OPEN CONSERVATIVE CAMPAIGN TODAY

Premier and Attorney General at Kamloops

WILL SPEAK IN NELSON SATURDAY

Hon. W. R. Ross Will Be Nominated in Fernie—William Davidson in Field

In all portions of the province preparations for the approaching elections are well under way. In the interior the campaign for the Conservative party will be opened tonight at Kamloops when Premier McBride and Hon. W. J. Bowser will address a public meeting.

During the rest of this week the first minister and the attorney general will speak in Revelstoke, Golden and Field, coming to Nelson on Saturday, when a mass meeting which is expected to be the largest and most enthusiastic in the history of the city will be held in the opera house.

The Conservative nominating convention for the Nelson city riding will take place at 8 o'clock tonight in the Eagle hall and tomorrow delegates from Conservative associations in all portions of the Ymir district will select their standard bearer.

Contest in Fernie

(Special to The Daily News.)

FERNIE, B.C., March 5—Hon. W. R. Ross, minister of lands, will be nominated here tomorrow for re-election by the Conservatives of this district and the Socialists have nominated William Davidson of New Denver, who has telegraphed his acceptance, thus ensuring a contest in this riding.

Mr. Ross Speaks at Fernie

(Special to The Daily News.)

FERNIE, B.C., March 5—The regular meeting of the Fernie Conservative association was held last night and the constitution as drafted by the executive committee was adopted. A new executive committee was elected, composed of the following members: A. B. Trites, Dr. Bonnell, S. Herchmer, J. P. Lowe, C. C. K. Holmes, W. T. Haynes, J. A. Browley, S. W. Barclay, J. R. Wallace.

A. B. Trites, president of the association, presided and Hon. W. R. Ross was present and made a short address, outlining the railway and land policies of the government. Mr. Ross was in his usual happy mood and his address inspired his hearers with confidence in the policies of the government and the certainty of its being overwhelmingly endorsed by the voters of the province.

The meeting last night brought out nearly 200 members of the association and the spirit was one of unanimity. The Conservatives of the district were never more united and the organization is perfect. Hon. Mr. McBride and Hon. Mr. Bowser will be here on March 12 and will address the people at a meeting to be held in the Grand opera house.

Nakusp to Hear Premier

(Special to The Daily News.)

NAKUSP, B.C. ,March 5—A meeting of the Conservative executive was held here when various matters were considered relative to the forthcoming provincial elections and it was decided to call a general meeting of all the local Conservatives for Tuesday night to elect delegates to the convention to be held at New Denver on Saturday night. William Hunter, the local member, went through on his way home during the week. Preparations are being made to have the premier and the attorney general deliver an oration at the station on their way through from Revelstoke to Nelson next Saturday. A request will be made to the C.P.R. to hold the train over some 15 minutes as on a previous occasion, and it is expected he will receive a cordial reception.

Hawthornthwaite Not Running

(Special to The Daily News.)

NANAIMO, B.C., March 5—Nanaimo and Chase River Socialist locals will meet in convention here tomorrow for the purpose of nominating a candidate to contest this seat in the provincial elections. Mr. Hawthornthwaite has informed the local Socialists that he is not a candidate for re-election. Wednesday night's election will nominate either James Hodgkins, John Place or G. Pettigrew.

Conservatives Ready for Fight

(Special to The Daily News.)

VANCOUVER, B.C., March 5—The Conservative club has completed arrangements for the preliminaries to be held on Thursday night for the selection of delegates to the nominating convention on Friday. The Liberals will hold a nominating convention next Monday night. It is expected five candidates will be chosen for the five Vancouver seats.

Vancouver Liberal Independentt

James McGreer, a lifelong Liberal, but who declares he is dissatisfied with the methods of those in control in the Liberal party, announces he will be an independent Liberal candidate in Vancouver.

"I don't like their ways and am going to tell them so," he says.

Mr. McGreer is 60 years of age, over six feet in height and has a reputation for making the fur fly in political gatherings..

MATSON BUYS MORNING PAPER IN NANAIMO

(Special to The Daily News.)

VANCOUVER, B.C., March 5—The Nanaimo Herald, a morning paper, has been purchased by J. S. H. Matson of the Victoria Colonist and the Vancouver News-Advertiser from A. N. Mowat.

VANCOUVER CADETS TO TOUR AUSTRALIA

VANCOUVER, B.C., March 5—Sixty high school cadets will tour Australia and New Zealand, leaving here in July. They have received permission from the militia department and will be under the command of Capt. Davy. They will finance themselves, assisted by local contributions and will represent not only British Columbia but the Dominion.

DUKE GIVES CUP FOR VANCOUVER HORSESHOW

(Special to The Daily News.)

VANCOUVER, B.C., March 5.—The Duke of Connaught has offered a cup for competition at the Vancouver horse show next month, greatly to the gratification of the directors, this being the first cup ever offered for such an event by a governor-general.

TIMBER REVENUE HIGH LAST MONTH

Collections Totalled Over Hundred and Thirty-Four Thousand Dollars in This Province

(Special to The Daily News.)

VANCOUVER, B.C., March 5—Provincial timber returns for February show a total of 900 licenses issued for lands west of the Cascade range, the receipts amounting to $134,626.90. For lands east of the Cascades 609 licenses were issued, the receipts showing $72,472.50. Timber license transfer fees aggregated $870; penalties produced $2,925.

Coal prospecting licenses issued during the month were 340, bringing in receipts of $36,200, while coal prospecting license fees aggregated $155 and miscellaneous receipts for the month were $2,636.82. The grand total of the timber branch revenues was $249,286.22.

FRANK PATRICK PLAYS GREAT GAME

Hangs up New Record in League Hockey by Scoring Six Goals—Vancouver Now Leads

(Special to The Daily News.)

VANCOUVER, B.C., March 5—Vancouver again took the lead in the coast hockey league tonight by defeating New Westminster by a score of 10-6 in a fast clean game in which the work of Frank Patrick was a brilliant feature. Of his team's 10 goals Patrick scored six, setting a new record in senior Canadian hockey for no point player ever before scored so many goals in a single league game. He was cheered throughout and congratulated at the close. Not only would his work under ordinary circumstances have been remarkable but fighting Capt. Patrick was still suffering from the injury to one of his eyes received in the last game and tonight got a bad rap over the other eye. With this injured and the other partly bandaged he continued to the end of the greatest game of his career. Lalonde also did excellent work for he scored the other four of Vancouver's goals, the two players scoring the entire ten. Of Westminster's six goals Hyland scored four. The three teams are now but one game apart. The next game is Westminster at Victoria on Friday.

WANT FORT GEORGE STATION LOCATED

Large Realty Firm Asks Order From Railway Board

DEPOT MUST BE NEAR TOWNSITE

Board Declares Grade Prevents It Being Right on Fraser River

OTTAWA, March 5.—Before the railway board today the application of the Natural Resources Security Company, Limited, of Vancouver, B. C., for a direction from the railway board that a station be erected at or near the townsite of Fort George when the railway reaches that point was heard.

Fort George is situated at the junction of the Nechaco and Fraser rivers and is about an equal distance between Edmonton and Prince Rupert on the line of the G. T. P.

Under the terms of the contract between Foley, Welsh & Stewart, the G. T. P. and the province of British Columbia it has been agreed that the Foley, Welsh & Stewart line, which is to be known as the Pacific Great Eastern railway, shall use the terminals of the G. T. P. at Fort George.

A great deal of evidence was put in as to the location of Fort George, the great resources surrounding that district and as to the proper place for a station. R. A. Pringle, K.C., appeared for the Natural Resources Security Company, Limited, Mr. Lynch, K.C., appeared for large private interests, Clive Pringle appeared for the Fort George board of trade and settlers, and A. E. Fripp, K.C., appeared for the South Fort George interests.

No Order at Present.

The board stated that there could be no question as to the location of the station on the Indian reserve, and that owing to the grades it could not possibly be within 3000 or 4000 feet of the Fraser river and consequently would have to be between that point and the townsite of Fort George. They would not at present make an order deciding whether it would be 2000 or 4000 feet from the townsite of Fort George, but stated that later on if the parties were not satisfied they would hear further evidence.

HOPE TO END SOON BRITISH STRIKE

More Friendly Attitude is Being Adopted by Both Sides in Collieries Dispute

LONDON, March 5.—While the many meetings held during the day by the different parties most closely concerned in the coal strike were without result it is reported tonight that the efforts of the representatives of the board of trade in association with a recently formed conciliation committee promise a reasonable prospect of a resumption of negotiations tomorrow looking to mediation with some hope of success.

Nothing definite can be ascertained, still the indications point to a more conciliatory attitude all around and it is said that the government is hopeful that the strike will end within a week.

Minimum Wage Bill Likely

The Chronicle understands that the government will introduce a bill in parliament on Thursday to establish a minimum wage in the coal fields. If the bill on its first reading proves to be acceptable to the labor party and to the miners' conference a series of district conferences will be held during the next fortnight to fix the minimum for the various districts.

ARBITRATION PACT NEAR RATIFICATION

Many Believe Passage of Bill by United States Senate is Move Toward World Peace

WASHINGTON, March 5—Four hours debate in the senate today seemed to indicate that the pending arbitration treaties with England and France probably would be ratified late tomorrow. The ratification will be the consummation of what many statesmen view as the first great move toward universal peace.

The target for the opponents of the treaties is the much discussed clause three of article three. Some senators hold that this section delegates the treaty making powers of the senate to a joint high commission. Around this clause rages the running fire of amendments, ratifications, resolutions and the real fight upon the treaties themselves.

Senator Lodge stated today that he expected a vote tomorrow and while the vote on the committee amendment proposing to strike out clause three from the treaties probably would be close, he believed that the treaties, unamended, would be ratified with his resolution.

DIES UNDER ETHER WHILE HAVING TEETH EXTRACTED

(Special to The Daily News.)

CRANBROOK, B. C., March 5.—Miss Wagstaffe, a trained nurse at St. Eugene hospital, and well known in Nelson, died last night while under ether which had been administered to her for the extraction of teeth.

GILL APPARENTLY BEATEN IN SEATTLE

SEATTLE, Wash., March 5.—With returns in from one-fourth of the city, George W. Cotterill, municipal ownership and single tax candidate for mayor, has a lead of more than 200 votes over Hiram C. Gill, open town candidate, who was recalled a year ago and who sought vindication in the present campaign. In the precincts that have reported many are Gill strongholds.

HINDU WOMEN MUST GO.

VANCOUVER, B. C., March 5.—"This is a matter for the federal minister at the head of the immigration department," said Mr. Justice Morrison in dismissing the application today for a writ of habeas corpus on behalf of the two Hindu women. Until the official notification comes from Ottawa they will not be deported, however. That decision is expected to uphold the decision of the immigration officers here and there is little expectation, now that an appeal to the courts has failed, that the women will be allowed to remain in Canada.

BRITISH UNIONISTS SCORE BIG VICTORY

Defeat Newly Created Minister in Fight for Manchester Seat by Good Majority.

LONDON, March 5.—The South Manchester by-election occasioned by the elevation of Sir A. Haworth to be junior lord of the treasury resulted in a Unionist gain. The figures are as follows: P. K. Glazebrook, Unionist, 7051; Sir A. Haworth, Liberal, 6472. Coming from one of the most important industrial centers the victory is regarded as an important one.

