GOVERNMENT WILL NOT CONDUCT INQUIRY INTO ADMINISTRATION OF ACT

(By Daily News Leased Wire.)

VICTORIA, B.C., Feb. 25.—There will be no inquiry into the administration of the Prohibition act by a select committee of the legislature. The resolution calling for such an investigation introduced by W. J. Bowser, Conservative leader, was ruled out of order by the speaker today.

ACTION WAS TAKEN ON TWO MEASURES

This action was taken on two measures. It was claimed the matter was now before the courts, inasmuch as the right of the province to hold an investigation was now the subject of an appeal following the decision of Chief Justice Hunter in the Gartshore case, while, as well, an investigation by a select committee of the legislature would involve the expenditure of public funds and any resolution dealing with such expenditure must originate with the government.

BOWSER'S APPEAL DEFEATED ON PARTY VOTE

Mr. Bowser appealed against the ruling of the chair, but his appeal was defeated on a straight party vote. The soldier members voted with the Conservatives.

O'KELLY GETS NO REPLY TO HIS TELEGRAMS SENT TO PRESIDENT WILSON

SINN FEINER REPRESENTS IRISH "REPUBLIC" AND WANTS U. S. HEAD TO PAY ERIN A VISIT

(By Daily News Leased Wire.)

PARIS, Feb. 25.—Sean O'Ceallagh (whose name in plain English is J. T. O'Kelly), who is seeking recognition by the peace conference as the envoy of the Irish government, arrived quietly in Paris more than two weeks ago, having, according to his own statement, obtained a British passport by a subterfuge. Ostensibly he crossed the channel as representative of the corporation of Dublin to present the freedom of the city of Dublin to President Wilson and to press an invitation on the president to visit Ireland. Tucked away in his baggage, however, O'Ceallagh carried credentials as the delegate of the provisional Irish government.

Gets No Reply

Today O'Ceallagh said thus far he had received no reply to letters or telegrams to President Wilson asking the president to set a date for the reception committee to present to him the freedom of the city of Dublin. Since his arrival here, O'Ceallagh also wrote to President Wilson asking that he be received as delegate of the Irish republic.

"Ireland," he said today, "is building a lot on President Wilson, because of his pronouncement regarding rights of small nations. He never mentioned Ireland, but everybody there thinks he meant Ireland, and his words have been read eagerly in every household."

Is Determined

O'Ceallagh said he would present his credentials to the peace conference, even if he had to send them by messenger. He declares he expected opposition from Great Britain, but that he would accept nothing but representation for Ireland as a separate nation.

O'Ceallagh was a staff captain of Patrick H. Pears, "provisional president of Ireland" in the 1916 revolution and has been in prison nine times. He is a Sinn Fein member of the house of commons, although he has not taken his seat.

SAYS BRITAIN NOT INTERFERING ON PROHIBITION

(By Daily News Leased Wire.)

LONDON, Feb. 25.—In the house of commons today, Cecil B. Harmsworth, under-secretary for foreign affairs, denied that the British government had made diplomatic representation to the United States government on behalf of British investors who may suffer losses as a result of the spread of prohibition in the United States.

Mr. Harmsworth said that the British embassy in Washington had reported that no provision had been made by the United States government for compensating brewers for any losses they may incur.

HAUL CLAUSE IN BILL

(By Daily News Leased Wire.)

WASHINGTON, Feb. 25.—A favorable report was voted today by the senate interstate commerce commission on a bill by Senator Poindexter repealing the "long and short haul" clause of the commerce act, which has been pending for nearly two years.

Members of the committee said later there was little prospect of getting the measure passed at this session.

TO INCREASE TAXES IN SOUTH AFRICA

By Daily News Leased Wire.)

CAPE TOWN, South Africa, Feb. 25.—(Reuter's)—To partially meet an expected deficit in his budget statement for 1919-20, Treasurer Orr proposed the following changes in taxation for the union of South Africa.

An increase in duties on imported spirits of from $5 to $6 per gallon; increase in excise on colonial spirits of fifty cents, a substantial increase on beer; increase on excise on diamonds up to 10 per cent and inclusion of alluvial diamonds and the application of an excess profits duty.

Mr. Orr states that he intends to ask parliament for permission to issue war savings certificates to enable the small investors to participate in loans.

BOLSHEVIKI AT OESEL.

(By Daily News Leased Wire.)

PARIS, Feb. 25.—The German legation at Libau reports that Bolsheviki forces have occupied the island of Oesel and assassinated the secretary of the German legation, his wife and a courier. This announcement is contained in a Havas agency despatch.

GOOD HEADWAY MADE ON DEBATE IN THE COMMONS

(By Daily News Leased Wire.)

OTTAWA, Feb. 25.—Good headway was made with the debate on the address in the commons today, subsequent to the paying of tributes to the late Liberal leader. The debate may be somewhat prolonged although the hope is held out that it may be brought to a close before the end of the week.

It depends upon the number of back and middle benchers who desire to be heard, but who have not as yet revealed their intention.

In addition to Major D. L. Redman, of Calgary, Captain R. J. Manion, M. C., of Fort William and Rainy River, the first day's debate was productive of efforts of D. D. Mackenzie, Liberal house leader, and Sir Thomas White, acting prime minister, and R. McMaster, Liberal member from Brome.

Carvell Speaks Today.

Hon. F .B. Carvell moved the adjournment and will be the first speaker on Wednesday. The mover and seconder, both returned soldiers, in brief speeches, which met the general approval of the house, reviewed the legislation promised in the speech from the throne, and emphasized more particularly the need of problems affecting the demobilisation of Canada's fighting men being adequately dealt with.

Major Redman urged upon the government the desirability of keeping enemy aliens out of Canada while Dr. Manion, in dealing with the labor question, expressed the opinion that much could be done by curtailing profiteering and reducing the cost of living.

Mr. Mackenzie, who has been somewhat noted in the past for long speeches, confined his effort to 50 minutes, moderately criticizing the government and its program. He asked that full justice be done to the returned soldier, and urged that steps be taken to stop the flow from the farm to the factory.

In closing, he invited Liberal Unionists to come back into the Liberal fold.

Sir Thomas White congratulated Mr. Mackenzie on his elevation to the Liberal leadership as well as for the moderation that characterized his speech.

Employment Question.

The acting prime minister emphasized the need of securing employment for munition workers and returned soldiers. In this connection, among other things, he mentioned that twenty million dollars would be spent by the government on railway extensions.

Dealing with the financial situation, he said that the continuance of business and agricultural prosperity must depend on the raising of sufficient money to provide for the market of our produce abroad. He was inclined to think that under the present con-

CLEMENCEAU IS GETTING BETTER

Expects to Be Able to Leave Residence Today—Tells Nurse About It

(By Daily News Leased Wire.)

PARIS, Feb. 25.—Premier Clemenceau probably will be able to leave his residence Wednesday for the first time since he was shot, according to indications today.

The condition of the premier today was very good, Professor Tuffier, one of his physicians, said today. The premier had a good rest last night and his appetite is excellent. The premier spent much time early in the day at his writing desk.

During the forenoon the premier received Foreign Minister Pichon, Gen. Mordacq, Finance Minister Klotz, M. Simon, minister of the colonies, and M. Mandel, hig chief clerk.

When Sister Theonesse, the premier's nurse, left the house at 10 o'clock this morning, Premier Clemenceau said:

"Another two or three days and I shall not have to bother you."

No More Bulletins

PARIS, Feb. 25.—A bulletin issued this evening by the four doctors in attendance upon Premier Clemenceau said that the "convalescence of the premier being now a question of care and time, no further bulletins will be issued."

LADY LAUREIR GETS THE ESTATE

Sir Wilfrid Carried Large Amount of Life Insurance—Will to Be Filed Soon.

(By Daily News Leased Wire.)

OTTAWA, Feb. 25.—Lady Laurier is the chief and practically the sole beneficiary under the will of her illustrious husband, the late Sir Wilfrid Laurier, K. C., M. G., Senator Belque, of Montreal, so informed a Journal representative and also that the will is to be filed within the next few days.

Asked as to the extent of Sir Wilfrid's estate, Senator Belque would say only that it was considerable and included a goodly amount of life insurance, as well as the real estate at the corner of Laurier avenue east of Chapel street.

There is nothing in the will to corroborate the report that Sir Wilfrid left a large and valuable collection of tokens of honor and souvenirs of a long lifetime to the city of Ottawa. "If there is such a bequeath it was made by private instruction to some person," said Senator Belque, in answer to this. "There is nothing about it in the will which bequeaths everything to Lady Laurier."

WILL NOT ALLOW PAYING OF AUSTRIAN BOND COUPONS

(By Daily News Leased Wire.)

PARIS, Feb. 25.—An official statement yesterday says:

"In behalf of the inter-allied financial commission, M. Crespi, Italy, explained the measures to be taken to avoid the non-payment of coupons of the Austro-Hungarian debt falling due March 1, in the absence of an agreement among the different states of the former Austro-Hungarian monarchy. The commission's proposal was approved.

"The question of the transport to Poland of the Polish divisions in France and Italy was examined, Marshal Foch taking part. The conference sent instructions on this subject to the inter-allied commission at Warsaw.

"M. Perroty, of the African department explained the demands of France in the direction of the suppression of the act of Algeciras and the imposition on Germany of the necessary guarantees to prevent her from resuming the hostile action in Morocco, which she has taken against France during the last ten years."

BOLSHEVIKI UPRISING IS CHECKED BY RUSS

VLADIVOSTOK, Siberia, Feb. 17.—(By W. E. Playfair, Canadian Press Correspondent)—An uprising of the Bolsheviki in the Achinsk district is reported to have been checked by the Russian 10th regiment. On Feb. 10 the enemy attacked two platoons of Russians ot Cherno Rechensk, 40 versts east of Achinsk, but they were defeated and order has been restored. Government troops have captured Kargino, 60 versts southeast of Yenisseisk, with small loss. The Bolsheviki have about 500 men in the Yenisseisk district. The railway is clear.

Three recent outbreaks in Siberia been caused by small bodies of the enemy who were driven from the railway line last July by Czecho-Slovak forces, and who are now suffering from hunger.

Six hundred Czechs and 200 British soldiers, invalided home from the Siberian allied forces, left on the steamer Madras for Trieste and England.

DEFAULTERS NOMINALLY FINED TO BE ARRESTED

WINNIPEG, Feb. 25.—A special dispatch to the Winnipeg Telegram from Ottawa today says:

"An order-in-council will be passed immediately placing the fine which can be imposed on defaulters under the Military Service act at $250, as a minimum and a maximum of $5,000. Fines of this amount will be validated; all others will not be recognized and the defaulters who have been nominally fined will be re-arrested. This means all those fined $5 each by Judge Longler of Quebec will be ordered to be re-arrested."

