## COMMANDERS CONFER AT CONSTANTINOPLE ABOUT JOINT PLAN OF ACTION

### Rumored That British Will Take Over Part of Anatolia; Greeks to Administer District Outside Smyrna; Officer Killed in Greek Fracas With Italians and Thirty Other Casualties; British, French, Greeks and Italians to Participate in Combined Move

CONSTANTINOPLE, July 13. (Associated Press).—The Greeks suffered the loss of an officer killed and 30 other casualties near Ephesus recently when they entered the Italian zone to capture Turks who were sniping at Greek trains.

The Italians objected, and opened a machine gun fire on the Greeks, who charged the Italians with fixed bayonets and routed them.

Italian protests to the high commissioners here against Greek pursuit of Turkish Nationalists into the Italian zone have been disregarded.

Gen. Parsekevopoulos, the Greek commander-in-chief is in Constantinople conferring with Lieut. Gen. Sir Geo. Milne, commander of the Allied troops in western Asia Minor.

Many rumors are in circulation here concerning the joint plans by the British and Greeks, in which the French and Italians are to participate. The opinion is becoming general here that the Greeks probably will not advance much farther to the eastward, but the latest rumor is that the British will take over a portion of Anatolia.

Under this plan, the Greeks would occupy the outside Smyrna district and administer it as an autonomous country, thus providing a barrier between the Greeks and Turks who are such bitter enemies that reconciliation would be difficult if they were left on a long, defenseless boundary.

## FLEMISH MAKE DEMONSTRATION

### Battle of Spurs Celebration Fired on by Police Who Wound Several

ANTWERP, July 13.—Crowds of Flemish paraded in Antwerp tonight in demonstration against the action of the police Sunday in firing on persons celebrating the anniversary of the Battle of Spurs, of 1302.

One of several Flemish who were wounded Sunday, died today. He was Heralded as the Flemish martyr on postcard photographs, which were being sold.

The anniversary of the Battle of Spurs in which the Flemish defeated the French at Courtrai, was observed as a holiday by those who would comprise an independent Flemish part of Belgium.

## NO PROFITEERING IN SHOE INDUSTRY

MONTREAL, July 13.—The hearing of reports by officers and committees and addresses by G. W. Service of A. McKim, Ltd., on constructive advertising from the shoe retailers standpoint, and George Blatchford of the Blatchford Shoe Manufacturing company, on the Canadian shoe industry, occupied the greater part of this morning's business session of the National Shoe Retailers association.

The latter insisted that in spite of the many charges that have been levelled at them, there had never been in the past, and there was not now, any trace of profiteering in the Canadian shoe industry.

## NAVIGATION OF AIR ANTICIPATED

### Weather Department to Keep Records of Upper Air Movements

TORONTO, July 13.—Aerial navigation over the Dominion of Canada may assume large proportions in the not distant future, and with this prospect in view the local meteorological department office is extending its observations to the movements of the upper air, in order to be able to forecast atmospheric conditions at various levels for the benefit of aviators.

## GENERAL TRAMWAY STRIKE IN ITALY

LONDON, July 13.—Tramway workers throughout Italy have ordered a strike to begin at midnight tonight, says a dispatch to the Central News from Rome. The action is to be taken in order to secure solidarity with the railway strikers of the second class who have been out for some time.

## ADMIRAL FISHER IS LAID TO REST

LONDON, July 13.—Funeral services were held in Westminister Abbey today for the late Baron Fisher of Kilverstone, admiral of the British fleet. The funeral procession left St. James Square, and proceeded through the Mall to the Admiralty arch. The route was lined with spectators.

At the Abbey, eight admirals, including Viscount Jellicoe, acted as pall bearers. Interment will take place tomorrow at Kilverstone Hall, Norfolk.

## JAPANESE COMPACT RENEWED

### Automatically Continues for One Year Failing Notice of Abrogation

LONDON, July 13.—The Anglo-Japanese treaty will be automatically renewed for a period of one year, according to an announcement made in official circles this afternoon. Today was the last day on which notice of the abrogation or modification of the alliance could be made.

It was also announced today by the league of nations, simultaneously with the notice of the renewal of the Anglo-Japanese compact, that British and Japanese governments had addressed notes to the league of nations on the subject of renewal.

The official explanation of the renewal is that the British government has not been able to communicate fully with the Canadian and Australian governments on proposed alterations of the terms of the treaty. It was stated that the colonial representations would be taken up probably in September or October.

There has been reply on the part of the British government to the note of the Peking government issued several weeks ago, in which the Chinese government reiterated its objections to some of the provisions of the Anglo-Japanese treaty.

## OPEN TOP CARS FOR COAL MINES

### Extension Given of Preferential Order for Mines East of Mississippi

WASHINGTON, July 13.—Extension for 30 days of the order giving preferential distribution of open top cars to coal miners east of the Mississippi, was ordered today by the United States interstate commerce commission, in an effort to solve the coal transportation problem. Threefold amendment of the order also was made by the commission, which, in a letter to Daniel Williard, chairman of the advisory committee of the association of railway executives, suggested that the carriers prohibit more than one reconsignment of cars loaded with coal.

## LOSES SEAT ON RECOUNT

### Independent Scores Off Norris Government on Challenged Election Count

WINNIPEG, July 13.—A recount of votes cast in Glenwood constituency has cost Premier Norris one supporter.

The recount today changed a majority of six for Breakey, government, into a majority of four for William Robson, independent.

## WINNIPEG LAWYER DIES SUDDENLY

WINNIPEG, July 13.—E. R. Levinson, a well known Winnipeg lawyer and former crown prosecutor died suddenly today, aged 41 years. Deceased, who was born in Austtralia, was a nephew of Gen. Monash, commander in chief of the Australian forces in France, and also a nephew of the present chief justice of Australia.

## British Taxation Proposals Passed In All Essentials

LONDON, July 13.—(Canadian Associated Press).—The result of the two days debate in the commons is that the budget taxation proposals are, in all essentials, confirmed.

## TWEEDIE LEAVES FOR WEST CALGARY

OTTAWA, July 13.—(Canadian Press).—T. M. M. Tweedie, M. P., for West Calgary, who has been in Ottawa since the close of the recent parliament, leaves tomorrow for his home at Calgary.

## VILNA MUST BE HELD AT ALL COSTS

### Women Arriving for Defense of Town on Which Bolshevik Are Marching

WARSAW, July 13.—Women are reported to be taking up arms for the defense of Vilna, toward which the Bolshevik are driving along the railway from the northwest. Word has been sent out that Vilna must be held at all costs.

WARSAW, July 13.—(Associated Press.)—The members of the Kosiuszko aerial squadron are using bombing gothas along the southern front against the forces of Gen. Budenny, the Bolshevik cavalry leader.

These gothas, which recently arrived, are the largest airplanes in use on any front, and have proved particularly effective against cavalry.

The first day they were used one gotha put out of commission two Bolshevik armored trains.

Leon Budenny had a narrow escape from the bombing while riding at the head of his forces.

An overwhelming number of Bolshevik have been thrown against the Polish left, which is gradually bending southwest. The Reds are constantly bringing up reinforcements.

From the northwest the Bolshevik are driving against Vilna, which is being evacuated of military supplies, but the Poles are determined to defend it and both sides are being reinforced.

## CIVIL SERVANTS AND INCOME TAX

### Premier and Prominent Civil Servants May Be Sued by Ottawa City Solicitor

OTTAWA, July 13.—If the Ottawa board of control confirms the recommendation by City Solicitor Proctor today, Hon. Arthur Meighen, newly chosen premier of Canada, together with numerous other prominent civil servants, will be sued by the city for their income tax. This case arises out of the refusal of the civil servants to pay the 1920 civic income tax, on the ground that under the former agreement between the government and the city they were to be exempt from taxation for a period of 10 years.

The corporation claims this period expired last December, while the civil servants declare they are not liable to taxation until 1921.

## WILSON AND COX PLAN CAMPAIGN

### Conference at White House to Discuss Vigorous Democratic Measures

WASHINGTON, July 13.—President Wilson will meet Governor Cox and Franklin D. Roosevelt, Democratic presidential and vice-presidential nominees, Sunday, for the first time since the candidates were chosen at San Francisco. The conference will be at the White House to discuss plans for a vigorous campaign. It was arranged today by Gov. Cox by telephone.

Party leaders declared today there was no foundation for the statement that the president and Gov. Cox were far apart on the league of nations question.

## RECORD PRICE FOR TWO-YEAR-OLD

AQUEDUCT, N.Y., July 13.—The highest price ever paid for a two-year-old colt in the United States was recorded here today, when Samuel C. Hildreth obtained Inchcape, a chestnut colt by Friar Rock-Rose, of Toledo, for $125,000.

Inchcape has started twice this year and was successful on both occasions.

## MEIGHEN COMPLETES CABINET

### Spinney, McCurdy and Wigmore Sworn in as New Members

### CALDER PRESIDENT OF PRIVY COUNCIL

### Only Three Portfolio Changes From Sir Robert Borden's Ministry

OTTAWA, July 13.—(Can. Press) Additions to the new cabinet of Hon. Arthur Meighen are: E. K. Spinney, M.P. for Yarmouth, N. S., F. B. McCurdy, M. P. for Colchester, N. S., and R. Wigmore, M. P. for St. John, N. B.

E. K. Spinney, M. P. and R. Wigmore, were this afternoon sworn in as members of the cabinet of Hon. Arthur Meighen, the former as minister without portfolio, and Mr. Wigmore as minister of Customs and inland revenue.

Hon. F. B. McCurdy, minister of public works, and Hon. Mr. Spinney attended the first meeting of the newly sworn in cabinet this afternoon.

Others in attendance were Hon. Arthur Meighen, prime minister, Sir. George Foster, Hon. J. A. Calder, Sir James Lougheed, Sir Henry Drayton, Hon. G. D. Robertson and Hon. Hugh Guthrie.

Following the meeting of the cabinet council, the premier stated that the other members of the cabinet, being already privy councillors, could be sworn by the clerk of the privy council, Rodolphe Boudreau, on their return to the city.

He said there had been no decision yet as to the probable dates on which the necessary by-elections would be held.

Of the former ministers who served under Sir Robert Borden, a number of whom are now sworn in under Arthur Meighen, only three have any change in their designations. Sir James Lougheed now becomes minister of the interior, and superintendent general of Indian affairs, instead of minister of soldiers' civil reestablishment; Hon. J. A. Calder retains his old portfolio as minister of immigration and colonization, but in addition is named president of the privy council, the position held by Hon. N. W. Rowell, who resigned; and Sir Edward Kemp, former overseas minister of militia, is now minister without portfolio.

Only two members of the cabinet, Hon. S. F. Tolmie, minister of agriculture, and Hon. P. E. Blondin, postmaster-general, now remain to be sworn in, and the oath will be administered to these two by the clerk of the privy council.

**Hon. Spinney's Plan**

OTTAWA, July 13 (Can. Press).—Hon. E. K. S. Spinney, who was this afternoon sworn in as minister without portfolio in the cabinet of Hon. Arthur Meighen, leaves tonight for Toronto, and will afterwards return to his home at Yarmouth, N.S.

Hon. E. K. Spinney stated to the Canadian Press this evening that he would return to Ottawa when his presence was required. He had accepted the position on the understanding that he would not be needed to stay in Ottawa, but would only come here when a question arose of sufficient importance to bring him. He would, of course, be in the capital for a period before the opening of parliament, and during the session.

## JURY ACQUITS ON MURDER CHARGE

### Accused of Murder by Illegal Operation, Mrs. Campbell Is Found Innocent

WINNIPEG, July 13.—Mrs. Florence Campbell, charged with murder in having caused the death of Miss Gladys Wiggins by an illegal operation, was found not guilty this afternoon. The jury deliberated less than one minute.

## STEAMER ARRIVALS

Corsican at Montreal from Glasgow.

Adriatic at Southampton from New York.

Columbia at Glasgow from New York.

Empress of Japan at Shanghai from Vancouver.

## United States Farmers Unlikely to Organize For Political Purposes

WINNIPEG, July 13.—The probability of farmers of the United States organizing for political purposes, such as is the case in different provinces in the Dominion, is very remote, said J. R. Howard of Chicago, president of the American Farm Bureau federation, today.

"Farmers in the United States do not form more than one-quarter of the voting strength of the population, according to the last census recently made public, and in my opinion it would be folly for us to organize politically, because we could not hope to control the balance of power," he said.

Mr. Howard is heading a delegation of United Farmers who are attending the session of the Canadian council of agriculture here.

## DESCHANEL'S CONDITION ALARMING

### Reported That French President's Health May Compel Him to Resign

PARIS, July 13.—President Deschanel's health concerning which the newspapers have been silent during the past month, is now one of the main topics of Parisian conversation and comment in the press.

