PREPARE FOR WAR TO INSURE PEACE

Col. Hughes Speaks of Value of Canadian Militia

SAYS MILITARISM IDEA IS FALLACY

Soldiers Never Cause War--With Citizen Army No Fear of Coup d' Etat.

(By Daily News Leased Wire.)

OTTAWA, May 7.—The house of commons sat until midnight discussing the estimates of Hon. Sam Hughes, minister of militia, but no item was voted and consideration of them will be resumed at a later date.

The minister made a general statement covering the whole field of military activity. There were frequent interruptions and questions and at times heated remarks were flung across the floor. At other times the members were moved to laughter by laughable interruptions and retorts.

The minister vigorously defended the present expenditure, which he said constituted a smaller per cent of the total revenue of the country than ever before. He said Canada had thousands of well-trained men, while much had been done in the training of teachers in the development of the cadet movement. He maintained that the cost of drill was much less for each man than under the Liberal regime.

Calls It Vaudeville Show.

When those items were taken up in the evening Fred Pardee, chief Liberal whip, and other Liberal members criticized the acts of the minister.

Mr. Pardee said that his whole speech breathed militancy and that the minister was military mad. He declared that less money should be spent this year on the militia and more on the development of the country.

Dr. Neely, Humboldt, asserted that the people of the west were not in favor of heavy taxation for military expenditure. He described the afternoon proceedings in the house as "vaudeville."

Introduces Fraudulent Advertising Bill

Hon. C. J. Doherty introduced a bill to amend the criminal code by constituting it an offence, and subject to penalty, to publish any advertisement knowingly containing false statements. He said that there had been a widespread abuse of advertising of properties of various kinds for sale which represented to be existent that which was not existent and this legislation was designed to check such practices.

The minister of militia informed J. H. Sinclair that the government is constructing a rifle range near Victoria, B. C. The land purchased for the range is 442 acres and it cost $101,423, including $3,451 for interest. The land was bought from Ronald A. Grant and from Arthur and Eleanor Lineham.

Takes Up Militia Estimates

Col. Sam Hughes' militia estimates were taken up. The colonel said he was a little nervous in presenting his estimates (Liberal cries of hear, hear), owing to the fact that they were drawing near to the celebration of 100 years of peace on this continent and a poor fellow who was trying to keep up the militia was regarded as a bloodthirsty chap. He pointed out that, despite the story of peace during the first 13 years of this century, there had been the South African war, the Phillipine war, the Cuban war, the Russo-Japanese war, the Balkan war, and now the Mexican war.

"Don't forget the Ulster war," said Hon. R. Lemieux.

"That is not yet," said Col. Hughes, but when it does occur the hon. gentleman will watch it from a long range. I would like to mention that the Ulstermen are the same men who followed Stonewall Jackson. If he wants to find out if Ulstermen can fight let him read the record of Stonewall Jackson and his men."

Calls Strikes Incipient Civil War

Col. Hughes declared that strikes were in themselves incipient civil wars. He declared that in Canada there had been many of these.

He said that, as the Irishman had said, the ground must be prepared for peace as well as for potatoes. That condition had not yet been reached. It involved education, culture, discipline and the development of the individual. As Burns had said, no man would live at peace unless his neighbor let him. The essentials of peace were preparations for war. This was the minister's aim and object. The country must either pay for preparations for victory or later on an indemnity for defeat. Col. Hughes declared that great epochs of intellectual development had followed wars.

Ex-President Roosevelt, speaking recently on his South American tour, had declared that the only forms of stable government which he had found there were in the Argentine and Chile, and he attibuted this to the fact that these two states had an efficient military service. The minister declared that in case of war the farmers and the people generally would lose more than it would cost to prepare for war. The state of Virginia, he declared, had not yet recovered from the devastation of civil war.

Says Soldiers Never Start Wars

"There can be no civilization with-

EXPECT SHIPLOAD OF HINDUS SOON

Victoria Shipping Men Skeptical as to Existence of Vessel, but Shanghai Paper Says She Sailed.

(By Daily News Leased Wire.)

VICTORIA, B. C., May 7.—Shipping men here are looking for the arrival of the Komagata Maru, on which there are said to be some 700 Hindus, within a few days now. Some express a good deal of doubt as to the existence of such a craft as there is no record of a vessel of that name in the shipping lists. No steamer which has arrived recently from the Orient had any news of the vessel, but there is the following item in the Shanghai Mercury of April 16:

"The steamer Komagata Maru, with between 500 and 600 Indians on board, about 70 of whom are from Shanghai, has left port today for British Columbia. She is expected to pick up 50 more Indians in Japan, who are also proceeding to Canada."

WANTS PROVINCE TO CONTROL RATES

Vancouver Board Anxious That Agreement With Mackenzie & Mann Be Not Modified

(By Daily News Leased Wire)

VANCOUVER, B. C., May 7.—With their eyes on the proposed enactment of the house of commons, which is designed to solve the problem of the Canadian Northern railway financing, many Vancouver business men have been quietly discussing the subject for several days. Today the first copies of the bill reached Vancouver and were briefly discussed at a noon meeting of the council of the board of trade.

One of the sections, No. 15, announces that the various provincial branches of the Canadian Northern railway, which include of course the Canadian Northern Pacific in British Columbia, are to be declared works for the general benefit of Canada. It is declared there is no question but this means that the line in British Columbia, as well as in other parts of Canada, will come under the federal railway commission, and that the commission will have final control of the rates.

The meeting today decided that Hon. W. J. Bowser be asked to take steps in the provincial interests. The message will request that the provincial government ask Ottawa that the freight rate situation be preserved as at present.

It was pointed out that the contract made between Mackenzie & Mann and the provincial government specifically provides that British Columbia should have absolute control of rates. Mackenzie & Mann agreed not to appeal to the railway commission, and in various other clauses inserted in the agreement undertook to adhere entirely to provincial control of rates by the lieutenant-governor-in-council at Victoria.

TO INCREASE SALARIES OF CANADIAN CIVIL SERVANTS

Resolution of Hon. W. T. White Provides That Both Inside and Outside Members May Benefit

(By Daily News Leased Wire)

OTTAWA, May 7.—Hon. W. T. White has given notice of the following resolution:

That it is expedient to amend and consolidate the civil service acts; to change the classification of members of the inside and to increase the salaries and annual increase in certain cases, both in the inside and outside service, and to provide that during the financial year there may be paid out of the consolidated revenue fund of Canada such sums as have not been voted by parliament, but are required for the payment of such increases of salaries as may be prescribed by the proposed act to consolidate the civil service acts.

CONTINUE ARGUMENT IN TREMBLAY MARRIAGE CASE

(Canadian Associated Press Cable.)

LONDON, May 7.—The Tremblay marriage case from Quebec, where the wife appeals against the annulment of marriage granted to her husband because they were cousins in the fourth degree and married without dispensation was continued today before the privy council.

Arnold Wainwright concluded the argument for the defence. Mr. St. Germaine, speaking for the husband, maintained that the French law and the canonical law were identical and this unanimity was intended to continue under the code in order to have harmony between the churches and the code.

Lord Moulton said they had to find a consistent meaning for article 127 of the code, which speaks of "the other impediments, recognized according to the different religious persuasions as resulting from the relationship or affinity or from other causes, remain subject to the rules hitherto followed in the different churches and religious communities."

The framers of that article, continued Lord Moulton, might mean that they did not take upon themselves to fix in a general way the civil consequences of ignoring this provision.

Mr. St. Germaine urged that the codefiers intended the old rules to remain fully in force else they would not have specified "the right of granting dispensations appertaining to those hitherto enjoying it."

Mr. St. Germaine added that for a century and a half it had been understood that the Catholics were to follow the rule of their church as to marriage.

The lord chancellor—That is so, but on the other hand you legislate for the whole province of Quebec, which is partly Protestant.

Lord Haldane further intimated as his opinion that the code really made a new law.

The case was adjourned until Monday.

PRINCE OF TECK TO SUCCEED DUKE

Brother of Queen Mary Next Governor General

IS DISTINGUISHED ARMY OFFICER

Has Seen Active Service in Two Campaigns--Good Business Man.

(By Daily News Leased Wire.)

LONDON, May 7.—Prince Alexander of Teck, third son of the late Duke of Teck, and Princess Mary Adelaide, is to succeed the Duke of Connaught as governor-general of Canada. Official announcement of this appointment was made today.

Prince Alexander of Teck is 40 years old He was married in 1904 to her royal highness Princess Alice of Albany and has one son and one daughter.

His serene highness, Alexander Augustus Frederick George, Prince of Teck, G.C.B., grand commander of the Victorian order, knight of Justice St. John of Jerusalem, is a brother to Queen Mary of England and a man of many titles.

He is a good soldier and as such served in the Matabeleland campaign and in South Africa for two years, and to his other titles is added that of the distinguished service order, which next to the Victoria Cross is the chief ambition of the military men of Great Britain. He is at present major in the Second Life Guards.

As an administrator he has earned the respect and the admiration of Englishmen by his work as chairman of the Great Middlesex hospital. When his brother, Prince Francis of Teck, died in 1911, he was engaged in the task of freeing this institution from a big debt and placing it on a sound financial basis. This work was immediately taken up by Prince Alexander with great success.

Prince Alexander is known as the favorite brother-in-law of the King and lives in apartments in the Henry III. tower at Windsor castle.

Compliment to Canada.

(By Daily News Leased Wire)

LONDON, May 7.—The official announcement of the appointment of Prince Alexander of Teck to be governor-general of Canada came as a surprise to most Anglo-Canadians, though his name had been mentioned as among the possible successors to the Duke of Connaught.

The appointment of the Queen's brother to succeed the King's uncle is regarded as a great compliment to the Dominion, giving additional proof that the court as well as the governor-general regard Canada as the leading state in the Empire.

Prince Alexander of Teck has a delightful personality and a charming wife and children. Everywhere it is agreed that the loss of the Duke of Connaught could scarcely be better replaced.

During the South African war Prince Alexander saw the relief of Kimberly and followed operations in the Orange Free State and witnessed the relief of Mafeking. On service he never hesitated to "rough it" with the rank and file, to which soldierly characteristic he owes his great popularity among his comrades.

Outlook Democratic

The Daily Mail says:

His manners and outlook on life are alike democratic. He will know how to win Canadian affections. He will be accompanied by one of the most charming of princesses whose presence in Ottawa cannot but strengthen the ties which bind the great Dominion to the British throne."

The Express says: "Canada is losing a great man, but finds a worthy successor."

The Morning Post says: "Both the Dominion and the advisors of the crown will be congratulated upon the admirable selection of Prince Alexander of Teck as governor-general of Canada."

The Graphic says: "The appointment will be universally welcomed. It is a continuance of the wise practice of employing members of the royal family to fill position of dignity and responsibility in different parts of the empire."

The appointment of the Duke of Connaught as viceroy of India is urged by the Graphic.

Connaught Surprised at News

SARNIA, Ont., May 7.—The Duke of Connaught this afternoon christened Sarnia the "imperial city," saying he was particularly pleased at the choice of name.

It was while at the reception platform that a reporter informed the duke that he is to be succeeded by Prince Alexander of Teck. The news evidently caused considerable surprise among the royal party.

STABLE ROOF FALLS AND KILLS FARMER

SASKATOON, Sask., May 7.—Wasil Kuprowski, a farmer near Sheeho, was found dead on Wednesday morning by his wife, who after waiting for him to come to breakfast went to the stable, where she discovered him buried beneath the debris caused by a fall of part of the roof.

PREMIERS AGREE AID NECESSARY

Heads of Governments of Nova Scotia, British Columbia, Alberta and Saskatchewan Write to Borden

(By Daily News Leased Wire.)

OTTAWA, May 7.—The views of provincial premiers regarding the proposal of further assistance to the Canadian Northern railway are shown by correspondence which Premier Borden tabled today. This correspondence includes letters from Hon. J. A. Calder, acting premier of Saskatchewan; Premier Murray of Nova Scotia, Premier Sifton of Alberta and from Premier McBride of British Columbia.

Under date of March 14, 1914, Premier Murray of Nova Scotia, wired the premier as follows:

"The Nova Scotia government realizes that the Canadian Northern railway contributes largely to railway development in this province, operating at present over 400 miles. We feel that this progressive railway system could only have been brought about by the enterprise of such a concern and the province, by reason of accepting their guaranteed bonds for large sums, is vitally interested in the future of the company. The government feels that any reasonable assistance, consistent with the public interest, that can be accorded by the Dominion to the Canadian Northern railway would be a policy which would be acceptable to our people as it would enhance provincial credit."

Of National Importance—McBride

On March 16 Sir Richard McBride wired the premier calling attention to the enormous amount of work done by the Canadian Northern railway in that province and giving details of provincial aid and expenditures by the company and adding:

"Considering the whole undertaking, it is of national importance. Do not hesitate to say if representations made to you for aid to enable them to complete at once arrangements for first class transcontinental service are based on fair and reasonable grounds there should be ample justification in extending support."

