FINAL PAYMENTS ON SHEEP CREEK

Four Leading Properties Will Be Owned Outright

ENHANCES CHANCES OF CONSOLIDATION

Kootenay Belle's New Cross-Cut Tunnel Expected to Strike Ore Soon

"Few persons realize the present position of affairs on Sheep creek," said Dr. F. H. Morrison, one of the owners of the Kootenay Belle mine, one of the four big developed properties in that most promising of gold camps, in casual conversation last night. "The fact is, there is a steady inflow of capital available for investment in this camp, for every man who has visited it in the last two years has confirmed its promise and enlarged its fame. All now admit that the values are there and the camp has a stability that will count for something.

"I was much struck by a remark made by J. L. Warner a day or two ago, in a conversation on mining matters. He said, 'When I went into Sheep creek in 1906, no properties were being purchased. Now properties are being acquired outright.' That statement of the case is literally true.

Properties Completely Owned.

"Now, in a very short time, the four leading properties of the camp will all be paid for, and will have passed definitely from the control of the original owners. The payments on the Nugget were completed some time ago, aggregating $40,000, and that remarkable property is now exclusively owned by the Nugget Gold Mines, Limited. The coming week the last payment will have been made on the Queen mine, and that property, which has been producing for 12 years, will pass forever from the control of William Waldie and his associates, to the hands of the Queen Mine, Incorporated, the Wisconsin syndicate, at $175,000. In December the last payment will have been made on the Kootenay Belle mine, on the Yellowstone mountain side of the creek, and it will pass into the complete possession of the Rogers Syndicate. The bond was for $90,000. Early in January the terms of the bonds on the Mother Lode property will be fulfilled and John McMartin and his associates will be the full owners. The two bonds came to $175,000. Two years of development work has brought the property to the point where a mill is to be erected immediately.

Bearing on Consolidation.

"The significance of these facts will be appreciated by any mining man. In any proposal for consolidation, the original owners are out of it, and each property is definitely in the control of its purchasers. A consolidation of these four properties would be an attractive scheme, for the layout of the creek would enable the ore to be brought to one point, the mill site of the Queen, for instance, to be crushed by a 60 stamp mill, with a cyanide plant increasing the recovery from 80 to 97 per cent.

"Aparf from its bearing on future deals, this condition bespeaks the altered attitude of the western mining world toward Sheep creek, and as I said before, interest has been awakened, money has commenced to flow in, and it may reasonably be anticipated that the constantly growing interest will have still more substantial results along the line on which such results accrued the past winter, spring and summer."

Progress on Kootenay Belle.

Dr. Morrison states that Montie Morgan has completed 65 feet of his contract tunnel which is intended to cross cut the smaller of the Kootenay Belle veins at quite a depth below the former workings. The contract work commenced 222 feet in from the portal, and it is expected that Mr. Morgan will encounter the vein in the next 50 feet, assuming that the dip is regular. When the small vein is reached, the chances are that the bondees, the Rogers Syndicate, will let a contract for continuing the tunnel to the larger vein, which, if the dip is preserved, should be within 85 or 100 feet of the smaller vein.

The Boundary district is turning out a splendid tonnage these days, as is revealed by the pre returns from week to week. No fewer than six mines are now appearing weekly in the returns, five of them running to tonnage. The latest mine to start up is the No. 7, of the Consolidated Mining & Smelting company.

No fewer than three gold mines in the environs of Nelson were shippers the past week, being the Athabasca, the Eureka, and the Granite-Poorman. This is the Eureka's third shipment in the last few weeks, in pursuance of the policy of making a thorough test of the various ore shoots exposed.

The following are the returns of the ore production and movement for the past week, and for the year to date:

MUST POSSESS FIFTY DOLLARS

Immigrants Must Have Means to Support Themselves During Dull Season

OTTAWA, Oct. 29 — Starting next month and continuing until March the minimum sum with which an intending immigrant can enter Canada will be $50 unless they are assured positions as farm laborers. This is in conformity with the practice adopted last year of requiring immigrants during the slack season for labor to be in a position to be self supporting until work is more plentiful when it will revert to the $25 minimum.

MITCHELL DAY CELEBRATED

CARBONDALE, Pa., Oct. 29—John Mitchell, former president of the United Mine Workers, addressed the miners of this section today on the occasion of the celebration of Mitchell day, commemorating the successful ending of the strike of the anthracite miners in 1900.

BATTLE MONUMENT UNVEILED

GONZALES, Tex., Oct. 29—A monument to commemorate the battle of Gonzales, which was the opening conflict of the Texas revolution in 1835, was unveiled here today with interesting ceremonies and in the presence of a large crowd of spectators.

CARS IN OPERATION BY END OF WEEK

President of Nelson Street Railway Company Makes Statement—No Free Passes for Directors.

"The street cars passed through Moose Jaw on October 28 and should reach Kootenay Landing Monday night," said J. E. Taylor, president of the Nelson Street Railway company yesterday. "We therefore expect them to arrive here on Tuesday. The motor generator will be in operation tomorrow and will be kept running until the commencement of the car service so that there will be little likelihood of any difficulty with the power.

Running by End of Week.

"We expect to put the cars on the track at the foot of Hall street and to have them running on regular schedule by the end of next week. They will be first run up to the car barns on Hall Mines roads where they will receive the finishing touches.

For the opening ceremony it is expected that the youngest stockholder, Miss Grace Maurer and his worship the mayor, will officiate. It is also proposed to ask the city band to play selections.

Money Coming in Fast.

"The response of the stockholders to the circular letter sent out asking them to pay the balance of their subscriptions was very generous. They and the people of Nelson generally, seem to be very enthusiastic about the operation of the cars. It is realized, no doubt, what an immense advantage the service will prove both to individuals and to the city as a whole. I think that it will prove to be the greatest event in the history of the building up of Nelson.

"The company now has ample funds for the payment on the cars and for working capital. To date every stockholder is paying for the shares allotted to him. This happy state of affairs is a source of great gratification to the directors who wish to express their appreciation of the manner in which the public have accepted the delay in the arrival of the cars.

Regular Schedule.

"A regular schedule will be published just as soon as the cars have been run over the track a few times so that the directors may figure out a timecard which will be satisfactory from all points of view. A 20 minute service is proposed, and every effort will be made to keep the cars running strictly on time.

"With regard to the financial side of the company the directors confidently expect the line to prove a paying proposition on account of the larger district served by the new extension and the popular fares decided upon.

"The directors have decided that no passes will be granted to anyone with the exception of the superintendent and the police officials. Even though it is customary for the directors in other cities to travel over their lines free of charge we have decided to pay our fares in Nelson and we will expect the same of other citizens."

BANKER CHARGED WITH BRIBERY

PITTSBURG, Pa., Oct. 29—The case of Emil Winter, the bank president who pleaded no defense to a charge of bribery during the disposition of the depository graft cases, was called in court today for final disposition. Winter entered his plea last April and was released on $50,000 bail for his appearance when called in order that he might go to Carlsbad for treatment in the meantime.

BIBLE STUDENTS IN DALLAS

DALLAS, Tex., Oct. 29—The interstate bible students' association assembled in this city today for a three days session. Many delegates are in attendance from Arkansas, Louisiana, Oklahoma and Texas.

WATERWAY FOUND TO BE FEASIBLE

Winnipeg to Rockies By Way of Saskatchewan

ESTIMATES COST AT FIFTEEN MILLIONS

Revenue from Development of Power Would Pay Part of Interest

OTTAWA, Oct. 29—Survey parties for the government are returning from their season's work, among them being those engaged in enquiring into the feasibility of the construction of a waterway from Winnipeg to the Rockies by way of the Saskatchewan river. While the survey has not been completed it is stated that it has demonstrated that a waterway can be built without any insuperable difficulties.

The nine foot part of it from the head of Lake Winipeg to the Pas would cost $3,000,000 and roughly speaking, the whole would entail an expenditure of $15,000,000. The revenue from the development of 80,000 horse power at Grand Falls would, it is estimated, be more than sufficient to pay the interest on the total outlay from the Pas. A five foot waterway is proponed. If this needed grain route is constructed, Canada will have the greatest system of inland waterways in the world extending from the sea to the Rockies, save for a distance between Fort William and Winnipeg. A survey of the Saskatchewan will be continued next year, but until it is completed of course no appropriation for construction will be made.

PRESIDENT RIPLEY'S BIRTHDAY

CHICAGO, Ill., Oct. 29—President E. P. Ripley of the Atchison, Topeka & Santa Fe railway company, whose recent controversy with Senator Cummins on the subject of railway capitalization and his testimony before the interstate commerce commission have made him one of the most prominent figures in the railroad world, will celebrate his 65th birthday tomorrow. Mr. Ripley was born in Dorchester, Mass., in 1845 and began his railroad career at 20 years of age, rising from the position of clerk to the presidency of the great Santa Fe system.

BOAT CLUB BALL TOMORROW NIGHT

Eagles' Hall Will be Scene of Gaiety on Hallowe'en—Special Thanksgiving Supper

Everything is in readiness for the grand Hallowe'en and Thanksgiving day ball which is to be given in the Eagles' hall tomorrow night by the Boat club. Nearly 300 invitations have been sent out, the refreshment committee has made arrangements for a magnificent supper, of which a feature will be roast turkey and cranberry sauce, and the excellent dancing floor in the hall has been specially polished for the occasion.

The ball will open at 9 o'clock to the strains of Wilkinson's well known orchestra who have secured a number of the latest New York selections especially for this ball.

The refreshment committee, who have taken great pains to make the supper a most enjoyable one, consists of Mrs. N. M. Cummins, Mrs. H. A. Stewart, Miss Gladys Hill, Miss Helen Gigot, Miss Hazel Gore, Miss Muriel Hale and Miss Connie Brett.

With splendid music, a first class floor, a real old style Thanksgiving supper and one of the largest crowds of the season the event can hardly fail to prove an unqualified success.

