PRESBYTERIAN SYNOD OPENS

New Westminster Pastor Is Chosen Moderator

HIGHEST RECORD FOR CONTRIBUTIONS

Baptisms and Communicants Not Proportionate to Immigrants

(Special to The Daily News.)

VANCOUVER, B.C., May 4—At the opening session of the Presbyterian synod of British Columbia in St. Andrews church, Rev. J. S. Henderson of New Westminster was chosen as moderator for the ensuing year. A letter was read from the retiring moderator, Dr. Ferguson, regretting his unavoidable absence from the session and the synod passed a vote of thanks to him for his services during the past year.

Reports of committees on statistics and finance were presented. The former showed that there were 120 ordained ministers and 145 charges. The number of families had increased to 7,105, an increase of 495 during the year. The number of communicants to 9834, a gain of 1,613 during the year and the number of Sunday school scholars is 10,246, a gain of 1,068. The report was discussed along the lines of the increase of communicants and baptisms not being in proportion to immigration into the province and the report was referred to the committee for recommendations. The financial report showed stipend payments of $83,370, a gain of $6,216. The grants from church offices are $19,-153, an increase of $3,435. Contributions for missions are $50,266 ,an increase of $16,611, and contributions to all purposes $281,944, an increase of $61,246. Women's societies had contributed $31,158; Sunday schools and the young peoples' societies had given $14,-874. The value of church property is valued at $1,234000 with indebtedness of $452,472. In discussing the report it was stated that the synod had the highest record in the Dominion for missionary contributions and collections for all purposes.

Pioneer Missionary Dead

Rev. Ebeneezer Robson, the pioneer Methodist missionary of the province, and known and beloved by Christians of all denominations within its bounds, passed away at his home here this morning. Dr. Robson reached Victoria from the old country over 50 years ago and since that time his energies have been constantly directed to upbuilding the cause of the church in all parts of the province. He has been feeble and weak for over a year since he had a stroke but his end this morning was peaceful, at an age of nearly four score years. He is survived by a wife and one son. The funeral is being arranged to be held in the Mount Pleasant Methodist church next Tuesday afternoon. It will be practically a public funeral as leaders and representatives of all denominations in the city and from distant parts of the province will gather as a last tribute of respect.

ICEBOUND STEAMER MAKES BERTH AT SELKIRK

SELKIRK, Man., May 4.—The Lady of the Lake, Captain Vance, made her berth at Selkirk at 8 o'clock tonight from Gull harbor, the first of the fleet of icebound vessels to make their way in from the stations on the lake where they have been forced to ride out the winter.

...T ATTACK ON FREE LIST BILL

No Estimate Can be Made of Revenues Cut off—Bill is Crudely Drawn

WASHINGTON, May 4—Not since the Republican guns were unlimbered against the Democratic free list bill by Minority Leader Mann, over a week ago has the debate developed such an attack on the measure as was made today by Representative Hill of Connecticut, a Republican member of the ways and means committee and one of the leading Republican advocates of the Canadian reciprocity bill.

Mr. Hill declared that the bill devised by the Democratic leader, removing the tariff duties from many products and manufactured articles, was so crudely drawn and so indefinite in its terms that no estimate could be made of the revenues it would cut off or the effect it would have on business and commerce. He declared that instead of a $10,000,000 reduction in revenue as the Democrats expect, it will make a reduction of $50,000,000 and that its effect on business will be to transfer many flourishing industries to Europe.

Mr. Focht of Pennsylvania predicted an early invasion of Mexico, saying an army officer associated with him had told him that the army was going over the Mexican border to stay.

"I would not think that the president would object," said Mr. Fochts. "We have been absorbing everything they did not want in Europe for years and years. We have taken what nobody wanted in the Phillipines, another white man's burden. We added a little to that down here in the West Indies. Why couldn't we occupy something that is worth something and where we could be a great good to somebody? I am not a soldier of fortune, I do not expect to be at the head of an army but I believe this will be a very interesting proposition before the house adjourns."

Mr. Fochts contended that the United States wanted an empire and it was about to get the lure of gold and the call of adventure.

GOOD PROGRESS WITH MINOR BILLS

Telegraph and Express Companies Must Conform to Law—Regulation of Explosives

OTTAWA, May 4—Minor government legislation engaged the attention of the commons throughout Thursday's session good headway being made in advancing various bills on the order paper. Hon. George P. Graham introduced and explained a bill which makes a number of important changes in the Railway act and includes provision that telephone, telegraph and express companies will be made to conform to the law which sets forth that statements of business and operations must be submitted to the railway board. Mr. Graham's bill to provide for lease and operation of the St. John alVley railway as a part of the I.C.R. system was passed with an important amendment which makes the government responsible for the equipment as well as operation of the road.

Mr. Oliver's bill to amend the Indian act received further consideration in committee and a number of amendments were accepted by the minister.

There was some discussion at the evening session of Hon. William Templeman's bill to regulate the manufacture, storage and importation of explosives, the main features of which have been explained. C. J. Doherty raised the question of jurisdiction. He considered that this was a matter which more properly comes under the purview of provincial authorities.

SIR JOHN CARLING DYING

LONDON, Ont., May 4.—Sir John Carling minister of agriculture in the Sir John A Macdonald government and head of the big brewing firm of this city, was overcome by a sinking spell this morning and it is not expected he will recover. The family have been summoned to the bedside. Sir John had been around as usual until a few days ago.

INSURANCE BILL WARMLY GREETED

Chancellor of Exchequer Introduces Important Measure

ALL PARTIES UNITE IN ITS PRAISE

Insurance Against Ill-Health and Unemployment—To Fight Consumption

LONDON, May 4—David Lloyd-George reappeared in the house of commons today, being present for the first time since his physical breakdown. He introduced the long promised plan of state insurance against unemployment, sickness and invalidity.

Compulsory Insurance

The chancellor divided his proposition into two parts, one dealing with sickness, and the other with unemployment. By the provisions of the measure every worker whose annual earnings fall below the income tax level of £160 will be insured against illness so as to insure him the receipt of five shillings per week during his incapacity. Toward this the worker would contribute about one half, the same being deducted from his wages, while the balance will be paid jointly by his employer and the state. The weekly assessment against the insured would be eight cents in the case of a man and six cents for a woman, representing, as the chancellor put it, two pints of ale or one ounce of tobacco.

Affects Fourteen Million

Every one in the class mentioned between the ages of 16 and 60 is included in the plan. The employers would pay six cents weekly for every employee and the government contribute four cents for each of the insured. Mr. Lloyd-George estimated that his plan would affect 14,000,000 men and women.

Crusade Against Consumption

Provision is made whereby women will receive 30s in maternity cases on condition that they do not work for a month following childbirth and free medical attendance for every contributor. The state would also help in the crusade against consumption, providing $7,500,000 to aid local authorities in building sanitariums and $5,000,000 toward their maintenance. Although in cases of permanent disability the sick allowance would be 5s weekly, 10s would be allowed for the first three months in the case of men and 7s 6d in the case of women. Those who can be shown to have invited incapacity would receive no insurance, though any necessary medical treatment would be provided.

Unemployment Insurance

Dealing with unemployment insurance the chancellor said that it would at first apply only to the engineering, shipbuilding and house building trades involving 2,500,000 workers. Both the workers and the employers would pay five cents weekly each, the state contributing $3,750,000 a year or about one-fourth of the total cost. The contributors when unemployed would receive a maximum of 15s and a minimum of 7s weekly. No payments would be made in *cases of strikes or lockouts.* The chancellor was doubly cheered when he concluded his speech.

J. Austen Chamberlain supported the bill, saying the opposition desired to co-operate in the legislation.

Chorus of Approval

LONDON, May 4—The long promised scheme of state insurance against unemployment, sickness and invalidity introduced in the house of commons today by David Lloyd-George, chancellor of the exchequer, was received with an extraordinary chorus of approval by all the parties in parliament ,which must have greatly astonished that much excited member. It will be difficult to avoid the conclusion that the praise bestowed by his political opponents conceals a side thrust at his old age pension measure which has always been severely criticized by the Unionists because it was not contributory. While the government supporters hail the insurance measure as the most comprehensive plan of constructive legislation introduced into parliament, far exceeding in grasp and compass anything anticipated, and better than the German style ,the Unionists offer ungrudging testimony to the capacity and the mastery of intricate detail displayed. The general opinion is that Chancellor Lloyd George is too optimistic with regard to the cost of the scheme to the state and employers and a strong note of criticism is already emanating from the great manufacturers who are certain to be heavily burdened. In brief the situation appears to be that even if the opposition dislike the measure as Socialistic they will not dare oppose it after the success which has attended the pension scheme.

General Cheers

General approval of the principles of the bill was expressed by the representatives of all parties, although some of the details were criticized.

John Redmond congratulated Mr. Lloyd-George on the courage and enthusiasm which he had shown in pursuing the work of social reform. J. R. McDonald promised the co-operation of the Labor party but added that he thought the premiums exacted from the working people rather high. Henry William Foster, one of the Conservative whips, warmly commended the bill. He said that the government had embarked upon the greatest legislative act ever introduced in any legislative assembly in the world. The bill was read for the first time amid general cheers.

GREAT NAVAL AIRSHIP IS MASS OF RUINS

LONDON, May 4.—The government has the worst of luck with its dirigible airships. The Lebaudy dirigible, which was damaged at Aldershot after a successful flight from Paris last summer, was totally wrecked at Farnborough on its first trip today.

A great naval airship, the construction of which has been surrounded by secrecy, designed to take a spectacular part in the coronation naval review, was so badly damaged at Barrow yesterday that it cannot be taken out for months.

The Lebaudy collided with a *clump of trees* and is a mass of ruins. One of the crew was severely injured.

BOARD GOES TO FERNIE TODAY

Evidence Will Then be Taken in Public—Heard Witness Yesterday on Wage Question

LETHBRIDGE, Alta., May 4—The conciliation board got through a lot of evidence this afternoon, finishing the testimony of a Russian named Thodevich, and completed the testimony of James Ritchie, a walking boss of the Lethbridge trades union regarding the rates of wages paid to different classes of laborers from plumbers and carpenters down to common day laborers, the hours of labor and increase in wages during the past three or four years.

After Ritchie came J. C. Livingstone, pitboss of the A. R. & L. mines, with testimony relative to wages in these mines. Mr. Livingstone was still on the stand when the board adjourned until tomorrow morning, it being found that it would be impossible to complete the work to be done here by holding a night session. After the morning sitting tomorrow the board will go to Fernie when the sessions will be held in the open and the public will be able to know something of the nature of the evidence taken from day to day.

LIBERALS WILL MEET IN CAUCUS

To Consider Situation in Regard to Sir Wilfrid Laurier's Visit to England

OTTAWA, May 4—Liberals will meet in caucus on Friday morning to canvass the situation arising out of Sir Wilfrid Laurier's decision to leave for England next week to attend the imperial conference. Two proposals will be considered, first that the house shall continue in session and second, that after the general business is disposed of an adjournment will be taken until the middle of July when parliament will meet for the express purpose of continuing the consideration of the reciprocity proposals. Naturally there is a divided opinion as to which course should be pursued but it is expected that a definite decision will be arrived at one way or the other. Then the Conservatives will meet to consider any proposals the Liberals have to make. If it is decided to leave reciprocity in abeyance there is little doubt that an arrangement can be arrived at which will leave the premier free to go to the imperial conference without fear that there will be ructions in parliament during his absence.

It is understood that a proposition to adjourn from May 23 to July 18 has been made to the opposition and that it will be considered at the Liberal caucus tomorrow.

WOMEN BARRED FROM METHODIST CONFERENCES

TORONTO, May 4.—The court of appeals of the Methodist church today decided that under no circumstances are women to represent Methodist congregations at national conferences. The issue was raised by the British Columbia conference, where a woman elected by a quarterly board to represent the church was refused admission to the conference.

VANCOUVER ASKS KOOTENAY ORES

Minerals to Be Feature of Coming Exhibition.

STAMP MILL TO BE ON GROUND

Secretary Upon Suggestion From Here Writes to Board of Trade.

Correspondence originating in Nelson has resulted in H. S. Rolston, secretary and manager of the Vancouver Exhibition association, writing to the Nelson board of trade to propose a display of Kootenay ores at the ensuing exhibition. The proposition, as outlined, has a decidedly attractive look, as it includes the milling of Kootenay ores in a stamp mill on the grounds.

In one communication Mr. Rolston says:

Asks Ores for Display.

"We have, this day, written your board of trade requesting their co-operation with us for a display of ore that will be a credit to your district, on the lines laid down.

"We have decided to give prospectors and mine owners a free test of their ore at our stamp mill that will be in operation during the exhibition, and it will be in the hands of a man competent to make milling and concentrating tests. We will accept a limited number of lots of 250 pounds of free milling ore, and will be pleased to have those who have this class of ore write to us. This will check the assays and give a line on mill run values of the property.

"Aside from our premium list and low or free transportation rates, the publicity we will give your section will make it well worth your while to push this matter. We have the investors coming here from all parts of the world; you have the mineral conditions that will appeal to them if rightly presented. Let us work together for the building up of our entire province on these lines, and let us make this exhibit a success."

Should Be Representative.

"We are very anxious indeed to make a great success of the mineral exhibit at our exhibition this year, and we do not propose to leave any stone unturned that will make this exhibit one of very great benefit to the mineral industries of British Columbia. But we can only make a success of this with the hearty cooperation of the press in the mining districts, and the public-spirited men and bodies throughout the province, and we hope that you will include an article, from time to time, in your paper, calling attention to the fact that we are this year making a very strong feature of the mineral resources of British Columbia, and would like to have exhibits from every section which are attractive, representative and educational."

The proposal of the Vancouver Exhibition association is one of the important matters that will come before the Nelson board of trade the coming week.

WIFE OPPOSES ANNULMENT OF MARRIAGE

MONTREAL, Que., May 4.—In her right as executrix to Marie Eva Cloatre, her 2-year-old daughter, Mrs. Marie Emma Cloatre, through her attorneys filed a second opposition to Justice Charles mandamus judgment declaring her marriage with Mr. Herbert null and void, in supreme court this morning. The former wife sets up that if the judgment is given effect to, her child will be illegitimate and represents on behalf of the child that the opposition to judgment should be maintained and that she should be allowed to plead to the action to nullify her marriage.

She also alleges in effect the same grounds that she, as the wife, set up in her first opposition filed two weeks ago, in which was stated that her consent not to oppose the anulment proceedings was gotten by threats, undue influence and during which her husband said that unless she consented to the annulment her child would be taken away from her.

TWO VESSELS WRECKED ON LAKE ONTARIO

OGDENSBURG, N. Y., May 4.—Two vessels were wrecked in a windstorm on Lake Ontario today. From one of the boats, the passenger steamer Aletha, the passengers and crew escaped in lifeboats. The bursting of a steam pipe disabled the machinery and she drifted around and struck submerged rocks near Kingston, making a big hole in her bottom. Out of her course, the steamer Glenwort, of the Montreal Transportation company, went hard aground on a shoal near Nine Mile light today with 80,000 bushels of wheat for Montreal in her hold. The wrecker Chieftain, with barges and divers, has gone to the aid of the steamer.

PASSENGERS AND CREW VACCINATED

Order to Delay Passengers Nearly Causes Riot—Case of Smallpox on Board.

