## ALL LABOR MAY STRIKE

### Postmen's Walkout More Serious

### CROTHERS BUSY SOLVING PROBLEM

### Employees Remain Obdurate--Ask Conciliation Board

WINNIPEG, July 28.—"I have very strong hopes that the postoffice employees will return to work tomorrow," stated Hon. T. W. Crothers, minister of labor, when interviewed late tonight. *He said that following the meeting* this afternoon he again communicated with Ottawa, but had not yet received a reply. He would not make public his message. "I think," continued Mr. Crothers, "that under the circumstances the men should be at work

**Local Situation**

Owing to the postal strike there has been practically no outside mail received in Nelson during the past couple of days. Travelers have found *it impossible to send out their orders.* One traveler stated that as he had been told by expressmen it was contrary to law to send mail by express he was unable to get his orders to the head office.

WINNIPEG, July 28.—A general strike of all organized labor will take place throughout Canada unless the government rescinds the order that all striking letter carriers and postal clerks be dismissed, and giving Postmaster McIntyre power to employ men or girls to take the places permanently of the strikers, was the statement made this afternoon by Harry Veitch, vice-president of the Trades and Labor council, to Hon. T. W. Crothers, minister of labor, who is at present in this city investigating the labor disputes.

**Recommends Settlement**

WINNIPEG, July 28.—Hon. T. W. Crothers, minister of labor, has wired Ottawa making recommendations for *a settlement of the postal strike in the* west and expected that within a few hours to be able to submit some proposition to the men which would meet their approval, also that he would not leave the city until some definite settlement has been reached. This was the statement made by the minister this afternoon in the Labor temple.

Mr. Crothers told the postal employees that they were not without some well founded grievances, which he would endeavor to have remedied *before he leaves Winnipeg, and that he* would not leave as long as he was of any use to labor men of this city. The minister said the postmaster-general had been overseas for over a year and that the prime minister had been absent in the Old Country, thus their demands had not received proper attention *and the strike had been the result* of a misunderstanding. He told the men that no money could be voted until the next session of parliament and that the statute passed in 1907 had not given the government the right to appoint a conciliation board to investigate the grievances of any of their employees, although the grievances of others could be settled by it.

**Two, Instead of Four, Years**

Mr. Crothers stated that he was of the opinion that temporary men should receive the maximum amount of pay after they had been in the employ of the postal service two years instead of four years. He asked that the postal employees do all in their power to have the strike settled as soon as possible *and told them that they had public* opinion in their favor at the present time, but if they continued with the strike very much longer the great suffering caused by the tying up of business would place the opinion in favor of the government. He asked that they go back to work immediately and await the decision of the government in granting them an increase in wages, as they could not grant them a conciliation board under the present law. The minister then told the men *that he was, at the present time, in* communication with the government and expected within a few hours to be able to submit some proposition to the men for a settlement of the strike which would meet with their approval.

**Will Meet Tuesday**

OTTAWA, July 28.—The conference between the sub-committee of the cabinet and representatives of the letter carriers' federation to settle the details of the agreement reached at *the conference with the full cabinet* on Wednesday last will take place on Tuesday, Aug. 6.. This date was suggested by Alexander McMordie, Toronto, and agreed to by the government. As already announced, the sub committee of the cabinet will be presided over by Sir Thomas White, minister of finance.

The telegram sent on Saturday to boards of trade at all points where the letter carriers on that date were still out is the latest official action of

(Continued on Page Two.)

## RETREAT MAY BECOME ROUT, LONDON OPINION

(By Daily News Leased Wire.)

LONDON, July 28.—From news received in London this evening the impression prevails that the German retreat will be on a scale larger than was at first anticipated. Even now *it is said the enemy does not retain a* single inch of ground gained as a result of his attack on July 15.

The allied troops have gained four miles on a 20-mile front between the Ardrie and the Ourcq. They are virtually at the gates of Fere en-Tardenois, while the cavalry patrols are pressing the Germans along the front at Chambrecy, where the enemy is resisting with long range guns.

Farther west the enemy appears to be holding out on the line of the Ourcq. At Mont Sans-Nom the enemy is making strong reactions against the important French gain. The number of prisoners taken here this afternoon has increased to 1500.

Local actions were still proceeding but it did not appear that the Germans had been able to retain any ground.

## SAILORS TELL OF BOCHE CRUELTY

### Say They Were Left on Tower of Sub and Then U-Boat Submerged

(By Daily News Leased Wire.)

LONDON, July 28.—The sailors of two sailing trawlers, British and Belgian, just brought into a British port, tell a terrible tale of German cruelty. The British trawler was sunk before dawn on Friday by a bomb and the crew was taken aboard the submarine. Three hours later the Belgian trawler was sighted and sunk and the crew, consisting of a father and son, also was taken aboard. All were kept on the submarine's deck near the conning tower and when a patrol boat appeared the submarine submerged without warning, leaving the fishermen to drown. The Belgian skipper and his son and three Englishmen perished and only two of the English crew were saved.

The survivors state that the Germans ransacked the trawlers before sinking them and carried off everything of value. The German sailors, according to the survivors, ate biscuits and fish ravenously, as if starving. All of the Germans appeared to be youths, *their commander being only 20.* The survivors were in the water for three or four hours before they were picked up.

## AIRMEN MAKE HIT ON TRAWLER

### Enemy Destroyers Are Included in the Targets Hit by Air Force During Day.

(By Daily News Leased Wire.)

LONDON, July 27.—In home waters during the period of July 18 to 24 inclusive, says an official communication issued by the admiralty, the Royal Air *force units working with the navy* maintained scouting squadrons for hostile aircraft and anti-submarine patrols. Enemy aircraft activity over the Belgian coast and in proximity to the English coast has been abnormal and several engagements have taken place.

Six enemy machines have been destroyed and eight have been driven down out of control. Five of our machines are missing.

Our bombing formations have attacked military objectives at Zeebrugge, Bruges and Ostend, more than 15 tons of bombs being dropped with good results.

Enemy destroyers and trawlers have been attacked, a direct hit being obtained on one trawler, which was subsequently observed to be in a sinking condition.

### DOUGHBOYS REACH ITALIAN SEAT OF WAR

(By Daily News Leased Wire.)

WITH THE AMERICANS ON THE ITALIAN FRONT, July 28.—American fighting troops are now on the Italian front. They began arriving this morning. They are being billeted with the Italians.

Heretofore the only combatant American troops were aviators and the appearance of this large body of fighting men from the United States at the present moment has occasioned *the greatest satisfaction.*

### TORONTO POLICE FIND CHILD AND MOTHER DEAD

TORONAO, July 28.—When police officers broke into the home of Mrs. Childs at 55 Curson avenue yesterday afternoon they found the woman and her three-year-old child dead in bed *from the effects of illuminating gas* poison.

## BELIEVE MUNITIONS STRIKE IN ENGLAND IS ABOUT OVER

(By Daily News Leased Wire.)

LONDON, July 28.—The ministry of munitions announced tonight that reports received today from all parts of the country indicate that the strike situation in the munitions industry has distinctly improved and that a majority of the strikers, in all probability, will return to work tomorrow.

**Hold Mass Meetings.**

As a result of mass meetings in Birmingham and West Bromwich today, it was decided by the district committees of the strikers organizations that *the men should return to work Monday.* A majority of the men at the Birmingham meeting favored a continuation of the strike, but as a two-thirds vote was necessary and this was not obtainable, the committee advised a resumption of work.

Likewise, at the West Bromwich meeting there was a majority vote in favor of the men remaining out, but a decision was reached that the strikers should abide by the decision of the Birmingham meeting.

The mass meetings took place in various districts in Birmingham which is one of the largest munitions centres in the country, 16,000 persons attending the meeting, including many women.

At Worcester action similar to that taken in Birmingham and West Bromwich followed at a meeting of the strikers, but the engineers at Woolwich Arsenal, notwithstanding an appeal made by Gen. Seeley, deputy minister of munitions, who addressed the meeting, decided to stop work Tuesday. A resolution adopted by the men protested against "placing an embargo on skilled workers without their consent and its proposed extension to semi-skilled and unskilled workmen and the possibility of a further curtailment of the freedom of workmen." This action will affect 11,000 men.

At meetings held at Eastham and Leeds it was also decided to resist the embargo on skilled workmen.

**Will Appoint Committee.**

LONDON, July 28.—Winston Spencer Churchill, minister of munitions, announced today that immediately the munitions strikers resume workk a committee will be appointed to investigate the labor conditions which rendered the embargo necessary and report what further measures should be adopted, in view of these conditions, to maintain and where necessary, increase the output of munitions with due regard to the effective and economical use of labor, money and material.

The minister pointed out that this step would be taken in accordance with an agreement with the trade union advisory board as a result of which the committee advised the strikers to resume work. The investigation *committee will consist of three*

(Continued on Page Two.)

## RAIN POURS ON FLANDERS FRONT

### Many Points Impassable on Account of Mire—Foe Officers Tell Untruths to Men.

(By Daily News Leased Wire.)

WITH THE BRITISH ARMY IN FRANCE, July 28.—Continued rain has *turned the Flanders front at many* points into an almost impassable mire while all other parts of the front are wet and soggy. Such conditions are most unfavorable for launching an assault against the Britishl ines, even if the enemy, who is busy trying to save his troops north of the Marne from further defeats, should have some plan in mind.

Large quantities of gas have been projected against various sectors of the German lines, which have also been *shelled freely and, according to prisoners,* the enemy units are losing strength little by little.

So far as the German soldiers themselves are concerned, they seem perfectly satisfied to push matters, for their officers have been telling them extraordinary tales in order to make them fight, instead of submitting to capture when they came into contact with the British. Prisoners taken during recent minor operations say that they had been warned before *leaving their own lines that the New* Zealanders were cruel and that on no account should they allow themselves to be taken alive, as the New Zealanders were cannibals. They were told that they would be offered cigarettes and eaten directly after. All the prisoners, much to the astonishment of their captors, firmly declined to accept cigarettes.

