ALLIED FLEET SHELLS FORTS ON DARDANELLES

Great Explosion Caused--Warships Uninjured

TURKISH BASE IN ARABIA SMASHED

Moslem Peace Party Blames Germany, Hopes for Early Peace

(By Daily News Leased Wire.)

LONDON, Nov. 3, 11:45 p.m.—The secretary of the admiralty announces that a combined British and French squadron bombarded the Dardanelles forts at long range at daybreak this morning. The forts replied but no ships were hit, only one shell falling alongside them. The statement adds that the damage to the forts cannot be estimated but that a great explosion, accompanied by dense volumes of smoke, occurred.

Smash Turkish Base.

A state of war between Turkey on the one side and Russia, Great Britain and Servia on the other exists, yet the Ottoman government appears as a house divided against itself, one portion seemingly wanting war while the conservative element is trying to smooth over the situation arising from the attacks upon Russian ports and ships by Turkish war vessels directed by German officers.

Russia apparently has welcomed the war and will not give the Turks a chance to draw back, while the British cruiser Minerva has smashed the Turkish base of operations against Egypt at the head of the gulf of Akabah in Arabia.

A Constantinople despatch states that Servia today severed diplomatic relations with Turkey and the Servian ambassador asked for his passports.

Mohammedans Loyal to Russia.

(By Daily News Leased Wire.)

PARIS, Nov. 3, 5:35 p.m.—The Havas agency has received a despatch from its correspondent at Baku, on the Caspian sea, saying that 10,000 Mohammedans assembled in the great mosque of Baku to give expression to their adherence to Russia.

Among the crowd were a number of clergy and other notables.

After prayers for the health of the emperor and victory over all the enemies of the great Russian fatherland the manifestants drew up an address to the local governor requesting him to convey to Emperor Nicholas their homage and assurance of their desire to sacrifice their property and even their lives in defense of Russia against her old and new enemies. Particular reference was made to Turkey "whose aggression in league with the German and Austrian barbarians," the address said, "had awakened in the hearts of all Russian Mohammedans a sentiment of deep indignation. We express confidence that an undivided Russia, supported by the efforts of all her children, will come out of this struggle victorious."

Turk Blames Germans.

(By Daily News Leased Wire.)

PETROGRAD, Nov. 3, via London, 2:15 p.m.—The Turkish ambassador to Russia, before he left the capital today on his return to Constantinople, made the following statement:

"I tried with all the force at my command to convince the Russian minister of foreign affairs that Turkey was not actuated by hostile feelings against Russia and that if untoward events had taken place we were not at fault.

"I am firmly convinced that the war will be of extremely short duration and that Turkey will assume the position maintained before German influence became paramount at Constantinople."

It was learned in Petrograd today that the Turkish consul at Batum, on the Black sea, suddenly disappeared a week before the bombardment of the Crimean city.

Germans in Persia Mobbed.

(By Daily News Leased Wire.)

WASHINGTON, Nov. 3.—The German consul at Tabriz, Persia, was assaulted and took refuge in the American consulate with other panic-stricken German subjects, according to a message to the American government late today from Minister Caldeld at Teheran. American Consul Paddock at Tabriz is extending temporary refuge and protection to the German subects, but the Russians in Persia are threatening to arrest and expel all Germans.

The Persian authorities have gathered up the archives of the Turkish consulate at Tabriz and sent them to Petrograd.

KITCHENER PAYS VISIT TO FRONT..

(By Daily News Leased Wire.)

LONDON, Nov. 3.—Lord Kitchener, the British secretary of war, was in Dunkirk Sunday night, doubtless for the purpose of supervising the operations of the allied forces. He crossed from England and was in conference with President Poincare.

GERMAN AIRMAN BOMBARDS KING

Drops Explosives With Object of Hitting Albert of Belgium and President Poincaire

(By Daily News Leased Wire.)

LONDON, Nov. 3, 4.04 p.m.—A Central News despatch from northern France under date of Nov. 2 says a German airman, skimming hundreds of feet over Furnes, apparently with the knowledge that King Albert and President Poincaire were going to view the cavalry drawn up before the hotel de ville, dropped several bombs, which, however, missed the square and did but slight damage a short distance away.

Thereafter French and Belgian aeroplanes kept the sky clear of the enemy.

RUSSIANS BEGIN ATTACK ON PRUSSIA

Offensive Is Adopted All Along Line—Several Points Occupied Beyond Vistula Without Fighting.

(By Daily News Leased Wire.)

PETROGRAD, Nov. 3.—An official communication from the Russian general staff says:

"On the Prussian front the Russians everywhere have adopted the offensive. Our troops have advanced in some districts and in one place have taken two guns, a searchlight and a number of prisoners.

"Beyond the Vistula to the northwest of Poliiza our troops have advanced without fighting and have taken Schadek, Laska and Rsprza. On the front from Radoszcze and Kielce the enemy is retiring in the direction of Vloszow. At Andreyew, further to the south of Kielce, the Austrians made a more stubborn stand, but were repulsed along the greater part of the front. They lost three cannon, five machine guns and 1,500 prisoners. They maintain their positions only on the lower part of Opatowaka river.

Cross San River.

"On the lower San river our troops continue to cross to the other side. They have taken the village of Malce and a fortified position further to the north of Razwadow. They have captured two guns and some mitrailleuses. In the region of Nisko fierce fighting continues. In that section we have taken 250 prisoners.

"There is no important change on the rest of the front."

Emperor Nicholas today left for the front, accompanied by Gen. Soukhomlinoff, the minister of war.

No Fighting, Berlin Asserts.

(By Daily News Leased Wire.)

BERLIN, Nov. 3.—An official German statement says:

"In the east the operations are still in a state of evolution and there has been no fighting.

"The Russian first Siberian army corps on Nov. 1 used civilians as breastworks while destroying a bridge."

Reports Russian Success.

(By Daily News Leased Wire.)

PARIS, Nov. 3.—A statement by the Belgian war office regarding the Russian situation says:

"The Germans continue to retreat. The Russians occupy Lieuchesa, Lodz, Opicina and Ozrath. In Galicia, Russian success is reported near Lester and Madvoronca. Hundreds of prisoners have been taken as well as war material. The Russians have advanced to the west of Vladizivoff."

BRITISH SUBJECTS ARE HELD IN CONSTANTINOPLE

Ottoman Empire Wants Assurance That Triple Entente Will Not Detain Musselmans.

WASHINGTON, Nov. 3.—Until definite guarantees are given by Russia, England and France for the protection of Turkish subjects the Ottoman empire will hold practically as hostages all subjects of the triple entente powers within its territory. This was revealed in a cablegram from American Ambassador Morganthau to the state department here, dated Constantinople, Oct. 31. Assurances already had been given by the British ambassador that Turks in Egypt would be permitted to leave if they desired. A special train, which was to have left Sunday night with panic-stricken British subjects, was detained by the Turkish minister of war.

PROTEST AGAINST NORTH SEA MINES

Germans Object—British Action Recognized as First Stroke of Admiral Fisher.

(By Daily News Leased Wire.)

LONDON, Nov. 3.—The closing of the North sea to all shipping except that which places itself under the protection of the British fleet is recognized as the first stroke of Admiral Fisher, the new first sea lord of the admiralty, and as one of the most important events of the war. All cargoes destined for German or Austrian consumption must now run the gaunt-

REPUBLICANS MAKE BIG GAINS

Cannon and Penrose Among Winning Candidates

MOOSE SHOWING GENERALLY PUOR

Democrats Likely to Hold Senate Majority--Lose in New York

(By Daily News Leased Wire.)

NEW YORK, Nov. 3.—Sweeping Republican gains throughout the country, which reached a climax in this state by the overwhelming victory of Charles S. Whitman for governor and James W. Wadsworth to succeed Elihu Root in the upper house of congress, were indicated in the early returns of the general elections tonight. Heavy falling off of the progressive vote in many states, the return to congress of former Speaker J. G. Cannon, decisive Republican gains in New York and Illinois, in the house membership and the overwhelming defeat of Representative A. Mitchell Palmer by Senator Boise Penrose in Pennsylvania, were features of the early returns.

Democratic leaders, however, were pleased by a triumph in Massachusetts, where former Representative Sam W. McCall was defeated for the governorship by Governor Walsh.

Early returns indicated that the Democrats would retain control of congress with approximately no change in the senate majority, but by a decidedly reduced majority in the house. At a late hour results in Illinois, Indiana, California and Colorado were in doubt. In Illinois Roger C. Sullivan, who had the indorsement of most administration leaders, including Secretary of State Bryan, was leading in Chicago and Cook county by a large plurality over Senator L. Y. Sherman, Republican, and Raymond Robins, Progressive, but Senator Sherman was running ahead in the country districts and was claiming the election.

Senator Shively, Democrat, found in early returns a strong opponent in Hugh Miller, the Republican candidate, with former Senator Beveridge, the Progressive candidate, polling a smaller vote than had been expected. Senator Shively's vote began to pick up at a late hour and administration leaders were claiming his re-election.

Penrose Has Overwhelming Vote

In Colorado, Senator Charles S. Thomas, Democrat, was being pressed hard by Hubert Work, the Republican candidate.

The triumph of Senator Penrose in Pennsylvania over A. M. Palmer, Democrat, who was one of the original supporters of Woodrow Wilson, and Gifford Pinchot, Progressive, was overwhelming.

The senatorial fight in Kansas also was uncertain, according to early returns. Charles Curtis, former Republican senator, Congressman G. A. Neill, Democrat, and Representative Victor Murdock, Progressive, engaged in a spirited contest for the seat of Joseph Bristow.

Senators re-elected as the result of hard battles were Frank Brandegee, Republican, of Connecticut, who was opposed by Governor Simeon E. Baldwin; Albert S. Cummins, Republican, of Iowa, who defeated Representative Maurice Connoly; John Walter Smith, Democrat, of Maryland; William J. Stone, Democrat, of Missouri; Jacob H. Gallinger, Republican, of New Hampshire, who was opposed by Representative E. B. Stevens.

Underwood Elected to Senate

CESARE TO HANG HERE IN JANUARY

First Sentence of Kind in Nelson for Twelve Years

COUNSEL ASKED POLL OF JURORS

Trial Lasted Two Days--Jury's Deliberation Short--Other Cases Proceed

For the first time in 12 years Nelson was yesterday the scene of a sentence to the extreme penalty of the law when in the criminal assize court Mr. Justice Macdonald sentenced Guisseppe di Cesare, an Italian, to hang on Jan. 21 for the murder in Rossland on Aug. 15 last of Louis Bianci. The last similar sentence passed in Nelson was on Oct. 7, 1902, when Chief Justice Hunter sentenced Henry Rose to the gallows. Rose was hanged here on Nov. 21, 1902.

The trial of Cesare lasted two days and after a deliberation of about two hours the jury yesterday returned the verdict of guilty with a plea for clemency for the accused. Upon the returning of the verdict E. S. H. Winn, counsel for the accused, called for a poll of the jurors, which brought from the men the unanimous verdict "guilty."

The jury which sat during the trial was: N. M. Cummins, foreman; Arthur H. Brett, A. Campbell, R. A. Howe, Wilfred Allan, Cecil E. Crossley, H. J. Wilton, W. T. Fotheringham, George McDonald, R. D. McDonald, Edgar Mason and W. M. Lacey. C. R. Hamilton, K.C., is crown prosecutor.

Assisted at Capture.

The case lasted throughout the morning session of the court yesterday and until shortly after 3:30 in the afternoon, at which time the jury retired and the seduction charge against Long Jack, a Chinaman, commenced. The jury which is hearing the latter case is made up of W. C. Sandercock, foreman; G. Lapointe, A. G. Gelinas, C. A. Larson, W. B. McCreath, Robert Bell, J. P. Blomberg, A. W. Munro, W. C. Burrows, J. M. Armstrong, James H. Allen and R. J. Irving.

The first witness called by the crown at the continuation of the trial of Cesare was Walter Brady, an employe at the Trail smelter, who assisted at the capture. He testified to having called Cesare up from the rocks behind which he had been hidden. In reply to a question the accused had given some name that was unintelligible. The prisoner had told him that he had done the shooting but stated that "He was going to shoot me." He had been turned over to Chief of Police Downes of Trail. Cross-examined by Mr. Winn, counsel for the defense, he stated that many men were suffering from lead poisoning at Trail. He had heard of Cesare being leaded but knew nothing of reports of his being crazy. There had been very little trouble with the prisoner upon his capture, but he stated that he wanted to get across the bridge. He had tried to get away but not very forcibly. He had told witness that he was going to war.

Took Gun From Him.