MILLION DOLLAR MARK IS AGAIN PASSED

Vancouver Building Returns for October Show Another Substantial Advance—Another Skyscraper.

(Special to The Daily News.)

VANCOUVER, B. C., Oct. 29—Vancouver building returns for October show a total of $1,286,956, this being the fourth month in the present year that the million dollar mark has been passed. The total notes an advance of 150 per cent over the corresponding month last year and rolls up a total of $10,298,355 for ten months.

October bank clearings were $40,115,870 almost reaching a record total.

Customs and land registry returns show good advances. Among the building permits granted today was one for a new building which will be 13 stories high with tower, the ornament being 246 feet from the curb. The block will cost $375,000.

SEES MAN HANGING FROM RAFTER

Suicide of Miner at Fernie—Leaves Wife and Family in Old Country.

(Special to The Daily News.)

FERNIE, B. C., Oct. 29—George H. Chambers, a miner aged 35 years, committed suicide about 10 o'clock last night by hanging himself. He had only been in the country for about three months, coming here from England where he left a wife and family of three children, who were shortly to join him here. He was living with his father in law in a shack in the Fernie annex and while his relative was up town in the evening, the rash act was committed. A neighbor passing the house at about 10 o'clock saw through the window a man hanging by a cord and silk handkerchief from one of the rafters. He immediately gave the alarm and notified the police who were quickly on the spot, accompanied by Dr. Anderson, but upon their arrival life was extinct, though every effort was made to resuscitate him. The only reason that can be ascribed for the act is that the unfortunate man had been very despondent in not being able to secure steady work and bring his family out from the old country. An inquest will be held this afternoon.

SOUTH AFRICA TO WELCOME DUKE

Cape Town Preparing Great Reception —Opening of Federal Parliament on Friday

CAPE TOWN, Oct. 29—From every part of the Transvaal, the Orange River Colony, Natal and Cape Colony pilgrims are making their way today to Cape Town to take part in the welcome here on Monday of the Duke of Connaught, who comes to attend the opening of the first parliament of the South African union. Preparations which have been under way for months are virtually completed and when the royal party land from the liner Balmoral Castle, which is conveying them from England, the machinery will be set in motion for what is expected to be the most remarkable demonstration of its kind ever seen in this part of the world.

His royal highness is accompanied by the Duchess of Connaught and the Princess Patricia. The royal party is attended by a numerous suite which includes Lord Hamilton of Dalzell, Sir Francis Hopwood, Commodore R. Breslow Wemyss, Capt. T. H. Rivers Bulkeley and several others.

Immediately after landing the Duke of Connaught will be escorted to the city hall where he will be officially welcomed by Viscount Gladstone, governor general of the South African union, Premier Botha and other leading public men of the country. In the evening there will be a private dinner at Government house.

Opening on Friday

The week that the royal party will spend in Cape Town will be crowded with notable functions, the chief of which of course will be the opening of parliament next Friday. Other functions and ceremonies in which his royal highness will participate will be a grand military review at Green Point Common, the opening of the South African Medical congress, the inauguration of the Selborne dock at Simonstown, and the laying of the foundation stone of University hall.

After leaving Cape Town the royal party will travel to Bloemfontein by a train which has been specially built for the occasion by the Central South African railway. The Victoria falls will be reached Nov. 12 and the journey will be continued to Salisbury and Bulawayo. One of the curious features of the visit to Northern Rhodesia will be the reception of Lewanika, chief of Barotseland, with a parade of Barotse police.

On Nov. 26 the party will reach Pretoria. Practically a week will be spent in the Transvaal capital and Johannesburg. The following week will be spent in Pietermaritzburg and Durban. At Durban the royal visitors will embark in the Balmoral Castle for the return journey to England.

LORD KITCHENER TO BE BEST MAN

LONDON, Oct. 29—Lord Kitchener, the most distinguished bachelor in the United Kingdom, is to go to the altar next week, but needless to state it will not be as a bridegroom. He has consented to act as best man at the wedding of another celebrated military officer, Gen. Sir Archibald Hunter, whose marriage to Mary Lady Inverclyde is to be celebrated Tuesday at St. Georges, Hanover Square.

CHIEF JUSTICE HANDS OUT HEAVY SENTENCES

LETHBRIDGE, Alta., Oct. 29—In the supreme court this morning Chief Justice Harvey passed sentence on those convicted so far during the sessions. Edward Blair and Clarence Walter Wilson were given three and five years respectively for assault and robbery, Ben Strangling wolf, a blood Indian, two years for horse stealing and Fred Kosch, man two years for assault causing bodily harm.

BUSY ARRANGING KOOTENAY EXHIBIT

Canadian National Apple Show Opens Doors Tomorrow

SPOT KOOTENAY AS BIG PRIZEWINNER

Local Display Has Been Given Good Location—Premier Present

VICTORIA, B.C., Oct. 29—Premier and Mrs. McBride, accompanied by Lawrence Macrae, the former's private secretary leave Monday for Vancouver where the first minister will be present Monday at the opening of the first Canadian National Apple Show, leaving that evening for Prince Rupert where a number of outstanding matters in which the government is interested with the Grand Trunk Pacific company will be taken up, as well as sewerage and other matters affecting Stewart which are to be brought to the premier's attention by a delegation from the Portland Canal city which will meet him in Prince Rupert. Hon. Mr. and Mrs. McBride return to the city next Friday.

All is Bustle

VANCOUVER, B.C., Oct. 29—Everything is bustle this afternoon at the Horse Show building where exhibits for the Canadian apple show are being placed. The Kootenay exhibit has been given a good location for a booth and inclined stand at the northwest corner of the building and Mr. Cockle and assistants are arranging the exhibits to good advantage. The building is crowded with spectators watching the preparations and many good words are being said for the Kootenay exhibit so far as arranged. The Okanagan exhibit is far larger in quantity but the apple sharps look to Kootenay to get a good share of the prizes on account of the quality of the fruit and the evident special care in its selection. The show will be opened Monday afternoon by the lieutenant governor, after addresses by Premier McBride, Mayor Taylor and Manager Maxwell Smith.

The Ottawa authorities have made a grant of $1000 to the show.

PUSHING WORK ON TOURIST HOTEL

Thirty Men Kept Busy at Balfour—Masquerade Ball at Proctor on Thanksgiving Day.

(Special to The Daily News.)

PROCTOR, B. C., Oct. 29—On Sunday last Rev. Mr. Black of Trail, preached at Balfour. Mr. Black is a Presbyterian minister and the service which was held in the new school house at Balfour was well attended.

Miss F. B. Johnson of Creston, who has lately accepted the position of teacher of the Proctor school, arrived here last Saturday. School opened on Monday in the new school house, with a good attendance.

Mrs. Russel returned from an extended visit to Spokane on Saturday.

Mr. Tilland accompanied by Mr. Russel, left here Monday for Nelson.

F. J. Jones of Nelson held a Methodist service in the school house here on Sunday morning which was well attended. Mr. Jones will hold these services in the school house at 10:30 a. m. for the winter months.

The ladies' guild of the Church of England, will give a masquerade ball in the new store, which is nearing completion on Main street. The 31st of this month is the date fixed upon and the entrance fee is only 50 cents. The best of music has been provided and the ladies are to furnish the supper.

To Build Hall.

A business meeting of the members and adherents of the Church of England was held on Monday night to arrange for building a hall. The business men are asked to take shares in this hall, and when complete it will be suitable for entertainments of different kinds, so that it will soon be a paying proposition.

The work of planning and laying the foundation of the new C. P. R. hotel is advancing rapidly. A force of some 30 men are working on it and as the weather is most favorable good progress is being made.

A good commencement has been made at the new government wharf on Kootenay lake. A large force of men have been engaged this week in driving in piles for the wharf and when complete it will be a great advantage to Proctor.

Although the tourist season is over, a steady stream of travellers continues to keep the town busy; and Mr. Snow, the genial proprietor of the Outlet hotel, is kept busy catering to the wants of the travelling public.

ROAD PROJECT IS PROGRESSING WELL

Minister of Public Works Pleased With Tour of Inspection—Preparing Next Estimates

(Special to The Daily News.)

VICTORIA, B.C., Oct. 29—Having covered a very considerable portion of the interior of the province in the course of an inspection of the progress of the interprovincial trunk road, in so far as it extends from Vancouver to the Alberta border through British Columbia, Hon. Thomas Taylor, minister of public works, returned to Victoria yesterday. He returns in superlative good humor for the big road project and public works generally are progressing rapidly and satisfactorily, so much so that one motor car has already gone over the new road from Cranbrook to Calgary, its passengers being Dr. Green of Cranbrook and Manager Sapple of the Imperial bank in that East Kootenay city. Hon. Mr. Taylor's just completed tour was also to some extent preparatory to the preparation of the departmental estimates for the approaching session which will be based directly upon the reports of the district necessities and requirements already beginning to come in from the various government agents and road superintendents. That the appropriation to be asked of parliament in January next will approximate from $4,000,000 to $5,000,000 may be expected, for last session's main estimate for public works purposes was $4,256,865.

BIG BOAT BUILDING COMPANY FORMED

Business of W. J. Astley and H. L. Lindsay Are Consolidated—Officers of New Organization

A company of local capitalists has been formed for the purpose of taking over the boat house and boat building business of W. J. Astley and H. L. Lindsay & Co. and will be known as the Nelson Boat & Launch Co., Limited.

The final papers giving the new company control of both these well known concerns, were signed yesterday and the two businesses will in future be operated by the recently incorporated company, which has a capital of $50,000 divided in shares of $1 each.

The company has already received orders for the building of a large number of boats and launches for next season and, with the steadily increasing population of Nelson, the interest that is being shown in water sports, and the great value of launches to the ranchers on the West Arm and main lake for various purposes the company is commencing operations under the happiest auspices.

