INVEST MILLIONS IN MINING

Noted Engineer Investigating British Columbia Properties

ABLE TO HANDLE LARGE PROPOSITIONS

Is Acting for Important Financial Interests—Big Plant in Cariboo.

(Special to The Daily News.)

VANCOUVER, B. C., Feb. 24—Wayne Darlington, mining engineer of note from Philadelphia, who was an expert witness for the Centre Star management in the famous lawsuit of the Rossland mining district 10 years ago, is in the province on behalf of large financial interests who will probably invest millions in mines in the province on his reports. When seen Darlington said today: "The outlook for lode mining in this province during the next few years is very encouraging. The eyes of operators and large corporations are directed towards British Columbia and I should not be surprised to see a good deal of money expended in development work. Your mineral resources are vast and have deeply impressed the outside world. The psychological moment for the revival of mining has arrived."

Mr. Darlington declined to disclose the clients he is representing on his present mission to British Columbia. He, however, laughingly intimated that they had ample resources to handle the largest kind of proposition.

"On this trip I expect to spend a month in British Columbia," said he. "I shall also have occasion to come out here at frequent intervals. I have no hesitation in stating that I see great possibilities ahead of the mining industry. My present knowledge of the various districts is limited but I expect to get around a good deal during the coming summer. In a professional way I have got acquainted with a portion of the Kootenays and Princeton district and a portion of Vancouver island. I regret that I cannot take the public into my confidence just yet as to the plans of my clients. If they should become interested out here it will be in a large way and their advent will, I hope, prove as advantageous to themselves as to the province. A good deal of preliminary work has been done during the past six months by my assistant, C. S. Verrill, whose reports are of a most encouraging character."

Operate Big Plant.

The big plant of the Quesnel Hydraulic Gold Mining company on Twenty Mile creek in the Cariboo district will be completed and go into commission next August. H. W. Dubois engineer for the company is now here on his way north to reopen construction work which will total in value $1,000,000. The company owns 26 claims on the Quesnel river on which three years has been spent in preliminary work. The water supply will be carried for 25 miles from Swift river and the gravel washing plant will have a capacity of 15,000 yards daily.

BARGE GUARANTEE HAS GOOD EFFECT

Applications in Every Mail for Stock in Kootenay Fruit Growers' Union—Promise Confirmed

"Every mail brings applications for stock in the Kootenay Fruit Growers' Union, Limited," said E. K. Beeston, secretary of that organization, when asked yesterday how the union was progressing.

Mr. Beeston said the announcement that the Dominion Express company had decided to guarantee a barge service for moving the berry crop, for the next two years, confirming the intimation made recently by R. Helme, superintendent of the company, had had a good effect, some of the applications for stock received yesterday being directly traceable to this guarantee being given.

SAIL IN JUNE

OTTAWA, Feb. 24—The Canadian military contingent for the coronation will sail from Quebec on the C. P. R. SS. Empress of Ireland on Friday June 2 and will return by SS. Empress of Britain which will leave Liverpool on June 30. Several units will be mobilized at Quebec at least a week before the date of the sailing in order to get together.

PETITION MAILED TO MR. SCHOFIELD

Continues Pressure for Early Construction of Taghum Bridge—Large Number of Signatures.

The petition in reference to the desired bridge across the Kootenay river at Taghum, which has been circulated throughout the district interested, was mailed yesterday to James H. Schofield, M.P.P., by Joshua Marsden, of Taghum, who has been active in the matter. The petition, as mailed, bore 244 signatures and this did not include one copy still outstanding that has some 25 signatures. Among the signatures are between 50 and 60 citizens of Nelson.

Text of Petition.

The petition reads as follows:

"We, the undersigned residents of Nelson, and the district contained in the Ymir electoral division west of Nelson, beg to bring again to your notice, and through you to the notice of the provincial government, the inconvenience which we are suffering owing to the absence of a bridge over the Kootenay river at Taghum.

"We beg to remind you that the construction of this bridge has been under your consideration for some years, and was promised so long ago as 1908. The need was not then denied, and since has become even more urgent. The population has greatly increased, and a considerable amount of money has been invested in various industries.

"There is no means of getting into Nelson from the Slocan and Kootenay valleys other than the C. P. R. railroad track, which, as there is a dangerous railway bridge to be crossed at Granite, involves some considerable risk of life, there having been several narrow escapes already from death from passing trains.

"We beg to submit to you that the place mentioned above, viz., Taghum, is the most convenient and economical at which it would be possible to link the district west of Nelson, with that city."

Accompanying the petition was sent the following letter to Mr. Schofield, signed by Mr. Marsden:

"J. H. Schofield, M.P.P., Victoria, B.C.

"Dear Sir,—Enclosed please find petition largely signed, asking you to urge the government to make appropriation for the immediate construction of the bridge at Taghum. We feel that the government are not taking the interest in the early construction of this bridge that was expected from the several promises made by yourself and the honorable the minister of public works, and we trust you will do your utmost to see that a commencement is made this spring.

"Nelson, B. C., Feb. 24, 1911."

OPTIMISM IS THE PREVAILING FEATURE

Business Outlook Causes Satisfaction—Vancouver Reports Trade in British Columbia Good.

NEW YORK, Feb. 24—Canadian trade optimism is the prevailing feature of the dispatches received by Duns Review from the branch offices of R. G. Dun & Co. in leading cities of the Dominion. While the spring trade has not yet opened up, with the activity expected the general situation is quite satisfactory and the future is still regarded with much confidence. There is little change at Regina, although the movement of merchandise at wholesale shows some improvement, and retail stores appear to be doing well.

The districts served by Saskatoon have been benefitted by favorable weather and wholesalers report a steady increasing volume of business. More activity is reported by Calgary in groceries and other staples, although country districts are hard to reach on account of country roads. The mild weather helps retail trade at Edmonton and wholesale dealings show a very large increase over last year.

Vancouver reports that trade conditions in British Columbia continue satisfactory. The movement in staple lines at wholesale is well above the February average and retail business in all the coast cities is quite satisfactory. Earnings of all Canadian roads reporting today for the first two weeks in February show a loss of 1.9 per cent which, however, is due mainly to interruption to traffic by storms and heavy snows in many parts of the country.

Failures throughout the Dominion for the week amounted to 30 as compared with 42 last week and 36 for the corresponding week a year ago. Toronto reports that wholesale business for the week was fairly active but poor country roads had an adverse effect on operations in outlying districts. Spring goods, however, are being sent forward in satisfactory volume and indications point to a good spring trade. Preparations for building are being made on a large scale and all kinds of material are in good demand at fair prices.

CRANBROOK, B. C., Feb. 24—The intermediate hockey boys were defeated in Moyie last evening by five to one. No goals had been scored up to half time. The local boys were shy a couple of their regular players.

PENALTY FOR TRUNK SMASHERS

Makes Destructive Baggagemen Liable to Fine.

SPECIAL STAMPS FOR CORONATION

Mail Clerks, Stampers and Sorters to Have Increase of Salary.

OTTAWA, Feb. 24—After spending two hours over odds and ends of business, mostly trifles arising out of questions, the commons went today into committee of suply on the estimates for the labor department. These gave rise to another debate on the Grand Trunk strike and its settlement, but nothing new was said in regard to the subject on either side of the house. The business included the passing of a supply bill covering the estimates for the current year, assent to which was given in the senate at 5 o'clock.

Increase for Postoffice

During the discussion of Hon. Rodolph Lemieux' postoffice estimates the minister informed J. E. Armstrong that he was preparing a bill which would give Canadian railway mail clerks, stampers and sorters an increase in pay. The matter had not yet been dealt with by the council. The increase he assured the house would be a substantial one.

Mr. Armstrong asked if the minister proposed to place mail clerks under the civil service act.

H. E. Macdonald expressed the hope that the minister had no such intention.

Mr. Lemieux said that a year ago he was under the impression that this could be done, but the more he studied the act, the less inclined he was to think it advisable. The act was too exact and under its provisions it would not be possible to deal with the special conditions which exist, more particularly in respect to securing extra help at rush seasons. It was possible that employees in postoffices of larger cities might be brought under the operation of the act.

Coronation Stamps

Mr. Lemieux during the discussion of his estimates also said that there would be a special issue of stamps to mark the coronation of King George.

George Bradbury made a plea for the equipment of a tug to break ice at the mouth of the Red river in the fall months so as to prevent vessels being frozen up in lake Winnipeg.

The Long Sault dam again came before the house. Col. Hughes asked the government if it had taken any steps to induce the American congress not to pass the bill now before the senate. Sir Wilfrid Laurier said that when he had all the information on the subject he would lay it on the table. Representations had been made to Ambassador Bryce.

Dr. Reid declared that prominent men, friends of the premier, were trying to push the bill through both the American and Canadian houses. Amongst them was Leighton McCarthy, ex-M.P. The prime minister remarked that he had been doing it as a lawyer. Dr. Reid said that the government should take a definite stand in the matter and the premier again promised that the papers in the case would be brought down at an early date probably on Monday.

Penalty for Baggage Smashing

When the house met E. N. Lewis introduced a bill making it an offence punishable by a fine for a baggageman to wilfully damage any piece of luggage. The bill suggests a fine of not more than $50 in excess of the value of the baggage damaged. Mr. Lewis said that the proposed legislation would be appreciated by the plain people of Canada.

In replying to questions by R. L. Borden, the minister of railways said the contract for the Quebec bridge had not yet been signed. Mr. Vautelet, chairman of the Quebec bridge had not yet signed it, Mr. Vautelet's ill health being the cause of his resignation. He had been anxious to resign for several months, but had remained on the board at the request of the minister. Mr. Graham added that as soon as the contract was signed all correspondence in regard to the matter would be tabled.

Glen Campbell was informed that the matter of the cancellation of the Markey fishing lease in Nelson river had been placed in the hands of the department of justice. This statement was made by Mr. Brodeur and Sir Allen Aylesworth added the information that proceedings had been delayed because of the illness of Mr. Shipley, in whose hands the matter had been placed.

Mr. Lalor, Haldimand, read a letter from J. M. Paget, a director of the Western Ontario Dairymen's association denying that the association had passed a resolution favoring reciprocity. According to Mr. Paget at the convention only about 20 attended and none of the officers of the association voted for it.

Farmers' Bank

There will be no royal commission to investigate the affairs of the Farmers' bank. Replying to a question in the house Mr. Fielding said the government had no reason to doubt that the exercise of powers given to the liquidator by law and the performance of duties imposed upon that official by like authority and the proceedings now engaging the attention of the courts at Toronto, would lead to a full investigation and disclosure of all affairs of the defunct institution. Should anything arise later to indicate that further action was needed, he might further consider the proposition of a commission.

FEBRUARY 25, 1911
Coupon No. 6

This coupon, with one from each of the other issues of The Daily News of the week ending, February 25 and 10 cents, entitles the holder to a photogravure reproduction of Fred Morgan's picture, entitled "London Bridge is Falling Down." Coupons and money should be presented at The Daily News office any time after Sunday next. If pictures are to be mailed, 5 cents must be added to cover postage.

FAVORABLE REPORT UPON PLAY MACBETH

Was Financial Success—High School Literary Society Will Not Publish Mountaineer This Term

At the meeting of the High School Literary society yesterday afternoon a very favorable report on the presentation of "Macbeth," from a financial standpoint, was made by John Whitebread, for the finance committee. A vote of thanks was extended to H. Treby-Heale and Lewis Roberts for their invaluable assistance.

A discussion took place concerning the annual publication of the Mountaineer, it being decided that it was now too late in the term to attempt the work necessary for a creditable issue, with examinations becoming the main topic.

The first item on the program was a piano solo by Miss Marion Wade, who gave a very delightful rendition of Beethoven. This was achieved by much practice between school periods.

