1151
PROVINCIAL LEGISLATIVE ASSEMBLY NOV 16 1912 VICTORIA, B. C.

TRUSTEES HEAR CHARGES AND PRINCIPAL'S REPLY

Teachers Declare Temper Is Violent

HE DENIES MOST OF ALLEGATIONS

Madden Case Is Brought Up, Investigation Continues Today

Charged, among other things, that he had used coarse language to the teachers, that he had attacked the methods of his predecessors and shown unprofessional conduct, that he had criticized members of the staff before the pupils and to one another, that he had lost his temper in disciplining pupils, that he could not discuss methods of teaching at meetings without losing his self control, that he had acted in a brutal and tyrannical manner and that he had accused Miss McVicar and Miss H. Olding with keeping primers so that Miss Rath could not secure one, R. Thompson principal of the Nelson public school at a meeting of the board yesterday afternoon, denied some of the accusations and offered explanations of others. The only instance in which he admitted losing his temper was in the case of Charles Madden, a boy whom he said he "clouted on the head."

This afternoon at 2 o'clock the investigation will be proceeded with and the teachers will be called to give evidence on the charges which have been made.

The meeting yesterday was the result of the wholesale resignations received by the board from the staff of the school. A. D. Emory, chairman presided and William Irvine, Dr. Annie Verth Jones, W. J. Labadie and Dr. E. C. Arthur, secretary, were present. E. C. Wragge appeared for Mr. Thompson. Miss Rath was also in attendance. A. M. Johnson, city solicitor will be present today to represent the board. G. H. Playle is making a shorthand report of the proceedings.

Charges Made By Teachers.

Charges made are chiefly:

"He attacks the methods of his predecessors, two of whom are now inspectors.

"Criticises teachers before the pupils.

"Uses coarse language toward the teachers and says: 'There was no system in the school before he came.'

"Criticises members of the staff to one another.

"Loses his temper in disciplining the pupils and in consequence makes it difficult for the teachers to control pupils in the halls as their attention is constantly distracted to see what pupil is being attacked by Mr. Thompson.

"Cannot discuss methods at meetings without losing self control.

"Accuses the staff of 'giving him nothing but dirt' since his arrival and defying his orders with 'bravado.'

"Has a threatening attitude toward the teachers.

"Has altered the limits laid down by the department for junior grades.

"Mr. Thompson refuses to believe statements made to him by us and is quite unapproachable and we are unanimous in the opinion that he does not know his place as principal, acting as he does in such a tyranical and brutal manner and we feel that we cannot, with the continual faultfinding do our best work and the school is suffering in consequence."

Irritable and Violent Temper.

It is also charged that he has revealed "his irritable and violent temper and utter lack of good breeding;" that "Mr. Thompson told the teachers at a teachers' meeting that anyone who did not have a strap and needed one, might send to the office for his and specially requested that the culprit to be punished be despatched on the errand. Having occasion to comply with his request, detention being forbidden, I sent a boy to him with a note, requesting the loan of the strap, while school was in session. Mr. Thompson wrote on the reverse side of my note: 'Miss McVicar, do your own strapping,' and returned it. I wrote back: 'Certainly, but you told us we might borrow your strap.' My intention was merely to make myself understood and I waited until the bell rang for dismissal, when I thought Mr. Thompson would not be busy, to send the note to him. He refused to look at the note and the incident was closed.

"You Are a Misfit."

"During the next few days I avoided Mr. Thompson, thinking that the only way to keep peace. He did not like being avoided, apparently, for on an absurd pretext, he summoned me to his class room and asked me to explain my manner. I told him that I did not know what was the matter with my manner excepting that after he had been so extremely discourteous to me, as he had on several occasions, I supposed I seemed self-conscious and restrained in his presence. This made him furiously angry and he exclaimed: 'O, it's not your manner. You are a misfit; you won't fit in anywhere; you won't do anything I want you to; you dawdle around, you stand around with a superior smile and don't try to help, you go around with your head in the air—I beg your pardon, I beg your pardon, when you know exactly what I say. It merely means that you do not want to do what I tell you to; now I am principal here and you have got to take orders from me,' and he raged on making ridiculous charges with nothing to substantiate them. I told him that his charges were ridiculous and that I could not understand what he meant at all. He maintained that I had been working against him. I insisted that I had not but had merely avoided him personally on account of his discourteous manners. He refused to believe any of my statements, and threatened to report me to the board and accused me of unladylike conduct. Finally, however, he said that he was sorry that he had seemed discourteous."

Dispute Regarding Primers.

Another charge is expressed as follows:

"Mr. Thompson came to Miss Olding's class room, I being there, and asked us about the number of supplementary primers we respectively had in our rooms. I told him that I had 54. Later I recollected that this was incorrect as I had not taken into account the copy I use myself, the correct number, therefore, being 55. I believed and still believe each child in my class entitled to a copy of the primer in question. Mr. Thompson thought differently and proceeded to scold Miss Olding and myself in an insolent and unreasonable manner, accusing us of taking books from the stock room when we did not need them and stowing them away in order to keep them from other teachers. He said we were pulling against him, that he would show us our place, would put us in our place and keep us there, that he was principal and was not going to put up with it, and much more to the same effect, becoming all the time more angry and unbearable until we finally protested, when he left the room.

"Renewing the attack the next morning, he said he was a gentleman. It was the first time that I had any inkling of the fact."

"Satanic" Laughs.

That Mr. Thompson stated that he had often heard "our satanic laugh" through the halls and that the staff had "given him dirt," are other charges made.

The letter continues: "He went on to accuse me of being underhanded, stating that he knew what went on behind his back and that my 'suave veneer' didn't fool him!

It also declared that he spoke in a threatening manner of what would happen to the teachers if they made an appeal to the board.

Says Stowed Away From Others.

Another statement with regard to the primer episode is: "He came in the same day after school, Miss McVicar being present, and, after asking for the number of primers we had, stated that there were 105 phonic primers (supp) in the school. Then banging his fist down violently on the desk he shouted: 'I'll have none of your tricks; you have been pulling against me for two weeks. Miss Olding, you have a spite against Miss Rath and you have taken those primers to prevent her from having them, and that isn't all. You have both taken books from the stockroom and stowed them away to keep other teachers from having them.' He added that we had taken 'other things' for the same reason and he would not say which one of us had done that."

With regard to the interview the following morning the statement is made: "He then scolded us in a most ungentlemanly manner, remarking coarsley that since his arrival the

ROYAL GEORGE'S CARGO DISCHARGED

Pilot is Confident That Ship Will Be Floated at Next Spring Tide.

(By Daily News Leased Wire.)

QUEBEC, Nov. 12.—The work on the Royal George is still going on and Captain Sanders, the well known wrecking expert of New York, who has been working on the steamer, Wilhelmina, which went ashore on the coast of Newfoundland some time ago, is now on his way to Quebec, and is expected here in a day or so. The Royal George's cargo has been discharged from the ship into lighters and brought up to Quebec and stored on the Quebec & Lake St. John railway wharf, where it will be loaded into cars and taken to Montreal.

Will Float Ship.

QUEBEC, Nov. 12.—The following message was received from the pilot of the stranded steamer Royal George, by Marconi today:

"S. S. Royal George, Nov. 12.—To Chronicle, Quebec: Contradict report in papers; sure ship will be off next spring tide, 24th to 26th of November (Signed) Sam Rioux. Pilot."

DRIVER TURNS STATE'S EVIDENCE

Heard Shots Fired That Killed Rosenthal—Police Lieutenant Had Fixed Cops.

(By Daily News Leased Wire.)

NEW YORK, Nov. 12.—William Shapiro, co-defendant of the four gunmen indicted as the actual slayers of Herman Rosenthal, today turned state's evidence. Testifying today, Shapiro identified the quartette, Lefty Louie, Gyp the Blood, Whitey Lewis and Dago Frank, as his passengers in the murder car which he drove to the Hotel Metropole where Rosenthal met his fate. He saw them get out of the machine, he swore, heard the shots fired, and declared that when they came back to the car they had revolvers in their hands.

"Gyp the Blood," Shapiro said, had placed a revolver to his head and ordered him to "hurry up and drive away."

He had heard "Dago Frank" say, he testified, that Police Lieut. Becker, since convicted of instigating the murder, had fixed the cops.

Shapiro's appearance as a state witness was one of the results, according to District Attorney Whitman, of the death of "Big Jack" Selig, leader of the gang of East Side thugs, to which the four gunmen belonged. Shapiro testified on the stand today that he had heretofore refused to identify the gunmen because of fear of being killed.

SMALLPOX OUTBREAK IN MONTREAL

Now Twenty-One Cases in New Smallpox Hospital—Situation Critical, Says Physician.

MONTREAL, Nov. 12.—Since the smallpox scourge of 1885 in Montreal, the present outbreak is the most serious that has confronted the civic and provincial health officials. Seven new cases were reported to the city health officers today and there are now 21 cases in the new smallpox hospital. Dr. J. E. Laberto said today that while he did not think that the outbreak would spread to the serious proportions of the epidemic of 1885, still the citizens should realize that the situation was a critical one and every possible means to offset the outbreak should be taken.

SPANISH PREMIER IS MURDERED

Shot in Back While Looking in Shop Window

ASSASSIN THEN ATTEMPTS SUICIDE

Manuel Garcia Prieto, Foreign Minister Temporarily Fills Vacant Post

(By Daily News Leased Wire.)

MADRID, Nov. 12.—Jose Canalejas Mendes, the prime minister whom Spain has regarded as one of the greatest of statesmen was shot and and killed by a young anarchist named Manuel Pardinas. The assassin attempted suicide and it was afterwards thought that he was dead, but when he had been carried to the hospital he was found to be living.

Isolated Crime.

No event since the throwing of the bomb at the carriage of King Alfonso on May 31, 1906, while the King was returning to church after his marriage has created such general consternation and such public sympathy. So far as can be learned at present the assassin seems to be in no way part of a widespread plot or revolutionary movement but an isolated crime for which the exact motive remains obscure.

The assassin, who was of Spanish birth, came recently from Buenos Ayres by way of Paris. Practically nothing is known of him.

The King has appointed the foreign minister, Marquis Manuel Garcia Prieto, as premier pro tem, and the Liberal government which Senor Canalejas so conscientously conducted for some years remains in power.

Weyler as Premier.

After a cabinet meeting tonight it was announced that General Weyler, captain general of Catalonia and once commander-in-chief of the Spanish forces in Cuba might be appointed permanent premier.

Shot in Back.

Canalejas was shot in the back three times as he was walking to the ministry of the interior in the Puerta del Sol. He had stopped to glance into the window of a book shop. This morning he went to the royal palace to submit several decrees to the King. He emerged smiling and happy. As an attendant opened the door leading to the street a strong gust of wind struck the premier in the face, causing him to exclaim gaily: "Oh, what a wind! We are going to have a bad day."

Fired Four Shots.

About an hour later his unconscious prophecy was fulfilled. As he stopped for a moment at the shop window a man darted from a nearby doorway. He ran up behind the premier, and fired four shots at close range. Three bullets, as it was afterwards found, took effect. Canalejas sank to the sidewalk. A friend who was passing at the moment rushed up crying: "Don Jose, Don Jose," this being the premier's baptismal name. The wounded man scarcely had strength to murmur: "The scoundrel has killed me." He then expired.

Attempts Suicide.

In the meantime, his assailant turned the muzzle of the revolver on his breast and fired again.

A crowd quickly gathered while the assassin was half dragged to the police station. The premier was carried to a pharmacy and then to the ministry of the interior. Here he was placed on a large marble table in the main saloon. The blood flowing from a wound behind the right ear soon formed a pool on the floor. The King was informed of the tragedy as he was leaving the palace to attend the Chrysanthemum exhibition. He sprang into an automobile and motored swiftly without escort to the ministry. As he reached the Puerta del Sol ,the crowd acclaimed him, crying: "Long live the brave King."

King Alfonso stood over the corpse with tears in his eyes. His majesty said a short prayer and then after consulting the ministers present, returned to the palace. The cabinet later assembled and decided to appoint to the position of premier, the Marquis Manuel Garcia Prieto, at present foreign minister. Bystanders who had witnessed the shooting handed over to the police a pocketbook containing 2,000 pesetas ($400) and several documents which had fallen to the ground.

Marquis Prieto announced the assassination in the chamber of deputies. In the course of an eulogy he said: "He died between his two affections—his people and his books. The enemies of society will not triumph, for we are all united to defend society."

Marquis Prieto's words occasioned great applause, in which all except the Republicans joined.

Body Lies in State.

The premier's body later was transported to the chamber of deputies, where the public were admitted to view it. The funeral probably will take place tomorrow, with all the honors accorded a general who died at his post of duty. Throughout the evening thousands assembled in the streets and other thousands passed the chamber to witness the lying in state. All the diplomatic corps paid their tribute of respect.

When the wife of the premier arrived she fell fainting over his body.

An eye witness of the crime asserts that the assassin had an accomplice who escaped in the confusion.

King Alfonso visited the widow of Senor Canalejas this afternoon and expressed his condolences.

Knew Was Doomed.

An intimate friend of Premier Canalejas says that at a state luncheon on Aug. 24, the premier, referring to the attempts on lives of statesmen said: "I know that I am condemned to death because I possess most positive information that two anarchists have taken an oath to kill me. I know, further, that the man who will kill me is a man who has been banished from Buenos Ayres and that he went from there to Paris, Valencia and Biarritz, where the police lost trace of him."

Prayers of Pope.

(By Daily News Leased Wire.)

ROME, Nov. 12.—The assassination of Premier Canalejas of Spain produced the deepest impression here, especially at the Vatican, where the remembrance is still vivid of his energetic struggle against the religious orders. Cardinal Merry del Val received news of the crime early in the afternoon in a cipher message from Madrid. He went immediately to the pope and communicated the news to him, using great precaution not to shock him. The pope was deeply affected and expressed his horror of the crime, exclaiming: "This comes from stamping out religion in the most Catholic country." His holiness then knelt and remained absorbed in prayer for the safety of Spain.

Act of Vengeance.

The impression produced on Cardinal Merry del Val was very profound, as he himself is a Spaniard, and together with Cardinal Vivesy Tuto possesses the most powerful influence with the pope and gives the present pontificate somewhat of a Spanish atmosphere.

In the city of Rome the crime is generally regarded as one of vengeance for the execution of Professor Fran-

(Continued on page three.)

FIXED DAMAGES FOR ACCIDENTS

Labor Organizations Ask for Amendments to Railway Act—Would Decrease Litigation.

(By Daily News Leased Wire.)

OTTAWA, Nov. 12.—Representations have been made by labor organizations to the Dominion government, asking that the proposed amendments under consideration in the railway act be made by which railways will become liable to pay fixed sums for accidents to employes.

It is suggested that fixed damages be paid to widows whose husbands have been killed while still in the performance of duty; that fixed damages also shall be paid for partial and complete disability.

It is pointed out that while constituting a fixed protection for the men the provisions would also do away with much needless and expensive litigation so far as the companies are concerned.

THIRTY WITNESSES FROM PACIFIC

To Testify at Trial of McNamaras—Trial Postponed Owing to Illness of Juror.

(By Daily News Leased Wire.)

INDIANAPOLIS, Ind., Nov. 12.—Thirty witnesses from the Pacific coast, it was said today, have been subpoenaed to testify at the "dynamite conspiracy" trial concerning explosions in the western states. These include officials who assisted in the dynamite cases at Los Angeles, and men in San Francisco, Seattle and Portland, who, the government state, will be called upon to testify concerning the movements of J. B. McNamara and Ortie E. McManigal, and also of E. A. Clancy, Olaf A. Tvietmoe and other labor leaders.