Officers of New Company

The officers are: L. Cranford, director of Nelson Iron Works, president; E. N. Brussey, director Kootenay Jam Co., vice-president; C. W. Busk, H. C. Hall, Dr. L. E. Borden, directors; W. J. Astley, manager of works; C. A. Hastings, secretary-treasurer; Hall & Thomson, solicitors to the company; Royal Bank of Canada, bankers to the company; Crossdale, Mawdsley & Co., the Kootenay (British Columbia) agency of London, England, brokers to the company.

MINISTER OF JUSTICE WILL NOT RETIRE

Defends His Course in Pardoning Skill and King—Critics Misconstrued Remarks

TORONTO, Oct. 29 — Hon. A. B. Aylesworth, while in Toronto made the statement that he has no intention of retiring at present.

"My constituents," he remarked with a smile, "chose me two years ago when I was as deaf as I now am, and they will have to put up with me, I guess, for a while longer."

Questioned as to the controversy over the pardoning of Messrs. Skill and King who had been convicted of selling obscene literature, Mr. Aylesworth said:

"I have nothing to add and nothing to retract from what I said on the floor of the house and if those who wrote and those organizations which have passed resolutions condemning the course I took had had the decency to read what I said, they would not have written nor acted as they did.

"It is easy to put up a man of straw to accuse me of saying things I did not say, nor think of saying, and then attack me. My critics deliberately or perhaps ignorantly misconstrued my remarks. I have nothing to add to what I have already said, except this: I would do the same thing again, because I believe it was right."

MUNICIPAL IMPROVEMENT LEAGUE HAS PLATFORM

EDMONTON, Alta., Oct. 29—The Edmonton municipal improvement league lately organized promises to make things hot in the coming municipal campaign. The platform drafted last night has several new features. To take from the commissioners power to dismiss heads of departments, to increase the mayor's salary from $3000 to $5000 if he gives his whole time, and to get a high priced finance commissioner. A new departure is advocacy of the recall which brings the principle of direct legislation before the city.

SUPPLY STEAMER IS WRECKED

Carries Provisions for Two Thousand Men

AWKWARD PLIGHT OF CONSTRUCTION CAMP

Laborers Will Be On Short Rations—Wrecked on Nipigon Lake

FORT WILLIAM, Ont., Oct 29—The steamer Onbabika, owned by Revillion Bros. of Nipigon, is aground at Jackfish island, one mile north of Nipigon House on Lake Nipigon. It is feared that she may not be released and unless she is taken off within the next few days a serious situation will develop in connection with the construction of the National Transcontinental railway. The Onbabika carries provisions and supplies for 2000 men at work on that line and these men will be short of rations. Material for construction of the line may also be held up and it is not likely that anything can be sent forward until the lake freezes over. The steamer Winona, owned by the same company grounded at South Bay and is still ashore. There is no other steamer on Lake Nipigon and it is impossible to take supplies overland at this time of year.

CITIZENS MUST REGISTER QUICKLY

Declarations May be Made Tomorrow Before Any Properly Qualified Person—Tuesday Last Day.

Although the city offices will be closed tomorrow, Thanksgiving Day, citizens may register and become qualified to vote in the January municipal elections if they make declarations before any justice of the peace, magistrate, notary public or commissioner for taking affidavits. On Tuesday, the last day for registration, W. E. Wasson, city clerk, will take declarations at the city hall up to 5 p. m. and from that time until midnight at his residence, 704 Mill street.

Citizens are again reminded that all arrears of electric light and scavenging rates must be paid to the corporation before the list closes, otherwise they will be disqualified. The same law applies to road taxes.

Those registering yesterday were: D. C. Fraser, Frances Ettel, Frank Fletcher, William Elford, I. G. Nelson, Frank Winston, Jennie Murphy, A. C. Butler, I. C. Schermerhorn, Mary Enfield, Robert Reid, William Billington, C. A. Barton, J. B. Bunyan, E. J. Carran, Mike Freeman, W. S. Jackson, E. E. Phair, Frank Martin, Harris Guisberg.

LONDON AGENT AND LOCAL SECRETARIES

Capt. Allan Lean Has a Publicity Proposal Varying Somewhat From Any Yet Put Forward.

"Speaking of proposals for a scheme of general publicity for the Kootenay," said Capt. Allan Lean last night, "I think the plan should provide for a good man, employed at a stated salary, to conduct active publicity work in the old country. The British Columbia government maintains an office in London, and in that office the Kootenay representative could have desk room. The boards of trade of the various towns would contribute on a fair basis to the maintenance of this work, and the London agent would keep in touch, through correspondence with the various boards. This plan would secure the results at a nominal expense to each town, while local jealousies would be eliminated."

ROOSEVELT'S DAY OF REST

NEW YORK, Oct. 29—Following a strenuous week of campaigning up state, Col. Roosevelt returned to his home in Oyster Bay this morning for a two days rest. Monday night he is to deliver a speech in Manhattan and the following night in Brooklyn. Then he will start on a flying trip to Iowa to make speeches for the Republican candidates there, returning in time to close the campaign in Buffalo a week from tonight.

THOUSANDS OF TREES PLANTED

Forty Thousand Planted in Creston District This Year—More Next Year.

CRESTON, B.C., Oct. 29—While returning from the evangelistic services in Murphy's hall a couple of evenings ago Mrs. J. Heath fell, breaking two small bones in her leg.

A mass meeting of the citizens of Creston will be held in the old school house on the evening of Nov. 2 at 8 o'clock to consider the advisability of organizing a town literary society for the winter months.

While travellers were arriving here this week from the east and in fact Deputy Mining Recorder Guy Lowenberg was walking about the station platform in his shirt sleeves.

At the harvest Thanksgiving service at Alice Siding last Sunday there was a large congregation. The school house was beautifully decorated for the occasion. The children deserve great credit and their efforts were much appreciated. Rev. P. C. Hayman preached from the text St. Matthew XIII 30.

R. Lamont, the real estate man, formerly of Rossland, has just returned from a business trip to the Crow's Nest towns. He states that the prairie provinces have had a poor year but that the farmers are counting on clearing themselves by a bumper crop next year. He says that Creston is becoming better known throughout the country as the nearest big fruit growing district in British Columbia to the middle provinces.

Col. Wadmore of the Dominion defense department was in Creston for the past few days for the purpose of inspecting the equipment and personnel of the local rifle club.

Admires Creston.

This is the first time that he has ever visited Creston. He expressed himself as astounded at the beauty of this valley. "Creston," the colonel said "is the jewel of British Columbia. In all my travels through the Dominion I have not seen any district that has impressed me so very favorably. The rifle club here is in a healthy condition and I am pleased to be able to report that although the residents of Creston live in apparent absolute security, yet so many of the best class of citizens are ready to prove themselves worthy of that security by joining the rifle club and fitting themselves to defend their privileges in the hour of need. No; I am not in favor of a gigantic and expensive army for Canada, but the citizens who value the many advantages of peace and security enjoyed by themselves and their families should prepare to uphold the military arm. The Ross rifle is a good rifle and if every male citizen of our great Dominion were able to make good use of it then Canada need never fear any foreign foe."

Many Trees.

Over 40,000 fruit trees were planted in the Creston district this year and over 80,000 will be planted next year. Of this number for the greater majority are apple.

The many friends of Mrs. H. C. Wilson will be glad to learn that she is rapidly recovering from a very serious illness.

A. Okell and J. W. Dow left here this week for Vancouver and will have charge of the Creston exhibits at the Canadian National apple show.

NEW ROLLING STOCK FOR ELECTRIC RAILWAY

(Special to The Daily News.)

VANCOUVER, B.C., Oct. 29—The management of the British Columbia Electric railway has announced that during the coming year the management will put new rolling stock to the value of $500,000 on the various lines on the southern mainland. The order will fully tax the capacity of the company's own shops at New Westminster and to meet the extraordinary demand now existing 30 cars have been ordered from eastern factories. The program covers 156 cars of which Vancouver will take 50.

CORBY'S "Special Selected" Rye Whisky

THE AROMA is fragrant enough to suggest the mythical "ambrosial nectar."

The flavor is a revelation—not a suspicion of the "tang" or harshness that mars the average whisky. Connoisseurs commend its "velvet smoothness."

CORBY'S "SPECIAL SELECTED" is distilled to absolute purity from the choicest grain we can buy—then matured for years in charred oak barrels—the only way a good whisky can be matured.

Sold by all first-class hotels, cafes and liquor stores.

WOMEN'S WOES

Nelson Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys.

Mrs. Edward Calwood of 223 S. Harold street, Port William, Ont., says: "I suffered with dull, miserable pains, soreness across my back and in my sides, for months. They would catch me so badly at times that I could scarcely move around. The kidney secretions had also been of a heavy color and contained a sediment. Then, I would have dizzy spells and altogether, felt generally run down. After using a number of remedies without finding relief, I learned of Doan's Kidney Pills and am pleased to say, found them an excellent remedy. They have relieved me of the miserable pains and soreness in my back, and have also cured me of my other kidney trouble." For sale in Nelson by the Poole Drug Co., Ltd.

Minard's Liniment Cures Dandruff.

Before the wool is spun into yarn for Stanfield's Unshrinkable Underwear it is washed, scoured, picked and combed repeatedly, until it is so clean that even you would say "good enough". But our critical system knows no "good enough" short of extreme perfection. For again when the garments are knit they must undergo another series of vigorous washings. Then they are *double processed*—an exclusive improvement of our own; rendering every garment beautifully clean and sanitary. Finally, a rinsing in distilled water—water pure enough to drink—perfects a most grateful softness.

Soft, grateful—even to the most tender skin

STANFIELD'S Unshrinkable UNDERWEAR

Made both for women and for men in perfectly fitting sizes. Twenty-one different weights and qualities: from warm, heavy ribbed garments particularly suitable for outdoor workers to the soft, finely knitted underwear so soothing to sensitive skins. Your local dealer sells Stanfield's Unshrinkable Underwear. Catalog on request.

