FINAL PAYMENT MADE ON QUEEN

Check is for Seventy-One Thousand

GREAT PRODUCER OF SHEEP CREEK

President Cannon of Queen Mine Incorporated Explains Plans

By the payment into the Imperial Bank of Canada at 11 o'clock yesterday morning of $71,428, the Queen Mine, Incorporated, completed the terms of their bond on the famous Queen gold mine of Sheep creek, and became sole owners of the property. This sum was placed to the credit of William Waldie, of Nelson, who thereby relinquished an interest that was of a decade's standing. The bond was given on May 2, 1908, for $175,000 and various payments and royalty throughout the 18 months reduced the dimensions of the final payment due to the amount named above.

The closing of the deal required the presence here of M. P. Cannon, of Morrillan, Wis., president of the company, and of G. O. Linderman, of Osseo, Wis., *its secretary, who, together with E. V.* Buckley, manager of the property, yesterday took formal and final possession of the property. Messrs. Cannon and Linderman arrived in this city at the end of the week, and spent Saturday to Monday out at the creek, returning to Nelson on Monday night, for the final exchange of papers.

Splendid Property.

The banner property on Sheep creek which has been continuously operating for about 12 years, consists at the present time of 15 mineral claims, all but one of them crown granted, reduction plant that has been operating as long as the property, and the usual mine equipment. *The property includes the* Yellowstone group of mineral claims, constituting the first property operated on the creek, the six claims being the Yellowstone, Mat, Wolf, Pat, Malwaaz and Hide Away; the Queen group of mineral claims, through which Mr. Waldie became identified with Sheep creek, this group consisting of the Queen, Niagara, Lewiston, Burlington, Fraction and Bullion; and four claims acquired since the date of the bond, the Edward VII, Alexandra, Placer *Fraction and Argyle. The last named* will be crown granted in due course. The reduction plant consists of the mill, of 20 stamps, enlarged to that size from 10 stamps by Mr. Waldie, just before he gave the bond. The original 10 stamps were built by the old Yellowstone company and rented by Mr. Waldie some 10 years ago for the Queen, and later acquired with the rest of the Yellowstone property. The water from both Sheep and Wolf creeks operates the mill, and also two compressors, *which at present supply* air to both the Queen and Mother Lode mines. There are also a saw mill, surface tram and the usual mine buildings.

Extension Predicted.

Speaking of the transaction yesterday afternoon, President Cannon said:

"The making of the last payment today to Mr. Waldie, and the putting through of the papers, gives to the Queen Mine, Incorporated, complete title in the Queen property on Sheep creek. It is hardly necessary to refer to the history of the mine whose 10 years of steady production has been the prominent feature of this young *gold camp. I have not figures of* tonnage and value for the property throughout its history, but taking Mr. Waldie's statement for its earlier history, I should say the Queen, including the old Yellowstone, has produced to date $650,000. During the period we have operated it, the work, which was all development work, being almost wholly confined to the fifth level, the mine has more than paid expenses. The company, which consists chiefly of Wisconsin men, though there are *also some Minnesota men interested,* is well pleased with its property. The company, I might explain, is what is known as a close corporation, having a capital stock of $50,000, none being for sale. It was formed under the laws of Wisconsin, and has a British Columbia register.

"The policy of the company will be to push development at an accelerated rate, not only in connection with the Queen vein proper, but on the numerous promising prospects which are a *part of our property.* For instance, shipments have been made in former years from both the Alexandra and Hide Away veins, not to speak of the Yellowstone. An extension of our air system will at once be made, both to reach other parts of the property than are reached at present, and to produce more air. Out of our two compressors,

(Continued on Page Four.)

FAIRVIEW CONSERVATIVES MEET TOMORROW NIGHT

The Fairview Conservative association will meet in the Hume school tomorrow night at 8 o'clock for the purpose of appointing delegates to attend the Provincial Conservative convention which will be held in Nelson on Nov. 17.

REPORTED BUILDING AS UNSAFE

Said That Building Inspector Found Upper Stories of Macdonald Building Not Sufficiently Strong

WINNIPEG, Nov. 1—It is stated that *Building Inspector Rogers* inspected the warehouse of A. Macdonald & Co., which was burned yesterday about a week ago and that he made a special report as the result of his visit. Inspector Rogers and Chief Buchanan refuse to make any statement but it is understood that the inspector reported that the upper floors were not sufficiently strong to stand the weight they were expected to carry and that in the report he advised the fire chief not to permit any of the brigade within the building in case of an outbreak of fire. Alexander Macdonald scouts this, however, declaring that none but the lighter classes of goods were ever put in the upper stories.

ANOTHER CHAPTER IN FIGHT FOR ISLAND

Court of Appeals Reverses Judgment Concerning Deadman's Island—Ludgate's Lease Valid

(Special to The Daily News.)

VANCOUVER, B.C., Nov. 1—The *court of appeals this afternoon handed* down its decision in the case of the city of Vancouver vs. Theodore Ludgate, concerning the possession of Deadman's island adjoining Stanley Park in which the decision of Mr. Justice Morrison is reversed unanimously and Ludgate's lease to the island by the Dominion is held valid. This ends another chapter in the bitterly fought contest for the possession of the island, but the matter is not finally settled yet as the city will carry the case to the privy council.

In Trites-Wood vs. the Western Assurance Co. the appeal of the latter was dismissed, Mr. Justice Martin dissenting. In Fikkuna vs. the Brooks-Scanlon Co., the company's appeal was dismissed. The appeal was allowed in the case of Rorison vs. Kolosoff.

ITALIAN MURDER AT WINNIPEG POWER PLANT

WINNIPEG, Nov. 1—An Italian named G. Vestie is wanted by the provincial police in connection with a murder at the city power plant at Point Dubois yesterday. One of the laborers was killed by a knife wound during a quarrel and Vestie is alleged to have wielded the weapon. He escaped in the direction of Molson and apparently no effort was made to apprehend him at the time. He has a start and chances for his being captured are not bright. The name of the victim has not been revealed.

JESS DORMAN BUYS CALGARY PAPER

Continue to be Run by Dan McGillicuddy Until Purchase Price is Paid in Full.

CALGARY, Alta., Nov. 1—This afternoon the tenders for The Daily News Publishing company were opened. The highest tender of $23,500 made by Jess Dorman of the Weekly Optimist was accepted. Mr. Dorman will take over the plant as soon as he has paid the full amount. The preferred and secured claims of the company amount to $18,960 at the time of liquidation and now will reach perhaps $19,000. Mr. *Ross, liquidator, states that until the* new purchaser has paid in the money the concern will be run by the present holders. The Trusts and Guarantee company and the new purchaser will be responsible for any losses incurred, since the date of his purchase namely today.

KELOWNA WINS CARLOAD PRIZE

VANCOUVER, Nov. 1—The premier prize of the first Canadian Apple show of $1000 was tonight awarded to Kelowna, B. C., its car of Jonathans being pronounced by each of the judges to be the finest car of apples ever shown at any exhibition. The apples were practically perfect, for out of a possible 1000 the judges awarded 970 marks. "The best I have *ever seen,"* declared Judge Prof. H. E. Van Deman of Washington, D. C. Other awards will be announced tomorrow.

MORLEY TO LEAVE INDIA OFFICE

Colonial Secretary His Probable Successor

CRIPPEN'S COUNSEL RETURNS HIS BRIRF

Another Barrister Must Argue Case in Court of Appeal —Judge's Comment

LONDON, Nov. 1—The resignation of Lord Morley is practically certain. Lord Crewe will probably be his successor and either Birrell, Harcourt or Seeley may be offered the colonial secretaryship. Winston Churchill's ambitions in that direction are nullified by his home secretaryship.

Judge's Criticism

LONDON, Nov. 1.—Barrister Tobin who defended Crippen has returned his brief so that it is necessary to instruct another lawyer to argue the case in the appeal on his behalf.

Mr. Justice Darling in commenting on the incident, said: "It is very unusual *to return a brief and let civil business* stand in the way of appearing for a man convicted on a charge of murder. Appeals in cases of persons convicted on a capital charge should not be postponed. Such postponements have led to evil results in other countries and are sometimes procured designedly."

LITTLE GRAIN PASSING OVER GREAT LAKES

PORT ARTHUR, Ont., Nov. 1—It looks as though elevators at the head of the lakes would be filled to the *brim with grain when the season of* navigation closes. Although over a month of shipping has gone by, the percentage of grain going out has been very small. At this time in other seasons, there has been a rush of steamers for cargoes and shippers were eager to get vessels. This season, however, it is different. Vessels are having a difficult time procuring charters. In fact, very few are obtainable and many remain in the harbor three or four days before they can secure *cargo enough to clear for the east.* It is said the principle reason for this is the price asked by western farmers.

CARS ARRIVED LAST EVENING

Will be Put on Track Today—City Engineer Says Track is Absolutely Safe

The eagerly awaited street cars reached the city last night. They were brought by barge from Kootenay Landing to Proctor and were rushed from the latter point to Nelson by rail. The directors of the street railway hope to have them placed on the track at the foot of Hall street today and run up to the car barns on Hall Mines road where they will receive the finishing touches preparatory to the first trial run. The date of the opening has not yet been decided on but the directors, according to a statement made by President J. E. Taylor, expect the system to be in operation by the end of the week at the latest.

In spite of the unfavorable weather a number of citizens took an opportunity of obtaining an advance view of the new cars at the C.P.R. station last night where they reposed for some hours directly in front of the passenger platform.

In appearance the cars are all that *could be desired.* Olive green and cream in color and with fine grained wood work and brass fittings the cars are both substantial and attractive in appearance. They are fitted with the most modern type of brakes and safety fenders.

City Engineer's Statement

Questioned yesterday regarding the safety of the grades of the car line on some of the streets, such as Stanley, Cedar and Hall Mines road, G. C. Mackay said:

"The grades on the Nelson street railway track may be considered absolutely safe when compared with grades on street railways in other cities.

"In Seattle cars are being operated on the same principal as used in Nelson on grades up to 16.2 per cent. The usual grades in that city are from 8 to 13 per cent.

"Electric cars on the trolley system are being successfully operated on grades up to 17 per cent in San Francisco.

"In Nelson the maximum grade at present is 12 per cent and with the brakes and controller as equipped on the cars they will be under perfect control at all times.

In conclusion Mr. Mackay mentioned that British Columbia Government Inspector Rae would make an inspection of the track and equipment before permitting the general public to travel on the cars as passengers.

REVOLUTION IN SPAIN

LONDON, Nov. 1—A dispatch from Paris to The Daily Telegraph says a rumor is current that a revolution has broken out in Madrid. No confirmation of the report has reached London.

COUNTY COURT IS EXTREMELY SHORT

Nearly Whole Docket is Set Over for Future Hearing—Several Aliens Granted Naturalization.

Of the six cases on the county court docket at the session yesterday morning, only one came to trial, and it was disposed of in less than three minutes. The other five were allowed to stand over for future hearing. Four applications that would ordinarily be made before his honor, Judge Forin, in chambers, were also made in court. The 10 cases at issue ranged from an action for divorce, down to an action that resulted in the recovery of $1.70 without costs.

Watermelon Thrown Out.

The last named case was the one that came to trial, Fred Massey suing *Peter Hiebert, both of Deer Park, for* $10.15. Hiebert paid $8.45 into court, and brought a counter-claim for $5 for a watermelon alleged to have been stolen by the plaintiff's son. The defendant did not appear and E. C. Wragge, counsel for the plaintiff, had the satisfaction of seeing a verdict recorded in favor of his client.

In the suit of Norris v. LaBrash for balance due on a safe, A. M. Johnson, for the plaintiff, asked to have the case stood over to the next court, *which his honor ordered.* The case of Ashdown v. DeWitt, an action to recover for goods sold and delivered, was allowed to stand, on the joint application of Mr. Johnson and H. C. Hall, the respective solicitors. Similar action was recorded in the case of Coleman v. Pringle. In the suit of the International Harvester company to recover from a foreigner named Ratzlaff $63.90 due on a note, Mr. Johnson stated that the defendant had just come to him that morning, and he thought *if time were allowed,* a settlement might possibly be made. E. A. Crease, for the plaintiff company, said he would accept any reasonable offer, and his honor allowed the case to stand. In the case of the Bank of British North America v. Smith, a suit arising out of a promissory note, on the representation of Mr. Hall, for the defendant, and W. H. Bullock-Webster, (for E. A. Crease), for the defendant, that a settlement might possibly be reached, his honor adjourned the case to the *next sitting in chambers.*

Chambers Cases.

Of the chambers cases, W. B. Farris, for the plaintiff, asked that the case of Houle v. the Wattsburg Lumber company be allowed to stand, for a special hearing in chambers. This was agreed. In the case of Larson v. Wells, his honor granted the application of Mr. Hall, for time to issue a concurrent writ against the defendant, G. P. Wells, now in California. The case of Robley v. Taylor et al. was set over, *by agreement between Messrs.* Johnson and Farris. J. S. Mackay, for the plaintiff in the divorce action of Mohr v. Mohr, was given permission for personal service of notice of the divorce application, upon the defendant, residing at Missoula, Mont. The grounds alleged are that Mrs. Mohr refused to remove from Missoula to the present domicile of Mr. Mohr, at Crescent Valley. Though granting the application for service, his honor made the comment that the grounds alleged were *"no grounds for divorce in British Columbia."*

Aliens Naturalized.

