EXPERT GIVES STORSTAD VIEW

Claims Blow Was at Forty Degree Angle

COUNSEL SAYS MORE SEAMEN NEEDED

Declares There Should Be Two for Each Lifeboat--Asks Rafts for Firemen.

(By Daily News Leased Wire.)

QUEBEC, June 25.—After a day spent mostly in the consideration of technical evidence from John Reid, a naval architect from Montreal, the Empress of Ireland wreck inquiry this afternoon exhausted the long list of witnesses summoned to give testimony before it concerning the ramming of the liner by the collier Storstad on May 29 off Father point, and heard the address of one counsel, George Gibson of Quebec, representing the National Sailors and Firemens union of Great Britain and Ireland. This morning the first and only woman to give evidence before the commission, Miss Townsend of Australia, was called.

Mr. Reid, called by the Storstad lawyers, gave testimony consisting principally of flat contradictions of that put forward by Percy Hillhouse, connected with the Glasgow shipbuilding company which constructed the Empress. He contended that the angle at which the ships came together was 40 degrees instead of the 80 degrees laid down by Mr. Hillhouse and that only one watertight compartment was penetrated by the collier's nose as against two claimed by the Glasgow naval expert to have been opened up, while he frankly admitted that he believed the water reached other parts of the ship through open watertight doors and portholes. That portholes admitted water was claimed in statements by passengers read during the day.

Mr. Reid suggested that even the enlarged rudder of the Empress was not adequate and Mr. Hillhouse was put into the box again to show that the liner's rudder was of a greater percentage to her submerged area than is usual in modern liners.

Mr. Reid gave an ingenious explanation of the bending of the Storstad's bows to port instead of to starboard, as would have appeared more likely, seeing that she was hit on the starboard side while on a ported helm and reversed engines by the Empress, claimed by the Storstad officers, to be crossing rapidly from port to starboard.

Mr. Reid claimed the Storstad's nose was hooked in the hole she made, while she was swung round and liberated by the Empress. This explanation was not accepted in the Canadian Pacific railway legal camp, where it is held that the damage was done to the collier by her hitting the thick steel plates and decks of the Empress nearly at right angles.

Wants More Able Seamen

Mr. Gibson asked the commission to consider a recommendation to the British board of trade to change the regulations so as to make the number of able seamen on a passenger ship two to each boat, to make boat drills more effective and to have rafts and floats for the firemen, who were most likely to be left on the ship after the boats had got away.

The inquiry looks like creating a record for investigations of its character, being much shorter than the Titanic and a number of other probes in marine disasters. Lord Mersey commented, in a talk with reporters this afternoon, on the speed with which the inquiry had been carried on and also the fairness with which the counsel has acted toward each other.

When speeches by counsel have been made, the commission will hold conferences in Quebec in private, when all the evidence will be sifted by the aid of the assessors and admiralty experts appointed by the Dominion and British governments. It is expected that these sessions will last about two weeks.

Yith the exception of Capt. Kendall, First Officer Jones and Engineer Brennan, all the Canadian Pacific railway witnesses were allowed to go home on the Virginian, which sailed for Liverpool this afternoon. The Storstad witnesses were given a similar permission yesterday.

The divers who are to make another attempt to recover the bodies still held by the hull of the sunken liner reached the scene of the disaster this morning but were unable to make a descent today on account of the bad weather prevailing.

Argues Empress Was Moving.

Capt. Reid, the naval architect retained by the Storstad owners, was questioned by Mr. Aspinall, K. C., leading counsel for the Canadian Pacific railway, as to what had caused the stem bar of the Storstad to be turned to port. He put it to Mr. Reid that the weight of the Empress, 18,000 tons, if it was moving forward from port to starboard across the bows of the Storstad would twist the stem of the latter vessel over to the starboard. The witness argued that the angle of penetration would decide it. He thought the Storstad had struck the Empress at an angle of 40 or 45 degrees and that the lower section of her stem was struck first and deflected to starboard and that the up-

(Continued on Page Five.)

GOVERNMENT TAKES NEW PRECAUTIONS

Is Stated to Wish to Set Minimum Price and Time for Sale of Railway Bonds

(By Daily News Leased Wire.)

OTTAWA, June 25.—The Ottawa Free Press says tonight:

"It is stated here on good authority that there is a serious hitch in connection with the issue of the Canadian Northern railway bonds, provided for by the legislation passed in parliament last session.

"The report is to the effect that the government is insisting upon certain conditions being placed in the mortgage, which the heads of the Canadian Northern railway claim are not provided for in the act.

"The government, it is said, desires that a minimum price be fixed for the selling of the issue so that there shall be as little sacrifice of the face value as possible.

"It is further stated that the government desires to place certain conditions in the mortgage as to the time when the bonds will be offered for sale in the London market. The government does not desire that the whole amount of the issue shall be floated at the present time when its own most recent loan has not yet been taken up by the public in its entirety.

"It is understood that there are certain other conditions insisted on by the government which are causing the present hitch.

"As a consequence of this hitch it is understood that Sir William Mackenzie has been borrowing on his own security in the New York market in order to tide over the situation until the matter has been finally settled."

SASKATCHEWAN FIRE LOSS HEAVY

Burn Up About Five Thousand Dollars Worth of Houses Per Day—Land Offers Employment

(By Daily News Leased Wire.)

MOOSE JAW, Sask., June 25.—The 100 delegates attending the convention of the Union of Saskatchewan Municipalities spent the greater part of this forenoon in an automobile tour of the city and an inspection of the industrial concerns. In the afternoon Fire Commissioner McLean delivered a paper on fires in the province and the methods of preventing them. In the course of his address he said:

"Saskatchewan statistics are not available for the full year of 1913, but for the nine months from the creation of the office of the fire commissioner—from April to December, 1913, 624 fires were reported, involving a loss of $1,328,981, or, on the same rates, approximately 832 fires for the year, with a total loss of approximately $1,770,000. As the population has been estimated at 650,000 the per capita loss in this province would be about 2.72. In view of these facts can we afford to sit with folded hands and treat the matter with complacent indifference? It is hardly necessary to dwell at length on the economic significance of this excessive fire loss. The fact is that we burn up, roughly speaking, a house value of $5,000 every day in this province and every hour of the 24 the equivalent of $200 goes up in smoke."

Hon. George Langley spoke on the relations of the cities to the country and urged that urban populations should bring their influence to bear in the settlement of undeveloped farm lands. There were many men in the cities today who were unemployed and if those men could be placed on farm lands of their own it would be to their own advantage and to the benefit of the country.

LIBERALS CARRY BOTH BYELECTIONS

Saskatchewan Government Makes Gain in North Qu'Appelle—Wins in Rosthern.

(By Daily News Leased Wire)

ROSTHERN, Sask., June 25.—W. B. Bashford, Liberal, was today elected to the Saskatchewan legislature by a majority of 278 over George Braden, the Conservative candidate. Mr. Bashford polled 1,116 votes and Mr. Braden 838. The by-election was necessitated by the resignation of Gerhard Ens, Liberal, so that there is no change except that the Liberal majority is increased from 120 in the 1912 general election to 278.

Gains Seat.

(By Daily News Leased Wire.)

REGINA, Sask., June 25.—In the provincial by-election in North Qu'Appelle caused by the resignation of J. A. Macdonald, Conservative, polling today gave J. G. Gardiner, Liberal, a majority of 304 over W. E. Read, Conservative, a gain for the Scott government. The Liberals had a majority in 15 out of 23 polls and the Conservatives in eight. At the last general election the Conservative majority was 45.

MANITOBA UNIVERSITY TO HAVE CLASSICAL BRANCH

(By Daily News Leased Wire.)

WINNIPEG, June 25.—A department of classics has been created at the university of Manitoba as part of the provision for a greatly enlarged range of teaching to be undertaken by the university through its own faculty at the opening of the next session. The following will constitute the staff of instructors in the new department: Very Rev. Dean Coombes, M.A., B.D., professor of classics in St. John's college; Prof. R. W. Clark, B.A., Ph.D., professor of classics in Manitoba college; and Prof. R. O. Oliffee, B. A., professor of Latin in Wesley college. Each becomes professor of Latin and Greek in the university.

BELIEVE MURDER OF KING PLANNED

Woman Was Arrested With Quantity of Cordite

WOMAN CAUGHT PRINCE BATHING

Heir to British Throne Escaped Into Canal--Attack Another Church

(Western Associated Press Special Cable.)

LONDON, June 26.—A remarkable incident of the visit of the King and Queen to Nottingham was disclosed at a local police court yesterday when Irene Casey was brought up on a charge of loitering with intent to commit a felony.

Shortly before the arrival of the King and Queen on Wednesday Irene Casey was observed examining the grandstand in the market place, in which was the royal box. In her hand she carried a green suitcase. Detectives arrested her and took her to the police station where it was found the suitcase contained among other things four quarter pound packages of cordite and 20 feet of fuse.

The woman behaved violently when the magistrate remanded her and seized the front rail of the dock and clung to it with such determination she had to be wrenched away and forcibly removed to a cell.

Catch Prince Bathing.

The Prince of Wales had a narrow escape from being caught by two suffragettes yesterday. The prince, who is in camp at Mytchett, near Aldershot, had gone with a number of comrades for a swim. No river being near the young men had to content themselves with a dip in the old Basingstoke canal.

The prince, after one plunge, saw two women hurrying along the towing path toward him, one waving a parasol and the other with a "votes for women" banner. Shouting to his companions the prince quickly jumped into the canal and put some distance between him and the bank.

Burn Building.

(By Daily News Leased Wire.)

LONDON, June 25.—The pavilion at the Harrodians Athletic club at Barnes, southwest London, was burned by suffragettes today.

Sexton Extinguishes Flames.

(By Daily News Leased Wire)

BELFAST, Ireland, June 25.—An arson squad of suffragettes caused extensive damage to the Episcopal church at Ballytessen, near here, early today. The destruction of the entire church was averted only by the timely arrival of the sexton, who succeeded in extinguishing the flames. He found quantities of burning petroleum, fire lighters, grease and cotton and wool littered around. The woodwork of the building had been thoroughly drenched with petroleum.

GETS FIFTEEN LASHES FOR BEATING WIFE

(By Daily News Leased Wire)

MACLEOD, Alta., June 25.—An exemplary lesson to wifebeaters was given at the local barracks today when William Barnes of Calgary, convicted of brutal assault on his wife, was given 15 lashes.

FIFTY THOUSAND REVELSTOKE LOSS

Most of Heavy Sufferers From Blaze Were Insured—Many Lost Household Effects.

(Special to The Daily News)

REVELSTOKE, B. C., June 25.—Fifty thousand dollars is the loss estimated to have been caused by the fire which last night swept away a business block on the main street of the city. The chief losers are Mrs. J. M. Kellie of Victoria, building, $15,600, insurance $4,000; J. B. Barber, Revelstoke, building $2,700, insurance $500; McKay Bemis, Toronto, building $5,600, insurance $1,000; Mrs. Lee, Revelstoke, building $3,000; insurance $1,500. All are a total loss.

McKay Bemis on another building lost $500, insurance $1,500. Other losses include: A. Hobson, grocer, loss $5,000, insurance $3,000; G. S. Adams, jeweler, loss $1,200, insurance, $800.

A. D. Turner, photographer; R. Erickson, cafe; Reid & Barton, photographers; Hoeninger Bros., barbers, and Great West & Peace River Land company suffered total losses of fixtures and furnishings.

Miss Abbott, Miss Macdonald, H. Hunkers, W. Anderson, M. Muelak, Mr. and Mrs. Boyle, Mr. and Mrs. Taylor, George Miller, Mrs. Miller, Harry Maston, R. Cummins, W. Allan, A. Matheson, Mrs. Whitehead, W. Smith and Mrs. Carlson all lost their household effects with no insurance.

HUNDRED CHINESE SLAIN

(By Daily News Leased Wire.)

LONDON, June 26.—The Times' Peking correspondent confirms the report of the looting of Kalgan. He adds that all Europeans are believed to be safe and that 100 Chinese were slain. The eastern portion of the city, through which the railway passes, was not affected by the outbreak.

He also reports that the city of Paotowichen, in inner Mongolia, has been sacked by soldiers from Tai-Yuan-Fu.

PRINCE ARTHUR TO LAY CORNERSTONE

(Special to The Daily News.)

VICTORIA, B. C., June 25.—Sir Richard McBride has received word from London that Prince Arthur of Connaught will lay the cornerstone of the British Columbia building on July 16.

TO SHIP COAL FROM ROCKIES BY CANAL

Plan Is to Build Waterway from Mountains to Winnipeg—Government Makes Surveys

(By Daily News Leased Wire.)

OTTAWA, June 25.—A new means of transporting western grain and coal is planned in the survey of the Saskatchewan river, which is to be completed this fall by engineers of the public works department. They have been engaged in the work for three years and the idea is to have a five-foot waterway from the Rockies to Winnipeg. This would be sufficient for barge traffic. The cost is roughly estimated at $15,000,000, the principal items being a series of locks along the river. The total cost would be reduced by valuable water power to be developed along the route.

FORMER MINISTER SAID TO BE DYING

Life of Hon. H. R. Emmerson Despaired Of, According to Advices from New Brunswick

(By Daily News Leased Wire.)

OTTAWA, June 25.—The Journal says that a private letter received in the city today says that Hon. H. R. Emmerson, formerly minister of railways in the Laurier administration, is so seriously ill at his home in New Brunswick that his life is despaired of.

At a fire in Acadia college recently he formed one of the "bucket brigade," although he had been far from well for some time, with the result that he had a relapse.

