VOL. 8 NELSON, B. C., SATURDAY MORNING, JUNE 5, 1909 NO. 39

529

LIST OF MILITIA

Changes Are Announced in Names of Units

RIFLE CLUBS REGISTERED

W. T. R. PRESTON, OF "HUG-THE MACHINE" NOTORIETY STILL IN SERVICE OF THE DOMINION GENERAL ITEMS OF CANADIAN CAPITAL.

(Western Associated Press.)

OTTAWA, June 4—Militia orders contain the following: The transfer of E Co., 96th regiment, from Wolseley to Regina is authorized. The 95th regiment will henceforth be designated the 95th Saskatchewan Rifles. The 102nd regiment is to be called the 102nd regiment Rocky Mountain Rangers. The date of training of the Canadian mounted rifles, A squadron of Kamloops, is changed from June 7 to June 21. Formation of the undermentioned rifle associations is authorized: Lethbridge, Winnipeg Frontiersmen, North Star; Nokomis, Sask.; Red Deer Rangers; Fielding, Sask.; Nelson Legion of Frontiersmen; Delta: Ladner, B.C.

The following appointment is gazetted: Capt. Charles Barnes, Victoria, to be fishery officer.

W. T. R. Preston, Canadian trade commissioner to Japan, reports to the trade department that he has just returned from an extended trip through the commercial centers of Japan and is quite satisfied that an active presentation of Canadian commodities suitable to Japanese markets will result in a very considerable expansion of the trade between Canada and Japan. He will make more extended reports later.

Capt. Demers, chief examiner of masters and mates in Canada will be the future wreck commissioner, replacing commander Spain. The office has been vacant since last fall and Capt. Demers admitted this morning that his appointment was almost certain. It was generally thought that admiral Kingsmill would take the post but his other duties, in connection with general naval matters, are so numerous that he would be unable to attend to marine investigations all over Canada. Capt. Demers will be subordinate to admiral Kingsmill.

Earl Grey on his return from England will visit the Pacific coast, including the Seattle exposition. Honorables Fisher and Oliver are also to visit the exposition.

German Airships Succeed

BERLIN, June 4—The Gross airship conducted a series of experiments today over Berlin, with wireless telegraphing. The apparatus was recently installed on the airship and the trial lasted for some hours while the craft manoeuvred over the city. An attempt was made to put the instruments in tune with those at the wireless land stations. The army officers who controlled the airship declined to make any statement as to the results obtained. The Parsival airship also manoeuvred over the city at the same time the Gross balloon was in the air. It circled the emperor's palace several times.

Can't Stop Gambling

NEW YORK, June 4—Although the strictest secrecy is being maintained as to the contents of the report of the investigating committee appointed by governor Hughes to look into the methods obtaining in the various New York exchanges it was learned here that the report which is to be turned over to the executive next Tuesday will be conservative in character and contains no suggestions of a radical nature. After seven months' of investigation the committee is said to have reached the conclusion that speculation is an economic necessity and that short selling is a feature that cannot be eliminated without seriously disturbing the business systems of the country.

Patrick Denied Writ

NEW YORK, June 4—Albert T. Patrick's application for a writ of habeas corpus releasing him from Sing Sing prison where he is under life sentence for the murder of William Rice, was denied today by the appellate division of the supreme court in Brooklyn.

Reformed Episcopal Policy

ROCHESTER, June 4—Dr. J. Preston Searle, president of the New Brunswick, N.J. theological seminary, submitted a report at the afternoon session of the general synod of the Reformed church of America in which he favored an alliance of reformed churches holding the Presbyterian system.

Vanderbilt Wins a Race

PARIS, June 4—The Prix Presign was run at Maison Laffittee today and won by W. K. Vanderbilt's San Pietre.

No Release for Thaw

NEW YORK, June 4—Harry Thaw must remain in the state asylum for the criminal insane at Matteawan under a decision reached today by the appellate division of the supreme court in Brooklyn. Thaw's application for a writ of habeas corpus releasing him from the asylum was dismissed by a justice of the supreme court several months ago. He then appealed to the appellate division which today sustained the lower court and refused the writ. Thaw's application was based upon the contention that Justice Dowling's order committing him to the asylum as he was declared not guilty of the murder of Stanford White was illegal.

IS IN COURT AT LAST

COUNSEL FOR LUDGATE WANTS TO CONSOLIDATE CASE

SQUATTERS ON DEADMAN'S ARE READY FOR FIGHT

VANCOUVER, June 4—Four or five lawyers rose in their places in supreme court chambers this morning to intimate that they were for the defense in the actions brought by Theo. Ludgate to dispossess the squatters on Deadman's Island.

An application to consolidate twenty one actions was made by Mr. E. P. Davis, K. C., for the plaintiffs, and though a preliminary order was made, it was not as decisive as the one desired.

"There might be the objection," said Mr. Davis, "that different defences would be raised that some were on the foreshore, while others were on the island and that some had been put there by the park commissioners but that did not affect this application. If any defendant had a special defence, his case could be tried afterwards. Mr. Ludgate had a lease under the Dominion government of that particular property, and the only possible question that could arise was whether that lease is a valid lease or whether a preceding order in council affected it."

Mr. Justice Clement—"I suppose there is no question of the statute of limitations?"

"There is no question of that kind at all," said Mr. Davis.

"It is just a question of whether that lease is in operation owing to a preceding order in council giving the property to the city. If our lease is good there is no question but that everybody must get out."

Mr. J. E. Bird said he represented five of the squatters, among them Mr. Hammershop, who had acted as caretaker for the park commissioners and had been there for many years. He objected to the consolidation asked. The defendants knew nothing about Mr. Ludgate. They had simply received a writ for ejectment, and they had no idea until he had filed his statement of claim what his claims were. He believed there would be a great many differences raised.

"I think a preliminary order for consolidation should go, and then when the defences are in we can see how far they extend along the sam line," his Lordship stated.

Mr. Davis said that what was proposed was to go on with one case and the others stand in the meantime. If the decision was against the plaintiff, on the question of title it would bind him against them all, but if the decision was for him, it would not bind the defences, because they could get up another defence.

At the police court this morning the magistrate again reserved his decision in the case of William Smagg, who is accused of assaulting policeman Lowery in connection with the dispute as to the ownership of Deadman's island. E. L. Kinman, Victor Newham and David Taylor charged with destroying trees were again remanded, no evidence being taken in any of the cases. The adjournment was granted by consent because Mr. Kennedy, crown prosecutor had to appear at the higher court in connection with some special cases.

OLD TIMER DROWNED

Charles Diamond Lost in Waters of Moyie Lake

(Special to The Daily News.)

MOYIE, June 4—Charles Diamond, one of the best known characters in Moyie and East Kootenay, was drowned in the narrows above town yesterday afternoon about 3 o'clock. The body has not yet been recovered although searching parties are out in boats grappling for it. The water is about 15 feet where he fell in. There is now high water and a strong current and the body may be carried down into the lower lake.

Diamond and a man named Dan McLennan were in a boat on their way to Monroe lake for a few days' fishing and when going through the narrows between the two Moyie lakes, Diamond lost his balance and fell overboard. The accident occurred about opposite the saw mill of the Porto Rico Lumber company.

The deceased was about 50 years of age and his only known relative is a brother near Wenatchee. He followed mining and prospecting for a living.

Wants Release From Bankruptcy

PITTSBURG, June 4—Upon a petition of Harry K. Thaw filed in the United States district court before judge Young today, Thaw was granted leave to file a petition for discharge from bankruptcy without being present for examination before the referee. The court will set a day to hear the objections later.

Not From Poverty

DOVER, N.J., June 4—An unidentified man was found hanging from a limb of a tree in Dover late tonight. He had $1193.75 in his pocket.

STAND UNITED

New Zealand's Suggestion for Conference

SEND OPPOSITION LEADER

TO SHOW FOREIGNERS THAT PARTY DIVISIONS DO NOT AFFECT SPIRIT OF NATION—ADVICE TO SIR WILFRID LAURIER TO FOLLOW EXAMPLE.

(Canadian Associated Press)

LONDON, June 4—It is proposed in New Zealand to demonstrate the national attitude in support of the empire in the face of foreign naval menace, by sending the leader of the opposition as well las sir Joseph Ward, the premier, to the imperial naval conference in July.

Seeing that the Canadian attitude, as expressed by unanimous resolutions in the commons, was national and entirely removed from party politics, it is suggested that Canada do likewise, by sir Wilfrid Laurier inviting Mr. Borden to accompany the ministers. It is felt that this would be a most effective demonstration to Germany and other nations that the empire means unitedly to hold its own, and also remind party men here that the security of the empire is a question for common agreement, not for political wrangling.

A meeting of the Canadian delegates to the imperial press conference elected J. S. Brierly of the Montreal Herald, president, and Macdonald, Halifax, secretary. Later the Australian and Canadian delegates met, electing Brierly, president. Tomorrow they again meet when it will be decided as to what resolutions, if any, will be moved by the conference Monday.

The weekly statement of the bank of England shows the following changes: Total reserve decreased £1,056,000; circulation increased £215,000; bullion decreased £840,489; other deposits increased £1,537,000; public deposits decreased £1,056,000; note reserve decreased £1,001,000; government securities unchanged. The proportion of the bank's reserve to liabilities is 45.61 per cent against 47.84 per cent last week.

The rate of discount of the bank of England remained unchanged today at 2 1-2 per cent.

The British women's emigrants' report states that 417 emigrants were sent to Canada last year. Repayment from the emigrant assisted, it points out, has been most satisfactory.

