hinton, J. C. Moen, W. F. Cochrane, R. D. McTavish, Angus MacInchkin, J. R. Tierney, P. W. Barrett, H. H. Corris, Jacob Benson, C. D. Holm, Charles Swanson, R. C. Dickson, W. B. McCreath, A. P. Lorsch, Charles Shannon, B. B. Smith, W. J. Hill, A. G. Bush, F. F. Parque, R. A. Elliott, M. E. Padden, Samuel Fawcett, William Henry Jeffs, Antone Galeyoen, A. M. Johnson, L. R. Stoel, William Walker, John Whitbread, James Stewart, William Wilson, J. K. Salter, B. A. Howe, Alfred Wood and D. J. McKim.

PRESENTATION TO MISS P. ANNABLE

Choir of Trinity Methodist Church Express Appreciation of Long and Faithful Work

At the residence of Mr. and Mrs. A. T. Walley and in the presence of some 30 friends Miss Pauline Annable was last night presented with a beautiful mahogany clock, upon which was an engraved gold plate with the words: "Presented to Miss Pauline Annable by the Choir of Trinity Methodist church, Oct. 5, 1910."

The presentation was made in view of Miss Annable's coming retirement from the choir of which she has been a member for the past ten years and of her approaching marriage to J. Haigh of Vancouver, late of the firm of Benson & Haigh of Fairview.

C. A. Benedict, choirmaster, in making the presentation referred in laudatory terms to the long and faithful work of Miss Annable in the choir and the readiness with which she had always been willing to assist in any social event in connection with the church, and asked her to accept the clock as a mark of appreciation from her fellow members of the choir.

Miss Annable, apart from her long and greatly appreciated work in the Methodist church was a prominent member of the Nelson Choral and Operatic societies during the existence of those organizations and has always willingly given her services at charitable and other concerts and receptions.

CABINET MINISTER WORSTED IN FIGHT

Provincial Liberal Member is Vanquisher

JARDINE KNOCKS DOWN TEMPLEMAN

Quarrel Over Question of Dominion Patronage---Nursing Wounds

(Special to The Daily News.)

VICTORIA, Oct. 5—The unique spectacle in Canadian politics of a stand-up fight between a Dominion cabinet minister and a Liberal member of a provincial legislature has just occurred here, the participants being the Hon. William Templeman and John Jardine, M.P.P. for Esquimalt. The struggle, which took place over the distribution of federal patronage in Mr. Jardine's constituency was enacted in the public works department of the local post office.

Mr. Jardine objected to the allotment of federal posts in his district without the Esquimalt Liberal executive having any say in the matter. Mr. Templeman refused to entertain the objection when Jardine, springing over the counter of the office, struck the cabinet minister a resounding blow in the chest. Templeman stepping back swung a blow at his opponent but missed and Jardine with a straight left to the face sent his adversary to the floor, with blood pouring from his nose. The fight not being conducted under Marquis of Queensbury rules, was continued on the ground until the contestants were finally separated by two other Liberal supporters who happened to be witnesses of the combat.

Mr. Templeman is confined to his house recovering from his injuries and the loss of dignity which he sustained. The fracas is held locally to illustrate the lack of sympathy between the Dominion party and British Columbia Liberals.

CHINESE SWARM INTO STATES FROM CANADA

Wholesale Smuggling Trade Carried on through Canadian Ports—Tong Societies Plan Traffic

MONTREAL, Oct. 5—United States authorities are here to investigate the cause of the large increase of Chinese in American cities. It is claimed that a wholesale smuggling trade has been worked through Canadian ports into the United States and under different disguises hundreds of Chinese are being taken across the border each month. Tong societies of American cities have engineered the game and it is said Chinese smuggled by them are virtual slaves for two years till they liquidate heavy charges imposed for the service rendered.

COMMISSION WILL NOT REPORT ON TELEPHONE ENQUIRY

OTTAWA, Oct. 5—It is highly probable that no judgment will ever be given by the board of railway commissioners in the telephone inquiry which was conducted some years ago. Shortly after the evidence was taken Judge Killam, first chairman of the commission, died and Mr. Mills is the only member of the commission as at present constituted who heard evidence as to conditions which have entirely changed and the present board does not deem it advisable to give a judgment on evidence taken so long ago in regard to telephone matters.

THREE MISSING FROM BURNED VILLAGES

Three Villages Burned by Bush Fires—Fire Twenty-five Miles in Width

ST. FRANCIS, Ont., Oct. 5—Latest reports from the fire district along the C. N. R. confirm the complete destruction of the villages of Graceton, Williams and Cedar Spur. There is no known loss of life but three residents of Graceton, names unknown, are missing and are believed to have been burned. Unconfirmed reports are that the village of Pitt was destroyed. The fire appears to be 25 miles in width.

Fear the Worst

INTERNATIONAL FALLS, Oct. 5—The Canadian Northern officials at Fort Francis fear the worst reports concerning the destruction of the town of Graceton on their line of railway in Beltrami county are true. The fire has been raging in that vicinity for several days, swept by high winds and the whole country is as dry as tinder. Bridges, telegraph and telephone poles for miles around Williams, Cedar Spur, Graceton and Pitt, all little lumbering hamlets are destroyed.

Special This Week

Men's and Boys' Sweaters

A few days ago we had a shipment of men's and boy's Coat Sweaters, being one of the lines we were unable to cancel, which we have put on sale with our regular stock of Sweaters at a big reduction; must state they are selling very fast and those who have not purchased a Sweater for this season will do well to have a look through our stock before buying elsewhere.

GURNEY-OXFORD

QUEBEC BRIDGE TENDERS NOT YET OPENED

OTTAWA, Oct. 5—Hon. George P. Graham returned to the capital today after a short absence and this afternoon is engaged in considering the applications for a number of railway routes, mostly in the west. Questioned as to the Quebec bridge tenders Mr. Graham said they would not be opened just at present. When opened they will be referred to the bridge commission who will consider them on their merits. It will be a matter of some weeks before the contract can be let.

WINNIPEG TO HAVE NEW ARTESIAN WELLS

WINNIPEG, Oct. 5—It is likely that the electors will be called upon to decide how the proposed extensions to the waterworks system of the city are to be brought about. The city engineer has submitted a scheme in which he firmly adheres to artesian wells and probably two wells will be put down in the near future to determine the feasibility of this idea.

N. Y. CHRISTIAN ENDEAVORERS

ROCHESTER, Oct. 5—Noted Christian workers from half a dozen states will address the annual convention of the Christian Endeavor society of New York here this week. Hundreds of delegates have arrived to attend the gathering, the formal opening of which takes place tonight in Convention hall. Rev. Francis Clark, D.D. of Boston, president of the United Society of Christian Endeavor, will preach the convention sermon.

STOKER SOLE VICTIM OF BOILER EXPLOSION

PANAMA, Oct. 5 — Only one life was lost in the explosion on the steamer Chiriqui of the Pacific Steam Navigation company, which sank after her boiler exploded. A tug boat which reached here today from Jurachoni reports that all of the passengers and crew of the steamer are safe in that port, with the exception of a single stoker, who was caught in the fire room and scalded to death.

The Tenderfoot Farmer

It was one of those experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

BANK WRECKER SOON TO HAVE LIBERTY

MONTREAL, Oct. 5—It is rumored here that Philippe Roy, ex-president of the Bank of St. John's and former speaker of the legislature will shortly be released from St. Vincent de Paul penitentiary on ticket of leave. He is serving five years for wrecking the bank.

TO PREVENT DUMPING OF IMPURE GOODS

(Special to The Daily News.)

VICTORIA, Oct. 5—Dr. C. J. Fagan, secretary of the provincial board of health left for the east yesterday to attend the conference of representatives of provincial governments arranged by Hon. Clifford Sifton with a view to reaching some conclusion as to a Dominion policy to offset the disposition of American manufacturers to make Canada a dumping ground for inferior food products at present denied sale in the United States, through the operation of the pure foods law of the neighboring republic.

TRIAL DISCLOSES STORIES OF RUSSIAN CRUELTY

WINNIPEG, Man., Oct. 5.—Vivid accounts of cruelties practiced upon prisoners and political offenders by soldiers and police in Russia were given by witnesses for the defence in the extradition case of Sauva Federenko before Chief Justice Mathers today. Longinus Theador Gerus, formerly member of the second douma, who came from Chicago, and Isaac Hourwith, professor, linguist and lawyer, from New York, furnished this testimony. The object of the defense is to show that Russia was in a state of revolution and under martial law at the time of the offenses charged against Federenko, and that they would thus come under the head of political offenses.

MINING NEWS.

ISSUES REPORT ON CONSOLIDATED

Two Properties Purchased During eYar —Property and Plan Account Shows Increase.

(Special to The Daily News.)

ROSSLAND, Oct. 5—W. D. Mathews, president of the Consolidated Mining and Smelting company of Canada, limited, has issued on behalf of the directors, the following report to the shareholders for the year ending June 30 1910:

The tonnage of ore handled at the smelter was 487,1125 tons, against 347,417 tons in 1909.

The profit for the year was $205,945.08 and added to the balance at the credit of the profit and loss account as shown last year makes a total of £671,011.09 at credit of that account.

During the year two properties have been purchased, the La Plata, or Molly Gibson group, near Nelson, B. C., for payment of which 2000 shares of the capital stock was issued, also the No. 7 group in the Boundary district. The operating of these mines, the directors believe, will prove profitable to the company.

The property and plant accounts, after paying for the above properties, etc., and after writing off for depreciation $175,502.66 from the profits of the year, show an increase of $244,302.19.

To Open up Derby.

ROSSLAND, Oct. 5—At the recently held annual meeting of the Spitzee Mining company the subject was mentioned of opening up the outcrop on the Derby property, as the shareholders are desirous of seeing whether there is anything of value there. It is not known what the values are as it has never been opened up and no assays have been made. If, when exploration work is commenced, it is found to be of value, more extensive operations may be carried out.

MARKET REPORT FROM THE PRAIRIES

Advisability of Using Uniform Box—Pears in Great Demand and Prices High.

The following is the report of J. C. Metcalfe, market commissioner, on the condition of the prairie fruit markets:

REGINA, Sept. 19—A car of mixed fruits arrived here from Vernon for the Vernon Fruit Co., on the 18th, shipped on the 13th, five days in transit, contained apples, pears, prunes and peaches. Apples were good and well packed, pears were fine stock, variety Flemish Beauty, but packed in four basket plum crates, baskets weighed five lbs., net of fruit or 20 pounds to the case. It is not advisable to pack pears in any other package but the regular pear box. Peaches were nice stock and well packed but a little over-ripe. Plums were also over-ripe, but altogether the car was very satisfactory. A few blackberries coming in yet from B. C. arriving in good condition but the demand is very limited and prices rule low. Peaches are firmer in price again, stocks low, not much offering of them. Prunes are being offered in large quantities by carload, but fair prices are being obtained by jobbers at this point.

MOOSE JAW, Sept. 19—Three carloads of mixed fruits arrived this point from B. C. Sept. 16, all coming in excellent condition, were all well packed and graded. Dominion fruit inspector, Mr. McCabe, inspected these cars and reported they were excellent in every respect, color, quality, pack and grade, was of the best. In conversation he stated that B. C. growers and shippers had the American product beaten in these markets if they continued to keep up the present high standard set and to still further improve on the product and largely increase the quantities grown over the present output. Jobbers are buying our fruit products at much higher prices than they can buy the American product, clearly evidencing the superiority of our fruit and pack over the American.

BRANDON, Sept. 20—The manager of the Macpherson Fruit Co. here stated they had received 12 carloads of B. C. fruits to date this season, all arriving in good condition. I saw plums from the Victoria Fruit Growers' association, were of good quality and well packed. I also saw blackberries from Hammond, B. C., here. Had arrived in excellent condition, but dealers report very slow sales now, demand limited, season seems to be over for them, such an abundance of other varieties of fruit on the markets.

