EEDS BUSINESS ADMINISTRATION

esbyterians Discuss Budget and Church Union

NION RESOLUTION TO COMMITTEE

e Million Two Hundred Thousand Dollars Needed This Year

(By Daily News Leased Wire.)

DMONTON, Alta., June 7—Two stions of the highest interest to sbyterians occupied the attention the Presbytery during the sessions ay. The first of these was the mat- of church union and the second s that of the million dollar budget. e debate on the latter was keener n that on church union which was errupted in the morning by the ar- al of the hour of adjournment.

n the afternoon when the question the budget came up Edward Brown Winnipeg made a stirring appeal for creation of a better business administration stating that the church s failing to get from the men of alth in the denomination the large ts which ought to be obtained and at the Methodist church was far re successful in this respect than Presbyterian.

Dr. Somerville read a statement inded to show that the Presbyterians the west had fallen behind this year their gifts to the home missions to ich James McQueen of Edmonton plied by making the statement that Presbytery of New Westminster in ich the city of Vancouver is situ d, made last year gifts to the urch three times as large per ca inicant as the presbytery of Toron The new resolutions of the unio mittee were submitted to the assembly at the morning session. A olution prepared by the committee Toronto in March had created the pression that the body was not as lent for the cause as it had been l the statements prepared at the eting here were intended to place matter in the clearest light possible and to render it obvious to all at the determination of the organization was irrevocably set for the consummation of the plan. Inspiring addresses on the subject were made by v. Principal Gordon of Queens university and by Rev. Dr. W. J. Clark, inister of the Westmount Presbyterian church, Montreal. Rev. Dr. Campbell of Montreal raised the technical int that when the union committee journed in Toronto it did not adurn to meet in Edmonton and that articles prepared in this city were refore not to be taken as the resolion of the committee. Rev. Dr. J. rrest of Halifax stated that it was ly understood when the committee journed in Toronto that they were meet in Edmonton and Rev. Dr. val, in a characteristc utterance deated the use of a technicality to ck the discussion of the subject and ted that at every meeting of the assembly since the question of union had n a living issue a meeting of the mittee had been held prior to the ate of the question. Principal Gordon in his presentation of the question d that the Congregational Methodist l Presbyterian churches were not arated as many churches were in er countries. They were all of the ne Puritan origin with similar aims l purposes. Rev. Dr. W. J. Clarke ke of the decisive nature of the vote ich had been taken in the various urches. Although this vote settled issue in a democracy, the church s a Christian democracy and the hes of the minority were to be reded. For this reason, many names l been added to the union committee, these names being chiefly of those o had been opposed to the movent. With refeence to the possibility discontinuing the movement for ion there was only one adjective ich could be used to describe it, nely, the word suicidal. The Methodt church with which it was proposed h the Congregational, to form the ion, was one from which the highadmiration could not be withheld. y man who knew the facts must be ed with profound respect for that at body. It had been constantly ard that large sums of money would saved by amalgamation. The aker did not consider the plan as to save money but to expend very ge sums in the wisest manner. The on of the three churches was a liminary step and he had faith to eve that the pending question would be followed by still other negotiations and unions.

Principal McKay of Vancouver moved that the new resolutions regarding union with all the related papers be sent to a large committee and this was agreed to.

Systematic Benevolence

In the afternoon Principal Alfred Gandier of Knox college presented the report of the committee on systematic beneficence which included the budget for the year. Three years ago the cry of a million for missions had been raised in the church and since that time the effort had been made to secure this amount each year. This year the sum of $1,100,000 was asked. The various committees had sen in requests for $100,000 in excess of this amount but the total had been reduced to the amount mentioned. A tribute was paid by the speaker to Rev. Dr. R. P. McKay and Rev. Dr. S. A. Grant for their great services in creating a deeper interest in the important work of the denomination in home and foreign lands. If the congregations he said, really understood what was being done by the devoted representatives of the church there would be no difficulty in securing not only one but two million dollars.

Rev. Dr. Grant in discussing the budget said that the only way to deal with the situation was the way of exact business. The fact was that the church would really need for the year 1913 the sum of $1,200,000. It was committed to undertakings which would require this sum. The thing to be done was to make it clear to the members of the denomination that this sum was needed and it would be forthcoming. All depended on a business organization.

Rev. Dr. Gordon referred to the existing conditions in China and based on it a strong appeal for a larger budget. He also spoke of the continued stream of immigration and said that a hundred new mission fields would be opened in 1913.

J. K. Macdonald of Toronto, a leading financier of that city, moved that the budget should be increased to $1,200,000. He referred to the unexampled extravagance of modern life and said that there should be no difficulty in obtaining all the money that was needed.

Cheap Administration

Edward Brown spoke of the need of a thorough administration of the business of the church. The attempt was being made to do this too cheaply. He did not believe in a cheap administration. The condition with which the church was confronted was unrralleled in history. Extraordinary eps must be taken to meet it. The mplete support of the men of wealth in the church must be obtained and this could only be obtained by placing responsibility on these men. A small executive must be appointed composed of laymen accustomed to business methods. This executive must have a chairman, a man clothed with authority and power. This man would act as the executive agent of the church and would obtain the large gifts needed for the proper prosecution of the enterprises of the church. Mr. Brown stated that information with reference to the finances of the denomination could not be obtained from the Toronto office and that this information ought to be available at any time. Dr. Somerville replied that it was impossible to furnish detailed information promptly on account of the large number of entries to be made at the close of the year.

Archdeacon Gray appeared before the assembly bearing the greetings and good wishes of the Anglican communion and the mayor of the city extended a formal welcome.

TIE UP BUILDING OPERATIONS

Two Hundred Bricklayers go on Strike at Regina—May Spread Through West

(By Daily News Leased Wire.)

REGINA, Sask., June 7—Dissatisfied with the employment of unskilled men on work which they consider should be done by skilled workmen upwards of 200 bricklayers struck this afternoon. Trouble between the masters and men has been brewing ever since the adoption of the maximum wage scale by the provincial builders' exchange and it is now feared that a general strike may be precipitated and totally tie up building operations in the city. Some of the men talk of the possibility of a strike in the building trades throughout the west thought the exact nature of their demand has not been made known. Contractors and men alike are reticent with regard to the situation though it is conceded by all that a strike at the present time would be disastrous for all concerned and a great set back to the city.

HALFBREED CONVICT SLASHES HIS THROAT

(By Daily News Leased Wire.)

LETHBRIDGE, June 7.—A halfbreed named Gradeau attempted to commit suicide this morning at the provincial jail by slashing his throat from ear to ear with a razor. He was given medical attention and will recover.

Fire Destroys Crescent Valley Planing Mill

tarted by a spark from the smokeck the planing mill of the Britsadian Lumber company at Crest Valley and four cars loaded with ber were destroyed by fire yester. Although unquenched late last ht it was not believed that there was any danger of the blaze spreading to the mill, which is some distance away. Some lumber in the planer was also destroyed.

As to whether any insurance was carried local officials of the company last night were unable to say and no statement was given as to the loss.

BOSTON IN THROES OF CAR STRIKE

Service in Many Parts of City Completely Paralyzed

MOB STONES CARS BLOCKADES TRACK

Police Badly Beaten--Motormen and Conductors Taken to Hospital

(By Daily News Leased Wire.)

BOSTON, June 7.—Boston was in the throes tonight of a strike of several thousand street railway employes, which completely paralyzed service on many divisons and seriously crippled others.

Mobs marched in various districts, attacking the working crews, stoning cars and rolling boulders and other obstacles on the tracks. Scores of arrests were made. Police guarded every one of the few cars in operation.

Shots were fired in two instances from crowds of strike sympathizers. The police were badly beaten, particularly in Cambridge. Some motormen and conductors who defied the strike order are in the hospital suffering from injuries at the hands of mobs. Others passed the night bunking in car barns awaiting an early morning call for duty.

For five hours after midnight the car service was entirely suspended. Officials of the company said that this was because police protection could not be guaranteed. Practically all of the surface lines from the suburbs were tied up after midnight, the company withdrawing the cars as acts of violence increased. In the Dorchester division service was suspended early in the night. At 10 o'clock the Malden, Medford and West Medford service was cancelled, and an hour later cars had ceased running in South Boston. All attempts to run cars in Cambridge, where the greater part of the night rioting occurred, were given up before midnight.

COBALT FIRE CONSUMES BYLAWS

City Clerk Working on Books at Time of Blaze—All Are Total Loss

(By Daily News Leased Wire.)

COBALT, Ont., June 7—Considering the size of the fire very little interruption was caused to business in Cobalt by the conflagration. Today most of those burned out by the flames are carrying on business in temporary quarters with the exception of the store keepers who lost their stocks and the hotel and theatre. The ruins have now cooled sufficiently to get out the safes from the various offices and stores. That of the Nipissing Land company was found to have preserved its contents in good shape. Beyond some scorching of the papers all the records of the company including leases have been recovered. The biggest loser of papers and records was the township of Coleman, J. P. Hart, the clerk, was working on the township books just before the fire started and all the records went up in smoke. The township is today without bylaws all of them having been burned. It will be necessary for the council to pass new bylaws from time to time as they may be needed. The total losses have been brought to an aggregate of about $175,000, with $35,000 insurance.

BODY OF TITANIC VICTIM RECOVERED

Steamer Reports Numerous Icebergs East of Cape Race and Heavy Fog

(By Daily News Leased Wire.)

ST. JOHN, Nfld., June 7—The steamer Algerine which was sent out by the White Star line to search for bodies of Titanic victims returned today with one body aboard. The body could not be identified and probably will be buried here.

Wireless reports from the steamer Rappahannock bound for Halifax and St. John, N.B., from London, tell of a narrow escape from collision with an iceberg. The steamer was proceeding through the fog on Tuesday morning when an immense berg was sighted and the steamers course was altered just in time. Several incoming steamers report a large number of bergs about 250 miles east of Cape Race.

DROWNING AT PORTAGE

(By Daily News Leased Wire.)

PORTAGE, Man., June 7—A gloom was cast over Portage this afternoon when it was learned that two young men had been drowned in Crescent lake. The victims are Sidney Herco, manager of a cigar store, and Graham Paisley, son of a well known citizens. Herco came here from Winnipeg six months ago.

DEPUTY FIRES AT PRESIDENT

Murderous Scene in Hungarian Diet

ASSASSIN TURNS GUN ON HIMSELF

Bullets Buried in President's Desk--Expresses Sympathy for Madman

(Western Associated Press.)

BUDAPEST, Hungary, June 7.—Count Tisza, president of the lower house, had a very narrow escape from assassination in the diet this morning. He was fired upon three times by Deputy Julius Kovach, who then shot himself, probably with fatal effect. Count Tisza was unscathed. Kovach was one of the most militant members of the opposition and was among those who were rejected from the chamber on Wednesday because of disorderly conduct. He was suspended for several sittings but this morning when the chamber convened he managed to evade the police and found his way into the press gallery.

Soon after the proceedings opened Kovach moved to the front of the gallery and shouting "There are still opposition members in the chamber," drew a revolver and emptied three chambers in the direction of the president, then seemingly chagrined at his bad marksmanship he put two bullets into his own body. The attack upon the count is a direct outcome of the agitation which has been persisted in since his election as speaker on May 22. Tisza is an opponent of universal suffrage and on this issue his election was contested with bitterness that culminated in violence in the chamber and bloodshed in the streets. Free fights occurred around the voting urn and finally the whole opposition party left the chamber and Tisza was elected by the government party.

That same night the Socialist union decided to proclaim a strike of all union st works in Budapest with the exception of the municipal employees.

During the two days there was much rioting and many persons were killed by the soldiers and police. The whole affair was looked on as of a revolutionary character and the government was compelled to compromise with the Socialists by inducing manufacturers involved in the strike to make certain concessions.

The men returned to work on May 25 and the demonstrations changed from the streets to the diet. The opposition, by noisy tactics, prevented the passage of legislation and the deadlock was unbroken until last Tuesday, when President Tisza forced through the government's defense bills.

On the following day, when the proceedings were again interrupted by the use of noise-making devices, the president called in the police, who expelled 30 members of the opposition. Later these, with other obstructionists, were suspended for from 15 to 25 sittings. Kovach was one of those who was refused participation in the proceedings.

Throughout the shooting Count Tisza had remained seated and after the wounded Kovach was removed he invited the house to "express your sympathy for the sad fate that has befallen this madman."

The three shots fired at the president of the chamber buried themselves in his desk. It appears that Kovach, while on his way to the parliament buildings, said to friends that if he succeeded in getting inside the chamber he would not leave it alive. Kovach is said to be in serious financial difficulty.

COUNTESS OFFERS TO KEEP STRIKERS' CHILDREN

(By Daily News Leased Wire.)

LONDON, June 7—The Countess of Warwick has offered to pay for the keep of 1,000 children as long as the dock strike continues.

WOULD MAKE YEAR THIRTEEN MONTHS

Royal Society Proposes to Alter Number of Days in Month to Twenty-Eight.

(By Daily News Leased Wire.)

OTTAWA, June 7.—The prime minister was waited upon today by a deputation of the Royal Society of Canada comprising the president, Dr. W. N. Lesueur, Secretary D. C. Scott, Sir Sandford Fleming, Sir James Grant, Dr. W. F. King, Lawrence Lambe, Dr. Klotz, Benjamin Aulte, J. S. Plaskette and Erron Bouchette, the subject of the deputation being the reform of the calendar, the proposal being to have 13 months each of 28 days which with one day extra in each year, which is not to count. Thus each month would be of exactly the same length and the relation between the day of the month and the day of the week would be constant. The deputation asked Mr. Borden to request the government of the United Kingdom to take steps to obtain international consideration of the proposal. Mr. Borden promised consideration.

ARREST BELGIAN BANKER AT BALFOUR

C. J. Verbeke Said to Have Defrauded Creditors

SENTENCED AFTER HE LEFT COUNTRY

Four and Half Years Imprisonment--Awaits Extradition Proceedings

Convicted in Belgium after he left the country of fraudulent bankruptcy and sentenced to four and a half years imprisonment Charles Joseph Verbeke, a banker was yesterday arrested by the provincial police at his ranch at Balfour and lodged in the provincial jail here where he awaits extradition proceedings.

Ten thousand dollars is the amount out of which Mr. Verbeke is stated to have defrauded his creditors although he is said to declare that after becoming a bankrupt he paid off a large sum of the money he owed and that relatives also assisted in meeting his liabilities. He claims that he did not know that he had committed any offense and that he had no intention of flying from justice when he left Belgium and came to Canada 17 months ago.

Not Present at His Trial

For some months he has been located with his family on a ranch which he purchased at Balfour and for two months with his eldest son, 19 years of age, he has been working on government road construction. His wife, a daughter and a second son are also at the ranch.

It was at St. Nickolas, Belgium that the offence for which Mr. Verbeke was convicted and sentenced after he had left the country, occurred, the Belgium law permitting the trial of persons who are not present.

He is being held in the provincial jail on an information sworn by Chief Constable Black before Stipendiary Magistrate Bullock-Webster. C. R. Hamilton, K.C., is representing the federal department of justice through which the arrest, which was made by Constable Wightman, was ordered.

Well Educated Man

A telegram stating the offence with which Mr. Verbeke was charged was received here some weeks ago by Chief of Police Young who located the Belgian at Balfour and handed the matter over to Chief Constable Black as the case was outside the jurisdiction of the city police. Since that time Chief Black and Mr. Hamilton have been in correspondence with the department of justice, securing the facts in the case and the necessary papers.

Mr. Verbeke is a well educated man of pleasing appearance and has made numerous friends during his stay in Kootenay.

The extradition proceedings will be commenced on the return of Judge Forin from the coast next week. It will be the first hearing of the kind in Nelson for many years.

NESBITT CASE TO BE AGAIN POSTPONED

(By Daily News Leased Wire.)

TORONTO, June 7—When the case of Dr. Nesbitt comes up on Friday next there will be another postponement. George Tate Blackstock, K.C., has found that he is unable to go on with the case that day and after adjournment yesterday arrangements were made with the magistrate to go on with the case on Tuesday, June 18.

SENATOR DIXON GROWS WARM

Is Not Prepared to Believe That National Committee Will Murder Republican Party.

(By Daily News Leased Wire.)

CHICAGO, June 7.—Senator Dixon, at the Roosevelt headquarters, issued a statemen tonight excoriating members of the national committee.

