THOUGH PEACE RATIFIED HUNS CONTINUE INVASION

Capture Navy Yard City on Black Sea

PETROGRAD IS NOW EVACUATED

More Land Grabbed by the Turks--Hold Entire Batoum Region

(By Associated Press.)

With the ratification of the treaty of peace with Germany, the Soviet congress in Moscow has dissolved. But the Germans have not yet ceased their inroads into Russia's richest territory in the south. Nikolaiv, the great navy yard city, and headquarters of the high command of the Russian Black Sea Fleet, is the latest prize that has been wrested from the Russians. Situated at the mouth of the Bug river the capture of the town gives the Germans a water route of great value through the rich agricultural country.

Up to the last, some of the members of the Soviet congress opposed the hard terms of Germany, but to no avail. Warning was sounded by several of them of a further German attack and of the necessity for amalgamation for resistance. Before adjournment, the congress approved the removal of the capital from Petrograd to Moscow and late despatches say that Petrograd has now been completely evacuated.

(By Daily News Leased Wire.)

LONDON, March 17.—The Germans have occupied Nikolayev, in addition to Odessa, according to a Reuter despatch from Petrograd.

Petrograd Evacuation Completed.

LONDON, March 17.—The evacuation of Petrograd has been completed, according to a Reuter despatch from that city, quoting an official communication. None of the population will be permitted to leave the city hereafter and in order to make certain that the order is obeyed, all passenger train service has been suspended.

The council of commissaries of "the community of Petrograd," which will be the official designation of Petrograd and the district surrounding it in the future, has authorized the reappearance of all socalled bourgeois newspapers, which had been suppressed since the beginning of the German offensive.

Occupation by the Turks of the entire Batoum region has been confirmed.

Turks Get 186 Guns.

LONDON, March 17.—The Turkish forces, which recently occupied Erzerum in Turkish Armenia, captured 186 guns, with numerous minethrowers, machine guns and quantities of ammunition, according to the official statement issued by the Turkish war office on Friday.

German Officers Get Invitation.

LONDON, March 17.—German officers have been "invited" to organize an army in the Ukraine, according to a despatch from the official Russian news agency, which says this information is from an official Austrian source.

AUSTRALIAN TOWN WRECKED BY CYCLONE

(By Daily News Leased Wire.)

BRISBANE, Australia, March 17.—Most of the houses in Innisfail have been demolished by a cyclone. There were many casualties.

A despatch from Melbourne last week said a great amount of damage had been done in several towns in North Queensland by a cyclone.

FORTY KILLED WHEN MONASTIR IS SHELLED

LONDON, March 17.—The Germans apparently are still intent on totally destroying the famous town of Monastir and wiping out the remaining remnants of its civilian population. The town again has been placed under a bombardment by heavy projectiles and gas shells. In this attack 40 more of the noncombatant population were killed.

TO KEEP SHIPS FROM SINKING

Device Invented by Hudson Maxim Accepted for Experimental Purposes.

(By Daily News Leased Wire.)

WASHINGTON, March 17.—Hudson Maxim's device for a nonsinkable ship has been accepted for experimental purposes by the shipping board, which announced tonight that officials had decided some start should be made toward producing vessels that could not be sunk by submarines.

Out of thousands of methods suggested the ship protection committee, headed by John A. McDonald, has selected several for special tests of which Mr. Maxim's will be the first.

As described by Mr. Maxim to a senate committee after the shipping board first made an unfavorable report, his device consists of a row of cylinders containing water placed around the interior of a vessel's hull. Back of these cylinders would be a steel screen. Explosion of a torpedo would atomize the water against the screen, the vapor dispersing the heat and absorbing the gases which cause the damage in an explosion.

PEACE RESTS WITH VICTORY

Asquith Says Alleged Russo-German Pact Is Object Lesson of What Huns Would Impose.

(By Daily News Leased Wire.)

LONDON, March 17.—(Via Reuter's Ottawa Agency)—Mr. Asquith in a speech delivered on Saturday before the Women's Liberal federation said that the alleged Russo-German peace was an object lesson of the kind of peace Germany would seek to impose on the allies. Victory was the only road by which peace would be placed beyond jeopardy of the ambitions and rivalry of selfish, mischief-making interests and forces, the Liberal leader declared amidst cheers.

GOVERNMENT HAS NEW FRONT LINE

Includes Two Private Members Who Previously Were Aggressive Liberals—Green in Third Row.

(By Daily News Leased Wire.)

OTTAWA, March 17.—The new government front line in the coming parliament, which has undergone some changes since the first allocation was made, is an interesting one. The first lines include three rows of seats with desks in front, eight in a row. One of the interesting points is the inclusion of two private members, who for many years were numbered among the most aggressive Liberals in the house. They are F. F. Pardee, former Liberal whip, and Dr. Michael Clark, Red Deer. The allocation is as follows:

Front row, left to right—Reid, Maclean, Borden, Foster, Carvell, Sifton, Doherty and Ballantyne.

Second row, left to right—Burrell, Mewburn, Rowell, Calder, Meighen, Crerar, Crothers and Cochrane.

Third row, left to right—Middleboro, McCurdy, Hon. Hugh Guthrie, Fred Pardee, J. E. Armstrong, Dr. Clark and R. F. Green.

BRITISH SCARE GERMAN CITIZENS

Leave Rhine Province Towns for Interior Because of Air Raids—Factory Blown Up.

GENEVA, March 14.—Reports reaching here from Germany say that panics have been brought about by the British aerial attacks on German towns. At Coblenz, according to a Basel despatch, there were several outbreaks of fire in the southern portion of the town and an ammunition factory was blown up.

The railway station at Freiburg was again badly damaged.

Swiss travelers report that in the principal Rhine cities many houses and apartments are vacant, numbers of persons moving to central Germany or Switzerland. They say the opinion is growing against the continuation of German air raids.

23 Raids in March.

AMSTERDAM March 15.—A Berlin despatch says that in February enemy aviators made 23 attacks on German towns. While no military damage was done to houses and other private property, 12 persons were killed and 36 injured, 15 of them seriously. One biplane fell into the hands of the Germans.

BELFAST SINN FEINERS RIOT

Mob Attacks Police—Fight Lasts Four Hours—Militia Called—Many Casualties.

(By Daily News Leased Wire)

BELFAST, Ireland, March 17.—Severe rioting occurred last night in the Nationalist quarter of Belfast between a mob of Sinn Feiners and the police. Many casualties were sent to the hospitals, including a number of policemen.

The rioting lasted four hours and the militia was called out this morning to take charge of the district.

The trouble started when a crowd which had been listening to a midnight speech of Prof. Edward DeValera, member of parliament for East Clare, and a Sinn Feiner, refused to disperse when called upon to do so. The police made two baton charges and two persons were injured. The rioters retaliated with stones.

U. S. STEAMER SINKS U-BOAT

Turns on Submarine When it Began Using Shells and Makes Successful Fight.

(By Daily News Leased Wire.)

AN ATLANTIC PORT, March 17.—An American steamer, which arrived here today, reported that, after battling an hour with a German submarine, on Feb. 14, she succeeded apparently in sinking the U-boat. The fight took place in the Bristol channel. The American vessel, of about 4000 tons gross, first tried to escape, but remained to fight when the submarine began using shells. Many shots were exchanged before one from the tanker struck fairly in the centre of the U-boat, which disappeared immediately. One member of the crew of the American ship was wounded.

The American vessel was not seriously damaged. She left a British port on Feb. 23.

VANCOUVER BOY DIES FROM TOUCHING LIIVE WIRE

(By Daily News Leased Wire.)

VANCOUVER, March 17.—Harold Cotton, the 11-year-old son of A. Cotton, who was injured on Saturday by a live wire on the British Columbia Electric system, died early this morning at the general hospital.

It is said that the lad received the full power of 40,000 volts of electricity. The misdirection of the current when it hit the little fellow caused the fuses on all the substations to Lulu island to blow out.

CANADIANS DO GREAT DAMAGE

Raid One of Most Successful Carried Out

PATROLS WIN IN PITCHED BATTLE

Showing Great Dash Main Force Completes Job in 25 Minutes

(By Daily News Leased Wire.)

CANADIAN HEADQUARTERS IN FRANCE, March 17, via London.—(By the Canadian Overseas Correspondent.)—Nineteen prisoners taken, 20 Germans killed by rifle fire or bayonetted, others blown up in their dugouts, and an indefinite number wounded—such is the record of 25 minutes work of our infantry in front of Oricourt this morning.

In addition, an enemy machine gun was captured, his forward and rear areas and communications were shelled and gassed by our heavies and his field guns were swept by our machine guns and shelled by our trench mortars. The raid was one of the most successful in Canadian history. Our men, in moving to the attack, had to cross half a mile of No Man's Land. This difficult maneuver over the machine gun swept area was carried out with success.

Patrols Win Pitched Battle

Just before the raiders attacked a regular pitched battle was waged only 200 yards away between the Canadian patrol and an enemy raiding party of double strength. When the miniature battle was over and the Hun had been forced to abandon his offensive intentions, we had one man injured and we had captured two mortally wounded Boches.

There was a subsequent lull over the whole sector, the enemy evidently thinking that the failure of his own raid marked the finish of the morning's proceedings. At 5:30 a.m. he realized his mistake. Our whole front, south and north of Mericourt, woke up on the minute. Our raiders were now going forward under the protection of a mixed barrage, our artillery supported by the trench mortars, machine guns and by our heavies, which shelled the enemy main machine gun holds and strong points with gas, compelling them to keep underground. At the same time, our artillery to the north and south was supporting our attack, by doing excellent work on the enemy centre positions. Our smoke barrage, according to enemy prisoners, was very effective, blinding the enemy and covering our attack. Certainly, his machine guns were unusually quiet during the operations.

Shoulders Enemy Gun

Our raiders encountered hardly any opposition in advancing to the enemy outpost positions. They then moved up a hostile trench to the Boche, "a living line," where the party bombed their way along more than a quarter of a mile of trenches north and south. Enemy dugouts were blown up and the men who offered resistance were killed or captured or driven out and some of the raiders went forward until they had penetrated to a depth of over 200 yards behind the enemy line, making a total advance of well over 1000 yards. One of our men, after three members of an enemy machine gun crew had been killed, ran up and bayonetted a fourth, put the gun over his shoulder and tramped back behind No Man's Land to the officer commanding his regiment, to whom he presented the gun as a momento.