The carload freight rates from Wenatchee to Brandon are as follows:

Apples, straight car loads 75c per 100 pounds.

Mixed fruits, $1.12 1-2 per 100 pounds.

From North Yakima the same rates apply. From Wenatchee, Walla Walla, Vera, Wawawai, Wash., 28 carloads arrived this point in August over Great Northern railway, but practically, nothing came in during September to this date, Sept. 20. There has also arrived at this point, by express, 13 carloads of Ontario mixed fruits and been distributed from here during the past 21 days, shipped in mainly by the following parties: E. D. Smith, Winona; the Canada Fruit Co., Grimsby; and the Canada and Western Co., St. Catharines. There was also some shipped in by freight and reported as arriving in poor condition.

The manager of the Pioneer Fruit Co. here, Brandon, stated our B. C. growers and shippers had certainly, on apples, pears and crabs, everything beaten coming into this market this season, and proposed to handle more than he had formerly done, although prices and quotations were lower from the American side as the following quotation indicates:

Apples, assorted varieties, 4 and 4 1-2 tiers, 85c per box.

The manager of the Macpherson Fruit Co. here practically confirmed the same statement respecting our apples, pears and crabs, adding at the same time that the markets of Brandon and Winnipeg called for a poorer and cheaper quality of fruit than the west, from the fact that great quantities of poorer fruit were dumped into these markets from Ontario and other points, creating a large demand on the part of consumers for that grade and quality of fruit. Retailers report they are highly pleased with our large fruits of all kinds this season to date.

WINNIPEG, Sept. 22—Vipond and Co., jobbers here, report large quantities of fruit from Ontario arriving on these markets at the present time, much of it arriving in poor condition. He showed me a quotation from Wenatchee which read as follows:

Spitz, Ganos and Winesaps, No. 1, $1; Spitz, Ganos and Winesaps, No. 2, 80c; Spitz, Ganos and Winesaps, No. 3, 60c; Spys, Baldwins, Ben Davis and Newtons, No. 1, 80c; Spys, Baldwins, Ben Davis and Newtons, No. 2, 60c; Spys, Baldwins, Ben Davis and Newtons, No. 3, 45c.

But added they were certainly not up to the standard or equal to the B. C. fruits that were being offered by the B. C. shippers at the present time.

George A. Paull and Mrs. Mary Paull were visitors at the Nelson fruit fair last week. They report a most excellent display of fruit and vegetables.

While at the Nelson fair George A. Paull purchased the first prize white Wyandotte cock. Mr. Paull is an enthusiastic poultry breeder.

Paull Brothers, our enterprising nurserymen, are receiving many inquiries about fruit trees, especially about the Delicious, King David, Stayman, Winesap and Wealthy's Desert. The prices are reasonable.

Steele has purchased a block of land from Thomas McCoin and intends building a residence on it this fall.

W. T. Paull, who has recently built a house, is now comfortably settled in the same.

G. J. Lang and family have moved to Trail for the winter. Mr. Lang has greatly improved the appearance of his ranch by building a fine new house this summer.

R. G. Brown, who has recently undergone an operation in the hospital at Victoria, B. C., is making satisfactory recovery.

Dr. A. P. Husband, who last year lost two valuable cows, killed by the Great Northern trains, has recently lost another cow, killed in the same way. It is certainly time that something was being done to compel the Great Northern company to fence their right-of-way.

G. R. Foulston, our enterprising merchant, is going into the poultry-raising business, having purchased a number of hens recently.

SAYWARD NEWS NOTES.

(Special to The Daily News.)

COLUMBIA GARDENS, B. C., Oct. 5.—The organization of "The Kootenay Farmers' Institute," which took place here on September 26 and which was so well attended, was a very gratifying event owing to the general good will manifested by the members present. We trust the institute will be a live one and will make itself felt in the interests of the entire community.

Miss Douglass, who has been visiting at R. Binnies' for some time past, left recently for Spokane, Wash.

Miss Ethel Greutzer left recently for Nelson where she expects to reside for some time.

George A. Paull and Mrs. Mary Paull were visitors at the Nelson fruit fair last week. They report a most excellent display of fruit and vegetables.

While at the Nelson fair George A. Paull purchased the first prize white Wyandotte cock. Mr. Paull is an enthusiastic poultry breeder.

"COTTON BELT" MEETING

ST. LOUIS, Oct. 5—In addition to electing directors and transacting other routine business the stockholders of the St. Louis Southwestern railway company the "Cotton Belt" route, at their annual meeting here today approved the action of the company in agreeing to guarantee the principal and interest of an issue of first mortgage 35 year 5 per cent gold bonds of the Stephenville, North & South Texas railway company, and a similar issue of the Central Arkansas & Eastern railway company, both at the rate of $35,000 a mile, and ratified the lease of the latter road for 30 years.

Minard's Liniment for sale everywhere

TAX SALE OF LANDS

For Unpaid Delinquent Taxes in the Nelson Assessment District, Province of British Columbia

I hereby give notice that on Wednesday, the 12th day of October A.D., 1910, at the hour of twelve o'clock noon at the Court House, Nelson, B.C., I shall offer for sale by public auction, the lands hereinafter set out of the persons mentioned hereunder, for delinquent taxes unpaid by the said persons as on the thirty-first day of December, 1909, and for interest, cost and expenses, including cost of advertising said sale, if the total amount is not sooner paid.

FORT GEORGE LAND

Note the Dense Growth of Pea Vine Vetch and Red Top.

No Finer Mixed Farming Land on Earth

For a few days we can offer this land seven miles from Fort George, close to Fraser and Grand Trunk Pacific and on direct route of line from Vancouver to Peace river in any sized tracts required and on easy payments. It was selected three years ago on account of fertility of soil and small amount of clearing. Two members of our firm have examined the land and we personally guarantee to return every dollar paid on account of same at any time within one year if it is not found exactly as represented. Owner is obliged to sell and has named a very low figure.

While crops have suffered from drought almost everywhere else this summer, the rainfall there has been abundant and crops are very fine. Next year will witness a great rush of settlers and land so well situated will command from five to ten times the amount now asked.

We can refer you to our bankers as to our ability to guarantee return of money paid if land is not found entirely as represented.

The Wright Investment Co., Ltd.

Subscribed Capital, $250,000; paid up, $100,000.

Look at this Real Fire Box

It is wide, long, and deep. It has the coal capacity that makes cooking easy *all over* the top—and for heating the oven so that a large joint roasts perfectly at the same time. More, it *saves* fuel and reduces coal bills. You'll never have to sacrifice your baking for your cooking on top with this reliable fire box. The best results are always certain.

KOOTENAY Steel Range

There are a great many more exclusive points of merit in a Kootenay that you must *see* to thoroughly understand. The nearest McClary agent will gladly go over them with you, one by one. Before you decide on *any* range, write the nearest McClary branch for full particulars. It will cost only a cent for information that means money in your pocket. 80

HORSE RACING AT GRAND FORKS

Meet Yesterday Proved Big Success—Many Outside Horses Competed—Pinto Gets Pony Race.

(Special to The Daily News.)

GRAND FORKS, Oct. 5—The races in connection with the fall fair in this city were pulled off successfully this afternoon, many outside horses competing. The results were: Green trot or pace, Dan K, first; Bowright, second. Time 1:29.

Free for all trot or pace, Lacarriste, first; Solo, second. Time 2:29.

Pony race 14 1-2 hands limit: Madge W., first.

Free for all running: Actress, first; Nakipo, second.

Gentleman's driving: Buck, first.

Slow race, Gilmour, first; Galloway, second.

Indian race: Adolph, first; Phillips, second.

Pony race 14 hands limit: Pinto, first.

Cowboy race: Buhar, first.

Best turnout, city fire team.

The starter was N. McCallum and Dr. Paxton, A. B. Hood, W. Williams, Phoenix acted as judges.

BOXING NOTES

Toronto sportsmen who saw Moha put Lang away say that Lang did not quit, but was so dazed that he did not know what he was doing after "the white gorilla" landed on him.

The Hamilton Spectator says: It was short and sweet for Hilliard Lang at Buffalo. Now what will the Toronto fans think of their idol? Will they believe the local claim that Frank Carroll can give Lang the same sort of a trimming?

If he can win from Owen Moran, Pal Moore will be in line for a battle with Champion Ad Wolgast.

On his first appearance in New York this fall Packey McFarland made a fine showing against "Fighting Dick" Hyland.

Bill Lang, the Australian heavyweight, is a bear at chess. 'Tis said that Bill is a better chess player than he is a fighter.

TYPHOID GRIPS LYON.

HAMILTON, Oct. 5—Considerable anxiety is felt in the Tiger camp as the result of a report that Don Lyon is suffering from typhoid fever. He has been out at practice regularly, and was counted on to fill his place in outside wing, and, should it prove true that he has been attacked by fever, considerable difficulty may be experienced in filling his place. Last year Lyon started the season with a broken wrist and was out of the game nearly all season on this account. Should he be suffering from typhoid it will mean that he will not take part at all this year.

LUKEMAN MAY RACE WINNIPEG SPRINTER

It's up to Bobbie Kerr to Meet Montreal Sprinter or Enter Retired Ranks.

OTTAWA, Oct. 5—Frank Lukeman, the crack Montreal sprinter has arrived in Ottawa and will reside here permanently.

An effort will be made to bring Lukeman and Bobbie Kerr together on Oct. 21, when Ottawa and Hamilton Tigers play at Lansdowne park. President Baird, of the Ottawa club, stated this morning an invitation or challenge would be sent Kerr and if he was anxious to run the race would be arranged. Accidentally Dr. Baird stated Lukeman could put it all over Kerr and if any of those Hamilton sports were prepared to back the golden haired runner, they could have all the money in Hamilton covered right here in Ottawa. Lukeman says he will turn out with the football team if they want him.

Lukeman's recent performances mark him one of the greatest if not the greatest sprinter in Canada. This year, Kerr has sidestepped the Montrealer particularly after that race at Varsity oval when Kerr got the decision over Cloughan and Lukeman. At Toronto Lukeman was not allowed to go against Kerr and Cloughan, the latter pair doing a "special" hundred and furlong. Kerr went west and ran at some jerk water games around Winnipeg but declined to take part in the championships at Montreal on Sept. 24 where there was some class. Bob Cloughan has been putting it all over the Hamilton boy in those "exhibitions" and as Lukeman had it on Cloughan last Saturday the inference is Frank could leave Kerr in his wake any day in the year. Kerr has threatened to retire. When the defy from the Ottawa club reaches him, he will retire for keeps or come out and show which is the faster man.

FORSYTH WILL COMPETE

HAMILTON, Oct. 5—The seventeenth annual Herald road race around the bay will be held on Thanksgiving day, as usual. In recent years the west has always been represented, but has never succeeded in winning the event. This year the western representative will be William Forsyth of Moose Jaw, who won the Winnipeg Telegram's race in June, and who is regarded as a wonder. Jimmy George, the Beaverton Indian, who won the race last year, will be in the contest again. Levi Jamieson, another Indian, is looked upon as a likely man. The course is 19 miles 158 yards, and open to registered amateurs.

GETTING MOVE ON

BERLIN, Oct. 5—Now that the western Ontario baseball season has been closed, with the Dutchmen making a sensational, though unsuccessful, bid at the eleventh hour, the athletic fans are devoting their attention to hockey affairs. The amateur element will again be represented in the junior or intermediate series, and the professional backers are assured of teams from Brantford Galt, Berlin and Waterloo. Toronto is on the fence.

Promoter Irving has been down east in Peterboro and Port Hope, and hopes to get a district there, the winners to meet the westerners for the finals. The Twin City teams are anxious to see Toronto enter a team, as they have always been a good drawing card here. For Berlin, Lemhan, the goalkeeper, H. Anderson, H. Corbeau, Gross and Schmidt are all in town, and others are ready to don the uniform when called upon.