"Until the roll was called in the Alabama district," says the statement, "I was not prepared to believe that a majority of the national committee was prepared deliberately to murder the Republican party. The nation might as well know the truth. Three minutes before the roll was called on this contest Senator Crane of Massachusetts walked over to Mr. Stevenson of Colorado, who holds the proxy of Senator Scott of West Virginia, and said to him: 'We simply cannot afford to go on record in this case against seating the Roosevelt delegates; the case is so plain the country will not stand for it.'

"Mr. Stevenson replied: 'We have to do it. Of course, there is no justification in fact, but if once we establish a precedent we will have to yield in other cases.'

"The theft was cold-blooded, premediated and deliberate. With the record of roll call of the Ninth Alabama congressional district I now deliberately charge that a majority of the national committee, in violation of their sacred trust as trustees of the Republican party, in fear and hatred of Colonel Roosevelt, have entered into an agreement among themselves to unseat all and every Roosevelt delegate regardless of right.

"In his bitterness at being repudiated by the Republican voters Mr. Taft has now determined if possible to wreck the party rather than permit it to win with Colonel Roosevelt as its candidate. But the national committee is not the national convention, as will be seen."

Mr. Stevenson denied absolutely the conversation attributed to him and Murray Crane anent the Ninth Alabama delegation and said he would demand that it be made right tomorrow.

ANTI-RECIPROCITY LEAGUE IS REVIVED

(By Daily News Leased Wire.)

MONTREAL, June 7.—The Anti-Reciprocity League of Canada was revived this afternoon at a well-attended meeting here. Among the speakers from outside the city were W. K. George and G. T. Somers of Toronto. The revival of the league is intended as a reply to a speech of Sir Wilfrid Laurier in which he expressed his continued belief in the reciprocity policy. The league is to continue in existence independent of any political bias and its aims will be "the maintenance of Canada'a fiscal independence and the British connection."

NINE SOCIALISTS RETURNED TO LANDTAG

(By Daily News Leased Wire.)

SODOLSTADT, Germany, June 7.—Nine Socialists were returned to the Landtag in today's election.

The election was made necessary by the dissolution of the body on March 4, when the Socialists refused to assent to the proposed election reforms which were intended to increase the voting strength of the highest taxpayers. The victory of the Socialists today makes their strength in the Landtag the same as it was at the time of dissolution.

GARMENT WORKERS OUT ON STRIKE

Four Thousand More Expected to Join Strikers in Montreal This Evening

(By Daily News Leased Wire.)

MONTREAL, June 7—While at present there are 600 employees on strike it is expected that by this evening there will be some 4,000 garment workers out in an industrial war greater and more significant than has ever before been experienced in this city.

Felix Marois of the conciliation and arbitration department of the Quebec government interviewed all the leading members of the Montreal Clothing association to bring about a settlement but it was of no avail. The manufacturers told him they could not possibly under the circumstances agree to the demands.

SIX CARS OF CEMENT REACH CALGARY

(By Daily News Leased Wire.)

CALGARY, June 7.—Six cars of cement came in from the other side yesterday and are now in the city stores. This will keep the contractors who are on city work supplied for a little while. There are also 14 cars in transit, so the difficulty from this source should be removed in a short time. In the meantime the supply from local sources is not being ignored as the city is getting about a car a day which is being stored and will be put out as soon as it is considered advisable.

GOVERNMENT WILL STAGE EXHIBIT

Can Give West Kootenay Space at Lethbridge

EACH DISTRICT TO GET FULL CREDIT

Provincial Display to Be Made Up of Produce from Various Sections

Free of all cost and with its identity as a West Kootenay exhibit retained the provincial government is willing to convey to the International Dry Farming congress at Lethbridge the display of agricultural products, minerals and timber and make all arrangements for its staging, if this district will bear the cost of assembling the exhibit.

This offer was conveyed to a meeting in the board of trade rooms yesterday afternoon by W. J. Brandrith, exhibitions commissioner, who declared that he had been given authority by the department of agriculture not to allow any province in Canada or any state in the United States of America to excel British Columbia's exhibit at the congress.

If West Kootenay accepts the offer of the government the exhibit for this district will be assembled at some suitable point and then taken charge of by Mr. Brandrith, who will see to its transportation to Lethbridge and its proper staging as an individual portion of the general British Columbia exhibit. In each case the displays from the various districts, of which there are about eight, will be staged in such a manner that the different sections will be given full credit for their produce, streamers and signs singling out each exhibit. The provincial display will be strictly noncompetitive.

All expenses will be paid by the government from the point at which the district exhibits are assembled. Expenses of collection will be borne, under the government offer, by the different districts.

W. G. Foster was in the chair and among others present were R. W. Hinton, H. H. Currie, E. W. Widdowson, G. F. Attree, Ald. Keefe, J. J. Campbell and George Horstead. A vote of thanks was passed to Mr. Brandrith for explaining the government's offer.

THIRTY THOUSAND TO DALHOUSIE FUND

HALIFAX, N.S., June 7—Thirty thousand dollars was added by Halifax today to the Dalhousie endowment fund, making the total $319,000. Of this amount F. L. McCurdy subscribed $12,500 on condition that the sum of $400,000 is raised and he wires he will make it $25,000 if $800,000 is secured which he thinks should be done. A subscription of $5,000 was received from an anonymous donor. Two more days remain for the campaign and the workers are in good hopes that the whole sum will be raised.

Disputed Delegates Given To President

CHICAGO, Ills., June 7—Twenty-four delegates from Alabama and Arkansas were added today to the Taft column by the action of the Republican national committee on the so-called Roosevelt contests from those states. All of the contests presented before the committee today were decided in Taft's favor and in all but two the decision of the committee was unanimous, although one roll call test apparently had shown 15 anti-Taft votes. The cases decided today were those of the six delegates at large and the two each in the first, second, fifth, sixth and ninth congressional districts and four delegates at large and two each from the first and second districts of Arkansas. There remain to be heard of the Arkansas contests those in the third, fourth, fifth and seventh districts. The contest over the six delegates at large from Arizona was postponed until a later day on motion of Committeeman Penrose of Pennsylvania. In view of the bitter feeling between the Taft and Roosevelt adherents the' meeting was surprisingly peaceful although it opened with a contest which seemed to forecast a degree of friction which, however, failed to materialize.

The vote on the ninth district brought the day's first definite lineup, 38 to 15 in favor of the so-called Taft delegates and closed the Alabama contests.

The Arkansas contests were next taken up, involving in 16 seats four of the delegates at large and 12 from the districts. J. A. Comer of Little Rock appeared as the Roosevelt leader from the state. The Roosevelt men charged that the Arkansas Republican organization consisted of "postmasters and other federal employees, the sole purpose of which organization is the distribution of federal patronage.' They declared "fraud intimidation and violence" had been threatened against the Roosevelt adherents.

"When we appeared at the convention hall we were met with revolvers and clubs," declared Mr. Comer. "Two Democratic constables were stationed inside the door with orders to prevent any Roosevelt delegates from getting in. At least one of our men was hit on the head by one of those constables."

In the county in which this was alleged to have occurred Mr. Comer said that 109 delegates to the county convention were for Roosevelt and only 73 for Taft, but the guards kept the Roosevelt men out.

H. L. Remmel of Little Rock, taking up the defense for the Taft deegates, said that a protesting delegation much like that before the national committee had gone to Washington several years ago and protested to President Roosevelt against Republican conditions in the state. He told them to go back to Arkansas and nominate a ticket and if they won he would recognize them as the Republican party in the state. The faction was defeated four to one in the election. "I saw President Roosevelt later," said he, "and asked him who constituted the Republican party in Arkansas. 'You do,' he said."

Mr. Remmel declared the selection of state and district delegates had been entirely regular and proper. In the county where Mr. Comer alleged fraud and rascality had occurred the Roosevelt forces did not take their contest to the state committee or before the committee on credentials.

After further argument the committee unanimously seated the four Taft delegates at large and those of the first district. In the second district Frank Kellogg of Minnesota, the "trust buster" and Thorsen of South Dakota were the only two to vote to seat the Roosevelt delegates. This completed the work of the committee for the day.

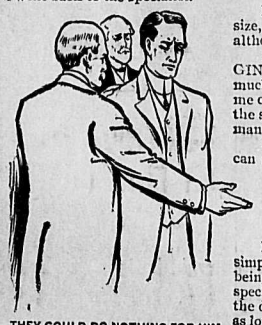
DOCTORS AFRAID TO OPERATE

Could Not Remove Stone From The Bladder. Gin Pills Enabled Him To Pass It.

JOLIETTE, P. Q.

"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with Stone In The Bladder. He decided on an operation and was assisted by another doctor. They said the calculus was larger than a bean and too hard to crush, and that they could not take it out.

I returned home suffering greatly, and did not know what to do, but was recommended by a friend to try GIN PILLS. I bought a box and found relief from the pain at once. I took a second and third box of GIN PILLS after which I went back to the specialist.



THEY COULD DO NOTHING FOR HIM

He told me the calculus was reduced in size, still he could not relieve me of it, although he tried for two and a half hours.

I returned home and continued to take GIN PILLS as they reduced the pain very much, but I did not expect they would relieve me of the stone, but to my great joy, I passed the stone on October 3rd, and am now a well man and very happy.

I am sending the stone to you so that you can see for yourself what a great work GIN PILLS did for me. GIN PILLS are the best medicine in the world and because they did so much for me, I will recommend them all the rest of my life".

J. ALBERT LESSARD.

Isn't it wonderful? Just think of these simple pills, that even children can take, being able to perform what the greatest specialists in Canada could not do. Surely, the days of the miracle have not passed away, as long as we have Gin Pills. These wonderful pills dissolve stone in the bladder or kidneys because they are a natural solvent for uric acid, which causes calculus. If GIN PILLS are not sold in your neighborhood, send us 50c. for a box or $2.50 for 6 boxes. Sample free if you write us mentioning this paper. National Drug and Chemical Co. of Canada Limited, Dept. B C Toronto.

MANGA-TONE BLOOD AND NERVE TABLETS are especially for women and girls to make them well and strong and rosy. 50c. box.

GOOD ROADS ARE CHIEF NEED

Member for Ymir Addresses Conservative Association at Edgewood —Orchards Growing Fast.

(Special to The Daily News.)

EDGEWOOD, B. C., June 7.—A largely attended meeting of the Conservative association was held in Edgewood hall on the evening of last Tuesday, about 75 ladies and gentlemen being present. President L. C. Morrison occupied the chair, with W. Sayer as secretary. The president introduced Mr. Schofield to the meeting and extended a cordial welcome on behalf of all residents of Edgewood and of the Conservative association in particular. The speaker, on rising, was accorded a hearty reception and expressed in fitting terms his appreciation of their emphatic confidence reposed in him during the recent election. Mr. Schofield then gave a brief outline of the extent of his constituency, the many peculiar local conditions calling for personal and individual treatment, the great difficulty involved in reaching all points, and in doing justice to all concerned. He said he had many interests at heart, but his main and important one lay in the little riding of Ymir. Good roads was the great need and chief aim all through and he was glad to see the marked improvement made in Edgewood and Fire Valley since his last visit. Good roads take time to build and the province must progress as a whole and all should bear in mind that many other sections of the country are not nearly so fortunately situated in the matter of roads as is Edgewood. He referred to the early visit of Mr. Benny, road superintendent, who would spend some time in the valley going thoroughly into local needs. While here Mr. Benny intended to cruise the eastern route of the Vernon to Edgewood road. Some active work in this direction would be at once pushed ahead. Fine agricultural land extends as far back as 20 miles up Fire valley, and work done is not only for the benefit of the settlers going in there but all the time a step toward the opening of the through route to the Okanagan. The speaker dealt at some length with regard to the Asiatic question, the relations between British Columbia and the federal government on the matter of terms, Premier McBride's recent visit to London and similar questions of general interest to the country. Reference was then made to the recent by election and to the return of R. F. Green by acclamation. "He is a man in every sense worthy of the position," declared the speaker, "whose wide and unfailing interest in the constituency and the country will ensure him permanent support and a place in the hearts of the electors. At the conclusion of the address, which lasted about 40 minutes, a flashlight photograph of the meeting was taken by R. T. Hughes, before the speaker sat down. A vote of thanks and appreciation of his visit and speech was then tendered with loud applause. Later in the evening the hall was cleared for dancing and about 40 couples enjoyed the amusement. The hall was tastefully decorated with flags and Chinese lanterns for the occasion. Refreshments and coffee were served about 1 o'clock and the evening's business and entertainment was pronounced a marked success by all who attended.

Messrs. Clay brothers, who arrived last week from England have purchased a 10-acre lot on the Edgewood estate. Messrs. Clay spent a couple of days looking thoroughly over the whole property and expressed themselves as much pleased and impressed at all they saw and the general activity apparent. They are making arrangements for the immediate erection of a bungalow on their new place and will have about five acres prepared in readiness for planting to fruit and seeding down to clover next fall.

A general meeting is called for the evening of the 8th inst. to receive the report of the several committees and wind up the business in connection with the Empire day picnic. Following the meeting a dance will be enjoyed until midnight.

The young orchards planted out this spring by T. W. Ford for absentee owners are looking very well. Fencing has been done and the land seeded down to clover, while the trees receive a weekly cultivation with horse and machine. The recent rains have effected wonders in starting the young growth into life. The development on Mr. H. Mirton's two acres close to town has been fully completed, and the property now suggests quite the ideal orchard home.

The fishing at Edgewood is now particularly good and fine baskets of rainbow trout and char are daily being brought in.

Work is now in progress on the levelling and beautifying of the public ground on the lake front. There is sufficient land here to provide a permanent recreation park for Edgewood. With shade trees and rustic seats and a fine sandy beach stretching down to the water a perfect pleasure ground can be provided here which will be one of the beauty spots of the Arrow lakes. The completion of this work will be one of the greatest improvements which has yet been effected in Edgewood.

The Edgewood Lumber company's tub Elco is making frequent visits here now, being busily engaged in the gathering up of the log booms the result of last winter's cut. The company's log drive down the Innonoaklin river is almost completed. Upwards of 2,000,000 feet will be taken out of here this season, the cut being the largest yet made locally.

L. Rankine Ellis, one of the largest owners on the Edgewood estate and whose orchard land is now being cleared up under Contractor Angus McIntosh, has written T. W. Ford, resident agent on the estate, instructing the immediate construction of a six-roomed bungalow upon his property. The building is to have a concrete cellar and to be thoroughly modern in equipment for heating, lighting and plumbing. Mr. Ford has placed the plans in the hands of Architect Alex Carrie of Nelson, who will at once get out specifications and call for tenders for the work.

ANNOUNCEMENT

THE PEACE RIVER COLLIERIES, LIMITED, EDMONTON

offer for public subscription for a limited time only a few thousand shares at 35 cents per share. Within a short time this price will be raised to 50 cents. The Peace River District is rich in minerals and in a very short time will be the greatest producer of coal in Canada. Take advantage of this opportunity and send in your application today while you can get in on the first offering.

In considering these shares prospective purchasers will do well to remember that the coal found on this company's property is the very best lignite and the quality is attested by the Government Inspector of Mines Report. Shipping facilities are all that can be desired by the most careful mining experts and investors. There is sufficient timber and water on the property for all mining purposes. The markets for coal and coke are practically insatiable, and the cost of production will be such that a generous margin of profit is assured to the company.

THE PEACE RIVER COLLIERIES are located in sections 1, 2, 6, 31, 35 and 36, townships 60 and 61, and cover approximately 1,000 acres of the finest coal-bearing properties in the province. The G. T. P. and the C. N. R. run adjacent to the property, thus affording immediate transportation from the mine to the consumer. The quality of the coal is splendid, and it burns to a whitish brown ash and i svery suitable for both industrial and domestic purposes. A rough estimate gives the mines an output of 20,000,000 tons—sufficient to supply the needs of Canada for many years.

COAL has made many small investors wealthy. Fortunes have been amassed in a very few years by individuals who have invested small sums in propositions which at their inception might be handled with a small amount of cash, and which in the period of a few months gave the buyer 100 per cent profit. Coal will make money if the investor buys at the inception of the company.

Send in your application today, stating what terms you desire, or if you wish to satisfy yourself as to the actual possibilities of this company call or write and we will be pleased to go into this proposition with you, and to prove to you that when we recommend these shares as a good investment to our clients we are doing so with an intimate knowledge of the possibilities of this company.

DUCHESS PASSES COMFORTABLE DAY

No Further Announcements of Future Plans of Royal Party Have Been Made.

