VOL. 19 NELSON, B. C., MONDAY MORNING, AUGUST 23, 1920 NO. 110

MURDER POLICE INSPECTOR COMING FROM CHURCH UNDER SINN FEIN DEATH SENTENCE

Shoot Inspector Swansey in Presence of Family; Fire Second Volley to Make Sure; Raiders Escape Hot Pursuit; Crime Arose Out of Death of Mayor McCurtain; Jury Also Indicted Lloyd George and Viscount French.

BELFAST, Aug. 22.—Police Inspector Swansey against whom a verdict of wilful murder was given by a coroner's jury in connection with assassination of Lord-mayor McCurtain, in March, was shot dead today while proceeding to his home from Church at Lisburn to which town he had been transferred after the finding of the coroner's jury.

The killing of Inspector Swansey was among the most daring of a long series. The congregations were leaving all the Protestant churches at the time and converging on the scene of the shooting. The officer had been with his mother and sister in attendance upon the services at Christ Church and had reached the corner of railway street where he resided.

Shot Coming From Church

Here, three men, armed with rifles, confronting Swansey and fired on him in the presence of his horrified family. Swansey fell, but to make doubly sure the assailants discharged their weapons again into his body.

Tunring the assassins ran along Castle street. The congregation was just emerging from Lisburn cathedral, Captain Woods commandant of the Lisburn branch of the Ulster Volunteers made a dash for the assassins, although only armed with a stick in his hand. The murders then fired at other persons who had joined in the pursuit, but without effect, and jumped into a waiting taxicab and drove off towards Belfast.

All the roads converging on the city were promptly patrolled by police and military, but the assassins escaped.

Believe Attempt to Intimedate Government

The verdict at the McCurtain inquest found Premier Lloyd George, Viscount French, and others including Swansey, guilty of murder. Applause followed the mention of Swansey's name and it was deemed advisable to transfer him to Lisburn, an overwhelmingly Unionist center. In some quarters here the belief is expressed that the shooting of Swansey was an attempt to intimidate the government in connection with the incarcaration of Lord-mayor MacSweeney of Cork.

Plan Demonstrations if Hunger Strikers Die

DUBLIN, Aug. 22.—The physician of the Cork jail has recommended the release of the men under arrest there and who are on a hunger strike. It is reported here to be extremely probable that Lord-mayor MacSweeney of Cork, who is in Brixton jail, London, on a hunger strike, is to be released.

Should he be allowed to die in prison, Ireland is threatened with a general strike, unprecedented demonstrations, and further extensions of the boycott. The plans for all these have been arranged.

The question of a general strike is in the hands of the Labor party. The boycott even now is being extended beyond the police and military to the civil employees of the British government.

The latest victim's of the boycott are members of the late John Redmond's family owing to the fact that Martin Green, husband of Mr. Redmond's daughter, holds a position as chairman of the Irish prisoners committee.

Search Sinn Fein Founder's Home

DUBLIN, Aug. 22.—The homes of Arthur Griffiths and other prominent Sinn Feiners were ransacked Friday night for private papers.

King's Lieutenant Calls for Resolution

CORK, Aug. 22.—The deputy lieutenant of County Cork was summoned to a meeting yesterday by the earl of Bandon, King's Lieutenant of Cork today at which the following resolution was passed:

"We realize that in recent years the government has failed to secure observance of the law and has lost the confidence of all classes. We see Ireland rapidly drifting to anarchy and we, therefore, feel that our duty to our country and the Empire, forces us to acquiesce in the only solution of the existing trouble which appears to offer the prospect of a lasting peace to Ireland.

As the bill now before parliament is not acceptable to any party in Ireland, we are of the opinion that an immediate effort should be made to settle the question by provisions, which, while preserving Ireland within the Empire and safeguarding the security of Great Britain will give effect to edequate control of Irish affairs, including taxation.

"We urge upon the government that every months delay in adopting this course, renders the situation more dangerous and the chances of an agreement more inadequate."

Sinn Fein Warns Hotels

DUBLIN, Aug. 22.—Hotels catering to the tourist trade are receiving letters demanding that they refuse to shelter "Enemies" of Ireland. The proprietress of the famous Wooden Bridge hotel in the Wicklow mountains just received such a letter, but refused to recognise the demand unless it bore the stamp of "the Irish Republic."

Burn Court House

LONDON, Aug. 22.—The Central News says the Bantry Court house was burned Saturday evening.

Shoot From Armored Car

TRALEE, Ireland, Aug. 22.—Patrick Kennedy was shot dead from an armored car in an engagement between soldiers and a body of men who ambushed them. Kennedy was returning from a funeral. Thirteen soldiers were ambushed and disarmed at the same spot Friday.

Ambush Patrols

BELFAST, Aug. 22.—A police patrol was ambushed Sunday afternoon at Dundalk. One constable was shot dead and two were wounded.

The crowds were out to burn the house of every Nationalist in Lisburn. Boards were wrested from windows that previously had been smashed, and fire raiders entered the buildings calmly to complete their destruction.

The local fire brigade declined to interfere, and the Belfast brigade showed reluctance to respond to calls.

As 700 men from Lisburn travel daily to Belfast to work in the shipyards, a renewal of trouble here is feared.

Last night large crowds assembled outside the Cork jail and prayed for the hunger strikers there. Special prayers and masses for the men were offered in all the Catholic churches of Cork today.

Killed In Athlone Streets

BELFAST, Aug. 22.—While Police Sergeant Thomas Craddock was walking late Saturday night through King street, Athlone, with a constable, a dozen shots were fired at him. Several of them took effect, and Craddock died fifteen minutes later at a hospital.

Organize Outrages on Constabulary

BELFAST, Aug. 22.—An official telegram received at Dublin Castle indicates that there have been organized onslaughts against the Irish constabulary and that thus far during the week-end seven have been killed.

A patrol sergeant and three men at Dundalk were suddenly confronted by six armed men, who fired. Constable Brennan fell dead, and Constables Isbell and Witherden were badly wounded.

Sergeant Maunsell was shot dead last night at Macroom, County Cork.

A police patrol was ambushed near Naas, County Kildare, Saturday night. A constable was killed and a sergeant badly wounded, two constables are missing. Constable O'Hanton was shot dead at Kilrush.

LIBERAL LEADER ADDRESSES GUELPH

Claims Issue Before Public is Autocracy Against Tyrrany.

GUELPH, Ont., Aug. 22.—Hon. L. W. MacKenzie King, Liberal leader in the Dominion, and A. R. McMaster, M.P., Brome, Que., addressed a gathering in Exhibition park here Saturday afternoon, under the auspices of the South Wellington Liberal association, whose president, Fraser Auld, read an address of welcome to the visitors.

Hon. Mr. King, replying to the address, said he spent his boyhood days near this city.

The Liberal leader covered much of the ground he had touched upon in addresses in other places in Ontario recently, and claimed that one of the issues before the people was that of autocracy as against democracy.

He criticised proposed military expenditures. On the tariff question he repeated former declarations that it was not a question of free trade or protection, but of tariff revision, and the employment of some degree of direct taxation to raise the revenue required.

Mr. McMaster dwelt with the question of Dominion finance and criticised the government for the huge expenditures that are being called for.

TWO DROWN TRYING TO SAVE ANOTHER

HALIFAX Aug. 22.—A double drowning occurred here today when Miss Rowell of this city, and Everett Malcolm, of Newport, N. S., aged 23 and 25 respectively go out of their depth in trying to rescue Rachael Hempsworth. Miss Hempsworth was rescued by Kennedy Sullivan, who, however, was then too exhausted to come to the assistance of the other two. The bodies were later recovered but could not be resuscitated.

CENTENARIAN GETS LICENSE TO MARRY

LOS ANGELES, Aug. 22.—Andrew Malcolm Morrison, who gives his age at 100, yesterday obtained a license to marry Mary Augusta Barney, who said she was 72.

Beseiged French Garrison in Asia Minor Make Sally

PARIS, Aug. 22.—The French Garrison at Adaoa, Asia Minor, which had been beseiged for two months made a sally Friady and, according to the foreign office has now virtually been relieved.

Eighteen United States relief workers were with the garrison. The foreign office says that the garrison badly defeated the beseigers and that the situation is no longer critical.

WILL OPPOSE TENNESSEE'S RATIFICATION

Anti-Suffrage League Obtain Injunction Against Certification.

NASHVILLE, Tenn., Aug. 22.—From the snarl of lega and legislative technicalities that have enmeshed Tennessee's ratification of the federal suffrage amendment tonight came the prediction of the Tennessee constitutional league that the injunction against certification of the ratification obtained yesterday would prevent enfranchisement of the women of the United States for at least a year and a half.

The league, which has been fighting ratification in Tennessee on the ground that the state constitution prohibited the present legislature from acting on the suffrage amendment and which claims to include both suffrage opponents and advocates in its membership, made its prediction in a message addressed to the governors of Vermont, Connecticut, Florida, Alabama, Louisiana, Delaware and South Carolina.

The league's message declared that Tennessee had not ratified suffrage, and served notice that any state official who attempted certification would be attacked for contempt of court under the injunction which the league announced would be necessary if carried to the supreme court of the United States.

Mannix To Be Guest of Irish College in Rome

ROME, August 22.—The Irish college here has been notified that Archbishop Mannix, Australia, will be its guest during the prelate's visit to Rome next October. It is said that Monsignor John Hagen, rector of the college, who is now in Ireland, will come to Rome with the archbishop and formally welcome him to the college.

The Irish Dominicans, Augustinians and Franciscans have important institutions here, and together with the priests and parishioners of the Irish church of St. Patrick, are preparing a great demonstration of sympathy and welcome for Archbishop Mannix.