CORN FLAKES

Would You Like to Win $1,000 in Cash or This Home Costing $1,500?

We have just 20 lots left in our Burnaby Heights Addition. We guarantee every one to be on high, level ground with good soil, no rock or gravel, close to two carlines, with streets and buildings going in in the immediate vicinity. Size of lots 33x132 feet.

About a year ago we put on an addition of 236 lots and decided to offer the above prize.

We had the Nelson Daily News print in plain figures cards numbered 1 to 236, placed them each in a separate envelope and sealed same. They were then taken to a Nelson bank and the manager drew one sealed envelope from the 236 and placed it in the vault, having the remaining envelopes destroyed. We expect to close out these lots before ten days and the manager of the bank will then open the envelope and notify us regarding the number. We will send each purchaser a copy of his letter to us.

No city in Canada of 12,000 people has anything like New Westminster's prospects in the immediate future. Real estate is still low, but a rapid advance is certain.

The price of the lots is only $300, $20 down and $10 per month. Each one carries one chance to secure the money which is now lying in the bank awaiting the event.

You may be the lucky one. There has been such unusual development during the past year that we could not possibly make such an offer with another addition.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Bellerive, Que.—"Without Lydia E. Pinkham's Vegetable Compound I would not be alive. For five months I had painful and irregular periods and inflammation of the uterus. I suffered like a martyr and thought often of death. I consulted two doctors who could do nothing for me. I went to a hospital, and the best doctors said I must submit to an operation, because I had a tumor. I went back home much discouraged. One of my cousins advised me to take your Compound, as it had cured her. I did so and soon commenced to feel better, and my appetite came back with the first bottle. Now I feel no pain and am cured. Your remedy is deserving of praise."—Mrs. EMMA CHATEL, Valleyfield, Bellerive, Quebec.

Another Operation Avoided.

Adrian, Ga.—"I suffered untold misery from female troubles, and my doctor said an operation was my only chance, and I dreaded it almost as much as death. Lydia E. Pinkham's Vegetable Compound completely cured me without an operation."—LENA V. HENRY, R.F.D. 3.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases.

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general so women rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, *free*. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 31 one-cent stamps to Dr. Pierce to pay cost of mailing *only*, and he will send you a *free* copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 50 stamps.

SCHOLASTICS SHOW GOOD FORM

Interesting Rugby Game at Recreation Grounds—Little Brown Makes Hit —Tomorrow's Match

The Rest of Kootenay vs. Nelson rugby match scheduled for yesterday afternoon fell through though a number of ranchers from the West Arm took part in a practice game in which Belcher's side won 9-3. There were 34 players on the gridiron, 17 on each side.

High School Boom

A noticeable feature of the game was the improved form of the high school boys. Under the expert coaching of A. W. Seaman they have been practising every evening for the past three weeks and are likely to put up a big fight against the Kootenay club tomorrow afternoon. Their combination is excellent, and their passing accurate and they are getting wise to the fact that punting and dribbling are two of the most important features of the game.

Little Brown is Corker

A newcomer on the local gridiron was G. Brown, a high school boy of miniature size but with a kick and a knowledge of the game that many of the seniors in both the school and Kootenay clubs might envy. Brown learnt his rugby at school in Bristol, England and has only recently come to Nelson. He plays half back.

Tomorrow's Match

The Kootenay team for tomorrow's match will be selected from Hills, Farris, Clyne, Clark, Belcher, Thomas, Townsend, Hill, Roberts, Appleyard, Heathcote, Swannell, Beeston, Marcon, Gillis and Ferno.

The high school line up will be as announced yesterday with the exception of the forward line where W. Ferguson will replace Johnstone who is on the wounded list. The high school uniform is blue.

The match will commence at 2:30. Admission to the grounds will be free.

MOTOR CYCLE RECORD

DEROIT, Mich., Oct. 29—The world's motor cycle record for one mile over a circular dirt track was broken at the state fair grounds here by Don G. Klark of Detroit, who, after a flying start, went the distance in 51 seconds. The old record was held by Fred Huyck of Chicago, whose time was 51 3-5 seconds.

RUSSELL FORD SIGNS

NEW YORK, Oct. 29—Russell Ford the New York Americans great pitcher has announced that he has signed up with Promoter Fletcher for $5000. The agents of Fletcher have given out that Ty Cobb, Street and Walter Johnson have also signed optional agreements to play a proposed circuit.

In dividing the spoils for the post season series it is said that the Giants have set aside a share for Seymour, Gowdy, Hendricks and Rudolph, who were ineligible under the rules and the Highlanders have handed over to Secretary Tom Davis and Players Walsh, Caldwell and Channell a generous sum. Seymour was released by McGraw in midseason to Baltimore, where he soon injured his leg. Gowdy, Hendricks and Rudolph each took part in one or ore championship games.

MONTREAL WILL STICK TO NATIONAL LACROSSE UNION

MONTREAL, Oct. 29—The stories to the effect that Montreal would drop out of the National Lacrosse union were given their quietus when a representative meeting of past and present leaders in the M.A.A.A. passed a resolution favoring the continuance of the club's membership in the big lacrosse organization.

A resolution to the effect that in view of the fact that the members of the association would not participate in lacrosse, the association should continue to support a team in the N.L.U. and hope for better conditions was passed almost unanimously after a general discussion of the situation.

It was the general feeling that the club, which has been a prominent figure in Canadian lacrosse for 55 years must continue to play its part in the game, and until real amateur lacrosse was again possible it must remain a member of the N.L.U., taking advantage of working under the clause in the constitution of the M.A.A.A. which permits its members to play with or against professionals without affecting their standing.

The meeting was a most representative one and the moral effect of its decision will go a long way with the members in any discussion that may come up either at the lacrosse annual or at the semi-annual of the association

KID SMITH NOT AMATEUR, THEY SAY

OTTAWA, Oct. 29—It is probable the interprovincial amateur football union governors will request "Kid" Smith of the Hamilton Tigers to substantiate his claims to recognition as an amateur. Last year it was rumored that charges were to have been made against Smith. It was suggested that he and the "Kid" Smith who played for Copper Cliff in the North Shore baseball league were one and the same person. The charges were refuted and then allowed to die a natural death. Recently it was rumored that the Ottawa club would take action but Dr. Baird replied that the champions were too busy trying to repeat last year's performance to attempt to do the work of the big four governors.

OVERALL HAS PITCHED LAST LEAGUE GAME

CHICAGO, Ill., Oct. 29—Orvall Overall, who has been one of the Chicago National's star pitchers for several seasons, announced last night that he had pitched his last big league game.

"I am not going to quit because of anything that has happened in this series or at any time this season. I am just tired of the job and I don't want any more of it.

"The life of a big league pitcher is unsatisfactory at best. If you are good you get along all right and no one has any complaint to make. But if you are bad, even for a little while or if your arm goes back on you, you are up against it and you can't help it.

"I like baseball and would like to play any other position. If any one will try me as an outfielder, a catcher or a first baseman, I may decide to stick to the game a while longer. I think I could make good in one of these positions and I would like the opportunity of trying. But I am tired of pitching, and I am all through with that part of it."

KETCHEL'S ESTATE

GRAND RAPIDS, Mich., Oct. 29—In the probate court Julia Ketchel, mother of Stanley Ketchel, champion middleweight pugilist, who was killed in Missouri, filed application for the appointment of James A. Lombard of this city as administrator of her dead son's estate. According to the petition the estate is valued at $18,000 of which $8000 is in real estate and $10,000 in personal property. Ketchel is said to have earned about $100,000 in the ring.

SPORTING SPOTLIGHTS

It seems probable that the proposed visit of a Kootenay team to Vancouver and Victoria will fall through. Neither of the coast teams communicated with by the secretary of the local club would agree to the terms asked for and it seemed to be the consensus of opinion after the game yesterday afternoon that it would not be wise for the Kootenay club to take a chance of losing heavily on the trip Both coast teams offered a percentage of the gate receipts and refused to give any guarantee. This offer did not look good to the local executive and unless other terms are made the visit to Vancouver and the capital will not take place.

Each Chicago player received a check for $1313 as his share of the receipts at the worlds' series games between Chicago and Philadelphia.

Andy Cameron, the brilliant Montreal lacrosse player, was wounded in the leg last week by a bullet which was intended for a drunken immigrant. The accident took place during a squabble on Windsor street. Andy was not interested but happened to be passing at the time of the fracas.

It begins to look as if Promoter Fletcher's all star baseball league would be a steamer.

The Highlanders got to all the Giant pitchers except Christy Mathewson. Christy put the crusher on the Broadway boys for fair.

President Ebbetts of the Brooklyn club predicts a 168 game schedule next season for both the National and the American leagues.

Eddie Collins of the Athletics is the leading base stealer of the major leagues.

Chicago friends presented Bill Lange with an automobile during the world's series. Lange was a star with Anson's Chicago Colts several years ago.

Lee Quillen, who was given a trial at third base by the White Sox a few years ago, is to have another chance in fast company, this time with the Brooklyn club.

Jim Barry and Tony Ross have signed for a boat to take place in New Orleans next month.

Harry Forns thinks he can "come back" and wants a try at some of the lightweights in New York.

Lord Lonsdale, the noted English sportsman, has offered a championship belt for the heavyweights of England to battle for.

MINING NEWS

ANXIOUS TO PURCHASE LE ROI

Many Considering Acquisition of Famous Property—Much Ore is Still in Mine.

(Special to The Daily News.)

ROSSLAND, B. C., Oct. 29—A. J. McMillan returned from a prolonged visit to England during which a meeting of the shareholders of the Le Roi company decided to go into liquidation and appointed him liquidator.

In an interview with a press representative Mr. McMillan denied that there was any truth in the rumor afloat that the Great Northern Railway company was negotiating for the purchase of the Le Roi mine.

