House of Commons Listens to Sheffield Choir

TRADE RELATIONS WITH WEST INDIES

Government Urged to Take Action--Member Proposes Adjournment

OTTAWA, Ont., March 30.—One of the most unique occurrences in the history of the Canadian parliament marked the adjournment for dinner at 6 o'clock today, when the Sheffield Choir, which is touring Canada, sang a few selections for the members and their assembled friends. Word was passed around during the afternoon that at 6 o'clock the choir would occupy the public gallery and sing, with the result that when the speaker left the chair the official galleries were crowded and members were joined on the floor of the house by their wives and others. The speaker, after proceeding to his apartments as usual, returned and in a few well chosen words announced that the choir would render a few selections. The sergeant-at-arms then gave the signal to Conductor Cowardingall and soon the refrain "O, Canada" brought the members to their feet. Hearty applause greeted the efforts of the choir, which responded with a splendidly rendered anthem, followed by the national anthem. Then the members and every other Canadian present broke into cheers and the choir responded with counter cheers, the scene being one of the most inspiring ever witnessed within the four walls of parliament.

The greater part of the day was spent in committee of supply on the estimates of the department of railways and canals. Hon. G. E. Foster caused a short discussion on trade relations between Canada and the West Indies by reviewing the report of the imperial commission which recently inquired into the subject and recommending that the government take action on its recommendations. Mr. Fielding pointed out that there were difficulties in the way, but the government proposed to do its best.

In reply to a question as to whether the government had any information as to the armament of the nine vessels which the American government maintained on the Great Lakes, Sir Wilfrid Laurier said he was under the impression that the government had some confidential information but he was not sure.

Situation Critical.

Major Herrin inquired of the minister of labor as to the strike situation in southern Alberta.

Hon. MacKenzie King in reply read the telegram he sent on Wednesday to the leaders of the coal miners asking them to use their best efforts to avert a struggle. His telegram, he said, had been acknowledged by Mr. Carter, secretary of the district union, at Fernie, but no reply had been received from other labor leaders to whom the telegram had been addressed. The minister added that the department proposed to do its best to avert a strike. At the present time an official was endeavoring to induce the interested parties to arbitrate under the industrial disputes investigation act. At the moment, however, he could not but regard the situation as critical.

George Taylor asked if it was not so that a couple of years ago when a strike was on in the same district the miners had defied the minister of labor and the department to do anything. Mr. King pointed out that when the mine at Hillcrest locked out its men the law was invoked and the company was fined.

Richard Blain wanted to know if it was the policy of the department to favor free or organized labor. Mr. King said that it was the policy of the department to watch the general interests of all working people and not to take sides one way or the other.

Wants to Adjourn.

On motion to go into supply, E. N. Lefis moved an amendment to the effect that owing to the existence of typhoid and the frequency of outbreaks of smallpox and other diseases in Ottawa the house after voting supply should adjourn till the early autumn. The motion was to have been seconded by Dr. Chisholm, but he did not happen to be in the house and when it was read there was no seconder and it was declared lost. The speaker named Dr. Daniel as seconder but the medical man from St. John, N. B., declined the honor. Before moving his amendment Mr. Lewis had a number of rather hard things to say about the administration of civic affairs for the city of Ottawa. He described it as a "cosmopolitan hodge podge." After dilating on the matter of the renewal of typhoid in the fly season, Mr. Lewis moved his ill-fated amendment.

Canada and West Indies.

Hon. George Foster then entered upon a careful review of trade relations between Canada and the West Indies. He reviewed the work and recommendations of the imperial commission which inquired into the matter and of which Hon. W. S. Fielding and Hon. William Patterson were members, emphasizing the fact that this commission was initiated by Canada and not by Great Britain. The report, he said, was explicit in its recommendations and all its members agreed as to the destrability of preferential trade relations between Canada and the West Indies. Resolutions passed by public bodies in the West Indies also indicated an improved sentiment in regard to closer trade relations with this country.

COAST SCHEDULE CHANGES SUNDAY

Passengers Wishing to Catch Boat for Main Line Must Leave Nelson Tomorrow Night

On Sunday morning, as indicated by Capt. J. C. Fore, superintendent of the British Columbia lake and river service of the C.P.R., last week, the regular Arrow lake boat service will be resumed, from West Robson to Arrowhead, while the coast service via Slocan lake will be annulled.

Passengers wishing to join the boat leaving Robson for the main line on Sunday must leave Nelson by the Rossland train tomorrow night at 8:25.

Commencing on Sunday evening the regular boat train will leave the wharf at 7:35 and the depot at 7:45.

SEEDING GENERAL BY MIDDLE OF APRIL

Fall Wheat in Excellent Condition—Gradual Thaw Provides Needed Moisture for Grain

WINNIPEG, Man., March 30.—The dangers of a premature spring have been averted by the conditions of the past week, and warm days with light frost at night have contributed to a very gradual thawout and splendid soakage conditions, which could not be bettered at this season. From reports received from various parts of the prairie west it appears that farmers will be getting on the land in the more forward districts next week, with seeding general by the middle of April. This applies to most of the spring wheat country. In southern Alberta farmers are already at work. A feature in the Medicine Hat district is the large area being seeded to flax.

Fall Wheat Flourishing.

Fall wheat is reported in excellent shape in both northern and southern Alberta, having come through the winter well. There is a considerable increase in acreage. Experiments with fall wheat in some parts of Manitoba are also promising. The open character of last fall resulted in a big amount of fall plowing, though this would have been still further increased had it not been for the continued drought, which was so prolonged that old-timers were inclined to be pessimistic about crop prospects for the present season. But heavy and frequent snowfalls, which have had a chance to soak well in, have removed this danger.

It is difficult to estimate how much new land was broken last year ready for seeding this spring, but the area must have been very considerable, especially in Saskatchewan, where new districts have been brought under the plow. Speaking by districts estimates of increased acreage to be seeded to spring wheat run from 10 all the way to 50 per cent. The final figures are bound to show a big percentage increase for the whole west over any previous year.

MICHEL MINERS VOTE TO STRIKE

Motion Carried With No Dissenting Voice

LOCAL UNIONS ALL SUPPORT ACTION

Three Thousand Men Declare for Strike—Miners Must Pay Rent in Advance

FERNIE, B. C., March 30—The mass meeting of miners held at Michel today, took the same decided stand against continuing to work after the termination of the present agreement which expires tomorrow, as did the Fernie and Hosmer locals.

The hall at Michel was crowded to overflowing this afternoon and there was no dissenting voice from the resolution to stand by the action of the district officials in their efforts to arrange a new agreement with the operators at the Calgary convention.

Three Thousand

Three thousand men have now declared in favor of their officers and there is scarcely a doubt about the remainder of the local unions taking the same action.

J. D. McNiven, the fair wage agent of the department of labor, is at Michel but is taking no part in the deliberations of the men, not having so far been requested to do so.

There is no indication in any quarter of a feeling of violence and it is probable that the past record of good behavior which the miners of the Pass have earned will be maintained during the continuance of the cessation of operations.

Must Pay in Advance

Notices were posted at Bellevue today that rent on houses of miners will have to be paid in advance after April 1. This is the camp that has been idle since last November when 30 men were killed.

Solid Vote at Lethbridge

LETHBRIDGE, Alta., March 30—Over 600 miners will throw down picks and shovels tomorrow after the last day shift and walk out of the mines here. This decision was reached tonight at a meeting of the local union of the United Mine Workers, the meeting lasting over three hours. The entire body voted solid to uphold the strike decision reached by their delegates at the Calgary convention last week and present indications point to a long struggle before the matters are adjusted. Many local miners are leaving the city to work in mines outside the strike zone.

So far everything is quiet here and there have been no demonstrations. No trouble is expected here for the present as the operators will make no attempt to use non-union men till another attempt to settle the matter by arbitration is made.

The miners are already out at Royal View and are sure to go out at Diamond City tomorrow. Both places are close to the city, employing in all about 400 men.

BIG INCREASE IN PRICE OF LAND

Hudson's Bay Company Adds From Five Dollars to Ten Dollars Per Acre.

WINNIPEG, Man., March 30.—Western Canada lands are certainly increasing is value and it is quite evident that there will soon be more than $15 an acre land in the west. It was learned today that the Hudson's Bay company have put into effect a remarkable increase in the price of their lands, ranging from $5 to $10 per acre additional. Lands along located lines which three weeks ago were generally quoted at $14 and $15 per acre can not now be purchased from that company at less than $20 and $25 per acre. This will no doubt be a signal for a general increase on the part of all companies in the prices of their lands in the west. Notwithstanding the increased prices buying is extremely active and sales are daily reported at from $20 to $30 per acre. There is every indication that 1911 will usher in the establishment of a considerably higher standard of prices.

ADD FIFTEEN HUNDRED TO VANCOUVER VOTERS' LIST

(Special to The Daily News.)

VANCOUVER, B.C., March 30—The provincial voters' lists of the riding will be revised on Saturday and indications are that a net gain of 1500 voters will be announced, giving a voting strength for the district of 20,000.

SUBSCRIPTIONS TO HEWINS FUND

Daily News Will Receive Donations for Assistance of Widow and Children of Rancher

The following letter from Nakusp explains itself. The Daily News gladly complies with the request, and will be glad to receive and forward subscriptions for the family of the late William Hewins, who was instantly killed by an explosion of detonators at his home at Arrow Park:

To the Editor of The Daily News:

Sir,—In reference to the said and sudden death of the late William Hewins, at Arrow Park last week, a full report of which has appeared in The News, may we ask your kind assistance in creating a fund for his widow, who is left very unprepared and in very straightened circumstances. Mr. Hewins was a very industrious fruit rancher, deriving no income so far from his premises, but had he lived he would have made his mark as one of the great developers of this portion of the province. However, his career was unfortunately cut off, in the actual performance of his duties, preparing the detonators for the pioneer work of clearing his land, which went off and killed him instantly, leaving a widow and five children without means of subsistence. A committee has been appointed to consider ways and means for their relief. A collection was made at the Episcopal church here on Sunday evening when $20 was given; a list was subscribed to among the officers and men of the steamer Minto and $27 collected, and the Burton City people have donated already over $100, besides other lists are out and will add to the above. These amounts will be utterly inadequate for the maintenance of the large family until the farm become self-supporting, and we feel that there are very many who would be very glad to contribute their mite through your columns when they fully know of such a deserving case. May we count on you to open up a list, and when closed, kindly forward same to Mr. Ashworth, secretary of the committee, at Arrow Park.

REV. S. H. PHILLMORE,
L. J. EDWARDS,
R. W. ASHWORTH, Secretry.

Nakusp, B.C., March 28, 1911.

NEXT ATTACK ON TEXTILE DUTIES

Democrats Draw up Program for Extra Session—Break Even on Reciprocity

WASHINGTON, March 30—The leaders of the Democratic party in the house are not aiming at any prolonged special session or at a multitude of issues, according to present indications. Pending the caucus of Democrats on Saturday, no definite program is being formulated.

Yet it is known that some of the Democratic leaders consider it wise to take a few issues sharply and then adjourn, perhaps in June, or early in July, to let the summer and fall pass in preparation for further tariff revision.

The conditional program which is likely to be proposed to the caucus is about this: Reciprocity, woollen and cotton schedules and perhaps one other, direct election of senators, reapportionment of congressional representation, and perhaps some legislation for the District of Columbia.

The Democrats are already pretty well committed to reciprocity and so they have nothing to lose by enacting that measure. The common belief of the Democrats is that while they may lose a little among farmers prejudiced against reciprocity, they will share that loss with the Republican administration in the White House. So on that score they will break about even. But they expect to gain not a little with the great mass of consumers not only because they will do their best for reciprocity upon which a Republican congress failed to act, but also because they intend to go further in the consumers' interest.

Textile Schedules

The textile schedules are obviously the next point of attack for the Democrats. The weakness of this schedule has been acknowledged by President Taft and the Democrats therefore figure that it will be difficult for him to veto a sensible revision of either or both those schedules. Then, too, they have the advantage of a great mass of information about the tariff on textiles. During the debate on the Payne-Aldrich bill much solid information was given on both cotton and woollens, the speech of Senator Dolliver along that line being perhaps the most powerful of the entire session. So it happens that the Democrats need not go far for information or suggestions. Hearings are not desired by the ways and means committee and are not likely to be held. The committee has chosen as its clerk a statistician who was formerly employed to work on the textile schedules in the census bureau. With his help and with the work of several other statisticians they expect to put a textile schedule forward without serious delay.