## SHOPMEN AT 'PEG OPPOSE AWARD

### Asks for Chairman to Return to Manitoba Capital to Decide Action

(By Daily News Leased Wire)

WINNIPEG, July 28.—About 5000 men engaged in the federated trades in the Canadian Pacific, Canadian Northern and Canadian Government railway shops assembled this evening *to hear a report of the Winnipeg mem*bers of the schedule committee. At the conclusion of the report a resolution was unanimously adopted requesting the chairman of Division No. 4, R. B. Tallon, of Calgary, to return to Winnipeg at once to decide on future action.

The report, which outlined the proceedings between the railway war board sub-committee and the representatives of the men was considred entirely unsatisfactory; the amended *McAdoo award made public Friday* last had been rejected in its entirety by the railway department of the American Federation of Labor and was as a result automatically rejected by the representatives of the men on the Canadian roads leaving them free to act. The committee was urged to resume its work and outline the course for the interested employees to follow.

## War Bulletins

### SATURDAY'S REPORT.

PARIS, July 27.—The Germans today retreated along whole front north *of the Marne, the war office announces* tonight. French and allied troops pressing hard on enemy rearguards, have reached line of Bruyeres-Villeneuve-Sur-Fere, Couremont, Passy-Grigny, Cuisles, La Neuville and Chaumuzy.

### STARTED SATURDAY.

WITH THE FRENCH ARMY IN FRANCE, July 27.—Evening—By the Associated Press.—Undoubted signs are apparent Germans are withdrawing from entire region between the Marne and Ourcq, where the enemy has found it virtually impossible to maintain himself because of allies' steady advance and bombardment.

### AUTO UPSETS; DRIVER KILLED AND GIRL HURT

MEDICINE HAT, Alta., July 28.—Corbett Bullied of Suffield, Alta., aged 16, was instantly killed Friday night when his automobile turned turtle. A girl who accompanied him is in the hospital with a broken arm. When the car overturned young Bullied was *caught under the neck by the back of* the car.

### RETREAT BECOMES MORE DISORDERLY.

WITH THE FRENCH FORCES ON THE AISNE-MARNE FRONT, July 28.—The retreat of the German crown prince's forces along the whole Marne front has *reached a more precipitate pace.* At some points the Germans have fallen back for a distance of several miles. French and American troops are harrying the retiring forces on the centre, while French and British troops are hammering at both flanks.

Cavalry and tanks in considerable numbers have succeeded in getting among the retiring Germans, while airplanes are bombing their columns on the march.

## ALLIES DEFEAT PICKED FOE MEN

### Choice of Rhineland Troops Unable to Stem Advance—Big Guns in Action.

(By Daily News Leased Wire.)

WITH THE FRENCH ARMIES ON *THE AISNE-MARNE FRONT, July* 28.—Entente patrols, pushing ever forward, have reached the southern *bank of the river Ourcq. This morning* was extremely quiet along the centre of the salient where the Germans were not offering great opposition.

On both wings, however, the greatest activity prevailed. The enemy has massed many heavy guns to the north of Soissons on the heights around Juvigny and Chavigny, whence they bombard with an enfilading fire the western wing as far south as Oulchy-le-Chateau. Notwithstanding this bombardment, the allies in the Oulchy-le-Chateau region are making some progress although they are faced by the Germans' best men and continuous fire of numerous machine guns."

On the eastern wing the allies are gradually obtaining command of the whole road leading from Dormans to Reims. On this side also the Germans *have assembled a great force of artil*lery in the neighborhood of St. Thierry northwest of Reims. These guns cover *the German left flank and consequent*ly make the progress slower for the allies.

## GAIN 12 MILES ASSERTS PAPER

### Reduction in Length of Front Betwees Soissons and Reims Is 18 Miles.

*(By Daily News Leased Wire.)*

PARIS, July 28.—The results of the entente counter offensive on the battle front between the Aisne and the Marne are summed up this evening by several of the Paris newspapers.

The Intransigeant put the average allied advance at about 12 miles and the reduction in the length of the front between Soissons and Reims at 18 miles. The Germans, according to this newspaper, still are along the north bank of the river Marne for a *distance of 7½ miles.*

La Liberte, however, says that the Germans hold less than five miles of the Marne north bank.

### AMBULANCE FALLS OVER CLIFF; 1 KILLED, 4 HURT

(By Daily News Leased Wire)

HAMLITON, Ont., July 28.—One *soldier was killed, four others were in*jured and two civilians were badly shaken up as the result of an accident this morning when a military ambulance and an automobile went over the cliff, rolling down a 90-foot embankment. Pte. James of Dundas, lost his life; Driver Shenfield, Sergt. Montfield, Corp. A. McMaster and Capt. Barrow were the injured soldiers. William Stull and *John Carson* were the civilians.

### LIVELY ARTILLERY FIRE IN ITALIAN THEATRE

ROME, July 28.—The official statement issued today by the Italian war office says:

"Yesterday there was lively fire of our batteries in the Varla valley and in the Brenta valley and the usual harassing activity of both artilleries on the remainder of the front. Our own and French patrols captured some prisoners at scattered points.

"Two enemy airplanes were brought down in air fighting."

## FRENCH CAVALRY CHARGES IN PURSUIT OF FLEEING ENEMY ALL ALONG LINES

### GERMANS RETREAT RAPIDLY FROM POSITIONS ALONG THE MARNE AND FRANCO-AMERICANS FOLLOW IN CHASE, REACHING GREAT GERMAN SUPPLY BASE AT TOWN OF FERE—SOUTHWEST OF REIMS POILUS BATTER BOCHE LINES AND MAKE ADVANCES—POCKET GRADUALLY BECOMES SMALLER UNDER VIOLENT ALLIED ATTACKS.

## HUNS FIGHT HARD AT POCKET NECK

### ADVANCED ELEMENTS CROSS OURCQ RIVER—AIRPLANES TAKE PART IN BATTLE, WHICH RAGES AS ONE OF FIERCEST OF THE WAR—FRENCH OFFICIAL STATEMENTS ARE CONSERVATIVE OF GREAT WORK OF ALLIED ARMIES—FOCH FOILS FOE AT EVERY TURN AND CHARGING ARMIES KEEP AHEAD OFF LATEST REPORTS.

*(By the Associated Press.)*

The Franco-American troops, continuing their pressure on the Germans in retreat from the Marne h[illegible] reached and crossed the Ourcq river and penetrated the town of Fere-en-Tardenois, one of the great German supply bases for the enemy troops inside the Soissons-Reims salient.

Meantime, on the centre of the allied right wing southwest of Reims, violent attacks by the French have forced the enemy to give further ground and enabled the French to capture several towns of strategic value and to drawn their front appreciably nearer the high road, which runs northeastward from Dorman to Reims.

On the extreme wings of the gradually decreasing pocket—near Soissons and Reims—the enemy, heavily reinforced, *is holding technically to this* ground, realizing that successes there would result in a general crumbling of his plans of defense against the locking up his entire armies inside the big area.

**Foe Uses Big Guns.**

In addition to the large number of troops that have been thrown on these two sectors, the German long range guns from the north of Soissons and northeast of Reims are keeping both villages of the salient under heavy enfilading fire.

Under the battering tactless of the French and Americans the German *line on the south has now been driven* back more than 12 miles from the point south of Chateau-Thierry, where the allied troops locked the door to Paris against the enemy July 18 and themselves became the aggressors in what has turned out to be one of the greatest battles of the war.

**Some Troops Cross Ourcq.**

The crossing of the Ourcq, even if only by advanced elements of the allied forces, presages a general crossing later on. The French official com*munications thus far during the bat*tle have been remarkably conservative in their estimate of the gains that daily have been made and it is indicated in unofficial despatches that allied troops are considerably in advance of the lines as announced officially.

Where the Germans are in retreat the cavalry has been brought into the fighting and numerous tanks and machine guns in profusion are everywhere hammering the enemy, whose losses are heavy. Meanwhile, air*planes are flying over the retreating* hordes droping bombs, while the big allied guns from the side of the salient are keeping up their intensive firing from all angles into the densely congested area.

**Keeps Strong Guard.**

The retreat of the enemy has by no means become a rout and so long as the picked troops around Soissons and Reims are about to keep well open the mouth of the bag through which the Germans are falling back it is expected that the greater portion of the armies of the crown prince will be successful in reaching in order the line where it is intended for them to turn and make a stand.

Just where this stand will be made is problematical. More than half the pocket has been recaptured by the French, British, American and Italian forces opposing the enemy there have *as yet been no signs of a letup in the* retrograd movement.

If, as some of the military critics have suggested, Crown Prince Rupprecht of Bavaria purposes to start an offensive against the British in France and Flanders as a diversion against the big battle now in progress no signs of it are apparent at presen. What little fighting has been present. *What little fight has been* the nature of patrol raids, in which *the British have taken a number* prisoners and machine guns.

***French in Fere.***

WITH [illegible] MERICAN ARMY THE AISNE-M[illegible] RONT, July 28 —(7 p. m.)— [illegible] line is again north of the [illegible] er and Fere-en-Tardenois, whic[illegible] been entered by French troops, is at the mercy of the allies. The tightening of the flanks holds promise that the retreat will be continued.

The line along the greater part of the bottom of the Soissons-Reims salient has been pushed forward in some *places as much as five miles.*

The Germans are bringing to play their artillery to check the plunges of the Franco-American troops. The Americans have played a brilliant part in the advance, which included the occupation of Cierges, on the north bank of the river, and a number of small villages.

The line tonight follows the Ourcq river to Cierges and to Coussancourt, the latter place lying about six miles north of the Marne.

**Foe Resists Bitterly.**

The Germans offered bitter resistance, but not to compare with that which began late today for the retention of the higher ground farther north of the river. There they supplemented their defense with artillery fire reaching over the American front lines to the supports, the volume of fire at times attaining enormous proportions.

Unwaveringly the Americans held their ground and even advanced slightly, while the French on their sectors to *the right and left resisted as steadily* against the vicious efforts of the Germans.

