FINAL PAYMENT OF MOTHER LODE

Title to the Famous Gold Mine Complete

GUS SCHWINKE HAS FINE PROPERTIES

Two Gold and One Silver-Lead All Within Bounds of Sheep Creek

With the final payment of $25,000 made to the original owners the Mother Lode gold mine of the Sheep creek camp becomes the absolute property of John McMartin, the Cobalt king, and his associates. This payment, which was made through the Royal bank, was not due until Jan. 27, but in order to have a free hand to deal with the property, Mr. McMartin extinguished the bond ahead of time. The original owners of the Mother Lode were Thomas Bennett, H. M. Billings, F. P. Drummond and Gus. Schwinke of Salmo and they gave a bond on the property to J. L. Warner, the bond being for $100,000. Mr. Warner took in with himself F. M. Black and Messrs. Warner and Black rebonded the property to Mr. McMartin for $150,000. The second bond was extinguished about a year ago, the final payment being attached while in the bank by Ruthrauff, Hall & Loening, the New York mining brokers, on a claim for commission, this giving rise to the interpleader suit which was tried here in the fall and the judgment in which is now being appealed. The original bond was for a longer term, and the final payment, as noted, has just been made.

This information was given out last night by Gus. Schwinke, one of the four original owners, who is in from Salmo. The idea of making the payment before it was due was apparently to enable the new owners to close down the mine for the winter as three years ore is blocked out for the big mill which it is the intention to erect the first thing in the spring.

Mr. Schwinke Still in Game

Mr. Schwinke is one of the best known mining men of the Kootenay, and particularly of the Sheep creek camp, where he has got several properties at the present time, which are of a promising order.

A five foot fissure vein of an excellent character was found on the Sno Sio property the past season, and, curious to say, it was revealed by the breaking of the Queen flume. Some time after the latter event, Mr. Schwinke started to prospect the bluff, anticipating that the action of the water might have revealed something, as rich float had indicated the existence of a vein in that locality. The lead found, a season's assessment work was put in upon it. There are also two previously discovered veins on the Sno Sio. This property is on the side of Nugget mountain, opposite the old Yellowstone and a portion of it is devoted to a millsite for A. H. Tuttle's stamp mill. Mr. Schwinke and Mrs. Danielson are joint owners.

Another gold property owned by Mr. Schwinke is the Bluestone, opposite the Eureka, on Cariboo creek, about three miles up from the Yellowstone. On this property there is a ledge 12 feet wide, and the first tunnel is in a rich ore shoot. At a point 140 feet down, a second tunnel has been driven on the lead over 60 feet and is expected to be in the ore shoot in about 15 or 20 feet more. Work on the tunnel was recently stopped for the winter.

The silver-lead camp of Sheep creek, which is some miles below the gold camp, and which includes the famous Emerald mine of Iron mountain, does not get a great deal of publicity, but it is on the way nevertheless. Mr. Schwinke owns, in partnership with Frank McCaslin of Salmo, the Lucky Boy group, which lies across the creek and the wagon road, about six miles up from Salmo, on which he had two men working with himself part of the past season. No. 1 vein is four feet wide, and 10 tons of shipping ore from it was broken out the past season, and is now on the dump. No. 2 vein is developed to date by a 25 foot tunnel, the ore being galena, with a large percentage of iron. A 14-foot ledge was uncovered the past fall, and has been developed by an open cut. This lead has remarkable showings, and promises to be the feature of the property. A deal is now pending for the Lucky Boy group and this big ledge will undoubtedly see extensive development the coming season whether by Messrs. Schwinke and McCaslin or by others.

NEW CALGARY PASTOR.

CALGARY, Jan. 10—Rev. Sandford E. Marshall, of Hamilton, has accepted the call to the pastorate of the Central Methodist church here. The vacancy has been caused by Rev. G. W. Kirby accepting the presidency of the Mount Royal college here.

CONFERENCE ON FISHERIES LONG

Several Ticklish Points to be Settled in Next Few Days—Commissioners Still Meeting.

WASHINGTON, Jan. 10—The indications are that the conferences over the fisheries problem, between this country, Canada and Newfoundland, will be continued for several days, before an agreement is reached which will accomplish what is desired, namely, avoiding the necessity for convening the special board of experts provided by the award of The Hague tribunal in the fisheries arbitration. The commissioners representing the different countries met again today.

One question to be settled is the application of the Foreign Fishing Vessels act of 1906, which imposes on American fishing vessels certain restrictions in addition to those that were imposed by the old act of 1905. There also is a question of the right of Newfoundlanders to board American vessels and bring them into port under certain conditions. The Newfoundland law prohibits the shipment of Newfoundlanders as members of crews of American fishing vessels in Newfoundland waters. These prohibitions are obnoxious to the Gloucester fishermen. They are not now in effect, their operations having been suspended by the modus vivendi, which was reached last year between the British foreign office and Ambassador Reid, as a preliminary to the adjustment of fisheries dispute by The Hague tribunal.

SUIT TO DISSOLVE THE STANDARD OIL

Will Follow the Tobacco Dissolution Suit—Government Claims Monopoly From Amalgamation.

WASHINGTON, Jan. 10—The Standard Oil dissolution suit will advance to the centre of the stage in the supreme court tomorrow after arguments are concluded in the Tobacco dissolution suit. For the remainder of the week, at least the court will give its attention to a consideration of this second problem under the Sherman Anti-Trust law.

The government's chief object is to have the court declare void the corporate organization of 1899, whereby the Standard Oil company of New Jersey, with its increased capitalization, exchanged its stock for the stock of 19 other oil corporations. It is claimed that this amalgamation resulted in a monopoly. In support of its case, the government will claim that, following the action of the court in the Northern Securities case, it must dissolve the Standard Oil company of New Jersey, as a holding company, suppressing competition.

RECIPROCITY ALSO ALARMS FARMERS

Central Institute Meeting at Victoria Demands Higher Duties on Fruits Entering Canada.

VICTORIA, B. C., Jan. 10—The Central Farmers' institute, in annual convention here today, with 40 delegates from all parts of British Columbia, unanimously passed a resolution viewing with alarm the movement of the grain growers of the prairie provinces for reciprocity in natural products with the United States, and asking, on the contrary, that the duties on fruit entering Canada be raised so as to make them at least equal to the duties now levied on fruit entering the United States.

WINS HEAVY DAMAGES FROM LAGGARD LOVER

Jury Awards Fair Plaintiff Compensation Without Leaving Box—Pays High for Liberty

TORONTO, Jan. 10.—Miss Jean Clifford of Sussex avenue was today awarded damages of $2,500 with costs against Thomas J. Jeffries of Margueretta street for breach of promise. The case was carried through in the record time of 10 minutes. Miss Clifford testified that she became engaged seven years ago, but Jeffries broke off the match, because he had to erect some houses. They became re-engaged, but Jeffries again put off the marriage. Jeffries did not put in an appearance in court and the judge, after commenting unfavorably on his actions, instructed the jury to find for the fair plaintiff. The verdict was reached without the jury leaving the box.

PULP LIMITS THROWN OPEN

TORONTO, Jan. 10—Pulp limits in the Lake Abitibi and Fort Frances districts have been thrown open by the Ontario government for sale by public tender. The Abitibi concession has an area of 1560 square miles, and the purchaser must erect at Iroquois Falls a $500,000 pulp and paper mill with an average output of 100 tons of paper per day. The Fort Frances concession contains 800 square miles, and the successful tender must build a $350,000 mill, capacity capable of turning out 50 tons of paper per day at Fort Frances. Thus all pulp wood and pulp from the limits will be made into paper in Ontario. Precautions will be taken against the pollution of streams and lakes on the concession.

BLIZZARDS RAGE ON ALL SIDES

But Hitherto Nelson Escapes Serious Inconvenience.

CROW'S NEST PASS IN GRIP OF STORM

Traffic Abandoned in Chilliwack--Snowslides on Main Line of C. P. R.

Nelson, as usual, has been singularly fortunate in escaping the heavy snowfall and blizzards which have disorganized the transportation services in the prairies, along the Crow's Nest line and along the main line of the C. P. R. during the past few days, although heavy snow began to fall about midnight.

A cold spell has reached the city but that has resulted beneficially rather than otherwise, permitting, as it has, the re-opening of skating and other winter sports.

The only ill-effect that Nelson has felt from the rough weather to the east and north has been a delay in the arrival of passengers from eastern points. Owing to the stalling of the west bound train on the Crow line on Monday night the boat on that evening only carried passengers from points on the lake. Last night's boat was not expected to arrive until 5 o'clock this morning. Trains connecting the Arrow lakes boats have been arriving fairly well on time.

Both Trains Stalled

(Special to The Daily News.)

MICHEL, B.C., Jan. 10—The storm which set in with fury on Sunday night, still continues with unabated velocity. The eastbound local which left Fernie yesterday, got as far as McGillivray, where it stayed all night and then turned and is now returning to Kootenay landing. The westbound express, No. 213, is stuck in the snow at the western end of the tunnel at the head of the Loop, where it has been since 1 o'clock this morning with two engines in front. No. 314 has been here all night and will pull out after the snow plow in a few minutes. An effort will be made to relieve No. 213 with the plow.

Freight at Standstill

Snow is still falling and the wind is blowing a gale. Gangs of shovellers are kept busy but about all they can do is to keep the switches clear. The storm is the worst ever experienced in the Pass. No effort is being made to move freight and it is taxing the company to its full extent to raise the blockade on the passenger traffic. The company is looking after the comfort of the passengers and they are taking the situation philosophically.

Traffic Abandoned

(Special to The Daily News.)

VANCOUVER, B.C., Jan. 10—A severe snowstorm is raging in Chilliwack district and the tram company operating lines in this section has been compelled to abandon tarffic over the eastern section. Yesterday two feet of snow fell in four hours. A wind of 60 miles an hour arose with a blinding snowstorm, continuing all night and is still raging at noon today. Fifty poles along the tram line were broken and the line othenwise blocked.

Snowslides on C. P. R.

Heavy snowslides have occurred on the C.P.R. and no through trains arrived yesterday, the first train for two days getting in tonight. Wires on the C.P.R. are down at various points in the mountains.

Worst of Season

PORT ARTHUR, Ont., Jan. 11—A blizzard from the west struck here tonight, and the temperature dropped to 12 below zero. A heavy northwest wind tonight promises the worst day of the season tomorrow.

Trains Tied up

CALGARY, Alta., Jan. 10 — The weather still continues cold and reports this morning were that the thermometer had dropped a few degrees from last night's lowest point of 30 below. A northeast wind still prevails, though without violence. The train service west of here and along the Crow's Nest is tied up. A slide at Roger's Pass, of which particulars cannot be obtained, is the cause of the difficulty on the main line. In the south there are 12 trains tied up within six miles near Michel, and specials report the worst storm in years. On the main line east of here and on the branches north and south, there is some little difficulty keeping the service open, but there is nothing in the nature of a blockade on these.

Passengers Famished

BRANDON, Man., Jan. 10—The storm which raged for two days has abated and the weather is clear tonight with the thermometer at 32 below zero and apparently no indication of further bad weather. The Canadian Northern Saskatchewan express which left Winnipeg at 10:40 on Monday arrived here at 9:10 tonight, being 34 hours making the trip of 140 miles. Upon arrival here the passengers rushed from the coaches like prisoners set at liberty after a long imprisonment. Some of the passengers tell thrilling stories of their experience while snowed in on the bleak waste through which the railway runs south of Carberry. All were nearly famished and the food stock of the dining car was completely depleted.

Dangerous Snowslide.

SPOKANE, Jan. 10—As the lead engine on the Oriental Limited, the crack train on the Great Northern, cleared a snowshed in the Cascades early yesterday morning less than a mile from Wellington, where a snowslide killed more than 100 persons last March, the engine was swept from the rails and completely buried by an avalanche that hurled itself down the mountain side.

With the exception of the fireman on the lead engine, who suffered a severely scalded hand, no one was seriously injured, although the tender of the engine was demolished by the force of the snow and debris which tossed the locomotive from the rails.

HOUSE COMMITTEE EXAMINES PEARY

Arctic Explorer Under Cross-fire Regarding His Dash to the Pole—Why he Took no White Man.