PAY TRIBUTE TO FORMER LEADER

Sir Thomas White, D. D. McKenzie and Hon. R. Lemieux Speak in Commons.

By Daily News Leased Wire.)

OTAWA, Feb. 25.—Tributes to the memory of Sir Wilfrid Laurier, the departed Liberal leader, in the commons this afternoon was confined to speeches by Sir Thomas White, D. D. MacKenzie and Hon. Rodolphe Lemieux, who spoke in French.

All three paid eloquent tributes to the departed statesman on whose desk reposed a laurel wreath.

There was a large attendance of members on both sides of the house. The hanging crepe had been removed, but the air of the proceedings throughout was one of solemnity and mourning.

Mr. Lemieux said the marvelous progress of Canada from 1896 to 1911 was founded on the optimism of Laurier. With regard to the constitution, Sir Wilfrid was ever an ardent believer in British tradition. To him anything not British was a risk and any risk a danger.

He was against the isolation of the French-Canadian.

But it was in regard to Canada's relation with the empire that Sir Wilfrid won the greatest distinction. Here Mr. Lemieux recalled a visit he paid to Cape Town as representative of Canada at the inauguration of the South African commonwealth.

"I knew before," Mr. Lemieux proceeded, "that Sir Wilfrid had been consulted by the prime minister of England and by General Botha. But I shall never forget the tribute rendered by General Botha to Sir Wilfrid.

"In Africa," General Botha said, "there are two names which will never be forgotten, the names of Campbell-Bannerman and of Sir Wilfrid Laurier. To both of them we owe our eternal gratitude."

OKANAGAN LAND QUESTION UP

Soldiers Committee Asks That Initial Steps Be Taken for Community Settlement

(By Daily News Leased Wire.)

VICTORIA, B.C., Feb. 25.—Premier Oliver assured Lieut. A. F. Walker, M.M., chairman of the Empress of Asia land settlement committee, and Lieut. W. H. Kirchner, M.C., D.C.M., secretary of the committee, this morning that there should not be any insuperable difficulties in the way of meeting their request that some arrangement be made whereby initial steps may be taken for a community settlement in the Okanagan district, the men in the interim to be put to work on the irrigation scheme necessary to make the land productive.

The delegates were asked by the premier to confer with Major Clark of the land settlement board, with Hon. T. D. Pattullo, minister of lands, and after comparing notes on the subject, to wait upon the provincial legislature again tomorrow morning, when it is hoped that some satisfactory solution may be reached in the matter.

SCOTT FOR MODERATOR.

By Daily News Leased Wire.)

MONTREAL, Feb. 25.—The presbytery of Lanark and Renfrew, Ont., has nominated the Rev. Dr. A. H. Scott of St. Andrew's church, Perth, as moderator of the next general assembly of the Presbyterian church of Canada.

Dr. Scott has already been moderator of the synod of Montreal and Ottawa, and has given over forty years of service to the church. He is an honorary doctor of divinity of Queen's University, was for two years president of the Ontario Horticultural society and is a fellow of the Royal Horticultural society of London, England. Three of his sons served in the war.

Quiet Is Restored in Budapest Says Despatch

(By Daily News Leased Wire.)

PARIS, Feb. 25.—(Havas)—In commenting on the reports of disorders in various parts of Germany, the Matin says that alarmist information is being sent out by German propagandists.

This information, it says, is intended to bear upon the decisions of the peace conference by attempting to arouse a threat of Bolshevism.

Disarming Germans.

PAARIS, Feb. 25.—Marshall Foch in discussing the diplomatic situation with a representative of the Havas agency, said that the new armistice convention will provide for the naval and military disarmament of Germany. He added that there was no doubt that the supreme council, also would add to the new agreement clauses concerning financial and territorial questions. In that way the armistice convention, the marshal said, would comprise also the basis for a preliminary peace treaty.

Demobilizing Army

(By Daily News Leased Wire.)

COPENHAGEN, Feb. 25—A dispatch received here from Dresden says that the soldiers' and workmen's committee of 20 Saxon garrisons have decided to remove their officers from the military service. The war minister, it is added, in an interview with a deputation of the soldiers and workmen said the dissolution of the old army would be fully carried out.

The dispatch says that at Halle the railwaymen and metal workers have proclaimed a general strike.

Quiet in Budapest.

BERNE, Feb. 25.—Quiet has been restored in Budapest after the communist disorders of Saturday, according to a telegram from the Hungarian capital dated Sunday.

All the communists who started the trouble are in prison and the police also have arrested the members of the committee of the union of discharged non-commissioned officers and soldiers.

The trouble is said to have been due to the economic situation and not to any desire to overthrow the government.

JAPANESE FINANCIERS ALLOWED TO ASSIST CHINA

PARIS, Feb. 25.—Japanese financiers are granted the privilege of making loans to China for the building of hundreds of miles of railways in Mongolia and China, proper, and the Japanese are granted the right to participate in the operation of the railways not constructed in Shantung province, under notes exchanged by Japan and China, September 24, 1918.

These notes, which are now before the peace conference, supplement the treaty and notes of May 25, 1915, between Japan and China in which the Chinese government engaged to recognize all agreements between the Japanese and Germany respecting the disposition of German rights and interests in Shantung province. Baron Goto, Japanese minister of foreign affairs, and Tsung Hsiang, Chinese minister to Japan, signed the three sets of notes exchanged Sept. 24.

One set outlined the new railways, which Japanese capitalists may finance in Manchuria, Mongolia and Chi-Li province, North China.

The second set outlines the railways Japanese capitalists may finance in Shantung province, to connect the existing German-owned lines with the other principal railway lines in North China.

The third set stipulates the conditions under which Japan may participate with China in Shantung province affairs.

C. N. R. EARNINGS SHOW SLIGHT INCREASE

(By Daily News Leased Wire.)

TORONTO, Feb. 25.—Gross earnings of the Canadian National railways for the week ended Feb. 21, were $1,505,872, as compared with $1,061,581 for the corresponding week last year, an increase of $444,291.

From January 1 to date, the gross earnings of the railway were $11,232,089, compared with $7,909,105 for the corresponding period last year, an increase of $3,322,984.

"MAY I GOT OUT TO SWIM?" ASK SOVIET GOVERNMENT

(By Daily News Leased Wire.)

PARIS, Feb. 25.—The soviet government in Moscow is regulating the number of baths each person is permitted. It has divided the population into three categories, according to French refugees arriving here from Russia. Some are allowed to bathe twice a month, it is said; some one a month, and others never. A famine made worse by lack of medicine, was reigning in Moscow when the French left. The Bolsheviki call it the "hunger typhus" and it claims from 2000 to 3000 victims daily.

SECRET TREATIES BETWEEN CHINA AND JAPAN

(By Daily News Leased Wire.)

WASHINGTON, Feb. 25.—It was learned today that information had reached here from authoritative sources that between 70 and 80 treaties, agreements and understandings were in existence and operative between Japan and China. While the exact terms of all of these treaties are not known, according to this information, each strengthens Japan's influence in China. It was said that various kinds of concessions, including railways, mineral lands, steamship lines, commercial and financial preferences were included in these agreements.

LITTLE WORK AT THE COAST

G. W. V. A. Warns Soldiers Not to Go West Without Money in Search of Employment.

(By Daily News Leased Wire.)

VANCOUVER, B. C., Feb. 25.—Warning has been issued by officials of the Great War Veterans' association to veterans of the late war who did not enlist in British Columbia not to seek the Pacific coast unless they come well prepared financially. E. A. Paige, editor of the British Columbia Veterans' Weekly, and L. C. Mabbott, secretary of the Army and Navy Veterans' association, both concurred in a statement made public here today in which they say:

"From the present outlook it will be some considerable time before all the men who left this province will be re-established in civil life again, and it is not right to hold out hopes of employmet to veterans from other parts of the Dominion when our own men are still unprovided for.

"There is no doubt that large numbers of veterans from other parts are flocking to the coast, and unless these men are given to understand the situation fully before coming out here, a serious situation may arise, for a time at least."

SAYS SHORT RIFLE TO BE USED NOW

By Daily News Leased Wire.)

LONDON, Feb. 25.—(Canadian Associated Press)—The Morning Post has a special article on the revival of Bisley. In it the confirmation of the prediction made by the Canadian Associated Press, that a short rifle will be used in competitions in the future, is made. The war office, the Post proposes, should lend rifles for the purpose.

The longest range for the King's prize, he Post announces, will be 600 yards, but the value of the prizes has not been allotted.

Other famous matches will also be retained.

LIBERALS VOTE SOLID "CON"

Giolma's Resolution Turned Down Cold

(By Daily News Leased Wire.)

VICTORIA, B.C., Feb. 25.—The resolution introduced in the legislature by F. Giolma of Victoria asking that all provincial civil servants who joined the colors should be reinstated in their former positions or in other government positions with equal or better remuneration, was defeated in the legislature today.

The Conservative members voted with the soldiers while the Liberals voted solid for the government. The amendment to the resolution introduced by Premier Oliver to the effect that such civil servant volunteers should have priority in getting positions, having regard to the efficiency of the public service, was withdrawn.

Subsequent Amendment

A subsequent amendment moved by Hon. Dr. J. D. Maclean, provincial secretary, that the orders in council dealing with servant volunteers passed by the late Conservative government should be adhered to, was carried. The said orders in council showed that the policy of reinstating such civil servants had been adopted by the previous administration.

Maclean's Explanation

Dr. Maclean's explanation of his amendment was interpreted as meaning the government would continue this policy although the statement to this effect was not so specific as the terms of the Giolma resolution.

LIVESTOCK IN RUSSIA HAS DECREASED GREATLY

(By Daily News Leased Wire.)

STOCKHOLM, Feb. 25.—Stocks of cattle in Russia have decreased greatly and the animals which were too weak to do any work have been slaughtered, according to reports made at a veterinary conference in Petrograd, as quoted by Bolsheviki newspapers. More than 50 per cent of the animals left in Bolsheviki Russia, it was added, are affected with glanders and mange and these diseases are being spread among the people. The newspapers say that dog meat is purchased eagerly in Petrograd at 12 roubles a pound.

PENNSYLVANIA JOINS

HARRISBURG, Pa., Feb. 25.—The state senate today passed finally the house joint resolution ratifying the national prohibition act. The vote was 29 to 16. The house of representatives adopted the resolution three weeks ago.

