SIZED LUMBER MUST PAY DUTY

Important Judgment Rendered by Exchequer Court

DEFINITION OF DRESSED LUMBER

Action Is Dismissed With Costs--Is Not Rough Lumber

(By Daily News Leased Wire.)

OTTAWA, June 12—Mr. Justice Cassels today gave judgment in the exchequer court in the important test case of the Foss Lumber company vs. the King. It will be recalled that the western lumber importers objected to an interpretation of the tariff which has in recent years permitted the free importation into Canada of "sized" lumber from the United States and this test action was accordingly brought to obtain a judicial interpretation of tariff item 504 and others. W. D. Hogg, K.C., represented the Winnipeg importers, who claimed free entry and Travers Lewis, K.C. for the crown supported the imposition of the duty. Mr. Lafleur, K.C. and G. S. Cowan, K.C. of Vancouver, appeared for the western lumber interests affected. In the result the court today decided that the lumber in question was subject to duty according to the proper interpretation of the tariff and the court accordingly dismissed the *plaintiff's action with costs in favor* of the crown.

Judge Cassels' judgment is as follows:

"This was a reference under section 38 or chapter 140 Revised Statutes of 1906, whereunder the minister of customs referred the claim of the Foss Lumber company to the exchequer court of Canada for adjudication thereon. The claimants filed their statements of claims to which the respondents filed their defence. The claim is to recover back the sum of $77 customs dues paid in Winnipeg on certain lumber imported from the United States. The amount is small, but it is said that it is a test case involving a large amount. The contention of the claimants is that the lumber in question was free from the payment of duties under tariff item 504 in schedule A of the customs tariff. This schedule is a schedule to the customs tariff act of 1907, being chapter 11, six *and seven, Edward VII.*

"Item 504 reads as follows: 'Planks, boards and other lumber of wood sawn, split or cut and dressed on one side but not further manufactured, free.'

"The contention of the claimants is that the lumber in question was dressed only on one side and entitled to free admission. The crown contends that the planks in question after being sawn and dressed on one side only were further manufactured.

"At the trial certain admissions were filed. It was intended by the admissions to admit that all the lumber in the carload in question was according to these samples. It was admitted at the trial that the samples in question would be taken as samples of the carload. The point of dispute is as to whether or not after the planks in question were sawn at the sawmill, they could be further manufactured in the planing mill and the claimants contend that if only saws were used they came within the strict letter of item 504 and were to be treated as not further manufactured.

"I am of the opinion that the contention of the crown is well founded and that the planks in question have be further manufactured and are not entitled to free admission under item 504. After being sawn in the mill the planks were dressed on one side and with the aid of other contrivances were sized. The sizing was not done with the circular saws or the gang saws in the mill nor under the evidence is it possible to size them in the first sawing. The sizing has to be done with the aid of other machinery and according to the evidence and the admission of the counsel there is no machinery in what is known as a sawmill proper which is capable of sizing the planks.

"During the course of the evidence the following statement was made under examination by James D. McCormack:

"Question—In any equipment of any sawmill of your experience either in the United States or Canada is the sizing equipment machinery such as you spoke of part of the equipment of the sawmill proper, or does it belong wholly to the planing mill?

"Answer—Not a part of the sawmill at all; it belongs *wholly to the planing* mill.

"Mr. Lafleur—I am instructed there is not such a thing as a sawmill with a sizing equipment.

"Mr. Hogg—I am quite prepared to *admit that if it is important.*

"Mr. Robinson, who is manager of the claimant company, states that he ordered the lumber in question as sized lumber. This order was given to the American firm of Sollager & Nettleton, of Seattle.

"It is clear from the evidence that the planks in question came in ready for use as joists, and studding. It has been sold to the vendors for that very purpose. The onus is upon the claimants to show that the decision of the customs department was erroneous. They have given no evidence to contradict the evidence given on the part of the crown.

"The case was very forcibly argued by Mr. Hogg on behalf of the claimants. His contention goes the length of claiming that any planks or boards might be completely manufactured for any use the purchaser might desire and that so long as nothing but saws were used no matter where the saws *were used it comes within the strict* letter of item 504 and that the planks have to be treated as planks sawn in the case in point upon one side and two edges and dressed on the other side. This is not my view of the meaning of the tariff. I am not concerned with anything but the side and two edges and dressed on the other side. I am not concerned with anything but the construction to be placed upon the tariff. As to the policy of such an item that is not a matter with which I am concerned. I don't know why the concession was made allowing the planks to be dressed on one side only. Reference to item 503 is important. It reads: 'Panks, boards, clapboards, laths, plain pickets and other timber or lumber of wood not further manufactured than sawn or split whether creosoted, vulcanized or treated by any other process or not.'

"Section 504 permits the dressing on

BY GEORGE, WE'VE GOT RESULTS

Hon. George E. Foster to Colonial Institute—Bury Word Emigrant—Eloquent Speech.

(Canadian Associated Press.)

LONDON, June 12.—Hon. George E. Foster was the guest at luncheon today of the Royal Colonial Institute at Fishmongers hall, the gathering including many mercantile and commercial magnates and most of the ladies of the inner Canadian circle. Earl Grey presided and Mr. Foster's was the only speech. He spoke for half an hour, sketching the wonderful rise of the Dominion and the gathering was unmistakably impressed.

"We may have gone wrong according to Cobden's theory, but by George, we've got results," was one of the strong points and another was "I wish somebody would bury the word emigrant; when a man leaves Britain for Canada he has simply moved."

In an eloquent speech Mr. Foster appealed for a combine to the end that all parts of the empire be brought together. While in the last 25 years the empire has outlived its organization, said the distinguished Canadian, "Shall we lie down and be unable to make an organization which shall keep this empire on?"

FEAR TWO HUNDRED HAVE PERISHED

Little Certainty as to Result of Volcanic Eruptions in Northern Alaska.

(By Daily News Leased Wire.)

SEWARD, Alaska, June 12.—That about 200 persons have perished in the destruction of six villages as the result of the eruption of the Katmai volcano was the fear expressed today by persons on board the cannery tender which arrived here. The villages, most of whose inhabitants are native fishermen, are Kanatuck, Savanoosky, Douglas, Cold Bay, Kangmmite and *Katmai.* The tender reported that at last reports the eruptions had ceased, but sharp shocks today caused a fear that they may have been renewed. It was impossible to get details but the tender brought word that when it last heard the village of Uyak on Kadiak island was safe. It was reported previously that this village was destroyed. It is now hoped that all the settlements on the island escaped without damage other than getting a covering of volcanic ashes. There is some apprehension over the fate of Afognak island, which lies between Kadiak island and the Katmai volcano.

Other Unions Decline To Aid Dock Strikers

(By Daily News Leased Wire.)

LONDON, June 12.—The strike leaders apparently misjudged the situation in calling a national strike. No more men came out today and the only ports serious affected are Southampton, Bristol, Swansea and Manchester. Of these, the trouble at Southampton is less a question of supporting the transport workers' federation than an outblaze of long smouldering local grievances.

Ben Tillett, secretary of the dock, wharf, riverside and general workers' union, and the other leaders maintain an air of confidence but confess readiness to accept honorable terms to end the dispute. The appeal to other trade unions for financial support has brought practically no response and *the lack of funds is likely to cause the* movement to die a natural death.

FORTY MORE VOTES FOR TAFT

President Wins All Along Line Before Committee

ROOSEVELT FORCES FIGHT IN VAIN

Still Over Hundred Seats Undecided--Fight Grows More Bitter

(By Daily News Leased Wire.)

CHICAGO, Ills., June 12—President Taft gained 40 more votes in the Republican national committee today. It was a day of Taft victories exclusively. In the cases of the California, Arizona and Michigan contests the Roosevelt *forces made a fight and voted* their full strength against the Taft delegates. In the California case they secured a roll call, losing 16 to 37; in the Arizona contest they failed to get a roll call and in the Michigan cases none was asked for although they voted against the seating of Taft delegates at large.

The contests settled today in favor of Mr. Taft were Arizona delegates at large, 6; California, fourth district, 2; Louisiana delegates at large, 6; first, second, third fourth fifth, sixth, seventh districts, 14; Michigan delegates at large, 6; Mississippi delegates at large, 4; first district, 2; total, 40.

Pearl Wright, national committeeman from Louisiana and the Roosevelt leader, lost in his fight to seat the Roosevelt delegates from that state.

Governor Charles Osborn of Michigan and his Roosevelt delegates at large were unseated by the decision of the Michigan case for Taft. The con*test over the fourth California* district decided to Taft furnished the most bitter exchanges of the day. Francis J. Heney, leading the Roosevelt forces insisted upon recognition for the Roosevelt delegates there.

The national committee had before it when it adjourned tonight 112 contested seats still to pass upon. Chairman Rosewater in a statement at the end of the session said the committee was not keeping pace with the work of the last convention. In 1908 but 88 contests remained to be decided on the Wednesday night preceding the convention. Members of the committee fear the contests will run well over into the opening day of the convention. The remainder of the Mississippi contests and those from the states of Missouri, North Carolina, Oklahoma, South Carolina and Tennessee it is believed will be disposed of tomorrow. The Mississippi arguments presented the only humorous incident of the *day. W. E. Mollison, a negro attorney,* and one of the Roosevelt delegates counselled the committee with reference to national committeeman Moseley as "associate of kings and princes" and a "magnificent man ordinarily," whom he had never seen in the wrong before. He also alluded in glowing terms to Dan. W. Gary, the negro whom the Roosevelt forces had proposed as chairman of the Jackson convention. Gary later addressed the committee and made a statement which E. P. Jones, the Taft negro chairman of the convention, later declared was untrue. As the contestants withdrew, Gary, who towered six feet, started toward Jones. Friends and members of the committee intervened and the contestants were led out into the hall. Most of the committeemen followed. There was an interchange of amenities outside but not fisticuffs.

Bolt Is Possible.

(By Daily News Leased Wire.)

CHICAGO, June 12.—Apparent irreconcilability of differences between Taft and Roosevelt leaders in the Republican party, borne on a rising tide of charges of bribery, theft and other accusations, tonight threatened to precipitate definite developments before the opening of the national convention here next Tuesday. The charges of corruption were made in an open statement given to the press tonight by Director McKinley of the *Taft bureau, which directly accuses* the Roosevelt managers of efforts to capture the convention by force. Prominent men on both sides tonight admitted the situation had become so acute that almost anything might happen within the next few days. Among the possibilities discussed were two that continued to come up again and again.

The first was the possibility of a bolt by the Roosevelt forces and the organization of a progressive party. The bolt talk was ever present during the day and once in a meeting of Roosevelt leaders rose to a point where William Flynn of Pittsburg, who was presiding, refused to let it go further.

The second possibility, and this *seemed to hold the centre of the stage* tonight, was that of a compromise on a third candidate. A number of the leaders declared that now it was positively beyond possibility to expect either the Taft or Roosevelt people to abide by the nomination of the other's candidate.

HUDSON'S BAY DIVIDEND

(Canadian Associated Press.)

LONDON, June 12—The Hudson's Bay company has declared a final dividend for the year of £3 per share.

WOMAN IDENTIFIES ALLEGED FIREBUG

Picking him out from a number of other men Mrs. Knox of the Granite road yesterday morning identified John Bradshaw, whom she saw the previous evening coming from the bush fire which the accused is charged with having started. A child of about 8 years of age also identified Bradshaw as having been near the fire.

No evidence was taken when Bradshaw was brought before Stipendary Magistrate Bullock-Webster and a remand of eight days was ordered.

TWO MILLION MORE THAN LAST YEAR

(By Daily News Leased Wire.)

Vancouver, B. C., June 12.—Vice President Bury of the Canadian Pacific railway, in an interview today, said that although spring had been rather backward it is estimated that there are 18,200,000 acres under crop in the three prairie provinces, 2,000,000 more than last year. There are 10,500,000 *acres of wheat this year.*

GEOLOGISTS WILL VISIT KOOTENAY

(Special to The Daily News.)

Vancouver, B. C., June 12.—Word has been received here that four of the 25 excursion parties which at the close of the sessions of the International Geological congress to meet in Toronto in August will tour the Dominion will visit the British Columbia coast. The trip will include the coal fields of Kootenay, Vancouver Island and Skeena river. Over 1,000 delegates are expected at the Toronto congress. The world's *coal supply will be the chief subject.* The last congress was in Sweden three years ago and the subject was the iron supply.

WOMEN SCRATCH AND BITE POLICE

Contents of Market Baskets Scattered in Gutters—Butcher Shops Are Picketted

(By Daily News Leased Wire.)

NEW YORK, June 12—While a woman's committee organized to urge retail butchers on the East Side of Manhattan to close up their shops as a blow against wholesalers and high prices, announced today that violence would not be favored the situation in Brooklyn where the committee is now at work was not so peaceful. Fifty *housewives in the Williamsburg section* descended upon and tried to wreck two retail shops. Police reserves scattered the mob after the women had ruined quantities of meat. Several policemen bore scratches and teeth marks on their faces and hands. No arrests were made. The housewives had driven out customers and scattered contents of market baskets in the gutters. Further efforts to induce butchers to close shops will be made tomorrow. Picketting by housewives is planned, but no violence its is declared, will be countenanced.

FIRE DRILL PROVES ITS USEFULNESS

Children March Out of Edmonton School in Perfect Order While Fire Blazes

(By Daily News Leased Wire.)

EDMONTON, Alta., June 12—Marching in perfect order without a sign of panic, the pupils of Mackay avenue school at 2 o'clock today demonstrated in the face of a real fire that the fire drill which has been so seduously taught in the schools of Edmonton for years past is a real safeguard in time of danger. Within a few minutes of the hour of 2 a passerby on Mackay avenue saw smoke and fire coming from a place in the roof of the school and turning in an alarm from a nearby box notified the teachers. The fire drill was called and the pupils marched from the building in *perfect order. But little damage was* done.

ANOTHER SHIP THAT NEVER RETURNED

Mystery of Fate of Mount Oswald—Carried Crew of Over Two Score Men.

(By Daily News Leased Wire.)

BERLIN, June 12.—One of the unreported tragedies of the sea has just come to notice in the mysterious disappearance of the Hamburg Transatlantic freighter Mount Oswald. The steamer left Baltimore on February 13 with a heavy cargo of American merchandise, and was due in Hamburg the first week in March. She has never been heard of since her departure from Baltimore. Weeks elapsed before the owners could be persuaded that she was lost, but a few days ago the consignees of the cargo were officially informed that the insurance companies which were responsible for amounts aggregating $100,000 were *ready to pay* the total due on the policies. Where and how the Mount Oswald disappeared is a profound mystery. She was a first-class cargo boat of 5000 to 6000 tons and carried a crew of 40 or 50 men.

RAILWAY LEASED

(Canadian Associated Press.)

LONDON, June 12—The Quebec Central railway shareholders today confirmed the agreement with the Ca*nadian Pacific railway, leasing their* undertakings to the latter company.