WASHINGTON, Jan. 10—Admitting that the north pole is just as much lost as ever, and that future attempts to find it would not be aided by his work, Capt. R. E. Peary, the Arctic explorer, answered a cross-fire of questions at a hearing before the house committee on naval affairs today.

He told how he wanted the glory of polar achievement for himself, declining to let any other member of the expedition, other than the negro Henson, go on the last dash with him, how his publishing contracts had precluded him from testifying before the committee last spring, and how members of his expedition had been prohibited from writing about the trip.

Corroborative Evidence.

"Why did you not take white members of your party on the final stage of your trip, so there might be corroborative evidence?" asked Mr. Roberts.

"In the first place," replied Capt. Peary, "I have always made the final spurt, with one exception, when Lee was with me, with one man and the Eskimo. The man I took with me Henson, was more effective for combined demands of extended work, than any white man. The pole was something to which I have devoted my life, for which I had gone through such hell as I hope no man in this room will ever experience, and I did not feel that I should divide it with a young man who had not the right to it that I had."

Capt. Peary was asked by Mr. Roberts if any injunction of secrecy had been made, as to what members of the expedition might say.

Men Not Free to Write.

He replied that men of his party were not free to wrtie, or lecture after their return, except with his written permission, explaining that they were paid for their services.

Capt. Peary, replying to the repeated question as to the results of his Arctic trip, said that he had not yet prepared such a chart as would enable anyone to follow in his footsteps to the pole, but he "imagined" that he had data by which he could prepare such a chart. He said the position of the north pole could be determined, just the same as the equator, but the trouble was the comparative low altitude of the sun, which never gets higher than 22 1-2 degrees above the horizon. For that reason, ordinary observations could not be relied on with accuracy.

The committee will continue the hearing tomorrow, when Mr. Macon is expected to question him at length.

"BACK HOME" MOVEMENT

ALTA PASS, N. C., Jan. 10—Industrial agents of the leading railroads of the south met in conference here today to discuss plans for the "Back Home Movement," recently initiated by the Carolina, Clinchfield and Ohio railway. The plan of immigration suggested meets with the enthusiastic approval of the railroads generally. The prospects are that all the important roads in the south will join in the movement, and that the long talked of question of immigration for the south will, at least, be placed on a practical working basis

JANUARY 11, 1911.
Coupon No. 6.

This coupon, with one from each of the other issues of The Daily News of the week ending, January 11, and 10 cents, entitles the holder to a photogravure reproduction of Edouard Bison's picture, entitled "La Cigale." Coupons and money should be presented at The Daily News office any time after Sunday next. If pictures are to be mailed 5 cents must be added to cover postage.

WRECK ON COAST OF GRIM CAPE COD

Three Coal Barges Are Battered to Pieces.

ALL ON BOARD LOSE THEIR LIVES

Life-Savers Watch Hopeless Fight for Life Powerless to Effect Rescue.

HIGHLAND LIGHT, Mass., Jan. 10—The worst disaster the life guards of the storm lashed coast of grim Cape Cod had seen in more than 12 years, occurred today on the treacherous sand bars off the Peaked Hills. The surfmen stood on the beach with their apparatus, unable to render assistance, while three coal barges were battered to pieces, and all on board, 17 in all, lost their lives in the breakers.

The barges were the Treverton, Corbin, and Pine Forest, valued together at $125,000. With the exception of Capt. Brown of the Treverton, who belonged to Lincolnville, Me., and Capt. Hall, of the Pine Forest, a Provincetown man, the drowned sailors were Philadelphians.

Break up Quickly.

As two of the barges, the Treverton and Corbin, broke up very quickly, it is believed that 12 lives were lost within an hour after the barges broke away from the tug Lukens, about 3 o'clock in the morning and went into the breakers. Five other seamen were seen clinging desperately to the Pine Forest until mid-forenoon, when, in attempting to reach shore in their small boat, they were lost.

The tug Lykens of the Reading Coal company started from Philadelphia last week, with the two barges in tow. Coming over Nantucket shoals Monday, a heavy southwester was encountered. She met the full force of the gale in the evening at the bend of the arm in the cape. The life saving patrol saw her standing off to avoid the Peaked Hills bars, but darkness blotted her out four hours before dawn. The gale increased in fury, and about 3 o'clock the hawser parted. The last watch of the night patrol from the Peaked Hills station discovered wreckage in the breakers. The crew was summoned, but it was too dark to make anything out. More floatsam came tumbling on the beach, but there was nothing to identify it. At dawn a stranded barge could be seen in the breakers on the outer bar, while in the offing hovered a tug which afterwards proved to be the Lykens.

Cling to Rigging.

The life savers soon realized that no life boat pulled by men could traverse those 8000 feet of breakers. Two men were seen clinging to the rigging and three others holding on the deck house. It was apparent that the other two barges had broken up. The Lykens could not render assistance, owing to the heavy sea, and started for Provincetown. The men of the Pine Forest, were seen to gather in a group. Before those on the beach realized their purpose, the dory of the barge had been cut loose and launched. The five seamen tumbled in for a last fight for life but before they could ship their oars a big comber rolled over them. That was the end.

TICKET-OF-LEAVE WILL BE ENFORCED

OTTAWA, Jan. 10—The department of justice has decided to put a stricter order in application on the ticket-of-leave system for criminals. Heretofore many criminals have left the country and gone over to the United States on being released on ticket-of-leave. This the department has decided not to allow to pass unpunished wherever possible in the future. To that end, they are in communication with several cities on the American side where Canadian ticket-of-leave men are known to reside and will have them arrested and extradited to Canada. On arrival here they will be sent back to prison to complete their sentences. A prisoner released on ticket-of-leave is supposed to report every month to the department, through the chief of police of the town where he may happen to reside. Laxity as been allowed in certain cases for various reasons, but the department thinks that they have arrived at the time when the system should be strictly enforced. Several cases will be dealt with as examples.

LORDS DAY ALLIANCE

TORONTO, Jan. 10—The triennial convention of the Lords Day Alliance opens here tomorrow, with the morning and afternoon sessions. Some important questions of legislation and law enforcement will be placed before the delegates.

IMMIGRATION ON EXPANDING SCALE

Growth for First Six Months of Fiscal Year Was Sixty-nine per Cent. —Over-seas Leads.

OTTAWA, Jan. 10—During the first six months, April to September, of the present fiscal year, 204,364 immigrants arrived in Canada, as compared with 120,912 for the same period of the previous fiscal year. Immigration from the United States for this period was 75,445, as compared with 56,465, an increase of 34 per cent. Immigration by ocean ports was 128,919, as compared with 64,447, an increase of 100 per cent. The increase in immigration from all sources for this period was 69 per cent.

Arrangements are being made in this city for the raising of a fund by public subscription, to relieve the suffering in the province of Anhui, China, as a result of the disastrous floods, news of which has just reached this city. Great loss of life is reported, and the condition is so serious that appeals are being made throughout the Dominion for a relief fund.

CAR FERRY STALLED.

ST. THOMAS, Ont., Jan. 10—The Pere Marquette car ferry Bessemere No. 2, is stalled in the bay half a mile off Port Stanley harbor. The boat had just arrived from Rondeau, where she assisted in freeing collier No. 2 after a 60-hour battle with the ice there. The boat and crew are in no danger.

LOCOMOTIVE DROPS THROUGH THE DRAW

Engineer and Fireman Rescued From Waters of False Creek—Curious Accident in Vancouver.

VANCOUVER, B. C., Jan. 10—While engaged in shunting on the G. N. trestle over False creek, in the heart of Vancouver, an engine dropped through an open draw span at 8.30 o'clock this morning and plunged into 20 feet of water. Engineer Baker remained in the cab, and was cut on the head. Fireman Varrell jumped into the water. Both men were rescued from the chilly waters.

The wreckage on the trestle cut off approach to the Great Northern station and the passenger service is being conducted at a sub-station on the main line south of the scene of the accident. The bridge span was open to allow the passage of a tug. Engineer Baker failed to see the open span until too late to pull up his train of freight cars.

FARMERS BANK DECISION

TORONTO, Jan. 10—The Farmers bank was given default today for $16,865, against W. B. Travers, the former general manager, on a note given by Mr. Travers to the bank.

PARLIAMENT WILL RE-ASSEMBLE TODAY

Mr. Borden Will Probably Interrogate Government Early on the Tariff Questions.

OTTAWA, Jan. 10—Members of parliament commenced to arrive at the capital tonight in large numbers, and there promises to be a fair attendance in the commons when the business session is resumed tomorrow.

At this stage of the session Wednesday is private members day, and business will no doubt be largely confined to the answering of questions, and general routine.

A large number of parliamentary returns asked for before recess will likely be tabled, department staffs having had an opportunity of preparing them in course of the last three weeks.

The government will likely be interrogated at an early date, in regard to tariff negotiations, and R. L. Borden will suggest the desirability of a statement being made as to the basis on which negotiations are being conducted. This was indicated in a statement he made yesterday. The general impression is that the premier will decline to say anything, on the ground that it would not be wise to do so at the present juncture. It is expected that parliament will work at high pressure during the next four months, so that the house may adjourn early in May, in order to allow a certain minister to attend the imperial conference, which opens in London on May 22.

Owing to the prolonged debate on the address, the business of the house, including the voting of supply, is not so well advanced as it was when the commons met after recess last year, and it will be only by close application to business that the program can be disposed of in four months.

MONTREAL MAN DIES AT DESK

MONTREAL, Jan. 10—One of Montreal's best known and popular business men, W. J. McNieche, a well known importer, with offices on St. James street, was found dead in his office chair by L. Brissett, while engaged in his business, this afternoon. Heart failure is said to have been the cause of death.

CIVIC CAMPAIGN CLOSES TONIGHT

Simultaneous Meetings Gem Theatre and Opera House

POLLING TO BE HELD TOMORROW

All Seats of Both Council and School Board Will Be Contested

Today is the last day of the civic election campaign, and polling takes place tomorrow.

The platform campaign is short and sweet. The first guns were fired last night, at the meeting of the I. W. W. lodge, when both Mayor Selous and Ald. McDonald delivered addresses. Ald. McDonald was first on the scene, and after he had departed Mayor Selous arrived.

The last guns will be fired tonight, when the platform campaign terminates with simultaneous meetings in the opera house, and at the Gem theatre, the former being called by Mayor Selous, and the latter by the Citizens party. Both meetings will open at 8 o'clock. The former will be addressed by Mayor Selous and his aldermanic candidates, and the latter by the candidates of the Citizens party, and others. Ald. Rutherford is the only council candidate opposing the mayor who has accepted the invitation to meet him on the platform. The candidates for the school board, it is generally understood, will have the courtesy of both platforms.

None Retire.

Midnight arrived last night without any candidate filing a withdrawal, so the whole 20 will go to the polls, for the various offices for which they have been nominated, and W. E. Wasson, the returning oficer, has given the order for the ballots.

Aside from meetings, the campaign is being prosecuted merrily. So far as the various parties and candidates concerned in the council election, all that remains to be done is to review the forces, and arrange for getting out the vote. The school board contest, on the other hand, is of the whirlwind order. The opposition ranks were only filled up on the eve of nomination, and an active canvass is proceeding. The members of the school board whose seats are attacked are also showing some interest now, and have got out cards and are making a canvass. The school board contest is not the least interesting feature of the present election.

Directions for Polling.

Polling tomorrow commences at 9 o'clock in the morning, and closes at 7 o'clock in the evening, and the polls will be held at the usual places, the East ward electors voting at the city offices, where the returning officer will preside, and the West ward electors voting at the band room, 509 Kootenay street, where E. A. Crease, deputy returning officer, will preside. Voters in that portion of the school district outside the city will cast their votes for school trustees at the poll at the city offices.

It is important for new voters to remember that marking a ballot for more names than are required invalidates the ballot. Thus, the voter is entitled to vote for one candidate for mayor, three for aldermen for his particular ward, and three for the school board. Invariably a few citizens lose their votes through improperly marking their ballots, either through voting for more than the number required, or from placing other marks upon the ballot paper than the simple cross opposite the name of the candidate voted for.