A dominion day banquet on July 1 will be held at the imperial international exhibition, Shepherd's Bush. Lord Strathcona will preside.

The Belgians will compete at Henley this year.

WATCH FOR POACHERS

Revenue Cutter Cruising in Hecate Strait—Victoria Shipping

VICTORIA, June 4 — That the revenue cutter Manning has been lying in wait for any sealing schooners in the hunting grounds during the closed season in northern waters is the news brought by the steamer Princess Beatrice from northern ports. The sealing schooner Thomas H. Bayard which put into Port Simpson to land 400 seals reported on arrival having sighted the Manning at anchor at the north of Hecate straits.

A steamer about the size of the Amur equipped with cold storage, electric lights and modern equipment, is to be purchased and brought to British Columbia waters by the Pacific Fishery company to carry the fish caught by the company's trawlers and fishing crews in northern waters to Vancouver for shipment pending the completion of the Grand Trunk Pacific railroad when the catch will be shipped from Prince Rupert.

The charge of obtaining money under false pretences against Darrell Standing, the actor, was dismissed this afternoon.

Steady Deadlock

SPRINGFIELD, June 4 — Without the enactment of any deep water legislation the general assembly adjourned a few minutes before midnight in many respects it has been a deadlock session from start to finish. It was deadlocked at the beginning on the speakership fight and later on the senatorship and finally on the deep waterway problem.

Kentucky Sports

FRANKFORT, June 4—John Mayle, a negro, who last night shot B. C. Bower, a circus man, was taken from jail here early today and lynched. The jailers showed resistance to the mob but with little effort the door was broken down, the negro taken out and hanged to the St. Clair street bridge. Bowers is in a serious condition.

Hard to Finish

NEW YORK, June 4—After an intermission of a week Joseph Capablanca, the Cuban chess champion, and Frank J. Marshall, of New York, resumed play today in their match of eight games up. The game, the twentieth of the series, resulted in a draw. The score to date is: Capablanca 7, Marsall 1, drawn 12.

RESULTS AT WOODBINE

INTEREST IN CANADIAN MEET WELL SUSTAINED

MANY HOME BRED HORSES SHOW GOOD TURN OF SPEED

TORONTO, June 4—First race, Gabapin purse, $500 added, for three year olds, six furlongs—Tusley, 105 (Goldstein) won, Desperado, 110 (McCarthy) second, Lady Orimar, 101 (Francis) third. Time 1:15 1-5. Also ran, Searchlight, Royal Oak. Scratched, Maxim Gun, Pulford, Lasalle.

Second race, Kingston purse, $500 added, for two year olds five furlongs—Setback, 107 (Rettig) won, Dalhousie, 107 (Goldstein) second, Hickory Stick, 106 (Gilbert) third. Time 1:01 2-5. Also ran Sociable, Lady Etna, Adelaine, Bourne, Beau Chilton.

Third race, Gateside purse, $500 added, for three year olds and upwards, six furlongs—French Shore, 106 (Musgrave) won, Supper Dance, 109 (McCarthy) second, Valeydem, 109 (Ross) third. Time 1:18.

Fourth race, Iroquois purse, selling, $500 added, for thre year olds and up, one mile and seventy yards—Neoskaleta, 98 (Haynes) won, Howard Shean, 105 (Harty) second, Punky, 107 (Herbert) third. Time 1:46 3-5. Also ran Haleddion, Stromeland, Canaing, Ida May, Varieties, Goesfast, Gold Note, Woolstone, Reidmore.

Fifth race, Royal Canadian steeplechase, $630 added, for four year olds and up, about 2 miles—Dr. Koch, 153 (Archibald) won, Stella Land, 151 (Helder) second, Valhalla 135 (Saffel) third. Time 4:12. Also ran Alpwell, Donier, Octupus.

Sixth race, Badmington purse, selling, $500 added, for three year olds and up, one mile and a furlong—Stolma Wood, 107 (Musgrave) won, Edwin Gem, 105 (Mentry) second, Hinoko, 105 (Goldstein) third. Time 1:55. Also ran King Holaday, Great Jubilee, Arrowswift, Petulant, Carthage, Crawford, Double. Scratched—The Earl, Dredger, Helscher.

QUEEN'S MAY SEPARATE

PRESBYTERIAN GENERAL SYNOD APPOINTS COMMITTEE

MINORITY OF SENATE STILL IN FAVOR OF CONNECTION

HAMILTON, June 4—The senate of Queen's University won out this morning in the Presbyterian general assembly, its request, presented through Principal Gordon, that a committee of the assembly be appointed to consider the separation of the university from the church being granted after an amendment reaffirming the connection between the university and the church had been defeated by a vote of 145 to 45. The main motion then carried on the same affirmative vote the negative refusing to vote.

The discussion which preceded this result was a warm one in some respects. Professor Dyde was the principal advocate of the continuation of the connection. He believed that they could raise the $750,000 endowment, and went on to say that the worst wounds the endowment workers had received were those given in the back by the friends who started the agitation for separation.

Rev. John Pringle, of Sydney, provoked a storm of dissent when he stated that Queens was deriving funds in an underhand way from the government of Ontario for things it did not teach. To the interruption Dr. Pringle excitedly maintained that it was true.

Principal Gordon wound up the discussion by pointing out that the theory that the university would lose its Presbyterian characteristics through separation was untenable. In proof of this he cited the examples of Dalhousie and Princeton. As a matter of fact the experience had been exactly opposite. He rebuked Prof. Dyde for his assertion in regard to workers for the endowment having been stabbed in the back.

The vote was then taken with the result above quoted.

The afternoon session was devoted to the reports of the committees on systematic giving and the aged and infirm ministers' fund. The latter was in a satisfactory condition with a balance to its credit of $2,400 with all its liabilities met in full. The systematic giving committee reported that the million dollars sought had not yet been received but efforts would be put forth to secure it this year. A number of addresses on the laymen's missionary movement were given and the delegates attended a party given by Mrs. William Henry.

Millionaire Hurt

NEW YORK, June 4—Wm. W. McAlpine, the tobacco millionaire, was seriously injured today by falling from a moving street car which he had attempted to board at 34th street. Mr. McAlpine was remove dto Bellevue hospital suffering from contusions of the head and body and possibly a fractured skull.

Theatre Burned.

AUBURN, June 4—The open air theatre at Northumbria park, one of the largest out of doors theatres in the country, was destroyed by fire today together with a college which at $38,000. The building was located stood near by. The loss is estimated on the banks of the Charles river and had a seating capacity of 3,000.

DEAL IS MADE

Dominion Copper Company Properties Sold

BOND HOLDERS BOUGHT IN

EXPECTED HAPPENED AT DEFERRED AUCTION SALE IN VANCOUVER—CAPITAL WILL NOW BE RAISED FOR EXPANSION OF FORMER PLANS.

VANCOUVER, June 4—The properties of the Dominion Copper company were purchased today by the "Hayden committee" of bondholders at the public sale held pursuant to the decree of the court. The "Lincoln committee" did not bid. Samuel Untermeyer is counsel for the Hayden committee. His partner, Mr. Wyman, represented him at the sale. The committee whom Mr. Untermeyer represented will now proceed to organize a new company to be known as the New Dominion Copper company. The new company will issue $500,000 of convertible bonds and will be authorized to issue $1,750,000. It will operate the properties as soon as possible.

A serious accident, but one which happily did not end with fatal consequences, occurred yesterday evening up the Capilano canyon, when the consulting engineer, Mr. H. M. Burwell and superintendent Steve Madison of the city waterworks department were thrown from the rig in which they were driving home after an inspection trip up to the settling basin, and almost hurled over the edge of the canyon at its deepest point. Just where the accident took place the road swings round with a sharp curve, close to the edge of the canyon. Perhaps they took the curve a little too fast, for the rig swung outward, the weight breaking the harness and freeing the horses, while the two men were deposited on the rugged edge of the yawning abyss. It was a lucky escape and although Steve Madison lost some teeth and suffered other bruises and Mr. Burwell was badly scarred about the fact, they came out of the wreck very well and escaped a drop down the precipitous sides of the rocky canyon, only by a mere chance. Strange to say the horses stood still after being freed. The two men pulled the damaged rig back on to the road and made their way down to the suspension bridge as well as they could. It will be a few days before they are over the soreness of their bruises, but in view of the fortunate escape, they consider themselves lucky to have got off so well.

FLOUR SHORTAGE LIKELY

STOCKS ARE UNUSUALLY LOW IN AMERICA JUST NOW.

PATTEN VIEWS THE SITUATION QUITE COMPLACENTLY

CHICAGO, June 4.—The supplies of flour in the United States, following the sensational advance in the cost of wheat, have shrunk almost to famine size. A startling degree in the surplus stocks was revealed in reports from various large cities of the country, presented at the seventh annual convention of the National Millers' convention at the Auditorium hotel.

For weeks the mills have not been grinding enough flour to keep pace with the actual demands of customers and the ordinary surplus stocks have melted away like snow in the sunshine. If for any reason the big mills should be shut down for more than a week, a famine in flour, according to millers, would become a serious possibility.

With prices at almost unprecented levels, merchants and bakers have been buying only flour enough to supply their wants from day to day. It is also developed that the millers are "sore" at Secretary of Agriculture Wilson, because of the government estimate of 654,000,000 of reserved wheat on farms March 1. This was the estimate which "Wheat King" James A. Patton ridiculed as extravagantly high, and which he said was based on reports of small merchants and country postmasters.

"By a count made a few days ago," said W. R. Gregory of New York, in a report to the convention, "that there were only 138,000 barrels of flour in the warehouses and stores of New York city, as compared with 900,000 barrels a year ago. Twenty thousand barrels are consumed every day in New York, and if our supply should be cut off you can see how long bakeries would run." Mr. Gregory also declared that the supply in Boston was 19,000 barrels below the normal.