There is a divergence of opinion, some of the newspapers today expressing the belief that the president, although in poor health, is on the road to a fairly early recovery, while other journals declare that his condition is such as to incapictate him from discharging the duties of his office, for sometime to come.

Repeated reports that the president will resign, and another president be elected, are printed with expressed regret, with the names of high political figures who might be expected to succeed Deschanel.

Several deputies who visited the president Sunday declared after seeing him, that M. Deschanel looked emaciated and tired, but that a few weeks rest would assure his recovery.

## FOUR TIE FOR BRONZE MEDAL

### Two Canadians Included in Shoot-off for First Stage of King's Prize

BISLEY CAMP, July 13 (Canadian Associated Press).—Lieut. Col. P. E. Bowen, Edmonton; Major Utton, Toronto; Sergt. Fulton, of the Queen's Westminsters (gold medallist in 1912); and Sergt. Coultrip, East Lancashire regiment, will shoot off for the bronze medal and three subsequent places in the first stage of the King's prize. Those competitors each scored 97.

Major Utton, Toronto, who scored 48 at 200 yards, made at 500 yards four central bulls, four centrals, finishing with an inner. Lieut. Col. Bowen had 49 at 400 yards, and made six centrals, two bulls and two inners at the second range.

Six competitors besides Captain C. R. Crow, of Guelph, made 95 in the Duke of Cambridge competition at 900 yards, 10 shots.

Dr. Kelly, of North London, scored 47; Col. Lloyd, of the Medical corps; Sget. Fulton, of the Westminster regiment; Major Mountain, of the Royal Air Force, each scored 46; Capt. Douglas, of Nottingham, 45; Lieut. John Chandler, Woodstock, N.B., and four others, scored 44.

The all-comers aggregate shooting competition today was won by Lieut. Bissett, of the Royal Irish Regiment. Sergt. C. A. Hawley, Winnipeg, was 19th.

In the Duke of Westminster's aggregate competition—prizes to be awarded to the competitors whose respective scores in the Wimbledon cup and Prince of Wales cup make up the highest aggregate—Cal Marchmont of London, England, was first. Major Northover of Winnipeg, third; Lieut. John Chandler of Woodstock, N. B., was fifth, and Lieut.-Col. Bowen of Edmonton was tenth.

## FIFTY YEARS OF CONFEDERATION

### Manitoba New Parliament Buildings to Be Opened on Anniversary of Entry

WINNIPEG, July 13.—Thursday, July 15, is the fiftieth anniversary of the entry of the province of Manitoba into the confederation of Canadad, and the day is to be marked by the official opening of the new parliament buildings here by the lieutenant-governor, Sir James Aikins. The formal ceremony is to take place at 3 p.m. after which the building will be open to the public.

## SPA CONFERENCE SUMMON MARSHALS TO DISCUSS ENFORCEMENT MEASURES

### Expected That Ruhr District Will Be Surrounded and Occupied; Germans Have Nothing to Add, Wait Further Action; Millerand Resolved to Stand Firmly on Position Taken Up; German Delegates Complain of Aggression; Assaulted in Cafe by Belgian

SPA, July 13.—(Associated Press)—A deadlock has been reached by the allied representatives and the Germans on the coal question, and Marshal Foch and Field Marshal Wilson, the allied military chiefs, have again been summoned to discuss possible enforcement measures.

The allied premiers, having been informed that the Germans were ready, called a meeting for 5:30 o'clock this evening, instead of tomorrow, as planned this morning. The German reply was not acceptable, and the summoning of Marshal Foch and Field Marchal Wilson, it is said, means immediate measures to enforce the treaty unless Germany modifies her attitude.

The German foreign secretary said to the Associated Press:

"The allies may, under the treaty give us an order concerning coal. If they give an order, we of course would try to satisfy it, but we do not believe we could."

Dr. Simons said later: "The allies can occupy the Ruhr or other territories. They can send their own agents into Germany and probe the situation. They may fix any penalty we are not in a position to resist."

The secretary expressed the attitude of the German delegation as it is tonight, but the allied ministers hope before they take further measures that the Germans may change their decision.

Marshal Foch will leave Paris tonight, arriving at Spa tomorrow morning. Field Marshal Wilson is scarcely expected to reach here from England before tomorrow afternoon or evening. The supreme council will meet immediately after their arrival, the German delegation remaining here meanwhile.

The German delegates, after the morning meeting of the reparations commission, when asked to amplify their proposal, sent a letter to Premier DeLacroix saying that it would be impossible for them to be definite in their proposals, until the coal question was settled.

It appeared that it is not so much a question of mining coal in quantity sufficient to give 300,000 tons monthly more than Germany offers, but rather the difficulties of the German government in financing the delivery out of their budget.

Dr. Simons said late tonight that the Germans had nothing to add to their coal proposition. He regretted exceedingly the position taken by the allies and said that the Germans must simply await further action. M. Millerand, the French premier, regrets that it is not possible for Germay to keep faith with the allies in the execution of the treaty, but he is firmly resolved to stand on the position now taken up.

Premier Lloyd George had no comment to make. In well informed circles it is the opinion that if any action is undertaken, the Ruhr district will be surrounded, then occupied.

Some of the members of the German delegation have complained to Chancellor Fehrenbach of aggressions, of which they claim to have been the victims, since their arrival at Spa.

One journalist attached to the German delegation came to blows with a former Belgian officer, whose house he occupied at Spa during the war.

According to the claims, last evening as the Germans were seated in a cafe, the orchestra struck up the British National Anthem. When the Germans began singing in their native tongue, a Belgian civilian took offense, and ordered them out. They refused to leave but were finally ejected after a sharp scuffle, in which the same journalist received a blow on the nose with a cane. He was confined to his bed today.

It is understood the German delegation will make representations to the Belgian authorities regarding the affair.

PARIS, July 13.—The allied chiefs will meet at Spa at 11:30 Wednesday morning to examine the situation, according to a Havas dispatch. Marshal Foch will be present at the meeting. Apart from the coal question the German financial experts this morning proposed to the mixed commission charged with the execution of the reparation plan, that the allies provide a subvention of 3,400,000,000 gold marks for Germany's food supplies during the first year the treaty is in force.

## Hindenburg Shot at By Unknown Man Who Misses and Escapes

BERLIN, July 13.—An unknown man broke into Field Marshal Hindenburg's house today and fired at the Field Marshal. The bullet missed its mark. The man escaped.

The field marshal was alone at the time, and attempted to call a servant. The intruder grappled with the field marshal and during the struggle fired his revolver.

The culprit then broke away and made his escape. He is believed to be a member of a gang of burglars.

## OTTOMANS INCLINED TO SIGN

### Greek Victories Over Nationalists Cause Turkish Reaction

PARIS, July 13.—(Havas.)—The victories of the Greeks, their occupation of Brussa and the demoralization of the Turkish Nationalists have caused a great reaction in Turkish circles, which now show an inclination to accept and sign the peace treaty, according to dispatches from Constantinople today.

## REVOLUTION IN BOLIVIA

### Government Quickly Overthrown; Troops Acknowledge New Regime

LIMA, Peru, July 13.—The latest dispatches available here from La Paz, Bolivia, concerning the revolution against the government of President Gueitteriz Guetra are to the effect that all the Bolivian troops have recognized the newly formed government with the exception of the picked cavalry regiment, known as the Abarow contingent, which is reported to be advancing from Guaqual toward La Paz.

A strict censorship is being maintained, and only bare details are available.

The revolution apparently was brief. The rapid fire guns bombarded the palace, and the government offered virtually no resistance. The Lima newspapers this morning declare the revolution is of surpassing historic importance to Peru.

## UNITED STATES ADMIRAL DIES

### Rear-Admiral Harris Arrived Seriously Ill and Died at Southampton

SOUTHAMPTON, July 13.—Rear-Admiral Henry Tudor Brownell Harris, United States navy, retired, died here last night. Admiral Harris arrived here on the steamer New York July 2, seriously ill.

## ONTARIO HIGHWAYS TO BE CONSTRUCTED

TORONTO, July 13.—Within the next three months, more than 3000 persons will be employed on the 1800 miles of the provincial highways system.

The work being done at present is largely of a proparatory character, and after the harvest, when farmers will not be so busy as they are now, the work will be pushed.

## LONG SESSION ENDS IN NEWFOUNDLAND

ST. JOHN'S, Nfld., July 13.—The Squires government today concluded their first session of the Newfoundland legislature when His Excellency Sir Alexander Harris, prorogued the 21st general assembly. The session was a protracted one having convened on April 21. During the session 55 measures were enacted as legislation and were assented to by his excellency.

## CONSERVATION OF SOIL FERTILITY

WINNIPEG, July 13.—At a three day convention opening tomorrow under the auspices of the commission on conservation, conservation of soil fertility will be considered. Prominent speakers from all parts of the Dominion will attend and deliver addresses. Senator Edwards of Ottawa acting chairman of the commission will preside.

## SORE AS A BOIL

### Rub Away the Inflammation With "ABSORBINE JR."

For the shoulder or knee that aches like a toothache; for the bruise or sprain that throbs and burns; for cut or laceration that may become infected; apply "ABSORBINE JR."

"ABSORBINE JR." is highly concentrated and penetrates right into the tissues. It is a vegetable germicide, absolutely safe, that destroys germs, prevents infection, and proud flesh, soothes pain and heals.

"ABSORBINE JR." is safe and good for young and old—for the athlete after exercise and sports—for the business man who meets with an accident, and for every member of the family for pain, swellings, inflammation.

$1.25 a bottle—at most druggists or sent postpaid by W. F. YOUNG, INC., Lyman Building, Montreal.

# VANCOUVER MEN SEE ROSSLAND RICHES AND TOUR GREAT SMELTER AT TRAIL

### Board of Trade Party Taken Through Centre Star-Le Roi; Golden City Tenders Luncheon; Afternoon Devoted to Mysteries of Great Plant at Tadanac; Trail Entertains in Evening

TRAIL, July 13.—Leaving the city at 9 o'clock this morning, the party of Vancouver board of trade delegates now making their fifth excursion of the kind to get into touch with people with the object of later forming a British Columbia Associated Boards of Trade, was piloted in 11 automobiles, by their owners, to Rossland, arriving at the offices of the Consolidated Mining & Smelting company of Canada, at 10.30 o'clock. There they were met by W. M. Archibald, manager of mines; F. S. Peters, superintendent of fthe Rossland mines; M. O'Brien, assistant superintendent; and M. E. Purcell, consulting engineer.

**In Bowels of the Earth**

Splitting the party into two, Messrs. Peters and O'Brien each escorted a squad through the workings of the 1200-foot level of the Centre Star-Le Roi. Mr. Peters' party, going down the Le Roi shaft, were shown a compressed air drilling machine in operation, before they retraced their steps and met the other party at the shaft of the Centre Star, waiting for the ascent.

Above ground, the whole party was shown over the machine shop and tool shop, where the speed and accuracy of drill sharpening were exhibited.

Making a detour with the cars, to give the visitors a more extended view of the country around, the party returned to Rossland, where they were welcomed at he Rossland club, and later was given a banquet in the K.P. hall by the Rossland board of trade, at which about 50 members of the board and citizens were present.

**Rossland Banquet Guests**

At the banquet numerous expressions anent the advisability of a closer cooperation between the coast cities and the Kootenay were heard.

Mayor A. Pitt presided, and proposed the toast to "The King."

W. M. Archibald, in proposing the toast to "The Mining Industry," referred briefly to the lull in Rossland, and predicted a change in conditions shortly. W. E. Purcell, responding, claimed there had been over $100,000,000 taken from the Rossland mines, which were still unexhausted. He said the Consolidated could not continue to operate indefinitely with all mining material at a high price and gold at an unchanged value. However, an improved method of treating the ore at Trail smelter would give a larger return and make operation possible.

Lorne A. Campbell, general manager of the West Kootenay Power & Light company, proposed the toast to "The Kootenay," and referred to its vast mineral, timber and agricultural wealth.

**Pulling Together**

W. G. Ternan, of the Rossland board of trade, declared it was good business for the coast and Kootenay districts to pull together, and he hoped some sort of affiliation would be effected before the visitors left the Kootenay.

W. J. Blake Wilson, president of the Vancouver board of trade, expressed himself as having a new viewpoint in regard to mining, and to the wonderful work of mining engineers that he had just seen.

Ald. Joseph Patrick, of Victoria, made some appropriate remarks.

Nicholas Thompson, of Vancouver, stated that, with the wonderful natural resources of the province in possession of the people, the development of the province was in their hands.

