SELL MUCH LAND IN SLOCAN VALLEY

Over Fourteen Hundred Acres Changes Hands

TO PLANT THREE THOUSAND TREES

Ham Ranch Is Being Rapidly Developed -- Winnipeg Men Buy Tracts

Evidence of the rapidity with which the lands of the Slocan river district are being developed is given by sales aggregating 1,368 acres which were reported last night by D. St. Denis, Popoff & Crofts and T. A. Robley of the B. C. United Agencies. The sales consist of tracts, some of which are already partially developed, of 313 acres, 160 acres, 247 acres, 381 acres, 223 acres, 13 acres, 20 acres and 11 acres. All the land is located between the junction of the Slocan and Kootenay rivers and within a few miles of Slocan city.

One of the most important sales reported by Mr. St. Denis is that of the Ham ranch of 381 acres to Popoff & Piroscho. Upward of 30 acres have been cleared on this property and substantial farm buildings were erected by the former owner. Mr. Ham gave little attention to fruit growing, planting only about 75 trees, all of which are now in bearing.

Plant Three Thousand Trees.

The present owners, since taking possession about April 15, have cultivated sufficient ground to accommodate upward of 1,000 trees, which are now set out. They intend to cultivate the entire present clearing as well as whatever other ground they may be able to clear this year so that by fall they will have upward of 3,000 trees planted.

"This place, situated as it is within two miles of Slocan city, with the government wagon road running through the land and with the railway line running between the two lots, and the Slocan river at the front, is a particularly desirable location, and with 30 acres of level ground planted to orchard there is no doubt in my mind but that it will be one of the most desirable places in the Slocan valley, of which there are many," said Mr. St. Denis.

Prices Advanced Since Winter.

Mr. St. Denis has also sold the Ingram ranch of 223 acres. The purchaser of this property is T. A. Robley of the B. C. United Agencies, who spent two days looking over the land. Although unimproved Mr. St. Denis states that the land is admirably located for subdivision purposes. It is less than half a mile south of the Ham ranch and has about half a mile of railroad frontage. "I sold this place last winter to O. Wagner of Winnipeg," said Mr. St. Denis, "and resold it to Mr. Robley at a substantial advance. On both this and the Ham place is plenty of water for domestic and irrigation purposes, if required."

Three other tracts sold by Mr. St. Denis were owned by Rev. H. R. Grant, formerly of Rossland and now of Fernie. They consist of 13, 20 and 11 acres each, and are located between the Slocan river and the railway track and have about one mile of river frontage. The new owners are Winnipeg men, who are expected to improve the tracts in the near future.

There have been numerous other deals in the Slocan valley land during the past winter, among which was the sale of the Banks & Finkers ranch of 160 acres at about $100 per acre and the Colpittes ranch of 313 acres, which also sold for a good figure.

Another deal in the Slocan reported last night was the purchase by T. A. Robley and associates of 247 acres at the junction of the Slocan and Kootenay rivers.

Becoming Fruit Growing Centre.

"Conditions in general look very promising in the valley," said Mr. St. Denis. "Seven years ago, outside of the few trees on the Ham ranch, I do not know of any other place on which there were any trees planted within three to four miles of Slocan city. Today, or at least this year will see upward of 6,000 to 7,000 trees planted in this same area.

"While not wishing to overlook any place on which a great amount of work has been done I might make special mention of the Anderson and Kennedy ranches at Lemon creek. On the former there is under cultivation today acres. Possibly 60 acres of this amount is in meadow but there is also orchard of 2,500 trees, all of bearing age. There are small fruits of different varieties as well as good, substantial farm buildings at this ranch. Almost directly opposite this place is the Kennedy ranch, on which there last also be about the same amount of land under cultivation, and while there are not many trees bearing there have been a good many set out lately.

Rapid Settlement.

"In the Appledale subdivision, managed by J. L. Hirsch, the settlers are coming in, and what a few years ago was entirely unoccupied ground is today being very rapidly settled.

"To my mind the Slocan valley offers the settler every opportunity. In the first instance the land is equal to the best that can be had in West Kootenay, the price asked is reasonable and the climate is the best. A daily passenger train (except Sunday) is operated the year round, so that inasfar as transportation facilities are concerned, which should be an important item to a prospective settler, I know of very few valleys in the Kootenays that are better served.

Good Roads and Bridges.

"The provincial government through the member for the Slocan riding, Mr. Hunter, has made every effort to accommodate the people in the way of roads and bridges at different points across the river and the roads and bridges built under the supervision of Mr. McLean, road superintendent, are all that can be desired. Today one can drive in on the government road from Winlaw to Slocan city, a distance of 13 miles, and it is expected that this season will see the completion of this road to the junction of the Little Slocan with the main Slocan river, which is the boundary of the Slocan electoral district, a distance of about 20 miles from Slocan city.

"There are a great many people who although living for some years within a short distance of this valley have not been through it, and have not heard of nor seen the development that is taking place. This evidence can be had be taking a trip through the valley and visiting the ranches," concluded Mr. St. Denis.

BUILDING TRADE TO CONSIDER STRIKE

(By Daily News Leased Wire.)

LETHBRIDGE, May 26.—The meeting of the bricklayers and masons which was to have been held on Saturday afternoon to discuss the proposition of striking for higher pay was not held owing to a number of the leading members of the craft being unable to be present. The meeting will be held on Monday afternoon, however, in the local labor temple and it is rumored that delegates will be present from a number of outside unions.

ENGLISH LODGE AT CHURCH PARADE

Sons of England, Fifty Strong, Attend Empire Day Service at St. Saviour's Church.

Fifty strong, the Nelson lodge of the Sons of England last night held their annual church parade at St. Saviour's in honor of Victoria day.

Leading the procession, which presented a most imposing appearance, were R. Bennett, president; Thomas Nute, vice president; Harry Beach, chaplain; W. R. Campion, secretary, and R. G. Joy, treasurer. Fred A. Starkey and William Cutler, past presidents, also took part in the parade.

Taking as his text "Live in the Spirit' Rev. Fred H. Graham preached a sermon especially suitable to the occasion.

SASKATOON OWN STREET CARS

Three Loads of Material Now in City and Orders Given for More

(By Daily News Leased Wire.)

SASKATOON, Sask., May 26—Saskatoon will install its own street railway as a civic undertaking. At a special meeting of the city council on Saturday a contract was closed with Stone & Webster, the big Boston engineering and construction company, for the financing of the undertaking for a year. This has been done without submitting a bylaw to the people in order that there may be no delays and so that the paving operations on the main business streets where the car lines will be constructed, will not be held up. Stone & Webster will receive 12½ per cent on the estimated cost and in addition 5 per cent on the money loaned. Three carloads of material ordered by the company which secured the charter in the first place are in the city and orders have been placed for $60,000 more.

BELGIUM'S GREATEST COMPOSER IS DEAD

(By Daily News Leased Wire.)

ANTWERP, May 26.—Jan Block, Belgium's greatest composer and an authority on Flemish music and folk song, died today.

AMENDMENTS TO HOME RULE BILL

Already Fill Twenty-Eight Closely Printed Pages

NONE YET FROM IRISH MEMBERS

Financial Provisions Are False and Fraudulent, Says Timothy Healy

(By Daily News Leased Wire.)

LONDON, May 26—There have already been handed to the clerk of the house of commons amendments to the Home Rule bill that fill 28 closely printed pages of the parliamentary orders of the day. Most of them are in the names of Conservative members and it would not take the passage of many of them to make the bill as useless as the paper it is written on. The extreme Radical members on the other hand, aim at giving the Irish parliament power and making it more democratic while some of the Non-conformist colleagues would have clauses inserted to safeguard their fellow religionists of Ulster. With the exception of Lawrence Ginnell, a Nationalist, with independent leanings, the Irish members have not yet tabled any amendments. Mr. Ginnell's amendments would enlarge the powers of the Irish parliament and like those of the Radicals' make it more democratic.

While a month will be spent on the committee stage of the bill, few of the amendments will receive a hearing. The chairman of the committee has the power to choose the amendments that shall be considered, his decision, however, generally being made after consultation with the leaders of all parties. Were those already handed in discussed it would take more than one session of parliament to dispose of them.

While most of the amendments proposed by Unionists aim at destroying the bill, there are some that will doubtless receive consideration, as tending to improve the measure. It is strange to find two Unionist members, Viscount Castlereagh and Lord Claude Hamilton, both sons of peers who have been lord lieutenant of Ireland, proposing the abolition of that office and substituting a secretaryship of state, a change that has more often been associated with Radical policy.

O'Brien Conciliatory

CORK, May 26—At the convention of the All for Ireland league William O'Brien, its founder, declared today that he and his friends were ready to bury the hatchet and join with the Redmondites in an effort to force the government to make the Home Rule bill a measure acceptable to Ireland. Timothy Healy stigmatized the financial provisions of the bill as false and fraudulent.

NO OPPOSITION FROM LIBERALS

Cranbrook Liberal Association Decides Nomination of Candidate Inadvisable—Would be Factious

(Special to The Daily News.)

CRANBROOK, B.C., May 27—At a meeting of the Cranbrook Liberal association held in Clapp's hall on Tuesday evening it was decided that it would be inadvisable to nominate a Liberal candidate to contest the by-election in Kootenay. The feeling of the meeting was that it would be impossible to enter the contest with any prospect of success and that under the circumstances opposition to the candidature of R. F. Green would be merely factious and of no public benefit.

Pocket Of Cold Water Caused Titanic Wreck

(By Daily News Leased Wire.)

HALIFAX, May 26,—Captain P. C. Johnson, Dominion government inspector of lighthouses, who was in charge of the expedition sent out on the government steamer Montmagny in search of Titanic bodies, reports a remarkable discovery made at the scene of the Titanic wreck, which he believes accounts for the disaster. There is a change in the Arctic current which thereby formed a great pocket of water, within the usual course of the Gulf stream. This change was not known to Captain Smith and Captain Johnson says it explains why he did not avoid ice of which he was warned. The apex of the cold water pocket where warm water ordinarily is, he found was at latitude 41 north, longitude 56 west. Captain Johnson, who had the charts before him as he spoke of his discovery, said:

"After making a careful examination of the currents I am convinced that Captain Smith, after receiving warning of the ice, took precautions which ordinarily would have saved his ship, but from an unusual phenomenon she was lost. The Arctic current from some unaccountable reason, possibly prevailing winds in the vicinity of the Titanic, drove itself into the Gulf stream for at least 100 miles.

"In crossing into this cold water from the Gulf stream Captain Smith would get a temperature of 60 at the stern and 48 at the bow of his ship. I believe from my observations on the Montmagny that this pocket of cold water forced into the Gulf stream by the Arctic current is responsible for Captain Smith allowing his ship to strike the iceberg. Instead of following westward on the steamship lane, which is used unless there is some great reason for doing otherwise, he changed his course when he received the warning, going to the south, and at the time of the accident was 30 miles south of the usual track."

Captain Johnson is confident that it was this remarkable and unusual contact between the Arctic current and the Gulf stream that is responsible for the accident.

BONAR LAW WILL VISIT CANADA

(By Daily News Leased Wire.)