It is authoritatively said here that the British government does not desire to prevent Archbishop Mannix visiting Rome, but on the other hand has used its influence with the Vatican to hasten his arrival here, hoping that his visit to the pope may result in moderating his aggressive anti-British sentiments.

DUBLIN, Aug. 22.—Through the "Freeman's Journal," Arhbishop Mannix, of Australia, has addressed the following message to the Irish people:

"I appeal to the Irish people to be calm and firm under the insult offered them and me. Ireland can afford to be patient, for though she is suffering much, he cause is almost won. The recent 'English naval victory' has but added fuel to the flame which it was meant to extinguish."

SCOTTISH LEAGUE FOOTBALL RESULTS

LONDON, Aug. 22. (Canadian Associated Press).—Results in the Scottish football league Saturday were:

Rangers 2; Motherwell 1; Clyde 2; Hearts 1; Queens 1; Airdieonians 3; Albion 0; Celtic 1; Ayr 2; Partick 1; Hamilton 1; Lanark 1; Dumbarton 1; Clyde Bank 0; Dundee 1; Aberdeen 1; Hibernians 1; St. Mirren 0; Raith Rovers 1; Falkirk 3; Morton 9; Kilmarnock 2.

THREE KILLED DURING PLANE DEMONSTRATION

REDWOOD, CITY, Calif., Aug. 22.—Three men were instantly killed at the Varney aviation field ground from a height of 300 feet. The dead are: Cliff Prodger, 32 Bristol, England., pilot; John C. Nelson, and Gus Jamieson, attaches of the Varney aviation school. Prodgers was a representative of a British Aircraft company, and was demonstrating the airplane.

WEEK'S GRAIN STOCKS SHOW DECREASE IN CANADIAN ELEVATORS

OTTAWA, Aug. 22.—The quantity of grain in storage in public elevators throughout Canada decreased during the week ending August 13, by 1,735,501 bushels in oats, barley and flax as compared with the previous week. Decreases are shown of 1,147,528; 487,849 and 100,124 bushels respectively, in the foregoing grains. Wheat indicates an increase of 52,587 bushels and rye 3162 bushels. Stocks in store for the week were:—Wheat 7,077,371 bushels, oats 998,469, barley 583,551, flax 544,834 and rye 51,365.

GRANTS EGYPT CONDITIONAL INDEPENDENCE

Treaties to Conform to British Policy; Restores Foreign Relations Rights.

MAINTAIN GARRISON IN THE CANAL ZONE

Britain to Have Privileged Position in the Nile Valley and War Access.

LONDON, Aug. 22.—The London Times says this morning it understands that Great Britain has agreed to recognise the Independence of Egypt.

The decision, according to the London Times, resulted from recent conversations here between the Viscount Milner mission, which recently visited Egypt and Egyptian delegation headed by Said Zagloul Pasha, former minister of justice.

Among the fundamental points of the agreement are;

Egypt will recognize Great Britains privileged position in the valley of the Niue and agrees, in the case of war, to afford every facility for access to Egyptian territory.

England will maintain a garrison in Egypt, in the Canal zone, Egypt regains control of foreign relations, subject to her not making treaties contrary to British policy and will have the right to maintain independence abroad. Capitulations will be abolished.

FINLAND RUNNER WINS MARATHON

Italy's Representative Finishing Third Turns Handsprings After Race.

ANTWERP, Aug. 22. — Hannes Kolehmainen, representing Finland, today won the seventh Olympic marathon. He showed wonderful endurance and covered the distance —26 miles, 385 yards—in the remarkable time of 2 hours, 32 minutes, 35 4-5 seconds, through mud and rain. This broke the old record by more than four minutes. Among the Canadian contestants in the marathon, Dellow, whose time was 2 hours, 46 minutes, 47 seconds, was placed thirteenth on Scholes fifteenth. His time was 2 hours, 48 minutes, 30 seconds.

The other Canadian entry, Smoke, was not among the thirty-two who had finished when the time-keepers began to shut up shop. Through almost the entire distance Kolehmainen was closely followed by Charles Gitsham, the South African who fell back after a game struggle to hold second place, being passed by Lossman, the Esthonian, and many others with the stadium almost in sight.

Lossman made a determined effort to overhaul the Finn leader, but was unable to do the trick, although only a few minutes separated them at the end.

The third, fourth, fifth and sixth men to finish and thus win points, came in rapidly and in exceptionally good condition. The first United States runner to cross the line, Joe Organ, Pittsburg, was seventh.

The race was run in an almost steady downpour of rain and the air was raw and cold.

Arriving at the stadium, both Kolehmainen and Lossman finished strong; then ran around the track together, the victor wearing a wreath of flowers and the Finnish flag.

Arrie, Italy, who finished third, was particularly active at the close of the race, for he turned several handsprings. All three runners were picked up and hoisted to the shoulders of their admirers.

Boston Man Wins Three Thousand Meeres

H. H. Brown, Boston A.A., finished first in the 3000 metre team race today. He was trailed by Brackman, Sweden, while A. A. Schardt, Chicago, A.A., came in close behind the Swede for third place. Burtin, France, was fourth, and Blewitt, England, fifth. The time was eight minutes, 51 1-5 seconds.

Canadains Win Middleweights

In the boxing preliminaries for featherweights, P. Zyvick, Willow A.C., Pittsburg, won from Zanetti, Italy, by default; and Getzell, United States navy, defeated Fritsch, France.

In the welterweight class, W. Clark-Orstatcher, Herman institute, obtained a decision over Werll, a Belgian; and E. Colburg, United States, defeated Schannong, Denmark. Scheneider, a Canadian, won from Thomas, South Africa.

In the middleweight class, Prudhomme, Canada, knocked out Masson, Belgium, in the second round, and Herscovitch, Canada, outpointed Munting, Holland.

Turner, of Canada, was knocked out in the sixth round of his bout with Rampignon, France.

In the preliminaries of the boxing contests J. Zvick, Pittsburg, was defeated in the flweight class by Peterson, Danish, F. Idenger, United States, defeating Rampignor, France.

Bantam class—E. Hartman, United States, was defeated by Walker, South Africa, in four rounds. Graham, Canada, knocked out Rycard, France, in the first round.

Featherweight class — S. Fogel, United States, was defeated by Hebrant, Belgium, in four rounds.

Middleweight class—Sam Lagonia,

(Continued on page 2.)

British and Italian Premiers Confer On American Polish Note

LONDON, Aug. 23.—A dispatch to the London Times from Lucerne, Switzerland, says David Lloyd George, the British Premier and Premier Gioletti, Italy, had two conferences Sunday. They discussed the Polish situation, esially concerning Danzig, the Adriatic situation and Italy's reply to the American note. The despatch adds that the conference will be resumed Monday.

HOLDING UP MUNITIONS FOR POLAND

French Dissatisfied With League High Commissioner's Demand for Troops.

PARIS, Aug. 22.—Sir Reginald T. Tower, high commissioner for the league of nations at Danzig, has requested the allied nations to supply him with 20,000 troops before he will feel justified in permitting the unloading of munitions intended for Poland now being held up at Danzig, according to the ministry of foreign affairs.

It is the belief of the French government that an additional 5,000 troops will be the maximum required by Sir Reginald, as there are already 2,000 there, and the extremists among the population are not numerous.

The foreign office today announced the arrival of the gunboat Acora at Danzig, where she will arrange for the unloading of munitions being taken there by the French cruiser Gueydon.

The French government considers that Sir Reginald is acting entirely contrary to the spirit and letter of the treaty of Versailles, which, it is declared, specifically gives to Poland free use of the port of Danzig.

The government takes the attitude that the action of the Danzig council in voting in favor of neutrality is without effect, as the council has no such powers.

TIE SHOT SETTLES GOVERNOR-GENERAL'S MATCH AT ROCKCLIFFE

OTTAWA, Aug. 22.—With the finish of the governor-generals match on Saturday and concluding day of the Dominion Rifle association meet the Rockcliffe ranges will go out of commission and futures meetings of the D. R. A. will be held over the new Connought ranges.

During the whole week, splendid weather conditions prevailed, Saturday being ideal. The finals of the governor-general's proved a keen contest, and Major Mortimer, who led with 101 in the first stage, only lost out at the very last tie shot, Lieut. J. A. Steele C. A. S. C., finally winning the honor in the shoot-off.

The Bisley aggregate was the next important feature, and from the list it may be gathered that Canada will be well represented.

Lieut. Col., Morris, C. E. F., won the extra series aggregate with 171 out of a possible 175.

Sergeant-major Goodhouse won by a score of 17 out of 20 the revolver championship of the province of Quebec.

Bisley aggregate—Scores in second stage of the governor-general's added to the grand aggregate. The Bisley team is selected from the qualified members compting in this aggregate.