Sifton and Calder Advise Guarantee

Premier Sifton of Alberta cabled the premier from Paris:

"With present financial conditions would consider it advisable federal guarantees with proper safeguards as sufficient to insure early completion and operation of main line of the Canadian Northern railway. Prosperity of settlers on present and prospective branch lines in Alberta and west generally should be greatly enhanced by early completion."

Hon. J. A. Calder, acting premier of Saskatchewan, wrote to Premier Borden on April 17. He referred to the necessity of completing the road so as to make it a factor in carrying out the products of the prairies and pointed out the need of additional branch lines in Saskatchewan. The letter continued:

"Viewing the matter therefore from this standpoint, it seems to me that if there is any likelihood that the Canadian Northern railway on account of the magnitude of its through line undertakings may without additional federal assistance be left in such a position as to compel it to curtail or hold back its branch line development, the loss to western Canada would be great."

Pointing out that the settlers in the west have long been waiting for these branch lines, Hon. Mr. Calder adds:

"It seems to me that not only the west but the whole of Canada is directly interested in the early completion of the through line of the Canadian Northern as well as the building of these branches so urgently required by settlers who are at present without adequate railway facilities. If upon thorough investigation by your government it is ascertained that the company in question must have further federal aid to enable it to complete the undertakings to which it and the country generally are committed, it appears to me that there is but one course to follow, namely, to grant the aid required."

Nothing Paid Except in Stock

Some further information of a financial character was tabled today. An affidavit by A. J. Mitchell, comptroller of the Mackenzie-Mann company, states that the money received by that firm amounts to $223,407,641. No contractor's profits, he states, have been received by Mackenzie & Mann or by anyone on their behalf except certain fully paid up common stock in the Canadian Northern railway companies. The question as to payment for services or profits is left open for future adjustment.

The floating liabilities of the Canadian Northern railway company are placed at $10,408,128.

Another report from government auditors contains fuller information regarding the Canadian Northern railway asked for by Hon. Arthur Meighen.

VANCOUVER PIONEER DEAD

(By Daily News Leased Wire)

VANCOUVER, B. C., May 7.—Capt. J. A. Clarke, who came here in 1864 as engineer of Governor Seymour's yacht, the Leviathan, died today.

PUTTING SALT ON THE DOLLAR'S TAIL

When the manufacturer of a nationally sold article begins an advertising campaign in the newspaper he is setting a flock of dollars in motion.

They are going to be caught by some one.

The wise dealer proceeds to sprinkle salt on the tail of the dollars by letting the public know he has the goods.

He reaps the benefit of the other man's advertising by doing just a little pushing on his own account at the right time.

The caught dollars help to make for his own prosperity as well as for that of the manufacturer.

INVENTION GIVES TERRIFIC SPEED

Trains to Travel Three Hundred Miles Per Hour

ELECTRIC MAGNETS FOR PROPULSION

Frenchman Claims Freight Can be Carried at Nominal Cost.

(Western Associated Press Special Cable.)

LONDON, May 8.—The Standard and the Express devote considerable room to describing "the latest miracle of science." Emile Bachelat, an old Frenchman, is said to have produced a railway system permitting of a speed of 300 miles an hour. The cars are made of steel with aluminum base. This metal, suffering magnetic repulsion by electric magnets, which are situated under the track, holds the cars suspended in the air. A series of tunnel-shaped solenoids along the track, which are successively electrically magnetized, pull the suspended car at terrific speed.

This type of car is intended for freight and mail traffic, Bachelat claiming the cost of transportation for 300 miles being one cent per pound. The cost of laying the track would be $25,000 a mile plus $60,000 for power houses at each 100 miles. The passenger cars would be fitted with propellers and motors similar to aeroplanes.

The inventor suggests that it would be possible to do the present journey from London to Manchester in 48 minutes, instead of 4 hours, while the 8½ hour journey from London to Glasgow could be reduced to 1 hour and 15 minutes. The experiments with large-sized models yesterday so impressed railway experts that Bachelat was offered the use of a circuit within five miles of London to try and practically test the invention, which represents 20 years of experiments.

SUES RAILWAY FOR FIFTEEN THOUSAND

Struck by Shunted Car at Roseberry—Loses Left Leg—Sues Railway Company

The case of Michael Ryan vs. the Canadian Pacific Railway company, in which the plaintiff claims damages to the extent of $15,600 for the loss of his left leg at Roseberry, B. C., where he was struck by a car which had been shunted by means of a flying switch onto a side track, has been added to the list of causes that will be heard at the sittings of the supreme court on May 14. Alexander Macneil of Fernie is appearing for the plaintiff Ryan, while J. E. McMullen of Vancouver will appear for the defendant.

The case of Shackleton et al vs. Foote et al, which is a suit for the balance due on goods sold and delivered has also been added to the supreme court list. A. M. Johnson is appearing for the plaintiffs and G. E. McCarter of Revelstoke for the defendants.

REVELL MAY PRACTICE AS SURVEYOR THIS YEAR

Authorization Is Gazetted—Tenders Are Called for Part of Pitt River Bridge.

(Special to The Daily News)

VICTORIA, B. C., May 7.—By notice in the provincial Gazette, G. E. Revell of Nelson is authorized to practice as a land surveyor in the province during the present year.

Tenders for the substructure of the Pitt river bridge are invited, receivable on May 26. The cost of the bridge will be in the neighborhood of $700,000.

Hon. W. R. Ross has accepted an invitation to attend the colonization and development convention in North Battleford on May 14-15.

EMPEROR FRANCIS JOSEPH'S CONDITION LITTLE CHANGED

(By Daily News Leased Wire)

VIENNA, May 7.—The bulletin issued tonight concerning the condition of Emperor Francis Joseph says the catarrhal symptoms have undergone no noteworthy change. It adds that the patient's cough during Thursday was somewhat worse, but the action of the heart and the condition of the emperor otherwise was completely satisfactory.

KIDD NEW HEAD OF B. C. ELECTRIC LINES

(By Daily News Leased Wire.)

VANCOUVER, B. C., May 7.—Major George Kidd of Vancouver has been appointed general manager of the British Columbia Electric railway in place of R. H. Sperling, who has gone to London to be assistant to the chairman of the board of directors.

ARCHDEACON CODY TO SPEAK AT CONVOCATION

WINNIPEG, May 7.—Rev. Archdeacon Cody, rector of St. Paul's church, Toronto, is to be the special speaker at the University at Manitoba convocation ceremony here May 15.

BRITISH MUSEUM HAS NEW WING

King George Formally Opens Million Dollar Structure—Part of Great Expansion Scheme

(By Daily News Leased Wire)

LONDON, May 7.—King George, accompanied by the Queen, today formally opened the new wing of the British museum, which bears the name of King Edward VII galleries, and whose foundation stone was laid by the late King Edward in June, 1907.

This new wing, costing $1,000,000 to build, is but an instalment of a great scheme of expansion, having its genesis so far back as 1895 and designed to cope with the ever-growing demand for space.

The King spoke eulogistically of the part played by the museum in the life of the nation and accepted a silver key as a memento of the occasion.

URGED TO ASSIST WOMEN FARMERS

Princess Patricia Ranch in Okanagan is Mentioned in Address to Daughters of the Empire

(By Daily News Leased Wire)

TORONTO, May 7.—The Daughters of the Empire convention reached its climax in a lecture on nation building, delivered by Principal Maurice Hutton of University college, Toronto. It was stated that there was an error in trying to build nations or empires on laws and legislation and parliaments and appeals to class consciousness, instead of through science and civilization and moral effort. The daughters could help in nation building by giving their services to the work of sweetening the life of the immigrant. They could help bring to Canada and give a chance to women who wanted to learn to farm, for women to help in building up this industry would be wholly natural and good, and could not become too general.

There was mentioned the Princess Patricia ranch in the Okanagan, to which women were sent by the colonial intelligence league for educated women. It was both a school and a home for women farmers.

The daughters could help, too, the young boys coming to Canada from English public schools and see that those who would make good on farms should get into right places and then have a friendly hand.

The national council officers were all re-elected. Next year's meeting will be held in Halifax.

A resolution was sent by the United States order, it was assured, to Dr. Gould of the Peace commission, asking that a committee be formed of British men and women to see that the truth was told, so that Canadian and American children would not be taught to dislike one another.

ANNOUNCE CHANGES IN BOAT SERVICE

Changes Necessary for Ten Days on Account of Excursions Around Victoria Day

On Saturday, May 23, the steamer Moyie will not make its regular market trip, which it has been found necessary to cancel owing to changes in the service for a few days around that period on account of the Victoria day celebration at Kaslo and the trip through this district of the Winnipeg business men. The Moyie will resume the market day trip on the following Tuesday. On May 23 the steamer Kokanee will go into Crawford bay on her way to Kaslo in order to handily any business for the bay.

The steamer Kuskanook, which has been on the ways at the Fairview shipyards of the Canadian Pacific during the winter undergoing repairs, will be launched shortly and on May 23, 24 and 25 will replace the steamer Nasookin on the run from Nelson to Kootenay Landing.

On May 23 the Nasookin will make the trip from Kootenay Landing to Nelson with the Winnipeg business men, stopping at Balfour, where the Kootenay Lake tourist hotel will be visited. The steamer will also handle the excursion to Kaslo on Victoria day which will be run from Nelson under the auspices of the Ancient Order of Foresters.

TIMES TREBLES CIRCULATION BY REDUCING PRICE

(Western Associated Press Special Cable.)

LONDON, May 7.—As a demonstration of the effect of its reduction of price from four cents to two cents, the Times today publishes statistics of circulation showing that the daily average for the past week has exceeded 170,000. The daily average for 1913 was only 53,130, after a steady increase from 35,603 in 1903, which was just half what the circulation was in 1866.

AMERICA'S YACHT CUP DEFENDER NEARLY SINKS

BRISTOL, R. I., May .—Shortly after coming off the marine railway today the cup defence candidate Resolute began to make water so rapidly that for a while it was thought the vessel would sink. After two hours of pumping it was put back on the railway. The yacht was not damaged.

EVANS DENIES HE MARRIED LADY SCOTT

WINNIPEG, May 7. — "Of course, it is not true," said Commander Evans, smilingly when on his arrival here today he was shown a despatch from London to the effect that it was rumored that he had been secretly married to Lady Scott. Its contents both amused and amazed him, and he asked for a copy of the despatch as a memento.

SECRET MESSAGE CAUSES ALARM

Army Chiefs Prepare to Advance on Capital

FEAR ANARCHY IN MEXICO CITY

Situation May Become Desperate--Britishers Killed--Rebel Biplane Deadly.

(By Daily News Leased Wire)

WASHINGTON, May 7.—Upon receiving a long cipher message from Gen. Funston at Vera Cruz tonight, Secretary Garrison called into conference at the war department Major-Gen. Witherspoon, chief of staff, and the entire general staff of the army. The conference lasted until nearly midnight and when Secretary Garrison left his office he and the army officers wore grave faces and it was no secret that news of importance had been received.

Later Secretary Garrison said Gen. Funston had transmitted some information which refugees had brought from Mexico City as to conditions in the capital. The secretary declined to comment upon them. He said, however, that no aggressive movement of any kind by the American forces was ordered.

It was understood that the refugees from Mexico City had informed Gen. Funston of the critical aspect of affairs in the Huerta regime, that a collapse might be expected momentorily and that conditions of anarchy might come. The object of Gen. Funston in making these reports was believed to be to advise the administration of the possibilities that might develop from the fall of Huerta, in order that if the American army is obliged to rescue foreigners or restore order it may be fully equipped for such an expedition.

Expect March to Mexico City

It is known that high officials of the war department are anxious to place at Vera Cruz or on transports within striking distance a large enough force, perhaps 50,000 or 60,000 men, to make an expedition to Mexico City if it becomes necessary.

Officials of the department are known to believe that if an advance on Mexico City is ordered it will be necessary to guard every mile of the railway as the army moves forward and that a large force would show the natives the futility of resistance, whereas a division of 15,000 men might be subject to attacks along the route, possibly with big losses.

The American army officers also regard the situation at Vera Cruz as likely to become desperate, in the event that anarchy breaks out in Mexico City, or if the forces of Gen. Maas should make an attack on their own initiative, irrespective of the Huerta government promise of suspension of hostilities against the United States. A large number of bluejackets could be landed from the warships to reinforce the 7,000 troops and marines in Vera Cruz, but in order to hold the positions outside of Vera Cruz up to the waterworks more infantry is believed to be required by Gen. Funston. There have been persistent reports that he has asked for more men, but the war department has not made any announcement on the subject.

Two British Subjects Killed

Developments in the Mexican situation went steadily forward today. The two chief reports from the interior of Mexico announced the killing of two British subjects and one American at Guadelajara and the continued heavy figiting at Mazatlan, on the west coast, where a rebel biplane executed a spectacular exploit in dropping a bomb, which killed four persons and injured eight.

The state department was informed by Consul Hamm at Durango that the movement of the rebel forces had begun southward against Saltillo and Zacatecas.

The mediators continued their sessions, which are now largely by way of preparation for the meeting at Niagara Falls, Canada, on May 18.