TO MAKE WOMEN PAY FOR WINDOWS

Leaders of Suffragette Union Arrested by Police—Held Responsible for Damage by Stones

LONDON, March 5—In pursuance of the determination of the government to test fully the efficiency of existing laws to deal with the latest tactics of the militant suffragettes by making the funds of the suffragette societies liable for damage done by their members, the police tonight raided the offices of the Women's Social and Political Union in Clements' Inn. They arrested Mr. and Mrs. Frederick Pethick Lawrence,, joint editors of Votes for Women, who were taken to the Bow street police station. The police also had a warrant for the arrest of Miss Chrystabel Pankhurst, but did not find her there. They took possession of the offices. They, however, arrested her later. The leaders of the union are charged with the responsibility for the last window smashing campaign.

Members of the union seen tonight declared that the new departure in inflicting hard labor sentences upon those convicted for taking part in yesterday's demonstrations and in arresting the leaders will only produce a bigger crop of volunteers for militant work.

The weakness of the suffragist cause, however, is seen in the fact that the majority of women denounce the militant action which they declare is being carried too far. Even the Women's Freedom league, an important body which has already secured many important reforms for women, deprecates the measures which the militant suffragettes are taking and the doings of the Social and Political union, contending that the suffragettes ought to be satisfied to await the outcome of the present parliamentary session which has offered the best hopes of advancing the cause.

HIGH WIND NOW CONTROLS WEATHER

Gale Blows Over Lake Ontario—Cold Conditions Prevail Generally in Canada

TORONTO, March 5.—The weather in the continent is still dominated by the extensive high wind which is now centered over Lake Ontario. Cold conditions have prevailed in all parts of Canada.

FIVE NATIONALISTS WITH OPPOSITION

Separate School Question Enters Boundary Debate

GOVERNMENT HAS LARGE MAJORITY

Hon. Robert Rogers Recalls Liberal Delay in Giving Manitoba Justice

OTTAWA, March 5.—The ghost of the separate school question which has been hovering in the background of the Manitoba boundary extension debate stalked boldly into the commons chamber shortly after 8 o'clock this evening and has continued to occupy the attention of the house to the exclusion of every other phase of the question ever since. The subject, which had been so carefully tabooed by every speaker in the debate up to that time, was introduced by Mr. Lamarache, Nationalist member for Nicolet, who desired to explain why he had voted just previous to 6 o'clock for the following amendment, which had been moved by Sir Wilfrid Laurier:

"That this bill be not now read a second time but that it be resolved that while this house is favorable to the extension of the boundaries of Manitoba it is of the opinion that the terms under which it is proposed to make the said extension as set forth in the bill and in the order in council of February 20 (the territorial arrangement affecting Ontario) are unfair and unjust both to the people of Manitoba and to the people of the other provinces of the Dominion."

Government Has Big Majority

Mr. Lamarache explained that he had voted for this amendment because the bill did not contain a clause guaranteeing the rights of the minority in the territory to be added to Manitoba. Other Nationalists who voted with the opposition were Paquet of L'Islet, Bellemare of Maskinonge, Guibault of Joliette and Sevigny of Dorchester.

The result was that the government polled a total of 103 votes while those who voted yea had 65, a government majority of 38. Mr. Mondus, Nationalist member for Yamaska did not vote. When challenged he said he had reserved judgment until later in the debate.

The evening was taken up mostly by speeches of Hon. F. D. Monk and Hon. L. P. Pelletier in explanation of their attitude. Both were disposed to agree that the minority in Keewatin can establish no valid claim to vested rights and both declared that if the minority is to receive justice it must come from the hands of the Manitoba government.

Replying to questions both assured the house that Manitoba had made no pledges in regard to the matter.

The debate on Sir Wilfrid Laurier's amendment occupied all of the afternoon sitting and was confined to speeches by the mover and Hon. Robert Rogers. Sir Wilfrid declared that the basis of the settlement was expediency and that it was poor business and poor statesmanship which would lead to much trouble.

Gives Justice to Manitoba.

Hon. Robert Rogers said that the bill gave to Manitoba justice which had long been denied to the province by Sir Wilfrid Laurier and his government. Manitoba, he said, would come into her long deferred rights. He promised that later on the natural resources of the province surrendered under the bill would be restored.

Speaking at a late hour, Mr. Mondou of Yamaska said that in view of Mr. Monk's explanation of the constitutional aspect of the question he was prepared to vote for the second reading of the bill. Hon. Rodolph Lemieux moved the adjournment of the debate.

Sir Wilfrid Speaks

Opening the debate, Sir Wilfrid Laurier said:

"Mr. Speaker, during the last campaign which terminated on Sept. 21 everybody will remember that loud and many were the promises that, if the Conservative party were to be victorious in the contest, the long pending controversy over the Manitoba boundaries would be settled to the satisfaction of Manitoba and the whole Dominion.

"Loud and many were the promises that as soon as a Conservative administration had been installed in Ottawa Manitoba would cease to be a postage stamp on the map. They were victorious and now the attempt is being made in this bill to implement the pledge which was made not only to the people of Manitoba but to the people of the whole Dominion. This is a sample of the manner, I suppose, in which the different pledges of the present government are to be implemented.

Financial Terms

"Manitoba, forsooth, by the terms of this bill and of the order in council to which I shall have to refer also, gets an increase of its boundaries, but there is a stigma placed upon the territory which has been added to it. Manitoba is granted financial terms which no one begrudges because they are large but which we oppose because they are unfair to the rest of the Dominion. Let me remind the house that when parliament was dissolved at the end of July last year, there were upon the journals of this house resolutions adopted as far back as the month of July, 1908 whereby it had been declared expedient by this house that the boundaries of the province should be extended northerly up to the 60th parallel of latitude and easterly to the 89th degree of longitude. The resolutions also declared that it was expedient that in the added territory which was given to Manitoba there should be granted to the province an allowance in money to be a fair equivalent for the land included in that extent of territory.

Refers to Negotiations

"When parliament was dissolved everybody in Canada knew that upon these resolutions there had been extensive negotiations between the government of Canada and the government of Manitoba. We had offered to the province of Manitoba an extension of territory such as described in these resolutions northerly to the 60th parallel of latitude and easterly to the 89th degree of longitude but the government of Manitoba demurred to these terms and claimed a very extensive territory indeed, much more than we thought it would be fair to give them. It was only after thrice repeated negotiations that finally, in the month of March last, the province of Manitoba agreed to accept the boundaries which we had tendered them and which are now embodied in the bill before the house."

Sir Wilfrid proceeded to say that it was not until March, 1910, that Manitoba decided to accept terms which were offered them with regard to the boundaries, but at that time they made certain other financial demands which the federal government again saw fit to refuse.

Premier Roblin's Visit

It was found impossible to reach an agreement and that was the condition which existed when parliament dissolved last summer. Shortly after the coming into power of the present government said Sir Wilfrid, Premier Roblin of Manitoba came to Ottawa and accepted the boundary terms which were

(Continued on page five.)

HOMESEEKERS ARE NOW RUSHING WEST

Railways Inaugurate Special Service to Accommodate Crowds of Passengers From East

TORONTO, March 5—The annual rush of homeseekers to the west started tonight when 500 persons took advantage of the inauguration of the special excursions over the C.P.R. The regular Vancouver express carried extra tourist and colonist sleepers and a special train followed the express. The 15 passenger cars on the two trains were filled to capacity. The Grand Trunk railway will send the first special out next Tuesday via Chicago and both roads will run weekly excursions until the end of April.

TO GIVE SEAPORT TO WINNIPEG

Opening of Navigation of Red River Will be Discussed by New Association

GRAND FORKS, N.D., March 5—At a convention of the mayor of the cities and towns in the Red river valley held here today the Hudson Bay Navigation association was successfully floated. The object of the association is to secure recognition of the importance of the Red river as a possible waterway out of the very heart of the northwest to the sea by the way of Hudson Bay. At a big navigation congress which will probably be held in Winnipeg next June the problem of improving the Red river between Winnipeg and here will be taken up.

At a banquet tonight Mayor Waugh of Winnipeg addressed the guests on the subject of Red river navigation. In the course of his address he showed by statistics that the Red river-Hudson Bay route to Liverpool is 1,000 miles shorter than by way of the great lakes. He also predicted that the time would come when the bulk of the wheat grown in Minnesota and the Dakotas would be shipped to Europe via Winnipeg and the Hudson Bay.

BROAD PATRIOTISM GOVERNMENT'S AIM

Provincial Laws of National Importance

STRONG SUPPORT GREETS POLICY

Premier McBride Returns to Enjoy Wave of Prosperity

(Special to The Daily News.)

VICTORIA, B. C., March 5.—Premier McBride and Hon. W. J. Bowser left tonight on their tour of the provincial interior. "It doesn't matter whether we carry constituencies by acclamation or not," said Mr. McBride tonight to The Daily News correspondent. "Every exertion will be put forth so that the country will be fully apprised of all the details and the full significance of the railway policy. I am in receipt of wires from all parts of the province invariably strongly commendatory of the government's plans and promising support of as strong if not stronger character than we received in the last election.

"The people of British Columbia unquestionably feel that the administration fully realizes its responsibilities and has but one aim, that of the general welfare of the people.

Measures of National Importance.

"The measures lately advanced by our parliament are perhaps more national than provincial. For instance, the railways which we are arranging for make for the linking up of transcontinental connections. The forests, water and land acts, too, all refer to our natural resources and the other bills for the most part would seem to make for Canadian rather than British Columbian expansion and development. We have been ever mindful of the fact that this province is part and parcel of Canada and whatever scheme of expansion and development has been undertaken it has been for the development of the Dominion as well.

"With regard to the island, the mainland, the interior, the Kootenays and the northern portion of the province I can easily speak with perfect confidence for the future. Vancouver, which is the Canadian wonder city, is about to enter upon an era that will far outdo any of her marvelous past accomplishments. New Westminster, Kamloops, Vernon, Nelson, Revelstoke, Cranbrook, Fernie and the Boundary cities are all going to have their full share in the prosperity era now opening. As to Prince Rupert, the daily record that she gives out is surely sufficient evidence of how well things are doing there."

ARRANGE TO TRANSFER PASSENGERS OVER BRIDGE

REGINA, Sask., March 5.— As a result of Monday's wreck on the C.N.R. line at the bridge over the Saskatchwan river at Saskatoon two daily passenger trains have for the time being been cancelled. These two trains are No. 25 going north, and No. 26 coming south. They have been taken off altogether but all points on the line will be served by through trains Nos. 5 and 6, arrangements being made by the company whereby passengers will be transferred across the gap to another train waiting on the other side. Baggage will be taken across the river and the company is making every effort to effect the transfer of passengers and baggage with the least possible delay.

VICTIM OF SASKATOON TRAIN WRECK RECOVERING

SASKATOON, Sask., March 5.—Reports from the city hospital tonight are most satisfactory for the recovery of H. E. Ashbee, commercial traveller of this city, suffering from a fractured skull. He is still unconscious but improving. Mr. Ashbee was the only person seriously injured, and his case is particularly unfortunate inasmuch as Mrs. Ashbee was delivered of a daughter but a few hours before the accident to her husband, of which, however, she has been kept in ignorance. Rev. F. H. King is also in the city hospital with a broken knee cap and other injuries.

ISLAM IS OUTGROWING BIBLICAL TEACHINGS

PARIS, March 1.—Pere Chauveil, the famous missionary, says that Africa and Asia are becoming converted to the Prophet's religion, and that Islam is growing far more rapidly in these countries than Christianity; that, indeed, the spread of Christianity is infinitely smaller.

Kootenay Gets Five New Demonstration Orchards

VICTORIA, B. C., March 5.—The provincial department of agriculture has arranged for five demonstration orchards to determine fully the best varieties for planting and the most successful process to adopt in the growth of fruits in the different sections of the Kootenay districts. One will be established at Cranbrook on the farm of Joseph Brault, another has been assigned to Col. Pyne of Baynes lake, yet another at Windermere with John Jones, while a fourth, for the upper Columbia, goes to William Wright in the locality of Golden. The fifth will be on the property of W. Eccles of New Denver. It will serve the Slocan country generally.

