WRECKAGE STREWS BRITISH COASTS

Largest Death Roll of Recent Gales

MANY BIG VESSELS HAVE FOUNDERED

Already Hundred and Fifty Deaths Reported—Fishing Smacks Missing

LONDON, Oct. 14—The Irish and English coasts are lined today with wreckage and grave fears are felt that the hurricane which is hourly increasing in violence will claim the largest death toll of recent gales. Already 150 persons are reported missing. Many big vessels have either foundered or been driven ashore, while numberless fishing smacks are missing and are believed to have sunk.

Corpses Washed Ashore

Corpses are being washed ashore at numerous places. Sixteen passengers and sailors are known to have perished by the foundering of the steamer Heathfield, which went down in the North Sea, while 20 are believed to have died on the steamer Cramford, missing from Hartlepool and thought to have sunk. Many groups of fishing boats are reported missing from ports along the coast and it is almost certain they have perished, for even large steamers had great difficulty in remaining afloat in the high seas that are running.

In Havana Also.

HAVANA, Oct. 14—The provinces of Havana, Mantanzas and Pinar del Rio have been in the grip of the severest storm of recent years since Thursday morning. The wind was not comparable with the hurricane of 1906 and 1909, its highest velocity being about 85 miles an hour. The rain fall, however, probably was unprecedented and doubtless has done great damage to sugar cane and tobacco.

CONSUL GENERAL ARRIVES

OTTAWA, Oct. 14—The new Chinese consul general for Canada, Wang Seyoun, former district magistrate in China, arrived in Ottawa today. Hon. Mr. Kung his predecessor left immediately for Vancouver.

NO HORSES LOST, SAYS HUNTER

W. A. Green Describes Hunting Trip Among Crawford Bay Mountains —Tribute to A. Houghton

Walton A. Green of New York, a member of the party of hunters who were reported to have lost three horses in a snowslide on the mountains at the back of Crawford bay last week, was in the city yesterday for the purpose of collecting mail and telegrams and obtaining supplies. Mr. Green stated that while his party had been compelled to return to Crawford bay owing to the heavy snow and blizzards they sustained no loss beyond that of two sides of bacon, 14 pounds of sugar and 50 pounds of flour. This was all packed on a horse which slipped while coming down a step mountain side. While the pack disappeared in the snow in the canyon below the animal was practically uninjured.

Four Feet of Snow

"We encountered four feet of snow at Procter's Pass and met with some fierce blizzards," said Mr. Green, "but the story of the loss of the horses was incorrect.

After Monster Billy

"We found that game abounded in the country back of the bay but experienced considerable difficulty in getting within range. We were successful, however, in bagging two caribou and two large goats. Upon my return to Crawford Bay I intend to go after a monarch billy goat which we saw last week. He is a monster and has been unsuccessfully hunted for ten years or so. We shall certainly make a big effort to get him."

Mr. Green paid a great tribute to the skill, woodcraft and knowledge of the country displayed by Arthur Haughton of Crawford Bay, who is acting as guide to the party. Another member of the part is W. H. Wright of Spokane, who is recognized as one of the greatest bear hunters in the northwest. The party, said Mr. Green, saw hundreds of bear tracks, one which measured 15 inches from heel to toe.

Battery of Arms

Mr. Green is equipped with a .401 automatic, a .405 repeater and a .30 rimless. The .405 is a weapon which Mr. Green was advised to take on the trip by Theodore Roosevelt, to whom he went for pointers before leaving New York.

A fourth member of the party is H. R. Shurtleff, also of New York.

LIEUT.-GOVERNOR OF SASKATCHEWAN

George Brown Succeeds Forget—Oath Administered by Clerk of Privy Council

REGINA, Oct. 14—Shortly after 2:30 this afternoon, George W. Brown was sworn in as lieutenant governor of Saskatchewan in succession to ex-Lieutenant Governor Forget. The ceremony took place at government house, the oath being administered by Rudolphe Boudreau, clerk of the King's privy council, who arrived in the city this morning from Ottawa for the purpose. Among those present at the ceremony were Premier Scott and several judges of the supreme court. Following the administration of the oath, ex-Lieutenant Governor Forget addressed a few words of a congratulatory character to his successor in the course of which he stated that so far as his term of office was concerned the only act for which as far as he could remember, he had been criticized was his choice of a cabinet at the time when the new province was constituted. With regard to this, however, he felt and had always felt that he had acted in strict accordance with the dictates of his conscience, and his choice had since been approved by a great majority of the province. The new lieutenant governor briefly replied, declaring his intention to uphold the dignity of the high office for which he had been chosen.

May Live at Banff

A touching unrehearsed incident of the swearing in ceremony took place as the new lieutenant governor drove away from government house to the city, when the ex lieutenant governor himself lowered the flag in front of government house, thus signifying that though the man who had lived there in the highest official capacity in the province for the past 12 years, was still the host, the lieutenant governor was not in residence. Mr. Forget will probably remain at government house some days longer. It is his intention upon leaving Regina to take up his residence at Banff where he has this year erected a residence.

Bulyea Reappointed

Mr. Beaudreau left for Edmonton where he will administer the oath to Lieutenant Governor Bulyea upon his reappointment for a second term as lieutenant governor of Alberta.

TOOK LETTER FROM MINISTER'S FILE

How Bishop Fallon's Views on Bi-Lingual Question Leaked Out—Secretary Dismissed

TORONTO, Oct. 14—There has been a deal of mystery about the parliament buildings in Queens Park for some days over a confidential letter which escaped from the office of one of the ministers and found its way into print through Henri Bourassa's paper, and one or two other French Canadian papers. It was a letter written by Hon. W. J. Hanna to Dr. Pyne, minister of eruction and giving a synopsis of a conversation which Mr. Hanna had at Sarnia with Bishop Fallon of London. The topic was bi-lingual teaching in the schools of Essex county. The letter seemed to indicate that the bishop was strongly opposed to the teaching of the French language where it prevented children of French parents from acquiring adequate knowledge of English and it has fanned into flame again the controversy on this question which had died down. Today Sir James Whitney who has all along refused to comment on the incident, handed out the following statement: "I believe Mr. Hanna was invited by Rev. Father Kennedy to meet Bishop Fallon and he thought it well to send an account of the interview to the minister of education. Afterwards he, Mr. Hanna, gave a copy of the letter to Hon. Dr. Rheaume, minister of public works. The latter placed the letter on his private file, from which it, or a copy of it, was taken surreptitiously by his secretary, H. C. A. Maisonville and it was given out by him to a friend in Walkerville. Mr. Maisonville confessed his guilt to two members of the cabinet and his services have been dispensed with."

FIRST RESCUE STATION FOR FERNIE

Officials Leave to Install Rescue Station for Fernie Mines—Middlesboro Central Station

(Special to The Daily News)

VICTORIA, Oct. 14—R. F. Tolmie, deputy minister of mines, with H. Shepherd, the chief inspector, has left for the Crow's Nest mining fields to establish at Fernie the first of three government rescue stations in connection with the operating collieries of British Columbia. Upon the return of the officials to the coast arrangements will be made for the installation of the Nanaimo and Cumberland stations.

All the apparatus for the three stations is now en route. It is the intention of the mines department also to instal a central station at Middlesboro in the Nicola country to support colliery installations as required by the Coal Mines Regulation act.

FULL CONTROL OF COPYRIGHT

British Government Gives Control to Canada

REPEAL BRITISH COPYRIGHT ACT

Canadian Copyright of Canadian Authors Recognized in Great Britain

OTTAWA, Oct. 14—The British government has finally agreed to give Canada full control over foreign copyright in the Dominion. Heretofore the British copyright was effective in Canada, and an American publisher obtaining a British copyright was protected in Canada. Hereafter a Canadian copyright will have to be obtained.

Hon. Mr. Fisher states that he induced the British government this summer to give Canada full control of copyright and Mr. Buxton will introduce a bill in the British parliament repealing the British copyright act of 1842. At the same time Hon. Mr. Fisher will introduce a new copyright bill into the Canadian parliament requiring copyright in the Dominion to obtain protection. This is in accordance with the Berlin convention of two years ago. The Canadian bill will recognise the British copyright of works by British authors, and the British bill will recognize Canadian copyright in the same way. Similar reciprocity arrangements will probably be made with other countries.

CHARGE OF GRAFT BY MEMBER OF SCHOOL BOARD

Serious Charge Against Member for Springfield—Rake-off on School Site.

WINNIPEG, Oct. 14—Quite a sensation has been created in Winnipeg by serious charges which have been made against D. A. Ross the member for Springfield in the Manitoba legislature, who, as a member of the Winnipeg school board, it is alleged, has obtained $1225.75 by means of a rake-off in a transaction for a site for a school in the city. Ross is in the real estate business, and it is stated by a real estate firm that when the Winnipeg school board were wanting a site for a new school he was approached by Ross who lent him $2900 to secure an option upon a certain plot of land. This land was afterwards selected by the school board and the profit made by the parties amounted to $2650, of which Ross received $1226.75. Coleman also alleges that about the time of the election, he called Ross on the phone and told him a certain party had offered him $400 to make a statement of the deal. Ross is alleged to have replied, "Don't have anything to do with that, Bill. There will be other chances coming." Ross' defense is that no such thing has ever occurred except in the minds of blackmailers who wish to injure him politically. He has asked for a full investigation and this was ordered tonight. A judge of the high court will hold the enquiry.

REGISTRATION IS STILL HEAVY

Nearly Thirty Qualified Yesterday—Approximately Two Weeks Until List Closes at End of Month.

The list of householders who will be qualified to vote in the January elections was lengthened yesterday by the addition of 26 new names. This brings the total up to date to 86. There are still approximately two more weeks before the lists close at the end of the month.

Those registering yesterday were: Raphaile Camberino, Thomas Masters, T. F. Chatterton, James Howard, Herbert Wood, B. M. Buck, D. A. McAlman, A. Gustafe Theuw, D. C. Walmsley, F. J. Conway, A. R. Keeler, D. H. Proudfoot, L. B. de Veber, Percy Mundell, Mrs. J. O. Ellis, W. H. Hoare William Allen, F. E. Bell, James O'Shea, William Pitts, H. O. B. McDonald, A. C. Smith, George Douglass, F. J. Minett, R. H. Julien, D. A. Brown, W. J. Meagher, Paul LeMay.

CLUBBED PORCUPINE AND LEG IS SHATTERED

Rescue Party Finds Hunter Dead With Side of Head Blown Off by Rifle.

(Special to The Daily News.)

VANCOUVER, Oct. 14—The body of Hugh Wooley has been brought to the city, death being the result of a peculiar series of accidents while on a hunting trip on Jervis Inlet. Wooley attempted to club a porcupine with his gun when the stock broke and both barrels were discharged into his leg. His companion left him for a seven-mile trip to secure aid, leaving a rifle at his feet in case a bear should attack him after following up the smell of blood. Six hours later a rescue party arrived and found Wooley with the side of his head torn off by a rifle bullet, the weapon being found in his hands. The jury took the view that the second shooting was accidental and due to the man in his weakness being unable to raise the gun to the desired height to fire a signal of distress.

INDUSTRIAL TRAINING

(Special to The Daily News.)

VICTORIA, Oct. 14—The itinerary of the recently appointed royal commission on industrial training has been announced as follows: Fernie, Nov. 21; Nelson, Nov. 23; Vernon, Nov. 25; Vancouver, Nov. 28-30; Nanaimo, Dec. 1; Victoria, Dec. 2-3. This commission was appointed by the Dominion authorities to inspect the industrial schools of the country on the idea that this phase of education should be taken up by the Dominion department of trade and commerce. It is understood that the plan is to establish technical schools in various provinces at locations approved by the commission.

ENGLISHMAN KILLED BY FALLING TREE

Accident at McLaren's Mill at Coleman—Three Men Injured by Falling Rock.

(Special to The Daily News.)

COLEMAN, Oct. 14—An accident occurred at the International Coal and Coke Co.'s mine on Tuesday night. A pillar giving way let down some rock and the following were injured: L. Evans, compound fracture of one of his legs; W. Brenan, injuries to his head and arm; A. W. Benson, foot somewhat crushed. They are all doing well.

Killed at Mill.

A young Englishman, Gilbert Morris, aged 21, of Hull, Yorkshire, was killed at McLaren's mill, by a tree falling on him. He had only arrived in Canada about two months ago.

Father Dilestie of Saltcoats, Sask., has been appointed to the Coleman Roman Catholic church as parish priest and will hold services on Sunday next.

The town council meeting was held last night, the mayor swearing in the councillors. It was decided to appoint M. E. Graham as fire chief and advertise for a person to take the offices of secretary treasurer, town constable and sanitary inspector.

STRIKE SITUATION IS IMPROVING

Men Adjured to Fight to Bitter End—Six Thousand Strikers Dispersed by Troops

PARIS, Oct. 14—As a result of the strong measures put into force by the government the railway strike situation continues to improve with the exception of the western road, where the tieup was still in force etoday. The traffic conditions were greatly improved. The government fears that rioting will follow a meeting of the strikers tonight, and this led to the placing of 10,000 troops in the narrow streets adjoining the hall where it was held. There were no disturbances other than a few pistol shots and jeers.