A large number of aliens made personal application to his honor, for naturalization. The following were granted naturalization: Gottfreld Ahlin, Swede, bank messenger, of Nelson; Enrico Pisapia, Italian, Nelson; Ole E. Carlson, Norwegian, miner of Nelson; Angelo Merlo, Italian, laborer of Nelson; Hans S. Matheson, Norwegian, bar-tender of Nelson; Peter Moar, *Austrian, miner of Sandon; Frank L.* Boyd, American, fireman of Nelson; Ira N. King, American, lineman of Nelson; A. O. Towner, American, dairyman of Nelson.

His honor stated that he would be leaving immediately for the coast, and did not expect to return earlier than next Monday. Accordingly the next sitting in chambers will be held the day after his return.

EARLY CONVOCATION OF CHINESE PARLIAMENT

PEKIN, Nov. 1—It is believed, that the throne has decided to accede to the demand of the senate and the provincial delegates for the early convocation of a parliament.

In the senate today and in the presence of leading grand councillors Prince Yu Liang, a member of the grand council stated that the entire nation from the highest to the lowest, was agreed upon the necessity of the early establishment of a general parliament. The senators, who understood this to mean that their memorial would be granted, received the declaration of the prince with loud and prolonged cheering.

SOCIETY WOMEN FIGHT WITH POLICE

Aiding Garment Workers' Strike in Chicago

ARE DISGUISED AS FACTORY GIRLS

Scores Are Arrested—More Strikes Start in Other Cities

CHICAGO, Ill., Nov. 1—The mounted police charged threatening mobs of striking garment workers and made numerous arrests in three sections of Chicago today, only to be dum-founded when met by obdurate groups of well known society women. It was a new experience for the police and plainly confused them. A score of these women, champions of the garment workers who faced the rioting were taken into custody. They were immediately released, however, when their identity became known. One of them was injured when struck by a policeman's club. She was hurriedly placed in an automobile and taken to her home. Most of the women of prominence involved were garbed as working girls and for this reason the police could not distinguish them from strikers until after the arrests had been made. Riotious and spectacular scenes developed in the down town districts on the north and west sides. More than 500 men and women engaged in the down-town demonstration which was broken up by the police after considerable trouble. More than 2000 took part in one of several incipient riots on the west side. In each instance women headed the crowds of strikers and their friends.

"I would take oath that we were doing absolutely nothing beyond the law" said Miss Ellen Starr, one of the club women, who has become a strike picket. "The only persons who were violating the law were the policemen, who treated us roughly and hurt dreadfully with their clubs, some of the poor boys we were leading peacefully past the shops. If there had been a real riot this morning, and it would not have taken much to have made one, it would have been incited altogether by the police."

Miss Cranklin, another volunteer picket was indignant because of the manner in which she had been treated by the police. "I know they would not have let me go if I had not presented my card," said Miss Cranklin. "They seemed to think I was a dangerous character. Perhaps it would have been a good plan to let them take me to jail and just prove to them how little legal foundation they have to stand on."

Promises from well-to-do women to destitute workng girls, volunteers for picket duty, from well known women and pledges of any assistance within their power from many other women were received by Mrs. Raymond Robbins, president of the Women's Trade Union league today.

Tampa Quiet.

TAMPA, Fl., Nov. 1—The town is quiet today following two attacks made by sympathizers of the striking cigar makers last night on strike breakers, in which one man was shot and the mob was charged by the police armed with rifles. One arrest was made in the west Tampa district today, of a man who was circulating hand bills. A printing office, which, it is alleged *has been printing much literature for* the strikers may be closed by a court order, it is said.

Sausage Makers Strike.

PITTSBURG, Pa., Nov. 1—Nearly 200 sausage makers and butchers known as specialty makers, were on strike here today on the refusal of the packers to grant a demand of 20 per cent increase in wages. Four local packers are involved and have asked for police protection. None of the branch packing houses having headquarters in other cities are thus far involved.

Rioting in Express Strike.

NEW YORK, Nov. 1.—No material progress was made today towards settling the express strike which has been in progress for nearly a week. The strike has resulted in a great congestion of express traffic and also in much disorder, numerous street fights having occurred here and in Jersey City where the trouble first had its inception. An attempt was made today to hold a conference between Governor Fort of New Jersey and Mayor Gaynor of New York and Mayor Witthen of Jersey City on the one hand, and the strike leaders and officials of the express companies on the other, but Governor Fort was unable to come to Jersey *City and the attempt was abandoned for* the day.

Strike Extends.

The strike extended today to Newark where a number of drivers went out while

(Continued on Page Four.)

PUBLICITY TONIGHT

The adjourned meeting of the Nelson board of trade, and citizens, on the question of a district publicity plan, will be held in the board of trade room tonight at 8 o'clock, when the last committee appointed will submit an elaborated plan. All who are interested are urged to attend and give their voice in *the discussions.*

DEPOSED CABINET IS INDICTED

Members of Former Portuguese Government on Trial—Issued Illegal Decrees

LISBON, Nov. 1—All the members of Premier Franco's cabinet have been indicted jointly with Franco.

Liquidated King's Debts

LISBON, Nov. 1—A crowd jeered former Premier Franco as he left the court yesterday, having been admitted to bail in the sum of $200,000. Foreign Minister Machado protested against the admission to bail of the former premier, but exhorted his enemies to be calm. *Franco is charged among other* things, with having issued during his tenure of office 70 illegal decrees and with having liquidated the debts of King Carlos, amounting to $500,000, with crown funds, on the pretext of augmenting the civil list.

DRUNKEN COOKEE RUNS AMUCK

Stabs Englishman With Carving Knife —Roughly Handled by Lumberjacks—Slow Train

FORT WILLIAM, Ont. Nov. 1—Crazy with liquor, Dave Johnson, camp cookee at Mack siding on the Grand Trunk Pacific line, ran amuck on Sunday night and stabbed Jim Cox, a young Englishman who was assisting him, several times in the abodmen. The weapon used was a 12 inch carving *knife and when Johnson attempted to* inflict similar treatment on a camp full of lumberjacks they handled him rather roughly. They bound him with ropes and he is now being held pending the arrival of the police.

Medical aid for Cox was summoned from this city and Dr. Boyd went up on a special train. The train took nine hours to run the 86 miles and when the doctor reached the wounded man, the latter was in a critical condition. Another special train was sent back here with the wounded man carefully attended in a box car specially prepared with straw packing. How Johnson got the liquor is not known.

Is Dead

FORT WILLIAM, Ont., Nov. 1—J. Cox, the man stabbed by Dave Johnson a cookee at Greer Bros. lumber camp at Mack's siding, northwest of here, died this afternoon at the McKellar hospital, Fort William. Before expiring Cox made a statement to the effect that he believed that his assassin was not in his right mind at the time the deed was committed.

MANITOBA WILL JOIN IN GOOD WORK

Propose That British Columbia Highway Shall be Extended to Great Lakes.

WINNIPEG, Nov. 1—A beginning has been made in the movement to establish Manitoba's section of the proposed western highway but beyond informal discussions of the project little action has been taken. The idea is to construct a first class roadway from the great lakes to the Pacific coast and it is understood here that the scheme is already under way in Alberta and British Columbia. Automobile enthusiasts are, of course, *deeply interested* and it is proposed to call a conference of various public bodies to push the scheme along.

TRAIN WRECK IN BELGIUM

CHARLEROI, Belgium, Nov. 1—One person was killed and 23 were badly injured in a train wreck near here today.

NOVEMBER 2, 1910.
Coupon No. 2.

This coupon, with one from each of the other issues of The Daily News of the week ending, November 6, and 10 cents, entitles the holder to a photogravure reproduction of Dendy Saddler's great picture, "Darby and Joan," *the world's greatest* artistic conception of domestic happiness. The coupons and money should be presented at The Daily News office any time after Sunday next. If pictures are to be mailed 5 cents must be added to cover postage.

BIGGEST KOOTENAY TIMBER DEAL

Three Important Companies Are Absorbed

YALE-COLUMBIA COMPANY INCLUDED

Two Million Dollar Purchase —Six Sawmills and Immense Timber Limits

(Special to The Daily News.)

CALGARY, Alta., Nov 1—The biggest timber deal in the history of the Kootenay was announced here today. By it the Dominion Sawmill & Lumber Co., Ltd., a recently formed English company, which recently took over the Mundy Lumber company of Three Valley, B.C., has acquired complete ownership of all the interests of the Bowman Lumber company, the Revelstoke Sawmills company and the Yale-Columbia Lumber company.

Two Million Dollars

The deal which was put through by the Western Canada Investments of this city, involves consideration amounting in all to over $2,000,000. Included in the deal are four sawmills among them those of the Yale-Columbia Lumber company of Cascade and Nelson and all the timber limits of the three companies mentioned, embracing in all 240 square miles on which it is estimated there are 3,500,000,000 feet of standing timber. With the interests acquired from the Mundy Lumber company a few months ago the Dominion Sawmills & Lumber company now has in its absolute ownership six sawmills with a capacity of 150,000,000 feet of lumber annually and 5,500,000,000 feet of standing timber.

Incorporated Last Summer

The Dominion Sawmills & Lumber Co., Ltd., was incorporated in the old country last summer for the purpose of acquiring the mills and holdings of the Mundy Lumber company, but in view of its recent purchases its capital has been placed at $5,000,000 with a bond issue of $4,000,000 The company will combine the operations of all its mills and is at present the most important lumber company operating in British Columbia. The president of the company is H. E. Mundy, late of the Mundy Lumber company, while S. H. Bowman late of the Bowman Lumber company and the Yale-Columbia Lumber company will be manager of the sales department of the new company.

DEATH ROLL FROM FIRES IN STATES

Railway Accidents Take Heavy Toll of Life and Property—Year's Losses.

WASHINGTON, Nov. 1—Killed, 3804 injured, 82,374. This is the casualty record of fires in this country during the year ended June 30 last according to the interstate commerce commission. It is an increase of 1013 in the number of killed and 18,454 in the number of injured over the previous year.

Railway Accidents

There were 5678 collisions, killing 430 people and injuring 7765 and damaging railway property to the value $4,629,279. In the year there were 591 derailments; 340 persons were killed and 4814 injured. During the last three months of the year the total killed or injured was 20,650.

PREMIER VISITS OLD CONSTITUENCY

Sir Wilfrid Will Take Hand in Election Fight—Will Explain Naval Policy.

DRUMMONDVILLE, Nov. 1—It is stated here that Sir Wilfrid Laurier will be in the county for the conclusion of the election contest and that he will address a meeting tomorrow in the town hall at Victoriaville. The premier's plans for the rest of the campaign are not announced but it is understood that Sir Wilfrid will make a lively effort to place the government's *plans with regard to the naval bill* fairly before the people in order to insure an intelligent vote.

While the Nationalists are trying to make the visit of Sir Wilfrid a sign of success, the Liberal forces do not look upon it as more than a natural desire of the premier to see that his ideals of national defence are properly understood by his own compatriots.

While the Nationalists are making claims to big gains, nothing definite can be even guessed in such a constituency, and the indications are that the Liberal candidate will be returned by a substantial majority.

CHOLERA STILL SPREADING.

ROME, Nov. 1—The official bulletin reports six new cases of cholera in the last 24 hours. Two deaths occurred during the same period.

Say, Gents! If You Want to Save Money

you can do so by buying your winter suit or overcoat at Wallace's store.

"BOYS WILL BE BOYS"

The special frolic making season of every growing boy is in the evenings of the late fall. The spirit of Hallowe-en reigns. The young Canadian has a right to his fun, but he must be warmly clad, therwise exposure will sow the seeds of future disease.

Our overcoat with convertible collar for boys is one of the most useful garments designed. The lapel when down appears similar to that on the ordinary coat but when turned up can be made to serve the purpose of either the storm collar or motor collar.

SAFEGUARDING OF THE BOYS

Toronto Convention Hears of Methods of Work Among Boys—Enthusiasm for Chinaman

TORONTO, Nov. 1—The largest convention in the history of the Y.M.C.A. and one which will be remembered by all those who took part in it as having revealed more clearly than ever before the power and possibilities of the movement came to a close yesterday afternoon. The afternoon session was devoted largely to a discussion of safeguarding the boys of a continent," different phases of the subject being treated by such well known authorities as Dr. Graham Taylor of Chicago, who has spent some 16 years in the study of the problem of juvenile delinquency; Col. W. B. Wakefield, London, England, Gen. Baden Powell's right hand man in the Boy Scout movement; Ernest Thompson Seton of New York, the pioneer of the Boy Scout movement on this continent, and Dr. Porter of New York, a young man who has done excellent work among the boys in that city.

