POLICE ARREST PRINCES IN CONNECTION WITH EISNER'S DEATH

D. D. M'KENZIE TO BE LEADER OF OPPOSITION

North Cape Breton Member Chosen

APPOINTMENT TEMPORARY

Caucus Expresses Its Regret on Death of Laurier

(By Daily News Leased Wire.)

OTTAWA, Feb. 24.—D. D. Mackenzie, Liberal member for North Cape Breton, will be the recognized Liberal leader in the commons during the present session. This was decided at the Liberal caucus today after morning and afternoon sessions, the latter concluding at 6 o'clock this evening. A resolution adopted by the caucus and given out later makes it clear that it is not the intention of he Liberals to name a permanent leader until a national convention is held, the same to be called at the earliest possible date.

It was also affirmed that the arrangements for the national convention would be made by a committee to be appointed by the parliamentary Liberal party.

The prediction that a committee of management would be named under the chairmanship of J. A. Robb, chief Liberal whip, was verified by the official announcement. The committee will be associated with the house leader in the preparation and management of the party's work in parliament.

Official Report.

The official statement covering the proceedings of the caucus given out this evening follows:

"Under the chairmanship of W. H. White, M. P., Victoria, the first caucus of the season was held by Liberal parliamentary party leaders. There was a full attendance of members and senators and the utmost harmony prevailed. A resolution relating to the death of Sir Wilfrid Laurier was proposed by D. D. Mackenzie, and unanimously adopted in these terms:

"'The parliamentary Liberal party, in caucus assembled, deems it to be the first official duty to express, as it does by this resolution, its sense of the irreparable loss it has sustained through the death of its beloved and distinguished leader, the Right Hon. Sir Wilfrid Laurier, P. C., C. C. M. G.

"'Though deprived of Sir Wilfrid's wise and courageous leadership at a critical time in the life of the nation, his followers are consoled by the knowledge that his stainless character, his long and brilliant career as a member of parliament; his unselfish devotion of all his great talents to duty; his fearless advocacy of the right of people of lifelong adherence to the ideal of Canadian national unity, constitute a heritage as precious as the principles of Liberalism itself, and that, both now in the years to come, this heritage will serve as inspiring example for those upon whom will devolve the task of guiding and pressing forward the work of the Liberal party of Canada.

"By Liberals, Sir Wilfrid was revered and followed in life as he is mourned and honored in death, and the members of the party here assembled avail themselves of this opportunity to convey to Lady Laurier an assurance of their deep and abiding sympathy in her universally deplored bereavement.

Choice to Convention.

"After a full discussion it was further it was further unanimously resolved that in the opinion of this caucus that the choice of a permanent leader should be left to a convention of the Liberal party of Canada to be called at the earliest possible date; and that the details of such convention, including the representation here, be arranged by a committee to be appointed by the parliamentary Liberal party.

'Amid much enthusiasm, it was unanimously resolved that until the convention already provided for be convened D. D. Mackenzie be the recognized leader in the house of commons.

"To assist in the preparation and management of the party's work in parliament, a committee was appointed of which J. A. Robb, M. P., the chief Liberal whip, was selected as chairman.

"After addresses by the new leader and several of the members and senators present, the caucus adjourned."

Used Rope, Knife and Hatchet to End His Life

(By Daily News Leased Wire.)

PORT ARTHUR, Ont., Feb. 24.—Victor Tuomolo, a foreigner, aged 37, employed on the Canadian Northern railway near Antikoken, went into the woods yesterday and hanged himself to a tree. The rope broke. With a knife he slashed his throat, but could not find the jugular vein.

Then he got a sharp hand hatchet and hit himself two blows in the face. The first severed the nose and the second made a deep cut in the forehead. When found he was bleeding profusely, but not dead, and was put on a train for Port Arthur. He died from loss of blood before reaching here.

SEAMEN'S LAWS ARE DISCUSSED AT MEETING

(By Daily News Leased Wire.)

LONDON, Feb. 24.—Discussion of various seamen's laws took up most of the first day's session of the international seafarers' conference which opened here yesterday.

The debate was prompted by a suggestion of Andrew Furuseth, of the United States, who urged in a paper read at the opening of the conference, that the new American seamen's law be adopted in all countries.

The French delegation said it could not agree that the American law was best, while the English and Swedish delegates sa wfaults in it.

Representatives of England, France, United States, Sweden, Belgium, Norway, Denmark and Finland were present. It was announced that the Dutch delegates declined to attend as the conference was not open to the Central powers. The Italians will arrive later in the week while the Spaniards are held up by passport difficulties.

CHOW SUE YUN OF COAST ARRESTED BY POLICE

(By Daily News Leased Wire.)

VANCOUVER, Feb. 24.—Following the arrest Sunday of Chow Sue Yun, prominent Chinese resident of Victoria and editor of the New Republic on a warrant charging the oriental with being a member of an unlawful organization under the federal order-in-council, San Chit Chung, Yip Mow, Lou Lee Kwan and Gan Y. Gee, four well-known Chinese, gave themselves up to the police late this afternoon and were charged under the War Emergencies act. They were later allowed temporary freedom on $5000 bail bonds each.

Chow Sue Yun was in Nelson last summer on business, it was said, in connection with the Chinese National league.

10,000 UNEMPLOYED TO GIVE DEMONSTRATION

TORONTO, Feb. 24.Ten thousand of the city's workers at present unemployed, are being called out by the executive committees of the Toronto districts of the Trades and Labor council and the building trades league on Wednesday, March 5, to hold a monster demonstration of protest in front of the parliament buildings in Queen's park. The purpose of the massed protest is to demonstrate to the government the acuteness of the situation in the city and urge upon the cabinet and parliament the necessity of immediate action upon the public works, which the government has announced its intention of commencing.

PRISONERS SAW THROUGH IRON BARS TO FREEDOM

(By Daily News Leased Wire.)

BRANTFORD, Ont., Feb. 24.—By sawing through two one-half inch bars in their cell door and five window bars of an inch square, two prisoners made their escape from Simcoe jail early this morning.

The men who made their escape are William Flock, sentenced to three years in Kingston penitentiary, and Frank Sutton, sentenced to 18 months at Burwash Farm, both for a series of thefts.

FORMER KING AND QUEEN SIGN "HERR AND FRAU"

(By Daily News Leased Wire.)

BERNE, Feb. 24.—The former king and queen of Wurtemburg, in taking part in the recent election gave their names as Herr and Frau Wurtemburg, thus acknowledging the republic, according to a report reaching here from Tubingen. They appeared before the ballot box as plain citizens without an escort.

JULIAN STORY DEAD.

PHILADELPHIA, Feb. 24.—Julian Story, the artist, died in a hospital here yesterday. He had been ill many months.

Mr. Story was in his 82nd year.

UNREST IN BADEN

People Raid Castle, Burn Archives, Mourn for Eisner and Proclaim a Republic.

(By Daily News Leased Wire.)

PARIS, Feb. 24.—(Havas Agency)—Following a meeting at Mannheim, called in honor of the memory of Kurt Eisner, the republic of Baden was proclaimed, says a Havas agency dispatch. The people opened the gates of the military prison and liberated men in prison and then raided the castle and burned the archives.

ALBERTA HOUSE DEBATE CENTERS ON 2 MEASURES

(By Daily News Leased Wire.)

EDMONTON, Feb. 4.—Practically all the debate in the legislature today centered about two of the proposed measures of the government, the amendment to the Dower act and the bills to establish the provincial employment bureaus, the former being explained by Hon. J. R. Boyle, and the latter by Premier Stewart.

The bills respecting employment offices are in reality two in number; one respecting the establishment of the bureaus and the other making it unlawfl four any private employment agencies to do business in the province. Each of the bills, it was explained, is practically a federal measure, framed to meet the co-ordinated policy of the joint employment bureaus in all the provinces. However, Premier Stewart stated that he was emphatically opposed to putting the private employment offices out of business until such time at least as the government bureaus have proved their capacity and ability to meet immediate demands of the labor situation. And for the present he thought that all employment channels available would be required to meet the provincial conditions.

URGES STATE HEALTH INSURANCE IN PROVINCE

(By Daily News Leased Wire.)

VICTORIA, B. C., Feb. 24.—A strong plea for the inauguration of a state health insurance in British Columbia was made today in the legislature when Major J. W. McIntosh of Vancouver, presented a resolution asking the house to resolve itself into a committee to consider the question. The workmen's compensation measure, he understood, had proved at success, but he saw no logical reason why the legislature should stop at that.

SULZER IS CONCEDED DELEGATE TO CONGRESS

(By Daily News Leased Wire.)

JUNEAU, Alaska, Feb. 24.—With returns from every precinct in the territory of Alaska complete tonight, the election of Charles A. Sulzer, Democrat, as delegate to congress to succeed James Wickersham, Republican incumbent, is assured unless the election is contested. The final returns of only 33 votes reached here today, nearly four months after the election of last November 5.

WORKERS IN 85 SHOE FACTORIES ON STRIKE

(By Daily News Leased Wire.)

NEW YORK, Feb. 24.—A strike of the employees in eighty-five shoe factories in New York city, having a combined daily output of 50,000 pair of shoes, began today, according to Raymond P. Morse, chairman of the labor board of shoe manufacturers. Fifteen thousand employees are affected by the strike, Mr. Morse said, although only 4,000 belong to the union which is demanding a 40 per cent increase in wages.

U. S. TO SETTLE ANY MEXICAN PROBLEMS

(By Daily News Leased Wire.)

PARIS, Feb. 24.—That Mexican problems already have been the subject of formal discussions between the delegates of the peaec conference and that Great Britain and France have indicated a willingness to leave to the United States adjustment of all questions in Mexico, in which their nations are interested, was revealed by the publication in Paris newspapers of the announcement of the formation of an international committee of bankers to protect the holders of Mexican securities.

JOHN J. HARTY DIES IN LONDON, ENGLAND

(By Daily News Leased Wire.)

OTTAWA, Feb. 24.—Cable advices have been received in Ottawa of the death in London, England, of John J. Harty, president of the Canadian Locomotive works, Kingston. Mr. Harty was in London on business.

BERLIN, Feb. 23.—(Associated Press)—Spartacans are in possession of the telegraph office in Baden and the railway traffic in that state has been suspended, according to a dispatch from Karlsruhe to the Lokal Anzeiger.

OLD AGE BILL IS OUTLINED

McLean Tells Legislature How Proposed Legislation Works Out—Four Per Cent of Salary.

(By Daily News Leased Wire.)

VICTORIA, B. C., Feb. 24.—Hon. J. D. McLean, provincial secretary, outlined the intent and scope of the superannuation bill in the legislature today. The government was taking the position that after a civil servant has spent years in the provincial service he was not fitted at an advanced age to take up new employment, so that at the retiring age of 65 he should find some provision made for him. To insure this the civil servant was to contribute 4 per cent of his salary and the government would place an equal amount to his credit and would pay interest at the rate of 5 per cent compounded on the total.

Three plans would be open to the civil servant. First, he may take the whole amount to his credit in the superannuation fund and when he dies his allowances ceases. Secondly, he could take a monthly allowance during his own and the lifetime of his wife; thirdly, he could arrange whereby the amount he had paid in together with the government's contribution, may be paid to him for his lifetime and the balance go to his legal representatives. Under whatever plan adopted the civil servant would get back what he had paid in plus interest except where he resigned without notice, in which case he might lose his interest.

Today a deputation of civil servants waited on the provincial executive and suggested it was desirable the superannuation bill should be tabled until next session so that the matter could be fully investigated by the civil servants themselves. In the will it was not considered adequate protection was given to the older members of the servants themselves. In the bill it the bill would be passed this session.

WOMEN CAN SIT IN ONTARIO HOUSE

Government Decides to Bring Down Legislation Extending to Women Right to Occupy Seats.

(By Daily News Leased Wire.)

TORONTO, Feb. 24.—The Ontario legislature is to open its doors to women. The Ontario government, it is understood, has decided to bring down legislation this session extending to women the right to occupy seats in the legislative assembly and the speech from the throne to be read in the house at the formal opening tomorrow will probably make reference to the intention of the government.

In connection wth the extension of the right to sit in the legislature, legislation will probably be introduced giving women the right to hold municipal office on the same basis as men.

The speech from the throne will refer to the conclusion of a victorious peace and emphasize the duty that rests upon all citizens of the province in reconstruction. Announcement will be made of the immediate introduction of housing legislation. Legislation will also be foreshadowed in connection with the loan commission wth the taking over of the dispensing of liquor in the province and the extension of the time fixed for taking a vote of the people upon the continuance of the existing temperance legislation.

Special reference will be made in the speech to the plans of the government in connection with the prosecution of public works, which will furnish employment to thousands of workmen, the construction of highways and public buildings, hydro-electric and railway extension.

Reference will probably be made to the investigation of the mothers allowance and legislation is foreshadowed.

GEORGE GLYNNS, 70 YEARS OLD, DIES IN GALT

(By Daily News Leased Wire.)

WINNIPEG, Feb. 24.—Word reached Winnipeg today of the death at Galt, Ont., of George Glynns, one of the country's best known citizens, prominent in business circles for years, following a prolonged illness. His chief interests were in real estate.

He was the first mayor of Marris, Man., ad was instrumental in having the reserve south of that town opened for settlement. He was born in 1849.

STORM DELAYS TRAINS.

(By Daily News Leased Wire.)

CALGARY, Feb. 24.—The heavy snows of yesterday west of here made train No. 2 from Vancouver more than 9 hours late. It was due at 1:15 p. m. Monday and did not arrive here until around 11 o'clock tonight.

NATIONAL ASSEMBLY TO TALK ABOUT ARMY

(By Daily News Leased Wire.)

WAIMAR, Feb. 23.—(By the Associated Press)—The future of the German army will be discussed when the German national assembly meets on Monday.

