$25.00 IF YOU NOMINATE THE WINNER OF THE GRAND PRIZE

NIGHT SCHOOL TO BE OPENED HERE

If Twenty Persons Apply to Be Students.

FIRST MEETING OF NEW SCHOOL BOARD

Trustee Jones Takes Her Seat--Progress Made With the Estimates.

The new school board got off to a good start last night, one of its first official acts being to take up the question of a night school, which will undoubtedly be established if the statutory 20 persons apply to be enrolled as students. It was decided to invite all persons, of either sex, desiring to attend a night school, to send in their written applications to the secretary of the board, before 6 o'clock on the night of Thursday, Jan. 26. Trustee Joy stated that five young men, drivers and C. P. R. apprentices, had given their names to him as anxious to attend. Trustee Jones took the views of her fellow trustees on including young women and learning that all were in favor of the school being co-educational, expressed the opinion that the 20 could easily be secured. The school will be maintained throughout the year. The action above outlined was taken by the board unanimously. A large proportion of the salary expense is met by the government, but the local board furnishes the class-room.

Board Organizes.

The first business before the new board was that of organization, the trustees being Dr. E. C. Arthur, and R. G. Joy, whose terms have another year to run, and William Irvine, A. D. Emory and Dr. Annie Verth Jones, Messrs. Irvine and Emory having been re-elected, and Dr. Jones being a new member, taking her seat for the first time. Dr. Arthur, as secretary, assumed the chair temporarily, and called for nominations for chairman.

On motion of Trustees Emory and Joy, Trustee Irvine was unanimously re-elected chairman.

On motion of Trustees Jones and Emory, Trustee Arthur was unanimously re-elected secretary.

The only standing committee is the finance committee which, under the by-laws, is appointed by the chairman. Chairman Irvine named Trustees Emory and Joy.

Trustee Jones—It is usual for a school board to have a school management committee and a building committee.

Chairman Irvine—That is something we have never had.

Trustee Jones—It might be considered.

The next point that arose was one of etiquette. The weed hath charms for Nelson school trustees, as it also hath for most western school boards, city councils, and boards of trade, and usually the atmosphere in Secretary Arthur's office during a board meeting has a blueish tinge. When Trustee Jones arrived at the stated hour, Trustees Irvine and Arthur were enjoying fragrant cigars, while Trustee Emory was pulling on his pipe. Trustee Joy was 15 minutes late, and the cosy club character was maintained till the board was called to order, when Trustee Emory laid aside his pipe and did not resume it. After the formal organization was effected, Trustee Joy drew a cigar from his vest pocket, and addressing Trustee Jones, remarked:

"Mrs. Jones, do you mind if I smoke?"

Trustee Jones—I would be pleased, Mr. Joy, if you would smoke.

Chairman Irvine—(jocularly)—Does that permission also apply to me?

Trustee Jones—Nothing you could do, Mr. Irvine, would be an offence to me.

Remarking that it was an election cigar, Trustee Joy joined Chairman Irvine and Secretary Arthur, who had never denied themselves the charms of Lady Nicotine.

The only other reference to smoking, during the long board meeting, was when Trustee Joy passed around the box. On that occasion Trustee Jones intimated that the cigars were of a common quality.

Delegation on Grant.

The board is asking a special grant of $17,500 from the provincial government, for building and equipping purposes in connection with both the public and high schools. To the extent of $15,000, the local Conservative executive is supporting this request. Chairman Irvine brought up the matter of sending a delegation to Victoria to wait on the government in this connection.

Trustee Jones—Who will pay the expenses of the delegation?

Trustee Joy—The school board.

Trustee Jones—Will the Conservative association help?

Trustee Joy—If the delegation got $15,000 it would be money well spent.

Trustee Jones—The government would not give $15,000 in 15 years.

Secretary Arthur—In 15 years the government has given $40,000.

Chairman Irvine—Last year I paid my own expenses and was successful in obtaining a grant of $5000, and the promise of $5000 for this year.

On motion of Trustees Emory and Joy, Trustee Jones voting in the negative, it was decided to send the delegation. Chairman Irvine was named and if he finds he can go, will leave for the coast early next week.

Fourth High School Teacher.

R. Smillie, principal of the high school, wrote as follows "I beg to place before the board the following considerations in regard to the high school:

"Provision should be made for a fourth teacher for the autumn term. The classes of the three lower forms are likely to be so large that it would be impracticable to attempt the fourth year's school work with three teachers. If a commercial specialist could be procured, and a commercial department established, he would have time enough to relieve the other teachers of several branches.

"The laboratory is in urgent need of apparatus, and I would request that at least a $200 order be placed at an early date, so that the present year's classes should benefit therefrom.

"At present no adequate provision is made for individual work in science, and without it a valuable part of the scientific training is lost. If the remodelling of the school is not likely to be undertaken at an early date, laboratory tables, with water and gas connections, should be placed in our present room."

Secretary Arthur remarked that he had hoped to stave off these permanent laboratory improvements until they could add a wing to the building.

Trustee Joy pointed out that the board would not know what it could do with the high school till it knew definitely about the special government grant, and suggested that the letter be left over till the next special meeting.

Chairman Irvine—Not the next special meeting—it may be in the morning or afternoon.

Trustee Jones—Or night.

It was decided to take up the questions involved at a late stage in the estimates.

A Board Room.

At a later stage of the meeting, Trustee Jones asked if the board paid a rental for the room in which the meeting was being held, and was told that the board held meetings there through the courtesy of Secretary Arthur. Trustee Jones expressed the view that it was unfair to Secretary Arthur to impose upon his generosity in this way, and further suggested that the board ought to hold its meetings in a room where the public would feel free to attend. No reply was made to this.

E. Harrop, on behalf of the Harrop school district, wrote making a claim for a broken desk, among the lot purchased in November, 1909, from the Nelson school board.

On motion of Trustees Emory and Joy, Trustee Jones voting in the negative, it was decided to refuse the claim, in view of a year having elapsed since the shipment was made.

William Richardson, who is setting up the desks in the annex to the public school building, reported, through Trustee Joy, that he could not continue at the contract figure, 25 cents per desk, for unpacking, putting together, and placing. It was decided to raise the figure to 35 cents per desk for the remaining rooms.

R. F. Goldfinch, who was lately appointed manual training instructor, wrote from Vancouver that if his resignation was accepted by the Vancouver school board, to take effect Jan. 31, he would leave for Nelson on Feb. 1.

Estimates Taken Up.

The balance of the lengthy meeting was consumed in discussing the estimates. It was decided to adopt the recommendation of Principal Smillie so far as the fourth teacher for the high school was concerned, and provision was made for having a commercial specialist, as suggested, to start next fall. Increases in salary were granted to A. W. Seaman, of the high school staff, and Miss Taylor of the public school staff.

It was decided that the secretary's salary should be $300, as usual, Trustee Jones making a motion to this effect, which was adopted.

It was decided roughly to ask the city council to levy $2100 for school purposes, which, with the provincial grant of $10,000 for teachers salaries, will provide for the estimated current expenditure.

A special meeting of the board will be held on Friday, Jan. 27, to finally pass the estimates.

BUBONIC ADVANCING

PEKIN, Jan. 16—One death from bubonic plague in Tien Tsin is reported. Tien Tsin is about 70 miles from Pekin and Port Capital with which it is connected by railway, with Manchuria. The disease now extends along the railway throughout Manchuria, though it has practically disappeared in the Manchurian city where the present epidemic originated.

THESE FELLOWS HOGGED IT ALL

Remarkable Evidence Before Chinese Commission.

WANTED MONEY FOR LIBERAL EXECUTIVE

Would Not Care How Many Chinese Escaped Head Tax if Liberals Got the Money.

(Special to The Daily News.)

VANCOUVER, B.C., Jan. 16—The unusual spectacle of spectators in a court room bursting forth into applause was afforded this afternoon before the Chinese commission. The demonstration was evoked when Gordon Grant in closing his evidence, described his relation to the Liberal party in British Columbia. "I am a Liberal," said Mr. Grant, "but I am a British Columbian first. When I see the Liberal party departing from what I consider true British Columbianism, I am going to protest.

The court room, which has been attracting ever growing crowds since the inquiry has assumed such an interesting turn, was packed and there was a wild outburst of applause when Mr. Grant made this speech. Mr. Justice Murphy sternly rebuked the enthusiasm reminding the audience that this was a court.

The afternoon session was interesting in the extreme. J. W. Farris who was the fourth guest at the now famous Carlton cafe luncheon, at which Mr. Templeman's alleged visit to Inspector Foster's room late at night was, according to the evidence of David Lew and Gordon Grant, discussed, appeared. He said he had no distinct memory of such a conversation. Mr. Farris said, however, that he had an impression while reading the evidence given by Mr. Lew that that was the correct version.

J. H. Senkler was again mentioned. In his evidence Mr. Grant reported a conversation which he had with J. H. Senkler, after Mr. Senkler gave his evidence before the commission. Mr. Grant reported Mr. Senkler's words on this occasion as follows: "I do not care how many Chinese come into the country without paying the head tax, but I do object to these fellows hogging it all. If the money was handed over to the Liberal executive I would not object."

Mr. Grant also said that Mr. Senkler said that Robert Kelly went behind the back of the Liberal executive and made the minister for British Columbia, Hon. William Templeman, do whatever he said.

Direct Graft

Mr. Grant's testimony at the morning session was also sensational in that he made direct allusion to graft. He cited several instances where Yip on had endeavored to hold Chinese merchants desiring to cross the boundary line for $300 each and charged that Collector Bowell shook them down for from $5 to $10 for viseing their passports. Mr. Grant gave the names of Chinese parties concerned in these incidents all of whom he said, were still in the city. Mr. Grant went back to the days of the Asiatic riots here in 1907 and said efforts were made after the first disturbance here to arouse similar occurrences a short time later through an Asiatic exclusion parade. Seattle leaders of the exclusion league were anxious to have trouble here to detract talk from possible difficulties between the United States and Japan. Mr. Grant had then fought bitterly the idea of a second Asiatic exclusion parade here. Mr. Grant said that T. R. McInnes was acting directly as confidential agent of Sir Wilfrid Laurier and Hon. Frank Oliver in his investigations and that the Ottawa leaders intended to transmit the evidence collected to Earl Grey.

CARDSTON MAN WINS

LETHBRIDGE, Alta., Jan. 17—The big voting contest which has been conducted by the Lethbridge News has ended. The grand prize automobile was won by D. D. Spencer of Cardston.

The Oddfellows lodge, Cardston, won the $500 organization piano, through the victory of Mr. Spencer, who had announced that he would make this disposition of the organization prize in the event of his success.

G. J. Schmidt, of Lethbridge, won the second prize in the contest. Miss Lulu Beck, of abor, was second. The contest was the most successful ever held in this section of Alberta.

CHIEF ENGINEER ILL

MONTREAL, Jan. 16—J. Schwitzer, recently appointed chief engineer of the C.P.R., was taken to the Royal Victoria hospital today. He complained of being ill on Saturday and it was decided to have a consultation at the Royal Victoria. At the C.P.R. offices today it was stated that the officials do not feel that the case is of a precarious nature.

TUESDAY, JANUARY 17
Coupon No. 2

This coupon, with one from each of the other issues of The Daily News of the week ending, January 21, and 10 cents, entitles the holder to a photo-gravure reproduction of Fred Morgan's picture, entitled "London Bridge is Falling Down." Coupons and money should be presented at The Daily News office any time after Sunday next. If pictures are to be mailed, 5 cents must be added to cover postage.

RESOLUTIONS FOR BOARDS OF TRADE

Nelson Board Takes Action on Many Reported.

REPORT SUBMITTED ON PUBLICITY PLAN

Board Will Advertise the District if Council Attends to the City.

At the adjourned meeting of the board of trade, last night, 13 resolutions from other boards of trade, which will be submitted to the convention of the Associated Boards of Trade of Eastern British Columbia at Creston tomorrow and Thursday, were endorsed, and two or three others were left to the discretion of the Nelson board's delegates to deal with on the floor of the convention. In addition to this sizable budget of business, the board received a report of the special committee on the proposed publicity fund, and attended in a body at the city council meeting asking a grant of $2500 for publicity for the city of Nelson, which the board would match with a fund of $2500 for publicity for the district, the joint fund to be administered by a joint committee. The board also dealt with some important correspondence, among which was the report of the joint Kootenay committee in connection with the recent national apple show at Vancouver.