H. T. Lawler reported there were only 32,000 barrels of flour in New Orleans, which was one-half the normal amount in storage there. Reports from other cities in the same tenor startled the flour men. The crop also submitted by delegates here out the prognostications of James A. Patten.

"Both in regard to the growing crop and the exhaustion of farm reserves the reports of our members prove that Mr. Patton has been right all along and has taken advantage of a situation which the rest of us were too slow to perceive," said A. L. Goetzmann, secretary of the association. "The reports delivered by our members show farm reserves are practically exhausted—six weeks ahead of time. Mr. Patton was right and Secretary of Agriculture Wilson was wrong, and millers were misled by the government figures."

A bear raid in the pit recently, engineered by a coalition of big commission houses, caused the price of May wheat to break from $1.39½ to $1.32. While the raid was on "Wheat King" Patton sat in his office and smiled. "Any man who sells short in this market is likely to go broke," he said.

The desperate bear onslaught was led by Bearson, Hammill & Co., Logan & Bryan, Finley, Barrell & Co., Clement, Curtis & Co., and Lamson Brothers. All of them sold heavily, following the reports of rain throughout Kansas and other sections of the winter wheat belt.

"They are counting altogether too much on the rain," was Patton's comment, as the price sagged under the selling. The sentiment will be bearish from time to time; so much the worse for the man who will be led to sell short. Occasionally the price will drop, only to lead some unwary traders into misfortune. For prices are going higher, understand that. The growing crop will be smaller than last year the world over. Visible supplies are now at a minimum and I believe the stocks will continue to decrease."

GREAT DAMAGE IS DONE

REPORTS FROM DIFFERENT SECTIONS REGARDING FLOODS

THREE MEN DROWNED NEAR FERNIE AND TWO AT WALDO

The waters in the lakes and river continued to rise steadily yesterday though the smaller creeks in many cases subsided somewhat. Latest reports indicate that the damage to property all through the district has been enormous. Apart from the immense loss incurred by the railway companies through washouts the lumber manufacturers and fruit ranchers have suffered heavily.

A telegram from Fernie states this farmers along the banks of the Elk river have lost a large number of cattle, garden stuff and many buildings. In all millions of feet of lumber have been washed down the various streams. It is estimated that the Bonner's Ferry lumber company have alone lost three million feet while the Elk River and Fernie lumber companies have also suffered heavily. On the Slocan river a portion of last year's cut belonging to the Patrick lumber company has been carried away and is now floating down the Columbia river.

Railway traffic is still in a state of disorganization. There has been no coast train for the past two days owing to washouts on the Eagle river west of Revelstoke and to the fact that a large portion of the track is submerged in water. There has of course been no train out to the coast since the commencement of the trouble though trains from the east are still arriving at Revelstoke. There is a big washout on the Revelstoke to Arrowhead line between the latter place and Wigwam. To obviate this difficulty the C. P. R. are running their Arrow lake steamers up the Columbia river as far as Wigwam and there connecting with the train. There is still no connection between Roseberry, Sandon and Kaslo and the C. P. R. spur from here to Proctor is also blocked for traffic by washouts at Troup junction, 13-Mile and Harrop. No further damage is reported to the track between here and Slocan city. Passengers are being taken to Patrick's dam, transferred over the mountain side to the other end of the great washout and then taken on J. Bradshaw's train, which fortunately for the convenience of the public happened to be caged in between Patrick's and Lemon creek where a second big washout occurred. At Patrick's the novel sight of baggage being packed over the mountains on oxen is being witnessed, George Bourgeois, a rancher near that place, taking advantage of the occasion to make a few dollars in this way. The Great Northern railway hope to be able to send out a train for Spokane from here on Monday morning.

FERNIE, June 4—Elk river is on the rampage. Small shacks, lumber, trees and bridges are being washed away in and around here. The Elk Lumber company and Fernie Lumber company lost much timber as a result. The railway bridge near Elko had two spans damaged and the trains could not cross. Passengers were transferred but the damage has been since repaired and trains run through. Residents in the river flats have lost large amounts of cattle, garden stuffs and buildings. The major portion of West Fernie is inundated and families are moving out daily.

Fernie annex is also suffering. A large boom of logs in the river above the city is expected to break away any moment. Three unknown bodies floated past here Tuesday. Two men were drowned at Waldo while attempting to cross the river. One body has been recovered but it has not been identified. West Fernie schools are flooded out.

Baseball at Night

CINCINNATI, June 4—The practicability of playing baseball by artifical light will soon be tested at the Cincinatti park. This problem has engaged the attention of President Herrmann for several months. An eastern inventor has devised a system of illumination which is to be given a thorough test. The inventor claims the park will be flooded with such a strong light that it will be possible to execute any play in baseball that can be pulled off in day light. The first night game scheduled for the evening will be pulled off on June 19 and will be played by the Cincinnatis against an amateur team.

Jim Hill as Witness

SPOKANE, June 4—James J. Hill, chairman of the Great Northern board of directors, while passing through Spokane last night was served with a subpoena summoning him to appear in the case of M. J. Gordon, former counsel for the Great Northern, against whom several indictments for embezzlement have been brought.

IS IMPROVING

Good Demand and Prices for Mountain Lumber

MR. ANSTIE INTERVIEWED

BRITISH COLUMBIA COAST FISHING RESPONDS QUICKLY TO STIMULUS OF INDIRECT BONUS—PROBLEM OF MAKING FRASER RIVER NAVIGABLE.

VANCOUVER June 4—An increased demand for lumber from the prairies has distinctly improved the situation in the Kootenays, according to Mr. W. A. Anstie, secretary of the Mountain Mills lumberman's association. Mr. Anstie arrived a few days ago from a tour of the upper country. He reports that stocks have been reduced between fifty and sixty million feet since last January. Ninety-per cent. of the saw mills in the interior are now in operation.

From the figures showing the amount of fish forwarded from Vancouver to Manitoba, Saskatchewan and Alberta in the course of the last two weeks it would appear that the assistance recently rendered to the coast fishing industry by the federal government has been of some slight benefit.

From May 14 the government promised to remit to Canadian fish shippers one third of the cost of express on all shipments of fish from the coast into the three provinces. This applies only to fish taken in Canadian bottoms and is intended to act as an impetus to to fishing industry of the coast and to increase the market in the northwest. Since the new arrangement came into effect two hundred boxes of fish making 18,336 pounds in all, have been shipped from Vancouver to the northwest. This shows an increase of about thirty per cent. over the amount for the same period last year.

The first step towards getting the north arm of the Fraser river in shape to receive deep sea vessels was taken last night by the Point Grey council, which at a meeting in the Eburne town hall commissioned Col. T. H. Tracy to take soundings of the river bed and make the necessary calculations so as to arrive at an estimate and extent of the work. It was decided that the preliminary work would cost about $200, and this expense was authorized.

When Col. Tracy's work is completed, which will not be for some time, the figures will be taken before the government when it is hoped some early action looking toward the desired end will result.

It was also decided to grade, rock and sidewalk Peters road from the junction with the tracks of the British Columbia Electric railway company to Dixon road.

The Fraser River lumber company in order to facilitate log shipments to Edgewater is building a seven mile standard gauge railway through a portion of its timber limits in the Comox valley, Vancouver Island. The terminus will be at Comox. The grading of three miles of the road has already been completed. The railway will cost $150,000 and will be in operation in September. It will have a capacity for handling 200,000 feet of logs daily. Mr. A. D. McRae, president, of Winnipeg, and Mr. Peter Jensen, vice-president of the company, Beatrice, Neb., respectively, left today for Comox in order to inspect the progress of construction.

AMERICAN HORSES ADMIRED

Most Prominent Feature in Olympic Show in London

LONDON, June 4—The greatest attraction at the Olympic where the international horse show opens tomorrow, undoubtedly is the exhibit of American horses and the interest in these competitors surpass even that shown in the jumping competitions in which European, Canadian and Argentine army officers are entered.

A string of 48 harness horses were brought over by Judge W. H. Moore, New York; S. W. Watson of Baltimore has 24 harness horses and B. H. Westerbee of New York has 15 saddle horses; Julian Morris of Virginia has 8 hacks; E. H. Stotsbury of Philadelphia 6 trotters; A. G. Vanderbilt has coaching teams and Walter Winans jumpers and harness horses.

Great care is being bestowed on the decorations of the arena. Profuse use is being made of flowers and the tracks have been laid with turf which will be changed nightly.

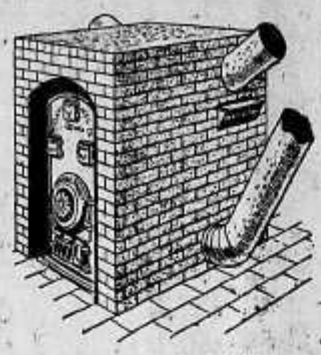
Ball Players Bonus

CHICAGO, June 4—There will be a special meeting of the Chicago National league team at the club house at the west side ball park to vote on the matter and manner of splitting the $10,000 bonus presented to the players yesterday by President Murphy. At first it was the intention of president Murphy to do the dividing himself, but he changed his mind yesterday and decided to let the athletes do as they saw fit with the neat little sum.

No house or building with a cellar or basement need be without the easily-operated, perfect-working, fuel-saving "MAGNET" furnace.

Sizes to suit all buildings — small and large.

Because of its low setting and double smoke-pipe arrangement it can easily be installed in low, shallow cellars, where it would be difficult to place other furnaces.



