DECLARE RAILWAY HAS BROKEN PACT

Agreement With Board of Trade Is Recalled

PUBLICITY MEAGRE IS CHARGE MADE

Nelson's Position Regarding Freight Rates Is Now On Record

That the Canadian Pacific railroad has not lived up to its agreement made with the Nelson board of trade in August 1909, when in consideration of the promise of the board not to press the immediate construction of the line between Proctor and Kootenay Landing, the company signed a compact to institute numerous improvements for the benefit of Kootenay was the opinion expressed at the meeting of the board of trade last night.

James Johnstone introduced the matter in a letter asking if the board could tell why the C. P. R. was doing practically no business at the tourist hotel at Balfour, Hugh W. Robertson saying that he thought the company had not lived up to the agreement.

What Pact Provided.

The agreement on the minutes of the board, which was read by E. K. Beeston, secretary, provided that the Canadian Pacific railroad should build in 1910 a first-class tourist hotel on the west arm of the same type as those first constructed on the main line, that the hotel should be maintained and conducted in the same manner as those on the main line, that the Crows Nest line should be advertised as a tourist route as is the main line, that the resources of Kootenay should be advertised, that a district passenger agent should be re-established at Nelson, that the matter of lower settlers' rates and lower passenger rates on the Canadian Pacific railroad steamers should be taken up and that the passenger service between Lethbridge and Nelson should be improved.

Mr. Beeston said that the number of guests at the hotel had recently increased, but that they were chiefly from the south and had not been diverted from the main line. From his observation very little advertising had been done.

W. G. Foster emphasized the point that while the main line hotels, which were all linked together, were being well advertised nothing was being done to single out Kootenay. Another thing was that there was no way to discover from a Canadian Pacific railroad time table how to get to Balfour. He had seen some advertising of the Kootenay in the literature of the Soo railway.

R. W. Drew said that the company was advertising in the south and thought that Nelson should do more advertising.

Mr. Foster declared that the railway could make any hotel on its system by publicity and through its ticket agents. Pictorial advertising was greatly needed he said. John Toye agreed and said that the people in distant places were not told of Kootenay. E. W. Widdowson spoke of the number of American tourists coming this way by arrangement between the Canadian Pacific railroad and the Southern Pacific.

The secretary was instructed to write the matter of the agreement up with the C. P. R. officials.

Mayor Annable invited the board to appoint representatives on the Duke of Connaught reception committee and it was decided that two members should be named to aid in preparing for the entertainment of his royal highness.

The secretary will write to Captain J. C. Gore, superintendent of the inland lake and river service, urging that the new Kootenay lake steamer now under construction be named "The City of Nelson."

Nelson's Case on Record.

Nelson's whole position in the freight rate question is now on record before the board of railway commissioners, the secretary reading a letter to this effect from W. A. Macdonald, K. C., counsel acting for the Province in the general inquiry into western rates. Justification by the railroad of its tariffs is now awaited.

Mr. Beeston pointed out that the case for Nelson had been placed before the board with the least possible trouble and at very little expense.

Decision to press upon the department of public works the need for dredging of the waterfront at Nelson and its importance from a public standpoint was reached. Letters from Hon. F. D. Monk, minister of public works, were to the effect that the matter was in the hands of the chief engineer and that arrangements for such work were made at the beginning of the season. The suggestion that the city should pay a portion of the cost of the work was reiterated.

In reply a letter was sent by the board emphasizing the public benefit that would accrue from the dredging, that when the dredge was secured through the efforts of the board for use on the lake the improvement of the waterfront had been understood to be one of the objects and pointing out that the city could not do the work.

Blame Engineer for Delay.

A telegram again asking if the city would pay part of the cost had been replied to and Hon. F. W. Aylmer, federal district engineer charged with causing the delay in the carrying out of the dredging which the minister, according to a telegram from him to the board ordered to be carried out some months ago.

Hope was expressed that the dredge might be secured for next season and R. F. Green, M. P., will be asked to press the matter at Ottawa.

Regarding the buoys on the west arm L. B. DeVeber said that another had gone out about two miles up the lake. The authorities at Ottawa will be again informed of the condition of the buoys.

In reply to a letter from the secretary, a letter from the Department of the Interior replying to the board's resolution urging that parties being taken through Canada under government auspices should be routed one way via the Crows Nest, stated that the party of British manufacturers referred to by the board had been conducted by Leonard Palmer of the London Financial News, and that arrangements for the tour had been completed before representations were made from Kootenay. Consideration of this district's claims to recognition would be given in case of parties conducted by the government.

Inaccurate Booklet.

Regarding the booklet published by the Provincial Department of Agriculture, which was criticized at the last meeting on account of its scant and inaccurate information about Kootenay, C. F. McHardy said that W. A. Scott, deputy minister, had explained that the unsatisfactory information in the pamphlet must have been due to the correspondent in this district, who had failed to supply proper information. The official responsible for the booklet had left the government service, he said.

Edward Ferguson was elected a member of the board.

Those present were W. F. Roberts, in the chair, E. K. Beeston, secretary, C. F. McHardy, W. R. Maclean, M. P., P. Raymond T. Hickes, R. W. Hinton, G. H. Playle, H. D. Birkbeck, W. G. Foster, H. H. Currie, Edward Ferguson, M. R. McQuarrie, E. W. Widdowson, T. A. Robley, Hugh W. Robertson, A. L. McCulloch, Ald. Cunliffe, W. H. Jones, L. B. DeVeber, E. B. Stevenson, Allan Lean, H. H. Clough, John Toye, R. W. Drew, Mayor Annable.

STAMPS IN ROLLS NOW FOR SALE

New Arrangement for Use in Stamp Affixing Machines—Convenience To Business Men.

(By Daily News Leased Wire.)

OTTAWA, Aug. 8.—The question of putting stamps in rolls for use in stamp-affixing machines has been brought to the attention of the department for some time past. Numerous applications have been received from business men, insurance companies and other large firms doing business throughout the country, and the department has decided to comply with the request which has been made and is now in a position to supply these stamps in the one-cent and two-cent denominations, in rolls of 500. These stamps will be supplied to the public at an advance on their face value of six cents per roll of 500 stamps for both the one-cent and the two-cent denominations.

HUNDRED MINERS DEAD IN PITS

Explosion in German Mine Brings Wholesale Death

BLAST REACHED POCKET OF GAS

Death Instantaneous to Victims of Disaster--Twenty-Five Injured

(By Daily News Leased Wire.)

BOCHUM, Germany, Aug. 8.—An explosion of black damp and coal dust this morning in the Lorraine shaft of the coal field in the village of Gerthe, four miles from Bochum, cost the lives of 103 miners, according to the official report. Two others were severely and 23 slightly injured. Death was practically instantaneous in all cases.

The cause of the explosion has not yet been definitely ascertained, but it is thought that a blast reached a big pocket of gas. The emperor, who is now at Essen, has donated 15,000 marks to aid the families of the victims.

PENALTIES SEVERE FOR AUTO SPEEDERS

(By Daily News Leased Wire.)

VANCOUVER, Aug. 8.—Point Grey municipality, which adjoins Vancouver to the south, is setting a record for fines against automobile speeders. Three owners of cars were today assessed $200 each for traveling 50 miles an hour over a smooth country road. Several hundred dollar fines were imposed at a court session which cost the automobile people more than $1,200 in all.

NOMINATE RECEIVER TO ADJUST COMPANY'S AFFAIRS

(Western Associated Press.)

LONDON, Aug. 8.—Creditors and shareholders of the defunct Hudson's Bay & Pacific Development company held a meeting yesterday, when they nominated Sir W. B. Feat as official receiver to liquidate the company under the recent compulsory winding-up order. The registrar, who has yet to confirm this nomination, said the company's history really consisted in repeated attempts to borrow money. They were successful in borrowing a little but had to pay an awful price for it.

GIRL DIES IN AGONY; FATHER ON TRIAL

ROSTHERN, Sask., Aug. 8.—John Rosenfield, a Rosthern farmer, was committed to trial on a charge of negligence in not calling medical attendance for his daughter, who subsequently died. The girl suffered untold agony from burns and lingered eight days, medical aid only being called just shortly before her death.

CHINA APPEALED IN VAIN TO STATES

(By Daily News Leased Wire.)

LONDON, Aug. 8.—A Tien Tsin despatch from the Exchange Telegraph company on the Russo-Japanese treaty says it is reported that China appealed to the United States to intervene in her behalf, but that the government at Washington refused to do so.

MEMBERS OPPOSED TO AMENDMENT

Opposition to Proposal to Amend Constitution to Validate Lancaster Marriage Bill.

(By Daily News Leased Wire.)

OTTAWA, Aug. 8.—E. A. Lancaster, M.P. for Lincoln, and father of the proposed marriage law declared unconstitutional by the privy council, is here today and saw several of the cabinet ministers on departmental business. "I have sent for the full text of the judgment," he said, "and until I see it I have no comment to make."

In view of the measure of agitation and despite the result of the finding, it is highly probable that a discussion on the subject will be introduced in the coming session. A proposal to amend the British North America act, as has been suggested, may be expected to meet with opposition, not only from those opposed to the Lancaster bill but also from some who supported it but objected to the principle of amending the constitution. Several members of parliament who have been in Ottawa since the privy council's judgment was delivered have expressed themselves along this line.

DETECTIVE ACQUITTED OF CHARGE OF ASSAULT

EDMONTON, Alta., Aug. 8.—City Detective Ernest Seymour was acquitted today of the charge of assault causing great bodily harm to Fred Richards, a south side merchant. Seymour will return to the police force, from which he resigned after the city council had demanded his dismissal.

BLUEJACKETS WITH MAXIM GUARD FISHING TRAPS

VICTORIA, Aug. 8.—A crew consisting of nine bluejackets under Lieut. Moore, from the Canadian cruiser Rainbow, has been detailed to guard the salmon fishing traps on the southern end of Vancouver Island, which have recently been the prey of American pirates. The bluejackets are armed with a Maxim gun.

MAY RETALIATE WITH SUEZ CANAL

Great Britain May Reduce Tolls To Divert Traffic From Panama Canal.

(By Daily News Leased Wire.)

WASHINGTON, Aug. 8.—The extent to which the Canadian Pacific railway might control traffic through the Panama canal gave the senate occasion for much debate when the anti-railroad section of the canal bill was reached late today. Little objection developed to the proposed plan to prohibit any railroad-owned ships from engaging in American coastwise trade through the canal. The plan adopted by the senate committee, however, to try to restrict the operation of foreign-owned railroad ships proved the subject of wide difference of opinion. Senator proposed to strike out all reference to the railroad ships. Senator Bristow urged adequate control of American coastwise traffic so that the transcontinental railroads could not control rates in the canal, but he did not believe the Canadian Pacific ships would prove a menace. If they were permitted to engage in American coastwise trade, he said, they would immediately be subject to American laws. The senate finished practically all the canal bill except the railroad ship section before the recess at the end of the session. A final vote is expected tomorrow.

It will not be necessary for Secretary Knox to advise the British government of the action of the congress in exempting American vessels from paying tolls on the Panama canal unless Great Britain chooses to make specific inquiry on that point. It is scarcely expected that it will do so, satisfying itself by taking notice of the proceedings in congress, as was done at an earlier stage of the legislation. Although there has been no formal statement of the views of the administration in regard to the matter of tolls for American shipping since the pending canal bill was reported from the house committee on interoceanic canals, it may safely be inferred that there has been no change in their position since in public speeches President Taft and Secretary Stimson both asserted the right of the United States to remit the tolls or grant rebates to American ships.

Students of the situation point out that Great Britain could reduce the tolls of the Suez canal to a point that would divert to the Suez a great share of the prospective business of the Panama canal and cause considerable financial loss to the Panama canal.

SPECTATOR OF WRECK DROPS DEAD

Two Enginemen and Passenger Killed in Train Disaster—Two Score Passengers Injured.

(By Daily News Leased Wire.)

BOSTON, Aug. 8.—Two enginemen and a passenger were killed, a spectator dropped dead and 40 or more passengers were injured shortly before noon today by the derailing of an inbound train on the Plymouth division of the New York, New Haven & Hartford railroad in Dorchester.

The dead:

WILLIAM J. TIRELL, JR., engineer, South Braintree.

FRANK CAMPBELL, fireman, Cohasset.

MRS. FRANK JENKINS, passenger, Atlantic.

MICHAEL DALEY, spectator, Dorchester.

The train, made up of a locomotive, three passenger coaches and a baggage car, was rushing along at 35 miles an hour through Dorchester and had reached a sharp curve opposite the Crescent avenue station when the engine jumped the rails. Two passenger cars followed the engine off the rails and jumped over the sleepers for 100 feet or more. The locomotive then plunged off into the marsh land and half buried itself. The momentum of the train carried two of the coaches over the engine, the projections of which ripped open the sides of the cars and tore out the seats along the side. The third coach and baggage car remained on the rails. The bodies of the engineer and fireman were found buried in the debris about the engine, badly damaged. One woman, Mrs. Jenkins, was scalded by steam so severely that she died after removal to the hospital.

Railroad men declined tonight to express any opinion as to the cause of the accident, saying that an investigation was being made.

TYPHOID EPIDEMIC STILL INCREASING

Nearly Thousand Cases Now in Ottawa—Water Free From Contamination Says Doctor.

(By Daily News Leased Wire.)

OTTAWA, Aug. 8.—Since yesterday 35 new cases of typhoid fever have been reported at the city hall, but this is still a decrease in the rate at which the outbreak was previously advancing. There are now 878 cases on the official list. Dr. Hollingsworth said today that the tests of the water still showed that it was free from contamination.

Dr. Shereff is making arrangements today to place serum for inoculation against typhoid on sale at cost price at a number of drug stores. Three more nurses have been secured in Hamilton. There have been 15 deaths from typhoid fever up to today.

RAIL HANDLERS ON STRIKE; NO RAILS IN PORT

(By Daily News Leased Wire.)

PORT ARTHUR, Ont., Aug. 8.—The strike of the rail handlers at the Canadian Northern railway docks is still on, but as there happens to be no boats in port with rails, its effects are not visible. The next cargo is expected from Sydney on Saturday.

NELSON TO BE ON MAIN TRUNK ROAD

Engineers Report Against Route Over Summit

SO DECLARES H. MAXWELL CLARK

Board of Trade Committee Is to Go Into Whole Question

Nelson will be located on the main transprovincial highway, engineers having made an unfavorable report on the proposed route up Summit creek and through the Bayonne district.

So declared H. Maxwell Clark of the Canadian Highways association at the meeting of the board of trade last night.

"Engineers are working on surveys 20 miles from here and Nelson is now on the route between the prairies and Vancouver. Nelson now stands as Queen of the Kootenays as regards roads," he averred.

Nelson, he continued, was now within touch of Winnipeg by road with the exception of seven miles between Goatfell and Kitchener, if Kootenay lake were taken as a highway, he said.

According to Mr. Clark, Nelson has in the past hidden its light under a bushel as far as roads and bridges are concerned. "Now is the time to take off the bushel; first of all convince yourselves that you are on the trunk road."

Out of Politics.

After touching upon the city's beauties and its tourist attractions the representative of the highway association urged that the city should meet the government half way and find means of entrance to the city.

Government engineers were at Blueberry creek, surveying between Nelson and Rossland for the best route for the transprovincial road. "The government has appointed Cleveland & Cameron—it's now out of politics, mind you—to locate the best route.

"Now the only question is the bridge. Up to now you have made the mistake of going to Victoria. Secure a practical report on a proposed bridge, or ferry, and get a man to take it to Ottawa; you will then be pathfinding for the authorities at Victoria for the constitution says that where there is navigable water it is the Dominion which must build the bridges, although, of course, at Nelson the bridge might be built below navigable water; that is a matter for you to decide."

Resolutions were no good, continued Mr. Clark, unless they hit the mark and he urged the board to get out a report and send it to Ottawa by R. F. Green, M.P., or present it to Hon. F. D. Monk on his way west. "Everything is ripe to act now," he declared. "This is a psychological moment in the history of Nelson."

On motion of M. R. McQuarrie, seconded by A. L. McCulloch, it was decided that the board should join the Canadian Highway association.

Mr. McCulloch said that he had never been in any part of British Columbia south of the main line which was so badly situated as regards roads and bridges as Nelson. As for the trunk road he never had been able to see how a transprovincial highway could be built over the top of a mountain.