The new president, J. L. Buchan, was in the chair, and the others present were W. R. Haldane, A. B. Netherby, W. A. Anstie, W. F. Roberts, T. G. Proctor, E. W. Widdowson, W. B. Farris, W. N. Cunliffe, F. A. Starkey, W. G. Foster, Ald. Stark and R. J. Steel. Gordon Beeston, in the absence of E. K. Beeston, discharged the duty of secretary.

Publicity Report.

A. B. Netherby, for the special publicity committee, reported that it had been found impossible—and it would also be unfair—to collect $5000 from the merchants and business men alone. In view of this conclusion, the committee recommended raising a fund of $2500 from these sources, to be applied in advertising the district, and asking the city council to make a grant of a similar amount, to be applied in advertising the city alone, the fund to be administered by a bureau on which the city council should be adequately represented.

This report was adopted, and it was suggested that the board seize the opportunity of the council session in progress nearby, to lay the plan before the city council. An envoy, in the person of Mr. Anstie, went over to the city hall, and duly reported that the council would receive the deputation. A report of the reception of the deputation is given in another column, in the report of the council proceedings.

In this connection, it was stated that Mayor Selous was understood to have stated, before the election, that he would be willing to submit the question of a publicity appropriation to a vote of the electors, if this were asked for. Should the council not be willing to place a sum for this purpose in the estimates, a reference to the electors is one of the possibilities.

Resolutions Endorsed.

Resolutions, from the boards of trade named, were endorsed, dealing with the following subjects:

From Creston—

"For restoration of the old rate on coal from Lethbridge.

2. Asking the provincial government to consider taking over the telephones, and also asking for long distance connection between the various local installations.

From Kaslo—

2. On necessity for English instruction for the Doukhobor children.

3. Recommending institution for feeble-minded children.

4. Endorsing the memorial of the zinc producers, to the Dominion government, in favor of reciprocity with the United States in zinc ore and products.

5. Asking the provincial government to cancel the charter and land grant of the Kaslo & Slocan railway failing action by the company in resuming service or voluntarily abandoning rights.

6. For completion and repair of the Kaslo and New Denver wagon road.

7. Thanking the Dominion government for building public wharves in Kootenay and Columbia waters and asking further expenditures for the same purpose.

8. Asking the Dominion government to establish a fish hatchery on the Kootenay waters.

9. Asking a Dominion government inquiry into the practicability of reclamation works for flooded areas.

From Nakusp—

1. For mail clerks on Arrow lake boats and trains.

2. For dredging the Columbia river narrows below Burton City.

From Rossland—

1. Asking the provincial government to immediately put in force a lengthy list of drastic regulations respecting railways and lumber companies in respect to preventing and fighting forest fires.

Among the resolutions left to the delegates to deal with, were: No. 1 resolution from Kaslo, dealing with the trunk road to Calgary; No. 1 from Moyie, dealing with the trunk road through the southern part of the province, and asking that tailings from the St. Eugene mill be used as a top dressing in road construction; No. 2 from Moyie, for reciprocity with the United States in lead ore and products; and No. 1 from Cranbrook, in regard to the British Columbia Companies act.

Mr. Farris brought up the matter of the manufacture of paints from lead ore direct, for which a new company in Spokane were erecting a factory. If the thing became a commercial success, he thought it would be a good plan to endeavor to get the company to erect their Canadian factory at Nelson.

It was decreed that the secretary should write to the company, making a suggestion on those lines.

(Pressure on space necessitates holding over the correspondence till tomorrow's issue.)

POWER PLANT AGAIN BEFORE COUNCIL

Mayor Says Company Trying to Evade Contract.

DELEGATION ON PUBLICITY SPEAKS

Ask for Grant--Receive Assurance of Consideration. First Meeting of New Body.

At the first meeting of the new city council last night the various standing committees were appointed by the mayor, the power plant question was again brought up by correspondence between the city and Allis-Chalmers-Bullock, the annual reports of the various civic departments referred to the incoming council at thelast meeting of the old council were read and passed on for consideration to the various committees and a delegation asking a grant of $2500 to advertise the city was received from the board of trade.

The committees appointed are as follows:

Fire, water and light—Ald. Hume, chairman, Ald. Gilker, Ald. Stark.

Finance committee—Ald. Stark, chairman, Ald. Gilker, Ald. Hume.

Public works—Ald. Gallagher, chairman, Ald. Ferguson, Ald. Madden.

Parks and cemeteries—Ald. Madden, chairman, Ald. Ferguson, Ald Gallagher.

The annual reports of the city electrician, the city engineer, the fire chief and the city treasurer were all read and referred to the respective committees. Concerning the report of the city engineer the mayor said that he would be glad if the board of works committee would make a report as to their general plan of campaign for the year as soon as possible. The reason was that he had made a pre-election promise to suggest to the council the advisability of repairing the Anderson creek flume and of extending the sewerage system to the upper portion of the city. Both these projects would require a considerable sum of money and it would be difficult to make estimates for the year until the committee had made their report upon the two projects.

A reply from the Allis-Chalmers-Bullock company to City Electrician Brown's report of Dec. 22 regarding the breakdown of the power plant was received from E. M. Breed, a representative of that company. The letter stated that the writer had not yet received full details of a report that was to be sent from the company's Montreal office. He had, however, received a telegram saying that this communication was on its way. The letter continued that although the new unit had been shipped on Dec. 11, 1909, and the legal year had consequently elapsed; the unit had been inspected by the city's expert and passed; and had also been accepted by the city, his firm were willing to make the following offer: They would procure the services of an expert of high standing, Thomas E. Barnett of the Vancouver Engineering Works to make an inspection of the plant. If he found that the shaft bearing or the shaft couplings were defective the Allis-Chalmers-Bullock company would pay all the expenses of this expert but if, on the other hand, these parts were found to be perfect the city would pay the expenses of the inspection. The company would also supply a new coupling if such were needed.

A telegraphed reply to this letter by Mayor Selous was read and is as follows: "No. 2 unit is out of order somewhere. We do not say where but suggest trouble may be in shaft and couplings. Your company is under contract to make good immediately. We require you to send expert at once to ascertain cause of trouble. If trouble exists your company is to bear all expenses of the investigation. If none exists the city would be responsible for such expense."

Up to Company Says Mayor

The mayor said that the gist of the whole question was that Mr. Brown had telegraphed that there was trouble with the unit but had not stated what the trouble was. He merely suggested that it might be in the bearings or shaft. Now the Allis-Chalmers-Bullock people were endeavoring to tie the city down to this one fault and to wriggle out of their responsibility. With regard to the 12 months having elapsed since the unit was shipped, that did not affect the responsibility of the company to keep in order. They were bound by contract to keep the unit in running order for 12 months from the time that it was placed in operation.

Clauses in the contract between the council and the company were read in support of this statement and the correspondence was laid on the table.

Ald. Gallagher was appointed to inter-

(Continued on Page Five.)

UNITED FARMERS OF ALBERTA MEETING AT CALGARY

CALGARY, Alta., Jan. 16—The delegates to the meeting of the United Farmers of Alberta are coming in by every train. A few are not expected until tomorrow. When all are here there will be between 400 and 500 of them N. H. Nahurst of Pincher station was one of this morning's arrivals. "The prospects for next year's crop are excellent," he said. "I never say better and I have no hesitation in saying so"

Questioned as to the prospects of wintering the stock he said that the last week had been rather hard on the stock but that so far as his district was concerned things looked very well.

J. L. Powers, president of the association, said this morning that this convention would be one of supreme importance. The report of the meeting of the delegation of western farmers with Sir Wilfrid Laurier had to be considered and a number of other matters of great importance had to be discussed.

This afternoon the officers are meeting in committee to arrange the details of the convention and to prepare their reports. The convention will hold its first meeting tomorrow morning.

RUGBY PLAYER WILL MOVE TO HALIFAX

RENFREW, Ont., Jan. 16 — After many years of service in the employ of the Dominion government as a member of the Dominion police force, George Kennedy, one of the greatest rugby players that ever wore the mole skin, will move to Halifax in a few days, as the result of a recent promotion which he has received to the office of chief of the Halifax national police with headquarters in the Nova Scotia capital.

PUBLIC PLEASED WITH THE CONTEST

Announcement of $5,000 Prize Distribution Received With Satisfaction by All Classes—Enterprise of The Daily News Inspires Many Compliments—Several Nominations Received Yesterday--Will Open February 1st.

The Nelson Daily News great $5000 voting contest is likely to prove the sensation of the year in this section of the province. Expressions of surprise at the extent and value of the prizes offered were heard on every hand yesterday. Those who have followed similar campaigns elsewhere remarked that the value of the grand prize is greater than is frequently offered by newspapers in cities of 100,000 population. Many could not understand how The News could afford to appropriate so much money for a circulation campaign, but these friends were told that the results would fully justify whatever of faith and enterprise the big contest might involve.

Nominations Commence.

Although the first announcement of the contest appeared yesterday, and the active work will not commence until February 1, there were several nominations received. These represent the names of ambitious and popular ladies and gentlemen and they will work hard to win the coveted prizes.

Outside Points Interested.

Letters and phone messages inquiring about the details of the contest have commenced to come in from points outside of Nelson. Members of societies have indicated their intention of participating in the contest, with the idea of securing the $500 organization prize for their favorite society and they have promised to make early nominations.

Something to Remember.

Money will not buy prizes nor will money buy votes, under any circumstances not by any subterfuge. A contestant secures a subscription and is given a voting ballot of the proper denomination. When the judges, (disinterested men of prominence), count these ballots at the finish, the contestant who has the greatest number of votes wins the biggest and best prize, and any one of the district prizes is worth several times the effort required to obtain it.

$2500 Grand Prize

The person who secures the largest number of votes in the whole contest will receive a prize worth $2500. The peculiar conditions of the contest territory have made it impractical to confine this grand prize to any one subject and so the difficulty has been overcome by offering the option of five different grand prizes, one of which will be sure to appeal to every person likely to become a candidate. The winning candidate will have the choice of:

1. Two trips around the world, including 10 days at the Coronation of King George.
2. A $2500 modern home, to be erected at any point in the contest territory named by the winner.
3. A $2500 raised-cabin gasoline cruiser, with 20-horse power engine, powerful enough for ocean cruising, and having accommodation for 20 passengers.
4. A $2500 30-horse power, five passenger automobile, of the latest model and fully equipped.
5. The cost price of either of the above prizes in cash.

The Four District Prizes.

The contest territory has been divided into four districts and candidates in each district will compete for a piano in their own district only. They will be in competition with all of the districts for the grand prize, however.

The candidate who secures the highest number of votes in any district, but not enough votes to win the grand prize, will be given an elegant.

$500 Mason & Risch Piano.

This means that four ambitious candidates will each receive one of the most valuable pianos known to the musical world for the Mason & Risch piano is known wherever civilization has made a way for melody. In Canada the Mason & Risch piano is preferred above all others, for in the matter of pianos especially, Canadians believe that "the best is the cheapest." The News doesn't know where to find a better piano than the Mason & Risch. That's why the four district pianos are the product of the Mason & Risch factory.

$500 Organization Prize.

The candidate who secures the most votes in the contest and wins the grand prize will be permitted to name the church, school, lodge, society or individual to whom The News will award a $500 Mason & Risch piano. The purpose of this offer is to make the contest appeal to as many people as possible. It is expected that as soon as a candidate declares in favor of his favorite society for the piano the members will turn in their subscriptions in his name. It is also expected that organizations desiring a new piano will nominate candidates and work for their success.

How to Enter the Contest.

If you wish to enter The News contest, send in your name at once. Any

This is a "Genuine Clearing Sale" offering a "Genuine Opportunity" to secure "Genuine Bargains" as advertised, and the many hundreds of contented buyers, who throng the big store daily, will gladly tell you so. Remember, these reductions hold good for this week only.

AMALGAMATED WILL SHIP NEXT MONTH

Railway Spur Being Ballasted for Early Use—One of Properties of Consolidated Company

(Special to The Daily News.)

PHOENIX, B.C., Jan. 16—The Phoenix Amalgamated (War Eagle) mine will enter the regular list of Boundary ore shippers next month. The mine is ready to output, the tramway and ore bunkers having been put in shape but a short delay will be occasioned by the C.P.R. spur requiring to be ballasted. However, a construction crew started this work yesterday and the track will be put in temporary shape until spring and then reballasted.

