WENT TOO FAR

Ludgate's Representative is in Custody

FOR ASSAULT ON POLICE

EVIDENTLY FORGOT DIFFERENCE BETWEEN CANADA AND OTHER PLACES IN REGARD TO ENFORCEMENT OF LAW—C. N. OFFICE IN VANCOUVER—

VANCOUVER, June 1—The struggle for the possession of Deadman's island reached a crisis this afternoon when in attempting to land on the island, E. L. Kinman, managing director of the Island Dock & Warehouse company and two companions assaulted a police officer and were again arrested and up to the hour of wiring was in custody at the police station, bail being refused.

Mr. Kinman accompanied by William Sharp and F. L. Bailey, returned to the island this afternoon after being ejected out on bail this morning. In attempting to land again on the island he encountered officer Kurner of the city police force and in the altercation which ensued Mr. Kinman assaulted the police officer with a club. This occurred at a point on the west side of the island. In resisting the officer Mr. Kinman struck him with a club and knocked the officer down. Police constable Allen was also injured in the melee.

Chief Chamberlain and inspector Charles Mulhern arrived on the scene shortly afterwards and Mr. Kinman and the two men with him were immediately rearrested and taken to the police station. After the exciting melee two other men in the employ of Mr. Kinman were found cutting timber on the island. They too were arrested and taken to the police station. They give their names as David Taylor and Victor Newbam.

The Canadian Northern railway engineering department has opened offices in Vancouver. This is taken as an indication that D. D. Mann, vice-president of the railway, was not speaking in an idle vein when in Vancouver a few months ago he stated that it would be a matter of only a few years before his railway would reach tidewater in this city. The Vancouver offices are in charge of Thos. White, chief engineer, who recently spent some time in looking over the topography of the country in the vicinity of the north arm of the Fraser river, where it is possible the Canadian Northern may establish terminals.

E. A. James of Victoria, formerly manager of the Canadian Northern railway, is about to resume his railway career. He retired several years ago owing to ill health. Mr. James recently accepted the position of general manager of the Alberta & Great Western railway which will extend north from Edmonton to Fort McMurray, a distance of 160 miles. Mr. and Mrs. James were passengers on this afternoon's train from the east. Mr James announced that he had been in Kansas City conferring with the capitalists who have planned the enterprise. The surveys are now being rushed. It is also likely that a branch will also extend into the Peace river district, Mr. James added that his health was now sufficiently improved to permit of him accepting the management of the new road. He will have personal charge of the construction which will be started at Edmonton in July.

A great deal of Alberta capital is being invested in Vancouver realty. A. York of Edmonton, who recently purchased over $75,000 worth of property here, will leave for home today to make arrangements to remove to this city. He lately purchased a residence on Burnaby street. John Hayes, also of Edmonton acquired the adjoining property for $8500. Mr. Hayes will also make his home here. For nearly 20 years he has acted as C.P.R. land inspector in the Edmonton district.

Messrs. York and Hayes this afternoon expect to complete negotiations for a brick block on Granville street for $60,000. J. T. Blowey, another Edmonton man is also making extensive investments here. He has already purchased $50,000 worth of local realty, mostly improved property. Recent purchases by J. Wilson of Penhold, Alta., are said to exceed $65,000.

With the near approach of the fishing season, the question of the price to be paid for fish, both on the Fraser and in the north is becoming a live issue, and a meeting of the salmon canners association will be called probably this week by W. B. Burdis, secretary of the association, for the purpose of deciding definitely on the scale of prices for the season.

Preparations for the run are proceeding apace, especially on the Fraser, where the canneries to be operated this year are being put in shape and the usual stock of tin plate has all arrived and the overhauling of machinery and gear is being pushed with all speed. This is the year of the big run which in the history of salmon fishing on the Pacific coast, recurs every four years. While there is said to be absolutely no safe method of forecasting the catch, it is significant that preparations on the Fraser are for a considerably smaller run than in 1905, the last big year. The plate ordered and other supplied contracted for are on a basis of from 50,000 to 100,000 cases less than in 1905.

DISPUTE ABOUT WAGES

EMPLOYEES OF G. T. P. ASKING FOR CONCILIATION BOARD

WINNIPEG CARMEN INSTRUCTED ON RIGHTS OF MILITARY

WINNIPEG, June 1—The engineers, firemen and conductors employed by the Grand Trunk Pacific have applied to Ottawa for a board of conciliation to settle differences with the company. Up to the present time no schedule has been arranged for the operating department. John Brandt, Winnipeg, and John Powell, Waterous, were in conference with manager Chamberlain this morning.

The judges of the court of appeal have made the order dismissing the appeals against the members of the dominion house of commons for the electoral districts of Portage la Prairie, Brandon, Macdonald and Lisgar constituencies, the petitions in these matters having been dropped as against the several respondents.

Russell Richardson, a clerk in Porte & Markella's jewelry store, was seriously injured today by being struck by an iron dropped by a nemployee working on the 7th storey of T. Eaton company's departmental store.

For some time past there has been some friction between street railway motormen and others who, not realizing the privileges of the military persist in contesting the right of way. This evening matters were brought to a head when the 90th, marching from the drill hall to the University grounds Broadway car No. 300 refused to stop. Seeing the carman's intention Capt. Blanchard of A Co., signalled the car to stop and himself stood between the rails as the company marched across. The motorman obstinately held on until Capt. Blanchard stepped on and tripped the fender, before stopping the car. Col. Billman thereupon ordered the arrest of the car's crew which the soldiers cheerfully did. The motorman was inclined to resist but was soon convinced of his folly and submitted. The regiment then continued to the grounds. After manoeuvering and marching the regiment was dismissed and the motorman marched to the police station by a corporal and guard.

ADMIRAL DOESN'T TALK

PRINCE RUPERT INSPECTED BY ARMY AND NAVY

BRITISH SHIPS ARE EXPLORING SUB-ANTARCTIC SEAS

VICTORIA, June 1 — Rear admiral Kingsmill, head of the Canadian navy, who has been on a mission said to be to report regarding the necessity of fortifying Prince Rupert, has returned, accompanied by Capt. McDonald of the R.C.A.. They declined to make any statement.

According to advices brought by the steamer Makura from Sydney, Prof. David, who accompanied the Shackleton expedition to the Antarctic, reports big an analysis of specimens brought back with him shows the existence of radium in the Antarctic continent.

To look for islands believed to exist and plant the British flag on each, is the business which the exploring vessel Nimrod, which took Lieut. Shackleton's expedition to the Antarctic, has sailed from Sydney, according to advices received by the steamer Makura this morning. Lieut. Shackleton on the present cruise is to complete the Antarctic work by a complete search in the sub-Arctic for several islands, the existence of which is doubtful. Man has never set foot on Emerald, Nimrod of Dougherty islands, but Capt. J. K. Davis former chief officer of the Nimrod, and now commander of that vessel, is to seek the islands and plant a British flag on each.

Advices were received by the Makura of tribal wars in the Solomon islands, one of the most fiercely waged being that in Guadalcanar district where a feud has existed for five years. There were heavy losses on both sides. One chief had started on a head hunting trip, and he paid a visit to a friendly tribe and availed himself of the opportunity to tomahawk two or three men against whom he had a long standing grudge. Then he decapited with their skulls to add to his collection and a tribal war followed.

Stephen George, a Syrian, purporting to be a Nestorian priest, was arrested here today charged with obtaining money under false pretences. George claimed to be authorized to collect money for an orphanage to be built in Adana for Armenian children orphaned during the revolution.

Hill-Harriman Treaty

NEW YORK, June 1 — The agreement between the railroads controled by E. H. Harriman and those controlled by James J. Hill, for joint use of the tracks leading into Seattle have been signed, sealed and delivered. The representatives of both parties to the agreement were in conference in this city today adjusting the legal details of the agreement but counsel said this was being accomplished without friction and that for all practical purposes the agreement is now in effect. Counsel said it is expected that the tonnage from the section affected by the agreement will exceed all records when the crop begins to move.

IS INDIFFERENT

American Tariff Will Not Affect Canada

WILL BE NO RETALIATION

HON. MR. LEMIEUX WILL REPRESENT CANADA AT CHAMPLAIN TERCENTENARY—NEW OFFICE FOR JOSEPH POPE—OTTAWA NOTES.

LONDON, June 1—The government tonight issued elaborate consular reports obtained at the request of sir Edward Grey, the foreign secretary, on the taxation of land values in New York, Boston, San Francisco and Cleveland. The reports cover the amount of taxation, the method of levying it, and the effect on real estate transactions. They will be read with the greatest interest in connection with the proposed new taxes, and doubtless were obtained for chancellor Lloyd-George's guidance in framing his budget.

The official program of the press conference has been published. The Chronicle remarks: "This most brilliant and astonishing series of events ever planned in honor of distinguished visitors to these shores means that for the first time in the history of journalism a nation recognizes the power of the press."

Sir Melville Meacherofte entertained the Canadian boy marksmen at Cookham. During the next few days they will be guests of the head master at Harrow and will visit various centers. They have received a pressing invitation to participate in the shooting at Bisley in July.

The British and Foreign Unitarian association in its report states that it has been decided to appoint a missionary minister with headquarters at Winnipeg. The association promises £250 for three years towards his support.

It is believed that the national artillery association will welcome the Canadian offer to send a detachment of artillery across in 1910. The association will consider the feasibility of inviting an Australian team.

MELBOURNE, June 1—Today earl Dudley, governor general, refused to dissolve the commonwealth parliament.

The Fisher government will consequently resign. The government was defeated last Thursday on a motion to adjourn by a vote of 39 to 30. Former premier Deakin is forming a ministry.

GERMANY AND AMERICA

INFORMATION GIVEN BY REQUEST SUBJECT OF ATTACK

GERMAN OFFICIALS CRITICIZED AT HOME AND ABROAD

BERLIN June 1—The charges made at Washington by various American senators that the German government was endeavoring to influence tariff legislation in the United States by supplying official information regarding wages, which upon examination proved them to be much higher than the wages attributed to German manufacturers in the hearing before the ways and means committee of the house, has caused a disagreeable impression in governmental offices here. This is especially the case at the ministry of the foreign office where the information in question was prepared in reply to a request sent in by the state department.

