Gallant Tar Saves Life of Princess

Princess Louise and Daughters Escape Death.

BOAT CAPSIZES AMONG BREAKERS

Liner Goes Ashore Near Gibraltar With Royal Passengers on Board.

GIBRALTAR, Dec. 13.—Shipwrecked off a desolate coast, lowered into a small boat by sailors and then capsized among the breakers and rescued from drowning by the efforts of the boat crew, while one of her daughters was swept away and was saved by a British tar just as she was disappearing, was the experience today of Princess Louise Victoria, princess royal of Great Britain and Ireland and sister of King George V.

The two daughters with Princess Louise were Princess Alexandra and Princess Maud. Princess Louise is the Duchess of Fife.

Narrow Escape From Drowning.

The Peninsular and Oriental steamship Delhi, on which they were voyaging to Egypt, struck the reefs this morning off Cape Spartel, the northwest extremity of Africa. While being taken ashore by the long boat of the British armored cruiser Duke of Edinburgh they were thrown into the water by the capsizing of the boat, one of the daughters having a narrow escape from drowning. She was rescued by a sailor and carried to land with the others, suffering severely from the bitter cold.

Women Show Courage.

LONDON Dec 14.—A dispatch to the Daily Mail from Gibraltar says that the Delhi, in the fog, mistook the Spartel light.

The vessel struck gently and most of the women aboard gathered in the music room with life belts on. The royal ladies were perfectly calm and went among the passengers.

Amusement was caused by a gentleman who gave one of the young princesses a lucky ring, assuring her that no harm could come to the owner while wearing it. The princess immediately put the ring on her finger.

Two Million Dollar Cargo.

LONDON, Dec. 13.—The Delhi carries gold bullion to the value of $500,000, silver bars to the value of $1,500,000, while the value of the cargo is estimated at $500,000.

TAFT INITIATED DYNAMITE PROBE

President Started Ball Rolling Following Visit to Los Angeles During McNamara Case.

LOS ANGELES, Cal., Dec. 13.—President Taft personally initiated the government's investigation both here and at Indianapolis into the dynamiting conspiracy in which the McNamara brothers figured.

The president, when he visited Los Angeles on October 16, was apprised by Oscar Lawler, then an assistant of District Attorney Fredericks, of the strong case built up by the latter against the McNamaras. The president's action in the matter after his conference with Lawler, was taken 48 hours after he left here.

The McNamara trial was then but five days old, but the president was convinced, it is said, of the arrayed facts gathered by the state and was told that the McNamara brothers were not the only guilty parties.

Vigorous Prosecution

WASHINGTON, Dec. 13—A vigorous investigation and prosecution of all connected with the alleged dynamite conspiracy is the emphatic injunction from the department of justice directed to District Attorney Miller, under which he will conduct the federal grand jury inquiry beginning at Indianapolis tomorrow.

District Attorney McCormick of Los Angeles, who has been here several weeks conferring with officials of the department, left tonight for New York on a mission connected with the government investigation.

ACQUITTED FOR SHOOTING HIS WIFE'S BETRAYER

FULTON, Mo., Dec. 13.—After a little more than an hour's deliberation, the jury in the case of Richard M. Johnson, a civil war veteran, charged with the murder of John Griggs, today returned a verdict of acquital. Johnson said he would return to his former home in Jewell, Iowa, as soon as his wife is able to travel. This probably will be in several weeks.

Johnson was called home from Iowa Sept. 12, last, by the news that his wife was dying. Arriving at his home, near Bodyville, he received from her a confession of misconduct with Griggs and when Griggs appeared at the Johnson home a short time later, Johnson shot him.

DEMOCRATS SWEEP ARIZONA STATE

New Addition to Union Holds First Election—Republicans Lose on All Hands.

PHOENIX, Ariz., Dec. 13.—The Democrats of Arizona will place two members in the United States senate, one member in the house of representatives, and a governor in the state capitol, according to present indications. They will make a clean sweep of the state ticket as a result of the first state election. The legislature from the present indications will be more than three-fourths Democratic.

TWO CENT RATES FOR LONG HAUL TRAFFIC

CHICAGO, Dec. 13.—A comprehensive revision of passenger tariffs was adopted today by the Central Passenger association. The plan provides for a few reductions in fares but will be the first tariff sheet issued in which a uniform system of fare quotations is used, simplifying rates. It was agreed to allow a two-cent rate in central association territory for transcontinental traffic.

DOCTORS WAGE WAR ON OSTEOPATHS

Fight on New Medical Bill in Alberta House Is Stern One—New Municipal Laws.

EDMONTON, Alta., Dec. 13.—The legislature today was engaged almost entirely in consideration in committee of the whole of a bill providing for rural municipalities. It is a lengthy measure, based largely on similar legislation in Saskatchewan, but with some changes. Small progress was made as the measure is being discussed in detail, especially by members of the opposition.

In each municipality to be organized after a vote taken on the question, seven councillors shall be elected and they shall choose their chairman or reeve. Each council shall hold office for one year only.

A warm battle is being waged between the medical council of the province and the osteopaths before the special committee of the house, to whom the bill amending the medical professional law has been referred for consideration. An amendment asked for by the medical men gives them the power to regulate osteopathy. Dr Brett of Banff and other prominent physicians are in the city in connection with the measure. The special committee will further consider this bill to morrow.

YULETIDE WARNING FOR LOCAL PEOPLE

Chief Guthrie of Fire Department Points Out Dangers Which Result From Carelessness

To the warning recently issued by E. V. Gunther, provincial superintendent of insurance at Victoria, regarding the care which should be exercised in order to prevent the outbreak of fires during Christmas festivities was last night added that of Donald Guthrie, chief of the Nelson fire department.

It is pointed out that fires at the holiday season, due to carelessness in connection with the decorations of stores, churches, schools and homes at Christmastide, have in past years been very numerous in Canada and that many deaths have been the toll annually exacted by such blazes. Instances of carelessness given are:

Tampering with electric wires; the use of cotton batting in show windows or in homes; the hanging of inflamable material in close proximity to lights; to allow children to light candles on Christmas trees; to leave matches where children can get them for such purposes;; to leave an illuminated tree unwatched; to allow paper or rubbish to accumulate about stores owing to pressure of business.

SASKATCHEWAN DEPUTY MINISTER NOW A FINANCIER

REGINA, Sask., Dec. 13—F. J. Robinson, deputy provincial minister of public works, has resigned his position for the purpose of assuming the management of three recently formed local financial companies.

FIRE IN MONTREAL COSTS THIRTY THOUSAND

MONTREAL, Dec. 13—Fire broke out this morning in the premises occupied by the Canada Cycle & Motor Car Co. and before the firemen could get the flames extinguished damage to the extent of $30,000 was done.

TELLER GIVES CASH AT GUN POINT

EVERETT, Wash., Dec. 13.—The River street branch of the Canadian Bank of Commerce was robbed of between $1,200 and $1,500 by a highwayman just before the closing hour today. The man, who was unmasked, waited until all the customers had left and then went into the bank, walked up to the window and pointing a revolver at F. Kroeger, a bookkeeper, who was alone in the bank, demanded all the money in sight.

Kroeger complied, and the thief, a shabbily dressed young man, fled down an alley.

PERSIA DISMISSES MORGAN W. SHUSTER

OTTAWA Dec. 13.—The Star, Montreal, publishes this St. Petersburg cable: A dispatch from Teheran to the Novoe Vremya says: "Thanks to the mediation of the British minister, the cabinet has terminated the contract of Morgan W. Shuster, the American treasurer-general to Persia."

ALDERMAN STARK IS NOT CANDIDATE

Makes Definite Announcement That He Will Not Seek Re-election to City Council

Ald. Thomas D. Stark will not be a candidate for re-election to the city council. To a representative of The Daily News Mr. Stark yesterday made definite announcement to this effect and said that under no circumstances would it be possible for him to reconsider this decision.

In making this announcement Mr. Stark said that he fully appreciated the confidence which the people of Nelson had expressed in electing him to the council board last January and he desired further to say that he had found his civic duties extremely interesting and at the same time instructive. Personal reasons, however, precluded his again seeking the suffrages of the people, and he felt it his duty to make this fact known so that there might be no misunderstanding regarding his position in connection with the forthcoming elections.