The property is owned by the Consolidated company and will commence shipments of about 100 tons a day to the Trail smelter. There are about 15 men working at the mine, three drills are being operated and the property is equipped with a 10-drill compressor plant. The Phoenix Amalgamated is under the supervision of Charles Biesel, who is superintendent of the Snowshoe and No. 7 mines.

Royal Hotel, here's your home for the winter. Best board in the city. 106

RUSHING STEEL ON KETTLE VALLEY LINE

Twenty Miles Will be Laid by End of January—Work Going on From Both Ends

(Special to The Daily News.)

PHOENIX, B.C., Jan. 16—Twenty miles of steel on the Kettle Valley railway line will be laid by the end of the month. Track laying is going along simultaneously from both ends of the route between Midway and Merritt.

Work commenced at the Midway end this week and has made good progress. A big track laying machine is being operated with a large force of men and under favorable conditions the 10 miles of steel to Rock Creek will be completed before the end of January. The machine will lay a mile of steel a day but the severe weather of the past week has retarded progress.

At the Merritt end of the Kettle Valley line, seven miles of steel is already laid, and the other three miles of the ten mile section will be completed in another week. In the meantime clearing and further construction goes on apace, and another ten miles of track will be laid at either end in the early summer, so that it is expected an effort will be made to rush to completion the short cut Boundary-coast railway link.

AINSWORTH DANCING CLUB IS REORGANIZED

Rory McLeod Has Some Mining Deals in View—Horned Owls Are Plentiful in Neighborhood

(Special to The Daily News.)

AINSWORTH, B.C. Jan. 16—The Ainsworth dancing club had another dance Thursday evening in the Miners' hall. Notwithstanding the cold weather a goodly number turned out and a very enjoyable evening was spent. The dancing commenced early and broke up between 11 and 12 o'clock. The club found occasion to reorganize and Elworth Carroll was made president, while George Reid still remains secretary.

Horned owls are being shot quite frequently in this neighborhood. Bounty has been applied for on them within the last three weeks.

J. J. Scott left Friday evening for Kaslo on business.

Rory McLeod returned home Saturday evening, having visited Spokane and Nelson during the last week. He figures on making a big deal in connection with his mining claims here.

Among the arrivals here in the last week are H. Mobsy, J. W. Beckett and H. S. Hawley, Spokane, and H. Giegerish, Kaslo.

ULCERS AND SORES

Cannot Resist Zam-Buk's Healing Power

An illustration of the way in which Zam Buk cures even the most serious and chronic cases of ulcers, eruptions and sores is provided by Mr. R. H. Barker of Glencairn, Ont. He says

"I would not have believed that any remedy could cure so quickly, and at the same *time so effectively, as Zam-Buk cured me.*

"My face began to be covered with a kind of rash, which itched and irritated. This rash then turned to sores, which discharged freely and began to spread. I first tried one thing and then another, but nothing seemed to do me any good, and the eruption got worse and worse, until my face was just covered with running sores.

"Apart from the pain (which was very bad), my face was such a terrible sight that I was not fit to go out. This was my state when some one advised me to try Zam-Buk. I got a supply and, marvellous as it may sound, within little under a month every sore on my face was healed. I was so amazed that I have told the facts to several persons, and I have no objection to your stating my experience for the benefit of other sufferers."

Zam-Buk is purely herbal in composition, and is the ideal balm for babies and young children, for whose tender skin coarse ointments are so dangerous. Zam-Buk is a sure cure for cold sores, chapped hands, frost bite, blood-poison, varicose sores, piles, scalp sores, ringworm, inflamed patches, babies' eruptions and chapped places, cuts, burns, bruises and skin injuries generally. All druggists and stores sell at 50c box, or post free from Zam-Buk Co., Toronto, upon receipt of price.

CRESTON BOARD OF TRADE HOLDS MEETING

Diplomas Presented to Winners at National Apple Show—Officers Elected—Price of Apples

(Special to The Daily News.)

CRESTON, B.C., Jan. 16—There was a full attendance of members of the board of trade at the annual meeting in Speers' hall when some 30 members were present.

Before proceeding with the business the president on behalf of the board presented J. Heath, W. K. Brown, W. S. Watson, J. W. Dow, J. Arrowsmith and Stocks & Jackson with diplomas won by these exhibitors at the national apple show at Vancouver and also handed to the secretary of the board of trade the diplomas for the three prizes in the limited exhibit won by the Creston board of trade as being the body in whose name same was tagged, complimenting these gentlemen in a neat speech on securing by their successful exhibits credit alike for themselves and for the board of trade exhibit and for the Creston valley.

The various communications were disposed of and resolutions to be submitted to the associated boards of trade convention were read by the secretary. A communication from Mr. Cockle, re Vancouver joint exhibit was read and a check for $28.59 payment for the apples from Creston was tendered, being at the rate of $1.75 per box. The secretary was instructed to accept the check on account and to request payment of the balance to make up the sum of $3 per box as agreed by the original convention which sum was promised to the board and to the growers by the manager of the exhibit and by the Creston delegate.

At this meeting Ed. F. Johnson was elected a new member of the board.

President Rodgers then read his report, after which Secretary Fowler read the annual financial statement, which was accepted, after which the election of officers was proceeded with and resulted as follows: Charles O. Rodgers, president; F. B. Fowler, honorary secretary; S. A. Speers, vice-president. The subscription for the ensuing year was fixed at $10 with a proviso that all members who paid an annual maximum fee of $25 were free from any further calls or liabilities.

Minard's Liniment Cures Distemper.

FIGHT FIRE IN FRIGID WEATHER

Winnipeg Ruins Covered With Layer of Ice—Fire Fighters are Frost-Bitten

WINNIPEG, Jan. 16—Winnipeg has had another midnight midwinter fire which will cost the insurance companies in the vicinity of $400,000. The building destroyed on Saturday night was the Kelley block on Bannatyne avenue, in the heart of the wholesale district. The firms suffering are the Winnipeg Fur company $200,000, insured for $180,000; John Erzinger, tobacco, etc., $80,000, insured for 90 per cent; Kilgour Bros., paper dealers, $25,000, insured to the full, and the Wingold Stove company, $25,000, insured for $16,000.

The origin of the fire is still unsettled but it is supposed to have started from an electric light in the fur company's office. It started about 11:30 Saturday night and the firemen were not through until 7 o'clock Sunday morning. With the mercury 35 below zero, there were many cases of frost bite and some of the firemen had to go to the fire hall for treatment, although most of them were able to return to the fight.

It was what Chief Buchanan calls the worst yet. The high pressure service was in good working order and the chief obstacle in the way of the fire fighters was the depth of the building 100 feet, rendering the streams ineffectual whether from front or rear on the fire in the centre of the building.

All today the scene was visited by sightseers. The whole of the three buildings, McLary's to the west and a big wholesale warehouse occupied by several firms on the east, are covered from top to bottom, front and back with a thick coat of white and cream colored ice, the darker shade coming from the river water of the high pressure service.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by all druggists and dealers.

BIG COUGAR IS SLAIN BY CRESTON BOY

Special Train Takes Victim of Appendicitis to Cranbrook Hospital—Operation is Successful

(Special to The Daily News.)

CRESTON, B.C., Jan. 16—As a result of a request of the board of trade lamp posts have been placed at the head of the steps on Fourth street by the C.P.R. and on receipt of the lamps these two points will be illuminated.

The Creston Review printing office has now been moved to a new location on Wilson avenue.

On Monday last Melton Beam, a Creston boy brought to town a large cougar head. He had shot the animal only a couple of miles from here. This cougar weighed fully 100 pounds when alive. The head and skin were sold to local parties for a good price and the young hunter then made application for the liberal bounty that the provincial government is allowing on these animals.

On Monday evening Mrs. Dave Learmonth was taken suddenly ill with an acute attack of appendicitis. Dr. Henderson was called and advised that his patient be removed to the Cranbrook hospital at once, so after tapping the wires, a special train consisting of an engine and caboose were arranged for and Mr. Learmonth and Dr. Henderson accompanying the patient all started for Cranbrook, arriving at that place in two and a half hours. The operation was successfully performed on Tuesday morning and from latest accounts Mrs. Learmonth is now rapidly improving.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs.

Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

Ninety-Five Per Cent of the Men in Canada Today Sixty Years of Age Are Dependent Upon Their Daily Earnings, or Upon Their Children, for Support

This statement is made by the Dominion government. So serious do they consider the matter that in 1908 the government annities act was passed, receiving the unanimous support of both sides of the house.

To every young man in British Columbia today this should be a matter for constant consideration. Are you going to be one of the ninety-five per cent, or are you going to save and invest a certain sum every month where it will be working for you and insure you against want in your declining years?

There probably never was a time when there was so many golden opportunities and when a few dollars per month would bring such large returns.

Five years ago $1000 invested in New Westminster returned last month a profit of $105,000. Westminster is only starting to grow. The effect of the millions of dollars to be spent as fast as possible in great transcontinental railway lines, steamship lines on sea and river, electric lines, power plants, mills, elevators and great manufacturing enterprises already assured, will not be fully realized for some years, but a rapid and continuous advance in the price of real estate is just as certain as that the sun will rise tomorrow.

Just try to estimate what two or three of those lots right on the edge of the city and between it and Vancouver which you can buy now for $300, $20 down and $10 per month will be worth in five or ten years from today, or better still what they will be worth when you are fifty or sixty years of age.

We are just placing a new addition of 80 lots on the market, the property is situated on the corner of Cumberland St. and Armstrong Ave., about five blocks from the exhibition grounds and Columbia College and twelve short blocks from the heart of the business on Columbia Ave. The big manufacturing plants are going in a few blocks east. Thirty new houses are now being built two blocks south and a Seattle firm are getting ready to build 80 houses on block 11, just east of our property. We have sold twenty-five lots before we could get out printed matter.

Come in and see us; get January report. If you are going to the coast we would like you to take a letter of introduction. If you are not going down we give you a written guarantee that if you do not find the lots as represented we will return amount paid in full with 10 per cent.

The Wright Investment Co., Ltd. Nelson, B. C.
Paid-Up Capital $175,000

PUBLIC PLEASED WITH CONTEST

(Continued from Page One.)

person of good repute residing in Southern British Columbia is eligible. Men and women, boys and girls, all have an equal chance for the splendid prizes. Use the nomination blank, which appears elsewhere in this issue. It is good for 1000 votes. Only one nomination blank will be counted for each candidate.

The Votes.

Votes will be issued on all cash subscription payments for The Daily News, Weekly News or Hampton's Magazine.

The Time to Enter.

The time to enter the contest is now, while the first-period vote-schedule is in effect. The second period schedule will be 25 per cent less than the first; the third period will be 25 per cent less than the second. This means that you will get more votes for each subscription by working hard at the start.

What to Do Next.

As soon as your name is entered, go at once among your friends and tell them that you are in the race, and in to win. Ask them to give you their subscriptions (prepaid), to The News, and to allow you to send these subscriptions in at once. Tell them that you will be allowed no votes on less than three months' subscription, but also tell them that the longer the term of the subscription the more votes you will be allowed therefor. They want The News anyway, and you may as well have the votes which their subscriptions will give you. As soon as you have secured one subscription don't stop, but go after another, then another, then another. Don't let your friends forget that you are in the race, and before a great while you will have them working for you just the same as if they too, were in the race. Any time you are in doubt as to any of the conditions governing the contest don't hesitate to ring up the Contest Manager. Any questions will be answered cheerfully and promptly.

Instructions for Voting.

If you are not a subscriber to The News, and wish to become one, you need not wait for your favorite candidate to ask you for your subscription, but should send in your subscriptions at once to the Contest Department, naming the candidate for whom you wish to vote. Don't fail however, to accompany your subscription with the amount covering it, as votes are allowed only on prepaid subscriptions. If you have no favorite among the contestants, nominate yourself. You understand, of course, that you may vote for yourself.

Receipt Books Are Ready.

The News has printed a large number of receipt books for the use of the candidates and their friends. These receipt books will be mailed out as fast as nominations are received and will be delivered to those who call at the Contest office for them. The system of accounts that will be used during the contest, demands that the receipt books be used by all candidates. They have been prepared in such a manner as to make the work of contestants very easy.

While it is true that candidates may enter at any time during the contest, still it is important that all should start after the opening date which is Feb. 1. Send in your name at once, however. One day's work early in the contest may mean the difference between success and failure at the close.

The First District.

The first district in the contest is the territory lying between Revelstoke and Golden on the main line of the C. P. R., between Arrowhead and the main line, and the Columbia valley north of Wilmer. The candidate who receives the most votes in this district will receive a $500 Mason & Risch piano.