Worked Like Clockwork

Every detail of the morning's operations worked like clockwork. The men who had been carefully trained before the attack were in the finest fighting form. Their only regret, as that of other raiders earlier in the week, was that the Huns did not make a better fight of it.

During the retirement, our men passed through a very heavy barrage, but the whole operation from beginning to end was carried out with few

(Continued on Page Two.)

FINN RED GUARD FIGHTS THE HUNS

Germans Send Urgent Call for Reinforcements—Cut Cable Between Sweden and Aland Islands.

(By Daily News Leased Wire.)

AMSTERDAM, March 17. The troops recently sent by Germany to Finland to assist in putting down the Red Guard are meeting with hostile forces which are continually being increased, says a semiofficial statement issued in Berlin. On this account further help by the Germans is said to be urgently needed.

Communication Broken.

STOCKHOLM, March 17.—Communication with Helsingfors and other points in southern Finland has been broken. The Germans are believed to have cut the cable between Sweden and and the Aland islands.

NO ACTION YET BY JAPANESE

Germans Are Aiding Bolsheviki in Creating Reign of Terror in Siberia.

(By Associated Press.)

No change in the situation in Siberia has been noted. As late as Saturday the Japanese, according to Premier Terauchi, had not decided what should be done by Japan with regard to the menace of the Bolsheviki and the Germans who are aiding them in their reign of terror in Siberia. While the opposition party in Japan continues its efforts to prevent sending of troops to Siberia, almost the entire press of the country favors Japan's intervention.

(By Daily News Leased Wire.)

TOKIO, March 14, via Shanghai—It is reported that the Germans are trying to organize two army corps of German war prisoners of Russia. One corps, it is said, is being secretly organized at Irkutsk, Siberia. Two cavalry corps also are being formed.

Japs Ready to Strike.

TOKIO, March 17.—Premier Terauchi and Foreign Minister Montono told parliament today nothing had been decided upon with reference to the Siberian situation.

The military situation has reached a state of perfect preparedness. Last night the Seiyukai (Constitutional) party, the largest in the diet, held a conference and reaffirmed its position taken at a recent meeting in opposition to immediate mobilization.

The press is almost unanimous in urging mobilization. The Asahi Shimbun and the Yorodzu choho say they are unable to understand America's excessive generosity toward Russia, now giving supplies to Germany and imperilling the stores at Vladivostok. Suspicions in regard to Japan weaken the allies, they assert, adding that it is Japan's duty to work in the interests of the peace of humanity by assisting to crush Germany.

The Kokumin Shimbun issues a call to arms, saying that America is sincerely friendly but mistaken.

The Azahi Shimbun of Osaka voices the opinion widely held among the middle classes that extensive mobilization would create acute distress industrially and in regard to food supplies.

ITALIANS ROUT SCOUT PARTIES

British Aviators Shoot Down Machines—Italian Airships Bomb Aviation Grounds

(By Daily News Leased Wire.)

ROME, March 17.—"Enemy reconnoitering parties were put to flight in the Concei and Giudicaria valleys and south of Asiago," the war office reports. "Our patrols developed great activity in the region of Monte Asolone. A few prisoners were captured in the Ornic valley.

"Our batteries fired on moving enemy troops south of Cismon and directed a heavy fire against positions east of Zenson and at the delta of the Piave.

"British aviators shot down an enemy machine east of Montello. Last night our airships dropped two and one-half tons of bombs on enemy aviation grounds west of the Livenza."

ONLY GOOD EGGS CAN BE STORED

Canada Food Board Issues Regulations to Ensure That the Best Are Marketed.

(By Daily News Leased Wire.)

OTTAWA, March 17.—Acting under the extended powers recently given to it in order to prevent waste, the Canada food board has issued an order requiring that no person operating any cold storage plant shall receive eggs for storage or shall store eggs therein without a certificate in writing from the owner that they have been candled and all bad and unsound eggs removed.

It is also provided that no person dealing wholesale in eggs shall receive or demand payment for bad eggs in excess of a margin of allowance of one per cent on each transaction. The order became effective last Saturday.

The order under which this regulation is issued provides for violation penalty of a fine not exceeding $1000 and not less than $100 or imprisonment or both fine and imprisonment

BARON PIERRE OFFERED BRITISH SHIP PORTFOLIO

(By Daily News Leased Wire.)

LONDON, March 17.—The Daily Mail says that Baron Pierre, chairman of the Harland and Wolffe shipping commission, has been offered the post of minister of merchant shipping. This offer was made after a conference with Sir Eric Geddes, who will announce in the house of commons on Wednesday important changes relative to shipbuilding.

THREE STEAMERS WITH VETERANS REACH HALIFAX

HALIFAX, N. S., March 17E.—Three steamers with returned soldiers arrived at Halifax today. Among the list were the following western officers: Lieut. J. G. Stephenson, Paynton, Sask.; Major C. H. McKenzie, Regina; Lieut. W. McEwen, Calgary; Lieut. F. A. Akelhorn, Calgary.

ATTACK ALONG WIDE FRONT LAUNCHED BY FRENCH TROOPS

FIRST FURLOUGHED CANADIANS COMING

(By Daily News Leased Wire.)

WINNIPEG, March 17.—Two trains, carrying the first contingent of the furloughed Canadian troops, will arrive in Winnipeg on Wednesday, according to present calculations, as they left Halifax Saturday night westbound, according to advices given out here. The first has on board 231 men for Calgary and Vancouver; the second has 78 for Regina and 127 for the Winnipeg district. They are followed by a train carrying women and children, relatives of these soldiers chiefly and others who are returning from England. The trains are running one hour apart.

GERMANS STILL BRING RESERVES

Hold Up Offensive for Troops From Russia to Arrive—Allies' Defense Plans Formidable.

(By Daily News Leased Wire.)

LONDON, March 17.—(Via Reuter's Ottawa Agency)—Telegraphing on Sunday, Reuter's correspondent at French army headquarters says:

"Although the enemy gives no sign as to when the long-promised offensive will break, he is still accumulating men and material on our front with an intention which seemingly admits of only one explanation. He has 190 divisions on the Franco-Belgian fronts. Over one-third of these are in reserve, ready to be hurled at any point selected.

"Why the Germans are allowing week after week of fine weather to pass without moving is possibly explained by their anxiety to know exactly how many of the divisions still in Russia can be counted upon for the west front before committing themselves to the most dangerous and unpromising adventure of the war.

"Behind the enemy's front his preparations are evident. New airplanes and airdromes, roads and hutments are continually being constructed. His reserves are in cantonment far from the front, hence it is impossible to know the point at which he will attack. It is expected that if he attacks, he will stake all on the chance of victory.

"Our defense preparations are on a most formidable scale."

ARTILLERY ACTIVE ON MACEDONIAN FRONT

(By Daily News Leased Wire.)

PARIS, March 16.—Artillery fighting along almost all the Macedonia front is reported tonight by the war office. The statement follows:

"There was rather heavy artillery fighting on the right bank of the Meuse (Verdun) front.

"Macedonia front, March 15: The artillery on both sides was active along almost the entire front. On the preceding night the enemy bombarded Monastir violently, using gas shells. There were 40 civilian victims."

BRITISH IMPORTS AND EXPORTS SHOW INCREASE

(By Daily News Leased Wire.)

LONDON, March 17.—The board of trade returns for the month of February show increases in imports of £28,106,145 and in exports of £1,811,595.

Berlin Claims Onslaught Was Checked

TROOPS ENGAGE IN HAND TO HAND FIGHT

British Pierce Lines--U.S. Troops Foil Effort at Raid

(By Associated Press.)

With the approach of spring each day witnesses an increase in the fighting activity. In every theatre, except Russia, the infantry and artillery are hard at work. From the North sea to the Swiss border, no day passes without numerous patrol encounters which at times reach the intensity almost of battles and artillery duels of violence but little short of the great exchanges of shells which in the past year reached the high water mark of intensity.

Probably the most ambitious of all attempts by the belligerents to pierce an opposing line was made by French troops over a wide front in the Verdun sector. The attack was delivered after preparatory artillery fire lasting 10 hours, according to the Berlin war office, but was checked. That the fighting was of a sanguinary character is indicated by the statement that the troops came into hand to hand encounters. It is claimed by Berlin that at another point in this region the Germans penetrated French positions and captured 200 prisoners, including the staff of one battalion.

At numerous points along the British front, Field Marshal Haig's men are under heavy bombardments from the Germans. Particularly violent has been the pounding of the shells along the Bapaume-Cambrai road, in the Scarpe valley and around Lens. Only one enemy infantry attack was attempted. This occurred north of Lens and was repulsed. The British were successful in similar maneuvers near Epehy and Gavrelle.

On the American front near Toul, the Americans are very alert and frequently open up with their guns against German positions and compel the enemy to evacuate sectors under fire.

(By Daily News Leased Wire.)

LONDON, March 17.—Field Marshal Haig's report from British headquarters in France tonight says:

"During the night hostile raiding parties endeavoring to approach our lines in the neighborhood of Zonnebeke were driven off by our troops with rifle fire and bombs.

"The enemy artillery has shown activity today south of Lens. Considerable hostile artillery fire was also directed against a number of localities north of La Bassee canal, south of Armentieres and in the Ypres sector."

LONDON, March 17.—"We carried out successful raids during the night in the neighborhood of Epehy and near Gavrelle," says today's official communication. "A raid attempted by the enemy north of Lens was repulsed. A few prisoners were made by us in the course of these encounters.

"Hostile artillery was active last night south of the Bapaume-Cambrai

(Continued on Page Two.)

DUTCH ALLOW ALLIES TO TAKE OVER SHIPS

Intensified Submarine Warfare Predicted by German Press—Holland to Suffer Most.

(By Daily News Leased Wire.)

THE HAGUE, March 17.—After a cabinet council lasting into the night, the government cabled to London a message which, according to reliable information, probably will lead to a satisfactory conclusion of the shipping difficulty.

An Amsterdam despatch said on Saturday that it had been learned on excellent authority that the Dutch government had accepted the demand of the allies relating to the use of Dutch ships in the danger zone.

No Reservations Ordered.

