French Make Big Gains.

(By Daily News Leased Wire.)

ARIS, Nov. 6.—The operations by French today netted one of the test advances yet made, measuring e than six miles at various points. important towns of Vervins, ntcornet and Rethel were occupied progress was made far beyond e places, the war office announced ght. The text of the statement ows:

Our troops continued to pursue the my throughout the day on an ex- ed front between the Sambre and Meuse. Our armies, breaking down resistance, made an important ance, which exceeded 10 kilometres ertain points and freed numerous lities with their civil population. French Take Nouvon.

WITH THE FRENCH ARMY IN FRANCE, Nov. 6.—10 p.m.—The French armies made another forward bound today of from five to seven miles all along their front from east of Guise to their junction with the American forces west of the Meuse, pressing close upon the rearguards left by the Germans who are in full retreat.

Gen. Debeny's troops, tramping through mud and drenched by the downpour of rain, captured Nouvon and Regnaval forest. The booty taken over this front indicates that the enemys retreat has been more precipitate than that of yesterday. Prisoners captured say that the retreat will continue for a distance of 15 or 20 miles further.

The march of Gen. Gouard's men toward the Meuse went on during the day with increased speed. After working al night under heavy shell and machine gun fire in the construction of bridges for infantry and artillery over the Aisne and the Ardennes canal, they crossed the swollen stream in force and took up their advance this morning, throwing back the rearguards, taking Rethel and advancing into the Rethel pocket for an average distance of 6½ miles and liberating 24 villages with the greater part of their inhabitants.

The cavalry of the French army had this afternoon reached the road from Vervlens to Avesnes. A considerable number of prisoners and immense booty fell into the hands of the French armies during the day.

Rain Impedes Enemy Retreat.

BRITISH HEADQUARTERS IN FRANCE, Nov. 6.—Reuter's.—The Germans are retreating all along the front of the 1st, 3rd and 4th British armies where they are being pressed hard. The heavy rain continues and the ground has become sodden. This, however, while it handicaps the British movements, equally impedes the enemy in his efforts to save material.

Sedan on Fire.

WITH THE AMERICAN ARMY ON THE SEDAN FRONT. Nov. 6.—Reports from the centre of the American line are to the effect that the town of Mouzin is on fire and that part of Sedan is burning. The division fight-

BELGIAN KING ENTERS COURTRAI

Thousands Welcome Monarch and His Wife to Reclaimed City—Stand in Pouring Rain.

(By Daily News Leased Wire.)

WITH THE ALLIED ARMIES IN FRANCE AND BTLGHUM, Nov. 5.—8 p.m.—The King and Queen of the Belgians this afternoon paid their first visit to Courtral since the city was freed from the enemy by the British. The sovereigns entered unostentatiously; there was no grand procession, but thousands of Belgians lined the streets and their welcome was one of the wildest enthusiasm.

A heavy rain throughout the day failed to keep the people indoors. The crowds stood under the downpour until the approach of the king and queen, then expressed their feelings in mighty cheers.

The visit was shorn of all formalities. The king and queen lunched with the British corps commander and the members of his staff and later received the American newspaper correspondents.

BRITISH BOAT SINKS.

LONDON, Nov. 6.—A British patrol boat was sunk Monday in collision according to an admiralty statement today. One many was drowned.

On Tuesday a British auxiliary was sunk in collision, there being no casualties.

KAISER PRAISES WESTERN ARMIES

(By Daily News Leased Wire.)

AMSTERDAM, Nov. 6.—The German emperor has sent messages to the western army groups thanking them for their "extraordinary achievements" and expressing his gratitude to the troops on the Aisne, whose bravery has frustrated the great plans of the enemy.

AUSTRIAN SHIPPING COMPANY BANKRUPT

(By Daily News Leased Wire.)

AMSTERDAM, Nov. 6.—The Austrian Lloyd Shipping company of Trieste is going into voluntary liquidation, according to the Berin Tageblatt. This company lost in three years of the war 6,436,000 crowns.

ITALIANS WIN FIVE BILLION WAR BOOTY

Army Now Has Over Million Prisoners—Six Thousand Guns Taken from Austrians

(By Daily News Leased Wire.)

ITALIAN HEADQUARTERS IN EASTERN ITALY, Nov. 6.—The Italian army is gathering in the booty of its great victory. The value of the captured material will eventually reach $5,000,000,000, it is estimated. It now includes 200,000 horses and 6000 guns. By a rough count, 1,000,000 Austrian prisoners are now in Italian hands. It is said that the defeat of the Austrians in the last drive was ten times more costly to them than the defeat suffered at Caporetto last year was to the Italians. Italian troops are now beyond Bolsano and are slowly moving forward over roads impeded by the wreckage of war.

REPUBLICANS WIN CONTROL OF THE HOUSE

Have Safe Majority—Smith Appears to Have Beaten Whitman in New York.

(By Daily News Leased Wire.)

WASHINGTON, Nov. 6.—Congressional election returns were still incomplete late tonight, but it was apparent that the Republicans had taken control of the house by a majority of at least --, probably more. The senate was very close, with the outcome depending on final returns in Michigan where Henry Ford was running a close contest with Truman Newberry, and in Idaho and New Mexico.

On the returns available 25 Republicans had been elected to seats in the house now held by Democrats and seven Democrats had been elected to seats now held by Republicans.

In the senate one Democrat had been elected to a seat now held by a Republican and six Republicans had been elected to seats now held by Democrats.

On the returns to hand the house figures were: Republicans, 229; Democrats, 196; Socialist, 1; dougtful, 9. A majority is 218.

In the senate returns showed: Republicans, 47; Democrats, 46.

Smith Probably Elected.

NEW YORK, Nov. 6.—Alfred E. Smith, Democratic candidate for governor, was given a lead of 12,000 over Governor Whitman, his Republican opponent in the race for governor, late tonight, with only 51 districts missing out of a total of 7230 in the state. The districts lacking were in remote rural upstate sections and although they are nominally Republican, it seemed improbable that they would wipe out Mr. Smith's advantage. The vote stood: Smith, 987,242; Whitman, 974,873.