R. W. Hinton explained that the board had not been apathetic in the matter of roads. Nelson had been passed by deliberately, he declared, and it was time to be up and doing. Nelson was not asking for favors. There was going to be something doing if the government attempted to override Nelson. What was the good of a long chain of roads with one link missing, he asked.

Thinks Bayonne Route Best.

Edward Ferguson believed that if the road were built through the Bayonne it would prove of more permanent benefit to Nelson than a through road because all Nelson needed to connect it with the trunk road over the summit would be the completion of the road between the city and Ymir. He asked how were automobiles going to get from Balfour to Kootenay landing.

He thought it would be very easy for tourists on the trunk road after coming over the summit to run up past Salmo and spend the night in Nelson. He concluded by speaking of the value to Nelson of the mining properties and agricultural lands in the Bayonne if they were developed by roads.

Mr. Clark replied that when the engineers went over the summit at the end of June they found snow and on the east side about five miles of water. It would be necessary to build a Roman viaduct to get past it, he declared. As for the mines he thought they could, if valuable properties, build their own roads.

Road to Spokane.

G. H. Playle urged the need of the completion of the remaining link in the road between Nelson and Spokane. He understood that a bridge over the Pend d'Oreille was on next year's program and that all that would then be needed to provide communication with Spokane would be the few miles of road from Nelson to Ymir.

C. F. McHardy asked regarding the report on the bridge over the lake at Nelson by J. E. Griffiths, chief public works engineer. He suggested that the board should wire for an answer to two letters which had been written asking for the report.

Balfour Road.

Surprise and disappointment at the crews should have been taken off the Balfour road and sent to Slocan were expressed by Robley. He thought that some action should be taken to prevent the recurrence of a similar condition of affairs next year. Five thousand dollars would be sufficient to complete the road, he said. He thought C. W. Busk should be communicated with as it seemed that the work might be being delayed on account of personal feeling between G. M. Benney, road superintendent, and Mr. Busk, who, he said, might be working for his own interests instead of for the general public good.

W. G. Foster stated that he had been told by J. H. Schofield, M.P.P., that only the rock gang had been taken off the Balfour road.

Mr. Robley explained that his statement was based on hearsay but urged that the matter be pressed.

John Toye said that from time to time grants were made for roads and the highways in question left incompleted when the appropriation was used up.

Mr. Robley replied that as far as the Balfour road was concerned the road had been well built and the money well spent.

M. R. McQuarrie declared that although good work was being done on roads in this district the actual approaches of some of the roads near Nelson were in a bad condition.

Special Meeting Planned.

Mr. Foster moved that the roads committee go thoroughly into the whole question of roads and bridges and report to a special meeting of the board, called for that purpose only, to be held on August 22. The motion passed.

To the existing committee appointed to look into the roads question, which consists of Mr. Robley, Charles Scott and the secretary, were added Messrs. McQuarrie, Cunliffe and Playle.

E. W. Widdowson said that Mr. Schofield had given him no hopes of the construction of the road to Ymir unless Mr. Maclean could secure an appropriation. It would cost $44,000.

W. R. Maclean, M.P.P., said he had been urging upon the members of the government the necessity of roads leading out of Nelson. The government urged that special warrants could not be granted, he said, as if Nelson obtained one, every district in the province would be asking for similar appropriations; it would be creating a bad precedent.

ANOTHER SEAT LOST BY LIBERALS

Consevative Elected in Manchester Constituency by Large Majority—Poll Causes Much Interest.

(Canadian Associated Press.)

LONDON, Aug. 8.—The Unionists gained a seat in the house of commons today by the election of their candidate for the northwest division of Manchester to fill the vancancy caused by the retirement of Sir George Kemp. Sir John Randles defeated Gordan Hewart, the Liberal candidate, by 5,573 to 4,371.

The Liberal majority in December, 1910, when Bonar Law was defeated was 445 and in January, 1910, 783. Joynson Hicks, in the division in 1908, defeated Winston Churchill by 429; Churchill's majority in 1904 was 651. Today's election caused great excitement, boatloads of voters returning from the holiday resorts of the Isle of Man to poll, and others journeying from Germany.

PALACE BLOWN UP PRESIDENT DEAD

Ammunition in Cellars Adds to Devastation

FOUR HUNDRED KILLED OR INJURED

Building Mass of Ruins--Impossible to Recover President's Body.

(By Daily News Leased Wire.)

PORT AU PRINCE, Hayti, Aug. 8.—The national palace was blown up by a powder explosion and burned to the ground today and the president of the republic, General C. Leconte, perished. The members of his family, who were awakened by the terrific shock, found themselves almost surrounded by flames but managed to make their way to safety. The first explosion was followed by others when the fire reached the cellars of the palace, where a great quantity of ammunition was stored. So great was the force of the explosion that a number of small cannon, fragments of iron and shells were thrown for great distances in all directions.

Many of the palace attendants were killed and it is estimated that the casualty list will reach 400 persons killed or injured.

For a time a great panic prevailed and the military authorities took charge of the situation. The explosions occurred shortly after 3 o'clock in the morning and within an hour, when the fire, which was confined to the palace, was extinguished, the structure was a mass of ruins from which it will be impossible to recover the body of the president.

At a meeting of the chamber and senate this afternoon General Tancrede Auguste, senator and ex-minister of public works, was named as president.

SANFORD EVANS CANDIDATE IN MACDONALD

(By Daily News Leased Wire.)

OTTAWA, Aug. 8.—The Citizen says today: "W Sanford Evans, ex-mayor of Winnipeg, it is said here, is likely to be the Conservative candidate in the Macdonald, Manitoba by election caused by the appointment of W. D. Staples to the grain commission. R. L. Richardson, ex-M. P., who was spoken of as the independent will not run. It is uncertain whether or not the Liberals will put up a candidate.

UNIVERSITY PRESIDENCY NOT YET SETTLED

(By Daily News Leased Wire.)

VANCOUVER, Aug. 8.—Prof. Adam Shortt denied today that he had been offered the presidency of British Columbia university. Principal Mackay of Westminster Presbyterian college, is mentioned as a possible appointee to the position, though it is learned that there is nothing settled yet.

FIGHTING ENDS

(By Daily News Leased Wire.)

SALONIKI, Aug. 8.—It is reported that the Montenegrins have evacuated the Mojkovatz frontier and that the fighting his ceased.

Intercolonial Passes Source of Revenue

(By Daily News Leased Wire.)

MONCTON, N. B., Aug. 8.—The inquiry into the alleged improper use and sale of Inter-colonial railway passes was resumed this morning before Commissioner W. Hazen Adair of Sussex. Elmer W. Ferguson of the Montreal Herald, formerly city editor of the Moncton Transcript, gave evidence of rather sensational character. He said that in June or July of 1909 while living in Moncton and working as a reporter on the Transcript, he had obtained a number of I. C. R. passes from Dr. C. A. Murray. He said it was generally known that Dr. Murray had a large number of I. C. R. passes, and he had asked for them. He got two or three on the first occasion. The passes were complete except the name of the party by whom they were to be used and the destination were not filled in. They were numbered stamped and countersigned by Thomas Evans, who was chief clerk in the superintendent's office. He received no instructions from Dr. Murray about using them. He sold one to Mr. Messervey, a commercial traveler. He did not remember the destination filled in. Messervey knew that he got passes on newspaper account and asked him if he could not help him out in his expenses. He replied not that way, but he might get some outside. He got $2 from Messervey and kept the money. He sold other passes in the same way.

Charged With Perjury.

(By Daily News Leased Wire.)

ST. JOHN, N. B., Aug. 8.—As a result of Elmer Ferguson's testimony at the Intercolonial investigation today that Dr. Murray of Moncton had given him passes, Ferguson was arrested late tonight on a perjury charge on a warrant sworn out by Murray, but was later released on bail. Ferguson was formerly of Moncton, but is now of Montreal.

School Board Discusses Cause of Failures

F. T. Wright of Dundalk, Ont., a teacher of 15 years experience in public school work, and Miss Laura Greer, B. A., a graduate of Queen's university and with one year's teaching experience at Brockville, Ont., were yesterday appointed to positions in the Nelson schools by the school trustees. Mr. Wright at a salary of $1,500 per annum, rising to $1,800 in five years, was named male assistant at the public school and Miss Greer, who will receive $100 per month, will fill the vacancy caused by the resignation of Miss Louise Thomas at the high school. The salary list is increased with the appointment of the new principal and his assistant by $185 per month.

Dr. Jones moved that Mr. Wright be appointed first assistant to the principal and W. J. Labadie seconded but Dr. Arthur declared the resolution so worded, "means that we lose Miss Scanlan. She won't stay unless as first assistant."

William Irvine said that he would support the resolution if the word "first" were left out of it. Let Mr. Thompson arrange that afterwards, he said.

Skeptical of Honor Pacts.

A. D. Emory, chairman of the board, thought it would not be wise to appoint a first assistant over Miss Scanlan, Dr. Jones replying that there had been a "gentleman's agreement at the last meeting that Mr. Thompson should arrange the matter, but sometimes gentlemen's agreements don't count. So I thought I would cover it in the motion."

She would like to see two men at the head of the school, said the trustee. "We certainly have suffered. If you are going to divide up the boys and girls put Miss Scanlan at the head of the girls, but we must look after the boys."

Mr. Emory declared that the schools had not suffered at the hands of Miss Scanlan.

"We hav suffered from bad organization and through teachers leaving in July and August," retorted Dr. Jones, who struck out the word first from the motion which passed without further comment.

Miss Thomas' resignation produced an argument between Dr. Jones and Dr. Arthur. The former criticized the teacher on the ground that she had applied for a position in a New Brunswick school in June, but had not resigned until July 29, leaving the board only little time in which to secure a successor.

Differ as to Facts.

Dr. Arthur explained that Miss Thomas had been compelled to resign owing to the death of a sister and that she was going to live with a brother in Alberta. Dr. Jones' reply was to declare that she was going to New Brunswick to act as principal of a school in a place where her brother was a lawyer.

"She is going to teach school in Alberta, where her brother is located," returned the secretary. "She has a perfect right, anyway, to put in an application for a position in New Brunswick."

Dr. Jones closed the discussion with a remark that Miss Thomas should have put in her resignation earlier.

Pupils Weak on Arithmetic.

There were few applications for

(Continued on Page Five.)

Bright Future In Store For Columbia Valley

(By Vernon Chapman.)

If the appearance of the surveyor with his transit, rod and chains is, as is generally admitted, the first sign of development in any section of this country today, then the Columbia valley, *that veritable wonderland lying* between the Rockies and the Selkirks, is in a state of transformation. What is now a comparatively sparsely populated, although exceedingly fertile and *productive, valley in which transportation* facilities are more or less limited is to be transmuted in a very few years into one of the most important agricultural, mining and lumbering *sections of British Columbia, peopled* by many score times its present number of happy, contented and prosperous inhabitants, and this in addition to being the Mecca of the tourist. The most important of the several undertakings that augur this changed condition of affairs is the construction of the Kootenay Central railway, on sections of which, at least, trains will be operated late this fall or early next year, thus providing the transportation facilities which have for years been the only impediment to rapid growth and expansion throughout this valley of illimitable possibilities.

This Garden of Eden, so termed by W. E. Scott, deputy minister of agriculture for British Columbia, after his trip through the Columbia valley from Cranbrook to Golden by automobile last July, contains between 800,000 and 1,000,000 acres of land suitable to agriculture, the greater part of which is park-like, undulating land, lightly timbered, which requires only the installation of irrigation systems to make *it capable of producing almost anything.* An almost inexhaustible supply of water is obtainable from its countless streams and the soil is a rich silt of a great depth for the most part.

A very large influx of desirable set*tlers is steadily pouring into the valley,* but this is only the advance guard of an army of homeseekers who will locate in this, the last best valley in the province, on the completion of the *Golden south branch of the C. P. R.*

In view of the intense interest at present centred in the possibilities of the fertile Columbia valley, of which Golden, the metropolis of northeast Kootenay, *is the gateway, a description* of the work that has been done and is being carried out along the excellent government road which extends from Golden to Cranbrook, a distance of almost 200 miles, may prove of interest to readers of this article. The writer will deal specifically with that section of the valley between Golden and Windermere, having just made a trip by automobile between these two points at the invitation of H. G. Parson of Golden, whose energies, as member of the provincial legislature for this district and otherwise, have contributed in no small measure to the present era of progress and expansion so noticeable at points throughout that section of the valley above referred to.

Golden.

Before endeavoring to deal with the country included in the 82 miles from Golden to Windermere a short description of the hub of the northeast Kootenay, to which all roads lead, might be acceptable. The town of Golden, the logical commercial capital of the great and rich area included in the Columbia valley, has a population of 1,200, with *an additional tributary population* of 2,500. By its geographical position it commands the trade of an immense area. Here is located the large and modern mill of the Columbia *River Lumber company, employing* some 600 men directly adjacent to the town. The town is old established and enjoys all the advantages that tend to make it what it really is, a thoroughly *up-to-date western town, soon to be*come a prosperous city by virtue of her splendid natural resources and the wealth of country tributary to this town. Golden has public and high *schools, a well-equipped hospital,* four first-class hotels, four churches, Anglican, Presbyterian, Methodist and Roman Catholic; lodges of Masons, Odd Fellows and Orangemen, an opera *house and picture theatre,* government buildings and customs house, a score of creditable business houses, a live and hustling board of trade and other public institutions, and its residential *district* comprises numerous fine private residences. One mile west of Golden is located Edelweiss, the Swiss village, in which are at present located six chalets, the homes of the C. P. R. guides, and the railway corporation is preparing five ready-made farms at this point. On the *outskirts of Golden* are situated a good number of well-developed and profitable farms, which contribute largely to the present prosperity of the town. It is an important railway centre and, *in the opinion of* those in a position to know, will be a divisional point on the main line of the C. P. R. on the completion of the Kootenay Central railway. Golden is *visited annually by large numbers of* tourists and the inclusion of this point in the chain of hotels operated by the C. P. R. hotel system is a project not far distant.

Leaving Golden over the Golden-Cranbrook government road the first ranch reached is that of Vachon Bros., a well-developed and highly-cultivated property upon which improvements *are constantly being made.* Traveling along the winding road at a fairly high elevation the Yates ranch, of which J. P. Kallmann is in charge, is reached. Here strawberry pickers were busily engaged preparing the fruit for market, while the tree fruits were ripening. Small fruits alone net this grower over $1,000 annually, strawberries and red and black currants growing to perfection. The next farm passed is that of G. B. McDermott, an old-time newspaper man, who threw down the pen to engage in this more lucrative occupation. Mr. McDermott's property is located on both sides of the road, that across the highway from his orchard *and residence producing three crops of* alfalfa annually. His orchard is one of the best on the Golden end of the road. *A fine residence is located on* the property and an irrigation system has been installed. Large crops of hay are grown on this property. The next ranch in order is that of Charles Nickelson, upon which is to be located the provincial government demonstration orchard. Mr. Nickelson has a highly improved farm, which is very productive.

Almost directly opposite Mr. Nickelson's ranch, across the Columbia river, *is the terminus of the logging railway* of the Columbia River Lumber company, upon which three locomotives, 62, 60 and 50-ton, respectively, and two Marion steel log loaders are kept busy. *The company has a four-stall round*house near here and several miles of track are in use. This line is ultimately to be extended to Beavermouth, 20 miles west of Golden.

*Proceeding along the road the Hud*son ranch and that of Mrs. Nickelson are passed. The latter adjoins the Canyon creek school and is a well-improved farm. Before reaching the first *townsite along the Kootenay Central* railway, which is to be situated five miles from Golden, the ranch of Mrs. A. Larson is passed. Going over the government bridge at Horse creek a ranch owned by *Antonio Pelagrine is* seen. On this ranch an abundance of fruit is seen on a large number of well-matured apple trees, while good crops of hay are being garnered and poultry farming is included. Canyon creek is then reached, along the banks of which extensive logging operations are going on, while the angler finds trout fishing in its waters particularly good. The next ranch along the road is that of William Wright, who has a splendid orchard, well kept, a handsome residence and nicely laid out farm. Otto Larson has a tract of orchard land under cultivation and is clearing an additional acre of land.