WASHINGTON, March 17—The virtual ultimatum presented at the Hague by diplomatic representatives of the United States and Great Britain specifically required that the Dutch ships to be taken over on March 18 should be given without reservation about being sent into the danger zone. The provisional agreement, which Holland has left unacted upon more than two months, provided that the ships should not be sent through the danger zone, but the newest representations informed the Netherlands government that this proviso must be eliminated. The agreement in practically all other respects will be carried out.

Threaten Intensified Warfare.

AMSTERDAM, March 17.—In discussing the decision of the allies regarding Dutch shipping, German newspapers declare it will be followed by intensification of submarine warfare. The Frankfurter Zeitung says:

"Under the proposed circumstances no really neutral Dutch ships will exist. Germany will have no reason to longer leave open a free passage to the North sea, which was created only in the interest of Dutch shipping. This passage has been only a nuisance to submarines, whose warfare in future will be much more effective. Unfortunately Dutch ships will suffer most and the supplies promised Holland by the entente will be exposed to uncertainty."

The Vossische Zeitung terms the step taken by the allies as a monstrous act of violence. The Tageblatt says:

"Holland naturally must renounce a further supply of coal and other indispensable materials from us."

Taken Over Today or Tomorrow

WASHINGTON, March 17.—Holland's reply to the American and British demand that a voluntary shipping agreement be put into effect despite Germany's opposition, in default of which the Dutch vessels in American and British waters would be secured under the ancient law of Angary, will be awaited before further action is taken by the United States government.

Despatches from The Hague tonight indicated that the reply was en route, but probably would not reach Washington by noon tomorrow, when the time limit expires. As it is believed now that Holland will assent to the allied proposals, officials here desire to delay action so that transfer by agreement may be substituted for reserve,

(Continued on Page Two.)

FEDERAL HOUSE IS IN SESSION TODAY

Unusual Conditions Which Prevail Will Make Occasion Most Interesting Since Confederation.

(By Daily News Leased Wire.)

OTTAWA, March 17.—The capital will be the scene tomorrow of the most interesting opening of parliament since confederation. Unusual conditions will prevail which will add to the novelty produced by a new alignment of the political forces of the country that have resulted in bringing to Ottawa more than 100 new members, including a number who are in the capital for the first time.

The opening will be lacking in its usual pomp. His excellency, the governor-general, who will read the speech from the throne, as is customary, will not be accompanied to parliament by a military escort and there will not be ladies on the floor of the senate chamber by special invitation.

Another new feature of tomorrow's opening will be the meeting of the commons at 11 o'clock in the morning to elect a speaker. The session will be preceded by the signing of the roll and the administration of the oath to members who did not attend at the commons chambers for this purpose on Saturday. As those who did number approximately 50, there remain to be sworn in in the morning more than 100 members, the majority of whom, it is expected, will be here.

A number of members for whose constituencies recounts of the soldiers' votes are being held will not be able to take their seats.

When the commons meets at 11 o'clock, W. B. Northrup, the new clerk of the house, will call attention to the fact that parliament is without a presiding officer. Sir Robert Borden will thereupon move a resolution naming Hon. S. N. Rhodes. He will speak briefly and Sir Wilfrid Laurier, who will doubtless approve the selection, will do likewise.

No official statement has been given out as to the contents of the speech from the throne, but it will contain references to the general election and its results; the continuance of Canada's participation in the war with the assurance that the Dominion will continue to put forward her best exertions until final victory is achieved. There will be reference to economic and trade conditions, the success of the Victory war loan and the necessity of additional taxation to meet the increasing financial burden imposed upon the country by the military situation. Reference will doubtless be made in the speech to the government's policy of war time prohibition as well as to the railway problem which awaits solution. In this connection it will be difinitely announced that the bill to consolidate the railway act will be taken up in the senate at the point where consideration was left off last session. There may be in the speech some indication of the permanent policy the government proposes to adopt in regard to the railways or it may simply be stated that the matter is engaging the attention of the government and that legislation will be introduced later in the session. The introduction of the promised civil service bill and other measures, including a daylight saving bill will also be indicated in the speech.

EDMONTON BRIGADE FIGHTS THREE FIRES IN 24 HOURS

(By Daily News Leased Wire.)

EDMONTON, Alta., March 17.—The Edmonton fire brigade had to fight three hard fires during the past 24 hours. One Saturday evening, the Carpenter block, a two-story, wooden structure at 107th street and Jasper avenue, was gutted by fire which started from an oil stove. Mrs. E. Charlebois, milliner, was the chief sufferer. The Western Print shop, the La Porte tailor shop and three tenants overhead were flooded out. The loss will be about $8000, partly covered by insurance.

At 10 o'clock, a fire, which originated from some unknown cause, caused about $8000 damage to machinery, stock and tools in the carpenter and paint shop in the new addition to the Dominion penitentiary. The prisons were at no time in any danger, although the building is only 50 feet from the main prison. The government carries no insurance.

Sunday afternoon, a storehouse of the Inglewood Lumber company, in the west end, with a quantity of window sash, building paper and lime were burned. The manager could not estimate the loss, which is, however, covered by insurance. No cause is assigned to this fire.

On Saturday, a hot bearing started a fire in the Brackman-Ker elevator, Edmonton South, the chemical engine being first on the scene extinguished the blaze. Forty thousand bushels of grain in the elevator was saved.

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best for Liver and Bowels, for Biliousness, Sour Stomach and Constipation.

Get a 10-cent box now.

Furred tongue, bad colds, indigestion, sallow skin and miserable headache come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated and never know a miserable moment. Don't forget the children—their little insides need a good gentle cleansing, too.

COULD NOT STOP THE HEADACHES

Until She Tried "Fruit-a-tives" —Made From Fruit Juices

112 Coburg St., St. John, N.B.

"I feel I must tell you of the great benefit I have received from your wonderful medicine, 'Fruit-a-tives'.

I have been a sufferer for many years from *Violent Headaches*, and could get no permanent relief.

A friend advised me to take 'Fruit-a-tives' and I did so with great success; and now I am entirely free of Headaches, thanks to your splendid medicine".

MRS. ALEXANDER SHAW.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent on receipt of price, postpaid, by Fruit-a-tives Limited, Ottawa.

CANADIANS DO GREAT DAMAGE

(Continued from Page One.)

casualties, the majority slight wounds.

At daybreak, when all had quieted down and the Hun was coming up from his dugouts, all our guns along the front opened up simultaneously with two minutes of gunfire, shot after shot, as fast as the guns could be worked. This hail of lead swept the enemy front line supports, reserve assembly areas and communications and must have caused many casualties and much destruction. Prisoners taken emphasize the strength of the attack and state that a careful plan had been made in the event of such an operation, but the whole scheme failed at the test this morning, the enemy having been thrown into confusion.

With the exception of one noncommissioned officer, the prisoners are poor specimens, having nothing like the physique or morale of our troops.

DUTCH ALLOW ALLIES TO TAKE OVER SHIPS

(Continued from Page One.)

although in either case they would be entirely within their rights under international law.

At any rate, the addition of 1,000,000 tons of shipping to the resources engaged in the fight for world freedom will not be delayed beyond Tuesday.

The American flag will be raised over the 700,000 tons in American waters as soon as the transfer is made and the vessels will be put into the food transport service. They will be armed to resist the attacks of German submarines in the war zone and trained American gun crews will man the guns.

Many of the Dutch sailors are expected to remain with the ships. American officers will be placed in charge to comply with the shipping laws but the provision requiring that two-thirds of the crews shall be citizens of this country will be waived as in previous cases. The friendliness of the Dutch seamen to the allied cause, resenting as all seafaring men do, the murderous warfare of the submarine, will lead at least half of them to continue their work.

It was officially stated tonight that there has been no change in the terms of the ultimatum which offered Holland ample food supplies and sufficient tonnage to maintain the commerce of her colonies.

Whether or not assent is given to the terms, the ships will be acquired by the allies tomorrow or Tuesday.

Concessions to be made by Holland to Germany in the matter of barges for international commerce were not discussed by officials. There have been intimations that Holland might also be forced to agree to furnish Germany certain tonnage after the war is concluded. In either case it was indicated the result of the war will not be affected and that is the main point now.

CALGARY OLD TIMER, J. W. COSTELLO, DEAD

(By Daily News Leased Wire.)

CALGARY, Alta., March 17.—John W. Costello, one of Calgary's first settlers and father of Dr. M. C. Costello, mayor of Calgary, died at the Holy Cross hospital one Saturday. He is survived by his wife and six children, including Dr. T. C. Costello, who is at present overseas, and Mrs. Cochrane, who has the honor of being the first white girl born in Calgary.

FIRE DAMAGES MOTOR WORKS AT WINNIPEG

Warehouseman Severely Burned—Driver Injured When Hose Wagon Upsets.

(By Daily News Leased Wire.)

WINNIPEG, March 17—About $9000 damage was done to the Cushman Motor works this afternoon by fire. Charles Rowley, warehouseman, was severely burned on the right leg and hand, and J. Weeks, driver of a hose wagon, on his way to the fire, was injured when the wagon upset. Both will recover.

COSSACKS IMPRISON BOLSHEVIKI IN SIBERIA

(By Daily News Leased Wire)

PEKIN, March 17.—An authoritative despatch from Blagovieschtchensk in Siberia, filed March 8, says all Bolsheviki leaders, including the president of the local Soviets, have been imprisoned by Cossacks and militia. The Bolsheviki troops, consisting of reserve regiments, Red Guards and sailors, were disarmed and order was established.

ATTACK ALONG WIDE FRONT LAUNCHED

(Continued from Page One.)

road, in the Scarpe valley and east of Polygon wood. It has also shown activity against our rear defenses south of Lens and between La Bassee canal and Lys. During the past few days there has been a marked increase in the activity of the enemy's artillery southwest of Cambrai and also along the whole front from the neighborhood of the La Bassee canal to the Menin road.

French Regain Trenches.

PARIS, March 17.—The war office reports a series of strong German attacks in the direction of Samogneux and in the Bezonvaux region. Large enemy detachments succeeded in penetrating the French line at various points, but under the violence of the French fire suffered heavy losses and were unable to hold the ground they had gained.

Latest information shows that last night, the French troops entered enemy trenches at Malancourt on a front of 1400 metres to a depth of 800 metres.

Drive Germans Back.

PARIS, March 17.—The official communication from the war office today says:

"Northwest of Reims, the Germans attempted in the region of Louvre a raid which completely failed. In the Champagne, after a violent bombardment in the region of the Montes, the Germans attacked our positions west of Vaudesincourt. After a spirited engagement the French troops drove the enemy out of these advanced elements where he had gained a footing, inflicting serious losses on the Germans.

