THOUSANDS OF RECRUITS FLOCK TO BRITISH COLORS

Kitchener to Raise Second Great Volunteer Army

URGE STERN WAR ON GERMAN TRADE

May Cancel Patents--Battles Between Cruiser Squadrons Reported.

(By Daily News Leased Wire)

LONDON, Aug. 10, 8:40 p.m.—Recruiting for the army is proceeding at the rate of several thousand men a day. The business men are organizing their employes into a fifth line of defence.

A majority of the able-bodied men in the country are drilling in their home organizations.

The German cruiser Karlsruhe, which arrived at San Juan, Porto Rico, reported an engagement Friday night off the Bahamas with four British and French cruisers.

The North sea is again closed to the fishing fleets, which is regarded as significant in view of the fact that there are large British and German fleets in that water.

On the other hand the admiralty announces permission may now be obtained for the shipment of coal from England to Norway and Italy. This is taken to indicate that there is no danger from foreign warships.

Battleship Sunk—Another Captured?

(Special Despatch to The Daily News and the Toronto Globe.)

LONDON, Aug. 10.—Reports from Madrid insist a naval engagement has occurred near the Canary islands in which a German battleship was sunk and another captured.

A message from Corfu reports heavy firing in that vicinity, which, if true, would indicate an engagement between the two elusive German cruisers and some British or French men-of-war.

Calls for More Volunteers.

(Special Cable to The Daily News and the Montreal Star.)

LONDON, Aug. 10.—In the commons today Premier Asquith announced that Lord Kitchener, secretary for war, has directed the raising of a second volunteer army of 100,000 men. This announcement is interpreted as meaning that the entire available British army is now under orders for service and that a good portion of it is already there.

Release Militants.

(Special Cable to The Daily News and the Montreal Star.)

LONDON, Aug. 10.—In the commons today Home Secretary McKenna announced that King George had ordered the release of all suffragettes serving terms in British prisons as the result of their militant tactics.

As the suffragettes declared a truce and ordered cessation of all militant tactics when the general European war first appeared to be threatening, the order of the King today was another step toward the settlement of internal troubles.

Premier Asquith also announced in the commons this afternoon that prisoners arrested for recent strike disorders had also been released.

F. D. Ackland, under-secretary to Sir Edward Grey, declared that the government was not aware of any declaration of war or any act of hostility of Austria against England up to the present time.

To Use Irish Volunteers.

Premier Asquith declared that it had been decided to send territorial troops to Ireland to replace the regiments there now. The premier emphatically stated that when the British regulars are withdrawn from Ireland to take their places on the battle line they will be replaced by the Irish volunteers "in whom the government has full confidence." Both Premier Asquith and Andrew Bonar Law expressed the hope that an agreement would be reached on home rule before the house reassembled.

The premier explained that Earl Kitchener is now assisting the Irish volunteers in perfecting their organization.

To Cancel German Patents.

Every possible reprisal is to be made against Germany. W. L. Runciman announced that the board of trade is now considering releasing for the use of British manufacturers all patents owned by Germans that are registered in the United Kingdom. This action would result in enormous losses to German manufacturers, all of whom are various processes patented in this country.

T. P. O'Connor, Irish Nationalist, opened fire on the press censorship established by the government. He said thousands of dollars spent by newspapers had been wasted in consequence of the censorship and he suggested that trained newspaper men could be added to the staff of the censorship bureau.

Suffragettes to Aid Their Sisters.

Right Hon. Charles Hobhouse, speaking on behalf of the British postoffice and authorities, disclaimed any responsibility for the censorship over which, he said, the war office exercised full and sole control. He said there was any delay in forwarding messages after they passed the

BRITAIN CALLS ALL ARMY RESERVISTS

Transportation Sent to Every Member in Canada—Large Proportion in British Columbia.

(By Daily News Leased Wire.)

OTTAWA, Aug. 10.—The imperial authorities have advised the government that all British reservists in Canada are required at once to join the British army. There are between 4,000 and 5,000 reservists in Canada, mostly in the west and more particularly in British Columbia.

The militia department this morning mailed a letter to all reservists in Canada informing them that they must at once respond to Britain's call. Each letter contains transportation to England.

It is expected that within a week all British army reservists will be on the way to the mother country.

UNITED STATES PAYS ITS FINAL TRIBUTE

Nation Is Represented at Funeral Services of Mrs. Wilson by Members of Congress.

(By Daily News Leased Wire.)

WASHINGTON, Aug. 10.—The nation today is paying its final tribute to Mrs. Woodrow Wilson. The funeral services in the east room of the White House at 2 o'clock this afternoon were attended only by members of the Wilson family and a few intimate friends and members of the cabinet and their wives, committees of the senate and the house who were asked to be present, those invited making a group of less than 200 persons. There was a profusion of flowers sent from all parts of the country.

With the president and his daughters, Miss Margaret, Mrs. McAdoo and Mrs. Sayre, were Secretary McAdoo, Francis B. Sayre and Prof. Stockton, Mrs. Wilson's brother.

SEND NO MONEY ORDERS TO EUROPE

Postmaster J. A. Gibson Has Received Instructions From Inspector at Vancouver.

J. A. Gibson, postmaster, has received official orders from J. R. Greenfield, postoffice inspector, Vancouver, B. C., instructing him to discontinue issuing money orders to the United Kingdom and to countries to which the mode of forwarding is via England and also to all other countries in Europe.

Austria Fears Mail Loss.
(By Daily News Leased Wire)

WASHINGTON, Aug. 10.—The Austrian government has called the attention of the United States to the inconvenience, loss and trouble caused by interruptions of mails between the United States and Germany and Austria, giving warning that mail for Austria and Hungary given to English liners would be held in England. Secretary Bryan referred the Austrian ambassador to the postmaster general, who sent this reply:

"I have taken every measure to see that mail originating in the United States for all countries be placed with the steamship line which will most expeditiously deliver the mail at its destination. There was no foreign mail originating in this country left on hand in New York yesterday afternoon. It had all been despatched."

The postmaster-general explained that all mail for Austria-Hungary addressed via Rotterdam had been ordered sent by Dutch liners until it could be more expediously handled by other routes. No German or Austro-Hungarian mail has been sent by British ships.

Suspends Money Order Service.

(By Daily News Leased Wire.)

WASHINGTON, Aug. 10.—The postal money order service with Austria was suspended today by the postoffice department.

TORONTO, Aug. 10.—The graduate nurses of Toronto at a meeting tonight decided to raise $1,000 toward the funds for the hospital ship to be presented by the women of Canada to the British government.

THOUSANDS HELD IN SWITZERLAND

GENEVA, Aug. 9.—(Delayed.) British and American consular offices estimate that about 10,000 English and 5,000 Americans were held up in Switzerland owing to the outbreak of war.

The Swiss government for the past few days has prevented automobiles leaving the country as it intends to use them, if necessary, for military purposes.

MILK BYLAW IS FINALLY PASSED

Product Will Be Delivered in Sealed Bottles

SAYS CHIEF DEVITT WAS INTOXICATED

Ald. Stark Makes Charge--Resolution Calls for Investigation.

After Dec. 14 the residents of Nelson will have their milk delivered in sealed bottles and the dairies of those providing the milk supply of the city will have to come up to the standard set by the new milk bylaw which was last night passed by the city council. It was reported by the health committee that the dairymen, in consultation with the members of the committee, the medical health officer and the city solicitor had decided upon changes to the bylaw as at first proposed, which made it satisfactory to all concerned. The stringent building clauses provided by the bylaw remain as at first drawn up because the dairymen at the joint meeting at which every dairy in the city was represented stated, it is said, that they were entirely in accord with the proposed regulations. Some of the milk vendors, it was said, stated that their premises were already up to the standard required by the bylaw, while the others informed the members of the council and the medical health officer that it was their intention to immediately take steps to have their premises made to conform with the requirements of the bylaw.

Clause 12 of the bylaw as at first proposed was amended and instead of requiring that a sample of the can, receptacle or retainer which was to be used by each dairyman marked with his trade mark being deposited in the office of the medical health officer it now requires that the dairymen file in writing with the medical health officer the trade or distinguishing mark which it is the intention of each to use in pursuit of his business. This change was made, it was stated at the council meeting, because it was thought by the dairymen that it would be an uncalled for expense for them to provide cans to be kept in this manner and because the city officials thought that considerable space would be required in which to keep the receptacles.

Clause 21 of the bylaw now provides that tests of the milk can be made by the medical health officer and that the results of the tests be kept in a book opposite the name or number of the vendor which shall be open for public inspection. Tests for bacteria must be made within 36 hours after the sample is taken, but between the time that it is taken and when the test is made it is required that the milk be kept on ice. Under the clause as altered the medical health officer will not be permitted to have the tests published. The reason for this request on the part of the dairymen was, it is stated, because there was misunderstanding on the part of the public as to just what the tests meant. Tests for butter fat as had been made in the past varied a great deal, it was explained, and through no fault of the dairymen, but the public looked at the tests in a different light and often customers changed dairymen on the tests as made and published.

Some exception was taken by the milkmen to one of the clauses which provided that cattle should not be fed upon distillery slop, as it was thought by the dairymen that the brewery grain which was commonly fed to cows was included under this head, but the clause was allowed to stand, as the medical health officer stated that brewery grain did not, in his opinion, come under this head and as far as he could learn was not injurious to the cows.

Raps Chief of Police Devitt.

Near the close of the meeting Ald. T. D. Stark asked Mayor J. J. Malone if he, as chairman of the board of police commissioners, was familiar with "the abuses that were going on in the police department" and if he had heard of "the night and day ride on the high seas in pursuit of the Kaslo bank bandits." He charged that Chief of Police W. J. Devitt had been on duty "in a state of intoxication" and he enquired if the mayor had been aware that the bars of the city had been opened long after hours during Chahko Mika week. He wanted to know why the mayor, if he had known that the bars were open after hours, had not made enquiries as to why complaints had not been made against the hotel keepers who had infringed the law.

Mayor Malone stated that he had heard rumors about the chief of police but he had come to the conclusion that they were unfounded, as he could obtain no satisfactory evidence against the chief on making enquiries. He had not been aware that the bars of the city were open after hours during Chahko Mika week.

Following this Ald. Stark moved, seconded by Ald. I. A. Austin, a motion to the effect that in view of the abuses prevailing in the police force

M'BRIDE BOUGHT TWO SUBMARINES

Prompt Action Was Taken by Premier of Province

BRITISH COLUMBIA TROOPS MOBILIZE

Canadian Division Will Be Carefully Trained--Provision for Families

(By Daily News Leased Wire.)

OTTAWA, Aug. 10.—All the troops in British Columbia were ordered tonight to mobilize at their respective regimental headquarters. Several thousand men are affected by the order. They will be kept under arms and in training pending the developments of the war. This was one of the most important announcements made by the minister of militia, Col. Sam Hughes, to the press correspondents tonight. As a further evidence of what British Columbia is doing in the way of defence of the Pacific coast, Col. Sam Hughes stated that the two submarines purchased in Seattle from the Chilean government were bought by Sir Richard McBride, acting for the provincial government, in behalf of the Dominion government which will pay them.

The premier of British Columbia knew that the federal government was in communication with the imperial authorities in regard to the matter, but in view of the fact that these negotiations could not be concluded before war was actually declared, Sir Richard precipitated matters by making the purchase through his government. By this prompt action the submarines were secured two or three days before the actual outbreak of hostilities. Had there been any delay the United States would not have allowed them to be taken from an American port in breach of the neutrality law.

Training Will Be Strenuous

The Royal Canadian Horse Artillery, the Strathcona Horse of Winnipeg and the Royal Canadian Dragoons of Toronto and St. John were also ordered out tonight to proceed at once to Valcartier. Altogether there are some 500 or 600 men in these permanent cavalry units. A cavalry squadron of 160 men is to be raised in western Canada by Col. Jameson and Major Griesbach of Edmonton under instructions from the militia department. They will either be sent to Quebec or used in the west for patrol purposes. Col. Hughes announced that the total force in the expeditionary army division will be 22,250, exclusive of any special regiments that might be raised through private offers. On the mobilization of the troops at Valcartier the minister of militia intends to put them through a strenuous course of training under conditions approaching as near as possible to active service.