MINER COMMITS SUICIDE AT SALMO

Peter Cyr Cuts Throat in William Gray's Hotel—Deceased Well Known in District

YMIR, B. C., Dec. 13.—A grewsome sight met the gaze of William Gray at Salmo this morning on entering one of the rooms of his hotel. Stretched upon the bed, his jugular vein entirely severed lay the body of Peter Cyr, a guest, while everything in the room was saturated with blood. Coroner Baker and J. A. Fraser, provincial constable of Ymir, were immediately summoned by wire, but on investigation decided that no inquest was necessary as everything showed clearly that it was a case of suicide.

Peter Cry, the deceased, was a French Canadian, whose home it appears was in Quebec, but who has been in this vicinity for some years working at different mines. He was a member of the Eagles in Northport, was about 50 years of age and so far as is known was unmarried. No cause appears on the surface for the rash act; he was in the best of spirits the night before and was visiting friends in town.

A razor covered with blood and bearing mute evidence of the deed was found near the body, and there was no evidence of any struggle. Death apparently followed quickly the fatal wound inflicted. It is understood that the Eagles of Northport are making arrangements for the funeral.

YOUNG FIREMAN BADLY SCALDED

Harry Baldwin is Probably Fatally Injured in Unusual Railway Mishap at Brandon

BRANDON, Man., Dec. 13—Harry Baldwin, fireman on the local passenger train, was probably fatally scalded at 11 o'clock today as the result of a collision between his engine and the yard engine, in the east yards. The Lyleton train was just making the cut off in the yards when the yard engine, going backwards, plunged into the passenger engine completely demolishing the cab. Young Baldwin was caught in the debris and got the full force of the escaping steam.

Mr. Baldwin is at present in the hospital in a precarious condition.

HISTORIC RACE COURSE DOOMED TO SUBDIVISION

NEW YORK, N. Y. Dec. 13.—The Coney Island club has given an option on the Sheepshead Bay race track for $3,000,000 to a syndicate of capitalists, who plan to cut the property into residence lots. This statement was made today at a hearing before the tax commissioners of Brooklyn. At the meeting of the club directors last Monday, it was said a syndicate had been given an option on the famous old track which contains about 430 acres.

WILL COLONIZE TOBACCO PLAINS

British Company Purchases Four Thousand Acres

READY MADE FARMS FOR FRUIT GROWERS

Tract to Be Irrigated--Club House for Recreation of Settlers

The sale of 4,300 acres in Tobacco Plains on the Kootenay river to the British Columbia Farms Association, Limited, who will develop the land and sell the "ready made" ranches to new settlers from the British Isles was announced last night by McQuarrie & Robertson, the local brokerage firm who optioned the property last fall to Jason Gurney, acting on behalf of the company.

The new company has a capitalization of £35,000 and it is its object to clear, cultivate and plant this land with the best varieties of fruit trees and afterwards sell to the British investor and fruit grower. O. B. Appleton, the well known Proctor rancher, has been engaged to undertake the development of the land.

Extensive Irrigation System

The location of the property is at the south end of the well known Windermere valley, which is being exploited on a very large scale at the present time, and is situated in what is known as Tobacco Plains and quite close to the boundary line between the United States and Canada. The valley at this point is from 20 to 30 miles wide, almost level and well drained by some large streams one of which, Gold creek, runs through the company's property and empties into Kootenay river about five miles from the boundary line. The company intends to put in a very extensive irrigation system from Gold creek which will irrigate almost all of their holdings. "The climate in this valley is almost identical with that to be found in the Okanagan in the neighborhood of Vernon, and is well adapted to the growing of all kinds of fruit and vegetables for which there will be a tremendous demand as the location of the property is very close to the prairie market and there is also a large market among the lumber camps and coal mines in this district," said M. R. McQuarrie.

"There is no doubt but that the company has a very valuable property, this land having been taken up by the Canadian Pacific railway some 20 years ago, and before the completion of the Crow's Nest railway, at which time the company made its own selection of the best land to be found in the valley and it is now only seven months since we got in touch with the property and, realizing its worth, purchased for a syndicate all the holdings of the C.P.R.

"The directors of the company include Hon. James Moncreiff Balfour, J. Maxtone Graham and Graham G. Watson and their intention is to clear the land, plow it and plant with good variety of fruit trees.

"Plans will be made of different styles of bungalows from which intending purchasers can make a selection and buildings will be then erected by the company on its holdings. A large club house will be built for the use of the settlers and everything possible done to attract a good class of settlers.

Club House for Settlers

"The company has employed the services of O. B. Appleton, one of the best known and progressive ranchers in this district, who is to take charge of the development of the property in the very near future.

"The company has already applied for an extra-provincial company license for British Columbia and will no doubt eventually operate throughout the Kootenays on a very large scale. Mr. Gurney has received the appointment of colonization superintendent and his duties will be mainly to attract settlers and attend to all necessary arrangements to settle up the land.

"This system of colonization is without doubt the most successful and will result in the greatest scheme for colonization and development yet organized in the Kootenays. It is very much after the system now being employed by the C.P.R. in the colonization of their Alberta irrigated tracts, which has been such a wonderful success and has been to a large extent responsible for the recent extensive developments in the province of Alberta."

CANADIAN GOVERNMENT WILL ENTERTAIN VISITORS

OTTAWA, Dec. 13—The Canadian government is already preparing for the entertainment next Friday of representatives from the international marine congress at Philadelphia. Twenty thousand dollars will be appropriated for this purpose and marine men representing shipping interests the world over will be shown the St. Lawrence and the principal shipping points of Canada. They will be taken in charge by the Dominion government officials at Port Arthur and will visit Owen Sound, Toronto and Montreal

FIFTY YEARS AN EDITOR

ST. JOHN, N. B., Dec. 13.—The St. John Globe issued a special fifty-page edition today to mark the completion of the 50th year of the editorship of John Valentine Ellis. Mr. Ellis is believed to be the oldest daily newspaper editor in America in point of continuous service. He was born in Halifax 77 years ago and at the age of 26 became editor of the Globe. He was appointed to the senate of Canada in 1900, after having served for some years as a member of the provincial legislature of New Brunswick and later of the Dominion house of commons.

IMMIGRATION WILL BREAK ALL RECORDS

Three Hundred and Fifty Thousand New Comers Will be Total for This Year

OTTAWA, Dec. 13—The total immigration to Canada for the present year will amount to about 350,000, an influx of new comers which is in excess of any previous year's record.

This statement was made by D. W. Scott, superintendent of immigration, today.

Arthur Hawkes, special immigration commissioner, is also in the capital. He has seen six of the provincial governments with regard to overlapping immigration facilities.

"There is a certain amount of overlapping between the different provinces," he said. "Ontario, for one. New Brunswick, Nova Scotia and British Columbia are also carrying on a propaganda of their own in British lands."

RESTRICT COCAINE AND MORPHINE

International Opium Conference Turns Attention to Other Dangerous Narcotics

THE HAGUE, Dec. 13—The international opium conference, on motion of the United States seconded by China, adopted a resolution today to limit the manufacture and the use of prepared opium as well as the trade in that drug. The conference also adopted five resolutions submitted by the British delegation regulating and restricting the production of morphine and cocaine.

G. T. P. GENERAL MANAGER MEETS RAILWAY MINISTER

OTTAWA, Dec. 13.—Asserting that the Grand Trunk Pacific railway will be completed by 1913 and reporting good progress in the work generally, E. J. Chamberlin, general manager of the new transcontinental line, talked with press reporters today.

Mr. Chamberlain had a long interview with the minister of railways, but would not discuss the rumor of further assistance from the government in respect to the undertaking.

PASTOR CHARGED WITH DYNAMITING

Arrested for Inciting Soldier to Blow Up Fort Riley—Revenge Alleged Motive.