More than 20 of them have arrived or are on their way to this city. Among the witnesses subpoenaed from Salt Lake City are J. J. Roberts, a police captain, and Carl A. Carstens, a former patrolman. They are to be questioned concerning incidents alleged to have occurred when guards were kept about the works.

After an hour's session the trial today was postponed until tomorrow on account of illness of Allen Spaulding, a juror. He was suffering from a severe cold.

Relating to jobs at Peoria and Kansas City, McManigal testified about going to Rochester, Pa., where he found a hiding place had been invaded by unknown persons and two quarts of nitro glycerine had been taken. He reported the loss to J. J. McNamara, who appeared greatly worried. McNamara, said McManigal, then provided the explosive out of a supply he kept at the union headquarters in Indianapolis.

According to J. A. G. Bedorf's testimony, Herbert S. Hockin, now on trial, arranged the Rochester hiding place, but in August, 1910, in "double crossing" the union, he had "tipped it off" to a superintendent of a steel firm in Pittsburg who, six weeks before the Los Angeles Times explosion, dug up and destroyed the explosive.

CREATE OTTAWA FEDERAL DISTRICT

Premier Favors Proposal—Scheme Will Not Include Municipal Form of Government.

(By Daily News Leased Wire.)

OTTAWA, Nov. 12.—Premier Borden today informed a civic delegation which waited upon him that a committee of the privy council is to be appointed at an early date to consider the advisability of the creation of a federal district to include Ottawa and some of the adjacent territory. The premier stated that he was favorable to the proposal of a federal district, but he did not favor the proposition as outlined by the city, a federal district with a municipal form of government. This, he thought, would only serve to give the government added responsibility without control of the expenditures.

The prime minister also referred to the water question, which has been the cause of a couple of typhoid epidemics and intimated that the city should lose no time in getting this matter attended to. The mayor, in reply, stated that most rapid progress was being made and that within two weeks at least a new supply of water would be secured.

TRADES COUNCIL TO HEAR TRUSTEES

Dr. Jones and W. J. Labadie Will Address Labor Body

ASK REPRIEVE FOR BRADSHAW

Representatives Named to Appear Before Royal Commission Here

At a regular meeting of the Trades and Labor Council last night, requests were received from Dr. A. V. Jones and W. J. Labadie of the school board that they be allowed to put before the council their views regarding school board affairs which are now so much before the public. A similar request was received from the ministerial board concerning social conditions in the city. The council decided to give both parties a hearing and it was left in the hands of the executive committee to call a special meeting at which the trustees and ministers will be heard. An invitation was extended to all the members of the school board to be present and to give their views.

The Bradshaw case came up for discussion and it was decided that the efforts of the council would be directed toward a petition to be presented to the minister of justice asking for the reprieve of the convicted firebug on the grounds that the trial was not properly conducted. A committee composed of Messrs. Brown, Hardy and Pippy was appointed to draw up and obtain signatures for the petition.

An anonymous letter was read regarding Chief of Police Young, but the council decided not to discuss it.

During the evening L. Le Clair gave a short address on labor conditions and complimented the labor organizations of Nelson on the working conditions of this city. Industrial unionism came up for discussion and was endorsed. A committee consisting of G. H. Hardy, A. W. Harrod and J. Nottman was appointed to appear before the royal commission on labor which will sit here.

GENERAL STRIKE PROCLAIMED IN ST. PETERSBURG

(By Daily News Leased Wire.)

ST. PETERSBURG, Nov. 12.—What is practically a general strike has been declared by the factories and workshops here in protest to the recent sentencing to death of 17 sailors of the Black Sea fleet for instigating mutinies. Demonstrations today were stopped by the police and many arrests have been made.

METAL WORKERS ON STRIKE IN EDMONTON

(By Daily News Leased Wire.)

EDMONTON, Alta., Nov. 12.—The local branch of the Amalgamated Sheet Metal Workers, consisting of over 100 members is on strike. A minimum scale of 45 cents an hour for improvers and 60 cents an hour for journeymen, is the demand of the men which occasioned the walkout yesterday.

PROGRESS OF ALLIES SLOW

Capitals Wait in Vain for News from Tchatalja

TURKEY APPEALS TO BULGARIA

Montenegrins Retarded by Desertion of Tribesmen--Want Independence

(By Daily News Leased Wire.)

LONDON, Nov. 12.—There is no news tonight either from Sofia or Constantinople as to how the great battle at Tchatalja is going. The silence may imply that the Turkish forces are making a better defence than had been expected. On the other hand it is rumored that Turkey is asking Bulgaria to arrange an armistice.

In the other fields of the war operations, the progress of the allies is slow. The servian and Greeks have not yet reached Monastir, where it is reported Ali Riza Pasha, the ex-Turkish minister of war, has 50,000 troops prepared to offer vigorous resistance. The Montenegrins have suffered a setback in their prolonged efforts to capture Scutari, largely owing to the defection of the Malissori tribes who demand guarantees of Albanian independence.

The Greek advance in the direction of Janina also appears to be retarded. In the diplomatic field no fresh development is reported. Important conferences continue at Buda Pest, where the ex-premier of Roumania, P. P. Carp, arrived today with a letter from King Charles to Emperor Francis Joseph.

In most of the European capitals a more hopeful feeling is displayed that peace will not be disturbed by the Austro-Servian difficulty.

Applies to Bulgaria.

(By Daily News Leased Wire.)

CONSTANTINOPLE, Nov. 12.—The porte has applied directly to Bulgaria seeking to arrange an armistice, according to the reports current in the capital. An open letter, written by Prince Seba Heddin and addressed to the sultan, is published in the form of a pamphlet and sold on the streets. The proceeds will go to the benefit of the Red Crescent society and the pamphlet has been eagerly bought.

The prince says in substance: "The enemies of the country are not the Balkan states, but we ourselves, who have proved incapable of governing the country. If we take a lesson from past errors, then there is hope of improvement."

British Battleships Arrive.

(By Daily News Leased Wire.)

SMYRNA, Nov. 12.—The British Battleships Hibernia, Commonwealth, Dominion and Britannia and the armored cruisers Black Prince and Cumberland arrived here today.

French Coin in Demand.

(By Daily News Leased Wire.)

NEW YORK, Nov. 12.—One of the results of the Balkan war has been the depletion of the French gold coin,

(Continued on page three.)

Reunion Association Aided Nelson's Growth

Whether to feel disappointed or gratified at the record of the Nelson Imperial Home Reunion association for its first year was the poser that confronted the guarantors at their annual meeting last evening at the board of trade rooms. But six applications for loans were received during the year from eligible persons. Two families of Nelson working men were assisted out from the old country by the association, and a third was indirectly assisted, while two others waived their loans after taking the preliminary steps. Though on a limited order, it was agreed that the work, so far as it went, formed a satisfactory beginning.

The scope of the territory covered was the subject of a discussion, and the consensus of opinion was that, under the terms of the bond, it must be limited to the community of Nelson and vicinity.

Officers for the ensuing year were elected as follows:

Patron—H.R.H. the Duke of Connaught.

Honorary president—Norton Griffiths, M.P.

President—C. R. Hamilton, K.C.

Secretary—H. H. Currie.

Trustee—E. A. Crease.

Directors—W. F. Roberts, A. G. Carpenter, E. K. Beeston, W. F. Cochrane, Charles F. McHardy.

Volume of Business Small.

The report of the directors was as follows:

"Since its organization one year ago, the Nelson Imperial Home Reunion association has stood ready to carry out the object for which it was formed, but the volume of business done has been disappointingly small. However, the work actually done should not be discounted, and the guarantors can feel that they are associated in a worthy cause, as the world is a little happier for the association and services have been performed for the community.

"In all, inquiries as to the loan plans of the association were received from 10 sources. Six of the cases obviously came within the scope of the association, being those of working men resident in Nelson who desired to bring out their wives and minor children from the old country to this city.

"In two of these cases loans were granted, which, added to the sums put up by the applicants, paid the passages of the families to Nelson.

"In the third case, a loan was voted, but with the papers ready to be executed the applicant secured accommodation from a friend and brought out his family independently.

"In the fourth case, a loan was promised conditionally, but the applicant, after partially meeting the conditions, dissented from a ruling of the board, and with the help of friends was enabled to bring out his family.

Instances of Good Work.

"The fifth case, which did not reach the board, illustrates the indirect service that the association can perform. A loan of over $200 would have been necessary, in addition to a considerable sum that the applicant was ready to produce. With the object of lightening the obligation which the applicant would have had to assume, he was advised to investigate the privileges which he was entitled to as a railway employee, and this resulted, quite unexpectedly, in his being able to reunite his family without recourse to a loan of any kind. The service performed was thus more valuable than if the matter had eventuated in a formal application and a loan.

"In the sixth case the proposed beneficiary was given similar serviceable information, and expressed his intention of taking advantage of it, and of applying to the association for a loan. He did not keep the appointment made, and there is no further record of him.

"Of the remaining four inquiries, two were from other points in the Kootenay, one was for a straight loan apart from the purposes for which the association was formed, and in the tenth case the inquirer secured accommodation without carrying the matter to an application.

"Of the cases entirely put through by the association, the first applicant put up $65.70, received a loan of $135, the total passage money being $195.70. He has repaid $50 and still owes $85. In the second case the applicant put up $42.65 and received a loan of $60, the total passage money being $103.65. He has repaid $16, and still owes $44. The association received rebates equal to the commissions, and has to its credit a sum of $17.

"The three families that the association was instrumental in helping, directly and indirectly, comprise three adults and nine children. The two families that accepted only more support comprised two adults and eight children."

Hope To Commence Hospital In March Next

Construction of the new Kootenay Lake General hospital building will commence about March 1, if plans outlined at last night's meeting of the directors of the institution are carried into effect. J. A. Irving of the building committee named this date after stating that it had been decided that every effort should be made on this occasion to make no mistake in engaging the architect for the work. Letters were being despatched by George Johnstone, secretary; E. F. Gigot, president, and John Toye, a director, to architects' associations and hospital boards with a view to securing an idea as to the methods employed in selecting architects and constructing new hospitals in other cities and also with regard to rules laid down when asking for competitive plans, he announced.

Ald. Walley suggested that the two Nelson architects should be asked to make an inspection of modern hospitals in other cities with a view to submitting plans for the new building. If a local man were a competent architect he thought that he would probably give much better satisfaction than an outsider. A. S. Horswill agreed.

Outside Architects Perfect Nuisance.

Mr. Johnstone mentioned that he had been informed that the new hospitals at Vernon and at Kamloops were very unsatisfactory while Dr. Hamilton of Revelstoke had stated that coast architects who drew plans for buildings in the interior had proved, in his experience, "a perfect nuisance."

Edward Kerr and D. G. Kurtz appeared to favor the idea of allowing a local architect to draw the plans. Mr. Irving referred to the need for a thoroughly up-to-date building. "We want a modern but not luxurious hospital," said Mr. Kurtz during a discussion in which the cost of maintenance of modern hospitals was referred to.

With regard to the motion, notice of which he gave two months ago, declaring that although the pupil nurses had been too severely punished by being expelled he thought that some disciplinary measures should be inflicted upon them, the president stated that he was still of the same opinion, but that as his chief object had been to go on record in the matter and as two of the nurses in question had since graduated, he would ask the permission of the board to withdraw it.

Fresh Eggs Are Scarce.

Difficulties experienced by the hospital in securing fresh eggs during recent weeks were referred to by Mr. Johnstone when Mr. Kurtz mentioned that Frank Seaman was about to run a chicken ranch and desired to supply the institution. A contract was suggested but no action was taken, the president remarking "Hens don't sign the contract," and pointing out that the best of hens at certain seasons of the year sometimes failed to produce any eggs.

That orders for goods for the hospital should be as evenly as possible distributed among local merchants was urged by Ald. Walley, the secretary pointing out that this question was entirely a matter for the board.

The financial report showed a gross profit for October of $421.

Mr. Horswill, a visiting director for October, spoke very highly of Miss Mildrid Vogan, the new matron and of the excellent discipline which was being maintained. Mr. Johnstone spoke to similar effect.

Head Nurse Engaged.

Miss Sarah Mackay of Vancouver has been engaged as head nurse at a

Servia To Have Little Window On Adriatic

(By Daily News Leased Wire.)

LONDON, Nov. 12.—There was a lull in the news of battles yesterday in the theatre of the Balkan war, save a report that landing parties from Turkish warships which had bombarded Rodosto have driven the Bulgarians from the town, but there was increasing interest in all the capitals in Europe in Mr. Asquith's speech, in which was the knowledge that the British navy is ready for a fight. He declared the Balkan allies must not be robbed of the fruits of their victory. The feeling now is that Austria, realizing that the members of the triple entente are determined that full justice must be done in the partition of Turkey, will finally agree that Servia has the "little window" on the Adriatic and that the danger of a general European war will vanish.

Of course, there were important meetings between the Austrian Emperor and his generals and statesmen yesterday and the impression is being spread that the dual monarchy will not recede from its uncompromising attitude, but military experts here feel *certain that when Austria realizes that* Servia will not back down, that Russia with a million men is ready to march over the border, that France with her army in splendid condition and Great Britain with her navy all ready for any eventuality are determined that the question of the alteration of the map of Europe must be decided by a conference in which all the powers, including the Balkan states, must take part, she will agree that the territorial readjustment must be made by the representatives of all Europe.

Using Soft Pedal.

Berlin is using the soft pedal and Italy is discreetly silent. There is every indication that the ball platz, realizing that it cannot wean Bulgaria from her alliance with Servia, Montenegro and Greece, cemented by the sac*rifice of many thousands of lives in* the common cause on the battlefields of Thrace and Macedonia, will make a volte face in the hope by conceding the minimum demands of Servia of promoting a closer understanding and a commercial union.

Cabinet Toppling.

The Turkish cabinet is in a critical position and on the eve of its fall, according to the correspondent of the Daily Express, while Constantinople is threatened with a new peril, as many of the fugitives encamped near the Korkos reservoirs, which furnish water to the Turkish capital, are ill with cholera.

The refugees are being driven from Constantinople, which is already overcrowded with famine-stricken fugitives.

Great importance is attached to long telegrams received there last night from Vienna and St. Petersburg urging the porte to yield before the Bulgarians capture the capital. No doubt the cabinet would accept this advice but for the knowledge that the Balkan allies will all refuse to entertain the suggestion of intervention. The victors insist that Turkey, beaten beyond hope, must deal directly with them.

Meanwhile, the Bulgarian attack on the Tchataija lines continues, Adrianople is still holding out, though it is reported a Servian column has reinforced the besiegers' force; the Montenegrins have been repulsed again by another sortie of the gallant Turkish garrison at Scutari, and the Greeks, supported by the Serbs, are at the gates of Monastir, which is expected to fall within a day or two.

Captured at Bayonet Point.
(By Daily News Leased Wire.)

LONDON, Nov. 12.—A vivid account of the storming of Prilop comes from the Daily Telegraph's correspondent at Uskub.