MONTREAL, May 4.—The Dominion, from Liverpool, arrived in port at 1 o'clock this afternoon after an eventful voyage. She was held up at the quarantine station on account of two suspected smallpox cases and 245 passengers, who were in the sections of the vessel where the suspected cases were discovered, were ordered ashore.

This order nearly created a riot, as many of the passengers protested vigorously at being put ashore and the ship's officers had their hands full handling the crowd. In fact for some minutes it was doubtful if the crew could force the passengers ashore, but after some heated discussions the order was finally carried out.

Beds, clothing and food had to be provided for those under quarantine, and 18 of the crew were also put ashore to look after the wants of the passengers. Besides putting these passengers under surveillance, the health authorities ordered that everybody on the ship from the captain down be vaccinated, and they had a busy time vaccinating 1,218 persons in all and fumigating the ship.

TWO BROTHERS DROWNED.

HALIFAX, May 4.—Two brothers, Joseph and Bernard Duggan, aged 35 and 17, of Upper Prospect, lost their lives off Prospect yesterday. They left their home in an auxiliary boat to attend their trawls. How the accident occurred is not known and perhaps never will be known. The men did not return and a small steamer which arrived at Prospect last evening reported having seen an upturned boat and a man's cap floating on the surface of the water in the vicinity of the place where the Duggan brothers were last seen. The bodies have not yet been recovered.

NARROW ESCAPE CAUSES PANIC

Italian Laborers Dash From Train—Sides of Coaches Stripped off by Engine

(Special to The Daily News.)

VANCOUVER, B. C., May 4—What was nearly a serious accident occurred in the C.P.R. yards on Burrard Inlet this morning. A yard engine was coming from English Bay spur to the main line just as the eastern express was coming in. The engineer saw the passenger train coming and reversed, but not before a corner of the engine was over the main line tracks. The sharp corner stripped off the sides of three baggage coaches but the passenger train was stopped before the corner of the yard engine reached the colonist car directly behind the baggage cars. The colonist car was filled with Italian laborers who were thrown into a panic by the accident and madly rushed from the car from every possible opening. No person was injured by the accident.

HAYMARKET RIOT RECALLED

Chicago, Ill., May 4.—The Chicago police department paused in its ordinary routine of business today to recall the famous Haymarket riot, which occurred just 25 years ago tonight. On the fateful day a force of bluecoats marched out of the Desplaines street station under order of Lieutenant Bonfield to suppress a riotous mass meeting of militant Anarchists in the Haymarket square a short distance away. The arrival of the police at the scene of the meeting was met with a deadly bomb hurled into their ranks from the group of Anarchists. Six police officers were killed by the deadly missile and three-score others suffered severe wounds. Four of the Anarchists died on the gallows, a fifth committed suicide in jail and several others were sent to prison for their part in the massacre.

EXPERIMENTS IN OIL FUEL

On Engines on Run From Vancouver to Kamloops.

ELIMINATE DANGER OF FOREST FIRES

New Station and Wharves at Vancouver—William Whyte Visits Coast.

(Special to The Daily News.)

VANCOUVER, B.C., May 4—Vice-president William Whyte of the C.P.R., has arrived in the city and will be on the coast on an inspection trip for several days. He says that the railway will inaugurate experiments in the use of oil for fuel for engines on the run from Vancouver to Kamloops. The change will be made more gradually than on the vessels of the company for which service large tanks are already erected here. It is anticipated that the danger of forest fires from engines will be reduced to a minimum by the plan of using oil for locomotives.

Mr. Whyte said that extensive plans would be carried out for the accommodation of the increased business of Vancouver. Several ideas were under consideration including the erection of a large office block on Hastings street where the telegraph offices are now located and and removing the clerical staff there and building a new station and wharves on the site of the present station with overhead crossings from the wharves to Granville street. Concerning the tunnel from the inlet waterfront to False creek yards and the development of new yards at Coquitlam, Mr. Whyte refused to talk, saying that the questions were large ones and required careful consideration, although both would probably be fully carried out in the course of time.

He said that the question of the extension of the company's lines on the island from Nanaimo to Comox and the northern sections of Vancouver island would be considered shortly at Montreal. Mr. Whyte says immigration to the Dominion this year is surpassing all expectations, the class of immigrants being such as promise great things for the Canadian west.

FAILURES IN CANADA.

NEW YORK, May 4.—Commercial insolvencies in the Dominion of Canada during the month of April as reported to R. G. Dun & Co. were 115 in number, with defaulted indebtedness of $14,341,-518. As to number there is a considerable increase this year, the total for April, 1910, being only 88, and that in 1909 only 102. There were 40 suspensions in the manufacturing division this year, with liabilities of $494,436, which compares with 290 last year for $247,-959 and 24 in April, 1909, when only $117,311 was involved.

In the trading division 72 failures occurred, with indebtedness aggregating $702,699, while last year there were 56 for $1,062,407, and two years ago 86, with liabilities of $719,132. In addition to the above there were three failures in the brokerage class involving $42,-576, against 30 last year for $56,000, and exactly the same number in 1909 for only $9,750. In the trading class the figures were distorted by a single failure in Quebec for upward of $250,000, while last year there were four suspensions with aggregate indebtedness of more than $750,000.

Crazy Foreigner Tries to Cut Women's Throats

EDMONTON, Alta., May 4—Yesterday afternoon a demented Italian was shot and instantly killed about 16 miles from Nanton by William Carrigan, a settler in that district. Carrigan has given himself up and according to witnesses the tragedy was the result of an accident.

The Italian, whose name is at present unknown, and whose body lay all night and part of today on the prairie at the place where he was shot, became violently deranged and attempted to attack some women living near. He armed himself with a razor and endeavored to pull three women from a passing rig, his evident intention being to cut their throats, for he tried hard to reach them with the weapon.

The women gave the alarm and half a dozen men went in pursuit of the crazy foreigner, three on horseback and three in a buggy. Their intention was to catch and bind him. When they came in sight of the Italian he was chasing Mrs. Colerick, the wife of a settler. Mrs. Colerick's husband is working at Calgary at present and she was alone.

When the Italian saw the pursuing men, he ran to meet them. They stopped their horses when they came up to him and he reached for the head of the horse that was drawing the rig. He was waving his razor and in the bright sunlight it flashed like a revolver. The men in the rig thought it was a revolver and Carrigan emptied his gun to let him know they were armed. Carrigan was evidently nervous for the gun exploded, but missed the Italian. As Carrigan lowered the rifle it went off again. Carrigan thought he had hit one of his friends, but when he looked the Italian was down, shot through the mouth. He died instantly. The entire party of settlers drove to Nanton where Carrigan gave himself up. Coroner Niblett of Macleod was notified and came up at once. A party left Nanton this morning for the scene of the tragedy and returned this afternoon bringing the remains with them. An inquest will be held

British Columbians in London to Banquet Premier

(Special to The Daily News.)

VICTORIA, B. C., May 4.—Premier McBride and party are today in St. Paul, where the premier is taking up with the president of the Great Northern system various matters in connection with the Kaslo & Slocan and Victoria & Sydney railways.

Hon. Mr. Ross joins them in St. Paul and then returns to Victoria direct, being expected to arrive home on the 10th inst. Premier McBride will reach Ottawa tomorrow morning and will there meet in conference several of the Conservative leaders of the Dominion to discuss reciprocity matters. He will be in Montreal on Sunday and in New York from the 8th to the 13th instant, sailing for Liverpool by the Celtic on the latter date. Influential British Columbians in London have arranged to banquet the premier on or about the 30th, the committee in charge of the arrangements for the event including J. H. Turner, agent general; J. G. Colmer, C. M. G.; Sir Kenneth S. Anderson, K. C. M. G.; George McL. Brown, Thomas Skinner and Harry Britain.

MUST EMPLOY UNION LABOR ON LABOR TEMPLE

(Special to The Daily News.)

VANCOUVER, B. C., May 4.—Chief Justice Hunter this morning granted the injunction asked for by the Trades and Labor Council, restraining the Norton-Griffiths company, contractors for the new Labor temple, from employing non-union men on the job. The case is the outcome of the refusal of the Master Builders' association to pay carpenters $4.50 per day. The Griffiths company belongs to this association and started to follow the open shop system on the Labor. temple, paying carpenters $4.25 per day. The injunction is interlocutory and stands until the damage action of the labor council against the contractors for using non-union labor on the temple is settled. A permanent injunction will then be sought by the labor interests.

Kootenay and Boundary

RANCHES WILL KEEP MANY BEES

Castlegar District Suited to Industry—New Tug Nearing Completion—Clearing Land

(Special to The Daily News.)

CASTLEGAR, B.C., May 4—William Waldie, manager of the Edgewood Lumber Co., has moved his family from Nelson to Castlegar for the summer months and is living in the cottage at the mill lately occupied by B. B. Andrews.

F. D. Davison has returned from a two weeks visit to Spokane and is looking very well after his holiday.

Since the regular steamer run between West Robson and Arrowhead has been resumed Mr. Gage of the Castlegar hotel reports business very good in his line, his house being occupied to full capacity every night, passengers for Rossland and the Boundary taking advantage of securing a good nights rest before resuming their journey.

The past three or four days has brought some much needed rain and ranchers in this district are hopeful of good crops the ensuing year.

A number of ranchers are going in for bee raising extensively and a number of shipments have been received within the last few weeks, the situation here being almost unequalled for this industry, as much clover is growing wild all over the district.

Messrs. Crowston & Sons have been very busy for some time clearing up their land which fronts the railroad track. They have engaged an expert dynamiter to handle the stumps. When this patch is cleared up and planted as intended by Mr. Crowston this will be one of the show ranches of the Kootenays.

W .Foley late of Corykendahl is now agent for the C.P.R. at West Robson.

The rain has put a damper on the fishing for a few days and not many good catches are being made. A number of fishermen from Trail and Rossland taking advantage of the good accommodation and excellent fishing, have made arrangements with Mr. Gage to secure rooms, etc., from Saturday to Monday each week during the season, so they will be sure of accommodation.

Tug Nearing Completion

The tug of the Edgewood Lumber Co. is rapidly nearing completion. The boiler and machinery will be placed in position in a few days.

Mrs. J. T. Laurie met with a very nasty fall while playing tennis a few days ago and has been incapacitated every since.

A number of painters from Nelson have been here the last few days having been employed by the mill to improve the outside appearance of their buildings.

A party of Doukhobors from Saskatchewan paid a visit to Castlegar last week looking for land. They were well pleased with the country and the conditions here and will report to their neighbors on their return to the prairies.

O. W. Humphrey of Slocan Junction was out for a few days last week, having been engaged by the owners of the Castlegar townsite to value lots, etc. In a short time this valuable townsite will be placed on the market and judging from the outlook at present if prices are reasonable it will not be long before all lots are disposed of.

DANISH SINGERS COMING

Copenhagen, May 4.—Fifty student singers of the Royal university of Copenhagen departed for America today to begin a three weeks' sight-seeing tour. incidentally the students will try to earn their way by giving concerts in a number of cities. After several days in New York they will go to Washington, and sing in the White House, where the president has arranged a reception for them.

Ask for Minards' and take no other.

A Good Digestion

means a man or woman good for something—good work or pleasant times. Whoever has distress after eating, sick headaches, nausea, bad taste, unpleasant breath, cannot find good in anything, or be of much use in the world.

But these symptoms are only signs that the stomach needs a little care and attention and the aid that

Beecham's Pills

can give. Safe, reliable, thoroughly tried, this family remedy has wonderful reviving power. They tone the stomach, liver and bowels—all organs of digestion. With these organs in good order, the whole system is better and stronger.

Try a few doses and see for yourself what a splendid bodily condition Beecham's Pills

Can Create

Sold Everywhere. In boxes 25c.

FOR NEW COURT HOUSE AT KASLO

Ninety-Five Thousand Bricks Used—Hot Spring Baths at Ainsworth—Beaver Numerous.

(Special to The Daily News.)

KASLO, May 4.—John Burns of the well-known firm of building contractors of Nelson is in town this week.

D. P. Kane has rented the cellar under the Adams hotel and is preparing to grow mushrooms there on a scale much larger than has ever been attempted here.

Mrs. M. A. Moran and Miss A. Ravenshill delivered lectures to an interested audience composed largely of ladies on Thursday evening.

A barge loaded with brick for the new government courthouse is being unloaded at the C. P. R. wharf. The building will require 95,000 bricks. As soon as the concrete wall is finished the machinery will be removed to Ainsworth, where hot water baths will be installed by Burns & Son at T. G. Procter's hot springs.

The fires at the Lucky Jack mines have, with the help of a timely rain shower, been successfully controlled.

Bear lake is reported to be teeming with beaver. The close season lasting 10 years has had the effect of making these animals very tame as well as numerous. Duncan river swarms with them, as well as the headwaters of Kaslo creek. The close season will end this fall unless the lieutenant-governor in council decides to continue it for a longer period.

DEATH RECALLS FAMOUS TRIAL

Death at Rossland of Son of Mrs. Maybrick—Connection With Mother's Conviction

MAYBRICK.—On the 10th of April, at Rossland, B. C. James Chandler Maybrick, only son of the late James Maybrick, of Liverpool, aged 29.

The simple announcement in the death column of the morning papers on Saturday recalls one of the most sensational trials of the last three decades, says Lloyd's Weekly News (London). To those who are familiar with its progress and some of its antecedents, it is a vivid reminder of one of those ironic incidents which are commonly supposed to occur nowhere outside the pages of the tragic drama.

While she was nursing her sick husband, Mrs. Maybrick (convicted of poisoning "the late James Maybrick" in 1889) one day sent out her two children to take the air with their nurse. The maid had the younger, little Gladys, in a perambulator; by her side walked James Chandler Maybrick—the subject of Saturday's announcement, who at that time was a sturdy little fellow of eight, rejoicing at home in the pet diminutive name of "Bobo."

On this fateful day, "Bobo," eager to place a letter in the pillar-box, was given by his nurse a packet she had received from her mistress to post. He dropped it in the mud. On small events great fates may hang. The nurse picked up the letter, endeavored to brush the dirt away, made it worse, and then went into the post-office to obtain a new envelope. She there opened the envelope she carried, and drew from it the following letter:—

Since my return I have been nursing M. day and night. HE IS SICK UNTO DEATH. The doctors held a consultation yesterday and now all depends upon how long his strength will hold out. Both my brothers-in-law are here, and we are terribly anxious. I cannot answer your letter fully today, my darling, but relieve your mind of all fear of discovery now and for the future.

It was addressed to a Mr. Brierley, whom Mrs. Maybrick had met in London. At the trial it was declared by her accusers that at this time she was dosing her husband, who suffered from liver and nerve troubles, with minute doses of arsenic, in order to be able to mary Brierley. The letter was written in pencil. The nursmaid did not post it. She folded it again, replaced it in her pocket, and, taking the first opportunity, put it in the hands of Mr. Michael Maybrick, her mistress's brother-in-law.

One of the Strongest Links.

On the "sick unto death" letter the prosecution relied as one of the strongest links in their chain of evidence, and it no doubt helped to condemn a woman, whose conviction occupied the thoughts of Lord Chief Justice Russell (who had defended her when he was Sir Charles) almost to the hour of his death. He never believed her guilty, and was forever casting about for some and effective means to redress what he believed was a grievous miscarrage of justice.