WILL REORGANIZE MISSION WORK

Treasury Board of Presbyterian Church Created

UNIFICATION OF WORK IN CANADA

Board of Home Missions Assumes Duties of Various Committees

(By Daily News Leased Wire.)

EDMONTON, Alta., June 12—Rev. Dr. A. S. Grant, the general superintendent of missions for the Presbyterian church, carried the assembly completely with him today in a proposal made by him to reorganize completely the mission work of that body. In past years this work has been done by a variety of committees. Each of these bodies made a separate appeal to the church for money. Each of them also reported to the Presbytery, the synod and the general assembly. The result was that the church listened to a great many appeals and the courts of the church spent their time every year in listening to the reports of a multitude of committees. The conception of Dr. Grant was that a number of these committees should be amalgamated and that so far as the collection of money from the church was concerned, that they should be amalgamated. For this latter purpose he proposed that the church should name *a treasury board, which would take* full charge of the finances of the church and distribute money to the various committees.

The appointment of a treasury board has been urgently advocated by Edward Brown of Winnipeg. Mr. Brown believes that large sums of money can be obtained from men of wealth if the business of the church was done in a more businesslike manner and the claims of the denomination were more clearly presented. The organization at present in use is the same as that which was employed many years ago when the church was very much smaller. No changes have been made to meet the new situation. The assembly now decides that the new plan shall go into effect forthwith and has named the board. The resolutions effecting the change are as follows:

1. That a board of finance be appointed to take the place of the present committee on systematic giving.

2. *That the duties of this board shall* be (a)to secure the revenue for all the benevolent work as set forth in the budget; (b) to receive the estimates and adjust the same for the assembly; (c) to supervise the expenditure so *far as ordinary revenue is concerned.*

3. That the finance board consist of 21 members to be named by the general assembly, two from each synod, one-third to retire each year, the retiring members to be eligible for reelection. An executive of seven to be chosen by the board.

Vacancies occurring during the year are to be filled by the board. In the Presbyteries the committee on systematic beneficence is to be retained.

Unification of Missions

In the matter of the unification of mission work the committee recommended as follows:

1. That the home mission committee, the augmentation committee and the board of French evangelization be merged into one committee to be known as the board of home missions of the Presbyterian church in Canada and that the work formerly done by these committees be undertaken by this board of home missions.

2. That in addition the work done among the Indians and Jews of Canada and all other mission work in Canada apart from the work among the Chinese, be done by this board.

3. That the board be instructed to organize its work in accordance with the conditions as set forth in the report of the committee on systematic giving under the head of unification of work in Canada.

4. That fields in the Maritime pro*vinces formerly under the care of* French evangelization be handed over to the home mission committee eastern section, to be cared for by that committee.

5. That in accordance with the desire of the board of French evangelization as expressed in paragraph 3, under the head of unification of work in Canada in the report of the committee on systematic giving, the assembly appoint a board of management for the Point Aux Trembles school.

6. That the board of home missions be composed of members representing the different interests involved.

7. That the apportionments allocated to the different departments uniting become the estimated requirement of the board of home missions.

Officials' Salaries

During the day a matter came up in connection with the standardizing of the salaries of officials of the church. In the past there have been great differences in this respect. It was recognized that this must be corrected and the matter was referred to a committee. This committee did not deal finally with the question but *made one or two adjustments.* The balance will be made during the year. The following report was made by the committee on the matter:

With reference to the standardizing of salaries paid to officials in the different departments of the church your committee recommends that the whole *question of adjusting these salaries* and fixing upon a permanent scale be referred to the board of finance to report to the next assembly and that in the meantime as a partial remedy for existing inequalities the salary of Dr. R. P. Mackay, secretary of foreign missions, be $3,000; that of Rev. A. E. Armstrong, assistant secretary be $2,400 and that the salary of Rev. J. H. Edmison, secretary of home missions be increased to $2,500.

Governor Bulyea was received during the day. The delegates sang the National Anthem and gave him fitting welcome. A delegation from the Baptist church was also cordially received and heard.

Pastors at Large

At the forenoon session a discussion occurred on the appointment of pastors at large by Presbyteries. The difficulty which arises in this connection was fully explained by Prof. Laird. Local Presbyteries, feeling keenly the need for closer supervision of mission fields within their bounds, have in certain cases named pastors at large. The general home mission committee of the church appoints district superintendents. These two officials have *in the past never overlapped in their* work but it appeared certain that if developments in the future continued along the same lines, there would be confusion. There is no law of the church to forbid a Presbytery from appointing a superintendent for its own district and on the other hand, it is the recognized duty of the home mission committee to do this work. To prevent confusion in the future if possible, the question was taken under advisement by a committee and it was decided that it should be counselled to leave the work wholly to the home mission committee. If such officials are named by Presbyteries the burden of their support must rest on the Presbytery and as ministers without charges, such officials cannot be given full status as members of the Presbytery.

RACEGOERS TRAIN IS WRECKED

Engine Crashes Down Steep Embankment—Carried Large Crowd From Calgary for Cochrane

(By Daily News Leased Wire.)

CALGARY, Alta. June 12—The Cochrane special which left Calgary for that town this afternoon carrying a large crowd to the Cochrane races, was derailed near Brickburn. The engine went crashing down the steep *embankment narrowly escaping going* into the river and was badly smashed up but the crew escaped without injury. Several of the passengers were badly shaken up, but none of them seriously hurt. If the accident had *occurred* a little further on, the whole train might have been precipitated into the river, as the bank is very sheer at this point.

MONDAY WASHING RUINED BY ASHES

Volcanic Dust Causes Linen Clothes to Fall to Pieces When Ironed.

(By Daily News Leased Wire.)

VANCOUVER, B. C., June 12.—Scores of housewives in Vancouver were sufferers because of the volcanic dust from an Alaskan eruption permeating white clothes on lines containing the Monday washing. Linen goods were apparently the only ones attacked. When this white wear came to be ironed it simply fell to pieces and not until many complaints had reached dry goods houses today were the women able to solve the problem.

CONGRESS WILL MEET IN TORONTO

Uniformity of Law and Custom Throughout Empire

IMPERIAL NAVY FOR WHOLE EMPIRE

Colonial Ships Should Be Ready for Service in Any Part of World

(By Daily News Leased Wire.)

LONDON, June 12.—It was finally decided today that the next meeting of the congress of chambers of commerce of the empire will be held in Toronto. The exact date has not been announced. At a dinner of the congress held last night, Hon. Sydney Buxton, president of the board of trade, said what was wanted was to bring about throughout the empire a uniformity of law and custom, but while having simplicity it must have elasticity. They wanted, whether they were free-traders or tariff reformers, to remove all impediments if they possibly could, which interfere with trade between the various parts of the empire, he looked forward in anticipa*tion of good results from the sittings* of the imperial trade commission.

Admiral Sir Edward Seymour said the only satisfactory way was for the dominions overseas to contribute money toward the maintenance of the imperial navy. We should have one imperial navy, he thought. In peace time it would be quite right that ships representing sums of money subscribed by the different dominions should be employed entirely in those dominions, but they should be ready to be called upon by the home government in case of war for service in any part of the world. "I have watched with regret the withdrawal of our flag and of our ships from distant parts of the world. I think it is a great *mistake.* We know why it is done. It is done because we are afraid of a certain nation which is not to be named. This, I believe, has been very much overdone and I hope in the future the matter will be amended."

ENTIRE FAMILY IS ALMOST WIPED OUT

(By Daily News Leased Wire.)

TORONTO, June 12—The wife of William Hall, laborer, 67 Arlington avenue, died on May 24 from septicemia. Five days previous her infant son Robert Arthur had died. Yesterday William, aged three years six months, died from diphtheria and today Thomas, aged one year eight months died from the same disease. The one child left, a seven year old lad, is now very low at the isolation hospital from diphtheria.

PIONEERS OF RUPERTSLAND WANT RECOGNITION

(By Daily News Leased Wire.)

WINNIPEG, June 12.—Hon. Robert Rogers was waited upon today by a large delegation of pioneers of Rupertsland, who asked that some recognition of their services in the early development of the country be given them and that the same consideration be afforded as the Scottish settlers received. Mr. Rogers, in reply, said that he wondered the claims had not been recognized before now and promised to take the matter up with his colleagues.

Subscribe Generously To Dominion Day Fund

Public response to the request of the finance committee of the Dominion day celebration executive for funds has been most satisfactory and George Ferguson, chairman, expects that fully $1,800 will be raised for the event. To this sum will be added gate receipts and some funds from other sources of revenue so that the two days' celebration will be well provided with funds.

*Approximately $3,000 will be ex*pended, it is intended, upon the many attractions which are being arranged for the two days and visitors from outside points are promised the most enjoyable Dominion day celebration that has ever been held in Kootenay.

Prizes totalling $700 will be offered for the horse races, it was arranged at a meeting last night, and the committee agreed to put up a substantial sum in order to bring in a Spokane baseball team to clash with the local nine, which this season is said to be the strongest the city has had for some years. Just what will be done in the way of association football has not yet been decided but plans are under way to bring in two teams, one *of which will be Spokane and the sec*ond either Kaslo or Rossland.

Big Trapshoot Planned.

Trapshooters from Revelstoke, Lethbridge, Bassano, Spokane, Seattle, Fernie and Calgary are expected to attend the two days' tournament which is being arranged by the Nelson Gun club, who are offering some splendid prizes.

On the water special attention will be paid this year to local races on account of the large number of good oarsmen the city possesses. There will be launch races, log rolling, canoeing, swimming and similar events and a grand illuminated fete de nuit will close the regatta.

Prospects are good, it is said, for a large number of entrants for the rock drilling contests, always a popular feature at celebrations in Kootenay. Nearly $500 will be offered in prizes.

Cranbrook lacrosse team will play two games against the local club and *the tennis club has arranged a tournament* which will attract contestants from Rossland, Trail, Castlegar, Fernie, Proctor, Greenwood, Grand Forks and other points. As customary, one morning will be devoted largely to children's sports and the city band will be engaged to play on both days.

Weekly meetings of the celebration committee will be held from now until July 1. The next meeting will be on Wednesday evening at 8 o'clock in the city hall.

Among those present were: William Irvine, in the chair; George Horstead, secretary; George Ferguson, George Patterson, C. G. Beeston, C. D. Blackwood, W. A. Ward, T. D. Des Brisay, Frank Phillips, W. R. Jarvis, T. A. Robley, W. Brodie, G. Wilkinson, W. R. Maclean, M.P.P., G. S. Rees.

Lost His Hair, Beard and Moustache

Terrible Plight of a Pennsylvania Man Reported by a Prominent Citizen

"About two years ago my hair, beard and mustache started to come out in spots. These spots were entirely bare of hair.

"Seeing PARISIAN SAGE advertised, I purchased four bottles and after using two of the bottles, the hair came in until now I have as good a head of hair as I had before this trouble started.

"I can truthfully recommend this preparation to any one for what it is recommended for. Sam Galder, Jamison City, Col. Co., Pa., Oct. 11, 1911."

Please bear in mind that PARISIAN SAGE is not guaranteed to grow hair on bald heads.

In Mr. Galder's case the hair root was not dead and there is no good reason why PARISIAN SAGE should not do just what he writes it did.

"The next time Mr. Galder came into my store after purchasing the PARISIAN SAGE," writes the druggist who sold him, "his appearance was so changed that I did not know him."

PARISIAN SAGE is without doubt the most efficient hair grower, beautifier and dandruff cure in the world, and people who are wasting time with ordinary commercial tonics should wake up.

PARISIAN SAGE will banish dandruff, stop falling hair and itching scalp; will put new life, lustre and beauty into faded hair, or money back. It is a most delightful and refreshing tonic for men, women and children. Large bottles 50 cents at the Poole Drug company's and druggists the country over.

UNINSTRUCTED HOLD POWER

Both Sides Hope for Support of Uninstructed Delegates — Roosevelt Compromise Candidate.

(By Daily News Leased Wire.)

CHICAGO, June 12.—Roosevelt leaders last night announced details of a mass meeting for Friday afternoon, which will be staged at Chicago's largest theatre as a spectacular preliminary to the opening of the Republican national convention next Tuesday. Congressman Kent of California, who made the announcement, said that the principal addresses would be delivered by Judge B. D. Lindsay of Denver and Atorney Francis J. Heney of San Francisco. It is also probable that Governor Johnson of California and Governor Stubbs of Kansas will speak.

Both sides, it was learned yesterday, had decided to attempt to get a possible balance of power through enlisting uninstructed delegates. Although many of the uninstructed delegates already have been pledged by state leaders to either Taft or Roosevelt, campaign managers privately have expressed ability to secure a block of 50 or more for their candidate. In case the decisions by the national committee in the contest cases send President Taft and Colonel Roosevelt into the convention on practically an even basis the uninstructed men may determine the final outcome of the fight.

R. R. McCormick of Chicago has been named by William Flynn of Pittsburg as the chairman of the committee which will meet and direct the activities of Roosevelt delegates before and during the convention.

While the Roosevelt and Taft leaders had the foreground yesterday the Cummins and La Follette men were busy with plans for furthering the candidacy of the Iowa senator and the Wisconsin senator.

John McVickar of Des Moines said that a large Cummins demonstration would be held in Chicago on Saturday night. It is planned to bring a delegation of 1000 or more Iowans into Chicago on special train on that day. Senator Kenyon, who went to Washington yesterday, will return to preside at the Cummins mass meeting.

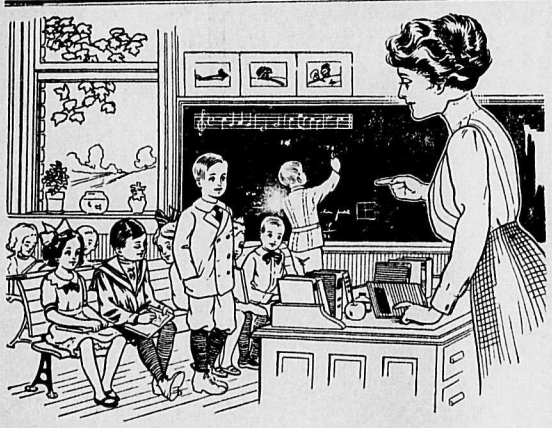
Walter L. Houser, Senator La Follette's manager, said that a large delegation of Wisconsin people would arrive in Chicago on Monday.

A murmur of gossip suggesting a possible compromise candidate which swept through the hotel lobbies yesterday and last night drew forth this statement from William Barnes, Jr., of New York, on behalf of the Taft forces: "There has been talk and some newspaper publication this evening regarding a compromise candidate for president. This proposal is purely a ruse on the part of the Roosevelt forces, who realize that they will be defeated in the convention and are now endeavoring to break up the Taft alignment by talking compromise.

"Mr. Roosevelt said, and in this I agree with him, the compromise candidate will be me. That the Roosevelt men themselves are talking compromise tonight is positive evidence of the loss of their cause and of their hope of creating a dissension in the ranks of President Taft through appealing to the very natural instinct on the part of any Republican to avoid a sharp division of forces. But the purpose is perfectly clear to the delegates here assembled."