Charge d Strikers

After the meeting 6000 strikers emerged from the hall singing revolutionary airs and shouting "Long live the Commune." Mounted troops immediately charged the crowd and dispersed them. Among the speakers within the hall were M. Jaures and other Socialists who adjured the men to fight to the bitter end, declaring that the revolution in Portugal and the unrest in Spain had brought about the psychological moment for the French proletariat to strike an effective blow. The strong military precautions taken by the government which included the summoning of six regiments from the provinces, was due to the impression that the revolutionary element was trying to transform the warning into open violence. M. Jaures in l'Humanite' denies this was the intention of the strikers and urges moderation on their part.

Bomb Found

PARIS, Oct. 14—A powerful bomb was discovered by the police today at the foot of a tree in the Avenue Kleber, near the American embassy. The officers attribute the attempted outrage to anarchists, who sought to put new life into the apparently dying railway strike.

CLAIM DAMAGES FOR DEATH IN SNOWSLIDE

Relatives of Laborer Killed in Rogers' Pass Demand Five Thousand Dollars Damages

WINNIPEG, Oct. 14—The first action in the Manitoba courts for damages on account of loss of life in the great snowslide disaster at Field in March last has been entered. The relatives of Andre Klem, a laborer, who was killed when the train was swept into Rogers' Pass, claim $5000 from the Canadian Pacific. They claim that the company was negligent in allowing the deceased to work where the operation of trains tended to cause snowslides.

NEW RECORD FOR CANADIAN ATLANTIC ROUTE

LIVERPOOL, Oct. 14—The Empress of Ireland broke all records for the Canadian route, her actual steaming time from Rimouski to the Mersey being five days, twelve hours and ten minutes.

DETERMINING OF HIGHLAND TUNNEL

Investigating Ore Body as Shown in Winzes

RUN LATERALS OFF PRESENT WORKINGS

Maestro Mine Another of the Ainsworth Properties About to Ship

Active development work is now being pressed on the Highland silver-lead mine at Ainsworth, according to W. H. Shell, manager of the Kootenay Silver-lead company, which is operating the property, Mr. Shell now being in the city. A shipment of 75 tons of concentrates went to the Consolidated company's smelter at Trail a few days ago. The mill has been running regularly, with the exception of brief shut-downs to repair the cable of the aerial tram, on ore that is being stoped on Nos. 1 and 2 tunnels. Mr. Shell investigated a promising stringer of almost pure galena, some of which was in the form of cube galena, 100 feet due north of the mouth of No. 1 tunnel, putting up 100 sacks of it for the smelter direct, as it did not need concentrating. The stringer increased in size, but turned to sulphide in a short distance. This is one of the numerous surface showings scattered over the property.

Proving at Depth.

In the early summer a cave-in, from an old stope, occurred at a point in No. 3 tunnel about 800 feet from the portal. Mr. Shell has just had this cleaned up, and the tunnel re-opened, so as to give access to the various winzes from this tunnel. The chief winze, at a point about 100 feet beyond the point where the cave-in occurred, has just been dumped out, that work being probably completed last night, in order that Mr. Shell may examine the ore, with a view to determining the character of the ore body. It is said that the 40 feet of winze is in continuous milling ore, while quite a portion of it contains 10 inches of high grade ore. As a result of this examination, Mr. Shell expects to be able to determine how the projected No. 4 tunnel shall be run. It may be either 200 or 400 feet below No. 3 going in on the vein. Eventually, conditions point to two tunnels, one at each of those levels. Included in the plans is a water wheel, to be located at some point on Cedar creek in the vicinity of the present workings, to furnish power for a seven drill compressor, which would then be procured.

In the meantime, a force of 25 men all told is being employed on the property and Mr. Shell will continue stoping. He also expects to run laterals at a number of very promising points on the present tunnels.

Maestro Shipping.

The Grant Brothers, Alexander and Daniel, are carrying forward their work on the Maestro, another Ainsworth property, which they are operating under a lease from H. Giegerich and Mrs. Grant King. According to information received from Mr. Giegerich when in Nelson, the Grants are getting ready a shipment of ore for Trail, which should go forward almost immediately.

KOOTENAY HOTEL PAYS HEAVY FINE

Convicted on Charge of Illegal Sale of Liquor to a Minor on Oct. 1

The proprietors of the Kootenay hotel were fined $100 and costs by Police Magistrate William Irvine in the city police court yesterday on a charge of having sold liquor to a minor on Oct. 1. A. M. Johnson appeared for the prosecution and E. A. Crease for the defense.

The charge was first brought before the magistrate on Oct. 4 when Constable Reid gave evidence as to the sale of liquor to the minor in question, and the boy corroborated the constable's testimony.

The case was then adjourned in order to permit the prosecution to prove the age of the youth. The boy's mother appeared yesterday and said that he was in his 20th year.

This is the second case in which a conviction has been secured in Nelson under the new Licensing act for illegal sale of intoxicant to minors. Hotelkeepers should note that a minor is defined in the statutes as a person under 21 years of age.

NEW GENERAL SECRETARY

TORONTO, Oct. 14—A new general secretary was chosen by the board of management of the mission society of the Church of England this afternoon in the person of Rev. Dr. George Gould, medical superintendent of the Church of England hospital in Jerusalem. The resignation of Canon Tucker, who becomes dean of St. Paul's cathedral, London, Ont., was accepted. Dr. Gould, who is now in Jerusalem, was notified by cable of his election.

BRISK CAMPAIGN WAGED IN FERNIE

Expected That Hon. W. R. Ross Will Have Four Hundred Majority—New Track

(Special to The Daily News.)

FERNIE, Oct. 14—The Fernie Athletic association has approached the city council with a proposition to build a half mile track in the city park. The proposed site is now practically cleared so that an athletic field and race track could be made with a comparatively small outlay.

The political campaign is being waged with vigor by both Conservatives and Socialists. The Liberal association has taken no action in anticipation of the bye-election on Oct. 22. The Ross committee rooms are located in the Turner block which is for the time being the busiest place in the city. The Conservative organization is complete and effective. The general impression is that Mr. Ross will have a majority of about 400 over his Socialist opponent, W. J. Bennett. The campaign will be largely a matter of careful personal canvass with a few rousing public meetings during the last few days. The candidates left for opposite ends of the riding yesterday. Mr. Ross has resigned the solicitorship of the Crow's Nest Pass Coal company in order to devote his entire time to the interests of his constituents and to the duties of his high office.

The police are holding the bartender of the Roma hotel on the charge of rifling the cash register of that hostelry on Monday morning. Two American suspects, with extensive criminal records, have been arrested in connection with the attempted burglary of the safe in the G. N. depot on the same night.

Frank Wehwood, a driver in No. 2 mine at Coal Creek, had his collar bone broken yesterday by a falling boom that was knocked out of place by his horse.

There will be $155,000 paid in wages to the employees of the Crow's Nest Pass Coal company tomorrow.

WINNIPEG GROWING

WINNIPEG, Oct. 14—Building permits reached $13,400,000 today and will reach $15,000,000 before the year is out.

FISHERIES DEAL IS COMPLETED

Halibut, Whaling and Shark Fisheries Will be Developed—Shipped to Prairies.

(Special to The Daily News.)

VICTORIA, Oct. 14—The purchase of the entire holdings of the Pacific Whaling company by Colonel A. D. Davidson and A. D. McRae, acting on behalf of the Canadian Northern Railway company, is understood from authoritative information to be practically complete and final payments will be made by December 1. The amount involved is $1,000,000. Immediately on the taking over of the concerns by the railway company a new organization with a cash capital of $2,500,000 will be formed. It is understood that this capital has already been secured and plans are now well under way for extending the operations of the company along several lines.

Shark Fisheries.

Briefly plans of the new organization embrace the establishment of shark fisheries on the coast, special schooners outfitted for this work being provided. The company will also engage in the halibut industry, cold storage plants being installed at different whaling stations on the coast.

Halibut Industry.

The whaling will be further extended by the addition to the local plant of more steam whalers. The new departure of exploiting the halibut industry is of considerable importance to British Columbia as it is practically the first effort of Canadian fishermen to take their share in that branch of the fisheries of the Canadian Pacific coast. The halibut fisheries will be carried out on a large scale, operations being conducted on the banks of Vancouver island and also in Queen Charlotte sound.

Shipped to Prairies.

The local markets will be supplied and when the Canadian Northern Pacific railway has its system established in the province, the fishery products will be shipped in refrigerator cars to the prairies. Similarly whale and shark products, at least such of them as can find a market, will be shipped east over the Canadian Northern Pacific, the idea of the railroad organization in acquiring the local industry being to provide freight for its road when completed through the province.

Bond Issue.

MONTREAL, Oct. 14—A cable from London says: William Mackenzie and associates are planning another appeal to the English market, namely, the Canadian Northern fisheries $6,000 five per cent bonds, to be offered at 88. The purpose is to acquire and operate a whaling business on the Pacific coast. The underwriters are to receive 2½ per cent cash bonus and a bonus of 15 per cent in common stock is being given to the syndicate with whom Mr. Mackenzie and associates are now endeavoring to place the issue.

TO REORGANIZE HUDSON'S BAY STORES

Harrod's Representative Arrives in Quebec—Plans Not Yet Arranged —Going West

QUEBEC, Oct. 14—Mr. Burbridge of London, representative of Harrods Limited, the big departmental store proprietor of Great Britain, arrived here yesterday afternoon on the Empress of Britain. Harrods, Limited are interested in the reorganization of the Hudson's Bay company stores in Canada and Mr. Burbidge was interviewed yesterday about the plans of the company but he declined to speak, saying he will know nothing definite until he has been some days in Winnipeg.

THOUSAND MILE GOVERNMENT ROAD

Roads North to South and East to West

CONTINUATION OF OLD CARIBOO TRAIL

North and South Road Six Hundred Miles in Length —Alberta to Coast

(Special to The Daily News.)

VICTORIA, Oct. 14—An interesting announcement of the government's trunk road building program in the province was made at the board of trade quarterly meeting here today by C. H. Lugrin who stated that he had been informed by the minister of public works, that not only would transprovincial roads be connected up so as to make a continuous highway from the coast to Alberta but that also a north to south transprovincial road would be built. The latter will be a continuation of the old Cariboo trail which will follow the east bank of the Fraser to a point opposite Fort George thence by the Nechaco valley to the divide separating Nechaco from Bulkley and by the Bulkley valley as far as Hazelton. The north and south road would be between 500 and 600 miles in length. The provincial trunk road building policy involves the construction of over 1000 miles.

BALLINGER IN RAILWAY WRECK

CINCINNATI, Oct. 14—Richard A. Ballinger, secretary of the interior, was one of the eleven passengers who were more or less seriously injured in the wreck of two passenger trains which met in a head-on collision in the outskirts of this city early tonight. Mr. Ballinger's injuries consisted of a severe shaking up and a slightly bruised left arm.

PALL OF SMOKE HANGS OVER LAKE SUPERIOR

PORT WILLIAM, Ont., Oct. 14—While it is not thought that any settlements are endangered the shore of the western half of lake Superior is covered with smoke from forest fires. Lake captains arriving today say that the pall of smoke hanging over the lake is more menacing to shipping than an ordinary fog. Horns on both the north and south shores have steadily sounded warnings for the past 24 hours.

MINERAL SECTION MUST BE RETURNED

Fair Board's Agent Exceeded His Authority in Presenting it to Spokane —Views of Directors.

The announcement made in the columns of The News yesterday, on the authority of W. H. Moore, that the mineral section of the Nelson fair, which was sent to the Spokane interstate fair in charge of Mr. Moore, had been presented to the management of the Spokane fair and would remain permanently in the Washington city proved extremely interesting to the directors of the Nelson fair board. It was news of the first water, and it was not long after the directors first read the intelligence that they were exchanging views on the subject.

"It is inexplicable to me," said J. E. Annable, president of the fair board, after conferring with several of his associates, "how Mr. Moore conceived he had the right to donate our mineral section to the Spokane fair board. His duties were to accompany the section to Spokane, discharge the duties of attendant there and bring it back safely to Nelson. It has been intended to make this year's mineral section a permanent exhibit at the Nelson fair, and, acting on the suggestion of L. B. Reynolds and other mining men, we were about to obtain the consent of the contributing mines to our keeping the entire section in our custody. The two-fold result of this would be, to save the mines the expense of supplying specimens anew each year—a factor which has in the past prevented many important properties from exhibiting—and to build up in the years passed a magnificently comprehensive and representative mineral section. I shall convene the board immediately, and I have no doubt we will undo the action back.

"If Mr. Moore's action is allowed to stand," said H. K. Pitts the director in charge of the mineral section, "we may as well bid good-bye to getting the mines to contribute specimens in the future. We will be defeating the very plan we had just evolved, for building up a permanent and ever-increasing mineral section. We should certainly secure its return at once, and permanently assume its custody." Mr. Pitts pointed out that the Nelson board had become responsible for the Nicola valley exhibit.

"The board is not bound in any way to recognize Mr. Moore's action," said George Horstead, secretary of the fair board. "He was merely an employe and simply exceeded his authority. I think a letter to the Spokane fair management, explaining that our agent exceeded his instructions, will set the matter right. It was certainly not our intention to give away a mineral section the greater part of which did not as yet belong to us."

Alderman McDonald, another director, said: "We certainly cannot afford to let the mineral section be presented in Spokane. I am in favor of immediately requesting its return, making of course a suitable explanation."