From behind the advancing lines the allied heavy guns kept up a continuous bombardment throughout the day, shelling the German positions wherever the airmen reported troop concentrations.

**All Vantage Positions.**

PARIS, July 28.—French advanced guards have reached the north bank of the Ourcq river and allied forces have entered Fere-en-Tardenois, the great German supply base, which lies in the middle line of the Aisne-Marne sector. The announcement of the war office adds that the villages of Anthanay and Olizy-et-Violaine, on the east flank, lying to the southwest of Reims, have been occupied. The text *of the statement follows:*

"In the course of the night the French continued their progress north of the Marne. Our elements have now reached the south bank of the river Ourcq.

"On our right we approached the Dormans-Reims highroad.

"In the Champagne we repulsed several German attacks on our new positions south of the Mont-sans-Nom.

"Northeast of St. Hilaire we have completely maintained our lines."

In supplementary official statements issued this evening the French war office says:

**Tanks Take Part.**

"Since the opening of the artillery bombardment on July 18, the day of *the French counter offensive on the* front between the Aisne and the Marne our tanks have taken a glorious part in the battle. After piercing the enemy lines and enabling the infantry to enter the breach, they have not ceased to accompany or precede the troops.

"Throughout the battle the tanks have given proof of their ability to maneuver and of their incomparable audacity. Their crews drive the tanks into the hottest parts of the battle and recoil from no obstacles. They attacked the centres of resistance and

## BELIEVE MUNITIONS STRIKE NEAR END

(Continued from Page One.)

representatives, respectively of the government, of the employers and of labor and will be presided over by a neutral chairman. Mr. Churchill has received many telegrams from meetings of workmen in the munition areas condemning the attitude of the strikers as unpatriotic and grossly unfair to the men in the trenches.

**Pass Resolution.**

After the mass meetings at Birmingham and West Bromwich districts, committees from the two places in joint session passed the following resolution:

"In view of the fact that, although there is a majority in favor of continuing the withholding of labor until the embargo is removed, the requisite two-thirds not being obtained, we recommend that the men and women concerned resume work tomorrow, provided that no victimization takes place and on an understanding that each society will at once take a ballot vote of its members in the district on the whole question and that in the meantime the inquiry as suggested by the national advisory committee be organized and proceed to deal with the whole question."

The executive council of the workers' union passed a resolution that its members remain at work but the resolution said it thought the embargo should be removed and that more desirable methods could be used to reach the results desired by the government.

It further asserted that the threat of "work or fight" was ill-advised and that in the interests of a speedy settlement of the situation it should be withdrawn.

At Coventry a great mass meeting was addressed by J. H. Havelock Wilson, the Labor leader, who was accompanied by 600 seamen from London and Liverpool, including 50 men from the steamer Justicia, which was *recently sunk by a German submarine.* Mr. Wilson appealed to the strikers to return to work immediately, pending decision on the merits of the situation. He said if they returned to work he would play them to the workshops with bands and banners and remain in Coventry to fight their cause, if he found it was just. Mr. Wilson proposed a resolution in favor of the men returning to work and, according to a despatch from Coventry, only 10 hands were raised against it.

**Cry Against Churchill.**

It is asserted, however, that a number of those present at the meeting were not strikers. There were some interruptions and cries of "get rid of Churchill," referring to Winston Spencer Churchill, minister of munitions. Mr. Wilson defended Mr. Churchill.

At sectional meetings held in Coventry the workers decided to leave the question of the strike to a general *mass meeting to be held tomorrow.*

The workers in the Mersey district met at Liverpool and decided to ballot on a strike Tuesday, when the Barrow men, who remained at work, also will meet to take a final decision as to whether they will stick to their jobs or strike.

**Engineers Urged to Stay.**

LONDON, July 28.—The Wolverhampton district engineers trade committee today urged its members to keep working pending a meeting to be held Tuesday. The union of engineers, firemen and electricians at Wolverhampton resolved to continue work.

Labor Minister Roberts, in a speech at Winton, said the strikers were giving aid and comfort to the enemy and striking a great blow at the allied cause. He said he did not believe the miners would join them.

The representatives of 50,000 members *of the engineering trades of Sheffield* decided to have their members ballot on Thursday as to whether they would go on strike until the embargo was removed.

## ALL ORGANIZED LABOR MAY STRIKE

(Continued from Page One.)

the government, apart from the fixing of the date of the conference.

Just what will be done if the letter carriers are still out at any points on Monday is a matter of conjecture, but it is practically certain that the government does not intend to yield to the request for the appointment of a board of conciliation. As stated in the telegram of the acting prime ministeer to the boards of trade, the government declines to allow any outside body not responsible to parliament to fix the salaries of civil servants. It is claimed that the admission of this principle would be highly detrimental to all branches of the service.

**Vancouver Solid for Strike**

VANCOUVER, July 28.—The Vancouver Trades and Labor council decided at a meeting Saturday that they would "stand behind the hostile employees to the last man," and they threaten to tie up the whole city through sympathetic strikes if the demands of the strikers are not met. It was stated that if strikebreakers are employed in the postoffice a general strike will be called immediately.

Postmaster Macpherson has a telegram from the deputy postmaster-general stating that the "employees who refuse to return to work are not to be retained in the service, and steps are to be taken to provide otherwise for carrying on the necessary work." The congestion of mail matter in the postoffice is so great, however, that it is declared order cannot be restored and deliveries resumed with inexperienced workers.

VICTORIA, July 28.—Postal employees here are as determined today as ever to remain on strike until the government grants their demands. On Monday a meeting of the Trades and Labor council will be held, at which a call will be sent out to the locals to take a referendum on a sympathetic strike.

**Still Strike in Winnipeg.**

WINNIPEG, July 28.—The Winnipeg postoffice strike is still on. A mass *meeting of strikers Saturday night* rejected the proposal that the men return to work for 10 days during which time the Winnipeg civic authorities and the board of trade would use their *efforts and influence to obtain for the* postoffice employees the board of conciliation for which they are striking. The attitude of the striking carriers and clerks still is "no compromise."

The strikers have issued a statement of their attitude, reiterating their conviction that in withholding from them the conciliation board to consider their grievances, the government is denying them the right of ordinary citizens. The statement also says that returned soldiers in the post office employ are being kept at the lowest salary and without opportunity for advancement. The attitude of the men is that only by means of a conciliation board can such consideration be given the unbusinesslike administration of the postoffice department as to establishing a better order of things and prevent the recurrence of postoffice strikes.

**Calgary Unions Join**

CALGARY, July 28.—At a mass meeting of all trades and labor organizations in Labor hall last night a resolution was passed pledging fullest support of organized labor to the postal workers' strike if necessary, and directing the opening of a fund to assist the strikers.

Later the executive of the postal workers' organizations issued the following statement:

"In respect to the reply of Hon. Mr. Doherty that the government has not power to relegate power to a third party to settle any dispute arising in public service and that this is the perrogative of parliament, the position taken by the mass meeting of organized labor in Calgary tonight is that the statement of Hon. Mr. Doherty cannot be accepted because of the fact that the public service of Canada has already a Civil Service commission which funcions as a third party equally as much as would a conciliation board if granted.

"In reply to the contentions of Hon. Mr. Doherty that it would be unstitutional for a third party to have thae power, we contend that the chief distinction between a conciliation board and the civil service commission is this: The conciliation board would be made up of representatives of the postal workers' organizations with a third party selected by the public. That is the vital thing.

**Want What They Want**

The postal workers are not concerned whether the conciliation board be under the Lemieux act or not. What they want is a conciliation board. They are not concerned whether this board makes an award immediately or not.

"Regarding the statement made by President Watters of the Trades and Labor council that asking for a board without first endeavoring to appeal directly to the department was a reversal of the policy of organized labor; the position taken by the meeting of organized labor was that the postal workers have endeavored for a considerable time to meet the department and adjust grievances, but have not been able to adjust grievances. In making appeal for a conciliation board we feel that it is with the view of placing the postal workers on the same basis as any other labor organization.

**Regina Asks for Board**

REGINA, July 28.—A special meeting of the Regina Trades and Labor council was held this afternoon for the purpose of considering the postal employees' strike.. A strong resolution was passed to the effect that in the event of strikebreakers being employed a mass meeting of trade unionists of the city will be held with a view to calling an immediate sympathetic strike of all labor organizations of the city. The resolution also calls for the immediate appointment of a conciliation board, the preamble to the resolution stating that the requests of the men for better working conditions have been lost sight of in a jumble of departmental red tape."

During the meeting the delegates were informed that the local postmaster has received orders from Ottawa to employ strikebreakers to be supplied by the military department if the strikers have not returned to work by midnight.

**Work at Toronto**

TORONTO, July 28.—As the outcome of Saturday's meeting of postmen to discuss the result of the recent Ottawa conference with the cabinet, it was resolved to remain at work and to give the men's representatives a chance to obtain a favorable decision from the cabinet sub committee, but it was made plain that the finding of the inquiry was not binding.

A telegram was sent to the unions in western Canada who are standing by their original demands, informing them of the decision of the meeting and asking them to return to work.

Maxwell Mann of the Federated association blames the press reports for the present situation in western Canada. The report of the conference, he said, was either shortened by the press or the government presented only 50 per cent. For this either the government or the press were to blame. He said that the cabinet should have issued *a statement embodying the proceedings* in full, particularly the answers returned to Hon. Mr. Carvell, when the patriotism of the men was under discussion.

**Advises Strike**

T. A. Stevenson, of the Trades and Labor council, accused Hon. Frank Carvell of abusing the confidence of the meeting in uttering the statement to the press. He advised the men if they did not get a square deal through their committee "to go on strike again." The men appointed to represent the Toronto branch at the conference with the cabinet committee are Alexander McMordie, Maxwell Mann, T. A. Stevenson and Dr. Charles Sheard, M. P.

It was decided to ask Winnipeg, Edmonton and Montreal to appoint a man to represent their localities.