Passing Fifteen Mile creek and on a bench is situated the well-kept farm of Mike Penrose, who is clearing additional land, which he will put into use for the growing of strawberries. At *Nine Mile a steam shovel is at present* at work on the Kootenay Central railway. If anyone is looking for a good place to hunt ducks this is provided by the 12-mile slough which is passed *before the Hawkes ranch, located on* the second bench, where the land is exceptionally good and water abundant. Near here engine 1429, the first locomotive on the Golden south branch of the C. P. R., *with the exception of* that used in the laying of steel, is working. Beyond the site of an old water mill, which was operated 20 years ago, a new bridge is being put in by the provincial government. The old Carbonate hotel, formerly conducted by Charles Cartwright, and the home of many an old-time prospector, is passed before the new Carbonate bridge, which crosses the Columbia at a point 17 miles from Golden, is reached. This bridge, recently installed, has proven a great convenience to the settlers, running as it does to the back channel of the slough. A ferry is also to be introduced at this point.

If the contentment and happiness of the children is any criterion the Mad*den family, who recently took up resi*dence on a ranch just beyond Carbonate, are well satisfied with their new home. Swinging on the gate and waving at the passing automobiles and democrats is a source of delight to them during the school vacation. Passing Washout creek the ranches of Thomas Haddon and Baumber Bros. are seen, and the townsite of Mallett is all cleared and ready for building operations. Near here a road has been built this summer to allow the settlers taking up the splendid land which is situated on the bench. Already a good number of settlers have located on this land to become neighbors of James Campbell, who has now an improved farm there, having gone in ahead of the road. The first postoffice, that of McMurdo, is then reached, near which J. Croft has a well-developed ranch. *Jack Wilson, known throughout the* valley as one of the best taxidermists in this section of the province, has a productive orchard and a large area of hay land. William Johnson's farm *yields heavy crops of hay and other* fodder crops and William Smith specializes in sheep raising. An old-established farm is that of Thomas Bingham, whose property is near the Wapta school house. Then the Jeffrey ranch is reached, the owner of which makes a specialty of strawberry culture. A short distance beyond this is located one of the best managed farms in the valley, that of Mr. Mallett, a comparatively recent arrival from North Dakota, who has several farm properties in the Columbia valley, thus expressing the faith of a practical farmers in the capabilities of its soil. Chris. Hynes and C. A. Wellstead have fine farms, the latter having taken many prizes at the fair held in Golden last year. Between the latter ranch and that of Richard Soles is the Wapta postoffice and the third townsite on the northern end of the Kootenay Central railway is then reached. A substantial depot is to be erected here to be known as Parson. Prominent railway officials have expressed the hope *that this town will be as progressive* as the man after whom it is named, H. G. Parson of Golden.

Ready-Made Farms.

Near here a number of ready-made *farms are being cleared by the natu*ral resources department of the C. P. R. Ranches owned by Andrew Soles, Mr. Mallett, Joseph Young and Jack Dodd are located along the road be*tween here and the Beard creek post*office. On the latter ranch is located a fine apple orchard. The Collins ranch and that of Dave Morgan, upon which oats and potatoes are the chief crops, follow next in order, and Jack Quinn has a well-developed and profitable farm.

The Lakeview ranch, owned by Robert McKeeman, is the next in order along the road, while Mike DeGrazia and Martin Soles each have well-developed farms. Alex Neil has a well-kept orchard, adjoining which a second crop of alfalfa was high on August 3.

The Andrews and Ritchie ranches are passed before Alton, another townsite on the Kootenay Central railway. Here is located one of George Cooper's camps. Mr. Cooper *has charge of the clearing of the ready*-made farms which the natural resources department of the C. P. R. is installing.

W. Hynes has a nicely arranged *farm and immediately beyond it is lo*cated the fine orchard of John Soles, one of the prettiest in the entire valley. Just before reaching the limit of the Dominion government railway belt is situated the Galena hall, where the settlers hold meetings frequently. The Mills and Glover ranch and a construction camp are passed before Spillimachene is reached. This is an important boat landing and is to be one of the chief stations on the Kootenay Central railway. The Spillimachene hotel, of which J. Barry is proprietor, is situated here and a new bridge, costing in the neighborhood of $13,000, was constructed across the Columbia river at this point last year. After leaving Spillimachene the ranch of Duncan McIntosh is reached. Mr. McIntosh conducts one of the most popular stopping places in the valley. Be*tween here and the Galena postoffice* is located the extensive and modern farm of E. H. H. Carlisle, who has one of the best farms in the entire valley, upon which costly buildings have been *erected. E. G. Thatcher, rector of the* Anglican church in Golden, recently purchased an improved farm at this point and is having a new residence constructed upon it.

Engineers' Camp.

At the 45-mile post is located a camp of engineers working on the location of the Kootenay Central railway, and just beyond that is the Fraser ranch. Between here and the Brisco school house are located the Allsup, Cobb, Mitchell, Atchison and Watkins ranches, all highly cultivated and productive properties. Stanley B. Harrison and Merton Dolan have also well-improved farms in this locality.

Traveling along the road between here and Windermere through an immense natural park, the junction of the Banff-Windermere scenic automobile highway, at present under con*struction, with the existing Golden*-Cranbrook road is passed and the Indian reserve, girt about with scenery of almost indescribable grandeur, is seen. Near here are the ranches of *James Lambert and Ed Hoar* and the property of the Columbia Valley Orchards, Limited, upon which a sawmill is at present being erected to cut lumber for use in connection with an *extensive irrigation system.* This company controls some 14,000 acres of land, which is to be converted into a colony of new settlers in the near future.

A medievalist would say, "See Windermere and die." Beautifully situated, as it is, on one of the prettiest lakes on the North American continent, this thriving little town is visited annually by large numbers of tourists. On the completion of the Banff-Windermere- *road and the projected* Wilmer-Argenta road, the construction of which will follow that of the former, residents of this beauty spot anticipate a considerably greater influx of tour*ists, while the completion of the rail*way will also tend to increase the number visiting this town to view the unsurpassed scenery or bring additional settlers into the surrounding country. *Farming is carried on extensively* around this town, the Big House ranch, five acres of which is to be devoted to a provincial government demonstration orchard, being the banner farm *of the district.* It is located about a mile and a half south of the town and is owned by John Jones. Here are seen oats four and a half feet high, while peas and wheat thrive similarly. An up-to-date hotel, conducted by J. E. Stoddart, adds to the pleasure of visiting this beautiful little town. The ranches of Joseph Lake and Ellis and Stoddart are also located south of town, and James Johnson has a farm across Windermere lake. The Chisholm, Pitts, Craig and *Kimpton* residences are among the handsome houses located here, and at Fairholme, a short distance away, is the pretty summer home of Professor Adami of McGill university. The *Anglican and Presby*terian church have buildings here and a modern public hall has been erected by public subscription.

Athalmer.

Athalmer, a thriving town located on the Columbia river, is destined to become one of the leading towns in the valley, judging from its location and the alertness of its residents. In this town there is a very marked development, each season seeing it almost double in size.

The Columbia River Lumber company makes its headquarters for the upper country here and many substantial stores are operating. This town has two first-class hotels and many new buildings are under construction. A new government bridge across the Columbia river is to be built here shortly and many other extensive improvements made.

Wilmer, so called after Wilmer C. Wells, former minister of lands, is a town with a future, which has at present all the modern conveniences of any town in the country ahead of the railway. Here are located many very fine residences and several extensive and well-cultivated farms are tributary thereto.

A new town, but one that gives much promise, is that of Invermere, which is scarcely a year old. Here is located the Hotel Invermere, of which George Starke is manager. This is one *of the most modern hostelries in this* section of the province and every provision is made for the comfort of visitors to this pretty little town. The elaborate offices of the Columbia Val*ley Irrigated Fruit Lands company are* also located here and several stores are under construction.

Altogether the Columbia valley is a hive of industry and the advent of the *Kootenay Central railway* is causing to be opened up one of the best, most fertile and extensive valleys in the entire province.

Capital for these undertakings is flowing into the valley freely, judicious investors realizing that nowhere are better inducements for the employment of capital offered.

The flies that are now in your kitchen and dining-room were probably feasting on some indescribable nastiness less than an hour ago, and as a single fly often carries many thousands of disease germs attached to its hairy body, it is the duty of every housekeeper to assist in exterminating this worst enemy of the human race.

GOVERNMENT HAD CLOSE CALL

Majority Dwindles on Appropriation Bill—Liberal Member Suspended by Speaker.

(By Daily News Leased Wire.)

LONDON, Aug. 8.—During the debate on the appropriation bill in the commons yesterday there was consid*erable excitement and one member was* suspended. Maccallum Scott, a Liberal member, several times made strong interjections during the debate. He was warned by the speaker on *more than one occasion, but without* result. At last the speaker was forced to suspend him, whereat Mr. Scott left the house.

The appropriation bill passed its *final stage in the house of commons* by the comparatively small majority of 191 votes to 162; the Nationalists and Liberals combined managed to save the government.

ABDUL HAMID ON THRONE AGAIN

Civil War in Turkey Said to Be Inevitable—Turks Butchered Women and Children.

(By Daily News Leased Wire.)

LONDON, Aug. 8.—Near eastern affairs are reaching a grave crisis, according to reports from Constantinople, which say that the committee of union and progress has resolved to summon the dissolved chamber of deputies to reassemble at Adrianople, to which *city the leaders have already gone.* The government has proclaimed martial law at Saloniki, Adrianople and Smyrna.

The Daily Chronicle's correspondent, *who was recently in Constantinople,* considers that civil war is inevitable and that it is not unlikely that the committee's rival parliament will form a cabinet and recall and proclaim the *deposed Abdul Hamid as Sultan.* Added to the internal trouble are difficulties with Montenegro and Bulgaria.

A Vienna dispatch says that after the Kotschana massacre the Turkish troops proceeded to *Sermenena, mas*sacreing the people of two Bulgarian villages on the way. The fighting at Sermenena lasted five hours and the Bulgarians were defeated. They fled and the Turks then *butchered the aged* men, women and children who were left behind and set fire to the town, many perishing in the flames. This report has not yet been confirmed.

SIR WILLIAM RAMSAY WILL VISIT CANADA

(By Daily News Leased Wire.)

*LONDON, Aug. 8.—A famous Brit*ish scientist, Sir William Ramsay, and his wife, will leave London day after tomorrow for Montreal. In September Sir William will go to Washington to attend the international chemistry congress, of which he formerly was the president. His going to Washington means that he will not attend the great annual meeting at Dundee, Scotland, of the British Association for the Advancement of Science, of which he is the retiring president. After the congress at Washington, Sir William and Lady Ramsay will visit relatives in the United States. Before returning home Sir William will lecture in Bos*ton.*

Recently he was before the public here as an active supporter of the latest process of manufacturing synthetic rubber, the merits of which have been *much discussed.*

ROSEMONT

Having received a great number of applications for lots and acreage in "Rosemont," we have decided that to be fair to everyone we will open an application list on which all persons contemplating purchases may register and will be given their choice of lots or acreage as their names appear on this list.

Wednesday Morning, Aug. 14, at 10 a.m., List Opens

When the sale opens (about August 26) the first person to register will be given first choice; the second, the second choice; and so on.

Register your name on August 14. It costs nothing. You then have plenty of time to visit the property and make your selection before the sale opens.

The streets have been cut out. Lots, blocks and streets will be plainly marked, and you will have no trouble making out where you are on the property all the time. In this way you can readily see it will be no trouble to pick out a good piece of ground.

Read what some of the "Name Contest" competitors say about the property.

Be Sure and Register Your Name on August 14, 1912

Highly Recommended by Judges

No. 31. Grandview in my opinion is the only word which fully describes your new subdivision, as, without doubt it commands the very best view of any property in this locality, overlooking as it does the entire city of Nelson and on one side far down the west arm of beautiful Kootenay lake for miles and on the other side down the rushing, whirling Kootenay river, together with the sweet ripple of the waters of the Cottonwood creek as they rush madly off the different falls and rapids. The land also is of good quality and is situated within easy walking distance of the city with a comparatively easy grade, which should make it an ideal residential property, and I strongly recommend that it shall be named "Grandview." This also would make Nelson up to date with an addition of name compared with some larger cities of the west.

No. 56. This land is so rich in value and *most beautiful in appearance as the Rose is* the choicest among flowers, this land is the choicest land, has a magnificent view overlooking the Kootenay river, and also the Queen City and the homes built on this land is sure the choicest, and like the Rose will always stand forth in beauty and therefore should be called Mount Rose.

No. 59. In taking a walk over this tract of land and looking over its natural beauty it makes one feel we want to put up our home here and stay. It is a most cheerful spot with *such grand view and cheerful scenery all around* an ideal place for a cheery home.

WATCH THIS SPACE. We will make some very important announcements in a few days and will also give you some more names and reasons.

SPOILSPORT IS BRITISH WEATHER

Cowes Regatta Ruined—Cricket Match and Polo Tournament Postponed —Start for Moors.

(By Daily News Leased Wire.)

LONDON, Aug. 8.—Seldom has August weather proved such a spoilsport or the conditions so bad as at Cowes yesterday. The principal event of the regatta was postponed until the afternoon, when of the eight yachts entered for the Kaiser's cup, three started. Almeric H. Paget's Forona was declared the winner at the end of the first round. Inland heavy rains have fallen in all parts of the country, causing the abandonment of cricket and also of an important polo tournament in Rugby.

Unless conditions improve the King and Queen will curtail their visit to Cowes and return to Buckingham palace. King Alfonso returned to London today. Many, persons made an early start for the moors, the weather in the north being better than in the south.

JIM BARRY, 26 TOMORROW, A BLASTED "WHITE HOPE"

(By "Gravy")

"White hopes" are born only to be blasted-out down in their prime by some such grim reaper as Sam Langford, Joe Jeanette, Sam McVey or Jack Johnson. Such was the sad fate of Jim Barry, one of the most promising hopes of the white race, who was born twenty-six years ago tomorrow. Jim arrived in this world of hard knocks and deft colored gladiators by way of St. Vincent, Minn., Aug. 10, 1886. His parents, with a prophetic eye, named him James J., which is an all monaker for an aspiring heavyweight box-fighter, since its has been worn by such great men as Corbett and Jeffries. Right there, however, the similarity ceases. Barry's immediate ancestry were Irish and French, which is good fighting blood. He began fighting in 1906. In his first bout of any importance, pulled off March 1, 1906, at La Salle, Ill., he lost on a foul to Kid Hubert. From April to October of that year he appeared in a dozen encounters, winning all of them by the knockout route. These bouts were held in La Salle and Decautr, Ill., Madison and Milwaukee, Wis., and Yazoo City, Miss. At the latter place Barry knocked out Boxer Boyd in the fourth round, proving that Mister Boyd was not so much of a boxer as he thought. Barry began 1907 by administering two defeats to Martin Burns, winning in two rounds at Milwaukee and in three rounds at Racine. He next knocked out Fred Bradley in eight rounds at Philadelphia, and followed this with a nine-round victory over Kid Cutler in New York. Soon after he met Jack Blackburn at Bridgeport, and on Sept. 25 was matched with Sam Langford for a six-round affair in New York. Barry made a fair showing against the "Boston Tar Baby," and this was the first of a series of nine battles between the Minnesotan and the negro. They met a second time at Chelsea, and a third at Los Angeles, over a tenround route. In January, 1908, Barry and Langford fought again in Los Angeles, Barry holding his own. On April 7, 1908, Langford was victorious in the second round, this affair taking place in Boston. He lost again to Langford in June at New York. Meantime Barry had knocked out Larry Temple of Boston, Jim Stewart at New York and Hank Griffin at Waukegan, had fought a two-round draw with Jim Flynn at Denver, and on Dec. 30, 1908 was defeated by Al Kauffman at Vernon, Cal., after thirty-nine rounds of hard fighting. He fought twice with Langford in 1909, but on April 14 of the following year the Boston colored man put an end to Barry's white hope aspirations by knocking him out in the sixteenth round at Vernon, Cal.

AEROPLANE SMASHED

ATTENDORN, Prussia, Aug. 8.—The aviator Brindejong des Moulinais, who left Paris this morning for Berlin in an attempt to win the Pommery cup for the longest one day's flight, succeeded in reaching Attendorn, but smashed his aeroplane against a tree in landing. The aviator was not hurt. He experienced no difficulties in crossing the frontier.

Batteries—Ford and Sweeney; Kaler and O'Neill.

Philadelphia-Chicago at Chicago; rain.