Miss Wolverton next drew the attention of the audience, the majority of which she kept in convulsions of laughter by her reading entitled "Some Little Birds That Took to Fly."

Misses Ina Steed and Phyllis Whitehead gave a beautiful selection on the piano entitled "At Full Tilt." Such a sweet and magnificent piano duet, it was stated, was never before heard in a literary society meeting at the school.

CONTRACT LET FOR ISOLATION HOSPITAL

John Burns & Son Are Successful Tenderers—Three-room Building is Decided Upon.

The contract for the building of the isolation hospital has been let by the city to John Burns & Son and the work will be probeeded with immediately.

The new building will cost $885 and in dimensions will be 24 by 25 feet. It will contain three rooms. In one room will be three beds and in the second there will be one bed. The third room will be set aside as quarters for an attendant. The rooms will be reached through a small hallway.

The walls of the building are to be hard plastered inside and fitted with tight shutters and double doors to permit of satisfactory fumigation.

GIVES ROYAL ASSENT

OTTAWA, Feb. 24—In the upper house Senator Landry was told that there had been no Canadian naval board appointed. The following bills were given third reading: To incorporate the Alberta Saskatchewan Life Insurance company; respecting the Western Alberta Railway company; a supply bill was also given a third reading. It provides votes for exhibitions, seed grain, fisheries protection service and for a technical education commission totalling $180,000 to be expended during the current fiscal year. His excellency the deputy governor general Sir Charles Fitzpatrick attended at the senate chamber and gave the royal assent.

DEATH KNELL TO RECIPROCITY

Will Not Pass Senate Without Extra Session.

U. E. LOYALISTS ARE OPPOSED

Pass Resolution Condemning Agreement—Look to Great Britain.

WASHINGTON, Feb. 24—Opponents of the Canadian reciprocity agreement attempted to put a quietus on the legislation on the subject when the McCall bill to carry out the provisions of the agreement late today was reported "without recommendation" from the senate committee on finance. So far as the present session of congress is concerned they took a long step towards accomplishing their purpose. The return of the bill to the senate by Acting Chairman Burrows of the finance committee was made the occasion for brief speeches both in opposition and in favor of early action. As only a few days remain to put the bill through a hostile body the speeches against it were accepted as its death knell, until a resurrection should come in an extra session.

Senator Hale, the veteran Republican who will retire March 4, declared that the committee had yielded to public clamor and the charge that the bill was to be suppressed and had reported it against the real sentiment of a large majority of the committee. He served notice, however, that the bill would have to go to the calendar to take its course and any effort on the part of any one of whatever authority to "drive" the senate would be an unwarranted assumption of power.

Hopes for Defeat

Senator Bailey of Texas, a Democratic member of the committee expressed the opinion that the best interests of agriculture would be served by the defeat of the bill. In pointing out some of the discriminations in the bill from his point of view, the Texas senator said that while the agreement admitted wheat and cattle free, it retained the duty on flour and beef meat. "Civilized people eat flour and not wheat, beef and not cattle," he said. True it was, he continued, that the agreement provided for free pulp wood but this change in the tariff laws would mean the loss of almost $500,000 revenue to the treasury annually. He had been informed, he said, that this change would be worth $5,000,000 to the newspaper and magazine publishers but for himself he could not consent to a measure which gave such preference to the rich as against the poor and needy.

Senator Hale concurred in all that Mr. Bailey had said and added that while the bill had been reported without recommendation, the committee had done so in face of the fact that an unquestioned majority could otherwise have been had for an adverse report. Coming to the consideration of the bill on its merits, Mr. Hale said: "It is my understanding that the bill will take its course in accordance with the feeling and desire of the senate whatever that may be. If the senate does not choose to take it up that course would be within its clear right and any effort on the part of any one of whatever authority, to drive the senate now or at any other time would be an assumption of power which would be unwarranted."

The bill went on the calendar, where it is subject to consideration whenever the senate should decide to take it up.

U. E. Loyalists Opposed

TORONTO, Feb. 24—The United Empire Loyalists' association today adopted a strong resolution condemning reciprocity on the ground that a preferential tariff from Great Britain will soon be granted this country if Canada continues to stand by the empire as she has in the past.

RURAL MEMBERS PROTEST

WINNIPEG, Feb. 24—A vigorous protest was made by several rural members in the legislature this afternoon against granting wide powers to companies seeking railway franchises in the province. The question arose over a couple of bills of incorporation which came up for charters. In the opinion of several members the charters called for almost every conceivable power. The house, without approving the principle of the bills, finally agreed to allow the motion to go to the committee there to be dealt with.

FIRSTNIGHTERS HAVE GAY EVENING

Comedie Francaise Scene of Riots—Men barricade Themselves in Box—Pigeons Alarm Women

PARIS, Feb. 24—There were riotous scenes at the Comedie Francaise tonight in the course of the production of Henry Bernstein's "Apres Moi," rivalling those which in 1891 forced the withdrawal of Victorien Sardou's "The Armidor" after two productions.

M. Lepin, the prefect of police, had hundreds of police scattered about inside the theatre. In the first act where Le Bargy is asked the question "What is the most irreparable thing in life?" a man in the balcony rose and shouted a course epithet as a response. Instantly the theatre was in an uproar. Cries of "put him out," and of "no, no," were everywhere yelled, as detectives dragged the offending man from his seat. This demonstration was followed by cries of "deserter" and "down with the Jews" and it was several minutes before the manifestations ceased and permitted the actors to proceed. A moment later pigeons, which had been hurled from the galleries, caused women in the audience to scream as they fluttered helplessly in the orchestra.

Riot in Gods

During intermission after the first act "Camelots du Roi" started a riot in the gallery and as they were dragged out several were struck by adherents of Bernstein. After this scores of spectators, men and women with threatening gestures, engaged in loud arguments for and against the play. The climax of the disorder was reached in the second act when six men barricaded themselves in a loge and caused a suspension of the play for five minutes by blowing fish horns. Finally the police battered in the door and arrested the disturbers.

Newspaper Controversy

There is a sensational controversy going on in the newspapers concerning Bernstein who has written a letter to Le Matin admitting he had deserted from the army four months before his time was up but claimed this act was due to his infatuation for a woman. Tonight Bernstein wrote a letter to M. Briand, the premier, asking him to give the loyalist Lacour his liberty temporarily so that the author may fight a duel with him. Lacour, who is vice-president of the "Camelots du Roi" is in jail for assaulting M. Briand last November. He sent his seconds to Brenstein.

MINISTER OF LANDS INTRODUCES BILLS

Important New Legislation Introduced—Reduction of Maximum of Land Leases—Increase Water Board

(Special to The Daily News.)

VICTORIA, B.C., Feb. 24—Today in the legislature there was almost continuous debate. One of the most important addresses was made when Attorney General Bowser departed from the ordinary practice in introducing the False creek bill, the most important measure of the session, from a Vancouver standpoint and gave what was in reality the exposition of the contents and principle customarily reserved for the second reading. In brief the attorney general's argument was that by declining to ratify and confirm the agreement executed by the Vancouver civic authorities with the Great Northern (or its subsidiary, the V., V. & E.) he had succeeded in getting a far better bargain for the city, particularly in that monopolistic control of waterfront facilities of Vancouver was not to be vested in the Great Northern but a common right of entry was assured all competing railways. A guarantee had also been obtained that $500,000 would be spent by the Great Northern company in building a union station for Vancouver with five years as the maximum time limit for the accomplishment of the contemplated works of magnitude.

An eloquent speech by Hon. H. E. Young was made explanatory of the development of the provincial university plans and policy, while important new legislation was offered by Hon. W. R. Ross, minister of lands, to provide for the reinstatement of lapsed timber licenses, the closure of reserves hereafter to coal locators, the reduction of the maximum of land leases from 1000 to 640 acres, the creation of a government board of surveyors, the placing of all highway matters under the concrete highways act under the public works minister, the increase of prices of coal lands from $10 and $5 per acre to $20 and $15, the augmentation numerically of the water board and the adoption of the principle of common ditches by water companies serving one territory and the bringing of irrigation companies generally under the control of the lieutenant governor in council.

The Trust Companies Regulation bill was given a second reading without any objection or comment.

RICH STRIKE IN A NELSON MINE

Three Feet of High Grade Ore in Fern.

ORE CROSS-CUT IN ENTERPRISE

Returns of Production and Movement for Week and for Year.

Three feet of high grade ore has been struck in the Fern gold mine on Hall creek, the strike being made in an intermediate drift between the third and fourth levels. The Fern, which is one of the mines immediately tributary to Nelson, is operated by J. C. Moen and H. Skoning.

A strike is reported from the Enterprise mine of the Slocan, which is under lease by S. S. Fowler. Two feet of ore has been cross-cut in the lower tunnel, which gives a depth of 100 feet.

The following are the returns of the ore production and movement for the week ending yesterday, and for the year to date:

BOUNDARY SHIPMENTS		
Granby	16,044	176,326

Total	8,233	63,249

The total receipts at the smelters, including concentrates, were for the week, 29,051 tons, and for the year to date, 320,062 tons.

TWO KILLED IN NOVA SCOTIA WRECK

Cars Take Fire and One Man Perishes in Flames—Rescued Through the Roof.

HALIFAX, N. S., Feb. 24—The Halifax and Southwestern train from Middleton for Lunenburg was wrecked near New Germany this evening. Two men were killed and five persons more or less badly injured. The cars took fire and the passengers were rescued through the roof which had to be cut. The accident is thought was caused by spreading rails. The engine and two or three box cars went along all right but the baggage car and passenger car at the rear jumped and fell over a 10-foot embankment lying on their side. Within the baggage car were four men and standing on the platform was O'Brien Sargeant, the baggage master. He was thrown to the ground and the car fell on him causing instant death. People ran to the baggage car and opened its doors. They pulled out three men and thinking that was all, devoted their attention to the passengers. One man Jock McLaughlin, however, was left and he perished in the fire that burned the baggage car. None of the passengers were seriously injured.

A Handsome Hair Dressing

Model and Instructions Furnished by RICHARD BINDER, of Philadelphia, Pennsylvania

Style D. (See Note)—Coiffure " A La Greque" is as the name indicates a style taken from the Greeks. The hair is loosely waved all around. Part off a small portion of the hair at the crown and tie. This gives a foundation to which to pin. That part of the hair used for the pompadour is gathered back very softly and loosely and fastened to the crown. Proceed with the sides and back in the same manner using care not to draw the hair line too tightly. All the ends of the hair are used for coil.

This coil is fashioned in so t ropelike twist giving charming simplicity to the do up which is so essential to an artistic head dress. Coiffure "A La Greque" is executed without the aid of false hair or rats.

NEWBRO'S HERPICIDE

Eradicates Dandruff and Makes the Hair Beautiful

To produce the prettiest and most artistic effects in hair dressing the hair should be kept clean, light and fluffy by an intelligent use of **Newbro's Herpicide.** Hair that is uneven, dull, brittle, dead and full of dandruff, no matter how elaborately dressed, cannot be made attractive. The hair and scalp must be kept clean and free from dandruff, then the hair grows naturally, is bright, pretty and luxuriant. It ceases to come out where before one sweep of the brush brought out a handful. **Newbro's Herpicide** used regularly brings about this much desired change. It is a most delightful hair dressing and has an exquisite odor, which is distinctive and refined. The preparation is not greasy, neither does it stain or dye. Herpicide stops itching of the scalp almost instantly. Don't waste time and money on remedies which have adopted the claims that have always been made for **Newbro's Herpicide.** Demand genuine Herpicide, the Original Dandruff Germ Destroyer.