Special Meeting to be Convened.

So far as ascertained, the opinion among the directors is unanimous on the matter and it may be assumed that the board, at the special session Mr. Annable speaks of, will decide to explain matters to the management of the Spokane interstate fair, and either ask for the return of the mineral section, or send a man to attend to the work.

To All Whom This May Concern

Wallace's Big Clearance Sale has been a great success and is still on the move. People who have purchased goods here have gone away perfectly satisfied with our great bargains and have appreciated our honorable and straightforward way of carrying on our sale. A few quotations of our specials.

SPORTING NEWS

SCHOOL FIELD DAY WAS HUGE SUCCESS

City Juniors Win in Ball Game by a Narrow Margin— Full List of Athletic Contests

The annual field meet of the Nelson schools at the recreation grounds yesterday was a tremendous success from the starting of the first event at 10:30 a.m., to the presentation of the prizes at 5 p.m. The day was one long round of interesting athletic events in which practically every pupil of the public and high schools took part.

The question as to the championship between the two schools will be figured out today, the large number of events making it impossible to award the honors last night owing to the amount of work involved.

Ball Game Interesting

The baseball game in the afternoon between the city Juniors and the high school resulted in a victory for the former aggregation by a score of 12-11 The game was interesting in patches, a feature being a double play in the second innings of the City Juniors by F. Grant and N. Newitt.

Results

The results in the other events were as below, the first second and third prizes being awarded in the order named:

Standing high jump, junior—Allan Dill 5.3, C. Horswill 5.1, J. Roe 4.11.

High jump, senior—J. Ferguson 4.9, R. Gordon 4.5, S. Newitt 4.7.

Running broad jump, intermediate—George Roe 13.1, H. Johnstone 12.9, R. Maurer 12.3.

Running broad jump, senior—S. Newitt 17 flat, J. Ferguson 16 flat, R. Brown 15.5.

Running hop, step and jump, senior—Parker 37-1, Newitt 37.0, R. Ferguson 33.10.

Running hop, step and jump, intermediate—G. Roe 28.2, R. Maurer 27.9, Whitehead 26.7.

Girls' relay race, senior—Grace Patrick's team consisting of I. McLaughlan, B. Thompson and G. Foote.

Girls' relay race, junior—H. DeCew, M. Darough, G. Matthews and T. Adams.

Boys' relay race, senior—J. Ferguson, Gibbs, Gilker and Allan Duggan.

100 yard race, boys, intermediate—Allan Duggan, G. Roe, R. Maurer.

100 yards, handicap, senior—S. Newitt, W. Parker, J. Ferguson.

75 yards, boys, junior—J. Roe, F. Rush, H. Whittearns.

100 yards, girls—Grace Patrick, Dora Jordan, I. McLaughlan.

75 yards, girls, junior—H. Newitt, R. McLaughlan, V. Ross.

220 yards, boys, intermediate—A. Duggan, G. Roe, R. Maurer.

220 yards, boys, senior—Newitt, Parker, J. Ferguson.

Walking race, girls—M. Ivens, P. McArthur, G. Matthews.

60 yards, boys, junior—F. Rust, J. Thompson, J. Roe.

60 yards, girls, junior—B. Wolverton, M. Munro, T. DeWitt.

Girls of six years—G. Dawson, J. Fowler, E. DeWitt.

Girls of seven years—W. Thomson, L. Nadeau, B. Langill.

Boys of six years—H. Adams, T. McDonald, B. Fyfe.

Boys of seven years—W. Munro, J. Wills, L. Wilson.

Egg race—I. McLaughlan, L. Oates, H. Newitt.

Sack race—C. McKinnon, A. Maurer, R. Maurer.

Needle threading—M. Manson, P. McAtee, G. Patrick.

Fatigue race—Smith and Roe, Whitehead and Johnson, A. Maurer and F. Anderson.

Relay race, girls, high school v. public school—High school.

Relay race, high school vs. public school, boys—Public school.

Relay race, room 8 vs. room 9—Room 8.

Relay race, girls, rooms 6 and 7 vs room 5—Room 5.

Relay race, boys, rooms 6 and 7 vs room 5—Rooms 6 and 7.

Relay race, girls, room 3 vs. room 4—Room 4.

Relay race, boys, room 3 vs. room 4—Room 4.

Relay race, room 1 vs room 2—Room 1.

Hopping, boys, intermediate—R. Maurer, A. Simons, Whitehead and de Fera tied for third place.

Hopping, boys, junior—R. Nadeau, J. Thompson, J. Roe.

Hopping, girls, junior—C. Martin, T. DeWitt, K. McIsaacs.

Hopping, girls over 10—B. DeWitt, A. Johnson, K. Wallace.

Candle race—H. Thompson, H. Boyd, L. Murphy.

Wheelbarrow race — Johnson and Whitehead, ----an Duggan and Roe, R. Maurer and Nagle.

The officials in charge of the sports were: Rev. Fred H. Graham, Dr. E. C. Arthur, R. J. Steel, R. G. Joy, Lester Patrick, Principal Smillie of the high school, Principal May of the public school and several others.

The success of the meet was largely contributed to by the generosity of the local merchants who supplied most of the prizes presented. Among those who donated were J. O. Patenaude, E. H. Strachan, the Bell Trading company, A. S. Horswill, D. J. Robertson, the Hudson Bay company, the Standard Furniture company, H. E. Robinson, H. Douglas, the Kootenay Orchard Association, J. H. Wallace, J. A. Gilker, P. G. Elliott, Fred Irvine, Poole Drug company, W. Newitt, Meagher and company, J. A. Irving, Fred A. Starkey, the Wood-Vallance Hardware company, R. A. Andrew, J. E. Taylor, McDonald and company, M. R. McQuarrie, Hugh Robertson and J. E. Annable.

MORAN-MURPHY BOUT

NEW ORLEANS, Oct. 14—Interest in the Owen Moran-Tommy Murphy lightweight contest has livened to a noticeable degree as the date for the encounter approaches, and the arena of the New Orleans Athletic club promises to be well filled tomorrow night with ring enthusiasts curious to see how well the New York boy can thwart the cleverness of the Briton. The agreement calls for a ten round bout. The interest in the contest has been heightened by the probability that Moran will soon be matched to meet Ad. Wolgast for the championship.

MIDDLE PARK PLATE

NEWMARKET, England, Oct. 14—The Middle Park Plate, six furlongs, the winner of which often supplies the favorite for the Derby of the following year, was won today by Borrow, 100 to 6; Pietri, heavily backed at 11 to 8, was second and the hitherto unbeaten Seaforth, 5 to 4 was third. Also ran, King William and Randal.

FAMOUS TURFMAN DIES

NEW YORK, Oct. 14—Lucien O. Appleby, a sportsman of sterling qualities and for many years a power of the American turf, has died in a private sanitarium.

Mr. Appleby was in his 76th year and in his death the turf has lost another of its most valued champions. From early manhood he was closely associated with racing and breeding, and to his wisdom, along both lines of endeavor, he built many lasting monuments to his memory.

PREDICT CHANGE IN PRO. HOCKEY RULES

Although they are keeping matters very quiet, the gentlemen interested in next season's professional hockey are working and meeting constantly, and before the season is well advanced there will be some changes in the rules in all probability.

One thing which is receiving the serious consideration of these gentlemen is the question of playing time.

It is considered that the present system of dividing the time is not to the interest of the game and compels the players to exert themselves too much at one stretch without a rest.

W. Naylor of Cobalt who is greatly interested in the sport there, says that matters in the silver country will go back to the way in which they were before Messrs. Hare and Weldy Young took an interest in the national league.

There will be again a Temiskaming league, which it is hoped will create more interest than the doings of the clubs there did last year, because the players will be nearly all silver country men.

Chief Jones will be in charge of the Cobalt forces and Nicholson, the former Montreal goal keeper in charge of Haileybury, while Kennedy will look after the New Liskeard interests.

It is just barely possible that the winners of this series will challenge for the Stanley cup.

TICKET ALLOWANCE CUT

NEW HAVEN, Oct. 14—The Yale and Harvard football managers are certain that there will be the biggest crush on record for tickets to their annual game this year and tonight the Yale association announced that only two tickets will be allowed to each alumnus and undergraduate. The juniors and seniors only will be allowed three each. Heretofore all Yale alumni and undergraduates have been allowed three tickets each for the annual game.

RUDOLPH SIGNS

NEW YORK, Oct. 14—Announcement of the following contracts and releases was made yesterday by President Lynch of the National league:

Contracts—With Brooklyn, C. S. Burke; with Boston, Joseph P. Berg, Harold Eller; with Cincinnati, David Altizer, Edward Crompton; with New York, R. Rudolph; with Pittsburg, Elmer R. Steele.

Releases—By Brooklyn to Binghamton, H. C. Lumley and W. C. Fischer. Players Lumley and Fischer were released by Rochester to Brooklyn.

HAMILTON TIGERS SUFFER YET ANOTHER BLOW

HAMILTON, Oct. 14—The Tigers have suffered yet another blow. Kid Smith, their star half back, has sprained his ankle and will be out of the game. In all probability Kelly will be given the vacant position, though the manager may decide at the last moment to put in old Ben Simpson.

Speaking of the team Manager Tope says: "We have the strongest team we have had in years, and the beauty of it is we have got plenty of reserve material. We will miss Kid Smith in the game but with Dr. Kelly or Ben Simpson to call on, I think our back division will give a good account of itself. The race this year will be the hardest in the history of the union, and Argos and Montreal, the weakest teams last year will be as strong as any this year. I do not think that there is any need to worry about the Tigers, for we never had so much good material to select from before. It is a little early to predict the winners just yet, but it looks like Tigers to me, with he ehers fighting for second place."

CHAMPION GOLF

FLOSS MOOR, Ills., Oct. 14—Miss Dorothy Campbell, former British champion woman golfer, and holder of the American title and Mrs. G. M. Martin, American born, but now of Tavistock, England, disposed of all their opponents today and will meet in the finals tomorrow.

Miss Campbell whose home is at Hamilton, Ont., defeated her club mate Miss Harvey, 46 and 3 to go. Mrs. Martin vanquished Lilian Hyde of New York 2 up and 2 to go. Interest was the greatest in the Campbell-Harvey match. The first hole was halved in par 4. Mis Harvey took the second, 6-7, Miss Campbell going into a bunker on her third. The champion squared matters in the third hole, laying a stymie and taking the hole 4-5. The fourth went to Miss Harvey when Miss Campbell lost her ball.

The next three were Miss Campbell's in ordinary golf, but going to the eighth she dubbed her second into a ditch and sliced her fourth short, giving Miss Harvey the hole 7-6. The ninth was halved in three and Miss Harvey squared the match with the tenth. Miss Campbell drove into the the trees and dubbed her second but was on the green in three. She putted badly and the hole went to her opponent 5-4. The champion took the 11th but missed a putt for the 12th which was halved in five. She won the next three and the match went to Miss Campbell.

COAST IS LACROSSE MAD SAYS JOE LALLY

Famous Cornwallian Gives Impression of Sport Conditions in Vancouver and Westminster.

WINNIPEG, Oct. 14—"Lacrosse in New Westminster is religion, it is nothing less. In the district which includes that town and Vancouver, the people are lacrosse mad. They are raving over the national game. With the exception of professional baseball, lacrosse is the only game that has a foothold in Vancouver and New Westminster, and I have no doubt that the interest in it will be strengthened and maintained."

In these words, P. J. Lally, the well known lacrosse authority and enthusiast of Cornwall, gave his impressions of the sport conditions at the coast. He went out to see the Minto cup games and he now understands why the eastern teams have been unable to lower the colors of the Royals.

SPORTING SPOTLIGHTS

It is up to all players of English rugby to turn out this afternoon for the first practice meet of the Nelson Rugby club. The game will commence at the recreation grounds at 2:30. At its conclusion an organization meeting will be held in the grand stand. Preparations will be made for sending a Kootenay team to the coast to compete with Vancouver and New Westminster.

Congratulations to the lucky winners in the school field meet yesterday. There were some who gained no prizes of course, but these may be consoled by remembering that not only themselves but every youthful athlete on the field displayed a grand sportsmanlike spirit which speaks well for the future of athletics in Nelson. There was little if any kicking against the decisions of the judges, although some events resulted in very close finishes. This speaks well for the spirit of the competitors and for their home and school training.

Although the tennis season in Nelson is practically over a number of the more ardent enthusiasts of the game are taking advantage of the splendid fall weather and are to be seen every afternoon at the local courts.

Nervous and inexperienced hunters continue to shoot their companions in the woods with such regularity and fatal results that the rifle and the shot gun are holding their own pretty well against the racing automobile, says an eastern writer. It is a pity that these two classes of so-called sportsmen cannot be combined. If the hunter who fires at any moving object he happens to see among the trees and brush, could be induced to also take up automobile racing, two birds, so to speak, would be killed with one stone, and the casualty list of an auto race, while still grewsome, would not be intolerably melancholy.

THE ATLANTIC SPEED RECORD

is now held by the Royal Edward of the Canadian Northern Steamships, Ltd., five days and twenty hours from Bristol to Quebec. Six hours and a half faster time than has ever been made by any steamer from Great Britain to Quebec.