The German government has been subjected during the past two months to attacks by German trade journals for having supplied America with German trade secrets. This knowledge of German wages, it is alleged, made it possible to adjust the new tariff to a level where German goods could be exported to the United States. The abstract of the foreign offices communication through Ambassador Hill to the state department appeared in these despatches March 29 and was later reproached in the German newspapers. It brough out savage attacks on the government for yielding to the "impudent demands of the Yankees for official reports on wages, this arming Germany's competitor with vital information.

German officials have been enduring attacks at home, but they are amazed at the accusation from America that they acted strangely in complying with the request of the American government. The matter is likely to come up in the Reichstag.

Pennsylvania Town Burned

SCRANTON, June 1—The town of Dupont, near here, was threatened with destruction by fire today, nearly a dozen buildings being destroyed before assistance from neighboring towns checked the flames. Bucket brigades were formed and partly held the fire in check until the Pittston fire department arrived and taking water from a creek, soon had the flames under control. The total loss is estimated at $600,000.

ANGRY DENIAL IS GIVEN

FRENCH GOVERNMENT DEFENDS LATE AMBASSADOR

GERMAN STORY DENOUNCED AS GROUNDLESS CALUMNY

PARIS, June 1—The foreign office has authorized a most categorical denial of the statement published in Berlin that the .....ten recall of M. Constance, the French ambassador to Turkey, and M. Zinovieff, the Russian ambassador, was due to the discovery in the Yildiz palace of documents showing that Abdul Hamid, the deposed sultan, had paid the former $10,000 and the latter $5000 a month for a term of many months.

It pronounces this allegation as a calumny, absolutely without foundation and explains that the nomination of M. Bompard and M. Tcharykoff as the French and Russian ambassadors to Turkey, were made after an understanding between the two governments whose purpose is to secure harmony of action between their representatives accredited to the new regime in Turkey.

CRAWFORD BAY'S PLEA

SETTLERS WANT BETTER SERVICE FROM STEAMERS

DIFFICULTY OF TRANSPORT THE ONLY BAR TO PROGRESS.

(Special to The Daily News.)

CRAWFORD BAY, June 1—Crawford Bay with a thriving settlement of some eighty individuals, and an area of cultivated land of about 275 acres, with at least 3000 acres more capable of producing fruit in abundance, with a sawmill in daily operation, two stores and a post office, is badly handicapped in its progress by the want of a proper steamboat service. The steamer Kuskanook calls twice a week landing at Gray's creek, two and a half miles from our landing at the head of Crawford bay, with our mails, and goods shipped from Nelson. These goods amounting sometimes in weight to several tons are dumped on the beach at Gray's creek without shelter, and there they have to stay until the settlers by means of row boats can transfer them to the head of Crawford Bay. The Kuskanook would probably take about ten minutes to continue her run on from Gray's creek to the head of the bay. It is this great need of steamboat service at least twice a week which prevents this beautiful valley becoming more thickly settled.

For a time the C. P. R. might not find the run to the head of Crawford Bay a profitable undertaking but as this company owns all the vacant land in this section, it seems likely that in the end benefit would result to it as well as to the settlers from the sale of their lands and the increased amount of traffic from incoming settlers. The promise of a substantial new wharf by the government for our landing at the head of the bay is another inducement for the C. P. R. to call here.

And, while mentioning this, it is only fair to say that the government have certainly treated this neighborhood liberally in the matter of roads during the last two years. At Gray's creek a road has just been completed from the landing to Sir John Wilmot's place and this road passing by the Caribou ranch and through an area of land at present unoccupied will materially benefit that community. The making of the road from the upper bridge on the main Crawford creek road to Kootenay Bay is nearly finished and will be of distinct advantage to the ranches in the upper part of the valley. That Kootenay Bay can ever become the shipping point for Crawford Bay is impossible, the distance and the high ground intervening prevent it. Good roads, however, are of great value in a settlement and Crawford Bay can now boast of about eighteen miles of road.

Messrs. Burden and Watson have installed a new planer at their sawmill and all kinds of rough and dressed lumber can be secured by the residents, a fact much appreciated.

J. Douglas Lawson of Fifeshire, Scotland, is subdividing his 80 acres of really first class land here intending to keep about 30 acres for himself.

Great satisfaction is expressed at the complete recovery of Mrs. Philip Locke from her late serious illness.

The older orchards are resplendent with blossom and there is every indication of a superfluity of fruit necessitating much thinning out later.

Bank Opened at Nakusp.

(Special to The Daily News.)

NAKUSP, June 1—Recognizing the growing importance of Nakusp and surrounding district the Canadian Bank of Commerce has shown commendable enterprise in opening a branch here today. Premises have been secured adjoining the Lelland hotel. With the continued influx of settlers along the lake the bank's success is assured. Mr. J. L. Buchan of Nelson is temporarily in charge, and to him is due the advent of this financial institution here.

New Servant for Hill

NEW HAVEN, June 1—It is understood that announcement will be made today by the New York, New Haven & Hartford railway of the retirement of vice-president John F. Stevens to enter the services of James J. Hill on one of the railroads of the northwest.

OMINOUS MOVE

British Government Seeking American Model

THREATENS LAND HOLDERS

REPORTS ASKED FOR ON TAXATION OF CITY REALTY—RECOGNITION OF PRESS HAILED AS MARKING NEW EPOCH—MR. DEAKIN AGAIN PREMIER.

OTTAWA, June 1—The Canadian government is not likely to enter on a tariff war with the United States should the American tarrif prove to be inimical to Canadian interests. A feeling prevails that Canada can get along very well irrespective of what tariff while the United States may choose to build up to keep out Canadian competition.

Hon. Mr. Lemieux will represent the dominion and British governments at the Champlain centennial to be held at Plattsburg, N.Y. in July.

The marine department officials say that the placing of the new vessel Simcoe on the great lakes will be no contravention of the treaty between Canada and the United States respecting war vessels on those waters. The Simcoe has been described as a convertible armored cruiser, to be utilized as a fisheries protection cruiser but officials declare the description is entirely erroneous. The vessel is not a cruiser but a buoy boat and will be used to handle the big gas buoys which mark out the course of navigation on the lakes.

Joseph Pope today assumed the position of deputy minister of external affairs and was succeeded as under secretary of state by Thomas Mulvey of Toronto, former assistant provincial secretary for Ontario.

CALM IN NEWFOUNDLAND

ISLAND LEGISLATURE GETTING DOWN TO BUSINESS.

ICE BLOCKADE OF COAST STILL KEEPS BACK RETURNS

ST JOHNS, Nfld., June 1.—The newly elected legislature opened this afternoon. Thirty-four of the thirty-six members were sworn in before Commissioners Sir Edward Shea and Hon. Messrs. Skelton and Bishop. Mr. Warren, member for Port de Grave, was elected speaker by unanimous vote.

Sir Robert Bond, formerly premier, was not present and it is announced that the ex-minister of justice, Mr. Kent, will lead the opposition for the time being.

The speech from the throne was read by Governor McGregor.

Nine ballot boxes of St. Barbe are still uncollected owing to the harbor being ice blocked.

The colony ran behind $156,000 in its finances during year according to a statement to be submitted to the legislature. The floating debt is $35,000 for which a loan bill will have to be passed at this session. With his farewell address to the legislature, Sir William McGregor, the governor, who will leave here shortly, expressed his regret at quitting Newfoundland and predicted a great future for the colony. In referring to the dispute with the United States over the fisheries question and its submission to arbitration, Sir William outlined a number of policies which he thought should be adopted. These include the admission of the land and wireless telegraphy systems, revision of the tariff before next winter, concerted actions against the spread of tuberculosis, extension of the colony's railway system, improved steamship service along the coast and to the Labrador ports, and an old age pension system should investigation prove such feasible.

PHILADELPHIA TIED UP

STREET CARS MEN'S STRIKE IS STILL EFFECTIVE

TRACTION COMPANY TRYING TO GET MEN ELSEWHERE

PHILADELPHIA, June 1.—Extraordinary efforts are being made today by the Philadelphia Transit company, the majority of whose motormen and conductors are on strike for higher wages and better working conditions, to increase the number of cars in operation. Less than fifty per cent of the cars now are in operation but conditions are slightly improved. Several hundred new men, brought from other cities and picked up here since the strike was inaugurated last Saturday, have been put to work under the protection of the police. In all of the 129 square miles of the city people are compelled to walk to and from their employment because of the strike. The Reading and Pennsylvania and Baltimore & Ohio railroads are carrying more than ninety per cent of the people from the outlying sections. Each company has opened new ticket windows and extra equipment has been drawn from other sections to handle the increased traffic. The police are in complete control of the situation, two to four policemen accompany every car sent out from the barns.

NEW YORK, June 1.—More than one thousand men made application to a local employment office today for work on the Philadelphia transportation line in place left vacant by strikers. The local agents were instructed to engage six hundred men. More than half that number were employed before noon and will leave for Philadelphia this afternoon under the guard of special policemen employed by the railroad company.

President Healy of the International Brotherhood of Stationary Firemen and W. H. Mahon, president of the International Electricians' union, are here tonight and it is said that they will call of the union employees in the power houses of the Rapid Transit company if the street car men do not win within a few days. Healey was the chief speaker at a conference held this evening. Labor leaders are planning a monster demonstration for Thursday, when they contemplate a parade of the 85,000 members of the building trades council and the textile trades, numbering 40,000 men, are also expected to join in the demonstration. The Market Square Merchants' association, which has over 1,000 members, met today and appealed to the mayor and the Rapid Transit company for a settlement of the strike by arbitration or other means. Mayor Reyburn, however, stated that "there is no call for arbitration. This strike will settle itself without the necessity of calling any foreign bodies in."

