BRITISH STATESMAN WELCOMED AT OTTAWA

Right Hon. A. J. Balfour Greeted by Premier and Other Representatives of Government.

(By Daily News Leased Wire.)

OTTAWA, May 27.—Right Hon. Arthur J. Balfour, and the party who accompanied him are the guests here tonight of his excellency the governor-general and the government of Canada. Mr. Balfour arrived in Ottawa Sunday morning. They were given a warm welcome, being met by Sir Robert Borden, Sir George Foster, Sir Thomas White, Sir Edward Kemp, Hon. J. D. Hazen, Hon. Robert Rogers, Hon. T. W. Crothers and Hon. Arthur Meighen; Col. Arthur Henderson, secretary of the governor-general, and the aides at government, Admiral Kinsmill, Capt. Stephens, R. N.; Major-Generals Gwatkin, Macdonald and Hodgins, of the militia headquarters staff and several others of the official set.

Accompanying Balfour are Sir Cecil Spring rice, and Lady Spring Rice, Lieut.-Gen. Bridges, Sir Eric Drummond, Major Spencer Clary, Fleet Master Rawford, Mr. Dormier, Allan Anderson and Rear-Admiral Browning, commanding the North Atlantic squadron.

At the central station, Mr. Balfour was received by a guard of honor from the G. G. F. G., under command of Capt. J. A. Wilson. He was escorted to Rideau hall. He attended service at St. Bartholomew's church this morning and in the afternoon went for a motor ride.

On Monday at 3 p. m., Mr. Balfour will address a joint session of the senate and the house of commons. At night at Rideau hall he will be the honored guest at a reception. Tuesday he will address the Canadian club.

The British foreign secretary did not give an interview. His message to the Canadian people will be delivered on Monday in the house of commons, where a warm welcome awaits him.

BECOMES ILL ON LINKS; DIES IN CLUBHOUSE

(By Daily News Leased Wire.)

VANCOUVER, B. C., May 27.—While approaching the third hole in a golf match at the Jericho Country club Saturday, Joseph R. Smith, of the wholesale firm of Messrs. G. Gregg Co., became suddenly ill, and shortly after his return to the clubhouse, where he went to lie down, expired. Medical Health Officer Blackwood, on the instructions of the coroner, made a post mortem examination, finding death to be due to natural causes.

OPERATORS AGAIN STATE POSITION

Ready to Resume on Basis of Agreement

GOVERNMENT ACTION MAY BE DEFERRED

Mens Policy Committee May Urge Acceptance 15 Per Cent

(By Daily News Leased Wire.)

FERNIE, B.C., Bay 27.—As was anticipated, the result of the meeting of the Western Coal Operators' association here Saturday resulted in a definite announcement which is a recital of their decision reached on May 8, and has been directed to Hon. T. W. Crothers as follows:

"The operators' organization has considered your communication of the 27th inst. of Fair Wage Officer Harrison. The association has settled an agreement on terms approved by the representatives of the men and the president of the international union as fair and reasonable and we are ready to resume operations at any time on the basis of the agreement arrived at. If the men will not accept what their own representatives and the representative of the president of their union judge fair and reasonable, we urge that the government immediately take effective action to put the mines in operation.

"W. F.McNEILL."

Action May Be Deferred.

CALGARY, Alta., May 27.—No word from the government has been received by the officials of the miners' organization as to any action to be taken by it in settling the strike. With the possibility of a change in the federal cabinet and the retirement of Hon. T. W. Crothers, it is not felt likely that any policy will be announced until the changes are made. The policy committee is still in the city and will remain for a couple of days longer awaiting events. Unless some instructions are forthcoming by that time the members will return to their respective camps.

While the men still hold out for the 25 per cent increase, the seriousness of the situation from the nation's standpoint is appealing to some of them and from unofficial sources there comes the rumor that the policy committee may shortly recommend them to return to work on the 15 per cent increase which was agreed upon by the operators and the former policy committee, and which was rejected by all but two camps of the district. This increase, the operators claim, is larger in proportion to the incomes of the miners than the 20 per cent increases in other districts. The operators are willing to stand by this agreement but if the men do not accept it they feel the government should take action.

MALCOLM J. ROBINSON DIES SUDDENLY AT TORONTO

(By Daily News Leased Wire.)

TORONTO, May 27.—Malcolm J. Robinson, formerly deputy minister of public works and chairman of the highways commission of Saskatchewan, died unexpectedly of heart failure at the Queens hotel, Toronto, Saturday. He, with Mrs. Robinson and three children, had just come through from the Pacific coast on their way to St. Thomas, where Mr. Robinson was born.

URGES AUDIENCE TO DISOBEY LAW

Col. Lavernge Advises Quebec Citizens to Take No Notice of Conscription If Adopted.

(By Daily News Leased Wire.)

QUEBEC, May 27.—Advising his audience that they should refuse to obey the conscription law if the proposed measure is passed and that "we have nothing against the Germans," Col. Armand Lavergne, ex-M. L. A., came out openly today in opposition to compulsory recruiting in Canada for military service abroad. About 5000 persons cheered him wildly as he denounced the government for the proposed conscription measure.

Largely attended meetings were held all over the city and district today.

Speaking at Lorettville, the ex-M. L. A. said:

"I believe I should say that if the government passes the damned law, if you have a heart, if you are still descendants of those who wrested the country from the Iroquois, of those who ascended the scaffold crying "Vive la Liberte,' 'Vive l'Independence,' or those who have written with their French and Catholic blood an epic such as no other race can show, you should take a pledge to disobey it."

Mr. Lavergne said it was England who wished the war of today to crush Germany.

He condemned the government for sending Canada's sons overseas for butchery.

CABINET MAY BE RECONSTRUCTED

Rumor Busy on What Borden Will Do

NAMES OF POSSIBLE NEW MEMBERS GIVEN

Cochrane, Burrell, Roche and Crothers May, it is Said, Retire

OTTAWA, May 27.—The gossip in the corridors of parliament relative to the selective conscription bill and possible reconstruction of the cabinet continues, but no authoritative statement is forthcoming from any quarter in regard to either. The details of the conscription bill were further considered by the cabinet on Saturday, but it is understood the measure is not yet quite ready for the presentation to the house. The report that Sir Robert Borden contemplates cabinet reconstruction persists.

A minister of the crown stated today that if the prime minister is contemplating any change he is keeping his own counsel. In this connection it is pointed out that reconstruction of a government during a session is a particularly difficult task because of the necessity of providing new members with seats before they can appear in parliament. This would be a matter of at least a few weeks and, in the meantime, double duty would devolve upon old ministers remaining within the reorganized cabinet.

It is asserted that a coalition government is an impractical solution of the present problem unless the government drops controversial domestic legislation until after the war. As a matter of fact all that can be safely said of the situation is that it is shrouded in uncertainty. The oldest and most experienced parliamentarians say they were never quite so mystified as at the present time. Developments in the house in connection with the conscription measure will be awaited with great interest. The situation in Quebec province and elsewhere is being closely watched by both parties. Many members, more particularly those from Quebec province, went to their constituencies at the week end to "feel the pulse" of their constituents, and a good deal may depend on the reports they bring back to the capital.

Names Possible New Members.

WINNIPEG, May 27.—The Free Press' Ottawa correspondent in a despatch tonight says:

"Rumors are rife with regard to the cabinet reconstruction. This the premier will have to take into his own hands, as the cabinet cannot be expected to reconstruct itself. Some members of the government, it is said, are willing for patriotic reasons to retire voluntarily in order that new strength may be added to the administration. These are said to include Hon. Messrs. Cochrane, Burrell, Roche and Crothers."

The correspondent adds that a number of names are mentioned as probable members of a reconstructed cabinet, most prominent of which are Sir Henry Drayton, J. W. Flavelle, C. Z. A. Lasch, Sir Adam Beck and Senator Gideon Robertson.

Exhorts Them to Abstain from Violence in Language or Action at Conscription Meeting.

(By Daily News Leased Wire.)

OTTAWA, May 27.—Sir Wilfrid Laurier sent the following message to Quebec this morning:

"Louis Letourneau, M. P. P. for Quebec East—I regret to learn that the Chronicle has suffered from some absolutely reprehensible acts. I entreat the citizens at the meeting which is to take place today in Quebec to abstain from all violence, either language or action, and to remember that the liberty of opinion which they claim for themselves they must allow to all those who think differently.

BRITISH TROOPS GAIN FURTHER GROUND IN THE AISNE REGION

TAKING OF HEIGHTS A BRILLIANT FEAT

Canadian War Correspondent Praises Highly Achievement of French Troops.

(By Daily News Leased Wire.)

CANADIAN HEADQUARTERS IN FRANCE, via London, May 27.—By the Canadian Overseas Correspondent.—In company with other press representatives of the overseas dominions, the Canadian overseas correspondent has paid a brief visit, on the invitation of the French authorities to the battle front of our gallant allies on that part of the line between St. Quentin and Chavonne, where the French troops have fought their way up to the summit of the heights north of the Aisne in the face of almost insurmountable difficulties. Only by climbing heights and examining the German defenses, which were perfected during the enemy occupation of over two and a half years, can anyone arrive at the truth as to the value of the French achievement in forcing the enemy. The idea that he went without fighting, as part of the Hindenburg policy of shortening the German lines, does not stand investigation.

By a direct frontal attack on April 16, the French advancing from Soupir, on the north bank of the Aisne, stormed the heights that rise over 400 feet above the river bed. It was a much more difficult task than the carrying of Vimy ridge, because the heights are far more steep near the top. They bear a startling resemblance to the mountains at Hamilton, Ont., or to the heights leading to the Plains of Abraham, with the narrow, winding Aisne, instead of the St. Lawrence river.

Position Taken by Strategy.

Because of the brevity and reticence of the French official reports, the other allied peoples are slow to understand that along 20 miles of the Aisne front the French have recovered possession of one of the finest natural defensive positions in western Europe. The whole army of France might have been employed without result in attempting to carry the heights by a frontal attack alone. It was by a combination assault and a threatened envelopment that the Germans were ejected. They went so hurriedly that in the region of Courcy alone they left 60 guns behind, chiefly of large calibre.

Another proof that the enemy gave up an excellent position under pressure is to be seen in recently constructed lines of trenches.

Back from the summit here on the plateau along where runs the Chemin des Dames—so called because it is the only road suitable for women pedestrians—the enemy is making a desperate attempt to hold a line still formidable, but not so strong as that from which he was ejected.

LONDON LABOR HAS WAR DEMONSTRATION

Premier States Lasting Peace Will Come When People Free to Determine Their Fate.

(By Daily News Leased Wire.)

LONDON, May 27.—An impressive demonstration by many thousands of workmen, organized by the British Workers' league, was held at Hyde Park today, to express fraternal greetings to the peoples of allied countries and the determination of the workers to continue the war to a victorious conclusion. These sentiments were voiced in stirring speeches from 12 platforms.

David Lloyd George, in a letter which was read from all the platforms, expressed hearty appreciation for an address which the workers' league presented to the ambassadors of Britain's allies. In this letter Mr. Lloyd George said:

"A lasting peace will come when all the peoples of Europe are free to determine their own fate for themselves."