SAYS SIR WILFRID ONCE RESIGNED AS LEADER

(By Daily News Leased Wire.)

OTTAWA, Feb. 25.—That Sir Wilfrid Laurier resigned the leadership of the Liberal party at the time of the debate over the La Pointe bilingual question, but was persuaded to retain his post by the English-speaking followers, was a piece of secret political history disclosed to the senate today in the course of notable tributes to his memory by his lifelong friend and supporter, Senator Raoul Dandurand.

"When passions were aroused to a dangerous degree over a school and racial question between the provinces of Ontario and Quebec," said Senator Dandurand, "Sir Wilfrid expressed to his followers his intention to raise his voice in the commons on an impending motion, counselling a friendly solution of the difficulty. It was my mission to inform him of the divergence of views among the members of his party. I have still before me his sorrowful attitude. He stood silent, with eyes gazing afar, and then he sat down and scribbled a few lines addressed to his first lieutenant, Hon. George Graham, conveying his resignation as leader of the Liberal party. He had come to the conclusion that his usefulness was at an end and that his most cherished hope of a happy and united Canada was a vanished dream. I owe this testimony to his English-speaking supporters, that it was through their pressing intervention that Sir Wilfrid continued to lead their party.

Lougheed Speaks

Sir James Lougheed government leader, spoke eloquently of the great part Sir Wilfrid had played in the national interest.

"To analyze or explain why Sir Wilfrid left deeper impressions on our minds than any other man would be difficult," said Sir James.

"There was about him that indefinable charm, not possessed by many other men, that excited our respect and admiration, no matter to what extent we may have differed from his views. He was unique and more striking in his personality than other men.

"For nearly fifty years, Sir Wilfrid gave his exclusive time and the best of his life to the affairs of Canada. From his entry into the house of commons down to the time of his death he was regarded by his countrymen as peculiarly a man of destiny. His talents marked him for moving in the great public events of public life of Canada.

CONSIDER BRITISH DRAFT ON PENALTIES

(By Daily News Leased Wire.)

PARIS, Feb. 25.—The peace conference commission on international labor legislation, at its meeting today, considered the British draft of articles dealing with the question of economic penalties in the event that a state fails to carry out its obligations, under the proposed international labor convention.

Samuel Gompers, who presided at the meeting, read a message of thanks from Premier Clemenceau to the resolution adopted by the commission on the recent attempt on the premier's life.

"HIS TREATMENT IS REMARKABLE," HE SAYS

Capt. F. S. Patty, Ex-Passenger Agent Northern Pacific, Discusses Former Troubles

Nearly everybody in Knoxville, Tenn., especially railroad people, know Capt. F. S. Patty, for 12 years district passenger agent for the Northern Pacific railroad, with local offices in Chattanooga and general offices in St. Paul, Minn.

On account of generally failing health, Capt. Patty was forced to discontinue active work and for the past few years has been making his home in Knoxville, where he numbers his friends by his acquaintances. He is a kind, genial gentleman of the old school and is beloved by all who know him. The following interesting statement was made by him in person to the Tanlac representative:

"I am 69 years old and always enjoyed good health up to about six years ago, when I suffered a nervous breakdown and my general health gradually failed me. My principal trouble was indigestion and catarrh, but my whole system seemed to be out of shape. My condition finally got so bad I couldn't sleep at night and always after eating I would suffer so from indigestion and heart-burn that I felt just like there was a coal of fire in my stomach. My hearing and vision were also affected. I consulted several doctors here in Knoxville and other cities and they helped me considerably and I finally got so I could go around, but somehow I just couldn't feel right and could not sleep at night, which made me awfully nervous and nothing I would eat seemed to agree with me.

"I began reading about this Tanlac when you first came here, but did not decide to try the medicine until I talked with a friend of mine who had actually used it. He said it was the best thing he had ever taken and that was sufficient proof for me.

"I have just finished the first bottle and came here this morning, not only to buy the second bottle, but to tell you just what it has done for me. I began enjoying my meals from the first few drops. My nervousness is gone and I can sleep like a child and always wake up in the morning ready for breakfast and feeling refreshed. I am very fond of onions, but was almost afraid to eat them, because they always disagreed with me so; I could taste them for hours afterwards. I ate one for dinner the other day and it agreed with me perfectly and I felt no bad after effects whatsoever. I tell you I am beginning to feel like a different man and am always going to keep this Tanlac on hand. It has done me more good than anything else in the medicine line I have ever taken. I certainly do recommend it to my friends. It is really remarkable."

Tanlac is sold in Nelson by Canada Drug & Book store, in Fernie by A. W. Bleasdale, in Rossland by W. H. Wainman, in Kaslo by Frank Abey, in Trail by E. W. Hazelgood, in Revelstoke by Walter Bros., and in Nakusp by E. H. S. McLean.—(Advt.)

GOOD HEADWAY IN COMMONS

(Continued from Page One)

ditions party politics is a matter of secondary importance, Liberal Unionists would not be disposed to accept Mr. Mackenzie's invitation to them to return to the Liberal fold.

A. R. McMaster, Liberal, for Brome, advocated higher income tax on big combines. He made a plea for greater race unity in Canada.

The house adjourned till 10:30 tomorrow.

Major Redman Speaks.

Major L. D. Redman, East Calgary, in moving the address in reply to the speech from the throne, expressed his thanks to the government for the honor which had been done to himself and his constituency, in selecting him for this important task. He felt, however, that the honor was intended for the soldiers of Canada and that he had been selected because of his service overseas. Therefore, he would try, in the remarks which he proposed to make, to speak to a certain extent from the point of view of the soldiers.

He could not proceed without adding his humblest tribute to that of others in respect to the great Liberal leader who so recently passed away. He felt he had been privileged because of the opportunity which had been afforded him in witnessing the closing days of Sir Wilfrid Laurier.

The cooperation of Great Britain and the United States in the war had, said the speaker, resulted in a better understanding between the people of the two countries and their returns should henceforth be happier than in the past. He referred to the peace conference now in session with the noble object of making war an impossibility.

At this conference, Canada had been accorded her place as a nation in the league of nations. It was most fitting that the Dominion should be represented at the conference by the prime minister, Sir Robert Borden, whom he thought they would all agree had done valuable work.

Turning to Canada's war effort, Major Redman said that the enlistment had reached 600,000. Canadian casualties numbered 200,000, of which 55,000 were deaths. The people had given of their best energies to the end that the fight should be won. The large sum of $1,300,000,000 had been raised in the Dominion.

Work of Women.

One of the most inspiring features of the struggle had been the work done by women. The main inspiration, however, must, he felt, come from the soldiers. They had established new and loftier standards and had left behind great beauties as well as great heritage. Canada must see that she secured these things for which her sons had died.

Although, he said, the struggle was over, it had left behind pressing problems and the energy of Canadians must be devoted to solving them.

The speech from the throne, said the speaker, had foreshadowed several important measures. The department of public health, for which it provided, would be most beneficial. When one realized that the infant mortality in Canada during the war, from preventable diseases, was greater than the total casualties, it was possible to see the necessity for such an organization The new franchise bill, conferring on women the privilege of sitting in the house of commons, was a step in the right direction. Women had earned and richly deserved these rights.

The feeling of the soldiers, said Major Redman, in referring to the new bill with regard to immigration, was that no more alien enemies should be permitted to come into the Dominion. The most pressing problem was the demobilization of the soldier and his return to civil life. This problem, however, should be regarded with equanimity.

The returned men were anxious to be absorbed into the civilian life of the country. All they asked was that their war service should not in any way handicap their future. Soldiers, however, had been accustomed to living a very simple life, and to having things done quickly.

May Be Impatient.

They would, perhaps, be impatient, of what they regarded as unnecessary delay. The problem of their employment was the greatest one. Every soldier who had fought at the front felt that his country owed him a job.

Major Redman concluded by hoping that in any plan of expropriation of land and ample reservation would be made, not only for Canadian soldiers but for soldiers of the Empire, so that they would have in western Canada the class of people they desired.

Captain Manion Speaks.

Captain Dr. R. J. Manion, Fort William, referring to the fact that it was customary for the seconder of the address to speak in French, greatly regretted that he could not use that beautiful language. From this he continued to express the hope that there would be established in this country a real entente cordiale. It should be, he said, the premier idea of every man in Canada; a remark which aroused applause from the opposition. Any man, he declared, who tried to sow discord was neither a true citizen of the Dominion nor a lover of his native land.

Capt. Manion paid a warm tribute to the memory of Sir Wilfrid Laurier, who, he said, had always tried to bring about harmony in Canada. He mentioned that he had been for many years a friend and a follower of his.

After reciting some of the work of the Canadian soldiers at the front, he said it was due to the splendid work of these men that Sir Robert Borden was able to take his place equally with the representatives of other nations at the peace conference.

Tribute to Government.

He thought the government had done as well as any government could have done during the progress of the war. It was true, he said, there had been criticism, but so long as there were human beings, there would be mistakes made and some of the criticisms might be just. However, he claimed that no government could have done better.

Captain Manion paid some attention to the labor question in this and other countries and made the suggestion that much good could be accomplished by the government in clarifying the situation by eliminating profiteering of all kinds, and so bring down the cost of living.

He pointed out that imported iron ore was being used in Canada and that as iron and steel were the basis of all industries, there was a field for governmental action.

He eulogized the private soldier as the real hero of the war, commended the government for its proposal to establish a department of health, hoped that immigration would be on a selective basis and said that the three great questions before the country at the present time, were:

First—The repatriation of the heroes.

Second—Cooperation between the various governments and the people on a peace basis.

Third—The fostering of a United Canadian national spirit. The last, he said, was the greatest for a house divided against itself could not stand.

Evening Session

At the evening session, D. D. Mackenzie continued the debate on the address in reply to the speech from the throne. He opened his speech by explaining his position, which, he said, is that of temporary leader. He would occupy this position until such time as the Liberals could obtain a free opportunity for selecting a permanent leader. Sir Wilfrid Laurier, he said, was a great respecter of parliament, its rules and functions, and he proposed to follow as closely in the footsteps of his illustrious chief as possible.

The two young men who had moved and seconded the address deserved congratulations, said Mr. Mackenzie. He had been particularly impressed with their reference to the returned soldier and he understood they were both returned men. He gathered from their remarks that they were possibly rather dissatisfied because the government was slow in taking effective means for helping the returned soldiers.

The speaker went on to say that he did not wish to be unduly critical of the government in this, his first speech. He could not, however, refrain from referring to certain matters bearing on the problem of the returned soldier, especially as the subject had been brought up by the government. The department of soldiers civil reestablishment, he said, appeared to have established nothing but the salary of the minister in charge. A wide awake and capable young man from the maritime provinces (F. B. McCurdy), had found it necessary to resign from his department because it was accomplishing nothing.