It is interesting, in view of the death of "Bobo" on the other side of the Rockies, to reconstruct some of Mrs. Maybrick's history in the months immediately preceeding the trial. James Chandler Maybrick was born in 1882, the year after Mrs. Maybrick's marriage in London to Mr. James Maybrick, whom she met in America when he was there on business visits. After their seven years marriage it fell out that husband and wife had repeated quarrels, and, as the "Star" recalls, Mr. Maybrick, after the grand national in 1889, gave his wife a black eye. James Maybrick was a Liverpool cotton merchant, and he died or arsenical poisoning at Battlecrease house, Garston, Liverpool, on May 11, 1889. That is to say, his wife was convicted of poisoning him.

On the other hand, and since, the view has been stoutly maintained that the gastro-eteritis—or congestion or acute inflammation of stomach and bowles from which he died, was set up by other irritant, and was the effect of a cold contracted through getting wet at Wiral races. The defence also contended at the trial that the mudstain on the letter was a sheer invention devised by the nursemaid as an excuse for opening her mistress's letters.

After the arrest of Mrs. Maybrick, her children were taken charge of by her husband's relatives. Her death sentence, as everyone recollects, was commuted to penal servitude for life. Mrs. Maybrick spent seven years in Woking, and eight at Aylesbury, and from Aylesbury convict prison she was released in February, 1904. She tells in her book, "My Fifteen Years Lost," how the news of her coming liberation reached her. Her 20 years of imprisonment, reduced in the ordinary way for good conduct to 15, expired on July 25, 1904. The governor notified her how the law had taken its course.

"For a moment," she wrote, "I failed to grasp the full meaning of these words, but when I did—how shall I describe the mingled feelings of joy and thankfulness, of relief and hope, with which I was overwhelmed! I returned to my cell dazed by the unexpected message for which for so many long, weary years I had hoped and prayed."

At her mother's home at Rouen, whither she went, with a ticket-of-leave, on her release, she had a two hours' chat with a representative of the Daily Chronicle, to whom she told many sad and moving things of her bitter years in prison. One sentence, in the report of three columns, may be re-quoted now, as having a pathetic bearing on the obituary notice of Saturday.

"What of the children?" asked the interviewer. "Will there be a reconciliation with them?"

"It is too early to say," were Mrs. Maybrick's parting words, as I left her standing in the doorway with her grey-haired mother. "There are many things to be considered before that can be decided."

SANTA ROSA CARNIVAL

Santa Rosa, Cal., May 4.—Santa Rosa's annual rose carnival was ushered in today under most favorable conditions. Hundreds of visitors are here to take part in the festivities and the entire city has been converted into a huge and fragrant bower of buds and blossoms of every hue and color, foliage and ferns of countless kinds, and shrubbery and vines of all varieties. The floral parade, the great feature of the tournament, it to take place Saturday morning and it promises to be the most notable pageant of its kind ever given in California. An added attraction will be a program of automobile races to be held Saturday and Sunday.

ORGANIZE GIRL GUIDE PATROLS

To Supplement Training of Girls—Apprentices and Guides Must Pass Tests.

SPOKANE, Wash., May 4.—Plans have been completed by Rev. David W. Fery, pastor of Emmanuel Presbyterian church of Spokane, founder of the Girl Guides of America, to organize patrols in several thousands cities, towns and hamlets in the United States and Canada within the next six months. The chief aim of the movement is to supplement in a material way the training of girls between the ages of 11 and 18 years, for their particular sphere in life by inculcating womanly traits and refinement, with devotion to home and love of neatness and order and to fit them for emergencies.

"Be Prepared" is the motto of the organization, the emblem being an uplifted torch signifying that the guide's action wil always be above reproach and will endeavor to be a guide to those in distress and light the pathway of others to all that is good and noble.

The manual, now in press, prepared by Mr. Ferry for free distribution to those interested in the movement, says:

"'Be Prepared' in mind by having disciplined yourself to be obedient to every order, and also by having thought out before-hand any accident or situation that might occur, so that you know the right thing to do at the right moment and be willing to do it. 'Be Prepared' in body by making yourself strong and active and able to do the right thing at the right time and do it."

Guide Laws.

The following excerpts from the guide laws explain the purposes of the organization.

"A guide's first duty is to her home. She will gladly forego pleasure of any kind for the sake of that duty.

"A guide will endeavor to do a good turn to someone every day. In addition to being helpful in her own home, she will visit the sick and help the poor and be ready to assist others at all times.

"A guide will be honorable and trustworthy and woman-like in speech and behavior.

"A guide will be simple and modest travagant, never wearing anything extravagant or extreme in fashion or material.

"A guide will re respectful and obedient to her parents and teachers and officers.

"A guide will be on the lookout for girls who are strangers, lonely, homesick or unhappy, and be ready to help them.

"A guide must take at least a half hour's exercise every day, unless excused by the advice of a physician. She will sleep and work in the open air as much as possible.

"A guide will be cheerful at all times and under all circumstances and endeavor to carry cheer and sunshine wherever she goes."

The plan of orginization is similar to that of the Boy Scouts. A patrol is composed of from six to eight girls, the officers being a leader, of at least 15 years of age, and an assistant. Two patrols form a company or troop under the leadership of a captain, who must be more than 21 years of age and hold a certificate of appointment from the national headquarters. The captain appoints a lieutenant, who must be over 18 years of age. The local council is composed of company leaders and others interested in the work. The court of honor is formed by the captain and leader and assistant.

There are three classes of Guides. Before being enrolled as an apprentice the applicant must present a letter of consent from parent or gaurdian, understand the Guide laws, tie a bow, wrap a parcel, fold a dress correctly and take the folowing obligation:

"I promise on my word of honor that I will endeavor to obey the Girl Guide laws at all times and that I will never willingly bring disgrace or dishonor on the Girl Guide society."

An apprentice is required to pass these tests before becoming a second class Guide: One month's service, elementary knowledge of first aid to the injured, lay and light a fire in a cook stove using only dry wood and coal with not more than three matches; prepare and pack a simple luncheon; how to find and point the direction of the north star and know the 16 principal points of the compass; make an article of wearing apparel, and show a savings account of 50 cents.

The qualifications of the first class Guide are to sketch the outline of a tree, house or landscape, to name 10 wayside plants with their special uses or characteristics and recognize six trees or shrubs; to name and describe six birds; to describe the proper action in case of minor accidents and drowning, fire, escaping gas, poisoning, sunstroke and fainting; to know location of ambulance, fire and police stations and the quickest means to reach them; to prepare and serve a meal of at least three courses to four persons without assistance, and to have a savings account of $1.

The Guide uniform is a sailor suit of dark blue material and a sailor hat with a band of company colors. Each patrol is named after a favorite flower, for example: White Rose, in which event the patrol color is white and green. The flower design is worn as a crest on the left breast of the blouse.

"We hear a great deal of talk in these days about woman's rights, as if the rights of men and women were not equal," Mr. Ferry said, in discussing the aims of the movement. "A man's right is to be a man and fill a man's place in the world in a manly way. A woman's right is to be a woman and fill a woman's place in a womanly way. And, although each is designed in a different sphere, the one is absolutely necessary to the other and both are equal in importance.

"Women set the standard of conduct in this world and they should study to cultivate personalities that will be exemplary in refinement and in nobility of life and character. The Girl Guides of America will, therefore, be not only guides to usefulness, but will endeavor to be guides to the highest ideals and best life of mankind."

TO OBSERVE SANE FOURTH

SPOKANE, Wash., May 4.—Spokane troops of the Boy Scouts of America have adopted resolutions inviting troops in all parts of the United States to join in observing a sane Fourth of July. The idea is to celebrate Independence day as a jubilant holiday and to assist the authorities in saving life and limb. Rev. David W. Ferry, scoutmaster of Troop 3 and founder of the Girl Guides of America, who has established national headquarters in Spokane, says it is planned to have organized celebrations, at which there will be more fun, more brass bands and more fireworks then ever before to give the youngsters the time of their lives, with all the elements of danger eliminated. The executive committee of the Spokane troops, headed by Carl Ulites, Jr., will place the entire scout body at the service of the city officials. The scouts and Girl Guides also will join in the general celebration, including the patriotic excersises, games and fireworks in the city parks. Z. E. Hayden, commissioner of public safety, is heartily in favor of the plan.

TRAVELERS' ASSOCIATION.

Greenwood, S. C., May 4.—The annual convention of the South Carolina division of the Travelers' Protective association met here today for a two days' session. State president, E. N. Wells occupied the chair and responded to the welcoming addresses delivered by Mayor Baker and others. The regular business of the convention was taken up this afternoon.

Can You Write a Good Advertisement?

We believe you can, for in looking over the papers of British Columbia we have found many excellent announcements written by local business people in almost every town and city in the province.

Still some of the advertising is not good. It cannot produce results. It is not written with push and power and knowledge and enthusiasm. It needs improvement.

Advertising to be successful must be strong enough to

Arrest Attention! *Arouse Interest!*
Carry Conviction! *Compel Action!*

Tested by these rules, much of the advertising of today falls down.

We know that advertising is a tremendously great creative force. We know that it is one of the greatest influences for the building up of successful business. It may not necessarily consist of very large space as display, for some of the greatest advertisers of the world have used comparatively small space for their announcements. On the other hand the large space may prove immensely profitable and productive of most satisfying results.

From your experience you may have tested it out. You may be able to form a conclusion as to what the results actually are. You may know why your advertising is a success. Now we want you to give us the benefit of your experience. We want to see the best advertisements appearing in the papers of British Columbia during the months of May and June. For that reason we have decided to offer prizes as follows, based upon the following rules and conditions:

PRIZES!

1st Prize $50.00 Cash **3rd Prize $10.00 Cash**
2nd Prize $25.00 Cash **4th Prize $5.00 Cash**

A special prize of $25.00 will be given to the newspaper in which the first prize advertisement appears. Of course the newspaper will pass it along to the man who set up the advertisement.

Rules Governing the Competition

1. This competition is open to all subscribers to "The Commercial Review." This does not mean that the individual writer of the advertisement must be a subscriber. It only means that "The Commercial Review" must go regularly to the store for which the advertisement was written.
2. Professional men who make a business of writing advertising, advertising agencies , or those who draw a special salary as advertising writers, or the advertising of mail order houses which attempt to compete with the local stores of the province, are barred from this competition.
3. The advertisement must be written for the advertising of a commercial product, that is, it may be for the store as a whole, giving the numerous articles which a general store may advertise, or it may be for any single product of that store, but financial, mining, real estate, summer resort or amusement advertising is barred from the contest.
4. This contest is limited to advertising appearing in the papers of British Columbia. Other provinces may have their chance later on.
5. Each contestant may send in three samples of his work, though no one will be eligible for more than one prize.
6. To each advertisement sent in must be attached a slip bearing the name of the writer, the name of the paper in which the advertisement appeared, and the date on which it appeared.
7. The contest closes on the first of July, but 10 days will be allowed in which to get in the advertisements that have appeared during June. If possible, announcement of the winners will be made in our issue of July 20th.
8. Mr. B. F. Dickens, of the City of Vancouver a thoroughly competent and well known advertising expert, will have charge of the judging, and his decision will in every case be final.
9. All entries for this contest must be addressed "Advertisements," The Commercial Review, Vancouver, B.C.

News of Sport

SPOKANE RACE MEET BIG EVENT

Thirty Days of Horse Racing Under Pacific Coast Jockey Club Sanction in Fall.

SPOKANE, Wash., May 4.—Frank W. Smith, secretary of the Coeur d'Alene Fair and Racing association, incorporated under the laws of Idaho, announced today, following the receipt of the official sanction of the Pacific Coast Jockey club, that a 30-day meet at the Post Falls track, 20 miles east of Spokane, will begin on September 11, with a break of a week, October 2 to 8, the dates claimed by the Spokane Interstate Fair association. Work is progressing on the mile track and the steel grandstand, costing $75,000, and express service is promised by steam and electric railway lines. The purses for six races daily will range from $300 to $2,500. The association plans to send representatives to track and turf centers in the United States and Canada the middle of May, when the stake book is to be issued. Smith says the meeting will be first class in every particular, adding: "Our officials will be turfmen against whom there has never been a word of suspicion and the public can rest assured of always getting a square deal and a run for its money."

FOR ALL-AROUND TITLE.

NEW HAVEN, May 4.—J. R. Kilpatrick, Yale's track captain, will enter the all-around championship at the meet to be held in Chicago in June. The track and football star weighs nearly 200 pounds. He is a good man in the weights, hurdles and the jumps. He will compete against Garrels, the famous Chicago athlete; F. C. Thompson of Los Angeles and other western stars.

TOD SLOAN GETS JOB.

NEW YORK, May 4.—Tod Sloan, once the greatest jockey in the world and who for 10 years has been trying for reinstatement from the English Jockey club, has at last fallen into a permanent berth, having secured a contract for the management of a big Brussels racing stable, hoping thus to recoup his fortunes. Sloan earned nearly $500,000 as a jockey, but the money went just as easily as it was made.

M'GUIRE RESIGNS.

CLEVELAND, O., May 4.—Disappointed by the poor showing made this season by the Naps, Jim McGuire this morning tendered his resignation as manager, but will continue with the team as scout.

WOLGAST-M'FARLAND GO LOOKS LIKE SURE THING

CHICAGO, Ill., May 4.—It is believed that the Ad. Wolgast-McFarland bout will at last be consummated, the champion having made an offer to meet McFarland, which Packy will accept. However, it cannot be slated until fall, since Wolgast has bouts with Burns and Moran already booked.

ZBYSCO NEARLY MEETS WATERLOO IN AMERICUS

NEW YORK, May 4.—Zbysco almost met his Waterloo last night, having his work cut out against Americus of Baltimore, whom he failed to throw in the specified hour.

NEW YORK GIANTS TO RETURN TO OLD STAMPING GROUNDS

NEW YORK, May 4.—President Bush of the New York National league baseball club announced last night that the team would return to its permanent home at the Polo grounds, where they were burned out of some weeks ago, having obtained a long lease.

JEFFRIES SAILS FOR EUROPE.

NEW YORK, May 4.—James J. Jeffries, the former champion heavyweight pugilist, was among the passengers sailing for Europe today on board the steamship George Washington. He is accompanied on his trip abroad by Mrs. Jeffries and several friends. The party will spend the summer in making a pleasure tour of the continent.

CAROLINA GOLF TOURNAMENT.

CHARLESTON, S. C., May 4.—The annual tournament of the Carolina Golf association opened here today, to continue until the end of the week. The participants includes representatives of nine of the leading golf clubs of North and South Carolina.

"SPIKE" KELLY-JACK MORGAN.

SOUTH BEND, Ind., May 4.—The Interurban Athletic club of this city has arranged a promising card for its boxing show tomorrow night. The main event will be a 10-round bout between "Spike" Kelly of Chicago and Jack Morgan of Indianapolis.

VAN DINE JOINS MAROONS.

WINNIPEG, May 4.—Van Dine, Winnipeg's heavy hitting third baseman, and Sullivan, an infielder from the Waterloo team of the Three I league, arrived in the city last evening. They left this morning for Brandon to join the Maroons, now playing a series of games with Brandon.

GOBERT TENNIS CHAMP.

LONDON, May 4.—The coveted courts tennis championship of England was won by a freshman, A. H. Gobert, who defeated the veteran Englishman, M. J. G. Ritchie, 3-0, in the final singles at Queen's club.

Gobert is still in his teens and was little known outside of France until he beat the New Zealander, A. F. Wilding, recently, in the French championships. Ritchie defeated Wilding in the semi-finals of the present series.

