VOL. 8 NELSON B. C., WEDNESDAY MORNING, JUNE 16, 1909 NO. 48

AT VANCOUVER

Premier McBride Opens New Bridge

PROMISES AID FOR ROADS

ADDRESS BY MAYOR OF CITY OF NORTH VANCOUVER IS LONG LIST OF PETITIONS—MAYOR DOUGLAS WANTS FALSE CREEK IMPROVED

VANCOUVER, June 15—One of Vancouver's best known citizens, Mr. Charles Woodward, of the Woodward departmental stores, was married in Toronto on June 8th by Rev. L. W. Hill, to Miss Alice Jane Farrow of that city. Miss Farrow is prominent in social circles in the Ontario capital. Mr. and Mrs. Woodward left immediately after the ceremony for New York and sailed from there for Europe to spend their honeymoon.

During his trip to Ottawa, on which Mayor Douglas will start tomorrow evening, his worship will stop off in Chicago for a few hours, during which time he will confer with Mr. A. E. Howard of the G. N. and N. P. railways concerning the plans of his principals regarding the improvement of the basin at the head of False creek. It is probable that the result of the meeting will be an arrangement by which Mr. Howard will come to the city during the summer with a definite outline of improvement of the basin.

The ceremony of the opening of Seymour Creek bridge by the municipality of North Vancouver served to attract the most noted officials of the provincial government across the inlet and fortunately the weather although threatening, held off until Premier McBride had formally declared the bridge open. The bridge is a steel structure and was finished some time ago. When the mayor and council of the city of Vancouver made their annual trip to the Seymour creek dam a few weeks ago the new bridge was inspected and very much admired.

The premier arrived from Victoria this morning by the Charmer and was accompanied by minister of public works Taylor, other officials having preceded him on the steamer yesterday. The premier did not go over the creek as expected, but followed the party which left the municipal hall shortly after 9 o'clock going out in an automobile and arriving about the time the ceremonies were begun. After the annual exchange of felicitations the mayor of North Vancouver began his address to the premier, and the entire party listened to the reply to the address grouped on the steel structures.

"The council heartily appreciates the work of road opening undertaken by your government at the sale of government lands some time ago and the work now being done by your workmen upon the roads promised, and we earnestly hope that this work will be carried out in great measure this season. But we take this opportunity to most respectfully lay before you and your colleagues what we regard as very strong claims for financial assistance from the provincial treasury to assist with the general road work of the district, and in particular with the opening and improvement of such main trunk roads as the Keefe road from Deep Cove to White Cliff, the Capilano road to the large and beautiful upper Capilano valley with its wealth of timber and a road to similarly open up the great and rich Lynn and Seymour valley, with their mines and timber. We desire also to approach you on the subject of giving aid to secure the construction of a joint railway and traffic bridge across the second narrows to connect this district with the railroad and put an end to its insularity, and also to build a few miles of railway in North Vancouver. We have already on several occasions stated reasons for urgency in this matter and those we need now materially. If a joint understanding is deemed best we are willing as a council to recommend the district ratepayers to be a party to it in a substantial way provided your government agrees to contribute as much to its aid as the district ratepayers are willing to invest in the undertaking."

Congratulatory speeches on the completion of the Seymour Creek structure and re-assuring ones relative to the second narrows matter were made by Hon. Messrs. McBride, Carter Cotton and Taylor.

The provincial government will throw a portion of the Prince Rupert waterfront property open to lease for a term of five years. They will be put up to auction here.

The Vadse today brought over a gunwale of spruce lumber from Swanson for the Kaiser's new yacht.

Claimant Nonsuited

WINNIPEG, June 16—The suit of Rose v. lord Strathcona and Mount Royal, involving the ownership of Silver Heights, four miles west of the city, came to a sudden conclusion in Mr. Justice Mathers' court this morning. When the case was called M. G. McNeil, for the plaintiff, stated that the plaintiff had no evidence to offer, consequently judgment was entered for the defendant with costs. The judgment declares that the plaintiff has no estate or interest in the lands in question in the action and directs that the caveat lis pendens filed by the plaintiff be discharged and the action dismissed with costs.

A LIBERAL PRESBYTERY

FREE, THINKING THEOLOGIAN IS ADMITTED TO PULPIT

REJECTS BIBLICAL ACCOUNT OF FALL AND INCARNATION

NEW YORK, June 15—Although Rev. Archibald Black, a young Edinburgh theological graduate, declared that he does not believe the biblical accounts of Adam and Eve, the virgin birth or the resurrection, he was today admitted to the pulpit by the New York Presbytery after a warm debate on heresy. His case was recently held up and taken under advisement.

Among the questions fired at the young theologian during the examination today were the following:

"Don you believe the story of Adam and Eve, as related in the bible?"

"Not in its literal sense; I accept it as a figure," he replied.

"And do you not believe they fell from eating the apple?"

"No."

"Do you believe in the virgin birth of Christ?"

"I believe that Christ is divine, but I do not accept the story of the virgin birth."

"What is your position on the resurrection?"

"I do not believe in the flesh and blood resurrection of Christ."

Rev. Dr. Wylie of the Scotch church, Rev. Dr. Richards of the Brick church and Rev. Dr. Duffield of Old First, supported Mr. Black's theological position before the Presbytery.

NEW MINING ROAD

W. P. Tierney Examining Route Before Beginning Building

(Special to The Daily News.)

PHOENIX, June 15—Mike Basta, Steve Basta and Joseph Matig, Austrians, were yesterday sent up for trial before Judge Brown at Greenwood on a charge of stripping clothes lines and other general thieving in Phoenix. The goods found in their rooms and with which they are charged with stealing would indicate that they had been plundering on a wholesale basis.

W. P. Tierney and son J. B. Tierney C. P. R. railway contractors, are here this week for the purpose of looking over the route of the new railway to run south from Wellington camp to tap the British Columbia Copper company's mines and other properties.

Christina lake promises to be a popular summer resort for Phoenix residents with the new Sunday schedule of the C. P. R. in operation. A score of Phoenicians returned yesterday from spending a day or two at the lake. The Phoenix orchestra had been supplying music on Saturday evening for the Christina hotel, owned by Ole Johnson. Local boating enthusiasts are organizing the Phoenix boat club, O. H. Smith, L. Y. Birnie being the prime movers. They have purchased boats and a gasoline launch and their club house at the lake is now almost completed.

Chas. D. Hunter of the Hunter-Kendrick company, returned Saturday from a trip to Fort George where he has been on a prospecting trip. He made the trip from Quesnel to Fort George on the new boat on the Fraser river which was on its maiden trip.

C. H. Shaw, C. E. has just completed a map of the Boundary district for the British Columbia Copper company. The territory mapped embraces all that part of the district fro Central camp to Kimberley and from the north fork to the main Kettle river, from Grand Forks to Midway

It is proposed to move Phoenix school to a more suitable location in the city and enlarge it during the summer vacation. The Granby company has offered three desirable lots for a site and it is expected that about $500 will be spent in an addition to the building.

Looks Like Persecution

SEATTLE, June 15—The effort to deport to Japan K. Hirade, now detained at Vancouver, charged with importing Japanese women, will be resisted by every means in the power of Seattle Japanese. It was announced today that Hirade was president of the Oriental American bank, and owner of a large merchandise store. Consul Tanaka says that the charges are false. Chief of police Irving Ward says the police know nothing of Hirade's alleged connection with a resort in Seattle. Canadian and American immigration officers have been cooperating lately to break up the traffic in Japanese women.

Unsoldierly Conduct

LONDON, June 15—There promises to be a most interesting scandal as the result of the investigations being conducted by the military authorities into the scores made for efficiency pay. Scores throughout training so far have been remarkably high and more than double the usual percentage of men have qualified for first class pay. It has been discovered, however, according to reports, that the best shots in the regiment have been impersonating and shooting for poor shots. It is expected that a large number of men will be disqualified from receiving any efficiency pay at all as a result of the court of enquiry.

VISIT OXFORD

Press Delegates at Ancient University

ONE OF EMPIRE BUILDERS

WINSTON CHURCHILL HAS NOTHING TO SAY ABOUT ALL RED ROUTE — SOCIALIST MEMBER OF COMMONS MAKES UNSEEMLY ATTACK ON CZAR

LONDON, June 15—The delegates to the imperial press conference are spending today within the historic confines of Oxford university. A reception was held in their honor this afternoon and this was followed by a luncheon given by the chancellor, lord Curzon in the library of All Souls. Lord Curzon spoke of the part Oxford had taken in empire building.

This evening they proceed by special train to Sheffield over the Great Central railway. Tomorrow will be spent in the famed city of cutlery.

In the commons today Mr. Winston Churchill, president of the board of trade, informed the members that he was not yet in a position to make any statement regarding the establishment of an all-red route, negotiations in connection with which were promised at the imperial conference.

William James Thorne, the rabid socialist member for Westham, got up quite an excitement in the house of commons this afternoon by a heated denunciation of the emperor of Russia in connection with the sovereign's proposed visit to king Edward during the Cowes regatta. Mr. Thorne, in the guise of a question to foreign secretary Grey, declared that there was intense feeling in this country against the visit. The speaker called Mr. Thorne to order but the member would not be quieted and shouted out: "It will be a good job if the Russian emperor gets his deserts when he does come; he is an inhuman brute." The speaker's efforts to stem this abuse were quite ineffectual until an uproar of protests from the other members drowned Mr. Thorne's invective.

The Daily Mail editorially hopes that manufacturers will respond without delay to our Grey's invitation in connection with the exhibition at Toronto and anticipates an excellent exhibit, justifying the setting apart of a whole building for British manufacturers in 1910.