President Wilson and Secretary Bryan have determined to appoint as delegates to the mediation conference men of judicial ability. It would not be surprising if a justice of the supreme court of the United States was one of the representatives of the United States.

Gives Power to Increase Army

In the senate, Senator Chamberlain introduced a resolution authorizing the president to increase the regular army above the present statutory limitation of 100,000 "in time of war or when war is imminent or on other occasions of grave national emergency requiring the use of the regular army."

Reports during the day showed that while American refugees continued their exodus from Mexico City and the south, conditions in northern Mexico had so improved that Americans who had fled from the mining districts in Sonora when Vera Cruz was attacked felt justified in venturing back to reopen the mines.

Oil Zone Still Unsafe

Plans for the return of British and American operatives to the oil fields around Tampico and the reopening of the wells there, were interfered with by an unexpected notification of the federal commander that foreigners would not be allowed there so long as

AUSTRALIAN IS VISITOR AT HALCYON HOT SPRINGS

(Special to The Daily News)

HALCYON, B. C., May 7.—J. McMenamen, who was here for several weeks last fall, arrived from New Zealand on Tuesday. He came over on the Niagara, which had a record passenger list, over 700, mostly first and second class, a large proportion of them bound for the old country on a holiday. Mr. McMenamen will stay here for some time and then make a tour through the Pacific coast states, returning to his antipodean home in September.

Miss Winnie A. Kinahan, with her brother Jimmie, arrived on Sunday for a short visit.

George Brady, Victoria, and S. W. Smith, Vancouver, were here for a day this week.

John Martin, Calgary, arrived on Monday for a visit of a week or more.

John Ritchie, Greenwood, came up on Tuesday to get rid of a touch of rheumatism.

Miss Annie Dewar, Rossland, arrived on Monday very lame with an attack of rheumatism in one of her ankles. She makes the fifth lady sufferer now here from Rossland. All of them are progressing favorably.

The Halcyon Bottling company sent a large shipment of mineral water to A. C. Bowness, Cranbrook, this week.

EDGEWOOD NEWS

(Special to The Daily News)

EDGEWOOD, B. C., May 7.—Rev. Mr. Adams conducted Presbyterian service and Sunday school in Fire valley on Sunday afternoon and evening service in Banting's hall, Edgewood.

Church of England services were held in St. Agnes' church at 10 a.m. and 7:30 p.m., Rev. Mr. Montgomery officiating.

Miss Zillah Bailey, accompanied by her uncle, George Woodward, left on the steamer Bonnington on Sunday afternoon for Nelson to join her mother and brother already located there. Mr. Woodward has left Edgewood for Nelson.

Mr. McLeod left for Paulson on Sunday. He is daily expecting a carload of lumber to arrive for use in the building of Dr. Basil Church's new house.

E. A. Taylor made a flying trip to *Nelson this week.*

On Tuesday the fire warden, W. Williams, of Fire valley, made a trip to Syringa creek in the new government launch.

On Saturday Mrs. Walter Wright returned to Nelson.

Mrs. Forsland and children are back in their ranch home on the lake shore near Edgewood. Mrs. Forsland was an Edgewood visitor on Monday.

On Monday Mrs. Church, with her four daughters and governess, Miss Collins, arrived in Edgewood. They *are visitors at the Edgewood hotel* until their new residence is ready for occupation.

Col. Harrington is expected back in Edgewood during the coming week.

An enjoyable dance was held in the Edgewood hotel last Saturday evening.

G. M. Benny, road superintendent, is in town. Road work has started along the lake shore under the foremanship of Mr. Bull.

Dr. Kelso has been inspecting Fire valley and Whatshan schools during the past week.

The usual social club dance will take place in Banting hall on Saturday evening.

Miss Gracie Jordan and George Jordan were week-end visitors to Nakusp.

KALEDAN NOTES

(Special to The Daily News)

KALEDAN, B. C., May 7.—L. W. Shatford, M.P.P., passed through town on Saturday, after visiting many of his old friends in the district.

Kaledan Land Development company has put on a big gang of men to work on its properties.

S. S. Mallard is now making trips to Penticton, carrying passengers and freight. Since the building of this boat, with a protected propeller, the trip is now made successfully up the Okanagan river and through to the Canadian Pacific railway wharf at Penticton.

Rev. G. T. McKenzie left to attend the Methodist conference at Kamloops on Tuesday.

Traffic is picking up again between Penticton and this point. Three autos and a large steam car pulled into town on Tuesday morning with passengers.

VERNON CONCERT PLANNED

(Special to The Daily News.)

VERNON, B. C., May 7.—The city council is considering having a public band concert given here by the regimental band of the 72nd Seaforth Highlanders, one of the coast regiments which will be here at the big encampment late this month.

Kootenay and Boundary

TWO MURDER CASES AT FERNIE ASSIZES

Mrs. Green Will Be Tried for Killing of Husband—Many Civil Actions.

(Special to The Daily News)

Anna Suska vs Canadian Pacific railway. Alexander Macneil for plaintiff; Herchmer & Martin for defendant.

Robert D. McLean vs Canadian Pacific railway. Mr. Macneil for plaintiff; Herchmer & Martin for defendant.

Santo Cardomne vs Crows Nest Pass Coal company. Mr. Macneil for plaintiff; Herchmer & Martin for defendant.

Louis Fanna vs Crows Nest Pass Coal company. Mr. Macneil for plaintiff; Herchmer & Martin for defendant.

Charles R. Orchard vs Canadian Pacific railway. Mr. Macneil for plaintiff; Herchmer & Martin for defendants.

Peter Backs vs Earl of Ranfurley et al. Mr. Macneil for plaintiff; Herchmer & Martin for defendants.

T. J. Garvin vs Riverside Nurseries. Law & Fisher for plaintiff; W. B. Cochrane for defendant.

Criminal cases are: John Crown, theft; Ida Green, murder; Mohammed Khan, murder.

R. J. Smith, travelling passenger and freight agent of the Great Northern railway, is in the city.

George W. Mosser of the Chicago & Northwestern railway is registered at the Fernie.

John F. McIntosh of the customs department entertained a number of his friends to a musical treat on Wednesday evening at the King Edward hotel.

CARLOAD OF FEED REACHES ARROW PARK

(Special to The Daily News)

ARROW PARK, B. C., May 7.—A carload of mixed feed and flour arrived on Friday last for customers of the Redlands Trading association.

G. M. Benny, superintendent of roads, arrived on Sunday and stayed till Monday afternoon. He was accompanied by the government engineer. Road work commenced on Tuesday under the supervision of J. James, road foreman. No new roads will be made *in Arrow Park district this year.*

Mr. Nelson, forest ranger, came into town on Saturday last in connection with the work of the forestry department.

Mr. Grace and family returned on Monday from the prairie and are spending the summer on their ranch.

Dr. Macpherson of Nakusp, government medical inspector, examined the children at East and West Arrow Park schools on Tuesday, finding in each case healthy children.

JAPANESE NEWSPAPER MAN WALKS ACROSS PROVINCE

VERNON, B. C., May 7.—J. Miyl Gawa, a Japanese newspaper man, former translator for the "Nagasaki Press," who left Vancouver on March 25, bound on a journey by foot across Canada to Toronto, arrived in Vernon on May 5 and left on May 6 for Kelowna, Penticton, Nelson and points east. Mr. Gawa, who is 55 years of age, plans to go from Toronto to Niagara, then to New York, after which he will cross the continent on foot again, his objective point being San Francisco. He plans a book, in English and in Japanese, on "Impressions of the Peoples of the North American Continent."

POPULAR KASLO GIRL MARRIES

Miss Mona Elizabeth Kane Becomes Bride of J. R. Paget, Railway Construction Engineer.

(Special to The Daily News)

KASLO, B. C., May 7.—The Presbyterian church was taxed to its fullest capacity by friends who came to witness the fashionable wedding of Miss Mona May Elizabeth, eldest daughter of Mr. and Mrs. David P. Kane, to James Robert Paget, construction engineer of the Canadian Pacific railway, at 5 p.m. yesterday.

The church was tastefully decorated with palms, evergreens and cut flowers. An artistically fashioned wedding bell hung from the rafters of the roof above a dias where the principals were to stand.

The musical service was instrumental throughout except for a solo, "The Rosary," which was rendered by Gladstone Wood just before the bridal party arrived and after the guests were assembled. The processional and wedding marches were played by Mrs. H. S. Whellams. The ushers were W. McKay, W. Dunn and Norman Link.

Mrs. Samuel Millington, grandmother of the bride, and her daughter, Mrs. D. P. Kane, entered the church, accompanied by M. McKenzie, the local Canadian Pacific railway engineer, going up the eastern aisle, while the organ played Pachulski's "Prelude in C Minor." Mr. Paget, supported by D. D. McCrimmon, came up the western aisle and took station under the wedding bell.

Charles Archer's automobile brought the bridesmaids, Miss Mavis Kane and Miss Marcia Kane, sisters of the bride, together with Miss Kane, who entered by the eastern aisle on the arm of her father, who led her up under the bell beside the bridegroom, while the music changed to Rebikoff's "Mazourka."

The bride carried a shower bouquet of lilies of the valley and carnations. The bridesmaids also carried flowers. The men each wore a white carnation.

The bride was elegantly gowned in white draped charmeuse and ninon, tastefully trimmed with Paraguay lace and orange blossoms, and wore a diamond and sapphire ring, the gift of the bridegroom, and long embroidered tulle veil in mob cap style.

Miss Marcia Kane wore a beautiful coral messaline with overdress of shadow lace and carried pink carnations in a basket, and wore a Dutch cap of lace.

The maid of honor, Miss Mavis Kane, looked very dainty and charming in sky blue messaline, overdress being of shadow lace, carrying carnations in a shower and wearing a Dutch cap of shadow lace.

Mrs. Kane, the bride's mother, was attired in heliotrope charmeuse, tunic of ninon and trimmed with ermine and silver lace and small hat to match.

Mrs. Millington wore black silk trimmed with gold lace, and a hat to match.

The bride travelled in a tailored suit of navy and a burnt orange chiffon blouse and hat to match.

At the house the dining room was decorated in pink, the bride's favorite color, and the music room, almost entirely filled with beautiful gifts, was decorated in yellow. The living room was charming in red, the bride and groom receiving congratulations standing under a floral bell. The groom's gifts to the best man and ushers were pearl tie pins and to the bridesmaids pearl brooches.

Rev. A. C. Wood, pastor, officiated at the altar. The happy couple walked down the western aisle to the pealing of Mendelssohn's "Wedding March," taking their place in the car which conveyed them to the Kane home, where the wedding supper was served.

A reception to the invited guests was held from 8 to 10 o'clock, where refreshments were served. After receiving expressions of good will from the guests Mr. and Mrs. Paget embarked on C. F. Sherwin's motor boat and sailed down the lake to Proctor, where they met the Nasookin. The will tour eastern cities and take up their residence at Moose Jaw, where Mr. Paget is engaged in supervising extensive railway undertakings of his company.

The bride is one of Kaslo's most esteemed and popular young ladies. Her father was one of those pioneers who held the townsite as a pre-emption when few white men were in the country. Miss Kane is the first girl of all who are here now to have lived in Kaslo from infancy, and the unusually friendly feeling displayed for her at this time is explained partly by that and partly by the liberality with which she gave of her musical and dramatic talent to further any of the social schemes of the community. Also her mother has lived in Kaslo since her girlhood days and was married here 19 years ago.

Many congratulatory telegrams were received.