CUT SHOWS BRICK-SET STYLE

McClary's Magnet Furnace

GALVANIZED-CASING STYLE

You have the choice of two styles of settings: either the brick-set form shown above or the galvanized-casing style illustrated on the left.

The "Magnet" with galvanized-casing is especially adapted for basement Sunday Schools, halls, etc., as all sizes can be furnished with legs, to allow the cold air to be drawn off the floor, or with special casings to radiate heat into the room in which the furnace is placed.

Built for wood, but will also burn coal.

Sold by enterprising dealers everywhere.

J. A. GILKER, Baker Street, Nelson

FOLEY'S

CANADIAN GIRL CHOCOLATES

¶Chocolates are for the man to buy and for the girls of all ages to enjoy.

¶The richness, daintiness and variety of forms of chocolates appeal to the feminine taste.

¶Foley's "Canadian Girl" chocolates are made with one object, that of completely satisfying these judges.

¶Will you be one of the feminine jury?

¶These are our newest chocolates. Every box contains a large variety and every individual piece is of purest chocolate—they are the daintiest, most delicious, fullest-flavored chocolates you can buy.

¶Let us have your verdict.

Sold wherever the best Candies are sold.

SENSITIVE FRENCHMAN

PROFESSOR OF BRYN MAWR TOOK OFFENCE AT STATEMENT

FRANCE DESCRIBED AS A WEAK AND DECADENT NATION

BRYN MAWR, June 4—Resenting a statement made by president David Starr Jordan of Leland Stanford university in his address at the exercises of Bryn Mawr college here today, Prof. Lucium Poulet, instructor in French literature, arose from his seat and exclaimed: "It is not so," and left the building.

President Jordan's subject was "War and Mankind." In the course of his remarks he said: "Spain, Italy and France show the effect of their bloodstained battlefields. France by her confession is a weak and decadent nation." This statement was made with emphasis and president Jordan paused a moment to give it added force. During the pause there was heard the scraping of a chair on the back row of the platform and the next instant Prof. Poulet appeared at the front of the stage with his face flushed and visibly agitated. Turning square in front of the chairman the professor raised his hand and virtually yelling in his anger, said: "It is not so; France is not a decadent nation." There was a moment of suspense and then a murmur of various expressions. Prof. Poulet bowed low to president Jordan and then walked down the steps with dignity. President Jordan was surprised as was the audience and very much embarrassed. After the Frenchman had left the building he made a motion as if to elicit order and then said: "If there are no more interruptions I will continue." There was intense silence until the speaker concluded his address. The incident, however, had the effect of throwing a damper upon all the exercises and the Californian as well as Mr. Thomas, the president of the college, were plainly seen to be annoyed.

NEWS OF THE DOMINION

LONDON, June 4—R. V. Birks was elected president of the London Methodist conference.

PEMBROKE, June 4—Rev. W. Phillips was elected president of the Montreal conference today.

CHATHAM, June 4—Thomas Ife, 15 years old, was drowned in the Thames river yesterday, while bathing.

TORONTO, June 4 — Benson Lucas, K.C., M.P.P., for Center Grey, was yesterday sworn in as an Ontario cabinet minister.

PORT ARTHUR, June 4—One of the local policemen named Symons was probably fatally injured last night by a Duluth lumberjack named Keenan. The lumberjack had clippings on him when arrested telling of how he had beaten up five policemen at Port William and other fights through the country. He is held in jail here without bail. Symons had two ribs broken and his head badly cut besides suffering severe internal injuries.

BELLEVILLE, June 4—The Bay of Quinte Methodist conference elected Rev. Benjamin Greer of Belleville as president.

WINNIPEG, June 4—R. C. Lett of Ottawa was today appointed travelling passenger and colonization agent of the Grand Trunk Pacific.

VICTORIA, June 4—The auction of Prince Rupert lots was concluded this morning, the total sales amounting $1,500,158 of which $123,190 was received at the sale here.

OTTAWA, June 4—Laborers employed on the Chateau Laurier struck today for higher wages and shorter hours. They are getting $1.50 per day and work ten hours per day. They want $1.75 and a nine hour day.

TORONTO, June 4—Thomas Grimes yardmaster of the C.P.R. at West Toronto, convicted of securing about $600 from the company by placing bogus names on the pay roll, was sentenced to three years in the penitentiary.

BRANTFORD, June 4—Rev. A. Smith of Guelph was yesterday elected president of the Hamilton Methodist conference. At a session of the laymen a proposal to extend the evangelism of the church by holding more open air meetings in Quebec was voted down.

TORONTO, June 4—The weather has been generally fine throughout the west and much warmer in Manitoba than elsewhere. Records are: Atlin, 58, 52; Victoria, 42, 54; Vancouver, 42, 60; Edmonton, 48, 62; Battleford, 48, 64; Prince Albert, 52, 68; Calgary, 48, 70; Moose Jaw, 49, 72; Qu'Appelle, 50, 70; Winnipeg, 60, 66. Forecasts: Manitoba and Alberta fine and warm today.

OTTAWA, June 4 — Mrs. Herman Gunn of this city left yesterday for Stirling, Mich., to visit her mother who resides there. At the American boundary she was stopped, questioned severely, discourteously treated and detained for some hours in an immigrant pen, after which she was deported. There will be an official investigation into this.

VICTORIA, June 4—Darrell Standing, leading man of the Edmonton Gardner company, playing a stock engagement at the Victoria theatre, arrested when leaving for Seattle yesterday, was charged in the police court this morning with obtaining money under false pretences, the allegation being that he had secured $40 on account of salary from Sheriff Richards, appointed receiver for the company in connection with a partnership though the salary had been previously full paid. Standing is a son of a well known New York comedian of the same name, and a brother of Guy Standing, the well known actor.

TORONTO, June 4—The feature of yesterday's session of the Ontario medical association was an address by Prof William Osler of Oxford university. Dr Osler commented on the progress made by medical science in the past few years and urged that the active scepticism of inquiring minds was the attitude of medical men towards the treatment of disease. Dr. Osler protested against the enslaving of the medical profession by manufacturing pharmacists who instead of being willing helpers had acquired control over their teachers.

VICTORIA, June 4—A search of the locality in which the wreck of H.M.S. Condor, lost with all hands eight years ago, was reported located, has been made by H. J. Hillier, government lineman at Ucluelet. A spar considered from a British warship, came ashore at Mr. Harvey's ranch, Long Beach. Hillier wires from Ucluelet this afternoon: "I have examined Long Beach carefully, find nothing of Condor wreck. Have examined spar and decided it is from the wreck of the Pays of Medford. The supposed hull is on the beach. Mr. Harvey noticed a sea breaking over it four years ago. Do not know if it is a wreck or surface reef. It can be examined only from the sea at low water on account of a heavy swell breaking there. It lies due south of Harvey's house.

THE All-purpose Flour, and superior for every purpose. Highest grade in the world. Purity label guarantees success, or your money back.

PURITY FLOUR

Knitted into its Perfect Shape—Not Stretched

Long after it is purchased—after numerous trips to the Laundry—Pen-Angle Underwear still retains its graceful, perfect glove-fitting shape, and looks as if it were donned but yesterday. Ask your dealer to show you Pen-Angle. Examine it—feel it, note its soft, smooth texture; stretch it, and see its wonderful elasticity—it cannot shrink.

Pen-Angle Underwear is vastly different. It is knitted, not woven—comfortable, not irritating.

Pen-Angle is an individual, exclusive Underwear creation. It is knitted into its snug, perfect shape—not stretched. The variety of styles, sizes and weights (for any climate) is almost unlimited.

Look for the Pen-Angle label—it's a guarantee of complete satisfaction, or your money refunded. It means quality—removes the last straw between you and Underwear satisfaction.

Remember the Watchword:

PEN ANGLE Underwear

BRIGHT AND INSTANTANEOUS

One application—two rubs—and your shoes are shined for three days.

"2 in 1" softens the leather—keeps out moisture—won't stain the clothes—and emancipates you from bottles, mops, brushes and hard work. No substitute even half as good.

10c. and 25c. Tins

MUDDY WATER

is not nice for drinking, why not order a dozen soft drinks delivered at your house? It will only cost you 75c and you will have a drink manufactured from very best of materials and

A. G. LAMBERT & CO.

It Takes TWO—Are You One of Them?

If, of the two people it takes to make a bargain, you are ONE, how much would it be worth to you to find the other one. Would it be worth the cost of a classified ad? Would it be worth the cost of a small—but determined—"campaign of want advertising?"

The "other one" necessary to "make a bargain" is found, in nine cases out of ten, through advertising—often through want advertising, and, in this city, USUALLY through want advertising in THIS newspaper.

"The other one" watches the want ads. pretty closely—but, of course, has to be convinced. If your offer is "right," that will be an easy task.

One cent a word will tell your story to readers of

"THE DAILY NEWS"

A ten-word classified advertisement costs only 40 cents for six insertions, when paid in advance.

BOOMING CALGARY FAIR

ALBERTA'S PROVINCIAL MEETING PROMISES WELL

HAS BECOME BIG ANNUAL EVENT OF WESTERN PRAIRIES

CALGARY, June 4—As an evidence of the interest the citizens of Calgary as well as of the towns within a radius of 100 miles of the city, are taking in the Alberta provincial exhibition and the manner in which they are co-operating to assist the undertaking, the manager received no less than 75 letters in this morning's mail asking for a total of 45,000 pamphlets advertising the exhibition. These are in reply to a letter sent out on Saturday from the exhibiting company asking for co-operation of the business places in the distribution of reading matter of general interest in connection with the exhibition and the result is very gratifying indeed. It is expected that an edition of from 50,000 to 75,000 copies of this pamphlet will be issued and as the manager has been unable to communicate directly with everyone who might be willing to assist in mailing them to interested parties, he would be very glad to supply as many as would be required to those who apply. It might also be mentioned in this connection that the merchants of Calgary are using upwards of 200,000 exhibition envelopes.