Costly Fire Devastates Winnipeg Piano Store

WINNIPEG, March 5.—In a spectacular fire which started tonight in the basement of the building, the Gowans Kent building on Market street was completely gutted, entailing a loss of probably $75,000. Half of the building was occupied by the Mason & Risch Piano company, whose $40,000 stock was almost completely destroyed.

The other half was vacant, pending a later demolition of the building to make room for a new nine-storey structure for the Great West Permanent Loan company. The latter company bought the building some time ago, intending to put their new offices on the site. The origin of the fire is unknown. The manager of the Mason & Risch company, together with his accountant and bookkeeper, were the only persons in the building. The bookkeeper, Miss Clouston, had only time to fling her books into the safe and escape minus her hat and coat before the flames rushed up.

SAYS JEWS WILL POUR INTO CANADA

Dr. Louis Meyer Believes Tide of Immigration Will Be Turned in This Direction.

The menace involved in the tremendous influx of Jewish immigrants unless some immediate and determined effort is made to Christianize them, was the theme of an address delivered by Dr. Louis Meyer of Cincinnati at a luncheon tendered to him by the Presbyterian committee on Jewish missions in Toronto a few days ago.

Dr. Meyer, who is one of the leading authorities on Jewish questions in America, predicted that as a result of the report that the United States governments' commission on immigration urging the rigid restriction of immigration, particularly from southeastern Europe, the flood of Jewish immigration now pouring into the States would be diverted to Canada. The extent of the influx might be estimated, he said, from the fact that during the past ten years nearly 1,000,000 Jewish immigrants had arrived in the United States. Whatever part of a city the Jews settled in speedily became a closed quarter, so that unless the Christian churches took time by the forelock the menace would be very great.

In the Jewish quarter of New York today there are 14 abandoned Christian churches. Statistics showed that a larger percentage of Jews reached a position of influence in public life than of any other class of immigrants. The menace of their success lay in the fact that many Jews today were practically infidels. This was strikingly demonstrated in a recent census of New York school children, which showed only 40,000 were receiving any religious instruction at all. Looked at from this point of view the evangelization of the Jews was obligatory if for no other reason than as a matter of sheer self-defense.

OBSERVE ANNIVERSARY OF BOSTON MASSACRE

BOSTON, Mass., March 5—The local historical and patriotic societies today held exercises in observance of the 142nd anniversary of the Boston massacre on March 5, 1770, which claimed three of the patriots who were defending their homes and demanding their rights against the onslaughts of the British troops, who had made life anything but pleasant to the people of Boston during the period after the repeal of the Stamp act.

Resenting the insults put upon them by the men and boys of Boston, the British troops protected themselves against the charge of the indignant Boston men. When the smoke cleared away there were 11 men stretched on the ground, of whom three were killed and eight wounded. Although the demonstration of the Boston citizens was but a defensive move it had a great deal to do with the hastening of the revoutionary war.

ASQUITH TO SPEAK ON HOME RULE IN DUBLIN

DUBLIN, March 5.—It is reported that Premier Asquith will speak here during the Easter recess on home rule.

BRITISH RIFLE IS BEST OF ALL

So Declares Col. Sealey in British House—Explains Its Advantages Over Others.

LONDON, March 5.—The opinion of British soldiers on British weapons was quoted in the house of commons yesterday by Col. Sealey in reply to some criticisms of the service rifle when he said:

"Our army is better armed than any continental army. In the South African war I rode a horse which was killed by a Mauser bullet at 3000 yards. Our bullet would kill at a little longer range. Of the seven vital points in a rifle Britain has an overwhelming advantage in the two most vital—rapidity of fire and accuracy. In one point alone, trajectory, continental armies have the advantage, but any soldier would say 'Bother trajectory; give me the rifle that shoots fastest and straightest.'

"That was what the British rifle did."

HAD NOVEL MEANS TO SAVE WINDOWS FROM DISASTER

LONDON, March 5.—A Canadian emigration agency at Whitehall displayed a notice in its window during last night's suffragette riots as follows:

"The Passover Day. We are busy sending people where women have votes. Avenging angels please pass over."

Either accidentally or designedly those windows remained unbroken amid the welter of smashed stores and office fronts.

BRADFORD BEATEN

LONDON, March 5.—Sheffield United defeated Bradford City yesterday in a league game by 7 goals to 3.

RIEL'S SECRETARY NOW INSURRECTO

Canadian Has Been Emissary of Mexicans in Europe for Past Year.

Business investigation of the working of the Conciliation act, with special reference to possible amendments, was responsible for the visit here recently of Honore J. Jaxon, one-time secretary of state for the Metis provisional government in the Louis Riel regime, 1885, in the far northwest, says the Ottawa Citizen.

For the better part of a year Mr. Jaxon has been in Europe as the emissary of the "insurrectos" of Mexico, presenting their case to the everyday citizens of the leading European countries, with a view of inducing them to lend their weight and moral influence toward preventing their respective governments from being inveigled by financial interests into a policy of "intervention" in Mexican affairs. Such a policy, Mr. Jaxon says, is calculated to place these interests once more in power over the Mexican people, but also as Mr. Jaxon claims, to make Mexico a by-word among the nations for the practice of cruelty to the working classes.

"Nothing could be more atrocious," said Mr. Jaxon, when interviewed by The Citizen, "than the cold-blooded disregard of every humane sentiment, every consideration of civic decency and honor which for years has been displayed by the interests who have fastened themselves upon the Mexican people.

"Owing to the collusion of a corrupt officialdom in Mexico, these financiers, instead of lending their aid to the Mexican people with a view to development, have been enabled to pursue the very different policy of seizing the resources of the country for their own ends and have held the people down to "hewers of wood and drawers of water" for financial interests abroad.

In attempting to gain this position in Mexico the Mexican government has been guilty of acts of dishonesty and cruelty which have aroused the attention of the civilized world and these acts continuing for some time have resulted in the present and very manifest inextinguishable outburst of opposition to the rule of the financial interests concerned.

Made Good Headway.

In presenting the case of the Mexican people to the peoples of Europe considerable headway has been made, not only in the Latin countries of southern Europe, but also in France, Germany and Great Britain. In the latter country Mr. Jaxon secured the recognition of the Trade Union congress, assembled at Newcastle, and this work brought him into intimate contact with the tense industrial situation there, which is attracting the attention of the world today. The delicacy of the situation, its menace to the industrial peace of Britain, has naturally attracted many of the most active minds to the problem of conciliation and an Industrial Conciliation bill, founded on the Canadian act, has accordingly been introduced into the British parliament.

Mr. Jaxon has, returned to Canada and on his way to the far northwest has conferred with leading labor men of the maritime provinces and Quebec and Montreal, in each of which cities his standing in the international labor movement has led to his being invited to address the central labor bodies. He visited Ottawa to gather from Secretary P. M. Draper and the president of the congress, Mr. Watters, their views in regard to the working of the Conciliation act, and a large part of yesterday was spent by him in conference. By their advice he has supplemented the information gained from them by interviews with Deputy Minister Acland and Minister Crothers of the labor department.

While thus attending to the particular object of his visit here Mr. Jaxon had the pleasure of encountering many old-timers, northwestern friends, among the members of the house and senate. Among those with whom he thus met were Hon. F. Oliver, Hon. Rodolphe Lemieux, Messrs. Stevens, Turriff, and Hon. Col. S. Hughes, who was a college mate of Mr. Jaxon years ago. He left the city last night.

HER SKIN SEEMED ON FIRE

Every Other Treatment Failed But "Fruit-a-tives" Cures

GRANDE LIGNE, QUE., Jan. 2nd, 1910.

"My wife was greatly distressed for three years with chronic Eczema on the hands, and the disease was so severe that it almost prevented her from using her hands. The doctor gave her several ointments to use, but none of them did any good. He also advised her to wear rubber gloves and she wore out three pairs without getting any benefit. As a last resort, I persuaded her to try "Fruit-a-tives", and the effect was marvellous. Not only did "Fruit-a-tives" entirely cure the Eczema, but the Asthma, which she suffered from, was also completely cured.

We both attribute our present good health to "Fruit-a-tives". N. JOUBERT.

"Fruit-a-tives" will always cure Eczema or Salt Rheum because "Fruit-a-tives" purifies the blood, corrects the Indigestion and Constipation, and tones up the Nervous System.

"Fruit-a-tives" is the only medicine in the world made of fruit juices and valuable tonics, and is the greatest of all blood-purifying remedies.

50c. a box—6 for $2.50—or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

FINE FOR THE FAMILY

Kellog's Toasted Corn Flakes is economical as well as nutritious and zestful. A ten cent package contains enough for 20 dishes.

BIG LUMBER CONCERN IN TROUBLE IN EAST

PHILADELPHIA, Pa., March 5—Judge McPherson of the United States district court, today listened to arguments for the appointment of a receiver for the International Lumber & Development Co., which has its general offices in this city. The concern is a Delaware corporation and has a capital of $6,000,000. It was organized for the development of timber and agricultural lands in Mexico.

The petition for a receiver was filed by four stockholders who charge that the officers and directors of the corporation have by means of payment of salaries and commissions on sales of capital stock appropriated to themselves sums amounting to $500,000.

LECTURES PLEASE ROBSON RANCHERS

Crowds Hear Provincial Horticulturists Talk on Soils and Pruning—Demonstration Given.

(Special to The Daily News.)

ROBSON, B. C., March 5.—That the government is alive to the necessity and advantage of practical demonstrations and information to aid the fruit grower was evidenced here on Friday and Saturday last when between 40 and 50 gathered together under the auspices of the Farmers' Institute.

On Friday evening in the schoolhouse B. Hoy and H. Thornber lectured on soil cultivation and fertility and orchard sites and soil, with illustrations on the blackboard.

On Saturday morning Gordon Brown, secretary, and J. Fowler, president, took them around the various ranches, where they gave some useful hints. In the afternoon the members met in the oldest orchard, M. McDaniel's, where for an hour Mr. Thornber gave a practical demonstration on pruning. Afterward an adjournment was made to the schoolhouse, where Mr. Hoy gave an interesting talk on orchard pests and their control. Members of the local institute came in from Blueberry, Castlegar, Syringa Creek and Pass Creek and went away well satisfied with the able manner in which the two members of the horticultural branch of the department of agriculture fulfilled their duties.

The annual meeting of the Athletic Association and Social Club was held on Tuesday last to elect the officers for the year. On Wednesday the members met on the ground and mapped it out for the various games and as soon as it can be worked it will be plowed, rolled and fenced in for tennis, croquet, bowls and a piece laid out for football. A few of the members spent the latter part of the week in picking stones and grading, and it is the intention to make this one of the best sports grounds in the district.

J. Johnson leaves for the coast on Monday. H. P. Folder takes over his poultry plant and will work it in conjunction with his ranch.

J. M. Stevenson and Thomas Cowley are fencing in their ranches and will plant trees this spring.

M. McDaniel expects to go up to his new ranch, which is 8¼ miles up Pass creek from Castlegar, this week and begin building, ready to settle and work it this summer. Mrs. Pettigrew and family of Blueberry will rent his house here for the season to take advantage of the school for one of her children.

Mr. and Mrs. A. Irvin of Westley were visiting here on Thursday last, driving in on the new government road, which will go through to Syringa creek this year.

E. Norman of Mirror lake is a visitor this week end.

GREYS CREEK SENDING DELEGATE TO CONVENTION

(Special to The Daily News.)