Edward McDermid was next called by the crown. He had been called by Mr. Brady, who asked him to bring a gun as they had "captured the murderer." He brought his gun and they called to Cesare to come up. The prisoner sat down on a rock and when asked if he had a gun said he had and it was taken away from him. The prisoner had not wanted to go to Trail

VIGOROUS OFFENSIVE MOVEMENT BY FRANCO-BRITISH BRINGS SUCCESS

Further Ground Is Gained When Hard Blow Is Struck Before Repulsed Germans Have Chance to Recuperate. Advance on Calais Abandoned by Enemy

PRUSSIANS LOSE THIRTY THOUSAND MEN IN SANGUINARY BATTLES ON YZER RIVER

Berlin Attributes Prussian Failures to Inundation of Country--Brunt of Attack Is Now Being Borne by British at Ypres--General French Reinforced by Territorials--Struggle Violent

PARIS, Nov. 3, 11.13 p.m.—Further progress on the part of the allied troops has been recorded today, although in none of the actions was there anything more indicated as an approach to the decisive.

Not only did the French and English repulse numerous attacks of the Germans, including a particularly violent assault by the enemy in the vicinity of the Lys river, but they began several vigorous and successful offensive movements. One of these was in the region of Dixmude, the allies debouching from that point and at the same time from Knocke and Noordschoote. The allies, after the failure of the efforts of the enemy in this section, have lost no time in an attempt to deal a hard blow before the Germans have a chance to recuperate. It is admitted in the north the invaders gave their best efforts to break through the allied lines, which, however, held firm.

Teutons Lose Thirty Thousand

Although there have been numerous estimates of the German losses in the fight on the Yzer. The latest figures officially given out by the Belgians, appear to be the most reasonable. The official Belgian statement puts the loss at 30,000, of which 10,000 are dead and the rest wounded or prisoners.

Ypres, which has been announced as the scene of the latest effort of the Germans to gain their desired end, has failed to furnish any developments which could be communicated and interest in the news from that section continues.

Abandons Attempt on Calais

(By Daily News Leased Wire.)

LONDON, Nov. 3.—That the German army has abandoned its attempt to hack its way along the Belgian coast to Calais is agreed in all official reports tonight.

A combination of inundated country, a gallant struggle by the remnant of the Belgian army under King Albert and the activity of British warships seemingly all pointed toward ending the costly struggle. A Berlin official report attributes the German failures to the flooded state of the country, where the water in places is over a man's head, but it declares that the army of the emperor withdrew in good order and without loss. After three weeks of desperate attack the brunt of the attack has now shifted to the Ypres region, where the British army of Field Marshal French, reinforced by East Indians and territorials apparently must meet another onslaught. To the scene of this contemplated battle, according to reports, Emperor William has gone to give encouragement to his men by his presence.

Reports Allies Gain Ground.

(By Daily News Leased Wire.)

PARIS, Nov. 3, 11:09 p.m.—The following official communication was issued tonight:

"The only advices received this evening concern the region at the northeast of Vailly, where we have counter-attacked and retaken the farm of Metz, in the region of the Four-de-Paris-Saint Hubert, and the Argonne, where a German attack has been repulsed and we have gained some ground."

The fighting in Flanders is going on with determination on the part of the allies and heavy onslaughts on the part of the enemy.

Enemy Abandons Yzer Positions.

The French statement this afternoon said the Germans evidently had abandoned the left bank of the Yzer below Dixmude and that the allies had taken possession of points on the river where crossings could be made.

The French report bears out news despatches that the Germans are seeking a route through the allies' lines farther to the south than any they have attempted in the past two weeks.

The Germans last Sunday made a supreme but unsuccessful attempt to capture Ypres and lives without number were sacrificed in an endeavor which apparently resulted in failure.

Continue to Leave Yzer

(By Daily News Leased Wire.)

HAVRE, Nov. 3, via Paris, 11.10 p.m.—The following communication from the Belgian general staff to the Belgian minister of war in Havre was made public tonight:

"The German troops continued yesterday and today to evacuate the left bank of the Yzer between Nieuport and Dixmude. Only a few detachments have been reported between Pervaste and the south of Spuyvenkirke. There seems to be no artillery left on this side of the river. No troops have been reported on the right side of the Yzer.

"From the bodies of arms left on the ground abandoned by the enemy and also from the statements made by prisoners, it may safely be concluded that the 12th and 14th reserve army corps have suffered much in the latest engagements at the Yzer.

"The inactivity of these two corps during the last two days may be attributed to this fact."

Allies Take Vigorous Offensive

(By Daily News Leased Wire.)

PARIS, Nov. 3, 11.07 p.m.—The following official Belgian communication, dated Nov. 4, was give out here tonight:

"On the front the 13th army corps of the allied armies today delivered a vigorous offensive. They came out at the same time from Dixmude, Knocke and Noordschute. Between Bixchoote and Zolnebeke the situation remains unchanged. The last two named villages are occupied by the allied troops.

"The 37th landwehr brigade is signaled between Poelcapelle and Zonnebecke.

"Futher south the 27th reserve army corps occupies Becklaere and Cheluvlet. On its left are the 6th Bavarian reserve division and the 15th army corps, whic hstretches out toward Zonnebrecke. Between this village and Warnton are the 6th Bavarian army corps and the 26th infantry division of the 13th corps."

Allies Take Offensive.

(By Daily News Leased Wire.)

WASHINGTON, Nov. 3.—Foreign office despatches to the French embassy today supplemented the account of the German withdrawal from the south of Dixmude, with the statement that "at the end of the day we took up the offensive on our side."

To the war office accounts for the repulse of German attacks in the Argonne district the despatch added:

"Other attacks of the enemy, attempted against our forces holding the right bank of the Aisne before Bourg and Comin, were unsuccessful."

Foe Loses Thirty Thousand.

HAVRE, Nov. 3, via Paris, 5:20 p.m.—"A German officer confesses that the enemy lost 30,000 men, of whom 10,000 were killed," says a Belgian official statement.

"Our troops have delivered attacks between Dixmude and Noordschooten. Between Blaxschoote and Zonnebeke the situation is unchanged.

"After violent fighting between Zonnebeke and the Lys the allies maintained their positions except in the environs of Massines and at 1 o'clock Monday afternoon successfully resumed the offensive. South of the river Lys no important fighting is reported."

Inundations Force Retreat.

AMSTERDAM, Nov. 3, via London, 7:45 p.m.—The following official despatch issued in Berlin has been received here:

"A telegram from general headquarters dated noon states that inundations south of Nieuport prevent all operations in this part of the country.

"The water in places is as high as a full grown man. Our troops have evacuated the inundated districts without loss of men, horses or guns.

"Our attacks on Ypres are progressing. More than 2,300 men, mostly English, have been captured, and also several machine guns.

Lose Prisoners and Cannon.

"West of Roye severe fighting has taken place with great losses on both sides but the situation is unchanged. In the village fight we lost several hundred in 'missing' and two cannon.

"Our attacks on the Aisne east of Soissons are successful despite obstinate resistance. Our troops have occupied several strong positions beyond Chavonne and Soupir, capturing more than 1,000 French, three cannon and four machine guns.

"Near the cathedral in Soissons the French have posted a heavy battery and made the steeple an observation post.

"Between Verdun and Toul several French attacks have been repulsed. Troops of French soldiers wore German overcoats and helmets.

TEUTON FLEET MAY COME OUT AND FIGHT

(By Daily News Leased Wire.)

DOVER, Eng., Nov. 3.—The report is being circulated that the German fleet has come out from its base.

It is reported from Dunkirk that four battleships and four cruisers have put to sea from Kiel.

REAL ESTATE MAN ATTEMPTS TO TAKE LIFE

WINNIPEG, Nov. 3.—O. C. Stovell, a young man, solicitor for the Canadian Credit Men's association, attempted suicide tonight and is now in the general hospital with a bullet in his head. His condition is dangerous. Stovell was wanted by the police in connection with a real estate transaction.

JAPANESE WRITE REQUEST IN BLOOD

Five Hundred Volunteer to Dash Into Kiao-chau Bay and Capture German Governor

TOKIO, Nov. 3, 9:50 p.m.—A round robin written in blood and signed by 500 bluejackets, requesting permission to dash into the bay and capture Meyer Waldeck, the German governor of Kiao-chau, has been refused by the officers of the Japanese fleet.

A pall of smoke envelopes Tsingtau. On the Austrian cruiser Elizabeth shells fall continually.

Soldiers on the Shan-tung railway complain that they have been attacked by Chinese civilians.

SUBMARINE SUNK BY GERMAN MINE

Teuton Squadron Fires on Patrol Cruiser But Could Not Be Induced to Fight

(By Daily News Leased Wire.)

LONDON, Nov. 3.—The British submarine D5 was sunk in the North sea early this morning by a mine which was thrown out by a cruiser.

Two officers and two men were saved.

This information is contained in an admiralty report issued tonight.

The report says a German squadron fired on the British gunboat Halcyon, which was patroling, wounding one man.

"Various naval movements were made," the report continues, "as a result of which the Germans retreated rapidly and, although shadowed by light cruisers, they could not be brought into action.

"The rearmost German cruiser in her retirement threw out a number of mines and the submarine was sunk by one of these."

The D5 which was built in 1911 was 150 ft. long. She had a speed of 15 knots above the water and 10 knots submerged.

Number of Shells Hit Halcyon

In connection with the sinking of the British submarine D5 by a mine dropped from a German cruiser, the Exchange Telegraph's Lowestoft correspondent says:

"One of the survivors of the submarine has been landed here and a number of other survivors were picked up by a trawler.

"At midday the action was still in progress. The British gunboat Halcyon was struck by a number of shells and clouds of smoke rose from her. Those in the trawler through she was sinking but she was not seriously damaged and after she had discharged one or two shots at them the German vessels steamed away at full speed."

GERMANS CLAIM THEY SINK BRITISH CRUISERS IN NAVAL BATTLE OFF COAST OF CHILE

(By Daily News Leased Wire.)

NEW YORK, Nov. 3.—Great Britain has suffered a severe naval reverse off the coast of Chile, according to reports from Chilean cities. In this battle with five German cruisers the cruiser Monmouth, with her entire crew of 655 men, is reported to have been sunk, while the Good Hope, another cruiser, was last seen afire in the dead of night. It is believed she also sank. The cruiser Glasgow is said to have reached port after the engagement. It is declared to have been badly damaged.

The Good Hope, the flagship of Rear-Admiral Sir Christopher Cradock, carried 900 men.

The German cruisers which engaged the British vessels are said to have been the Gneisenau, Scharnhorst, Nurnberg, Leipzig and Bremen, a stronger fleet. The Gneisenau, Scharnhorst and Nurnburg were reported to have arrived at Valparaiso undamaged and with few casualties.

Leipzig and Dresden Missing

The whereabouts of the Leipzig and the Bremen, however, was not mentioned in the despatch.

Rear-Admiral Cradock, who was in command of the British squadron, had been instructed by the admiralty to search the seas for the Germans and to destroy them at any cost. In the absence of definite details of the engagement, it is impossible to say whether the victory of the Germans was due to the superior gunnery, chance shots or torpedo attacks. In weight of broadside and number of warships the advantage among the contending squadrons lay with the Germans, though the Good Hope, in guns was the strongest individual vessel engaged, although the Good Hope's two 9.2-inch guns had to face broadsides of eight 8.2-inch guns from both the Schormhorst and the Gneisenau.

Action Lasted Hour

(By Daily News Leased Wire.)

VALPARAISO, Nov. 3.—An official report issued later by Admiral Graf von Spee said that the German fleet engaged with the British squadron consisted of the cruisers Scharnhorst, Gneisenau, Nurnburg, Leipzig and Bremen.

The British ships were the cruisers Glasgow, Good Hope and Monmouth and the transport Otranto.

"The action lasted nearly one hour," the report says, "and it was only discontinued at nightfall. The English were forced to give way. The Good Hope was so badly damaged that she was unable to resist and could only make her escape protected by darkness. Between her funnels, the result of a big explosion could be seen.

"The Monmouth, under identical conditions, tried to escape, but was followed by a small cruiser and sunk with a few shots.

Loss of Life Terrible

"Owing to the hurricane that was blowing, no boats could be lowered and consequently there was terrible loss of life. Supposedly the Glasgow and Otranto, which were badly damaged, were able to make their escape owing to their speed and the darkness."

In naval circles here it is said the action took place 20 miles off St. Maria island, whence the flashes of the guns could be seen but no detonations heard. The guns opened fire at 9,000 metres and the British, when them came within 6,000 metres of the enemy already had been badly damaged. The Monmouth received a terrible broadside, according to naval officials, and this, combined with the hurricane, soon resulted in her sinking.

The Good Hope escaped on fire but shortly afterward a terrific explosion was heard and her loss is considered certain.

The Glasgow escaped to Talchahu-

(Continued on Page Three.)