HOSPITAL DIRECTORS.

VICTORIA, B. C., March 30.—Messrs. George F. Motion, William R. McLean and Albert T. Walley, all of Nelson, have been appointed government directors on the board of the Kootenay Lake general hospital.

SUGGESTS DATE FOR ARBOR DAY

Improvement Body Names Last Week in April

ENLIST PULPIT IN WORTHY CAMPAIGN

General Meeting to Be Held on Next Thursday Evening

After naming 40 citizens of both sexes to compose the eight district committees, simply as a starter, the nominating committee of the Nelson Improvement association last evening broached a few general matters, and ended by laying out a broad Arbor day scheme, with frills and flounces to taste.

The only week that is eligible from every point of view, the committee found to be the last week in April, and accordingly decided to suggest that date to Mayor Selous. J. A. Irving, vice president of the association, is deputed to wait upon Mayor Selous with this suggestion. It will also be his duty to suggest that the city supply its teams free on that day, for the removal of debris; also that the city engineer be appointed marshal for the day; also that the council enact some hurry-up legislation to make it legal to plant trees further from the lot line and to construct boulevards with a greater width.

Call for Volunteers.

To supplement the city's good work, the association itself will issue an appeal to citizens with teams, to give the services of their teams free on that day, and will secure volunteer drivers. It is anticipated that many of the residents, particularly those in the lower and drier portion of the city, will have their places in good order before Arbor day, and in addition to giving a portion of the day to tree planting it is now suggested that if a number of citizens cooperate in cleaning up the city park a most useful result would be attained. The Y. M. C. A., for which the citizens subscribed $30,000, it is suggested, could devote its manly energies to that end, and if this should be acted upon that particular problem could be regarded as dealt with. The committee decided last night that the members of the executive must have their places cleaned up at the earliest moment, to show their own sentiment, and incite emulation in others. J. A. Irving, vice president, turned out at 6 o'clock yesterday morning and had an hour's interview with his rake. J. E. Annable, president, announced that he would start in on Monday, by which time he anticipates the moisture line will have receded above Hall Mines road.

Send in Names.

The committee endorsed the idea of getting the trees ordered at once, to ensure their availability. This is one of the points that Vice President Irving will take up with his worship today. Whether the city itself places the order, and subsequently receives and distributes the trees, or hands over the whole matter to the association—which on this question is in a receptive mood—it is likely the regulations the committee proposes will ultimately be in force. The first of these proposals is that every one desiring to participate in the free distribution of trees should send in his or her application to J. H. Lawrence, secretary of the association, stating the number of trees desired, and giving the frontage and the lot number of the property. These applications will be gone over later by the various district committees, who will be responsible for seeing that there is a minimum space between trees of 20 feet. This plan will ensure the 400 trees that are figured on going a long way. In cases of vacant lots, a neighbor should apply for the trees required for it. Here is one of the places where the utility of the lot number comes in—the district committee will be able to see that no gaps are left, and also that no properties are duplicated. Thirty-seven trees, one-twelfth of the total number, have already been ordered. All citizens are asked by the committee to at once put in their applications, so as to facilitate the orderly distribution of the trees.

In the way of working up an Arbor day excitement, one idea of the committee is to print dodgers a few days before Arbor day, as well as relying on The Daily News for adequate publicity. As the date named for Arbor day will be but two days after Sunday, and citizens will have the Sunday sermons fresh in mind, the committee will draw to the attention of the city clergy the peculiar merits at such a time of the text, "Cleanliness is next to godliness." If the ministers fall in line, it is considered the success of the movement will be clinched.

All these matters will also be reported upon at a general meeting of the association, which will be held next Thursday night. Before that night, the district committees are desired to have organized, and be prepared to report. The following is the composition of the district committees as settled last night, with a recapitulation of the district boundaries:

District 1—Western city limits, Silica, Ward, waterfront. Committee: W. R. Jarvis, convener; Mrs. H. Bird, Mrs. V. Eperson, George Stud, Percy J. Ebarger.

District 2—Ward, Silica, Park, waterfront. Committee: J. W. Holmes, convener; Mrs. W. O. Rose, Mrs. James Johnstone, Al Tregillers, H. Thomas.

District 3—Western city limits Hoover, Ward, Silica. Committee: A. T. Walley, convener; Mrs. E. A. Crease, Mrs. H. W. Robertson, George Ferguson, W. H. M. May.

District 4—Ward, Hoover, Park, Silica. Committee: W. J. Devitt, convener; Mrs. W. T. Choate, Mrs. R. L. Douglass, T. G. Procter, W. J. Meagher.

District 5—Western city limits, southern city limits, Ward, Hoover. Committee: E. K. Beeston, convener; Mrs. Thomas Bennett, Mrs. C. D. Blackwood, J. R. Hunter, R. M. Bird.

District 6—Ward, southern city limits, Park, Hoover. Committee: George Horstead, convener; Mrs. N. M. Cummins, Mrs. D. A. McFarland, W. R. Haldane, E. Grizzillo.

District 7—Fairview, Hume Addition, Ymir. Committee: H. Houston, convener; Miss Cameron, Mrs. W. Douche, A. S. Horswill, W. F. Mawdsley.

District 8—Waterfront. Committee: W. Rutherford, convener; W. J. Astley, J. Fred Hume, W. N. Poole, J. O. Patenaude.

General Committee.

When the district committees have elected chairmen, the general committee will be complete. The general committee will consist of these eight district chairmen, and the following officers: Honorary president, Mayor Selous; president, J. E. Annable; vice president, J. A. Irving; secretary, J. H. Lawrence; treasurer, M. R. McQuarrie. A park committee will be named at the first meeting of the general committee.

Those present were: J. E. Annable, J. A. Irving, J. W. Holmes, E. K. Beeston, M. R. McQuarrie, J. H. Lawrence, George Horstead.

FIND IN CHIMNEY CAUSES STAMPEDE

Citizens of Cochrane Now Busy Panning for Gold in Gravel and Sand Pits

COCHRANE, Alta., March 30—While taking down the chimney of the Cochrane hotel, burned in the last fire, a plumber named Earle say a shining speck of metal in the mortar. He took it to a prospector friend who pronounced it to be gold. The sand used in the chimney originated from a pit where gravel had been dug out for grading. The news caused an exodus from town, headed by Mayor McManus and the whole gravelpit has been staked. Other gold seekers staked the only sand pit in the vicinity. They are now busy panning the gravel.

BUYS INTEREST ON DONALDSON MOUNTAIN

George H. Green of Rossland Makes Further Purchases in Sheep Creek Camp

S. E. Stickle of Erie has transferred the Nelson, Vancouver and Winnipeg claims on Donaldson mountain on the north fork of the Salmon river to G. H. Green of Rossland.

Mr. Green has also purchased from Catherine McAvoy of Erie one-fourth interest in the Gordon on Donaldson mountain and from John McAvoy of Erie one-quarter interest in the St. Louis on Donaldson mountain.

EDMONTON TO HAVE BIG RAILWAY HOTEL

EDMONTON, Alta., March 30—An immense hotel of most modern type will be erected by the Grand Trunk Pacific in Edmonton. The structure will go up on the Grandview hotel property on which the railway company has an option till May 1. It is in the central portion of the city with a magnificent view overlooking the Saskatchewan valley.

FOUND DEAD IN BED

CALGARY, Alta., March 30—A laborer named William Reid, was found dead in bed by his room mate. He had been drinking for some time past.

BROKEN OIL GAUGE GIVEN AS CAUSE

City Electrician Brown Reports on Breakdown

SURMISES BROKEN TOOTH DID DAMAGE

Finds Missing Cog in Crown Gear—Accident Unpreventable, He Says

According to a report made last night by R. A. Brown, city electrician, to Mayor Selous the closing down of the power plant on Tuesday afternoon was due to the breaking of an oil gauge of the thrust bearing. Mr. Brown surmises that the glass was broken by a broken tooth flying from the crown gear.

The work of putting in the new thrust bearing plates was a most arduous task, the city electrician and a force of men working at the machinery without intermission from about 3 o'clock on Tuesday to early Wednesday afternoon, when the new plates were placed on the bearings, the generator again put in position and the turbines started for the first trial run.

The generator weighs about 120,000 pounds and had to be lifted off the shaft above the thrush bearings before the damage could be repaired. The new plates, which arrived here on Monday, when examined after being rushed down to the plant at Bonnington Falls were found to be too small and had to be sent back and adjusted by the Nelson Ironworks here. They finally reached the plant after the lathing operations at 9 o'clock Wednesday morning. They then had to be smoothed down. This work was finished at 12:20 and the time occupied in placing them on the thrust bearings was about two and a half hours, the generator being set in motion at 3 o'clock for a trial spin.

It was found that the plates fitted perfectly and the machine was running at full speed by nightfall.

Mr. Brown's report to Mayor Selous is as follows:

"In compliance with your verbal request to me for a report on the shutdown to No. 1 unit of the power plant, I beg to state as follows:

"About 1:20 p. m. of Tuesday last, the 28th of March, I was advised by telephone from the power plant that the machine was shut down and that it was thought that the thrust bearing was burned out. I immediately went out to the power plant to investigate and found that the thrust bearing had been burned out, due without doubt to the oil gauge having become broken.

"This gauge is made of glass and is attached to the case of the thrust bearing and indicates the level of the oil.

"About 1 p. m. I had received a telephone report from Mr. Needham, who is in charge of the plant, that everything was O. K., he reporting that he had just been through the wheel pit and examined the thrust and all steady bearings.

"I may say that I am in the habit of receiving such report daily and records are kept daily of the condition of all bearings and load. I have examined the records and find that no trouble had been reported previous to the receipt of the telephone message above referred to.

"After a careful examination of the bearing and the gauge I came to the conclusion that some object had in some unaccountable way come in contact with the gauge glass and broken it. I can only surmise that part of one of the teeth of the crown gear became dislodged and struck the gauge glass inasmuch as I found on examination that one of such teeth had become broken. It is no new thing for these teeth to break, as I have repeatedly replaced broken ones.

"I questioned the employes at the plant closely and no one was able to give me any explanation as to the cause of the accident.

"No blame is attributable to any of the employes and I can not see how the accident could have been prevented."

ANNOUNCEMENT

Three years ago the city of Calgary was having a struggle to finance their street railway system. Think of what it is today.

The city of Nelson is bound to have its boom just as Calgary is having its boom at the present time. A well equipped and well managed street railway system will do much to help along the town.

We are calling for further stock subscriptions—$10,000 more must be raised.

Shares—$1.00 par value—are offered to the public payable in four instalments. Applications for shares are invited—no subscription will be considered too small.

We believe that Nelson Street Railway stock is a good investment and that it will soon be a dividend payer. The city is bound to grow and the stock in a few years should be most desirable.

THE NELSON STREET RAILWAY COMPANY, Limited.
Nelson, B.C., March 30, 1911.

IF

the $5,000 voting contest were to close today the following candidates would win the big prizes:

GRAND PRIZE .....Miss Belle Goodwin.....Nelson
First District .....Miss Nora Kenny.....Golden
Second District .....Miss Ethel Fox.....Rossland
Third District .....Miss Grace Watts.....Wattsburg
Fourth District .....Mr. Wm. Matthews.....Nelson

BUT

the contest doesn't close until 9 p. m., April 11.

So there is time enough left to change these positions. Now is the time to subscribe.

OPENING OF WHARF AT QUEENS BAY

Ceremony Performed by Lady Aylmer—Steamer's Crew Entertained—Lord Aylmer Gives Address

(Special to The Daily News.)