The Tickets.

The 20 candidates standing for election may be placed in the following groups:

For city council:

Selous ticket—For mayor, Mayor Selous; for West ward aldermen, Thomas Madden, R. A. Peebles, P. J. Gallagher; for East ward aldermen, J. Fred Hume, J. A. Gilker, George Ferguson.

Citizens party ticket—For mayor, Ald. McDonald; for West ward aldermen, T. D. Stark, Dr. N. Wolverton, C. H. Sewell; for East ward aldermen, Ald. Mackenzie, R. G. Joy.

Independent—For East ward aldermen, Ald. Rutherford.

For school board:

Administration ticket — Trustee Emory, Trustee Irvine, Trustee Steel.

Independent ticket—Dr. Annie Verth Jones, R. L. Douglass, T. D. DesBrisay.

NEW MILL FOR MIDLAND.

TORONTO, Jan. 10—The Campbell Milling company of Toronto announce that they will re-erect their mill at Midland, Ont., with a capacity of 1000 barrels of flour daily. Work will be started in the spring.

GREAT CASH CLEARANCE SALE

At the Hudson's Bay Stores, Nelson

A MEMORABLE BARGAIN EVENT

Up to SATURDAY Evening, JANUARY 21, as per instructions of the Stores Commissioner of this Company, we offer our entire stock of

Dry Goods, Gents' Furnishings, Clothing, Hats, Boots and Shoes, Crockery and Glassware

AT GREATLY REDUCED PRICES FOR CASH

Here are a few items which will prove the genuine bargains awaiting you, and should interest the economical buyer

FIRST BIG HOCKEY MATCH FRIDAY

Nelson Will Clash With Grand Forks at Local Rink—Two Patricks Will Play.

Oyez, oyez, oyez, be it known that the first big senior hockey game of the season in Nelson will take place on Friday night, when the wearers of the green and white will meet Grand Forks. The game is called for 8.30 and a large crowd of fans is sure to be on hand to support the Nelson boys.

Frank Patrick will be on the ice, it was announced last night, and although no details as to the line-up have been made public by the powers that be Lester Patrick, Archie Bishop, Arthur Perrier, Les Steel and possibly Eddie Bishop or Harry Bishop will likely be on the local team.

There is every probability that the ice will be in the best of possible condition and as the Grand Forks aggregation are one of the classiest bunches of hockeyists in the Boundary the match should be some fast.

LADY PUCK CHASERS WILL PRACTICE AT RINK TONIGHT

The Nelson ladies' hockey team will hold their second practice of the season at 7 o'clock tonight at the rink.

It is hoped that there will be a big turn-out in anticipation with the first match of the season which is scheduled to take place with Rossland ladies on local ice towards the end of next week.

Y. M. C. A. BASKETBALL.

The first game in the basketball league schedule at the Y. M. C. A. took place yesterday evening with the result that the Triangles beat the Crescents by the large score of 10 to nothing.

ROVERS HAVE BEST OF PRACTICE GAME

Beat Juniors Three to One—Teams Display Good Form—Next Practice Friday.

In a practice game at the rink last evening the Y. M. C. A. juniors clashed with the Rovers and went down by the score of 3-1 against them. It wasn't by any means a serious game, being the first practice of either team for the season but the score is a pretty fair indication of the relative strength of the teams as displayed on the ice last night. The juniors pressed the Rovers somewhat in the first half but were weakened later by the absence of their right wing, Ladd, who had to leave to keep another engagement.

The form displayed was most promising and with plenty of practice both teams should be in condition to turn out some fast and interesting hockey. Neither aggregation has made any definite engagements for the season yet but matches will be arranged with East and West Kootenay teams as soon as possible. A game between the juniors and Salmo, however, may take place shortly.

Joe Thompson, the Y. M. C. A. junior coach, referred the match. The teams lined up:

Rovers	Goal	Juniors
T. Boyes		Newburne
	Point.	
C. Grizzelle		Jack Miller
	Cover.	
Taffy Cummins		Arthur Miller
	Rover	
Fred Grant		Shorty Robinson
	Centre	
Jack Grant		S. Newitt
	Left Wing	
Dutchie Richardson		Ed. Murphy
	Right Wing	
Johnnie Ferguson		Forest Ladd

The boys will hold their next practice on Friday night either before or after the match with Grand Forks and the Nelson seniors.

SPORTING SPOTLIGHTS

Greenwood is to be congratulated up on the progressive spirit which has enabled her to build such a splendid skating rink as that opened the other day. The management of the building will have the best wishes of sportsmen and the general public all through the Kootenays in their new venture.

The ice on the flats near the boat houses has been swept off on several occasions and is now in quite good condition for skating. A number of enthusiasts, mostly of tender years were to be seen enjoying the sport there yesterday afternoon.

Every member of the Ladies' Hockey club should turn out for tonight's practice at the rink in order that two full teams may pit their strength against each other. Plenty of practice is necessary for the big game with Rossland next week.

It is to be hoped that the High school basketball team will be able to make the necessary arrangements to go across the line and tackle the Colville and Marcus teams. There is nothing quite as effective as international matches when it comes to boosting along a sport.

It looks as if Nelson will put a pretty classy hockey team on the ice on Friday for the match with Grand Forks. The latter team held Phoenix to a three goal tie the other day and are regarded as one of the Boundary's strongest and speediest hockey outfits.

Evidence of the rapidity with which ice can be made at the local skating rink was the fact that the sheet, which was only flooded after the afternoon sport at 5 o'clock, was in magnificent condition for skating at 7 o'clock.

PACKY McFARLAND GETS DECISION OVER McCARTHY

KANSAS CITY, Mo., Jan. 10—Packy McFarland of Chicago won the decision over John McCarthy of San Francisco in a 10-round bout here last night. The Chicago boy led with a wide margin in every round and left the ring unmarked. McCarthy's face was badly bruised. His nose bled freely from the third round until the end of the battle. Both men and the referee bore bloody evidence of McFarland's stinging blows. McCarthy fought a game fight but his blows, were ineffectual. He played for Packy's wind in every round.

McFarland's foot work caused the San Francisco fighter to miss at least a third of his blows. When McCarthy did land, his punches did not seem to carry force. McFarland had agreed to make 135 pounds yesterday afternoon at 3 o'clock. To convince the fight followers that he was capable of reaching the lightweight limit of 133 pounds he weighed in at a few ounces over this mark.

MAKING UP THE GRAND CIRCUIT

BUFFALO, N. Y., Jan. 10—The stewards of the grand circuit assembled for their annual session here today. It is expected that when the meeting adjourns the route of campaign for the big line trotters and pacers for next summer will have been determined definitely. For the first time in several years the stewards have more applications than there are berths to fill. Indianapolis, Grand Rapids, Detroit and Dover, N. H., have applied for admission to the circuit, and it is probable that one or two of the applicants will be taken in.

SCHOLASTICS MAY GO ACROSS LINE

High School Basketball Fiends Invited to Play Colville and Marcus—That Hockey Team.

The High school basketball team has received an invitation to play Marcus and Colville on Jan. 26 and Jan. 27. It has not yet been decided whether the team will be able to go across the line in chase of international basketball honors or not.

In the meanwhile arrangements are being made for a game between the High school team and another five picked from the remainder of the school. The practices which have so far taken place point to a very close game. It will probably be pulled off early next week.

There is some talk in High school sporting circles of a school hockey team. There's a wealth of fine junior hockey material in the school and if a team can be organized it should give a fine account of itself against similar aggregations.

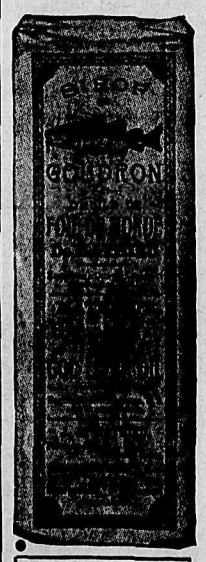
HAS SHADE BETTER OF CHAMPION ATTELL

Joe Coster, Brooklyn Pug, Nearly Puts Abe Through Ropes With Right to Jaw.

NEW YORK, Jan. 10—Joe Coster, of Brooklyn, had a shade the better of Abe Attell in a fast and clean 10-round bout before the Vanderbilt A. C. in Brooklyn last night. Attell was forced to exert himself at all stages and in the tenth Coster, with a hard right to the jaw, nearly put the featherweight champion through the ropes. Attell came back strong and both were fighting furiously at the bell.

Municipal politics do not disturb the imperturbable serenity of the Queen Studio in business hours.

CHILDREN'S COLDS



Now is the time when your children are very apt to catch cold. The sudden changes in the weather, the difference between school and house and open air, getting uncovered at night, all often lead to sore throats, coughs and grippe.

MATHIEU'S SYRUP

of Tar and Cod Liver Oil

should be taken at the first symptoms. Children find its taste pleasant, and it keeps them well and strong.

No better combined cure and tonic has ever been compounded. Ask for Mathieu's Syrup of Tar and Cod Liver Oil.

Ninety-Five Per Cent of the Men in Canada Today Sixty Years of Age Are Dependent Upon Their Daily Earnings, or Upon Their Children, for Support

This statement is made by the Dominion government. So serious do they consider the matter that in 1908 the government annities act was passed, receiving the unanimous support of both sides of the house.

To every young man in British Columbia today this should be a matter for constant consideration. Are you going to be one of the ninety-five per cent, or are you going to save and invest a certain sum every month where it will be working for you and insure you against want in your declining years?

There probably never was a time when there was so many golden opportunities and when a few dollars per month would bring such large returns.

Five years ago $1000 invested in New Westminster returned last month a profit of $105,000. Westminster is only starting to grow. The effect of the millions of dollars to be spent as fast as possible in great transcontinental railway lines, steamship lines on sea and river, electric lines, power plants, mills, elevators and great manufacturing enterprises already assured, will not be fully realized for some years, but a rapid and continuous advance in the price of real estate is just as certain as that the sun will rise tomorrow.

Just try to estimate what two or three of those lots right on the edge of the city and between it and Vancouver which you can buy now for $300, $20 down and $10 per month will be worth in five or ten years from today, or better still what they will be worth when you are fifty or sixty years of age.

We are just placing a new addition of 80 lots on the market, the property is situated on the corner of Cumberland St. and Armstrong Ave., about five blocks from the exhibition grounds and Columbia College and twelve short blocks from the heart of the business on Columbia Ave. The big manufacturing plants are going in a few blocks east. Thirty new houses are now being built two blocks south and a Seattle firm are getting ready to build 80 houses on block 11, just east of our property. We have sold twenty-five lots before we could get out printed matter.

Come in and see us; get January report. If you are going to the coast we would like you to take a letter of introduction. If you are not going down we give you a written guarantee that if you do not find the lots as represented we will return amount paid in full with 10 per cent.

FIRE CHIEF MAKES REPORT FOR YEAR

Wants New Team, Electric Striker New Hose and Twenty Thousand Dollar Building

The following is the report for the past year of the work of the fire department, made by Donald Guthrie, chief of the local fire fighters, to the council Monday night :

I herewith submit my annual report of the year 1910.

The department responded to 35 alarms; 20 box alarms; 9 telephone alarms and 6 still alarms; total 35.

Number of streams used 29, fires put out with chemicals 6, with Babcocks 4; we layed 17,350 feet of hose; we raised 980 feet of ladders and had 19 fire drills.

Losses Low

The loss to buildings, stock, furniture, personal effects, etc., from fire was $39,375. The insurance carried where fires occurred was $123,200.

The only serious fire was on July 5, when the Kreysher shingle mill and the Kootenay Engineering works were destroyed and a number of dwellings were badly damaged.

The department granted 155 permits to burn rubbish.

On May 2 all hotels were visited by Fire Warden McDonald, myself and the assistant chief, and rope escapes ordered put in all bedrooms.

All the hose in the department was listed and classified. The department has on hand 100 feet of new hose of the first class; 200 feet of second class hose, having been in service five years or over, and 800 feet of third class hose which has been in service 10 years or over.

Wants New Hose

The city should purchase 800 feet of new hose to replace the above 800 feet. With our high water pressure hose 10 years old is liable to burst at any time it is used. It will soon be necessary to replace the old ladder truck. It is pretty well used up and the ladders are too short for the higher buildings that have been erected in the city in the last two years.