One Dollar Size Bottles Sold and Guaranteed by All Druggists. Applications Obtained at the Best Barber Shops and Hair Dressing Parlors

POOLE DRUG CO., LIMITED
Special Agents

NOTE—The Herpicide Co., have arranged with the leading hair dressers of the country to furnish models with description of the latest and most approved modes in hairdressing. Ladies who adopt these styles will enjoy the *satisfaction of being in perfect vogue.*

SEND THIS COPON AND 10 CENTS IN POSTAGE.
THE HERPICIDE COMPANY,
Dept. L., Windsor, Ont.: Please send me copies of all the Herpicide hair dressing lessons as they have appeared up to date, also your booklet on the care of the hair and a sample of Newbro's Herpicide.

PUBLICITY BUREAU HAS MANY INQUIRIES

Letters Asking for Information Regarding District Arrive From all Parts of the World

The importance of the publicity bureau branch of the board of trade is very clearly indicated by the number and substance of the letters received by E. K. Beeston, secretary, during the past month. These communications in all instances ask for information and although the questions which Mr. Beeston has to deal with are of a somewhat varied nature the majority of the letters concern fruit lands. During the past month, in addition to some score of letters upon general subjects Mr. Beeston has received 37 from prospective settlers asking for information relative to industries in this district. A perusal of the letters show that the majority of these probable settlers have had their attention drawn to Nelson as the capital of the Kootenays by advertisements and advertising matter distributed in various parts of the world.

It is interesting to note that of these 37 inquiries no less than 16 are from the prairie provinces; from Alberta, Saskatchewan and Manitoba. The others are made up as follows: Rhodesia, South Africa, one; Vancouver and other parts of British Columbia, three; England, seven; Ontario, two; Oregon, one; Scotland, two; New South Wales, Australia, one; Minnesota, one; Ireland, one; California, one.

One letter asks for information respecting lands at Cloverdale; another wishes to know something about fruit lands between Nelson and Robson; a third asks for particulars as to the prices of improved and unimproved fruit lands in the Kootenay and yet another writer states that he wishes to settle in Nelson. One of the most important of these communications is from a man who states that he proposes to build a furniture factory in the city.

DON'T TAKE OLD-TIME PHYSIC

"Fruit-a-tives" Brings Natural Results In A Natural Way.

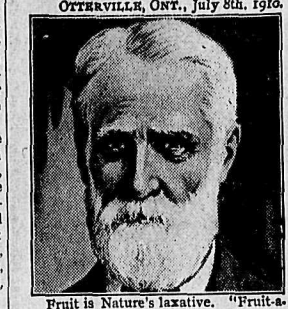
"I am a seventy-nine-year-old man and a great believer in, and user of, "Fruit-a-tives".

"Stricture of The Bowels was the complaint I suffered from and I fonnd that "Fruit-a-tives" did me more good than any other remedy. My doctor advised me to stick to "Fruit-a-tives" and I have done so with best result.

"I have been in business here for a good many years and have been a resident of Otterville for over fifty years."

WM. PARSONS.

OTTERVILLE, ONT., July 8th, 1910.



Fruit is Nature's laxative. "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes. "Fruit-a-tives" acts on the human system like fresh fruit—easily and gently—yet just as effectively as the old-time pill.

"Fruit-a-tives" does not gripe or irritate the intestines. It regulates the bowels and cures Constipation because "Fruit-a-tives" acts directly on the liver.

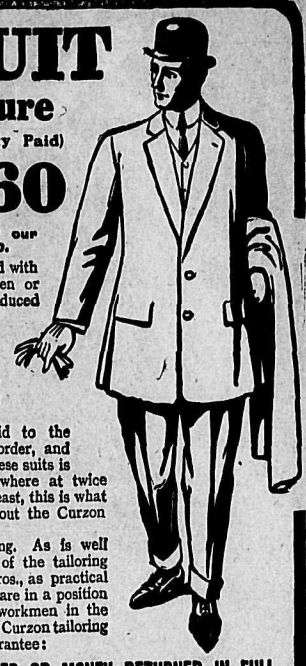
Just try "Fruit-a-tives when you need a mild, gentle yet effective laxative and liver regulator.

50c. a box—6 for $2.50—trial size, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

$20 SUIT to measure

(Carriage and Duty Paid)

FOR $8.60



Valued by thousands of our Canadian friends at $20.

All Curzon clothing is sold with a guarantee (satisfaction given or money returned) and is produced from genuine British Textiles.

That "There's comfort in the Curzon cut" is no mere idle statement, and is a truth which has been attested by clients residing at all points of the habitable Globe.

Greatest attention is paid to the cutting of every individual order, and the style of production of these suits is equal to anything sold anywhere at twice and thrice the money—at least, this is what the Curzon clientele say about the Curzon $8.60 Suit.

Then there is the tailoring. As is well known, London is the hub of the tailoring craft, and Messrs. Curzon Bros., as practical tailoring experts themselves, are in a position to secure the most qualified workmen in the trade. For all these reasons Curzon tailoring is sold with the following guarantee:

SATISFACTION GUARANTEED OR MONEY RETURNED IN FULL.
One Silver and Two Gold Medal Awards.

Our methods appeal to the thoughtful man: that is perhaps why we number among our clientele such well-known men as the following:—Rev. R. J. Campbell, Hon. G. E. Foster, M.P., Horatio Bottomley, M.P., Lieut.-Col. A. E. Belcher, Lieut.-Col. Dr. S. H. Glasgow, Hon. R. R. Fitzgerald, Rev. Canon Davidson, Comte. Ubaldo Beni, Lieut.-Col. Hugh Clarke, J. P. Downey, M.P., W. H. Doyle, M.P., Hon. F. W. Aylmer, Mr. Eustace Miles, Dr. T. R. Allinson, Major-Gen. J. C. Kinchant, Mr. Matheson Lang, Mr. Montague Holbein.

Fill in a post card and address same to us as below, asking for our latest assortment of materials. Together with patterns, we send you fashion-plates and complete instructions for accurate self-measurement, tape measure, all sent free and carriage paid. We dispatch your order within seven days, and if you do not approve, return the goods, and we will refund the money.

$20 SUIT TO MEASURE FOR $8.60.

PREDICT HEAVY RUSH OF SETTLERS

Real Estate Men Are Kept Busy Dealing With Inquiries—Harrop Ranch Sold

The past week's activity in local real estate circles was largely of a preparatory *noture, the various brokers* concerning themselves more with correspondence with prospective buyers in *the prairies, in the old country* and elsewhere than with actual sales. It was stated on every hand that the volume *of enquiries being* received from the outside is this month greater than it has ever previously been in February *and that an unprecedented* rush of settlers will be seen directly the snow clears away seems certain. Some of the *brokers, in fact,* stated yesterday that they had written to prospective buyers advising them to postpone a visit to the Kootenays for a short time in order that a better idea of the advantages of the land might be obtained when inspection is made.

In this connection M. R. McQuarrie of McQuarrie & Robertson said: "We are kept busy every day answering letters from prospective settlers and if half the usual number reply favorably I expect to see the biggest real estate year on record. We also have a large number of important deals in progress."

J. E. Annable said: "We are receiving an enormous number of inquiries from all parts of the world and have received a number of assurances from intending purchasers that they may be expected here in the spring. The prospects for a successful year are very good.

Alec Cheyne, secretary of the Western Canada Investment company, stated that he had no less than five deals practically closed and that judging by former experiences in real estate in the prairies the inquiries his firm was receiving daily, indicated a year of tremendous activity in both inside and outside realty.

T. A. Robley of the B. C. Agencies, spoke in a similar strain and commented upon the great demand for city property. "We find no difficulty in disposing of close-in residences," he said.

W. J. Devitt of the firm of P. J. Gleazer & Co., in reporting the sale of a seven and a half acre improved ranch at Harrop to Andrew Hicks of Weyburn, Sask., predicted that the inrush of settlers this spring and summer would be exceptionally great from the prairies. His recent trips through Alberta, Saskatchewan and Manitoba had given him this impression. He expected also a very heavy immigration from the old country.

J. H. Lawrence of E. B. McDermid also spoke in enthusiastic terms of the prospects for a successful year in real estate circles.

"A Nervous Wreck"

"My daughter is rapidly becoming a nervous wreck," said an anxious father to a friend who happened to be a druggist,—"she has no appetite, is run-down, weak, takes no interest in anything, and we cannot find anything that helps her."

"Why don't you give her Vinol"—said the druggist—"it is not a secret nostrum, just a simple and delicious cod liver and iron tonic—and the best strength creator and general all round tonic we have ever sold in our store. Take a bottle home and try it. We'll return your money if it does not help her."

Within ten days the father came back for another bottle of Vinol, saying that he had never seen such a change in a girl in his life, and he felt sure one more bottle of Vinol would restore her to her normal condition.

Such cases as the above are constantly coming to our attention, and we ask every run-down, nervous, debilitated, aged or weak person in this vicinity, and every person suffering from a chronic cough, cold, or bronchial trouble, to try a bottle of Vinol on the same terms as above.—W. Rutherford, Druggist, Nelson.

APPOINTED CONSUL GENERAL

MONTREAL, Feb. 24—It is announced that M. Camille Chayot has been *appointed consul general for France in* Canada.

Fertilizer Talk

Swift's Animal Fertilizer adds humus to the soil, furnishes plant food to both young and old orchards, *increases the yield of your berries* and gives them better flavor; adds to the richness of your apple crop, also increases the yield of *potatoes,* and *gives them* a well matured, mealy body.

Remember Swift's Animal Fertilizer in addition to increasing your yields and profits, also strengthens and gives new life to your land. Extensive tests have proved this.

FORTY THOUSAND TREES ORDERED

Doukhobor Society Will Plant on Large Scale This Season at Brilliant and Grand Forks

Tree planting on an enormous scale will be carried out this season by the Doukhobor society, according to John Sherbinin, agent of the colony at Brilliant, who was in the city purchasing supplies, and attending the sessions of the short course in horticulture.

Altogether 40,000 trees have been ordered for this year's planting by the colonies at Brilliant and Grand Forks.

Mr. Sherbinin states that the principal industry of the Brilliant colony at the present time is logging, the men *being in the bush on the various areas* owned by the society on the south side of Kootenay river between Slocan Junc*tion and Brilliant.*

Royal Hotel, here's your home for the winter. Best board in the city. tfc

MAJOR IS EXONERATED

OTTAWA, Feb. 24—Major E. C. Arnold was today dismissed by Magistrate O'Keefe, the charge of forgery against him being withdrawn by the bank. The bank alleged that Major Arnold had *wrongfully endorsed a check drawn on* Molsons bank. In dismissing the case the magistrate said he was satisfied *that there had been no intent to de*fraud on the part of Major Arnold and that he had no objection to the charge *being withdrawn.*

Pain in Heart

"For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nervine. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds."

MRS. LILLIE THOMAS,
Upper Sandusky, Ohio.

For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.

Price $1.00 at your druggist. He should supply you. If he does not, send price to us, we forward prepaid.
DR. MILES MEDICAL CO., Toronto.

THE LABOR WORLD

In Berlin, Germany unskilled male laborers earn 85 cents a day.

The United States Steel corporation running full, employs 225,000 men.

Toronto has nearly 9000 union men employed in the building trades.

Kingston, Ont., Trades and Labor council would like barbers licensed and a system of inspection.

Telephone girls of Philadelphia are planning the formation of a union to better their condition.

A bill has been introduced in the New York state legislature, limiting a policeman's day to eight hours.

A scheme to regulate the output in time of strike, has been adopted by the Miners' International congress in Europe.

In France about 400,000 workers belong to unions affiliated with or federated in the Confederation Generale du Travail.

Bricklayers and stone masons of Minneapolis and St. Paul are making a united effort to secure the Saturday half holiday.

In Sweden the printers have decided to start a new feature in the financial part of trade unionism. This is a strike guarantee fund.