After this there were the usual toasts to the press, which were responded to by B. A. McKelvie, of the Vancouver Province; T. J. McLay, of the Vancouver World; and A. Shaw, of the Vancouver Sun.

**Tour of Smelter**

On arriving at the great smelter at Tadanac, after the luncheon, the party was met by J. J. Warren, president of the Consolidated; T. W. Bingay, comptroller; F. Beasley, superintendent of the copper and lead refineries; J. J. Fingland, superintendent of the silver refinery; George Murray, superintendent of the smelter, and Superintendent A. B. Stimmel, who accompanied the visitors on a tour of the plant. As they proceded from department to department, the processes in general by which the ores were taken from the ore beds, crushed, mixed in precise proportions and relieved of undesirable qualities and substances, was outlined. The party visited one huge furnace after another, following the various processes until a quantity of the unrefined metals was extracted.

In the great copper, lead, zinc and silver refineries, apparently yet more complicated processes, such as settling, filtering and finally ore flotation, were described and the visitors made to understand in a measure the electrolytic process by which the minerals held in solution in enormous vats were deposited on starting sheets of other metals.

The power sub-stations and the gigantic blowers and air compressors were visited during the two hours the party was on tour.

After taking leave of the smelter officials, the visitors returned to Trail about 6.30 o'clock.

This evening a banquet, given by the Trail board of trade to the visitors is in progress.

The drivers who took the visitors about in their cars throughout the day were Noble Binns, L. F. Tyson, Dr. J. B. Thom, M. A. Henderson, Dr. J. May, G. F. Weir, J. H. Schofield, M.P.P.; D. McDonald, T. W. Bingay, John Craig and A. B. Stimmel.

# MANITOBA FORMS FARMERS GROUP

### Members Elect Organize Group With Independents to Choose Leader Later

WINNIPEG, July 13.—(Canadian Press.)—Formation of a farmer independent group in the Manitoba legislature was decided upon today, at a meeting of the newly-elected members held here.

After coming to the decision that it was advisable and necessary to form a definite organization of all members elected as independent farmers, and as straight independents, the meeting adjourned until July 27, when a group leader is to be chosen.

Today's meeting was called by W. McKinnell, member for Rockwood, who stated that he believed the adjourned meeting would result in the formation of a group under a recognized leader.

"We propose to give no pledged support to any other group in the house, and would be strictly independent on all matters.

"The rumor that we are playing for cabinet representation has no foundation," said Mr. McKinnell.

Members-elect present at the meeting were McKinnell of Rockwood, Fletcher of Killarney, Richardson of Roblin, Little of Beautiful Plains, Feljested of Gimli, Dupres of Carlton, Clubb of Morris, Boivin of Iberville, and Yahmischak of Emerson.

The claim was made that this group, when organized, would be the second in strength in the legislature.

In their statements to reporters after the meeting there was nothing to indicate the government would be accorded any organized support from the group.

# GOVERNMENT BLAMED EXHIBITION FAILURE

MONTREAL, July 13.—Walter Lefroy, the proprietor and founder of the magazine "Canada," in London, England, who is at present in Montreal to take a boat for the old country, this morning took exception to a statement by Harrison Watson, chief Canadian trade commissioner in England, that the Canadian industries exhibition in London, as a venture was "dogged by ill-fate."

"Rather should it be described as a venture stifled by official apathy," stated Mr. Lefroy.

Mr. Lefroy blames government officials for the failure of the exhibition.

# WINNIPEG ACCEPTS MYERS WAGE AWARD

WINNIPEG, July 13.—The Winnipeg Electric Railway company will accept the award of the Myers board of arbitration, granting the men a 10 per cent increase in wages, A. W. McLimont, vice-president and general manager of the company, stated today. The acceptance of this award will mean an additional $300,000 in wages.

Fares will have to be raised he intimated, to meet this addition to the payrool. Revenue derived from the present fares is not sufficient to meet operating expenses, and such an additional burden cannot be carried without a corresponding increase in revenue, he said. The award has not as yet been accepted by the men, who had asked for practically a 50 per cent increase over the present wage.

# DONEGAL ASSIZES GUARDED

### Strong Military Force With Machine Guns Protect Judges and Court

BELFAST, July 13.—Lifford, where the county Donegal court assizes is being held today was in possession of the military. Two Lewis guns were in position on the roof of the courthouse, and when Justices Dodd and Kenny arrived to open the court, guns commanded the principle thoroughfares and soldiers occupied positions behind sandbags on the roof.

A couple of detachments of the West Surrey Regiment were posted in the square in front of the court house, and other detachments were in the building, while the balconies were guarded by soldiers with fixed bayonets. In an attempt to prevent the jurors from reaching Lifford rails were torn up on the Buron Port extension of the Lough Swillys Railways and the telegraph wires were cut.

**Constables Shot Dead**

DUBLIN, July 13.—Barricades on roads leading to Dublin, which were erected last week, were removed during the past night. It is now supposed they were intended to prevent the dispatch of arms to Ulster for the July 12th celebration. A police motor was ambushed by an armed party tonight between Cloghan and Dingle. Two constables were shot dead.

**Direct Action Threat**

LONDON, July 13, (Associated Press).—What is tantamount to a threat of direct action for the purpose of forcing the government to withdraw the troops from Ireland, and institue an Irish parliament, was voter at the trades union congress in London today, when a resolution introduced by the miner's federation was adopted on a card vote by 2,700,000 against 1,600,000.

This vote followed previous rather confusing votes, but its effect, according to James Henry Thomas, general secretary of the National union of railwaymen is that, should the government ignore the railwaymen's resolution calling a truce in Ireland, and opening an Irish parliament, it will become the duty of the congress committee to see that the miners resolution is carried into effect.

It is believed however that before any ballot on this subject it taken, another congress will be summoned to consider the matter.

The miners delegates are jubilant over their success in carrying the congress for a "down tools" policy by a majority largely exceeding one million.

**Go Between Arrested**

LONDON, July 13.—Upon his arrest at Southampton Barry declared the pistols, ammunition and letters discovered on his person were given him by an unknown man for delivery at a Liverpool address which he claims he lost. The magistrate, sentencing the prisoner, said he appeared to be part of a system regularly employed to convey communications between revolutionary leaders in Ireland, and their agents and sympathizers in the United States.

The letters reported failure of the Irish to obtain inclusion of their plank in the platform adopted at the Republican national convention in Chicago, and commented on the split between the Coghlan and De Valera groups.

One of the letters, signed "Peter," addressed to Terry paid tribute to DeValera's efforts on behalf of the Irish, and assailed DeVoy.

It asked that DeValera be bolstered up through passage of a vote of confidence by the Irish Republican parliament.

A copy of DeValera's statement to the press, dated June 18, regarding the Chicago conference was appended to one of the letters.

# FUEL CONTROL TO BE REVIVED

### Decision on War Time Restriction Renewal Shortly to Be Announced

MONTREAL, July 13 (Canadian Press).—It is learned through the Canadian Manufacturer's association representatives, which recently met the Dominion railway commission in Ottawa, that it is the intention of the latter body to put into force again he fuel control laws which were abandoned some ime ago.

The decision of the committee announcing the restoration of wartime restrictions on coal will be published shortly.

# ANAESTHETISTS FORM SOCIETY

MONTREAL, July 13. — (Canadian Press).—A new Canadian society of anaestheticsts has been formed, and an effort is being made to hold the first meeting of the society in conjunction with that of the clinical congress of surgeons in Montreal in October.

The officers of the new association are: President Samuel Jornston M. A. M. D., Toronto; Vice-President William Webster, M. D. Winnipeg; secretary treasurer, Wesley Bourne, M. D. Montreal; Executive Committee, Chas. H. Bastin, M. D., Vancouver; G. M. Geldert. M. D. Ottawa; W. B. Howell, M. D. Montreal; and Charles Ledocque, M. D. Montreal.

# Nuxated Iron Will Increase Strength of Delicate People In Two Weeks Time

**In many instances says City Physician persons have suffered for years without knowing what made them feel tired, listless and run-down when their real trouble was lack of iron in the blood—how to tell.**

IF you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied a multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night, others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your fagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and one of the best blood builders in the world. The only trouble was that the old forms of inorganic iron like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated Iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

MANUFACTURERS' NOTE: Nuxated Iron which is recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, and does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.

# WAS ABOUT TO GIVE UP HOPES

## Kept Losing Weight All the Time Until She Began Taking Tanlac

"I have gained ten pounds in weight since I started taking Tanlac, and I honestly don't believe I would be here today if it hadn't been for this medicine," said Mrs. Constance Monihan, 856 Stella Avenue, Winnipeg, Man., recently.

"A year ago," continued Mrs. Monihan, "my stomach began to give me trouble and kept getting worse so rapidly that it was only a short while before I had absolutely no appetite, and I had lost weight until I was scarcely more than a frame. Every mouthful I forced down soured on my stomach almost at once, my heart would palpitate dreadfully and I had such terrible attacks of heartburn they nearly drove me distracted. I suffered with severe headaches nearly all the time and my nerves were in such bad condition the least little noise out of the ordinary would completely upset me and it was almost impossible for me to get any sleep at all, as I would roll and toss from one side of the bed to the other all night long and in the mornings I always felt miserable. Why, I was so nervous and my hands trembled so bad I could not even put a teaspoonful of tea or coffee to my lips. My face was thin and pale, my cheeks sunken in and I was so weak and run down I couldn't do any part of my housework. My friends often remarked that if I didn't soon get something to help me I would surely die, and I realized this perhaps better than anyone else.

"I had been advised to take some kind of treatment, and as I had seen Tanlac so highly recommended I decided to try it first. Well, it took three bottles before I could feel any change but I continued taking it. My appetite gradually improved, until now I am hungry just about all the time and can eat anything I want without suffering any bad after effects whatever. I am completely rid of the headaches and my nerves are in such fine condition I sleep all night as peaceful as a child. My cheeks have filled out, I have a fine color in my face and have regained my strength so that I now do all my housework with the greatest ease. I am truly thankful for what Tanlac has done for me and I never miss an opportunity of telling others about it."

Tanlac is sold in Nelson by Canada Drug & Book Store, and by the leading druggist in every town.—Advt.

## MINNEAPOLIS GRAIN

MINNEAPOLIS, July 13.—Flour unchanged to 20 cents higher, in carload lots, family patent quoted at $14.20 to $14.40 a barrel in 98 pound cotton sacks.

VANCOUVER, July 13.—It was announced today that the Whalen Pulp and Paper mills on the earnings for the month of June were $825,000.

## LEGAL NOTICES

### WATER NOTICE

#### Clearing Streams

Take Notice that Roy M. Hutchins, whose address is Nakusp, will apply for a license to use the waters of Nakusp Creek for "Clearing Streams" purpose (i.e., clearing and improving the stream for the driving, booming or rafting of logs). The points on the stream between which it is proposed to clear are from Box Lake to Arrow Lakes. The estimated mileage between the said points is Five miles. The term proposed for the license is Five years.

This notice was posted on the ground on the 1st day of July, 1920. A copy of this notice and an application pursuant thereto, and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Nelson. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within Thirty days after the first appearance of this notice in a local newspaper.

The date of the First publication of this notice is July 1st, 1920.

R. M. Hutchins,
Applicant.

(8655)

### NELSON SCHOOL DISTRICT

Public notice is hereby given to the electors of the Nelson School District that I require the presence of the said electors in the Council Chamber at the City Hall, on Tuesday, the 20th day of July, 1920, at 12 o'clock, noon, for the purpose of electing a person to represent them on the public school board as a trustee in the place of John Notman, resigned, for the residue of the term for which the said John Notman was elected in January, 1919.

The candidate shall be nominated in writing, the writing shall be subscribed by two voters of the Nelson School District as proposer and seconder, and shall be delivered to the returning officer any time between the date of this notice and 2 p.m. of the day of nomination. And in the event of a poll being necessary such poll will be opened on Friday, the 23rd day of July, 1920, between the hours of 9 o'clock a.m., and 7 o'clock p.m., at the City Hall, of which every person is hereby required to take notice and govern themselves accordingly.

The persons eligible to be nominated for, and elected as School Trustees of the Nelson School District, shall be any person being a British subject, of the full age of twenty-one years, and having been, for the six months next preceding the day of nomination, the registered owner in the Land Registry Office of land or real property in the Nelson School District, of the assessed value on the last Municipal Assessment Roll of Five Hundred Dollars or more, over and above any registered judgment or charge, and being otherwise qualified to vote at an election of School Trustees in the said School District.

Given under my hand at the City of Nelson, this 12th day of July, 1920.