Montreal, May 26.—That Bonar Law, Canadian leader of the British Unionists, would visit Canada in August and deliver a number of speeches on imperial questions, as they affect the Dominion, was one of the statements made by Sir Rudolphe Forget, M.P., on his arrival in Montreal today.

STILL SEARCHING FOR BODIES OF VICTIMS

(By Daily News Leased Wire.)

ST. JOHNS, Nfld., May 26—The body of another of the Titanic disaster victims, James McGrady of Belfast, Ireland, a fireman, has been recovered by the steamer Albertina, a sealer, which is under charter by the White Star line. Word to this effect was sent by wireless to Cape Race today, the Algerine at that time being within 40 miles of that station. Immediately after sending this information the Algerine set out on a 10 days cruise to further search the seas in the vicinity of the scene of the disaster in the hope of securing more bodies. The Canadian government steamer Montmagny which also has been prosecuting the search for bodies, was spoken by the Alberine several days ago, the message from the latter steamer said.

LETHBRIDGE HOMESTEADER CRAZED THROUGH DRINK

(By Daily News Leased Wire.)

LETHBRIDGE, Alta., May 26—W. Bruchsden, a homesteader from Bowville, caused considerable excitement at the Windsor hotel on Saturday evening when he became temporarily insane. The police were sent for but the man had disappeared before they arrived. A year ago he was temporarily deranged and was locked up in the police barracks for some time. Heavy drinking it is alleged is the cause of his trouble.

GOMEZ PROTESTS AGAINST STATES

Says Government is Doing its Utmost and Sending Troops to Crush Rebels

(By Daily News Leased Wire.)

HAVANA, May 26—President Gomez today sent a cablegram to President Taft in which he protests in friendly but firm terms against intervention by the United States. "It is my duty to say that so serious a resolution as arms hints the feelings of the people who love and are jealous of their independence," he says after reciting that he had received from United States Minister Beaupre a note informing him that the Washington government had ordered a gunboat to Nipe Bay and a strong naval concentration at Key West, in anticipation of possible eventualities; and also in the event that the Cuban government was unable to protect American property it was the intention to land forces for that purpose. President Gomez says the government is doing its utmost, having in four days sent 3,000 troops by land and sea to crush the rebels in Oriente and in that short time having restored order in all parts of the island with that exception. He also says that 9,000 rifles, with ammunition have been distributed to loyal citizens and that the government is prepared to flood the comparatively small disturbed section with regulars and volunteers.

"I appeal to you," he continues "as a loyal friend of Cuba, respecting her rights, that you will be convinced by the valor and patriotism of the Cuban people to deal promptly with a few unfortunate and misguided people without reason or flag. If you understand these conditions, you will perceive that it is not the part of a friendly government to contribute under such circumstances, to the embarrassment of a government such as those of Cuba, placed it is true, in unfortunate conditions, but not lacking in its methods, patriotism and courage."

Up to a late hour tonight President Gomez had received no reply to this message.

CHAMP CLARK MAKES SWEEP IN KENTUCKY

(By Daily News Leased Wire.)

LOUISVILLE, Ky., May 26—Champ Clark swept Kentucky in the Democratic conventions held in 115 of the 120 counties in the state yesterday. Returns from about half the counties give him more than the 613 instructed votes necessary to control the state convention here on May 29. One county instructed for Harmon and one and a part of another for Wilson. This victory today will give Clark the entire delegation of 24 votes from Kentucky to the national convention.

JUDGE HEARS CASES WITH RIBS BROKEN

(By Daily News Leased Wire.)

LONDON, May 26.—Justice Bucknill, while descending the stairs of his residence at Epsom, fell, breaking a rib. Nevertheless, he proceeded to London and heard two cases, afterward returning home.

DENTISTS' CONVENTION

(By Daily News Leased Wire.)

WINNIPEG, May 26.—A three days' convention of the dentists of western Canada, from Port Arthur to the Rockies, will open in Winnipeg tomorrow. Dr. J. P. Buckley and Dr. J. H. Prothero of Chicago will be among the speakers. The executive consists of Dr. M. H. Garvin, Winnipeg, president; Dr. J. H. Greenfield, Winnipeg, secretary-treasurer; Dr. S. C. Horwood of Moose Jaw, Dr. Manley Bowles of Winnipeg, Dr. J. G. O'Neill of Fort William and Dr. A. D. McCallum of Calgary, vice presidents.

LEADER PROPOSES CONFERENCE

Ray of Hope in British Strike Situation

DEMONSTRATION IN TRAFALGAR SQUARE

Clerks Union Opposed to Giving Help in Unloading Ships

(By Daily News Leased Wire.)

LONDON, May 26—Dock strikers to the number of 15,000 marched in procession through the streets of London today. They held a demonstration in Trafalgar square and after speeches by the labor leaders they adopted resolutions pledging themselves not to return to work until every grievance was successfully adjusted.

Some of the strikers hinted at the probability of a national strike owing to the fact that vessels might be diverted from the Thames to other ports and Harry Cosling, the leader of the men, announced that the electricians of the port are considering the advisability of joining in the strike. At present, however, there is no actual extension of the strike movement.

A strong feeling exists among the strikers at the employment of clerks to help in the unloading of ships and at a conference of the National Union of Clerks today a resolution was adopted against the clerks acting as "blacklegs." No disorders of any kind are reported as yet.

Dramatic Offer.

LONDON, May 26.—The court of inquiry into the causes of the London strike under the presidency of Sir Edward Clarke terminated this evening with a dramatic offer by Harry Cosling, the men's leader, on behalf of the strikers, which may possibly lead to a peace conference.

"If," said Mr. Cosling, "there is any possibility of a joint conference on the whole dispute we are willing to accept it. It must be settled as a whole, and I think it could be done by a joint conference if some understanding could be reached by which the employers and the men who will not toe the line can be compelled to do so. Otherwise, there is nothing for us to do but to go on and win if we can or to lose if we must."

Mr. Cosling concluded by suggesting Sir Edward Clarke as president of the conference. Sir Edward Clarke expressed his appreciation of the offer, pointing out, however, the impossibility of compelling non-unionists to obey the decisions of the unions or of enforcing agreements upon those who are not parties to them except by legislation. He intimated that he had reason to believe legislation might be expected which might do a great deal toward solving the industrial difficulties confronting the country.

BONNINGTON MAN KICKED SENSELESS

Turner Lee Victim of Accident—Hoof of Newly Shoed Horse Hits Base of Skull.

Kicked at the base of the skull by a newly shoed horse Turner Lee, the well-known Bonnington rancher, was knocked unconscious on Saturday afternoon. Brought in to the Kootenay Lake General hospital here, he lay for some hours in the greatest danger but an operation on Saturday evening, which was performed by Dr. L. E. Borden, proved successful and Mr. Lee was progressing favorably last night.

The accident happened at about 2 o'clock on Saturday afternoon when Mr. Lee was bending down to attend to one of the traces while hitching his horse to a rig.

ALBERTA POLITICAL PARTIES END CAMPAIGN

(By Daily News Leased Wire.)

EDMONTON, May 26.—Both political parties closed their campaign here on Saturday night with monster demonstrations. The Cross people chose a torchlight and automobile procession with three bands to demonstrate their strength and ended up the night with an open air meeting on College avenue, which was attended by several thousand. Mr. Cross and Hon. A. G. McKay were the speakers.

Mr. Ewing held a largely attended meeting at his committee rooms and then a parade in which about 1,000 men took part headed by a pipers' band. The Liberals claim a majority of from 500 to 1,000, while the Conservatives say Ewing will win. Their chief organizer claims 1,000 majority.

AMBASSADOR TO MEET MINISTER IN FOREST

(By Daily News Leased Wire.)

BERLIN, May 26.—It is stated that Baron Marschall von Bieberstein, the new German ambassador to London, will meet Viscount Haldane, the British secretary of war, in the Black Forest next week to confer on the Anglo-German situation. After this conference Lord Haldane may come to Berlin. It will be recalled that Secretary Haldane was the British envoy in the matter of better relations between the two counries some time ago.

MILLION SUBSCRIBED FOR AERIAL FLEET

(By Daily News Leased Wire.)

BERLIN, May 26.—The national subscription for a German aerial fleet took an upward turn this week and yesterday reached a million dollars. This amount is twice what France has raised for the purpose.

SIGHTS LARGE BERGS

(By Daily News Leased Wire.)

LONDON, May 26.—A wireless dispatch received yesterday at Malin Head, Ireland, from the White Star line steamer Teutonic, bound from Montreal to Liverpool, reports that the vessel has sighted numerous icebergs on both sides of her track across the Atlantic. She reports especially large ones which are dangerous to navigation between latitude 48.10 north and longitude 49.34 west, and latitude 48.40 north and longitude 48.10 west.

EUROPEAN BANDS COMPETE IN PARIS

Two Hundred and Fifty Bands Play for Prizes of Two Thousand Dollars.

(By Daily News Leased Wire.)

PARIS, May 26.—The first day of the greatest international musical competition on record, which has brought more than 50,000 performers to Paris, proved a brilliant success. Two hundred and fifty bands from all parts of Europe competed before juries is every available hall in Paris for a $2,000 prize offered by the city council. The prize was awarded to the Montigny brass band, the members of which are employed in the Courrieres coal mines, the scene of a great disaster in 1906. The day closed with an imposing open air concert in front of the brilliantly illuminated city hall by the combined choirs of Leeds and Sheffield, accompanied by the Amiens orchestra.

METEOR MINE TO SHIP RICH ORE

Lessees Expect to Receive Seven Thousand Dollars for Carload—Rock Runs High in Silver.

Another Slocan property, the Meteor, near Slocan city, will enter the shipping ranks shortly, according to a visitor from that district who was in the city last night.

Twenty-eight tons of high-grade silver ore, with fair gold values, have been taken out and a carload will be sent to Trail smelter when an additional two tons have been mined.

J. Wafer, Charles Barber and Thomas Jameson have the property under lease and bond from Finch & Campbell of Spokane and, from assays they have had made, expect the carload to run $7,000. The bond which they hold expires in July, 1913. The Meteor is about eight miles from Slocan city.

SIR CHARLES TUPPER ARRIVES IN HALIFAX

(By Daily News Leased Wire.)

HALIFAX, May 26.—Sir Charles Tupper, Bart., arrived in Halifax this forenoon by special train from Quebec, bringing with him the body of Lady Tupper, which will be interred in St. John's cemetery at 3 o'clock tomorrow afternoon. Sir Charles Tupper is bearing up well under his bereavement but shows signs of the sorrow that has overwhelmed him.

OTTAWA HORSE SHOW SHOWS FIRST SURPLUS

(By Daily News Leased Wire.)

OTTAWA, May 26—The Ottawa horse show this year shows its first surplus. The receipts were $12,587.30 and expenditures $11,971, showing a balance of $606.30.

Cordon Tightens Round Indian Murderers

(Special to The Daily News.)

CLINTON, B. C., May 26.—The chase after the Indian outlaws has shifted from Canoe creek to the head of Bonapart creek. Their location at last reports was 100 miles southeast of Canoe creek at Fish lake. They abandoned the horse stolen from Napoleon Pigeon and stole another from a squaw at Fish lake.