The Second District.

The second district is all of the territory lying in West Kootenay and the Boundary. The candidate who secures the most votes in this district will receive a $500 Mason & Risch piano.

The Third District.

The third district in the contest is East Kootenay, including the Crow's Nest pass section of British Columbia, and the Columbia valley south of Wilmer. The candidate who secures the most votes in this district will receive a $500 Mason & Risch piano.

The Fourth District.

The fourth district in the contest is the city of Nelson, including Fairview. The candidate who secures the most votes in this district will receive a $500 Mason & Risch piano.

$25 for a Name.

The News will give $25 in gold and a life subscription to The Daily News to the person who nominates the candidate who wins the grand prize in the contest. You must be the first to nominate this candidate, however, so make sure of it by mailing in the nomination now. If you delay some one will get ahead of you.

Four $10 Gold Pieces.

The News will give a $10 gold piece to each of the four persons in the four districts who first nominate the winners of the Mason & Risch pianos. You'll have to hurry to win these prizes too. Do it now.

Three Waltham Gold Watches.

The contest has been divided into three periods. The candidate who secures the most votes during the first period will be given an elegant Waltham gold watch. One of these watches will also be given at the close of the second and third periods.

The Contest Office.

All inquiries, communications and subscriptions should be addressed "Contest Manager News," in order to receive prompt attention. The contest office is located on the ground floor of The News building, in connection with the business office. Call and talk about the contest. The 'phone is 144.

FOR ASSOCIATION CUP

LONDON, Jan. 16—Following were the results of the first round of the English football association cup played on Saturday:

Leicester Fosse 3, Southampton 1.
Crystal Palace 0, Everton 4.
Portsmouth 1, Aston Villa 4.
Wolverhampton Wanderers 2, Accrington 0.
Bristol City 1, Crewe 3.
Northampton 5, Luton 1.

MEMORIAL TO VICTIMS OF SOUTH AFRICAN WAR

CALGARY, Alta., Jan. 16—M. Philipe Herbert, the well known sculptor of Montreal, arrived in the city last night in connection with the erection of a memorial to the Canadian South African soldiers who fell during the late Boer war. The monument, erected by popular subscription, will be an equestrian statue of the western volunteers, the names of Alberta men killed and the engagements in which they took part being inscribed on the pedestal.

TORONTO THE GOOD

OTTAWA, Jan. 16—Still another Toronto divorce case to engage the attention of the senate divorce committee is given notice of. William Francis Currie is asking separation from his wife May Ethel Currie, nee Della Bough. Some 30 divorce applications are to be dealt with this session. Considerably over one-third come from Toronto.

Wise Men and Women Know

that most of the sicknesses of life come from inactive bowels and from unhealthy condition of the organs of digestion. If your digestive system is not working right, your food does not nourish you—poor blood and weakness follow; if your bowels are inactive—waste matter poisons the whole system and serious sickness is sure to follow. To take promptly

BEECHAM'S PILLS

is to save yourself trouble and expense. Gentle, but quick; safe, but thorough, they enable the bowels to carry away waste matter naturally and tone up the whole digestive system. They will not injure the most delicate. They help you to get your bowels and your digestive organs in that condition when they can take good care of themselves and of you. Beecham's Pills

Do Good Naturally

For females, Beecham's Pills are specially suitable. See instructions with each box.
Prepared only by Thomas Beecham, St. Helens, Lancashire, England.
Sold everywhere in Canada and U. S. America. In boxes 25 cents.

CARNIVAL IS KING AT RINK TONIGHT

First Fancy Dress Event of Winter Opens at Eight O'clock—Handsome Prizes Offered.

King Carnival will reign supreme at the skating rink tonight when the first fancy dress event of the season will commence at 8 o'clock and continue for two hours. The medley of costumes is expected to be unusually varied and interesting as some handsome prizes are being awarded for the best comic, best ladies fancy attire and best gentlemen's fancy costume. The band will add to the gaiety of the occasion.

The hard frosts have produced splendid ice and from a skating point of view alone a visit to the ice arena tonight should well repay any trouble entailed.

Skaters in ordinary dress will be allowed on the ice after 9 o'clock, the previous hour being devoted wholly to the curvetting and gliding of those in comic or fancy attire.

A box will be provided by the management in which persons in fancy dress are asked to place cards bearing their names and the nature of the costume worn. These will be published later.

GOTCH TO SIGN UP WITH RUSSIAN LION

CHICAGO, Jan. 16—The big match between Frank Gotch, world's wrestling champion, and George Hackenschmidt, the "Russian Lion," is in sight. Coincident with the announcement today by H. H. Frazee, the theatrical producer, that he had signed Gotch for a 20 weeks' tour of the world for $50,000, comes the statement that the champion probably will sign articles for the Hackenschmidt match before the end of the week.

COBALT PRO. LEAGUE ON VERGE OF COLLAPSE

COBALT, Jan. 16—The Temiskaming Pro. league opened here last Tuesday night, and Cobalt was defeated by 6 to 2 by Haileybury. Friday night the locals went to New Liskeard and were trimmed by 6 to 1. The management of the Cobalt team, which is "Chief" Jones, delayed too long in signing up players, and at the game here Tuesday night it was 9 o'clock before he could make up a team. As it was, he used the Haileybury spare man, Austin, to complete his line-up.

Some of the hockey enthusiasts of last year, who put up good cash to support a team, this year refused to spend a cent for the game, and as a consequence no imports were used here, the team being composed of local boys. Some of them were good players, but others were not, and the first game here disgusted the few hundred fans who witnessed it.

Whether or not New Liskeard and Haileybury will finish the games scheduled to take place between them remains to be seen.

Several Toronto papers Saturday mentioned that Con Corbeau was in Waterloo seeking a place with the pro. team of that town. As a matter of fact, he was in New Liskeard Friday night refereeing the game between the team of that place and Cobalt. The papers also mentioned that Berlanquette had gone to the Canadiens, but he is at present in Haileybury, where he is signed up, and as far as can be learned he intends remaining there.

HAVEN'T LOST DOBSON

KINGSTON, Jan. 16—Queen's Hockey club may still retain the services of Dobson, the crack forward, who has gone to his home in Beaverton. Before leaving Dobson said that he would either return to college in a few days or, if not, he would play with the team during their important Intercollegiate games. Dobson has not left college but will continue his studies as an extra mural student. So he is therefore eligible to play whether he returns to college or not.

HE ISN'T LOSING ANY SLEEP OVER RUMOR

OTTAWA, Jan. 16—Judging by the remarks of Secretary Hall, of the Canadian Lacrosse association, that veteran body is not losing any sleep over the reported formation of another amateur league with the Mann cup as a nucleus.

"It only goes to show where certain people belong," said Mr. Hall. "I do not believe the clubs who are said to be interesting themselves in the new association, ever held a meeting at the Iroquois hotel as announced."

When asked whether certain clubs would be dealt with at the annual meeting next Good Friday, for their rebellious attitude, Mr. Hall stated that the C. L. A. would probably ignore their talk as they have heard it before.

"Whenever a club loses a protest or doesn't like a ruling, the first thing they do is to rush into print with the story that they will enter a new league," said the secretary.

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt. — "I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter." — MRS. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

When asked by coal gas. Mr. Gilbert resides at 113 St. Patrick street and on Saturday an employee of the public works department did some work around the furnace of the building, which belongs to the Dominion government. Apparently they they had shut off the dampers before the gas had been burned out of the coal for Mr. Gilbert and his family were soon under the influence of the fumes. About 6 p.m. Mr. Gilbert recovered consciousness and having reached the door made an effort to call for help. He fell down in a stupor and passersby thought he was asleep. Eventually the situation was understood and the family was got out of the building. Mr. Gilbert and his wife and family and servant were unconscious for some hours but are now out of danger.

MAKES OFFER TO BATTLER

NEW YORK, Jan. 16—One thousand dollars a round for a defeated champion is some money, in the opinion of local sports, but it is the amount that "Confessor Jack" O'Brien is willing to pay to have Battling Nelson perform in Quakertown. The Battler, who is picking up some easy money at a local theatre, was proudly displaying the following telegram today:

"Battling Nelson—We still think that you are the greatest lightweight ever. Will give you $1000 a round, or 40 per cent of the gate, to meet an opponent to be selected in a six-round bout before the American A. C. here. If you knock out your opponent will give you $10,000 for a second fight to be held at my club. Will be in New York one night this week to close deal.

"Jack O'Brien."

If it is not a joint attempt for the limelight by Nelson and O'Brien, it is a good offer, and one that will attract much attention.

BILLY ALLEN ALL SET FOR GO WITH ATTELL

OTTAWA, Jan. 16—Word comes from Syracuse that Billy Allen, who is now working to be ready for Abe Attell before the Syracuse City A. C., has some decided opinions on the present brand of weather, especially when anyone is taking off weight. The roads are rough to run over, and indoor work, while a help, leaves much to be desired. All Billy wants now is to have the weather stay "set" for about a week anyway.

Many Ottawa fight fans have already given notice they will take the journey down to Syracuse to see the Ottawa boy go against the champion. The bout takes place on the 23rd of this month and will be one of the feature events of the year. Billy will at least stay the ten rounds with his celebrated opponent, and it would be no surprise to see him outbox him.

SCOTCH FOOTER

GLASGOW, Jan. 16—The league football games played Saturday resulted as follows:

Aberdeen 1, Celtic 0.
Hearts 3, Patrick Thistles 1.
Airdrionians 2, Rathe Rovers 3.
Kilmarnock 3, Hibernians 1.
Dundee 5, St. Mirren 1.
Glasgow Rangers 4, Hamilton Academy 0.
Clyde 2, Motherwell 0.
Queens Park 0, Falkirk 2.
Morton 2, Third Lanark 3.

HIGH SCHOOL BASKETBALL GAME ON SATURDAY

The basketball match between the High school team which played Marcus and the rest of the school will take place on Saturday night at 8.30. It promises to be a very close match.

SPORTING SPOTLIGHTS

To put it mildly, the Creamery Town hockey aggregation seems to be getting it in the neck all round this season. No wonder that the management of the Renfrews is straining every effort to land additional players in the net, which it has extended from the east to the west. Perhaps the magnates who last year attracted the Patrick brothers by giving munificent salaries may experience better luck later in the season.

Nearly every skater in the city and hundreds of spectators will hie themselves to the rink tonight for the first carnival of the season.

The Nelson ladies hockey team, judging from their practice game last night, are getting into form rapidly and will be in splendid hockey fettle by the time their first match, that with Rossland, comes along. It is scheduled for the end of this week.

NATIONALIST MEMBER HAS NARROW ESCAPE

OTTAWA, Jan. 16—Arthur Gilbert, Nationalist member for Drummond Arthabasca, was along with his wife and children, almost asphyxiated yesterday

PREMIER M'BRIDE AND BRITISH COLUMBIA'S PROSPERITY

With a stable government careful of the public interest, British Columbia has attained an enviable financial condition. The revenue for the past year has amounted to the very substantial sum of nearly nine million dollars, while the receipts were more than two million dollars greater than the expenditures.

Such a financial condition and the corresponding status which it gives to the credit of the province in the money markets of the world, afford the indispensable basis for a programme of progressive legislation and accomplishment. The latter, in turn, when carried out with the careful and capable discernment shown by the present administration, means increased revenue and improved financial status.

This happy state of affairs contrasts very favorably with that of a few years ago. It has not come about by chance. Political opponents of the government may attribute it to good luck and say that it is due to a general wave of good times in the province and to the large investment of capital here. But it is idle to pretend that the giving of stable and settled administration has had nothing to do with inspiring confidence on the part of capital and in affording encouragement to enterprise. It is idle also, to ignore the fact that without sound management of our affairs the opportunities thus created would largely or wholly have been lost.

Alberta started off only a few years ago with a clean sheet and has enjoyed an unexampled influx of immigration and capital. But what is her financial condition today compared with that of British Columbia?

Not only is it true that without stable government the general progress of the province and the prosperity of its industries would have been greatly checked; it is also true that the increased revenues due to this progress and prosperity and the increased value of the public domain, would, under less capable or less public spirited administration, have been dissipated as they were dissipated by some former governments.

Take the great amount of revenue derived from the sale of lots owned by the government in Prince Rupert and at Point Grey. The Alberta government has also dealings with railway companies and has guaranteed bonds for many hundreds of miles. But its legislation may be searched in vain for any provision giving to the provincial government such ownership in townsites as is provided in that of British Columbia. Millions of dollars of the revenue of British Columbia from this source is directly due to the policy of the government and in particular to the action inaugurated by Mr. R. F. Green when minister. Alberta has had many more new townsites than this province in the last five or ten years, but what revenue has gone from those townsites either to the government of Alberta or to that of the Dominion?