QUEENS BAY, B.C., March 30—An important work has been inaugurated this winter by the Dominion government, namely the erection of wharves, which is likely to rapidly advance the development of land situate on the shores of the larger lakes in the province of British Columbia. The first of these wharves on the Kootenay lake which it is hoped will form a chain at all important settlements from Nelson to Kaslo and Kootenay Landing, was built at Proctor last fall and the second has just been completed at Queens Bay. It is entirely constructed on piles is 260 feet long, with a uniform width of 32 feet, and has a grade which enables the steamers to come alongside at all stages of the water. A waiting room and warehouse 20 by 12 feet has been built at the shore end and this will be much appreciated during the winter months. The settlers realizing the importance of the event decided to have a formal opening ceremony in which Lady Aylmer was asked to take the leading part, at 4 o'clock on Tuesday afternoon. Almost every resident in the district and several neighbors from Balfour assembled on the wharf when on the proposition of J. Ryley, seconded by H. Scott Lauder, R.N. Lord Aylmer was elected chairman and opened the proceedings with the following remarks:

Lord Aylmer's Speech

Ladies and Gentlemen—I have only a word to say; allow me to thank you for having appointed me chairman of this important meeting of the residents of Queens Bay and other interesting parts of West Kootenay.

It must be very pleasing to all of us to see so many present, taking an interest in the object of our coming together, namely, the formal opening of our new wharf. I notice that our old friend that proved so faithful and true to us for so long a time, has been cast adrift but it is only the old, old story told again of "off with the old love and on with the new," but we should not despise the days of small things, even supposing that one of the small things were a poor, old, battered wharf, for with that old derelict are associated many pleasant episodes, many kindly acts on the part of our friends and neighbors, Mr. and Mrs. Ross ,acts that cannot easily be forgotten.

It seems to me that many desirable things keep coming our way, and that nature has been almost prodigal with her gifts to the people of West Kootenay. Her thousand mountain streams, her broad rivers, her almost unfathomable lakes, teeming with delicious fish, her "sea of mountains," that to live amongst is to love them.

"Mountains whose radiant spires,
Presumptuous raise their summits to the skies
And blend their emerald hue with sapphire light."

And man thus stimulated, emulates nature and provides us with good roads, bridges and wharves. And of ourselves? If true to ourselves Queens Bay at least will prove as desirable a place of residence as any other the world over. We are, so to speak, at the parting of the ways, at that particular stage when we cannot afford to lead the dolce far niente life, but must lead the more strenuous life if we are to succeed as ranchers and growers of fruit. We must

Be strong!
This is no time to play to dream to drift,
We have hard work to do and loads to lift.
Shun not the task, but face it,
'Tis God's Gift!

Opening Ceremony

The chairman then asked Lady Aylmer to perform the opening ceremony and in doing so her ladyship in an exceedingly clear tone said:

"Mr. Chairman, ladies and gentlemen—Allow me to thank you for the honor you have conferred on me in electing me to perform the pleasant and important ceremony of formally opening the wharf. I am sure you will all agree with me that we owe a debt of gratitude to the hon. the minister of public works for securing to us so safe and substantial a landing place, also we feel grateful to the public officials who planned and so carefully watched its construction, and I would also mention the foreman and the men who worked so diligently to complete the structure. We may well consider ourselves members of a favored community not only in our neighborly associations, but in our scenery, climate, soil and the facilities we enjoy in our means of transporation of which our new wharf is no mean factor, and which I now declare open."

Hoists Union Jack

At the conclusion of her speech Lady Aylmer hoisted the Union Jack on the wharf flag staff and three cheers called for by the chairman were heartily responded to.

J. P. Hoyle, J.P., in proposing the vote of thanks to Lady Aylmer, said he considered the erection of the wharf was one of the most important events in the history of Queens Bay and was certainly one of the incidents of special interest in the lives of all residing here.

Rev. C. Read, the rector of the parish of Kokanee, seconded the resolution, which was carried with acclamation.

The steamer Kokanee then arrived at the end of the wharf for the delivery of the mail and at the invitation of the chairman, the officers of the boat and the passengers proceeded to the waiting room to partake of tea and light refreshments and Lord Aylmer took the opportunity of reading the following short address:

"Capt. McKinnon, officers and men of the S.S. Kokanee, we the residents of Queens Bay have pleasure in informing you that we have this day performed the ceremony of publicly declaring this wharf opened. In consideration of the many acts of kindness and the many courtesies constantly received from yourself and the members of your crew, it gives us one and all the greatest pleasure to welcome you and those under your command to Queens Bay on this auspicious occasion."

During the proceedings, which were brought to a close by a vote of thanks to the chairman, proposed by Major Budd, R.A., seconded by Mr. H. Scott Lauder, Lady Aylmer was presented with a bouquet of choice hot house flowers by Mrs. Ryley.

CRANBROOK ODD FELLOWS PAY VISIT TO MOYIE

(Special to The Daily News.)

MOYIE, B. C., March 30.—Mike Campbell is down from the Sullivan mine at Kimberley and will soon leave for his ranch in Montana.

Crowe Bros. are cleaning out their stock of groceries and dry goods in Moyie. It is their intention to move to some other locality this summer.

The planers of the Porto Rico Lumber company will be started April 8.

J. W. McKee, manager of the Moyie branch of the Imperial bank, was in Nelson this week.

Harry Saite and wife came down from the Sullivan mine yesterday and have again taken up their home in Moyie.

Mrs. C. F. Bothamley has purchased the D. A. Ayres residence on Moyie avenue.

Felix and Edward Desaulnier will leave next Monday for their farm near Pincher creek. For the past 14 years Felix has been in the draying business in Moyie and is one of the pioneers of East Kootenay.

J. S. MacEachern was down to Blairmore this week looking for investments there.

About 25 Odd Fellows from Cranbrook came up to Moyie on Tuesday on a special train to pay Wildey lodge, No. 44, I. O. O. F., an official visit and to put on work in the initiatory degree. After the lodge session was over a splendid supper was served at the Hotel Kootenay, at which 60 members were seated. David Porter, having attained the distinction of being called a veteran Odd Fellow by being a member of the order for 25 years, was presented with a veteran jewel by Imperial lodge, No. 134, I. O. O. F., of Spokane, of which he is a member. The jewel was sent to Moyie and the presentation was made by H. J. Lowes, district deputy.

Victor Odlum, an old-time journalist in the province and at one time editor of The Nelson Daily News, was in town the first of the week and was the guest of Rev. and Mrs. Miller. Mr. Odlum and Mr. Miller attended the same college in the east some years ago.

FIG PILLS

Cure Backache, Bladder and Kidney Troubles

A few doses of FIG PILLS will convince you that a few more will cure you. Every box of FIG PILLS is guaranteed. If they do not cure all Bladder, Kidney, Rheumatism and Liver Trouble your money will be refunded.

25c. a box at all leading drug stores, or mailed on receipt of price by The Fig Pill Co., St. Thomas, Ont.

NO AMOUNT TOO SMALL

Everybody Can Help Make Nelson the Progressive City She Undoubtedly Will Be

Two hundred and sixty-eight shareholders have shown their faith in the city of Nelson by subscribing and paying $27,000. Ten thousand dollars more is required. Now is your opportunity to join these 268 boosters.

How much will you give? Let us know today.

There never was a time when you could so effectively boost the city of Nelson as now. Will you be a Booster?

Form of Application for Shares.

To the Directors of the Nelson Street Railway Co., Ltd.

I hereby apply for.....shares in the above named Company, and request you to allot me that number of Shares, and I hereby agree to accept same or any smaller number that may be allotted to me, and pay for same the sum of $..... as follows:

$..... on allotment
$..... Aug. 1st
$..... Nov. 1st
$..... March 1st, 1912

and I hereby authorize you to register me as the holder of the same.

Name in full.....
Occupation .....
Address .....
Dated 191
Signature .....

Every man, woman and child in Nelson should be a stockholder; everybody can be. The shares are $1.00 each, payable one-quarter on allotment, balance in three, six and nine months.

You will do your share. Cut out this form, fill in for the amount of shares you wish to purchase, and mail today to H. E. Douglas, Secretary Nelson Street Railway Co.

INDIANA TEACHERS' MEETING.

INDIANAPOLIS, Ind., March 30.—Several hundred teachers arrived in the city this morning to attend the annual convention of the Southern Indiana Teachers' association. The proceedings will last through the remainder of the week. The program this year is notable for the large number of eminent educators of this and other states who are included among the speakers. During their stay in the city the visiting teachers will inspect the local schools.

NEW JAPANESE BATTLESHIP.

TOKIO, March 30.—The new Japanese battleship Sottau, one of the most formidable fighting machines of the new Japanese navy, was successfully launched today. The vessel will have a displacement of 20,800 tons and will carry 12 12-inch guns and 10 10-inch guns in her main armament.

IOWA TEACHERS IN SESSION.

ATLANTIC, Ia., March 30.—A large attendance marked the opening here today of the annual convention of the Southwest Iowa Teachers' association. The program covers three days and provides for addresses and discussions dealing with all branches of school work. Several educators of wide prominence will be heard.

Rapid Advance in Lake Burnaby Acreage

News-Advertiser, March 12: During the past week enquiry and sales of land around the south side of Burnaby lake, adjoining the new electric line has easily left all other districts in the rear. In consequence of which values have risen gradually from $1500 to $2000 per acre and it is considered good buying at these advanced prices by shrewd and experienced dealers in acreage. The south shore of lake Burnaby is undoubtedly destined to be one of the choice residential spots of Greater Vancouver, where values will steadily improve. Vegetation is rank and the fortunate ideal home seeker who secures his settlement beside the peaceful waters of this beautiful lake will be envied in the future. Already in anticipation of the early opening of the new electric line many new homes are being added and more contemplate building as soon as the line is in operation, which is only a matter of a few days now. When it is remembered that this district is but 20 minutes from the centre of the city via the new route, with its many superior advantages over other districts of a similar distance, some idea as to the future of this district may be gained. Many new roads, sidewalks and other municipal improvements are also under way which when completed will put lake Burnaby south in the first ranks of Greater Vancouver's rapidly developing suburbs.

For three years we have steadily advised all our clients to invest between Burnaby lake and New Westminster. We stated repeatedly that values were too low compared with South Vancouver, North Vancouver and other districts.

Values have steadily advanced with the growth of New Westminster, but during the last three months everything in the locality has almost doubled in value.

This is no boom by real estate agents, but is caused by the immense amount of development taking place everywhere.

The greatest factor is the new B. C Electric line from Vancouver to Chilliwack via Burnaby lake. This line will be opened in a few days and will be the scenic air line between the cities. No grades, fast palatial cars, and the rush to secure homesites on beautiful lake Burnaby and Deer lake between the cities is bound to send prices skyward.

We are just putting on a new addition of 300 lots adjoining New Westminster city limits. The new carline runs through it. There will be a station on the property. Every lot commands a view of the carlines, railways, manufacturing district, the Fraser and Port Mann just across the river. It is in all respects a splendid investment, bound to increase very rapidly in value. Get particulars.

The Wright Investment Co.
NELSON, B. C. :-: LTD.

LACROSSE TO SUPPLANT BALL

National Game Will Boom on Prairies This Summer—Calgary Will Lead Way.

CALGARY, March 30.—Calgary has the lacrosse fever, and since baseball ended in such a fiasco last season the brightest prospects for the establishing of Canada's national game on a sound basis are in evidence.

Lacrosse had a slight foothold here some years ago, but the baseball fever gave it a setback. Now the followers of sport are discarding baseball and returning to their old love. Barney W. Collison, one of Calgary's leading barristers, has in the past been one of the strongest supporters of lacrosse in this city and he, together with a number of prominent citizens, are again getting behind the movement, with the result that the Western Canada college have ordered a supply of sticks and are getting into the game strong.

With Edmonton, Lethbridge and Regina in line it is felt that lacrosse will supplant baseball, and that a strong league will be organized in the immediate future.

BALL GOSSIP AT SASKATOON.

SASKATOON, March 30.—The dedecision of Moose Jaw to drop out of the Western Canada Baseball league has revived ball talk in Saskatoon. Whether or not Saskatoon would make a bid for the vacancy on the circuit seems to be a matter of opinion with the consensus favoring the affirmative. But if a local team is entered in the league it will not be at the cost of meeting the claim made against this city at the annual meeting for $4,000. The stand is maintained that there is a square deal coming to this city, and it is not considered that the claim made for $4,000 can be placed in that class by any means. Negotiations are under way at the present time to have this matter brought before the national commission for a ruling.

Opinion in some quarters is that Saskatoon would do as well to stay out of the league this year on the ground that the Manitoba and Alberta teams are using the Saskatchewan cities merely to fill in as shown by their efforts to buckle up with Yankee leagues.

MOOSE JAW DROPS OUT.