As regarded naybody else Mr. McMillan said he had been approached by various parties who were anxious to negotiate with a view to acquiring the property, but absolutely nothing definite had yet been settled. There was still a good deal of ore left in the mine and a deal of value in the large dumps, and he had no doubt the Le Roi would be heard from again. Beyond this there was nothing that he could say.

TAKES IMPORTANT POSITION WITH GRANBY COMPANY

Spokane Man Comes as Business Assistant to General Manager—Constructed Power Plant

PHOENIX, B.C., Oct. 29—F. M. Sylvester of Spokane arrived in Phoenix Thursday evening, assuming an important position with the Granby Consolidated Mining, Smelting & Power Co.

When seen by the Pioneer yesterday Mr. Sylvester would not make any definite statement concerning his appointment but it is understood that he will act as assistant to General Manager Jay P. Graves.

Since the resignation of A. B. W. Hodges as local manager several months ago greater responsibility falls on Mr. Graves and with the acquiring of new properties he finds it difficult to give the attention required. Mr. Sylvester does not come as a metallurgist but rather as a business assistant to the general manager.

Although not connected with mining, Mr. Sylvester was responsible for the construction of the Nine-Mile power plant for the Inland Empire electric railway system of Spokane and is now building a power plant in the Pend d'Oreille country near Silver creek. He will probably make his headquarters at Grand Forks.

FIND COAL DEPOSITS

PRINCE RUPERT, B.C., Oct. 29—A. C. Smith, one of the original locators of the Crow's Nest Pass coal mines, has arrived here with news of a discovery of valuable coal deposits along the line of the Grand Trunk Pacific about 30 miles south of Hazelton. The finding was uncovered by four Swedes working on the right of way. Mr. Smith has located nine square miles. He says the vein is 15 feet deep and the quality as good as the Vancouver Island coal.

GRASPS LIVE WIRE --MINER IS KILLED

Austrian Meets Sudden Death at Gold Drop Mine—Only Working Short Time

(Special to The Daily News.)

PHOENIX, B.C., Oct. 29—Kofka Winnuk, an Austrian, was instantly killed at the Gold Drop mine yesterday afternoon by taking hold of a live wire. The electric light and high voltage trolley wire became crossed in some way and the unfortunate man was working at a chute and grasped one of the wires and was electrocuted. He had only been working here a short time.

MISSING MAN REPORTS TO CROWN PROSECUTOR

WINNIPEG, Oct. 29—Frank Donald, now of Regina, for whom a bench warrant was issued at Morden assizes in connection with a murder trial, but was not executed because his whereabouts were unknown, came to Winnipeg on a business trip and noting in the press that he was wanted, on arrival here he phoned the crown prosecutor at Morden but was informed he need not appear, the case having been withdrawn. Donald left for Plum Coulee to close up some business matters there.

Are You Going to Build?

Every year since 1898 the U.S. Government has bought Neponset Paroid Roofing—often a million square feet at a time—for use at home—in Alaska—Panama—the Philippines—in the coldest as well as the hottest climates.

Do you need stronger proof of the wearing qualities, economy, and the satisfaction that NEPONSET Paroid Roofing affords?

Do you want proof nearer home? We will give it to you. We will tell you where you can see a NEPONSET Paroid Roof. See how it looks, learn how long it has been on, and hear what the owner has to say about it.

NEPONSET PAROID Roofing

is sold on proof, not promises.

NEPONSET PAROID Roofing for the roofs and sides of barns, stables, poultry buildings. Made in colors. Costs less than shingles. Scales free.

For broader houses, sheds and temporary buildings that require low-cost roofing, use NEPONSET RED-ROPE Roofing. Far superior in every respect to tarred felt. It has been the standard low-cost roofing for twenty-five years.

NEPONSET PROSLATE Roofing, for roofs and sides of residences and all buildings calling for artistic roofs and siding. Looks like shingles, wears like slate.

NEPONSET WATERPROOF Building Paper for use under clapboards and shingles, in walls of residences, etc. Keeps out dampness, cold and draughts. Cuts fuel bill another every winter.

Consult Our Building Counsel Department. Tell us what kind of building you discourage and we will send you illustrated suggestions for different types of buildings, or give you expert advice on any building question.

Most Neponset dealers everywhere. If you do not know the one in your locality, ask us.

UNION LABEL NELSON, B.C.

SUNDAY, OCTOBER 30.

MODEST VANCOUVER.

Vancouver shows a commendable ambition to enlarge her borders and to add to the volume of her business. But there are legitimate ways of doing this and ways which are not legitimate. Vancouver, one fears, rather neglects the former in some respects and at the same time indulges too freely in the latter.

It is legitimate for Vancouver to endeavor to attract and to build up every industry which properly belongs there. It would be legitimate for Vancouver to endeavor to do as much to develop and build up the territory tributary to her as Winnipeg does for the territory which brings business to her. But Vancouver neglects this work and at the same time shows a greedy and grasping disposition to take from other places what properly belongs to them. Instead of making herself rich by creating business she attempts to make herself rich by taking business away from some other place.

The latest instance of this amiable characteristic, is the modest proposal that when the Dominion government experiments in connection with a process for the smelting of zinc ores are brought to a successful issue the smelter at which the process is to be operated should be placed in Vancouver.

The Vancouver correspondent of the Toronto Financial Post says:

> The electrical smelting process hitherto has not been demonstrated successfully in any country. Therefore the plants which have to use coal, need to be located where full advantage can be taken of the by-products which consist of commercial acids, since spelter cannot profitably be made independent of the revenue derived from the secondary products.
>
> This is the reason why it has been pointed out that Vancouver would be a good place for a smelter for zinc ores.

It does not seem to occur to the Vancouver correspondent that if the work of the smelter is to handle the ores of the Kootenay, if the ores of the Kootenay are to supply its business and to be the reason for its existence, then the proper place for it is in the Kootenay.

The idea that freight should be paid on the ores from the Kootenay to Vancouver in order to save freight on the metals and on "the by-products, which consist of commercial acids," is too absurd to call for serious discussion.

EASTERN PROVINCES AND WESTERN IMMIGRATION

A Toronto journal draws attention to the economic loss involved in placing on prairie homesteads immigrants whose training is of no value to them there but would be of value for intensive agriculture in the east.

The point may be commended to other eastern journals which deplore the emigration to the west of their young men and which propose that this should cease and that the west should be settled solely by immigration from outside.

The sons of the pioneer farmers of the east and of all eastern farmers who have followed what may be termed pioneer methods are well suited to pioneer farming in the west. They can do better there than in the east, so it is better for them to go. They can produce more wealth there than in the east and can assimilate immigrants as no other settlers can do, so it is better for the Dominion as a whole that they should go.

On the other hand thousands of immigrants from Europe are unsuited to the life of pioneers, while they are suited to the work now to be done on the farms of the east. It would be better for their own interests and they would be more valuable to the Dominion if they settled in the east.

Easterners who are concerned over the departure of their young men to the west and who talk of checking it may as well recognize that the young men themselves will have something to say about that. They cannot check the movement. But they can secure immigration to replace them and the Dominion government, instead of concentrating its efforts on bringing settlers of all sorts to the prairie, would do well to try to distribute settlers to those parts of the Dominion to which they are best adapted in each individual case, and where they will be more contented.

RECIPROCITY AND MINERALS

Since the question of reciprocity with the United States was revived by President Taft last spring, there has been a widespread discussion in the Canadian press. As a result it is evident that public opinion is by no means enthusiastic on the subject. Even the Toronto Globe has now declared that any general tariff reciprocity is out of the question. All the signs go to show, however, that the Dominion government is considering a restricted measure which may provide for the removal of duties either way upon coal, and some other natural products. If any such arrangement is made it should include not only coal but other minerals such as lead, zinc and copper.

EDITORIAL NOTE.

The first of the great pageants of the British Empire of today took place at the Jubilee of Queen Victoria. That was surpassed at the Diamond Jubilee ten years later. Since then there have been the coronation and the funeral processions of King Edward. At the coronation of King George there will be still another. One feature will be the presence of a premier of the Union of South Africa, thus marking the completion of the federation of each of the great outlying portions of the empire. When Queen Victoria's Jubilee was celebrated the federation of Australia had not been accomplished. Not only in material affairs but in spirit has there been a great advance in the imperial movement since that time. In its infancy then it is today going on from strength to strength.

TEN YEARS AGO

Extracts From The Nelson Daily Tribune of Oct. 30, 1900

The Mansfield Manufacturing company is figuring to supply the Hall Mines smelter with 10,000 tons of lime rock and 1600 tons of lime annually.

At a meeting of the license commissioners for the Ainsworth district licenses were granted to J. J. Cameron of Lardo and W. W. Benton of Bear lake.

A. G. Creelman, the contractor who is to build the C.P.R. freight sheds, expects to start work within a few days, a shipment of material from Nakusp being en route. The building is to be completed by Dec. 15 and will cost $4000.

NEW BUILDINGS IN CRANBROOK

Many Visitors for Thanksgiving Day—Appoint Delegates to Nelson Convention.

(Special to The Daily News.)

CRANBROOK, B. C., Oct. 29—The executive committee of the Liberal-Conservative association have sent out notices calling a meeting of the Cranbrook association for the purpose of electing ten delegates to attend a general meeting of the Conservative association to be held in the city of Nelson on the 11th day of November. Proxies will also be appointed so that Cranbrook will have a full representation at the convention.

New Post Office.

The new frame temporary post office being erected by Postmaster Beattie is now in the hands of the plasterers and will be ready for occupancy by Nov. 15, the date on which the present building is to be vacated.

Rawnsth Bros., jewellers, are the purchasers of the present site, the sum paid being $9000. The public building promised so often by the public works department will not be commenced till next spring.

Baker & Banfield have laid out cellars for two new cottages on the hill.

New Land Office.