At the conclusion of the demonstration the workers formed in procession and marched to the French embassy, where all the allied ambassadors had assembled. The ambassadors received a deputation of workers, which presented their address to them. The French ambassador read an appreciative letter from Premier Ribot, while the other ambassadors made sympathetic replies to the address of the workers.

Walter Hines Page, the American ambassador, in his speech, said that the present American expeditionary force would soon land on the "sacred soil of France."

RUSSIAN AIRPLANE SQUAD RAIDS RAILWAY STATION

(By Daily News Leased Wire.)

PETROGRAD, May 27.—An official statement issued here today by the Russian war office says:

"Western Rumanian and Caucasus fronts: There was the usual reciprocal firing.

"Aviation: On May 25 our airplanes made a raid on the railway station at Pinsk, where they dropped six bombs. It was observed that they hit the railway line and caused an outbreak of fire in the western part of the town.

Berlin Report

BERLIN, May 27.—The official report on operations in the east states:

"There was varying firing activity in certain sectors. There were no important fighting operations."

FRENCH CONTINUE TO GAIN STEADILY

Tactical Advantages of Forward Movements in Aisne Great—Hun Attacks Furious.

(From a Staff Correspondent of the Associated Press.)

GRAND HEADQUARTERS OF THE FRENCH ARMIES IN FRANCE, May 27.—Afternoon.—German troops made another futile attack in the course of the night to regain a footing on the Chemin des Dames near the Moulin de Laffaux, the loss of which they felt acutely. The French, however, bit into the position so hard that the Germans were unable to shake them off anywhere despite the fury of their assaults. All along from the Moulin de Laffaux past Hurtebise farm to Craonne, which are the three most prominent positions on the Chemin des Dames, the artillery in both camps thundered throughout the night.

The correspondent watched the bombardment from a dominating spot whence he could look over the entire crest. Everywhere the French occupy the military crest of the plateau and continue to make further small advance and maintain their pressure.

The amount of territory gained in these minor actions, which always are minutely prepared and generally fully successful, appears small when looking at the map, but the tactical strategy advantages cannot be attempted on that basis. The definite results of the present fighting may become apparent weeks afterward. The German position in this valley is precarious, although the Teutons still hold the western end whence they can enfilade the low lying ground and render the task of the attackers difficult.

Craonne itself now is scarcely recognizable as a town. Nothing remains but a heap of stones and bricks, while all afront, or the sharp slopes toward the crest, the ground is as badly holed as that around Verdun. The capture of the place was a feat of the highest military daring in the face of strong positions armed with dozens of machine guns, but as one of the French commanders said to the correspondent: "Our men marched forward as though going to the theater."

One hundred and fifty Frenchmen captured the same number of prisoners besides inflicting awful losses on the German defenders. The sides of the plateau, which were assaulted and taken later by the French, were bored with tunnels leading to the other side of the hill. These tunnels now are so many graves in which lie hundreds of German bodies. The ends of the tunnels have since been bricked up, making permanent sepulchres.

(By Daily News Leased Wire.)

MONTREAL, May 27.—A. Lalonde, son of a well known business man of this city, was arrested yesterday on a charge of having obtained a sum of approximately $36,000 from the Bank of Hochelga by false pretenses. He pleaded not guilty, and was remanded on $20,000 bail.

BRAZIL MAY ENTER HOSTILITIES SOON

Congress Committee Urges Cancellation of Neutrality Decree—Gives President War Power.

(By Daily News Leased Wire.)

RIO JANEIRO, May 26.—Delayed.—The committee on foreign relations in the Brazilian congress today drafted a measure recommending the cancellation of the decree of April 25, 1917 which declared the neutrality of Brazil in the war between Germany and the United States. President Braz under the bill would be authorized to take necessary steps for the carrying out of this law and to put in practise the acts which result from the cessation of neutrality.

The Brazilian foreign minister presented to congress a message signed by President Braz in which it is stated that the sinking of Brazilian merchantmen by German submarines obliges the government to take measures of defense against the Teuton U-boats. The utilization but not confiscation of German ships interned in Brazilian seaports is suggested.

Smash Up German Attack East of Loos

FIERCE ONSLAUGHTS ARE MADE ON FRENCH

Foe Gets Footing In Lines But Is Driven Out In Counter Attack

(By Associated Press.)

On the front in France there has been a recrudescence of infantry activity but not on a large scale. The British made gains in local attacks northwest of St. Quentin and near Fontaine les Croisilles on the southern end of the Arras battlefield, and repulsed a German attack east of Loos, north of Arras.

On the Aisne and Champagne fronts both the Germans and French have been active. Around Teton, in the Champagne, the German crown prince made three attacks and succeeded in penetrating the French line. A counter-attack by Gen. Petain's forces, however, forced the Germans to retire again to their own lines. North of the Aisne, the Germans were repulsed in an attack against the Laffaux mill, an important point. South of Pargny on the Ailette north of Braye en Leannois. Berlin reports five French attacks were made in vain, as also was an attack near Vauxaillon.

(By Daily News Leased Wire.)

LONDON, May 27.—British troops in the Lens sector of the battle front in France Saturday night repulsed a German attack east of Loos, says the official statement issued today by the British war office. On the southern end of the British line, Field Marshal Haig's men carried out a successful raid northwest of St. Quentin. The text of the statement follows:

"A successful raid was carried out by our troops last night northwest of St. Quentin. Several of the enemy were killed and 18 were taken prisoner. Our casualties were two men wounded.

"A local hostile attack east of Loos was repulsed.

"The enemy's artillery showed considerable activity during the night against our position south of the river Scarpe."

Gain Further Ground

LONDON, May 27.—The British official communication issued this evening says:

"During the afternoon we gained further ground by a local attack near Fontaine les Croisilles. We secured a few prisoners in the course of patrol encounters early today near the Cojeul river.

"Three German airplanes were brought down in the fighting of Saturday and eight others driven down out of control. Four of our machines are missing."

PARIS, May 27.—The Aisne and Champagne battle fronts Saturday night were the scene of a duel between the French and German heavy guns which increased in intensity, says the statement given out today by French war department officials. The French troops in the former region repulsed German attacks north of Laffaux mill. During the day French airplanes dropped three and a half tons of explosives on German military works, causing a number of conflagrations. The text follows:

"An attack made by the Germans on our trenches north of Moulin de Laffaux failed under our fire. In this sector as well as on the plateau of Californie and in the region of the crests north of Nauroy and Moronvillers the artillery struggle became violent during the night.

"Aviation: During the day of May 26 our pilots forced down four German airplanes. Our bombing escadrilles on the night of 26-27 dropped 3300 kilograms of projectiles on military establishments and works of the enemy. Several fires, one of them very violent, broke out in the bombarded buildings."

MONTREAL MAN BLAMES BORDEN AND LAURIER

re Anti-Conscription Meetings Held —Opposition to Selective Draft Measure Urged

(By Daily News Leased Wire.)

MONTREAL, May 27.—French- nadian Socialists held an anti-con- iption meeting this afternoon at the Jan Baptiste market hall, and one ight at St. James market, prepara- y to a mass meeting to be held dnesday night on Champ de Mars. About 400 people attended the meet- tonight, when the chief speaker, mond Simard, said:

What will you do if conscription ses? Do with such a law what the nadians did with the national ser- e cards; we should refuse to regis- and if we are threatened with im- sonment be men."

Paul La Fortune blamed both Sir Robert Borden and Sir Wilfrid Laurier for present conditions.

"If they threaten to shoot you for not going to the front," said another speaker, Mr. Saint Martin, "it will be time to show whether you are cowards or men. If you are cowards you will give in to save your lives for a time and consent to be assassins."

No anti-conscription trouble occurred in this city Saturday night and no meeting was held, but a number of soldiers toured the east end.

They shouted loudly for anti-conscriptionists who had assaulted soldiers "to come on out." They promised to return later to the vicinity of Laval university, corner of St. Denis and St. Catharine street, and anticipating a row a large squadron of police were on hand. However, there were no exciting developments.

TORNADOES CAUSE DEATHS OF OVER 170 PERSONS

Hundreds Are Injured in Central West —Damage to Property and Crops Beyond Estimate

(By Daily News Leased Wire.)

CHICAGO, Ill., May 27.—More than 175 persons were killed, 100 or more injured and millions of dollars worth of property destroyed by tornadoes which swept through Kansas on Friday, Illinois and Indiana on Saturday and parts of Tennessee, Arkansas, Kentucky and southern Illinois Sunday. The spasmodic wind struck only here and there in its frightful play through the rural regions. Crop damage is said to be not heavy in grains.

South Ryersburg, Tenn., was reported tonight to have lost two killed and 15 injured in a tornado that swept Dyer county today.

At Blytheville, Ark., nine persons are reported killed and 12 hurt.

Reports from Indiana show at least 11 persons killed at Hebron, Kouts and other places and the death list may reach 20. More than 200 were injured in the Indiana territory swept by the storm. At midnight tonight additional reports of loss of life and property are coming in from many parts of the south and southwest.

Damage Beyond Estimate.

CHICAGO, May 27.—Spring tornadoes have caused the deaths of more than 100 persons in the central west in the last 48 hours, and also the injury of several hundred more and property damage which cannot be estimated, because of serious loss in growing food crops.

BRITISH GAIN FURTHER GROUND

(Continued from Page One.)

French Regain Ground.

PARIS, May 27.—The Germans in Champagne today penetrated the French line during heavy attacks, but later lost the ground gained in a counter-attack by French troops, according to the official statement issued tonight by the war office. The report says:

"In Champagne, after a violent bombardment the enemy this morning threw forward two attacks, one on Teton and the other to the east of Teton, At first he succeeded in penetrating our line. Our counter-attacks, however, enabled us to recapture the whole of the lost ground.

"In the afternoon, a third attack, preceded by strong artillery preparation, was started, but the enemy was thrown back immediately.

"Considerable artillery activity prevailed in Champagne.

"The day was comparatively quiet on the remainder of the front.

"Belgian communication: Light artillery activity is reported in the region of Ramscappelle and Dixmude. The artillery activity was greater in the direction of Hetsas. Bomb fighting also took place in that sector."

Berlin Says French Repulsed.

BERLIN, via London, May 27.—Five successive attempts made Saturday by the French to capture the German positions in the quarries south of Pargny, on the front of the German crown prince, failed under heavy losses, says the official statement issued by the German war office. The text follows:

"Western theater: Army group of Prince Rupprecht: In the Wytchaete bend and on both banks of the river Scarpe the firing activity again increased in considerable extent. English reconnoitering advances several times were repulsed southwest of Acheville and north of Monchy preparation of enemy troops was taken under our fire.

"Army group of the German crown prince: In the evening the French by four attacks vainly sought to wrest from us the positions gained in the quarries south of Pargny. The fifth attack made after dark broke down with heavy losses to the enemy.

"An attack at night near Vauxaillen, after strong artillery preparation yielded no success for the enemy. In the Champagne the artillery duel was lively west of Suippes.

"Army group of Duke Albrecht: There was nothing of importance occurred.

"Aviation: Fifteen aviators were shot down Saturday. Lieut. Voss gained his 30th victory over our opponents in aerial encounters."

WANTS STATEMENT ON RAILS SHIPPED TO FRANCE

(By Daily News Leased Wire.)