JUNCTION CITY, Kans., Dec. 13.—Army officers at Fort Riley tonight declared that the federal authorities had under observation several persons implicated in the recent dynamite explosion at Fort Riley and that additional arrests might be expected at any moment. Although the officers would not permit themselves to be quoted it was declared that the persons under surveillance are prominent, and that the arrests would cause a sensation.

The investigation has been going on some time but it was not known until today that Rev. Charles Brewer, former army chaplain at Fort Riley, but now a pastor of a church at Olustee, Okla., and Mrs. Anna Jordan of Kansas City, had been arrested by the federal authorities and that Col. Eli D. Hotile, commandant at Fort Riley, gave out the confession of Pte. Michael Quirk.

Quirk in this confession said he performed the work of dynamiting at the instigation of Rev. Mr. Brewer, who sought revenge because he had been court martialed and discharged from the army for conduct unbecoming an officer

TRADE GROWS BY LEAPS AND BOUNDS

Imports of British Goods Are Steadily Increasing

BUSINESS WITH STATES SOARING

Dominion Building Up Heavy Commerce With Germany and France

OTTAWA, Dec. 13—A section of the annual report of the department of trade and commerce dealing with the trade between Canada, Great Britain, France and Germany, has been issued. The report shows that during the fiscal year which closed on March 31 last, Canada's total trade with Great Britain amounted to $247,510,912 as against $245, 313, 984 for 1910. A considerable increase in imports of British goods is shown. The total imports amounted to $110,586,801, as compared with $95,679,877 in 1910. The exports amounted to $136,965,111 as against $149,634,107.

Canada's total trade with the United States for the same 12 months reached a total of $413,812,003, as compared with $352,221,327 in the previous year. Both imports and exports increased, the former totalled $239,070,549 in 1910 against $294,415,202 in 1911 and the latter grew from $113,150,778 in 1910 to $119,396,801 in 1911.

The duty collected on imports from Great Britain amounted to $20,756,811 and on imports from the United States $37,854,728.

Trade With Continent Growing

The figures of the trade with Germany show an increase, the total for the year being $12,750,216 as compared with $10,450,455 for 1910. Imports of German goods amounted to $10,087,199 as compared with $7,958,264 for 1910. The figures show that while Canada bought more largely from Germany the increase in exports from Canada to Germany was very slight, the figures being $2,501,191 in 1910 and $2,663,017 for 1911.

Trade with France increased both ways. Imports amounted to $11,755,403 in 1911, as compared with $10,170,903 in 910 and exports were $2,759,765 in 1911, as against $2,640,648 in 1910. Canada's total trade amounted to $697,431,905 in 1911, as compared with $675,811,221 in the previous year and the duty collected increased from $60,709,907 in 1910 to $72,935,639 in 1911.

Exports, as well as imports of coin and bullion show very large increases, the imports being $6,017,589 in 1910, and $10,260,210 in 1911 and the exports $2,594,536 in 1910 and $7,196,155 in 1911.

ROYALTY THRILLS HUGE CROWDS

Seven Thousand Loyal Indians Cheer King George and Queen Mary at Garden Party.

DELHI, Dec. 13.—The royal garden party was held at the fort this afternoon, King George and Queen Mary being given a great ovation by the 7,000 guests as they walked through the grounds.

Later in the afternoon their majesties, wearing their crowns and coronation robes, appeared in a screened balcony on the wall of the fort, formerly used by the Mogul.

MAKE SLOW PROGRESS IN SHOE MACHINERY PROBE

MONTREAL, Dec. 13—Slow progress continues to be made in the United Shoe Machinery enquiry. To-day's evidence touched on the dealings of the company with the shoe manufacturing firms using competitive machinery in connection with that of the company. The testimony taken also dealt with the state of competition in the shoe machinery manufacturing business since the organization of the United Shoe Machinery company in Canada.

MACLEOD AGREEMENT FOR NATURAL GAS CANCELLED

MACLEOD, Alta., Dec. 13.—Because the Macleod town council insisted incorporating in the proposed agreement with the Alberta Light & Power Co., which has offered to supply Macleod with natural gas, a provision that the company should not sell gas to Lethbridge at a cheaper rate than it did to Macleod, Solicitor McLaws of Calgary, in a telegram message today to Mayor Dickson, cancelled the agreement and all negotiations are off.

ALBERTA EXPRESS DERAILED

WINNIPEG, Dec. 13—The Alberta Express, No. 2 on the Canadian Northern, was derailed at Deep Dale last night about 10:30, but nobody was injured. Serious damage was done to the rolling stock.

HALF MILLION FOR PUBLIC HEALTH

Lord Strathcona Makes Munificent Donation

NEW DEPARTMENT OF GOVERNMENT

Hon. Martin Burrell Forecasts Important Development. Duke Supports

MONTREAL Dec. 13.—A brilliant start was given to the inaugural meeting of the Canadian Public Health association tonight at the convocation hall of the Royal Victoria college when the first meeting of the association was formally opened by his royal highness, the Duke of Connaught. The governor-general was accompanied by the Duchess of Connaught and Princess Patricia of Connaught, while on the platform were Hon. R. L. Borden, premier of Canada, Sir Lomer Gouin, premier of Quebec, Hon. Martin Burrell, federal minister of agriculture, and Mayor Guerin, all of whom delivered brief addresses, and Sir James Grant of Ottawa, Archbishop Bruchesi, Archbishop Farthing the lord bishop of Montreal and many others. There was a very large crowd in attendance, including a great number of leading society ladies, while medical men from far and wide were noted in the convocation hall.

Hon. Martin Burrell Speaks.

All the speakers showed keen interest in the work of the association. Hon. Martin Burrell intimated that a department of public health might shortly be added to the activities of the federal government, although a separate minister might not be assigned to it. He emphasized the fact that he was speaking quite unofficially, but Premier Borden, who preceded him, had also expressed his complete support of the work of the association.

Premier Gouin officially made the announcement that the province had been divided into 10 sanitary districts over each of which would be placed an expert chosen preferably from the medical graduates of McGill and Laval universities.

Munificent Gift From Strathcona.

Dr. Starkey, president of the association, and Sir James Grant of Ottawa, received the guests on their arrival. In opening the proceedings, Dr. Starkey delivered an address of welcome to their royal highnesses, thanking the governor-general for accepting the invitation to become patron of the association and for coming to open its inaugural session. He also paid a warm tribute to Lord Strathcona who is taking a deep interest in the work, and read a letter from the Canadian high commissioner, wishing the association all success and enclosing a cheque for $500,000. Dr. Starkey explained that the aim of the association is to spread the knowledge of sanitary work among all classes.

Must Improve Conditions.

The duke, in reply said that the many public questions awaiting solution in Canada, none was of such importance as the health of the people.

"We owe it to ourselves, and to the rising generation, to improve conditions as far as it is within our power." He lauded the association for the work it is doing and approved of its useful aims.

Deep knowledge was not necessary, he said, to help along this work. Skill and knowledge were necessary for the scientific research required to commence the work, but the results once discovered were comparatively simple of application.

He also paid a tribute to the professional men who so willingly and ungrudgingly gave their time and labor to the research which was the foundation of the work of the organization.

HEAVY TERMS FOR BRITISH SPIES

Max Schultz is Given Six Years for Endeavoring to Obtain Naval Secrets

LEIPSIC, Dec. 13—Heavy punishment was meted out today to the spies arrested at Hamburg on March 18 and who have been on trial behind closed doors before the imperial court for several days Max Schultz, an English ship broker, was sentenced to six years penal servitude. One of his associates, an engineer named Hipsich, was condemned to 12 years in jail.

WILL REOPEN GRAFT CASES

SAN FRANCISCO, Dec. 13.—A revival of the sensational graft trial, which followed San Francisco's great fire of 1906, was indicated today when Eugene E. Schmitz, deposed mayor, who is under sentence for extortion, but released by order of the supreme court on technical grounds, was ordered through his counsel to prepare for trial on one of the bribery indictments still pending against him.

LABOR DISPUTE SITUATION GOOD

At Close of November Only Six Strikes Remained unsettled in Dominion of Canada.