SECOND CONTINGENT REACHES VICTORIA

Kootenay and Boundary Boys Meet With Enthusiastic Reception—Go Immediately Into Camp

(Special to The Daily News.)

VICTORIA, B. C., Nov. 3.—Kootenay and Boundary's contribution to Canada's second contingent for the front arrived here today 250 strong and immediately proceeded to camp.

The men were enthusiastically welcomed by the citizens. They will be provide with kit at the earliest possible moment and will be merged with the 500 men from the local regiments and a further 250 expected from other points in the province, all together composing the battalion of 1,000 who will occupy the concentration camp here.

The officers and men of the Kootenay-Boundary contribution to Canada's second contingent express their warmest thanks to residents of Nelson and Rossland for the hearty send-off accorded them on leaving for Victoria.

WONDERFUL TRIP SAYS ENGINEER

L. B. Reynolds of Nelson With First Canadian Contingent, Writes While on Board Ship

The members of the Canadian field engineers corps with the first Canadian overseas expeditionary force included in which were L. B. Reynolds, C. B. North, A. W. Davis, Thomas Brown, Jr., T. B. O'Grady, George Revell, all well known in Nelson and Basil Sawers of the staff of the Consolidated company at Trail, B. C., and formerly of Vancouver, crossed the Atlantic on board the steamer Zeeland, according to a letter received in Nelson from Mr. Reynolds. It was written while on board ship.

"We left Quebec on Oct. 1," states Mr. Reynolds, "and dropped down to Gaspe sound where we waited till 4 o'clock the following afternoon for the last transport to arrive.

"It was a wonderful sight. Thirty steamers with five cruisers all lined up in two lines in a beautiful bay with high banks dotted everywhere with white cottages, reminding one very much of coming into the Bermudas.

"The French-Canadian habitants on that coast will henceforth date their births, marriages and deaths and all such things to the time the fleet sailed. We sailed in a battle array of three lines, each headed by a cruiser and with a cruiser behind. On the second day out battleships took up their positions on each side about five miles away. The vessels were about one-quarter to one-half mile apart in line and the lines about three to five miles at first but now we can see the men on the Royal Edward, which is in the second line.

"On the third day the Royal George came rolling and pitching along with four 6-in. guns on her and took up a position as a scout ahead of the battleships about five or 10 miles. The next day a big cruiser with three funnels came scouting past us with all her men lined up on her decks at attention but we could not make out her name.

"We have the 101st regiment from Edmonton and some more comprising the 9th battalions on board with us and they are a husky lot. They have 350 foreigners attached to them, including Swedes, Belgians, French, etc.

"The fleet makes about 200 miles per day and goes at the limit of the transport Monmouth, which is the slowest. She always has a couple of miles between her and the next in front. The lights go out at 9 o'clock in the evening and each ship only carries stern lights. Nobody is seasick, our boat is a dandy sea boat and if weather is a good omen we certainly have had it good so far.

"There are tug-of-war teams on board. Each section picks a team. We Nelson boys picked a team in our section. Angus Davis is sure a whale and Cy North is sure there, as is Tom Brown. Revell sprained his wrist and we lost him. He was the best man we had. Basil Sawers from Trail smelter, Angus Davis, Tom Brown, Cy North and L. B. Reynolds, anchor, and three others have now pulled 27 times and so far we are unbeaten champions. We only have three more teams to pull. Casement is on the team, but we are all British Columbia boys anyway and on ship we are 'there.'

"We have so much physical drill, lectures, etc., that we have little time; it just seems like a dream the way it slips around. All the fellows are hard as nails and physically fit in every way.

Later in the letter, as the ships are pulling into Plymouth harbor, Mr. Reynolds writes that the tug-of-war team met defeat at the hands of the 9th battalion, but that it took a team from the whole battalion to do it. He also tells of the flotilla of torpedo-boats that greeted them as they entered the harbor and of the various physical examinations which they had to undergo. He also gives a list of the ships with their formation. It is as follows:

In the van, a battleship, and in the first line, H. M. S. Charybdis, Scotian, Arcadian, Zeeland, Corinthian, Virginian, Andania, Sardonic, Grampian, Laconia, Montreal, Royal George (at night); second line, H. M. S. Diana, Carribean, Athenia, Royal Edward, Franconia, Canada, Monmouth, Manitoba, Tyrolia, Tunisian, Laurentic; third line, H. M. S. Eclipse, Megantic, Ruthenian, Bermudian, Alania, Wernia, Scandinavian, Sicilian, Montezuma, Lapland, Cassandra and Florizel.

During the day the Royal George and H. M. S. Glory are on the right flank and the H. M. S. Queen Mary on the left, with H. M. S. Talbot bringing up the rear. He continues:

"The Florizel has the Lancashire regiment from Bermuda, which was relieved by the garrison from Halifax and some volunteers from Valcartier. She joined us at sea. All of these ships are in sight with the exception of the big cruisers, which we only see occasionally."

The various day's mileages made by the fleet, he states, were: Oct. 1, 77; Oct. 2, 278; Oct. 3, ——; Oct. 4, 185; Oct. 5, 230; Oct. 6, 211; Oct. 7, 187; Oct. 8, 237; Oct. 9, 232; Oct. 10, 243; Oct. 11, 226; Oct. 12 230; total, 2,336.

GILBERT PARKER BIG STOCKHOLDER

Has Forty Thousand Dollars in Dominion Trust Company—Estate Affairs Are Transferred.

(By Daily News Leased Wire.)

VANCOUVER, B. C., Nov. 3.—The difficulties of the Dominion Trust company and the expectation of further disclosures at the adjourned meeting to be held on Friday form the sole topic among financial men in Vancouver today. The subject came up in court today. The estate of the late Sam Brighouse, a pioneer who once owned half of Vancouver townsite, secured a court order for the transfer of its affairs from the Dominion Trust, which has been receiver and manager, to the Royal Trust company. The court allowed the change to be made without prejudice to any liability of the Dominion Trust to account for any sums due through defalcation of the Dominion Trust and seven days are allowed for the handing over of books and accounts of the estate.

The capital of the company consisted of 25,000 shares of $100 each. Nearly 9,000 shares are held in British Columbia, 1,000 in Ontario and nearly 4,000 in Quebec; 4,000 shares are held in the British isles.

One of the largest shareholders was Sir Gilbert Parker, who had $25,000 in shares and carried $15,000 in deposits at the time the company quit business.

OPPOSES DISMISSAL OF GERMAN CITY OFFICIAL

Hot Controversy Rages in Ontario Town—Some Fear He May Be Kaiser's Spy

(By Daily News Leased Wire.)

LONDON, Ont., Nov. 3.—Ald. F. G. Mitchell's resolution calling for the dismissal of General Manager H. J. Glaubitz of the public utilities commission on the ground of his German birth has caused a sensation here. To-day Phillip Pennock, chairman of the commission, challenged Ald. Mitchell to bring his case before either of the county judges, Mr. Pennock to pay the costs of the probe if Mr. Glaubitz is found guilty of disloyalty or overt acts.

Ald. Mitchell declares he will press the matter, contending that the people would feel more secure if the city's hydroelectric and waterworks systems were in the hands of a man of British birth at the present time.

Glaubitz flatly denied any charges of disloyalty, declaring that he left Germany because of its military autocracy and that he would take up arms on behalf of Canada if this country were invaded. He took out naturalization papers in 1911.

Mayor Graham characterizes the action to dismiss the official as un-British and an outrage.

It is charged in some quarters that Mr. Glaubitz has given vent to pro-German utterances since the war began, while others have gone so far as to express the belief that he may be a part of Germany's espionage system.

DISMISSED IN DISGRACE BECAUSE GOT DRUNK

(By Daily News Leased Wire.)

LONDON, Ont., Nov. 3.—The anti-booze edict of Lieut.-Col. Wigle, K.C., officer commanding, is being rigidly enforced in connection with the western Ontario regiment of the second contingent. Today five more members of the battalion found guilty of insobriety were paraded before the regiment and dismissed in disgrace.

PROVINCE WINS IN SPANISH BANK CASE

Court of Appeal Gives Favorable Decision—Says Hamilton Reid Should Pay Commission

(By Daily News Leased Wire.)

VANCOUVER, B. C., Nov. 3.—Judgment on an action known in the local courts as the Spanish bank case was given this morning by the British Columbia appeal court, which upheld the trial judge in his decision that English bay, an arm of the Gulf of Georgia, on the west of Vancouver, is not a harbor. In the bay is contained a valuable sand bank to which the Dominion government last year gave an exclusive lease to the Silica Sand and Gravel company.

The provincial government at once protested and a test action was brought in which the trial judge found that English bay was merely a roadstead and not a harbor under the jurisdiction of the Dominion.

The victory of the provincial government is unanimously upheld by the court of appeal. The case will, of course, go to the Privy Council.

The appeal court today also gave judgment setting aside an award of $1,000,000 which False Creek property owners a year ago obtained by arbitration proceedings against the Canadian Northern railway. It considered $1,000,000 was excessive. There will probably be a new arbitration.

The lower court decision in the case of Cole vs. Hamilton Reid was also reversed.

Cole was a half-breed who sued Reid, a lawyer, for $20,000 commission for his part in the sale of the Kitsilano Indian reserve in Vancouver to the province for $300,000.

The court decided unanimously that Cole is entitled to the $20,000.

BUYING OPPORTUNITIES

Readjustments in the various merchandise markets have brought many opportunities.

While in some instances prices have risen, in others there have been great cutting of quotations, due to the fact that the holders of goods desire to liquidate.

This liquidation is not unhealthy.

It merely means that commerce is readjusting itself to new conditions.

But the fact that such price fluctuations exist make it more than usually important that people post themselves before buying; in other words—

It will pay your pocketbook to study the advertising in The Daily News.

GRAIN.

CLOSING GRAIN PRICES

ELECTION CLOSES MARKETS

(By Daily News Leased Wire.)

NEW YORK, Nov. 3.—Practically all American markets were closed today on account of elections throughout the country.

Don't fail to hear Mr. Justice MacDonald and Rev. Father Althoff in the Catholic parish hall Wednesday evening, Nov. 4th. Benefit Patriotic and Belgian Relief funds. 172-3

$1,400,000,000

That is the value of Canada's manufactures for one year----in money. But what of their value measured in the comfort, the happiness and the well-being of the whole country?

To produce them gives employment to over six hundred thousand workpeople, whose total wages amount to $288,000,000 each year.

These workers, with their families and those who benefit by their purchasing power, number nearly one-third the population of Canada -----supported by Canadian manufactures.

How readily it is apparent that the prosperity and happiness of every Canadian----of yourself-----depend on the continuous employment of these people-----on the consumption of goods "Made in Canada."

Canadian factories support one-third of our population. Are *you* helping to support Canadian factories?

Employ Our Own Dollars to Employ Our Own Workmen. 9A

Expert Piano Tuning

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district of which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY, Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

COAST SCHOOL GIRL DETAINED

Immigration Officers Hold Vancouver Resident at Ellis Island—Traveled Alone From Germany.

(By Daily News Leased Wire.)

NEW YORK, Nov. 3.—Although Miss Florence Appleton, a school girl of 16, traveling alone from Germany to her home in Vancouver, displayed $4,000 in currency to immigration inspectors aboard the steamer Minnetonka today, she was ordered held at Ellis island. Before the order could be executed, however, a friend aboard the ship vouched for her and was permitted to land her at a railroad station and place her aboard a westbound train.

The immigration inspectors said that they had ordered her held because she was traveling alone and, they feared, might meet with harm alone in New York. They had expected to communicate with her parents before releasing her.

HOLD GERMAN OFFICERS BRITISH ORDERED RELEASED

(By Daily News Leased Wire.)

SAN FRANCISCO, Cal., Nov. 3. — Despite the protests of Baron con Schack, acting German consul-general here, the two officers and two petty officers of the German gunboat Geier, who were detained here on their arrival yesterday from Honolulu on board the liner Korea, were still held today by Rear Admiral Pond on board the cruiser Cleveland under orders from Secretary Daniels.

Major D. S. Robertson of the British army, under orders from London to report for duty, who was placed on parole yesterday, was released from his obligations. A message from Secretary Daniels said his detention was a mistake.

Baron von Schack said he had communicated the facts to the German embassy at Washington.

BRITISH OFFICERS RECEIVE PROMOTION

Eight Colonels Become Major-Generals for Gallant Conduct in the Field. France Honors Allied Soldiers

LONDON, Nov. 3.—It is announced that the following colonels have been promoted to be major-generals as a reward for gallant conduct in the field.

Sir David Henderson, Henry F. Wilson, James A. L. Haldane, Henry S. Horne, Frederick D. V. Wing, Hubert de la P. Gough, Edward S. Bulfin and Aylmer Hunter Weston.