SUFFERING FOR HEINZE

DIRECTORS OF COMPANY SENT UP FOR CONTEMPT

PLEAD THAT THEY CANNOT GET BOOKS TO PRODUCE

NEW YORK, June 1—George Baglin, vice-president of the United Copper company, was taken to the Tombs prison today and must remain there under an order of judge Lacombe of the United States district court, until the missing books of the company, which contain the evidence upon which the federal district attorney seeks to convict F. Aug. Heinze, are produced. A similar punishment also hangs over Sanford Robinson, a prominent director of the company, whose case will be further considered by judge Lacombe tomorrow morning. Both men are alleged to have permitted the putting away of the books that were under subpoena. Baglin testified before the grand jury that he had overheard Robinson and one of the Heinze brothers conspiring to remove the books and had interposed no objections.

"Nthing remains for me to do but to commit you for contempt," said judge Lacombe after hearing Baglin's admission. You have no right to stand idly by while men are planning the removal of books wanted in the grand jury investigation; an officer or an employee cannot so act with impunity." Baglin was visibly affected by the sentence. He was allowed to communicate with his wife and lawyer and then he was led to the Tombs.

Robinson's case was next taken up by the court and it was shown that he had refused to testify before the grand jury about his alleged conversation with the Heinze brothers, maintaining that both he and Heinze were attorneys for the company and that therefore their conversation was privileged. Judge Lacombe declined to accept this plea. "Members of the bar," he said, "who choose to become officers or directors of companies and who are accused as directors of conspiring to violate the aw, cannot evade the challenge by claiming to be members of the bar. If the minutes of the grand jury prove to be as I now understand it to be, I shall certainly commit Robinson."

If the directors of the United Copper company depose F. Aug. Heinze from the presidency of the company in order to comply with the order of justice Lacombe to produce the missing books of the company, Mr. Heinze and his brothers may within three hours elect a new board of directors which will reinstate him. The books are wanted by United States district attorney Wise as evidence before a grand jury. The directors say they are unable to produce them so long as Heinze is the president and they will meet tomorrow to find a way out of the difficulty.

The meeting of the stockholders will follow that of the directors and as Mr. Heinze and his brothers are believed to control the stock they can elect a new board if action untriendly to Mr. Heinze were taken. The situation exerted much interest in financial circles today.

Open Shop in Tin Trade

WHEELING, June 1 — Official notices were posted in all the mills of the American sheet and tin plate mills here at noon today, stating that after June 30 all of the plants of the company will be open shops. At the same time notices were sent to newspaper offices with the statement that the company will no longer treat with the amalgamated association. The order affects about 10,000 men who have been working at Wheeling and Martin's Ferry, under the amalgamated scale.

Harrimans Are Off

NEW YORK, June 1—E. H. Harriman and Mrs. Harriman sailed today on the steamer Kaiser Wilhelm II for Bremen via Plymouth and Cherbourg. Mr. Harriman has announced his intention of spending three months vacation abroad. He is going to Vienna and Paris for a short time.

An Underestimate

NEW YORK, June 1 — That 2304 men, women and children have been lynched in this country in the last quarter of a century was the assertion of Mrs. Ida Wells Barnett at the national negro conference in this city today.

Fair Haul

LOCKPORT, June 1—Sometime between Saturday and today a note, cash and money orders, aggregating $6000 were taken from the safe of the Covert Motor Vehicle company. Only the door on the cash compartment of the safe was locked and it apparently had been broken with a hammer.

FAIR NOW OPEN

Alaska-Yukon-Pacific Ready for Visitors

OPENED WITH GOLDEN KEY

EPISCOPAL AND ROMAN CATHOLIC BISHOPS TAKE PART IN FIRST DAY'S CEREMONIES—LONG SPEECH BY JAMES J. HILL—EXHIBITS NOT ALL IN.

WASHINGTON, June 1—In the east room of the White House in the presence of a distinguished gathering of diplomats, congressmen and others, president Taft at 3 o'clock this afternoon opened the Alaska-Yukon-Pacific exposition at Seattle by touching a gold key studded with gold nuggets taken from the first mine opened in the Klondike.

SEATTLE, June 1—Preceding president Taft's signal in the White House setting in motion the machinery of the Alaska-Yukon-Pacific exposition, the exercises at the world's fair grounds were carried out with military precision. The exposition gates were opened at 8:30, and at 9:30 troops from the United States army and navy, the Japanese cruisers Aso and Soya, and the state militia, paraded through the grounds under the command of Col. Goodbury, and the column was reviewed from a stand at the head of the court of honor by exposition officers, visiting governors and admirals H. Ijichi and Urielbree. The ceremonial exercises were held in a vast natural amphitheatre sloping to lake Washington. The stage of this theatre seats 7500 persons and is located on the lake side. The program included music, invocation by the Roman Catholic bishop Edward J. O'Day, brief addresses by manager Nadeau and president J. P. Chilberg, a long address by James J. Hill, chairman of the Great Northern board and a benediction by the Episcopal bishop, Frederick Keator. The fair as thrown open today was finished and carpenters and painters were not to be seen. In a few days the exhibits will be installed at night. The only serious deficit is in the Hawaiian and Philippine displays but the transport Dixie is speeding hither with them and should arrive next Thursday.

When James J. Hill was introduced to make the opening speech forty thousand persons cheered so vociferously that it was several minutes before he could begin his address. The program makers had omitted to count on this demonstration and when President Taft pressed the golden key at noon (Pacific time), and thereby set off the big signal gong, he cut short Bishop Keators benediction.

A striking feature of the parade was the popular applause for the Japanese visitors of the cruisers Aso and Soya. The American officers enthusiastically escorted the Japanese who returned the greeting. Luncheon was served to Japanese and American sailors in the forenoon tea house, one of the Japanese government buildings. The closing event of the day was a banquet to distinguished guests given in the New York building tonight.

Big Masonic Gathering

PHILADELPHIA, June 1 — Grand masters of the Masonic lodges from 27 states east of the Missouri river are meeting here today to discuss questions concerning the administrative policy of the order in the United States. One of the matters to be considered is dual membership. Such memberships prevail in England and it has often been suggested that the same rule be put in force in this country. It is pointed out by those in favor of dual membership that a Mason does not like to lose his connection with his home lodge but would desire to become affiliated with a lodge in the place where his interests cause him to live. About 750,000 Masons are represented at the meeting.

Sleep at Any Cost

HONOLULU, June 1 — Starr Hoyt Nichols, a broker of New York, committed suicide on Saturday night by taking chloroform in his apartments in the Royal Hawaiian hotel. He was 74 years old and had been troubled with insomnia. His suicide is attributed to his nervous condition.

Voluntary Advance

PITTSBURG, June 1.—Several thousand employees of the Republic Iron and Steel company today receiving an advance of 10 per cent. in their wages, effective at once. It is said that practically all the other concerns which cut wages the first of April will restore the former scale before the first of July.

Truth Will Come Out.

KENTVILLE, N. S., June 1.—The grand jury brought in a true bill today against Walter M. Carruthers on a charge of libel on the accusation of Sir Frederick Davies. The libel consisted of the distribution of certain letters written by Mrs. Allison in which were statements reflecting on the character of Sir Frederick.

Make More Coke

PITTSBURG, June 1.—Orders were issued by the H. C. Frick Coke company for the firing of 1200 additional coke ovens in this district tomorrow morning. This will put in operation a total of 15,000 of the company's 20,000 ovens.

Troops Called Out.

SACRAMENTO, June 1.—Five companies from the 5th regiment and cavalry troop K have been ordered to proceed to McLeod tomorrow on account of disorders arising from the lumber strike.

It Takes TWO—Are You One of Them?

If, of the two people it takes to make a bargain, you are ONE, how much would it be worth to you to find the other one. Would it be worth the cost of a classified ad? Would it be worth the cost of a small—but determined—"campaign of want advertising?"

The "other one" necessary to "make a bargain" is found, in nine cases out of ten, through advertising—often through want advertising, and, in this city, USUALLY through want advertising in THIS newspaper.

"The other one" watches the want ads. pretty closely—but, of course, has to be convinced. If your offer is "right," that will be an easy task.

One cent a word will tell your story to readers of

"THE DAILY NEWS"

A ten-word classified advertisement costs only 40 cents for six insertions, when paid in advance.

G. N. R. MAY BUILD SOON

GREAT SUPPLY OF MATERIAL AT KEREMEOS

GENERAL NEWS OF GRAND FORKS AND BOUNDARY

(Special to The Daily News.)

GRAND FORKS, June 1—Considerable speculation has taken place lately in regard to when tracklaying would begin on the Great Northern railway from Keremeos westward. Time and time again a date has been set for active operations to commence, the latest being on May 15th, but as that date has passed and nothing authentic has been given out regarding the matter, the people of that section have nearly given up hope of operations being started this season. Something definite is likely to happen, however, in the near future as part of the track laying machine was seen by your correspondent in the yards of the Great Northern railway in this city yesterday, and was consigned to Keremeos. Considerable heavy bridge timbers, as well as cars after cars of rails, have been passing through here of late, consigned to the end of the line, and it really looks as if the railway company were actually going to surprise the people and commence construction of their line from Keremeos to the coast at once.

Start Cronley who is walking around the boundaries of the United States on a wager, was in Grand Forks the end of last week. Cronley started out from Toledo, Ohio, in October, 1907, and was to complete the journey by June 1, 1910. He left Toledo with one cent in his pocket for travelling expenses, and was to neither beg, borrow nor steal on his trip. From Toledo he struck eastward along the northern boundary to the Atlantic coast and around Florida. He then took the southern boundary to the Pacific coast, landing finally in California. Following the Pacific coast line he came to the international boundary between the United States and Canada, and proceeded to follow along this. Cronley was compelled to walk from Hope to Spence's Bridge and through by Nicola, Princeton and Hedley, thus arriving in this city. Here he secured local evidence as to his being here on his trip, took some notes of the district which he will afterwards publish in a book of his travels, and took his departure. Cronley has a pedometer with him, which showed that he had travelled 1950 miles since leaving Toledo. He still has some 3000 miles to travel, and a year to make it in, although he expects to finish his journey inside of six months.