When the discussion is concluded the revised draft of the German constitution will be introduced by Minister Preuss.

NEED NOT FEAR THE BOLSHEVIK

World Campaign Would Not Be Effective Where People Are Not Oppressed, Says Bullard

(By Daily News Leased Wire.)

SEATTLE, Wash., Feb. 24.—"People of America or any other real democracy need have no fear of the Bolsheviki campaign being waged throughout the world," said Arthur Bullard, a representative of the United Bureau of Public Information, hollowing his arrival here today from Vladivostok. Bullard is en route to Washington.

"Bolshevism," he continued, "can never thrive except in a state where the people are pitifully oppressed and where the masses have no other hope of righting their wrongs.' '

Bullard upheld the testimony of John Reed, writer and Socialist, given before the senate committee investigating lawless propaganda in this country that there had been no massacres in Moscow during Reed's stay there.

SIR BERTRAM LIMA PASSES AWAY

(By Daily News Leased Wire.)

LONDON, Feb. 24.—Sir Bertram Lima, chairman of the Champ Publishing company, and the London Daily Mirror, died in London today of influenza.

Sir Bertram Lima was a captain in the Canadian army. In addition to the Daily Mirror he controlled the Sunday Pictorial, the Glasgow Daily Record and Leeds Mercury.

AUTO THIEVES GET LONG TERMS AT 'PEG

(By Daily News Leased Wire.)

WINNIPEG, Feb. 24.—The last of the gang of automobile thieves who operated in Winnipeg last summer, were disposed of today when three alleged ringleaders, G. Michelus, William Schultz and Ben Bloom, were sentenced to six and a half years, seven and a half years and seven years, respectively.

PASSAGE TO CANADA MAY BE RECOVERED

(By Daily News Leased Wire.)

LONDON, Feb. 24.—Canadian Associated Press)—Canadian headquarters announce applications for recovery of the cost of passage to Canada of dependents of soldiers who sailed between November and January, must be made to the militia department at Ottawa.

MORE SOLDIERS GET D. C. M. FROM KING

(By Daily News Leased Wire.)

LONDON, Feb. 24.—The following soldiers have been decorated with the Distinguished Conduct Medal at Buckingham palace by King George:

Colonels Walter Morehouse and John Reid; Majors Maurice Burbank, John Craig, Leonard Outerbridge; Captains E. A. Allen, Hector Kennedy.

The Military Cross and bar were given by the King to Captain Alfred Batchellor, Captain Hugh Brayfield and Lieut. Reginald Gale.

BEAVERBROOK TO VISIT.

(By Daily News Leased Wire.)

LONDON, Feb. 24.—(Canadian Associated Press)—It is understood that Lord Beaverbrook will pay a visit to Canada as soon as he is convalescent, which is expected to be in about six weeks.

KING TO DECORATE BRITISH ARMY OFFICERS

(By Daily News Leased Wire.)

LONDON, Feb. 24.—Canadian Associated Press)—It is officially announced that the king wishes personally to invest all overseas officers who gain decorations before they proceed homeward.

MINE WORKERS DISCUSS CONSTITUTION CHANGES

CALGARY, Feb. 24.—District 18 United Mine Workers were engaged this afternoon in discussing changes in the constitution, which will be continued tomorrow. A resolution addressed to the Alberta legislature favoring the work of the chiropractors was concurred in by the committee and supported by the convention

SOCIALISTS JAIL MEMBERS OF ARISTOCRACY AS THEY TRY TO UNEARTH THE PLOT

Search Houses of Nobility--Take Leopold and Lower Dragnet for the Former Crown Prince In Endeavor to Bring to Justice Those Responsible for Killing of Premier

(By Daily News Leased Wire.)

BERLIN, Sunday, Feb. 23.—Large numbers of the members of the Bavarian aristocracy have been arrested on suspicion of having been connected with Count Arcovalley, who killed Premier Eisner, according to advices from Munich. The Socialist government continues to search the residences of members of the former royal house and of the nobility.

According to unconfirmed reports a list of conspirators was discovered at the home of Count Arcovalley.

A firmer Bavarian prince is said to have been among those arrested as a result of the discovery.

Pay Tribute to Dead.

The spot where Eisner was killed is banked high with flowers and wreaths and a large portrait of the dead premier has been set up there.

Enormous crowds thronged to the spot yesterday to pay silent honor to the slain leader.

The communists in Munich, despatches say, are dissatisfied with the decision of the Socialist commission to restore unity among the Socialist parties and have broken off relations with the Socialists.

The communists, it is added, intend to attempt to establish a dicatorship of the proletariat as a soviet republic. The Socialists have discontinued the wholesale distribution of arms to organized workmen, it having been discovered that the extreme radical elements and irresponsible individuals were obtaining weapons.

Prince Leopold Imprisoned.

GENEVA, Feb. 24.—Prince Leopold, former commander-in-chief of the German army on the Russian front, has been imprisoned at Munich, on suspicion of being one of the instigators of the murder of Premier Kurt Eisner.

A list of the persons to be assassinated by the reactionaries is said to have been found and it is asserted that it has been decided to take 20 hotages among the aristocracy. All the students in the university have been starched.

A provisional ministry has been constituted, consisting of nine members instead of eight.

Among the ministers is Professor Foerster, of the university of Munich. It is said the landtag will reassemble shortly, but outside of Munich.

The Berne committee of Bavarians has voted an annual pension of 10,000 marks for the widow of Eisner.

Search for Crown Prince.

PARIS, Feb. 24.—By the Associated Press)—Former Crown Prince Rupprecht of Bavaria, who was commander of the northern sector on the western front in the final stages of the war, is reported to have been at the head of a monarchial lot that resulted in the assassination of Premier Eisner. The ex-crown prince is being sought by the police. It is recalled that the last words of Rupprecht when he was leaving Belgian soil to escape into Holland were:

"I do not recognize the Bavarian republic. I renounce and abdicate nothing."

Socialist Government.

PARIS, Feb. 24.—A special despatch from Basel by the Havas agency today says ptrfect calm prevails in Munich and that order has been assured by the proletariat of all shades.

Tomorrow a congress of the federation meets which, under the auspices of the central council, is to form a new government purely of Socialists.

The despatch adds that the general strike ended this afternoon and that all the workmen will resume work tomorrow. They will, however, suspend their work Wednesday for the funeral of Kurt Eisner.

Six Persons Killed.

BASELI, Feb. 24.—Six persons were killed and 39 were arrested during the rioting Saturday at Augsberg, Bavaria, according to advices received here.

FIREMEN RESCUE 300 GIRLS AT PITTSBURG

(By Daily News Leased Wire.)

Pittsburg, Feb. 24.—More than three hundred girls were rescued by firemen, a score overcome by smoke and a dozen injured in a fire which last night destroyed the building occupied by Duff's Business college, in the heart of the business district. One girl, who fell from the arms of a fireman at a third floor window, was probably fatally injured. Of the 450 students in the school when the fire alarm was sounded shortly after three o'clock, only 100 girls and 50 boys were able to reach the street in safety before smoke and flames cut off the escape of 300 others. Trapped on the second and third floors, the remaining students were taken from windows or jumped into fire nets in the street below.

CLEMENCEAN IS IMPROVING EACH DAY

(By Daily News Leased Wire.)

PARIS, Feb. 24.—Premier Clemenceau did not see any visitors today except the usual calls by Stephen Pichon, foreign minister, General Mordacq of the war office and several who kept him informed concerning events transpiring at the peace conference and at the ministry of war.

M. Clemenceau's physicians tonight expressed pleasure at the manner in which the premier carried out their instructions yesterday and at their having been no act of indiscretion on the part of the "old tiger." It is thought that Premier Clemenceau will be able to resume his duties next Thursday.

FIRE AT OLDS.

(By Daily News Leased Wire.)

CALGARY, Feb. 24.—Fire did $50,000 damage at Olds today. The Olds Gazette suffered $4,000 loss. The business places east of the C. P. R. station were practically all destroyed.

LONDON, Feb. 24.—(Canadian Associated Press)—Lieut. Thomas M. Duncan of a Quebec regiment has been cashiered.

DAWSON QUITS TIMES.

(By Daily News Leased Wire.)

LONDON, Feb. 24—Geoffrey Dawson has resigned at editor of the Times, a post he has held since 1912. Mr. Dawson gives as his reason for relinquishing the editorship that Lord Northcliff had been constantly dissatisfied with the policy of the Times, on the ground that it differed with his own expressions of opinion in other newspapers.

The letter was addressed to John Walter, chairman of the Times Publishing ocmpany.

Lord Northcliffe holds a preponderance of the shares in the Times company.

H. Wickham Steed, who had been foreign editor of the Times for several years, will succeed Mr. Dawson.

Mr. Steed has been associated with Lord Northcliffe during the war, in Lord Northcliffe's propaganda work in enemy countries.

VOCATIONAL SCHOOL TROUBLE IS OVER

(By Daily News Leased Wire.)

WINNIPEG, Feb. 24,—"Everything is settled. Pay and allowance very generous," was the telegram received Monday night by H. J. Mansfield, president of the vocational student's association, from H. E. Headleigh, the student's member of the delegation that waited on the government at Ottawa, in regard to the trouble at the vocational training school.

PENSIONS TO SOLDIERS TO BE EXEMPT TAXATION

(By Daily News Leased Wire.)

WINNIPEG, Feb. 24.—Pensions to soldiers and sailors, whether Canadian or imperial, are to be exempt from taxation under the cities' income tax law, which it is expected will be in force during the present year.

Another important item to be decided at the special session of the council this afternoon and evening was that the first returns on income shall be made next June, thus bringing 1919 incomes under taxation. In future years the returns will be required by Feb. 28.

SUTHERLAND BACK FROM FRANCE

Has Been Three Years in Service—Came Through Big Engagements Unscathed

Pte. J. J. Sutherland returned to Nelson last night after being overseas for nearly three years. He was formerly a locomotive engineer on the C. P. R. and enlisted in the 1st Pioneers. He was in the battles of Ypres, Paschendale, Arras and others, and came through these engagements without a scratch.

He reports a good trip and states that he was well treated. He intends leaving for the coast about March 1 to get his discharge.

BROSSEAU WINS

(By Daily News Leased Wire.)

MONTREAL, Feb. 24—Although Eugene Brosseau won his fight from Frank Loughrey of New York here last night, the bout was another of those features that will shortly spell the finish of boxing in Montreal.

INDIGESTION, GAS OR SOUR, UPSET STOMACH

Eat One Tablet!—Put Your Stomach in Order with Pape's Diapepsin.

No waiting! When your meals don't fit and you belch gas, acids and undigested food. When you feel indigestion pain, lumps of distress in stomach, heartburn or headache. Here is instant relief.

Just as soon as you eat a tablet of Pape's Diapepsin all the dyspepsia, *indigestion and stomach distress ends.* These pleasant, harmless tablets of Pape's Diapepsin always make sick upset stomachs feel fine at once and they cost so little at drug stores.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble, Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because *too much acid irritates* the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the *stomach acids. Instead* get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for *stomach purposes. It is used by thou*sands of people who enjoy their meals with no more fear of indigestion.

33

years ago an ulcer appeared on my ankle," writes Mrs. Jeffrey, of Methuen, Mass. "In spite of all the remedies I used, it spread to my knee, and developed into an open sore. I had medical treatment for twenty-five years, but only got temporary relief. The pain I suffered was terrible, and for years I was unable to leave the house.

"One day I saw in a newspaper *an account of a bad ulcer having* been cured by Zam-Buk. Although I was skeptical, now, of anything curing me—having tried so many remedies in vain—I decided to give Zam-Buk a trial. I applied the balm freely every day and to my delight the sore soon showed some improvement. Gradually the inflammation was drawn out, the pain was ended, and, after thirty years of suffering, I realized I was on the road to recovery. With perseverance, the awful sore was finally completely healed, and, although that was three years ago, there has not been the slightest trace of the ulcer returning."

Zam-Buk is the best remedy, also, for eczema, boils, pimples, blood-poisoning, piles, burns, scalds and cuts. All dealers, or Zam-Buk Co., Toronto, 50c. box, 3 for $1.25.

ANTHONY NIGG RETURNS HOME

Former Canadian Press Operator in Nelson, Who Has Been With the Colors, Is Back.

Anthony B. Nigg arrived in the city last night on his way to Cranbrook from overseas. From Cranbrook he will go on to Lewiston, Ida., where he will visit relatives.

Before enlisting in April, 1916, he was Canadian Press operator in the city. He joined the signal corps in 1916 and at the battle of Vimy Ridge was with the 1st Brigade, signal section.

Anthony B. Nigg, former Canadian Press telegraph operator in Nelson, who arrived from overseas last night.

With him last night was E. Grindrod, who has also returned from overseas. He was also a Canadian Press telegraph operator before enlisting with the 47th Battalion at Vancouver.

He has been wounded twice, once at the battle of Vimy Ridge and the second time at the battle of Marlcourt. He came through the battle of Passchendael safely.

He is on his way to Cranbrook, where he will work for the Canadian Pacific railway.

4000 CRY "FAKE" AT SLECHER-ZYBYSSYKO MATCH

(By Daily News Leased Wire.)

SIOUX CITY, Iowa, Feb. 24.—Four thousand mat fans stood in their seats at the conclusion of the Joe Stetcher and Wladek Zybyszko wrestling match here tonight and cried "fake". A draw was the decision of the referee.

The bout had been advertised as a finish match, and when it was called a draw at the end of two hours, a near riot followed.

Zybyszko appeared to have the advantage throughout the match.

PRINC RUPERT FORMS PLANS FOR A MEMORIAL BUILDING

PRINCE RUPERT—Prince Rupert's memorial to the local and district men who went overseas during the great war is to take the form of a building which will be of service to all returned men, as well as being of value to the community as a whole.