MOOSE JAW, Sask., March 30.—It was definitely learned tonight that the directors of the local professional baseball club have decided to drop out of the Western Canada Baseball league altogether. They have learned that legal proceedings are threatened if they attempt to use Crescent park this year. The directors propose to open negotiations with Saskatoon whereby the latter may take over the Moose Jaw team.

DARK BLUE VS. LIGHT BLUE.

LONDON, March 30.—Both the Oxford and Cambridge crews have practically finished their training for the great annual boat race, which is to be rowed Saturday over the usual course from Mortlake to Putney. Public interest in the great aquatic event is unusually keen this year. For weeks the papers have devoted columns to the daily work of the two eights, while this week the Thames has been lined with spectators to witness the practice spins and to form opinions as to the condition of the contestants. It seems to be the general opinion that there will be a grand struggle. The Oxonians are slight favorites, which is due largely to the fact that they got into shape earlier in the season and have steadily improved in form and steadiness. Like all crews stroked by Mr. Bourne the Oxonians have a steady swing and nice rhythm.

In their early practice work the Cambridge men were unlucky in losing the services of their second coach. In the home waters the crew showed a slower stroke than was desirable, but since they appeared at Putney there has been noticed a steady improvement. It is now conceded that every man in the crew is a good worker and that there is not a weak spot in the boat. The members of the crew are for the most part a very powerful and heavy set of men and many experts incline to the opinion that Cambridge will quietly wear down the rival crew in the latter part of the race.

This will be the sixty-eighth race between the two universities. Oxford has been the winner in 36 contests and Cambridge in 30, while the one of 1877 resulted in a dead heat. The best time over the four-mile course, 18 minutes 47 seconds, was first made by Oxford in 1893 and equalled by Cambridge in 1900.

CHELSEA WALLOPS ALBIONS.

LONDON, March 30.—The postponed game between Chelsea and West, Bromwich Albion resulted in a victory for the latter by 12 goals to 2.

JOHNSON MAY REFEREE.

SAN FRANCISCO, March 30.—Jack Johnson stands a good show today of being third man in the ring when Ad. Wolgast and Antone La Grave meet in their 20-round go here tomorrow. Johnson already has announced his candidacy for the job and as the negro knows every angle of the game fight fans most probably will have an opportunity to pass upon the big smoke's ability to referee.

It is understood that Wolgast will not object to Johnson, and all that remains now to cinch the job for the black champion is to get the consent of Sam Fitzpatrick, La Grave's manager.

CAPTAIN SEAMAN SELECTS LINEUP

Y. M. C. A. Team for Tomorrow's Rugby Match Against Kootenays—Some New Faces on Team.

Captain Seaman of the Y. M. C. A. Rugby club has selected the team which will meet the Kootenay club in the second of the iron mug series at 2:45 tomorrow. The aggregation is strengthened considerably since Saturday last, when the Y held down the senior organization to a one-touch tie. The Kootenays will also have a number of new faces on their lineup.

For the maroon, white and green 15 Ellis and Brown will make their first appearance in a match game this season, while Ebbutt will have a place on the forward line. The full lineup will be:

Fullback—Whitebread.
Three-quarters — Balmer, Roberts, Seaman, Newitt.
Halves—Ellis, Brown.
Forwards—Harrison, Wright, Swanell, Fish, Ebbutt, McVicar, Hopkins.
Spare back—J. Ferguson.
Spare forwards—Skeels, W. Ferguson.

SPORTING SPOTLIGHTS.

Among the many distinguished sportsmen who are coming to British Columbia to shoot big game in the near future is Mr. Van Needer, the secretary of The Netherlands embassy at Washington, D. C. He is reported to be one of the most experienced and skilful shots in the domain of Queen Wilhelmina.

The Football Association cup competition, the winning of which constitutes the greatest achievement in English football, is limited to 64 selected clubs, not all necessarily in the big leagues. The present trophy is a new one, the third that has been competed for. The original cup was stolen from a shop in Birmingham when in possession of Aston Villa, and never recovered, though it was of no great intrinsic value, about $125. A new one was provided, but that was withdrawn by the association about six months ago, because the Manchester United club had a copy made and presented to their president. The third, for which the clubs are now playing, is a little more expensive, and is to cost about $200.

SOCCER POPULAR IN EAST.

NEW YORK, March 30.—Soccer football, which has been gaining gradually in popularity in the east during the past few years, will occupy the center of the stage at several of the larger eastern universities for the next six weeks. Six colleges are enrolled in the Eastern Intercollegiate Soccer association—Columbus, Pennsylvania, Yale, Harvard, Cornell and Haverford. Their first game was played on March 18 and the season will end on April 20.

ATTELL AND BURNS ARE READY FOR GO

NEW YORK, March 30.—Tomorrow night the National Sporting club will stage the most promising fight that has been pulled off in the metropolis in several weeks. The principals will be Abe Attell, the featherweight champion, and Frankie Burns of Jersey City. The articles call for a 10-round contest at 118 pounds ringside. Both fighters have finished their training and appear to be in excellent condition for the bout.

SAN FRANCISCO BENCH SHOW.

SAN FRANCISCO, Cal., March 30.—The thirteenth annual bench show of the San Francisco Kennel club opened in Dreamland rink today and will continue until the end of the week. The exhibits include several hundred dogs representing a wide variety of breeds. The showing of field trial dogs is especially good.

DOG SHOW AT SPRINGFIELD.

SPRINGFIELD, Ill., March 30.—Five hundred of the best dogs in the central west were put on show at the State Arsenal today, the occasion being the annual exhibition of the Springfield Kennel club. The show will last three days.

SCORES IN BOWLING TOURNEY AT Y. M. C. A.

The scoring in the Y.M.C.A. bowling tourney up to date is as follows: B. S. McGregor, 981; J. H. Allen, 825;; W. Fish, 584; E. B. Skeels, 544; Joseph Patrick, 424; F. W. L. Hopkins, 384; W. B. Willan 283; D. Guthrie, 111. W. Brown, Carl Larson, Dr. W. B. Steed, W. J. Toye, Dr. E. G. Smyth, are also in this competition.

The contest closes on April 13. Competitors must play the complete series before any score will count. No game is to be played without an umpire.

COLEMAN NEWS NOTES.

(Special to The Daily News.)

COLEMAN, Alta., March 30.—H. G. Goodeve of the Goodeve Co., Ltd., is very ill and it is likely that he will have to be taken to the hospital for an operation.

A meeting of the coal operators was held in the Rocky Mountain sanitorium at Frank Monday night but the results of the meeting have been kept secret.

C. Dunlop, whose leg was badly hurt while at work in the mine, is on the road to recovery.

Rev. T. M. Murray and family anticipate leaving Coleman for their old home in Scotland to spend a part of the summer there.

L. A. Manly is away from Coleman on a business trip through the west.

Fraternal Prescription for Nervous Wrecks

(From "Medical Reports.")

Thousands of men, nervous wrecks, have found the following "fraternal prescription" a blessing and a boon. Such men lack aggressiveness, they are timid, nervous, easily discouraged, lacking in self esteem and confidence. They suffer from cold extremities, thin watery blood, nervousness, sleeplessness, frightful dreams, trembling hands and limbs, unsteady gait and and absolute inability to perform the ordinary natural and rational acts or duties such as any healthy normal man can.

A vigorous man works, plays, eats and sleeps always with the keenest enjoyment. The greater his exertions are, the stronger becomes his appetite and slumbers.

The nervous man seems always tired and worn out. Retiring brings no relief. Sleep brings no refreshment, all because of an abnormal condition of the nervous system, brought about by—well, no matter what—the desire for self-relief and freedom with rich, red blood surging throught the body supplying the sensitive nerves with all the power of sensation, so that sleep is refreshing, food is delicious, work is play and play is pleasure.

This treatment is thorough, simple and correct. The ingredients are used in filling various prescriptions and can be obtained of any well stocked druggist and mixed at home without embarrassment or questions.

Obtain three ounces of syrup sarsaparilla compound in a six ounce bottle. To this add one ounce of compound fluid balmwort and let stand two hours. Then add one ounce of tincture cadomene compound (not cardamom), and one ounce compound essence cardiol. Mix. Shake well and take a teaspoonful after each meal and one when retiring until a vigorous, bounding new health takes hold of the tired, exhaustive nerves. Only a few weeks' treatment will astonish and rejuveniate, because the treatment is the right thing at the right time, and contains no deceptive opiates.

TIED WITH WIRE LEFT WITHOUT FOOD

Tribe to Punish Indian Accused of Forgery—Game Warden for Creston

(Special to The Daily News.)

CRESTON, B.C., March 30.—Joe Goodman, a Creston Indian, about 21 years of age, and who was educated at the Mission at Creston, last Friday is alleged to have forged the name of Father Beck to a $12 check, which he cashed at McClure's store at Port Hill. This check was drawn on a Spokane bank. He had another check, drawn in the name of Glenn Wisler of Creston, for $160 which he tried to cash at the store of H. A. French at Port Hill. When in Port Hill the young Indian told various stories, one to the effect that he a few days before had a prize fight with young Wisler of Creston and that he had won the gate receipts of $62.

Provincial Constable Gunn went to Port Hill to enquire into the case, for while the crime was committed across the line he thought that possibly he might obtain evidence that might be of use to him should a prosecution later on be started on the Canadian side. However, Mr. McClure does not want to prosecute the case on either side of the line as the Indians have agreed to refund the money. The Indians will, however, hold the offending red man a prisoner and will punish him according to the rules of the tribe.

It is stated that the punishment that the young Indian will receive at the hands of his own people will be that he will be tied up with hay wire and left without food for several days. Young Joe Goodman heretofore has had a good reputation among his own people, and his actions in forging these checks has created great consternation among the people of his tribe, who are now compelled to come forward and make good the money he spent in Creston and Cranbrook. Constable Gunn informed the Indians that should Joe Goodman be found guilty of any other offences in the future, this forgery case might be brought against him in addition to any other offences that he might be charged with.

Game Warden's Visit

James Bates, deputy game warden, with headquarters at Cranbrook, paid Creston a visit this week, and in company with Provincial Constable Gunn made a tour of the district in the vicinity of Port Hill. Mr. Bates left on Thursday for Kitchener from where he will leave for Cranbrook. Before leaving the deputy game warden intimated that he thought there should be a local game warden at Creston, and it is understood that he will recommend that such an office be created here at once.

Albert Wisler, a time lock repairer, and brother of O. P. Wisler, the contractor, paid Creston a visit last week. During his stay here he purchased 40 acres of land from his brother, situated in block 4592. O. P. Wisler also very recently sold 10 acres in this same block to Richard Clifton of Oklahoma, who will at once start to clear and plant this land with young fruit trees.

Fred Estey, manager of the Yale-Columbia Lumber company at Nelson, paid Creston a visit on Wednesday last, and went out to the Yale-Columbia camp near here. He reports everything prospering in the lumber industry.

A substantial fence is now being built around the Presbyterian church and manse under the supervision of Rev. G. R. Sarkissian.

W. Tait returned to town on Tuesday from Cranbrook. Mr. Tait has been taking a well earned holiday at the railway town.

Sam Hatfield intends to put out 1,000 strawberry plants this spring on his land adoining the town limits.

Government Agent Teetzel and Jake Serson, bridge superintendent, paid Creston a visit this week on official business. Mr. Teetzel returned to Nelson on Wednesday.

CO-OPERATION NECESSARY TO DEVELOP FRUIT GROWING

(Special to The Daily News.)

QUEENS BAY, B.C., March 30—In acknowledging the receipt of the application of the Queen's Bay Fruit Growers' association to become affiliated with the British Columbia Fruit Growers' association, R. M. Winslow, secretary, writes as follows from Victoria, under date of March 21:

"I have your letter of the 14th March and note that your meeting held on the previous Tuesday resolved to affiliate with the British Columbia Fruit Growers' association. I am glad indeed to note the spirit of your letter as to the value and need of co-operation throughout the province to bring the fruit industry to the highest development possible. Through the British Columbia association we are endeavoring to work to this end, and your application is accepted in that spirit. We will be very glad therefore to have your association become affiliated."

It is probable that the many advantages gained by affiliation with the British Columbia Fruit Growers' association, the leading fruit growers institution of this province, have not been fully appreciated by the many local associations, comprising in their membership thousands of ranchers interested in fruit production, but the above letter should convince everybody that desires to see the highest possible development in the fruit industry throughout the province of the value and need of co-operation and this is the end for which the provincial association endeavors on behalf of all that are affiliated with it.