(By Daily News Leased Wire.)

MONTREAL, June 7.—The last bulletin for the day on the condition of the Duchess of Connaught, issued early this evening, reported satisfactory progress. No further announcements as to the future plans of the royal party were made today. The duke visits the hospital regularly and when not at the hospital spends the greater part of his time at the residence of Lord Strathcona, the home of governor generals when they visit Montreal. The duchess, it is expected, will be able to leave the hospital some time next week.

The bulletin is as follows:

5:30 p. m.—Her royal highness the Duchess of Connaught has passed a comfortable day and continues to make satisfactory progress. (Signed) E. S. Worthington, M.D.; A. E. Garrow, M.D.; W. W. Chipman, M.D.

DEER PARK NOTES

(Special to The Daily News.)

DEER PARK, B.C., June 7—F. Massey and W. B. Johnstone paid a flying trip home on Monday.

George and John Biggerman and F. Gossen have returned from a trip to Kettle river.

George Agnew of Rossland has his summer residence here about completed. The family arrived last Saturday.

Miss Justina Miller paid a visit to her brother J. P. Miller.

There was a new arrival at D. J. Kroeker's on Friday. It is a boy.

The surveyors who have been surveying the road here finished on Monday.

W. Bargh is building a barge for the floating store. Mr. Gergh has built several boats this spring.

ALDERMAN RUNS OVER BOY

(By Daily News Leased Wire.)

VANCOUVER, B.C., June 7—While driving his automobile through the Japanese section of the city tonight, Ald. Ramsay ran over and killed a Japanese youth Jezo Kawema, aged 14. The boy had attempted to cross in the centre of Powell street, the driver having no warning of his approach.

WEST WAS NEVER MORE PROSPEROUS

Business Throughout Canada Was Never Better, Declares A. Macdonald of Winnipeg

Business throughout the west, in fact throughout Canada, was never better than at the present time, declared A. Macdonald, the big Winnipeg wholesaler, at the Strathcona last night. All along the line hotels are crowded he said, and it is impossible to secure a room unless reservations were made in advance and in Edmonton persons were sleeping in the skating rink.

Two hundred million dollars was the value last year of the grain crop of the three prairie provinces and the expenditure of this money had brought in its train great business activity, said Mr. Macdonald.

An old timer in Winnipeg and with a knowledge of western conditions equalled by few Mr. Macdonald is one of the west's greatest optimists. "Business is good, very good," he remarked last night, "and all Canada seems to be sharing in the general prosperity."

Mr. Macdonald thinks Nelson is an ideal residential city. "There is place in the whole Dominion of Canada where I would rather live than Nelson," he declared.

Latest News of Sporting Events Hot From the Wire

DERBY WINNER DEFEATED IN OAKS

Mirska, Outsider, Wins Oaks in Field of Fourteen—Favorite Badly Beaten

(Canadian Associated Press.)

EPSOM, England, June 7.—The Oaks stakes of 5 000 sovereigns for three year old fillies, about a mile and a half, was won by the outsider, J. Pratt's Mirska, who started at 33 to 1. Leopold de Rothschild's Equitable, 33 to1 was second, and Lionel Robinson's Bill and Coo, third.

The tragedy of the race was the defeat of Tagalie the Derby winner, who started at odds on of 2 to 1, and led up to the distance when she was beaten and the field streamed by her. The field numbered 14, other also rans being Belle Isle, Green Cloth, Jenny Mellon, Loletto, Lovely Night, Merry Maiden, Preferment, Silesia, Souraby.

TWO HUNDRED FOR TWO-DOLLAR TICKET

(By Daily News Leased Wire.)

MONTREAL, June 7.—Pari Mutuel machines provided the interesting feature of a dull day's racing at Blue Bonnets *today, paying $199.50 on a $2* ticket in the fourth race, a selling race for 3-year-olds at the mile distance. Haldeman in this event seemed almost entirely overlooktd by the bettors *paying the machines, most of their* money being upon Lad of Langdon, who was also the bookies' choice, but who only ran third. On the books Haldeman was played at 12 to 1. Haldeman took the lead at the second turn and though O'Em came fast, driving hard in the stretch and closed up gap between the field and Haldeman, who was rapidly tiring, the latter had sufficient speed in reserve to win by half a length. A long shot came over in the sixth race, a selling at five furlongs for 2-year-olds, when Mary Marie ran away from a big field.

In the first race, which was a province bred affair, Klio maintained his reputation, easily beating Floral Brown and King Saxe, the only other starters.

FOOTBALL ASSOCIATION MAKES NEW RULE

(Canadian Associated Press.)

LONDON, June 7.—At the annual meeting of the football association, the governing body of professional association football, it was ruled that the goal keeper be allowed to use his hands in his own penalty area instead of his own half of the field.

It was decided that the present was an opportune time for the formation of a third division of the league.

It was agreed as proposed by the international board that other clubs not encourage a club to commit a breach of the rules where any variation exists in the rules of the different leagues. The football association undertakes to observe any Scottish league rules safeguarding the Scottish clubs with respect to amateurs.

SUNDAY BASEBALL PLAYERS ARRESTED

(By Daily News Leased Wire.)

GRAND FORKS, N. D., June 7—Playing baseball on Sunday in North Dakota is an offence that is not punishable by criminal procedure according to the defense raised by the Grand *Forks and Winnipeg* baseball teams here yesterday when members of the two teams were on trial for violation of the law. The teams played here on May 26 and 18 members were arrested. The law in question does not provide imprisonment for the offence only fixing a fine of $ 1to $10 and such, it is contended cannot be collected except by civil procedure. The defendants today made a motion for dismissal of the case on the ground that players could not be prosecuted on the grounds attempted. If they carry their point Sunday ball in North Dakota will be settled in favor of the players.

AUSTRALIANS SCORE FREELY

(By Daily News Leased Wire.)

LONDON, June 7.—The colonial cricket teams appeared to advantage yesterday, although rain interfered with both matches. In the match on Kensington oval, Surrey scored 169 in the first inning. The South Africans *will begin batting tomorrow. The* Australians at Cambridge ran up a total of 255 and then dismissed six members of the Cambridge team for 17 runs.

LACROSSE PLAYER FINED FOR SMITING JONES

(By Daily News Leased Wire.)

VANCOUVER, B. C., June 7.—George Rennie of the New Westminster lacrosse team was fined $25 today by the lacrosse commission for an assault on Con Jones, manager of the Vancouver team, last Saturday. Jones was seated on the grass at the edge of the field and Rennie, running past him, gave him a belt on the head with a stick. The blow did no harm beyond breaking Jones' hat.

PITTSBURG FIRST BASEMAN GOES TO TORONTO

(By Daily News Leased Wire.)

TORONTO, June 7—Manager Lush of the Toronto baseball club today bought First Baseman Kelher from Pittsburg and released Gunning outright.

GREASE IN KITCHEN RANGE CAUSED FIRE

QUEBEC, June 7—A pot of grease in a kitchen range overflowed, the flames rushed up several feet and the woodwork caught fire. This was the con*clusion reached by the investigation* held by Col. Vohl, fire commissioner, into the recent serious blaze at the Chateau Frontenac.

$3.50 Recipe Free for Weak Men

Send Name and Address Today—You Can Have it Free and be Strong and Vigorous

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 4659 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge $3.00 to $5.00 for merely writing out a prescription like this—but I send it entirely free.

Batteries — Leifield and Archer; Yingling and Miller.

STEELE HIT HARD

(By Daily News Leased Wire.)

PHILADELPHIA, June 7.—Philadelphia hit Steele's delivery hard and was aided by St. Louis' errors today, the former winning, 5-4. Magee scored the winning run in the seventh inning on his double and Ellis' muff of Luderus' fly. Brennan, who went to Chalmers' rescue in the fourth inning, was very effective.

Score:	R.	H.	E.
St. Louis	4	5	2
Philadelphia	5	11	1

Batteries—Steele and Wingo; Chalmers, Brennan and Dooin.

WAS PITCHERS' BATTLE

(By Daily News Leased Wire.)

BOSTON, June 7.—Boston dropped the ninth straight game today, Pittsburg shutting out the home team, 4-0. It was a pitchers' battle between Hendrix and Dickson up to the ninth, when the latter was replaced by Hogg afttr giving away to a pinch hitter. Pittsburg gathered three runs off Hogg on as many hits and a base on balls. A home run by Wilson was a feature.

Score:	R.	H.	E.
Boston	0	6	0
Pittsburg	4	9	1

Batteries — Dickson, Hogg and Kling; Hendrix and Kelly.

REGINA PASTOR IS CONFERENCE PRESIDENT

(By Daily News Leased Wire.)

MOOSE JAW, Sask., June 7—Today for the first time business of the Saskatchewan Methodist conference became geneeral, ministers and laymen sitting in session together Dr. Carman, general superintendent, in the chair. The roll was called and 66 ministers and 49 laymen answered as members of the provincial conference of the Methodist church. Election of officers for the ensuing year was then proceeded with, first cast of ballot showing a total vote of 129 of which Rev. J. W. Taylor of Estevan had 46 and Rev. J. A. Doyle of Regina 37, the two leading, 68 votes being necessary to elect. A second ballot was taken by which Rev. J. A. Doyle of Regina was elected to the office of conference president by 69 votes. Rev. J. B. Taylor was second with 59. The forenoon session concluded with an address by Rev. Dr. Carman.

IMPERIAL RATE TWELVE WORDS FOR SHILLING

(Canadian Associated Press.)

LONDON, June 7—Sir Henniker Heaton the veteran postal reformer, speaking at the West Indian meeting said: "Very soon we may expect imperial cable messages of 12 words for a shilling. The government ought to *subsidize the cable service as it did the* early mail service. American cable companies are equipped to carry 325,000,000 annually, yet last year they carried only 20,000,000. It is absurd to *speak of deferred messages under such* circumstances."

FOUND DEAD IN YARD

(By Daily News Leased Wire.)

MOOSE JAW, Sask., June 7.—The lifeless body of a man about 45 years old was found today in the yard at the rear of the Brunswick hotel here. From papers found on the body the police are led to believe that he was Alexander Watson of London, Ont., He had been in the city for the past three weeks and was about to file on some land in the vicinity. An inquest will be held today.

ARE JOCKEYS LOSING NERVE

Shortcomings Due to Adoption of American Style of Riding, Says Lord Lonsdale.

(By Daily News Leased Wire.)

LONDON, June 7.—Commenting on Tod Sloan's attack on the English jockeys in the Derby race as inferior riders who failed to get the most out of their mounts, Lord Lonsdale in the Daily Express this morning says: "It is not want of pluck and nerve that prevents the English boys from riding as well as their predecessors. The fault lies in the adoption of the unnatural American seat, with its absurdly short leathers. This practice is playing havoc with the riding in this country because the position of the jockey is so unnatural that he *must be of abnormal physique if he is* to be in a position to ride his race properly.

"It is impossible for a jockey nowadays, sitting crouched in this abomi*nable way, to display the horseman*ship with which men like Mornington Cannon used to win races.

"I watch the introduction of this style of riding with distrust and I am convinced it is responsible for *many* of our present shortcomings."

As Sloan introduced the crouch seat here the foregoing is a decided slap at his method of riding.

W. Raphael, the owner of the Derby winner, Tagalie, also disagrees with Sloan's contention that the English jockey of today lacks nerve and skill, and refutes his declaration that the methods of the French trainers who believe in running horess oftener are superior to those of the English trainers.

"They cannot fairly compare the French and English systems for racing," said Mr. Raphael, "they are so dissimilar. I once had a horse trained at Chantilly, where the gallops are done in the sand, and I will never send another horse to France."

Richard Wooten, the famous trainer and father of Frank Wooten, a leading English jockey, said: "There is nothing the matter with English racing either from a racing or riding point of view, no matter what Sloan thinks."

SASKATOON AND SATURDAY NIGHT

Recent Article in Toronto Publicotion Regarded as Slur on Western City.

(By Daily News Leased Wire.)

SASKATOON, June 7.—A recent article in Toronto Saturday Night by Norman Harris is likely to be the cause of an action for damages against that paper if that company be found financially responsible The impression here is that Harris is out in an effort to turn the tide of western investments away from western lands back to the eastern stocks and bonds market.

Discussing the article the Phoenix *says: "The west is tired of the ten*derfoot talk of the eastern journalistic ass. There has been too much of it. The most recent instance is that of the report in the Toronto Saturday *Night by one Norman Harris. This* nomad spreads his material over the entire front page of the one section of his paper, in which space is evidently quite cheap. The tone is that of a patronizing city-bred youth, who is a bit of a cynic, and yet wants to say something agreeable, the underlying purpose is that of the knocker. If the boy reporter got instructions from his employers to knock, he certainly obeyed his orders. But the wee hammer of Saturday Night will not effect much. That sheet has played the hammer so long that one knows what to expect. But again we say we are tired of this sort of thing.

"The boy reporter got out a map showing the subdivisions, but his informant did not steer him correctly. There is a mixup in locations and facts, not only on subdivisions but on values which are put at the highest point in each case. Whole blocks close to the business districts and railway depots are marked as open prairie. The man did not know what he was writing about and did not take the trouble to inform himself. Yet this is the method of the knocker turned loose to "bust the boom" and put things right. On tht subdivision question the Saturday Night man is scooped to death. The Saskatoon board of trade and the Saskatoon papers long ago took the ground and maintained that outside subdivisions should be avoided as doubtful investments. And they have watched for all advertising which misrepresents things and endeavored to controvert error with truth. And any inquiry to the board of trade or the newspapers invariably brought an answer and information for prospective investors.

"Sensible eastern journalists, college men, financial and business agents, publicists, all experience a patriotic delight at the wonderful development of Saskatoon and the west. This city is among the first 12 in the tide of trade, finance and building in all Canada. The attitude of Saturday Night is that of the foreigner, not the Canadian, and the report on Saskatoon is on the par with the Semitic, cynical diatribes and slurs thrown at the Christian ministry by this knocker.

"Newspapers of Canada are endeavoring by an improved all-Canada service to educate our people along the same lines so that east and west may read the same news and discuss the same problems. Why this Saturday Night knocker should be permitted to pursue the method of dividing does not appear. Do eastern readers want that sort of thing? Or can it be that they like to be played with?"

IS FOUND GUILTY; CUMMINGS WILL HANG

(By Daily News Leased Wire.)

MONTREAL, June 7.—John Cummings, who has been on trial for the murder of his wife on Chateauguay street on November 21 last, was tonight found guilty by the jury after 35 minutes' deliberation and was sen*tenced to be hanged on August 9 by* Judge Gervais.

CALGARY

ST. RAILWAY REVENUE FOR MAY $49,038

The revenue of the municipal street railway system for the month of May this year has reached nearly $50,000. This is regarded as a most gratifying *result* by Supt. McCauley and the city commissioners. It is an increase of over $18,300 over the revenue for May, 1911, and more than $32,100 over May, 1910.

The increase in the revenue of the system during the month of May this year over the corresponding month last year was 59 per cent.

The following are the figures for May, 1912, and the two preceding years:

May, 1912	$49,038
May, 1911	30,735
May, 1910	16,906

—Calgary News-Telegram, June 4.

Are these not facts and figures to set you thinking? This is only one of many instances that could be quoted, showing the stability of Calgary's rapid growth.

If you have any ambition to get on to the road for independence and success, call and see what we have to offer on easy terms in Calgary real estate.

Nothing was accomplished without a start.

Make yours now.

WEST KOOTENAY AND THE DRY FARMING CONGRESS

West Kootenay is assured of an exhibit at the dry farming congress at Lethbridge in October. The only question is whether it is to be under the auspices of the provincial government and form part of the general British Columbia display or whether it is to be arranged for and be representative of West Kootenay alone.

The decision in the matter rests with the people of West Kootenay. The government is willing to give the district equal representation with the other districts of the province in the general exhibit which it is preparing, paying all the expenses in connection therewith except the cost of preparing and assembling at some central point in each district the samples of fruit, etc., from that particular district. This must be borne by the people of the various districts.

If the government's proposals are adopted a portion of the space which is being allotted to British Columbia will be reserved for the exclusive use of the West Kootenay exhibit while the fact that that particular portion of the general exhibit is from West Kootenay will be proclaimed by streamers.