REFEREE GIVES CARROLL DECISION OVER KELLER

But Bout Should Have Been Called Draw—Ten Rounds of Even Fighting.

Referee Eddie Hanlon decided in favor of Jimmy Carroll after the latter had boxed ten brisk rounds with Sammy Keller at San Francisco Friday night. Hanlon, it may be, was influenced by the ringside rooters who were yelling for Carroll every round of the fight. If the referee had kept track of the work done, and had decided fairly he must have called the contest a draw, for there really was nothing to choose between the two little fellows.

In the first round Keller shaped like a lad who was eager to win, while Carroll gave an imitation of a youngster who wanted to avoid being whipped. As a matter of fact, Carroll was on the defensive most of the time, while Keller was carrying the battle to his opponent.

Keller got in many solid body punches and Carroll used a straight left with good effect. Carroll also had a timely way of whipping the right across on the jaw whenever Keller missed with the left.

The eighth round was notable for the frequency with which the men exchanged lefthanders. In the ninth Keller used the right to better advantage than he did in the preceding rounds and Carroll was well punished. The tenth round was a whirlwind with the honors evenly divided, and the award in favor of Carroll was unjust to the other man.

Eddie Dennis and Frankie Harris boxed ten rounds, and Dennis won fairly. Harris had a trick of covering up, and at the same time trying to pave the way for a left and right swing. He did not become thoroughly loosened up until late in the fight and by that time Dennis had gained a strong lead with snappy left and right facers.

In the tenth and last round the boys mixed it merrily and for a while it looked as though Harris with his well placed left swings would wipe out all the credits piled up by Dennis. Dennis, however, managed to drop Harris with a short right near the end of the contest, and the bell rang a few seconds after Harris arose.

PORTSMOUTH WINS

LONDON, Oct.—The result in the southern division of the English league game today was: Crystal Palace 0, Portsmouth 1.

SPORTING SPOTLIGHTS.

The congratulations of all good fishermen in Kootenay and especially of those accustomed to attacking the wily trout in the Slocan pool are coming to Bob Elliot for that big catch yesterday. A fifty-pound salmon on a light line and hook is going some. Mr. Elliot is one of the oldtime fishermen at the famous pool. His fishing days go back to the time when the late Paddy Miles, J. A. Killey and one or two others formed as formidable a crowd of trout fishermen as could be found anywhere in the province. After Mr. Elliot's catch it is up to Mr. Killey and some of the most ardent followers in Nelson of the easygoing Walton to even up scores.

A point for argument among local fishermen now is whether a 50-pound salmon is a more important catch than the 10 3-4 pound rainbow trout caught by Archie Johnson last year.

The school field meet which was to have taken place tomorrow has been postponed to October 14.

The two Minto cup games produced total gate receipts of $9756. Of this sum $4393 goes towards paying the Nationals' guarantee of $7000.

The Canadian Tennis championship games will probably be played at Ottawa next year.

Even though lacrosse has practically ended for the year and football is yet on the sport program, the members of the Ottawa Hockey club, with their usual astuteness, are already hauling in their net for the coming National league season. Among the likely new members of the team will be Arthur Gilleran, a Brockville product, who a few years ago chased the rubber with Dubbie Kerr.

Percy Lesueur, the Ottawa goal tender and touted as the best guardian of a hockey net in Canada, has been offered a tempting salary to coach the Harvard hockey team and it is possible that he may drop out of active pill chasing and join the list of pro. coaches. If Lesueur goes across the line it will leave a pretty bad gap in the Ottawa defence.

Coast lacrosse fans are awaiting with some interest the result of the game between a combination National and Vancouver team and the Royal City champs on Saturday next. The Vancouver defence line and the National home players will compose the allied team while the Westminsters will likely play pretty much the same line-up as in the last of the Minto cup games. This arrangement should strengthen the Frenchmen a whole lot as their defence line has not shone over brightly in the coast games up to date. But, in spite of the conglomerated east and west, which will undoubtedly put up a good fight, most of the British Columbia fans—excepting, of course, a few in Vancouver—will be putting their money on the Salmon Bellies for Saturday's game.

APRON CACHES FIRE; WOMAN IS BURNED

SASKATOON, Oct. 5—A most serious affair took place about six o'clock last evening as a result of which Mrs. Mackay, wife of Dr. W. J. Mackay, medical health officer of Saskatoon and a member of the provincial board of health lies at his home with little hope of recovery. Mrs. Mackay, it appears, was engaged in making the evening meal when in some unaccountable manner her apron became ignited and before she had realized just what had happened her clothing was a mass of flames. The agonized woman ran from the house enveloped in flames, the blaze attracting the attention of some laborers working nearby who rushed to her assistance, but not until her clothing was burned completely off and the body left a charred and blistered mass. Tonight the unfortunate lady is in terrible agony and may succumb to the injuries. Mrs. Mackay, before marriage, was a Miss Peters and formerly lived in Manitoba. Not the least pathetic part of the incident is that twin babies but a few months old are dependent for life upon the injured mother.

NOT FOR CANNON

HOLYOKE, Mass., Oct. 5—In accepting renomination at the first Republican district, Congressman Laurence announced that he would not vote for the re-election of Speaker Cannon.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by all druggists and dealers.

STOMACH AGONY.

Abolish the Cause, and Misery and Distress of Indigestion will Vanish.

Can indigestion be cured? Hundreds of thousands of people who suffer from belching of gas; billiousness, sour stomach, fullness, nausea, shortness of breath, foul breath, nervousness and other distressing symptoms, are asking themselves that question daily.

And if these same doubting dyspeptics could only read the thousands of sincere letters from people who once suffered as badly as they do now, but who have been quickly and permanently cured by the use of Mi-o-na, the mighty dyspepsia remedy that cures by removing the cause, they would go to the Poole Drug company this very day and get a large box of Mi-o-na tablets, and start themselves on the right road to health at once.

The price of Mi-o-na tablets is only 50 cents, and the Poole Drug company guarantees them to cure indigestion, or money back.

Thin or lean or scrawny people will find in Mi-o-na a maker of flesh and blood, because it causes the stomach to extract more nutritious matter from the food, which quickly enriches the blood.

HYOMEI

(Pronounced Hiee-o-mee)

CURES CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, or money back. Sold and guaranteed by THE POOLE DRUG COMPANY AND W. RUTHERFORD, NELSON, B. C.

CITY COUNCIL AND WORK AT CEMETERY

Representatives of Fraternal Orders Consider that City Has Not Wholly Kept Faith With Them

That the city has not entirely kept faith with the fraternal societies in regard to cemetery matters this season, is the statement of R. L. Douglas and G. P. Motion, who, as members of the cemetery committee of the Oddfellows, have for years been interested in the proper maintenance of the cemetry and who were members of the delegation from the fraternal orders, which waited upon the city council in the winter when an agreement covering the work for the present season was arrived at between the city and the societies.

"The specific criticism we make," said Mr. Douglass, "is twofold. The city has not maintained an extra man at work during September, as was agreed, and has done almost nothing toward improving the appearance of the general plot, which was the object we aimed at.

"The situation is this. In past years the different fraternal orders did their work in improving their respective plots, directly, but there was constant friction with the man in charge of the cemetery, and the men the orders sent to work apparently had no standing, and could be, and were, ordered off at the pleasure of the city's man.

"The orders this year approached the city council and a scheme was evolved under which each society was to pay to the city treasury a stated sum per month, for five months, May to September, inclusive and the city would use the fund thus created in employing an additional man his work, or an equivalent amount to be expended in improving the general plot. The orders entering into the arrangement with the city were the Oddfellows, Masons, Eagles and Knights of Pythias, and ever since they have been contributing to the city treasury the monthly sums agreed upon, which average $20 per month per society.

Societies Have Spent Money

"In addition to making this contribution toward the improvement of the general plot, the Oddfellows have spent this season approximately $300 in beautifying their plot. The Knights of Pythias have spent nearly $200 this season on their plot. For the Masons and Eagles I cannot speak but their expenditure was not confined to their monthly contribution to the city.

"Now we find the city dropping the extra man at the end of August and also the general plot with no substantial improvement, certainly none where it faces the Oddfellows' plot. On the other hand we have the fraternal orders making large sacrifices to make the public cemetery a public credit and on the other hand, the city doing practically nothing, and more than that failing to play square with the societies.

"All public spirited citizens will agree that to make the public cemetery a place of beauty, or at least of orderly appearance is a laudable ambition, and one would think that the city fathers would recognize it, at least to the extent of making good use of money contributed by the societies."

Hoarseness in a child subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given at once or even after the croupy cough has appeared, it will prevent the attack. Contains no poison. Sold by all druggists and dealers.

MANY MEN OF MONEY MEET

LOS ANGELES, Oct. 5—The American Bankers' association, whose membership embraces practically the entire financial fraternity of the United States, began its 35th annual convention in Los Angeles yesterday. In point of attendance and in the prominence of the speakers and the importance of the subjects scheduled for discussion the meeting promises to be the most notable in the history of the association.

Men of finance from every section of the country and representing every branch of the banking business, from the village repository to the billion dollar banks, trust companies and savings institutions of New York, Chicago, Boston and other great centres, filled the Auditorium theatre when the convention was formally called to order at 10 o'clock this morning by President L. P. Pierson of New York. An invocation by Rev. Robert J. Burdette was followed by cordial greetings from Governor Gillette, Mayor Alexander and W. H. Holliday, president of the Los Angeles Clearing House association. The response to the address of welcome was made by George T. Russel of Detroit.

When the exchange of greetings was concluded the convention listened to the annual address of President Pierson, which touched upon numerous questions of interest and importance to the financial world. The president's address was followed by the annual reports of the several officers and the standing committees, including those of Secretary Fred I. Farnsworth of New York, Treasurer P. C. Kauffman of Tacoma, and William Livingstone of Detroit, chairman of the executive committee. At the afternoon session the discussion of practical banking questions was begun. Tomorrow the several sections will hold their annual meetings, continuing over Thursday, and on Friday the association proper will resume its sessions.

LOWERY READY FOR JAIL

AUBURN, N.Y., Oct. 5—The most important case to be taken up by the federal grand jury which met here today is that of John M. Lowery, protege of Vice-president Sherman and the self confessed embezzler of more than $190,000 from the vaults of the Utica City National bank of which he was assistant cashier. Following the disappearance of bank funds Lowery fled from Utica and was arrested nearly a year later in Philadelphia. Since the early part of last summer he has been confined in the Utica jail, refusing the offers of his relatives and friends to provide him bail. Following his probable indictment Lowery says he will plead guilty and that his only desire is to begin serving his terms as speedily as possible.

PRINCE ALBERT'S CHIEF RESIGNS HIS POSITION

PRINCE ALBERT, Sask., Oct. 5—B. J. McDermott is no longer chief of police here and at last night's council meeting the report of the police committee was read stating that at their meeting to consider evidence heard at the investigation held on Friday the resignation of the chief was laid on the table, and that accordingly they decided that it was unnecessary to take any further steps in the matter. They moved that his resignation be accepted and he be given a month's salary. They added that they regretted exceedingly that the local daily had seen fit to publish verbatim some of the disgusting details of the evidence and recommended that the press be excluded from any meetings of the council or committee, in which details of this nature will be likely to come up for discussion. The report passed without a murmur. The council also authorized C. H. Mitchell of Toronto to go ahead and draw up plans and specifications for the new city power development of Lacelle falls. It is planned to have everything ready to let contracts by the first of May next year.

MADE WELL AND STRONG

By Lydia E. Pinkham's Vegetable Compound

Dovedale, Sask.—"I was a sufferer from female weakness—monthly periods irregular and painful and a bad discharge, backache and wretched headache, and had felt weak ever since the birth of my twins. I tried doctors but got no relief. I began to take Lydia E. Pinkham's Vegetable Compound, and after three weeks I was feeling much better, and now I am well again."—Mrs. Bessie Bilt, Dovedale, Sask., Canada.