The combination hose and chemical wagon should be changed to a three horse hitch. The wagon weighs over two tons without the men on it and s too heavy to make good time going up the grades with two horses. It will be necessary to buy a new team of horses as the old team in No. 1 hall are pretty near all in and are liable to give out at any time.

And Electric Striker

The city should have at least four more up to date fire alarm boxes. Alarm boxes are the quickest and surest way to get an alarm of fire as there is at times delay in getting the telephone. We should also have an electric striker for the fire bell. If we had a striker the rigs could get out from 30 to 45 seconds quicked than they do at present and time counts at the start of a fire.

I also recommend that the permanent firemen be allowed $5 per month for uniforms. The men should have two uniforms per year. We also need nine leather helmets, three forage caps and four Babcocks. I recommend that a hose cart with 500 feet of the old hose be placed at the corner of Stanley and Richards street as the hydrants are two blocks apart in that locality and as the truck at No. 2 hall can only carry 800 feet of hose they could not reach some of the houses in that district.

Asks for New Fire Hall

In conclusion, gentlemen, I would respectfully suggest to the incoming council that they submit a money bylaw to the ratepayers to borrow $20,000 to build a new fire hall and the necessary equipment required. The old hall will not stand much longer and should be condemned.

STOMACH DISTRESS IS ENDED FOR EVER

Indigestion, Stomach Gas, Heartburn or Dyspepsia Will be Relieved in Five Minutes.

Take your sour, out-of-order stomach—or maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22-grain Triangule and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is fickle and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

Shiloh's Cure
quickly stops coughs, cures colds, heals the chest and lungs. . . . 25 cents.

Remember Prince Rupert Sale

Do you want another chance? We are selling the closest in lots at Port Mann, the new C.N.R. town on the Fraser, across from New Westminster. Wharves now being constructed and the townsite is being cleared, hundreds of men at work. Our lots are in Section 9, only 400 yards from the water and across the road from the proposed railway car shops. The C.N.R. townsite sale is in March and our lots will then fetch the highest prices. Get in now. Terms only $15 monthly. This is the subdivision which is causing the excitement at Port Mann. Write us today for maps.

Notice

The annual General Meeting of the Nelson Board of Trade will be held in the Board of Trade rooms on Thursday, the 12th inst., at 8:30 p.m. By order

E. K. BEESTON, Secretary.

Nelson, B.C., Jan. 9, 1911.

REPORTS PROGRESS ON PUBLIC WORKS

City Engineer Mackay Presents Statement for Year to City Council—Recommendations Made

The following is the annual report of G. C. Mackay, city engineer, which was presented at Monday night's meeting of the council:

I herewith present the annual report of the public works department of the city of Nelson for the year 1910:

Waterworks

A constant supply of water has been obtained from Cottonwood creek during the exceptionally dry year.

A number of leaks have occurred on 4-in. steel pipes where the pipes pass through swampy ground. This pipe has been in use for about ten years and is badly corroded. I recommend that provision be made in estimates for the coming year to replace about 750 feet of this pipe.

During the year all the water service pipes that were known to be shallow were deepened to prevent freezing. A number of services were reconnected with shut off to enable them to be controlled without affecting more than one house.

New Mains Laid

The 6-in. main on Baker and Cedar streets were lowered on account of street grading. The following mains were laid: 150 feet, 1 1-2-in. from 14-in. main to Slocan street; 500 feet, 1 1-2-in. to Innes street; 250 feet 1-in. to Houston street; 300 feet 1-in. to Kootenay street; 150 feet 1 1-2-in. to alley in block 87; 250 feet 1-in. to Victoria street; 150 feet 1-in. to Mill street; 150 feet 2-in. to Silica street west to railway to replace 3-4-in.; 600 feet 1 1-2-in. to Fairview; 600 feet 1-in. to Fairview, making a total of about 14 1-2 miles of water mains in use. One hydrant was installed at the corner of Richards and Stanley streets. Total number of hydrants in use 60.

Number of houses connected during 1910, 40; total number of houses connected 1092, made us as follows: Within city limits 922; Fairview and Hume Addition, 138; block 182, etc., 32; ;total 1092. Total cost of maintenance and construction, $3318.15.

Sewerage

That portion of the 8-in. sewer on Latimer street between Stanley and Kootenay streets which was carried over the gulch on trestles was replaced, a crib and fill being made. Total cost $211. Masonry piers were built under the sewer on Victoria street near Ward in place of the timber work which had rotted out. Cost $150.

The following catch basins were installed: One at corner of Front and Hall streets; ;one at alley west of block 25 on Hendryx street one at corner of Hall and Silica streets; one at alley west of block 37 on Cedar street. A number of catch basins were rebuilt and iron gratings fixed in place of wood where considered necessary The sewers have been regularly flushed throughout the year by hose streams from hydrants and in addition all sewers have been cleaned out with root cutter and brushes.

Two manholes were raised to grade, one on Cedar street, between Vernon and Edgewood, and one on Silica street between Josephine and Ward.

Total length of sewers in use 7.9 miles; number of houses connected to sewers in 1910, 20; total number of houses connected to sewer, 664; number of plumbing permits issued during 1910, 51; total expenditures on sewers, $529.30.

The following new sidewalks were built during 1910: Baker street S., Hendryx to Cedar, 300 feet by 6 feet; Robson street N., Josephine to Hall, 300 feet by 4 feet; Railway street W., Baker to Vernon, 150 feet by 4 feet; Hoover street S., Stanley to Kootenay, 200 feet by 4 feet; Houston street N., Kootenay to Falls, 300 feet by 6 feet; Slocan street E., Baker to Silica, 450 feet by 4 feet, cinder; Mill street N., Stanley to Kootenay, 150 feet by 4 feet, making a total of 600 feet of 6 foot walk and 900 feet of 4 foot walk, costing $924.

The following were rebuilt: Ward street E., Baker to Vernon, 256 feet by 16 feet; Baker street W., Ward to Stanley, 100 feet by 16 feet;; Vernon street W., Ward to Josephine, 200 feet by 10 feet; Falls street W., Silica to Carbonate, 300 feet by 6 feet; Park street W., Edgewood to Front, 256 feet by 6 feet; Latimer street S., Josephine to Hendryx 300 feet by 6 feet; Water street N., Poplar to Cherry, 600 feet by 6 feet; Josephine street W., Hoover to Observatory, 256 feet by 4 feet; Front street N., Park to city limits, 900 feet by 4 feet; Josephine street W., Front to C.P.R. track, 120 feet by 6 feet; Hall street E., Front street to Lake, 256 feet by 10 feet; Victoria street S., Ward to Stanley, 300 feet by 6 feet; Stanley street E., Victoria to Silica, 120 feet by 10 feet; Kootenay street E., Baker to Victoria street, 120 feet by 10 feet; Silica street W., Stanley to Ward, 300 feet by 6 feet; Mill street N., Hendryx to Park, 450 feet by 6 feet; Carbonate street S.,Hendryx to Cedar, 150 feet by 6 feet; Carbonate street S., Ward to Josephine, 300 feet by 6 feet, making a total of 356 feet of 16 foot walk, 696 feet of 10 foot walk, 3076 feet of 6 foot walk, 1156 feet of 4 foot walk; costing $5285.

Forty-eight street crossings have been laid and numerous repairs made to sidewalks and crossings. The boat club float 600 feet long and a bathing float 47 feet long were built together with a bathing house; 150 feet by 6 feet of cement sidewalk was laid on Baker street N., Hendryx to Cedar. Total length of plank sidewalks, 14 miles; total length of cement sidewalk, 2 miles; cost of repairs and maintenance $2075; making a total spent on sidewalks of $8284.

Streets

The following is a statement of work done on streets, etc., during the year: Drains and culverts laid—300 feet 6 by 8 inch drain on Hoover street, Ward to Josephine; 70 feet 6-in. tile culvert across Mill street to Cedar; 250 feet 6-in. tile drain, on Carbonate street, Cedar to Hendryx; 170 feet 6 by 8 inch box drain, Carbonate to alley in block 25; 80 feet 12-in. tile culvert across Water street at Poplar; 225 feet 6 by 8 inch box drain in alley in block 37; 40 feet 6-in. tile culvert across Ward at Latimer; 45 feet 8-in. culvert across Front at Cedar. All ditches and water courses have been kept clear of weeds and rubbish, a great deal of extra work having to be done on account of ashes and rubbish being thrown into ditches in alleys.

Grading

Hendryx street, Cardonate to Cedar, the material removed being used for filling open drain on Carbonate street; Latimer street, Stanley to Kootenay; Kootenay street, Latimer to alley block 44A; Park street, Edgewood to Front, and alley in block 58; ;Josephine street Front to C.P.R. track, cut 1950 cubic yards, estimated cost $900, the material removed being used for making ground Josephine to Ward; Victoria street, to alley in block 5, total fill 3988 cubic yards, total cost $1596, including removal of old bridge; Baker street at Cedar.

Grading for Sidewalk Construction

Latimer street S., Josephine to Hall; Cedar street E., Carbonate to alley in block 37; Carbonate street S., Hendryx to Cedar, 100 feet; Victoria street S, Stanley to Ward; Park street W., Edgewood avenue to Front street; Railway street W., Baker to Vernon; Josephine street W., Front to C.P.R. track; Houston street N., Kootenay to Falls; Robson street N., Josephine to Hall; Josephine street W., Hoover to Observatory; Hoover street S., Stanley to Kootenay, 200 feet; 460 feet by 16 feet of Front street, west of Hall street was replanked with 4-in. planking, the cost being $1083.70, or $1.33 per square yard. This included removing old plank and mud; 140 feet by 28 feet of Josephine street between Front street and C.P.R. tracks was planked as above at a total cost of $620, or $1.42 per square yard; 675 feet by 20 feet, Front street, west of Cedar was gravelled, the gravel being favorably obtained from Park street near Vernon and from excavation of lots 5 and 6 in block 62, the cost being $480.18, or 32c. per square yard, including removal of old plank and mud. The bridge at alley in block 9 was rebuilt.

A considerable amount of grading work was done by the street railway company under my supervision. The brush and weeds on streets were cut down throughout the city. Two log cribs and one stone crib were built at Cottonwood creek between Silica and Baker streets at a cost of $210. Total cost of work done on streets, $9211.60.

The fire hall was repaired early in the year at a cost of $202.50. The caretaker's house at the cemetery was repaired at a cost of $360.25.

Building Permits

Total number of building permits issued during the year: In the fire limits, 20, value $91,005.00; outside of fire limits, 38, value $72,425; total value $163,430.

Rock Crushing

The road work plant consisting of a steam roller, crusher, elevator and screen is in a good state of repair and suitably protected from the weather.

The cost of crushing and quarrying rock may be taken at an average of $2.50 per cubic yard, not including depreciation of plant.

The cost of hauling from crusher to road is variable and may be taken at an average of 65c. per cubic yard for all parts of Baker and Vernon streets.

The cost of preparing the road surface to receive the stone depends entirely on the condition of the foundation and surface.

The cost of spreading the stone and compacting same with roller would be about 50c. per square yard, making a total cost of $3.65 per cubic yard, and as a compressed cubic yard will cover 4 1-2 square yards 6 inches thick, the cost per square yard would be 81c.

Regarding Repairs

Repairs to existing macadamized streets may be estimated as follows, where the foundation is undisturbed: Cleaning and loosening surface per square yard, 25c.; say average thickness of new stones 2 1-2 inches, one cubic yard will cover 10 square yards, 3.65c.; cost per square yard .615c., but as a great deal of the foundation has been disturbed, considerable allowance would have to be made for remaking same. One block on Baker street is 300 feet by 75 feet, less for sidewalks and gutter 30 feet; less for street railway track 8, feet, 37 feet or 1233 square yd; 1233 square yards at .615c. equals $758 per block, to which is to be added the cost of making good foundations where required.

The above figures do not include the cost of setting up the crusher plant with motor, etc., which would amount to $1600 if with screen and bins or $950 if without screens and bins. The latter could only be used if a small quantity of repair work were contemplated.