GERMAN SAILORS SEIZE WARSHIPS

LONDON, Nov. 6.—Mutinous German sailors at Kiel have seized the battleships Kaiser and Schleswig-Holstein and refused to return to their duties until a treaty of peace with the allies is signed.

BRITISH SHIP LOSS NINE MILLION TONS

(By Daily News Leased Wire.)

LONDON, Nov. 6.—(Canadian Press Despatch from Reuter's, Limited.)—Speaking in the house of commons today, Right Hon. T. J. McNamara, parliamentary secretary to the Admiralty, stated that 8,946,000 tons of British merchant shipping had been lost during the war up to Sept. 30 last by enemy action. Of this number, 5,443,000 tons had been replaced by new construction and by the purchase of ships abroad and the utilization of captured enemy ships.

ITALIANS TO SEND THANKS TO AMERICA

(By Daily News Leased Wire.)

ROME, Monday, Nov. 4.—Francesco Nitto, minister of the treasury, who, during the absence at Versailles of Premier Orlando and Foreign Minister Sonnino, has been acting head of the government, has named a parliamentary mission to proceed immediately to the United States. The mission is composed of Senator William Marconi, Senator Ruffini, president of the Italo-American Union; Senator General Dallolio, who was for a time minister of munitions; and Prince Lanza di Scalea, former under-secretary for foreign affairs.

Wishing to show the appreciation of Italy for the part the United States is taking in the war, the mission will be bearers of gifts for President Wilson, the American congress and the city of New York, consisting of rare and original mementoes of Christopher Columbus, Ameriga Vespucci and Giovanni da Verrazzano.

The memoirs of Da Verrazzano, who explored the coast of North America from North Carolina to Newfoundland in 1524, discovering New York bay, are especially interesting as they refer to his American exploration.

The memoirs will be presented in artistic cases with special inscriptions.

FEAR AUSTRIANS WILL PLUNDER

(By Daily News Leased Wire.)

AMSTERDAM, Nov. 6.—The civil and military authorities at Innesbruck are trying to avert the danger of Austrian troops flooding northern Tyrol, and owing to the lack of provisions plundering the country.

Provision stations have been established and steps have been taken to disarm the troops. Beyond the plundering of some wagons of foodstuffs at the Innesbruck station, no excesses have occurred, so far.

Italian prisoners who left the detentiion camps have been reassembled and are being sent home.

AUSTRIANS MADE PEACE RAPIDLY

First Envoy Turned Down—Then a General Is Sent and He Is Given Quick Action.

(By Daily News Leased Wire.)

LONDON, Nov. 6.—British Wireless Service.—The procedure adopted by the Austrians in their application last week for an armistice is described by the correspondent of the Times at Italian headquarters:

"Toward the evening of Oct. 29," he says, "an Austrian officer was seen coming from the enemy trenches close to Serra Valle, above Ala, in the Adige valley. It became evident also that the white flag was genuine and Italian officers went forward to meet him.

"The officer, who was a captain, declared that he had come to discuss the conditions of an armistice. Taken to a neighboring commander, questioned, he was found not to have any authority, was sent back with a message that a more representative and duly accredited messenger shuld be sent if the matter was to be pursued.

"On Wednesday evening a white flag was again hosited and the Austrians having evidently determined to make due sacrifice of their pride, this time more fitting personalities appeared. At the head of a small group that approached the Italian trenches was the Austrian general Von Weber, a corps commander. The party consisted of eight persons and included another general and naval and military officers. There were also civilians, either diplomatic or government representatives and sechretaries and typists.

Receive Them Courteously.

"They were treated with every courtesy and when Gen. von Weber had formally stated his mission and shown that he was the bearer of proper credentials, he and his party were driven next day in motor cars to the Villa Giusti, close to Gen. Diaz's headquarters. At 9 o'clock in the morning Gen. Badoglio, chief of staff, drove with an escort of cavalry to the villa and on his arrival troops present saluted and bugles were sounded.

"Entering the villa, Gen. Badoglio found the Austrian mission standing in line in the drawing room awaiting him. Gen. Von Weber was in full uniform, wearing the stars and ribbons of his orders. Gen. Badoglio saluted him and upon seating himself asked the Austrian general his errand. Gen. Von Weber asserted that he came to ask the terms upon which an armistice would be granted. Gen. Badoglio answered that within an hour he would let him know the general lines of such an armistice contained in a written message. He then left the room and the written message in question was at once sent to the villa.

"Meanwhile telegrams were exchanged with Versailles and during the afternoon the precise details under which an armistice would be granted were received from Signor Orlando, the Italian premier, and again in written form handed to Gen. von Weber. During the evening one of the Austrian envoys left by motor car for Serraville with a draft of the conditions to be communicated to the Austrian government.

The Austrian plenipotentaries did not show themselves outside the villa nor walk in the ample gardens."

HUNS PLEAD WITH FOCH TO GRANT PEACE

Her Allies Crushed, She Sends Envoys to Ask Entente Commander for Armistice.

(By Daily News Leased Wire.)

LONDON, Nov. 6.—11:30 p.m.—The German armistice delegation has reached the allied lines. This information reached the lobby of the house of commons late tonight.

(By Associated Press.)

Germany is standing hat in hand, at the door of Marshal Fochs headquarters humbly begging for peace.

Deserted by all her former allies, her great military machine is in the process of destruction by the onslaughts of the entente allied armies; her dream of world domination rudely dissipated, Germany begs for a cessation of hostilities, notwithstanding the hard terms she knows she must pay.

Scarcely had the decision of the supreme war council at Versailles with regard to a cessation of hostilities with Germany been made public than Germany was speeding emissaries to Marshal Foch to learn what the commande in chief's terms are to be.

Germany Soon to Get Terms.