There are now 60 officers on the work. Superintendent Campbell went to Canoe creek last night with an automobile load and came back to place the balance of his force. A cordon has been drawn around the desperadoes to keep them from getting into the Clearwater country, where it is expected they might be safe for several years. With their retreat to this stronghold cut off they cannot but fall back on Canoe creek and Dog creek sections, in which event they will be caught.

PUT FORWARD HANDS OF CLOCK

Fire Causes Moose Jaw to Utilize Daylight

QUICK WORK IN SUPPLYING NEEDS

Temporary Water, Fire Protection and Light Provided Before Citizens Awake

(By Daily News Leased Wire.)

MOOSE JAW, Sask., May 26—On Saturday at 1 a.m. the power, light and water facilities of Moose Jaw were cut off by a fire which destroyed the power house. By 8 a.m. the water supply had been re-established, the fire fighting equipment replaced by outside aid, the light service made available from the street railway source and to some extent the power also. The 1,000 gallon a minute pump destroyed in the flames had been replaced by one of similar capacity owned by the Robin Hood mills, a steam engine, by the courtesy of the city of Winnipeg was on its way to Moose Jaw accompanied by an engineer, new electric generators had been ordered from Winnipeg electric firms, a well, previously pumped by electricity was being operated by a gasoline engine into the city mains and the pit of the burned building was being cleared of debris to allow the installation of a new plant, and all this before the majority of Moose Jaw citizens knew there had been a fire at all. In one hour from the outbreak with water cut off, new connections had been made with the C.P.R. pumping station whereby a stream of water was placed on the south side of the building saving the boiler house and chimney stack.

Cause Unknown

The cause of the fire will never be known. At the time it was noticed four men were in the building, an engineer and trimmer and two boilermen. Hearing something fall from above the engineer rushed out to find that the upper portion of the power house was a mass of flames. The boiler men had scarcely time to bank their fires and fill the boilers with water before the building was untenable. The fire brigade showed up well under new Fire Chief Baines, connecting up with an entirely new source of water supply in one hour and had the flames under control shortly after. The mayor and city commissioners took instant steps to replace what the fire had destroyed and with creditable results, having a fire engine steamer from Regina on the ground by 4 a.m. pumping water from the filteration galleries into the mains, also getting in touch with Winnipeg's fire chief for the loan of equipment.

Half an hour after the fire had started the Robin Hood mills' new pump which they had not installed yet was being fixed up and ready to be installed as soon as the fire had burnt out and the debris cleared. The pump has a capacity of 1,000 gallons per minute the same as the one destroyed. In the meantime, with domestic water supply and fire fighting service established Moose Jaw is to some extent a great believer in gasoline and oil lamps, and on the whole the inconvenience to the private citizens is not serious. The streets are lighted quite adequately by the street railway and there is a water pressure all day and all night for everybody. The loss will probably be $100,000 with an insurance of $80,000.

Amongst the equipment destroyed was a 1,000 gallon pump and three generators with a gross capacity of 900 kilowats.

Two and a half hours after the fire had broken out the Morning News had purchased a private installation gasoline engine plant and will come out tomorrow morning in usual form. A meeting of the citizens called for tomorrow night will consider a proposition by Mayor Mayberry that a daylight saving scheme be initiated until relief is instituted and the drastic step taken of putting the clock forward two hours.

LINEMAN CAUGHT BY LIVE WIRE

(By Daily News Leased Wire.)

SASKATOON, May 26.—Coming in contact with a wire carrying 2,200 volts, J. Miller, a lineman employed at the city plant, was so badly shocked that he is now in St. Paul's hospital in a precarious condition. The shock threw him clear of the wire and he hung by his belt for some time unconscious until he could be rescued.

OFFENSIVE PARTIZANS MUST QUIT SERVICE

(By Daily News Leased Wire.)

OTTAWA, May 26.—An investigation by Judge Chauvin of Hull into charges of active partizanship on the part of public works department employees resulted in a dozen elevator men, painters, carpenters and plumbers receiving their notice on Saturday. Their dismissals were immediate but a month's pay in advance went with them. The investigation has now been closed.

GILL MARTIN WINS IN BOTH BATTLES

Vancouver Pug Makes Good Showing at Toronto—Scott Scores Knockout

(By Daily News Leased Wire.)

TORONTO, May 26—Some real good boxing and several exciting contests cropped up at the second nights milling for the Canadian amateur boxing championships at Riverdale rink on Saturday night. Gill Martin of Vancouver won his fights in both the 158 pound and heavyweight classes, his victory over A. L. Lake, a 145 pound man in the 158 pound contest being easy. Lake who had just finished a hard contest in his own weight, succumber to a solar plexus punch in the first round. Joe Burke, Martin's opponent in the heavyweight class, was a Toronto man but won the disapproval of the referee and the crowd from the start by his hugging and hitting in the clinches.

Lindella, the Finlander won his second contest with a single punch when McConnell of Montreal fell into the ropes in the first round of fighting in the 135 class. Ernie Barrieau of Vancouver and Freeman of Toronto had a nip and tuck battle in this class all the way through but Freeman was strong at the finish and was given the decision. An extra round was ordered and Freeman, the heavier man, held out longer.

There was only one real knockout, when Scott of Toronto stiffened Joe Carpenter of Montreal in the third round when it seemed as if the latter had the better of the going. Summary:

105 pound class—A. Scott, Toronto, knocked out Joe Carpenter, Montreal, third round; H. Houle, Toronto won from Charles Glass, Toronto, first round.

115 pound class—W. Frank, Toronto, won from F. Pacey, Toronto, fourth round; J. Godden, Toronto, won from W. McEwen, Hamilton, first round.

125 pound class—E. Winkluer, Buffalo, won from E. H. Urquhart, Toronto; C. Patten, Vancouver, won from W. Caird, Toronto, knnckout, in third; H. Deveridge, Montreal, won from D. Freeman, Toronto, decision.

135 pound class—J. Lindella, Toronto, won from A. McConnell, Montreal, first round; H. Freeman, Toronto won from E. Barrieau, Vancouver, decision.

145 pound class—E. Barrieau, Vancouver, won from D. Dickson, Toronto, decision; A. R. Lake, Toronto, won from A. Cox, Toronto, third round.

158 pound class—Gil Martin, Vancouver, won from A. R. Lake, Toronto, first round; A. Saunders, Toronto, won from Dave Marshall, Montreal, knockout, first round.

Heavyweight—Gil Martin, Vancouver, won from J. Burke, Toronto, decision; W. E. Hanna, Toronto, won from J. McNabb, Toronto, decision.

JUNIORS WILL PLAY BALL TODAY

Cubs Meet Maroons—Schedule of Thirteen Games is Drawn up—Second Match Thursday

The first game in the Nelson junior baseball league will be played this afternoon at 4:15 between the Maroons and the Cubs will line up:

Third race, six furlongs—Metropolitan, won; Chilla, second; Irska, third; time 1:13 3-5.

Fourth race, six furlongs—Carlton G. won; Kootenay, second; Delaney, third; time 1:13.

Fifth race, one mile—G. M. Miller, won; Enfield, second; Meadow, third; time 1:38 4-5.

AUSTRALIANS WILL VISIT UNITED STATES

(By Daily News Leased Wire.)

NEW YORK, May 26.—Word was received at the Staten Island Cricket and Tennis club that a visit from the Australian team of cricketers now in England is assured for this fall and that a match to be arranged to be played about the third week in September will take place on the grounds of the Staten Island Cricket and Tennis club and financed by its members. The Australians, after playing in New York will return home by way of San Francisco, playing en route both at Philadelphia and St. Louis.

FERNIE BALL BOYS WIN FROM CRANBROOK

Fernie, juniors beat Cranbrook juniors 19 to 14, in a heavy hitting ball game at Cranbrook Friday.

NELSON WINS AT CRANBROOK

Victors in Fast Lacrosse Game—Classy Play Marks All Quarters—Williamson Stars

The lacrosse game at Cranbrook on Victoria day resulted in a win for Nelson by a score of 4-2. The game was played before a large crowd of spectators under favorable weather conditions. The first quarter showed some very fast lacrosse particularly on the part of Nelson who showed lots of snap in passing the ball.

Each team found the net once in this quarter, Nute scoring for Nelson on a pass from Williamson to Manhart to Nute. During the first five minutes play Nelson lost one of their best men when W. Curran received a nasty cut on the head and was forced to retire for the balance of the game.

The second quarter was even faster than the first, the work of the defence field of both teams being particularly good, numerous passes being intercepted when a goal seemed certain. H. Ferguson scored for Nelson in this quarter from a pass from behind the Cranbrook goal and just before time was called Cranbrook evened up by a well directed shot from Russell, making it two all.

The pace was beginning to tell on the Cranbrook boys in this quarter and their defence was unable to hold the Nelson home which was being well fed by the defence. During this period H. Manhart was knocked out by a crack on the head but was able to resume play in a few minutes. Nelson got two goals in this quarter on passes from Manhart to Ferguson to Cummins, and from Pearce to Ferguson to Cummins. Neither teams scored in the last quarter although the Cranbrook boys pressed the Nelson defence pretty hard at times. Scotty Williamson starred for Nelson, being the same old stonewall at point.

Manager Manhart moved a vote of thanks to the Cranbrook boys who showed themselves sportsmen in every way and certainly gave the Nelson boys a good time.

FERNIE TEAM MAKES REMARKABLE JOURNEY

Owner Wins Wager—Drives From Fernie to Spokane in Record Time—Trails Bad.

SPOKANE, Wash., May 26.—Otto Meier and Con L. Whelan arrived in Spokane on Saturday at 11:45 a. m. and ended what is probably the record trip, time and distance considered, made with a team of horses and buggy in the western country. The two men started from Fernie, B. C., on Tuesday at 9 o'clock to settle a wager made by Mr. Meier with John R. Pollock of Fernie, B. C., that the trip to Spokane could be negotiated with the former's team in the total elapsed time of 125 hours.

The first stage of the journey to Jeffries, a distance of 35 miles, was over good roads and was reeled off in five hours. From there to Cranbrook the travellers drove in a driving rain, but reached their destination early in the evening, having travelled 68 miles in less than 10 hours.

They left Cranbrook early on Wednesday morning and covered 54 miles during the day over roads that were little better than a mountain trail. Several times both men had to walk and hold the buggy to keep it from sliding over embankments, the roads being badly washed out.

They stopped with the government customs officials at Kingsgate on Wednesday night and on Thursday morning started down the Spokane International tracks, the wagon road having been completely washed out.

Mr. Meier said that they were compelled to travel on the track for three miles before the wagon road again became passable and that several times that day before they reached Bonners Ferry they were compelled to lift the buggy over windfalls which lay across the road.

They stopped for lunch in Bonners Ferry and starting out early in the afternoon had reached Moore's ranch, a point 23 miles north of Sandpoint, before they were obliged to put up for the night.

Friday they struck good roads and drove into Rathdrum by nightfall. Starting from there on Saturday morning they covered the 25 miles to Spokane in good time and drove up in front of the Review building at 10:45 a. m., with more than 25 hours to spare, the trip having been made in less than 100 hours.

Mr. Meier is very proud of his little team of mares, which are named Pet and Babe, and the first thing that he attended to after finishing the grueling trip was to see that they were properly stabled and fed.

The total distance covered was over 268 miles, and considering the condition of the roads and the weather the record established is remarkable.