OTTAWA, May 27.—Sir Wilfrid Laurier has given notice that he will move in the house for a statement of rails and all other materials taken from the Transcontinental railway, the Intercolonial railway, or any other, shipped to France, to be shipped from each locality where the material was taken, also a statement showing to what government rails have yet to be delivered.

Had Boils for Six Months B.B.B. Drove Them Away

When the blood becomes impure the very first symptoms which manifest themselves are a breaking out of various forms of skin trouble such as boils, pimples, sores, etc., and to get rid of these troubles you must cleanse the blood thoroughly with a good blood remedy.

The best blood cleansing remedy on the market today is Burdock Blood Bitters.

Thousands of people from one end of Canada to the other have used it during the past forty years and have nothing but words of praise for its cleansing properties.

Mr. Rufus Beers, Upper Main River, N.B., writes: "I want to say a few words about your medicine, Burdock Blood Bitters. I had boils for over six months and sometimes was so bad I could not work. I tried lots of cures but nothing would drive them away for good until I took B.B.B. In a short time I was all better. It is a dandy medicine. I keep it in the house all the time."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont., but so well and favorably is it known that there are many imitations on the market. See that our name appears on the wrapper.

Afternoon Summary

Bright Flashes from Yesterday's Telegraph Service to the Afternoon Papers

LONDON, May 26.—German airships to the number of about 16 raided southeast England last evening. Seventy-six persons were killed and 174 wounded.

Three of the German airplanes were brought down. Nearly all of the damage occurred in one town, where some bombs fell in the streets, causing considerable casualties among the civilian population.

Of the killed, 20 were women and 23 children, while the injured included 41 women and 19 children.

British Airmen Bomb Aerodrome

LONDON, May 26.—British naval airplanes attacked the aerodrome at St. Denis-Wester, near Bruges, Friday afternoon, dropping many bombs.

British Advance on Scarpe

LONDON, May 26.—Increasing activity of the German artillery along the British front between the Scarpe and Croisilles is reported officially today. The British have effected a slight improvement in their position on the right bank of the Scarpe.

French Make Further Progress

PARIS, May 26.—Further progress was made by the French on the Champagne front during Friday night. Two German counter-attacks were repulsed and 120 prisoners taken.

Laurier Issues Appeal

OTTAWA, May 26.—Sir Wilfrid Laurier today telegraphed to citizens of Quebec, the constituency he represents in parliament, to abstain from all violence there in language or action at a meeting called for tonight to discuss the conscription issue. Liberty of opinion, which they claim for themselves, he says it must be remembered, must be allowed to all those who think differently.

Ships to Be of Steel

NEW YORK, May 26.—The ships that the United States government will build to defeat the German submarine menace and carry supplies to the entente allies, will be constructed of steel instead of wood, and the men who control the output of iron and steel in this country have given their pledge to Major.-Gen. Gothals, head of the shipping board, to furnish the necessary materials.

Italians Patriotic

WASHINGTON, May 26.—Addressing the National Press club Friday night, Victorio Falorai, attache of the national Italian mission, declared that Italy would have been a traitor to civilization if she had not joined the allies. He said that the total number of men under arms is 3,500,000, while the total of her killed, disabled and prisoners already reaches 200,000, but she was proud to meet four times that loss if necessary.

Stock Market Steady,

NEW YORK, May 26.—The stock market closed steady, United States Steel again being the feature at 134½ at the close.

German Artillery Active

LONDON, May 27.—Increasing activity of the German artillery forces along the British front between the Scarpe river and Croisilles is reported in today's official war office statement on the operations in northern France.

Commission Reaches Tokio

TOKIO, May 27.—The United States railroad commission to Russia, headed by John F. Stevens of New York, arrived in Tokio Saturday evening on its way to Petrograd.

Berlin War Statement

BERLIN, May 27.—Between the Dvina and Baresina, as well as from the Vlochoff-Tarnopol railway to the Carpathian forest and in the frontier mountains of Moldavia, says today's army headquarters report from the eastern front, the artillery activity was more lively than usual owing to the clear weather.

Army group of Crown Prince Rupprecht: The battle of Loos ended with the complete repulse of the enemy from our trenches. Prisoners and machine guns remain in our hands.

Army of Duke Albrecht: During a successful raid one of our air squadrons dropped bombs on Dover and Folkestone, on the south coast of England, with good results. The enemy lost 20 airplanes in numerous aerial engagements, and one other machine was brought down by our anti-aircraft guns. Lieut. Alimenroedar brought down his nineteenth and twentieth opponents.

Ex-Czar Plants Potatoes

PETROGRAD, May 27.—Mr. and Mrs. Nicholas Romanoff, with the Misses Romanoff and Master Romanoff, have joined the "back to the soil" movement. They are planting and hoeing potatoes in the park of Tsarkoe-Selo palace, where the same group when they were known as the royal family, used to deal life and death to all the Russians.

Balfour Enthusiastically Welcomed

TORONTO, May 27.—Toronto has not known in years such celebrations and enthusiasms as are being accorded the Right Hon. A. J. Balfour and his party.

Italians Still Succesful

ROME, May 27.—Nearly 4000 prisoners taken in fighting on the Carso front Friday and early Saturday morning bring the number captured on the Julian front since May 14 to 22,419. The Italians won a big victory and made important progress in the coastal regions in the direction of Trieste.

Buildings Destroyed by Bombs

LONDON, May 27.—The most ambitious airplane raid yet undertaken by the Germans on Great Britain occurred here late Saturday afternoon while the streets were crowded with shoppers, promenaders and workers returning to their homes, when the airmen began to drop bombs. Wide swaths cut across the city, wholesale houses and business places being destroyed by the big shells dropped by the air pirates.

French Repulse Counter-Attacks

PARIS, May 27.—Further progress was made by the French on the Champagne front during Friday night and Saturday morning. Two German counter-attacks were repulsed and 120 prisoners taken.

British Repel Germans

LONDON, May 27.—It is officially announced that British troops in the Lens sector Saturday night repulsed a German attack east of Loos, on the southern end of the British line. Haig's forces raided successfully northwest of St. Quentin.

Thirty Killed by Tornado

WICHITA, Kan., May 27.—South Central Kansas today is recovering from the ravages of a tornado which late Friday afternoon tore a jagged path through the two counties visited, killing 30 persons. Andale, a village of about 300 inhabitants, was the chief sufferer with 16 identified dead. More than a half-hundred persons have been injured.

TORNADOES CAUSE MANY DEATHS

(Continued from Page One.)

Mattoon, Ill., was the heaviest sufferer in the storm. From 50 to 70 persons were killed there late Saturday. The storm Saturday wrecked the northern half of Mattoon, including nearly all the business section, and rendered 2000 persons homeless. While the principal point of the force of the storm struck at Mattoon, other sections of Illinois were struck by vagrant tornadoes, which left death and destruction as they twisted through a rich farming country.

Joliet estimated $500,000 damage in Will county alone. Hail followed the wind in some places, beating the growing crops to the ground.

Hundreds of houses were reported demolished in scores of cities.

The southern cyclone leaped in a narrow path across Greene, Macoupin, Montgomery, Shelby and Coles counties. Starting in Greene county, close to the Mississippi river, it struck first at Modesto, struck a corner of Palmyra, Scottsville, Chapman's Point, Rohrer station and Virgin, with Esterveldt, Mattoon, Paris and Charleston.

From west to east the cyclone traveled 112 miles.

Shall We In Our Prosperity Forget War-Destitute Belgium?

Nine Million Belgians Face Starvation While Canada Thrives on Record Crops and Huge War Orders?

When at first the War depressed business, and we felt the pinch ourselves, our sympathies and aid went out freely to Belgium, suffering in the same cause.

Now that prosperity has returned to Canada, and we are engrossed in paying business, there is danger that we forget our debt to our destitute Allies. For this is a real debt that we owe! Our present prosperity is, directly or indirectly, almost entirely a result of the war. We are profiting legitimately, of course, but it is only simple justice that we share these profits with those to whom the War has brought only want, suffering and sorrow.

Belgium's need was never greater, if as great as it is today! Germany's rule has lost none of its ruthless, heartless, grinding oppression! Practically unable to earn money except by hateful munition-making for the enemy, the Belgians are gradually exhausting what little financial resources the Hun levies have left them.

For food they are absolutely dependent on the Belgian Relief Commission, which imports it from this side of the Atlantic. Those who can pay for it do so—those who cannot are fed anyway. As the proportion of the 7,000,000 hungry Belgians who cannot pay is steadily growing, this means a heavy demand on the generosity of Canada, Great Britain and the United States.

So far, with splendid gifts of flour and money, Canada has done her share. Now, in the face of urgent need, the Belgian Relief Commission is sending out another call. Besides the growing demand for flour, there is now pressing need for condensed milk for Belgian babies. This call comes right home to those of us who are living in comfort and prosperity—who have made no real sacrifices either to help along the war or to aid its victims.

A subscription of $2.50 a month, in the hands of the wonderfully efficient Belgian Relief Commission, will provide bread for one Belgian family, and save their lives! How many Belgians can you afford to support till the War is over? Whatever you feel you can give, send your subscription weekly, monthly, or in one lump sum, to Local or Provincial Committees, or 9

U. S. STEEL MAKES NEW HIGH RECORD

Quoted at 134⅞ at New York Saturday—Other Stocks of Its Class Reach Top Levels.

(By Daily News Leased Wire.)

NEW YORK, May 26.—United States Steel achieved the new high record of 134⅞ in today's brief but active trading, and carried others of its class to top levels for the current movement. The vigorous buying extended to coppers, oils, motors and a wide variety of equipments and specialties, including sugars. A striking feature of the latter division was a 23-point rise in South Porto Rico Sugar to 200. With one exception, virtually all the developments of the day were of a constructive character.

Petroleum probably owed its material gains to intimations of a further rise in crude and refined products. A drive against the shorts accounted for the strength in General Motors and Studebaker at gains of 4¼ to 5 points respectively. Total sales of about 750,000 were in keeping with the activity of recent days. Steel, as usual, furnished fully one-quarter of the whole.

PRICES ON CHICAGO MART GO DOWNWARD

Reports of Foreigners Getting Rid of Some Future Deliveries Create Heavy Tone.

(By Daily News Leased Wire.)

CHICAGO, Ill., May 26.—Announcement that foreigners were getting rid of some of their future deliveries had a bearish influence today on the whole market. The outcome was a heavy close at 4 to 6½ cents decline. Corn finished 3⅜ to 6 down; oats off ⅝ to 1⅝ and provisions at a setback of 25 to 57 cents.

Notwithstanding that the weekend evening up or trades gave the wheat market at one stage an appearance of strength, breaks in prices became pronounced during the last half of the session. Messages from the seaboard said European interests were fairly active in letting go of future contracts and taking instead cash wheat. It was also said that premiums for cash wheat had dwindled to 20 cents a bushel from the recent high point, and that much more wheat was being offered than was the case when premiums were extreme. Other bearish influences included an authoritative estimate that the total yield in the United States this season would be as much as 750,000,000 bushels. Assertions were also current that the domestic consumption this season would be only 4¾ bushels against a normal average of 5¼ bushels. Such a reduction would mean a saving of about 50,000,000 bushels.

DEMAND ON COPPER MARKET IMPROVES; PRICES ARE FIRM

(By Daily News Leased Wire.)