FRIDAY, MARCH 31

INVESTIGATE THE WHOLE BUSINESS

Some time ago when the new unit broke down, The News expressed its opinion that a full investigation by impartial specialists would be greatly to the advantage of the city. Attention has again been called to the need for such an investigation by the recent stoppage of the plant.

An investigation, we predict, there will be, sooner or later. It can be deferred but it is bound to come. Meanwhile the city is running risks for which there is no excuse and which are serious, indeed.

There is the same difference between electrical engineering as an applied science and electrical engineering as a branch of ordinary mechanical operation that there is between the work of an architect and the work of a building contractor, between the work of the man who designs gasoline engines and the man who learns to run motor boats. A man may be a very good routine or operating electrician and yet be far from a safe guide in the planning of a unit or in inspecting its materials and installation.

Now the plans for the plant as it stands today were not prepared by any specialist electrician. When the new unity was proposed, such plans were secured. They were varied on the advice of the city electrician, who does not so far as we have ever heard, pretend to be a specialist or expert, or a designer of electrical plants.

Further than that, the new unit during the time of its installation was not subjected to the inspection of a specialist or expert on behalf of the city. The city did not notify its consulting engineer when the installation was to be made. Not until it was completed or about completed was he asked to come.

This remarkable course of action was due, so far as we can learn from the mayor's speeches, to a peculiar belief that he holds, namely, that there is no particular object in having expert inspection during installation. To us, it seems that that is the very time that such inspection would be most valuable. Abundant reasons for this will surely occur to any man. And in the very case now in point we have an illustration. A defect was discovered during installation which was temporarily fixed up so that it was not noticeable at the time the unit was taken over during installation. But the cause of the defect was more or less a mystery to the city electrician. The successive guesses that have been made at it would read like a page of comedy if the matter were not so serious to the city.

In his report presented to the city council on December 19, the city electrician said:

> At the time of the trouble unit No. 2 was out of service owing to the shaft being slightly bent.
>
> Your worship and council will recall at the time of the taking over of the machinery from the contracting company there was a slight vibration in the shaft.
>
> I drew the attention of the contractor's engineers to the fact and they attributed the trouble to the clearance of the bearings.
>
> The company then rebabbitted all bearings and the shaft oscillation disappeared; only temporarily, however, for after the machine had run about four months, the shaft oscillation became noticeable again, and has gradually kept increasing.
>
> I informed Mr. Breed, the Allis-Chalmers western manager of the trouble, and he stated that in his opinion the trouble was caused by the vibration of the steel girders supporting the thrust bearing.
>
> I then put in 12x14 timbers . . . which prevented vibration, as far as the steel girders were concerned.
>
> I then disconnected the generator motor . . . and ran it alone in order to learn whether the trouble was in the generator or turbine section of the unit.
>
> It was then evident that the trouble was in the lower or thrust section of the turbine shaft.
>
> The coupling connecting the shafts together was then taken off and it was found that this coupling was not bored exactly true, and that it had been shimmed. Hence it was sent to town to be rebored.
>
> When it was reinstalled it was found that this was not altogether the trouble.
>
> I then strung four fine silk lines in the thrust section of the shaft, and found it to be out or bent sufficient to give a throw off centre of 1-100 of an inch in ten feet. This, however, is an approximate figure.

Here we have a record that the trouble was attributed to the following causes one after another:

1. Clearance of the bearings.
2. Vibration of the steel girders.
3. Shaft coupling.
4. Section of shaft.

And the following remedies were tried in succession:

1. Rebabbitting bearings.
2. Putting in timbers.
3. Boring couplings.

The city electrician was then quite sure that the trouble was in the shaft section which was "bent." The News at the time pointed out that this diagnosis also, might prove to be incorrect, and asked for an investigation. Now we are told that, as a matter of fact, the diagnosis was incorrect, that the shaft was not bent and that the trouble was in the coupling. When the coupling arrives and is put in, the trouble may again "disappear, only temporarily, however," or it may not disappear at all, or it may disappear finally. No one really knows. Meanwhile the city is going on risking the break down of the old unit and tinkering with the new one,—the one thing that is certain being that it was never right in the first place, or else that there is some radical defect in the plans according to which it has been placed in the power house.

The unit has never been inspected properly by an independent specialist and the plans have never been approved by such a specialist; the city has several hundred thousand dollars at stake and there is no apparent disposition on the part of the authorities to secure an investigation and report from an independent competent specialist.

Mr. Cecil Smith, a specialist in such work, says that the city is inviting disaster. No independent expert or specialist contradicts him for none has been asked to inspect the plant and report. Is it possible that he is right? Do we know that he is not right? Should the city not find out?

Minard's Liniment Co., Limited.
Gentlemen,—My daughter, 13 years old, was thrown from a sleigh and injured her elbow so badly that it remained stiff and very painful for three years. Four bottles of MINARD'S LINIMENT completely cured her and she has not been troubled for two years.
Yours truly,
J. B. LIVESQUE,
St. Joseph, P. O., 18th Aug., 1900.

Irrigation Is King

Some land needs irrigation; some land does not; but all land produces more fruit and gives quicker results with irrigation than without.

We know of no better subdivision in Kootenay than the irrigated land at

Columbia Gardens

where we have left a few producing orchards and about a dozen unimproved tracts for sale. The latter will cost from $12 to $40 per acre, only to clear and fruit trees will come into bearing quicker than elsewhere.

All close to railroad station, postoffice, school, hotel and store, and price of land includes water system for irrigation and domestic purposes on each tract.

COMMUNICATIONS

SAVE THE FOREST LITTER

To the Editor of The Daily News:

Sir,—Authorities on soils who have visited the Kootenays appear to be unanimous in stating that our soil is often deficient in that important item of plant food, nitrogen. In this connection it may be of interest to ranchers to know that a French authority has reckoned that at least $10 to $15 dollars worth of nitrogen is destroyed when the forest litter covering an acre of ground is burned. From personal experience of clearing land I know that it is not always possible to save the ground cover of rotten wood, leaves, pine needles and small twigs, but where logs and limbs are piled for burning it is quite feasible to prevent the fire from running all over the surface. Light soil will not only be richer in nitrogen but will also retain moisture far better if, instead of being burnt off, the forest litter is turned under by the plow.

Ashes only represent a fraction of the plant food which was contained in the ground cover but the plant can immediately assimilate food from ashes, whereas the unburnt litter is not assimilated until perfectly decomposed which may take some time. For this reason in the case of light soils the burnt over patch generally gives a fair crop the first year, and poorer crops later; while the area which has not been burnt gives a poor crop the first year but a continuation of better crops afterwards. Back east on the rich hardwood lands burning was always beneficial because a surface fire assured a good crop the first year and could do little harm to the plentiful store of humus present in the soil. Similarly here in the Kootenays, a deep black muck soil may be improved and its natural sourness diminished by a surface fire. In light soils, however, there is seldom sourness present and a hot fire simply destroys about all the natural fertility existing. In the process of burning much of the possible plant food is converted into gases which escape into the air, but there is also probable further waste for, if the ground be not immediately harrowed or plowed, wind and surface water may dissipate the remnant of plant food left in the form of ashes.

We would further do well to imitate the thrifty small farmers of France and Germany in the matter of gathering forest litter for the bedding of cattle, horses and pigs. By mixing with barnyard manure there is obtained a combined fertilizer of the very highest value for soils deficient in nitrogen and plant food generally.

CANADA FREE NATION IN CIRCLE OF FREE NATIONS

Editor of Toronto Globe Speaks to Canadian Club—New Nation of Democracy

(Special to The Daily News.)

VANCOUVER, B.C., March 30—Rev. J. A. Macdonald, editor of the Toronto Globe, gave an eloquent address this afternoon before the Canadian club on Canada's place among nations. The keynote of the speech was that "a free nation in a circle of free nations that make up a free empire was Canada's proper place." He said that Canada must remain free and be master of her own situation, rule her own house, administer her own laws, police her own shores and make her own treaties with other nations. The fact that the creation of an independent nation forming part of a great empire has no precedent did not matter as Great Britain had been forming precedents for the world for centuries.

Speaking concerning the opinions of leaders in the states regarding Canada Mr. Macdonald said that the dominant opinion was that they had no desire to see any other flag than the Union Jack wave over the Dominion. In closing the speaker made an appeal that as Canada now had an undoubted great future before it she should lead the way and show to the world a new nation of democracy such as France had never attained and the United States had not realized.

BLIND PIGS PROFITABLE IN NORTHERN ONTARIO

COBALT, Ont., March 30—The second batch of blind pig cases heard today resulted in 16 convictions and the collection of $1990 in fines at Cochrane and Kelso. In 14 months the provincial police have seized in transit liquor worth $8000 in Toronto, but which when doctored and diluted could have been retailed for at least $50,000 in northern Ontario.

TURNED AWAY FROM HOME TO DIE

Inhuman Stepfather Sends Boy to Die—Collapsed at Railway Station—Attended by Strangers

MINNEAPOLIS, Minn., March 30.—Given up by physicians and dying with tuberculosis, Earl Sharp, 17 years old, barely able to talk, was turned from his sick bed in his mother's home in Graceville, Minn., by his step-father last Tuesday and with $5 in his pocket was put on a train to Minneapolis and told to die where he best could, according to his story told to city physicians. Today he lies dying in a little room in the Cliff hotel, on High street, deserted by his brothers and sisters, and tended by strangers who took care of him when he collapsed in the Union station on Tuesday night.

SEEDING PROSPECTS NEVER BETTER AT BRANDON

BRANDON, Man., March 30—Seeding prospects in this immediate district were never better. The cold weather of the last week has delayed commencement of work but farmers generally are pleased at the delay. Leading grain growers expect seeding to be well commenced by the end of the first week in April. The recent cold weather is regarded as very favorable making spring thawing gradual. The water has gone right in instead of running off as it would have done had there been uninterrupted mild weather. A pretty careful estimate seems to warrant the expectation that the increased acreage in this district will be 15 per cent.

ELECT GOVERNMENT CANDIDATE.

FREDERICKTON, N. B., March 30.—In the bi-election here today to fill the vacancy in the local legislature caused by the death of Thomas Robinson, M.P.P., Dr. O. E. Morehouse, government candidate, defeated George F. Burden, opposition, by 1,210 majority, with one place to hear from, which will probably increase the majority slightly. The government majority at the general election was 1,289.

WILL PROSECUTE OWNERS OF DOCKED HORSES

TORONTO, March 30—The Toronto humane society today decided to prosecute all owners of docked horses where the evidence of an eye witness of the docking can be obtained. There is no specific law prohibiting docking, but the society will invoke the general provision against cruelty to animals found in the criminal code.

SANCA, B. C.

53 acres of prime fruit land nearMyrtle creek, north of Sanca, part sub-div. lot 914, shore of Kootenay lake. Land mostly grass, very little brush. Title fee simple unincumbered. Will make exquisite and profitable fruit and general farm.

Creston

7 acres fruit land, 3 1-2 plowed. Rest stumped, fenced, shack. Quite exceptional bargain.

JOSEPH RYAN
Cranbrook B. C.

MANY RANCHERS CLEARING LAND

Improvements Progressing at Taghum and Granite—Spring Work Now in Full Force

(Special to The Daily News.)

TAGHUM, B.C., March 30—Messrs. Gough and Guille are having a considerable portion of their ranch at Granite cleared up this year in addition to the large amount of land cleared last year. They purpose planting a considerable amount of crop this spring.

W. H. Mansfield has grown a large number of plants in his glass house of the early variety of tomatoes, cabbage, etc., to supply his own and the local ranchers' requirements.

C. Gansner is doing quite a large business in eggs for setting and incubation from his various strains of thoroughbred poultry and is going more extensively into poultry and duck raising this year.

A. I. Laviolette has opened up a general store at his ranch on the Granite road to meet the requirements of the new settlers.

Spring work has now opened up in earnest. Several ranchers are having land cleared ready to plant fruit trees and grain crops for chicken and hog feed.

Land Cleared

Joseph Marsden has had several acres of land cleared ready to plant out 500 fruit trees, principally apples and cherries, which are now in nursery rows and plans several more buildings for the accommodation of his increasing hog and chicken business.

William Bowyer has fenced with barbed wire a large portion of his ranch and already planted peas and wheat.