Ovation for Chinaman

One of the most striking incidents of the convention was the ovation given to Mr. Wong, a young Chinese student from Harvard university. Having a thorough command of the English language and an impressive style of delivery Mr. Wong deeply stirred the convention by his address on the work of the Y.M.C.A. in his native land.

Want Next Convention

There was keen competition for the privilege of securing the next convention in 1913, the respective claims of Columbus, O., Portland, Ore., Nashville Tenn., Los Angeles, Cal., and Des Moines, Ia., being urged in turn by eloquent delegates. The nominations were referred to the international committee for decision.

DISTRIBUTING BULBS

Canadian Pacific Beautifying Station Premises Along Its System.

MONTREAL, Nov. 1.—The floral department of the C. P. R. is sending out to station masters, sectionmen and others all over the system, over half a million bulbs for fall planting and early bloom in the spring of next year in the gardens of the stations. The bulbs include all the newest types, the markets of the world having been sought for seeds and bulbs. The scheme was inaugurated 15 years ago by C. W. Dunlop, the commissioner of claims for the company, who has the direction of the floral department, and there are now over 1,500 gardens on the whole system.

KASLO DISTRICT A FUTURE IN FRUIT

Famous for Its Gravensteins—What Kootenay Fruit Pamphlet Says of Valleys up North

The Kaslo district is described as follows in the illustrated pamphlet, for distribution at the National Apple show at Vancouver, issued by the joint Kootenay committee that arranged the Kootenay exhibit:

Kaslo is situated on the north end of Kootenay lake at the foot of the Selkirk mountains. Much of the land comprised within the town and its surroundings is composed of glacial silts which have been eroded by the action of glaciers in the past ages and deposited in terraces near the margin of the lake. Over these glacial deposits is spread an erosion of red loam which has been disintegrated from the mountain slopes. These two forms of soil are equally productive of the highest grade of fruit.

Fruit growing here, as eleswhere in West Kootenay, is still in its infancy. Few of the commercial orchards which have been planted in recent years have yet become productive, but the existence of many garden orchards within the municipality have demonstrated that the Kaslo district can produce some varieties of fruit of unsurpassed quality.

The area of fruit land in this district is limited, only about 500 acres being available. Much of this is now being planted with trees, but many 10 acre blocks and tracts of from 50 to 160 acres in choice locations are still available for purchase.

Lardo and Duncan Valleys

Lying north of the town of Kaslo are the Lardo and Duncan valleys in which there are large tracts of agricultural lands exceeding in area 50,000 acres. Most of the land is covered with a heavy growth of timber interspersed with meadows. Along the benches which flank the river bottom there is a considerable area of high grade fruit land. Kaslo is celebrated for producing the finest Gravenstein apples in the world and at the Royal Horticultural Society's colonial fruit shows in London, England, Kaslo carried off the society's highest award in competition with the world.

Ideal fishing is to be found on Kootenay lake, salmon weighing as much as 25 pounds being taken in large numbers. The city of Kaslo has every modern facility—electric light, finest water, good schools, churches and stores.

TELEGRAPHERS LOSE JOBS FOR GIVING EVIDENCE

Say Large Quantity of Gas Was Present in Los Angeles Times Office

LOS ANGELES, Cay., Nov. 1—Witnesses in the Times explosion case testified before the coroner's jury that free gas was present in large volume in the building the night the explosion occurred. These witnesses, who were telegraph operators in the building, testified that they had lost their positions with the Westren Union Telegraph company because of having made their statements.

Caught Bank Robbers

MEXICO CITY, Nov. 1—The Mexican authorities while watching for men suspected of dynamiting the Los Angeles Times building, it is now believed, have captured instead one or more bank robbers wanted in Los Angeles. This belief is based on the fact that the descriptions furnished by private detective agencies of the men sought in connection with the bank robberies seem to fit one or more of the suspects now held at the Mexican port.

SAYS COMMISSIONS ARE CAUSING THE TROUBLE

Interstate Commerce Commission Hears Evidence of Official of Rock Island Lines

CHICAGO, Ill., Nov. 1—Stanley H. Johnson, assistant freight traffic manager of the Rock Island lines testified before the interstate commerce commission that certain state railway commissions are causing most of the trouble between the shippers and railways. Johnson's statement was laid before Commissioners F. K. Lane and E. E. Clark who intimated their belief that the railroads are not satisfied with regulation, because it limits their power to increase revenues. The hearing of the proposed advance in rates will be concluded tomorrow. It is believed that the evidence will then be reviewed in Washington before a decision is announced.

FIELDING'S HEALTH IMPROVES

OTTAWA, Nov. 1—Hon. W. S. Fielding returned to the capital last night from Montreal greatly reassured as to his health, his only prescription being rest.

Shiloh's Cure
quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents.

Your Old Enemy Rheumatism

CURE YOURSELF RIGHT NOW WITH "FRUIT-A-TIVES"

There is just one thing that causes Rheumatism—Uric Acid in the blood. Uric Acid is formed when either the bowels, kidneys or skin fail to rid the system of waste matter. This waste, or Urea, remains in the body and is changed into uric acid. It is this uric acid that poisons the blood, inflames the nerves, and causes Rheumatism, Sciatica and Lumbago.

Liniments and ordinary rheumatic remedies won't cure Rheumatism, as none of such preparations go to the very root of the trouble—the blood, and the vital organs. "Fruit-a-tives" is the greatest cure for rheumatism in the world. And we will tell you why.

"Fruit-a-tives", by its action on the bowels, kidneys and skin, prevents the formation of an excess of uric acid. "Fruit-a-tives" causes the bowels, kidneys and skin to throw off the waste of the body, and thus keeps the blood absolutely pure.

If you have suffered with Rheumatism, and dread a return with the coming of cold weather, start in at once to take "Fruit-a-tives" and thus defeat your old enemy. 50c. a box, 6 for $2.50, trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

MISTAKEN NOTIONS OF BOY SCOUTS

Non-sectarian Religious Publication Extols Movement—Mr. Westman Replies.

To the Editor of The Daily News.

Sir,—Last night I received the November copy of the Homiletic Magazine, to which I am a subscriber, and in it is an article by Rev. William Durban of London, England, on "Boy Scouts and Boys' Brigades." I shall be glad if you will kindly grant space in your columns for the following extracts, in order that disquieting misapprehensions may be allayed, and information conveyed to those not sufficiently acquainted with the purpose and character of the Boy Scouts movement.

FRED H. GRAHAM.

Nelson, November 1, 1910.

Into Different Channel.

The Boy Scout organization appeals to the dearest aspiration of juveniles, and thus it proves that it meets a felt need. It answers to that craving for drill, parade, show of personal smartness, and harmony of motion which in girls is satisfied by dancing or any other orderly and rhythmic "poetry in attitudes." Boys universally delight in any exercises which constitute "playing at soldiers," and the scout system is so devised that it gratifies the desire for such exercises, while at the same time it diverts activity into altogether a different channel.

Ridiculous Prejudice.

Greatly mistaken, therefore, are the persistent critics who can not by any means be disabused of the persuasion that the Boy Scout organization is an incipient militarism. The other day a file of scouts was marching along, manifestly in the acme of enjoyment, when they were greeted in accents of bitter scorn on the part of a spectator with the salute, "Little murderers." This exactly voices the prejudice that exists in not a few minds. Nothing could be more ridiculously unjust.

Love Fundamental Principle.

The fundamental principle embodied in this institution is love. For Sir R. Baden-Powell in his text-book, "Scouting for Boys," formulates certain rules and maxims which at once stamp the system as religious and ethical in the highest measure. The three primary watchwords of scoutism are "loyalty," "helpfulness," "obedience"; for every member of a troop is pledged first of all to a trilogy of promises, these being: (1) To fulfil duty to God and the king; (2) to help other people at all times; (3) to obey the scout law.

Loyalty and Honor.

Now, the boy nature is repelled by mere inculcation of abstract virtues, and is attracted by virtues if they are present in concrete form. That fact supplies the whole philosophy of this remarkable movement. The old chivalry was imposing in its outward symbolism. The knights of medievalism reveled in a grand moral code, but that code was embodied in elaborate emblems which fascinated the mind. Sir R. Baden-Powell remarks in allusion to chivalry that "in the old days the knights were the scouts of Britain and their rules were very much the same as the scout law which we have now; and very much like what the Japanese have, too. We are their descendants, and we ought to keep up their good name and follow in their footsteps. They considered that their honor was the most sacred thing to uphold; they would not do a dishonorable thing, such as telling a lie or stealing; they would really die rather than do it. They were always ready to fight and to be killed in upholding their king, or their religion, or their honor. Thousands of them went to Palestine to maintain the Christian religion against the Mohammedan Turks. Each knight had a small following of a squire and some men at arms, just as our patrol leader has his corporal and four or five scouts. The knights patrol used to stick to him through thick and thin, and all carried out the same idea as their leader, namely—

"Their honor was sacred. They were loyal to God, to their king, and to their country. They were particularly courteous and polite to all women and children and infirm people. They were helpful to everybody. They gave money and food where it was wanted, and saved up their money in order to do so. They taught themselves the use of arms in order to protect their religion and their country against enemies. They kept themselves strong and healthy and well in order to be able to do these things well."

In this passage of General Sir Baden-Powell's handbook we have a very excellent outline of the real philosophy of the system. He goes on in the same style throughout his treatise, preaching practical righteousness and emphasizing perceptively the principles of the elemental virtues, of service to humanity, of alertness, of resourcefulness and self-reliance, of respect for authority, of kindness to animals, and of courtesy to women.

Not Expensive.

Their costume is not costly like that of the Boys' Brigades, and accordingly they belong to the poorer classes as well as to the ranks of those in easy circumstances. Every scout is dressed in loose blue flannel shirt, knickerbockers, stout shoes, and soft, low-crowned, wide-brimmed hat. He carries a knapsack and a long staff. At once we can identify one who has passed an examination, for he wears a badge shaped as an arrowhead, with the inscription "Be prepared."

All through the vast British Empire this movement is spreading, and now that it has arrived in the United States it is likely to become one of the dominating features of social life wherever the Anglo-Saxon race exists. The American headquarters are at 124 East Twenty-eighth street, New York, and the eminent naturalist, Ernest Thompson Seton, has recently completed a work entitled "The Scout's Manual," similar to Sir R. Baden-Powell's treatise, but adapted to American conditions.

A Peace Movement.

The founder of this institution claims that it is entirely a peace movement. He calls it peace "scouting," and he is fully justified in his discrimination. Sir R. Baden-Powell is a fervently religious man, and he aims in this organization at exhibiting religion as a perfectly natural element, instead of an unnatural and extrinsic engraftment into life. To set before lads, just when they are at the most impressionable stage, the pure ideals of life—in fact, to save them from sympathy with low ideals—is surely a noble aim.

Rev. Mr. Westman Replies.

To the Editor of The Daily News.

Sir,—Allow me to thank you and Messrs. Craufurd and Markham for your kindly reference to my address of Sunday evening. It was not my intention to arouse any discussion on this matter in the form it has taken, but as a citizen of our great empire I have a mission to fulfil, and that I must do.

However, now that the subject is up, it may be well to take note of it still further. The writers very kindly give me credit for being sincere. Thanks—I am sincere, and with a head full of information, and a life throbbing in the interest of my fellow men, I am determined to proclaim the truth and warn of all dangers as I see them approach.

All three of you accuse me of being ignorant of facts. Wrong here, I am not ignorant of the origin, rules and workings of the Boy Scouts. No, sir, when you hear me make a statement from my pulpit or from any other platform you may depend upon it that it was not spoken in a hurry. That is not my method. I speak from facts at all times and am prepared to stay by them.

Proposes Joint Discussion.

I appreciate very much the kindliness of the communications; I enjoyed them very much. I also recognize how difficult it is to come to a proper conclusion through such articles as these. Seeing the possibility of such misunderstanding between the pulpit and the pew, I have long sought a common ground for meeting and such we have instituted here in the form of a people's meeting on Sunday afternoon at 3 o'clock.

Now, Mr. Editor, I invite the gentlemen who have been so kind as to write you, to prepare themselves and come next Sunday and give one or two addresses on the subject. I will allow at least 45 minutes for speaking and then the subject will be thrown open for public discussion.

I have yet many things to say as the half has not been told. I consider, Mr. Editor, that I was quite mild on Sunday evening, when I think of the great issues before us.

Hoping for a reply stating that my offer is acceptable and thanking you for this valuable space.

J. R. WESTMAN,
Pastor of the Methodist Church.

Nelson, November 1, 1910.

For Welfare of Boys.

To the Editor of The Daily News.

Sir,—As one who has had the privilege of taking an active share, not only in Great Britain, but also in this country in the work of the Boys' Brigade, an institution promoted for the welfare of boys between the ages of 12 and 17 years—years when the lad first clearly realizes his individuality and responsibility—I feel constrained to enter a protest of the condemnation that has been entered against this and similar institutions, and which at the present moment is the subject of much discussion among all who are interested in the development of the boy during these formative years.