OAKLAND BENCH SHOW.

OAKLAND, Cal., May 4.—Several hundred high-bred dogs from the leading kennels of the Pacific coast were benched at Idora park today at the opening of the annual exhibition of the Oakland Kennel club. The show will continue three days. In the number and high class of the entries it is the best ever given by the local organization.

BILLY PAPKE WILL MEET JIM SULLIVAN

LONDON, May 4.—Hugh McIntosh, the Australian fight promoter, has concluded negotiations for a 20-round bout between Billy Papke, American, and Jim Sullivan, the English middleweight champion, to be fought Derby week.

SPORTING SPOTLIGHTS.

It looks as though Hunter had cinched the first base job with the Pirates.

After several years of pinch hitting Dode Criss is back in the box pitching for the Browns.

The big league scouts are all out on the job and eager to grab the youngsters who look good.

The Giants look like a lot of gingo-wabos when they run up against Charlie Dooin's Quakers.

Boston fans believe they have the greatest outfield in the business in Speaker, Lewis and Hooper of the Red Sox.

Third Baseman Zimmerman of the Cubs has to stand for a lot of rough stuff in Chicago. Every time he makes a bobble the fans become peeved and holler for Steinfeldt.

If Jimmy McAleer's Washington outfit can hold fast to their present speed, American league teams will not be able to jam the Nationals down in the second division and keep them there. No, sir!

Two decisions over Monte Attell have boosted the stock of Al. Delmont, the Boston scrapper.

Harry Forbes, ex-bantam champion, has signed to box Jimmy Walsh of Boston in Kenosha, Wis., May 9.

Blink McClosky is making good in Paris. Blink's work never caused any riots at home, but he has surely set the Parisians going.

MANY IMPORTANT CHANGES MADE

In D. C. R. A. Prize List Relating to Figure Targets and Different Prizes.

OTTAWA, May 4.—Changes in D. C. R. A. prize list are announced. In addition to certain changes in figure targets, the figure target will also be used in Borden match at 600 yards and in military matches.

Dimensions of bullseye targets will remain the same as last year. All matches will be open to members of H. M. navy. The first range in the governor-general's match will be at 300 yards instead of 200 yards. The prize list in judging distance competition has been increased to 46 prizes instead of 35 prizes and $250 instead of $160.

Colonel Tilton offers a field glass in this competition. Active service competition for quick firing will be known as the Lieut.-Col. Ross active service competition. Lieut.-Col. I. G. Ross, O.C., 1st battalion, Fifth regiment, Royal Highlanders of Canada, contributes $250 toward this prize list.

Team entries will close one hour previous to opening of competition. A new match has been added, viz., city of Ottawa coronation match, for individuals and teams; ranges 800 and 900 yards. The team prize, $500 cup, an individual prize of a gold medal are both presented by the corporation of the city of Ottawa, in addition $1,000 in cash prizes will be added to the match by the D. C. R. A.

The MacDougal match has been added to the Kirkpatrick competition for affiliated association teams.

City of Ottawa coronation match has been added to the grand aggregate. Provincial lieutenants are not eligible for a place on a Bisley team unless they qualify within one year of their appointment. In the revolver match any ammunition will be allowed; conditions formerly being restricted to ammunition factory loaded.

In the running man competition only rifles eligible for regular competitions will be eligible, in accordance with section 9 of the general regulations.

UNIQUE FEATURES FOR POTLATCH

Japanese Lantern Fete At Seattle Celebration, Illuminated Aeroplane —Other Novelties

SEATTLE, Wash., May4.—The unique features which will mark and ornament Seattle's Golden Potlatch are already making their appearance out of the mass of suggestions and proposals in the hands of the program committee. One of the most novel of these is a Japanese lantern fete which will be given on one night of the week of July 17-22, under the direction of the Japanese association. According to T. Arai, president of the association, this will be the largest representation of this typically Japanese spectacle ever undertaken outside of Japan itself.

Seattle is the center of the largest Japanese colony in the United States, and out of this population there will be organized a long procesion of the sons of Nippon, dressed in their native costumes and bearing lanterns, as an escort for many gaily decorated floats. One of the features of the parade will be a lantern 18 feet in diameter, which has been ordered from Japan, and 5,000 small lighted lanterns will be distributed to the crowds on the strets as the procession advances.

Several days ago the Japanese association placed an order for 2,000 of the dollar souvenir buttons for distribution among its members, as their contribution to the general expenses of the potlatch.

Another feature which has been accepted by the committee is a series of night flights by an illuminated aeroplane. The promotor of this spectacle claims that he can fulfil his task, and is willing to put up a bond to guarantee its success. Under these circumstances the committee is willing to give this novelty a place on the programe.

The "Potlatch hat" has already made its appearance and is expected to prove popular not only with the visitors, but with the women of Seattle. It consists of an upturned Indian basket of woven grass with two red feathers drooping over the ear and a minature totem pole for a clasp.

CAMERON DAM DEFENDERS ON TRIAL

HAYWARD, Wis., May 4.—The joint case against John F. Deitz, Mrs. Deitz and their son Leslie Deitz for the murder of Deputy Oscar Harpin the early part of October, 1910, is the first and most serious of the cases growing out of the heroic defence of the Cameron dam, Thornapple river, by John F. Deitz and his family. After this case is disposed of there will be two more cases to come up for trial; one is against John F. Deitz alone and is for his assault on William Giblin, the former sheriff, who, with Patrick McGinn, tried to capture Deitz in 1904. The third case is against Almyra Deitz, the eldest daughter of Mr. and Mrs. Deitz, who is charged with intent to kill John Rogich, a deputy from Milwaukee, who joined in the attack upon the Deitz home in 1904. This last mentioned case will probably be dropped by the state, as the prosecution is understood to have absolutely no evidence against the girl. Almyra Deitz was shot in the hip at the time of her arrest, but has since fully recovered from her injury.

The troubles of the Deitz family, which cluminated in a long seige of their log cabin near the Cameron dam and their final capture after a desperate and bloody battle in the early part of last October, began in 1904, with the purchase of the Cameron dam from Mr. and Mrs. Deitz. Prior to that time Deitz and his family occupied a cabin near Price dam and Deitz was employed as watchman of the dam by the Chippewa Lumber &Boom company. When Deitz removed to his place at Cameron dam, he gave up his position. The refusal of the representative of the lumber company to settle with Deitz for the pay which the latter claimed for his services, led to an assult by Deitz upon the agent of the company. The latter obtained a warrant, but all attempts to serve it failed.

After a short time a dispute arose between Deitz and the lumber company concerning the right of the company to run logs through the sluice of Cameron dam. Deitz, who owned the property, refused to allow the company the use of the sluice without payment and the company took the matter into the courts Summons were issued for Deitz and also a temporary injunction, but he would not accept the service. The case was fought in the civil courts and was finally decided in favor of Deitz. During the years since the Deitz family moved into their log house on Cameron dam numerous attempts were made to serve warrants and legal papers on Deitz, but the latter, claiming that he could get no justice in the courts, refused to accept service. On May 9, 1904 former sheriff Giblin and three armed men tried to arrest Deitz, but he defended himself with his rifle and forced the sheriff to withdraw.

Deputy sheriff Rogich was shot during another attack upon the Deitz homestead, on July 25, 1906. A pitched battle between the deputy sheriffs on one side and the members of the Deitz family on the other took place and Rogich was seriously wounded by a shot. It was said at the time that Almyar Deitz had fired the shot. In September of last year Deitz became involved in a quarrel with the president of the school board during a visit to the town of Winter, and incidentally shot Bert Horel, who tried to act as peacemaker. This last trouble led to the long siege of the Deitz home by a large posse seeking to arrest Deitz. It was during the final assault, which ended with the surrender of Deitz and his family, that Deputy Harper was shot and killed.

BOOSTING THE NORTHWEST

Helena, Mont., May 4.—Delegates from eights states assembled in Helena today to organize the Northwestern Development league and to consider ways and means to check the flow of imigration into western Canada. The states interested in the movement are Washington, Oregon, Idaho, Utah, Wyoming, North and South Dakota and Minnesota. Each state has sent a large and influential delegation to the conferance and several of the commonwealths are represented by their governors. Merchants, manufactures, agriculturists, mining men and railroad officials are included in the attendance..

The interested states have awakened to the fact that if American settlers are to be kept on this side of the international border and if colonists and capital from the east and from abroad are to be atrracted to this section of the country, these results can be attained only by following the example of the Canadian government and the several western provinces and municipalities in pursuing a broad and thorough campaign of publicity and promotion. To form a permanent league to conduct this campign and to secure the co-operation of the people and the commercial and industrial organization of the interested states are the chief objects of the two days conferance now in session.

Since the conference was called by Govenor Norris, however, the scope has broadened until every conceivable phase of conservation and development of the northwest has been included and it will provide probably the most exclusive treatment of those problems ever presented in this section of the country. A few of the subjects which will be discussed by experts of wide reputation are various farm conservation problems, the development of the mineral resorces of the several states, the encouragement of manufactures, live stock and dairy interests, agricultural and industrial education, good roads, drainage and water powers, forestry and the lumber industry, and most important of all, state advertising and the settlement of farm lands.

NOTED SPEAKERS DISCUSS PEACE

Baltimore,Md., May 4.—Huntington Wilson, assistant secretary of state, occupied the chair this morning at the beginning of the second days' session of the National Peace congress. Prof. John H. Latane of Washington and Lee university discussed the Panama canal in relation to the peace movement and other phases of the subject were considered in addresses delivered by Congressman Richard Bartholdt of St. Louis, Dean E. H. Griffin of Johns Hopkins university, and Senator Henri La Fontaine of Belgium, president of the International Peace bureau.

Stamina in Men and How to Possess It

(From "Man's Maladies.")

A prominent physician being asked the question: "What are the things in life a man needs most?" answered, "Physical health, strong nerves, mental efficiency, money and social success." Any man possessing these five attributes is a success. Any man possessing the first three can be a success and have the other two. Possession of a sound body with strong nerves is really the requirement which men need most. Men need stamina, courage, staying qualities, endurance and perseverance, but in order to have these qualities the nerves must be strong and keenly sensitive to every emotion. When a man has foreboding, sensations of fear, timidity, accompanied with such symptoms as trembling hands and limbs, weak voice, nervousness, sleeplessness, numbness, dizziness, heart palpitation, restlessness, forgetfulness, melancholia, weariness without cause, and any others of a similar nature, it cannot be expected that he will be a success financially, socially or otherwise.

Strong virile magnetism comes only to those whose nerves are properly nourished in a sound body. Nature in her wisdom has supplied certain extracts, essences, etc., which, if properly blended, will restore a normal keenness to the nerves so that any man can feel the rich red blood surging through his body supplying all the elements necessary to derive the most out of life in all its various phases.

For the benefit of those temporarily deficient in nerve strength the following ingredients can be obtained of any good druggist and prepared in the privacy of home. Purchase three ounces of syrup sarsaparilla compound in a six ounce bottle. Add one ounce of compound fluid balmwort, shake and let stand two hours. Then add one ounce tincture cadomene compound (not cardamom) and one ounce compound essence cardiol. Mix. Shake well and take a teaspoonful after each meal and one when retiring. All distressing symptoms will soon vanish and a complete restoration to normal follows.

The Daily News.

Published at Nelson Every Morning Except Sunday, by The News Publishing Company, Limited
W. G. FOSTER.....Manager

FRIDAY, MAY 8

SITUATION IS UNFORTUNATE.

The position which the government at Ottawa has taken in regard to the charges which have been preferred against Hon. Frank Oliver is a most unfortunate one, not only from a public standpoint but also from the standpoint of Mr. Oliver's own interests. As the matter stands the terms of selection of lands under the Canadian Northern railway land grant were changed and it is said that the railway benefited as a result. Hon. Frank Oliver was minister of the interior at the time and it was upon his recommendation that the change was made. Following the transfer Mr. Oliver received from some source which he refuses to divulge two sums of money, one for $50,000 and the other for about $19,000, and the suggestion is made that this money was in the nature of a payment for the betrayal of his public trust in the matter.

The Daily News does not want to be considered as taking the position that Mr. Oliver is guilty of the charge made against him, but it does feel, and feels strongly, that the government is making a mistake in tying the inquiry down, as it is doing, to certain references to the matter which have been made in a couple of Toronto papers. These papers did not say that Mr. Oliver had received the money in question for having a change made in regard to the selection of these railway lands, but they pointed out that this change had been made and that about the same time Mr. Oliver received the money under discussion. Fifty thousand dollars, and even $19,000, is a large sum of money for a man to receive at one time. Neither of the amounts could possibly be Mr. Oliver's monthly savings out of his salary.

The questions which present themselves as a result of the newspaper articles on the strength of which action has been taken and an inquiry arranged are three in number: Did Mr. Oliver accept this money as a return for making a change in regard to the selection of this land grant? Did he make the money in some other way that was not right? Or, did he make it honestly?

Under the terms of the inquiry all that the committee can inquire into is whether or not this money came to Mr. Oliver in the shape of graft as a result of his action in putting through the amended conditions in regard to the land grant. It is given no power to ask whether or not this money may have come to Mr. Oliver in some other questionable manner or whether he came by it honestly. Added to this Mr. Oliver has positively and absolutely refused to say from where the money came.

Just why the powers of the committee should be limited in this way and just why Mr. Oliver should refuse to divulge the source of his sudden affluence it is impossible to say. In the interests of honest government the scope of this committee should be of the widest possible kind. It is also in Mr. Oliver's interests, if he did not get this money for having assisted the owners of this land grant at the expense of the public but instead got it honestly, that no difficulty should be placed in the way of the fullest possible investigation of the whole matter. If Mr. Oliver cannot clear himself before a proper committee empowered to go fully into the whole matter, or if he refuses to explain where the money came from, he is not a fit man to occupy a position as minister of the crown. If he made the money honestly he should not have any hesitation in telling how he did so, especially as by so doing he would remove the stigma which now attaches to his name and which will remain unless a satisfactory explanation is made.

The government still has the chance of extending the powers of this committee and Mr. Oliver still has his chance of making a full explanation. Will either be done? On this will depend Mr. Oliver's fitness for public life.

WHY NOT?

Colonel Lowery, than whom there is no better-known newspaperman in British Columbia, has a happy faculty of expressing himself clearly in a few words. In this week's issue of his paper, The Greenwood Ledge, for example he says:

"If the signs do not fail this city and vicinity is upon the eve of a great mining revival. There's millions of dollars' worth of ore in the hills around Greenwood, awaiting the drill and dynamite. The ore would have come to town long ago if it could walk.",

This quotation tells just as much about the colonel's faith in the future of Greenwood as would a whole book written by him on the subject. He believes that there is lots of good ore around Greenwood, that the time has arrived when it is going to be mined successfully and on a large scale and that it is on account of lack of effort in this direction that Greenwood in the past has not been benefited as it should have.

Colonel Lowery has the proper spirit. He believes in his town and in its future and is never backward in saying so. But what he says about Greenwood could, with equal truth, be said by the residents of many another section of the Kootenays. The people of the Kootenays are not making known as they should the possibilities of their particular section or of the interior generally. While no one wants to see a mining boom here such as there was from 12 to 15 years ago, at the same time it may be pointed out that the placing of the resources of the country in their proper light before the outside world would not result in anything of that kind but would do much to assist in the development of the country along legitimate and safe lines. Why are there not more Colonel Lowerys in the country?