Recommends Bitulithic Macadam

I recommend that your consideration be given to other forms of pavements than macadam, the chief defect of which is that it not imprevious to moisture and that the subsoil when moistened will rise up and make mud, at the same time allowing the lower stones to sink and this mud turns to dust when dry and it is impossible to keep the streets clean. I am of the opinion that the most suitable street pavement for this city is Bitulithic macadam. This is made of crushed rock and bitumen so proportioned that the resulting bitumenous concrete is nearly as dense as a block of solid stone and is imprevious to moisture, is not slippery because of the fine stone used for finishing, affords a good footing for horses in all seasons, and is free from dust. The cost of the new work would be between $2.50 and $3 per square yard, but streets that have been previously macadamized could be done much more cheaply.

This and other forms of pavement is usually laid by contracting firms specializing in this class of work and a guarantee for a number of years is given.

Suggests Deposit

If any permanent work is done, I recommend that all sewer and water connections be made to the curb line before commencement of work and further that should any private person or company have occasion to open the street for any purpose a substantial deposit be made to the city treasurer, which deposit will be held until such time as the street is repaired to the satisfaction of the city engineer, or used by the city for paying for repars as the case may be.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by all druggists and dealers.

NEW YORK GIRL WEDS IN LONDON

LONDON, Jan. 10—Many prominent members of the American colony in London were present at the wedding here today of Miss Harriet Frances Arnold, daughter of William H. Arnold of New York City, and Capt. J. R. Lyons. Capt. Lyons is a son of the dean of Ossory.

WEDNESDAY, JANUARY 11.

MR. SIFTON AND RECIPROCITY

The speech of Hon. Clifford Sifton before the Canadian club of Montreal is noteworthy not only because of the well founded warning that he utters against the danger of linking too closely the commercial interests of Canada and the United States, but also because his remarks indicate the differences of opinion that exist in the Liberal party with regard to a policy that has been embraced by the official leaders. The Liberalism of Ontario and Quebec is largely protectionist, Nova Scotia has reason to fear that a reciprocity treaty may seriously injure its coal industry, British Columbia has, except in a few instances, more to lose than to gain from reciprocity; only from the farmers of the prairies is the desire for a commercial treaty with the United States at all pronounced, and it is with the duties on agricultural implements that they are chiefly concerned. There are many Liberals who, like Mr. Sifton, appreciate the dangers that reciprocity involves and who, like Mr. Sifton, will not hesitate to oppose a policy which they believe to be perilous.

A tariff arrangement that would make Canadian industries dependent upon the attitude of the Washington government would, as Mr. Sifton points out, be an influence toward political union. It would not tend to the stability of Canadian industries, nor to the ultimate welfare of Canada. A change of government in the United States, and an alteration of its tariff, might wreck at any moment the Canadian industries that had become dependent for their existence upon the market available in the United States under the reciprocity treaty. And, on the other hand, reciprocity would give American manufacturers an interest in the Canadian tariff and in Canadian politics which would not be to the advantage of the public life of Canada nor to its political institutions. The spectacle of American combines pulling wires at Ottawa to effect tariff revisions in their own interests would not be relished in this country, and would not foster national pride nor stimulate national independence.

Commercial interdependence between Canada and the United States would mean financial interdependence, a situation that would have disadvantages so far as Canada is concerned. Under present circumstances Canada's progress and prosperity are little disturbed by depressions and financial upheavals in the United States. With the financial interests of the two countries linked closely together, as they would be under a wide system of reciprocity, every storm that disturbed the prosperity of the United States would be felt with increased severity in Canada. At such periods the Dominion would become the dumping ground for the surplus products of United States factories, and Canadian industries would be at a standstill. Reciprocity in a few natural products, such as minerals would be unobjectionable and would be even beneficial from a Canadian standpoint, but Mr. Sifton's advice that each country should do its own business independently and avoid entanglements is generally sound.

A FIELD FOR IMMIGRATION WORK

At the meeting of the British Columbia Fruit Growers' association in Victoria the other day a resolution was passed asking the government to promote immigration from the British Isles and suggesting the establishment of a bureau of labor and of receiving farms for the training of immigrants. In connection with these proposals a report recently issued by the British board of trade is particularly interesting. It indicates the field that exists for immigration work among the agricultural classes of the British Isles, gives an insight into the earnings of the British farm hand and throws light upon the tendency of the inhabitants of rural districts to drift to the towns and cities, a movement which has been widely deplored and for which a remedy has been sought, with up to the present not altogether satisfactory results.

The annual earnings of a farm hand in England, Wales and Scotland are found to be pretty equal. In Scotland the wages amount to 19s 7d a week, in England to 18s 4d and in Wales to 18s 0d, but in Ireland the earnings are little more than half that prevailing in Scotland, the figure according to the board of trade report, being only 11s 3d a week.

The remuneration of the farm hand of western Canada compares very favorably with that of the agricultural laborer of Great Britain, especially when the fact is taken into consideration that board and lodging are usually provided in addition to the actual cash wage. But the great advantage that the worker on western farms has over those in similar occupations in the British Isles is the facility with which he may become a land owner himself and the brighter future and more independent existence that lies before him. The attractions of the Canadian west should appeal very strongly to the agricultural laborer in the old country, and the rural districts of Great Britain and Ireland should offer a fruitful field for recruiting workers for the farms and ranches of British Columbia and the prairie provinces. The cost of transportation from the British Isles to the west would no doubt be a serious obstacle to those earning an income as small as that obtainable by agricultural laborers, but in the case of suitable immigrants it would not be difficult to devise a scheme by which the necessary funds might be provided.

TEN YEARS AGO

Extracts From The Nelson Daily Tribune of Jan. 11, 1901.

The West Kootenay Power & Light Co., Ltd., and L. A. Campbell, manager of that company, have filed objections with the government agent at Nelson against his granting the city of Nelson a record of water from Kootenay river.

Nelson has 277 telephones and Rossland has 301, and there is considerable rivalry between the central exchanges of the two towns as to which can make the largest gains during 1901.

Among the prospective building enterprises for 1901 is a handsome new church for the congregation of St. Paul's.

WHY THERE ARE TWO MEETINGS

Mayor Sends Ambassador to Citizens' Party—Offered Half Time of Meeting—Meets Refusal

To the Editor of The Daily News:

Sir—Feeling that many citizens might be disappointed if the joint meeting at the opera house failed to materialize, I requested Capt. McMorris to approach Ald. McDonald in the hope that some further concessions from me might cause him to reconsider his refusal to meet me.

The enclosed is Capt. McMorris' report of the negotiations, which he kindly allows me to publish.

HAROLD SELOUS.

Nelson, Jan. 10, 1911.

Ald. McMorris' Report

H. Selous, Esq., City

Dear Sir—Having been requested by you to wait upon Mr. J. A. McDonald and his committee to arrange, if possible, for a joint meeting in the opera house on Wednesday evening, I have to report:

1. That I met Mr. McDonald and Mr. J. A. Irving and suggested to them the desirability of holding a joint meeting. *To this the reply was made that* they had made arrangements for the use of the Gem theatre building and had already paid for the same. In reply I offered on your behalf to recoup them for the sum so paid. This offer was emphatically refused.

2. I further assured them that they would not be required to pay any portion of the sum charged for the use of the opera house, and that they would be allowed half the time of the meeting to use as they wished, you to be allowed the other half to use as you pleased. This offer was also rejected with the statement that they had endeavored to be fair with you in the proposition made on Saturday last and that as you had not then accepted said proposition they had determined to hold their own meeting and further that it would now be impossible to arrange for a joint meeting.

3. I also offered on your behalf, that if a joint meeting could be arranged that the two committees would meet and agree upon a chairman to preside at the meeting, I consenting to withdraw from that position, or appearing as a candidate for same.

The final statement was emphatically made by both the gentlemen that it was useless to think of a joint meeting and any further attempts to arrange for same would be futile.

D. C. McMORRIS.

Nelson, Jan. 10.

Will Not Preside

To the Editor of The Daily News:

Sir—The president of the board of trade will not be the chairman at the Citizens' meeting tonight.

F. A. STARKEY.

Nelson, B.C., Jan. 10, 1911.

ANNUAL MEETING WILL BE LONG ONE

Secretary Beeston Has Huge Pile of Communications for Board of Trade Tomorrow Night.

Judging by the large stack of communications and other written matter already in the hands of Secretary Beeston for presentation at the annual meeting of the Nelson board of trade the meeting tomorrow night will be a lengthy one as in addition to the ordinary business the president's annual report will be presented and the election of officers for the year will take place.

Among the resolutions to be brought forward for consideration will probably be one suggesting that the provincial government formulate some plan for the more rapid settlement of the undeveloped areas of the province. A telegram from the Vancouver board of trade, asking for the co-operation and assistance of the local board in this matter was received by Mr. Beeston yesterday.

HIGH SCHOOL LITERARY SOCIETY RESUMES WORK

Oratorial Contest Commences—Miss Thomas Takes Mrs. Pearcy's Position on Teaching Staff.

At the beginning of the new term at the high school Miss Thomas took the place of Mrs. W. S. Pearcy on the staff. Miss Thomas is a graduate of Dalhousie university and is well known in educational circles in Nelson.

The literary society at the school has resumed its regular work with the following officers: President, J. Y. Ferguson; first vice-president, George Patrick; second vice-president, Donald McQuarrie; secretary treasurer, Miss Dora Jordan; executive committee, Miss Adeline Lobb, W. S. Newitt, Miss Marion Wade, Arthur Gilker and Miss Gertie Annable. Miss Ina Steed has been reappointed as pianist.

At the regular meeting, held on Friday last, the first speeches in the oratory contest were delivered. This contest consists of a senior and junior division. During the term the best speakers will be selected from the large number of candidates to take part in the final public contest. Miss Dora Wolverton and Jack Ormsby were the speakers on Friday, the former dealing with "Experimental Farms" and the latter speaking on "Ambition."

WILL MEET HERE AND AT KASLO

Clergymen Gather in Nelson—Executive Meeting Today—Rural Deanery at Kaslo Tomorrow

The executive of the diocese of Kootenay will meet at 10.30 o'clock this morning in the parish hall of St. Saviour's church. Rev. S. H. Phillimore of Nakusp and Rev. E. St. George Smyth reached the city on the coast train last night and registered at the Strathcona. They will be present at the gathering, as will also Venerable Archdeacon Beer of Kaslo, who is at the Hume. Rev. F. H. Graham and Fred Irvine, secretary of the diocese, Rev. Christopher Reed of Balfour and Rev. H. W. Simpson of Rossland will also be in attendance, and C. W. Busk of Kokanee is expected to arrive on the Kokanee, in time for the meeting.

The bishop of the diocease, A. U. Du Pencier, of New Westminster, was expected to reach the city on the coast train last night but did not arrive. It is presumed that he was held up as a result of the delays to train service caused by the heavy snow storms at Revelstoke. It was stated last night that there is no communication between that point and Arrowhead.

At the conclusion of today's meeting, Rev. S. H. Phillimore, Rev. E. St. G. Smyth, Rev. H. W. Simpson, Rev. Christopher Reed, Venerable Archdeacon Beer of Kaslo, Rev. F. H. Graham, anw A. Durrant of Bonnington, will leave for Kaslo, where they will attend a meeting tomorrow of the rural deanery of Nelson. Rev. Mr. Graham is rural dean.

ARE YOU READY FOR WINTER?

Able to Stand the Cold?

"Fruit-a-tives" Will Build Up the Whole System.

The reason why some people cannot stand our Canadian climate is because their bodily health is not good. Heavy clothing cannot take the place of animal heat, generated by the normal body. To be comfortable in winter, we must have sound digestion, and pure, rich blood. The time to get ready for winter is NOW, and the thing to take is "Fruit-a-tives."

These wonderful fruit juice tablets do more than regulate the bowels and kidneys. They keep the whole system at its best—make every vital organ do its proper work—and thus give health, strength and vitality. Those, subject to chronic Rheumatism and Sciatica, stubborn Constipation and Bilious Attacks, Pain in the Back, Headaches and Neuralgia, should make it a point to take "Fruit-a-tives" and cure themselves completely before the severe cold spells come on.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for $2.50, or trial size, 25c. or will be sent to any address on receipt of price. Fruit-a-tives Limited, Ottawa.