Another Woman Cured.

Christiana, Tenn.—"I suffered from the worst form of female trouble so that at times I thought I could not live, and my nerves were in a dreadful condition. Lydia E. Pinkham's Vegetable Compound cured me and made me feel like a different woman. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold to suffering women."—Mrs. Mary Wood, R.F.D.8.

If you belong to that countless army of women who suffer from some form of female ills, don't hesitate to try Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years this famous remedy has been the standard for all forms of female ills, and has cured thousands of women who have been troubled with such ailments as displacements, fibroid tumors, ulceration, irregularities, backache, and nervous prostration.

VIOLENT STORMS PARALYZE TELEGRAPHIC COMMUNICATION

WINNIPEG, Oct. 5—Violent storms have paralyzed telegraphic communications east and south during the latter part of last night and at present wires are being recovered but slowly with consequent congestion of all business. The C. P. R. suffered chiefly between Sudbury and Chapleau, Ont., and all along the north shore where many poles were blown down. To the south the storm centre was in the neighborhood of Fargo, N. D., and the G. N. W. for a time lost particularly all its wires with Minneapolis and Chicago. Indications are of severe storms on Lake Superior but so far details have not been obtainable.

Shipping Safe.

PORT ARTHUR, Oct. 5—Weather on Lake Superior has been rought during the past couple of days and all boats arriving report quite heavy seas but not considered unusual for this time of year. No boats are seriously disabled except the small coasting steamer Cuator which took twelve hours shelter on the way here from Duluth. No steamers are overdue.

Your cough annoys you. Keep on hacking and tearing the delicate membranes of your throat if you want to be annoyed. But if you want relief, want to be cured, take Chamberlain's Cough Remedy. Sold by all druggists and dealers.

Producing

Quality from Quality

GOOD whisky can no more be made from *POOR* grain than blood can be drawn from a stone.

The grain we use for making

Corby's

"SPECIAL SELECTED" RYE WHISKY

is the kind that wins gold medals and highest awards. The kind bought by the FEW who are willing to pay the price — the ONLY kind good enough for us.

When the hum of the thresher has ceased on the fruitful Western Prairie, thousands upon thousands of bushels of "Nature's choicest" pour across the continent in a golden stream direct to our own elevator.

Shipped under the watchful eye of our expert grain buyer, every bushel must "grade up to sample" on delivery.

There's the life and soul of this choice grain corked up in every bottle of Corby's "Special Selected" Rye Whisky. Try it for flavor's sake.

THURSDAY, OCTOBER 6.

THE ZINC ORE EXPERIMENTS

There will be general agreement with Mr. Ellis when he says that there has been far too much delay in the zinc experiments and that the amount appropriated is far too limited.

But fifty thousand dollars was appropriated in the estimates of last parliament. It does not appear that even that has yet been spent. It is an amount sufficient, perhaps, for the preliminary arrangements. These should be concluded by the time parliament prepares the estimates for next year so that it will know what is required.

Every year that goes by in needless delay is a cause of great loss to the country and this part of the Dominion is one that has special claims for such encouragement.

Various industries have been aided by much larger appropriations. The agriculture of the lower Fraser Valley has alone had a larger sum devoted to experimental work by the Dominion government. Yet it is an industry of less aggregate importance. Moreover, industries so aided have also received the benefit of tariff protection.

The mining districts of the Kootenay buy everything almost, that they need in a protected market. Of this they make no complaint. They are not assisted by the tariff. Surely they have some claim to be taken into consideration in the general development of the country. The successful treatment of the ores in question means millions of dollars annually to this part of the Dominion and the growth here of a great market for the products of other districts.

REVOLUTION IN PORTUGAL

The House of Braganza in Portugal has apparently met with the same fate as the Brazilian branch of the same family, and like the French Bourbons and the Scottish Stewarts will add to the list of disinherited princes. The revolution wil awaken a special interest in Great Britain because of an ancient alliance which, beginning in the middle ages, has found modern expression in the aid given to Portugal in the time of Napoleon and later on when the independence of that country was threatened by Spain.

It is curious how political and religious tendencies seem to follow the lines of race or at least of language. At the Reformation the Latin nations,—that is, those speaking languages derived from the Latin,—remained in allegiance to the Vatican while the nations speaking Germanic languages broke away with hardly an exception. The more purely Germanic nations rejected episcopacy also, while the English, mainly Germanic in origin but with a Keltic and Latin infusion, retained episcopacy in their national church. In modern times the Latin nations have become largely agnostic.

A similar line of cleavage is to be observed in the history of political institutions. The Germanic nations have shown a tendency to choose constitutional monarchy as a form of government, while the Latin nations have tended first to absolute monarchy and since then to republican institutions. Every country speaking a Germanic language, with the sole exception of the United States, is a constitutional monarchy. All the Latin countries of South America are republics, France is a republic and Spain, Portugal and Italy have always had republican parties.

The complete success of the revolution in Portugal is not yet assured. From the cable dispatches it appears to be an affair of the capital. How far it will be approved and supported by the country at large, as well as the army and navy, is not yet clear. Nor is its permancy assured. There was a republic in Spain for a short time during the nineteenth century but it did not last. As in the case of Norway and Greece, international influences may be brought to bear.

EDITORIAL NOTES

Judging from today's dispatches the insurgency movement has spread to the Liberals of Victoria. Mr. Jardine may not be much of an orator but his methods of expressing his opinion of one party leader are emphatic enough.

Roosevelt has given one answer to the question once agitating the American press—What shall we do with our ex-presidents? He proposes to be Mark Hanna's successor as boss of the Republican party. He may be a different kind of boss with a different kind of policy, however.

The Calgary Herald suggests a three hundred mile "garden highway" between that city and Nelson. We should rejoice to see it. Meanwhile a modest beginning might be made with one or two miles of garden highway in each of these cities.

TEN YEARS AGO

Extracts From The Nelson Daily Tribune of Oct. 5, 1900

A. H. Creelman of Rossland, who is building the new C.P.R. roundhouse, is getting ahead rapidly with the work.

A quiet wedding took place on Wednesday evening at St. Paul's Presbyterian church, the contracting parties being Miss McAlpine and A. D. Morrison, jeweler of Columbia.

Ald. Irvine has written to Lord Minto, governor general of Canada, calling his attention again by request to the application made to his excellency at Nelson for the release of Edward Sinclair from the penitentiary.

William Waldie left yesterday with a crew of men to start work on the Forty Nine creek wagon road.

THIS DATE IN HISTORY

October 6.

1683—The first German immigrants arrived at Philadelphia.

1744—James McGill, founder of McGill university, born in Glasgow, Scotland. Died in 1813.

1769—Sir Isaac Brock, who commanded the Canadian forces in the war of 1812, born in the Island of Guernsey.

1785—William Burrows, distinguished American naval officer, born in Kensington, Pa. Killed in battle between the "Enterprise" and the "Boxer" in 1813.

1810—A mill near Philadelphia made the first cotton print goods printed from cylinders, superseding block printing.

1841—Santa Anna entered the City of Mexico and established himself at the head of the government.

1864—Confederates under Gen. Hood repulsed at battle of Allatoona Pass, Georgia.

1880—The Mississippi Agricultural and Mechanical college at Sparkville first opened.

1890—President of the Mormon church issued a decree prohibiting plural marriages.

1892—Lord Alfred Tennyson, English poet laureate, died. Born Aug. 6, 1809.

1900—A. Lawrence Lowell installed as president of Harvard University.

SHEEP CREEK WATER RECORDS UP TODAY

Provincial Board of Water Commissioners Sit in Nelson This Morning—All Parties Will be Heard.

All the water records that have been granted upon Sheep creek and its tributaries during the last decade or two will come up for review before the provincial board of water commissioners, at the court house in Nelson at 10 o'clock this morning, when it is expected that all those directly interested, either through ownership of existing records, or by having applications for records before the board, are to be in attendance. The immediate occasion of this review of water matters on the creek is two-fold, the setting of certain disputes that have arisen between parties and the arrival at a basis for dealing with new applications, present and future.

The board consists of W. S. Drewry of Nelson, chief commissioner; J. T. Robinson of Kamloops, and J. M. Robinson of Summerland. For several weeks A. H. Green of Green Bros. and Burden, has been on the creek making a hydrographic survey to determine the quantity of water in the creek, and Mr. Green's report will be in today. It is said that the existing records call for an amount of water considerably in excess of that actually in the creek.

The commissioners sat at Trail on Tuesday, where they adjudicated a number of disputes in connection with water records on Trail, Sullivan, Cambridge, Bear and White Grouse creeks, and other water rights. The cities of Trail and Rossland and the Consolidated Co. were among the chief parties concerned.

The following is the authorized enumeration of the tributary waters of Sheep creek:

Waters of Sheep Creek.

Small unnamed creek flowing from the north about two miles from the mouth of Sheep creek.

Small unnamed creek flowing from the south, about 2 1-2 miles from the mouth of Sheep creek, and passing through the Mayflower and Lucky Girl mineral claims.

Bear creek, flowing from the south about 3 3-4 miles from the mouth of Sheep creek.

Small unnamed creek, flowing from the north, about four miles from the mouth of Sheep creek.

Deer creek, which is sometimes called Elk creek, flowing from the north at 4 1-2 miles from the mouth.

Fawn creek, flowing from the north, 5 1-2 miles from the mouth.

Coon creek, flowing from the south at 5 1-2 miles from the mouth.

Wolf creek, flowing from the south, 6 miles from the mouth.

A very small creek heading on the Mother Lode property, flowing from the north about 7 miles from the mouth.

Small creek known as Caribou creek flowing from the south, 7 1-2 miles from the mouth.

Unnamed creek flowing from the south, 8 miles from the mouth.

Small creek known as Twilight creek, flowing from the north at 8 miles from the mouth.

The main forks of Sheep creek are about 9 miles from the mouth.

Neighboring Creeks.

Other creeks in the vicinity are described as follows:

Porcupine creek, flowing westerly into the Salmon river, about two miles south of Ymir.

Hidden creek, flowing westerly into the Salmon about half way between Ymir and Salmo. (Hidden creek and the north fork of Sheep creek head close together).

Boulder creek, flowing easterly into the Salmon river about opposite Hidden creek.

Little Sheep creek, flowing westerly into the Salmon river about half way between Salmo and Sheep creek.

Lost creek, flowing into the south fork of the Salmon about a mile from its junction with the main Salmon. This creek runs about parallel with Sheep creek about four miles south.

Swift creek, flowing southeasterly into the Salmon river just below its junction with the south fork.

McCormick creek, flowing southerly into the Salmon about two miles from the junction of the Salmon and the Pend d'Oreille.

Grouse creek, flowing southerly about three miles from the junction.

Rosebud creek, flowing northerly about 4 1-2 miles from the junction.

The Act a Success.

J. T. Robinson, mayor of Kamloops, arrived in the city yesterday in connection with the business of the water commission of which he is a member. Speaking of the prospects of his city Mr. Robinson was most enthusiastic. "Ranches are being cut up and many thousands of acres are being converted into fruit farms. This process began some years ago and great numbers of trees are coming into bearing. It is going on now on a larger scale than ever. Then, too, the coming of the C. N. R. means a great deal and will mean the employment of from three to five hundred men in the vicinity of the city."

"How do you find the Water act, under which the commission was appointed, working out?" he was asked.

"I am thoroughly convinced that it is one of the finest pieces of legislation ever put on the statute book of British Columbia; I say that in all sincerity as a result of giving close attention to it since last May."

"What are the powers of the commission?"

Powers of Commission.