Of the Servian siege he says: "The battle was waged almost entirely by the infantry, because the nature of the country prevented the guns from being dragged to the front. The Servians had to advance through a narrow defile, which was covered with snow and ice. Both sides suffered terrible hardships. The final storming of the Turkish trenches occurred on Thursday. The hillside was so steep that the Turks, when the Servians came near the trenches, rolled huge rocks down among them, crushing and maiming scores of men. The Servians, disregarding all losses, clambered up the rocks in the face of a terrible fire and sprang into the trenches, bayonetting the Turks and smashing them with clubbed rifles when the bayonets broke, while their comrades dashed up the slopes behind to their support.

"The Turks fought bravely, but the great physical size and power of the Servian infantry at close quarters soon told and in a few minutes the Turks were in full flight. The most remarkable thing in the attack was that there was not a skulker to be seen. Every man seemed to be filled with a fierce desire to close with the Turks and raced like men wild with a longing to get at the foe."

Since the outbreak of hostilities the Servian advance has averaged 14 miles a day. The difficulties have been enhanced by three feet of snow in the past week. The Servian military organization, says the correspondent, is a model of foresight and capability.

Peril of Massacre Abates.
(By Daily News Leased Wire.)

LONDON, Nov. 12.—The danger of a massacre and looting of Constantinople appears to have abated. None of the correspondents of the London papers mentioned it this morning. It is possible that the epidemic of cholera is now causing great fears, although if the army is driven into the city no one can foresee what the disorganized soldiers may attempt.

The Daily News correspondent says that even now the people are fighting with the soldiers for handfuls of grain. Every effort is being made to transport the refugees to Anatolia, which only means averting a ghastly catastrophe.

Descriptions of Tchataija differ radically. The correspondent of the Daily News says that the traps sent there are excellent. Every yard of the defenses has been mined and protected by barbed wire. German officers have reported that the troops are deserting because of hunger, however, and that men are dying of starvation in the trenches. The Telegraph's correspondent wired Sunday that the Bulgarian advance had begun and that Nazim Pasha, the Turkish commander in chief, had notified his government that he could not offer effective resistance.

Fugitives on their way to Constantinople had been stopped by bayonets. Fresh troops from the capital had done nothing to restore order.

Kaiser Congratulates Sister.
(By Daily News Leased Wire.)

ATHENS, Nov. 12.—The German Emperor has sent a message to his sister, Princess Sophie, wife of Crown Prince Constantine, conveying his congratulations on the capture of Saloniki. Princess Sophie, accompanied by Premier Venizelos, together with the foreign military attaches, whom the crown prince invited to join the army of occupation, left for Saloniki today.

The crown prince has requested the detachments which landed from the foreign warships at Saloniki to re-embark, as the Greek troops will now maintain order.

A Greek destroyer has brought to Piraeus the German steamer Tenedos, which is suspected of having Turkish soldiers hidden aboard.

There is no news from the army operating against Monastir, but word comes from Arta that the Greeks have now occupied the fortress of Pentepepigedia and the surrounding positions.

Bulgaria Advises Servia.
(By Daily News Leased Wire.)

LONDON, Nov. 12.—A Vienna dispatch to the Telegraph says that Dr. Daneff has given assurances that Bulgaria would try to induce Servia to abandon her claims to Albanian territory and an Adriatic port. It is also reported, according to the dispatch, that Dr. Daneff said that if Servia persisted in her claims, Bulgaria would refuse to support her.

The Vienna correspondent of the Daily Mail asserted that Austria and Italy have both informed Servia that she must limit her ambition of obtaining coast line on the Adriatic by the occupation of Albania.

Communications were made by the Austrian and Italian ministers at Belgrade, who informed the Servian premier that Austria intended to enforce her interests in Albania and any Servian occupation could not be permitted. M. Pateicht is reported to have replied in an unsatisfactory way to the effect that he could make no promises as, like Turkey, Albania was the enemy of the Balkan league and that territory must be occupied.

Absolute reticence is maintained with regard to the military conference at Buda Pest held on Monday, but there is reason to believe that no military action is expected yet. Diplomacy is still working on the problems. The situation is not delicate, but may become so in the turn of a hand.

Autonomy for Albania.
(By Daily News Leased Wire.)

PARIS, Nov. 12.—The Buda Pest correspondent of the Gaulois understands that Dr. Daneff, in the interview with the Emperor and the Austro-Hungarian foreign minister, suggested a method of solution which appeared completely to satisfy the Austrian government. The basis of this is autonomy for Albania, which Dr. Daneff engaged himself to induce Servia to agree to on the condition that Austria allows Servia access to the Adriatic. Bulgarian statesmen also assured Austria that the Balkan allies would give her considerable economic advantages, but at the same time excluded any idea of a customs union.

It is understood that Dr. Daneff's efforts to avoid a conflict received the warm support of Emperor Francis Joseph and his arguments even succeeded in converting Archduke Ferdinand.

GREAT FEAT OF PROGRESSIVES

Theodore Roosevelt Issues Manifesto—Battle Has Just Begun—Party Has Come to Stay.

(By Daily News Leased Wire.)

NEW YORK, Nov. 12.—Theodore Roosevelt made a formal statement last night bearing upon the future of the Progressive party. In line with previous expressions of his own and of his colleagues, he reiterates that "the Progressive party has come to stay," and, "so far from being over, the battle has just begun."

The statement follows:

"I congratulate those governors of the country—that is, I congratulate those good men and women who, with sincerity of purpose for the common good, have had the vision to look into the coming years and see what the future demands from us who work in this present.

"What the Progressive party has done since the theft of the Republican organization by the Republican bosses at Chicago last June is literally unparalleled in the history of free government, worked under representative institutions. Three months have gone by since some hundreds of earnest men and women gathered to support the new Progressive party. Without money, without any organization, against the wealth of the country, against the entire organized political ability of the country, against the bitter hostility of 90 per cent of the press of the country, against the furious opposition of every upholder of special privilege, whether in politics or in business, and with the channels of information to the public largely choked, *the Progressive party* has polled between 4,000,000 and 4,500,000 votes and has hopelessly beaten one of the old parties both in the electoral college and in the popular vote; has taken second place in the nation and either first or second place in some 37 of the 48 states. No task in any way approaching this has ever been before performed by any party in our country. Such a feat, performed by supporters hastily brought together and without any previous co-operation with each other, against the trained veterans of the political arena—these trained veterans including the entire mercenary forces of politics—has been a source of pride not only to those who performed the task, but to all believers in good government.

"The movement is a great movement—the movement which has sprung, as all healthy movements in our democracy must spring, from the heart and conscience of the people themselves.

"This truth must be kept steadily before the mind's eye of us all. The Progressive party has come to stay. If either of the old parties will endeavor to put in legislation any one of our planks it can count upon our hearty support in so doing; but we will not rest contented until the entire platform is enacted into law and becomes part of our political system, national and state.

"I am proud that the great good fortune has been mine shoulder to shoulder with the men and women who in the ranks and in various positions of leadership have waged this great battle for social and industrial justice. So far from being over, the battle has just begun. We will not rest content until every feature of the Progressive program has been put into effect; and when this has been done, unquestionably there will have occurred to us new avenues along which it will still be a duty to work for the moral and economic betterment of our people.

(Signed)
"THEODORE ROOSEVELT."

TWENTY-FIVE STATES REPRESENTED AT TRIALS

(By Daily News Leased Wire.)

HUTSONVILLE, Ill., Nov. 12.—Twenty-five states were represented in the fourteenth annual field trials of the Independent Field Trial club. One entrant is from Manitoba. About 75 men are following the trials.

Ten braces were run and the remaining five braces are expected to be run by Friday. The scarcity of birds has made the trials difficult. The judges are Norval T. Harris of Linden, Ky., and Dr. J. A. Wheeler of Springfield, Ill.

AGRICULTURAL COLLEGE TO GIVE POPULAR LECTURES

(By Daily News Leased Wire.)

WINNIPEG, Nov. 12.—The Manitoba Agricultural college has arranged to hold seed fairs throughout the province at which short term courses will be given. The first will be held at Miami beginning November 16 and continuing until December 16. Several members of the college staff will attend and lectures on various subjects will be given. The work will consist of lectures on the judging of horses and cattle, demonstrations in examining horses for soundness, judging grain, identifying wheat seeds, lectures on poultry raising, cow testing and dairying.

BANKER DISAPPEARED; TOOK MILLIONS OF DUCHESS

(By Daily News Leased Wire.)

ROME, Nov. 12.—The Duchess of Genoa, mother of Queen Margherite, died happy in the belief that she was mistress of $5,000,000, which she had intrusted to the care of a Turin banker. The duchess, placing entire confidence in the banker, never bothered her head about the cash and did not even learn when the banker ran away. From that day on, her daughter, Queen Margherite, paid the usual amount of interest to her mother, never admitting that anything was wrong. When the duchess died she ordered large quests to be made to her servants, those, too, Queen Margherite paid of her own pocket. Now the wh business has leaked out and efforts being made to catch the banker.

BANK DEAL HANGING FIRE

(By Daily News Leased Wire.)

TORONTO, Ont., Nov. 12.—The gotiations for taking over the Ban Internationale by the Home Bank Canada have not yet reached a s cessful conclusion, despite the rep made from Montreal on Saturday the effect that the deal had b cosed. This was the statement Major J. Cooper Mason, assistant g eral manager for the bank, last ni

KING RETIRES EARLY IS EASY TO ENTERTAIN

(By Daily News Leased Wire.)

LONDON, Nov. 12.—The King, who expects to visit an unusually large number of country houses this fall, is even easier to entertain than his father, who was so proverbially courteous and appreciative of hosts' endeavors. King George frequently writes personal notes to prospective hosts, requesting them to make no special efforts on his behalf. He has, indeed, taken his own chef with him for years, but his fare is the simplest and he has predilections for English dishes. Even when on a visit the King is early to bed and always leaves the drawing room by 11 o'clock. He has been known to rise in the middle of a game of cards when the clock struck that hour.

BRICKLAYER FRACTURES SKULL

HAILEYBURY, Ont., Nov. 12.—Slipping backwards from a platform, Harry Nelson, a bricklayer, fell to the sidewalk this afternoon and fractured his skull so severely that he died an hour later.

MOTHER AND DAUGHTER KILLED

(By Daily News Leased Wire.)

HAMILTON, Ont., Nov. 12.—Mrs. S. T. Mitchell and her six-year-old daughter of Flamboro Centre, were killed in a runaway accident on the treacherous Valley Inn hill late this afternoon. The mother died 15 minutes after the accident and the child was killed outright.

Woman's Rights and Bad Bread.

No woman has any right to offer her husband heavy, sour, pasty bread when she can avoid it by using White Swan Yeast Cakes. Ask your grocer for a 5c. package (6 cakes) or send for a free sample to the White Swan Spices & Cereals, Limited, Toronto, Ont.

Railways Are Busy At Grand Forks

(Special to The Daily News.)

GRAND FORKS, B. C., Nov. 12.—It was officially announced last night that the Canadian Pacific railway and Kettle Valley railway would this week commence operations necessary for the running of the passenger trains through the main portion of the city. Work is to be started on the construction of the union depot on the site of the present Kettle Valley depot, additional trackage will be laid for the accommodation of the east and west bound passenger trains of the Canadian Pacific, the Kettle Valley tracks through the city connected up with the Canadian Pacific's at a point a short distance west of the present Canadian Pacific railway depot, and other improvements to the system inaugurated in order to allow of the passenger trains running through the city on the Kettle Valley's tracks by the first of December. Work in connection with the erection of the new 10 stall round house which the Canadian Pacific railway is erecting in order to accomodate the increased number of locomotives which will run out of Grand Forks, as well as the construction of the joint machine shops, is well under way, and it is stated, will be completed this season if all the bricklayers on the system have to be brought to this city to finish the work. An extra yard engine and crew will be put on immediately in order to facilitate the rapid completion of all the outside work before the winter's snow falls.

A. C. Sutton, formerly city solicitor, but who recently moved to the coast to practice his profession, is a visitor in the city this week.

Mrs. W. K. C. Manly left yesterday for Spokane on a week's visit.

TRUSTEES HEAR CHARGES AND REPLY

(Continued from page one.)

staff had given him 'nothing but dirt' and that he had heard our 'satanic laugh' in the halls.

The charge brought by Mr. Cullen which was dealt with by the principal yesterday was that Mr. Thompson had accused him of endeavoring to introduce militarism into the schools through the Nelson Cadet corps, of which Mr. Cullen is commander.

Speaks of Problems.

Replying to the charges Mr. Thompson spoke of the numerous and varied problems of the public school and mentioned among the many factors to be contended with, the public, the school board, the children, the inspectors and the parents. The principal was responsible for the efficiency of the school, as was the principal so was the school. The board should appoint to this position a man in whom it had implicit confidence and whom it could hold responsible for the efficiency of the school. It was on this last sentence, said Mr. Thompson, that he proposed to lay emphasis in his defence against the charges.

The charges were many and varied and in his opinion untrue to a very large extent. With regard to the charge brought by Mr. Cullen that he, the principal, had accused him of endeavoring to introduce militarism into the school, Mr. Thompson said that in August last when he came to the city he met Mr. Cullen, who had just returned from the coast where he believed he had secured a sergeant's certificate for Cadet corps work. Mr. Cullen had asked him if he would be in favor of organizing a cadet corps in connection with the school and he had replied that it was a matter for the board. Later Major Snow, in company with Dr. Arthur, came to the school and was introduced to him by the latter. Major Snow told him the object of his visit and he had replied that the organization of a corps in connection with the school was a matter for the trustees to deal with. He did not know if it had been brought before the board, but the next thing he heard was that a corps had been organized outside the school, but that boys from the school, to the number of about 60 he believed, had been enlisted.

He had given Mr. Cullen permission twice to keep the cadets out for a short time during class hours and on the occasions the boys had "formed fours," been marched up and down and performed other military exercises. Later he refused to allow this to continue and he did not think Mr. Cullen liked the refusal. Mr. Thompson said that he had put a notice on the bulletin board with regard to physical culture work, as some of the staff were qualified to teach it.

Discussed Physical Culture.

A few weeks ago, the principal continued, he saw that Mr. Cullen, Miss Scanlan and Miss Middleton were anxious to do some dumbbell work with the pupils and he asked them to his room where they discussed plans for carrying out the exercises in the assembly hall, basement or some other place. He stated that he wished it to be physical culture work and not military drill. "Mr. Cullen said that he did not come here to discuss cadet corps at all but physical drill and I said, 'if you introduce drill such as you speak of you will be going very near to introducing militarism.'" A heated discussion followed and he, the principal, asked the ladies to withdraw.

Mr. Thompson state that he told Mr. Cullen that he would find that he would act as a man and he, Mr. Cullen, had replied: "Well, you'll find that I'm a better man." He then asked him if he meant a better man mentally, physically or morally or in what way.

The principal asked the board if Mr. Cullen's actions in connection with the cadets had not been to bring militarism into the schools and said that if the trustees had authorized the work he would have been very pleased to assist in it.

Since the occurrence in the room Mr. Cullen had acted in a very nasty manner and he had seen him in corners with other teachers stirring up trouble.

"Stirring Up Trouble."

Mr. Irvine asked Mr. Thompson if he had heard Mr. Cullen stirring up trouble and the reply was that he had seen him. Otherwise, said the principal, Mr. Cullen had satisfied him as a teacher.