TEN YEARS AGO

Extracts From The Nelson Daily Tribune of May 5, 1901.

An association football club has been established in Nelson.

The park was very liberally patronized yesterday, the electric tram cars being crowded on many of the trips.

The squatters along the waterfront have received notice to quit.

RUSH TO CORONATION.

NEW YORK, May 4.—The rush of Americans for the coronation began today in earnest. At the North German Lloyd pier in Hoboken there were 2,000 passengers for the steamship George Washington, and so great was the demand for staterooms that nearly all the officers and stewards gave up their rooms.

Keep Minard's Liniment in the house.

BOOST MOTHER'S DAY IN DISTRICT

Strong Committee of Ladies Prepare for White Flower Event Sunday After Next

For the purpose of urging the observance and assisting in widening the scope of the Mothers' day movement a strong committee of local ladies has been formed and is now at work communicating with the men, young and old, in the various mining and lumber camps in the district. This committee is also making efforts to induce the day, the second Sunday in May, to be generally observed in the city by the wearing of a flower, preferably a white flower, which is described in circulars which are being circulated as "the emblem of purity, beauty ,love and faithfulness—all true attributes of a mother." Letters have so far been addressed to no less than 47 mines in the district and nearly as many lumber camps.

The committee is also making arrangements to import a a large consignment of white flowers from Spokane for distribution on May 13, the day previous to the festival.

The founder of Mothers' day was Miss Anna Jarvis of Philadelphia whose energetic work has resulted in the day being observed nationally in the United States and to a very large extent in Canada, although only inaugurated in 1908.

"We hope to see every man in Nelson wearing a white flower on May 14," said a member of the local committee last night.

WESTERN FLOAT.

(By R. T. Lowery.)

Wild geese are plentiful in Alberta.

There is a potato famine in Victoria.

Deer are plentiful in the vicinity of Erickson.

The Royal Bank has opened a branch at Hope.

George Matson died in Oroville from pneumonia.

It costs two cents to post a letter in Fort George.

A. Morin has bought the Oroville steam laundry.

New Michel will hereafter be known as Pittsburg.

North Vancouver will have a horse show on June 9.

Hay is $25 a ton in Vernon and eggs 25 cents a dozen.

B. Louderbach has opened a paint shop in Enderby.

Considerable land is being cleared around Canyon city.

There will be two holidays in June the 3rd and 22nd.

The hotels in Quesnel have abandoned the dice box.

Chilliwack will expend $111,000 upon city improvements.

Dropsy caused the death of Charles Boyer in Enderby.

The new C.P.R. station at Enderby will cost $60,000.

Joe Burgoyne has opened a livery stable in Aldermere.

An effort is being made to close the shops early in Penticton.

Last week Sir Daniel Mann was reported to be seriously ill.

John Mahoney committed suicide at Ovaina by the gun route.

J. P. Anderson is putting in a local telephone exchange in Oroville.

New Hazelton is the name of another townsite up the Skeena.

Last year the fruit cannery in Chilliwack paid a profit of $2,600.

W. H. May has been appointed leader of the Vernon fire brigade band.

The W. C. Collieries is building 12 more houses at Blairmore.

Ethel Brown committed suicide in Iditarod. She was buried in Seattle.

The mounted police force in the Yukon has been reduced to 45 men.

Bob Edwards will resume the publication of the Eye-Opener in Calgary.

Several laundry maids from England have recently arrived at Coleman.

F. J. Finucane recently sold a lot in Princeton to A. E. Irwin for $1,375.

Vernon will spend $12,000 upon a new fire hall and extra equipment.

The B. C. Telephone company will extend its line from Vancouver to Chilliwack.

Only printers and carpenters worked on Good Friday in South Fort George.

Doctors of the old school are advocating vaccination in New Westminster.

Mr. Murdock of Princeton has purchased $20,000 worth of acreage near Enderby.

Raw prairie land 18 miles from Gleichen, Alta., recently sold for $22 an acre.

In Coleman the laundry has been enlarged and will soon increase its force.

Dr. McAlpine died in Vancouver last week. He had lived in that city 25 years.

M. L. Grimmett formerly of Sandon, has been appointed city solicitor of Merritt.

J. F. Bledsoe will build a $6,000 residence in Alberni. He was formerly a newspaper man.

L. Bullock-Webster offers to number all the buildings in Prince Rupert for 20 cents each.

The South Fort George Herald has been doubled in size. Its owner is making a fortune.

There are 90 men working upon the installation of the w aterworks at Blairmore.

Charles Mackenzie of Spokane has been appointed manager of the Peerless hotel in Oroville.

In Vernon recently 16 people were fined $2.50 each for not keeping their back yards clean.

Gasoline is stored in large steel tanks at Ashcroft. At that point it sells for 27 1-2 cents a gallon.

A Blackfoot squaw wheels her papoose in a baby carriage around the streets of Gleichen. The work of the missionaries has not all been lost.

The B. Z. Company has quit transporting baggage from Ashcroft to Cariboo points.

The government will transact the land registry business of the Peace river at South Fort George.

Harry Ryder has built a 30 room hotel, 14 miles out of Hope on the road to Steamboat.

This year the C.P.R. will inaugurate a through telegraph line from the coast to Chicago.

In Hope several log houses have recently been built in the eastern part of the city, says the News.

Joe Payne and eight cowboys are driving a herd of cattle from Chilcoten to Hazelton for Pat Burns.

In the Dominion for March Vancouver was second to Toronto for the value of building permits.

Frank Slavin, the veteran pugilist, says that he never dug any post holes in the Peace river valley.

Times are good in Bitter creek owing to the rush of prospectors to the placer diggings on the Naas river.

In a raid on the opium joints in Cumberland the police gathered in several Chinks and $1 500 worth of dope.

This spring Dick Fitzgerald was the first man to go over the trail from Princeton to Steamboat mountain.

Joe Butler is going to Steamboat mountain. He has been prospecting since 1856 and never runs out of hope.

A gasoline traction engine of 208 horse power, will be used this summer to haul freight on the Cariboo road.

The old tumble down shacks and buildings in Revelstoke are to be eliminated from the landscape by the city.

Last week Jim Hatfield had his feet frosted while packing supplies to the coal camp at the head of the Copper river.

Fred Peters, K.C. will open an office in Rupe this month. He was at one time premier of Prince Edward Island.

W. S. McDonell died in Hazelton from an attack of rheumatism. During the past year he operated an hotel in Aldermere.

In June the government will sell at Gleichen, Alta., 125,000 acres of land, recently quit-claimed by the Blackfoot Indians.

Mr. O'Shea is opening a restaurant in Enderby close to Harry Walker's print shop. This will be pie for the printers on press day.

The farmers of Ashcroft raise 16 tons of potatoes to the acre. Delivered at the cars they are offered $15 a ton for this year's crop.

A. S. Macaulay has bought the Victoria hotel in Silverton for $5,500 from Mrs. Carey. This hotel was built by Jim Bowes in 1897.

The strike is over in Prince Rupert. The men working on the streets struck for 45 cents an hour and went back to work for 37 1-2 cents.

W. H. McIntyre of Vancouver will open an hotel in Steamboat. R. H. Roucke is packing in supplies with which to start a store in the same camp.

G. A. Poole, the printer recently walked from Prince Rupert to Hazelton to take a job on the Herald. It is not for lack of money that printers have to walk in the north.

For weeks the British Columbia government advertised for sale the site of the old court house in Vancouver and did not receive one offer for the property. The site is reputed to be worth over $1,000,000.

Frank Reid died in Kitselas aged 60 years. He was a pugilist at one time and trained Jack Dempsey for several fights. During the past two years Reid had been working on the railway grade out of Prince Rupert.

Tom Dewar, an inmate of the Old Man's home in Kamloops recently fell heir to $50,000 by the death of a relative in Scotland. He was for years a cook in the camps of the Yukon and was called the "Laird of Lorne."

Little Gust Anderson and Jack Avlium are on a trip to Sweden. The Slocan Record remarks that if Gust ever wears his silk hat, checked suit and diamond ring all in one day the head bernadotte had better look out for his job.

Paddy Murphy has put in a $3 500 bar at his hotel in Enderby. His hotel is one of the best in the west. Paddy owns a farm and his guests always have fresh eggs, even in the winter time. Years ago along with Billy Bennett Paddy ran the Filbert in Sandon.

Minard's Liniment Co., Limited.
Yarmouth, N.S.

Gentlemen,—In January last, Francis Leclare, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him freely to deaden the pain and with the use of three bottles he was completely cured and able to return to his work.

SAUVEUR DUVAL.

The Man Who Comes to Look

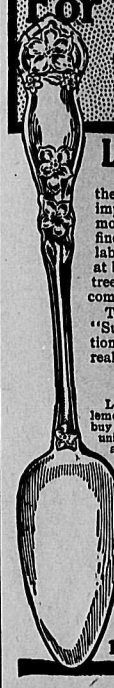
receives the same glad welcome here as the man who comes to buy, our primary object at this time being to acquaint the men of Nelson with the advantages in quality, service and price to be exclusively obtained at this store.

We don't expect to sell you goods before you know us, our goods and our business methods, so we invite you to call, "snoop around" a bit and get acquainted.

Hall & Jessup

Men's Furnishers :: Nelson, B. C.

For Breakfast Try "Sunkist" Oranges



Luscious Tree-Ripened Fruit

It is not sufficient to know that oranges are the most healthful of all fruits. It is quite as important to know the *kind* of oranges that are most healthful and most palatable. The very finest California oranges are now packed under the label "Sunkist." Please serve "Sunkist" oranges at breakfast tomorrow and learn the superiority of tree-ripened, seedless, fiberless oranges over the commonplace kind. *Don't fail to save the wrappers.*

There is so much "meat" and nourishment in "Sunkist" oranges and so little waste that, in addition to their extra fine flavor and goodness, they are really the most economical oranges to buy.

"Sunkist" Lemons Juiciest

Lemons differ as much as oranges. Pithy, thick-skinned lemons contain very little juice. You waste money when you buy them. Please ask for "Sunkist" Lemons and note how uniformly sound each one is, and what a small percentage is skin and fiber.

Get This Valuable Orange Spoon

Save 12 "Sunkist" orange (or lemon) wrappers and send them to us, with 12 cents to pay charges, packing, etc., and we will present you with a genuine Rogers Orange Spoon, of beautiful design and highest quality. Begin saving wrappers today. If you desire more than one, send 12 "Sunkist" wrappers and 12 cents for each additional spoon. In remitting, please send cash when the amount is less than 20 cents; on amounts above 20 cents, we prefer postal note, money order, express order or bank draft. We will be glad to send you complete list of valuable premiums. *We* honor both "Sunkist" and "Red Ball" wrappers for premiums. (50)

Crane Quality

BECAUSE

Because—The watermark Crane in a sheet of writing paper stands for the best.

Because—"Crane" is a synonym for and speaks of the highest quality and efficiency in writing papers.

Because—No better papers can be made, having a hundred years experience back of them.

Because—They are manufactured under skilful direction in the latest fashionable styles and boxed in the most artistic manner.

Therefore—Discriminating people are asking for and insist on having Crane's.

We Carry a Complete Stock of Crane's Linen. Always Ask for It

VANCOUVER LOOKS TOWARD KOOTENAY

Mr. McDermid Describes Intense Interest Evinced at Coast in Mines of This District

E. B. McDermid, the well known Vancouver realty and investment broker, came in from the coast last night on what he termed a holiday, to see old friends in Nelson.

"Matters are quiet on the coast at the moment, there being apprehension of the threatened building strike," said Mr. McDermid, "otherwise, conditions are normal.

"The interest in mining, particularly in Kootenay mining, continues and grows. The Portland Canal boom is over. Of the Steamboat mountain boom, it is too early to make predictions. But of the permanent interest aroused in Kootenay mining, there is complete certainty. The steady development of Kootenay mining, and the record of steady production, together with the knowledge acquired through the coast investments already made here, are responsible for the result."

Mr. McDermid stated that the grass was longer and greener and lusher in Nelson that at the coast, in spite of the supposed backward season here.

POLICE FIND MEDICINES FOR DRUGGING GIRLS

WINDSOR, Ont., May 4.—The police are holding O. Brokenbranch from Louisiana on a charge of having attempted to induce a 22-year-old Windsor girl to accompany him across the line on promise of a theatrical position. Brokenbranch was remanded for eight days until his character is investigated. The prisoner had a quantity of medicines in his possession which the police say were intended for drugging purposes.

CORINTHIANS ARE INVITED HERE

Tom Nute Goes After Crack English Soccer Aggregation—Match at Kaslo Suggested

Tom Nute, captain of the S.O.E. football team, has written to the secretary of the Corinthians, the great English soccer aggregation, inviting them to play in Nelson on a date to be arranged later but which will in all probability be during fair time. The British eleven will be passing through Nelson on their journey between Vancouver and Lethbridge, having already arranged games in both these cities. He expects to receive a reply within the next month.

In the meantime the S.O.E. and the Y.M.C.A. soccer aggregations who will combine against the Corinthians if the team plays here, are attempting to get a line on as many new players and old Nelsonites who are still in the district, as possible in order to have a strong team ready for the game.

What About Kaslo?

There is some talk in local soccer circles of a game at Kaslo on May 24. No definite steps in this direction have been taken yet but it is possible that either the S.O.E. or the Y.M.C.A. or possibly both teams will go up to the main lake city for the big celebration there on Empire day.

Two suggestions have been made. One is that one of the local teams or an eleven drawn from both should play a Kaslo team or one from another city in the district while the second is that the local teams should play an exhibition game if it is found impossible to find outside opponents.

The matter, however, really rests in the hands of the committee in charge of the Kaslo celebration and this body will be communicated with by the local officials within the next day or so.

FIRST TENNIS TOURNEY OF SEASON SATURDAY

On Saturday afternoon at 3 o'clock the Nelson Tennis club will commence the first American tournament of the season at the local courts. There will be several events.

CHANGES IN STAFF OF NELSON BANK

N. F. Kendall Leaves for Hosmer Today—Two Promotions From Spokane and Armstrong

N. F. Kendall, for several years accountant at the branch of the Bank of Montreal here, leaves on the Crow boat this morning accompanied by Mrs. Kendall, to take up the position of manager of the branch of the bank at Hosmer.

Several other promotions and changes have recently taken place in the staff of the local branch, W. H. S. Phipps of the Spokane branch having been appointed to Mr. Kendall's position as accountant while A. H. Carson of the Armstrong branch has arrived in the city and will act as ledger keeper.

F. H. Harrison of the local staff has been promoted to Armstrong.

MAKES CHANGE IN TRAIN SCHEDULE

New Train From Toronto to Vancouver—Luxurious Compartment Sleeping Cars Possible

TORONTO, May 4.—Citizens will, after June 4, be able to travel from this city direct to Vancouver by through Canadian Pacific railway train.

The C.P.R. has long had this service under consideration, as under former conditions citizens travelling to the coast over their lines had to make connections at Winnipeg with the Imperial Limited or the Pacific expresses from Montreal. By the new arrangement local people will be able to go direct to the coast without change, which is a change of great importance just now. How the train will be made up has not been decided as yet but it will be fully up to the standard of the famous C.P.R. Imperial Limited. It is probable that some of the luxurious new compartment sleeping cars and compartment library observation cars which the company is now building at their Angus shops in Montreal will be included in the train. The change in the Toronto, Winnipeg, Vancouver service will be accompanied by other changes in the Montreal service.