The troops will be required to advance by rushes, shooting at the targets at the same time. A record will be kept as fully as possible of individual marksmanship and this record will serve in the weeding out process of the men who are finally chosen to go abroad.

Col. Hughes wishes it definitely understood that no officers will be allowed to go until they are fully qualified and show that they know how to handle men under present conditions of warfare. It is also stated that the enrolment of volunteers may be done by every unit and the men need not necessarily go to regimental headquarters to volunteer. The pay of the force is to be $1 per day for privates, with 10 cents additional as field allowance. No married men will be accepted if his wife or children depend upon him and object to the proper militia allowance.

German Reservists to Prison

Another important announcement made tonight by Col. Hughes was that the department was receiving offers of thousands of Servians in the United States and from French reservists in Canada to be taken over with the Canadian contingent. Similar requests are being received from a number of Russians and Belgians in Canada. It is probable that some arrangement will be made to allow these allies of the British forces to cross the Atlantic and join in the conflict against the common enemy. In regard to the German reservists now in Canada, the militia department has been advised that a number of arrests have been made. Provision is to be made for keeping all these men under surveillance and it is probable that several

SUGGESTS PLOT TO DESTROY TRAIN

Three Are Killed When Cars on Line to Valcartier Fall Through Bridge—One Man Shot.

(By Daily News Leased Wire.)

OTTAWA, Aug. 10.—The militia department received word this morning that a train on the Quebec branch of the Lake St. John railway, on which the Valcartier camp is located, fell through a bridge and three people were killed.

The department has also been advised that an unknown person who was loitering in the vicinity of the bridge was shot and killed by a railway bridge guard. It is not clear whether this occurred at the bridge where the fatal accident occurred or elsewhere.

The organization committee of the federal reserve system had prepared a call for a meeting of the board immediately after its members are sworn in. Preparations will be made at once for the opening of the new banks in the 12 reserve districts.

ITALIANS FOR BRITAIN RUSSIANS AGAINST WAR

(By Daily News Leased Wire)

MONTREAL, Aug. 10.—While 3,000 Italians were demonstrating in Victoria square tonight their sympathy with the cause of the allied armies in Europe by speeches, cheering and flag waving, a gathering of some 400 Russian Socialists at Camp de Mars denounced the war and showed considerable hostility to Russia in connection therewith. The Russian residents of Montreal seem not to be anxious to go to fight for their native country.

Thousands Are Reported Killed in Sanguinary Mountain Battle on Alsace Frontier--Defenders Are Forced to Fall Back on Forts--Flooded Valley

GREAT ARMIES OF FOUR NATIONS MASS FOR DECISIVE BATTLE IN BELGIUM

Forts at Liege Still Held--Guns Prevent Germans from Getting Supplies--Plans Frustrated by Brave Defence--Close Formation Tactics Bring Disaster--France Declares War on Austria

(Special Cable to The Daily News and Toronto Telegram.)

PARIS, Aug. 10.—Thousands of French and Germans are reported killed in a mountain battle between two armies of the warring powers in the passes of the Vosges range, separating Alsace from the eastern French frontier.

The German troops endeavored to stop the French advance. Fighting at close range followed, ending in hand to hand combat and the retreat of the Germans.

The latter fell back to the forts of Neu Breisach and the French are now before the city.

Fight Along Entire Line.

A statement issued by the war department says serious fighting is going on along the entire front of the French army in lower Alsace. The battle started Saturday evening on the ridges of the Vosges mountains. The French obtained the passes of Bonhomme and St. Marie after a fierce struggle, and on Sunday midnight dominated St. Marie Aux Mines. The losses of both forces are serious.

The Germans inundated the valley of the Seille to stop the French advance, but were not successful.

French Now in Action.

(Special Despatch to The Daily News and the Toronto Globe.)

LONDON, Aug. 10.—The Belgian main army is rapidly advancing on Liege from Louvain. The occupation of the town of Liege by the Germans has had no effect on the strategic situation. The French are massed in large numbers near the river Meuse and the German cavalry has been driven back by the French.

The Belgians and French have effected a junction and are preparing to take up a position for united offensive action. The Germans have given up their forward movement toward the river Ourthe through Luxemburg into France and are retiring and throwing up defensive works.

Germans in Hard Straits.

(By Daily News Leased Wire.)

BRUSSELS, Aug. 10.—Although the Germans now occupy the town of Liege they are in hard straits, it is declared, as the Belgian forts command the roads of entrance and the Belgians have destroyed all bridges and railway lines behind the German advance, so the invaders have little chance of getting a food supply from the rear.

The main Belgian army is now advancing to meet 120,000 Germans in Liege. The French and British are also marching up.

Lull Presages Big Battle.

(By Daily News Leased Wire.)

BRUSSELS, Aug. 11.—6:40 a.m.—The lull in the fighting around Liege since Saturday appears to be the lull before the storm. There appears to be little doubt that an engagement such as not yet witnessed in this war is imminent.

German soldiers becoming separated from their regiments lose their way continually and are falling into the hands of the Belgians. For the most part these are cavalrymen and they surrender without striking a blow. Apparently they are glad to be fed and lodged by their captors. Two hundred Germans were captured in this way last night. The Germans have destroyed the bridge and railways around Tongres.

King George has sent a message to King Albert of Belgium, congratulating him on the splendid defense of the country by the Belgian army, especially against the continued attacks on Liege, of which King Albert must be proud.

One Regiment Lost Two Thousand.

The Independence Belge says that the 89th German grenadiers regiment, of which King Albert is honorary colonel, was the first to invade Belgium. In the assault on Liege last Wednesday, the paper declares, the regiment lost over 2,000 men.

Le Soir makes the announcement that the Germans have liberated the Bishop of Liege and also the burgomaster, who, among others of a deputation who visited Gen. von. Emmich and begged him not to bombard the town, were placed under arrest. The condition of their release is that they shall remain in their own homes.

Close Formation Fighting Surprise.

(By Daily News Leased Wire.)

LONDON, Aug. 10.—The Telegraph's correspondent who witnessed much of the Liege fighting, says the German artillery was excellent but expresses surprise at the infantry in fighting in close formation. Battalion after battalion was thrown into the fight in solid formation, but he adds, the estimate of 25,000 losses was an exaggeration.

Most of the captured Germans are from 18 to 24 years old. Their grey uniforms were stripped of all insignia and their helmets were covered with grey cloth.

The civilians of the town, says the correspondent, showed the greatest courage under bombardment and in the face of alarms brought in by frightened refugees. The German shells did little damage to the city in the angle between the rivers Ourthe and Meuse. The factories and coal mines were in operation throughout the fighting.

French Block German Plan.

The correspondent, writing on Sunday, predicted that the Germans could not take the forts without enormous sacrifices, which would cripple their right wing. He expressed the opinion that the German plan of sweeping down the Meuse to Sedan must be abandoned because it has already been so long delayed. He says that a French army corps is in the German path. The Germans will bring their heavy artillery against the forts but these will stand much bombardment. In the opinion of the correspondent the Germans have decided to advance along the south side of the Meuse, leaving Liege.

Hear Heavy Firing.
(By Daily News Leased Wire.)

LONDON, Aug. 11.—A correspondent telephones from Masstricht that there has been heavy firing along the line between Liege and Tongres. The Germans are placing heavy guns before Liege and Namur.

A Rome despatch says it is reported that the Montenegrins have occupied Scutari.

Engage on Meuse.

(Special Cable to The Daily News and Toronto Telegram.)

AMSTERDAM, Aug. 10.—The Franco-Belgian and German forces are said to be now engaged on the Meuse, south of Liege.

The battle was opened today, it is reported, by the German troops after they had been heavily reinforced. It is reported 100,000 Germans and 140,000 Franco-Belgian soldiers are engaged.

Huge Force to Invade France.
(By Daily News Leased Wire.)

BRUSSELS, Aug. 10.—Forty-six thousand German troops concentrated at Esch in Luxemburg to invade France today. Before crossing the frontier they felled trees and dug trenches for fortification, to fall back on if repulsed. A large portion of the army invading France is cavalry. They have razed the village of Merle.

Situation Reviewed.

(By Daily News Leased Wire.)

LONDON, Aug. 10.—The French are advancing on Alsace, but against what opposition is not known.

The Germans occupy the city of Liege, while the Belgian troops hold the forts. The Belgian official view is that the situation is quite satisfactory. The strong forces guard all the approaches to Brussels.

The Austrians before Servia are still bombarding Belgrade, while part of the Servian army is taking the offensive in Bosnia.

The French government prohibits the publication of the French casualty list so that Germans may not know the movements of French troops.

Belgians Still Hold Forts.

Although fierce engagements between French and Germans are reported no great battle has yet been fought on land or sea in the war of seven nations unless the German assaults upon the fortresses at Liege eventually assume the proportions of a battle in history. Both combatants claim victory there, with the Belgians still holding the fortresses and the Germans holding the city. The situation is a unique one. There is no confirmation of the report that the French have engaged the Germans and cut off their retreat, inflicting a loss of 8,000 men. The Belgians claim that they have taken 8,000 prisoners on Belgian soil, but military men regard all the estimates of the Belgians as greatly exaggerated. Apart from Liege, the fighting of the first week, when resolved to the proper perspective eventually doubtless will be considered insignificant.

France Declares War.

One of the most important developments in the eyes of experts is the general testimony that the German infantry formation is obsolete and ineffective against the weapons of the present day and means an enormous slaughter if persisted in.

France and Austria and Italy are nearly at war, the ambassadors having left the respective countries. Italy's attitude is indicated by the permission of the British admiralty to ship coal to that country.

The French government has called off diplomatic relations with Austria on the ground that Austrian troops were reinforcing the Germans.

Austria appears to have abandoned the advance on Servia for a time and is partly co-operating with Germany

GERMAN CRUISERS HAVE GREAT SPEED

Explanation of Mystery Surrounding Goeben and Breslau is Given—Former Is Heavily Armed.

WINNIPEG, Aug. 10. — (Western Associated Press War Bureau.) —One of the mysteries of the war is the swift and unexpected movements of the two German cruisers, Goeben and Breslau, in the Mediterranean. At one time they are reported east of Malta. Again they are said to have shelled the coast of Algiers; then it is said they have dodged the French and British squadrons and have broken back into the Adriatic.

The last report is that the Austrian fleet is steaming at forced draught to the aid of the Germans toward the strait of Otranto, the narrow entrance into the Adriatic from the Ionian sea.

What mystery there is here is pretty fully explained by the tremendous speed of the two warships. The big battle cruiser Goeben has a speed of 28.5 knots, or something like 34 miles an hour in the open seas—the speed, in fact, of an express train across the Dominion. She has a displacement of 22,640 tons and her main armament consists of 10 11-inch, 12 5.9-inch and 12 3.4-inch guns, and thus she is able to stand up against all but the newest superdreadnoughts, while her pace in open waters gives her the choice of entering or declining action at will. The Goeben was completed in 1912, is 610 feet long, cost considerably over $6,000,000, is heavily armored and carries a crew of 1,073 officers and men.

Has Advantage Over French.

The French have no battle cruisers worth the name and certainly nothing afloat that can tackle either in armament or in speed the formidable Goeben. She must be caught by the slower moving French battleship squadron, or rather, she must be cornered and sunk; or she may fall prey to a French destroyer with a speed of over 30 knots. It is just possible that one of the great British battle cruisers, like the Lion or Queen Mary, has been spared for service in the Mediterranean.

Such a vessel has equal speed with the German and much greater offensive and defensive strength, made possible by an additional 4,000 tons of displacement.