Many other instances might be given of how the increased prosperity of the province is directly due to the policy of the McBride administration. Take for instance its legislation forbidding the export of logs from crown lands and requiring its manufacture here. But apart from any specific and individual instances, the giving of a settled, stable and capable administration has been essential to prosperity. Without such administration there could not be that sense of confidence which is essential to the investment of capital and to the exercise of enterprise.

To have given such an administration to a province like British Columbia is no small feat. Ontario, Quebec, Manitoba or Alberta are each almost homogenous; they are each, as it were, one large district. British Columbia is a diversified empire containing many different districts, each with its own peculiar interests and sentiment, each largely out of touch with the others. The people of Vancouver Island, for instance, know little of the conditions of or problems of the lower mainland, and the Kootenay is as remote to them as is Nova Scotia The problem of administering all the separate geographical divisions and interests of this province, resembles that of administration of all the diversified geographical divisions and interests of the Dominion rather than the ordinary administration of such provinces as we have named.

The work which Premier McBride has accomplished in harmonizing and uniting the people of this province and in building up a great party which represents every district and interest and which works harmoniously together for the good of the whole, resembles that accomplished by Sir John Macdonald when he undertook the task of governing the newly formed confederation and of uniting its scattered groups into a nation. Only a statesman and a born leader of men could have done what Macdonald did for the Dominion and what McBride has done for British Columbia.

Minard's Linament Co., Limited,

Gentlemen,—I have used MINARD'S LINIMENT from time to time for the past twenty years. It was recommended to me by a prominent physician of Montreal, who called it the "great Nova Scotia Linament." It does the doctor's work; it is particularly good in cases of rheumatism and sprains.

Yours truly,
G. G. DUSTAN,
Chartered Accountant.

Halifax, N. S., Sept. 21, 1905.

ST. SAVIOUR'S VESTRY ANNUAL MEETING

Reports Printed Show Highly Successful Year—Delegates Appointed to Attend Synod Meeting.

The annual vestry meeting of St. Saviour's church was held last evening in the Parish hall. There was an excellent attendance including many ladies. The rector, Rev. Fred H. Graham, occupied the chair, being supported on the platform by George Johnstone and Fred Irvine, wardens.

The financial statement for the year ending Dec. 31, showed total receipts from all sources $4196.05 and expenditures amounting to $3862.73, there being a balance of $333.52 to the good.

The building fund showed a total of $2469.91 on hand, subscriptions and donations during the year amounting to $195.

After the rector had opened the meeting with prayer, the minutes of the last meeting were read and approved and Fred Irvine was appointed acting vestry clerk during the absence from the city of Harry Bird.

The rector, in submitting an annual statement of parish affairs, regretted the unavoidable absence of Harry Bird, L. B. DeVeber, J. L. Buchan, and C. W. Busk. Proceeding the chairman spoke feelingly of his nine years connection with St. Saviour's church and the excellent way he had been supported by the members of the congregation, men and women. The rector said that during the past year all church work had steadily advanced and in many respects the 12 months past over had been the best in the history of the parish. In expressing regret that possibly Mrs. Goepel might change her residence during the coming year, leaving Nelson for elsewhere, the rector paid a warm tribute to Mrs. Goepel's steady efforts in all branches of church work, a statement that elicited warm applause.

There were 18 burials, 50 baptisms, 31 marriages and 1753 individual communicants during the year.

George Johnstone in submitting a very satisfactory financial statement, said that he hoped the congregation would make arrangements to give the rector a holiday this year and permit him to visit his aged father in England. (Applause). On motion of Mr. Wales the warden's financial statement was adopted.

Referring to the building fund the rector pointed out that a steadily growing income was now being received from satisfactory investments. A matter largely due to the efforts of E. A. Crease. The report was adopted.

Fred Irvine in speaking of the Sunday school work said the year just over had been the best in the history of the school, one-half of the teachers were men. (Applause). The report was adopted.

Mrs. Goepel presented the report at the woman's auxiliary showing excellent work accomplished. The report was adopted. Mrs. R. M. Bird submitted a report of the junior branch which was adopted.

The report of the Parish guild was read by the rector, in the absence of Mrs. G. A. Hunter, and adopted. Miss Fries read the report of the Altar guild which was adopted amid applause.

Mrs. Starkey submitted the report of the association of church helpers, which was adopted.

Leslie Craufurd submitted a report of the very excellent work accomplished by the Churchman's club. The report was adopted amid much applause. G. S. Patton read the reort of the Brotherhood of St. Andrew, Senior chapter, The report was adopted. The missionary work of the rector's Bible class was reported by Miss Ruby Gilchrist and adopted.

Lay delegates to the synod meeting this year at Revelstoke were then elected as follows: Fred Irvine, George Johnstone and L. B. DeVeber, with J. M. Lay, A. S. Horswill and Fred C. Moffatt as substitutes.

The rector re-nominated Fred Irvine as his church warden and George Johnstone was re-elected as people's warden for the year, amid applause. Both returned thanks for the continued confidence shown in their efforts on behalf of the administration of the church's affairs.

After a spirited contest the following were elected sidesmen for the year, and with the rector and the wardens, constitute the church corporation: H. Bird, E. A. Crease, Leslie Craufurd, J. M. Lay, C. W. Busk, L. B. DeVeber, J. L. Buchan, W. H. Bullock-Webster and R. N. Brassey.

A hearty vote of thanks was passed to the members of the choir for their efficient services.

On motion of W. H. Bullock-Webster it was unanimously resolved to grant the rector a three months' leave of absence during the coming summer and that the wardens be authorized to procure a locum tenens, whose stipend shall be paid out of the church funds.

Appended is the financial statement for the year ending Dec. 31, 1910:

HOLD INQUEST ON DEAD CHINAMAN

Many Witnesses Bring Little New Light to Bear on Sunday's Furnace Tragedy—Hearing Adjourned

Little light upon the mystery surrounding the death of the Chinaman, Mah Louie, whose body was found burnt to a crisp in the furnace at the Strathcona hotel on Sunday morning was thrown by the evidence produced at the inquest held yesterday afternoon. A number of witnesses testified before Coroner Dr. E. C. Arthur and a jury consisting of A. S. Horswill, foreman, E. H. Smith, D. O. Thomas, H. H. Pitts, G. A. Hunter and H. E. Dill, spent exactly three hours and forty minutes in endeavoring to find a solution of the mystery surrounding the occurrence. An adjournment was finally taken until 10 o'clock tomorrow morning in order that a post mortem examination may be made so that it may be established whether or not the skull or the backbone of the dead man is fractured.

Mr. Johnson's Statement

The expressed sentiment of the jury was to a very large extent voiced by A. M. Johnson, who appeared for the friends of the deceased and who said in asking for a post mortem: "There is no doubt that the circumstances surrounding this man's death are peculiar. It has been found difficult to get much new light at the inquest today. I therefore ask for an adjournment in order that a post mortem examination of the body may be made. If the medical report of such an examination proves to you that neither the backbone nor the skull of Mah Louie was fractured then I think that you will be justified in bringing in a verdict of suicide. Until this post mortem has been made I think that the evidence to the effect that the charred remains of the man's legs when found were only nine or ten inches from the door of the furnace should cause you to hesitate in bringing in a verdict. The man might have been drugged or stunned and then thrown into the furnace. Then there is the question of the short time that apparently elapsed between the hour that the man was last seen and the time that the body was found in an incinerated condition. Of course the time that it would take to burn up a human body would depend upon several factors such as the weight, of the man, whether he was fat or thin and so on, but I may mention that at Woking crematorium the time occupied in crematng a body is from eight to ten hours and that is with the heat up in the thousand degrees and with the body in an asbestos covering."

Had Acted Strangely

The first witness called was E. E. Phair who said that Mah Louie had given evidence of being mentally unhinged for some time.

Door Open

Mo Hai was sworn in Chinese fashion, writing his name on a piece of paper which was immediately burned. He spoke of discovering the remains in the furnace as already reported. Cross-examined by Mr. Johnson, Mo Hai said that he had known Louie for two years. They had always been good friends.

No Signs of Struggle

W. F. Teetzel told of entering the basement as a result of Mo Hai telling him that there was something in the furnace. He had taken a long poker with a hook on the end and in about 15 or 20 minutes had succeeded in getting the charred remains out of the furnace. The feet were missing and the legs were burnt off up to the knees. There was not much fire in the furnace. There was nothing to indicate that a struggle had taken place in the basement.

Wore New Suit

E. H. Godwin, clerk at the hotel, said that he first saw Louie on Sunday morning about 8 o'clock. He had spoken to him but the Chinaman answered in morose fashion. He had seen no one enter the basement except a Japanese boy who went down for coal about 8:45. Witness said that Louie had been morose for some time past but had always done his work intelligently up to as late as Saturday night.

SPOKANE ALL SET FOR CHESS MATCH

Meet Local Exponents of Great Game in Another Return Match Early in February.

(Special to The Daily News.)

SPOKANE, Jan. 16—The Nelson Chess club has come back strong after the defeat handed out by the S. A. A. C. players last month and a challenge has been issued by the Canadians and accepted by the local stars for a second international match over the wire Feb. 3. Six boards will be played in the competition for international honors. The local team will be composed of N. M. McLeod, A. D. Campbell, Alf. Coolidge, A. M. Craven, F. H. Palmer, John Odson and John Orr.

In the first match between the two clubs held last month the Spokane players won three matches, lost one and secured two draws. Mr. McLeod played a great game against Mr. Hunnex of the Canadian team and secured a draw. Messrs. Campbell, Coolidge and Odson won their matches. Mr. Craven secured a draw. F. H. Palmer was beaten by Mr. Ewing after one of the best matches of the tournament.

Mr. Ewing is the present holder of the chess championship of Edinburgh, Scotland. A special wire will be installed in the club to send and receive the moves made by the players. The local team is holding regular practice for the coming match in the club rooms.

BUY UP SOAP WORKS.

TORONTO, Jan. 16—It is reported here that Lever Brothers, the big soap makers of this city, have acquired the business and properties of the Royal Soap company of Winnipeg, and affiliated companies at Calgary and Vancouver. The capital employed in these works at present is $750,000, but the amount of consideration offered by the Toronto firm has not been divulged Reports from Winnipeg are to the effect that a transfer has actually taken place.

RENFREW WINS FROM QUEBEC

RENFREW, Ont., Jan. 16—The Renfrew hockey team, after four straight defeats, succeeded tonight in breaking into the win column. Quebec and Renfrew provided the fireworks at the local rink and after a hard game replete with roughness and stiff checking the home team won out by a score of 10-5. The score represented the play for the visitors struck the creamery town with a crippled team and were never at any time in danger of winning, although they showed up well at times.

POWER PLANT AGAIN BEFORE COUNCIL

(Continued from page one.

view W. R. Jarvis, warden of the provincial jail, regarding a supply of crushed rock for use on the city streets..

Ald. Stark asked for a ruling by the council as to the behavior of certain employees of the city who were alleged to have taken part in an election night demonstration. All the members of the council together with the mayor, stated emphatically that they thought it very much to be deprecated that any civic employees should take any part in municipal elections whatever.

At the close of the regular business a deputation from the board of trade consisting of J. L. Buchan, president, T. G. Procter, W. A. Anstie, A. B. Netherby, E. W. Widdowson, W. G. Foster, W. B. Farris, W. N. Cunliffe, W. R. Haldane, F. A. Starkey, W. F. Roberts, appeared before the council and asked that a grant of $2500 should be made for advertising the city. J. L. Buchan asked if the council would be willing to appropriate this sum if the board of trade would guarantee to raise an equal amount for advertising the surrounding district. He suggested that a joint committee of the council and the board of trade should be appointed to decide upon the methods of expending this combined sum.

T. G. Procter said that it was proposed to spend the money by advertising in pamphlets and in old country papers. If the council would advertise the city the board of trade would advertise the district.

The mayor pointed out that under the Municipal Clauses act the city had no power to make grants for advertising anything but the advantages of the city from a commercial, residential or educational viewpoint.

Council Gives Assurance.

W. B. Farris remarked that the city could hardly advertise Nelson as a manufacturing centre without emphasizing the value of the surrounding district as a market for products or as a residential point without speaking of the hunting in the nearby mountains, the fishing in the lakes and the scenic advantages of the district.