"There was quiet punctuated artillery firing on the part of both artilleries on the left bank of the Meuse. The day was calm on the rest of the front."

Americans Foil Raid.

WITH THE AMERICAN ARMY IN FRANCE, March 16.—By Associated Press.—After a terrific artillery preparation this morning, large numbers of the enemy crossed No Man's Land on the extreme right of the American sectors. Apparently the purpose of the raid was quickly observed and only a small number entered our lines. Permission has not been given to mention the number of casualties.

This raid, like most of the other carried out, was designed to gather information by means of taking prisoners.

East of Luneville our patrols have explored part of the German trench which our artillery forced the enemy to abondon. Patrols proceeded laterally until they established contact with the Germans. Our reconnaissance and wire patrols found snipers' posts, listening posts and nests from which machine guns had been firing on our lines. The artillery attended to all these posts. The German positions have been made so uncomfortable at several places that they are now trying to regain a footing by connecting shell holes.

Our troops have been subjected to an extraordinarily heavy artillery fire for the past 24 hours. More than 240 shells, which make craters 20 feet deep and 30 feet in diameter, fell in one section of the line. In another section, batteries have been shelled heavily. More gas shells have fallen in both the Toul and Luneville sectors but the larger number in the former.

Berlin Report.

BERLIN, March 16, via London.—A French attack on a wide sector of the Verdun front is reported by the war office. The statement, which says the attack was defeated, follows:

"In Flanders there was increased artillery activity after midday. The fighting was more active southwest of Berry au Bac and in connection with a successful German operation near Tahure.

"After preparation for 10 hours, the French pressed forward on a wide front west of Avocourt (Verdun front) west of the Meuse, but were defeated partly by artillery fire and partly in hand to hand fighting. There was a sharp artillery duel on the east bank of the Meuse. Hessian and Waldrek storming troops near Shogneux and Saxons near Bezonvaux, (both points on the Verdun front east of the Meuse) penetrated enemy positions deeply. They brought back 200 French prisoners, including the staff of one battalion.

"Seventeen enemy airplanes and two balloons were shot down yesterday."

Jerome McAllister, a Kingston bakery driver, met death by slipping while carrying a bag of flour from a car. He fell backwards, fracturing his skull.

SUFFERED TERRIBLY WITH HER HEART

Would Wake up Smothering.

The terrible smothering and choking up sensations and sinking spells, the feeling of dizziness and faintness that come over those whose heart and nerves are deranged causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills give prompt relief and effect a complete cure in cases of such severity.

Mrs. A. M. Powell, Norval Station, Ont., writes: "I cannot speak too highly of Milburn's Heart and Nerve Pills. I suffered five years with my heart and nerves, but the last two years I have suffered terribly. If I went to bed I would wake up as if I were smothering. I did not get one night's sleep out of seven. I got so very weak that the doctor was called in and he said it was my heart and that I must take great care of myself. I saw your advertisement in your almanac for Milburn's Heart and Nerve Pills and said I would try them. I have only taken two boxes of them and I feel a new woman. I will recommend them to anyone afflicted with heart trouble."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

NEARLY 2000 VETERANS BACK

Belong to Canada's First Army—Include Many Decorated for Deeds of Bravery

(By Daily News Leased Wire.)

ST. JOHN, N. B., March 17.—Nearly 2000 officers and men of the originals, though all not actually first contingent men, arrived today on the transatlantic liners from the old land. One of the party is Capt. H. S. Strachan, V.C., of Chauvin, Alta., who won his decorations with the Fort Garry horse. It was in the Cambrai sector that he won the Victoria Cross. The British had made a big push and Strachan was sent at the head of a cavalry squadron to pierce the enemy's lines. The charge was made and before Strachan realized the progress he had made, he was no less than eight miles behind the German line. There he was in enemy country, surrounded by several army corps, with 40 men, many of whom were badly wounded. There was but one of two things to do, try to get back or surrender. He and most of his squadron got back but not mounted.

Capt. F. W. Herring of the 9th battalion, Calgary, returned today. Other decorated men in the party were: Capt. A. Lindsay, M.C., of Toronto, and Lieut. J. R. Stratton, M.C., of Parsboro, Ont.

Among the western officers returning on furlough and for duty were:

Capt. John Collins, Vancouver.
Capt. Charles Tennant, Victoria.
Lieut. R. Stone, Royal Cycling corps, Vancouver.
Capt. J. E. Chaffery, M.C., Vancouver.
Lieut. R. H. Lane, Seattle, Wash.

SHIPYARDS INQUIRY RESUMES AT VICTORIA

(By Daily News Leased Wire.)

VANCOUVER, B.C., March 17.—The shipyards investigation will continue at Victoria Monday and it is expected will conclude there about the middle of the week. It will then adjourn to Vancouver, where the sittings will resume.

Queen Mary has given a valuable pearl for the Red Cross necklace. Many promises of fine pearls have been received. The necklace is to be formed of individual gifts of pearls, to be auctioned for the benefit of the Red Cross.

For the next three weeks United States Food Administrator Hoover will buy half a million bushels of corn daily for allied account.

Goderich town council bought a nine-acre hardwood bush that will be cut into stove wood and sold to citizens at cost.

Milita, Mont., now has an electric lighting system.

FACE NOTHING BUT RUNNING SORES FROM ECZEMA

No rest day or night for those afflicted with that terrible skin disease, eczema, or, as it is often called, salt rheum.

With its unbearable burning, itching, torturing day and night, relief is gladly welcomed.

There is no remedy like Burdock Blood Bitters for giving relief to such sufferers; no other remedy has done or can do so much for those who are almost driven to distraction with the terrible torture. Apply it externally and it takes out the stinging, itching and burning and promotes a healthy healing.

Take it internally and it gets at the source of the disease in the blood and completely and permanently drives it out of the system.

Miss Mary V. Chambers, Anagance Ridge, N.B., writes: "I used Burdock Blood Bitters for eczema. I had it when an infant, but it left me. Two years ago it came back. I used doctors' medicine but it did good only while I used it. At last my face was nothing but a running sore. I saw in the paper what B.B.B. did for people. I took it, and today I am free from that terrible disease."

Manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

PUT DYNAMITE BEFORE HOUSE

Tremblay Tells Court Graphic Story of Attempt to Blow Up Lord Atholstane's Residence.

(By Daily News Leased Wire.)

MONTREAL, March 17.—Joseph A. Tremblay, one of the 10 men on trial at the court of king's bench here, yesterday, charged with the alleged dynamiting of Lord Atholstane's summer residence last summer, and the attempted killing of Lord Atholstane and family, who pleaded guilty, told a graphic story of a man named Wisintainer, one of the accused on trial, Cler, Goier, Monette, Hand ield, Lalumiere and the witness, having previously been provided with a large quantity of dynamite which some members of the gang had procured at a quarry, by holding up the night watchman, went in an automobile to Lord Atholstane's residence and set the dynamite while Handfield (one of the gang who tried last fall to escape arrest) stood in the rear with a rifle held toward them. Witness, Tremblay and Monette (who is serving sentence for attempting to kill a chauffeur named Thorn) went to Lord Atholstane's house with a stick of dynamite already prepared for business. Monette placed in between two pillars, then ran back toward the automobile. Tremblay said he did not wish to kill anyed it between two pillars, then ran and three it three or four feet away. The result was that the house was only partially wrecked and no person was injured.

NORTHERN CROWN BANK IS PURCHASED BY ROYAL

(By Daily News Leased Wire.)

MONTREAL, March 17.—Capt. Wm. Robinson and John Stovel of Winnipeg, who are respectively, the president and vice-president of the Northern Crown bank, will, it is said, become directors of the Royal Bank of Canada. G. R. Crowe of Winnipeg and D. K. Elliott of Winnipeg, well known western businessmen are already directors of the Royal bank. The four named, it is expected, will in future constitute the western board of the bank.

Robert Campbell, who has been for a number of years the general manager of the Northern Crown bank will become a superintendent of branches of the Royal bank.

A meeting of the directors of the Royal bank was held here yesterday to deal with some phases of the purchase. A special meeting of the shareholders of the Northern Crown will be held in the future to ratify the sale, but no special meeting of Royal bank shareholders is necessary to ratify the purchase.

REV. G. B. DAVIS, BAPTIST MINISTER OF WEST, DEAD

TORONTO, March 17.—Rev. G. B. Davis, former Baptist pastor of Rapid City, Man., and Moose Jaw, Sask., died here tonight. E. C. Davis, of the staff of Victoria high school, Edmonton, is a son.

ANOTHER GERMAN TOWN IS RAIDED

Explosives Dropped by British Airmen on Barracks and Railway Station

(By Daily News Leased Wire.)

LONDON, March 17.—Great bombing raids against Germany have been carried out by British airplanes. The official announcement of the raids said:

"On Sunday we again raided Germany, attacking the barracks and railway station at Kaiserstautern, Bavaria. Direct hits were observed on the station and a large fire broke out.

"Our formation was attacked by a large number of hostile machines, which were driven off. All of our machines returned.

"On Saturday, 13 tons of bombs were dropped on the enemy's billets, which have been bombed for the last 48 hours and two hostile airdromes and three large ammunition dumps. At one airdrome, a hangar completely burst; a Gotha machine in the act of rising was sent crashing. Sixteen hostile machines were brought down and seven were disabled. Six of our machines are missing."

BRAVE CANADIANS GET RUSSIAN DECORATIONS

(By Daily News Leased Wire.)

TORONTO, March 17.—Albert Alabele, who enlisted with the 1st Northern battalion, C.E.F., in 1915, on Saturday was presented with the Russian Order of St. George, by Lieutenant Governor John Hendry at the Orthopaedic hospital. During a terrific bombardment in 1916 he volunteered to mount sentry on the firing steps of his trench parapet, while comrades who had previously done this duty, lay dead at his feet. He came through safely, minus a leg, and for that heroic voluntary work he was decorated with the Russian order.

Pte. William Brigham, of English descent, who enlisted in Winnipeg in January, 1915, also was awarded the Russian medal. He kept carrying munitions up the line at Courcelette until at last wounded, which eventually necessitated the amputation of his foot above the ankle.

Alex Tyler, for many years engaged in the grocery trade in London, Ont., is dead.