The little Breslau is like the terrier that accompanies the pack in their work. She is a third-class unarmored cruiser, completed in the same year and in the same yards—the Vulcan at Stettin—as the Goeben, but she is credited with a knotter's speed, or 27.5 knots, and in practice the lighter boat will have no difficulty in keeping afoot of her consort. The Breslau has a displacement of 4,500 tons and carries a crew of 373. A well placed six-inch shell would send her to the bottom, but as a scout ship she must be invaluable to the Goeben, which the German navy could ill afford to lose.

The despatch that the Austrian fleet is steaming out of the Adriatic must be taken with caution. That would be to leave Trieste, the great Austrian naval dockyard, open to bombardment by the Italian navy should Italy suddenly throw in her lot with France and England. Also to issue from the straits of Otranto would be to invite attack by the French fleet, greatly superior in fighting strength to the Austrian fleet.

BRITISH GOVERNMENT HAS WAR RISK SCHEME

(By Daily News Leased Wire)

OTTAWA, Aug. 10.—An important announcement was made from London today in connection with war risk insurance. It deals with a government scheme which is planned to deal with ships' risks which are to be worked through the war risks assurance association of shipowners already existing and all those who desire to come in. The object is to secure as far as possible the maintenance in time of war of oversea trade. The government is entering into an agreement to reinsure to the extent of 80 per cent all of the King's risks; upon the following terms:

1. On voyages current at the outbreak of the war, reinsurance is without premium.
2. Directions as to route, port of call and offices must be complied with.
3. On voyages begun after the outbreak of war, a premium will be charged, amounting to not less than 1 per cent and not more than 5 per cent on a voyage, the rate to be fixed by the government.
4. Such voyages must be governed by the direction of the government and the association as to routes, ports of call, etc., nor must such voyages be started if the government orders them stopped.

In connection with cargoes a war risk insurance offer has been made in London for the insurance of cargoes other than contraband. Cargoes on a British ship at the time of the outbreak of war will be treated at the port of call as though that port was the port of loading and the only risks which shall be covered will be King's risks. The rate of premium will be a flat one, irrespective of the voyage of the cargo insured.

If rail shipments are delayed under the order of the government the insured will have the option of canceling the policy and recovering the premium.

The benefit of the scheme will be extended to colonial registered ships which are included in the associations.

CHARGE THEM WITH SUNDAY BALL PLAYING

OTTAWA, Aug. 10.—Frank Shaughnessy, T. P. Gorman and M. T. Brice, officials, and Frank Donland, Art Lage and George Hill, players of the Ottawa baseball team, and the London club management are called to appear in court Friday, charged with playing ball on Sunday, May 31, at Hull, Que. The action is instituted by the attorney-general's department of Quebec on behalf of the Ontario branch of the Lord's Day alliance.

HALIFAX, N. S., Aug. 10.—President Harris of the Nova Scotia Steel company, announced tonight that as a result of the unprecedented financial situation created by the war, it has been decided to close down a portion of the plant at Wabana mines, and the blast and open hearth furnaces at Sydney mines have been temporarily stopped.

The Manufacturer's Problem Solved!

THE solution will be found on page 4 of "The Elevator," a new book just off the press. We want to place a copy of this Book in the hands of every progressive manufacturer in the country.

It may prove to be worth hundreds of dollars to YOU. In its pages appear many illustrations and suggestions for manufacturers, retailers, jobbers and wholesalers, any one of which may be the solution of your individual problem. The successful manufacturer owes much of his success to the intelligent arrangement of his plant and the elimination of needless effort and wasted energy. This Book points the way to bigger profits and greater efficiency. Write to-day for YOUR copy.

THREE DIE IN VENDETTA FIGHT

One Man Shot, Another Killed With Hammer and Third Thought to Have Suicided.

(Special to The Daily News)

WANETA, B. C., Aug. 10.—Yesterday in Cedar Creek, Boundary, Wash., what appears to be a vendetta tragedy occurred when the bodies of Roe Daman and Sanberg were found and a man named Bruen was found in his workshop with his head battered by a hammer. It is supposed that Daman first shot and killed Sanberg, then assailed Bruen and finally committed *suicide by the roadside by shooting* himself through the head with a shotgun.

Bruen has since died.

COLLEGE HEAD LOOKS FOR SHORT, DECISIVE WAR

(Special to The Daily News)

GRAND FORKS, B. C., Aug. 10.—Rev. Dr. Spencer of Okanagan college, Summerland, spoke here yesterday on "Education and the War." In the Baptist church his address was on "The Value of a Christian Education," pointing out the value of the connection between Kootenay, Boundary and Okanagan by the Kettle Valley route.

The four churches united in an open air service on the Presbyterian church lawn to hear Dr. Spencer on "The War." He outlined the value of Empire, the long existing confusion and conditions among nations, the British honor at stake in Britain's decision, and the national problems requiring solution everywhere. He emphasized the importance of all classes keeping a calm and steady spirit and staying by the interests of their district in times of stress as well as prosperity, predicting that the war would be short and decisive and that ere long the tide of prosperity in material things will come to all Canada.

PHOENIX UNION BUILDING GUTTED

Opera House and Lodge Rooms Are Also Destroyed by Blaze—Brigade Did Good Work

(Special to The Daily News.)

PHOENIX, B. C., Aug. 10.—Twenty-five minutes after midnight Sunday an outbreak of fire was discovered in the Miners' Union building here. The fire brigade responded promptly, but by 1:30 the entire building was enveloped in flames on all sides. The brigade, assisted by many willing helpers, worked with desperate energy and *succeeded in confining the fire to* the building itself, although there were times when the post office, customs house, Presbyterian church and No. 2 ore crusher of the Granby mine were endangered. The building was the largest in town and by reason of its containing a ballroom, opera house and lodge rooms its loss is keenly felt by all the residents in the city. The structure and fittings cost about $30,000 and the insurance carried was $10,000.

This morning, when the safe belonging to Snowshoe Lodge No. 46 I. O. O. F. was opened, its contents were found to be in excellent condition. The safe of the Phoenix Miners' union has not as yet been opened. The origin of the fire is unknown.

ESSEX PRIZE MAY BE BIG VESSEL

Thought to Be Kronprinz Wilhelm—Warship Pursued Minnetonka Across Atlantic.

(By Daily News Leased Wire.)

NEW YORK, Aug. 10.—While incoming ocean liners today brought confirmation that foreign warships were cruising off the American Atlantic coast, strict censorship over the cables leading out of Bermuda perhaps kept hidden from public knowledge here the fate of the North German Lloyd vessel Kronprinz Wilhelm, which took 6,000 tons of coal out of this port under cover of darkness last week before the battleship Florida began its enforcement of the neutrality laws.

The British cruiser Essex has the German liner under capture and is taking her, a prize of war, into Hamilton, Bermuda, according to a wireless message, declared to have been overheard at sea. The Associated Press correspondent at Bermuda said in a cryptic despatch that he had information which he had not been al*lowed to communicate by cable.* This message came in response to informing the correspondent of the reported capture of the Kronprinz Wilhelm.

Stronger enforcement of the neutrality laws was taken by the port authorities today almost simultaneously with the arrival of the Atlantic transport liner Minnetonka with the story that a warship, nationality not learned, had pursued her during the closing hours of her voyage to American waters. An embargo was placed on the wireless apparatus of every foreign ship in New York harbor. This step was taken after the authorities began to suspect that foreign ships at sea might be communicating with ships of their nation in port.

The chase of the Minnetonka ended early today only after the ship steamed into the three-mile zone in the vicinity of Nantucket.

Last night the Minnetonka refused to disclose by wireless her identity to a warship which asked it. With her portholes blanketed and electric wires to every stateroom cut, the Minnetonka sped through the fog and a few hours later lost sight of her pursuer's searchlights.

While 60 miles off Sandy Hook late yesterday the British tank steamer Wapello, which arrived here today, sighted the Olympia of the White Star line, which left here yesterday without passengers and headed for England. From the course the Olympic was taking the captain of the Wapello reported she seemed to be steaming along a course which would take her toward *Halifax, where several of the* White Star fleet have put in recently.

Officers of the line denied that the Olympia was going to Halifax.

Oil Ships Afraid to Sail.

There is now in this harbor one of the largest oil fleets ever assembled here. The tankers stretch from Tompkinsville out to Quarantine, apparently afraid to put out to sea while foreign cruisers lurk in the Atlantic. They are British and German ships for the most part, each carrying thousands of tons of oil. Several tank ships which have left here, it was declared, have been requisitioned by the British government as fuel carriers in the North sea.

The number of applicants at the municipal employment exchange for jobs has increased considerably since foreign reservists became stranded here.

The White Star liner Cedric, which put into Halifax on Aug. 6 to escape the possibility of becoming a prize of war, was reported east of Sandy Hook at midnight, steaming to this port.

Many Italians Leave.

(By Daily News Leased Wire.)

PHILADELPHIA, Pa., Aug. 10.—The Italian line steamer Anconia sailed from this port today for Italy via New York. Many Italian reservists are said to be among the 800 steerage passengers, but officers of the steamship company denied the report, stating that the passengers were taking their families home for a visit. Other passengers will board the vessel at New York, where it will remain for two days before sailing for Naples.

This Ship Not Needed.

(By Daily News Leased Wire.)

SEATTLE, Wash., Aug. 10.—The British steamer Protesilaus, which was commandeered by the British government upon her arrival from Liverpool and taken to Victoria to be fitted out as a hospital ship, was released today, the British authorities explaining that she would not be needed at this time.

The vessel will resume her regular run between Seattle and Liverpool via the Orient.

Is Vaterland Guilty?

(By Daily News Leased Wire.)

NEW YORK, Aug. 10.—The new wireless embargo applies to such ships as the German liner Vaterland, which is at her pier. Customs authorities said that while no specific orders had been given physically to prevent foreign ships from using their apparatus, the inspectors had been given great freedom in enforcing neutrality regulations. It was reported yesterday that the big Vaterland was working her wireless.

German Agencies Close.

(By Daily News Leased Wire.)

MONTREAL, Aug. 10.—One effect of the war has been that agents here representing German ship companies have in many instances closed their places, throwing a number of people out of employment.

Haverford Arrives Safely.

(By Daily News Leased Wire.)

PHILADELPHIA, Pa., Aug. 10.—The American line steamship Haverford, flying the British flag, arrived here today from Liverpool with 555 passengers, having made the greater part of the trip with lights out.

The steamer left Liverpool July 29 and was well out to sea when informed that war had been declared between England and Germany. The Haverford's lights were extinguished and every ounce of steam was put on to speed the ship across the Atlantic.

Hold Steamer in Port.

(By Daily News Leased Wire.)

NEW YORK, Aug. 10.—The steamship Bermudan, due here today from Hamilton, Bermuda, has been ordered to remain in that port indefinitely, according to an announcement made by the Quebec Steamship company.

Government Takes Prince George.

(By Daily News Leased Wire.)

VANCOUVER, B. C., Aug 10.—The Grand Trunk Pacific railway, which tried to get all its boats to Seattle to avoid seizure by the government for war purposes, has lost the Prince George, which was taken over at Victoria. No steamers of the company are on the northern run now.

Cancel Sailings.

(By Daily News Leased Wire.)

LONDON, Aug. 10.—The White Star line steamer Olympic's sailings for August and September have been canceled.

RICH CANADIAN GIVES HALF MILLION

Sum Donated by Montreal Man Likely to Be Used to Buy Quick-Firing Guns.

(By Daily News Leased Wire.)

OTTAWA, Aug. 10.—An offer of $500,000 to be applied for defence purposes in any way that the government deems fit, was received today by the minister of militia from a prominent Montreal millionaire, whose name is not yet divulged. The offer has been accepted and it is probable that this donation will be devoted to *the purchase of some quick-firing* guns, this being considered the chief need of the Canadian forces at the present juncture.

JAPAN TAKES OVER TRANSPORTS

Requisitions Additional Ships—Emperor Is Expected to Return Hurriedly to Tokio.