OTTAWA, Dec. 13.—According to the labor department's strike statistics there were 13 disputes during November which is three more than in October and six more than in November of 1910. Forty-one firms and nearly 12,000 employees were involved and the loss to workmen amounted to approximately $140,000. The termination, however, of the coal miners' strike in Alberta and eastern British Columbia and the speedy settlement of the longshoremen's strike at Montreal enables it to be said that the situation has improved somewhat since October. The only important strike which began in the month was that of the cotton mills at Magog, Quebec. There were only six strikes unsettled at the close of the month.

CALGARY SCENE OF DARING HOLD-UP

Young Man Sticks Up Girl at Gunpoint and Secures Four Hundred Dollars.

CALGARY, Alta., Dec. 13.—Walking boldly into the Victoria grocery, near the corner of Seventeenth avenue and First street east, about 6.50 last night, an unknown young man held up Miss May Hensley, the sister of the proprietor, at the end of a gun, and warning her to keep quiet, walked around the counter and robbed the till of about $400. Then warning the young lady not to make an outcry, he disappeared through the door and walked swiftly toward the exhibition grounds.

WANT FREE ENTRY OF LINOTYPES

Canadian Publishers Claim Tariff Does Not Protect Any Industry of Dominion.

OTTAWA, Dec. 13.—An important matter which the government is being asked to consider is the temporary removal of the high tariff on linotypes and printing machinery manufactured in the United States. The demand is made on the ground that there is no Canadian industry to be protected. At the present time there is not a linotype machine of any description being manufactured in Canada. The Dominion's fast growing demand is being filled in the United States and Canadian publishers are being forced to pay a duty of 20 per cent on all machinery purchased.

Publishers from every part of the Dominion are uniting to urge that the new government look into the matter and, if possible to remove this high tariff wall which, they declare in the face of the fact that there is no industry in Canada requiring protection, is absurd. The movement is absolutely non-partizan.

PREMIER BORDEN VISITS SHAUGHNESSY

Guest of Railroad Magnate in Montreal Roosevelt Interested in Canada, He Says.

MONTREAL, Dec. 13.—Premier and Mrs. Borden arrived in Montreal from Ottawa today on a short visit as the guests of Sir Thomas and Lady Shaughnessy. The premier, who was looking in good health, admitted that he was "feeling fine," but said that he was working very hard these days.

"During my visit to New York," he remarked, "an interesting occurrence was that I took lunch with Theodore Roosevelt, who showed himself to be intensely interested in Canada."

Mr. Borden remarked that although his visit here was of a private character and in the nature of a short holiday he would attend one of two public functions while in the city, including the St. Andrew's ball and the public health congress tonight.

TORONTO CLUB MAY RETIRE FROM BIG LEAGUE

OTTAWA, Dec. 13.—It is rumored here that the Toronto hockey clubs may retire, leaving four in the league. President d'Arcy McGee of Ottawa has asked President Quinn to call a special meeting of the N.H.A. It will be held on Saturday at Montreal.

"We have asked for a meeting," said President McGee today. "We will request the Toronto clubs to guarantee that they will fill out their schedules and in the event of their not being able to do so, they will be asked to withdraw for this winter, and we will continue with Quebec Wanderers, Canadians and Ottawa playing a triple schedule."

MADAME CURIE THIRD PARTY IN DIVORCE CASE

PARIS, Dec. 13.—The name of Mme. Curie, discoverer of radium and one of the most eminent professors of chemistry at the college of France, was cited as co-respondent in a petition filed in divorce by the wife of Prof. Langevin, also a professor of general and experimental physics at the college of France.

Mme. Langevin also petitions for a separation and the custody of her children.

SMALL POX SPREADING SLOWLY IN MONTREAL

MONTREAL, Dec. 13.—Another small pox case was discovered in the city yesterday and the patient, a man, has been removed to the civic hospital. He worked in a broom factory, where there were eight other employees, and he has a wife and three children. He stated he had not been out of the city for over a year. The factory has been quarantined.

INCENDIARISM BY PYROMANIACS

Persons With Mania for Setting Fires Active in Montreal—Form of Mental Disease

MONTREAL, Dec. 13.—That at least one fire is started in this city every day because of the curious outburst of the strange disease known as pyromania is the statement made by a former fire chief. The pyromaniac, as the dervaition of the word indicates, is a person with mania for fire, whose activities in the field of incendiarism have of late become so widespread that a more thorough study of this peculiar disease will shortly have to be undertaken. The pyromaniac almost never has any financial incentive for setting fire to buildings, and rarely does so from a motive of revenge. So far as can be discovered the pyromaniac simply starts fire simply for the fun of seeing them burn. While it is difficult to capture these pryomaniacs the city nevertheless has considerable information concerning them because of the peculiarities of the disease. Each, for instance, had his own particular method of starting the fire which practically never varies and by means of which the identity of the incendiary can often be established. One of the best known cases was that of an individual known simply as the "bottle man" who was caught after a long career of fire starting because of the fact that he always took a soda bottle of kerosene to start his fire and always left the bottle behind. In addition, the pyromania's work on schedule, each seeming to prefer some particular night each week and never varying from it. As the result of the charge, however, that pyromania costs a a day in this city it is hoped that a more careful study of this disease may lead to the discovery of a cure for it.

Some Amendments to Agreement Between City of Calgary and C. P. R.

The details of the agreement between the C. P. R. and the city of Calgary relative to the location of the car shops in Southeast Calgary were fully gone over and discussed by the city commissioners and the representatives of the company yesterday morning.

While the principal features of the agreement as drawn up at the time of the conference between Mr. F. W. Peters, assistant to the second vice-president of the company and the city officials, remain unchanged, a number of additions and amendments were made to the different clauses which gives them a more definite effect. All the amendments made, however, affected only details of minor importance.

The draft agreement will be amended in accordance with the decisions of the city commissioners and the officials of the company and will again be submitted to the city authorities before being presented to the rate payers for their satisfaction.

City Solicitor Moffatt pointed out that it would be impossible to get the finishing touches put into the agreement, have it submitted to the ratepayers and get it before the provincial legislature at the present session for the validation of that body.

Solicitor Walker for the C.P.R. thought that this was of much importance, as it was the desire of the railway company to get the construction of the buildings for the shops under way as soon as possible.

City Solicitor Moffatt, however explained that as long as the agreement received the ratification of the ratepayers the work could be commenced as the validation of the agreement by the legislature was merely a matter of form.

The plans of the different buildings to be erected on the car shop site were submitted to the commissioners by the C.P.R. officials. They will cost in the neighborhood of $2,000,000 and will cover an area of twenty acres.

Mayor Thinks Dominion Bridge Co. Should Locate Its Plant in S.E. Calgary or In Manchester Section

Mayor Mitchell was visited Thursday morning by real estate agents and owners of property in north Calgary registering complaints and expressing caustic opinions about the reported efforts being made to induce the Dominion Bridge Company to establish its plant in Southeast Calgary, where industrial plants are springing up, instead of on the site selected by the representatives of the company, near Beddington, to the north.

It has been rumored that several inducements have been offered to the company to change its location and Mayor Mitchell was reported as saying that it would be to the advantage of the city to have the plant located in a district in which other large manufacturing plants are established so that the necessity of extending the street railway and other public utilities out to the district would be obviated.

Mayor Mitchell told the News-Telegram that he thought it would be better if the Dominion Bridge Company could be induced to locate in Southeast Calgary as arrangements have already been made to supply these districts with public utilities.

The site which the company is reported to have secured is a long distance from the city limits, and if the city is at some future date called upon to extend the street railway and electric light and waterworks systems out there to serve the community which it is expected would spring up, it will put the city to the expense of millions of dollars.

CROWDED HOUSE APPLAUDS PLAY

Nelson Amateurs Score Remarkable Musical and Artistic Success in "Pirates of Penzance"

The initial performance of Gilbert & Sullivan's most melodious and comic opera "The Pirates of Penzance," or "The Slave of Duty" by the Nelson Operatic & Dramatic society under the personal direction of H. Treby-Heale was given last night in the opera house before a crowded and fashionable audience which expressed its pleasure at the production by much warm applause and requests for repeated encores. At the present time there is a revival in eastern Canada and in the eastern States as well as in England of Gilbert & Sullivan's operas and it is worthy of note that the old favorites compare most favorably with the later productions, the public by their patronage showing their appreciation of the revival.