Suffers from Heart Trouble

MONCTON, N. B., June 25.—Reports from Dorchester tonight are that Hon. H. R. Emmerson is in a critical condition and the end is a matter of only a few weeks, possibly days. The ex-minister is suffering from heart affection, from which recovery is said to be improbable. Members of the family have been summoned to his bedside.

TAKE HINDU CASE TO SUPREME COURT

Test Will Be Made—Stevens Had Plan to Ship Them Back—Was Too Costly

(By Daily News Leased Wire.)

VANCOUVER, B. C., June 25.—A special court of inquiry to hear a test case from among the Hindus of the Komagata maru was held this afternoon. A decision was given that he should be deported. This decision will be formally taken before a supreme court judge tomorrow morning on habeas corpus and a dismissal asked for in order that the opinion of the British Columbia court of appeal may be obtained as quickly as possible. This test case scheme does not preclude the government from fighting the landing of every man aboard the Komagata maru separately no matter what decision the court of appeal gives.

It was learned today that H. H. Stevens, M. P., and Immigration Superintendent Reid had planned to shanghai all the Hindus aboard the Komagata maru this morning and ship them out aboard the Empress of India which left at 11 o'clock for the Orient.

The government at Ottawa, however, would not consent to the scheme and it was called off. The government was asked to pay about $15,000 in fares for the Hindus to go by the Empress. Examination aboard the Hindu ship during the last few days has shown that 80 per cent. of the Hindus are absolutely penniless. Not one in five has a dollar to his name.

Gurdit Angers Hindus

(By Daily News Leased Wire.)

VANCOUVER, B. C., June 25.—Rumors of what is taking place on the Komagata maru reach the shore daily. The latest of these is that the Hindus, incensed by the statements of Gurdit Singh, their leader, laid plans to do him harm if not to kill him. Gurdit got wind of the plot in some way and now goes about the decks as little as possible.

The general opinion is that the Hindus will not be permitted to land.

BOOKS

The profitable advertising of books is one of the hardest problems a storekeeper has to face.

It is for this reason that the booksellers are so eager for publishers to advertise their new books in the newspapers of their town.

The booksellers are always willing to co-operate by adequate displays and every other legitimate means.

If the publishers realized what business possibilities were being left undeveloped their entire advertising plans would be materially changed.

Publishers interested in increasing their list of "best sellers" are invited to address the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York.

FIRE DEVASTATES HISTORIC CITY

Twenty Million Dollars Loss at Salem, Mass.

TEN THOUSAND ARE HOMELESS

Poor Water Pressure Allows Blaze to Spread--People Camp on Common.

(By Daily News Leased Wire.)

SALEM, Mass., June 25.—Nearly half of the old witch city of Salem, rich in historic buildings, was devastated today and tonight by a fire that caused a loss of $20,000,000; destroyed 1,000 buildings, including a score of manufacturing establishments and made 10,000 of the 45,000 residents homeless.

The fire originated in the Kern Leather factory on the west side of the city about 2 o'clock this afternoon, swept through the shoe and leather district, including every building in a path two miles long and more than half a mile wide. Burning embers, carried by a strong northwest wind, started fire in two other sections, in a fashionable residence district adjacent to Lafayette street and a manufacturing and tenement house district on the peninsula bounded by Palmers cove, South river and the water front. The house of Seven Gables was also in the danger zone.

Dynamite Buildings.

The fire burned a semi-circle path. Originally driven in a southeasterly direction from the foot of Witches' hill, the place where witches were hanged two and a half centuries ago, it spread to South Salem and then changed its course and crept steadily in a northerly direction toward Town House square, the centre of the city's retail business life.

For a time the whole city seemed doomed. Then the firemen concentrated their energies and a single point of defence near the Boston & Maine railroad station was selected. Several buildings in this vicinity were dynamited and every available line of hose was directed against the approaching flames and late tonight it looked as though the fire had been checked.

Thousands Spend Night in Open.

No fatalities had been reported up to midnight but in the confusion it was impossible to determine the casualties. Some 50 injured persons were received at the hospitals.

Thousands of the homeless are camped on Salem common tonight with such household goods as they could save piled around them. Long lines of refugees, most of them on foot and others in wagons, carriages and automobiles, crowded the road leading to Beverly, where hundreds spent the night in the parks.

Early in the evening the electric light plant was burned out, throwing the city into darkness.

The high school, police station, state armory, churches and other public buildings were thrown open to the homeless ones and the city was policed by militiamen.

The great destruction was due to poor water pressure.

ALBERTA TO PROBE MINE DISASTER

Government Gives Inspector Authority to Provide for Families in Immediate Need.

(By Daily News Leased Wire.)

LETHBRIDGE, Alta., June 25.—The latest figures from Hillcrest are: Total identified dead, 189; bodies still in mine, 1; unidentified, 5.

Judge Carpenter, with four others, has been appointed by the provincial government to investigate the disaster. The provincial government has given John Stirling, chief mine inspector for Alberta, authority to provide for the dependent families in immediate need.

EVELYN THAW SAID TO SEEK CLEMENCY FOR KRAFCHENKO

(By Daily News Leased Wire.)

OTTAWA, June 25.—The department of justice is today in receipt of a petition bearing 10,000 names asking that clemency be extended in the case of John Krafchenko, sentenced to hang at Winnipeg on July 9 next for the murder of Bank Manager Arnold at Plum Coulee. The names include those of many representative people and among them is that of Evelyn Thaw, though there is considerable doubt as to the authenticity of this name.

The ground for the petition is that public feeling against the condemned man is said to have been so strong that it militated against him getting a fair trial, and further, the killing of Arnold was not premeditated but was rather the result of an attempt to frighten him.

MRS. GOODDAY DIES

(Canadian Associated Press Cable.)

LONDON, June 26.—The death has occurred at South Kensington of Caroline, the wife of Horatio George Goodday.

AMERICANS WANT CANADIAN DISPLAYS

Antagonism Toward Exhibits at Fairs From Dominion Becomes Less Apparent, He Says.

(By Daily News Leased Wire.)

OTTAWA, June 25.—Canadian exhibits are wanted at the American fairs this year. W. J. White, who looks after American emigration for the Canadian government, reports that there has been a change of sentiment across the line in regard to Canadian displays. For several years there had been a growing antagonism to the attractive displays made by the Canadian immigration department at state exhibitions. They attracted attention and took people from the United States to Canada.

The American real estate men raised objections and the result was that in several states, including New York, Illinois and Minnesota space was refused to Canada. But the people missed the Canadian show and the management of the fairs has come to the conclusion that it cannot do well without this attraction. Therefore, Syracuse, N. Y. and Springfield, Ill., have removed the embargo and have invited Canada to make displays this year. In addition there have been invitations from an unusually large number of local fairs.

Mr. White says that while there has been a falling off in arrivals from the United States this year those who have come brought more wealth with them than any who arrived in the past. He also says that there are practically no people moving from western Canada to the United States.

The opening up for settlement of a big Montana Indian reserve this summer is likely to check somewhat the immigration from the south.

BILINGUAL SCHOOL CASE COMMENCES

Pupils at One Ottawa Institution Quit When Protestant Inspector Arrived on Scene

(By Daily News Leased Wire.)

OTTAWA, June 25.—Mr. Justice Lennox today began the hearing of what is popularly called the "bilingual school case."

It is an action by the English separate school trustees to compel the French majority on the board to discontinue the employment of unqualified teachers and to obey the regulations of the department of education in regard to rule 17 and to prevent the board from issuing debentures to the amount of $350,000 while the regulation is being disobeyed. An injunction was issued by Chancellor Boyd of Toronto and the teachers in question have received no salaries for the past couple of months.

J. E. Doyle, secretary of the separate school board, W. J. Summerby, one of the Protestant inspectors, and Mrs. Dumas, principal of the Garneau school here, were the witnesses today.

During the course of Mr. Doyle's evidence, W. M. Tilley, Toronto, counsel for the plaintiffs, forced the admission from Hon. N. A. Belcourt of the defence that "we admit we are not carrying out regulation 17. We have not done so either before or after the present writ or injunction was issued. That is what the case rests on."

Mr. Summerby testified that the pupils of the Garneau school had left in a body after the principal, Mrs. Dumas, had informed them who he was.

Mrs. Dumas deposed she had received many requests from parents to notify their children when the Protestant inspector arrived and she had done so at their request but had received no instructions from the chairman or members of the school board.

The case is continuing.

ACTRESSES DANCE IN AID OF BLIND

Stars of British Stage Charge Partners for Privilege at Midnight Ball at Savoy Hotel

(Western Associated Press Special Cable.)

LONDON, June 25.—Few London notables failed to attend the remarkable midnight ball given at the Savoy hotel to swell the fund for the blind of the United Kingdom. England's most popular actresses, including Ina Claire, Shirley Kellogg, Phyllis Monckman and Ethel Levy, attired in such costumes as their own, the costumers' or their friends' fancy had dictated, contributed considerably to the fund by tripping measures with those who bid most highly for the privilege.

The most striking feature of the function was a distribution of valuable gifts among the guests, of whom many had made special train pilgrimages from Liverpool and Manchester. These included a $3,000 motor car, 50 guinea frocks, $200 cabinets of cigars, furniture and jewelry and guns.

Until 5 o'clock in the forning they occupied the restaurant foyer, winter garden and cafe.

COLONEL SHERWOOD HEADS POLICE CHIEFS

(By Daily News Leased Wire.)

WINNIPEG, June 25.—Col. A. P. Sherwood, head of the Dominion police force, was appointed president for the ensuing year at the tenth annual convention of the Chief Constables Association of Canada at the sitting which was closed today.

Other officers elected were: Chief Cuddy, Calgary, vice president; Deputy Chief Stark, Toronto, secretary-treasurer.

Following were appointed as the executive committee: Chiefs McLennan, Vancouver; McPherson, Winnipeg; Thompson, Peterboro; Bruce, Medicine Hat; Rudland, Halifax.

ASQUITH MAJORITY GROWS SMALLER

O'Brienites Vote with British Opposition

LABOR PARTY DISSATISFIED

Lords Decide to Amend the Home Rule Concession Bill on Drastic Lines.

(Canadian Associated Press Cable.)

LONDON, June 26.—The division on the finance bill, which was awaited with much interest owing to the attitude of certain Liberal members and the abstention from the division lobbies of the Labor party, was taken late last night and resulted as follows:

For the bill, 303; against, 265; a majority of 38. The large reduction in the government majority is due to a combination of causes, including dissatisfaction of Labor members and the independent attitude of the O'Brienites. The Labor party to the number of 34 abstained from voting for the amendment, in accordance with the previously expressed conviction that the chancellor should have given the poor relief from taxation, instead of reducing the income tax.

Sir Luke White, Liberal, voted with the opposition as a protest against the postponement of local grants. Joseph Martin, Mr. Hinde and several other Liberals abstained from voting. G. G. Greenwood, who has undergone several severe operations, voted on crutches.

The O'Brienites in a body voted with the opposition. When the figures were announced the younger members of the Unionist party called out tauntingly, "Lloyd Georgean finance." "Send for Masterman," and "Saved by the Irish."

Will Amend Bill Later.

In view of the second reading of the debate on the amendment bill, which begins in the house of lords on Wednesday, Unionist peers and Unionist leaders in both houses are earnestly conferring as to the most practical method of safeguarding Ulster's interests.

At a large meeting of Unionist peers at the house of lords yesterday it was decided almost unanimously that the second reading should be given to the home rule amendment bill with a view to its drastic amendment later. This distinction, however, is not in harmony with the views of the "die hards," who are anxious to reject the amendment bill.

Lord Willoughy de Broke has put down a motion to this effect. He has considerable support, but not enough to defeat the Unionist peers, who follow the official lead. The effect of the peers' decision to give the bill a second reading will be to postpone still further the renewal of conversations between the party leaders on the Irish question.

Sends Heiresses and Arms

(By Daily News Leased Wire.)

LONDON, June 25.—American firearms and American heiresses were the subjects of some amusing banter today between the rival Irish factions in the house of commons. Premier Asquith was asked to take special steps to prevent arms entering Ireland from the United States in response to the appeal of John E. Redmond, leader of the Irish Nationalists, to Michael J. Ryan, president of the United Irish league, Philadelphia, for aid to the Nationalist volunteers in Ireland.

David Lloyd George, chancellor of the exchequer, who replied on behalf of the premier, declined to make any representations on the subject to the American government.

Arthur Lynch, a Nationalist member, then tried to carry the war into the Unionist camp by inviting Mr. Lloyd George to ascertain how much money American heiresses had furnished to foment civil war in Ireland but hilarious shouts from the opposition of "Where is Harcourt?" reminded him that there were American heiresses in both camps.

Robert Vernon-Harcourt, a Radical, is a son of Lady Harcourt, a daughter of John L. Motley, formerly United States minister in London.

O'Brien Wants Peace Conference

(Western Associated Press Special Cable.)

LONDON, June 26.—The Morning Post publishes a column letter from William O'Brien suggesting a peace conference.

"Let the lords," he says, "instead of consummating the partition of Ireland, propose an all-party conference. Adjourn both the home rule and the repealing bills for three months, pending the report from the conference."

The Post does not assent to the view of a conference.

TELLS OF METHODS OF ASSAYING PLATINUM

In the Engineering and Mining Journal of June 20 appears an interesting article by Martin Schwitter, chief chemist, Goldsmith Bros. Smelting & Refining, Chicago, Ill., and assayer of crude platinum.

This article must naturally be of interest to any assayer who gives any attention to this matter.