Best on the Continent

NO MEETING OF THE RECIPROCITY COMMISSION

WASHINGTON, D.C., Jan. 10.—There was no session of the American and Canadian reciprocity commissioners today owing to the fact that Secretary Knox, who wished to attend the conferences, was obliged to meet with the cabinet at the White House. The delegates to the fisheries conference spent two hours in consultation at the state department today and adjourned until tomorrow. They are making progress in the consideration of fishing regulations but have made no statement as to the details of their deliberations.

RATE ADVANCES SUSPENDED

WASHINGTON, Jan. 10—While no official announcement is yet issued, it is practically assured that the proposed advances in freight rates in both the official classifications and western trunk line territories now under investigation by the interstate commerce commission, were suspended to some date beyond Feb. 1.

This year the best men will be elected to manage the affairs of the city of Nelson. The best photographs will still continue to be made at the Queen Studio.

Minard's Liniment Cures Diphtheria

PHOENIX SCORES OVER GRAND FORKS

Beats Visitors by Big Margin in Fast Game—Brilliant Hockey in First Half

(Special to The Daily News.)

PHOENIX, B.C., Jan. 10—Phoenix defeated Grand Forks 10-4 here last night in one of the fastest and cleanest games of hockey that have ever been played in the Boundary district. The ice was keen and the players had an opportunity to exhibit their speed and alterness. There were a few penalties for trivial offences but there was not an incident to mar a clean game.

The first half was particularly brilliant hockey, every player was on his mettle and went his limit and the score of 2-1 in favor of Phoenix fairly represented the respective team's playing. But the second half proved that the home team had the staying qualities, the score at one time being 8-2 in their favor. The scoring of the fourth goal for Grand Forks was the last movement of the puck. Phoenix tied Grand Forks on the latter's ice last Friday. These are the only games in the Boundary league played to date.

Referee McDonald of Greenwood in both games won a host of admirers for his fairness and his efforts to promote clean hockey.

There was a record attendance at the match. The visitors came up by special train and were accompanied by 150 supporters. The city band met them at the station and escorted them to the rink. Greenwood comes to Phoenix on Jan. 12 for the next league match.

It is in time of sudden mishap or accident upon to take the place of the family doctor, who cannot always be found at the moment. Then it is that Chamberlain's Liniment is never found wanting. In cases of sprains, cuts, wounds and bruises Chamberlain's Liniment takes out the soreness and drives away the pain. Sold by all druggists and dealers.

FIRE IN NORTHERN WILD

PORT ARTHUR, Ont., Jan. 10—Meagre details have been received here of a disastrous fire in the settlement at Northeast Bay, on Sturgeon lake, 200 miles northwest of Port Arthur on Dec. 30. The fire started in a pool room and spread to the store and post office occupied by Charles Burovitch, who was overcome in his efforts to save his goods, but was rescued.

Mr. W. H. Edwards, C.P.R. city agent, is arranging a special party from the Kootenay district to the bright and health giving south with the city of Los Angeles as destination at a rate never before quoted.

Ald. McDonald to the Electors of Nelson

The Policy on Which He Appeals for Support for Mayoralty

To the Citizens of Nelson:

Ladies and Gentlemen,—I should be glad if you would allow me to give the electors of Nelson some reasons why I should be elected mayor of Nelson, and at the same time allow citizens time to digest these reasons before casting their votes. It is true that public meetings are being held tonight, where these various questions will be discussed, but I believe that the electors should have time to consider matters calmly, and without being carried away from their honest convictions at a public meeting.

In brief, I am opposed to the Selous administration, because during the time Mr. Selous has been mayor of this city I do not believe his administration has been one which has been for the best interest of the city of Nelson, and I do not believe that the citizens of Nelson have been treated in the manner which they deserve. I believe in placing before the public all matters which are of interest to the ratepayers, and I feel that one question more than another which should have a complete and thorough investigation is the city power plant. We are all aware that one of the chief boasted assets of this city is our cheap power and our power plant, which power plant has cost nearly $400,000, and for which amount the city of Nelson has issued special debentures. There now comes to us the startling news that this power plant is not all that it should be, and that we have a defective plant. Whether this is a fact or not we do not know, because we are not experts, but we do know that something has arisen, and I believe that it is now high time this guess work should and and that the plant and all matters connected with it should be thoroughly investigated; and if it is now found that the plant is not in the condition that it should be in, that the blame should be placed on the shoulders of the proper persons. Mr. Selous has stated that he will answer Mr. Smith's charge at his public meeting this evening. I believe that in fairness to the citizens of this city, and in fairness to himself, that Mr. Selous should have at once given to the public every detail that he has in his possession in order that his answer or explanation should be properly dissected before the election. This answer or explanation should have been given without delay, and he should have at once taken the public into his confidence, instead of waiting until the eve of an election, when his plausible explanation will not have time to be investigated. I take this opportunity of stating that Mr. Selous, in his delay in answering these charges, has shown that he does not desire his explanation to be thoroughly ventilated before the election day. I say that whatever Mr. Selous' answer may be at tonight's meeting, that unless he can show the people of Nelson that there is no defect in the power plant, that he has failed in his duty to the people of this city. I say to Mr. Selous that his duty tonight is to tell the people of Nelson whether the power plant of Nelson is in such a condition that no fault can be found with it, and if it is not in that condition, why, as mayor of this city, has he not seen that it is in such condition. Surely the city, which has been by Mr. Selous often termed "broke," cannot afford to have thousands of dollars thrown away and wasted on a power plant which is defective. I do not say that the power plant is defective, but I do say that the citizens should know the exact condition of the power plant, and I pledge myself that if elected mayor, as I will be elected, that I will have a thorough investigation of the power plant and all matters connected with it made, and will give to the people of Nelson the fullest information as to its condition, and will not allow matters to drift along as has been allowed to be done in the past. We cannot afford to take chances on this valuable asset. This is a matter of serious importance to the city of Nelson, and one that cannot be overlooked at the polls tomorrow.

If elected, I propose to give to Nelson a progressive, economic, business administration. I believe in Nelson and its possibilities. I do not believe in the stagnation policy adopted by Mr. Selous: neither do I believe in the wasting of our revenue, but rather I believe in living within our revenue, and at the same time giving progressive administration. We have a considerable revenue and I believe that if the affairs of this town are taken out of the hands of political heelers and are wisely administered, that a much greater showing can be made for the money than has been made by Mr. Selous. I do not believe in wasting or throwing away the revenue we have. I believe the money which has been spent upon the streets and sidewalks should be for permanent improvements, and not used for the purpose of filling little mudholes and providing a living for political supporters. You are all aware of the fact that the streets of Nelson are in a lamentable condition. Look at Baker street, and the condition it was in before the snow covered it. Can Mr. Selous say that such a condition is a natural one, and that by business methods this condition cannot be materially improved. I do not for a moment say that this can be done at once, but I do say that a start can be made, and that is more than Mr. Selous has done. Look at the permanent sidewalks that were built during the first year of Mr. Selous' regime, and any person who is acquainted with the cost of such sidewalks will know that Nelson paid a much greater price for such sidewalks than any other city in Canada. Let Mr. Selous give a valid reason for this. For $17,000 spent by Mr. Selous on city sidewalks and streets during the past year, what is there to show for it I say not only should the power plant be investigated but it should be shown to the citizens of Nelson where their money is being spent, and I will, if elected, do this, and will promise that my actions will not be controlled by any person, and that there will be no charge brought up against me that I am controlled by Waterman or any other person.

I stand for the abolition of the saloons; nothing more, nothing less. It has been urged as a canvass against me that I am opposed to the hotels. Let me assure the public that my war is not against the hotels, but only against the saloons, and in this I am adopting a course which has been followed by most of the leading cities in Canada and the United States.

I am also opposed to gambling. Mr. Selous his intimated in the council that gambling is a good thing for the city. I cannot agree with his opinion, and am strictly opposed to it.

I believe in boosting Nelson and not in knocking it. If we can hope to encourage industries to come to this town we must have confidence in ourselves and believe in our future. If we advertise to the outside world, as Mr. Selous, as mayor, has constantly done, that the city is broke, how can we hope to induce manufacturers and builders of industries to come to a city whose own mayor says is bankrupt. I say the city of Nelson is not broke, but by proper business management the finances of this city can be put in excellent shape. I have made a success of my own business, and it is a business which requires hard work and good management to make a success of, and if elected mayor I propose to make a success of the business of Nelson, as I have made of my own business.

I do not believe in personalities entering into a campaign, but there have been claims and unfair canvasses made against me. I have heard statements of many radical things that I am going to do. I want to assure the public that if elected my administration will not be a radical, freak or crank administration. I do believe in the abolition of the saloons and in the demise of Waterman as a factor in the government of the affairs of Nelson. I have heard it rumored that Waterman and Charles Maglio have said that they ran Gillett out of town, and now that they will run McDonald out of town. I want to say here and now that these men will never drive me out of this city, and that I will not be satisfied until Waterman has lost his control, and "Little Italy" ceases to govern Nelson. If, however, the electors of Nelson desire Waterman to control this town, then I say frankly that they will have to vote for Mr. Selous. I do not wish, as I have before stated, to become personal, but the influence these men have on the affairs of the city cannot be overlooked, and you must remember that a vote for Selous is a vote for Waterman.

I have written this letter so that the citizens of Nelson may have ample time to consider what I have said, before voting. I am not like Mr. Selous, afraid to take the public into my confidence and make statements only at the last moment, which time will not permit the contradiction of Mr. Selous, in a letter published in The News, has accused me of cold feet and of being frightened to meet him. Mr. Selous knows better than that. Mr. Selous knows that I have never been afraid of meeting him, nor awed by his plausible and sarcastic remarks. The citizens of Nelson know well that whatever else I may be, I do not try to wriggle out of anything, and am not afraid to state my honest convictions. One candidate is in the field, and only one, who dare not face the facts as they are. One whom you will admit, has always in the past evaded business questions, but by a political harangue on the eve of the election stampedes the people into voting for him. One who will make reckless statements when he knows there is no opportunity of their being contradicted; and that gentleman is Mr. Selous. I have not intended to become personal, and have not brought personalities into this campaign until Mr. Selous brought it on by his letter to the press. I have heard many rumors as to the things which have been said concerning my personality, and remarks by Mr. Selous and his crowd, but I have heretofore ignored these comments. But I want it understood here and now that I am not afraid of Mr. Selous anywhere or at any time.

Mr. Selous, the "absolute fair-play" man, suggested a joint meeting, and I, of course, felt that at a joint meeting all parties would have equal rights, and all matters could be mutually agreed upon, and was only too glad to meet Mr. Selous upon such conditions. Such was not the case, however, as I found that Mr. Selous had everything cut and dried, his own chairman, and the speakers to speak in the order he wished. I declined to allow Mr. Selous to conduct such a meeting, as the terms were not satisfactory. We made several propositions to Mr. Selous, and in one proposition he was to get one hour and a quarter to speak. But no, the "magnimous" Mr. Selous would not give an inch. If Mr. Selous was so anxious to have me at his meeting, why was he not willing to concede a little

The statements I have made in this letter are facts. I am not afraid to let Mr. Selous have a chance of answering, and to leave the judgment with the citizens.

J. A. M'DONALD.

January Clearance Sale

Another List of Bargains Worth Coming After . . .

We intend this clearance sale to be a real clearance. The goods must go. We don't believe in the system of putting what's over down in the cellar and dishing it up as new the next year. We prefer to give you all the benefits, so goods are marked right down regardless of cost to a price we think should sell them freely. Just come and look them over, you will be surprised at the number of bargains there are for you. Here are just four.

Ladies' and Children's Hose
You Won't Get Cold Feet If You Buy These

Ladies' plain, all wool cashmere hose, Pen Angle seconds, sizes 8 1-2 to 10, regular value 50c. Sale price 25c.

Heavy ribbed wool hose, fast colors, sizes 6 to 10, regular 35c. values. Sale price 25c.

Ladies' plain cashmere hose, regular 35c. Sale price 25c.