Eligible for Bisley

1—Sergt. W. A. Hawkins, 48th 611; 2—Lieut.-Col. W. O. Morris, C.E.F., 606; 3—Private A. Wilson, 38th 603; 4—Lieut. J. A. Steele, C. A. S. C., 603; 5—Maj. George Mortimer, G. G. F. G., 603; 6—Maj. R. M. Blair, 72nd. 601; Maj. F. Richardson, 16th., 601; 8—Lieut. J. O. Nix, Cameron Highlanders, 600; 9—Sergt., G. M. Emslie, 48th., 598; 10—Captain F. M. Martin, 103rd, Calgary, 594; 11—Sergt P. Lunn 103rd., 591; 12—Captain C. Crowe, 30th., 588; 13—Lieut. E. Francis, C. E. F. 587; 14—Sergt. J. T. Steele, 30th., 582; 15—Sergt. T. Angear, 103rd., 583; 16— Private C. H. Tyers, G. G. F. G., 580; 17—Sergt. W. Lennox, 48th., 579; 18—Lieut. H. W. Patterson, R. C. G. A, 578; 19—Gunner W. L. Tingman, R. C. G. A. 578; 20—Sergt. H. R. Roberts, R. G. 578; 21—Pte. W. J. Irvine, G. G. F. G. 577; 22—Sergt. L. B. McCallum, C. and H. R. 576; 23—Sergt. J. G. Soles, 28th., 576; 24—Sergt. S. Dawson, G. G. F. G. 575; 25—Pte. A. H. Caplin, 60th., British Columbia, 573; 26—Lieut. S. A. Arnold, 103rd., 572; 27—Capt. W. E. Swaine, C. M. G. C. 572; 28—Private F. N. Allen, W. O. R. 571; 29—Sergt. A. Lucas, Q. O. R. 570; 30—Lieut. Col. J. G. Keen, R. E. 570; 31—Sergt. M. H. Lee, W. O. R. 570—32—Sergt. G. W. Russell, G. G. F. G. 570.

REGINA THERMOMETER FALLS BELOW FREEZING

REGINA, Aug. 22.—From three degrees below freezing to 106 in the sun within 48 hours, featured weather conditions in Regina district Thursday and Friday night frosts were reported in several points near the city, damaging gardens and potatoes, but causing no loss to the wheat crops.

STEAMSHIP DEPARTURES

VANCOUVER Aug. 21. — Sailed, Tahiti, Sydney, N.S.W.

DEVELOP ENCIRCLING MOVE AGAINST REDS AT LEMBERG; RUSSIANS IN FULL RETREAT

Poles Succeed on Whole Battlefront; Cross Dneister River in Driving Enemy; Bolsheviki Suffer Heavy Losses Along Prussian Border; Cossacks Surrender at Mietezyrzec; Hold Brest-Litovsk Against Attacks.

WARSAW, Aug. 22.—A War Office communication issued today reports Polish successes on all parts of the battlefront, excepting on the extreme right, where Gen. Budenny's detachments have crossed the Dneister river and the Red advance guards have reached the Stryi on the railroad south of Lemberg.

Fighting is reported northeast and east of Lemberg. Budenny is using cavalry and infantry in an encircling movement against Lemberg. At several points the Reds have been repelled.

On the northwest front, according to the communication, the Reds who designed the capture of Thorn and the cutting off of Warsaw and Danzig, are in full retreat. The Bolsheviki are reported to have suffered tremendous losses and to be endeavoring to escape along the Prussian border in the face of the Polish drive, which is clearing Poland of Reds all through the northwest. More than 10,000 prisoners were captured on this front Friday.

Advance Northwest of Warsaw

Advances northwest of Warsaw are announced. The Poles have reached Ostrov, Czyzow and Bransk. At Mietezyrzec, 400 Cossacks surrendered.

The Bolshevik have attempted to retake Brest-Litovsk, but were repulsed.

In the region of Dublenk, where the Poles pushed the Reds across the Bug, the communications say that on the Bolshevik side was a Jewish volunteer detachment from Wladowa. The Poles have captured Hrubieszow, which was taken after an hour's hand-to-hand fighting in the streets of the village. The Poles are still holding on to it, notwithstanding the efforts of the Bolshevik to recapture it.

Kameneff Protests

LONDON, Aug. 22.—Leo Kameneff, head of the Soviet Russian trade mission has made public the following message from Moscow dated Sunday:

"The Poles are still trying to prolong the negotiations. After the sitting of August 19, they demanded that the next sitting be held on the 23rd. Danishevsky formally protested against the delay but in vain. The Poles refused to convene before the 23rd. They clearly do not want peace, but only to create a make believe."

FREIGHTER SINKS AFTER COLLISION IN LAKE SUPERIOR; MANY MISSING

SAULT STE. MARIE, Mich, Aug. 22.—Search was continued by life savers today for bodies of 29 persons who are missing following the sinking in Lake Superior Friday night of the freighter Superior City, which went down after colliding with the steamer Willis King. Late today no word had come from the searching party off White Fish Point, where the accident occurred.

Woman is Among the Missing

But little wreckage from the Superior City has been found. One of the missing persons is a woman, wife of the second engineer of the lost vessel. The remaining 28 were members of the crew.

The four survivors who were brought here after being picked up from the wreckage, had all but abandoned hope for the rescue of the others owing to the short time that elapsed between the collision and an explosion in the boiler room which completely wrecked the stern of the steel ore carrier.

Four Swimmers Picked Up

The survivors, Captain Edward Sawyers, of Almont, Mich.; Walter Ritchter, Lorraine, Ohio, a boatswain; Cal Lehue, Chicago, second mate, and Peter Jacobson, Cleveland, a wheelsman, left here last night for their homes after receiving treatment for injuries received when they were thrown from the wreckage into Lake Superior.

Jacobsan, who was at the wheel when his ship was rammed, declared the King bore upon them after the exchange of the usual signals. The sea was calm and the weather was rather hazy, but he could easily distinguish the lights of the King, he declared.

Claims There Was Fog

Captain Herman Nelson, of the King, however, maintained that a fog enveloped the vessels and was responsible for the accident.

Belief that a number of the missing were killed or severely injured by the explosion, was expressed by Captain Sawyers. The majrity of them were in staterooms directly over the boilerroom, he said, and undoubtedly that section of the vessel was entirely ripped up, for wreckage was strewn over the waters for yards around before the vessel took her final plunge, less than five minutes after the collision.

Captain Sawyers attributed the sudden sinking of the vessel, notwithstanding her six watertight compartments, to her heavy cargo of iron ore.

Explosion Blows Men from Ship

Richter was in his bunk when the alarm was sounded, he said. He rushed to one of the boats, and as he and others of the crew were trying to launch it, they were blown from the ship by the explosion.

"I sank deep into the icy water," he continued, "and the shock brought me back to my senses. I thought I would never reach the surface. After swimming about five minutes, up from the depths came a steamer's hatch cover, upon which I climbed and hung until the steamer Turner picked me up."

"I guess God wanted me to live a bit longer," he added.

Captain Sawyers and Lehue were also thrown clear of the ship, but Jacobson was taken down by the suction. He suffered severe bruises from wreckage. Plans were begun today by owners of the vessels for an investigation of the accident.

MARQUETTE, Mich., Aug. 22.—Immediate investigation of the loss of the steamer Superior City, of the Pittsburg line, which foundered three miles below Whitefish Point Friday, with the estimated loss of 29 passengers, was announced here tonight by Steamboat Inspectors Gooding and Hanson.

BANK RECORDS NORMAL TREND

No Lack of Confidence in Domestic Situation, Says Bank of Commerce.

TORONTO, Aug. 22—The Canadian Bank of Commerce in its monthly statement says:

"There is no sign of a general slackening in external or internal Canadian trade, although political developments in Europe do not presage an early resumption of normal trading between Canada and that continent.

"A further decline in the price of wheat, wool and a few other commodities has naturally made buyers more cautious, but in the domestic situation there is no lack of confidence.

"Banufacturers in many centers report improved efficiency on the part of labor indicating a trend in the direction of more normal conditions. By relinquishing its control of the wheat market, the Dominion government has shown its belief that the usual method will be found adequate for the handling of this season's crop of cereals, which promised to be above the average."

STEAMER ARRIVALS

Melitia at Montreal from Liverpool; Scandinavian at Montreal from Antwerp.

OREGON TRAIN HITS MOTOR; KILLS THREE

LA GRANDE, Ore., Aug. 22. — Three men were killed and three badly injured at Imbler today, when a motor truck on which they were riding, was struck by a passenger train. The dead are: Lloyd Larsen, Clarence Larsen and Wayne Keown.

SCHOOL ELECTION MAY BE GAY ONE

Fairview May Have Choice of Two Tickets; Close Scrutiny of Vote.

Fairview has promise of another lively meeting tonight, when the taxpayers will assemble for the purpose of electing three trustees, to fill the places of the three who recently resigned from the Hume school board. While no particular principle would seem to be involved in an election of this character, two factions have developed, which will probably have tickets in the field.

It is said that D. St. Denis will head one ticket, said to represent a conservative school of thought in regard to school expenditure, and the names of W. Douche, and J. P. Morgan are associated with of Mr. St. Denis.

A. S. Horswill has been requisitioned by an influentian group of Fairviewites, and the names of several other prominent residents of the suburb are being canvassed.

It is understood that there will be the closest scrutiny of the vote, and that, in accordance with the provisions of the governing statute, no one will be permitted a ballot who has not paid his school tax for the year that ended on June 30, that is to say, the last school tax for which bills have been issued. Where a man has not paid his tax, his wife is also debarred from voting. On the other hand, wives can vote as well as husbands in cases where the tax has been paid. Challenges will be employed liberally, it is hinted.

It has been alleged that some taxpayers voted at previous meetings who, strictly speaking, were not qualified, because of tax delinquency. As the statute, however, provides that no objection on the point of legality will be entertained unless stated in writing before the close of the meeting, the proceedings of the two previous meetings cannot now be called into question.

FINLAND RUNNER WINS MARATHON

Finland Ousts England for Runner-up

Today's points, not including the Decathlon, were: Finland, 21; United States, 20; Sweden, 12; France, 8; England, 8; Italy, 6; Esthonia, 5; Denmark, 3; Belgium, 3; Luxumburg, 1.

The total points thus far scored are: United States, 199; Finland, 96; England, 75; Sweden, 75; France, 29; Italy, 26.