The first union of the fur cap makers was formed in New York city recently and it intends to demand a higher wage scale and shorter hours for its members.

In the United, especially in the state of Pennsylvania, there is no union label more counterfeited than that of the cigar makers.

The headquarters of the Locomotive Firemen and Enginemen will not be removed to Cleveland for at least three years, according to A. H. Hawley, secretary of the organization.

After 20 years of service all postmasters and clerks in Germany receive a pension from the government, and after 40 years a full pension, in addition to the regular salary.

The Order of Railroad Telegraphers will celebrate its 25th anniversary in June of this year, and has adopted as a battle cry "complete and thorough organization."

Recently 13 small societies of gold and silver workers in Sheffield, England, combined into one trade union, and the pottery workers' unions in that district have also been consolidated.

The Australian Labor conference, which controls the leagues throughout the whole Commonwealth has declared for a 44 hour week, and a six hour day for women employed in factories together with a minimum wage scale of eight shillings per day.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism *can withstand hunger but not dyspepsia.* The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY. It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of *mailing only.* Send 31 one-cent stamps for the paper covered book, or 50 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

To Investors

We would like you to consider a few more points regarding our new subdivision in Burnaby.

It is in several respects the best property we have ever been able to secure for our clients, for the following reasons: It is closer to the city limits of New Westminster and very close to the new buildings going up in Sapperton. It is close to the new B. C. Electric car line, via Burnaby lake from Vancouver, through New Westminster to Chilliwack and all points in the Fraser valley. This line will open on the first of March and will cause an immediate advance in all property along the route.

It is close to most of thebig manufacturing plants.

The whole addition lies with a gentle slope to the east, consequently every lot commands a splendid view overlooking the railroads and electric lines, the great manufacturing district ,the Fraser river and Port Mann.

Graded streets and sidewalks are going in along two sides of the property, and just across the street many new buildings are being erected. There is no broken ground, or undesirable lot in the whole addition. Size of the lots, 35 by 110 feet to lane. Price only $350, $20 down and $10 per month with extension of time if required..

We also guaranutee that if every lot is not found as represented in our printed matter, we will return amount paid in full with 10 per cent.

Remember, the subdividing of land between the cities is practically over and if you wait until that time arrives you will pay a much larger figure to the man who only owns one or two lots, and you will not get the terms we can offer you now.

We firmly believe that property along this new car line will be double the price it is now in less than one year from today. Do not wait.

The Wright Investment Co., Ltd. Nelson, B. C.

CANADIENS BEAT HALIFAX IN SPECTACULAR FIGHT

HALIFAX, N. S., Feb. 24—In the most spectacular hockey match ever played in the maratime provinces, the Canadiens of Montreal defeated the Halifax professionals in the arena by six to three. Although the famous Canadien seven excelled in team work and individual play, the feature of the game was the remarkable fight put up by the local players. In the second half the superiority of the visitors was evident and for the most of the time the Canadiens had it easy.

HOCKEY STARS GET THIRTY-FIVE CENTS EACH

GUELPH, Ont., Feb. 24—The Guelph pro. team lasted just one day for they disbanded here after paying expenses. The gate of the game with Galt left only 35 cents each for the players. The team was the one which "Buck" Irving started with at Velleville in the eastern pro. league and failing to make it go there Irving brought the team to Brantford and finally to Guelph.

BEST OF SEASON

ORILLIA, Ont., Feb. 24—In the best junior O. H. A. match of the season here Orillia defeated Preston 5 to 2.

SPORTING SPOTLIGHTS

After something like retirement resulting from the electoral accidents of last autumn, Col. Roosevelt has been compelled to lay aside his well known modesty and step out into the white light that not only beats upon a throne, but also upon a tribune of the people who carries a big stick. The man who once more dragged Col. Theodore up to the front was that clever and equally fortunate young English pugilist, Owen Moran. Col. Theodore had the good fortune to travel on the same train as that which was carrying the English lightweight champion and a number of other people to New York. The two met, and the next day the New York newspapers told the public about the affability with which the pugilist received the fallen political leader, and how cheered the latter seemed to have been by the notice paid him. After this it may be possible for the colonel to "come back."

"Little men of iron," is what the Wanderers were once called. Well, it is said that the great German Chancellor Bismark used to compare a certain opposing statesman to a lath painted to represent iron. Perhaps it was something like that with the Wanderers. If so, the paint is wearing off, and beneath it is discovered pewter, which even Renfrew can bend at its pleasure.

"I will have all of the old men back in the game again, the same men that put up the hard fight for the 1910 flag,' said Manager Chance of the Chicago Cubs. "These men represent material that I can depend upon. If any of them weaken, I have a big batch of young fellows to gamble with. I never bank on a green man until I see him deliver the goods; yet I feel certain that out of the army of newcomers signed by us, at least two or three of them will turn out to be valuable men."

Dr Morse's Indian Root Pills positively cure Constipation and all kindred & resulting troubles. 25¢ a box. 16

AUSTRALIA CINCHES RUBBER

MELBOURNE, Australia, Feb. 24—Australia has won the rubber in the series of test matches with South Africa. In the game that came to a close in the capital of Victoria the Australians made 578 in the second innings, dismissing their opponents for 171, the "Cornstalks" thus winning by over 500 runs. In the first innings the Australians scored 327 and the Africans 205.

In the first test match the Australians won by 528 to 174 and 240. The second they won by 98 runs. The third was a victory for the South Africans by 38 runs.

A fifth match is yet to be played.

This is the first time the South Africans have perpetrated a cricket invasion of Australia, and though they have not been successful in "carrying away the ashes," they will in the eyes of the cricketing world, be considered to have fully earned their right to belong to the "big three." The triangular imperial test matches in England next year in which Australia and South Africa and the Old Country will take part, should provide some magnificent matches, and Australia will take a lot of beating.

SHEARER WANTS AMENDMENTS

OTTAWA, Feb. 24—Rev. Dr. Shearer waited upon Sir Wilfrid Laurier this morning and asked for a number of amendments to the criminal code. He suggested that it be made more difficult for offenders to get what is known as straw bail for persons who have been convicted and to enter an appeal. Under existing conditions Dr. Shearer said the bail of men of no standing is accepted. He suggested as an amendment to the criminal code that the police of cities should be given the same right to raid disorderly houses as they have to raid gambling joints. Under the law as it stands disorderly houses can be raided only when it is expected that liquor is being sold and a warrant has been issued empowering the police to search for it.

INDIAN BIRTH RATE WELL MAINTAINED

Building of Great Northern Closed Trail—Indian Cattle in Flourishing Condition.

(Special to The Daily News.)

CRESTON, B. C., Feb. 24—Last Sunday R. T. L. Galbraith, Indian agent at Fort Steele, paid Creston a visit and on Monday and Tuesday held long conferences with the Creston Indians. Mr. Galbraith was on a tour of inspection and had just returned from the Windermere district, where he had made an inspection of the reservations in that region. He stated, in the Windermere district the snow was much deeper than at Creston and it was a great deal colder. In speaking of the Indians at Creston, Indian Agent Galbraith stated that the birth rate was keeping up well and the general health of the native sons was good, very few cases of consumption and hardly any sickness. In speaking of the difficulty the Great Northern railway was having with the Indians and public generally for trespassing on the railway Mr. Galbraith threw new light on the subject when he stated that by the building of the railway a public trail between Creston and Port Hill had been obliterated and the Indians as well as the public generally were consequently put to a great inconvenience. Mr. Galbraith took up the matter of opening up the road to Port Hill with Superintendent of Roads G. M. Benney and the superintendent informed him that the matter of building a road and bridge between Creston and Port Hill was now before the government and it would be built in the near future. By the completion of this road and bridge to Port Hill, travel from Creston to Port Hill would be possible at all times of the year.

In speaking of the reported wholesale slaughter of deer by the Indians Mr. Galbraith stated that he thought the reports in that connection had been greatly exaggerated, but he had instructed the Indians that they must obey the game laws strictly. In referring to the general conditions of the Indians he stated that he found the Indian cattle in a flourishing state and there was ample hay to put them through till spring. Mr. Galbraith left Creston on Tuesday's train and proceeded to the Tobacco plains where he will inspect the reservation before returning to Fort Steele.

The P. Burns & Co. are this week completing a large addition at the rear of their meat market. They are taking out the former refrigerator and are installing one of the latest improved. This new refrigerator will take some 44 tons of ice to charge it for the summer and it will hold seven or eight carcasses. When the doors are open from the ice chamber to the meat department the cold will be at freezing point. As soon as this present work is completed this company will at once start the erection of a new slaughter house, which will be situated on the Kootenay flats.

Mr. and Mrs. Sharpe of Moose Jaw, Saskatchewan, have been paying a visit the last few days to Mrs. J. W. Dow. They left again for the east on Wednesday last.

Mr. Hickes, a prominent rancher at Boswell paid Creston a visit on Tuesday last. He recently purchased land at Boswell and is greatly pleased with the whole district. When in Creston he was busily engaged looking up freight rates. He is also an enthusiast over the immediate formation of a Farmers' institute at Creston.

At a meeting of the ladies auxiliary of the Presbyterian church held last Tuesday afternoon it was decided to install pews in the church providing that satisfactory arrangements can be made for the purchase of same.

The new English church will be dedicated on Sunday next, the Rev. E. P. Flewelling, rector of Cranbrook, will be the preacher.

Father Beck, who has just recently returned from the coast, arrived in Creston on Tuesday last and on Thursday morning held early mass.

THE ENGLISH SPARROWS

To the Editor of The Daily News:

What could be more comical than the letter of Mr. J. J. Atherton that has appeared in your issue of the 23rd inst. in which he accuses your Creston correspondent of trying to knock the district by stating that a few English sparrows exist here. Your correspondent wishes to most emphatically state that Mr. J. J. Atherton in this connection does not know what he is writing about. Mr. J. Heath and other ranchers here have volunteered to within the next few days write letters to your valuable paper correcting the misstatement made by Mr. Atherton and substantiate the news item sent out by your correspondent to the effect that a small flock of English sparrows are now at Creston.

However, it may be stated that the ranchers are about to wage war against these sparrows so that they will likely be killed off before they will have time to hatch and multiply in the spring.

J. K. JOHNSON.

Creston, B.C., Feb. 23.

DRANK CARBOLIC ACID

WEYBURN, Sask., Feb. 24—Joseph Panek, of Canby, Yellow Medicine county, Minnesota, committed suicide here last night by drinking carbolic acid. He had been drinking a little but not to excess. He has a sister named Mr. Drombery living near Forward, Sask. No inquest will be held.

SNOW REMOVAL COSTLY

MONTREAL, Feb. 24—The total cost of removing snow from the streets this winter has amounted to $100,000. Half of the sum must be refunded by the street railway company. Fifty thousand dollars of the amount has been spent during the past three weeks.

Every housewife knows that newly made flour does not give so satisfactory results as flour that has been aged for some time. Why it does not is rather difficult to explain—but flour that has been aged just right will make a larger, better-flavoured loaf of bread than flour that has not been aged.

We are careful about SEAL OF ALBERTA. We watch this point. You can be absolutely certain that the flour you are getting is just right, if you insist on SEAL OF ALBERTA.

The essentials of successful bread making are:—

THE CALGARY MILLING CO. LTD. MAN'F'D FROM SELECTED HARD WHEAT CALGARY ALTA

(1) Good bread flour—preferably SEAL OF ALBERTA — the Faultless Flour.

(2) Good Yeast.

(3) Dough of the right consistency.

(4) Control of the temperature at all stages.

(5) To remember that soft flours are intended for pastry, not for bread making. If you want a pastry flour ask for Dandy Pastry, but if a bread flour, "SEAL OF ALBERTA."