The next sailings from Montreal and Quebec are:

Royal George .....Sept. 29
Royal Edward .....Oct. 13
Royal George .....Oct. 27
Royal Edward .....Nov. 10

For rates and reservations apply to H. W. Edwards, city ticket agent C.P.R., or H. S. Douglas, city ticket agent G.N.R.

OXYPATHY

Nature's Royal Road to Health

The Oxygenator, the new curative agent, eradicates disease by introducing fresh oxygen into the body. It is absolutely harmless and can be operated by any person. It will prevent appendicitis, cure rheumatism and is unequalled for women's troubles. Write me for particulars.

CATHEDRAL SAID TO BE IN DANGER

BRINDISI, Oct. 14—The Cathedral of Saint Sophia, one of the finest Christian monuments of the world, which the Mohammedans use as a mosque, is said to be in danger. It is announced that an Italian engineer, Signor Marangoni, has been invited by the Ottoman government to examine the edifice, and to take all the measures that may be necessary for its preservation. Signor Marangoni was the engineer who reported in favor of the project for the reconstruction of the Campanile of Saint Mark at Venice. He has embarked here on the steamship Roumania for Constantinople.

MATCH FACTORY BANKRUPT

SELKIRK, Oct. 14—The affairs of the Selkirk match factory were closed by the sale of the fire damaged machinery, small warehouse, and small stock of matches and site, realizing $1213. All was bought by the Stuart Machinery company who are chief owners of the Selkirk Light and Power company, except the matches. The match factory was a new institution and thriving when destroyed while uninsured, by fire on May 27, and turned into bankruptcy. Most of the stock is held locally.

MAKES CHARGE AGAINST PUBLIC WORKS OFFICIAL

PORT ARTHUR, Oct. 14—Over his own signature in a local paper today J. J. Carrick, M.P.P., charged that C. H. Hunter of the public works department, Ottawa, insulted and threatened sheriff's eviction proceeding for Mrs. D. D. McGillivray, when Mrs. McGillivray in absence of her husband, declined to give an option on their property, which Hunter chose as a portion of the site of the armory.

PREFERENCE THE KEYNOTE

LONDON, Oct. 14—The Times says anything that in Canada may be represented as free trade will be found merely an effort at readjusting the existing system in some detail or other in the interest of passing a class or section. British free traders who have been led to expect some great free trade movement are doomed to disappointment. Preference is the keynote of all Laurier's speeches and preference is the keynote of Canadian feeling.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a *secret* nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

Dry Your Clothes on a Wet Washday
With a New Perfection Oil Heater

When clothes can't be hung outside, and must be dried in a room or cellar, the New Perfection Oil Heater quickly does the work of sun and air. You can hang up the wet clothes, light your Perfection Oil Heater, open the damper top, and the heat rises and quickly dries the clothes.

Do not put off washing to await a sunny day in order to avoid mildew. Dry your washing any day with hot air from a

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

It gives just as much heat as you desire. It is safe, odorless and smokeless.

It has an **automatic-locking flame spreader,** which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. Burner body or gallery cannot become wedged, because of a new device in construction, and can always be easily unscrewed for rewicking.

An indicator shows the amount of oil in the font. Filler-cap does not need to be screwed down, but is put in like a cork in a bottle, and is attached to the font by a chain. Finished in japan or nickel, strong and durable, well-made, built for service and yet light and ornamental. It has a cool handle and a damper top.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the

The Imperial Oil Company,
Limited.

BE YOUR OWN TAILOR.

You can measure yourself or get a friend to measure you with absolute accuracy. We positively guarantee this, not merely in words, but by our definite undertaking to fit you perfectly from your own measurements, or in the unlikely event of our failing to do so we readily refund every penny of your purchase money. Will your own tailor guarantee such a thing?

Our specialised system for taking self-measures ensures perfect results, and we have to-day on our books thousands of gratified and satisfied customers residing in Canada who constantly mail us their orders; many of them we have never seen, but their needs, tastes, requirements—even to the shape of their figures—are all registered in our books. We are anxious to enlist your confidence in a like manner.

SEND FOR FREE PATTERNS

We know we are able to please you because we please all our customers, and because our perfect equipment and huge business facilities enable us to give you something in the way of service and value that you are not likely to get from any other tailoring stores in the world. This is not a mere idle boast, but positive fact, attested by thousands of customers all over the world.

$20 SUIT TO MEASURE FOR $8.60

At least, this is what our customers say of it. Your money will be returned if you are not satisfied.

NOTE WELL:—"There's comfort in the Curzon Cut."

Every garment produced by us is an embodiment of grace. Our garments are really tailored. Apart from the question of quality of fabric, the "Curzon" tailoring alone imparts an air of distinction to a man's clothes. It is something to be "CURZON" CLAD.

Fill in a post card and address same to us as below, asking for our latest assortment of materials. Together with patterns, we send you fashion-plates and complete instructions for accurate self-measurement, tape measure, all sent free and carriage paid. We dispatch your order within seven days, and if you do not approve, return the goods, and we will refund the money.

SUIT or OVERCOAT to MEASURE
Carriage and Duty Paid, from $8.60.

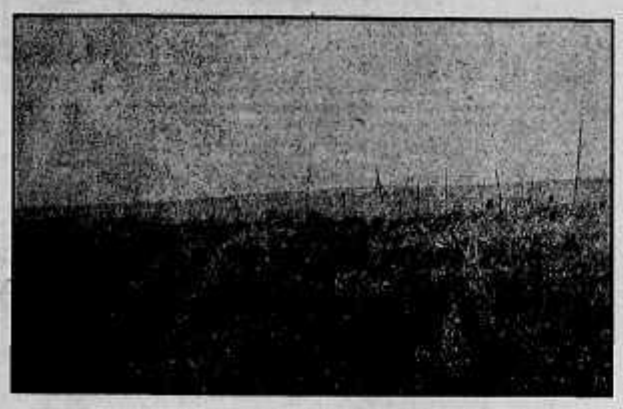
FORT GEORGE LAND



The opening up of central British Columb a by the Grand Trunk Pacific and the Vancouver, New Westminster and Yukon railway will make lortunes for many.

It is the man who buys now who will reap the big profits.

A few years ago land was bought around Kootenay lake for $1.00 per acre, it is now held at $100 to $300 per acre, partly on account of the limited amount of good land but particularly on account of its proximity to Nelson and the waters of Kootenay lake. It will be just the same with land close to Fort George and the Fraser river; the amount of good land, easily cleared is very limited, most of it has been turned over already at from $15 to $20 per acre. Much of it will cost more to clear than we are asking for a few specially selected sections we are now offering. Situation counts every time. The Grand Trunk Pacific is just across the river, boats will be running daily, the railways to the Peace river must pass through these lands or you can drive to Fort George every morning.

As an investment we know of nothing better, as a place for farming it is probably unexcelled anywhere.

Do not wait to go and see the country next year, because prices will certainly be much higher than now. We can show you field notes by Provincial Land Surveyors, photographs showing just what the land looks like and we guarantee the land to be as described or return full amount paid. We feel safe in doing this because we have personally examined the land several times and we know that if you go there next year when railroad construction is under full swing and you see the splendid market and prices for everything grown and the fertility of the soil you would not sell at double the prices de are asking.

"I HONESTLY BELIEVE 'FRUIT-A-TIVES'

The Greatest Cure For Rheumatism In The World"

KNOWLTON, QUE., Oct. 12th, 1909.

"For many years, I suffered from severe Rheumatism, and the attacks were very distressing and prevented me from doing my ordinary work. I tried many remedies and physicians' treatments, but nothing seemed to do me much good, and I was becoming very anxious for fear I would become a permanent cripple from the disease.

I tried "Fruit-a-tives" and this medicine has entirely cured me and I honestly believe it is the greatest Rheumatism cure in the world."

E. E. MILLS.

Such a statement could not be bought from a man like Mr. Mills. He thinks too much of his good name, to sell it or sign it to an untruth. Mr. Mills tried "Fruit-a-tives" after all other treatment failed—and "Fruit-a-tives" cured him of Rheumatism. In the goodness of his heart, he wrote the above letter in order that sufferers in all parts of Canada would know that there is one remedy that actually does cure Rheumatism. This testimonial was entirely unsolicited on our part. We did not know that Mr Mills was taking "Fruit-a-tives" until we received the above letter.

It is a case like Mr. Mills' that proves the marvellous powers of "Fruit-a-tives" in arresting and curing disease. It may be stated, without fear of contradiction, that "Fruit-a-tives" will positively cure Rheumatism when properly used.

"Fruit-a-tives" is the only medicine in the world made of fruit juices and is the greatest Rheumatism cure known to modern science.

50c. a box, 6 for $2.50, or trial box, 25c. Sold by all dealers or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

Town, Wild Bird, by Walter B. Muir.

STATEMENTS ARE NOW REASSURING

Manager of Granby Says Mineralized Area Has Only Begun to be Prospected.

(Special to The Daily News.)

GRAND FORKS, Oct. 14—The annual report of the Granby Consolidated Mining, Smelting and Power company, limited, was presented at the annual general meeting held in New York last Tuesday.

The company produced 22,750,111 pounds of refined copper at an average cost of 10.34 cents. The average selling price was 12.91 cents, and the company realized an operating profit of $864,947, or $3.80 a share. From this a dividend of $2 a share on the 135,000 shares then outstanding was paid last December. The company closed the year with $1,012,000 of cash, copper and quick assets on hand, and a current indebtedness for wages and supplies of only about $175,000.

During the year $53,034 was expended on new construction and equipment at the smelter, 13,267 feet of new development work was done and 6428 feet of exploratory diamond drilling. All of this was charged against the cost of making copper.

Semi Annual Reports.

At the annual meeting it was voted that directors should hereafter issue a semi-annual report of progress to stockholders, supplementing the annual reports. President Langecloth, G. C. Clark, G. C. Clark jr, H. L. Higginson and Payne Whitney retired as directors. The remainder of the board was re-elected and J. B. F. Hereshoff, Wm. Hamlin, Northrup Fowler, E. R. Nichols and George W. Wooster of this city, treasurer of the company, were elected to fill the vacancies. George Martin Luther was elected president of the company. Mr. Luther is thoroughly familiar with every detail of the company's affairs, and stockholders are to be congratulated on his selection.

Information Leaked.

Discussion at the meeting developed the fact that knowledge of Dr. Sussman's unfavorable report in some unknown way "leaked" and the market for the stock had its extreme decline before all of the directors were advised as to the result of the examination. President Langecloth, who received the information first, is the largest stockholder in the company. He stated positively that he has not sold any of his stock directly or indirectly, and also that other directors had agreed neither to sell or to buy.

Jay P. Graves.

Jay P. Graves, vice president and general manager, was interested in the Old Ironsides and Knob Hill companies, which preceded the Granby, and has had more to do with upbuilding of the Granby than anyone else. When he first became interested in the property, 15 years ago, it was three days journey from a railroad, and it costs two and a half cents a pound to freight machinery in to the location. Mr. Graves has brought two railroads, the C. P. R. and the G. N. R., into the district, raised and expended $4,000,000 in the purchase and development of property, mining equipment, the erection of one of the best smelting plants on the continent, and investment in the water power site and Crow's Nest Pass Coal stock. Of the original investment, Granby has disbursed about $3,000,000 in dividends and has the other $1,000,000 now in its treasury.

Two years ago, carrying on his extensive electric railway enterprises, hydro-electric power development, directing the Granby's affairs, etc., Mr. Graves broke down from overwork. He contracted typhoid fever and for two months was confined to his home in Spokane. His doctors insisted that he take a long vacation and for eighteen months he practically divorced himself from business cares. It was during this period that Assistant General Manager A. B. W. Hodges resigned and Dr. Sussman was employed by New York directors to make a report on the property. The development work on the fifth level, which shows no ore, occurred while Mr. Graves was ill, and as he did not know of it, he could not keep stockholders informed. However, Mr. Graves does not consider this development as necessarily discouraging. His confidence in the Granby property, in view of the company's present situation, and his plans for future operations are expressed in a statement he made while in New York last week. He said:

Six and Half Millions in Sight.

"The Granby company has mined and smelted about 6,250,000 tons of ore altogether, and it now has developed in sight about 6,500,000 tons. We always have developed more ore every year than we have mined, including even the year just closed. To my mind the mining and future ore prospects of the company were never brighter than they are today. We shall do more exploratory work next year than we have this, and I feel sure we shall greatly increase our demonstrated ore resources.

"The Granby company has been discredited with investors; but it has a four or five years supply of ore developed, approximately $1,400,000 cash on hand, and splendid investments in its water power sites and Crow's Nest Pass Coal and Coke company's stock. Its credit must be re-established by proving up its ore resources, maintaining good net earnings, giving the stockholders some return on their investment, and at the same time increasing its cash surplus.

"We have disproved already the assertion of Dr. Sussman that we are at the end of our ore, and that geologically there could be no ore either south of the present workings or at depth. To the south we have put down eight or nine drill holes covering a total distance of three hundred feet, and have found copper ore in all of them assayed two per cent, which compares with one and a quarter per cent. ore now being mined and smelted. From the 400 foot level of the mine we have a drill going down vertically. For 237 feet this drill was in barren country rock, and from that depth to 460 feet, where it was when I last received advices, it has been precisely the same kind of formation as that which carries our ore. This drill core shows some copper, but as yet not in commercial value.