W. E. WASSON,
Returning Officer.

(8865)

# Mining and Markets

## SPECULATIVE FLUCTUATIONS

NEW YORK, July 13.—In its salient features, trading on the market was largely a repitition of the preceding session. The instability of prices indicated that last week's unexpected advance had not been throughly assimilated.

Dealings were smaller and correspondingly contracted, but the actions of several of the more speculative issues, which fluctuated within an area of five to almost 10 points offered further proof of the obviously professional character of the market.

High grade oils were about the only issues to show material gains at irregular close; steels, equipments, rails, shippings, motors, and numerous miscellaneous specialties yielding varibly in the general offerings of the last hour.

Sales amounted to 650,000 shares.

Financial industrial and commercial advices, so far as they pertained to quoted values of securities, were again perfunctory or negative.

Call money was freely available at eight per cent, that rate ruling throughout the day, but additional withdrawals of local reserve by banks at crop centers, reduced the supply of time funds to minimum.

Transportation conditions at nearby points improved to a limited extent, but the freight blockade, coupled with the fuel shortage, offered only slight relief to manufacturers, and kindred products.

Another moderate reaction in British exchange was caused by reports that England had assumed the greater part of the Anglo-French loan, but the financial agents of the British government were without advices on the subject.

Bonds were featured by strength of Belgian 7½'s and the new Swiss government eights, both making new high prices. Domestic bonds, including liberty issues, were irregular.

Total sales, par value $13,450,000.

Old U. S. Bonds were unchanged on call.

## TORONTO BOARD

TORONTO, July 13.—Less confidence was seen in the Canadian markets today and several sharp reactions took place. Strength in a few stocks however, gave the market an irregular appearance, and brought confusion to the prophets in the street. In view of the continued announcement of new paper mills, and the coming into market favor of the less well shown stocks, it is argued that interest has not yet spent itself.

It was more especially a day for Riordan, with an advance of 2¾ points to 213, closing at the high.

Trading here, however, was small. Brompton rallied slightly to 149¾, but closed at 149, with a gain of ½ a point. Following its recent sharp advance, Spanish River preferred had the heaviest loss, going down over five points to 132¼.

Atlantic Sugar preferred had a big rally in the afternoon, moving up to 172, and closing at 171. Whatever the cause, sugar is in favor at present, and traders do not seem dismayed at the 30 per cent or more of arrears still due on preferred.

There was a greater demand for bank stocks, but the active issues in this group, on the whole, lost ground.

## MONTREAL LIST

MONTREAL, July 13.—The market today was irregular and erraic, and none of the recently active issues showed any gain at the end of the day, sugar common being the only one to hold at yesterdays level. Sugar preferred jumped nine points to a new high of 171, and held the gain at the close. The common reached a new high at 148, but eased to 143½ in latter trading, and recovered to 145 at the close.

Both Spanish River issues were down, and the rally at the close did not make up the loss, both finishing the day at a net loss of two points at 121 and 130 respectively.

Laurentide was also active, and ranged irregularly from 124½ to 119½, with a later recovery to 121, a net loss of three points. Brompton broke five points to 145, with a later recovery to 148, one point down. Wayagamack travelled through a range of 128¼ to 120¾, with final recovery to 125, a net loss of four points. Howard Smith was not active, but rose 9½ points to 149½.

Penmans sold up to 148, easing to 146, down two points. Tookes made a new high at 84½, a net rise of 5½ points. Converters made a similar net rise to 77½.

Total trading lister 33,770, bonds $28,000, vouchers 10.

## MONTREAL PRODUCE

MONTREAL, July 13.—Eggs higher, Potatoes in fair demand.

Cheese—Finest easterns 27¾.

Butter—Choicest creamery 60 to 61.

Eggs—Fresh 60.

Potatoes—Per bag car lots $3.00.

## SILVER PRICES SHOW STRENGTH

NEW YORK, July 13.—Silver, domestic 99½; foreign 92½.

LONDON, July 13.—Silver 53¾.

## CANADA BONDS

MONTREAL, July 13.—The following were the bid prices for bonds at the close of the market today:

War loans—1925, 95; 1932, 91¾; 1937, 86.

Victory—1922, 98; 1937, 98½; 1923, 98; 1933, 98½; 1924, 97; 1934, 95.

## STERLING EXCHANGE

NEW YORK, July 13.—Sterling exchange easy at 388¾ for 60 day bills and 392 for demand.

Bar silver domestic 99½; foreign 92½.

Canadian dollars 88.00.

Belgian francs 19.19.

French francs 9.53.

Italian lires 6.30.

German marks 2.70.

## METAL MARKET

NEW YORK, July 13.—Copper, steady, electrolytic, spot and third quarter 19. Iron, steady, prices unchanged. Tin, steady, July and August 51.00 Antimony 7.75.

Metal exchange quotes lead, firm, spot offered at 8.75. Zinc, firm, East St. Louis delivery, spot 7.80 bid 8.00 asked.

London—Copper, spot, £90 17s 6d; futures, £93 2s 6d. Electrolytic, spot, £105; futures £110. Tin, spot, £266 5s; futures, £271 15s. Lead, spot, £34 15s; futures £36 10s. Zinc, spot, £42 10s; futures £43 15s.

## CHICAGO CORN

CHICAGO, July 13. — Favorable conditions for the rapid growth of corn more than counterbalanced in the corn market today, the bullish effect of black rust.

Corn closed unsettled, ¾ to 2¾ cents net lower, with September 156 to 156¼, and December 141⅝ to 141¾.

Oats finished 1⅜ to 1½ to 2⅜ cents down and provisions off 37 to 67 cents.

## DOMINION LIVESTOCK

TORONTO, July 13.—Cattle, receipts 281. Market very quiet, with all classes holding steady. Good beef cattle purchased by packing plants and light and unfinished classes held over until Wednesday's market. Top sales $11.00; heavies, steers averaging 1240 pounds, sold at 17 cents. Good steers sold from 13 to 15 cents.

Calf receipts 150. Market slow, good veal $100 stronger, 32 averaging 1906 pounds sold at 18 cents, bulk between 18 and 17 cents.

Sheep receipts 183. Steady. Lambs in good demand 46 lambs averaging 82 pounds, sold at 18 cents.

Hog receipts, 640. Hog market holding steady, due to lack of receipts. Selects sold 20.25; lights 18.25; heavies 19.25, sows 15.25 to 17.25.

WINNIPEG, July 13.—The totals that passed over the scales in the yards yesterday consisted of 416 cattle 573 hogs, and 120 sheep. Disposition of stock from the yards was as follows: Local packers absorbed 44 calves, 108 cattle and 553 hogs, while local butchers accounted for 27 calves, 17 cattle, and 402 hogs.

Shipments to eastern points were made up of 26 butchers and 49 feeders, while western points absorbed only 38 feeders.

Receipts up to 9 a. m., included 318 cattle, and 165 hogs. All classes and grades of cattle were lightly represented on today's market, and in consequence bidding for the limited offerings was keener.

Steers—Choice, $11.50 to $12.50; fair to good, $9.00 to $11.00.

Butcher heifers—Choice, $10.50 to $12.00; fair to good, $7.50 to $10.00.

Butcher cows—Choice, $9.50 to $10.50; fair to good, $7.00 to $9.00; medium, $5.50 to $6.50; canners and cutters, $3.00 to $4.50.

Common sheep—$6.00 to $6.50.

Hogs—Selects, $18.50; heavies, $16.50; lights $17.50; sows, $14.50; stags, $15.50.

## EGG MARKET

OTTAWA, July 13.—Reports of a very firm egg market have been received from all provinces.

In Ontario there is a great demand for supplies, and sales of current receipts are at 33½ f. o. b. country cases returnable. Export demand continues. Toronto firm and unchanged. Specials jobbing 69; extras 59 to 60; firsts 57; seconds 48 to 49.

Winnipeg firmer, trade offering 42 delivered, cases returnable. Current receipts jobbing 47 to 50.

Regina firm, receipts light dealers offering 38 to 41 to country shippers and jobbing quoting 42 to 43 straight.

Alberta situation firm, trade offering country shippers 41 to 45 delivered Receipts light, demand good.

British Columbia firm at 52 to 53 for local fresh, these jobbing 55 to 58, States fresh 53 to 54, and Alberta fresh 48 to 50.

Chicago firm, current firsts 40½ to 41½; storage packed July extras 43 to 43½; firsts 42 to 42½.

New York current extra firsts 49 to 51; firsts 45 to 48.

British cables, (Prices shillings per ten dozen)—Glasgow market improved Irish jobbing 32 to 35; 30 to 33 f. o. b., supply moderate, demand good.

Danish, in limited supply, sixteens 34 eighteens 38 f. o. b.

London prices unchanged English jobbing 34 to 37; Danish 32 to 34, Irish 30 to 32.

# WINNIPEG ELECTS WOMAN MEMBER

## Mrs. Rogers Government Supporter in Manitoba Legislature

WINNIPEG, July 13—Mrs. Edith Rogers, who was one of the successful candidates elected out of a field of 41 to represent Winnipeg, at the recent provincial elections, is the first and only woman elected to the Manitoba legislature. Mrs Rogers is a government supporter. Mrs. Harriet Dick, Independent, made a good run, being out on the thirty-second count.

Mrs. Rogers based her appeal to the electors upon her record of social welfare work in connection with soldier's dependents. Before the war Mrs. Rogers was one of Winnipeg's society leaders, and although always interested in philanthropy, her efforts were mainly directed to membership in several of the women's societies.

With the outbreak of the war she became secretary of the Central Council of the battalion auxiliaries. This work developed in conjunction with the administration of the Patriotic fund, and five years ago Mrs. Rogers opened an office in the board of trade building, which office is still doing business, with Mrs. Rogers continuing in charge.

She has welcomed soldier's brides and families, found them accommodation, looked after them in sickness, advised and befriended them in every way possible. "My interests in the government is mainly in social welfare measures", she declares, "of which my work has shown me the importance."

Mrs. Rogers is the only woman member of the general hospital board. She is a native of Manitoba, having been born at Norway house, where her father, was MacTavish of the Hudson Bay company.

### FIRST CANADIAN WOMAN ON ECUMENICAL CONFERENCE

EDMONTON, July 13—Mrs. Nellie McClung has been appointed a delegate to the great Ecumenical Conference of Methodism in England next year. She is the first Canadian woman so honored.

# FAMOUS MATADOR GORED TO DEATH

## London Correspondent Argues That Bull Has Better Sporting Chance Than Fox

LONDON, July 8.—The hackneyed argument against bull-fights, that the bull has not a sporting chance, is refuted by the death in Madrid of the idolized Joselito, who was gored to death in the eight years of his career, according to a correspondent writing to the London Times on on "The psychology of the bull-ring." He says:

"True that of the 1430 bulls that Joselito disposed of in his brief career as a matador, only seven succeeded in wounding his body, and one taking his life.

"Yet, even if we accept these figures as an average, though they result from the experience of the most skilful bull-dodger that the Spanish ring ever knew, they are amply sufficient to prove that the bull has a sporting chance considerably higher than that of the fox or deer.

### Not Craving for Cruelty

"The opinion seems to be general in England that bull-fights satisfy a craving for cruelty and sanguinary scenes. Nothing is farther from the truth. It is not because bull-fights are sanguinary, but in spite of their being so, that Spaniards like them.

"It is seldom that the foreigner can appreciate a bull-fight as something more complex and dramatic than a picture. Once he has taken in the graceful curve of the ring, the movement, the color, and the merry hubbub of thousands of voices, and the blue sky overhead; once he has seen the despejo, the glistening costumes of the toreros, the quaint ceremony of the throwing of the key; once he has felt the first bull rush out from his dark cell, and suddenly stop, dazzled by the sun, cutting out on the yellow sand its beautiful profile, nothing remains in store for him save monotony, broken now and then by outbursts of disgust. But it is then that the true 'aficionado, begins to enjoy himself.

"He is going to behold a spectacle where men are playing light-footed on the edge of the abyss. There is no forgetting that. A bull is a most dangerous animal, one whose handling requires a cool head and a stout heart. And this is the fundamental fact about bull-fights. They are above all dramas of courage."

An abbot of a monastery is elected for life.

## The Automobile Tourist and Camping

One of the features of present-day summer life on this continent is the automobile camper. No longer is the automobile tourist confined to the wealthy who travel in expensive cars from one luxurious big town hotel to another. In far greater numbers are the automobile tourists who travel with their own cooking and camping equipment, camping each night where they please. Of course, they stop in the towns, buy supplies there and so on, but the automobile camping idea has taken a strong hold and it is resulting in an ever increasing number of automobile tourists.

Every section of the continent which has good road communication is benefiting from this development in the use of automobiles. Construction of the Ymir road would bring hundreds of cars into this district, some to camp, others to spend their nights in the towns.