(Special Cable to The Daily News and Montreal Star.)

TOKIO, Aug. 10.—The Japanese government today requisitioned several additional transports. The emperor is expected to interrupt his vacation and return to Tokio on Wednesday.

The prime minister today in an address to newspaper men of Japan urged them to refrain from sensational rumors and inflammatory articles in such critical times, saying they were calculated unduly to excite the public and injure Japan's relations with friendly countries. The premier instanced what he termed a false assertion that the United States was sending a fleet to Japan.

"America has made no demand on Japan and remains Japan's great friend," concluded the premier.

FOR A HOSPITAL SHIP.

The Daily News has pleasure in today putting its columns at the disposal of the people of Nelson and of Kootenay and the Boundary generally for the purpose of raising money to assist in equipping the hospital ship which the British government has accepted as a gift from the women of Canada.

In view of conditions the raising of the money for this ship must be done quickly, for the value of the ship depends upon how soon it is ready for service.

He, therefore, gives twice who gives quickly. Let there be no holding back. Let all give according to their means and the amount expected from Nelson and district will be over-subscribed.

Your subscription, whether large or small, will be welcome and will assist a good cause.

ALSACE.

One of the features of the present European struggle is the determined attempt which is being made by the French to drive the Germans out of Alsace, an operation which, it is to be presumed, will shortly be repeated in the case of Lorraine. These two provinces belonged to France until the Franco-Prussian war of 1870, when they were seized by Germany and retained by that country as part of its indemnity.

In view of the effort which France is now putting up to regain Alsace a review of the province's history may not be out of place. According to the Encyclopedia Britannica, from a very early period and for many ages, Alsace, one of the richest and most fertile sections of Europe, has been a disputed territory, and has suffered in the contentions of rival races. It formed part of ancient Gaul and was, therefore, included in the Roman empire. The Romans held it nearly 500 years, and on the dissolution of their power it passed under the sway of the Francks and of the early French monarchs, by whom it was governed until the time of Otho I., emperor of Germany, who reigned about the middle of the tenth century, when Alsace became a German province, the original population being supplanted by Teuton stock. As such it remained for centuries, passing, however, under the sway of Austria in 1273, when the emperor of that day of that country succeeded to the imperial dignity of Germany. Alsace remained part of the German empire until 1648, when a large part of it was ceded to the king of France, practically all the balance being added in 1697 under the terms of the treaty of Ryswick, the final portion passing into the hands of the French about a century later. Alsace remained French until taken from that country in 1870 by the Germans.

It will be seen that Alsace was originally French, then German and then again French, while for the past 44 years every effort has been made to make it German again. Despite its checkered history and the efforts of the Germans of the last half century the people of Alsace are today French and are as anxious for the day when they shall again be under French rule as the people of France are that the boundaries of their country should be restored to what they were before the war of 44 years ago.

THE EXTRAORDINARY ACTION OF BISHOP BUDKA.

The following despatch in reference to the action of Bishop Budka in his recently issuing a pastoral letter to the clergy of his diocese, asking that they make themselves active agents in enlisting recruits for the German-Austrian armies, with whom Britain is at war, shows what are the sentiments of the people of the district in which Bishop Budka lives:

A very enthusiastic and largely attended meeting of the citizens of Yorkton was held last night to consider the manifesto issued by Bishop Budka of the Greek Catholic church calling on the Canadian Ukranians to return to Austria to fight for that country against Great Britain, and a resolution carried by an overwhelming majority condemning Bishop Budka's action and directing the attention of Premier Borden to the same with the request that he take action in the matter.

In this matter no fault could be found with the government should it proceed against Bishop Budka on a charge of treason.

For the information of the public there is given herewith some extracts from the criminal code relating to treason.

Sec. 65. Treason is (1) Assisting any public enemy at war with his majesty in such war by any means whatsoever.

Such are guilty of an indictable offence and liable to suffer death.

Sec. 66. In every case in which it is treason to conspire with any person for any purpose the act of so conspiring and every overt act of any such conspiracy is an overt act of treason.

Sec. 67. Every one is guilty of an indictable offence and liable to two years' imprisonment who

(a) Becomes an accessory after the fact to treason; or

(b) Knowing that any person is about to commit treason does not, with all reasonable despatch, give information thereof to a justice of the peace, or use other reasonable endeavors to prevent the commission of the same.

At such a time as this, when Canada is mobilizing her citizen soldiery to assist in fighting the battles of the Empire, men holding views such as those of Bishop Budka should maintain silence. Any foreigners in either Germany or Austria guilty of similar disloyal conduct would assuredly be drastically dealt with by the authorities. A little powder and shot and a short shrift would terminate the earthly careers of such offenders and there would be scant ceremony in connection with the proceedings.

COMMUNICATION

ASKS GOVERNMENT TO MANAGE SOLDIERS' FARMS

To the Editor of The Daily News.

Sir: It seems to me that the least the government could do for the men who are leaving their cattle and their lands and crops to go and fight for their country would be to look after them and market the crops and so remove a deal of anxiety. This could easily be done through farmers' institutes. A good many of us have sunk our all in the land and it is only fair under the circumstances that the government should do something practical in return. The land should not be permitted to go to ruin and the owners themselves ruined because they are helping the Empire.

AT THE THEATRES

At the Gem theatre tonight one of the finest two-reel comedies ever filmed will be shown. The films are all hand colored and in the old Spanish style. There are also two other good features. The following is a synopsis of the story:

Count Almaviva and his Rosina, as told in "The Barber of Seville," marry and settle down on the count's estates, Figaro, the barber, according to the filmed story, is appointed major domo of the castle in return for his assistance in gaining for the count a wife. Susanne, with whom Figaro is in love, is lady's maid to the countess.

The count seeks diversion to ease the monotony of peaceful married life. He casts his eyes on Susanne, and employs his chaplain Basilio to carry her a love letter. Basilio does so and Susanne chases him from the room, and soon afterwards shows the letter to Figaro and the countess.

The page, Cherubino, loves his mistress. Figaro discovers it, and immediately forms a counterplot to get even with the count. The count leaves for a hunting trip, and on the same day Figaro contrives so that Cherubino and the countess take a walk through the grounds. He then conducts Basilio to the spot and the chaplain rushes off to tell his master. The countess, the page and Susanne are all privy to Figaro's plans, and just as Basilio rushes off Susanne takes the place of the countess by the side of the page. When the angry count reaches the spot, he believes Basilio has grossly blundered and the chaplain sorely puzzled, barely escapes a trouncing.

But Figaro seeks further humiliation for his master. He induces Susanne to answer the count's note, making an appointment at a certain place for the next evening. He then gets the countess and Susanne to exchange dresses on the evening mentioned, each wearing a mask. The count therefore meets his own wife unknowingly and lavishes upon her face and ears many tokens of endearment. While this is going on Basilio rushes up with the information that the page is again walking through the grounds with the countess. The count follows him excitedly and discovers that the page's companion is Susanne.

In the midst of his confusion, the countess, dressed as Susanne, approaches and unmasks.

NEWFOUNDLAND TO SEND FIVE HUNDRED SOLDIERS

Colonial Naval Reserves Will Be increased to One Thousand—May Man Niobe.

(By Daily News Leased Wire.)

ST. JOHNS, Nfld., Aug. 10.—The imperial government has accepted the offer of Newfoundland of 500 men for land service abroad and to increase the colonial naval reserves, the present maximum of which is 600, to 1,000 by Oct. 31, paying all expenses connected with the creation of both contingents. Colonial Secretary Harcourt, in accepting the offer, intimates that the imperial government will shortly announce a decision regarding the employment of naval recruits. Reports here say it is likely the men will be assigned to duty on the Canadian warship Niobe.

BELIEVE IT IS BODY OF CAPT McCONKEY

(By Daily News Leased Wire.)

SARNIA, Ont., Aug. 10.—What, from a memorandum book in the pocket, is believed to be the body of Capt. F. H. McConkey of Barrie, Ont., master of the steamer Regina, one of the boats that went to the bottom with all on board in the disastrous storm which swept the great lakes in November last, was thrown upon the shore at Port Sanitic, 30 miles above Port Huron today.

BUCKET BRIGADE SAVES TOWN

(By Daily News Leased Wire.)

MEDICINE HAT, Aug. 10.—Fire started in the old Brassy Arms hotel threatened to destroy the whole town of Carlstadt and only heroic efforts by the bucket brigade saved the town. The loss is said to be $20,000, nearly all covered by insurance.

PRINCESS ARTHUR HAS SON.

(By Daily News Leased Wire.)

LONDON, Aug. 10.—A son was born today to Princess Arthur of Connaught, who was formerly Duchess of Fife.

NOTICE

A general mobilization of the Belgian Army has been proclaimed.

All Belgian subjects residing on Mainland of British Columbia and who are liable for military service will report at once to the Belgian Consulate at Vancouver, Room 608 Welton Block, north end of Howe Street, between the hours of 11 a.m. to noon and 3 p.m. to 5 p.m., or by letter if residing outside Vancouver.

Military service books and naturalization papers must be produced.

temporary military prisons will be established at Petawawa and other points.

The government suggests that all German reservists now in the Dominion who wish to avoid summary arrest should go to the nearest magistrate or other public officer and file a statement that they wish to be considered as peaceful and law abiding residents of Canada.

In regard to the report of the destruction of a bridge north of Valcartier, presumably by some German or Austrian, it is stated that this bridge is 150 miles north of the point of the mobilization and there is nothing to show that it was destroyed by design. At the same time Col. Hughes points out that all guards at railway bridges or other public works are instructed to "shoot to kill" in case orders are not obeyed by anyone acting in a suspicious manner.

Provision is being made for Canadian militiamen now in the United Kingdom to join the Canadian forces when they reach the other side. Among the cables received today was one from Major-Gen. Stephens, former chairman of the harbor commissioners of Montreal, offering his services either in the fighting line or in any place in which he might be of use.

Col. Hughes pays a special tribute to the Coburg field battery, which entrained for Quebec last week and last Saturday was ordered from Quebec on special mission at some other point, the name of which is not disclosed. The minister says the battery showed rare efficiency both in mobilizing and in handling its guns at Quebec.

Patriotic Fund for Families

Arrangements are being made by the government for the raising of a big patriotic fund by voluntary subscription to guarantee the support of the families of the men who go to the front. This fund will be devoted to obviating any distress in Canada which would result from the stopping of wages now earned by the volunteers. It is intended to guarantee practically the continuance of the family income. It will be administered by a board of trustees whose personnel is now under consideration. It is thought there will be a generous public response and that three or four million dollars at least will be raised.

Provision will also be made for men who go to the front and wish to assign their pay to anyone dependent on them in Canada. A number of firms have notified the minister of militia that they intend to continue the salaries of employes who intend to go with the expeditionary forces.

One of these firms states that already 25 of its employes have volunteered.

Recruiting will positively close for the oversea contingent Wednesday night and from the list of names sent into the militia department the 22,000 required will be picked and those selected will be rushed without delay to Valcartier.

In addition to the division the regiments being raised and equipped by Hamilton Gault of Montreal and R. B. Bennett of Calgary will go to the front.

Vernon Gets Orders.

(Special to The Daily News)

VERNON, B. C., Aug. 10.—Col. Bott has received orders to mobilize at Vernon the 30th regiment, British Columbia horse, mounted infantry, with a total strength of 510 men. Vernon Legion of Frontiersmen also received orders to report to Capt. Sloan, Vancouver, as to strength and equipment.

To Guard Main Line.

(By Daily News Leased Wire.)

VANCOUVER, Aug. 10.—Several thousand men of Vancouver troops are now under arms awaiting definite instructions from headquarters. The work of actual mobilization, the preliminary organization of which was started last week, was completed at 10 o'clock this morning. So far only three regiments, the 6th D. C. O. R., the 72nd Seaforth Highlanders and the Irish Fusiliers, have been placed on a war footing, together with the army service corps. These are now ready to take the field for active service.