NEW YORK, May 26.—While no large business has been reported in the copper market during the last week there has been some improvement in demand and prices have held generally firm. Today's quotations ranged about 31 to 33 for spot and nearby deliveries, with prices practically nominal. Electrolytic for July delivery was reported scarce and quotations for the third quarter and later positions ranged from 28 to 30.

Formal announcement of the approaching disbursement of a 2-cent dividend on the Utica stock is made in a notice which has been issued by Secretary Kendricks of the company who resides at Kaslo.

The dividend is payable June 15 to stockholders of record June 1.

At the present price of the stock the 2-cent dividend represents around eight per cent.

RISING WATER AID TO MINING

Slocan Star Mill is Now Running at Full Blast—Find New Oreshoot in 300 Level

Concentrating operations in the Slocan district are benefitting from the improvement in power conditions that has occurred since the water began to rise in the creeks.

The remodeled plant at the Slocan Star mine is running at full blast, according to news which has reached Nelson from Sandon. When it was first turned over early in this month a snowslide carried away an ore pocket and held up work for several days. This damage has now been repaired.

Discovery of a new oreshoot in the 800-foot level is reported. The shoot was found in the west drift and a width of several feet has been opened up.

During the 40 days ending April 30 the production of the part of the mill which was in operated totaled 100 tons of lead concentrates and 300 tons of zinc concentrates.

Lead concentrates are reported to have netted $4000 a carload and zinc concentrates $1000 a carload.

STRIKE SULPHIDES AT HUDSON BAY

Three feet of ore has been discovered at the Hudson Bay mine, near Salmo, north of the trachyte near the north end of the 300 foot level, according to advices from Salmo. The ore is sulphide and carries lead and zinc values. The intention is to sink on the new body, as the indications are that the sulphides will grow stronger with depth.

DEVELOPMENT AT NOONDAY SHOWS WIDER ORE BODY

The ore shoot struck on the 500 level of the Silver King claim of the Noonday group near Sandon has been followed by raise for 60 feet, according to a report from Bruce White, manager. The dimensions of the body are greater than that of the raise, which is 4 x 8 feet. The ore is of a high concentrating grade.

Steel Issues Make Modest Showing—Brazilian Unchanged—Steamships Preferred Eases off.

(By Daily News Leased Wire.)

TORONTO, May 26.—The tremendous buying wave of United States Steel on the New York board had the effect of stimulating the Canadian Steel issues during today's short session, but the turnover was small in the war group. Cement common, with a turnover of 400 shares was the most active issue. After coming out at 62⅝, Cement was bid up to 63¼, closing at the high point compared with 62¼ on Friday. The modest showing of the steel stocks, together with Cement contributed 80 per cent of the day's business. Iron made a 1-point gain to 62⅛ and Steel of Canada was marked up ½ point to 60½. Brazilian was unchanged at 40⅝ and Steamships preferred eased off ½ to ¼. N. A. Pulp firmed to 5 to 5½ points.

BUTTER MARKET WEAK.

(By Daily News Leased Wire.)

MONTREAL, May 26.—Butter is weak and one cent down, with little demand. Cheese was dull and weaker. Eggs quiet and easy.

Cheese: Finest westerns, 23 to ½; finest easterns, 22 to ½.

Butter: Choicest creamery, 40 to ½; seconds, 39 to ½.

Eggs: Fresh, 43 to 44.

CABBAGE AND TOMATO PLANTS ARE OFFERED

Sell Well at Saturday's Market—Eggs 50 Cents Dozen and Butter 45 Cents Pound.

There was a good offering of cabbage and tomato plants at the city market Saturday, the former selling at 50 to 75 cents a hundred and the latter at $1 a hundred.

Eggs sold at 50 cents by the single dozen and 47½ cents by the case. Asparagus sold at 15 cents a pound.

Smoked shoulder at 32 cents, hams at 35 cents and bacon at 35 to 40 cents.

Potatoes brought $3 a sack. Apples sold at from $1.75 to $2. Little butter was offered. It sold at 45 cents.

There was a good offering of home cooking which sold rapidly.

CONSOLIDATED BUILDS NEW CONCENTRATOR

Work on the new concentrator building of the Consolidated company in Trail is being rushed, the framework being up and roof on. Some of the equipment has also arrived and is ready for being placed.

INTEREST IN STOCKS REVIVES IN MONTREAL

Strength of Steel Issues Features Market—Smelters Gains ¼ But Recedes at Close.

(By Daily News Leased Wire.)

MONTREAL, May 26.—The week closed with some signs of reviving interest in Canadian industrial securities, some strength in the steel stocks which was a strong feature of Friday's dealings, being continued through the short Saturday session. Dominion Iron again led in activity and strength, advancing to 63½ on purchases of about 1200 shares and closing with a net gain of 1¼ at 63¼. Steel of Canada followed with dealings in about 600 shares. Scotia Steel was inactive and quoted about steady at 92¾ bid at the close. Brompton Paper was the only other stock to show a fair degree of activity. On a turnover of 60 shares it rose ⅞ to 50⅞ and finished at the best. Dominion Bridge rose 1 to 129¼; Cement was ⅞ higher at 62⅞ in light trading; Textile improved a small fraction to 88; Smelters rose ¼ to 27, but fell back to 26¾ at the close. The balance of trading in industrials was largely of an odd lot description but with prices as a rule firm.

Apart from firmness in Brazilian at 40, Utilities were heavy; Quebec Railway opened at 2¼, an overnight loss of nearly 3 points for which no explanation was forthcoming. It rallied sharply to 24 before the close. Only 225 shares changed hands on the decline and the rally. Winnipeg Electric sold at a new low record for the market, 48, compared with broken lots at 50 recently. Civic Power was uninfluenced by the publication of its first statement holding unchanged at 77½. Detroit United rallied 1 to 1½.

A good demand for the third war loan which rallied ⅛ to 94⅜, was the only feature in bonds. Total for the day, 3899 shares; $10,700 bonds, 422 unlisted. shares and $67,000 unlisted bonds.

DRIVES HOME NEED FOR ROAD THROUGH PROVINCE

Under the heading "Winnipeg to Victoria by Motor" a Winnipeg newspaper publishes a map which calls attention in a striking way to the loss of tourist traffic which the interior of British Columbia must suffer until the transprovincial highway is completed.

The map shows the automobile route from Winnipeg to Victoria as being by way of the Crows Nest as far as Cranbrook and as then going through Kingsgate, Spokane and Seattle. From Seattle to Victoria is by ferry.

Fortunately a portion of East Kootenay is sufficiently well supplied with roads to enable it to secure the benefit of automobile tourist travel between the prairie provinces and Vancouver Island, which the Winnipeg paper describes as "Canada's auto paradise." But from Cranbrook west all this travel is diverted into the states of Idaho and Washington.

That such condition should exist is the more to be regretted because of the fact that a comparatively small expenditure would build the short links in the provincial highway which are uncompleted. While there appears little prospect of any work being done on these links this year, the need for the completion of the highway should be pressed upon the provincial government upon every possible occasion. The expenditure necessary would pay large dividends to the people of the province.

AUTO REGULATIONS SHOULD BE STRICTLY OBSERVED

Residents along the Nelson-Balfour road have appealed to automobile drivers to exercise the greatest possible care while passing along that highway. Many of the ranchers own horses which are unaccustomed to motors and the need for careful driving is emphasized by the narrow highway.

A word of warning to automobile drivers in a general way, as well as affecting this particular road, is timely. In Nelson, for example, a tendency is noticed occasionally to give little heed to the laws as to stopping when about to pass a stationary street car and as to slowing up when going over crossing or around corners.

It may sometimes appear to automobile drivers that regulations which have been passed are primarily for the large cities. In practise that is hardly so, as conditions are such in the smaller places as to make it more dangerous to disobey the regulations than in the larger cities.

Automobile drivers are as anxious to avoid accidents as are pedestrians and drivers of other vehicles and cases of deliberate violation of regulations are few and far between. But it is well that attention should be called to the necessity for exercising care. It is much better to avoid accidents than to lament them after they have occurred.

DEATH RATE IN WAR NOT AS HIGH AS IT SEEMS

Casualties suffered by the entente armies in the aggregate are terribly large and constant reinforcements are necessary to keep at strength the armies in the field, but some statistics have recently been published in Great Britain which show that the actual deathrate is surprisingly low. In fact, it is about the same as the average death rate in Ceylon, British India, Borneo and many other countries where life is not considered especially dangerous.

Statistics for the first two and half years of the war show that the percentage of deaths in all the British forces was 8.35, or an annual percentage of 3.34, or 33.40 per 1000. In British India the death rate is 38.21 per 1000; in Jamaica it is 22.4; in Chili it is 31.6; in Uruguay it is 32.8; in Ceylon it is 29.4.

Of course, the comparison is not an exact one, but the death rate among stay-at-homes in Canada is as much as one-third of the death rate in the armies fighting under the British flag during the first 30 months of war. Total casualties in war include wounded, sick and prisoners as well as deaths.

HANDLED TICKLISH PROBLEM WITH FIRMNESS AND TACT

Hon. Frank Oliver's expressed fear that as a result of the imperial conference and the admission of India to the councils of Empire, Canada might have given away some of its rights to exclude Hindus or to say under what terms they shall enter the Dominion was groundless. Sir Robert Borden made that clear enough on his return from England.

Premier Borden showed good judgment in taking a leading part in securing a place for India in future imperial conferences. India has done splendidly in this war and she is entitled to recognition, but nothing has occurred or is likely to occur which would make it possible for Canada in safety to open the door to Oriental immigration of any kind. Canada, while it is eager to show its appreciation of what India has done must remain a white man's country and no one is more strongly seized of that view than Sir Robert Borden.

Hence there is reason for satisfaction in the announcement which was made on Sir Robert's return that he had taken the opportunity for a full and frank discussion with the Indian representatives as a result of which an agreement was reached which will enable Canada's immigration laws to be maintained without loss of self respect to India. The problem has always been a ticklish one on account of its imperial aspect and it is evident that Sir Robert has upheld Canada's position with strength and tact.

Good news continues to come from Rome, the total of prisoners in the new drive having passed 26,000.

Judging by the reports of the devastation wrought in Illinois by tornadoes during the past two days the residents of some parts of that state would find themselves safer in the trenches in France.

Von Hindenburg has reason for thinking that the entente allies in the west have a grudge against that "impregnable" line of his. It is beginning to look like a badly tangled clothes line.

Conscription is being preceded in Canada, as it was in Great Britain, by a rush to enlist. If recruiting continues for a couple of weeks at its present rate it looks as if a new division will soon have come into being.

It is not always easy to understand exactly what the advocates of "conscription of wealth" mean, but if taxation that will bear most heavily upon the largest incomes and profit is intended then the majority of the people of Canada are certainly in favor of it. War taxes on profits that have been imposed have been entirely on this basis and the increased taxes on profits imposed by this year's budget carry that principle to a further extent. If "conscription of wealth" is intended to mean the total confiscation of profits it could not advantageously be enforced. It would defeat its own ends for the reason that all inducement to reduce waste and bring about efficiency in production would be removed and before long there would be no profits to be taxed. Large profits that are made during the war, and especially those that result from the war, should continue to be heavily taxed but to confiscate them completely would reduce revenue and lessen the industrial efficiency of the country.

WHAT THE PRESS IS SAYING.