(6) To avoid drying out of the surface at all stages, as this makes a dark streak through the baked loaf.

Remember the name—Seal of Alberta

$3.50 Recipe Free for Weak Men

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 4659 Luck Building, Detroit, Mich, and I will send you a copy of this splendid recipie in a plain ordinary envelope free of charge. A great many doctors would charge $3.00 to $5.00 for merely writing out a prescription like this—but I send it entirely free. 96

Thomas A. Edison did another wonderful thing

when, having brought his Phonograph to a point where not even the most critical could ask for improvement, he multiplied its entertaining ability by two.

He did this by producing a Phonograph Record that plays, sings or talks twice as long as the Standard Edison Records.

He did this without increasing the size of the Record, making it a Record that can be used on old instruments as well as new.

He did it without affecting in any way the clear, rich, musical tones for which Edison Records have always been famous.

He calls this double-length Record "Amberol."

Edison Amberol Records, 65c.

Edison Phonographs

$16.50 to $240.00

Edison Standard Records, 45c. Edison Grand Opera Records, 85c. to $2.50.

Go to the nearest dealer and hear the Edison Phonograph play both Edison Standard and Edison Amberol Records. Get complete catalogs from your dealer or from us.

INSPECTION OF FRUIT

The question of the correct grading and marking of fruit placed on the local market, so that the consumer may know exactly what he is getting, is a very important one not only to him but to the fruit grower.

If, as alleged, ranchers are in the habit of selling inferior fruit to the local retailer, the fault may not be wholly on their part. Mr. Hickes, in his letter published in this issue, says he was told of one rancher who sold a good quality of fruit to an independent buyer and then an inferior quality of fruit to his grocer. If so more than one deduction may be drawn.

Does it not look as if he could get a better price for his good fruit from the other dealer than from his grocer? If not, why should he have gone to the trouble of making a separate sale? We are told that one rancher whose fruit is of high quality and carefully packed and marked, asserts that he is paid no more for his apples than if he brought an inferior quality of fruit to the same dealers. If that is the custom, what else can be expected than that the ranchers will sell their inferior fruit to the retailer and the good fruit somewhere else? We do not say that it is the custom, for we have not investigated the matter; but, if it is, the retailer has not far to go to find out why the rancher mentioned should not have taken his good fruit to his grocer.

It seems clear that there would be more inducement to the grower to be careful in his packing and correct in his marking if all fruit were inspected and graded, and if it were thoroughly understood by the rancher that the retailer, as well as any other buyer, would pay for fruit according to its grade.

For the outside trade, the producing of a high quality of fruit, properly packed, graded and marked, is of vital importance. The freight on a box of poor fruit is just as great as on a box of good fruit; in other words the proportion of expense to receipts is greater. For the best fruit of any sort there is always a good market; inferior fruit is often unsaleable at a profit. Every good box sent out is an advertisement of Kootenay fruit and helps its price on the market. Every box of other fruit sent out has the opposite effect.

It is greatly in the interest of the retail trade that the rancher should be given the best possible price for vegetables and other produce as well as for fruit. To encourage market gardening and poultry raising in the district, to have the growers live here instead of near Spokane, for instance, means that the local retailer will get business that now goes to the Spokane retailer. Instead of supporting growers who buy supplies in Spokane, the local market for these things should support growers who will buy supplies here.

EDITORIAL NOTE

A largely signed petition for the early construction of the proposed bridge at Taghum has been sent to the government. Accompanying it is a letter signed by one man which says: "We feel that the government are not taking the interest in the early construction of this bridge that was expected." What reason is there for supposing that the government is not keenly interested in the early construction of the bridge? If the latter had said, "We feel that representations made to the government in favor of having the bridge at another point has caused it to hesitate in proceeding with the work at Taghum," the letter would have been nearer the fact. There is no reason why the letter should not then have proceeded to emphasize reasons why this delay should cease.

The Nova Scotia "Lumber King" says:
"I consider MINARD'S LINIMENT the BEST liniment in use.
I got my foot badly jammed lately. I bathed it well with MINARD'S LINIMENT and it was as well as ever next day.
Yours very truly,
T. G. McMULLEN.

COMMUNICATIONS

KOOTENAY APPLE INSPECTION

To the Editor of The Daily News:

Sir—That we have as good a climate as there is to be had in any part of the world is undoubted, and that we can produce apples of the very best quality has frequently been shown, not only at the local shows but at the First Canadian Apple show at Vancouver, and at the various shows in America and England to which our apples have been sent.

I have such implicit confidence in the great future of this district for the production of apples impossible to be excelled in any part of the world that I am making the move I am doing. I attended the local apple show and the Vancouver show and have handled a great number of apples for various growers. I have had excellent opportunities for seeing how the trees are grown, how cared for, how the crop is harvested and how after production the crop has been placed on the market. I assisted in the selection and staging of apples for the two aforementioned shows and since that time have done a considerable amount of packing.

I have for a long time been greatly disappointed with the general handling of the apples by the great majority of producers. I have not scrupled to express my feeling to individual growers from time to time.

Having a spare day on my hands I made the round of all the principal retailers and also wholesalers in Nelson, and the result has been that my former disappointment has been increased to disgust and here are my reasons.

From every firm—and I must express here my sincere thanks to those men whom I have troubled with my questions and who without exception most willingly gave me all the information in their power—I received the same reports, apples are sent to them in a wretchedly bad state; they are not graded; they are badly packed, and one or two cases were mentioned where the apples in the box have not been of the variety named on the outside.

In my presence every one of the firms interviewed by me opened boxes sent to them for sale by ranchers in this district and together we took samples from boxes opened in this way. These samples I am sending to you, sir, that if any person should be sufficiently interested you might allow him to see these samples for himself. I have numbered the bags in which the apples are sent for identification purposes. It is not my intention to mention any names in this letter but of this I can assure you, the boxes from which these samples were taken had on them the names of owners who are considered to be our leading men in the fruit industry, to whom I, as a newcomer, in common with others, have been used to turn for advice.

In one store I was shown a box of apples purchased from a rancher owning one of the largest ranches in the district. It was a box of Baldwins and was in excellent shape, but the purchaser was in the happy position of being an independent buyer, that is he was not in the unfortunate position of the grocers who are forced to take the apples to keep their customers, but at another store within a stone's throw of this one, I was informed that the same rancher had sent in apples which were not considered fit to be exposed for sale.

In the case of one rancher only could I hear no cause for complaint from those men who handled his apples and I saw for myself some apples of his which were marked "grade 2" which might well have passed for "grade 1." But this is the single oasis in a truly vast desert and it was refreshing.

Every retailer assured me that every dependence could be placed on the apples from the American side. I am including in the samples sent you one American apple picked at random while wrapped from a box chosen at random from the remnants of a carload lot.

There was no preferential selection made in this case. The American apple in every case is quoted at least 25 cents higher in price by retailers that the inferior apples they are obliged to take from customers. The duty coming into Canada from the United States is 13 cents per box. This small amount would hinder no one from buying a box of apples of assured quality throughout in preference to a box of the inferior apples at present so frequently exposed for sale in the various stores in Nelson.

I do not say that there are no exceptions to this almost criminal state of affairs but in my round of the stores there was but one man, as I have already said, whose apples had always been found to be of the quality they were represented to be. There may be and certainly are other ranchers whose apples are of excellent quality but I am speaking of those apples I have personally handled and which are actually for sale.

What is the remedy?

Is there no law to prevent the sale of apples affected by scab? Are there no inspectors appointed to prevent this sale? Is there no law to prevent the sale of apples of grade 2 being sold as grade 1? Is there no law to prevent apples fit only for hog feed being sold as grade 1?

Have the local associations no power or having the power have they no ability to enforce a better state of affairs?

If we are to compete with Americans or even with our fellow growers in the neighboring districts of the interior stringent laws must be enforced. Trees must be sprayed and pruned, the apples must be thinned, carefully picked, uniformly graded and thoroughly well packed and the grades truly marked on the outside of the boxes.

RAYMOND T. HICKES.

Nelson, Feb. 23, 1911.

TEN YEARS AGO

Extracts From The Nelson Daily Tribune of Feb. 25, 1901.

Chief of Police Bullock-Webster who has been at Peterboro for the past week where he was engaged in obtaining evidence in connection with the murder that took place there some time ago returned to the city last evening.

The Nelson fire brigade was reorganized yesterday, when Thomas W. Lillie of Vancouver was installed as chief. Lillie's election did not please a number of the old members and consequently they vacated the premises. At the present time the brigade is composed of Mr. Lillie, chief; James J. Chambers, captain; J. R. Campbell, lieutenant; and Joseph Thompson, Kerby Douglas, Thomas L. Lillie, Harry Houston, Harry Stutter, J. McLeod, C. Londin, James Foote and William Boyd, driver.

CLIFFORD SIFTON'S VIEWS

Opposed to Reciprocity—Each Country Should Avoid Entanglements.

Mr. Clifford Sifton's views on the subject of reciprocity were given a few weeks ago to the Canadian club at Montreal, in the following language:

"I wish to say a word or two with regard to the attitude we should assume as to the question of our natural resources in relation to the United States. (Applause.) I am satisfied my remarks may not be in line with the ideas of many of the Liberal persuasion, nor possibly with others of the Conservative persuasion, but my purpose is to give you my own personal opinion for what it is worth.

"If it be true that it is essential in the interests of this Dominion of Canada that we should conserve our resources and work out carefully, painfully, and perhaps slowly, the best method of making them available in order that we may have a strong, virile and well-nourished population, it must be clear that this is not the time to take down the bars and turn these resources over to the United States. (Loud applause.)

"It would be altogether apart from my duty on this occasion to discuss the political or national aspect of this question, but perhaps you will excuse me if I express my own conviction. It is this. If we enter upon trade relations of an extensive character with the United States, and if the most favorable anticipations which can be entertained turn out to be well founded, and our friends south of the line use us well and give us nearly everything we ask for, what is the inevitable conclusion? Must not our trade and business and very life become mixed with theirs so that we shall become increasingly dependent upon them, with the ultimate end of political union?

"And if these favorable anticipations are not realized, and they will not treat us well, and want to grab and quibble on the interpretation of any reciprocity treaty, what will that mean? It will simply mean that 10 or 15 years from now we shall have to begin all over again just where we are now, and start once again to put ourselves right.

"I do not hold with those who say that those who are opposed to a trade treaty between Canada and the United States are opposed to good relations between the two countries. On the contrary, my view is that the best way of continuing good relations between Canada and the United States is that each should do its own business independently, and have no entanglements, nothing in the world to quarrel about." (Loud cheers.)

BUILDERS UNITE

LETHBRIDGE, Alta., Feb. 24—Lethbridge builders exchange decided to unite with those of Edmonton and Calgary and possibly Medicine Hat to form a provincial builders' exchange. They will adopt a uniform scale of wages for all cities and adhere to the open shop. A schedule of wages is now being prepared with slight increases for most trades. Union men demand higher wages and closed shop. It is not known whether there will be any trouble until the builders' exchange schedule is published.

FIRST IN TWENTY YEARS

PASADENA, Cal., Feb. 24—For 15 minutes today it snowed in Pasadena for the first time in 20 years. The sun came up clear and warm and shone brightly for three hours when suddenly a black cloud appeared over the mountains and within five minutes snow began falling. Every one rushed into the streets and began snowballing.

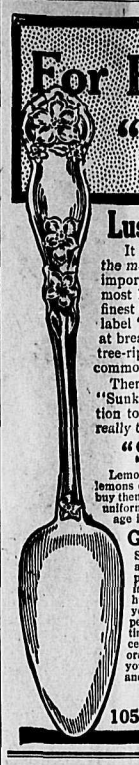
FIFTY MILLION BOND ISSUE

NEW YORK, Feb. 24—It was announced today by an international banking syndicate that a $50,000,000 issue of the Central Pacific Railway company four per cent 35 year bonds had been placed with a syndicate of French banks. The bonds which are guaranteed by the Southern Pacific company will be issued in denominations of 500 francs. An issue of the first $25,000,000 of the loan will be made shortly in France it was said.