"Only about one-third of our property, which I believe to be mineralized, has been prospected. We did some drilling to the east of our workings and failed to find ore, as Dr. Sussman has stated; but we did this with a drill which would not go down over four or five hundred feet. Deeper drilling will be done in that area, and I believe we will find the ore there.

"A great deal of stress has been laid on the fact that our latest shaft has gone through the ore. This has been taken to mean that we have bottomed or reached the limits of the ore on the fifth level. As a matter of fact, however, both of the previous shafts, sunk years ago nearer the outcrop of the ore extending on beyond them toward the new shaft, and undoubtedly we shall find it going much further still.

"We are already driving a spur from our extraction tunnel to open up and develop the ore recently proved by diamond drilling to the south. How much of this ore there is we do not know, but we believe the deposit is a large one. Our exploratory work will continue until we are fully satisfied as to the ore resources of our present property, and if there isn't enough we shall option other land, explore it and buy it if sufficient values are found.

Reason for Decline.

"The reason for the decline in the yield of Granby ore is that after we increased the capacity of our smelter we broke down a great deal of ore and included with it too much low grade material. The ore shades gradually into the country rock of the hanging and foot walls in such a way that it is difficult for any two engineers to measure the deposit and arrive at the same tonnage; and our mining is done on such an extensive scale that it is sometimes carried too far into the wall rock before the error is discovered. At present we are running only four furnaces. With all of the eight in operation we can work more economically and produce our copper at a lower cost.

"Aside from its mining operations there are great possibilities for the Granby in a business way. Its smelter is up-to-date in construction and equipment, and it is one of the most economical operating plants in the world. We are treating some outside ores now, and our custom smelting business will be extended as it is found profitable and advisable.

To Develop Water Power.

"The development of the Granby's Kettle Falls water power, estimated at 100,000 horse power, may begin in a year or two. At first there will be a market for perhaps 25,000 horse power and later for all that can be produced. The flat rate for power in the district is $50 per horse power annually. The Granby company pays $36 and its own water power is nearer the mine and smelter than the source from which the electricity it now uses comes. We can bring this power through a rich irrigated agricultural district into the city of Spokane and can gradually make a market for it which should yield a splendid profit.

"Our Crow's Nest Pass Coal and Coke company investment is beginning to yield us an income, and undoubtedly this will steadily increase. This company owns one of the largest deposits of coal on the Pacific slope. It has been estimated to contain 4,000,000,000 tons by the Canadian government geologist, comparing with 2,000,000,000 in the great Alaskan deposit which has recently been the subject of United States government controversy.

"The Granby property is in the centre of a great mineralized area which has only begun to be prospected and developed. In view of this the Granby's strategic position, with its big smelter for its own and custom ores, its interest in the company which is producing and selling the fuel supply, and its ability to develop and sell electrical power, must be recognized. At the present time Granby's capital stock is selling in the market for less than it was when the large New York stockholders became interested in financing the company. They paid $4 a share for their stock and exchanged ten for one, equivalent to $40 a share for the present stock."

The Recent Slump.

Regarding the decline in Granby stock since the annual meeting, George L. Walker, one of the best posted copper men in America, and who is personally acquainted with the Granby mines and smelter, says:

"Granby's decline since the shareholders meeting either represents selling by some of the interests who have retired from the directorate, or by traders who anticipate such liquidation. I strongly advise present stockholders and others to buy Granby stock on the decline. All that is unfavorable concerning the property is now public knowledge. Future exploration and development will not make the situation any worse, even if they fail to find ore. On the other hand, every ore discovery will add to the value of the stock and tend to restore confidence. I am satisfied in my own mind that Granby stock is worth intrinsically par, and that it will eventually sell for many times its present price. An adverse report by an engineer almost always causes much more apprehension than it should. As a matter of fact, there is not a big successful copper mine in the world that has not at some time been turned down by engineers. This has been true of the Butte mines, of United Verde, Copper Queen, Utah Copper and practically all others. I believe Granby's future is secure."

Better Feeling.

Although there has never been any doubt locally regarding the ore reserves of the Granby company at Phoenix, the statements made by officials, who are in a position to know whereof they speak, at the annual meeting, has created a much better feeling in the Boundary and especially this city. Announcement was made by an official of the smelter here last night that two more furnaces, making six out of the battery of eight, would be blown in on Monday next, which looks as if a more progressive policy was to be inaugurated this year than in the past.

Argo Tunnel Strike.

(Special to The Daily News.)

GREENWOOD, Oct. 14—A fine showing of quartz was struck in the Argo tunnel this week.

Work Resumed.

Mayor McIntosh returned from Chicago last week after an absence of three weeks. He reports that work will be resumed upon the big tunnel this month with a force of 20 men.

FEW ASSETS FOR DIVISION AMONG CREDITORS

MONTREAL, Oct. 14—The latest development in the Sheldon fiasco tend to aggravate the position of those who confidingly placed their cash in the hands of the gold maker. The assets appear to be precisely what his house and the furniture of his house and office will realize after the amount of the mortgage of $8500 on his house, the legal expenses connected with the liquidation and other prior claims have been settled. The prospects for the creditors are therefore very poor unless Sheldon comes back. Sheldon's safe was empty when opened.

Mr. Burnett, official guardian, is in charge of the books now and it is said that although a list of Sheldon's clients and of his liabilities to them can easily be prepared from these, it will be a remarkably clever man who will succeed in preparing anything like an intelligent statement showing what Sheldon had done with all the money entrusted to his keeping. A warrant has been issued today for Sheldon's arrest on a fraud charge issued by Burnside, his former manager.

THE LUCKY FEW

OTTAWA, Oct. 14—A local paper estimates that Ottawa people have lost at least half a million dollars as a result of the disappearance of Sheldon, the Montreal get rich quick broker. All classes of society in the capital, placed money with Sheldon for investment and some who were in at the beginning of his operations made profits.

PRIVATE SECRETARY OF ONTARIO MINISTER RESIGNS

TORONTO, Oct. 14—Maisonville, the private secretary to Hon. Dr. Reaume has resigned. Maisonville is a French Canadian, a former newspaper man from Detroit. The department states that his departure from the buildings has nothing to do with the publication of Hon. W. J. Hanna's remarkable letter to the minister of education on bilingual schools and the attitude of Bishop Fallon which mysteriously found its way into the columns of a French paper in Montreal.

Hoarseness in a child subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given at once or even after the croupy cough has appeared, it will prevent the attack. Contains no poison. Sold by all druggists and dealers.

THE ISSUE IN FERNIE

There are times when a by-election involves an expression on the part of the electors with regard to some general question of policy. If a government has a narrow majority or if a general election is approaching, the result of a by-election may have an effect upon the fate of the government. If, again, some new policy has been proposed since the last general election, then the by-election gives the electors an opportunity to express their opinion as to that policy.

Nothing of the sort is involved in the present by-election in Fernie. The government has an overwhelming majority, no general election is approaching, no new policy has been submitted since the last general election. The government has called the member for the constituency to take an important portfolio in the cabinet. In accord with constitutional practice he has therefore resigned, in order that the electors may say whether they approve of the acceptance of the position by their member.

That is really the only issue and the only thing that will be decided at the poll. The only question that will be answered is, Shall the constituency have a cabinet minister as its representative? If by its vote it approves of his acceptance of the position, then it will have such a representative. If by its vote it censures him for accepting such a position then it will not have such a representative.

The Kootenay in general will hope that Fernie will approve of the elevation of its member to the cabinet. That the member for a Kootenay constituency should occupy so important and influential a position in the province reflects prestige first of all on the constituency for which he sits, but it also reflects prestige on the district as a whole. More important still, he will bring with him into the council chamber of the government a local knowledge of the needs and opportunities of his constituency and of the whole Kootenay. And because of the weight and authority which his position gives he will be able to accomplish more for this part of the province than would be possible to any private member.

The Crow's Nest Pass and the adjoining districts to the west have been looking forward for some years to the time when this part of the province should have the advantage of local representation in the provincial government. Now this has been granted, Fernie is the fortunate constituency to get what many others would like, but all other constituencies in the Kootenay are interested in having a minister somewhere in the southeastern interior of the province. It is not believable that the good sense of the people of Fernie will reject what is now offered to them.

IT MIGHT HAVE BEEN US.

While there has been some exaggeration in the reports of the disaster in the Rainy River country, the reality, undoubtedly, was bad enough. And the same sort of thing might have happened in our own country. Despite the splendid work done by the government forces there were times when a high wind would have brought disaster.

The main cause of the danger was something that might and should have been avoided. It was not and is not necessary that the country should be put to this risk. The danger, according to the general concensus of opinion of those who are in a position to know, is due to sparks from locomotives and to the neglect of the railway companies to take adequate measure for the prompt extinguishing of the fires thus started.

Existing legislation does not cover the ground effectively, and, in addition to further legislation with regard to the equipment of locomotives, there is required provision for government inspection in order that the legislation may be enforced. The Associated Boards of Trade might profitably devote some attention to this subject at their annual meeting.

EDITORIAL NOTE.

The Victoria Colonist explains to its readers that Fort Francis is situated at the mouth of the Rainy river where it empties into Rainy lake. "Homer sometimes nods," and the Colonist is evidently not exempt. The Rainy river does not empty into Rainy lake; it empties into the Lake of the Woods. Fort Francis is not at its mouth but near its head. Baudette and the town of Rainy River are at its mouth. Fort Francis, by the way is the site of the once famous Fort Francis lock constructed by the Mackenzie government.

FIVE DOLLARS FOR THREE ONIONS

One Creston Onion Weighs Three Pounds—Cargo Shifts on Royal George.

(Special to The Daily News.)

CRESTON, Oct. 14—A report has reached here today that the SS. Royal George which sailed for Bristol recently had a narrow escape from foundering on the voyage. When this boat was out two days from Canadian shores the boat listed owing to the cargo of coal shifting. It was impossible to right matters in the hold and the steamer had to run into Bristol the last four days of the voyage with a list of 45 degrees. This is the boat that Mrs. R. O. B. Fitzgerald, a prominent Creston lady sailed on with her two small children who left recently on a six months' visit to her parental home at Ilfracombe, Devonshire.

The ladies of the Presbyterian church announce that they will provide a Thanksgiving day dinner on Friday the 26th inst. from 6 to 8 p. m. after the dinner a number of musical selections will be rendered and a lecture will be delivered by Rev. Mr. Sarkissian on "Armenia and the Massacres."

E. Johnson, a practical plumber and tinsmith and fitter, has purchased the stock of E. Ryckman and leased the store on Sirdar avenue and will open up in business in a day or so.

T. M. Edmondson this week sold three onions to a resident of Cranbrook for $5. These three onions were 16, 17 and 18 inches in circumference, while one weighed three pounds and the other two, two and a half pounds each.

Captain A. S. Fitzgerald accompanied by Jack Hayden, Jim Stocks and Tom Cobb have gone up Sullivan creek on a hunting trip for deer and bear. They will hunt along the international range and it is expected that they will bag a considerable amount of big game.

CRESTON CONSIDERS QUESTION OF INCORPORATION

Mass Meeting to Discuss Project—Differences of Opinion as to Best Policy.

(Special to The Daily News.)

CRESTON, Oct. 14—The evangelistic services will commence today at 8 p. m. in the Presbyterian church. Rev. Mr. Beattie of Coburg, Ont., will have charge of the meetings. R. Symmers of Hamilton, Ont., soloist and song leader, will be director of music. The Methodist Sunday school will meet for the next two Sundays at 10 a. m. so that the Methodist congregation may attend the services in the Presbyterian church at 11 a. m. on Sunday. In the evening of next Sunday services will be held in the Presbyterian church at 7:30 p. m. which will be the union services of the Presbyterian and Methodist congregations. The Presbyterian Sunday school will be held at the usual hour 10 a. m. until the 30th inst., when the hour will be changed to 2:30 p. m. for the winter months.

Mass Meeting.

Some of the residents of this valley have called a mass meeting of the ratepayers for a meeting to be held in the Mercantile hall on the evening of the 29th inst. to consider the advisability of incorporating into a municipality. Some of the ranchers are in favor of having a district municipality, while the business men of the town are in favor of incorporating into a city or town municipality but feel that it is rather early yet to take that step and again there are others who are opposed to incorporation of any kind so that an interested meeting is expected on the 29th inst.

Small game of all kinds is very plentiful at Creston. The Indians bring ducks and geese to town daily which they offer for sale at reasonable prices.

Creston district is enjoying that prolonged ideal Indian summer that this place is famous for and which often lasts till near Christmas.

FOR CANADIAN CHURCH

LONDON, Oct. 14—According to the society for the propagation of the gospel $34,630 has been received in response to the appeal of the church in western Canada.

Poole's 75c. Round Books are snappy reading.

W. A. ANSTIE WED IN WINNIPEG

Interesting Ceremony at St. Ignatius Church—Happy Couple Spend Honeymoon in New York.