The president of France has bestowed the cross of an officer of the Legion of Honor on 19 British officers and the cross of the chevalier on 100 others for gallantry during the operations between Aug. 21 and Aug. 30.

VILLA'S ARMY ORDERED OUT TO ATTACK CARRANZA

(By Daily News Leased Wire.)

EL PASO, Tex., Nov. 3.—Without answering Gen. Carranza's refusal today to accept his successor as provisional president of Mexico the Aguas Calientes conference has ordered an extensive movement of Villa's troops toward the south.

Ten thousand men of the commands of Generals Natera and Robles and 102 cannon, commanded by Gen. Angeles, have arrived at the convention city and are preparing to proceed south, according to advices received in Juarez.

It is reported fighting has already begun south of the convention city between Carranza and Villa forces.

Dr. Morse's Indian Root Pills

are not a new and untried remedy—our grandfathers used them. Half a century ago, before Confederation, they were on sale in nearly every drug or general store in the Canada of that day, and were the recognized cure in thousands of homes for Constipation, Indigestion, Biliousness, Rheumatism and Kidney and Liver Troubles. To-day they are just as effective, just as reliable as ever, and nothing better has yet been devised to

Cure Common Ills

NAVAL BATTLE OFF COAST OF CHILE

(Continued from Page One.)

ano badly damaged. The Germans declare that the English fought heroically but that their gunnery was ineffective. It is believed here that the Britishers were attacked by the complete German flying fleet.

Armed transports and the cruiser Leipzig and the Bremen are keeping watch off Talchahuano to capture or sink the Good Hope.

Anglo-Japanese Seek Revenge

It is reported that a powerful Anglo-Japanese fleet is on its way to South Pacific waters.

All British steamers in ports in this vicinity are remaining at anchor temporarily as the result of the naval battle.

The Gneisenau and Scharnhurs' were perforated in various parts by shells during the battle but the injuries they sustained were of no consequence.

The Bremen mentioned in the official report of Admiral von Spee as having taken part in the naval battle off Coronel, is a small cruiser of 3,200 tons and is a sister ship of the Leipzig. The Bremen has a speed of 23 knots, a complement of 297 men and her main battery consists of 10 4.1-inch guns.

Teuton Admiral Reports

(By Daily News Leased Wire.)

VALPARAISO, Nov. 3.—Admiral Graf von Spee, commander of the German fleet in Pacific water, arrived here this morning and made the following report concerning a naval engagement with British ships at sea, off Coronel last Sunday evening:

"On Sunday, Nov. 1, between 6 and 7 o'clock in the evening, during a heavy rain and rough weather off Coronel, we sighted the British men-of-war Monmouth, Good Hope and Glasgow and the armed merchant cruiser Otranto.

"An engagement ensued immediately. All the ships opened a brisk cannonade with all their artillery.

"The Monmouth was sunk and the Good Hope, after a great explosion on board, took fire. Her subsequent fate is unknown owing to darkness.

"The Glasgow and the Otranto also were damaged but the darkness prevented our obtaining knowledge of the extent of it.

"Our ships the Scharnhorst and Nurnburg were not damaged. The Gneisenau had six men wounded. The rest of our ships were undamaged."

Another Report of Combat

The German armored cruisers Gneisenau and Scharnhorst and the third class cruisers Nurnburg, Leipzig and Dresden attacked three British cruisers off Caronel, Chile. The British armored cruiser Monmouth was sunk. The armored cruiser Good Hope was badly damaged and she was on fire and is supposed to have been lost. The British second class cruiser Gasgow took refuge in the harbor of Caronel and is now bottled up.

The German battleships Scharnhorst, Nurnburg and Gneisenau anchored at midday in Valparaiso harbor uninjured.

The Glasgow is said to have been badly damaged.

Battle Was Terrific.

(By Daily News Leased Wire.)

SANTIAGO, Chile, Nov. 3.—All hands are reported to have perished when the British cruiser Monmouth took her plunge beneath the waves after 30 minutes of fighting with the Germans off Coronel, according to a despatch received here.

The battle was terrific while it lasted and as darkness gathered the Good Hope seemed to be on fire following a terrible burst of flames from her which seemed to indicate an explosion had occurred on board.

The Otranto escaped to Puerto.

The German ships arrived in Valparaiso today to take on board coal and provisions. They will leave tomorrow, having suffered no mishaps. Only a few men of the German cruisers were injured.

The battle has caused a tremendous sensation here.

Neither the British admiralty list nor any of this year's naval registers contain a British ship of the name of Otranto. There is, however, a British steamship of that name which was last reported at Montevideo, Sept. 9. It is possible that the British squadron took over this vessel as a collier or transport and manned her with guns and a crew. She is a vessel of 7,433 tons.

Details of Ships in Battle

The British cruisers Good Hope, Monmouth and Glasgow were under the command of Rear-Admiral Sir Christopher Cradock and had been searching the coasts of South America for several weeks with the object of engaging the German cruisers, which had been destroying British merchant vessels.

The British cruiser Monmouth was 440 ft. long, 66 ft. beam and of 9,800 tons displacement. She carried 14 6-inch guns, eight 3-inch, five 3-pounders and was fitted with two 16-inch torpedo tubes. Her complement was 537 men. The Monmouth was built in 1901.

The Good Hope, reported afire was the flagship of the squadron. She was 500 ft. long, 71 ft. beam and displacement of 14,400 tons. Her armament consisted of two 9.2-inch guns, 16 6-inch guns, 12 3-inch guns, five 3-pounders, and two 18-inch torpedo tubes. She had a complement of 900 men. The Good Hope was built 13 years ago.

The cruiser Glasgow, which took refuge at Coronal, was built in 1909. She was 430 ft. long, 47 ft. beam and displacement of 4,820 tons. She had a complement of 376 men. Her armament consisted of two 6-inch guns and 10 4-inch guns. She was equipped with two 18-inch torpedo tubes.

Cradock in Command

Sir Christopher Cradock, who commanded the squadron, was in charge of the British fleet in Mexican waters at the time the American marines occupied Vera Cruz.

The German armored cruisers Scharnhorst and Gneisenau are sister ships of 11,600 tons. Both were built in 1906 and are 440 ft. long. They have a complement of 650 men.

Each carries eight 8.2-inch and six 5.9-inch, twenty 3.4-inch and 14 smaller guns. Each has four torpedo tubes.

The Scharnhorst and the Gneisenau on Sept. 22 last bombarded and destroyed Papeete, the principal town and port of the French island of Tahiti, in the Society group in the Pacific ocean. They also sank the dismantled French gunboat Zeelee in Papeete harbor.

The Nurnberg is a small cruiser of 3,540 tons and carries a complement of 295 men. She has 10 4.1-inch guns, eight 5-pounders, four machine guns and two torpedo tubes. This is the vessel which is believed to have cut the cable connecting Canada with Australia in September, shortly after she had left Honolulu.

The Bremen and the Leipzic also are smaller cruisers. The Bremen is of 3,200 tons and the Leipzic of 3,250 tons. They have respectively complements of 297 and 286 men. The Bremen carried 10 4.1-inch, four 2.1-inch and four machine guns and two torpedo tubes, while the armament of the Leipzig consisted of 10 4.1-inch, 10 1-pounder guns and two torpedo tubes.

Seek British Steamer.

(By Daily News Leased Wire.)

LONDON, Nov. 4, 2 a.m.—A despatch to Reuter's from Santiago, Chile, says:

"The German cruisers Scharnhorst, Gneisenau and Nurnburg arrived at Valparaiso Monday and were visited by the German minister. After provisioning the cruisers left during the night with the object of capturing a British steamer which had left Coquimbo for Valparaiso.

CESARE TO HANG HERE IN JANUARY

(Continued from Page One.)

with them when captured, but he was finally persuaded. The gun was given to Chief of Police Downes.

To Mr. Winn, Mr. McDermid stated that he thought at the time from Cesare's appearance and actions that he might be insane. He knew of cases where men were practically crazy through the effects of lead poisoning.

Expected to Die Anyway.

B. Downes, chief of police at Trail, told of arresting Cesare at Trail on Aug. 19. He had received him from Brady, Smedley and McDermid. He identified the revolver and cartridges which had been taken from the prisoner. In the police office he had searched the prisoner and took from him a letter from Bianci, the murdered man, to Cesare's brother Philbert. He also took another piece of paper from him and laid it on the table. The prisoner afterward picked it up and began to tear it but witness took it from him. Prisoner stated that what was written on it had been written while he was in the bush. On the scrap of paper the prisoner had written to the effect that before he was arrested he wished to state that he didn't care much as he expected to die shortly of tuberculosis. The letter from Bianci to Cesare's brother Philbert, written in Italian, was to the effect that Bianci wanted the money which was owing to him and that if it was not paid in a short time he would take means of collecting it.

Appeared Crazy

When turned over to witness Cesare recognized him immediately and shook hands with him. Cesare said that he had intended to give himself up to Chief Downes and he was immediately placed under arrest and charged with having at Rossland on Aug. 15 murdered Louis Bianci by shooting him with a revolver. Witness had known the prisoner for five years and had occasion to arrest him on Christmas of 1912, at which time he acted as if crazy. When Cesare was arrested he had said to witness: "Did I kill him?" and upon a reply in the affirmative he continued: "I am glad he is dead. I am ready to die any time now I have killed him." While in the cell of the Trail jail the prisoner asked witness if he would hang in Trail or in Nelson. He said that Louis Bianci had stated on that day that he would knock his eye out and immediately after that Cesare had purchased a box of shells. The prisoner had been interdicted at his own request around the end of 1912 or early in 1913.

Long Organized Posses

Thomas H. Long, chief of police at Rossland, was called and reviewed incidents in connection with the tragedy, his pursuit of the murderer and the organization of posses which scoured the country. He had called the coroner and while viewing the body of the murdered man had been handed a shell which proved to be of the same calibre as some that he found in the shack of the accused upon searching it shortly after the tragedy. He told of being called to Trail on the evening of Aug. 19 to bring the prisoner to Rossland but a confession of the prisoner which had been made to him in the Rossland jail was not allowed as evidence owing to the fact that the man who had been engaged as interpreter on being called to the witness stand stated that he could not understand English very well. This testimony concluded the case for the crown.

Suffered from Leading

Dr. W. O. Rose was called by E. S. H. Winn for the accused. He testified as to having treated the prisoner while he was confined in the provincial jail. Cesare had suffered from pains in the head, chest and abdomen and careful examination showed that he was suffering from lead poisoning. The witness had considered the prisoner as of weak mentality since first examining him. He had treated many cases of lead poisoning but though patients suffering from such an ailment would be able at most times to distinguish between right and wrong they might not on all occasions. Cesare had suffered a convulsion in the jail a week ago.

To Mr. Hamilton Dr. Rose stated that though the prisoner had suffered a convulsion the resultant effects were only a form of helplessness. There was no delusion as a result of being in this condition. Dr. Rose was the only witness called for the defense.

Insane Declares Defense

Lengthy addresses were made to the court and jury by E. S. H. Winn, counsel for the accused, and C. R. Hamilton, K.C., counsel for the crown. Mr. Winn's entire address to the jury centered on the mentality of the accused, declaring that according to the evidence he was insane or at least temporarily in the condition of being unable to distinguish between right and wrong. Mr. Hamilton contended, in refutation, that the onus of proof that the accused was insane at the time of the shooting rested with the defense and that Mr. Winn's contention was not proven by the evidence.

Mr. Justice Macdonald reviewed for the jury the main points of the evidence and explained the points of law involved, defining both murder and insanity according to the criminal code.

PROTEST AGAINST NORTH SEA MINES

(Continued from Page One.)

let of British inspection in the English channel, the straits of Gibraltar or the Suez canal.

The making of the North sea a military area already has brought adverse comments from Germany. The Cologne Gazette claims that Great Britain virtually has proclaimed a blockade of the North sea which its fleet will be unable to enforce. The newspapers of Holland also raise objections to the restrictions placed on navigation in these waters.

Germany Anarchy Was Cause.

(By Daily News Leased Wire.)

AMSTERDAM, via London, Nov. 3.—Commenting on the action of the British admiralty in declaring the whole of the North sea a military area the Handelsblad says:

"The general anarchy which has been dominating international law since the outbreak of the war is responsible for the disregard of the general rules which were built upon principles of maritime law. If these principles have been ignored in such a manner what must we still expect?"

MANY PEOPLE DEPEND ON THE WANT AD

CANADIANS USE SHIELD SPADES

Found Practically Bullet Proof—Can Be Employed for Rifle Rest and Trench Digging

(By Daily News Leased Wire.)