Following is a list of some of the many beautiful presents received by the couple:

From bride's parents, pearl bracelet; from bride's grandparents, Mr. and Mrs. S. Millington, pearl and peridot necklace, Kaslo Canadian Pacific railway engineering staff (M. McKenzie, W. H. Dunn, C. C. McNaughton, N. Link and D. D. McCrimmon), silver tea set; Mr. and Mrs. J. D. Keenan, jewel case; Mrs. H. S. Whellams, carrickmacross lace; Mrs. McAndrews and W. McKay, silver teaspoons; Mrs. E. F. Stephenson, silver butter dish; Mr. and Mrs. S. A. Hunter, cut glass bowl; Mr. and Mrs. G. Wood, cut glass vase; Mr. and Mrs. G. Hindle, cut glass vase; Mr. and Mrs. D. P. Cosgriff, cut glass lemonade pitcher; Mr. and Mrs. C. Croft, cut glass fern dish; C. Sherwin, silver fruit dish; Max Nord, silver mounted oak tray; Mr. and Mrs. J. W. Cockle, silver tea spoons; the Misses Cockle, silver bon bon dishes; Mr. and Mrs. H. W. Power, silver mounted biscuit jar; Mr. and Mrs. A. Fournier, hammered brass trap; Guy Fournier, silver vase; Mr. and Mrs. Lawrence Cody, cut glass cake dish; Mr. and Mrs. R. J. Stenson, cut glass butter dish; Mr. and Mrs. A. D. Wheeler, silver pie knife; A. S. Wheeler, silver preserve spoon; C. S. Wheeler, silver cold meat fork; W. H. Burgess and A. W. Anderson, cut glass salad bowl and servers; Mr. and Mrs. J. Anderson, Crown Derby butter dish; Mr. and Miss Hodder, cut glass vinegar bottle; Mr. and Mrs. John Keen, brass vases and card receiver; Miss Twiss, oil painting; Mr. and Mrs. A. Goldsmith, brass book rack; Mrs. Tuplin, silver pickle fork; J. Moston, chocolate set; Miss Beddie, water color; Mr. and Mrs. R. Hendricks, cut glass nut bowl; Mr. and Mrs. S. H. Green, cut glass vase; Mr. and Mrs. F. Abey, brass kettle and lamp; Frank Abey jr., butter dish; Mr. and Mrs. H. Treby Heale, silver almond dishes; Mr. and Mrs. Giegerich, table linen; A. J. Curle and R. Guthrie, china tea set; Mr. and Mrs. and Miss Zwicky, cut glass celery dish; D. Nagle, cut glass bon bon dish; Malcolm Jardine, china; A. F. Adams, brass book rack and paper knife; M. K. and W. E. Harrison, silver card case; Miss Riddell and J. Riddell, chocolate set; Mr. and Mrs. English, cut glass vase; Dr. and Mrs. Read, cut glass butter dish and butter knife; Mr. and Mrs. Strathearn, brass vase; Miss Steele and Miss Andrew, silver berry spoon; Clarence White, cut glass salts with silver spoons; Miss A. Bruce, cut glass bon bon dish; Mr and Mrs. H. Newcomen, bed spread; Mr. and Mrs. A. Carney, cut glass almond dish; Miss Carney, china bon bon dish; Mr. and Mrs. P. McGregor, tennis racquet and shoes; Miss Nora Murphy, cut glass berry set; Mr. and Mrs. A. McQueen, silver knives and forks; Miss Cora Murchison, cut glass dish; Mr. and Mrs. J. J. Fingland, embroidered towels; Mr. and Mrs. Archer and Charles Archer, cut glass berry bowl; Miss Lindgren, hand painted vase; Mr. and Mrs Webster, china plates; Mr. and Mrs. Stott, cut glass olive dish; Miss Frances Perry, cut glass bon bon dish; Miss Minnie Skillicorn, silver berry spoon; Miss Beatrice Amas, table cover; Mr. and Mrs. Walsh, silver spoons; Mr. and Mrs. Fleener, hand painted cream and sugar; J. A. Williams, silver casserole; Mrs. W. J. Green, Hardanger centre piece; Mrs. R. V. Bishop, ribbon embroidery scarf; Miss Elva Hanna, oil painting; Miss Link., bon bon dish; Mrs. McLeod, silver cold meat fork; Dr. and Mrs. Carter, silver berry spoon; Miss Bell, handkerchief case and handkerchiefs; Mr. and Mrs. Hanna, hand painted jewel case; J. ROSSLAND NEWS

(Special to The Daily News)

ROSSLAND, B. C., May 7.—The Girls' Athletic club is making great preparations for its dance on May 18. The girls are practicing all kinds of fancy and old-fashioned dances. Prior to the dance a musical program will be given by the girls as well as physical culture exercises.

Mr. Meldroum of Trail is in the city today.

T. B. Rouston of Northport has been in the city several days arranging for the Rossland football and baseball teams to attend their Fourth of July celebration.

J. Dean, who has been out on his claims all winter, has returned to the city.

Judge Brown will be in the city Friday morning to hold county court, at which J. O'Brien will be tried. F. C. Moffatt, barrister of Nelson, will prosecute.

James Hunter of Spokane is in the city today.

A. B. McKenzie has returned from an extended visit to the coast.

The St. Andrew's Young People's society gave a novel and interesting parcel post and cobweb party in St Andrew's hall last evening. Parcels were sold from the postoffice, which was presided over by Miss Florence Fraser and Miss Maude Michaely; the cobweb was in charge of Miss Eva Blackman. The tea table, which was prettily decorated in white and pink, was presided over by Mrs. T. Stout, assisted by a number of young ladies. The party was a great success both socially and financially.

On Friday, May 8, a game of baseball will be played between the Federals and Cardinals.

Sunkist Oranges

Now Heaviest with Juice

This is the season when California Oranges are heaviest with juice, sweetest and most beneficial.

Over ten million daily are being shipped from California and these oranges are now being offered by all dealers.

Every Sunkist Orange is glove picked and tissue wrapped—shipped on picking day, therefore always fresh. And prices were never so low as *now*.

Sunkist Oranges are both *good* and good *for* you. Eat them at every meal, between meals and at bedtime. Try this for Spring Fever. Give the children this juice—this drink of natural purity.

Try Sunkist Lemons, Too

Ask for Sunkist Lemons, too. For cooking purposes or for lemonade, there are no other lemons like them—highly flavored, juicy, practically seedless.

These are the *best looking* and the *best* lemons—the kind that look most appetizing, sliced or quartered, to serve with fish and meats.

Try Sunkist Lemon juice in place of vinegar in making salad dressing or in any other dish.

These lemons are grown, picked and shipped with the same care used in the production and handling of Sunkist Oranges. Your grocer has them or can get them at once.

Beautiful Rogers Silverware

Save the wrappers from Sunkist Oranges and Lemons. 12 wrappers from either, with 12 cents, entitle you to any of these three pieces of guaranteed Rogers silver. 36 wrappers and 36 cents entitle you *to all three.* 24 other beautiful premiums. Send the coupon.

California Fruit Growers Exchange

CALIFORNIA FRUIT GROWERS EXCHANGE
105 King St., East, cor Church
Toronto, Ont.

Mail us this coupon and we will send you our complimentary 40-page recipe book, showing over 110 ways of using Sunkist Oranges and Lemons. You will also receive our illustrated premium book which tells you how to trade Sunkist wrappers for beautiful table silver. Send this coupon or call at the above address.

TRAIL NOW HEADS LEAGUE SERIES

Beats Rossland Soccer Team by Five-Nil Score—Good Combination Responsible

(Special to The Daily News)

TRAIL, B. C., May 7.—The Trail football team applied the whitewash brush to Rossland here on Wednesday when it won a decisive victory over the visitors by the score of 5—0. Trail also took the lead in the game, and if it plays the game it has been playing it will take a mighty strong team to beat it.

The first half was fairly contested, Trail only managing to net the ball once. In the second half Rossland had the best goal to shoot into, but the team's efforts were futile.

Flockhart opened the scoring about 02 minutes from the start when Millet passed to him. Millet scored with a neat pass from Flockhart shortly after second time had started. Not satisfied, Flockhart secured a brace, going in on the nets both times. Shortly before time Seggie made a beautiful pass to Millet, who scored, giving the goalkeeper no chance to save. For Rossland Routledge in goal was undoubtedly the star, as his stellar work saved his teammates from a severe drubbing. Team work was the key to Trail's win. Its combination was at times spectacular. Of the forwards for Trail Seggie, Lockhart and Millet played the most aggressive game, while Weller played a star game as full back. Mr. Jones of Trail refereed. The teams:

Trail—Goal, R. Jones; backs, Young and Weller; half backs, M. Marshall, J. McHardy and J. Graham; forwards, L. Davis Seggie (capt.), Miller, McIlroy and Flockhart.

Rossland—Goal, T. Routledge; backs, Errington (capt.), and Churchill; half backs, Davies, Scanlon and Gendle; forwards, Wallace, Lyson, Sexsmith, Turner and Mathews.

LACROSSE BOYS EXPECT BIG TURNOUT TONIGHT

It is expected that there will be a large turnout of the members of the Nelson Lacrosse club at the recreation grounds tonight at 5:30 o'clock as considerable interest has been aroused in the national game since the offer of a game in Trail on May 24. There remain but two weeks for the boys to get in shape for the game and each Tuesday and Friday evening and Sunday morning will in all probability see a large contingent on hand at the grounds in an endeavor to make a place on the team on Victoria day.

Trail Has Won Splendid Collection of Trophies

(Special to The Daily News)

TRAIL, B. C., May 7.—Probably no town in the interior of British Columbia can boast of holding as many championship trophies as Trail. Above is a recent picture of the cups and shields won by the smelter city during the season 1913-14. Nearly every branch of sport is represented.

The most outstanding trophies are those won by the Trail hockey team last season and next to that come the poultry prizes that are quite numerous. During last year's shows the Trail poultry always brought high marks and outclassed everything in the breeds exhibited by the smelter city fanciers.

The rifle association is well represented as it carried off premier honors at the annual shoot held in Nelson last year and the football team by the championship trophy of the Kootenay district. Other sports are represented in individual trophies.

The following is a complete list of the cups in the above cuts:

Top row, left to right:

1. British Columbia curling trophy, won by N. McIlroy, I. McLeod, Jack H. Young and H. Woodburn (skip).
2. Goodyear Tire & Rubber company cup, won by James Williamson for best pen White Wyandottes at provincial poultry show at Grand Forks.
3. International cup, won by Trail hockey team at Rossland winter carnival.
4. Annable rifle cup, won by G. C. Gage.
5. Nelson Daily News cup, won by Trail hockey team.
6. Winnipeg hotel cup, won by R. Sommerville for poultry.
7. Canadian cup, won by R. Sommerville for poultry.
8. Birks cup, won by R. Sommerville for poultry.
9. West Kootenay Poultry and Pet Stock association cup, won by J. Williamson for best pen Wyandottes in provincial show at Grand Forks.
10. J. S. Deschamps' poultry cup, won by R. Sommerville.
11. Officers' cup, Trail Rifle association, won by James Buchanan.
12. N. H. Pitts' cup, won by R. Sommerville at Nelson winter show for best pen Plymouth Rocks.

Centre row:

13. Trail Fruit Fair association cup, won by Pend d'Oreille district in 1911, won by Trail 1912 and 1913.
14. Trail Rifle association cup, won by R. C. Rutherford.
15. Aldridge Rifle cup, won by James Buchanan.
16. Sir Richard McBride cup, won by Trail hockey team.
17. Smith poultry cup, won by R. Somerville at Frand Forks fall show.
18. West Kootenay Football league cup, won by Trail football team.
19. Trail perpetual challenge cup, won by James Williamson at provincial show at Grand Forks for the best pen in American class.

Lower row:

20. Grand Forks Poultry & Pet Stock association shield, won by James Williamson for best exhibition pen in the show.
21. Sibbald trophy, won by Trail hockey team.
22. Interior of British Columbia Rifle association perpetual challenge shield, won by G. F. Morin (capt.), G. C. Gage, W. H. O. Hill, G. C. Brown and A. Donaldson.

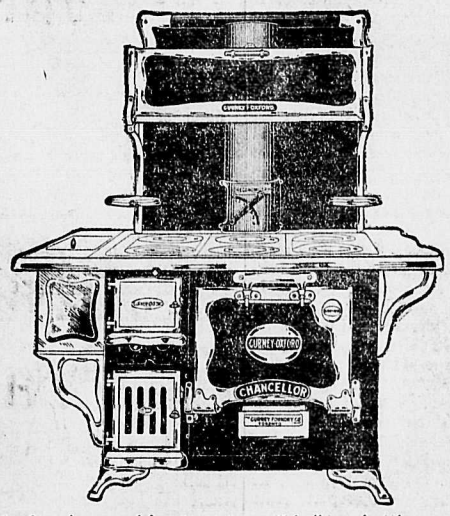
GURNEY-OXFORD
Gurney-Oxford
Why is it The Best Range Procurable



It stands to reason that the foundry of national reputation for its equipment of the most notable hotel, restaurant, and institutional kitchens throughout the Dominion, also makes the best range on the market for the home kitchen.

This Gurney-Oxford range is the result of over seventy years' experience and experimental study of improvements to benefit the woman who toils in the kitchen.

Even Bakings
By means of a Divided Flue Strip, the heat is divided evenly over the top and down the back and sides of the oven. A pan of biscuits in the front and back of the oven will brown with perfect evenness without having to change their places many times during the baking. The two back lids of the range also receive an equal cooking heat that will boil two kettles at the same time.

Perfect Control
The entire range is controlled practically by one handle, called the Economizer. It turns around on a series of six notches to determine the exact degree of heat required. Such control saves time, fuel and labor.

Saving of Fuel
Then again the Special Reversible Grate saves coal bills by burning the coal to a fine white ash. No unburnt coal can lodge in the rounded corners of the firebox.

It's Sanitary Too
Its smooth, clean top is polished and requires no black lead.
The Gurney-Oxford is "different" from all other ranges—its exclusive devices make an irresistible appeal to every woman.

LEGAL AND OFFICIAL ADVERTISING

Effective on and after Jan. 1, 1913.

Legal Advertising (includes municipal and government notices) — 12c per line for the first insertion and eight cents per line for all subsequent insertions.

In certain cases, however, for the convenience of the public, flat rates have been set, as follows:

Applications for Liquor Licenses:—Once per week for four weeks, $5; daily for month, $30.