The production here of the "Pirates of Penzance" keeps Nelson in line dramatically with the outside world.

The "Pirates of Penzance" is an exceedingly pretty opera, is full of clever nonsense and permitted some excellent local hits to be worked into the opera last night, notably by Messrs. Craufurd and Smith.

The leading parts last night were exceedingly well taken. Miss Jean Mackenzie as "Mabel," the major-general's youngest daughter, sang in excellent form and acted most gracefully while Miss Nellie Annable as "Ruth" a piratical maid of all work, sang and acted as only Miss Nellie Annable can.

Miss Flossie Johnstone, Miss Minna Hinton and Miss Sibell Mackenzie as Gen. Stanley's daughters, formed a pretty and graceful trio and sang and acted their parts most effectively.

H. Treby-Heale, the pirate apprentice, acted the part admirably and charmed the audience with his well known tenor voice and thoroughly deserved the large amount of applause generously showered upon him by the audience.

Leslie Craufurd made a capital major-general working into his lines quite a number of comic local allusions and acted his part very cleverly and well.

E. H. Smith as the pirate chief, G. Patterson as lieutenant and E. Lupton as the sergeant of police sang and acted their parts most acceptably.

The chorus was strong, well trained and sang with great animation, rendering most effective aid to the production of the opera.

Very naturally the policemen carried the house by storm and the Policemen's chorus was particularly well done.

The play was carefully and artistically staged and costumed and unbounded credit is due to the large and and very efficient orchestra under Conductor W. A. Jowett, which included First violins, W. A. Wilkinson, Miss Crutwell; second violins, Mrs. Winter, Miss Winter, W. H. Brown; viola, J. U. Oppenshaw; cello, S. Fawcett; bass, J. M. Ludwig;; flute, A. Tregillus; clarionet, L. McCandlish; cornet, F. L. Irwin; trombone, Ross Fleming; drums, H. Kinahan; piano, Mrs. R. W. Hannington.

The special scenery was prepared by Mrs. George Patterson, assisted by Messrs. Cornish and Dodd.

R. W. Hannington acted most efficiently as prompter.

Of the many vocal gems in the opera Miss Annable's rendition of "When Frederic was a Little Lad," and Miss Mackenzie's "Poor Wandering One" deserved extra special mention.

"The Pirates of Penzance" will be repeated at the opera house this evening and tomorrow night and should attract crowded houses as the performance is well worth seeing.

AT THE THEATRE

William Yule, the eminent comedian, will this season be seen in a new role—that of "Bob Acres" in Richard Brinsley Sheridan's famous comedy, "The Rivals."

Mr. Yule has for several seasons past been a familiar figure to the theatregoers of the west, having entertained them with many of his able and delightful comedy characterizations; and his appearance in a role entirely different from those he has heretofore portrayed will be awaited with keen pleasure by his many admirers.

In selecting such a noted comedy as "The Rivals" Mr. Yule has displayed judgment and liberality. Judgement, because it is a comedy sure to meet with the approval of his patrons, and liberality because the play is not built to display the ability of any particular actor or actress, but abounds in what is known in the theatrical profession as "fat" parts—prominent and good roles. Too few stars have the courage or generosity to select a play which will permit others in their company to share honors with them. Mr. Yule, however, with characteristic generosity has done this and has secured the best available players for the various difficult roles.

The charming heroine, "Lydia Languish," will be played by Miss Vollet Edd; the gifted and handsome young actress who has already won such success in such trying roles as "Rosalind," in "As You Like It," and "Viola" in "Twelfth Night."

"Mrs. Malaprop" will be in the capable hands of Miss Clara LaMar.

"Sir Lucius O'Trigger" will be played by Randall McAlister, who has made an enviable reputation in just such subtle roles.

The dashing "Captain Absolute" will be portrayed by Walter Hutchins, a young actor of fine appearance and pronounced dramatic ability.

"Sir Anthony Absolute" will be played by Henley Edwards, who is eminently successful in parts of this type.

Special costuming and scenery will be features of the artistic presentation of "The Rivals" on Saturday evening.

"The Great Austin Floods," is included in the program at the Gem theatre this evening. This is a Thanhouser special feature whose company was the first on the spot; two whole towns were swept away and many lives lost. Other subjects are "Norma," Bellew's famous romantic opera and "Saints and Sinners," a Rex feature. Selections from Norma will be played by the orchestra.

INJURIES TO WORKMEN SHOW CONSIDERABLE DECREASE

Ninety-five Fatal Accidents Were Reported to Department of Labor Last Month

OTTAWA, Dec. 13—Ninety-five fatal and 11 serious injuries to working people were reported to the department of labor during November. The record is considerably more favorable than that of the preceding month or that of the same month last year. In October there were 344 accidents fatal and non-fatal, and in November, 1910 there were 407.

The chief accident during the month was the foundering of the schooner Antigue off St. Martin's river in the Gulf of St. Lawrence when the captain and 11 sailors were drowned. There were 11 killed in railway service, 11 in agricultural pursuits and 12 among unskilled labor.

ONTARIO WILL NOT GET HUDSON BAY PORT

OTTAWA, Dec. 13—The Evening Journal on the authority of a cabinet minister says:

"When the Manitoba boundary question is finally disposed of which is expected to be in a few days, Ontario will not be given a port on Hudson Bay. It it is felt that some compromise will be reached that will prove satisfactory to both governments and the Ontario government will not press its claims further.

"Amongst the rank and file of members of parliament it is felt that Ontario, being in possession of such ports as Toronto, Hamilton, Sarnia, Ottawa, etc., should not endeavor to limit the seaboard of Manitoba when the boundaries are extended, the prairie province at present having no port.

Hair Becomes Soft, Fluffy, Lustrous and Beautiful Immediately After a Danderine Hair Cleanse

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

A little Danderine now will immediately double the beauty of your hair—No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Try as you will after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few week's use when you will actually see new hair, fine and downy at first—yes—but really new hair—sprouting all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its life-producing properties cause the hair to grow abundantly long, strong and beautiful.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it, if you will just try a little Danderine. Real surprise awaits you.

ALD. STARK'S RETIREMENT

The announcement made by Ald. Thomas D. Stark that he will not be a candidate for civic honors next year will be received with general regret. During the year that he has been in the council Mr. Stark has shown marked ability and a faithfulness in the discharge of his duties that rendered him an exceptionally desirable civic representative. As chairman of the finance committee he has held one of the most important positions in the gift of the council. In this capacity he has had supervision of the year's expenditures and has also been in close touch with control of the civic finances generally, which, The Daily News believes are now in more favorable condition than for years past.

While Mr. Stark's decision not to offer himself for re-election at the forthcoming election is final, it is to be hoped that at some future time he may find himself in a position to again give the city the benefit of his abilities.

THE HOSPITAL BYLAW

It is perhaps not altogether unfortunate that the voting on the bylaw to grant $15,000 to the Kootenay Lake General hospital to assist in the erection of the new building of which the institution is in such sore need is to take place on December 29, instead of December 22, the date previously announced. This will mean that instead of the vote taking place during the pre-holiday rush, when everybody is busy getting ready for Christmas, it will occur at a time when people will have more leisure for matters of the kind.

Another benefit of the delay will be that more time will be given for the awakening of public interest. It is important that the bylaw should carry. While The Daily News does not for a moment suppose that there is the slightest chance of its not doing so, at the same time it is never wise to take any chances in a matter of the kind. Many a measure of similar nature has been defeated through lack of interest on the part of those in favor of it.

In this case it is impossible to see why there should be a vote cast against the bylaw, but at the same time anything that will tend to make more certain its passage, as this delay should, is to be welcomed. The hospital needs of Nelson and the Kootenay require the erection of a new building such as the one planned and this fact is generally recognized not only by the people of the city but also by the provincial government which has offered generous assistance provided a certain amount of money is raised locally. To secure the necessary amount locally it is necessary that the bylaw about to be submitted should be carried. In view of this fact, *The Daily News believes the* vote in favor of the bylaw should be unanimous.