EXCITING BEAR HUNT

Fernie Young Men Had an Experience Worth Remembering

FERNIE, June 15—A party of young men had an exciting trip up Mount Fernie yesterday and will not soon forget their experience. When nearing the top of the mountain they suddenly came across two large bears and as they had no rifle with them they beat a hasty retreat. One of the men, however became separated from his companions and was not missed until the party reached town in the evening. They notified the provincial police but as it would have been useless to send out a search party during the dark hours, no effort was made to find the missing man until this morning. After a thorough search this morning the missing mountain climber was found in the heavy brush about two miles from where he was last seen the day before. After becoming separated from his companions he wandered into the bush and when discovered was suffering greatly from exhaustion and lack of food and was glad to reach civilization once more.

The fat men's baseball team went down to defeat this evening before the coal company's fast aggregation who won the game by the large score of 21 to 5.

Mr. justice Morrison arrived in town tonight to preside over the assizes which open tomorrow. W. A. Macdonald, K.C. and S. S. Taylor, K.C. of Nelson, also came into town in connection with the sitting of the court.

E. B. McDermid of Nelson came in on the eastbound express tonight.

Says Route Impracticable

MONTREAL, June 15—Thomas Mackenzie, Hudson's Bay factor from the Moose factory, arrived in the city today. Regarding the Hudson bay route for shipment of western grain, Mr. Mackenzie says it is impracticable. He has been up in the region for 20 years and has seen the ice come in the bay in September, and has known Hudson's Bay company's boats to be stuck in the ice for 10 days. The railway will be all right, but steamships will not be able to run on schedule time and there will be no money in it. Last year he started for the old country on a year's leave but his vessel was wrecked on the way out and he had to give up his year's holiday.

Capitalists on Cruise

VICTORIA, June 15—Captain Porter of the steamer Yucatan today made arrangements with collector of customs J. C. Newbury to grant privileges to a steamer which has been withdrawn from the merchant registry temporarily to make a yachting cruise from Seattle July 12, taking a party including J. Pierpont Morgan, one or more of the Guggenheims, John Hays Hammond, Mr. Eccles and thirty others to Northern British Columbia and Alaska. They will inspect the railroad from Cordova and the Guggenheim mines.

MEETING THIS AFTERNOON

There will be a joint meeting of the executive of the Nelson Conservative association and the Young Conservative club in the rooms of the latter this afternoon at 5 o'clock in order that arrangements may be made for the reception of Hon. Richard McBride and Hon Thomas Taylor who will be visiting the city and district shortly.

WAS EXCLUSIVE SOCIETY

MONTREAL FIREMEN HAD TO PAY INITIATION FEE

REGULAR SYSTEM OF ENTRANCE AND PROMOTION

MONTREAL, June 15—There appears, according to the evidence given before the royal commission, to have been a regular system of payments for obtaining appointment to the Montreal fire brigade, and once in, of obtaining promotion. A number of firemen went on the stand and swore that they had paid money to get on the force and some of them identified sub-chief Martin as the man who got the money, though they believed that the money so go was to go higher up, one witness expressing the belief that Chief Hemet was to get part of it. A man named Desautes also appears to have been concerned in the business, acting as broker.

Sub-chief Martin was put on the stand in the afternoon and it developed then that he could not tell. He denied ever having received any money or that he even knew that it was common talk in the brigade that the only way in which to obtain promotion was to pay for it.

The matter is to be further investigated. The firemen, unlike the police, on joining were not compelled to sign a declaration that they had not paid any one for the purpose of securing appointment. Policemen could not have given the evidence the firemen are giving without having committed perjury.

WORK ON ROADS

Surveyors and Road Makers are Busy Round Nakusp

(Special to The Daily News.)

NAKUSP, June 15—The government have their road and survey gangs together here and will start immediately on the Burton trunk road as well as other roads among the districts. Mr. Twiss outfitted here and leaves with his crew for survey work at Arrowhead tomorrow today. Road Superintendent McLean of New Denver is employing men for actual construction.

About twenty-five ship carpenters are leaving today for Revelstoke where they will build a new barge for the Columbia lake service.

A pleasing ceremony took place in the Anglican church yesterday when Mr. H. Robinson was married to Miss Alice Montgomery, a recent arrival from England. The Rev. W. T. Johnson, rector, officiated and Mr. Broadbent of Arrowhead and Miss P. Edwards of Nakusp served as best man and bridesmaid respectively. The happy young pair duly retreated during the evening and left for their home this morning.

There is every indication of the sports to be held on Dominion day being on a much larger scale than any previous year. A thousand dollars will be distributed in prizes. Among the chief events will be a Caldbingman parade, launch and boat race. During the evening there will be an illuminated boat parade on the lake, ending with a grand ball at the K. of P. hall. A large number of visitors from the lake points are expected.

An exciting contest is being participated in in connection with the election of queen of the celebration. Tickets are bought a five cents each and deposited in a ballot box, the result of the voting being posted daily.

Party of Germans arrived in town today to look up the coal situation with a view of buying. The apparent chief of the party is a man of huge proportions, weighing about 400 pounds and created considerable interest to the spectators as he disembarked from the steamer.

The water in the Arrow lake is rising gradually, having reached 22 feet 2 inches above low mark.

Miss Jorgensen arrived today from Nelson to accept the position of stenographer with the Natural Resources Security company, of which Mr. G. J. Hammond is head.

C. W. Hurst of Hartland, N. B., is expected to arrive early in July and intends starting a jewelry store.

There is an excellent opening here for a capable shoemaker, and other branches of business are bound to follow with the development of the town.

The work of outfitting the Canadian Bank of Commerce branch is about completed, all the furniture having arrived.

Mr. and Mrs. Howell, Sr., returned to their home in Hammond, Ont., yesterday after a pleasant visit to Mr. and Mrs. Jordan.

Constable Devlin returned from a visit to Nelson today.

J. H. Schofield, M. L. A., was a passenger on the steamer Rossland to the coast today.

Three parties were brought face to face with the new law in regard to lighting fires on their land without a permit, but the cases were dismissed at the police court after a warning from the magistrate. This was the first case here under the new law, and the majority of farmers are not aware of its existence.

The Usual Preliminaries

PITTSBURG, June 15—James J. Jeffries, retired heavyweight champion of the world, received a great ovation at Duquesne Garden here tonight where he engaged in a six round bout exhibition with his sparring partner, Sam Berger. Jeffries appeared to have lost a great deal of his weight but was still heavy. He was extremely fast on his feet and very quick with his hands.

BOSTON, June 15—Jack Johnson, the world's champion heavyweight, appeared at the regular Tuesday night bouts of the Armory Athletic association tonight and boxed three fast exhibition rounds with George Byers, a trainer. Johnson made a speech in which he stated that no one had yet covered the $500 forfeit he had posted on returning from Australia.

Slavonia Total Loss

LIVERPOOL, June 15—The captain of the Cunard line steamer Slavonia, which was wrecked on Pore Island in the Azores, telegraphed that it is impossible to save the vessel and that she will be a total loss together with all the baggage of the saloon passengers that was in the hold.

NOT IN PARIS

Steel Stock Not Listed on the Bourse

VETOED BY GOVERNMENT

OBJECTIONS RAISED ON GROUNDS BOTH OF LAW AND OF PUBLIC POLICY—FRENCH INTERESTS ALSO PROTEST AGAINST FAVORS TO FOREIGNERS

PARIS, June 15—A morning paper states that M. Caillaux, minister of finance, has decided against the listing of common tock of the United State steel corporation on the Paris bourse because, first, the government cannot legally entertain an application for the listing of stocks which has not been made by the person issuing the stocks and in this case the application was made by a "banker's trust." Second, it was proposed that a bankers' corporation should issue certificates to represent the shares which is also held to be illegal." In addition technical objections were raised by the treasury department and a strong protest was lodged with Premier Clemenceau, M. Caillaux and M. Pichon, the foreign minister, by secretary Gillain of the comite des forges de France against compromising the principal metallurgical undertakings of France ad against the exceptional treatment accorded a foreign corporation.

LECTURES TO FARMERS

ADDRESSES DELIVERED TO MEMBERS OF LOCAL INSTITUTE

POULTRY RAISING AND FRUIT CULTURE DEALT WITH

The first spring meeting of the West Kootenay Farmers' institute was held in the city hall last evening with J. E. Annable in the chair.

The first speaker was A.Goldsmith of Kaslo, Mr. Goldsmith dealt with poultry raising, and first gave some advice to the beginner. First he should choose the variety of chickens. He should start in with 20 or 30 birds and if making on the business afterwards launch out on a larger scale. The next important thing was the buildings for the poultry. They should be on high ground, facing the south. From six to eight cubic feet of air should be allowed for each bird. He advocated simplicity in design, it was unnecessary to spend a large sum of money. It was, however, important that there should be no draughts reaching the inmates, but there should be plenty of fresh air. He had tried many systems of ventilation. The best plan was the muslin windows which kept the air pure while allowing it free passage. The chickens must be provided with dust baths in which they could free themselves of vermin. It was also advisable to spray the birds at frequent intervals with a mixture of two ounces of carbolic acid to one gallon of water. The best rations for chickens were barley, oats and wheat and they should be fed sparsely and at short intervals. Green feed should also be given and they must have a plentiful supply of clean water, grit and a little meat. At this time of year there were many complaints about eggs not hatching. This was chiefly due to bad feeding. They should be given nothing but dry food. With regard to raising very young chickens he found that they thrived best if fed off a dry board. They should be let out on the grass as soon as possible and they should not be allowed to take too much water. He warned his audience against overfeeding.

With regard to killing and marketing poultry it was advisable to bleed them from the side of the neck and to pluck them while warm. Hot water must never be used in plucking and they must not be packed until cool. The lecturer next spoke of the necessity for careful grading, remarking that the extra trouble taken in this respect would aways be amply repaid.