A contingent will probably sail for Esquimalt tomorrow. Several companies will be sent to guard the Canadian Pacific railway main line from Vancouver right through the mountains and reinforce the extra patrol force placed on by the railway.

Calgary's Corps Accepted.

(By Daily News Leased Wire.)

CALGARY, Alta., Aug. 10.—As the result of two days' active recruiting, the names of 2,000 Calgary men will be forwarded to the department of militia. Militia recruiting offices were jammed throughout Sunday and Monday with men anxious to join the ranks for active service. When the list is completed it is expected that Calgary will have 3,000 militia volunteers.

Calgary will also furnish the first detachment for the Princess Patricia light regiment now being formed in Toronto. Lieut.-Col. Farquhar last night wired to the Legion of Frontiersmen which has 1,700 names on its list, asking for 400 men to be entrained for the east within 48 hours. The most seasoned will be selected from the men enrolled.

It is understood that the British war office has accepted the city of Calgary's offer of a corps of 500 mounted men to be equipped at a cost of $250,000.

Montreal Italians for Allies.

MONTREAL, Aug. 10.—A battery section, of McGill university men exclusively, to make up one of the two extra sections of field artillery is being recruited in Montreal. A battery section is composed of 25 men.

Toronto Has New Corps.

(By Daily News Leased Wire.)

TORONTO, Aug. 10.—The Princess Patricia light regiment is the name of a new corps that is being formed in Toronto. It is to be commanded by Lieut. Col. Farquhar, military secretary to the governor-general. Already 410 men have signed as members.

Civil Servants to Get Pay.

(By Daily News Leased Wire.)

OTTAWA, Aug. 10.—An order-in-council was passed today providing that civil service employes who are enrolled in the militia and called for active service in Canada or who, with the consent of the department, enlist in any expeditionary force for service abroad during the present war, shall during such period of active service, whether in Canada or abroad, receive their regular salary subject to such conditions of payment thereof to their families or dependents as may be prescribed by order-in-council or by the head of the department.

Easy to Man Niobe.

(By Daily News Leased Wire.)

MONTREAL, Aug. 10.—In Montreal during the past few days 150 men have volunteered for service on H. M. C. S. Niobe, only 25 having been accepted, every one of whom had his discharge papers from the royal navy. Most of the other applicants were men who had seen service in the American marines with first-class ratings as officers, petty officers, quartermasters, stewards, engine room artificers, engineers and so on. These, it was stated, would get the preference in case it became necessary to go outside of men who had actually served on warships to secure a full complement to the Niobe.

Volunteers Are Many.

(By Daily News Leased Wire.)

TORONTO, Aug. 10.—Recruiting by the Toronto regiments for their contribution to the first contingent for active service in Europe proceeded steadily today, and there was no lack of men for selection. The Highlanders have added 450 men to their strength and the Queen's Own rifles are practically up to war strength, with probably something over. Drilling of recruits still continues.

City Will Provide for Them.

(By Daily News Leased Wire.)

SASKATOON, Sask., Aug. 10.—Responsibility for providing for those dependent on members of the local regiments who may volunteer for active service was shouldered by the city council tonight when a resolution was unanimously carried to this effect.

SHOOT GERMAN SPIES IN BELGIUM

Six Hundred Arrested—Hundred Executed—Wear False Uniforms and Carry Fake Permits.

(By Daily News Leased Wire.)

BRUSSELS, Aug. 10.—(Via Paris.)—Belgium has been covered with a network of German spies. Six hundred already have been arrested and 100 were shot today. Some of those captured were wearing uniforms of gendarmes, civic guards, soldiers and officers of the Belgian army. Many were armed with bombs and revolvers and were riding in automobiles bearing false numbers. They had in their possession telegrams and letters with the counterfeit signature of the Belgian minister of war.

Just before and after the fighting began private signs were discovered on bridges, works and aqueducts, indicating that those structures should be blown up. Severe precautions have now been taken by the military authorities and no one is admitted at the railway stations without permits. Automobiles are examined at every mile.

The war minister has issued a proclamation that every German and Austrian who does not declare himself within 24 hours will be considered a spy. Since the Flanders provinces were placed under martial law two days ago more than 200 spies have been arrested.

Forty thousand volunteers have been enrolled and have been formed into 20 regiments of 2,000 each.

The train service between Brussels and Paris was resumed this morning.

HOW TO ABSORB UNLOVELY COMPLEXION

(Phyllis Moore in Town Talk)

The face which is admired for its beauty must have a satin-smooth skin, pink and white and youthful looking. The only thing I know of that can make such a complexion out of an aged, faded, or discolored one—I mean a natural, not a painted complexion—is ordinary mercolized wax. This remarkable substance literally absorbs the unsightly cuticle, a little each day, the clear, healthy, girlish skin beneath gradually peeping out until within a week or so it is wholly in evidence. Of course such blemishes as freckles, moth patches, liver spots, blotches and pimples are discarded with the old skin. If you will procure an ounce of mercolized wax at the drug store, use like cold cream every night, washing this off mornings, you'll find it a veritable wonder-worker.

Another valuable natural treatment is a wash lotion to remove wrinkles which can be easily prepared. Dissolve 1 oz. powdered saxolite in ½ pt. witch hazel. Bathe the face in this and you'll find it "works like magic."

MERCHANT MARINE IS MEANS LACKING

Steel at Million Dollars Per Ton Valueless to United States With Strife, He Says.

(By Daily News Leased Wire.)

NEW YORK, Aug. 10.—J. A. Farrel, president of the United States Steel corporation and chairman of the national foreign trades council, organized to consider commercial problems arising from the war, said before calling a meeting of the council to order today that until the United States could get merchant ships her industries would not be able to take advantage of the increased foreign demand for American products.

Even if steel could be sold at $1,000,000 a ton, he said, and wheat at $10 a bushel, it was doing the United States no good as long as it lacked ships in which to send these products to foreign markets.

The council was prepared to receive a report from a special commission on measures of recommendation and to appoint a committee to attend the committee on shipping and banking interests called to meet in Washington Friday.

SCOTCH WOOL MAKERS FEAR HEAVY LOSSES

(By Daily News Leased Wire.)

GLASGOW, Aug. 10.—Leading Scottish woolen manufacturers believe that they will sustain ruinous losses as a result of the war, a large part of their business having been done in Germany. The Germans recently insisted upon a speedy delivery of their orders and the manufacturers fear they will not get the pay for goods shipped to them.

AMATEUR MOTOR-CYCLIST IS SENSATIONAL SPEEDER

(By Daily News Leased Wire.)

WINNIPEG, Aug. 10.—The motorcycle races closed here today under ideal conditions. There were no serious accidents and both the professional and amateur riders showed remarkable speed on the dirt track. Joe Barrbeau of Toronto won several races, securing the Canadian championship, but was beaten in the special race with Perry of Chicago.

The sensational speeding of George Hedley of Toronto, who cleaned up all the amateur events, was the feature of the amateur races. He was never really hard pushed in any race. Miles, Toronto, was second in a number of events.

DISCUSS PLANS TO AID PRAIRIE FARMERS

(By Daily News Leased Wire.)

REGINA, Sask., Aug. 10.—As the result of a message sent to the Ottawa government some 10 days ago by Premier Scott, stating that in view of the crop failure in certain districts, increased activity in behalf of the sells on the part of both governments seemed necessary, Hon. Martin Burrell, minister of agriculture, held a conference with the Saskatchewan premier here today. Certain proposals were found to be generally acceptable and these will be submitted to the federal government at Ottawa by Mr. Burrell. He left this morning for the east.

censor he was ready to do what he could in the matter.

Immediately following the announcement by Home Secretary McKenna that King George had ordered the immediate release from prison of all women convicted of militancy, the women announced reciprocal measures. The officials of the Women's Freedom league declared that from now on they would abandon militant tactics. In their stead they will substitute a plan whereby the league will take the lead in the relief of the women and children victims of the present war.

Queen Alexandra, who started the soldiers' and sailors' relief fund, has consented to fuse her fund with the Prince of Wales fund. Queen Alexandra and former Queen Marie Amelia of Portugal today visited the headquarters of the Prince of Wales fund, where they were informed it had reached $2,500,000. A manager of this fund is C. A. Pearson, who is known for his great ability as an organizer. The Duke of Portland has placed the famous Welbec abbey in Worksop at the disposal of the Red Cross; the Duke of Westminster has offered the society both his town and country seats, and Right Hon. VOLUNTEERS HERE RECEIVE CALL

Those on List With Previous Active Service Under Flag May Leave for Calgary Tomorrow.

In response to his telegram of Friday evening last offering to Hon. Sam Hughes, minister of militia for Canada, a company of volunteers that would be willing to leave for the front in defence of the Empire either at home or abroad, E. C. Wragge, commandant of the Nelson command, Legion of Frontiersmen, yesterday received a wire from the headquarters of the district officer commanding at Calgary, which stated: "Wire number of men you can supply for infantry. Qualifications, 18 to 40, ex-regulars of British or Canadian forces or with South African experience. Medically fit. Good character."

In reply to a wire for further particulars of the enlistment, Mr. Wragge last evening received a wire urging him to reply immediately stating the number of men available for enlistment. "Get all men ready for infantry medically examined immediately," stated the wire. "Enlistment is for one year at Canadian rates; get as many men as possible. Probably moving tomorrow or Wednesday."

At the armory much enthusiasm was manifest last evening at the call which had been received as nearly 50 of the men who had already enrolled on the list were men who have had previous experience on the field of battle and it is expected that when the news of the call which has been received becomes more generally known the number can be doubled with ease. Those in charge of the enlisting which has been going on at the armory wish all unmarried volunteers to report in person or to wire giving particulars of their age and service to E. C. Wragge, D. O. Thomas or to C. J. Archer, Nelson.

At the armory last night good progress was made with the drill squad and Instructor Keith was well satisfied with the showing that was being made by the younger members of the volunteers who have enrolled and who last night, it is stated, felt disappointed that they were not to be given a chance to leave with the first contingent from the city. This evening the semaphore class which is receiving nightly instruction will meet at 7:30 o'clock while the drill squad will fall in at 8 o'clock.

Fifteen names were added to the enrollment at the armory yesterday, about half of them being received by mail and the number on the list was swelled to 153.

WAGES OF MASONS IN ITALY

FINANCIAL WORLD IS MORE CHEERFUL

Idle Freight Cars Less—Unfilled Steel Orders Increase—Loan Call Money at Six Per Cent.

(By Daily News Leased Wire.)

NEW YORK, Aug. 10.—Developments in the financial world today were of a more cheerful character. The fortnightly report of idle freight cars revealed a decrease of nearly 30,000, bringing down the number of unemployed cars to the smallest since April 1. The United States Steel corporation's monthly report of unfilled tonnage showed an increase of 125,732 tons, the amount of business on hand at the first of the month being the largest for five months.

Steady progress was made toward clearing up the tangle between stock exchange houses and their customers, caused by the closing of the market and the violent slump which preceded it. Unofficial prices of stocks quoted today were similar to those heard last week, in most instances approximating the figures which prevailed at the time business was suspended.

In the money market there was no important change. Banks as a rule confined their operations to the satisfaction of mercantile demands. No money was offered on call in the market and the demand for accommodation of this description was reported as being light. A few call loans were made at the banks at 6 per cent, the ruling figure at the close of last week. For a small amount of 90-day money 7 per cent was paid today. Offerings for fixed dates were small. Sentiment improved over the week-end in the open market for mercantile discounts and paper was purchased more freely, although the total was still small. Long term paper was most in demand with 6 per cent ruling for all dates.

Although attempts were made to do business in the foreign exchange market and some transactions were carried through in the purchase of grain bills, there was still great difficulty in realizing upon credits resulting from merchandise exports. This was particularly the case on the continent, and in some instances in London. Prominent bankers said little difficulty was being experienced in regard to letters of credit for small amounts, although foreign banks were conserving their cash resources and were unwilling to advance large sums.