The council gave the delegation an assurance that they would thoroughly consider the matter when making out the estimates of expenditure for the year.

BEGIN WORK ON GEORGIAN BAY CANAL

Three Million Dollars in Supplementary Estimates—Will be Considered by Cabinet

OTTAWA, Jan. 16—The Evening Citizen says: "The government has under consideration supplementary appropriations which really mean the commencement of work upon the Georgian Bay canal system.

"It is stated that in the supplementaries is likely to be included an item of about $3,000,000, half of it for deepening the back river section at Montreal and the rest for the French river section of the work."

When asked about it today Hon. W. Pugsley replied: "The whole matter is unadvisable. I cannot make a statement until it is dealt with by the cabinet upon the return of the minister of finance." Meanwhile it is learned that estimates with that end in view have been prepared and will be dealt with by the cabinet council.

For a sardine cocktail, a novel dish, prepare cocktail sauce in a glass surrounded by ice, as in an oyster cocktail. Then cut sardines in pieces about an inch long. Serve in the sauce.

A reliable cement for glass ornaments is found in the white of eggs, which joins so neatly that the breakage may easily escape detection. This, of course, is suitable only for articles not to be washed.

Beats Golden City Hockey Aggregation by score of Nine-Four—Those Who Tallied

(Special to The Daily News.)

ROSSLAND, B.C., Jan. 16—Nelson beat Rossland tonight by a score of 9-4. The scorers of the visitors were Lester Patrick three goals; Harry Bishop three Archie Bishop three. The Rossland men to reach the net were: Jopp, one; Dixon two, and Donahue, one.

Rossland opened the scoring after a very few minutes play and Nelson soon retaliated with a long shot. Shortly after Nelson scored again and Rossland drew level before the end of the 20 minutes. Nelson put on their third goal in the second period when they had things all their own way and put in five more goals and Rossland only scored one in reply. Each team scored once in the third 20 minutes, Nelson easily winning a one sided game.

Rossland meets Nelson here for the return game on Thursday night.

BIG 'SPIEL OPENS AT CRANBROOK

Large Number of Rinks in Attendance —Some Games Played in Corby Competition

(Special to The Daily News.)

CRANBROOK, B.C., Jan. 16—The 14th annual bonspiel of the British Columbia curling association commenced this morning and with the four sheets of ice in constant use, was gotten well under way.

There are at the rink today four rinks from Nelson, one from Lethbridge, one from Calgary, two from Fernie and one from Trail, comprised as follows: Lethbridge, Freeman, Duff, Aire, McLeod, skip; Trail, Tyson, Milligan, Morton, Dr. Thom, skip; Calgary, Walker, Howe, Miller, Pinknam, skip; Fernie, Kastner, Gates, Beck, Wood, skip;; Fernie, Harvey, Johnson, Anderson, Lyons, skip; Nelson, Smith, Thompson, Guthrie, Smyth, skip; Revell, Seaman, Jones, Houston skiping alternately; Proudfoot, Hunden, Capt. Robertson, Walley, skip; Gleazer, Bunker, Falconer, J. G. Bunyan, skip.

The opening of the 'spiel was the All Comers' competition in which the outsiders won from Cranbrook by a large score. This will be played off by the outside teams.

Corby Trophy

For the Corby trophy the following games were played, the latter of the under mentioned rinks winning in each case:

Houston, Nelson v. Thom, Trail; Johnson, Cranbrook v. Cameron, Cranbrook; Walley, Nelson v. McLeod, Lethbridge; Beattie, Cranbrook v. Cholditch, Cranbrook; Pye, Cranbrook v. Smyth, Nelson; McSweyne, Cranbrook v. Bunyan, Nelson; Roberts, Cranbrook, v. Wood, Fernie; Brown, Fernie, v. Pinkham, Calgary; Hoggarth, Cranbrook v. Judge Wilson, Cranbrook.

Prizes Offered

Fit Reform, All Comers, first, four gold medals by E. A. Small & Co., second, four pairs of shoes by McCreery Bros; Grand Challenge, first four gold lockets by J. Fleishman, second, four prizes by George Hoggarth; Corby trophy, first, four miniature cups by H. Corby Distillery Co., Montreal, second four pocket flasks by A. C. Bowness; W. H. Wilson trophy, first four 14-k. gold lockets by W. H. Wilson, second, four hard hats by A. C. Pye; B. C. Curling trophy, first, four Thermos bottles by Beattie, Murphy & Co., second four boxes El Dora cigars by E. H. Brown; grand aggregate, first, four prizes by E. H. Small, second, four prizes by A. L. McDermott; Eaton cup, first, four cut glass berry bowls by the Fink Mercantile company, second, four Gillette razors by J. D. McBride; Consolation, P. Burns & Co., first, four hams by P. Burns & Co., second, four pairs of gloves, Hill & Co.; Hudson Bay, first, four pairs military brushes, second four pearl handled butter knives by McCallum & Co.; Tuckett, first, Tucketts, Ltd. second, four cigar cases by Lester Clapp; Points competition, first, curling stones by Palmer Bros., second gold headed umbrella by Raworth Bros., third, cut glass decanter and one dozen glasses by Campbell & Manning; fourth military brushes by Cranbrook Drug Co., fifth pair gloves by A. R. Clark & Co., sixth, seventh and eighth by Cranbrook Curling club.

Grand Challenge Results

In the Grand Challenge Walley of Nelson defeated a rink skipped by A. C. Pye of Cranbrook by 13-7; Skip Roberts won from Skip Cholditch of this city, 13-1; McSweyne of Cranbrook lost to McLeod of Lethbridge, 17-9; Houston, Nelson, defeated Hoggarth, Cranbrook, 13-5; Cameron, Cranbrook, defeated R. E. Beattie's rink 16-8.

It is expected that tomorrow's train will bring several other supporters of the roarin' game. Owing to the delayed trains the Fernie players did not take the ice till late this afternoon.

PARKER WILLIAMS IN PESSIMISTIC MOOD

University no Use, Fisheries Useless, Coal Miners Protection Not Needed, Railway of no Service.

(Special to The Daily News.)

VICTORIA, B.C., Jan. 16—The deputy speaker and deputy chairman of ways and means were elected by the house under new rules. Hayward and MacGowan were respectively moved by the premier. Mr. Brewster by seconding, assumed the function of leader of the opposition. It is always a matter of interest on these occasions to see whether he or Mr. Hawthornthwaite acts as leader.

A bill was introduced to incorporate the Victoria stock exchange.

The debate on the address was continued by Parker Williams and adjournment was moved by Mr. Brewster Parker Williams' speech was a vivacious and sometimes witty rigmarole saying nothing substantial, and bringing out no new points. He did not object to the paragraph in the speech as to British institutions for a king was probably less an obstacle to good legislation than a president, but it was ridiculous for the speech to talk of the King as being any security for the permanence of institutions. Everything good in institutions had been got by starving past kings. It was a good thing for the Songhees Indians that they would be removed from the corrupting influence of Victoria, with all its churches and similar institutions, which had resulted in the Indians being debauched by their contact with the inhabitants of the city. Mr. Manson had spoken of "our" fisheries, our salmon and our whales, he should have spoken of the salmon as the Bell Receiving company's salmon, of the herring as the Japs' herring, of the whales as the Scandinavians' whales and of the halibut as the American halibut. So far as he was concerned the fisheries might as well go to China, so long as they did him no good it made no difference whether the companies were American companies or not. He believed that the province would be better off without the fisheries. All they had brought to the province was the Japanese who had thus acquired a status here. The fisheries might do capitalists some good, but so far as the people were concerned they would be better off if the fisheries had no existence. As to the bill which the premier is to bring in for the better protection of coal miners, no such legislation was needed. All that was required was to enforce the existing laws. He criticized the department for saying in a circular that its object was to protect life and property in coal mines. It should confine itself to protecting life and leave the conservation of the coal to the companies who owned the mines.

Railway on Island.

The C. N. R. route on the island was not in accordance with the terms of the contract and the road would not be build on time. For his part he did not think that it would make any material differences if the road were never built. He did not see what use the proposed department of railways would be as with the exception of the Canadian Northern all the railways of the province would have Dominion incorporation and would be solely under the jurisdiction of the Dominion government.

University No Use.

The university would be absolutely no use whatever to the people of the province as a whole, but only to a small minority. The forestry commission had become a farce since its preliminary report of last session and had lost all respect. It was very generous of Lord Strathcona to allow his name to be used for the Vancouver island park but they had better make sure that he did not intend to charge them for it. As to land settlement the Week had said that one object was to reduce the cost of living. That must be to reduce the price of the settlers' products. There was no use in bringing in people to clear land from Great Britain. They should settle the country with men from the industrial centres in British Columbia, who wanted to escape from industrial servitude, and should assist them. The government had done nothing to increase the value of the lots it had sold and deserved no credit for the increase in the provincial revenue. As to forest fire protection the appointment of a number of wardens was recommended, the government officials would soon outnumber the rest of the population.

Supply Your White Goods Needs at This Remarkable White Sale

You'll profit in the largest obtainable measure of satisfaction and economy. The large assortments covers every white goods need—the stocks comprise white yard goods, white outer garments and underwear, laces and embroideries, white staples, etc. The fine qualities are especially commendable. Houses for Sale

We have the choice of the whole city. If these don't suit call and see our list.

Four roomed cottage on four lots, no hills to climb. All lots clear and make fine garden; chicken houses. Eight minutes walk from postoffice. Can be bought for the price of the lots; $1350, on very easy terms.

Fine home on Vernon street, 3 minutes from postoffice. Fine view; seven rooms and in A1 condition. This can be had with or without furniture, $3500. Owner will accept very reasonable terms.

We have several very fine 2 acre lots adjoining the city limits. Some of them highly improved. They are good buying. Enquire.

Men from the Prairie

We have lived there ourselves and know what you want. Come and see our holdings. If we have nothing to suit you you can get reliable information to reward you.

We are about the oldest established firm dealing in these lands and consequently have a wide experience and knowledge of the country. Call and we will be glad to give you any information about land in almost any section of the Kootenays. Here are a few choice selected buys:

10 acres at Balfour, near C.P.R. hotel, all good land and rich soil. Fronts on the lake and about one mile from Proctor. Boat lands at property and postoffice about 100 yards distant.

Several 10 acre lots at Lancaster—partly improved and in one of the best ranching districts in the Kootenay.

10 acres at Grey's creek, fronting on the main lake. Easily cleared and land is all occupied adjoining.

Crawford Bay—We have the land for sale which lies nearest the lake on level land, and adjoining the Burden ranch and sawmill. This we can sell at less than other owners are holding two miles from transportation in the bay.

We have numerous other equally excellent properties and it would pay the land seeker to investigate our list before buying.

LOWER CABLES CAUSED BY AUSTRALIAN SELLING

WINNIPEG, Man., Jan. 16—Cables came ⅞c to a penny lower, mainly due to pressure of Australian selling. World's shipments showed an increase over last year and wheat on passage was 1,500,000 over last week. The comparative visible while 633,000 bushels less than last week, is still 17,259,000 more than last year. Temperatures, while still low, indicate an upward tendency. The bears seem to have recovered some of their buoyancy, and though the actual amount of trading was not heavy, there was a fairly active market, with a moderate demand for all-rail shipment, especially No. 3 northern, Winnipeg May opened at 99⅝c or down ⅝c, sold as low as 98¾c and closed at 98⅞c, or ⅞c under Saturday. July closed 1⅛c lower. Chicago May closed 7-8 to 1 cent lower. Minneapolis was off 7-8 to 1 cent. Winnipeg oats were low and fractionally lower. May flax jumped 5 cents but July closed unchanged.

POWER STOCKS STRONGER

WINNIPEG, Jan. 16.—Very little change in prices occurred at Wall street today and there were no new developments of any importance. At Montreal interest centered in the shares of the Montreal Heat &Power company, upon which an increased dividend was announced during the course of today's session at that point. Trading became very active and the price went as high as 151 after selling at 146 last Saturday. Other power stocks appeared to gather sympathetic strength. Shawinigan, the interests of which are closely allied to these of power, gained practically two points. Another power stock which went up suddenly was Ottawa, which sold at 160, after opening at 155.