For Breakfast Try "Sunkist" Oranges



Luscious Tree-Ripened Fruit

It is not sufficient to know that oranges are the most healthful of all fruits. It is quite as important to know the *kind* of oranges that are most healthful and most palatable. The very finest California oranges are now packed under the label "Sunkist." Please serve "Sunkist" oranges at breakfast tomorrow and learn the superiority of tree-ripened, seedless, fiberless oranges over the commonplace kind. *Don't fail to save the wrappers.*

There is so much "meat" and nourishment in "Sunkist" oranges and so little waste that, in addition to their extra fine flavor and goodness, they are really the most economical oranges to buy.

"Sunkist" Lemons Juiciest

Lemons differ as much as oranges. Pithy, thick-skinned lemons contain very little juice. You waste money when you buy them. Please ask for "Sunkist" Lemons and note how uniformly sound each one is, and what a small percentage is skin and fiber.

Get This Valuable Orange Spoon

Save 12 "Sunkist" orange (or lemon) wrappers and send them to us, with 12 cents to pay charges, packing, etc., and we will present you with a genuine Rogers Orange Spoon, of beautiful design and highest quality. Begin saving wrappers today. If you desire more than one, send 12 "Sunkist" wrappers and 12 cents for each additional spoon. In remitting, please send cash when the amount is less than 20 cents; on amounts above 20 cents, we prefer postal note, money order, express order or bank draft. We will be glad to send you complete list of valuable premiums. *We* honor both "Sunkist" and "Red Ball" wrappers for premiums. (30)

California Fruit Growers' Exchange
105 King Street East Toronto, Ont.

Columbia Gardens Irrigated Lands

We have been appointed sales agents for these lands. Three-quarters of them have been sold and there is a nice, thriving community of settlers established. You have only to see the results obtained by these settlers to be convinced of the capabilities of the soil.

Here are some of the advantages of the sub-division which to our mind make it extremely desirable:

1. Railroad station right on it.
2. School, stores and postoffice.
3. Unfailing water supply, piped right on to your land.
4. Easy clearing; much of it has been done at $12 to $20 per acre.
5. A share in the irrigating system goes with each tract without extra charge.

Also, you must remember the new bridge over the Columbia river at Trail. The trans-provincial wagon road passes over this bridge, thence seven miles to Columbia Gardens, thence up the famous Pend O'Reille valley. Moreover, Columbia Gardens will probably be a junction between the N. F. S. Railway and the new line from Metalline to Trail.

Call and see us for price and terms.

Substitutes are Dangerous

Beware of imitations unscrupulous dealers tell you are "just as good as" Duffy's Pure Malt Whiskey.

These cheap concoctions are foisted on the people with the intent to deceive by dealers mindful of their profits only and caring nothing for the health of their patrons. Some go so far as to try to make you believe it is Duffy's Pure Malt Whiskey.

When a remedy has been before the public for more than half a century, has been prescribed and used by the best doctors and in prominent hospitals, and has carried the blessings of health into as many thousands of homes as Duffy's Pure Malt Whiskey has, imitations are bound to arise. **But they can imitate the bottle and label only—no one can imitate the contents.**

Duffy's Pure Malt Whiskey is Beneficial

It is an absolutely pure distillation of malted grain. Its palatability and its freedom from injurious substances render it so that it can be retained by the most sensitive stomach. It has been used with remarkable results in the prevention and cure of consumption, pneumonia, grip, coughs, colds, asthma, malaria, low fevers, stomach troubles and all wasting and diseased conditions.

The genuine Duffy's Pure Malt Whiskey is sold in SEALED BOTTLES ONLY. The "Old Chemist's Head" is on the label and over the cork is an engraved seal. Be certain this seal is unbroken. Sold by grocers and liquor dealers everywhere, or direct in a large bottle.

The Duffy Malt Whiskey Co., Rochester, N. Y.

PROSPECTOR PERISHES FROM COLD AND EXPOSURE

(Special to The Daily News.)

VANCOUVER, B.C., Feb. 24—Advices from Rock Bay state that James McEvoy, a prospector, perished from cold and exposure near that place last week. With Gus Miller and Alfred Hugg, McEvoy started on a prospecting trip on Vancouver island. They were overtaken by a snowstorm in which they lost their way and McEvoy became exhausted. His companions left him in the most sheltered position available and hurried to a settlement for aid but when Constable Minty returned to the spot McEvoy was dead.

SHORTAGE OF CANDIDATES FOR MILITARY COMMISSIONS

LONDON, Feb. 24—The army estimates for 1911-12 issued today by Secretary Haldane show a total of $138,450,000. This is $350,000 less than the estimates for the preceding year. In an accompanying memorandum the secretary points out that there is a disquieting shortage of qualified candidates at the Royal military college at Sandhurst and suggests that special inducements will be necessary in order to fill the commissioned ranks.

OTTAWAS SUFFER FIRST DEFEAT

Are Beaten by Renfrew in Ding-Dong Exhibition at Creamery Town—Score, Eight-Seven

RENFREW, Feb. 24—The Ottawa hockey team, champions for 1911 of the National Hockey association, met its first defeat of the season here tonight when the Renfrew seven vanquished them 8 to 7.

The score was tied three times and the match was without a doubt the most exciting ever played at Renfrew, the teams see-sawing in such a manner that the spectators were always on their feet. Renfrew played all round Ottawa in the first period and led at the close by 3 to 1. In the second period, after Bruce Stuart had been put on the defense in the place of Lack, who was way off color, Ottawa tied the score at four all. Renfrew responded with two beauties and the score at the beginning of the third period was 6 to 4 for Renfrew. In the third Ottawa got the ninth and then by a superhuman effort in the last ten minutes they tied the tally at seven all. Ottawa then looked like sure winners. At an unexpected moment, however, with but one minute to play Odie Cleghorn shot down and scored the fifteenth goal making it 8-7. Ottawa failed to get a shot after that. The ice was sticky and play at times slow. It was rough and the penalties were numerous.

Art Ross and Red Kennedy officiated in a fair, impartial manner. On the night's play honors were pretty even, but Renfrew deserved to win for they played much better than Ottawa at the start and finished stronger than the champions whose defense was weak throughout. Even LeSueur in the nets had an off night and Lake was so erratic that he was taken out in the second period.

Taylor, Lindsay and Odie Cleghorn starred for Renfrew, while Walsh and Ridpath were the most consistent of the Ottawas. The total penalties were Renfrew 26 minutes and Ottawa 20. Ottawa in the second period scored twice against the odd man and Renfrew's winning goal was notched while Gilmour their point was on the side.

NELSON BEATS CROW CHAMPIONS

Beat Cranbrook Last Night Seven to Four—Jenkins Puts up Magnificent Game

(Special to The Daily News.)

CRANBROOK, B. C., Feb. 24—In one of the fastest games ever played on the Crow, Nelson defeated Cranbrook tonight seven to four. Nelson suffered 24 minutes in the penalty box and Cranbrook nothing. All Nelson players starred; Eddie Bishop and Jenkins played phenomenal hockey.

(Special to The Daily News.)

CRANBROOK, B. C., Feb. 24—That the game played this evening between the senior teams of Nelson and Cranbrook was the fastest seen here for some winters cannot be disputed.

While the Nelson boys scored first and kept the lead throughout it was by no means a walk over. The play was not what one would call particularly rough though the Nelson team as a rule had one man on the fence and a couple of times two green sweaters were there together. No Cranbrook players were penalized. Kelly refereed. At the end of the first 20 minutes Ben Wallace of the local team was replaced by Roy Kottemier. The score being 7-4.

About 400 people witnessed the game. As skating had not been allowed during the afternoon the ice was in fine shape. Among those who came from Moyie to witness the game were Mr. and Mrs. J. W. Miller, Miss Flora Deyon, Miss Annie Attwood, Mrs. Welsh, George Stewart and Dr. Coffin.

FIVE TEAM TEN PIN LEAGUE FOR CRANBROOK

(Special to The Daily News.)

CRANBROOK, B. C., Feb. 24—That there will be a bowling league in Cranbrook this spring was definitely decided at a meeting held last evening at the Y. M. C. A When the meeting was called to order there were about a dozen of the enthusiasts present. R. B. Benedict was appointed as chairman and Gordon Sutherland, secretary pro tem. After a lengthy discussion of the proposal it was decided to proceed with the organization of a bowling league. The following officers were elected: President, R. Brown; secretary treasurer, L. J. Cranston; executive committee, R. S. Garrett, R. B. Benedict, G. Sutherland, C. O. Main and Mr. Bathie.

It was decided to have five teams in the league and they will be captained in the order named by the members of the executive. North side of Baker street, south side of Baker street, C. P. R. offices, Y. M. C. A. and C. P. R. shops. The meeting was adjourned till Wednesday night at 8 o'clock when the executive will report the progress they have made in securing players.

ROVERS AND INTERMEDIATES CLASH MONDAY NIGHT

Monday night will probably see one of the greatest games of the season when the Rovers and Nelson intermediates will clash for the intermediate honors of the season of 1911.

The Rovers have not lost a game this season and their backers are fully confident of their ability to hold up their end against the intermediates on Monday night.

The intermediates who have recently won the intermediate championship of B. C. are in fine shape and will certainly hold their own against their confident opponents. Two of the intermediates are at present playing with the seniors in the Crow, but will turn up fresh and dandy on local ice Monday night. There will be skating after the game.

VICTORIA MEN MAY BLOW WHISTLE

Teddie White and Charles Cullin Mentioned as Probable Officials for Lacrosse Fixtures.

VICTORIA, Feb. 24—It is reported that a Vancouver lacrosse official has been scouting about Victoria quietly during the past few days, in search of some referees for the forthcoming mainland struggle for the Minto cup.

He hoped to secure the services of W. E. Ditchburn, who took a prominent part in the fight which waged about the mug which New Westminster held last summer. But Mr. Ditchburn has decided that he won't be able to handle the whistle in the 1911 series and has so informed the Vancouver promoter.

Messrs. Fred White and Charlie Cullin, both of this city, are understood to have consented to act if called upon. Both are well known to the game in the west. They were with the Victoria seniors when they were at their best and, incidentally, witnessed their fall despite all the efforts put forth to prevent it. Having kept in close touch with lacrosse development, the changes in the regulations, etc., they will be able to give satisfaction in such offices.

GAS, INDIGESTION AND DYSPEPSIA GO

Out of Order Stomachs Feel Fine Five Minutes After Taking a Little Diapepsin

The question as to how long you are going to continue a sufferer from indigestion, Dyspepsia or out-of-order Stomach is merely a matter of how soon you begin taking some Diapepsin.

If your stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a reenforcement of digestive agents, such as are naturally at work in the stomach.

People with weak stomachs should take a little Diapepsin occassionally, and there will be no more Indigestion, no feeling like a lump of lead in the stomach, no heartburn, Sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomach, and, besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved in five minutes after taking a little Diapepsin.

Go to your druggist and get a 50 cent case of Pape's Diapepsin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad *nights and miserable days for you.* They freshen you and make you feel like life is worth living.

DUBBIE KERR HEADS GOAL GETTERS' LIST

"Dubbie" Kerr still retains his hold on the topmost pinnacle of the goal-scoring table of the N. H. L., but his team mate, Walsh, is jabbing him in the ribs, stepping on his heels, and otherwise crowding him, being but two tallies behind. There is a ferrific struggle on for third place, Bruce Ridpath, Donald Smith and Newsy Lalonde all having sixteen goals to their credit, while Jack Darragh, who cut loose on Saturday last to such an extent, has fifteen goals. Pud Glass, Didier Pitre and Ken Mallen have fourteen each.