Russia's Costly Royalty

An investigation of finances in Russia showed that it cost $20,000,000 a year to run the imperial household, $600,000 of this going to autos and the imperial stables. No wonder, with potatoes and onions at their present prices, the country found it necessary to cut down expenses at the top.—London Chronicle.

One Way Out

Young men who don't want to be forced into uniform under a conscription law need not become conscripts. If they feel that to be a humiliation, they can evade it by presenting themselves at the recruiting stations as volunteers.—Hamilton Herald.

HOW THE JAPANESE DO IT.

The highest salaried man in Japan does not receive enough money in that form to pay for gasoline used by his automobile, for salaries of the managers of business concerns are insignificantly small, says the Japan Times. Salaries, however, are not the total income of business men. Under the Japanese custom there is a liberal bonus system and the bonus amounts to 300 or 400 times the monthly salary in some cases. The Mitsui company is regarded as the biggest corporation in Japan and its directors are noted for their large incomes. Each director is said to receive in the form of a bonus about $100,000 a year, although his salary may be only $250 a month.

COLD STORAGE

"Contentment is better
Than riches," they say,
But the butcher and grocer
Won't take it as pay.

"Does your wife go to church regularly?"

"Very; she hasn't missed an Easter Sunday since we were married."

"He's a coward."

"Why?"

"She offered to marry him so that he wouldn't have to enlist in the war."

"And he married for that reason?"

"No, he enlisted."

HOW EASY TO MAKE A MISTAKE

It may be the war that is the sole cause for the mental condition of most people in these days. It is true nevertheless that at no time within the memory of the present generation has there been the same disposition to find fault, offer criticism and jump at hasty conclusions. Perhaps "nerves" may be offered as an excuse; but that does not alter the fact that injustice is done in many cases owing to what appears to be an impulsive trait in the human character that has never been so noticeable as it is today.

The sad consequences of this tendency is aptly illustrated by an incident that occurred in the big Walker theatre at Winnipeg, the other evening, at a meeting of the Women's Tribune association. Because a woman and a speaker jumped at a conclusion two enthusiastic, patriotic and hard-working women members of the same association were publicly denounced and hissed out of the theatre by the deluded audience.

The incident, which came near to marring the entire meeting, developed, when the president of the Great War Veterans' association appeared on the platform to speak. Reference had been made by previous speakers to the noble women present. "There are two women here tonight who are not noble," he declared. They refused to stand when the national anthem was sung, although they were requested to do so." He hinted that perhaps they were Germans. If they were he thought highly of their courage, but deplored their "gross lack of taste" in coming to such a meeting," he said.

As he spoke a police constable entered the gallery and caused the two unfortunate women to retire. They went out amid hisses and hoots from all parts of the house.

And after all this had been said and done, it was discovered how unjust was the accusation. Indeed it is declared that it would be difficult to find in the whole city of Winnipeg two more enthusiastic, patriotic, industrious workers. The women were innocent of the charge. Ill health was the cause of the failure to stand when the national anthem was sung. Both are unaccustomed to seats in the gallery. They had climbed all those stairs, had been crushed in the crowd and were exhausted. Both are in ill health.

One is a married woman who is a member of three societies, each of which paid tribute that same night. She herself is pledged to give $100 although her means are limited. The other is a stenographer. Her father is in the trenches. She, too is a participator in the tribute. The loyalty of either, say their friends, could not be doubted for a moment.

From this incident a lesson may be learned. The tendency we have spoken of is abroad. Let us be careful. Here is an illustration of what a too hasty conclusion may bring about.—Calgary News-Telegram.

SHORTAGE OF SWEDE TURNIP SEED

Swede turnip growers are urged this spring to endeavor to secure and transplant a few sound roots to produce seed for themselves and their neighbors. Owing to the abnormal conditions now prevailing there will likely be very little Swede seed for planting in the spring of 1918 unless our Canadian Swede turnip growers make provision for their own supplies by growing the seed themselves. Canadian supplies of Swede and most other field root and garden seeds formerly came from Europe but this source is now practically cut off. The prospects for home grown seed have been reduced by the present price of Swede turnips for food purposes, as it would now take nearly $200 worth of full grown Swede turnips to transplant an acre for seed purposes. This factor has had the unfortunate effect of reducing the area in the eastern provinces that would otherwise have been planted for the production of Swede seeds.

SUBMARINE SUCCESS.

No more damaging propaganda against our cause is being promulgated than the broadcast prediction of the speedy collapse of the German empire. The plan and unpalatable truth is that the Germans are succeeding in their submarine expectations by more than 50 per cent. We ought never for a moment forget it. To allow our enthusiasm over the tactical successes on the western front—which will continue spasmodically all summer—of our eagerness for an internal revolution against Prussian autocracy to slow up either out building of ships or production of foodstuffs would be the real failure of America in this war. There is a chance of our failing. But there is much less chance if we believe that a democratic revolution in Germany will take place only after it has in fact taken place and if, meanwhile, we let no one in this country lack information about the comparative effectiveness of the submarine campaign. Only our apathy about ships and food can beat the allies.—The New Republic.

A RACE FOR HONORS.

During the war there has been an interesting contest between two noted regiments—the South Wales Borderers and the Rifle Brigade—in regard to the Victoria Cross. Before the war the Borderers had for some years held the record fo winning the highest number of crosses—16; the Riflemen followed with 15. Then the latter won two more and held the lead for a time. But the Borderers again asserted themselves through the agency of Captain Buchanan and Pte. Flynn, and now hold the pride of place with 18 crosses.

Their earliest V.C. was Assistant-Surgeon Douglas, who won the honor in the '60s for saving a ships' crew near the Andaman islands. Two noted winners were Lieuts. Melville and Coghill, whose distinctions were awarded posthumously. They swam the Tugela, after the disaster at Isandhlwana and saved the regimental colors at the cost of their lives. Lieut. Bromhead won his Cross for gallantry at Rorke's Drift at the same period.—Tit-Bits.

INFANTS' FOOD TO SHELLS

When Lloyd George in England undertook to organize the ministry of munitions a glazier began to stamp out cartridge clips; a manufacturer of music roll used his equipment to make gauges; a concern engaged before the war in preparing infants' food began delivering plugs for shells; an advertising agency manufactured shell adapters; watchmakers began adjusting fuses; a manufacturer of baking machinery became a contractor for six-inch high-explosive shells; a jewelry house devoted itself exclusively to periscopes; a phonograph concern sent millions of delicate shell parts to the assembling stations; a firm which made nothing but sheep-shearing machinery started turning out shell cases and a cream separator factory manufactured shell primers. Among other producers of finished shells are candle makers, flour mills, tobacco manufacturers, syphon makers and the manufacturers of sporting goods.—The World's Work.

LAST MOMENT VOLUNTEERING

Robert Borden's announcement that a measure of compulsory military service is to be introduced ought of itself to be enough to bring a new army division into being. It is safe to say, and it has more than once been said in these columns, that there is more voluntarism than there has been volunteering. We believe that of those who have not offered themselves there are many thousands most willing to serve. They have by no means paired with slackers, but they have felt themselves justified in staying home until the latter also are made to go. They are ready to make great sacrifices for their country, but not for selfish and unpatriotic men equally eligible. To give up their careers and accept the hardships and the risks of war, nay, to make the supreme sacrifice—all this they are prepared to do for the defense of their country, but not for the ease, security and prosperity of able-bodied poltroons of their ow age. Once assured that the "safety first" gentry will not be left home to enjoy in tranquility a monopoly of the fine opportunities that have to be forgone by our fighters. Thousands who have not yet come forward may be expected to do so. Compulsion is for the remnant. The majority of those who enlist under it have the volunteering spirit, which will cheerfully be acted on when the shirkers are made to go. The men of that spirit should now swarm to the colors in the short time that remains before compulsory service is established. The record of the last period of voluntary enlistment should be equal to that of the first.

Yet the spur of compulsory service was needed. The adherents of the purely voluntary principle had not a chance. We put our trust in it and it did well, but the reserve force it still has can be called out only by a policy that also presses the slackers into the ranks. Had compulsory service been adopted much earlier it might have failed largely of this equitable object. It might not have been very successful in rounding up the real slackers. So far as they are concerned, its principle effect might have been to increase the exodus to the United States. The national service cards sufficiently alarmed them and started many hundreds, perhaps thousands of them on a trek to the other side of the border. Men who had entered into engagements to work all summer in certain positions fled from their place of employment and sought safety in the neighboring country when the national service card was handed to them. Many more would have skeedaddled had the policy of compulsory military service been decided on four months ago But now skeedaddling will not help them. It does not mend matters to leap from the frying pan into the fire, and any Canadian gallants who should run away from compulsory service in Canada to what is called the Land of Liberty would be met with open arms by the recruiting officers there. The selective draft that has been provided for by congress will bring probably 2,000,000 men into the United States army in the next 12 months. It is all fish that comes into the net of the drafters, and young refugees from Canada would be as acceptable as any other able-bodied fellows of military age.—Toronto Mail and Empire.

ANTI-CONSCRIPTION LEAGUE IS FORMED

Vancouver Socialists Take Action—Conscription Favored at Another Meeting in City

(By Daily News Leased Wire.)

VANCOUVER, B. C., May 27.—As the result of a stormy public meeting held in the labor temple under the auspices of the Social-Democrats Saturday night an anti-conscription league was formed. There were some 800 men and women present and an overflow meeting and the sentiment was opposed to conscription. A ballot taken at the meeting showed 662 against conscription and 29 in favor of it. This result was wired to Sir Robert Borden, Sir Wilfrid Laurier, H. H. Stevens, M.P., and the anti-conscriptionists of Quebec as well as labor leaders all over the Dominion. Another telegram to Premier Borden demanded the resignation of his government.

The newly formed anti-conscription organization has among its executive Socialists, labor men and two women, including a soldier's wife.

Most of the men attending the meeting were of military age, although there was a fair sprinkling of older men. Several women were also present.

While the meeting opposing conscription was in progress another large gathering was held at the Orpheum theatre at which a resolution was passed endorsing the policy of selective conscription without a referendum.

The resolution was passed about midway in a most enthusiastic meeting, at which rousing speeches were delivered in favor of conscription. The urgent necessity of filling the gaps and keeping the four Canadian divisions at the front up to strength and the absolute need of the selective draft to get the men needed, was told by Mayor McBeath, Sir Charles Hibbert Tupper, K.C., Sergt.-Major "Jimmy" Robinson, Prof. Odlum, Sergt. "Doc" Wells, Capt. Wheeler and Major A. P. Proctor.

The majority of speakers made references to the French-Canadians and the people of Quebec as being ill-advised or badly led in their opposition to the proposed conscription bill.

Nearly 200 returned soldiers marched from the Returned Soldiers club before the meeting opened and occupied the front seats.

Forin of the County Court of West Kootenay, dated the 17th day of April, A.D. 1917, I will offer for sale by public auction at my office in the Court House, Nelson, B.C., on Wednesday, the 23rd day of May, 1917 at the hour of three o'clock in the afternoon one undivided half-interest in fee simple, clear of encumbrance in the following described lands: Lots 3 and 4 of Subdivision of Lots 8 and 9 of Lot 306, Group 1, Map 731-B, Kootenay District, immediately adjoining townsite of Harrop, on Kootenay lake, containing water front and trackage. Containing about 71 acres, 1½ miles N. of Harrop, B.C., between Mr. Fairbanks' and Mr. Macrisp's farms, to satisfy:

(a) A judgment against George Adamson in favor of Robert Fowlie for the sum of $659.35 together with interest at the rate of 6 per cent per annum from the 23rd of August, 1916, to the date of sale.