WILL ABROGATE RUSSIAN TREATY

United States Congress Supports Jews by Vote of Three Hundred to One.

WASHINGTON, D.C., Dec. 13.—The Sulzer joint resolution for the termination of the treaty of 1832 between the United States and Russia, because of the latter's discrimination against Jewish-American citizens, passed the house tonight 300 to 1.

The one negative vote was cast by a Republican Maltby of New York. An identical resolution by Senator Culberson *was suspended in the senate.*

YUAN MUST BOW TO INEVITABLE

If He Does Not Dr. Sun Yat Sen Will Be the First President of China.

SHANGHAI, Dec. 13.—Sinn Wan Pao, the leading Chinese newspaper in Shanghai, makes a strong objection to the "four powers" financiers, who, it alleges, are about to pay an installment on the railway loan to Premier Yuan Shi Kai for war purposes.

The newspaper says this is evidence that the foreigners are helping to kill the Chinese by helping the Manchus. *Little faith* is attached to Ting Wang Pao's report. It is said he is not authorized to conclude anything until he comes as a plenipotentiary before the powers. The discussion will be only desultory. After this conference the Nanking national convention will be held. Delegates representing 18 provinces are now in Nanking. One of the leading members of the convention said today:

"If Yuan Shi Kai bows to *the inevitable* within a week he will be elected president. If he does not, Sun Yat Sen will be the first president."

GREENHOUSES FOR SYRINGA CREEK

Lethbridge Man Will Raise Fruit and Vegetables Under Glass—New School House.

SYRINGA CREEK, B.C., Dec. 13—A. R. Renshaw has just received 1,900 pounds of glass for the erection of a number of greenhouses that he is building on his newly acquired proprety here. Mr. Renshaw expects to arrive from Lethbridge about Jan. 1 to commence the clearing of his land and the building of the greenhouses.

The settlers are erecting a school house this week. It will fill a great need here as there are a number of children that need education.

O. B. Ballard is busy clearing his land so that he can plant it this coming spring to fruit trees and strawberries.

Edward Arnold has had planted 100 young apple trees and about 25 rhubarb roots.

The settlers here need a good wagon road between Robson and this place, but they are in hopes that the government will go ahead with the good work that they commenced last year and finish up the work.

WINNIPEG UP IN ARMS OVER TELEPHONE RATES

WINNIPEG, Dec. 13—There is nothing but resentment expressed in business circles today against the proposed increase of the telephone rates, the fact that no reduction was made for business telephones being the chief grievance. Prominent business men of the board of trade, R. H. Graham, like T. D. Robinson, President Gordon C. F. Rannard, officers of the industrial bureau and private citizens are united in their disapproval of the change. Some strong comment was also heard on the favor given the outside cities and country towns and the rural districts to the detriment of Winnipeg.

THIS YOUNG WOMAN MAY BE FARMER BIFFITT'S FRIEND

REGINA, Sask., Dec. 13.—Regina police tonight arrested a young woman *giving the name of* Carrie Smith on a charge of drunkenness. Whether or not the person in question is related to Florence Smith, who yesterday, in Winnipeg, did a Battleford farmer out of $600 can not at present be definitely stated. The police, however, are known to be on the lookout for the woman, and it is likely that the arrest made may lead to developments.

DALEY IS WORLD'S THREE CUSHION BILLIARD CHAMP.

NEW YORK, Dec. 13.—In a remarkably played finish, John Daley, of Chicago, tonight captured the world's three-cushion billiadr championship from Alfred De Ora, by the narrow margin of two points, the score for the three nights play being Daley 150, De Ora 149. Tonight's block went 114 innings. When play opened for the third round De Ora had a lead of 13 points on the Chicago man, the score being 100 to 87. Daley played a sensational game and took the final block of the match 63 to 48. Daley made a high run of seven. De Ora one of six.

ONTARIO PROVINCIAL RAILWAY EARNINGS GROW RAPIDLY

TORONTO, Dec. 13.—For the first 11 months of the fiscal year the net earnings of the provincial railway, the T. & N. O., were $492,122, or $70,000 more than the earnings for the whole 12 months of 1909-10. For September, the net earnings amounted to $75,814, and with the heavy traffic experienced during October the year's total will, it is expected, turn out to be well over $550,000.

NE TEMERE CASE ARGUED IN COURT

Consent of Parties is Great Question, Contends Counsel for Dame Herbert

MONTREAL, Dec. 13.—That under the Roman law, the French law, the British common law and under the law prevailing in Quebec, before the cession of 1760, the great question for the validity of marriages was the consent of the contracting parties, that Catholic priests officiating at marriages in the province, prior and subsequently to the cession, acted simply as officers or witnesses on behalf of the state in the matter and that consequently all attempts to read into existing statutes exclusive powers for Catholic clergymen to officiate at the marriages of Catholics could not be based on the contention tha such exclusive privilege existe prior to the promulgation of the present civil code, today was the burden of a lengthy address delivered before the practice court, by Arnold Wainwright, counsel to Dame Hebert in the marriage annulment case. His address occupied the whole afternoon and will be resumed tomorrow.

According to the attorneys for Dame Clouqure, the position of Hebert is that taking into account the ancient customs of Quebec, prior to the time when the French colony came under the Dominion of the British throne, the marriage of Catholics to be valid had of necessity to be contracted before the parish priest or bishop. Hence, if it could be proven that such was not the case, the position assumed by Hebert in the matter would become automatically untenable.

CYCLE SPEED FIENDS SPILL

Long Distance Race at New York Extends Over Sixty-seventh Hour—Records Safe.

NEW YORK, Dec. 13.—The six day bicycle race tonight treated an enormous crowd to many thrilling sprints and spills. None of the mishaps resulted seriously. Owing to the early morning accidents the leaders were 16 miles behind the record made two years ago. Eight teams are tied for the lead, four others a lap behind, and one team is two laps in the rear.

Late tonight, through wild sprints, the two leading teams got into a mixup which lasted for several minutes. Cameron, Welsh and Lapiz were thrown in a heap while going at top speed. All were painfully bruised, but the doctors said they would be able to stay in the race.

At 7 o'clock tonight, at the 67th hour, they stood: Kramer and Moran; Fogler and Clark; Haistead and Drobach; Pye and Collins, Cameron and Magin; Moran and Lawrence; Palmer and Wells; Lorenz and Sandow, 1,320 miles, Thomas and Stein, George and Brocco; Hill and Bedell; Lapize and Vanhouwert, 1,319 miles. The remaining teams were following only a few laps behind.

The record for the time is 1,337 miles five laps, made by Root and Fogler in 1909.

LETHBRIDGE GOES AHEAD WITH STREET RAILWAY SYSTEM

LETHBRIDGE, Alta., Dec. 13.—As a result of the success of the street railway money by-law on Monday the city council took the first active step toward the construction of the system. A special meeting was held to consider the report of Superintendent A. E. Reid in connection with the contract for the installation of the machinery for the necessary additions to the power plant. The tenders for the machinery were closed on Nov. 4, but it was impossible to take any action until the by-law carried. In all the council awarded the contracts for the installation of $96,832 worth of machinery. A free public library will also be built here next year.

POPE GRIEVED AT DEATH OF PHILLIPINES DELEGATE

ROME, Dec. 13—The sudden death at Manila of Mgr. Agius, papal delegate to the Phillipines, has deeply grieved Pope Pius and Cardinal Merry Del Val. The Romano publishes a long eulogy of Mgr Agius, which is of an official c It says: "The pope had d to entrust Mgr Agius with another most important office." This practically confirms the report that it was the intention of the pope to send Mgr. Agius to Washington as apostolic delegate.

SOCIOLOGISTS ARE FOR DEATH PENALTY

Bernard Shaw and Eminent British Jurists Favor Its Continuance—Kill Mad Men Says Shaw.

LONDON, Dec. 13.—The death penalty has been discussed at a conference on the best methods of dealing with murderers, by men who could, if they would, go far toward obtaining its abolition. Most of them were for its continuance.