WASHINGTON, Nov. 6.—Armistice terms prepared for Germany by the supreme war council soon will be in the hands of the German emissaries now on their way from Berlin to the western front, but the time that must elapse before there is a decision as to their acceptance or rejection probably will depend largely upon the powers with which the German delegation has been clothed. There is nothing here to indicate just what authority has been conferred upon these representatives of the German government. The official announcement from Berlin, via London, today says:

"A German delegation to conclude an armistice and take up peace negotiations has left for the western front," but the language employed may or may not be significant. Officials here have assumed that the German representatives after securing the terms from Marshal Foch, will transmit them by telegraph or convey them personally to the German high command in the field, for it is understood to be the purpose in the present case, as was done with Austria, Bulgaria and Turkey, to deal with the armistice as purely a military issue between the military commands.

Several Days to Elapse.

Should this procedure be followed it is regarded here as probable that several days may elapse while the German general staff, nominally, at least subordinate to the civil government, can consider the conditions laid down and reach a decision. There can be no argument as to the terms, no matter how harsh they may appear to the Germans. The only course left to Germany is to accept or reject them. Meanwhile Marshal Foch is expected to continue the pressure on the Teutonic armies, which now threatens their safety along a 200-mile front.

No announcement has yet been made as to when the terms of the armistice will be made public. The publication will probably be delayed until Germany has reached a decision with regard to their acceptance or rejection.

LONDON, Nov. 7.—The Daily News says it learns that the German peace delegation has reached the western front and has been permitted to cross into the allied lines.. The newspaper adds that the delegation will be received by Marshal Foch this morning at daylight.

LONDON, Nov. 7.—The Daily Express says it understands that Marshal Foch may receive the German armistice delegates this (Thursday) morning.

HUNGARY IN CHAOS

(By Daily News Leased Wire.)

PARIS, Nov. 6.—Tonight's official report says:

"Eastern theatre, Nov. 5: French forces have occupied the bend of the Danube in the region of Orsova. Important German war material was seized in the region of Semandra. Disorganization continues in Hungary. Serbian prisoners are returning in great numbers to their own country, aided by the Hungarian people."

ALLIES TO OCCUPY THE DARDANELLES

(By Daily News Leased Wire.)

LONDON, Nov. 6.—Preparations are being made for the transfer of British and French troops to occupy the Dardanelles and Bosphorus, says the Evening News today.

Italians Push Ahead.

ROME, Nov. 6.—The Italian official communication issued today says:

"At 3 p.m. Monday our troops had reached the St. Uderno in the Venostra valley; Cembra in the Aviso valley, Levico in the Sugana valley; the Passo Della eMndola and the defile of Solonne in the Adige valley; Fiera di Primero in the Cismon valley, Pontebba Plezzo, Tolmino, Gorizia, Cervignona, Aquileja and Grado.

"The movements provided for by the clauses of the armistice with Austria are being carried out. During yesterday no war operations were reported."

OHIO GOES DRY.

(By Daily News Leased Wire.)

COLUMBUS, O., Nov. 6.—Ohio yesterday entered the fast growing column of states where intoxicating liquors cannot eb sold or purchased. With the reports from rural counties today showing such a marked tendency toward the dry amendment it became evident early that the 30,000 lead that the wets had obtained would be overcome and predictions to this effect proved true.

With slightly less than 500 precincts out, almost all of which are located in territory which heretofore has been dry, the prohibition forces have assumed a lead of 6000 tonight and their leaders confidently predict that the final majority would be close to 15,000.

BERLIN BREAKS WITH RUSSIANS

Send Bolsheviki Representatives Home —They Had Revolutionary Literature in Baggage.

(By Daily News Leased Wire.)

COPENHAGEN, Nov. 6.—An official report from Berlin says:

"The Russian diplomatic representatives will leave Berlin early today by special train for Russia."

The discovery of Russian revolutionary propoganda pamphlets, printed in German, in the baggage of a courier of the Russian embassy at Berlin, is probably the cause of the breaking off of diplomatic relations between Germany and the Russian soviet government.

GERMANS CONTROL EASTERN SILESIA

(By Daily News Leased Wire.)

AMSTERDAM, Nov. 6.—According to Vienna advices eastern Silesia almost to the frontier has been placed under the administration of a German people's council. Cracow newspapers received here say that the Czech commander at Prague has ordered the Czech commanders in Silesia to regard Siilesia as a Czech state.

WORLD SHIP TONNAGE GREATER THAN EVER

(By Daily News Leased Wire.)

LONDON, Nov. 6.—The admiralty announces that the output of world tonnage in the last quarter exceeded the losses from all causes by nearly half a million gross tons.

The United Kingdom built new shipping to the amount of 411,395 tons; the other allies and neutrals, 972,735 tons. The tonnage of merchant vessels completed in the United Kingdom and entered into service in October was 136,100.

F. J. STACPOOLE WILL BE NEW REGISTRAR OF TITLES

(By Daily News Leased Wire.)

VICTORIA, B.C., Nov. 6.—Frank J. Stacpoole, K.C., of Victoria, formerly of Dawson, will be appointed to be registrar general of titles for this province in succession of J. G. Gwynne, who has been appointed liquidator of the Dominion Trust company. A daughter is Mrs. Acres of Grand Forks.

THIS PROVINCE MAKES BEST LOAN SHOWING

(By Daily News Leased Wire.)

TORONTO, Nov. 6.—"Half time" on the 1918 Victory loan and the grand total standing at $222,711,700 as compared with last year's figures of $144,- **Leads in Comparative Statement with Last Year—$222,000,000 for the Dominion.**

624,800 and this with the last day's figures from all the provinces outside of Ontario not yet reported to headquarters.

Ontario, with returns in from 57 out of 58 canvassing districts, added $11,-386,250 to her figures of yesterday, placing a total to her credit for the nine days of $119,265,400, as compared with $76,492,150 for the same period last year. Included in this figure is a total subscription from the city of Toronto to date of $41,257,500, of which $2,305,500 represents today's subscriptions. At half time last year Toronto's total stood at $34,511,000.