William McNee has sold his double house at the corner of Spokane and Fourth streets to J. H. McNeil of McNeil & Henzinger. Mr. McNee is leaving shortly for th coast.

Bonthron & Shannon have secured the contract for the new Royal bank building which is to be erected at the corner of First and Bridge streets. This property is at present occupied by John Donaldson's building, whose lease of the grounds expires on the first of July. As soon afterwards, as the building can be removed the contractors will commence work on the new structure.

Charles Mix has been appointed fire warden for this district, with headquarters in this city. Mr. Mix held this same appointment last season and gave very efficient aid in the extinguishing of the fires which occurred in this neighborhood.

Mrs. D. R. Reid of Vancouver is visiting her daughter in this city, Mrs. John McKie.

Bricklaying on Bower & Pribilskey's new store building on First street started this morning. The brick work on Bonthron's block at the corner of Bridge and Winnipeg will be commenced a week from today, and it is expected that there will be sufficient brick on hand by that time from Chewelah, Wash., shipments of which have already begun.

Miss Bessie Anvache, accompanied by her brother David, arrived home for their summer holidays from Summerland, B. C., where both have been attending college.

Must Arbitrate

ATLANTA, June 1—Unable to agree on the terms of settlement the officials of the Georgia railroad and the Brotherhood of Locomotive Firemen have invoked the Erdman law. Commissioner Neill notified both parties to the dispute to select an arbitrator within five days, and these two men will select a third. The Erdman act provides that should the two arbitrators be unable to agree on the third member of the commission he will be named by Messrs Kemp and Neill. The decision of the arbitrators is made binding by law.

Bubonic in China

AMOY, June 1—The bubonic plague is reported from various points in southern China. At Tsuat Tsiu where the malady is showing its most virulent form, there are upwards of 50 deaths daily. Amoy has comparatively few cases.

TORONTO'S RACE MEET

RESULTS OF TODAY'S EVENTS AT THE WOODBINE TRACK

ONTARIO'S CHIEF TURF EVENT SCORES BIG SUCCESS.

TORONTO, Ont., June 1—Today's results at the Woodbine were as follows:

Fourth race, Stanley Barracks cup, hunters' steeplechase handicap, $660 added, for 4 year olds and up, about two and a half miles—Pin McCool, 145 (F. Davies) won, Merrimanter, 140 (Henderson) second, Tourney, 157 (C. H Smith) third. Time 5:31. Also ran Valhalla Fell. Only four started. Scratched: Elmhurst, Bobbie Keen, Prince Hampton.

Fifth race, Fashion plate, $500 added, for three year old fillies, seven furlongs—Chilia, 117 (Musgrave) won, Many Colors, 112 (Whiting) second, Ballet Girl, 112 (Goldstein) third. Time 1:30. Also ran, Searchlight.

Sixth race, Glasgow purse, selling, $500 added, for three year olds and up, one mile and seventy yards—Crawford, 88 (Whiting) won, Carthage, 109 (Rettig) second, Wool Windsor, 92 (Ganse) third. Time 1:47. Also ran, Toll Box, Descomets, Desperado, Varieties, Canning, John, Garner, Confessor, Debar, King of Mist.

Seventh race, Dufferin purse, selling, $500 added, for three year olds and up, one mile—Protagonist, 109 (Hammond) won Sensible 101 (Clark) second, Nasturia, 95 (Deverich) third. Time 1:44. Also ran Teddington, Maxim Gun, Ten Globe, Sengg, Waterbridge, Holscher, King Alfonso.

FERNIE WILL CELEBRATE

Preparing for Sports on Dominion Day—General Items.

FERNIE, June 1—A runaway horse attached to a butcher's cart made things lively on Victoria Avenue before noon today. Becoming frightened at a passing wagon it made a dash down the main street taking to the sidewalk for a part of the way and scattering pedestrians to right and left. After running a block the cart collided with a heap of heavy timber and was overturned carrying the frightened animal down with it when it was captured. Although the vehicle was pretty badly smashed the horse escaped with little injury.

Two prominent Italian citizens have again been the recipients of blackmailing letters threatening vengeance if the demands in the epistles for money were not complied with. The police were notified and today arrested a recent arrival from Spokane who could not give a satisfactory account of himself when taken into custody, and when searched a sealed revolver and a dangerous looking knife were found concealed in his clothes. He will appear before a magistrate tomorrow on the charge of carrying concealed weapons, and in the meantime his record will be looked into.

As tomorrow will be the last day in which temporary wooden buildings will be permitted to remain in the fire limits, house-moving contractors have been doing a rushing business. Today the streets presented a lively appearance as buildings of every description and size were being hurried to quarters outside the limits.

Julius Nicklous, the unfortunate victim of an accident at the Elk Lumber company's mill and who subsequently had his foot amputated, succumbed to his injuries Friday night. The funeral took place this afternoon and was attended by a large number of sorrowing friends. Interment took place in St. Margarets cemetery, Rev. I. Williamson of the Baptist church officiating. He leaves a wife and family of grown up children to mourn their loss.

The Dominion Day celebration to be held this year promises to eclipse anything of that nature ever held here before, to different committees being already actively engaged in making elaborate preparations for the event. A strong financial committee has been appointed consisting of Mayor Herchmer, W. C. B. Manson, J. R. Lawry, H. W. Trentholme and Thomas Whelan, while the program of sports is being prepared by Con. Wheland, W. S. Stanley and Patrick Hughes.

James H. Ashdown, of the J. H. Ashdown Hardware company, of Winnipeg, spent Saturday in the city, leaving for Nelson this morning. He expressed himself as being delighted at the rapid progress of the town and impressed with the substantial business blocks erecting since the fire.

Mrs. R. G. Drinan and son of Hosmer left for Vancouver this morning where they will reside in future.

J. Jowles, customs officer for the Dominion government at Gateway, was a visitor in town yesterday.

The Fernie and Coleman football teams played a fast game in the local grounds on Saturday evening which resulted in a victory for Fernie by the score of 5-3.

Revolution a Failure

LIMA, Peru, June 1—Lima is quiet today and the abortive revolutionary movement of Saturday afternoon has not been followed by any further disorder. The police are at present engaged in seeking Nicholas Pierola, a notorious agitator, and some of his adherents. There was a monster popular meeting in Lima this afternoon to protest against the outbreak on Saturday.

Chauffeur Arraigned

ROCKPORT, N.Y., June 1—Marion Goors, nine years old, was killed by an automobile driven by Harry Haskins, son of supervisor Haskins of the fifth ward, today. Haskins was placed under arrest and will be arraigned in the police court tomorrow. Haskins was employed as a demonstrator for a local automobile firm. He says the machine was slowed up when the girl and four other people started to cross the street in front of it. The party on foot also came to a standstill and Haskins sent the machine ahead. Just as he did so the Goors girl darted away from the others and ran into the side of the rapidly moving runabout. She was taken to the hospital where she died half an hour later.

Matter and Mind

NEW YORK, June 1 — A national conference in the interest of the American negro was opened in the United Charities building in this city by Prof. Burt G. Wilder of Cornell university, and professors Livingston, Farrand, E. R. Seligman and John Dewey of Columbia university.

Prof Wilder, exhibiting several brains, including those of an orang outang, an unscrupulous politician, an illiterate colored janitor and an eminent mathematician, made some interesting deductions to the conference.

"The brain of the average American negro," he said, "seems to be about two ounces lighter than the average white man and there occurs more frequently than in the white race the development of the frontal lobes. These two conditions render it likely that the white race will remain the dominant race. But there are individual exceptions to the above general conditions of both minds, and among both races."

Abortive Revolution

SAN DOMINGO, June 1 — General Camacho, the revolutionary leader, and his followers crossed the Haytien frontier on Saturday. According to advices received here they have been placed under arrest and will probably be exiled from the country. The situation in San Domingo, the government says, is now tranquil.

HAMILTON WINNIPEG

AN INEXPENSIVE WAY

The reader of a newspaper will readily agree that it is necessary for a merchant, with any pretension of agressiveness, to advertise. Merchants are also aware of this fact. Therefore it would seem that it is simply a question as to what form the advertising will follow.

Newspaper Advertising is the Most Inexpensive Way and Brings Larger Direct Results than Any Other Form of Advertising

The Daily News

has an average daily circulation of 3,000 copies distributed on the day of publication in the cities of Nelson, Rossland, the Boundary country, the Slocan Valley and East Kootenay district, covering the line of the C. P. R. from Pincher Creek, Alberta, to Midway, B. C., and there is not in B. C. a more progressive section of country than that in which The Daily News circulates; the varied industries consisting of farming, fruit growing, lumbering, metalliferous mining, coal mining, and smelting, making it an extremely favorable field for advertising articles of every description suitable for a purchasing public engaged in the above mentioned industries.

Kootenay's Publicity Medium

Will Place Your Story in the Hands of 3000 Subscribers Every Day at the Rate of 2-3 of a Cent per Inch per 100 Circulation

Mr. Advertiser you cannot circularize or personally canvas the field for that amount, so be progressive and use the means and resources at your hand to increase your business.

NEWS OF THE DOMINION

MONTREAL, June 1—The Empress of India sailed from Yokohama for Vancouver today.

WINNIPEG, June 1 — Mrs. Duval, wife of Rev. Dr. Duval, moderator of the Presbyterian general assembly, died last night.

VANCOUVER, June 1—Sansa Tamaka, a Japanese coal passer, is the third of the men injured in the fire on the steamer Coquitlam to succumb to his injuries.

OTTAWA, June 1—Jack Shea and Tommy Gorman of the Ottawa Capitals, who played with Regina in the recent Minto cup games at New Westminster, arrived home this morning. The Ottawa players say their lack of condition and team play caused their defeat at the hands of the New Westminster team, not forgetting the wonderful speed of the entire New Westminster 12.

KINGSTON, June 1 — Mrs. James Porter of Cataraqui, aged 55, while suffering from brain affection hanged herself in a barn last night.