SOCCER TEAMS FAILED TO SHOW UP AT GROUND

Owing to the fact that members of both teams did not show up on time the football game scheduled between the R. M. R. team and the City last night did not take place, but a splendid practice was held.

AEROPLANE FLIGHTS RETARDED BY STORMS

(By Daily News Leased Wire.)

LONDON, Aug. 8.—Sixty members of the house of commons, a score of peers and a large number of foreign naval and military attaches, on the invitation of the army council, went to Salisbury Plain today to witness the military aeroplane competition flights. Stormy weather, which for some days has retarded the tests, prevented flights until evening, when the wind dropped to about 27 miles an hour. Several aviators then ascended, the visitors loudly applauding their skill and daring. Only British and French machines are competing.

CHICAGO TAKES FINAL GAME

(By Daily News Leased Wire.)

PHILADELPHIA, Aug. 8.—Chicago won the final game of the series here today, 7-4. The visitors hit Moore and Ritter hard and made nearly all their safeties count. Lavender was at his best with men on bases.

Score:	R.	H.	E.
Chicago	7	10	2
Philadelphia	4	10	1

Batteries—Lavender and Archer; Moore, Ritter, Seaton and Killifer.

REDS LOSE TO BOSTON

(By Daily News Leased Wire.)

BOSTON, Aug. 8.—Boston bunched hits off Fromme in the first and eighth innings today and won, 6-5. The Reds scored all five runs off Perdue, who was replaced by Dickson after the sixth.

Score:	R.	H.	E.
Cincinnati	5	10	3
Boston	6	7	0

Batteries—Fromme and McLean; Perdue, Dickson and Kling.

EVEN UP ON SERIES

BROOKLYN, Aug. 8.—Sallee outpitched Rucker in a tight battle today and evened up the series. The score was 2-1, Oakes getting St. Louis' first run by a drive to deep centre for the circuit. St. Louis got the winning run on a single, a fumble by Wheat, Mowrey's sacrifice and Ellis' hit. Rucker saved Brooklyn from a shutout in the third when he scored on his hit, an out and Northern's double.

Score:	R.	H.	E.
St. Louis	2	9	0
Brooklyn	1	7	1

Batteries—Sallee and Wingo; Rucker, Ragon and Miller.

NEW GOLF RECORD.

(By Daily News Leased Wire.)

TORONTO, Aug. 8.—In the first round of the Canadian open golf championship played this morning in a drizzling rain at Rosedale, George Sargent of Chevy Chase, the national golf champion of the United States, put up a new record for the course by putting in a card of 72 for the round. One stroke behind him came George Cummings of Toronto, while Charles Murray of the Royal Montreal and A. H. Murray of Outremont, tied with 75 each. George S. Lyon the only amateur entered was way down the list.

WILL PLAY IN WINNIPEG FOR CUP

Fort William Champions Protest Against Playing for Connaught Trophy in Winnipeg—Overruled.

(By Daily News Leased Wire.)

MONTREAL, Aug. 8.—President Fred Barter, of the Dominion Football league, is today in receipt of a protest from the Canadian Pacific Railway Football club of Fort William, champions of the New Ontario leagues, against the proposed playing of the Connaught cup series in Winnipeg this fall. The Fort William club having won the People's Shield, claim the right to defend the Connaught cup as well. Mr. Barter has replied to the Fort William officials, pointing out that the People's Shield never represented the championship of Canada but only the Canadian Football association, a one-man show now defunct, and that the protest cannot be entertained.

Mr. Barter also informs the Fort William secretary that the Connaught cup will be played for in Winnipeg during the month of September, champion teams from each province competing. Next season the cup will be played for on the cup tie principle.

JACK JOHNSON MAY FIGHT IN AUSTRALIA

CHICAGO, Aug. 8.—Ald. Tearney tonight said that Jack Johnson had agreed to fight Sam Langford and Sam McVey in Australia under certain conditions, not as yet complied with by Promoter W. H. McIntosh.

"Johnson told representatives of McIntosh that their offer of $40,000 for fights with Langford and McVey would be acceptable to him provided he were given $5,000 for training expenses and three round trip tickets to Australia and provided that $10,000 were deposited with me," Tearney said. "He chose me as stakeholder because I had guided him in business investments. I have no connection with promoting the fights other than that of stakeholder."

"After Johnson had issued his ultimatum McIntosh representatives came to me for references. That is the last I heard of the proposition."

Johnson refused to affirm the report that he would re-enter the ring. He said he would fight if it would be a "personal favor to Tearney."

ALBERTA KEEPS UP WINNING STREAK

Win Their Fourth Match in Cricket Tournament—Manitoba Defeated by Calgary.

(By Daily News Leased Wire.)

CALGARY, Aug. 8.—Alberta have yet to taste defeat. They succeeded in winning their fourth match of the tournament by 110 runs. The whole of the team batted splendidly and ran up a total of 176 runs. Saskatchewan on going in to bat could not do a thing against the bowling of Sharp, who captured nine of their wickets for 23 runs. The total score for the side was 66.

Calgary still have a chance of winning the championship by winning their next two matches and by Alberta losing both of theirs.

Manitoba was again defeated today by 110 runs. Calgary went in to bat on a splendid wicket and succeeded in making a total of 223 runs. The feature of the innings was the splendid batting displayed by Stevens, who made 83 before being bowled by Charlesworth.

Manitoba went in after lunch but their batting was disappointing. Macfarlane played a good game, being not out 24 runs. The full score was: Calgary, 223; Manitoba, 113.

Summary.

	Won	Lost	Dr	Pts
Alberta	4	0	0	8
Calgary	2	1	1	5
Manitoba	1	2	1	3
Saskatchewan	0	4	0	0

STARTS FOR STATES TO DEFEND TITLE

(By Daily News Leased Wire.)

LONDON, Aug. 8.—Harold H. Hilton left Bristol today on board the Royal George for the United States to defend himself in his title as amateur golf champion.

178—Cherries, one hallock on plate	1 00	75
179—Black Currants, 1 hallock on plate	1 00	75
180—Red Currants, 1 hallock on plate	1 00	75

The best of all other varieties of fruit not specified herein may be awarded prizes as deserving, on recommendation of the Judges.

DEPARTMENT OF AGRICULTURE, VICTORIA, B. C.

PACKED FRUIT DISPLAYED BY PACKING SCHOOL PUPILS.

All pupils of packing schools who attained a proficiency of 75 per cent or over in the packing schools conducted by the Department of Agriculture during the winter months of 1911-12 in this district will be eligible for entry.

RULES OF COMPETITION.

Each competitor will exhibit five standard boxes of apples, of five or fewer varieties, to be packed by the pupil without assistance; five packs in the diagonal style; all layers except the face, wrapped; no layer papers; fruit may be wiped; cover need not have been nailed on. The fruit will be scored on the following basis:

	Points
Grading	20
Packing—	
Alignment	20
Bulge	20
Height at Ends	20
Firmness	20
Total	100

The Fruit Judge will forward his score to the Department of Agriculture and the pupils awarded First, Second and Third will receive prizes of $15, $10 and $5 each. Pupils whose pack scores 75 per cent or over are credited with these points for diplomas, whether they were successful in winning prize money or no.

WM. E. SCOTT,
Deputy Minister of Agriculture.

SECTION C—VEGETABLES.

All exhibits must be in the building by 10 p. m. on the 23rd; must be properly named and must be grown by the Exhibitor, and be the product of 1912.

All Roots and Vegetables must be clear, sound and properly washed and dressed.

Undue pressing will disqualify.

	1st	2nd
1—Potatoes, Early Variety, white, 25 lbs.	$3 00	$2 00

MINING

All exhibits must be in the building by 6 p. m. on the 23rd September.

The freight charges on all exhibits to be paid by the Association from the nearest shipping point by rail or water.

Further information will be given by the Secretary or F. A. Starkey, Chairman of the Committee.

All minerals in competition must be the produce of mines in British Columbia.

Best exhibit from any individual prospect or mine shown by bona fide owners.

1—Gold and Gold-Silver Ores	$10 00
2—Silver-Lead Ores	10 00
3—Gold-Copper Ores	10 00
4—Zinc	10 00
5—Dry Ores	10 00

For the Best Exhibit of ores of any kind from any Mining district in the Province of British Columbia, $50.00.

In order for this prize to be awarded there must be two or more competitors.

SECTION N.—AMUSEMENTS.

The management of the Tenth Annual Fair will spare no pains or expense in procuring suitable attractions for the 1912 Fair. An expert aviator has already been secured, who will make daily aeroplane flights from the Fair Grounds, which will be the star attraction.

1. An entrance fee of $2.50 per man will be charged for each team drilling. To teams not winning prize, entrance fee will be refunded.

2. The money will be divided into three purses, as follows: $300 to first, $100 to second, $50 to third. There must be four entries for three prizes, three for two prizes, two entries for one prize. If only one entry, the Association reserves the right to pay the drillers making such entry $100 if they do not drill, or $150 for an exhibition.

3. All drillers to use eight (8) pound hammers, seven-eighths (7/8) steel; smallest bit, seven-eighths (7/8).

4. Time, fifteen minutes. Two men allowed on rock as assistants to drillers.

5. All entries to be in the hands of the Secretary not later than noon on the 24th September.

6. Drawing for places to take place immediately after noon on the 24th September, at the Secretary's office, in the Fair building.

No entry will be received except on this condition—that all disputes, claims and objections arising in this contest or with respect to the interpretation of the conditions shall be decided by the Fair Association, or those whom they may appoint, and their decision upon all points SHALL BE FINAL.

The best granite obtainable will be furnished for this contest and may be seen at Fair Grounds any time during the week previous to Fair. Contest will commence Tuesday, September 24th, and continue through the week, and will be put on at night or in day time at option of management.

For further information, address G. Horstead, Secretary, Nelson, B. C. P. O. Box 392.

Space will be allotted to any district wishing to display exhibits of fruit, vegetables, etc., upon application to the Secretary at least one week before September 23rd, such displays to be non-competitive.

SPECIAL PRIZE LIST—(Continued.)

First Prize, Silver Challenge Cup.

(Donated by Messrs. Mawdsley, Shaw & Co.)

SECTION C.

Best collection of vegetables grown from Rennie's Seeds—

1st prize, $3.00 Rennie's Seeds.
2nd prize, $2.00 Rennie's Seeds.
(To be selected from 1913 Seed Annual.)

SECTION F.—HOME BAKING.

Professional Bakers not allowed to compete.

Best two loaves of bread made from Ogilvie's Royal Household Flour—

1st prize, 2 bags Royal Household Flour.
2nd prize, 1 bag Royal Household Flour.
(Donated by the Ogilvie Flour Mills Co., Ltd., Winnipeg.)

Best two loaves of bread made from any flour—

1st, 3 tins Baking Powder, 15 lbs.
2nd, 2 tins Baking Powder, 10 lbs.
3rd, 1 tin Baking Powder, 5 lbs.
(Donated by W. A. Jameson Coffee Co., Victoria, B. C.)

The Daily News.

Published at Nelson Every Morning Except Sunday, by The News Publishing Company, Limited.

W. G. FOSTER, Editor and Manager.

FRIDAY, AUGUST 9

ROADS ARE A NECESSITY

The road question, that is the absence of even a single road leading anywhere out of Nelson and the necessity for facilities for communicating with adjoining districts independently of the railways and steamship lines, was again a subject of discussion by the Nelson board of trade at its regular monthly meeting last night. While the whole question has been left to a special committee to inquire into and report upon, and is, therefore, to a large extent taken out of the realm of public discussion for the time being, it will not be out of place to say that the matter is one of the greatest importance to this city as well as to the surrounding district.

Particularly is this so in view of the relation of the present situation to the construction of the trans-Canada highway through this city. The importance of being on the main highway across the Dominion cannot be over-estimated. The committee appointed by the board of trade last evening probably recognizes this fact quite as fully as does anyone else and will take it into consideration in framing its report upon the whole situation.

In the meantime it can be said, and there will be general agreement with the statement, that roads connecting Nelson with the various adjoining districts are a crying necessity. Toward securing them every effort of every resident of Nelson and the adjoining districts should be directed.

BRITISH COLUMBIA PAPERS

The improvement in the news service of the papers of western Canada in the past few months is being generally commented upon. The Hedley Gazette, for example, says of the British Columbia papers:

Readers of British Columbia dailies cannot fail to have noticed the wonderful improvement in the character of the news that now fills the columns and is served up to readers of these papers throughout British Columbia, while it is still fresh. Formerly the bulk of the news contained by them that was not home brew and dealing with the affairs of the province alone, was for the most part about happenings through the United States about which the average British Columbian reader did not care a button, and the very small amount of space given to news of the eastern provinces and to British news fresh from over the water at the heart of empire was meagre indeed. Worse still, it had filtered into British Columbia papers through American channels and in transit had taken on a tinge of coloring that was decidedly pale after all that was at all national in character had been lopped out of it. Too much credit cannot be given to those who have been responsile for bringing about the change, and national as their news service is now becoming we believe it is only an approach to what they will yet be able to give us when cable rates are cheapened.

The comment of the Hedley Gazette is particularly interesting in view of the fact that The Nelson Daily News was the first British Columbia paper to arrange for the present satisfactory service. The coast papers followed The Daily News some considerable time later.

EDITORIAL NOTES

Yesterday saw another victory for the Unionists in an old country by-election. Do these presage a change of government?

Dispatches tell of the wholesale way in which passes over the Intercolonial railway were issued to all and sundry. No wonder the people's railway has not paid in the past.

A dispatch from Ottawa says that Mr. W. Sanford Evans, ex-mayor of Winnipeg, may be the Conservative candidate in the Dominion by-election in Macdonald, Man., rendered necessary by the appointment of the sitting member, Mr. W. D. Staples, to a position on the government grain commission. Mr. Evans would make an excellent member. He would bring ability, honesty and exceptional ability as a public speaker to the discharge of his duties as a member of parliament.

What the Press Is Saying

Cost of Newspapers.

The forthcoming amalgamation of the Galt Reporter and the Galt Reformer under the name of the Reporter indicates that the financial strain of conducting two good daily papers in even such a newspaper-loving town as Galt is too great to be endured. Few newspapers are being started nowadays, and a good many of the favorites of former periods find it hard to keep afloat. It costs more and more every year to make a good newspaper, and the revenues do not increase in anything like the same ratio as the expenses.—Toronto Globe.

Sun Did Not Affect Result.

The customs receipts at the port of Grand Forks jumped from about $3,000 to over $11,000 last month. As the Sun only paid duty on one small importation of paper, this phenomenal increase is unaccountable.—Grand Forks Sun.

Certainly a Poser.

There is a hen in New York state which drinks beer and lays two eggs a day. What are prohibitionists going to say about a case like that?—Victoria Colonist.

Not a Clean Bill by Any Means.

The British report on the Titanic disaster is headlined in some newspapers as "exonerating Duff-Gordon." The exoneration is merely that in the boat he escaped in, he did not bribe men to stay away from the drowning. The report regrets that he did not urge aid of the drowning.—Ottawa Journal.

Cold Storage

Murphy—"Phat is a compromise candidate?"

Casey—"Wan thot aither side can lick."—Puck.

"Now they are trying to make the cactus edible."

"I don't think we need a vegetable shad."—Washington Herald.

Bangs—"How did old Heavysole treat you when you asked him for his daughter? Acted like a pirate, didn't he?"

Butts—"Pirate! He acted like a freebooter!"—Judge.

"I see you passed a candy store on your way here this evening."

"How in the world did you know that?" Because you didn't bring any candy with you."—Houston Post.

First week-end guest—"Would you ask our hostess to lend us a motor?"

Second week-end guest—"Good heavens, no; I'd as soon think of asking her for a piece of string."—Life.

"Life is a burden to me."

"Take an interest in something. Have an avocation. Take up golf."

"Aw, life isn't worth living."

"Then take up aviation."—Louisville Courier-Journal.

The lawyer to the lady—"You understand the nature of an oath, don't you?"

The lady, a little flurried—"I beg your pardon?"

The lawyer, testily—"What is the nature of an oath?"

The lady, triumphantly—"Profane, isn't it?"—Cleveland Plain-Dealer.

"How do you tell the difference between a yacht and a sailboat?" said the girl with the inquiring mind.

"By looking into the pantry," replied Capt. Cleet. "If she carries plenty of refreshments and cigars, she's a yacht. If it's mostly plain victuals, she's a sailboat."—Washington Star.

This Date in History.