The charges made by Miss Margaret McVicar and Miss H. Olding were next taken up by Mr. Thompson. He believed that it had been the custom for one of the primers over which the dispute arose to be given to each child in the class. Miss Rath wanted one in her room, and he found that Miss Olding had 32 and Miss McVicar 55, representing the number of children in the respective classes. He did not believe that Miss McVivar had any idea of keeping Miss Rath from using them and thought that she had them for the use of the children in her class. In speaking of them he might have been a little sharp but he was not insolent. He told them that they must be returned to the stockroom. Miss McVicar and Miss Olding both seemed put out and showed considerable indignation, the latter saying: "Your tone, sir, is not right." Mr. Thompson admitted that perhaps his tone was "not of the best" but if he had made a mistake in that respect it was a mistake of the head and not of the heart. He had always endeavored to get the school running amicably and without any clashes.

The following morning he had called Miss McVicar to his office and told her that he would put all his instructions in writing as he thought that she was not getting his idea. He had written that the attention of the pupils must be secured, that discipline must be maintained and that talking out loud must cease. With regard to talking he had not minded it in the junior classes in question for the first two or three weeks as the children were fresh from homelife, but he thought that after two months it was time to stop it. He also found that the wrong phonic expression to some letters in the alphabet was being taught. He had written down these instructions with the idea of showing the teachers in a quiet way what he wanted.

With respect to Miss Olding, he thought that she was an excellent teacher and he liked her extremely well and what he had said had not been in any spirit of fault finding.

Says Treated With Disrespect.

He denied banging his fist on the desk or that he had said that Miss Olding and Miss McVicar had been pulling against him for two weeks or that they had a spite against Miss Rath and had been keeping the primers away from her. He had told Miss McVicar that the staff had treated him with disrespect and not that they "had given him dirt." He asked how Miss McVicar remembered all the words in her statement of what he had said with regard to her being a "misfit" and declared that he would not deny it all. He had found her a very weak teacher.

Mr. Irvine said that that was not the question; the question was whether he had made the remarks complained of.

Mr. Thompson declared that it was the question. He could have made charges against Miss McVicar to the board but he had thought it undignified to go to the trustees with every little accusation. Miss McVivar did not seem to have her heart in the work. He had used the word "misfit," but they had parted good friends, "we left understanding each other." Since the interview in question he believed that she had tried to do her work as far as she was physically able.

There had been a tendency on her part, he told Dr. Arthur, to say "I beg your pardon" frequently and as there was so much work to be done by the principal at the Nelson school it was a little trying to hear "I beg your pardon" so frequently.

Principal's Class Writes Letter.

He told the chairman that he believed that the primers should be kept in the stock room. With regard to the statement that he had been unjust, unreasonable, unprofessional, ungentlemanly and had shown violent temper Mr. Thompson said that was only a personal opinion of the teachers. He read a letter to the board from the members of his class stating that they had heard with great regret that he might be leaving them, expressing great respect for him personally and stating that he had shown himself neither unjust, unkind nor unreasonable.

Dr. Jones said that she had an idea that he had been too kind to these teachers.

Mr. Thompson remarked that his pupils knew him and that the trouble with the teachers was that they had not attempted to know him.

Dr. Jones thought that might be expected. The school had not had a principal since 1909, as a principal for one year was not really a principal.

The principal continued that he had not attacked the methods of his predecessors but had criticised them. If the teachers were exponents of his predecessors' methods he had a right to disagree with the other members of his profession in question. With regard to the methods of teaching at the school he referred to an examination in Miss Scanlan's class on what he described as little questions in mental arithmetic. The children had probably been six years at school and the average correct answers were 1.75 out of 10. The correct answers in his own class was over 5 out of 10. Miss Scanlan was not to blame, said Mr. Thompson, and he demonstrated to the board his "short" method of solving the problems. The old method was so long that the children could not follow the figures mentally.

Dr. Jones produced a letter from a pupil who had been some years at the school in order to demonstrate his poor writing and gave an example of an error in grammar of which a pupil had been guilty.

Mr. Thompson denied that he had criticised teachers before their pupils, Dr. Jones saying that she had known cases where teachers had criticised the principal before the pupils. Dr. Arthur received no answer when he asked Dr. Jones if she had ever heard such criticisms.

Claims Provocation in Madden Case.

Mr. Thompson said that he was not addicted to using coarse language, as charged, and said that with regard to "straightening around" pupils in the hall he had only done so to about three children. There had been a commotion about Charles Madden. In that case he had made a mistake but there had been provocation. He had suspended a girl because he wished the mother to come and see him, with the desired result. He was not aware at that time that the school act in this province did not permit him to suspend children. In the Madden case he had "clouted him on the head." He did not believe in abusing children but he straightened them up in the hall if they needed it. Mr. Irvine suggested that if Mr. Thompson had clouted a boy of his on the head police court proceedings would have resulted.

Mr. Thompson admitted that he had lost his temper, but said that the boy had been before him three times. On the occasion in question he had looked at him in a defiant way and held his hat in his hand contrary to rules. Mr. Labadie thought that under the circumstances any other man would have behaved in the same way.

The principal declared that he could discuss matters with teachers with the same self control that he was displaying before the board. He admitted that he was of "high metal" and quick tempered. He did not think that he had lost control of himself except in the case of the Madden boy. With regard to the charge that his attitude was threatening Mr. Thompson said that was merely the opinion of the teachers. He had not meant it that way.

Miss Keatley had told him yesterday, he said, that she had only signed the charges made in the joint resignation because her friends desided it. Mr. Labadie pointed out that she had not signed the document, "per K. S." appearing after her name.

In conclugion Mr. Thompson said the charges of the teachers simply melted down to: "Are they willing to submit to discipline and allow me to manage the school." He also read a number of testimonials which spoke of his abilities and methods in a glowing manner from educationalists in other places.

MEDICINE HAT MILLING CENTRE

Two Million Dollar Mills to Be Built Also Bedding and Mattress Factory.

(By Daily News Leased Wire.)

MEDICINE HAT, Alta., Nov. 12.—By a vote of 158 to 2, the people of Medicine Hat yesterday endorsed agreements with the Maple Leaf Milling company, the Manitoba & Ontario Milling company, and the Wetaskiwin Bedding company, for the location of these industries here. The first two mentioned means the establishment of two mills with a capacity of 7,000 barrels a day each and an expenditure of $1,000,000 each. These, with the big Ogilvie mill now nearing completion, establish for Medicine Hat the position of the milling centre of western Canada.

MEETING OF CRANBROOK VETERANS ENTHUSIASTIC

Canadian Major Cleaning Out Jails in United States—Captain Sells Papers on Streets.

(Special to The Daily News.)

CRANBROOK, B.C., Nov. 12.—A meeting of the Cranbrook Veterans' association was held in the parlors of the Royal hotel on Monday night and a large number attended and a very enthusiastic meeting was held. Lieut.-Col. Mackay of Fernie occupied the chair. He gave the members a clear outline of the work of the association and stated that that no provision is made by the Dominion government for old soldiers who must drop out through sickness or inability. A Canadian major is cleaning out jails in the United States for a living, and a captain sells papers on the streets of Toronto. Rousing speeches followed by B. H. Short and Fred W. Swain and the meeting concluded with the election of officers, as follows: Hon. president, T. D. Caven, M.P.P.; Hon. vice-president, Lieut.-Col. Joseph Mackay; Hon. vice-president, Edgar Sainsbury; president, J. G. Mitchell; first vice-president, E. Elwell; second vice-president, S. Blowern; acting adjutant, B. H. Short; color sergeant, F. Wood; secretary, Albert H. Webb; treasurer, B. H. Short.

PROGRESS OF ALLIES SLOW

(continued from page one.)

which can be more readily exchanged in Europe than American money, among the money dealers and private banking establishments of this city. The exodus of the Greeks and Bulgarians during the past few weeks to take part in the war is responsible for this condition. It is estimated that $3,000,000 in French gold coin has been taken from the New York money market during the past two weeks.

Royal Party at Saloniki.

(By Daily News Leased Wire.)

ATHENS, Nov. 12.—An official telegram from Saloniki says that at 8 o'clock today the King, Prince George and Princess Alice left Chida and after crossing Vardar bridge on foot in the terrential rain storm, boarded a special train for Saloniki. They arrived at the town now occupied by the Greeks shortly after 10 o'clock and were met at the station by Crown Prince Constantine, the other princes and the metropolitan. The King embraced his eldest son and the princess and warmly greeted the senior officers, the band playing the national anthem. Then, accompanied by the crown prince, he reviewed the Evzones battalion. A crowd of several thousand assembled and cheered the King.

Demands of Austria.

(By Daily News Leased Wire.)

BELGRADE, Nov. 12.—The newspaper Pravda says that the Austro-Hungarian minister called today on Premier Pachitch and proposed that Servia should give guarantees that Austro-Hungarian inaustry and commerce would receive protective treatment; that Servia should not touch Albania and should not insist upon an outlet through the Adriatic, but be satisfied with an outlet to the Aegean sea. The minister personally advised the premier to do his utmost to induce the Servian government to accept these conditions, which he declared would do much to improve the future relations between the countries. Premier Pachitch replied that he could not give an answer until he had conferred with the other ministers.

Prayers Too Long.

(By Daily News Leased Wire.)

CONSTANTINOPLE, Nov. 12.—The sheiks have been agitating for the issuance of an imperial decree ordering the reading of certain verses of the Koran and the reciting of prayers which would greatly increase the labor of the imperial court and other departments, which are already overwhelmed with work. In order to restrain their zeal a communication has been sent the sheiks recommending that they confine themselves to the continuance of invocations for the divine aid and assistance of the prophet for victory.

LABOR FEDERATION DENOUNCES BURNS

McNamaras Criminally Insane or Insanely Criminal—Society Is Responsible—Advocates Conservation

(By Daily News Leased Wire.)

ROCHESTER, N. Y., Nov. 12.—The second day's session of the 32nd convention of the American Federation of Labor was occupied almost entirely with the reading of the report of the executive council. In it William J. Burns was arraigned as an example of his own characterization of private detectives and the investigation of the federation since the McNamara trial was declared to be a concerted attempt by employers' associations and subsidized newspapers to destroy the federation and bring its officers into disrepute. The report recommended that the convention take measures to aid in the movement to abolish home work and referred to the movement for the conservation of natural resources as one in which labor was vitally interested and should participate.

Part of the report dealt with the boy scout movement. At the Atlanta convention of the federation a resolution was presented denouncing the boy scout of American as a breeder of militarism and antagonistic to labor.

Of the McNaramas the report said: "The McNamara offence was a social crime. Thinking people who were made to realize the poisonous miasmic influences corrupting the atmosphere of industrial life were well night overwhelmed by the weight of responsibilitiy devolving upon them as a result of the existence of such conditions. The McNamaras were either criminally insane or insanely criminal—either condition due to imperfect education or defective mentality. In any case society is responsible for not remedying the condition. What concerns labor and society generally is preventative measures and human betterment, so that life and working conditions may be pure, wholesome and clean. Those infected by deadly poisons due to social neglect are the heritage of our own aims and those of our fathers."

Of Burns' connection with the McNamara case the report said in part: Burns has not and could not produce a scintilla of evidence to substantiate his oft-repeated mis-statement: 'Gompers knew.'"

The report charges that Detective Burns made it appear that the officers of the feredation were the "higher ups" and that when Mr. Gompers made reply, "this turned upon him the brunt of the attack."

EXPENDITURES LESS ON ACOUNT OF WET WEATHER

(Special to The Daily News.)

VANCOUVER, B. C., Nov. 12.—Canadian Northern disbursements for October were $1,200,000 compared with $1,500,000 in September, the reduction being due to restriction of operations owing to wet weather.

SWISS ENGINEER WINNER OF NOBEL PRIZE

(By Daily News Leased Wire.)

STOCKHOLM, Nov. 12.—The Nobel prize for physics has been awarded to Gustav Dalen, a Swiss engineer, who is head of the Stockholm Gas company. The Nobel prize for chemistry has been divided between Prof. Griguard of Nancy university, and Prof. Paul Sabatier of Toulouse university. The value of these prizes is $38,000 each.

Fine Engraving in Sepia of the Borden Cabinet for Readers of the "News-Advertiser"

Everyone wants a picture of the members of the Government of Canada. The "News-Advertiser" has had prepared for the exclusive use of its readers in this province a large engraved plate of Rt. Hon. R. L. Borden and his Ministers.

The group is redrawn from the latest photographs of the eighteen Ministers, who compose the advisers of His Royal Highness the Governor-General. It is printed in sepia on heavy board ready for framing, and will be of the greatest educational value in the home, the school and the library.

The Prime Minister, HON R. L. BORDEN, occupies a central position, and is shown standing at the head of the Council Table. Seated about him are his colleagues.

Dimly in the background the features of Sir John Macdonald look down on his successors.

How to Obtain the Picture

This fine engraving, of which a limited number have been prepared, will be sent

Free of Charge

to new subscribers, or to old subscribers, who renew their subscriptions for one year ($3.00).

For out of town subscribers the picture will be tubed and postage prepaid.

Non-subscribers may obtain copies on payment of 50 cents. If mailed, ten cents extra for tubing and postage.

Applications and remittances (cash must accompany order), must be made to

SPANISH PREMIER IS MURDERED

(Continued from page one.)

cisco Ferrer for conspiracy against the government at Barcelona.

The Osservatore Romano, the Vatican organ, expresses horror and utters a protest of indignation against the author of the assassination.

Admired in France.

(By Daily News Leased Wire.)

PARIS, Nov. 12.—France was greatly shocked by the news of the murder of Premier Canalejas, who was greatly admired here as a statesman and a political leader. During the difficult Franco-Spanish negotiations concerning Morocco, which resulted in a practical agreement, Premier Canalejas, by his great tact, kept the discussions in such a groove that the friendly relations of the two countries were not impaired in any way. Premier Poincare immediately after receiving news of the assassination went to the Spanish embassy to express his grief. President Fallieres sent a member of his cabinet to the Spanish embassy to say on his behalf that he was unable to understand the crime, as the late premier was a man of distinctly liberal tendencies. There was, therefore, no logic in making him a victim of anarchistic rage.

Sensational Incident.

(By Daily News Leased Wire.)

WASHINGTON, Nov. 12.—Senor Canalejas' visit to Washington prior to the Spanish-American war led to a sensational incident which attracted widespread attention at the time. He conferred with Senor Dupuy de Lome, then Spanish minister at Washington, in reference to the American attitude on the Cuban rebellion against Spain. Later, on his return to Madrid, Senor Dupuy de Lome wrote Senor Canalejas a long letter dealing with political conditions in the United States as affecting the Cuban rebellion and making unfavorable allusions to President McKinley. A copy of this letter fell into the hands of the Cuban junta in Washington and became public. This precipitated a most serious diplomatic incident. The Spanish minister, on inquiry from this government, admitted the accuracy of the letter and prepared to immediately resign from his position. Without waiting for this step the American government sent Senor Dupuy his passports and he was at once relieved of his functions as minister. He was relieved by Senor Polo Bernaby, who remained until he received his passports at the beginning of the war with Spain.

HOPE TO COMMENCE HOSPITAL IN MARCH

(Continued from page one.)

salary of $60 per month, according to the matron's report.

"October was quite a busy month; at times we were not able to accommodate all the private patients requiring rooms," said Miss Vogan. A recommendation from Miss Vogan regarding a number of minor repairs and alterations needed at the hospital was adopted. Mr. Horswill spoke of the need for the improvements suggested and was complimented by the president for having made, as a visiting director, a thorough examination of the building.

Messrs. Walley and Irving were appointed visiting committee for this month. Those present were the president, E. F. Gigot; the secretary, George Johnstone; Ald. Walley, D. G. Kurtz, W. H. Wilson, A. S. Horswill, Edward Kerr, J. A. Irving.