Other Changes

The Imperial Limited from Montreal will, as usual, run straight through to the coast, but the Atlantic and Pacific expresses will, after June 4, be known as the Eastern and Western expresses, and will be run as fast as trains between Montreal and Winnipeg only. This will give practically the same service on those lines as before, as the new train will make connections each way with the through train between Toronto and Vancouver. The new western express train will leave Montreal at 10.10 a.m. and on the return journey will leave Winnipeg at 6.10 p.m., or about 30 minutes after the arrival of the train from Vancouver, for Toronto. The Imperial Limited will leave Montreal as formerly at 10.30 p.m.

NO UNDUE PREFERENCE

TORONTO, May 4—The grand jury returned no bill this evening against W. S. Morden of Toronto and Matthew Wilson, K.C., of Chatham charged with unlawfully conspiring with W. R. Travers to give an undue preference over the other creditors of the Farmers' bank to the Trust & Guarantee Co. of this city.

VANCOUVER BIG CITY.

(Special to The Daily News.)

VANCOUVER, B. C., May 4.—Henderson's directory for the year gives greater Vancouver, including Vancouver, South Vancouver and Point Grey, a population of 145,000, this being an increase of 25,000 over the estimate from the directory published last year.

Use borax for softening the water for the bath. It is also a valuable disinfectant and antiseptic.

GEISHA AT CRANBROOK

(Special to The Daily News.)

CRANBROOK, B.C., May 4—"The Geisha," a Japanese musical comedy in two acts was presented in the Auditorium this evening by the Cranbrook Operatic society under the leadership of George D. Ingram. This musical comedy was produced by 50 people and in addition an orchestra of 12. It does not stretch the point to say that it was one of the best productions seen by a Cranbrook audience and this was clearly seen by the constant and continuous applause throughout the entire program.

FIND BODIES OF TWINS IN MONTREAL SEWER

MONTREAL, May 4.—Entering a manhole a few yards above Ontario street today, Zoot Houle, a corporation employe discovered the bodies of two newborn infants. The bodies were taken to the morgue, where an autopsy will be held tomorrow. There was nothing on the bodies to aid in their identification, but the circumstances of the case show that they could not have been there more than 24 hours. Doctors called to the spot stated that the babies were apparently twins.

DYNAMITE SUSPECTS MUST STAND TRIAL

Grand Jury Brings in Indictments Charging Murder in Los Angeles Outrage

LOS ANGELES, Cal., May 4.—Twenty-one new indictments, according to reliable authority, were found by the grand jury against the alleged dynamite conspirators, James and John McNamara and Ortie McManigal. Nineteen of the indictments, it is understood, are against the McNamaras alone, and charges them with murder in connection with the blowing up of the Los Angeles Times newspaper plant on Oct. 1, as a consequence of which 21 persons were killed. The other two are said to be against McManigal as principal and the McNamara brothers as accomplices in the Llewellyn Iron Works explosion, on Christmas day, in which no one was killed.

The inquisitors completed their work at dusk and the true bills will not be filed in court until tomorrow morning. The prisoners will be arraigned tomorrow afternoon and a date will then be set for them to enter their pleas.

AMBASSADOR SPEAKS ON ARBITRATION

Too Many Scotchmen Leaving Their Native Land, Says Rt. Hon. James Bryce.

OTTAWA, May 4.—"There is no dissenting voice raised to international arbitration in either Great Britain or the United States," said the Rt. Hon. James Bryce, ambassador plenipotentiary from Great Britain to the United States, in the course of an interview he granted local newspaper men at Rideau hall.

"What is the situation in regard to the national arbitration proposal between Great Britain and the United States?" he was asked.

"Things are proceeding very nicely," replied the ambassador. "There is no hitch. There is a great deal of interest taken in the matter in the United States and President Taft, who made the original suggestion, has been much gratified with the reception his proposals have met with in Great Britain. I have been greatly struck during the past few years with the much warmer feeling toward Great Britain and Canada that is manifested in the United States. This warmer feeling was very prominently shown all over the United States at the time of the late King Edward's death, when friendly demonstrations were most gratifying."

"In your opinion, is the abolition of war and the substitution in its place of an international arbitration practicable?" the ambassador was asked.

"It is difficult for us to foretell what will happen in our time, for me an old man and also for younger men," he replied. "I hope the time will ultimately come when nations will settle their difficulties by arbitration. When we consider the immense strides that have been made during recent years, truly wonderful progress, we must not set any limit to our hopes for what the future holds in store.

"This movement that we are undergoing is not for the good of the United States, Great Britain or Canada alone; it aims to benefit the whole world. It is only the duty of more advanced nations to take this up."

The ambassador refused to discuss the reciprocity question.

"That's politics," he said. He merely referred to the fact that in the United States he understood the matter was not so much a party question as it was in Canada. In the former country the parties had become divided on the question.

Too Many Scotchmen.

Fear that too many Scotchmen are leaving their native land to locate in Canada was expressed by the Rt. Hon. Dr. Bryce, himself a loyal son of the heather.

"Of course," he admitted, "if they are beginning to leave Scotland, I'd rather see them come to Canada than any other place, but I'm afraid Scotland can't spare very many of her people. Scotland has not a large population, and a friend of mine was telling me that a great number are leaving for Canada."

TIMBER REVENUES

(Special to The Daily News.)

VICTORIA, B.C., May 4.—During April 88 timber licenses were issued for lands west of the Cascades, producing a revenue to the province of $12,400; 456 licenses were issued for lands east of the Cascades, bringing the total to $52,440. Timber license transfer fees during the month amounted to $450; penalties aggregated $1,070; coal licenses fees totalled $5,150, and coal license transfer fees amounted to $100, making a total revenue for the timber branch of the provincial lands department for the month just ended of $71,675.

THE INSULTING CIGAR

Dragutin Jivkovitch, a lawyer's clerk, summoned a comrade for having savagely attacked him at a moment when he politely offered him a smoke, write a Belgrade correspondent. The defendant proved that Dragutin owed him a considerable sum, and whenever asked to return it invariably responded by putting under the nose of his creditor an odorous havana.

The magistrate found that this was abominable provocation, and severely condemned the cynicism of Dragutin, whom he advised to mend his ways.—Pall Mall Gazette.

Most of the hat crowns are round or in sugar-loaf shape. This is especially true in the flower toques and the small straw hats, trimmed fully with fine flowers.

Zam-Buk Healed Baby's Sores

Mrs. C. Pardy, of 479 Seigneurs St., Montreal, writes:—"I cannot tell you how thankful I am for the cure Zam-Buk has worked in the case of my baby son. He was troubled with scalp disease and I tried everything I could think of, but in vain. Finally I tried Zam-Buk. I could see an improvement after two applications! After persevering with the Zam-Buk treatment he is now completely cured. Zam-Buk is certainly a wonderful balm, and I shall always keep it on hand."

Mothers should use Zam-Buk for all skin sores, ringworm, scalp sores, cuts, chafings, bruises, etc., because of its great purity. Also cures piles, eczema, bad leg, varicose sores, etc. 50c box, all druggists and stores.

Zam-Buk Soap 25c tablet is best for baby's bath and for delicate skins.

Fruit Land

It has got to be a joke that there is such land in this district—nothing but stony, rocky hillside. To those looking for fruit land we would say this: Come and let us show you property that is all we say it is and nothing but real first cass stuff will be put forward. Look at this:

20 Acres of Real First Class Land, partly cleared, in fine location, can be bought for $150 per acre. This is one of the finest buys on the lake and can be all plowed, water on the property and 300 trees of standard variety ready to set out.

10 Acres of Very Fine Rich Land at Lancaster, close to transportation and partly cleared, $200 per acre.

160 Acres on the Arrow Lake at Needles—There are 60 acres of first class land in this block. Three acres cleared and planted; small house and outbuildings, good road to Needles and store. This is one of the choicest, cheapest buys at $25. Don't let the small price scare you. There is great value in this place. The location with the fine frontage on Arrow lake is worth a lot and there is enough first class saw logs which we will buy from you at the top price. Look into this cheap buy. A good investment and a profitable ranch. No chance whatever of losing any money and a great chance to make a very good stake.

We have the finest ranch in this district for mixed farming for sale. Lots of hay meadow and an orchard home. First class house and about 10 acres cleared, besides 35 acres of meadow land. Let us show you this.

KOOTETAY JAM TO MISSION JUNCTION

Instead of to New Westminster Factory Is Already Being Built.

G. O. M. Fox, managing director of the Kootenay Jam Co., Ltd., has just returned from the coast and reports a change of plan in regard to the future location of the company's factory. The intention of the company, as announced, was to establish headquarters at South Westminster, but owing to unforeseen difficulties this proposal was abandoned and the factory will now be located at Mission City, which is one of the largest small fruit growing districts of the province. The company has purchased a site on the banks of the Fraser river, situated on both the C. P. R. main line and its branch running to Sumas and the states. The site also commands the river route.

The new factory, which is now almost completed, covers a large ground area, it being of two stories and 150 feet long by 75 feet in width. All the plant now at Nelson will be at once transferred and additional machinery added to meet the requirements of the district, there being enormous acreages of berries and fruit adjacent to the factory.

The plans of the company also include the immediate formation of the new branch for the manufacture of cocoa and chocolate, for which purposes the company has recently sanctioned a large increase of capital. The directors are confident that the industry has a brilliant and profitable future in store.

BUILDING PROGRESS STILL CONTINUES

Medicine Hat Shows Remarkable Advance—Other Cities Show Growth in Building

Doubling the investment of the previous month and noting an average gain of 8 per cent over the corresponding period, the building situation, as indicated in the returns for March submitted to Construction reflects a development which if not proportionately as great as that noted in the early part of last year, shows a state of progress at least equal to that which has existed heretofore. An element of spectacularism as regards certain individual gains, and a consistent, steady, growth in general, both characterized the trend of operations for the month. Of the 26 cities reporting, 18 steered a straight-ahead course, exceeding in some instances their former figures by a tremendously wide margin. Four of the more important places went $1,000,000 or better, seven others registered totals ranging from $100,000 up; while in a number of lesser centres, though the volume of work was not as great and the investment not quite so pronounced, the advance made was such as to give every assurance of a much more prosperous condition than existed in the previous corresponding period.

Winnipeg's heavy decrease (60 per cent), was bv far the biggest offset for the month, and this together with the set back of 38 per cent experienced in the case of Ottawa as well as the respective declines of 32 and 53 per cent noted in the case of Lethbridge and London, put a big crimp in an average gain that otherwise gave every indication of being most promising. As it was, the situation throughout the country, gave the builders little or no reason to complain. Toronto's investment of $2,210,770, netting a gain of 39 per cent, reflects a state of enormous activity; but hardly is the total noted in this case of more striking dimensions than that recorded by Vancouver, where the work projected amounted to $2,147,798, as against $1,806,106 in the same period last year. Unless a false impression prevails, about 50 of the places are about to pass through a year of wonderful expansion, one in fact that will be well worth noting from month to month. Calgary also has designs on big things, as is evidenced by her total of $1,012,260, which is just 143 per cent better than her previous corresponding amount. Edmonton, which has a gain of 3 per cent, although less active, nevertheless registers a substantial amount, while Medicine Hat, in the same province, by an advance of 1,100 per cent, has the biggest proportionate increase noted in the list. Other western gains are: Victoria, 14 per cent; Moose Jaw, 25 per cent, and Regina, 55 per cent, the investment in the latter place amounting to over half a million dollars.

Besides the two losses previously referred to, Ontario sustained decreases in both the case of Peterboro and St. Thomas, although the falling off in either place, considering the comparative figures, really amounted to little. Aside from this the province in general witnessed a vastly improved condition. Fort William advanced 80 per cent; Hamilton gained 21 per cent, and Kingston is ahead by 29 per cent. Gains were also made at Port Arthur and Stratford to the extent of 176 per cent and 38 per cent in order named, while Berlin submits a total of $29,285, which is definitely known to represent a larger volume of work than was undertaken in the same period last year.

The province of Quebec is represented by the figures of Montreal and Quebec city, and although the latter failed to furnish comparative amounts, the total registered is such as to indicate good headway. Montreal shows the same unremitting progress that has characterized her remarkable development during the past two years. Permits were issued for new work amounting to $1,101,577, as against $676,804 in the same period last year, the total noted being the third highest amount recorded for the month. East of these points, Halifax and Sydney are respectively in the arrears to the extent of 49 and 30 per cent, and St. John again fails to report. However, there are a number of towns in the maritime section, not included in the list, that are carrying out quite a representative amount of improvements.

As regards Winnipeg, it might be said that with such buildings as the Hudson's Bay company's new department store and a 14 storey structure to be built by an English syndicate in prospect, the outlook is most encouraging. In fact, a spirit of optimism prevails in general, and this in itself is a reliable indication that all sections are moving ahead under full steam and with the throttle wide open.

WELCOMES LAURIER

LNODON, May 4.—The Times today says that the announcement that Premier Laurier would attend the imperial conferance will be received here with the greatest possible satisfaction by all parties alike. The primary requirement is a better knowledge of each others views, which the conference exists to fulfil. The tariff reformers have every right to emphasize loss to the commercial position in Canada, which they foretold would be the result of blind adherence to insular free trade.

INITIATIVE AND REFERENDUM.

Bloomington, Ind., May 4.—Much interest is manifested in the initial debates to be held tomorrow evening by the new triangular debating league, composed of Indiana university, DePauw university and Wabash college. The question to be debated is, "Resolved, That the state of Indiana should adopt the initiative and referendum form of government." In each instance the home college team will have the affirmative side of the question, with the visiting teams debating the negative.

LAND REGISTRY ACT

Take notice that an application has been made to register Sydney J. Cummings as the owner in Fee Simple, under a Tax Sale Deed from Stephen Hamilton Hoskins, deputy assessor of the district of Nelson, to Sydney J. Cummings, bearing date the 8th day of November, A.D. 1910, of all and singular that certain parcel or tract of land and premises situate, lying and being in the district of Kootenay, in the province of British Columbia, more *particularly known and described as: Part* (18 15.100 acres), Block 4 of Lot 514, Group 1, Kootenay district.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument; and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the service of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you, will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Sydney J. Cummings as owner thereof in fee.

Dated at the Land Registry Office, Nelson, province of British Columbia, this 29th day of November, 1910.

SAMUEL R. ROE,
District Registrar.

To Thomas A. Wintle.

PUBLIC SERVICE ACT

The qualifying examinations for Third-class Clerks, Junior Clerks, and Stenographers, will be held at the following places, commencing on Monday the 3rd July next: Armstrong, Chilliwack, Cumberland, Golden, Grand Forks, Kamloops, Kaslo, Kelowna, Ladysmith, Nanaimo, Nelson, New Westminster, North Vancouver, Peachland, *Revelstoke, Rossland, Salmon Arm,* Summerland, Vancouver, Vernon, and Victoria.

Candidates must be British subjects between the ages of 21 and 30, if for Third-class Clerks; and between 16 and 21, if for Junior Clerks or Stenographers.

Applications will not be accepted if received later than the 15th June next.

Further information, together with application forms, may be obtained from the undersigned.