BASINGSTOKE, England, Nov. 3.—Canadian troops arriving at Salisbury Plain carry an entrenching tool that is novel to the Englishman. It is capable of being used as a spade and is slung across the shoulder in a leather case. The tool is a spade weighing about 4 lbs. and consequently can be carried at all times. The spade has an oval hole in the centre of it through which a gun can be thrust. The tool thus serves both as a rifle rest and a shield to the soldier in the trenches.

The spades have been subjected to heavy fire and the metal in them is practically bullet proof. At a distance of 200 yards heavy ammunition only cracks the shield and does not penetrate them.

Clean-Up of High Priced Suits

You can save from $15.00 to $30.00 on your Fall Suit here Today. We have only about twenty-five of this lot left, but they represent some of the best styles shown this season. Materials are all the very best Broadcloths, Serges and Fancy Weaves. Coats are all satin lined and made in the new Redingote and Cut-Away Styles. Some of the Skirts are made in the new Yoke Styles and others have double tunics. All the new colors, such as Carrot, Russian Green, Light Brown, Royal Blue, Navy and Black. A good range of sizes in the lot. Values up to $65.00.

SPECIAL TODAY..... $35

Ladies' Skirts at One-Quarter Off

Made of Serges, Tweeds and Worsteds, some with Yoke Effects and others with Long Overskirts. Checks, Plaids and Stripes predominate, but we have a big range of Black and Navy. Altogether we have 150 skirts to select from. You are sure to be suited here. Regular values, $6.50 to $18.00.

ON SALE TODAY AT FROM.... $4.95 to $13.50

Dress Goods at 49c

VALUES UP TO 75c.

Today we put forward another lot of good Dress Goods at this popular price. There is a good range of Plaids and Plain Colors in the lot. All regular 75c goods.

ST. DENIS BEATS HOUSTON IN FIRST GAME

The first game in the Y.M.C.A. bowling tournament played last evening was won by D. St. Denis' team, defeating W. H. Houston's team by 130 pins. Alex Carrie was high man for the evening with 170 and H. Houston had high average with 137.

The scores:

St. Denis' Team.

G. Thurman	124	157	123	404
A. Carrie	105	129	170	404
Dr. E. G. Smythe	107	105	93	305
D. St. Denis	103	134	106	343
	349	525	492	1456

Houston's Team.

J. A. Smith	55	86	117	258
J. A. Irving	78	91	111	280
H. Nagle	122	127	128	377
W. H. Houston	146	145	120	411
	401	449	476	1326

This evening the teams captained by T. Boyes and W. Ebbs will meet in the first game of Division A. The teams: T. Boyes, G. Couch, W. S. Stanley, G. Dodd; W. Ebbs, R. W. Whitehead, A. B. Godfrey, H. Svoboda.

HOPPE WINS AGAIN AT AMERICAN STYLE

(By Daily News Leased Wire.)

WINNIPEG, Nov. 3.—With the balkline American game figuring as the first stage of the last match in the international billiard series and of the third match for the Canadian billiard championship, Willie Hoppe, the American expert, had all the better of the two sessions today, when he outpointed Melbourne Inman 1,000 to 39. Both sessions were absorbingly interesting, with Hoppe the bright star.

ACCEPTS GIFTS OF ONTARIO FARMERS

Oats, Potatoes, Apples, Peas, Beans, Cheese and Flour Donated to Britain

(Canadian Associated Press Cable.)

LONDON, Nov. 3.—The official press bureau issued the following today:

"The colonial secretary has been informed that as an indication of their loyal duty to the Empire at this crisis, the farmers of the various counties in the province of Ontario offer as a gift the products of their labor, including mainly oats, potatoes, apples, peas, beans, cheese and flour. His majesty's government has gratefully accepted this generous offer and informed the donors that the flour, cheese and oats will be acceptable for the use of the troops and the other articles will be used in the hospitals of this country."

FOURTEEN HUNDRED MEN LOSE JOBS—KARLSRUHE

(By Daily News Leased Wire.)

LIVERPOOL, Nov. 3, via London, 3.55 p.m.—Fourteen hundred and seventeen men, comprising the crews of ships captured by the German cruiser Karlsruhe, landed here today.

A Sixty Year Standby

For sixty years Dr. Price's Cream Baking Powder has been the standby of countless housekeepers who have relied upon it for healthful, home-baked food.

Dr. Price's contains no alum or lime phosphate. There is never any question about the absolute purity and healthfulness of the food it raises.

It has stood the test of time. That is why the best informed housewives will use no other.

WEDNESDAY, NOVEMBER 4

PRUSSIA PROTESTS.

Germany, having caused the drowning of scores of neutral sailors and other noncombatants and the loss of numerous neutral vessels by wild, indiscriminate distribution of floating mines, breaks forth into a wail of indignation because Great Britain has retaliated by mining the North sea in such a manner as virtually to establish a blockade. Germany, which strewed its death-dealing explosives broadcast in the lanes of helpless and neutral shipping, without the formality even of proper notification to the authorities of nations with which she was not at war in order that their ocean commerce might avoid the probable danger zones, metaphorically holds up its hands in horror because Great Britain, after stating to the marine authorities of the non-belligerent powers and her own allies the areas through which vessels might steam in safety, has taken a step which some naval authorities had anticipated would have been taken months ago. In other words, Germany is protesting because one of the powers which she is fighting under rules governed by the Potsdam principle that might is right and that nothing which military expediency calls for can be wrong is now carrying out in a civilized way and with every possible humane consideration a method of warfare which the kaiser and his advisers, almost before the ink of the declaration of war had dried, adopted in a manner contrary to the civilized conduct of hostilities and without the slightest regard for the loss of innocent lives and damage to neutral property which little short of a series of miracles could have prevented.

Teutonic logic appears to be as spurious as Teutonic culture.

THEY FACED HEAVY ODDS.

Although details of the naval battle off the Chilean coast are not this morning available two facts that stand out prominently from the official German report is that three British cruisers and a transport faced five of the kaiser's cruisers with a much heavier total armament, and that Admiral Cradock did not hesitate to give battle. Although the British vessels had sufficient speed to avoid engagement with the heavy odds which faced them the traditions of Hawke and Sydney and Nelson were honored and the offensive was taken.

Firing, the German report states, began at 9,000 metres and the British warships were badly damaged when the distance between the battling squadrons had been reduced to 6,000 metres, Admiral Cradock evidently having attempted to get to close quarters.

The report of the British admiralty will be awaited with interest.

To Get Rid of Wrinkles and Bad Complexions

It is more important now than during the period of profuse perspiration, to keep the pores clean. All cosmetics clog the pores. In cool weather this interferes greatly with elimination of waste material, injuring instead of aiding the complexion. Ordinary mercolized wax serves all the purposes of creams, powders and rouges, giving far better results. It actually peels off an offensive skin, at the same time unclogging the pores. Minute particles of scarf skin come off day by day, causing not the least pain or discomfort. Gradually the healthy, younger skin beneath peeps out, and in less than *a fortnight you* have a lovelier complexion than you ever dreamed of acquiring. Mercolised wax, obtainable at any drugstore is spread on nightly like cold cream and washed off mornings. One ounce usually suffices.

For removing wrinkles, without stopping the pores with pasty stuff, here's a never-failing formula: 1 oz. powdered saxolite, dissolved in ½ pint witch hazel. Bathe the face in this daily for awhile every line will vanish completely. Even the first application gives surprising results.

KEEP YOUR MONEY UNDER THE BRITISH FLAG.

The chamber of commerce at Berlin has published a decalogue urging the consumption of German goods which is of particular interest in view of the made-in-Canada campaign which is attracting so much attention in the Dominion.

Millions of copies of the circular have been printed and distributed in *Germany and among German people* in other parts of the world.

The people of Canada might well substitute the word "Canadian" for "German" in the decalogue, which is as follows, and take the advice to heart:

First—In your purchases, no matter how small, do not lose sight of the interests of your countrymen and the fatherland.

Second—Do not forget that when you purchase a foreign product, even though you spend only a penny, you diminish in so *much the fortune (prosperity)* of your fatherland.

Third—Your money should benefit only German merchants and German workmen.

Fourth—Do not profane the German land, the German house, the German workshop or factory with the presence or use of foreign machinery or tools.

Fifth—Do not permit the use on your table of foreign meats or greases (condiments) that might cause a prejudice against German cattle or its products; or which, moreover, might put your health in jeopardy, not having been examined by the German sanitary police.

Sixth—Write on German paper, with a German pen, and dry your German ink with a German blotting paper.

Seventh—In your dress goods use nothing but German cloths and buy German hats only.

Eighth—The German flour, the German fruits and the German beer are the only ones that produce German strength.

Ninth—If you do not like German malt coffee, drink only coffee harvested in German colonies, and if you prefer chocolate or cocoa for your children, see that this chocolate and this cocoa are exclusively German articles.

Tenth—See to it that foreign propaganda do not interfere with the *strict observance of these* wise precepts. Let it be with you a firm and earnest conviction that, no matter what may be said, the best products—the only ones worthy of a citizen of great Germany—are the German products.

Canadians should keep their money circulating within the Empire by purchasing Canadian-made goods whenever possible and when a Dominion-produced article is not obtainable by asking for a product of Great Britain or some other part of the British dominions.

WHAT THE PRESS IS SAYING

"Pa, when I look in a mirror the left side of my face seems to be the right side and the right side the left."

"Yes, the mirror reverses them."

"Then why doesn't it reverse the top and bottom of my face the same way?"

Made in Germany.

More export trade gone. Swiss *authority called in to inspect dum-dum* bullets alleged to have been found on British soldiers says they were "made in Germany."—Penisto Bulletin.

A Shifting Position.

As we have understood the German position, it is just about like this: In the first place, Germany invaded Belgium because necessity knows no law and, regretting the wrong done her and Luxemburg, compensation would later be given. Second, Germany invaded Belgium because it was certain that France would invade Belgium to attack Germany. Third, Germany invaded Belgium because France had invaded Belgium first. Fourth, and latest, Germany's invasion of Belgium was not a breach of neutrality, because Belgium was not neutral, but had entered *into a plot with England* to help in an attack on Germany. Doubtless in due time the reason why Germany invaded Belgium will become clear and settled, even in Germany.—Chicago Tribune.

COLD STORAGE.

Mrs. Exe—But don't you and your husband take your vacation together?

Mrs. Wye—Oh, dear, no. If we did we wouldn't have anything to tell each other when we got home.

A frivolous society girl, in a small town, made a daily trip to the town library, where she would always get a book.

This being the *loafing place of* the young men of the town, it was quite evident why she came.

One of the young men, guessing that fact, asked her this question:

"Miss Jones, have you ever read 'Scott's Emulsion?'"

"Oh! Yes, isn't it the sweetest book. I just love it."

RED CROSS NOTES.

The depot will be open this afternoon from 3 to 5 o'clock and members are asked to return any work they may have finished as the society is expecting to send away a shipment in about two weeks' time. The society is now ready to give out more work to any who *may desire* it.

The Red Cross society acknowledges $2 donated by Mrs. D. Guthrie from Crescent Valley, one pair blankets, two dozen nightshirts, two dozen *pillow slips* and 18 pillows; from Salmo, 11 day shirts, one suit of pyjamas, nine sweaters, three cardigan jackets, 16 pkts. cigarettes, 14 pairs socks, one bed jacket, 13 nightshirts and two cholera belts.

AT THE THEATRES

The Starland theatre will present another excellent program tonight. "Honor of the Humble," perhaps one of the strongest two-reel features that has been seen in Nelson for some time, will be the headliner. The cast in this splendid production includes Florence Lawrence, the photoplay favorite; Mae Moore and William J. O'Neill. *The big feature of this number* is the struggle between the lodge-keeper and the count on the cliffs, which is thrilling in the extreme. There are also two screaming comedies that will dispel all traces of blues. The orchestra, which has proved itself such a favorite with the theatre-goers of Nelson, will render a special musical program on this occasion. The big popularity contest which opened on Monday night for two weeks' run is creating much interest. Every night the standing of the different competitors will be shown on the screen.

At the Gem tonight "Pathe's Animated Gazette," the leading British animated journal, will depict war scenes of intense interest. The pictures to be shown are remarkably *clear and striking and include an in*spection of Boy Scouts in London by the man of the hour, Kitchener. Another scene showing Lord Roberts inspecting recruits raised in the city of London to form part of Kitchener's army of 500,000, gives a splendid photo of Lord Roberts passing between the ranks of the recruits. Several views of the Belgian troops show the wonderful fortitude and courage of these brave soldiers, in spite of the terrible strain placed upon them by the defense of their country. Many other views contained in this reel combine to make this one of the best of Pathe's war gazette the management has yet obtained for the patrons of this popular house. The balance of the program includes a special Kleine Eclipse feature entitled "The Mystery of the Fast Mail" and a Selig comedy entitled "Cupid Makes a Bullseye, or Seeing Is Believing." Ten per cent of the Gem receipts will be given to the local relief fund for the remainder of the week.