While the returns received do not permit a comparative statement to date of the records of the various provinces, an analysis of the returns for the first seven days of the drive show that three provinces had more than doubled their last years figures for that period. Of these British Columbia made the best showing, with Quebec second and Nova Scotia third.

The returns, as far as received from the provinces apart from Ontario follow, the Quebec total including $38,-007,950 from the city of oMntreal:

British Columbia	$11,350,800
Alberta	6,539,250
Saskatchewan	5,314,150
Manitoba	14,416,200
Quebec	48,832,200
New Brunswick	4,300,000
Nova Scotia	12,112,500
Prince Edward Island	557,200

LIVED LIKE CAVE MEN IN TRIEST

American Tells of Fearful Conditions Which Existed—Cost $18,000 a Year to Live.

(By Daily News Leased Wire.)

TRIEST, Nov. 4.—The only American in Triest when the Italian forces landed, was Arthur Daker of Pittsburg.

"We had been living like cave men for four years,' he said to the correspondent, "never seeing a friendly face and spending our entire income for food. It required $15,000 to live, even decently. It was a common thing for rich men to beg a pair of trousers from friends. There was so much paper money that it was useless. The only way to obtain a thing was to find something the other fellow wanted and then trade. Farmers gave up food on this basis. Shoe strings sold at $2 a pair and cigarettes for a quarter each. Flour was $5 a pound. Horse meat was the same price as also was butter. The poor people of the city ate bread made from the bark of trees. In Dalmatia they ate grass."

Prof. Slaughter of the American Red Cross has arrived here on board a destroyer loaded with provisions. Travel is interrupted in order to prevent the loss of Austrian railway equipment and also because thousands of soldiers returning from the Italian front are commandeering trains and robbing the people aboard them, taking off their shoes and overcoats and relieving them of their money. The roads are crowded. Italian prisoners are returning home. They have been turned loose, apparently badly clothed and penniless from camps. The Austrians told them to get home as best they could. The Italian police are rounding up many thousands of prisoners and shipping them to Venice by transport. The Italians, however, are happy and shouts of "Hurrah for Italy" can be heard at every town.

The influenza in October killed 100 persons daily here. It is stated that thousands died every day in Vienna in October where it was impossible to bury the dead owing to lack of vehicles Vienna is reported to be quiet except for the political demonstrations. The soldiers are demobilizing as they please in the capital.

Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning most, if not all, of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain—How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and many do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion

Smash Another Strong Line.

WITH THE AMERICAN ARMY ON THE SEDAN FRONT, Nov. 6.—Another formidable enemy line, on which the Germans planned to make a stand, was smashed by the Americans late Tuesday when they captured the town of Letanne, in the bend of the Meuse, south of oMuzon. From Letanne the line extended along the Meuse through Pouilly and Inor and eastward.

This line was part of the new defense along the Meuse from Stenay northward to Sedan. An elaborate trench system recently had been completed along the wire entanglements and miles of concrete basements for heavy guns. In some places the emplacements were only 15 yards apart.

Pocket More Germans.

WITH THE FRENCH FORCES ON THE AISNE FRONT Nov. 6.—The resistance of the enemy at Rethel while French troops have formed along the Ardennes canal at La Cassine on the east and along the Ecly-Serain-court road to the west, has created another German pocket which is seriously menaced on both sides.

French artillery is now able to command the important railroad junction at Amagne-Lucup, from where the Mezieres line branches off.

French patrols maintain contact with the rearguards of the enemy during the night and an advance was resumed at dawn all along the line.

A passage of the Aisne river was forced between Attigny and Rethel, while further west a foothold was gained on the northy bank of the river at Barby.

A French engineering corps, working under fire of the enemy artillery, is throwing more bridges across the Aisne and the Ardennes canal.

British Cross Sambre.

LONDON, Nov. 6.—The British are continuing their advance to the east of Mormal forest, according to Field Marshal Haigs report tonight from headquarters and have occupied numerous villages and the important railway junction of Aulnoye. The statement says:

"We progressed along the whole battlefront today in spite of a heavy rain. Sharp fighting has taken place at a number of points with German rearguards and some hundreds of prisoners have been taken by us.

"On our right our troops pushing forward captured Sarligies and Marbaix. In the centre we have crossed the Sambre above Berlainmont and have captured Leval and Aulnoye, where we have taken prisoners. The important railway junction of Aulnoye is in our hands.

"Further north we have crossed the Avesnes-Bavay road, east of the Mormal forest and reached the railway to the south and west of Bavay, where sharp fighting is taking place within a short distance of the town.

On the left Canadian troops are continuing their progress east of the Scheldt and have captured Baisieux and Quievrechain.'

RAILWAYS ARE IN SHAPE FOR PEACE

War Board Says Prepared for New Conditions Whether Peace Comes Soon or Late.

(By Daily News Leased Wire.)

MONTREAL, Nov. 6.—"Whether peace comes tomorrow or next week, Canada's trade arteries are in healthy condition and will meet even the most complete changes in the current of traffic without confusion or congestion.'

"This statement was issued by the legislative committee of the Canadian railway war board at the end of a long session today. Lord Shaughnessy will continue as chairman presiding over Canada's entire railway system.

"Thanks to the foresight of the Canadian government in ordering engines built at a time when some of the roads in Canada were unable to finance and purchase, the power situation on the Canadian roads is now fairly satisfactory. Two hundred new engines are now in service on the Canadian Northern railway, Grand Trunk railway and Canadian government railway lines. The scarcity of locomotives which was on the verge of becoming acute last winter, is now greatly modified.

"The supply of freight cars has been increased by 14,000 new cars bought by the government for the government roads.

"Last winter over 20,000 of our cars were lost in the American traffic tieup. It is hoped that this winter the American lines will be able to return our cars almost as fast as they get them.