The first successful attempt to produce a steerable balloon was made 23 years ago today, when M. Renard made an ascent in his new cigar-shaped airship, near Paris. The motive power was electricity, stored in accumulators. On the day set for the trial flight, Aug. 9, 1884, the weather was calm, with hardly a breath of air stirring, and under these ideal conditions M. Renard and his companion, Krebs, set forth on their aerial voyage. The airship answered its helm perfectly and sailed with the wind a distance of two and a half miles, then turned and sailed against the wind and landed safely at the exact point of setting out. This was the first time that such a feat had ever been accomplished. Since then the dirigible balloon has been greatly improved, but recent accidents in America and Europe prove that it is far from being a safe vehicle.

COMMUNICATION

CASH OR CREDIT

To the Editor of The Daily News.

Sir: I have followed with considerable interest the correspondence in The Daily News on the subject of the cash basis and am still speculating whether the letters are written from a selfish standpoint, or from a matter of principle.

If the discussion is merely from the standpoint of liberating the local retailer out of the clutch of the banking interests, saving the discounting of bills, etc., it still leaves the goods the consumer needs in the hands of the local merchant, at his discretion to fix the price, and would not be the relief that is claimed for the consumer.

If the discussion is from a point of principle, and the local merchants think they can achieve their object, then no monument will be too good to perpetuate their memory.

In the first place all principles must start at nature, and fortunately for us nature asserts itself, and cash basis cannot enter here, only on artificial conditions. The next point is the worker on nature or raw materials, or, to be simple, the worker. Does the worker receive cash when he delivers the only thing he has to sell—his power to work? Are our friends the merchants working for a cash basis between employer and employe, whereby when the worker delivers his goods (his labor) he receives the full exchange value before he leaves the workshop or store, or are they supporting institutions who are opposing the fortnightly payday on railways?

If we are out for a principle we must be consistent with that principle.

I will not presume on your space, Mr. Editor, only to mention that this principle must also work through or between retailer and wholesaler, likewise the banker, who when our local merchants have succeeded will be put out of business, because they have nothing to put on the counter but credit and we can neither wear nor eat same.

Wishing the local merchants every success in their establishment of the principle,

G. H. HARDY.

Nelson, August 8.

CRESTON LAND PRICES

To the Editor of The Daily News.

Sir: May I make corrections to two paragraphs which I read in your paper today, August 2?

J. W. Dow sold 15½ acres to Burn-Murdoch of Edinburg, the price being $480 per acre, and not $750 per acre as stated in your paper today, and also that it is not the intention of Burn-Murdoch to develop the land and live on it.

I notice also that your paper states that R. S. Bevan of the Creston Garage company recently sold 20 acres of fruit lands to Murdoch & Coleman for $14,000, and that about nine acres of this are improved. The facts are: Mr. Bevan sold 20 acres of fruit lands to Murdoch & Callander and that 15 acres are cleared and planted, some of the trees being seven years old.

I feel that I must call your attention to these mistakes, as we people in Creston do not wish the outside world to think that land at Creston is being sold at such ridiculous prices.

F. BURN-CALLANDER.

Creston, B. C., Aug. 2.

The Weather

(By Daily News Leased Wire.)

TORONTO, Aug. 8.—The pressure is high over the Maritime provinces and eastern states and a shallow low area is slowly moving toward the Great Lakes. The weather today has been fine and warm in the western provinces and near the Atlantic coast, while in Ontario and Quebec it has been unsettled with heavy showers.

TRAIN IS WRECKED; MANY ARE INJURED

Accident Near Liberty Due to Broken Rail—etails Not Yet Obtainable.

(By Daily News Leased Wire.)

REGINA, Aug. 8.—Several persons were injured this morning when the northbound train from Regina on the Colonsay line was wrecked. Meagre details only are available. The accident took place near Liberty and is thought to have been due to a broken rail. Three cars left the tracks and were smashed considerably. One of the passengers, a man named Wilson, was badly injured about the head and shoulders, but so far as is known here his injuries are not likely to prove serious. A wrecking train was sent out and the wreck cleared up. The track is now clear. The injured will probably be brought to the city tonight.

MONTREAL ENGINEER ARBITRATOR FOR WINNIPEG

(By Daily News Leased Wire.)

MONTREAL, Aug. 8.—James M. Robertson, the well-known Montreal consulting electrical engineer, will proceed to Winnipeg shortly to attend the sittings of the board of arbitration appointed to arrange the matters at issue between the city of Winnipeg and the Winnipeg Electric Railway company. The city has nominated Mr. Robertson as their representative, but the railway company has not yet named its man.

SMOKER AT ROSSLAND IS ENJOYABLE EVENT

(Special to The Daily News.)

ROSSLAND, B.C., Aug. 8.—The smoker given to Frank Lloyd last night was a great success, the hall being crowded to overflowing before the advertised time. Everyone was in good fettle and time passed quickly. Dr. Tanner made an ideal chairman and his speech was warmly applauded. Rev. Sarkissian and Kinney also spoke and were replied to by Mr. Lloyd in an appropriate manner. The quartette singing by Messrs. Roddu, Bostock, Morris and Caldwell was a feature of the entertainment. A cornet solo by Sam Forteath was much appreciated. Charles Miles was there with his city band and, as usual, supplied the audience with lots of good and popular music.

Bert Paull leaves tonight by the Canadian Pacific railway for the coast on a two weeks' vacation.

W. J. Alford, proprietor of the Kootenay hotel, leaves for Revelstoke tonight where he will be met by his wife, who has been at Halcyon Hot Spring, and will go to the coast from there.

Dr. A. B. Chandler leaves tonight for Rochester, Minn., where he will spend three weeks attending the clinics of Mayo Brothers, after which he goes to Chicago for the same purpose. He will then proceed to Montreal where he will spend some time with relatives. Dr. John Hamilton of Victoria will look after Dr. Chandler's practice in his absence.

Mrs. A. S. Goodeve left for Nelson, accompanied by her sons, Stuart and Charlie.

Dr. Hamilton, who relieves Dr. Chandler, is a graduate of Glasgow university and has practised for some years in London, England. He will occupy the Chandler residence in their absence.

STRUCK BY ROCK SWEDE IS KILLED

Fatal Accident on Logging Right-of-way Near Golden—Verdict Accidental Death.

(Special to The Daily News.)

GOLDEN, B.C., Aug. 8.—Charles Pisti, a Swede, lived but four minutes after being struck in the heart by a falling rock, the result of blasting operations on the right of way of the Columbia River Lumber company, across the Columbia river from here, yesterday morning. Deceased had been in the employ of the company for two years and was at camp No. 7, a distance of 300 yards from the blasting, when the accident occurred.

An inquest was held today by Dr. J. H. Taylor, the coroner, and a verdict of accidental death was returned. The jury consisted of C. A. Warren, foreman, Medley Dartt, Jack Moore, John Leonard, R. L. Bullock and D. Dowes.

PROPOSES INTERNATIONAL MARITIME CONGRESS

(By Daily News Leased Wire.)

WASHINGTON, Aug. 8.—Representative Levy of New York presented a resolution to the house today providing for an international maritime conference in Washington on April 13, 1913. This will be almost one year after the sinking of the Titanic, which occurred on April 15, 1912. The conference is to consider an international patrol of North American steamship lanes, an international wireless system, and an agreement on life saving appliances of ships in deep sea travel.

VALUABLE SKINS IN LAST SEASON'S CATCH

(By Daily News Leased Wire.)

EDMONTON, Alta., Aug. 8.—With last winter's catch of fur from the Chippewayan country Colin Fraser has arrived in the city accompanied by 15 residents of the northland who see civilization only once a year. The fur catch of 1912 is an improvement over last year's and amounts to between $30,000 and $35,000. It includes many valuable skins of black and silver foxes, wolves, wolverine, mink, marten and ermine, every kind of wild beasts being included.

SASKATOON FAIR DRAWS BIG CROWD

(By Daily News Leased Wire.)

SASKATOON, Aug. 8.—The biggest crowd ever gathered together in this city was on the exhibition grounds today, it being estimated that there were at least 12,000 present while another 5,000 or so took in the night program.

BANK CLEARINGS

LARGE ACREAGE IN ALBERTA CHANGES HANDS

(By Daily News Leased Wire.)

CALGARY, Aug. 8.—A large land sale was put through today when the Bow View ranch, on the forks of the Bow and Ghost rivers, west of Cochrane, was disposed of by Captain Henry Tomkins to Calcutt & Harris. The price is understood to be in the neighborhood of $20,000 for the 2,100 acres of land which the property comprises.

ANOTHER MIRACLE AT GOOD SAINT'S SHRINE

(By Daily News Leased Wire.)

QUEBEC, Aug. 8.—According to information from St. Anne de Beaupre another miracle is said to have taken place there yesterday. A crippled boy named Paul Savard, aged eight years, who came from Cummings Bridge, is alleged to have been healed and to have left his crutches at the shrine.

MURDERER DISAPPEARS

CALGARY, Aug. 8.—The Northwest Mounted police and the local constabulary have practically given up the search for Dick Lyons, murderer of Brakeman R. J. Blair.

Tested the Whole World Over

SCHOOL BOARD DISCUSSES FAILURES

(Continued from page one).

Miss Thomas' position at the high school and Dr. Jones asked R. Smillie, principal of that institution, how W. G. Armstrong, M. A., who had applied for the position of assistant at the public school would do. "Mr. Armstrong, if he can teach arithmetic would be a good man. I see a good many pupils fell down in arithmetic in the examinations," she remarked.

Whether a man or woman should be appointed was the next point at issue. The chairman, the secretary and Mr. Irvine thought that there should be at least one woman on the staff, while Dr. Jones favored a third man, but said that a woman might be all right if she could teach drawing. Mr. Smillie said that the two sexes were about equal among the pupils at the school.

Fell Down on Drawing.

Referring again to the results in the recent examinations Dr. Jones and Mr. Labadie said that the pupils at the recent examinations had not been taught drawing properly.

Mr. Irvine to Mr. Smillie—Most of them fell down on drawing, didn't they?

The principal nodded assent.

Mr. Labadie urged the need for an experienced teacher. Dr. Arthur said that he thought Miss Greer would meet the requirements in the matter of drawing; it was rather a hobby with her, he said. He seconded a resolution by Mr. Irvine to appoint Miss Greer at a salary of $100 per month.

Mr. Emory remarked that $100 a month was a pretty good salary, Dr. Jones replying that she did not think anyone should teach at the high school for less.

"Is it necessary to put a motion before the board that the principal of the public school shall have full charge?" asked Mr. Labadie.

"We never had a principal who did not have full charge," retorted Dr. Arthur, Mr. Irvine disposing of this question with the remark that he thought the principal should have power to arrange the teachers as he wished, he thought Mr. Thompson understood that.

Miss Scanlan's Salary Unchanged.

Dr. Jones brought up the question of Miss Scanlan's salary. She used to get $100, but had been raised to $130 while acting principal. Mr. Irvine moved that it remain at the latter figure, which Dr. Jones thought too high. Dr. Arthur seconded the motion, which carried, Dr. Jones voting in the negative. "I don't see why it should remain so high," she said.

Whether the principal shall be assisted by a monitor is a matter which will be decided by the chairman, the secretary and Mr. Labadie.

Mining News

HAS DIFFICULTY IN SECURING TEAMS

Activity in Mining in Slocan and Ainsworth Districts Responsible—Silver Hoard Lets Contract.

That there is a shortage of teams for hauling ore in the Slocan and Ainsworth districts was the statement made at the Hume last night by W. S. Hawley, manager of the Silver Hoard mine at Ainsworth.

For some time he has been endeavoring to secure teams to haul ore from his property to the wharf for shipment to Trail smelter and was not successful until yesterday when he let a contract to William Greenwood of Koch's siding to bring down 150 tons from the property.

Heavy construction work, demand for teams and pack horses to haul out ore and the rapidly increasing activity in silver-lead and zinc mining generally in the Slocan and Ainsworth districts is given as the reason for the difficulty in securing teams.

CHEAPER TO PAY TAXES WHEN DUE

Notices Are Sent Out to Owners of Nelson Division Mineral Claims—Sixty Days Grace.

Unless owners of mineral claims who owe taxes send in checks for the amount due to Stephen H. Hoskins, mining recorder, within 60 days from July 30 they will be charged with the cost of advertising and other expenses in connection with the preliminary arrangements in connection with the tax sale which will be held on the first Monday in November.

Taxes upon scores of claims have not yet been paid, but previous experience leads Mr. Hoskins to expect that the government exchequer will be considerably enriched before the 60-day terms expires, and that many other owners will pay up their taxes and the added costs after that date and before the tax sale actually takes place.

STRIKE TWO FEET OF HIGHGRADE ORE

C. J. Northquist Pleased With Showing On Gum Claim Near Kaslo—Rich Stringer on Nome.

(Special to The Daily News.)

KASLO, B. C., Aug. 7.—Two feet of ore encountered in the tunnel of the Gum claim, one of the Nome group, has given C. J. Northquist, one of the owners, cause for great satisfaction.

"This is the mine in which my late partner, Henry Rugge, was killed. In furthering our development work we went through the ledge to the hanging wall and found two feet of splendid ore. I am on my way to Spokane and Hillyard and will return in two weeks. No, I have not had the ore assayed, but it looks good to me. This strike is 400 feet from the outer end of the tunnel. We will commence building a trail from the Nome to the Gum when I get back. The Nome is looking well, too, and we have cut an 8-inch stringer of ore on that claim," he said.

Mr. Northquist lives in Hillyard, and was accompanied by his wife on this trip.

The Eureka is shut down from want of drinking water, and this condition is likely to continue for a month, when snow is expected to arrive, which will supply water for domestic purposes.

TO SINK SHAFT AT SILVER HOARD

Additional Depth of Ninety Feet to be Attained—Survey for Tramway to No. 1—To increase Force.

From the 60-foot level of the Silver Hoard mine at Ainsworth, where a nice body of shipping ore was struck last Sunday, a shaft will be sunk to the 150-foot level which will give an increased depth of 90 feet in the cave, which is aiding to such a large extent in the development of the property. A hoist will be installed at the 60-foot level.

This announcement was made at the Hume last night by W. S. Hawley, manager of the mine, who said that a 5-foot test hole made at the 60-foot level was all in ore.

On the 30-foot level, where 4 feet of shipping ore was opened up, 200 sacks were filled from a drift 25 feet in length, said Mr. Hawley. One thousand sacks of ore are awaiting shipment to the smelter.

It is the intention this fall to construct a baby tramway from the Silver Hoard to the No. 1 mine, so that the tramway now under construction by the Consolidated Mining & Smelting company, operators of the latter property, can be used to convey the ore from the Silver Hoard to the waterfront, where it will be loaded on barges and brought down the lake. Surveys for this baby tramway are now being made.

New quarters are now being built, said Mr. Hawley, to accomodate 40 men and the present force of 10 men will be increased when the cookhouse and bunkhouse have been completed. A residence for the superintendent is also under construction.

Development at the mine is progressing rapidly as much of the work consists merely of enlarging portions of the cave.

Dr. E. R. Northrupp of Spokane, chief surgeon for the Spokane & Inland railway, who is president of the Silver Hoard company, will arrive at the mine shortly with his family and will spend a week in Ainsworth. Mr. Hawley's brother, J. B. Hawley of Spokane is in charge of the construction work at the mine and will be joined by his family in a few days. Mr. Hawley will leave for Spokane this morning.

BUYS FRACTION ADJOINING GOLDEN FAWN GROUP

Barney Crilley has purchased the Golden Fawn fraction, adjoining the Golden Fawn group at Sheep Creek, from M. J. Morgan.

ADDITIONAL SPORT

NELSON WINS BY THREE WICKETS

Game With Fruitvale Provides Some Heavy Hitting—Good Scores Are Tallied in Tournament.

The second game of the cricket tournament took place yesterday between Nelson and Fruitvale and ended in a victory for the local boys by three wickets.

Fruitvale won the toss and decided to put Nelson in, Butler and G. Wilkinson going in to face the bowling of Sutcliffe and Aldersmith. These two batsmen by steady cricket carried the score to 33, before Butler played on to Townshend, who had relieved Sutcliffe. This brought in Kerr.