The other points are scattered, no one of the -12 nations having as much as 20 points.

ROSE VINEGAR

Rose vinegar is a dainty method of using rose petals. Take a quantity of petals—the heavy scented kinds are the best. Fill a two-quart jar as full as possible with rose petals and pour over it a quart of the best white vinegar. If this does not cover the rose petals add a little more vinegar. Stand the jar in a warm place for five days, then strain the vinegar from the petals, squeezing them so as to get out as much moisture as possible. Fill the jar with a fresh lot of rose petals and cover with the strained vinegar. Leave these for another five days, then strain off the vinegar and bottle for future use. This makes a refreshing toilet vinegar, very pleasant to add to the basin of water when making one's toilet.

EXTRA BUSH FIRE CREW DISPATCHED

Will Assist Fighters in Quelling Flames at Head of Six Mile Creek.

The big forest fire that has been burning for the last six days at the head of Six mile creek on the Slocan side of the divide, has not yet succumbed to the efforts of the fire fighters, according to word received last night, and an additional crew of men were got together on Saturday night and sent out to assist it is reported.

Starting up afresh after the rain storm and the efforts of the fighters had apparently extinguished it, and the crew dispersed ,the fire on the north fork of Salmon river, near Erie is now keeping a crew of men hard at work in an effort to gain the mastery.

On the Main Lake, crews are still working on two fires, that have been burning for the last three or four weeks. At La France creek and to the northeast of Crawford Bay, the situation is stated to have remained much the same for the last two weeks, with the fire-fighters able to keep the fire from spreading to merchantable timber. Other fires that have been burning in that territory, are stated to be either out, or well under control.

No reports have been received from the Slocan country nor from the scene of the two fires reported to have been burning at Christina lake near Grand Forks.

GUN CLUB HOLDS WEEKLY SHOOT

Six scattergun artists of the Nelson and District Rod and Gun club were on deck at the traps on the C.P.R. flat on Saturday afternoon for the weekly shoot. Jim Brassfield was high man with 46 birds. E. Kinahan was second with 40.

The score was:

J. Brassfield	22	24
J. Choquette	17	14
H. Bush	17	17
G. Lapointe	19	16
C. D. Blackwood	23	..
E. Kinahan	19	21

MAY PUBLISH THE CONVENTION REPORT

It is probable that the addresses and discussions of the recent third international mining convention at Nelson will be incorporated in a report and published in pamphlet form, as a proposal to this effect had a favorable reception at a meeting of the executive committee Saturday. A financial report indicated that this could be done within the available funds. The full financial report will be available shortly.

On motion of J. R. Hunter and J. A. Gilker, votes of thanks, for services that contributed to the success of the convention, were extended to Hon. William Sloan, provincial minister of mines; R. F. Green, M.P.; Sidney Norman, editor of Northwest Mining Truth, Spokane; F. C. Bailey, secretary Northwest Mining association; Thomas Sargent, for use of garage; The Daily News; M. J. Carrigan, chairman of the Seattle delegation; L. K. Armstrong, secretary of the American Institute of Mining Engineers, Spokane; the Consolidated Mining & Smelting company, Trail; Mrs. J. T. Andrews; Mrs. J. A. Pearson; W. Tweedie; John Adams, the Curlew Creamery company; the city electrician and staff; the Salvation Army, for loan of seats; Rev. J. P. Westman, for loan of chairs; and all others who had contributed to the success of the convention.

PENNSYLVANIA TRAIN HITS AUTO; SIX DIE

CAMDEN, U. S. Aug. 22.—A Pennsylvania railroad electric train struck an automobile bus containing fifteen persons here tonight killing six of the occupants of the vehicle and injuring at least four others.

FAMOUS "UNCLE JOE" CANNON

"Uncle Joe" Cannon, who is eighty-four years old, has a brief secret for long life and good health.

"Take life as it is and make the best of it," he said. "And work," he added emphatically. "Keeping at work has kept me alive."

Then the former Speaker of Congress described the usual active day he spends in Washington, while congress is in session. Here is the program:

Rises, goes through about five minutes of old-fashioned stretching and gymnastic exercises, and takes a bath. All this about 7 a.m.

Walks to the National Press club for breakfast. Eats what he wants.

Catches the street car for the capital, arriving usually before 10 o'clock.

Enters his office just off the House floor, reads letters and newspapers, most of time without glasses. Attends all meetings of the appropriation committee, of which he has been a member since he entered the House in 1872. Attends to business connected with pension legislation.

Attends House session almost constantly following the opening at noon.

Smokes frequently light panatella cigars all at the celebrated 45 degree angle.

Receives frequent visitors.

Goes to the National Press club for dinner, his second meal of the day, then usually plays dominoes or attends a theatre. It is late when he returns to his hotel.

"Uncle Joe" reads one of the kind of books that "reads itself." He admits partiality to blood and thunder yarns.

It is after midnight when he goes to sleep.

A dinner given by Senator Page of Vermont for the seven members of congress born before 1844 was one event planned in honor of "Uncle Joe's" birthday. His family, including his two daughters, two granddaughter and one infant great-granddaughter also helped to make the day pleasant.

The former Speaker went to the House from the 18th Illinois district in 1872. He has served continuously except for two terms since that date.

ATTEMPT TO ORGANIZE FARMERS OF ST. JOHN

ST. JOHN, N. B., Aug. 22.—An effort to organize the farmers of St. John county into a political organization was made by Thomas H. C. Caldwell M. P. president of the U. F. O. of New Brunswick at a general meeting held at St. Martin's on Saturday night, but no action was taken.

The meeting was addressed by Mr. later recovered but could not be resusciated.

PACIFIC GREAT EASTERN OPEN NEW RAIL SECTION

VICTORIA, Aug. 21.—Eighty-four additional miles of the Pacific Great Eastern railway will be turned over ready for operation on September 15, A. F. Proctor, chief engineer of the department of railways, provincial government, announced Saturday.

The additional mileage will carry the Pacific Great Eastern from Squamish through to Deep Creek, which is 294 miles north of Squamish and 52 miles south of Quesnel, B.C.

PUTS BACK TO PORT WITH FIRE IN HOLD

HALIFAX, Aug. 22.—The United States shipping board steamer Mendora, which left here on Tuesday afternoon for Sweden, returned to port today with fire in the starboard bunker. The steamer was 130 miles from Halifax when the fire was discovered. By the time the vessel reached the mouth of the harbor the fire was under control.

WANT RECEIVER APPOINTED FOR TRAINMEN'S BROTHERHOOD

COLUMBUS, Ohio., Aug. 22.—Appointment of a receiver of the Brotherhood of Railway Trainmen and an accounting and distribution of the brotherhod's trust funds, estimated at $10,000,000 is asked in a suit filed here today by Benjamin Callahan, head of the Columbus yardmen's association.

FIRE DESTROYS LUMBER YARDS

NEWCASTLE, N. B., Aug. 22.—A fire which consumed property estimated to be worth $300,000, broke out yesterday afternoon in the lumber yards of the Edward Sinclair Lumber company, about three miles from this town.

About 4,000,000 feet of boards and logs were consumed as well as four houses belonging to the company. The loss is partly covered by insurance.

DEFEATS CANADIAN CHAMPION AT GOLF

CHICAGO, Aug. 22.—Jock Hutchinson, Chicago, won the professional golfers association tournament yesterday on the Floosmoor Course, by defeating J. Douglas Edgar, Atlanta, Georgia, Canadian open champion one up in the final 36 hole of the play.

EUGENE JULIEN DIES AT QUEBEC

QUEBEC, Aug. 22.—Eugene Julien, founder and general manager of the firm of Eugene Julien & Co., Ltd., one of Quebec's most prominent business men, died here Saturday at the age of 44 years.

SEATTLE PEDDLER SHOOTS BARMAN

SEATTLE, Aug. 22.—Crist G. Grecorn, proprietor of a soft drink bar here, was today shot and perhaps fatally wounded by J. E. Hill, a produce peddler, whom he had ejected.

NOVA SCOTIA FIRE BECOMES ALARMING

SYDNEY, N.S., Aug. 22.—A forest fire that started on the crown lands in the rear of Dominion No. 3, near Glace Bay, has assumed serious proportions. The entire fighting force of Glace Bay, together with a large number of volunteers, are on the scene, combatting the encroaching flames.

STATE'S DUTY TO MUSIC.

"As a public official I believe that it is the positive duty of the State to lend a helping hand in this reconstruction period to the proposal that has for its object the study of music among our people generally, and that our State Educational department should, through the public school systems of the State, over which it has jurisdiction, make it possible for our school children to cultivate a refined ear for music. We should strongly encourage a general movement for the State-wide extension of vocal and orchestral concerts free to the people," stated Francis M. Hugo, secretary of state for the state of New York, recently.

"We have at the present time," said he, "a large constituency of natural music-lovers in New York, fully half a million musicians—both men and women—being enrolled in the different musical organizations of the state. If we add to these the hundreds and thousands who, while not gifted with the ability to play a particular musical instrument, have a natural ear for music and a serious desire to cultivate the art whenever the opportunity is afforded them, we have a formidable army of aspiring citizens. The dictates of simple justice demand that the state shall take official cognizance of this constituence and shall interest itself in their future welfare.

"The time has come when our government should take upon itself the serious task of educating our people in the standards of music that are commonly recognized and accepted in Europe. For many years, during the early period of our country's history, we were too much occupied with the struggle for existence to have time to devote to the cultivation of the arts and sciences. But now there are no more "forests primeval" to clear, and today we are in many respects grown up and have become a nation among the nations of the earth. Our music, however, has been officially neglected. And it is the hope that the state will realise its full measure of responsibility in this respect and will come promptly to the rescue that I look forward confidently to the dawn of a new musical era in America."