Applications for Transfer of Liquor Licenses:—Once per week for four weeks, $7.50; daily for month, $45.

Land Purchase Notices:—Once per week for 60 days, $7.

Land Lease Notices:—Once per week for 60 days, $7.

Certificate of Improvement Notices:—Once per week for 60 days, $12.50.

Delinquent Co-ownership Notices:—Once per week for 90 days, $25.

Duplicate Certificate of Title Notices:—Four insertions, $8; eight insertions, $14.

Water Application Notices:—Four insertions up to 100 words, $6; over 100 words, in proportion.

Where any of the above applications contain more than one application or notice, each application or notice will be charged for as a separate advertisement.,

FRIDAY, MAY 8

THE C. N. R. AGREEMENT.

The needs of the Canadian Northern Railway company for the completion and equipment of the lines of the company, embraced under the general title of the Canadian Northern railway system, for needed betterments and for the payment of its floating liabilities, shown in a paper tabled recently in the house of commons, and which appeared in a recent issue of The Daily News, are very large; and the question as to the best manner of meeting the requirements of the company, and, while doing so, safeguarding the interests of the country, is a confessedly difficult task. Summarized, they seem to present the following figures as the totals of these requirements. Amounts required for:

Construction	$41,987,565
Rolling stock	27,441,806
Betterments	10,000,000
Floating liabilities	10,408,128
Due to sub-contractors	14,954,714

This gives a total of over one hundred millions of dollars. Against this sum there are available the proceeds of securities earned or available of the company $58,473,982. The difference between the sum total and the last sum is what has to be provided for under this agreement. The large totals of floating liabilities and amounts due to sub-contractors are doubtless due to the fact that the present or the recent past has not been favorable for going to the London financial market for the purpose of borrowing money, and that the doing so has been deferred as long as possible in the hope that these securities could be placed there at a more favorable rate than has recently been or is now possible.

The question how best to assist the company in the emergency which has overtaken it while at the same time looking carefully after the interests of the country is that which was entrusted to the special care of the solicitor-general. The manner in which he has thought best to do so is now before the Canadian parliament for consideration and appropriate action thereon.

It is reported that Mackenzie & Mann are much dissatisfied with the terms of this agreement. Very likely they are. It is not what they had expected. They sulked, but the solicitor-general was not thereby dismayed. Even had this agreement been much more favorable to Mackenzie & Mann than it actually is, it might still be regarded by them as "good business" to express dissatisfaction with its provisions. The proposals therein contained are still before parliament and the country and are liable to change and they will of course finesse for more favorable terms to the last.

Then, as reported, Messrs. Bennett and Nickle, members of the house of commons, left the caucus of the supporters of the government as expressive of their view that the agreement was unduly in favor of Mackenzie & Mann. They thought its provisions, as understood by them, were not all that they should be in the interests of the country. These two men may be justified in their action or they may be expecting too much. The discussion of its terms by men of such acumen will tend greatly to clarify the situation under the agreement; and if any defect is found to exist therein, it will help to make it more complete, more nearly perfect.

Then, in addition to this, the solution of the government of the present financial situation of the Canadian Northern Railway company's affairs marks a new epoch in the dealings of Canadian governments with railway corporations. It means the abandonment by the government of the policy previously in effect through which corporations always got what they wanted without a quid pro quo. Upon the part of the Canadian Northern Railway company, it is an unequivocal admission that the public credit has a substantial cash value attached to it, for the use of which it must make a substantial payment. The government gets forty per cent of the company's common stock after the stock has undergone the agonizing process—to Mackenzie & Mann—of having one-third of its nominal amount squeezed out of it—in return for the use of the government's credit to the extent of $45,000,000.

There are many and obvious reasons why it would be an imprudent thing to force the company into liquidation, as a number of the members of the opposition are reported as saying would be the proper course to pursue in the premises. The doing so would operate most injuriously upon all Canadian financial institutions, shaking their credit and depressing the industries of the country, not yet fully recovered from the effects of the financial stringency, and it would be the releasing of Mackenzie & Mann from all responsibility for the placing of the company and its operations on a substantial basis, whereas they are under the agreement further penalized if they fail to do this. They are responsible for the present condition of the company's affairs and are required under the government's proposals to "make good" the company's position.

The concensus of opinion will be found to be that the government in this agreement has found the best solution of a confessedly difficult problem.

PREMIER WHITNEY.

The many friends, personal and political, of Sir James P. Whitney, premier of Ontario, will be glad to hear that he made his first public appearance since his illness in the house May 1, when the third session of the thirteenth legislature was prorogued. There had been, it was said, a persistent rumor during the past few weeks that Sir James would be seen in his seat before the session was concluded.

The premier was there on this occasion, occupying the first seat in the front row to the right of the speaker, when Sir John M. Gibson, lieutenant-governor, entered the chamber and throughout the ceremonies preceding prorogation. A photograph of the scene was taken. Sir James shifted his position somewhat when the first picture had been snapped and the photographer remonstrated with him. The lieutenant-governor was heard to remark: "Sir James made a motion this session. He took an active part after all."

Aside from his loss in weight, the premier looked much like his former self. His eyes had their old-time flash as he replied to the peremptory way in which the photographer had addressed him.

HEAVY TAXATION OF LARGE INCOMES.

The chancellor of the British exchequer has introduced his sixth budget in the British house of commons, making the announcement, in doing so, that he had to meet an estimated deficit in 1914-15 of $26,650,000. The revenue of the United Kingdom is estimated at $1,003,275,000, while the expenditure was placed by him at $1,029,952,000. "This deficit alone," the chancellor said, "makes new taxation inevitable, but in addition thereto the government has come to the conclusion that, in order to save some municipalities from bankruptcy, there must be a readjustment in the relations of imperial and local taxation, entailing large additional expenditures by the exchequer. A telegraphic summary of his budget speech continues:

We purpose setting up a national system of valuation, under which site values will be separated from improvement values, and under which relief will be afforded the man who improves his property in proportion to the amount he expends to this end.

These proposed grants of relief to local taxation for purposes of public health, education and road construction will entail an additional expenditure by the exchequer of $21,090,000; allowing a margin of $1,000,000 we shall have to raise a total of about $49,000,000.

To meet this we propose a revision of the income tax. The existing tax on earned incomes up to $5,000 a year will remain unchanged; on incomes between $5,000 and $7,000 the tax would be 10½d on the pound sterling (approximately $42 on every $1,000); on incomes between $7,500 and $10,000 a year the tax would be 1s (approximately 4.8 per cent); from $10,000 to $12,500, 14d (5.6 per cent); while from $12,500 to $15,000 the rate would be 16d (6.4 per cent). The rate on unearned incomes would be raised to 16d (6.4 per cent).

The allowance for children of parents whose incomes do not exceed $2,500 a year would be doubled. There would be a super-tax on incomes of $15,000 a year and upwards, instead of this supertax beginning as at present, with incomes of $25,000 a year.

With this new graduated scale of income tax rates rising finally to 16d on the pound, the total income tax, in certain cases, would be as high as 32d (12.8 per cent).

Elsewhere in his budget speech, the chancellor is reported as having stated that the proposed taxation would be leviable upon all incomes derived from investments made in the United Kingdom or elsewhere, as long as the recipient is a resident in the United Kingdom. The report is that the result of this increased taxation will be the emigration of a considerable number of those whose taxes will be largely increased to some one of the over-seas dominions of the Empire. There is, of course, a limit beyond which increased taxation ceases to be productive of increased revenue. Whether that limit has been reached in the United Kingdom or not, The Daily News has no means of knowing, but 12.8 per cent in addition to the other taxes levied, the taxes on real estate, for instance, payable by the same party, would seem to be a large measure of taxation.

EDITORIAL NOTES.

Col. Hughes, minister of militia, is a lover of peace, but at the same time he believes in an effective militia force in case of eventualities.

Those 700 Hindus who are on their way to British Columbia are likely to have the pleasure of returning home by the same ship without having had an opportunity of placing foot on Canadian soil.

The King's uncle is to be succeeded in the governor-generalship of Canada by the Queen's brother. Canada will thus remain in close touch with royalty.

The people of Canada will regret the departure of H.R.H. the Duke of Connaught. During his term as governor-general he has upheld the best traditions of the office.

The first issue of the Revelstoke Mail-Herald since the fire which destroyed much of the plant and also the first under the editorship of Mr. E. G. Rooke, late of The Daily News, has just come to hand. It looks like a newspaper. And it is one.

WHAT THE PRESS IS SAYING

Notoriety Recipe

Any man who thinks he doesn't attract much attention in this world should get out a pair of old trousers and a blue flannel shirt and do a little work on his front lawn on Sunday morning.—Detroit Tribune.

Switzerland's Navy

Long before Germany was to be reckoned with as a sea power, Switzerland possessed a fleet equipped for warfare. Eight hundred years ago, on all the large Swiss lakes, armed galleys were maintained by the rival cantons. Skilled shipwrights had to be imported from Genoa for the construction of these vessels, some of which carried crews of 500 men. The largest Swiss flotilla was maintained on the Lake of Geneva, when the inhabitants of Geneva were at war with Savoy. Since the neutrality of Switzerland has been guaranteed by the powers there has been no need for warships on the lakes. The Swiss, however, possess a mercantile navy, which carries a considerable amount of trade over the 342 miles of navigable waterways in the republic.—London Chronicle.

Lots of Good Exercise

Nationalist volunteers are reported to be drilling in thousands, with a view to offsetting the effect of the drilling of the opponents of home rule. The result of all the drilling in the Emerald Isle ought to be a marked improvement in the physical fitness of Irishmen generally.—Winnipeg Free Press.

THIS DAY IN CANADIAN HISTORY

There arrived at Kingston one day in the year 1799 John Strachan, a young man from Aberdeen, recently the parochial schoolmaster of Kettle, in Scotland, and destined to become first Bishop of Toronto, and the founder both of King's college (from which the University of Toronto was developed) and of Trinity college.

His father, overseer of certain granite quarries, was poor, but cherished ambitions for his son, who was educated in the grammar school and King's college of his native city. The young man indeed was of a sufficiently forceful character to rise with little help. Invited to Canada by Hon. Richard Cartwright, who wanted a tutor for his sons, he opened a school, which he kept successively at Kingston and Cornwall before removing it to York, in 1812, when he became rector of that town.

This day happens to be the hundred and seventh anniversary of his wedding to Mrs. Ann McGill, a well-to-do widow, whose maiden name was Wood.

Dr. Strachan, as missionary, churchman and politician, never spared his labors, yet lived to the good old age of 89.

SECRET MESSAGE CAUSES ALARM

(Continued from Page One.)

warships remained at Tampico. Both federals and constitutionalists earlier had invited the oil men to return under promise of protection and Gen. Huerta had issued an order to federal officials in the Tampico district to this effect. To avoid risk, the British ambassador here today sent instructions to the returning operatives not to attempt to land at any port until the British warship commanders received instructions that such landing was safe.

British Oil Owners Benefit

Representatives of oil interests told Secretary Bryan that owing to their enforced absence from Mexico transfer of their oil leases was being made to rivals. This was understood to mean that British concessionaries are the beneficiaries. It is understood that these titles are being transferred in Mexico City and some of the Americans claim they face financial ruin in consequence. The story was current in some quarters that British contributors to a fund for Gen. Huerta which is being deposited in Paris were among those to whom title of American holdings is being transferred.

Britisher Jailed by Maas

(By Daily News Leased Wire.)

VERA CRUZ, May 7.—G. H. Coxson, an Englishman, manager of the Vera Cruz Street Railway company, is a prisoner of Gen. Maas at Soledad. Mr. Coxson was detained at Soledad and ordered not to leave without permission of Gen. Maas. He secured a horse, however, and attempted to escape but was recaptured and returned to Soledad and placed in prison.

Villa Wants Some More Arms.

(By Daily News Leased Wire)

TORREON, Mexico, May 7.—A plea for the lifting of the embargo on arms as the swiftest and most humanitarian method of bringing peace to Mexico was made in an interview today by Gen. Villa, general-in-chief of the constitutionalists.

"The embargo is protracting this struggle uselessly," he said. "I hope the American government understands that the placing of the embargo is interfering seriously with the plans of the constitutionalists. Gomez Palacio, Torreon, San Pedro de Las Colonias, and even Monterey were constitutionalist successes due to the brief lifting of the embargo. Mexico should be pacified. We cannot gain this end quickly while we suffer from lack o' ammunition.

"We can continue this struggle for better social and economic conditions in Mexico by capturing our ammunition from the enemy, as we have done largely in the past, but such a method would necessarily drag the war over a long period."

HIGH SCHOOL BALL TEAM TO PLAY RIONDEL

The high school baseball team will go to Riondel tomorrow to try conclusions with the Bluebell boys. The school team has not lost a game this year and the Riondel enthusiasts are reputed to have a good team, so that a fast exhibition of the game may be expected.