A large edition of a very attractive prize list has been published and 6000 hangers have been distributed throughout western Canada and the western states. In addition to this a large number of articles are being sent out each day, descriptive of the exhibition.

Everything is developing much better than expected in connection with the forthcoming exhibition. The industrial exhibitors of last year were given until the 15th of May to apply for their old space, before it would be available for new exhibitors and the result is that, although there are a number of new applications for space from new exhibitors, there has been very little space relinquished. It is expected that the manager will have as difficult a task this year in providing accommodation as last year, in spite of the fact that a new building is to be erected for the "art loan" collection of paintings.

SUGAR TRUST'S QUARREL

Subsidiary Company Controlled by Combine.

NEW YORK, June 4—An appeal by the Pennsylvania Sugar refining company for permission from the American Sugar Refining company to refine 1,000 barrels of sugar per day was the subject of testimony today in the Pennsylvania company's suit for $30,000,000 damages. John Sparhawk of Philadelphia, counsel for Adolph Segal, formerly the controlling power in the Pennsylvania company, testified that Samuel Untermeyer, counsel for that company, pleaded with John B. Parson ,counsel for the American Sugar Refining company, for permission for the Pennsylvania company to refine its sugar under the supervision of the American company but was refused. Mr. Untermeyer, the witness said, then told Mr. Parsons that he was preventing the Pennsylvania company from doing business which enable them to repay a loan through which the American company obtained control of the Pennsylvania company.

John G. Milburn, counsel for the American company, asked Mr. Sparhawk if Mr. Utermeyer alluded to the circumstances of the loan as a criminal offense treated diplomatically, but Mr. Sparhawk said Mr. Untermeyer did not use the word "criminal.'

Mr. Milburn's cross examination brought out the fact that Charles S. Warner of Syracuse had offered to put up $440,000 to start and finance the Pennsylvania Sugar company's refinery. The case will be continued tomorrow.

WANTS INSPECTION

Shareholders in Light Monopoly Advocates Regulation

ATLANTIC CITY, June 4—Frank Vanderlip, president of the national city bank of New York, who is said to be one of the largest holders of electric lighting securities in the country, created something of a sensation in the national lighting association in session here when he advocated the regulation of the lighting monopoly by a public utilities commission. Mr. Vanderlip, who spoke of "electrical securities" qualified his statement by insisting that the control of commissions should be reasonable in its exactions placed on lighting companies. He also insisted that the public must realize that the best results for both themselves and investors would come from all owning property regulated monopolies, rather than competition that often followed the formation of private syndicates for the purpose of being bought at a price that would later be saddled on consumers. Mr. Vanderlip stated his belief that securing a proper support from investors in electrical securities is as important as the study of the big technical questions for improvement that have come up during the convention.

American Balloon Race

INDIANAPOLIS, June 4 — Preparations are being made for the national balloon race which will be started here tomorrow. Allen C. R. Hawley of New York, who arrived last night and who will have charge of the races, said the inflating of the balloons will start today in order that the great bags might be given a thorough test before the ascension at 4 o'clock tomorrow afternoon. Six balloons will start in the contest for the national championship cup offered by the aero club of America.

Capt. Fischer and Capt. C. L. Bumbaugh of Indianapolis in the Indiana; Capt Baldwin of New York and Chas. Walsh of Mount Vernon, in the Hoosier; S. A. Morgan and J. W. Walde of Cleveland in the Cleveland; Albert Bond Lambert and H. E. Honneywell of St. Louis in the St. Louis; John Berry and Paul McCullough of St. Louis in the University City, and Capt. Harmon of New York in the New York. Governor Marshall will preside at the ceremonies incident to the ascension.

Guilty Trustees

BOSTON, June 4 — Leo. F. McCullough, president of the Boston common council last year, was sentenced tonight to serve two years at hard labor in the state prison and attorney James T. Cassidy to serve one year at hard labor in the same institution, both having been convicted of conspiracy to defraud the city of Boston and of stealing $200 by making a false entry for a set of law books. At the same session alderman George H. Batis was sentenced to three years at hard labor in the state prison for the larceny of money in connection with the purchases of prizes for the Fourth of July athletic contest held under the auspices of the city in 1906 and 1907.

Wife Exonerated Husband

ALBANY, June 4—Contending that his wife, Mary Furmer, in a confession given in the death chamber at Auburn prison, just as she was electrocuted on March 18 last, exonerated her husband from complicity in the murder of Sarah Brennan at Brownville, Jefferson county, counsel for James D. Furmer, who was jointly convicted with his wife, asked the court of appeals today to set aside the verdict of conviction and grant a new trial. Mrs. Brennan was murdered at the farmer home on April 28, 1903, her body being found in a trunk.

Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by all Druggists and Dealers.

Minard's Liniment Lumberman's

BROTHER TOLD BROTHER

One Suffered for Fifteen Years, the Other for Thirteen.

The convincing powers of a testimonial were never more clearly shown than in the case of Mr. Hugh Brown, A brother, Lemuel Brown, of Avondale, N.B., read in the paper about Hon. John Costigan being cured by "Fruit-a-tives." Knowing the Senator would only endorse a medicine which had cured him, Mr. Lemuel Brown tried "Fruit-a-tives." They cured him of Chronic Indigestion and Constipation, so he urged his brother to try them.

Hartland, N.B., Oct. 28th, 1907.

"Three doctors told me that I had Liver Disease and serious Stomach Trouble. My stomach was very weak. I took their medicines for thirteen years and grew worse. My brother (who was cured of terrible Indigestion by "Fruit-a-tives" after suffering for 15 years), recommended me to try these wonderful tablets. I bought half a dozen boxes and have just finished the sixth. I eat all kinds of hearty foods without distress and am greatly improved in every way. "Fruit-a-tives" also cured the Chronic Constipation which was so distressing in my case."

(Signed) HUGH BROWN.

50c a box, 6 for $2.50; a trial box, 25c. At dealers or from Fruit-a-tives, Limited, Ottawa.

Something That Will Interest You

"Coming events cast their shadows before them. The Alaska Exposition and the "North Bank" railroad will draw the East nearer to the North Pacific coast.

The Burlington, Northern Pacific and Great Northern roads have felt the stimulating motion of this advance, and have arranged, effective May 23rd, for all kinds of new and elaborate through train service, both via St. Paul and Billings, Montana, between Chicago, St. Louis, Kansas City, Omaha, Denver, the Lakes and the Mississippi Valley on the east, and Puget Sound and Portland.

When planning an eastern trip, look at the map, and note the choice of attractive routes this new through service offers. Does not continuity of service to these important eastern cities mean a great deal to you? Consult any agent of the Burlington, Northern Pacific or Great Northern roads in the northwest, or the undersigned.

MISTAKEN POLICY

The government at Ottawa has been seized with a most unexpected desire for economy and has decided to cut down the expenditure of the department of militia and defence. Perhaps no department offered greater opportunity for economy. In the last thirteen years the expenditures of the department of militia and defence have risen from a little over $1,000,000 to $7,000,000 annually. The only special expenditure at the present time which had not to be provided for in 1896 is the maintenance of the defences at Esquimalt and Halifax. If the increase were due entirely, or even to a large extent, to the taking over of these defences and if those defences were, as a result, properly looked after there would be little objection raised to the increase in the department's expenditure. Neither of these, however, is the case. Only a comparatively small portion of the increased expenditure represents the cost of maintaining Esquimalt and Halifax and neither of these places is being kept up as it should be. If the present policy in regard to them continues for any length of time they will fall into disrepair and will become useless for the purpose for which they were constructed.

In applying the pruning knife the government has recognized that it cannot possibly spend any less money on these defences and still make any claim that it is maintaining them. The ministry's sudden zeal for economy therefore had to be directed in other directions. It had its choice of cutting down the amount available for the annual drill of the forces or of reducing its gold lace headquarters staff, which is organized on the basis of an active force of 200,000, while there are today scarcely more than one-sixth of that number on the militia list. To do away with the gold lace, the pride of sir Frederick Borden, minister of militia, would never do and so the sum available for drill purposes was cut down. The number of men at the various big camps of instruction this year is to be reduced and in addition drill pay is to be allowed for only a certain number of men in each regiment.

The government's course in regard to this matter is a decided mistake. The policy of the country is to depend for its defence upon the militia. It is therefore essential to the country's welfare that the militia should be placed on the highest possible plane of efficiency. To secure this every facility must be provided for drilling each season and every encouragement should be offered young men to join the forces. The government's policy this year is the exact opposite of this. The number of men who may drill is limited and the young men of the country are told in effect that their services as militia men are not desired by the government. Would it not have been more in the interests of the country that some of the headquarters gold lace should money thus saved applied to paying the regular allowance to every man who was willing to turn out for the season's drill.

CHINESE STUDENTS FREE

One of the results of Hon. William Lyon Mackenzie King's trip to Hongkong to attend the international opium conference is that the dominion government has adopted new regulations regarding the admission to this country of Chinese students. Up to the present Chinese students on entering the country have had to deposit the regulation head tax of $500, which was returned to them upon presentation of proof that they had passed a year at some Canadian educational institution. This plan worked well so far as preventing ordinary Chinese labor from gaining entrance to the country in the guise of students, but it has been argued that the regulations have tended to humiliate seekers after knowledge from the flowery kingdom. Under the new system a declaration that the entrant is a genuine student will secure him free admission to the country.