LONDON PAYS PENALTY FOR STAYING "WET"

LONDON. — London's police are faced now with the problem of the influx of American "undesirables" flooding in to escape the rigors and sorrows of prohibition. Among the visitors are many "roughnecks" from New York whose records are well known. The result of this addition to London's underworld is the liveliness of the Chinese quarter, where fights occur over American "pukkahoe," a Chinese gambling game which was imported from San Francisco for the benefit of the new arrivals, and is making the Oriental proprietors large sums.

HENS MUST BE ON JOB OR OUT THEY GO

WOODSTOCK.—For the purpose of increasing egg production by eliminating the non-layers in the flocks, the hen-culling campaign in the township of West Zorra will begin Monday under the auspices of the Maple Leaf U. F. O. club, in co-operation with the Embro and Brooksdale egg circles. The campaign will last a week and will be in the hands of local men in the vicinity of Embro, under the supervision of Prof. Graham, of Guelph, and District Representative G. R. Green of this city. For some time this hen-culling business has been going on in the United States, but never before in the Dominion of Canada has it been tried on a township basis, and the ultimate results are awaited with much interest.

WHAT THE PRESS IS SAYING .. SCARLET VS. KHAKI

London Daily Express: The practical reason for going back to scarlet and blue is that a khaki-clad army can never be maintained by voluntary methods. Superior persons profess to sneer at the idea that modern men are attracted by a showy uniform. But it is so. The chief objection to scarlet is based on grounds of economy. The public are asked to believe that the proposed reversion to that color is a pure waste of money. The suggestion is false; soldiers must wear something, and a difference in the color of the cloth means very little difference in the cost of it. Indeed, one scarlet coat will outlast several khaki ones, because the soldier, being proud of it, will take care of it. Besides, it is not proposed to make scarlet the only wear. Khaki will still provide the working kit.

BAKED TOMATOES ON TOAST

Cut large, firm tomatoes in halves crosswise, put them in a buttered baking pan, sprinkle each with chopped green pepper, dot with bits of butter and dust lightly with salt. Bake until tender and place on rounds of bread toasted on the under side only. Put two tablespoons of butter in the pan in which the tomatoes were baked; when brown stir in two tablespoons of flour, add slowly one cup of cream, stir and cook until thickened, season with pepper and salt and strain the sauce over the tomatoes.

GREEN TOMATO PIE

Peel enough green tomatoes to make one cupful and add one cupful of sugar, the grated rind and juice of one lemon, two crackers rolled fine, a quarter of a teaspoonful of salt, one lightly beaten egg, two tablespoonsful of butter, a grating of nutmeg and a quarter of a cupful of chopped and seeded raisins. Use as a filling between two layers of pastry and bake in a quick oven.

The Aryan races, as well as the Hebrew, believed that the human race had its origin in the mountains of Central Asia.

MOUNTAIN CHIEF FINDS NEW VEIN

New Copper Lead Thousand Feet Down Hill is Being Explored.

As a result of surface prospecting, following an engine breakdown that put a temporary stop to operations underground, the Mountain Chief copper mine at Renata, on the lower Arrow lake, now boasts a second vein that superficially gives promise of being equal to the first. The new vein is 1000 feet down the slope of the hill, and the find is being explored by stripping, and a tunnel which has gone in 14 feet. There is 12 to 14 feet of mineralization, chiefly oxidized ore, though the upper five feet is sulphide ore.

Manager J. W. Evans, who arrived from Renata Saturday night, states that the properties of the vein as so far disclosed are identical with those of No. 1 vein at the same stage of development.

The engine trouble at the property occurred after the extension of the shaft to the new depth of 120 feet had been completed, and a crosscut to determine the width of the vein, and to pick up the ore body, which had deflected from the line of the sinking, had been begun.

With the new find, the Mountain Chief Mining company is faced with the question of policy, and it may be decided to seek further capital in order to increase the mining plant in order to work to the best advantage. One of the departures that now seems advisable is the provision of power from Dog creek, and an air system to permit economical work on both veins.

Eventually, if the new vein justifies its present promise, a crosscut from to tunnel site further down the hill, to develop both the veins, which are about 500 feet apart, would seem to be indicated. While No. 1 vein has yielded in the course of development, much shipping ore, neither wall has been reached, and what would seem to be the hanging wall is 50 feet distant from the line of the shaft, and it is believed that a large body of milling ore will eventually be found to be the principal asset of the Mountain chief.

CANADIAN MAJOR NOW IN PRAISE OF TANLAC

Former Member of Mounted Police and Overseas Officer Says It Restored Him to Complete Health.

"I have tried Tanlac and give it my unqualified endorsement," declared Sed Par, of Victoria, B.C., who formerly was connected with the Royal Northwest Mounted Police and during the war was a Major in the Canadian Expeditionary Forces.

"For the past two years my health declined, brought on by a chronic case of stomach trouble," said Maj. Park. "My appetite was gone and I ate very little of anything for gas would form on my stomach and give me a heavy bloated feeling and cause my heart to palpitate till I could hardly breathe.

"I was constipated, had awful headaches and many times I wasn't able to work. While in France I was shell-shocked and my nerves were simply a total wreck. It was hard for me to get to sleep at night and then I was disturbed by terrific dreams. My back, too, was weak and pained me constantly.

"A few weeks ago I started taking Tanlac and I feel better and stronger in every way and am enjoying the very best of health. My appetite is fine and everything agrees with me perfectly. I am not troubled with constipation or headaches and my back never hurts me at all. My nerves are quiet and steady and I sleep fine every night."

Tanlac is sold in Nelson by Canada Drug & Book Store, and by the leading druggist in every town. Advt.

AUTO CLUBS MAY PROSPECT FOR OIL

Prof. C. F. Mabery, of the Chase School of Applied Science, Cleveland, in an address before the Engineers club of San Francisco, predicted that within two years gasoline will be retailing at 50 to 75 cents a gallon in all parts of the United States. Canada is not mentioned, but it would be right to say 65 to 90 cents.

Mother earth contains vast supplies of oil not yet touched, and this is true of this vast Dominion.

At least six provinces of Canada have one or more large fields of oil producing formations and oil retaining formations. Canada today is the possessor of a few small oil wells, when we should have a large number of great producing wells. We as a nation, are importing millions of gallons of oil and its derivatives annually, when we should be great exporters.

This story is also true of other countries. China with its vast reservoirs, covered and concealed by nature; Siberia, another great storehouse; South America, India, Australia, England and Scotland, in perhaps lesser degree.

Enough gas has and is escaping from the oil fields of Canada to light up every city and drive every motor vehicle in the Dominion for fifty years.

There is no reason to believe that oil is not being continually produced in the great natural factory, but at what rate we know not.

There is great need for cheaper and quicker means of testing locations other than well drilling.

The many automobile associations of Canada could band themselves together and ask the members to stop running their cars for one week, and devote the money saved to the locating and developing of oil for their own use and more. If people were keeping cows instead of automobiling, they would want to grow the feed, if possible.

So if the automobile associations of Canada were in possession of the money equal to seven days' saving of gas, what would it mean? Plenty of money for testing and developing, a venture that would succeed. At an early date new oil fields in Canada would start to flow. Who is going to receive the oil?

Canada is in great need of oil. The demand is growing daily; and yet we have it in abundance. Money is pouring across the border in a steady stream, and this stream is likely to flow faster.—Exchange.

GREIG DID NOT FOLLOW GERMAN STYLE

Greig was one of the few modern composers who did not follow in the footsteps of German music, although he received his education in Germany. He strove to emancipate himself from its influence and sought inspiration from the folk songs of his own land. In this endeavor, of course, there lurks a danger. Even if refined, "national" composers are liable to become too popular, or even vulgar. Their work sometimes seems to appeal only to the narrow circle of their fellow countrymen, since only they are able to understand the meaning and to enjoy the spirit of their national language. It is like with national culinary specialties which enthuse only the gourmands of their own land. Italians have "spaghetti," which, however, it must be owned, has acquired a somewhat international reputation; Spaniards have "Olla Podrida"; Germans "sauerkraut"; Russians, "caviar," and so on, but one finds often that the same dish which makes the joy of the local glutton leaves people of other lands perfectly indifferent. The same with music. Many national heroes are considered nobodies out of their own land.

Gray, tea and all shades of brown are gaining favor as the season advances, and where these pale tints are unbecoming, jade, orange, purple and rose colors are introduced in moire ribbon, velvet, taffeta, satin, says a fashion writer at Saratoga.