Beside the team a contingent of followers of both sexes will go to cheer them on, chaperoned by Mrs. B. P. Steeves and Mrs. Scott. The launch will leave Elford's boathouse at 8 o'clock. The team will be: E. Brasch, H. Gibbs, H. Nagle, G. Roe, R. Maurer, W. Ferguson, C. Bradshaw, Corey, McLeod, Spares, Thomas and Wilkinson.

STARK BEAT GUTHRIE

In the Curlers' Bowling legue T. D. Stark's team last night defeated Chief Guthrie's team by 230 pins. W. A. Williamson was high man with 167 and A. J. Dill had high average with 439. The scores:

Guthrie.

G. Melrose	100	100	100—	300
D. H. Proudfoot	165	91	80—	336
G. G. Thurman	100	100	100—	300
Dr. J. W. Frank	112	104	123—	339

J. Cartmel	92	106	94—	292
T. G. Stark	124	137	128—	389
	561	635	623—	1,819

STILL DOUBTFUL IF POLO TEAM WILL COMPETE

(By Daily News Leased Wire)

LONDON, May 7.—A meeting of British polo experts was held today at the residence of Baron Wimborne and it was determined to await the result of next Saturday's trial match by Lord Wimborne's team and that of Walter S. Buckmaster, before deciding definitely whether a team composed of England's best available material would have any chance of recovering the international polo trophy, if sent to Meadowbrook next month.

Before this decision was reached the prospects of a British team in America were reviewed carefully. Lord Wimborne's players were defeated yesterday at Ranelagh, 9 to 6, by a team consisting of Mr. Buckmaster, Mr. Grenfell, Capt. Leslie S. Cheape and Lord Wodehouse. In the game to be played next Saturday Lord Wimborne's team will meet either the same men or a team composed of equally good players.

AT THE THEATRES

Theatre-goers were given a decided treat when Miss Verna Felton last night again demonstrated her versatality, appearing as Glad in "The Dawn of a Tomorrow." Her interpretation of the character was more than clever and brought forth continuous applause from the large and appreciative audience. It was clearly demonstrated that Miss Felton is without a doubt Nelson's favorite actress. Norman Fusier as Sir Oliver appeared to great advantage and gave an excellent presentation of the part which was greatly appreciated. H. Irving Kennedy as Dandy made a decided hit with the audience and gave a most lifelike depiction of the life of a young man brought up in the slums of London. The other members of the company gave exceedingly good support.

Tomorrow night will be presented the feature play of the week "A Fool There Was," which is a dramatization of Kipling's "The Vampire."

The Duchess of Sutherland has joined her mother, the Countess of Lanesborough, in Paris.

Exclusive Ranch Listings

Splendid Propositions at Right Prices

We Have for Sale

A very attractive Property, situated within six miles of Nelson, consisting of Forty Acres, partly improved. All fenced; about eight acres cleared; abundant water supply. "TIZ" FIXED MY SORE, TIRED FEET

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn pestered, bunion-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel all tired out—just try "TIZ:" It's grand — Your feet will dance with joy; no more pain in corns, callouses and bunions. There's nothing like "TIZ". It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25-cent box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

NEW HOME TREATMENT FOR REMOVING HAIR

(Modes of Today)

The following formula is now almost universally used by beauty specialists for banishing fuzzy or hairy growths from the chin, lip or cheek: Get from a druggist a small original package of delatone and mix enough with water to cover the hairs not wanted. Apply and in about two or three minutes and with it comes every bit of the hair. The skin should be washed following this treatment to remove the remaining delatone. Be careful to get the real delatone; otherwise you might be disappointed.

YOUTH IN OLD AGE

POSSIBLE WITH PROPER CARE

A few generations back a man at 50 was considered old, grey-bearded, and waiting for death. Note the change today; at a meeting of the Medico-Legal society it was stated that a man of 50 ought to have 40 good years ahead of him, and, thus, at ninety he is in the fulness of maturity.

What if you have seen 60 or even 70 birthdays—temperate habits, fresh air and exercise, with a simple diet and a sufficient amount of sleep will guard your health.

If, perchance, your circulation is poor, if you become run down—weak and no appetite—nothing in the world will tone up those tired backsliding organs—enrich the blood and create strength so quickly as our delicious cod liver and iron tonic Vinol.

We ask every feeble, discouraged old person in this vicinity to try Vinol on our agreement to return their money if it fails to give satisfaction. William Rutherford, Druggist, Nelson, B. C.

AUXILIARY MAKES ITS ANNUAL GRANTS

Money Voted for Missionary and Other Purposes—Mrs. F. A. Starkey Elected President.

The second day's morning session of the Woman's auxiliary annual meeting was opened in St. Saviour's parish hall yesterday with hymn and litany, conducted by Rev. H. W. Simpson of Rossland. Thirty-three officers and representatives were present. The business of the morning was principally considering pledges and special appeals and allocating the money which had to be voted and which worked out as follows: $25 to Hay river new school (Canada); $31.25 to furnishings of Palampur hospital, Rangra, India; $39.50 to the Raifeny City church, Honan, China; $36.90 to the general fund for kindergartens in Japan.

A vote of thanks was passed to the Nelson ladies for their hospitality and to Rev. H. W. Simpson, the church wardens of St. Saviour's, J. H. D. Benson, Miss Elliott and The Daily News.

Greetings were sent from the Kootenay diocesan branch to the Okanagan deanery meeting to be held May 25 and 26. The election of officers for the ensuing year resulted as follows:

Hon. president—Mrs. Beer.
President—Mrs. F. A. Starkey.
Recording secretary—Mrs. W. J. Astley.
Treasurer—Mrs. R. M. Bird.
Corresponding secretary—Mrs. Applewhaite.
Dorcas secretary—Mrs. H. M. Cobbett.
Junior secretary—Mrs. Hayman of Grand Forks.
Secretary babies' branch—Miss Hamilton of Kaslo.
Leaflet editor—Mrs. H. M. Bird of Nelson.
Leaflet secretary-treasurer — Mrs. Niles of Trail.
Literature secretary—Miss Paffard of Queens Bay.
United thank offering secretary—Mrs. Caesar of Okanagan Centre.

Delegates to the triennial convention to be held at Vancouver in September next—Mrs. R. M. Bird, Mrs. Applewhaite, Mrs. Cobbett.

Substitutes—Mrs. Beer, Mrs. Caesar and Mrs. H. Bird.

Tea was served after the closing of the sessions by the executive of the diocese.

J. V. MURPHY,
District Passenger Agent, Nelson, B. C.

Made these shoes impossible. But Inez told me of **Blue-jay.**

I applied it and the pain stopped in a moment. In 48 hours all three corns came out.

No soreness whatever. I never thought of the corns from the moment I used **Blue-jay.** And now they are gone, to never return, unless tight shoes cause new ones.

This is the story of millions of corns which have been ended by Blue-jay. It will be the story of your corns when you use this one right method.

Don't pare them. Paring never ends a corn. Use the modern method.

A famous chemist, by inventing **Blue-jay**, has made corn troubles needless. Blue-jay takes corns out, without any trouble, without any annoyance. Apply it in a jiffy, then forget the corn.

It is taking out about one million corns a month. It is the method now used and endorsed by physicians. You owe to yourself a test.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands. W. W. CORY,

Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

NOTICE

The strike at the Queen mine, Sheep Creek, B. C., is still on. All working men are warned to stay away until the strike is settled.

By order of the Ymir Miners' union
W. B. M'ISAAC.

Ymir, B. C., June 27th, 1912. 66-tf

NEWS OF THE MARKETS

NEW YORK STOCKS DULL AND FLAT

Quotations After Slight See-Saw Movement Close With Small Losses—Few Weak Spots Shown

(By Daily News Leased Wire)

NEW YORK, May 7.—The narrow and variable movement of stocks today had little effect on the general level of prices. The market was as dull and flat as during yesterday's session and traders made no attempt to force it out of the groove in which it has travelled for several days. Quotations went alternately up and down, ending with small losses. London cables quoted lower prices for the international shares and reported selling in that market by Paris and New York. Taking their cue from this quarter traders made experimental offerings and succeeded in uncovering a few weak spots. Shares which recently have been heavy, such as Northern Pacific, Missouri, and Baltimore & Ohio were most susceptible to pressure. Elsewhere little effect was produced, and professional selling failed to bring out any volume of stock.

With the exception of the government crop report, there was no news of importance in relation to the financial markets.

The list receded to the lowest of the day in the last half hour, after the crop figures had appeared.

The sale was announced of $8,000,000 Chicago & Northwestern general mortgage fours and it was said other large roads would soon enter the market for funds. Slackness of the demand for money for commercial purposes was reflected in a further shading of loans for short terms.

The following New York stock market quotations are supplied by Osler, Hammond & Nanton, Winnipeg.

LIQUIDATION IN IRON FORCES SHARP DECLINE

(By Daily News Leased Wire)

MONTREAL, May 7.—Dulness prevailed on the stock market today and the lists sagged a little further. The movement as a whole was narrow as on previous days of the week, and with the exception of Iron there was no sign of selling pressure of any importance. The demand for stocks, however, continued light, and such offerings as came into the market were absorbed only at concessions. Closing prices in most lines were shaded a slight fraction from the previous day. Iron, the most active of the day, came into prominence in the afternoon. After closing an inactive session in the morning at 25¼ the stock came freely on the market in the afternoon and liquidation of about 600 shares forced a decline to 24¼. Dealings on the balance of the list were quiet. Power declined ¾ to 219½.

GRAIN

BULLS ACTIVE ON EARLY WHEAT MARKET

(By Daily News Leased Wire.)

WINNIPEG, May 7.—Wheat prices opened strong on firm Liverpool cables and a good export demand, some good sales being effected in the early hours. The unfavorable weather in the Canadian west supported the bullish tendency. Later there was practically nothing doing, traders awaiting the United States government report which was issued at 1.15 p.m.

Minneapolis market was strong, some apprehension being apparent there owing to the cold unseasonable conditions in the northwest states. Chicago market was steady, the abnormal crop conditions in the winter wheat belt checking the bullish sentiment. At Liverpool there is a growing scarcity of spot wheat; light world's shipments are expected; Russian offers are light, and closing cables were ½c higher. Paris closed unchanged, Berlin 1c up and Antwerp ⅝c advance.

Winnipeg wheat opened ¼ to ½c higher and closed ⅛ to ½c higher. Minneapolis opened ¼ to ⅜c higher and closed ⅛ to ⅝c higher. Chicago opened ⅛ to ¼c higher and closed unchanged for all months. Winnipeg oats held steady, while flax showed decidedly weak, being 1¼ to 1½c lower at noon.

Cash wheat closed ⅜c advance for contract grades. Cash oats closed unchanged to ⅛c lower. Cash barley closed unchanged. Cash flax closed 1⅞c down for the three grades.

Wheat close—May 92¾, July 94, Oct. 87¾.

Oats—May 37⅛, July 37⅜.

Flax—May 1.34¾, July 1.37¾, Oct. 1.39⅞.

Minneapolis—May 90, July 90¾, Sept. 86⅝.

Chicago—May 93⅝, July 85⅝, Sept. 84⅝.

NEW LAID EGGS RISE TO FORTY CENTS DOZEN

Hazlewood Butter Drops to Forty Cents—Spinach and Rhubarb More Plentiful

New laid eggs are very scarce just at present and have risen from 35 to 40 cents. Hazlewood butter is cheaper, having dropped from 45 to 40 cents. Spinach and rhubarb are more plentiful and show a corresponding drop in price.

WANT AD HOROSCOPE

May 8

It was on this date in 1429 that Joan of Arc raised the seige of Orleans.

The governing sign is Taurus and the planet is Venus. This planet represents the life of the earth and is called the star of existence.

Women of this birthdate make excellent housekeepers and indulgent mothers. As wives they are apt to be suspicious and jealous. They are good cooks but inclined to extravagance. They are fond of dress and will succeed in business as milliners and dressmakers.

Both men and women of this birthdate will be successful on the stage.

The Want Ads are favorably governed this coming week for the sale of rooming houses, stores and all kinds of real estate.

ARE YOU NERVOUS? ARE YOU PLAYED OUT?

If Your Recuperative Power Seems to Have Left You, You Need

PHOSPHONOL

Today and not tomorrow, is the day to put a stop to that gradual slide you are taking down a long hill of ill health.

Out of tune with everything? Mentally and physically depressed? Lack the desire to perform your duties? Feel that you need to be bolstered up, but can't tell what is the matter?

You need a quick, nerve-building tonic—one that checks decline—steadies your nerves—one that puts you on your feet again.

Today you should get a box of Phosphonol.

The Schobell Drug Co., St. Catharines, Ont. Price, $3.00 box; 2 for $5.00. Sold in Nelson by the Poole Drug Company.

LAND REGISTRY ACT.

Application No. 18542A.

Take notice that an application has been made to register John V. Althoff as the owner in Fee Simple, under a Tax Deed from The Assessor of the District of Nelson to William P. Tierney, bearing date the 20th day of November, A. D. 1914 and Conveyance dated 28th November 1913 from the said William P. Tierney to the said John V. Althoff of all and singular those certain parcels or tracts of land and premises situate, lying and being in the Kootenay District in the Province of British Columbia, more particularly known and described as Lots 1 and 2, Block 25, Nelson City, Map 266A.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument; and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the first publication hereof, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration you and each of you, will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said John V. Althoff as owner thereof in fee.