TORONTO, June 1 — The railway commission sitting here today decided that the Canadian Northern railway should not be called upon to pay $1000 rental per year for the use of the union station when it agreed in 1906 to pay $1 per car in and out of the station.

REGINA, June 1—Charles J. Morris was not killed by a blow on the head but was shot from behind was the startling testimony brought out by Dr. Charlton at this morning's session of the Morris murder trial. The witness told of examining the skull and brain and finding a bullet hole through the former which he gave as the cause of death. He did not believe that death was caused by the cracking of the skull but thought this likely took place afterwards.

BLACK LAKE, Que., June 1—Elesar Beaudoin was killed in the British Canada asbestos mine last night by the roof of the tunnel falling in on him. He leaves a widow and four children.

REGINA, June 1 — News has just reached this city of the marriage of Norman Mackenzie, one of the smartest criminal lawyers in Canada to Miss McMorran, daughter of senator Mr. Morran of Washington, which took place on Sunday.

LONDON, June 1—Mrs. Frank Mann, 45 years of age, was found drowned in a mill race at Huntsville this morning. The woman is believed to have committed suicide resulting from poor health.

OWE NSOUND, June 1 — Frank J. Davis, about 40 years old, an Englishman, only out from the old country a few months, was drowned in Sydenham river last night by the overturning of a boat. His body was recovered.

WINNIPEG, June 1—The body of A. Synaeve, who was supposed to have met with foul play in St. Boniface on Empire day, was found in the Red river this morning at Redwood bridge. An examination of the body showed no marks of violence.

MOSE ROVER, June 1—Parson Bros' shoddy mattress and cotton batten mills, carriage house and a large quantity of shingles was destroyed by fire last night. A bridge crossing the Moss river was also burned. The loss is $6000 and no insurance.

REGINA, June 1—Customs returns at Regina port for the month ended yesterday were $30,040.80 and for the corresponding month last year $23,118.41. Compared with the month of April they show a decrease, the figures for that period being $33,700.

REGINA, June 1—There was a large attendance of clerical and lay delegates at the Anglican synod of Saskatchewan here this morning but little business was transacted. A quiet day was observed and the sessions were principally given over to meditation and prayer.

HALIFAX, June 1—The charge of unlawfully killing Mrs. Johanna Harrison, was laid today against Percy Wallage, aged 21. Mrs. Harrison was leaving a work shop here last Friday and as she was emerging from the door Wallage, who was drunk, caught her round the throat and forced her back into the door, throwing her on the floor. Her screams brought help and Wallage was put out but he got back and made a second attack upon the woman. After identifying Wallage as the man who attacked her the woman fell back dead. An examination showed her heart and lungs to be in such a condition that a slight shock would cause death.

WINNIPEG, June 1—At a meeting attended by several hundred street railway employees which commenced at 1 o'clock this morning and lasted until 4:30, it was decided to adopt the resolutions of the conciliation board in their entirety. This means that all danger of a strike is averted and that the amicable relations which have obtained between the Winnipeg electric railway company and its employees for several years will continue. Magnus Sinclair, the international representative, interviewed after the meeting, first of all said: "The men consider they have secured a nine hour day, that is what we wanted and that is what we got. We regard the wage conclusions as small; we thought it would be two or three cents. Every clause was deliberated upon separately and there was considerable dissatisfaction with certain sections.

STRIKERS USING FORCE

Lumbermen in California All Armed and Have Ton of Dynamite

SISSON, Cal., June 1—Armed with knives and rifles, a party of striking lumbermen at McLeod, 14 miles east of here, drove the guards away from the powder house of the McLeod River Lumber company last night and are now in possession of a ton of dynamite, according to telephone advices received early today. Shortly after the message was received communication with McLeod was interrupted and it is not known whether the wire was cut or not. Sheriff Howard of this county with 40 or 50 deputies, is at McLeod. The message from McLeod says that the strikers were in an ugly mood and that serious trouble was expected. Two hundred strikers went yesterday to the logging camps in the hills 40 miles to the east of McLeod. All carried weapons of some sort and they forced every man at work in the camps to lay down his tools.

NEED EUROPEANS

Hawaiian Immigration Authorities Ask for Fair Terms

HONOLULU, June 1—The territorial board of immigration has received requests from the various plantations requesting that 2000 families of Portuguese or other European labor be sent here. They offer $20 a month for the first year, $21 for the second and $22 for the third of employment to male adult laborers and from $10 to $15 a month for women and children, also a two room cottage for families and an acre of ground, the house and land to become the property of the laborer on the completion of three years' service.

Transcontinental Race

NEW YORK, June 1—Six automobiles will begin the long transcontinental race this afternoon from this city to Seattle for the cup offered by Capt. Robert Guggenheim. Mayor Wright will start the contestants by a telegraphic signal from president Taft in Washington, who at the same time will open the Alaska-Yukon-Pacific exposition in Seattle. From this city to St. Louis the cars will be subject to the control of a pace maker, but west of St. Louis the racers will make their own pace.

Hatters' Strike

DANBURY, June 1—A conference of Danbury clergymen who are acting as intermediaries in the strike and national officers of the United Hatters of North America, is to be held within a day or two, probably in New York. Nothing has been made public as to the purpose of the meeting. It is believed, however, to be in connection with the efforts being made to bring about a settlement of the difficulties.

Zeppelin Needs Six Weeks

BERLIN, June 1 — Count Zeppelin has sent a letter to the reichstag saying that he regrets greatly that he must postpone his invitation for members to make ascensions in his new model airship, inasmuch as the complete restoration of the damaged parts will require six weeks.

Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For

J. Y. GRIFFIN & CO.

Nelson, B. C.

CORPORATION OF THE CITY OF NELSON.

By-Law No. 198.

A bylaw to raise ten thousand dollars ($10,000.00) to purchase from the Nelson Electric Tramway Company, limited, its undertaking consisting of track, overhead equipment, feeder, cables, car barns and sub-stations sites, spare rails and fastenings, and all material, copper, scrap iron and tools, together with the private rights-of-way owned by the company at the east end of Water street in the city of Nelson, B. C.

Whereas a petition has been presented to the Municipal Council of the City of Nelson signed by the owners of at least one tenth of the value of the real property in the said City of Nelson as shown by the last revised Assessment Roll, expressing their desire to apply under the provisions of Sub-Section 14 of Section 90 of the "Municipal Clauses Act," to purchase from the Nelson Electric Tramway Company, limited, its undertaking and plant, and requesting that a bylaw be introduced authorizing the issue and sale of debentures of the City of Nelson to the extent of Ten Thousand Dollars ($10,000.00) for such purpose.

And whereas it is deemed expedient to purchase such plant and undertaking.

And whereas for the purpose aforesaid it will be necessary to borrow the sum of Ten Thousand Dollars ($10,000.00) and to issue debentures of the City of Nelson for the purpose of raising said amount.

And whereas the whole amount of rateable land of the said City of Nelson, according to the last revised Assessment Roll is One Million Two Hundred and Ninety-eight Thousand Nine Hundred and Eighty ($1,298,980) Dollars.

And Whereas it will be requisite to raise annually by rate the sum of Eight Hundred and Fifty-three dollars and Sixty Cents ($853.60) for paying the said debt and interest.

Now therefore, the Municipal Council of the Corporation of the City of Nelson enacts as follows:

(1). It shall and may be lawful for the Mayor of the Corporation of the City of Nelson to borrow upon the credit of the said Corporation, by way of Debentures hereinafter mentioned from any person or persons, body or bodies corporate, who may be willing to advance the same as a loan a sum of money not exceeding in the whole the sum of Ten Thousand Dollars ($10,000), and to cause all such sums so raised, or received to be paid into the hands of the treasurer of the said Corporation for the purpose and the object hereinbefore recited.

(2). It shall be lawful for the Mayor of the said Corporation to cause any number of Debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid, not exceeding, however, the sum of Ten Thousand Dollars ($10,000), each of the said debentures being of the denomination of One Thousand Dollars ($1,000) and all such Debentures shall be sealed with the Seal of the Corporation and signed by the Mayor thereof.

(3). The said Debentures shall bear date the 1st day of July, 1909, and shall be made payable in twenty years from the said date in lawful money of Canada, at the office of the Bank of Montreal in Nelson, aforesaid, which said place of payment shall be designated by the said Debentures and shall have attached to them coupons for the payment of interest and the signatures to the interest coupons may be either written, stamped, printed or lithographed.

(4). The said Debentures shall bear interest at the rate of 4 per cent. per annum from the date thereof, which interest shall be paid semi-annually at the said office of the Bank of Montreal in Nelson aforesaid, in lawful money of Canada, on the 1st day of January and the 1st day of July respectively in each year during the currency thereof, and shall be so expressed in said Debentures and coupons to be so payable.

(5). It shall be lawful for the Mayor of the said Corporation to negotiate and sell the said Debentures or any of them but in no case shall the Debentures or any of them be negotiated or sold for less than par, including the cost of negotiating the sale, brokerage and all other incidental expenses.

(6). There shall be raised and levied in each year during the currency of the Debentures the sum of Five Hundred Dollars ($500.00) for the payment of interest and the sum of Three Hundred and Fifty-three Dollars and Sixty Cents ($353.60) for the payment of the principal moneys secured by said Debentures, by rate sufficient therefor on all rateable land in the said Municipality.

(7). It shall be lawful for the Municipal Council to repurchase any of the said Debentures upon such terms as may be agreed upon with the legal holder or holders thereof or any part thereof, either at the time of sale or any subsequent time or times, and all Debentures so repurchased shall forthwith be cancelled and destroyed and no re-issue of Debentures so re-purchased shall be made in consequence of such repurchase.

(8). This bylaw shall take effect on and after the 30th day of June, 1909.

(9). This bylaw shall be cited for all purposes as the "City of Nelson Tramway Purchase Bylaw, No. 198, 1909.

Done and passed in Council assembled this.....day of.....1909.

NOTICE.