This decision was reached at a meeting over which Judge F. McB. Young presided. A committee of citizens apd ex-soldiers wil ltake up the question of the general type and scope of the proposed memorial. It is hoped that $100,00 will be raised by public subscription for the building, which will be erected on a choice site granted by the city, extending about 200 feet deep on Fulton street, convenient to Third avenue and affording a splendid view.

It is proposed that the building shall contain quarters for returned men, a billiard room, swimming pool, concert hall, club room and library.

THREE AUTO ACCIDENTS IN NANAIMO IN ONE DAY

NANAIMO.—Three motor accidents occurred in one day i this city, none of them, fortunately causing loss of life. In the afternoon at the crossing of Wentworth and Selby streets the Newcastle hotel's bus collided with a bicycle driven by a boy, who was thrown off and his machine badly buckled. The boy escaped serious injury, though the wheel of the car passed over his body.

The other two acicdents occurred on Commercial street. In the afternoon a Ford driven by a young lady was crowded into one of Pat Burns' delivery trucks, both cars being more or less damaged, and a taxi driver in attempting to avoid running down a pedestrian, crashed into the north plate glass window in Fletcher's music store, demolishing the pane and damaging the car.

PROTECT BOOZE BUYERS, AMERICAN SUGGESTS

NEW YORK—Who shall determine it, and what shall be the price of bootleg whiskey in a dry state?

The National Model License League, whose stationery blandly indicates it to be an instituton of the state famed for ts blue grass and bourbon—wth headquarters n Louisville—raises the question and demands an answer.

The league has sent out clippings purporting to be from the Nashville Tennesseean of January 6, touching on the activities of one Mart Rice, a one time prison warden, in behalf of the interest of those Tennesseeans who will have their likker.

The Model License League sends out the clipping without comment, except for the observation to Tennessee has been supposed to be bone dry for ten years. This is it:

"A bill to regulate the price of bootleg whiskey has been proposed to several members of the legislature by Mart Rice, former warden at the state prison, as a timely and needed piece of legislation.

"Bootleg liquor is being sold here at $10 a quart, according to Mr. Rice, which is highly exorbitant and entirely out of reason. He contends that as long as liquor is being sold, the legislature should take some steps to protect those who buy it from being robbed by the bootleggers."

TRENCH SCENES IN THE PLAY

Balfour Boys Say They Have a Whole Basketful of Fun in That Rhine Sketch.

No doubt a great many people are wondering how the Canadian Tommy spends his leisure hours while a guest of the German government on the banks of the Rhine. The question will be answered on Monday, March 3, at the Nelson opera house, when the Balfour Returned Soldiers' Dramatic society presents "A Quiet Day on the Rhine." The setting for this piece is unique in the way of trench scenes. It will depict a luxurious German officer's dugout with piano and all elaborate furnishings. A party of ubiquitous Tommies are in full possession and they proceed to make merry with laughter, jest and song. This is only a part of the excellent program that the Balfour boys are preparing for the approval of the Nelson theatre-going public. Seats for this performance are now on sale at the City Drug Store, where also the plan of the house may be seen. Also Mrs. Guthrie is using her energy in disposing of tickets, so that a bumper house is assured.

GREAT FALLS MEN ARE KILLED AT GILMAN

GREAT FALLS, Mont.—Harley *Hooker and George Hosier, both of this* city, were instantly killed at Gilman, a Great Northern point fifty miles west of this city late today when a freight train backed into an automobile in which they were two of six occupants. *The other members of the party,* Jack Humphrey, P. C. Hibbard, E .L. Carver and O. J. Coleman, escaped unhurt. The automobile was one of half a dozen machines carrying some of the prominent Masons from this city to *Augusta, where a special meeting* was to be held for degree work and the members of the party were all members of the order. The victims of the accident were both badly mangled, it is reported. An inquest will be held to *determine the blame for the tragedy.*

O'CEALLIGH PRESENTS HIMSELF AS FROM IRISH REPUBLIC

(By Daily News Leased Wire.)

PARIS ,Feb. 24.—Dean O'Ceallligh (J. T. O'Kelly) M. P., for College Green, Dublin, presented himself to the conference today as the accredited envoy of the provisional government of the Irish republic.

O'Ceallligh has sent a letter to Premier Clemenceau to Paul Dutasta, secretary general of the peace conference, and to each delegat, in which he brings to their notice the claim of his government, in the name of the Irish nation, for international recognizance of the independence of Ireland and for the admission of Ireland as a constituent member of the league of nations.

COMPULSORY EDUCATION IN MILD FOR MIN QUEBEC

(By Daily News Leased Wire.)

QUEBEC, Feb. 24.—What is considered practically a law of compulsory education in a limited degree is embodied in a bill amending the Quebec industrial establishment act relative to child labor, which was presented in the assembly today by Hon. L. A. Tachereau, minister of labor. The measure is intended to reach the children up to the age of 14 years, such as those employed in hotels, office boys, or messengers, news vendors, children in any industrial establishment or in any employment whatever.

It will be required of such children to produce a certificate from school teachers showing that they have completed the necessary course of studies before leaving school. At the present time such certificates are not exacted from children over 14 years of age.

You Can't Brush or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning most, if not all, of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

Voucher System Is Essential Part of Modern Business Methods

Practically every large business firm in the country and the great *majority of the smaller* concerns use the voucher system of bookkeeping. It is the safest and most satisfactory method that has been devised. It has stood the test of the most exacting conditions.

NELSON, B. C.

WORKING MEN WANT BEER AND WINES

MONTREAL, Feb. 24—Working men to the number of 300 and 400 gathered at Sohmer park tonight and unanimously passed a resolution calling on the Dominion government to immediately rescind the order-in-council prohibiting the manufacture and importation of alcoholic beverages; also calling for the rescinding of prohibitory legislation enacted in the province of Quebec and the provision in its place of permission to manufacture and sell beer and light wines.

The principal speaker was Arthur Suave, *leader of the opposition* in the legislature, who argued against total prohibition on account of its tendency to militate against the interests of working men as contrasted with the ability of the riches classes to stock cellars in advance.

Other speakers also cited the example of England, where the premier has announced that more spirits will be released and the result of prohibition in the United States creating a "no beer, no work" movement was also brought up by them as an argument for Canada going ayn further in this direction.

LONDON CITY WILL ERECT $200,000 BUILDING

LONDON, Ont.—The announced purpose of the city council to apply to the legislature at the approaching session for the right to issue $200,000 debentures for the erection of a four-storey municipal office building at the corner of Dundas and Wellington streets, provoked a storm of protest today, and threats are being made to invoke the law *against the councillors. The* people have voted three times, twice during the war, in favor of a more pretentious scheme, that would perhaps run to a milion dollars. The father of the plan, known as the Federal square *scheme, is Lieut.-Col. William G.* Coles, who asserts that whille he is not a memebr of the city council since his return from the front, he is prepared to lead whatever forces will oppose the new aldermanic de*cision. The $200,000 hall, it is* claimed, will not be in keeping with London's ambitions or dignity. The councillors, however, are anxious to go ahead with a building order to provide more work for Londoners who may need employment on public works during the coming summer.

HALF FARE RATE FOR SOLDIERS TO CONTINUE

(By Daily News Leased Wire.)

KINGSTON, Ont., Feb. 24.—The request made by the army and navy association of Kingston to have the half-fare rate for soldiers continued to the end of the demobilization, has borne fruit, according to Mr. Neal, secretary of the Canadian railway war board. It has been arranged that the privilege whereby members of the Canadian expeditionary forces were granted round-trip tickets at single fare when subsiding at their homes, etc., upon production of a certificate that they were actually on the strength of the Caladian expeditionary force, which was cancelled at the end of last year, is to be restored until September 30, 1919.

WILL HURRY RETURN OF MUNITION WORKERS

(By Daily News Leased Wire.)

LONDON, Feb. 24.—(Canadian Associated Press)—It has been announced in parliament that all possible steps are being taken to expedite the return of Canadian munition workers. Two ships with accommodation for 1,900 will sail in March for Canada. This information is forthcoming through Will Crooks who asserts that 2,000 Canadians were brought here for munition work and have now been out of work the past two months.

ENDORSE OUST ALIENS RESOLUTION AT COAST

VANCOUVER, B. C., Feb. 24.—Hearty endorsation was given up to the resolution recently passed by the city council asking the Dominion government to take immediate steps for the deportation of all enemy aliens, by a large representative meeting of delegates from practically every public and semi-public body in the city. At a gathering held in the city hall this afternoon the only difference of opinion existing over the resolution was as to whether it should not be made to include Asiatics as well as enemy aliens. Upon Mayor Gale's explanation that another meeting was to be held Tuesday afternoon to deal with the question of Asiatic immigration alone, the original resolution as passed by the city council was unanimously endorsed.

FOOD BOARD REVOKES ORDERS

Eight Rulings Regarding the Licensing of Dealers Are Rescinded at the Capital.

(By Daily News Leased Wire.)

OTTAWA, Feb. 24.—The food board today issued an order revoking eight of its previous orders, licensing certain classes of dealers. These orders are:

1. Dated Dec. 13, 1917, regulating wholesale fruit and vegetable dealers.
6. Order of Dec. 2, 1917, wholesale fish merchants.
27. Order of April 1, 1918, general regulation of licenses.
36. Order April 30, 1918, wholesale flour and feed dealers.
38. May 7 (with amending orders numbers 48 and 59) packers, though in view of order-in-council the revocation here affects only those packers whose annual turnover is less than $50,000.
39. May 8, canners.
41. May 21, produce merchants.
54. July 19, regulating manufacturers using sugar, an order which became requisite by the unexpected shortage in the allied sugar supply.

QUARANTINE IS LIFTED AT SKAGWAY NOW

(By Daily News Leased Wire.)

DAWSON, Y. T., Feb. 24.—By arrangement by Governor Riggs of Alaska and Govern McKenzie of the Yukon Territory, the quarantine at Skagway against influenza, which has existed since last October, was lifted today on condition that ships entering the port of Skagway have a clean bill of health before the passengers are permitted to land, and that no one be allowed to land from infected ships unless detained for the usual period of disease incubation. Special precautions which have been exacted by the Yukon government has kept this territory free from the scourge up to the present. The port of Skagway, according to Governor Riggs, is now free from infectious disease and the travel ban to interior points has been lifted. Special attention is given to suspected cases that arrive at Carcross, Y.T., a large detention building being provided there for their care. Quarantine results on both the Alaskan and the Yukon sections have been attended with perfect results.

PACIFIC COAST TRADES COUNCIL FAVORS VOTE

(By Daily News Leased Wire.)

PORTLAND, Ore., Feb. 24.—The Pacific coast metal trades district council adjourned tonight, after adopting a resolution placing before the various local unions in its jurisdiction for immediate referendum vote a proposal for a coast-wide strike to begin April 1, upon expiration of the present Macy agreement in the shipyards.

DOMINION POLICE MAKE ARREST FOR BOOTLEGGING

MONTREAL, Feb. 24.—The first case under the recently passed order-in-council, giving the Dominion police the power to arrest alleged bootleggers came up before Judge Cushon today, when William McDonough, no address, was charged with selling liquor to soldiers. He pleaded not guilty and was remanded for the enquete, which will decide whether he is to be tried by courtmartial or not.

Capt. C. O. Jones of Windsor, Ont., is dead.

PRICES ADVANCE ON WALL STREET

Signs of a Restoration of Public Confidence Boosts Stock Values at New York

(By Daily News Leased Wire.)

NEW YORK, Feb. 24.—The most popular reasons assigned for the further general advance of prices in the stock markets yesterday, were the several indications of a restoration, in part at least, of public confidence.

This accession of outside interest seemed to be founded largely on the decision of the government to issue short term notes instead of a long term bond loan, better trade reports and other events which until recently obscured general financial and industrial conditions.

Apart from these developments, it has become increasingly evident that conservative as well as speculative interests have discounted many of the factors which contributed to the depression of the months immediately following the signing of the armistice.

Most of the stocks which forced last weeks' market to higher levels were again to the fore yesterday, notably rubbers, motors, oils, tobaccos and numerous equipments and specialties.

Of these, the outstanding features were Kelly-Springfield Tire, Goodrich, United States Rubber and General Motors at gross gains of 3 to 6 points. Mexican Petroleum jumped 3 points, the latter scoring most of its advance in the fianl hour, when prices in general were reacting 1 to 3 points.

The demand for rails was the most varied of any recent period. Canadian Pacific leading at a gain of 3⅜, also grangers and eastern issues rising 1 to 3 points.

The moderate reversal at the close was primarily due to the rise in call money to 7 per cent for mixed collateral.

Sales amounted to 900,000 shares, a record for this year. Liberty bonds were active and strong, foreign issues dull and the general railway and industrial list irregular.

Total sales, par value, aggregated $11,275,000.

Old United States bonds unchanged.

Closing Quotations

	High.	Low.	Close.
U.S. Steel common	95	94⅛	...
U. S. Steel pref. ...	114¼	114⅛	114¼

Utah Copper	68½	67⅛	67¾
Canadian Pacific ..	164	162	163¾

FEW FEATURES ON MARKET AT TORONTO

(By Daily News Leased Wire.)

TORONTO, Feb. 24.—Trading on the exchange today presented few features. Publication of the annual report of the Canadian Steamships company showing an increase in profits had a strengthening effect on the common stock. At 44½ a gain of 1½ points over last week was recorded, while the preferred was steady at 77¼.

F. N. Burt common advanced 3 points to 85 and 86 was bid for more. The stock sold as low as 72 last month.

Cement at 66, Canadian, General Electric at 103 and Brazilian at 52 were stationary.

Toronto Railway declined a point to 49¾. Barcelona was shaded 1⅛ at 10. Duluth was up a point at 29 and Nova Scotia Car preferred advanced 1½ to 32. Tucketts, at 29, was ¼ above Friday.