Mr. Mackenzie said he did not bring this up merely to make trouble, but because he wanted the government to get to work and see that justice was done to the returned soldiers. That was all these men asked for.

Congratulates Soldiers

The glories won by Canadian soldiers in the war should not be lost sight of, said Mr. Mackenzie. On behalf of the opposition and the people of Canada, which it represented, he wished to congratulate the boys on what they had accomplished.

Mr. Mackenzie warned the government that the country would suffer if something was not done to counteract the flow of the population from the farm to the factory. The tendency now was for people to leave the farms and congregate in the cities. Thus, the production of food was decreasing and the prices consequently increasing.

J. H. Burnham, Peterboro: "Would you reduce the number of factories then?"

Mr. Mackenzie: "I would reduce the number if there were too many. I wish the government would institute machinery for doing something other than turning out orders-in-council. That is one kind of factory I would be quite willing to see done away with."

Mr. Mackenzie went on to refer to the new franchise bill which the government proposed to bring down. He was glad, he said, to see a Conservative government which was willing to extend the franchise. He wished, he said, to emphasize the fact that not a cent of money should be unwisely spent at the present time and the government should not go in for making new voters lists, which would entail much expenditure. There was no necessity, he argued, of duplicating voters lists.

Shouldn't Aid Provinces.

With regard to the proposed vote for building highways, Mr. Mackenzie said there was a constitutional question involved. They were breaking into provincial matters and it was his view that they should leave with the provinces the question of the expenditure of road moneys. He suggested that one way to avoid the difficulty would be to divide the grant pro rata among the provinces and let it be constitutionally expended by them. He would strenuously object to officers of the federal government expending the money it was proposed to vote.

Dealing with the question of public health, he drew the attention of the government to the fact that the provinces deal at present with questions of public health. He declared himself opposed to duplication of authority and feared that the result would be a conflict of authority between the provincial and federal governments.

Mr. Macenzie advised speedy action if money was to be spent on technical and vocational training. He hoped that action would be taken to bring about a better understanding between capital and labor. He said he could not remember anything that the government had done to bring this about.

Some of his friends on the government side had suggested that this would be a short session, but he saw, he remarked humorously, that every order-in-council passed by the government had to be dealt with individually and "all hope of a short session vanishes."

Question of Expenditures.

He dealt briefly with the question of expenditures, laying down the principle that public money should be used only for public development. He declared that there were expenditures in connection with the naval department in his own province of Nova Scotia which were criminally extravagant and useless.

Mr. Mackenzie in concluding his speech issued a naive invitation to Liberal Unionists on the government side to come back to the fold and the house fairly rocked with laughter as he said:

'The war is over, the light is in the window for you. The latchstring is on the outside, and you are all welcome."

Sir Thomas Speaks.

Sir Thomas White, who followed, congratulated Mr. Mackenzie on his appointment as house leader of the opposition and paid a graceful tribute to the speech which he had delivered, remarking that its moderation impelled him to express desire to extend every courtesy and cooperation for the dispatch of business before the house. Sir Thomas emphasized the part played by Canadian troops in the allied success. "I put forward this view," Sir Thomas proceeded, "that if those responsible for this war are not brought to justice it will be the

Hair Often Ruined By Careless Washing

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is just ordinary mulsified cocoanut oil (which is pure and greaseless) and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified cocoanut oil at any pharmacy, it's very cheap and a few ounces will supply every member of the family for months.

NUXATED IRON

THINK of the strong, healthy men and women you know—people who are prominent and who are doing things worth while and you will find that they usually possess remarkable force, vim and energy—the kind that simply brim over when the blood is filled with iron. Iron is red-blood food—it helps put strength and energy into the veins of men and roses into the cheeks of women. Nuxated Iron by enriching the blood and creating new blood cells strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and endurance into the whole system.

If people would only keep their blood filled with strength-giving iron by taking Nuxated Iron when they feel weak, run-down and nervous, they might readily build up their red-blood corpuscles and quickly become stronger and healthier in every way. Unlike the older inorganic products it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. Nuxated Iron often increases the strength and endurance of weak, delicate people in two weeks' time. It is dispensed by all good druggists.

LITTLE BUYING ON WALL STREET

Outside Interest Less Keen During Day's Session at New York Exchange

(By Daily News Leased Wire.)

NEW YORK, Feb. 25.—Trading in stocks today was distinctly affected by yesterday's unexpected advance in call loans to maximum quotations of the past two years. Pools curtailed their ex-dividends in the various speculative issues and the trend most often was firm.

The sudden flurry in money also served to restrain outside interest or buying, a factor of considerable importance in the broader and more confident movement of the previous session.

Call money ruled at 6 per cent, the rate falling a fraction toward the close when most demands had been satisfied. Firmer tendencies also prevailed for time money, particularly the longer maturities.

The one section of the stock list which seemed to defy monetary considerations was that comprising the motors and allied shares. Gains of 2 to almost 6 points were scored by General Motors, Kelly-Springfield Tire and Studebaker, the latter dominating the entire market toward the close.

Oils, prominent equipments, including United States Steel and Baldwin Locomotive, reacted 1 to 2 points, also leathers and utilities, while tobaccos yielded slightly on realizing and sugars were favorably influenced by free buying.

Rails and shippings lagged throughout, marines making an abrupt decline in the final hour on unconfirmed reports that the British admiralty had made further objections to the company's sale of its tonnage to private interests.

Sales amounted to 670,000 shares. Dullness ruled in the bond market, Liberty issues being irregular. Virginia 6 per cent certificates forfeited more of their recent advance.

Total sales, par value, aggregated $10,200,000. Old United States 4's gained ¾ per cent and reacted ½ per cent; registered 2's declined ⅞ per cent. Other issues were unchanged.

LESS ACTIVITY ON MART AT MONTREAL

(By Daily News Leased Wire.)

MONTREAL, Feb. 25.—There was much less activity in Canadian stocks on the Montreal stock exchange yesterday.

The outstanding feature of the market was the sudden jump of 20 points in Price Brothers and one of 4½ points in Abitibi, both based on the prospects of the companies in question. Abitibi opened at 64 and advanced to 65, but eased to 64½ at the close, a net gain of 4¼.

Price Brothers opened at 180, a ten-point rise, closing at 191, with no stock offering.

Spanish River preferred sold at 72, unchanged, in the morning, but in the afternoon advanced to 73½ and closed at the best, a net gain of 1½ and closing bid was advanced to 73¾. The common stock unchanged. Macdonald sold up 1¾ to 24½. Dominion Glass up 1½ to 42½, but closed at 42.

Cement was fractionally lower at 36 and Steamships common lower a fraction at 44⅛. Union Bank was a strong feature, advancing 2½ points to 160.

Bonds were irregular and inactive. Sales: Shares, 6354; bonds, $209,200.

Sat Up in Bed To Get Her Breath

Palpitation of the heart, shortness of breath, inability to lie on the left side, feelings as if smothering, oppressed feeling in the chest, dizzy and faint spells, tired, weak, worn out feeling, involuntary twitching of the muscles, sleeplessness, restless, etc., all point to the fact that either the heart or nerves or both are not what they should be. Any of these conditions should be remedied immediately so as to avoid a complete breakdown of the whole system.

Milburns Heart and Nerve Pills will bring energy to the weakened constitution, strengthen and regulate the heart, and tone up the tired, overstrained nerves.

Mrs. William Steeves, Chemical road, N.B., writes: "I have been a great sufferer from nerve troubles and palpitation of the heart, which was so bad I had to sit straight up in bed to get my breath. I could not lie on my left side at all. I tried doctor after doctor, also several different remedies, but got no help from them. My mother insisted on me trying Milburn's Heart and Nerve Pills. By the time I had used one box, I was feeling very much better. I took in all three boxes and now I am in perfect health and can enjoy a good sound sleep and can lie on my left side without any trouble."

Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WANTS CHANGES IN WORKERS' ACT

Fernie Local Asks for Increase in Compensation to Dependents, Representative and Other Amendments.

(Special to The Daily News.)

FERNIE, B. C., Feb. 25.—Gladstone Local Union No. 2314 of the U. M. W. of A., is asking consideration of the following suggested amendments to the Workmen's Compensation act:

"Whereas the purpose of the Workmen's compensation act was to establish a form of state insurance for furnishing to workmen in industrial pursuits a reasonable measure of compensation,

"And whereas the coal mining district is classed as one of the most hazardous in the province and is being assessed at about the highest rate,

"And whereas payment of such assessments have resulted in a surplus being formed in the hands of the Workman's Compensation Board, enabling such board to use it for other purposes, such as loans to the government

"And whereas it is believed that loans so made had been used in the purchasing of certain lands in the south Okanagan district, which lands in the opinion of this meeting should have been expropriated by the province for the reason that the said lands were acquired by the owners by questionable methods as alleged by supporters of the government of 1916,

"And whereas administration of the act has proved disappointing to the workmen, inasmuch as the compensation capable of being allowed thereunder is not adequate,

"And whereas the purchasing power of the dollar as compared with prewar times is only 43c,

"And whereas the compensation allowed to widows and orphans falls entirely to provide the barest necessities of life,

"And whereas the government has seen fit to propose an amendment to the compensation act to increase the salaries of the members of the Workmen's Compensation Board, forgetful of the rights of the dependents.

"And whereas the Workmen's Compensation Board as a Kaiser-like power in administering the act, such power being in opposition to the age-old ideas of British justice,

"And whereas the workmen or his dependants have option but to submit to the decrees of the board,

"And whereas there is no representative of the board in the district of Fernie,

"And whereas the district of Fernie provides more revenue many times over per capita than any other part of the province,

"Be it therefore resolved that this meeting place itself on record as being in favor of the board being represented in the Fernie district by permanent representatives,

"And be it further resolved that the compensation for the dependents be increased one hundred per cent,

"And be it further resolved that th workmen have the option of taking proceedings at common law in case of serious injuries and where it is suspected negligence exists,

"And be it further resolved that the act be amended to allow appeals from the decision of the Workmen's Compensation Board to the court of appeal."

LIVESTOCK MARKETS

CHICAGO, Feb. 25.—Hogs: Receipts 54,000; market mostly 5c to 10c lower.

Cattle: Receipts, 13,000; beef steers, 25c higher; other classes strong. Beef cattle, good, choice and prime, $15.85 to $20; common and medium, $10.50 to $15.85; butcher stock, cows and heifers, $7.60 to $15.50; canners and cutters, $6.50 to $7.50; stockers and feeders, good, choice and fancy, $11 to $15; inferior, common and medium, $8.25 to $11; veal calves, good and choice, $16.25 to $17.