BOGUS INHERITANCE CANADIAN IN JAIL

WEDNESDAY, NOVEMBER 13

ENFORCING THE FRUIT MARKS ACT.

That the Dominion Fruit Inspection branch is this year enforcing the provisions of the Fruit Marks Act, as it applies to foreign as well as to domestic fruit, is shown by the report of Mr. J. A. Ruddick, Dairy and Cold Storage Commissioner, published elsewhere in today's issue. This year, it is worthy of note, is really the first that any serious attempt has been made to enforce the regulations in respect to foreign fruit, that is, American, imported into Canada, especially for disposal in the prairie market.

A reference to the report in question will show that in every case it was the Canadian importer and not the American grower or exporter who was punished for violation of the Fruit Marks act. The reason for this is obvious. It is impossible for the Canadian officials to reach, for the purposes of punishment, a grower living on the other side of the line, and it is equally impossible for them to proceed against the exporter so long as he remains upon the other side of the line, or cannot be shown to be selling fruit in Canada.

But by proceeding against the Canadian importer or dealer the object desired is more easily attained. As long as American growers or exporters can make money by evading the provisions of the Canadian Fruit Marks act, when shipping into Canada, and as long as they can find Canadian dealers willing to co-operate with them in this, will the provisions of that law be ignored by them. But if Canadian importers refuse to handle fruit which is not up to standard, or which otherwise does not comply with the requirements of the Fruit Marks act, the American growers and exporters, if they desire to maintain their place in the Canadian prairie market, must comply with the law, as much as Canadian growers. The result of this would be that Canadian and American growers, in so far as provisions of the Fruit Marks act go, will be placed upon exactly the same footing, not only in the prairies, but also throughout Canada.

In all fairness to those engaged in the administration of the Fruit Marks act, it must be said that there appears this year an honest and an intelligent desire to enforce its provisions. There may be, and there doubtless are, some respects in which the act can be made more effective than it is at present, for example, through closer co-operation between the staffs of the customs department at certain ports of entry on the international boundary line and of the fruit inspection branch in regard to the furnishing of information as to the destination of incoming shipments of fruit and a few details of that kind which might make the application of the act more effective, but it is quite possible that this year's experience has demonstrated to the inspectors any necessity there may be for any alterations or improvements which would tend to a more effective enforcement of the law.

In the meantime the good work which is being done by the inspectors this year is worthy its meed of appreciation.

EDITORIAL NOTES.

Whatever else may be said of King Alfonso of Spain he has courage, presence of mind and ability to do the right thing at the right time. His action upon hearing of Premier Canalejas' assassination yesterday showed this.

The son of a former Quebec pastor has come into a fortune of some three million dollars, with some valuable coal lands thrown in. He will probably find it easier to live on his income than his father did on his salary as a pastor.

Calgary is preparing to go into the street paving business with energy. Nelson also should either prepare to go into the paving business next year so far as Baker street is concerned or should prepare to inaugurate a ferry service along that thoroughfare.

Several were killed and injured in a strike riot in New Zealand. By the way, weren't Canadians told the industrial disputes legislation of that colony, upon which the Lemieux act was based, rendered anything in the way of a strike impossible?

Having failed in their attempt to get the powers to interfere in their behalf, the Turks apparently are now appealing direct to the allies for an armistice. Why not ask the terms of peace at once and end the war with accompaniment of suffering, loss and humiliation.

A Russian soldier who had been sentenced to penal servitude for life for the heinous crime of stepping out of the ranks to present a petition to the Czar, has been pardoned in honor of the Czarevitch's recovery. Surely this is a wonderful example of magnanimity under such circumstances.

The suggestions of the railway employes that certain sums be fixed as the amounts which railways should be called upon to pay to victims of accidents or their families in cases where the injuries prove fatal is one that should be taken up by the government. It would prevent much of the litigation by means of which railways are able to escape payment of damages for the injury or death of employes under circumstances which in all fairness call for recompense.

What the Press Is Saying

The Problem.

The puzzle of the morning: Where will the Turks stop, on this side of the Bosphorus or on the other? Meanwhile the united states of Macedonia are receiving congratulations from all the world, except the powers.—Boston Transcript.

A Truly Awkward Position.

Devout Moslems in European Turkey feel, no doubt, that they are between the devil and the deep blue sea. —Chicago News.

Premier McBride, after negotiations with Premier Borden, announced that he was satisfied with the interview, which must mean that he was promised all the rest of Canada to pack back with him across the Rocky mountains.—Calgary Albertan.

The High Cost of Living.

Drinkers and smokers are paying "Uncle Sam" $2,000,000 more a month this year than last, but they seem to think that phase of the high cost of living is all right.—New York Herald.

Cold Storage

When a man's good deeds speak for themselves, he should not permit his voice to drown theirs.—Puck.

Patron—"What took you so long with my eggs?"
Waiter—"Pardon the delay, sir, but they were mislaid."—Judge.

Teacher—"What was the Reign of Terror?"
Pupil—"Please, miss, it was the flood in the Bible."—Boston Transcript.

"Do you suspect that your stenographer has any matrimonial designs on you?"
"No; she wants only to be assister to me."—Baltimore American.

"This weather is certainly rough on some people."
"The poor, I presume, you refer to?"
"No, the almost rich."
"I don't understand you."
"The fellows who own fur overcoats. It's too warm to wear them, and it's too cold to go without them."—Detroit Free Press.

"Can you imagine," demanded the returned explorer, "the enormous extent of those vast snowfields?"
"I kin," declared the statesman from Wayback. "I had the same sensation the first time I appeared in public wearing a dress shirt."—Washington Herald.

This Date in History.

The first successful submarine cable was completed 61 years ago today, connecting England and France. It extended from Dover to Calais, across the English channel. An attempt had been made some time before, and a few messages had been sent, when the wire snapped on a rocky ledge. Over the new cable messages passed from London to Paris, and guns were fired at Dover by electric communication from Calais.

The first great Catholic institution of science and learning in North America, known as the Catholic University of America, was opened in Washington 23 years ago today.

The first step in the British conquest of Beloochistan was taken 73 years ago today, when the British army occupied the town of Kelat.

The Weather

(By Daily News Leased Wire.)

TORONTO, Nov. 12.—A moderate disturbance centred in the Mississippi valley is moving toward the great lakes. While pressure is highest in the western states and in northern Ontario, rain is falling tonight in the peninsula of Ontario and on the British Columbia coast. Light rainfall has occurred in eastern Quebec and New Brunswick and locally in Nova Scotia.

COMMUNICATION

NEED OF BUREAU OF MINING INFORMATION.

To the Editor of The Daily News.

Sir: It is with much interest that I have read the statement of Mr. W. S. Heffenan of Edmonton, in your issue of today, on the subject of a proper and up-to-date mining men's club, or, if I may be allowed to suggest a more appropriate name, I would call it a bureau of mining information.

Apropos of the discussion I quote from the address of welcome delivered by Sir Richard McBride to the members of the Canadian Mining institute at Victoria last September. The premier said:

"There is no work of development in Canada today that offers so much attraction, so much inducement not only to capital, but especially to those who are professionally proficient in the business, as the mining industry."

One would think after reading the foregoing that but little if anything further could be said on the subject, but as the basis of all reason is by comparison, and as I have had such an agreeable experience along the lines suggested in your editorial, should I be allowed the space, I sincerely believe that a recital of the facts would show those interested the advantage of such an institution in Nelson. I say Nelson, for the reason that this city is really the capital, the banking, wholesale and commercial centre of this portion of the province.

Some 25 years ago I was a resident of the Coeur d'Alene mining region of Idaho. Some of my Montana friends had removed to the then small city of Spokane Falls, Washington territory. Realizing the possibilities of the mining industry and its effect and importance to the growing city by the falls of the Spokane river, they looked about for a man who could specialize on the matter and teach the people the possibilities of encouraging the industry. I was the person selected.

Arriving in Spokane early in January, 1888, I immediately began my work. It did not require a long time to find that the enthusiasm of the citizens was devoted to water power and real estate. Hardware stores did not handle miners' tools; if such supplies as mining, milling or assaying tools were desired, the nearest depots were at Helena, Mont., nearly 400 miles to the east. Now anything from a miners' candlestick to a 1,000-ton a day stamp mill or smelter, together with assay and laboratory equipment, could be had in Spokane on almost a moment's notice.

For nearly two years I talked, published articles, and did all in my power to increase the industry of extracting the mineral from the earth from nearly all points of the compass surrounding the city. Finally the opportunity came in rather an unexpected manner.

An exposition of the products of the Inland Empire was to be held in Spokane during the month of October, 1890.

By using some persuasion I was made mineralogist of that institution, and in August began to collect my mineral exhibit.

Transportation in those days was no comparison with the present, and my task was not an easy one. As an instance, I had a ton or more of ore from one camp in West Kootenay which was packed on the backs of Indians for miles, then on a small steam launch was transported 160 miles, thence 35 miles by wagon and the jaunt finished with 75 miles by rail.

Many old-timers said that such an exhibit of products from mines and prospects had never before been assembled under one roof on the Pacific coast.

Only one month did the exposition last, but the display of minerals attracted as much or more attention than any other products of the earth there displayed.

The exposition had not long been a thing of the past when I was called before some of the enterprising business men of the city and inducements offered me to make the exhibit permanent, with the additional requirement that the concern be a bureau of information for everybody seeking knowledge on mining and its kindred branches.

A large room was secured on the street floor of the Hotel Spokane and there I was installed and remained until the call of the wilds brought me back to Kootenay some time later.

Now as to the value of the enterprise: I will relate one example, as the party named is so well known to the people of this province.

A young man, junior partner in a real estate firm, took a great interest in the mineral collection and visited me daily both at the exposition building and in the hotel. He asked all kinds of questions and, I believe, almost picked my brain bare in his search for knowledge on mining and the general manipulation of ores. Something over six years ago, when I had returned from Alaska to Spokane this gentleman said to me: "Kemp, it was your mining bureau that showed me the possibilities of mining." The party was Jay P. Graves of the Granby company, and nearly everyone is familiar with his phenomenal success in mining, smelting, etc.

Spokane, suffering from the effects of the great fire of 1889, needed money badly with which to rebuild. The mineral exhibit and bureau of information was a wonderful aid toward securing loans. The panic years 1893-94 saw Spokane in the mire financially, but the mining impetus started by the method outlined caused an excess of $20,000,000 to flow to the city about 1895, the Le Roi of Rossland contributing one-fourth of the amount. Since then Spokane has been more or less a mining centre, but from some cause it is losing its prestige and needs a revival, but I can see no reason why it should continue to secure the cream from the Kootenays and leave the people here the skimmed milk. The enterprise that you suggest would change the order of things.

Now, briefly, as to the requirements of the person who should have charge of such a bureau, he should be of pleasing address, have a thorough knowledge of the geography and topography of the country; be in a measure a geologist, be well informed on mineralogy and have quite a knowledge of metallurgy, so as to fully explain everything pertaining to mining concentrating and the general reduction of ore.

He should have sufficient literary ability to write descriptive articles for technical journals and other publications, deliver lectures and fully represent the position which he holds.

In addition, he should command a salary sufficient to prevent him from "butting in" on sales or soliciting commissions on deals that may be directly or indirectly made by reason of his office.

RANDALL H. KEMP.

Nelson, B. C., Nov. 11.

FIFTY STRIKERS IN MONTREAL

(By Daily News Leased Wire.)

MONTREAL, Nov. 12.—In all, 51 men went out in Montreal in response to the call issued by Mr. Mosher, of the Brotherhood of Railway Employes, said George Hodge of the Canadian Pacific railway, tonight, speaking of the latest development in the strike. "Of these 23 men were out at Vigre; 15 at Outremont, six at Mile End and seven at Hochelaga. You can see that the movement could hardly be called serious."

HAIR HEALTH

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if it did not do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

We assure you that if your hair is beginning to unnaturally fall out or if you have any scalp trouble, Rexall "93" Hair Tonic is without question the best remedy we know of to eradicate dandruff, stimulate hair growth and prevent premature baldness.

Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded if it does not do as we claim. Two sizes, 50c and $1.00. Sold only at our store—The Rexall Store. Poole Drug Company, Limited.

ENGLAND BEATS SCOTLAND IN MATCH AT TRAIL

(Special to The Daily News.)

TRAIL, B. C., Nov. 12.—England and Scotland met on the Columbia grounds on Sunday. This being the first international game, great interest was taken. Play was very even during the first few minutes. During a breakaway by the English forwards, one of the Scottish backs fouled one of the English forwards, a penalty resulting. Davis taking the kick, beat the Scots' goalie with a rare shot, putting England one up.

From the kick-off Scottland was not to be denied their share and through an infringement Scotland was awarded a penalty. McIlardy, taking the kick, beat Jones with a dandy shot under the bar. Right from the kick-off England kept on the attack and were finally awarded their second goal. Davis scoring with a ripping shot, which gave the goalie no possible chance. Half time was called with England leading 2 to 1.

After the resumption of play the two teams played fairly even until Lawrie scored Scotland's second goal with a dandy shot. Jones having no chance.

Play was fast and furious, each goal being visited in turn. As time was drawing close, England through a combined movement, scored number three. Time was called with England leading by a score of 3 to 2.

Teams.

Scotland—Forrest, Nochol, Marshall, Macintyre, McIlardy, McCall, Campbell, Lawrie, McLean, A. Young and J. Young.

England—Jones, Bastell, Evans, Andrews, Potter, Cranage, Woodburn, Davis, Challinor, Wellet and Groome.

BRENNAN GETS VERDICT

BUFFALO, N. Y., Nov. 12.—Willie (Knockout) Brennan of Buffalo had a shade the better of Jake McCarren of Philadelphia in a fast 10-round bout before the Buffalo Athletic club last night. Brennan landed frequently with slashing lefts to the head.

OTTAWA WILL BREAK FROM LEAGUE

Hockey Fans Have No Liking For Six Man Game—New Association Next Season.

(By Daily News Leased Wire.)

OTTAWA, Nov. 12.—As a result of the decision of the National Hockey association to stick to six men hockey the Ottawa club has intimated it will break away from the club next year and form a new organization. Apparently, the club has no other alternative but to go along as best it can for the approaching season. Had the Ottawas put up a more formidable fight for the seven man game, the league would have readily caved in. What stands against the Ottawa club, however, is the fact that last year when the question of the change first arose, Ottawa voted in favor of the abbreviated game.

There is no town in the universe whose citizens follow the game as the people of Ottawa pursue hockey. They are practically all thorough students of the game, brought up to seven comprising a team and can see no reason why mongrel hockey should be foisted on them by other men in the league. The decision of the association has created a bitter feeling among the local hockey fans, not at the Ottawa club, who appear to have their hands tied in the matter but at the Montreal end of he league.

The outcome means the re-organization of a strong amateur league to play seven men hockey. Already Stewarton, New Edinburgh, Nationals and Renfew are in line and it is stated many of the star players of the interprovincial last year who were intending to jump this season will remain amateurs to figure in seven man hockey again.

The National Hockey association will have its difficulties trying to buck the Ontario Hockey association game in Toronto with six men hockey. They tread on dangerous preserves when they invade the Queen city, but they would have made a big hit had they given them seven men games.

The fact that the league will not revert to the old game this season is to be regretted, as Ottawa has a likely looking aggregation to place on the ice and could have just about landed premier honors. The six man game makes any old teams look good, like Quebec with the Marks-Hall-Prodgers combination, some of whom were supposed to have seen their best days eight years ago.