GREYS CREEK, B. C., March 5.—The Conservatives of Greys Creek held a meeting for the purpose of electing a delegate to attend the convention in Nelson on March 7 to nominate a candidate for Ymir riding. A. J. Lewis was in the chair and T. J. Oliver acted as secretary. On the motion of T. J. Oliver, seconded by H. A. Norreys, William Linton was appointed delegate to represent this settlement.

Using more water, you can still get, with

PURITY FLOUR

"More Bread and Better Bread"

SAYS WIVES MORE FAITHFUL THAN MEN

New York Has Bureau to Trace Missing Breadwinners Who Desert Families.

NEW YORK, March 5.—"Wives in destitute circumstances seldom desert their husbands, but husbands desert their wives by the thousands," was the assertion of Miss Beatrice Goldsmith, the young assistant in the national desertion bureau, at Twenty-first street and Second avenue. "In the last 1,000 cases we have handled in this office from all parts of the country, only three have been husband desertion cases."

The commodious quarters of the bureau was crowded with women yesterday, and lines of suffering in their faces and red rimmed eyes told of their sorrow. All were there seeking assistance in locating husbands who had deserted them, leaving them in many cases with dependent children. But not a man was there to complain of a missing wife.

For Better or Worse.

"There are several factors that contribute to this peculiar condition in the matter of desertion," began Miss Goldsmith. "In the first place, a woman takes a man for better or for worse. If he is worse, they suffer him to preserve the home. They will go further, for we have found them in nearly every instance ready to forgive and forget.

"It is, I believe, the husband's lack of responsibility that causes him to desert his wife and children. He thinks the community will care for them, so that they may manage to get along in some fashion. But the motherly instinct would never permit such sentiment. In adversity the woman will often turn breadwinner. We have had three such cases today. These poor women come here week after week to learn if we have any word from their missing husbands. While their hearts are breaking, they never give up hope, and stand ready to forgive and receive their husbands in their homes again. I am proud to say there are few women in the port of missing wives."

Of National Good.

The work of locating missing husbands and wives is not only national in its scope, but in several cases has been extended to foreign countries. Miss Goldsmith attends to the mail, which is voluminous, as there are many hopeless and frivolous cases to deal with. The mail yesterday brought two odd requests. One was an appeal written on a postcard from a woman living in San Francisco. It read:

"Please will you send my husband home? He is in New York."

Another was a request to locate a husband believed to be somewhere in the south. It was from a woman in Boston. She had written two letters previously, and had been asked to forward a picture of her husband to be hung in the bureau's gallery of missing husbands and to be reproduced in the literature they send out broadcast. The woman sent a picture of her husband taken when he was a baby.

"It is the only one he ever had taken," she wrote.

Lawyer in Charge.

Monroe M. Goldstein, the national secretary of the organization, is in active charge of the organization and has offices here. He practiced criminal law several years before the opening of the bureau.

"The first thing we try to do after locating the person wanted," he said, "is to affect a reconciliation. This is based on our principle for the preservation of the home. Failing in this, we bring all the pressure possible to bear on the deserter to support his family. If he refuses we then have him arrested for abandonment and conduct the prosecution. But we only prosecute as a last resort."

The bureau is a charitable institution and is conducted under the auspices of the National Conference of Jewish Charities.

NEW THINGS FOR BABY

Infant's set, consisting of a cap, a sack, a night gown and a dress.

Muslin, cambric, flannell or flannellette will do nicely for the night gown, while lawn or nainsook is suitable for the dress, with embroidery, tucking and lace or edging for decorations. The sack will look well in silk, cashmere, flannel or flannellette and the cap is suitable for lawn, silk or all over embroidery.

For the dress and flouncing it will require 1¾ yards of 36 inch material with 1¼ yards of plain material for yoke and sleeves. Of nainsook or lawn, 36 inches wide it will require 2¼ yards. The gown will require 2½ yards of 24 or 27 inch material. The cap, ½ yard or 18 inch material. The sack requires ⅞ yard of 7 inch material.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

IMPORT PRESENTS INCUR ROYAL ANGER

To Aid Bazaars Russian Princesses Have Been Evading Customs Duties —Czar is Annoyed

ST. PETERSBURG, March 5—The daughters of the czar, the Grand Duchesses Olga, Tatiana, Marie and Anastasia, have brought down a tempest upon the head of their imperial father. By the irony of fate, too, the storm centre lies in the misdirected efforts of the young princesses to act the part of benefactors.

The poor of St. Petersburg are always very poor; but this winter because of the long spell of hard, inclement weather, there has been an unusual amount of suffering and poverty. To relieve these many charity bazaars have been held in the palaces of the imperial family. The young grand duchesses have been particularly active in this good work and to make the bazaars successes have, it seems, not scrupled to avail themselves of all their royal privileges. One of these is the right of the imperial family to import free of duty goods of all kinds from foreign countries. The reservation is, of course, that the goods are for personal use, but the spirited young princesses apparently extended the cloak of charity to the utmost.

It was observed that nearly all the goods sold at the relief bazaars presided over by the grand duchesses were of French origin. Dealers in there articles started an inquiry and found that the purchases of these goods were so extensive that they seriously interfered with their own trade. They also found that the goods had been brought in duty free and this, coupled with the fact that they, the tradesmen, have to pay tremendous duties, showed them that they faced an impossible competition.

Thereupon the importers and tradesmen have denounced these bazaars as shams and have appealed to the duma to stop them. The whole affair has come to the official knowledge of the czar and he has summarily put a stop to the charitable impulses of his daughters.

HAIR PIN MAY PROVE FATAL

School Girl Falls on Ornament Which Penetrates Her Skull and Breaks off

SASKATOON, Sask., March 5—Dora Coglan, a 14 year old pupil of the Victoria school, while playing during the recess hour in the school yard, slipped and fell, forcing one of the new square shaped hair pins through her skull where it broke off. She was carried into the school unconscious and medical aid was summoned. She was immediately rushed to the city hospital where she lies in a very precarious condition.

DISCUSS INTERNATIONAL PEACE AND PROGRESS

WASHINGTON, March 5—Several hundred delegates appointed by the governors of forty states, all men of earnest thought, devoted to the best interests of their country, met in the assembly hall of the Bureau of American Republics this morning to discuss the subject of industrial peace and progress. The National Civil Federation as a feature of its twelfth annual meeting, brought them together to exchange ideas and to recommend informally a solution of the serious problems pertaining to the relation between employers and employees.

ICELANDER TAKES OWN LIFE

TREHERN, Man., March 5—Ingolfur Sigurdsson, aged 25, an Icelander, committed suicide here this evening in C. W. Barkwell's bake shop where he was employed. Sigurdsson is believed to have a wife and two children in Iceland.

DID CRYSTAL-GAZER POISON COMPANION—INDIAN MYSTERY

CALCUTTA, India, March 5—Miss Eva Mount-Stephens, an English woman of 35 has been committed for trial before the high court on a charge of murdering her companion and benefactress, Miss Garnet Orme.

The prosecution alleges that the crime was committed by the use of prussic acid.

Various witnesses have related that Miss Mount-Stephens believed in crystal gazing and that Miss Orme, a lonely woman of 50, became enthusiastic in the "art." Miss Orme, it was related believed she saw in the crystal evidence of her immediate death, and died of poisoning—how administered is a mystery. Miss Mount-Stephens benefitted under the will.

The prosecution in the preliminary hearing at Mussoorie contended that the accused had every motive and opportunity for the crime. Miss Mount-Stephens was accused of making false statements in her evidence and letters and of buying the poison of which Miss Orme died. The evidence of many native witnesses was extremely conflicting.

The defence maintains that Miss Orme undoubtedly committed suicide. She came to India in 1905 to marry a Mr. Grant, who died. This had been an absorbing grief to her and coupled with a physical complaint was sufficient motive to cause her to kill herself. Miss Mount-Stephens, her counsel said, was a most loving and affectionate companion to Miss Orme. He appealed confidently, but without success for his client's release.

WEDNESDAY, MARCH 6

THEIR RECORD IS AGAINST THEM.

Fuller reports of the Liberal convention indicate that the platform and resolutions adopted include practically everything that might be expected to catch a vote, although until the official version of the accepted planks is published not even the delegates themselves know precisely what is the policy of the Liberal party as laid down by the convention. The fullest reports of the convention that are available show that almost every question brought forth resolutions and counter resolutions and there seems to be no clear idea as to what was eventually adopted. Every conceivable subject from woman's suffrage to the construction of government owned elevators appears to have been dealt with and even the Liberal newspapers at the seat of action disagree as to the terms of the resolutions adopted.

The convention was evidently not lacking in humor. One of the planks of the platform finally accepted was, according to the Vancouver Sun, the "complete prohibition of oriental labor." Among the delegates to the convention was Hon. William Templeman, who as a member of the Laurier government vetoed the Natal act passed by the McBride government and did all that was possible to thwart the efforts of the provincial administration to secure the "complete prohibition of oriental labor." Not only did the convention in which Mr. Templeman was a shining light advocate a policy which he, when in office, did all that was possible to nullify, but it also passed a resolution lauding his meritorious services. In the same breath it advocates the exclusion of orientals and praises the work of Mr. Templeman in making exclusion impossible.

No doubt the convention hoped that by passing a platitudinous resolution expressing hostility to oriental labor it would put itself right with the province upon a question of surpassing interest. But unfortunately the Liberal record is too black and the good work of the McBride government too well understood. The McBride government has done everything possible to exclude orientals. It was the Liberal government at Ottawa that disallowed its legislation and insisted on keeping the gates of Canada open to oriental immigrants.

In every manner possible the McBride government has striven to preserve a white British Columbia and to discourage oriental labor. When the Laurier government in its contract with the Grand Trunk Pacific permitted the employment of oriental labor on construction it was the McBride government that secured an agreement with the company which prohibited the employment of orientals. In all the contracts that the McBride government has made with railway corporations it has insisted on the inclusion of clauses forbidding the employment of oriental labor on construction or in operation. First, last and all the time it has stood for the principle of a white British Columbia and the Liberals at Ottawa, endorsed by the leaders of the party in the province, have been the chief obstacle with which it has had to contend. The Conservative record must secure the hearty support of all who believe in preserving British Columbia for the white race. The Liberal record has earned only hearty condemnation.

NAVAL SERVICE ACT WILL BE REPEALED.

Premier Borden's announcement regarding the naval policy that his government intends to introduce will give general satisfaction, for there are probably few Liberals who will grieve at the ultimate disappearance of the inadequate measure which was fathered by the Laurier government. Only a week ago a Liberal senator moved to repeal the Laurier Naval act and Mr. Borden's announcement insures that his proposal will be adopted when the government introduces its alternative policy.

The Premier declares that he will submit to parliament a naval policy on different lines. This policy will entail the repeal of the former government's act, and before being enforced the country will be given an opportunity to pronounce upon it. If it is approved by the country it will receive the support of all loyal Canadians and will doubtless become the permanent policy of the Dominion.

The government does not contemplate the repudiation of any obligations incurred by the previous administration. It is doing nothing that will reflect upon the credit of Canada, but it is determined to act upon the representations that it made in opposition. Its course has been statesmanlike and prudent. On coming into office it found the Laurier policy in operation. The naval service, such as it is, was organized and in operation, and the new government inherited obligations assumed by its predecessors. It did not immediately on taking office wipe out an important branch of the public service. It will make what use it can of the vessels arranged for by the Laurier administration in the Fisheries Protection service, but it is nevertheless pursuing undeviatingly the course which it marked out while in opposition.

The Borden government is consulting with the British Admiralty as to the most effective means by which Canada can assume its share of the burden of naval defence. The details of its policy will be decided after consultation with the best expert advice obtainable and after due deliberation regarding the interests of Canada. The government's scheme will then be submitted to parliament and to the country. It may not please everybody, but it will be the outcome of a statesmanlike effort to find the best solution of a vexed question that is of the utmost importance to the future of the Dominion.