Frank Arcure, the popular C.P.R. section boss, is having the balance of his 10 acre ranch cleared up ready for a grain crop this spring.

F. W. Morton has the stone basement ready to start building his brick house, which will be the first brick building in Taghum and purposes clearing a considerable portion of his ranch which he acquired from M. C. Monaghan last autumn.

The Messrs. Horton are having a large barn built on their ranch. E. G. W. Morris, contractor of Upper Bonnington has the work in hand and it is being rushed to completion.

A. G. Lambert & Co. have recently had a new planing mill installed at their loading station at Taghum which is driven by electric power supplied by the Nelson city power plant and they are now turning out a first class grade of dry lumber. Electric light has been installed in the planing mill and also in the workmen's dwellings.

M. C. Monaghan is now on his way home from the east where he has been spending the winter at his old home with his mother and friends. He is now in Spokane transacting business in connection with his large interests in Sheep creek and Kootenay mining properties.

AFRAID OF BANKS SEWED MONEY IN SKIRT

NEW YORK, March 30—An aged woman who said she was the mother of Annie Colleti, one of the victims of Saturday's fire told the coroner today that when her daughter's body was returned from the morgue for burial $1600 which she says the young woman had sewed in her skirt, was missing. She explained that her daughter was afraid to trust banks and always carried large sums of money on her person.

LETHBRIDGE WILL HAVE BUILDING TRADES STRIKE

LETHBRIDGE, Alta., March 30—The building trades unions will likely all quit work on Saturday owing to contractors of the builders exchange having declared an open shop. Builders say they have plenty of men available who can be rushed here so fast that their work will not be interfered with in any way.

COLD WEATHER DELAYS SEEDING AT MOOSOMIN

MOOSOMIN, Sask., March 30—Owing to the freezing weather of this week, farmers have been unable to get on to the land up to the present and a fall of about four inches of snow today will further delay operations for a few days. The land prepared last fall was fully 20 per cent more than usual and it is a safe estimate that the increase in acreage with favorable conditions will be 15 per cent.

S. O. E. SOCCER MEN GO AHEAD WITH TEAM

Previous to the smoker in the K. of P. hall last night the Sons of England soccer enthusiasts got together and definitely decided to organize a team to compete in a series of matches against the Y. M. C. A. and the City aggregation. A wire has been sent east for equipment and practices will be held at an early date.

An organization meeting for the election of officers and committee will be held shortly.

PORT ARTHUR TO SUDBURY

PORT ARTHUR, Ont., March 30—Mayor Bay wires that Sir William Mackenzie tells him that a start will be made on the construction of the Port Arthur-Sudbury line as soon as weather permits.

GRADUATION EXERCISES.

WINNIPEG, Man., March 30.—The graduation exercises of the theology class of Manitoba college took place this afternoon when the following candidates for the ministry were declared qualified: J. A. Smith, B. A., winner of the Hebrew scholarship; J. M. Beill, F. A. Blocky, Robert Crocket, S. W. Crouch, D. Harper, John Patterson and James Scobie. Rev. Dr. Alexander Hamilton of Boissevain and Rev. Dr. Dyde, principal-elect of the Alberta Presbyterian colege, were given honorary degrees of doctors of divinity.

An Endless Chain of Sickness.

There are upwards of one million deaths each year in the United States. In 99% of cases the people who die are less than sixty-five years old. The evils that are due to disease can be escaped just in proportion as the conditions and habits that bring on disease become more widely understood.

Then too a chronic disease which may baffle the skill of the general practitioner may yet be permanently cured by the Physician who has made one line of disease a specialty.

It would be just as absurd for the Professor in a medical college presuming to lecture on all subjects as for the one Physician to presume to understand the nature and cure of every disease.

That is why Dr. R.V. Pierce established the Invalids' Hotel and Surgical Institute many years ago—with a full staff of Physicians and Surgeons—who though educated to practice in all departments of medicine are here assigned to a special department only—to which each specialist devotes his entire time, study and attention.

The sick who have been treated at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., have much to say in regard to this wonderfully equipped Sanitarium, where all electrical apparatus, as well as electric water baths, Turkish baths, static electric machines, high-frequency current, and other most modern and up-to-date apparatus are used for the cure of chronic diseases. The treatment of chronic diseases that are peculiar to women have for many years been a factor in the cures affected at the Invalids' Hotel and Surgical Institute.

The physicians and surgeons employed are among the most experienced and skillful in the country, men who have made these diseases their life study, and whose highest ambition is to excel in their treatment.

How well they have succeeded may be judged from the fact that their practice embraces cases from every State and Territory of the Union as well as from foreign lands. Many thousands are annually treated, either through correspondence or at Dr. Pierce's Institution. It is an old adage that, "Experience makes perfect," and the skilled specialists in this field of practice cure thousands of cases which have been abandoned as incurable by general practitioners.

One of the most wonderful electrical appliances is the X-ray used at the Institute which may be used both in the treatment of various diseases and in the diagnosis of many obscure conditions. With its aid the interior of the human body is no longer the sealed book it has been heretofore. Abnormal states of the bones, gall stones, stone in the bladder or in the kidneys, are shown plainly by what are known as X-ray photographs. Internal tumors, and the enlargement of the deep-seated organs, are also discovered by this means and in the diagnosis of tuberculosis of the lungs this agent has proven a most valuable aid. When applied to some of the less fatal chronic ailments of germ origin it has proven very effective as a curative agent.

Another interesting proceeding is the violet-ray treatment produced by concentrating the violet or chemical rays from an arc light with a specially prepared carbon upon any portion of the body that may be the seat of pain. Sufferers from neuralgia, sciatica, rheumatism, strains, sprains, also from those obscure exhausting pains (the origin of which cannot at times be accurately determined) frequently find immediate relief from a single treatment and usually with a little persistence in the use of this aid, comfortable health or perfect recovery is obtained.

The incandescent light bath, consisting of a cabinet in which the patient is bathed in the combined rays of many electric light globes, has produced really wonderful results in diabetes, sciatica, rheumatism, obesity, anæmia, and some forms of kidney and heart trouble. It has also proven valuable in chronic bronchitis, bronchial asthma and various skin diseases. As a general hygienic measure its efficiency can scarcely be over-estimated.

Hundreds are brought to this Institution from far distant states and they go home in a few weeks well and strong. Quite as marvelous are the thousands of cures annually accomplished through correspondence, while the patient remains quietly at home. Others consult in person, and after being examined are provided with especially prepared medicines and return home to carry out the treatment.

Everyone who consults the specialists, whether by letter or in person receives the most careful and considerate attention.

Great care is exercised not to over encourage those who consult the specialists of this institution that no false hopes may be raised.

Consultation by letter or in person is absolutely free—no charge whatever—so that the public when afflicted are invited to write Dr. Pierce at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

NO RIGHT TO INTERFERE

OTTAWA, March 30—A visitor to the capital is Sir Frank Newnes, leader of the great English publishing house, which issues the Strand Magazine. He talked freely on general matters but when asked to express an opinion on reciprocity he said: "Great Britain has no right to interfere in Canadian politics and Canada has no right to interfere in British politics."

MISSION WORKER DEAD

BATTLE CREEK, Mich., March 30.—Prof. John Kirkland, F.E.I.S. of Glasgow university, for 27 years a mission worker among the Indians of the Canadian northwest, died at the home of his son here this afternoon, aged 89 years.

Artistic Carpets that Make the Difference Between a "House" and a "Home"

You have it in your power to make your home bright and cozy and "comfy" or irritating and unsightly. The sort of floor coverings you select bring about either one result or the other. They need not of necessity be elaborate for there is elegance in simplicity. But they must harmonize with their surroundings, they must blend into color schemes, whose unity is at once restful and artistic. We can aid you in securing the desired effect in these Ax-minster, Wilton, Brussels and Tapestry carpets.

Our selection is wonderfully complete, including every dependable quality and artistic pattern, in various sizes. If you wish to beautify your home let us assist you to make it the "home beautiful."

Prices: Tapestry, $12.50, $16.50 and $20; Axminster, $27.50 and $30; Wilton, $40 and $50.

Complete Housecleaning Requires New Curtains

The thrifty housewife is not content when her home is spic and span and clean from top to bottom. She wants to improve its original beauty in every way she possibly can. And she realizes that curtains help wonderfully toward gaining the desired effect. They're "home brighteners" whose importance can't be denied.

We are ready with a wealth of new ideas in window hangings that will gratify her most exacting preference. Nottinghams, Cable Nets, Arabian Fish Nets, Brussels, in fact every quality that boasts of merit and pretty pattern is included.

There are sizes for small windows and large windows, as well as single curtains and curtain corners. And prices in every instance are far from prohibitive; lower than the curtains themselves would lead you to expect.

Nottingham Lace Curtains $1 to $6.50.
Battenburg, $6.50 to $15.
Brussels, $4 to $20.

Fertilizer Talk

Swift's Animal Fertilizer adds humus to the soil, furnishes plant food to both young and old orchards, increases the yield of your berries and gives them better flavor; adds to the richness of your apple crop, also increases the yield of potatoes, and gives them a well matured, mealy body.

Remember Swift's Animal Fertilizer in addition to increasing your yields and profits, also strengthens and gives new life to your land. Extensive tests have proved this.

STANDARD MUST MAKE RECORD. LONDON STOCKS IRREGULAR.

WINNIPEG, March 30.—In an active market today Standard Trust *furnished* the principal feature and 232 shares sold at 140, consituting a new high record in the price of this week. Northern Trust was also strong at 187 bid, but no stock was offered. Great West Permanent held firm. A broken lot sold at 121 and the stock at 122. Northern Crown bank was again in demand. South African Warrants were very weak. After opening at 5 points down on yesterday's figures, at which the only sale recorded was at 770, they quickly fell away and were freely offered at 760, with 750 the best closing bid for both present and future delivery.

GREEN BUGS RALLY CHICAGO WHEAT MARKET

CHICAGO, March 30.—Green bugs, al*leged to be threatening wheat of the south*west, were given much of the credit today for rallying the market here. M ost of the buying, however, was on the part of successful bear speculators, who were busy *taking the profits. The closing prices were* steady at ⅝ to ⅞ A ⅜ advance over last night. Leading experts here asserted that conditions have not been such as to favor a green bug visitation anywhere. It is a fact, *nevertheless, that despatches telling* of the presence of the pest in north and central Texas, near to Oklahoma, had a disturbing effect on believers in low prices for wheat. Besides there was a rather *widespread feeling that the market had* been going one way too long. It was pointed out that for six days the tendency had been downward without any reaction of importance. Accordingly, unusual interest was taken in every item of bullish news and especially Kansas reports were less favorable than of late as to the crop outlook. One bogy was the possible effect of dust storms mentioned as sweeping parts of the sunflower state. The advance received help also through a prediction of smaller shipments from the Argentine. Altogether prices held fairly well, but selling on the bulge was sufficient to reduce in a material way the extent of the gains.

TRADE IS CAUTIOUS.

WINNIPEG, March 30.—From the opening today indications pointed to a moderate reaction, and before the close prices firmed *considerably on lack of offerings and some* outside demand for cash. Wheat receipts showed a moderate decline, while millers report fair business, the trade generally being inclined to act with caution going *through the crop growing and seeding* period. Local May opened at 90⅝, ¼c over the close of yesterday, and sold at 91, closing at 90⅞ bid, ⅝c over the close of yesterday.

Minneapolis *gained ½c, with moderate* trading. Elevators and export houses bought offerings moderately. Oats again acted strong in face of heavy receipts. The offerings here were fair, as most receipts go to fill contracts. *Barley gained 5c and* flax 2c.

LONDON STOCKS IRREGULAR

LONDON, March 30.—There was a good supply of money and discount rates were weak today. *The stock market developed* on realizing, but hardened in the afternoon. Profit taking affected home rails and copper shares, but Kaffirs, Mexican rails and rubber stocks then strengthened on some *support. American stocks were* quiet and steady during the afternoon. Canadian Pacific declined ⅝ but the rest of the list ruled a small fraction above par. Stocks eased off when Wall street opened, but the market recovered *later and closed* steady.