WINNIPEG, July 28.—Late yesterday afternoon the following telegram was *despatched by the strike committee* of the postoffice employees to Hon. C. J. Doherty, acting prime minister:

"Is the government willing to grant committee of inquiry, as provided for in Act 105, volume 2, revised statutes of Canada, dated 1906? Wire reply immediately. We are aware that any increase in remuneration recommended by any board will have to be ratified by parliament.. We have never asked for a conciliation board under the Industrial Disputes Investigation act."

Up to an early hour this morning no reply had been received.

**Work at Brandon**

BRANDON, Man., July 28.—The mail carriers and sorters at the postoffice here are back to work again. It is understood that they have gone back for the time being, pending satisfactory negotiations *with the government.*

**To Quit at Winnipeg**

WINNIPEG, July 28.—It was learned unofficially tonight that the railway mail clerks will walk out tomorrow afternoon at 4 o'clock. The Manitoba railway mail clerks' association met tonight and held a session lasting some three hours, but at the conclusion no statement was handed out for publication.

**Saskatoon Supports Action**

SASKATOON, July 28.—At a meeting of the Trades and Labor council held here today it was resolved to uphold the action of the postal workers. It was also resolved that if any temporary help be employed in the postoffice, for every man employed one trade union in Saskatoon would be called out on strike.

**Moose Jaw to Join**

*MOOSE JAW, Sask., July 28.*—The railway mail clerks on the Moose Jaw division notified Superintendent Hislop tonight that they would walk out at 4 o'clock Monday afternoon if the demands of the striking postal clerks and letter carriers have not been met by that time.

The notification was to the effect that the service would be taken up to 4 o'clock and that railway mail clerks who accepted a run before that hour would complete the run by bringing return mail to the Moose Jaw terminal on Tuesday.

The strike of the railway mail men is to continue until the government has met the demands of the postal clerks and carriers.

## NERVOUS PROSTRATION

### May be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves It.

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my housework and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."—Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, backache, headaches, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

Total receipts from August, 1915, to June 1918, $1394.85. Total expenditure for same period, $1234.40. Balance on hand, $160.445.

### HONOR F. L. CARPENTER, AT KASLO AFFAIR

(Special to the Daily News.)

KASLO, July 28.—A reception was tendered the Rev. F. L. Carpenter and family by the young people of the Methodist church on Tuesday evening last at the church. Mr. Carpenter has only been in Kaslo for a short time and the ministers and friends of the other churches were given an opportunity to become acquainted. There was a short program and refreshments were served.

Miss Dorothy Fingland of Trail is visiting Miss Kathleen Strathearn.

Clyde B. White and family have moved to New Denver.

The War Workers held an ice cream social in the armory on Saturday last. A pig and two mats were raffled. Sam Hunter was the lucky winner of the pig and Ms. R. R. Dimock and H. Giegerich winners of the mats. The sum of $81 was realized.

The Rev. M. C. Campbell returned from a two weeks' visit to Grand Forks on Wednesday evening.

### WANETA ITEMS.

(Special to The Daily News.)

WANETA, B.C., July 28.—Miss D. L. Hollands has gone to Vancouver for a short visit.

Norris Churches has undergone a slight operation. He is progressing satisfactorily.

Miss M. Manson of Nelson is staying with Mrs. D. E. Wick at 9-Mile.

Mrs. F. Adie is spending a few days at Rossland in Mrs. McIvor's house, while Mrs. McIvor and daughter, Margaret, visit Mrs. Cooper here.

Recent rains have done much good in the valley. Root crops and corn are growing fast now.

Miss M. O'Brien is visiting friends in the Coeur d'Alene.

### PAYS TRIBUTE TO NURSES IN GENERAL HOSPITAL

(Special to The Daily News.)

SLOCAN CITY, B. C., Jply 28.—J. T. Tipping, who has just returned home from Kootenay Lake General hospital, where he had been under medical treatment for several weeks, speaks in glowing terms of the treatment accorded him by the staff. He also reports that the new hospital when completed will be one of the best equipped hospitals in the interior of British Columbia.

Captain William Kirdby, who was taken to the New Denver hospital last Wednesday, arrived home on Monday much improved.

Mrs. W. G. Elsdon and Miss J. Kennedy of Nelson came in on Monday for a couple of days.

Mrs. R. E. Macmillan and Miss K. Macuaig went to Sandon Monday.

The Slocan branch of the Red Cross acknowledges a donation of $2 from S. Parnham.

## CANNING IS TO BE DEMONSTRATED

**Secretary Robley of Trail Fruit Fair Makes Suggestion to Department of Agriculture**

In response to a suggestion which has been made by T. A. Robley, secretary of the Trail fruit fair, the provincial department of agriculture has agreed to arrange for canning demonstrations at fall fairs in the interior.

Mr. Robley in a letter to the department spoke of the interest which was being taken in home canning and of the benefit which canning demonstrations might prove. One of the first of the demonstrations will be given at the Trail fair.

### BOSWELL NOTES.

(Special to The Daily News.)

BOSWELL, B.C., July 28.—Mr. and Mrs. B. R. Dawson of Nelson spent the weekend in Boswell the guests of Mrs. Wm. Keatley.

Miss Minerva Barrington of Spokane is the guest of Miss E. M. Oatts.

Mrs. Weller and son of Lethbridge are visiting Mrs. Coupland.

Miss Eleanor Millward of Nelson has been the guest of Mrs. A. Kennedy. She returned to Nelson Wednesday accompanied by Miss May Kennedy.

Dr. J. Kunst and Mrs. Kunst were Boswell visitors to the convention in Nelson.

At the recent annual meeting for the election of a school trustee Harry Johnstone was elected for the next three years and B. W. Holliday-Smith was elected as auditor for the ensuing 12 months. Mrs. K. Wallace has been appointed by the trustees to take charge of the Boswell school.

The recent heavy rains have caused a great deal of damage here to the cherry crop, particularly the Lambert variety, which have split badly. There was a heavy crop this season, the cherries not having suffered from the May Frosts.

### ARROW PARK ITEMS.

(By Daily News Leased Wire.)

ARROW PARK, B. C., July 28.—R. L. June of the Rock Island dairy, has just completed a 13x28 foot silo, the first to be built in the Arrow Park district.

At the annual school meeting M. Mauchline was elected trustee and A. J. Harrison auditor for West Arrow Park, and C. S. Ball trustee; John Hall, auditor for East Arrow Park.

Born, to Mr. and Mrs. John Helmer of Vulcan, Alta., recently of Burton, a daughter. Mrs. Helmer was formerly Miss Edna Keffer.

Mrs. Richard Fairhurst, who has been ill in the Nakusp hospital for several weeks, has been taken to the Kootenay Lake General hospital at Nelson.

Mrs. Louise Keffer, accompanied by her son, Harold, left Saturday for a visit to Vulcan, Alta.

Mrs. James Campbell is spending a week in Nakusp.

Frederick Job, teacher of the Arrow Park school, will spend the holidays on the farm of R. L. June, having volunteered as a soldier of the soil, after having several times been rejected for army service.

Mr. and Mrs. Dan McVicar returned to Coleman Monday, after spending three weeks with Mrs. McVicar's parents, Mr. and Mrs. T. Hardy.

### BROWN AT ROBSON EXTRACTS FIRST HONEY

(Special to The Daily News.)

ROBSON, B.C., July 28.—Gordon C. Brown made the first extraction of honey this week, taking off about 150 pounds. The prospects are good for a big supply this year.

Capt. and Mrs. Soules of the Edgewood Lumber company were Trail visitors on Friday.

Mr. and Mrs. A. D. Clyde were Nelson visitors Thursday and Friday.

Geo. S. Horn, F. E. Oborne and A. D. Clyde attended the irrigation convention, representing the Robson Farmers' institute.

Mr. and Mrs. J. T. Laurie are spending their vacation at the Slater ranch at Westley.

Mr. and Mrs. Askew and Mr. and Mrs. A. Hirst of Syringa Creek motored down to Robson on Saturday.

Rex. Johnson of the Dominion Express company visited the ranch here last week.

Thomas Hansen returned from Victoria last week, having been released from military service. He has resumed his old job on the tug, Elco.

J. A. Irwin of Westley was down at the Edgewood mill for lumber for a silo which he is putting up on the Irwin ranch this fall.

### KASLO RED CROSS GIVES STATEMENT OF RECEIPTS

(Special to the Daily News.)

KASLO, B. C., July 27.—Monthly subscriptions to the Kaslo Red Cross society are $50 a month and a canvass made last month resulted in donations amounting to $250, according to the treasurer's statement recently issued. The total receipts for June were $664.65 and the disbursements $611.14. The disbursements include $237 sent to headquarters at Toronto.

Donations were received as follows: Employees of the Highland mine, $92; employes of No. 1 mine, $30; Riondel garden fete, $90; Florence mine dance, $25; Howser donations, $43; proceeds of dance at Trout Lake, $15; proceeds of bridge drive at Kaslo, $10; local chapter I. O. D. E., $5; Mrs. S. S. Fowler, $10; R. Mitchell, Bear Lake, $15; proceeds of pig raffle, $22; proceeds from sale of pig, $8; Proctor public school, $10; Kaslo high school, $10; Kaslo Women's institute, $10; R. Barron, Whitewater, $2.

The following articles were shipped to Toronto: 36 suits pyjamas, 12 dressing gowns, 84 pairs socks, 12 stretcher caps, 12 personal property bags and 24 day shirts. These include supplies from Riondel and Ainsworth workers.

### PASS MUSIC EXAMINATIONS; WIN PRIZES AT KASLO

(Special to The Daily News.)

KASLO, B. C., July 28.—The following music pupils have successfully passed examinations: Louise Parisian, Francis Caldwell, Isobel Strathearn, Frances Latham, Vivian Daney, Jessie McGregor, Margery Stubbs and Queenie McQueen.