The 1913 issue practically monopolized dealings in the war loans and continued firm at from 102⅜ to 102¼.

MONTREAL PRODUCE

(By Daily News Leased Wire.)

MONTREAL, Feb. 24.—Potatoes active; cheese quiet. Quotations:

Cheese: Finest easterns, 24c to 25c.

Butter: Choicest creamery, 52½c to 53c.

Eggs: Selected, 45c; No, 1 stock, 40c.

Potatoes, car lots, per bag, $1.75.

She Tried Them and Found Satisfaction

WHAT MRS. McKAY SAYS OF DODD'S KIDNEY PILLS

Gives the Real Reason Why Dodd's Kidney Pills Continue to Grow in Popularity as a Kidney Remedy.

SALT SPRINGS, N.S., Feb. 24.—(Special.)—"I have found satisfaction in using Dodd's Kidney Pills, and I recommend them to all who suffer."

This is the statement of Mrs. Howard P. McKay, a well-known and highly-respected resident of this place. That statement goes straight to the point, even as Dodd's Kidney Pills go straight to the kidneys.

For Dodd's Kidney Pills are long past the experimental stage in Nova Scotia. For more than a quarter of a century they have been in use as a household remedy for kidney diseases and those other ills that come from sick kidneys.

Dodd's Kidney Pills have done just what Mrs. McKay says. They have given "satisfaction."

They have been used to treat rheumatism, sciatica, diabetes, dropsy, sore back, gravel, and other similar ills. That they continue to give satisfaction is evidenced by their ever-growing popularity.

If you haven't used Dodd's Kidney Pills, ask your neighbors about them.

At London, spot copper, £74 10s. Spelter, spot, £45.

LIVESTOCK MARKETS

(By Daily News Leased Wire.)

CHICAGO, Feb. 24.—Hogs: Receipts 61,000; market fully 10c lower than Saturday's average. Estimated tomorrow, 65,000; bulk of sales, $17.50 to $17.75.

Butchers, $17.55 to $18.80; light, $17.25 to $17.60; packing, $16.75 to $17.50; throwouts, $15.75 to $16.65; pigs, good to choise, $15.25 to $15.50.

Cattle: Receipts, 25,000; beef and butchers cattle and feeders, mostly 25c lower; calves and canners steady; estimated delivery tomorrow, 13,000.

Sheep: Receipts, 23,000; fat lambs, generally steady; sheep, yearlings and feeders, strong; estimated receipts tomorrow, 14,000.

Winnipeg

WINNIPEG, Feb. 24.—Receipts of livestock at the union stockyards today totalled 1250 cattle, 25 calves 1540 hogs and 79 sheep. Quotations:

Butcher steers, $9.50 to $14.50; heifers, $6.75 to $12; cows, $4 to $11; bulls, $5 to $8.50; oxen, $5.50 to $9.50; stockers and feeders, $6.75 to $11.50; veal calves, $5 to $12; sheep and lambs, $10 to $15. Hogs: Selects, $17; sows and heavies, $12.50 to $14; stags, $9.50 to $11; lights, $13.50 to $14.50.

CORN PRICES UP

(By Daily News Leased Wire.)

CHICAGO, Feb. 24.—Corn averaged higher in price yesterday owing chiefly to the scantiness of the crop movement and top reductions and unsettled weather. The market closed unsteady, 1c off to 1c up, with May $1.24¼ to $1.24⅜ and July $1.19¼ to $1.19⅝.

Oats finished ¼c down to a like advance.

Provisions gained 20c to 87c.

STRONGER TONE ON MART AT MONTREAL

(By Daily News Leased Wire.)

MONTREAL, Feb. 24.—There was a decidedly stronger tone to the market for sureties today. With the exception of the Riordan issues which reacted a point each, the paper stocks continued stronger. North American Pulp sold at a net gain of a small fraction to 4⅛.

Laurentide advanced to its previous best price of 209½, but reacted at the close 2 points to 209¼. Abitibi and Price Brothers were the most active stocks among the papers, the former making a net gain of 6¼ points to 60¼, with the close at the best, and closing bid at 60, the latter up 3 points on a 25-share sale to 170.

Brompton, Spanish River were quiet and unchanged.

The power stocks were stronger and relatively more active, Montreal making a net gain of ⅞, Shawinigan sold up ½ to 116 and Laurentide ½ to 67.

The steels made gains of ⅞ for Dominion at 61¾ and ⅜ for Canada at 61.

The textile group, with the exception of Canada Cottons, closed firm to 2 points higher.

Converters was up 1 point to 49; Textile common gained ¾ at 104. Penman's preferred gained 2 points at 86 and Wabasco was up 2 points at 62.

Steamships was strong, closing 1¾ up at 44¼, after selling at 44½. Macdonald closed 1¼ higher at 22¾. Tuckett's at 29 added ½ to its previous high of the year.

Bank of Toronto sold at 201, ex-dividend, equalling a net gain of 2 points. The bonds were irregular and not particularly active.

CALGARY MARKETS

(By Daily News Leased Wire.)

CALGARY, Alta., Feb. 24.—Wholesale prices:—Meats: Beef, No. 1 steers, hind quarters, 15c to 16c; front quarters, per pound, 11c to 12c; cow, hind quarters, 14c to 15c; front quarters, 9c to 10c; pork, light weight, per pound, 18c to 19c; mutton, ewes, fresh killed, 21c to 23c; wethers, per pound, 23c to 24c; veal, No. 1 light, per pound, 14c to 16c; heavy, per pound, 11c to 12c.

Produce: Butter, creamery, per pound, 49c to 50c; dairy, No. 1, per pound, 38c to 40c; dairy, No. 2, 36c to 37c; dairy, No. 3 25c to 28c. Eggs: Selected, new laid, case, $13 to $13.25; No. 1, case, $12.50 to $12.75.

Following the elimination of public school cadets in Brantford, the uniforms will be sold and the money used to buy good flags for the schools.

SETTLE STRIKE WHICH THREATENED TO BE SERIOUS

(By Daily News Leased Wire.)

WASHINGTON, Feb. 24.—All workmen on strike in the New York building workers strike and other sympathetic strikes were ordered back to work tonight under an agreement reached at a conference here between representatives of the building trades employees and unions and the secretaries of war and labor.

It was agreed that all matters in dispute would be placed before a conference committee composed of three men, selected by employers and three by the workmen. The men demanded an advance of one dollar to $6.50 a day.

Approximately 125,000 men were involved in the strike, which threatened to become nationwide.

60 MACHINISTS QUIT WORK IN ALBERTA

(By Daily News Leased Wire.)

EDMONTON, Feb. 24.—Sixty machinists and machinists helpers employed in the G. T. P. shops at Calder, struck at noon yesterday on account of alleged discrimination against two of their number. The men who walked out have appointed a committee to enlist the support of men on other parts of the system.

General locomotive foreman C. E. Stewart said last night that the committee did not recognize any discriminations.

"The men have broken their agreement under the Lemieux act," he declared.

NO DEFINITE PLANS ON SIBERIAN UNIT QUESTION

(Special to The Daily News.)

LONDON, Feb. 24.—(Reuter's)—C. B. Harmsworth, under-secretary for foreign affairs, replying to Col. J. C. Edgewood, in the British commons, saying he was unaware of alleged opposition of Canadian labor unions and farmers' leagues to sending Canadian troops to Russia to fight the Russian revolutionaries, but the government was in close touch with the Canadian government on the subject.

The whole matter of the utilization of Canadian troops at present in Siberia was under consideration but no statement could be made at present.

SENATE FAVORS BILLION DOLLAR WHEAT BILL

(By Daily News Leased Wire.)

WASHINGTON, Feb. 24.—The house bill appropriating $1,000,000,000 to maintain the government guaranteed price of $2.26 for the 1919 wheat crop was ordered favorably reported today by the senate agricultural committee.

A Frederickton, N. B. girl, Miss Mary Fraser, 17 years old, has been declared the leader of her class of more than 300 pupils at the Washington Irving High School, New York.

DOCTORS CONFER OVER PUBLIC HEALTH QUESTIONS

(By Daily News Leased Wire.)

OTTAWA, Feb. 24.—Plans for the proposed new development of public health were discussed at a conference in Ottawa yesterday morning between prominnt medical men and J. H. Keefer, M. P., parliamentary under-secretary for external affairs, representing the government. That a bill to create such a department will be brought down during the session was indicated in the speech from the throne. It is proposed to take up the work of organization with the least possible delay.

Medical men present at this meeting included Dr. Paget, Juebec; Surgeon-General Fotheringham, Dr. Bryce, Ottawa; Dr. Clarke, Toronto, and Dr. Hodgetts, Ottawa.

The old Algonquin Hotel in Sarnia will soon be opened as a Salvation Army hostel.

Specks Floating Before His Eyes

When specks start to float before the eyes, when everything turns black for a few seconds and you feel as if you were going to faint, you may rest assured that your liver is not working properly.

The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of a medicine that will clear away all the waste and poisonous matter from the system and prevent as well as cure all the troubles arising from this accumulated mass which has collected in the system.

Keep the bowels open by using Milburn's Laxa-Liver Pills and you will have no liver trouble of any kind. They will clear away all the waste and effete matter which has collected and make the liver active and working properly.

Mr. John R. Morrison, Grand River Falls, N.S., writes: "Several months ago I was troubled with a sour stomach and had specks floating before my eyes. I took five vials of Milburn's Laxa-Liver Pills, which cured and cleaned my blood before any length of time. I told my friends about it and they got some, and they, too, find themselves different since they took them. I recommend your pills very highly."

Milburns Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

These Trade Marks Make it so Easy for You to Get Perfect Fitting Rubbers

THE MERCHANTS RUBBER CO. LIMITED — MERCHANTS
THE MAPLE LEAF RUBBER CO. LIMITED — MAPLE LEAF
THE CANADIAN RUBBER CO. OF MONTREAL — JACQUES CARTIER
DOMINION RUBBER CO. LIMITED — DOMINION
GRANBY RUBBER CO. LIMITED — GRANBY
CANADIAN CONSOLIDATED RUBBER CO. LIMITED — OUR DAISY — DAISY

SINCE the Dominion Rubber System focused their experience and skill on Rubber Footwear, they have made rubbers a comfortable and economical necessity.

There are no better rubbers in the world than these made and guaranteed by Canada's great pioneers in rubber goods; and no other country can boast of having six brands as consistently good as

"Jacques Cartier" "Merchants" "Maple Leaf" "Granby" "Dominion" "Daisy"

More than this, the enormous demand for these rubbers, due to their uniformly high quality, enables the Dominion Rubber System to make rubbers in every style and shape to fit every shoe.

These are two reasons why the leading stores like to carry, and are glad to recommend, any of these Dominion Rubber System brands of guaranteed rubbers.

Look for the Trademarks when you buy.

TUESDAY, FEBRUARY 25, 1919.

BRITISH COLUMBIA MUST DO ITS PART.

British Columbia cannot do its duty to the returned soldiers, nor honor to itself, if the provincial government persists in its policy of passing the buck to the federal government. The government at Victoria cannot escape the issue, nor avoid the consequence of an attempt to escape the issue, by dismissing it with a wave of the hand and saying that the Dominion is caring for the returned men.

It is quite true that the Dominion government has embarked upon a tremendous program of activity designed to bring about the repatriation of the returned soldier, to enable him to return to civil life with the maximum of comfort and prospects of success. But the Dominion government cannot alone carry out its program. It must have the support, above all, of the provincial governments. And it is getting it in every other province. It may be said for Quebec that even that province is preparing to do more for the returned men than is the government at Victoria.

To help the veteran to return to civil life is the duty of the provinces as well as the Dominion; it is the duty of the municipalities, which embark upon programs of necessary public work without delay; it is the duty of the corporations and it s the duty of the individual employer of labor. Everyone can help.

FRANCE'S BORDER LINE

It was the eloquent insistence of Thiers in his negotiations with Bismarck after the French were beaten to their knees in 1870 that preserved unconquered Belfort to France. The chancellor's consent was, as the event proved, a strategic mistake of the first magnitude. Great as the debt of France was to British sea power at the recent war, her faith in it is qualified, the New York Times points out, by the belief, grounded in grim experience, that the adjustment of her frontier to provide her with equivalents of Belfort would be the surest guarantee against triumphant aggression by a reconstructed and more powerful Germany. It is idle to endeavor to convince the French that Germany will never wage a war of revenge, that the adventure will not be possible in the future. France has suffered too much in the wasting of her resources in men and treasure to have absolute faith in sea power as a preventive of the making of war upon her by Germany. It is evident that the peace conference will have to give weighty consideration to the strengthening of the land defenses of France to assure her equal security with her ally England against invasion. It is because of doubt whether the guarantee will be given her that France shows a certain coolness toward the efficacy of the ideal of a league of nations.

THE CANADIAN ARMY.

Emerson tells us that the wise ancients never rejoiced over a ship as she sailed with flying colors from port, but only over the brave vessel that came back with torn sheets and battered sides, stripped of her banners, but having ridden out the storm, remarked Hon. Arthur Meighen in a virile speech concerning our debt to the soldiers.

"The Canadian army in the long, bloody trail from Ypres to Mons has ridden out the blackest storm that ever overhung this world. That army is coming home, and on the conscience of the Canadian people is the charge to give every man of them the warm welcome of warm hearts, the practical welcome of helping hands.

"Make use of every agency established for their benefit; use the labor bureaus, use the soldiers' aid commissions, use the war veterans' association. Give the veteran a position, a man's size position, the best position he can fill; make room for him as soon as you can.

"Exercise patience and encourage him; remember his handicap and don't forget his service. Remember, too, that the stuff is in him, that he has learned the lesson of courage, tenacity, of endurance, and that all these will add to his value in time.