In this connection there is an interesting account of a trip across the United States by a transcontinental camper who writes in the Rural New Yorker his total expenses for a party of two,including gasoline, oil, repairs, food, etc., were small, "and our car was apparently as good as new when we reached Los Angeles, not even having a puncture." Many towns, he says, provide free camping grounds for tourists, supplying them with water, wood, fireplaces, registration booths, etc. At such places there are frequently 25 or more cars parked each night, and the different groups preparing supper by the blazing fires and rehearsing the day's adventures makes a pleasing sight."

## Public Health Has Definite Money Value

The movement to conserve human life is dictated even by the crudest economic motives. An increase in the average span of life adds to the potential wealth of the country; whatever curtails the life span destroys some of the national wealth, an insurance expert points out. The public health work of the last 50 years, by cutting the death rate from such diseases as malaria, typhoid fever, smallpox, cholera, yellow fever and tuberculosis, and also from accidents, is, in large measure, responsible for the addition of over ten years years to the average lifetime of man. In 1855, the expectation of life of a person in the state of Massachusetts was about 40 years; according to the most recent figures, it is well over 50 years. It is estimated most conservatively that we produce more than we consume each year to the small amount of $100 per capita. The addition of only one year of life per person is, therefore, equivalent to the addition of more than one hundred million dollars to the national wealth of Canada.

That is not all. A man or woman is worth more to his or her country when well than when sick. Illness is an important source of inefficiency and non-production. We lose on the average about seven days each year from sickness, or, about 2 per cent of our working time. In terms of money lost from wages, the figure mounts to not less than $70,000,000 annually. At present wages, the total will reach one hundred million dollars, especially if the cost of medical care, drugs, appliances, etc., is included. A very large part of all this money could be saved by applying more intensely the public health measures which we know do control disease.

The well-directed expenditure of money for the conservation of the public health will bring larger returns in dollars and cents than many another investment, the wisdom of which communities never question.

### TEN YEARS AGO TODAY

(From The Daily News, July 14, 1910.)

The annual Sunday school picnic of the Nelson Methodist church was held at Proctor yesterday. There was an attendance of about 600 guests.

* * *

The water level is still falling. Last night the dater was reported at 9 ft. 6 in.

* * *

Local markets of today give price list as follows: Flour, $2.00 per bag; creamery butter, 35c per lb.; dairy butter, 30c per lb.; eggs, 30c doz.; potatoes, $1.25 per bag.

### TWENTY YEARS AGO TODAY

(From The Tribune, July 14, 1900.)

The ratepayers of Nelson are asked to endorse the issue of $76,000 in debentures, $15,000 for extension of waterworks system, $20,000 for sewer system, and $6000 for the payment of a road-making plant.

* * *

The last shipment of timber for the Balfour extension went forward yesterday.

## BLACK BEARS VISIT SOUTH VANCOUVER

SOUTH VANCOUVER, July 13—The prevalence of black bears is evoking much criticism in this district. One large black bear visited the thickly settled district between Main and Fraser streets at midnight recently. It killed four ducks and badly mauled several pigs. The squealing of the pigs aroused neighbors, whose shouts alarmed the bear. He scrambled out of the pen and ambled away in the darkness. A few days ago a chicken coop was raided in a similar manner by a bear. Local experts in wild animal lore are at a loss to account for these unusual forays.

Bagdad has three motion picture theatres.

### COLD STORAGE

Jimmie has been rather unfortunate lately in the way of minor accidents and his mother has grown quite cautious about his taking chances. One day he came in and wanted to ride his tricycle down to his auntie's house. His mother hesitated before consenting to his request and Jimmy cut in with the comforting assurance, "Maybe there won't be a thing happen, mother, so don't make a worry for yourself till it does.

Life is indefinite—a bundle of contradictions. We men with our ideas, strive to give it a particular shape by melting it into a particular mold—into the definiteness of success. All the world conquerors, from Alexander down to the American millionaires—mold themselves into a sword or mine and thus find that distinct image of themselves which is the source of their sucess—Rabindranath Tagore.

Minnie five years old, lives in the country. One summer she was taken to visit in town, where she was much interested in the electric lights. The first time the faithful kerosene burner was lighted after her return home she looked at it with evident disfavor, then ran to her father with "Papa, let's give our lamps away and get us some gas lights in bottles."

### ABOLISH BILLBOARDS IN TORONTO

At a recent meeting, on the demand of a delegation of citizens, the Toronto city council ordered the immediate removal of a number of unsightly billboards in the west end of the city. The civic fathers expressed themselves as determined to eliminate all such eyesores.

South Africa leads the world in mohair output with Turkey its chief rival.

### TOLD IN RHYME

#### I WONDER?

It chanced while on a leave across the sea
I was made welcome by a few of those
Who opened wide their homes to homeless me.
How warm the welcome was, each soldier knows.

Strangers, at first we felt a tinge of doubt,
(Though more in common through the work in France).
Lest, through our foreign ways we seem to flout
Their country, and offend them by mischance.

Little we need have feared those perfect hosts,
When, doubting lest our country be held light
Through out shortcomings, we made simple boasts
Of her great worth, they did not jeer or slight.

They gave us credit far beyond our due!
Some time I did not comprehend, in sooth,
Till one night after dinner, through a few
Words lightly spoken, did I guess the truth.

"What little we can do for you," said they,
"Is nothing weighed against what you have lost,
Who rose in thousands on that August day
To fight for us, and counted not the cost!"

I answered in surprise "To fight for you?
Your pardon if my speech is rough and clear,
But had it only been to fight for you
I'm sure today would not have seen me here!

For in those days, when yet the war was young,
We had not spoken with you face to face;
The bonds of empire, lightly o'er us flung,
Had not yet drawn us to the trysting place.

Mistake me not, friends, now that we have met,
Our empire bonds are welded doubly strong;
And should you meet with greater trial yet,
At your right hand you'll find us ranged along.

But, when we heard at first that war was near,
We knew that our fate in the balance lay,
For, once Great Britain fell, 'twas very clear
Our day of bondage wasn't far away!

Between Vancouver and the Australian plain,
And from the Transvaal north to Pentland Firth,
The waters roll to part us, but in vain,
We are as one; knows each the others worth.

Union is strength; together we have stood;
One cannot writhe, the others watch unmoved;
Well-knit, our empire, and our courage good,
As to our foes, with shot and steel, we've proved.

Although your house was nearest to the fire,
We dare not stand aloof and watch it blaze,
Or warm us, neutral-wise, to heart's desire,
While our home caught alight before our gaze!

Now, my opinion is of little worth,
But that is how the case appears to me—
A simple soldier, conscious of my dearth
Of knowledge; better let the question be."

One spoke a jest—we passed with laughter light
To other things, but often I have thought,
With greater cause for empire-sway to fight,
Our cause perhaps will be the cause they thought.

A NATIVE SON.

## TOURISTS IN GERMANY PAY EXTORTION PRICES

BERLIN, July 13.—As a result of the steady rise of the German mark, foreigners are discovering that for them Germany is now perhaps the dearest country in Europe. And as the mark strengthens prices continue to rise.

For several months German hotels have been forcing foreigners to pay from 100 to 200 per cent more than natives are charged. Many shops also make a practice of mulcting foreigners, haberdasheries in Berlin charging 60 cents, American, for an ordinary white collar.

Newspapers, learning of the great influx of American tourists to England and France, are beginning to wonder if the extortions of shops and hotels will have the effect of keeping the Americans and other foreigners out of Germany.

## MENNONITES EXODUS NOW IMPROBABLE

WINNIPEG, July 13—Comparitively few Manitoba Mennonites are expected to leave the province this fall, according to R. Fletcher, deputy minister of education, who states that he considers it unlikely that any large number would leave, even if the church ordered an exodus.

He estimated the number of Mennonites in Manitoba at over 20,000 but stated that the total number of the orthodox ugrop, known as the "old colony" would not number over 3,000 in both Manitoba and Saskatchewan. The small group, he said, comprises the ones who would be the most likely to move away.

## HID HIS GOLD IN SOLES OF BOOTS

LONDON, July 12.—A Pole named Pictor Talla, travelling from America to Dantzig was taken ill recently in the Young Men's Christian Association hut, Waterloo road, and removed to an infirmary. He had only two shillings and threepence in English money but hidden in his clothing he had 22 ten dollar gold pieces and paper money to the value of $990. His shoes were found to be very heavy and when they were photographed by the X-ray, twelve large coins presumably $10 gold pieces were found hidden between the leather and the soles of each boot.

The latest and prettiest of all recent crazes among London women is that for wearing butterflies of ninon or Georgette exquisitely colored in the hair, about one's evening frock or on the shoes.

## STATES VISITORS FLOCK TO CANADA

### Record Bookings of Holiday Makers; Parties Will Explore Kootenays

NEW YORK, July 8—(By Canadian Press)—An unprecedented invasion of Canada by American tourists this summer is reported by representatives of Canadian railways here. The records for June show a big increase over previous years and the railway men declare that advance bookings indicate that the rush will continue throughout the summer.

The Canadian west appears to be attracting a very large number of wealthy citizens of the United States, including thousands from New York city, and the opening of the eastern tourists schedules this week brought a big exodus to the Ontario and Quebec resorts.

**Record Rush**

An official in the local office of the Canadian Pacific Railway told the Canadian Press that the office has been beseiged for the past six weeks by prospective tourists seeking information regarding Canadian resorts. "I have never seen anything like it in my railway experience," he said. "Every year we have had a great many inquiries regarding Canada and Canadian summer resorts, but this year has surpassed all previous records. This is particularly true of the western resorts. The Canadian Rockies are the objective of thousands of wealthy Americans and a large proportion of the visitors to the far western Canadian resorts will be from this side of the line."

**To Explore Kootenays**

This official stated that a new feature of the tourist traffic this year appears to be a thirst for adventure on the part of many of the travellers. A large number are planning amateur exploration trips through the Crow's Nest and Kootenay valleys and pack horses will be in great demand. Following the little known trails of the great Canadian range with pack trains has been indulged in chiefly by American writers and artists of the past. This year the idea has spread in some mysterious way and Americans who have never before done anything more strenuous than chip coupons or play golf are off to British Columbia to rough it in the style of the old time prospector.

**Mountaineering**

Inquiries received at the Canadian railway offices here also indicate increased interest in mountain climbing and many New Yorkers are joining the Canadian Alpine Club. Several have announced their intention of trying to reach the top of Mount Assiniboine, the objective of every good Canadian Alpinist, which, however, has been reached by comparatively few.

At the Grand Trunk office here it was stated that the past few days have brought a flood of inquiries regarding the Muskoka Lakes and Algonquin Park. The customery rush of Americans to these summer resorts is being augmented this year by hundreds who, to judge by their inquiries, have never before turned to the Dominion for their summer vacation.

**Quebec Has Other Charms Than Scenery**

One reason for the big rush is declared to be the fact that steamship accommodation to Europe is booked up for practically the entire summer and many Americans, having "seen America first" during the war when international travel was difficult, are bent on seeing some other country now and are naturally turning to Canada. Another theory advanced is that many are attracted to Quebec province by the promise of cooling beverages which are now denied them in their own country.

"That is probably helping to make travelling through Canada popular," said one railway man, "and you can't wonder at it. Whenever I have to make a trip out of New York I always try to arrange it so that I can travel via Montreal myself."

## FRENCH MORROCO HAS PHOSPHATE DEPOSITS

PARIS, July 12.—Discovery of large deposits of phosphate in the Moroccan hinterland, may soon make France the great phosphate producing country of the world.

The Moroccan deposits almost inexhaustible. One hundred miles inland from Casablanca there is a mountain plateau, 40 miles long and storehouse of phosphate.

France already has huge potash deposits in Alsace.

### WOULD NOT PAY HIGH RENT

"I'll not pay it," said Edward J. Burr, of San Jose, Cal., when the landlord raised his rent. And he has not done so. Instead, Burr purchased a second-hand auto truck and built a house of his own on it. And today Burr and his wife, with their cat, dog and parrot, haev a one-room travelling apartment fitted up with a cosy corner, disappearing kitchen sink, wardrobe, disappearing bed, window seat, dining table, china closet an comfortable chairs, as well as an oil stove for cooking.

Burr works during the day, but nightly they drive to a different location.

### CABLE TO SOUTH AMERICA

NEW YORK—The new Western Union $5,000,000 trunk cable, which will establish direct telegraphic communication between the United States and the principal ports on the eastern coast of South America, will be opened early in September. Direct cable communication will be established from New York to Buenos Ayres, 7000 miles.

Messages will be sent in 15 to 20 minutes. The present rate of 85 cents a word will probably be reduced.