Mr. Meier wins a bet of $300 from Mr. Pollock and in addition the latter must pay the expenses of Mr. Whelan, who acted as judge of the trip.

NATIONAL

O'TOOLE BEATS CUBS

(By Daily News Leased Wire.)

CHICAGO, Ill., May 26—Cheney and O'Toole were pitted against each other today in a pitchers' battle in which the Pirates won over Chicago, 3-1. O'Toole was wild but pitched consistent ball while Cheney weakened in the seventh and allowed four hits which netted three runs. The game was marked by sensational fielding on both sides. Score:

	R.	H.	E.
Chicago	1	6	0
Pittsburg	3	7	0

Batteries—Cheney and Archer; O'Toole and Kelly.

ST. LOUIS UP A PEG

ST. LOUIS, Mo., May 26—An error by Egan on Konetchy's easy roller, Evans' single and a single by Hauswer in the 12 inning gave St. Louis the winning run over Cincinnati by a score of 5-4. Today's victory puts the locals in fifth place. Score:

	R.	H.	E.
Cincinnati	4	10	2
St. Louis	5	14	1

Batteries—Keefe, Benton and McLean; Harmon and Bliss.

CLEVELAND BEATEN

(By Daily News Leased Wire.)

CLEVELAND, O., May 26—St. Louis defeated Cleveland 3-1 today, Pelty holding Cleveland to four hits. Jackson's three bagger and Stephens' error in the ninth prevented a shut out.

	R.	H.	E.
Cleveland	1	4	1
St. Louis	3	1	

Batteries—Gregg and Adams Pelty and Stephens.

DETROIT CELEBRATES TY COBB'S RETURN

(By Daily News Leased Wire.)

CHICAGO, Ills., May 26—Detroit today celebrated Cobb's return to the game by defeating Chicago 6-2. Mullin pitched splendid ball, holding Chicago safe for eight innings. In the ninth the locals got to him for five hits but were able to score only one run. Callahan and Bodie were put out of the park in the ninth for protesting when Bodie was called out at the plate. Score:

	R.	H.	E.
Chicago	2	11	4
Detroit	6	12	1

Batteries—Benz, Peters, Sullivan and Kuhn; Mullin and Stanage.

SATURDAY GAMES

First game—	R.	H.	E.
Washington	3	10	2
New York	6	7	0

Batteries—Johnson and Ainsmith; Ford and Sweeney.

Batteries — Works and Stanage; Walsh and Sullivan. (17 innings.)

First game—	R.	H.	E.
St. Louis	6	8	4
Cleveland	7	11	3

Batteries—Powell and Stephens; Kahler and Adams.

Second game—	R.	H.	E.
St. Louis	5	11	1
Cleveland	4	9	3

Batteries—Brown and Kitter; Blanding and Adams.

NUTE WINS TWO GOOD RACES AT CRANBROOK

Running against the pick of East Kootenay athletes Tom Nute at Cranbrook on Friday carried off both the 100 and 220 yard races. He did not enter in the mile event which was won by Elwell who is said to have run like a streak. Cose of Nelson was second in this race, Indians finishing third and fourth.

OXFORD FOLLOWS ON

(By Daily News Leased Wire.)

LONDON, May 26.—In the cricket matches between the Australians and Oxford university on Friday the collegians carried their overnight score to 71. Being in a minority of 175 runs, Oxford followed on, and at the close of the day's play had scored 203 runs for the loss of nine wickets. After a day's rain the South African-Worcestershire match was started. Worcestershire scored but 50 runs in the first inning and the Colonials 277 runs for the loss of five wickets.

TY. COBB REINSTATED

CHICAGO, Ills., May 26—President Ban Johnson of the American league last night announced the reinstatement of Ty Cobb of the Detroit Tigers whose suspension for attacking a spectator, who, he said, had insulted him in New York, resulted in a strike by the Detroit players last week. In addition to his 10 days suspension he was fined $50. President Johnson promised protection to players and said the league had increased the police force at every park, but declared severe punishment would be meted out to those players "who assume to act as judge and avenger of real or fancied wrongs while on duty."

SPEEDY MILE AT EDMONTON SPRING MEET

(By Daily News Leased Wire.)

EDMONTON, May 26.—The three-day spring meet which closed on Saturday was productive of some speedy events for so early in the season. The free-for-all was won by Hal McKinney, time for the mile being 2:12½, 2:14¼ and 2:12½. Secretary Stark of the exhibition association claims this time is the fastest ever made in Canada on a half-mile track so early in the season. The track was in excellent shape and the weather was perfect.

WARD HEADS SCORES AT LOCAL TRAPSHOOT

Second Shoot in Dominion Cartridge Co. Event Takes Place—Castlegar Marksmen Present

The second shoot in the contest for the Dominion Cartridge company's trophy took place at the Gun club grounds on Saturday afternoon. Mr. Laurie and Mr. Walley of Castlegar were guests of the club. The following is a list of scores:

At 50 targets—Ward, 44; Larsen, 39; Morgan, 3; Brassfield, 35; Walley, 28; Laurie, 26; Cramer, 26; Pritchard, 29.

At 25 targets—George Godina, 10.

At 75—Ward, 65; Larsen, 57; Brassfield, 53; Morgan, 52; Cramer, 43; Bush, 40.

FLIGHT RECORD BROKEN

(By Daily News Leased Wire.)

NEW YORK, May 26.—The American record for greatest duration of flight of an aviator alone was broken by Paul Peck of Washington in a spectacular manner at Nassau boulevard on Lond Island for four hours, 23 minutes and 15 seconds. He came down in the midst of lightning flashes and a downpour of rain and landed easily near his hangar, but said it was one of the most thrilling experiences he had ever had.

SOCCER PRACTICE TONIGHT

All association football men in the city are asked to turn out for a practice match which will take place at 6:30 this evening at the recreation grounds.

LIMITED

Kootenay Boundary Liberal Association

A meeting of the executive of the above association will be held in the Liberal rooms at Nelson on Thursday evening, May 13, at 9:30 o'clock. Business of importance will be brought before the meeting. Senator Hewitt Bostock is expected to be present.

W. B. FARRIS, Secretary. EDWARD FERGUSON, Vice President.

BASEBALL NOTES

Ted McGrew has succeeded Bill Clark as manager of the Columbia team in the South Atlantic league.

The Detroit Tigers hit their stride after leaving Boston and did good work during the rest of their eastern trip.

Winning seven straight games during the first month of the season is the great record of Pitcher "Rube" Marquard of the Giants.

"Germany" Schaefer has gone back to first base for the Washington team as both Knight and Flynn are on the injured list.

A Helena (Mont.) merchant advertises, "A pair of women's silk hose for every home run." Where do the bachelors among the players fit in this offering? Woops, my dear!

The Missoula team, chaperoned by Cliff Blankenship, the old Washington catcher, is burning up the Union association, having won 16 of the first 17 games.

Some of the eastern scribes are panning the White Sox for what they term "scrapping on the field," but it is generally the "scrappy team" that brings home the bacon.

While not holding a regular position in the line-up of the Highlanders, Manager Harry Wolverton manages to get into the game now and then as a pinch hitter.

Nowadays if a major league manager can cop one youngster a season who makes good he considers himself extremely lucky, but in Rath and Weaver the White Sox seem to have grabbed two stars in one shuffle.

No late suppers and a little argument with the wife in the Western Canada league. Games in the W. C. L. start at 6:15 p. m., giving the fans a chance to feed before taking in the frolic.

"What's the trouble with the Athletics? is the daily question now being asked by thousands of fans. Before the season opened the world's champs were touted as being ready to jump to the top at the tap of the gong and inhabit that lovely first place until the curtain falls in October. You never can tell.

There was quite an array of baseball presidents at the dedication of the new American league park at Boston. Messrs. Johnson of the American league, Comiskey of the White Sox, Ebbetts of the Superbas, Barrows of the International league, Farrell of the New York State league, and Murnane of the New England league were guests of the Red Sox management.

W. G. FOSTER, Editor and Manager.

MONDAY, MAY 27

SINCERITY IS BEING SHOWN

That the position taken by the Conservatives when in opposition at Ottawa in favor of the fullest possible measure of preferential trade within the empire was not mere idle talk is being amply demonstrated by the efforts which Hon. George E. Foster, minister of trade and commerce, is *making in this direction. Already he* has negotiated successfully a measure of preferential trade with the West Indies and at the present time is in communication with the governments of Australia and New Zealand on the same subject. The result of these communications cannot, of course be taken for granted, but there is every indication that they will prove as successful as did his negotiations with the *West Indies.*

The adoption of the principle of preferential trade arrangements within the empire by the Over Seas Dominions cannot but have its effect in the Mother Country. If such a system can be applied by the Over Seas Dominions in their trade relations to their mutual advantage, there should be no difficulty in demonstrating to the people of the Old Country that it would *prove equally as efficacious when ap*plied to their trade relations with the Over Seas Dominions.

Once this is shown, the dream the realization of which President Taft hoped to prevent through the consummation of a reciprocity arrangement with Canada, that of an "Imperial commercial band reaching from England around the world to England again," will become a reality. That the day of this may come soon must be the earnest hope of every well-wisher of the Empire and particularly of the Mother Country.

WILL FOLLOW DAILY NEWS' LEAD

Says the Vancouver Sun in its issue of May 24:

What will in future years be recognized as one of the important movements in the unification of Canada and in bringing western Canada into close touch with the eastern portion of the continent and more particularly with eastern Canada was consummated yesterday when agreements between the Western Associated Press, the *News-Advertiser and the Morning* Sun were executed by which a leased wire connecting Vancouver with New York was secured.

At present no day wire is available but a night wire will be in operation by June 1. For this great boon morning newspaper readers in Vancouver and Victoria are indebted to the Western Associated Press.

In referring to the same subject the News-Advertiser of the same city de*scribes the extension of the Western* Associated Press leased wire to the coast as 'the most important event in many respects in the history of journalism on the Pacific coast" and proceeding says:

Starting on June 1 the News-Advertiser will bring its news directly from Montreal and New York, over a line of over four thousand miles in length, traversing most of the provinces of the Dominion and passing through its principal cities. It will be served by what is practically an all-Canadian line, and its nightly report of from twelve thousand to sixteen thousand words will be largely made up of Canadian and British news, coupled with a good report of world events as contained in the New York Associated Press, the premier report of the whole Associated service.

It may interest readers of The Daily News to know that the service which the coast papers are so delighted over having been able to secure is the one with which they have been supplied through its columns for the past two months. The Daily News was the first paper in British Columbia to secure this service over leased wire and at present it is the only one so serving it in that or any other way. After June 1, however, the two Vancouver papers quoted above, as well as one paper in Victoria, will be on the same circuit and will be served with identically the same British, Canadian and foreign news as The Daily News. From the standpoint of the people of the Kootenay and Boundary as well as a large portion of the Similkameen there will, however, be this difference, that The Daily News will furnish them with this excellent service from one to three days earlier than it can be *secured through any coast or other* outside paper. In addition The Daily News will continue to give its readers the news of the Kootenay, Boundary and Similkameen, which can be secured through no other daily paper.

EDITORIAL NOTES

The development of the Slocan valley proceeds apace. This valley gives promise of becoming in the near future one of the garden spots of British Columbia.