PLATURIA AND COPPER SHIPS ORDERED RELEASED

(By Daily News Leased Wire.)

LONDON, Nov. 3.—The British government has ordered the release of the steamer Platuria, which was seized recently by British warships off the coast of Scotland and taken into the port of Stornoway. The government has satisfied itself the Platuria's *cargo of oil was destined to be deliv*ered in neutral hands.

Two Italian ships carrying cargoes of copper from the United States, which were detained at Gibraltar, have been released.

The case of the American ship Kroonland, bound from New York for Naples and Greece with a cargo of copper, is still under consideration.

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"Pape's Diapepsin" is the quickest and surest Stomach relief

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in the mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Papes Diapepsin then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid your self of stomach misery and indigestion in five minutes.

BRITISH HOLD FIRE MOW ENEMY DOWN

Inflict Fearful Loss on Prussians During Fierce Fighting—Hostile Howitzers Effective

(By Daily News Leased Wire.)

LONDON, Nov. 3, 11:10 a.m.—An account by an eyewitness from the battle front in France and Belgium, written by Col. E. D. Swinton of the intelligence department of the British *general staff, was given out today* by the official press bureau. It bears date of Oct. 25 and reads as follows:

"On our left our troops advanced against the German 26th reserve corps near Passchendaele and were met by a determined counter-offensive which was driven back with great losses.

"At night the Germans renewed their attack unsuccessfully. At one point *they tried a ruse* which no longer is new. As they came up in a solid line two deep they shouted out: 'Don't fire, we are the Coldstream guards.'

"Our men, however, are getting used to tricks of this kind and the only result was that they allowed the enemy's infantry to approach quite close before they swept them down. Apart from the 400 dead found near our lines in the centre, our patrols afterward discovered 300 dead further out in front of our left, killed by our artillery.

Hostile Howitzers Cause Losses.

"Oct. 22 saw actual pressure against us. We succeeded, however, in holding our ground in nearly every quarter. South of the Lys the enemy attacked from La Bassee and gained at Valnois and at another point, but their efforts against a third village were repulsed by artillery fire.

"The Germans advanced in the evening against our centre and our left and were again hurled back, though they gained some of our trenches in the latter quarter. By this *time the enemy had succeeded in* bringing up several heavy howitzers and our casualties were considerable.

"On Oct. 23 all action south of Lys on our right was confined to that of artillery, several of the hostile batteries being silenced. In the centre their infantry again endeavored to force their way forward and were repulsed only after determined fighting, leaving many dead and several pris*oners.*

Massed Troops Suffer Fearfully.

"North of the Lys their attacks at different points were repulsed. On our left Oct. 23 was a bad day for the Germans. We drove them from some of the trenches out of which they had turned us on the previous evening, and captured 158 prisoners and released some of our men whom they had taken.

"As the Germans retreated our guns did great slaughter.

"As each assault was easily beaten back our troops, waiting until the enemy came within close range before opening fire with their rifles and maxims, causing terrible havoc in the solid masses.

"During the fighting in this quarter on the night of Oct. 22 and 23 the German losses again were extremely heavy. We took over 600 prisoners and picked up 1,500 dead, killed on the latter day alone."

WOULD CULTIVATE MILLIONS OF ACRES

Manufacturers and Western Grain Growers Name Committee to Crystalize Desires Into Resolutions

(By Daily News Leased Wire.)

WINNIPEG, Nov. 3.—The farmers are surely coming into their own. Not only has the Canadian Manufacturers' association joined with the allied farmers of the Dominion to place millions of acres of new land under cultivation, but it now is discussing the physical comfort of the agriculturists and the methods of securing greater production from the soil.

At the convention of these organizations now being held addresses were delivered tonight on "The Closer Community Settlement," by a deputation of Regina men.

Addresses were also made by C. C. James, government specialists on demonstration farms in Ontario.

There were three long conferences today, the night session lasting until almost 11 o'clock. An adjournment was made to Thursday for a special committee to prepare suitable resolutions covering the action suggested during the day. This committee is composed of the presidents of the three western farmers' organizations and three members of the manufacturers' organization.

The conference was called with a view to asking the federal government for a grant of millions of dollars to be used in increasing the wheat acreage of the west. It is said the plan proposed is to loan this money out to farmers who are at present on the land, full security to be taken for it, and the return payments on the loan extended over a term of years. The farmers in their turn will be expected to take the unemployed in the cities and put them to work preparing the new areas for seeding.

It is proposed to bring a large portion of new land rapidly under cultivation by establishing a community settlement throughout the country by means of an organization into which the management of the land shall be given. Groups of families would be organized, each family to receive an allotment of 160 acres of land. They would be placed in small villages near their farms, this meaning organization on their part for buying and selling. *The credit of the whole group* would be back of the individual contract, this being the only way in which the necessary amount of funds could be made available. When the land now in the hands of the committee were sold a bond would be given to the owner of the value of the land. These bonds would have a permanent market value as an investment similar to that of other bands. In the pres*ent uncertain state of finance* the bonds might be given government endorsement to render them immediately available until investors recognized their value as they are recognized in Europe.

It is estimated that there are 50,000 heads of families who are trained farmers available in Canada at the present time for settlement.

A tract of 160 acres to each of these would mean 8,000,000 acres immediately occupied and brought quickly into cultivation.

CANADIAN WOUNDED

(By Daily News Leased Wire.)

CHARLOTTETOWN, P. E. I., Nov. 3.—The first Prince Edward Island man known to have been wounded in the present war in France is Lieut. James Morrison, a native of Georgetown.

RAILWAY BOARD FINDS AGAINST COAST CITIES

(By Daily News Leased Wire.)

OTTAWA, Nov. 3.—In the complaint of the cities of Vancouver and North Vancouver against the plans of the North Vancouver ferry pedestrian subway by the Canadian Pacific railway, the board of railway commis*sioners has given judgment.* The cities in question protested that the plans for the subway had been altered after they had been approved by the commission and the contract had been let and complained that the work had been made extravagantly and unnecessarily expensive. It was urged that the sum of $1,100,000 should be deducted from the part of the cost which the municipalities have to pay and borne by the company.

Mr. Kerr of Calgary, an engineer of the board, made a report on the charges said to have been made by the company, and found that the Canadian Pacific railway, in his estimation, should only be called upon to pay $168.22 for certain alterations made in the structural steel part. Otherwise, he said, the company was not responsible for changes made. Mr. Mountain, the board's chief engineer, was of the opinion that the company should not be charged with any part of the exchange.

Chairman Drayton, taking the view of Mr. Mountain, states that any changes made were to the advantage of the structure and declares that the company is not liable for any part of the cost.

HIS HEALTH IN A TERRIBLE STATE

"Fruit-a-tives" Healed His Kidneys and Cured Him

HAGERSVILLE, ONT., AUG. 26th. 1913.

"About two years ago, I found my health in a very bad state. My Kidneys were not doing their work and I was all run down in condition. I felt the need of some good remedy, and having seen "Fruit-a-tives" advertised, I decided to try them. Their effect, I found more than satisfactory.

Their action was mild and the result all that could be expected.

My Kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old-time vitality. Today, I am enjoying the best health I have ever had".

B. A. KELLY

"Fruit-a-tives" is the greatest Kidney Remedy in the world. It acts on the bowels and skin as well as on the kidneys, and thereby soothes and cures any Kidney soreness.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for $2.50, trial size 25c. or will be sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Don't Suffer With Stiff Aching Limbs

Don't be inconvenienced and annoyed by tired, inflamed muscles. Massage the parts with Absorbine, Jr., and rout out the trouble. Athletes do. They know that Absorbine, Jr. penetrates quickly and reduces soreness and inflammation—that it is powerful and efficacious in cases of serious sprains, wrenches, torn ligaments, and painful affections.

Absorbine, Jr. is a different kind of liniment. It is a non-poisonous Antiseptic and Germicide. Applied to an open sore or wound, it kills the germs, makes the part aseptic and promotes rapid and healthy healing. That is why it is so good for cuts, wounds and sores.

Absorbine, Jr. is a discutient and resolvent, effective in reducing Bursal Enlargements, Fatty Tumors, Swollen and Enlarged Glands or Veins. Use Absorbine, Jr. where you want relief quickly and permanently.

$1.00 and $2.00 per bottle at druggists or delivered. Manufactured only by W. F. Young, P. D. F., 445 Lymans Bldg., Montreal, Can.

GREENWOOD PUBLIC BUILDING FINISHED

Will Be Ready for Occupation When Fittings Have Been Installed—Pioneer Visits South

(Special to The Daily News.)

GREENWOOD, B. C., Nov. 3.—The new public building has been completed. When the fittings for the post office and customs office are in place it will be ready for occupation. The clock for the tower will arrive in a few days.

Thomas Welsh, an old-time resident, left last week for California, where he will spend the winter.

Born, on Oct. 31, to Mr. and Mrs. George Clerf, a son.

ROCK CREEK CONCERT WILL AID BELGIANS

ROCK CREEK, B. C., Nov. 3.—Over [illegible] persons attended the concert at Anderson's hall last Friday which was organized by J. Kerr and other prominent residents of Rock Creek and Little Valley. Major G. Glossop gave the opening address. J. Kerr acted as chairman. Speeches were also made by J. R. Jackson, M. P. P., and H. Nichol[illegible]n. The contributions to the concert program were made by H. B. Lindsay, Mr. Buchanan, Crawford quartet from Carmi, Mrs. Rock, Miss Wilford, J. Kerr, Mr. Thorburn, Miss [illegible]nes, Mrs. Hamilton, Mr. Shannon, Mr. A. Lloyd, Mr. McKay. After supper dancing took place. The proceeds amounted to $150, $25 of which was sent from Westbridge.

Mr. Harker also collected $25 on behalf of the Overseas club, for cigarettes and tobacco for soldiers at the front.

ELKO NOTES

(By Fred Roo.)

T. D. Caven, M. P. P., was in Elko Sunday.

C. E. Ayre, manager of the North Star Lumber company, left for Brandon this week, where he will meet Mrs. Ayre and daughter, who have been spending several months in Manitoba.

Miss Inez Holbrook was a Fernie visitor this week.

Mr. and Mrs. C. Burgess and daughter drove in from Waldo Sunday. Mrs Burgess and daughter going on to Cranbrook.

The Elko women are meeting with good success in their collections for the Belgians.

Two new settlers moved into the Rooseville Valley last week. T. Letcher of Fernie has bought 80 acres at the north end of the valley and is down with several carpenters building a residence. C. Ferguson of Fernie bought the Van Wagoner place and will occupy some of the buildings on the Broley orchard tracts until he erects buildings of his own.

The Kootenay Rifles Women's auxiliary of Elko has collected the following sums in aid of the Red Cross society: Mr. Anderson $1, Mrs. Birnie $1, Mrs. Carter 25c, Mrs. Grant $1. Mrs. Hardman $1, Mrs. Richard Hirtz $1, Mrs. Joyce $1, Mrs. Ray Hirtz $1, Mrs. Kerr $1, Mrs. Lewis 50c, Mrs. McInnes 50c, Mrs. McRae $1, Mrs. Oland $1, Mrs. Roberts $1, J. Stanhouse $1. Mrs. Smith 50c, Mrs. J. Thomson $1. Mrs. Millett 50c, George Millett $1. J. M. Agnew 50c, C. A. Klingensmith four undershirts and two shirts.

HOLDS CONFERENCE ABOUT FERNIE TIMBER TRACT

(Special to The Daily News.)

FERNIE, B. C., Nov. 3. — P. Seipple, representing a number of American capitalists who hold valuable timber limits up Lizard Creek immediately adjacent to the city, has been in town for the past week conferring with E. J. Evans, the local representative of the company.

A. E. Fergusen, who was recently married in Calgary, returned to the city on Sunday with his bride, who was a former resident of Fernie.

GATHER RIPE BERRIES AT PEND D'OREILLE RANCH

(Special to The Daily News.)

WANETA, B. C., Nov. 3.—Ripe strawberries were gathered last week at Balmoral ranch.

Mrs. D. H. Wick came in from Nelson on Wednesday.

An entertainment and dance was held at the Fort Sheppard hotel, Waneta, on Thursday evening last to raise money to be contributed to the patriotic funds. The net proceeds were $25

The average maximum temperature for October was 37 degrees. The warmest day was October 1 with 62 degrees. The coldest night, that of Oct. 24, when the thermometer fell to 28 degrees. One and a third inches of rain fell during the month, and on Oct. 24, 25 and 26 there was frost.

ROBSON NOTES

(Special to The Daily News.)

ROBSON, B. C., Nov. 3.—The Robson Women's institute will hold its monthly meeting on Nov. 28 instead of Nov. 21.