M. S. Middleton of Vernon spoke of the fruit industry and commenced by pointing out the value of sending specimens of apples to large exhibitions. In order to have good specimens to exhibit it was necessary to have good foundation stock which should be selected with the greatest care. He thought that one of the best methods was to cut buds or grafts from trees which were producing good fruit and to send them to a nursey man to graft or bud on to wild stock. Cultivation was an extremely important matter and he advised his audience to continue work on the soil of their orchards up to the middle of July. He pointed out the value of cover crops such as rye, clover and vetches which protected the land against the hot sun and caused it to retain its humid qualities.

In answer to a question regarding canker the lecturer mentioned that the softer varieties of trees such as the Spitzenburg, Baldwin and King, were especially susceptible to the disease. Poultry were of value to an orchard inasmuch as they ate a large number of insects and grubs.

The meeting closed with an informal discussion on the damage done by gophers and the various methods of destroying them. It was stated that it was difficult to discover a poison medium which the animals would eat.

A general discussion followed in which Mr. Middleton was asked and satisfactorily answered many questions. This was one of the most interesting features of the evening, many of the points taken up being of special interest to ranchers at the present time.

TROUBLE OVER A CLAIM

TWO LOCATIONS FOR VALUABLE PROPERTY NEAR CITY

WORK OF SURVEYING FOR CROWN GRANT BEING RUSHED

Mining men in the city are at present watching with the deepest interest a fight between rival locators for some claims situated on a mountain facing Cottonwood creek, about 3 miles along the Great Northern track from the Mountain station. The parties concerned are Alfred H. W. Crossley, R. W. Hinton and Thomas J. Scanlan and W. Maher.

The claims over which the dispute is raging are the Vista and the Golden Horseshoe which, according to the government records, were located on April 11 last by R. W. Hinton and A. H. W. Crossley. The claims covered the ground formerly occupied by the old Robin Hood, a property upon which some $5000 has been spent, before the title was allowed to lapse, by the former owners. The first location, was over other large holdings in that vicinity, knowing the direction of the Robin Hood lenz and feeling confident that the showings were of high value, staked the Vista and the Golden Horseshoe to cover the whole of the ground of the old claims. The Sunday after April 11 the names and locations of the two claims were published in The Daily News. A few weeks later, on Sunday morning, May 23, in The Daily News was published the location of three claims, the St. Elmo, the St. Anthony and the Gold Quartz, on the same mountain by W. Maher, T. J. Scanlan and Myndo G. Scanlan respectively. The first mentioned parties on investigation found that the first two of these overlapped the Vista and Golden Horseshoe. Believing that some mistake had been made the locators of the last named claims saw the locators of those registered later, Messrs. Scanlan and Maher, but evidently no satisfactory adjustment has been arrived at as in the meantime Messrs. Crossley and Hinton have given a bond on the two claims to T. Moran. This action started the field in earnest. On Saturday Messrs. Scanlan and Maher sent out a party of surveyors in order to make a survey of their claims with a view to getting a crown grant. The next morning the rival party also sent out a survey party and a race between the surveyors followed, each of the parties of the dispute concerning the claims wishing to obtain the initial advantage of getting the application for a crown grant in before the other. Neither survey has yet been filed at the government office and the result of the race is being watched with much interest by all those "in the know."

That the dispute will be carried to the courts is almost certain as both parties have expressed their intention of fighting the matter to the bitter end. Each is confident of victory, each believing the opposing party to be in the wrong.

The claims in dispute are especially promising prospects. The Chicago Mining world of June 5, in its review of British Columbia mines, deals with this group as follows:

"A load on the Anthony claim, near Nelson, was uncovered by T. Maher recently that carried from $3 to $17 in gold. This property was once known as the Robin Hood. The new lead has been exposed for 50 feet."

The Law's Delay

SAN FRANCISCO, June 15—Analysis of the testimony and reviews of the evidence in the Calhoun case occupied the time of the court today and A. J. Moore, senior counsel for Patrick Calhoun, began his argument on the charge of bribery against the president of the United Railways. Mr. Moore's argument is expected to occupy tomorrow's session. The case will probably go to the jury on Friday.

Duma Prorogued

ST. PETERSBURG, June 15 — The duma has suspended work for the summer, having been prorogued by imperial order until Oct. 22nd. The results of the sessions, although not reaching expectations at the beginning of the session, included the passage of a number of important bills, and examination of the budget was finished only last week.

Veteran Sailor Dead

VANCOUVER, June 15—Capt. Donald McPhalden, one of the best known sailors on the Pacific coast and for many years shipping master at the port of Vancouver, crossed the bar at eight bells, midnight. He was 81 years old and was a figure associated with the life of Vancouver from her cradle.

Brodeur's Daughter Married

OTTAWA, June 15 — Miss Bertha Brodeur, daughter of Hon. L. P. Brodeur, minister of marine and fisheries, was married this morning to Joseph de Lorimier of Montreal. Owing to the illness of the bride's mother the wedding was quiet.

Seriously Burned

ROSEBANK, June 15—A serious accident occurred here early this morning. Mrs. Steves, wife of H. M. Steves, a hardware merchant, was lighting a coal oil stove and in some way her clothing became ignited and she was terribly burned about the face and body. Very little hope is held out for her recovery.

Unlimited Loyalty

WELLINGTON, N.Z., June 15—The house yesterday unanimously approved the government's offer of a Dreadnought, or two if required, to Great Britain.

Fatal Kick

DAVIDSON, Sask., June 15—William Rutherford, residing 18 miles northeast of here was fatally injured by being kicked in the abdomen last evening by a horse.

ONLY AMUSING

American Counsel on Late Crusade

NEVER AN HONEST EFFORT

MR. UNTERMEYER SAYS CRIMINAL MONOPOLISTS CAN BE CAUGHT AND PUNISHED WHENEVER THE GOVERNMENT REALLY MAKES ATTEMPT

NEW YORK, June 15—"Whenever the government really wants to bring the criminal rich who are managing these conspiracies, that are notoriously violating the criminal law, within the penalties of that law, it will be not be difficult. There never has been an honest, intelligent effort to enforce the ample provision of the laws against monster monopolies. Somehow or other it looks as is the power of these men is too much for the government."

The foregoing sums up in brief the gist of a statement issued in New York today by Samuel Untermeyer, who was counsel for Adolph Siegel of Philadelphia, builder of the Pennsylvania sugar refining company or the trust, in the federal courts. The statement was issued just before Ur. Untermeyer departed for Europe and was in a way an answer to inquiry as to whether his client, Mr. Siegel, intended to press the prosecution of the sugar trust on the basis that the recent settlement was a practical admission of guilt.

"What would be the use?" said the lawyer. "The sugar company has been a consistent lawbreaker ever since its birth. Its activities in congress have been one of the scandals of the country for many years. It has robbed from the public and ruined its would be competitors. But it is no worse than many of the others in its criminal activities and not quite so bad as some. This suddenly aroused virtuous abhorrence of its methods is amusing. It accidentally happens at the moment to be the scapegoat, but, as the government has waited until after the principal offenders are dead, it does not much matter."

Defies State Tribunal.

BORDEAUX June 15—Cardinal Andrieu, who has been summoned to court charged with having incited a breach of the laws by the allocution he pronounced at the cathedral on the occasion of his enthronement, has sent a letter to the judge in which he formally refuses to appear in court to answer any charge in connection with the separation law. The Cardinal writes:

That law has become non-existent for Catholics the minute their supreme chief, the incontrovertible guardian of the morals of individuals and nations, condemned it as inimical to the proper authority and liberty of the church."

Another Trial for Blythe

OTTAWA, June 17—Hon. Charles Murphy, acting minister of justice, has telegraphed T. C. Robinette, counsel for Walter Blythe, condemned to death on Thursday morning, suggesting that application to a court or judge to ra respite with a view to bringing the case before the court of appeal in September. If this suggestion is acted upon and a respite granted Blythe probably will have another chance for his life. He was to have been hanged on May 13 but a respite was obtained until June 17. Blythe is the Agincourt section man who killed his wife last January.

Friends Object

TORONTO, June 15—A committee to draft a petition to the Canadian government protesting against the proposal of lord Strathcona to introduce military training in the schools was appointed today by the Society of Friends who are holding their annual meeting in Zion church. Militarism, the report on peace and arbitration said, had no part in education. The society declared itself in favor of equal political rights for women but not in favor of universal suffrage. The meeting was presided over by Isaac Wilson, chairman of philanthropic committee.

Taft Works Overtime

Washington, June 15—President Taft was in the executive offices soon after the dinner hour today and worked continuously until almost midnight, dictating his special message to congress on the corporation and income tax, to an assistant secretary. It was his first experience of night work in the White House since his inauguration. Secretary Carpenter and a large force of assistants were called back for over time work in order to get ready for congress tomorrow.

A New View.

BUFFALO, N. Y., June 15—Dr. W. I. Friedman, president of the state board of charities, Denver, Co. opened the discussion of the topic health and sanitation at the national conference of charities and correction today, in an address on "the great wrong of sending advanced consumptives away from home."

Be Sure to Attend the

NEWS OF THE DOMINION

HALIFAX, June 15 — John Parson, agent of the marine department of this city, died tonight aged 68.

BROCKVILLE, June 15—Lightning struck the steeple of the Methodist church at Mallorytown and damaged the interior of the church. At North Augusta the barn of Manley Fields was destroyed, with a loss of $2000 and $500 insurance.

YALE, June 15—The river has risen 14 inches since yesterday afternoon.

TORONTO, June 15—St. Andrew's church congregation today presented a purse of $750 to Rev. T. Crawford Brown on the occasion of his approaching marriage.