Dated at the Land Registry Office, Nelson, Province of British Columbia, this 21 st day of April, A. D. 1914.

SAM'L R. ROE
District Registrar

HARROP-NELSON FOOTBALL GAME WAS EXCITING

(Special to The Daily News.)

PROCTOR, B. C., May 7.—A very enjoyable game of football was played at Proctor yesterday between a combined team from Harrop and Proctor and the Nelson intermediate team. The latter came up in Mr. West's Ford and Boy, and after an even game defeated the local boys by 2-1. A Lane (captain), who played a good dashing game throughout, and P. Bamber scored a goal each for the winners, and Arthur Wolstenholme, who, with his brother Allan, played well for the home side, scored for the losers. E. S. Brown kept goal in splendid style and was in no way responsible for the losers' defeat, which was due to lack of combination and weakness in front of goal. Harry Severn refereed the match. A good crowd of spectators included a large number of ladies. After the match both teams lined at the Outlet hotel. The teams lined up:

Harrop-Proctor—Goal, E. S. Brown; backs, A. Walton and A. Mackereth; half-backs, C. Kennedy, P. Hames and J. Dozenberger; fonwards, H. Kennedy, O. Ogilvie (captain), Arthur Wolstenholme, Allan Wolstenholme and L. Ogilvie.

Nelson—Goal, J. Lundy; backs, A. Spear and W. Hull; half-backs, B. Chouette, J. Rothery and H. Marshall; forwards, M. Smith, T. McLaughlin, A. Lane (captain), P. Bamber and C. Smith.

George Beaumont was up from Nelson yesterday and caught a nice salmon weighing about 8 lbs.

LARDEAU FIRE WARDENS TAKE OATH OF OFFICE

(Special to The Daily News)

LARDEAU, B. C., May 7.—A. M. Black, chief fire ranger, passed through on his way to Howser, where he had to swear in the fire wardens for the districts on this branch, Earl Stevens at Howser and John Hominson at Lardo.

Arthur Cody has come down from the hills, accompanied by John Duffy and a small cub bear.

Miss Nancy Marsden of Meadow Creek passed through en route to Halcyon Hot Springs, where she will take up her residence.

John McCallum of Meadow Creek, accompanied by his daughter, Mary Donaldson, are visiting Mrs. McCallum's sisters, Mrs. Thomas Jerome and Mrs. Emily Leslie of Nelson.

VERNON CUSTOMS GOOD

(Special to The Daily News)

VERNON, B. C., May 7.—Dutiable goods entered at the port of Vernon during the month of April were valued at $8,971, on which duty totalling $3,393 was collected, bringing the total customs collections for the first quarter of the calendar year to $18,790. Free goods and settlers' effects worth $2,227 were enteerd here during April.

There It Is!

Chemical analysis of an ordinary cup of tea shows that it contains about 1½ grains of the drug caffeine (coffee also contains caffeine).

Actual Government test has demonstrated that 5 grains of caffeine were sufficient to kill a rabbit.

Of course, human beings are stronger than rabbits, but there are few people who can drink tea or coffee regularly without sooner or later feeling the effects of caffeine poisoning, commonly shown in headache, indigestion, biliousness, sleeplessness, heart agitation and other ills.

Thousands of people, tired of tea and coffee troubles, have found relief by changing to

POSTUM

Made only from choice whole wheat and a bit of molasses, POSTUM is a pure food-drink with a delicious taste. It contains nourishment, including the vital phosphates grown in the grain, but is absolutely free from the drug, caffeine, or any other harmful substance.

Postum now comes in two forms:

REGULAR POSTUM—must be boiled. 15c and 25c packages.

INSTANT POSTUM—a soluble powder, requires no boiling. A spoonful stirred into a cup of hot water makes a delicious beverage instantly. 30c and 50c tins.

The cost per cup of both kinds is about the same.

There's a Reason" for Postum

Canadian Postum Cereal Co., Ltd., Windsor, Ont.

PREPARE FOR WAR TO INSURE PEACE

(Continued from page one.)

out liberty, no liberty without law and order, no law and order without power to enforce, no power to enforce without an army, no army without taxation and therefore no civilization without taxation."

He declared that the idea that raising a militia force was breeding militarism was a fallacy. He declared that the soldiers did not start the wars. The modern war was instigated by industrial institutions. Sometimes wars were started by clerical fanaticism, by legal controversies, sometimes by newspapers, but never by soldiers.

Even were eternal peace the rule, he would stand by his cadet system, his armories and his military training. At a recent Palma trophy match in Ottawa, Sir Wilfrid Laurier, leader of the opposition, had declared that every man should be furnished with a rifle, a horse and saddle, should be able to shoot straight and all should be trained in manoeuvring and that rifle ranges should be provided for every unit of the militia.

Laurier Plan Costly

"I am entirely in accord with the views of the right hon. gentleman," said Col. Hughes amid laughter, "but as this would involve a direct expenditure of $450,000,000, such a worthy ambition will have to be approached gradually."

Col. Hughes stated that in the past year 44,600 cadets, ranging in age from 16 upward, had been equipped and trained. These boys, he declared, would make good soldiers and would be a great asset for the defence of Canada.

Col. Hughes said that during the last year 12,000 school teachers had been trained so that they were now able to give the children military instruction. Since he assumed office, 17,000 certificates had been issued to officers and teachers. There had been much criticism of the construction of drill halls. Nevertheless they were much needed. The department at the present time had before it applications for 1,000 drill halls, only 25 of which could be built this year.

Drill Halls for Meetings

He said that he had allowed drill halls to be used for political purposes for either party. He did not see any reason why, if the member for Rouville (Hon. R. Lemieux) came to Lindsay, he should not be allowed to speak in the drill hall.

"Why should I not get one of your automobiles?" asked Mr. Lemieux.

The minister retorted that the cheap automobile used by the department of militia would not suit the ex-minister.

"Since confederation," Col. Hughes said, "$5,000,000 has been spent on the construction of drill halls. The city of Toronto has this year spent $3,000,000 on the building of schools alone."

"Don't you think schools are better than drill halls," asked E. B. Devlin, Wright.

"I think both are necessary," replied the minister. Col. Hughes went on to say that in towns possessing a drill hall there was not so much gadding about the streets by the boys and girls. The drill halls, he said, became the rendezvous of decent people and the centre of the home community.

Fifty Halls Built

The amount spent on drill halls since the Conservatives came into power was $2,360,000. Fifty drill halls had been constructed. In many cases free sites had been given.

The cost of drill halls has been criticized, said Col. Hughes, but he would draw attention to the fact that the cost of every mile of the National Transcontinental railway would have been enough to pay for 10 drill halls and the total cost of the railway would have placed one every 170 yards across the continent. The Newmarket canal would have built 100 drill halls.

"How many would the last joy trip to Europe have built," asked Hon. Mr. Lemieux.

"Yes, that would have built two and the automobiles would have built exactly one," retorted Col. Hughes, and the house laughed heartily.

Democratic Militia Ideal

Col. Hughes commended the military training work that was being undertaken at Canadian universities, at Laval, Queens and elsewhere. He remarked on the fact that an old friend of Queens, Major Leonard, proposed to spend $600,000 there on a scheme of residences and he thought that incidents like these show the spirit that was abroad in the land. The country would eventually have the services of hundreds of trained professional men who would enter the militia.

The question was asked if it was possible to have a democratic army. He did not believe that there could be a democratic standing army, but he did believe that a democratic militia was possible, that would be the equal if not the superior of any standing army in the world.

Turning to the question of appointment of honorary colonels, the minister said that his predecessor in office, Sir Frederick Borden, had appointed 104 honorary colonels without previous rank, and 70 with previous rank. This was a total of 174. He himself had appointed 45 without previous rank and 40 with previous rank, a total of 85. Col. Hughes said that when he saw a man who was noted for special work, he was glad to be able to enlist his services.

Is Against Standing Army

Col. Hughes went on to say that the permanent force of the Dominion number 3,000 and the militia 77,000. There had been much talk about militarism. He would like to have it understood that he had never been in favor of a standing army. There was no danger to a country in having the citizens trained. The danger lay in a permanent force removed from industry, when the public was not trained, but was like "rooters" along the edge of a football field.

There was a danger that unless these officers were constitutionally trained they might be induced to carry out the will of some oligarchic government or some autocratic upper house, or some divine right ruler. But if the citizens of the country were trained there was no danger of a coup d'etat.

Summing up the trained forces of the Dominion, the minister said that the militia numbered 77,000; cadets, 4,000; rifle club members, 23,000; reservists, 500,000; organized corps for which there was no equipment, 78,000; and trained teachers, 12,000; or a total of 694,000.

Expense Per Cent. Decreases

At confederation it was laid down that the maximum expenditure for militia should be 10 per cent. of the revenue and the minimum was one-third per cent. In 1905-06 the militia expenditure had been 7½ per cent of the revenue; in 1910-11, 6 per cent.; in 1911-12, 5¾ per cent; in 1912-13, 5 2-3 per cent.; in 1913-14 the same. Thus the two years of his administration had been shown the lowest percentage of expenditure on militia in the history of the Dominion.

Col. Hughes said that when he took office the equipment and stores of the department were exhausted and had to be replenished. Many things had since contributed to the cost of running the department, including the increased pay for horses and men, the development of the cadet movement, the payment of Fenian raid grants, but, nevertheless, the department was responsible for the spending of only 5 2-3 per cent. of the revenue. This was far within the 10 per cent. which it was given at the time of confederation. A feature of this expenditure, he said, was that it was more evenly distributed throughout the country than that of any other department.

Lemieux Emperor of Japan.

The minister dealt at length with the cost of sending officers to England for training. He quoted figures to establish that between 1907 and 1911 the average annual expenditure had been $32,899. For the first year he was in complete charge this dropped to $10,000, due to the fact that militia officers were sent while officers of the permanent force were trained in Canada. Last summer 21 officers went abroad at a cost of $24,620. They saw the manoeuvres at Aldershot, also in Germany, France and Switzerland.

"Is it true you were taken for Lord Kitchener?" asked Hon. R. Lemieux.

"I understand the hon. gentleman was once taken for the emperor of Japan," retorted the minister, amid general laughter.

Kootenay and Boundary

TRAIL PREPARES FOR VICTORIA DAY

Splendid Program of Sports Will Be Offered to Visitors at Smelter City.

(Special to The Daily News)

TRAIL, B. C., May 7.—The various committees in charge of the Victoria day celebration, May 25, met in the city hall on Wednesday night and reported on the progress made toward the event. It was decided to hold children's sports in the morning from 9 to 12 o'clock. During these hours a wet hose reel test will be pulled off on Cedar avenue, open to any team. A special committee of three will be named to look after this.

The football game will commence at 1 p.m.; lacrosse, 2:30 p.m.; baseball, 4:30 p.m. There will be a series of Caledonian sports. All of these will take place on the grounds across the river. The band will be in attendance throughout the day. A big dance will be held in the Swartz hall in the evening. Arrangements will be made for a train leaving Rossland in the morning and returning about 7 p.m. The regular train will also go down to Trail at 10:30 p.m. for the accommodation of those who wish to stay later.

Mrs. F. G. Morin last night received word of the death of her father, F. Bousquit, an old-timer of Spokane, and left for there via Sayward this morning.

G. R. Thompson, Canadian Pacific railway agent at Smelter, left last evening for the coast.

A. G. Larson, M.E., of Vancouver, was a Trail visitor during the week.

A. Sutherland, boiler inspector, of Nelson, was over on business Tuesday.

Mrs. E. W. Hazelwood entertained a few young people at cards on Tuesday evening in honor o. her guest, Miss Ruby Stewart, of Selkirk, Man.

WYCLIFFE PEOPLE FILE ON CUT OVER TIMBER LANDS

(Special to The Daily News)

WYCLIFFE, B. C., May 7.—Several people from this section of the country were in Cranbrook on May 1 to file on the land that was thrown open for settlement on that date. A number were able to file, among them being Messrs. Gustafson, Johnson, C. Conover, Wright, Sederholm and Miss Oman.

Born, to Mr. and Mrs. Charles Smith on April 26, a son.

The Methodist Ladies Aid society held its fortnightly meeting at the home of Mrs. G. F. Heath on Thursday afternoon, with a full attendance present. The ladies are planning a social evening on May 11 at the clubhouse. A short musical program will be given, followed by games and refreshments. It is hoped there will be a large attendance as the object is to raise funds for a worthy cause.

Mr. and Mrs. Munn of Calgary were visitors at the Bennett ranch last week with a view of purchasing it.

Andy Anderson, millwright at the Staples mill, got some emery embedded in the eyeball last week, necessitating his seeing a physician in Cranbrook, who was able to remove the foreign substance.

George Davis, the postmaster, was a visitor in Spokane for several days the past week.