The Kaslo Women's institute held their annual flower show and exhibit of women's work here on Saturday. The following received prizes: Mrs. C. B. White, Mrs. Dedolph, Mrs. Lumberg, Mrs. C. Patey, Mrs. Leat, Mrs. T. Clark, Mrs. W. Cockle, Mrs. McLeod, Miss A. Cockle, Mrs. A. McQueen. Ross Whittaker, A. Roberts, Patrick Patey, Queenie McQueen.

### TRAIL NOTES.

(Special to the Daily News.)

TRAIL, B. C., July 26.—Mrs. J. J. Fingland and son, Jack, left Monday evening to spend the holidays at the coast.

M. Davison and E. Edwards are spending a vacation at Halcyon Hot Springs.

## FRENCH CAVALRY CHARGES IN PURSUIT

(Continued from Page One.)

the batteries of the enemy under terrific fire from machine guns and special German cannon.

"Their gallantry attracted the greatest praise. One tank accounted for 10 or 15 German machine guns. Tanks charged the German batteries, putting the gunners out of action and insuring the capture of the cannon material.

"The losses sustained by the Germans as a result of the onslaught of the tanks were very high, according to the reports of prisoners. From July 18 to 23 the tanks took part every day in the attacks. Most of them were in action twice and some returned to the fight four or five times in the same day. Some tank companies fought for three full days. Drivers operated their tanks for 40 hours in the two-day period of July 18-19."

**Reach Ourcy River.**

PARIS, July 28.—In their pursuit of the retreating Germans north of the river Marne, French troops have reached the south bank of the river Ourcq, it was announced today by the French war office. In the Champagne a number of German attacks were repulsed by the French.

The text of the statement reads:

"North of the Marne we have continued our onward march in the region of the Ourcq, notwithstanding the resistance of the enemy, who employed every effort to check our passage of the river. We succeeded in throwing advanced elements on the north bank. We have penetrated into Fere-en-Tardenois.

"Northeast of the forest of Ries we reached Champauoisy.

"On the right our troops have occupied Anthenay and Olizzy-en-Volaine and have approched appreciably the line of the road from Reims to Dormans.

"In Champagne, two enemy attempts in the region south of the Monts were repulsed."

**Half Pocket Taken.**

WITH THE FRENCH ARMY ON THE MARNE, July 27.—(Havas Agency)—(Evening—French cavalry, supported by some infantry elements advancing in the Soissons-Reims salient, has reached the district south of Villers-sur-Fere, a little morethan a mile to the southeast of Fere-en-Tardenois, and Zergy, 1¾ miles east of Villers-sur-Fere.

Southwest of Reims, the French cavalry is advancing swiftly on the Ville-en-Tardenois road. The allied success has been complete along the whole front. Half of the pocket in which the Germans had been cornered has been retaken.

Fere-en-Tardenois, the town on the Ourcq river in the middle of the Marne pocket, which had been used by the Germans as a great supply base, is seriously threatened.

The losses of the enemy have been very heavy. The German retreat is assuming a rapid character.

The magnificent move of Generals Foch and Petain, splendidly carried out by Generals Gourard, Degoutte and Berthelow, is bringing results. The Germans under irresistible pressure are retreating all along the front. The information given out officially no longer covers the full situation.

**British Raid in West.**

LONDON, July 28.—Reporting military operations on the British front in Flanders last night, the statement issued today by the war office says:

"Successful raids, as the result of which we captured a few prisoners and machine guns, were carried out by us last night southeast of Arras and in the neighborhood of Locre.

"In the Givenchy sector our patrols brought in further prisoners and a machine gun.

**Gen Pershing's Report.**

WASHINGTON, July 28.—The text of Gen. Pershing's report reads:

"Section A: Between the Ourcq and the Marne the enemy's resistance has broken down. Our troops, with those of our allies, are in pursuit."

**German Statement.**

*BERLIN, July 28.—The official communication from general headquarters dealing with events of Saturday reports a quiet day on the crown prince's battlefront. It makes mention, however, "of our new positions," while not admitting any material allied advance.*

The text of the statement reads:

'On the front of Crown Prince Rupprecht there was lively reconnoitering activity and strong enemy thrusts north of the Lys on both sides of the Somme and northwest of Mondidier were repulsed. The artillery was active in some sectors.

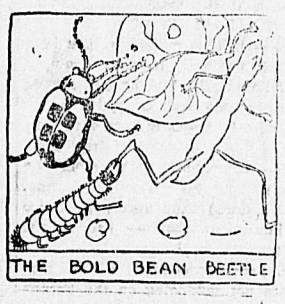
"On the German crown prince's front the day passed quietly. There were small infantry engagements before our new positions.

"In Champagne the enemy made a local attack and penetrated our foremost line south of Fichtel mountain. He was for the great part repulsed by our counter thrust."

**Nothing to Say.**

The evening statement says:

"Apart from fighting on the Ourcq, the day has been quiet."



## Sale of Lingerie Dresses at $18.75

WOMEN WHO ARE SEEKING STYLE AND QUALITY AT A LOW PRICE WILL SURELY BE PLEASED AT THIS GROUP OF LINGERIE DRESSES SPECIALLY PRICED.

MONDAY, JULY 29, 1918.

## THE ENEMY RETREATS IN A HURRY.

After having had their advance slackened during the middle of last week by the efforts of the German defensive troops, the steady pressure of the allies has again begun to tell and the enemy is retreating just as rapidly as he can through what is left of the opening between the allied troops which are making inroads into both of his rear flanks.

There are indications that the Germans are retreating with a good deal more haste than dignity and that in some instances the retirement is approaching disorder. Allied tanks and cavalry have got among the retiring enemy troops, while aviators with machine guns are adding to the demoralization which is becoming apparent.

The German high command has, it appears, adopted the alternate plan of attempting to retire its main army while a large rearguard endeavor to hold off the allies. The effect at this stage of the battle will be heavy losses both among the retiring troops and the rearguard. The fate of the latter is probably sealed.

## THE PATRIOTIC FUND.

The important announcement is made by Lieutenant Governor Barnard of British Columbia, provincial chairman of the Canadian Patriotic fund, that after March 31 next no further campaigns will be inaugurated for subscriptions, but that any additional revenue thereafter required would be sought from the Dominion government. This was the decision, he states, at a meeting of the Dominion executive of the fund.

The lieutenant governor urges that there be no abatement during the next few months of payment from voluntary sources as the work of caring for the dependents of the soldiers overseas must be continued.

It is explained that the necessity for frequently raising war loans and money for the Red Cross in greater amounts than were called for earlier in the war were factors in influencing the committee in its decision to look to the government after March next for such money as may be needed.

There are many cogent arguments in favor of the administration of the fund by the committees which have had it in charge. This plan has permitted of a flexibility in the amount provided for dependents which has enabled each particular case to be dealt with in accord with its needs. It has resulted in extremely economical administration of the fund and it has drawn money from sources which could not have been reached to the same extent by taxation.

But as the war progresses conditions have changed and apparently it is no longer practicable for the fund to be administered except by the government.

## THE DESPISED MONITOR COMES INTO ITS OWN.

One of the results of modern sea warfare has been the revival of the monitor. At the outbreak of the war certain monitors were being built in England for the Brazilian government for use in the Amazon. At that time a monitor was regarded as only a shade less obsolete than a frigate. But since the admiralty requisitioned everything in the yards that could be called a man-of-war, these monitors took the sea and because of their shallow draft were used in the shoal waters off the coast of Belgium. There they proved themselves most useful. They were able to cooperate with the troops on more than one important occasion; they moved as a rule in waters too shallow for submarines to pursue, and even if exposed to attack, their draft was so slight that the ordinary submarine torpedo, set to run at a depth of 18 feet, would pass far below their keels. Consequently these despised monitors banged away most effectively and stayed afloat at a time when it began to look as if every other type were doomed to go down. The result has been that monitors of all shapes and sizes have been built and operated ever since. There has been considerable mystery about them, but it can be said that the largest monitors mount the heaviest naval ordnance in the fleet and that as special protection against the torpedoes the hulls of these vessels are adorned with "cushions" or "blisters." The value of these protective devices has never been put to proof because no monitor has yet been hit by a torpedoo. It is this enviable distinction that enables the venerable monitor to cock its has in the presence of younger and more vulnerable men-of-war.

Keep the canning equipment busy.

Make the war garden produce until the frost comes.

The crown prince will be able to explain it all, of course.

Keep an eye on Russia. A few allied victories may have a marked effect in that country.

Probably the crown prince was among the first to get out through the neck of the bottle into which Foch's strategy caught the imperial prince's army.

It requires little stretch of the imagination to hear the roar of "Gott Straafe Amerika" from the German trenches, intermingled with "strafings" of the Hun leaders who told their men that the United States army didn't amount to anything.

## WHAT THE PRESS IS SAYING

### One for the Prince.

The clown prince of Hunland had to call for help. The civilized world stands ready to help him as well as the Hun kaiser into everlasting oblivion as quickly as possible.—Butte Miner.

### Soldiers Not Writs.

Whatever is going to win the war, there is no question about it that writs of habeas corpus are not.—Toronto Mail and Tmpire.

### Some Statement.

William the last has reigned 30 years at an average cost to humanity of $5,000,000,000 a year. It is no joke to call him Bill.—Ashcroft Journal.

### Hun Detail.

Burglary is increasing at an appalling rate in Germany. The national policy is being individualized as it were.—St. Louis Globe Democrat.

## COMMUNICATION

### REPLIES TO THOMAS FRENCH.

To the Editor of The Daily News:

Sir—In your issue of the 23rd you published a letter from Mr. Thomas French, criticizing a paper I read before the Revelstoke mining convention and accusing me of misstating facts.

I would like to call attention to the fact that in his letter he confirms the very statements he denies. For example, he denies that he was supervising the Trail experimental plant yet states that he was present to advise and teach. I never claimed he was superintendent or manager of the plant.

He asks why more experimenting was not done on the French process, yet in the same letter states—not only that he (the representative of the French company) had acquired sufficient skill in roasting to acquire about as good results without using sodium bi-sulphate, but that it was with his approval that it was dropped. If Mr. French had gained sufficient skill to do without the main French patent why should not others?