The new frame two story 26 by 32, C. P. R. land office, started only two weeks ago, has been pushed ahead rapidly and is now in the hands of the plasterers.

Thanksgiving Day will be very quietly observed in town, there being no special attractions. The stores will be closed. Thanksgiving Day being observed on a Monday this year seems to meet with general approval and many are taking advantage of the two successive rest days to visit their out of town friends and relatives. Many others came in on the local on Saturday night and will remain till the local on Tuesday morning. Special Thanksgiving services are being held in the various churches of the city.

For New Uniforms.

The drawing for the prizes in the drawing contest put on by the Cranbrook city band to enable them to buy new uniforms will be pulled off in the opera house on November 10. There are in all nineteen prizes, the majority of them are very valuable ones.

Will Elect Officers.

The Arena Rink company will hold its first annual meeting on Tuesday night when officers for 1910-11 will be appointed and arrangements made to open the rink to the citizens as early in the season as possible.

Edward Hill of Moyie, will soon be a citizen and business man in this city. He has sold out his Moyie store to J. W. Fitch of that place and taken over the gent's store here of his brother W. D. Hill. He takes possession on November 15. W. D. Hill, it is expected, will sell his ladies' store on Armstrong avenue and spend his time at the coast where he has other interests and where the climate is more adapted for his health.

It is rumored that a Retailers' association will shortly be organized in Cranbrook.

Boys started a dangerous bon fire of grass and small sticks this morning just outside the city limits.

Owing to the last day of December being a legal holiday City Clerk T. M. Roberts will receive applications for names to be placed on the voters' list up to 6 o'clock local time on Tuesday evening November 1. Up to the present time there have been about 150 additions to the list.

C. H. Dunbar, of Hosmer, formerly a lawyer in this city, is renewing acquaintances in town.

DOWNTOWN REAL ESTATE MOVEMENT

Much Valuable Residential and Business Property Changed Hands during Past Week

The feature of the past week's activity in real estate was the sale of two Baker street [illegible], the Ambown block to the Nelson Hardware company by McQuarrie & Robertson, and a 25 foot lot adjoining the Eagle hall from W. A. Macdonald, K.C. and W. G. McMorris to A. S. Horswill. The latter deal was put through by the Western Canada Investment company.

R. B. McDermid reported the sale of 40 acres of partly improved fruit land on the north side of the West Arm, near 9-Mile point to Dr. Thom of Grand Forks.

In city property the Western Canada Investment company stated that they had sold a house and lot on Chatham street to R. A. Howe and McQuarrie & Robertson sold a residence and lot on Carbonate street to T. L. Bloomer, the well known C.P.R. engineer who is moving from Castlegar and will reside permanently in the city in future. The same firm mentioned that they had put through a deal involving the purchase by R. D. McDonald of two lots on Victoria street, near the Strathcona hotel. Mr. McDonald intends to commence the construction of two commodious residences immediately.

F. B. Lys reported the sale of A. P. Hebden's house and lot on Victoria street.

Another transfer of inside real estate was that in which Alfred Jeffs purchased Mrs. Turner's two houses at the corner of Josephine and Mill streets.

Church Notices Today.

All changes for church service announcements must be handed in or phoned to The Daily News office before 6 o'clock on Saturday. If not received by this time the notices will be omitted from Sunday's issue.

The services announced for today in the churches of Nelson are as follows:

ADDRESSES HIGH SCHOOL LIT.

Rev. Fred H. Graham Contributes to Interesting Debate on Principle of Public Speaking.

The members of the High School Literary society had a rare treat last Friday afternoon when Rev. Fred H. Graham addressed them on the subject of "Public Speaking and Debating."

Starting from the postulate that anyone can become a good speaker and that the more difficult the attainment the higher the ability when attained, Mr. Graham proceeded to a series of valuable suggestions on public speaking in general. With numerous amusing and striking illustrations he emphasized the necessity of acquiring a full vocabulary, a knowledge of the subject, neither superficial nor limited but full and broad, and a knowledge of the audience with the power of adapting speech and style to their character. With all this he insisted on constant practice as a prime requisite to success.

Dealing up debating as a phase of public speaking, Mr. Graham discussed the choice of subject and preparation of speeches. Touching upon his hearers the sportsmanship which scorns any unfair advantage. Here again the importance of full and exact information, coupled with thorough preparation, of each speech was emphasized.

The speaker closed with the point, fully illustrated throughout the address, that a sense of humor was of vital interest in every case.

The students listened with no cessation of interest for three-quarters of an hour.

A vote of thanks moved by Dr. McVicar and enthusiastically passed was presented and Mr. Graham gracefully responded. Miss Steed, Miss Hunt and Miss Wade provided pleasing additions to the program.

On Friday next a debate will be held on the relative influence of the press and the platform.

ADDITIONAL LOCALS

The funeral of the late Mrs. T. Gordon Holmes took place from St. Saviour's church yesterday afternoon, Rev. Fred H. Graham officiating. The pallbearers were J. W. Ford, O. B. Appleton, W. J. Astley, W. P. Mawdsley, J. F. Bourne and F. F. Payne. Wreaths were sent by Mr. and Mrs. J. W. Ford, Mr. and Mrs. W. J. Astley and G. G. Holmes.

Colonel Wadmore, D.O.C., reached Nelson last night after making an inspection of arms and equipment at Grand Forks, Greenwood and Phoenix and is at the Strathcona. He will leave tonight for the coast. On his way west he will make inspections at New Denver, Slocan City and Revelstoke.

Dr. Eugene Hannell, director of mines for the Dominion government, is expected at the Strathcona tonight from the coast. Dr. Hannell is coming to Nelson for the purpose of making an inspection of the zinc smelter erected here two years ago by the Canada Zinc company with a view to gathering information which will be of assistance in the experiments which the government at Ottawa proposes to conduct towards the successful reduction of refractory low grade zinc ores.

Rev. Dr. William Patterson will preach in St. Paul's Presbyterian church at the forenoon service today. Rev. F. A. Robinson will also take part in the service, and a solo will be sung by Professor W. W. Weaver. In the evening Dr. Patterson and Professor Weaver will conduct an evangelistic service. The series of meetings will be continued on each evening of this week except Saturday. Tomorrow being the evening of Thanksgiving Day a special service of thanksgiving will be held, to which all are invited.

The delegates from the Eastern British Columbia Sunday School convention returned last night, accompanied by the general secretary, T. W. Williamson, and Mrs. Mary Foster-Bryner, who is an international worker of world wide reputation. Mrs. Bryner will address a meeting at the Trinity Methodist church at 4 o'clock this afternoon. All who are interested in Sunday school work are invited to attend these meetings. Judge Forin will preside, and his Bible study class at the Y.M.C.A. will be merged in this meeting.

Patrons of the advertising columns of The Daily News are asked to deliver any changes of advertisement intended for insertion in Tuesday's issue at The News office not later than 10 o'clock tomorrow morning. The reason for this is that The News has purchased a complete new outfit of advertising type, rule, etc., and is modernizing it in Tuesday's paper, the result being that every advertisement in the paper has to be reset for that day's issue. The new equipment will enable The News to give patrons of its advertising columns better service and should also result in improving the typographical appearance of the paper, which has always been known as one of the best printed daily publications in Canada.

Afternoon frocks of dark velvet and satin are appearing with broad cuffs of ermine or small collars to match.

Many house gowns are made open at the throat, giving opportunity for displaying fascinating necklaces and jewel collars.

A little cut of the ordinary are the moccasins made of doeskin or heavy white suede instead of the chamois. They are embroidered elaborately on the front with beads in white and the soft greens, yellow, pinks and blues.

With rules for mourning becoming less strict each year, it is not surprising that this year practically all the prevailing shapes and fancies of colored dresses are repeated in mourning fabrics.

The new veilings are indeed fascinating. They are exceedingly fine; in fact, it would not be at all difficult to draw an entire bolt of some of the filmsy materials through one's finger ring.

HOW THIN FOLKS CAN GET FLESHY

New Accidental Discovery Gives Startling Results—Puts Flesh On Thin People and Rounds Out Imperfect Figures.

Simple Prescription Given.

For women—and men too, for that matter—who can never appear stylish with anything they wear, because of abnormal thinness and angularity, this remarkable prescription is destined to solve the problem. As a beauty maker for the figure it is simply wonderful while it adds brightness to the eyes, and color to the cheeks and lips. It requires no particular dieting, but acts as an aid to nature by its peculiar action on the nerves and blood supply. The blood and nerves distribute over the body, all the nourishment or flesh building elements obtained from the food. The trouble with thin people has always been that they do not absorb or retain enough of the fleshy matter to make them gain in weight even to a normal extent; but this new discovery of blending certain harmless drugs is a revelation to science, and hundreds have gained from ten to forty pounds in a few weeks. There is no danger of becoming too fat. When you get the right weight then stop using.

The general health and strength is greatly improved in anyone from the age of sixteen to sixty. Women soon get plump, with well rounded arms and full bust, and men become straight, strong-looking and healthy.

In a half pint bottle get three ounces of essence of pepsin and three ounces syrup of rhubarb. Then add one ounce compound essence cardiol shake and let stand two hours. Then add one ounce tincture calumbae compound (not carlamom). Take a teaspoonful before and after meals, and weigh before beginning.

STOMACH DISTRESS AND DYSPEPSIA GO

Heartburn, Gas and Indigestion Vanish and Your Stomach Feels Fine in Five Minutes.

As there is often some one in your family who suffers an attack of indigestion or some form of Stomach trouble, why don't you keep some Diapepsin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy Stomach five minutes after.

Tell your pharmacist to let you read the formula, plainly printed on these 50-cent cases of Pape's Diapepsin, then you will readily see why it makes Indigestion, Sour Stomach, Heartburn and other distress go in five minutes, and relieves at once such miseries as Belching of Gas, Eructations of sour, undigested food, Nausea, Headaches, Dizziness, Constipation and other Stomach disorders.