Hot Weather Requisites

TALCUM POWDER—
We are featuring three new lines, Poinsetta, Orchid and Zaza, all daintily scented, per tin.....25c

PEROXIDE FOOT POWDER—
This is not an absorbent powder but a disinfectant, deodorizing and soothing, per tin.....25c

FRUIT SALINE—
An effervescent, cooling aperient. A necessity during the warm weather, per bottle.....50c

MOSQUITO OIL—
Simple to use. Don't wait till you are stung, get it now....25c

INSECT POWDERS—
Quite harmless to animals, but unrivalled in destroying bugs, fleas, cockroaches, bettles, moths, etc., etc., per tin.....25c

Canada Drug & Book Co. Ltd.

ELKO NOTES

By Fred Roo.

It's easier for a woman to run up a bill than it is for her husband to pay up.

If you want to get in the sunlight come down to Elko. Don't wait for the Moose celebration, come now and wait for it.

Mr. and Mrs. C. E. Ayre and Miss Muriel, the champion lady chauffeur of the district, with Mrs. A. Boss and children motored down to Flagstone and visited Mr. and Mrs. Jim Joyce. Miss Muriel, who is only 10 years old, handled the wheel and she is some chauffeur. All this week she has been giving motor parties to her girl friends. Every evening one could see her on the boulevards and avenues going like a prairie fire. She can run her dad's buzz wagon at the rate of 90 miles per hour and go around sharp curves on one wheel without turning a hair. The whole family are experts with an automobile. Her dad was a charter member of the Joyriders' Legion back in Brandon, and won the national honkers' medal, but Miss Muriel's feats with the whimpuss make him wonder at times whether he's motoring or aeroplaning. She is sure some pumpkins with a five-passenger Ford and her dad can afford it.

The writer returns after a visit to the famous Tobacco Plains, and finds the oil excitement is not confined to Alberta, but a Spokane syndicate has leased the land between Gateway, Mont., and Rexford, along the Kootenay river, and E. J. Merrion of Spokane is organizing a company in Eureka in which Mayor Hamann is much interested and taking a great lead. At Roosville J. McKechnie is operating a big tie camp. It was at this point some 12 years ago that M. Phillips, the pioneer fruit grower of the Kootenays discovered oil seepage, but at the time could get no one interested, and now the bushmen notice it all along their workings and this point is just 26 miles due west from the Roosville postoffice to Flathead oil belt. It is 50 miles from Belton, Mont., to the international boundary line and 45 miles from Corbin to the boundary line, and just 20 miles from the coal camps along the Flathead river with a down hill pull to the Roosville valley. Remember that oil is the same as water, it runs down hill. The majority of oil experts, like mine experts, can tell you it's there when they see it.

A large number of Fernie people visited Elko Sunday, coming down by train and automobile.

Miss Walsh of Fort Steele is visiting Mr. and Mrs. C. A. Klingensmith this week.

Miss Donaldson of Cranbrook is working second trick at the Kootenay telephone central.

ROSSLAND PEOPLE WILL BUILD GRANDSTAND

(Special to The Daily News)

ROSSLAND, B. C., June 25.—A public meeting was held in Knights of Columbus hall last evening to discuss the advisability of erecting a grandstand in the recreation park. It was decided to build a grandstand to hold about 300 people, the work to commence as soon as material is arranged for. A finance committee and other committees were appointed. It is expected that the grandstand will cost $250. It is the intention of the Athletic club to have the work completed in time for the miners' celebration which is to be held on July 10 and 11.

"HERE! WHAT'S ALL THIS FIGHTING ABOUT?"
"WELL, I SAYS THE GIANTS HAS A BETTER TEAM THAN THE ATHLETICS, AN' HE SAYS I CAN'T PROVE IT, AN' I'M PROVIN' IT."

Most of us think we don't like to have our children too militant, but when Jack puts it over Billy or Tom next door, Father usually swells up with pride, and Mother—while pretending to feel very badly,—gets Jack over in a corner and kisses him!

Husky bodies and stout nerves depend—more often than we think—on the food eaten.

Grape-Nuts

made of whole wheat and barley, provides all the nutriment of these rich grains, including all their invaluable mineral phosphates.

Grape-Nuts is a capital food for growing youngsters—and just as good for grown-ups, as well. Comes ready to eat direct from the package—crisp and appetizing.

RESCUES FRIEND IN MOYIE LAKE

Frank Foley Clings to Overturned Canoe—Friend Swims With It to Shore.

(Special to The Daily News)

MOYIE, B. C., June 25.—Frank Foley and Alexander Cameron, both of Cranbrook, met with an accident in the Moyie lake narrows on Tuesday morning. They were out fly fishing from a canoe when the boat capsized and the occupants found themselves struggling to reach the shore. Cameron held to the boat, which was pulled to shore by Foley, who is an expert swimmer. Despite the effect of the cold water the men have recovered from the shock.

IN GREENWOOD HOSPITAL

(Special to The Daily News)

GREENWOOD, B. C., June 25.—Mrs. Jordan of the Jewel mine was taken to the hospital on Tuesday.

MOYIE NOTES

(Special to The Daily News)

MOYIE, B. C., June 25.—J. Feroglia and son John rescued a young fawn on Sunday which had been driven into the Moyie river by a dog.

Mrs. Otis Herritt and daughter Thelma spent part of last week at Creston. They returned to Moyie on Sunday and left for Creston again on Monday.

Mr. and Mrs. J. T. Browning went to Kingsgate on Wednesday.

Mrs. Richard Brown returned home on Thursday after a trip to Spokane.

Mrs. Margaret Lee returned home from the Cranbrook hospital on Friday.

Several Moyie people were in attendance at the dance and card party at Kingsgate on Wednesday night. Mrs. R. Brown carried off the first prize for whist. The dance was held as a benefit for the St. Eugene hospital and about $52 was realized.

Miss Esther Erickson arrived in Moyie on Friday, where she intends to remain for a time. Miss Irene Nordman accompanied Miss Erickson from Spokane.

A large number attended the meeting on Thursday evening when Parker Williams, member of the provincial legislature for Newcastle, and E. Winch gave addresses. Marcus Martin went to Cranbrook on Thursday to act as chairman of the meeting there.

J. W. Fitch went to Creston on Monday.

A meeting of the I.O.O.F. was held on Tuesday night.

PLEASED WITH PROGRESS OF LARDEAU DISTRICT

(Special to The Daily News)

LARDO, B. C., June 25.—Mr. Smith of the Smith-Kenny company of Chicago, stockholder in the Kootenay Cedar company, which has lands and limits in this district, was a visitor here recently. Mr. Smith is very well pleased with progress of the country since his last visit.

Messrs. McGregor and Hatcher of High River, Alta., were cruising some timber with a view of starting a shingle mill.

Mrs. R. H. Pirsche and family of Poplar paid a visit to her husband and sons at Marblehead.

Miss Annie Donaldson and Miss Mary Donaldson of Meadow Creek were in town yesterday.

BODIES OF CANOE VICTIMS FOUND AT SPILLIMACHENE

(Special to The Daily News.)

GOLDEN, B. C., June 25.—The bodies of Miss Joyce Thatcher and J. M. F. Russell, who were drowned while canoeing last Thursday evening, were recovered from a slough near Spillimachene yesterday afternoon. Many Golden people attended the funeral, which took place at Spillimachene this afternoon.

KEREMEOS WOMAN DIES AT ADVANCED AGE

(Special to The Daily News)

KEREMEOS, B. C., June 25.—The news of the death on Tuesday of Mrs. Martha Armstrong, at her home in Vancouver, reached Keremeos. She was in her eighty-sixth year. Mrs. Armstrong was born in the north of Ireland and came to this country when a young woman.

Mrs. R. H. Carmichael and daughter left today to spend a vacation at Vancouver.

EDGEWOOD NOTES

(Special to The Daily News)

EDGEWOOD, B. C., June 25.—A surprise party visited the residence of Mr. Williams of Fire Valley on Tuesday evening to celebrate the birthday of Alfred Williams. An enjoyable evening was spent in music and games.

Arthur Burton arrived yesterday en route to Vernon via Fire Valley.

Rev. Mr. Adams will hold a weekly Bible class in Banting hall, commencing today.

Mrs. W. J. Astley and Miss Mabel Astley of Nelson, returning from Vancouver, arrived on Wednesday.

Born on June 24 to Mr. and Mrs. R. E. Lanyon, a son.

ARROWHEAD ENJOYS TENNIS

(Special to The Daily News)

ARROWHEAD, B. C., June 25.—Tennis is now one of the best attended sports here, with both courts full every evening until dark and many interested spectators.

The Orangemen will have their sports list out in a few days.

GREAT BRITAIN AND STATES TO GUARD MINING INTERESTS

(By Daily News Leased Wire.)

WASHINGTON, June 25.—An agreement has been made between the United States and Great Britain to protect mining property in Mexico similar to that made to protect the oil interests.

ENGINEER VISITS NEW RAILWAY LINE

F. C. Gamble Inspects Kaslo & Slocan Railway—Three Hundred Kasloites to Nakusp Celebration.

(Special to The Daily News)

NAKUSP, B. C., June 25.—The Nakusp-Kaslo railway, running from the Arrow to the Kootenay lakes, was on Monday inspected on behalf of the provincial government by F. C. Gamble, engineer of the railway department.

The party in Superintendent W. O. Miller's private car left Three Forks about 5 o'clock in the evening, arriving at Kaslo about 8 o'clock. On the way a couple of stops were made. The roadbed, except in a few unfinished places, is in an excellent condition and will be in good shape for the inauguration of the new route on Dominion day, when over 300 Kasloites with brass band will come to Nakusp to celebrate the day and occasion by joining in the sports here. The inspection party returned to Nakusp on Tuesday, Mr. Gamble returning to Victoria.

Rev. W. Burton, representative of the Presbyterian, occupied the pulpit at the Presbyterian church on Sunday in place of Rev. W. Stevens. He found church work in the Nakusp district from Halcyon to West Demars in a most satisfactory state.

W. O. Miller, R. C. Barker and T. W. Sterling, Canadian Pacific railway officials from Nelson, visited Nakusp on Tuesday.

The hospital authorities have decided to institute a tag day on Dominion day in aid of the hospital fund.

Miss O'Grady, the hospital nurse, has tendered her resignation to the directors, to take effect on July 7.

It is intended to arrange for a new public ward at the hospital to accommodate five or six beds, the present accommodation being taxed.

Miss Roberts left for Port Arthur on Wednesday.

Mrs. McPherson visited Arrowhead on Wednesday.

Sidney Leary returned from Nelson today.

L. J. Edwards left on a business trip to Vancouver Wednesday.

ROSSLAND NEWS

ROSSLAND, B. C., June 25.—H. T. Goodeve has returned from a short visit to Revelstoke.

Mr. Oddy of Trail is in the city today.

Mr. and Mrs. Buchanan of Trail are in the city today.

Parker Williams, Socialist member of the legislature, addressed a meeting in Miners' Union hall on Wednesday, speaking on provincial politics.

The first aid class was not held this morning owing to Dr. Chandler being unable to address the meeting.

SCHOOL EXAMINATIONS ARE HELD AT ARROWHEAD

(Special to The Daily News.)

ARROWHEAD, B. C., June 25.—The school children are working hard with their high school examinations, under the inspection of Mr. Lang, who has been teaching at Whatshan lake, and who is an old-timer from Revelstoke. Pupils are here from Comaplix, Trout lake and points south of here.

A. E. Miller, the district school inspector, was here this week to open the examinations at the public school.

R. Simpson left yesterday for Revelstoke.

The pupils of Halls landing school and the pupils of Crawford creek are arranging a concert to be given at the end of the term.

Lightning started a forest fire north of Whiskey point last week. G. Sutherland wired to Nakusp, the nearest point where a fire ranger could be found. The fire beat made a hurried trip and had the fire under control before noon the next day.

Two old-timers were in town last week, H. McKay and Sam Irvin of Athalmer.

The gas at Hall's landing has been burning steadily for over three weeks. The Hall brothers are making preparations to instal a drilling plant and will have operations under way in a very short while.

TRAIL WOMAN GUEST AT PORTAGE LA PRAIRIE

Mrs. T. H. Cowan was the hostess of a delightful tea on Friday afternoon in honor of Mrs. Thom of Trail, B. C. The dainty tea table was prettily decorated with red peonies and presided over by Mrs. Cowan and Mrs. George Taylor. Those assisting were the Misses Thornton, Hall and Hargraves.—Portage la Prairie Graphic, June 20.

"TIZ" GLADDENS SORE, TIRED FEET

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses blisters and bunions.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy shoes never hurt or seem tight.

Get a 25-cent box of "TIZ" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for only 25 cents.

MINER KILLED AT PHOENIX

(Special to The Daily News.)

PHOENIX, B. C., June 25.—This afternoon at the Granby mine, Thomas Fisher, a miner from England, was instantly killed by a fall of earth in the 500-foot level. Fisher was married and his family resides at North White Haven, England.

FIFTEEN MILES IS SPEED LIMIT

Rossland Cannot Reduce Automobiles to Lower Rate—Council Will Come to Chahko Mika.

(Special to The Daily News.)

ROSSLAND, B. C., June 25.—At the meeting of the city council last night Mayor Wilson was in the chair and Aldermen Armstrong, Pitt, Dunn, Robertson and Cranston were also present. J. McCrear and Richard Millett appeared before the council in regard to a dispute over some of the lines between their properties. The matter was left over for two weeks and in the meantime Aldermen Cranston and Dunn will look into it.

The matter of fixing the Second avenue bridge was left over for another two weeks.

Samuel Potter, H. C. Bowers and P. R. McDonald on behalf of the athletic society asked for a donation for the grand stand. It was moved by Ald. Pitt and seconded by Ald. Robertson that the city donate $25, which was carried. Mr. Bowers stated that the cost of a grand stand would be in the neighborhood of $200, which he expected to raise by public subscription.