This Date in History.

Gustavus III, King of Sweden, was assassinated on March 6, 1797. The early part of his reign was remarkable for the many reforms he brought about. He overthrew the oligarchical tyranny of the nobles in 1772. During the following 12 years he regenerated Sweden, reforming abuses, promoting commerce and agriculture, replenishing the exchequer and encouraged the arts. He maintained a court remarkable for its splendor and magnificence which eventually became a burden to the people. In 1788 he declared war against the Russians without consulting his parliament, with the result that dissatisfaction spread among his officers who mutined. At the battle of Svensksund in 1796 he annihilated the Russian fleet. He was shot during a masquerade at the opera house.

"I want your advice," said the soft-spoken man.

"No you don't," replied Mr. Growcher. "You want me to think you want my advice so I'll think you are a fine, sensible man and feel like doing you favors. That's what you want."

ALLEGED LORD'S DAY LAW BREAKERS SAFE SO FAR

(Special to The Daily News.)

VANCOUVER, B.C., March 5—The prosecutions against the alleged breakers of the Lord's Day act last Sunday will not be inaugurated for some time as it will be necessary to submit details of each individual case to the attorney general's department at Victoria before anything is done. There are over 50 cases.

PRINCE ALBERT TO HAVE NEW STATION

PRINCE ALBERT, Sask., March 5—Plans for a commodious three story police station prepared by A. C. Creighton, architect, were passed by the city council on the recommendation of the police commission and the latter body was authorized to proceed with calling for tenders for the erection of the structure.

ALBERTA CONSERVATIVES HOLD CAUCUS TODAY

CALGARY, Alta., March 5.—Tomorrow will see one of the biggest political rallies ever held in Alberta take place in Calgary. There will be delegates, representatives of the various local associations throughout the province, in attendance. All the strong men of the Conservative party will be here and will discuss in private session the policy and organization of the party in the province.

POLICE RAID SUCCESS

CALGARY, Alta., March 5.—Detective Hodgkins, deputy chief of the provincial detective department in this city, accompanied by several officers of the liquor license department, made a successful raid at 11 o'clock last night at 434 Ninth avenue east, commonly known as the Maple Leaf club, a colored men's rendezvous, and arrested Archie Hunt on the charge of selling liquor without a license. When the officers arrived at the house they found about 30 men, who were evidently gambling as numerous chips were discovered in the room and a number were seen on the tables.

HON. A. J. MATTHESON IS SERIOUSLY ILL

TORONTO, March 5.—Hon. A. J. Mattheson, provincial treasurer, is reported to be in a more serious condition of illness than the information thus far given would indicate. Under the most favorable circumstances he may be unable to enter the office again for three or four weeks, if indeed again this session.

STOCKYARDS FIGHTER HAS ALL THE BEST OF IT

CLEVELAND, O., March 5.—The Cleveland A. C. hockey team tonight defeated the University of Manitoba by a score of 5 to 3.

FELL THREE STOREYS

CALGARY, Alta., March 5.—As a result of injuries sustained in a fall from a third storey window in the King Edward hotel this morning, W. Conlin, a bell boy at the hostelry, lies in a serious condition at the general hospital.

STEEL TRUST MADE ENORMOUS PROFITS

Report Finds Corporation Operated in Restraint of Trade—Plum for Morgan.

WASHINGTON, D. C., March 5.—The house Steel Trust investigating committee has made public the result of the inquiry into the books and minutes of the United States Steel Corporation, conducted by Farquhar J. McRae, an expert accountant.

The McRae report reaches the conclusion that the Steel Corporation operates in restraint of trade and prevents competition through a manipulation of prices, through the influence of the so-called "Gary dinners," by control of raw materials, and through a system interlocking directors in various companies. It also tends to contradict some of the testimony given by Steel Trust officials.

It is shown that J. P. Morgan & Co. received approximately $70,000,000 in cash profits for organizing the big steel combine, and that the net profits of the concern for the first nine years of its existence were more than $1,000,000,000.

That the United States Steel Corporation has earned $4,339,140 in eight years through its subsidiary, the Union Supply company, which sells goods to employes, is the conclusion of an exhibit submitted to the house Steel Trust investigating committee in connection with the report on the Steel Corporation's books and minutes made by the committee's expert, F. J. McRae, that 200 per cent dividends were paid by the company for the year 1900; 100 per cent dividends paid in 1901; and that the dividends in 1902, after the reorganization of the company, amounted to $413,066.

The total earnings of the Union Supply company from 1902 to 1910 inclusive were $4,339,140, and the dividends in that period $3,550,000. The cost of the Union Supply company, the report shows to have been $274,000, while the corporation claims interest on an investment of $1,398,873, which includes a surplus of $615,641.

JOHN COOPER

Alan Block, Baker St., Nelson, B.C.

First Medieval Manager—How's your latest miracle play?

Second Ditto—Fine! Thought it would be a failure, though, till we hit on something that's got the women coming in droves.

First M. M.—How so?

Second Ditto—We lost the baby that we used in the "Solomon and the Two Mothers" baby scene and have been using a lap dog ever since.

"I'm afraid you may think we're giving you a lot of fish this week, old man," said the genial host, as they sat down to dinner. "The fact is, my wife has got hold of what sounds like a really capital device for removing a fish bone stuck in the throat, and we want to see if it works."

A Few Days Neglected Cold —A Life Time of Regret

The fault may be yours if your child's cold ends with a fatal illness.

Your duty is plain. Use the most effective remedy at the first sign of danger.

Mathieu's Syrup of Tar and Cod Liver Oil is known to be absolutely safe and sure. It drives the cold away and begins a tissue making and body building work that makes other attacks less probable. Large bottle 35c.

For sale by all dealers.

Mathieu's Nervine Powders should be taken when fever and pain accompany the cold.

FACTS AND Practical Information ABOUT British Columbia Particularly Regarding the Fort George and Surrounding Country

in which over 200,000 Acres of Farm Land have been Reserved and Surveyed for Pre-emptors Only

For the past two years we have published a pamphlet in which is given all information available about Fort George and Central British Columbia.

We have continuously made public the outstanding facts:

That there is no prairie land in the Fort George District;

That with the exception of small areas of open meadows, the land is covered with a growth of timber, some light and some heavy.

That 50 per cent of the land is light soil, with sand and gravel ridges;

That the main rivers, such as the Fraser, Nechaco, Stuart and Salmon are mostly from 50 to 250 feet below the bench land through which they run.

That there is an abundance of pure water in creeks, lakes and rivers;

That the climate is superb; and

That one acre of good land is worth as much as five acres in any other part of Western Canada.

The truth is good enough about Fort George and we are publishing this advertisement so that the intending settler and investor shall know the truth and not be misled by exaggerated reports of Fort George district whether good or bad.

Fort George is the "Hub of B.C." and the centre of an empire rich in natural resources—fruit and farm land, timber and mineral land. You should know all about this vast new country.

Write to us for the "B.C. Bulletin of Information" and "Facts," both free.

STOMACH DISTRESS AND DYSPEPSIA GO

Heartburn, Gas and Indigestion go Five Minutes After Taking Pape's Diapepsin

As there is often some one in your family who suffers an attack of Indigestion or some form of Stomach trouble, why don't you keep some Diapepsin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy Stomach five minutes after.

Tell your pharmacist to let you read the formula, plainly printed on these 50-cent cases of Pape's Diapepsin, then you will readily see why it makes Indigestion, Sour Stomach, Heartburn and other distress go in five minutes, and relieves at once such miseries as Belching of Gas, Eructations of sour, undigested food, Nausea, Headaches, Dizziness, Constipation and other Stomach disorders.

Some folks have tried so long to find relief from Indigestion and Dyspepsia or an out-of-order stomach with the common, every-day cures advertised that they have about made up their minds that they have something else wrong, or believe theirs is a case of Nervousness, Gastrits, Catarrh of the Stomach or Ulcer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, Gas and Stomach poison, which putrify in the digestive tract and intestines, and besides, poison the breath with nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the Stomach, is waiting for you as soon as you decide to try Pape's Diapepsin.

C. P. R. GOES DOWN TO DEFEAT BEFORE OFFICE

Last night proved one of the closest games in the series of the bowling tournament at the Y.M.C.A., when the C.P.R. team met the Office. It was necessary for the Office to take at least two of the games last night to be in the running at all for the coveted shield, donated by Fred Irvine for the winning team and the bowlers' watch fob to be given to each of the winners. The shield will remain in the possession of the association and will be known as the annual trophy for the best bowling team. W. McDermid was high man last night both in individual and string average, with J. Allen a very close second. Below are the scores:

C. P. R.	1st	2nd	3rd	T'l
R. S. Turner	167	167	133	457

VICTORIAS EXPECT TO HOLD TROPHY

Second Game With Calgary Likely to Prove Easy and Eatons Are Not Feared

WINNIPEG, March 5—The first game in the gruelling Allan cup series is now over and the Victorias will take a well earned rest tomorrow night. This week the Victorias will have to go through one of the hardest weeks that any hockey team ever had and if successful with Calgary will have to play their third game in the series with the Eatons, making three games in the series in one week. The boys are fit for it, however, and expect to come through the fray with the scalps of both the Calgary and Eaton teams tucked safely under their belts and the Allan cup still in their possession, leaving them the champions of the world in amateur hockey.

The Vics defeated the Calgary team in the first game by the one sided score of 11-0 tonight and are therefore conceded the possession of the trophy as far as the westerners are concerned. The second game will be played Thursday night and although the Calgary boys will strengthen their team it is not thought they can defeat the Vics. If the local boys successfully dispose of Calgary they will play the Eaton team on Saturday and Monday nights and on the showing that the eastern boys have made in practice the Vics are generallily confident of a win. The Eaton team watched the game against the Calgary team and are surprised at the speed and stick handling displayed by the holders of the Allan cup.

So far nothing serious has happened to the Vics although it is likely that a couple of men will be given a rest and spares used in their places for the second game. On Wednesday night the Eaton team will play an exhibition game with the local Eaton team which will be a light workout for the challengers. No officials have yet been picked for the Eaton series but this will likely be done as soon as the last game is played with Calgary.

GOOD PROSPECTS FOR OKANAGAN FRUIT CROP

PENTICTON, B. C., March 5.—The present prospects for the fruit crop in the Okanagan this year are very good. The winter has been one of the mildest in years, with scarcely any snow in the lower end of the valley. It often happens that when the trees are left unprotected through lack of snow the severe frosts of midwinter are very trying, but this year there has been no frost to damage. Plowing has been general in the Penticton district since January 20 and the ranchers will have a splendid opportunity to make good headway with their spring work.

KETTLE VALLEY RAILWAY MAKES GOOD PROGRESS

PENTICTON, B. C., March 5.—From present indications Carlson, Shindahl & Co. will complete their contract for the first five miles west of here in good time. Grading has been completed on the heaviest rock work and they are now busy on several clay fills. The surveys are about completed on the east side and a contract will be let shortly. Work will be started on the summit above Carmi as soon as the disappearing snow will permit.

CONDEMNS DOMINION EXPRESS BUSINESS METHODS

CALGARY, Alta., March 5.—The Dominion Express company's methods of doing business were condemned by Judge Beck this afternoon in the civil court when in summing up the case of Alfred Baiden of Airdrie, an employee of that company, who was arraigned on six separate charges of default preferred by the company, on two of which the judge found him guilty, the other two not being proven. Sentence will not be pronounced until tomorrow morning.

Eating Slowly

is good practice if—you have plenty of time—and even if you haven't.