PREDICTS THREE HUNDRED FOR CANADIAN PACIFIC

MONTREAL, Jan. 16.—C. P. R. was rather weak in the early part of the session but rallied to 208 3-8. Power did not act well after the news was out. It jumped to 151 at the start of the afternoon session and then under weight of profit taking sales fell away to 148¾. Woods were easier at 138, then sold up to 140. Richelieu was strong, selling at 95. Ottawa power was very strong, jumping to 160. There is a very narrow market for that stock and the insiders are holding. Hillcrest stock was very strong today selling up to 50. It was said today that a fairly good offer may be made to the Hillcrest interests by the people who are working the new merger. The power directors met today and increased the dividend from 7 to 8 per cent. The first dividend in the two per cent quarterly basis will be paid on Feb. 15 to shareholders of January 31.

E. Wasserman, writing to the Montreal Star predicts 300 for Canadian Pacific in the near future.

RICHELIEU STRONG SPOT

MONTREAL, Jan. 16.—Power jumped into the lead of the local list today, Shawinigan trailing on behind. There was pretty general strength in sympathy with the better feeling and the market as a whole acted surprisingly well, in view of the tight money position. Richelieu was the strong spot on the list and no doubt is beginning to anticipate the usual spring rise. The annual report of the company will be out at the end of the month and is the best the company has had since the old days when the company paid fancy dividends and sold over the 200 mark. The most satisfactory feature about Richelieu is the fact that the company has sent most of its old boats to the scrap heap and now has an up to date fleet.

MARKET DISAPPOINTING

NEW YORK, Jan. 16—The course of today's stock market was disappointing to those who looked for a resumption of last week's bullish activity. There was evidence of considerable professional selling. After a moderate selling movement early in the day had run its course the market grew dull and spiritless with no pronounced tendency in either direction. Quotations at the end of the day were frequently under Saturday's close.

MONEY IN FAIR SUPPLY

LONDON, Jan. 16—Money was in fair supply and the demand was moderate today. Discount rates were easy on the Bank of England's gold purchases. The stock market was quietly irregular. Foreign bonds and gilt edged securities were firm, while oil shares were buoyant, but the other sections declined. Americans quiet. Later prices advanced but realizing and New York offerings caused recessions in the afternoon and the market closed uncertain.

TELLS CATHOLICS TO SUBSCRIBE TO MEMORIAL

MONTREAL, Jan. 16—A letter was read in the churches today from the Archbishop Bruchesi calling upon all Catholics to show their loyalty and their appreciation of the late King Edward's services to humanity as a peacemaker by subscribing to the King Edward monument fund.

NEW ROAD CORPORATION

OTTAWA, Jan. 16—The Canada Gazette contains notice of the incorporation of the "Rocmac Road Corporation of America, Limited," with capital stock of $100,000 and head office at Port Arthur, Ont. The provisional directors are: Francis Henry Keefer, Francis Hugh Keefer, Harold A. Keefer, Alf. Patterson, and Eva Maud Powley.

It is in time of sudden mishap or accident upon to take the place of the family doctor, who cannot always be found at the moment. Then it is that Chamberlain's Liniment is never found wanting. In cases of sprains, cuts, wounds and bruises Chamberlain's Liniment takes out the soreness and drives away the pain. Sold by all druggists and dealers.

UNIONIST PROPOSALS FOR REFORM

Lord Lansdowne Declares Conservative Policy—Lord Rosebery Propounds Alternative Scheme.

The proposals of the Conservative party in regard to the house of lords have been enunciated by Lord Lansdowne who said:

"1. That there is a need of regulating the relations between the two houses—I do not think anybody would contest that.

"2. That it is desirable that the house of lords should be reformed.—We at any rate are not likely to differ from that proposition.

"3. The claim that the house of commons is entitled to preponderance in all cases where purely financial considerations are involved.—If that is interpreted in a reasonable manner, I for one should certainly not quarrel with that claim.

"4. The principle that it is necessary to provide us with some machinery at present non-existent to relieve the two houses should there come to be serious differences of opinion between them."

Later he moved three resolutions. In these he proposed; (a) that it is desirable that provision should be made for settling differences that may arise between the house of commons and this house reconstituted and reduced in numbers in accordance with the recent resolutions of this house;" (b) that if any difficulty arises in regard to any bill other than a money bill in two successive sessions, and within an interval of not less than one year it should be submitted to a meeting of the two houses, although if the measure should be "one of great gravity and has not been adequately submitted to the judgment of the people, it shall not be referred to a joint sitting, but shall be submitted for decision to the electors by referendum;" (c) that the lords shall forego their right to amend money bills purely financial in character. The "recent resolution" referred to was moved by Lord Rosebery, and was as follows:

"That in future the house of lords shall consist of lords of parliament; (a) chosen by the whole body of hereditary peers from among themselves and by nomination by the Crown; (b) sitting by virtue of offices and of qualifications held by them; (c) chosen from outside." This was amended at the suggestion of Lord Lansdowne so as to provide that "the reformed house might consist one-half of hereditary peers, either qualified or elected by their fellows, and the other half of men chosen from outside, either by nomination or some form of election." In this form it was carried unanimously.

Mr. Balfour's views have been thus summarized by the Daily Mail:

1. A second chamber is necessary.
2. It must be a real chamber.
3. The house of commons must remain the dominating chamber.
4. The reform of the second chamber should be grafted upon the present house of lords.
5. The hereditary right to sit in the second chamber must go.
6. The second chamber must be greatly diminished in numbers.
7. It must include persons who are qualified by distinguished public service.
8. A section of it must be elected by the peers.
9. At least half must come from outside.

TEN THOUSAND DRUGGISTS

Unite in Their Opinion Regarding a Certain Medicine

Druggists should know better than any one else the value of every medicine.

Therefore, when over ten thousand recommend Vinol, the cod liver and iron tonic, without oil, over their own signatures as the greatest tonic reconstructor and strength creator—and offer to return the purchase money in every case where it fails to give satisfaction, it must indicate that Vinol is a pretty reliable medicine.

We could publish columns of such testimony as the following:

C. A. Potterfield, the leading druggist of Charleston, W. Va., says he used Vinol for every member of his family and has never been disappointed with the results.

Mr. J. F. Bradley, druggist of New Brunswick, N. J., says: "Vinol is certainly a wonderful medicine. He has proved it from personal experience."

The many years that Vinol has been on the market has served to strengthen its popularity, and proved by continued tests that it will do all that is claimed for it.

Try a bottle of Vinol with the understanding that your money will be returned if it does not build up your strength and give you an added interest in life. W. Rutherford, druggist, Nelson.

FORT GEORGE

at the junction of the Fraser and Nechaco rivers, will be the largest city on the Grand Trunk Pacific Transcontinental railway west of Winnipeg.

Fort George is the geographical and strategic commercial centre of British Columbia—the natural supply point for a splendid mixed farming, mineral, timber and coal area of millions of acres made accessible by 1100 miles of navigable waterways.

Splendid openings for business and investment.

OVER $5,000.00 IN PRIZES!

ABSOLUTELY FREE

To the Ambitious Ladies and Gentlemen of Southern British Columbia Who Secure the Larget Number of Votes in the Contest to Be Conducted by the Nelson Daily News in Connection With Hampton's Magazine.

TWO TRIPS AROUND THE WORLD

The candidate who secures the highest number of votes in the entire contest may have a prepaid order for two trips around the world, including ten days at the Coronation of King George

The Nelson News will pay all expenses incident to the journey, which will be the event of a life time to the person enjoying it.

The winner may name any person as companion on the trip and this person may work for the other in the contest.

THE $2500 MODERN HOME

The candidate who secures the highest number of votes in the contest may have a modern residence built at the expense of The Daily News at any point in the contest territory named by the candidate.

The lumber and finishings for this elegant home will be furnished by a reliable lumber manufacturer and the work done by skilled mechanics.

THE $2500 GASOLINE CRUISER

The candidate who secures the highest number of votes in the contest may have an elegant 30-horse power gasoline cruiser which will be one of the staunchest and classiest boats ever seen on inland waters. It will have accommodations for 20 passengers and will be built expressly for the winner of the contest.

THE $2500 AUTOMOBILE

The candidate who secures the highest number of votes in the contest may have an up-to-date 5-passenger, 30 horse power Automobile.

This car will be the very best car The News can secure from a survey of the different makes in the class named. It will be equipped for service with top, wind shield, lamps and magneto, and it will be well worth the effort required to win it.

THE COST PRICE IN CASH

The candidate who secures the highest number of votes in the contest may have the amount in cash which it would cost The News to furnish the grand prize.

The News has endeavored to provide prizes which would anticipate the wishes of all those who might be disposed to compete in the contest. If any candidate would prefer the cash, however, he or she will be at liberty to accept the money in lieu of any of the grand prizes offered.

Five $500 Mason & Risch Pianos

Four Districts, a Piano for Each District. Also a Piano for the Society or Individual Named by the Winner of the Grand Prize. These Elegant and World-Famous Pianos Were Furnished by the Standard Furniture Co., and Are Guaranteed in Every Particular

Three Waltham Gold Watches

For the Candidates Who Secure the Most Votes in the Three Voting Periods of the Contest. These Splendid Watches are now on Exhibition at the Nelson Jewelry Store of Mr. J. O. Patenaude. Call and inspect these elegant watches.

THE NELSON NEWS

Votes will be allowed on all new or renewal subscriptions to The Daily or Weekly News.

Everybody needs the Nelson News and candidates will find it an easy matter to secure new subscriptions and renewals from already subscribers.

The business man, the rancher, the miner, the lumberman, in fact every man and woman in the whole of Southern British Colnmbia will find The Nelson News indispensable.

Relatives residing at a distance are interested in the affairs of those in this section and *they can easily be persuaded to subscribe.*

Many business men residing in the east have investments in the Kootenay country, and they will be glad to subscribe. Get your friends' subscriptions today.

Enter the Race and Win

Winning the Grand Prize is Equivalent to a Salary of $10,000.00 a Year

1. Any resident of either of the districts, man or woman, boy or girl, may enter the contest.
2. In the race for the district prizes candidates are in competition only with those in their own districts. Competition for the grand prize is general.
3. Candidates may nominate themselves, or by their friends, and nominations may be made by letter or on the nomination blank.
4. The name of a person who places a candidate in nomination will not be divulged except with his expressed permission.
5. Nominations may be made at any time during the contest.
6. No votes may be transferred after once issued.
7. Candidates may secure subscriptions anywhere.
8. No subscription will be received for a longer period than indicated by the published schedule, but as many subscriptions may be paid for in the name of one person as are paid for.
9. Subscriptions for a period of more than one year may be divided into individual yearly subscriptions at the option of the subscriber.
10. Votes of candidates withdrawing from the contest will be cancelled.
11. Candidates must enter from the district in which they reside at the beginning of the contest and remain in such district entry list to the end.
12. *All questions arising during the contest will be decided by the contest manager.*
13. Votes will be issued to all paid-in-advance subscriptions to The Daily and Weekly News, whether new or old, and to all subscriptions to Hampton's Magazine.
14. Votes cannot be purchased. All money must be accompanied by the names and addresses of subscribers. Cash must accompany every order where votes are issued.
15. All votes issued are good to the end of the contest and may be counted and polled in the paper at the option of the candidate or subscribers.
16. The organization prize will be turned over to the winner of the grand prize at the close of the contest, and it will be subject to the disposition of the winner of the grand prize. It may be given to any society or individual at the option of the winner, who may announce his intentions regarding its award at any time during the contest if desired, and change such announcement in favor of another society or individual if, in his judgment, his interests warrant.
17. The Nelson News reserves the right to change any condition pertaining to the contest except to reduce the value of the prizes.
18. The contest manager will not accept withdrawals of candidates except with the permission of those making the nominations, and such withdrawals and acceptances must be made by letter.
19. At the close of the contest the votes will be counted and the results certified to by a committee of responsible auditors.
20. The contest will open Wednesday, February 1st and will close Tuesday April 25th.
20. ALL SUBSCRIPTIONS TO THE DAILY AND WEEKLY NEWS FOR POINTS OUTSIDE OF THE NEWS' TERRITORY, WHICH IS BRITISH COLUMBIA AND ALBERTA, WILL RECEIVE ONE-HALF OF THE PREVAILING VOTES.

HAMPTON'S MAGAZINE

Votes will be allowed on all subscription payments to Hampton's Magazine.

Hampton's is the sensation of the magazine world. It is a magazine with high ideals, militant in the cause of the people, devoted to the very best in literature and entertaining all the time.

Hampton's costs the publishers $300,000---but you can get it for $1.50.

Hampton's paid $50,000 for Peary's story of the discovery of the North Pole.