The street regulation bylaw, the tax levy bylaw and the school bylaw were left over until the next meeting.

A lengthy discussion took place in connection with the street regulation bylaw, as the council was advised that it could not regulate the speed of autos at less than 15 miles an hour as defined in the provincial Motor Regulation act.

A communication was read from A. J. Eley, president of the Pacific Coast Association of Fire Chiefs, asking that Rossland's fire chief be sent to the convention which is to be held at Victoria on September 1, 2, 3 and 4, in order that he might see the latest types of fire apparatus and hear the discussions. This was referred to Chief Raymer.

An invitation from the mayor and council of Nelson and the directors of the Nelson Carnival company to the mayor and council of Rossland to attend a lunch in Nelson on July 17 was read and accepted.

A communication was read from the A. S. Goodeve company asking that the sidewalk and retaining wall on the north side of the Headquarters hotel on First avenue be repaired. This was referred to the board of works.

The following bills were ordered paid: Board of works payroll, June 15, $94.50; board of works payroll, June 20, $88.40; James Nichols, $66.50; civic salary list for June, $1,065; school salary list for June, $1,317.50; sinking fund bylaw No. 56, $592.15; sinking fund bylaw No. 41, $844.72; sinking fund bylaw No. 30, $1,213.68; Rossland Miner, $48.50; city treasurer, petty cash, 17.05; Rossland Water & Light company, $6.60; Scarborough Company, Limited, $14.25; J. A. Henderson, $12; Robert Barrie, 37.95; McGillivray Creek Coal company, $140.15; C. J. Miles, $28; Co-operative association, $22.65; George M. Hendry company, $93.58.

TROUBLESOME HAIRS ON YOUR FACE OR NECK

(Beauty Notes)

A thick paste made with powdered delatone and water, and applied to objectionable hairs for two or three minutes, when removed will take every trace of hair with it and leave the skin firm and free from blemish. After this treatment has been employed, the skin should be washed to remove the remaining delatone. This is quick, harmless and certain, but to avoid disappointment, care should be taken to see that it is real delatone you get.

The Human Mind in Summer

The human mind knows no summer languor. It seeks to be interested, instructed and informed as much in the season of midsummer heat as in the season of midwinter cold.

The mind of man does not change from month to month as does the season; nor does it go to sleep for months at a time as does the bear.

In summer the mind is less preoccupied with cares than in the more strenuous months of social and business demands.

In summer the time which is given at other seasons to other interests is often given to the reading of newspapers.

In summer newspaper circulations often increase, for then men and women have more time and daylight for reading.

The summer months, then, are choice months for advertisers to use to draw attention to themselves and their goods, to arouse interest in what they provide, and to implant desires for what they sell, or make.

You can obtain helpful advice on advertising free of cost and without obligation by consulting the Business Department of The Daily News.

ROYAL CITY CHOCOLATE WORKS ARE DESTROYED

(By Daily News Leased Wire.)

NEW WESTMINSTER, B. C., June 25.—The Pacific Chocolate company's plant was practically destroyed by fire tonight. The plant was one of the finest of the kind on the coast. The total damage is estimated at $75,000. It was only through the exertions of the firemen that the adjoining premises of the Borden storage warehouse and the Vulcan Iron Works were saved.

DERBY FEATURE EVENT OF RACES

Program and Rules for Horse Racing During Chahko Mika Carnival Announced.

The feature event on the program of races for Chahko Mika week is the Chahko Mika derby, a three-quarter mile race open to all. The race will be run on the Friday of carnival week and the purse offered for first prize amounts to $250; second prize, $100 and third prize, $50. Races will be run on Monday, Wednesday and Friday of the week. There will be nine races in all. The total prize money for the nine races is $1,650.

All entries should be listed with the manager, George Paterson, on or before July 6 and entries will close at 8 o'clock on the evening preceding the race, according to the program which has been arranged. There must be four entrants in each race and three of the entries must start. The entry fee will be five per cent and five per cent will be deducted from the money winners. The rules call for all jockeys appearing on the track in colors. The program:

Monday, July 13—Quarter mile local to be run in heats, first prize $75; second prize $50; third prize $25. Half mile, open dash, first prize, $150; second prize $75; third prize $25.

Wednesday, July 15—Half mile open dash, first prize $100; second prize $50; third prize $25. Ladies' race, open to be run in heats, first prize $25; second prize $15. Quarter mile race, opened to be run in heats, first prize $100; second prize $50; third prize $25.

Friday, July 17—Half mile, local dash, first prize $75; second prize $50; third prize $25. Half mile open dash, first prize $100; second prize $50; third prize $25. The Chahko Mika derby and half mile consolation race, dash, first prize $60; second prize $35; third prize $25, and fourth prize $20.

HIGH COST OF LIVING ENQUIRY NEARLY AT END

(By Daily News Leased Wire.)

OTTAWA, June 25.—The commission investigating the high cost of living will sit in Hamilton next week and this is likely to be the end of the investigations. The commission has returned to Ottawa from the Pacific coast. It has visited many of the principal cities of Canada, east and west, and the report will be ready at the opening of parliament, although it probably will go to the government before that.

COURT ORDERS CHASE TO QUIT FEDERAL LEAGUE

(By Daily News Leased Wire.)

BUFFALO, N. Y., June 25.—Hal Chase was enjoined from playing ball in any Federal league city in the state today. The injunction was served on the former White Sox first baseman as he was returning to the bench at the end of the second inning of the game between Buffalo and Pittsburg. Chase at once retired from the field.

NELSON WINS SOCCER GAME

Defeats Bluebell and Ties With Miners for First Place—Play-Off at Harrop

By defeating the Bluebell boys yesterday afternoon one to nil, the Nelson soccer team tied the miners for first place in the West Kootenay Divisional Association Football league. It is expected that a sudden death game will be played at Harrop in the near future for the championship of the division.

Owing to the slippery nature of the ground first class play was impossible, but considering the condition of the field the play was fast. Both teams were very evenly matched, as the score will indicate. During the first half there was no score, and the play was very evenly divided, Nelson having a little the better of it at times, if anything.

Soon after the opening of the second half, Evans carried the ball down the field, made a splendid centre pass to Hampton, who gave the goalee no chance whatever and scored the only tally of the game. Bluebell pressed strongly after the kick-off, but with no avail.

For Nelson, Pitts in goal and Marsden and Brown at full back were good. McLaughlin was the pick of the halves and played a cool game. Livingston played a good game at outside right, while the forward line, generally, played a steady game.

The Bluebell defence was good, allowing very little to get by it, while the forwards, although playing a strong game, lacked finish. C. Anthony played a stellar game.

D. Smeaton refereed well, his decisions being seldom questioned. The line-up:

Nelson—Goal, Pitts; backs, E. Marsden and G. Brown; halves, A. E. Reid, A. McLaughlin and L. Bealby; forwards, W. Livingston, E. Fitton, M. Hampton, T. Evans, W. Hull.

Bluebell—Goal, P. Bennett; backs, W. McCulloch and A. McCulloch; halves, M. Marshall, C. Anthony and H. Buttle; forwards, W. Nankervis, Murray or Burt, J. Gorton, H. Stanton and C. Townsend.

CANADIAN LEAGUE

St. Thomas 7, Peterboro 0; Erie 3, Toronto 2; Hamilton 0, Ottawa 6; Brantford 1, London 6.

HUNGRY NINE TO PLAY CRESCENT VALLEY SUNDAY

(Special to The Daily News.)

CRESCENT VALLEY, B. C., June 25.—On Sunday the Hungry Nine from Nelson will again journey to Crescent Valley and with a greatly strengthened lineup expects to turn the tables on the local ball-tossers.

The Crescent Valley lineup will be chosen from the following players: Stice, Wells, Allen, Pleas, Holt, Nelson, Sharp, Grizzelle, Fredericks, Oliver and Wardrop.

She can end that Corn

End it in two days.

Blue-jay would stop the pain the moment she applied it. Then it would gently loosen the corn. In 48 hours, the whole corn would lift out, without any pain or soreness.

Blue-jay, each month, ends a million corns in that way. No hard corn can resist it. Since this invention it is utterly needless to suffer from a corn.

Yet thousands of people still pare corns, or use some old-time treatment. They simply coddle corns, and every little while they become unendurable.

Try this scientific way.

See how **Blue-jay** stops the pain. See how it undermines the corn. And see, in two days, how that corn forever disappears.

After that, so long as you live, you will never let corns bother you.

WINNIPEG CREW MAKES GOOD TIME AT HENLEY

(By Daily News Leased Wire.)

HENLEY, England, June 25.—The crew of the Union Boat club of Boston, which is entered for the grand challenge cup in the Henley regatta, July 1—4, rowed over the full course this evening, but it was obvious soon after the start that the Americans were not rowing all out. Their stroke was held at 30 to the minute, whereas their style warranted a much higher rate if trying for a record. They passed the halfway mark in 3:31.

It is interesting to note for the purpose of comparison that the Leander crew, rowing all out, took 3:23 to the halfway mark, the Winnipeg crew 3:20 and Jesus College, Oxford, 3:19. All these are grand challenge crews.

The Best Advertisement We Know of is a Satisfied Customer

And the latter is a "feather in our cap" of which we are justly proud. It is the printer's reward for work well done. The forethought, care and correctness in style which we put into the production of Printing for others might just as well be put into yours, and it would add another satisfied customer to our list and incidentally be another "feather in our cap." It has been our constant aim to live up to our reputation as "producers of high grade printing" and still keep within reasonable lines with regard to what it costs the customer.

Your printed matter is one of the principal promoters of your business, and therefore should be just as good as the article or articles you are placing before the public. You need the kind of printing we turn out. Give us a trial.

LEGAL AND OFFICIAL ADVERTISING

Effective on and after Jan. 1, 1913.

Legal Advertising (includes municipal and government notices) — 12c per line for the first insertion and eight cents per line for all subsequent insertions.

In certain cases, however, for the convenience of the public, flat rates have been set, as follows:

Applications for Liquor Licenses:—Once per week for four weeks, $5; daily for month, $20.

Applications for Transfer of Liquor Licenses:—Once per week for four weeks, $7.50; daily for month, $45.

Land Purchase Notices:—Once per week for 60 days, $7.

Land Lease Notices:—Once per week for 60 days, $7.

Certificate of Improvement Notices:—Once per week for 60 days, $12.50.

Delinquent Co-ownership Notices:—Once per week for 90 days, $25.

Duplicate Certificate of Title Notices:—Four insertions, $3; eight insertions, $14.

Water Application Notices:—Four insertions up to 100 words, $6; over 100 words, in proportion.

Where any of the above applications contain more than one application or notice, each application or notice will be charged for as a separate advertisement.

FRIDAY, JUNE 26

SPOKANE CASE OF INTEREST HERE.

The Spokane freight rate case, in which the city of Spokane entered proceedings before the interstate commerce commission for a ruling by the commission as to the powers of railway companies to charge, as they had been doing, for freight originating say at Chicago and consigned say to Spokane the through rate to the coast plus the local freight rate from the coast to the point to which it had been consigned has resulted in a victory for Spokane in a United States supreme court decision. The interstate commerce commission decision summed up was as follows:

The decision of the commission was a compromise. It refused to let the railroads charge a higher rate to the protesting cities than was charged to points beyond them on shipments originating west of a line that would run north and south through St. Paul, Minn., but on shipments originating between St. Paul and Chicago the railroads were permitted to charge an increase of not more than 7 per cent; on shipments originating between Chicago and Pittsburg, not more than 15 per cent, and from the zone between Pittsburg and the Atlantic coast not more than 25 per cent.

The railway companies thereupon appealed from this decision to the commerce court, since defunct, with this result:

The commerce court set aside the orders on the ground that the commission had no authority to issue "blanket" orders, or "zone" orders, but could act only in regard to the reasonableness or unreasonableness of specific rates.

On appeal to the supreme court of the United States, from this decision of the commerce court, that court delivered its judgment on June 22, the concluding part of which is as follows:

But be this as it may, in view of the findings of the commission as to the system of rates prevailing in the tariffs which were before it, of the inequalities and burdens engendered by such system, of the possible aggrandizement, unnaturally, beyond the limits produced by competition in favor of the competitive points and against other points by the tariff in question, facts which we accept and which, indeed, are unchallenged, we see no ground for saying that the order was not sustained by the facts upon which it was based or that it exceeded the powers which the statute conferred, or transcended the limits of the sound legal discretion which it lodged in the commission when acting upon the subject before it.

It results that the commerce court, in enjoining the order of the commission, was wrong, and its decree to that end must, therefore, be reversed.

Upon the successful conclusion of its long fight for reduced freight rates Spokane and its tributary district is to be congratulated.

CHAHKO MIKA.

Chahko Mika is now only a little over two weeks away. The general plan for the celebration was long since decided upon and within the past few weeks the details have been worked out in such a manner that a complete measure of success seems assured. The program is an ambitious one—by all odds the biggest and best that has ever been attempted anywhere in the interior of British Columbia.

The people of Nelson have contributed generously toward the financing of the celebration and the people of Kootenay and the Boundary generally have lent them much support in the way of sympathy and public interest. Old-time residents of Kootenay and the Boundary from near and far have also shown that they have still with them many pleasant recollections of pioneer days in this part of British Columbia and many of them will be here during Chahko Mika week to renew old acquaintanceships and to spend a holiday among those with whom they were formerly associated.

But while much has already been accomplished in the way of preparation and while success seems assured there still remains much to be accomplished. In fact, the critical time in connection with the work of those in charge will come within the next two weeks. It is now that the committee needs the undivided support of every *resident of Nelson*. Everyone can do something to assist. And everyone should and, The Daily News believes, will do that something with willingness and pleasure.