The cable will be brought from England, where it is being made, and laid from Miami, Fla., to Barbados. At the same time the Western Telegraph company of London will lay a new cable, 1500 miles long, from Barbados to Maranham, Brazil.

Smyrna fig and raisin crops will be 75 per cent below normal this year.

### CANADA'S PULPWODD AGAIN ESTIMATED

Louis Piche, provincial forester estimates that in Quebec there are 360,000,000 cords of all pulp wood. Of this amount there are 155,000,000 cords of available spruce and balsam which, at the present rate of cutting would give about 52 years' supply.

It is estimated that there are in Ontario 250,000,000 cords of spruce and balsam. Of this it is estimated that at an early date the cut will be 1,500,000 cords, which indicates 67 years' supply. New Brunswick with 36,000,000 cords of spruce and balsam, and an annual cut of 1,250,000 cords, has sufficient for 29 years supply.

Some Paris woman now seem to like the fluffy style of hairdressing, and so gather up their locks to look like a furze bush on the crown of the head, while others roll the locks neatly round the nape of the neck, parting them on the head, and leaving the forehead bare or with a light fringe.

At Palm Beach vivid frocks of organdie are new, featuring bright yellows, pinks and reseda green, but apple green is the newest shade, and it is thought it will be a shade that will meet with considerable success the coming season.

Napoleon introduced conscription in Europe.

The use of APROL adds taste to the tastiest dishes

STAUNCHLY CANADIAN

Harking back a mere trifle of fifty-five years we find ourselves an infant in a tiny store in Montreal. Growing lustily, we have become so big that we now stretch from Halifax to Vancouver, and can reach to any point where the mails go.

It is a matter of pride to us and to our patrons that our whole organization — stores, workshops, factories—is staunchly Canadian.

## HERBS HAVE WONDERFUL MEDICINAL PROPERTIES

In the herbs of the field herbalists say there is a specific for the relief of practically every human disease. The great Creator undoubtedly gave herbs to the world for the relief of suffering, but their wonderful power is all too little recognized.

The eyes of the world have been opened to the medicinal power of herbs by the wonderful work of Wonder Health Restorer. Prepared by a Scotch herbalist as the result of a lifetime of investigation, it has established new standards for the treatment of disease. Containing no alcohol or drug of any kind, the herb juices of which it is made offer relief for disease in many forms. No sufferer from Asthma, Rheumatism, Stomach Trouble, Kidney and Bladder complaints, Nervous diseases, Piles, etc., should despair of relief until they have tried this preparation.

Wonder Health Restorer may be secured locally throughout all British Columbia and the wonderful work it does is creating new friends for it every day. Its action is mild. To the blood it acts as a feeder, restoring its vitality. For the diseases of the organs the herbal properties which are a specific for that particular organ are carried directly by the blood flow. They promptly set up an action which corrects any irregularities, restores the organic fluids to normal strength and puts them in proper working order. The preparation also tones up the entire system.

The full facts concerning Wonder Health Restorer and the signed testimonials of many who have used it are contained in "The Road to Health," a booklet which should be in every home. The remedy and literature may be obtained in Nelson from the Canada Drug & Book Co.

Wonder Health Restorer, despite the wonderful work it does, is low in cost, the Scotch herbalist outlining the formula insisting that the price should be such as would make it possible for even the poorest person to share in its benefits. As ordinarily used the cost of a month's treatment works out at only about 15 cents per day.

### FOR THIN WAISTS AND SLEEVELESS GOWNS

(Toilet Tips)

A safe, certain method for ridding the skin of ugly, hairy growths is as follow: Mix a paste with some powdered delatone and water, apply to hairy surface about 2 minutes, then rub off, wash the skin and the hairs are gone. This is entirely harmless and seldom requires repeating, but to avoid disappointment it is advisable to see that you get genuine delatone. Mix fresh as wanted.

# Kootenay and Boundary

## NELSON WINS EDGEWOOD TENNIS

EDGEWOOD, July 12.—A most enjoyable tennis match was played on Thursday last, between a Nelson team and Edgewood, the result being an easy win for the visiting team, who played a strong game from start to finish. Although the Edgewood team was beaten, they hope to welcome the Nelson team next year. Matches resulted as follows:

Ladies' singles—Nelson won 6-3, 6-2; players, Miss Armstrong, Nelson, and Miss B. Church, Edgewood.

Men's singles—Nelson won, 6-3, 6-1; players, C. W. Appleyard, Nelson, and F. D. Ellis, Edgewood.

Ladies' doubles—Nelson won, 6-3, 6-2; players, Mrs. Benson and Miss Armstrong, Nelson; Miss B. Church and Miss J. Church, Edgewood.

Men's doubles—Nelson won, 6-1, 6-1; players, C. W. Appleyard and H. A. Lowe, Nelson; K. P. Coates and T. W. Sawler, Edgewood

Mixed doubles—Nelson won, 6-3, 8-10, 6-1; players, Mrs. Benson and H. A. Lowe, Nelson; Miss B. Church and F. D. Ellis, Edgewood.

Mixed doubles, (2)—Nelson won, 6-1, 6-1; players, Miss Armstrong and F. Irvine, Nelson; Miss J. Church and K. P. Coates, Edgewood.

## EDGEWOOD ENJOYS ENTERTAINMENTS

EDGEWOOD, July 13.—A picnic and dance took place on July 5 at the dairy ranch in Fire Valley. The place was thronged with visitors and dancing and music kept the party busy in the fine new barn which has recently been erected there.

An accident occurred the other day to J. E. Warner, as he was examining a revolver. A bullet from the weapon broke several bones in his foot and has laid him up for awhile.

Mr. and Mrs. King and family are visiting Col. Harington.

On Thursday, the Women's Auxiliary of St. Agnes church, Edgewood, held their annual sale of work in the Edgewood hall. Afternoon tea and other refreshments were provided. In the evening an excellent entertainment was staged under the management of the Misses Church. The program, which was varied an interesting, was as follows: Pianoforte duet, by Misses Warner and McCleod, encored; Irish jig, a sprightly dance by Miss D. Bobbett and P. Church, in costume; song, "Oh, You Jealous Moon," Dr. Yeld, supported by five maidens in pierrot costumes.

The ordinary lighting was concealed and a stream of light supplied by a large, well placed lamp, with yellow disc, which flooded the stage with charming effect.

Song and Dance, "Dixie Land," by Georgina Warner and five piccaninnies, encored; lullaby, a Mammy song with humming chorus, by Mrs. Boothby, was well received; recitation, "Mammy's Cake," by Miss B. Church, who ably impersonated the different characters involved; comic song, "Let's," by T. W. Sawyer, caused much amusement; song, "Wondrous Moon of Love," Dr. Yeld, and chorus, with mandolin accompaniment, by Miss J. Church; song, "Wild Irish Rose," a character song, prettily rendered by Miss D. Bobbett in costume; dialogue, "Mrs. Skinnywinks and Mrs. Waddledumps," characters taken by Miss B. and J. Church; a screaming farce which brought down the house; song, "Bo-la-bo," by Dr. Yeld, and chorus comprising Misses B. and J. Church, D. Bobbett, McLeod and King, in a fascinating oriental dance; National Anthem.

Mrs. Bimcock provided the accompaniment to the various tiems in an able and sympathetic manner.

Dancing was then indulged in until the early hours, A. Williams acting as master of ceremonies.

The secretary, Miss Murton, reports that the sum of $120 was realized for the W. A. fund.

Great credit and thanks are due the promoters for such an attractive and successful social evening.

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

### TO OVERCOME REDNESS, TAN, FRECKLES, BLOTCHES

If your skin is unduly reddened, tanned or freckled, just dab a little pure mercolized wax on the face and allow it to remain over night. When you wash off the wax in the morning, fine, flaky, almost invisible particles of cuticle come with it. Repeating this daily, the entire outer skin is absorbed, but so gradually and gently, there's not the slightest hurt or inconvenience. Even the stubbornest freckles are affected. The underlying skin which forms the new complexion is so clear, fresh and youthful-looking, you'll marvel at the transformation. It's the only thing known to actually discard an aged, faded, muddy or blotchy complexion. One ounce of mercolized wax, procurable at any drugstore, is sufficient in most cases.

Clear Baby's Skin With Cuticura Soap and Talcum

Soap, Ointment, Talcum, 25c. each. Sold everywhere. Can. Depot: Lymans, Limited, St. Paul St., Montreal.

## TRAIL NOTES

TRAIL, July 13.—David Roy, an old-timer of Trail, left on Saturday for an extended trip to his old home in Scotland. He intends to stop off in Winnipeg, Toronto and Montreal on his way east, and will take in the Olympic try-out games by way of diversion.

A portion of a badly smashed rowboat was observed floating down the Columbia river on Saturday evening.

D. McLean, of the Consolidated office staff, paid a short visit to Rossland on Saturday.

Mr. and Mrs. W. G. Ternan, of Rossland, were visitors to Trail on Friday evening.

Mr. and Mrs. C. B. Smith came down from Rossland for a short visit on Friday.

D. McDonald and a party of friends motored to the mouth of Salmon river on Sunday.

Miss Dockerill and the two children of her brother, Mayor Dockerill, left for a few weeks' vacation at Ferndale Park, Willow Point, on Friday.

Mrs. K. R. Markeson and Mrs. J. B. Gray, with their children, are spending a couple of weeks in Nelson.

J. B. Gray left for Nelson on Saturday evening to spend the weekend with his family.

K. A. Marreson, J. H. Schofield and J. P. Schofield are spending the weekend at Park Siding.

Mr. and Mrs. T. Nelson, of Salmo, were visitors to Trail on Saturday.

Frank Sindell, of the Smelter electrical department, is spending a couple of weeks at the coast.

**Harvest of Driftwood**

The annual harvest of sawlogs and driftwood brought down by the high waters of the Columbia river has been particularly good this year, a number of the active rustlers having secured a year's supply of fuel, which at present prices means quite a saving.

The river is still rising slowly and plenty of wood is coming down.

H. Wright, who has been in the Rossland hospital for the past week with a slight attack of pleurisy, is reported to be improving, and is expected to be around again in a few days.

## KASLO NOTES

KASLO, July 13.—Several out-of-town families have arrived during the past few days to spend the summer in our beautiful lake city. Among these are Mrs. R. V. Maynard and three children from Lethbridge; Mr. and Mrs. Walter Oddy and three children, of Trail; Mrs. J. J. Fingland, with Miss Dorothy and Master Jack, also of Trail; Mrs. F. V. Harrison and three sons, of Cranbrook; and Mrs. Judge Thompson and family of Cranbrook.

There are fresh arrivals every day and Kaslo is fast coming into her own as a summer resting place for those in the smoky and dusty large towns.

Miss Ruth King, of Butte, Mont., is a guest at the Giegerich home on the hill.

Miss Helen Giegerich returned to her home here on Saturday evening's boat. Miss Giegerich has been absent from Kaslo for several months and will be welcomed by her many friends here.

W. F. Gordon returned from Howser on Sunday.

R. H. Graves, the Poplar mining magnate, is spending a few days in town.

Clarence White came down from Gerrad on Sunday and will leave for Riondel Monday morning, having accepted a position in the Blue Bell mine.

C. H. Robinson, of Nelson, was registered at the King George Sunday.

Barney Hodge, of Vancouver, spent the weekend in town.

B. A. Trotter, of Howser, is in town on his way home, after having spent the last six years in the old country and France, serving in the imperial forces during the late war.

S. E. Mills, of Ainsworth, spent the weekend in the city.

J. J. Binns arrived home on Friday evening's boat, and will be in town for several days.

R. Kilpatrick, of Nelson, spent Sunday in town.

## FRUITVALE APPROVES ADDITIONS TO SCHOOL

FRUITVALE, July 13.—A good evening's entertainment was given last Wednesday by the Fruitvale school children in the local public hall. The hall was filled to capacity and the entertainers were much applauded.

On Thursday evening the annual school meeting was held and the following trustees were elected: Mr. E. Cole, F. M. Barrett and Mrs. Charles Mason, with J. Varseveld as auditor. It was decided to try to urge the department to build the additional schoolroom at once. This is much needed, as it is expected the school will open up after the holidays with about 75 pupils.

A substantial advance in teachers' salaries was approved.

A small fire occurred at the residence of Mr. Cass, but was extinguished before much damage was done. The building was insured.

A good shower of rain fell during Sunday night which will be of material benefit to the crops.

Abbey's EFFERVESCENT SALT

Sweetens the Stomach

Rich Fruit Desserts For a Trifle

A package of Jiffy-Jell serves six people in mold form, or twelve if you whip the jell. It is a real-fruit dainty. Each package contains a wealth of fruit-juice essence, condensed and sealed in glass.