The busy man, who has only a half hour for lunch (but who requires unflagging energy will "get up steam" quickly and pleasantly on a dish of

Grape-Nuts
and Cream

One can take time to eat slowly of this crisp, nutty, brain and nerve nutriment, as it only requires a small bulk of this concentrated food to nourish an active man thoroughly during the day and keep brain clear for the calls upon it.

"There's a Reason"

FIVE NATIONALISTS WITH OPPOSITION

(Continued from Page One.)

made to him in 1908 from the present government. It was understood then that Mr. Roblin had succeeded in securing remarkable terms. He was exultant and jubilant. He had proclaimed his joy from the house tops and button-holed every reporter within hearing distance for the purpose of making known his wonderful achievements. Sir Wilfrid here read an extract from an interview given by Mr. Roblin to several papers in which the premier of Manitoba had stated that at last Manitoba had come in to its own.

Regarding Lands

"The very words which were uttered the other day by my friend in presenting the bill were that Manitoba cannot complain because the public lands in Manitoba did not belong to that province. Sir, would you have believed that you would ever hear such language in the mouth of the present prime minister. He has said again and again to the people of Manitoba that though they have not the lands at the present time of right they should have them and that as soon as he was in office he would see that they were given to them. This statement has been made by my friend on more than one occasion. It has been made by the minister of the interior, by Mr. Roche, by Mr. Meighen, by Mr. Aikens, by Mr. Bradbury in fact it has been made by the whole Conservative party.

Does Not Begrudge Money

"With regard to the financial terms given to the province of Manitoba I have not much to say beyond what has been said by Mr. Pugsley and Mr. Oliver. I do not begrudge at all the money which under these terms is given to the province of Manitoba. Mr. Bradbury stated that I had been an enemy of Manitoba. Why should I be the enemy of Manitoba? I am a Canadian and look upon this question as a Canadian and as a Canadian and a representative of the people, I am bound to regard it not merely from the standpoint of the extension of Manitoba's boundaries but from the standpoint of the stewardship which I, like every other member of the house owes to the people of Canada. So far as I am concerned, Manitoba is welcome to the money, but I have serious objection to the principle upon which this money is to be given to Manitoba. It is not the giving of the money, nor to the sum that we take exception, but I say without hesitation that the principle involved in this bill cannot be defended before any audience outside of the province of Manitoba.

Attitude Towards Money

"Nay, it cannot be defended even in Manitoba. Mr. Bradbury took exception to a statement made by myself in the debate on the resolution. Manitoba is following the example so often given of trying to secure special terms from the Dominion and it is a rather ungracious task to fight against the province of Manitoba getting more money than she is now receiving from the federal treasury. But I have this to say to the member for Selkirk that the question is higher than a mere question of money. We stated in 1908 when we introduced the resolution now partly implemented by this government for extension of the boundaries of Manitoba that so far as this territory was concerned, as the addition of it to the province would involve a great expenditure on the part of the provincial government, it would be fair, as Manitoba was not getting the latter that she should get the equivalent of those lands but that is not what is done today. It is not an equivalent for the land of this territory that the present government has agreed to but this government undertakes to review the whole financial terms of Manitoba, a province which has existed for more than 30 years and to give new terms, new facilities and new subsidies. What justification can there be for such an attitude?

"But whether the boundaries are extended or not does not affect this country. Manitoba can always come here if she chooses to ask for better terms, but there is a limit to this thing. There is a parity among the provinces, and there is no reason in the world why one province should be better treated than another. But since the principle is admitted by the present government of treating with Manitoba on a basis which was not the basis of the resolution of 1908 since the principle is admitted that better terms should be given to the province of Manitoba, because of what she is now receiving for the cost of administration, I should have supposed at all events that since this is admitted the most natural way would have been for the present government to give Manitoba lands and no money. I believe Manitoba preferred to have the lands and no one knows it better than Mr. Rogers. Again and again the province of Manitoba through its legislature expressed its preference to have the lands and not the money. Why were not the lands given? Why were not the promises made by the prime minister to the people of Manitoba not 12 months ago—hardly eight months ago—why were they not implemented?

Removes Injustice to Manitoba

Hon. Robert Rogers said that he desired to say but one word in respect to his own position as a supporter of this bill.

"I do not wish to be understood by the members as supporting this bill simply and only because I happen for the time being to occupy a seat upon the floor of this parliament as a Manitoba member, to which the measure directly relates, but Mr. Speaker, I desire to be understood by the members of this house and by the people of the country as supporting this bill because I find in its provisions the principles of equity and of justice. I desire to be understood as supporting this bill because I recognize them in the honest and straightforward statement made by Mr. Borden yesterday afternoon. He stands to maintain and to uphold that grand traditional policy of the party that has ever stood in the past and that I trust may stand in the future to uphold equal rights and equal justice to all and all parts of the country. That to my mind, is exactly what this bill undertakes to represent. It promises nothing more and it promises nothing less. The bill is made in order that we might rectify a condition of affairs by which a serious injustice has been done the province of Manitoba.

Laurier is Just Disappointed

"Now, Mr. Speaker, you find that Sir Wilfrid Laurier has two excuses as to why the extension of the Manitoba boundaries should not take effect. The first excuse was that it might be necessary to consult other provinces in this matter. It is true that he took upon that occasion exactly the same course that he is taking today so far as the province of Ontario and the province of Manitoba are concerned. He was anxious then, as he is disappointed today, in that it was impossible for him to make trouble between the provinces of Ontario and Manitoba. I know that it is disappointing to him to see that the province of Manitoba and the province of Ontario have been able to effect a settlement which has been acceptable to both provinces and entirely satisfactory on every ground. He next told us—and I shall remind you that this minute of the council to which I refer was dated in 1905—that he would endeavor to bring about a speedy settlement of Manitoba's claims. Well, what about that speedy settlement? Here we are in this parliament seven years later, proposing a settlement and I am sure that if he had been allowed politically to live and finish his work, the province of Manitoba would have waited for 77 times seven years before justice was rendered to her. He did not like the idea of that little province of Manitoba sending down to Ottawa, eight or nine supporters of the prime minister when in opposition as well as when in power.

"That is the only reason that I can see that she did not get better terms from Sir Wilfrid Laurier on that occasion. Now the leader of the opposition takes objection to the fact that Manitoba is getting arrears in respect of the claims which she had from that date in 1905 down to the present time. In 1905 as I read from the minutes of the council, Manitoba was obliged by the government to meet in conference the other provinces and that no doubt with the object of delaying the settlement of Manitoba's claims.

"The conference took place in 1906 and in 1907 we were promised in the speech from the throne that a bill would be presented to parliament by which this vexed question would be settled. But the pledge of the gentleman as usual was not kept and no bill was introduced.

"Now, as a good deal has been said during the course of this discussion in regard to the swamp lands of the province. If there was no other reason this very question of the swamp lands furnished a good and sufficient reason why Manitoba had been at the door of the Dominion asking for a rearrangement of the terms which were made in 1885. If the terms which were then made had been faithfully and loyally kept by the Dominion there would perhaps have been less reason why the province of Manitoba should be here today asking for the changed conditions which it is asking for and if there is one man living in public life today who is more responsible than another for the violations of that compact of 1885 in respect to swamp lands it is the gentleman who was leader of the late government.

Gives Strong Precedents

"Sir Wilfrid complains that the terms and conditions as provided by this bill should be dated back to the time of 1906. He undertakes to tell the house that it is a violation of the constitution that such a course should be taken. This house did the very same thing in 1880 and again in 1885 for the provinces of Ontario, Nova Scotia, Quebec and New Brunswick and the same principle and the same course that is being adopted by this government today was adopted by the governments of those days."

New Boys' Suits Just In

The Kind That Wear Well and Always Look Well. The Kind You Want

You would like your boy to always look well dressed, wouldn't you? But you probably find it pretty hard to have him always looking as well as you would like him to. If this is so don't always blame the boy, it is more than likely the fault of the clothes. We have made extra efforts this year to get a line of boy's clothing that will satisfy the most fastidious parent, and yet at the same time be moderate in price. This line is now in and we should like you to see it. The materials used are all good, the workmanship the best. You will find they will last twice as long and look twice as well as any you have bought before, so though the price may be a little more than you usually pay, in the long run you will find them actually much cheaper. Buy your boy a suit now, we know you will be more than pleased.

Two piece suits in single and double breasted styles in light and dark tweeds and homespuns for ages 7 to 11, $3 to $9.

Buster and Sailor suits in light and dark tweeds and navy worsted for ages 3 to 6, $3.75 to $7.50.

MEAGHER & CO. Eagle Block Baker Street

Take One Pill, then—Take it Easy.

Take What Pill? Why, a Dr. Miles' Anti-Pain Pill,

of course. Good for all kinds of pain. Used to relieve Neuralgia, Headache, Nervousness, Rheumatism, Sciatica, Kidney Pains, Lumbago, Locomotor Ataxia, Backache, Stomachache, Periodical Pains of women, and for pain in any part of the body.

"I have used Dr. Miles' medicines for over 12 years and find them excellent. I keep Dr. Miles' Anti-Pain Pills in the house all the time and would not think of taking a journey without them, no matter how short a distance I am going. I cannot praise them enough."

BURRELL AGAINST ADMITTING HINDUS

Do Not Open Doors of Immigration Pleads Minister of Agriculture—This Province Canadian

TORONTO, March 4.—Another voice was raised in this city against the wider opening of the door of immigration to Orientals when Hon. Martin Burrell, minister of agriculture for the Dominion and M. P. for Yale-Cariboo, addressed the Canadian club today on "British Columbia and Its Relations to Confederation."

Touching the vexed question of Oriental immigration Mr. Burrell urged a calm *consideration of the problem.* The people who had settled in British Columbia had kept that province British in its traditions and spirit and were intensely Canadian, having the same aims and interests as the rest of the Dominion.

He decried any hard criticism on either side, *but pleaded strongly* that the door of immigration should not be opened more widely *than it is.*

VANDERBILT AFTER ENGLISH DERBY

American Millionaire Sets Out to Win Blue Ribbon Event of Old Country Turf

LONDON, March 5.—The news, just received here, that William K. Vanderbilt is preparing to leave America for his usual trip to France, where for 15 years he has maintained a large and costly breeding and racing establishment, has started speculation among English turfmen.

His success in that period, especially *during the last eight years, has been* phenomenal. His horses have won every notable prize on the French turf. The far famed Grand Prix, worth to the winner about $70,000, has been won by one of his colts, while the French Derby has also been taken more than once by horses running *in his colors*—white, black hoops on sleeves—which are better known in France than were James R. Keene's or H. P. Whitney's in the United States. But there is one noted turf trophy that has so far escaped him—the Epsom Derby, a race that is the natural goal of every high-minded turfman in the world. Four years ago Mr. Vanderbilt's Sea Sick, a first class performer in France, was sent across the channel to run in the Derby, but he was *beaten and the race went to the 100 to 1* chance Signorletta, the property of the Italian Chevalier Ginistrelli, who had been racing in England for 25 years.

This year, however, even the most partisan of English turf critics admit that the famous stake may be won by Mr. Vanderbilt with his chestnut colt, Montrose II, a son of his famous horse, Maintruon, who in his very first years at the stud was conceded to be the best colt in France and *possibly better than any* English rival. When a yearling Montrose II was purchased by Mr. Vanderbilt's trainer, William Duke, at a sale at Deauville in 1910 for $13,000. He was bred by Mme. Lemaire de Villiers. During the season of 1911 Montrose II won six out of *nine races, and* when he was beaten in one of his best efforts he was conceding 17 pounds to the winner. Without doubt he is the most valued of all the 55 horses Mr Vanderbilt has in training at *St. Louis de Poissy.*

Montrose II is in the skilful hands of William Duke, who for the last eight years has been training for Mr. Vanderbilt.