EDITORIAL NOTES

Help make Chahko Mika a success.

Every business place in Nelson should be decorated during Chahko Mika week.

Are you doing your share toward the success of Chahko Mika?

There was a noticeable increase in Canadian bank clearings during the past week, particularly in the west. One swallow does not make a summer, but the indications are at least hopeful.

There were two by-elections for the Saskatchewan legislature yesterday, both of which the government carried. Either the Scott political machine is in good working order or the people are satisfied with the government's policy.

WHAT THE PRESS IS SAYING

Enormous Bonuses Needed.

Great Britain might offer bonuses to men who will marry suffragettes and keep them quiet. About a million pounds in each case, we should say.—Ottawa Journal.

The Senatorial Club.

The senate is different from other clubs in this, that the easiest way to get in is to be blackballed, rejection by the electorate is almost a better recommendation for admission to the Canadian senate than is the possession of a large bank account and a generous disposition. It also differs from the usual club in this, that instead of paying annual dues the members receive $2,500 a year, plus their fill of free snuff. Well nigh 100 per cent of the people of Canada realize that the senate is a solemn old farce. It will potter idiotically along, a harmless nuisance except when it gets in the way of the representative half of parliament.—Toronto Telegram.

Saving by the Panama Route.

Canada's traffic between British Columbia and the maritime provinces last year was upward of 250,000 tons, and it went all the way around the Straits of Magellan. Thirty dollars a ton is the estimated cost of shipping freight in carloads across the continent. By way of the Panama canal the same freight will cost between $9 and $15. That would mean a saving of millions of dollars and the growth of traffic via the canal will undoubtedly be tremendous. Under *the American exemption clause* a Canadian vessel carrying British Columbia lumber to an Atlantic port in South America would have to pay tolls, while an American vessel carrying a similar cargo to the same destination would pass free by the simple expedient of trans-shipping at New Orleans. The repeal of this exemption clause, therefore, means much for Canada.—Ottawa Journal.

THIS DAY IN CANADIAN HISTORY

This date in the year 1793 is remarkable because upon it the first little assembly of Upper Canada—gathered at Newark or Niagara for its second session—passed a bill designed to prevent the terrible curse of slavery rooting itself in the land.

It is believed that the bill in question was drawn up by Chief Justice Osgoode at the suggestion of the lieutenant-governor himself, Col. Simcoe. At any rate, in his speech upon the prorogation of the assembly, which took place in July, the gallant soldier expressed his great satisfaction that he would no longer be obliged to sign permits for the importation of negroes as slaves.

The new law, however, did not at once put a stop to slavery. Many of the Loyalists and other persons had brought in "negro servants," and some of these—a very few—remained *in bondage until the Imperial act of* 1832 swept away the last vestiges of the system. But it was enacted that the children of slaves should be free on attaining the age of 25; and the importation of negroes was prohibited immediately.

THE WEATHER

Heavy rains fell yesterday in British Columbia and southern Alberta and showers occurred in southwestern Saskatchewan. Comparatively cool weather prevailed in the west.

COLD STORAGE

"When I married you," said Mrs. Nagers, "I thought to reform you."

"Yes," answered the husband, "and like a number of reformers, you seized the first opportunity to become a boss."

Speeder—Think of it! Here's this old earth making one rotation in 24 hours, the same as it did 6,000 years ago.

Jinks—Well, what of it?

Speeder—Great Scott, man! Can't we devise some way to speed her up a little?

Father, teaching his six-year-old son arithmetic by giving a problem to his wife, begs his son to listen:

Father—Mother, if you have a dollar and I gave you five more, what would you have?

Mother (replying absently)—Hysterics.

She—You vowed that it would be your aim to make my life naught but one of happiness. And to think that I believed you!

He—That's nothing! I believed it at the time myself.

Teacher—Did anyone help you with this map, Sam?

Sam—No, sir. My brother did it all by himself.

AT THE THEATRES

The critic on the Milwaukee Sentinel says of "The Shepherd of the Hills," the dramatization of Harold Bell Wright's famous novel, which has been made into a play by its author with the assistance of Elsbery W. Reynolds: "Those who love a quiet, restful story will rejoice in 'The Shepherd of the Hills.' It is like a beautiful October afternoon with the calm and beauty of summer, tempered by the cold breath of the yet distant winter." "The Shepherd of the Hills" will be the attraction at the opera house on Wednesday, July 1.

At the Starland tonight "The Diamond Master," a three-reel drama of many problems will be the attraction. It will it is expected, prove a very entertaining number. In this production Alec Francis is seen at his best, and no more finished photoplay has ever been put forth by the Universal company than this one. The story is founded on the plot of Jacques Futrelle, the noted author, who lost his life in the sinking of the Titanic "What a Baby Did," is a very amusing number and completes the bill

COMMUNICATION

STEAMER SERVICE

To the Editor of The Daily News:

Sir: Without attempting in any way to attach especial blame to Capt. Gore and his department, I would like to point out the absolute lack of intelligence in the present disposal of the Kootenay lake navigation system, and would like to state my views and, as far as I can ascertain them, those of the other residents with which I am conversant on the West Arm.

Briefly, the present state of affairs is first, this, that for at least an indefinite period the rancher, summer camper and others now living up the river, are entirely unable to visit Nelson, unless they are either possessors of launches or wish to spend a night at a Nelson hotel. There is no object in enlarging upon the inconvenience of this in loss of time, energy and expense. The other side of the question is equally obvious: the Nelson merchant by the cancelling of the market boats loses his Saturday and *Tuesday rancher trade, while the people* of Nelson generally, unless also launch owners, might as well live in Timbuctoo for all the benefit they can derive from the situation of Nelson upon what the Canadian Pacific railway rightly and proudly advertises as the most beautiful of inland waters.

Last year there was at least some evidence of forethought on the part of the officials, or whoever the powers be who dispose of these things, although the writer is far from admitting the service rendered was by any means adequate. During the strawberry season of last year, however, a steamer was placed at the disposal of ranchers, which every morning came down the lake to Nelson and left again every afternoon. The rancher was thus enabled not only to ship his strawberries, but at the same time given a daily means of transit to Nelson. The present proud procession of three boats daily steaming up the lake within half an hour of one another, and none returning until late in the afternoon, is evidence of stupidity almost too sad to contemplate.

Last year on the complaint of a visitor, who having heard of the beauties of the Kootenays, came from New York to spend his vacation on the West Arm, the department definitely stated by letter that a gasolene launch was in the process of building and would be running in September, 1913, *to relieve the situation.*

It has been pointed out that the facilities of last year were far superior to those of this year; and it is needless to point out that the launch in question has been used merely for the purpose of genially impressing a number of Winnipeg business men; it is also needless to mention that although the Canadian Pacific railway has made many promises concerning this launch, and from time to time has prided itself immensely upon its construction, it has confined its efforts to that of making it an adornment to its shipyards.

Most of the residents on the West Arm would doubtless use their utmost efforts to invite the Canadian Pacific railway's old competitor, the Great Northern railway, to return to this scene of operation were that of any avail. And further would, in case of such contingency, patronize it in preference to the Canadian Pacific railway. To the older residents, at least, the days of a daily service under this regime, as given by the steamers Kaslo and International, appear a bygone millenium.

We here have imbibed the sentiments of the "slogan of progress"; the Canadian Pacific railway alone seems to have been too narrow-minded to do anything but accept the credit for any progress which the years have brought in the development of the Kootenays. Its policy of late has assuredly been that of retrogression, as not only demonstrated in its treatment of this particular district, but also in *the reduction of transit facilities* to the Boundary.

What can be done by the people of Nelson, in their efforts to organize Chahko Mika, can be well nigh nullified by the apathetic attitude of this all-powerful company. On the other hand its means of helping in such matters is invaluable and essential. Without such a service as suggested, not only are the residents and property owners along the lake brought to a standstill but also any visitors whom we may welcome within our city are unable to have the opportunity of viewing the scenic beauties of our surroundings.

R. W. DAWSON.

PRETTY POLL.

As a young man I was fast,
And somewhat of a rake.
Such pace could never last
And I quit for Polly's sake.
When first we chanced to meet
My conquest was complete,
Her winsome smile, so free from guile,
Soon brought me to her feet.

She taught me how to live,
She kept our house so nice.
"Home, sweet home," alone can give
A dream of Paradise.
I went whistling on my way,
My work seemed only play;
'Twas joy to be, so filled with glee,
I wish 'twere so today.

For now a change has come;
My sky is overcast,
My world has lost its sun,
My Polly's charm has passed,
She's now a suffragette,
How I hate the howling set,
Their specious pleas, and sophistries
Have robbed me of my pet.

No longer does she rule
With a hand in velvet glove,
That tact that is but fuel
To any true man's love.
Like some automaton doll
She repeats the parrot call—
"Votes for women," "Votes for women,"
And I call her "Pretty Poll."

It's votes for women now,
The latest female craze;
It's smash and slash and row,
And every night a blaze.
They screech till they are hoarse,
Resisting nature's course.
Man's will shall bow, we've made the cow,
To take his throne by force.

The patient mother love,
The wifely tact and grace,
The faith that lifts above
Aught that's mean or base.
These are nature's dower,
Fragile like a flower.
Is it well to break the spell,
The charm that lends the power?

—F. W. NASH.

Renata, B. C.

ROSSLAND MAN DEVELOPS CLAIM IN SIMILKAMEEN

Charles Connell of Rossland, interested in Summit camp, arrived in town Thursday and left for the Tulameen country. He has some very promising silver-lead property which requires shipping facilities to become a wealth producer. Similkameen Star.

The shields, medals and cups won by the crews of the rowing club in the local regatta on Wednesday last will be presented at the flannel dance which will be given by the club tonight in the pavilion of the Nelson Boat & Launch company. The dance will commence at 8:30 o'clock and conclude about 12:30 o'clock.

ADVERTISING MEN SING ODE TO TRUTH

Edmonton Gets Woman's Trophy—Chicago Will Have Next Convention—Laud Toronto Club.

TORONTO, June 25.—The tenth annual convention of The Associated Advertising Clubs of the World, came to a close this afternoon at the exhibition grounds. It was the largest convention by several hundreds of any hitherto held by the association.

The Boston Truth trophy was won by the Minneapolis Ad forum, the Dallas women's trophy, for the club sending most women to the convention, was carried off by the Edmonton club which had 90 women in the party, and the Boston mileage trophy went to the New York club. Resolutions were passed allowing the formation of women's auxiliaries, condemning the advertising of a recent piano sale in the United States, and expressing appreciation of the work done by the Toronto Ad club in connection with the convention and the reception of the delegates in the city.

F. C. Higham of London, England, presented to the Toronto club a silver horn, a banner from the sales manager of the London association, a *banner from the Publicity club of* London, and a magnificent Union Jack from the British Ad club. He also presented to the association a cup and medal. The cup will be awarded for the most constructive paper containing the fewest number of words delivered at each annual convention and will be the property of the club to which the successful speaker belongs. The individual delivering the paper will receive the medal. The prizes are to be known as the Higham cup and the Higham medal.

The ratification of the choice of Chicago for the next convention was made unanimous, a delegate from San Francisco which put up such a vigorous fight for the honor, moving the resolution.

President Woodhead, Vice President Cherry and Secretary Florea were all re-elected.

The convention concluded with the singing by the entire gathering of the "Ode to Truth."

WENT TO LANCY ABOUT DIAMONDS

Wheeler Angry Because of Holdup—Good Friend of Gamblers, He Declares.

EDMONTON, Alta., June 25.—At the police investigation Mr. Biggar pressed Wheeler closely as to whether he had told Detective Seymour, as Seymour swore, that "Joe was out with the big mitt," and this he denied. He said that he was unable to say who was referred to as "Joe."

William Wheeler, late manager of the Dominion club and one of the principal figures in the police investigation proceedings, was on the stand today.

Wheeler said he got to know ex-Chief Lancy through going to him over being held up and his diamonds, worth $1,500, stolen. After that he used to discuss with Lancy three or four times a week either at the police station or at the Dominion club conditions in the city. He denied that he *had any other interest than that of* an ordinary citizen in the matter.

Following the hold-up and theft of his diamonds, Wheeler said he accused Detective Coleman of knowing the thief and refusing to arrest him. Witness believed the man who handled the diamonds after they were stolen was Harry Smith, Carman Daley's man. He said he had no interest in the gambling joint adjoining the club other than being a friend of Fred Cairns, the proprietor. He also said that he was sore at being held up, because he had always been a good friend to gamblers and men who followed race meets—men generally known as "rounders"—and thought he should have been exempt. He did not think the police treated him squarely in the matter.

Detective Fryant, in reply to Ald. Clarke, said that he did not think it possible that Blanche Harpool knew that Joe Clarke had got the money she said she paid to Allen of the St. Regis hotel. She said she did not know Ald. Clarke.

A bench warrant was issued for Robert Williams, who is alleged to have offered $140 to William Higgins and P. T. Rutherford if they would withdraw a prosecution against John Martin or "Jew John," for having stolen $40 from Rutherford.

Just a Whiff of Our Coffee

Will tell you it is certainly of fine aroma, and a cup of it in the morning will prove that it tastes even better than it smells. Rich golden brown in color, with plenty of body, but no bitter taste. It is a coffee fit for a king, but sells at a price within the reach of the King's subjects.

EXPERT GIVES STORSTAD VIEW

(Continued from page one.)

per section was prevented from going in the same direction by the anchor acting as a pad or buffer. The effect of the forward motion of the Empress would then assert itself and the Storstad's bows would be turned to port and as it were, folded over the crumpled plates of the liner, hooking the collier until it had swung around sufficiently to be unlocked. The effect of this swinging movement was, he thought, decided by the mould in part of the port bow and the horizontal marks in it.