Does Not Teach War.

Contrary to the somewhat natural impression, the Boys' Brigade does not teach the "art of war," nor does it foster the war spirit. It simply employs military organization, drill and discipline, as the most stimulating and interesting means of securing the attention of a volatile class and of promoting self-respect, chivalry, courtesy, "esprit de corps" and other kindred virtues. To these more personal results, the military organization is but an aid, and this fact is kept continually before the officers of any battalion, or smaller command of the brigade. To teach drill is not to teach the "art of war," nor is the drill spirit a war spirit. Firemen are drilled, policemen are drilled, and though it is true the cap and belt of the boys are the regalia of another order, it may be doubted whether drill is any more to them than to these other sons of peace. One has even known members if the militia whose souls where not consumed by enmity, hatred and revenge; anl it is whispered that there are actually soldiers in His Majesty's army who do not breathe blood and fire. The true aspiration and teaching of the brigade could not be better summarized than in the following quotation from its official literature:

"If we want our boys to be brave, true Christian men, we must direct this desire into the right channel, and show them that in the service of the Great Captain, they will find the bravest, truest life, that it is possible for a man to live. The foundation of the brigade is laid on the idea of presenting to them that view of Christianity to which their natures readily respond."

Advantage of Drill.

Order is essential to happiness; it is the perfection of order that makes military life fascinating, and military discipline is the consecration of strength. Drill is the best way to teach the lad self-restraint; the best way to teach him obedience to the word of command, and when he has learned to obey, he is fit to command, and military organization, as anyone who has a little acquaintance with it knows, affords endless opportunity in the training to a sense of responsibility.

On the forefront of the brigade's earliest documents stand these words "The object of the Boys' Brigade is the advancement of Christ's kingdom among boys, and the promotion of habits of obedience, reverence, discipline, self-respect and all that tends towards a true Christian manliness." This motto still stands good.

In conclusion, I quote the closing remarks of an address made some years ago by the late Professor Henry Drummond to a body of students in the old city of Glasgow, Scotland:

"You have heard of the young naval officer at the battle of Tel-el-Kebir, who led the army across the desert on that memorable night by the light of the stars. You remember how he stood at the head of the column, with his instruments in his hands, guiding the regiments over the trackless sand from star to star, and how in the grey of the morning, he brought them right into the enemy's lines. You remember how one of the first bullets struck him to the earth, and when the battle was over, his commanding officer went to the rear and took his hand, and the dying man looked up in his face and said, 'General, didn't I lead them straight?' Officers of the Boys' Brigade, it is given to you, through the opportunities opened out to each of you by this great and many-sided institution, to have the consciousness when you give in your commission at the last that you have helped to lead some young life along the paths of righteousness to a pure and victorious end."

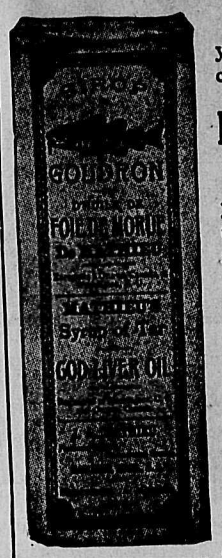
I write these remarks on behalf of a number of the boys in this city who have at some time or other during the last few years been members if the local branch of the parent brigade.

Apologizing for trespassing at such length on your valuable space and thanking you for your consideration,

G. S. REES.

Nelson, B. C., November 1, 1910.

Stops the Cough and Builds up the System



When you are all "run down" you catch cold easily, and your cough "hangs on". By taking

MATHIEU'S SYRUP
of Tar and Cod Liver Oil

you not only cure the local trouble but also permanently strengthen the whole body.

The Beech Tar in the Syrup is soothing and healing while the Cod Liver Oil stimulates the appetite and increases the weight and bodily vigor. Both are united in the pleasant tasting syrup.

The most successful Cough Remedy known today is Mathieu's Syrup of Tar and Cod Liver Oil.

Mathieu's Nervine Powders which sell in boxes of 18 for 25c. are the best treatment for any fever or feverish cold, as well as the best cure for headaches.

Large bottle 35 cents.

Ames Holden Shoes for men who work—for men who are much on their feet—for artisans, farmers, fruit growers—all those live an outdoor life—these shoes are particularly well suited. They are made strong, serviceable, practically impervious to the weather, well sewn throughout. They are built to definite standard, for every boot must pass the most critical inspection before leaving the factory. We have put a lifetime of experience into the making of these shoes. They are the most perfectly dependable shoe on sale in this Province to-day.

ASK FOR

AMES-HOLDEN SHOES FOR MEN

P.S.—You cannot get more out of a boot than the maker has put into it, and that is why we are emphatic upon this point—*the quality of the Ames-Holden Shoes*—we know what we have put into them.

AMES-HOLDEN CO., Limited

A SNAP

You will never get such a chance for a close in house. Call.

DON'T WAIT

Till you grow old but buy one of our Ready Made Ranches. Six sold this month. Get busy.

25 PER CENT

Only $6000 of that 25 per cent stock left. Now or never.

SAVE MONEY

Buy a motor boat now for vastly less than in the spring. Great Bargains.

MAKE MONEY

Those lots on the car line will be worth 50 per cent more in the spring.

Wolverton & Company, Ltd. 419 1-2 Baker Street

HOW MINE STRIKE HAS CHANGED SPRINGHILL

From Prosperous Community is Now Wrecked by Debt and Scene of Continual Disorder.

SPRINGHILL, N. S., Nov. 1.—The disastrous effects of a protracted strike never were more forcibly shown than in this little mining town. From a prosperous and peaceful community 15 months ago, Springhill, as a result of the strike of several thousand members of the United Mine Workers of America, has been plunged deeply into municipal debt, has become the scene of continued disorder and a place of financially broken tradespeople. While the riotous scenes which marked the early stages of the strike have not been repeated recently, conflicts between the strikers and those whom the companies have imported to take their places continues. It is seldom that a night passes without an exchange of shots, occasionally during the day, and the town jail has been kept filled almost to its utmost capacity for months.

The town's financial standing has been wrecked. It is unable to collect its taxes from companies and individuals, and legal proceedings have been instituted by local and outside banks to recover loans on town bonds. The Union Bank now is endeavoring to secure legal authority to collect the taxes and water rates in an effort to secure a portion, at least, of the $10,340, which its officials allege the town is in arrears to the bank. The department of schools has continued the schools under a great handicap. Teachers have served the past two months without pay and there is no relief in prospect.

To preserve the peace of the town it has been necessary reepatedly to import soldiers, and a large number are now quartered here. The great expense incurred in maintaining this guard has led the authorities several times to try to dispense wth a number of the soldiers. As soon as they had left the town disorder broke out afresh and a recall was necessary.

Pickets of the soldier police and of the strikers are scattered over all the town in the vicinity of the mines, and although they have rubbed elbows for months, no disturbance has resulted. In fact, most of the trouble has been traced to strikebreakers, and convictions in the local police court of foreigners charged with carrying concealed weapons, and often with using them, are many.

NEW COMMANDER OF PACIFIC FLEET

WASHINGTON, D. C., Nov. 1—Several important changes among the commanding officers of the Pacific fleet went into effect today. Rear Admiral Harber is succeeded as commander-in-chief of the fleet by Rear Admiral Edward B. Barry and Rear Admiral Chauncey Thomas replaces Rear Admiral Barry as commander of the second division of the fleet. Rear Admiral Barry, the new commander-in-chief, is from New York and the son of a naval officer. He has been in the navy since 1865, more than 26 years of that time being spent in sea service. Rear Admiral Thomas also is a native of New York but was appointed to the navy from Pennsylvania 43 years ago.

Would You Like to Win $1000 in Cash or This Home Costing $1500?

We have just 20 lots left in our Burnaby Heights Addition. We guarantee every one to be on high, level ground with good soil, no rock or gravel, close to two carlines, with streets and buildings going in in the immediate vicinity. Size of lots 33x132 feet.

About a year ago we put on an addition of 236 lots and decided to offer the above prize.

We had the Nelson Daily News print in plain figures cards numbered 1 to 236, placed them each in a separate envelope and sealed same. They were then taken to a Nelson bank and the manager drew one sealed envelope from the 236 and placed it in the vault, having the remaining envelopes destroyed. We expect to close out these lots before ten days and the manager of the bank will then open the envelope and notify us regarding the number. We will send each purchaser a copy of his letter to us.

No city in Canada of 15,000 people has anything like New Westminster's prospects in the immediate future. Real estate is still low, but a rapid advance is certain.

The price of the lots is only $300, $20 down and $10 per month. Each one carries one chance to secure the money which is now lying in the bank awaiting the event.

You may be the lucky one. There has been such unusual development during the past year that we could not possibly make such an offer with another addition.

The Wright Investment Co. Ltd.

NELSON, B.C.

SPORTING NEWS

THRILLING EVENTS CLOSE AIR MEET

Ralph Johnstone Does Some Sky Climbing—Athletic Britisher Issues Challenge.

NEW YORK, Nov. 1—A baby Wright cloudster with Ralph Johnstone at the helm glided gracefully to earth in the twilight at the close of the aviation meet at Belmont park yesterday evening with the Barograph registering a new world's record for altitude. The little machine of only 35 horse power had been up 9714 feet exceeding by 528 feet the height attained in France on October 1 by Henry W. Wynmalon of Holland.

But Johnstone's sky climbing feat was not the only notable incident of the closing day of the meet. Claude Graham White, the athletic Britisher who carried away the Gordon-Bennett trophy which takes the next international tournament to England, sharpened the sporting appetite with a challenge to John B. Moisant, of Chicago, for another race from the park around the Statue of Liberty in New York harbor and returning.

Moisant, who won $10,000 for his fast flight around the statue yesterday, ignored the challenge. Then Graham White, denied another chance for a visit to Miss Liberty, sent a thrill through the spectators when at the close of a short race with J. A. D. McCurdy of the Curtiss team, his propeller snapped, his monoplane dug into the ground in front of the grand stand, turned turtle and buried the aviator underneath. He was uninjured and won the race.

Moisant's winning of the $2000 distance prize offered by the Aero Club of America was the other big event of the day. He travelled approximately 87 1-2 miles in two hours. In landing after winning the event he smashed his propeller and broke his running wheel but escaped unscratched.

MONTREAL STADIUM GOES UP IN SMOKE

MONTREAL, Nov. 1—The Stadium, a large ice or roller skating rink, according to seasons, was destroyed by fire yesterday morning and so great was the heat from the inflammable structure that some 12 families were driven from their homes nearby in scanty attire into the chilly autumn air.

Manager Gauthier, who resided in the building had a narrow escape. The building was owned by a company and the loss is estimated at $60,000.

BURNS AFTER JOHNSON

CALGARY, Alta., Nov. 1—Tommy Burns gave an entertainment in the Auditorium last evening and had three two-round goes with local men. He says he is to have the next go with Jack Johnson, as the champion promised him another match when the fight in Australia was over.

INDIAN WINS.

HAMILTON, Ont., Nov. 1—For the first time in its history, The Hamilton Herald race of 15 miles, 168 yards, which was run yesterday was won two years in succession by the same man, Jimmie George, an Indian from Beaverton, who won the Ward Marathon at Toronto this fall. His time was 1 hr. 52 min. 52 sec., a little behind the record of 1:48:43 established in 1904 by Sammy Miller of Yonkers. Eddie Gotter of Toronto was second and Jack Near, also of Toronto, third; John D. Shine, of Minneapolis was fourth; W. A. Forsyth, of Moose Jaw, winner of The Winnipeg Teelgram race was fifth. Gotter's time was 1:51:21 and Near's time 1:51:36.

ATTELL CLAIMS JOHNSON DOUBLE-CROSSED JEFF

Featherweight Champion Starts Ugly Scandal About Heavyweight Fiasco at Reno.

KANSAS CITY, Mo., Nov. 1—Abe Attell, featherweight champion who is here training for a fight with Kilbane, today started a scandal which brings the Jeffries-Johnson fight back to life. The king of the 122-pounders, who was in Jeff's corner during the big contest, declares that the former heavyweight fighter was "crossed" by the colored man.

According to Abe the big July 4 fight was fixed from the start for Jeff to win, only to have Johnson go back on his word. Attell today told this story.

"When I was called to Reno to second Jeffries I had already made up my mind to bet on Johnson," said Attell. "When I arrived in Reno I changed my mind because I found out that Jeffries was the 'caucus' nominee. At that time Jeff looked lively and cheerful enough to lick a regiment of Johnsons. Saturday morning before the fight something happened.

"I asked a few questions from everyone I met, and then I finally located the inside work. Here it is:

"Until two days before the fight Johnson had agreed to lay down to Jeff. Johnson found out that Little was around betting on Jeff and he sent word to Jeff that the "frame-up" was off and that the fight was going to be on the square. There were a number of busy meetings inside the next ten hours. He wasn't going to see George Little win any money and it was all off. Then Jeffries collapsed—no wonder; a championship in his pocket and have it picked."