Sheep: Receipts 14,000; market unevenly steady to 25c higher.

Toronto

TORONTO, Feb. 25.—The receipts at the union stockyards today amounted to 45 cars, 95 cattle, 39 calves, 757 hogs and 238 sheep.

Before the clock struck 10, nine-tenths of the medium run of cattle had been cleaned up by the buyers. There were no extra choice in the yards. On the other hand, very few poor cattle were in the pens and prices held steady for all grades. Choice bulls, cows and in fact bulls and cows that were nearly choice brought good prices. There is a small demand for canners these days, but the trend was firm for those sold.

Choice calves steady at 50c higher and firm.

Lambs were from 25c to 50c firmer, the light run being disposed of early in the morning. Hogs were steady at $17.50, fed and watered.

CORN PRICES UP

CHICAGO, Feb. 25.—Corn advanced sharply today, helped by reports that much land usually devoted to corn would be planted to spring wheat. The market closed unsettled, ½c to 2⅜c net higher, with May $1.25⅞ to $1.26 and July $1.21⅝ to $1.21⅝.

Oats finished unchanged to ⅝c higher. Provisions varied from 30c decline to a rise of 7c.

STEEL CAR PROVIDES SENSATION AT TORONTO

(By Daily News Leased Wire.)

TORONTO, Feb. 25.—The National Steel Car issues, the preferred in particular, provided something of a sensation on the Toronto exchange today.

The preferred at today's high, 48, showed a gain of 16 points over the closing price on Monday.

One report was to the effect that the company had sold out to the American Car and Foundry company. Opening up a point at 33, the preferred worked up by fairly orderly stages to 37. Here the stock broke loose with a three-point jump to 40, followed by a wide open leap to 46, and a two-point spurt to 48. Here the advance was arrested and the price reacted to 47. In the afternoon, the stock was much less active and opening at 44 dipped to 43½, showing a net gain of 11½ points.

Dealings in the common stock were limited to the morning board. The opening was 4 points up at 12½, with sales at 13, but in the afternoon the stock was on offer at 12, without bids.

The general tone of the market was firm. Russell preferred was in demand at 80, a three-point gain and Cement advanced ½ point to 66½. Steel of Canada was also ½ point higher at 61, Canadian General Electric up ¼ at 103¼ and Mackay firm at 77.

Standard Bank featured the bank shares with a 3-point turn to 212. The war loans were quieter than usual and prices slightly easier.

FURTHER REDUCTION IN WAGES AT UTAH MINES

SALT LAKE, Utah, Feb. 25.—Notice of a further reduction of 25c a day in wages at the mines of the Utah Copper company at Bingham, 40 miles west of this city, was posted Tuesday. The reduction is effective March 1, according to the notice, and is based upon a price of 18c a pound for copper.

Was Troubled With BOILS FOR SIX MONTHS.

From the days of Job to the present time, boils have been one of the greatest afflictions of the human race.

Very few people escape from having them at some time.

All the poulticing and lancing you may do won't cure them and stop more coming.

Boils are caused by bad blood bursting out and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system and purifies the blood by removing every particle of foul material from the system and when this is done never another boil comes and health and strength are permanently restored.

Mr. C. H. Bridges, 470 Barton St. E., Hamilton, Ont., writes: "I was troubled with boils for six months and tried several remedies without any relief until I tried Burdock Blood Bitters and the effect has been wonderful. After using two bottles, I was rid of them all. I feel like a new man; my appetite is better and I sleep better than I have for years. I can highly recommend B. B. B. to all who are troubled as I was.'

Burdock Blood Bitters has been on the market for the past 40 years and manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

WAR-SAVINGS Societies need leaders—organizers—men and women with initiative. Who will start a War-Savings Society? Who will lead the way?

War-Savings Societies Help Thousands To Save

War-Savings Societies have been, and are, a tremendous success in Great Britain. Thousands who were never able to save their money have accumulated Government certificates worth hundreds of dollars.

In the United States, millions of people are members of War-Savings Societies, which are organized in factories, offices, stores, farming communities, sections of towns and villages, schools, and clubs.

Everywhere throughout Canada, War-Savings Societies are in process of formation. Everyone who can save an occasional quarter should belong to a society; first, for his or her own direct benefit; second, because Canada can use the money to excellent advantage, as in the case of the War Loans.

For details of the organizing of War-Savings Societies and particulars regarding War-Savings Stamps or Thrift Stamps, address:

THE NEW LIBERAL LEADER.

Choice of D. D. McKenzie of North Cape Breton to be leader of the Liberal opposition in the house at Ottawa comes as a surprise. The appointment is temporary, but such appointments frequently become permanent. It had been expected that a more outstanding member of the followers of Sir Wilfrid Laurier would have been selected.

Mr. McKenzie is, however, an able speaker and has had considerable parliamentary experience.

In the last Dominion election he was a strong opponent of conscription.

DEMOLISH IT COMPLETELY

If Heligoland is to be stripped of its dangerous "decorations" why not get rid of this offending little island altogether, asks the Victoria Times. From 1890, when the late Lord Salisbury presented it to the ex-kaiser in exchange for Zanzibar, Germany began to show an almost vulgar affection for it.

The Victoria paper has good ground for its plea. Heligoland's population is well under 3000 in normal times, although summer tourists have a partiality for its unique bathing accommodation and often holiday there in thousands. It should be quite an easy matter, however, to square an account with the present population by allowing them to migrate to more conlonger tempt a future possessor.

Moreover, the Elbe and Weser could give up their broad waters to the North Sea just as easily by passing over the spot as they do today by flowing round it. The requisite charges of T. N. T. fired simultaneously would do more than disturb the waters; the offending sod would no onger tempt a future possessor.

Complete demolition of the main island and its smaller neighbor would promptly remove one of the items on the agenda of the peace conference, and incidentally blunt the dagger which has pointed at the heart of the British Empire since the end of the last century.

THE ART OF MANNERS.

The French have a deep grounded sense of fine manners. Their instinct of politeness crops out often in ways which take the rest of the world by surprise.

Capt. Andre Tardieu has announced that a commemorative medal is to be given by the French government to every American who took part in the war. Every American soldier who was in France is to receive a souvenir card bearing his nafe and the signatures of President Poincare and Premier Clemenceau. Also a pamphlet expressing France's gratitude for his services.

Every subscriber to a French war loan was presented with an engraved certificate of honor signed by President Poincare. What other government would have thought of taking the pains to recognize its obligation in this felicitous personal way? Attentions of this sort humanize the relations between government and individuals. They warm the heart. France has given the rest of the world an inspiring lesson in the practice of official tact and courtesy.

Buy a war savings certificate.

Of course it isn't wild oats that the city council proposes to sow on the city farm this year.

There is opportunity aplenty for constructive development work throughout this district.

Kootenay and Boundary is well on the way into the most prosperous year of its history.

Building activity in this city and elsewhere is a significant indication of the conditions which will govern in the interior of Britsh Columbia during 1919.

Hidden for hundreds of years, a valuable church document was recently discovered at Crediton, Devon, by Miss Cresswell, a lady antiquary, and Prebendary Smith Dorrien, the vicar. A fine specimen of Tudor script, the document is the original letters patent appointing Miles Coverdale, the translator of the Bible into English, to the bishopric of Exeter. It is dated 1551, and was granted by the boy King Edward VI. during his brief reign. Coverdale was promoted to the see, it is stated in the script, "on account of his extraordinary knowledge in divinity and his unblemished character." At this time he was so poor that he was unable to pay the "first fruits due to the Crown and the King, on the recommendation of Archbishop Cranmer, remitted them. The document has been presented to the Dean of Exeter for the collection of muniments relating to Exeter Cathedral.

With ten thousand English brides coming out to Canada there is no reason to fear any slackening in the bonds of empire for some time to come.—Guelph Herald.

TOLD IN RHYME

THE DREAMER

Dreams, dreams are mine, the first and last of things;
I am the Dreamer, bold and unashamed,
Proud of the title! the brief reign of kings,
It shall outlast and be forever famed.

Dreams shall survive the wrack of ruthless wars,
Vast Empires shall be shattered or decay,
The earth go drifting down a waste of stars—
Dreams shall endure when all things pass away.

When final doom o'erwhelms this boisterous world,
And blots men's record from the cosmic scene,
Above the chaos, with soft wings unfurled,
The Dove of Dreams shall brood in hope serene:
Beauty and Love eternally remain,
Dreams shall rebuild their ruined world again.

COLD STORAGE.

"Sometimes Gwendolyn speaks and sometimes she doesn't," said Maude.

"Yes," replied Maymie, "she got that way since she took a position in the telephone exchange.'

"I understand," said the reporter, "that somewhere in this neighborhood a child was born yesterday weighing 27 pounds. Do you know anything about it?"

"Know all about it,' replied the corner grocer. "It's father is Bob Chunks, the iceman, and he weighed it on his ice scales."

"All that I have I lay at your feet."

The maiden arched her exquisite eyebrows and said nothing.

"Doesnt that make any impression on you?"

"Very little. You see, I have an idea that I could step over all you could lay at my feet without raising them more than two inches off the floor."

ADVERTISING TO PLAY ITS PART IN RECONSTRUCTION

Competition Is Likely to Be More Intensive Than Ever Known Before.

Never before has advertising so thoroughly proved itself to be exactly what it is—an asset and not a liability—an investment and not an expense—as during the war times now almost past.

It is the contention of wise advertising and business men that every dollar expended in judicious advertising is an investment in Public Good Will and has therefore, a capital value. A well advertised trade mark, for example, has a dollar value that can be definitely estimated in relation to both the money invested in the adversiting of the trade mark, in good will and the sales of the product.

It is axiomatic that advertising is necessary to sales, but it has not been generally recognized until of late that advertising is more than merely a Silent Salesman. It is more than merely a Salesman. It is an investment value in Public Good Will that can be exactly determined.

The government's relation to the people of the nation during the war has emphasized this point, that advertising is a builder of Good Will. Instance this, the government was puzzled in the beginning as to how most efficiently to reach the public mind for the flotation of the First Liberty Loan. Of course, the newspapers came to the front handsomely and loyally with the news of the loan in their regular news columns. But a news-story is not a selling story. A news-story is an expression of facts: a selling story is an expression of argument from a certain sales standpoint, and this sales story can best be told as a full page advertisement.

To Advertise Inevitably.