HOPPE EASY WINNER IN CHAMPIONSHIP GAME

(By Daily News Leased Wire.)

NEW YORK, Nov. 12.—Willie Hoppe of this city last night defeated Harry P. Cline, formerly of Philadelphia, but now of New York, by a score of 500 to 190 in the first game of the tournament for the world's professional championship 18.2 balk line billiards title Hoppe failed to score in the first three innings, but in the fifth he ran 84 by splendid all-round billiards. In the eleventh he added 111 to his score, failing to get the balls out of the balk on his one hundred and twelfth shot. He fell away on his playing toward the end of the game, running off the required 500 points in his forty-fourth inning. Cline was nervous all through and did not show advantageously. The Scores: Hoppe, 500; average 11 16-44; high runs, 111, 84, 49. Cline, 190; average, 4 18-43; high runs, 25, 24, 20.

WESTERN TEAMS MAY RAID EASTERN CLUBS

(By Daily News Leased Wire.)

VANCOUVER, B.C., Nov. 12—A special meeting of the Pacific Coast Hockey association has been called for Friday night in Vancouver to discuss the situation, draft the season's schedule and clear the docks for the approaching championship race. So far, the coast magnates have not raided any eastern clubs and no attempt will be made to do so until the meeting of the coast leaguers this week. It is confidently expected however, that three or four eastern players will accept offers to play out west this season.

SPLENDID LIST OF EVENTS FOR SWIMMING GALA TONIGHT

Judging from the list of events and the large number of entries, the swimming gala to be held at the Y.M.C.A. this evening should prove a great success. The program will commence at 8:15 o'clock and, owing to the long list of events, Physical Director Thompson states that there will be no delay in starting. Ticket holders must be on their seats by 8:10 o'clock.

STUDENTS IN FORCE AT OTTAWA ON SATURDAY

(By Daily News Leased Wire.)

OTTAWA, Nov. 12.—Ottawa will be the real old college town Saturday when the football teams of the Toronto university and McGill play off at Lansdowne park for the intercollegiate championship. McGill will send up a student body of 1,200 at least while the number of the Varsity students who will be along to cheer the blue and white will be almost as great.

OLDTIMER OF KOOTENAY IS DEAD

(Special to The Daily News.)

Vancouver, B. C., Nov. 12.—James D. Sword, M.E. of Victoria, who is in Vancouver today, has received news of the recent death at Anaconda, Mont., of James Breen, millionaire mine owner and smelter man for many years identified with early development of Rossland. The late Mr. Breen built the Trail smelter for Augustus Heinze. He subsequently built the North Port smelter and later sold out his quarter interest in the enterprise for $600,000. Mr. Breen a few years later started the smelter enterprise at Crofton, Vancouver Island, in connection with other capitalists.

BALKAN WAR PLAYS HAVOC WITH CONSTRUCTION

(By Daily News Leased Wire.)

TORONTO, Nov. 12.—The Balkar war is playing havoc with construction work on the Canadian Northern railway line between Toronto and Ottawa. An official of the company said today that during the past six weeks nearly 2,000 men have quit work to fight in the east. The laborers engaged in harvesting operations in the west have not returned yet to Ontario.

Are You Needing Anything In Fall Waists? If So, Come and See Our Selection

We would like you to see our showing while there is yet a good choice. You will find dainty lingerie waists, trim looking tailor waists and beautiful waists of exquisite silks in the latest and most distinctive models, trimmings and shades.

ANNUAL DINNER OF CANADIAN CLUB

Guests at New York Banquet Speak of Possibilities of Canada—Land of Opportunity.

(By Daily News Leased Wire.)

NEW YORK, Nov. 12.—Five hundred men and women natives of Canada and their friends, assembled tonight at the Hotel Astor for the eighth annual dinner of the Canadian club, which was followed by a dance. At the guest table with T. Kennard Thompson, the president, were Col. Sam Hughes, minister of militia; Sir Alexander Lacoste of Montreal, W. C. Brown, president of the New York Central; Sir Edmund Walker, president of the Canadian Bank of Commerce; Sir Robert Williams, A. S. Goodeve, of the Canadian railroad commission; Ernest Thompson Seton, Royal Ewing, David R. Forgan, president of the National City bank of Chicago; J. A. Stewart, A. C. Chisholm, Newman Erb, president of the British Columbia Copper company and many other distinguished guests.

His royal highness the Duke of Connaught, wired his regrets and testified to the value of the Canadian clubs throughout Canada in fostering national spirit and in disseminating knowledge of subjects of imperial and of world wide interest. Hon. R. L. Borden on behalf of himself and Mrs. Borden, also sent regrets at the fact that work in connection with the impending session rendered it impossible for him to attend. Ex-President Roosevelt also sent a letter of regret.

W. T. Robson of the Canadian Pacific railway, the first president of the club in New York came from Montreal for the occasion and brought some striking samples of the apples produced in the Okanagan valley.

Sir Edmund Walker in his address, spoke of Canada as pre-eminently the land of opportunity. "In the extent of our seacoasts," said he, "our lakes, rivers and mountains; our forests and fields and in the rich harvests to be gained from all we are not surpassed by any country but we have much indeed to do before we arrive at our full status as a nation."

Sir Edmund gave a few figures to demonstrate the wonderful prosperity of the country. This was due, he said, largely to the immigration which rendered necessary the borrowing of $200,000,000 annually in addition to the amounts saved in Canada. This vast amount would continue to come from Britain, which was always ready to further legitimate Canadian enterprises.

An Industrial Nation.

Canada, he said, was building up an industrial nation, not merely agricultural. The west naturally was still almost exclusively agricultural, but even there the dawn of the industrial era had arisen and with the expansion of its industries the west would cease to regard the east as unduly profiting from its resources.

"A Canadian does not need to be of British birth," concluded Sir Edmund, "to join fervently in the prayer of Tennyson, which epitomizes the Englishman from Drake and Frobisher to those who, like Roberts and Beresford, are opposing the Little Englander today.

"We sailed wherever ship could sail;
"We founded many a mighty state.
"Pray God our greatness may not fail
"Through craven fears of being great."

W. C. Brown, president of the New York Central, spoke of the greatness of Canada as viewed from the standpoint of the middle west farmer.

RAILWAY SURVEYOS CEASE WORK FOR SEASON

(Special to The Daily News.)

FORT GEORGE, B. C., Nov. 12.—A party of railway engineers who have been at work from this point for several months back have finished running lines for this season and after reaching Summit lake transits were folded and the job called off till early next spring when the task will be taken up again and completed. Under its new Dominion charter, received some time ago from the government in place of the British Columbia charter which was abandoned, the British Columbia & Alaska has taken on a new lease of life. From the headquarters of the road it is stated that no time will be lost in getting down to actual construction. Provision has been made for a coast outlet other than Vancouver, and as soon as survey lines are completed the road will get down to actual building work. Fort George will be an important point on its line.

Daily News Want Ads. get results.

This Ranch 22 acres on the west arm we are offering at the very low price of $4,200, and it is considered a particularly good buy. It has a lovely piece of water frontage, is close to Nelson, making shipping easy and convenient, and has a plentiful supply of water. There are 4 acres cleared and planted in best standard fruits. The trees have been well looked after. Many are in bearing. The balance of the clearing is light, enabling the purchaser to add much value to the property with little effort. This ranch will make a very profitable buy. $500 cash handles it.

WINNIPEG WHEAT MARKET UNSETTLED AND NERVOUS

(By Daily News Leased Wire.)

WINNIPEG, Nov. 12.—The wheat market was unsettled and nervous during the early hours. With the opening figures ⅛@¼c lower there was an advance of ⅛@½c and prices fluctuated around those points for a considerable time. Later weakness was shown and values declined, closing at a loss of ⅜@ ½c. Continental cables were lower apart from Buda Pest, which was 3⅞ up while Liverpool closed ⅛@¼c lower with steady undertone. American markets were all lower at the opening, but held steady around the opening figures. Minneapolis closed ⅝c lower. Chicago closed ⅛@⅜c lower. Cash demand was good and exporters were freely bidding over the November options in order to fill boats and even at the premium finding it difficult to get grain.

Oats were stronger for all months and flax sold at 2¼c higher but closed ½c down to ¼c up. Inspections on Monday were 1,328 cars and in sight on Tuesday were 1,300 cars.

TRADERS PLEASED AT DEFEAT OF GOVERNMENT

(By Daily News Leased Wire.)

LONDON, Nov. 12.—Payments for treasury bills made money dear today. Discount rates were steady. Traders on the stock exchange were pleased by the defeat of the government of the house of commons and its possible effect during the remainder of the session and consols were marked up 9-16. Home rails advanced and the more favorable continental situation added to the cheerfulness of Rio Tintos, Canadian Pacific and Kaffirs rising with continental support. The commencement of the settlement for which stiff rates were charged, checked the activity but the markets closed firm. American securities opened a fraction higher. Good buying appeared during the forenoon and prices advanced under the lead of Canadian Pacific and Union Pacific. The buying continued in the afternoon and every stock of the list improved. The closing was steady.

CANADIAN PACIFIC ADVANCES IN MONTREAL

(By Daily News Leased Wire.)

MONTREAL, Nov. 12.—A rally of 3¼ points by Canadian Pacific was the chief feature of the local market today. The stock was only moderately active on the better feeling in London, and New York business for the day here amounting to less than 400 shares. The close was strong at 264¾ bid, 264½ asked. Canadian Pacific railway's recovery imparted a better tone to the list but trading continued in very light volume, less than 3,000 shares, exclusive of mining shares and Montreal Power, responded to Canadian Pacific's rise by an advance of 1¼ points, closing at the top.

Fractional gains were also made by other issues like Richelieu and Textile, but the market as a whole showed no signs of shaking off its apathy. Tight money remains the principal reason for the dullness.

VICIOUS DRIVE MAKES STOCK PRICES CRUMBLE

(By Daily News Leased Wire.)

NEW YORK, Nov. 12.—The features of today's stock market was a vicious drive against quoted values, which occurred in the middle of the session. Prices fell away rapidly and for a time the list showed little more than a semblance of support. Before the end of the day, however, most losses were fully recovered, with a good average of material gains. While the selling was at its height various disquieting rumors were current. These included domestic and foreign political developments and the possible result of the findings of the railway arbitration board in the matter of the demands of the eastern engineers, to be made known later in the week. There was no apparent justification for the assumption that the decline was even remotely connected with conditions abroad, inasmuch as the European markets were handled on a fairly liberal scale here, preceding this with a general advance in our stocks in London. Moreover, the news from London, Paris and Berlin was all of a character to indicate relaxation in the tension created by the war in southeastern Europe.

Judging from the resiliency shown by the market on its rebound, it is altogether likely that the early movement constituted little more than a concerted attack by a formidable professional faction, whose recent operations have indicated a pronounced tendency toward the bear side. Call money was something of a factor, the rate ranging from 5½@6½ per cent, with most loans made midway. Offerings of commercial paper were again fair.

Bonds were irregular. Total sales, par value, $1,796,000. United States bonds were unchanged on call.

NEW YORK METAL MARKET.

TO ABOLISH POLES AND WIRES

Commission Orders Electric Companies To Put Wires Under Ground—Conduits at City's Expense.

(By Daily News Leased Wire.)

TORONTO, Nov. 12.—The Ontario Hydro-Electric commission today took the initiative in abating the pole and wire nuisance in large cities by ordering the Hamilton Hydro-Electric system and the Cataract Power company to bury their wires on certain leading streets, using joint conduits with separate manholes, these conduits to be constructed by the city. Extra conduits for telephone and telegraph wires will be provided in anticipation of a decision by the Dominion railway board that companies holding Dominion charters must put their wires under ground. The hydro commission's decision is based upon the recent legislation giving that body jurisdiction over all electric companies that hold provincial charters.

BEATEN AT DANCE; NO INQUEST IS HELD

(By Daily News Leased Wire.)

MOOSE JAW, Sask., Nov. 12.—There is public indignation here over the case of A. C. Jackson, who was beaten at a dance here a week ago and died Sunday. No inquest has been held and the police are apparently idle on the matter. Doctors in attendance diagnosed Jackson's illness as scarlet fever and the coroner accepted their version. The men known to have been in the melee with Jackson left the city before the police learned of his death. Jackson was buried eight hours after death.

Hundred Homes to Be Erected Immediately on Victoria Heights

Negotiations were completed yesterday for the purchase of one hundred lots from M. & A. Primeau. This property is situate in Victoria Heights, and the deal was consummated by C. F. Stryker, who is associated with M. & A. Primeau. The price for the lots could not be ascertained, but it is understood that the figure is a good one.

This afternoon deeds of transfer will be signed, and Louis M. Epstein, manager of the home department of the Northwest Land Co., Regina, states that tenders for the construction of the houses will be started immediately and that by the middle of January they will be occupied, for he has already received a number of applications for homes.

Victoria Heights is a subdivision on the west side of First Avenue. It has electric light and water connections, and according to promises of the Street Railway Company, cars will be running there by the time the houses are ready for occupancy. The building of these hundred homes will mean a great deal for Moose Jaw, for they will populate a district now sparsely settled, but one which is growing rapidly. No two houses will be built from the same design on any one street, and each one will cost from $3,000 up to the price the purchaser is willing to pay in twenty annual instalments, which decrease yearly.

Estimating the value of the lots at $400 each, and taking the average cost of the houses to be erected at $4,500 apiece, the deal arranged last evening and which will be completed today, involves an outlay of over half a million dollars, with another deal involving a like amount of capital to be completed in the spring for another hundred homes.—"The Morning News," Moose Jaw, Sask., November 7th, 1912.

We are offering first-class lots in this high-class inside Moose Jaw city property and strongly recommend Victoria Heights as a safe investment.

Values are increasing rapidly. Buy now while prices are low.

Price $300 per Lot

Easy terms arranged. Write for maps and full information.

TRUSTEES SALE OF PROPERTY UNDER BOND MORTGAGE.

Under and by virtue of the powers of sale contained in a certain mortgage, dated the thirtieth day of June, 1909, made by the Nelson Coke & Gas Company, Limited, to The Toronto General Trusts Corporation as trustees, to secure the payment of certain debentures or bonds with interest thereon as set out in said mortgage, which will be produced at time of sale, there will be offered for sale by public auction by W. Cutler, auctioneer, on Wednesday, the twentieth day of November, 1912, at the offices of the Nelson Coke & Gas Company, Limited, on Railway street, in the city of Nelson, British Columbia, at the hour of 12 o'clock *noon, the following* properties:

All and singular those certain parcels of land situate and lying and being in the city of Nelson, in the province of British Columbia, forming and being Block 35 and Block 95B, on the official plan or survey map of the town of Nelson, both of which parcels of land are respectively designated and colored pink and yellow on the plan annexed to a conveyance to the Nelson Coke & Gas Company, Limited, registered on the first day of June, 1909, as No. 3172K in the Absolute Fees book; together with all buildings on said lands, and the rights, easements and appurtenances belonging thereto, and together also with all street and other mains and pipes and fittings in or under streets, ways or lands of or in the said city of Nelson, or in any other city, town, Township, village or other municipality adjacent thereto, together with all rights, easements, franchises and privileges of every nature and kind whatsoever belonging thereto or enjoyed by the said Nelson Coke & Gas Company, Limited, and also all the right, title claim and demand both at law and in equity of the said Nelson Coke & Gas Company, Limited, of, in, to, or out of the plant, machinery, fittings, equipments, appliances, tools and utensils, more particularly enumerated in the schedule to said mortgage, and all chattels and property of a kind similar thereto or used for the same or similar purposes which now belong to the said company.