Belgium Guarantees Payment.
(By Daily News Leased Wire.)

NEW YORK, Aug. 10.—The Belgian consul today gave out the following cablegram from the Belgian minister of war at Brussels:

"Let American exporters of wheat know that Belgian credit remains unsurpassed and that England has advised that all boats with wheat can come direct to Antwerp without stop, all payments being assured as in time of peace."

Discuss Shipment Problem.
(By Daily News Leased Wire.)

NEW YORK, Aug. 10.—"Hostilities in Europe," read the preamble to the resolution authorizing the appointment of a committee today, "besides creating wholly abnormal conditions which render generally impossible the performance by buyers of the obligation of pre-existing contracts for the shipment of grain to the countries at war and the ports of certain adjacent countries, also effectually prevent such shipments."

The urgent appeals by cable from the Belgian minister of war for American grain were transmitted to the association by the Belgian consul here. The first despatch requested the consul to notify the dealers that England assured safe passage of grain-laden vessels across the Atlantic and that payments were guaranteed by the Belgian government. The second cable read in part:

"Do make energetic efforts to induce wheat exporters to execute contracts."

Both cables were sent from Brussels today. The association will meet again next Wednesday.

Visible Grain Increases.
(By Daily News Leased Wire.)

NEW YORK, Aug. 10.—The visible supply of grain in the United States shows the following changes: Wheat increased 4,590,000 bushels; in bond increased 292,000 bushels.

Oats increased 3,628,000; in bond increased 101,000 bushels.

Rye increased 40,000 bushels.

Barley increased 69,000 bushels; in bond decreased 1,000 bushels.

Million Bushels Shipped
(By Daily News Leased Wire.)

MONTREAL, Aug. 10.—Canada during the past few days has sent large quantities of foodstuffs to England. During the past three days over 1,000,000 bushels of wheat, as well as other foodstuffs, have been shipped. The seven liners which sailed Saturday and Sunday from this port carried about 700,000 bushels of wheat, while a tramp steamer, the Millpool, left on Sunday with 216,000 bushels.

There are two more tramps in port loaded and ready to sail as soon as they get orders with about 250,000 bushels, while in all there are six tramps in port with their holds full of wheat and nearly 20 more waiting instructions to take on their cargoes.

CANADIAN PACIFIC DECLARES DIVIDEND

Surplus for Year Was Thirty-Two Millions—Gross Earnings Hundred and Thirty Millions

(By Daily News Leased Wire.)

MONTREAL, Aug. 10.—At a meeting of the directors of the Canadian Pacific railway a dividend of 2 per cent. on preferred stock for a half year and 2½ per cent on common stock for the year ended June 30 last, was declared.

Results for the fiscal year to June 30 last were: Gross earnings from railway and steamship lines, $129,814,224; working expenses, $87,488,896; net earnings from railway and steamship lines, $42,425,928; surplus, $32,198,617. After payment of all the dividends declared for the year, the surplus from railway earnings for the year is $9,698,254.

The company's land and other active and inactive assets have been included in the balance sheet on a conservative basis and show an addition from these sources to the surplus of $127,253,782.

RUSH GUNS TO DEFEND QUEBEC

Military Authorities at Ottawa Place Ban on Quebec, Montreal and Halifax Harbors.

(By Daily News Leased Wire.)

OTTAWA, Aug. 10.—It was learned here today that the military authorities are rushing big guns to Quebec with all possible speed. The port of Quebec is now closed, under orders from the federal authorities. No ship will be allowed to leave. The port of Montreal was also closed today.

Do Not State Reason.
(By Daily News Leased Wire)

OTTAWA, Aug. 10.—The reply of military authorities to inquiries for the reason for the closing of the ports of Montreal, Quebec and Halifax leaves it to be inferred that they are in possession of information that it is not considered wise to make public, though they would not say so in so many words. A high official told the Western Associated Press that from time to time certain information was received pointing to the necessity of certain precautionary measures and action must be taken without giving any special reason.

The ports, he said, were not actually closed, though ships were forbidden to sail. The order might not be maintained for longer than a few days.

Owing to the rigid restrictions on news of all strategic moves it is difficult to obtain explanations of orders issued from military headquarters.

Are Held at Father Point.
(Special Despatch to The Daily News and the Montreal Star.)

QUEBEC, Aug. 10.—The port of Quebec is now closed under orders from the federal authorities. No outgoing ship will be allowed to leave port. The following ships that left here Saturday or Sunday are held at Father point:

Donaldson liner Letitia; Allan liner Sicilian; Canadian Pacific railway liner Tyrolea; Cunarders Alaunia and Brayhead.

The Empress of Britain and the Victorian are reported as having made port in Halifax. The Scandinavian left Quebec at 7:30 p.m. yesterday and she is to be notified to put into Halifax.

Reason Is Rumored.
(By Daily News Leased Wire.)

HALIFAX, N. S., Aug. 10.—The port of Halifax has been declared closed to shipping and no vessel was allowed to leave port today. This order, it is understood, is temporary, but although a reason is rumored, it could not be confirmed by either the naval or customs authorities.

In addition no shipping of any kind will be permitted to enter port unless it is passed by the examining ship, the Canadian government steamship Canada.

Reservists Embark.
(By Daily News Leased Wire.)

MONTREAL, Aug. 10.—Nearly 200 French reservists embarked on the Royal Edward tonight on their way back to France to join the colors, it being understood the ship would sail tomorrow morning.

Manager of Kootenay Fruit Growers' Union Wants Names of Growers Having Duchess Apples to Ship

In an effort to make up a mixed carload of peach plums and Duchess apples from this district, Raymond T. Hickes, manager of the Kootenay Fruit Growers' union, is asking ranchers in the district who have Duchess apples in shipping quantities to let him know. The apples for the car, he explains, should be marked grade No. 3 and placed loosely in boxes, not packed.

The shipment to the prairies, states Mr. Hickes, is being made as it is found that there is no sale locally for the Duchess apple in quantities.

SUGAR UP ONE CENT PER POUND

Granulated is Quoted at Five and Half Cents in New York—Home Demand Better

(By Daily News Leased Wire.)

NEW YORK, Aug. 10.—The price of granulated sugar in the wholesale market was advanced to 5½ cents per lb. today, making a gain of more than 1 cent per lb. since the recent upward movement began. The advance was due primarily to the war in Europe, which has removed foreign competition and has sent Great Britain into the local market for supplies, while at the same time the position has been further strengthened by an improved demand at home.

Several Commodities Advance.
(By Daily News Leased Wire.)

TORONTO, Aug. 10.—Wholesale grocers say that they feel the worst of the rush for food is over, but there is still good business being done. They were able to check the rush by refusing to extend their customers' credit beyond the usual amounts and by cutting their orders to a reasonable basis. At the same time they advise the retail men, especially in the case of sugar, to sell the customer only the quantity he usually buys.

The last development has been a rise in the price of cornstarch and corn syrup. Cornstarch is up ½c a pound and the syrup has advanced 10c a case. Manufacturers have been forced to raise their prices in accordance with higher prices obtaining for corn. Up to two weeks ago corn prices had been ruling rather high, especially in view of the large crop this year, and manufacturers were expecting a fall.

Sugar has not advanced and flour remains at the $1 per barrel advance. The millers state that they have plenty on hand.

All goods coming into this country upon which the war risk will be heavy are ruling higher. Tea is up 3 to 5 cents a pound and the supply is low today. For the present the usual shipments are not leaving London, but local dealers do not anticipate that this will continue for long. Raisins and currants and other Mediterranean fruits are up 2 or 3 cents a pound. Some advance shipments of this season's goods are arriving. Rice has now gone 1 cent a pound higher.

"War risks and high rate of exchange will make imported goods higher but much of this stuff is largely luxurious. The advance in our products has been on account of the demand from frightened customers," said a grocer.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands. W. W. CORY, Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

ANCOUVER DOES NOT FEAR ATTACK

lieve Rainbow and Submarines Sufficient Guard—German Cruisers Fled, is Belief.

(By Daily News Leased Wire.)

VANCOUVER, B. C., Aug. 10.—Ottawa appears to be much more alarmed about the safety of Vancouver and the cruiser Rainbow than are residents on the coast. A despatch from Ottawa represents the officials as being in a state of grave anxiety, but in Vancouver and Victoria the chances of a damaging visit from the German warships are considered to be remote. The defenses at Esquimalt have been well manned and it looks as if Capt. Hose of the Rainbow will be quite able to look after things here with the assistance of the two new submarines.

The Leipzig and Neurenberg are the two German cruisers supposed to be in Pacific waters. A special despatch from San Francisco today says: "Last heard of cruiser Neurenberg she was fleeing to China. German cruisers all over the world are running for shelter. At last reports the Rainbow went south after leaving San Francisco.

"The German cruiser Neurenberg was sighted by the liner Persia July 7, near Midway island, bound west, that was before the declaration of war by Germany. Previously she had sailed from Honolulu for Samoa. Since there have been repeated rumors that she was in Pacific coast waters. Her position when sighted by the Persia would indicate that she probably kept on westward to join the German forces in Chinese waters, where Germany has a base."

Sights Rainbow.

(By Daily News Leased Wire.)

EUREKA, Cal., Aug. 10.—The City of Topeka, which arrived here today from San Francisco, reported that she had sighted the Canadian protected cruiser Rainbow yesterday evening.

Submarines on Guard.

(By Daily News Leased Wire.)

VANCOUVER, B. C., Aug. 10.—No definite news has been received of the location of the Rainbow, though it is believed she is cruising somewhere to the west of Vancouver island. As regards the submarines, the general belief is that they lie between the Rainbow and the German cruiser, that is, assuming the Leipzig is anywhere in the vicinity of Cape Flattery.

Naval Men Reticent.

(By Daily News Leased Wire.)

SAN DIEGO, Cal., Aug. 10.—Strict secrecy regarding the movements of the British and German warships off the Lower Californian coast was maintained by the officers and crew of the U.S.S. Glacier, which arrived in port today from Mazatlan. Capt. Toser declared he had nothing to say and intimated that any member of the crew disobeying the order not to talk would be subject to court-martial if found out. It is believed the Glacier sighted the ships of both squadrons in the vicinity of Magdalena bay.

ECTOR CLOSES CHURCH WILL GO TO WAR

(By Daily News Leased Wire.)

FREDERICKTON, N. B., Aug. 10.—Rev. A. S. Kerry, Anglican rector of Stanley, announced to the congregation in his parish yesterday morning that his church would soon have to be indefinitely closed as he was going to the war. He was with the Canadian contingent during the Boer war.

AKES BIG DONATION TO RED CROSS FUND

(Special Despatch to The Daily News and Montreal Star.)

WASHINGTON, Aug. 10.—The Red Cross today received contributions of $9,000 for the European war relief fund from Mrs. Redfield Proctor, widow of Senator Proctor of Vermont and her daughter, Miss Emily Dutton Proctor.

OREST FIRES QUENCHED BY RAIN—DAMAGE HEAVY

(By Daily News Leased Wire.)

NORTH BAY, Ont., Aug. 10.—The heavy downpour of rain early this morning has distinguished the bush fires which have been raging from North Bay to Porcupine. Considerable property has been destroyed along the line of the Temiskaming & Northern Ontario railway. The Kelly & O'Brien mine lost its power house and several buildings at Pottsville.

Capt. J. C. Gore, superintendent of the Canadian Pacific railway lake and river service, left on the coast train last evening for Okanagan lake. He expects to be absent several days from the city.

LAUNCH WILL HANDLE MAILS

Nelson to Carry Express to Crawford Bay and Grey Creek on Tuesdays and Fridays.

The leaving time of the launch Nelson from Nelson on round trip to Crawford Bay on Tuesdays and Fridays will be at 3 o'clock in the afternoon. Other days the leaving time will be 4 o'clock.