THANKSGIVING DAY SPORTS AT WINNIPEG

WINNIPEG, Nov. 1—The five-mile road race yesterday proved a fast event, record being only about 40 sec. faster. The weather was cool and bright although a steady west wind made the going slightly harder.

Joe Koper, the Indian, of the Northend Athletic association was the winner for the second time in 26:38. E. Cook and W. Robertson, both of the same club, were strong second and third respectively.

TIGERS DEVOUR EDMONTON

CALGARY, Alta., Nov. 1—The Calgary Tigers played the Edmonton rugby players off their feet in the first quarter yesterday when they picked up a dozen points. At half time the score was 14 to 3 and the final 26 to 6. The game was clean and played under ideal weather conditions. In every department the home team showed better work.

The Western Canada college team also defeated the team from the Alberta university.

SHOOTING UNDER WAR CONDITIONS AT WINNIPEG

WINNIPEG, Nov. 1—A feature of growing interest at the annual field sports with military men is the Eaton cup, open to teams of twelve men and officers from any unit. This consists of a march from the city to Sturgeon creek, approximately seven miles and an advance upon a target which is exposed three times at varying ranges for thirty seconds during which time the teams pump lead into the targets as rapidly as possible without using magazines. Last year ten teams entered including some from outside points, the competition being won by a company of the Ninetieth Rifles from the heretofore invincible regulars.

This year the increase of the garrison was a noteworthy point, two new regiments, Highlanders and Grenadiers, entering seven and six teams respectively, the Ninetieth also having six. In all, 26 teams competed, none of which were from outside points. The Strathcona Horse again asserted their supremacy in things military and regained the prize they lost last year with 142 hits, a trifle less than 12 per man, while last year's victors, A company of the Ninetieth were second, with 134 hits a trifle more than 11 hits per man. The army medicals with 91 hits and the C. M. R. with 76 hits were next. A cold west wind blowing across the range numbed both contestants' fingers and interfered with accurate shooting as the shooting was necessarily rapid.

IRISH LEAGUE.

BELFAST, Ireland, Nov. 1—The following were the results of Saturday's Irish league games:

Cliftonville 1, Bohemians 0.
Glentoran 1, Belfast Celtics 2.
Shelbourne 1, Derry Celtics 0.
Distillery 0, Linfield 1.
Inter league—Scottish 3, Irish 1.

NATIONAL BILLIARD LEAGUE

CHICAGO, Ill., Nov. 1—The National Billiard league, promoted largely through the efforts of Johnny Kling, the Chicago National league baseball player, announces everything in readiness for the opening tonight of its winter tournament season. The cities in the league include New York, Chicago, Philadelphia, Boston, Kansas City, St. Louis, Pittsburg and Brooklyn. According to the present plans representative players of each city will play three games during the winter in each of the other seven cities of the league. The participants will be confined to amateur players. The season will continue until the first week of April.

RACING BEGINS AT JAMESTOWN

NORFOLK, Va., Nov. 1—The fall meeting of the Jamestown Jockey club opened today under highly satisfactory conditions. The meeting will continue 18 days and already promises to furnish some excellent sport.

SPORTING SPOTLIGHTS.

The curlers in the eastern and prairie provinces are already making preparations for the opening of the season.

Billy Nutt was knocked out by Jimmy Potts of Minneapolis at Saskatoon Friday night. It was a 9-round go and Potts exhibited some classy boxing.

Hugo Kelly's real name is Ugo Micheli and he was born in Florence, Italy. Like Jim Flynn and one or two others he has learnt that a good old Irish name goes better among ring followers than one of the musical cognomens of sunny Italy.

The baseball club owners in the two big leagues are quietly making preparations to fight the ball players who are organizing for a concerted move on the magnates when they meet in New York next December. The stars of the diamond maintain that they have stood by long enough watching the club owners accumulate large fortunes, while they who furnish the fuel, so to speak, must take the leavings. The leavings they refer to are their small stipends. There would not have been any trouble if the club owners had not barred the players from picking up extra money during the off season. Several barnstorming tours have been squelched by the magnates, who claim that, while the ball players are paid for only six months' work, they are the property of the clubs the year round and cannot indulge in baseball or anything that might cause injury that would impair their chances of playing baseball the following season.

Big game hunting is to the fore in the October issue of Rod and Gun in Canada, published by W. J. Taylor, Limited, Woodstock, Ont., and sportsmen intending to try their fortunes in the woods this season will find the number particularly attractive. Moose, deer, grizzlies, mountain lions and wolves are all told about and both stories and illustrations are bound to find responsive echoes with all hunters. In each case the experiences related are personal and therefore far more interesting than any imaginary tales. In addition to big game stories there are numerous attractive papers dealing with other phases of outdoor life and both the east and west of Canada receive attention in this way. A finely illustrated account of the Dominion trapshooting meet at Montreal is included. Canadian sportsmen may take up this issue, confident of finding within its pages something to interest them whatever may be their particular inclination in matters of sport. The variety of ground covered is remarkable and probably accounts for the continued and wide interest aroused by the magazine in the sporting advantages and possibilities of Canada.

Shiloh's Cure quickly stops coughs, cures colds, heals the throat and lungs. 25 cents.

SLOAN-DE KAY WEDDING.

NEW YORK, Nov. —Grace church was today the scene of the first of the fashionable November wedding, the bride being Miss Janet Craven de Kay, daughter of Mrs. Sidney de Kay, and the bridegroom William Simpson Sloan, who was for many years president of the Lackawanna railroad. Bishop Greer officiated at the ceremony, which was followed by an elaborate wedding breakfast and reception at the home of the bride's mother in West Ninth street.

NO INDIGESTION OR STOMACH DISORDER

Stops Food Fermentation and Relieves Gas, Heartburn and Dyspepsia in Five Minutes.

Why not get some now—this moment, and forever rid yourself of Stomach trouble and Indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of gas or eruptions of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and Dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapepsin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach misery is waiting for you as soon as you decide to take a little Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to become thoroughly cured this time.

Remember if your stomach feels out of order and uncomfortable now, you can get relief in five minutes.

Hoarseness in a child subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given at once or even after the croupy cough has appeared, it will prevent the attack. Contains no poison. Sold by all druggists and dealers.

The Man Who Wires Your House

for electricity places at your command a hundred comforts and conveniences.

TELL US TO SEND HIM

If you are inclined to delay just come and see how the wiring will enable you to do almost anything from curling milady's hair to doing all the spring housecleaning. That should decide you if you live in this age.

E. P. MANHART.

The Famous Rayo

Does Not Strain the Eyes

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.

The Rayo is designed to give the best light, and it does.

It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.

Once a Rayo User, Always One.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the

The Imperial Oil Company Limited.

Blue Ribbon Tea

THE GRAND PRIZE TEA

Its rich flavor is sure to be appreciated by your most particular guests.

Carefully sealed in airtight lead packets. Sold by all good grocers.

To Consumers of Coal and Wood

The undersigned beg to notify the public that:

On after the 1st November, 1910 orders for coal and wood will only be executed when accompanied by CASH. This course has been rendered imperative owing to the fact that freight rates have been increased and that we pay in advance for all fuel (including freight.) We find that we must either adopt the Cash System or Raise the price of fuel—the latter course we are reluctant to pursue. Cash must be deposited in the office before the orders will be filled.

Thanking our patrons for past favors and trusting for continuance of friendly relations. We are yours obediently,

Kootenay Ice & Fuel Co.
West Transfer Co.

WEDNESDAY, NOVEMBER 2

OTHER CHICKEN COME HOME.

The by-election this week in Drum-nd-Arthabaska is of interest partly a test of the strength of the urassa faction in the province of ebec, and partly as another instance the effect of the tactics employed in 96 to obtain power.

During Sir Wilfrid's recent visit to prairie he was reminded of the iff doctrine he preached there in days when he was in opposition. ose who accepted his teaching in od faith then and believed in it are w bitterly dissatisfied because he s not carried out the impossible licy he promised to put in force. milarly in Quebec language was used obtain votes in advocacy of a policy ich is contradicted by the naval licy actually followed. Those who re convinced by him then are now satisfied because he has not acted accord with the doctrine he taught em. They took their apostle ser-usly.

As the extreme Liberals of the st,—the Joe Martins and the R. L. chardsons,—attack Laurier because has not in his tariff policy been dif-rent enough from the Conservatives, the extreme Liberals of Quebec,— Bourassas and the Lavergnes,—at-k him because he has not departed enough from the Conservative pol-y in imperial matters. In both cases Wilfrid's former words are em-oyed against him. For instance, Mr. urassa says:

Mothers, you count on your son to make you happy in your old age; you expect him to protect you, but you are mistaken. The law passed by the Laurier govern-ment in 1910 robs you of your children. In twenty years, per-haps, your children may be mor-tally wounded on a warship be-cause you have been too Rouge to vote against Laurier.

Another "Nationalist" warns his arers that officers may come to eir homes and take away their sons be drafted into some English war in strria or Russia. In 1896 exactly the me sort of thing was said in the me province in support of Laurier d against Sir Charles Tupper then e Conservative premier. L'Electeur, instance, said:

Old Tupper has an arrangement with Chamberlain under which we are to take part in the wars of the Empire. Some day the British of-ficer will visit you, and take the son from his mother, the husband from his wife, the young man from his betrothed, and all will be sent to Africa or to India to whiten the plains with their bones.

And again:

One of Old Tupper's whims is Imperial Federation, which signi-fies an intimate alliance between England and her colonies, espe-cially Canada.

One of the conditions of this al-liance would be that in time of war Canada would be called upon to pay its share in money and men.

In return England will create these droll baronets, knights of this and commanders of that.

But the people will remain food for the cannon.

Why all these armaments if we are not to have war? Why fight for England?

If you vote for the Bleu candi-date you approve of these prepara-tions for war.

Vote for Laurier and his candi-dates if you wish to see your coun-try enjoy tranquility, and not ex-pose yourselves to have to leave one of these fine mornings for distant shores, leaving behind your wives, your children and all that is dear to you.

The Old Folks

find advancing years bring an increasing tendency to constipation. The corrective they need is

"NA-DRU-CO" Laxatives

Entirely different from common laxatives. Pleasant to take, mild and painless. A tablet (or less) at bed-time regulates the bowels perfectly. Increasing doses never needed. Compounded, like all the 125 NA-DRU-CO preparations, by expert chemists. Money back if not satisfactory.
25c. a box. If your druggist has not yet stocked them, send 25c. and we will mail them.

A NEW C. P. R. BOAT.

The news that the C. P. R. will probably construct at Fairview a large new boat to run on the lake is gratifying both in itself and in its significance.

The construction of the vessel will mean the expenditure of a large sum of money in this vicinity; and its operation will augment in welcome manner the facilities afforded for lake transportation.

More than that it is an evidence of the satisfactory state of business and of its substantial growth. It is an evidence of the enterprise of the C. P. R., of its belief in the growth of this territory, and of the intention of that powerful organization to assist in that growth.

The country has reason for rejoicing in the prosperity of the C. P. R. when the company employs the means thus placed in its possession in a manner that would be out of the question for a company in less easy financial circumstances, and that is of great importance to the business of the country and to its general industrial progress.

MOUNTAIN COLORS.

Two months ago the vast mountain slopes were deep in a hundred shades of summer's green. Since then they have been panoramas of Indian summer hues, reds and yellows in profusion over immense expanses mixing with the darker firs. Now they are taking on the brown and purple of later autumn. Even without their changing wealth of color the landscapes all around the city would be picturesque in a high degree. Their outlines alone are all that can be shown by the camera, and the number of amateur photographers in the city who use their instruments to record views of parts of these outlines here and there is a silent tribute to their attractiveness. If only the colors, too, could be given!

EDITORIAL NOTE.

That the government candidate in Drummond-Arthabasca will be elected there can hardly be any doubt. A government at a by-election in Quebec which it really determines to carry has usually been irresistible. The question that is interesting is how large a minority there will be. If the minority is large in spite of all the efforts of the government the result will be as significant almost as a majority in any other province.

TEN YEARS AGO

Extracts From The Nelson Daily Tribune of Nov. 1, 1900

The transfer of the Royston group of claims on Morning mountain by the owner, J. L. Stamford and others has been completed and local parties have incorporated a company with a capital of $1,000,000 to operate the property.

Two local crews will meet on the lake Saturday afternoon for a friendly race. They will be formed as follows: Ford, stroke; Chambers, third; Hall, second, and Jorand, bow; Winter, stroke; Thompson, third; Bevan, second, and Curtis, bow.

F. A. Brewer of Carbonate street, leaves for Chicago this morning, intending to be absent couple of weeks.

LAST RUSH OF VOTERS WAS HEAVY

All Records Smashed at City Hall Yesterday—Over One Hundred Citizens Qualified

All records for the number of citizens registering for the municipal elections were smashed yesterday when City Clerk W. E. Wasson received no less than 108 declarations up to 5 p.m. when the city offices closed for the day. It had been anticipated that there would be a last minute rush of citizens who had omitted to register during the month of October but that it would be so unusually heavy was beyond all calculaions.