Mr. French states that we bought a finished process. In this, again, I think he is mistaken, as our records show we only had an option on it. This mistake seems to have been general as we had severel letters from outside companies, with whom the French company was negotiating, which showed they also were under the impression that we had bought the right to use the process.

Mr. French apparently admits that we are not infringing on the French process, but quite apart from it, that we took advantage of them and learned from them something which had never been done in America; kindly note the word "America." Mr. French, if truly candid, might admit that up till the time he left we had not advanced very far; also that there are many clearly written articles and patents covering all that we could possibly have learned from him, many of thse dating from 10 to 20 years ago. Truly, this work was not all done in America; however, a very limited search in metallurgical magazines will reveal that this continent was fully aware of what was going on.

In conclusion, let me state that it was impossible to write the history of the Trail zinc industry without taking up the chapter on the French process. As many false statements had bee made and were still being made to the public I felt it was only right to make a clear and concise statment of fact, whether Mr. Thomas French would like it or not, was not considered. I hardly expected, however, that he would publicly confirm it as fully as he has seen fit to do.

S. G. BLAYLOCK.

Trail, B.C., July 25, 1918.

## MEREDITH COMPANY GETS $1,000,000 BONDS

(By Daily News Leased Wire.)

WINNIPEG, July 28.—Meredith and company were successful bidders at 96.77 net for $1,000,000 of Manitoba bonds. The provincial government at noon on Saturday accepted tenders from Canadian financial firms in connection with the $1,000,000 bonds which are being resold to cover bonds which on Dec. 1. Owing to the tieup in the mail service a large number of tenders have not been received.

The firm of Meredith and company is comprised of a syndicate consisting of themselves, Hanson Bros., Forbes of Montreal and Matthews and company of Toronto. The Meredith estimate was $967,070 for the $1,000,000.

The other tenders made were by Wood, Gundy and company, Toronto, 96.59; Amelius Jarvis, Toronto, 96.69; Merchants bank, for some unknown company, 96.42.

## U. S. CASUALTIES FOR A DAY NUMBER 225

WASHINGTON, July 28.—The United States army casualty list today shows a total of 225, divided as follows: Killed in action, 38; died of wounds, 11; died of disease, 13; died of accident or other cause, 8; wounded, severely, 119; wounded, degree undetermined, 1; missing, 35.

## TOLD IN RHYME.

### THESE BOYS.

They are not heroes in their own esteem,
These boys whose souls with heroism glow,
Whose steadfast eyes so clearly see below
The semblance and the glamor of the dream.
Yet not the less upon their spirits gleam
The joys and splendors of young life's bright show,
The ardent flame, the keen desire to know,
And love's right royal guerdon to redeem.

Will they come back? we ask with quivering breath,
Nor dare we show the very dread we feel.
So calm and bravely unafraid are they;
As though the challenges they make to death
The purposes divine of Life reveal—
'Tis we who falter at the price they pay

—By Robert Adger Bowen of The Vigilantes.

## COLD STORAGE

The Youth—When we were torpedoed I swam for two hours before being picked up.

The Maiden—Oh, how jolly! I love swimming.

"Where were you boys when I called for you to help me an hour ago?" asked Farmer Jones at the supper table.

"I was in the barn settin' a hen," said one.

"And I was in the loft settin' a saw," answered another.

"I was in grandma's room settin' the clock," came from the third boy.

"And I was in the pantry settin' a trap," said the fourth.

"You're a fine set," remarked the farmer. "And where were you?" he asked, turning to the youngest.

"I was on the doorstep settin' still."

## POLISHING DIAMONDS.

Before the polishing of a diamond is begun the rough stone must be held firmly. This is accomplished by building a solder mould for it. The mould is first roughly shaped by hand and heated. It is then reshaped as often as necessary to fit the stone perfectly. When it is exactly right, it is heated again and the stone dropped in. Held firmly by the snug solder mould, the stone can then be handled easily.

## COWGIRLS WILL RIDE RANGE ERE WAR ENDS

WAURIKA, Okla.—"Just as certain as shooting," says William Davis, mayor of Fort Worth, and ranch owner of Jefferson county, Okla., "we'll have cow punchers in skirts before he next summer, if the war doesn't end before that time. The government is no respector of persons in the draft these days. It can't afford to be in this emergency. The ranches of Oklahoma and Texas have got to give up their cow punchers and they must be replaced by women, just as women are replacing men on railroad trains, street cars, in barber shops, offices and stores.

Mayor Davis believes that women may do practically as well as men for the lighter duties of the ranch. In horsemanship, he says, many of them already have proved as efficient as men.

"So long as we have men at home over the age of 45, the ranches need not seriously suffer through the substitution of women for many duties," Mr. Davis says. "Naturally, we would expect men to do the heavy work of branding cattle and loading and unloading feel. But women should do excellently in the saddle, on the roundup, and the long drive. She could very easily attend to the dipping that is required, for it is a matter only of driving the cattle one at a time into the vat of oil. Wild west shows have proven that the average horsewoman could easily cut cattle on the range. She could do feeding and assist in loading cattle for market."

# Mining and Markets

## C. P. R. STOCK MAKES GAIN

### Rail Shares Hold Most of 2½ Point Advance—Standards Are Quiet.

(By Daily News Leased Wire.)

NEW YORK, July 28.—With the exception of C.P.R., which retained the greater part of its 2½ point advance, standard stocks made little headway in Saturday's extremely superficial market.

Reading forfeited almost a point and United States Steel was sluggish within contracted limits, forfeiting its slight advantage at the end. Other industrials and equipments of the popular class were equally irregular. Specialties and miscellaneous issues, such as American Tobacco, General Cigars, Distillers, Virginia-Carolina Chemical, Wilson Packing, United States Rubber, United States Realty and Worthington Pump scored extreme gains of 1 to 3 points, but General Motors reacted 6, with only moderate recovery and both American Telephone and Western Union supplemented recent reversals. Sales amounted to 110,000 shares.

An increase slightlyy in excess of $118,000,000 in actual loans was the not worthy feature of the local bank statement, actual reserves showing a very moderate contraction.

Bonds were steady on nominal dealings. Total sales, par value, aggregated $1,925,000. United States bonds, old issues, were unchanged on call during the week.

## MONTREAL PRODUCE.

(By Daily News Leased Wire.)

MONTREAL, July 28.—Cheese was quiet on the produce market. Lower grade eggs were weaker, but higher grades were firm. Butter strong.

Cheese: Finest easterns, 22½ to 23.

Butter: Choicest creamery, 43¾ to 44.

Eggs: Selected, 51 to 52; No. 1 stock, 47 to 48; No. 2 stock, 44.

## C. P. R. REACHES HIGHEST YEAR LEVEL AT TORONTO

(By Daily News Leased Wire.)

TORONTO, Julyy 28.—A fresh advance of Brazilian on fairly heavy demands, revival of activity in Canada Bread and attainment by Canadian Pacific of the highest level of the year at 155, were features of the local stock market Saturday. Brazilian sold as high as 36½, a gain of ½, but reacted to 36¼ at the close. The sustained buying of Brazilian, which began on Thursday, is not accompanied by any particular news and it is said that President McKenzie is not expected to return from abroad until toward the end of August.

Canada Bread was dealt in to the extent of 450 shares, but the stock was in free supply. Opening at 19¾ the stock moved up to 20⅛ and closed at 20, showing no net change. Fifteen shares of Canadian Pacific sold at 155½. The war loans were steady.

## CORN VALUES ADVANCE.

(By Daily News Leased Wire.)

CHICAGO, Ill., July 28.—High temperatures in the southwest and reports that crops as a whole had suffered a serious loss brought about material advances Saturday in the price of corn. The close, although unsettled, was 1¾ to 2½ cents net higher, with August at $155 to ⅛.

Oats gained ½ to 1 cent and provisions 10 to 45 cents.

## MONTREAL HAS ACTIVE SESSION ON EXCHANGE

(By Daily News Leased Wire.)

MONTREAL, July 28.—Some new high prices were set up, chiefly among specialties of infrequent activity, in a fairly active session of the stock exchange Saturday.

Features in that respect were Ontario Steel Products, which rose 7 points to 35 and Lyall, which rose to 22 and Wabasho Cotton and Woods Manufacturing at fractional advances, sold at the highest prices on record. Lyall was the most active of the stocks named, contributing about 900 shares to the day's business, with Ontario Steel and Woods also fairly active on turnovers of 400 to 500 shares each.

Canadian Forgings was a less conspicuous stock only 430 shares changing hands with the price off to 194 at the close, against the high mark of 200 Friday.

Brazilian was a stronger feature at a further advance of ½ to 36½. Montreal Power weakened a full point to 76 on light dealings, but closed 76¼ bid. Laurentide was firm at 169, its best price of the year. A little business in the old war loans at steady prices was the only feature in a quiet bond market. Total business: Shares, 2889; bonds, $16,300.

## START TO TEAM ORE OUT OF MOUNTAIN CHIEF

(Special to The Daily News.)

ROBSON, B.C., July 28.—Marvin McDaniel has gone to Arrowhead for horses to team out the ore at the Mountain Chief at Renata and is making arrangements for a tug and barge to bring it down to West Robson for shipment to Trail.