The launch will leave Crawford Bay at 6 o'clock, but will not leave Proctor before 7 o'clock, the usual time. This, it is stated by company officials, will enable West Arm travelers to correctly gauge the time of arrival of the launch at the different flag calls. It is also stated that light express for Grey Creek and Crawford Bay will be handled on the launch on Tuesdays and Fridays, as well as the postoffice mails, which service up till last week was attended to by the steamer Moyie. Freight for Grey Creek and Crawford Bay will be handled from Proctor by one of the Canadian Pacific railway tugs, with deck barge if necessary, on Saturday of each week during the forenoon.

CARRANZA ARMY TO OCCUPY CAPITAL

President Carbajal of Mexico Reaches Agreement With Constitutionalists—To Leave Capital

(By Daily News Leased Wire.)

MEXICO CITY, Aug. 10.—It is announced by high officials here that within 60 hours the peaceful occupation of the capital by constitutionalists will be complete.

To carry out the new plan provisional President Carbajal will turn over the government to Eduardo Iturbide, the governor of the federal district and the head of the rurales. The latter will be used as a neutral force to patrol the capital during the interval between the departure of the federal troops and the entrance of the constitutionalists. Provisional President Carbajal will go to Vera Cruz before the entry of the triumphant army, which is to be headed by Gen. Alvardo Obregon, who is now near Tula with a force of 25,000 men.

Members of the foreign diplomatic corps here will go to Gen. Obregon's headquarters today to discuss plans for the protection of the city.

Felipe Contrera, a representative of Zapata, has arranged with President Carbajal for an armistice.

Preparations for war had been carried forward on a large scale in the past few days but they now have ceased.

Public opinion is largely with the new regime and no trouble is expected.

Will March on Capital

(By Daily News Leased Wire.)

EL PASO, Tex., Aug. 10.—Advices received from Gen. Alvaro Obregon, commander of the western division of the rebel army, stated that his advance guard was at El Salto, 50 miles southwest of the national capital. Obregon declared that his troops would push on to Mexico City.

Gen. Villa, commanding the northern division remained in Chihuahua, according to reliable reports.

INSTITUTE TO ORDER CAR OF FLOUR AND FEED

Members of the West Kootenay Farmers' institute interested in the ordering of a mixed carload of flour and feed are asked by Raymond T. Hickes, secretary of the institute, to hand in their names to him so that he may be able to take steps to have a car ordered. Already a number of the members of the institute have intimated their desire to have shipments of flour and feed purchased through the institute, he states.

PRINCE OF WALES JOINS HIS REGIMENT

DENY POPE INDISPOSED RECEIVES CONGRATULATIONS

ROME, Aug. 10.—The Tribuna today reported that the pope was indisposed, suffering from slight influenza but this was denied at the Vatican, where it was said he was granting many audiences and receiving congratulations on the eleventh anniversary of his coronation.

FRENCH COMPEL GERMAN RETREAT

(Continued from page one.)

in the supposed strategy of attempting to crush France before Russia can mobilize.

France Declares War.

(By Daily News Leased Wire.)

PARIS, Aug. 10.—France formally declared war on Austria tonight. The declaration followed the Austrian government's failure to make satisfactory explanations of the movements of Austrian troops from Austrian Tyrol through Switzerland to the Alsatian border.

The declaration of war had been expected for the last three days, but France was determined that it would not act until something definite had taken place on which a declaration could be based. This was in order to prevent Italy being forced into the conflict as an ally of Austria.

Troops Ready to Attack.

When announcement was received that Austrian troops, under the Grand Duke of Tuscany, had crossed Lake Constance and were at Basle, on the Swiss border, prepared to attack the French troops operating in Alsace, a peremptory demand that Austria declare her position was made. The Austrian ambassador was sent for and given until tonight to get a definition of the Austrian position. This was not done, so the foreign office handed the ambassador his passports and war was immediately declared.

At the same instant the French ambassador at Vienna applied to the Austrian foreign office for his passports. They were immediately handed to him and he left for the frontier.

Effect on Italy Discussed.

There is much speculation here over the effect this declaration will have on Italy. Under the terms of her treaty with Austria and Germany she is bound to come to their aid when they are "attacked."

However, in the case of England and Germany, where there was a dual declaration, the Italian government took the position that England was not the aggressor. In the present instance France acted, taking the initiative, but only after she had raised the point that her frontier was endangered by Austrian troops. Should Italy accept this position she can continue her plan of neutrality and refuse to be drawn into the war.

Formal Announcement Made.

In announcing the breaking off of relations with Austria the French foreign minister made the following statement:

"Contrary to assurances given by Austria to the French minister of foreign relations that no Austrian troops were taking part in the Franco-German war, the French government has ascertained beyond any possible doubt that certain Austrian troops, which have set free certain German troops destined to be employed in fighting the French, ought indubitably, de facto and de jure, to be considered as acting against France. In these circumstances the French ambassador was ordered to leave Vienna.

"The Austrian ambassador at Paris, on being informed of France's decision, asked for his passports."

All Forts Intact.

(By Daily News Leased Wire.)

BRUSSELS, Aug. 10.—5:20 p.m., via London.—The commander of the forts of Liege, according to an official announcement, reports that all the forts are intact. The soldiers manning them are in fine health and spirits and are amply supplied with provisions and ammunition. There is no cause for alarm.

Capture More Uhlans.

(By Daily News Leased Wire.)

BRUSSELS, via London, Aug. 10.—From the southern part of the province of Namur comes news of the capture of a patrol of German Uhlans by Belgian troops, who took the men to Givet, a strongly fortified town in the department of Ardennes, France, some 25 miles south of Namur.

Killed Two Generals.

(By Daily News Leased Wire.)

BRUSSELS, Aug. 10.—It is reported tonight that two German generals were killed in the fighting at Liege.

Villagers Are Massacred.

(By Daily News Leased Wire.)

BRUSSELS, Aug. 10.—The Belgian war office has issued a statement that all residents of the village of Soiren were massacred by German troops because three gardeners fired on the regiment, which numbered 100 Germans.

Native Troops Aid France.

(By Daily News Leased Wire.)

PARIS, Aug. 10.—1:47 p.m.—Detachments of the famous Zouaves or native troops from the French colony of Algeria are penetrating Alsace today.

Eighteen regiments are reported to have crossed Lake Constance en route for Alsace.

French Bullets Wound Worst.

(By Daily News Leased Wire.)

BELFORT, France, Aug. 10.—The French surgeons who have been caring for the wounded in the fighting in lower Alsace report that the French bullets appear to make more serious wounds than those of the German rifles.

French Hold Hostages.

(By Daily News Leased Wire.)

PARIS, Aug. 10.—7:25 p.m., via London.—It is reported from Belfort that in view of the execution of French subjects by Germans, seven prominent residents of the German town of Montreaux Vieux, just over the frontier, have been taken by the French as hostages.

German Loss is Heavier.

(By Daily News Leased Wire.)

LONDON, Aug. 10.—The Germans lost 100 killed and wounded and the Russians 63 in a battle between detachments near Wershlolowe, says a despatch.

Deny Germans Invade Poland.

(Special Cable to The Daily News and Montreal Star.)

PARIS, Aug. 10.—Foreign office officials deny the reports circulated that the Germans have invaded Russian Poland and that the Poles have risen in aid of the invaders and joined forces with them.

An official said that the Russian mobilization is proceeding perfectly and that the Russian invasion of Austria is already in progress.

Servians Drive Austrians.

(Special Cable to The Daily News and Montreal Star.)

ROME, Aug. 10.—The Servian militia which invaded Bosnia is driving the Austrians before it, according to despatches received here today. Servians have reached Vichigrad, on the frontier of Herzegovina, where the Austrians are entrenching and preparing to make a stand.

Abandon Invasion of Servia.

(By Daily News Leased Wire.)

LONDON, Aug. 10.—Reuter's news agency announced this afternoon that it had learned from an authoritative source that Austria has temporarily abandoned its intended invasion of Servia and has taken up a strong position in its own territory awaiting attacks.

Prince and Son Killed

(By Daily News Leased Wire.)

LONDON, Aug. 10.—A Brussels despatch says among the German losses in the assault on Liege were the Prince of Lieppe and his son, who were killed.

Say Austrians Repulse Russians.

(By Daily News Leased Wire.)

VIENNA, Aug. 10.—Five thousand Montenegrins last Saturday advanced against the Austrian frontier posts to the east of the fortified town of Trebinje, Herzogovina.

The Russians have made strenuous efforts to enter Austria, but have been repulsed. The Austrian frontier troops have carried out successfully several reconnoitering expeditions. The Reichspost says that Servian supplies from the new Servian territory are gradually being cut off as the surrounding of the Servians by the Austrians proceeds.

Cannot Confirm Battle News.

(Special Cable to The Daily News and Montreal Star.)

ROME, Aug. 10.—Reports of fighting in the Adriatic and of a battle cruiser seen floating afire are still unconfirmed as is also the one that an Austrian cruiser put into Brindisi after being torpedoed by an English torpedo boat destroyer.

It is accepted here that the British squadron has carried its pursuit of the Germans into the Adriatic. The British squadron is powerful. Included in it are battle cruisers Inflexible, Indefatigable and Indomitable, four armored cruisers of lesser speed and four destroyers.

MILK BYLAW IS FINALLY PASSED

(continued from page one.)

that the board of police commissioners be asked to hold an investigation into the question and report at the next regular meeting of the council.

No Permit, He Says.

During the evening D. Guthrie, chief of the fire brigade, reported that a wooden lean-to had been constructed at the rear of the premises at 417½ Ward street and that no permit had been taken out for the work. He recommended that the city solicitor be instructed to institute proceedings against the parties responsible for the work. The matter was referred to the fire wardens.

Ald. I. A. Austin stated that some weeks ago the city solicitor had been instructed to take action against parties who had made a similar infringement of the bylaws on Baker street, but that as far as he could learn no action had been taken. Another case was now before the council and he wanted to know what was going to be done. He asked if it was going to be the privilege of some of the city employes not to carry out the instructions of the council. He thought that if employes of the city were not going to carry out instructions they should get employes who would carry out instructions. In view of this he moved a resolution calling on the city solicitor to proceed at once with the instructions which he had received from the council to prosecute the parties on Baker street who had made repairs within the fire limits without first taking out a permit.

D. Guthrie, chief of the fire brigade, in his report for July, stated that there had been but one alarm.

During the month the gear of the new auto fire truck had been stripped which had required the purchase of new parts. The total cost of repairing the damage had been $125.40 and he had notified the members of the brigade that in future where damage was done to the apparatus through carelessness it would have to be paid for by the one responsible for the damage.

The chief asked the council for the permanent appointment of another man to the brigade. If it were the intention of the council to keep two pieces of apparatus in service continuously, one more permanent member was required for the brigade. At present only one piece of apparatus could get out of the hall, he explained, as the personnel of the brigade was not large enough to man both of the machines. The application for an additional man was referred to the fire, water and light committee and on the recommendation of the same committee a substitute fireman will be placed at the fire hall while the members of the brigade are absent on their annual vacations.

Agreement With Hospital.

The hospital aid bylaw, the Houston memorial site bylaw and the tax rate bylaws for 1914 were finally passed and adopted by the council and the city clerk reported an agreement had been drawn up with the Kootenay Lake General hospital society with reference to the payment of interest and sinking fund on the issue of $30,000 debentures for the purpose of making a loan to the society. The agreement provides for monthly payments of the interest and sinking fund on the issue for a period of 20 years. The payments which amount to $213.40 per month, must by the agreement be paid at the city hall on the fourteenth of each month commencing on Oct. 14 next.

The application of D. J. Robertson for permission to build a shack at the cemetery for the purpose of storing undertaking supplies was referred to the parks and cemetery committee with the object of arranging with the two undertakers of the city for the extension of the city's tool house which might be divided into two sections, one for each. In this way the building might be improved and instead of another shack on the cemetery a more presentable building might be erected.