SAULT STE. MARIE, June 15—The Crescent City, sunk in the accident last Wednesday, was raised today and got away. The water in the canal lock is now entirely under control.

ST. JOHN, June 15—It is reported that Adams, Burns and company have sold their big timber property in Gloucester county to United States interests for $250,000.

HALIFAX, June 15—The dredge Cape Breton, while working near the ore pier at North Sydney today, brought up the body of Daniel Boyd, missing from Sydney Mines since Oct. 31 last. Boyd was a South African veteran. A jury tonight declared his drowning due to accidental causes.

TORONTO, June 15—George Treppe, the young Macedonian, who was run over by an automobile Saturday afternoon, died today as a result of his injuries. The automobile belongs to T. J. Parker of Lower avenue and was occupied by himself, his daughter and two friends. They claim that Treppe seemed to have lost control of his bicycle and ran in front of the car and was struck before they could stop.

New President

RIO JANEIRO, June 15—Nilo Peçanha, who has succeeded to the presidency of Brazil, following the death yesterday of Dr. Penna, has issued a statement to the effect that it is his purpose to do his utmost to conduct the government along peaceful lines and maintain trustful relations among the political parties of the country.

Rheumatism.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp weather or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. Price, 25 cents; large size, 50 cents. Sold by all Druggists and Dealers.

TEACHERS' CONFERENCE

EDUCATIONAL ASSOCIATION OF DOMINION

PROGRAM OF CONVENTION TO BE HELD IN JULY

An important convention is to be held in Victoria from July 13 to 16, that of the Dominion Educational association. The approaching convention will be the seventh in the history of the association and the first held in British Columbia.

By the British North America act the control of public education is vested in the provincial legislatures. These may delegate certain legislative and executive functions to provincial associations, but the dominion educational association is purely a deliberative body. Its organization was a result of the general desire to develop Canadian nationality by pursuit of common aims with an approach to uniformity of method. It was also hoped, and the hope is being continuously realized, that frequent meetings of representative teachers of the whole dominion would prevent the growth of provincialism in education and lead gradually to the raising of all standards by selection of the best from each system.

The officers and executive committee for the year are as follows:

Board of Directors—President, Alexander Robinson, superintendent of education, Victoria; vice-president, James W. Robertson, principal Macdonald college, Ste. Anne de Bellevue, Que.; general secretary, J. D. Buchanan, normal school, Vancouver; treasurer, William Scott, principal normal school, Toronto.

Directors—W. P. Argue, A. C. Stewart, T. A. Brough, Vancouver; A. Melville Scott, Calgary; E. B. Hutcheson, Regina; W. A. McIntyre, Winnipeg; A. T. DeLury, Geo. H. Locke, Toronto; J. P. Heng, Brantford; Adam Shortt, Ottawa; H. V. B. Brydges, Fredericton; A. Mackay, Halifax.

Presidents of Departments—David Soloan, inspector of training, Truro; A. H. Lang, higher education, Toronto; Miss Jessie Prolemy, elementary education, Winnipeg; Miss Louise Currie, kindergarten, Toronto; H. Dunnel, industrial education, Victoria.

Among the speakers will be Adam Shortt, late professor of political science in Queen's university, now chairman of the dominion civil service commission.

R. J. M'PHEE IS DEAD

WELL KNOWN KOOTENAY MINING MAN PASSES AWAY

WAS ASSOCIATED WITH MANY PROPERTIES IN DISTRICT

Mining men in Nelson and the Slocan and throughout the Kootenays generally will learn with regret of the death at Spokane on Sunday last of R. J. McPhee from an attack of bronchial asthma. The late Mr. McPhee first came into this district about the early part of 1895 from southern Idaho where he had been engaged in silver mining. His first position in the district was as foreman at the Blue Bell mine in the same year when that property was being operated by Dr. Hendryx. The next year 1896 he went to the Jackson mine in Slocan and from 1900 to 1901 was employed by S. S. Fowler at the Enterprise. Since that time he has acted as manager of the Ottawa mine at Slocan though, owing to Mr. Noble, one of the chief owners, dying intestate and resulting legal difficulties, the property has been closed down for about two years.

When the Reliance group on 4b Creek was bonded by Mr. Noble and his Pittsburg associates, Mr. McPhee was placed in charge of that property also, but there also operations were suspended on the death of Mr. Noble.

The late Mr. McPhee is survived by Mrs. McPhee and two sons, Leonard and George. The former is engaged in mining and was in Nelson until last Saturday when he was called to Spokane by wire. George McPhee is a law student at the university of Washington. The deceased was about 60 years of age.

Mr. McPhee was a native of Prince Edward Island and of unmixed Highland descent. He had a host of friends in every mining center in Kootenay to whom he was endeared by his geniality and generosity.

APPLES THAT KEEP

Records Made at Crawford Bay—Good Prospects for Growers

(Special to The Daily News.)

CRAWFORD BAY, June 15 — The wonderful keeping qualities of apples grown in the Kootenay is often a surprise to fruit growers from other parts. Alex. Milton, one of the pioneer settlers of Crawford Bay, has had in his possession up to this month apples of the Ontario variety perfectly sound and good that were picked from his trees in the fall of 1907, thus having been kept nearly 20 months. These apples were kept in an ordinary frost proof root cellar. Wealthy apples, always counted as a fall apple, Mr. Milton has kept in good condition until the following June and that generally considered most perishable of apples, the Yellow Transparent, until January. Your correspondent has picked from his orchard Nothern Spy apples in the month of November and eaten them 12 months later, when they were as good as they ever were. The suggestion has been made that a prize might be given annually at the Nelson fair for the best collection of apples picked in the previous year.

While the acreage of strawberries is less here this season there will be an improvement in quality, all except the best shipping varieties having been discarded and with smaller areas to cultivate there has been more intense culture which will result in finer berries and the picking will also be less difficult than last year.

Wants a Slice

PEKIN, June 15—Acting on representations made by Henry P. Fletcher, charge d'affaires of the American legation, China has agreed not to ratify the foreign loan of $27,500,000 from British, German and French bankers for the construction of the Hankow, Sze Chuen railway. It is expected that this refusal coupled with the representations made by the United States ambassadors in London, Paris and Berlin will result in arrangements being made in Europe for American participation in the loan.

Dr. Price's Cream Baking Powder

A pure grape cream of tartar powder. Its fame is world-wide. No alum, no phosphatic acid.

There is never a question as to the absolute purity and healthfulness of the food it raises.

Warning to Teddy

NAIVASHA, British East Africa, June 15—A member of the party of F. C. Selous, the noted African hunter, and George McMillan, a nephew of the late senator McMillan of Michigan, was brought in here yesterday mortally wounded by a lion. The man's name is Williams and he was in the service of McMillan as a secretary. The encounter with the lion occurred in the Setik district where the party has been shooting. The Roosevelt party left here ten days ago for the Setik district and nothing has been heard from the expedition since its departure.

Attempt to Assassinate

BELLEFONTAINE, June 15—What is believed to have been an attempt to assassinate mayor William Nivens and burn his residence in this city was made early today when a bottle filled with kerosene which had been set on fire, was thrown through a window of his house. The bottle was wrapped with rags soaked with oil. The curtains, carpets and furniture in the room were set on fire but the firemen responded quickly and extinguished the flames. The mayor was away from home at the time.

Kaiser off to Baltic

BERLIN, June 15—Emperor William left here this morning at 10 o'clock on a special train for Dantzic where he will embark on the imperial yacht and proceed to the gulf of Finland to meet emperor Nicholas of Russia.

BLOOD DISEASES

Guaranteed Cured or No Pay.

If you ever had any contracted or hereditary blood disease, you are never safe until the virus or poison has been removed from the system. You may have had some disease years ago, but now and then some symptom alarms you. Some poison still lurks in your system. Can you afford to run the risk of more serious symptoms appearing as the poison multiplies? Beware of mercury or mineral drugs used indiscriminately—they may ruin the system. Twenty years experience in the treatment of these diseases enables us to prescribe specific remedies that will positively cure all blood diseases of the worst character, leaving no bad effects on the system. Our New Method Treatment will purify and enrich the blood, heal up all ulcers, clear the skin, remove bone pains, fallen out hair will grow in, and swollen glands will return to a normal condition, and the patient will feel and look like a different person. All cases we accept for treatment are guaranteed a complete cure if instructions are followed.

Reader if in doubt as to your condition, you can consult us FREE OF CHARGE. Beware of incompetent doctors who have no reputation or reliability. Drs. K. & K. have been established over 20 years.

WE CURE Nervous Debility, Varicocele, Stricture, Blood and Secret Diseases, Kidney and Bladder Complaints. Consultation Free. If unable to call write for a Question List for Home Treatment.

BOARD OF TRADE ROOMS

FINISHING TOUCHES BEING PUT ON NEW BUILDING

REMARKABLE OLD MAP IS PLACED ON EXHIBITION

A number of men were engaged upon putting up the heads of animals and pictures in the addition to the board of trade rooms, the furnishing and decoration of which is now almost completed. The room is papered in green with a floor covering of cork linoleum the windows are supplied with red repp bands and there are two large tables running down the center of the room. In the ceiling a large ventilator has been put in.

Endeavors have been made to discover the whereabouts of the chair used by the first president of the board but in its place has been obtained another chair of historic memories. This piece of furniture is stated to be the first arm chair ever brought into Nelson and was the property of the late R. E. Lemon.

Quite the most interesting exhibit in the new room, however, is a map dated 1749 of North America, as it was then known. In this queer drawing which is decorated with the royal arms and those of the Hudson's Bay company, Vancouver island is marked DeGama's land and stretches from the west coast of what is now British Columbia to Japan. This map is very rare and is the property of H. K. Beeston, who has received offers of large sums for it by collectors of curios. He, however, prefers to retain its ownership. It will be appreciated by the board of trade if anyone having photographs or drawings of Nelson and other parts of Kootenay in the early days will lend them for the decoration of the walls of the addition, which will, when completed be one of the best public meeting places in the city.