(b) The costs incidental to the sale proceedings for the sale of said lands.

Said judgment was registered in the Land Registry office at the City of Nelson, Province of British Columbia as Number 3165, on the 24th day of October, 1916.

Terms made known at time of sale.

JAMES H. DOYLE,
Sheriff.

The above sale is postponed until Wednesday, 30th May, 1917, at same time and place.

JAMES H. DOYLE,
Sheriff.

Nelson, B.C., May 22, 1917.

NOTICE.

Whereas certain persons borrowed without our permission over half a mile of ¾-inch steel cable, 1000 feet of steel rails, and the brass fittings from two donkey engines standing near the international boundary line, Port Hill.

If said persons will return this property no charge will be made; if not legal action will be taken.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. No more than 2560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the agent or sub-agent of the district of which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the department of the Interior, Ottawa, or to any agent or sub-agent of Dominion lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

NOTICE TO SHAREHOLDERS.

The regular annual shareholders' meeting of the Lucky Boy Mining & Development Company, Ltd., of Erie, B.C., will be held at the company's office in Erie, B.C., on lot 4, block 10, on Monday, May 28th at 7:30 p.m., for the election of five trustees for the ensuing year and such other business as may come before the meeting.

COMMANDER HALLETT GOING TO LONGBEACH

Was on H.M.S. Hermes When Warship Was Torpedoed in Early Days of War—Invalided Home

(Special to The Daily News.)

LONGBEACH, B. C., May 27.—The Bishop of Kootenay was the guest of Rev. F. P. and Mrs. Hughes for a few days this week and on Tuesday conducted a special war intercession service at All Saints church here.

Commander Gordon Hallett, Mrs. Hallett and their two little girls have reached Canada. Commander Hallett, who is on his way here, was on H.M.S. Hermes when torpedoed in the early days of the war and has now been invalided home.

Deer here are becoming quite a pest, doing considerable damage to the orchards and licking up the nitrate of soda which some ranchers use as a fertilizer for the trees.

KASLO WOMENS INSTITUTE HEARS EXCELLENT PAPERS

(Special to The Daily News.)

KASLO, B. C., May 27.—At the regular monthly meeting of the Womens institute, Miss Nie, the matron of the hospital, gave an interesting paper on "Massage." Mrs. Cockle gave some good recipes on "Summer Drinks," and Mrs. McQueen recited "Mon Frere Camille."

Miss Olive Abey and Miss Mavis Kane returned home from the normal school in Vancouver Friday night.

The Kaslo celebration of Victoria day was a complete success and the financial statement shows a balance on the right side. Many visitors stayed over for the Red Cross dance, which was also highly successful.

Mr. and Mrs. A. J. Cowan are leaving for Silverton.

SERIOUS ILLNESS CAUSED BY BRAMBLE BUSH THORN

(Special to The Daily News.)

SLOCAN CITY, B. C., May 27.—Joseph Law, who some weeks ago got a thorn of a bramble bush in his hand, is in Kootenay Lake General hospital suffering from the effects and on Tuesday it was found necessary to perform an operation.

Mrs. A. O. Huguet and daughters returned home this week after two weeks holidays at Appledale, as the guests of Mr. and Mrs. J. M. Lawson.

Floral Rebekah lodge No. 15, I.O.O.F. realized from its tea, ice cream and dance Victoria day the sum of $52.75. A part of this will be forwarded to the returned soldiers' home fund.

SOUTH SLOCAN RED CROSS ELECTS NEW SECRETARY

Mrs. Wilson Whiteley Appointed—Mrs. Dedrick Is Given Position of Vice-President

(Special to The Daily News.)

SOUTH SLOCAN, B. C., May 27.—Mrs. Humphry presided at a well attended meeting of the Red Cross society Wednesday afternoon. Mrs. Wilson Whiteley was appointed secretary-treasurer in place of Mrs. M. Downie, who has left the district. Mrs. Dedrick was elected vice-president. Four new members were enrolled. A letter was read re the piano fund for the Balfour sanitarium, which was handed over to the Young People's club to deal with. The sum of $20 was voted, being this month's contribution to the Red Cross fund and a goodly number of finished work was turned in. Mrs. J. Macaulay gave an interesting talk of the work done by some of the Canadian nurses at the front. Mrs. Yeatman was hostess for tea.

The "hard times" dance given by the Young People's club Friday night was well attended. The prizes for the most appropriate costumes were won by Miss Clyde and Mr. McIntosh. A substantial sum was netted for comforts for the Balfour sanitarium.

Mrs. Kennedy and Mrs. B. G. B. Rennie of Nelson have taken up their residence in Mr. Fenwick's house for the summer months.

Mrs. Godfrey, Miss Godfrey and Miss Murray of Appledale were the guests of Mrs. Whiteley during the week.

Miss E. Phillips of Nelson was the guest of Mrs. Humphry for Empire day.

Miss Dorothy Bealby of Nelson is spending the week here, the guest of Mrs. Yeatman.

Suffered With Heart For Ten Years

WOULD NEARLY SMOTHER.

There is nothing that brings with it such fear of impending death as to wake up in the night with that awful sense of smothering. The uncertain and irregular heart action causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity.

They strengthen and invigorate the heart, so that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety becomes a thing of the past.

Mrs. M. O. McCready, Wapella, Sask., writes: "I am not much of a believer in medicines, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and in a very short time, too. I had suffered terribly with my heart for nearly ten years, could scarcely do any work, and would nearly smother at times. I had many remedies, some only relieving me for a time. I got a box of Milburn's Heart and Nerve Pills and felt so much better that I kept on using them and can truthfully say I feel like a new woman.

"I would advise anyone with heart trouble to use them."

Milburn's Heart and Nerve Pills are 50c or three boxes for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PRISONER MAKES ESCAPE AT NAKUSP

Overcomes Special Constable in Desperate Fight at Door of Prison Cell—Flees to Wood

(Special to The Daily News.)

NAKUSP, B. C., May 27.—An exciting time was experienced here on Empire day, when a man named McDonald, who arrived here on the train during the day, was arrested for theft on telegraphic instructions from Constable Gunn of New Denver. Nakusp for some months has been without a regular constable and the present occasion shows the real need for one. A special constable was sworn in by Thomas Abriel, J.P., the arrest made and the prisoner conducted to the door of the steel cage within the jail. Here he grappled with the constable and a hard tussle ensued in the entrance room. The prisoner succeeded in escaping and while in the act of jumping the picket fence he was seen by Mr. Abriel, who began a chase after him, following closely into the wood beyond the school, where he disappeared. Telegraphic and telephonic messages were sent broadcast, but up to now the man has not been rearrested. He claimed to be a nephew of Pat Burns, but evidence, in the shape of photographs, show he is from Michigan. His trunk is left behind at one of the local hotels, while he lost his hat in jumping the fence and ripped his garments.

The Nakusp Womens institute gave a "cherry blossom" tea and social on behalf of the building fund of the proposed new hospital, which was attended by a large number of people and proved a financial success.

On Empire day the Nakusp Red Cross auxiliary held a tea social and in the evening a concert, at which Rev. J. Lyntot Taylor presided. The rev. gentleman gave a stirring address on the work of the society and the part it had played in the present war, and implored all to help in some way. The various items on the program were rendered by Mr. Woods, S. Jackson, Mrs. Bennett, Miss Jean Glendenning, Miss Hamer, Mrs. Davidson, Miss Labrash and others. An impromptu dance was held at the conclusion. The sum of $47 was realized. The dispensers of tea were young ladies dressed in nurses' garb.

The Canadian Pacific railway tug Whatshan, Capt. Graham, arrived in port on Friday after her winter run on the lower lake.

The tug Smuggler, which has sunk three times during the past few months, has again been raised and towed to a safer location below town. Each time she has been salvaged by W. Magoon.

Miss Catherine Vipond of Sproats visited her home here on Empire day.

Mrs. Glaspie, Sr., and Mrs. J. Glaspie have taken up their residence in Nakusp after a visit over the winter in Revelstoke.

CHILDREN'S SPORTS ARE HELD AT TRAIL

Prove Great Success—Merchants of City Give Substantial Sum for Prize Money

(Special to The Daily News.)

TRAIL, B.C., May 27.—Many visitors from outside points spent Empire day in the Smelter city, especially large numbers coming from Nelson and Rossland. Owing to the unfavorable weather during the earlier part of the day, the childrens' sports were held in the skating rink and proved a great success. Thanks to the generosity of the Trail business men, the sum of $100 was subscribed for prizes for the kiddies.

Thanks are due particularly to Frank Brown, Chas Dodimead, A. Martin and Rev. Ragg for the success of the sports. As a wind up of the day's celebration, the city band, under the leadership of Thos. Dyke, gave a most enjoyable concert at the band stand on Bay avenue which was greatly ly enjoyed by a large number of citizens and visitors.

One of the most successful dances of the year was held Thursday evening in Swartz hall, the proceeds being devoted to the funds of the baseball club.

EMPIRE DAY SOCIAL AND DANCE HELD AT FRUITVALE

FRUITVALE, B. C., May 27.—A most successful musical evening and dance took place on Empire day in aid of the Red Cross, the sum of $40 being realized. The following took part in the musical program: Mesdames Hausen, Colebrook, Sutcliffe, Hill and Master Gray. Several parties from outside points were present, including Salmo, Meadows and Waneta. Sports for children were held during the afternoon and tea was served by the Women's Auxiliary at the residence of Mrs. Woods.

ROSSLAND NOTES

ROSSLAND, B. C., May 27.—Mrs. H. T. Ollis of Annable spent Saturday afternoon in the city.

Miss Evelyn Dempster returned Friday night from Vancouver, where she has been attending normal school.

Mrs. J. Roe returned Friday from Idaho, where she has been for the last month.

Miss Ethel Nicholson is expected home from Vancouver this week from attending normal school there.

Mrs. Vaughan and two children, who have spent the last few days in the city, have returned to their home in Trail.

Mrs. Warden and two daughters of Trail spent Saturday in the city as the guests of Mrs. T. Gilmore.

Commissioner Yorath of Saskatoon is not of opinion that conscription, if passed, can take many men away from the municipal service here as to do so would be to take men who are indispensable.

NEW DENVER HAS BIG SPORTS DAY

D. Shannon Wins 100 Yards Dash—A. Blumenauer Takes Honors in High Jump.

(Special to The Daily News.)

NEW DENVER, B. C., May 27.—Victoria Day was successfully celebrated here. Children's sports were held in the morning and in the afternoon Caledonian sports. Results: 100 yard dash—D. Shannon, James C. Dawson. Relay race—New Denver team; J. C. Dawson, A. H. Blumenauer, O. S. Torter, D. Shannon; 2, Silverton team: E. O'Neil, S. Bradbury, G. Berdek, A. Walton. Running high jump—A. Blumenauer, 5 feet 2 inches; A. Walton, 5 feet. Running broad jump—A. H. Blumenauer, 17 feet, 7½ inches; A. Walton, 17 feet 6½ inches. Hop, step and jump—A. H. Blumenauer, 39 feet; A. Walton, 37 feet 2½ inches. Ladies' race—Mrs. Thomlinson and Mrs. Crott tied for first place. Ladies' and gentlemen's potato race (gentlemen hobbled)—Special prize donated by A. H. McPhee, won by Miss Ethel Burgess and Harry Turner. Junior baseball match, New Denver versus Silverton—Won by Silverton 4 to 3. Junior tug of war, New Denver versus Silverton—Won by New Denver.