Regarding a resolution passed by the city council and forwarded by the council to the board of police commissioners which placed the council on record as being opposed to the periodic fining of certain people in the city Ald. Alex Leith asked Mayor Malone if anything had been done by the board of police commissioners. The mayor replied that the board had considered the matter and filed the communication.

FEAR TO EXCITE RIOTS IN SAN FRANCISCO

Moving Picture Show Closed for Displaying War Films—No National Music Allowed.

(By Daily News Leased Wire.)

SAN FRANCISCO, Cal., Aug. 10.—The police closed a moving picture house today and arrested the proprietors on a charge of inciting to riot because pictures were shown purporting to represent the Franco-Prussian war. Hotel managers throughout the city have ordered their orchestras to play no national or patriotic airs, not even Hungarian dance music.

Duchess Subscribes Large Sum.

(By Daily News Leased Wire.)

OTTAWA, Aug. 10.—At a mass meeting of the women of Ottawa held at Government house today, the Duchess of Connaught voiced her great interest in the project of the women of Canada to equip a hospital ship to be placed at the disposal of the admiralty. The duchess subscribed $1,000 to the fund.

Mrs. Albert E. Gooderham of Toronto, president of the national committee, Daughters of the Empire, explained the work undertaken.

At the conclusion of the meeting Princess Patricia moved a vote of thanks to Mrs. Gooderham who made a special trip from Toronto to be present at the request of the duchess.

Mrs. Palton of the New York chapter, Daughters of the Empire, said that that chapter would be more than glad to assist with this worthy work.

BURGLAR SLIPPED AND SPOILED JOB

A hobby for highly polished floors in his Cliff street home saved Thomas Cohen, a merchant of Somerville, N. J., from having his house looted by a burglar.

The thump of the intruder's 200 or so pounds when they came in contact with said floor aroused the Cohen household instantly, according to a Somerville dispatch. The burglar made off, accompanied, Mr. Cohen says, by a smaller man who flourished a pistol and discouraged pursuit.

Scratches on the dining room floor made by large feet told the story of the burglar's literal downfall. He tried to jerk open a drawer laden with silverware. The drawer stuck, the large man's feet slipped and the alarm reverberated throughout the house. Deduction tells the detective that the burglar could not dance. It's a clue.

Little Jack wanted a dog, but a doubt existed in the mind of his fond mother as to whether it would be wise to introduce one into the house on account of the cat's dislike for the canine race in general.

NELSON NEWS OF THE DAY

Mrs. Tait and Miss Helen Tait left on the coast train last evening for Vancouver.

The regular monthly meeting of the board of managers of the Presbyterian church will be held tonight at 8 o'clock.

The fire brigade responded to a call from 213 Victoria street, the residence of W. A. Foote, yesterday morning, where a chimney fire had started. There was practically no damage done.

Falling 2½ in. during the past 24 hours the water in the West Arm now stands at 6 ft. 7 in. above the low water mark, according to the guage of the Nelson Boat & Launch company.

The death took place on Sunday morning of John Butler of the steamer Bonnington, typhoid fever being the cause. The body is lying at the undertaking parlors of the Standard Furniture company, awaiting funeral arrangements.

The city engineer was at the meeting of the city council last evening and was instructed to report on the advisability of putting crushed rock on Silica street between Josephine and Hendryx streets. The report will be made at the next meeting of the council.

Miss E. W. Burgess of New Denver and J. H. Stanton of Rossland were married at the manse yesterday by Rev. E. S. Logie. The bride was attended by Miss Iza Devlin of Calgary and J. H. Burgess, brother of the bride, acted as groomsman. The couple will make their home in Rossland.

Col. Jensen of Vancouver, department commander of Patriarchs, militant branch of the Independent Order of Oddfellows of British Columbia, will visit Canton Corona No. 7 this evening, when all officers and members will muster in fatigue uniforms. Col. Jensen visited Rossland canton last evening.

SPEAKS IN FAVOR OF GENERAL STRIKE

John Place, M.P.P., and T. Shenton Speak on Behalf of British Columbia Federation of Labor.

Jack Place, M.P.P., and T. Shenton, sent out by the British Columbia Federation of Labor as organizers, spoke in Miners' Union hall last evening to a large audience, among which were a large number of women, in advocacy of a provincial general strike as a protest against conditions in connection with Vancouver island collieries.

Mr. Shenton discussed the referendum on the proposed general strike by organizations governed by the British Columbia Federation of Labor and gave the reasons advanced for this proposed strike. He said that the trouble in the Vancouver island coalfields had started with a lockout by the Canadian Collieries on account of gas committees bringing in unfavorable reports. The rest of the island workers had joined in the strike later and when the government was appealed to for an investigation it turned the miners down and this general strike was called as a means of forcing the operators to a settlement. During the course of his remarks the speaker declared that the mining laws in regard to gas were not enforced as they should be, which, he said, was another complaint that the miners had to make.

Mr. Place stated that on two different occasions resolutions had been brought before the legislature at Victoria asking for an investigation into the matter, but that the government voted solid against it, only himself and Parker Williams voting for the measure.

VANCOUVER TO RAISE WAR FUND

Six Thousand Dollars Is Raised at Meeting of Board of Trade to Aid Families.

VANCOUVER, B. C., Aug. 10.—Six thousand dollars was raised tonight as the commencement of the Vancouver war fund at a meeting of the board of trade.

The intention is to administer a fund for the relief of the distress caused by the war owing to many heads of families being called to the front.

STOLE HORSE AND BUGGY—SENTENCE IS SUSPENDED

William J. Petch of Trail appeared before Judge Forin in the county court yesterday morning on a charge of having stolen a horse and buggy at the smelter city, on which charge he was committed for trial by Police Magistrate Noble Binns. Petch elected for speedy trial and pleaded guilty, and, taking a lenient view of the case, Judge Forin allowed him out on suspended sentence on a promise of future good behaviour.

Petch is at present serving a sentence in the provincial jail on another charge.

WOMEN TO CANVASS CITY AND DISTRICT

Decide Upon Plan to Raise Donation Toward Hospital Ship—Women's Institute Gives

In an effort to raise Nelson's contribution of British Columbia's share toward providing and equipping of a hospital ship which has been offered to the British admiralty by the Imperial Order of Daughters of the Empire, it was decided at a meeting of women in the city council chamber yesterday afternoon, under the auspices of the Nelson and District Women's Institute to make a thorough house to house canvass of the city and the immediately surrounding district. The canvass will commence today and besides women residents of Nelson all residents of Kootenay and the Boundary where steps are not being taken to assist in raising the amount are invited to send donations to Mrs. George A. Hunter, who is secretary of the committee in charge of the work. As an opening subscription the Nelson and District Women's institute at a meeting held yesterday afternoon decided to offer a contribution of $75.

The city has been divided into districts for the canvass and volunteers have consented to cover definite areas in the interests of the committee. The following are the districts with those in charge of the collections:

Vernon street and Edgewood avenue, Mrs. J. J. Malone and Miss Edna Malone; Baker street, Mrs. H. Bird; Victoria and Silica streets, Mrs. J. J. Walker and Mrs. Armbrister; Carbonate and Mill streets, east of Stanley, Mrs. Gibson and Mrs. D. O. Thomas; Latimer street, Mrs. Frank Moore; Hoover to Innes street, west of Hall street, Mrs. F. C. Ingram and Mrs. D. C. McMorris; east of Hall and south of Hoover street, Mrs. Jones; Innes street to cemetery, Mrs. George Curtis; Stanley street, Mrs. F. A. Starkey and Mrs. Blaylock; Josephine street, Mrs. R. G. Joy; Ward street Miss Edith Ross; Canadian Pacific railway flats, Miss Hurry and Miss McClure; Mill to Carbonate street, west of Stanley, Miss Lillian Hunter and Miss Frances Wolverton; Rosemont, Mrs. Hugh Robertson; Front street, from city hall to city limits, and High street to the bridge, Miss Mary Donaldson and Miss Violet Ross; Fairview district, Mrs. W. Douche and Miss Armstrong; Mrs. Cobbett and Miss Mohr; Mrs. Vigneux and Miss Armstrong; from J. J. Foote's residence on Silver King road, west and south, Mrs. W. Robertson and Mrs. Smith; north shore of West Arm, from H. Ross' ranch to E. C. Wragge's inclusive, Miss Kay and Miss Gertrude Hyslop; from E. C. Wragge's ranch to Five Mile, Mrs. N. Wolverton; Granite road, Angus Shaw.

All contributions for the fund, it was announced at the meeting yesterday by Mayor Malone, must be wired to the Bank of Montreal at Victoria by Thursday and it is the intention of the committee and volunteers to collect Nelson's share with all despatch and it is felt that the contribution will be such that it will be a credit to Nelson and district. Commencing this morning at 9:30 o'clock a booth will be opened at the armory which will serve as a headquarters for the workers and the reports of each day's work will be made by the canvassers at the headquarters before 10 o'clock each evening. Those wishing to make donations toward the fund who are not canvassed in the tour of the city may do so by calling at the headquarters in the armory or at the Y. M. C. A., Strathcona hotel, Hume hotel, or The Daily News office, where donations will be received.

The representatives of all women's societies in the city are asked to co-operate in an endeavor to raise Nelson's share of the contribution toward the hospital ship which has been offered by the Daughters of the Empire to the British admiralty, announced Mrs. Hugh Ross, president of the Nelson and District Women's institute, at the opening of the meeting. There was no branch of the Daughters of the Empire in Nelson, she explained, and believing that it was the duty of the Nelson and District Women's institute, whose motto was "For Home and Country," to step in and fill the breach they had taken steps to have the meeting called. They wanted, she said, every woman in Nelson and the district to co-operate and assist so that Nelson would be able to collect as large a contribution as possible.

W. R. Maclean, M. P. P., who was in the chair, referred to the important and useful work of the women's institutes of the province and paid a tribute to the Nelson institute for the manner in which it had responded to the call of the Daughters of the Empire. He referred at length to the struggle that might ensue before peace reigned in Europe and the necessity of the colonies of Great Britain as links in the greatest Empire of all time contributing as much as was in their power toward assisting the mother country.

Nearly everybody in Canada was ready to assist the Empire, stated Mayor Malone, either by sacrificing themselves or by contributions that would assist the needy where the effect of the war was being felt. He deplored war at this stage of the world's history and hoped that it would not be of long duration. However, he said, since the Empire has been forced into the struggle it is up to the men of the Empire to sacrifice something in order to assist in the time of need. He had received a wire, he stated, from Mrs. Mary Crofts, provincial president of the Daughters of the Empire in Victoria, asking him to call a meeting, but he was glad that the women of the city had got in ahead of him and had already taken steps.

Mrs. Armbrister, principal of Westward Ho school, formerly vice regent of Queen Victoria chapter, Daughters of the Empire, and for several years regent of the society in Bahamas, made a patriotic appeal to the meeting dealing at length with the object of the Daughters of the Empire.

Dr. Wolverton dwelt at length on the stand which Great Britain had taken in the war and the duty that fell on the shoulders of Canada since the mother country was dragged into the conflict. He paid a tribute to the government for its thoughtfulness in making the useful gift of 1,000,000 bags of flour to the mother country. He referred to the important functions carried out by women in warfare, styling them as "angels of mercy" to the sick and wounded at the front.

More Florence Nightingales were wanted, stated Fred A. Starkey, in addressing the meeting.

Judge Forin touched on the value of the work of women in a conflict such as the one in which Great Britain had become embroiled at the present time. He was positive as to the outcome of the war and he made a scathing denunciation of Emperor William of Germany and his policy since he had assumed the throne of Germany. He referred to the unfair tactics of the Germans and styled the kaiser "the war crazed autocrat of Europe." He closed by stating that he expected steps to be taken for the reorganization of a local regiment.

Rev. F. H. Graham, Rev. E. S. Logie, Mrs. F. A. Starkey and Mrs. James Johnstone also spoke of the work and the duty of Canada toward the mother country in her time of need.