"Watch for the invalided man who is being trained in a new vocation, help to train him if you can; a dozen business institutions are doing that now. Make your wants known at the nearest labor bureau.

"Keep up the spirit of gratitude and welcome through every disappointment; do your bit to make good to these men; let us all get in line again the way we have done for four years, and the memory of the aftermath will not cloud the glory of the war."

There is plenty of room for development work right in your own home town, and there's plenty of money to do it with.

Germany may talk about the future of its army, but it will be well advised not to attempt to translate that talk into action.

The allies gave Mexico a gentle hint when they told the little nation that their old sidekicker, Uncle Sam, will settle any of their troubles without taking them over the pond.

WHAT THE PRESS IS SAYING

Everybody's Satisfied

If all those who enjoyed and benefited by daylight saving would lift up their voices there would be a great paean of praise of daylight saving from one end of the Dominion to the other, with a few isolated silent spots here and there.—Montreal Herald-Telegraph.

Get the Bottle

A painting entitled "Germany's Last Charge" is on exhibition in Berlin. The real last charge will come when her delegates to the peace conference charge their fountain pens preparatory to signing a dictated peace treaty.—Vancouver Province.

Just Imagine

The foreign affairs committee of the American congress urges that the peace conference consider Ireland's claims" to the right of self-determination. Imagine the fuss if a committee of the British parliament urged the same thing in regard to the Philippines.—London Advertiser.

Couldn't Lose

German ships are landing troops in New York.

Well, just as the kaiser expected and prophesied more than a year ago. —Cleveland Plain Dealer.

COLD STORAGE.

Bride's Father—I suppose, Henry, that you are aware that the check for $10,000 I put among your wedding presents was merely for effect.

Groom—Oh, yes, sir, and I assure you the effect was excellent. The bank cashed it this morning without a word.

Little Edwin—"Say, father, why do they always have a bandage over the eyes of Justice?"

Father—"Probably because the lawyers have talked the poor woman blind, my son."

STARKEY GIVES REPORT FOR YEAR

Retiring President of Associated Boards of Trade Outlines Work Done in District Mines

In his address at the annual meeting of the associated boards of trade at Revelstoke last week, F. A. Starkey gave a resume of the work done in district mines.

Ivy-Fern. Cultus Creek, which lies in the immediate vicinity of the one known as the Bayonne district. The property has been bonded to the Consolidated Mining and Smelting company, Trail, by the owner, Mr. J. Mullholland. The work done has been continuous durng the year. The chief development has been the driving of a crosscut to intersect the two main veins at depth, the surface showings on the property are such as to warrant the owners in believing in a great future for the Ivy-Fern.

"Mr. Mullholland, who is in charge of the work, states his belief as to the greatness of the Ivy-Fern as to be second Sullivan. It is expected the Dominion government will construct a wharf at the mouth of Cultus, which would add much towards facilitating the development, and if the Provincial government would see their way clear to construct the trail which this company has already built as far as their property, to a further distance to give the Spokane and the Bayonne properties access to the lake, it would be of untold benefit to this wonderful mining section of the district.

"Yankee Girl. W. T. McDowell should be congratulated on his success in placing the property in its present standing, both as to the ore bodies which have been so largely developed, and the splendid financial condition of the company. While shipments have not been made for some time, due to the closing down of the Greenwood smelter, at which plant the company apparently received a very favorable rate, however, during the early part of 1918, some 8,000 tons (eight thousand), was shipped.

"Second Relief Mine, Erie. A new flume was constructed and a small crew has been kept at development work during the year. This is a good property and we may expect to see during 1919, the Second Relief prove her merit through showing amongst the producers. Mr. A. D. Westby states that after newly organized financial arrangements are completed, the mill will be running to its full capacity.

"California Mine, Nelson, is under bond to J. R. Cassin and associates, of Spokane; is one of the oldest producing gold properties in the district. Since staked in 1892 by William Moore, has shipped at different periods to the extent of 1,300 tons of ore, which gave an average value of, gold, $38.00 (thirty-eight); silver, $2.00. In 1916, Mr. Cassin and his associates took over the development, which has continued up to the present, and we are pleased to state on most reliable authority, that the amount of ore blocked out is of sufficient tonnage to keep a mill running steadily for many years. The company have made arrangements to take over the Athabaska mill and water rights, and also have bonded the Exchequer group, which adjoins the California on the west.

"Monarch group, Beasley. Development has been carried on during the whole of the year. Some five men employed, shipped 170 tons of copper ore to Trail.

"Silver King, Nelson. This old property has been kept in order, so that in a very short space of time, the working of the property could be commenced. The owners, the Consolidated, Trail, have done much diamond drilling during 1918, and are given to understand with good results. So much so, that rumors are that it is the intention of the company to construct a plant to treat the ore on the old smelter site.

"Gold Hill, on 49 Creek. The owner, Mr. Alex MacDonald, has expended a great deal of money on his property, which has brought good results. The Gold Hill shows much merit; the ore carries good values in copper and gold.

"Molly Gibson, Nelson, operated and owned by the Consolidated, Trail, shipped 1,876 tons, the ore being hauled from the mill to the lake, by an auto truck, which has proved much more economical than the use of teams.

"Eureka, Nelson. Operated by the Inland Mining company, who, having bonded the property in September. The mine was already equipped with a tram, connecting with the C. P. R. railway, at Tagham, crossing the Kootenay river. The company made shipments of 869 tons to Trail, but found it necessary to find some treatment of the ore before sending to the smelter, owing to the heavy penalties exacted. The company are now making mill tests, which may add greatly to the value of the smelter returns. The ore carries silver, gold and copper.

"Hercules group, Nelson, 9 Mile Creek, north of Kootenay lake. A most promising property has been developed yearly for some long period, with result if showing up considerable ore, and only now waits some assistance for the property to ship some of the ore which lies on the surface.

"The Alpine and Noonday groups, Stikum Creek, north side of Kootenay lake, are under bond and, while no development has been done to any extent, owing much to the difficulty of reaching the properties with pack animals, therefore it was found necessary to construct a trail, which was done in 1918, the trail runs along the Stikum Creek some ten miles. It may be expected these valuable gold properties will receive much attention this year. Very high assays have been taken from the Noonday, which in one instance gave a gold value of $1,406. The Alpine group shows a very large tonnage of ore that will run possibly $20.00.

"Kootenay-Gold Mine (Poorman-Granite), Nelson. Was founded some two years ago by Messrs. McInnes and assocates of Butte, the mine was under the direction of Mr. A. G. Larson. After considerable development the property was equipped with new machinery, also the mill received an overhauling. Shortly after the property received this attention it closed and has remained so up to the present time. We have rumors that the Inland Mining company are willing to dicker for the property. If such is the case, we hope there is nothing in the way of the company being able to bond same, for we are satisfied they are estimable people to have with us, therefore we hope thy will b fortunate enough to secure a bond on the Kootenay Gold. We are to understand there is no shortage of ore in the workings, all of which is available.

"Good Hope, Nelson, Bird Creek. Owned and operated by J. B. Baxter and associates. Has received steady development during 1918, resulting in proving up a splendid vein of ore, carrying high values in gold, and the tonnage in sight appears to warrant the owners to talk mill, for which to treat same.

"The Perrier group, Cottonwood Creek. Owing to high cost of production of gold, the owners had to close for most part of 1918. The mine is well equipped, having compressor, mill, table, crusher, hoist, etc., all of which are operated by water power taken from Gold Creek.

Rossland Properties.

While exceeding the production of 1917, the several mines operated by the Consolidated, Trail, were practically closed, only development work carried on. It is however, understood many improvements have been added to the mines, which will give facilities for a greater production when it is opportune to work the properties under a more economic basis. The Centre Star-Le Roi shipped 93 320 tons, White Bear 1,400 tons, Le Roi No. 2 (Josie) shipped 19,688 tons, the latter property is not owned by the Consolidated.

"The Larnark. One of the oldest shippers in the Kootenays, has had a hydro-electric plant, capable of developing 250 horse-power, installed, which will be used for running compressor and concentrator. 10 to 12 men ahve been employed steadily during the year developing and prospecting a new lead which shows stringly on the surface.

"Mountain Chief, Renata, Arrow Lake. This property was bonded to a company headed by Mr. Evans, Revelstoke, with Mr. A. D. Nash, managing director. The ore bodies are being mined from a long open cut, from which the former owners in 1918 shipped 570 tons. What shipments the new company has made I am not aware. The possibilities are probable for a large tonnage. The ore runs well in copper.

"Woolsey group. Silver Creek, Revelstoke. This property was to have been bonded to the Mining Corporation of Canada The general manager of the company had visited the property in company with the engineer with a view of arranging for the development of same, but, unfortunately, it was necessary for them to go north to examine a property at Atlin, which necessitated a hurried trip if they were to come back on the last steamer. They made the trip and took their passage in the ill-fated Sophia, when Messrs. Wesen and Randolph were drowned. The Woolsey was brought to the attention of the Eastern company by Mr. A. B. Clabon, who accidentally lost his life when visiting the said property.

Florence Mines, Ainsworth.

Owned and operated by the Florence Silver-Lead Mining company. There are 10,000 feet of underground workings, a 250 ton capacity mill, and a hydro-electric power plant, which is situated on Woodberry Creek, developing 369 H. P.

"The Florence is one of the best equipped properties in the province, and the management is to be congratulated on the splendid showing of the mine. It is understood that aftr paying all outstanding indebtedness, there will be a surplus of $50,000. It is further stated that a monthly dividend of one and a half cent per share will shortly be instituted. This will amount to a monthly payment of $16,500, which will be distributed aongst holders of shares. Shipments ade during 1918 were 2,000 tons of silver-lead-zinc concentrates.

"No. 1 Aainsworth, another old-timer now owned by the Consolidated, Trail shipped 6,000 tons of ore. Highland owned by the some owners, as the No 1, shipped 800 tons of concentrates.

"Spokane, Trinket, Ainsworth, shipped 226 tons, Little Phil 110 tons, Tariff 26 tons, Tom Coshanter 26 tons. Silver Hoards 21 tons, Maestro 69 tons and Gallagher 32 tons.

"Cok-Province, Kaslo. While the mill is closed, owing to a shortage of wash water, development is going steadily along. Mr. W. E. Zwicky states all milling troubles have been overcome after many months of discouraging experiences, with the result that before closing the mill, two cars of lead concentrates were shipped which netted $7,029.81 and two cars of zinc concentrates running 40 per cent zinc and 10 oz. silver, netted $1,700. Since then the directors have raised sufficient money to proceed with the sinking on the large ore bodies at depth.

"Utica Mines, Limited, Kaslo. Since C. F. Caldwell took over the management of the property 6 cars of ore have been shipped, which has allowed for further development of suspected ore bodies. We are glad to say these have realized Mr. Caldwell's prohpesies.

"Silver Bell, Kaslo. Is now under development, which it is understood has already a considerable tonnage of ore has been located. The ore runs over the 200 ounce mark in silver. R. F. Green and His mother, S. Green, are the owners.

"Gibson, Kaslo. Has been equipped with a tram and water power, also a compressor, and it is the intention of the company to erect a mill to treat the large tonnage of milling ore. Besdes the milling ore the mine has some very high grade ore which would be shipping ore.

Consolidated Company.

"The adverse conditions which affected the Consolidated company during 1918 have already been referred to. The annual report of the company's officials gives the production of metals for the financial year ending 30th Sept., at 10 1-2 million dollars, bringing the total value of production by the company since 1894, up to $104,849,121.

"374,889 tons of ore were treated at the smelter, producing 52,917 oz. gold, 1,708,692 oz. silver, 19,422 tons lead, 3,991 tons copper and 10,900 tons zinc. With the exception of zinc all of these are less than the production of the previous year. The profit for the year was $949,245, after writing off $408,557 for depreciation and charging to profit and loss account $219,202 expended in development of mines. Taxes paid to the Dominion and provincial governments were very heavy, amounting to $154,308, including a retro-active tax for 1917, of $31,666. The actual net profit was $867,259. $700,000 advanced by the Imperial Munitions board were repaid in full during the year.

"It is claimed that the cost of recovering zinc, lead and silver from the Sullivan ore has now been greatly reduced, and in consequence the zinc plant will be enlarged at a large capital expenditure. For this and other purposes additional capital has been arranged for to the amount of $3,000,000. The copper refinery will be enlarged to a capacity of 50 tons daily and with the addition of a rod mill will cost over $300,000.

"The West Kootenay Power and Light company, Ltd., which is controlled by the Consolidated company, shows a net revenue of $30,097, for the financial year. A line extension to the Northport smelter was completed in November, and with other extensions which are being pushed forward will cost about $1.000 000.

Mr. Starkey reviewed in the lumber industry of the interior, and he also gave a full report of the fruit and kindred industries in the province during 1918.

"Although it is not to be expected in the coming year that our exports will be of the value of the preceding year, yet when we consider the demands of the devastated European and other countries, for our products of which a large amount has already been placed with us, it would not be surprising if these figures were actually bettered.

"The prospects for the year are very promising. The federal government, with great wisdom, has appropriated an immense sum for the completion of various public works which were suspended on account of the war. The prosecution of these public works will have the effect of preventing any sudden dislocation of trade through the continuous return of our soldiers. There is a large degree of elasticity about an arrangement of this nature, for if we should find that the demand for labor for trade purposes is greater than anticipated such labor would naturally be drafted from public works to the more necessary manufacturing of goods for export.

"Our legislators must not relax their efforts to have every impediment removed from the way of our increasing and improving our industries and export trade, and especially must encouragement be given to those who would utilize our vast and as yet almost untouched natural resources. I venture to say that were these resources intelligently exploited, with the aid and sympathy and interest which it is our right to demand from our governments, Canada, with its forceful character, would soon take its rightful place as one of the richest and most powerful nations in the world.