The score was carried to 89 before Wilkinson was caught in the long field off Greenwood, Wilkinson's score of this being 56. Parker joined Kerr. With the score at 111, Parker had the misfortune to be run out. Bourke was the next batsman and by some fine hitting the total reached 131 before Kerr, who had played a sound innings, was bowled by Neilson. Wilkinson, Palmer and Matthews, with 6, 11 and 7 respectively, were the only batsmen to do anything after this and the innings closed with the score at 165.

After lunch, Fruitvale started in to make up some leeway. Greenwood and Palmer went in to make a promising start against the bowling of Wilkinson and Butler. Palmer was in merry mood and early began to batter the fences round the ground. He amassed a fine 15. Townshend and Aldersmith came to the rescue and brightened matters up very considerably. Aldersmith appeared to find the fence very easy of access, and Townshend played a stylish innings of 16 not out. Bob Kidd also came largely into the picture in the latter stages and helped to raise the total to a respectable 86. This lacked just five runs of the total required to avoid a follow on, so Fruitvale went in for a second attempt.

They sent in Greenwood and Palmer to face the bowling of Butler and Bourke. After a promising start Greenwood fell a victim to Butler's wiles. Nielson then came along and started well. His 26 included a coups of fours and a fine 6, and was the result of a sparkling display of willow wielding. The Nelson bowling was now beginning to show signs of wear and the Fruitvaleites started in to collar it. Townshend was in fine form again and at once began to make things hum. His score was thickly dotted with fours and he played in his usual stylish manner. Aldersmith kept the ball rolling and his attempt included a fine six. Frequent bowling changes were tried, but were not very effective. Kidd and Sutcliffe got together and soon began to connect with the leather. After a lively time these two retired unbeaten, the effort concluding with a six to the credit of Sutcliffe. Fruitvale declared with a total of 147 for seven innings and sent in their opponents for a 45 minutes' batting, a sporting chance to win or lose. The opening was very disastrous and three or four men were dismissed very cheaply. Kerr and Palmer came to the rescue and after their retirement Bourke and Wilkinson clinched the argument and brought their side to victory just in the nick of time. Fruitvale made a gallant fight of it in the latter stages of the game, and pretty nearly made cricket history, at least Kootenay cricket history.

In the evening the visitors were entertained at a smoker. Two good boxing bouts were pulled off, between J. Holland and M. Thomas and Holland and H. Parks. Several others entertained the smokers, including L. Crawford, E. Lupton, H. Gardner, H. Parks and M. Main. W. R. Maclean, M.P.P., gave an address of welcome to the visitors.

SHERIFF STOPS TAME FIGHT

Match With Rickard Is Burns' All the Way—Opponent Easy Mark.

(By Daily News Leased Wire.)

SASKATOON, Aug. 8.—Stopped in the sixth by the sheriff, the 15-round boxing bout between Burns and Rickard tonigth was one of the easiest of the former heavyweight champion's career. Tommy got $5,000 for outboxing a man who failed to show even second rate form.

From the sounding of the first gong the fight was all Burns', but even then the ex-champion failed to land a real good blow, the left to jaw that put Rickard out for the count of three, the left and right to jaw that put him out for nine two seconds afterward, and the right that finished off the bout prior to its being stopped being far from the category of knockout punches. Burns played with his man, leading all the time, Rickard never forcing nor leading. With him it was a game of cover, stall and cover, his head being down for practically the five and a half rounds of the fight. Burns was in excellent condition but far from championship form, his judgment of distance being poor, missing his man on several occasions by feet. His was the only science shown in the bout, Rickard showing none, nor even heart.

Burns apparently played with his man until the sixth round, when he went in to finish him off. In this round the big fellow was floored for the count of nine and was put away again to the count of eight and was still out when Sheriff Calder stepped into the ring and stopped the bout, which was awarded to Burns. It was a tame affair until the last round. Burns went in at 185 pounds and Rickard at 205. Seven thousand dollars worth of tickets had been sold last night and it is believed the total will go to $10,000.

TWO HUNDRED DOLLARS LIMIT OF DEPOSIT

Judges of British Columbia Supreme Court Make New Rule Regarding Appeals.

(Special to The Daily News.)

VICTORIA, B. C., Aug. 8.—The judges of the supreme court of British Columbia have made the following rule of court: "The deposit or other security for the costs to be occasioned by any appeal shall be made or given as may be directed by the court appealed from, a judge thereof, or by a judge of the court of appeal, but the amount of such deposit or other security shall not exceed the sum of $200."

August Clean-Up Sale

Dress Goods and Ready-to-Wear at Slaughter Prices

MARKETS

REACTION IN WHEAT

(By Daily News Leased Wire.)

WINNIPEG, Aug. 8.—Wheat prices today, after a gradual decline about a week, and trading during the later hours was fairly active in options. The opening prices were ⅛c higher for October and ½c higher for December and the advance continued until near the close, which was 1⅛c higher for both months. Unfavorable weather for harvesting and maturing crops on both sides of the line and reports of black rust from North Dakota were factors in the sharp advance. Liverpool cables were higher and American markets firmer. Minneapolis closed 1⅞@1½c higher, Chicago closed ⅞c higher for all months. The cash demand was good for all grades and offerings scarce, while it was rumored a heavy business was transacted over night. While there was little doing in oats, prices were firmer and flax was bid 3c higher, closing 2c up. American coarse grains were higher for all months.

Receipts were heavy today, 140 cars being in sight for inspection.

POWER ALONE SHOWS LIFE

(By Daily News Leased Wire.)

MONTREAL, Aug. 8.—Power opened strong in the afternoon and some good sized lots figured in the dealings. Subsequently the price eased to 235. The balance of the list was lifeless, resulting in nothing of importance in the way of price changes. Steel was strong at 64. General Electric 113 and Richelieu 117½. The rest of the trading was in fractional lots. A 100 per cent stock dividend was the plum recently handed out to its shareholders by the Ingersoll Rand company. The company did this by increasing its capital from $250,000 to $1,000,000. It pays 5 per cent dividend on the new capitrization, equal to 20 per cent on the old. Originally started as a branch of an American concern, it is now a Canadian corporation, with head offices in this city and works at Sherbrooke, Que.

The Canadian Fairbanks Morse Company, Limited, of which Henry J. Fuller is president, has just completed arrangements for the issue of $1,000,000 additional preferred stock, of which $300,000 will go into plant enlargement and the balance will be available as working capital.

Supplementary letters patent have been granted to the company to increase its capital to $3,100,000, of which $1,500,000 is 6 per cent, cumulative preferred stock having no voting power except in case of default of dividends.

NEW YORK ERRATIC.

(By Daily News Leased Wire.)

NEW YORK, Aug. 8.—The course of the stock market today, while at first inclined to a higher level, was more than ordinarily confusing, the movement jumping from one stock to another with periods of strength and weakness. Before noon trading in the Coalers was the overshadowing feature, but later these receded and Southern Railway shares advanced quite uniformly. Between times a number of specialties were moderately active with a new record for Sears Roebuck, Steel manifesting some strength at the outset but yielded later to persistent profit-taking. Coppers, after early improvement, fell back on publication of the July report of the Producers' association showing a large increase in supplies on hand. Earnings of the Harriman system for June were issued in the final hour and were sufficiently unfavorable to more than wipe out all gains. Union Pacific showed a net decrease of $092,000 and Southern Pacific $440,000. For the fiscal year Union Pacific surplus available for common dividends decreased $6,137,000 and the surplus for Southern Pacific decreased $5,476,000. Gross earning of the two roads were well maintained, but net returns were much impaired by greatly increased operating expenses, due to well established causes. London was a moderate buyer of Steel and Coppers here, although reporting hardened money and higher discount rates at home, with prospects of gold exports. The Bank of England's statement for the week reflected no material change but the Bank of France, while showing a nominal increase of gold, largely decreased its note circulation and discounts. Bond prices also denoted some confusion, with a lower tendency.

Total sales, par value, $2,151,000. United States government bonds were unchanged on call.

TORONTO BANK CLEARINGS

(By Daily News Leased Wire.)

TORONTO, Aug. 8.—Bank clearings for the week ending today were, $29,117,524; last week, $28,906,400; last year, $34,182,664.

FEW FEATURES IN MARKET

(By Daily News Leased Wire.)

LONDON, Aug. 8.—Money was harder and discount rates were firmer today on the bank statement, and the gold export suggested general buying of home rails on favorable trade relations, and improvements in copper stocks were the principal features of a quiet stock market. Kaffirs eased off and Marconi shares closed flat. American securities were steady. Trading was quiet during the forenoon and a part of the list advanced on covering. Wilson's speech was favorably received but it failed to attract fresh business. New York offered stock later and caused an easy closing.

MONTREAL PRODUCE MARKET

(By Daily News Leased Wire.)

MONTREAL, Aug. 8—Butter continues easy, with receipts fairly large and the western trade slow. Cheese is firm and unchanged, business in moderate sized lots being done with foreign countries. Buyers, apparently in the hope that a lower level of prices will be reached, are taking more than necessary for immediate requirements, but locally the situation is considered firm, both on account of the shortage in exports for the year to date and the fact that stocks in store are only half of what they usually are at this time of the year.

Cheese, finest westerns, 13¼@13⅝; finest easterns, 12½@12⅞. Butter, choicest creamery, 26½@26¾; seconds, 26@26¼. Eggs, selected, 28@29; No. 2 stock, 21@22. Pork, heavy Canada short cut mess, barrels, 35@45; pieces, 26; pork, Canada short cut back barrels, 35@55; pieces, 25½; pork, Canada clear, barrels, 30@35; pieces, 26.

TORONTO STOCKS

TORONTO, Aug. 8.—Rio, 140¾@140⅞; Toronto, 145@144½; Can. Steel, 22⅝; Bread, 25½@25; Sao Paulo, 258½@258; Winnipeg, 225½@228; Penmans pfd., 88; Gen. Elec., 112½@113.

Unlisted—Dome Ext., 17@17½; Wittlaufer, 40; Chambers, 19½@21; Pearl, 18½; McKinley, 17; Rowan, 5½; Brazilian, 35¼@35.

COPPER REPORT SHOWS INCREASE IN STOCKS

(Special to The Daily News.)

NEW YORK, Aug. 8—Copper unsettled. Standard, spot, August and September, 16.87½@17.25; October, 17.12½@17.25; electrolytic, 17⅝; lake, 17⅝; castings, 17½@17¼. The statement of the Copper Producers' association for July shows an increase in stocks on hand of 5,945,417 pounds compared with the previous month. Production for July was 137,561,129, against 122,315,240 pounds in June. Domestic delivery, 71,094,281 pounds, compared with 66,146,229, while foreign delivery was 60,121,321, or slightly under June. Total deliveries amounted to 131,215,712 against of 3,618,835 pounds.

1,000—2,000 Kootnay Gold ..... Bid

E. B. McDermid

Baker Street, Nelson B. C.

Twenty Acres at Proctor

This farm comprises a block of land of the very choicest quality and we *submit it as being first class in every respect.*

The location is the very best, being situated on the south side of Kootenay lake, close to the lake shore, facing on government wagon road, and being in the centre of a very prosperous settlement.

Partly improved and with a quantity of fruit trees planted, there is a water right with water laid on the farm.

We consider it good value at $200 per acre, but for quick sale it may be purchased for a total price of $3,000.00. Terms arranged.

We would be glad to submit full particulars and plans to any parties interested in securing a strictly first class farm with good location.

TURKISH MINISTER IS WITHDRAWN

War Between Montenegro and Turkey Looms on Horizon—Little State Well Armed.

(By Daily News Leased Wire.)

ROME, Ag. 8.—War between Montenegro and Turkey is suddenly looming upon the horizon. It was hoped here *in government circles that the Turkish* ultimatum and the Montenegrin reply, refusing to accede to the Turkish demands, would not be followed by a rupture of diplomatic relations, but it is now officially reported that the Turkish minister will leave Cettinje tomorrow. News has also been received that fighting continues near Colacia, on the Turco-Montenegrin frontier. The interruption of diplomatic relations between the two countries is not calculated to appease the hot heads on either side, already aroused by the blood that has been shed.

Mr. Krupensky, the Russian ambassador to Italy, who is at Frascati, had today a long conversation by telephone with Signor Bollati, the general secretary of the department of affairs, both the minister and the under secretary being absent from Rome. Of all the powers, Russia and Italy are the two which have most influence at Cettinje, and they are acting in perfect agreement with the object of preventing war, while Britain and Austria are exercising pressure at Constantinople for the same purpose.

Mr. Popovitch, the Montenegrin consul at Rome, in an interview published in the Tribuna today, says he has little confidence in the capability of diplomatists to stave off a conflict between Montenegro and Turkey.

"Montenegro," he says, "has ready on a war footing 80,000 men, with excellent artillery. Every family in the country is organized on the military principle. Montenegro's territory has been invaded by the Turks, who are seeking to obtain at our expense some compensation for the losses inflicted on them by the Italians, and the humiliation they have been subjected to by the Albanians.

"In consequence of this, Italy will have a good ally. Public opinion in Montenegro is exasperated and will insist upon complete reparation for the threats made by Turkey of an invasion of Montenegro by Turkish troops."

State of Siege.

CONSTANTINOPLE, Aug. 8.—A state of siege has been proclaimed at Saloniki. It is denied in official circles that the negotiations of the peace mission with the Albanian rebels have been broken off and it is also declared that the Turkish minister at Cettinje has not been authorized to quit his post. On the contrary, the porte has ordered an inquiry into the frontier fighting.

WEST INDIES RATIFY AGREEMENT

Steamship and Cable Connection Will Next Be Taken Up by Government.

(By Daily News Leased Wire.)

OTTAWA, Aug. 8.—All of the West India colonies concerned in the conference of last winter have now ratified the agreement and it only remains for the Canadian parliament to do the same. The agreement will be laid before parliament as soon as it assembles and ratification will be an early item on the government program.

The disposing of the trade agreement proper clears the way for two other important subjects pertaining to the West Indies, steamship communication and cable connection. With regard to each of these Canada agreed to co-operate vigorously with the colonies in obtaining improvement of present conditions. With regard to steamship subsidies, the Canadian government has undertaken to considerably increase its expenditure to promote a better service. Tenders have been called for to be handed in by October 1 and the steamship companies *competing have been invited to submit* a variety of proposals, the entire problem being complicated. There are two main services to arrange for, one from Canada to Demerara via the line of colonies known as the Leeward islands, and the other from Canada to Jamaica.

ALLIANCE ADMITTED

LONDON, Aug. 8.—A St. Petersburg dispatch to the Times says that the existence of a defensive alliance between Bulgaria and Servia is now admitted.

HIGH PRICE FOR BEEF IN CHICAGO

(By Daily News Leased Wire.)

CHICAGO, Aug. 8.—The highest price paid in Chicago for beef since the civil war was paid yesterday, when 18 head of cattle from Kansas, Ill., sold for $10.25 a hundred pounds. Buyers say the high prices are due to a scarcity of cattle caused mainly by *the drought in the American southwest* and in western Canada in the last few years, and the severe winter of 1911.

COMMISSIONERS WILL BE ASKED TO EXPLAIN

(By Daily News Leased Wire.)

OTTAWA, Aug. 8.—When the commission which is investigating the con*struction of the transcontinental* railway returns to Ottawa it is likely that the former commissioners, Messrs. Parent, Young, McIsaac and Calvert, will be examined as to their policy when in office and asked for an explanation of a number of matters which have arisen during the progress of the inquiry. The extravagance which was repeatedly alleged in parliament concerning the construction of *the road is understood to have been* substantiated in the inquiry.

FOR SALE.

FOR SALE—Cheap, 160 acres in famous Pend d'Oreille valley, near Waneta; close to government highway; large proportion ready for plow, free from roots and stones; excellent land; perfect climate; ample water available; $30 per acre for block, or would sell in 20-acre plots. SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be *described by sections, or legal sub-divi*sions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, *but not otherwise.* A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for. 252-161

CORPORATION OF THE CITY OF NELSON.

BY-LAW NO. 239.

A By-Law to raise seventy-five thousand ($75,000.00) dollars to purchase from The Nelson Coke & Gas Company, Limited, its undertaking, consisting of real property, buildings, plant, equipment, stock in trade, franchise, and all other of the assets of the said company, situate in the City of Nelson, British Columbia.