Another instalment of books has been received and put into circulation from the British Columbia traveling library.

MIRROR LAKE NOTES

(Special to The Daily News.)

MIRROR LAKE, B. C., Nov. 3.—Miss Clara Britton of Harrop is visiting her sister, Mrs. A. T. Davis.

John D. Barter left here on Saturday for Baltimore, Md., where he will spend the winter in post graduate work in mathematics at Johns Hopkins university.

A. Link has returned from Lethbridge.

HOW TO CURE STOMACH TROUBLES

Excessive acid in the stomach, or hyperacidity, as it is called, is primarily responsible for nearly all cases of indigestion, dyspepsia, gastritis, and flatulence, and quite frequently leads to stomach ulcers. The successful treatment for prevention as well as cure of such cases depends entirely on neutralizing the excess acid, stopping the food fermentation, and healing the inflamed mucous membrane that lines the stomach. For this purpose specialists are now advising the use of pure bisurated magnesia, which has recently been found to be unequalled in the treatment of even the severest cases. A teaspoonful in a little water immediately after eating stops all pain almost instantly, neutralizes the acid and soothes the inflamed stomach, and if regularly used will quickly remove the cause of the trouble and effect complete relief.

HOOF AND MOUTH EPIDEMIC SERIOUS

Ten Million Dollars Cheap As Cost of Wiping Out Disease, Expert States

(By Daily News Leased Wire.)

CHICAGO, Nov. 3.—The gravity of the epidemic of hoof and mouth disease of cattle in the middle west was driven home to cattlemen today by Dr. Bennett of the board of animal industry, who answered the protests of certain interests by asserting that the slaughter of suspected animals would be cheap at a cost of $10,000,000 compared with the incalculable loss which a general spread of the malady would incur.

A thousand men were engaged at the yards today thoroughly disinfecting the pens and runways. One case of the malady appeared and was isolated for complete observation by the scientists. Inspectors in the field were reinforced and a thorough farm to farm inspection was put fully under way.

Canadian Embargo Widened

(By Daily News Leased Wire.)

OTTAWA, Nov. 3.—The Canadian embargo against the importation of cattle, fodder, straw, etc., from Michigan and Indiana on account of the outbreak of foot and mouth disease in these two states last month has been enlarged to include the states of Illinois and Pennsylvania.

INJURED WHEN TRAIN WAS KICKED BACKWARDS

(By Daily News Leased Wire.)

OTTAWA, Nov. 3.—In the supreme court today argument was concluded in the case of the Great Northern Railway company and the Vancouver, Victoria & Eastern Railway company against O'Callaghan, and judgment reversed.

Phelan against the Grand Trunk Pacific railway was next taken up on appeal from the court of appeals for Manitoba. The appellant was a switchman employed by the company in the yards at Melville, Sask., and was on duty on the night of Jan. 19, 1913, when the temperature was about 25 degrees below zero.

A fast freight train came in from the east and it was intended to cut out a car and place it on one of the sidings, this being done by what is known as "kicking" the train back by the engine, uncoupling the car and stopping the train. While this operation was being carried out appellant was standing on the top of the car, the coupler failed to work on account of the coupling knuckle being frozen, the car was not released and as the train was suddenly stopping the jerk threw him to the ground upon the track and his right arm was cut off by the moving train. At the trial at Winnipeg the jury found that the company was guilty of negligence in failing to properly inspect the couplings and that this negligence was the cause of the accident and awarded $6,000 damages, for which judgment was entered by Justice Curran. This judgment was set aside by the court of appeal for Manitoba and the action dismissed with costs. Howell and Richards dissented.

NELSON NEWS OF THE DAY

A. Schwarz, who has spent the past two months in the city, will leave this morning for Spokane.

The funeral of the late Miss Ellen Outram will take place this afternoon at 1.30 o'clock from St. Saviour's church.

The annual meeting of the Nelson and District Veterans' association will be held this evening at 8 o'clock in Veterans' hall, Eagle block.

The meeting of Clan Johnstone No. 212 on Friday evening will be followed by a dance. Tickets may be had from members of the committee.

A dance in aid of Nelson branch of the Canadian Patriotic fund will be given by the bugle band in the armory on Wednesday evening, Nov. 18.

G. N. Gilchrist was the winner of the field glasses which were raffled by Mrs. W. H. Spurway in aid of the local branch of the Canadian Patriotic fund.

There will be a meeting of the local relief society on Thursday afternoon at 3 o'clock in the city council chamber at which a large attendance is expected.

H. White, grand master of the I. O. O. F. in British Columbia, will make an official visit to the local lodge tonight. All members of Kootenay lodge No. 16 and sojourning brothers are invited to be present. The lodge will open at 8 o'clock. The initatory degree will be conferred.

At the regular monthly meeting of the Nelson and District Women's institute on Nov. 14 a handkerchief shower in aid of the Red Cross society will be held for the members and friends of the institute. The handkerchiefs are to be of laundered white cheesecloth 18 inches square, unhemmed and tied up in dozen lots.

J. H. Wallace's house on Mill street will be to let in a few days. *173-3

At A. S. Horswill & Co., a carload of Ashcroft No. 1 potatoes just arrived. Get our prices, it will pay you. 167-tf

The latest and best up-to-date cleaning, pressing and repairing store has now opened for business under the name of The Nelson Wardrobe Co., 511½ Baker street. J. F. Croll, proprietor. *172-6

Popularity contest now on at the Starland theatre to decide who is the most popular Nelson girl. Each ticket entitles you to one vote. Boost your favorite. 172-tf

If you want a good hearty laugh, come to the patriotic concert in the Catholic parish hall Wednesday evening, Nov. 4th, and see Uncle Pete spending the evening with the college boys. Your four bits will make some orphan happy. 172-3

OPEN LIST AGAIN FOR VOLUNTEERS

Drill Squads to Be Organized—Large Number of Applications for Enlistment Already Received

Commencing Thursday and each evening except Saturday thereafter the armory will be open and those who are desirous of leaving with a third Canadian overseas expeditionary force in the event of one being called for may sign the roll. Arrangements to this effect have been made by the Nelson and District Veterans' association. The building will be open from 8 to 9:30 o'clock each evening.

Drill squads will be commenced again on Monday under T. Keith and drilling will take place on Mondays, Wednesdays and Fridays at 8 o'clock.

Already a large number of applications for enlistment in a third contingent, in the event of one being called, have been received in Nelson by Charles J. Archer, who acted during the despatch of the last contingent for Lieut.-Col. Joseph Mackay of Fernie, recruiting officer. Applications have been received both from outside the city and from residents of the city.

TAKING MOTION PICTURES OF CITY AND DISTRICT

Van Graven of New York, by arrangement with the Gem theatre, is preparing a reel of moving pictures of Nelson and district. The reel will include the members of the second contingent of volunteers from Kootenay and Boundary and many other local scenes. Mr. Graven hopes to get a picture of the school and pupils, the fire brigade making a run, public buildings and other points of interest in order to make up a complete reel.

The pictures will be shown over various points on the continent, he states. He has been here a few days and is struck with the setting and coloring of the district from a motion picture point of view.

PLAIN APPLE CHARLOTTE.

Soak one-quarter of a box of granulated gelatine in two tablespoonfuls of cold water; add to one pint of hot apple sauce, flavor and pass through a sieve. As soon as the mixture begins to harden stir in one pint of whipped cream. Line a mould with ladyfingers, pour in the mixture and set away to cool.

LORD GROSVENOR AMONG WOUNDED

Is Son of First Duke of Westminster—Baronet on Long Casualty List.

(By Daily News Leased Wire.)

BAD WHISKY IN DRY TOWN KILLS FOURTEEN

(By Daily News Leased Wire.)

BURLINGTON, Vt., Nov. 3.—Fourteen residents have died and more are dying at a little village named Bristol about 30 miles from here as the result, it is alleged, of drinking poisonous whisky purchased at the drugstore of Dr. B. A. Bisbee, who has been placed under arrest.

Bristol, as well as the surrounding country, is supposed to be "dry" and no liquor is sold legally. Dr. Bisbee has been carrying on an extensive business and has twice been arrested and convicted. Because he is the only one engaged in the business it has been the habit of the farmers to lay in a supply for Sunday, and it is the Sunday supply which did the work on this occasion.

MAY CUT SALARIES OF ENGLISH SOCCER STARS

Steps are now being taken in England to cut down the salaries which the Old Country soccer stars are drawing down, because of the great falling off in attendance at the different games since the war started. In Scotland the clubs are drawing fairly well, but throughout England and Ireland the games are not pulling in enough money at the gate to pay expenses and the club owners are putting up a strong claim for a cut in wages. It is likely that the players will submit without any trouble as they realize that if the clubs decide to abandon football for this season they will be out all of their salaries, instead of a certain percentage. A meeting of the football association is to be held to consider the question, and also that of making compulsory military training a part of the schedule of all registered clubs.

PROCEEDS OF CONCERT TO GO TO PATRIOTIC FUNDS

The Knights of Columbus will give a concert in the Catholic parish hall this evening, the entire proceeds from which will be donated to the Nelson branch of the Canadian Patriotic fund and the Belgian relief fund. Mr. Justice Macdonald will deliver an address on the "Duty of the Hour," and an elaborate musical program has been prepared to which many vocal and instrumental artists and an orchestra will contribute. At the conclusion of this program a laughable farce will be presented, entitled "Uncle Peter's Evening With the College Boys."

Always Keep Them In The House

That's what Mr. H. J. Eastwood, of Carleton Place, Ont., says about Gin Pills.

"I have taken Gin Pills and find them good for pain in the Joints, Swollen Hands and Ankles, and all symptoms of Kidney and Bladder Trouble. We always keep them in the house."

Gin Pills
FOR THE KIDNEYS

If you are feeling badly, perhaps it is your Kidneys or Bladder that is causing the trouble. If there is pain over the Bladder—if the urine is hot and scalding—too free or scanty—if the urine shows brick dust deposits or mucus—if there is constant pain in the back—restless sleep and loss of appetite—then you certainly need Gin Pills. Get them to-day and feel better tomorrow.

Gin Pills are sold by all dealers at 50c. a box, 6 boxes for $2.50. Free trial treatment if you write National Drug and Chemical Co. of Canada, Limited, Toronto

London's Beauty Writers

Weekly Selections from Noted Beauty Experts Writing for the English Press. Simple and Effective Methods.

By Olga Amsdell, Special Correspondent, London, Eng.

Each week in this department I will endeavor, by careful clipping from the London papers, to keep my Colonial readers informed on the latest and best advice of the London beauty experts. Owing to the persistent demand most London newspapers and periodicals are now devoting much space to the serious consideration of beauty culture. Many of them now employ high salaried experts to advise and instruct in methods most efficient for enhancing or restoring beauty of face and figure. I append herewith a few clippings from leading English publications. Any of the ingredients mentioned could be obtained from Canadian chemists or druggists, so I am told. Look out for more hints next week. I shall endeavor to keep right up to date.

Some Hair "Don'ts".

Don't wet the hair frequently. Don't bar a hat unnecessarily. Don't let the hair get dirty. Don't shampoo with soaps or harsh powders. Don't rub the hair—brush it gently instead to keep the scalp healthy, stimulate the root secretions and remove superfluous deadened hair. If your hair is in a weakened condition or is falling out badly, a good scalp tonic is needed. The best one is so simple it can be made at home. Get ¼ pint bay rum and about ½ ounce of boranium from your druggist and mix together. Apply occasionally to the scalp and hair roots to stimulate the growth and put new life in the hair.

To Have Thick and Pretty Hair.

Soaps and artificial shampoos ruin many beautiful heads of hair. Few people know that a teaspoonful of good stallax dissolved in a cup of hot water has a natural affinity for the hair and makes the most delightful shampoo imaginable. It leaves the hair brilliant, soft and wavy, cleanses the scalp completely and gently stimulates the hair growth. The only draw-back is that stallax seems rather expensive. It comes to the druggist only in sealed packages, which retail at a dollar. However, this is sufficient for twenty or thirty shampoos, it really works out very cheaply in the end.

The Ruinous Curling Iron Passes.

Hair tortured with the curling iron is found to become harsh and brittle, as so many know from sad experience. It's far more sensible to use plain liquid silmerine, which can do no harm and which produces a lovelier wavy effect imaginable. It takes so little time to apply the silmerine with a clean tooth brush, and the hair can be made to curl in any form, to any extent, to conform with any style of hairdressing. The smallest bottle the druggist carries will last a long time, as the curl lasts from one to two weeks, so it is not at all expensive. Liquid silmerine is not sticky or sticky and it doesn't stain or break the hair.

Emergency Complexions.