MEN IN AUSTRIA QUIT THEIR JOBS

Another Big Industrial Revolt Threatened—Strikers Menaced with Military Intervention.

(By Daily News Leased Wire.)

AMSTERDAM, March 17.—Strikes are again in progress in Austria and Hungary and are spreading rapidly according to reports appearing in German newspapers. A Vienna despatch to the Weser Zeitung of Bremen, dated Friday, says that a strike has begun in Budapest and is assuming large proportions. Telegraphic communication between Budapest and Vienna was suspended on Thursday.

A Vienna despatch confirms the report of last week, that workmen in railway shops have gone on strike. The men in the railway shops of one line quit work on Tuesday and were joined on Wednesday by the shop workers of other railways. Under threat of military intervention, the men returned to the shops, but did not work.

THIEVES CARRY OFF HOARDINGS OF RUSSIAN

VANCOUVER, B.C., March 17.—Pinning his faith to a hole in the cellar as a safety deposit vault, M. Erofeyeve, a Russian, who lives with his family here, today is mourning the loss of more than $4000 in currency and coin, the hoarding of several years savings, stolen from him on the eve of his return to Petropavlock, Kamchatka.

Early Saturday morning thieves gained an entrance to his cellar and abstracted the money, which was contained in a tin box wrapped with wire and supposedly safely hidden by a layer of earth. Erofeyeve cammunicated his loss to the police. He had already bought transportation to Russia and with him was to go his family.

C.P.R. STOCK AGAIN DROPS

Shows Extreme Recession of 3½ at New York—Reading Makes Substantial Advance.

(By Daily News Leased Wire.)

NEW YORK, March 16.—Half a dozen stocks, including Reading, Baldwin Locomotive, United States Steel and Canadian Pacific, more or les sin the order named, made the bulk of today's moderate and irregular dealings.

The movement was exceedingly mixed, Reading advancing 2 points to 84⅞, a new maximum for the year, while Canadian Pacific made a further extreme decline of 3½.

Tobaccos and a few minor war shares were firm to strong, but in effect the list made only slight response to the 15 per cent freight rate increase granted to eastern lines. Sales amounted to 185,000 shares.

The light market operations of the week probably accounted for the actual contraction of almost $82,000,000 in cluearing house loans, but half of the previous week's gain in reserves was lost, that item showing a decrease of about $21,000,000, leaving total excess at slightly more than $34,000,000.

Aside from its slightly uneven tone, the bond market was featureless. Total sales $2,075,000.

CANADIAN CAR ISSUES STRONG AT MONTREAL

(By Daily News Leased Wire.)

MONTREAL, March 16. — Further appreciation in Canadian Car issues was the principal feature of the initial trading in the local stock market today. Following yesterday's advance in the preferred from 60 to 62 there was a further advance to 65 today. The common rose to 25½ from yesterday's close at 25. Canadian Locomotive was up a point at 59.

The steel issues were quiet and steady. Steel of Canada was 58⅞ to 58½ and Iron eased to 61.

Other features were Power, 74½; Tram Power 24½.

BRAZILIAN AND DOMINION IRON LEAD AT TORONTO

(By Daily News Leased Wire.)

TORONTO, March 17.—Brazilian and Dominion Iron contributed the greater bulk of transactions in the Toronto market Saturday. Brazilian has been showing a firmer tone for some days as a result of a steady process of accumulation, presumably on the part of investors, who are prepared for a long hold with the prospect of resumption of dividends which is decidedly remote. Brazilian opened at 36¾ and on transactions of 450 shares advanced to 37, or ¼ above Friday's close. Dealings in Dominion Iron relapsed into dullness and was lower at 59¾. C.P.R. sold at 142⅞, but the closing bid was only 137½, reflecting the further weakness.

The war loans were quiet and heavy. Transactions: Shares, 876; war loans, $1400.

LONDON MONEY MARKET QUIET—DISCOUNT BRISK

(By Daily News Leased Wire.)

LONDON, March 16.—The money market was active today on account of the turnover in connection with purchases of treasury notes and war bonds which were offset by government disbursements. Discounts were quiet.

The stock market maintained its steadiness, notwithstanding the uncertainty of the foreign political situation. Gilt-edged stocks and home securities were lightly supported, Far eastern and Russian stocks made a better showing. Oils, tins and coppers were the best features.

GRAIN PRICES COLLAPSE BUT SHOW RALLY LATER

(By Daily News Leased Wire.)

CHICAGO, Ill., March 17.—Grain prices collapsed Saturday under a burden of annual spring liquidation, which chanced to catch the market bare of support. After extreme breaks of 5 to 6¼ cents, however, rallies ensued. Corn closed unsettled, ⅞ to 8¼ cents net lower, with March at $1.26⅞ and May at 1.23⅝. Oats finished 3⅝ to 4¼ cents down and provisions 22½ to 60 cents off.

PYTHIANS HONOR BOYS IN KHAKI

Unveil Honor Roll at Greenwood Anniversary—Lieut. Matthews Gets Presentation.

(Special to The Daily News.)

GREENWOOD, B. C., March 16.—The 54th anniversary of the founding of the Pythian order marked the ceremony of unveiling the honor roll of 18 members who have gone to fight for the Empire. The ceremony was attended by the members of the lodge, and by invitation, the friends and relatives of those who have gone. The flag of the country was first unfurled, all rising and singing the national anthem.

The secretary read the names on the honor roll as follows: Lieut. O. R. Matthews, M. C.; G. Mario, J. Morrison, M. M.; J. Cameron, H. Parker, A. Champion, D. J. Murray, W. H. C. Bryant, J. H. Willcox, D. McLeod, F. Champion, G. Robinson, J. Haddield, D. P. Luxon, W. H. Bryan, E. Bidder, G. F. C. Ellis, S. J. Dunn.

The chancellor commander, G Hartland, ordered the master at arms, W. McLeod, to place the parchment on the wall of the castle hall, and with the point of the sword resting on the honor roll he made the following tribute:

"By order of the chancellor commander and in loving tribute to the gallant members of this lodge, who now bear arms for our country against the accumulated greed of the world, I place this honor roll upon these walls. May the Infinite protect them and bring them to us when they have served the cause of humanity and saved the world from the wanton of greed."

Guard of honor, Brothers W. Lakeland, A. Morrison; officers, C. C., G. Hartland; V. C., W. Spooner; P., G. Smith; M. of W., S. Storer; M. at A., D. McLeod; K. of R. and S., F. H. Axam.

Lieut. O. R. Matthews, a K. P., was presented with a gold charm.

Supper was served in the adjoining room, after which a concert was given.

United States federal mediators have already settled 300 strikes since the republic entered the war.

CHILD ACTORS DO SPLENDIDLY

Delight Big Cranbrook Audience With Clever Performance of Popular Pieces

(Special to The Daily News.)

CRANBROOK, B. C., March 17.—The auditorium was filled to capacity on Thursday evening, when the curtain rose on the opening scene of "Puss in Boots," presented by the younger pupils of King Edward school. The chaarcters were well represented by small boys and girls. Dick Spurway, a juvenile actor with quite a reputation, cleverly portrayed the part of "Puss." Betty Green made a charming "Princess;" Jack Brown, Kenneth Campbell and Gerald Lee took the parts of the three sons; Ella Fenwick and Catherine Freeman representing the "Ogre" and the "Lion." Eight country children and 10 kitten fairies completed the cast. Four songs were well rendered and the audience thoroughly appreciated the performance of the little ones.

The second part of the program was a shortened version of the "Taming of the Shrew" by the elder pupils. This was an ambitious undertaking for young people but every part was well taken and great credit is due, not only to the performers, but to Miss V. M. Cherrington, principal of the school, as nothing but the most efficient training could result in such finished production. Dorothy Holmes was an effective suitor as "Petruchio," and Norah Pownall very successfully portrayed "Katherine." Nancy Trail received well deserved applause for her acting as "Grumio," the other principal parts being taken by Daris Lee, Muriel Wallinger, Dick Spurway, Ella Fenwick, Kathleen Gray, Patricia McDermot and Joyce Hallamore. The speeches throughout were given in excellent style by all the characters.

A prominent feature of the entertainment were the dances. There were kitten and country dances by the little folks and a stately minuet by the older pupils. Patricia McDermot, in her Indian Charming dance, with excellent lighting and color effects, and in the hunting dance, added to her long list of successes, while Marguerite Caven charmed the audience with a ballet dance. These clever dancers are pupils of Mrs. C. Van Braam. During the intervals selections were rendered by the Cranbrook orchestra.

The Retail Merchants association met Friday evening when there was a large attendance and considerable business was transacted. The first move towards solution of the delivery problem will be taken shortly, when deliveries on Saturday evenings will be eliminated. J. P. Fink, chairman of the publicity section of food conservation committee, is distributing cards to the merchants, to secure information as to the extent to which they can cooperate by means of window displays, etc.

An excellent paper on "Cornish" was read by A. B. Smith at the meeting of the Poultry association Friday night. In accordance with a resolution to increase the directorate to nine, E. H. McPhee and E. H. Leaman were elected to the executive.

TRAIL SOCIETY DISCUSSES SABBATH DAY OBSERVANCE

(Special to The Daily News.)

TRAIL, B. C., March 16.—An interesting debate took place at the meeting of the Baptist Young People's union last evening on the subject "Should the Christian Sabbath Be Observed on Saturday or Sunday?" Robert J. Hughes took the affirmative, taking the stand that the old law was still binding on Christians, that the day had been changed on the authority of man and not of God, and that the commandment referred to the specific day, the seventh day, which should be observed. The negative was taken by Rev. James Black, who contended that the proper observance of the Sabbath was more in the spirit, rather than in the letter of the law, that certain verses in the New Testament seemed to point to the fact that the apostles had met for worship on the first day of the week, that the testimony of the early Christians was to the same effect, and laying particular stress on the words, "Old things are passed away, behold all things are become new." A short discussion followed, remarks being made by Rev. A. M. O'Donnell, Rev. Gordon Tanner and E. E. Groutage. The chair was occupied by the vice-president, James Webster.

HARROP IS TO HAVE THREE-DAY PACKING SCHOOL

(Special to The Daily News.)

HARROP, B. C., March 16.—Arrangements are being made for a three-day packing school to be held here shortly.