Should the people of West Kootenay prefer to arrange their own exhibit entirely apart from that of the government, they are entirely free to do so. In that case they must themselves *subscribe all the funds necessary for* providing a first class display illustrative of the district's resources, as well as of assembling it. By following this policy it is probable that considerably more space could be secured than through co-operation with the government and consequently more direct results in the way of advertising secured obtained. The question for the people of West Kootenay to decide is whether they think the benefits which might accrue from having an independent exhibit warrant the additional expense which it would cost and if it would whether they are prepared to contribute the amount required.

But whether West Kootenay is to be represented in the government exhibit or whether it is to have one of its own, there is one thing absolutely necessary and that is co-operation among the various sections of the district. Without this it will be impossible to get together an exhibit for either methods of display which will do justice to West Kootenay.

EDITORIAL NOTES

A ruling has been given that the Union Jack is the official flag of Canada. The decision will be received with general satisfaction throughout the Dominion. The flag that is good enough for the rest of the empire is surely good enough for Canadians.

According to dispatches President Taft drew first blood at the Republican national convention at Chicago, being awarded the decision in regard to the contested delegations from Alabama and Arkansas. Will he be able to keep up the pace

The season of forest fires has arrived. Too much attention cannot be paid to their prevention and too much energy cannot be exercised in stamping out any which may start in spite of the best precautions.

What the Press Is Saying

Kootenay's New Member.

The by-election to the house of commons for Kootenay, B. C., has gone to the government by default. The new member, Mr. Robert Francis Green, was a member of Mr. McBride's first *administration. He is a Peterboro* man and has lived in Manitoba and the territories, so that he should be one of the best informed members on conditions and needs of all that portion of Canada lying west of Lake Superior. By occupation he is a merchant.—Ottawa Journal.

Ain't It Awful?

The shameless way in which undressed American lumber is coming into Canada has been brought to the attention of the censor of the customs department.—Vancouver Province.

"With Customary Modesty."

Theodore Roosevelt was introduced to his audience at one of his meetings in Baltimore as "the greatest human being who ever trod this earth." The candidate bowed his acknowledgments with his customary modesty, and it does not appear from the published reports of his speech that he took occasion to chide his introductor for the limitation upon his greatness implied by the use of the word "human."—Springfield (Mass.) Union.

Cold Storage

"Brown volunteered to lend me money." "Did you take it?" "No. That sort of friendship is too good to lose."—Detroit Free Press.

Client—"So the jury gave me a thousand dollars. That's great, eh?" Lawyer—"Yes, my boy. You don't know how badly I needed it."—Life.

Dolly—"That's a perfectly beautiful engagement ring Jack gave you!" Molly—"I didn't know I had shown it to you!" Dollie—"You didn't."—Judge.

"Son, I hope you are engaged to a practical girl." "Oh, she's very practical dad. She drives her own car, and she can take a motor apart as well as any expert in the business."—Louisville Courier-Journal.

Patience—"Isn't it funny to see two women kissing who are not very fond of one another?" Patrice—"Yes; it always looks to me as if each hoped the other would get all the microbes!"—Yonkers Statesman.

"Investigations are not what they used to be." "No," replied Mr. Grafton Grabb; "in the good old days investigations were frequently held for the purpose of convincing the public that something it had discovered wasn't so."—Washington Star.

This Date in History.

The first death from Asiatic cholera in North America occurred 80 years ago today at Quebec. The plague spread over Canada and the United States, causing many deaths. The cholera had appeared in India in 1817, and became epidemic in Lowed Bengal, gradually spreading until it reached Russia in 1830, and Germany in the following year, causing the death of nearly 1,000,000 people. In the autumn of 1831 the disease made its appearance in England and Scotland, and in 1832 reached America, cases developing in the wide stretch of country from Quebec to New Orleans. In 1848 and 1849 about 54,000 persons died of cholera in England and Wales, and in 1854 the victims numbered 20,000. Both epidemics reached America, slightly in 1849 and severely in 1856. Medical and sanitary science has since grappled with the disease and it is no longer to be feared.

• • •

Today is the forty-fifth anniversary of the coronation of Francis Joseph of Austria as king of Hungary. The latter country is now in a state of unrest, and many observers of international affairs believe that the death of the aged emperor will be the signal for an uprising having for its object the attainment of an independent Republican-Socialistic government for Hungary. Recent riots and labor troubles in Budapest are declared to be symptoms of a general discontent that bodes no good for the successor of Francis Joseph.

• • •

Today is St. Medard Day. It is the anniversary of the death of Mohammed, in 632; of Edward, the Black Prince, in 1376; of Thomas Paine, the Deist, in 1809; and of Mrs. Siddons, the English actress, in 1831. The latter had retired from the stage in 1812, just a century ago.

12 Acres First Class Fruit Land

Of this 12 acres, 10 acres are thoroughly cleared and planted with good variety of 700 fruit trees, mostly apple, and the greater number of them in bearing. There are also a large number of berry plants, which are in very healthy condition, and give a considerable yield.

Transportation facilities consist of a lake steamer four times a day, railroad with station near the property, and a good wagon road.

The price of $6,000 is very reasonable, and owner will arrange to sell on very good terms. The property compares very favorably with other similar local orchards, on which a valuation is placed of $1,000 per acre.

Note—This place is ideally situated on the west arm of the main lake, and in close proximity to the new Balfour tourist hotel, which has just been erected at a cost of a quarter of a million dollars, for the purpose of encouraging the tourist traffic in this direction, which is warranted by the beautiful mountain and lake scenery, and particularly congenial climate of this part of southern British columbia.

There is a school quite near, also postoffice and stores, and every facility for comfortable existence, and there is a good class of settlers all around.

Fruit grows to perfection, as can be easily ascertained by the products of this particular property, and also the adjoining ranches.

Property of this description will possibly be worth double its present price within four or five years on account of the undisputed demand for developed ranches of this kind, and also on account of the very pleasant situation.

INDIGESTION RIGHTLY CURED

By Toning up the Stomach to do the Work Nature Intends it Should

Indigestion should not be neglected for a moment, for by depriving the body of its proper nourishment through the food, the trouble grows steadily worse. Neither should stimulating medicines, which ruin the already weak stomach by making it work beyond its strength, be used, nor pre-digested foods, which do not excite a flow of the digestive fluids and by disuse cause the stomach to grow weaker. Nowhere is the tonic treatment by Dr. Williams' Pink Pills more clearly useful. The principle of this treatment is to enable the stomach to do its own work by building up the blood and giving tone to the nerves. When these are once resorted to their normal health indigestion disappears and the cure is permanent. Here is an experience with this treatment. Mr. John Brenenstal, Calgary, Alta., says: "For years I was an almost constant sufferer from indigestion, and naturally because there was much nutritous food which I could not eat owing to the pain and discomfort which followed I was becoming much run down. I tried many medicines but none of them helped me until I began the use of Dr. Williams' Pink Pills. After taking a few boxes I was much better and in the course of a couple of months was quite well, and could eat any food set before me."

If you are a sufferer from indigestion or any trobule due to bad blood or weak nerves, you can begin to cure yourself today by taking Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from the D. Williams' Medicine Co., Brockville, Ont.

The Weather

(By Daily News Leased Wire.)

TORONTO, June 7.—The disturbance mentioned last night is centred over Newfoundland and pressure is highest in the upper Mississippi valley. The weather has been fine today throughout Canada, cool from Ontario eastward and quite warm in the west.

FORCED SOLVENT BANKS TO WALL

Investigation of Money Trust in New York Brings High Handed Proceedings to Light

(By Daily News Leased Wire.)

NEW YORK June 7—Testimony intended to show how the power of the New York clearing house committee was used to force a solvent bank to the wall during the aftermath of the panic of 1907 with the result that the "fair reputation" of its president was "blasted" was dramatically unfolded today before the Pujo committee of the house of representatives which is investigating the so called money trust.

The testimony was elicited by Samuel Untermeyer, special counsel of the committee, in his effort to demonstrate that the functions of the clearing house enabled it to control the destiny of New York's financial institutions and should be subjected to regulation by law.

The bank which the testimony centered around was the Oriental organized in 1853 and one of the charter members of the clearing house association, but it was testified that three other banks, the Bank of North America and the New Amsterdam bank, in both of which Charles W. Morse was interested and the Mechanics and Traders, were similarly compelled by the action of the clearing house to close their doors, although all proved tot have been solvent. Their financial decrease was the result, it was testified of a demand by the clearing house committe three months after the panic began, that they redeem their clearing house loan certificates and in the case of the Oriental, followed a promise that the association would stand by it "to the last ditch."

MURDEROUS ANARCHISTS CAME FROM STATES

(By Daily News Leased Wire.)

ROME, June 7.—The police who are seeking the accomplice of Dalba, who attempted to assassinate King Victor Emmanuel last March, suspect that the plot originated with anarchists from Paterson, N. J. The American police in August, 1911, warned the *Italian government that three Italian* anarchists had left Paterson for Turin with the object of killing the king when he was visiting the exposition.

The anarchists were arrested on their arrival at Turin and found to be in possession of revolvers and dynamite. They were tried on a charge of attempted recticide and acquitted for lack of evidence, but were convicted of carrying weapons and explosives without a license. The police believe that when the Paterson plat was frustrated the anarchists instigated Dalba to attempt the king's life at Rome. The trial of Dalba probably will be reopened.

GAMBLING WAR IN FRISCO

SAN FRANCISCO, June 7.—A bomb was exploded last night in the back yard of the residence of Tom Corbett. Last Friday night Corbett's poolroom was dynamited, as were two other pool rooms On Wednesday night a bomb was exploded in a vacant lot near another poolroom. The series of explosions is thought to be part of a gambling war.

PREDICTS MINING REVIVAL IN LARDEAU

Vancouver Capitalists Develop Properties on Three Creeks, Says M. Byrne.

"The Lardeau this summer will see a revival in mining activity very much as have the Slocan and Ainsworth camps," predicted M. Byrne at the Madden last night. Mr. Byrne, with P. X. Sherran and A. Cody, is the owner of the Letha group on Cascade creek and will leave on Wednesday in order to improve the trail to the property and to carry on development work.

Vancouver capital is being directed toward the Lardeau by W. J. Milne and associates of the Terminal city, said Mr. Byrne, who stated that the coast operators had had a force of men at work all winter developing groups of claims on Tenderfoot, Cascade and Poplar creekks.

Mr. Milne has been in the city for the past few days arranging for the summer's work on the properties in which he is interested

LOST CABIN IS SHOWING UP WELL

Foreman Grant Brings Down Samples of Ore for Assay—Good Showing Uncovered.

Ore samples from the crosscut at the Lost Cabin group which are expected to run high in value have been brought in for assay by Alex Grant, foreman in charge of the property, which is under bond to Bob Mabry and associates of Spokane. The mine is situated on Hall creek.

The tunnel, upon which work has been carried on all winter, is now in about 200 feet, said Mr. Grant at the Madden yesterday, and the vein is showing up well.

This summer when the snow goes it is intended to carry on considerable surface work about a mile up the mountain from the present workings, while 500 feet below an open cut has opened up a nice showing of ore.

STANDARD ORE RICH AT DEPTH

Sixth Level Vein Shows up Well—Make Arrangements to Double Ore Production

Twenty feet in width and the first class clean shipping ore assaying 158 ounces in silver and 71 per cent in lead, the ore body in the No. 6 level of the Standard mine is opening up in splendid fashion. About July 1 arrangements will be completed for the housing of a sufficient additional force of men to operate the mill for two shifts with the result that both the clean ore shipments to the smelter and the ore tonnage concentrated can be doubled.

Patrick Clark, the Spokane mining magnate, who is one of the heaviest owners of the big Silverton property, made these announcements at the Strathcona last night.

"The sixth level is opening up in great shape," he said. "The ore is not only plentiful but is also high grade. This ore body is much longer than that in the No. 5 level and has a thickness of 20 feet." The ore body in the No. 6 level is about 225 feet below that in the No. 5 workings. At present ore is being taken from both workings.

Continuous Ore Body

"The ore at depth as it occurs in the sixth level of the Standard," said Mr. Clark, "is very encouraging for mining operators in the whole country and demonstrates beyond any question that the ores in the Slocan do go down; in this case the ore body has been continuous from the surface."

Men are now at work upon the construction of ney boarding houses and quarters for the additional staff to operate the mill two shifts per 24 hours and to get out the additional ore that will be required. This work will be finished by July 1 and the company will then be in a position to double its mill tonnage and consequently its shipments of high grade crude ore to Trail smelter.

Thousand Feet Extra Depth

Work is progressng well, said Mr. Clark on the No. 7 and No. 8 tunnels which are being driven on the Emily Edith claims of the Standard property. Each will be 3,500 feet in length and are being driven in on the vein, ore being in both workings. Each level will give 500 feet depth to the property making a total additional depth of 1,000 feet.

ORE DISCOVERY IN JOSIE MINE

Continuation of Celebrated Annie Vein —Shipments to Trail—South Belt Mines Active

(Special Correspondence.)

ROSSLAND, B.C., June 7—A discovery of ore which promises to be of more than usual importance has been made in the Josie mine of the Le Roi Mining company here at the west end of the 500 foot level and the indications are that the output of the mine will receive a stimulus, not experienced for years.

The gold has been found just west of the porphyry dyke 500 feet from the surface and is a continuation of the celebrated Annie vein, which was the "paystreak" of the mine for years. There is a good area both above and below the strike and the mine authorities believe that a find of unusual value has fallen to their lot.

The discovery was made during May but it was only during the last few days after being developed that its importance was realized.

There are 110 men working at present in the Josie mine and the output of ore has been maintained steadily at the same standard as during the last few years. During 1912 an average of 1,500 tons of ore are shipped to the smelter and a similar amount goes into the consentrator.

The actual figures of ore shipped to Trail during each month of 1912 are: January, 1,510 tons; February, 1,570 tons; March, 1,450 tons; April, 1,560 tons; May, 1,490 tons.

The amount of ore treated each month by the concentrator at the mine are: January, 1,413 tons; February, 1,323 tons; March, 1,399 tons; April, 1,229 tons; May, 1 366 tons. The amounts of concentrates that have been yielded are January, 142 tons; February, 152 tons; March, 95 tons; April, 189 tons; May, 143 tons.

The mines in the south belt are becoming actve and the Richmond mines are installing machinery to develop their claims. The force of men is being increased and they are expected to turn out ore in a short time. The Phoenix claim shipped its first car of ore to the smelter yesterday and other south belt claims are expected to follow suit very soon.

ENJOYING THE BEST OF HEALTH

"Fruit-a-tives" Cured His Rheumatism

PROF. J. F. DAVIS

563 CHURCH ST., TORONTO.

I want to say to the people of Toronto and elsewhere that "Fruit-a-tives" is my only medicine and has been for the last four years. Previous to that, I had been very much troubled with Rheumatism and Kidney Disease, and had taken many remedies as well as employing hot applications of salt bags etc., without getting satisfactory results.

Noticing the advertisement of "Fruit-a-tives", I adopted this treatment altogether and, as everybody knows, since taking "Fruit-a-tives", I have been enjoying the very best health and find it a pleasure to follow my vocation of Dancing and Deportment Instruction".

PROF. J. F. DAVIS.

Prof. Davis, the celebrated teacher of dancing and deportment in Toronto, is quite frank in stating that "Fruit-a-tives" alone cured him of distressing Rheumatism and Kidney Trouble.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

SHIP OVER HUNDRED TONS OF MATTE FROM TRAIL

Matte shipments from Trail smelter last week totalled 111 tons, valued at $58,283.

MINING MEN MAY MEET AT REPUBLIC

Proposed Kaslo and Ainsworth Trip by Western Branch May be Postponed to Later Date

Republic, Wash., may be the scene of the next meeting of the western branch of the Canadian Mining institute according to R. R. Hedley, the well known Vancouver mining man, who was at the Strathcona last night en route to the Similkameen.

It was first intended that the meeting should be held in Kaslo and Ainsworth but obstacles have arisen which may result in a change of place.

It has not yet been decided that the meeting shall be held at Republic but it is thought that many mining men would welcome an opportunity to inspect the recent work carried on at that camp, especially with regard to the new milling system which is said to have solved the problem presented by the large amount of silica and the fineness of the grains of gold in the ore.

If the trip is made it will be in conjunction with the Spokane Mining Men's club.

MOUNTED POLICE PAY LAST TRIBUTES

(By Daily News Leased Wire.)

CALGARY, June 7.—This afternoon members of the Royal Northwest Mounted Police paid their last tributes to the late Constable F. W. Davies, victim of Monday night's cold-blooded murder. The body was brought from Bassano last night and was taken to the barracks. At 2:30 this afternoon funeral services, conducted by Rev. G. E. Gale, were held at the barracks.