EMIGRATION AGENT DEAD

LONDON, June 12—Alexander Yellowless, for nearly 60 years Canadian emigration agent at Galashiels, is dead.



The End of the School Year

Is apt to be a drag on many children, unless the mother is careful to supply the kind of food to properly nourish their fast-growing bodies and rapidly developing brains.

Grape-Nuts

FOOD

meets Nature's ddmands for necessary food elements, in proper balance.

It's rich nourishment is in concentrated, easily digested, form, supplying body and brain with vigor and endurance.

"There's a Reason" for Grape-Nuts

COMPANY HAS PLENTY OF CEMENT

Senator Edwards Declines to Blame Transportation Companies for Shortage in West.

(By Daily News Leased Wire.)

OTTAWA, June 12—The Evening Citizen in commenting on the recent remission of 50 per cent of the duty on cement says:

"It is wholly improbable that any further action will be taken by the government in regard to the cement duty. The action taken in remitting one-half of the duty is considered generally to be pretty drastic, though certain interests in the west are representing that it does not go far enough. The situation which called for a reduction of the duty was a special case to meet which exceptional action had to be taken. There is no reason to anticipate, however, as hinted in certain quarters, that it is the thin end of the wedge and likely to be further extended as regards cement or other commodities till there is full inquiry into the tariff generally."

The Citizen also prints a lengthy interview with Senator Edwards, president of the Canada Cement company, in regard to the situation.

"The Canada Cement company has a large surplus stock on hand over all requirements on which it would like to realize," said Senator Edwards when asked if it were true that the company, as is stated, is unable to supply the west with cement. The senator would make no comment on the action of the government in reducing the duty on cement one-half for a limited period nor did he care to say for publication what effect the transportation facilities of the country had on the delivery of the company's product.

"There has never been a time when the Canada Cement company has not been able to fill its orders," the senator further said. "The plants included in the company were only running between seven and eight months of the year when the Canada Cement company was organized, but since that time they have been running the full 12 months of the year. This has given us the opportunity of filling large storehouses, which we have located at various points in preparation for the busy season."

That whatever the other 16 cement companies in operation throughout the country might do with regard to asking the government to rescind the duty-cutting decision the Canada Cement company would take no part in such an appeal, the president also asserted.

"There is one point which has been overlooked though," he said. "The Canadian companies annually purchase a great quantity of paper bags for cement in the United States. These bags cannot be had in Canada, and they are forced to buy there, paying the full duty. Now, under this order of the government United States manufacturers of cement will be able to ship their cement here, paying only one-half duty on both cement and on the bags. Whatever else may be said about the cut, this will appeal to the ordinary man as unfair to the Canadian companies. We have to pay full duty on the paper bags while the American companies can ship them in here filled with cement and only pay half duty. The Canada Cement company may ask the company, with the other 16 companies, for similar treatment in connection with the paper bags, but that is as far as it will go.

"I have no desire to say anything in connection with the transportation facilities being responsible for our inability to fill orders promptly.

"We ship both by rail and water and I quite realize that the unprecedented growth of the trade of the country may have something to do with the holding up of shipments. But the company does not desire to make any statement in this regard, as it knows that the companies are doing the best they can under the circumstances and are not responsible for the fact that users of cement have delayed sending in their orders until such late dates that speedy delivery is impossible."

Senator Edwards also stated in regard to assertions being made regarding the interest of Sir Max Aitken in the Canada Cement company that Sir Max had no voice in the company's affairs and was not a stockholder, so far as he knew, except that he might from time to time have a speculative interest in it through handling its stock. As an investor Sir Max was not interested and had nothing whatever to do with the management. His connection ceased when he brought the companies now in the Canada Cement company together and formed the holding company.

SECOND CHOICE FOR VICE PRESIDENT NOMINATION

(By Daily News Leased Wire.)

BALTIMORE, June 12.—National Committeeman Daniels last night started a movement to bring about the nomination for vice president of the man who stands second for the presidential nomination on the final ballot.

Mr. Daniels said the Baltimore convention should be a repetition of 1884, when the ticket was Cleveland and Hendricks, both of whom were candidates for the presidency. He says the party can not take any chances on nominating a small man for the vice presidency, but must put up with its presidential preference a man for vice president who is big enough to be president.

"In my judgment," said Mr. Daniels, "the man who is second on the final ballot for the presidency should be the nominee for vice president. If Wilson is nominated and Clark second, then have Clark for vice president. If Clark is nominated then have Wilson for vice president. The second choice should be made to accept the second place on the ticket as a question of duty to the party."

MANUFACTURERS WELCOME REDUCTION OF DUTY

(By Daily News Leased Wire.)

NEW YORK, June 12.—The Times this morning has the following:

"The report from Ottawa published in yesterday's Times, telling of a 50 per cent reduction in cement duties for a limited period, aroused considerable comment in the New York cement market. With the domestic markets loaded with cement the prospect of an outlet for some of the present accumulation was well received. Standard American cement quotations now call for 65 cents a barrel at the mill and with a part of the production shipped into Canada the belief is held in certain quarters that an upward revision of prices in the domestic market may result. There is said to be little profit in cement at current quotations and an advance made possible by the demand from the various markets of the Dominion will materially help to place the American industry on a firmer footing. While the opinion is held that the heaviest demand will come from western Canada, with a consequent advantage to domestic mills located in the western states, it is believed that the important companies operating in the Lehigh valley district will take an active part in supplying the demand coming from the eastern part of the Dominion. Although it is now too early to conjecture, it is generally believed that should the demand for American cement be as great or greater than that of last year manufacturers on this side of the border will receive material benefit."

DEMOCRATS TO NOMINATE CAMPAIGN CHAIRMAN

(By Daily News Leased Wire.)

BALTIMORE, Md., June 12.—Plans are being quietly formulated by several members of the Democratic national committee it was learned last night, to create a new officer, to be known as chairman of the campaign commitee. This new officer of the campaign, who will work with the national chairman, may or may not be a member of the national committee and his selection will be made by the presidential candidate after a conference with the new national committee members. The national chairman will continue in general charge of the campaign. The creation of the new officer has been under consideration for some time and a move to bring the office into being will be made when the new national committee meets just after the Democratic convention adjourns. The new national committee, it was said last night, will in all likelihood elect their chairman at the first meeting and then adjourn until the presidential candidates can be conferred with.

Already the name of United States Senator O'Gorman of New York has been discussed among some of the national committeemen, who expect to be returned as members of the new committee. Just how many members will constitute the new campaign committee has not been considered, but the creation of the office of chairman was believed to be advisable because the commission presidential contest promised too much labor for the national chairman.

SNOW IN NOTTINGHAMSHIRE FRUIT CROP DAMAGED

(By Daily News Leased Wire.)

LONDON, June 12.—There has been a heavy fall of snow in Nottinghamshire, according to the Daily Mirror. The roads are covered with ice and the fruit crop is badly damaged.

RESIGNATION SENT BY WIRELESS

Premier Arranged With Lord Haldane to Take Vacant Woolsack in Wireless Message.

(By Daily News Leased Wire.)

LONDON, June 12.—Lord Loreburn's resignation as lord high chancellor and Lord Haldane's acceptance of the post were arranged by wireless, which is probably the first time that such an event was conducted in that manner. Premier Asquith was cruising in the Mediterranean when Lord Loreburn wrote his resignation and his letter was transmitted by wireless. In a similar way arrangements were concluded with Lord Haldane by wireless to take the vacant place. It was generally expected some months ago that Premier Asquith himself would succeed Lord Loreburn if the latter could be prevailed upon to retire, which, according to the gossips, he stubbornly refused to do, because of a personal feud with the premier.

The conditions are now different. Mr. Asquith considers it his duty to the Liberal party to retain his premiership and Lord Loreburn had no objection in resigning so long as it was not in favor of Mr. Asquith.

Mr. Asquith's retirement to the Woolsack at the present stage would be likely to cause a serious panic among the Liberals, among whom there is no sort of agreement as to his successor.

LAWYERS OF ITALY OUT ON STRIKE

(By Daily News Leased Wire.)

ROME, June 12.—The lawyers of Milan have declared a general strike to begin on Monday as a protest against the disorganized state of the local courts. They complain that the courts are located in unsanitary, dilapidated and overcrowded buildings; also that the local board of health has become almost impossible owing to the ridiculously small number of judges, magistrates and other officers. Similar strikes are threatened at Genoa and other cities and the government probably will be forced to rush through a bill dealing with the matter in the present session.

KING AND QUEEN AT MILITARY POLO MATCHES

(By Daily News Leased Wire.)

LONDON, June 12.—The King and Queen and Princess Mary, with a great outpouring of society, were present at Raneleigh yesterday to witness the military polo tournaments for the cavalry and infantry cups. The Queen's Bays defeated the Royal Horse Guards by five to three. The mounted infantry beat the Grenadier Guards six goals to one.

THREE STORES BURNED

(By Daily News Leased Wire.)

LAPEER, Mich., June 12—Fire caused a property loss of $90,000 in the business district of this city today. Three store buildings were burned, one of them containing the local telephone and telegraph offices. The cause of the fire has not been determined.

ROSSLAND MINERS UNION SPORTS

Excellent Program Has Been Prepared —List of Handsome Prizes to Be Offered.

(Special Correspondence.)

ROSSLAND, B. C., June 11.—Arrangements are being completed for the annual celebration of the miners' union on July 16 and a program of sports, embracing all known competitions has been drawn up. It is the seventeenth anniversary of the founding of the local at Rossland and is observed by the mines as a regular holiday. A special train will probably come from Trail and bring people from the smelter town to the celebration. Nelson generally sends a contingent to Rossland on that date also.

The races will be run off in the streets, as the new park will not be ready for occupation. The rock drilling competitions will be accommodated in a special place, as well as the log cutting contests. The events as arranged for are:

1. Boys' race, under 10 years—First price, $3; second prize, $2; third prize, $1; distance, 50 yards.
2. Girls' race, under 10 years—First prize, $3; second prize, $2; third prize, $1; distance, 50 yards.
3. Boys' race, under 14 years—First prize, $3; second prize, $2; third prize, $1; distance, 75 yards.
4. Girls' race, under 14 years—First prize, $3; second prize $2; third prize, $1; distance, 75 yards.
5. Boys' race, under 17 years—First prize $5; second prize, $2; third prize, $1; distance 100 yards.
6. Girls' race, under 17 years—First prize, $5; second $2; third $1; distance, 100 yards.
7. Men's race, free for all, distance 125 yards—First prize, $10; second prize, $5.
8. Men's three-legged race, 75 yards—First prize, $6; second prize, $3.
9. Boys' three-legged race, 14 years, 75 yards—First prize, $4; second prize, $2.
10. Potato race for men only, 50 potatoes two feet apart—First prize, $10; second prize, $5.
11. Sack race, all comers, 100 yards—First prize, $10; second prize, $5.
12. Backward race, free for all 100 yards—First prize, $5; second prize, $3.
13. Ladies' auxiliary race, 50 yards—First prize, $5; second prize, $3.
14. Log chopping contest—First prize, $10; second prize, $5.
15. Log sawing contest—First prize, $10; second prize $3.
16. Ladies' nail driving contest, all comers, 20 nails—First prize, $5; second prize, $3.
17. Mucking contest, men at the $3 scale only—First prize, $25; second prize, $15.
18. Shot put—First prize, $6; second prize, $3.
19. Hammer throwing—First prize, $6; second prize, $3.
20. Married union men's race with family in Rossland—First prize, $30 policy; second prize, $5; third prize, fountain pen, value $2.50.
21. Ladies' all comers race, 75 yards—First prize, set of dishes, value $10; second prize, dry goods, value $5.
22. High jump for men—First prize, $10; second prize, $5.
23.—Obstacle race, half mile—First prize, $10; second prize, $5.
24. Wheelbarrow race, all competitors to supply their own wheelbarrow—First prize, $5; second prize, $3.
25. Egg and spoon race, 100 yards, competitors to have one hand tied behind back—First prize, $10; second prize, $5.
26. Bicycle race for boys under 17 years, one mile—First prize, $10; second prize, $5.
27. Fireman's contest, straightaway with hose cart, distance 200 yards—Prize for best time, $60. Wet test, 11 men, distance approximating 200 yards, running 100 yards to plug reel of hose, breaking coupling at end of fifth length of hose (250 feet) and get water—Prize for best time, $20.
28. One mile race for men only, all comers—First prize, $15; second prize, $10.
29. Half mile race for all comers—First prize, $12; second prize, $6; third prize, pair trousers, value $4.
30. Quarter mile race for all comers—First prize, $9; second prize, $5; third prize, cigars.
31. Hurdle race for all comers, distance 220 yards, hurdles 3 feet 6 inches high—First prize, $10; second prize, box of cigars.
33. Prospectors' race, 100 yards, with 25-pound pack—First prize, $5; second prize, pair of trousers, value $4.
34. Men's rock drilling contest, open to all comers—First prize, $100; second prize, $50; three teams to drill or no second money.
35. Boys' drilling contest, for boys under 16 years—First prize, $25; second prize, $15.
36. Horse racing, three heats over the regular course, winner of the first two heats takes first prize, three horses to run or no second money—First prize, $25; second prize, $15.

In order to be eligible all men entering the contests must have a paid-up card of membership in the Western Federation of Miners. The general sports committee is composed of Ben Stout, chairman; J. L. Bean and George Bridgeman.

FIFTEEN YEARS AGO WAGNER WORE PATERSON UNIFORM

(By "Gravy.")

It was just 15 years ago tomorrow that the newspapers of Paterson, N.J., reported with many cheerful chortles and gleeful gurgles how one ball player, Hans Wagner by name, caught eight fly balls in left field and then proceeded to smash out so many long drives that the opposing team's outfielders climbed over the fence every time the big Dutchman came to bat. The feat of the mighty Hans on that day when he wore the uniform of the Paterson club of the Atlantic league, was the real beginning of his career and it was not long until he was wearing a Pirate uniform. John Henry Wagner—to give him his bona fide monicker—had been turned over to the Paterson club by Pittsburg as a free gift. The Pirates had got Wagner along with a job lot of other players from Wheeling, W. Va. The Wheeling club had busted even before it started and Pittsburg bought the remains to get Al. Wagner, a brother of Hans, who was an excellent player. Before that Hans had played for a short time with Steubenville, O., and Warren, O., in the Iron and oil league, but both clubs had gone to pieces. The Paterson club was at that time under the management of Edward Grant Barrows now the head of the International league. Barrow had seen Honus perform and considered him a comer. Wagner played at the initial and third bag and in the outfield for the Silk City club and his wonderful bat work nearly smashed the league. Pittsburg regretted its gift and offered Barrow $2,000 for Wagner, but in the meantime he had been sold to Louisville, then in the 12-club National league. With the Colonels Hans played outfield, first and third bases and continued his great stick work. Then the Louisville franchise was dropped from the National by reason of the reduction to an eight city circuit. Wagner went to Pittsburg and has ever since been the greatest of the Pirate crew. Wagner is now 38 years old and his reign as the greatest among the kings of baseball is probably about over. Indeed many fans will say that the crown has passed to Mr. Tyrus Cobb of Detroit, but Hans still has thousands of leal subjects who are willing to swear that he is still the undisputed champion of the diamond.