G. F. Heath attended the annual roll call and social in Cranbrook on Monday evening of the Key City lodge of the Independent Order of Oddfellows.

Mr. and Mrs. Sterling Staples, who have been in Cranbrook for a couple of weeks, returned home Saturday.

Capt. and Mrs. Carathurs of the Salvation Army were in town several days the past week and gave an entertainment at the schoolhouse Thursday evening consisting mainly of views of the "Life of Christ." They also visited Marysville and Kimberley during the week. While in town Capt. and Mrs. Carathurs were the guests of Mr. and Mrs. McDonald.

H. W. Davis, secretary of the Otis Staples Lumber company, returned Saturday from a trip of about a week to Winnipeg and Minnesota points.

Two new employes have arrived and are at work with the Otis Staples Lumber company, Andrew Hagen in the capacity of saw filer and David Guthrie as chief engineer.

Hugh Buchanan has been confined to his home a couple of days this week suffering from a severe strain received while at his work in the mill.

The home of Mr. and Mrs. William Crosby was the scene of a merry gathering last Wednesday evening when a large number of their friends gave them a surprise, the occasion being their tenth wedding anniversary. The evening was spent in playing childhood games and in consuming a delicious three-course lunch. Rev. A. B. Lane presented Mr. and Mrs. Crosby on behalf of the party with a bread mixer.

Thomas Elmore Lucey appeared at the club house on Saturday evening under the auspices of the Methodist church as an actor, artist and impersonator.

Born, on May 3, to Mr. and Mrs. Gustafson, a daughter.

There was a large attendance in the Marysville schoolhouse last Sunday on the occasion of the baptism of little Muriel Herchmer. Rev. A. B. Lane officiated.

Bills are out announcing a dance to be given at the club house on the evening of May 12 by the members of the club. Music will be furnished by a Cranbrook orchestra.

REVELSTOKE TO BUILD NEW POWER UNIT

Tenders for Machinery Aggregating Seventeen Thousand Dollars Are Let by City Council.

(Special to The Daily News)

REVELSTOKE, B. C., May 7.—At a special meeting of the city council on Monday night tenders were let for the machinery for the new power unit. The successful tenderers were:

For turbine, Escher, Wyss & Co., Montreal; price $10,300.

For generator exciter and switchboard, Canadian Westinghouse company, Hamilton; price $6,993.

There were in all 16 tenders and six representatives of the various companies have been in Revelstoke interviewing the city council and explaining their plans to City Electrician North.

REVELSTOKE ROBBERS MADE CLEAN GETAWAY

REVELSTOKE, B. C., May 7.—Their footsteps traced by Chief of Police H. M. Parry and Constable Garnett from the scene of their crime to the railway bridge over the Columbia river and afterward seen by hoboes at a camp at the Big Eddy, the two burglars who early on the morning of April 28 blew the safe at the postoffice and escaped with booty consisting of three gold watches and two chains, the property of Postmaster Young, $150 in gold and notes and agreements of sale and other papers, the property of Mrs. Scafe, assistant postmistress, have since disappeared. The police are working diligently on the case; $50 reward has been offered by the city for information leading to the apprehension of the culprits and their description, so far as known, and a description of the property stolen has been circulated by Chief Parry among the police forces where the safe-blowers are likely to be seen.

Soon after the burglary a freight train passed going west. This was pursued and overhauled by Chief Parry at Craigelochie, but no trace of the culprits was to be found. On his return the chief raided a hobo camp at Big Eddy and arrested 20 men, and although some of the hoboes reported having seen men answering to the description of the safe-blowers the robbers were not among those arrested.

Rev. J. H. Sheppard, railroad chaplain in charge of the district from Glacier to Sicamous, is stationed in Revelstoke and is holding Church of England services at points where his services are desired. Last week what is believed to have been the first Church of England service ever held at Salsqua was conducted there by Mr. Sheppard, the congregation, which met in the schoolhouse, being surprisingly large.

Mr. Sheppard, who comes from the diocese of Toronto, was for 22 years rector of Coldwater, Ont. He has been granted a year's leave of absence, which he will spend in missionary work in the west.

SCHOOL REPORT FROM COLUMBIA GARDENS

(Special to The Daily News)

COLUMBIA GARDENS, B. C., May 7.—The following is the report of Columbia Gardens school for April:

METHODIST CHURCH DEBT REDUCED

Trustee Board Reports Property Is Valued at Forty-Six Thousand Dollars—Women Did Good Work

At the annual congregational meeting of Trinity Methodist church last evening the trustee board, through A. D. Emory, treasurer, reported the total value of property to be $46,000, with a total indebtedness of $9,150, which shows a material reduction in the outstanding indebtedness during the past year. The quarterly official board, through Dr. W. B. Steed and A. T. Walley, reported that the total contributions for the year were $2,800 and the anniversary offering $1,500.

During the year over $8,000 was raised for all purposes and the accounts showed a slight balance on the right side. Financially, the past year was very successful, the report said. Mr. Walley reported that the average envelop contribution per Sunday had been $69.25, and urged that an effort be made to raise this amount to $80.

The report of the Ladies' aid, presented by the president, Mrs. Wilkinson, showed that the society had a membership of 40, and had raised during the past year $648.22. The indebtedness on the organ had been reduced to $1,000, which the aid expected to pay off during this year.

The Sunday school report showed a membership of 327 and 20 teachers and officers. The average attendance for the year was 268, total receipts $646.69, and a balance of $107.68 was brought forward.

The Epworth league reported a membership of 85, total receipts for the year being $110.

The Women's Missionary society showed a membership of 72, with a cradle roll of 20 and mission band of 40. Receipts for the year amounted to $254.60.

The pastor, Rev. R. J. McIntyre, who leaves on Saturday night for the annual conference at Kamloops, was formally invited by the congregation to spend a second year in Nelson.

At the close of the meeting refreshments were served by the Ladies' aid.

SIX-POUND SALMON TROUT LANDED AT PROCTOR

HINDU STANDS TRIAL TODAY

Charged With Murdering Two of Fellow Countrymen at Bull River —Trial at Fernie

Mohammed Khan, a Hindu who, it is alleged, murdered Pahakor Singh and Shurban Singh, two fellow countrymen, at Bull River on March 10 and was committed for trial at Cranbrook on April 4 by E. A. Hill, J. P., was taken from the provincial jail yesterday morning to Fernie, where today he will stand trial at the spring assizes. He was taken to Fernie by Provincial Constable Logan.

WOULD BUILD IMMEDIATELY

Zinc Demonstration Could Commence in November—Interesting Tests Being Made at Hartford.

If the proposition of the Johnson Electric Smelting, Incorporated, which has been approved of by the Nelson board of trade, meets with the favor of the government work will commence almost immediately on the construction of the proposed commercial demonstration electrothermic zinc smelting plant at Trail and the Johnson people hope to have the juice turned on at the furnace by November 1 and the metal running two weeks later, according to W. McA. Johnson, inventor of the Johnson process of smelting complex zinc ores by electricity, who was in the city yesterday. Mr. Johnson spent Wednesday in Trail and while there chose the most suitable site for the proposed plant.

Six draughtsmen are working on the plans of the proposed commercial demonstration smelter. The patterns of the furnace and other intricate parts of the new process are three-fourths completed, castings are at least one-fourth completed, the special fire brick necessary is being made, four of the special transformers are ready at the present plant at Hartford and the electrodes are ordered.

If the plant is constructed at Trail, states Mr. Johnson, he expects to bring his whole froce from himself to his office boy out to commence operations, as they are all trained at the work and are almost as necessary at present as the intricate parts of a machine.

At the present one ton experimental plant in Hartford, which is situated on the grounds at Trinity college, where Mr. Johnson's father was at one time a professor, five chemists who have worked with Mr. Johnson since he commenced his experiments are running a test on the furnace which was commenced last Tuesday. It is expected that others will be made as mining men the world over have shown a keen interest in the process and ores are being received at Hartford from nearly every corner of the earth, he said. A shipment of Kootenay ore is to be sent to Hartford by the Dominion government for a test run and will be forwarded by George C. Mackenzie, chief metallurgist of the department of mines, shortly. The shipment will contain 40 tons, made up of H. B. carbonate ore, Bluebell zinc, iron middlings, Sullivan ore, Standard ore and some of Snyder's old stock, all of which has been chosen by Mr. Johnson during his stay in the district. The shipment is being sacked at the present time.

One shipment of ore that is being sent to Hartford, according to Mr. Johnson, is from the province of Burmah in India from a mine situated at the headwaters of the Brahmaputra river. This mine is being operated by an English concern, says Mr. Johnson, and at it is to be found the largest ore body since the days of Broken Hill. The ore is described as crypto crystallic, which is said to be the hardest kind of ore to treat.

This mine has been worked for lead and silver for 2,500 years by Chinese, and the dimensions of the hole in the ground from which they have been working are: 980 ft. long, 300 ft. wide at top, 100 ft. wide at the bottom and 300 ft. deep. The Chinese during their work at the mine built a stone roadway 1,000 miles long up the valley of the Yanktse Kiang river in order to carry supplies to and to bring ore away from the workings. The ore, according to Mr. Johnson, is very much like the ore of the Sullivan mine at Kimberley.

Such quantities of ore are being sent to Hartford for test runs that the United States government is looking on the plant as a commercial one and not as an experiment and is at times reluctant to allow the rebate usually granted on shipments of ores for experimental purposes, states Mr. Johnson.

Mr. Johnson will leave this morning for Spokane en route for Butte, Mont., where he will look over the ground in that vicinity.

SOCIETIES ARE ENTHUSIASTIC

Three Hundred Knights of Pythias Will Take Part in Fraternal Day Festivities.

The Elks, Eagles, Knights of Pythias, including the Dramatic Order Knights of Khorrassan, Veterans, Loyal Order of Moose, Ancient Order of Foresters, Y.M.C.A. and Boy Scouts will all be represented in the fraternal day parade, as well as the Scandinavian society, which has this year decided to hold its picnic in Nelson during Chahko Mika week, according to reports made by delegates at a meeting of the executive of the fraternal day celebration committee under the auspices of the Elks in Eagle hall last night.

Knights of Pythias to the number of 300 promise to take part in the parade on fraternal day in full regalia, and C. J. Archer of the Veterans' association stated that he had been assured that veterans from the Boundary, Crows Nest, Revelstoke, Rossland and Kamloops would be in attendance on the occasion. William Irvine reported for the Loyal Order of Moose that special trains would bring members of the fraternity to the city for the occasion from Rossland, Fernie, Trail and other districts and cities.

George Paterson, manager of the celebration, addressed the gathering and stated that special prizes were to be offered for the best float placed in the parade by a merchant and for the best float exhibited by a fraternal society. He reviewed some of the special attractions that had been outlined for fraternal day. He offered his services to any of the orders in designing floats for the parade and concluded with the promise that endeavors would be made to arrange for a special excursion from the Boundary on Sunday, July 12.

The next meeting of the committee will be held on June 11 under the auspices of the Moose in Eagle hall, when James Johnstone, chairman of the sports committee, will make a report on a program of sports for the day.

Herbert Keefe was in the chair last night and the following contributed to the musical program during the evening: Edgar Mason, John Keely, R. G. Joy and P. Nelson.

NELSON NEWS OF THE DAY

J. H. Glass, jr., of Penticton is at the Strathcona.

H. Giegerich of Kaslo is in the city. He is at the Hume.

James Johnstone returned yesterday from a visit to Kaslo.

A. Carney of Kaslo came in last night and is stopping at the Strathcona.

Charles F. McHardy has returned from a visit to Vernon and other Okanagan cities.

R. T. Lowery, editor of the Greenwood Ledge, is visiting the city. He is at the Hume.

A. J. Becker, manager of the Apex mine at New Denver, is in the city. He is at the Strathcona.

Members of the Nelson Equal Suffrage league are invited to attend the lecture this evening in Miners' Union hall at 8 o'clock.

Stephen Terrill will leave on the Crow boat this morning for Montreal, whence he will sail on the Andania for Plymouth, England.

C. W. Busk will leave on the Great Northern this morning for New York and will sail from that port on the Corona for Liverpool.

"THE INSTALLMENT PLAN"
"THAT AWFUL MAID"
Pearl White featured in two most laughable comedy numbers.

THE SOFT HAT

We've some very new and handsome styles in Soft Hats this spring.

We're not exploiting any particular Maker's Hats, for we've many choice styles that are the productions of different Expert Hatters.

Young men are always partial to very Smart Styles.

The Hat shown by our cut is one of the favorite shapes—but there are many others.

We've all the dapper styles, $3.00, $3.50 to $4.50.

Older men want entirely different blocks and we show all the good styles, $3.00, $3.50 to $5.00.

Fitting a man with a just right and becoming Hat is an art—nothing short of it.

SUMMER HOME SITES

Delightful camping ground; no finer sandy beach for bathing on Kootenay Lake; good boat landing; land lies between Balfour road and waterfront; good spring water; part in orchard; about one acre tracts. Five miles from Nelson. Tracts of this kind convenient to the city are hard to get. Make arrangements with me at once to show you over these properties.