W. A. Anstie, secretary of the Mountain Lumbermen's Manufacturers association, was married at Winnipeg on Wednesday last to Miss Dora Anderson, daughter of Mr. and Mrs. E. Anderson. After a honeymoon in New York Mr. and Mrs. Anstie will take up their permanent residence in Nelson. The following is an account of the wedding from a Winnipeg paper:

The marriage of Miss Dora Anderson, eldest daughter of Mr. and Mrs. E. Anderson, 360 Wellington Crescent, to Mr. William Albert Anstie, of Nelson, B. C., took place at the above address at a quarter to four this afternoon, the ceremony being performed by Rev. Father Coffee, parish priest of St. Ignatius church. The mantle of the drawing room was transformed into a bower with the plentiful use of palms, trailing vines and white blossoms, before which the bridal party stood. At the foot of the staircase was erected an archway of blossoms, and from either side of this came broad satin ribbons, the ends of which were held by Miss Josie Anderson, a younger sister of the bride, and Miss Jean Bell, who carried them through to the drawing room forming an aisleway through which the bridal party walked. They wore dainty little white lingerie frocks, and white lingerie hats each carrying baskets, Miss Josie's brimming with yellow roses, and Miss Jean's filled with pink Killarneys.

The bride, who was brought in and given away by her father, looked lovely in her wedding robe of soft ivory satin en traine with a tunic draping of ivory brussels net heavily embroidered in cream floss, the back breadth of the over draperies was cut square at the hem, and laid gracefully over the soft folds of the train, the bodice formed of soft folds of the satin, had a shallow yoke of chantilly lace with lower sleeves portions of the same, narrow ruchings of tulle caught with tiny rhine stones, formed the trimming about the yoke and sleeves which terminated in a Dutch neck. The sheerest of tulle veils was secured with a Grecian wreath of orange blossoms, which came low on the forehead of the fair wearer. She carried a large bouquet of bridal roses and lilies of the valley; her gift from the groom was a set of black fox furs. Miss Phoebe Aird, the maid of honor, wore a becoming costume of pink satin veiled with net embroidered in gold threads. Her picture hat of black velvet was trimmed with a cluster of black willow plumes. She carried a bouquet of Killarney roses. Her remembrance from the groom was a silver hand-engraved card case. Mr. Hugo Ross was best man, to him the groom presented a set of cuff links and vest buttons in gold and green enamel. To the groom, the bride gave a gold-engraved match box.

After the ceremony, Mr. and Mrs. Anderson, with the latter's father and mother, Judge and Mrs. Ryan of Portage la Prairie, and the bridal party welcomed the guests. Mrs. Anderson wore a handsome gown of apricot chiffon moire, veiled with black mnon and trimmed with motifs of handsome embroidery in Oriental colorings, the yoke and sleeves of the bodice were formed of Irish point. Her hat, a picture model of black lace, was trimmed with black willow plumes.

Mrs. Ryan wore a handsome gown of ashes of roses satin, with trimmings of Irish lace and rich embroidery of amethysts and gold and silver; her hat, a corday shape of black velvet showed a mount of willow plumes.

Refreshments were served beneath a large marque erected on the grounds, the bridal table was centred with roses and lilies of the valley, a mammoth cake standing sentinel at one end.

After the honoring of all toasts, Mr. and Mrs. Anstie made ready for their journey, leaving on the 6 o'clock Soo line train for New York, where they will spend a few weeks returning directly to their home in Nelson, and towards the end of November they will go abroad.

The bride's going-away costume was of pepper and salt serge, fashioned on the plainest of lines, the coat opening on a blouse of grey chiffon, her gloves shoes and travelling bag being of a similar shade. Her toilette was completed with a smart little hat of crinkled black ottoman silk combined with black velvet, the rolling front was caught with a mount of coque feathers in a king's blue shade.

EAST KOOTENAY

His honor Judge Wilson has delivered judgment in the appeal Ogle vs. Ryan in favor of the appellant. Ogle was convicted by the police magistrate at Cranbrook of soliciting or taking an order for the sale of a newspaper published outside the municipality and supplied or furnished by a firm doing business outside the municipality. His honor held that in the first place one sale brought the appellant within the bylaw and second that there was no evidence that the alleged goods, the paper in question, were supplied by a person doing business outside the municipality.

A wedding took place on Oct. 5 at Christ church, Cranbrook when James Downey and Miss Nellie Kelsy were united in marriage by Rev. E. P. Flewelling.

Born, on Oct. 3, to the wife of W. Robertson of Cranbrook, a daughter.

Born to the wife of H. A. McRowan of Cranbrook, on Oct. 3, a daughter.

The mining records at the government office at Cranbrook for September indicate that there is considerable activity among prospectors in East Kootenay. Thirty-five new claims were recorded and assessment work on 30 claims was also certified to. The new claims were pretty well spread over the district, the principal locations being made around Moyie, on the St. Mary's river and in the Fort Steele section.

Chief of Police Gillespie of Lethbridge was in Cranbrook the early part of last week on business in connection with the rounding up of a gang of train thieves, who have been infesting Western Canada of late. Through the assistance of Chief Dow Chief Gillespie succeeded in locating one of the worst of the bunch. W. H. Mansfield was arrested here by Chief Dow charged with flim-flaming passengers on the C.P.R. and his preliminary hearing remanded for eight days. The C.P.R. police believe they have in Mansfield the man who has turned several tricks recently at Cranbrook and other depots by means of changing $20 bills. The game has been worked several times lately on the Crow's Nest line, particularly at Cranbrook and Mansfield, who is a pal of the man Martin Groth awaiting trial at Lethbridge, is believed to be the man wanted. Any parties victimized by this trick are requested to communicate with Chief Gillespie of Lethbridge or C.P.R. Special Agent Harris, whose office is in the Lethbridge depot building.

Epilepsy, Spasms, St. Vitus' Dance

"I suffered for many years from what some people call epilepsy. Dr. Miles' Restorative Nervine cured me, and you can imagine how thankful I am."
M. I. COFFMAN, Coldwater, Mich.

"My daughter was cured with Dr. Miles' Restorative Nervine, after having been afflicted with fits for five years."
PETER McAULEY, Springfield, Mass.

"For a year my little boy had spasms every time he got a little cold. Since taking Dr. Miles' Nervine he has never had one of these spasms."
MRS. MYRTLE DAGUE, Rochester, Ind.

"My daughter couldn't talk or walk from St. Vitus' dance. Seven bottles of Dr. Miles' Nervine entirely cured her."
MRS. NANNIE LAND, Ethel, Ind.

"Until my son was 30 years old he had fits right along. We gave him seven bottles of Dr. Miles' Restorative Nervine. He has not had a fit since he began on the fifth bottle."
MRS. R. DUNTLEY, Wautoma, Wis.

BRIGHT FUTURE OF INTERIOR RIFLES

Next Prize-meeting Promises to Excel That Held Recently—What the Annual Report Will Tell.

That the second annual prize-meeting of the Interior of British Columbia Rifle association, held at the Nelson rifle range on June 7-10, showed notable progress over the first annual prize-meeting, and that the prospects are bright for a still larger gathering of Interior riflemen next year, on an improved range, is apparent from the annual report of the association, which has been prepared by the secretary, Captain R. J. Steel, and which is now in the press.

Coming Reports.

Among the points on which stress is laid by Major Lorne Stewart, 1st vice-president of the association, in his report, is the assurance received from the militia department that the extension of the rifle range—from 600 to 1,000 yards—will be completed by May 1, 1911. Major Stewart also gives great credit to the city of Trail, which voluntarily assumed the support of the Tyro match of the recent prize-meeting, and expresses the hope that other districts will co-operate in a similar way in increasing the interest in this representative gathering.

The report of the council notes the satisfaction over the system of paying cash prizes on the range immediately the results of each match are known. The council also draws attention to the necessity of new cups being secured, to replace those won outright at the recent prize-meeting.

The membership list shows 108 members for the current year, the distribution being, Nelson 71, Trail 8, Slocan 7, Fernie 5, Grand Forks 5 Kaslo 3, Rossland 2, Kelowna 1.

The report of the treasurer, Captain G. Anderson, shows that the revenue enjoyed by the association the current year was $1,955.02. The total expenditure was $1,798.07, in this amount being $1,120.79 for prizes and extra services, of which $257.00 was on the 1909 account. There is therefore a surplus in the bank of $156.95. The sources of revenue were, bank balance $3.67; grant from provincial government, $500; grant from citizens of Trail, $75; affiliation fees, $60; miscellaneous donations, $183; entrance fees $335; sale of ammunition and extra series, $598.35.

Affiliated with the Interior of British Columbia Rifle association are six local rifle organizations, as follows: Headquarters association, 102nd regiment, R. M. R., Nelson; Kettle Valley Civilian Rifle association, Grand Forks; Trail Civilian Rifle association, Trail; Slocan Civilian Rifle association, Slocan; Kootenay Rifles Rifle association, Fernie; Legion of Frontiersmen Rifle association, Nelson.

Prize-Meeting Results.

The distribution of the cups competed for at the recent prize-meeting was as follows:

Interior Association cup, presented by the Interior association, 1908, won by Pte. F. R. Weir, 102nd regiment, to be held by him for the year.

Tramway cup, presented by the Nelson Tramway company, 1906, won by Captain A. Carrie, 102nd regiment.

C. P. R. cup, presented by the Canadian Pacific Railway company, won by Captain A. Carrie, 102nd regiment, and now property of winner.

Agricultural Association cup, presented by the Nelson Agricultural association, won by Captain A. Carrie, 102nd regiment, and now property of winner.

The Daily News cup, presented by The News Publishing Company, Limited, won by A. Donaldson, Trail Civilian Rifle association, to be held by him for the year.

Bankers' cup, presented by the four chartered banks in Nelson, won by Pte. Rev. W. H. Simpson, Rossland, 102nd regiment, to be held by him for the year.

In addition to the cup matches, there were other matches won as follows:

Trail, won by A. W. Rosedell, Fernie.

Ladies, won by Col.-Sergt. L. W. Ashton, Nelson.

Merchants, won by J. Buchanan, Trail.

Team match, for teams of five from one club or association, won by Trail team.

Grand aggregate, D. R. A. medals, silver to J. Buchanan, Trail; bronze to Captain A. Carrie, Nelson.

TRADING STEAMER LOST ON LAKE NEPIGON

PORT ARTHUR, Oct. 14—One of the steamers operated by Revillion Bros. on Lake Nepigon ran on the rocks of Shakespeare Island and is likely to be a total loss with a cargo consisting of 600 bags of cement, 30 tons hay and several tons of camp supplies. The loss is not only this but will seriously interfere with taking supplies into the railway construction camps for the winter.

NEW BARGE FOR BRIDGE BUILDING

For Work on Bridge Across Columbia —Trail's Fertile Lands—Rifle Shoot Scores.

TRAIL, Oct. 14.—The new barge for use in construction of the bridge across the Columbia river at this point was successfully launched yesterday afternoon. The barge was built on the beach below the old Mac Machine building and is 49 feet in length, 10-foot beam and three feet six inches deep. The work was in charge of S. C. Stepp, a C. P. R. shipbuilder of Nelson. Messrs. Petersen and Williamson furnished a "dozen of champagne" for the occasion and Major Dolan performed the task of breaking the bottle of sparkling wine on the bow of the craft as she slid gracefully into the water. The boat has been named the "Trail."

Splendid Fruit Land.

The Trail fruit district embraces the lands along the Columbia river from the international boundary line to the Lower Arrow lake. The elevation of the lands is less than 1500 feet, being the lowest in the Kootenay. The light, red soils along the river and tributary creeks are similar to the best fruit districts in Washington, to the south.

About 20,000 acres are available for fruit growing. As yet the settlers are not numerous and the price of land is on that account lower than in better settled parts.

Trail has a population of about 2000. A bridge now building at Trail across the Columbia river at Trail will connect up the lands along the river.

Every variety of small fruit grows luxuriantly with marvelously fine flavor. Grapes and peaches are grown successfully, but apples, pears, plums and cherries thrive best of all. There are a few small orchards of six or seven years' planting which show the capabilities of the district, and in the last two years large numbers of trees have been planted at Columbia Gardens, Trail, Strathbrook and Castlegar, and the famous 3000-acre settlement of the Doukhobor society at Brilliant on the Columbia river below Castlegar, is largely under cultivation and in trees. Land in 10-acre blocks sells for from $50 to $200 per acre, unimproved, depending on location, accessibility at present and percentage of waste land included. Cost of clearing from $50 to $150 an acre. Employment can always be had in the neighboring mines and lumber camps. Wages—common labor, $2.50 to $3; miners, $4; furnace men, $4; smelstermen, $4; lumber jacks, $40 to $55 a month and board. The local market for berries, small fruits, chickens and eggs and garden truck exceeds the supply. An important item—there are no mosquitoes. Being the lowest and most southern part of the Kootenay fruit district the climate winter and summer is ideal. Irrigation is seldom necessary. Yearly precipitation about 20 inches.

Gambling Case

Business was brisk in the police court on Wednesday afternoon and the city exchequer was enriched to the extent of over $500. A little poker game at the Montana hotel last Friday night was the cause of all the trouble. It appears that two boomers from across the line, Alfonso Cloppa and Dominico Paolini, struck the city recently and were out looking for easy money. They staked Dino Vingo, a section hand, to $2 with which to start a game in the Montana and E. Giorgetti, one of the proprietors, was induced to take a hand. The game was for small stakes and progressed with varying fortunes for about an hour and a half when an adjournment was made to Giorgetti's house where a white coat 5 cents, a red 50 cents and a blue $2.50. In a fat jack pot, Giorgetti bet the ante on four eights and called a $170 raise, by stating that he would go good for that amount. Paolini held four jacks. Giorgetti would not come through and Paolini informed the police, who pinched the whole outfit. The following is the way the magistrate disposed of the case in the police court yesterday:

Giorgetti & Buckna, keeping a gaming house, $50 and costs.