"It would take too long to enumerate them in detail. Briefly it has to go over the whole records up to March of last year. It has to straighten out the records where necessary of all the streams, lakes and other sources of water supply in British Columbia. If it finds that water rights are held without being used it can cancel them or if it finds them only partially used it can limit them, subject always to vested rights. It fixes the priority of each claim and the quantity that may be taken. As in the case of Sheep creek these may involve property of great value."

Check for Revolutionists

LISBON, Oct. 5—A report was circulated late tonight that the revolutionists had been checked and were retreating in the direction of Monsanto. President-elect of Brazil, Marshal Hermes Fonseca, has delayed his departure and remains in Lisbon.

ALBERTA WINS PRIZES AT SPOKANE FAIR

(Special to The Daily News.)

SPOKANE, Oct. 5—Canada has once more demonstrated the superiority of her hard wheat by sweeping the boards in that class in the exhibit at the dry farming congress now in session at Spokane. The following Canadians were awarded prizes for grains and grasses this afternoon:

Peck of hard winter wheat—H. Yates Macleod, Alta.; W. J. Glass, Macleod, Alta.

Peck of wheat any variety—A. A. Brickett, Lethbridge, Alta.; C. C. Clark, Macleod, Alta; P. C. H. Primrose, Macleod, Alta.

Peck of hulled barley—C. J. Glass, H. McIntosh, C. G. Silver, Macleod.

Peck of medium white oats—W. J. Glass, P. A. Switzer, Lacombe, Alta; C. J. Wismer, Bossman, Mont.

Sheaf of hard spring wheat—Donald Urquhart, Wilson Creek; J. H. Reed, Langdon, Alta.

Sheaf of hard winter wheat—A. M. Smith, Arthur Curry, Alberta; S. Bennett, Hartline.

Sheaf of wheat, any variety—E. O. Wintermute, Macleod; Claude Hollingworth, Colfax; Tillman Reuter.

Sheaf of medium white oats—Arthur Perry, Cardston, Alta.; R. R. Coffey, Macleod; A. D. Thayer, Waverley.

ELECTION DAY IN GEORGIA

ATLANTA, Ga., Oct. 5—The state election in Georgia today was for governor and other state officials, superior court judges and solicitors and county officers. Little interest is manifested as the success of the full Democratic ticket, headed by Hoke Smith for governor is assured.

Minard's Liniment Cures Dandruff.

"Eat and Be Merry!"

Stop starving yourself—stop suffering the pangs of indigestion—stop worrying about what you dare and dare not eat.

Eat hearty meals of wholesome food, take

NA-DRU-CO DYSPEPSIA TABLETS

and you'll feel like a new person. Sour stomach—heartburn—occasional indigestion—chronic dyspepsia—all yield quickly to NA-DRU-CO Dyspepsia Tablets. The properly digested food restores your strength, your stomach regains its tone, and soon requires no further aid.

You'll Sleep More Soundly

If You Keep Healthy With Dr. Morse's Indian Root Pills

Insomnia goes with Indigestion.

The man or woman with a good appetite, sound digestion, and bowels and kidneys working right, is never troubled much with sleeplessness. It is when the bowels become constipated and the liver and kidneys sluggish that the trouble begins.

Lazy liver and constipated bowels quickly bring on biliousness, indigestion and sick headaches, making a sound, refreshing night's sleep impossible. Or the inactive kidneys allow the blood to becomes loaded with uric acid, which causes rheumatism, with all its sleep-destroying tortures.

Dr. Morse's Indian Root Pills, taken regularly, induce sweet and dreamless sleep by keeping all these organs active and regular. The headaches disappear, the digestion becomes good again, the blood is purified and perfect health returns.

Dr. Morse's Indian Root Pills have been a favorite household remedy in Canada for over half a century, and they are in daily use throughout the world. Being purely vegetable they are safe for young and old. Made by W. H. Comstock Co., Ltd., Brockville, Ont., and sold by all dealers at 25c. a box. 9

TO HASTEN WORK ON REVISION OF STATUTES

(Special to The Daily News.)

VICTORIA, Oct. 5—Excellent progress is reported to the attorney general by Charles Wilson and A. P. Laxton, K.C., the commissioners to whom is entrusted the revision and consolidation of the provincial statutes. In view of the fact that the provincial statutes are now out of print, and that there is a constant demand for them, the attorney general has requested the commissioners to secure extra assistance if necessary, but in any event to push work forward as rapidly as possible so that the revised and consolidated statutes may be printed complete and ready for presentation to the legislature at its assembly early in the new year.

MAYOR AND COUNCILLORS ELECTED IN COLEMAN

COLEMAN, Oct. 5—At the municipal election held here today for mayor and councillors the following were elected: Mayor, A. Cameron; Councillors Shone, Macdonald, Clarke, Holmes, Morrison and James.

THREE CARDINALS AT CONSECRATION

Impressive Ceremonies Mark Consecration of St. Patrick's Cathedral in New York.

NEW YORK, Oct. 5.—With princes of the church, bishops, monsignori and scores of priests as active participants or interested spectators in the impressive ceremonials of a solemn pontifical mass, of which Cardinal Gibbons was the celebrant, the three days' ceremonies attending the consecration of St. Patrick's cathedral began this morning.

The ceremonies brought together an assemblage of prelates of the church only a little less notable than that which marked the sessions of the recent Eucharistic congress in Montreal. Heading the list of participants were Cardinal Vannutelli, papal legate; Cardinal Logue, primate of Ireland, and Cardinal Gibbons of Baltimore. Among the many other distinguished prelates were Archbishops Farley of New York, O'Connell of Boston, Ryan of Philadelphia, Glennon of St. Louis and numerous bishops from various parts of the United States and Canada.

The Consecration

The ceremonies began with the consecration at 4 o'clock this morning. One thousand persons composed the procession, which moved around the great cathedral before taking part in the solemn service. The procession was headed by acolytes, choristers and the diocesan clergy, who were followed by the monsignori, bishops, archbishops and cardinals, all clad in the gorgeous vestments of their respective offices. The officers of the mass brought up the rear, headed by the archiepiscopal cross-bearer.

The great cathedral had been elaborately decorated for the exercises of the week. The Fifth avenue front of the stately edifice was made bright by countless yards of bunting of the papal colors, purple and white, which was tastefully festooned above the large entrances. The pulpits, railings and other parts of the interior were hung with laurel wreaths. The altar itself was draped in red.

Enormous Crowds.

A detail of 100 police was required to keep in check the enormous crowds that congregated in the vicinity of the cathedral almost at dawn of day, anxious to obtain at least a glimpse of the eminent participants in the ceremonies, even though deprived of the opportunity to witness the ceremony itself. St. Patrick's has a seating capacity of 15,000, but it is estimated that nearly 20,000 persons were crowded into the spacious edifice, being admitted only by ticket. In the congregation were many specially invited civil officers, members of the vestries of the local churches, officers of Catholic societies and others.

Cardinal Gibbons officiated at the high pontifical mass, which began at 11 o'clock and was designed to be the most important and imposing of all the functions of the three days' program. Cardinals Vannutelli and Logue were seated in the sanctuary, where episcopal thrones, elaborately draped, had been arranged on either side. Archbishop Falconio, Archbishop Glennon, who preaches the consecration sermon; Bishop Gabriels of Ogdensburg, Bishop Beaven of Springfield, Mass.; Bishop McDonnell of Brooklyn, Bishop Plasmoris of Erie, Bishop Monaghan of Wilmington, and the many other visiting prelates were seated on either side of the two thrones, while the parish priests occupied seats reserved for them in the body of the church.

The music at the mass was especially fine, being rendered with orchestral accompaniments and a large choir. The mass music of J. C. Unterer was given complete for the first time. A first performance was also given of the offertory, "Jerusalem, Surge," by P. A. Yon, organist of St. Francis Xavier church in this city.

After the pontifical mass the clergy proceeded to the diocesan house in Madison avenue, where dinner was served. The noted prelates from Europe were guests of honor at this function and were greeted with eloquent addresses delivered by the venerable Cardinal Gibbons, Archbishop Falconio, Archbishop Farley and others.

Solemn pontifical vespers, with Archbishop Falconio presiding and Archbishop Hickey of Rochester preaching the sermon, close the first day of the celebration this evening. Special stress will be laid upon tomorrow's services, at which a solemn pontifical mass will be given in the cathedral for all the Roman Catholic children of the metropolis. This mass will take place at 10 o'clock in the morning. The responses of the mass will be sung by 6,000 of the children of the parochial schools of the diocese, and children will fill the pews of the big cathedral to hear the mass chanted. The grand mass of thanksgiving for the children will be the only event of tomorrow. The following day the consecration ceremonies will close with religious exercises during the day and a reception at the Catholic club in the evening in honor of the visiting prelates.

No doubt about an enamelled bed's hygienic merit; none about its beauty. Nor any about its being worth its price—if it bears the "Ideal" Guarantee on the footrail.

That Guarantee assures you of more than mere surface excellence. It warrants real satisfaction to the buyer. Its snowy enamel will stay white; its parts will not work loose.

OKANAGAN FRUIT SHIPMENTS HEAVY

Capt. Gore Returns From Inspection Trip—New Barge and Tug For Next Year's Traffic

That all four steamers on the Okanagan lakes have been taxed to their utmost capacity by the heavy fruit traffic for several months past was the statement made yesterday by Capt. J. C. Gore, superintendent of the British Columbia lake and river service of the C.P.R.

The fruit shipments are now practically all over, said Capt. Gore, but shipments into the valley of settlers' effects are very heavy and the tide of traffic inward is increasing month by month.

The new tug and car barge for service on the Okanagan lake are now under construction and there is every evidence that they will have plenty of traffic to handle during the next and succeeding years.

CHURCHMEN'S CLUB ELECTS OFFICERS FOR YEAR

At a well attended meeting of the Churchmen's club held in the Parish hall of St. Saviours' church last night the following officers were elected for the coming year: President, Leslie Crawford; vice-president, R. Norman Brassey; secretary-treasurer, George S. Pates; executive committee, Messrs. R. G. Joy, P. G. Ebbutt, C. L. Wales, E. Lupton, Paddon and Ashton.

A very hearty vote of thanks was tendered the retiring officers, under whose management the club had a most successful season.

The new executive is arranging for an entertaining and profitable series of meetings.

MURDERER ACQUITTED ON GROUND OF INSANITY

BROCKVILLE, Oct. 5—The trial of Albert Holmes, charged with murder of his neighbor and cousin Nathion Bolton, collapsed here this afternoon, when at the conclusion of the hearing of five alienists and with consent of the crown prosecutor, Blackstock, Chancellor Boyd, directed the jury to acquit the accused man on the ground that when the act was committed last April, Holmes was of unsound mind. Without leaving the jury box, the jury agreed with his lordship and Holmes will be removed to Hamilton asylum. The medical experts agreed that domestic unhappiness for two years prior to the tragedy had upset Holmes' mind and that he did not know what he was doing when he picked up an axe and dealt the death blow to Bolton.

SUE CITY FOR FIFTY THOUSAND DAMAGES

MONTREAL, Oct. 5—Rodolphe Brunet and Denis Belanger have taken action against the city for $50,000 as a result of loss of contract during the royal commission proceedings. The contract which was for $250,000 was awarded by the city council to the Modern Paving company of which Brunet and Belanger were the chief owners, but was held up by injunction granted on application of the citizen's committee.

TELEGRAPHERS GET INCREASE

MONTREAL, Oct. 5—The award of arbitration between the Grand Trunk system and its telegraphers is announced this afternoon. Under the tribunal which is a mutual arrangement and not under the Lemieux act, operators are granted a slight increase and a number of improvements in working conditions. The board consisted of J. E. Duval, chairman, B. J. Reynolds, Regina, for the telegraphers and W. H. Ashley Toledo, for the company. It covers the system from Portland to Chicago.

ROYAL SPORTSMEN MAKE GOOD BAG OF GAME

CALGARY, Oct. 5—His royal highness the Crown Prince of Hesse and party who are on a tour of the west, have just returned from a hunting trip in the Columbia valley and have experienced the very best of luck.