Just how this will work out remains to be seen. The new regulations as drafted appear quite ample to prevent any dodging of the head tax by those who should pay it, but if they provide any way of escaping payment of the admission fee the Chinese can be depended upon to find it and take advantage of it.

It will be the duty of the dominion government to see that the new regulations are not used by others than bona fide students to secure into Canada.

EDITORIAL NOTES

An English exchange asks "Why Should the Clergy be Paid?" Any clergyman in this country can give good and sufficient reasons why he should be.

The current issue of Canada, the illustrated London magazine, appears a half page picture of the city of Nelson. It is too bad that the city is not getting more advertising of this kind in outside papers and publications.

Quebec is to put an export duty on pulpwood, shipped from that province. That is a move in the right direction. If the Americans or anyone else want paper made out of Canadian pulp let them establish their pulp and paper mills in Canada and give this country the benefit of the manufacturing operations.

It is estimated by the Ottawa Free Press, which is in close touch with the government at Ottawa, that Canada's naval policy will mean the expenditure of $15,000,000 or thereabouts within the next three or four years. This gives some idea of the extent to which Canada has been "sponging" upon British taxpayers in connection with her naval protection in the years gone by.

It is said that sir Frederick Borden is to go to London as successor to lord Strathcona as Canadian high commissioner. Surely sir Wilfrid will not adopt this means of ridding himself of an undesirable cabinet minister. It is bad enough to have sir Frederick as a minister of the crown, but to have him as Canada's representative in the imperial capital would be altogether too much.

REPAIRING DAMAGE

C. P. R. Service in East Kootenay Is Seriously Hindered

(Special to The Daily News)

FERNIE, June 4—The water in the Elk river is still rising and has now overflowed its banks at West Fernie necessitating several families moving out of their houses. The bridges in the immediate vicinity of the town have so far withstood the strain and it is not thought likely that any of them will be carried away. The septic tanks in connection with the city's sewage system are entirely surrounded with water but have as yet suffered no serious damage, and the new skating rink in the same locality is standing the strain well and will probably escape serious injury. The trains on the Great Northern railway have been running on their regular time as the line has not been affected, but the C. P. R. service has been slightly disorganized on account of trouble with a bridge at Elko. Repairs however, are being made and everything will be running smoothly again soon.

The funeral of A. Oldacre, the victim of the accident at Coal Creek mines on Tuesday, took place in Fernie this afternoon. The mines were closed for the day to give the companions of the deceased an opportunity to pay their last token of respect and the procession was a large one, over three hundred marching to the cemetery headed by the Salvation Army band. Interment took place in St. Margaret's cemetery, the Rev. R. S. Wilkinson conducting the service at the grave.

The first baseball match to be played on the new grounds took place between the Fat Men's team and one composed of the printers of the city, and resulted in a hard earned victory for the former by five runs.

N. E. Suddaby returned to town this morning from Calgary where he took part in the rifle matches.

W. R. Ross, M. P. P., left by C. P. R. express this morning for Cranbrook on a business trip.

Woman Victorious

CHICAGO, June 4—Mrs. Topperwein was the only woman attached to the squad which shot at the Chicago gun club yesterday and she succeeded in beating the male members of the organization very easily. Shooting from the 15 yard mark she broke 48 out of 50 and shooting from the 16 yard mark she broke 50 straight, a total of 98 out of 100 at which she fired.

BASEBALL RESULTS

NEW YORK, June 4—The weather, which has been generally unfavorable since the start of the season, was at its worst today throughout almost the entire eastern half of the country. Boston was the only point in the major league circuits where rain or wet grounds did not prevent play this afternoon and even storm threatened clouds gathered there. Detroit won the game at Boston thereby gaining a slightly more substantial leadership in the American league. The other major league games scheduled for today were shelved adding to an already large number of postponed games which must be worked into double headers as the season wears on. The Eastern league, with its unusually heavy schedule this year, suffered from the weather and the two more postponements at Baltimore and Jersey City were necessary today.

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for [illegible]

Advantages: Daily transportation, school, church; well settled district; absolutely no waste land. You can get returns now.

Purchase price: Two Hundred Dollars per acre. Terms 1-5 cash, balance extended over 4 years.

PROVINCIAL RIFLE SHOOT

ANNUAL B. C. MATCHES AT VANCOUVER THIS MONTH

MARKSMEN WILL BE IN ATTENDANCE FROM WHOLE PROVINCE

VANCOUVER, June 4—The annual provincial championship rifle matches under the auspices of the British Columbia Rifle association, will be held at the Richmond Rifle range on July 22, 23 and 24.

This was decided last night at a meeting of the executive council of the B. C. R. A. held at the drill hall. There was no other range or city considered in making the award for the big annual matches as the riflemen still remember the trouble which was experienced last year in Victoria where there was not targets enough to allow of the matches being shot off fast enough. In addition, the Richmond range is about the only properly equipped range in the province that has a thousand yard distance on which to make the supreme test of marksmanship.

The executive of the B. C. R. A. decided to allow any sights that were not telescopic to be used in the matches this year. Either the Lee-Enfield or Ross rifle may be used and it is probable that owing to the good scores and increasing popularity of the latter gun, a very much larger proportion of them will be used again this year. The only ammunition allowed to be used in the matches will be that of Canadian government manufacture of 1906 or subsequently.

The first match of the Canadian Rifle league will be shot next Saturday all over Canada. The Sixth Regiment, D. C. O. R. has entered three teams of ten men each. The thirty highest scores will be counted, so every one has a chance to get on a team. No extension sights of any kind will be allowed. The sights must be fixed on the present sight bed.

Old Country Football

Below will be found the official standing of the teams in the Scottish league. For the fifth time in succession, and for the ninth time all told, the Celtics are champions of the Scottish league. The final standing follows:

	W.	L.	D.	P.
Celtic	23	6	5	51
Dundee	22	6	6	50
Clyde	23	7	6	48
Rangers	19	8	7	45
Airdrieonians	16	9	9	41
Hibernians	16	11	7	39
St. Mirren	15	13	6	36
Aberdeen	15	13	6	36
Falkirk	13	14	7	33
Kilmarnock	13	14	7	33
Heart of Midlothian	13	14	6	32
Third Lanark	11	13	10	32
Port Glasgow Ath.	10	15	8	28
Motherwell	11	17	4	26
Queen's Park	6	16	11	23
Hamilton Acads	6	16	11	23
Greenock Morton	8	19	7	23
Patrick Thistle	2	28	4	8

Autos Start for Seattle

BUFFALO, June 4—The five automobiles entered in the New York to Seattle race left here at 3 o'clock this morning for Toledo, where they will remain over night.

English Pro. Challenges

LONDON, June 4—Tom Vardon, the well known English professional golf player, has cabled to the other side his entry to the American open golf championship contest.

Neil Attell Fight

SAN FRANCISCO, June 4—Frankie Neil has been substituted as an opponent for Monte Attell for the June 8th [illegible] contest, and the date has been moved ahead to October. Four [illegible]

fifth. Johnny Coulon's father, who is also his manager, announced in Chicago that he would be obliged to cancel the match. It is explained that Coulson bruised his back, and that, as he will be giving away weight to Attell, he wants to be in the best possible condition. In San Francisco however, it loks as if Coulon had a case of cold feet stacking up against the stocky Californian.

Gotch in Two Straights

MINNEAPOLIS, June 4—Frank Gotch, world's champion wrestler, last night took two straight falls from Henry Ordeman of this city, the first in 25 minutes and 25 seconds and the second in 10 minutes.

LEPERS ARE CURED

Prisoners in Hawaiian Islands Are Set Free at Last

HONOLULU, June 4—After some of them had spent 20 years of their life in the leper settlement on the island of Molokai, ten supposed lepers were declared to be free of the disease yesterday, after examination. Eleven persons will be brought to Honolulu for examination at the instance of the legislative committee. Two are boys of six and seven years, but the others vary in age from 25 to 29. Only one of the 11 examined was found to have leprosy but some of the older freed patients will petition to be returned to the island of Molokai. Nineteen other supposed lepers will be brought from the settlement for examination.

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by all Druggists and Dealers.

NO CHANCE FOR ARGUMENT

NOTICE TO CONTRACTORS

Court House, Fernie

SEALED ENDERS, superscribed "Tender for Court House, Fernie, B. C." will be received by the Hon. the Minister of Public Works up to noon of Wednesday, the 9th day of June, 1909, for the erection and completion of a Concrete and Brick Court House at Fernie B. C.

Plans, specifications, contract and forms of tender may be seen on and after the 9th day of May, 1909 at the offices of the Government Agent at Fernie; the Government Agent at Nelson; the Government Agent at Revelstoke, and at the Public Works Department, Victoria, B. C.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for a sum equivalent to ten per cent. of the amount of the tender, which shall be forfeited if the party tendering decline to enter into contract then called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

F. C. GAMBLE,
Public Works Engineer.

SHERIFF'S SALE.

By virtue of several executions issued out of the Supreme Court of British Columbia, and the County Court of East Kootenay, holden at Cranbrook against the goods and chattels of the Sullivan Group Mining Company, I have seized and taken in execution all the right, title and interest of the said Sullivan Group Mining Company in and to a quantity of raw and roasted ore now in the yard of the smelter of the said Company at Marysville, B. C., and also in a large quantity of mining tools and mining machinery, assay materials, supplies and implements, fire brick and fire clay. Vancouver cement Allis and Chambers ore crushers and various other articles and supplies for mining and smelting, office furniture, cooking utensils, and other goods and chattels, a full inventory of which may be seen at my office in the Court House at Nelson, and the various goods and chattels may be seen upon application to John F. Adams, bailiff, in possession at the smelter at Marysville, and at the Sullivan mine.