T. Giorgetti, playing in a gaming house, $50 and costs.

Dino Vingo, playing in a gaming house, $50 and costs.

Alfonso Cloppa, playing in a gaming house, $100 and costs.

Dominico Paolini, playing in a gaming house, $100 and costs.

Cloppa and Paolini are held here pending negotiations with the immigration authorities for their deportation from the country as undesirables.

Mike Gardiner captured a black bear cub on Thursday forenoon about two miles below the city. He attracted considerable attention when he was bringing his pet through the city.

Rifle Shoot

H. E. Wade carried away the honors at the annual handicap shoot of the Trail Rifle club for the association cup. M. H. Sullivan came in a close second, being only one point behind. At the end of the 200 and 600 ranges it looked as easy victory for G. H. Kilburn, the hitherto unknown, but the 600-yard range proved his undoing. The following scores were made:

	200	600	500 Tot.	Gr. H'cp	Tot.
Wade	29	33	62	35	98
Sullivan	29	30	59	38	97
Buchanan	32	30	62	31 scratch	93
Dodge	28	30	58	32	90
Kilburn	30	33	63	25	88
Gage	28	31	59	29	88
Donaldson	28	30	58	27 scratch	87
Smith	27	31	58	28	86
McDonald	28	30	58	25	83
Hazlewood	27	30	57	19	76
Vanancelli	18	18	36	39	75

STAMPEDE OF STUDENTS IN MONTREAL FIRE

MONTREAL, Oct. 14—An outbreak of fire this afternoon in the college of the Jesuit Fathers on Bluery street, caused a stampede among the 500 students at their classes. A second alarm was rung but the seat of the outbreak was speedily discovered. Little damage was done and no one was injured, although considerable excitement prevailed both inside and outside the college.

UNDERWEAR & HOSIERY

FACTS AND FIGURES CONCERNING PORTUGAL

Population — 5,423,132, exclusive of colonies.

Area—35,490 square miles.

Army consists of 30,000 men, increased to 80,000 on war footing.

Agriculture is the leading industry and wine the principal export.

The only large cities are Lisbon, the capital, and Oporto, the chief seaport.

The Roman Catholic faith is the state religion, but all other forms of worship are tolerated.

Though primary education is supposed to be compulsory, a large percentage of the lower classes are illiterate.

The length of railways in the country is about 1500 miles, of which one-third belongs to the state.

Next to wine the principal articles of export are cork, fish, fruits, olive oil and copper ore.

Lisbon has a population of over 350,000. It is a well built city with many beautiful buildings and has an electric tramway system built and operated on entirely American lines.

GREENWOOD NEWS

(Special to The Daily News.)

GREENWOOD, Oct. 14—John McIntosh has gone south to spend the winter in Arizona or California.

C. T. Bailey, formerly manager of the Mother Lode store is now undertaking a real estate office in Vancouver.

The sitting of the supreme court in Greenwood this month has been cancelled.

Miss Kate Smith is visiting friends in Vancouver.

Hon. Thomas Taylor, minister of public works, will be in the Boundary this week.

Wm. Connell has finished his contract at the Jewel mill and returned to the city.

AGED PHYSICIAN MUST FACE TRIAL

SANTA ROSA, Cal., Oct. 14.—What promises to be one of the most sensational criminal trials that has taken place here in many years is scheduled to begin the latter part of next month, when Dr. Willard P. Burke is brought into court to answer to the charge of attempting to murder Miss Lu Etta Smith and her 11-months-old illegitimate son, of whom Dr. Burke is said to be the father.

The wealth and prominence of the accused physician, the unusual method which he is accused of employing in his alleged attempt at double murder, and the subsequent flight of the intended victim to Japan to avoid testifying at the trial are some of the remarkable elements in a case which has already attracted wide attention and the trial of which will undoubtedly be followed with much interest.

Dr. Burke, who is a man well along in years, is the proprietor of a large sanitarium at Altarus, five miles north of this city. On the night of February 5 last the patients and attendants of the sanitarium were startled by a loud explosion in the sanitarium grounds. Upon investigation it was found that the explosion had occurred beside a house tent in which slept Miss Lu Etta Smith and her infant son. Further investigation showed that the explosion had undoubtedly been caused by a stick of dynamite. The perpetrator of the outrage, however, had made a poor calculation in placing the explosive. The lives of the intended victims were spared, though it was many weeks before the woman recovered from the shock.

Miss Lu Etta Smith, the intended victim, was a student at the university of California when she met Dr. Burke. Later she went to live at the sanitarium, where her child was born. The child was named Willard P. Burke Smith.

The investigation of the authorities following the explosion led to the arrest of Dr. Burke and his indictment on the charge of attempted murder. The officers claim to have discovered that, a few days before the explosion, Dr. Burke obtained a quantity of dynamite and took it with him on his return to Santa Rosa from a visit to the Phoenix mine, near Oroville, which he owns.

One of the peculiar features of the case was the disappearance of Miss Smith when the date set for Dr. Burke's trial approached and her subsequent return. Some time after the dynamiting episode the woman left this vicinity and went to Berkeley. Subsequently she left Berkeley, and was next located in Japan. According to report she was given a sum of money sufficient to take her and her child to Japan and was promised regular remittances so long as she remained there. But it is said that the promised remittances failed to materialize and the result was that through the generosity of some Americans whom she met in Tokio she was enabled to return to California. However this may be, it is certain that she placed herself in communication with the authorities here and is now in readiness to appear as the principal witness for the prosecution when the case of Dr. Burke comes on for trial next month.

Struggling to the end with all the resources of a man possessed of wealth and unusual cunning the aged physician now realizes that he must stand trial on the serious accusations made against him. Failing to obtain a further delay in the trial he is now engaged in preparing a defense to the charges against him. His attorneys are Hiram W. Johnson, the republican candidate for governor of California, and J. Rolo Lappe of this city. The prosecution will be conducted by District Attorney Clarence F. Lea and his assistant, G. W. Hayle.

Exquisite Fall Suits on View at This Store

An Authentic Exhibition of Fashionable Models

Our garment section is now given over to an exhibition of new fall suits. The latest whims and vagaries of fashion are represented. Even to the finish of the sleeves, the styles and sizes of the buttons, these suits are correct and strictly up to the minute.

Suit styles this season are distinctive—short coats and skirts of narrow width are the characteristic features, which, however, have been subjected to almost infinite variations by clever designers. For instance, jaunty models intended for more practical wear border somewhat on what was previously known as the box coat—in more elaborate styles upon which rich trimmings have been employed the Empire note is accentuated.

Rich, soft tones appear in the materials which are of exceptionally fine quality. A new and extremely effective touch is given in the trimmings which are almost invariably in contrasting shades as opposed to the self colored trimmings of the past few seasons. Tailoring that is skilfully executed adds distinctly to their attractions.

As a fashion exhibit they are well worthy of inspection.

Buy yours now and get a full season's wear out of it.

GOT A BAD SPRAIN

Thanks to Zam-Buk, Now Well.

Don't limp about in pain when you slip on the sidewalk or get a sprain, or get a bad twist at your recreation. Rub in Zam-Buk, and be well in a short time.

Mr. Clarence D. Black, Legal Department, Transcontinental Railway, Ottawa, writes: "I have used Zam-Buk, with very satisfactory results, but I did not know its full value until just recently when I fell from a street car and badly sprained my ankle. I immediately applied Zam-Buk, and am pleased to say that it has proved invaluable to me. The sprain was soon cured."

Bear in mind that Zam-Buk is used by all the famous football teams, all the best trainers, and all the leading athletes. Men who are at sport all the time—whose living depends upon their keeping "fit," find Zam-Buk the surest way to fitness. They are the best judges.

In addition to its use for sprains, stiffness, rheumatism and sciatica, Zam-Buk is eminently useful for skin injuries and diseases. Blood-poison, festering sores and ulcers, etc., it quickly cures. Also cures cuts, burns, scalds, chapped hands, cold sores, varicose veins, bad leg, eczema, ringworm etc. All druggists and stores sell at 50c. box or post free for price from Zam-Buk Co., Toronto. Refuse harmful substitutes and imitations.

LIFE NOT WORTH LIVING

is the way Miss Alta Abel, of West Baden, Ind., summed up her existence after having sought in vain for health. She writes: "I was a complete wreck—always tired, worn out and nervous. I had to spend about one-third of my time in bed, and my life was not worth living.

Vinol, your delicious cod liver and iron tonic, was recommended, and I can truly say it has done me more good than all the medicine I ever took in my life. That nervous and tired feeling is all gone. I have gained in health, flesh and strength, until I feel like another person." (We guarantee this testimonial to be genuine.) What Vinol did for Miss Abel, we know it will do for every nervous, run-down, overworked, tired thin and discouraged woman in this vicinity.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. William Rutherford, Druggist, Nelson.

EXAMINATION FOR INSPECTOR OF STEAM BOILERS AND MACHINERY.

Examinations for the position of inspector of steam boilers and machinery, under the "Steam Boilers Inspection Act, 1901," will be held at the Parliament buildings, Victoria, commencing November 1, 1910. Application and instruction forms must be returned correctly filled in, not later than October 24, 1910. Salary, $150 per month increasing at the rate of $6.00 per month each year to a maximum of $180.00.

JOHN FISHER,
Chief Inspector of Machinery.
New Westminster.

NELSON LAND DISTRICT. DISTRICT OF WEST KOOTENAY.

Take notice that Douglas Alan Middlemass of Rock Island, Nakusp, B. C., occupation rancher, intends to apply for permission to purchase the following described land: Commencing at a post planted ten chains west of the southeast corner of Lot 8097, thence south twenty chains; thence east twenty chains; thence north twenty chains; thence west twenty chains to point of commencement, and containing forty acres, more or less.

Date 7th October, 1910.

DOUGLAS ALAN MIDDLEMASS.

LAND REGISTRY ACT

Take notice that an application has been made to register Cyril I. Archibald & Fred J. Bradley, Walter J. Hughes and Mary J. Hughes as the owners in fee simple, under a Tax Sale Deed from Stephen B. Hoskins, Collector of the Nelson Assessment District, to Cyril I. Archibald, Fred J. Bradley, Walter J. Hughes and Mary J. Hughes, bearing date the 1st day of September, A. D. 1909, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of Kootenay in the Province of British Columbia, more particularly known and described as, Lot four thousand seven hundred and seventy-six (4776), Group One (1), Kootenay District, known as the "Independence" mineral claim.

You and these claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument; and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the service of this notice upon you, and in default of a caveat or certificate of its pendens being filed within such period, or in default of redemption before registration, you and each of you, will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Cyril I. Archibald, Fred J. Bradley, Walter J. Hughes and Mary J. Hughes as owners thereof in fee.

Dated at the Land Registry Office, Nelson, Province of British Columbia, this 29th day of September, A. D. 1910.

SAMUEL R. ROE, District Registrar.
To Neil McLennan.

NOTICE TO CONTRACTORS

Grand Forks Court House.

Sealed tenders, superscribed "Tender for Court-house, Grand Forks," will be received by the Honourable the Minister of Public Works up to noon of Tuesday, the 25th day of October, 1910, for the erection and completion of a brick and stone building at Grand Forks, B. C.

Plans, Specifications, Contract, and Forms of Tender may be seen on and after the 26th day of September, 1910, at the offices of the Government Agent, Grand Forks, and the Department of Public Works, Victoria.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works, for the sum of $3,000, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

F. C. GAMBLE,
Public Works Engineer.
Department of Public Works,
Victoria, B. C., September 30th, 1910.

Own Your Own Home

A GRAND PROPOSITION FOR THE WORKING MAN

Use other people's money to buy your home; then pay it back in monthly payments; less than ordinary rent.

Your money is not being thrown away as 6 per cent interest is allowed during the time the contract is maturing. Do not ask others who know nothing about this plan, but come and see me. I will be pleased to give you the very fullest information as well as a copy of the contract.

If you have no lots now, I can show you how you can buy lots and build on them and so own your own home.

If you cannot call, write me. I will explain everything. Numbers have already taken advantage of this system. Why not you.

NELSON NEWS OF THE DAY

(Additional local news notes on page 8.)

Hans Jensen is in from the Arlington mine, at Erie.

Born, on Thursday, October 13, to the wife of R. McNeilly 606 Mill street, a daughter.

Alex. Cheyne, recently one of the proprietors of the Nelson studio, has joined the local staff of the Western Canada Investment company.

The Post at Slocan Junction is not the only water where salmon are now biting. E. E. Chipman, government agent at Kaslo, states that the great lake trout, or land-locked salmon, are still taking the spoon in the main lake at that point.

At a joint meeting of the committees of the Rocky Mountain Rangers and the Boat club, arrangements were elaborated for the R. M. R. dance at the Armory on Hallowe'en, in which the boat club will be associated. In connection with the dance will be a turkey supper.

Royal Hotel, here's your home for the winter. Best board in the city. 108

Miss Olga MacKay is prepared to resume her dancing classes. Apply 813 Vernon street. 232-6

For Thanksgiving Day, October 21, 1910, the Canadian Pacific Railway Company are authorizing a rate of fare and one-third for the round trip. Tickets will be on sale October 20 to 21 inclusive, final return limit November 3, 1910.