"The conditions of rails and roadbed is not as satisfactory as might be desired. New rails have been denied the roads, owing to heavy demands for steel for munitions. Out of the 100,000 tons finally allotted us, only 80,000 tons have been received. *These have been used to good* advantage on the main lines,

staffed. A special labor board formed at the request of the Canadian railway war board, with the cooperation of the brotherhoods, is administering the McAdoo award very satisfactorily. Over 1400 railway employees have been laid off by the influenza but are now returning to work. Forty-five thousand doses of anti-influenza serum have been sent west by the Canadian railway war board to forestall any further spread of the disease.

"Plans are being perfected for further unification of terminal and other facilities. We have reason to believe that except for possible contingencies of storm and zero weather, epidemics and labor shortage, the railway system of Canada is in more nearly perfect condition to face peace conditions and the reconstruction period than any in the world."

GET RID OF HUMORS AND AVOID DISEASE

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease.

For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. It is distinguished for its thoroughness in purifying the blood, which it enriches and invigorates. No other medicine acts like it, for no other medicine is like it.

IF GERMANY ACCEPTS

Before this is in type Germany may have accepted the Allies terms of armistice.

But, that would not mean that the Victory Loan would not be needed.

Canada will still need the Victory Loan when fighting ceases, just as she has needed the money to carry on the war.

After fighting ceases it will cost hundreds of millions of dollars to maintain Canada's soldiers until they can be demobolized.

Canada may have to keep her quota of men in occupied enemy territory.

Canada will have to transport her army home.

For some time to come Canada must continue to finance the supply of foodstuffs for Britain and her Allies on Credit.

War or no war Canada must continue to finance her ship building program to replace lost tonnage and to establish and maintain her proper place in the sea carrying commerce of the world.

All this will have to be financed through the Victory Loan, 1918.

So whether or not Germany accepts the Allies terms the Victory Loan 1918 must be subscribed and over subscribed.

Nothing less than this will enable Canada to complete her war effort and to maintain her agricultural and Industrial prosperity.

And, remember, this may be your last chance to buy Canadian Government bonds bearing five and one-half per cent interest.

NO CONSTIPATION NO PILES.

We think, without a doubt, that constipation is the most prevalent and at the same time one of the greatest troubles human nature is afflicted with. It causes more sickness than anything else.

Unless a free action of the bowels occurs at least once a day, constipation is sure to ensue, then comes the painful and uncomfortable piles, sick and dizzy headaches, coated tongue, obnoxious breath, sour stomach, heartburn, water brash and many other ailments.

Milburns Laxa-Liver Pills will regulate the flow of bile to act properly on the bowels, thus removing the constipation and its allied troubles.

Mr. Dan Doucette, Eel River Cross, N.B., writes: "Having been troubled for years with constipation and trying everything I knew of, a friend advised me to use Milburn's Laxa-Liver Pills. I used four vials and am completely cured. I can gladly recommend them to anyone who suffers from constipation."

Milburn's Laxa-Liver Pills have been on the market for the past 25 years and have been used with the best results by thousands of people in that time and we have yet to hear of a complaint as to their curative powers.

FOUR MORE DIE IN ROSSLAND

Thirty-Eight Deaths in City Altogether—Influenza Epidemic is Well Under Control

(Special to The Daily News.)

ROSSLAND, B. C., Nov. 6.—The influenza epidemic seems to be getting under control, there being very few new cases and those are of a mild type. The mortality from old cases, however, continues high. Miss Millicent Evans, daughter of Sheriff R. T. Evans, died at the Sisters hospital this morning; also a Mrs. Williams from Paterson; Baden Nichols, 18-year-old son of Frank Nichols. Charles Mickelson died today, making the fourth of the Mickelson family to fall a victim to the epidemic. The funeral of James Trevarrow, who died at Grand Forks, took place here this afternoon, Rev. Chester officiating. Five serious cases were removed from the Allan hotel to the Sisters hospital, Mrs. Frank McKenzie, Mrs. Sdao and child, Joe Mauro, Tony Soren and Mr. Nygard. Mrs. Ionin, nurse from Nelson, is suffering from the disease. The death toll is now 38. Dr. Coffin is sufficiently recovered to be out of bed, but not out of doors.

CLOSE ALBERTA RETAIL STORES

Measure Is Taken to Wipe Out Flu Epidemic—Ten Thousand Cases in Province

(By Daily News Leased Wire.)

EDMONTON, Nov. 6.—The provincial board of health this afternoon passed an order closing all offices and mercantile retail shops of all kinds except banks, doctors, dental offices and cigar stores, in cities of over 5000 population every day until 1 p.m. The order comes into effect Friday, Nov. 8, and continues until Saturday, Nov. 16. It does not apply to Calgary on Wednesday, as there is a standing half holiday there on that day. The intent of the order is to relieve store and officee mployees to fight the influenza.

The provincial board reports the epidemic to be still on the increase in Alberta. New cases reported are 1577, making a total of 10,738. This is believed to be less than one-third of the actual number of cases.

TRAIL DOUBLES 1917 TOTAL

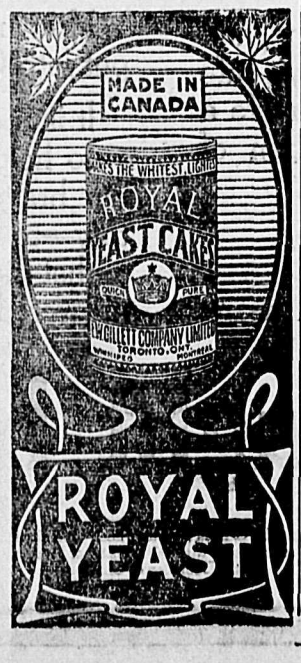
(Special to The Daily News.)

TRAIL, B. C., Nov. 6.—R. D. Mitchell, Victory Loan organizer, announces that Trail has subscribed a total of $175,000 to the loan to date, and is entitled to an honor flag. This amount is over double the amount subscribed during last year's campaign.