SOUTH AFRICANS BADLY BEATEN

Succumb to England by Innings and Sixty-two Runs—Score by Innings

(Canadian Associated Press.)

LONDON, June 12—The South Africans suffered defeat at the hands of England by an innings and 62 runs. When stumps were drawn yesterday the South Africans needed 243 runs with seven wickets to fail to save an innings defeat, but were only successful in compiling 181. C. G. E. Llewellyn, a sterling left handed bat was top scorer for the colonials, contributing a well played and useful 75. Foster and Barnes with the ball and Spencer, 119 and Wooley 73, were the principal contributors to the victory of England in the second test match, which was finished within two days and a half.

In the second innings of the Africanders, F. R. Foster took three wickets for 54, and Barnes six for 65. For the visitors Foster took eight for 70 and Barnes 11 for 110 in the last innings.

The score by innings was: South Africans, first innings, 58; second, 217; total, 275.

England, first innings, 337.

ALAN RACES

(By Daily News Leased Wire.)

ALAN, Idaho, June 12—Results of today's races were:

First race, four and a half furlongs—Zenete, won; Barium, second; The Cinder, third; time, :56 2-5.

Second race, six furlongs—Ben Greenleaf, won; Binocular, second; Blondy, third; time 1:15 2-5.

Third race six furlongs—King Elk, won; Chilla, second; Star Blue third; time 1:14 2-5.

Fourth race, mile and sixteenth—G. M. Miller, won; Jack Paine, second; Sigurd, third; time 1:47 3-5.

Fifth race, one mile—Lady Rankin, won; Ymir, second; Horus, third; time 1:42 2-5.

CITY TO MEET MOOSE IN SOCCER GAME TONIGHT

Nelson City soccer team will play the Moose this evening at 6:30 o'clock. Players are requested to be on the grounds at 6:15. The City lineup:

T. Nute, goal; O. R. Matthews, T. Jones, backs; G. Wilkinson, Guille, Y. Wilkinson, halfbacks; E. Bennett, Cooper, Morey, G. Brown, J. Ramsden, forwards; Francis Brown, reserve.

ENGLISH CRICKET

(By Daily News Leased Wire.)

LONDON, June 12.—The following cricket matches were finished today: Surrey defeated Gloucestershire by five wickets; the Yorkshire and Australian match was a draw; and North Hants defeated Kent by four wickets.

COULON SAYS FIGHT WAS NOT FAKE

(By Daily News Leased Wire.)

NEW YORK, June 12.—Johnny Coulon of Chicago, the bantamweight champion, who knocked out Frank Hayes of St. Louis in the fourth round at New Haven last night, protested here today against the claim made in New Haven that the bout was a fake. Coulon said: "The news that I was nearly drowned at Staten Island on Monday had reached the New Haven fans, causing them to think I would not be in condition to fight. There was only about $250 in the house and as I had been guaranteed $1,000, win, lose or draw, I thought things looked bad for the management. The guarantee had a clause attached whereby I forfeited $1,000 if I was disqualified, so I fought cautiously in order not to give them the slightest chance to call a foul.

"Referee Fitzgerald cautioned me several times so I was doubly careful. When he quit the ring in the third, declaring the bout a frameup, the chief of police, who was at the ringside, promptly ordered the fight to go on and made the announcer referee. Knowing then that I would get a square deal, I rushed in and scored a knockout. And I got the money."

PHILLIES WHITEWASHED

(By Daily News Leased Wire.)

PHILADELPHIA, Pa., June 12—Cincinnati mixed up hits and passes by Alexander and Chalmers and easily won today's game 8-0. Manager Dooin's right hand was injured by a foul off Suggs' bat in the third and was forced to retire. Score:

	R.	H.	E.
Cincinnati	8	10	3
Philadelphia	0	4	3

Batteries—Suggs and McLean; Alexander, Chalmers, Wallace and Dooin and Graham.

PLAYED IN RAIN

(By Daily News Leased Wire.)

BROOKLYN, N.Y., June 12—Today's game was played in the rain with Pittsburg winning 7-3. The visitors clinched their victory by making two singles, a double and a triple for four runs after two men were out in the seventh. Two of Brooklyn's runs came in the ninth when with Cutshaw on second, Wheat lifted the ball over the right field fence for a home run.

	R.	H.	E.
Pittsburg	7	11	0
Brooklyn	3	7	1

Batteries—Robinson and Kelly; Allen, Burke and Miller.

CUBS LOSE TO GIANTS

(By Daily News Leased Wire.)

NEW YORK June 12—New York defeated Chicago again today by a score of 3-2. In spite of the fact that the visitors were without the services of Zimmerman and Tinker, who have been suspended for three days by President Lynch, Chicago played a strong game and was in the lead until the eight. In the first half of the ninth Ritchie collided with Myers at the plate. He was unable to resume and Brown who went into the box for Chicago, was batted for two runs. The game was officially recorded as Marquard's 13th straight victory. New York was behind when Shafer batted for Marquard but when Crandall went in, the locals had forged to the front. The visitors made their two runs on Miller's double and Archer's home run. The game was played in a drizzling rain. Score:

	R.	H.	E.
Chicago	2	9	1
New York	3	9	1

Batteries—Ritchie, Brown and Archer; Marquard, Crandall and Myers.

BOSTON MAKES ERRORS

(By Daily News Leased Wire.)

BOSTON, Mass, June 12—Boston's errors and passes contributed largely to eight runs for St. Louis today and the Cardinals won. Boston's six runs were the results of bunched hits.

	R.	H.	E.
Boston	6	14	5
St. Louis	8	8	0

Batteries—Brown, Dickson, Donnelly and Kling; Steele, Sallee and Brennahan.

NO STOPPING PHILADELPHIA

CLEVELAND, June 12.—Philadelphia made it four straight from Cleveland today, 6-0. The Athletics scored all their runs in the first two innings off Baskette. Coombs was effective all the way. Score:

	R.	H.	E.
Cleveland	0	3	1
Philadelphia	6	5	1

Batteries—Baskette, Mitchell, George and O'Neil; Coombs and Lapp.

COBB'S CATCH FEATURE

(By Daily News Leased Wire.)

DETROIT, June 12.—Johnson was invincible today and Washington made it four straight, winning, 5-1. The visitors would have scored a shutout except for a misjudged fly that went for two bases, a passed ball and McBride's failure to touch Gainor on a double steal. A fine running catch by Cobb resulting in a double play was the feature. Score:

	R.	H.	E.
Detroit	1	3	3
Washington	5	8	2

Batteries—Covington, Works and Onslow; Johnson and Ainsmith.

CHICAGO CAPTURES ONE

(By Daily News Leased Wire.)

CHICAGO, June 12.—Chicago got a lead of six runs in the first inning today and won the final game of the series from New York, 11-2. Vaughn was relieved by Thompson in the first after he had passed two, hit Fournier and allowed two hits.

Score:	R.	H.	E.
Chicago	11	12	0
New York	2	12	2

Batteries—Walsh, Mogridge and Block; Vaughn, Thompson and Street and Sweeney.

WOODS' HOMER HELPS MAKE IT FOUR STRAIGHT

(By Daily News Leased Wire.)

ST. LOUIS, June 12.—Woods' home run with one on and Wegner's and Stahl's great fielding gave Boston the fourth straight game today over St. Louis, 5-3. Austin protested on a third strike and was ordered off the field. Score:

	R.	H.	E.
Boston	5	10	1
St. Louis	3	6	1

Batteries—Woods and Cady; Powell and Stephens.

COLEMAN DEFEATED LILLE

(Special to The Daily News.)

COLEMAN, Alta., June 12—Two games in the Southern Alberta football league were witnessed tonight by a large crowd. Hillcrest, the present champions climbed two more points by defeating Burmis on the latter's territory by 1-0. Coleman jumped into second place on the league ladder by defeating Lille at Coleman by a score of 4-1. The feature of this game was the brilliant work of Coleman's centre forward, Alex Moore who did the hot trick of scoring three successive goals. At Blairmore tonight Pincher Creek was defeated by a score of 4-0.

NEGRO SPRINTER NOT ANXIOUS FOR SWEDEN

(By Daily News Leased Wire.)

MONTREAL, June 12—When Walter Knox tonight received confirmation from Toronto that Bobbie Kerr had decided not to make the trip to Sweden with the rest of the Canadian athletes owing to his not being satisfied with his own showing he immediately wired to headquarters recommending that Beasley, the British Columbia sprinter be selected to replace him. Beasley took a trip to New York for the trials and consequently has not left for home. It is regretted that Chandler the British Columbia distance man who was left owing to lack of funds in favor of Decoteau, the Albertan, left so suddenly for home, as otherwise he might have been selected to go in place of Kerr, it being conceded that he would have had at least as good a chance in the distances as Beasley will have in the sprints.

Knox has the members of the team who are already here working out daily on the M.A.A.A. grounds. The weather, however, has been cold and damp and little hard work has been indulged in. The head coach finds most of the men easy to handle, but is having trouble with the pick of the lot, Army Howard, the colored sprinter. Howard from all accounts is suffering from a swelled head and does not care to take any orders. He states that he has trained himself with success for the past three years and that he needs no assistance. Knox states that he is prepared to recommend that he be shipped back to Winnipeg unless he mends his ways, even though he is the most likely looking man of the lot for Olympic honors, as he is exercising a bad influence on the rest of the team. Howard is undeterred and has threatened to pack up and go back of his own accord unless he is allowed to go his own gait in the matter of training.

KING WINS PRIZE

(By Daily News Leased Wire.)

LONDON, June 12.—King George at the royal agricultural show at Guilford yesterday won the special prize of the Short Horn society for the best bull calved in 1911 and first prize for the two-year-old heifer class.

MINING NEWS.

BONDS WINDFALL GROUP AT HEDLEY

Nickel Plate Company to Pay Hundred and Fifty Thousand Dollars for Adjoining Property

According to the Hedley Gazette the Hedley Gold Mining Co., owner of the Nickel Plate mine has taken a bond for $150,000 on the Windfall group from L. W. Shatford, M.P.P., T. D. Pickard, F. H. French, L. G. Mashaffie and H. A. Turner. The group adjoins the Nickel Plate.

Nobody knows much of the value of the property except the purchasers who doubtless have evidence from their own underground workings although it was a comparatively easy matter to arrive at the conclusion that the situation meant much. This was apparent as soon as work was resumed on the No. 4 tunnel of the Nickel Plate and ore extraction and development have gon on so extensively since then.

What it means to the camp is simply that it has most effectively exploded the old theory that the Hedley Gold Mining Co., with its 20 odd claims had all that was of value in the camp, says the Gazette.

BLUEBELL MILL TO OPERATE NEXT WEEK

Next week the mill at the Bluebell mine at Riondel is expected to recommence operations and when running the full three shifts will employ from 60 to 70 men, said C. F. Sherwin of Riondel last night. At present about 50 men are at work at the property.

COPPER HIGHEST IN FIVE YEARS

World's Visible Supply Likely to Reach New Low Level—Consumption is Greater

Speaking of the advance in the price of copper to 17 cents, the highest price since August, 1907 when the average was 18.35 cents, Financial America says:

The advance was brought about by a renewal of buying for the account of foreign and domestic consumers and at the close the indications pointed to the early establishment of the metal on a better than 17 cent basis.

As predicted in certain quarters the demand for copper developed greater activity and at least one large producing interest sold practically all of its August copper. Quite an urgent demand also existed for spot copper, or for copper for nearby delivery, but very little of the product was obtainable. Europe continues to take substantial quantities of the metal indicating the continued heavy consumption abroad, especially in Germany and France where larger quantities are being used than for some time past. In other continental countries consumption also shows a fair degree of expansion.

In this country copper consumption also is on a larger scale the inquiry from wire and brass manufacturers being a very encouraging factor in the situation. Notwithstanding the political developments business generally hows a gradual increase in nearly all lines and with a clarification of the political situation it is believed still greater activity in all branches of trade will develop.

Predicts Further Rise

Although the statistical position of the metal has not been so strong in years as it is at the present time all indications point to a further material strengthening in this respect and the May statement of the Copper Producers' association to be issued next Monday will in all probability show stocks of the metal on hand to be at the lowest point in years. According to some reliable authorities deliveries to domestic consumers last month were fully as large as in April if not larger while exports to Europe showed a substantial increase over those of the preceding months, the aggregate being approximately 67,000,000 pounds, according to the United States customs house returns.

It is estimated that the total deliveries in May aggregated from 135,000,000 to 140,000,000 pounds. The production of the refineries was interfered with by strikes at the Baltimore plant and also at the plant of the Nichols Copper company at Laurel Hill, L.I., although the trouble at the latter refinery was of short duration and did not materially affect operations. At the Baltimore plant, however, the labor trouble lasted for at least a week which probably reduced the output of the plant by 5,000,000 or 6,000,000 pounds and perhaps to a greater extent. On this account estimates of the month's total refinery output are placed at about 125,000,000 pounds which would indicate a probable decrease in stocks during the months of May of approximately 15,000,000 pounds.

The fortnightly statistics issued in London also are expected to show a further shrinkage in supplies in which event the world's visible supply of the metal will have reached a new low level.

WANT GOVERNMENT REPORT ON ROSSLAND SOUTH BELT

(Special Correspondence.)

ROSSLAND, June 12.—The board of trade of Rossland is making an effort to obtain the publication of the geological survey report which has never been given to the public since Brock made his survey in 1906 and 1907. It will be of inestimable value in view of the development of the mines in the south belt. The preliminary report was given out by Brock soon after the survey was made but the detailed statement containing all the valuable matter was never published. It will contain data regarding the veins of ore, with their depth and dimensions and other matter which the prospector is unable to obtain without a good deal of trouble.

A NON-PARTIZAN CIVIL SERVICE

Since the change of government at Ottawa there has been more or less general discussion of the patronage question, particularly as it relates to the public service. While in opposition Right Hon. R. L. Borden took a stand against the spoils system and in favor of a non-partizan public service. Since his advent to power a number of changes have been made in what is known as the outside service, that is among government employees not resident in Ottawa.

This, on its face, might suggest an abandonment of principle on Mr. Borden's part, but so far there has been no fair ground for any such charge. In this matter Mr. Borden is merely carrying out his declared policy of a non-partizan public service. In the east where charges of offensive political partizanship have been made against public servants, the government has given those so accused an opportunity to be heard in their own defense. In other words the government has made it plain that there is to be no head-cutting merely for the sake of providing positions for its supporters. On the other hand it is impossible to see how any public servant who has mixed up in active politics can expect to continue to hold his position.

It is quite likely that most of the changes which will be made will be among the government employees in the three prairie provinces. While The Daily News hopes that the government will live up to its policy when in opposition in regard to the civil service, it must at the same time admit that it would be recreant to its duty if it did not make some changes at least in the three provinces in question. During the previous regime men were appointed to positions, particularly in the land department, whose only claims to preferment were their past services to the party then in power and their willingness to prostitute their public positions in the party's interests. In several cases men were rewarded with good positions for political work which should instead have landed them in the penitentiary. For the present government to allow such men to continue in office would be to condone crime.