TO PREVENT BOLT

(By Daily News Leased Wire.)

CHICAGO, June 7.—Fred W. Upham, who will have a seat in the Republican national convention as a delegate from the North Illinois district, plans to introduce a resolution at the opening of the session designed to prevent a bolt on the part of either side. It will pledge every delegate to support the nominee of the convention and will call upon the committee on credentials to deny a seat to any delegate who will not make such pledge. Precedent for such a resolution is said to be found in the convention of 1880 when the third termers talked of bolting if Grant was nominated. A resolution of similar nature is declared to have been adopted at that time.

WILL BUILD CHURCH IN SINGLE DAY

(By Daily News Leased Wire.)

CALGARY, June 7.—"Reared in a day" is an inscription which may be placed over a Baptist church that will be built on the Grand Trunk subdivision tomorrow. It will be built by volunteer labor, and while nothing but the material is on the ground now, services will be held in the church on Sunday evening.

RIFLE BULLET PIERCES ENGINE

Shot Brings Biplane to Earth—Aeronaut Has Narrow Escape From Death.

(By Daily News Leased Wire.)

MINEOLA, N. Y., June 7.—Some one near here who either mistook a headless biplane for an enormous eagle, or knowing it to be an airship tried to wreck it, *shot at the machine driven* by Clinton Hadley yesterday. The bullet broke a propellor blade and pierced the engine cylinder. As the machine was 700 feet up, a deflection of an hundredth of an inch in the aim of the gun would have meant Hadley's death.

The machine was that of Dr. Christmas of Washington, which was to have been started today on the first aerial mail carrying trip between New York and Washington. Hadley was tuning up the machine when he heard a clink, crack, and another clink. The engine went dead. He was forced to make a long glide to the earth and did not know what the trouble was until he found the broken blade and a hole in the cylinder. Guessing the truth, he opened the cylinder. A flattened bullet lay in it. Dr. Christmas said last night that he would give a reward of $1,000 for information leading to the arrest of the man who fired the shot. The damage to the machine caused the postponement of the flight.

TITANIC SURVIVORS MARRIED NEXT MONTH

(By Daily News Leased Wire.)

NEW YORK, June 7.—The White *Star liner Baltic sailed* at noon today for Liverpool with 350 first cabin, 432 second cabin and 1,000 steerage passengers, which was practically a full *ship. Among her passengers was Sir* William Treloar, former lord mayor of London.

"I had the pleasure of meeting at dinner last night," he said, "one of your possible Democratic candidates, Governor Wilson. He is a very fine man. I think that he is the kind of a man the country would like as president as he is a scholar and reserved in his manner rather than a circumlocuting, flamboyant character like Roosevelt."

The Rev. Dr. J. H. Jowett, the English preacher who was called last year to the pulpit of the Fifth Avenue Presbyterian church, sailed on the Baltic, and with Mrs. Jowett, will be abroad until September. He said that he liked his work in New York and found the poor here better off than in the cities in Great Britain, and the slums not so degraded as in London, Glasgow and Liverpool.

Two Titanic survivors, the Misses *Elizabeth* and *Clara* Allen, daughters of James Allen, a former mayor of St. Louis, sailed on the Baltic to be married in London on July 11. Miss Eliza*beth will wed Dr. J. B. Mennell of* London and her sister Clara, Professor Charles Haskins of Harvard university. They were crossing in the Titanic *to complete their trousseaus* when the disaster occurred.

SENATOR FLYNN TO FIGHT ROOSEVELT'S BATTLES

(By Daily News Leased Wire.)

OYSTER BAY, N. Y., June 7.—State Senator William Flynn of Pittsburg was dispatched posthaste to Chicago by Colonel Roosevelt last night to act as the ex-president's representative in the fight before the national committee over the seating of contested delegates.

This decision was reached after a conference at Sagamore Hill last night in which the situation at Chicago was told to the colonel over his private wire from the seat of war was discussed at length. Colonel Roosevelt was careful to explain that the leadership of his fight would remain where it has been, in the hands of Senator Dixon, his campaign man*ager.*

"Senator Flynn starts for Chicago at once," he said. "He is going at my request. Senator Dixon will be in *charge. Mr. Flynn will assist him."*

RAILWAY LIABLE FOR CARRYING LYNCHERS

(By Daily News Leased Wire.)

WASHINGTON, June 7.—Whether a railroad that carries a mob to a town to lynch a man is liable for damages to the victim's widow and children is a unique point to be brought before the supreme court of the United States. The case will be presented with a request to review.

Mrs. Annie May Rogers and three children sued the Vicksburg, Shreveport & Pacific Railroad company on charges of having carried by special train a mob from Monroe, at to Tallulah, La., where Rogers was lynched. He had been charged with murdering a man and was about to be released on the graund that he had been tried once before on the charge.

The lower federal court held that as *a matter of law the railroad might be* liable.

BRILLIANT SCENE AT ALBERT HALL

Ball of Hundred Years Ago Picture of Wonderful Beauty—Society in Full Force.

(By Daily News Leased Wire.)

LONDON, June 7.—The Royal Albert hall was the scene last night and early this morning of the greatest function of the season, the "ball of a hundred years ago." All the notable figures of English society were present and the splendor of the costumes and the loveliness of the setting never have been surpassed in any spectacle in London. The ball was under the special patronage of the King and Queen and was organized in aid of the Soldiers and Sailors Help society by the Princess Christian, president of the society, assisted by a committee comprising Lord Cheylesmore, Admiral Sir Albert Markham, Lady Arthur Paget and Mrs. Dick Cunyngham. Members of the most famous families in England appeared in the guise of their ancestors of a century ago, and a series of brilliant quadrilles represented the court, society, the government and the navy and army clubs of 1812, the year made memorable by *Napoleon's Russian campaign, the* Peninsular war and the war between Russia and Turkey.

Days of Regency.

The Duchess of Richmond's famous dance before the battle of Waterloo was danced again, the glories of India in the days of the nabobs were lived once more, and the ladies of the peerage brought to life the pictures of their predecessors and the fashions, uniforms, jewels and beauties of 1812 *glowed once more in a stage setting* representing the lawn before Brighton pavilion in the palmiest days of the regency.

In "The Waterloo Quadrille" the Duchesses of Marlborough, Roxburghe, Sutherland and Westminster danced. The Countess of March appeared as the Duchess of Richmond in a dress which was a reproduction of that worn by the Duchess of Richmond at the famous ball on the eve of Waterloo. The Duchess of Marlborough appeared as the Countess Waleska. Others in this quadrille were chosen for their beauty and included Lady Crewe, Lady Stafford, Lady Juliet Duff, Lady Beatrice Pole Carew, Mrs. Rupert Breckett, Mrs. Cecil Bingham, Miss Muriel Wilson, Mrs. John Ward, Lady Desborough, Lady Vincent and Lady Beatrice Herbert. For this quadrille also Lady Paget found a Napoleon in Sir Charles Hartopp. Wellington was represented by Lord Hardinge. Lord Litchfield appeared as the Prince of Orange, Lord John Cavendish personated Blucher, Captain Albert Paget represented Lord Uxbridge and Mr. Moncton Arundell the Duke of Brunswick.

For months family archives have been ransacked and recourse has been *had even to the British museum to* make sure of absolute accuracy in the details of the costumes worn. The Nelson quadrille was another fine study which necessitated much research. In this, organized by the Duchess of Somerset, Mr. Alexander Hood represented his great ancestor and the duchess herself represented her predecessor of 1812, Charlotte, daughter of the Earl of Winchelsea, second wife of the Duke of Somerset. She was dressed as the duchess is pictured by Hogarth. Her gray satin dress made with full train, had bell sleeves with large turnback cuffs and wide frills of lace fell over her hands. Others dancing in the quadrille were Lady Bathurst and Lord Apsley, Lady Muriel Bathurst, Lady Leicester, Lady Kathleen Thynne, Lady Muriel Paget, Lady Howard de Walden, the Duke of Bronte, Lord Bristol and Sir Edward Chichester.

Court beauties of the regency assembled for the two square dances which Lady Kilmorey undertook and in which a bevy of beautiful young women, representing court and society *in 1812, were seen. Among those in* the court set were Lady Kilmorey's own daughter, Lady Valliers, Lady Acheson, Lady Bailey, Mrs. Francis *Needham, Miss Violet Keppel and Miss* Rosamond Grosvenor. Prince Alexander of Teck danced in the society quadrille, as well as Lady Kilmorey's *son,* Lord Newry, Lord Victor Paget, Lord Desmond Fitzgerald, Lady Ingestre, Miss Sackville West, Mrs. Heneage and Mrs. Lavinia Bingham.

The Household cavalry, the Coldstream guards, the lancers, the cavalry and the dragoons of 1812 were all represented. A particularly effective costume was designed from the German lancer regiments' uniforms of 1812 and was cleverly adapted to the ladies' dresses by the addition of short skirts of green cloth slit up to the knees and slashed with red. The black leather helmet had a metal top and coque plumes, two chains linking them to the breast. Another beautiful uniform was that of the German grenadier guards of 1812, made of blue and white cloth with collar and cuffs of bright red.

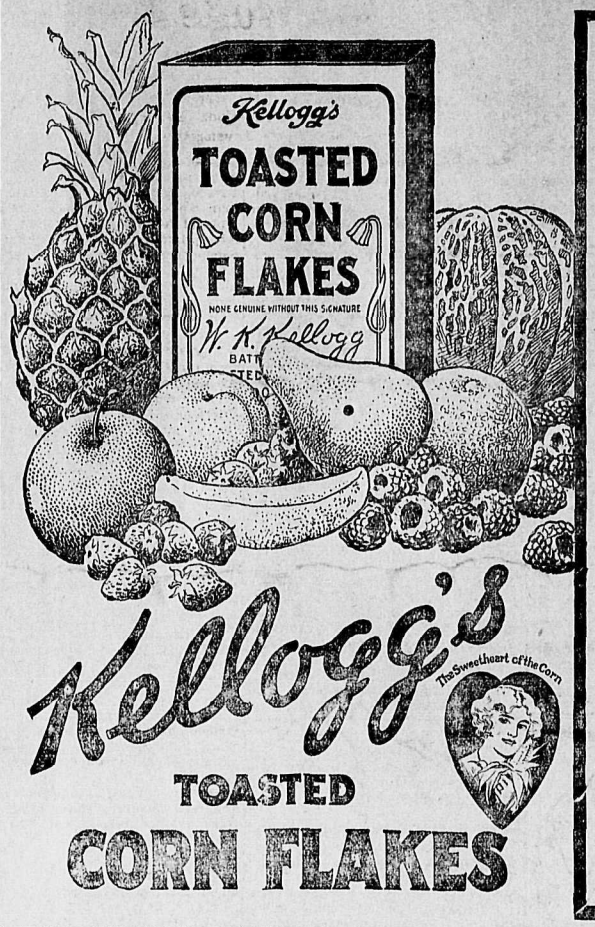
European Regiments.

The European Regiments Quadrille was led by Lady Constance Hatch, who had a picturesque costume as a Russian hussar. It was of blue cloth of the shade between royal and Saxe blue, with the skirt slit up one side and edged with silver lace. A silver tassel marked the opening and silver shoes and stockings were also worn. Lady Alfred Cecilia Coates, who also danced in this quadrille, wore a primrose empire dress with a turban to match. Lady Mildred Follett, dressed in mauve, Mrs. Godfrey Faussett in pale pink and Lady Markham in blue gray. Eight different colored dresses were shown in all and all the ladies wore square toed, heelless shoes with "elevator."

Ancestors' Quadrille.

Another very interesting set was the Ancestors' Quadrille, arranged by the Lady Sarah Wilson, who copied a dress in a portrait of one of the Churchill family. The Countess Torby represented an empress of Russia and Mrs. Duggan a lady of Napoleon's court.

Lady Minto's Indian Quadrille had the advantage of two beautiful costumes which she brought home from India, and her quadrille, with the brilliant coloring of the east, made a very striking spectacle. Her three daughters, Lady Errington, Lady Charles Fitzmaurice and Lady Eileen Elliott, of course, took part, and another cleverly organized quadrille was the Sports and Pastime Quadrille, by Lady Mond, who herself represented "Cards." Her white chiffon dress was made empire fashion, the skirt opening at the side as the correct "merveilleuse."



From time to time delicious new ways of serving Kellogg's Corn Flakes are discovered. Here are a few:

Kellogg's with strawberries, raspberries, blackberries, blueberries.

Kellogg's with sliced peaches, pears, or apples.

Kellogg's with sliced oranges, bananas, or pineapple.

Kellogg's in the centre of half a canteloupe.

Kellogg's with ice cream, fruit jellies, custards.

Try Kellogg's with fresh fruits, stewed fruits, or preserves.

Your palate will welcome variety.

FOR CHAMP CLARK

(By Daily News Leased Wire.)

PARKERSBURG, W. Va., June 7.—Champ Clark received the unqualified endorsement of the West Virginia democracy yesterday In state con*vention the six delegates at large were* instructed to vote for him at Baltimore as long as there was any hope of his nomination. At the district con*ventions earlier in the week Clark had* received six instructed delegates, two uninstructed were favorable to him and two uninstructed favored Governor Harmon of Ohio.

Instructed for Wilson

DULUTH, Minn., June 7.—Minnesota Democrats in state convention yesterday voted to send a full delegation of 24 delegates to Baltimore convention with instructions to vote for Woodrow Wilson. It was agreed, however, that in the opinion of two-thirds of the delegates Wilson's nomination is impossible the vote may be thrown to another candidate.

Victory came for the Wilson forces only after followers of Champ Clark and Bryan had made an attempt to have the delegates either instructed for Bryan himself or not instructed at all. As a result of the attempt to stampede the convention for Bryan the hall was in an uproar for more than *an hour.*

LOANS ISSUED

LONDON, June 7.—Applications have been received for $3,000,000 of Trust & Loan Company of Canada 4 per cent bonds and $100,000 of Western Canada Trust 5 *per cent bonds.* A new Canadian Northern loan is being underwritten for $750,000 4 per cent perpetual debentures to be issued at 55.

A WONDERFUL REMEDY

Orange Lily is daily curing the most obstinate cases of Female Disorders. Falling of the Womb, Leucorrhoea, Painful and Suppressed Menstruation, etc., etc., are all of them relieved from the start by its use, and a few weeks' or months' treatment accomplishes a complete cure. *This remedy is a positive* scientific preparation, and is based on the discoveries of Pasteur and Lister. It is an applied treatment that is, it is not taken internally but is applied direct to the suffering parts, and it, therefore, acts with all the certainty of the known laws of chemical action. As it comes in direct contact with the diseased tissue, its antiseptic and nerve-food properties cannot help have a beneficent influence. I receive from 10 to 50 letters daily speaking of the benefits and cures it is performing, and so sure am I that it will do what is claimed for it that I will send, absolutely free, a 35c box to every suffering woman who will write for it. Price, $1 per box, which is sufficient for one months' treatment. Address, MRS. FRANCES E. CURRAH, WINDSOR, ONT.

By R. P. Pettipiece.

News, Views and Activities of Those Who do the World's Work—Local, Provincial, Dominion and International Events Indicative of Industrial and Political Growth an Development.

The candidates on the official ballot for the election of officers for the W. F. of M. are as follows: For president, Charles H. Moyer, Thomas Campbell; for vice president (one to be elected), Charles E. Mahoney, Harry Lapin, E. B. Simanton; for secretary-treasurer (one to be elected), Ernest Mills, Thomas J. Reilly; for executive board members (four to be elected), John C. Lowney, Yanco Terzich, William Davidson, Frank Brown, Guy E. Miller, Joe Guelfi, Leslie W. Turner, Albert Nap Gauthier, John Puera, Howard Tresidder, Fahl Burman, J. E. Dahl, John C. Williams; for delegates to the A. F. of L. convention (four to be elected), Edwin Young, Joseph D. Cannon, Dan Leary, Thomas Campbell, Harry Lapin, M. J. Scanlon, Dan Holland, John C. Williams.

R. A. Rigg of the bookbinders union has been elected permanent secretary of the Winnipeg trades and labor council, at a salary of $100 per month. His entire time will be devoted to the duties of that office and of business agent of the labor movement in Winnipeg.

If the efforts being made are successful, Calgary will be the scene of the 1914 convention of the Brotherhood of Firemen and Engineers.