THREE-STOREY ANNEX AT QUEEN'S HOTEL

Mr. Lapointe Lets Contract for Enlargement of Present Building—Structure of Brick Veneer

A. Lapointe, proprietor of the Queens hotel, has decided to make extensive improvements to his well-known hostelry on East Baker street and yesterday let a contract to Doucette & Lawson for the erection of a 30 by 30 three story brick veneer annex. The new extension will adjoin the present building in the rear and will give an extra accommodation of 12 bedrooms.

A new *kitchen, pantry,* sample rooms and a boiler room will form part of the new building for which the plans were drawn by Alex. Carrie. From the boiler room will be supplied steam for the heating of the rooms.

IMPROVEMENTS PLANNED FOR LOCAL I. O. O. F. HALL

Alex. Carrie is advertising for tenders *for the carrying out of a number of im*provements to the Odd Fellows' hall which will involve the moving of the staircase from its present position to the back of the building, the building of new locker room and ante rooms, the moving of the kitchen *from the second* floor to the third floor and the enlargement of the lodge room.

CRESCENTS WHIP STARS

The basketball game yesterday in the Y.M.C.A. junior league was between the Stars and Crescents, resulting in a win for the Crescents by 4-1.

The game tomorrow will be between the Circles and Crescents.

Minard's Liniment Cures Dandruff.

LOST

LOST—Between Fairview and Nelson, on night of Nelson choir concert, fancy green silk handkerchief. Valued more for past associations. Finder well rewarded. R. A. Howe, city.

NOTICE.

Take notice that I, George Bartlett of the City of Nelson, British Columbia, hotel keeper, intend to apply to the board of license commissioners of Nelson, at the next meeting of the board, held 30 days after this date, for the transfer or reissue to Thomas Martin Ivens of the said city of Nelson, of the hotel liquor license granted for the Bartlett hotel, situate on lots No. 11 and 12, in block 5, in the said city of Nelson, according to the official plan or subdivision of District lot No. 95, group 1, district of West Kootenay, in the Province of British Columbia.

Dated this 27th day of March, A. D. 1911.

GEORGE BARTLETT.
THOS. MARTIN IVENS.
Witness: FRED C. MOFFATT. 29-3-11-30d

TENDERS

Sealed tenders will be received until Monday, April 3, at 12 o'clock noon, for the different trades in making certain alterations *in the Oddfellows block. Plans and* specifications can be seen at my office. The lowest or any tender not necessarily accepted. A. CARRIE.

WATER NOTICE

I, John E. Annable, of Nelson, rancher, give notice that on the 15th of April, 1911, I *intend to apply to the Water Commis*sioner, at his office in Nelson, for a license to take and use one-eighth cubic foot of water per second from Dill creek in West Kootenay District. The water to be taken *from stream about 1,000 feet from the* mouth of the creek, on Lot 1239 G.1, and to be used on Blocks 9 and 10 of Lot 303 for irrigation purposes.

17-3-11-30d. J. E. ANNABLE.

WATER NOTICE

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Nelson division of West Kootenay district.

(a) The name, address and occupation *of the applicants: Alex. Chernoff and Alex.* Shukin, of Thrums, B.C., ranchers.

(b) The name of the lake, stream or source: Coutts creek.

(c) The point of diversion: About 300 *feet N. W. of the residence of Alex. Coutts.*

(d) The quantity of water applied for (in cubic feet per second): ½ of one foot.

(e) The character of the proposed works: Iron pipe underground, size 2-inch.

(f) The premises on which the water is to be used: Block 2, in Lot D. of District Lot No. 1239.

(g) The purposes for which the water is to be used: Irrigation.

(h) If for irrigation describe the land intended to be irrigated, giving acreage: Fifteen acres of Block D. in District Lot 1239.

(i) Area of Crown land intended to be *occupied by the proposed works: None.*

(j) This notice was posted on the 13th day of March, 1911, and application will be made to the Commissioner on the 13th day of April, 1911.

(k) Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet: Alex. Coutts, Peter Aros*simoff and Thos. Dodd, all of Thrums,* B.C.

ALEX. CHERNOFF,
Thrums, B.C.

18-3-11-30d.

Application for Renewal of Liquor License

Notice is hereby given that on the first *day of April next application will be made* to the Superintendent of Provincial Police for renewal of the hotel license to sell liquor by retail in the hotel known as the Leland Hotel, situated at Nakusp, in the *province of British Columbia.*

Dated this 28th day of February, 1911.

NOTICE TO CONTRACTORS

Court House, Grand Forks

Sealed tenders, superscribed "Tender for Grand Forks Courthouse," will be received *by the Honorable the Minister of Public* Works up to noon of Monday, the 3rd day of April, 1911, for the erection and completion of a new courthouse at Grand Forks, B.C.

Plans, specifications, contract, and forms of tender may be seen on and after the 13th day of March, 1911, at the offices of the Government Agents at Grand Forks and Nelson, and at the office of Department of Public Works, Victoria.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works, for the sum of $2,000 which will be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

The successful tenderer shall furnish a bond of a guarantee company satisfactory to the Minister of Public Works, in the sum of $5,000 for the due fulfilment of the contract.

Tenders will not be considered unless made out on the forms supplied, signed by the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

F. C. GAMBLE,
Public Works Engineer.
Department of Public Works,
Victoria, B.C., March 8th, 1911. 279

NOTICE.

Tenders will be received by the under *signed up to the 22nd day of April, 1911,* at 5 p.m. for the purchase of Block 27, Subdivision of Lot No. 541, Group 1, New Westminster district, situated in the city of Vancouver, and being the site of the *old provincial courthouse. Each tender* must be enclosed in a registered letter and must be addressed to the undersigned, and plainly marked "Tender for old Vancouver Courthouse Site," and must be accom*panied by an accepted cheque for 10 per* cent of the first payment of the purchase money. Payment for the property will be accepted in instalments of one-quarter of the purchase money. The first of such *instalments to be paid within 30 days after* the acceptance of the tender, and the other three annually thereafter, with interest at the rate of 6 per cent per annum. In the event of the person whose tender is ac*cepting failing to complete the first instal*ment within 30 days of the notice of such acceptance the sale to him will be cancelled and his 10 per cent deposit forfeited The cheques of the unsuccessful tenderer *will be returned. The highest or any* tender will not necessarily be accepted. No commission of any kind will be allowed.

WILLIAM R. ROSS,
Minister of Lands.
Department of Lands,
Victoria, B.C., March 7, 1911. 279

Corporation of the City of Nelson

NOTICE

Notice is hereby given that under the provisions of Bylaw No. 89, "Pound and Dog Tax Bylaw," it is unlawful for any person to suffer any horse, mule, bull or cow, sheep, goat, pig, or other cattle, or *poultry to run at large within the limits* of the city of Nelson.

Every owner, possessor or harborer of a dog in the city of Nelson is required to pay annually a tax of two dollars for each *dog, and a tax of five dollars for every* bitch owned by him.

No person shall suffer or permit his dog to run or be at large in the city of Nelson for which such person has not paid the *tax required by him unless such dog shall* have round his neck a collar or strap to which shall be attached a metallic plate to be supplied by the city on payment of the said tax.

Warning is hereby given that any person guilty of an infraction or violation of any of the provisions of the above named by law is, in addition to the fees and charges set forth herein, liable upon summary con*viction to a penalty of One Hundred Dollars* and the costs of prosecution, and in default of payment to imprisonment for a term not exceeding two months.

By order,
W. E. WASSON,
City Clerk.
Nelson, B.C., March 14, 1911.

CITIZENS RUSH TO REGISTER

Stephen H. Hoskins Was Busy Yesterday Receiving Declarations for Nelson Provincial Riding

Stephen H. Hoskins, registrar of voters, was busy yesterday receiving declarations of persons wishing to qualify in the Nelson provincial riding at his office in the court house.

All persons who are not already on the list must register, if they desire to be placed on the list which will be revised at the court of revision to be held here on the first Monday in May, must make their declarations either before Mr. Hoskins or some other properly qualified person before 5 o'clock on Monday evening next when the present list closes. This will be the last opportunity to get on the register until the fall court of revision is held on the first Monday in November.

The clause in the statutes governing the date of the closing of the lists is as follows:

"Said list of persons claiming to vote shall be suspended from and after the first Monday in April and October of each year and all applications to vote received after the said first Monday in April and October shall be held over until after the courts of revision provided for in subsection (e) hereof respectively, when they shall be posted up as provided in subsection (b) hereof."

A STORY OF GRATITUDE

"How Thankful I Am I Tried GIN PILLS"

Everybody in Hartfield, New Brunswick, knows Mr. Wilson, and everybody knows how he suffered from Rheumatism. All his neighbors offered suggestions and told him to try all sorts of remedies—but nothing gave him any relief. He had been tortured with Rheumatism for several years when he read in the papers about GIN PILLS and the wonderful cures they were making. Mr. Wilson read of a case so much like his own that he decided to give GIN PILLS a trial.

DO AS I DID—BE AS I AM.

HARTFIELD, N.B.

"It affords me great pleasure to convey not only to you but to all sufferers from Backache and Rheumatism, the great relief I have obtained from the use of GIN PILLS. I feel thankful to you. I recommend GIN PILLS to everyone suffering as I did."

ROBERT M. WILSON.

Are you as Mr. Wilson was? Be as he is to-day. All you need is GIN PILLS. They will cure you because they are the greatest Kidney Remedy known to science to-day. GIN PILLS instantly relieve the burning, biting pain in the back. GIN PILLS relieve the irritated bladder and cure Incontinence and Suppression of Urine.

GIN PILLS strengthen the weak kidneys. GIN PILLS neutralize uric acid. GIN PILLS purify the blood. GIN PILLS reduce swollen, painful hands, knees, ankles and feet, and GIN PILLS CURE KIDNEY TROUBLE.

We don't ask you to buy GIN PILLS—but to try them—and we let you try them free. Write us and we will gladly send you a free sample of GIN PILLS. Take them as directed and a few pills will prove that you have found the right remedy at last. GIN PILLS are sold by dealers at 50c. a box—6 for $2.50. If you can't get GIN PILLS in your neighborhood, write us enclosing price and we will send them to you direct. National Drug and Chemical Co., Dept. B. C. Toronto. 79

MANGA-TONE BLOOD AND NERVE TABLETS regulate the whole system—purify the blood—and increase the appetite. 50c. a box.

NELSON NEWS OF THE DAY

Mrs. H. C. Hall is on a visit to Victoria.

There will be moonlight skating, with a band, at the roller rink tonight.

A. J. Becker, manager of the Lucky Jim mine, leaves for Spokane this morning.

Hastings & Co. have opened a real estate and insurance office in the Mara block.

H. Clever of New Denver was a visitor to the city yesterday, registering at the Strathcona.

The Scandinavian Aid and Fellowship society will hold a special meeting at 8 o'clock this evening.

Michael Zatoni, owner and operator of the Molly Hughes mine near New Denver, leaves on this morning's train for Spokane.

Those wishing to subscribe to the John Houston memorial fund must do so before midnight today, as the lists close at that hour.

On account of the mock trial which is to be held this evening at the Y.M.C.A., the young men's class will not take place. The trial commences at 8 o'clock.

George Hale is building a 20 foot launch for T. A. Mills. The new boat will be of the Atlantic dory build and is to be equipped with a five horse power four cylinder Wolverine engine.

There will be a business meeting of the Nelson Male Voice choir tonight at the Y.M.C.A. at 7.30 o'clock. Members are asked to turn in at this meeting all unsold tickets for Wednesday's concert.

S. P. Tuck, sheriff of South Kootenay, will sell in his office at the courthouse at noon today 26,000 feet of logs, lying in the boom at Slocan river, which were seized last week.

Before his honor, Judge Forin, in chambers yesterday morning E. C. Wragge, in the matter of the estate of John B. Beemer, deceased, was granted an order to the official administrator to pay creditors of the estate pro rata.

Following up their success at the opera house, the members of the local Male Voice party are considering a proposal to visit Cranbrook, Fernie and Calgary on a week's tour at the end of April. J. E. Williams of Calgary, one of the artists, is very optimistic concerning the idea and it is his intention to boost the project in the windy city. There would be no doubt as to the financial success as the inland cities have never yet been favored with a visit from a male voice party, and speaking from a Calgary point of view Mr. Williams gave it as his opinion that the local party would take that city by storm. The members will meet some time this week, or early in the next, to discuss the proposition.

When you think of dress goods go to Mr. and Mrs. Flint and buy it at cost.