Some folks have tried so long to find relief from Indigestion and Dyspepsia or an out-of-order stomach with the common, every-day cures advertised that they have about made up their minds that they have somebody else wrong, or believe there is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, Gas and Stomach poison, which putrefy in the digestive tract and intestines, and, besides, poison the breath with nauseous odors.

A hearty appetite with thorough digestion, and without the slightest discomfort or misery of the stomach, is waiting for you as soon as you decide to try Pape's Diapepsin.

AT THE THEATRES.

Allen Players Close One of Most Successful Engagesmnts in Dramatic History of City.

The Allen players closed their remarkably successful engagement at the opera house last night with Nat Goodwin's "When We Were Twenty-one." Miss Felton once again scored a great success before a crowded house as Phyllis Erston and Bob Evans as Sir Roscoe Plumsey and B. A. Reynolds as Richard Carvel were more than lived up to their already high reputation in Nelson. At the matinee a good house witnessed "Dad's Girl."

The company are to be congratulated upon the excellent plays they have produced during the engagement just closed and theatregoers in the city will await their return with much pleasurable anticipation. Miss Verna Felton is to be especially commended for her remarkable acting. Always interesting, always carrying the sympathies of the audience with her in both comedy and tragedy, she has gained for herself a warm place in the hearts of Nelsonites. In "The House of a Thousand Candles," in "The Second Mrs. Tanqueray" and in "When We Were Twenty-one" her acting frequently rose to great heights of dramatic art. Young, of attractive appearance and charming personality, she may be regarded as one of the coming leading ladies of America's great theatres.

On Monday night the Gem theatre is showing a picture entitled "Dixie," a war drama, a classic, a marvel of setting, photography and acting. This is a late Imp release and one of its greatest features is a battle scene, one of the most daring things ever attempted in moving picture making. Another novel and attractive feature of this film is that the subtitles are composed of bars of music with the words of the song "Dixieland." This film on its being shown at the Fourteenth street theatre, New York, was applauded with unusual vigor. The above will be followed by a fine Imp comedy entitled "Pressed Roses," in which plenty of good laughable situations are introduced. The program is completed with a good dramatic subject, "A Father's Grief." The above will be shown at Monday's matinee, 3:30 p.m., as also at the evening performances.

A special matinee will be given at the Empire theatre on Thanksgiving Day, tomorrow afternoon, at 3:30 and the usual evening performances starting at 7 o'clock. The program will be a good one and includes the following subjects: "Tangled Lives," "Carlo's Devotion," "The Big Drum" and a most interesting western picture portraying "The Adventures of a Cow Puncher."

Minard's Liniment is Good for Sprains.

There is generally a cold spot in every home—it may be a room or passage which the heat from the furnace or stove does not reach.

To place another coal stove with all its accompanying nuisance is out of the question; where and what is the remedy? Has it ever occurred to you that the temperature of that cold spot can be immediately raised by the use of a small gas heater. No dirt, no trouble, one match and a scratch and behold comfort reigns supreme.

Just think it over and then tell your trouble to the gas man.

POSSIBILITIES OF CRESTON IN FRUIT

What the Kootenay Fruit Pamphlet Says of the Famous Bench Lands of That District

The pamphlet on the Kootenay as a fruit country, issued by the joint committee that collected the Kootenay exhibit for the National Apple Show at Vancouver, has the following text on the illustrated page devoted to the Creston district:

The Creston district occupies the West Kootenay valley from the southern shore of Kootenay lake to the international boundary, a distance of 20 miles. The extreme width of the valley here is 12 miles and at this point the C.P.R. debouches from the mountains on the bench lands of the district, which experience has proved are splendidly adapted for raising both large and small fruits.

The district is served by two railways and the provincial trunk wagon road, which will extend from the Pacific coast to the western boundary of the province of Alberta will pass through it.

The climate is unsurpassed and irrigation is unnecessary.

Proximity to Market

Creston is the nearest to the markets of any fruit growing district in the province. Fruit shipped at Creston at noon reaches the markets the same day.

The Hon. Thomas Taylor, the provincial minister of public works, said in a speech at Nelson last day:

"One place that impressed me immeasurably was Creston. There is room in the valley in which Creston is situated for 50,000 people and it is a question of a comparatively short time before that number is there. I have seen no place in British Columbia that offers greater opportunities to land seekers than does Creston and once this fact is known abroad people will rush in there."

There are good roads, schools, churches and telephone system. There is abundance of game, both large and small and good fishing within easy reach.

The output of the district will yearly increase by leaps and bounds from the trees already planted which exceed 100,000.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box. 6

GREAT INTEREST IN BY-ELECTION

Nationalist Candidate Supported by Monk and Bourassa—Premier's First Constituency

In Quebec there is extraordinary interest in the bye-election on Nov. 3, made necessary by Louis Lavergne's appointment to the senate, says the Toronto News. The prime minister has appeared in the constituency and the Nationalist candidate has the energetic support of Mr. Monk and Mr. Bourassa. It was this constituency that first sent Sir Wilfrid Laurier to parliament. There he practised his profession from 1866 until he was summoned by Lord Aberdeen to form a government. In 1871 he was elected to the Quebec legislature by a majority of 1030. He resigned the seat in 1874 in order to stand for the house of commons and was again elected. Three years later he sustained the only personal defeat that he has ever experienced.

Called to the cabinet in 1877 he was obliged to go back to Drummond and Arthabaska for re-election. The Conservative party had committed itself to protection and this was the chief issue before the country. The Conservatives under the general direction of the late J. Israel Tarte, made a determined attack on the constituency. Other issues than protection entered into the fight. In those days there was a bitter quarrel between the Liberal party and the Roman Catholic Hierarchy. Laurier had belonged to the Canadian Institute of Montreal which the church had condemned and had defended Liberalism against the attacks of the ecclesiastics. It was said in one of the election documents circulated by his opponents that he was the companion of "apostates of the Chiniquy breed," of "excommunicated persons," and of "friends of Guibord." It was claimed that he was a Liberal of the "worst kind" and under direct censure of the church. These attacks may or may not have been influential. At least they make strange reading in the light of the Western Autonomy acts of 1905. Certainly, however, the arguments for the National Policy had weight and the result was that on Oct. 27, 1877, the young minister was defeated. He lost by 29 in a constituency which he had carried three years before by 223. Shortly afterwards he was returned for Quebec East which he still represents in the house of commons.

INTERESTING EVENTS OF THE COMING WEEK

WASHINGTON, D. C., Oct. 29—The week will see the virtual close of the political campaigns in the different states, the uncertainty with which the results of the approaching election are viewed, with regards to the state and congressional contests alike, will undoubtedly lead to a whirlwind finish of the campaign in many states where campaigns of a comparatively tame variety have been the rule for many years.

From the first to the last day of the week a flood of political oratory will surge over New York, Pennsylvania, Ohio, Indiana, Massachusetts, Missouri, Iowa, California, Wisconsin and numerous other states where the closeness of the contests or issues of more than ordinary importance has created intense interest in the campaigns.

Colonel Roosevelt has a strenuous week ahead of him if he carries out the schedule now arranged. New York City will hear him for the last time during the campaign on Monday night. The following night he will speak in Brooklyn and immediately after he will leave for the west to fill an engagement to speak in behalf of some of the Republican candidates for congress in Iowa. The western trip will consume three days. He will return east in time to close the New York campaign with a speech in Buffalo Saturday night.

Tuesday will be election day in Cuba when half the members of the senate and of the lower house of the national legislature are to be chosen, together with many local officers. The result of this first election under the administration of President Gomez, and the second to be held by a Cuban government without the influence of American control, naturally will attract a good deal of attention from the outside world. There has been a great deal of political excitement in the island for some months, and in Havana five parties have put candidates in the field.

The feeling of political unrest and uncertainty which has existed in Spain for some months and which has been intensified by the recent course of events in Portugal, will cause much attention to centre in the proceedings of the Cortes, which has been called to convene Monday. According to the latest reports from Madrid Premier Canalejas will exert all his power and influence to push his programme of liberal measures through parliament.

Two of the world's most celebrated actresses are scheduled to begin American tours during the week. In Chicago Monday night Mme. Sarah Bernhardt, the great French tragic actress, will begin a tour that will embrace many of the principal cities of the United States and Canada. In New York later in the week Ellen Terry, the English Shakesperian actress who was for many years associated with Sir Henry Irving, will make her American debut as a lecturer.

The week will see some notable events in far-off South Africa, centering around the opening of the first parliament of the South African union, which was formed last year by the federation of Cape Colony, Natal, the Transvaal and Orange River colony. The parliament will be opened by the Duke of Connaught, the uncle of King George V., who is due to arrive at Cape Town Monday. Accompanied by the Duchess of Connaught and Princess Patricia, his royal highness will make an extensive tour of the four states of the union following the opening of the parliament, which will take place Friday.

Spend $70,000 on Sidewalks

This is what the bylaw carried by the ratepayers of Burnaby for the purpose of building sidewalks calls for. Surely this is enough indication that the municipality is going ahead at a tremendous rate. This is what the Vancouver Province says:

ENLARGING MILL YARDS

Canadian Western Lumber Company Has Large Stock on Hand

NEW WESTMINSTER, Oct. 17.—The yards of the Canadian Western Lumber Company's mills at Fraser Mills are being enlarged to accommodate the immense amount of lumber of all kinds the company has on hand. The export demand for lumber has been so small for the past three months that the company has shipped but very little.

In all about $800,000 worth of lumber is stored in the yards, the immense capital back of the company making it possible to carry this large quantity. The fact that American lumbermen can undersell Canadians in the Northwest market is said to be responsible for the prevailing low price of lumber.

The company is experiencing no difficulty in getting logs and about 22,000,000 feet of them are now at the mills ready to be sawed. Approximately 40,000,000 feet of lumber is stored in the yards.