The Brotherhood of Railway Car*men has granted a charter to a local* at Sarnia, Ont.

The strikers on the Canadian Northern in British Columbia are now issuing a regular bulletin of news of the progress of the strike in order to counteract the lies of the daily press by giving the workers reliable information of the actual condition of affairs. The unions affiliated with the A. F. of L. are affording the strikers assistance, contributions coming in from as far as Florida. The strike has been the means of drawing together the hitherto warring factions in organized labor movement in the province, and indications are that the mutual understanding so initiated will continue, to the great benefit of all concerned.

An organization meeting of the building trades will be held in the Vancouver labor temple on June 3. Speakers will be present from Seattle, Victoria, New Westminster and other points.

After years of agitation the unions across the line have succeeded in getting legislation through both houses of congress extending the eight hour principle to contracts involving labor *on government works.*

The wage scale of the street railway employes of Winnipeg has been increased 1 cent per hour to those of three years or less service, and 3 cents to those of three or more years. The *rate of increase is 4 per cent aggre*gate annual increase, $9,600. It takes effect from May 1.

Some McGill students got a bad scare a few days ago at Bellevue, Alta. The miners were on strike at the time and when two carloads of the rah-rah boys drew in, bound on a search after knowledge, the miners sized them up as a bunch of strikebreakers and wanted to be the reception committee. The protests of the railway officials were unavailing for some time and the students cut their stay and the rah-rahs short.

Typos, take notice! The following was the report of the committee of the National Manufacturers' association, submitted at their annual convention at the Waldorf-Astoria on May 20 last, referring to the use of the union label on printed matter: "As the presence of the union label on printed matter is an indication that this emanates from a shop closed to nonunion printers, it represents a discrimination against a great class of American working men that should be the concern of every man who believes in an equal principle of 'open shop' to return union label printing marked with appropriate *comment and* to give patronage to printing concerns ignoring the union label." Five hundred manufacturers were in attendance at the meeting from every section of the country.

The British workers seem to be determined to use the general strike for all it is worth in getting their most pressing demands conceded in a hurry. Spurning the bait held out to them by the government "inquiry," they quit work to the number of 150,000, and London was immediately face to face with a food famine. The class from which the dockers are drawn rarely know the luxury of a square meal and no doubt they think they might as well starve doing nothing as working, but no one yet has ever become inured to hunger and who will feel the food shortage first, the strikers or the employers?

It is likely that a local of the United Garment Workers will be formed in Stratford, Ont.

The financial strength of the Cigarmakers' International union can be guaged from the following figures. Since 1878 the sum paid in benefits has passed the $19,000,000 mark. Loans amounted to $12,596,707; strikes, $1,480,623; sick benefits, $3,300,000; death and total disability, $2,845,258; out of work benefits from 1890 to 1911, $1,348,000 and over.

The Russian working men are in *strike practically throughout* the empire as a consequence of the massacre in the Lena goldfields. In St. Petersburg alone 100,000 are out, and the movement is spreading throughout the manufacturing centres of the country The Cossacks are on the job.

A coal mine explosion in Japan last week resulted in the loss of 276 lives—none of them being those of shareholders. A portion of the mine was sealed up and the miners left to perish.

The Revelstoke local of the Blacksmith's and Helpers' have voted in the affirmative on the proposition of joining the British Columbia federation of labor.

J. D. McNiven, "fair wage" officer of the department of labor at Ottawa, and one time Liberal-Labor member in the British Columbia legislature for the city of Victoria, is now in Vancouver and will make that city his headquarters from which to control the territory west of Winnipeg.

Coal stealing is the fashionable crime of the moment in England and thoroughness was the note of a robbery in a village near Newcastle-on-*Tyne. The village constable got in* two loads one day and the next found his coal place empty, swept and whitewashed.

The Calgary painters have secured an agreement with their employers, of *which the increase of 5 cents* per hour is the least important gain. It includes the Saturday half holiday, overtime at the rate of time and a half to midnight and double time after, biweekly payment of wages, one apprentice to every four journeymen, to serve not less than three years; foremen on jobs valued at $1,000 and over to receive 5 cents per hour extra; no mixing of paints or carrying of material outside working hours; traveling expenses to work outside the city to be paid both ways; time while traveling; extra living expenses incurred, and all expenses outside of the city for less than six days. Business Agent Taylor is to be credited for the successful manner in which he conducted the negotiations. The agreement expires on the last day of March, 1914.

F. Butler, executive board officer of the Bricklayers and Masons, returned to Winnipeg last week after a trip to Regina and Edmonton, where new agreements have been negotiated.

The strike of London, Eng., tailors is practically over, a large number of the firms involved having acceded to the demands for increased wages and better conditions.

The attorney general of Alberta, speaking at Edmonton on May 15 at a campaign meeting, promised that the "thirty-foot clause" in the compensation act would be eliminated. This ridiculous provision, which provides *that no compensation can be claimed* for injuries suffered by a workman who falls from a building 30 feet or less in height, is also incorporated in the British Columbia act.

The Painters, Decorators and Paperhangers journal reports good organization results all along the line.

Lethbridge unionists have capitalized a Labor Temple company at $100,000. The building is to include provisions for social functions, such as reading room, library, pool room, baths and an auditorium with a seating capacity of 1,000.

The last remnant of the national trade union movement in Ottawa is said to number 120 printers, all employed in the government printing bureau.

The Amalgamated Carpenters are making such progress in organization in Toronto and district that a district secretary has been appointed. In northern Ontario unions are being organized all along the line, J. Abrahams being the organizer.

In Ottawa the Brotherhood of Carpenters have gained 140 in membership in the last few weeks. All unions are gaining.

Western Canada unionists will be interested to know that P. M. Draper secretary-treasurer of the Trades and Labor Congress of Canada, Ottawa, has been elected president of the typographical union of the federal capital city by a vote of 208 to 58, and also elected as the typo delegate to the Cleveland convention of the I. T. U. Further interest will be evidenced in the fact that James Simpson will once more be a delegate to the congress convention, which convenes in September at Guelph, Ont. As will also Vice-President Bancroft from Toronto; and last but by no means least, Samuel L. Landers of Hamilton will be on the job once more. Talk about slaughter to make a Roman holiday!

You'll Sleep More Soundly
If You Keep Healthy With Dr. Morse's Indian Root Pills

Insomnia goes with Indigestion.

The man or woman with a good appetite, sound digestion, and bowels and kidneys working right, is never troubled much with sleeplessness. It is when the bowels become constipated and the liver and kidneys sluggish that the trouble begins.

Lazy liver and constipated bowels quickly bring on biliousness, indigestion and sick headaches, making a sound, refreshing night's sleep impossible. Or the inactive kidneys allow the blood to becomes loaded with uric acid, which causes rheumatism, with all its sleep-destroying tortures.

Dr. Morse's Indian Root Pills, taken regularly, induce sweet and dreamless sleep by keeping all these organs active and regular. The headaches disappear, the digestion becomes good again, the blood is purified and perfect health returns.

Dr. Morse's Indian Root Pills have been a favorite household remedy in Canada for over half a century, and they are in daily use throughout the world. Being purely vegetable they are safe for young and old. Made by W. H. Comstock Co., Ltd., Brockville, Ont., and sold by all dealers at 25c. a box. 9

STEPS TOWARD CHURCH UNION

Union Committee of Presbyterian Church Presents Resolutions to General Assembly.

(By Daily News Leased Wire.)

EDMONTON, June 7.—The union committee of the Presbyterian church laid before the general assembly this morning at 10 o'clock a series of resolutions bearing on the question of church union which leave no manner of doubt with reference to the attitude of the committee. The statement affirms that organic union will be effected soon. It assures the members of the other communions of its sincere and ardent desire to complete union within a brief period. It provides for the formation at once of union congregations to be supervised by the three churches jointly. It provides for a division of the mission fields and for complete co-operation pending organic union, and it issues instructions to the colleges and boards of publication to combine their work as far as is possible. The full text of the resolutions follow:

The assembly rejoices at the large measure of agreement among the negotiating churches which the proceedings of these recent years have disclosed and which it believes will prepare the way for a larger measure of union among Christ's people in this land than at present exists.

The assembly rejoices that a large *majority of those voting have declared* themselves in favor of the proposed organic union of the Presbyterian, Methodist and Congregational communions in Canada and believes that organic union will soon be consummated. The assembly reaffirms the position taken by previous assemblies that organic union is the end to be aimed at and striven for and assures the other negotiating churches of its ardent desire to complete such union within a brief period. In view, however, of the extent of the opposition indicated by the vote, the assembly deems it unwise to proceed to the immediate consummation of the union, but resolves as follows:

1. That it be an instruction to the home mission committee to arrange with the other negotiating churches for the further delimitation of territory within which they shall severally establish new missions as well as fuller application of the principle of co-operation already adopted by the assembly.

2. That it be an instruction to the committees charged with the publications of the church to enter into correspondence with similar committees of other churches as to the possibility of combining their work in whole or in part.

3. That it be an instruction to the board of the colleges to consider the possibility of co-operating with the colleges of other churches situated in the same localities so as to avoid unnecessary duplication in teaching.

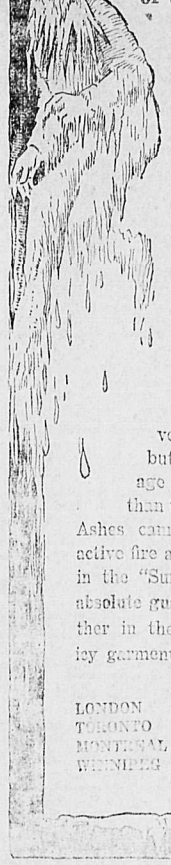
4. That the union committee be au*thorized in conjunction with the union* committees of the other negotiating churches to provide for the oversight of union congregations not organically connected with any of the three churches.

5. That the suggestions as to a modification of the proposed basis of union made by presbyteries sessions or individuals or that may be made before the first of November, 1911, be referred to the union committee for their consideration in the hope of removing objections and with a view to further conference with the committees of the other negotiating churches.

6. That the following names be added to the union committee to fill vacancies, namely: Principal Mackay, Principal Gandier, Rev. J. A. Clarke, Rev. R. G. MacBeth, Rev. Dr. A. S. Grant, Lieutenant Colonel McRae, Hamilton Cassels, Edward Brown, James Gibson, James Rodger and James Balfour.

Jack Frost's Master
McCLARY'S
"Sunshine" Furnace

Jack Frost had the time of his life last winter. He warred against all elements and froze them stiff. Lakes and rivers he turned into solids; he also put a razor-like edge on the wind. He even bit into steel rails making them as brittle as burned glass. Outside, Jack reigned supreme, but his chilly majesty was licked to a frazzle inside by **"The Understudy of the Sun"—McClary's "Sunshine" Furnace.**



Think of the past winter when the mercury swung timidly below the freezing point—not for a day or a week, but for months at a *time. How you shovelled* coal, and how you talked about the appetite of that poor old furnace in the cellar. It simply ate up coal and then fell down when it came to heating the house evenly and comfortably.

McClary's "Sunshine" Furnace makes the most of very little fuel, and distributes a much greater percentage of heat throughout house than the ordinary furnace.

Ashes cannot bank up between the active fire and the walls of the Fire-pot in the "Sunshine" Furnace. It is an absolute guarantee of balmy June weather in the home, when Jack Frost's icy garments are jingling in the Arctic cold without. That's why the "Sunshine" is called "The Ice King's Master." The "Sunshine" Furnace is an excellent investment.—It will last a life-time with ordinary care—and return you a handsome interest on the investment every year by the actual saving it effects.

Now, we want you to do us a favor—we want you to call on the McClary agent and ask him to prove every claim we make for the "Sunshine" Furnace—ask him to prove every claim true.

Ask him to show you—The fuel-saving *features* of the "Sunshine" — The mechanical reasons which make balmy healthy June weather possible in the home when Jack Frost is in his element without—Why the "Sunshine" saves money which other furnaces burn up, and—Why the largest makers of furnaces in the British Empire so amply and so fearlessly guarantee the "Sunshine"—The Understudy of the Sun.

Your decision will please us and pay you. If you don't know the McClary agent, write us at our nearest address.

"Don't Eat Them ALL, Grandpa!"

It's no wonder Maple Buds taste good, and it's no wonder mothers everywhere are encouraging the little folks to spend their pennies for them.

Maple Buds are nothing more than the best of chocolate, pure milk and sugar—things the doctor would recommend to build up a sickly child. The most delicate child can digest them.

The distinctive flavor of Maple Buds is entirely due to the use of only the best chocolate. The fine velvety texture comes from grinding and grinding through innumerable steel rollers.

MARKETS

NEW YORK MARKET

(By Daily News Leased Wire.)

NEW YORK, June 7.—The stock market here today was governed to a large extent by the foreign situation. London's prices for Americans before the opening here reflected a degree of selling pressure which doubtless, originated in Berlin, where the approach of the mid-year settlements is awaited with some anxiety. There is now a general and well defined belief that the German empire is suffering from financial and other economic ills, superinduced by over-extension, especially in various fields of industry.

Other foreign conditions, including Italy's pressing financial needs, the riots in Belgium and recurrent labor troubles in London and the provinces are being taken into account and the more acute phase of the Cuban situation may be regarded as something of a factor. Very recent domestic political developments were received with apparent indifference, but it may be assumed that Wall street is making more than the customary preparations to neutralize any alarm that may result from the outcome of the national conventions. Technically, the market is inherently sound if for no other reason than that public interest in it for the last few weeks has grown increasingly negligible.

WHEAT ADVANCES IN WINNIPEG

(By Daily News Leased Wire.)

WINNIPEG, June 7.—There was a general advance in wheat today. Continental cables were higher, Liverpool's closing figures were higher and Americans strong, and with a good demand and persistent crop damage reports from the south, the local prices here were ½@¾c higher at opening. Following the opening there was a further advance of ⅞c for July and ¼c for October. The closing prices were 1c higher for July and ½c for October. Minneapolis closed 1⅜c higher for July, 1c higher for September, and December 1⅛c higher. Chicago closed 1⅛@1⅜c higher. The cash demand was extra strong for local and export trade with offerings very scarce and low grades have advanced in price 1c per bushel. Oats were a shade firmer with an improved demand for July No. 1 feed, white. Flax was sold at 9c over Thursday's close. Receipts were 250 cars in sight for inspection.

MILLIONS OF BUSHELS YET TO BE MARKETED

(By Daily News Leased Wire.)

WINNIPEG, June 7.—It is estimated in official circles that there is about 15,000,000 bushels of grain in the country yet to be marketed and that the 190 per cent increase in the May and June shipments of grain will be duplicated for the next two months until the country recovers from the effects of last winter's blockade. When final returns are in the crop will be in excess of the 1910 harvest by 75 per cent.

SAO PAULO AND RIO ATTRACT ATTENTION

(By Daily News Leased Wire.)

MONTREAL, June 7.—The so-called Pearson issues, Sao Paulo and Rio, continued to attract considerable attention again today as the result of the reaction from the recent high levels. Sao Paulo sold at the opening at 210 but later rallied to 141¾. Rio, however, declined to 123¾, compared with 135, the lowest level of yesterday.

It was stated that Toronto was the principal seller of these stocks. The general tone of the market was soft this morning, there being a complete absence of bullish sentiment in the fact of lower prices in London. C.P.R. sold off from 255¼ to 264½, but later rallied to 265. Soo was 144¼@141.

The afternoon trading brought out very few price changes of note. Steel held around 65¾, Richelieu at 117¼@117½ and Rio at 133¾. C.P.R. was a point off at 264 as the result of Berlin selling. Later it rallied to 264¾.

LONDON MARKET DULL

(By Daily News Leased Wire.)

LONDON, June 7.—There was an ample supply of money available today and discount rates were steady. The stock market was dull under the influence of labor troubles. Consols reached a new low record and a New Zealand loan of $22,500,000, which will appear shortly, depressed consols. United Havana railway shares were weak, caused by the trouble in Cuba. Americans opened dull, with prices showing irregular changes. Trading was light and mainly on the selling side. C.P.R. was weak and lost 1⅜ points. The rest of the list was dull throughout. The closing was steady with prices within a small fraction of parity.

CHICAGO CATTLE MARKET

(By Daily News Leased Wire.)

CHICAGO, June 7.—Cattle—Receipts, 1,000 head; market steady to strong. Beeves, 5.90@9.30; Texas steers, $6.35@8; western steers, $6.10@8; stockers and feeders, $4.30@6.80; cows and heifers, $2.85@8; calves, $5.50@9.