With amendments to the Irish home rule bill pouring in from all quarters *it looks as though it will take the gov*ernment some time to get the measure through the Imperial parliament.

"R. F. Green, who will be the new member from Kootenay," is the way The Winnipeg Free Press refers in its editorial columns to the Conservative candidate in Kootenay in the present by-election.

Five by-elections, four of them necessitated by new appointments and one as a result of the retirement of the sitting member. will take place today in Alberta. At this distance it is impossible to make any predictions as to *the outcome, but this much is gener*ally recognized that on the outcome depends to a large extent the tenure of life of the Sifton government.

What the Press Is Saying

An Argument for Silver Dollars

We do not now tolerate filthy paper, except it be this paper money. Let a piece of paper become soiled to the extent of one fraction of the clinging dirt found upon nine-tenths of Canadian paper money and it would quickly find its way to the waste paper basket and thence to the furnace. But year in and year out we go on using the worn and ugly old bank note which prosperous bank managements in Canada persist in giving us in lieu of sparkling gold.—London Free Press.

Hanna Would Do

Hon. J. W. Hanna is rather disposed to joke over the suggestion that he might head the railway commission. He may have other ideas as to his future, but, except for the incident of his having acted as lawyer for some powerful corporations, his past behavior makes him look the right sort of man for the place. He has brains, grip and a sense of humor; all are needed.—Montreal Herald.

Ears That Were Deaf

If all ships were required to have a continuous wireless service in operation it would not be possible for a steamer to hover in the vicinity of a tragedy and explain next day that it did not know its help was needed.—Hamilton Herald.

The Happy Medium

It still holds true that the Dominion is far more prosperous than the republic. Under the National Policy of moderate protection the average working man and his family enjoy much more of the good things of life than under the extreme high tariff of the United States or the spurious and suicidal free trade system of Great Britain.—Toronto News.

NO MORE DISTRESS FROM THE STOMACH

Dyspepsia, Gas, Indigestion and Heartburn go and You Feel Fine in Five Minutes

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapepsin, and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at your drug store, waiting for you.

These large 50-cent cases of Pape's Diapepsin contain more than sufficient to cure any case of Dyspepsia, Indigestion or any other Stomach trouble.

Cold Storage

"Your husband must be a model man, Mrs. Graylock?"

"What makes you think so?"

"You've been living on this street for two years now and none of the neighbors ever heard him come home at night in a taxicab."

Jones came down town recently with a somewhat bruised and swollen forehead. His friend Briggs viewed the custodian with interest and asked:

"How did it happen, old man?"

"Collided with the hat rack last night," said Jones shortly.

"Accidentally?" asked Briggs.

"No, Briggs," replied Jones, sweetly. "I have every reason to suspect that it attacked me purposely."—Youth's Com-

Kicker—"April showers bring May flowers."

Booker—"And April chills bring May bills."—New York Sun.

"Your husband seems to be very impatient lately."

Yes, he is, very."

"What is the matter with him?."

"He is getting tired waiting for a chance to get out where he can sit patiently hour after hour waiting for a fish to nibble at his bait."—Chicago Record-Herald.

The Weather

(By Daily News Leased Wire.)

TORONTO, May 26—Fine warm weather has prevailed today throughout the Dominion. An area of low pressure now centered in the northwest states is likely to cause more unsettled conditions, both in the western provinces and Ontario.

This Date in History.

The doctrine of unconditional election and reprobation was first formulated in a theological system by John Calvin, who died 328 years ago today. The chief doctins or "five points" of the Calvinistic system are: Predestination, particular redemption, total depravity, irresistible grace, and the certain perseverance of the saints. Calvin, an austere, gloomy *and inflexible character*, was born in Picardy, France, in 1509, and died in his fifty-fifth year, May 27, 1564, The greater part of his life was spent in Switzerland. The theological system he worked out is still the accepted faith of the greatest part of the Presbyterians and of millions aligned with either denominations in both North America and Europe.

FOURTH ESTATE REGRETS LOSS OF DELL SMITH

The following appreciation of the late Dell Smith, at one time associated with John Houston as a newspaper man in Nelson, appears in the Vic*toria Week:*

The Week would like to contribute its mite of sympathy and regret at the passing of Dell Smith. Members of the Week staff were always on the friendliest terms with one whom they highly appreciated as a genuine, warm-hearted, generous colleague, a man of fine spirit and high principle. He had seen most of the ups and downs that fall to the lot of a newspaper man, he had tasted of its successes and defeats. Possibly he did not enjoy a lion's share of the former, but one thing is certain that the buffetings of life never touched his spirit unless to strengthen its finer qualities. He had not even a touch of cynicism, and he looked at everything through those gold-trimmed spectacles which made Benjamin Goldfinch such a lovable character. Many a man occupying a much higher position among the members of the fourth estate would have been a better man and a greater journalist if he had possessed more of the spirit of Dell Smith. To the last he cheerfully performed the monotonous duties of a subordinate position, but the fire always burned on the altar and the spirit was never quenched. He would have been the last to recognize the fact that the whole fraternity of newspaper men is the poorer for the passing of humbler members of the craft like himself; and yet not really poorer but richer in a memory which possibly looms larger on the consciousness than the personality of the man when he was in our midst.

CONTROL OF INSECT PESTS IN CANADA

The division of entomology of the experimental farms branch of the Dominion department of agriculture, Ottawa, has recently issued a bulletin by Dr. C. Gordon Hewitt, Dominion entomologist, on "The Control of Insect Pests in Canada."

An account is given of the history of the war against insect pests in Canada and of the manner in which insect pests have invaded the country as it has been gradually opened up and cultivated. The manner in which the Dominion and provincial governments are endeavoring by legislation and other means to prevent the introduction of insect pests into Canada and the increase and spread of those pests already here is described. An interesting summary of the various lines of work undertaken and carried on by the division of entomology at Ottawa is given and the general public will no doubt be surprised at the many problems which come within the scope of the entomologists, who are called upon to deal with insects in their relations to all the varied activities of man; insects affecting farm crops, fruit growing, forest and shade trees; insects attacking man's possessions and infesting houses, atacking domestic animals and finally affecting the health of man. All insects, however, are not injurious and the work of the entomologist includes bees and beekeeping and the study of parisitic and other enemies which may be of assistance in obtaining control of insect pests.

Copies of this publication, Bulletin No. 9 (second series), Experimental Farms, may be obtained from the publications branch, department of agriculture, Ottawa.

THE DURBAR CROWN

The crown which was specially made for the Delhi Durbar by Messrs. Gerrard, the court jewelers, and worn at the proclamation ceremony by the king-emperor, has recently been brought back to England, and the question of its ultimate disposal has been the subject of discussion between the secretary of state and the government of India.

It has now been decided that the cost of the crown, £60,000, shall be met entirely from Indian revenues, so *that it may remain a distinctive em*blem of his majesty's sovereignty over the Indian empire, and be available for future imperial Durbars in the dependency.

The question of custody has been carefully considered, and it has been decided, with full concurrence of the government of India, that the crown, though exclusively intended for Indian ceremonies, should not be kept in that country, but should be added to the regalia at the Tower of London. While the question was under discussion many of the most important Indian princes asked that if the symbol be kept in India they should be granted the privilege of custody for limited periods of a year or so in each case. These loyal and dutiful requests are symptomatic of feeling in the country. Any decision involving the break-up of this imperial symbol would have been completely at variance with Indian sentiments and traditions.

When President Taft and Col. Roosevelt are through with their mud slinging, they must clean up.

Ore Output Over Nine Hundred Thousand Tons

With Additional Mills in Operation, Lack of Fuel Troubles and New Shipping Properties Production Is Expected To Show Great Gains Over Last Year

With last weeks shipments the ore production of the Kootenay and Boundary district for the year to date topped the nine hundred thousand ton mark and from now onwards this total, which is considerably higher than that for the same period last year, is certain to gain at a rapid rate over the figures for 1911 for the reason that the Molly Gibson mill and the Mother Lode mill are commencing operations, the Silver Hoard mine at Ainsworth and several other properties in that camp are expected to be on the producing list early next month and increases are looked for in the production of the Slocan mines.

Last year the week ending May 26 saw the last production of the Granby mines for some five months on account of the Crow's Nest coal strike.

Three Mines Show Heavy Gain

Three mines which this year have contributed most heavily to the increased ore production are the Granby, the Mother Lode at Greenwood of the British Columbia Copper company and the Le Roi at Rossland. To this date last year the Granby had produced 458,982 tons compared with 489,339 this year; the Mother Lode 138,049 against 154,452 this year and the Le Roi 5,099 tons compared with 19,282 this year.

The big Mother Lode mill at Sheep creek is expected to be in operation within the next week or ten days. A 24 hours'trial run was made with satisfactory gold output but a minor mishap to some machinery caused a breakdown which necessitated some *delay in resuming operations.*

The Standard mine, the big Silverton dividend payer, is keeping up its heavy shipments, sending 183 tons to Trail smelter last week.

For the week the ore production was 47,250 tons; for the year to date 903,026 tons. The smelter receipts for the week were 44,791 tons; for the year 857,190 tons. The shipment from the Silver King is from a cleanup at the Hall Mines smelter. In detail the figures are:

HIGH METAL PRICES BRING PROSPERITY

With Ore Prices Breaking Records Business in All Lines Experiences Remarkable Increase.

Strong testimony to the influence of the high price of metals upon the general prosperity of mining districts is given in the following extract from an article from the Joplin (Mo.) Daily Globe:

With ore prices soaring higher than ever before in the history of zinc mining, with a general building boom in *progress and with many fine betterments* planned for the immediate future, Joplin now stands upon the threshhold of such prosperity as the city never before has known.

The mining world has been astounded at the steady climb of zinc prices. It is a climb that has shattered all previous prices for the mineral. Local mining men are jubilant, because they foresee that the metal market now is not spasmodic, but is steady, by reason of a general demand for all metals.

With ore prices high and steady, many new properties are being opened rap'dly. Other properties that long have lain idle now are being reopened. Outside capital is pouring into Joplin almost daily, for the mining world has its eyes upon the zinc fields of southwest Missouri.

Building Boom On.

The strength shown in the metal market has given renewed confidence in Joplin in every other branch of business activities, as is shown in the building boom that is sweeping the city from one end to another. The air of optimism pervades the atmosphere and bids fair to result in many splendid improvements not now contemplated.

BIG TYEE SMELTER MAY CHANGE HANDS

Red Cliff Mine Company Has Option on Ladysmith Plant, Says Coast Dispatch

VANCOUVER, B.C., May 26—An option on the controlling interest in the stock of the Tyee smelter at Ladysmith has been obtained by the owners of the Red Cliff Mining company, according to authoritative information and the operation of the smelter this summer in all probability will be by the management of the Red Cliff mine, the property which is now working steadily in the Portland Canal mining district.

The Tyee is one of the leading smelters on the Pacific coast and it is said the control of the stock when the option is taken up will represent an investment of half a million dollars. *The smelter has been closed for some* time. It is the intention on its changing hands to install many improvements in the line of latest machinery. Besides the value of the smelting plant itself, the valuators have placed the land the company owns at $100,000

TALK OF SMELTER FOR VOIGHTS CAMP

British Columbia Copper Company Has Installed Compressor Plant —Ore Values Interesting.