Even a complexion which is hopelessly dull or sallow can be made beautiful in a moment by a perfectly harmless home recipe. If you have no cleminite in the house, get about an ounce from your druggist, and add only enough water to dissolve it. The process defies detection, and the result is an immediate appearance of velvety, youthful "bloom" which every woman desires. The effect will last all day under the most trying conditions, indoors or out, and renders powdering quite unnecessary. This simple substance is also very good for the skin, and no possible harm can come from its regular use.

Cultivating Eyelashes.

It seems strange that women who aspire to making the most of their good looks do not give more attention to their eyebrows and lashes—the most expressive features of the face. Stroking gently with a soft camel-hair brush will do much to train and beautify the hairs, and for making them grow long and dark, smart women are using a substance known to druggists as mennaline, which is absolutely harmless, and may be applied directly with the finger tips. This very delicate, pomade-like substance is somewhat rare, and your chemist may have to order it for you from his wholesaler, but it is well worth the trouble, for long, curling, dark lashes make even the plainest face very attractive.

Getting Rid Of Female Moustache.

To women who are annoyed by disfiguring downy hair growths a method of completely eradicating the same will come as a piece of good news. For this purpose pure powdered pheminol may be used. Almost any druggist should be able to supply an ounce of this. The recommended treatment is designed not only to remove the disfiguring growth instantly, leaving no trace, but also to actually kill the hair roots without irritating the skin. With pheminol and water make enough paste to cover hairy surface; apply, and in two or three minutes rub off, wash the skin, and it will be free from hair or blemish.

USE PILENTA COMPLEXION SOAP. THE GREAT ENGLISH COMPLEXION CLEANSER. ALL DRUGGISTS—Advt.

CROSS, FEVERISH, SICK CHILDREN NEED "CALIFORNIA SYRUP OF FIGS."

A coated tongue means sluggish liver and bowels--Listen mother!

Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has sour stomach, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills. Give a teaspoonful and in just a few hours all the foul waste, sour bile and fermenting food, clogged in the bowels, passes out of the system and you have a well and playful child again. All children love this harmless fruit laxative and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on each bottle.

Mother, keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs." Then look and see that it is made by the "California Fig Syrup Company." We make no cheaper size. Don't be fooled.

NELSON NEWS OF THE DAY

H. Green of Vancouver is at the Hume.

Mr. and Mrs. E. M. Everton of Kamloops are at the Strathcona.

J. H. Thompson has returned from a visit to Spokane. He is at the Hume.

Mrs. B. M. Heinz and daughter of Crescent Valley are visitors to the city. They are at the Strathcona.

A. Macneil, the Fernie lawyer, came in on the Crow *boat last evening and* registered at the Strathcona.

Mr. and Mrs. A. L. Smith of Comaplix came in on the coast train last *night and registered at the Hume.*

There will be a meeting of the Church Helpers of St. Saviour's church at the parish hall this afternoon at 3 o'clock to arrange for the annual congregational dinner.

Robert C. Bell and Mrs. R. A. Bell and family of Taghum wish to thank their many friends for the kindness and sympathy shown them during their recent bereavement.

A. W. Lymbery, postmaster at Gray Creek, reached the city yesterday and left on the coast train last night for Victoria to join the Kootenay-Boundary contingent of the second Canadian overseas expeditionary force with which he had enlisted. Mr. Lymbery was unable to leave on Sunday, having to remain over to transfer his business interests. He was formerly a member of the Cambridge university volunteers, with which he served two years.

Mr. Justice MacDonald has consent*ed to give a short address at the pa*triotic concert given by the Knights of Columbus in the Catholic parish hall on Wednesday, Nov. 4th. Rev. Father Althoff will act as chairman for the evening. The program will consist of vocal and instrumental music, to conclude with a laughable farce entitled "Uncle Pete's Evening With the College Boys." Admission 50 cents. 172-3

SIR MELVIN JONES HAS DANGEROUS RELAPSE

(By Daily News Leased Wire.)

TORONTO, Nov. 3.—Sir Melvin Jones, president of the Massey-Harris company, who has been confined to *his bed with an attack of pneumonia* for several weeks, suffered a sharp relapse tonight. For a time his condition was considered alarming. Toward midnight, however, he rallied and his physicians said he had passed the stage of immediate danger.

IMPERIAL IDEA RECEIVES IMPETUS

Canadians Know They Are Fighting for the Empire—Admire Beauties of English Landscape

(By Daily News Leased Wire.)

MONTREAL, Nov. 3.—In a letter dated Oct. 20, a correspondent at the Salisbury camp of the Canadian expe*ditionary force,* writing to the Montreal Star, comments on the development of the imperial idea among Canadian-born members of the contingent. He says:

"More especially this applies to the Canadian born, the men who know of England through books. I have asked scores, at Valcartier and on the *ships, why they enlisted.*

"'Why, I kicked in to see the fun,' was the usual answer. 'You could not draw from any one of them that he had come to fight for the Empire. They do not say those things. There is the typical reserve on anything that approaches the sentimental.

"People wondered why the contingent did not go straight to France to train. They talked of the trouble and delay of embarkation and of then, a short time later, sending the troops on. But the stay in England is already justified. The imperial idea has been crystallized. The Canadian born is more of the Empire than he was. He brings a wider and better understanding of the Englishman into his daily relationship. He is beginning to understand that impulse that sent him to the recruiting office.

"It was the essential antiquity of *the landscape, the new beauty of the* tiny fields, the historic and imperial significance of all that he has seen that taught the Canadian.

"These things are more than the strains of 'Tipperary,' they go deeper than the roll of drums. A corporal of the 5th Royal Scots stood looking at the magnificent facade of the cathedral here today. He clenched his fists and said: 'God! And the brutes destroyed one like this at Reims.'"

REPUBLICANS MAKE BIG GAINS

(Continued from Page One.)

Democratic senators in the south were re-elected without difficulty. New senators from southern states were Representative Oscar Underwood of Alabama and Representative Thomas W. Hardick of Georgia. Former Governor J. C. W. Buckham, Democrat, of Kentucky was chosen for the long term.

Frances E. McGovern, Republican, was elected, according to early re*turns, to succeed Senator Stephenson,* Republican, from Wisconsin.

The triumph of Former Speaker Joseph G. Cannon, Republican, over Frank O'Hara, for representative in the 18th Illinois district, seemed certain on the early returns.

Other Illinois Republicans who were turned out of the house in the last *Democratic landslide, who will be re*turned to congress were: W. B. McKinley, Charles E. Fuller and John A. Sterling, Republicans, made gains in New York, Oscar W. Swift defeating Representative J. H. O'Brien in the ninth district; Rollin B. Sanford defeated Representative Peter G. Teneyck; Walter W. Magee succeeding to the seat of Representative John Clancy, while R. L. Haskell, Republican, was elected in the 10th district. The defeat of Representative Charles M. Corbly, Democrat, of Indiana, by Merrill Moore also marked the general trend of Republican gains throughout the country.

Governor Glynn Beaten

Sereno E. *Payne,* Republican, of New York, one of the oldest members of the house in point of service, was re-elected without difficulty.

Election of state officers resulted in a few turnovers. In New York Governor Glynn, the Democratic candidate, was defeated decisively by Charles Whitman, Republican. Frederick M. Davenport, Progressive, in support of whose candidacy ex-President Roosevelt devoted most of the campaign, was left far in the rear, his vote being exceeded by that of William Sulzer.

In Tennessee also a change of party control was indicated, early returns pointing to the defeat of Governor Ben W. Hooper, the Republican incumbent, by Thomas Crye, Democrat.

In Pennsylvania, where occurred one of the most spirited campaign, Martin M. Brumbaugh, Republican, early took *a long lead over Vance McCormick,* Democrat candidate for governor, who was endorsed by the Progressives.

Cox Leads in Ohio

In Ohio the race for governor between James M. Cox, Democratic incumbent, and Frank B. Willis, Republican, was close, with Governor Cox in the lead on early returns.

*Defeat of woman suffrage in Mis*souri and North Dakota was indicated.

Meagre returns from California showed Governor Hiram Johnson, Progressive, leading Fredericks, Republican, and Curtin, Democrat, by a slight margin.

The senatorial situation was also in doubt, Representative Joseph Knowland, Republican, James D. Phalen, Democrat, Francis J. Henry, Progressive, all showing strength.

In Ohio the Republican issues were uppermost. In Cleveland and Dayton the "wets" were victorious by large majorities.

Governor Johnson Re-Elected

(By Daily News Leased Wire.)

CHICAGO, Nov. 3.—The election of Roger C. Sullivan and the large Republican gains were the features of today's elections.

At 11 p.m. Republican leaders had no comment to make when informed that returns indicated a victory for Sullivan by 18,000 to 20,000 plurality. Sullivan himself claimed a much larger majority.

G. E. Foss, who was chairman of the Republican naval committee in the Taft administration, was apparently *returned, although the count may be* close, and Charles Thompson, the present incumbent from the 10th district, had not admitted defeat. James R. Mann was overwhelmingly elected.

San Francisco.—Scattered returns from all sections of the state indicate a landslide for Governor Hiram W. Johnson, Progressive candidate for re-election over John D. Fredericks, Republican, and J. D. Curtin, Democrat.

His Happy People.

I have bestowed on Gen. von Havoc the Iron Cross for his noble work at Reims. God is with us, and I still hope to blow up the cathedral of Notre Dame at Paris. Rest assured *the contents of the Louvre shall not* escape us. We continue to fight in defense of the fatherland.—William. —Life.

HEAR ADDRESS ON ROCKY MOUNTAINS

J. S. Schofield of Geological Survey Speaks at Meeting of Canadian Club.

A large and interested audience listened to the lecture of Dr. J. S. Schofield on the origin of the Rocky *mountains last evening at the Uni*versity club. Mr. Schofield will leave this morning for Ottawa.

The speaker began by placing on the blackboard an outline of the geological timetable from the pre-Cambrian down to recent times and referred the several divisions of the great Cordillera to this as the address proceeded.

The pre-Cambrian nucleus of the mountain systems of the province was a rolling body of land near the Columbia valley, he said. Bordering this to the east was a shallow sea stretching far across the region now occupied by eastern British Columbia and the plains. In this sea the sediments from the ancient land were laid down. Long afterward in Jurassic times the sediments of this sea were elevated in great folds to form the Selkirk and Purcell mountains. The shore line of the great shallow sea then lay near the great trench now occupied by the Kootenay and Columbia rivers. Still again erosion of these great ranges provided further sediments, which in Cretaceous times were crushed and folded upward to produce the Rocky mountains.

The upfolding of a mountain claim gives rise to streams that destroy it. The ancient rivers met the shore at right angles, while the folds rose slowly across them, so slowly that in many cases the streams were able to maintain their channels. Such is the nature of the Crows Nest pass. New *stream valleys lie between the up*folds, as in the case of the great trench of East Kootenay.

The finishing touches to the mountain scenery have been given by ice, he said. Glaciers have produced at the head of the streams countless little basins or cirques occupied by small tarns and bordered by sharp ridges. *These are among the features of great*est beauty and charm, the richest reward of the tourist and mountaineer.

BRITISH COLUMBIA COAST GUARDED

German Cruisers Will Face Stiff Fight If They Attempt Raid After Success in South

(By Daily News Leased Wire.)

VANCOUVER, B. C., Nov. 3.—The report of the reverse to the British ships off the Chilean coast this afternoon caused more than a momentary gasp in Vancouver, the question arising whether or not the German ships could get up the coast quickly enough to *make a raid on Vancouver and Vic*toria before help came. A careful survey of the situation looks as though the British Columbia cities need not worry. The Rainbow and Newcastle are attached to the Esquimalt station, as is also the Japanese battleship Idzumo, which is much larger and heavier than anything the Germans have.

There are two or three Japanese cruisers hovering around Honolulu, which is much nearer to Esquimalt than is Valparaiso.

The Japanese battleship Kongo, one of the latest battle cruisers, was reported a few days ago off the Golden Gate, so that it is hardly expected that the Germans will endeavor again to make any move toward the north Pacific.

Japanes Await Gunboat at Honolulu

(By Daily News Leased Wire.)

HONOLULU, Hawaii, Nov. 3.—Two Japanese aviators making exhibition flights here were stopped by the police today after their first flight. The German gunboat Geir still is in the harbor under repairs and the Japanese battleship Hisen is in the offing. It was surmised the possibility of sending or receiving signals might have caused the action.

HOW TO RID THE SKIN OF OBJECTIONABLE HAIRS

(Aids to Beauty.)

A simplified method is here given for the quick removal of hairy or fuzzy growths and rarely is more than one treatment required: Mix a stiff paste with some powdered delatone and water, apply to hairy surface and after two or three minutes rub off, wash the skin and every hair has vanished. This simple treatment cannot cause injury, but care should be exercised to get real delatone.