GRAND FORKS HAS ITS HONOR FLAG

"Grand Forks is so busy writing Victory bonds that it has no time for 'flu,'" declared F. W. Sterling, the district organizer, who was over in the Boundary district yesterday.

The city won its honor flag yesterday with a total to date of $101,250, and the committee is out now for $150,000 before the campaign closes. Grand Forks' quota was $75,000.



POLITICS HAVE MARKET EFFECT

Are of More Influence on Trend of Dealings at New York Than War.

NEW YORK, Nov. 6.—Politics wielded far more influence over today's stock market than any other factor, even the foreign situation being relegated to the background. Much of the buying was attributed to investment sources.

United States Steel which has denoted professional pressure for the past fortnight, fluctuated on moderate dealings between 101½ and 103⅞, holding virtually all its advance at a net gain of 2½ points.

Rails furnished the broadest and most convincing foundation. Southern Pacific rose to the year's new maximum of 106⅞, all but the smallest fraction of which was retained.

Shippings supplied a large percentage of the sessions dealings, Marine preferred losing part of its 3¼ point in the last hour. Among the inactive equipments, Harvester company was conspicuous for its gain of 6⅝ points. Sales amounted to 675,000 shares.

The strength of the bond market on the most diversified dealings of the year was wholly due to rails, in which speculative issues rose 1 to 2½ per cent. Liberty bonds firm; internationals becoming irregular after early gains. Total sales aggregated $14,775,000. Old United States bonds unchanged on call. Coupon 4s rose 1½ per cent on sales.

CORN CLOSES STRONG ON PEACE PROSPECTS

CHICAGO, Ill., Nov. 6.—Prospects of greatly enlarged food requirements for Europe led to big advances on the exchange here. Corn ran up 8¼ cents a bushel and closed strong at a net gain of 7½ to 7⅞, with december at $1.21¼ to ½ and January at $1.22⅛ to ⅜. Oats advanced 2¾ to 3⅝ cents and provisions 35 cents to $2.20.

COLEMAN SPEAKS OF SOPHIA WRECK

Only Consideration of Company and Captain was Safety of Passengers Says Vice-president.

(By Daily News Leased Wire.)

VANCOUVER, B.C., Nov. 6.—Dalton C. Coleman, vice-president of the Canadian Pacific railway, who has been on the coast the last few days investigating the loss of the steamer Sophia, made the following statement this afternoon:

"The Canadian Pacific Railway company would ask the public to receive with reserve any hysterical statements made in connection with the loss of the Princess Sophia. No doubt a proper government investigation will be held in due course and, in the meantime, in justice to the captain and crew who lost their lives, and in justice to the crews of the American boats who went promptly to the rescue of the Sophia, judgment should be suspended.

"Statements to the effect that Capt. Locke refused offers of help because he was awaiting instructions are absolutely ridiculous. This same captain has been known to go 60 miles out of his course to render assistance to a disabled vessel without instructions from his headquarters and was commended for so doing. In the present case he asked no instructions but merely reported the situation, what help he had received and told why it was impossible to transfer the passengers at once. Immediately after the ship was stranded the captain was telegraphed about measures for the safety of the passengers and every telegram sent him by the management of our coast service referred exclusively to this point and no reference whatever was made to the question of expense or even of salvaging the boat itself. The safety of the passengers was our first and only concern and being perturbed over the fact that it was impossible to get them off on the day of the stranding, we telegraphed not only our own general agent in Alaska about adequate assistance, but the telegraph service being such that a proper reply was not forthcoming, a telegram was despatched to the United States collector of customs at Juneau asking if he could do anything and a satisfactory reply was received from him. As to the measures which might have been tagen to get off the passengers we would refer the public to the official report of the captain of the United States ship Cedar to his government, and the public statement given to the press by the governor of Alaska."

BARCELONA MAY GIVE BONDS AS A BONUS

(By Daily News Leased Wire.)

TORONTO, Nov. 6.—Maple Leaf's 2 point advance to 133½, close to the high mark for the year established a few weeks ago, and Barcelona, which at 15 equalled the previous high for the year, were the outstanding features of trading on the Toronto exchange today.

The revival of interest in Maple Leaf was without explanation, apart from the oft-repeated rumors that a generous distribution of Victory bonds in the form of a bonus to shareholders will be made before the end of the year; 133½ was bid at the close and 134½ asked. Barcelona, recently neglected, opened firm at 14½ and finished at 15. Mackay at 79 showed an advance of ½ and a small lot of Imperial bank sold at 188, a gain of a point.

MONTREAL TURNOVER SMALL

MONTREAL, Nov. 6.—A small turnover on the Montreal exchange today was characterized by somewhat greater breadth to the demand and a slightly stronger tone.

Maple Leaf rose 2½ to a new high record of 133 with bids up shartly to 134¾ at the close and no stock offered under 140.

Dominion Iron sold ¼ higher at 82⅝, bnut relinquished half the gain later. Steel of Canada moved up 1 point to 63 and held the gain. Cement was also ½ higher at 64¾ and Car preferred gained a full point at 58.

OVERCOMING THE FLU EPIDEMIC RAPIDLY.

It is now certain that the influenza epidemic is definitely under control. There are a few new cases from time to time but good reports are coming from all over the district, although pneumonia, the most dangerous of influenza's after effects, continues unfortunately to claim some victims.

That the district should be recovering so rapidly from the epidemic is most gratifying and is due to the prompt measures which were taken and to the fact that the public wisely refused to become panic stricken. Fright would undoubtedly have increased the disease, as few thing are more debilitating than panic.

While The Daily News is still operating without 14 or 15 members of its staff and must continue for some days to ask the indulgence of its readers and advertisers for any shortcomings that may be apparent, it is glad to say that it expects that the majority of those who are ill with "flu" will again be on duty shortly.

Whether Germany surrenders or not every dollar that can be raised will be needed for the Victory loan. The after-the-war reconstruction and readjustment period will cost hundreds of millions of money which must be expended if this country is to retain its true place in the affairs of the world and maintain its prosperity.