The diamond drill outfit to be used by the British Columbia Copper company at Voigt camp will soon be in operation, part of the machinery having already arrived with a force of skilled operators, says the Similkameen Star. The company has installed a compressor and the work of development will be carried on with increased force and vigor. On No. 14 copper ore carrying $6.40 per ton was found at a depth of 200 feet and at a greater depth the gold values increased it to $8. Voigt camp is believed to be a bigger mining proposition than any owned by the company and is capable of supplying a smelter with its own ores. In all probability a smelter will be built here if local coke can be obtained.

RUSH WORK ON LARGE TUNNEL AT COAL PROPERTY

The Columbia Coal & Coke company at Coalmont are pushing on without cessation the large tunnel which will be used to operate the mine when they are producing. The excellence and quantity of this coal for various purposes has long been ascertained. As a coking coal it will be much in demand for smelting purposes right in this great copper producing district. The Columbia Coal & Coke company have spent a large amount of money in developing their properties, coal, townsite and timber, and are deserving the reward of prosperity for their patient energy and creating an industry that will be of immense importance to the country.—Similkameen Star.

MARRIAGE BILL BEFORE SUPREME COURT

(By Daily News Leased Wire.)

OTTAWA, May 26.—The reference from the government in conection with the Lancaster marriage bill will come up before the supreme court for hearing tomorrow morning. As there are now no obstacles in the way of proceeding with the case, since the privy council's decision in the companies case, it is expected that the question will be speedily fought out in the court. Whatever decision is given, however, by this court will be appealed to the judicial committee of the privy council for final judgment on the matter. Not until the judgment from the higher court has been handed down will it be determined whether the Dominion has power to enact a universal marriage law. The government will be represented by counsel as will also the province of Quebec. It is understood that the latter will bring forward the objection that the court has no jurisdiction in such a matter.

OUR NEW Undermuslins

Possess Every Attraction

Buy them now while the Choice is at its Best

We cannot say too much in praise of our new gathering of undermuslins. We have larger quantities and broader varieties than we have ever before presented at one time.

All the garments are made in the most approved models; excellent in material and finish, to the last detail. No skimping or cheapening anywhere; every piece immaculately clean and fresh and made under the most sanitary conditions.

Despite the fact that the cost of labor and material has been steadily advancing we are enabled, through the placing of our orders many months ago, to offer quite as good, and in some instances better values than we did last year.

Compare our qualities and prices and you will be convinced of the advantage of purchasing here.

PASSENGER KILLED AVIATOR IS INJURED

(By Daily News Leased Wire.)

JOHANNISTHAL, Germany, May 26—Lieut. Schlieting was killed and an aviator named Fokker was slightly injured when the aeroplane in which they were making a flight today crashed to the ground. Lieut. Schlieting was riding as a passenger with Fokker.

CHAMP CLARK EXPECTS NOMINATION

(By Daily News Leased Wire.)

WASHINGTON, May 26—While expressing the conviction that he would be the Democratic nominee for the presidency Speaker Champ Clark today announced that he would file his candidacy for his re-election to congress for the ninth Missouri district. In a statement which was alternated by another signed by the entire Democratic Missouri delegation in congress, he said he did so because of the pressure brought to bear upon him by his constituents.

FIND BODY IN RIVER

(By Daily News Leased Wire.)

MONTREAL, May 26—The body of Miss Mabel Bickerdike, who disappeared from her brother's home at Bordeaux on the eighth of this month, was found in the river at St. Vincent de Paul by a Mr. Gauthier yesterday afternoon. There were no marks of violence to indicate that her death was anything but accidental. Miss Bickerdike who was about 35 years of age, was a niece of Robert Bickerdike, M.P.

STOLE MAIL SUPPLIES

(By Daily News Leased Wire.)

SASKATOON, Sask, May 26—A mail bag was stolen from the C.P.R. depot this morning and found later in a lumber yard on the west side. The bag had been addressed to McInnes and apparently the thieves thought it was for the Dominion land agent of that name. However, it was nothing more than a bag of supplies for a mail clerk of the same name.

FIRE CAUSES HEAVY DAMAGE

ST. JOHN, N.B., May 26—Fire tonight gutted the Coffey building on Charlotte street doing about $3,000 damage to the building and $10,000 damage to the stock.

TRIALS POSTPONED

TORONTO, May 26.—By mutual consent the trial of the provincial election protest against Dr. Reaume in North Essex and of the cross-petition has been postponed from June 10 until October 27 at Sandwich. An order to this effect was issued on Saturday at Osgoode hall. Three other protests against Liberal candidates will be tried in October.

ALDERMAN RESIGNS

CALGARY, Alta., May 26—John G. Watson,alderman of the fourth ward, who made the charges of defective work in the city paving contracts, which started the present municipal investigation agreed tonight that his resignation will be presented to the mayor tomorrow.

WHITSUNTIDE HOLIDAY FINDS MARKET DULL

(By Daily News Leased Wire.)

LONDON, May 26.The Whitsuntide holiday has more than once come in with heaviness and gloom despite the fact that usually it is the cheerfest time of the year. Today there is uneasiness and anxiety throughout the whole city over the financial situation. Politics are certainly unsatisfactory to the market and the general opinion expresses regret that there was not enough wisdom to let a good thing alone and avoid stirring up difficulty. The whole question of national autonomy and religious relations are likely to be opened up, just when there is no great statesman in sight qualified to direct such a subject as imperial federation. Labor is still unsatisfied and syndicalism in its worst continental guise is feared in the strike of the dockers. Men near the bankers utter warnings about the danger of fluctuating values in quotations, which are held to infer large coverings by short term notes. This may mean trouble all around at the beginning of the coming month. Cheerful notes are sounded by the manufacturers, who point to the advancing prices of metals and textile materials as being symptomatic of a strong intrinsic condtions of the markets.

Hogs—Receipts, 11,000 head; market weak to 5c lower. Light, $7.10@7.65; mixed, $7.25@7.75; heavy, $7.25@7.75; rough, $7.25@7.50; pigs, $4.90@6.25; bulk of sales, $7.55@7.70.

Sheep—Receipts, 1,000 head; market slow Native, $5.75@6.45; western, $4@6.40; yearlings, $5.50@7.50; lambs, native, $5@8.9; western, $5.55@9.10.

MARKET STILL DULL

(By Daily News Leased Wire.)

NEW YORK, May 25—Except for a further rise in some of the less prominent specialties, today's stock market was a fitting sequel to the almost uninterrupted dullness of the preceding sessions of the week. The local exchange was without its usual guide, the London and other foreign markets being closed for the Whitsuntide holidays. Advices from abroad were rather discouraging with the grain markets at Liverpool at a standstill and the food supply of the British metropolis and provinces menaced by the strike of the transport laborers. Berlin banks were again in communication with there correspondents here relative to an extension of existing credits. The result of these negotiations may show in next week's money market.

Home news was of a negative or unimportant character. The commercial agencies expressed some optimism regarding trade conditions, with the added declaration that fair weather and good crop prospects outweigh all other considerations. Indisputable evidence of the expansion of business is found in the statistics of bank clearings and railroad earnings. Further proof is furnished by diminished failures and the smaller liabilities accuring from the embarrassments. Prices hardened all around in the last hour but trading was even less active than before. Actual bank loans increased by almost $5,900,000 with the cash gain a little short of $8,000,000, the outcome adding to the reserves by $5,553,650. The average figures, aside from a much smaller loan expansion differed very little from the actual statement.

Bonds were fairly steady. Total sales, par value, $1,218,000. United States bonds were unchanged on call for the week.

WHEAT STRONGER IN CHICAGO

(By Daily News Leased Wire.)

CHICAGO, May 25.—On account of complaints from Nebraska that rain was needed, and because the drought in western Kansas had only been broken partially, wheat today showed unexpected strength. Wheat closed firm, ¼@1¼c above last night. Latest trading left oats up ¼@¼.

Wheat speculators at first believed that the rainfall in Kansas was confined to eastern and central portions of the state where moisture was not required, and that dryness still plagued the western plains where the crops had been parching brown. A buying movement here received much impetus before word was received that the downpour had extended a great distance into northwest Kansas. The break that ensued carried the market a little below last night's level, but prices could not be budged any further and soon rallied, helped by the statements that many thousands of acres in Nebraska were in danger if rain did not come quick. Business in the latter part of the session, so far as the wheat pit was concerned, appeared to be largely of an evening up kind. Dealers expressed themselves as inclined to keep near to shore, owing to the uncertain outlook regarding crops in the wast. Cash houses led the buying of oats. Offerings were small and the wheat strength inclined the shorts to cover.

WINNIPEG GRAIN MARKET

(By Daily News Leased Wire.)

WINNIPEG, May 25.—Trading on the wheat market today was quiet and prices fractionally lower. Options opened unchanged to ⅜c lower and the comparatively steady nature of the American market was reflected here, fluctuations being narrow. Continental cables were unsettled. May closed ¼@¼c lower and July ⅜c lower. Minneapolis closed ½@¾c higher. Chicago closed ¼@⅜c higher. There was nothing in the general news to indicate the cause of the advance. The Winnipeg cash demand was fair at unchanged prices and steady, with offerings heavy and export trade fairly active. Oats were quieter with prices steady, closing lower, while flax prices were stronger. Receipts were heavy, 487 cars being in sight for inspection.

Arrivals through the clearing houses were: Wheat, 13,500 bushels; oats, 45,000 bushels; feed oats, 1,000 bushels; flax, 5,500 bushels.

Kootenay and Boundary

SHIPS NINE CARLOADS OF POLES DAILY

(Special to The Daily News.)

HALCYON, B. C., May 25.—Among those taking the baths at the Halcyon Springs are Hon. James H. Howden, K. C., attorney general of Manitoba, who is staying here with his wife and sister. Mrs. W. J. Hamilton of Neepawa, F. L. Young of Kamloops, proprietor of the Kamloops Standard, and Mrs. Young have also been spending a few days here. Other guests at present at the hotel are F. Wagner, Kenora; G. W. Mackay, Lee Pass; C. Hood, Vancouver; R. C. Folsom, Republic, Wash.; George Robinson, Greenwood; F. E. Camp, Victoria; W. R. Jones, Revelstoke; Miss Murphy, Taghum, B. C. Recent visitors include Hon. Thomas Taylor, minister of public works, Victoria, who was here for a few days with Robert Gordon, government agent at Revelstoke. J. C. Yoder, manager of the Lindsley Pole company, was here this week and reports his company busy filling orders for the northwest. Nine carloads a day are shipped for the Albertan government. The Gibbons sawmill is nearly ready to start operation. The new mill is up to date in every particular and has a large cutting capacity.

Trolling in the lake during the last few days has resulted in some good catches of trout. The largest tipped the scales at nine pounds.

The hotel is looking very smart, having undergone a completing renovating inside and out this spring, and the host and hostess, Mr. and Mrs. William Boyd, are kept busy looking after their numerous guests. The latest arrival, and one who looks for and gets a lot of attention, is "Joey," the black bear cub, who is as playful as a kitten and has made friends with everybody.

Rev Hartley held divine service here on Thursday.

C. L. Mackintosh, eldest son of ex-Governor Mackintosh, is expected here with his wife and daughter this week.

AINSWORTH NOTES

(Special to The Daily News.)