Take notice that the above is a true copy of the proposed Bylaw upon which the vote of the Municipality will be taken at the City of Nelson on Thursday the 3rd day of June, next, between the hours of 8 o'clock a. m. and 7 o'clock p. m., for the East Ward at the City Hall, corner of Front and Ward Streets, and for the West Ward at the office of F. B. Lye, 325 Baker Street.

Nelson, May 25th, 1909.

AGRICULTURE IN B. C.

One of the most gratifying features of British Columbia's progress during the past few years has been the development of agriculture along its different lines. In spite of natural conditions which militate against rapid settlement large numbers of people are annually taking up land with a view to tilling it and the returns from this source are increasing year by year, so that within a short time agriculture will take its place with mining, lumbering and fishing as one of the great industries of the province.

In considering the agricultural development of British Columbia the country's natural formation must be taken into consideration. The valleys, though they be, do not afford the same scope for indiscriminate immigration as does the boundless prairie country. There are, however, at least as good returns for the intelligent settler who desires to embark in agriculture in British Coumbia as there are for those who go in for wheat raising on the prairies, while there are other advantages. Life in British Columbia, for example, is pleasanter than on the prairies and the work more interesting.

It is only during the past few years that agriculture has started to come to the front in this province. The government, however, has not been slow to realise the possibilities in this direction. Large amounts are being spent annually on surveys, the vote for this purpose this year being about $280,000, with the object of opening up new districts for settlement. One of the difficulties in the opening up of the country for agriculture, although it cannot be called a disadvantage for the province, lies in the fact that the valleys are heavily wooded. To ruthlessly clear off the timber to secure the ground for agricultural purposes would be to sacrifice one of the province's big industries, lumbering, one which is bound to increase in importance as the lumber supply in other parts of Canada, in the United States and in other countries becomes depleted.

With these facts in view agriculture can be said to have made remarkable strides within the past few years and with the opening up of additional districts as a result of the surveys now in progress, still greater progress is in sight. In commenting upon the progress of this industry within the past seven or eight years, the Vancouver News-Advertiser recently published some interesting figures. In 1901, for example, there were 12 creameries in the province with an output for the year of 74,673 lbs. of butter of a value of $20,541, while last year the output of butter was 1,845,977 lbs., valued at $570,267, and still the local demand was not by any means satisfied. There is a market right in this province for several times the amount of butter produced in British Columbia last year and, judging by the progress of a short time until it is taken advantage of. The fruit industry has also shown rapid development. In 1907 there were 7410 acres in fruit in the whole province while last year the acreage had increased to over 100,000 and still this industry is yet in its infancy.

With the growth of the agricultural industry there is naturally a large increase in the number of people engaged in it. Last year no less than 1060 preemptions representing more than 160,000 acres were taken and in addition crown grants were issued for over 40,000 acres for which the settlers had completed the required duties. These figures do not tage into consideration the land sold outright or leased to settlers which also represents quite a substantial acreage. According to the NewsAdvertiser between 1200 and 1500 families located on public lands last year, in addition to many who bought land from private parties.

One of the reasons that agriculture has made such strides during the past few years has undoubtedly been the policy of the government. In every way possible agriculture has been assisted and at the same time efforts have been made to secure settlers of the right sort for the land. The government has pursued a generous policy towards agricultural societies, farmers' institutes, etc., and this year provision was made for the establishment of cooled warehouses in various parts of the country for the handling of fruit previous to suipment to the markets of the east. Altogether the government is spending over $100,000 on the encouragement of agriculture this year. This may be news to a good many who are not familiar with what is being done in this direction, but there can be no question of the accuracy of the statement. This is one of the ways in which the present government is endeavoring to build up the province and it is one that should have the endorsement of ever well wisher of British Columbia.

DEADMAN'S ISLAND

Once more is Deadman's island to the front. The representative of Mr. Theodore Ludgale, the American lumberman to whom the dominion government gave a lease of the island ten years ago for a nominal sum, has attempted to enforce his lease to the property, while the city of Vancouver, which claims the island as part of the old military reserve, which included Stanley park, granted to it by the dominion government, is taking steps to dispute his right to it. There is said to be no question but that Deadman's island was part of the old military reserve and the military reserve was granted to the city by the dominion government but the island was not mentioned specifically in the deed. Hence, the dominion government still claims possession of it and with it the right to lease it to whomsoever it chooses.

Without discussing the merits of the situation, it can be said that the dispute is one that should be settled in the courts. Instead of taking this course, Mr. Ludgate's representative has undertaken to forcibly eject the the city's representatives from the island. In this he has not only gained nothing for himself but has got himself into trouble for assaulting a police officer. Perhaps by the time he has got through with this case he will he happens to be Mr. Theodore Ludgate's representative he is not superior to the law of the land. His night's reflection in a cell at the police station may have convinced him of this already.

EDITORIAL NOTES

It is too bad that Hon. Joseph Martin is not in this country. He might have read the Riot act again on Deadman's island yesterday.

The A.T.P. got off to a good start yesterday. The management has the best wishes of the people of this country for its success

CONFERENCE ARRANGED

Lake Carriers and Sailors Will Try to Reach Agreement

CLEVELAND, June 1—In an effort to bring about a conference between the representatives of the Lake Carriers' association and the representatives of the various labor organizations employed upon the great lakes with a view to settling the late marine strike, members of the state board met here today with Seth Low of New York, president of the National Civic Federation, in the chair. The members of the various state boards who recently met in Detroit arrived at a mutual understanding as to the details of the strike, the various claims and what attitude shall be taken by the board to have the federation bring its influence to bear upon the Lake Carriers' association to treat with the strikers. It is stated that the representatives of the striking seamen are ready to confer with their employers. The strike of the seamen which began about May 1 has been lacking in violence but effective to a large degree. The union employees simply have remained away from the boats and thus have handicapped the free operation of them for quite a number of vessels have been unable to move. Last year the association decided to adopt the "wet fare" plan of handling its employees which included the open shop policy. That policy is considered by the seamen to be a blow at unionism and this is their only grievance. Wages are not being considered.

Drought in China

SHANGHAI, June 1—Reports received here from the provinces of Kiangsang, Anhewi, Kiangsi and Shantung indicatae a severe drought which seriously threatens the crops. These same districts were affected four years ago and were then relieved by foreign countries.

Rheumatism.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp weather or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. Price, 25 cents; large size, 50 cents. Sold by all Druggists and Dealers.

Ask for Minard's and take no other.

June White Sale

Whitewear - Wash Suits

Warm weather at last. Better buy your summer whitewear and wash suits right away, and feel more comfortable. You'll find the pick of everything in these lines in the big store and the prices right.

If you don't see displayed just what you want ask for it. It's here. We've lots of beautiful garments that are too fine to lay about Ask to see them. They are worth it.

DAINTY UNDERSKIRTS

In white cotton or cambric and a large variety to choose from. Nice serviceable skirts with deep flounce of tucked lawn finished with torchon lace. Beautiful elaborate skirts in fine white cambric with flounces of alternate bands of fancy lace and pin tucked lawn with frill of wide lace. Some lovely ones with 18 inch embroidery flounce beaded with embroidery beading and silk ribbon.

All are of good breadth and well finished and have the underdust ruffle.

50c, 75c, 90c, $1.00, $1.25, $1.50 up to $7.50.

Bargains in Wash Suits

Just the weather for wash suits and we've some dandies at bargain prices too. Pretty suits made of duck or linen in white, blue and striped effects. Some quite plain, others tastefully trimmed. Better buy at once, they won't last this weather.

Regular $8.00 for $6.00
Regular $8.50 go for $6.50
Regular $10 and $11 for $7.00
Regular $12.50 for $8.00

Mrs. West will be at our store on Thursday Morning, to fit B. & T. Corsets.

WITHOUT A SENIOR CREW

VICTORIA WILL NOT HAVE REPRESENTATIVES IN FOURS

CONFINES EFFORTS TO JUNIORS AT SEATTLE RACES.

VICTORIA, June 1.—The crews that will represent Victoria at the N. P. A. O. regatta to be held on Washington lake, on July 9th and 10th, were selected at a meeting of the Rowing club committee held recently. Victoria, this year, for the first time since its inauguration will have no crew competing in the senior four race for the Buchanan cup. Although there are more entrants in evidence this season at the J.-B. A. A. none of them is of sufficient calibre to take part in an event of this kind, and the club has decided to confine its attentions to the junior events exclusively.

The following three junior crews were selected provisionally for the Seattle event: No. 1—J. McArter (stroke), Joe Sweeney (3), W. Fry (2) Theo. Monk (bow). No. 2—F. Sweeney (stroke), B. Strachan (3), H. Hopgood (2), T. H. Bailey (bow); No. 3—P. Lawson (stroke), W. Furnell, (3), B. Hiscocks (2), J. R. Donaldson (bow).

The doubles that will compete at Washington Lake are as follows: No. 1—R. G. Monteith (stroke), F. Andrews (bow). No. 2—J. C. Newmarch (stroke), Wm. Lawson (bow.)

W. N. Kennedy will take part in both the junior and senior sculls at the regatta.

Turned Into Walking Match

NEW YORK, June 1—In a listless race, which degenerated into a walking match by the time the twentieth mile had been run, Louis Orphee of France, yesterday took the measure of fourteen competitors and won a $10,000 professional international Marathon run at Brighton Beach, finishing the distance in two hours, 59 minutes and 57 seconds, or 28 minutes and 10 seconds slower than the record. Edouard Cibot of France was second and Pat Dineen of Boston third. William Davis of Canada fourth and Pat White of Ireland fifth. Of the fourteen starters seven dropped out under the strain

Bowling at New York

NEW YORK, June 1—Nearly two hundred out of town bowlers tried their skill in the Madison Square alleys at yesterday's session of the National tournament. The only high marks of the day were made by V. A. Kardber of New York who scored 652 in the individual contest taking fifth place, and by Smith and Gerhardt of Buffalo who scored 1211 in the two man team contest taking third place The state champions were New York 2800, Elks, Utica 2694; Jolly Fat Men, Washington, 2673; Halcyons, Utica, 2663.

Hurst Selling Plate.