The total for the 27 days during which registrations were received at the municipal offices was 753, approximately 300 more than last year. Mr. Wasson made arrangements to receive declarations at his residence on Mill street up to 12 o'clock last night and a number of citizens took advantage of this offer, bringing the sum total up to about 775.

Those who qualified yesterday were: Samuel Kennedy, George Leece, H. L. Etter, Sarah Isabel Etter, R. G. Tetreau, Catherine Thomena Cryderman, Thomas McAstocker, R. H. Keefe, Albert Wigg, A. E. Mason, Alfred Bartholomew, David Small, Evan Hannah, W. J. Rhead, W. J. Miles, James Robertson, F. G. Stringer, John Shanks, F. A. Starkey, Donald McVicar, R. J. Winter, G. H. Davis, Wales Taylor, D. J. McAskill, Finlay McLeod; Aleck McInnes, Murdo McLeod, W J. Sturgeon, Louis Mondon, Eric Strand, Robert Lake, Frank Stewart, E. H. Wilkinson. E. P. Manhart, A. H. White, Bann McAskell, Robert Wright, John McInnes, John Kenney, John E. Hughes, J. J. McLeod, Harry Stevens, John Dawson, H. W. Falconer, W. J. Campbell, Archibald McDonald, John Campbell, Mark Elsdon, H. G. Neelands, G. A. Willey, J. H. Scoley, Charles Jeffs, F. A. Kellogg, S F. Brown, Archie Griffin, G. Thompson, E. E. Gallagher, Roderick Dewar, I. H. Larmer, Stephen Blaylock, James O'Donnell, I. N. King, H. S. Matheson, Ole Carlson, Henry Pisafia, Angelo Merlo, T. G. Prettie, R. S. Brerton, H. H. Ross, David Miller, A. E. Cornish, D T. Clapp, Noble Key, James Hurdle, T. W. Lane, William Hanerahan, Harry Rowley, A. H. Kelly, Thos. Needham, Haliburton Crosby, Charles Maltby, W. T. Choate, W. J. Murphy, Harry Cain, William Nelson, W. C. Arthurs, W. C. Hardie, F. R. Patrick, Ernest Jellcott, J. T. Thompson, J. G. Gordon, P N. Bourdages, Thomas Dunbar W. Calbick, A. C. Towner, H. W. Robertson, Alexander McCauley, H. A. Stewart, F. L. Boyd, John McIntosh, Robert Bell, Annie Simpson, G N. Gilchrist, H. L. Lindsay, George Lamont, George Minerik, Peter Moar, Edwin Stewart.

FINAL PAYMENT MADE ON QUEEN

(Continued from Page One.)

we will then operate hoist, pump and 10 drills. We will require all the air we will be able to manufacture and while I do not say we will cease to supply the Mother Lode with air immediately on the termination of our agreement with them about the middle of this month, the accelerated development of our property will very speedily make demands which we will have to recognize.

"Further than the extension to plant, and the extension of development work I have mentioned, I am not able to go at present. All know that the Queen ore is about 60 per cent free milling, that is to say, that percentage is caught on the plates, and except for the small amount lost in the tailings, the rest is recovered by the smelter. If later on, an addition to the present mill, or a new mill of larger city, is required, there is no doubt it will be forthcoming, and a cyanide plant, to recover from the tailings, is another probability of the future."

American Capital.

The transfer of the Queen is especially significant in that the purchasing company is financed purely by American capital. In another direction it is almost equally interesting, as marking the retirement for the time being from Sheep creek of Mr. Waldie, who, by staying with the Queen through thick and thin in the earlier years, proved the value of that property, and made it and the camp known to fame.

The record of the Queen is one of the facts upon which the fame of the camp is built, for depth has improved the values and at present a great ore shoot, hundreds of feet long, and from 8 to 26 feet wide, is being developed on the east side of Wolf creek, across from the old workings, at a depth of 300 feet.

SOCIETY WOMEN FIGHT WITH POLICE

(Continued from Page One.)

in this city, the wagon employes of several big department stores joined in the movement. The leaders tonight made the threat that unless the trouble is speedily adjusted they will call out 30,000 drivers of all classes of vehicles. They say more than 10,000 men already are involved in the demands for recognition of the union, better hours and shorter hours.

More Rioting.

There was rioting in many parts of Jersey City and in Manhattan today. For the most part, however, the outbreaks were quickly quelled by the police. Arrests were made in nearly every instance and the arraignment of prisoners called forth the statement that more severe penalties will be dealt out in the future to rioters.

ELECTIONS ORDERLY

HAVANA, Nov. 1—General elections for the house of representatives, the senate and provincial and municipal offices were held in Cuba today. When the polls closed tonight all parts of the country reported that the elections had been exceedingly orderly.

There is generally a cold spot in every home—it may be a room or passage which the heat from the furnace or stove does not reach.

To place another coal stove with all its accompanying nuisances is out of the question; where and what is the remedy? Has it ever occurred to you that the temperature of that cold spot can be immediately raised by the use of a small gas heater. No dirt, no trouble, one match and a scratch and behold comfort reigns supreme.

Just think it over and then tell your trouble to the gas man.

Nelson Board of Trade

The adjourned general meeting of all those interested in the publicity question will be held in the Board of Trade rooms on Wednesday, 2nd inst., at 8 p. m.

By Order,

E. K. BEESTON,
Secretary.

RELIEVE **Neuralgia**

"I have awful spells of Neuralgia and have doctored a great deal without getting much benefit. For the last two years I have been taking Dr. Miles' Anti-Pain Pills and they always relieve me. I have been so bad with Neuralgia that I sometimes thought I would go crazy. Sometimes it is necessary to take two of them, but never more, and they are sure to relieve me." MRS. FERRIER, 2434 Lynn St., Lincoln, Neb.

Price 25c at your druggist. He should supply you. If he does not, send price to us, we forward prepaid. DR. MILES MEDICAL CO., Toronto.

HIGH PRICES NOT DUE TO REPUBLICANS

Theodore Roosevelt Speaks in Buffalo in Favor of Republican Candidate for Governor

BUFFALO, N.Y., Nov. 1—In a campaign speech here tonight, Col. Roosevelt said that the Republican party is not responsible for the high cost of living.

"The causes of high prices in the main are international," he said. "If the people of New York state wish to have the state administration do what it can to change conditions which made prices high they should elect the Republican ticket." Col. Roosevelt said that in some instances trusts have forced up prices and he pointed to the record of Henry L. Stimson, Republican candidate for governor, as a prosecutor of corporations which had violated the law as proof that if elected, he would do all the governor of a state could do to prevent artificial inflation of values.

Minard's Liniment Cures Diphtheria.

Minard's Liniment Co., Ltd.
Gentlemen,—In July, 1906, I was thrown from a road machine, injuring my hip and back badly and was obliged to use a crutch for 14 months. In Sept., 1906, Mr. Wm. Outridge of Lachute urged me to try MINARD'S LINIMENT, which I did with the most satisfactory results and today I am as well as ever in my life.
Yours sincerely,
his
MATTHEW x BAINES.

MASQUERADE BALL AT PROCTOR

Old Timers Will Have Banquet Next Month—Canners Complete Operations for the Season

(Special to The Daily News.)

PROCTOR, B.C., Nov. 1—The first ball of the season was held here at the Proctor hall last Monday night, being in the form of a masquerade. Eighty-five people were present and it was held under the auspices of the Ladies' Auxiliary. Dancing commenced at 8 p.m. and was kept up and enjoyed until 1:30 a.m. Almost every nation was represented and comic costumes were worn. Supper was served at 10:30 to the strains of the Proctor orchestra.

During the evening prizes were awarded to the most picturesque costumes by Mrs. T. P. Devlin and the successful contentants were cheered to the echo. Dr. Devlin in the role of an Edinboro "Don," acted as master of ceremonies.

Prizes were awarded as follows: 1st, Mrs. F. J. Sammons, squaw; 2nd, Miss James, as a Japanese girl; 3rd, Miss Mellish, as "Folly.; 1st gentlemen, Frank Seal, Siwash; 1st, gentleman, comic, Andrew Gallup, "A Brewer." The proceedings were brought to a close with the singing of "Auld Lang Syne," "God Save the King," and "The Maple Leaf," and a hearty vote of thanks to Thomas Williams for the use of the hall.

Mr. Leslie A. W. Pepperdene has been visiting old acquaintances at Proctor.

Mr. and Mrs. James Galbraith, accompanied by Miss Smeddle leave this morning for Cranbrook on a short visit.

Mrs. H. Bookham is leaving shortly for a visit to the old country.

Messrs. Rolfe and A. Court are about to build a fine residence on the lake front.

Sidney Blakemore's residense is nearing completion.

Old Timers' Banquet

The old timers of this town expect to spend a pleasant evening at the Outlet hotel some time during the month of December when a banquet will be served for about 40 guests.

The Procter cannery has now completed operations for the year but will continue shipping throughout the winter. Reports to date are very favorable.

The bees in this particular colony are about prepared for the winter. The supply of honey although not extra abundant is good.

Dr. Arthur Major who has been at Victoria is expected back here this week.

CRESTON CONSIDERS INCORPORATION

At Public Meeting Opinion is Divided—Chairman Appoints Committee to Investigate.

(Special to The Daily News.)

CRESTON, B. C., Nov. 1.—A meeting of ratepayers was held last Saturday evening in the Mercantile hall to consider the matter of incorporating this district into a municipality. Walter V. Jackson was appointed chairman.

The speakers in favor of the incorporation were T. M. Edmondson, A. Lindley and W. Gobbitt, while James Compton, C. O. Rogers and R. S. Beven were against the movement. After speaking briefly on the subject A. Lindley made a motion that the meeting appoint a committee to thoroughly investigate into the advisability of incorporating into a municipality; this resolution was seconded, but before being put R. S. Beven moved an amendment to the effect that the matter of incorporation should be dropped. The amendment upon being put first carried, whereupon the crowd began to disperse. At this juncture Walter V. Jackson, chairman, called the meeting to order and stated that as a number of the people who had voted on Mr. Beven's amendment were not actual ratepayers he would declare the amendment lost and he as chairman would take the responsibility of appointing a committee consisting of Messrs. W. H. Crawford, T. M. Edmondson, Dave Learmouth and himself who should look thoroughly into this whole matter of incorporation and report back to a mass meeting of ratepayers to be held a month hence.

The chairman's action in this matter has created quite a sensation here and his supporters say that if this committee shall report favorably they will push the matter of incorporation to a finish while those who are opposed to the incorporation are just as firm in their intention to kill the movement.

ANOTHER RANCH IS SOLD AT THRUMS

Vancouver Purchaser Pays Twenty-one Hundred Dollars—New Store Now Completed.

(Special to The Daily News.)

THRUMS, B. C., Nov. 1—Joe Demichel is laid up with rheumatism for the past two weeks.

Mr. Birman has the new store completed and has moved the hardware and dry goods out of the general store.

Dan Hellman sold his ranch here to a party from Vancouver today for $2100.

Miss Helen Hellman left here for Nelson yesterday to attend school.

The apple crop is now taken care of, also most of the potatoes are dug. It has been a fine fall for taking in the crop.

G. E. Birman sold a seven-months' old pig that weighed 231 pounds to A. W. Lester of Crescent Valley.

THREE ARE BROUGHT IN FROM FERNIE

Jail Breaker Comes to Serve Two Periods of Six Months Each—Thief Gets One Year

The total number of prisoners at the provincial jail was augmented by four on Monday night when Provincial Constable Lacey brought in James Crandell, sentenced by his honor Judge Wilson at Fernie to one years imprisonment for theft; James O'Connor sentenced to six months by Police Magistrate W. H. Whimster of Fernie for theft and to a further six month by Mr. Justice Clement for breaking jail; and Cora Taylor, sentenced by Police Magistrate W. H. Whimster of Fernie to two months on a vagrancy charge. The fourth was Peter McLean who was placed in safe keeping by Provincial Constable J. D. Wightman on a charge of drunkenness, but was given another chance to reform yesterday afternoon in the provincial police court by Stipendiary Magistrate W. H. Bullock-Webster.

Provincial Constable Leacey assisted Provincial Constables McCuish and Bulger as far as Nelson in taking charge of Enrico Franceschelli, sentenced to 20 years in the penitentiary at New Westminster at the recent assizes at Fernie and Fred Monroe, the Moyie hold up man who is under sentence of seven years, inflicted by his honor Judge Wilson.

CHINAMAN'S CONVICTION IS QUASHED BY COURT

EDMONTON, Alta., Nov. 1—Chinatown is jubilant today, for in the district court this morning his honor, Judge Taylor gave a judgment quashing a conviction in the police court of Charlie Lang for being an inmate of a gambling house on the ground of not sufficient evidence to substantiate the charge. On this decision of the appeal of Lang from police court conviction rests the cash and character of 26 other sons of the Celestial empire who were arrested by a police raid on a shop on Namayo avenue on the night of Saturday, Sept. 17. Each was fined $20 and costs by the police magistrate.