QUEBEC FIRE

QUEBEC, Oct. 5—Fire yesterday afternoon gutted the dry goods store of Joseph Gilbert, corner of St. Paul street. The stock destroyed is valued at $150,000 and insurance $8000.

BODY FLOATS AT THE WATER'S EDGE

Mystery of Disappearance of Balfour Reed Cleared up—Gruesome Find Made by Hunter.

Floating in the water, and chafing against a rock over which its leg was crooked, the drowned body of a man met the startled gaze of Oscar Erickson yesterday morning as he skirted a low water island about two miles below Castlegar, following up a grouse which one of his dogs had raised on the shoreward side. Erickson was following down the west bank of the Columbia river in the early morning with a gun. He immediately returned to Castlegar and took out with him W. G. Gage, proprietor of the hotel, and Mr. Seymour, bookkeeper of the Edgewood Lumber company, who were able to identify the body as that of A. Balfour Reed, the young lumberman who disappeared at Castlegar on the evening of Aug. 12. They tied the body to the shore with a rope and returning to Castlegar, notified Dr. Gilbert Hartin, of Nelson, district coroner.

No Marks on Body.

Coroner Hartin went out on the 10:50 train, viewed the body and satisfied himself that there were no marks of violence upon it, and returned to the city by the Boundary train in the evening, when he gave instructions to J. A. Fraser, provincial constable of Ymir, who has been acting chief constable in the absence of John T. Black in Spokane, to have the body brought in. James Wightman, provincial constable, will go down to Castlegar this morning, accompanied by an undertaker and the mill will supply a party of men to bring the body out through the bush.

The dead man was dressed as usual, which in this case was in a stylish way, the coat being open in front and on the ring finger of the right hand was a heavy solid gold ring bearing the embossed initials, "A. B. R." Both legs were slightly bent at the knee, this circumstance keeping it at the anchorage where it was found. Such parts as had been exposed to the air were in a bad state, but there was no water abrasion.

Death Still a Mystery.

The actual steps which led to the drowning of Balfour Reed are still a mystery. The young man, who was single, and 27 or 28 years of age, had been employed by the Edgewood Lumber company on the river, and later in their mill at Castlegar or East Robson. He quit work at noon of Aug. 1, and crossing the bridge to the town of Castlegar, purchased a small flask of whiskey at Mr. Gage's hotel. Mr. Gage accompanied him back to the mill, Reed then being perfectly sober. He called for his time at the mill, but the foreman had not then turned it in, and no settlement was made. Reed then took a rifle belonging to his brother Joseph of Erie, and went down the river with three other men, his companion being Mr. Westmont, a rancher residing about four miles from Castlegar. The men returned to Castlegar about 4 o'clock, and sat on the bridge for a while. The two decided to go to the hotel for supper and Reed wanted to accompany them, but Westmont persuaded him to start for the bunk house, Reed being then slightly under the influence of liquor. To make sure of Reed going to the bunk house, Westmont accompanied him part way and started him on the path back from the river, receiving the gun from him, and leaving him at the hotel.

Not Again Seen Alive.

This was the last time Reed was seen alive. At the mill it was supposed, when he did not turn up, that he had gone with Westmont to the latter's ranch. The third or fourth day Westmont was communicated with by telephone and when he learned that Reed was missing, immediately went down to the town and told all he knew. It came to be believed that Reed had turned back and started to cross the bridge, and had walked off the swing span, which has no guard rail, into the river, color being lent to this theory by the fact that a third party, concealed in the surrounding bush, had overheard the conversation between Westmont and Reed, in which the latter urged the former to accompany him to the bunk house and the other refused and said he would stay around for a while. An extensive search was made and no traces of the man were found. Finally it came to be believed that he was still alive, and had disappeared from a whim, as he had more than once done before.

Thought Disappearance Was Wilful

This belief was embodied in letters to Joseph Reed, at Erie by several of the persons who best knew the missing man and had been prominent in the search for him. To finally settle the matter with reasonable probability, Constable Wightman went to Castlegar on Tuesday, and made an exhaustive inquiry. As a result of his report, Constable Fraser yesterday morning wrote to Mr. Reed that his brother had probably disappeared in the same manner as on previous occasions, and so far as there was any evidence, was probably alive. At almost the same hour, Erickson stumbled upon the body.

The deceased was well known at Erie where he worked for some time at the Second Relief mine and at other points in this district where he worked at mining and lumbering, having been in this country some five or six years. Joseph Reed, the elder of the two brothers, on the other hand, has been known here for 12 years or more, being the well known Erie storekeeper.

Mr. Reed will be notified by wire this morning of the finding of his brother's body and will probably come to the city this evening.

QUAKER TOWN CELBERATES

SALEM, N.J., Oct. 5—The 235th anniversary of the landing of John Fenwick here on Oct. 5, 1675 which marked the beginning of the first Quaker settlement in America, was celebrated in Salem today with festivities and speech making.

STEEL HULL FOR NEW BOAT READY

Will be Shipped at Once and Boat Completed at Nakusp—For Arrow Lake Service

The steel hull for the new C.P.R. Arrow lake steamer stands completed in the shipyards of the Polson Iron Works at Toronto and will be immediately taken apart and shipped in sections to Naknap where re-erection will take place and the balance of the work rushed to completion.

The machinery and boilers are not yet complete but good progress is being made in their construction.

David Stephens, the superintendent of lake service will remain in Toronto until the last shipment is made and will follow it westward to see that no delay occurs en route.

The eastern contractors will send a large gang of men with a compressor and rivetting plant to put the hull together on the launching ways but the installation of the main engines, boiler and auxiliary machinery will be carried out by the C.P.R. machinists at Naknap.

GOES EAST TO BUY BOAT FITTINGS

J. H. Taylor Leaves for Montreal in Connection With Furniture for New Arrow Lakes Steamer.

James H. Taylor, port steward for the C. P. R. lake and river service, leaves this morning for Montreal and other eastern cities on business in connection with the purchase of furniture and fittings for the new Arrow lake steamer, now under construction at the C. P. R. shipyard at Nelson.

He will also make a tour of inspection of the lake and river steamers in and around Toronto and Montreal for the purpose of picking up new ideas in regard to the successful conduct of this important branch of the service of which he has charge.

Mrs. Taylor, who has been visiting in her old home at Midland, Ont., for the past three months, will return with Mr. Taylor in about a month's time. During his absence, his duties as port steward will be carried on by Robert Parkinson, an old-time chief steward in the service, who has lately been acting in this capacity on the steamer Okanagan.

BIG ROSSLAND CABBAGE

(Special to The Daily News.)

ROSSLAND, Oct. 5—As a sample of what the soil of Rossland will produce a cabbage that will take some beating is on exhibition in a store window on Columbia avenue. It is a spring cabbage, was grown in the south belt and weighs 23 pounds.

TIMBER DEPARTMENT RECEIPTS ARE BELOW AVERAGE

(Special to The Daily News.)

VICTORIA, Oct. 5—Statistics for the month of September branch of the public lands department have just been compiled and show a smaller volume of receipts than the established average. During the past month 317 timber licenses were issued for lands west of the Cascade range, with the production of revenue to the amount of $44,700. East of the Cascades 233 licenses produced $5,190. Timber license transfer fees aggregated $130 and coal licenses transfers $350; penalties amounted to $500 and miscellaneous receipts $4.30, making the total timber department revenue for September $50,324.73.

FINE SAMPLES OF ORE FROM STEWART

J. B. Tierney Receives Specimens From New Strike on Portland Canal and Nelson Group.

J. B. Tierney, manager of the Portland Canal & Nelson Mining company, which is operating a number of claims on Bitter creek in the Stewart country, was yesterday exhibiting some splendid specimens of gold-copper ore from the most recent strike made on that property. The ore assays $45 to the ton and is from the new vein opened up on the surface of the Mammoth claim of the Portland Canal & Nelson group. The samples shown by Mr. Tierney were forwarded from Stewart by express.

INVESTIGATING GRIEVANCE OF MAINTENANCE OF WAY MEN

WINNIPEG, Oct. 5—The commission appointed by the government to investigate the demands of the maintenance of way men on the Canadian Northern, Canadian Pacific and Grand Trunk Pacific began its sessions here today. The tribunal conducted its business behind closed doors. The men submitted the draft of the proposed revision of rules. It is not improbable that the sittings may extend over a period of two weeks as there is determination to have all grievances examined and settled.

MORE OPIUM SEIZED

TORONTO, Oct. 5—Acting on a hint from a Chinaman, customs officials seized a box from Vancouver labelled drygoods but which contained 27 pound packages of opium buried in barley.

COMMON ASSAULT

SASKATOON, Oct. 5—At supreme court this morning Thomas Maywood was found guilty of common assault. Maywood was accused by a man named Storey, receiving rather rough usage in a fight over a set of harness. But the case narrowed down to assault with the above result.

HOLDUP MAN CAUGHT AFTER MANY MONTHS

WINNIPEG, Oct. 5—Emil Larson, wanted for over a year in connection with the holdup on the old Tait homestead near Deer Lodge, was arrested this morning as he was boarding a train for Canora, Sask. With Tom Collins and Karl Miller he framed the holdup but Miller who is a prize fighter saved possible murder by wresting the gun from Collins who was caught and given five years. Larson has been working in the city honestly at his trade for a year and thinks it hard lines to be tried.

Low Priced Suits That Are High In Quality

If You Are Seeking Suits, SEE THESE

You will wonder how these could be made for the prices. Linings, buttons, trimmings, everything about them bespeaks the excellent quality that is usually accompanied by high costs.

These are very extraordinary suits for these prices. They were purchased under very extraordinary conditions which we scarcely hope to duplicate. Therefore the woman with a keen eye to her own interests is not going to delay inspecting these.

You will find models new and distinctive, materials smart and of excellent quality, workmanship exemplary. These are incomparably the best suits you can buy for the money.

Misses Suits, $10, $15, $18.50, $22 and $27.50.
Ladies' Suits, $18.50, $22.50, $25, $35, $45 and 50.

MEAGHER & CO.

Eagle Block Baker Street

ONLY $25 PER ACRE

Can you get lake frontage elsewhere at this price?

Here we have 423 acres including 1 1-4 miles of lake frontage nearly opposite new C.P.R hotel at Balfour.

Unsurpassed view of both lake and West Arm. About 100 acres is

First Class Fruit Land

with the characteristic fruit soil of the West Arm. Balance good hay land, good water frontage, including nice beach, very suitable for subdivision into plots for summer cottages and small fruit ranches.

This opportunity will only be on the market for a few days at this price.

THERE'S MONEY IN IT.

P. J. Gleazer & Co. Box 316, Nelson, B. C.

GEE! I'M FROZEN

That was the exclamation heard time after time yesterday. Now that was rather ridiculous when people could buy a small electric heater which would go in their pocket and with it could boil a glass of water or milk in half a minute for the remarkable sum of $3 which is the cost of this little article.

These heaters are a thing that are needed in every home. The baby wants hot water at night. We all like to get out of bed to light a stove, but with this small electrical attachment you can do it from the bed. While the fellow sharpens his razor his water has boiled. The doctor can sterilize his his instruments by the bedside and perhaps save a life, being able to have hot water almost instantaneously. The cook can boil her potatoes, cabbage, puddings and in fact everything where hot water is needed. Call and see the little marvel at

MARCUS-TURGEON ELECTRICAL CO.

Store, 606 Baker Street, or Phone 346 and we will call at your house.

BUSINESS BLOCK FOR SALE

BUSINESS MEN, ATTENTION

We have had listed for sale a three story brick block with a frontage of 30 feet and 90 feet depth. There is also a good storage shed, covering the balance of the lot. Building has a newly installed electric elevator, and the whole property is in first class repair.