AINSWORTH, B. C., May 26.—Mrs. Labbie of Nelson and Miss May Carey of Kaslo spent last week in the city and greatly enjoyed the hot mineral water baths, leaving for Kaslo on Thursday very much improved.

Mrs. Cody of Kaslo paid her many friends here a visit on Wednesday.

Mr. Murphy and his sister, Miss Murphy of Kaslo, stopped off on Wednesday to visit the hot springs before leaving for Toronto. Mr. Murphy intends visiting Europe before returning to the West.

Tully McKelvy returned from the Kaslo hospital on Monday and speaks in highest praise of Dr. Devlin and nurses.

W. S. Hawley of Spokane, managing director of the Silver Horde Mining company, accompanied by Dr. E. R. Northrop, is stopping at the Grant King hotel. Mr. Hawley is looking over their property and intends erecting new brick houses, cook house and office buildings with a sawmill plant. The Silver Horde promises to be one of Ainsworth's largest shippers in the near future.

James Carey of Kaslo made Ainsworth a short visit, spending most of his time hauling in char and salmon.

Many of the Ainsworth people took in the celebration at Kaslo the 24th and all report having had a good time.

The children and some of the growing-ups were very much disappointed when the Nelson band, on board the Moyie, did not play when landing at the wharf.

W. A. Moore was an incoming passenger on the S. S. Kokanee on Thursday morning, coming from McGill Medical college.

GUTELIUS NEWS

(Special to The Daily News.)

GUTELIUS, May 26.—A very enjoyable dance was held in the hall in celebration of Empire day. A large number were present. Supper was served at 11:30. The dancing was kept up till about 2 o'clock.

Miss Maud Deering and her younger brother of Ainsworth are visiting friends in the valley.

P. Swan and his road crew are making good progress building the government road between Frank Soucy's and Gutelius.

Bear are not as plentiful this spring as they were last, but several have been secured. John Bernard killed a nice black one back of Mr. Koch's camp on the Little Slocan a few days ago.

Rev. Thomas Buchanan has taken Rev. James A. Gillam's place in the Presbyterian mission field here.

The big carrier which carries the sawdust and slabs from Koch's mill was washed out last Thursday evening, closing the mill for a few days.

Present indications are good for a heavy crop of fruit this year. The recent rains have freshened things up nicely.

Alex Smith is making good progress with his new house. He expects to move in about June 1.

GOLDEN STABBING CASE

(Special to The Daily News.)

GOLDEN, B. C., May 25.—Charged with stabbing Harry Derewenk, a porter in the Kootenay hotel bar, on Monday evening, Patrick Webb appeared in the police court here on Tuesday before C. H. Parson, J. P., and was sent up for trial at the sitting of the county court here on May 30, at which Judge Thompson will preside. Derewenk and Swanson, the bartender, had endeavored two or three times to persuade Webb to leave the bar, but he refused and was ejected. He came back and is said to have used a pocket knife on Derewenk and was arrested immediately afterward. Derewenk was taken to the hospital, where his wounds were dressed by Dr. Gordon.

NEW DENVER NEWS

(Special to The Daily News.)

NEW DENVER, B. C., May 24.—F. D. D. Kelly of the Slocan hospital has purchased a 20-foot motor boat in Nelson.

R. E. Allen, who has been acting as fire warden for the New Denver district for the past two seasons, has received notification of his promotion to the post of district fire warden with headquarters in Revelstoke. "Bob" will be very much missed, especially by the Rifle association, of which he was a valued member.

Rev. Mr. Buchanan, Presbyterian missionary at Slocan City, spent Wednesday in town the guest of Rev. H. A. Bain.

Rev. J. Mitten held a very interesting service at the Van Roi mine on Tuesday evening last, the Welsh choir at the mine taking part in the service.

Cutworms are doing a good deal of damage to the flower and vegetable gardens in the district, and rain is badly needed.

Rev. J. Knox Wright of Vancouver, travelling secretary of the Canadian branch of the Bible society, gave a very interesting and instructive address on the work and aims of the society in the Presbyterian church.

Col. R. T. Lowery of the Greenwood Ledge is spending a short time in town. The colonel ran the New Denver Ledge several years ago, during the boom days.

Mrs. Herbert Cue and daughter leave tomorrow for London, Eng., where Mrs. Cue has been called by cable on account of the serious illness of her mother.

GRANITE CREEK MINE UNDER LOCK AND KEY

(Special to The Daily News.)

COALMONT, B. C., May 24.—The Coalmont Courier claims to be the largest paper in the province outside of Vancouver, the latest edition has 12 pages. The first two editions were printed on wrapping paper, which was loaned from the merchants in the town.

A Granite Creek placer miner struck it rich. When not at work he has his tunnel entrance closed and under lock and key.

The Great Northern grading contractors are expected in any day. The engineering staff built an office near the depot.

A shipment of 160 pairs of wheels and axles arrived from England for the Columbia Coal and Coke Co., Ltd.

WALLACE BANKER GOES BACK FOR TRIAL

(Special to The Daily News.)

VANCOUVER, B. C., May 26.—In charge of Warden Snook of the Idaho state penitentiary Bernard F. O'Neil, late president of the State bank of Wallace, Idaho, left yesterday for Idaho to face his trial on charges of signing false balance sheets of the bank.

TENDERS FOR HOSPITAL BUILDING

Sealed tenders are invited for the erection and completion of a hospital building in the city of Nelson.

All tenders must be accompanied by a certified cheque for 5 per cent of the amount of the tender, made payable to the Kootenay Lake General Hospital Society, which cheque will be forfeited to the society if the successful tenderer fails to sign the contract within eight days after notification of acceptance of his tender, and also to enter into bonds satisfactory to the Board, according to the specifications.

The lowest or any tender not necessarily accepted.

The whole or part of the work and material may be tendered for.

Separate tenders for plumbing, heating, electrical construction, painting and plastering are required.

Plans and specifications can be seen at the office of George Johnstone, Esq., secretary of the Hospital Society, to whom sealed tenders, endorsed "Tender for Hospital" must be delivered before 12 o'clock noon on Tuesday, June 11th, 1912.

SYNOPSIS OF COAL MINING REGULATION

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon territory, the North-west Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalties thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to a Sub-Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for. 22-...

The Daily News Want Columns are the clearing house of realty information.

CONSIDERABLE CAPITAL BEING INVESTED IN COLUMBIA VALLEY

(By Vernon Chapman.)

GOLDEN, B. C., May 26.—Notable among the many and constantly accumulating evidences of the keen and rapidly increasing interest which is being taken in the progress *of the Columbia valley is the fact that* several of the most influential financial corporations on the coast, in the east and in the old country are now directing their attentions to this district as a field for the investment of capital extensively. During the present month many very important deals have been consummated for the pur*chase of large tracts of land through*out the valley by companies, with the object of subdividing the properties and disposing of the small tracts to new settlers. Other companies will subdivide, clear and plant the land and erect buildings and put ready-made farms within reach of the many newcomers to this district.

During the past week the ranch known as the "Ridge," southeast of Windermere, on the west side of the lake, was purchased by Messrs. Coleman and Morgan from W. W. Taynton. The ranch adjoins the Sunshine ranch, one of the prettiest on the lake, and the deal involved a substantial figure.

The Columbia valley's products will be prominent at the seventh annual session of the International Dry Farming congress, of which Canada is the host this year. E. H. H. Carlisle of Galena, an advocate of dry farming, will forward to Lethbridge many exhibits for display at the congress, which is to be held in the Alberta city on October 21-26. Mr. Carlisle took up land in the Columbia valley last year and already has 135 acres cleared and under cultivation.

"Developments in the Columbia valley this year will be phenomenal on account of the construction of the Kootenay Central railway to connect the Crow's Nest line with the main line of the C. P. R.," predicted John J. Young of Spokane yesterday, Mr. Young, although now located in Spokane, is heavily interested in British Columbia and is president of the Windermere Land company.

To show the rapid increase in the value of choice British Columbia lands Mr. Young said that three years ago the lands in the Windermere district were selling for about $5 an acre. Today his company is selling five and ten acre tracts at from $100 to $250 an acre. "The Kootenay Central railway *will furnish transportation to and* open up between Golden and Cranbrook," he said, "one of the finest valley's in the province."

Among the developments in the Windermere district is the undertaking of the Kootenay Valley Farm and Fruit Lands company that is investing $1,500,000 in an irrigation scheme *that will put water on 400,000 acres.*

There is at present more building going on in Golden than at any time in the history of the town. Probably the greatest activity is displayed in the Dominion government townsite in Golden, south, where many substantial residences are under construction, but all sections of the town show signs *of growth.* Golden is on the threshhold of a big movement and no town in the interior is at present growing faster than is this town.

GIRL'S DRESS

Girl's dress, with added panel, with long or kimona sleeve, and with high neck or low neck edge. Blue galatea with *piping in red, and tiny gilt but*tons for trimming is here shown. The design has many good features. Without the panel it will make a simple, comfortable dress to be finished with long or short sleeves, and with or without collar. The panel supplies the decorative feature of the model and is most effective and pleas*ing. If made of linen the panel could* be embroidered or braided. The pattern is cut in four sizes: 6, 8, 10 and 12 years. It requires 3¾ yards of 36-inch material for the 6-year size.

Please send the above mentioned pattern, as per directions given below to

BOTH CLAIM VICTORY

(By Daily News Leased Wire.)

MINNEAPOLIS, Minn., May 26.—As a result of caucuses held in 19 counties of the state by the Democrats yesterday, both Governor Wilson and Champ Clark are this morning claiming victory, both sides pointing out that the small number of counties is representative of the sentiment of the Democrats throughout the state and a good criterion by which to judge the remaining caucuses tomorrow. All of the nine legislative districts of Minnesota with the exception of the Fourth *and Fifth,* which represent the Twin Cities district, are included in returns received last night. Spirited contests in some were offset by lack of interest in others and one county, Sibley, went so far as to desert the regular party candidates and put William J. Bryan in first. Mr. Bryan received a majority of votes here, with Clark second.

QUEEN MARY CELEBRATES BIRTHDAY

(By Daily News Leased Wire.)

LONDON, May 26.—Queen Mary's birthday was celebrated quietly at Buckingham Palace today, the only members of the royal family with the *King and Queen being Princess Mary* and little Prince John, the other sons being away. Telegrams of congratulation from them were among the first to reach the Queen this morning, as well as messages from the German emperor and other European royalties. It being Sunday the royal salute and other forms of celebration were post*poned till tomorrow,* but there was a small dinner party at the palace with a few intimate friends this evening.

BOTH SIDES ARE CONFIDENT

(By Daily News Leased Wire.)

CALGARY, Alta., May 26—The campaign of the by-elections closed last night. Liberal managers claim that Woolf will be elected in Cardston riding by 200 majority, Mackenzie will be returned from Claresholm by 100 majority, Cross will receive a majority of 1,000 in Edmonton, Stewart is sure of Sedgewick by a large majority and Boyle will be elected in Sturgeon by 300. Conservatives reverse these figures and assert that Parish will win in Cardston by 100, McMillan has a chance in Claresholm, Ewing will defeat Cross in Edmonton riding by 500 and Taylor has a chance in Sedgewich. Sturgeon is considered doubtful.