MURDER BOY TO USE BLOOD IN RELIGIOUS RITUAL

ST. PETERSBURG, March 5—Important new evidence has been secured, says "Darkest Russia," in connection with what is known as the ritual murder—the alleged killing of a Christian boy by Kieff Jews in order that his blood might be used *for ritual purposes* in connection with the Passover celebration.

According to Stephen Brushkovsky, the murder was the work of a notorious gang of criminals under the leadership of Mifle, a French subject settled in Russia.

The removal of the boy Yuschinsky became necessary for his family as well as for Mifle and his accomplices, on *account of his intimate knowledge of* their criminal activity about which he was continually talking.

Shortly before the murder, the evidence runs, the joiner Peteroff noticed Mifle attaching a ring to an awl. After the murder, two boys, Tshebyryakoff, who was subsequently mysteriously murdered, and Sarutsky, found the awl dripping with blood. Another witness declares that the murderers made incisions on the hands of the victim, and took a bloody oath to keep the secret of their conspiracy.

NEW BRUNSWICK FEELS BRITISH COAL STRIKE

ST. JOHN, N.B., March 5—The British coal strike is already having its effect at this port and the Dominion Coal company is rushing night and day bunkering ocean liners as their entire supply has to be taken here. This company is giving each steamer a double supply, sufficient to last them over and back. Every preparation has been made to meet the situation and the work *is well in hand, though it* means drawing heavily on the men and facilities.

MAPS GOLF COURSE TAKEN FOR SPY

Ludicrous Experience of Rowland Jones While Planning Havre Golf Links Victim of French Suspicion

LONDON, March 5—Some idea of the nervous apprehension existing in countries on the continent in regard to espionage and the leakage of state secrets attributed to spies is afforded by a curious experience which as recently as last week happened to the well known English professional golfer Rowland Jones.

Three days of last week he spent on *the outskirts of Havre in France,* engaged in surveying and mapping out land for a new golf course. Near one part of the land on which it is proposed to cut bunkers and prepare greens there is a military fort of the existence of which, however, Jones was quite in ignorance in the first instance.

It is separated from the course by a strip of road. The whole of the first day Jones was occupied in walking about the land, estimating distances and generally surveying it from all points. He naturally made a number *of memoranda on a paper.*

On the second day Jones was again engaged in this work and though very much occupied he at length became aware that his every movement was being watched by a mysterious man. The stranger never allowed the professional golfer out of his sight, following him everywhere. Still he did not suspect the stranger's motives and in fact did not do so until the Frenchman abruptly came to him and pointed to the paper and by signs requested to inspect it.

Jones' French was not equal to elucidating the reason for his presence on the land and the work he was engaged in, while the Frenchman could not speak a word of English. At length the patriot secured the assistance of an officer who listened to Jones' explanation while closely examining his notes. *Further explanations followed and the* incident was apparently closed. It was significant, said Jones, when relating his experience, that through the whole of the next day during which he was concluding his survey of the land adjacent to the fort, the Frenchman never once allowed him to pass from careful observation.

KASLO CONSERVATIVES ELECT DELEGATES

KASLO, B. C., March 5.—The following five delegates were elected to attend the Conservative convention to be held at Lardo on Friday: James Anderson, F. E. Archer, S. H. Green, A. T. Garland, O. E. Desmond. H. W. Power and A. R. Heyland were elected alternates.

Office of Provincial Secretary

INSANE HOSPITAL AT COQUITLAM

Sealed *tenders, superscribed "Tenders* for Furniture, Insane Hospital," will be received by the Honorable the Provincial Secretary up to 12 o'clock noon of Saturday, the 16th March, 1912, for furniture and furnishings for the new Mental Hospital at Coquitlam, as follows:

(1) Bedsteads and Bedding.
(2) Carpets, Draperies and window-shades.
(3) Furniture.

Specifications and full information will be furnished upon application to Dr. C. E. Doherty, medical superintendent, Hospital for the Insane, New Westminster, B.C.

Each proposal must be accompanied by an accepted cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honorable the Provincial Secretary, for a sum equivalent to 10 per cent of the amount of the tender, which shall be forfeited if the party tendering *decline to enter into contract when called* upon to do so or if he fail to complete the work contracted for. The cheques or certificates of deposit will be returned to the unsuccessful tenderers upon the execution of the contract.

The lowest or any tender not necessarily accepted.

H. E. YOUNG,
Provincial Secretary.

MARKETS

TRADE DULL

WINNIPEG, March 5.—The trade on the local wheat market was exceedingly dull and prices were lower at the opening with the undertone week. There seemed to be an unwillingness to do business until the government report on farm reserves is issued which will be on Friday. Continental and Liverpool cables were lower and American markets were also weaker than the market here. The cash demand was fair and there was little enquiry for export. Winnipeg closing prices were ⅛c lower for all months. Minneapolis closed unchanged.

Chicago closed ⅝c lower for May, ¼c lower for July and unchanged for September. Oats and flax were not active, the former remaining around the closing price of Monday and the latter ⅝c lower. In sight for inspection are 675 cars, showing the receipts again heavy, and 99 cars inspected on March 3 at Superior.

BASKETBALL TEAMS CLASH AT Y. M. C. A. TONIGHT

This evening at 8 o'clock the basketball teams of the Y.M.C.A. Juniors and the Methodist Boys' Bible class will meet in friendly contest in the gymnasium and at 8:45 the final game in the class trophy series will be decided, the contesting teams being chosen from the Young Men's and the High School gymnasium classes.

This is expected to be the banner game of the series, and a fast and interesting game is assured. At 10 p.m. the winners of the trophy with the runners up as well as a few of the physical department officials will be entertained at a supper at which Dr. Brown, Jr., will give a short address. The basketball games will be open for general admission and tickets can be secured from any member of the class teams or at the door this evening.

Shiloh's Cure

QUICKLY STOPS COUGHS, CURES COLDS, HEALS THE THROAT AND LUNGS. 25 CENTS

NELSON NEWS OF THE DAY

The I.O.F. guards will meet this afternoon at 3 o'clock for practice.

The street railway returns for the month of February are as follows: Total passengers carried, 21,334; total receipts, $820.15.

F. Wilkinson, of the Canadian Home Investment Company, Limited, is leaving town today on a business trip and will be away indefinitely.

The regular monthly meeting of Aberdeen hive No. 12, L.O.T.M., will be held this evening and will begin at 7.30 o'clock. Invited guests will be received at 8.30.

At the March session of the University club, which has been put forward to Friday evening, B. P. Steeves will read the monthly paper, which will deal with the subject of "Primitive Man." The meeting will be held in the board room of the public school at 8 o'clock, and all interested in the subject of discussion, or in the objects of the club, will be welcome.

Skating at the Alice Roller rink today. 260-tf.

Ask or write for the Hudson's Bay company's grocery price list. 161-tf

A mortgage sale will take place at the Hume hotel on Saturday next at noon when lot 212 of lot 304 will be offered for sale by C. A. Waterman & Co. The lot is two blocks south of the carline on Innis street and is 300 feet by 256 feet. According to the division of city lots this block will make 24 lots of 25 foot frontage by 120 feet to a 16 foot lane. Now that the cars are running regularly there is a demand for land near the carline. The lot in question is bound by Delbruck, Hall, Josephine and Richards streets as extended. The lot will be sold subject to a reserved bid.

NOTICE

Stolen from Ross Fleming's store at Fairview on Friday, March 1, the following Dominion Express money orders, Series of Nos. 199245, 199246, 199247, 199248, 199249.

Do not cash the above orders as payment has been stopped. If any one presents any of these orders please advise Chief of Police Young or telephone the *office at once.* W. J. Labadie, agent Dominion Express company.

AT THE THEATRE

At the Starland theatre tomorrow night "She," the great Thanhouser feature film in two reels, will be shown. This weird and mysterious tale is from the gifted pen of Rider Haggard. It is a story replete dent with gorgeous scenes, portraying the mysteries of Egyptian worship, of the tricks and wonders of that magic, which even in the most ancient times has surrounded the land of the Pharaohs with a certain indefinable awesome spell. This mystifying motion picture is a masterpiece and is in a class by itself and should not be missed.

"Brown of Harvard" (Selig), which is included in the program at the Gem theatre this evening, is an adaptation of the popular stage production of the same name. It is set in very appropriate background and deals with the adventures of Tom Brown, his sweetheart and his college friends. The elaborate and cleverly enacted visualization of Henry Woodruff's greatest dramatic success was produced by special arrangement with the owners of the copyright of "Big Boat Race Scenes." "Uncle Hiram's List," Edison comedy, is a tale of a country village with many different types. Uncle Hiram, the village censor, keeps a "skunk list" on which he inscribed the names of all guilty of meanness. How Jimmie got on and how he got taken off forms the plot. "Pathe's Weekly" is a most interesting budget of illustrated news. The orchestra, which will render selections from Il Trovatore will be augmented by flute (A. Tregillus) and trombone (Ross Fleming.)

WANT CATTLE TESTED FOR TUBERCULAR GERM

LONDON, March 5—A scheme is on foot to establish a cattle testing station in this country which would abolish the disabilities under which the export trade is carried on at the present time. The authorities have taken a sympathetic interest in the subject but they are unable to make a move in the matter until the various importing states signify their acceptance of an English certificate of immunity from tuberculosis as disclosed by the tuberculin test. This, briefly, is the position of affairs but it is more than likely that the Dominions will fall into line with a movement which is now maturing to create a testing station for pure bred cattle sent out to South Africa.

MAY DIE FROM ASSAULT OF TWO MONTHS AGO

WINNIPEG, March 5—Murderously assaulted in the basement of the Ontario hotel, Winnipeg, where he was employed as a porter early in January, David Hodder is in St. Boniface hospital with his life despaired of. Hodder was attacked while fixing the gas in the dark. He was knocked insensible and stabbed in the back, his money and watch being taken. He was sent to the hospital and was discharged in a couple of weeks, but during the last few days was taken ill again as a result of his injuries and had to return for treatment. He is not expected to recover and an ante-mortem statement will be taken. Hodder is a Polander and has been in the country for four years.

Can You Ask More?

Your Money Back for the Asking—You Promise Nothing

We are so confident that we can furnish relief for indigestion and dyspepsia that we promise to supply the medicine free of all cost to every one who uses it according to directions who is not perfectly satisfied with the results. We exact no promises and put no one under any obligation whatever. Surely nothing could be fairer. We are located right here where you live, and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one who is troubled with indigestion or dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. If they don't please you, tell us and we will quickly return your money. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity. Three sizes, 25c, 50c and $1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store. The Poole Drug Co., Ltd.

"PAPA" FALLIERES AROUSES JEALOUSY

Bestowal of Ribbon on Brussels Dancers Brings Trouble—"The Horrid Things," Say Toe Twinklers.

PARIS, March 5.—Everybody knows that President Fallieres, commonly called "Papa" Fallieres, is a very good-natured man, but nowadays even his best friends wouldn't dare suggest to him to give the ribbon of the French Academy to a dancer or other actress.

He allowed his good nature to run away with his knowledge or supposed knowledge of women's ways, when he visited Brussels some weeks ago, and ever since he is afraid to look at his mail, besides stirring up a strike in the neighboring capital.

Fallieres, it seems, conferred on the three chief ballerinas of the Royal theater in Brussels the ribbon of the French Academy, which cost the republic about five centimes. But when the three Brussels dancers pinned the ribbon on their bosoms it looked like a 100,000 francs to their rivals or would-be rivals.