## PRICES STRONG AT SPOKANE

### Rambler Gains a Fraction from 5¾ to 6—Standard Not Quoted—Utica Bid at 3.

Stock quotations on the Spokane market were strong on Saturday. Rambler gained a fraction from 5¾ to 6. Standard was again not quoted. Utica which was not quoted for a couple of weeks, was 3 on Saturday. The market follows:

**Spokane Stock Quotations.**
**(Reported by D. St. Denis.)**

| | Bid | Asked |
|---|---|---|
| McGillivray | $ .30 | $ ... |
| Cork-Province | .02 | .02⅝ |
| Rambler | .06 | .06¾ |
| Utica | .03 | .07 |

**New York Curb Closing.**

| | Bid | Asked |
|---|---|---|
| Canada Copper | $1.68¾ | $1.75 |
| Ray Hercules | 4.00 | 4.12½ |
| Okmulgee | 4.00 | 4.12½ |
| Standard | .37½ | .43¾ |
| Utica | .07 | .09 |

**New York Exchange.**

| | High | Low | Close |
|---|---|---|---|
| Anaconda | 66⅜ | 66 | 66 |
| C. P. R. | 153¾ | 151¼ | 153¼ |
| Chino | 40¼ | 40¼ | 40¼ |
| Inspiration | 53 | 53 | 53 |
| Ray Con. | 24¼ | 24¼ | 24¼ |
| U. S. Steel | 108⅜ | 107½ | 107⅞ |

Sales: Anaconda, 1300; C. P. R., 3100; Chino, 100; Inspiration, 300; Ray Con., 100; U. S. Steel, 34,100; total sales, 109,000.

## ALL WORKING NOW AT ANYOX MINE

Operations have been resumed at the Anyox plant of the Granby Consolidated Mining & Smelting company, according to a report received in the city. The plant was closed down a few days ago on account of a strike. The strike has been settled, the communication states, and the men are all back to work.

## DEVELOPMENT AT CELTIC CHIEF

### Will Start New Tunnel on Rich Galena Property Near Princeton Mining Site.

Considerable work has been done on the Celtic Chief group, near Princeton, according to a report received from that point. Evan Thomas is at the head of the development and he is assisted by Hugh Finnigan and Archie Chisholm, who are clearing out the tunnel, a part of which had caved in. They will also start a new tunnel lower down the slope in order to get greater depth on the ore body which was found at the upper workings.

The tunnels have already been driven on the Celtic Chief. One is 350 feet long and the other 250 feet. The ore taken from the property is galena and assays have run as high as 103 ounces in silver, 78 per cent lead and 5 per cent zinc.

Summit camp is badly handicapped for want of a wagon road. The present trail is said to be almost impassable in places. This camp is said to be one of the richest in Canada. A Mr. Sutter was the first to stake claims there. This was 23 years ago. Sutter was grubstaked by Col. Robert Stevenson, now a resident of Princeton.

## COL. DOHERTY IS THE NEW A. D. M. S. FOR DISTRICT 11

Col. C. E. Doherty, superintendent of the provincial government mental hospitals, has been appointed director of medical hospitals for Military District No. 11, according to information received from military headquarters.

The military authorities asked for the services of Col. Doherty, and as A. D. M. S. he will have charge of all the military medical affairs of British Columbia and the Yukon. He will supervise the medical arrangements at all camps and will be at the head of all hospitals in the district. In addition to his military work the colonel will still be in charge of the medical hospitals.

Col. Doherty volunteered for overseas service with the first contingent and went across as a major. He was promoted to his present rank and was A. D. M. S. of the C. E. F. with headquarters in England. Later he supervised the establishment of a clearing hospital for mental cases among returned Canadians and has only recently resumed his work with the mental hospitals of the province.

## BUYS ALASKAN MINE.

LADYSMITH.—With the purchase of the Girtwood mine on Latouche island, southeastern Alaska, the Ladysmith smelter is assured of a supply of ore which will be a guarantee of continuous operation.

**WATER NOTICE.**

Diversion and Use.

Take notice that Henry Gibson, whose address is Deer Park, B.C., will apply for a license to take and use 20-acre feet of water out of Deer creek, which flows southeasterly and drains in Lower Arrow lake about southeast of Deer Park. The water will be diverted from the stream at a point about 290 feet northeast of west corner post of lot 400 and will be used for irrigation and domestic purposes upon the land described as Lots 8, 9, 10, 15, 16, in subdivision Block 2, of Lot 400, Group 1, Map 910. This notice was posted on the ground the 27th day of July, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Nelson, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 29th.

HENRY GIBSON,
Applicant.

WASHINGTON, July 28.—Secretary Daniels said yesterday that the navy department had reports which led to the belief that a German submarine is still off the Atlantic coast. He added, however, that no new reports of attacks on vessels had been received.

## AT THE THEATRES

**Julian Eltinge in "The Widow's Might"**

Julian Eltinge, the famous Paramount feminine impersonator, who is appearing at the Starland theatre tonight, is again taking the role of a woman in "The Widow's Might." This is a charmingly humorous story of the adventures of young Dick McTavish, who sets himself up as a rancher, only to learn that an older hand at the game is going to beat him. How he wins out, with the help of a wig, a baby and an exceedingly pretty girl, makes an unexpectedly refreshing and original picture, which was directed by William C. de Mille.

**"Joan of Plattsburg"**

The appearance of Mabel Normand as star of the new Goldwyn patriotic comedy-drama, "Joan of Plattsburg," by Porter Emerican Browne, constitutes an event of more than usual interest in the world of the silent drama.

In each of her previous Goldwyn successes the star has displayed an entirely different phase of "the new Mabel Normand," at the same time retaining all her old fascination and charm. As Joan, the little orphan in "Joan of Plattsburg," she is given every opportunity to demonstrate her remarkable acting ability.

Ranging all the way from boydenish comedy to inspired patriotism and beautiful self-sacrifice, the play affords Miss Normand what is unquestionably the most interesting and worth while opportunity of her singularly successful career. "Joan of Plattsburg" comes to the Gem theatre tonight.

## LAUNCH WAR CHARGER

(By Daily News Leased Wire.)

VANCOUVER, B. C., July 28.—The 8800-ton steel ship War Charger was launched successfully last evening at the Coughlan shipyards here. Miss Grace Coughlan was the sponsor. The War Charger was badly buckled in the fire which caused great damage in the Coughlan yards some weeks ago and over 100 plates had to be taken out of her port side and repaired.

## SHIPYARD BUILDERS MAY REFUSE RECOMMENDATION

(By Daily News Leased Wire.)

VANCOUVER, B C., July 28.—Indications among shipyard labor bodies point to the likelihood that the men will refuse to accept the recommendation that a new basic scale of $7.20 a day be demanded, but will adhere to the present agreement. It is understood that thus far the unions that have discussed this have been quite firm against repudiating the Robertson agreement on June 1.

The results of the votes of all the unions should be known by Tuesday night.

## BOSTON BEATS CHICAGO ON MONTREAL DIAMOND

(By Daily News Leased Wire.)

MONTREAL, July 28.—Montreal witnessed its first major league baseball game here this afternoon, when Boston defeated Chicago, 3 to 2. The game was staged before a large crowd which packed the stands.

| | R. | H. | E. |
|---|---|---|---|
| Chicago | 2 | 19 | 2 |
| Boston | 3 | 9 | 0 |

Batteries — Carter, Walker and O'Farrell; Jackson and Henry.

## NEW WESTMINSTER DEFEATS VANCOUVER

VANCOUVER, B. C., July 28.—New Westminster defeated Vancouver, 7 to 5, in yesterday afternoon's contest for the Minto lacrosse cup, and prevented the home team from making possession of the cup a certainty. The season's score now stands four games for Vancouver and two for New Westminster.

The game was without sensational features.

# PALMA MAKES NEW RECORDS

**At Chicago Famous Speed Artist Wins New Laurels for Auto Driving.**

(By Daily News Leased Wire.)

CHICAGO, July 28.—Ralph De Palma was the principal performer in the program of sprint automobile events held this afternoon on the Chicago speedway. In addition to winning three of four races, the Brooklyn driver established two new world's records in competition. He drove to victory in the 10-mile race in 5:24 4-5, lowering the former mark, 5:33.01, held by Dario Resta, and averaged 109.24 miles an hour. In the 20-mile dash, De Palma won easily, his time being 10:50 2-5. The old mark was made by De Palma at 10:53.8. His average for the distance today was 110.51 miles an hour. De Palma also annexed the 30-mile race, his time being 16:54 4-5, an average of 106.01 miles an hour.

Dario Resta won the opening, going two miles in 1:18. Louis Chevrolet was second and De Palma third.

Joe Passmore, onl yson of Mr. and Mrs. William Passmore, of Beaverton, Ont., 7 years of age, was drowned while he, with some other young boys was bathing in Lake Simcoe.

## LEAGUE TEAMS IN NEW YORK PLAY SUNDAYS

(By Daily News Leased Wire.)

NEW YORK, July 28.—An agreement was reached yesterday between the National and American leagues and the new International league under which the New York teams of the major leagues will play Sunday games at the former Newark Federal league park at Harrison, N. J., beginning Aug. 4. Major league games will be preceded by International league games played either by the Newark or Jersey City teams, the minor league clubs to get a share of the receipts. The major league clubs will make use of these Sunday dates to play games which will be moved forward under the shortened schedule.

## WILL PLAY SCHEDULE OUT, SAYS HERMANN

(By Daily News Leased Wire.)

CINCINNATI, July 28.—Discussing the baseball situation brought about by the ruling on the question of the work-or-fight order by the war office, August Hermann, chairman of the national baseball commission, said that, as far as he knew, the clubs would play their schedule out to the scheduled end and it would be unnecessary to make any change.

"I think that baseball should wind up with a big jollification on Sept. 1 and on Labor Day, Sept. 2," he said.

As to the world series the chances are that the games will be played, but this question is to be decided at a meeting to be held in the near future, the chairman said.

## CALL OFF THREATENED STRIKE IN GREAT LAKES

(By Daily News Leased Wire.)

WASHINGTON, July 28.—Orders calling off the threatened strike of the seamen on the Great Lakes, set for tomorrow, were issued by Victor Lander, secretary of the Sailors' Union of the Great Lakes, and other union leaders, following a conference with Chairman Hurley of the shipping board.

In meeting all grievances given by the men for a strike, Chairman Hurley today ordered the Lake Carriers' association and all its members to sign the nation's appeal for merchant shipping "as originally drafted and without any changes." He also ordered the association to require seamen to register in its shipping offices or assembly rooms, pending further negotiations.