HUNS USE GAS ON WOMEN, CHILDREN

Poison Civilians with Chlorine Shells as German Armies Retreat from Belgium.

(By Daily News Leased Wire.)

WASHINGTON, Nov. 6.—German forces in their retreat from Belgium are bombarding defenseless towns, using especially gas shells and devastating the countryside, according to an eyewitness account made public today by the Belgian legation.

"The Belgian government has been informed," said the statement, "by a reliable eyewitness who follows closely the operations on the Belgian front, that at the very moment that the German government announced its protest against inhuman acts and while Germany offers to stop aerial bombardments in the interests of the civil population of the occupied territory, the Germany have bombarded the villages and towns which they were obliged to abandon during their retreat; they have used especially gas shells for this purpose.

"Indescribably heartrending scenes have occurred, the unfortunate population having no masks or means of protection against these death spreading fumes. A Belgian soldier entering Wyngheme, his home town, found his wife dying and his little daughter dead, victims of poison gas, and his home a heap of ruins. The country all around Ghent, the rich and beautifully cultivated fields and pastures, the picturesque villages of Hansbeke, Landeghem, Nevele, Laethem, Saint Martin and Tronchiennes, present a horrible sight of devastation and havoc. Not a church was spared from destruction.

"From these facts one may appreciate how appropriate are the humanitarian propositions and protestations of the German government."

PEACE WILL ADD TO FOOD DEMAND

(By Daily News Leased Wire.)

OTTAWA, Nov. 6.—Whenever peace comes it is certain not to add a single ounce of food to the hungry world, says the chairman of the Canada food board, quoting the resolution of the supreme war council to aid with food measures Austria, Turkey and Bulgaria. Bulgaria adds a total of four million people to those who must be fed, Turkey roughly 15 millions and Austria-Hungary 50,000,000.

It is estimated that more than 250,000,000 mouths will have to be fed largely from this side of the Atlantic.

WRONG BOTTLE AGAIN!

Mr. Thomas Wade, of Alma, N.B., accidentally applied some acid to a sore leg, thinking the bottle contained liniment. Writing of the effect, he says:

"The acid burned deep into my flesh and set up poisoning, causing me intense pain. I really thought I should lose my leg, but a friend advised me to try Zam-Buk. I did so, and the effect was marvellous! Zam-Buk very quickly ended the pain and drew out the poison. Eventually it completely healed the sore place."

"Bring My Daddy Home Soon"

IN thousands of Canadian homes to-night, the prayers of little children will ask Heavenly protection for fathers and brothers "over there."

If you could enter one such home, and hear a child lisp that plea for daddy's safe return, there would come into your life a newer and more personal realization of what war means.

You who have no kin in France—

Surely you have eyes to see and hearts big enough to understand the obligation that rests on you.

Surely you will provide the money—all the money you can—to bring about that Victory which will answer the prayers of our soldiers' little ones.

How much of your earnings will you put into Canada's Victory Bonds?

It is more than a duty—it is a privilege—to help provide everything that enables our brave Canadians to march on to Victory—to bring the struggle to an early end—that the prayers of their little ones may be answered and

"daddy brought home soon."

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

ORDER-IN-COUNCIL.

Government House, Victoria, B.C., October 22nd, 1918.
Present: His Honor the Lieutenant-Governor in Council.

Whereas by "An Act Respecting Pound Districts" it is enacted that the Lieutenant -Governor in Council may, by Order in Council made public by notice in the British Columbia Gazette, constitute any part of the Province of British Columbia not within the *limits of a municipality into a pound* district:

And whereas, under the provisions of this Act application has been made by proprietors of land in that port of the District of Needles in the County of Kootenay and comprised within the following boundaries, to constitute *the said district a pound district*: Starting at the southeast corner of Lot 8135 Group 1, Kootenay district; thence due west to the western boundary of township 70; thence due north to the southern boundary of preemption 792; thence due west to the southwest corner of said preemption; thence due north to the northwest corner of said preemption; thence due ea to the northeast corner of Lot 7891; thence due north to the northwest corner of Lot 8546; thence due east to the northeast corner of said lot; thence due north to the northwest corner of Lot 9882; thence due east to the northeast corner of said lot; thence in a straight line to the northwest corner of preemption 851; thence due east to the northeast corner of said preemption; thence in a straight line to the northeast corner of preemption 880; being a point on the west shore of Lower Arrow lake; thence following said shore in a southerly direction to the point of commencement.

And whereas notice of intention to constitute such district a pound district was given in accordance with the requirements of the Act, and no objection has been made by any proprietor within the proposed pound district:

On the recommendation of the Honorable the Minister of Agriculture and under the provisions of the "Pound District Act," His Honor the Lieutenant-Governor of British Columbia, by and with the advice of his Executive Council, has been pleased to order, and it is hereby ordered that that portion of the Needles district in the County of Kootenay, as comprised within the above boundaries, be constituted a pound district.

J. D. MACLEAN,
Clerk of the Executive Council.

FIRED OUT OF ARMY; HE SUES GOVERNMENT

OTTAWA, Nov. 6.—Major "Foghorn" Macdonald is after the government. Through his solicitor in Montreal, he announced, he has made application for a fiat which would enable him to start a $10,000 action against the government for false arrest and slander.

The proceedings have developed from his refusal to take off his uniform, though struck off the strength of the Canadian exepeditionary orce through orders in military district No. 4, under which jurisdiction he served.

"If the fiat is refused I will take the matter to the privy council," he said. "Foghorn" talks of running as an independent in Glengarry in the coming election.

What are Peps

Peps are the new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds and their price is within the reach of all. All dealers, 50c. box. Send 1c. stamp for FREE TRIAL PACKAGE.

BROTHER OF MRS. McCHARLES DIES FROM SPANISH FLU

Mrs. F. R. McCharles has received word of the death of her brother Duncan at Duluth, Minn., from pneumonia following an attack of Spanish influenza. Mr. McCharles was about 47 years of age and leaves a widow and five children, the oldest only 14, also his mother, who resides in Toronto, four brothers and four sisters. A brother died six months ago at Vernon, B.C.

MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If Tongue is Coated, Breath Bad, Stomach Sour, Clean Liver and Bowels.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out of sorts, half-sick, isn't resting, eating and acting naturally—look, mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative" because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

COAST THROWS DOWN VICTORY LOAN GAUNTLET

The city of Vancouver has challenged the districts of British Columbia that it will reach its quota of $8,000,000 before the districts gain theirs of $5,000,000. The districts of British Columbia have accepted the challenge. The acceptance, which was wired by Mr. Shallcross, chairman of the provinial organization reads:

"Vancouver city challenges us that they will reach their flag quota of $8,000,000 before the provincial organizations reach theirs of $5,000,000. I have accepted this challenge as I believe we shall win. The returns are coming in magnificently. We shall need to reach our quota by Saturday night. Please ask all your chairmen to join in this effort."

F. W. Sterling, district organizer, stated over the telephone last night from Grand Forks that he believed that every unit would reach its quota by Saturday night.

Yesterday being a half holiday the Victory loan canvassers did not do any extensive campaigning in the city. The total reported by canvassers was about $7000, but several purchases which were made through the banks had not been reported last night. Victory House alone took in applications to the amount of $1500 for the day.

MRS. LABADIE LAID TO REST

Wife of Dominion Express Employee Buried in City Cemetery Yesterday—Many Floral Tributes.

The funeral of the late Mrs. W. J. Labadie, who died last Sunday from pneumonia, was held yesterday from D. J. Robertson's undertaking parlors. Had Severe Cold
AND TICKLING SENSATION IN THE THROAT.

This trouble is most distressing and is caused from a cold that has settled in the throat.

How many people have lost a good night's sleep by that nasty, tickling, irritating sensation in the throat?

The dry, hard cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

Dr. Wood's Norway Pine Syrup, which is composed of the most soothing and healing expectorant herbs and barks, combined with the lung healing virtues of the world-famous Norway pine tree, will give almost instant relief in all cases of this nature.

Mrs. G. C. Routley, Bright, Ont., writes: "I take great pleasure in writing you of Dr. Woods Norway Pine Syrup.

For several weeks I was troubled with a severe cold, and a tickling in the throat. I tried numerous remedies but found no relief until I used Dr. Wood's Norway Pine Syrup, which I had heard so much about and on taking one bottle got instant relief. I highly recommend it to those who need a quick cure."

So great has been the success of "Dr. Wood's" in curing coughs, colds, bronchitis, etc., it is only natural that many imitations have been placed on the market. The genuine is put up in yellow wrappers; three pine trees the trade mark; price 25c and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

INFLUENZA SITUATION MUCH BETTER YESTERDAY

The influenza epidemic is decreasing in the city. Only one or two new cases were reported to the doctors yesterday and there were no deaths in the last two days. Several cases have been brought in from the outside districts.

There are still some critical cases and these were all reported to be doing as well as could be expected last night.

A number of the regular nurses are sick, though not seriously, and one or two of the volunteers have been taken ill with influenza, so the Red Cross, which has taken over the work of supplying nurses and hospital needs, is calling for more volunteers.

CANNOT LEAVE CANADA WITHOUT A PASSPORT

(By Daily News Leased Wire.)

MONTREAL, Nov. 6.—Under an order issued by the secretary of state, Washington, effective Nov. 11, 1918, all persons going from Canada to foreign destinations by way of United States seaports must procure permission for embarkation before leaving Canada, it was announced by railway and shipping interests here today.

Such permission may be arranged for either by executing a declaration and procuring a vise on passport before one of the American consuls in Canada, or by making formal application before any of the United States immigration officers located in Canada upon forms furnished by the said officials.

CIVIL SERVANTS ARE TO GET WAGE BONUS

(By Daily News Leased Wire.)

OTTAWA, Nov. 6.—The cabinet council has passed an order-in-council respecting a war bonus for civil servants. But what the terms of the order are and the amount of bonus granted, will not be announced till after approval by the governor-general, probably tomorrow.

It is regarded here as unlikely that the order-in-council will grant the full bonus of $350 to all. Most probably the bonus will be on a sliding scale, with the maximum bonus to those with dependents and getting the smallest salaries. One report has it that the maximum will be $250, which will go to married men with dependents getting less than $1800 a year.

The situation has aroused much excitement among civil servants. What amounted practically to an ultimatum was forwarded to the prime minister today by Frank Grierson, president of the civil service federation.

FLU EPIDEMIC REACHES LOW MARK AT COAST

(By Daily News Leased Wire.)

VANCOUVER, B. C., Nov. 6.—Influenza reached the lowest point here today since the second day of its outbreak when less than a dozen cases were reported up to midnight tonight.

BOTTOM DROPS OUT OF INFLUENZA SCOURGE

(By Daily News Leased Wire.)

TORONTO, Nov. 6.—"The bottom has dropped out of the influenza epidemic," said Dr. Hastings, medical health officer, this afternoon. The number of deaths registered today showed a great decrease compared with the figures of a week or two ago, 17 deaths being attributed to influenza and nine to pneumonia. When the epidemic was at its height as many as 150 deaths were registered in one day.

BURY DR. BOYLE

(By Daily News Leased Wire.)

TORONTO, Nov. 6.—The remains of Dr. J. Boyle, who was well known in Toronto, were interred in this city today. Dr. Boyle was stricken with influenza while working with his fellow practitioners to stem the epidemic which had broken out in the city of Edmonton.

SERIOUS RIOTS OCCUR IN AUSTRIA

(By Daily News Leased Wire.)

LONDON, Nov. 6.—Serious riots have occurred in Aussig, Bohemia and Pettau, Styria, according to a Copenhagen despatch to the Exchange Telegraph company. Soldiers and civilians plundered a great number of shops and factories and several houses were set on fire. Many persons were killed.