The table revised up to date is as follows:

Player.	Team	Goals Scored
Kerr	Ottawa	22
Walsh	Ottawa	20
Lalonde	Canadien	16
Smith	Renfrew	16
Ridpath	Ottawa	16
Darragh	Ottawa	15

Minard's Liniment Cures Diphtheria

MINES ALL IDLE

FERNIE, B. C., Feb. 24—The situation at Michel remains the same, the mines have been idle all day and men are awaiting the arrival of Secretary Carter and Vice-president Stubbs, who are enroute from Lethbridge and are being delayed by snow drifts which have delayed the west bound trains. The Coal Creek mines are working at full force and there is no indication so far of any trouble in that camp. The men allege that there is gas in the mine.

SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo. — "For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl." —Mrs. DEMA BETHUNE, Sikeston, Mo.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

It is more widely and successfully used than any other remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means had failed. Why don't you try it?

The New SUITS AND COATS Are In

Come and See Them

Prices $12.50 to $30

MEAGHER & CO.

Eagle Block Baker Street

A Safe Profitable Investment

Here is an opportunity to get a choice home, three minutes from postoffice, good nine room house, in good repair, all modern conveniences and on corner lot at less than house could be built for today. Price $3150, good terms. See us at once for particulars.

6-Roomed house, Observatory street, $15.00 per month, including water.

For Exchange

Some choice lots in Calgary, the fastest growing city in Alberta.

Population now 55,000.

Will exchange for fruit lands.

THOUGHTS OF SPRING AFFECT BUSINESS

Steady Improvement in Railway Traffic —Real Estate Active—Collections Not Heavy

WINNIPEG, Feb. 24.—The Commercial, in its weekly review of the business situation in the west, will say tomorrow: "Spring fever is affecting trade in the west. Mild weather has helped to diminish the demand for heavy goods. Although the snow is still a factor in the condition of the atmosphere, the commercial system has apparently resolved that spring is to prevail from now until the warm weather comes.

"A steady improvement in railway traffic conditions have gladdened the hearts of consignees in various portions of the west. Shipments that were expected before Christmas are now being delivered promptly, and before many weeks have passed the companies will have made good progress toward catching up with their obligations in the matter of freight deliveries.

"The fact that the railway earnings have begun to show big increases over the corresponding period last year means that a normal state of affairs is in sight. Real estate booms are being generated with much zest in cities in towns of the west. The money market does not warrant extravagant exploitation of land propositions at present. Loans are being placed freely with rates well maintained and the demand for funds is still largely in excess of supply. Investment concerns report payments good, but mercantile collections are not heavy. Retail trade is active with an excellent tone. Stock taking has shown that the merchants as a whole enjoyed a good year and they are looking forward to continued activity and prosperity during the present season

MARKET SHOWS REACTION

WINNIPEG, Feb. 24.—Cables came ¼d to ⅜d higher and there was considerable reaction after the break of the previous two days. The first No. 4 wheat for the opening of navigation was worked this morning at 5c under the May option. There was a moderate amount of No. 3 worked also. On the whole the market was a quiet one but showed a fairly wide range of values, May wheat selling up to 92¼c and closing at 91⅞c, or ⅜c to ½c over the previous close. July was up ½c to ¾c. Oats were ¼c lower, and May flax was down 1c. Chicago May was unchanged, July was ½c higher, and September was ⅝c up. Minneapolis was ¼c to ⅜c higher. The general tone of the market was steadier than on Thursday.

Winnipeg Market

Wheat—	Open	Close
May	92⅛	91⅞
July	93⅛	93
Sept.	..	88⅞
Oats—

JAPANESE TREATY RATIFIED

WASHINGTON, Feb. 24—The senate tonight ratified the new Japanese treaty of trade and navigation.

ADOPTS SIR JOHN'S RECOMMENDATIONS

Minister of Militia Declares That Suggested Improvements to Force Will be Made.

OTTAWA, Feb. 24—"We intend to carry out Sir John French's report so far as the whole force in Canada is concerned, perhaps not as rapidly as we would like, but not less rapidly than we have been progressing in this department in the past seven or eight years. The artillery will be increased to the strength it should have and the cavalry and infantry also, necessary arrangements will be supplied as rapidly as possible and divisions made as general's reports suggested."

This announcement made by Sir Frederick Borden, minister of militia and defence to the annual meeting of the Canadian Artillery association in the railway commission rooms of the house of commons this afternoon elicited prolonged cheers and enthusiasm from members of the association.

Report Gratifying.

Sir Frederick stated that the report had been immensely pleasant reading to him in so far as the artillery of Canada was concerned and he thought it should be very satisfactory to militia as a whole. General French had not considered in his report, and had not been expected to do so difficulties existing in Canada as regards the forming of regiments, getting officers and men, etc. He had been expected to report on the force as he found it, as a unit ready to take the field and he had done so.

"Our friends of the press published all about the report before they knew anything about it," said the minister "but since it was issued we have not heard so much about it. They have quieted down. It was a most fortunate thing for the militia of Canada that such a great authority as General French paid them a visit. I consider that his opinion is of more use to Canada than that of any other living man. It was not his business to look into difficulties. He looked at it as a fighting force. One of the difficulties met with in England also is in getting officers and men. We have to rely on men for officers who have a distinct taste for military work."

Sir Frederick in reply to a question told the association that he was submitting estimates to the cabinet for the sending of an artillery team to Great Britain this summer and he had great hopes that it would pass.

For the best and most satisfactory forms of

Accident, Insurance or Health Policies

covering every form of accident or sickness. See our latest proposition.

The Coronation

Of His Majesty King George V

will be the greatest Pageant ever known

Ceremonies: June 19 to 30.

ARE YOU GOING?

If so there are reasons why you should use

"The Royal Line"

Between Montreal and Bristol

The Royal Edward and the Royal George are the latest and newest steamers in the Canadian trade and their appointments are perfect. The Royal Edward holds the speed record between Great Britain and Canada—5 days and 20 hours Bristol to Quebec.

London is only 1 hour and 45 minutes from Bristol by special train.

SPECIAL CORONATION SAILINGS

Book now to secure good accommodation

Rates, sailings, etc., from H. W. Edwards, C.T.A., Can. Pac. Ry.; W. E. Rayment, Depot Agent; H. E. Douglas, C.T.A., Great Northern Ry., or from Wm. Stapleton, General Agent, 272 Main St., Winnipeg.

Pans greased with butter will make the bottom crust of pies soft and flaky and prevent them from being soggy.

Celery can be much improved by soaking it for an hour in ice-cold water in which a lemon has been squeezed.

To clean a copper kettle, rub it with powdered bath brick and paraffin and polish with dry brickdust or whiting.

If bread is wrapped in paraffin paper as soon as it is taken from the oven, it will keep fresh and moist much longer.

A pinch of salt and soda added to water in which tough meat or vegetables are boiled will make them more tender.

The LAST and Richest New Country on the Continent Is British Columbia

372,620 square miles (equal to 238,426,800 acres) of almost virgin territory—composed of thirty million acres of the finest agricultural and fruit land, fifty million acres of the best timber in the world, the balance containing millions of acres of the richest gold, silver, copper, lead and zinc mining country as well as the largest coal deposits on the continent; all will be opened up to development within the next five years by three transcontinental and other lines of railroad.

Seven railroads are chartered to build to Fort George, the geographical and strategic commercial center of British Columbia, and the natural supply point of Canada's great Inland Empire.

Fort George is at the junction of 1100 miles of navigable waterways, and will be one of the largest cities in the west.

You can get in ahead of the railroad and take advantage of the wonderful advance in values if you act quick.

Let us send you a free copy of "British Columbia Bulletin of Information," containing up to date development news and synopsis of government land, mining and timber laws.

Act quick; write today.

No. 82B (1909)

CERTIFICATE OF REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY

CANADA
Province of British Columbia.
Companies Act
(July 1st, 1910.)

I HEREBY CERTIFY that "Interstate Rubber Co.", an Extra-Provincial Company, has this day been registered as a Company, under the "Companies Act," to carry out or effect all or any of the objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the company is situate at the city of Spokane, state of Washington.

The head office of the company in this province is situate at the city of Nelson, and W. Mark DeCew, lumberman, whose address is Nelson aforesaid, is the attorney for the company, not empowered to issue or transfer shares or stock.

The amount of capital of the company is One hundred thousand dollars, divided into one thousand shares of one hundred dollars each.

The company is limited and the time of its existence is fifty years from the 17th day of May, 1907.

Given under my hand and Seal of Office at Victoria, Province of British Columbia, this 14th day of February, one thousand nine hundred and eleven.

[L.S.] D. WHITESIDE,
Registrar of Joint-Stock Companies.

The objects for which this company has been established and registered are:

To carry on and conduct a wholesale and retail business for the purpose of purchasing and selling all manner and kinds of rubber goods and accessories, cotton and leather belting, all kinds of hose, couplings, fittings and accessories, and in general to buy and sell all kinds and manner of goods of every nature, kind and description that may be convenient in carrying on the general business as above stated or which may be found necessary and be profitably handled in connection with said general class of goods as above specified; to purchase, own, acquire, sell and convey such real and personal property as may be found necessary and proper for the purpose of using in the conduct of said business or in prosecuting the object of said company; to create all manner and form of indebtedness and to evidence such indebtedness by its promissory note or other evidence of such indebtedness in writing, and to mortgage, assign, transfer and hypothecate any or all property owned as security for any existing indebtedness or any indebtedness then created or to be created; and in general to do all things necessary and requisite for the purpose of carrying out the object and purpose for which said corporation is formed; to purchase, own, acquire and convey in every manner stock of other corporations.

PACKING SCHOOL AT WILLOW POINT

One of Dates Given to Nelson Has Been Transferred to that Progressive Community

The progressive ranchers of Willow Point enrolled for the packing school to be held at Nelson in such numbers, that it has been found that the Willow Pointers alone equal the number required to be guaranteed in order to have a school. As announced a few days ago, the large number enrolled for Nelson caused the provincial department of agriculture to grant Nelson a second school, the dates fixed being March 6-11 for the first school, and March 23-29 for the second.

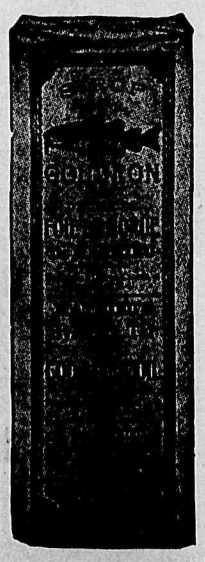
It has now been decided that, with the facilities that Willow Point possesses it is entitled to its own school. Accordingly the first school announced for Nelson will be held at Willow Point on March 6-11, in the new hall which is to be opened next Tuesday night by a dance.

The second school will be held at Nelson on the dates given above, March 23-29.

PUNCH PAID WELL

LONDON, Feb. 24—The will of the late Sir William Agnew, owner of Punch, has been probated. The gross value of the estate is £1,353,592. The will bequeaths three pictures to the nation. These include Reynolds' "Mrs. Hartley and Child," and Frank Holl's portrait of Sir John Tenniel.

Stops the Cough and Builds up the System



When you are all "run down" you catch cold easily, and your cough "hangs on". By taking

MATHIEU'S SYRUP

of Tar and Cod Liver Oil

you not only cure the local trouble but also permanently strengthen the whole body.

The Beech Tar in the Syrup is soothing and healing while the Cod Liver Oil stimulates the appetite and increases the weight and bodily vigor. Both are united in the pleasant tasting syrup.