Hogs—Receipts, 16,000 head; market 5c higher. Light, $7.15@7.60; mixed, $7.15@7.67½; heavy, $7.15@7.70; rough, $7.15@7.35; pigs, $5.25@7.65; bulk of sales, $7.50@7.65.

Sheep—Receipts, 7,000; head market, steady. Natives, $3.25@5.35; western, $3.60@5.35; yearlings, $5@7; lambs, native, $4.60@8.25; western, $4.75@8.50.

FALL RE-ELECTED AFTER STRENUOUS SITTING

(By Daily News Leased Wire.)

SANTA FE, N. M., June 7.—The New Mexico house late yesterday afternoon in a session in which the members came to blows and the sergeant at arms had to clear the spectators' galleries to restore order, rescinded its decision not to vote for a United States senator and re-elected United States Senator A. B. Fall. The house cast 25 votes for Fall and two votes for Speaker Baca. Twenty-two members, including all the Democrats, progressive Republicans and three regular Republicans, refused to vote. The house then invited the senate to join the session and Senator Fall was declared for the sixth term beginning March 4, 1913, re-elected.

CORPORATION OF THE CITY OF NELSON

By-law No. 232

A By-law to raise twenty thousand (20,000.00) dollars for the purchase of a site for a fire hall, the building of a fire hall thereon and the equipment thereof within the municipal limits of the city of Nelson.

Whereas a petition has been presented to the municipal council of the city of Nelson, signed by the owners of at least one-tenth of the value of the real property of the city of Nelson as shown by the last revised assessment roll, requesting the council to introduce a by-law for the purpose of purchasing a site for a fire hall, erecting a fire hall thereon and equipping the same, the cost of such site, buildings and equipment not to exceed the sum of twenty thousand ($20,000.00) dollars.

And whereas it is deemed expedient to comply with the request of the petitioners.

And whereas for the purpose aforesaid it will be necessary to borrow the sum of twenty thousand ($20,000.00) dollars and to issue debentures of the city of Nelson for the purpose of raising said amount.

And whereas the whole amount of rateable land of the said city of Nelson according to the last revised assessment roll is $1,642,355.

And whereas it will be requisite to raise annually by rate the sum of $1,707.22 for paying the said debt and interest.

Now therefore, the Municipal Council of the Corporation of the City of Nelson enacts as follows:

1. It shall and may be lawful for the Mayor of the Corporation of the City of Nelson to borrow upon the credit of the said Corporation, by way of debentures hereinafter mentioned from any person or persons, body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of twenty thousand ($20,000.00) dollars and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and object hereinafter recited.

2. It shall be lawful for the Mayor of the said Corporation to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid, not exceeding, however the sum of twenty thousand ($20,000.00) dollars, each of the said debentures being of the denomination of one thousand (1,000.00) dollars, and all of such debentures shall be sealed with the seal of the Corporation and signed by the mayor thereof.

3. The said debentures shall bear date the first day of July, 1912, and shall be payable in twenty (20) years from the said date in lawful money of Canada, at the office of the bank of Montreal in Nelson, aforesaid, which said place of payment shall be designated by the said debentures, and shall have attached to them coupons for the payment of interest, and the signatures to the interest coupons may be either written, stamped, printed or lithographed.

4. The debentures shall bear interest at the rate of 5 per cent per annum from the date thereof, which interest shall be paid semi-annually at the said office of the Bank of Montreal in Nelson aforesaid, in lawful money of Canada, on the first day of January and the first day of July respectively in each year during the currency thereof, and shall be so expressed in said debentures and coupons to be so payable.

5. It shall be lawful for the Mayor of the said Corporation to negotiate and sell the said debentures, or any of them, but in no case shall the debentures, or any of them, be negotiated or sold for less than ninety-five per centum of their value, including the cost of negotiating the sale, brokerage and all other incidental expenses.

6. There shall be raised and levied in each year during the currency of the debentures the sum of $1,000.00 for the payment of interest, and the sum of $702.22 for the payment of the principal moneys secured by said debentures, by rate sufficient therefor on all the rateable land in the said Municipality.

7. It shall be lawful for the Municipal Council to repurchase any of the said debentures upon such terms as may be agreed upon with the legal holders or holders thereof or any part thereof, either at the time of sale or any subsequent time or times, and all debentures so repurchased shall forthwith be cancelled and destroyed, and no reissue of debentures so repurchased shall be made in consequence of such repurchase.

8. This by-law shall take effect on and after the 29th day of June, 1912.

9. This by-law shall be cited for all purposes as the "City of Nelson Fire Hall By-law No. 232, 1912."

Done and passed in council assembled this ....., day of ....., 1912.

NOTICE

Take notice that the above is a true copy of the proposed by-law upon which the vote of the Municipality will be taken at the City of Nelson on the twentieth day of June next, between the hours of 9 o'clock a.m. and 7 o'clock p.m.; for the East Ward at the City Hall, corner of Front and Ward streets, and for the West Ward at the Band Room, 509 Kootenay street.

W. E. WASSON,
City Clerk.

CORPORATION OF THE CITY OF NELSON

By-law No. 233

A By-law to raise seven thousand five hundred (7,500.00) dollars for the purpose of extending the existing water works system of the City of Nelson.

Whereas a petition has been presented to the municipal council of the city of Nelson, signed by the owners of at least one-tenth of the value of the real property of the city of Nelson as shown by the last revised assessment roll, requesting that a by-law be introduced authorizing the issue and sale of debentures of the City of Nelson to the extent of Seven thousand five hundred ($7,500.00) dollars for the purpose of extending the existing water works system of the City of Nelson.

And whereas it is deemed expedient to comply with the request of the petitioners.

And whereas for the purpose aforesaid it will be necessary to borrow the sum of seven thousand five hundred ($7,500.00) dollars, and to issue debentures of the City of Nelson for the purpose of raising said amount.

And whereas the whole amount of rateable land of the said city of Nelson according to the last revised assessment roll is $1,642,355.

And whereas it will be requisite to raise annually by rate the sum of $849.20 for paying the said debt and interest.

Now therefore, the Municipal Council of the Corporation of the City of Nelson enacts as follows:

1. It shall and may be lawful for the Mayor of the Corporation of the City of Nelson to borrow upon the credit of the said Corporation, by way of debentures hereinafter mentioned from any person or persons, body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of seven thousand five hundred (7,500.00) and to cause such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and object hereinbefore recited.

2. It shall be lawful for the Mayor of the said Corporation to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid, not exceeding, however, the sum of seven thousand five hundred ($7,500.00) dollars, each of the said debentures being of the denomination of one thousand ($1,000.00) dollars, and all of such debentures shall be sealed with the seal of the Corporation and signed by the Mayor thereof.

3. The said debentures shall bear date the first day of July, 1912, and shall be made payable in twenty (20) years from the said date in lawful money of Canada, at the office of the Bank of Montreal in Nelson, aforesaid, which said place of payment shall be designated by the said debentures, and shall have attached to them coupons for the payment of interest, and the signatures to the interest coupons may be either written, stamped, printed or lithographed.

4. The debentures shall bear interest at the rate of 5 per cent per annum from the date thereof, which interest shall be paid semi-annually at the said office of the Bank of Montreal in Nelson aforesaid, in lawful money of Canada, on the first day of January and the first day of July respectively in each year during the currency thereof, and shall be so expressed in said debentures and coupons to be so payable.

5. It shall be lawful for the Mayor of the said Corporation to negotiate and sell the said debentures, or any of them, but in no case shall the debentures, or any of them, be negotiated or sold for less than ninety-five per centum of their value, including the cost of negotiating the sale, brokerage and all other incidental expenses.

6. There shall be raised and levied in each year during the currency of the debentures the sum of $375 for the payment of interest, and the sum of $265.20 for the repayment of the principal moneys secured by the said debentures, by rate sufficient therefor on all the rateable land in the said Municipality.

7. It shall be lawful for the Municipal Council to repurchase any of the said debentures upon such terms as may be agreed upon with the legal holders or holders thereof or any part thereof, either at the time of sale or any subsequent time or times, and all debentures so repurchased shall forthwith be cancelled and destroyed, and no reissue of debentures so repurchased shall be made in consequence of such repurchase.

8. This by-law shall take effect on and after the 29th day of June, 1912.

9. This by-law shall be cited for all purposes as the "City of Nelson Water Works Extension By-law No. 233, 1912.

Done and passed in council assembled this ....., day of ....., 1912.

NOTICE

Take notice that the above is a true copy of the proposed by-law upon which the vote of the Municipality will be taken at the City of Nelson on the twentieth day of June next, between the hours of 9 o'clock a.m. and 7 o'clock p.m.; for the East Ward at the City Hall, corner of Front and Ward streets, and for the West Ward at the Band Room, 509 Kootenay street.

W. E. WASSON,
City Clerk.

Nelson, B.C., June 7th, 1912. 45-12

CORPORATION OF THE CITY OF NELSON

By-law No. 234

A By-law to raise seven thousand five hundred (7,500.00) dollars for the purpose of extending the existing sewer system of the City of Nelson.

Whereas a petition has been presented to the municipal council of the city of Nelson, signed by the owners of at least one-tenth of the value of the real property of the city of Nelson as shown by the last revised assessment roll, requesting that a by-law be introduced authorizing the issue and sale of debentures of the City of Nelson to the extent of Seven thousand five hundred ($7,500.00) dollars for the purpose of extending the existing sewer system of the city of Nelson.

And whereas it is deemed expedient to comply with the request of the petitioners.

And whereas for the purpose aforesaid it will be necessary to borrow the sum of seven thousand five hundred ($7,500.00) dollars, and to issue debentures of the City of Nelson for the purpose of raising said amount.

And whereas the whole amount of rateable land of the said city of Nelson according to the last revised assessment roll is $1,642,355.

And whereas it will be requisite to raise annually by rate the sum of $849.20 for paying the said debt and interest.

Now therefore, the Municipal Council of the Corporation of the City of Nelson enacts as follows:

1. It shall and may be lawful for the Mayor of the Corporation of the City of Nelson to borrow upon the credit of the said Corporation, by way of debentures hereinafter mentioned from any person or persons, body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of seven thousand five hundred ($7,500.00) dollars and to cause such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and object hereinbefore recited.

2. It shall be lawful for the Mayor of the said Corporation to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid, not exceeding, however the sum of seven thousand five hundred ($7,500.00) dollars, each of the said debentures being of the denomination of one thousand ($1,000.00) dollars, and all of such debentures shall be sealed with the seal of the Corporation and signed by the Mayor thereof.

3. The said debentures shall bear date the first day of July, 1912, and shall be made payable in twenty (20) years from the said date in lawful money of Canada, at the office of the Bank of Montreal in Nelson, aforesaid, which said place of payment shall be designated by the said debentures, and shall have attached to them coupons for the payment of interest, and the signatures to the interest coupons may be either written, stamped, printed or lithographed.

4. The debentures shall bear interest at the rate of 5 per cent per annum from the date thereof, which interest shall be paid semi-annually at the said office of the Bank of Montreal in Nelson aforesaid, in lawful money of Canada, on the first day of January and the first day of July respectively in each year during the currency thereof, and shall be so expressed in said debentures and coupons to be so payable.

5. It shall be lawful for the Mayor of the said Corporation to negotiate and sell the said debentures, or any of them, but in no case shall the debentures, or any of them, be negotiated or sold for less than ninety-five per centum of their value, including the cost of negotiating the sale, brokerage and all other incidental expenses.

6. There shall be raised and levied in each year during the currency of the debentures the sum of $375 for the payment of interest, and the sum of $265.20 for the repayment of the principal moneys secured by the said debentures, by rate sufficient therefor on all the rateable land in the said Municipality.

7. It shall be lawful for the Municipal Council to repurchase any of the said debentures upon such terms as may be agreed upon with the legal holders or holders thereof or any part thereof, either at the time of sale or any subsequent time or times, and all debentures so repurchased shall forthwith be cancelled and destroyed, and no reissue of debentures so repurchased shall be made in consequence of such repurchase.

8. This by-law shall take effect on and after the 29th day of June, 1912.

9. This by-law shall be cited for all purposes as the "City of Nelson Sewer Extension By-law No. 234, 1912."

Done and passed in council assembled this ....., day of ....., 1912.

NOTICE

Take notice that the above is a true copy of the proposed by-law upon which the vote of the Municipality will be taken at the City of Nelson on the twentieth day of June next, between the hours of 9 o'clock a.m. and 7 o'clock p.m.; for the East Ward at the City Hall, corner of Front and Ward streets, and for the West Ward at the Band Room, 509 Kootenay street.

W. E. WASSON,
City Clerk.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon territory, the North-west Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for. *92-161

TENDERS FOR HOSPITAL BUILDING

Sealed tenders are invited for the erection and completion of a hospital building in the city of Nelson.

All tenders must be accompanied by a certified cheque for 5 per cent of the amount of the tender, made payable to the Kootenay Lake General Hospital Society, which cheque will be forfeited to the society if the successful tenderer fails to sign the contract within eight days after notification of acceptance of his tender, and also to enter into bonds satisfactory to the Board, according to the specifications.

The lowest or any tender not necessarily accepted.

The whole or part of the work and material may be tendered for.

Separate tenders for plumbing, heating, electrical construction, painting and plastering are required.

Plans and specifications can be seen at the office of George Johnstone, Esq., secretary of the Hospital Society, to whom sealed tenders, endorsed "Tender for Hospital" must be delivered before 12 o'clock noon on Tuesday, June 11th, 1912.

CHILDREN LEARN DOMESTIC ARTS

Sewing and Cooking Classes Do Well at Public School—Modern Equipment in Use.

Since the beginning of January rapid progress has been made in the household art department of the Nelson public school, and although the domestic science branch is now fairly started, until May 10 the necessary equipment to carry on this part of the work was not in readiness.

Classes have been organized from all the divisions in the public school except 12 and 13 and high school first form. Although *only an average of* one hour each week has been devoted to the respective classes, 200 uniforms have been completed by the pupils themselves. These uniforms, which are patterned after those worn at the Toronto university, consist of four pieces—towel, apron, cap and cuffiets. In making these the pupils learned *cutting, even basting, even running,* basting, tailors' basting, napery hemming, hemstitching, machine stitching, flat seam and French seams, button holing, barred and fan tailed ends. The lower divisions—ten and eleven—have learned elementary stitches

The equipment for the household science department, which has been modeled after that in use at Toronto and Columbia universities, is very complete Perhaps the most interesting feature is 24 electrical discs on which all the individual cookery is done. Of this feature the Nelson public school may well be proud, as it is not the third school on the continent of North America equipped with electrical utensils. Oven cooking will be done in the steel range and fireless cooker.

Most of the individual cooking utensils are aluminium and are neatly kept in a small drawer beside each pupil. Stationary washtubs, drying room and electric irons have been provided so that the students may be properly versed in laundrying. A large built-in refrigerator stands ready to hold all the perishable supplies necessary for cookery. In fact, every effort has been put forth to make the household art and household science department of the public school here as complete and modern as possible.

Great credit is given Miss Pettit, household science teacher, for getting his work on a smoothly running basis in so short a time. Miss Pettit has worked unceasingly since being engaged by the Nelson school board, organizing classes and overseeing the work of equipping the rooms, and the result already obtained from her untiring energies is a recognition itself of her capability. Miss Pettit is one of the few second-class honor graduates as teacher in household science from the Gillian-Massey school of household science and art, Toronto university.

From present prospects, by fall the work will be running according to a regular household science curriculum.

NELSON NEWS OF THE DAY

The water fell two inches yesterday according to the guage of the Nelson Boat & Launch Co. It now stands at 10 feet, 2½ inches.

During a two months visit to the east Alderman Wanley will act as Nelson's representative at the annual meeting of the Union of Canadian Municipalities, which will be held next month at Windsor, Ont. He will leave for the east early in July.

The appointment following is included in the provincial Gazette:—Samuel R. Roe, district registar of titles for the Kootenay land registration district to perform the duties of examiner of titles within the limits of the said land registration district.

While on his way to Victoria to attend the Oddfellows grand lodge Robert Hendricks of Nelson last night in Nelson received the news that his brother, M. Hendricks of Pullman, Wash., had been kicked by a horse and was not expected to live. He will leave with Mrs. Hendricks for Pullman on this morning's train.

Ask or write for the Hudson's Bay company's grocery price list. 161-tf.