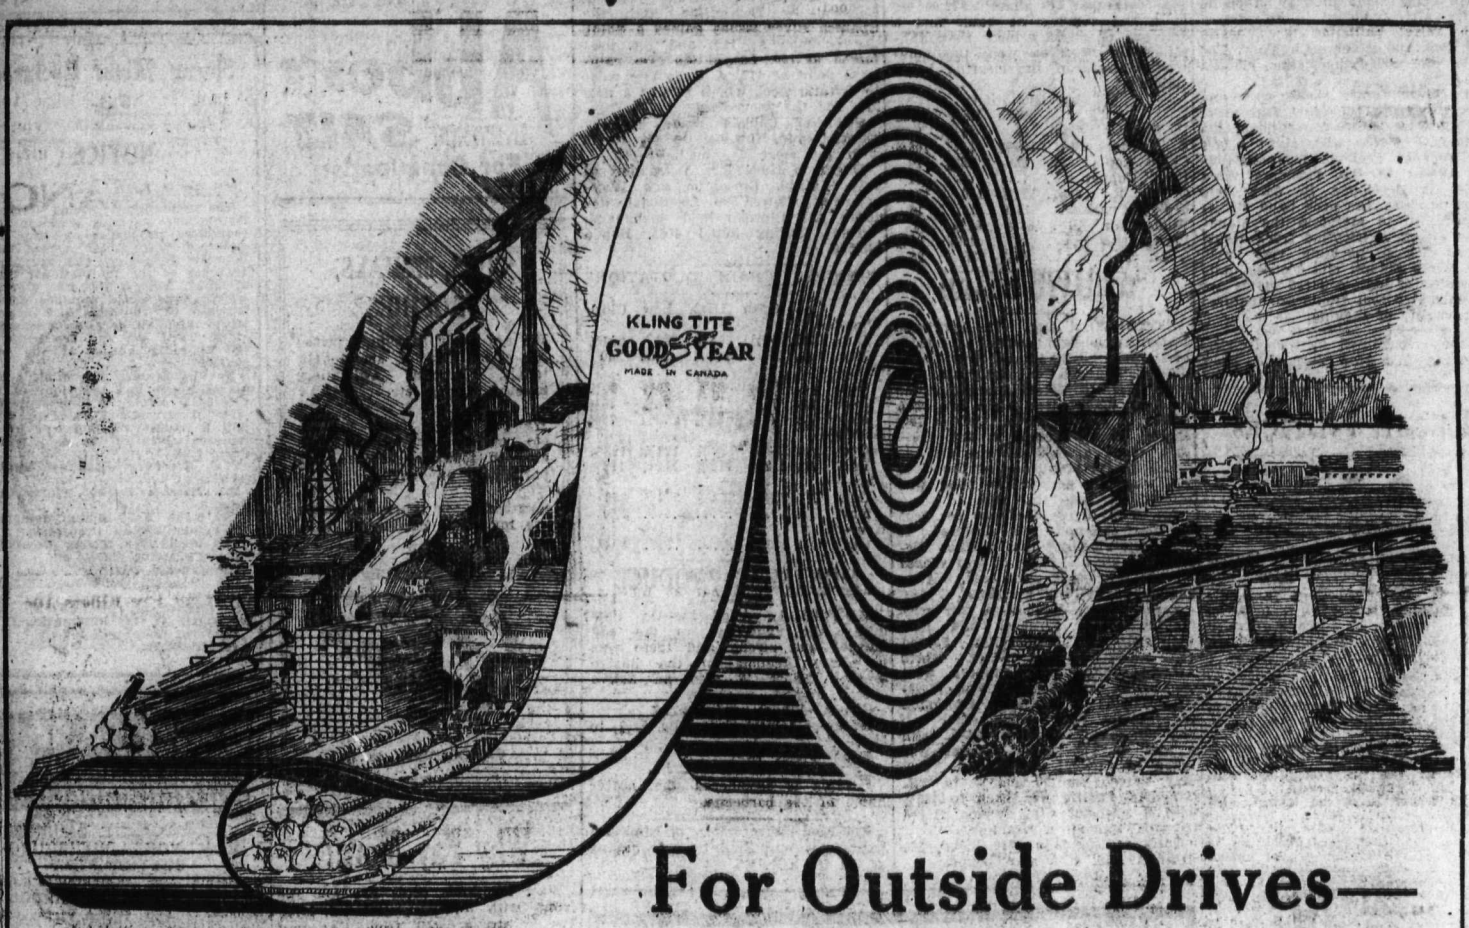
SOLD BY GROCERS EVERYWHERE!



For Outside Drives—
KLINGTITE—an All-Weather Belt
The service given on outside drives by Goodyear Klingtite Belting (formerly Extra Power) is unusual enough to be of interest to every belt user.
Not because there are a great number of outside drives—but because the outside drive is just about the ultimate test of a belt's ability.
The specially designed fabric of Goodyear Belting gives it the strength to withstand brutal outside service.
But the best of cotton will rot and whip to pieces outdoors if not protected.
So we have forced generous quantities of high-grade rubber through and through the plies of Goodyear Klingtite Belting, forming one solid unit, proof against weather and ply separation, yet flexible, pulley-hugging, efficient.
The special friction surface on Goodyear Klingtite Belts (formerly Extra Power) grips through dust or moisture and prevents slipping.
How well these belts serve is evidenced by this letter from the Beaver River Lumber Co. regarding their Extra Power Belt (now Klingtite). At last report (June, 1920) *this belt was still in service after 32 months' use*, when this mill was burned recently.
In their letter the Beaver River Lumber Co. say: "The belt driving the conveyor runs direct from a small engine to the conveyor drive. It is subject to steam and heat in the engine room and to cold and dampness on the outside. Under these conditions, there is no sign of deterioration and there is no slippage."
The same testimony is advanced by hundreds of farmers and threshermen who bought Goodyear Klingtite Belts (under their old name of Extra Power) for severe outside service on the farm.
If you have an outside drive, by all means investigate Goodyear Klingtite Belts. If you have *any* transmission drive, let a Goodyear Belting man show you how Goodyear Belts, which are good enough for outside service, will render heaping value on inside work. Phone, wire or write the nearest Goodyear Branch and a man will call without obligation to you.

MONDAY MORNING, AUGUST 23, 1920

Everyone Should Know How to Swim

Drowning accidents are reaching unprecedented figures this year. From one end of Canada to the other reports come pouring in each day that passes. Every week-end sees a whole list of drowning casualties recorded in the newspapers, more particularly in the vicinity of the larger cities.

In the great majority of cases the ability to swim, or at least to keep afloat for a few minutes, would have made all the difference between life and death.

Parents should insist that their children learn to swim. There is scarcely a home in the country where in the summer time sufficient water is not available in which the children can learn to swim.

Swimming is one of the most healthy and delightful exercises imaginable. Very rarely indeed is a youngster so delicate or timid that he or she will not derive benefit from at least occasional swimming exercise.

Quite possibly the average man or woman may never be in a situation where the ability to swim alone stands between them and immediate death, but this situation does arise often enough. Very often a dozen strokes will make all the difference between life and death, and the person who can conquer the first dozen strokes can usually keep going for some time.

Learn to swim. There is no better and healthier fun. Some day, moreover, an art which was learned as a recreation may be quite literally a life-saver.

EDITORIAL NOTES

Sir Henry Drayton is reported to be devising a plan for preventing the duplication of income taxation. It will be a popular move.

• • •

That the speed potentialities of airplane travel are as yet hardly realised is suggested by the fact that the 205 miles of the double circuit of Greater London, which formed the course for the aerial Derby, were covered by the winner, S. T. Courtney, in less than 80 minutes. His average speed was 153½ miles an hour.

TWENTY YEARS AGO TODAY

A modern combination hose and chemical wagon for the Nelson fire department arrived Saturday and has been placed in the fire hall.

• • •

The first button competition at the gun clubs traps took place Saturday, afternoon Dr. Hall won the gold medal, Alex Carrie took the silver button and George Steel the bronze medal.

• • •

H. H. Davies of Vancouver, auditor of the Brackman Ker Milling company, left yesterday after spending *two days in the city.*

• • •

J. Wilson of Vancouver, superintendent of the C. P. R. Telegraphs, is a guest in the city.

DAILY NEWS RECIPE

Paste this in your cook-book.

Baked Bean Loaf
By Mrs. Emma Hays

1 Cup white beans
1 cup rice
1 cup milk
½ cup bread crumbs
1 cup tomatoes

Soak beans in cold water three hours and then boil tender. Mash cold boiled rice and mix with beans add milk, bread crumbs and tomatoes. Form into a loaf and bake for one hour in medium oven.

TEN YEARS AGO TODAY

From The Daily News, Aug. 23, 1910

S. S. Fowler of Riondel, is spending a few days in the city.

• • •

Mrs. J. H. Schofield and Miss Letty Schofield of Trail are guests in the city.

• • •

Martin Burrell, M. P., reached the last night from Grand Forks and left on the coast train for Vernon where he will take part in the reception to Sir Wilfrid Laurier this week.

• • •

Mrs. John Driscoll returned to Nelson on Saturday after spending a few months visiting eastern cities.

NOTES

Extremely long trains are seen on some of the evening gowns.

Some of the advance fall suits have coats of silk and skirts of glazed taffeta.

Black stitching in squares is very effective on the new brick-colored crepe gowns.

Robert is quite afraid of a neighbor's dog. Recently he was so absorbed with his playing that he failed to note the approach of Tige until he was at the child's heels. The boy gave a scream, and when auntie hurried to his rescue he tried to be brave and, trembling, exclaimed: "I isn't afraid on the inside where my heart is, it's just my legs that are afraid."

It is believed Queen Anne instituted the meetings of royalty at the Ascot races on August 4, 1711.

In Catholic countries, bells, like other church furniture, are solemnly consecrated before being taken into use.

WHAT THE PRESS IS SAYING

When Postcards Began

The jubilee of the postcard will be with us shortly. It was in October, 1870 that the British Post Office introduced them. The real inventor of the postcard was Dr. Hermann, of Vienna, who, twenty months before (January 26, 1869), had gone to the Austrian authorities with an idea and sample of an "open card for correspondence." The Austrian postmaster-general was delighted with the idea and at once ordered a million to be printed. The new cards bore the very cautious announcement: "The post office undertakes no responsibility for the contents of this communication." And thus the postcard started.

Picture postcards came in 1894—no private postcards were permitted until that year. Illustrated postcards had been sent out before 1894 as advertisements, but as such they were classed as printed matter and sent at book-post rates.—London Express.