Children's wool or cashmere hose, regular 35c. Sale price 25c.

Women's Flannelette Wrappers $1.25

All our women's flannellette wrappers go into the sale at one price. They are made of good heavy flannelette in colors navy, cardinal and grey, with floral designs in polka dot pattern. The skirts are trimmed with a deep flounce, full width at the bottom, and the waist with reveres of the goods. Regular $2 and $2.25.

Sale Price $1.25

Children's Dresses at Less Than Half Price

To clear out what are left of our children's dresses we will put them all in at one price, and that a ridiculously low one. They are made of fancy striped galateas, serges, cashmeres and Scotch plaids, and worth in the ordinary way from $3.75 to $7.

Sale Price $1.95

Some Extraordinary Values in Silk Blouses

Regular $7 for $3.50

Black and colored silk blouses, made of Taffeta or Messaline silk, open front or back. All this season's styles. Regular $6.50 to $7.

Sale Price $3.50

MEAGHER & CO.

Eagle Block Baker Street

Houses Are Not Always Homes

Here Are Two Nice Homes

Nice two story house on Latimer St., six rooms, bath, nice pantries, cellar, large hall, on two fine level lots. Rents for $20 per month. Surely a very good investment at $1700 on any reasonable terms.

That fine two story 8-roomed house on Mill St., two level lots, veranda on two sides. This house will be sold at a sacrifice price, $2350 on a cash payment of $500 and the balance monthly. Let us show it to you.

Fruit Lands

We are about the oldest established firm dealing in these lands and consequently have a wide experience and knowledge of the country. Call and we will be glad to give you any information about land in almost any section of the Kootenays. Here are a few choice selected buys:

10 acres at Balfour, near C.P.R. hotel, all good land and rich soil. Fronts on the lake and about one mile from Proctor. Boat lands at property and post-office about 100 yards distant.

Several 10 acre lots at Lancaster—partly improved and in one of the best ranching districts in the Kootenay.

10 acres at Grey's creek, fronting on the main lake. Easily cleared and land is all occupied adjoining.

Crawford Bay—We have the land for sale which lies nearest the lake on level land, and adjoining the Burden ranch and sawmill. This we can sell at less than other owners are holding two miles from transportation in the bay.

We have numerous other equally excellent properties and it would pay the land seeker to investigate our list before buying.

MUNICIPAL ELECTION

PUBLIC MEETING

A Public Meeting will be held in the Opera House on WEDNESDAY, January 11, 1911, in order to afford all candidates for Mayor or Aldermen an opportunity to address the electors.

Ald. McDonald and his supporters have been invited to attend, and will be afforded equal rights of speech with other candidates.

Chair will be taken at 8 o'clock p.m. by Alderman D. C. McMorris.

Front rows reserved for ladies and their escorts.

HAROLD SELOUS, Mayor

WHEAT TAKES A DIP

WINNIPEG, Jan. 10.—The wheat was like the blizzard, fierce winds and breathless pause, but on the whole it accomplished less than the blizzard. Just at the opening there was a concerted effort, and with much expenditure of voice and music the bulls worked May to 99⅞c, at which point a small amount was sold. Then came the deluge. American markets began to decline, there was nearly 4,000,000 increase in European visible, the foreign crop summary was bearish, there was no export to be worked, everything being out of line, and with a most surprising ease the market slid off 1c to 1¼c. There was but one sale at the latter figure, and May reverted to 98¾c, at which point it held for over an hour without fluctuation. Just before the close the bulls made a final rally, and succeeded in carrying the price back to 99¼c, at which point it closed, it being unchanged to ⅛c under Monday. July closed ⅛c down. The final close of the American markets showed them ⅛c to ¼c down on likht trading.

C. P. R. STILL RISES

WINNIPEG, Jan. 10.—The announcement made yesterday afternoon of an increase in C.P.R., from outside sources, resulted in a very active movement in that stock this morning. In New York, C.P.R. closed at 198. This morning it opened at 202½, and at noon sold at 204¼. In Montreal, C.P.R. opened at 202½, and is now quoted at 204¾. The New York market is fairly quiet, with an advance of about ⅛ all through the list. Montreal is also quiet, with Dominion Iron off a little, selling at 57⅝.

TORONTO LIST ACTIVE

TORONTO, Jan. 10.—While the C.P.R. largely dominated the local market this morning, several other issues were active, in continuance of the general firmness. The C.P.R. dividend increase came unexpectedly, as the announcement had not been looked for until later in the year. Apparently London had better advice, as the stock has been in demand there for some time. In London today it closed equivalent to 203¼. In New York C.P.R. opened 2½ higher at 202½, and before noon had toucred 204¼. On the Toronto exchange 1,190 shares sold at 202½ to 205. Montreal was a buyer too, here, to a considerable extent.

LONDON MONEY FIRM

LONDON, Jan. 10.—The money market was bare, and supplies at discounts ruled firm. On the stock exchange the chief attention was in the mining section, and the carry over of fresh business was unimportant. Canadian Pacific shares were buoyant, and touched a record of 209½ on the announcement of an increase in dividends. Gilt edge securities and home rails were steady, while copper was weak on the decrease statement of the Copper Producers' association. Shell Oils were in good request on revived rumors of an agreement with Standard Oil. American securities opened steady, and advanced, with Canadian shares leading. During the afternoon prices receded on New York selling, and the final tone was unsettled.

AFFILIATED ISSUES STRONG

NEW YORK, Jan. 10.—Business fell off to a marked degree in stocks and bonds, while prices reflected no great weakness until the final hour, the undertone being uncertain all day. A rise of seven points in C.P.R. followed yesterday's announcement of a proposed increase in the dividend to 10 per cent, and stimulated the demand for affiliated issues. In the late trading the heavy selling of certain industrials produced all round weakness, and the market closed heavy, with a majority of net losses. United States Steel was fairly steady, and the company's report of unfilled tonnage for December, showing a decrease of 85,600 tons, was in line with general expectations, even though it marked a new low record in the history of the corporation, and demonstrated anew the unsatisfactory state of that industry. According to trade authorities, prices of many finished products in steel and iron are now the lowest in the 13 years, which minimizes the prospects of any further concessions at the meeting of these interests here tomorrow. A conservative statement of operations by leading mills is about 45 per cent of their capacity. The general bond market was irregular, with declines in most city issues. Total sales, par value, $3,306,000.

CONFIDENCE IN FUTURE

MONTREAL, Jan. 10.—C. P. R. excitement completely eclipsed all the other stocks today, and there was only scattered trading in the rest of the local list. The action of the C.P.R. board means a great deal to Canadian securities. Much confidence is placed in the C.P.R. president and directors, and by their action they have indicated confidence in the future of this country. It is clear that the C.P.R. board is not looking for any severe halt in Canadian business, and it is evident of course that they do not share in the gloomy prognostications of many business men and financiers in regard to the 1911 outlook.

Your cough annoys you. Keep on hacking and tearing the delicate membranes of your throat if you want to be annoyed. But if you want relief, want to be cured, take Chamberlain's Cough Remedy. Sold by all druggists and dealers.

SHERIFF'S SALE

By virtue of Warrants of Execution issued out of the County Court of West Kootenay, holden at Nelson, against the goods and chattels of Robert Elliott, defendant, I have seized and taken into execution all the right, title and interest of the said defendant, Robert Elliott, in the stock-in-trade now contained in the premises occupied by the said Robert Elliott in the city of Kaslo, B.C., and consisting of a large variety of wood working tools, furniture, bar fixtures, including one mirror 8 feet by 4 feet, four burial caskets, and other goods and chattels. All of which goods, or sufficient thereof to satisfy said Warrants of Execution and subsequent costs, I shall sell by public auction in the city of Kaslo, B.C., on Friday, the 13th day of January, 1911, beginning at the hour of 10 o'clock in the forenoon.

An inventory of the said goods and chattels may be seen upon application to W. G. Robb at Kaslo, and at my office in the courthouse at Nelson, B.C.

Terms of sale, cash.

Dated at Nelson, B.C., 5th January, A.D. 1911.

S. P. TUCK, Sheriff of South Kootenay

MORTGAGE SALE

Under and by virtue of the powers contained in a certain Mortgage, which will be produced at the time of sale, there will be offered for sale by public auction by Thomas A. Robley, at his auction rooms, 218 Baker street, Nelson, B.C., on Wednesday, the 18th day of January, 1911, at the hour of 12 o'clock noon, the following property, viz.: Lot 395, Group one (1), Kootenay district, British Columbia.

For terms and conditions of sale apply to
ARCHIE M. JOHNSON,
Barrister, etc.,
Nelson, B.C.
Solicitor for the Mortgagee.
Dated 10th day of Jan., A.D. 1911. 226-6

Municipal Election

TO THE ELECTORS OF THE CITY OF NELSON:

I beg to offer myself for re-election as mayor of the city for the ensuing year.

If re-elected I will in the future, as in the past, endeavor to give the city a safe, sane and strictly business administration, discouraging freak and crank legislation and pledge myself to conduct the affairs of the city with economy, efficiency and moderation.

Harold Selous

We, the undersigned, beg to offer ourselves as aldermen in sympathy with the candidature of Harold Selous:

East Ward
George Ferguson
J. A. Gilker
J. Fred Hume

West Ward
P. J. Gallagher
Thomas Madden
R. A. Peebles

Nelson, Nov. 25. 1910.

Citizens' Platform

1. Abolish the Saloons—We believe that the majority of the Citizens of Nelson desire this and that the hotels provide the accommodation needed.

2. Stop the illegal sale of liquor in unlicensed premises.

3. Make more and hence more economic improvements to the streets The temporary patchwork of the past has been expensive and unsatisfactory The citys' machinery should wear out rather than rust out.

Beautify—The annual expenditure of a reasonable amount in co-operation with our enterprising citizens, and aided by our unsurpassed natural advantages, would soon make Nelson one of the most beautiful cities on this continent.

5. Procure industries to use Nelson's surplus power and make bigger payrolls.

The above platform meets with our hearty approval.

Candidate for Mayor
J. A. McDonald

Candidates for Aldermen
EAST WARD
R. G. Joy
H. McKenzie
WEST WARD
Thos. D. Stark
C. H. Sewell
N. Wolverton

NOTICE

Notice is hereby given, all taxes for the year 1911 are now due and payable at my office.

This notice is deemed in law, to be equivalent to a personal demand by me of all taxes due or payable by persons liable to pay the same.

Dated at Nelson, 3rd day of January, 1911,
STEPHEN H. HOSKINS,
Collector,
6-1-11-4w. Nelson Assessment District.

Take notice that the undersigned, The Astley-Elford Boat Company Limited, intends to apply to the Registrar of Joint Stock Companies for permission to change its name to "Nelson Boat and Launch Company, Limited."

Dated this 10th day of January, A.D. 1911.

THE ASTLEY-ELFORD BOAT COMPANY, LIMITED.
LESLIE CRAUFURD, *President*,
C. A. HASTINGS, Secretary. 226-30

To the Electors of the East Ward

Ladies and Gentlemen:

At the request of a large number of citizens I am an independent candidate for alderman in the East ward and solicit your votes in the coming election. I endorse the platform of the Citizens' party and when elected will work as in the yast year, for a straightforward administration of the city's affairs. Wishing you the compliments of the season.

William Rutherford

Dec. 14, 1910.

Election Day

is coming, all candidates for "Municipal Honors" are willing to become the best managers the city ever had in its history, all are willing to do their duty as their own minds dictate. When they are elected everything will run smoothly, the city will gradually blossom in the spring time into a beautiful garden peopled with happy smiling children; everybody will be glad when the candidates of the Citizens' party are elected. Then Nelson will become indeed a city of homes, for happy homes are the source of a city's prosperity and happiness. Who will govern our city The men that we vote for.

Vote for the Citizens' party.

NELSON NEWS OF THE DAY

(Additional News Notes on Page Eight.)

Born, on Jan. 9, at the residence of Nurse Quinlan, to the wife of S. Walker, Castlegar, a daughter.

A drill practice of the Boys' Brigade will be held on Friday evening at 7 o'clock, when all members are asked to attend in uniform.

Born, on Jan. 10, at the residence of Nurse Quinlan, Hall Mines road, to the wife of D. McLeod, Stanley street, a daughter.