Bulbs for fall planting, both for the garden and house, are daily expected to arrive at the Hudson's Bay Stores. They are direct from one of the very best firms in Holland. See advt. 104-tf

The surgical display of the Poole Drug Co., is worthy of note.

CHEAP FARES FOR NATIONAL SHOW

Large Attendance at Vancouver Apple Show Now Assured—Highlanders Band Great Attraction.

VANCOUVER, B. C., Oct. 14.—With the success of the first Canadian National Apple show from an exhibition standpoint now assured there is every indication of a large attendance of visitors from the entire province and even throughout the Dominion. The engagement of the 48th Highlanders' Military band, a leading band of Canada and one of the world's best musical organizations, has added very much to the attractions of the big show.

The 48th Highlanders' band which has never been west of the Rockies will play 12 concerts, two daily, with an entire change of program at each performance.

Half Rate Tickets.

The management believes that every obstacle to the success of the big undertaking has now been removed by the Canadian Pacific Railway company granting a one-way first-class fare for the round trip from all points in the Dominion of Canada, and in addition to that have granted selling dates in advance of the regular selling dates to the public, for the benefit of the exhibitors, thus giving to all exhibitors the same privileges as granted to the public.

Exhibitors' tickets will be sold on the certificate plan. The dates of selling for British Columbia, Alberta and Saskatchewan being Friday, October 21, to Saturday, October 29. Any exhibitor desiring the advantage of the one-fare round-trip rate must notify the secretary of the Canadian Apple show, who will furnish him with a certificate. This certificate on being presented to the nearest C. P. R. ticket agent will entitle the holder to a ticket to Vancouver and return at lowest one-way first-class fare. No certificate will be required on the open selling dates to the public. These dates are as follows:

For General Public.

From stations west of North Bend to Vancouver including branches tickets good going Monday, October 31, up to and including Friday, November 4.

From Arrowhead and Revelstoke up to and including North Bend branch lines tickets on sale Saturday, October 29, up to and including Thursday, November 3.

From stations in British Columbia east of Revelstoke and south of Arrowhead tickets on sale Friday, October 28, up to and including Wednesday, November 2.

From stations in Alberta and Saskatchewan tickets on sale Thursday, October 27, up to and including Sunday, October 30.

All tickets good for continuous passage only on going and returning trips and good for return to reach destination up to and including Friday, November 4.

For the province of Ontario, Port Arthur and west thereof and all points in Manitoba, selling dates for general public will be Tuesday, October 25, to Monday, October 31, final return limit Wednesday, November 30 continuous trip. No stopover allowed either on going or return trip.

Judges' and exhibitors' tickets on certificate plan will be sold October 21 to October 29.

From all points east of Port Arthur on C. P. Ry. tickets to general public will be sold on certificate plan October 24 to October 26, going transit limit November 5. Return tickets will be honored at Vancouver up to and including November 30, returning to starting point by same route traveled on going trip and reaching final destination not later than December 7. Both going and returning tickets from maritime provinces will be good to stop over at Port Arthur and points west thereof within transit limits only. These tickets must be validated by joint agent T. C. P. A. at Vancouver.

For judges and exhibitors only tickets may also be obtained October 17 at points east of Port Arthur.

FROM SIERRA LEONE TO CANADA WITHOUT ADDRESS

The National Drug and Chemical Co. of Canada Limited have just received a letter from the west coast of Africa which reached its proper destination although addressed in an extremely vague manner. The writer was evidently a native with an imperfect knowledge of English. The letter was written by a member of the 2nd West India regiment and is as follows:

Sierra Leone, West Africa,
August 8, 1910.

Dear Sir,—With congratulations, I address you these few lines. May it find you enjoying good time and health at present. Sir, I have receiv your letter. I notice the contents. Please send me one box of your Gin Pills. 2lid. I want try it and if do me good, I will send back very early. While I am your truly name,

A. O. GREEN,
B. Company, 2nd. W. I. R.

The envelope bears only the following inscription::
National Drug & Co. of Canada, Ltd.
27-29 Wellington St. West.

There is no town, city or country mentioned. Yet this letter was sent from the postoffice in Sierra Leone to England, as shown by the London postmark, and forwarded to Plymouth, thence to Montreal, reaching this city on August 31, only 21 days after being written in West Africa.

This is an excellent example of the widespread reputation of the National Drug & Chemical Co. of Canada Limited and of their excellent preparations which, it may be safely stated, are known in all parts of the world.

IN SESSION AT CHARLOTTESVILLE

CHARLOTTESVILLE, Va., Oct. 14.—With an attendance of prominent divines and lay delegates from all over the state the Presbyterian synod of Virginia convened in this city today for its annual session. Many matters of importance to the church are to come up for consideration this year and addresses and sermons are to be delivered by a number of prominent preachers.

Bound Books at Poole's for 75c. are winners.

Chamberlain's Cough Remedy has become famous for its cures of coughs, colds, croup and influenza. Try it when in need. It contains no harmful substance and always gives prompt relief. Sold by all druggists and dealers.

ENDS INDIGESTION IN A FEW MOMENTS

Gas, Heartburn, Headache and All Misery From Stomach Vanishes Before You Realize It.

Nothing will remain undigested or sour on your stomach if you will take a little Diapepsin occasionally. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat.

Eat what your stomach craves, without the slightest fear of indigestion or that you will be bothered with sour risings, belching, gas on stomach, heartburn, headaches from stomach, nausea, bad breath, Water Brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.

If you will get from your pharmacist a 50-cent case of Pape's Diapepsin you could always go to the table with a hearty appetite, and your meals would taste good, because you would know there would be no indigestion or sleepless nights or headache or stomach misery all the next day; and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapepsin can be obtained from your druggist, and contains more than sufficient to thoroughly cure the worst case of Indigestion or Dyspepsia. There is nothing better for Gas on the Stomach or sour odors from the stomach or to cure a Stomach Headache.

You couldn't keep a handier or more useful article in the house.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Nelson Division of West Kootenay District.

(a) The name, address and occupation of the applicant, Fred A. Starkey, of Harrop, B.C., Merchant.

(b) The name of the lake, stream or source (if unnamed, the description is): Mill Creek.

(c) The point of diversion: About 900 feet southwest of Block 30, Lot 222, Group 1, Kootenay district.

(d) The quantity of water to be applied for (in cubic feet per second): One-quarter cubic foot.

(e) The character of the proposed works: Ditch and flume.

(f) The premises on which the water is to be used: Lot 3 and Block 5A, Block 30 of the west sub-division of Lot 222, Group 1, Kootenay district.

(g) The purposes for which the water is to be used: Irrigation.

(h) If for irrigation describe the land intended to be irrigated, giving acreage: 12 acres Lot 3 and Block 5A, Block 30 of the sub-division of Lot 222, Group 1, Kootenay district.

(i) Area of Crown land intended to be occupied by the proposed works: None.

(j) This notice was posted on the 22nd day of August, 1910, and application will be made to the Commissioner on the 22nd day of September, 1910.

FRED A. STARKEY,
Nelson, B.C.

NOTE—One cubic foot per second is equivalent to 35.71 miners' inches.

Prescribed and Sold Hundreds of Bottles

Dr. J. C. Convery, a Physician and Chemist of High Standing, Extols the Virtue of the Great Health Restorer.

"There is always a great and lasting satisfaction to be derived from administering a remedy and obtaining the result desired and expected. I have been engaged in the practice since I graduated over 45 years ago, both in pharmacy and medicine, and I have sold and prescribed hundreds of Duffy's Pure Malt Whiskey in cases to maintain and build up a patient's bodily resistance and shorten the period of convalescence, and patients who complain of headache, biliousness, want of appetite, lack of vigor and ambition and a general run down and exhausted feeling. I have found nothing more beneficial than Duffy's Malt Whiskey. I am positive of its being pure and unadulterated —Dr. J. C. Convery, 119 Sixth Ave., N., Nashville, Tenn.

Be sure you get the genuine—imitations are impure and dangerous.

For sale by all liquor merchants or direct, $1.50 a bottle. Write us if you are sick, it will cost you nothing to learn how to treat yourself. Medical booklet and testimonials sent free.

Kidney Troubles Attack Nelson Men and Women, Young and Old.

Kidney ills seize young and old.
Come quickly with little warning.
Children suffer in their early years.
Can't control the kidney secretions.
Girls are languid, nervous, suffer pain.
Women worry can't do daily work.
Men have lame and aching backs.
The cure for man, woman or child.
Is to cure the cause—the kidneys.
Booth's Kidney Pills cure sick kidneys.
Cure all kinds of kidney suffering.

Mrs. N. Good, of 70 Stadacona street, Moose Jaw, Sask., says:

"I am pleased to state for the benefit of any person suffering with weak and painful back, that they will find Booth's Kidney Pills a most excellent remedy. I have suffered for months with a very weak back and severe pains and aches in the kidneys, and felt very much depressed. There was also a swelling under my eyes. When I learned of Booth's Kidney Pills, I procured a box, and found them the best remedy I have ever used, as they were very quick in giving me relief. The pains have left my back and it has strengthened. They have also helped to build up my health." For sale in Nelson by the Poole Drug Co., Ltd.

Sold by dealers. Price 50 cents. The R. T. Booth Co., Ltd., Fort Erie, Ont., Sole Canadian Agents.

NELSON NEWS OF THE DAY

(Additional local news notes on page 7.)

Robert Quinn of Harrop was a visitor to the city yesterday.

His honor, Judge Forin, returned last night from Rossland.

F. J. Farmer, the well-known Castlegar merchant, was in the city on Thursday on business.

Mr. and Mrs. Archibald of Harrop yesterday brought in their little daughter to the Kootenay General hospital for treatment for typhoid fever. There are at the present time some 11 typhoid patients at the hospital. None of these, however, are from Nelson.

George Gore, son of Captain J. C. Gore, is now attending Yale university. It will interest his rowing friends in Nelson to know that he is in training with one of the crews.

Hon. Thomas Taylor, minister of public works, left yesterday morning for the Boundary. He is expected to reach the city again tonight and will leave on Monday for East Kootenay.

The Nelson Rugby football team will hold their first practice of the season at the recreation grounds at 2:30 today. All players of English Rugby are invited to turn out.

The minimum temperature in the city for the 24 hours ending at 3 p.m. yesterday showed a rise of eight degrees over that of the previous day, the minimum figure being 46 degrees and the highest recorded 58 degrees.

Throughout the Church of England in the Dominion of Canada tomorrow will be observed as Children's Day and a day of special intercession for Sunday schools. The services at St. Saviour's church will, in consequence, have special reference to the children of the church and to Sunday school work. They will be as follows: 8 a.m., Holy Communion; 11 a.m., Matins and Holy Communion; 2:30 p.m., children's service; 7:30 p.m., Evensong.

MEN AND WOMEN

Visitors to the tower of London may possibly recall the beautiful gold saltcellars which constitute a feature of the regalia of the crown in the jewel house. These have been used at the coronation banquets ever since the reign of Charles II., says M. A. P.

During the late king's reign an interesting old relic was discovered at Windsor castle, showing the design of these coronation saltcellars and from this it was very evident that for the last 200 years the saltcellars had been used in an inverted position. It seems that the authorities were deceived by the fact that each of the saltcellars in question had what were taken to be feet, but which, in reality, were nothing more than ears attached to the upper rim. Believing them to be feet, the officials had not only turned the saltcellars upside down, but they had inserted a small silver bowl in each of the hollow ends.

King Edward, whose personal interest in all matters of detail was well known, was most interested in the discovery, and at once sent direction to the lower commandling that the mistake of centuries should be rectified.

Wills and Newspapers.

The following is taken from the London Chronicle: It would be hard to find a precedent for a will such as that of Sir Francis Seymour Haden's, in which he expresses appreciation of an article published in the Daily Chronicle. But some testators have attacked newspapers in their wills. An Austrian army officer, who died a few years ago, left the whole of his fortune to a nephew, on the condition that he should never glance at a newspaper. The will stated that this nephew, who held a post in a government office, was too fond of reading newspapers—a habit which the testator considered most pernicious. Three trustees were appointed to keep a watch over the heir, and in the event of a single infringement of the prohibitory clause, the fortune was to be distributed among other members of the family. How he must have enjoyed the contents bills!

The King and Football.

King George has now become patron both of the amateur and professional football associations, and there can be no doubt that the national game will benefit largely in the future from his majesty's support and personal attendance, says M. A. P. Last season King George suddenly evinced an interest in association football, and nowadays his majesty never misses an important service football match, whether army or navy. Whenever possible, he takes the young princes, who are all most enthusiastic footballers. It was amusing to watch them at a recent army and navy match at Stamford bridge on the ground of the Chelsea club. The Prince of Wales, who is destined for the army, applauded excitedly when the soldiers scored the first goal, and Prince Albert, who is to enter the navy, was equally delighted when the sailors scored.

WHEAT LADEN STEAMER WRECKED AT KINGSTON

KINGSTON, Oct. 14—The steamer Kamago, Fort William to Kingston, with 50,000 bushels of wheat for the Montreal Transportation company, went ashore opposite Swift's wharf at 10 o'clock last evening when within 400 yards of the elevators. Her course was a shade too close to the shore as she should have kept outside the buoy at that point. The captain claims to have given the engineer a signal to back up and the latter mistook it for one to go ahead.