Mr. Aspinall suggested that, proceeding on the assumption that the Empress was moving across the Storstad's bows from port to starboard and that the collier's helm had been put hard aport and her engines reversed, the tendency would be to bend the Storstad's bows to starboard, unless, as explained by Mr. Hillhouse, the smashing in of the bows was caused at the first impact by the weight and movement of the Storstad hitting the Empress nearly at right angles. To this the witness could not agree and held that the helm action and the effect of the reversed engines had not begun to affect the stem of the collier. He contended that the fact that the port anchor of the collier was forced inboard and not backward, supported his theory that the starboard anchor shoved over the stem bodily to port. He did not think that the stem bar of the collier was ever in hard contact with the decks of the Empress but thought that the projecting flukes of the anchor cleared the way for its entrance, because of the angle at which the blow was struck.

Mr. Aspinall pointed out that Engineer Donovan had said that water commenced to enter the stokehold through No. 2 coal bunker 20 seconds after the collision and Mr. Reid admitted if this was so it was inconsistent with his theory that only one compartment had been really entered by the Storstad.

Rudder Larger Than Usual.

Percy Hillhouse of the Fairfield Shipbuilding company's yards, was then recalled and examined by Mr. Aspinall as to the efficiency of the Empress' rudder. He said that in proportion to the size of the vessel the area of the rudder compared favorably with other modern large ships. The Campania had a rudder area of 1.265 per cent of her total submerged area, as compared with 1.53 per cent on the Empress. The rudder on the Aquitania had an area of 1.45 per cent to her total immersed area.

Lord Mersey—Haven't you found any rudders above 2 per cent?

Mr. Hillhouse—Yes, on battleships, but that is so that greater mobility can be secured.

The witness then quoted from a book on steering written by Sir William Whyte, the British battleship architect, in which it was contended that 2 per cent of rudder area was generally used for warships, while in merchant vessels the area was smaller, the values going as low as 1 per cent.

Mr. Gibson argued that there were not enough ablebodied seamen on passenger ships and pointed out that there were only 19 on the Empress. There were 42 boats on the liner and he was advised that there should be at least two ablebodied seamen to each.

Lord Mersey—And would you decrease the number of other seamen carried?

Mr. Gibson answered in the affirmative. Continuing, he pointed out that only three of the Empress' boats and one collapsible got away despite the fact that all the men whose duty it was to look after the port boats could have concentrated on the starboard davits. The boat drill was not effective and was more in the nature of a full dress parade. All the boats should be lowered by the men detailed in an emergency to man them and these crews should be in their working uniforms. As it was now, only two were lowered.

FRENCH DEPUTIES EXCHANGE INSULTS

Republican Is Excluded from Chamber for Knocking Over Voting Urns —May Prosecute Him

ROME, June 26.—The chamber of deputies, with the object of defeating obstruction of the financial program yesterday, sat from 10 o'clock in the morning until 10 o'clock at night with only a short interruption at noon. The session was exceedingly stormy. Frequent insults and even blows were exchanged. The Republican deputy, Eugenio Chesa, knocking over the voting urns, for which proceeding he was censured and excluded from the chamber until Monday on motion of the president.

The question of his prosecution before the courts is being considered. As a protest against Socialist obstruction the newspapers decided to publish only the briefest reports of the session, merely mentioning the names of the speakers.

PAY TRIBUTE TO RETIRING TEACHER

Presentation of Gifts, Musical Program and of Honor Rolls at Hume School.

Presentations by the pupils and teachers to Miss McLennan who, after seven years of service at the Hume school, has resigned to accept a position in the Cranbrook public school, featured the closing exercises at the Hume school yesterday. Honor rolls for the past term were presented, a musical program by the pupils, under their musical director, F. Warner Smith, and an address by W. H. Houston were also enjoyed during the exercises.

The entertainment was opened by a recitation by the following pupils of Miss McLennan's class: Elmira Houston, Nettie Thompson, Violet Gillett, Harold Gordon, Walter Pike, Arthur Lane, Bertie Creighton, Tommy Cole, Ola True, Bernice Rendall, Jane Langill, Doris Newell, Dorothy Teviotdale and Annie Lundie. Mr. Smith conducted a very satisfactory examination of the pupils of the school in C scale, which was followed by several songs by the pupils and dialogue by Agnes Lundie and Miss Shuttleworth.

For the pupils of the school, Ambrose Shuttleworth made the presentation of an umbrella to Miss McLennan, which was followed by the presentation of a hang-bag by Tony St. Denis on behalf of the teaching staff. Mr. Houston paid a tribute to Miss McLennan for her long service and excellent work among the pupils of Hume school. He felt sure that she would be sorely missed not only by the pupils of the school but by the parents of the district who had reposed so much confidence in her during her years on the staff. In conclusion he hoped that she would soon return to Nelson and thought that through their generosity the people of the Hume school district might probably spare her services to Cranbrook for a time.

The concluding portion of the program was provided by the senior pupils, Elaine Playle reciting "The Chameleon" and Ray Houston "The Legend of Bregenz." The senior classes sang "The Land of Nod," "Siloam" and "Excelsior." Mr. Smith explained the value of part singing for choruses to the children and the afternoon was brought to a conclusion by the singing by the school of "Men of Harlech."

Rolls of honor were presented as follows:

Division one—Regularity and punctuality, Walter Gilchrist, Marjory Shuttleworth, George Lambert, Hazel Nelson, Horace Ward and James Ringrose; deportment, Lucy Dedolph; proficiency, Hughella McFadyen.

Division two—Regularity and punctuality, Sadie Shuttleworth; proficiency, Elaine Playle; deportment, Grace Rendall.

Division three—Regularity and punctuality, Thelma Heddle; deportment, Annette Hogberg; proficiency, Laura Shuttleworth.

Division four—Regularity and punctuality, Arthur Lane, May Page, Gilbert Page; deportment, Ola True; proficiency, Walter Pike.

TWILIGHT LEAGUERS WILL NOT LET UMPIRE OFFICIATE

(By Daily News Leased Wire.)

REGINA, Sask., June 25.—Farcical umpiring in the Western Canada league was brought to a crisis here tonight whe nthe managers of the Medicine Hat and Regina teams wired President Fleming that they would refuse to let Umpire Wheeler officiate in the game scheduled between the two teams here. Both managers have signed an agreement to this effect and they will decline to accept any contrary ruling from the league president.

News of the Markets

MARKET ACTIVE ON DOWN GRADE

Claflin Receivership Puts Some Stocks on Toboggan—Standards Slump Near Close.

(By Daily News Leased Wire.)

NEW YORK, June 25.—Considering the extremely unfavorable conditions under which the session began—the Claflin receivership—today's market gave a fairly good account of itself. The troubles of this concern, one of the largest and oldest in the country, became known soon after the close of business Wednesday and it is no exaggeration to say that the financial community viewed the prospect with considerable concern.

Trading throughout today's session was on an uncommonly large scale, the overturn approximating $500,000. Activity was altogether at the expense of values, however, many prominent issues declining 1 to 2 points, while some of the obscure stocks fell from 3 to 5 points.

United Drygoods preferred, which is affiliated with the Claflin interests, declined to 65, a loss of 17 points on the day, and a total decline of 31½ in two days. The shares of other mercantile companies were sentimentally affected but not to any marked extent.

Opening prices were generally lower but standard stocks held remarkably firm until the final hour, when another active selling movement effected the partial recovery made at noon and sent the entire list to a new level.

Bonds were heavy with a 2-point loss in minor issues. Total sales, par value, $2,430,000.

The following New York stock market quotations are supplied by Osler, Hammond & Nanton, Winnipeg.

TRADING BETTER ON EASIER MONEY

Term of Buying for Investment Is Looked for in London—Consols Up.

(Western Associated Press Special Cable.)

LONDON, June 25.—While business was not active today, trading showed increasing confidence. The outlook for easy money had a great deal to do with the better tone and the increase in the reserve of the Bank of England, combined with the larger amount of money available served to increase belief that the financial position of the country is strong enough to warrant a term of investment buying.

The effect of the money market position was seen most in the market for gilt-edged securities. Consols were a feature of strength all through the day. An advance of 5-16 occurred in the early trading and this was maintained well until the close. Exactly that fraction was the extent of the advance on the day, consols closing at 74⅞ both for money and the account. The lead in the premier security was followed by the other domestic issues.

New York weakness to a great extent was responsible for the depression in American railroad stocks. There was no general decline in prices but the tone was heavy and though at the close the movements were irregular, there were more losses than gains. Canadian Pacific railway fell on New York selling to 197¼.

Grand Trunk Pacific was distinctly flabby. The efforts of the company to raise funds temporarily by short term bonds was in no sense an aid to the market. It was announced today that the company had placed $10,000,000 in yearly bills, bearing interest of 4¾ per cent and secured upon 4 per cent debentures. This is understood to be only a measure forced by the necessities of the road against circumstances favorable to an issue of long term debentures.

In the industrial section Canada Car & Foundry stock was again bought and finished strongly. Canadian General Electric was heavy without much support. Western Canada Mortgage bonds recovered 15 points of its heavy and spectacular decline of the previous day.

San Antonio land shares bonds declined rather sharply. A circular containing notification of the postponement of interest and calling a meeting of the bondholders in Toronto is bringing forth much criticism.

TORONTO STOCK SALES.

(By Daily News Leased Wire.)

TORONTO, June 25.—Twines 90 at 103¼ to 102½; Mackay, 60 at 80 to 79¾; Toronto Rails, 52 at 127; Gas, 125 at 177 to 176. Steel of Canada, 50 at 13; Brazilian, 540 at 77¼ to 77; Spanish River preferred, 50 at 31¾ to 31½; General Electric, 149 at 98⅝ to 98; Steel Corporation, 25 at 22⅛; Barcelona, 230 at 13 to 14⅞; Winnipeg 14 at 192 to 191; Lake Superior, 100 at 66¾; La Rose, 40 at 141 to 143; Crown Reserve, 1,000 at 102; Peterson, 1,500 at 13¾; Canadian Pacific, 5 at 192¼; Bread, 10 at 30; Imperial, 18 at 213½.

CANADIAN PACIFIC IS OFFERED DOWN

(By Daily News Leased Wire.)

MONTREAL, June 25.—Some selling of Textile and Canada Steamship preferred in the late trading furnished the only feature of a dull and heavy market for stocks here today. Textile, after opening unchanged at 67½, declined ⅛ during the morning and in the afternoon, to the accompaniment of a considerable increase in activity, was ordered down a full point to 66. The close was at only a slight rally, the final bid being 66⅛. Steamship preferred, quiet and unchanged at 67 in the morning, followed Textile down to 66 in the afternoon on selling of about 400 shares. The close was at the low.

The effect of the continued weakness of the New York list was depressing and resulted in a heavy tone without, however, inducing much liquidation. Business for the day amounted to less than 3,000 shares unlisted stock.

Canadian Pacific railway was fairly active in the morning at 192½ but was inactive in the afternoon and at the close the stock was offered at 191, with 190¾ bid. Power was slightly affected by Canadian Pacific railway weakness, selling off to 225, but rallied to 225¼ in the final transaction.

WANT AD HOROSCOPE

June 26

This nature is kind, sympathetic and helpful in sickness and trouble. When properly developed this nature commands by its love and fine character.

It is constant and true to the family relations, adores children and will defend family and friends even to the point of death. The men of this birthdate are far more constant than the women.

The governing planet is Luna and gives a restless nervous nature.

The sign of this birthdate is Cancer, or the crab, as it is pictured on the Zodiac. An emerald should be worn for luck.

The Want Ads offer unexcelled opportunities for the placing of farm help, drivers and carters.

BIG DRY GOODS FIRM IN RECEIVERS HANDS

Over Extended Credit Is Said to Be Cause of Collapse of Gigantic Institution.

(By Daily News Leased Wire.)

NEW YORK, June 25.—The vast Claflin drygoods enterprise collapsed today with the appointment of receivers in New York for the wholesale house of the H. B. Claflin company and the announcement that nearly 30 retail stores throughout the country would be closed. The liabilities of the firm are estimated at $35,000,000; the assets at more than $40,000,000. Over extended credits caused the failure, the largest of its kind in the history of the country.

Though affiliated with the bankrupt firm through stock control, the United Drygoods company and Associated Merchants company, together with their stores in New York and elsewhere, were not involved in the failure. It was stated that their financial position was strong.

For the retail stores in the Claflin string, auxiliary receivers will be named and they will remain closed pending an adjustment of the parent company's tangled affairs.

Has Store at Hamilton.

(By Daily News Leased Wire.)

HAMILTON, Ont., June 25.—The startling announcement from New York that the big drygoods firm of H. B. Claflin & Co. has gone under has caused consternation here.

The Righthouse, the biggest departmental store here, is one of the New York concern's principal associated establishments. During the last two years several hundred thousand dollars has been spent here in making additions to the store.

Between 2,500 and 3,500 banks in different parts of the country hold the bulk of the Claflin credit. They hold notes composing the major part of the liabilities. These notes are said to have been issued by the various Claflin stores, endorsed by H. E. Claflin & Co., and the proceeds used, when discounted, in financing their needs.

According to Mr. Claflin the failure was due to the unprecedented shifting of trade centres in New York city, which compelled the concern to rely mainly upon its retail stores in other cities for its profits.

It is the biggest mercantile failure in the history of the United States.

The crash came today after vain efforts had been made by Mr. Claflin to induce J. P. Morgan & Co. and other Wall street banking interests to loan money to tide over his embarrassment. These bankers, it was learned, advanced the company several million dollars about two weeks ago, but the hundreds of note-holding banks throughout the country continued to press their claims until it became evident that practically the whole $30,700,000 would have to be raised to save the company from failure.