No artificial flavor is used in Jiffy-Jell. No saccharine is used. Every housewife who once tries it will always make sure to get it. For this is the only quick gelatine dessert which has these bottled fruit flavors. Your choice of ten flavors—try it.

In Jiffy-Jell you get the delicious fruity flavor and goodness of the fruit itself.

# HASLAM ASKS CITY FOR ITS SURPLUS POWER AT COST FOR BIG PAPER MILL

### Wants Fifteen Hundred to Two Thousand Horse; Will Finance Additional Unit When Needed; If Council Gives Favorable Reply He Will Begin Looking for Supply of Pulpwood; Wants a Location Where Power Already Developed

"I am going to build a paper mill somewhere in the west. I can command, and do command, from my friends and others, the money to put up this paper mill. There is money for this purpose, though there is none for power developments at the present time. Thus, in choice of location, I am restricted to points where there is already developed power. That is why I am now in Nelson, putting a proposition up to your city council."

In this language, spoken yesterday at the Strathcona, J. H. Haslam, the former prairie colonizer, who now specializes in developments, made the first public statement on the proposed paper mill which may be brought to Nelson.

Several months ago, writing from various points, Mr. Haslam instituted inquiries of the city council and the board of trade, regarding pulp possibilities here, and later came here quietly, on more than one visit, and absorbed all the data, government publications and files could give him.

"There are two essential factors to every pulp or paper industry," continued Mr. Haslam. "These are, power, and a supply of the necessary wood. These factors interlock.

"I am asking the city council if I can contract for their surplus power, at a determined rate that will be approximately cost. This surplus I understand at the present time to be 1500 to 2000 horse power. Any part, or all of this, that the city may need later, it may have back, on demand. I will find the money but the city must do the installing.

"If the city should see its way clear to accept this proposition as the basis for a possible contract, I would then go out to look up the supply of timber. The relative scarcity of spruce is one of the unfavorable factors. Broadly speaking, any timber within the area bounded by the two divides can be regarded as tributary to Nelson for purposes of this industry. But the industry would not stand the expense of hauling wood over a divide."

A conference between the city council and Mr. Haslam took place Monday night, at which he outlined his power needs. It was intimated that the council would discuss his proposal at its regular meeting next Monday night, and at that time reach its decision and give its answer.

In consenting to speak of his plans, Mr. Haslam cautioned against an exaggerated view being gained of a proposal that was yet quite indefinite, whatever it might lead to.

Asked if the plant might be termed a million dollar one, he replied that nothing under a million could look at paper. Both mechanical and chemical pulp are in contemplation if the plant should be built, Mr. Haslam controling soda deposits on the prairie.

"You have surplus power beyond what you can use or dispose of," he said. "We need power. It would be an economic crime not to bring your power and your wood—if we get it—together. If we have to develop our own power our mill will not be here, for in that case we have a far better proposition in a different part of the country."

## GARDEN PARTY IS GREAT SUCCESS

KASLO, July 13.—St. Marks Women's Auxiliary held a most enjoyable and successful garden party and social at the home of their president, Mrs. H. Giegerich, on Friday last. The spot is an ideal one for such an affair, and the house and grounds being turned over to the ladies for the afternoon and evening, gave them every opportunity to cater to the many guests who took advantage of the fine day.

The tennis court was occupied during the greater part of the day and refreshments were served during the entire time, lemonade and ice cream being in great demand, with tea and sandwiches running them a close second; fortune telling proved a great attraction; as also did a wonderful "fish pond."

The culinary and candy tables were soon empty of their tempting and dainty wares.

Several young ladies entertained at the piano at various times throughout the afternoon and in the evening the guests were treated to several vocal selections rendered by that ever popular and gifted citizen, H. Treby-Heale. The affair netted the ladies about $140.00.

## YMIR NOTES

YMIR, July 13.—The annual school meeting for the election of trustees was held on Saturday evening in the school house. There was a fairly large attendance of tax-payers present.

The annual report of the trustees showed a balance in the bank of over $1900. It was unanimously agreed the stipend of the teacher be raised from $1000 to $1300 per year.

A. Burgess, a retiring trustee, and secretary, was reelected to those positions for three years, and William Clark was elected for two years in the place of Mrs. Ross, who retires.

The school property is reported to be in very good condition.

**Post Pilloried**

Owing to the G. N. train being 3¼ hours late on Saturday evening, considerable inconvenience and annoyance was caused to the general public owing to no mail being obtainable. A large number of people came into town from outside camps purposely to get their mail, and uncomplimentary comments on public services generally were freely exchanged.

A large party representing Spokane and Pallouse capital has been here the past few days, investigating local mining properties in which they are interested. Dame rumor says that developments are likely to arise out of their visit.

## APPLEDALE NOTES

APPLEDALE, July 13.—Mr. and Mrs. Totera were visiting Mr. and Mrs. Trozzo last week.

Marcel Addor and L. Berthe were visitors at Nelson during the week.

The ladies' progressive association held their monthly meeting at the home of Mrs. Wayna on Wednesday. A full attendance was present and four new members were enrolled, they are planning to have a special affair at the end of the month on their anniversary.

Mrs. Trozzo, Mrs. Clark and Mrs. Best visited Nelson last week.

A special meeting of the settlers was held on Monday in regard to the curtailment of the train service.

At the school meeting on Saturday Mr. Green was elected in place of Mr. Kopecki, retiring.

Mr. and Mrs. Lelen motored to Slocan City on Saturday, accompanied by Mrs. Wynne and Miss A. Wynne.

## WANETA NOTES

WANETA, July 13.—John Stirling was ten days ago the first rancher to reach the Trail market with early potatoes. Since then A. M. Adie has started to market a fine crop, and A. Wray has also been shipping.

Capt. E. A. Floyer, W. A. Duncan and Henry Adie brought out from Trail last week a consignment of powder for land clearing purposes.

J. T. Price, forest ranger, was down on official business Tuesday.

So far there have been no bush fires in the vicinity. R. Binnie, assistant forest ranger, and Geo. Mason, lately appointed fire warden, are patrolling the district.

A number of residents visited Fruitvale on Wednesday to attend the theatrical entertainment and dance.

At the annual public meeting of the Nine Mile Creek school district, A. E. Churches was elected trustee to fill the vacancy caused by M. Hill's term of office having expired. Capt. E. A. Floyer was appointed auditor. Mrs. D. E Wick and A G Lang remain in office as trustees for the ensuing year

R. A. Aldersmith, customs collector, and Mrs. Aldersmith, are spending a holiday at Proctor.

The heavy rain of last night coming after a somewhat prolonged dry spell, will be of great benefit to the ranchers.

# FORCED TO TAKE WILSON'S VIEW

### Harding Says Democratic Nominees Have to Accept League of Nations Issue

MARION, O., July 13.—Senator Harding charged, in a statement tonight, that President Wilson had forced the Democratic presidential and vice-presidential nominees to accept his view that the league of nations should become the campaign issue.

The president's one conclusion, the senator said, is vindication of his foreign policy and he insists upon this issue regardless of costs or consequences.

The statement resulted from an announcement of Franklin D. Roosevelt, the democratic vice-presidential candidate, following his conference yesterday with Gov. Cox, that his campaign would be made chiefly on the league issues.

# FURTHER CHARGES AGAINST HUGHES

### Spencers Allege Additional Thefts by Victoria Newspaperman.

VICTORIA, July 13.—Griffith R. Hughes will come up for hearing before Magistrate Jay in the police court on Friday morning, it was decided when the case was called today.

When Friday was set down as the date for the hearing three other informations were presented against Mr. Hughes. These are in addition to the one of $600.25 on which he was arrested.

All these informations are sworn out by J. A. Spencer. The new ones are that Mr. Hughes "between or about April 30, and June 12, 1920, both dates inclusive, did unlawfully steal the sum of $38,095.86 the property of D. Spencer, Ltd., and two sums of $500 each on November 3 and October 27."

# TOUR COUNTRY UPON TARIFF

### Drayton Expected to Head Commission Supported by Calder and Wigmore

OTTAWA, July 13.—(Canadian Press).—The naming of the Canadian tariff commission which will tour the country and reach its citizens before parliament assembles next winter, my be shortly expected now that Phemier Meighen has announced the personnel of his cabinet.

Sir Henry Drayton, minister of finance will doubtless be the chairman of the commission, while the naming of Hon. J. A. Calder, minister of immigration, is practically certain to represent Western Canada on the commission.

The commission when named will be the third of its kind since 1896. The first was constitued in 1897 under the chairmanship of Hon. W. S. Fielding. It resulted in the tariff revision which principle of a preferential tariff covering goods imported from Great Britain.

The second cabinet inquiry commenced in, 1906 under the chairmanship of Mr. Fielding and led to the bringing down early in 1907 of what was described as the "Three barrelled" tariff because it made provisions for intermediate, general and preferential schedules.

India nraises more than ten million tons of wheat and thirty-four million tons of rice a year.

STOP LOOK and LISTEN

before purchasing a baking powder that may possibly contain injurious ingredients. Many food scientists claim that baking powder containing alum is unsafe for use in food. The mere fact that some brands of baking powder have the words "No Alum" on the label is not sufficient proof that they are what they are represented to be. Our chemists find a good many have "No Alum" on the outside, but large quantities of it inside.

# General News of the City

## ENTERTAINMENT TO COVER THREE DAYS

### Mining Convention Visitors Will Be Royally Taken Care of in Nelson

A program of entertainment including a luncheon, a banquet, a dance, afternoon tea, and auto and launch trips, with perhaps also sport features, was arranged last night for the third international mining convention convening in Nelson next Tuesday night. These features were decided on at a general meeting of all the mining convention committees, held in the board of trade rooms, under the chairmanship of President C. D. Blackwood.

The bulk of the delegates, including those from Seattle, Portland and the coast, are expected to arriye Tuesday night. The Spokane delegation, however, is understood to be coming one day later. Owing to the local service in the Slocan, the mining men and prospectors from the great Kootenay silver district will have to come in on either Monday or Wednesday.

Tuesday evening will be devoted to the informal reception of arriving visitors. It is suggested that, to lend an air of jollity to the occasion, the hotel tearooms put on dances, with orchestras.

The convention sessions open on Wednesday. A board of trade luncheon will be arranged if agreeable to the board of trade, at one of the hotels, for noon. In the afternoon the ladies of the visitors will be taken care of by the local ladies, probably by a launch trip up the Arm; possibly to Ferndale park. In the evening a dance will be given in Eagle hall.

Thursday will conclude the convention sessions. In the afternoon, after adjournment, motor and launch trips will be provided, and in the evening there will be a banquet in Eagle hall, at which provision will be made for 200.

Independent of the convention there will be one or more sport events that day.

On Friday the visitors will disperse, some taking the tour through the Slocan, others the trip to Trail to view the Consolidated smelter, and others choosing possibly other trips.

Mrs. W. O. Rose was suggested to head the ladies entertainment committee.

The reception committee, which will find its activities spread over three days, was given power to add to its numbers, to ensure a fair distribution of work.

Those present at the meeting were President C. B. Blackwood, Secretary-Manager Fred A. Starkey, J. R. Hunter, I. G. Nelson, Harold Lakes, Mr. and Mrs. E. W. Widdowson, Mr. and Mrs. J. A. Gilker and Miss Gilker, and Mr. and Mrs. Harry A. Johnson.

## PROCTOR TO HAVE FLOATING WHARF

### Mr. Green Secures Appropriation of Seven Thousand Dollars for Purpose

R. F. Green, M.P. for Kootenay West, has secured an appropriation for the construction of a new floating wharf at Proctor, this being authorized at the parliamentary session just concluded.

The work will be done by contract and tenders will be called shortly. The amount appropriated is $7,000.

The new wharf will relieve the disability Proctor labors under each year at high water, when the C.P.R. steamers avoid the government wharf, the main part of which is then under water, and make their stops at the railway slip.

## OLD TIMER OF THIS CITY DIES

Allan Whittet, an old timer of Nelson, died at Lethbridge Monday morning. Having come to Nelson from Victoria in 1896, Mr. Whittet resided here for several years. He was a brother of Mrs. H. G. Neelands of this city. The body is being brought to Nelson for interment.

## HOPPERS RUIN MICHIGAN CROPS

TRAVERSE CITY, Mich., July 13.—Grasshoppers, which have been devastating farm crops in this district, invaded Traverse City today. Thousands of the insects swarmed through the streets. Damage to crops has been estimated as high as $1,000,000.