George Bernard Shaw declared that he was not at all in sympathy with the abolition of capital punishment. The problem was what were they to do, not with the victim of circumstances, the person who had been badly brought up. Those people they had no right to do any harm to at all. In the case of a large number of murders the circumstances did not give rise to any strong presumption that the person would commit another murder. Under those circumstances he thought they had better let that persons go entirely at large.

It was a remarkable thing, however, that the majority of murderers were by no means the victims of circumstances.

Dr. Crippen was not, nor was he uneducated. Dr. Crippen committed a murder because he was a murderer. What they had to do with those people was to kill them. He did not see why they should not. He objected to hanging, for if they killed a man they should do it in a human and apologetic way. The murderer whom they should never hesitate to kill was the man who was mad.

Dr. Josiah Oldfield, who presided, said he thought the first thing to do with the murderer was to recognize that he was caused by ourselves, and that our duty lay in curing him.

Mr. Justice Grantham in a letter said that he had studied the subject for many years, and was convinced that if capital punishment was abolished in this country life would be less secure than it was now. "Fear of it," continued his lordship, "prevents a great number of bad criminals from committing murder. I think it is the duty of society to protect the lives of innocent people rather than save the lives of murderers."

Mr. Justice Channell, in his letter, said: "In my opinion murder committed in the course of the preparation of any other crime or in order to assist in the perpetration of another crime should always be punishable with death. It is the direct interest of criminals committing burglary, robbery violence, and the like, to destroy evidence against them by killing their victims.

"I am quite satisfied that the criminal classes in this country have a great horror of death at the hands of justice, and that the fear of it is a very great deterrent, and I am satisfied that in this country if capital punishment were abolished murders of this class would rapidly increase."

Advice About Stomach Troubles and How to Relieve Them

Do not neglect indigestion which may lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent of all the ills of the human body have their origin in a disordered stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be among the most dependable remedies known for the relief of indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is very prompt. Their use with persistency and regularity for a short time tends to bring about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets help to insure healthy appetite, to aid digestion, and thus promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them without question or formality. They come in three sizes, price 25 cents, 50 cents and $1.00. Remember, you can obtain them only at our store—The Rexall Store. The Poole Drug Company, Limited.

STORE GRAIN IN BOND.

DULUTH, Minn., Dec. 13.—From present indications a large quantity of bonded grain will be stored in Duluth and Superior elevators this winter. The Fort William and Port Arthur elevator capacity will all be used up within a few weeks, and elevator interests say that the surplus grain will come to the head of the lakes.

NOTICE TO RANCHERS

A special meeting of members of the Farmers Institute and all interested will be held in the City Hall at 11 a. m. on Wednesday, Dec. 13, at which a committee will be appointed to look into the advisability of joining The Farmers Steel & Wire Co. of Regina, and entering into an agreement by which this company will supply the Kootenay ranchers with hay, feed, and fruit boxes direct from the farmer and saw mill to the fruit grower and at the same time distribute the product of the Kootenay ranches direct to the Manitoba, Saskatchewan and Alberta farmers through the companies distributing warehouses. All members of the Fruit Growers union and others interested are requested to attend sharp at 11 a. m. The annual meeting of the Farmers Institute takes place at 1:30 p. m.

CORPORATION OF THE CITY OF NELSON

By-law No. 227

A by-law to raise $15,000.00 as the contribution of the city of Nelson towards the cost of construction of a hospital at Nelson, British Columbia, by the Kootenay Lake General Hospital Society.

Whereas a petition has been presented to the municipal council of the corporation of the city of Nelson signed by the owners of at least one-tenth of the value of the real property in the said city as shown by the last revised assessment roll, requesting the said council to introduce a by-law to raise the sum of $15,000.00 as the contribution of the city of Nelson towards the erection of a hospital at Nelson, British Columbia, by The Kootenay Lake General Hospital society.

And whereas it is deemed expedient to grant the prayer of the said petition.

And whereas for the purposes aforesaid it will be necessary to borrow the sum of Fifteen Thousand Dollars ($15,000) and to issue debentures of the city of Nelson for the purpose of raising said amount.

And whereas the whole amount of the ratable land of the said city according to the last revised assessment roll is One Million Four Hundred and Nineteen Thousand Five Hundred and Thirty-Nine Dollars ($1,419,539).

And whereas, it will be requisite to raise annually by rate the sum of Twelve Hundred and Eighty 40-100 Dollars ($1,280.40) for paying the said debt and interest.

Now, therefore, the municipal council of the corporation of the city of Nelson enacts as follows:

1. It shall and may be lawful for the mayor of the corporation of the city of Nelson to borrow upon the credit of the said corporation, by way of the debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of Fifteen Thousand Dollars ($15,000.00) and to cause all such sums so raised or received to be paid into the hands of the treasurer of the said corporation for the purpose and with the object hereinbefore recited.

2. It shall be lawful for the mayor of the said corporation to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid, not exceeding, however, the sum of Fifteen Thousand Dollars ($15,000), each of said debentures being of the denomination of One Thousand Dollars ($1,000.00), and such debentures shall be sealed with the seal of the corporation and signed by the mayor thereof.

3. The said debentures shall bear date the first day of July, 1912, and shall be made payable in twenty years from the said date, in lawful money of Canada at the office of the Bank of Montreal in Nelson aforesaid, which said place of payment shall be designated in the said debentures and which said debentures shall have attached to them coupons for the payment of interest and the signatures to the interest coupons may be either written, stamped, printed or lithographed.

4. The said debentures shall bear interest at the rate of Five per cent (5 per cent) per annum from the date thereof, which interest shall be payable semi-annually at said office of the Bank of Montreal in Nelson aforesaid, in lawful money of Canada on the first day of January and first day of July respectively in each year during the currency thereof; and such interest shall be expressed in said debenture, and coupons to be so payable.

5. It shall be lawful for the mayor of said corporation to negotiate and sell the said debentures or any of them for less than par, but in no case shall the said debentures or any of them be negotiated or sold for less than ninety-five per centum of their value, including the cost of negotiating and sale, brokerage and all other incidental expenses.

6. There shall be raised and levied in each year during the currency of said debentures the sum of Seven Hundred and Fifty Dollars ($750.00) for payment of interest, and the sum of Five Hundred and Thirty 40-100 Dollars ($530.40) for payment of the said debentures by rate sufficient therefor on all the ratable land in the said municipality.

7. It shall be lawful for the said municipal council to repurchase any of the said debentures upon such terms as may be agreed upon with the legal holder or holders thereof or any part thereof, either at the time of sale or any subsequent time or times, and all debentures so repurchased shall forthwith be cancelled and destroyed and no reissue of debentures so repurchased shall be made in consequence of such repurchase.

8. This by-law shall take effect on or after the first day of January, 1912.

9. This by-law may be cited for all purposes as "The Hospital Construction Aid By-Law, 1911."

Done and passed in council assembled this.....day of.....

NOTICE

Take notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken at the city of Nelson on the twenty-ninth day of December next between the hours of 9 o'clock a. m. and 7 o'clock p. m. For the East ward at the city hall, corner of Front and Ward streets, and for the West ward at the band room, 309 Kootenay street.

W. E. WASSON, City Clerk.
Nelson, B. C., December 12th, 1911.

Nelson land district, district of West Kootenay.

Take notice that I, Maroin McDaniel, of Robson, B. C., occupation a rancher, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the N. W. corner of pre-emption 228 thence 40 chains north, thence, 20 chains west, thence 40 chains south, thence 20 chains east to point of commencement, containing 80 acres more or less.

Dated Nov. 29, 1911.
MAROIN M'DANIEL.

Tenders will be received by the undersigned up to and including January 8th, 1912, for the purchase of government barge cable, trolly and connections, now at the city of Trail, the particulars of the property being approximately as follows, viz:

Barge 48.8 long, 16.6 wide and 4 feet deep, built 1910.

One inch steel cable, 1,300 feet long, now stretched across Columbia river, with trolley and connecting cables to barge.

This outfit is in good condition and is supposedly suitable for the installation of a Columbia river ferry, tenderers must, however, satisfy themselves as to its value and completeness.