But in the making of whatever changes may be necessary, Mr. Borden has an opportunity of carrying out his pre-election policy of placing the civil service of the country, both inside and out, on a non-partizan footing. He has his opportunity to take the public service out of politics. His friends are confident that he is a big enough and a strong enough man to do this. In the interests of Canadian public life it is to be hoped he will, and The Daily News believes he will measure up to these expectations of him.

EDITORIAL NOTES

Let all work together to make this year's Dominion day celebration a success.

Yesterday's rain will not only prove of untold benefit to those engaged in fruit growing but will also serve to reduce the danger from forest fires. A few more similar days would be appreciated.

The decision of the supreme court in reference to the lumber industry will be welcomed by the lumber interests of the Kootenay and Boundary. The next step is for the government to see that the law is enforced as interpreted by the supreme court.

During his forthcoming visit to the old country Premier Borden will take up with the imperial authorities among other things the question of naval defense, inter-imperial steamship and cable communication. On these questions of imperial interest Canada can depend upon Mr. Borden.

What the Press Is Saying

Calgary Is Pleased.

The directors of the Industrial Exhibition company are to be congratulated on their good fortune in obtaining the consent of the Hon. Richard McBride to open this year's exhibition on June 29. Such a task is one that the premier of British Columbia is eminently qualified to perform, and his presence on the show ground will be a "drawing card." Of one thing he may be quite sure and that is a very hearty welcome from the citizens of Calgary, who are fully conscious of the compliment that he has conferred upon them by accepting the invitation of the exhibition authorities.—Calgary Herald.

Government and Bank Mergers.

As has been previously said, the moral at present is that the Dominion government in the coming revision of the banking act should not merely provide for better government supervision of the banks than hitherto, and for independent bank audits, but it should take into special consideration the tendency of the banks toward mergers and frame the law so as to prevent further steps that way, except by specific government cognizance and permission.—Ottawa Journal.

Modern Morals.

"This latter day of new morality is too lax for me."

The speaker was Jerome S. McWade, the Duluth millionaire. He continued:

"This new morality, which seems in its tolerance rather to encourage than to oppose wickedness, reminds me of a lad in my Sunday school class.

"Now, Tommy," I said to this lad one Sunday afternoon; "now, Tommy, what must we do before our sins can be forgiven?

"'We must sin,' Tommy replied."—Detroit Free Press.

Cold Storage

John Smith, a respected citizen of Pumpkin Ridge, hit a balky mule with a pitchfork last Tuesday. He leaves a wife and six children.—Macon (Mo.) Times.

Stranger (in Lonelyville)—"What's all the excitement?"

Native—"Rube Perkins jest put $35 in the savings bank."—Life.

Singleton—"Well, now that you are married I suppose your wife expects you to live up to your ideals?"

Wedmore (sadly)—"No; to her ideals."—Boston Transcript.

"Why doesn't Billyuns be more liberal with his money?"

"Well, he holds that wealth is a burden, and that it is not fair to put your burdens on other people's shoulders."—Baltimore American.

"My daughter says I have a good ear for music."

"What does she mean by that?"

"I don't know exactly. I'm afraid she refers to the fact that I can listen to some of the things she plays without getting the earache."—Washington Star.

Parson—"So your husband is sick. Maybe he has been throwing himself too heavily into his work."

Mrs. Casey—"No on your loife! He's been throwing his wu-urk too hivily into him. That's what's the trouble wid him. He's a bartinder."—Judge.

The Human Procession

Viscount Northland is a brave young man, even if it is whispered in London drawing rooms that he is a gay blade, not to mention being something of a sad dog. Lord Northland's bravery consists of defying superstition by being born and marrying on the thirteenth day of a month, said month being June. Thirty years ago today, June 13, 1882, an heir was born to the Earl and Countess of Ranfurly, and today, according to cables, the young noble will marry Miss Hilda Cooper, younger daughter of the late Sir Daniel Cooper, the ceremony to be performed at St. Margaret's, Westminster.

Lord Northland figured prominently in the scandal that was aired in public as the result of the divorce suit brought by Capt. Sterling against his wife, a lovely American actress. He comes of a family long prominent in England and America, and is a descendant of William Penn, the founder of Pennsylvania. The first titled member of the family was Baron Welles, created in 1781. Ten years later the title of Viscount Northland was created. Baron Ranfurly, of the United Kingdom, dates from 1826, and the Earldom of Ranfurly from 1831. The father of today's bridegroom is the fifth Earl of Ranfurly, while his mother was the only child of the seventh Viscount Charlemont. The Earl of Ranfurly is 55 years of age and since his succession to the title in 1875 has been prominent in affairs of state. He was formerly governor and commander-in-chief of New Zealand, and owns considerable estates in that country and in Australia, as well as in England.

The bride's father, the late Sir Daniel Cooper, owed his fortune and title to the Australian activities of the first baronet, who was a wealthy merchant, banker and statesman of Sydney, New South Wales. He was the first speaker under the new constitution of Australia in 1856, and later was president of the Bank of New South Wales. The mother of the bride was Harriet, daughter of Sir James Grant-Suttie, whose baronetcy dated from 1702.

Today's wedding is the most important of some three score ceremonies, uniting persons of social prominence, that have been performed or will take place during the month in England.

This Date in History.

The first session of the Canadian parliament was held at Kingston, Ont., that city having been made the legislative and administrative capital by Lord Sydenham 71 years ago today. By the Union act of 1840 the right to select the place and time for holding "the first and every other session" of the Dominion law-making body was conferred on the governor. Lord Sydenham was the first who filled that office. The first parliament continued from 1841 to 1843, and all its sessions were held at Kingston. Montreal was chosen as the seat of government in 1844, and parliament met there until the public buildings were burned during the riots of 1849. With the passage of the Confederation act the capital was fixed by statute, and in 1858 Queen Victoria named Ottawa as the permanent capital. The cornerstone of the government buildings was laid by the Prince of Wales, who later became King Edward VII., in September, 1860.

The Weather

(By Daily News Leased Wire.)

TORONTO, June 12.—A depression which developed last night is centered tonight in the lower St. Lawrence valley. It has given rain in Ontario and Quebec and rain is now beginning to fall in the maritime provinces. In the western provinces the weather has been fine and decidedly warm.

COMMUNICATION

CLOSED SEASON FOR BEARS

To the Editor of The Daily News.

Sir: Is it not nearly time for some persons who have influence to start an agitation for the repeal of the law making a closed season for bears? Is not the fact that last Saturday and also on Monday and yesterday a full-grown bear repeatedly frightened children at Houston park, a poor advertisement for the city? And people who have seen the bear at different times are strongly of the opinion that it is not the same one each time as one was brownish and one coal black. There is no question that bears are altogether too numerous in this vicinity just now, and the berries they are after will be ripest for several weeks after the closed season comes on.

New Brunswick pays a bounty on bears while our province protects them, and my observation is that the black bear is more of a nuisance here than there. EMORY TOWERS.

Nelson, B. C., June 12.

SCHOOL AT SLOCAN JUNCTION

In response to a petition to the education department for the establishment of a school at Slocan Junction Cecil Patey has received a favorable reply, based on a report recommending same by Inspector May. A meeting will be held at the Junction public hall on Monday at 7 p. m., at which all parents and others interested are requested to attend for the purpose of electing temporary trustees and a secretary.

BISHOP GRISDALE SPEAKS

(By Daily News Leased Wire.)

TORONTO, June 12.—At tonight's session of the Toronto Anglican synod Rev. Dr. Grisdale, lately bishop of Qu'Appelle, gave an entertaining talk on the northwest, narrating several interesting stories and referring to the heroic work of men such as Bishop Bompas of the Yukon, who labored there for 40 years; Bishop Pinkham of Calgary, who has been there 42 years; Rev. W. H. White and others.

SWITCHES TO ROOSEVELT.

BIRMINGHAM, Ala., June 12.—C. D. Alverson of Pell City, an instructed Taft delegate to the national Republican convention at Chicago, last night announced that he would vote for Roosevelt instead of for the president. In so doing, he said, he felt that he would be reflecting the wishes of his constituents.

GRAMAPHONES WILL BE MUSICAL INSTRUMENTS

(By Daily News Leased Wire.)

OTTAWA, June 12.—After July 15 next gramaphones must be classified as musical instruments by all railway companies in Canada and carried at second-class rates. Hitherto they have been carried only at first-class rates. An order of the railway commission issued today declares that gramaphones are musical instruments and must come under the lower rates quoted in railway tolls for this class of goods.

WILL BE DEPUTY.

(By Daily News Leased Wire.)

OTTAWA, June 12.—William Himsworth, secretary of the department of inland revenue, will probably be selected as deputy minister in succession to W. J. Gerald, who has retired on superannuation.

TAX COLLECTOR'S SHORTAGE

(By Daily News Leased Wire.)

CHATHAM, Ont., June 12.—A shortage of $6,400 has been found in the accounts of Tax Collector Broadbent of Raleigh township. His sureties will make the amount good.

MANY ARRIVALS

(By Daily News Leased Wire.)

EDMONTON, Alta., June 12—The monthly report from the immigration hall shows that 1,248 new comers arrived in Edmonton during May.

KILLED BY AUTOMOBILE

(By Daily News Leased Wire.)

MONTREAL, June 12.—Mary Jeanne Lelievre, the four-year-old daughter of Charles Lelievre, a Craig street shoemaker, was struck and killed by an automobile owned and driven by Martin W. Stuart, a local real estate agent, today.

MAGIC BAKING POWDER
THE STANDARD AND FAVORITE BRAND

'Prosper With Melville'
The Divisional and Junction Town

Walter P. Davisson, Western Writer, Says:

"Everything in Melville today would tend to mislead the visitor into the impression that here is an old, matured community. Splendid and spacious hotels, churches, schools, paved and graded streets; municipal rink and hospital; long lines of substantial homes; up to date stores, nigh a score of busy bankers; able representatives of the professions in church and state; progressive business men; and finally, agressive and virile thinkers at work on the civic stage. These conditions, these men, these energies, everything would seem to deny the fact that MELVILLE IS A FOUR YEAR OLD COMMUNITY.

"Between Winnipeg and Edmonton, by far the greatest junctional point on the main line of the G.T.P. is now (and must always be) at Melville; having a great semi-transcontinental road joining the G.T.P. main line here, which will run from Lethbridge in far away Alberta to the terminal elevators at the Bay.

"Already many of the big interests are looking seriously at Melville and at the correct moment great distributing houses will come in, and other railroad systems will be at her door after the traffic. Both the G.T.P. and C.P.R. hold large properties in the townsite of Melville, which are not for sale. How does that look for Melville, the traffic centre which is coming up on the horizon as surely as the acreage of western Canadian crops runs into greater millions, as years go by.

"The Canadian west might be aptly called 'The greatest moving picture in the world today.' Because billowy fields of grain and splendid homes may today be seen, where yesterday was the empty wilderness, villages, towns and cities grow up with almost mystifying suddenness to care for the every growing industrial requirements of the prairies. Less than four years ago Melville was under grass. Yet today there are almost 3,000 people at Melville; those prairie trails have grown into well graded thoroughfares; the rich soil has already received into its bosom the intersecting mains of a modern water system; cement sidewalks are already measured by the mile; a $55,000 town hall has been demanded by the citizens and the demand is being met; power is supplied at cost by the municipal plant and electricity is today in every home; and the people of Melville can speak with Winnipeg by night or day. This at four years old, is surely a record even amongst western Canadian records.

"Like most western cities Melville is surrounded by a fertile territory—of which, however, only a percentage has known the keen edge of the plow, but the products from Melville's tributary acres are as nothing, compared with the tremendous rivers of grain flowing down out of the west along the main line of America's finest transcontinental road. Many millions of bushels are rehandled in the Melville yards, giving already permanent employment to several hundred men; while in the near future, greater millions will go down to the lakes; and in addition, still other millions will be handled at Melville and sent on in a northeasterly direction to the mammoth storehouses on the shores of the Hudson Bay. In that day even railroad Moose Jaw, even the capital city of Regina, will be found paying tribute to Melville in the form of thousands of grain trains en route for those northern waters. And in return vast quantities of merchandise will be freighted into these prairies over that northern route—passing through Melville's yards, ere they spread out over the far distances of the plains.

"During 1912 Melville has an assured milling capacity of 425 bbls. daily; her municipal and structural energies will exceed one million dollars; the business of her banks is increasing monthly; while her railroad and postal revenues are making tremendous strides. By the fall Melville's round house will be 28-stall capacity, as against the 36 stalls of the Canadian Pacific at the railroad city of Moose Jaw. Yet Melville was born in 1907 and Moose Jaw in 1882. Within the next decade or possibly much sooner Moose Jaw will have lost her lead on the younger traffic centre in the northeast—and Melville and Moose Jaw will be Saskatchewan's greatest twin centers of transportation.

DELEGATES TALK OF THIRD PARTY

California Delegates Indignant at Action of National Committee—Bolt is Proposed

(By Daily News Leased Wire.)

LOS ANGELES, Cal., June 12—When the California delegation to the Republican national convention at Chicago arrived here today aboard a special train and learned that two of the delegates had been deposed by the national committee in favor of Taft contestants, resolutions were adopted condemning the national committee and talk of creating a third party was freely indulged in. Newspapers supporting the progressive wing of the Republican party greeted the delegation with editorials urging them to support a third party movement if Roosevelt is not nominated and the resolutions pledged the delegates "to go the limit" against "those who are putting through the anti-Roosevelt program in Chicago." A mass meeting to protest against the tactics of the national committee was held at the depot here.

CONVICT GETS TWELVE YEARS FOR ASSAULT

(By Daily News Leased Wire.)

KINGSTON, Ont., June 12—Vincent McNeil, the 19 year old Peterboro convict who assisted the four western desperadoes to escape from the penitentiary, was today given ten years for assaulting the guards and two years for escaping, the sentences to run concurrently. The maximum was life imprisonment. The other prisoners who escaped will be tried tomorrow.

BECOMES CHIEF JUSTICE

(By Daily News Leased Wire.)

OTTAWA, June 12.—The formal order in council promoting Mr. Justice Davidson to the position of chief justice of the superior court of Quebec in place of Sir Melbourne Tait has been passed. Judge Davidson was in line for the position by reason of seniority and following precedent will doubtless be knighted in due course. For the vacancy caused by Judge Davidson's promotion no appointment has yet been made. It is understood that Hon. W. A. Atwater, K.C., could have the position if he would accept it.