I shall offer all of the said goods for sale at public auction at Marysville, B. C., on Thursday the 22nd day of April, A. D. 1909.

S. P. TUCK,
Sheriff of South Kootenay.
30-1f. Dated at Nelson, B. C., 2nd April, 1909.

The above sale is postponed until Thursday the 6th day of May, 1909, at the same place and time.

S. P. TUCK, Sheriff of South Kootenay.

The above sale is further postponed until Thursday the 20th day of May, 1909, at the same place and time.

S. P. TUCK,
Sheriff of South Kootenay.

The above sale has been further postponed until Tuesday the 22nd day of June, 1909, at the same place and time.

Blue Ribbon

TEA

Is Most Carefully Selected

Of all the countries in the world, Ceylon and India have proved the best adapted for producing good tea. So Indian and Ceylon teas are exclusively used for Blue Ribbon.

And as hill-grown leaf is superior to the coarse, rank growth of the lowlands, only "hill" tea is allowed in Blue Ribbon.

Of the hill plantations, a certain number of estates are especially noted for the unusual and uniform excellence of their product.

From these celebrated hill estates, the very choicest of the crop is selected and reserved for blending Blue Ribbon Tea. So it is unusually delicious and fragrant, with none of the woodiness or bitterness that spoils so many teas.

Just get a pound of Blue Ribbon Tea and see for yourself how good it is.

NELSON NEWS OF THE DAY

The W. P. M. meet this evening in the Miners' Union hall.

The Amalgamated Society of Carpenters and Joiners meet this evening in Miners' Union hall.

The usual weekly shoot of the Nelson Gun club will take place this afternoon at 2.30.

Meagher & Co. are announcing in their advertisement columns of todays issue complete changes of summer clothes at a special reduced figure. This firm has found the move into the new store in the Eagle block to have been highly advantageous.

At the city police court yesterday morning before Magistrate E. A. Crease, John McKinley was sent to the provincial goal for two months on a charge of vagrancy and James McDonald was fined $5 and costs for having been drunk and disorderly on the previous day.

The new C. P. R. time schedule comes into force tomorrow. The alterations and additions to the service are as follows: Trains for Rossland and the Boundary will leave Nelson at 9.35 a. m. and for Rossland and the coast at 5.45 p. m. The coast train will arrive at 5.05 p. m. and the Rossland and Boundary at 12.10 noon daily; the Slocan train will leave at 8 a. m. and return at 4.20 p. m. every day except unday; the Crow boat will leave Nelson at 4 a.m. as usual but will leave Kootenay Landing at 2.30 and arrive at the city wharf at 5.30 p. m. The other services remain as before.

A serious smash up was narrowly averted yesterday when a team of horses harnessed to an open wagon belonging to the Nelson Transfer company and driven by R. Sutherland got out of hand on Latimer street and galloped at full speed down Stanley, crossing Baker like a streak, and were pulled up at the foot of Stanley just in time to prevent them from dashing into a carload of wood which was being unloaded. Neither horses nor carriage suffered any injury. The reason for the runaway is not known but it is thought that a sudden gust of wind must have, by blowing about a piece of white paper or by raising a dust, have frightened the animals.

Why not try a load of fine dry kindling from the shingle mill, $2, delivery extra. 304

Postal cards of Nelson Hockey team for sale at the Canada Drug and Book Co.

Don't forget to send your friends a postal card of Nelson Hockey team. For sale at the Canada Drug and Book Co.

The best postal cards out yet is one of Nelson's champion hockey team, for sale at the Canada Drug and Book Co.

It is sufficient for some people that they drink anything called tea. Others prefer a standard brand like "Salada," which has a reputation for being good. The latter get more enjoyment out of life. In buying tea for the satisfaction you expect to get from its use, it will pay to purchase "Salada." Avoid anything "just as good." Imitations are invariably of poor quality.

SEAT SALE IS GOOD

There is Rush for Seats for San Francisco Next Week.

The sale of seats for "Floradora" keeps up steadily at the opera house and there is now little doubt that the big production will be witnessed next Monday night by as many people as can get inside the house. Such a condition of affairs rarely occurs here, or anywhere else for that matter, when a musical comedy is given for the first time, but the acknowledged superiority of the San Francisco Opera company insures a meritorious performance. It is a tribute to the fine reputation these popular players have acquired all over this country that their production of "Floradora" is greeted by the same token of popular favor as have been bestowed upon the extraordinary success of this piece in New York, Boston, Chicago and other leading cities.

The knowledge that Nelson is to see all the old favorites of previous visits, together with many new artists that command attention, and all the superb scenery costumes, electrical effects and other adjuncts of the production which were used in the New York run of "Floradora" insures a production of the most admirable character.

Men, as well as women, like to be well dressed, but many of them don't know how to go about it.

The majority of Clothing stores can't help them much, either—they clothe them, 'tis true—but they certainly don't dress them.

That's Where This Store Comes In!

We dress Men well—we spare no pains to do it.

Clothes quality, these days, counts for as much as price in the way of an inducement, when asking for patronage.

If you care for Clothes excellence, Sir, come here.

Exclusiveness and excellence in Hats and Haberdashery.

TROUSERS

All trousers are not like ones. Hundreds of poor trousers walk about our streets every day. Prominent men, too.

New spring fabrics alive with style, correctly cut and tailored by men that know how

$3.00, $4.00, $5.00 to $8.00

Nothing startling about our prices—they sound like the trouser prices of other stores—but just call and see how very different the trousers are. That's what counts.

Fit-Reform

EMORY & WALLEY

Nelson B.C.

Motive for Murder

REGINA, June 4—More interesting light was thrown on the circumstances surrounding the murder of Charles Morris at the trial today when John Shaffron was in the stand. He told of buying a horse from Ernest Morris, the accused, for $435. It was this horse deal which is supposed to have furnished the motive for the murder. Ernest Morris was believed to have sold the animal belonging to his brother. Shaffron also testified to being awakened on the morning of the murder at one-thirty by the prisoner who stopped that night with him. Next morning they heard of the fire and to witness told the prisoner who made no comment. They rode together to the scene of the tragedy and witness said it was impossible to recognize the body of the murdered man as that of Charles Morris. He had deposed to the prisoner's horse having one shoe off as alleged by witness Kinkade.

Insurance Agents Indicted

ROCHESTER, June 4—The grand jury this morning reported six sealed indictments against fire insurance agents, all local agents, owing to the action of the state board of fire insurance underwriters in recently raising rates in this city, by putting what is called the "pink slip" notices on insurance policies, due to the many incendiary fires in this city. The jury scored the insurance companies in a long resolution. This says that in many cases incendiarism is due to property owners desiring money under policies which are granted without any previous investigation of household or personal property of the person desiring the insurance. The companies themselves are to blame for "waves of incendiarism" the report adds. Those indicted are James Johnston, former candidate for mayor; alderman Robert S. Avier, Henry M. Webb, James P. Clements, Gilbert Amsden and Martin E. Wolffs, manager of the Lyceum theatre. The indictments allege conspiracy.

'Belmont Scores a Third

MANCHESTER, June 4—The Manchester cup handicap of 3000 sovereigns for 3 year olds and upwards, distance one mile and a half, was run here today and won by Cargill. Rushcutter was second and Lischana third. Among the sixteen starters were A. P. Belmont's Norman III. ads Fairplay II.

The Orty plate of 200 sovereigns for two year olds, distance five furlongs, was won by Lycup. Tres Mostarde was second and August Belmont's Minioil third. Seven horses run.

Rheumatism.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp weather or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. Price, 25 cents; large size, 50 cents. Sold by all Druggists and Dealers.

Ask for Minard's and take no other.

NELSON NEWS OF THE DAY

S. A. Sutherland of Revelstoke is a guest at the Home.

The water record at 6.30 a. m. yesterday by the Lindsay Boat and Launch company's gage was 11 feet 11 inches, a rise of 8 inches during the 24 hours.

The funeral of the late Mrs. W. H. Jaffe took place at 4 p. m. from St. Saviour's church. The pall bearers were F. Deacon, George Steele, George Caldwell, P. McDonald, R. Peebles and J. Middleton.

At the Baptist church tomorrow morning Rev. A. N. Frith will preach the second of the series of addresses on "The Emblems of the Holy Spirit," and in the evening the ordinance of the Lord's Supper will be observed.

A baseball game yesterday afternoon between the high school and public school juniors resulted in a win for the former by a score of 35-2. The battery for the high school consisted of H. Pitts and R. Brown, and for the public school P. Garde and W. Parker.

It was reported in the city on excellent authority last night that the Bonner's Ferry Lumber company had lost 3,000,000 feet of logs through the sudden rise of the water in the Kootenay river. Many of these logs were to be seen floating in the main lake yesterday.

Inspector of Provincial Police J. McMullin will leave for Fernie tomorrow in order to be present at the sittings of the assize court which opens in that town on Thursday next. In addition to his police duties Mr. McMullen is registrar of the court in the coal city.

The board of school trustees met by appointment yesterday morning and proceeded to the public school grounds. There they were joined by the city engineer, E. R. Scoley, and spent several hours looking over the situation. Finally instructions were given to the engineer to take levels, and report on the cost of other necessary work.

James A. Bland, of the Law Society of British Columbia, is in the city from Victoria for the purpose of arranging the books in the law library in the new court house. Most of the shelves are now up and all the books will be placed in their proper places by Monday. Mr. Bland is leaving today for Rossland to inspect the library there and will return this evening.