The bankers believed that a receivership and a reorganization of the H. B. Claflin company, which would include its separation from the United Dry Goods company and the Associated Merchants' company, was the wisest course to pursue. At this meeting Mr. Claflin is said to have announced his intention to resign from the two latter concerns.

METALS

METAL PRICES.

(By Daily News Leased Wire.)

NEW YORK, June 25.—Copper dull, spot and August 13.50 asked; electrolytic, 13.62 at 13.75; lake copper nominal; casting 13.50; London easy, spot £60; futures £60 12s 2d.

Lead quiet, 3.85 at 3.95.

Spelter steady, 5 at 5.10; London £21 5s.

LONDON, June 25.—Silver 25 15-16. Lead £18 7s 6d.

NEW YORK, June 25.—Silver 56⅝.

GRAIN

CLIMATIC CONDITIONS IN CANADA A FACTOR IN PRICES.

(By Daily News Leased Wire.)

WINNIPEG, June 25.—Winnipeg wheat opened ⅜ to ½c lower and though there was a little weakness at the start there was some revival at noon both in Winnipeg and on American markets. Oats and flax were steady. The market was not particularly active and there was no evidence of the selling pressure that has been characteristic of the past week.

The western Canada weather map shows cool and cloudy conditions prevailing with probable showers. Some rain in southeastern Alberta may not be too late to help materially the crops. There is a good cash demand for No. 1 and No. 3 northern wheat, with offerings light. Demand for oats and barley is light and for flax indifferent.

Corn had declined one cent by noon and American oats went down in sympathy. Liverpool market declined ⅜ to ¾c but there was some revival of prices on the continent.

The weather map in western Canada is now watched with much interest and climatic happenings here will have immediate effects on this side of the Atlantic.

Cables closed: Liverpool ⅜ to ¾c lower; Paris unchanged to ⅛c lower; Berlin ¼c up; Budapest ¼c up and Antwerp ⅝c up.

Winnipeg close: Wheat—July 89⅝; Oct. 81⅝; Dec. 80½.

Oats—July 39⅝; Oct. 36⅛.

Flax—Oct. $1.43⅝; Dec. $1.41.

Minneapolis—July 84⅜; Sept. 80; Dec. 81¾.

Chicago—July 79¼; Sept. 79; Dec. 82⅛.

RUSSIANS INDIFFERENT TO APPROACHING HANGING

MACLEOD, Alta., June 25.—The three Calgary Russians, Sokoloff, Smith and Manelik, convicted of the murder of John Wilson at Exshaw, are at present behaving in a quiet manner. Manelik shows signs of feeling his position acutely but the others are apparently indifferent to their fate and treat the matter in an offhand way.

BETTING HEAVY AGAINST LIBERALS IN ONTARIO

(By Daily News Leased Wire.)

TORONTO, June 25.—As an offset to the big Conservative rally held in Massey hall last Tuesday night and which was addressed by Sir James Whitney and Sir Adam Beck, the temperance workers of this city held a big meeting in the same building tonight at which leading clergymen and two or three of the abolish-the-bar candidates spoke.

N. W. Rowell, the Liberal leader, invaded Hon. W. J. Hanna's stronghold, Sarnia, today, and was given a good reception. Considering the deep interest manifested in the present election contest there has been little betting here on the results. At the Albany club, a local Conservative rendezvous, members are asking odds that the Liberals will have 35 seats in the next legislature.

T. A. Robley will leave on the Crow boat this morning for Calgary where it is his intention to make a thorough investigation of several oil properties in the vicinity of that city.

SALE BY ORDER OF THE SUPREME COURT OF BRITISH COLUMBIA.

IN THE ESTATE OF ANDREW STRACHAN SCOTT, Deceased, Intestate.

Pursuant to an Order of the Supreme Court of British Columbia, made in the matter of the Estate of Andrew Strachan Scott, deceased, intestate, there is hereby offered for sale, under conditions of sale approved of by Thomas Martin Bowman, District Registrar of the Supreme Court at Nelson, British Columbia,

ALL AND SINGULAR Lot Five (5), in Block Nineteen (19), Hume Addition in the said city of Nelson, being subdivision Lot Ninety-six (96), Group One (1), Kootenay District, according to a map or plan deposited in the Land Registry office at Nelson aforesaid and there numbered 284B.

The property is offered for sale by tender to the highest tenderers.

Conditions of Sale and Further Particulars may be had from E. A. Crease, Solicitor, Griffin Block, Nelson, British Columbia.

Dated this 24th day of June, A. D. 1914.

District Registrar.
T. M. BOWMAN,

NOTICE

The strike at the Queen mine, Sheep Creek, B. C., is still on. All working men are warned to stay away until the strike is settled.

By order of the Ymir Miners' union.
W. B. M'ISAAC.

Ymir, B. C., June 27th, 1913. 25-tf

NOTICE

Notice is hereby given that I will not be responsible for any debts contracted without my written order.

56-6 T. H. GORDON.

NOTICE TO CONTRACTORS.

ROBSON SCHOOL.

SEALED TENDERS, superscribed "Tender for Robson School," will be received by the Honorable the Minister of Public Works up to noon of Tuesday, the 30th day of June, 1914, for the erection and completion of a large one-room school house at Robson in the Ymir Electoral district.

Plans, specifications, contract, and forms of tender may be seen on and after the 8th day of June, 1914, at the office of Mr. W. T. Wickham, Secretary to the School Board, Robson; Mr. J. Cartmel, Government Agent, Nelson; and the Department of Public Works, Victoria.

By application of the undersigned contractors can obtain one copy of the drawings and specifications for the sum of ten dollars ($10), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted bank check or certificate of deposit on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works, for a sum equal to 10 per cent of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The checks or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Deputy Minister and Public Works Engineer.
Public Works Department,
Victoria, B. C., 5th June, 1914.

T. M. RIXEN,
Assignee.

Dated 24th June, 1914.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district of which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands. W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

FRUIT LANDS

APPLEDALE ORCHARDS

are the kind you want to buy. The very best lands; Title perfect—absolutely clear, a large growing settlement with two schools, town hall, store, postoffice, Fruitgrowers' association, Ladies' Social club, best all year round railroad facilities, railway right through the lands. Fine broad, smooth river, excellent boating and fishing with good hunting not far away. One of the widest valleys of the district with the lowest surrounding mountains. Largest amount of sunshine and best air circulation of any valley in the district. A sub-division of over three thousand acres, lying in a valley where there is a contiguous area of probably ten thousand acres of land. It will undoubtedly make one of the largest fruit districts of the Kootenay. Make no mistake—when you buy you want to buy in a large growing settlement which has many advantages superior to lonely, isolated spots. Our prices and terms for first class land are unequalled by anyone. Investigate this statement. WEST KOOTENAY FRUIT LANDS COMPANY, J. L. Hirsch, President. Green Block, 516 Ward street, Nelson, B. SCHOLARS PROVIDE SPLENDID CONCERT

Pupils of St. Joseph's School Give Excellent Entertainment—Interesting Program is Applauded.

The annual entertainment of the pupils of St. Joseph's school given last evening in the opera house proved very entertaining to an audience which showed its appreciation by frequent applause and the results were gratifying to those who spent their time in training the scholars. The younger children especially did very well and brought forth many a laugh and much applause from the well filled house.

The program comprised instrumental duets, choruses, recitations, solos, action songs, dialogues and tableaux and was splendidly rendered. One of the striking features of the evening was the tableau, "Rock of Ages," beautifully portrayed by members of the intermediate grade. The "Indian Princesses' Recreative" by members of the senior grade, tableau and choruses, was enjoyed and the stage effects were particularly good. At the close of the last chorus the Indian maids spelled out the words "Chahko Mika."

The chorus, "Slumber Time," by a number of small girls, and the dialogue, "The Dolly Show," by the junior girls, were very pretty and brought forth much applause.

Other action songs, "Dainty Domestics," by a bevy of girls, a rollicking sailor song by a dozen boys and a drill and tableau in Bo-Peep costume by intermediate girls all proved delightful and showed careful training. Little Margaret Scanlan sang "A Birthday Invitation" which, with "A Little Girl's Complaint" by Adeline Choquette, was very pretty. The musical talent of the school was well displayed in the choruses and in pianoforte duets by the Misses E. and V. Philbert and Misses E. Grizzelle and L. Swedberg.

The accompanists for the evening were the Misses Grizzelle, Phillips, Hillyard, Swedberg and Smith and A. Lapointe.

Those who took part in the program were:

"Welcome," 50 girls.

Pianoforte duet (selected), Misses V. and E. Philbert.

"Johnny's Lesson," Frank Campoliti, Dave Macstocker, Charlie Openshaw, Dominick Fione, John Maglio, Vincent Macneill, Charles DeFerro, Jack Madden, Earl Presfley, Victor Macdonald, Vincent Hughes, Frank Stringer.

SAYS MANY INVEST THEIR SAVINGS IN OIL STOCKS

(By Daily News Leased Wire.)

CALGARY, Alta., June 25.—Louis D. Taylor, editor of the Vancouver World, who arrived in the city today, stated that well over $250,000 had been invested by the citizens of Vancouver in the Calgary oil field. He declared that the strike had done wonders for the commercial and business life of the coast city, inasmuch as it had served to loosen up a large amount of money that had previously remained in the banks. The only people in Vancouver who were knocking the oil field were the banks which, as a result of a large withdrawal of money, had been forced to reduce their call loans on Wall street and in other financial centres. Mr. Taylor, who a week ago visited a number of the wells, is most optimistic regarding the future of the oil fields.

VICTORIA COMPANY ACQUIRES CLAIMS

Takes Over Snow Bank Fractional and Fraser Claims on Forty-Nine Creek—Other Transfers

The Snow Bank Fractional and Fraser mining claims on the east slope of 49-Creek have been purchased by the Pingree Mines, Limited, of Victoria. The Snow Bank was purchased from Angus G. Shaw and the Fraser from James Leonard Stamford.

The Star Fractional on Eagle creek has been purchased by John P. Swedberg of Nelson from Nels Lowenring and Hugh W. Robertson has acquired a half interest in the Turbine on Rover creek from C. O. Woodrow. The Iron Cap, on Porcupine creek, has been transferred from James R. Murray to Oscar Anderson of Ymir.

F. F. Siemens of Deer Park has purchased a three-eights interest in the Silvernight mineral claim near Deer Park from Jacob A. Loeppky of Herbert, Sask., and Maria Siemens of Rosthern, Sask.

McGregor Young of Toronto has taken an option on a half interest in the Heather No. 2, Inca No. 2, Majestic No. 2, Sunneyside and Valley mineral claims on Sheep creek from E. C. Wragge of Nelson, G. A. M. Young, William Arrowsmith and Joy C. Arrowsmith of Creston.

MOTHER LODE HAS FIRST AID CORPS

Miners Organize Branch of St. John Ambulance Association at Greenwood.

(Special to the Daily News)

GREENWOOD, B. C., June 25.—On Wednesday a local centre of the St. John Ambulance association was formed at the British Columbia Copper company's Mother Lode mine, at a meeting held in the hall at the mine.

E. Jacobs of Victoria, honorary traveling secretary to the British Columbia council of the association, addressed those present, who numbered between 60 and 70. Officers were elected as follows:

Chairman—P. E. Crane.
Vice-chairman—Alex Davidson.
Secretary-treasurer—Sam White.

An executive committee of five will be selected from those who become members of the association.

Dr. J. D. McLean, who presided, gave a short lecture on the anatomy of the human body and the functions of organs, and added brief instructions as to first aid to the injured. Dudley Michel, provincial first aid instructor, demonstrated the use of the pulmotor, a machine used to restore respiration. Much interest was shown and it is expected a large class will be formed to receive instruction in first aid from Dr. McLean.

PLATINUM IN WESTPHALIA

A report of the general meeting of the Deutscher Platinwerke, held recently in Dusseldorf, given in the London Mining Journal, says that a platinum ingot of about 500 grams, obtained from the ore occurrences near Wenden in Westphalia, was submitted to the inspection of the board of directors and the shareholders. The inventor of the process, Dr. W. Hommel, of the Clausthal Mining academy, made an interesting report on the ore deposits, in which he laid stress on the statement that the precious metal occurs as a complex and refractory combination, in which it is bound up with lead, zinc and antimony and nickel. He also expounded his theory regarding the genesis of the deposits, and described the numerous difficulties he had to overcome before he at last succeeded in elaborating on the basis of the late Mr. Schreiber's labatory experiments, his present technically and commercially practicable process. A sensation was caused when Dr. Hommel exhibted a lump of pure platinum, which was, he stated, obtained by smelting one ton of concentrates obtained from 25 tons of crude ore. In addition to the platinum the concentrates gave about 10 to 12 per cent nickel. The cost of production, including mining, would be about 20 marks ($4.76) per ton, and ores containing no more than five grams platinum would be payable.

DOMESTIC COPPER DEMAND WEAK SPOT

Reason for Surplus Stocks—World's Stocks Have Dropped Greatly in Four Years

(Special to The Daily News)

BUTTE, Mont., June 25.—Further price concessions have been the order in the copper metal market the past week in order to invite buying and the price of the metal has fallen to as low as 13.65 bid for electrolytic. There also has been a slump in the foreign demand, but the rate at which foreigners have been taking the metal from the United States has been so great that a decrease in the demand for the current period will not necessarily affect the quarter's figures for copper shipped abroad.

The lame spot in the copper market has been the weak domestic demand which, coupled with the added production, the figures of which are making records, have served to bring about a condition of surplus stocks which the country in its present depressed condition has not been able to relieve. The surplus stocks, however, are not so large but what with business becoming normal they will be rapidly depleted, with a consequent enhancement in the price of the metal.