The government fell back, as was the inevitable and logical end, on advertising in the public press in order to reach the eye and brain of the public. Here again, the newspapers were most largely the medium of reaching the attention of a nation. The net result was that intelligent, forceful advertising helped to carry the First Loan considerably over the top. So, too, with the second and the others.

And not only the Liberty Loans, but the various War Drives. They, too, realized that the one way in which they could sell their needs was through advertising.

President Wilson himself has always been a staunch believer in and a real friend of Advertising and advertising men.

Now—with particular reference to the government Liberty Loan advertising—what did th egovernment get back?

First—It got the necessary money represented by the sale of Liberty Bonds. But it received far more than mere dollars. It received an amount of public confidence from the people that could not be measured in dollars and cents. It won and secured public Good Will. In other words the advertising which was done for the various Liberty Loans represents an investment for the government in building national Good Will, which in military terms is called Morale. And that Good Will or National Morale represented a total of many millions of dollars in popular loans and the aggressive support of the individuals and the industries of the nation, of the government's efforts to win the war.

Of course, the individual work done by bankers and salesmen, and Liberty Loan workers really did the big job of putting over the Liberty Loans, and, of course, advertising's part was to help these men's work easier, just as manufacturers use advertising to reduce the cost of selling.

Not An Expense.

An investment of perhaps ten million dollars by patriotic advertisers in advertising space for the Liberty Loans for the government helped to sell billions of dollars' of Liberty Bonds and a Good Will interest on the part of the public represented in thirty odd million investors and an added interest in the affairs of the nation which could be secured in no other way.

If any business man would take the trouble to think carefully along these lines as indicated by the government's advertising campaigns for the Liberty Loans, he must necessarily draw the conclusion that advertising in his mind will henceforth never be regarded as an expense, but as a definite investment.

In these days of reconstructin when competition is going to be much more intense than we have ever known before—not only within our own national borders but between nation and nation—the manufacturer (or the country) that does the most intelligent, consistent, and persistent advertising is the manufacturer (or the nation) that will win supremacy out of th's terrific competition. And that supremacy will represent the dividends on advertising investment.

America unquestionably leads the world in advertising. It has made it almost an exact science and for that very reason the competition within the country is going to be even keener than in any other country.

So that, there is only one conclusion o draw; just at a naton on the threshold of war has to prepare for military warfare, so has the manufacturer to prepare for the competitive peace times that are at hand. And these competitive times call for a new attitude of mind in regard to advertising. It requires an attitude of mind that sees clearly that an advertisement is his salesman, and that the greater the number of these salesmen and the larger the number of calls these Silent Salesmen make on the consumer—the greater the good-will and the larger the amount of sales will be made.

Nineteen hundred and nineteen will be the greatest year in all history for those houses who advertise intelligently, persistently, and successfully—and the advertising men are ready to turn their thoughts to peace achievements in the same way which they so well served during the war.

Good advertising is good salesmanship—an investment and not an expense.

BRIDE OF FEW WEEKS KIDNAPPED BY AUTO BANDITS

CHICAGO—Search for the 17-year-old bride of William Dutcher, kidnapped, he believes, by an automobile bandit, was transferred to Kansas City, wher he received a telegram from there. It read:

"I am under arrest here. Come at once. Corinne."

Dutcher showed the telegram to the police of the South Clark street station and told them he believed it was not genuine. No notification had been received by them of her arrest.

Bridegroom Fears Plot.

Dutcher's theory is that he and his bride are the objects of some sinister plot, whose design has not been disclosed. He thinks the telegram is a lure to get him away from Chicago. The police telegraphed Kansas City for confermation of the telegram.

Mrs. Dutcher, before her marriage a few weeks ago, was Miss Corinne Smith, daughter of C. J. Smith, police magistrate of Rock Island. Dutcher came here two weeks ago. He had obtained a position with an electric company at Thirty-first and Wood streets.

Manner of Disappearance.

Monday night Mrs. Dutcher arrived and went to their home at 1822 Indiana avenue. Tuesday morning she went to the railroad station for her trunks. She returned home about 5 o'clock. Wednesday evening she left in the automobile which conveyed her from the station and has not since been seen.

The automobile is said by the police to have been stolen from J. F. Mullen, 1735 South Halsted street.

POSES AS FARM GIRL TO ESCAPE THE GERMANS

LONDON—An astonishing story was told by a soldier of the Middlesex regiment, who reached London from Germany, with 400 other men. He had been a captive for two years, and for six months before the signing of the the armistice he lived a free life behind the German lines in Belgium by impersonating a dead woman.

As he had a good record with his captors, a strict watch was not kept on him and he escaped last March.

For six days he hid in ditches by day and moved southward by night. On the sixth night he was so exhausted that he decided to risk capture by asking for food at a small Belgian farmhouse. He entered, half expecting to find soldiers billeted in the house.

The only occupant was an old woman who was wailing at the bedside of her daughter, who had died that morning. He persuaded the old woman to let him impersonate the daughter. The mother's greatest objection was to his suggestion that he should bury the body of the daughter in the garden, but on his pointing out that it could be easily taken up after the war and buried with the proper religious observances she agreed.

He buried the girl that night and for six months wore her clothes and worked in the fields. A few of the neighboring people were told, but they kept the secret.

CHATHAM RESIDENT DIES.

CHATHAM—Mrs. Annie Kennedy was found dead on the floor of her apartment on Lacrox street this morning by her grand-daughter, who chanced to call. She was 74 years of age. Heart trouble is believed to have been the cause of her death.

ON LOOK-OUT FOR MEN POSING AS RETURNED SOLDIERS

BRANTFORD—The Brantford G. W. V. A. officials are eximining the credentials of all agents and canvassers coming into this city, who pose as returned soldiers. Last week the departure of three agents from the city was expedited, while today Thos. L. Eades, of Stratford, who wore a G. W. V. A. button, was hailed into the police court charged with vagrancy. It was found that Eades had not served at all in the war. He was sent back to Stratford.

Enormous Food Value of BOVRIL

Proved by World-Famed Scientist at instigation of British Government Department

The great body-building power of Bovril does not admit of argument. It is proved, just as the circulation of the blood is proved, or the law of gravity.

The independent experiments carried out by an eminent physiologist under the most complete scientific control, proved the notable body-building powers of Bovril. The experiments were conducted with human subjects, on a standard diet, and the increase in weight was never less than 10 (and it actually in some cases reached 20) times the amount of Bovril added to the diet.

This tremendous fact, tested and proved in every possible way, has given Bovril a unique place as one of the most precious food substances in the world.

All the World recognizes the Pathephone as the Greatest of all Phonographs

—and why? Hear TWO phonographs playing, one after the other, and playing the same Records. THEN you will agree that one is— a PHONOGRAPH, to leave it at least its name—AND THAT THE OTHER IS A

Pathephone

Listening to one TO-DAY, to the other a week LATER, the untrained ear might not always note the great difference;—but hear them together and the superiority of the Pathephone will be immediately apparent: it is like setting up dross against GOLD! The Pathephone, built with ideals of ART and TRUTH, renders the art and truth of MUSIC at its BEST!

Period Design Pathephone "WILLIAM & MARY" Price $300.00 in Mahogany and Walnut

The wonderful inventive genius that brought the Pathephone to its perfection and has maintained it ever in the lead, has manifested itself in several remarkable devices, such as the Sapphire Ball, which not only greatly improves the tone, but also does away with needle changing and ensures long life to the Record, and the tone modulator, permitting you to augment or decrease the volume of tone at your pleasure. Then, there is the ingenious device which makes it possible to play ANY make of Record!

You must hear the Pathephone to realize what a wonderful and artistic Music Maker it is. It is splendidly built in modern as well as in Period designs. They are exquisite examples of the Furniture maker's art, and still they cost LESS than ordinary Phonographs and are sold on terms of payment which make buying convenient.

MEMORIAL FOR TRAIL SOLDIERS

Meeting Held to Consider Erection of Building—Committee Is Appointed.

(Special to The Daily News.)

TRAIL, B. C., Feb. 25.—A meeting was held in the city hall on Sunday afternoon for further consideration of the erection of a memorial building for Trail. G. R. Thompson was chosen chairman and J. B. Gray secretary for the meeting. Robert Gordon, chairman of the organization committee, stated the need for such a building for a town like Trail, whose industrial importance for its size was not equalled anywhere in the Dominion. He sketched the beginning of Y. M. C. A. work in Revelstoke and the benefit which such a building had been to the town.. G. R. Thompson spoke along similar lines, stating that the Canadian Pacific railway had found the institution such a factor in building up the efficiency of its men that it was establishing branches at all its divisional points. He asked the meeting, however, to consider carefully whether this were the opportune time to start a building which could not be erected much short of $50,000. J. Buchanan thought that present unsettled conditions should be taken into consideration, but expressed himself as being sure that something of the kind was badly needed in Trail, and willing to do everything in his power to bring it about. He thought it wiser to affiliate with the Y. M. C. A. and clubs formed in the past in Trail had not prospered. J. A. McKinnon thought the building should be erected at once, as there was no place where it was needed so badly as in Trail. He preferred a local club to a Y. M. C. A.

G. F. Remann stated that the Great War veterans were willing to bear their full share of the expense and responsibility.

L. F. Tyson and R. C. Crowe thought no one in town doubted the need of such a building, but the only question was how it could be financed. After considerable discussion it was voted that 10 men be added to the original organization committee and this enlarged committee be instructed to *secure costs and plans of a building* suitable to the needs of Trail and to devise ways and means to raising the necessary funds. The committee consists of: Robert Gordon, chairman; J. B. Gray, secretary; A. L. Reading, Roy Jones, R. S. Day, James Buchanan, J. A. Mackinnon, G. R. Thompson, Donald Macdonald, L. F. Tyson, Noble Binns, Hugh Bell, Alex Balfour, Lee Davison, Dominic Daloise.

The report of the committee will be made to a public meeting to be called by the mayor.

Under the auspices of the missionary department of the Epworth league, on Monday evening Rev. M. W. Lees gave an interesting talk on "Leaves from the Experiences of a Prairie Missionary."

Mr. and Mrs. George Amas and Miss Beatrice Amas of Rossland came down for the hockey game on Monday evening.

Pte. Walter Robinson came in on Monday night, being met by the Great War Veterans band, the returned soldiers aid committee and a large number of citizens. Pte. Robinson was attached to the forestry battalion.

Mr. and Mrs. Eldred Jewel and baby spent Monday in Trail as the guests of Mrs. Fred Morish.

Pte. Phillip Donohue of Rossland, who enlisted with the 54th, stopped off in Trail last night on his way home from the front.

(Special to The Daily News.)