P. WALKER,
Registrar, Public Service.
Victoria, B.C., 27th April, 1911.

NOTICE

Notice is hereby given that starting Wednesday, May 24th and continuing through June, July and August all stores of members of the Nelson Retail Merchants' association will be closed Wednesday afternoons.

Minard's Liniment lumberman's friend.

NOTICE DELINQUENT CO-OWNER.

Notice to W. C. Wells

Notice is hereby given that *I,* George R Devlin, co-owner together with W. C. Wells in the "Devlin Lode" mineral claim, situated on Sheep creek and recorded on the 2nd day of July, 1909, unless you, within a period of 90 days from the first publication of this advertisement, pay to me the sum of $54.50, money expended by me in performing the assessment work, together with half the costs of travelling to and from the claim, and together with all the costs of this advertisement, your interest in the said claim will become vested in me, your co-owner, who has made the required expenditure on the said mineral claim under section 24 of the "Mineral Act."

This notice is published under section 25B of the "Mineral Act."

22-4-11-90d. GEORGE R. DEVLIN.

NOTICE

Public notice is hereby given that, under the authority contained in section 121 of the "Land Act," a regulation has been *approved by the Lieutenant-Governor in* Council fixing the minimum sale prices of first and second class lands at $10 and $5 per acre respectively.

This regulation further provides that the prices fixed therein shall apply to all lands with respect to which the application to purchase is given favorable consideration after this date, notwithstanding the date of such application or any delay that may have occurred in the consideration of the same.

Further notice is hereby given that all persons who have pending applications to purchase lands under the provisions of sections 34 or 36 of the "Land Act" and who are not willing to complete such purchases under the prices fixed by the aforesaid regulation shall be at liberty to withdraw such applications and receive refund of the moneys deposited on account of such applications.

WILLIAM R. ROSS,
Minister of Lands.
Department of Lands,
Victoria, B.C., April 3rd, 1911. 302-52

NOTICE

Notice is hereby given that the partnership heretofore subsisting between us, the undersigned, as real estate agents in the city of Nelson, B.C., has been dissolved by mutual consent. All debts owing to the said partnership are to be paid to A. P. Lorsch at Nelson aforesaid, and all claims against the partnership with respect to accounts contracted in connection with the Nelson office of the business are to be presented to A. P. Lorsch, by whom the same will be settled.

Dated at Nelson, B.C., this 22nd day of April, 1911.

A. P. LORSCH.
R. R. CALDWELL.

Walter King, as to the signature of A. P. Lorsch.
C. E. Kelly, as to the signature of R. R. Caldwell. 14-6

WATER NOTICE

I, Bernard K. Devine, of Tarrys, B.C., rancher, give notice that on the 30th day of May, A.D. 1911, I intend to apply to the Water Commissioner, at his office in Nelson, B.C., for a license to take and use one-quarter of a cubic foot of water per second from Tarrys creek, in Nelson division of West Kootenay district. The water is to be taken from the stream at its intersection with the southern boundary of the Columbia& Kootenay Railway company's right-of-way, and is to be used on that part of Lot "A" of Lot 1239 lying between said railway and the Kootenay river, for irrigation purposes.

Dated April 13th, 1911.

1-5 BERNARD K. DEVINE.

Mining News

LOCAL NOTES BY MINING SCIENCE

Progress of Zinc Experiments at Nelson —Purchase of Mollie Hughes Mine

The current issue of Mining Science has the following notes on British Columbia:

The smelter being erected by A. Gordon French for the purpose of demonstrating his new process of reduction of refractory zinc ores is now so well advanced that as soon as certain electrical appliances which have been ordered from the Canadian General Electric Co., reach the works and are installed, operations will commence at once.

Returns from the Trail smelter for *the month of March show an increased* tonnage of lead treated, figures being 6,000 tons of ore, containing something over 1,500 tons of lead.

The Mollie Hughes mine ,which adjoins the townsite of New Denver on Slocan lake has been purchased by a syndicate of Spokane capitalists.

The right of way is being cleared for an aerial tramway to provide an outlet for Standard ore Flume construction is proceeding at the same time,

GOOD ORE FROM REPUBLIC

The San Foil mine of the Republic camp is turning out some very good ore at the present time. Recent shipments of low grade ore from this mine to the Granby smelter have given the company returns of $17.75 to the ton, while recent reports from the property state *that ore running as high as $3,500 to the* ton had been encountered. Dr. Kingston and A. B. Hood of Grand Forks are among the men having the property under lease.

CLIFF MINE INSPECTED

W. Y. Williams, consulting mining engineer of the Granby ,inspected the Cliff mine at Rossland last week, one of the new properties which the company has under bond.

REPORT ALLEGES DIAMONDS

F. L. Churchill ,a Rossland prospector, just back from a 15 days trip in the Tulameen mountains, west of Penticton, reports that the government assayer has found platinum and diamonds in ore taken from a claim staked by him and his partner. He also holds an option on a claim which is said to cover a large deposit of gypsum recently found *in the same vicinity.*

TENDER BANQUET TO J. E. M'ALLISTER

Held at Greenwood Next Tuesday—Working on Road, Strike Ore—Another Rich Strike

(Special to The Daily News.)

GREENWOOD, B.C., May 4—A banquet will be given J. E. McAllister next Tuesday evening at the Windsor hotel. The tickets are $5 and a large crowd is expected from all parts of the district.

While working on the new wagon road that is being built from the city *hall to connect with the Anaconda road* a ten inch lead of galena and quartz was struck on the Starveout claim. This claim is one of the group belonging to the Argo Tunnel Co., and is only a few yards from the centre of the city.

While prospecting the Elkhorn mine for the new owners George White opened up a lead of quartz showing free gold and silver of great value to the ton. The samples taken from this strike are equal to any discovered in the Boundary. The strike was made on the original tunnel and less than two feet from where work was discontinued 15 years ago.

WINNIPEG PRICES HIGHER IN SYMAPTHY WITH CHICAGO

WINNIPEG, May 4.—Winnipeg was in sympathy with Chicago on the upturn, May closing ⅝c to ¾c higher, July ⅞c to 1c and October 1⅞. Export was out of the question, bids being 3c to 4c out of line for wheat. There was considerable activity in oats, and some fairly large shipments of contract oats were worked. The close for May was ¼c to ⅝c higher, and for July ¼c. The whole market situation on wheat continues to suggest the theory of the Inter Ocean yesterday, that the bulls are leaving no stone unturned to get out the short interest and prevent big deliveries later.

WINNIPEG WHEAT PRICE

WINNIPEG, May 4.—Winnipeg cash *wheat: No. 1 Northern, 96; No. 2 Northern,* 93¼; No. 3 Northern, 91; No. 4 Northern, 86¼; No. 5, 81½; No. 6, 71½.

Winnipeg options: May, 96⅛-¼; July, 97½; October, 91⅝.

WHEAT REACHES HIGH LEVEL IN CHICAGO

CHICAGO, May 4.—Higher prices for wheat were scored today than any time since February. Dry weather in the northwest and congestion in the May option here brought about the advance. The close was at nearly the top level and reached 1⅞ A 2c above last night. An *anxious scanning of the weather map* in vain search of a break in the drought near the Canadian line failed to quieten the scare among the wheat shorts, who realized that they had been selling too freely and *had made but little impression* upon the market. Traders in general were more disposed than heretofore to accept the view that there was no great chance of a serious set back in prices while the northwest and Canada gave signs of being fearful of dry weather.

Assertions of an impending shortage were not taken without liberal discount, but *sharp attention nevertheless was devoted* to the idea that there must be plentiful rain from time to time to mature the spring crop. A violent rise here in the price of May barley, though accompanied by only small trading, did much to unsettle the nerves of the bears all along the line. Barring a little weakness at the start, the tendency was upward almost constantly throughout the session.

CANADIAN PACIFIC HAS RELAPSE IN NEW YORK

NEW YORK, May 4.—A definite movement toward lower prices gained considerable headway today in the stock market. The market seemed to be laboring under the strain of both short selling and liquidation of long stock. Prices rallied from *time to time and the manner in which* large offerings were made on each recovery suggested that the influence of liquidation was the predominating one. Bearish activity increased later in the day, however, and the last part of the session seemed to be concentrated on United States Steel, large blocks of which were bought on the market in rapid succession. Read*ing was sold heavily again today with* telling effect, the price declining 25.8 points. Sales of bonds today were the largest of any day in weeks. The period of activity in this market has now been in progress for about a fortnight and shows no signs of diminishing. Purchases by individual bond dealers are said today to have been large, but the bulk of the buying has been for the account of monied institutions. The extremely low rates prevailing for money in the open market, however, virtually forced institutions of this character to *purchase bonds. Time money rates are* now from 1 to 6 per cent under those prevailing at this time last year. Some additional March railroad returns were received and most of them showed decreases in earnings. Contrasted with the recent experiences of American railroads is that of the Canadian Pacific, whose unabated prosperity was increased today by the *statement that in the third week of April* its gross receipts increased $207,000. After its record breaking advance the stock relapsed 4 points today. Bonds were strong. Total sales, par value, $6,027,000.

LONDON CLOSES WEAK.

LONDON, May 4.—Money was easy and discount rates were weak today. The stock market was generally dull. At midday a rally was succeeded by renewed liquidation in most of the sections and the closing was weak, especially in home rails. Consols lost 3-16 despite the satisfactory conclusion of the settlement and cheap *money. American stocks were dull and* irregular during the forenoon. New York caused weakness in the early afternoon, but the market hardened a fraction on covering in the late trading, and the closing was steady.

CHICAGO MARKET IS NERVOUS AND JUMPY

WINNIPEG, May 4.—Cables came unchanged to ¼d lower. There was nothing new in the gossip but bull interests fostered the dry weather stories and Chicago had an exceedingly nervous and jumpy market. The range of May for the morning *was 2⅝c, the top was 2⅝c over yesterday's* close, and the close was 1⅞c to 2c over Wednesday; July only advanced ⅞c and September 1c. Minneapolis was almost as erratic and closed 1¼c up, July ⅜c to 1c, and September 2⅜c up

AFRICAN WARRANTS STRONG

WINNIPEG, May 4.—The local stock market is quiet. Great West Permanent dropped this morning to 124, a block of 10 shares selling at this figure. South African warrants are stronger and are bid for at 750, sellers asking 755.

DALLAS ENTERTAINES DRUMMERS

Dallas, Texas, May 4.—Gaily decorated with flags and bunting, Dallas today *extended a hearty welcome to the com*mercial travelers from all over the state who assembled here for the annual convention of the Texas division of the Travelers Protective association. After a brief session this morning for organization an adjournment was taken to permit the delegates and their ladies to enjoy automobile rides about the city. Luncheon for the visitors was served at the Oriental hotel and at 2:00 the business sessions were resumed. The sessions will continue until the end of the week and will be interspersed with numerous features of entertainment.

"LITTLE RHODY'S" INDEPENDENCE

Providence, R. I, May 4.—The state of Rhode Island, the first of the original 13 colonies to renounce the sovereignty of Great Britain previous to the Declaration of Independence, today celebrated the 135th anniversary of the signing of the instrument which declared the old colony of Rhode Island and Providence Plantations to be free of any allegiance to the British crown. The chief feature of the celebration was a public meeting *in the old state house in this city* at which addresses were delivered by state and city officials and prominent citizens. In accordance with a law passed several years ago the anniversary was observed by the public schools with special exercises, and in many places a half holiday was declared.

BROKE BUILDING BYLAWS; FINED

James Dancy Commenced Alterations to Residence Without Obtaining Permit from City Engineer

For commencing to make alterations to a residence on Cedar street without first making formal application for a building permit from the city engineer, James Dancy, a local contractor, was yesterday ordered by William Irvine, police magistrate to pay a fine of $10 and costs, to be levied by distress, in default of payment. A. M. Johnson appeared for the city. The defendant *pleaded not guilty.*

G. C. Mackay, city engineer and building inspector, described the location of the building and said that on Friday last he saw two men engaged in tearing off the roof of the veranda. They had removed part of the sheeting from around the foundations. The material removed from the veranda roof had been places on the sidewalk in such a way as to obstruct pedestrians while he noticed that one board had in it a number of nails which were sticking upwards in a dangerous manner.

That same afternoon Mr. Mackay said he had a conversation with Mr. Dancy *in his, witness' office, and had asked* him if he had obtained a permit for the work and if he had not done so why he had commenced to make alterations without one. Mr. Dancy, said the city engineer, replied that he had no permit and did not intend to obtain one, on the grounds that the property upon which the work was being done was his own and that he therefore did not have to get a permit.

Cross-examined by the defendant witness said that he, Mr. Dancy, did not say that he would get a permit later on when he had decided what work he would do on the property. Witness also *denied that he had threatened to have* Mr. Dancy put in jail.

Mr. Dancy in defence said that he had put *two men to work* on the property on Friday as it was in a dangerous and unsightly condition. There were a lot of slabs around the foundations which these two men removed so that the foundations were exposed enabling witness to find out what work was necessary. During the afternoon he went down to Mr. Mackay's office to obtain a permit on another job. The city engineer, said witness, had then threatened him and behaved as if he were "in a big rage." Witness said he told Mr. Mackay that he *was only clean*ing the place up and had not then decided what work he would do on the *property, promising* to get a permit later.

Cross-examined by Mr. Johnson Mr. Dancy said that the slabs were thrown down to be used later for foundation purposes or for moving the building if he decided to do work of that nature.

W. E. Wasson, city clerk, was called to certify that the copy of the bylaw produced was correct.

Mr. Johnson to his worship stated that the city had merely brought the action in order to show contractors and others that they must *obtain permits* in all cases where alterations were being made or a new building being constructed. He emphasized the importance of the provisions of the bylaw being carried out, saying that it was only possible for the city engineer to protect the public from injury through obstructions to sidewalks or through possible falling timber or bricks if the city engineer knew of alterations that were being made and placed in a position to have a sidewalk temporarily closed to the public when such a course became necessary.

R. C. Dickson, on a charge of stealing $1.30 from the *Queen Cigar Store* was sent down by the magistrate for 60 days. He pleaded guilty.

STUMPING POWDER HAS BEEN SHIPPED

Fifty Cases Consigned to Various Ranchers of This Locality on Way From Nanaimo Factory.

According to notification just received from the coast agency of the Hamilton Powder company by G. G. McLaren, secretary of the West Kootenay Farmers' institute, a consignment *of 50 cases of stumping powder* is now on the way here from the company's factory at Nanaimo. This is the final result of the inquiries made by the provincial deputy minister of agriculture, W. E. Scott, as to the amount of powder required in this locality this year by ranchers, and in response to which Mr. McLaren, with the aid of various ranchers, made an estimate of 50 cases. When Mr. McLaren learned by wire from the company some days ago that the government had placed an order *for this* quantity of powder, he immediately wired for it not to be sent, the whole matter being a misunderstanding, but it is on the way nevertheless..

Shipments of powder are apt to travel slowly, owing to the regulations as to what classes of freight they may accompany, so it will probably be a fortnight or more before the powder arrives here. It will be consigned in small lots to the various *ranchers* at different points who gave their names to Mr. McLaren for various quantities, and will be delivered at those various points.

ILLINOIS MOTHERS' CONGESS

Charleston, Ill., May 4.—Charleston is entertaining for three days the annual convention of the Illinois Congress of Mothers. Delegates to the gathering arrived today in large numbers from points throughout the state. An attractive program of papers, addresses and discussions has been prepared for the sessions, which are to be held in the *auditorium of the eastern Illinois Nor*mal school.