"This will require the cooperation of every true citizen in Canada. While aspiring to greatness, as far as trade is concerned, which of necessity must be our aim, we must concurrently accomplish the attainment of a state of life in an atmosphere that tends to a higher and nobler embodiment of our principles, so that our children and children's children may receive the heritage not alone of a species of riches but an eternal brand of character that has for its emblem, liberty, justice, equality and brotherly love.

"Then may we rightfully say that Canada "stands alone as the brightest spot in the world, and that the purified character of her people which has been mainly brought about through the chastening afflictions we have undergone in the strifes that are past, is evidence that the great heritage of wealth bestowed on us has been given to a 'chosen people like unto the Israelites of old.'

"On relinquishing the office of president after successive reelection for 10 years, I do so with a great amount of pride and gratification, knowing how much we have been able to contribute to the general development of the country's industries.

"The action of the board has been instrumental in drawing attention to many matters effecting the various industries. At times legislation would be be suggested that would most seriously affect one of our industries. The industry affected would immediately call the matter to the attention of he executive of the association, with the invariable resul that action has been brought about by the board.

"This association has been doing this since its inception many years ago, and through its efforts it has accomplished much for te industries generally. I regret, however, to say that I have yet to be told of one instance where one of the industries to any extent ever voluntarily contributed a dollar towards covering the expenditure involved in anp of the matters that may have been taken up at various times with the responsible heads of our governments.

"I would earnestly suggest that the matter of widening the scope of the association, in respect of the necessity of an executive head who combines the qualities of knowledge, tact and ability and who is capable of presenting the many important questions which arise before our legislators, transportation companies and other industrial heads and further that an endeavor should be made to attract such a one by attaching to the position an adequate remuneration.

"In conclusion I desire to express my appreciation to the members of the executive, also to those delegates who have been attending our annual conventions for so many years following, and to whom I owe a great deal for their helpful assistance and many kindnesses.

"Hoping that our deliberations will be fruitful and far reaching in their results."

MILLION GALLONS OF SPIRITS LEFT IN COAST WAREHOUSES

SAN FRANCISCO, Cal.—A million gallons of distilled spirits are in local bonded warehouses at the present time and although large quantities are being withdrawn daily, the stores are being augmented by incoming shipments, it was learned at the local bureau of internal revenue. The United States railroad administration is giving preference to shipments of distilled spirits in view of the short time in which dealers will be permitted to dispose of their stocks.

The Story of the Diamond

A most interesting series of "Lecturettes," written by one of our directors of very wide experience in the diamond market, is now appearing in the Vancouver "World" and "Province." The early history of the diamond—what it is, its uses, where and how found and mined, etc., is touched on. If you take either of the papers mentioned do not fail to read these daily talks.

FOOD WILL PREVENT DISEASE

Food is always a better preventive of disease than serums, toxins or other drugs—but be sure the food is pure, clean, nourishing and easily digested.

Shredded Wheat

is the most thoroughly cooked cereal in the world. it is the whole wheat boiled in steam, drawn into filmy, porous shreds and then baked crisp and brown in coal ovens. Epidemics of disease may be traced to under-nourishment. Keep yourself fit by eating foods that fortify you against disease. Serve Shredded Wheat with hot milk or cream and fruits.

BOILERMAKERS FAVOR CONTINUANCE OF STRIKE

(By Daily News Leased Wire.)

SEATTLE, Wash., Feb. 24.—While reports continued to be circulated here today that a referendum vote may be obtained Tuesday night by the Seattle metal trades council on the question of shipyard strikers returning to work pending a decision on a coast-wide strike on April 1, officers and foremen of Boilermakers' union, No. 104, at a special meeting Monday afternoon in the labor temple, went on record as favoring a continuation of the strike regardless of any action taken by the coast district convention in Portland.

LIFT OFF CORNS!

Doesn't hurt at all and costs only a few cents

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

WILLOW POINT CHURCH MEETING

Reports of the Year's Work Are Given at Business Meeting.

(Special to The Daily News.)

WILLOW POINT, B. C., Feb. 24.—The annual vestry meeting of the Church of St. Andrews by the Lake, Willow Point, was held on Feb. 17 in the church. There was a celebration of holy communion at 11, the business meeting starting at 2, the rector, Rev. F. H. Graham, in the chair. In his opening remarks he said that the financial standing of the congregation was very good, in spite of the fact that sickness had prevented the holding of services for a long time, and it was hoped that soon men from the parish who had gone overseas in the service of their country, would be welcomed home. On behalf o the congregation, H. A. Masters, rector's warden, asked Mr. Graham to accept a small gift. Mr. Graham thanked the congregation.

A vote of condolence was passed to the children of Mrs. Denny, who died recently.

A leter was read from F. Moffatt, vestry clerk of St. Saviour's, Nelson, thanking the congregation for their contributions to Nelson parish.

K. Metcalfe people's warden, presented the financial statement for the year, and read the annual report, in which he said, in part:

'The chief episode in the year of work was the consecration of the building by the lord bishop of the diocese on July 14. This was considered a fitting time to place on record an appreciation of those whose endeavors rendered this possible, chiefly referring to the Rev. F. H. Graham, the past church wardens, Mr. Campbell, donor of the plot of land, all subscribers, St. Andrew's school, Southboro, England, sent $72.75, which has been placed to the credit of the building fund. The ladies of the Women's society of the church has for another year cared for the interior of the church in way of decorating and cleaning; Mrs. Roberts has once more acted as organist. Mrs. Masters, secretary, presented the report for the Women's society, showing that a beach tea had been given during the summer, netting over $20, and that the bishop, rector and congregation had been entertained at tea after the consecration ceremony. Mrs. Dickson reported for the Sunday school, stating that regular sessions had been held during the summer. The school had been closed during the epidemic, but would open again shortly. She added that all supplies, books and pictures had been voluntary contributions.

The following offiers were elected for the year: Rector's warden, H. A. Masters; people's warden, Kenneth Metcalfe; vestry clerk, Mrs. Masters; committee, J. J. Campbell, Capt. H. G. Greenwood, Mrs. Airey, Mrs. Masters, Mrs. Mohr, Mrs. P. Thompson; auditor, E. H. H. Applethwaite; press correspondent, Mrs. Applethwaite.

A vote of thanks was passed to the boys of St. Andrew's school, Southboro.

It was decided to place in the church a permanent roll of honor, bearing the names of all those men who had enlisted from the parish. The arrangements were left to the church committee.

The financial statement follows: Building account, receipts, total, $94.69. General account, $254.27. Expenditures, total, $254.47.

SAYS IT WAS 23 BELOW ZERO AT CRANBROOK; BOO

(Special to the Daly News.)

CRANBROOK, B. C., Feb. 23.—For a short time Sunday morning Cranbrook was the scene of a regular "down east" blizzard. The wind, which came from the southeast, drove with it a shower of fine snow. During Sunday night the temperature dropped to 23 below zero.

GREAT BIRTAIN TO KEEP ON WITH DAYLIGHT SAVING

(By Daily News Leased Wire.)

LONDON, Feb. 24.—The daylight saving plan whereby clocks of Great Britain are set ahead, will go into effect this year on March 30, it was officially announced yesterday. The regular time will be resumed on Sept. 28.

A Statler hotel may be built in Toronto.

GRAND FORKS VETERAN BACK

Corp. J. D. Hunter, One of 15 "Firsts," Returns—Budget of Local Personal Items

(Special to The Daily News.)

GRAND FORKS, B.C., Feb. 24.—Corp. J. D. Hunter, one of the original fifteen who started for the training camp at Valcartier on Thursday, Aug. 27, 1914, with the first contingent of 15 men that went overseas from this city, returned to Grand Forks Thursday evening. There was a crowd at the station to welcome him home.

Mrs. F. E. Cooper and Mrs. Pritchard left Thursday for Republic, Wash., to attend the funeral of Mrs. Shipley.

Frank Newbauer returned from overseas Wednesday. He enlisted in Victoria.

Mrs. M. Dompur, aged about 35 years, died at her home in this city on Wednesday morning of influenza.

Mrs. Ted Waldron is slowly recovering from a serious attack of influenza.

Jeff Davis left for Pullman, Wash., to visit his son Archer, who is a student at the Washington State college.

William Gray left Friday for Copper mountain.

J. B. McDonald, ex-alderman of this city, left for Princeton Thursday.

A. E. Vant left for Vancouver Saturday after a week's visit with his brother, Ernest Vant.

H. Weber returned Saturday from Nelson after a two weeks stay with his family. His three children have been ill with influenza but are now convalescing.

Walter Ronald has resumed his work as fireman on the Canadian Pacific railway yard engine. He had his ankle sprained recently.

Mr. and Mrs. Mike Lang left Thursday on a short visit to Spokane.

Mr. and Mrs. Sam Mathews are both in the Grand Forks hospital with influenza. Mrs. Frank Peterson, sister of Mrs. Mathews, arrived in the city from Greenwood Sunday to assist in nursing them.

TRAIL ITEMS.

(Special to the Daly News.)

TRAIL, B. C., Feb. 23.—Benjamin Gregory leaves Monday night for Kamloops to spend two weeks with Mr. and Mrs. Bert Weller, formerly of Trail.

Mrs. Johnstone McPherson (nee McKay) of Brandon, Manitoba, is visiting her mother, Mrs. S. F. McKay, on Victoria street.

Mrs. G. W. Thompson has received word that her husband, Pte. G. W. Thompson, is recovering from an attack of pneumonia at the home of his mother at Binbrook, Lincolnshire, England. Pte. Thompson, who enlisted with the forestry battalion, is an old timer in Trail, having been engaged in the contracting business.

Miss M. Makenzie of Rossland was a Trail visitor on Saturday.

C. B. Smith of Rossland spent Friday in Trail.

J. Wright, employed at the smelter, sustained a painful injury to his right hand Sunday forenoon by striking it with a hammer. He will be laid up for several days.

Mrs. Wier and Miss Edna Wier of Rossland were visiting Trail friends on Saturday.

R. C. Crowe returned Saturday from spending several days in Rossland.

Cadet McAllister, at one time assistant principal of the Nelson High School, arrived on the afternoon train Monday to spend a wee kwith his sister, Mrs. J. B. Gray, before proceeding to his home at New Westminister. Cadet McAllister has been overseas over three years.

MR. AND MRS. JOHNSON TO LIVE AT GRAY CREEK

(Special to the Daly News.)

GRAY CREEK, B. C., Feb. 24.—Mr. and Mrs. Eric H. Johnson, who were married in Nelson on Thursday, returned here Saturday morning. They will make their home here for the present.

S. A. Swanson gave a dance at Bonnieview on Saturday night in honor of the marriage of his daughter. About twenty guests attended and dancing and several musical numbers helped to pass a very pleasant evening.

George Oliver, who has a 20-mile trap line up the creek has been bringing in a number of fine furs lately, principally mink and weasels. He reports cougers very plentiful in the mountains.

Fred E. Smith has received his discharge, and has returned from Vancouver.

John McKay Adams has bought a ranch in here and is doing extensive clearing in preparation for next season's operations.

Sapper Charles Holt has received his discharge and has returned to Canada. At present he is visiting his old home at Sarnia, Ont.

Charles O. Swanson was a weekend visitor to town.

Mrs. Norman Anderson has returned from Sandon.

Sir John Eardley Wilmot writes that he expects to return early in the spring. He has married since he was wounded and is now a major.

Mrs. S. E. Burns, aged resident of St. Thomas and mother of Mrs. (Hon.) T. W. Crothers, is dead.

AFTER INFLUENZA

The Grippe, Fevers and Other Blood-Poisoning, Prostrating Diseases

The best course of restorative treatment, purifying the blood, stimulating the liver, building up the whole system, is:

Hood's Sarsaparilla, the standard blood purifier, before eating.

Hood's Pills (cathartic, mild and effective) as needed.

These two great medicines work in perfect harmony, improve appetite, aid digestion, relieve biliousness and constipation. They make convalescence real, rapid and perfect. They are also of service in the prevention of disease and the preservation of health.

Each is good alone; both are good together. Get them today.

TRAIL PUTS ONE OVER NELSON BOYS

Beats Intermediate Hockey Team by Score of 5 to 3 on Smelter City Ice.

(Special to the Daly News.)

Before a large crowd of spectators, the local boys last night avenged their defeat last Friday by walloping the Nelson Intermediates to a tune of 5 to 3 in a good game of hockey. F. Geneski, Nelson's goal-getter, did not manage to find the Trail nets as many times as he did in the previous game, only making one score. The locals were in far better shape than before and put up a better game. The Nelson boys did not have the same line-up as they used in Friday's game, two of the men of the defense line not being able to come with the team.

Following are the line-ups:

Trail	Goal.	Nelson
A. McKinnon	Goal	E. Boyes
Hardington	Point	Simmons
Butorac	Cover	Madden
E. Bishop	L. Wing	F. Cryderman
Lougheed	Rover	F. O'Genski
Thompson	Centre	J. O'Genski
Kane	R. Wing	Notman

GOAL SUMMARIES:

Nelson—Frank O'Genski 1; Cryderman 1; Johnnie O'Genski 1.

Trail—Bishop 2; Thompson 1; Butorac 1; Hardington 1.

Substitutes—Nelson, "Duff" Mathews, Dill, Shuttleworth.

Trail—Lognetto.

The Trail boys expect to play on Nelson ice again next week.

JOHN BATCHELDER'S BODY SENT TO NEW HAMPSHIRE

(Special to The Daily News.)

TRAIL, B.C., Feb. 24.—Funeral service was held here this afternoon for John K. Batchelder. The Masons had charge of the arrangements and after a burial service in the lodge rooms the casket was taken to the house, where Rev. H. P. Ragg conducted prayers. The funeral procession to the Anglican church for the final services before the body was taken to the detot to be sent to New Hampshire for burial.