Industrial world is looking forward to the railroads being granted an increase in freight rates by the interstate commerce commission, which increase will enable the railroads to replenish their equipment stocks, which will mean the placing of orders for cars and steel works with a consequent increase in the consumption of copper as the red metal and steel popularly are spoken of as going hand in hand.

In four years' time the world's stocks of copper have dropped from 359,000,000 lbs. to 110,000,000 lbs. The decrease has, indeed, been even greater than these figures would indicate, as reports for the last few years include stocks at Hamburg, Rotterdam, and Bremen that were not at first included. The world is now consuming 7,500,000 lbs. daily, figuring 300 working days to the year. The present stock of 110,000,000 lbs., therefore, represents less than 15 days' supply, assuming that this entire amount is commercially available, which it is not. As a matter of fact only a fraction of this 110,000,000 lbs. is available for immediate use. In the first place every refinery must carry a certain stock in trade with which to do business. It is no more possible for a refinery to entirely rid itself of copper on hand than it is for a dry goods merchant to sell all the stock on his shelves. Consequently, although this stock is reported in the monthly figures of the Copper Producers' association, it is not strictly "surplus" in the ordinary sense of the term.

Then again little of the copper metal is refined in Europe. Most of the European stock consists of metal against which warehouse receipts have been issued and much of this metal is in an unrefined state and is not available for commercial delivery.

Within four years Europeans have called on American producers of copper for 894,000,000 lbs., an increase from 556,000,000 lbs., showing that the largest proportion of foreign requirements are supplied by American refineries, Europe has been drawing for its supply on surplus stocks at an average rate of 50,000,000 lbs. a year for the past four years and an expert authority on the position of the copper metal estimated that of the 45,000,000 lbs. to which the European stocks have fallen, but 25,000,000 lbs. is actually commercially available, furnishing but an eight-days' supply.

There are but two sources from which copper metal requirements can be met—current production and surplus stocks. If the latter have been reduced to a minimum, the demand must be met entirely from current production. According to the highest authorities on the statistical position of the metal, Europe has very nearly reached this point and it is precisely in this feature that the explanation lies for the recent large copper exports from the United States. Exports for the first quarter of the year totalled 261,000,000 lbs. This rate will not be maintained, but unless European requirements fall far below those of last year it is believed that the exports will average this year at least 75,000,000 lbs. monthly.

TO DISCUSS PAVING WITH CITY COUNCIL

Bitulithic Company Would Accept City Bonds in Payment for Work—Other Interior Cities Paving.

Visiting the city for the purpose of obtaining data prior to the presentation of a proposition to the city council whereby his company will undertake to lay bitulithic pavement on the main streets of the city, accepting in payment for the work city bonds, F. M. Shallue of Victoria and Vancouver, representative of the Warren Bitulithic Paving company of Portland, Ore., is at the Strathcona.

On a similar proposition of receiving city bonds in payment for the work, the Warren company has contracted to lay about 25,000 yds. of pavement in Revelstoke this summer. This work, expects Mr. Shallue, will be started about July 15 and completed about Sept. 15. At Saanich, on Vancouver island, where 23 miles of pavement is to be laid, a similar deal has been made with the municipality, a similar offer has been made at Vernon, where paving work is to be done very shortly and negotiations are being carried along similar lines at Kamloops and Kelowna, both of which cities contemplate the laying of permanent paving on their main streets.

At the meeting of the city council on Monday evening Mr. Shallue will present a definite proposition to the city council, members of which he interviewed yesterday regarding the project. Today in company with the city engineer he will make a tour of the city to look over points were suitable rock and material may be obtained if the work should be undertaken, and this evening he will leave for Revelstoke, returning to the city on Sunday evening.

For laying the pavement a portable plants is brought to the city and kept here permanently. Only experts, such as a chemist and foreman, are brought to the city for the laying process, and all labor necessary is obtained in the city, according to Mr. Shallue. Any material necessary outside of patented mixtures and costly machinery is purchased in the city and in this way he claims much of the money involved is kept in the city. That the work might be carried out and assessment not be made until next year was also pointed out.

He paid tribute to Nelson for its tungsten lighting system and for the progressiveness of the people in owning and operating their own public utilities. It impressed visitors and particularly men of means of the stability of the city, he said, and he concluded by paying a tribute to the government of the province in its campaign for good roads. For the length of time since construction work was commenced in the province, British Columbia made a better showing than all the other provinces of the Dominion, he declared.

MUCH WORK AT MANUAL TRAINING

Nine hundred and twenty-four models, with accompanying drawings of plans and elevations, were made during the past term by the 200 pupils of the public school who are in attendance at the manual training classes at that institution, according to Mark Lockwood, who since the Christmas vacation has been in charge of the work.

The models include paper knives, towel rollers, picture frames, electric light stands, tooth brush holders and much excellent work accomplished by the pupils at the classes were on display last night at the closing exercises in this branch of the school's work. Several hundred of the parents of the children attended and many admiring remarks were heard about the excellent showing that had been made during the term.

Twenty-four of the boys were busy at the benches demonstrating to the visitors the work which they have been doing during the term.

SALVATION ARMY EXPRESSES THANKS FOR CONDOLENCES

The territorial headquarters staff, on behalf of the Salvation Army in Canada, desires to express, through the press, its deep and sincere appreciation for the numerous messages of sympathy and condolence received from comrades, friends, churches, societies and others. Since the event of the sinking of the Empress of Ireland such messages have been conveyed by cable, telegram and letter from all parts of the world, and especially the Dominion of Canada.

DUTIES OF QUEEN OF CHAHKO MIKA

Manager of Carnival Gives Outline—Balloting Concludes Tomorrow Evening at Six O'Clock

Duties of the queen of the Chahko Mika carnival have been drafted by George Paterson, manager of the affair. Balloting for the honor of filling the position for which four candidates have been in competition during the past month is high and interest is growing keener in the competition daily. The competition closes tomorrow evening and all ballots must be cast at Chahko Mika headquarters by 6 o'clock. Among the duties of the queen are:

"She has to preside at all social functions during the celebration and is attended by princesses from Grand Forks, Trail, Rossland, Cranbrook, Fernie and Kaslo. She also sits on a maginificent float in the floral parade.

"This royal personage has many onerous duties to perform. She presides at all social functions and reviews all parades from her gorgeous throne and salutes cavaliers, courtiers and paraders by a wave of her wand, a symbol of her royal station.

"In the floral parade she sits embowered upon a magnificent float emblematic of the season of fiesta del rosa. She is also the recipient of many costly presents and is feted and honored as only a queen is exalted.

"A grand carnival ball is given in her honor the evening of the first day of the celebration, which will be a stately event."

WILL ORGANIZE TO PROTECT RANCHES

Association Proposed by North Shore Residents—Will Place Signs in Orchards

"Private property, trespassers will be prosecuted" is the effect of signs that will greet pedestrians along the Balfour wagon road in the near future, for it is the intention of the ranchers along that thoroughfare to organize and conduct a campaign against ravages which are being made on their orchards.

A movement is on foot along the north shore to organize the ranchers into a protective association and it is stated that a large number of the residents have intimated their intention of joining the new organization.

T. Munro Cairns has been appointed organizing secretary of the proposed new organization and would like to hear from any of the ranchers who wish to join. The membership fee will be $1 per annum, which, he says, will be devoted to the erection of signs and to recovering from miscreants who invade the orchards.

LOCAL NEW POTATOES AT NELSON STORES

New local potatoes are now on the market and are selling at 4 lbs. for 25 cents. Local cherries are selling at 12½ cents per box. Local cabbage and British Columbia tomatoes are also on the market at 10 cents each and 30 cents per lb., respectively.

WILL END DECADE OF UNCERTAINTY

President Wilson Promises That Anti-Trust Program Will Be Good for Business.

(By Daily News Leased Wire.)

WASHINGTON, June 25.—Under a new constitution of freedom for business given by anti-trust legislation soon to be passed by congress, President Wilson promised the country the greatest business boom in its history. This was the president's final answer to the opponents of trust legislation at this session of congress and to prophets of evil times, delivered with determined expression and every word emphasized with a clenched fist.

"We know what we are doing," said Mr. Wilson. "We purpose to do it under the advice, for we have been fortunate enough to obtain the advice of men who understand the business of the country and we know the effect is going to be exactly what the effect of the currency reform was, a sense of relief and security."

The president spoke to a group of Virginia editors in the east room of the White House but his assurances were intended for the country. News of the failure of the H. B. Claflin company in New York had reached the White House earlier in the day and the president did not mention the incident.

The president said in part:

"I want to suggest this to you: business has been in a fever and apprehensive condition in this country for more than 10 years; I will not stop to point out the time at which it began to be apprehensive but during more than 10 years business has been the object of sharp criticism in the United States, a criticism growing in volume and growing in particularity; and as a natural consequence as the volume of criticism has been increased business has grown more and more anxious. Businessmen have acted as some men do who know they will have to undergo an operation and who are not sure that when they get on the table the operation will not be a capital operation. As a matter of fact as the diagnosis has progressed, it has become more and more evident that no capital operation was necessary but that the most minor operation was necessary to remove the trouble. The treatment is to be constitutional rather than surgical, affecting habits of life and action which have been hurtful. There is nothing more fatal to business than to be kept guessing from month to month and from year to year whether something serious is going to happen to it or not and what in particular is going to happen to it if anything does. Nothing is more unfair, nothing has been declared by businessmen to be more harmful than to keep them guessing.

"The guess went on; the air was full of interrogation points for 10 years or more. Then came an administration which for the first time had a definite program of constructive correction; not of destructive correction but of a constructive correction of admitted evil—a very clear program, disclosed as far as possible in a general program, in its particulars as well as in its general features.

"First, there was the tariff and business shivered. 'We do not like to go in, the water looks cold'; but when the tariff had been passed it was found that the readjustment was possible without any serious disturbance whatever. So that men said with a sense of relief, 'well, we are glad to get that behind us and it was not bad after all.'

"Then came currency reform. You remember with what criticism, with what systematic holding back a large body of bankers in this country met the proposals of that reform and you know how, immediately after its passage, they recognized its benefit and its beneficience and ever since the passage of that reform, bankers throughout the United States have been congratulating themselves that it was possible to carry out these great reforms upon sensible and solid lines.

"Then we advanced to the trust program and again there was the same dread, the same hesitation, the same urgency that the thing should be postponed. It will not be postponed and it will not be postponed because we are the friends of business."

ERECT MEMORIAL TO GREAT LAKES SAILORS

(By Daily News Leased Wire)

PORT ARTHUR, Ont., June 25.—A memorial tablet in memory of the 135 sailors who lost their lives in the storms of last November was unveiled at the Royal Port Arthur Sailors' Institute today by Dr. P. T. Copeland, grand master of the Independent Order of Oddfellows. The tablet was presented by the I. O. O. F.

FISHING GOOD AT MOYIE

(Special to The Daily News)

NELSON NEWS OF THE DAY

C. Koontz of Spokane is visiting the city. He is at the Strathcona.

Born on June 22 to Mr. and Mrs. W. Bardsley, Houston street, a daughter.

Born on June 23 to Capt. and Mrs. James Ferguson, Vernon street, a daughter.

T. Kilpatrick of Revelstoke came in on the coast train last night and registered at the Hume.

Miss Rica Starkey returned last evening after having spent the past two weeks at Christina lake.

Miss Florence Howe of Niagara Falls, N. Y., is the guest of Mrs. W. W. Bradley, Victoria street.

The winning number in the Pythian Sisters drawing for the cut glass bowl was No. 13. It was won by Mrs. T. Meredith.

Mrs. Fred Demuth of Grand Forks came in from the Boundary yesterday and registered at the Strathcona.

Mrs. C. A. Arnott of Montreal arrived in the city last night and is the guest of Mrs. J. F. Kilby, Silica street.

John Berry has been temporarily appointed on the city police force during the vacation of Sergt. J. D. Wightman.

J. L. Retallack, the Kaslo mining man, came in on the Great Northern last evening from Spokane. He is at the Strathcona.

Mrs. W. H. Willson, Lee Willson and Grey Willson returned last night from the coast. While away they visited China, Japan and the Philippines.

There will be a special meeting of the Chahko Mika rose festival committee on Tuesday evening next at 8 o'clock for the consideration of special business.

The meeting of the Houston memorial committee which was called for last night was postponed until this afternoon at 4 o'clock in the council chamber of the city hall.

A. W. McCune and A. W. McCune, Jr., of Salt Lake City, Utah, who are investigating mining properties in the district, returned last evening from a visit to Ainsworth. They will spend today in the city and are at the Hume.

Dr. Gilbert Hartin, accompanied by his son, Dr. David Hartin, made a special trip to Kaslo yesterday in the launch of A. A. Perrier to perform an operation for appendicitis on Rolland, the son of Mr. and Mrs. Samuel Green of the main lake city.

C. A. Banks, manager of the Jewel mine at Greenwood, who has been looking over some mining properties in the vicinity of Edgewood came in on the coast train last night and registered at the Hume. He is expected to spend today in the city.

An exhibition of work will take place this morning at the public school from 9 to 11 o'clock when the rooms of the institution will be thrown open to the public. The parents of the pupils are particularly invited to attend at the school this morning.

The water in the West Arm is standing 13 ft. 7½ in. above the low water mark, according to the guage of the Nelson Boat & Launch company, having receded 1½ in. in the past 24 hours.

A special joint meeting of the Brotherhood of Locomotive Engineers and the Brotherhood of Firemen and Engineers will be held in Knights of Pythias hall tomorrow evening at 8 o'clock.