WHEREAS, a petition has been pre*sented to the Municipal Council of the* city of Nelson signed by the owners of at least one-tenth of the value of the real property in the said City of Nelson as shown by the last revised assessment roll, expressing their desire to apply under the provisions of Sub-section 22 of Section 53 of the "*Municipal Act,*" to purchase from The Nelson Coke & Gas Company, Limited, its undertaking, plant and all other the assets of the said Company in the City of Nelson aforesaid, and requesting that a By-law be introduced authorizing the issue and sale of debentures of the city of Nel*son to the extent of seventy-five thou*sand ($75,000.00) dollars for such purpose,

AND WHEREAS, it is deemed expedient to purchase such plant and undertaking,

AND WHEREAS, for the purpose aforesaid it will be necessary to borrow the sum of seventy-five thousand ($75,000.00) dollars and to issue debentures of the City of Nelson for the purpose of raising said amount,

AND WHEREAS, the whole amount of rateable land of the City of Nelson aforesaid, according to the last revised assessment roll, is one million six hundred and forty-two thousand three hundred and forty-five ($1,642,355) dollars,

AND WHEREAS, it will be requisite to raise annually by rate the sum of four thousand three hundred and twenty-five ($4,325.00) dollars for paying the said debt and interest,

NOW, THEREFORE, the Municipal Council of the Corporation of the City of Nelson enacts as follows:

(1) It shall and may be lawful for the Mayor of the Corporation of the City of Nelson to borrow upon the credit of the said Corporation, by way of debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of seventy-five thousand ($75,000.00) dollars, and to cause all such sums so raised or received to be paid into the hands of *the Treasurer of the said Corporation for* the purpose and object hereinbefore recited.

(2) It shall be lawful for the Mayor of the said Corporation to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid, not exceeding, however, the sum of seventy-five thousand ($75,000.00) dollars, each of the said debentures being of the denomination of one thousand ($1,000.00) dollars and all of such debentures shall be sealed with the seal of the Corporation and signed by the Mayor thereof.

(3) The said debentures shall bear date the first day of October, 1912, and shall be made payable in fifty (50) years from the said date in lawful money of Canada, at the office of the Bank of Montreal in Nelson, aforesaid, which *said place of payment shall be designa*ted by the said debentures and shall have attached to them coupons for the payment of interest and the signatures to the interest coupons may be either written, stamped, printed or lithographed.

(4) The debentures shall bear interest at the rate of five (5) per cent. per annum from the date thereof, which interest shall be paid semi-annually at the said office of the Bank of Montreal in Nelson aforesaid in lawful money of Canada, on the first day of April and the first day of October, respectively, *in each year during the currency there*of, and shall be so expressed in said debentures and coupons to be so payable.

(5) It shall be lawful for the Mayor of the said corporation to negotiate and sell the said debentures or any of them, but in no case shall the debentures or any of them be negotiated or sold for less than par, including the cost of negotiating the sale, brokerage and all other incidental expenses.

(6) There shall be raised and levied in each year during the currency of the debentures the sum of three thousand seven hundred and fifty ($3,750.00) dol*lars for the payment of interest, and* the sum of five hundred and seventy-five ($575.00) dollars for the payment of the principal moneys secured by said debentures, by rate sufficient therefor on all the rateable land in the said municipality.

(7) It shall be lawful for the Municipal Council to repurchase any of the said debentures upon such terms as may be agreed upon with the legal holder or holders thereof or any part thereof, either at the time of sale or any subsequent time or times, and all debentures so repurchased shall forthwith be cancelled and destroyed, and no reissue of debentures so repurchased shall be made in consequence of such repurchase.

(8) This By-law shall take effect on and after the first day of September, 1912.

(9) This By-law shall be cited for all purposes as the "City of Nelson Coke & Gas Plant Purchase" By-law No. 239, 1912.

Done and passed in council assembled this ..... day of ..... 1912.

NOTICE.

Take notice that the above is a true copy of the proposed By-law upon which the vote of the municipality will be taken at the city of Nelson on the twentieth day of August next, between the hours of 9 o'clock a.m. and 7 o'clock p.m., for the East ward at the City Hall, corner Front and Ward streets, and for the West ward, at the band room, 509 Kootenay street.

W. E. WASSON, City Clerk.

Nelson, B. C., August 6, 1912.

OPERATORS IN KEEN DEMAND

Supply Not Equal to Demand for Wireless Apparatus—Great Lakes Equipment.

(By Daily News Leased Wire.)

OTTAWA, Aug. 8.—It is understood that one of the results of the recent international wireless congress held in London, at which Canada was represented by Deputy Minister of Naval Service Desbarats and Superintendent of Dominion Wireless Edwards, will be that the various governments will make wireless equipment of lake and ocean going vessels compulsory.

It is recognized that no such strict regulations can be enforced through the congress, but it is said that the various representatives will recommend such a course of action to the governments which they represent. Already the demand for wireless operators in Britain, owing to the realization of the need of both a night and day operator, which was impressed by the Titanic disaster, has exceeded the supply, and advertisements have been appearing asking for as many as 500 operators to fill the need in Britain alone.

At the present time many of the vessels plying on the great lakes are not yet equipped with the apparatus, the chief reason being that there was little land communication available. Two new stations have, however, just been opened, namely, Midland and Tobermory, both of which are now operating, while within a few days there will be a station in operation at the Soo. Midland will command the Georgian bay westward, while Tobermory will command the same water eastward and also Lake Huron. The Soo station when completed will have a range all over Lake Superior to Port Arthur, while at an early date the present station at the latter point will be superseded by a more modern apparatus and equipment.

COMAPLIX DEFEATS NAKUSP IN BASEBALL MATCH

(Special to The Daily News.)

ARROWHEAD, B. C., July 8.—The steamer Minto, under the command of Captain Gore brought the Nakusp baseball team to Comaplix on Sunday last to play a return match with the baseball enthusiasts of the sawmill town. The result of the game was in favor of the Comaplix boys. The visitors coming and going had fine weather and an excellent time.

P. Burns & Co.'s new store is well under way. Mr. Foote, the contractor, is in charge of the construction and the work is progressing rapidly.

Most of the lumber for the new Canadian Pacific railway freight shed has come to hand. When the building is complete few traces will remain of the fire of May 27 last.

Otto Lachmund, president of the Mountain Lumbermen's association, has been in town for a few days. Mr. and Mrs. Lachmund have just returned from a pleasant, though strenuous, visit to Europe.

The winners of the recent baseball match between Comaplix and Nakusp will meet the Revelstoke team at Arrowhead on Sunday next, the 11th inst.

J. P. Olander has started a camp and commenced taking out poles at a point about one mile east of R. Simpson's shingle mill.

Burns & Fawcett, who have been taking out poles at Deep creek, are just about to complete their contract.

The Hall's landing ranchers have had an anxious time endeavoring to save the hay crop. The weather has been most unfavorable. The bulk of the crop, however, has been harvested.

The Comaplix sawmill was closed temporarily on the 6th inst., owing to the bursting of the edger belt. This mill is having a good run, working overtime steadily three evenings in the week.

The harvest season on the lakes is now at its height. The boats and trains are heavily loaded either way every day.

A dance in support of the Arrowhead Tennis club is being promoted by the lady members of this thriving organization and promises to be an unqualified success.

WESTERN FLOAT

By R. T. LOWRY.

The board of trade in Enderby has 90 members.

Potatoes were $30 a ton in Chilliwack last week.

Joe Kasak has bought a meat shop in Hosmer.

Fruit packers and pickers are needed at Keremeos.

Wong Sing has bought the Star restaurant at Merritt.

A new grocery store was opened in Kelowna last week.

Last week miners were reported to be scarce in the Slocan.

T. A. Blair of Barkerville has gone east for three months.

The new station at Yahk is one of the finest on the Crow line.

J. B. Radcliff has been appointed chimney inspector in Merritt.

Charley Olsen at Ainsworth is importing wood from Mirror lake.

In June the payroll of the British Columbia division of the C. P. R. was $640,000.

All food offered for sale in Kelowna is now subject to official inspection.

James D. Sword is looking after some mining properties near Barkerville.

This summer the C. P. R. opened offices in Moscow and St. Petersburg, Russia.

Robert Johnson died last week. He had lived 33 years in the Nicola valley.

Car ferries will be used to transport lumber from Ocean falls to Prince Rupert.

The first sperm whale of the season was caught the other day at Naden harbor.

There is some talk of reducing the price of beer in Coleman to five cents a glass.

It is reported that the Mormons are buying every vacant farm in southern Alberta.

The Creston Review states that Mike Glaser is altering the steps at Ding's laundry.

The buildings in the town of Frank will be moved this month to a safer location.

A bunch of Chinks in Cumberland were recently fined $15 each for smoking opium.

An oil journal is being published monthly in Victoria. It is called the British Columbia Oil News.

The law in reference to fishing licenses is largely evaded by non-residents in Kootenay.

The total assessment this year in Kelowna is $2,499,200 on land, and on improvements $845,750.

The total bonded indebtedness of Coleman is $2,000. The property in that town is assessed at $448,380.

It is just 20 years ago since Bob Cunning opened the first tavern in Sandon. Bob is still in that gulch city.

The high price of meat has driven many people in British Columbia to a fruit and vegetable diet.

The Arlington hotel in Alberni has been sold to James McNiff and John Meagher of Vancouver for $25,000.

In Merritt the Bank of Montreal is putting up a $10,000 office building. It will be finished in November.

The Empress is the name of the new hotel in South Fort George. It is about time somebody called an hotel Panama.

In Lethbridge the ladies are discarding long stockings and wearing men's socks, because they are much shorter and cooler.

Recently in Cumberland four men were fined $25 each for looking at a gambling game. They should keep their eyes on town lots.

George Henderson of Slocan City, in company with a coal expert, has gone to examine some large coal areas in the Peace river valley.

The Kelowna fire brigade has bought a new catching net, one mattress, four lanterns, six chairs, 20 pairs of overalls and one large dipper.

The fools that point guns in fun at their friends are not all dead. George Aston recently lost his life at Cumberland because his friend did not know the gun was loaded.

Neil McDonald's family have again taken up their residence in Kaslo. At one time Neil was one of the proprietors of the Blue Ridge hotel, 10 miles from Kaslo.

Albert E. Johnston, who has been logging in the vicinity of Enderby for 13 years, will soon take up his residence in Nelson. This fall he will go into the woods with 26 teams and 250 lumberjacks.

The West Canadian Collieries has shut down its coal mine and coke ovens at Lille, seven miles from Frank, for good, and the town will soon be deserted. Since the coal strike last summer the company has found little sale for its coal and coke.

The coal miners at Coleman returned to work after a strike lasting four days. The question under dispute is still unsettled, but will be dealt with by the commissioner of the Western Coal Operators' association and the president of the Miners' union.

The Empress of Russia, the first of the sister turbine steamers for the Pacific service of the C. P. R., will be launched this month. It will be big enough to carry 1,500 passengers and 10,000 tons of freight. Its speed will be equal to a little over 20 miles, not knots.

BILL OF FARE OF BULL MOOSE PARTY

Variety of Planks in Progressive Platform—Appeals for Support of People.

(By Daily News Leased Wire.)

CHICAGO, Aug. 8.—Among some of the planks of the new platform of the Progressive party drawn up and approved at the Bull Moose convention by the followers of Colonel Roosevelt yesterday were the following:

Pledges party to provide "a more easy and expeditious method of amending the federal constitution.

"Advocates national jurisdiction of problems which have expanded beyond reach of individual states.

"Pledges the party to secure equal suffrage. Pledges the party to enact legislation limiting campaign contributions and expenditures and providing for publicity thereof. Opposes participation by federal appointees in state or national conventions. Demands "such restrictions of the power of the courts as shall leave to the people the ultimate authority to determine fundamental questions of social welfare and public policy."

Pledges judicial reform, believing "that the issuance of injunctions in labor disputes should be prohibited when such injunctions would not apply where no labor disputes existed."

Declares against child labor and for a minimum wage for women, for prevention of industrial accidents, eight-hour workday and establishment of a federal department of labor.

Urges re-establishment of country life commission and promotion of the welfare of farmers. Pledges party to full and immediate inquiry and to immediate action to deal with the high cost of living.

Demands national regulation of interstate corporations and urges the "establishment of a federal commission to supervise interstate industrial corporations," and favors strengthening Sherman law to insure competition in business and prevent unfair trade practices.

Pledges party to enactment of a patent law that will prevent monopolies. Favors legislation giving interstate commerce commission power to value physical property of railroads and demands abolition of the commerce court. Condemns method of issuing currency notes through private agencies and urges control thereof by the government alone, and opposes the Aldrich currency bill. Favors government co-operation with manufacturers and producers in extending foreign commerce. eclares for prompt development of all natural resources, condemning exploitation, waste and monopolization. Urges reasonable compensation to the public for water power rights hereafter granted. Declares for good roads, national highways and extension of rural free delivery; immediate development of natural resources of Alaska, and promises to that territory local self-government as given other territories. Pledges party to immediate preparation of plan to develop rivers of the country, especially the Mississippi, without delay. Demands that the Panama canal shall be operated as to insure sea competition with transcontinental railroads and urges that American railroad controlled ships be denied the use of the canal.

Expresses belief in a protective tariff which shall equalize conditions of competition between the United States and foreign countries for all classes, demands tariff revision because the present tariff is unjust to the people of the United States, and pledges party to the establishment of a non-partisan scientific tariff commission.

Condemns Payne-Aldrich tariff bill and the Democratic party's tariff policy as "destructive of the protective system."

Demands immediate repeal of the Canadian reciprocity act, favors inheritance and income tax. Favors international agreement for limitation of naval forces and the construction of two battleships a year pending such agreement. Favors governmental action in behalf of immigrants; a wise and just policy of pensions for soldiers and sailors, and the immediate creation of a parcels post. In conclusion, the platform "appeals for the support of all American citizens without regard to previous political affiliations."

SLEEP

Did you, sleepless one, ever try a dish of GRAPE-NUTS and CREAM just before bed?

Sure you never did, or you wouldn't train with the "sleepless squad."

It's a Bad Practice to load up the stomach with a promiscuous variety of rich, indigestible food at night because it "tastes" good.

Strength Without Bulk is a requirement of an ideal food for the last bite before going to bed. The food that is concentrated so that a sufficient amount for all purposes will not distend the stomach; the food that is practically predigested so the organs can, without undue effort, absorb it wholly; the food that contains the tissue-repairing and energy-making elements from clean field grains—that contains the Phosphate of Potash which combines, by vital process, with Albumen to repair the gray matter in brain and nerve centers—that's

Grape-Nuts

Try a Dish—about four heaping teaspoonfuls with cream, and a little sugar if desired, eaten slowly before retiring, if you're hungry, and note how well you sleep and how fresh you feel in the morning.

"There's a Reason"

Made by Canadian Postum Cereal Co., Ltd., Pure Food Factories, Windsor, Ont.

GOOD NIGHT'S SLEEP
No Medicine So Beneficial to Brain and Nerves.

Lying awake nights makes it hard to keep awake and do things in day time. To take "tonics and stimulants" under such circumstances is like setting the house on fire to see if you can put it out.

The right kind of food promotes refreshing sleep at night and a wide awake individual during the day.

A lady changed from her old way of eating, to Grape-Nuts, and says:

"For about three years I had been a great sufferer from indigestion. After trying several kinds of medicine, the doctor would ask me to drop off potatoes, then meat, and so on, but in a few days that craving, gnawing feeling would start up, and I would vomit everything I ate and drank.

"When I started on Grape-Nuts vomiting stopped, and the bloating feeling which was so distressing disappeared entirely.

"My mother was very much bothered with diarrhea before commencing the Grape-Nuts, because her stomach was so weak she could not digest her food. Since using Grape-Nuts she is well, and says she don't think she could live without it.

"It is a great brain restorer and nerve builder, for I can sleep as sound and undisturbed after a supper of Grape-Nuts as in the old days when I could not realize what they meant by a "bad stomach." There is no medicine so beneficial to nerves and brain as a good night's sleep, such as you enjoy after eating Grape-Nuts."

COLUMBIA GARDENS NOTES

(Special to The Daily News.)

COLUMBIA GARDENS, B. C., Aug. 8.—James Hunter of Spokane arrived in Columbia Gardens yesterday from Rossland. He expects to look over the orchards and look after the interests of the syndicate.

Mrs. Krieger and her two little boys went into Trail to do some shopping.

Charles Hunter, who has been visiting in Rossland for the past week, returned to Columbia Gardens today, bringing with him his friend, J. Kirkup, who is to stay a few days with him.