SIZED LUMBER MUST PAY DUTY

(Continued from page one.)

one side. It may be that there are two reasons for this concession; first, to save the freight and second, for a great many purposes. Any expert with an axe could size them so as to fit them for building purposes. I think the whole scope of the statute and tariff is to prevent *completely manufactured* articles being entered free of duty. It would be straining the act and the meaning of item 504 to construe it in the manner the claimants seek to have it construed in this case. I do not think the case of Magann vs. the Queen reported in ex 2 C.R., page *64 covers this case. In that particu*lar case the tariff act provided that oak lumber sawn but not shaped planed or otherwise manufactured, may be imported into Canada free of duty. The only question for decision before the judge in this case was whether or not the lumber in question had been *shaped* within the meaning of the tariff act. It was held it was not.

"It was also very strongly pressed by Mr. Hogg that what should govern in deciding the case was the condition and the form in which the lumber is produced to the customs and that forms the determining factor in applying any item of the tariff. Apparently, according to his contention no evidence would be receivable except the appearance of the wood. And he cites in support of this the case of the Queen vs. Ayer, a decision of the late Sir H. J. Ritchie, C.J., reported in 1 ex. C.R., at page 232. I think this case has no application to the case before us. In that particular case as pointed out by the chief justice there were various provisions in the tariff act, some of which permitted the ingredients to be entered separately on payment of certain duties. T. E. Ayer & Co. imported these various items for years, paid full duty and then it was subsequently contended that after having legally imported and paid the dues chargeable because they chose to put them together and make a compound liable to a higher duty if imported in that form, that fraud had been perpetrated and that they were bound to pay the extra duty and penalties. The chief justice's simile explains the view. Importation of wine in a cask subsequently bottled in Canada indicates what he meant. As he pointed out the customs tariff provided certain duty on wine if it was imported in bottles. The man imported the wine in a cask, paid the duty and then subsequently bottled it in Canada, and the chief justice referring to the form in which the goods were entered determined that if they came under the item of the tariff and the proper duties were paid under the item, it is of no consequence what is subsequently done with them in Canada.

"Here in the case before me the same question is whether the planks in question after being sawn went through any other process of manufacture. This is a question of fact from the evidence. I think the action fails and should be dismissed with costs."

WILL REORGANIZE MISSION WORK

(Continued from page one.)

munions asked to be received into the communion of the Presbyterian church. Of these the following were received: Rev. John Bell, Rev. James Heron, B.A., Rev. John Harris, Rev. John A. Morrison, D.D., Rev. Arthur G. Langlois, Rev. J. O. Watts, Rev. J. W. Winfield, Rev. G. Watt Smith, Rev. Charles Brown, Rev. W. A Robins, Rev. James T. R. Currie, Rev. James Hood Wilson Macleod, Rev. E. D. Pelletier, Rev. J. H. Stewart, Rev. G. R. Irwin, Rev. J. A. Kennedy, Rev. E. Hall, Rev. G. H. Barrett, Rev. W. H. Muncaster, Rev. Llewellyn Thomas

J. K. Macdonald reported on behalf of a special committee named to consider the question of the formation of a general finance board of the church, the unification of mission work and the standardizing of the salaries of officials. The committee recommended the appointment of a general finance board also that the mission work of the denomination be unified. Mr. Macdonald also presented the report of the aged and infirm ministers' fund. He reported that in all cases annuities had been paid in full during the year. Eighteen of these aged servants of the church had passed away during the year and 16 who had grown aged or infirm were granted leave to retire. These latter were Rev. Walter Reid, Sarnia; Rev. J. P. Macdonald, Halifax; Rev. Charles A. Doudiet, Montreal; Rev. Dr. Alex. Stewart, Huron; Rev. S. C. Gunn, Truro; Rev. John Garroch, Algoma; Rev. A. B. Dickie, Halifax; Rev. J. B. Edmonson, Newton, N.J.; Rev. J. H. Chase, Truro; Rev. Hugh McKellar, Calgary; Rev. Dr. John Hay, Lanark; Rev. Robert Fowlie, Orangeville; Rev. F. Smith, Toronto; Rev. D. McGillivray, Victoria; Rev. Allan Simpson, Halifax.

These men had worked in the church for an average of 30 years each.

Baptists Greeted

Rev. F. W. Patterson and Rev. E. R. McGill, representing the Baptist church of Alberta were introduced and received a most cordial greeting. Dr. Grant called attention to the fact that there was no secretary of the Presbyterian section of the laymen's missionary movement. The general finance board was asked to make an appointment.

In the afternoon J. K. Macdonald reported that the committee on the aged and infirm ministers' fund wished to raise the endowment of the fund to $500,000 so that annuities paid to old ministers might be increased to a living sum. The assembly agreed that this should be done.

Rev. Dr. Baird presented the report of the church office in Winnipeg. This office will in future be under the direct control of the finance board and such additions will be made to the staff as are necessary. Dr. Somerville presented a report as agent of the church in Toronto and Dr. A. E. McCurdy made a similar report for the Maritime provinces. Dr. C. W. Gordon resumed his report on the supply of *students and Alexander Saunders of* Goderich spoke of the establishment in that town of the order of recruits for the ministry. During the latter part of the afternoon a long discussion occurred with reference to a proposal to permit students to graduate as ministers without a knowledge of *Hebrew. Many of the members of* the court, including Dr. Campbell of Montreal and Dr. Forrest of Halifax vehemently opposed the change. The matter was decided by the assembly with an order that courses might be arranged in which a knowledge of Hebrew would not be required.

PREMIER BORDEN VISITS MONTREAL

Everything Possible Will Be Done to Relieve St. Lawrence of Excessive Insurance Rates.

(By Daily News Leased Wire.)

MONTREAL, June 12.—Hon. R. L. Borden, prime minister of Canada, reached the city today and will spend *the day and tomorrow here, after* which he will leave for Halifax. During the course of the day a number of members of parliament called upon the premier as did several prominent in the affairs of the party in this district. At luncheon Mr. Borden was the guest of T. Chase Casgrain, chairman of the Canadian section of the international joint high commission, at the Mount Royal club. The premier stated that his visit to Montreal at the present time was to fulfill numerous engagements he had made to meet those having business with the government.

In reply to a question as to whether the government had come to any decision regarding the site of the Quebec drydock the premier stated that the report of the engineer engaged to report on the rival sites of the Beauport flats and Levis had not yet been received at Ottawa but that it was anticipated it would be forthcoming in a few days.

Regarding the question of the establishment of a Canadian Lloyd's Hon. Mr. Borden stated that the matter was still under the consideration of the government and that everything possible would be done to relieve the St. Lawrence route of the imposition of *higher insurance rates than those ap*plied to New York, Boston and other United States ports.

The prime minister stated that his object in visiting England next month was to discuss with the imperial authorities Canada's naval policy, the improvement and adjusting of existing copyright laws and also to arrive, if possible, at some definite way of improving interimperial steamship and cable communication. He would return to Canada, he said, between August 15 and September 1 and shortly after his arrival home the government would announce its policy regarding the navy question.

OWEN SOUND GROWING

(By Daily News Leased Wire.)

OWEN SOUND, Ont., June 12.—The city, which has a population of 13,000, will apply for a city charter. The abandonment of the port by the Canadian Pacific railway lake steamers has *been offset by the establishment of new* industries. The population is steadily growing.

FATHER SCANLAN DEAD

(By Daily News Leased Wire.)

CHATHAM, Ont., June 12.—Father James Scanlan, member of the Catholic order here and chaplain of St. Joseph's hospital, died this morning, aged 71 years. His people reside in Stratford.

PREMIER REQUIRES NINETY MILLION TAELS

(By Daily News Leased Wire.)

PEKING, June 12.—Premier Tang Shao Yi today informed the financial group representing the powers that he required 90,000,000 taels ($63,000,000) during the month of June. If he does not obtain this, he says, he will consider himself free to borrow elsewhere. The assembly has rejected the scheme for the issue of irredeemable notes and has approved the issue of national bonds at 95½ per cent. repayable within a decade. The total issue will amount to $100,000,000.

A bite of this and a taste of that, all day long, dulls the appetite and weakens the digestion.

MARKETS

TRADING DULL AT WINNIPEG

WINNIPEG, June 12.—On the wheat market trading was dull and little was doing in options. Prices at opening were unchanged to ¼c lower and continued steady during the earlier hours, but later with Americans showing some strength and an improved demand, prices advanced ½c for July and ⅜c for October and closed ¼c higher, steady in tone and dull.

Oats were very dull and unchanged to ⅛@⅜c lower. Continental cables were undecided and Liverpool closed ¾@1¼c lower, while American markets opened ⅛c lower to ⅛c higher, but gradually strengthened toward the close. Minneapolis closed unchanged for July but later months were ⅛@⅜c higher. Chicago closed ⅛@⅝c higher for wheat, ⅜@⅝c higher for corn and ⅛@⅜ higher for oats. The Winnipeg cash demand was fair during the early part of the session, but later was more active while offering were scarce and sellers were coy. Export enquiry was slow. Receipts were 250 cars.

NEW YORK MARKET DULLER THAN EVER

NEW YORK, June 12.—For absolute dullness and insignificance the operations to today's stock market has seldom been equalled thus far this year. The movement was listless and halting from the very outset and in the first three hours just about 100,000 shares changed hands, the day's total output being 162,000 shares Most of the active issues and other speculative favorites fluctuated fractionally with here and there some changes that extended beyond a point. Some semi-active issues were not traded in at all and the result may be set down as negligible.

Following an irregular opening prices hardened slightly and as the session proceeded further improvement was noted, but the limit of apathy was reached in the final hour.

Canadian Pacific was virtually the only high class stock to display marked strength, probably on the absence of pressure from abroad, and the Harriman and Hill shares were almost altogether neglected, with some late heaviness in Union Pacific. An optimistic statement of general conditions attributed to the head of the Great Northern and Northern Pacific lines was of little benefit to the securities of those roads. Some of today's news from important agricultural centres was not altogether promising. These advices should have been offset by the regular weekly reviews of steel and iron journals which lost little of their recent encouraging character, albeit admitting that in certain specific instances demand has slackened somewhat.

Money was in good demand abroad and British discounts were easier. Further realizing of stocks was reported from Berlin. Local bankers again asserted that conditions at the German capital were improving but private advices from London were less assuring. Money conditions at home were marked by greater firmness, with a slight advance in all accommodations ranging from four to nine months, the rate for the latter period going to 4¼ per cent. The loss of the local banks to the subtreasury since last Friday amounts to almost $3,000,000, which is much in excess of last week's figures. Forecasts point to another actual loan expansion before July 1. The bond market was irregular and narrow, keeping pace with the movement in stocks. Total sales, par value, $1,785,000. United States government bonds were unchanged on call.

MONTREAL MARKET DEPRESSED

(By Daily News Leased Wire.)

MONTREAL, June 12.—At the morning meeting of the Dominion Steel corporation J. H. Plummer, president of the company, stated that "if it were not for the fact that the company looked forward to the removal of the certain depressing factors, it would not continue to pay a 4 per cent dividend on the common." That was the outstanding feature of his remarks in moving the adoption of the annual report.

The local market continued somewhat depressed and prices in some cases touched lower level on the movement. Cement market was weak and the price touched 27, the lowest in months. The preferred was also off at 88½. There was some liquidation of Steel which carried the price off to 64⅞. Power sagged to 207¼ and Richelieu to 117. The old feeling about considerable Richelieu overhanging the market reasserted itself. Rio was a strong spot in the early trading, going to a new high at 139¾ but later reacting to 139. C.P.R. was firm at 264 @265 and Soo at 141½. Converters were steady at 45¼ and Rails stiffened to 142¾. Canadian Cottons rallied to 27¼ and Shawinigan was steady at 137¾. Trading was quiet in the local market during the afternoon but the undertone continued irregular. C.P.R. was an exception, going to 265½. Cement held at 27 and preferred at 64¾ but offerings were light and it sold at 64⅞. Rio was easier at 138¾ and Power 207½.

CHICAGO CATTLE MARKET

(By Daily News Leased Wire.)

CHICAGO, June 12.—Cattle—Receipts, 14,600; market steady to 10c higher. Beeves, $6.10@9.40; Texas steers, $6.50@8.25; western steers, $6.50@8.25; stockers and feeders, $4.30@6.90; cows and heifers, $2.90@8.30; calves, $6@8.75.

NOTICE OF DISSOLUTION

Notice is hereby given that the partnership heretofore existing between the undersigned as painters, at the city of Nelson, under the firm name of Dodd & Brown is this day dissolved by mutual consent. All debts owing to the said partnership are to be paid to Sidney Dodd, of the city of Nelson, and all claims against the said partnership are to be presented to the said Sidney Dodd, by whom the same will be settled.

Dated at Nelson this 11th day of June, 1912

SIDNEY DODD.
49 THOMAS BROWN.

CORPORATION OF THE CITY OF NELSON

By-law No. 232

A By-law to raise twenty thousand (20,000.00) dollars for the purchase of a site for a fire hall, the building of a fire hall thereon and the equipment thereof within the municipal limits of the city of Nelson.

Whereas a petition has been presented to the municipal council of the city of Nelson, signed by the owners of at least one-tenth of the value of the real property of the city of Nelson as shown by the last revised assessment roll, requesting the council to introduce a by-law for the purpose of purchasing a site for a fire hall, erecting a fire hall thereon and equipping the same, the cost of such site, buildings and equipment not to exceed the sum of twenty thousand ($20,000.00) dollars.

And whereas it is deemed expedient to comply with the request of the petitioners.

And whereas for the purpose aforesaid it will be necessary to borrow the sum or twenty thousand ($20,000.00) dollars and to issue debentures of the city of Nelson for the purpose of raising said amount.

And whereas the whole amount of rateable land of the said city of Nelson according to the last revised assessment roll is $1,642,355.

And whereas it will be requisite to raise annually by rate the sum of $1,707.22 for paying the said debt and interest.

Now therefore, the Municipal Council of the Corporation of the City of Nelson enacts as follows:

1. It shall and may be lawful for the Mayor of the Corporation of the City of Nelson to borrow upon the credit of the said Corporation, by way of debentures hereinafter mentioned from any person or persons, body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of twenty thousand ($20,000.00) dollars and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and object hereinafter recited.

2. It shall be lawful for the Mayor of the said Corporation to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid, not exceeding, however, the sum of seven thousand five hundred ($7,500.00) dollars each of the said debentures being of the denomination of one thousand (1,000.00) dollars, and all of such debentures shall be sealed with the seal of the Corporation and signed by the Mayor thereof.

3. The said debentures shall bear date the first day of July, 1912, and shall be made payable in twenty (20) years from the said date in lawful money of Canada, at the office of the Bank of Montreal in Nelson, aforesaid, which said place of payment shall be designated by the said debentures, and shall have attached to them coupons for the payment of interest, and the signatures to the interest coupons may be either written, stamped, printed or lithographed.

4. The debentures shall bear interest at the rate of 5 per cent per annum from the date thereof, which interest shall be paid semi-annually at the said office of the Bank of Montreal in Nelson aforesaid, in lawful money of Canada, on the first day of January and the first day of July respectively in each year during the currency thereof, and shall be so expressed in said debentures and coupons to be so payable.