The most successful Cough Remedy known today is Mathieu's Syrup of Tar and Cod Liver Oil.

Mathieu's Nervine Powders which sell in boxes of 15 for 25c. are the best treatment for any fever or feverish cold, as well as the best cure for headaches.

Large bottle 35 cents.

NELSON NEWS OF THE DAY

(Additional News Notes on Page Eight.)

At the Salvation Army on Tuesday, E. A. Crease will preside as chairman at the concert given by the Winnipeg Citadel Silver band, which will consist of 35 musicians. Any friends who would like to entertain some of the visiting bandsmen should notify Capt. William Richardson, S. A. hall, Victoria street.

R. W. White, who was brought back to the city from Rossland by Sergt. Ellis to answer a charge of having obtained $25 by false pretences from W. C. Wells of the Hume hotel, appeared before William Irvine, police magistrate, yesterday afternoon. He pleaded not guilty and requested that the case be adjourned for one day. It will be continued this afternoon at 2 o'clock.

The Westinghouse air sanding devices and airbrakes have arrived from the coast and a representative of the company will be in the city shortly for the purpose of superintending the installation of the machinery on the street cars. H. E. Douglas, secretary of the Nelson Street Railway company, stated yesterday that the directors expected the system to be ready to operate directly the streets are clear of snow.

Pick up your Pixies and pike for the Queen Studio. Special rates. 265-3

Strictly fresh eggs from local ranches at 40c per dozen, at the Hudson's Bay Stores.

Have you tried Choquette Brothers' Mothers Bread If not you should try it now. 262-6

Peter Piper Picked a Peck of Pepper corns. If Peter Piper Picked a Peck of Peppercorns to where do Pixies Pike—to the Queen Studio of course. 266-2

At the Nothing-Over-25c Variety Store there are some very fine vases on show at 25c. Saturday's specials on show today: Framed pictures, including real oil paintings, at 25c, while they last, but call early; 15c large sponges at 5c. 264-4

THE "PIXIES" PHOTOGRAPHED

Don't forget the hour to a minute that you are to be photographed at Campbell's Art Gallery today, under instructions of your director, W. A. Milne, who has given you the appointed time to be at the studio. Campbell's Art Gallery, 715 Baker street.

To all persons who have made appointments for sittings for photographs at Campbell's Art Gallery on Saturday: We wish to ask them to kindly postpone same to another date, owing to certain arrangements having been made by W. A. Milne, on short notice, for Pixies photographs. Please consider. Campbell's Art Gallery, 715 Baker street.

7.30 a.m.—Address, "Things to Be Condemned in Nelson."

Next Sunday Rev. Herbert Booth will speak three times.

INCREASES IN RATES DISALLOWED

Interstate Commission Renders Anxiously Awaited Verdict—Concedes Increased Revenue Needed

WASHINGTON, Feb. 24—In both the eastern and western rate cases the interstate commerce commission yesterday announced that the railroads are not entitled to any increase in rates. The commission disapproved the proposed advance in rates and orders the carriers by March 10 to withdraw the proposed rates, leaving the old rates in effect. In the so called southwestern cases the commission declines to disturb either the commodity or the class rates thus in effect authorizing the advances recently made by the railroads except as to third, fourth, fifth and sixth classes, on which the old rates are ordered restored.

Proposed advances in class freights in official classification territory aggregating among all the railways in the territory approximately $27,000,000 a year, was disapproved by the commission. In the cases involving the increases by the railroads in western trunk lines territory the commission also declined to approve the proposed advances in commodity rates. The carriers in both cases are required to cancel on or before March 10, their advanced tariffs and restore their former rates, which are the rates now in effect. If this requirement be not complied with, the commission will issue a formal order suspending the proposed advances and putting into effect the existing rates for at least two years.

No Advances

After considering exhaustively the whole subject, however, from every view point, the commission could not see its way clear to grant any advance in rates, although it concedes that in the case of some of the roads an increased revenue is needed. In what is known as the eastern case the commission was embarrassed by the admitted fact that several of the lines in the territory were not paying good dividends upon existing rates while other carriers in the same territory were barely able to make both ends meet.

At the time the tariffs were filed the commission had no authority to suspend advances in rates pending an investigation of their reasonableness but, after conferences with the commission and with President Taft, the railway officials agreed voluntarily to extend the rates until August 1 and in the meantime, on June 18, the present law was passed, giving the commission the power to suspend rates. Subsequently the proposed tariffs were again suspended voluntarily, first until Nov. 11 and later until Feb. 1, 1911. The commission found itself unable physically to conclude its consideration of the cases by Feb. 1, and again the rates were suspended until March 15.

In withholding finally its approval of the proposed increases the commission holds, and its decision in both the eastern and western cases was unanimous, that the carriers did not in the proceedings sustain what the law imposes upon them, the burden of proof that absolute necessity existed for the advances proposed.

MURDER TRIAL

KENORA, Ont., Feb. 24—Following the inquest this morning on the body of Dimitra Pritka, the victim of Wednesday morning's tragedy, John Berillo, the perpetator of the deed, appeared before Magistrate McLennan on a murder charge. Crown attorney McGillivray conducted the prosecution while J. A. Kinney appeared for the accused. Two witnesses Pietro Pelidero, an Italian section man, and Mike Powlike, a Galician who were present at the preliminary hearing yesterday, were examined again today but no added information was given which could throw a new light upon the motive for the crime.

Her Secret

Why She Always Looked So Young

Everyone refers to her as one of the most attractive women in town. It wasn't her features, for while regular, they were not unusual. But the charm lay in the head of splendid, vigorous hair that made a veritable crown. It had that peculiar lustre and the sun gave it an added brilliance—you couldn't look at her without unconsciously commenting on the beauty of her hair.

When asked how she kept it so beautiful she replied that it was no secret, simply proper shampooing, regular combing and the conscientious use of Hirsutone. She admitted it had not always been in that condition, but that she found Hirsutone the best thing she ever got for the hair. It gave the scalp such a cool, refreshed feeling, and the hair was so much easier to dress after its use.

There are plenty of heads that would be just as attractive for Hirsutone soon brings the hair and scalp into good condition.

Your Nyal Drug Store will cheerfully guarantee Hirsutone to do all that is claimed for it, and every woman owes it to herself to try it.

Sold and guaranteed by The Poole Drug Co., Ltd., and W. Rutherford, Nelson.

Pleasant Price Surprises In Spring Suits

Whether one pays $18 for a Fit-Reform Tweed or Fadeless Serge, or $30 or $35 for an exquisite English Worsted Suit, the value is unmistakable.

Fit-Reform prices are so far below what the styles and fabrics seem to warrant, that each price is a pleasant surprise.

Fit-Reform are the least expensive garments you can wear, simply because they are the greatest values.

It is impossible to duplicate Fit-Reform styles, Fit-Reform fabrics, Fit-Reform tailoring, for anything like Fit-Reform prices.

FAIRY SPECTACLE DELIGHTS AUDIENCE

Bumper House Watches Charming Performance of "Pixies"—Clever Little Actors—Twice Today

"The Pixies" a fairy extravaganza by W. A. Milne was most successfully presented to a capacity audience at the opera house last evening by a cast of 200 Nelson school children, assisted by Mrs. A. Seaman, Miss Muriel Bate, Miss Nellie Annable, Miss Evelyn Bate and H. T. S. Reynolds together with the Amazon guards and the Japanese ladies and Mrs. W. Astley as accompanist, the whole performance being under the personal direction of the talented author, Mr. Milne.

For over two hours the greatly pleased audience lived in fairy land and enjoyed the fun and frolic of the little people representing the gallant Pixies the wicked goblins and the charmingly pretty fairies, ably assisted by the Brownies, butterflies, insects, pickaninnies, monkeys, flower girls and pages.

The Amazon guards, the Japanese maidens and the flower fantasio were three leading features worthy of special mention.

The plot of the pretty musical fairy spectacle is exceedingly simple. Act 1 in the garden of Queen Titania at night disclosed the fairies at their revels when the wicked goblins enter and kidnap little "Sunshine" and prepare to boil her in their cauldrons. The fairy queen summons the brave Pixies to her aid and in Act 2 laid in the night meeting the goblins, a terrific battle ensues in which the Pixies conquer the goblins, little Sunshine is restored and joy once more reigns in fairyland or in other words good triumphs over evil.

As can be readily understood, the training and correctly costuming such a large body of children for their special tricks is an exceedingly difficult matter and both Mr. Milne and the school children are to be most heartily congratulated upon the most complete success in every way of last evening's charmingly pretty performance. The chorus singing went with a vim that was truly delightful and the little people thoroughly enjoyed their own share of the spectacle. The military drill and the dances, elicited warm and oft-repeated applause that was decidedly well deserved. All the musical numbers were well done and the whole performance was a treat from start to finish.

Miss Nellie Annable, as she always does, sang her solos most charmingly and acted her part most gracefully and effectively and the same can be said of Miss Muriel Bate, who divided with Miss Annable the musical honors of the evening. The duet "When Hearts Are True" and the encore "You and I" sung by Miss Bate and Miss Annable was possibly the best musical number of the evening. Miss Evelyn Bate's "To the Aid of the World With You," was also worthy of special mention.

Little Miss Rose Hillyard's "I Can't Forget You Honey" was deservedly and rapturously encored and later on the same little lady was warmly applauded for her dancing.

The Amazon guards made one of the best hits of the evening. They looked their parts admirably and went through their graceful drill in perfect precision. The Japanese maidens danced and sang most acceptably and the flower fantasie, with Rose Hillyard in a solo dance, was also worthy of special mention.

The Pixies, goblins and the Brownies provided plenty of fun and provoked repeated roars of laughter from the large audience, by their antics. The musical program was as follows:

Solo—Cradle Song..... Miss Nellie Annable
Chorus—Hail to the Morning Sun ..... The Fairies
Chorus—We Will Strew Her Path ..... The Fairies
Quartet—Four Little Butterflies ..... The Butterflies
Solo—I Can't Forget You Honey ..... Rose Hillyard
Chorus and dance—Hobgoblins Are We.. ..... The Goblins
Chorus—Off with a 'St.' We Go..The Pixies
Solo—I Am the Prince....Miss Muriel Bate
Chorus—The Maple Leaf Forever ..... The Pixies and Fairies
Amazon march and drill....Amazon Guards
Chorus—Victory Will Crown Us..... Pixies and Fairies
Chorus—Let Our Cauldrons Boil ..... The Goblins
Duet—A Happy, Roving Pair ..... Jack Thompson and Fred Fletcher
Solo—Chinaman Will Mally..Jas. Hammond
Solo—All That I Want Is Love ..... H. J. S. Reynolds
Solo—Love Is Tyrant.....Miss Muriel Bate
Chorus and drill from "The Geisha" .... The Japanese Maidens
Scarf drill, solo dance by Rose Hillyard.. ..... The Flower Fantasie
Duet—When Hearts Are True ..... Miss Annable and Miss Bate
Solo—The Plan of a Woman..Miss Annable
Duet—Mammy's Black Lambs ..... Chester Bradshaw and W. Smith
Solo—To the End of the World With You ..... Miss Evelyn Bate

The performance will be repeated at the matinee this afternoon commencing at 2.30 and again this evening for the last time at 8.30.

For Sale

Judge Forin has instructed us to sell his lake front property, opposite the shipyards, comprising: Two cottages furnished for summer use, including a Newcombe piano which cost $400, and over an acre of land, beautifully situated overlooking the lake and city.

One cottage of six rooms, with a large open fireplace in the living room; the other with a living room 16x16, and a summer kitchen. Each cottage has a cooking range and a commodious cellar, also water piped to door.

Also a boat house built last summer, with two Peterboro rowboats.