The following buildings are said to be erected on said lands: One stone retort house, one stone condenser house, one stone purifying house, one stone office and meter house two storeys high.

The plant and machinery of the said company is said to be a gas producing and distributing plant with boiler, engine, retorts, pump, meter, washer, condenser, scrubbers, photometer, gas holder and tank, separator, purifiers, exhauster, tar and ammonia wells, tar separator, drain pipes, about five miles of street mains, about three hundred and fifty service pipes, about five hundred and fifty consumers' meters, and tools and appliances for the operation of the plant, and for main laying and service pipe laying. The plant is said to be in good working condition and is at present supplying the city of Nelson with gas.

Full particulars of the plant, machinery, tools and other assets of the said company can be obtained on application to the undersigned, who will be prepared on application being made therefor, to permit intending purchasers to inspect the property. The purchaser will be required to satisfy himself regarding the above particulars, and the undersigned makes no representations, statements or warranties regarding the same.

Terms of sale—Ten per cent of the purchase money will be required as a deposit at the time of sale and the balance within 30 days thereafter without interest. The purchaser will be entitled to apply debentures of the said Nelson Coke & Gas Company, Limited, on account of the purchase price according to the terms and conditions in that behalf contained in said mortgage.

The property will be offered for sale subject to a reserve bid.

Further particulars and conditions of sale will be made known at the time of sale and may be obtained on application to the undersigned or to the solicitors undermentioned.

Dated at Toronto this twenty-first day of October, 1912.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district of which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalties thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

Prompt Service

is one of our business maxims. We are ever ready at your call, knowing that accidents to pipes, etc., often mean much damage to property unless at once repaired. So we are expecting emergencies all the time, and are equipped to meet them. We do first class plumbing work, and yet we do not charge first class prices. Suppose you give us a trial?

"YOU'LL SUFFER ALL YOUR LIFE"

That's what the Doctor told him

"Fruit-a-tives Cured Him

CHESTERVILLE, ONT., Jan. 25th 1911

"For over twenty years, I have been troubled with Kidney Disease, and the doctors told me they could do me no good, and that I would be a sufferer for the rest of my life.

I doctored with different medical men and tried many advertised remedies, but none of them suited my case.

Nearly a year ago, I tried "Fruit-a-tives". I have been using this fruit medicine nearly all the time since, and am glad to say that I am cured.

I give "Fruit-a-tives" the credit of doing what the doctors said was impossible.

I am now seventy-six years old, and in first class health"

GEO. W. BARKLEY.

In all the world, there is no other remedy that has cured so many cases of so-called "incurable" kidney disease, as "Fruit-a-tives".

This famous fruit medicine acts directly on the kidneys—healing and strengthening them—and ridding the system of the waste matter that poisons the blood.

50c. a box, 6 for $2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

LIBERALS ELECT NEW EXECUTIVE

Dr. N. Wolverton Is President of Nelson Association—Regret Deaths of Prominient Members.

The annual meeting of the Nelson Liberal association was held on Monday night in Eagle hall. There was a good attendance of members and considerable business was transacted.

During the evening a resolution of sympathy was passed to the widow and family of the late Thomas Madden, as follows. "That the members of the Liberal association of this city feel the greatest regret at the sudden demise of Thomas Madden, one of its oldest and most faithful members, and whose loss we feel most keenly and we realize that we will miss him greatly from our midst in the life of our citizenship and especially in our work in the Liberal association, and we wish to express to his widow and children our deepest sympathy in their loss."

A resolution of sympathy was sent to the relatives of the late A. B. Docksteader, late president of the association, and a resolution of regret was passed at the loss of H. E. Douglas through his departure from the city.

A considerable number of new members were admitted and arrangements are under way for the setting aside of a day for monthly meetings.

The following officers were elected for the ensuing year:

Hon. president—Sir Wilfrid Laurier.
President—Dr. N. Wolverton.
Vice-president—William Rutherford.
Secretary—E. W. Widdowson.
Treasurer—John Hamilton.
Executive—G. N. Gilchrist, E. H. Smith, J. S. McKay, Capt. McKinnon, G. G. McLaren, W. Fotheringham, J. G. Devlin, B. Ferguson, J. A. Ingram, W. Middleton, D. G. Kurtz, A. G. Carpenter, Kenneth Campbell, Michael Scully, E. Ferguson.

A vote of thanks had been passed to the board of trade for the use of the board room.

TAKES LEASE ON MADDEN HOTEL

Mrs. E. C. Clarke Takes Over Well Known Nelson Hostelry—Formerly Conducted Queens Hotel.

The Madden hotel, one of the best known hostelries in Kootenay changed hands yesterday when Mrs. E. C. Clarke of this city leased it from Mrs. Thomas Madden.

The Madden hotel was established in 1889 and was owned and operated by the late Thomas Madden until his recent death. The brick portion of the hotel, on the corner of Ward and Baker streets was built in 1899.

Mrs. Clarke is well known throughout the city and to the itinerant public of the west, having previously been identified for 10 years with the hotel business in Calgary and Nelson. Mrs. Clarke formerly ran the Queens hotel, but she has been in retirement for the past three years.

TEETH ARE IN SHOCKING SHAPE

So Declares Dr. Isabel Arthur Regarding Children at School—Government Dentist Asked For.

The Women's Institute held the regular monthly meeting yesterday. This was the last regular meeting in this hall. It was decided to hold meetings in the Knights of Pythias hall in the future.

In the absence of Miss M. E. Pettit, Mrs. George A. Hunter and Mrs. H. Ross gave a demonstration of cooking with Crisco, instead of lard. Most delicious doughnuts were the result.

Dr. Isabel Arthur gave a talk on "Medical Inspection in the Schools." Stress was laid on the bad condition of children's teeth, especially in the younger children. The milk teeth were in a shocking state of decay, she said. The great expense to parents to have children's teeth attended to was discussed and a resolution was passed that the Women's Institute ask the government to defray the expenses of a dental surgeon to attend to such work twice a year.

Arrangements were completed for the government lecturer and demonstrator who will visit Nelson on Nov. 21 and 22. Mr. Towniey of Vancouver will lecture on the following subjects: "Home Teaching and Traditional Spirit"; "Our Flag and What It Stands for"; "Practical Patriotism," and "Woman as an Empire Builder."

Miss Taylor will give demonstrations in dressmaking. As a practical dressmaker of many years' experience, she will be able to give expert advice on dressmaking problems. Her work will include: "Proper Use of Patterns"; "Modern Dressmaking Appliances and Sewing Machine Attachments"; "Cutting Out and Fitting," and "Altering and Making Over."

These demonstrations will be onen to all members of the institute and all others who wish to join, and it is hoped that a large number of women will avail themselves of this opportunity to learn something of the art of dressmaking. The demonstrations will be held in the hall at the corner of Ward and Victoria streets.

AT THE THEATRES.

"Homer's Odyssey" or "The Adventures of Ulysses," which is being shown at the Gem theatre this evening, is the best effort that has ever been made by the Milano Film company. The skill of the producers which is portrayed in some of the scenes is beyond praise. These films broaden the mind, stimulate the faculties and awaken an admiration for what is beautiful in the best and widest sense of the word. They mark a new epoch in the history of the motion picture as a factor in education. One thousand men and women are in the production, which has taken over two years, costing $200,000. It has been endorsed by university presidents throughout North America. It affords the management great pleasure to be able to show this picture, owing to the fact that it is recognized as one of the finest (if not actually the best) feature that has ever been shown on a screen. As many as 70,000 people witnessed this picture when it was shown in Vancouver. The remainder of the program is completed by Pathe's Animated Gazette, which is a most interesting topical.

NELSON NEWS OF THE DAY

Born, on Nov. 12, to Mr. and Mrs. F. R. Pritchard, Fairview, a son.

There will be a meeting of the council of the board of trade at 8 o'clock this evening.

Mrs. J. Elmore Taylor will receive today at her home, 614 Mill street, and on the second Wednesday of each month.

All persons in the city who own dogs must pay the city dog tax or be prosecuted, according to an announcement made by E. J. McGregor, who is collecting the taxes for the city.

The mid-week service of Trinity Methodist church will be held this evening at 8 o'clock instead of Thursday. Rev. A. E. Smith will speak on the subject, "The Coming Kingdom."

Capt. and Mrs. Jackson left for Vancouver yesterday morning to attend a Salvation Army congress there. During their absence the work here will be carried on by the local officers and members of the corps.

The Nelson Male Voice choir will meet for practice in the Y.M.C.A. tomorrow evening at 7:45 o'clock. Those intending to join are requested to make immediate application as the conductor is anxious to have several parts as well balanced as possible. The choir has an excellent supply of new music and good practice work is anticipated.

RAILROAD MAN HAD TO LAY OFF

Until He Took GIN PILLS

Buffalo, N.Y.

"I have been a Pullman conductor on the C. P. R. and Michigan Central for the last three years.

About four years ago, I was laid up with intense pain in the groin, a very sore back, and suffered most severely when I tried to urinate.

I treated with my family physician for two months for Gravel In The Bladder but did not receive any benefit. About that time, I met another railroad man who had been similarly affected and who had been cured by GIN PILLS, after having been given up by a prominent physicians who treated him for Diabetes. He is now running on the road and is perfectly cured. He strongly advised me to try GIN PILLS which I did—with the result that the pains left me entirely."

FRANK S. IDE.

WANTS EASY OF ACCESS.

Nobody throws stones at the apples on the low branches. Yet there is much good fruit at hand that may be had for reaching for it.

Somebody has likened the Want Ads to the apples on the low branches—do not overlook them because they are easy of access.

The Wants may contain just the information that you seek most in getting a job, buying, selling, renting, hiring, returning lost articles or scores of other things.

The Wants are close at hand—make full use of The Daily News Want Ads.

NO MORE CORNS

No More Dangerous Paring.

Nobody needs to suffer from corns since "Exterminator" was invented. Millions apply this little plaster. The pain stops instantly. Then the "Exterminator" gently loosens the corn. In few days the whole corn comes out—root, callous and all.

"Exterminator" has done that for millions of corns, without any soreness, any trouble, any delay or discomfort.

Common treatments mean just a brief relief. "Exterminator" ends the corn. Paring a corn just removes the top layer. The main part is left to grow, and in millions of cases paring causes infection.

All those methods are wrong. Soon or late the corn must be removed. Why trifle and delay? "Exterminator" removes it in four days. In the meantime you forget it.

Please prove this—for your own sake. It is the only right way to treat corns. If not satisfied money back.

"Exterminator" corn plaster, 50 cents package. Sold by John Swan, Sandon, B.C., Canada. 139-1a.w-10

WILL RAISE AGAIN MARRIAGE LAW

Member For Peterborough Puts Question on Order Paper—Agitation Not Dead.

(By Daily News Leased Wire.)

OTTAWA, Nov. 12.—That the marriage law question is to again figure in parliament this session, is indicated by a question that J. H. Burnham, M.P., of Peterboro, has already sent for inscription on the order paper of the house. He will ask:

1. What portions of Canada are solely under federal control and jurisdiction?

2. What are the laws in respect to marriage in these districts?

Unless Mr. Lancaster has changed his mind since the judgment of the privy council was delivered, he is not likely to again bring up the question raised by his bill, the principle of which was declared unconstitutional. In view, however, of the extent of the agitation, it is believed the subject will again arise. Evidence of this is afforded by Mr. Burnham's queries.

TWO KILLED IN STRIKERS' BATTLE

Several Others Mortally Injured in Fight Between Nonunionists and Strikers.

(By Daily News Leased Wire.)

WAIHI, New Zealand, Nov. 12.—A constable and a citizen were shot and killed and several persons injured, some mortally, in a strike riot here today. Maddened by the taunts of the strikers, a body of nonunion workers marched to the union hall, burst open the doors and rushed on the occupants. A fierce battle ensued, during which revolvers were freely used. The police rushed to the scene, but after the riot was quelled a mob of "free workers" chased some strikers, severely beating them. The strike at the Waihi gold mine has been in progress for some time. The men ask for better pay and shorter hours.

Women's Dresses Under-Priced

Women in need of a new dress for house and calling wear and who are limited in the price will be quick to take advantage of these special prices this week. The dresses are New York styles, made of serge, Panamas, taffeta cloths, silk poplins, etc. A big variety of styles to choose from. Here are a few descriptions.:

Natural, $2.75; White, $4.50

The Hudson's Bay Company

Incorporated 1670 Incorporated 1670

Government Enforcing Fruit Marks Act

The following report of the dairy and cold storage branch of the Dominion department of agriculture, which is presided over by the Hon. Martin Burrell, should be of considerable interest to all interested in fruit growing, particularly as giving evidence of the policy which is being pursued in regard to the enforcement of the fruit marks act. The report is dated October 17 and appears over the signature of J. A. Ruddick, head of the branch. It reads:

The exportation of Canadian peaches to Great Britain has shown a very gratifying increase this season. The feasibility of shipping peaches from Canada to the old country markets was demonstrated by this branch in 1910, when trial shipments were forwarded to the leading markets in Great Britain with the utmost success.

The total quantities exported in the past three seasons were as follows: 1910, 3,743 single layer cases; 1911, 3,934 single layer cases; 1912, 8,443 single layer cases.

Owing to the unfavorable weather conditions of this year it was feared that the keeping qualities of Canadian peaches would be impaired, and that it would be risky to export them; but reports received to date of consignments which have reached England have been very favorable.

In September this branch shipped 98 cases of Elberta peaches and 84 boxes of grapes for the Canadian exhibit in the Crystal palace, London. The grapes consisted mostly of Campbell's Early and Niagaras, with a few Rogers Nos. 9 and 15.

Officers of this branch are now engaged in preparing a collection of apples for the international exhibition to be held at Ghent, Belgium, next summer. About 1,200 boxes of our standard varieties will be packed and placed in cold storage on this side for shipment next spring.

Since the opening of the fruit shipping season, the following firms have been convicted and fined for selling imported fruit which was not marked in accordance with the provisions of the inspection and sale act: Plunkett & Savage, Lethbridge, Alta.; McPherson Fruit company, Lethbridge, Alta.; The Good company, Lethbridge, Alta.; Royal Fruit company, Edmonton, Alta.; Plunkett & Savage, Edmonton, Alta.; Brown Fruit company, Edmonton, Alta.

The following have also been convicted and fined for improper packing and marking of apples: James Marchen & Co., Tweed, Ont.; P. Shannon Halston, Ont.; James Vair, Barrie, Ont.; H. F. Grimmon, Port Milford Ont.; J. & H. Coyle, Colborne, Ont.; M. Laughlin, Mountain, Ont.

The following significant paragraph appears in a recent report of British Columbia's market commissioner in the prairie provinces: "No Nova Scotian apples will reach McLeod (Alberta) and very few from Ontario, this market having been spoiled for barrel packing by inferior shipments several years ago." With this statement for text a good sermon could be preached emphasizing the fact that apple growers in Ontario and Nova Scotia generally are suffering financial loss, because of the sins of a few careless or dishonest packers "several years ago."

The exports of apples from the port of Montreal this season up to October 12 amounted to 89,327 barrels, compared with 118,005 barrels for the same period last year. From Halifax the exports this year up to the same date were 136,596 barrels and 15,379 boxes, and last year 308,905 barrels and 2,247 boxes. Judging by the increased shipments of boxes this season box packing is making good headway in Nova Scotia.