NOW LOOK HERE GENTLEMEN

You know as well as we do that the future of Nelson is assured, and it is only a matter of a short time before Baker street property will be worth double its present selling price.

We are prepared to make you a first class proposition on this block and it will certainly pay you to get particulars, $7500 cash, and the balance on easy terms.

WAREHOUSE PROPERTY

Between Josephine street and Hall street on Front street, we have 75 feet with railway trackage. This property as you can see will soon be very valuable for warehouse property. Railroad trackage is very limited and this property is the best situated of any. For a short time we can deliver for $5000 on very easy terms. This is a chance of a life time.

M'QUARRIE & ROBERTSON

419 WARD STREET NELSON, B.C.

Did You Ever Consider the Fact That Rent is a Tax?

The landlord is supposed to exact enough rent or tax to cover interest on his investment in the house you live in, if a renter and also to pay for all taxes, insurance, repairs, etc. And if you will only stop to think of it, friend, you pay for all those fixed charges. But the queerest thing of it is you do so from choice. Isn't it time to quit this nonsense? The only way out of it that we can see is to get a home of your own. Then you will be independent of the landlord and, besides saving the rent money, you will be happier and much more contented than now. If you continue squandering your earnings in rent, don't complain if others are getting rich. Rather, enter a long, loud and earnest protest at your own foolishness.

Determine to Be Your Own Landlord

Here is your opportunity: A well located home renting now for $20 per month. The sacrifice sale price is $1700; reasonable terms. Right on car line a splendid corner, two full lots, 5 rooms and bath. Could not be built for selling price.

A money maker for the buyer who snaps this up. Full particulars upon application to.

MONTREAL CATTLE MARKET

MONTREAL, Oct. 5.—Live stock receipts at the Canadian Pacific railway east end market today were 125 cattle, 800 sheep and lambs, 1500 hogs and 400 calves.

Cattle prices were one-quarter cent per pound lower, and hogs sold off to $8.75 to $8.75 per cwt. Choice steers sold at $5.25 to $5.50, while lower grades brought $4 to $4.85; cows $3 to $4.75. Sheep were steady at $2.50 to $4 and lambs at $5 to $6.50. Hogs were lower at $8.50 to $8.75 and sows at $7.50 to $7.75. Calves sold all the way from $3 to $10, according to the quality. Receipts at the Montreal stock yards west end market today were 506 cattle, 1,000 sheep and lambs, 1,300 hogs and 70 calves.

Top steers brought $5.30 to $5.60, medioms $5.10, canners' bulls $3, cows $4.75, medioms $4 to $4.50, bulls $4.

Hogs were off to $8.50 to $8.75, and sows $7.50. Lambs sold at $5.50 to $6.75 and sheep at $4. Calves brought $3 to $12.

RAILWAYS FEEL EFFECTS OF LIGHTER WHEAT CROP

MONTREAL, Oct. 5.—The reduced wheat crop of the west this year is plainly reflected in the railway traffic for the month of September, during which month the first Western wheat first hit the way of transportation. Returns received by the Canadian Pacific show that from September 1, when the new wheat started to come in, until the end of the month, there were marketed in the west 15,237,000 bushels as against 14,036,000 bushels during the same period last year, a drop of 1,201,000 bushels. Up to the end of the month the C.P.R. had shipped 9,237 cars of wheat as against 12,402 last year, a reduction of 3,165 cars. This, at the average of 1,000 bushels to the car, means a drop of 2,166,000 bushels shipped from the west to the seaboard during the month as compared with last year.

INTERCEPTED MESSAGES OF VESSEL IN DISTRESS

BUFFALO, N. Y., Oct. 5.—The supreme court today reserved decision on the question whether it is unlawful for one wireless company to prevent the transmission of messages by an opposition concern. The steamer Western States had an accident off Long Point September 21 and tried to get in communication with the station here and at Dunkirk. Every effort was frustrated, it is alleged, by operators for a rival wireless company. E. O. Goodwin and Nelson Holt, the operators charged with being responsible for the interference, were arrested on a charge of violating the penal code. Goodwin was committed to jail, but was released today on a writ of habeas corpus. Evidence was given that the operators acted under instructions from their superiors.

GOOD ROADS MEETING

KNOXVILLE, Tenn., Oct. 5—The second annual convention of the Southern Apala Good Roads association began a two days' session here today with many delegates in attendance from Virginia, Georgia, Kentucky, Tennessee and the Carolinas.

WATER NOTICE

Notice is hereby given that an application will be made under Part II. of "Water Clauses Consolidation Act, 1897," to record the right to take, divert, convey and use water in West Kootenay District for ordinary, domestic, and agricultural purposes:

(a.) The name of the applicant is John Bohman.

(b.) The name of the lake, stream or source is (if unnamed, the description is): Twelve Mile Creek.

(c.) The point of diversion or intended ditch-head is at a point about one mile from the Pend Oreille River.

(d.) The means by which it is intended to store and divert the water is by a ditch.

(e.) The number of inches applied for is twenty-four.

(f.) The water is required for agriculture.

(g.) The land or mine on which the water is to be used is Lot 7391, Group 1 of West Kootenay District.

(h.) This notice was posted on the 19th day of September, 1910, and application will be made to the Commissioner on the 19th day of October, 1910.

JOHN BOHMAN,
Wanita, B. C.

NOTE—One cubic foot per second is equivalent to 35.71 miners' inches.

TENDERS

Tenders will be received at the office of the architect, Alexander Carrie, for the erection of a two-story brick building in Fairview for William Hancock. The lowest or any tender not necessarily accepted.

In the Supreme Court of British Columbia, in the matter of the Estate of Bella Devlin, deceased.

Notice is hereby given of the sale of lots 29 and 31, block 73, City of Nelson. Sealed tenders will be received by T. M. Bowman, District Registrar of the Supreme Court, at any time prior to the 15th day of October, 1910. The right to refuse any or all tenders is reserved. Further particulars may be had from Messrs. Hamilton, Lennie & Wragge, solicitors for the estate.

Dated this 3rd October, 1910.

NOTICE TO CONTRACTORS

Grand Forks Court House.

Sealed tenders, superscribed "Tender for Court-house, Grand Forks," will be received by the Honourable the Minister of Public Works up to noon of Tuesday, the 25th day of October, 1910, for the erection and completion of a brick and stone building at Grand Forks, B. C.

Plans, Specifications, Contract, and Forms of Tender may be seen on and after the 24th day of September, 1910, at the office of the Government Agent, Grand Forks, and the Department of Public Works, Victoria.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for the sum of $5,000, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

F. C. GAMBLE,
Public Works Engineer.
Department of Public Works,
Victoria, B. C., September 29th, 1910.

Own Your Own Home

A GRAND PROPOSITION FOR THE WORKING MAN

Use other people's money to buy your home; then pay it back in monthly payments; less than ordinary rent. Your money is not being thrown away as 6 per cent interest is allowed during the time the contract is maturing. Do not ask others who know nothing about this plan, but come and see me. I will be pleased to give you the very fullest information as well as a copy of the contract.

If you have no lots now, I can show you how you can buy lots and build on them and so own your own home.

If you cannot call, write me. I will explain everything. Numbers have already taken advantage of this system. Why not you.

NELSON NEWS OF THE DAY

(Additional local news notes on page 8.)

E. V. Buckley, manager of the Queen gold mine of Sheep Creek, is a guest at the Hume.

The annual field day of the Nelson schools has been postponed from tomorrow, October 7, to Friday, October 14.

Miss Hall wishes to thank all friends for their sympathy and assistance during her recent bereavement through the death of her father.

Harry White, who was Presbyterian missionary at Ainsworth during the past summer, has been appointed to North Bend, at the coast, and will leave for that point in a few days.

Joseph Pogulinski, who has been visiting in Seattle, reached the city Tuesday evening and leaves this morning for Procter, where he will work for the Wattsburg Lumber company.

The October session of the University club will be held in the board room of the public school building on Saturday evening at 8 o'clock. Those desiring to become members, and all friends, will be made welcome.

Before W. H. Bullock-Webster, stipendiary magistrate, on Tuesday, W. W. Harris, the local grocer, recovered judgment for $63.30, against A. Mantha. A portion of this amount, $22.40, on deposit at the local branch of the Bank of Montreal, was secured under garnishee. J. S. Mackay appeared for the plaintiff.

His honor, Judge Forin, was too unwell to leave yesterday for Victoria, to attend the sessions of the board of arbitration, of which he is chairman, on the claims in connection with the default of the old Midway & Vernon railway. The sessions of the board have accordingly been postponed for a couple of days.

Three residents of Nelson who are not householders, but who are qualified as civic electors by reason of being British subjects and having been in the city since January 1 last, must remember that the only way for them get on the list is by making personal registration with the city clerk, W. H. Wasson, during the month of October.

"The salmon fishing at Kaslo has been the best I have known it to be in my nine years in this country," said W. C. Zwicky, at the Strathcona. "There have been more fish, and larger ones. The fishing is still fair now, and several good salmon were caught the past week, all providing good sport. Among the others, Joseph Carton caught one weighing 29 pounds, and my daughter Alice caught one weighing 21 pounds."

H. E. Douglas, the popular agent of the Great Northern, will leave for the east this morning with his family, for a two months' holiday. They will first take in Winnipeg and Hamilton, and leaving the younger members of the family at the latter city, Mr. and Mrs. Douglas will visit a number of points in the east. They go out by the Crow, it being 12 years since Mr. Douglas has travelled over that line. During Mr. Douglas' absence his place will be filled by W. H. Ketchum, agent at Waneta.

Royal Hotel, here's your home for the winter. Best board in the city. 136

NO INDIGESTION OR STOMACH DISORDER

Stops Food Fermentation and Relieves Gas, Heartburn and Dyspepsia in Five Minutes.

Why not get some now—this moment, and forever rid yourself of Stomach trouble and Indigestion? A dead stomach gets the blues and grumbles. Give it a good rest, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of gas or eruptions of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and Dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach, in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapepsin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach misery is waiting for you as soon as you decide to take a little Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to become thoroughly cured this time.

Remember if your stomach feels out of order and uncomfortable now, you can get relief in five minutes.

WINDERMERE GIRL IN ELOPEMENT

Couple Believed to be Fleeing to Kootenay—Daughter of Manager of Hammond Ranch

CALGARY, Oct. 5—The story of the apparent elopement of 13 year old Evelyn Lowerson, the pretty little daughter of Robert Lowerson, manager of the Hammond ranch at Windermere, with William J. Moore, who is better known as Buffalo Bill, reached this city this morning.

Whether the little girl was kidnapped or not it is impossible to say just yet, for a note was found on the gate post after her departure last Thursday which stated to her parents that she had determined to run away with the man Buffalo Bill, whom she said was the "only man she ever loved."

Buffalo Bill Moore is 40 years old and it is suspected that the two are making their way over the Rockies via the Sinclair pass to reach the Kootenay river district. Several posses are on their trail and are ransacking the mountains as far as possible and the Indians are also after the kidnapper and if he succeeds in getting clear and shaking his pursuers off it will be only because of his intimate knowledge of the country.

Moore has been a resident of the district for years and knows the country like a book. Every mountain pass and trail and hundreds of crannies and hily places are known to him. That Moore intends to dress the girl up as a boy much after the Crippen, Miss Leneve fashion is deduced from the fact that previous to the disappearance of the child and her man lover, he purchased a suit of clothes for a boy who he said was 14 years old, at Wilmer, B.C. The two have a couple of horses and a good pack horse with lots of food.

FARMER MURDERED NEIGHBOR

BROCKVILLE, Oct. 5—Albert W. Holmes, 55 years old, a respectable farmer of Edwardsburg township, was arraigned at the assizes for murdering Nathan Boltes, a cousin and neighbor with an axe. Holmes went throughout the two hours hearing. The defence admits murder, but claims that Holmes was mentally unbalanced owing to family troubles.