WILL APPEAL FOR RELIEF FOR EUROPE IN ARMISTICE WEEK

OTTAWA, Aug. 21.—(Canadian Press).—Dr. Jas. W. Robertson, of the executive committee of the Canadian Red Cross yesterday had a conference with his excellency, the governor-general, regarding steps which might be taken in Canada on behalf of an appeal for the Imperial war relief fund to combat disease and distress in the war stricken areas of Europe and Asia.

A communication had already passed between the lord mayor of London, who is chairman of the Imperial committee, and his excellency. The fund is under the immediate patronage of the King.

With the approval of the prime minister of Canada the matter was referred to the Red Cross society. After full consideration of all facts presented, it was decided to arrange for an appeal to be made in Canada during armistice week, armistice day being the 11th of November.

SNAKES MAY EAT LIVING CHICKENS

WINNIPEG, Aug. 21.—It is not cruelty to animals to feed a live chicken to a snake. Sir Hugh John MacDonald made this ruling in the police court today when the Humane society prosecuted a snake charmer who fed a chicken to a 260-pound boa constrictor.

Satisfies the epicurean taste

APROL

Made from Ripe Apricot Kernels

STYLES

By LENORE

Latest Solutions of the Clothes Problem

Beads, bright tinsel, chenille embroideries and small paillettes of velvet or kid in contrasting colors, *make gay the new fall blouse. Again* the over-the-skirt styles are most in favor as shown in smart shops, the model in the lower part of the sketch above being made in gray crepe de chene and rendered quite dressy with velvet paillettes in a warm rose tone and silver embroidery. The edges are self-bound, the ribbons gray.

The upper figure shows a unique neck treatment, the chief feature of an otherwise quite conventional kimona-cut blouse, with short sleeve and rounded neck in front extending almost to the shoulders. This model is developed in dark blue crepe de chine, the neck band slightly stiffened to maintain the standaway effect. A tricotine frock would carry such a neckline very well.

In white radium silk blouses quite a number of high collared styles are shown and bosom fronts are featured in a variety of tucking.

Shoes are shined by an electrical apparatus in a New York shoe shop.

LEGAL NOTICES

Sealed tenders, addressed to the undersigned, and endorsed "Tender for Wharf at Proctor, B.C.," will be received at this office until **12 o'clock noon, Tuesday, September 7, 1920,** for the construction of a public floating wharf at Proctor, on Kootenay Lake, Kootenay District, B.C.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the office of the District Engineer, at Nelson, B.C., and at the Post Office, Proctor, B.C.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount.

Note—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of $10, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, August 11, 1920. (9437)

LAND REGISTRY ACT
(Section 24)

In the Matter of an Undivided Half Interest in Lots 21, 22 and 23, Block 98, Nelson City, Kootenay District.

Proof having been filed in my office of the loss of Certificate of Title No. 2725A, to the above mentioned lands in the name of Wong Lim, and bearing date the 11th September, 1903, **I hereby give notice** of my intention at the expiration of one calendar month from the first publication hereof to issue to the said Wong Lim a fresh Certificate of Title in lieu of such lost Certificate. Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

Dated at the Land Registry Office, Nelson, B.C., this 19th day of August, 1920.

E. S. STOKES,
District Registrar of Titles.

Date of first publication, August 23, 1920. (9431)

WATER NOTICE

Diversion and Use

Take notice that The Nakusp Electric Light & Power Co., Ltd., whose address is Nakusp, B.C., will apply for a license to take and use 6 C.F.S. of water out of Nakusp Creek, which flows westerly and drains into Upper Arrow Lake, about 900 feet north of the S.W. corner of S.L. 7 of Lot 398 G. 1

The water will be diverted from the stream at a point about 300 feet south and 10 feet west of the N.E. corner S.L.7, Lot 398, and will be used for power purpose upon the land described as power house site on Lot 15A and 16 of Lot 398, G.1., within a radius of 3 miles of the said powerhouse, and on the east side of Arrow Lakes only.

A petition for the approval of the undertaking as per section 72 of the Act will be heard in the office of The Board of Investigation at a date to be fixed by the Comptroller and that any interested person may file an objection thereto in the office of the Comptroller or of the said Water Recorder.

This notice was posted on the ground on the 30th day of July, 1920.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Nelson, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

THE NAKUSP ELECTRIC LIGHT & POWER CO., LTD.
Applicant,
By L. H. Rawling, Agent.

The date of the first publication of this notice is August 2nd, 1920. (9440)

Markets and Finance

BEARS URGENTLY HUNT FOR COVER

Bulls Get Them Fairly On the Run; Europe Shares in General Rally.

NEW YORK, Aug. 21.—Shorts were at the mercy of bull pools during the day's brief, but fairly active session of the stock market, suffering further punishment as they were driven to cover in the more popular speculative issues.

Additional gains from one to almost seven points were scored by steels, equipments, oils, motors and various specialties.

Canadian Pacific, Reading and Baltimore, the latter a conspicuous issue of the recent demand for junior issues, represented the transportations but eased with the general list in selling for profits that ensued in the final dealings.

Sales amounted to 225,000 shares.

Exchange on London and several of the continental centers shared part of yesterdays rally, dealers reporting heavy offerings of grain bills in this market, but *the Italian rate dropped substantially.* The bond market was variable, firmness in liberty issues being offset by irregularity in some of the rails and industrials, as well as *fareign flotations.*

Total sales par value $3,775,000.

Old U. S. bonds were unchanged on call during the week.

A decrease of almost $22,000,000 *in actual reserve* at bank and a decrease of slightly more than $17,000,000 in reserves were the noteworthy items of the clearing house statement.

TORONTO BOARD

TORONTO, Aug. 21.—Provincial *Paper came into somewhat* sudden and sharp demand on the Canadian Exchanges on Saturday, and gave rise to fresh speculation as to stock distribution which has been talked of on the street. Only a few shares of 2½ points in and these took place at 103 marked an advance of 2½ points but at the close 105 was bid here while none was offered at less than 108.

An extra dividend of one per cent on the common was declared. It has been rumored that a stock distribution on the basis of two shares for one was being considered, but no announcement was available.

Paper stocks supplied a fair part of the small turnover and held their strength. Laurentide gained 1¼ while Spanish River, North America Pulp and Brompton were unchanged. An exception was Western Canada Pulp and Brompton Canada Pulp, which, after selling up to 37, closed at 35½, with a loss of 1½. More interest was taken in the oil stocks, and North Star moved up 20 points to 375. Canadian Pacific was back to 136½ with a gain of 1½. Canada Bread likewise gained a fraction.

Total trading was 3310 listed, 360 unlisted and 4500 war bonds.

STERLING EXCHANGE

NEW YORK, Aug. 21.—$3.55¼ for 60 day bills; $3.59½ for demand.
NELSON—$4.10.

FOREIGN EXCHANGE

NEW YORK, Aug. 21.—Sterling exchange irregular at 3.55¼ for 60 day bills and 3.59½ fer demand.

MINNEAPOLIS GRAIN

MINNEAPOLIS, Aug. 21.—Flour 25 to 40 cents lower, in carload lots family patents quoted at 1320 to 13.80, in 98 pound cotton sacks shipments 49,220. Gran 42.00. Wheat cash No. 1. Northern 2.46 to 2.50. Corn, Yellow 1.58 to 1.60. Oats, No. 3 White 64⅛ to 65⅝. Flax No. 1, 3.26 to 32.8.

MONTREAL LIST

MONTREAL, Aug. 21.—In the generally inactive trading on Saturday on the local exchange the Spanish River stocks were strong features followed by Laurentide. Both the *Spanish River issues gained a point,* the common at 119, and the preferred at 126. Laurentide also gained a point at 117. A large loss went to Ontario steel, which sold at a new *low for the movement at 174.*

Steel of Canada made a substantial gain, firming up 1½ to 70 with the close at the best.

Dominion Steel lost a fraction at 59½. Abitibi, Brompton and Wayagamack showed a fractional declines and Riordan held unchanged.

Total trading listed 4055, Bonds $45,500.

MONTREAL PRODUCE

MONTREAL, Aug. 21.—On Saturday the undertone to the egg market was strong and there was a strong feeling in the butter market. There is also an active cheese market.

Cheese—Finest easterns 25.

Butter—Choicest creamedy 58½ to 59.

Eggs—Fresh 64.

Georgia is considered the native home of the barbecue.

In China the ceremony of naming a baby is accompanied by the shaving of all its hair.

GRAIN CONTINUES MOVING DOWNWARD

CHICAGO, Aug. 21.—Favorable weather conditions over the west, and low selling price of Canadian wheat to the seaboard, today caused all grains to suffer a setback after they had started fairly steady. Wheat was off 3¼ to 4½ cents, with December 2.32½ to 2.33½ and 2.33.

Corn was down 1½ to 3¾ cents, while oats showed a net loss of ¾ to 1½ cents. Provisions were 20 to 80 cents net higher.

PLANE CRASHES AND KILLS TWO

SAN ANTONIO, Texas, Aug. 20.—Second Lieut. Irving C. Stevenson, and Caverett H. Hurdson, were killed yesterday when their airplane fell a few miles from the city as they were returning to their hangar at Kellyfield. The cause of the accident has not been determined.

LUMBERMAN IS CRUSHED BY LOG

VANCOUVER, Aug. 21.—John McPherson, a well known contractor and lumberman of this city was crushed to death by a log while watching operations at Rivers Inlet camp. He was born at Matawatchan Ont., 50 years ago and his mother lives near Sandpoint, Ont. A brother also lives in Ottawa.