WHEN USING WILSON'S FLY PADS

Best of all Fly Killers 10c per Packet at all Druggists, Grocers and General Stores

## REALTY AGENTS MUST NOW BEHAVE

### Government Agent Cartmel Will License Them But Inspectors Can Revoke

Forms have just been received by John Cartmel, government agent, for use by real estate agents and real estate salesmen in applying for provincial licenses, made obligatory under an act that came into force on July 2. The license fee for an agent is $10 per year, and for a salesman, $2 per year. The licenses now to be issued will be for six months, and the fees will be $5 and $1 respectively.

It is specifically provided by the act that "no person shall act, or offer or undertake to act, as a real estate agent, or real estate salesman, in this province, without first having applied for and obtained a license under the act."

For contravention of this provision, or of any other provision of the act, a minimum fine of $50 and a maximum of $500 is to be imposed.

The act provides for inspectors, who will periodically make examinations, and with whom complaints may be lodged by parties claiming to have been unfairly dealt with. If a case of such unfair dealing is proven, the license will be revoked by the inspector.

This license is a part of the new provincial taxation.

## ESCAPE OF MURDERERS

### No Trace of Fugitives Who Got Away From New Westminster Jail

VANCOUVER, July 13.—Absolutely no trace has been discovered of Van Horst and Mario Montanari, the two murders who escaped from the New Westminster penitentiary on Sunday, opinion locally is they may be hiding on one of the Gulf Islands, or that the escape was so well arranged that a high powered automobile, with overcoats, etc. may have figured in the get away.

## PORTCULLIS WILL FALL TOMORROW

### Registrar Will Receive No Names for Voters List After Closing Hour

Tomorrow afternoon at 5 o'clock Registrar of Voters Ed Ferguson will let the portcullis fall at the government offices, and that will be the end of the receiving of applications for the registration of voters.

After that stage, the court of revision will remain the only hope of any persons then unregistered.

About 2400 names are now posted at the government offices.

A good block of names came in yesterday from the Barkin-Stedman mill on Eagle creek.

"I am confident very few qualified persons in Nelson have failed to register," said Registrar Ferguson yesterday. "If, after all the publicity the subject has received, any remain voteless, it will surely be their own fault."

## ARBITRATOR PAYS QUEENS BAY VISIT

### Locality Typical Fruit Area Outside Influence of the Smelter Smoke

Queen's Bay as a typical clay bench fruit district of the West Kootenay, free from the influence of smelter smoke, was visited yesterday by Judge J. A. Forin, arbitrator between the 52 Columbia river and Salmon valley claimants, and the Consolidated Mining and Smelting company of Canada, and his party of legal lights and experts.

The party, which motored out, included S. G. Blaylock, general manager of the Consolidated; R. C. Crowe, of Trail, and C. F. R. Pincott, of Rossland, the opposing counsel; M. S. Middleton, of Vernon, and W. H. Sleeman, of Annable, horticultural experts; J. Jewell and F. H. Drake, of Columbia Gardens, ranchers; and C. W. Tyler, court reporter.

Today the arbitrator and party will visit the Columbia river benches traversing the ranches at Brilliant, Castlegar, and that area generally.

SUFFERED DAY AND NIGHT

The Tortures of Dyspepsia Relieved By "Fruit-a-tives"

LITTLE BRAS D'OR, C. B.

"I was a terrible sufferer from *Dyspepsia and Constipation* for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, *a friend told me to try "Fruit-a-tives"*. In a week, the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous". ROBERT NEWTON.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

## SNOW FALLS IN BUENOS AYRES

BUENOS AYRES, July 13.—The city of Buenos Ayres, in which most of the houses are without heating accommodation, today experienced its second snowfall in 30 years.

Cotton Mather, who helped to found Yale University, was a firm believer in witchcraft.

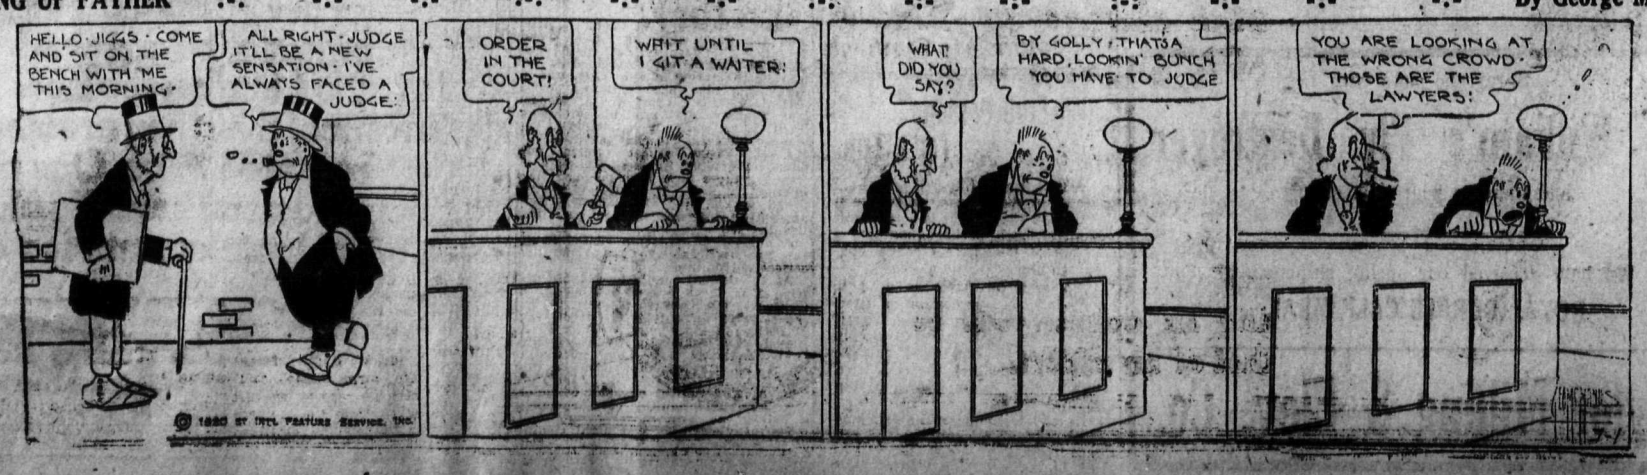
BRINGING UP FATHER — By George McManus



## ENGLISH CRICKET

LONDON, July 13.—(Canadian Associated Press).—The grounds have favored bowlers after the long continued rains, and some remarkable figures have been made in cricket matches.

During the weekend at Nottingham, Notts dismissed Northamptonshire in the first innings, for 38, the lowest score of the season. Barratt took five wickets for 15 runs.

Rhodes for Yorkshire, secured four Derbyshire wickets at Derby for 20, and Robinson five for 20 at Turbridge Wells.

Juppe for Sussex took six Kent wickets for 40, and Wooley of Kent, four Sussex wickets for 22.

Notts, with 179 for six, beat Northamptonshire by an inning and 41, Northamptonshire scoring 38 and 100.

Yorkshire, with 219 for three, including Holmes' 104, defeated Derbyshire 74 and 71, by an inning and 4 runs.

Sussex, 167 and 35 for six, beat Kent by 114 and 87 by four wickets.

The Essex-Lancashire match at Manchester was abandoned owing to rain, and the Warwickshire-Somerset game at Birmingham was drawn.

Rhodes took seven wickets for 24 in Derbyshire's second inning, making 11 for 44 in the match.

## AMERICA CUP RIVALS READY

### Special Rules for Aviators Following Great Race on Thursday

NEW YORK, 13.—The Shamrock IV, challenger for the America's Cup enjoyed a short spin today off Sandy Hook, while the defender Resolute, spent the day at Staten Island drydock, while workers removed tar and oil from her hull.

Tomorrow the two rivals will have a final workout for the international races which begin Thursday.

Aviation rules were issued today for the races, which will be used for the first time since 1903 when Orville right made the first flight in an airplane. Aviators are instructed to "fly at all times in such a manner as to prevent the blast of the propellor from blowing towards either of the contesting yachts."

In a case of a forced landing, In a case of a forced landing, to the rear of the racers.

#### DUNDEE BEATS DOWNEY

BOSTON, July 13.—Johnny Dundee, of New York, was given the decision over Johnny Downey, a south Boston lightweight in their 12 round bout here tonight.

## WEATHER ADDS TO FIRE HAZARD

### Dry Climatic Conditions Add to Danger at Coast and Kootenay Forests

VICTORIA, July 13.—Hot and dry climatic conditions throughout the province have been responsible for the increasing forest fires hazard during the week ending at noon yesterday, when the final telegraphic returns from the various forest districts reached the forest disest districts reached the forest branch of the provincial department of lands.

In only three districts are conditions considered safe, namely in Cariboo, Kamloops and Prince Rupert. In Vancouver district, which includes this Island, the hazard is increasing with the hot weather, although it is anticipated that yesterday's rain in the coast areas will have reduced the immediate danger somewhat.

The report from Nelson indicates a hazardous condition, and similar remarks apply to Prince George and Vernon, at Cranbrook, too, the conditions are becoming increasingly hazardous.

## BYELECTIONS TO BE CONTESTED

### Liberals Will Put Up Candidates Against New Cabinet Ministers

OTTAWA, July 13.—Present information here leads to the expectation at Liberal headquarters that when the necessary by-elections are held, in the Maritime provinces, through the introduction of "new blood" into the cabinet, with the inclusion of Hon. F. B. McCurdy, Hon. R. W. Wigmore and Hon. E. K. Spinney, there will be a Liberal candidate named to contest every seat opened.

For the last few weeks the Nova Scotia Liberals have been busy preparing for the provincial campaign so there has been little attention paid to federal possibilities, but prominent Liberals here are of the opinion that there will be a Liberal standard bearer in each of the three ridings of Colchester and Yarmouth, N.S., and St. John, N.B.

During the past few months there has also been great activity among the United Farmers of the Maritime provinces and it is being prophesied that there will be one or more three-cornered fights.

## RUST REPORTED IN MINNESOTA

ST. PAUL, July 13.—Black rust has appeared in certain sections of the North west but so far no serious damage has been done, according to E. G. Quanne president of the Federal bank of St. Paul.

Most of the black rust talk has been put out by speculators, Quanne added.

Professor Andrew Ross, of the Minnesota state farm school said: "Some very serious reports of rust have been received from the southern part of the state" but he explained that even in the best years, rust is present in the whole crop.

The fate of the wheat crop depends largely on the weather during the next two weeks. Cool dry weather would halt the rust, while hot, murky weather would increase its menace, agriculturists declare.

## CONFERENCE OF EMPIRE PRESS

### Colonial Secretary Says Big Reconstruction Problems Will Be Dealt With

LONDON, July 13.—(Canadian Associated Press.)—Col. Amery, under secretary of state for the colonies, speaking at a luncheon given by Lord Burnham to the council of the Empire press union, said the forthcoming press conference at Ottawa would devote itself to big problems of reconstruction and development. These would be largely worked out in the Dominion.

Accordingly it was fortunate that the convention should be held in Ottawa.

#### BARBERS WIN STRIKE

MONTREAL, July 1.—The barbers' strike in Montreal ended today in a victory for the men, who demanded $25 a week and 50 per cent of all money earned over $35 a week.

The United States gets one-third of its paper pulp from Canada.

## FAVOR CONTINUANCE OF WHEAT BOARD

WINNIPEG, July 31.—The Canadian council of agriculture today again on record as favoring the control of wheat through the existing board.

The whole of the session this afternoon was devoted to this question, but further than that the council was in favor of the Canadian Wheat Board being continued no satement was made.

The meeting adjourned at 5:30 this afternon, to re-convene tomorrow morning when further discussion will take place on the marketing and control of wheat.

Another topic that is expected to be discussed at the council's session tomorrow, is political action and organization of the farmers for the next federal election.

## SOVIET WORKMEN BEGIN DISORDERS

WASHINGTON, July 13.—Economic disorders begun July 1 by Soviet workmen in the two largest industrial plants at Petrograd, are being continued according to advices received today by the department of state.

The Soviet workmen demand a larger food supply, a longer lunch time, elimination of commissiary management of the factories, and controlu of the factories by workmen.

The great fire of London in 1665 destroyed 13,200 houses.

# A hand-picked man to pick your tires

**Dominion Tire dealers are, so to speak, hand-picked men. Not every dealer can secure the privilege of selling these tires. The motorist is considered first—and "Dominion" Tire dealers must be of the type to give motorists the service they have a right to expect—just as**

*The Big Six—*
'Royal Cord'
'Nobby'
'Chain'
'Dominion'
'Grooved'
'Plain'

# Dominion Tires are Good tires

**and always give a satisfactory, efficient and economical service.**

**If you have any tire problems bothering you, put them square up to the "Dominion" Tire dealer. He will answer and his opinion will be that of an expert.**