CASTLEGAR, B. C., Feb. 25.—Mr. W. H. Gage, who for many years owned the hotel here, has sold out to Mr. Sam Thorpe and the latter is now making extensive improvements to the old place. Mr. Thorpe also intends adding a large garage to take care of the many motor cars which are used by Rossland and Trail parties during the summer months, and also intends placing a large motor boat on the lake here for the accommodation of visitors during the fishing season.

MONUMENT FOR PROCTOR HEROES

Meeting Decides Upon Erection of Permanent Memorial for Soldiers, With List of Names.

(Special to The Daily News.)

PROCTOR, B. C., Feb. 25.—A public meeting was held in Gallup's hall on Monday evening to discuss the question of a memorial to the boys from this parish who have been killed in the war. Rev. F. P. Hughes was in the chair, and after considerable discussion, it was resolved unanimously that the memorial take the form of a marble or granite monument, with the names of those who had fallen in the war from this parish inscribed upon it, and that it be erected in the grounds of the parish church at Balfour. Also that a list of all those who had enlisted from the parish be made, according to districts and a record on brass or parchment be placed in the church of each district, containing the names of the boys who had left that district. A committee was elected to make the necessary arrangements for raising a fund. Those elected being, Rev. F. P. Hughes (chairman), Percival Coles (Hon. Sec.), R. S. Francis (Hon. Treas.) Lord Aylmer, James Kennedy and Frank Seal. As soon as the committee has gathered the necessary information as to the probably cost of the suggested memorial, circulars will be printed and sent to each parishioner and the fund will be opened for subscriptions.

WANETA CITIZENS GIVE TO PATRIOTIC FUND

(Special to The Daily News.)

WANETA, B.C., Feb. 23.—The monthly contribution from the local branch of the Canadian Patriotic fund has been forwarded to Victoria. Collections towards the sum of $31 were as follows: Miss E. McDougall, $1; W. A. Duncan, $1; A. G. Lang, $1; J. W. Falls, $3; James Squires, $1; A. D. Fredricks, 50 cents; W. J. White, $1; Fred Adie, $3; also from Mr. Adie the sum of $19.50, being the amount of check for commission on sale of Victory bonds.

MINEWORKERS RECOGNIZE MOTHERHOOD: SALARIES TOPIC

(By Daily News Leased Wire.)

CALGARY, Feb. 25.—Recognition of motherhood occupied an hour this morning at District 18, U. M. W. of A. Delegate Potter of Fernie introduced a resolution which was the outcome of a brief address by Mrs. Jean McWhilliams. The resolution was passed by the convention with only two dissentant voices and calls for the payment of $50 a month to all mothers and an allowance for each child up to 16 years of age for a boy and 17 for a girl. Rate of salaries were agreed upon for the officials. Two hundred a month for the president and $175 per month each for vice-president, secretary and organizers.

ARTIST FINDS USE FOR PORTRAITS OF KAISER

AMSTERDAM—The Berlin Lokal Anzeiger recently published an advertisement from an artist at Friednau offering to repaint portraits of the kaiser cheaply by covering them over with pleasant landscapes.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once Danderine dissolves every particle of dandruff; cleanses purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Danderine from any druggist or toilet counter for a few cents.

In the treatment of all skin troubles bathe freely with Cuticura Soap and hot water, dry gently, and apply Cuticura Ointment to the affected parts. These fragrant super-creamy emollients tend to prevent little skin troubles becoming serious if used for every-day toilet purposes.

For sample of each free by mail address post-card: "Cuticura, Dept. N, Boston, U.S.A." Sold by dealers throughout the world.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parmint (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal deafness or head noises should give this prescription a trial.

MANITOBA WILL NOT DEMAND ELECTION DEPOSIT

(By Daily News Leased Wire.)

WINNIPEG, Feb. 25.—No objection being raised by the government at this state, the legislature today gave second reading to a bill introduced by F. J. Dixon, Winnipeg, to amend the Manitoba election act by eliminating the section requiring the $2000 deposit from a candidate. He claimed that character should be the qualification and no tthe possession of money.

Premier Norris said he did not believe any reputable man had ever been barred from seeking election by inability to raise the money, but he had no objection to the bill going to committee.

Another measure given second reading was a bill brought in by the government exempting soldiers' estates from succession duties.

MINISTERIAL ASSOCIATION SUPPORTS PROHIBITION

(By Daily News Leased Wire.)

MONTREAL, Feb. 25.—The Protestant Ministerial association at a meeting specially convened today, passed a resolution supporting the petition for Dominion prohibition. The resolution stated in part that the ministerial association desired to place on record its united and hearty support of the petition for Dominion prohibition to be presented to the house of commons, requesting that parliament will pass an act prohibiting the manufacture in and the importation into the Dominion of liquors for beverage purposes.

ONTARIO HOUSE IS OPENED

Notice of Motion Making Ceremonies More Simple, Is Given by Dewart.

(By Daily News Leased Wire.)

TORONTO, Feb. 25.—Ontario's legislative machinery was set in operation today when the fifth session of the fourteenth parliament opened with the usual ceremonies of peace time.

Sharp at the hour of three, Sir John Hearle, Lieutenant-Governor, entered the chamber. Following him, came General Pau, the veteran French commander, who is visiting the city, and Mayor Church.

After the reading of the speech from the throne and the presentation of five new members, the house adjourned until Wednesday afternoon.

Hartley Dewart, Southwest Toronto, gave notice of motion to make the ceremonies more simple for future openings of the legislature and to have the same regulations as to dress applied to both sexes.

He also asked for an order of the house for a return showing all correspondence between any department of the government and the British Canadian Nickel company regarding the mining of any nickel or other mineral by that company.

Touch Toes Fifty Times

Fine exercise! Keeps skin clear and complexion rosy by forcing the delayed food, poisons and waste from the stomach, liver and bowels. Splendid!

But most people take their exercise in an easy chair. They become achy, bilious, sallow, dyspeptic, constipated. Such folks must take Cascarets occasionally. No other cathartic or laxative "works" like painless Cascarets. They act on the bile-clogged liver and constipated bowels gently—no inconvenience! Cascarets cost only 10 cents a box.

GRIP, INFLUENZA

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "Flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

CALL MEETING TO ORGANIZE

Will Form Local Branch of War Savings Committee on Thursday Afternoon at City Hall.

Organization of a Nelson branch of the war savings committee will take place at a meeting which has been called for Thursday afternoon in the city hall at 4:30. C. F. McHardy will be in the chair.

The committee is being formed as a brench of the Dominion-wide organization which is endeavoring to get every person to save small amounts, as thrift will be a fundamental necessity for national prosperity during the coming years.

The saving will be done through the medium of thrift and war savings stamps, which are at present on sale at banks and post offices, and will probably be put on sale in hotels, ticket offices and other places.

HOLD FOREIGNER ON RUG STEALING CHARGE

Wajtko Slidzigive was arrested by Chief of Police Long Saturday while endeavoring to sell two rugs which it is believed he had stolen from the steamer Nasookin. As the theft had been committed at the wharf, which is outside the city limits, the case was turned over to the provincial police.

He was brought up before Magistrate E. A. Crease, but was remanded for eight days.

60 NEW MEMBERS IN CANDIAN CLUB

Roll Grew by Leaps and Bounds During Last Few Days, Says Stevenson at Annual Meeting.

During the last three days 60 new members were obtained in the city by the Canadian club, it was announced by G. F. Stevenson, president, at the annual meeting last night. In a short address Mr. Stevenson outlined the objects of the club. One the uses of the organization was to act as host to prominent men of the country who passed through the city, and now that the war was over an aggressive campaign would be put on to get more of these men to visit and speak in the city. During the war, Mr. Stevenson said, the activities of the club were greatly handicapped and he urged the members to greater efforts now that that obstacle was removed.

He said that there would be a great many people coming through now that *the war was over and that the Canadian* club was in a position to do all the honors for them.

Officers chosen for the ensuing term were as follows: President, G. F. Stevenson; vice-president, James O'Shea; second vice-president, D. O. Thomas; secretary-treasurer, F. W. Sterling; literary correspondent, Capt. D. C. McMorris. On the executive are C. F. McHardy, J. S. Carter, W. S. King, W. J. Meagher and T. L. Bloomer.

In accepting the office of president for another year Mr. Stevenson thanked the members for nominating him and for the support he had been given during the past year.

A vote of thanks was passed to Capt. McMorris for his work as secretary-treasurer during 1918.

BRITISH GOVERNMENT MAY ESTABLISH BUREAU

(By Daily News Leased Wire.)

LONDON, Feb. 25.—The setting up of a department for public information is being considered by the British government, Andrew Bonar Law announced in the house of commons Monday night. He said that attention would be given to the undesirability of committing the government to propaganda on acutely controversial questions, but he thought there were many subjects on which information could be circulated. The proposal to establish a ministry of information is already arousing unfavorable criticism. The Manchester Guardian says that unless such a department were made independent of the party in power, it could only become a kind of ministerial press agency, which would supply newspapers gratis with camouflaged information on the party war.

The Daily News says:

"We have had to tolerate spoon feeding of the public during the war, but that is no reason why we should permit this form of Prussianism becoming a permanent part of our public life."

GERMANS RETURN STOLEN STOCKS AND BONDS

By Daily News Leased Wire.)

PARIS, Feb. 25.—Stocks and bonds taken by the Germans from branches of the Credit Lyonnaise in St. Quentin, Douai and other towns occupied during the war, were returned to the owners, who could identify them at an unusual meeting in the vaults of the bank in Paris yesterday.

MAIL CLERK HAD PROHIBITED LITERATURE; FINED AND JAILED

SASKATOON, Feb. 25.—J. L. Hughes, a mail clerk on the Canadian National railway running between Saskatoon and Calgary, was sentenced to a fine of $2,000 and three years in the Prince Albert penitentiary at a court held before Magistrates Smith and Elliott on Monday. The charge was having prohibited literature in his possession.

MRS. EMMA BRITT

Tells How Vinol Creates Strength for Tired, Nervous Housekeepers

Texarkana, Texas.—"I keep house and I was weak, run-down and nervous, back ached a good deal of the time, so it was hard to take care of my chickens and do my work.—Vinol has restored my strength, and my nervousness has gone, so I can do my work as well as ever."—Mrs. Emma Britt.

There is no secret about Vinol.—It owes its success in such cases to beef and cod liver peptones, iron and managanese peptonates and glycerophosphates, the oldest and most famous body building and strength creating tonics. We recommend Vinol.

'A Terrible Frost or the Magic Fluid."