JURY WILL HEAR ROSSLAND CASE

Action for Fifteen Thousand Dollars to be Heard Next Week—One Case Postponed

In chambers yesterday morning C. R. Hamilton, K.C., in Groff vs. Gobie, an action set for trial at the supreme court sittings next week, made an application for leave to examine witnesses in Spokane. A. M. Johnson opposed the motion. By consent an order was made that the parties and one witness in the case be examined and cross-examined under commission. The effect of *this order will probably* be that the case will be postponed, thus reducing the number to be heard by Mr. Justice Murphy to four.

In Webb vs. the City of Rossland, an action for $15,000 damages for personal injuries sustained by the plaintiff while tobagganing into a pile of wood on the street last winter, C. R. Hamilton, K.C., for the plaintiff asked for an order for a jury. E. S. H. Winn counsel for the city of Rossland consented and the order was made. An application by Mr. Hamilton in the same case for interrogatories was also granted.

Fred C. Moffatt in McGillivray vs. *Graves, appeared in connection with a* motion which was ordered to stand over pending a settlement of the suit.

NELSON NEWS OF THE DAY

The fruit trees in bloom fill the air with fragrance along many of the streets.

A choir practice will be held in St. Paul's Presbyterian church this evening at 8 o'clock.

Al Gibson, of the British Columbia Plumbing company, returned yesterday morning from Kaslo.

Mrs. J. C. Pitts of Windermere has returned from the coast, and is the guest of Mr. and Mrs. H. H. Pitts, 217½ Baker street.

There will be a lecture in Miners' Union hall tonight. Organizer Desmond of the Socialist party will speak on "Revolts of *the Workers as Shown in Story and Song."* The lecture is very interesting and a good crowd is expected.

*Subjects included in the change of pro*gram at the Gem theatre this evening are "The Lover's Signal," a fine Imp feature; "The Penalty," a good American drama; "Wedded Beneath the Waves," a splendid Gaumont subject, and "The Two Mad Boxers," a Pathe.

Now is the time to order your screen doors and windows. Made to any size at Waters & Pascoe. 306

The 25c Variety Store removal sale stops this week, so Saturday is the last day you can buy at 20 per cent discount. The future location is as yet unsettled, but we can assure our friends we intend to continue business in Nelson. 17-2

TAYLOR IS GIVEN TWO YEARS IN PEN.

Receives Maximum Penalty for Attempting to Commit Suicide—Gives Insomnia as Cause

Two years imprisonment in the penitentiary, the maximum sentence for attempted suicide, was the penalty inflicted yesterday morning by his honor Judge Forin on F. H. *Taylor, who at*tempted to take his life here on April 18.

Taylor pleaded guilty to the charge *and said in extenuation of the offence* that previous to the act he had been ill for some time with rheumatic fever which had resulted in causing him to suffer severely from insomnia. To this and the resulting temporary despondency he ascribed the attempt to commit suicide. The accused said that he was 43 years of age, that he had a wife and family living on a farm near Wolverhampton, England, and that he came to Canada on Dec. 28, 1906. He gave his honor a detailed account of the places at which he had *worked, usually* as a laborer from that time to December last when he came to British Columbia *and was for* some time employed at the Snowshoe mine and later at the Jack Pot mine near Phoenix.

He will not be taken to New Westminster until after the assizes which open next Monday morning.

MISSISSIPPI TEACHERS

Jackson, Miss., May 4.—Mississippi's capital capitulated *today to an invading* force of teachers who will remain in possession of the city until the end of *the week. The occasion* is the annual convention of the Mississippi Teachers' association, whose membership embraces several thousands of the leading educators of the state. Beginning with a welcome demonstration in the Century theater tonight, wih the annual address by President J. W. Bell, three sessions will be held daily Friday and Saturday, together with a number of department conferences.

Two and a Half Hours on Operating Table

Specialist Could Not Remove Stone In The Bladder

GIN PILLS PASSED IT

JOLIETTE, P. Q.

"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with Stone in the Bladder.

He decided to operate but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try GIN PILLS.

They relieved the pain. I took two boxes and went back to the specialist. He said the stone was smaller but he could not remove it although he tried for two hours and a half. I returned home and continued to take GIN PILLS, and to my great surprise and joy, I passed the stone.

GIN PILLS are the best medicine in the world and because they did me so much good, I will recommend them all the rest of my life". 46

STANDARD SILVER-LEAD

The Standard Silver-Lead Mining Company was organized and financed by Mr. Patrick Clark, the millionaire mine owner of Spokane. The property was developed under the direction of Mr. George Aylard, one of the best known and most successful mine operators of the Slocan district.

The No. 5 tunnel is in ore for more than 200 feet. We are informed that the ore body on this level measures almost 50 feet across. The No. 6 level is opening the ore shoot about 250 feet below the No. 5 level. Clean ore in many places runs more than 4 feet in width, averaging about 65 per cent lead and 90 oz. in silver. The property is so situated that the ore can be handled by an aerial tram, now under construction, direct to the wharf. We have it on good authority that the profits from operating this property will probably reach one hundred thousand dollars per month.

The stock is listed on the New York curb and can be bought or sold at any time. Today we are *offering a few shares at $1.85 per share, and at this price we con*sider it an excellent investment. Write us for information, or use the wire.

We also make a specialty of Rambler-Cariboo, Lucky Jim Zinc, International and McGillivray Coal, Nugget Gold and Granby.

Darling

Oh, darling we have missed you;
Oh, welcome, welcome home.
Are the thoughts of many dear mothers
From whom their child did roam.

Though you're seeking for your fortune
In that far off distant land,
Do not forget dear mother,
For by you she'll always stand.

Just sit down and write one letter,
If only a paragraph;
But do it right and with it
Send dear mother your photograph.

She will prize it if it's natural
And press it to her heart
Then to please you both you must decide
To have in it Campbell's Art.

NELSON NEWS OF THE DAY

There will be a band at the roller rink tonight.

M. J. Morgan leaves this morning for Sheep creek.

Henry Hicks, the Howser rancher, is a guest at the Hume.

Loyal Orange lodge, No. 1692, will meet in the K. of P. hall tonight.

Mrs. F. C. Green will receive this afternoon for the last time in Nelson.

A special choir practice will be held in Trinity Methodist church tonight.

The Scandinavian Aid and Fellowship society will meet tonight in the Eagle hall at 8 o'clock.

G. F. Weir of Trail was a visitor in the city yesterday, registering at the Strathcona.

B. S. McGregor is having a new boat built at Slocan Junction, for use this season on the Pool.

The International Brotherhood of Electrical Workers will meet at 7 o'clock in Miners Union hall.

A special business meeting of the W.C.T.U. will be held in the Baptist church at 7.30 o'clock this evening.

The stretcher-bearer section of the 102nd regiment, R.M.R., will meet this evening at 8 o'clock at the armory.

T. A. Love, late proprietor of the Phoenix Pioneer, passed through the city last night on his way to the east.

Lord Aylmer was in from Queens Bay on Wednesday, in connection with the Kootenay Gold Mine, Limited, of which he is the head.

F. C. Green, of Green Bros. & Burden, goes out this morning to commence a survey of the new Sheep Creek townsite, which has just been put on the market by Montie J. Morgan.

The water in the Arm at Nelson last evening stood at 6 feet 2 inches above low water mark, according to the water guage of the Nelson Launch & Boat company, a rise of 2½ inches for the 24 hours.

A special meeting of the school board will be held this evening at 7.30 o'clock, in the offices of the secretary, Dr. E. C. Arthur, to consider applications for the position of teacher of the new primary department.

Ernest Levy, manager of the Le Roi No. 2 mine at Rossland, came in last night from the Slocan where he made an inspection of the Van Roi mine at Silverton, and registered at the Strathcona. He returns to the Golden City this morning.

Archie Johnson last Sunday at the Pool christened the new creel which Ole Skatbo of Slocan Junction made for him. The creel is a work of art. Archie says the money does not exist that would buy his old creel, which he claims has in its time held two tons of trout.

The Ladies' Aid of the Church of Mary Immaculate are preparing to give an afternoon tea in the parish hall on Tuesday, May 9, from 3 to 6 o'clock. A feature of this tea will be the sale of aprons and other needle work. A whist party will take place in the evening commencing at 8 o'clock.

The Oddfellows' hall, which has been undergoing a number of improvements, has been considerably enlarged and renewed throughout. It will be completed and opened again Tuesday evening when the Rebekah lodge will hold another of their popular dances. All Oddfellows and their friends are invited to join the Rebekahs in the re-opening of the hall.

There will be a public dance at the Alice roller rink on Saturday night. Doors open from 9 to 12. Wilkinson's orchestra in attendance. 17

CIRCULATION OF THE DAILY NEWS

Ald. Stark Led to Believe it Extends Over the Whole World—Some Incidents

"Does The Daily News circulate over the whole world?" was the interrogation yesterday afternoon of Ald. Stark.

Ald. Stark threw light on his question by remarking: "I asked of a new arrival from the Old Country a day or two ago, how he happened to come to Nelson. He replied that he had read The Daily News in a public library. This was in the north of Scotland.

"Today I got a letter from a grocer living in the town of Dewsbury, England. He wanted to know the opportunities in the retail grocery line in Nelson. He said he had been reading The Nelson Daily News."

An instance was referred to yesterday where, as a consequence of one subscription sent by a resident of Glasgow, at the suggestion of a resident of Willow Point, one family is now on the way to Nelson and two others are presumed to have sailed.

NINE CARLOADS OF HARDWARE COME IN

Wood-Vallance Broke All Records in March—Pay Enormous Sums in Freight.

Although Nelson is generally admitted to be the wholesale and retail center of the tremendous area of rich country and flourishing smaller cities throughout the interior of British Columbia, from western Alberta to the Similkameen, few realize the enormous business that is carried on by local firms in business here.

The Wood-Vallance Hardware company, for instance, brought in no less than nine carloads of hardware material, including carload lots of various goods, and distributed the merchandise throughout the district to the east, to the west, to the south and to the north. In March, this same firm imported six carloads of hardware.

In freight alone the local branch of the Wood-Vallance Hardware company paid out last month nearly $5,000, while the goods, which were largely imported from the east, were distributed through the Crows Nest district to points as far east as Lundbreck, Alta., through the Boundary, Trail and Rossland, the Arrow lakes district, the Lardeau country, Kootenay lake and the West Arm, the Slocan and the country to the south of Nelson.

The rapidity with which the development of the district tributary to Nelson is growing is indicated by the fact that the business of this branch of the company in March was the heaviest on record, while April was also a bumper month. It should also be taken into consideration that the spring is, curiously enough, considered by no means the best period of the year from a hardware merchant's point of view. It is in the fall when the big business is usually carried on. If this proves the case this year, and it is believed that it will, not only will all previous fall records be broken but even the huge business of March will be exceeded by many thousands of dollars.

In order to cope with the tremendous increase in business which the Wood-Vallanee company has experienced, it was found necessary to obtain an additional warehouse, the Ashdown Hardware company's building and track near the waterfront being purchased a short time ago for this purpose. "However, stock is going out so fast," said Alec Leith, secretary-treasurer of the company here, "that we find it difficult to keep our reserve goods replenished quickly enough to meet the demands from the retail hardware men and the general public."

Mr. Leith mentioned that the demand for hardware from the mining men of the district was steadily on the increase. G. W. McBride, manager of the branch, is at present in the east, where he is visiting a number of the big hardware factories.

DIES SUDDENLY.

TORONTO, May 4.—Robt. M. Young, formerly sergeant-major of the Queen's Own Rifles, died suddenly today after five days' illness.

Do not tear carpet rags, as the edges wil be rought and will catch dust. Instead, cut them.

CONTINGENT WILL DRILL SEVEN DAYS

Concentration of Various Eastern Centers Will Shortly Take Place—Outfitting Completed Then.

British Columbia members of the coronation contingent will require to be on their journey very shortly to the eastern rendezvous for the various branches of the service, under the terms of the current militia orders, which give all particulars regarding the contingent in great detail. The clause dealing with concentration says:

Concentration.

"All members of the contingent will be concentrated for seven days' drill and instruction at a depot of the arm of the service to which they belong, and for three days at Quebec, prior to embarkation for England, as follows:

"Cavalry (including corps of guides)—From Winnipeg and all points west thereof, at Winnipeg, commencing May 20; from western Ontario and all points in the immediate vicinity of Toronto, at Toronto, commencing May 22; from points east of Toronto, at St. Jean, Que., commencing May 23.

"Artillery—Horse, at Kingston, commencing May 22; field, same place and date; garrison, Quebec, commencing May 23.

"Infantry and all other dismounted branches of the service, at Quebec, commencing May 23."

Composition.

The contingent will be composed of 708 of all ranks, comprising 53 officers and 655 non-commissioned officers and men. The 34 regiments of cavalry in the Dominion will be represented by 83 men, and the horse, field and heavy artillery will be represented by 52 men, while 19 batteries or regiments of horse, field and heavy artillery will be represented by 52 men, making a total of 135 men for the mounted troops. The five regiments of garrison artillery will be represented by 47 men, the various corps of engineers by 25 men, 100 regiments of infantry and one company by 277 men, and all other branches of the service by 48 men, making a total of 475 men for the dismounted troops. There will also be the band of the Royal Canadian regiment, with a strength of 45.

A certain portion of the outfitting is made from the clothing and accoutrements in the present possession of members of the contingent, and it will be completed at the point of mobilization.

Service Oath.

All members of the contingent will be required to sign the following declaration:

"I, ..., a ..... in the ..... Canadian Militia, hereby volunteer to serve in such rank or appointment as the authorities choose to give me in the contingent about to proceed from Canada to the United Kingdom to take part in the coronation ceremonies of His Most Gracious Majesty King George V. Also, I promise and agree that while serving with the said contingent, and not attached to the regular or auxiliary forces, I shall be subject to and be bound by the same laws and regulations as I should be if called out as a militiaman for actual service within the Dominion of Canada, and that I shall be subject to and bound by the Army act while attached to any portion of the regular or auxiliary forces in the United Kingdom."

The contingent will embark at Quebec on June 2, on the steamer Empress of Ireland, and will leave Liverpool on the return journey on July 2, by the steamer Empress of Britain.

TORONTO CRIMINAL CASES.

TORONTO, May 4.—Herbert McLetchie, charged with manslaughter, will be allowed out on a $1,000 bond and will go home to Ireland.

Gordon Russell, a lawyer, pleaded guilty to a charge of forgery of uttering and theft and was remanded for sentence until the next assizes. In the meantime he will endeavor to make restitution.

Against Matthew Wilson and W. S. Morden, charged with conspiring to obtain for the Trust and Guarantee company undue preference over the other creditors of the Farmers bank, the grand jury found no bill.

Gasoline Engines

MARINE AND STATIONARY

If you want an engine with the power, high class material and first class workmanship, call and inspect the Barber. They are in a class by themselves. You don't know the pleasure of boating until you install a Barber engine. They are built in all sizes from 1 to 6 cylinder, 2½ to 100 H. P., high speed, medium or heavy duty. Call or write for catalogue, and let me quote you prices on either a marine or stationary. They are a high grade engine, at a reasonable price, and they are guaranteed to do their duty.

I keep a full supply of dry batteries, direct from the factory. I test and guarantee them to register over 20 amperes before leaving the store; also a variety of pocket flashlights and batteries, and everything for motor boats.