SIDEWALKS FOR BURNABY

Ratepayers Authorize Seventy Thousand Dollar Loan

NEW WESTMINSTER, Oct. 17.—The bylaw voted on by ratepayers of Burnaby on Saturday authorizing the raising of $70,000 for building sidewalks throughout the municipality was passed by a large majority. The vote was a light one, it being the general impression that the bylaw would pass by an overwhelming majority.

Work on the new sidewalks will proceed immediately. The intention is to divide the money as follows: Ward 1, $9638; ward 2, $10,517.50; ward 3, $34,739; ward 4, $7805; ward 5, $4390; ward 6, $13,888. The remainder of the money will be used for incidental expenses and additional sidewalks.

A special meeting of the Burnaby council will be held on Tuesday when tenders for the necessary material will be called. It is the purpose to call for separate tenders for the construction and in the event of these being too high work will be done by day labor.

When a city goes ahead at this rate property is bound to advance rapidly in price and the man who gets in on the ground floor always comes out away ahead. **GET IN NOW.**

We have a choice subdivision situated on 3rd avenue, Burnaby adjoining the city limits of New Westminster just four blocks from 8th avenue, referred to above and overlooking the Fraser Mills Lumber company's plant, the B.C. Distillery and the new C.N. terminals on the Fraser river. The property is directly between the Vancouver-New Westminster interurban and the Vancouver-Sapperton interurban lines, and is just four blocks from the New Westminster car line. The property is all cleared, lots are 50x150 feet and each lot has from nine to twelve bearing fruit trees thereon. They are situated on a graded street which is the most populous one in East Burnaby. We can conscientiously recommend the lots as a good sound investment, sure to make you money, and in the very near future.

THE LABOR WORLD

All union men in Oklahoma City, Okla., are working the eight hour day.

The labor commissioner of Wisconsin recommends an eight hour day for children.

A campaign for an eight hour day is being made by the union men in Syracuse, N.Y.

All unions are recognized by employers in Halifax, N.S. and all union men have the nine hour day.

The steam engineers of Toledo, O., recently formed a union to be affiliated with the international organization.

The Brotherhood of Locomotive Firemen has appropriated funds recently for the establishment of a course of scientific firing.

A building trades council is being contemplated by the trades affiliated with the central organization at Portsmouth, N.H.

For trying to form a rival organization the Winnipeg Bricklayers & Masons' union recently sentenced six of its members to pay a fine of $100.

It is estimated by the American Federation of Labor that 1,500,000 trade unionists were in line at the last Labor day parades in this country.

At Jefferson City, Mo., the State Federation of Labor by unanimous vote recently went on record as utterly opposed to statewide prohibition.

The unions of Kansas City are now holding their meetings in their new labor temple which is a four story structure and has 12 meeting halls.

Japanese laborers on the California fruit farms are forming organizations. They have a union of 2000 in one county alone, and have fixed a minimum scale of $2 a day.

The British labor leaders are communicating with the colonial leaders with a view to arranging a special conference of the representatives of the various labor parties of the empire to be held in London in 1911, about the time of the colonial conference. The idea is to discuss the possibility of joint action between the parties in all matters affecting the interests of the workers of the empire.

FASHIONS AND FADS

Little girls' hats are quite plain.

In gloves black ones are the favorites.

There is a craze unusual for veiled effects.

All coat and dress sleeves continue to be small.

Much gold and silver lace appears on stockings.

Shopping bags are a bit smaller than last season.

Suit coats are generally short; separate coats are long.

Shaggy goods are the order of the day for some large hats.

Wool embroidery is the latest trimming for afternoon gowns.

A touch of purple in nearly any toilet is a fad of the season.

All street skirts are short—about three inches from the ground.

Maline is to be used for trimming the winter hats of silk or satin.

Irish lace holds unwaning popularity in the realm of neckwear.

Draped effects are seen in skirts for wear on all sorts of occasions.

Jaunty silk ties, both in black and colors, will be worn with cloth suits.

Laced are to be more in favor than buttoned, especially for walking styles.

Some of the new evening gowns show whole panels of bead embroidery.

Evening shoes are to be lower in the heels and richer in fabrics than for many a year.

Some of the new travelling coats have pockets almost as big as handbags.

The high arch is the distinguishing feature of the most fashionable shoes.

HOUSEHOLD NOTES

In dusting a room, do not fail to dust the brass or iron bed well. Remember that the head and foot pieces under the springs should be as free from dust as the parts above.

A bottle containing lime water and linseed oil, equal parts, is always kept in my cookroom, as if it is applied directly after a burn, it will keep the skin from blistering, and allay all pain.

It is a wise plan to shrink a woolen or mohair braid before putting it on one's skirt. Then if the skirt is wet, there is no danger of the braid shrinking the garment in an unsightly manner.

Make a practice of emptying the dishpan, as well as the tea or coffee pot, into a strainer rather than into the sink. Then the contents of the strainer may be easily emptied into the refuse pail.

Keep a skewer or orangewood stick at hand near the kitchen sink. When washing a cooking utensil that is seamed or grooved, run the skewer around to take out any foodstuffs in the crevices.

When boiling a slice of ham recently I rubbed brown sugar on it before I broiled it and found the ham when cooked had the same delicious flavor as baked ham prepared the same way.

Do not confine the use of the darning egg to stockings. When it is necessary to repair a rent in a sleeve slip the egg under the torn place. The work will then be done more expeditiously and satisfactorily.

Fall Styles in
Stylish Suits
Still Coming
$18 Up to $30

Of course we have not shown all the Fit Reform styles in fall suits.

And of course they have not stopped coming. Every few days we add something new—something new and exclusive—something that is distinctively and delightfully original.

Keep in touch with the season's choicest novelties.

Make it a point to drop in at the Wardrobe every few days and ask to see the latest creations in Fit-Reform suits and overcoats.

We can place a handsome fall overcoat on you that will not cost you any more than you'll be willing to pay, and with the style of which you'll be pleased.

You are welcome always—and our time is yours.

NELSON NEWS OF THE DAY

(Additional local news notes on page 5.)

The temperature yesterday ranged between 32 and 44 degrees.

The winning number in the weekly draw at Weir's shoe store last night was 1,996.

The Eagles' hall is filling a long-felt want in the city as a suitable place for dances and public meetings.

Mr. and Mrs. A. D. Wheeler of Ainsworth were visitors to the city yesterday, registering at the Strathcona.

W. R. McLean came down from Proctor in his gasoline launch yesterday and on his way shot a brace of fine plump ducks.

Mrs. Joseph Thompson leaves this evening with Mr. and Mrs. A. D. Emory for the coast.

Born, on October 28, at the Kootenay Lake General hospital, to the wife of J. A. Sweeney, Trout Lake, a son.

Mr. Moore of Grand Forks was brought to the city last night and to the Kootenay Lake General hospital with a sprained ankle.

Parents are invited to bring their children with them to hear Mrs. Bryner's talk on "The Graded Course" at Trinity Methodist church this afternoon at 4 o'clock.

Tomorrow being a legal holiday the general delivery wicket at the post office will be open only between the hours of 11 and 12 a.m. Access to boxes, however, may be had between the usual hours.

John T. Black, chief constable, returned last night from a two-day trip to Ainsworth, Kaslo and Proctor, in his capacity, under the new act, of inspector of licensed premises.

N. T. Kettlewell, a well-known resident of Fairview for nearly four years, died at his home yesterday morning, after an illness of some months. The deceased came to Nelson from London, Ont. He leaves a widow and two sons, Walker and Keith, all residents of Nelson. The funeral service will be held at the family residence, Chatham and Pine streets, tomorrow afternoon at 2 o'clock.

On Tuesday evening the Baptist young people's society will give a "Birthday Social." A very attractive and interesting program has been prepared, and all are invited to come.

Rev. W. H. Cornish will again occupy the pulpit of the First Baptist church at both services today. Special Thanksgiving music will be rendered by the choir. A hearty welcome is extended to all.

As illustrating the range of prices which apples obtain in the English market a perusal of the sales catalogue of Woodall & Co. of Liverpool, which has been received at the board of trade offices, is very interesting. In all sales of 10,000 barrels of eastern apples and about 1,000 boxes of Canadian and Californian fruit are recorded. The report shows that the best grade of Newtown Pippins from Virginia realized $6 per barrel while Californian apples of the same variety sold at $1 to $2 a box. Canadian apples realized similar prices.

BASEBALL. The Bowling Club will meet at the Eagles' hall this evening at 8 o'clock.

BOAT CLUB. The Nelson Boat Club will meet at the Eagles' hall this evening at 8 o'clock.

As the arrangement announced last Sunday for a joint meeting of Sunday schools has been abandoned the Sunday school of St. Paul's Presbyterian church will meet as usual today and take up the topic of the International series of lessons.

The Thanksgiving Day tramp of the young men of the Y.M.C.A. will commence at 9 a.m. tomorrow. The objective point has been changed from the Silver King mine to the Athabasca mine. Those taking part are asked to take their lunches with them.

Martin Burrell, M.P. for Yale-Cariboo, passed through Nelson Friday night, accompanied by Mrs. Burrell, and left for the coast, where he will act as judge at the National Apple Show at Vancouver. Mr. and Mrs. Burrell will then leave for Ottawa, where the former will discharge his legislative duties.

The Methodist church has been tastefully decorated for the Thanksgiving services of today. The musical program will be of an exceptional character, as will be seen in another column. A first-class orchestra will be in attendance at the evening service. The pastor will speak on "The Theme to Make Us Rejoice."

Hallowe'en celebrations tomorrow night in the city are not likely to be very extensive. A few of the younger members of the community have been amusing themselves the past week preparing hideous masks and weird looking pumpkin lanterns and will undoubtedly endeavor to frighten the more timid of the residents of the city after nightfall. But there are no events of importance scheduled with the exception of the Boat club dance at the Eagles' hall.