COAL MINE PLANT DESTROYED

(By Daily News Leased Wire.)

EDMONTON, Alta., May 26—The whole of the above ground plant of the Great West Coal company of Clover *Bar, was destroyed by fire that did* damage to the extent of $35,000 or $40,000. The blaze broke out in the roof of the boiler room at the mine heading and from that point until the entire buildings at and around the pithead were enveloped in flames. The loss is covered by insurance.

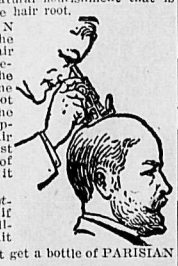
VANCOUVER MAN DROWNED IN HARBOR

(By Daily News Leased Wire.)

VANCOUVER, B. C., May 26.—C. H. Batterham, one of Vancouver's popular young men and a former resident of Winnipeg, where his father resided for many years, was drowned in the har*bor yesterday afternoon by the upset*ting of his canoe, caused by swells from a passing vessel. A lifeboat manned and lowered from the C. P. R. steamer Princess was speeding to his assistance but when 50 yards distant young Batterham sank and never rose again. He was employed in the office of George H. Webster, C.E. His parents reside here.

If the Hair Root Is not Dead Do not Despair

Falling hair means scanty hair, and scanty hair means baldness. The whole *trouble is caused by dandruff germs* that destroy the natural nourishment that is supplied to the hair root.



PARISIAN SAGE, the scientific hair nourisher, penetrates into the roots of the hair and not only kills the germs but supplies the hair root with just the kind of nourishment it should have.

*If you are get*ting bald; if your hair is falling, don't wait till too late but get a bottle of PARISIAN SAGE today.

It is possible to have your hair and prevent baldness if the hair root is not dead.

PARISIAN SAGE is guaranteed to satisfy every user, or money back. It stops falling hair, scalp itch, and banishes dandruff in two weeks. It is a refined hair dressing that puts a radiant luster into faded, dull hair. Fifty cents at the Poole Drug company's and dealers everywhere.

NELSON NEWS OF THE DAY

A. Chisholm of Edgewood is at the Queens.

The city council will meet this evening at 8 o'clock.

Mr. and Mrs. A. D. Wheeler of Ainsworth are at the Strathcona.

F. Nicholls of Queens Bay is visiting the city and is staying at the Grand General.

A. D. Emory and family have moved to their summer home at Five-Mile for the season.

W. J. Goepel of Victoria, inspector of government offices, is a guest at the Strathcona.

Mr. and Mrs. G. Aldridge were new arrivals from England on Saturday. They are at the Madden.

W. Swannell caught a 15 pound salmon at Kaslo on Friday. This was the biggest catch of the day.

The Amalgamated Society of Carpenters and Joiners meet tonight at 8 o'clock. All members are requested to be present.

The regular meeting of the Nelson Trades and Labor Council will be held tomorrow evening at 8 o'clock in Miners' Union hall.

A meeting of the executive committee of the Kootenay-Boundary Liberal association will be held here on Thursday evening at 9.30 o'clock.

Kootenay lodge No. 16, I.O.O.F., meets tonight at 8 o'clock when the initiatory degree will be conferred and other business will be considered.

The water rose 2½ inches during the past 48 hours, according to the guage of the Nelson Boat & Launch Co.. The total rise is now 10 feet 3 inches.

A number of Nelson men are planning to go to Silverton on Wednesday when the Slocan District Conservative association will give a banquet to William Hunter, M.P.P.

Painters and decorators will meet in Miners' Union hall tonight at 8 o'clock to discuss matters of benefit to their craft. All painters working in the city are invited to be present.

The meeting of the executive of the Nelson Conservative association called for this evening has been postponed until Wednesday evening, when it will be held at 8 o'clock in the board of trade rooms.

Striking the wharf at Riondel on her way back to Nelson from Kaslo, the steamer Movie on Saturday morning tore a hole in her bottom, but although some water entered the boat she was able to complete the trip to Nelson.

The executive committee of directors of the Kootenay Fruit Growers' union, consisting of the president, C. W. Busk, C. F. McHardy and S. Goode, will represent the union in all matters relating to the Lethbridge dry farming congress.

There will be a regular meeting of Court Royal Nelson No. 9204, Ancient Order of Foresters, in the K. of P. hall tonight at 8 p.m. District Chief Ranger Brother Fullerton from Victoria will be present and address the meeting. A special request is made that all members and visiting brethren shall be present. Nominations for new officers will also take place at this meeting. A large attendance is looked for.

HELP GOVERNMENT PROTECT FORESTS

Carelessness Cause of Numerous Fires Last Year, Says Forest Service Poster—Value of Timber

Last summer there were 73 forest fires caused during land clearing operations; 67 caused by campers and 37 by logging operators in addition to railway and other fires, according to a circular which has been issued by Hon. W. R. Ross, minister of lands.

Linen posters giving these facts and urging upon all citizens to exercise the greatest care when using fires in the woods are being distributed throughout the Kootenays by the provincial fire wardens.

"Fine timber was wasted, houses were destroyed, payrolls and trade went up in smoke. Several men were ruined," says the poster which states that the amount of public money spent in fire protection last year was $140,000, one bad blaze costing $9,000 to fight.

"Why?" asks the poster, giving as answer:

"Just because someone neglected his clearing fires.

"Just because someone left a camp fire smouldering.

"Just because someone was careless with matches or tobacco.

"Just because someone broke the law when using steam machinery."

WHEN IS A BEAR A WHITE ELEPHANT?

When it's Won in a Raffle, Says C. Grizzelle—Are They Playmates for Chickens?

"When is a bear a white elephant?"

"When it's won in a raffle," is said to be the answer given to this question by C. G. Grizzelle who on Saturday was the winner of the two bear cubs raffled at the Sign of the Golden Gun by the Nelson Transfer company. Mr. Grizzelle held ticket No. 322.

To start a travelling show and go on tour with the two cubs or to loan them for advertising purposes or to keep them in the back yard with the chickens are some of the suggestions that have been put up to Mr. Grizzelle but he hasn't yet arrived at a satisfactory solution.

"They are pretty little fellows but what's going to happen when they grow up? I don't know what to do with them—I guess we'll raffle them. raffles go well in Nelson." These remarks are attributed to D. G. Kurtz of the Transfer company who was in doubt as to what to do with the animals a day or two ago. And the raffle idea proved a brilliant one; tickets sold like hot cross buns on Good Friday.

Although Mr. Grizzelle now knows what it feels like to possess two white elephants he hopes that he won't have much trouble in disposing of them as it is understood that there is a standing offer from T. Kenna, manager of the Balfour tourist hotel, for the two "little dears."

FORM LOYAL TRUE BLUE ASSOCIATION

Mrs. Edna Collins of Rossland is One Applicant for Incorporation of Order

The provincial grand lodge of the Loyal True Blue Association of British Columbia is the title of the organization for which a certificate of incorporation under the Benevolent Societies act has been granted, according to the current issue of the British Columbia Gazette.

Beyond stating that the objects of the society are fraternal, to establish a fund for the relief of sick and distressed members of the association, a funeral fund for the relief of relatives of deceased members and to establish an orphan home for the relief of destitute children the application for incorporation does not go. Among the applicants for the certificate, is Mrs. Edna P. G. Collins of Rossland.

DARROW MAY IMPLICATE LABOR LEADERS

(By Daily News Leased Wire.)

CHICAGO, May 26.—Overtures looking to a confession on the part of Clarence S. Darrow, on trial at Los Angeles on a charge of jury bribing, have been made to the district attorney there, and repulsed, unless Mr. Darrow agrees to tell everything he knows in connection with the McNamara plot to blow up the Los Angeles Times building, according to a sensational statement made by General Harrison G. Otis, publisher of the Los Angeles Times, who is in Chicago on his way west.

"I personally know that overtures for a confession have been made," said General Otis at the Blackstone hotel to a reporter for the Daily News today. "The district attorney sent word to Mr. Darrow that his confession would not be accepted unless he agreed to tell all. That would implicate labor leaders of prominence and there is where the delay comes in. Darrow will either be convicted or confess inside of two months and he may confess within a week."

General Otis, who has been in the east on a business trip, says that he has kept in close touch with the Darrow situation and declares that there can be no question about the result of the trial.

"They have the goods on Darrow; he knows it and would like to confess and get out as easily as possible," he said.

"What the district attorney wants, though, is to get the men who employed Darrow. He wants Darrow to reveal everything in connection with the conspiracy to free the McNamaras. Prominent labor leaders were with Darrow and he will not be allowed to confess unless he tells just what part they took in the jury bribing conspiracy. I believe that he will confess. He is sure to be convicted in any event."

THE CONVERGENCE OF THE TWAIN LINES

(By Daily News Leased Wire.)

LONDON, May 25.—Thomas Hardy contributes to the June number of the Fortnightly Review the following poem of eleven triplets, entitled, "The Convergence of the Twain Lines on the Loss of the Titanic":

In solitude of the sea
Deep from humarity,
And the pride of life that planned her,
Stilly couches she.
Steel chambers, late the pyres
Of her salamandrian fires
Cold currents thrid and turn to
rhythmic tidal lyres.
Over the horrors meant
To glass the opulent
The sea worn crawls—grotesque,
slimed, indifferent
Jewels in joy designed
To ravish the sensuous mind
Lie lightless, all their sparkles
bleared and black and blind.
Dim moon eyed fishes near,
The daintily gilded gear,
Gaze, querying, What does all this
sumptuousness down here?
Well, while was fashioning
This ship of swiftest wing
The omnipotent will that stirs and
urges everything,
Prepared a sinister mate
For her, so gaily great
A shape of ice, for the time far and
dissociate.
And as the smart ship grew
In stature, grace and hue
In shadowy, silent distance grew the
iceberg, too.
Alien they seemed to be.
No mortal eye could see
The intimate welding of their later
history;
Or sign that they were bent
By paths coincident,
On being anon twin halves of one
august event;
Till the spinner of the years
Said: "Now," the which each hears,
And consummation comes and jars two
hemispheres.

MEANING OF HARD LABOR

Many of the suffragists who took part in the window breaking outrages were sentenced at the police courts to terms of imprisonment with hard labor. As there is a good deal of confusion in the public mind concerning the meaning of the term "hard labor" it may be well to point out that such labor is not the same in the case of a woman as in that of a man.

In an article published in the Times of June 10, 1910, on "Prison Life and Administration," the writer says:

"A female prisoner never sleeps on a bare plank. She has a mattress from the first. No woman now, even though sentenced to hard labor, works alone in her cell unless she is a convict, and then for a much shorter time than a man. An ordinary prisoner, if a woman, goes with the rest on the first day to work in sewing room, kitchen or laundry. Hard labor for a woman only means washing or scrubbing—the oakum picking, which still lingers in male prisons to a limited extent, is now abolished from all up-to-date female houses of detention. The dress of the women is a dark brown, not at all unbecoming when the wearer is comely, with a rather dainty white cap as headgear. The ugly prison drab of the men is not seen on the female side of the gaol. Mere male readers may deem this a small point; ladies will know better. The work in a prison for women is mainly, of course, sewing in all its branches."

The hair of a woman prisoner is not cut without her consent, except where this is necessary in the interests of hygiene.