HURST PARK, June 1—The Hurst selling plate of 200 sovereigns for two year olds, distance five furlongs, was run here today and won by the Opera filly. The Thimble colt was second and H. P. Whitney's Xela filly third. Eleven horses ran.

New Bicycle Record

NEW YORK June 1—National cycle champion Frank I. Kramer established an new world's record for the sixth of a mile at the New York race meet yesterday. He made the distance in sixteen seconds which is one fifth of a second under the old mark held by Kramer himself. The event was a one sixth mile record trial. The distance measured one lap of the track and Kramer was put at a field of sixteen. Mackie Clark, the Australian, and Willie Fenn, tied for second and third places in 16 1-5 seconds.

Slow Time Made.

ALBANY, N. Y., June 1—Tom Morrissey of the Irish-American Athletic club of New York city, won the twenty mile race held here yesterday in the slow time of 2:21. Will Feeney, of Ireland, was second and John Anthes, the Frenchman and Henry Seldon, the Cuban, finished third and fourth respectively. Fred Appleby of England was leading in the eighth mile, when he was forced to quit on account of a blistered foot.

Australians Defeated

(Canadian Associated Press)

LONDON, June 1—The first test match played at Birmingham between the visiting Australians and the All England eleven resulted in a win for the home team by ten wickets. Australian scored 74 in the first innings and 151 in the second. The wicket was wet. This is the first of the five test matches.

Woman's Shooting Record.

POTTSVILLE, June 1—Miss Annie E. Riecker of Lancaster, Pa., in a handicap live bird tournament yesterday at Tumbling Park established a new world's record for women shooters by killing 47 out of 50 birds. The best previous record was 45 out of 50 made by Annie E. Oakley.

Twenty-Six Innings.

BLOOMINGTON, Ill., June 1—Bloomington and Decatur of Three I league, yesterday broke the world's professional record for long baseball games, playing 26 innings. Decatur won 2 to 1 The actual playing time was 4:20.

Johnny Hayes Wins.

ST. PAUL, Minn., June 1—Johnny Hayes of New York, defeated A. Thineau in a ten mile race today on a muddy track by three fourths of a lap in 56 minutes, 35 seconds.

Glover Has Best of It.

NEW YORK, June 1—Mike Glover of Boston had the better of Jack Curley of New York throughout their ten round go at the Olympic Athletic club tonight.

Challenge for Quoits.

Wm. F. Bristome and J. H. Pearce challenge any two men in Nelson to a match at quoits, 41 up for 4, for $100 a side. The challengers may be found at the Bartlett House.

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by all Druggists and Dealers.

NOTICE TO CONTRACTORS

Court House, Fernie

SEALED ENDERS, superscribed "Tender for Court House, Fernie, B. C.," will be received by the Hon. the Minister of Public Works up to noon of Wednesday, the 9th day of June, 1909, for the erection and completion of a Concrete and Brick Court House at Fernie B. C.

Plans, specifications, contract and forms of tender may be seen on and after the 10th day of May, 1909 at the offices of the Government Agent at Fernie; the Government Agent at Nelson; the Government Agent at Revelstoke, and at the Public Works Department, Victoria, B. C.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for a sum equivalent to ten per cent. of the amount of the tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

F. C. GAMBLE,
Public Works Engineer.
Public Works Department.

SHERIFF'S SALE.

By virtue of several executions issued out of the Supreme Court of British Columbia, and the County Court of East Kootenay, holden at Cranbrook against the goods and chattels of the Sullivan Group Mining Company, I have seized and taken in execution all the right, title and interest of the said Sullivan Group Mining Company in and to, a quantity of raw and roasted ore now in the yard of the smelter of the said Company at Marysville, B. C., and also in a large quantity of mining tools and mining machinery, assay materials, supplies and implements, fire brick and fire clay, Vancouver agent Allis and Chambers ore crushers and various other articles and supplies for mining and smelting, office furniture, cooking utensils, and other goods and chattels, a full inventory of which may be seen at my office in the Court House at Nelson, and the various goods and chattels may be seen upon application to John F. Adams, bailiff, in possession at the smelter at Marysville, and at the Sullivan mine.

I shall offer all of the said goods for sale at public auction at Marysville, B. C., on Thursday the 22nd day of April, A. D. 1909.

S. P. TUCK,
Sheriff of south Kootenay.

26d-tf. Dated at Nelson, B. C., 2nd April, 1909.

The above sale is postponed until Thursday the 6th day of May, 1909, at the same place and time.

S. P. TUCK, Sheriff of South Kootenay.

The above sale is further postponed until Thursday the 20th day of May, 1909, at the same place and time. S. P. TUCK,

Sheriff of South Kootenay.

The above sale has been further postponed until Tuesday the 22nd day of June, 1909, at the same place and time.

S. P. TUCK,
Sheriff of South Kootenay.

NELSON NEWS OF THE DAY

Mrs. A. T. Slade is leaving today for Vancouver.

N. J. Cavanaugh has left the city upon a visit to the coast.

The Ladies of the Maccabees will meet in regular review in the new K. of P. hall this evening at 8 o'clock.

W. Brown, son of William Brown, has returned to the city for the long vacation after his third year at Toronto university.

Died, at Williston, N. D., on May 26, Alice, aged 9 years, youngest daughter of F. L. Barnfather and granddaughter of W. C. Barnfather of Nelson.

The holder of the winning number in the draw at Weir's shoe store last Saturday was Mrs. T. A. Traves of Kootenay street, who has been presented with a pair of valuable shoes.

The C. P. R. announce that they have made a further reduction in the rates for 30 day round trips to eastern Canada and the United States for June 2 and 3, July 2 and 7 and August 11 and 12.

An excellent program is announced at the Arcade theatre tonight, and every one may feel assured of a good laugh. A comic picture entitled "The Merry Widow Waltz" is a new picture to Nelsonites. A matinee today at 2 p. m.

The Empire theatre is giving a complete change of program at the performances today, showing some really good films such as "Sunny Madeira," "Closed on Sunday," "The Robber's Daughter," "Mechanical Legs" and "Yusuf the Pirate." There will be a matinee this afternoon at 2 o'clock.

Commencing today the meat furnishing, shoe and probably the butcher stores will commence the regular weekly half holiday during the summer months. From now onwards the only stores open in the city on Wednesday afternoon will be hardware, furniture and dry goods and the last named will close during July, August and September.

Why not try a load of fine dry kindling from the shingle mill, $2, delivery extra. 28-6

The best postal cards out yet is one of Nelson's champion hockey team, for sale at the Canada Drug and Book Co.

WILL PRESENT FLORODORA

San Franciscans Billed for Opera House Monday Next

"Florodora," which will be the offering of the San Francisco Opera company at the opera house Monday next, will prove, without a question of doubt, the most important in the history of theatricals in this city. The first production of "Florodora" was given at the Lyric theatre, London, November 11, 1899, and within a month after its premiere the strains of "Florodora's" beautiful music swept over Europe and America like an epidemic. All of the box office records of the States are held by "Florodora," even the much talked of "Merry Widow" not reaching those established by the English musical comedy. Each and every member of the San Francisco Opera company is happily cast in "Florodora" and they work as a unit in making the production the gigantic success that it is. "The Silver Star or Love," Descoyer entrance song, has never been better sung than it is by Miss Mabel aDy. "In the Shade of the Sheltering Palms" falls to Francis K. Lieb, a handsome high young baritone who never fails to receive at least two encores. "Tell Me Pretty Maiden," or as it is universally known, "the Sextette," is sung and acted by beautiful young women and handsome young fellows in every respect the equals of the originals, the female members of the sextette being Mabelle Seaman, Myrtle Ward, Helen Virk, Hada Frey, Virginia Marshall and Mabel Hilliard, and the male members being Charles Albert, Arthur Holloway, Tony Nash, Bowman Johnson, James Hayes and Arthur Ray. "I Want to Be a Military Man" is well handled by Fred Snook, and "Galloping Galloping" and a new waltz song entitled "Spring" bring Lucille Palmer to the best opportunity of her sweet young life. There are some fourteen other numbers in the original score, and J. Russell Powell interpolates "The Robber's Dream."

It is worth the price of admission just to hear Teddy Webb and Mabel aDy in "When We Were on the Stage," the comedy bit of the last act of "Florodora."

HUME SCHOOL

Report of Attendance for the Month of May.

The following is the report of the Hume school for May:

Number in attendance, 40; average daily attendance, 36.5. A. McLennan, teacher.

SURVEYORS ARE BUSY

Party at Work Near Fort Steele—Cranbrook Items

CRANBROOK, June 1 — A survey party of between 16 and 20 men are running a line along the bank of the Kootenay river past Fort Steele. It is understood that this is the location of the line of the Kootenay Central, while rumor also has it that it is in the interests of the Hill roads. It is undoubtedly a railway survey of some kind. The party is in charge of S. A. Wilkins.

Two men were drowned in the Elk river near Elkmouth yesterday while attempting to cross in a boat. The name of one man was Charles Campbell and the other man was his brother-in-law.

PERFECT FITTING UNDERWEAR

The latest "wrinkle" in underwear is underwear that fits—fits mind, body and pocket. We have perfect fitting underwear for summer weather—all grades and sizes.

Medium weight Merino Underwear for uncertain weather. For 90 degrees in the shade we've Balbriggan, Lisles, Silk and Cashmere, Cotton, Fine Natural Wool and Athletic Underwear. Full length and knee length Drawers.

50c, $.00 to $2.00 or $4.00 Per Garment.

You'll be sure to find your favorite sort of underwear here, sir, pleasantly priced.

We want to tell you again about our hosiery. We have the varieties to choose from, and the qualities from the cheapest to the best.

NELSON NEWS OF THE DAY

R. J. Long of Creston is at the Strathcona.

H. Nichols, manager of the Ymir mines, is at the Strathcona.

Mrs. A. H. Green will not receive today nor again this season.

J. W. Cockle of Kaslo left for Rossland on last night's train.

The temperature in the city yesterday ranged between 36 and 81 degrees.