In the early part of the nineteenth century, Boston used to celebrate Artillery Day a week after a new governor was elected.

At Tacoma—	R.	H.	E.
Yakima	4	10	1
Tacoma	3	9	0

Batteries—Valencia and Cadman; Edwards and Stevens.

AMERICAN LEAGUE

NEW YORK, Aug. 22.—Detroit made it two straight from New York, winning today 11 to 9.

	R.	H.	E.
Detroit	11	17	1
New York	9	10	2

Batteries—Ehmke, Oldham, Ayers and Stanage; Quinn, Thormahlen, Shore, Shawkey and Ruel.

WASHINGTON, Aug. 22.—Chicago bunched hits off Erickson and Courtney today and easily defeated Washington 8 to 4.

	R.	H.	E.
Chicago	8	13	1
Washington	4	10	2

Batteries — Williams and Schalk; Erickson, Courtney and Gharrity.

Only American league games today.

VANCOUVER TIES FOR MINTO CUP

NEW WESTMINSTER, Aug. 21. — Outplaying New Westminster at all points of the game Vancouver won the lacrosse match here on Saturday afternoon by six goals to one. Thus the teams are once more on level terms for the Minto Cup, and another meeting will have to take place.

WIN RELAY RACE IN RECORD TIME

ANTWERP, Aug. 22.—The United States relay team today won the final in the 400 metres race and set a new world's record of 42 1-5 seconds.

France was second, Sweden third, England fourth, Denmarkfith and Luxumbourg sixth.

The time of the winners was two-fifths of a second faster than that made by the German team in Stockholm in 1912.

England, Belgium, France, South Africa, Sweden and the United Startes today qualified for the final in the 1600 metre relay race. In the final of the discus throwing, Nicklander, Finland, was placed first with a cast of 44.685 metres, with Tapia, Finland, second, and A. R. Pope, University of Washington, third.

"Swiss cheese," made in the United States, is now being shipped to Switzerland, home of the original.

PHILIP MORRIS
NAVY CUT CIGARETTES

WANTED

Listings of IMPROVED Farm Property

I have completed arrangements with the largest farmers' organization in the Prairie Provinces to act as their Agent for the purpose of getting listings of Improved Ranches that are for sale in this district.

On your advising me that your property is for sale, I will forward you a listing form which you will fill in, giving the required information.

I will (when possible) make a personal inspection of the property.

From the information I have, it would appear that there are a number of farmers in the Prairie Provinces who would settle in here if they can get property that is suitable to them, and I believe that where this information can be placed before them by their own organization, that better results can be obtained than by any other method.

If you wish to list your property, advise me, and I will forward you a listing form for particulars.

(Our New Daylight Store. Phone 2.)

THE NATION NEEDS IT

(By A. E. Watts, Wattsburg, B. C.)

Where are you bound for MacKay? said I, to an old friend whom I met on the train.

To the Prairies to work for the farmers.

Trade slow at home or what's the matter?

I have oceans of work and can earn nearly double the farmers can pay me, but they will need help and I feel it is my duty to go.

What a different and better world this would be if more of us possessed that kind of spirit' said Shep, sitting near us, puts one in mind of the boys who volunteered to fight our battles, whom most of us are so apt to forget now the danger's past.

We forget also that lazy aliens and shrinkers were earning $15.00 for eight hours at home, whilst the boys got $1.10 for twenty-lour hours in the muddy trenches.

Opens up a new line of thought said I, the spirit of willing sacrifice for others is not yet dead, only sleeping. Shall we try to awaken it in this way? Call upon.

Captains of Industry

To do their duty: Those who are prodcuing nonessentials and absorbing man power in manufacturing that with which the market is glutted. And this applies to several lines of misdirected energy detrimental to the people and especially to the farmers, who are calling for help to harvest the feed for man and beast, which is far mpre importance than producing lumber or precious metals, or luxuries with which the world can do with less. More food it must have or millions will go hungry.

The World Out of Balance Commercially

Take as one example 'Lumber' which with many other articles over-production exists. At the most extravagant cost stocks are being piled up and more and more men are called to aggravate the situation by producing more, whilst once tilled land now grows weeds instead of food.

Those at the head of partially honessential industries possess the power in some measure to restore the balance at a time like this. It would be wise to close works producing goods not required, and instil into the workers the fact that the nation calls upon them to help the farmers; the good they can do would be universal and of benefit to any overworked industry they let rest while.

Hundreds of thousands of men are at work producing lumber, whilst huge stocks are accumulating all over this continent. Some operators reply, "our finances will not permit us to close down." But that can surely be arranged with sensible Bankers. at least in Canada, where the Bankers' association wield an intelligent and dominating influence in such matters.

The farmers would certainly appreciate the adoption of a policy which will very materially assist them, and their powerful organization could wield a convincing argument by boycotting the goods of manufacturers who refuse to comply with a measure which would be of far reaching benefit to the general public who call for cheaper food, which it is impossible to supply if selfish manufactures monopolize all the man power available at such prices Farmers cannot afford to pay.

From a patriotic stand point and sound business common sense, is it not the duty of the moulders of public opinion not to hide their light under a bushel. But to come out with a frank expressions of disapproval of the conduct of those who are willing to assist in restoring the balance and in directing the energy of labor where it is urgently required. Editors are not the only moulders of public opinion. The clergyman and parsons should have the courage of their convictions and not evade their responsibility in such matters of importance. It is their profession to teach and practice selfsacrifice, especially of the "MacKay," kind with which I opened this story, which is based on fact, not fiction.

HOW TO RESUSCITATE A DROWNING PERSON

The important thing is to begin work at once. Don't waste precious time carrying the rescued person to shelter or a doctor. Send for a doctor, but start work immediately.

Lay the patient face downward on a flat surface, the hands pulled from under the body and left higher than the shoulder level, this action raising the chest walls. In this position the tongue will drop forward out of the throat and the fluids will continue to run out of the mouth. The back of one of the patient's hands may be placed under his check to protect it from the dirt.

The operator kneels astride the hips of the patient with arms kept straight rests his hands over the patient's floating ribs. By laening forward with straight-arm pressure, out goes the water as the lungs are compressed. The pressure is released suddenly, and in comes the air. Repeating this from twelve to fifteen times a minute gives more air than natural breathing, and three times as much as any other method of resuscitation.

When the patient is sufficently resuscitated to be able to swallow, in other words is conscious, it may be necessary to give stimulants. A cup of black coffee or hot tea is a safer stimulant than any alcoholic liquids. One or two teaspoonsful of aromatic spirits of ammonia in half a glass of water is another stimulant that can be used, If the patient's hands are cold and clammy he should be covered with a blanket, coat, canvas sail, or anything that will help to inchease the body temperature.

This is the Shafer Prone Pressure method of resuscitation, used by the American Red Cross, and adjudged by them the best of all methods. It is far superior to any mechanical device on the market. Persons who have been under water as lang as thirty-five minutes have been resuscitated by this method after six hours' work. It is important, therefore, not to stop—to keep on until it is an absolute certainty that life is extinct.

The death has recently been announced of Mrs. Edith Alice Maitland at Cheltenham, Eng., the original of Lewis Carroll's "Alice in Wonderland," and the daughter of Canon Litton, of Gloucester, and herself a capable writer.

Butchers may now have the use of a motor-driven band saw for cutting their meat.

CORN FLOUR NOT LIKED

It is practically impossible to popularize corn flour in Greece, says Consul-General Alexander W. Weddell of Athens, partly owing to the fact that the bakeries produce all the bread that is eaten in the country, even baking that which is kneaded and prepared at home by the housewives.

low level system of the Main.

Each of the arc lights that illuminated the Chicago Coliseum during the Republican convention equalled 1,900,000 candle-power.

JOINT FUNERAL SERVICE GIVEN

Joint funeral services were held on Saturday afternoon at 2:30 p. m. for J. Robinson, who died last Thursday, by the G. W. V. A. and the local lodge of the Independent Order of Odd Fellows at the Standard Undertaking parlors. Rev. J. P. *Westman officiating.*

The pall bearers were, Wm. Romaine, T. Choate, J. Lemon, Paul Phillips, A. V. Rowley and J. McKay.

Among the floral tributes were, a wreath from the G. W. V. A., a wreath from the Independent Order of Odd Fellows; a spray from the G. W. V. A. ladies auxiliary and a spray from G. Cauldwell.

HOW WEAK WOMEN ARE MADE STRONG

Mrs. Westmoreland Tells in the Following Letter.

Harrison, N. Y.—"When my first child was born I did not know about Lydia E. Pinkham's Vegetable Compound and had a very hard time. I read in the newspaper about the Vegetable Compound and when my second child came I took it and was well during the whole time, and childbirth was a hundred times easier. Ever since then I have used it for any weakness and would not be without it for the world. I do all my work and am strong and healthy. I am nursing my baby, and I still take the Vegetable Compound as it keeps a woman in good health. You may publish my testimonial for the good of other women, if you choose to do so."—Mrs. C. WESTMORELAND, Harrison, N.Y.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, headaches and nervousness should lose no time in giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, and for special advice write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

MISS HURRY IS HOSTESS AT PARTY

On Saturday, Miss R. S. Hurry was hostess to a party of about 40 young people. The party started off with a picnic at the City Park, where a picnic lunch was served. The afternoon was spent in games and bathing. Later a number of motor cars took the young people singing, through the streets to Miss Hurry's home on Victoria street, where the evening was spent in games, music and songs, after which light refreshments were served.

Miss Hurry was until recently, owner-manageress of the Nelson Business College, which she disposed of. She will continue being a member of the teaching staff for the balance of the year.

England now has eight women managers of theatres.