The pallbearers were: E. W. Hazelwood, A. C. Broderick, George Goddard, Hunter Woodburn, A. C. Williamson, D. E. Bissett.

"SYRUP OF FIGS" IS CHILD'S LAXATIVE

Look at Tongue! Remove Poisons from Stomach, Liver and Bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

M'KENZIE TAKES CROWD OVER FIELD OF BATTLE

WAR CORRESPONDENT TELLS STORY OF THE WAR—PICTURES INTEREST TICKET HOLDERS

What the Canadians did over there was told in a lecture by F. A. McKenzie, the war correspondent, at the Starland theatre last night. Motion pictures illustrated the talk.

At the Luncheon

At the luncheon held under the auspices of the Canadian club at the Hume hotel, Mr. McKenzie spoke on the work of the British people during the war. How adversity only made greater the determination to win and that the big British Empire was not completing its last pages of history but its first, were points which received applause of the 100 odd guests in attendance.

Summarizing the effect of the war on the British Empire, the speaker said nothing had deplored the courage of its people. The Empire had been given the opportunity and had shown what it could do. Britain was only beginning its glory.

In the spring of 1918 Britons had made up their minds to make greater sacrifices than ever before. Evedyone had made up his m' d that the war was to end but one way.

It had been said that Britain would have been compelled to quit had it not been for the United States. Every recognition was given of the work of America through its finances, ships and men, but Britain would not have given up without the aid of the country to the south.

King's Example

During those years of trouble one man had set an example of simplicity to all. He was the King. Once the speaker had said that King George lived more simply than the average laborer in Eastern Canada, but it had been thought that he exaggerated. The people of England followed the lead of the King in all but one thing—they would ont give up their beer. Later, however, the beer was made so bad that it was not worth while drinking.

Speaking of the work of the British navy, Mr. McKenzie said that it with the cooperation of the merchant seamen, had been able to fight the great task of transportation.

He told of several incidents in connection with the Dover patrol. Two British ships had attacked six German vessels, sunk two and possibly a third and had then sent the others scuttling away. During the fight were many illustrations of the work of the British seamen. One man had attacked a German with his fists while the foeman was scrambling aboard the British vessel; a flashlight had been used as a signal when all the of the signalling apparatus had been shot away; one man had been wounded five times but kept on fighting; so swift and fierce had been the British attack that the Germans had no time to do any of the things they had intended to do. No more romantic part had been played in the war, the speaker said, than that played by the Dover patrol.

In 1907 a German officer had made the remark that in the case of war Germany would have only to "gather them in." The little army had later on whipped the Huns. John Bull when aged was a better man than the German at 20.

Fighting in the Air

The Germans had not thought that aerial warfare was to figure largely in the war as shown by the fact that little preparation along these lines had been made. Britain had increased its strength 200 fold before the hostilities ceased. The force became so efficient that America had followed its general plan.

The British people in home life had made great sacrifices. In the old land food rations had been cut down to a low margin, yet there had been no grumbling. Britain had said that it would do everything for right. Britain was going on through generations as a great supreme force. America had fought by its side and if there was oonly result and it had been the coming together of the two nations it would be worth while. For they had come to admire each other and to see the great qualities in both.

Judge J. A. Forin moved a vote of thanks to Mr. McKenzie, saying that the address had been enjoyed. The talk had been one from a man who had been there and who had seen what the boys from Canada and the Empire had done. This, said the judge, appealed to the people who had not been able to go, and who were interested in everything connected with the life of the soldiers over there.

Rev. Fred H. Graham seconded the resolution of thanks.

At the Starland last night Mr. McKenzie held his hearers with an enthralling story of the period from the outbreak of war to the singing of the armistice, and gave added interest the outbreak of war to the signing of official motion picture films taken under the direction of the British government.

With a retentive memory for little incidents that had come to his notice, the speaker outlined the days of the Canadian army on Salisbury Plains, the first days of the war, when the men made hand-grenades of plum and apple jam tins; when the officers tossed up among themselves for the use of the trench helmet. The misery, the pathos and tragedy were all related, of those first days of the war, when unequipped and inferior to the enemy in everything but their dauntless morale and high ideals, the Canadians held the lines that saved the world from a Prussian domination. Little touches of comedy enlightened the talk; the real thoughts of the soldiers, their real feelings and their great big boyish fancies and tricks among themselves.

"The camps at Salisbury Plain were little suited as a place for men to live," he said. "It was common knowledge that some colonels in those early days didn't know how to form fours. Many of them made good very quickly, however, for they applied the same methods to warfare as they did to their business life.

"In February, 1915, when our boys went over to France, after training in England, they were armed with a rifle which was not suitable for the hardships of war. Machine guns were few and so was artillery. They actually had three shells a day for each gun. Last summer they could have had three times three hundred shells for each gun if they had wanted them.

Canada's Making

"In the second battle of Ypres the Canadian division saved the British lines and made Canada a nation. Her men stood up then against the first use of gas in warfare.

"Everyone knew from the second battle of Ypres that Canada could held her own in warfare.

"Canada soon had the proud record that she established trench raids. Trench raids soon were standardized by all the allied armies. Why they actually called 'No Man's Land' the prairie of Canada was because when the Canadians went into it the enemy could not show itself. At the Battle of the Craters and the battle of Sanctuary Wood one of our battalions was cut to a few hundreds. After it had fought continuously for nearly 24 hours an order came asking if they could stay for another 24 hours. They answered, 'Yes, 24 days if need be.'

"The boast is made that Canadians never lost a bit of land or a gun when they were properly entrenched.

Enterprise of Vimy

'The Somme was known for mud Then came the still greater enterprise of Vimy Ridge. The British staff called on Canadians to make an attempt to take Vimy Ridge. It took months of minor detail to prepare for

General News of the City

LIEUT. ARMBRISTER GETS MILITARY CROSS AWARD

Lieut. C. E. Armbrister of Nelson has been awarded the Military Cross for bravery on the field at Valenciennes, Nov. 1, 1918, according to a letter received by The Daily News from his mother, Mrs. E. Armbrister, formerly of Nelson and now of Victoria.

This is the second decoration Lieut. Armbrister has received and he has been recommended for a third award, that of the Distinguished Service Order, by his commanding officer. He was awarded the military medal at the taking of Desire trench in 1916.

Lieut. Armbrister enlisted in Nelson with the 54th battalion in 1915 and was with them until he won his commission in 1917. He then transferred to the 47th battalion and remained with them at the front until the finish of the war. He is now in Belgium with the army of occupation.

The circumstances under which he won the Military Cross are related in the official award paper, a copy of which Mrs. Armbrister enclosed in her letter. It says:

"In front of Valencienens during the operations of Nov. 1, 1918, the officer was in charge of the left half of his company. During the advance the company was held up by a series of strong enemy machine gun posts in some large building. Lieut. Armbrister thereupon despatched a section to work to the right of the enemy's guns. He gained a small bank from which he bombed the enemy's only means of escape from the building and paving the way to their eventual extermination.

"Later he, with great gallantry, single handed pursued and captured a party of an officer and several men of the enemy who had been harassing our advance from the houses. When the objective had been reached, he discovered an enemy's machine gun firing on our line and detaching some men to engage it from the front, he worked around the flank and captured the gun, killing or wounding all the crew.

"Later, finding that some snipers were bothering his line he at great personal risk succeeded in killing five and driving the remainder away.

"During the whole operation under heavy fire his conduct was of the very highest order and his bravery and coolness outstanding. He was the greatest possible inspiration to all those about him.

"Recommended by Lieut.-Col. Commander, 47th Canadian Batalion."

BEECHAM'S PILLS

How often has an attack of indigestion interfered with your work or spoiled your pleasure? Good health is mostly a matter of sound digestion. Whenever you are troubled by dyspepsia, flatulence, sour eructations, sick headache, biliousness or constipation, take Beecham's Pills. (Section 24)

In the matter of Lot 5, Block A, Addition A, Nelson City, Map 349B, and of Lot 18, Block 2, Nelson City, Map 349.

Proof having been filed in my office of the loss of Certificate of Title No. 4123A to the above-mentioned lots, in the name of the Nelson Electric Tramway Company, Limited, and bearing date the 6th January, 1905, I hereby give notice of my intention at the expiration of one calendar month from the first publication hereof to issue to the said Nelson Electric Tramway Company, Limited, a fresh Certificate of Title in lieu of such lost certificate. Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

Dated at the Land Registry Office, Nelson, B.C., this 12th day of February, 1919.

E. S. STOKES,
District Registrar of Titles.

Date of first publication, Feb. 18, 1919.

Telephone Service Insurance

It is often a temptation to call telephone numbers from memory.

In a surprisingly great percentage of cases this results in serious losses of time, the referring of calls to special operators, and unexplainable annoyance to those called in error.

There is no better insurance on effective service than the two following practices:

FIRST—invariably to consult the directory and call by number, slowly, one numeral at a time;

SECOND—To evidence the same consideration and politeness that is shown by the operator when difficulties arise, regardless of their origin.

W. H. Smedley and Louis Kerr have formed a partnership which will be known as the Smedley-Kerr Garage company. Both have been residents of Nelson for many years.

For nearly a year Mr. Smedley has conducted a garage and Mr. Kerr has run Kerr's jitney. They are now combining their activities.

O'DOWD CHALLENGES GEORGES CARPENTIER

(By Daily News Leased Wire.)

PARIS, Feb. 24.—Mike O'Dowd, the world's middleweight champion, issued a formal challenge to Georges Carpentier, European heavyweight champion from the ring of the Cirque Paris, Sunday night, saying he was willing to fight the Frenchman at any time, anywhere, for any purse and for any number of rounds.

O'Dowd appeared somewhat heavier than the middleweight scale when he boxed Al Norton three rounds at the Y. M. C. A. bouts.

ARGONAUTS WIN ANOTHER GAME

Newman Hall Again Goes Down to Defeat by Score of 10—6

(By Daily News Leased Wire.)

WINNIPEG, Feb. 24.—Argonauts tonight repeated their victory of Thursday last over the Newman Hall hockey team from Toronto, when they handed them a 4 to 3 bump at the Amphitheatre rink, winning the two-game series by a total of 10 goals to 6. The home team had the best of the play throughout, and only a sensational display in goal by Ernie Collett kept the score down low. As it was Collett got away with a lot of slipping to the ice to save sure goals from the local forwards.

Woodcock, Traphe, Sullivan and Quain played well for the visitors, while Binney, Newell and Nicklin were the pick of the winners.

Line-Up

Newman.		Argos.
Collett	Goal	Binney
L. Woodcock	Point	Nicklin
Sullivan	Cover	Newell
Kilpatrick	Centre	Sparrow
Ingolsby	R. Wing	Baker
Quain	L. Wing	Doster
Traphe	Sub	Patton

Referee, Breen; judge of play, Nobb.

Summary

First period: Newman Hall, Quain, 6:45; Newman Hall, Traphe, :20; Newman Hall, Traphe, 1:15; Argos, Sparrow, 2:10.

Second period: Argos, Newell, 12:20; Argos, Newell, 5:00; Argos, Newell, 5:00; Argos, Patton, :50.

Third period: No score.

Seattle	8	2	.500
Victoria	7	9	.438

NO ALLAN CUP GAMES UNTIL NEXT WEEK

(By Daily News Leased Wire.)

WINNIPEG, Feb. 24.—There will be no Allan cup elimination games here till next week, as the Tunder Bay schedule does not finish until March 1, and though that is contrary to the Allan cup rules, it seems to have been overlooked on this occasion. Meantime Selkirk is keeping in trim by playing an exhibition game with an all-star team comprising Monarch goal ad forwards and Argonauts defense.

VANCOUVER WINS GAME, 6 TO 3

Second Last Game of Year Draws Big Crowd to See Aristocrats Defeated.

(By Daily News Leased Wire.)

VANCOUVER, B. C., Feb. 24.—A merry throng of hockey fans braved the worst hockey weather Vancouver has had this season tonight to see Vancouver and Victoria play their second last game of the year. They were mainly happy because of two things. First, Vancouver won, 6 to 3; and second, Cyclone Taylor notched four points and is again leading Morris of Seattle and all other players for the 1919 scoring championship. All three teams now have four games left on the schedule, and Taylor is two points up on the Seattle centre. Vancouver and its leading scorer, therefore, both go into the home stretch of the race with a distinct edge on all rivals. All three teams, however, are very much in the fight yet.

The turning point in the game came toward the end of the first period when Captain Oatman of Victoria slashed Barney Stanley with his stick and went off for 10 minutes. Before Dunderdale took his place, which was at the end of three minutes, the locals had added another goal to the one they already had, and seemed to have fathomed the play of the visitors completely. The Millionaires had most of the play from then to the end of the second period, when they led, 4 to 1. The Aristocrats made a determined spurt in the final frame, and scored two goals to Vancouver's two, but could not overcome the home team's lead.

Line-up.

Vancouver.		Victoria.
Lehman	Goal	Murray
Duncan	Defense	Johnson
Cook	Defence	Patrick
Mackay	Rover	W. Loughlin
Taylor	Centre	Oatman
Stanley	R. Wing	Tobin
Harris	L. Wing	Marples
Irvin	Sub	Dunderdale
Uksila	Sub	C. Loughlin

Summary

First period: Vancouver, Cook, 14:10; Vancouver, Harris, 5:45.

Second period—Vancouver, Taylor from Duncan, 3:21; Victoria, Tobin from Johnson, 10:21; Vancouver, Stanley from Taylor, 2:08.

Third period—Victoria, Tobin 7:49; Vancouver, Taylor from Mackay, 3:23; Vancouver, Harris from Stanley, :54; Victoria, Patrick, 3:21.

Substitutes

First period: Victoria, Clem Loughlin, for Patrick.

Second period: Dunderdale, for Oatman.

Second period—Victoria, Dunderdale for Oatman; Patrick for Dunderdale; Oatman for Clem Loughlin.