P. B. Griffiths, manager of the Westmount mine, is a guest at the Hume.

There will be a special practice of the choir of St. Saviour's church this evening at 7.30.

The lake rose nearly 11 inches on Monday night and now covers a considerable portion of the city wharf.

J. M. Harris, manager of the Rose mine at Sandon, came in last night and is a guest at the Strathcona.

F. H. Hillman left Nelson on Monday for the coast on a vacation and will visit Vancouver, Seattle and Spokane.

C. D. Blackwood came in from Kaslo yesterday evening after a fishing trip. Among his catch was a fine salmon trout weighing 16 1-2 pounds.

There will be a special general meeting of the members of the Ladies' Rifle association at the armory at 7.30 tonight. The usual practice shoot will be held later in the evening.

Gov. J. T. Ferguson has received a letter from H. S. Bodmer, formerly of Nelson dated from Cambridge, England, in which the writer states that he intends to enter the university with a view to graduating in the modern language tripos.

Mrs. S. S. Taylor and family leave this morning for Edmonton where they will stay until Mr. Taylor's house at Vancouver is ready for occupation. Mr. aTylor will be in the district for some weeks as he has to attend the assizes at Rossland and Fernie.

Harry Wright returned last night from Creston where he has been acting as arbitrator in the case of Simmons vs. Paterman ,an action for trespass. Mr. Wright heard the evidence brought forward by both parties and decided to dismiss the action.

Mr. and Mrs. T. C. Peck of Midway are leaving this morning for the coast. Mrs. Peck is now practically convalescent after a six weeks' illness in Greenwood hospital and will spend the summer in Vancouver in order to recoup. Mr. Peck will be away about a month.

T. A. Woods ,evangelistic singer, came into Nelson on Monday from Ymir where he has been conducting services along [illegible] and left on Tuesday afternoon for Trail where he will be joined by Mrs. Woods and [illegible] will be held at Trail and the [illegible]

Wonder of Wonders

They both agree. Not so amazing when you know the subject under discussion. He and she have been talking about ice cream and both are firm in the opinion that Bean's cream and ices are a little the best in town. You know you can buy by plate or gallon. In cents the dish, $2.50 the gallon; the latter delivered to your door free of extra charge.

dust a service along with Rev. A. Simpson. He returns to Nelson today and tomorrow will have for his home at Ottawa.

The Girls' Guild and Mission Band of St. Paul's Presbyterian church will hold a sale of home-made articles, flowers and candies in the church parlors today from 4.30 to 9 p. m. Ice cream, tea and cake will be served. The proceeds will be devoted to the work of the Mission Band. All friends expected and welcome.

Several big catches of fish have lately been made on the main lake near Boswell, the largest fish landed being a 8 pound char. The best catch was, however, made by W. Marsden who, on May 24, landed a salmon trout weighing exactly seven pounds. Mr. Marsden was using an eight ounce rod.

Coroner G. M. Hartle, M. D., provincial constable H. Jansen and undertaker W. J. Boyle went across the lake in a launch just before 11 o'clock last night in order to take charge of the dead body of a man which was found on the shore by J. O. Patenaude earlier in the day. It is stated that the corpse appeared to have been in the water for some days and that the face was battered and bruised from contact with rocks and debris in the water.

The Nelson lodge of the Knights of the Knights of Pythias held their first meeting in their new hall last night. It was also the occasion of the semi-annual election of officers. The election resulted as follows: P. C., L. K. Larson; V. C., H. E. Douglas; C. L. K. Moore; K. R. & S., R. J. Winters; M. O. A., F. Seaman; M. O. B., J. A. Brickson; M. A., B. W. Widdowson; I. G., E. K. Strachan; O. G., J. A. McDonald. There was a very good attendance and the Knights expressed great satisfaction with their new quarters and with the outlook generally.

There has been some misunderstanding as to the dates of meeting of the different societies in the Knights of Pythias new hall in the Eagle block. The following is a correct list: Independent Order of Good Templars, first and third Mondays; Knights of Pythias, every Tuesday; Ladies of the Maccabees, first and third Wednesdays; Canadian Order of Foresters, second and fourth Wednesdays; Sons of England, first and third Thursdays; Pythian Sisters, second and fourth Thursdays; Loyal Orange Lodge, first and third Fridays; Scandinavian Aid and Fellowship Society, second and fourth Fridays; Order Railway Engineers, first and third Sundays.

Ranchers along the West Arm of the lake are having plenty of amusement just now with members of the brain family. A well known fruit grower at 12-Mile point was on Sunday night sleeping the sleep of the just when he was awakened by an outburst of growls which seemed to come from all round his house. Clad in the thin garments of the night he proceeded to get out his rifle and to investigate matters. He found that some of the growls came from his dog ,a cross bred Spaniel and Retriever, but that the major portion of the midnight concert was being conducted by what was evidently a large and clumsy animal promenading in the surrounding brush. The night was pitch dark and it was impossible to get a bead on the animal. The rancher, however, decided to wait until daylight with the hope that Mr. Bruin would be so enamored of the attractions of the house that he would remain to be shot at. Bruin proved to be wise to the ways of ranchers whose sleep has been broken and just as the dawn broke was seen to have sneaked away out of reach of the rifle and to be wending his way up the mountain side, leaving behind him as evidence of his visit tracks which showed him to have been of medium size.

French Wires Cut

PARIS, June 1 — Several hundred telegraph and telephone wires leading out of Paris have been cut recently and the police have ascertained that the outrages were committed in response to a circular issued by the anarchist organization.

PROSPECTS EXCELLENT

EVERY INDICATION OF BIG FRUIT CROP ON ARROW LAKES

F. G. FAUQUIER TREES WILL YIELD HEAVY CROP.

F. G. Fauquier of Needles, speaking at the Hume yesterday to a representative of The Daily News said that he thought from present indications that the fruit crop on the shores of the Arrow lakes would be considerably above the average this year. Trees generally had been thickly covered in bloom which, owing to the absence of frost and cold winds, had, with the exception of a few early peach trees, set excellently. One of his neighbor's orchards, said Mr. Fauquier ,was a most wonderful sight, every tree being crowded with blooms. A tremendous number of trees were being planted in the district, he himself having put in 600 and other orchardists doing proportionately well.

Mr. Fauquier has already made contracts for the disposal of the major portion of his strawberry crop at excellent prices, some will be sold locally but he has concluded a large contract for the bulk of the crop with a firm in the prairies at a price of $3 per crate, f. o. b.

Mr. Fauquier has built an experimental cooling store for preparing berries for shipment. It is composed of a large cement tank through which a stream of water will flow continually. In the centre of the tank will be placed a receptacle slightly raised from the bottom in which the berries will be kept for several hours after picking. In this plan Mr. Fauquier hopes he has discovered a cheap and effective method of cooling the delicate fruit and preparing it for the long journey to the east.

Mr. Fauquier is one of the oldest fruit growers in the Kootenays and is certainly one of the industry's great enthusiasts. That his faith in fruit growing is justified is shown by the fact that his net return last year on strawberries shipped to prairie points was $5.00 per crate.

The government has recently established a meteorological station at Needles with a meteorologist in charge.

SHEEP CREEK STRIKES

STILL FURTHER GOOD SHOWINGS AT GOLD CAMP.

JOHN McMARTIN HAS OPTION ON THE GOLDEN FAWN.

C. H. Bennett and Thomas Gallon have returned to the city after a trip to Sheep creek and were yesterday able to give a representative of The Daily News some interesting particulars of the latest strikes in the mines at this camp. The last week has proved unusually prolific in finds of high value ore in the mines located in the great gold country near Salmo. The vein at the 60 foot depth of the Golden Belle, from which large samples have shown assays of $135.40 per ton has now reached a width of 2 feet 6 inches and is looking more promising than ever. The development of the property is proceeding as rapidly as is possible under the conditions and it is anticipated that the time will not be long before the Golden Belle appears in the list of regular shippers.

On the 200 feet level of the Mother Lode a rich vein from two to three feet in width was reached a few days ago and on Thursday last an 18 inch streak of high grade ore was struck on the Kootenay Belle.

The Golden Fawn is under option for $50,000 to John McMartin whose engineer, William Watson, is leaving this morning for the purpose of making an inspection. From this property, which is one of the most promising on the creek, a large sample, about two by one foot in size, has been sent to the Seattle exposition. The exhibit is stated to be a splendid one and should serve to open the eyes of mining visitors to the exposition to the possibilities and richness of Sheep creek and to the openings there for the lucrative investment of capital.

Far From Scene of Murder.

LOS ANGELES, June 1.—Charles A. Barr, who says he is a brick layer, was arrested tonight on suspicion of having strangled to death Laura Register, 26 years old, in Providence, R. I., on May 10. Barr was trying to sell a bracelet to a pawn broker to obtain money to attend a prize fight when arrested. It is said by the officers that the bracelet has been identified as one worn by Miss Register when she was murdered.

Articles Signed.

NEW YORK, June 1.—Formal articles of agreement for the fight in which Al Kaufmann of California will endeavor to wrest the world's championship from Jack Johnson, the Texas negro pugilist, were drawn up and signed here today. The time and place of the bout remains yet to be decided. It will be most probably in September, 1909. Johnson agrees to box Kaufmann 45 rounds or go to a finish in Nevada and anywhere else where a finish contest is allowed. He specifies and insists, however, that if the fight takes place in California he will not box more than 20 rounds. They are to divide the receipts on the basis of 56 per cent. to the winner and 30 per cent. to the loser.

Fell at Polo

MADRID, June 1.—King Alfonso while playing polo today fell from his horse. He suffered a severe sprain of an ankle.

Sailors' Reunion.

NEW YORK, June 1.—Vice Admiral Uriu of the Japanese navy and his old friend, Rear Admiral Charles S. Sperry, sat side by side tonight at the Metropolitan as the guests of honor at a dinner given by the Japanese society of New York.

Hard Twelve Rounds

BOSTON, June 1.—Tommy Murphy, of New York, won the decision over Matty Baldwin, of Boston, in 12 rounds at the Armory Athletic association tonight in a fast and hard fought battle.