The regular meeting of Nelson aerie No. 22, F.O.E., will take place in their hall this evening at the usual hour, when a full attendance is requested, as business of importance is to be discussed, in addition to the installation of officers.

The regular meeting of the Y.M.C.A. Literary and Debating society, called for this evening, has been postponed till next Wednesday, Jan. 18 on account of the municipal meetings to be held tonight. At next week's meeting, supper will be served to the members of the society at 6.30 o'clock, and the program will begin at 7.30. The topic chosen for the occasion is, "Reminiscent Travel Talk," and every member is requested to be prepared to take part and contribute some account of an interesting holiday trip, and also to relate within a 5-minute limit his pioneering experiences, if any, in this western country. A further announcement in respect to the meeting will be made at a later date.

Sewing done. Mrs. E. D. Manhart, 914 Victoria street. 226-6

Why not spend the winter in the "Sunny South" beside the Pacific ocean. See Mr. H. W. Edwards, City Ticket Agent for all particulars regarding rates and routes.

By a mistake a candidate for school trustee was referred to as Robert Lemox Douglass, and in another place as R. W. Douglass. The candidate is R. L. Douglass, the optician.

$66.25 will take you to the much talked about mecca of the winter tourist, Los Angeles, and bring you back through San Francisco and Spokane to Nelson, going January 14, 15, and 16, with a return limit of 90 days. See C.P.R. City office.

R. Lawrence, of the International Correspondence Schools has again moved his office, and is now permanently located in Room No. 15, K.W.C. block, and will be in Nelson Jan. 5th to 14th. 216-tf.

GRANBY MAKES DIVIDEND PAYMENT

Semi-annual Statement at End of Year Reviews Recent Operations—Development Being Pushed

(Special to The Daily News.)

PHOENIX, B.C. Jan 10—The publicity policy which the management of the Granby Consolidated Mining, Smelting & Power company decided upon at the stockholders meeting last October, has taken concrete form in the first semi-annual report which was mailed with the dividend checks on Dec. 31.

George Martin Luther, president of the company, in this statement says:

'Pursuant to a resolution passed at your last annual meeting, the directors beg to submit the following brief summary of events since that date.

'Until very recently we have been running at about half capacity and the profits have naturally been small, but sufficient in the opinion of the directors to justify the payment of a small dividend in December.

'Development work has been pushed vigorously. Diamond drilling operations at the south end of the Knob Hill and adjoining claims at Phoenix have disclosed a considerable body of ore and it is expected that the drift from the present workings which is now being run will add materially to our reserves.

"Two options on new properties have been taken on attractive terms, one on the Cliff Consolidated St. Elmo at Rossland and one on those of the Hidden Creek Copper company on the coast of British Columbia, both of which are considered by engineers as likely to prove important. If the developments now in progress confirm our expectations in these cases, the question of actual purchase will be referred to a special meeting of the sharholders. Everything indicates an energetic and successful campaign during the coming year."

At a cost of approximately 10.20 cents per pound, Granby produced in November 1,410,261 pounds of copper as compared with 1,184,234 pounds in October Precious metal contents totalled 36,228 ounces of silver and 2587 ounces of gold.

In November six furnaces of the smelter were in blast. Early in December the seventh furnace was blown in and in the course of a few days the eighth will be started, so that the entire battery will soon be operating.

For some time earlier in the year the smelter was running but half capacity, but in October orders were wired to blow in immediately two additional furnaces. When the entire plant is running 4500 tons of ore can be treated daily.

The company's total produce for the first 11 months of last year is reported as 18,373,435 pounds of copper.

Regulate the Bowels

"I have been troubled with constipation for several years, and have tried a great many kinds of pills, as well as medicine from the doctor. Nothing seemed to help me until I began taking Dr. Miles' Nerve and Liver Pills. I found the little pills very effective, and I am thankful that at last I have a reliable remedy."

MRS. F. M. DUNKIN,
LeRoy, Ills.

Dr. Miles' Nerve and Liver Pills

simply cause the bowels to move in a normal manner, and without the griping effects of cathartics and purgatives. That's why they are so universally used by women and children. The longer they are taken the less are needed Natural conditions gradually being restored.

Price 25c at your druggist. He should supply you. If he does not, send price to us, we forward prepaid.

DR. MILES MEDICAL CO., Toronto.

ACCLAMATION IN GRAND FORKS

(Special to The Daily News.)

GRAND FORKS, Jan. 10—In the nominations for mayor, aldermen and school trustees held in this city, the following were declared elected by acclamation, there only being a sufficient number of aspirants to fill the several offices: Mayor, Robert Gaw. Aldermen—West ward, B. Lequime, Jeff Davis, C. A. Atwood; East ward, W. Bonthron, Fred Downey, J. A. Smith; school trustees, J. W. Rutherford, W. A. Cooper, Donald McCallum, G. H. Hull, N. L. McInnis. The council for this year is practically a new one, the only member of the previous board being Ald. Smith.

HUGH JENNINGS TAKES A BRIDE.

SCRANTON, Pa., Jan. 10—Hugh Jennings, manager of the Detroit American league team, was married here today to Miss Nora O'Boyle of this city. The ceremony was performed in St. Patrick's cathedral in the presence of many friends of the bride and bridegroom.

Minard's Liniment Cures Distemper.

NELSON NEWS OF THE DAY

(Additional News Notes on Page Seven.)

Mrs. H. Parker of Slocan City is at the Strathcona.

A. J. Becker, superintendent of the Lucky Jim mine, is a guest at the Hume.

A. B. Hood and Henry Steele of Grand Forks came in yesterday and are guests at the Strathcona.

The Canadian Order of Foresters will meet in the K. of P. hall tonight at 7.30 o'clock for the installation of officers for the year.

Members of Trinity Methodist church choir are reminded of the practice at 8 o'clock tonight. This will be instead of the regular Friday evening practice.

There will be a meeting of the Chess club on Friday next at 7.30 p.m., at the residence of G. B. Wickes, 1313 Stanley street, at which all members will be welcome. This is preparatory to the next tourney with Spokane, which is to take place on Thursday, Feb. 2.

Joseph Simard, wanted at Enderby for "assault with intent," according to a wire received by John T. Black, chief constable, from Provincial Constable Price, was arrested in Nelson shortly after noon yesterday by James D. Wightman, provincial constable. The wire was received by Chief Black about 1 o'clock, and 20 minutes after its receipt Simard was in the provincial jail. An officer is expected immediately, to take him away to Enderby.

Installation of officers at the I.W.W. lodge No. 125 took place last night, the following officers being installed: President, R. G. Brund; vice-president, C. A. Barton; financial secretary, A. L. Elliott; recording secretary, J. R. Austin; treasurer, John Young; warden, John Elliott; conductor, A. Dingwall. After a program of songs and recitations, and refreshments, the lodge was honored with short addresses by Ald. McDonald and Mayor Selous. After this, songs were sung by Charles Swanson, Bros. Ball, Robinson, Stevenson and Davis, and a recitation was given by Bros. Alex. Olliver. Songs by Bro. Angus Caskie and Bro. Craig concluded the evening.

Chamberlain's Cough Remedy has become famous for its cures of coughs, colds, croup and influenza. Try it when in need. It contains no harmful substance and always gives prompt relief. Sold by all druggists and dealers.

Vote for McDonald and one mayor. Adv.

AT THE THEATRES.

"A Stubborn Cinderella" will be presented at the end of this month. This is a musical comedy which rushes along on its laughing, swinging, dashing way, with vim and rapidity, a bewildering, delightful array of pretty girls, catchy music, whirlwind dancers, and laughable dialogue. "A Stubborn Cinderella" is the title of this charming piece, and despite the above features, it has a plot, logical and of absorbing interest, whose thread is never lost sight of, no matter how interrupted by musical interpolations. Although this will be its first presentation here, "A Stubborn Cinderella" comes with a record of brilliant past performances, successful in every respect, and the mere mention of the piece will bring to the mind of those who know the play, memories of the catchy music and charming story.

The change of program at the Empire theatre this evening includes several good western films, amongst which are, "Western Justice," and "Starlight's Devotion," both being most interesting pictures. Other subjects are, "Sleepy Jones," and "The Devil."

Hoarseness in a child subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given at once or even after the croupy that Chamberlain's Liniment can be relied cough has appeared, it will prevent the attack. Contains no poison. Sold by all druggists and dealers.

ST. CATHARINES LOCK-UP.

ST. CATHARINES, Ont., Jan. 10—In his report to the police commissioners at their inaugural meeting today, Chief Green complained strongly of the unsanitary conditions at the police headquarters, where the cells for women and men are all contained in one large room. Mayor McBride has already suggested that the city council move to remedy the nuisance.

APPROVES CHURCH UNION

ORANGEVILLE, Ont., Jan. 10.—The Orangeville presbytery, after a spirited discussion on church union today, approved by a vote of 11 to 6 the basis of union submitted by the general assembly.

To err is human. The Queen Studio is human, but it errs as little as possible.

R. J. Steel

School Trustees Election

At the request of a large number of ratepayers I beg to offer myself for the position of school trustee. If elected I shall devote my very best endeavors to the advancement of the educational interests of the city of Nelson.

Your vote and influence is respectfully solicited.

T. D. DesBrisay

OTTAWAS LICK CREAMERY MEN

Sensational Game Results in Win for Capitals by One Goal—Kerr's Splendid Work

OTTAWA, Jan. 10—Ottawa's third victory in the National Hockey association was registered at Renfrew when the former Stanley cup holders won from Renfrew's reorganized team in the Creamery Town tonight, the red, white and black capturing a seesaw game by a score of 5-4. The winners led throughout and while they deserved the victory Renfrew's close checking kept the score down and the result was in doubt until the final period, when Ottawa went ahead and successfully staved off the frantic efforts of the Renfrew team to even the score.

Albert Kerr played sensational hockey, scoring three goals. Fred Taylor lacked condition and was taken out of the game in the second period. The play was strenuous and many penalties marred the game.

Speed Overwhelms Renfrew

Coming to the point of the last play with a burst of speed that simply overwhelmed the Renfrew seven, the unbeaten hockey team won out after a bitterly contested match which kept the spectators in a frenzy of excitement and which tied three times. The brilliant work by the entire Ottawa bunch in the closing minutes of the game gave Ottawa their third successive victory and practically eliminated Renfrew from the National championship. The teams lined us as follows:

Ottawa—Lesseur, Lake, Shore, Darragh, Walsh, Ridpath and Kerr.

Renfrew—Lindsay, McNamara, Taylor, Rowe, Smith, Cleghorn and S. Cleghorn.

Referee, Des. E. Brown; judge of play, Jack Brennan.

THE HERPICIDE GIRL

Says Everyone Can Have Beautiful Hair

I am really ashamed of some of my girl friends when I look at their hair. There is no sense in having such looking heads. It simply shows that while they may be scrupulously neat in every other way, they are careless about their hair.

Thin, scraggy, wispy hair generally indicates dandruff, and dandruff is caused by a germ. Newbro's Herpicide will kill that germ and keep the scalp as clean and healthy as can be. This permits the hair to grow naturally and luxuriantly. That terrible itching which goes with dandruff stops with almost the first application.

Substitutes or remedies said to be "just as good" are offered, but it is better to buy the genuine original germ killer, Newbro's Herpicide. There is no guesswork about that preparation. A trial isn't necessary, just buy a bottle and use it. The results are sure to be better than you expect.

For sale at all drug stores. One dollar size bottles guaranteed. Applications obtained at the better barber shops. Send 10c in postage for sample and book to The Herpicide Co., Dept. R., Detroit, Mich. The Poole Drug Co., Ltd., special agents.

We wish you a

Happy and Prosperous New Year

GLASS WINS MATCH

MONTREAL, Jan. 10—There may have been faster hockey games in the Arena, but few matches have furnished a more exciting finish than the game tonight between the champion Wanderers and Quebec. Wanderers were leaders all through the game and one point to the good five minutes before the end of the third period when Otman put Quebec even, the score standing four all. It took 13 minutes overtime play to decide the matter, Glass winning the game for his team amidst the greatest excitement.