Hampton's contributors include the most eminent men and women living. Its articles cover every phase of existence---fiction, humor, science, exploration, children's rights and women's opportunities, *health, politics and better government.*

No extra charge for Canadian subscriptions.

SUBSIDY FROM NEW ZEALAND AND CANADA

Steamship Line Between Dominion and New Zealand—Australia Declines to Aid.

OTTAWA, Jan. 16—The cabled announcement from Melbourne, Australia, which states that Canada has formally notified the Commonwealth government that Canada and New Zealand have agreed upon the joint trans-Pacific steamship service, is confirmed here. The facts of the case are that the existing agreement with the Canadian Australian Steamship Co. for service between Vancouver and Australia points in the latter country expires on July 31 next. Tenders for service were called for last summer but the only one received was from Sir James Mills on behalf of the New Zealand Shipping company. These provided several alternative routes and services. The Canadian government accepted the tender, providing for calls at New Zealand but the Australian Commonwealth declined to be a party to any contract which included the call at New Zealand. Inasmuch as Canada and New Zealand have an inter-preferential tariff agreement, while Australia has steadily declined to accept Canada's offers, it is felt by the government here that the better policy is to subsidize the line which offers best prospects for further development. The subsidy to the line to New Zealand to be paid by Canada is to be £30,390, while New Zealand will pay £20,000 a year against £26,000 now paid by the Australian government for the existing service leaving Vancouver every four weeks. It is expected that the question of preferential trade between Canada and Australia will be taken up when Sir Wilfrid Laurier meets Premier Fisher in London next summer. Then if a trade agreement is reached it may be possible to come to some arrangement as to a trans-Pacific steamship service. Meanwhile the existing Pacific service will terminate on July 31 next.

NELSON NEWS OF THE DAY

(Additional News Notes on Page Ten.)

Mrs. William Wilson will not receive today, but on Wednesday instead.

Died—On Sunday night, the infant daughter of Mr. and Mrs. C. A. Benedict.

Mrs. J. J. Walker, 514 Carbonate street, will receive for the last time in Nelson this afternoon from 3 to 6 o'clock.

The annual business meeting of the congregation of St. Paul's church will be held in the church hall this evening at 8 o'clock. Reports will be presented from the various church organizations and refreshments will be served. Members and adherents of the congregation are invited.

Sewing done. Mrs. E. D. Manhart, 914 Victoria street. 226-6

CITIZENS' CO-OPERATIVE ASSOCIATION, LIMITED

First regular half yearly general meeting of shareholders will be held in Miners' Union hall at 8 p.m. on Friday, January 20, 1911. 230-4

AT THE THEATRES.

An exceptionally strong program will be shown at the Gem theatre this evening, the subjects which are of a most interesting nature, being as follows: "When Woman Wills," a Reliance feature; "A Cheyenne's Love for a Sioux," a Bison feature, and "The Clown and His Dogs." In the last item is shown a most delightful exhibition of dog tricks by the canine members.

The program at the Empire this evening includes a special Thanhauser film of "Paul and Virginia," which is without doubt a beautiful picture; "Hawking," an interesting picture of that early English sport; "Betty as an Errand Girl," an excellent comic, and "The Cowboy and the Lieutenant," a good western picture.

That froth of tuneful foolishness, "A Stubborn Cinderella," came to town yesterday at the Princess and was received with any amount of enthusiasm. Probably there is no musical comedy that we have seen that presents quite the variety of brands of jokes that may be seen here. The men of the play are several collegians, a Scottish gentleman traveling as guardian of an earl's daughter, a sculptor of Italian extraction—apparently—a tutor, an Indian chief, two policemen, a railroad engineer, a cab driver, a hotel manager and the president of a college. Every one of these has to be a comedian whenever he is able—even the college president. This is not so bad as it sounds; in fact, it is most of the time very funny. Hazel Kirke—which we are assured is her real name—is the Cinderella. She is pretty, acts acceptably, uses her eyes to perfection and has the best voice of the entire company. All the others are good, notably Lillian Goldsmith as Lois, Dan Moyles as Colonel Hunt, Neal Burns as Skeeter—his dancing is a feature of the play—and Linford Lefferson.—San Francisco Call.

Two and a Half Hours on Operating Table

Specialist Could Not Remove Stone In The Bladder

GIN PILLS PASSED IT

JOLIETTE, P. Q.

"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with Stone in the Bladder.

He decided to operate but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try GIN PILLS.

They relieved the pain. I took two boxes and went back to the specialist. He said the stone was smaller but he could not remove it although he tried for two hours and a half. I returned home and continued to take GIN PILLS, and to my great surprise and joy, I passed the stone.

GIN PILLS are the best medicine in the world and because they did me so much good, I will recommend them all the rest of my life". 46

J. ALBERT LESSARD.

50c a box—6 for $2.50—at all dealers, and money back if they fail to give relief. Sample box free. National Drug and Chemical Co., Dept. B.C., Toronto.

NEGROES LYNCHED BY KENTUCKY MOB

Three Victims of Lynch Law—One Accused of Throwing Kisses to White Women.

SHELBYVILLE, Ky., Jan. 16—Three negroes, were lynched here yesterday morning after a determined mob of 50 masked men had stormed the county jail, where the negroes were confined. Two of the negroes were charged with insulting white women. The third was awaiting execution for the murder of a colored woman. The bodies of two of the negroes, Marshall and Patterson, have been found. The third was seen in the hands of the mob with a rope around his neck. The third negro was Jim West.

According to Hornback, deputy jailer, the mob appeared at the jail at 2.10 this morning. When they took the three negroes away, they left 14 others in the same cell from which the three were taken. The two bodies recovered were found about a quarter of a mile apart. Marshall was found hanging from a bridge near the jail, and Patterson in Clear creek. Patterson, it is said, tried to escape from the mob, was shot and his body thrown into the creek. According to Deputy Jailer Hornback, Jailer Edward Thompson hid the jail keys when the mob appeared. Later when the mob became more insistent Hornback let them into the jail office.

"They said there were three negroes they were going to get or else blow the jail up," Hornback said. "They kept yelling for the dynamite, and some started to beat off the cell locks with a sledge hammer. About 12 men had their guns pointed at me demanding the keys. Finally they broke the cell door open. Patterson, it was charged, insulted two white women and knocked both of them down. West's alleged crime was more recent and it is said he had often been seen throwing kisses at white women. He was a chaffeur. Marshall was convicted a year ago.

CUTS HIS THROAT

OTTAWA, Jan. 16—Thomas Walker, out of work, and despondent at the prospect of meeting his sister in these circumstances, committed suicide by cutting his throat with a razor, in a room of the Cambridge restaurant, this morning. His sister was on the way to visit him. Walker was 40 and unmarried.

BIG BATTLESHIP LAUNCHED

PHILADELPHIA, Pa., Jan. 16—Splashed with the traditional bottle of champagne, the battleship Arkansas, the largest warship ever constructed in this country, was launched today from the yards of the New York Shipbuilding company at Camden, N.J. Miss Mary Macon, daughter of Representative Robert B. Macon of Henela, Ark., was sponsor for the ship.

UNABLE TO JOIN CONSERVATION CONGRESS

(Special to The Daily News.)

VICTORIA, Jan. 16—Mr. Flumerfelt, member of the forestry commission, who left for the east early in the month in acceptance of Hon. Clifford Sifton's invitation to be present at the conservation congress, got as far as Golden and returned yesterday, the railway company saying they could not guarantee to get him in Quebec before the twentieth on account of snow blockades. The congress opens on Jan. 16.

NELSON NEWS OF THE DAY

(Additional News Notes on Page Nine.)

A. W. Young of Winnipeg is a guest at the Hume.

H. L. Rodgers of Ymir is a guest at the Strathcona.

Queen City Rebeckah lodge, No. 16, meets tonight in Fraternity hall at 7:30 o'clock.

W. B. Farris and George Scott, the Alberta coal operator, leave this morning for Lethbridge.

At the meeting in the Baptist church school room this evening J. Laing Stocks will deliver an address upon "The Lives of Great Men."

Mr. and Mrs. J. S. Haigh arrived in the city last night after a honeymoon trip spent at the coast. They will shortly take up their residence at Trail.

C. H. Harvey leaves for Chicago this morning to spend the winter in the Windy City. He has some mining propositions in hand, and will endeavor to interest Chicago capital.

The Churchman's club of St. Saviour's church will hold one of their popular social evenings tonorrow night in the Parish hall. It will take the form of a whist drive and all are cordially invited.

The temperature yesterday indicated considerably milder weather than has been experienced during the past few days, the maximum figure being 26 degrees and the lowest recorded 16 degrees above zero.

A most successful meeting of the newly organized Trades and Labor council took place last night. The evening was given up largely to discussion on matters of routine concerning the organization of the council.

A boiler in the basement of the Eagle block burst yesterday. W. J. Meagher & Co. have put in gas for heating, and the trustees of the building are equipping the Eagle and K. P. halls with stoves, so that they may be used today.

A party of well known residents of Nelson are leaving on this morning's Crow boat for a four weeks' tour of southern California. Included in the party are J. E. Annable, Mrs. J. P. Westman, Mrs. W. E. C. Koch and Mr. and Mrs. G. B. Matthew.

The B. Y. P. U. held a most enjoyable coasting party last evening, some 35 taking part. At the conclusion of the sport the members of the organization adjourned to Dr. N. Wolverton's residence, where they were entertained with a program of vocal and instrumental music and refreshments.

The days of the meeting of the young men's gymnasium class at the Y. M. C. A. have been changed from Tuesday and Friday to Wednesday and Saturday nights between 8 and 10 o'clock. The first meeting after the change will be held tomorrow night. On Saturday night the class will indulge in apparatus work only.

The meeting of the Ladies Aid of the missionary circle of the Baptist church called for Thursday afternoon and the public meeting called for 7 o'clock on the evening of the same day have both been called off owing to the fact that the superintendent of the Baptist Union, who was to address both gatherings, has been unavoidably detained elsewhere.

Appropos of a recent reference in these columns concerning the formation of a dramatic society in the city, the movement has now taken a definite turn. The new organization is called the Kootenay Dramatic Society, and so far it includes the following well known local people in the cast: Misses Hazel and Effie Toye, Nellie Annable, and Lester Patrick, Lewis Roberts, F. Goodwin, and Dr. Steed. Rehearsals have already been held with a view of producing in the near future a farcical comedy in three acts entitled "Captain Rackett."

POOL CHAMPION IN TOWN

The management of Kerr & McDonald's billiard parlors have secured the services of Edward Dowd, champion pool player of Canada, to give an exhibition in their parlors Tuesday evening. This will be purely by an exhibition for the local lovers of the game and nobody should miss this as it is seldom that a player of reputation visits this part of the country. Now there will be no admission charged and the management is looking forward to a record-breaking crowd. Mr. Dowd will take on the best local player at 150 points continuous pool and immediately after the game he will give an exhibition of fancy and trick shooting. The game commences at 10 p. m., owing to the carnival, and to give everybody a chance to attend. Admission free. 10 p. m. sharp.

Mr. W. H. Edwards, C.P.R. city agent, is arranging a special party from the Kootenay district to the bright and health giving south with the city of Los Angeles as destination at a rate never before quoted.

HIGH SCHOOL LITERARY SOCIETY HOLDS MEETING

Readings and Speeches Delight Audience—Macbeth to be Presented by Scholars Shortly

The Nelson high school literary society met on Friday afternoon. The resignation of President J. A. Ferguson was accepted with regret. After other business had been discussed a very acceptable program was rendered. The first item was a reading by Miss Wilson, entitled "Aunt Doleful's Philosophy." Wilson Newitt delighted the audience by a piano solo entitled "Hearts and Flowers."

The third and fourth speeches of the oratorical contest were delivered by Miss Thompson and Mr. Ebbutt, the former on "Scott" and the latter on "Flies." Principal Smillie, the appointed critic, was then called upon to give his criticisms. He commented very favorably upon the speeches.

The matriculation class after making a careful study of "Macbeth" during the term, are preparing to show their interpretation of Shakespeare's strongest tragedy in a public production of some of the scenes in the public school hall in the near future. In connection with this Lewis Roberts is training the students for some choruses in which they will be assisted by the male voice party.

KICKED BY COLT

EDMONTON, Alta., Jan. 16—John Fielders, aged 22, a son of one of the oldest farmers of the Edmonton district was instantly killed on Sunday afternoon by being kicked in the stomach by a colt. The animal was thought to be trustworthy.