## REGINA ASKS REPRIEVE FOR MOONEY OF U. S.

(By Daily News Leased Wire.)

REGINA, Sask., July 28.—The Regina Trades and Labor council and a number of local unions have today passed resolutions to be presented to President Wilson asking that reprieve be granted to J. W. Mooney, who has been sentenced to be hanged on Aug. 23.

Mrs. James H. Macgill, judge of the juvenile court of Vancouver, has been appointed to act on the minimum wage board of British Columbia.

# CHEW GUM AND PLAY BASEBALL

**Kootenay Man in France Enjoys Comforts Sent from Nelson—Says Socks Useful Gifts.**

"I led my whole company in three hearty cheers for the citizens of Nelson and for their kindness in sending socks and gum," was the statement of Capt. R. R. G. Wilson of the 54th battalion who has written acknowledging a shipment of socks and gum from Nelson. The socks mentioned were collected at a sock tea held at the home of Mrs. William Waldie last April.

The socks were sent to be distributed to Capt. Wilson's and Capt. D. A. McQuarrie's companies. Capt. Wilson says:

"I received the seven parcels of socks and have distributed them as you requested and I assure you all that they were a very useful and appropriate gift. I feel confident that many letters of thanks will be passing through the mail from both my company and "C" company, to which Capt. McQuarrie is attached.

"The gum also arrived and I had my whole company playing baseball and chewing gum at the same time.

"Capt. McQuarrie has a month's light duty in England. He is full of mischief and loves sport. He causes use to laugh more often than any officer in the battalion.

## Social and Personal

George Maurer has returned to the city from Vancouver.

Mrs. Carr and children of Cranbrook were at the Hume yesterday.

A. G. Larson and P. W. Clark of Spokane were registered at the Hume on Saturday.

Mrs. J. W. Brown of Vallican spent the weekend in the city and will leave this morning to visit her parents in North Dakota.

P. K. Eastman and A. V. Marcellas of Bismark, N.D., are in the city on mining business. They are staying at the Grand Central.

Mrs. H. H. Pitts and daughter, Irene, are leaving this morning to visit friends in Windermere. They expect to be away for about three weeks.

Mrs. W. J. Coulthard has left for Nelson where she will be the guest of Mrs. W. A. Anstie,—Revelstoke Review.

Major J. D. Todd and Major W. Bradley of Ottawa, members of the board of pensions commissioners, arrived in the city on Saturday and visited the Balfour sanitarium yesterday. They will leave for the coast this morning.

# WOOLLS WRITES FROM THE FRONT

**"Keep Smiling and We'll Smile too" Is the Message of W. A. Woolls.**

"All's well that ends well, so just keep smiling and we'll smile too," is the message of Pte. W. A. Woolls, who enlisted at Nelson and went overseas with a Kootenay battalion. Pte. Woolls has been wounded three times and has been in France nearly two years. He says:

"It wae quite by chance that I ran across a copy of The Daily News. It was badly torn but I could make out enough news to find out what I had wanted to know for a long time, that being the whereabouts of my old chum E. Kinahan. It was very strange that I should land in the same battalion and platoon in France as he was in. When I got here he had gone across with a blighty. Repeated efforts to locate him were in vain and I was pleased to find out where he was.

"I have met quite a number of Nelson boys out here. I was talking to L. Cruickshanks at the sports only a few days ago. He certainly looks in the 'pink.'

"R. Hughes of Kaslo is here with us. He came with a bunch from the 7th battalion and is making good here. I believe several of the boys I have seen out here are back in Nelson. Sergt. Pascoe and Sergt. McTavish were at the base the last time I was wounded. They were waiting to go back to Canada. George Massey, I believe, is on his way back. I saw Mickey and Leon McCandlish, Frank Oginski, Charlie O'Malley, Arthur Bush, Tom Brown, Tom Bush, Lieut. Guille and Pte. Hill of Salmo. They were all looking well when I saw them."

# MEAT DEMAND MART'S FEATURE

Crowded meat stalls featured Saturday's city market and the vendor could hardly keep up with the large demand. Veal and beef sold at the same price as last week. Chicken sold at from 30 to 40 cents a pound. Dairy butter was 50 and 55 cents a pound.

The first corn to appear on the market was seen on Saturday and it sold at 50 cents a dozen. The corn was shipped from Boswell.

Cucumbers were 10 and 15 cents each. Golden wax beans were three pounds for 25 cents. Peas were from 5 to 8 cents a pound. Cabbage sold at 5 cents a pound, turnips at 5 cents and new potatoes 5 cents a pound. Carrots were two bunches for 5 cents. Vegetabble marrow was 10, 15 and 25 cents each.

Preserving cherries received a good sale and brought 10 cents a pound.

# W. H. HAYNES GOES TO COAST

**Commercial Manager's Office Discontinued—Miss Garde to be Agent—Mrs. Floyd Transferred.**

Changes in the organization of the British Columbia Telephone company are expected to take place whereby W. H. Haynes, local commercial manager, will be transferred to the coast to take a place in the head office. Mrs. F. Floyd of the local office, expects to be employed in the Vancouver commercial office and Miss Violet Garde will become agent at Nelson under the new organization, which apparently does away with the office of district commercial manager.

Mr. Haynes expects to move to the coast on or about Aug. 24.

# SUPPLIES NEEDED RED CROSS APPEAL

**List of Required Articles on Which Workers Are Requested to Concentrate Efforts**

Red Cross workers are reminded that through the trying heat of these summer days the men in the trenches are fighting more fiercely than at any other time of the year and Red Cross supplies are more urgently needed, says an appeal issued by Mrs. W. Douche, president of the Nelson Red Cross society.

The workers for the Red Cross cannot afford to slacken in their efforts at the expense of the men who are fighting their battles. Special facilities for transportation are being arranged in order that Red Cross supplies may be forwarded to hospitals overseas as quickly as possible. The need is urgent and no individual should at this time overlook his or her share in the work.

The local branch is in receipt of the following list of supplies which, at the present time, are called for in large quantities: Dressing gowns, pyjamas, day shirts, surgeons operation gowns, towels, pillow slips, ward slippers, stretcher caps, straight binders, operation stockings, bed socks, bed pads, sheets, "T" bandages and personal property bags. Socks are also in great demand.

A large number of personal property bags are utilized in the casualty clearing stations. These stations are where a wounded man is taken from the ambulance. Usually after being wounded a man passes through the advanced dressing station and is taken down to the dressing station and then on to the field ambulance, where he is innoculated and conveyed to the casualty clearing station. The trip from the field ambulance to the station is sometimes made by light railway and usually part, if not all of the trip, is made by ambulance. It is at the casualty clearing station where the wounded man first sees a nurse. That is where he has a chance to get rid of a few of his dirty clothes. His wounds are redressed and he probably gets his first bath for some time. Keepsakes, watches, souvenirs, pictures, letters and other treasures found in a soldier's pockets are there placed in his personal property bag.

If he is a walking case he carries his bag of treasures and if he is a stretcher case the bag is tied on to his stretcher. This personal property bag goes with the wounded man to the base hospital and on to Blighty if he is sent there. There are many returned soldiers in Nelson today who have brought their personal property bag home with them and in most instances it is the same bag which was issued when the wounded man first reached the casualty clearing station.

As the Red Cross society is organized for the purpose of cooperating with the medical services of the armies, Canadians can only be of use in the fullest possible sense if prepared to do their part to meet the existing needs. All workers and auxiliaries are therefore asked to concentrate upon the above list of supplies, which at the present time are those in greatest demand.

Additional workers are needed at the Red Cross depot and it is hoped that vacant places will be filled as speedily as possible.

Dollars may not go as far as formerly,b ut they go much faster.

If anybody wants to haise the price and get away with it, now seems to be the time.

# LOWERY SAYS MUIR WAS LAWYER HERE

**Practised Law in the City 27 Years Ago—Most Interesting Case Was for Libel.**

In answer to a query in the columns of The Daily News asking for the names of lawyers in the city in 1891, R. T. Lowery, editor of the Greenwood Ledge, has written stating that 27 years ago A. C. Muir was practising law in Nelson.

"He was cross-eyed and still owes me $30,00 Mr. Lowery remarks. Archie Johnson, Jack Elliott, F. McLeod and J. H. Bowes were some of the early legal men in Nelson. Also "Bob" Lennie was no tenderfoot.

In speaking of crime and the interesting trials in the city in the early days, Mr. Lowery says, ""The bad men did not need lawyers as the vigilance committee ordered them out of town. The most interesting case was that of Elliott vs. Houston for libel."

## ENSIGN CARRUTHERS LEAVES FOR ALASKA

Ensign and Mrs. Carruthers of the Salvation Army are leaving this morning for Alaska, where they have been appointed to district offices with headquarters at Wrangell. They held their farewell services yesterday.

Adjutant Gertrude Meikle, from Fernie, and Lieut. Louise Jamison, from Rossland, will take charge of the Salvation Army corps in this city.

## MOUNTAINEERS TO HOLD ANNUAL CLIMBING TRIP

On Friday afternoon the Kokanee Mountaineering club has decided to leave for Crawford Bay for their annual climb. This year the trip will be up Rose's pass. This is the same trip as was planned for last year and which was put off on account of forest fires. The party will return to Nelson on Monday.

On leaving Crawford Bay on Saturday morning the party will be roped together in order to prevent accidents during the climb.

It's a Beautiful Motor Trip to Bonnington Falls.

Are You and Your Family Protected by

1. FIRE INSURANCE—We represent some of the strongest Old Country, Canadian and American companies. Rates on residences in Nelson have been again reduced. Don't take a chance. Let some strong company do that.

2. ACCIDENT INSURANCE—In other words insure your income against accident and sickness. Rates are very reasonable.

3. LIFE INSURANCE—Protect those dependent upon you. Should you live you get your money back with interest. Should you die, your wife and family are not dependent upon friends and relatives, nor upon their own efforts.

Anyway, it will cost nothing to investigate the cost of any of these three kinds of protection.