The whole corps de ballet, backed by a fiddler, rose as one man, or one suffragette, and demanded loudly ribbons for everybody shaking a leg at the Royal institution. Forming a procession, they descended upon the management, denounced the recipients of the ribbons as cats, coquettes and worse, and protested that they would strike unless "Papa" Fallieres honored them as he honored the aforesaid cats, coquettes and worse.

PRINCE ALBERT SEEKS PUBLICITY IN WINNIPEG

PRINCE ALBERT, Sask., March 5—At a meeting of the board of trade executive it was decided to send a letter to H. H. McLeod, general manager of the C.N.R., asking him when the company proposes to begin the construction of the Hudson Bay railway from this city. Mayor Morton, when in Winnipeg in the next few days, will have an interview with Mr. McLeod in regard to the matter. The board has decided also to take a space in the industrial building which is being erected on Main street, Winnipeg, by the industrial bureau of Winnipeg.

SELECT SITE

PRINCE ALBERT, Sask., March 5—According to a statement made in the council meeting last night by Mayor Morton the site picked by the Dominion government for the new armory in Prince Albert is that on which the old land titles office on Twelfth street east stands. The proposal is that the government give this property as a site and that the city add to the site by purchasing four lots at the rear.

REAL SUICIDE CLUB AT ST. PETERSBURG

Most of Discussions at Meetings Centres on Original Methods for Committing Suicide

ST. PETERSBURG, March 5.—A contributor to the Vecernaya Vremya describes one of the meetings of the "Friends of Death," a suicide league, which is said to have a large membership in St. Petersburg.

The meeting which was held in a house in the heart of the city began early in the evening in order not to excite the attention of the police, and for the same reason the members arrived singly, many of them by the back entrance. These included men and women, young and old. Several of the men were in uniform. The large meeting room was thickly carpeted, and heavy curtains masked the windows. Over the door itself two crossed scythes were shown on a flaming red background.

Portraits of Schopenhauer, Hartmann and other apostles of pessims were hung on the walls, also a large picture portraying the legendary dispute between life and death. A few candles gave the only light by which the proceedings were conducted.

The president and other committeemen sat at a long table covered with a black cloth, on which was an urn in which the suicidal lots are cast.

Three dull knocks from a hammer enveloped in black cloth intimated that the meeting was open. The president began by expressing his sympathy with a member of the league, a woman, who had recently attempted suicide, but as yet without fatal results. He added the fervent hope that she would meet the death she desired. By way of endorsing his words, all present rose in silence. Another member said that happily the wound received by the woman was dangerous and there was no hope of her recovery.

The greater part of the subsequent discussion turned on the question of devising original methods of suicide. It came out that nine of the members on whom the lot had fallen had previously sworn not to take their lives under commonplace conditions. Various suggestions were made but the one most favorably conceived was that a considerable number of the members should commit suicide en masse, it being calculated that the sensation thereby produced would attract a number of recruits to the league. It was proposed that a dinner be arranged at a fashionable restaurant and that the diners swallow cyanide of potassium out of champagne glasses. Their funerals would be organized in great pomp in order to affect impressionable people.

The evening closed with the playing of a funeral march and a requiem, composed by a member of the league who recently took his life.

SANATORIUM FOR BANKRUPTS

Strange Bequest Made by Wealthy Russian Lady.

ST. PETERSBURG, March 5.—A singular foundation is to be established near St. Petersburg through the will of the wife of the jeweler, Ivanoff, who left two and a half million rouples under strange conditions. A million had to be spent on a sanatorium for bankrupts, so that as a result of the anxiety their failures cause them, they can spend a few weeks under conditions which will conduce to the restoration of their shattered health. Part of the money, according to the widow's instructions, had to be spent on those daughters of bankrupts who had seen better days by preparing them for occupations. The sanatorium will be built near St. Petersburg. The widow also left money for schools for manual workers. Her relatives are contesting the will, contending that she was not of sound mind when it was executed.

TO PLACATE POLISH VOTERS

Obnoxious Features of Chelm Bill Defeated in Russian Duma.

ST. PETERSBURG, March 5.—As the result of an energetic three-year fight by the Poles the essential feature of the Chelm bill, which has been described as the "fourth partition" of Poland, was defeated today in the duma, which voted to leave the new province in the kingdom of Poland.

The proposal to transfer the Chelm province to Russia was the crux of the bill, and was particularly obnoxious to the Poles. Its rejection by the duma means that important judicial and civil practices will continue to be carried out under the Napoleon code, which is still in force in Poland.

The Octobrists also voted to postpone the bill limiting the German colonization of Volhynia, and other western governments.

These votes are significant of the change which has come over the Nationalist course, which was prevalent at the beginning of the duma. The change undoubtedly has been influenced by the desire of the Octobrists to obtain the support of Polish and German voters at the elections next autumn.

A Young Girl's Danger

Between the ages of 11 and 15 years is a critical and dangerous period for nearly all young girls, and parents who are as watchful as they should be, give them the closest attention and consideration at that time.

The unusual demands on a young girls' strength make it necessary to keep her well nourished and her blood rich and pure. We are often consulted by anxious mothers when they see their daughters becoming pale, thin, weak and nervous and we always recommend the use of Vinol, our delicious cod liver oil and iron tonic. It revives flagging strength ,enriches the blood with iron and puts the glow of health in the cheeks. Vinol does wonders for all who are weak and run down and if it does not benefit, it costs not one cent. That shows how much we believe in it.

SIX CASES FOR COUNTY COURT

Slander Case Will be Heard by Judge Forin and Jury Next Monday

Six cases have been set down for hearing at the sittings of the county court which open on Monday morning next. The first on the list is an action for alleged slander brought by Edward Litchfield against Mr. and Mrs. William Pascoe. The damages claimed are $2,000. A jury will hear the case. J. S. Mackay is for the plaintiff and A. M. Johnson is for the defence.

The C.P.R. vs. the Cooke Lumber company is a suit for an unnamed sum for work, materials and labor. E. C. Wragge is solicitor for the plaintiff and W. B. Farris for the defendant company.

A claim of $247 for salary is made by F. Rowley Turner who is suing the Wattsburg Lumber company. W. B. Farris is for the plaintiff.

In E. S. Coffman vs. the Salmon River Gold Mining & Milling Co. Fred C. Moffatt will ask for an order for the enforcement of a mechanic's lien.

John Boman vs. James Hearn is an action for goods, sold and delivered, E. C. Wragge appearing for the plaintiff.

The sixth case set down is the Provident Trust Corporation, Limited, vs. Charles Schwartzenhauer, a suit for $138.64 claimed under an agreement. E. C. Wragge is for the plaintiff and E. S. H. Winn for the defence.

CANADIAN RAILWAYS IN UNITED STATES

Canadian Pacific and Grand Trunk Contribute ome Striking Working Results

The inter-state commerce commission of the United States issues from time to time bulletins containing interesting statistics regarding the operation of the steam railways. One of these bulletins, recently distributed, shows that from July, 1911, the total operating revenues of all railways whose returns were filed on or before Sept. 20, 1911, amounted to $231,688,006, of which the sub-divisions were:

Freight, $148,596,538, or 64.13 per cent; passenger, $64,054,175, or 27.65 per cent; other transportation revenue, $16,697,154, or 7.20 per cent; non-transportation revenue, $2,398,139, or 1.02¼ per cent. The total operating expenses for the same month $158,016,403, or 68.20 per cent.

It may come as a surprise to many that the two principal Canadian railways operate as many miles of railway as they do in the United States. The bulletin in question shows that the Canadian Pacific system lines in the United States represented 4,763 miles, the total operating revenues being in the month of July $2,464,806.

On the other hand, the Grand Trunk system, long known as the International route, and with its main line from Portland, Me., to Chicago, operates in the United States (including the Central Vermont railway) 1,582 miles, the total operating revenues in July being from these United States lines $1,351,570.—Financial News.

MASQUERADE BALL DELIGHTFUL AFFAIR

Leap Year Dance at Slocan Junction Proves Most Successful—Many Striking Costumes

(Special to The Daily News.)

SLOCAN JUNCTION, B.C., March 5.—The leap year masquerade ball on Thursday night in the new hall proved the most successful affair of its kind ever held in this district. There were 130 present and the costumes presented a brilliant panorama of color. An excellent supper was provided by J. W. Moore. Among the many wearing striking costumes were:

Mrs. Wheeldon, hospital nurse; Miss Redhead, parlor maid; C. Grey, cricketer; Master Patey, Indian; William Oliver, Indian; Mrs. Anderson, Puritan; Mr. Wheeldon, Topsy; Miss Kathleen Grey, gypsy; Messrs. Bennet and Baker, Coreans Mrs. Arnold, witch; Miss Oliver, rose garland; J. Purdy, Dutchman; Mrs. J. W. Moore, country girl; Mrs. Botting domino; Miss Power, Portia; R. J. Long, grandma; Mrs. Channey, early Victorian costume; H. Broadwood, Chinese cook; Miss Roberts, Mother Hubbard; Jack Grey, pierrot; G. Ashby and O. W. Humphries, courtiers; Chisholm Grey, French cook; Mrs. Patey, fortune teller; Mr. Willey, harlequin; Miss E. Anderson, June Roses; Messrs. Norris, Ridge and Watts, three Japanese girls; E. Walker, the missing link; O. Oliver, cowboy; Mrs. S. Martin, powder and patches; William Moore, hobo; Mrs. T. C. Cummins, hospital nurse; Mrs. Humphries, Mother Hubbard; Miss Nora Humphries, Red Riding Hood; A. Smith, clown; Miss Marsden, Britannia; W. Meineruk, Monkey brand; Mrs. Ashby, Dolly Varden; Miss Brett, Grecian; Miss Janet Patey, Russian girl; C. Patey, leap year; Jack Purdy, comic; Mrs. C. Grey, dairymaid; Mrs. C. W. Lester and Mrs. Hardy, ladies of the period; B. G. D. Rennie, Rocky Mountain Rangers; Mrs. Willey, Dutch girl; Miss channey, spring; the Crescent Valley baseball team, in baseball costume; D. Mann and A. White, C.P.R. conductors.

DR SMYTH WINS

DR. SMYTH WINNER IN CHESS TOURNEY

Several good games of chess were pulled off last night at the Y.M.C.A. Chess club. Dr. Smyth was again the winner of the evening, winning four out of the five games played, progressively. H. W. Rust was the only man to get the doctor's king. The next meeting of the club will be on March 19.

PYTHIAN DANCE GREATLY ENJOYED

Large Number of People Enjoy Hospitality of Knights of Pythias and Pythian Sisters

The Knights of Pythias dance and banquet held in the Eagle hall last night was heartily enjoyed by over 350 people. The hospitality of this order is well known and last night's efforts certainly bore out their reputation. Dancing commenced at 9 o'clock and card tables were provided for those who did not dance. At 12 o'clock a banquet consisting of turkey, cold meats, salads and numerous other good things was served and the tables presented a most inviting appearance, being tastefully decorated. The catering was done by Mr. and Mrs. Lacey.

The color scheme of the decorations was the colors of the order. After the banquet dancing and cards were resumed. The Gem orchestra provided the music.

PRESBYTERIANS ARE AGAINST UNION

But Vote is not Representative of Local Church and Another Vote is Called For

By a vote of 34 to 21 the congregation of St. Paul's Presbyterian church have declared against the proposed union of the Presbyterian, Methodist and Congregational churches, but as the number of ballots cast is not representative of the local church it was decided at a meeting of the session held last night to call for an additional vote next Sunday to allow those who have not exercised the franchise to do so.

Of the ballots cast in the first vote three were rejected on account of being unsigned. These were against union.

For Eczema

Use a mild soothing wash that instantly stops the itch.

We have sold many other remedies for skin troubles but none that we could personally recommend as we do the D. D. D. Prescription. If I had Eczema I'd use