The Standard mine band was in attendance and added greatly to the enjoyment of the occasion. A whist drive and dance were held in the evening under the auspices of the Ladies' Patriotic society. The amount realized was $104.50. The proceeds from sale of ice cream and tea were $75.90. The prize winners at the whist drive were Mrs. J. C. Drater and A. Drubaker. The consolation prizes went to Miss Hill and Harry Aylwin.

FRUIT PROSPECTS GOOD IN ROBSON DISTRICT

(Special to The Daily News.)

ROBSON, B. C., May 27.—W. J. Sheppard, bee inspector, of Nelson was in Robson on Monday inspecting the local colonies of bees, which in most cases seem to have wintered pretty well. It is expected that Mr. Sheppard will address the Robson Farmers institute on beekeeping in July and give a demonstration in the afternoon of the same day to the members of the Boys and Girls club.

An instrument for the testing of cream arrived this week for the local institute and those in the dairy business are now able to have both their cream and milk tested locally.

M. S. Middleton, district horticulturist, of Nelson was in Robson on Wednesday inspecting the work of spraying, which is now general in this district. Most of the apple trees show signs of a big yield this season, being full of blossoms, with the exception of the Wealthy, which bore heavily last year. Plum, peach, cherry and pear trees are now in full bloom and give promise of a big yield.

Mrs. A. Lommell, accompanied by her son August, paid a visit to Nelson on Tuesday.

Mrs. M. Farro of West Robson was taken to Nelson hospital Monday suffering from a severe attack of rheumatism.

Miss Edna Trueitt of Nelson is on a visit to her parents here.

ALLIED AIR SQUADRONS RAID GERMAN DEFENSES

(By Daily News Leased Wire.)

LONDON, May 27.—A despatch to the Exchange Telegraph company from Amsterdam reports that allied air squadrons, including British, French and Belgian machines, bombed German defenses at Heyst, Blanckenberghe and Zeebrugge, all in Belgium, last night. The despatch adds that many explosions were observed.

URGES GRADED TAXES ON LARGE INCOMES

(By Daily News Leased Wire.)

OTTAWA, May 27.—The Ottawa Journal editorially favors the exaction of graded taxes on large incomes as an essential complement to the measure for compulsory military service.

"It seems apparent," says the Journal, "that in Canada the great burden of the cost of the war has hitherto been borne—most certainly felt—by those in smaller moderate circumstances. To this burden it is proposed to add enforced military service. Justice demands that, simultaneously a heavier financial load shall be imposed on those best able to bear it."

STRIKES OCCUR IN ALL INDUSTRIES IN FINLAND

TRAIL CLUBS DEFEAT NELSON AND ROSSLAND

(Special to The Daily News.)

TRAIL, B. C., May 27.—The West Kootenay league football match between Trail and Nelson was an extremely poor exhibition of this popular game, neither team showing form or combination. It resulted in a win for the home team by a score of 4-0.

Immediately following the football game, Trail and Rossland senior baseball teams commenced what proved to be a most interesting, hard fought game, resulting in a win for the home team, score being 6-4.

KIMBERLEY TEAM EASILY ACCOUNTS FOR CRANBROOK

(Special to The Daily News.)

CRANBROOK, B. C., May 27.—The baseball game between the Cranbrook and Kimberley teams played on the Cranbrook grounds yesterday resulted in a win for the Kimberley team by 16-8. The lineup was as follows:

Kimberley—Richardson, 1b; Driscoll, 2b; Neuman, ss; Neuman, 3b; Crerer, p; Chenoweth, c; O'Brien, lf; Muse, rf; Hughes, center; Johnson, Bishop, spares.

Cranbrook — Adamson, 1b; McIlwaine, 2b; Dallas and Kay, ss; Sullivan, 3b; Patterson and Musser, p; Cory, c; Kay, lf; McKay, rf; Patterson and Mott, center.

Referee, Dan McEachern, Kimberley.

The Kootenay orchestra held a dance in Maple hall in the evening and had a large crowd of Kimberley, Marysville and Wycliffe ball fans in attendance.

SHAMROCKS GET FIRST GAME OVER NATIONALS

(By Daily News Leased Wire.)

MONTREAL, May 27.—A victory by the score of 7 to 3 for the Shamrocks over the Nationals marked the opening of the National Lacrosse union season here Saturday afternoon at the Mile-End grounds. The winners were in better condition than their opponents, and their team play and tight defense were supreiror. The Shamrocks were more aggressive. They started in by scoring the first goal and they finished the game scoring. The Nationals played at their best in the second period, though they succeeded in tallying only one goal in this quarter.

McALLISTER KNOCKS OUT SULLIVAN IN FIFTH ROUND

(By Daily News Leased Wire.)

NEW YORK, May 27.—Bob McAllister of California knocked out "Monta Dan" Sullivan in the fifth round in their scheduled 10-round bout in Brooklyn Saturday night. Each weighed 162 pounds.

Word has been received in Saskatoon that "Lum" Clark and Boville Clark, both sons of Rev. Wylie C. Clark of Knox church had been promoted to commissioned rank for good service in the field. Both will serve as lieutenants in a well known Canadian regiment.

RAILROAD MEN MUST KEEP FIT

There is a splendid fraternal spirit among the men who earn their living on the railroad. Good news is passed along from man to man, and it was in this way Mr. Frank Ide, a well-known Buffalo Pullman car conductor, learned how he could free himself of terrible pains in the groin and back and painful urination from gravel, the result of his kidneys being out of order.

He treated for two months, when one of his railway friends whose life had been despaired of, but who had made a very quick recovery through using Gin Pills, strongly recommended Mr. Ide to try them, and as he says, "The pain left me entirely. I feel as well as I ever did in my life. I recommend Gin Pills to everybody in any way troubled with kidneys or bladder".

Not only do Gin Pills assist nature to cleanse the system through the kidneys, but they stimulate the bowels, quickly relieving constipation.

All good dealers sell Gin Pills at 50c. a box or 6 boxes for $2.50. Free sample upon request to the National Drug and Chemical Company of Canada, Limited, Toronto. 95

Fishing Not Yet at Its Best—Main Lake Water Muddied—Bob Potter Fails to Meet Cougar.

Fishing is not yet at its best in this district, but some catches were made in the west arm yesterday, especially in the region of Proctor. Mud is coming down the main lake and was reported last night to have reached Wilson creek. The west arm at Proctor is expected to be pretty well impregnated by next Sunday.

Dr. J. W. Frank and E. J. Patch came home with a 7-pound salmon and C. H. Flood and I. J. Lucia landed some salmon and char.

A 7½ pound char was caught by Malcolm Thompson in the west arm and Bob Potter and Sid Matheson hooked both salmon and char. Potter found the trip unexciting, having failed to meet his friend the cougar, which last year about this time disputed his ownership of a big Kootenay lake salmon.

John Smith spent yesterday at Beasley and came home with three nice trout.

Howard Bush and Patch propose to make a trip to Kaslo this week and go after some of the big salmon which attract sportsmen to that section of the lake.

Your Safety Often Depends on Goodyear Hose —What of Your Plant?

You take a railway journey with a sense of security. You know that railways take every precaution to insure the safety of passengers. Railways place a very great dependence on rubber hose.

The brakes that stop the train are coupled with air-brake hose. The conductor signals the engineer through air-signal hose. In cold weather you sit in the pleasantly warm Pullman—steam heated through car-heating hose. The water flows from the tank to the boiler through corrugated tender hose.

In factories steam hose is used to clean the boiler tubes. Pneumatic tool hose is necessary to the hammer that rivets steel construction.

Or again, your life and property are protected against fire by hose. The municipal fire department is equipped with it. Industrial plants are equipped with it.

If you were buying hose for a railway or fire hose for anywhere, wouldn't you buy carefully? Knowing that life and property depended on it, wouldn't you study the subject? In the same way, in many places the operation of your plant depends on *industrial* hose. How much thought do you give to the hose in your plant?

GOODYEAR INDUSTRIAL HOSE

As in the belting field, so in the manufacture of industrial hose, Goodyear has achieved an enviable reputation. And by the same methods. By the same study of actual working conditions. By the same scientific designing to meet specific needs. By the same careful selection of materials and workmanship.

Goodyear hose means greater safety, increased production, lowered costs and increased dividends.

"Extra Service" Air Drill Hose

A good hose for hard service. Has thick, long-wearing cover of tough rubber; heavy fabric; extra sturdy inner tube. The high-grade rubber forced thoroughly into the fabric holds the plies together. Specially built to meet extreme conditions—dragging over rock and ore, through tunnels.

"Goodyear Quality" Pneumatic Tool Hose

An inner rubber lining that is oil resisting. Strong construction that holds the strain of great pressure for a long time. A heavy wall that prevents kinking.

"Goodyear Quality" Steam Hose

The inner rubber tube is crack-proof and steam-proof. Rubber cover adheres firmly and will not blister or crack. Rubber between plies remains elastic and active, welding fabric together.

"Goodyear Quality" Water Hose

The strength of Goodyear Water Hose lies in the quality of the materials used. It wears long under severe conditions of pressure and kinking. The cover does not expose the fabric to attack by peeling. The inner lining protects the fabric on the inside.

Goodyear "Underwriters" Mill Protection Fire Hose

Goodyear "Underwriters" fire hose is made strictly to the specifications of the Associated Factory Mutual Fire Insurance Companies. It is a fire hose of long-life, sure service, ample protection. Every length is tested before leaving the factory. The underwriters pressure test is branded on every length of Goodyear Underwriters Hose.

Municipal Fire Hose

Goodyear municipal fire hose is widely known and used throughout Canada. It has received the approval of large and small fire departments. We can supply various types of hose—Double or Single or Multiple woven fabrics, with pure rubber linings. All are of Goodyear quality.

The Goodyear Tire & Rubber Co. of Canada, Limited

St. John, Montreal, Ottawa, Toronto, Hamilton, London, Winnipeg, Calgary, Regina, Edmonton, Vancouver.

We also manufacture Suction Hose for all purposes; Injector Hose; Hot Water Hose; Air Brake and Air Signal Hose; Car Heating Hose; Corrugated Tender Hose; Dredge Sleeves.

A hose for every industrial need. You may have had hose trouble. We have solved hose problems for others. If you will write our nearest branch stating just what your difficulty is, we can probably help you.

GOT AWAY FROM NAKUSP "SPECIAL," LANDED HERE

Max McDonald, Wanted on Charge of Stealing Tools, Arrested by Constable McAlmon

Max McDonald is under arrest on the charge of stealing a quantity of tools at Taghum. He is alleged to have disposed of the tools. He was taken into custody by Constable McAlmon of the provincial police, Nelson.

McDonald was picked up by a special constable at Nakusp recently but resented the idea of being deprived of his liberty and broke away. He retained his freedom till he was arrested here.