Having purchased the men's furnishing business of Mr. J. H. Wallace of this city we hope for a share of your patronage. Hall & Jessup.

AT THE THEATRES

The Passion Play will be at the opera house Friday and Saturday evenings. The Lethbridge Herald says: "Although the Passion Play has been here before, every man, woman and child should see it. You know the Bible has been read before, still we never tire of it. The same applies to the Passion Play. We cannot see too much of it, as it is instructive as well as entertaining."

A beautiful scenic subject, giving a panoramic view of the Italian city of Florence, is one of the chief items in the change of program at the Gem theatre this evening. Also included are, "Her Darkest Hour," an Imp feature, in which the acting is well done. "A Deputy's Honor," a Bison story, will attract those who like western films, and "Fortune's Mistake."

ATHLETIC CLUB ELECTS OFFICERS

Program of Sports Planned for Fruitvale on May 24—Church of England Meeting.

(Special to The Daily News.)

FRUITVALE, B. C., March 30.—The annual meeting of the Fruitvale Athletic association was held on Saturday evening, there being a good attendance. The business and balancing of accounts were satisfactorily carried out. The officers elected for the ensuing year are: President, J. A. Muir; vice president, W. J. Palmer; secretary-treasurer, N. J. Wynne; executive committee, H. Colebrook, A. Sutcliff, J. England, H. Bath, N. A. Aldersmith; auditor, N. Way. F. Henley was re-elected captain of the cricket team and A. Muir captain of the football team. Quoits are to be introduced this season, and a horizontal bar will be placed on the recreation grounds, which will be a great addition to the association apparatus. The committee have decided to put on a good program of sports for May 24. Several new features in the way of races, etc., will be put on for open competition, announcements of which will be made later. With such an enthusiastic committee as the above a good season of sports is assured.

A large crowd turned out to meet the demonstration train last Saturday morning. Although it made a stop of a couple of hours it was all too short for one to take in all the many interesting departments. W. E. Scott, deputy minister of agriculture, addressed those assembled and spoke of the value to the rancher and others of having the train visit British Columbia. N. C. Ashby also spoke of the pleasure to be derived on such an occasion and gave every one a very cordial invitation in the name of the State college to board the train and go through the various cars. Practical demonstrations on poultry raising, dairying, pruning and grafting were given by the professors in charge. Electric lighting, such as could be used to light farm houses and buildings, was a very interesting exhibit. Miss Mackay of the domestic science department gave some very practical hints on the picking and canning of the various fruits, and also demonstrated some quick dishes, which were afterward handed around.

The annual meeting of the Church of England was held on Monday evening. An amount of general business was gone through. It was decided to elect two trustees. D. Gillespie was elected by those present, while Archdeacon Beer will elect the second. H. Colebrook was elected auditor. It was announced that Mr. Kennedy, who will be ordained this summer, will again take up his work here and will arrive in May. Services will be held in the meantime every Sunday at 7 p. m., conducted by D. Gillespie, lay reader. Mrs. H. Colebrook has kindly consented to preside at the organ.

The bridge superintendent was in town looking over the ground for the bridge work that is to be done this summer. He reports that work can not be started yet until the water subsides in the creek.

W. Mellard and J. England returned from Nelson yesterday, where they went on business.

Mr. Kidd is busy loading a couple of cars of fence posts for shipping, which he cut off his land during the winter.

Miss Tasker and Miss Douglas wish, through the medium of the press, to acknowledge with many thanks the great kindness shown to them in so many ways by the people of Fruitvale when they lost everything by fire, and to the men for their voluntary work on their new house. Miss Tasker hopes to give a masquerade dance in the ranch house (kindly loaned by J. A. Muir) on Easter Monday, to which every one in the valley is invited.

The New Home of *Fit-Reform*

Hand Tailored Garments

DOUBTLESS you, who wear Fit-Reform Suits and Overcoats, have often wondered where, how and under what conditions, these superb hand-tailored garments are made. The new home of Fit-Reform is shown above.

YOU—and the other well dressed men of Canada—have made this big building a reality. The enormous increase in the demand for these highest class of hand-tailored garments necessitated increased facilities.

LAST year, the entire Fit-Reform Building was acquired, and completely remodeled to suit the special requirements of Fit-Reform.

THE Fit-Reform Building stands at the foot of Beaver Hall Hill, in the heart of the financial and business district of Montreal. It contains over 50,000 square feet of floor space—is a model of cleanliness and sanitation—and is the largest and most complete high class tailoring establishment in Canada.

WE are showing the latest creations in Fit-Reform garments for spring, designed and tailored in the Fit-Reform Building shown in miniature above. 316

NELSON NEWS OF THE DAY

J. K. Stanland of Kaslo, is a guest at the Hume.

Born, on March 30, to the wife of F. E. McGarde, Vernon street, a son.

O. W. White, the Sandon mining man, came in last night from Spokane and is a guest at the Strathcona.

The annual meeting of the Nelson Cricket club, on Tuesday evening next, will be held in the board of trade rooms at 8 o'clock.

Answer to correspondent: W. N., Fruitvale—the secretary of the Nelson and District Canadian club is George H. Playle, of Nelson.

Trinity church choir will meet this evening at 7.45 in the church for the purpose of continuing the rehearsals of "The Crucifixion," which will be rendered on Good Friday.

The officers and members of Nelson lodge No. 25, Knights of Pythias, will be at home at Pythian Castle hall, in the Eagle block, on Tuesday evening, when a whist drive will be held. Invitations are being sent out to all the members of the lodge and the committee in charge of the events wish it understood that each invitation includes one for a lady.

The fair sex are reminded that their presence will be appreciated in the gallery of the mock parliament at the Y.M.C.A. tonight, when their destinies, as regards the franchise, will be determined by the vote of the members. Speaker Tuck will bring down the gavel at 8 o'clock. It is whispered there is disaffection in the ranks of the adult suffrage party, which is in power.

The sewing and embroidery classes which are being held under the auspices of the Nelson and District Women's Institute, are becoming increasingly popular, so that the committee in charge are finding it difficult to accommodate those taking advantage of the courses. At 306 Silica street Mrs. Shaw, the provincial government demonstrator, will give the last lecture of the embroidery course this afternoon, while the final lesson in sewing by Mrs. Flint, who is now being assisted by Mr. Flint, will take place this evening. A big crowd is expected at the regular monthly meeting tomorrow afternoon when at 3.30 o'clock Miss Cowap will lecture upon the icing and filling of cakes, and Miss Bealby will give some violin selections.

Don't forget the supper and concert given by the Y.P.S. of the Presbyterian church, which will be held tonight at the church. Supper at 6 o'clock, concert at 8 o'clock. Concert and supper 50 cents, concert only 25 cents.

HAND WILL BE AMPUTATED

(Special to The Daily News.)
FERNIE, B. C., March 30.— W. Carlova, an Italian, working in the Columbia macaroni factory, had his hand so badly crushed while working that he had to be taken to the hospital, where his hand will have to be amputated in the morning.

CLOSER UNION WITH MOTHERLAND

Premier McBride Heartily in Sympathy With Movement—Co-operation in Empire Affairs

(Special to The Daily News.)
VICTORIA, B.C., March 30.—Today's London cable referring to the presentation to Premier Asquith of a petition with the signatures of Conservatives, Liberals and Laborites in the imperial parliament, numbering one-half of the membership of the commons, urging closer union with the motherland of the overseas dominions in the administration of empire affairs, was read with keen interest by Premier McBride.

"It must be a matter of the very greatest pleasure to all imperialists in Canada, and this should include the entire population of the Dominion," said Mr. McBride, "to find that so many active and influential members of the imperial house, nothwithstanding the tremendous pressure of the business of the forum, have now determined upon a move that should end in something tangible being done in the direction of imperial federation. We must all recognize that there is an almost abnormal demand upon the time of the British parliament, because of the magnitude of the affairs it is obliged to care for and thus we may be able to approximately appreciate why different governments in late years have not been more active in this great matter than the records show.

Nothing Left Undone

"Many members of the British house who have visited Canada recently have undoubtedly while in the Dominion been impressed with Canada's growing importance and with the urgency of immediate action toward the accomplishment of a closer association of the home land and the overseas dominions in the conduct of imperial affairs. Now that some definite movement has been launched, it is hoped that nothing will be left undone toward implementing the preliminary action reported in every possible direction where good may be accomplished.

"There can be no question but that all Britishers overseas will watch with the closest attention the developments that are likely to follow, and will agree that if reasonable, as well as practical, proposals are offered, an effective consummation that will at any rate be the commencement of imperial federation in earnest will undoubtedly result.

"It is a most gratifying feature to find, by the press despatches, prominent men of all political complexions identified with the petition. I recollect noticing in one of the English dailies recently that Mr. Norton Griffiths, who visited British Columbia last summer and who is mentioned as one of the signatories of this petition, had propounded a question to the prime minister with regard to imperial federation, in answer to which Mr. Asquith made, however, a somewhat indefinite reply. It would now appear that the matter is not by any means to be dropped."

BAPTIST CHURCH EXTENDS A CALL

Rev. Mr. King of Cranbrook Invited to Nelson Pastorate—Filled Local Pulpit Last Sunday.

At a largely attended meeting of the church congregation last evening, the First Baptist church of Nelson extended an unanimous call to Rev. C. W. King of Cranbrook to the local pastorate. Mr. King took the services of the church last Sunday, by invitation, and the call no doubt bears some relation to the impressions the congregation then formed.

Mr. King has filled the Cranbrook pastorate for two years, and has been extremely successful there. The imperative order of a physician that Mrs. King be removed to a lower altitude obliged Mr. King to resign that charge, thus bringing about the present circumstances. At first he was intending to return east, but the conditions of life in Nelson are certainly equal to any to be found in the east, and there is therefore ground for the expectation that he will entertain this call.

Mr. King's period in the ministry has been spent almost wholly in Ontario. Being originally from the lower provinces, he was pastor of a Kingston church for six years, paston of the Oxford Street church, Woodstock, for a like period and for another six-year period pastor of the Parliament Street church, Toronto.

Last fall the Nelson church secured for six months Rev. Eugene Hooper, M. D., of Toronto, and Dr. Hooper left for the east but last week, leaving many friends in Nelson. Before Dr. Hooper, Rev. A. N. Frith, who accepted a call from an eastern church, was pastor here for several years.

SMOKING CONCERT DREW BIG CROWD

Sons of England Hold Enjoyable Affair —Three Interesting Boxing Bouts on Program

Fully 150 were present at a highly successful smoking concert and social which was given by the local lodge of the Sons of England in the K. of P. hall last evening, when a splendid selection of songs, instrumental music and boxing bouts created round after round of applause.

The affair was opened by W. Cutler, president of the lodge, who in a few well chosen remarks dealt with the objects of the order, and invited F. A. Starkey to take the chair. One of the most interesting events on the program was a boxing bout between F. Robinson and H. Wilson, which ended with honors about even, while a second bout between Mr. Robinson and Percy Joy provided a most amusing item, Mr. Joy getting a number of regular "haymakers" though his opponent decidedly got the better of the go. A third bout between Messrs. Hopkins and Hayden also provided excellent sport.

Of the music a special word of praise must be given to the choruses by the Nelson Glee party, to the humorous recitals of E. Openshaw, to a song, "My Wild Irish Rose," by Mr. Cutler, and to the renditions of Messrs. Cornish and Lupton. The old veteran of the Indian mutiny, Christopher Sutcliffe, was roundly applauded for his description of scenes in the mutiny and for his singing of a song of his own composition. During the interval excellent refreshments were provided. The committee responsible for the function were A. S. Horswill, E. Lupton, F. Butler, F. Robinson, H. Wilson and Percy Joy. The full program was a follows:

Pianoforte solo, Mr. Blue (accompanist); song, E. Lupton; humorous recital, Ed. Openshaw; boxing bout, F. Robinson and H. Wilson; song, W. Cutler; boxing bout, F. W. L. Hopkins and Mr. Hayden; Nelson Glee party; duet, Messrs Lupton and Cornish; pianoforte solo, L. Roberts; boxing bout, F. Robinson and P. Joy; song, Mr. Gardiner; chorus, Glee party; song, C. Sutcliffe; humorous recital, in Yorkshire dialect, E. Openshaw; pin drawing contest; duet, "Army and Navy," Messrs. Cornish and Lupton.