King George Cafe, Hall street, serves the best 25 cent dinner in Nelson. Neat, clean place to dine. Short orders a specialty. Harry C. Holmes, proprietor. 46-

Miss Currie has just received a choice assortment of lace made by hand in India. This is now on sale at Miss Hanlin's Millinery Rooms. Call early as the supply is limited. 43-tf.

AT THE THEATRE

A good house greeted the laughing comedy, "The Girl and the Tramp," at the opera house last evening, with Fred A. Byers as Happy Jack, a tramp. The *roll* also of the play were well put on. *Mr. Byers made the most of his leading* part and was genuinely funny, dramatic and tragic in turn as the play developed. A small but efficient company creditably supported Mr. Byers, and the play ran smoothly and satisfactorily from start to finish.

This evening Ollie Mack and his company appear in "Casey Jones."

The plot of "Casey Jones" would suggest the following titles: "Is Marriage a Failure?" "Winning a Husband," "A Bargain Husband," "The Boy From Harvard," "Self Sacrifice," "Too Much Married," "The Spinster and the Lawyer," and "in Love With His Wife." These titles indicate the broad scope of the plot. It is an up-to-date comedy drama and is considered somewhat "unusual," combining heart interest with lots of clear fun and a plot which it is a joy to fathom until the last lines have been spoken. "Casey Jones," with the original company, will be seen at the opera house tonight.

"The Deputy and the Girl," which is being shown at the Gem theatre this evening is an interesting study of a woman's heart that is fresh, convincing and commendable, some one putting good, hard thought in these Essanay pictures, say the Moving Picture World. There is something in them beside the mere struggle. They show sympathy with life and fresh observation and give the spectator something to think about, something for his money. "The Swimming Party," an unusually fresh comedy by the Kalem company. "Floral Parade at San Diego." On the same reel is an interesting scenic subject, "The Ones who suffer," being a truly effective picture, which will be much admired. Some of the photographs are lovely.

The largest outfit of magical paraphernalia in existence will be seen at the opera house on June 19 with the Great McEwen company. The famous Scottish entertainer, the Great McEwen, will present entirely new, novel and interesting experiments in magic, mind reading and hypnotism.

STRIKERS CLASH WITH DEPUTIES

Strikers Put Women in Front Ranks —Hurl Bricks From the Rear

(By Daily News Leased Wire.)

MIDDLETOWN, Conn., June 7—A clash of 350 striking operatives of the Russell Manufacturing company, with a force of police and deputies at the mills in South Farms today brought here later a platoon of cavalry from troop A Connecticut National Guards who will stay here to assist the police until the trouble is over. The strikers are entirely of Italian nationality, the greater number being women and few speaking English. All have joined the Industrial Workers of the World within a few days and then under encouragement of organizers of that body demanded increased wages and certain changes in working conditions. The strike followed when the company refused to recognize the labor organization but offfered to treat with the employees direct. The clash today was brought about by the strikers trying to stop others from going into the mills. Practically none of the other 800 employees in the group of mills at South Farms, and they embrace Polanders, Germans and other continentals, who are for the most part non-English speaking and who have not joined the workers, stayed away from work when the whistles blew this morning. The police gave protection and the clash came. The *male strikers* adopted the ruse of putting the women in the front ranks and then sending forward a flying wedge. The officers did not want to use force but they found the women crowded them using their finger nails and teeth while from the rear came a shower of stones bricks and other missiles. The police finally used their *clubs,* hitting over the heads of the women, but the disturbers were dispersed after some arrests had been made. The prisoners had hearings in the city court but after an all day sitting no decision was reached. After the first outbreak the strikers hung back.

NO MORE CASTOR OIL

Mrs. Effie Russell, Granum, Alta. says: "I have used Baby's Own Tablets in place of castor oil and now it is no more oil. I could not do without the Tablets; they are wonderful. Whenever baby is feverish I give him the Tablets and the fever soon disappears. I always keep them in the house and recommend them to my friends." Baby's Own Tablets do not gripe. They are easy to take and absolutely safe. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CANADIAN MAP AGAIN ROLLED BACK

Ontario, Quebec and Manitoba Look Towards James Bay—Exploration Parties in Field

(By Daily News Leased Wire.)

TORONTO, June 7—Within the next 18 months the Canadian map is again to be rolled back. This time the mandate will be "Go north." Ontario, Quebec and Manitoba have plans for provincial development. The Dominion government in continuing its policy finds itself in co-operation with the *prospective policies* of Sir James Whitney and Sir Lomer Gouin. In Ontario it is known that it has long been a dream of J. L. Englehart, chairman of the Temiskaming & Northern Ontario railroad to extend further the line to James Bay. At the present time two exploration and surveying parties are out in these districts gathering data. In Quebec it is anticipated that the government of Sir Lormer Gouin will tackle the project of a provincial railway before long. The addition of the vast unsettled but productive territory of Ungava has whetted the appetite of the sister province for further development and expansion.

This much at any rate is evident, the eyes of all three governments are taking cognizance of the early requirements of the northern country. It is stated here that some joint proposal for the development of the territory concerned in the recent boundary settlement is being considered by the Ontario and Manitoba governments.

RESOLUTION

Whereas, there is now employed at the Cinderella mine, near Three Forks, a Chinese cook, and

Whereas, through the loyalty of its friends and the fidelity of its membership, this union has hitherto been successful in maintaining a "White B.C." in so *far as its local jurisdiction* extends, and

Whereas, every friendly overture to secure a continuance of this state of affairs has been unsuccessful in persuading the management of the property in question to dismiss the Chinaman, therefore be it

Resolved, that this, Sandon Union No. 81, of the Western Federation of Miners, vigorously condemns the employment of Asiatic help, in any capacity, and calls *upon its friends and members* to use every lawful and honorable effort to secure the banishment of the present Oriental, and prevent the future introduction of a class of labor that can only result in lowering our present standard of living, and injury to the moral, social and civic tone of the community, and be it further

Resolved, that the sense of this resolution, and a history of the reasons responsible for its adoption, be circulated as widely as possible amongst the membership and friends of organized labor, in this portion of the province of British Columbia.

Sandon, B.C., May 28, 1912. 39-tf.

H. Barrett, manager of the Creel lodge at Slocan Junction, was a visitor to the city yesterday, registering at the Strathcona.

J. A. McDonald, C.P.R. district passenger agent, left yesterday for Spokane where he will spend a holiday, thence going to Banff.

The Nelson Street railway returns for May showed 26,802 passengers carried and a revenue of $1,113.35, according to the report of the secretary.

he had completed arrangements for comhe had completed arrengements for commencing the construction of his new aluminum life saving apparatus in a factory to be built on the water front, where he also plans to carry on experiments in wireless telegraphy.

All union painters and those intending to join on the low initiation fee are requested to meet at Miners' Union hall tonight at 8 o'clock. It is important that every painter be present to elect officers, fix initiation fee and elect delegates to the Trades and Labor Council, where action will be considered regarding non-union men.

Petitions have been prepared for signatures by property owners on Baker street who desire to have the street illuminated under the local improvement plan. As the city will pay 25 per cent of the expense the cost per lot to the property owner of the standard tungsten lamps will be only about $3.50 per year for 10 years. The petitions will be circulated for signatures by a special committee in a few days.

Our Advice to Women
Many women come to us and say, "I feel so played, out I don't know what to do. I have no appetite, am pale, sleep badly and feel nervous and wretched all the time."
It is very pleasant for us to be able to say, "We know just what you need—Vinol, our delicious cod liver and iron remedy that is the finest tonic and strength renewer we have ever sold. It restored Miss Elizabeth Cremond, a trained nurse who lives in Boston, to health when she was in a critical condition and now she advises her patients to use it. Vinol will put you on your feet again, restore your strength and put color in your cheeks. You won't know you have any nerves after taking a bottle of Vinol. Try it and if it does not do all we say we'll give back your money but you will not want your money for Vinol will make you well."

MANAGER MOVED TO VICTORIA

Rossland Manager of Bank of Montreal Goes to Coast—New Minister.

(Special Correspondence.)

ROSSLAND, June 8.—Mrs. Livingstone, organizer for British Columbia of the Women's Christian Temperance Union, will be in Rossland tomorrow and will address a mass meeting for women in the Methodist church during the afternoon, commencing at 3 o'clock. She has been lecturing in other parts of the province and is an interesting speaker.

The Sunday schools of the Church of England, Methodist and Presbyterian church will not be opened tomorrow on account of the prevalence of a disease among children in the city. The Sunday school of the Bible Truth hall will also be closed. They will not be opened again until further notice is given.

S. H. Sarkassian, pastor of the Presbyterian church, Rossland, left for Trail last night to preach the preparatory sermon there. He will take the services on Sunday in Rossland as usual.

Rev. E. H. G. Smyth of Trail will preach at the Church of England tomorrow in the absence of the Rev. W. H. Simpson, who has gone to England on a tour. There will be communion at 8:30 o'clock and the regular service at 11 o'clock.

Rev. George Kinny, the new minister of the Methodist church, who takes the place of the Rev. Archibald Ewing, will occupy the pulpit tomorrow for the first time. Mr. Ewing left several days ago for his new incumbency at Mission Junction, while Mr. Kinny only arrived in Rossland on Thursday.

The Rossland City band will give one of their weekly concerts tonight, C. J. Miles being conductor, in the bandstand at Columbia avenue and Washington street. The program will consist of the following selections: March, "Plutocrat," by Lorendo; waltz, "San Saba," by Barnard; overture, "Psyche," by King; selection, "Southern Melodies," by Holmes; march, "Stony Point," by Lorendo; overture, "Valmond," by Barnhouse; waltz, "Kyringa," by Barnard; march, "Signal Bell," by Holmes. The concert will begin at 7:30 o'clock. The new uniforms, which the band is paying for itself, are expected to arrive about the end of this month and will be ready for Dominion day.

Mrs. R. T. Evans, grand president of the Rebekah assembly, Miss Millie Evans, representative, and Mrs. J. A. Morrison, representative, left for Victoria last night to attend the assembly, which convenes on Monday.

J. S. C. Fraser, manager of the branch of the Bank of Montreal at Rossland for the last 12 years, has been appointed to be manager of that institution at Victoria, B. C., according to advices recently received from the headquarters. He will leave, it is expected, about the end of this month for the new post. Mr. Fraser has just returned from a trip through the Okanagan along with Joseph Deschamps and Lorne A. Campbell, M. P. P. He will be replaced in Rossland by G. A. Lafferty, accountant for the bank at Spokane and who filled a similar position in Rossland previous to being moved there. Mr. Fraser has been one of the leading financial men of Rossland ever since the boom days and few deals concerning money were ever put through without his help. He was responsible in a great measure for the successful financing of the Trail smelter several years ago.

CHURCH SERVICES TOMORROW

All changes for church service announcements must be handed in or phoned to The Daily News office before 6 o'clock on Friday. If not received by this time the notices will be omitted from Saturday's issue.

ANGLICAN—St. Saviour's, corner of Ward and Silica streets. First Sunday after Trinity. 8 a.m., Holy Communion; 9:30 a.m., Sunday school and Bible classes; 11 a.m., Matins and Litany; 7:30 p.m., Evensong. Rector, Rev. Fred H. Graham.

PRESBYTERIAN—Rev. E. S. Logie, pastor. Services 11 a.m. and 7:30 p.m.; Sunday school in church parlors at 2:30 p.m. Services will be held in the building recently purchased, on the corner of Stanley and Silica streets.

ROMAN CATHOLIC—Corner Ward and Mill. Low mass, 8 a.m.; High Mass, 10:30 a.m.; evening service, 7:30 p.m. Rev. J. Althoff.

METHODIST—Rev. A. E. Smith, pastor. Services on Sunday at 11 a.m. and 7:30 p.m., conducted by the pastor. The morning subject will be "A Visitor." Evening subject, "The Potter and the Clay." Twenty minute sermons, modern ideas in religion. The Sunday school will meet at 12 o'clock after the morning service. All seats free. All people welcome.

BAPTIST—Public service at 11 a.m. and 7:30 p.m. Sunday school at 9.45 a.m. for the summer months. Pastor, Rev. Charles W. King; residence 524 Hoover street, corner Josephine street; telephone L469. P. O. Box 396.

SALVATION ARMY—Victoria street. Morning service, 11 a.m.; Sunday school, 1.30 p.m.; praise service, 3 p.m.; evening service, 7.30. Capt. H. Jackson, commanding officer.

CHRISTIAN SCIENCE—Knights of Pythias hall, Eagle block. Sunday morning service at 11:30. Evening service at 7:30 Reading rooms open daily 3 to 5.30. Visitors welcome.

IN FACE OF NATIONAL PERIL

Cuban President Calls on People to Arm Against Onslaught of Barbarous Hordes.

(By Daily News Leased Wire.)

HAVANA, June 7.—The gravity of the situation in Cuba was emphasized by the issuance late last night by President Gomez of a proclamation to the Cuban people, urging them to arm and organize in the face of the national peril. The president expresses the hope that congress tomorrow will vote a credit to cover the extraordinary military preparations—this in addition to the $1,000,000 already voted. In his proclamation the president calls upon the Cuban people to rally to the support of the government and to take up arms in the cause of civilization and their nationality against the onslaughts of barbarous hordes, because he feels certain that if the Cuban uprising is not controlled within a short time American intervention and resulting loss of Cuban independence are inevitable. President Gomez informed his intimates yesterday that he proposes to take the field himself and call to the country to support him in wiping out the rebellion in the Oriente.

Notwithstanding that Washington has constantly reasserted assurances that the United States does not intend to intervene in Cuba, it can be stated positively that Cuban officials are not convinced, fearing that intervention means the end of the present administration if not of the republic. They seem unable to understand that President Roosevelt's declaration several years ago that "the next intervention will be the last" is unlawful.

CONGREGATIONALISTS FAVOR CHURCH UNION

(By Daily News Leased Wire.)

MONTREAL, June 7—Church union was cordially endorsed at today's session of the Congregational union of Canada. Rev. Dr. Warriner in presenting the report of the church union committee, stated that the tentative vote taken two years ago showed that 82 per cent of the voting churches and voting members in the churches were in favor of union. The majority of members of the three church bodies have expressed themselves as desirous of union. His committee, therefore, recommended that the committee be continued with instructions to co-operate with other churches in the endeavor to give church union practical expression in the life of the church. Dr. Warriner referred to the union of the four theological colleges attached to McGill university and stated that the scheme which has already been formulated will be put into operation at the opening of the next session.

Rev. Dr. J. A. Gordon on behalf of the Baptist union of Canada intimated that the Baptst church did not favor church union but at the same time they favored and desired the closest relationship with other denominations.

GOLF LINKS PROPOSED ON MOUNTAIN TOP

(Special to The Daily News.)

REVELSTOKE, B.C., June 7—W. B. Robertsen of Revelstoke and Miss Hannam, a nurse at the Revelstoke hospital, were united in matrimony at Vancouver on June 1.

A movement is under way to add to the attractions of mount Revelstoke as a tourist resort by the laying out of a series of golf links at the peak of the mountain. The summit of Mount Revelstoke comprises a semi-circular plateau, admirably adapted to forming golfing grounds.

On the King's birthday, whilst two Italians were driving along First street they ran over little Olive McIntyre, daughter of Rev. R. J. McIntyre. The child is recovering under the care of two local doctors. Complaints were laid in the police court against the two Italians, but resulted in their acquittal on the charge of furious driving. One of them received a six weeks sentence on the additional charge of carrying concealed weapons.

Miss Florence Fraser, returned home this week from the coast and will spend a few weeks with her mother during the summer vacation.

It is the intention of the Y.M.C.A. of Revelstoke to run a boys' camp during July. It will commence July 4 and continue for 10 days. The fee for the outing will be $10 and railway fare which will be worked on the club rate plan. The camp will be located at St. Leon where there is lost of good boating and swimming and several hot springs and the boys will be under proper supervision.

INCREASE OF WHEAT SHIPMENTS IN MONTREAL

(By Daily News Leased Wire.)

MONTREAL, June 7.—The shipments of wheat for the past month of May shows a very great improvement on the shipments of last year, as do also the shipments of barley. It is remarkable that so far there has not been one bushel of corn or buckwheat shipped. The shipments of grain for the past month are: Wheat, 3,320,389 bushels; oats, 912,529 bushels; barley, 47,659 bushels; total, 4,280,575 bushels. Last year's shipments totalled 4,784,941 bushels, including buckwheat and corn. The shipments of oats for last year in May were better than the shipments of this year.