BOUND FOR VENEZUELA

AMERICAN REVENUE MEN WATCH SUSPECTED VESSEL

ARMS AND AMMUNITION MEANT FOR REVOLUTIONISTS

NORFOLK, June 15—Packed in piano boxes and everything ready for shipment, a quantity of rifles and ammunition believed to be destined for Venezuela revolutionists was discovered at Franklin Va., today. The rifles are said to be part of a consignment of 15,000 Mauser weapons shipped from New York to St. Louis and back to Franklin, billed as pianos and packed to weather the trip to South America.

The filibuster suspect steamer Nanticoke, was lying near Franklin and in the black waters below the steamer was her consort the tug Despatch. The United States revenue cutter Pamlico is blockading the two suspects and it is not believed that either would pass her even in the darkness. Orders have been issued from Washington to seize the vessels, if either should anchor. The Nanticoke is not built for deep sea navigation, but the Despatch could navigate far off shore and the officials in charge of the situation believe that the plans of the filibuster was to transport the arms to another steamer at sea. The Nanticoke is apparently loaded with nothing but coal but today she lay high in the water. The other vessel has been taken into custody by United States marshall Jones.

The Mauser rifles and and ammunition, it is said, were shipped from Belgium to New York and several days ago the rumored plot to send them west and from there back to the south Atlantic coast for shipment to the revolutionists was reported at Washington and orders were sent out to watch for suspicious craft. The collectors of all south Atlantic ports have been ordered to watch the Nanticoke and Despatch.

INDIANS' FESTIVAL

Record Crowd at St. Eugene Mission—Death of Woman Pioneer

CRANBROOK, June 15.—The biggest celebration of Corpus Christi ever held there took place Sunday at the St. Eugene mission. About 500 Indians were in line and every available carriage in Cranbrook, Fort Steele and the surrounding country was requisitioned to take the spectators. The weather was perfect. For the first time four automobiles were on the grounds.

The death occurred at Fort Steele this morning of Mrs. James Clark. Mrs. Clark is one of the pioneers of East Kootenay, coming here in the early '70's. She was a sister of R. L. T. Galbraith, who may be said to be the father of Fort Steele.

SILVERTON HOPES AGAIN

New Work in Sight on Vancouver and Hewitt Properties

(Special to The Daily News.)

SILVERTON, June 15.—Important work is in progress at the Vancouver mine where ore has recently been opened up such as has never before been discovered, thereby finding employment for many additional workmen. Considerable improvements are being made at this mine including double compressor capacity, which will enable the company to increase the force of machines. A large supply of piping for this purpose has just arrived.

In spite of serious damage caused by the recent flood, it has been the means of finding employment for thirty workmen to repair the four mile and other roads approaching the mines.

The Hewitt mine is to be started again next week with a gang of men.

Fair fine bears were also last week around the Fisher Silverton creek, which should arouse the interest of sportsmen at once.

There is plenty of undeveloped land of exceptionally good soil, worthy of consideration, and an opportunity will be afforded visitors to judge for themselves on Dominion day, July 1, which will be duly celebrated at Silverton.

Southern Perspective

WASHINGTON, June 15.—The Detroit baseball team, champions of the American league, was received by President Taft in the east room of the White House this afternoon. Each member of the club was introduced to the president by representatives of Michigan. When Ty Cobb, who led the league in batting last season, was presented to him, the president grasped the hand of the Georgian warmly and said: "I believe you and I are fellow citizens of Augusta, Mr. Cobb." Cobb modestly replied that he was proud to be a citizen of Augusta and a fellow citizen of Mr. Taft. "The only difference between you and I," responded the president with a broad grin, "is that down there they think you are about twice as big a man as I am."

Wireless on the Lakes

SOUTH HAVEN, Mich., June 15.—The first wireless telegraph message between this point and Chicago was transmitted this afternoon and the vessels of the Chicago and South Haven steamboat lines will hereafter be in constant communication with their offices on shore, all their boats having been equipped with wireless outfits.

Niagara Victim

NIAGARA FALLS, June 15 — The body of a man found early today at the water's edge under the cliff, close by the upper steel arch bridge has been identified as that of John W. O'Neill of this city. The man had fallen about 160 feet in the rocks below.

A $100 Typewriter for 17 Cents a Day!

Please read the headline over again. Then its tremendous significance will dawn upon you.

An Oliver Typewriter—the standard visible writer—the $100 machine—the most highly perfected typewriter on the market—yours for 17 cents a day.

The typewriter whose conquest of the commercial world is a matter of business history—yours for 17 cents a day.

The typewriter that is equipped with scores of such conveniences as "The Balance Shift"—"The Ruling Device"—"The Double Release"—"The Locomotive Base"—"The Automatic Spacer"—"The Automatic Tabulator"—"The Disappearing Indicator"—"The Adjustable Paper Fingers"—"The Scientific Condensed Keyboard"—all

Yours for 17 Cents a Day

We announced this new sales plan recently, just to feel the pulse of the people. Simply a small cash payment —then 17 cents a day. That is the plan in a nutshell.

The result has been such a deluge of applications for machines that we are simply astounded.

The demand comes from people of all classes, all ages ,all occupations.

The majority of inquiries has come from people of known financial standing who were attracted by the novelty of the proposition. An impressive demonstration of the immense popularity of the Oliver Typewriter.

A startling confirmation of our belief that the Era of Universal Typewriting is at hand.

A Quarter of a Million People Are Making Money with

The OLIVER Typewriter

The Standard Visible Writer

The Oliver Typewriter is a money-maker, right from the word "go." So easy to run that beginners soon get in the "expert' class. Earn as you learn. Let the machine pay the 17 cents a day—and all above that is yours.

Wherever you are, there's work to be done and money to be made by using the Oliver. The business world is calling for Oliver operators. There are not enough to supply the demand. Their salaries are considerably above those of many classes of workers.

"An Oliver Typewriter in Every Home"

That is our battle cry. We have made the Oliver supreme is usefulness and absolutely indispensible in business. Now comes the conquest of the home.

The simplicity and strength of the Oliver fit it for family use. It is becoming an important factor in the hometraining of young people. An educator as well as a money maker.

Our new selling plan puts the Oliver on the threshold of every home in America. Will you close the door of your home or office on this remarkable Oliver opportunity?

Write for further details of our easy offer and a free copy of the new Oliver catalog. Address

AFFORDS STRONG CONTRAST

One of the most striking things about the militia movement in Canada at the present time is the fact that while the government by its policy is discouraging the enlistment of young men by reducing the number of men to be drilled this year and by cutting down the allowance for rations and forage to such an extent that those who go into camps of instruction will have to do so at a loss, there is a general movement throughout the country in favor of encouraging enlistment and of keeping the force up to the highest possible standard of efficiency. In Victoria for example the board of trade has taken the matter up and has issued an appeal to the business men of the city asking "that all possible assistance be given to the Fifth regiment in obtaining recruits and every encouragement given to young men to induce them to undergo the necessary training and so fit themselves to defend their homes and country if called upon, and that the countenance and support of members of the board be at all times given to the accomplishment of the above objects."

The Ogilvie Flour Mills company, one of the largest concerns in Canada, with mills and branches in various parts of the country, has also taken the matter up in a decided manner and has offered each of its employees an extra week's holidays for the purpose of attending drill, if they will join the militia. In addition, the company guarantees to keep open their positions for any of their employees who may be called out for service.

It is too bad that action such as this and that of the Victoria board of trade should be offset by a policy such as the government has seen fit to adopt this year.

ASSISTING RANCHERS

It is greatly to be regretted that there was such an extremey poor attendance at the meetings of the West Kootenay Farmers' Institute arranged to be held in this city yesterday. The afternoon meeting had to be called off, as there were only one or two present in addition to the speakers sent by the provincial government, while at the evening gathering the attendance was not more than a dozen all told. The smallness of the attendance was due to one of several things, either the ranchers had not been properly notified of the meeting or they had not interest enough in the government's efforts to assist them to attend, or they consider they have nothing farther to learn about the business.

If the first of these was the case there may be some good explanation, but if either of the latter was the reason so few were present the government would almost be justified in giving up this kind of work in this district at least. In this instance the government sent two experts on the subjects on which they were to speak. There is perhaps no one in this district in any better position to speak with authority on on poultry raising than Mr. Goldsmith, while Mr. Middleton is also thoroughly familiar with the various branches of horticulture. Their advice would have been of assistance to any of the ranchers in the district, but particulary to those who are just starting in the industry.

Fiascos such as yesterday's meetings cannot but tend to discourage those who are trying in every possible way to encourage fruit growing and ranching generally in this country. They show either lack of organization or of interest. Either of these is especially deplorable at the present juncture, for the government has just given additional evidence of its desire to assist the ranching industry in this section of the province by the appointment of Mr. Middleton as representative of the department of agriculture in East and West Kootenay, with headquarters in Nelson. Mr. Middleton, once he completes his present lecture trip, will be at the service of the ranchers of the Kootenays to advise them on any points upon which they may require enlightenment or instruction. Being a practical man, who understands all branches of ranching, he should be in a position to render invaluable assistance to those engaged in this industry in this district.

In making this appointment the government has taken a step which should and doubtless will be appreciated by the ranchers of this district, especially by those who are desirous of placing the industry in which tey are engaged on the best possible footing.

EDITORIAL NOTES

Reports from the prairie say that the crop there is coming along fine. All of which is good reading to the people of British Columbia.

By the appointment of a representative of the department of agriculture for East and West Kootenay the McBride government has given further evidence of its desire to assist the ranching industry.