BACKACHE SOON DISAPPEARED

Could Not Do Housework Till Lydia E. Pinkham's Vegetable Compound Removed Cause.

Fort Fairfield, Maine.—"For many months I suffered from backache caused by female troubles so I was unable to do my house work. I took treatments for it but received no help whatever. Then some of my friends asked why I did not try Lydia E. Pinkham's Vegetable Compound. I did so and my backache soon disappeared and I felt like a different woman, and now have a healthy little baby girl and do all my house work. I will always praise Lydia E. Pinkham's Vegetable Compound to women who suffer as I did."—Mrs. ALTON D. OAKES, Fort Fairfield, Maine.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened and read by women only.

RECEIVES NO REPORT OF OFFICER'S DEATH

A Cranbrook correspondent, referring to a report from Fort Steele to the effect that Major Hungerford-Pollen, well known Kootenay officer, had been killed in action, states that no authentic word has yet been received of the major's reported death.

"The supposed date on which Major Pollen was killed is given about one month prior to a letter written by him to me a short time ago, and as I would probably be the first to receive direct information in the case of his death, I cannot consider that such has happened.

"Major Pollen is no longer attached to the Canadian expeditionary force, having been in England since January, and is now connected with the imperial munitions board, with headquarters in Bristol."

SOLDIER REPORTED DEAD ONLY SLIGHTLY WOUNDED

Pte. F. W. Vipond, who was reported in the casualty lists as having been killed, is now in Queen Marys hospital, Walley, Lancashire, with slight shrapnel wounds, received at Vimy ridge, April 9. He is progressing favorably.

AT THE THEATRES

Gem

Suppose you were as beautiful as Polly Marion and were on your way home with your escort, when, suddenly from out the blackness of the night, a hand, gruesome and spiritual in its whiteness, and unattached to a human body, came into your presence and with startling swiftness and amid the deepest silence, crushed out the life of your companion; what would you do? With a cry of terror she leaned out of the window and beheld ——. If you go to the Gem theatre next Wednesday evening you will see what Polly Marion did, and, you will say, that under the circumstances, you would have done the same thing.

Starland

Both the gay and serious sides of the life of an artist's model are graphically depicted in "The Wax Model," the forthcoming starring vehicle of Vivian Martin, which will be seen at the Starland tonight. It is a Pallas-Paramount picture. Miss Martin is seen as a little French girl, the most popular model in London and has a golden opportunity to display her natural charm and piquancy. Thomas Holding is featured in her support, and among the others in the cast are George Fisher, Helen Jerome Eddy, Senor Buzzi and Kathryn Vaughn.

CANADIANS DECORATED BY KING OF ITALY

(By Daily News Leased Wire.)

LONDON, May 27.—The king of Italy conferred decorations on five canadians. On Lieut. C. Raymond Brutina of the machine guns, he has conferred the Order of Cavalier of St. Maurice and St. Lazarus. Capt. Howard Hampton Burnham, medicals, Capt. William Forbes Guild and Capt. Edward Oliver Garew Martin of the infantry, and Capt. William Gordon McGhie, pioneers, are recipients of the silver medal for military valor.

The "Show-Down" Wanted.

Everybody would be greatly pleased if Quebec would consent to be governed by the same rule as the rest of us. But if she does not feel that such is her duty, there is no more to be said about it. To coerce her would be impracticable even if desirable. But a show-down would remove all misunderstanding. It would establish definitely whether at bottom Canada is one nation, or two.—Winnipeg Telegram.

The Saskatoon city council and provincial police departments will not be crippled to any great extent when conscription is placed in effect here, according to statements made by Chief of Police G. M. Donald and Inspector C. M. Smith. In any case policemen and firemen are exempt under the Militia act.

OFFERS TO WAGER SERGEANT THAT HUNS WILL WIN, LANDS IN JAIL

TOMMY PREBEL, WHEN ASKED TO ENLIST, DECLARES HE IS AN AUSTRIAN AND IS WILLING TO BACK CENTRAL POWERS AS CONQUERORS OF THE ALLIES—CHARGES WILL BE LAID AGAINST HIM TODAY—CANADIAN HELD AS WITNESS.

An Austrian who gives the name of Tommy Prebel ran into the wrong individual when he offered to give odds to Sergt. E. Peters in the Nelson cafe on Saturday that Germany and Austria would win the war. Today the Teutonic disciple of the goddess of chance languishes in the city police cells and a formal charge will be laid against him this morning by Sergt. Peters.

The sergeant noticed the Austrian sitting in the cafe, along with a Canadian lumber jack named William Elgie. He saw that Prebel was a husky looking possibility for the ranks of the Manufacturers' Independent Forestry company and invited him and Elgie to join. Elgie expressed his willingness but Prebel demurred, telling the sergeant that the latter wouldn't want an Italian, anyway. Thinking that Prebel was a native of the southern European country that is now playing such havoc with the subjects of Emperor Charles, the sergeant stated that an Italian would be a welcome addition to the strength of the company. He expressed gratification at what the Italians are doing to the Austrian hordes, when much to his surprise, Prebel told him in effect that the reports of the brilliant progress of the Italian army were all "bunk." He stated he was an Austrian and offered to wager heavy odds that the German and Austrian armies would emerge victorious from the European conflict. The sergeant offered to take the bet in order to obtain evidence. But the Austrian refused to put up any money.

Just to show the Austrian how hospitable Canadians can be, even to alien enemies, the sergeant proceeded to provide Prebel with free lodging as a guest of the city and assigned Privates D. Jones and Goodwin as his escorts to the civic bastile, where he was shown a latticed apartment by Sergt. Sutherland. His companion was registered as a witness.

Prebel will appear in court this morning to explain just why he was a good enough sport to take a chance on the central powers winning the war.

Four witnesses who were present in the cafe during the conversation between the Sergt. and Prebel, have expressed their willingness to testify against the prisoner.

The Immense Locomotive Driving Wheel

traveling a mile a minute, makes 403,361 revolutions in 24 hours. The delicate balance wheel of a watch makes 432,000 in the same time. The locomotive wheel is oiled and cared for several times during 24 hours. Should not your watch receive attention at least once a year? The wonderful precision is easily affected. Let us examine it.

Edward Doucette, a Nelson building contractor, will leave this morning for Ottawa where he will undertake national service work in connection with the construction and repair of airplanes. Mr. Doucette was one of the hundreds of Nelson men who signed national service cards and it is as a result of his having offered to do war work at some other place in Canada that he is now going to Ottawa.

Lieut. Gordon Hallett of Harrop, who has been serving with the British navy since the early days of the war, is expected to return home tomorrow or Tuesday. He is on his way from Halifax, having been invalided home on account of eye trouble, according to telegrams which have reached Harrop. Lieut. Hallett was one of the naval reserve officers who were recalled to England when the war broke out. He has seen a great deal of active service and was one of those saved when the cruiser Hermes was torpedoed by a German submarine about two years ago.

PIONEER KOOTENAY RANCHER PASSES

Death Calls James Tarry, Aged 78, Who Owned Largest Cleared Ranch in the Valley

James Tarry, aged 78, a pioneer rancher of Tarry and a native of Berkshire county, England, where he was born in March, 1840, died yesterday morning at 4 o'clock.

The late Mr. Tarry settled in Kootenay valley in March, 1896. At that time the only other settler was M. C. Monaghan. The ranch which was owned by him is 136 acres, 35 to 40 acres being cleared. It is the largest cleared ranch in the valley.

Survivors are a widow, two sons, Frank Tarry, who lives at Tarry, and R. C. J. Tarry, London, England, and one daughter, Mrs. F. H. Sherman, Carshalton, Surrey, England.

The funeral will take place tomorrow afternoon at 2 o'clock.

2 IN 3 BOSWELL RANCHERS JOIN ARMY

Excellent Record of That Section—Recruits Leave Saturday for Revelstoke Depot

An average of two in three ranchers in Boswell district have enlisted for active service. This information is supplied by Sergt. E. Peters, in charge of recruiting for the Manufacturers Independent Forestry company. S. J. Cummings, S. S. Frank and Kenneth Wallace of Boswell left for the above unit's Revelstoke depot on Saturday. Sergt. Peters said he could have recruited other Boswell men if it had been possible for them to forsake their ranches.

Along with the Boswell recruits, J. H. Feeney, Needles; John Thomas Griffin, Nelson; and John Dammell, Nelson, left for the Revelstoke depot on Saturday.

JOE F. THOMPSON BACK ON FURLOUGH

Pte. Joe F. Thompson, father of "Bud" Thompson, returned soldier, arrived at Willow Point on furlough on Saturday. The trip over the ocean was made in five days. The home coming soldier was met by the boy scouts and a number of citizens and accorded a hearty welcome.

He was in the painting and decorating business in Nelson before enlisting and was a well known lacrosse and hockey player, playing on the Nelson seven when the locals met the champion Edmonton hockey team.

MANY MOURNERS PAY THEIR LAST TRIBUTE

Four Hundred Attend Funeral Service of Late Doris Madalin Heddle on Saturday.

The funeral of the late Doris Madalin Heddle, who died May 24, after a few hours illness, was held on Saturday afternoon. Services were conducted at St. Paul's Presbyterian church, Rev. C. M. Wright officiating. The late Miss Heddle was seized with a sudden illness Thursday afternoon, dying that evening in the presence of her parents, who were with her constantly from the time she was stricken. She was a pupil at the Hume school, which she attended up to the day before her demise.

Four hundred friends and mourners attended the funeral services at St. Paul's church. The pallbearers were: Joseph Ringrose, Roy Smith, Elmer Hartwig, Harold McIntyre, Norman Dunn and Jack Learmouth, all of whom were in the same grade as the deceased at the Hume school.

Beautiful floral tributes were sent by Mrs. Heddle, Willow Point; Malcolm and David Heddle, Mr. and Mrs. George Miller, pupils and teachers of Hume school, Mr. and Mrs. George Motion, Mr. and Mrs. J. RANCHERS ASK AUTO DRIVERS TO SLOW UP

Call Attention to Dangerous Turns on Nelson-Balfour Road and Liability of Accidents

Many ranchers complain that their horses are badly frightened by speeding autos on the Nelson-Balfour road and The Daily News has been requested to ask motor-car drivers to slow up when they meet teams or come to any of the numerous corners on the road.

A large number of children walk and play on the road and several have had narrow escapes from injury this spring.

If automobile drivers will sound their horns and go slowly around the corners accidents will be averted.

CLEVELAND CROWD ATTACKS POLICE

Pitched Battles Fought Near Recruiting Station an dat Constabulary Headquarters.

(By Daily News Leased Wire.)

CLEVELAND, O., May 27.—Police attempting to prevent anti-war speeches by Socialists on the public squares were attacked by a crowd of about 300 late tonight and a pitched battle ensued. Just previous to the trouble the recruiting station erected on the public square registered 211 recruits. The police dragged one of the Socialists orators off the stone rostrum and the crowd attacked them.

Reserves rushed to the scene clubbed the crowd back and half a dozen men were arrested. The crowd followed the police and prisoners to the police station, where another battle occurred and more arrests were made. Mounted police and more reserves, 100 police in all, charged the crowd and cleared the streets after sticks and stones had been thrown at the police station, breaking several windows.

The police guard was doubled at the public square tonight, as more Socialists demonstrations were feared.