The special refrigerator car services for the carriage of butter to Montreal and Toronto, which have been in operation since May 13, were discontinued on October 12. Three inspectors were employed at Montreal and one at Toronto to report condition of the cars on arrival. A summary of the Montreal report gives a total tonnage of over 21,000,000 pounds of butter for these cars, with an average temperature of 53½ degrees.

J. A. RUDDICK,
Dairy and Cold Storage Commissioner.
Ottawa, October 17.

MAKES DOCTORS PART OF COURT

To Decide as to Sanity of Assailant of Theodore Roosevelt—Pleads Guilty.

(By Daily News Leased Wire.)

MILWAUKEE, Wis., Nov. 12.—John Schrank, pleading guilty today to an attempt to murder Theodore Roosevelt, did not receive the quick disposition of his case he had looked for. Instead, on motion of District Attorney Winifred C. Zabel, Municipal Judge A. C. Backus appointed five Milwaukee alienists to act as a part of his court in determining the would-be slayer's mental condition. The court's action was the first such practice in Wisconsin criminal procedure. Under a recent statute the court was given this power. In his charge to the commissioners the court explained to them why they were sworn as part of the court, instead of the customary proceedure of receiving only their report under oath.

"I have determined," said the court, "upon this course because of the customary condition evoked by jury trials of sanity. I have noted in such trials the medical witnesses for the prosecution are matched by medical witnesses for the defence and the contradictory opinions leave the lay minds of the court and the jury more confused than before and at huge expense.

"The law gives me power to determine for myself. But I have summoned you gentlemen to be physicians of the court, a part of the fabric of the court, to examine the defendant, Schrank, and report on his mental condition, regardless of the result."

James G. Flanders, a leading Milwaukee attorney, appointed to represent Schrank in the sanity inquiry, had two brief talks with his client but neither gave indication of what Schrank would decide to do.

Asked if Theodore Roosevelt would be summoned by Schrank, Attorney Flanzers said it was not likely, as there was practically little light Col. Roosevelt could throw on the mental condition of his assailant.

The proceedure will be that, if Schrank be found mentally unsound, he, standing beneath a plea of guilty of attempted murder, will be held as an insane criminal until he has recovered, if he does recover, when the punishment, based on his plea will be named by the court of concurrent jurisdiction, just as though there had not passed an interim in which Schrank was held insane.

The court made it clear that the assailant of the former president would not be, by the sanity commission's finding, in a position to escape sentence under his plea of guilty or sentence under a jury determination, if at a future date, sanity having been restored, Schrank should get a jury trial and be found guilty. If declared insane by the commission the defendant will remain a ward of the court.

CALGARY WILL EXTEND MUNICIPAL PAVING SYSTEM

(By Daily News Leased Wire.)

CALGARY, Alta., Nov. 12.—Calgary is going into the municipal paving business with energy this next year as the city commissioners today recommended to the city council that a bylaw be submitted to the people appropriating $60,000 for an additional unit to the present municipal plant. It has been demonstrated that the present plant which got into operation late this fall, can lay asphaltic pavement for $2.10 a square yard while the big paving corporations charge from $2.22 to $2.85 a square yard. The commissioners claim that the municipal plant will be able to lay asphalt for less than $2 a square yard when it gets into full operation. A deciding factor was the report of a New York pavement expert received today stating that samples of pavement laid by the various high priced firms were "substantially and practically alike."

YOUNG PEOPLES' ASSOCIATION OF GOLDEN ACTIVE

(Special to The Daily News.)

GOLDEN, B. C., Nov. 12.—The business meeting of the Golden Young People's association held on Tuesday evening last was very largely attended. The members of the audience were treated to pitched battles in oratory at frequent intervals throughout the evening and there was not a dull moment. After much discussion it was decided that the meetings and socials of the literary and debating department should be held in another hall after the next meeting. The place selected will likely be the old school house. A committee was chosen to preside over the literary and debating society with E. T. Ludowici as chairman and the following members: Miss Vivian Nattress, R. I. Edgar and V. Chapman. The next meeting at which Mr. Dunbar will deliver an address on the Canary Islands.

ROOSEVELT WINS CALIFORNIA

SAN FRANCISCO, Cal., Nov. 12.—Theodore Roosevelt lost his plurality in California for about 30 minutes tonight and then regained it as additional offical returns came in. When he again appeared at the top of the column it was with 10 votes margin over Woodrow Wilson.

NELSON NEWS OF THE DAY

Thomas McNeish, mayor of Slocan city, is at the Hume.

Mrs. A. H. Noakes of Balfour was at the Strathcona yesterday.

B. Downs, chief of police at Trail, was at the Hume last night.

There will be a whist drive this evening in St. Saviour's parish hall at 8 o'clock.

The monthly meeting of the Nelson board of trade will be held tomorrow evening at 8 o'clock.

Mr. and Mrs. Cooke-Hurle of Harrop were visitors to Nelson yesterday, registering at the Strathcona.

Lord Aylmer of Queen's bay was a guest at the Hume yesterday, and will leave for home this morning.

James Cronin, manager of the Standard mine at Silverton, came in last night and registered at the Hume.

George Horstead was admitted to the Kootenay Lake General hospital yesterday to undergo an operation.

Today's classes at the Y.M.C.A. are as follows: Senior school, 4 to 5 o'clock; professional men, 5:15 to 6 o'clock.

Since snow settled at Farron, on the Boundary line, about the middle of last month, 56 inches have fallen, and the ground at that point is now covered by about 2 feet of snow, according to arrivals on the train last night. There is still no snow in the valleys in the Christina lake and Grand Forks districts.

SAYS CRIPLE DRUGGED AND STOLE

Police Seek One-Legged Man Named Harry Anderson—Alleged to Have Jumped From Slocan Train.

Provincial police are scouring the Slocan and surrounding districts for Harry Anderson, a one-legged cripple, who on Monday evening is alleged to have drugged W. H. McHenry with some "doped" whiskey, to have robbed him of $85 and to have hit him over the head with a crutch when a protest was made. Anderson got into conversation with McHenry, it is said, soon after the Slocan train on which the alleged crime occurred left Slocan City on Monday.

McHenry declares that he did not remember anything after he took the drink from the bottle of whiskey which was given him by Anderson until the train was near Crescent Valley. When he accused Anderson of the theft and asked Conductor Thomas Jackson to hold him, he received a blow with one of the cripple's crutches, he states, and the alleged thief jumped from the car and escaped. Provincial Constable W. C. Forrester, who is in charge of the Nelson office in the absence of Chief Constable Black, had officers throughout the district watching for Anderson yesterday.

EYES
Teachers, Students, Parents
There are many who would today be better men and women if they had been better boys and girls. The physical and mental efficiency of many bright boys and girls is being daily consumed by defective eyes. Parents and educators are unaware of the possibilities of eye strain. Those to whom they look for advice, who write and choose and impose by law their text books on physiology, anatomy and hygiene are ignorant on the subject or willfully neglect it.
The free medical inspection of school children is advertising. I do not believe in imposition of inspection or treatment. I ask you of your own free will to call on me on the following proposition. It is advertising too.
To all students and teachers in all schools of Nelson and vicinity free eye examinations during this month after school hours. The weather and short days are not in the way, for I use artificial light. No obligations attached.
Short consultations free.
DR. F. E. M'CONNELL.

Rossland News

(Special to The Daily News.)

ROSSLAND, B. C., Nov. 12.—Mrs. E. J. Grant is in town from Vancouver visiting her sister Mrs. Frank Raymer, and will spend the winter with her. Mrs. Grant is well known in this town where she resided for many years.

Charles Saunders from Slocan Junction is in town on business.

At a meeting of the Progressive association last night the secretary was instructed to communicate with the city council with a view to getting the snow plough into operation at once.

On Tuesday, Nov. 19, the ladies of the Presbyterian church will hold their bazaar in the Presbyterian church hall. It is expected that this will be one of the best bazaars ever held in Rossland. One stall formerly described as the junk stall, should have been the prize package stall, as all the goods in that stall are good things. There will also be at the bazaar fancy goods of all sorts, crochet work and real hand-knitted Shetland goods, home cooking and candy and a fish pond for the children.

E. S. H. Winn has returned from Vernon where he had been on a business trip.

E. W. Macquade left on this morning's Great Northern train for Salmo.

Mr. and Mrs. W. F. Lingle left for Spokane this morning on the Great Northern.

Fred W. Pretty went to Spokane this morning.

RUSSIA'S HEIR RECOVERS GRANTS SOLDIER PARDON

(By Daily News Leased Wire.)

ST. PETERSBURG, Nov. 12.—"As an expression of my thanks for the grace of God, to which is due the recovery of the heir to the throne, I pardon Private Dutchur in his grave offense." This is the language of an imperial decree granting pardon to a soldier who on October 23 was sentenced to penal servitude for life for leaving the ranks at a review in order to hand a petition to the Russian Emperor.

AID IMMIGRATION OF VETERANS

Immigration League Asks Grant From Government—First Aid Appliance For Survey Parties.

(By Daily News Leased Wire.)

OTTAWA, Nov. 12.—Suggesting that the government should make a grant of $50,000, a delegation of the naval and military immigration league of Toronto, headed by E. G. Scammell, had an interview with Hon. Dr. Roche today. They also brought up a number of matters in connection with the work of the organization. The object of the league is to bring to Canada soldiers and sailors who have served full terms in the British army and navy. The co-operation of the immigration department was asked for in connection with the work. Dr. Roche gave them a sympathetic hearing. He said that while he could make no promises, he would take the matter before Premier Borden and his colleagues.

Dr. Roche was also waited on by a delegation representing the St. John Ambulance association, consisting of Dr. F. Montizambert, director general of public health and president of the association; Sir Louis H. Davis, chairman of the committee; Dr. Charles F. Hodgetts, J. M. Courtney, Colonel D. T. Irwin, Fred Cook, honorary secretary, and Major R. J. Birdwhistle. They laid before the minister the matter of having the various survey parties connected with his department properly supplied with appliances for the rendering of first aid in cases of accident and sudden illness, and also asking that all such parties going out on work of this kind should have one or more men with a practical knowledge of how to be of help to their fellow men when far from medical aid.

In addition to the minister and deputation there were present R. H. Campbell, director of forestry; Dr. W. F. King, chief astronomer; Dr. Deville, director of Dominion land surveys, and R. W. Brock, director of the geological survey. All these gentlemen expressed themselves as heartily in favor of the proposition and corroborated the statements of the deputation, in which were cited cases of serious accidents occurring in such work.

LADS MAKE ESCAPE FROM PRISON FARM

PORTAGE LA PRAIRIE, Man., Nov. 12.—Norman Garfield and Edmund Cole, both aged 19, who were confined at the prison farm, escaped last night and are still at large.

STANDARD AGAIN PAYS FIFTY THOUSAND

The Standard mine at Silverton has declared a dividend of $50,000 this month, according to communications received by Nelson stockholders yesterday. This brings the total distributed by the company since April last to $375,000.

Today I Have to Offer

A proposition that will be a money maker for the right person. As agent for the new Reid building on Baker street, I want to get some person to take the whole of the second and third floors. On the second floor there are five double offices and eight bedrooms, and on the third floor fifteen bedrooms, not counting caretaker's apartments. As rooms in Nelson are always in demand, there is in this, a good opening for some one accustomed to handling apartment properties. I also want tenants for two stores on Baker street.

VICTORIA MEMBER TO VISIT ROSSLAND

Will Accompany Member for Kootenay —Arrive in Nelson on Saturday Night.

(Special to The Daily News.)

VICTORIA, B. C., Nov. 12.—The federal parliament reassembles in Ottawa on Thursday week and the legislators resident in Victoria are making ready to flit to the federal capital. G. H. Barnard, M. P., for Victoria, and R. F. Green, M. P., for Kootenay, leave Victoria tomorrow via Seattle and Spokane. The Conservatives of Rossland having tendered Mr. Green a smoking concert, the new member of the house of commons has invited Mr. Barnard to make the trip to Ottawa via Rossland and through the Crow's Nest Pass country, which Mr. Barnard has never seen. They will arrive at Rossland on Friday night, where they will be the guests of the local Conservatives, will reach Nelson by the Rossland train on Saturday night and will leave there again on Sunday morning for Ottawa. Both the Victorians are leaving for their legislative duties imbued with the necessity of supporting an active naval policy and will give their complete support to the proposals of the premier and his colleagues, believing that the hour has come for Canada as a whole, without distinction of province, race or creed, to testify to the world that it is and intends to remain a unit of the British empire.

NOT BRITISH BUT IMPERIAL NAVY

Hon. George E. Foster Speaks at Royal Colonial Institute—Imperial Organization Needed.

(By Daily News Leased Wire.)

LONDON, Nov. 12.—The Royal Colonial institute opened its winter session this evening with a dinner and meeting at the Whitehall rooms. Earl Grey, president of the institute, presided and the Hon. G. E. Foster was the principal speaker. Other notable attendants were Hon. A. L. Sifton, Hon. Malcolm Mackenzie, Lord Plunkett, Hon. Sir Rider Haggard, W. K. George, J. G. Colmer, Hon. Sir Arthur Lawley and Norton Griffiths.

Mr. Foster, in the course of his introductory address, reviewed the various influences for the unification of the empire wrought by literature, science and art. There were other influences, which were more palpably felt perhaps; the army and navy of the empire today he said, consisted not merely of British soldiers and British sailors, but soldiers and sailors representative of the British empire and it was the empire's army and navy. The dominions had not done all they should have done in the past in the matter of defence, but they had always respected and relied on that army and navy and out of this respect and reliance had grown the policy which today enabled them to realize the spectacle of dominion ships in British waters. As the years passed still more dominion ships would be floating side by side with British ships in British waters until the empire had no longer a British but an imperial navy.

So far from the empire disintegrating it had grown closer together and today there was not a statesman in the whole empire who would dare to repeat the "cutting the painter" prophecies of long ago. Another bond of union between the motherland and the overseas dominions was that represented by King and constitution. These were not only Britain's possessions, they were the empire's and Britain held that constitution in trust for the overseas dominions no less than for the motherland. The empire today needed an imperial organization. He did not believe we could perfect that organization until we obtained some deliberative and directive bodies which represented all parts of the empire; that it would come was certain. (Cheers.) Earl Grey said that the membership of the institute now numbered 7,036.

CLERGYMAN'S SON HEIR TO MILLIONS

(By Daily News Leased Wire.)

SUTTON, Que., Nov. 12.—The report is confirmed that the son of the late Rev. J. J. Theakston, formerly of this place, has fallen heir to $3,000,000 in Russia, as well as interests in coal lands. The late Mr. Theakston was born in Russia and when he grew to manhood was arrested and sentenced to Siberia for political reasons. Upon being liberated he came to Canada and for several years was a pastor here. His widow and son now reside in Winchester, Mass.

GRANT WEEK'S ADJOURNMENT

TORONTO, Nov. 12.—The divisional court today granted a week's adjournment of the appeal of the Ancient Order of United Workmen against Justice Riddel's injunction restraining the order from enforcing its new rates pending trial of the action brought by Alexander Gardiner and others.

MOTHER KILLED BABY RECOMMENDED TO MERCY

(By Daily News Leased Wire.)

TORONTO, Nov. 12.—Matilda Samilla, the Finnish woman charged with taking the life of her newly born baby on August 22, was found guilty this afternoon in the criminal assizes of manslaughter, with a recommendation for mercy.