While the Victoria board of trade is asking the business men of that city to assist in placing the Fifth regiment on the highest possible pause of efficiency the government is offering the members of the regiment 25 cents per day with which to board themselves while in camp.

France has decided that United States Steel shares cannot be traded in on the Bourse in that country, which means that the Americans will not be allowed to unload a lot of their watered stock on the French public. The latter will not be the sufferers, by any means.

It would be quite appropriate to have brigadier general Otter address the first meeting of the Nelson Canadian club. General Otter is a Canadian of the very best type and if he accepts the invitation to speak, which it is to be hoped he will, is certain to have something to say that will be worth hearing.

Boys' Excursion to England

TORONTO, June 15—"The Standard of Empire" contest for a free trip of five weeks to the old country, offered to the high school and collegiate boys throughout the Dominion came to a close at noon today and the result was officially announced. The successful boys in the various districts are as follows: Winnipeg, H. E. Scott, Winnipeg college, 23,035 votes; Saskatchewan, Charles W. Wellington, Moosejaw collegiate, 22,470; Western Ontario, W. S. McKeogh, Chatham college, 20,550; New Brunswick, C. H. Macdonald, St. John high school, 19,425; Eastern Ontario, Lorne Johnson, Ottawa high school, 13,4995; Quebec province, K. M. Holloway, Quebec high school, 13,110; Manitoba province, Leslie Wright, Russell school, 11,960; Toronto, Kenneth Coulter, Jarvis street collegiate, 11,375; Montreal, A. J. Lawrence, Montreal high school, 8,210; Nova Scotia, W. K. Wortman, Wolfville school, 7,020; Alberta, Howard Taylor, Edmonton high school, 6,340

These eleven boys accompanied by a Canadian physician and the manager of the "Standard of Empire," sail in the Empress of Britain on July 16th. They will travel through England, Ireland, Scotland and Wales and will return on the Empress of Ireland on August the 19th. During their trave is they will be entertained at luncheon by Lord Roberts at his home in England.

KOOTENAY PRESBYTERY

Calls to Trail and New Denver to be Dealt With

The Presbytery of Kootenay met yesterday afternoon in St. Paul's church hall, Rev. J. T. Ferguson presiding. The clerk, Rev. S. Lundie, of Phoenix, on behalf of Rev. J. A. Dow, Rossland, reported that he had moderated in a call addressed by the congregation of Knox church, Trail, to Rev. Peter McNabb, an Ontario minister. The call was sustained by the Presbytery and arrangements were made for carrying out the induction as soon as possible after the arrival of Mr. McNabb at Trail.

The Moderator reported that he had moderated in a call addressed by the congregation of New Denver and Silverton to Rev. R. H. Gilmour. As the signing of the call had not yet been completed a commission consisting of the moderator and Captain D. C. McMorris was appointed with power to deal with the call as soon as all the signatures to it had been obtained. The Presbytery expressed their gratification at the action of both congregations. It was intimated that the next half yearly meeting would be held at Nelson on Sept. 14.

Indians Have Hopes

TORONTO, June 14—The Tecumsehs leave for New Westminster on Saturday following the match with Cornwall. They are due to arrive in New Westminster at 10 o'clock the following Wednesday night and as the first game is on Saturday, June 26, the Indians will have time to stretch their legs after arrival. The Indians are confident of lifting the cup, especially in view of the excellent showing made by Vancouver against the champions on Saturday.

Glad to See Christians

BERLIN, June 15.—The emperor today received in audience at the palace at Potsdam sixty English clergymen. He made a brief speech in English, expressing the real pleasure it gave him to receive the Christian clergymen in Germany. He dred nations. Sir William E. Goschen, the British ambassador to Germany, in introducing the deputation, said that they came in the interests of peace and goodfeeling and were touched at the heartiness of their reception at Hamburg and Berlin.

Keep Minard's Liniment in the house.

At the Yarmouth Y. M. C. A. Boys' Camp, held at Tusket Falls in August, I found MINARD'S LINIMENT most beneficial for sore burn, an immediate relief for colic and toothache.
ALFRED STOKES,
General Secretary.

It Takes TWO--Are You One of Them?

If, of the two people it takes to make a bargain, you are ONE, how much would it be worth to you to find the other one. Would it be worth the cost of a classified ad? Would it be worth the cost of a small—but determined—"campaign of want advertising?"

The "other one" necessary to "make a bargain" is found, in nine cases out of ten, through advertising—often through want advertising, and, in this city, USUALLY through want advertising in THIS newspaper.

"The other one" watches the want ads. pretty closely—but, of course, has to be convinced. If your offer is "right," that will be an easy task.

One cent a word will tell your story to readers of

"THE DAILY NEWS"

A ten-word classified advertisement costs only 40 cents for six insertions, when paid in advance.

ASCOT RACE MEET.

Winners of Events in First Day of the Season.

LONDON, June 15—The Ascot stake was won by Rush Cutter 4 to 1. Mirror 20 to 1 was second and Wedding Ring 100 to 8 third. Also ran: Pure Gem, Idilico second, Sir Harry, Shulctol Asticot, Lieshana, Clarioonet.

The Coventry stakes were won by Admiralion 20 to 1. Yellow Slave 2 to 1 was second and Nell Cow third. Also ran Prince Hubert, Merry Task, Pannonia, Theobold, Placidus, Codrus, Prepare, Rye Grass, Glace Brook, Top of Morning, Artless, Miss Langden, Little Laine.

The race for Prince of Wales stakes was run today and won by Bayard, which started at odds of six to four on. Cotton, 100 to 2, was second and Verne 7 to 2 third.

Deaf Mute Wins Fight

NEW YORK, June 15—Jeff O'Connell, an English featherweight and Frank Mango of New York fought a fast ten round bout to a draw at the Olympic Athletic club here tonight As a preliminary to this event Dummy Schnetk, a deaf mute from St Louis, and Joe Tyson of New York, both featherweights, took the ring for a six round go At the end of the third round the St Louis man had punished Tyson so badly that the referee had to stop the fight

Wins Fight By Knockout

ALBANY, N. Y., June 15—Kid Henry of Troy knocked out Arthur Cote of Bideford, Maine, in the sixth round of a ten round bout before the Meyers Athletic club. Cote took the count of nine twice in the last round but came up quickly both times only to be again knocked down and out by a hard right to the jaw.

Americans Get a Few Prizes.

LONDON, June 15—The closing day of the international horse show was the means of bringing a large crowd to witness the final performance and the conclusion of the show, which has been a triumphant success. The closing competition contests were devoted to the champion cups.

Radiant owned by Judge William H. Moore of New York won the Philadelphia cup and gold medal for single harness horses having taken a first or second prize at the show and exceeding 15.2 hands. Judge Moore also took reserve with Orator. Moonshine owned by C. W Watson of Baltimore got the fourth prize honors in this competition In class 47 the Montreal cup and gold medal, judging of mares and geldings over 14 and not exceeding 15 hands, open only to ponies having taken a first or second prize in single harness at this show, Rosador, owned by Walter Winans, was third. Mr. Watson's Ringing Bells took fourth honors and Judge Moore's Phyllis got fifth place

Prix St. Onge.

PARIS, June 15—The Prix St. Onge was run today at Enghien and won by the T. P. Thorne, E. K. Widdeas Sheriff Williams ran in the Prix Niro but failed to get a place. Ross Adams' Saint Victoria was in the Prix Queoreey, but was unplaced.

Longboat to Race Nebrich

BUFFALO, N. Y. June 15— Tom Longboat has been matched to run ten miles with Frank Nebrich of Buffalo on the night of June 21, at the opening of the stadium in the Buffalo mid summer exposition.

Weston in Wyoming

CHURCH BUTTE, Wyo., June 15—Edward Payson Weston arrived here this afternoon on his walk to the Pacific coast. He will resume his journey tomorrow.

BAD EXAMPLE

American Women May Adopt Methods of Militant Suffragettes

NEW YORK, June 15—The influence of the method and spirit of the fighting of the English suffragette on her more conservative sister was shown this afternoon in the speeches of Mrs. Anna Howard Shaw and Mrs. Carrie Chapman Catt before the international women's suffrage association. Mrs. Shaw and Mrs. Catt are recently from the international suffragette convention in London. "The time has come," said Mrs. Shaw, "to introduce some of these methods into our work in America and when I go to Seattle to the national convention next month I am going to urge that we work for the men in public places who have worked for us. We must strike the man who has worked against us in his most delicate nerve—the ballot box. I want to see a distinct relation between the thing I do and the thing I seek to just as soon as I can see that good can come to the cause by sensational methods I shall be tooting a horn in the Hudson, fighting with policemen and doing all the other things our English sisters have done."

Mrs. Catt, while not so outspoken, spent a great deal of time explaining the difference between the "suffragists" and the "militant suffragettes" in England. She hoped to see no such division in the movement on this side.

Drowned on Wedding Day

NEW BRUNSWICK, June 15—While on his way from South Ambury to New Brunswick with his sweetheart to be married Joseph Kobatch of South Silver, walked into the open draw of the New York & Long Branch railroad bridge across the Raritan river early yesterday and was drowned. Miss Anna Klah of New York who was visiting friends at New Brunswick was only prevented from throwing herself into the water after her betrothed by one of the bridge tenders. The girl was taken back to the home of her friends.

Police Chiefs' Barbecue

BUFFALO June, 15—When the opening session of the international association of police chiefs was called to order here today the bulk of the delegation of visiting chiefs were present. The session was brief. Mayor Adams delivered an address of welcome to which major Sylvester of Washington responded. Routine business including the appointment of committees was transacted, after which an adjournment was taken to enable visitors to attend the features of the parade and review of the local force under Michael Regan. Upon the conclusion of the review the chiefs were taken to the Lang farm where they were entertained at a barbecue.

Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of the or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by all Druggists and Dealers.

Minard's Liniment used by physicians.

SHERIFF'S SALE.

By virtue of several executions issued out of the Supreme Court of British Columbia, and the County Court of East Kootenay, holden at Cranbrook against the goods and chattels of the Sullivan Group Mining Company, I have seized and taken in execution all the right, title and interest of the said Sullivan Group Mining Company in and to, a quantity of raw and roasted ore now in the yard of the smelter of the said Company at Marysville, B. C., and also in a large quantity of mining tools and mining machinery, assay materials, supplies and implements, fire brick and fire clay, Vancouver cement Allis and Chambers ore crushers and various other articles and supplies for mining and smelting, office furniture, cooking utensils, and other goods and chattels, a full inventory of which may be seen at my office in the Court House at Nelson, and the various goods and chattels may be seen upon application to John F. Adams, bailiff, in possession at the smelter at Marysville, and at the Sullivan mine.

I shall offer all of the said goods for sale at public auction at Marysville, B. C., on Thursday the 22nd day of April, A. D. 1909.

S. P. TUCK,
26d-cf. Sheriff of South Kootenay.
Dated at Nelson, B. C., 2nd April, 1909.

The above sale is postponed until Thursday the 6th day of May, 1909, at the same place and time.

S. P. TUCK, Sheriff of South Kootenay.

The above sale is further postponed until Thursday the 20th day of May, 1909, at the same place and time.

NELSON NEWS OF THE DAY

The L. O. T. M. will meet tonight in the new K. of P. hall.

Regal Arch Chapter G. R. C. will meet in Masonic hall this evening.

The Presbyterian Ladies' Aid will meet in the church parlors at 3.30 this afternoon.

Guy Wright, holder of ticket No. 18, won the two lots on Vancouver street raffled at the Old Chum cigar store on Saturday.

The Ladies' Aid of the Baptist church will hold an ice cream social at the home of Dr. W. G. Rose, Vernon street, on Friday afternoon and evening. A cordial invitation is extended to all.

Hon. Francis E. Grovesnor has been appointed assayer to the Canadian Metal company at Blondel in succession to H. H. Ley who, with C. E. Sherwin, has taken a bond on the Alice mine near Creston.

Mr. Zimmerman, representing one of the big New York costume houses, will give an exhibition of the latest styles in American tailor made suits at Mrs. Flint's today. The ladies of Nelson are cordially invited to be present.

The rise in the water during the 24 hours ending at 6.30 yesterday morning, as recorded by the Lindsay Launch & Boat company's gauge, was 3 inches compared with 2 inches for the previous day. The total rise is now 25 feet 2 inches.

The opera chairs for the new Eagles' hall which are being supplied by D. J. Robertson have arrived in the city and will be placed in position during the next few days. It is intended that the chairs shall be placed along the walls of the hall so that they may when necessary be folded up out of the way.

In the city police court yesterday afternoon before Magistrate R. A. Crease two Galicians, named Tony Kuorson and Harry Barton, charged with having been drunk and creating a disturbance early in the morning of the same day were sentenced to pay a fine of $20 and costs each or one month's hard labor. The fines were paid.

Today the Empire will give a matinee starting at 2.30. There will be a change of program today when the fine scenic picture "Cairo to Khartoum" will be shown. "Crazed by Jealousy" is a stirring dramatic subject. "Orange Peel," "Getting His Change" and "The Asphalter's Dream" are very funny pictures. E. Lupton will sing.

A. L. Plante, who has been in charge of the lunch counter at the Victoria Billiard hall for the past few months, has rented the premises on Josephine street formerly occupied by the Palace Meat Market and last night opened up a restaurant which will be known as the Davenport. The room has been fitted up in first class style and Mr. Plante has made arrangements for supplying his patrons with the best possible service. The restaurant will be open both day and night.

Residents of Nelson interested in the cultivation of roses will have observed that practically the only blight affecting the bushes in this district is a small yellow fly which is generally in in area on the under part of the leaves about this season of the year. The insect appears first without wings and causes a great deal of damage by sucking the juice from the leaves and causing them to turn yellow. Allan Lean for the past three years has been conducting experiments with a view to discovering some means whereby this pest can be eradicated. He finds that the most effectual method is to cover the affected bush with a sheet, take a hot coal on a shovel and then, placing the shovel beneath the bush and under the sheet, sprinkle some tobacco on the hot coals. Fumes arise which result in the death of the flies, making them fall off the leaves to the ground. No time should be lost by rose lovers in getting to work and trying this plan as the flies are now on the leaves and will grow their wings in about a fortnight's time and a large number of them would then escape the tobacco fumes.

The various committees appointed to make arrangements for the celebration of Dominion day on July 1 and 2 will report at a public meeting which is to be held in the new city hall at 8.30 o'clock this evening. There is now little over a fortnight before the event and it is essential that there should be a good attendance in order that the arrangements may be finally completed and the work of advertising the celebrations and of obtaining entries for the different sporting events commenced at once.

Don't forget the sale of ladies' hand bags and purses at the Canada Drug & Book company's. Do more and see our windows.

Mrs. Humphrey Ward's new book "Marriage a la Mode" is to hand at W. G. Thomson's Bookstore. The price is $1.25.

The Davenport Cafe will open for business today in the building formerly occupied by the Palace Meat Market, on Josephine street.

Four per cent. off all fund bags at the Canada Drug & Book company for this week only.

The Davenport Cafe will open for business today in the building formerly occupied by the Palace Meat Market, on Josephine street.

No lady should be without a fund bag these days at the price the Canada Drug & Book company are offering them at.

BOSTON GRAND OPERA

"Faust", and "Il Trovatore" Will be Presented Next Week

Music lovers of this city will realize the excellent opportunity which is afforded them to hear the master works of music when the Boston Grand Opera company appears here for a short engagement on June 25th and 26th, presenting in their entirety three grand operas—Verdi's famous "Il Trovatore," Gounod's "Faust" and Donizetti's "Lucia di Lammermoor." These operas have been presented in neighboring cities and have received unstinted praise; therefore local music-loving readers may rest assured that the performance to be given here will be equally as good as any to be seen in the larger cities at a considerable advance in prices. The organization carries complete scenic and costume equipment for all the operas and an adequate chorus.

Among the principals are Mme. Judith N. Francini, who comes from Rome and is a soprano possessing a voice ranging from D below the scale to E above high C. Critics of other cities have pronounced this lady one of the best singers ever heard in America.

Signor Pietro Gherardi and Edward E. Olds, the tenors, have also been pronounced artists of rare excellence. Signor Achille Alberti, the leading baritone, who is also artistic director of the organization, has been identified for years with New York metropolitan opera house successes, and his deep, rich baritone voice is well known and richly appreciated by all music lovers. Signor Alberti is not only a singer of rare quality, but an actor of rare histrionic ability. Signor Danilo Cantori, the alternate baritone, is also a singer and actor of merit.

John McDonald, the basso, is a young graduate of the Boston Conservatory of music, with a deep, rich base voice and an excellent stage presence which, combined with dramatic ability as an actor, have caused the young man's work to receive flattering notice from the critics.

Among the alternate sopranos are Miss Lois Paxinall, Miss Olive Watson and Miss Cora Hayden.

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by all Druggists and Dealers.

Double Time

This is a subject that caused considerable discussion some time ago but was finally settled by the plebiscite taken last march. BUT, have you settled it yourself by having your time pieces all keep one time and that C. P. R. time.

If they do not there must be something wrong. Bring them to us and we will tell you the reason and what it will cost to fix it.

NELSON NEWS OF THE DAY

F. S. Sise of Revelstoke is at the Home.

Allan Campbell of Moyie is registered at the Home.

Noble Binns of Trail is a guest at the Strathcona.

Born, June 15, to the wife of Campbell Harrison, a daughter.

A. H. Tuttle of Yale came in last night and is a guest of the Home.

Mr. and Mrs. W. J. Boyle leave this morning for Portland, Oregon.

The temperature in the city yesterday ranged between 52 and 68 degrees.

Rev. S. Lundie of Phoenix came in last night and is staying at the Strathcona.

Mrs. Thomas A. Traves and sons left last night on a visit to relatives at Victoria. C

Born, June 13, at the Home hospital, to the wife of Albert Kirby, Victoria street, a daughter.

A staff of painters and decorators are at present engaged upon renovating the exterior of the Strathcona hotel.

Provincial Constable J. T. Stark, who has been in charge of the Nelson office since May 1, left yesterday morning for Vancouver via Slocan to give evidence in a civil case at the Vancouver assizes.

There was a good attendance at the concert given by the city band at the band stand yesterday evening and the music provided was greatly appreciated. The band is making rapid progress and is showing a great improvement on every fresh public appearance.

There will be several matters of importance up for discussion at the monthly meeting of the board of trade tomorrow night. Among these will be the questions of an improved passenger service in the Crow's Nest district and of making arrangements for some plan of vigorous advertising for the city and district.

M. S. Middleton, who lectured before the Farmers' Institute last night, stated that he understood that it was the intention of the government to station hen at Nelson after he had completed his present lecturing circuit. If this were so he would shortly be making a general survey of the fruit orchards in Kaslo and survey of the fruit orchards in East and position to give advice upon the various difficulties experienced by local farmers.

J. W. Nash, who recently rented the Alhambra roller rink and is running it as a dance hall, is experiencing considerable inconvenience and financial loss through an unfortunate likeness he bears to an alleged strike breaker who is stated to have been in the city during the strike of the C. P. R. machinists last August, September and October. Mr. Nash states that he is willing to bring forward evidence which will conclusively prove that he had not until a few weeks ago been in Nelson since two years ago next August. From February, 1908, until April last he was in Salt Lake City and Portland, Oregon, where he was employed by the Bell Telephone company.