Minard's Liniment Cures Distemper.

THANKSGIVING DAY IS OBSERVED AT COLEMAN

Coleman Defeats Bellevue in Semi-Final of Football Cup—Final at Fernie

(Special to The Daily News.)

COLEMAN, Alta, Nov. 1—Coleman was en fete yesterday. All places of business were flying flags and bunting. There was a parade of the school children in the afternoon, headed by the band. The semi-final for the football cup was played in the park between Bellevue and Coleman, resulting after a well fought game and extra time in favor of the home team 1-0 Coleman will play the final with Cranbrook at Fernie or Michel on Saturday, Nov. 12.

The concert and dance was well attended. Dr. Shearer, Mayor Cameron and the mayor of Frank addressed the audience.

The Roman Catholic population feel aggrieved over Thanksgiving day being fixed on a fast day but no doubt this oversight will be remedied next year.

A gang of men have started work on the track here and are preparing to improve the station.

Minard's Liniment Cures Garget in Cows.

The Greatest Picture of Human Happiness

DARBY AND JOAN (Dendy Sadler)

Darby, dear, we are old and gray,
Fifty years since our wedding day.
Shadow and sun for every one
As the years roll on.
Darby, dear, when the world went wry,
Hard and sorrowful then was I;
Ah, lad! how you cheered me then.
"Things will be better, sweet wife, again!"
Always the same, Darby, my own,
Always the same to your old wife Joan.

Darby dear, but my heart was wild
When we buried our baby child,
Until you whispered: "Heaven knows best."
And my heart found rest.
Darby, dear, 'twas your loving hand
Showed the way to the better land;
Ah, lad, as you kissed each tear
Life grew better and heaven more near.
Always the same, Darby, my own,
Always the same to your old wife Joan.

Hand in hand when our life was May,
Hand in hand when our hair is gray.
Shadow and sun for every one
As the years roll on;
Hand in hand when the long night tide
Gently covers us side by side.
Ah! lad, though we know not when,
Love will be with us forever then.
Always the same, Darby, my own,
Always the same to your old wife Joan.

Dendy Sadler's great picture, Fred Weatherly's touching song, each tells its own story. With the poem in mind, the picture realizes the description "The World's Greatest Picture of Domestic Happiness."

"Darby and Joan" is the first of a series of "the world's greatest pictures" in photogravure, which The Daily News has been fortunate enough to secure for the benefit of its readers. They are 22 by 28 inches in size, superbly reproduced, a quality of picture selling in art shops at from $2 to $5.

Daily News readers may secure a copy of "Darby and Joan" for 10 cents and a coupon from each day's issue of the paper during the week ending Nov. 6. Fifteen cents must acompany the coupons if the picture is to be mailed. Exchanges may be made at publication office, Baker street, Nelson, B.C., where the picture is on view.

Baker Street Buys

Investigate these. You will make some money. You will never buy cheaper in Nelson.

McQuarrie & Robertson
419 WARD ST. NELSON, B.C.

Spend $70,000 on Sidewalks

This is what the bylaw carried by the ratepayers of Burnaby for the purpose of building sidewalks calls for. Surely this is enough indication that the municipality is going ahead at a tremendous rate. This is what the Vancouver Province says:

ENLARGING MILL YARDS

Canadian Western Lumber Company Has Large Stock on Hand

NEW WESTMINSTER, Oct. 17.—The yards of the Canadian Western Lumber Company's mills at Fraser Mills are being enlarged to accommodate the immense amount of lumber of all kinds the company has on hand. The export demand for lumber has been so small for the past three months that the company has shipped but very little.

In all about $800,000 worth of lumber is stored in the yards, the immense capital back of the company making it possible to carry this large quantity. The fact that American lumbermen can undersell Canadians in the Northwest market is said to be responsible for the prevailing low price of lumber.

The company is experiencing no difficulty in getting logs and about 22,000,000 feet of them are now at the mills ready to be sawed. Approximately 40,000,000 feet of lumber is stored in the yards.

SIDEWALKS FOR BURNABY

Ratepayers Authorize Seventy Thousand Dollar Loan

NEW WESTMINSTER, Oct. 17.—The bylaw voted on by ratepayers of Burnaby on Saturday authorizing the raising of $70,000 for building sidewalks throughout the municipality was passed by a large majority. The vote was a light one, it being the general impression that the bylaw would pass by an overwhelming majority.

Work on the new sidewalks will proceed immediately. The intention is to divide the money as follows: Ward 1, $3683; ward 2, $10,217.50; ward 3, $14,799; ward 4, $7065; ward 5, $5280; ward 6, $13,983. The remainder of the money will be used for incidental expenses and additional sidewalks.

A special meeting of the Burnaby council will be held on *Tuesday when tenders for the necessary material* will be called. It is the purpose to call for separate tenders for the construction and in the event of these being too high work will be done by day labor.

When a city goes ahead at this rate property is bound to advance rapidly in price and the man who gets in on the ground floor always comes out away ahead. **GET IN NOW.**

We have a choice subdivision situated on 3rd avenue, Burnaby adjoining the city limits of New Westminster just four blocks from 8th avenue, referred to above and overlooking the Fraser Mills Lumber company's plant, the B.C. Distillery and the new C.N. terminals on the Fraser river. The property is directly between the Vancouver-New Westminster interurban and the Vancouver-Sapperton interurban lines, and is just four blocks from the New Westminster car line. The property is all cleared, lots are 50x160 feet and each lot has from nine to twelve bearing fruit trees thereon. They are situated on a graded street which is the most populous one in East Burnaby. We can conscientiously recommend the lots as a good sound investment, sure to make you money, and in the very near future.

Prices $500 to $650. Terms $25 cash; balance 3, 6, 9, 12 and 18 months

Call at our office and let us show you.

Your prompt action will secure you the choicest of the unsold lots only 22 available. Cut out and mail today to the Western Canada Investment Co., Nelson, B. C.

Please find enclosed $.....first payment on lot.....in VANMINSTER Subdivision, situated on 3rd avenue, Burnaby district. It is understood that you will select for me the best unsold lot and if found upon inspection to be other than represented, any amount paid on same to be promptly refunded.

TAFT TO GET FINE TURKEY

WESTERLY, R. I., Nov. 1—Horace Vose of this place, who has furnished *holiday turkeys for the* White House since the days of President Grant, is already on the lookout for the best bird reared in *this section of New* England to grace the Thanksgiving table of President Taft.

IOWA MOTHERS' CONGRESS

DES MOINES, Ia., Nov. 1—A large attendance marked the opening of the fifth biennial meeting of the Iowa Congress of Mothers in the Unitarian church here today. Many prominent speakers will be heard at the several sessions, which will last three days.

SOUTH DAKOTA PEDAGOGUES

HURON, S. D., Nov. 1—Nearly 1000 school teachers are attending the 28th annual meeting of the South Dakota Educational association, which met in this city today for a three-day session. The principal feature of the opening session was an address by Prof. A. A. McDonald of Sioux Falls.

ST. ANDREWS LOCKS COMPLETE FIRST SEASON

WINNIPEG, Nov. 1—St. Andrews locks are finally closed for the season and six of the dam curtains have been raised and the river reduced to its old time low water level. One hundred and eighty-one vessels passed the locks since the beginning of July when the locks first opened.

A LUXURIANT GROWTH OF HAIR

Does Not Follow Neglect of the Scalp.

Aside from combing it when they think necessary many people give no attention whatever to their hair. Then when the hair begins to fail out *it never occurs* to them that their trouble is the result of personal carelessness.

An occasional application of Newbro's Herpicide will not only prevent loss of hair but permits a luxuriant growth.

Herpicide kills the germ that causes dandruff and to this germ most hair losses are attributable. It keeps the scalp clean and free from dirt, allowing the hair to grow unhampered by accumulation of dandruff.

Newbro's Herpicide is sold by all druggists and its manufacturers have such confidence in its germ destroying power that they authorize all druggists to guarantee the one dollar size bottles to do as claimed or money refunded.

Applications may be obtained at good *barber shops.*

Send 10c in postage for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich. The Poole Drug Co., Ltd., *Special Agents.*

NOTICE OF APPLICATION FOR RENEWAL OF LIQUOR LICENSE

Notice is hereby given that, on the first *day of December* next, application will be made to the Superintendent of Provincial Police for renewal of the hotel license to sell liquor by retail in the hotel known as the *Grove Hotel, situate at Fairview,* in the electoral district of Ymir, in the Province of British Columbia.

Dated this 17th day of October, 1910.

NELSON NEWS OF THE DAY

(Additional local news notes on page 8.)

The trapping season opened *yesterday.*

A special meeting of the United Brotherhood of Carpenters will be held tonight.

The ladies of the I. O. F. guard will meet this afternoon at 3 o'clock at Eagle hall.

James H. Wightman, provincial constable, has moved from Victoria street to the Hall block.

Angus Sutherland, provincial boiler inspector for this district, returned to the city on Monday night from the East Kootenay.

The Charity organization this month is represented by Mrs. Sturgeon and Mrs. Rose, to whom all deserving cases should be reported.

Patrol leaders of Nelson Troop, Baden-Powell Boy Scouts, will meet tonight in the club room at 7 o'clock to discuss plan of field day on Saturday.

The Ladies of the Maccabees meet to-*night in the K. C. hall at 7:30 o'clock* sharp. Officers and members are requested to be present.

Peter McLean, familiarly known as "Kruger," went out to Slocan Junction on Monday, and that night was brought back to the city by James H. Wightman, provincial constable, on a charge of being drunk and disorderly. He was tried before W. H. Bullock-Webster yesterday morning and given one more chance.

His honor, Judge Forin, left last night for Victoria, where he will meet on the coming Friday R. F. Green and the other commissioners of the arbitration board on the Midway & Vernon claims. He does not expect to return to Nelson before next Monday. The next sitting in chambers will be held the day after his return.

The kindergarten class promoted by Rev. J. P. Westman, pastor of Trinity church, meets for the first time this *morning* at 9:30 o'clock, in one of the class-rooms of the church, under the conduct of Mrs. Virginia T. Green. Parents are invited to come with their little ones on the opening morning. The class-room is reached by the rear door on Josephine street.

It has been thought by a few musicians in the city that a good male voice choir, also a mixed choir, could be formed. Will the ladies and gentlemen interested in such communicate with P. O. Box 721.

Royal Hotel, here's your home for the winter. Best board in the city. 106

Bulbs for fall planting, both for the garden and house, have now arrived at the Hudson's Bay Stores. They are direct from one of the very best firms in *Holland. See advt.*

MISSISSIPPI FARMERS IN SESSION

JACKSON, Miss., Nov. 1—The Mississippi division of the Farmers' Educational and Co-operative Union of America began its sixth annual convention at the capitol today with a large and representative attendance. Among those taking part are prominent officers and members of the organization from Georgia, Texas, Tennessee, Alabama, Virginia and several other states.

MILITARY SURGEONS' MEETING

RICHMOND, Va., Nov. 1—Soldiers and sailors' ills and wounds will be discussed by distinguished army surgeons from many parts of the United States and Canada at the annual meeting of the Association of Military Surgeons of the United States, which assembled in this city today for a session of four days.

Minard's Liniment Cures Garget in Cows.

HOUSEHOLD NOTES

To draw threads easily in articles for *hemstitching, first soap the goods* where threads are to be drawn. Make a lather and apply with a shaving brush. When the linen is dry the threads will pull out easily. Don't stitch skirt seams all in one direction; the bias side should be held under the straight edge, which means that the seams of half the skirt should be stitched from top to bottom and the other *half from bottom to top.*

A beautiful quilt for the mahogany bed is made in the rose design, full-blown roses with green leaves and buds being appliqued on large blocks of linen. These blocks are put together with bands of one of the rose shades.

To prevent possible accidents from the chafing dish, wring a towel from water *and lay just outside the feet of the dish.* With this, any sudden flaming up can be readily extinguished.

To keep a skirt placket from tearing out at the bottom sew on a hook and eye at the extreme end of the placket, fasten and then crush flat. This is a simple, but very useful thing to know, as it saves many a stitch.

Bags to protect *light dresses* are a help to people who live in smoky, dusty cities. Make them of calico as long as the garment and run a tape in the top. Slip the gown on a hamper and put it in the bag, draw the tape and hang up.

Often in new homes plaster will be found on floors. Labor can be saved if before scrubbing the floor is rubbed over with vinegar. This will remove stains at once where it would take several scrubbings of water to remove same.

Many people are troubled by having the starch stick to the flatirons. Boil the starch well, then stir it a minute with an ordinary paraffin candle. Use the starch while it is still warm. The paraffin keeps the starch from sticking.

FASHIONS AND FADS

Full-length gowns for the boudoir are nearly all made in the classic princess form, with wide effect at the waist, but with few, if any, gathers at the top.

Overblouses, whether of chiffon, net or tulle, continue in favor. A single overblouse may be worn with several different slips, quite transforming each.