G. S. Harris will lecture here Monday on "Economic Hog Production"

At the monthly meeting of the Women's institute final arrangements were made for a whist drive and dance to be held early in April, the proceeds to benefit the Red Cross. A musical program was given at the close of the business, Mrs. Wilson, Mrs. Bartley, Mrs. Marshall, Miss Marshall, Miss Kane and Miss Ogilivie contributing. Owing to the death of her father, Archdeacon Mackarness of Oxford, England, Mrs. Hughes was unable to assist on the program.

Mr. and Mrs. A. Mackeroth and two children have returned to their home at Broadwater, B. C.

PARKBEG MERCHANT FACES CHARGE OF STEALING $1800

(By Daily News Leased Wire.)

REGINA, Sask., March 17.—Detective Sergeant Darwin, of the provincial police arrived in the city today with a merchant named McFayden from Parkbeg, Sask., who is charged with the misappropriation of $1800 belonging to the Saskatchewan Cooperative Elevator company.

THE TRIM LINES OF THE
New Spring Suits

MAKE THEM PARTICULARLY CHARMING

NEW ROSSLAND RECTOR ARRIVES

Rev. H. E. Wright Will Take Charge of St. Georges—Comes From Vernon.

(Special to The Daily News.)

ROSSLAND, B. C., March 16.—The Rev. H. E. Wright of Vernon arrived in the city last night with his family. Mr. Wright will be rector of St. Georges here.

Mr. and Mrs. H. Wright were visitors to the city Friday.

A. Maclaughlin of Trail is a visitor to the city today.

J. Schofield of Trail is in the city on business.

LONGBEACH HOME SCENE OF SOCIAL

HARROP, B. C., March 16.—A whist drive was given by Mrs. Crozier Bourke at her residence in Longbeach on Tuesday in aid of the prisoners of war fund of the Vernon branch of the Returned Soldiers Comforts association. The sum of $21.50 was realized. Mrs. Hallett won the woman's first prize, Mr. Wills of Harrop taking the men's. The evening was brought to a close with some excellent music. Miss Kane delighted her audience with some selections on the violincello and Mrs. Bagby of Willow Point sang very sweetly. Mrs. Horsfield gave some beautiful selections on the piano. A gold medalist of the Royal School of Music is not heard every day. Mrs. Bayly of Willow Point and Mr. Fowler of Nelson were the guests of Mrs. Crozier Bourke for the occasion.

GOPHER KILLING CONTEST PLANNED

Open to Grand Forks Boys and Girls—Prizes Awarded by Farmers' Institute.

(By Daily News Leased Wire.)

GRAND FORKS, B. C., March 17.—A gopher killing competition is being arranged by the Grand Forks Farmers' institute, and will be open to the boys and girls of the city. The provincial government has had numerous requests to put a bounty on the pests, and decided that the least expenditure and most effective way in which to handle the gophers was to offer $10 to every Farmers' institute which would put up a like amount. This the local institute decided to do and it has arranged to make the awards as follows: First, $8; second, $6; third, $4 and fourth, $2.

At the regular meeting of the Canadian Girls in Training an interesting lecture was given by Mrs. Anderson of Kettle valley on Armenian women and girls. This was followed by a paper and a practical demonstration of first aid bandaging. At the next meeting the girls will hold a mock parliament, when a compulsory food rationing bill will be brought before the "house."

In a recent judgment handed down by Mr. Justice Macdonald of Vancouver, Esther B. Perkins of Grand Forks was given leave to resume possession of some land which had been purchased from her by the International Securities company per B. B. Ralph. The total area of the land involved was 173 acres and the purchase price was $5080, of which $3500 had been paid to the plaintiff.

MONDAY, MARCH 18, 1918.

PLENTY OF TROUBLE FOR THE HUN IN THE EAST

Up to this time the invasion of Russia by German troops has been little but a march of triumph, but the statement that German troops in Finland are meeting with such resistance that they need further reinforcements suggests that the Hun has a great deal of trouble ahead of him in the Russian empire.

The Finns are not submitting; in fact, their resistance is growing. The Russians also, when they signed peace, made no secret of their intentions to drive out the Germans just as quickly as they could organize their forces for the purpose.

It is rather futile to make predictions, but the most probable course of developments in Russia appears to be that the German troops will be frequently harrassed by Russian bands and that the enemy's difficulties will tend to increase rather than decrease as time goes on. The kaiser is likely to find that a large amount of military energy will still be absorbed on the eastern front.

REPRISALS WILL SAVE BRITISH LIVES

When the British began reprisals against German towns for air raids on undefended places in Great Britain and France, they had only one purpose. That was to bring the enemy to the state of mind in which he would realize that to murder civilian men, women and children in the allied countries "did not pay."

Despatches suggest that that object is being accomplished. Swiss travelers report that people are fleeing from the Rhine provinces to central Germany and that opinion is growing against a continuation of German air raids.

The German has the typical barbarian viewpoint with regard to cruelties. He laughs and considers cruelty an excellent thing as long as he is practising it upon someone else without danger or harm to himself, but he begins to scream when his cruelty begins to react on him. When every German air raid against a British town is followed promptly by a British air raid of greater magnitude on a German town the Hun will soon be convinced that aircraft should be employed only for military operations.

THE WOODPILE COMING BACK INTO ITS OWN

Already a number of municipalities are preparing for a possible fuel shortage next winter. Carleton Place, Ont., is arranging for the purchase of at least 1000 cords of wood. Ottawa, too, is making similar preparations on a larger scale. Efforts are also being made to speed up the output of the coal mines in Canada. All these activities are receiving the endorsation and assistance of the commission of conservation, which considers them steps in the right direction. The narrow escape from a fuel catastrophe this year has shown, with startling clearness, the serious dependence of Canada on the United States for supplies of coal and the urgent necessity that exists for obtaining substitutes in central Canada, for the duration of the war at least.

Kootenay and Boundary has not yet suffered from lack of coal, but it is well to consider the possibility that there may be a shortage next fall. In this connection, the question of saving the millions of feet of first class fire wood which goes to waste down the rivers of the country during high water is worthy of attention.

Maximalists in Siberia have murdered 150 Japanese at Blagovieshtchensk, according to a despatch. How was the deed accomplished?—by forcing them to pronounce the name?

Presumably it is in line with the American government's efforts to reduce waste in the lobster palaces of New York that the Canadian government has started a movement to reduce waste in the lobster fisheries of Nova Scotia.

WHAT THE PRESS IS SAYING

Chance for Jobless Kaiser.

If the kaiser can induce the Russians to pay an indemnity of £800,000,000 one knows how he can make a living when he's kicked out of his present job. He can sell electric fans or artificial ice plants to the Esquimaux.—Buffalo Express.

THE AMERICANS AT CAMBRAI

(By Rifleman Patrick MacGill, Author of "The Great Push.")

A field kitchen stood at the gable end of the wooden shack. In it the company cooks were preparing supper for the American soldiers who had come back for a rest after their spell of work and fighting up by Cambrai. A wood fire was roaring under the dixies in the field kitchen and the water was bubbling merrily.

A number of soldiers were seated on the ground, some of them smoking cigarettes and pipes, a few chewing American plug. From a distance came the sound of a gramophone playing "Swanee River," and down the road leading to the camp came a company of men marching back from the labors of the day. The men quartered here were railway engineers, men whom London had seen when they paid a visit to England prior to their departure for France. Since then they had seen war and had given a good account of themselves when engaged on railway work up near Cambrai towards the end of last November. Night was falling and supper was being prepared when I came along to the party round the field kitchen. I went up to them and introduced myself.

"It was pretty hot up there at Cambrai, I'm telling you," said a sergeant when I made inquiries about the battle in which his platoon had taken part. "We were working three miles to rear of the front line when Hiney opened his barrage. That was at 7:15 on the morning of Nov. 30. We got orders to hike back, for there was not much good in staying there as we were unarmed, though we'd willingly have backed our fists against the German bayonets.

"Some of us had to stay behind, so we got into a dugout and waited to see what was going to take place. We took an oath that the Germans if they came along wouldn't get by where we were unless they went over our dead bodies. Some of the buys had shovels, others spades and a few picks. There was one fellow who had been taken prisoner by the Germans at the beginning of the war when he was serving in the French army. He escaped and came across to America, his native country. This soldier had no weapon but a clasp knife, but he swore he would cut his own throat before he would allow himself to be taken prisoner again.

"Well, the hell-fire barrage had hardly stopped before the Germans were at our dugout door. They came along damned quick. One guy in a grey uniform stuck his head through the door and the next minute the man with the clasp knife was at his throat. It was a quick despatch for that Hiney, for the steel got him in the breast and he went down almost without a word.

"Then we got into action with our spades and shovels and picks. There was one feller went for the Germans like a bull, swinging his spade over his shoulder and crashing them down. He got half a dozen of them down before he went to the ground himself with five bayonet wounds in his side.

"Well, what with our picks and shovels and clasp knives it was more than those Germans could do to get past us. You could hear nothing while the fight was on but groans and red language and the hough of spades crashing through the men in field gray. And in the end they turned and ran away—all that were left alive. Then we got our wounded in tow and carried them back as well as we were able.

"There was one fellow, an Irishman from New York, with a bayonet wound in his shoulder and another in his leg—a regular toughey—and he walked back and wouldn't allow anybody to help him. I went along with him to the dressing station. 'How are you, my man,' asked the doctor when he saw this fellow. 'I'm all right,' said the man, 'if it wasn't for that pair of boots that the quartermaster gave me the day before yesterday. They are too tight and hurt like the devil.'

"But the Germans are low down scum," continued the sergeant. "Some of our stretcher bearers took shelter in a dugout when the barrage was on, and they stayed low until the row was past. Then they came out, and not knowing that the Germans had passed they made their way to the road. As they were going along they found a British officer lying wounded on the ground. After having made a stretcher from a blanket, they carried the officer to a village that was near at hand. But this place was held by the Germans and the swine came out and shot the stretcher bearers. Then they surrounded the officer and asked him how many men were holding the ground further back. Of course he wouldn't tell them and they would have killed him if a party of his own men had not come to hand at that moment. The Germans got chased back.

"I saw a damned dirty trick played by Hiney as I was on the way back to the rear," said a man by the fire. "A Red Cross waggon passed us with two wounded men in it, and over our heads, barely a hundred yards up, a German airplane was flying. That damned Taube could see that it was wounded that were going back, for the Red Cross was a plain as day on the roof of the car. But for all that the Germans turned a machine gun on the car and one of the wounded men got hit twice."