Dated at court house, Rossland, B. C., December 12th, 1911.

J. E. HOOSON, Acting Government Agent.

MARKETS

WARRANTS FALLING

WINNIPEG, Dec. 13.—Fluctuations in wheat options were very narrow, the range being only ¼c, and business was decidedly weak. The cash demand was, however, very active, exporters being keen on securing all offered. The Liverpool market closed ⅛c higher for December and unchanged for March and May. American markets were comparatively stronger.

Winnipeg closed ⅛c less for December and May (new) unchanged. Chicago closed ½c higher for December and May, and ⅜c higher for July. Minneapolis closed ¾c and ⅝c higher for December and July respectively. Receipts are continuing fairly liberal, 600 cars being in sight for inspection and fair weather is predicted over the prairie provinces for today and Thursday.

VANCOUVER MAN CHARGED WITH KILLING HIS WIFE

(Special to The Daily News.)

VANCOUVER, B. C., Dec. 12.—Samuel Abercrombie is held at Stevenston, near Vancouver, on suspicion of having caused his wife's death. He was married three months ago and his wife was found dead on November 17. The coroner's jury said death was due to suffocation, but added evidence submitted threw suspicion on the husband. His arrest followed today.

Presbyterian Church Ladies' Aid
NELSON, B.C.

GREETING

To you and all friends far and near—
Please give your kind attention,
And lend a sympathetic ear
While we our project mention.

Our Ladies' Aid intends to hold
Some day, not distant far,
A function—if I'm rightly told—
A "Handkerchief Bazaar."

This favor then we ask in brief,
To aid our enterprise
Will each one send a handkerchief
Of any kind or size?

To be without a handkerchief
One knows is so distressing;
If one is sent from every friend
It will be such a blessing.

Moose Jaw City Property

Lynbrook Heights

Our Mr. John Toye has been in Moose Jaw for the past two weeks, and he writes stating that Moose Jaw property is moving better than ever that values are steadily increasing, and that by May

Lynbrook Heights Lots

will be worth $400 each. We are also of the opinion that within eighteen months these lots will be selling at $1,000 each. We believe this to be the highest classed lots ever offered by our firm. This is inside city property located in the finest residential district, and with the tremendous development steadily taking place in Moose Jaw, property such as this must of necessity rapidly increase in value. These lots are within two blocks of paved streets and street car line, seven minutes' walk of postoffice. They are in the northwest portion of Moose Jaw, and therefore in the direct line of the greatest growth and development. It is inside property, within the limits of a city with 20,000 population, which is rapidly increasing.

The Great Railway Center of Saskatchewan

with three transcontinental railroads passing through, and with enormous interests in Moose Jaw. 20,000,000 acres of first class wheat land tributary to the city. Moose Jaw will have fourteen railroads shortly, five are in operation, four are nearing completion, and five are projected. The present C. P. R. yards are the largest west of Winnipeg, comprising over 30 miles of tracks. These are some of the reasons why you are safe in buying good property in Moose Jaw at present values.

The Price of Our Lots Is $300 Each

Terms $25 down and $10 per month with 7 per cent interest, and we guarantee the property to be excellent value at the present time, and first class in every way. Maps and further information sent on request. If you care to let us make a selection for you, our judgment is at your service. This is a splendid opportunity, which should not be overlooked.

NELSON NEWS OF THE DAY

Lady Aylmer and Hon. Miss Aylmer of Queen's Bay, are registered at the Hume.

Mrs. A. T. Walley will not receive today nor until the second Thursday in January.

James Anderson of Kaslo, arrived in the city last evening, and is a guest at the Strathcona.

C. Hussey, secretary-treasurer of the Standard Silver-Lead Mining company at Silverton, is registered at the Strathcona.

Through a typographical error in connection with the publication of the notice of the hospital by-law, the date of polling was made to read December 22 instead of Dec. 29, the day on which the voting will take place.

Dr. Ernest Hall, of Vancouver, gave a most interesting lecture illustrated with lantern slides to boys between the ages of 12 and 16 in the Y.M.C.A. yesterday morning at 8 o'clock. About 60 juniors turned out to hear Dr. Hall at this early hour.

A. M. Johnson and W. B. Farris leave this morning for Trail where they will appear for the defence at the adjourned preliminary hearing of the attempted murder charge against the Austrians who took part in the stabbing affray recently. E .S. H. Winn is prosecuting.

The orchestra which is assisting in the production of "The Pirates of Penzance" consists of the following: W. A. Jowett, director; Mrs. R. W. Hannington, Miss Cruttwell, Mrs. Winter, Miss Winter, W. A. Wilkinson, W. H. Brown, J. V. Openshaw, S. Fawcett, J. M. Ludwig, F. L. Irwin, R. Fleming, A. Tregillus and A. Kinahan.

The Crow boat was nearly four hours late last night. The train was three hours late at Kootenay Landing and the Kuskanook, while backing out from the wharf struck a mud-bank and bent her rudders. The boat was run ashore and the rudders taken off and straightened, necessitating an hour's delay.

William Irvine will act as installing officer at the meeting of the order of Moose in the Eagle hall this evening. The examining physicians who will be present will be Dr. W. O. Rose, Dr. L. E. Borden and Dr. W. H. Willson.

There will be a joint meeting of the Ladies Hospital aid and the directors of the Kootenay Lake General hospital at the board of trade rooms this evening when steps will be taken towards arranging a campaign which will ensure a heavy majority for the money by-law to raise $15,000 for the new building.

Mrs. Hardy entertained the Ladies of the I.O.F. guard team yesterday afternoon at her home in honor of Mrs. Stevens, who is leaving Nelson to reside in Vancouver. Mrs. Stevens was presented with a handsome handbag, the presentation being made by Mrs. C. L. Plumb D. S. C. R.

The regular monthly meeting of the board of directors of the Y.M.C.A. was held Tuesday afternoon. The report of the general secretary showed the work was running smoothly and with marked progress. The net increase in membership for the month was 18 bringing the total membership to date was 302. The committees reported progress in the various departments. An effort is being made to increase the membership to 400.

NELSON EAGLES ELECT OFFICERS

J. A. McCarthy Becomes Worthy President—George Horstead is Secretary—Large Number Attend

At the most largely attended meeting of the present year Nelson Aerie, No. 22, F.O.E. last night elected the following officers for the ensuing year:

Worthy president, J. A. McCarthy; worthy vice-president, D. H. Proudfoot; worthy chaplain, A. R. Keeler; worthy secretary, G. Horstead; worthy treasurer, W. R. McLean; inside guard, J. Berry; outside guard, J. Holland; physician, Dr. L. E. Borden, trustees, W. R. Thomas, R. B. Reilley, N. McLeod.

MILITARY AVIATOR KILLED

MELON, France, Dec. 13—Lieut. C A. Lantheaume, a well known military aviator, was killed by a fall from an aeroplane as he arrived at the military aviation camp here today.

BISHOP FIFTY YEARS OLD

MONTREAL, Dec. 13.—Bishop Farthing, head of the Anglican synod of Montreal, quietly celebrated his fiftiest birthday anniversary today. Though a native of Cincinnati, Bishop Farthing was educated in England and has been a resident of Canada ever since his ordination. Prior to his election to succeed the late Bishop Carmichael in this city he had served for some years as dean of the diocese of Kingston.

Cascarets Cleanse Liver and Bowels

No Billiousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gasses, bad breath, yellow skin, mental fears, every*thing that is horrible and nauseating.* A Cascaret tonight will give you a thorough cleansing inside and straighten you out by morning. They work while you sleep—a 10c box *from your druggist* will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

Why Men Break Down

Europeans cannot understand why American men so often break down in health at 40 years or younger, just when the Englishman or German is in the very prime of his manhood. But the American throws himself so fully into his daily work that he speedily uses up his reserve strength.

Hasty meals, long working hours and business worries will soon use up any man unless he is very careful. For the worn out overworked man nothing is so good to build him up and help him stand the terrifi cstrain as Vinol our delicious cod liver and iron tonic. It so enriches the blood and fortifies the body that it gives him new normal strength. Try Vinol at our risk—we pay back the money if you are not pleased.