Third period—Vancouver, Irvin for Duncan; Victoria, Clem Loughlin for Johnson.

CALGARY DEFEATS NORTH SASKATCHEWAN TEAM

(By Daily News Leased Wire.)

CALGARY, Feb. 24.—In one of the fastest games of hockey ever played in Calgary, with no penalties registered against any players, the Saskatoon Quakers, twice challengers for the Allen cup, were beaten by the Calgary team 7 to 2 in a game that was replete from start to finish with lightning hockey. Klassen was the sensation of the game with Harry Carvel, the goaltender of the Calgary team, a close second and only for this boy's work, the game would certainly have been the closest contest of the year. The two teams will battle again Wednesday and Friday nights with the total goals to count and from this distance it is an even bet with the Calgary team slight favorites on account of condition.

Line-Up.

Calgary	Positauup.	Saskatoon
Carvel	Goal	Hay
Cook	Defense	Koyle
Dea	Defense	Baker
Gardiner	Centre	Garrison
McHugh	Rover	Klassen
Grant	R. Wing	Webb
Dusseault	L. Wing	Brehault.

Referee—McLeod.

Judge of Play—Gibson.

SASKATCHEWAN VARSITY WINS FROM EDMONTON

(By Daily News Leased Wire.)

EDMONTON, Feb. 24.—The university of Saskatchewan won from the south side puck chasers here this evening by a score of 5 to 4. The ice was fast and the play was very even throughout. Each team scored two goals in the first period and one in the second. In the third period Billy Lynn of the South Siders severely peppered the varsity goal, but got no returns for his efofrts. Thompson and Wilson were responsible for the winning goals for the Saskatchewan team.

DUNDEE WINS.

(By Daily News Leased Wire.)

PITTSBURG, Pa., Feb. 24.—Johnny Dundee of New York won by a slight margin in a 10-round bout here tonight with Johnny Rye of Pittsburg. Rye tried hard for a knockout from the outset, using slugging tactics. The New Yorker took advantage of this and by clever boxing won six rounds of the 10 on points.

BOUT CALLED OFF.

(By Daily News Leased Wire.)

CONTON, O., Feb. 24.—The twelve-round bout between Jack Britton of New York and Tommy Robson of Malden, Mass., welterweights, which was scheduled to be held here Wednesday night, was called off tonight because of Robson's inability to make 152 pounds ringside.

OREGON PASSES BILL

(By Daily News Leased Wire.)

SALEM, Ore., Feb. 24.—A house bill to legalize 10-round boxing matches and placing all public boxing exhibitions under control of boxing commissions of various cities of the state, passed the senate today. It goes now to the governor.

CALGARY, Feb. 24.—Bradon is negotiating for a hockey series here and it is not likely it will be accommodated, owing to the lateness of the season.

WOODSTOCK, Ont., Feb. 24.—Seaforth defeated London intermediates by a score of 4 to 3 at the arena here tonight in the O. H. A. semi-finals.

FAMILY SEIZED TO ANSWER $1,000 LEATHER THEFT

NEW ORLEANS—With police officers a day behind them, Isaac Cohn and his wife, Minnie, with their three children and $1,000 worth of stolen sheet leather, arrived in New Orleans on December 15.

From that place they sent a telegram to a friend in New York requesting him to "come down and open up a shoe shop." Then Minnie's intuition told her all was not right, so that night she acted as agent in selling $700 worth of the stuff and with her family boarded a steamer for New York. There they were met by a reception committee of police. Yesterday they arrived in Chicago in custody.

According to federal officials, Cohn and his wife acted as the "fence" for a gang of freight car thieves. William Toppe, Walter Jordan, John Graffe, William Sheehan, Leo Wagner and L Weinberger are now under arrest. The sheet leather, it is charged, was stolen in shipment from Mellen, Wis., to Cincinnati, O. The leather disposed of at New Orleans has been recovered.

HUSBANDS TO BE SCARCE FOR CANADIAN GIRLS

LONDON—Canadians are continuing to marry English and Scotch girls at the rate of 300 a week, states Col. J. Obed Smith. The total number of Canadian marriages here, according to latest figures, is 26,000. Wives are being taken faster than the authorities can send them home.

Col. Smith has yet to bring 255 French and Belgian wives of Canadian soldiers to England from France. He anticipates that the marriage rate with English girls will be larger still, as most of the weddings were postponed until the return of the soldiers.

With 56,000 Canadians killed and others marrying at this rate the chances of Canadian girls are being wondered at.

MUCH STRENUOUS WORK IS AWAITING WILSON

WASHINGTON, D.C. — President Wilson will find a hard week's work ahead of him when he returns from France. Within that time he is expected to:

Appeal to joint session of congress for indorsement of the league of nations.

Confer with governors on unemployment.

Confer with party leaders regarding organization of the next congress.

Appoint successor to Attorney-General Gregory.

Appoint successor to Ambassador Sharp, Paris.

Sign great mass of appropriation bills.

Sign revenue bill.

Make great number minor appointments.

Lead parade of returned Yanks down Pennsylvania avenue.

Nervous Man—I tell you, Emily, with all that company for dinner I'm going to carve the turkey off stage; in other words, on the kitchen table.

His Wife (hysterically)—Oh, why did I marry a miserable coward!

Windsor G. W. V. A. announced that it would take no part in strike breaking when English speaking employees are concerned.

Police Magistrate Geo. E. Jackson, of Edmondville, postmaster there for 57 years, is dead.

Took Severe Cold ON HIS LUNGS.

COUGHED PHLEGM AND BLOOD.

On the first appearance of a cough or cold, do not neglect it, but get rid of it at once before it has a chance to grow worse and gets settled on the lungs, causing bronchitis, pneumonia and other serious lung troubles.

Dr. Woods Norway Pine Syrup will cure the cough or cold on its first inception and perhaps save you years of suffering.

Mrs. G. F. Stratychuk, Canora, Sask. writes: "Last winter I took a most severe cold on my lungs and was coughing up phlegm and blood most of the time. I had the cough for over two months and took a great deal of different medicines, but found no relief from them. At last a friend advised me to take Dr. Wood's Norway Pine Syrup, which I did, and it gave me great relief in a very short time and today I am enjoying good health again."

The marvelous results that Dr. Wood's Norway Pine Syrup has achieved in its cures of coughs and colds has caused many so-called "pine" preparations to be put on the market, which do not contain any pine whatever. See that you get the genuine when you ask for it.

Put up in yellow wrapper; three pine trees the trade mark; price 25c and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Got Five Times Results
From Classified Advertisement in The Daily News as from Five Coast Papers

This is what J. R. Terry, secretary, British Columbia Poultry Association, writes of the results obtained from a small classified ad. in The Daily News:

The Editor, Nelson Daily News, Nelson, B. C.

Enclosed please find cheque for $2.00 in payment of attached account.

It might interest you to know that I placed the same advertisement for the same number of times in The....., ... and .....three dailies published in Vancouver. I also published it in The..... and the ....., of Victoria. Up to the present we have received more memberships through the advertisement in your paper than from the other five journals, covering a population 500 times more than your journal covers. This is highly creditable to you.

Yours truly,
J. R. TERRY
Secretary B. C. Poultry Association

The advertisement to which Mr. Terry refers was as follows:

POULTRY Breeders wishing valuable free advertising in Breeders' Directory should join Provincial Poultry Association. Send one dollar membership fee and list of breeds kept immediately to J. R. Terry, Agricultural Department, Victoria, B. C. (1243)

The Reason:
DAILY NEWS ADS. ARE READ BY THOSE WHO WANT TO BUY OR SELL

Poultrymen and others who wish to get into touch with those desiring to buy or sell cannot do better than state their wants in The Daily News classified columns. The cost is small. One cent a word per issue. Six insertions for the price of four. Fifteen cents a word a month.

City Council Decides to Obtain Outstanding Monies for Sewer Service If Possible

As there is a large sum of money owing to the city for sewer rentals, the city council decided at its meeting last night to notify persons whose accounts were in arrears and that if payment was not made within 60 days of notification the money would be obtained through process of law.

"There is a lot of money owing to the city and we will have to go after it," said Mayor McDonald. "We have got to do some work on our streets and I don't see any other way of getting the money, and it is very foolish to borrow when the people owe it to us."

Acting on a suggestion by the Great War Veterans auxiliary, the council decided to purchase greeting cards, which will be presented to all returning soldiers, both of Nelson and passing through the city on the way to their homes. The cards are to take the form of a welcome to the city and may be printed with a picture of some Nelson public building. The matter of choosing the style of card was left in the hands of the mayor and the city clerk. Mayor McDonald stated that this idea had been taken up in the eastern cities.

On a motion by Ald. I. A. Austin, the city clerk was instructed to write to the government stating that the West Kootenay Power and Light company was not looking after its contract to remove the gravel from the intake at the plant.

A question by the mayor as to what should be done with the city farm this year brought out little discussion as it was the unanimous opinion of the aldermen that the best thing that could be done was to sow oats and grass seed or clover and use the fodder for feeding the city's teams. It was said that the ground was all worn out and would not be any good for garden purposes.

A letter was read from Mrs. Luscombe, caretaker of the city hall, asking for a raise in her salary. The city clerk contended that the best way to meet this was for the city to collect a small fee from any public bodies which used the council room for meetings, and that this money should be given to the caretaker for the work of cleaning the room.

"They get heat, light and the use of the room for nothing, and they should pay for cleaning it or else hire a hall somewhere else," Ald. Austin said.

Present at the meeting were: Mayor McDonald and Aldermen McHardy, Choquette, Austin and Burns. The absentees were Ald. Rose and Andrew.

KOOTENAY SOLDIERS ON WAY HOME

(By Daily News Leased Wire.)

VICTORIA, B. C., Feb. 24.—The following returned soldiers arrived in Halifax yesterday aboard the transport Canada, and left the same day for the west:

Private C. F. Middleton, Nelson; Private G. W. McNeill, Cranbrook.

McKENZIE TAKES CROWD OVER BATTLEFIELD

(Continued from Page Six.)

it. Canada's sons were prepared. The Canadians had as many shells in one little section of land as the whole British expeditionary force at the beginning of the war. Then came the great day of April 9. Every soldier was actually taken into the confidence of the commanders. They had actually practised their part in the struggle back of the lines before they went into real action. As one German commander wrote in a despatch we captured: "There were no deserters among the Canadians; they are stone troops and not to be despistd.'

"The Canadians surprised the Germans when they had three times as many guns as the Germans expected. The Canadian artillery fire was so intense that it actually completely obliterated parts of the German lines. When they were captured it was imposesible to tell where they actually stood. Not a vestige was left after that Canadian artillery got throgh with them. One German battalion had 60 per cent of its men wiped out within a few minutes. By the afternoon of that fight impregnable Vimy was in Canadian hands.

Attack on Hospitals.

Mr. McKenzie described German airbombing attacks on Canadian hospitals and why they changed their opinion about the sportsmanlike qualities of the Germans.

Interesting Pictures.

At this period in the speaker's narrative, the theatre was darkened so that pictures of events of interest to Canada might be thrown on the screen.

Views of shell-torn Arras and Ypres were shown, the devastation of the Hun being clearly outlined. Mr. McKenzie stated that a city had never done a nobler thing than the city of Philadelphia when they resolved that they would rebuild Arras again to its full glory; to more than its full glory, because there would be memories for France in her, as she will again be some day.

One showed Canadian cavalry going into action. It was not in the thick of a battle, in solid array, but the gallant horsemen were rushed forward in single or double file. Then came a bomb explosion which struck the entire squadron. Several ho rolled over dead but the others d on—to their goal and victory.

"We paid hard, the price was a price," the speaker said, as the li were turned on again. "It told h ily on the mothers and daughter home as well.

"Our men did their work in a r cause. But they did it for the as ed price of liberty and justice fo time."

Charles Goodfellow, proprietor the Whitby Gazette, is dead.

Just What the Edison Tone Test Demonstrates

This is an effort to explain in simple, lucid language exactly what the Edison Tone-test demonstrates. When you have read it we want you to have as clear an idea of just what the test signifies as though you personally had witnessed one.

The demonstration is simple in the extreme. The instrument is placed upon the stage, an artist stands beside it. The instrument begins to render one of the singer's own songs. After a few minutes the artist begins to sing the same song with the instruments. Suddenly the singer ceases and the NEW EDISON continues alone. Can you distinguish the difference?

That Is the Question

In plain, everyday English, the foregoing is a description of an EDISON TONE-TEST. These tests have convinced more than 2,000,000 people that Thomas A. Edison has achieved what was believed to be impossible. We are publishing this not only to convince you of the truth of our assertion about this incredible instrument, but also to urge you to call at our store and learn for yourself what we mean by the phrase "MUSIC'S RE-CREATION."

An actual photograph of Glen Ellison (who will be heard in concert on February 28, 8:45 p. m. in Eagle Hall), who will sing in direct comparison with the New Edison and prove that his performance and that of the instrument are indistinguishable.

Invitations to the capacity of the theatre will be issued free of charge. Please call at store.

Watts, $2; Miss A. Fawcett, $1; J. Hyslop, $1; A. T. Richards, $1.

"SIX DAYS SHALT THOU LABOR" IN MONTANA

Helena, Mont.—"Six days shalt thou labor."

This biblical injunction must be observed by sheep-herders, cowpunchers, ranch hands, chore boys and other followers of agricultural pursuits, according to representative Harrington of Silver Bow.

Today Harrington gave notice of a bill providing for a six-day week for all farm, agricultural and livestock laborers. "The sheep and the cattle must also rest," said Mr. Harrington, when asked if the shepherd would be violating the law in case he tended his flock on Sunday.

Three defaulters sent by a Kingston magistrate to the penitentiary for one year each must spend their term in the Central prison, as one-year-termers are not admitted to the penitentiary.