Mr. Watmuff (addicted to his wine cellar).....H. S. Lauder
Mrs. Watmuff (addicted to the memory of her parents)....Mrs. J. Yell
Emily (in love with Walter)..... ..... Mrs. B. H. Olson
Walter Litherland (in love with Emily) .....Rowland Ross
Ferdinand Swift (in love with a fortune) .....T. J. Mackinnon

The scene is laid in London and the time the present. Mr. Watmuff is persuaded by his nephew to try a little experiment on his wife. If the experiment is a success the fortune of the nephew is assured; if the experiment fails, Mr. Watmuff is due for a very unpleasant settlement. Mrs. Watmuff is, of course, not consulted in connection with the experiment, but discovers the plot through Walter Litherland, whom she has just ordered from the house becouse of the attention he was bestowing upon Emily did not concur with her ambitions for her daughter. How she turns the tables on the conspirators and brings about their complete downfall will be greatly enjoyed by all who attend the Nelson opera house on March 3, when the Balfour Returned Soldiers' Dramatic society present their entertainment for the benefit of the Patients' Golf club. Tickets may be secured from Mrs. Guthrie and also the City drug store, where the plan of the house may be seen.

"Resurrection."

Miss Frederick will be seen here in her new photoplay, "Resurrection," a picturization of Count Leo Tolstoy's famous novel. In this picture Miss Frederick is seen as a half Gypsy Russian girl, who, after her betrayal by a disolute prince and favorite of the czar, becomes a social outcast and lives the life of a degraded Magdalen. She is convicted of a crime of which she is innocent, and banished to Siberia. The man who is responsible for the wreck of her life is seized with remorse and offers to marry her, but recognizing the inquality of their social positions, she refuses this offer, because of her love for a simple peasant whose friendliness and protection on their dreadful march across the Siberian wastes had won her love. The scenes are thrilling, the action dramatic and rapid and in all other respects "Resurrection," which will be shown at the Starland theatre Wednesday and Thursday, is a photoplay which, once seen, may be viewed again and again with profit.

GRAHAM SCORES.

(By Daily News Leased Wire.)

CALGARY, Alta., Feb. 25.—With Joe Graham smashing in the only three goals of the match in the final period, Red Smith's Columbus club hockeyists won the championship of the Calgary amateur hockey league for the season 1919, by defeating the St. Mary's tonight.

SAYS ZYBSZKO WON ON POINTS; BETS OFF

(By Daily News Leased Wire.)

SIOUX CITP, Ia., Feb. 25.—Another chapter was added to the Stecher-Zbyszko wrestling match here last night when Referee Hugh M Dougall announced last night that Zybszko had won on points and called all bets off. Last night McDougall declared the match a draw after they had wrestled two hours without a fall. When the decision was announced the crowd cried "fake."

The match was advertised to go to a decision and 4000 fans had gathered from four states to witness the event. Jack Curley of Chicago was the promoter.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

THOMPSON OF CHICAGO IS NOMINATED AGAIN

(By Daily News Leased Wire.)

CHICAGO, Feb. 25.—Mayor William H. Thompson, Republican, today was nominated for reelection in the municipal primary by an indicated plurality of 45,000, over Chief Justice Harry Olson, of the municipal court.

Robert M. Sweitzer, whom Thompson defeated for mayor four years ago by a record plurality, won the Democratic nomination from Thomas Carey by from 60,000 to 70,000.

During the campaign Mayor Thompson's opponents attacked his war record but were unable to overcome the mayor's organization which apparently rolled up a majority. Fewer than half the voters went to the polls.

Judge Olson lost to Thompson in the primary four years ago by a comparatively small majority. The vote for Thompson was particularly heavy in wards containing a large German population. Women also gave their majority to Thompson.

KINGSTON SOLDIERS OPPOSE PRESENT SCHEME

(By Daily News Leased Wire.)

KINGSTON, Ont., Feb. 25.—The Kingston branch of the Great War Veterans' association has placed itself on record as disapproving of the present land settlement scheme, but endorsing the proposed scheme of 1916, under which 160 acres were granted to returned men gratis and also equipment. It is claimed that the present scheme is unsatisfactory as it gives the returned man too heavy a load of liabilities.

A committee has been formed to approach the local parliamentary representatives relative to seeking some solution to this problem.

U. S. GOVERNMENT TO STOP "CODDLING" LABOR

WASHINGTON, Feb. 25.—Labor agreements between shipyard operators and employees, made by the shipping board's adjustment commission during the winter and expiring March 31, will be superceded by a system designed to "stop pampering the yards and coddling the men," Charles Piez, director-general of the Emergency Fleet corporation, said today. The government does not intend, he added, to yield to any of the demands for increases in pay over wartime scales, which have been the cause of strikes in Seattle and San Francisco and threaten a strike at Hog island.

SAY U. S. SEAMEN'S IDEA NOT WANTED

By Daily News Leased Wire.)

LONDON, Feb. 25.—The committee of the international seafarers yesterday prepared to consider the American seamen's act Tuesday, submitted its resolution to the conference and declared that in the opinion of the committee the extension of the act to all countries would be detrimental to the seamen of such countries. It suggested that the extension of the principles of the act should be left to the judgment and the efforts of the seamen of each respective country.

HUDSON'S BAY TO SPEND MORE THAN $30,000 ON BIG ADDITION AND FITTINGS

MANAGER W. S. KING ANNOUNCES THAT BETWEEN $30,000 AND $35,000 WILL BE INVOLVED IN ERECTION AND FURNISHING OF NEW BUILDING TO ADJOIN PRESENT STORE PREMISES ON BAKER STREET—QUEENS CIGAR STORE IS VACATING AND WORK OF TAKING DOWN PRESENT STRUCTURE ON LOT 3 WILL START WITHIN 10 DAYS.

More than $30,000, including fittings, will be involved in the building of an addition to the Hudson's Bay company's store in the city, it was announced by W. S. King, manager of the Nelson branch yesterday. The building will be 30 by 120 feet and will be of stone with a plate glass front and arcade entrance. The Queens Cigar store is vacating its premises and work of tearing down a portion of the buildings on lot 3, block 10, will be started within 10 days, says Mr. King.

The lot was purchased from George T. Mathews of Salmo .Plans and specifications of the building are now in the course of formation and as soon as they are ready tenders will be asked for. The height of the addition has not yet been definitely decided upon. The company expects to occupy the new premises by May 1.

With reference to the contracting work, Mr. King said that the tenders would be asked for from local builders as the company wished to spend the money locally if at all possible.

"This announcement comes as a result of the policy of the company to improve and enlarge their premises wherever future prospects warrant it," stated Mr. King. "Our business has increased to such an extent that we have completely outgrown our present store building.."

SAYS SIR WILFRID ONCE RESIGNED AS LEADER

(Continued from Page One)

arm as that with which he guided it. His was the hand of steel and the glove of velvet. His touch was that of the master and his influence of attractiveness and charm were recognized and welcomed by his followers. He always had the respect and admiration of his political opponents, no matter to what extent they differed from him."

Senator Dandurand, speaking in the name of Sir Wilfrid's intimate friends and of his followers, thanked the government leader for his tribute and then proceeded to pronounce an eloquent eulogy. He spoke of the late leader's natural gifts, of his culture, his literary attainments, his high qualities of heart and intelligence, of his labors to build up a united Canada, to make her a nation within the British commonwealth and after disclosing, as told in the foregoing, Sir Wilfrid's desire to resign from the leadership of the Liberal party, at the time of the La Pointe resolution, concluded:

"He had for a long time looked forward to the enjoyment of peace, away from the turmoil of public life, but he felt it his duty not to desert his post in times of stress. He has given a long life to the nation. History will tell the part he played in the upbuilding of Canada and will do him full justice."

Letter from Bostock

At the conclusion of his address, Senator Dandurand read a letter from Senator Bostock, Liberal leader in the senate, expressing his regret that the illness of his mother necessitated his leaving England and eulogizing Sir Wilfrid "not only as a great Canadian statesman but as one who stood in the front ranks of the statesmen of the British Empire."

Senator Poirer spoke of Sir Wilfrid's great qualities of heart. His outstanding trait, he said, was love of country and love of his fellow men.

Senator Tessier, Quebec, added a brief tribute, recalling Sir Wilfrid's early days in the Quebec legislature and Senators Choquette and Boique added eulogies to the departed leader in French.

GOOD HEADWAY IN COMMONS

(Continued from Page Two.)

greatest failure of retributive justice in the history of mankind."

Sir Thomas turned to the problems facing the government in Canada. The conclusion of an armistice had meant the release of about 120,000 munition workers. In addition from 250,000 to 300,000 soldiers were returning. The question was to find them employment. On behalf of the Canadian National railways, the Canadian Pacific and the Grand Trunk railway, orders for 200,000 steel rails, valued at $13,000,000, had been placed and estimates to be brought down would include an estimate of $35,000,000 for rolling stock and material, a sum exceeding $20,000,000 for railway extensions and over $10,000,000 for betterments and improvements. Further, the sum of $25,000,000 had been set aside to encourage better housing conditions. Work was to be resumed on the Welland and Trent valley canals.

A Canadian trade mission in London, its counterpart a mission in Ottawa, had been created and credits had been established to facilitate the sale overseas of Canadian products.

Provisions for such credits, Sir Thomas felt, would be necessary for some time on account of exchange situation. The figures involved were large. But for the next two or three years those in charge of the government would require the necessary courage to raise money on a sufficiently large scale to enable Canada to market its produce abroad.

Such a policy was absolutely vital to the continuance of business and agricultural prosperity.

A measure was to be brought down to encourage the construction of better highways and Sir Thomas did not know of any public work more progressive than highways improvement.

There was a world-wide disorganization of business, but in no country was there less industrial unrest than in Canada. In such times as the present it was essential that there should be sane, cool action. Though the country had done well during the war and this was the best evidence that Canada would be able to pass through the present period satisfactorily. It had been intimated by the leader of the opposition, said Sir Thomas, that Liberal members of the Union government would comeb ack into the fold of the Liberals. The intimation would not result in any defection from the government side of the house. The problems the government was called upon to face at the present were so vast that mere matters of party politics assume a secondary importance.

Possilby when the ship of state was once more sailing in smooth waters they might again come to the fore.

A. R. McMaster of Brome, the next speaker, opened his address with an expression of sympathy to all those who had lost relations in the war.

The government was planning great expenditures in connection with reconstruction and no doubt these were necessary. The money would have to be raised in some way and in this connection he advised an increase in the income tax.

It had been suggested, said Mr. McMasters, that the war time election act be continued in force. This act, he said, was a blot on the statute books of Canada and should not remain there.

Hon. F. B. Carvell at 10:30 moved the adjournment of the house.