The Great Northern railway have been making every effort to repair the damage caused by the floods to their track between Nelson and the Boundary and expect to run a train through on Monday. The track at Troup junction and from there to Ymir is almost repaired and it is hoped that the line near Erie will be straightened out by Monday.

The largest trainload of Doukhobors to be brought into this district arrived on the C. P. R. steamer Moyie yesterday afternoon and were immediately taken by special train to their settlement at Brilliant. There were in all over 800, the party including a large number of women and children. Approaching a thousand of these people have been brought to Brilliant since the beginning of the year. The trainload yesterday came from points in Saskatchewan.

At the regular meeting of Queen City Rebekah Lodge No. 26, I. O. O. F., held Tuesday evening last, the election of officers took place, resulting as follows: Noble Grand, Miss Clara Manhart; Vice-Grand, Mrs. H. O. B. McDonald; recording secretary, Miss Gussie Langford; financial secretary, Miss G. Johnstone; treasurer, Miss Mary Motion.

Fred Kelsey, of the Yale Columbia Lumber company returned to the city from Cascade last night. The Kettle river there is higher than it has been for some years and is flowing at a great speed. A ten million boom of logs belonging to the company is at present floating down the river. This is one of the largest booms ever seen on that stream.

Mr. and Mrs. James Bulger, Miss Frances Bacom and Mrs. J. D. Kirby, all of Queen City Rebekah Lodge No. 26 I. O. O. F., left last evening for Vancouver to attend the Grand Rebekah Assembly I. O. O. F., which convenes on the 8th inst. Miss Bacom is the vice-president of the Rebekah Assembly while Mrs. Bulger and Mrs. Kirby go to represent Queen City lodge at the forthcoming sessions.

The ninth annual convention of the Union of Canadian Municipalities will be held at Medicine Hat and Calgary on July 26, 27 and 28 next. The principal convention will take place at the former city on the two first days and the third day's meeting will be held at Calgary. Arrangements have been made with the C. P. R. whereby representatives of municipalities east of Medicine Hat may obtain transportation rates to the coast and Seattle via the Crow's eNst or Northern Pacific. It is therefore certain that a large number of prominent citizens from Canadian cities will be through Nelson during the early par of August.

A. Wike, a rancher living on the other side of the lake, narrowly escaped a watery grave last night through the overturning of a canoe in which he was paddling home. Mr. Wike left the city just before midnight. A few minutes late two Nelson men returning across the lake in a boat heard cries for help and looking round saw near the Boat club house an upturned canoe. Rowing to it they found that inside it was a coat. Feeling sure that its late occupant had been drowned they proceeded to tow the canoe in. At the city wharf the Kaslo was tied up and hearing a noise the two boatmen investigated and found that Mr. Wike, after being upset in the water, had swum to the steamer and had been taken safely on board.

Capt. C. F. Hayward came in from Portland, Oregon, on the Crow boat last night and is staying at the Strathcona. After an absence of eight years, Capt. Hayward is in the city for the purpose of meeting some of his old acquaintances. He is one of Kootenay's old timers, having been in command of the steamer Galena in the year 1897, then plying on the main Kootenay lake. After the discovery of the Silver King on Toad mountain Capt. Hayward ran between Kaslo, Ainsworth and Nelson for some years. He knows the main lake and West Arm from one end to the other, having also been in charge of the International, the Alberta, the Nelson and the Spokane, which was destroyed by fire early in the nineties. In 1898 he went to Portland where, with the exception of a short visit to the Kootenays in 1901, he has resided ever since. Capt. Hayward is at present running a ferry boat on the Columbia river for the Portland Railway company. He will be in the district for the next few days.

EXAMINER IN MUSIC

Member of Associated Board of London Visits Local Convent

Prof. F. C. Buck, examiner for the Associated Board of London, England, who is to hold an examination in music at the convent of the Sisters of St. Joseph this morning, arrived on the Crow boat last night and is a guest at the Strathcona. Interviewed by a representative of the Daily News Prof. Buck explained that the Associated Board had been formed for the purpose of holding examinations, by the Royal Academy of Music and the Royal College of Music at London. Every year examiners were sent to various parts of the Empire, to Australia, to South Africa, to Canada and many other places. It was his first visit to the Dominion and his experiences had been something in the nature of a revelation. He had held examinations in cities stretching from the Atlantic coast to Calgary and other northwestern cities and had found that in many cases, especially in Nova Scotia and Calgary that the standard of musical culture was surprisingly high. The percentage of successful candidates was about 75, equal to that of the old country.

From Nelson Prof. Buck will go to Revelstoke and then to Vancouver. At the terminal city both local candidates and those from Victoria will be examined. The examination at the convent this morning will commence at 8.15. The result will be published at an early date in The Daily News.

HAS NARROW ESCAPE

Lieutenant Powles Tells of How He Shot His First Bear

Lieutenant Powels, R. N., of Proctor, arrived in Nelson yesterday bringing with him the story of a thrilling encounter with a large grizzly bear on the flat slope near 6-Mile creek at Willow point. Lieutenant Powels' story is best told in his own words. He said: "I got the grizzly all right, although, as you will observe, I did not escape scratches" and in proof of this pointed to some ugly scratches on his nose.

Continuing Lieut. Powels said: "Since taking up my residence on my ranch at Sensilne bay, which I purchased a month ago, I have devoted considerable time to bear hunting on the mountains on both sides of the arm, but not until today did I meet with any success. Two days ago I located a camp up 6-Mile creek. I was altogether unsuccessful during my first two days hunt but early this morning I located tracks of a bear, the newness of which showed conclusively that a bear was in close proximity, and shortly after noon I had located him.

"Thinking my first shot had proved fatal to the animal I went directly over to view the body. Just at the moment the animal rolled over and stretched out to claw me, catching me on the nose. Another shot from my rifle finished him.

"I immediately arranged with two ranchers at 5-Mile to bring down the bear which at present is laid out on the beach near Willow Point."

Lieut. Powels vouches for the truth of this story.

Exemplary Sentence

NEW YORK, June 4—A sentence of not less than seven years nor more than twenty years in Sing Sing prison was imposed today upon William Darragh, a chauffeur, whose automobile ran over and killed Inversgard Trimble in this city on March 27. Darragh was trying out a new gear and moving at a fast pace when his machine struck the boy, who was 13 year old. Leaving him lying in the street Darragh kept the car going and on the following day left the city being afterwards arrested at Fort Arthur, Texas.

Cotton Crop

WASHINGTON, June 4—The growing crop of cotton on May 25 was 81.1 of normal condition against 79.7 last year and a ten year average of 81.1. The area planted this year is about 95.6 per cent of the area to cotton last year, aggregating about 31,918,000 a decrease of 1,452,000 acres or 4.4 per cent of the bureau's revision estimate of last year's area. This was today's report of the agricultural department.

Ready to Sacrifice

WELLINGTON, June 4—In addressing the students of Canterbury college today, lord Plunket, governor of New Zealand, said he believed that the conference to be held in London to discuss questions of imperial defence will prove to be the most valuable colonial conference ever held if the true spirit of unity and real readiness for self-sacrifice existed in the empire today as he believed it did.

Floods in Cranbrook District

(Special to The Daily News.)

CRANBROOK, June 4—The water is still rising. At Wardner the river rose eight inches today. The fate of several lodges depends on whether tonight is cold. It looks like rain and if this should come and the night be mild, the Kootenay might rise enough to take out the Hanson bridge. The C.P.R. is confident that the Wardner bridge will stand. Many farmers at Wardner have lost their crops from flooding

Sheriff Accused of Libel

VICTORIA, June 4—Darrell Standing, the actor, who was arrested on a warrant sworn out by sheriff Richards, charging him with obtaining money under false pretences, has begun proceedings for $5,000 damages against the sheriff, who is charged with criminal libel.

Boat Went Over Falls

GRANDE PILES, Que., June 4—F. J. Boisvert, P. Juneau and M. Desrosiers, employees of the Laurentian Paper company, of Mattawin river, were drowned by their boat going over the Little Grande Mere falls

Lockjaw From Explosion

MONTREAL, June 4—Henry Deery, 24 years old, is dead from lockjaw, caused by an injury to his hand from an explosion of fire crackers on Empire day.

Earthquake and War

LISBON, June 4—Earthquake shocks accompanied by subterranean rumblings continue daily in the Ribatejo district. No casualties have been reported although many walls have collapsed.

Record Travel Expected.

CHICAGO, June 4—Travel to the eastern summer resorts and to the seaboard cities this summer bids fair to break all records owing to the low summer tourist rates which went into effect June 1. It is reported that on the first day of the sale more than 1000 round trip tickets were sold from Chicago to New York which is a 500 per cent. increase over the number of tickets sold last year on June 1. The eastern tourist season is scarcely on yet but the inquiries for information regarding them indicates there will be a great deal of travel this year.

Buys American Ponies

LONDON, June 4—Frank J. MacKay, of Chicago, has sold his English stud of 23 polo ponies to Captain Miller, the Hurlingham player. It was at first thought when this news came out that the Englishmen who are in a desperate plight for want of good ponies to meet the Meadowbrook team in the matches for the American cup that begins here June 23, had adopted this heroic means of filling, but MacKay took care to protect his fellow countrymen, and it is expressly stipulated that none of the ponies is to be used in th ninternational games

Hostile Tariff Denounced

PARIS, June 4—A delegation of the curtain manufacturers of France today lodged a protest with the minister of commerce, Cruppi, against the proposed American tariff, declaring that the rates will bring about their ruin.

Land for Sale