A special meeting of the Ladies' Aid of St. Paul's Presbyterian church will be held in the church parlor today at 3.30 p. m. to make arrangements for a garden social.

Several carloads of fat steers from Alberta arrived for P. Burns & company yesterday. These will be slaughtered at the company's Nelson abattoir for local consumption.

W. A. Austin, secretary of the Mountain Lumbermen's association, leaves this morning for East Kootenay. He will be absent about a week during which he will visit all the mills along the Crow's Nest line.

Considerable interest is being shown among local enthusiasts in the race meet to be held here during the Dominion day celebrations. Lee Steel has imported a horse with a high reputation for speed from which big things are expected.

The butchers have joined the weekly half holiday movement and all butcher shops in Nelson will be closed this afternoon at 1 o'clock. Customers are requested to take notice and to leave their orders early enough to make delivery possible before noon.

A conference was held in the board of trade rooms last night between the board of directors of the Kootenay Lake General hospital and representatives of the district branches of the various organizations of railway employees of the C.P.R. Several hours were spent discussing the clauses of the proposed contract between the railway men and the hospital. Another meeting will be held to conclude the discussion.

The body of the late Thomas Carlisle, who was drowned at 8-Mile point on Monday evening, was recovered early yesterday morning about 40 yards from the place where the unfortunate man was seen to sink by C. D. Macdonald and J. Conway. Messrs. Macdonald and Conway took the body ashore and then started to come down the lake in a launch towards Nelson. They were met by Provincial Constable E. Jennes who, together with Dr. W. O. Rose, as coroner, and W. J. Boyle, of the Standard Furniture company, went up and brought the dead man into the city in the afternoon. The funeral will take place at 9.30 a. m. from St. Saviour's church on Friday.

Several complaints have been made during the past few days of the mischief caused by certain children in the city who amuse themselves by cutting and splitting the bark of the shade trees in front of residences. Such action is most reprehensible and if continued several citizens have decided to put the matter in the hands of the police. Parents will do well to warn their children against the risks they may run in wantonly destroying valuable property.

Charley Lee, the Chinaman accused of pointing a firearm and threatening Martin Hubegard, appeared before Magistrate W. H. Bullock-Webster yesterday and was ordered to pay a fine of $10 and costs. The defendant was represented by James O'Shea and alleged that the complainant's boy had damaged a water flume on his ranch at Fairview. The complainant stated that the damage had been done by his horse and that a dispute had followed during which the Chinaman had committed the offence complained of.

The board of directors of the Nelson Agricultural society met in the board of trade rooms last night at 8.30. Those present were: C. W. Busk, in the chair, F. A. Starkey, D. C. McMorris, G. Horstead, J. A. Irving, S. A. Kelly, W. S. Pearce and C. P. McHardy. The principal object of the meeting was to allocate the special prizes whose disposition is not definitely specified by the donors. There was some discussion on the expediency of offering special prizes for amateur photography. The list was then taken up. The special prizes offered this year, chiefly by manufacturing and wholesale firms throughout the Dominion, are unusually numerous and valuable. Care was taken by the directors to distribute them as impartially as possible through the various departments. A list of the special prizes will be published as soon as the secretary completes the revision in accordance with the decisions of the board.

The names of two members of the executive committee of the Synod of the diocese of Kootenay were omitted from the recent report. They are the bishop's nominees, Rev. E. A. St. George Smythe and C. W. Busk. The elected members were Revs. C. A. Procunier, E. P. Flewelling and H. Steele, and Messrs. A. F. Venables, C. A. Cock and H. Bird. The ex-officio members are the bishop, archdeacon, clerical and lay secretaries, treasurer and registrar, who are, respectively His Lordship Bishop Dart, Ven. Archdeacon Beer, Rev. F. H. Graham, F. Irvine, G. Johnstone and E. A. Crease.

A game of baseball will be played on the recreation grounds this afternoon, beginning at 4.30, between the Eagles' team and a city team. No admission fee will be charged and all are invited to see what is expected to be a good game. The teams will line up as follows: Eagles—H. Bishop, c.; B. Blewett, p.; A. Gibson, 1st b.; A. Bishop, 2nd b.; G. Lapointe, s. s.; E. Steele, 3rd b.; G. Mason, r. f.; W. Shackleton, l. f.; H. Houston, c. f. City team—R. Bishop, c.; W. Sturgeon, p.; W. McKie, 1st b.; C. Starr, 2nd b.; F. Loring, s. s.; L. Patrick, 3rd b.; R. Sharp, r. f.; S. Nonest, l. f.; W. McDavidson, c. f. C. D. Blackwood will umpire.

The telegraphed invitation of the Nelson and District Canadian club will reach Gen. Otter and Col. Holmes on their arrival at Revelstoke this morning and replies are expected by noon. No doubt is entertained that the officers will accept the club's invitation to luncheon on Friday. Tickets will be printed today and may be obtained from the secretary, R. C. Dickson, or from any member of the club. The luncheon will be given at the Home hotel at 1 o'clock. On Wednesday of next week a similar function will take place at which the guests of honor will be Hon. R. McBride and Hon. T. Taylor, and for which invitations will also be sent to Martin Burrell M. P., and A. S. Goodeve, M. P., J. A. Macdonald, K. C., M. L. A., and Dr. Hall, J. H. Schofield, N. F. MacKay and W. Hunter, representatives in the legislature of Nelson and district.

WILL WELCOME PREMIER

Hon R. Mounds and Hon. T. Taylor to Visit Boundary

(Special to The Daily News.)

GRAND FORKS, June 15.—The annual bazaar of the ladies of the Catholic church of this city was brought to a successful close on Saturday night, after a three days' sale of work, and the drawing for several valuable prizes donated by members of the church. On Saturday evening a very lively contest took place between two little girls, Lauretta Lyden and Mary Chaplo, for a handsome doll, which was very pretty dressed, and donated by Mrs. T. Ryan. Miss Lyden secured the prize but Miss Chaplo was also awarded a suitable trophy in consideration of her work. A beautiful cushion, painted and donated by Mrs. W. Fitzmorris, was won by Mrs. T. Cagan. A handsome rug, donated by Mr. and Mrs. Lequime, was won by G. Mario of Ebolt. A large arm chair, donated by Mr. and Mrs. Miles Barrett and A. McDougal, was won by B. Winkinson of Cascade. A large reclining rocker, donated by Mr. and Mrs. H. Crosby, and A. McDougal, was won by R. Forrester of Columbia. A leather suit case, donated by Mr. and Mrs. George O'Keffe, was won by G. Fracks of this city. A beautiful floral design, made and donated by Mrs. F. Starlinger, was won by Mrs. H. Crosby of this city. A large number of useful and ornamental articles were disposed of during the three days, and in the evening a musical program was rendered. About $600 was realized by the ladies as the results of this bazaar, and those attending report having spent some pleasant evenings at the fair. Rev. Father Hartmann extends warm praise and hearty thanks to all who assisted in making this year's bazaar such a success, both socially and financially.

Hon. Richard McBride, premier of British Columbia; Hon. Thomas Taylor, minister of public works for the province, and Martin Burrell, member in the Dominion house for this constituency, will hold a public meeting in the opera house in this city on Monday evening next, the 21st inst. All the public questions of the day will be taken up and discussed by these able speakers. This will be Mr. Burrell's first appearance on the public platform since his election to office, and no doubt a large number will be present at the meeting. The Victor orchestra will be in attendance during the evening.

A delegation of the local order of the K. of P. went over to Danville on Saturday evening to assist that lodge in some degree work. Those attending report having had a very enjoyable time.

During the past week there has been recorded at the mining recorder's office in this city four locations, twenty-seven certificates of work, and three crown grants have been issued. Mine transfers were also recorded for the same period and are as follows: 1-2 of Royal Theta, Franklin camp, J. Holm to W. A. Pounder and D. D. Munro. 1-4 of Buttercup, Franklin camp, J. B. Fee to W. W. Fee. 3-4 of Franklin camp, G. B. Todd to F. M. Kerby. 1-4 of Juliana, Franklin camp, J. Morrell to L. Morrell. 1-4 of Munster, Franklin camp, B. Lequime to F. M. Kerby and D. Whiteside. 1-4 of Ajax, Franklin camp, B. Lequime to F. M. Kerby and D. Whiteside.

Some thirty prospectors are at present working on their claims in Franklin camp, and many more will leave during the next week as the water in the north fork of the Kettle river is now rapidly going down and the snow on the hills in the vicinity of Franklin camp is fast disappearing.

The local lodge of the Oddfellows have challenged the local lodge of the K. of P. to a baseball match here on Friday next, and it is understood that the challenge has been accepted.

Imaginary Crime

WINNIPEG, June 15 — Charles H. Hornpeck, a farm laborer and Barnado boy, who was employed by C. P. Wasti near Oakbluff, has confessed to having murdered Mrs. Louis James at her home on Dominion street on the afternoon of April 22 last. He was placed under arrest in the provincial police station yesterday. There is every reason to believe that the confession is the result of a disorganized imagination and that on investigation it will be proved that Hornpeck knows nothing about the murder further than what he has read.

Fires in Quebec

NEW CARLISLE, Que, June 15—Forest fires are raging in Venaventure county in the rear of the municipalities of Gascon, Port Daniel, Godfrey, Paspebiac, New Carlisle and Bonaventure. Hundreds of thousands of dollars worth of timber are destroyed. The fire was caused by settlers burning rubbish. The fire swept Mercier colonization reserve through its entire length of 40 miles. Many houses and barns owned by settlers were destroyed while settlers and their wives lost everything.