Jabots of the Maderia eyelet work are unusually attractive. Frills for the fancy blouse made of this handwork gave an air to one's costume quite to be desired.

The high black boots with the latticework design, extending from the low vamp to the top, and heavily beaded in jet, are among the most effective dress shoes.

Corded silks, moires and satins are the leaders among the materials for tailored costumes.

THIS DATE IN HISTORY

November 2.

1775—St. John, N. B., *captured by an* American force under General Montgomery.

1783—Washington issued from his headquarters near Princeton his farewell address to the American armies.

1833—First company organized in the United States to import and breed cattle.

1837—Lord Farrer Herschell, celebrated English statesman, born. Died March 1, 1899.

1863—General Bangs landed his army in Texas and two days later took possession of Brownsville.

1885—The Canadian Pacific railway line opened between Montreal and Winnipeg.

1887—Jenny Lind, famous singer, died. Born October 21, 1821.

1889—North and South Dakota admitted to the Union.

1891.—Redfield Proctor appointed United *States senator from* Vermont.

1909—The sentences of the American Federation of Labor leaders for contempt of court were affirmed by the District of Columbia court of appeals.

MANY PARTIES CFONTEST CUBAN ELECTIONS

First to be Held Under President Gomez—Attempt to Prevent Fraud and Dishonesty.

WASHINGTON, D. C., Nov. 1.—Official Washington is considerably interested in the results of today's election in Cuba, the first to be held under the administration of President Gomez and the second to be held by a Cuban government without the influence of American control. *In addition to half the members* of the lower house of the national legislature municipal officers in all cities and towns are to be elected.

The victory of one or another of the numerous political parties which have tickets in the field is not looked upon here as of so much importance as the effect that the election may have upon the fu*ture tranquility of the country.* When the campaign opened last summer, there existed a general feeling of despondency in regard to the prospect of a peaceful election, and this feeling was intensified as the campaign progressed by the continuation of the schism between the Miguelistas and Zayista factions of the Liberal party, and the frequency with *which political meetings* broke up amid fierce fighting. Recently, however, reports from the island indicated a subsidence of excitement, and apparently a disposition of the warring factions to get together.

The first Cuban election, that of 1904, at which President Estrada Palma was elected for a second term, was confessedly *carried by fraud, which fact led directly* to the revolution of August, 1906, the overthrow of the Palma administration and the second American intervention, which continued under the governor-generalship of Charles E. Magoon until General Jose Miguel Gomes, who had been elected president at the election held in 1908, under the direct supervision of the American officials, was inaugurated *president of* the restored republic a year ago last January. That election was conducted peaceably and without fraud.

The contest at the polls today will show whether the administration of President Gomes is competent to guarantee the people of Cuba a similarly unimpeachable election. There is no doubt, according to *advices received here, that President Go*mes has been putting forth every effort to prevent fraud and disorder. The situation, however, is complicated by the large number of political parties, which has led to bitter factional animosities. In Havana alone there are no less than five parties in the field. In addition to the Miguelistas and the Zayistas there is a *negro party, a labor party* and an independent liberal party. Then there are the Young Cubans, modeled, so its leaders say, on the young Turkey party, and still another faction, which might be termed the anti-American party, which has for its object the elimination of the hated Platt amendment from the Cuban constitution.

LORD KITCHENER ACTS AS BEST MAN

LONDON, Nov. 1.—London was much *interested today in the wedding of Gen*eral Sir Archibald Hunter and Mary, Lady Inverclyde, which took place in St. George's, Hanover square, in the presence of a large and fashionable assemblage. Public interest in the marriage was not due so much to the fame of the bridegroom or the wealth and social prominence of the bride as to the fact that Lord Kitchener *attended his old comrade-in-*arms as best man. The hero of Khartoum is renowned throughout the United Kingdom as a confirmed bachelor, even a woman-hater, and it is probable that never before did he approach so near the matrimonial altar.

The wedding ceremony was performed by the Archbishop of York, assisted by the Bishop of Ripon, and *Prebendary An*derson, the rector of St. George's. Following the ceremony there was a reception at the home of the bride in upper Grosvenor street. The bride is the widow of Lord Inverclyde, who was chairman of the Cunard Steamship company. General Sir Archibald Hunter is one of the most famous commanders in the British army and was a particular *favorite of* the late king.

DEAN OF EUROPEAN RULERS.

MUNICH, Nov. 1.—At Berchtesgaden today Prince Regent Luitpold of Bavaria, the oldest of European rulers in point of years, celebrated the *seventy-first anni*versary of his appointment as lieutenant of artillery. Next March the prince will be 90 years old. He is in excellent health and appears much younger than he really is. He has successfully managed the affairs of the country since 1886, in which year he was appointed regent for his nephew, the mad King Otto, who has since been confined in *his palace under* the constant watch of attendants.

JAPANESE WELCOME CRUISERS.

HONOLULU, Nov. 1—In eager expectancy the Japanese colony is awaiting the arrival in port tomorrow of the cruisers Asama and Kasagi of the Japanese fleet. Elaborate entertainment is being prepared for the officers and men. From Honolulu the two cruisers will proceed to San Francisco.

DUKE OF CONNAUGHT REVIEWS TROOPS

CAPE TOWN, Nov. 1—The Duke of Connaught, who is here for the opening of the first parliament of the South African Union, this afternoon reviewed a large body of South African troops at Green Point Common.

ATLANTA'S NEW POSTOFFICE

ATLANTA, Ga., Nov. 1—Atlanta's new federal building, housing the postoffice and custom house, was formally dedicated today. The structure cost over $1,000,000 and is said to be the *finest government building* in the south.

STOP SCRATCHING

Just as Long as You Have Dandruff Your Head Will Itch.

It's the little microbes that are gnawing down into the hair roots. It may take a long time for these persistent pests to get down to the vital parts, but when they do they will destroy the life of the hair in a very short time.

"I write in short that my head was almost running me crazy, and I saw your ad in the *Times-Union. I bought a bottle* of Parisian Sage at once and tried it, and in a week I could see that my head was almost well, and my hair was growing wonderful, and I continued using Parisian Sage, and now my hair is beautiful and everybody admires it. My scalp is almost clean." Mrs. S. Dingle, Jacksonville, Fla., Oct. 15, 1909.

Parisian Sage is the most delightful hair restorer, is guaranteed by the Poole Drug Co. to stop falling hair, to cure dandruff and all diseases of the scalp, or money back. It is the most refreshing hair dressing in the world. Ladies use it extensively because it makes the hair beautiful, soft and luxuriant. 50 cents a bottle at the Poole Drug company's, or charges prepaid, *from Giroux Mfg. Co.,* Fort Erie, Ont. The girl with the Auburn hair is on every bottle.

NELSON NEWS OF THE DAY

(Additional local news notes on page 7.)

W. E. Zwicky of Kaslo registered at the Strathcona yesterday.

The temperature yesterday varied between 45 and 33 degrees.

The next session of the hospital board will be held the coming Tuesday.

Mr. and Mrs. John P. Vroom of Waneta are guests at the Hume.

John P. Vroom, Dominion immigration officer at Waneta, and Mrs. Vroom are guests at the Hume.

At Judge Forin's Men's Bible class in the Y.M.C.A. next Sunday an address will be given by Dr. William Patterson.

Dr. Eugene Haanel, director of the department of mines at Ottawa, leaves for the east on the Crow boat this morning.

Dr. W. H. Willson has the same telephone number for his private telephone at the Strathcona hotel, No. 427, that he had at his residence.

Robert R. Hedley, the well-known Victoria mining man and for some years a resident of Nelson, is a guest at the Strathcona.

Rev. Dr. Patterson leaves Nelson this morning for Grand Forks where he will address meetings in the afternoon and the evening. He will return tomorrow and carry on the series of meetings in St. Paul's Presbyterian church.

In view of the special services that are being held this week in St. Paul's Presbyterian church, there will be no drill parade of the First Nelson Company Boys' Brigade.

Rev. R. E. Knowles of Galt, Ont., who made so favorable an impression by his address in St. Paul's Presbyterian church last Friday will be the chief speaker in the same place this evening.

The footbridge on Latimer street between Kootenay and Falls streets will be closed for a few days during repairs to the bridge and water main which crosses the gulch below the bridge.

Awaiting the owner at the police offices in the city hall is a naturalization certificate made out in the name of Andrew Haggen. It was found on Vernon street near Hall street yesterday.

C. W. Riley who has been confined to his bed at the Queens hotel for the past week, suffering from an attack of pleurisy, was today reported out of danger by Dr. Rose, who is attending him.

J. H. Schofield, M.P.P. for the Ymir riding, and A. Vanuitz of Trail reached the city last night and registered at the Strathcona. They are on their way to Kootenay Landing for a few days' duck and geese hunting.

Rev. Dr. William Patterson gave a powerful address in St. Paul's Presbyterian church yesterday evening, his subject being "Men's Excuses for Refusing the Invitation of God's Love." Professor Weaver conducted the singing as usual.

Foreman Deacon's gang of men are at present engaged in grading the sidewalk and alley on Park street, near Front street. When this work is finished it will be a great improvement to that portion of the city.

According to the figures given by Stephen H. Hoskins, recorder of births, marriages and deaths, 12 births were registered at the local government offices during October, and five deaths and three marriages.

The evangelistic meetings at St. Paul's Presbyterian church are arousing considerable interest in the city, and it is expected that from now on there will be a large increase in the attendance at each meeting. The meetings are held at 8 p.m. each evening except Saturday, and a cordial invitation to be present is extended to all.

There was only one case of damage caused by Hallowe'en revellers reported to the police. W. F. Mawdsley was the sufferer, complaining that a cement wall around his garden had been damaged to the extent of about $15.

The Y.M.C.A. canvass closes today. Captain DesBrisay and his team are leaders and today will bring final results. All members of the respective teams are asked to make special efforts today to obtain new members for the "Y."

Captain McKinnon of the C. P. R. steamer Kokanee brought word to Nelson yesterday that Fred Hume's hunting party had left Howser lake, where they bagged nothing, last Friday, and went on to Duncan river, where they secured four goats, a caribou and a deer.

There will be a meeting of the Association of Church Helpers this afternoon at 3 o'clock in the parish hall of St. Saviour's church. Important business is to be discussed and all women of the congregation are warmly invited to be present.

AT THE THEATRES.

The change of program at the Empire theatre this evening includes several interesting subjects, among which are "Taming a Woman Hater," "The Feud," "Dad's Pistol" and "The Phrenologist."

The change of program at the Gem theatre tonight consists of the following subjects: "The New Butler," one of those fine Imp comedies one should never miss seeing; "The Right to Labor" and "The Sick Child," acted by celebrated French artists.

102nd REGIMENT, R. M. R.

Notice.

A meeting of the officers will be held in the Armory on Thursday next, November 3, at 8 o'clock p.m. Important business, so all attend please.

Nelson, B. C., October 31, 1910.

Minard's Liniment Relieves Neuralgia.

LITTLE CRIME IN NELSON DISTRICT

Provincial Jail Returns For October—List of Commitments is Light — One City Case

The criminal statistics for the past month show that both the city and the Kootenays were even more than usually free from crime. On Monday night the last of the month, four prisoners were received at the provincial jail but up to that time only three were brought in to Warden W. R. Jarvis' establishment. On Oct. 1 there were 45 prisoners in the jail. This number was reduced by Oct. 31 to 36. The total number of prisoners received during the month was seven and those discharged totalled 16.

Only One Case From Nelson

The crimes for which the seven new comers were committed were as follows: Indecent assault at Fernie, one; insanity, Lardeau, one; under the vagrancy act, two, one from the city and one from Fernie; theft, two from Fernie, and drunkenness, one, Slocan City. It will be noted that only one case was from the city.

In City Police Court

The city police returns were also unusually light. There were 20 cases in all. Of this number 17 were under the vagrancy act; one for assault; one for selling liquor to a minor, and one for theft.

OTTAWA BIGAMIST CASE

OTTAWA, Nov. 1—Arthur Gedin, today pleaded guilty to a charge of bigamy in the police court. He was remanded until tomorrow when his second wife, Elizabeth H. Gardiner, will appear to testify against him. Gedin's first wife, Mary St. Pierre, who laid the charge gave evidence today. She swore she was married to him on June 10, 1902 in the province of Quebec and has since that time been living at Three Rivers. She lived with Gedin for three years and then went away to visit her relatives for a year and a half with his knowledge and consent. On Sept. 22 last he married again.

Homes Hard to Beat at These Prices

Hoover St.—5 rooms modern extra well built cottage, 37 1-2 foot lot, no better locality. Special cash price $1580—or $1800 on terms.

Hall St.—5 room cottage on 50x50 foot corner lot. Only $700; terms, half cash, balance $25 monthly.

Second St., Fairview—5 room cottage, 2 lots, good garden, poultry yard, fruit trees, etc. Cash price $2100, or $2200 on terms.

Don't put off any longer buying that house. Do it now. Come to us. We can help you.