It is in time of sudden mishap or accident that Chamberlain's Liniment can be relied upon to take the place of the family doctor, who cannot always be found at the moment. Then it is that Chamberlain's Liniment is never found wanting. In cases of sprains, cuts, wounds and bruises Chamberlain's Liniment takes out the soreness and drives away the pain. Sold by all druggists and dealers.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Nelson Division of West Kootenay District.

(a) The name, address and occupation of the applicant, Fred A. Starkey, of Harrop, B.C., Merchant.

(b) The name of the lake, stream or source (if unnamed, the description is): Mill Creek.

(c) The point of diversion: About 600 feet southwest of Block 20, Lot 222, Group 1, Kootenay district.

(d) The quantity of water to be applied for (in cubic feet per second): One-quarter cubic foot.

(e) The character of the proposed works: Ditch and flume.

(f) The premises on which the water is to be used: Lot 2 and Block 5A, Block 20 of the West sub-division of Lot 222, Group 1, Kootenay district.

(g) The purposes for which the water is to be used: Irrigation.

(h) If for irrigation describe the land intended to be irrigated, giving acreage: 12 acres Lot 2 and Block 5A, Block 20 of the sub-division of Lot 222, Group 1, Kootenay district.

(i) Area of Crown land intended to be occupied by the proposed works: None.

(j) This notice was posted on the 22nd day of August, 1910, and application will be made to the Commissioner on the 22nd day of September, 1910.

FRED A. STARKEY,
Nelson, B.C.

NOTE—One cubic foot per second is equivalent to 35.71 miners' inches.

WATER NOTICE

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Nelson Division of Kootenay District.

(a) The name: Jonathan Rogers; address: Vancouver, B. C.

(If for mining purposes) Free Miner's Certificate No. 1893 B.

(b) The name of the lake, stream, or source (if unnamed, the description is): Sheep Creek.

(c) The point of diversion: about 800 feet up from the junction of Sheep Creek and Wolf Creek.

(d) The quantity of water applied for (in cubic feet per second): 11.2 cubic feet.

(e) The character of the proposed works: flume and pipe.

(f) The premises on which the water is to be used (describe same): The Kootenay Belle group of mines.

(g) The purpose for which the water is to be used: mining purposes.

(h) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return: To be returned to Sheep Creek about eighteen hundred feet up from the junction of Sheep Creek with Wolf Creek, difference in altitude about 150 feet.

(i) This notice was posted on the 1st day of July, 1910, and application will be made to the Commissioner on the 1st day of August, 1910.

(j) Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet: Queen Gold Mines, Salmo; A. H. Tuttle, Tulsi; Amalgamated Gold Mines, Vancouver.

Attach copy of such parts of the Company's memorandum of association as authorize the proposed application and works.

JONATHAN ROGERS.
Per F. E. Morrison, Agent.
Vancouver, B. C.

GEO. F. MOTION,
Nelson, B.C.

NOTE—One cubic foot per second is equivalent to 35.71 miners' inches.

WATER ACT 1909.

By direction of the Board of Investigation notice is hereby given that the Board will proceed to adjudicate upon claims to water on the following creek and tributaries thereto in the Nelson Water District, under authority of Part 8 of the Water Act, 1909.

SHEEP CREEK AND ITS TRIBUTARIES

A meeting for purposes of adjudication will be held in the City of Nelson at 10 o'clock a. m. on or about the 8th day of October, 1910.

W. B. DREWRY,
Chief Water Commissioner

A WORD TO PARTICULAR MEN ABOUT SUITS

COME IN

TRY ON

COMPARE

A suit may be correct enough, but utterly lack becomingness to its wearer. A suit may have the quality to give years of service, yet be distinctly without style.

When a suit combines style, beauty of pattern, quality, service and value, then it is a work of art.

Fit Reform suits are made by the great masters of the craft in Canada. They make their appeal to those who discriminate and present the authoritative styles in a variety of patterns to meet the most exacting taste.

The Fit Reform service includes garments for every dress occasion as well as for business wear.

Fit-Reform

NOTICE TO CONTRACTORS

Kaslo Court House.

Sealed tenders, superscribed "Tender for Kaslo Courthouse," will be received by the Honorable the Minister of Public Works up to and including Monday, the 10th October, 1910, for the erection and completion of a new Courthouse at Kaslo, in the Kaslo Electoral District.

Plans, Specifications, Contract and Forms of Tender may be seen on and after the 19th day of September, 1910, at the offices of the Government Agent, Kaslo; Government Agent, Nelson; and the Department of Public Works, Victoria.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works, for a sum equivalent to 10 per cent of the amount of the tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

NELSON NEWS OF THE DAY

(Additional local news notes on page 1.)

W. Kennedy, of the Eureka gold mine, is in from Sheep Creek.

O. V. White, the well-known Slocan mining man, is at the Strathcona.

Mrs. Arthur R. Poole will receive this afternoon at her home, 418 Silica street, from 4 to 6 o'clock.

J. M. Robinson of Summerland and J. T. Robinson of Kamloops members of the water commission, sitting here today, are guests at the Strathcona.

Born, on Wednesday, October 5 to the wife of John McIlsite, Houston street, a daughter.

George H. Beley, of the Mother Lode mine, is in the city to attend the session of the provincial board of water commissioners.

The First Aid class at the Y.M.C.A. will have its first session tonight at 8:30 o'clock. Dr. L. E. Borden is the teacher.

The sewing circle of Trinity Church Ladies' Aid will meet at the parsonage tomorrow afternoon at 3 o'clock.

J. L. Buchan, manager of the Canadian Bank of Commerce, has returned to the city after a visit to Des Moines, Iowa.

Mrs. C. E. Miller has moved from her summer residence at Crystal Beach to her house at 618 Silica street.

W. W. Bradley, provincial assessor, is on an official visit to Revelstoke. He will return to the city on Saturday night.

The fair secretary is busy compiling the amounts due to prize-winners at the fair. When this is done cheques will be mailed direct to each individual.

On Sunday afternoon next a harvest festival service will be held in the school house at Willow Point, at which Rev. Fred H. Graham will officiate.

The Crow boat reached the city three and a half hours late last night. In order to accommodate westbound passengers a special train left for Robson immediately after the arrival of the boat.

At St. Saviour's church, Nelson, B. C., on Wednesday, October 5, 1910, by Rev. Fred H. Graham rector, John Maybury, of Nelson, was married to Miss Mildred Cummins, of Cornwall, Ontario.

Mrs. C. Watts and Mrs. Scott are the two members of the Charity organization appointed to take action should any cases deserving of assistance be brought to their notice during the month.

The water of the upper and lower Arrow lakes has risen about a foot the last few days, consequent on the recent spell of rainy weather, but no rise has been noted on any of the other inland lakes.

All ladies of the city intending, or desiring, to have their children attend the kindergarten class about to be opened under Rev. J. P. Westman's extension scheme, are requested to meet him at the Methodist church this afternoon at 2:30 o'clock sharp.

Baled Havanas our specialty this week

The water in the lake has risen 1 1-16 inches during the past 24 hours, according to the water-gauge of the Lindsay Launch & Boat company. This is the beginning of the annual fall rise. Last year, it will be remembered, the precipitation was unusual, and the rise was quite pronounced.

C. W. Sharpe of Winnipeg, who has the contract for the erection of the C. P. R. tourist hotel at Balfour, has sublet the contract for the stone and brick work of the building to John Burns & Son. On Tuesday Mr. Burns despatched a large staff of men, equipped with the necessary machinery and tools for carrying out the work.

Captain D. C. McMorris, who has been commanding the C. P. R. steamer Kaleden on Okanagan lake the latter part of the season, was taken down with typhoid fever last week and placed in the general hospital at Vernon. The last news received was that he was progressing favorably. Mrs. McMorris left Nelson on Saturday to join him.

The population of Nelson will be increased to the extent of nine new citizens next week when F. P. Stevens, the well-known real estate operator of Kenora, and family will take up their permanent residence here. Mr. Stevens has the agency for the sale of a large tract of land near Shuswap lake and will make Nelson his headquarters.

A beautiful salmon was landed at the pool, Slocan Junction, yesterday by Robert Elliott, weighing exactly 16 pounds. The fish was caught on red and line, with a rather small spoon, and was landed after a fight of an hour and twenty minutes. Its length is four feet two inches. It will be on display this morning in the window of the Nelson Hardware company, with whose tackle it was caught.

E. B. McDermid, who left a few days ago for Vancouver, has received the sad news of the death of his sister, Miss Edith McDermid, of London, Ont. Miss McDermid had but recently gone to Atlanta, Georgia, to teach in the university at that city. Soon after her arrival in the south she was taken ill and her death occurred a few days later. The late Miss McDermid spent the summer in Nelson two years ago.

A resident of London, England, writing to a friend in this city, states that the people over there are already beginning to talk about the coronation festivities, and that, if reports be true, the pageant will surpass anything of its kind that has ever before been attempted in the history of Great Britain, either before or since she attained the title of the British Empire. The date has not yet been definitely settled, but June 21 or June 22 of next year are considered likely dates.

J. R. Larsen, manager of the Standard Furniture company, leaves this morning on an extended visit to the east. Mr. Larsen's objective point is New York city, but he will also spend some time in Toronto, Chicago, Pittsburg, St. Paul and Minneapolis and many other cities. During Mr. Larsen's absence I. G. Nelson will be acting manager of the Standard Furniture company.

Completely recovered from a severe attack of grippe and rejuvenated by a week's rest at the well-known Halcyon Hot springs hotels on the Arrow lakes, W. R. Haldane, district freight agent for the C. P. R. has returned to the city. Mr. Haldane stated yesterday that the hotel at the springs, which is owned by W. R. Boyd, has been doing a great business during the summer and that no less than 15 patients were taking the medicinal waters and hot baths there last week. Mr. Boyd is contemplating a number of improvements to the hotel next spring, the most important of which is the construction of an open air plunge bath close to the lake shores. This will enable the visitor to either take a hot bath in the spring water or a cold swim in the lake.

AT THE THEATRES

An interesting program was presented at the Empire theatre last evening and which will be repeated this evening. The subjects were: "The Master Mechanic," "Miss Nosey," "The Fruits of Vengeance" and a beautiful colored film, "The Horseshoe."

The subjects shown at the Gem provide an excellent program. "The Rescue of the Prisoner's Daughter" is one of those fine Bison features, introducing a great display of riding among the cowboys. "The Mad Hermit" is a good dramatic work; "In Cairo" some interesting scenes are shown, and "The Sound of the Horn" furnishes the show with a good hearty laugh.

WEDDING BELLS

Maybury-Cummins

John Maybury of P. Burns and company was married at 10:30 last night by Rev. Fred H. Graham at St. Saviour's church to Miss Mildred Cummins, daughter of John Cummins of Montreal. The ceremony was a quiet one, taking place in the presence of a few intimate friends of the bride and bridegroom.

The bride was given away by Frank Delves and Robert Bell acted as best man. Miss Florence Delves was bridesmaid.

The witnesses were Mr. and Mrs. Delves and James Kaylon of Queen's Bay.

After the ceremony a wedding breakfast was served at the residence of Mr. and Mrs. Delves, Houston street.

SHERIFF'S SALE

By virtue of a warrant of execution issued out of the small debts court of the city of Nelson and Ymir electoral districts at the suit of Irving J. Louis against A. Mantlies. I have seized and taken in execution all the right, title and interest of the said A. Mantlies in all the furnishings of the New England cafe, situated on Baker street, in the city of Nelson, B. C., and will offer the said furnishings for sale at my office in the court house in Nelson, B. C., on Monday, the 10th day of October, A. D. 1910, at the hour of twelve o'clock noon. An inventory of the said furnishings may be seen at any time previous to the sale at my office. Intending purchasers will satisfy themselves as to the interest of the said A. Mantlies.

Dated at Nelson, B. C., 6th October, 1910.

S. F. TUCK,