An angry growl came from the men by the fire. 'I don't know what you think, men," said the sergeant. "But for myself, never again in this world, if I live fifty years after the war is over, will I give the hand of fellowship to a man or woman with German blood in their veins.

"I'm dashed sure that none of us will," said the crowd by the fire.

CROWDS THRONG HOTEL AT TEA

Daughters of the Empire Draw Big Crowd to Annual Affair Held in the Strathcona.

IRELAND'S GREEN IS EMBLEM

Proceeds Amount to Near $300 From Three Hours' Sale of Hand Made Articles.

Emblems of St. Patrick were here and there and everywhere about the spacious parlor of the Strahcona hotel Saturday afternoon when the I. O. D. E. held their annual tea. Tables were heavily laden with fancy articles of all kinds and the usual ever welcome home cooking and home made candy. From the opening of the tea at 2:30 until after 5:30, the Strathcona presented a busy scene as scores of customers awaited their turns at the tables and made their way through the crowd in attendance. The proceeds amounted to $293.35.

The tea tables were in charge of Mrs. Blackwood and Mrs. Gagnon. Mrs. Sutherland, Mrs. Cummins, Mrs. McQuarrie and Mrs. Hawthorne poured the tea while Mrs. McHardy, Mrs. Jarvis, Mrs. McCharles, Mrs. Pitchford, Mrs. Higginbotham, Mrs. Steeves, Mrs. Bennett, Mrs. Smyth, Mrs. Morrow, Mrs. Morrison, Mrs. Eyton and Mrs. Borden assisted.

Many in Charge.

At the fancy work tables were: Mrs. Hugh Robertson, Mrs. E. A. Crease and Mrs. W. O. Miller. The doll table was presided over by Mrs. Duncan McFarland and Mrs. Leslie Craufurd. The home cooking tables were in charge of Mrs. H. E. Dill, Mrs. Hodgson, Mrs. H. P. Thomas and Miss Cameron. Balloons were sold by Mrs. George F. Stevenson and Mrs. Biker. The drawing tables were conducted by Mrs. James O'Shea, Mrs. Malcolm Shaw, Mrs. D. Guthrie and Miss Lola Bennett, Miss Marguerite Crothers, Miss Tinks Irvine, Miss Effie Whitebread, Miss Mary Waldie, Miss Isabelle Blackwood, Miss Eulalie Gagnon and Miss Daphne Rooke.

Mrs. Biker was in charge of the drawing for the lunch cloth which was donated by Miss Cameron. It was won by Mrs. George Stevenson. The child's dress donated by Mrs. Malcolm Shaw was won by Mrs. D. Guthrie. The night dress donated by Mrs. Rust was won by Miss Phyllis Whitebread. The night dress donated by Mrs. W. O Miller was won by Mrs. H. D Mooney. The camisole donated by Mrs. James O'Shea was won by Mayor M. R. McQuarrie, while the bag donated by Mrs. A. L. McCulloch was won by Mrs. Robert Thomson.

Many Interesting Features.

One of the interesting and largely patronized features of the affair was the fortune telling booths. The "tellers" were Mrs. Bissett, Mrs. McKenzie and Miss McCallum.

Music by the orchestra helped materially in the success of the afternoon. The musicians were Fred L. Irvine, Miss Phyllis Whitebread, Miss Charlotte Armstrong, Miss Helen Hodgson and Ralph Forrester.

A vote of thanks was moved by Mrs. Shaw and unanimously passed by the members to Mr. and Mrs. Shore of the Strathcona for the use of the hotel. Thanks were extended to the orchestra, the Standard Furniture company, Fred Irvine, The Daily News and all of those who helped to make the afternoon a success.

NEW RUHBARB AT BUSY MART

First Appearance of Home Grown Vegetables Finds Ready Sale at 20 Cents a Pound.

Home grown rhubarb made its 1918 debut at the local mart Saturday. It sold for 20 cents a pound and found ready sale. Vegetables were active and the day proved a winner for local producers, everything being sold out before noon. Eggs took their weekly price drop of 5 cents and sold for 50 cents a dozen in small lots with another 5 cents off in case lots.

Practically all other prices remained steady. Butter sold at 50 to 55 cents and cream cheese brought 45 cents a pound. Cabbage was priced at 5 cents a pound and potatoes sold at $2 to $2.25 a sack.

Meats were nominal in price and found fair sale. Lamb was worth 25 to 30 cents a pound, veal brought 25 to 30 cents. Beef was marked 20 to 30 cents and pork carried a similar tag.

Potted plants were one of the new sellers. They sold at 15 cents each. Daffodils in bloom brought 40 cents for dozen lots.

AT THE THEATRES

"Ne'er Do Well" at Gem Wednesday.

"The Ne'er Do Well," Rex Beach's 10-reel photoplay special, which was advertised to run at the Gem theatre today and tomorrow, failed to arrive in town on Saturday night. On account of there being no trains from the west until Tuesday and not wishing to disappoint its patrons a second time the Gem management wishes to state that the picture will be shown on Wednesday and Thursday, with a matinee on Wednesday at 2 p. m. The same prices as previously announced will prevail.

Fortunately the Gem has been able to procure a picture for use Monday and Tuesday from Trail. This will be run at the usual prices.

"Good morning. I came to tune your piano."

"Piano? But I didn't send for you."

"No, madam, but the neighbors said I ought to call."

BRITAIN ACQUIRES WHOLE COTTON CROP OF EGYPT

(By Daily News Leased Wire.)

LONDON, March 17.—The British and Egyptian governments have de- Egyptian cotton crop beginning next August. A commission has been appointed to take control of the regulations.

A Classified Ad. will bring results.

Every boy wants to do something to help win the war

Now, boys, here is your chance.

Our Allies are in dire need of food

both for their own people and for the armies. Canadian farmers want to raise every pound of food the soil will yield.

But it takes plenty of work to plant, cultivate and harvest the grain and the roots. So Canada asks all loyal sturdy boys from

15 to 19 YEARS

inclusive to enroll in the Soldiers of the Soil to help raise the food so necessary to win the war.

Boys will be paid regular wages according to their ability and willingness to work.

Also every boy who gives three months of satisfactory service will be presented with a bronze

BADGE OF HONOUR

by the Government of the Dominion of Canada.

This *Badge* in after years will be proof that that boy did his bit for his country.

Every boy whether he hires out or works on his father's farm at home will be entitled to the medal if he works for three months.

See your High School Teacher, Scout Master or Y. M. C. A. Secretary and get the enrollment blank.

Enrolment begins on March 17, and will continue for a week.

Canada wants, at least, 25,000 boys to volunteer.

How about it boys?

The undersigned will receive sealed tenders up to noon of Saturday, March 23rd, 1918, for the purchase of the school building, known as the old Hume school building, and which is situated on Lot 27, Block 12 of Lot 96, Group 1, Kootenay District, Hume Addition, Map 284B.

S. S. JARVIS,
Acting Government Agent.
March 18th, 1918, Nelson, B.C.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. No more than 2560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the agent or sub-agent of the district of which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any agent or sub-agent of Dominion lands.

W. W. CORY,
Deputy Minister of the Interior.

CONSCIENTIOUS OBJECTORS IMPRISONED FOR TWO YEARS

(By Daily News Leased Wire)

WINNIPEG, March 17.—Four conscientious objectors, convicted on Friday at Minto barracks on a charge of insubordination were sent to the penitentiary for two years, each with hard labor. The men are Robert Clegg, Ralph Nash, Charles Matheson and Cedric Wainwright.

Clegg is an International Bible student, who laid charges of ill-treatment against officers in the Minto barracks recently.

Two old time Orillia business men, A. B. Perry and E. B. Alport, are retiring.

NERVOUS PROSTRATION

May be Overcome by Lydia E. Pinkham's Vegetable Compound — This Letter Proves It.

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my housework and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."—Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, backache, headaches, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

SPORT

PLAY FOR TITLE ON WEDNESDAY

First Game Between Vancouver and Toronto Will Be Staged Under N. H. L. Rules

(By Daily News Leased Wire.)

TORONTO, March 17.—This week Torontos, professional champions of the east, will meet Vancouver, western champions, in the first fixture for the Stanley cup, emblematic of the professional championship of the world. The first game will be played Wednesday, March 20, under N. H. L. rules. The second game will be played on Saturday, March 23, under Pacific Coast rules, which allow off-sides in the centre of the ice. The third game will be played Tuesday, March 26. The N. H. L. suggested Lou Marsh and Steve Vair as officials for the series. It looks as if Marsh and Micky Ion, the western official, will handle the games here. If there is a fourth game, President Calder of the N.H.L., will settle the details.

The chances are that Jack Adams and "Rusty" Crawford will be allowed to play, though they were signed after Feb. 1. They were signed legitimately and the western champions feel disposed to let them go ahead and play.

With Crawford and Adams, the Blue Shirts are a strong team and will take a lot of beating.

"Cyclone" Taylor, the leading corer of the western league, will be a big attraction in himself. Taylor is a speed marvel of the first water and is a clean player.

The players share in the first three games of the series only, and the fans can rest assured that they will try to get it over as soon as possible. Toronto fans will have a chance for the first time to see a real penalty system in professional fixtures.

HOCHELAGA RETAINS THE ART ROSS TROPHY

(By Daily News Leased Wire.)

MONTREAL, March 17—By Defeating McGill at the Jubilee ring here on Saturday night by a score of 7 to 3, Hochelaga, champions of the Montreal amateur hockey league, successfully defended the Art Ross trophy, for the second time attaining possession of it. Hochelaga won the trophy from the Sons of Ireland of Quebec, which club had held it for two years.

DEMPSEY'S BOUT WITH GUNBOAT SMITH POSTPONED

(By Daily News Leased Wire)

ATLANTA, Ga., March 17.—Because of a conflict of bouts by Jack Dempsey, his match with Gunboat Smith, which was to have been held March 25, has been postponed to an unannounced date. Local promoters said tonight that the bout might be held in April.

AUTHOR IS KILLED TRAIN HITS AUTO

Harry James Smith Meets Tragic Death—Was Collecting Sphagnum Moss for Red Cross.

(By Daily News Leased Wire.)