5. It shall be lawful for the Mayor of the said Corporation to negotiate and sell the said debentures, or any of them, but in no case shall the debentures, or any of them, be negotiated or sold for less than ninety-five per centum of their value, including the cost of negotiating the sale, brokerage and all other incidental expenses.

6. There shall be raised and levied in each year during the currency of the debentures the sum of $375 for the payment of interest, and the sum of $265.20 for the repayment of the principal moneys secured by the said debentures, by rate sufficient therefor on all the rateable land in the said Municipality.

7. It shall be lawful for the Municipal Council to repurchase any of the said debentures upon such terms as may be agreed upon with the legal holders or holders thereof or any part thereof, either at the time of sale or any subsequent time or times, and all debentures so repurchased shall forthwith be cancelled and destroyed, and no reissue of debentures so repurchased shall be made in consequence of such repurchase.

8. This by-law shall take effect on and after the 29th day of June, 1912.

9. This by-law shall be cited for all purposes as the "City of Nelson Fire Hall By-law No. 232, 1912."

Done and passed in council assembled this ..... day of ....., 1912.

NOTICE

Take notice that the above is a true copy of the proposed by-law upon which the vote of the Municipality will be taken at the City of Nelson on the twentieth day of June next, between the hours of 9 o'clock a.m. and 7 o'clock p.m.; for the East Ward at the City Hall, corner of Front and Ward streets, and for the West Ward at the Band Room, 509 Kootenay street.

W. E. WASSON,
City Clerk.
Nelson, B.C., June 7th, 1912. 45-12

CORPORATION OF THE CITY OF NELSON

By-law No. 233

A By-law to raise seven thousand five hundred (7,500.00) dollars for the purpose of extending the existing water works system of the City of Nelson.

Whereas a petition has been presented to the municipal council of the city of Nelson, signed by the owners of at least one-tenth of the value of the real property of the city of Nelson as shown by the last revised assessment roll, requesting that a by-law be introduced authorizing the issue and sale of debentures of the City of Nelson to the extent of Seven thousand five hundred ($7,500.00) dollars for the purpose of extending the existing water works system of the City of Nelson.

And whereas it is deemed expedient to comply with the request of the petitioners.

And whereas for the purpose aforesaid it will be necessary to borrow the sum of seven thousand five hundred ($7,500.00) dollars, and to issue debentures of the City of Nelson for the purpose of raising said amount.

And whereas the whole amount of rateable land of the said city of Nelson according to the last revised assessment roll is $1,642,355.

And whereas it will be requisite to raise annually by rate the sum of $640.20 for paying the said debt and interest.

Now therefore, the Municipal Council of the Corporation of the City of Nelson enacts as follows:

1. It shall and may be lawful for the Mayor of the Corporation of the City of Nelson to borrow upon the credit of the said Corporation, by way of debentures hereinafter mentioned from any person or persons, body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of seven thousand five hundred (7,500.00) and to cause such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and object hereinbefore recited.

2. It shall be lawful for the Mayor of the said Corporation to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid, not exceeding, however, the sum of seven thousand five hundred ($7,500.00) dollars, each of the said debentures being of the denomination of one thousand ($1,000.00) dollars, and all of such debentures shall be sealed with the seal of the Corporation and signed by the Mayor thereof.

3. The said debentures shall bear date the first day of July, 1912, and shall be made payable in twenty (20) years from the said date in lawful money of Canada, at the office of the Bank of Montreal in Nelson, aforesaid, which said place of payment shall be designated by the said debentures, and shall have attached to them coupons for the payment of interest, and the signatures to the interest coupons may be either written, stamped, printed or lithographed.

4. The debentures shall bear interest at the rate of 5 per cent per annum from the date thereof, which interest shall be paid semi-annually at the said office of the Bank of Montreal in Nelson aforesaid, in lawful money of Canada, on the first day of January and the first day of July respectively in each year during the currency thereof, and shall be so expressed in said debentures and coupons to be so payable.

5. It shall be lawful for the Mayor of the said Corporation to negotiate and sell the said debentures, or any of them, but in no case shall the debentures, or any of them, be negotiated or sold for less than ninety-five per centum of their value, including the cost of negotiating the sale, brokerage and all other incidental expenses.

6. There shall be raised and levied in each year during the currency of the debentures the sum of $375 for the payment of interest, and the sum of $265.20 for the repayment of the principal moneys secured by the said debentures, by rate sufficient therefor on all the rateable land in the said Municipality.

7. It shall be lawful for the Municipal Council to repurchase any of the said debentures upon such terms as may be agreed upon with the legal holders or holders thereof or any part thereof, either at the time of sale or any subsequent time or times, and all debentures so repurchased shall forthwith be cancelled and destroyed, and no reissue of debentures so repurchased shall be made in consequence of such repurchase.

8. This by-law shall take effect on and after the 29th day of June, 1912.

9. This by-law shall be cited for all purposes as the "City of Nelson Sewer Extension By-law No. 234, 1912."

Done and passed in council assembled this ..... day of ....., 1912.

NOTICE

Take notice that the above is a true copy of the proposed by-law upon which the vote of the Municipality will be taken at the City of Nelson on the twentieth day of June next, between the hours of 9 o'clock a.m. and 7 o'clock p.m.; for the East Ward at the City Hall, corner of Front and Ward streets, and for the West Ward at the Band Room, 509 Kootenay street.

W. E. WASSON,
City Clerk.
Nelson, B.C., June 7th, 1912. 45-12

A Safe, Sensible Investment

An improved fruit farm comprising 93 acres of strictly choice fruit land and with one-half mile frontage on Kootenay lake. Fifteen acres cleared and under cultivation, 10 acres of which are in bearing orchard. One acre of strawberries; one acre of small fruits; registered water right and water ditched over farm. Could be sub-divided into smaller tracts to advantage. Considering this location and the very fine quality of the land and improvements (the orchard being in first class condition and of standard varieties) we consider this farm one of the best buys in the district today.

Price $10,000. Terms arraged.

TENDERS WANTED

Tenders will be received by the undersigned up to and including Saturday, June 15, for the purchase of the property situate on the corner of Kootenay and Victoria streets, known as St. Paul's Presbyterian church property. It consists of four lots and is an ideal location for residence. Tenders will be received for the property en bloc or subdivided.

Terms of sale: One-third of purchase price at time of transfer, the balance in two equal annual instalments at the current rate of interest. The trustees do not bind themselves to accept any tender.

Address tenders to the undersigned, marked "Tender for purchase."

D. C. M'MORRIS,
For the Board of Trustees.
Nelson, B.C., May 30, 1912. 39-14

Corporation of the City of Nelson NOTICE

Notice is hereby given that under the provisions of Bylaw No. 80, "Pound and Dog Tax Bylaw";

"Every owner, possessor or harborer of a dog in the city of Nelson is required to pay annually a tax of two dollars for each dog, and a tax of five dollars for every bitch owned by him.

"No person shall suffer or permit his dog to run or be at large in the city of Nelson for which such person has not paid the tax required by him unless such dog shall have round his neck a collar or strap to which shall be attached a metallic plate, to be supplied by the city on payment of the said tax."

I am instructed to hereby demand payment of the above tax from every person liable for same on or before the 20th day of June next.

W. E. WASSON,
City Clerk.
Nelson, May 28, 1912. 37-15

TENDERS

Tenders will be received up to June 17th, 1912, addressed to undersigned at West Summerland, B.C., for purchase of assets of Okanagan Commercial Orchards Company, Limited.

These assets consist of two commercial orchards. One orchard comprises about 700 acres near Bonnington Falls, and one comprises about 147 acres, near Summerland. There is also about 150 acres unimproved fruit land near Kaleden, all in British Columbia.

Tenders will be received for all or part of said assets. Each tender must state terms of payment. Further particulars on application to J. J. Campbell, Nelson, B.C., or to the undersigned.

NOTICE TO CONTRACTORS

Sealed tenders addressed to N. J. Harrison, secretary of the Cranbrook school board, will be received up to 12 o'clock noon Monday, the 17th day of June, 1912, for the erection and completion of a solid brick two room school building, to be built in the city of Cranbrook, B.C. Also for a solid brick manual training school, to be built in the same city.

Separate tenders for each building are required. A marked cheque to the extent of 10 per cent of the amount of the tender must accompany each tender, cheque to be drawn on a chartered bank of Canada, and made payable to the Cranbrook School Board. The board will return the cheques of the unsuccessful tenderers. The board will hold the cheque of the successful tenderer until final completion of the work. Should the tenderer fail to complete his contract or refuse to enter into a contract with the board, the cheque will be forfeited to the board.

The lowest or any tender not necessarily accepted. Plans and specifications may be seen after Monday, June 10, at the office of J. J. O'Gara & Co., architects, Hanson Building, Cranbrook, B.C. 37-6

SYNOPSIS OF COAL MINING REGULATION

Coal mining rights of the Dominion, Manitoba, Saskatchewan, and Alber the Yukon territory, the North-we Territories, and in a portion of the pr vince of British Columbia, may be leas for a term of twenty-one years at a annual rental of $1 per acre. Not mo than 2,560 acres will be leased to o applicant.

Application for a lease must be ma by the applicant in person to the Age or Sub-Agent of the district in whi the rights applied for are situated.

In surveyed territory the land must described by sections, or legal sub-divi lons of sections, and in unsurveyed ter tory the tract applied for shall be stak out by the applicant himself.

Each application must be accompani by a fee of $5 which will be refunded the rights applied for are not availab but not otherwise. A royalty shall paid on the merchantable output of mine at the rate of five cents per to

The person operating the mine sh furnish the Agent with sworn returns counting for the full quantity of me chantable coal mined and pay the royal thereon. If the coal mining rights not being operated, such returns shou be furnished at least once a year.

The lease will include the coal mini rights only, but the lessee may be pe mitted to purchase whatever availab surface rights may be considered nece sary for the working of the mine at t rate of $10.00 an acre.

For full information application shou be made to the Secretary of the Depar ment of the Interior, Ottawa, or to a Agent or Sub-Agent of Dominion Land

W. W. CORY,
Deputy Minister of the Interior

LIQUOR ACT

Notice is hereby given that on the 4th day of July, 1912, next, application will be made to the Superintendent of Provincial Police for the transfer of the license for the sale of liquor by retail in and upon the premises known as the Kootenay Falls hotel, situate at Slocan Junction, British Columbia, from Moore & Johnson to J. W. Moore, of Slocan Junction, B.C.

Dated this 1st day of June, 1912.

MOORE & JOHNSON,
Holders of License,
41-30 Applicant for Transfer.

COAST FIRM GETS LIQUOR LICENSE

John Robertson & Son Will do Wholesale Business in Nelson—Commissioners Make Transfers

John Robertson & Son, a coast firm, *was yesterday granted* a wholesale liquor license at the meeting of the city license commissioners. Transfers of the Grand saloon license from S. Matheson to John Blomberg and of the Nelson hotel license from the Ink estate and W. A. Ward, to W. A. Ward were granted.

It was explained with regard to the *Robertson application that the coast* firm really required the license for warehouse purposes, intending to store beer at a local warehouse from which it could be distributed. All existing retail and wholesale liquor licenses were ordered to be renewed on July 15. The Mayor, Phil Wade and Ald. Houston were present.

NELSON NEWS OF THE DAY

Hir honor Judge Forin will hold chambers this morning.

J. L. Hirsch is absent from the city on a visit to the east.

For the purpose of going thoroughly *into the street railway question the city* council will hold a committee meeting at 7.30 o'clock this evening.

The special council committee appointed to go into the question of illuminating Baker street on the local improvement plan will commence its canvass of property owners today.

John Burns & Son have been awarded *the contract for the construction of the* agricultural hall and skating rink at Trail. The total cost will be about $9,000.

The usual weekly prayer and praise service in connection with St. Paul's church will be held this evening in the parlor of the old church at 8 o'clock. The service will be conducted by the pastor.

Miss MacMurchy of Toronto, Mission Band secretary of the W.M.S., will address the members of the Womans Missionary society in the reception room of the Presbyterian church tomorrow *afternoon.*

In the window of the offices of the B. C. United Agencies is being exhibited a specimen of limestone, which assays 73 per cent lime, from a deposit discovered on some land in the Slocan valley.

C. F. McHardy, who has just returned from a trip to the coast, left last night for Salmon Arm where he will attend, as representative of Kootenay, the meeting of the provincial board of horticulture which will take place on Friday.

C. J. Verbeke, the Belgian for whose *extradition his home government is ap*plying, will probably appear before Judge Forin today. He is said to have been guilty of fraudulent bankruptcy at St. Nickolas, Belgium, and to have been sentenced after leaving the country to four and a half years' imprisonment.

All officers and teachers of St. Paul's Presbyterian Sunday school are reminded of the usual monthly meeting to be held this evening in the parlor of the old church at 8.45 o'clock, as there is some important business to be brought up for discussion. Conveners of committees are asked to present their reports in writing.

Capt. J. C. Gore, superintendent of the C.P.R. lake and river service fleet, is in the Okanagan district on a trip of inspection, and will also make arrangements when there for the handling of the season's fruit crop. In order to cope with the heavy shipments anticipated for this season, the C.P.R. is having constructed another car barge and a deck barge for service on the Okanagan lake.

Ask or write for the Hudson's Bay company's grocery price list. 161-tf.

King George Cafe, Hall street, serves *the best 25 cent dinner in Nelson.* Neat, clean place to dine. Short orders a specialty. Harry C. Holmes, proprietor. 46-7

Henry Ikin solicits your patronage for the cleaning, pressing, repairing and alteration department of tailoring. Goods called for and delivered. Phone 329, over Hall & Jessup's, Baker street. *45-5

JOB DIRECTORY

What's your line of work?

Are you a salesman, an accountant, a tailor, a stenographer, a domestic servant, a cook, a nurse, a teamster, a carpenter, a metal worker—or do you follow any one or more of the other scores of employments?

Are you interested in a directory of the jobs that are available in your vocation or in other lines?

Do you want to know what's doing in the world of work?—read the Wants.

The Daily News Want Ads outline from time to time the chances that are available in every line of human endeavor.

Wise workers read the Wants.

AT THE THEATRE

What the Soo paper *says about the* Great McEwen company that is to play in this city next week: "McEwen did stunts with manacles and handcuffs last night that made local officers take notice. If the criminal classes were possessed of the method that he uses to release himself there would be no virtue in locks and bars. In full view of the audience he removes handcuffs, chains, leg irons and odd manacles, and then as a finishing touch he took an elaborately constructed bar, apparently made in a blacksmith shop, and which was sent to Officer Long by a friend, and freed himself in an instant from same, in full view of the audience. Miss Hartly sings delightfully each night."

ALBERTA BOARDS AID LOCAL BUREAU

Want British Business Men to Travel *One Way via Crow's Nest* Route

To the efforts of R. F. Green, M.P., the Associated Boards of Trade of Eastern British Columbia, the Nelson publicity bureau and the local members and local boards of trade in this district who are using their influence toward *inducing the immigration de*partment to route the party of British business men through Kootenay either on the return or on the way to the coast has been added those of the Associated Boards of Trade of Southern Alberta, who are anxious to see the party travel over the Crow's Nest line. Pincher Creek, Alta., brought the matter *before the Southern Alberta* Central association.

H. H. Currie, publicity commissioner, has received a letter from Mr. Green in which the member for Kootenay states that he has telegraphed to Hon. Robert Rogers, minister of the interior, urging Kootenay's claim to be placed on the itinerary.

Provincial members in many of the ridings in Kootenay and various local boards are aiding by communicating with the authorities at Ottawa.

White Swan Yeast Cakes

combined with good flour and careful baking make the most delicious homemade bread you ever tasted. Insist upon your grocer giving you White Swan Yeast Cakes—5c. a package of six cakes. Sample sent on request. White Swan Spices & Cereals, Limited, Toronto, Ont.

TO ABOLISH COMMERCE COURT

(By Daily News Leased Wire.)

WASHINGTON, June 12—The law creating the commerce court would be specifically repealed, its five judges dropped from the government rolls and the total circuit judges thus *reduced* from 34 to 29 under an amendment to the legislative, executive and judicial appropriation bill adopted by the senate today. The amendment was proposed by Senator Smith of Georgia. Both houses had already acted in accord in omitting any appropriation for the court.

TRAIN HAS HOODOO

(By Daily News Leased Wire.)

SANFORD, Man., June 12—Train No. 12, running eastward to Winnipeg left the rails about four miles east of here at 4:15 today. The trucks of the tender by some unexplained means, swerved sideways off the track and by the time the engineer brought the train to a stop about 100 yards of track had been plowed down the centre. The same *thing happened to the same train, same* trucks, same engine at Rose Isle yesterday. It took the train crew over three hours to get the trucks back on the rails, the train which was due at Winnipeg shortly after 4 o'clock not arriving until 8:35.

TWO CHILDREN BURNED IN QUEBEC FIRE

(By Daily News Leased Wire.)

QUEBEC, June 12—Two children were burned to death in a fire in a tenement house today. The fire broke out in the dwelling of Mr. Gastonguay, 45 St. Dominique street, and the flames spread with such rapidity that Robert, eight years old, and Rene, five years old, were burned to death. Mrs. Gastonguay narrowly escaped being suffocated and another child had his eye badly injured by falling glass. After the blaze had been extinguished Robert's body was found in a clothes basket in the bath room and the charred remains of Rene were found in the bed room. Mr. Gastonguay who is a C.P.R. baggage man, escaped injury.

STOLEN MONEY ORDERS CASHED IN CALGARY

(By Daily News Leased Wire.)

LETHBRIDGE, Alta., June 12.—George Ross, Dominion postoffice superintendent, arrived yesterday to inspect the local office. He announces that the office at Monarch had been robbed during the last few days and a large number of blank money orders taken. Indications are, declared Mr. Ross, that the same men who robbed the Sterling office did the Monarch job. He admitted that a number of the stolen orders were cashed in Calgary during the past few days, large amounts being involved, as well as several having been cashed in Caley and Nanton.

CRUSHED TO DEATH BY CAN OF WHEY

(By Daily News Leased Wire.)

WOODSTOCK, Ont., June 12—John McKenzie of Ingersoll was killed this morning near Lakeside by the slipping of a can of whey which he was unloading from a wagon. Mr. McKenzie was visiting his son on the homestead *and this morning was giving a hand* with the work around the barn. The whey had been brought from the cheese factory and as Mr. McKenzie was unloading one of the cans while standing underneath it, the can overbalanced and fell on him, killing him instantly.

COPPER STOCKS UIET

(By Daily News Leased Wire.)

LONDON, June 12.—Money was in good demand and discount rates were slightly easier today. The stock market although quiet displayed a somewhat better tendency. *The indifferent response of the* dock workers to the call for a national strike improved home rails moderately, and consols and kaffirs closed slightly better. Copper stocks were quiet. American securities opened steady and a fraction higher. Trading was light during the morning but the market was supported in the afternoon and prices moved irregularly. Most of the list declined but C.P.R. and Union Pacific were in demand and closed higher. Carryover rates for American shares ranged from 4¼@4¾.

RESOLUTION

Whereas, there is now employed at the Cinderella mine, near Three Forks, a Chinese cook, and

Whereas, through the loyalty of its friends and the fidelity of its membership, this union has hitherto been successful in maintaining a "White B.C." in so far as its local jurisdiction extends, and

Whereas, every friendly overture to secure a continuance of this state of affairs has been unsuccessful in persuading the management of the property in question to dismiss the Chinaman, therefore be it

Resolved, that this, Sandon Union No. 81, of the Western Federation of Miners, vigorously condemns the employment of Asiatic help, in any capacity, and calls upon its friends and members to use every lawful and honorable effort to secure the banishment of the present Oriental, and prevent the future introduction of a class of labor that can only result in lowering our present standard of living, and injury to the moral, social and civic tone of the community, and be it further

Resolved, that the sense of this resolution, and a history of the reasons responsible for its adoption, be circulated as widely as possible amongst the membership and friends of organized labor, in this portion of the province of British *Columbia.*

Sandon, B.C., May 28, 1912. 39-tf.

NELSON NEWS OF THE DAY

Jack Archer of Mirror Lake is at the Madden.

D. McEachren of Salmo is at the Grand Central.

E. Mobbs of Gerrard is a guest at the Tremont.

A. E. Cameron of Ottawa is at the Strathcona.

Mr. and Mrs. P. J. Locke of Crawford Bay are at the Hume.

Among the guests at the Queens is A. T. Sterling of Waneta.

John Hunt will leave today for a visit to Halcyon Hot Springs.

C. W. Young, chief of police, is temporarily off duty on account of illness.

David Reese, of the C.P.R. shops returned last night from a visit to Vancouver.

The monthly meeting of the board of trade will be held this evening at 8.30 o'clock.

There will be a meeting of the executive of the Kootenay Fruit Growers' union today.

A. Coolidge and B. W. McPhee of Spokane are among the guests at the Strathcona.

Rev. A. E. Smith will address the midweek meeting this evening in Trinity Methodist church.

A. M. Nye, travelling passenger agent for the New York Central lines, was in the city yesterday on company business.

William Cutler, who has conducted a collection agency business in Nelson for seven years, has sold out to C. G. Johnson.

R. L. Douglass, who has been confined to the hospital since last fall, has now left that institution and is convalescent.

G. H. Hoggarth and V. Hyde Baker of Cranbrook registered at the Hume last night on their way to Kalso for a fishing trip.

Rising half an inch the water in the west arm yesterday reached a height of 9 feet 11½ inches, according to the guage of the Nelson Boat & Launch Co.

S. S. Fowler has received his new 28-foot, 20-horse power launch from the east. The boat in a trial run on the main lake made about 17 miles an hour but is expected to do better.

All Pythian Sisters are asked to attend the regular meeting this evening at 8 o'clock when important business will be considered. Refreshments will be served. Visiting sisters and brethren are invited.

One of the West Kootenay exhibits at the dry farming congress at Lethbridge will be a 12-pound rainbow trout caught at Proctor by H. E. R. Bedford. The big fish has been mounted on birch bark by the publicity bureau and will be used for exhibition purposes.

There will be a meeting of the executive committee of the Baptist church this evening at 7.30 o'clock. At the close of the prayer meeting a brief meeting will be held to elect delegates to the British Columbia convention at New Westminster on June 25.

MISS DELVES WEDS CLARK J. FLOYD

Local Couple Were Centre of Pretty Marriage Ceremony—Honeymoon at Spokane and Coast

At 6 o'clock yesterday morning a quiet wedding took place at the home of Mr. and Mrs. Frank H. Delves when their only daughter Miss Flora Elizabeth Mary, and Clark Johnson Floyd, formerly of Cobourg Ont., were united in marriage by Rev. E. S. Logie. Miss Sophie Fries acted as bridesmaid and Vause Foster as best man.

The bride who looked very charming, wore white,with long white veil and carried a bouquet of white carnations and sweet peas. The bridesmaid looked very pretty in a gown of white serge.

The ceremony was performed on the balcony which was prettily and artistically decorated with snow balls, carnations and ferns. After a dainty wedding breakfast prepared by the bride Mr. and Mrs. Floyd left on their honeymoon for Spokane and other points.

Among the numerous presents were the following: J. H. Ward, late manager telephone company, now of Vancouver, case of table cutlery; Mrs. Margaret Brown, china tea set; Mr. and Mrs. Lupton, silver knife and butter dish; Miss Ruby Lupton, bon bon dish; B. C. telephone operators, cut glass water set; Mrs. C. J. Miller, table linen; the Misses Fawcett, silver sugar tongs; Miss Brown of Glasgow, Scotland, pearl-handled butter fork; a friend, silver caster; Miss McKimm, table linen; C. Floyd, silver tea set; Master Frank Delves, salad bowl; Master Bertie Delves, silver pickle jar; Miss Joy, cream and sugar set; Miss Jones, jewelled fan; Vause Foster, cold meat fork; Mr. and Mrs. J. H. HOW WILL CANAL AFFECT WEST?

Congress at Calgary to Consider Question—Many Matters at Tonight's Board of Trade

Calgary board of trade has invited the Nelson board to send representatives to a congress which will consider the position of western Canada on the completion of the Panama canal. The congress will be held on June 28 and 29. This invitation and many other important matters will be dealt with at this evening's meeting of the board of trade.

The board will also discuss the lack of action on the part of the district federal engineer in the waterfront dredging matter, the freight rates question with reference to the general enquiry to be held at Ottawa on June 20, and the letter "knocking" Nelson which was written to an English paper by some person named F. Williams.

Several communications from residents on the west arm referring to the Balfour road will be read. The meeting tonight is at 8.30 o'clock.

Y. M. C. A. OFFICIALS ARE REAPPOINTED

Directors Re-engage General Secretary and Physical Director—Report on Convention.

At the regular monthly meeting of the board of directors of the Y. M. C. A. on Tuesday evening the general secretary, W. H. Johnson, and the physical director, James Thompson, were engaged for another year. A report was given of the recent Y. M. C. A. convention in Winnipeg.

At this convention the Y. M. C. A. work in Canada was placed on a national basis with a national council at the head composed of 36 members, 24 of whom were chosen territorially and 12 by the convention at large. This national council will be the executive body of the convention. They have the power to appoint a general secretary for the Dominion and any other secretaries necessary to carry on the work of supervision. The same relation exists as formerly with the international committee in New York. The new organization will be known as the Canadian national convention of the Young Men's Christian association, with headquarters in Toronto. There were 131 delegates present, representing every association in the Canadian west and a fair proportion of the associations in central and eastern Canada.

The board decided to adjourn until September. A special committee was appointed consisting of H. E. Dill, E. A. Crease and S. H. Playle to pass upon matters of importance during this interval.

Membership under 18 years, qualified voters, 4,128; yes, 2,909; no, 346. Adherents, qualified, 5,458; yes, 4,728; no, 606.

MAKE IMPROVEMENTS AT CREEL LODGE

Bathhouse and New Wing to be Added —Australian Judge Has Good Sport With Trout

Another wing and a bathhouse are to be added to Creel lodge, the C.P.R. chalet at the Bonnington fishing pool, according to an announcement which was made yesterday by J. S. Barrett, who was recently appointed manager.

Improvements already made since Mr. Barrett took charge include the widening of the trail, the erection of a large signboard, the securing of new cutlery and plates and the erection of tents to accommodate the increased patronage which is being accorded the lodge.

It is also planned, said Mr. Barrett, at the Strathcona, to have a telephone installed and to arrange for special week-end rates. "We want to make Creel lodge a kind of country inn," he said.

Trout fishing at the pool is excellent at present, he stated. Mr. Justice O'Connor of Sydney, Australia and his son who are staying at the lodge, having made some good catches during the past few days.

SUFFOCATED BY AMMONIA

Local Manager for P. Burns Company at Rossland Has Narrow Escape

(Special Correspondence.)

ROSSLAND, B. C., June 12.—Chris. Coughlan, local manager for the P. Burns company, was nearly suffocated by ammonia in the refrigerating plant of the store this afternoon. He is now lying in the hospital and will recover in a few days.

Coughlan was repairing a leak in an ammonia pipe in the basement when it burst and flooded the room with gas. He was completely prostrated but managed to stagger outside bleeding from his eyes and nose. Attracted by the ammonia fumes neighboring storekeepers were soon on the scene and carried him to Dr. Coffin's office, where he was attended to. He was afterwards removed to the hospital to recover.

F. S. Hall, of the firm of Hall & Jessup, of Nelson, is in Rossland today to make arrangements for the opening of a dry goods store here. Premises in the Smith Curtis block, recently purchased by the Knights of Columbus, have been obtained and will be fitted up anew in preparation for a stock of goods. Mr. Hall expects to open the new store about August 1 with a $10,000 stock. Mr. Hall, who was accompanied by his wife and daughter, left for Nelson this evening.

William Henderson, Dominion resident architect, of Victoria, passed through Rossland this evening on his way to Grand Forks. He came from Nelson and previous to being there was at Fernie and points on the main line. He has charge of all British Columbia buildings of the Dominion government.

A. M. Nye, travelling passenger agent for the New York Central lines at Spokane, arrived in Rossland last night and left for Nelson this morning.

Mark Hand, a Chinese oldtimer in Rossland, and well known as a prominent timber and logging contractor, has left for China for six months. His wife died there recently and he goes back on that account.

H. R. Cramer of Nelson was a visitor in the city yesterday and left on the Spokane train this morning.

A dance was held in Oddfellows' hall this evening and was attended by a large number of young people. It was under the auspices of Lawson's orchestra, who supplied the music throughout the evening.

Rossland was visited today by one of the most beneficial rains that ever visited this section of the country. Following showers through the night, a steady rain began before noon today and continued until evening. As no rain had fallen for several week, the ranchers are feeling the benefit of the moisture. The spring was more than unusually wet and fruit has been in the best of condition so far this season. Ranchers are particularly well pleased over the change in the weather.

Rossland stores closed this afternoon for the first weekly half holiday this season. These holidays will continue during June, July and August.

KIMBALL IS NOMINATED

(By Daily News Leased Wire.)

ST. JOHN, N. B., June 12.—Sunbury county Liberals today nominated George Kimball in place of A. R. Miles, who withdrew from the provincial contest on account of ill health. There will be contests in every consituency in New Brunswick on June 20. In Northumberland, however, it is doubtful if the Liberals will put up a ticket in view of an independent ticket being announced to run against the government candidates.

BRAKEMAN KILLED

SASKATOON, June 12—H. B. Buchanan, a Canadian Northern railway brakeman, who resides in the city died yesterday at Kindersley as the result of being crushed between a couple of freight cars while at work in the yards there. He was formerly of Toronto and leaves a wife and small child.

Flour and Feed Users

We will soon move to our new building that is about finished at the foot of Stanley St. At present we are doing business at the old stand on Front street.

We have a complete stock of every kind of feed that is used in this country. And our stock of flour is O.K. You should try a sack of either our Pride of Alberta or a sack of Mother's Favorite Flour.