H. W. Dunton and sons are busily engaged clearing a block for the syndicate.

BULL MOOSE STRIVE TO DISH OTHER PARTIES

(By Daily News Leased Wire.)

LONDON, Aug. 8.—The Daily News considers that Woodrow Wilson's speech of acceptance contrasts happily in sincerity and practicability with the third term candidate's declaration of faith at Chicago. It adds that the keynote of the Bull Moose policy may be summarized as a determination to dish the other two parties at any cost in promises, without troubling too much over the cost of their ultimate redemption.

NELSON NEWS OF THE DAY

Judge Forin will hold chambers on Monday.

Mr. and Mrs. H. R. Grant and family of Fernie are at the Hume.

Miss Jennie Richardson left last evening for a visit to the coast.

The musicians of the city are invited to a meeting to be held in Miners' Union hall tonight at 10 o'clock.

Mrs. P. Larson and her daughters, Miss Lily Larson and Miss Jerdis Larson, left last night for a two weeks' visit to Vancouver.

The special meeting, postponed from last Friday, of the Painters' union will be held in the Miners' Union hall tonight at 8 o'clock. All painters in the city are invited to be present.

The fourteenth annual convention of the Canadian Forestry association for the reading and discussion of papers, and the passing of resolutions based thereon, will be held upon the invitation of the government of British Columbia in the city of Victoria on Wednesday, Thursday and Friday, Sept. 4, 5 and 6, according to the official call which is being sent out. Sir Richard McBride and Hon. W. R. Ross, minister of lands, are taking a personal interest in this convention, and will address the delegates. While papers and addresses will deal with matters that concern British Columbia, they will not be confined to this, and in every way the convention will be national in character and embrace every part of Canada.

Ask or write for the Hudson's Bay company's grocery price list. 161-tf.

Twenty-five cent dinner at the King George cafe, Hall street. Short orders a specialty. White cook. *95-6

H. Iken wishes to announce that he has sold his tailoring business to Mr. C. Provis. He also wishes to thank all his friends for their patronage and to solicit the same for Mr. Provis. *99-1

Housecleaning. Under new management. Window cleaning, carpet cleaning, chimney cleaning. Estimates on housecleaning. Agents for F. O. Berg's awnings. Nelson Vacuum Cleaning Co., Stanley street, Phone 19, Box 166. M. Campbell, prop. *93-26

A social evening will be given by a few of the ladies of the Presbyterian church on Friday, Aug. 9, at the parlors of the old church. A tennis tournament will be held during the early part of the evening, and a good program will be rendered. Tea and refreshments will be served from 5 to 9 o'clock. Proceeds in aid of organ fund. 97-3

Mason Risch Piano company wish to announce to their many patrons that Mr. N. S. Varcoe arrived in Nelson direct from their head office, Toronto, to take charge of the tuning and repair work of the entire Kootenay district. Mr. Varcoe is an expert in tuning and repairing all makes of pianos, player pianos and organs. All work guaranteed by above company. Telephone orders to Standard Furniture company or leave same at Mason & Risch store, 407 Baker street. 96-13

NELSON NEWS OF THE DAY

Mr. and Mrs. James Elliott left last evening for Vancouver.

Born, on Aug. 8, to the wife of Andrew Laurie, Gore street, a son.

Mr. and Mrs. W. J. Ager of Spokane are visiting Mr. and Mrs. W. Pascoe.

Mrs. James Anderson of Kaslo is visiting the city and is a guest at the Strathcona.

A dance will be held at the Nelson Boat & Launch company's pavilion this evening.

There will be a union choir practice in the Methodist church this evening at 8 o'clock.

The Canadian Order of Foresters will meet in the Knights of Pythias hall tonight at 8 o'clock.

James H. Schofield, M.P.P., and Mrs. Schofield of Trail were guests at the Strathcona yesterday.

Thomas Gallon, one of the owners of the Golden Fawn mine at Sheep creek, is among the guests at the Hume.

Donald Wilson, who has been spending the summer at the ranch of his uncle, M. R. McQuarrie, returned last night to Seattle.

All members of the lacrosse team are requested to be at McGregor's studio on Sunday morning at 9:45 o'clock with uniforms for the purpose of having a picture taken.

At St. Saviour's church, Nelson, B.C., on Tuesday, Aug. 8, 1912, by Rev. Fred H. Graham, rector, Albert de Bruyn was married to Miss Grace Howard, both of Erie, B.C.

The officers and members of the degree team of Kootenay lodge No. 16, I.O.O.F., will meet for practice in the hall at 8 o'clock this evening. The second degree will be rehearsed.

Edward Ferguson and J. B. Ferguson will leave this morning for the Bayonne district where the former is the owner of a tract of land. They will be accompanied as far as Midge creek by Waldo Ferguson and T. Cummins, who will enjoy a week's fishing. The party will make the trip to Midge creek in Bert Ferguson's launch, the Nabob.

A valuable gift of technical books has been made to the library, including among many others nine volumes of "The Mineral Industry"; "Spons' Dictionary of Engineering"; Lyell's "Principle of Geology"; Peeple's "Compressed Air-Plant for Mines"; Mitchell's "Manual of Practical Assaying," and a practical treatise on coal mining by George G. Andre, F.G.S.

One of the heaviest prize winners at the Nelson fruit fair this year is expected to be Macdonnell & Doyle of Willow Point, who have a splendid showing of fall and winter apples. Mr. Macdonnell was in the city yesterday making arrangements for the shipment of the crop through the fruit growers' union and for supplies of wrapping paper and boxes. No disease has made its appearance on the fruit, in spite of the wet weather, which in other places sometimes brings ample scab in its trail, said Mr. Macdonnell.

See Kerr's new $100,000 apartment block for furnished and unfurnished suites. Prices reasonable. *92-26

ANDY LIKES TO SEE MILLIONAIRES TAXED

LONDON, Aug. 8.—Andrew Carnegie in unveiling a statue of Robert Burns at Montrose yesterday said: "In one department the motherland is ahead of the dominions and the United States. She has established the law first proclaimed by Adam Smith, that every subject should contribute to the support of the government in proportion to the income he enjoys under the protection of the state. This just taxation the millionaires of the dominions and the United States have so far escaped, but their day is coming. The hoards of milionaires should be so treated, and not as a punishment, but for their good, because it is just, and justice alone insures general contentment."

STEAMERS COLLIDE IN DENSE FOG

Steamer Gayley Sinks in Fifteen Minutes—Crew Saved—Other Steamer Badly Damaged.

(By Daily News Leased Wire.)

DULUTH, Minn., Aug. 8.—Five women, who, clad only in their night dresses, were rescued from the Steamer James Gayley, when that vessel sank yesterday off Manitou after collision with the steamer Rennsalaer, arrived here today. They are Mrs. E. C. Russell, Miss Edith Russell, Miss Stone and Miss White, all of Buffalo, and Mrs. E. H. Myers of Watertown, N. Y. They were scantily clad and had to replenish their wardrobes here.

When the collision occured those just named and 19 members of the crew of the Gayley were taken on the Rennsalaer but that boat having been damaged in the bow by the collision it was feared might not be safe, so the rescued passengers and crew of the Gayley were again transferred this time to the steamer Stadacona. Mate A. H. Norton and three other men were picked up from a yawl boat by the Corliss, consort of the Rennsalaer and taken to the Soo. Record of the Rennsalaer with the crews of both boats prevented loss of life. Quickly and calmly the two captains and their men went about the work of rescue and Captain Stewart did not leave his ship till just before she sank, which she did 20 minutes after the crash, but not before every soul on board had been taken off.

The Gayley and her cargo of 7100 tons of coal, is a total loss. She was not insured and her loss will be $500,000.

The Rennselaer was badly damaged but her bulkheads held her up and she came into Marinette under her own steam.

Brings in Barge.

(Western Associated Press.)

SAULT STE. MARIE, Aug. 8.—The steamer J. H. Barlow arrived here at 1 o'clock this morning having in tow the steel trust barge Corliss which she picked up in Lake Superior yesterday. The Corliss was in tow of the steamer Renssalaer down bound, laden with iron ore, when in a heavy dense fog the latter steamer collided with the Gayley, belonging to Mitchell & Co. of Cleveland. The Gayley was upbound, also loaded. The steamers came together 50 miles off Manitou island early yesterday morning. A big hole was torn in the Gayley and she sank in 15 minutes. The passengers and crew, however, were hurriedly put into small boats and all were saved, the majority being taken aboard the Renssalaer, which stood close by. The mate, A. C. Norton, and three of the crew were picked up from one boat by the Corliss.

After the collision the Corliss and her steamer soon separated so that the extent of the Renssalaer's damage was not fully learned, although it was severely damaged. Captain Stewart of the Gayley and passengers, who were on the Renssalaer, later transferred to the Stadacona, upbound, for Duluth.

When the Barlow took the Corliss in tow the Renssalaer was not to be seen. This was on account of a fog, which was still heavy. The steamer Durham, downbound, reported this morning seeing wreckage which she thought was that of a steel trust boat off Keweenaw Point, yesterday afternoon. This may have been from the Renssalaer, from which no word has been received since. A heavy fog was prevalent during last night in this section.

AT THE THEATRE

The "Pathe's Weekly" which is included in the program at the Gem theatre this evening, contains many items of great interest. A notable feature is that of the steamship Carpathia, bearing the survivors of the lost Titanic, entering New York harbor at 7:30 p.m., also Haukow, China. The Chinese revolutionists, in their march toward the capitol, reduced this city to ashes. "The Penalty of Intemperance," Kalem, is a splendid story with a moral. The skill with which this picture was made lifts it out of the tract class. It is a dignified and well-acted film. Miss Nielsen's work in it being very effective. "A Close Call," and "Helen's Marriage," are two cleverly conducted farces, which provide good entertainment, and are the cause of many laughs. Both of these are by the celebrated Biograph company.

KASLO DELIGHTED WITH FAIRY OPERA

Crowded House Watches Children Act Pretty Entertainment Scene From Fairyland.

(Special to The Daily News.)

KASLO, B. C., Aug. 8.—The fairies' opera, "While Mortals Sleep," drew a crowded house on Tuesday evening and the receipts eclipsed those of any former event of the kind here. All the mothers went to see how their children would come through their "turn." A greensward was reproduced on the stage, and great pains were taken to arrange the evergreens and cut flowers and the different lighting effects. One or two bats got in the hall through the windows, which were open, and darting in and out among the trees and lights gave a touch of realism to the scene not anticipated by the management. More than 60 children in fancy costume occupied the stage dressed as fairies, nymphs, zephyrs and other figments of the poet's imagination.

For the instruction of four mortal children, Prince Goodwill caused all the creations of that classic, Mother Goose, to appear. The Old Woman Who Lived in a Shoe with her numerous progeny trailing at her skirts recited the difficulties of a lot like hers. King Cole and his famous trio of violinists executed a grotesque dance, all winning applause. Six little boys dressed in brown suits with red breasts were the birds who hopped and ducked their little heads and made a great hit. The Morning Breeze and the Rainbow were each six girls, who sung and glided in a graceful, sinuous dance, making a fine and artistic picture.

Little Bo-Peep, a little lady of five summers, with Little Boy Blue, tripped a dainty little dance, while the fairies sang a song of sheep that were lost but would turn up all right if left to the fairies. The Star then descended from the sky, a big silvery star, carrying a little 4-year-old lady with a little golden crown on her head. She was seated on a throne fastened to the star, and safe from her journey she spoke her lines in a clear, distinct voice, and being called back she responded quaintly with the advice ending:

"Remember this, on the blackest night,
"Behind the clouds the stars are bright."

Santa Claus then appeared on the scene, and many who doubted his existence as an entity in human affairs were converted then and there. After explaining his mission in life, he threw candy and things to the fairies. Nobody doubted Santa after that. One little fellow in the audience ran up to the footlights and sung out "Throw me some down here," and received a bag of confections as the reward of his unquestioning faith.

The mortal children who, although sleeping, saw all these things in their dreams, came forward with a beautiful song in which school children are exhorted: "When their lessons are hard and life is not what it seems, to close their books and seek for the land of Dreams, Dreams, Dreams."

The following is the cast of the characters:

Mortal children—Mabel Timms, Irene Billings, Marcia Kane, Helen English.

Rainbow and Breezes — Agnes Cockle, Mavis Kane, Olive Abey, Francis Perry, Vergil Murphy, Hazel Eldridge, Mabel Eldridge.

Birds—Robert Hunter, Edgar Perkins, Norman Leet, Reginald Cockle, Allan Kurtz, Arthur Erickson.

Mother Goose—Louise Hendricks.

North Wind—Harry Abbey.

Little Bo-Peep—Agnes Heale.

Little Boy Blue—Trixy Brookes.

King Cole—Walter Hendricks.

Fiddlers—Joe Giegerich, Ralph Garland, John Noble.

Old Woman in the Shoe—Jessie McLellan.

And her Children—John Fingland, Robert Hendricks, Violet Perkins, Ruth Smith, Frances Smith.

Santa Claus—H. W. Power.

Fairies—Agnes McAndrew, Mary Kurtz, Dorothy White, Audrey Perry, Sadie McPherson, Betty Goodenough, Orphea Perry, Francis McPherson, Hazel Whittaker, Ida Perkins, Frances Latham, Delia Perkins, Olga Kurtz, Pearl Murdoch, Rose Cockle, Florence Nelson, Queenie McQueen, Kathleen Strathearn, Dorothy Fingland, Ivy Whittaker, Gertrude Erickson, Helen McPherson, Flora Pearson, Eunice Goodenough, Kathleen Pearson, Cundrun Nordquist, Verna Garland, Margery Stubbs, Doris Allen, Lena Sampson.

Accompanist—Mrs. H. Treby Heale.

WARNED AGAINST PRODUCE DEALERS

Montreal Jobbers Do Not Discriminate In Buying—Low Grades Shipped to West.

(By Daily News Leased Wire.)

CALGARY, Aug. 8.—Calgary cheese and butter dealers are warned by the deputy minister of agriculture in the province of Quebec, in a letter addressed to the Calgary board of trade, to be mindful of the methods employed by some of the Montreal exporters. Some Montreal jobbers in cheese and butter, claims the deputy minister, at times combine in order to buy at a low average price, lots of cheese and butter without making any distinction between the best and poorest quality. These job lots are often shipped to the northwest.

GRAND TRUNK RAILWAY WILL BUILD ELEVATOR

(By Daily News Leased Wire.)

MONTREAL, Aug. 8.—It was reported today that plans are now under consideration for the erection of a new $1,000,000 elevator on the Bickerdike pier facing Alexandra basin. In view of the fact that the local grain men are constantly complaining of congestion at the two existing elevators, the Grand Trunk railway is to build the new elevator, it is said.

ANNUAL HORTICULTURAL CONVENTION CLOSED

(By Daily News Leased Wire.)

MONTREAL, Aug. 8.—The Canadian Horticultural association closed its annual convention here today after choosing Peterboro, Ont., as the next place of meeting. F. Muston, Davisville, Ont., was elected president. The delegates were mostly from Ontario.

RECOVER BODY OF DROWNED BOY

EDMONTON, Aug. 8.—The body of seventeen-year-old Walker Mayson, who was drowned on Sunday in the Sturgeon river, has been recovered.

CAPTAIN OF EMPRESS RESPONSIBLE FOR COLLISION

MONTREAL, Aug. 8.—Judgement was rendered today at Quebec in the case of the Empress of Britain and the Helvetia collision. The captain of the Empress was censured, he being held alone blameable for the collision. The captain of the Helvetia was exonerated.

An Excellent Orchard and Garden Property
WITH EXCEPTIONAL CONVENIENCES AND UNSURPASSED FOR BEAUTY OF ENVIRONMENT.
On wagon road close to railroad station, steamboat landing, stores, post-office, churches, schools, best markets, etc., in well settled district. Quarter mile lake frontage.
This lot contains over 13 acres. Free from stone. Gentle slope from railroad and wagon road to water front. Soil is a first-class clay loam; 3½ acres planted to apples and small fruits one year ago. Thriving and well cared for. Land between trees planted to garden and clover. Three more acres are logged and burnt. Balance of land slashed and burnt over.
On the orchard part there is a three-roomed bungalow, with cellar; excellent poultry house; four large colony houses for chickens. Good stable and loft. All buildings are only two years old.
There is a water record on a never failing stream. Water flumed across property.
Price $2,800. Terms, one-quarter cash; balance spread over three years.
If interested let us show you this splendid property.