NEW WESTMINSTER, B. C., March 17.—Harry James Smith, of Berlin, Conn., author and playwright, and on a special mission in the Pacific northwest as a sphagnum moss collector for the American Red Cross, was killed at Murrayville, B. C., late last night when a train struck his automobile.

A. McPhee of Murrayville, driver of the car, was seriously injured.

Mr. Smith was touring this section of the country to obtain quantities of sphagnum moss to be used as medicinal dressing by the Red Cross.

DENMARK DENIES GERMANY HAS FORWARDED ULTIMATUM

(By Daily News Leased Wire.)

LONDON, March 17.—A Reuter despatch from Copenhagen says its is authoritatively denied that Germany has sent an ultimatum to Denmark demanding the liberation of the crew of the former Spanish steamer Igotz Mendi.

The Igotz Mendi was captured some time ago by the German sea raider Wolf and went ashore on the coast of Denmark, while trying to reach a German port with a German prize crew and prisoners on board. The prize crew were made prisoners by the Danish authorities and the steamer was declared to be Spanish property.

ARCHBISHOP OF TUAMA, IN IRELAND, IS DEAD

(By Daily News Leased Wire)

TUAMA, Ireland, March 17.—The Most Rev. John Healey, archbishop of Tuama, died yesterday. He had occupied this archbishopric since 1903.

VICTORIA GOVERNMENT IN AUSTRALIA DEFEATED

(By Daily News Leased Wire.)

MELBOURNE, March 17.—The government of the commonwealth of Victoria was defeated yesterday by a vote of 25 to 21 on a motion of the opposition protesting against reduction of war bonuses for railway men. The result was accepted as a vote of nonconfidence and the governor was advised to dissolve parliament.

RUSSIAN SHIP IN DISTRESS; STEAMERS GO TO RESCUE

A CANADIAN PORT, March 16—A Russian steamer was reported in distress off the Cape Breton coast today. In response to wireless calls for help, government steamers have been sent to the assistance of the vessel.

GAVE HER DELICATE CHILD VINOL

It Built Him Up and Made Him Strong

Newaygo, Mich.—"My little boy was in a delicate, weak, emaciated condition and had a cough so we had to keep him out of school for a year. Nothing seemed to help him until Vinol was recommended, and the change it made in him was remarkable. It has built him up and made him strong so his cough is almost entirely gone. We can not recommend Vinol too highly."—Mrs. E. N. Hanlon.

Mothers of weak, delicate, ailing children are asked to try this famous cod liver and iron tonic on our guarantee. Children love to take it.

BOMBER REVELS IN ROUTING HUNS

From Ypres to Somme, Isaac Patton Has Stormed German Trenches for Two Years

MUD AND RAIN CHECK DRIVE

"Whenever We Get a Chance We Let Fritz Have It Good and Strong," He Says

"I surely do like to get into Fritz's trench with a good bunch of the boys coming along behind me," says Isaac Patton in a letter to his father, J. P. Patton who is staying at the Queens hotel in the city. The soldier son has been in the trenches for over two years and as a bomber led many sanguinary attacks from Ypres to the Somme but always came out unscratched.

In speaking of his escapes at times when the odds were against him he describes an attack in which he threw bombs with one hand while he defended himself with an automatic in the other. During the raid he shot three Germans and got one or two more with bombs. "Whenever we get a chance we let Fritz have it good and strong. They can't hold out forever," is his cheery remark. "It is the mud and rain that hold us back more than anything else. Those who read the papers know more about the war than we do."

He hopes to be one of those who will get a furlough during the coming summer.

MAGISTRATE SUSPENDS SENTENCE; THEFT CHARGE

E. S. Hill and Charles Clifford were found guilty Saturday and allowed out on suspended sentence when they were arraigned before Magistrate C. A. Crease on a charge of having stolen property in their possession knowing it to have been stolen. The articles in question were a logging chain and a tongue, the property of the British Columbia, Limited, and were found in a second-hand store.

Charles Tribbett, a colored officer in the United States infantry, was fined $5 at Chicasaw, Okla., for refusing to travel in a "Jim Crow" car.

GEM

We have been fortunate in securing a very fine picture to fill the breach caused by the non-arrival of "The Ne'er DoWell," is an Alaskan picture entitled

The Spell OF THE Yukon

We are uncertain whether or not this picture has been in Nelson before, but the fact remains that it is a very good one, worthy of your patronage.

A ONE-REEL COMEDY
Completes the program.

We regret exceedingly the non-arrival of "The Ne'er Do Well," but can safely promise it will be here for Wednesday and Thursday.

PRAIRIE PIONEER IS DEAD IN CITY

N. G. McCallum, Aged 68, and Veteran of Northwest, Passes Away at City Home.

PROMINENT MEMBER OF I.O.O.F.

Leader of Oddfellows in Saskatchewan Will Be Buried in Family Plot at Yorkton.

N. G. McCallum, one of the early pioneers of the Northwest Territories, and for the last three years a resident of the city, died at his home on Anderson street yesterday afternoon. He was 68 years of age and leaves a widow and two daughters, Mrs. A. J. Dill of the city and Mrs. D. R. Anderson of Sintulata, Sask. The funeral service will be held in the city and the body will be shipped on Wednesday to Yorkton, Sask., for burial in the family plot.

Mr. McCallum was a native of Bruce county, Ontario. He came west when a young man and settled on the prairie, then designated as the Northwest Territories. For a time he farmed and at Moosomin was elected a member of the first school board and the first village council in the northwest. He became affiliated with the Massey-Harris company there and for some time represented that company in the eastern Saskatchewan district. Later he moved to Yorkton, where he received the appointment of homestead inspector. He remained there until three years ago when he came to Nelson. In Saskatchewan he was prominent in the I. O. O. F. and for some years was the head of the order in that province. His work in the Oddfellows' order brought him the request to act as representative for the prairie province at a convention in Tennessee, about two years ago. The burial service will be conducted under auspices of the local lodge of the I. O. O. F.

ARROW LAKES SERVICE RESUMES TOMORROW

Beginning tomorrow, the Arrow lakes service to the coast, via Robson will be resumed. The service will be maintained in the future running on Tuesdays, Thursdays and Saturdays. The service has been via Slocan lake on account of ice on the Arrow lakes.

Social and Personal

Sergt. Leonard McLeod Gould, on service overseas, has been awarded the Croix de Guerre de Belge for good work in Flanders, according to a recent announcement. Sergt Gould was a member of the staff of The Week in Victoria. He was known in East Kootenay as a citizen of Gateway and later of Baynes Lake, where he lived at the A. J. Joute home.

Miss Hazel Wallace of Rossland was a Saturday visitor in the city.

Mrs. Enfield has returned from a visit to the United States.

Mrs. George Turner has returned from a visit in the east.

Dr. W. H. Willson has returned from Work Point barracks, Victoria, where he has been for the past seven weeks taking an officers course. He has qualified as captain in the Canadian army medical corps.

Pte. D. Gallus of Fernie passed through the city Saturday on his way to the coast.

E. B. Stevens of Cranbrook was a guest at the Hume yesterday.

J. D. Moore of Creston was a week-end visitor in the city, a guest at the Hume.

R. C. Smith, Joseph Thomas and William Corbett of Trail were guests at the Grand Central while in the city Saturday.

William Jones of Cranbrook was a Nelson visitor over the weekend.

H. K. McInnes of Silverton stayed at the Nelson while in the city Saturday.

Thomas Melrose of Rossland was in the city Saturday. He stayed at the Madden.

Receipt of the following from citizens of Nelson is acknowledged by the officer in charge of the military sanitarium at Balfour: From Mrs. Meagher, a bundle of magazines; from the Wood-Vallance Hardware company, a bundle of magazines and papers and from Miss Nellie Balding, a bouquet of wax flowers.

Born, on March 17, at 316 Robson street, to Mr. and Mrs. John Tonkin of Ainsworth, a son.

In a travelogue of northern Italy, illustrated with lantern slides, Prof. Fox yesterday afternoon entertained at the Catholic hall an audience of city children with a simply told story of the historic scenes in the land of the Neopolitans. His strikingly interesting way of telling about the beauty and incidents found in historic Italy held the attention of the audience during the lecture, which lasted over two hours. The Catholic parish hall will be overtaxed, it is expected at the St. Patrick's entertainment this evening. Miss Violet Irving will render a song appropriate to the day and George F. Stevenson and J. Hughes will also contribute to the program. Half of the proceeds will go to the Red Cross.

ARREST IS WELCOME FOR RETURNING U. S. VISITOR; AWAITS TRIAL.

Eric Mything, who has been spending the last few weeks in the United States, was arrested by the city police shortly after his arrival in the city Friday and is now facing a charge of desertion. He says his home is in Swan Lake, Sask., and that his vocation is carpentering. Permission has been secured to prosecute under the Military Service act.

Lime & Sulphur Solution

Alberta and Saskatchewan are prosperous, and should be able to handle all of the No. 1 Apples we can produce in the 1918 season. No. 1 Apples can only be assured by the proper spraying.

DANISH VESSEL SUNK BY U-BOAT

Captain Made Prisoner—Promise to Tow Lifeboats But Leave Them to Their Fate

(By Daily News Leased Wire.)

LONDON, March 17.—The sinking outside the German danger zone two days ago by a German submarine of the Danish steamship Randelsborg, 1551 tons gross, is reported in an Exchange Telegraph company's despatch from Copenhagen. The captain was taken on board the submarine and entered a protest, but the German commander said that unless the ship was abandoned within five minutes she would be sunk with all hands.

The Germans seized all food on board, as well as other articles, and carried off the captain of the vessel. They promised to tow the boats to Norway, but instead of doing so left the men to their fate.

AMERICAN CASUALTY LIST HAS 49 NAMES

(By Daily News Leased Wire.)

WASHINGTON, March 17.—Forty-nine names appear on today's casualty list. Eight men died of wounds, one of accident, one was wounded severely and 39 were slightly wounded.

GERMANS INOCULATE ANIMALS WITH BACILLI

LONDON, March 17—Reuter's Limited learns that there is reason to believe the Germans are following practises of which they have been proved guilty elsewhere and are inoculating animals in Argentina with bacilli.

ON ALL HANDS WE ARE URGED TO CONSERVE, BUT PARTICULARLY IN MATTERS OF COAL AND FOOD SUPPLIES

This being the case, would it not be advisable to burn slabs and save coal. We have a large supply of Dry Slabs on hand and have reduced the price $1.00 per cord and now offer:
