FARMERS DECLINE ALLIANCE

Fear to Lose Identity if Merged With Norris Government.

DO NOT DESIRE TO ENCOMPASS DEFEAT

Desire to Retain Position of Absolute Independence; Main Position Unchanged.

WINNIPEG, Dec. 22.—A committee of the Independent Farmers' party in the provincial legislature finally met Premier Norris this evening with regard to their course of action in the coming session of the Manitoba legislature. It had been anticipated that a working arrangement would be made, or a sort of fusion of the government with the Farmer party, but the leader of the Farmers, William Robson, presented to the premier the following resolution, which was passed at a meeting this afternoon:

"The Independent Farmer party, convened for the purpose of considering an invitation made them by Premier Norris to join in a conference with his government to see if both parties could agree on a policy of joint action. The Independent Farmer group met and deliberated, deciding that while not opposing the Norris government on general principles, it was considered advisable, in order to preserve the identity of the Independent Farmer party, that they decline the suggestion of an alliance made. A further reason being their desire to retain the position of absolute independence."

Premier Norris, in a statement given out tonight, says the committee speaking for themselves as individuals, assured the government that they had no desire to encompass their defeat, but could take no other postion than that outlined in the resolution. The premier added that he had suggested no merger, but merely a working arrangement to enable the provincial government to carry on during the session.

The main position, however, is left much as it was after the elections, and the Norris government will carry on with some obstacles any way.

BEAT CASHIER: ROB BANK

FLINT, Mich, Dec. 22.—Four men, shortly after noon today, held up the cashier of the Clio state bank at Clio, north of here, beat him into insensibility and escaped with currency estimated at $12,000.

DISCOURAGES STUNT FLYING

Civilians May Not Play Tricks in the Air; May be Prosecuted.

OTTAWA, Dec. 22.—(Canadian Press)—Stunting in civilian flying is being checked by an amendment to the Air Regulations, 1920. The superintendent of the certificates branch of the air board, in a report, stated that accidents had occurred in the course of civilian flying due to machines being stunted with passengers, at, or without their special request.

"There is no purpose in stunting in civil flying," says the report, "and its prohibition would be beneficial not only for the purpose of preventing accidents, but also for the purpose of inducing a realization that flying does not involve or require the taking of risks."

An order-in-council has been passed providing for the following amendments to the air regulations:

A—No pilot of any flying machine shall, unless he is alone therein, or has the written permission of his passenger, permit or cause such flying machine to spin, roll, loop, or execute any other evolution involving unnecessary risks.

B—It shall be a defense to any prosecution under Section Four, subsection 2, of the Aair Board act, for a breach of the foregoing regulations, if the pilot establishes that a dangerous evolution was performed without intention on his part and not withstanding the exercise by him of reasonable care.

JUSTICE IS SPEEDY

NEW YORK, Dec. 22.—In what was said to have been the fastest enforcement of justice on record in New York state, Vincent Parascandela today was sentenced in Brooklyn to 10 to 20 years at Sing Sing in connection with a hold-up of jewelers' messengers last Saturday.

He was indicted Monday and given 48 hours to prepare for trial. This morning he pleaded guilty and waived further proceedings.

Sweden to Arrange International Ice Hockey Championship

STOCKHOLM, Dec. 22.—Sweden has accepted an invitation from the International Ice Hockey league to arrange a tournament for the world's championship and European championship at Stockholm in February. It is said that the Swedish organization has the promise of participation by teams from Canada and the United States.

ALLIES REVISE CONDITIONS OF REPARATIONS

France's Share of Coal Decreases as Devastated Mines Are Restored.

PARIS, Dec. 22.—A new coal agreement between Germany and the allies, to follow the Spa agreement which terminates the end of January, has virtually been finished by the reparations commission and already has received the approval of most of the countries concerned. Under the new agreement, Germany must provide a minimum of two million tons monthly without any special compensation as is the case with the Spa agreement.

France's share of this amount which heretofore has been almost three-fourths, will be somewhat less, her share decreasing as the devastated mines of France are restored. The production from the French mines wrecked has been increased by almost 100,000 tons monthly.

The discussions of the reparations commission revealed it to be the opinion of the allied coal experts that the coal shortage crisis of Europe definitely had passed, due partly to the increase of production in Great Britain, France and Germany, and also to the industrial depression which has permitted the majority of European countries to conserve large stocks which will be available later.

German production of coal is increasing so steadily, according to the experts, that it can easily furnish the allies large quantities, the only difficulties being those of transportation.

Propose Reducing Hours as General Policy to Alleviate Unemployment

WINNIPEG, Dec. 22.—Reduction of weekly working hours, in place of reducing staffs by laying off numbers of men, and thus increasing volume of unemployment, is advocated by the joint council of industry as a policy that should be followed by all local employers, Dr. C. W. Gordon, chairman of the council, announced today. Several industrial firms in the city have already adopted this principle.

TIE VOTE NEARLY UNSEATS CABINET

Confidence Restored in the French Chamber by Accepting Modification.

PARIS, Dec. 22.—The chamber of deputies this afternoon, after an agitated debate in which the cabinet was sharply assailed, approved the first part of a resolution accepted by the cabinet, but failed to approve the second clause by a tie vote, 279 voting each way. This ordinarily means the fall of the cabinet. Some of the deputies held that the cabinet had been beaten, while others said they were ready to accept the clause in amended form. Premier Leygues finally accepted the modified form, whereupon the chamber voted confidence in the ministry, 470 to 266.

SURRENDER FOR DEPORTATION

Communists Captured in the States Will be Sent Back to Russia.

NEW YORK, Dec. 22.—Twenty-three Communists surrendered themselves at Ellis Island today for deportation to Russia. They will depart on the steamer Imperator scheduled to sail tomorrow. All were captured in raids last winter, but were released on bail because at that time, no transportation line was open to Russia.

All of them appeared in smartly cut clothes, in some instances, fur coats and bearing leather bags.

Some of the departing Communists leave wives and children behind. There was much weeping as they took leave of their families.

LYNCH PUTS UP AGGRESSIVE FIGHT; WINS BANTAMWEIGHT CHAMPIONSHIP

MADISON SQUARE GARDENS, NEW YORK, Dec. 22.—Joe Lynch, the little fighter from the West Side of Manhattan Island, who jumped into prominence about three years ago, won the bantamweight championship of the world from Pete Herman of New Orleans, in a 15-round battle at the Madison Square Gardens tonight. The men weighed in under 118 pounds as called for in the articles of agreement, at two o'clock this afternoon, but the official weights, announced bp the state boxing commission, when the men entered the ring tonight, were 116 pounds.

Lynch looked the much more drawn of the two men when the bout began, while Herman was in the beter condition so far as looks went. Herman was an odds on favorite in what betting was indulged in, three to two being freely offered that he would retain his title.

The ex-champion is matched to meet Jimmy Wilde, the little paperweight boxer and English champion, in a 20-round bout in London on January 24. So far as could be learned tonight, Herman's defeat will not alter his plans in any way and he intends to sail and fulfill his English engagement

Attracts Record Crowd

While the Dempsey-Brennan bout brought an enormous crowd to the garden last week, the interest shown by the fans in the bantamweight championship fight tonight gathered the biggest crowd the structure ever held The house was sold out early this afternoon and even speculators were unable to meet the demands of late comers. Both Herman and Lynch were weighed in under the stipulated 118 pounds at two o'clock this afternoon. Neither showed any ill effects from strenuous training and each expressed confidence as to the outcome.

Round 1.—They began with light sparring. Lynch landed left to the head. At close quarters Herman sent both hands in rapid succession to the body. Lynch jabbed left to the face and hoked his right to the head. Herman swung right and left to head. Both boys were nervous and were just feeling each other out. They exchanged light body blows and just before the bell the champion landed lefts and rights in rapid succession, three times to the body. There was no damage done and the round was pretty even.

Round 2.—After a fair exchange of body blows Lynch landed a hard right hook to the head. He landed another hard right and missed a left for the body. They exchanged lefts to the face. Lynch tried long left jabs for the body without damage and they fell into a clinch. Lynch jabbed left to the nose and the bell found them in a rally at close quarters, both playing for the body mostly. Lynch's round.

Herman Finds Ropes

Round 3—Herman landed a hard left on the jaw. After some infighting Herman sent his right to the back of the neck and Lynch crossed his right hard to the jaw sending Herman to the ropes. When they came to the center of the ring Lynch drove his right twice to the body and swung his right to the ribs and again to the head. Herman clinched and Lynch sent a short right to the head before the bell. Lynch's round.

Round 8.—Lynch popped a hard twice to the head and Herman was forced to clinch. After the break Lynch shot his right to the head again. Lynch jabed lefts to face and hooked his right twice to the head. Herman was cautioned for holding. Lynch swung his right high on the head and drove hard right to the body. The round was Lynch's by a large margin.

Round 5—Lynch planted two hard lefts on the head, the second staggering Herman. Herman fell short for the body, Lynch landing left and right to the head. Lynch hooked his right to the ear. Lynch forced his man all over the ring and had all the honors of the round, during

OPPOSITION PRESS SCORES INADEQUACY OF PREMIER'S UNEMPLOYMENT POLICY

LONDON, Dec. 22.—The government is subjected to much criticism at the hands of the opposition press on the inadequacy of its unemployment plans. Lloyd-George's suggestion that emigration is the only real remedy is seized upon by the Westminster Gazette, which asks:

"Did ever a premier confess so frankly the bankruptcy of his statesmanship?"

The Labor leaders declare that the fifteen shillings which the unemployed will now be qualified to receive under the government unemployed insurance act, is totally insufficient considering the high cost of living. Additions to the idle ranks are announced daily owing to trade depression. The Belfast spinning mills and factories closed down today, 80,000 persons being affected.

Receiving a deputation today of representatives of the municipalities of towns, including London, Cardiff, Leicester, and Nottingham, who urged the grant of liberal financial assistance to the local authorities to alleviate unemployment, Lloyd-George regretted that it was impossible for the government to accede to their demand for assistance to the extent of 75 per cent of the cost of undertakings of this character. He could not ask the overburdened tax payers for such a sacrifice.

SIXTY YEARS AN ACTOR

AMSTERDAM, Dec. 22.—Louis Bouwmeester, 76 years old, a Dutch actor of Shakespearian roles, has just been decorated by the Queen of Holland. The honor was bestowed at the celebration of his 60th anniversary as an actor.

Political Circles Name Gauthier for Meighen's Cabinet

QUEBEC, Dec. 22.—In well-informed political circles here the report is current that J. L. Gauthier, M. P., for St. Hyacinthe, will be sworn in tomorrow as a member of the Meighen cabinet.

LEGIONAIRES ESCAPE IN A COAL VESSEL

Destroyer Holds up D'Annunzio's Forces at Veglia; Raid Dalmatia.

ROME, Dec. 22.—The Italian torpedo boat destroyer Zeffir has held the force of Gabriele d'Annunzio, occupying Veglia, says the Stefani agency. The legionaires who landed at Castelvenir, marched to Zara, but on the way left their commanding officer and six men and two machine guns in the hands of the regular troops. The legionaires already in Zara made their escape in a collier. Other raids on military positions have been carried out in Dalmatia.

CHARGE FALLEN BANK CRUSADER

Farrows Presents a Woeful Spectacle in Police Court; Remanded on Bail.

LONDON, Dec. 22.—Thomas Farrows, head of one of the biggest banks in the United Kingdom for people of small means, this morning was brought into police court on a charge connected with the failure of his institution, Monday, which spelled ruin to thousands of poor people just before Christmas. The man, who at one time was hailed as a national figure for his notable crusade against usurers, was charged with having been concerned with William Walter Crotch, banker, and Frederick Harb, accountant, in issuing a false report and balance sheet last June with the intent to induce people to advance money to Farrows' bank.

He was remanded for three weeks, bail being fixed at £14,000, with additional sureties of £14,000. The banker presented a woeful spectacle after several days' illness.

Sentence "Master Mind" in San Francisco Case of Liquor Conspiracy

SAN FRANCISCO, Dec. 22.—Harry Brolaski, a broker, was sentenced here today to two year's imprisonment and a fine of $10,000, and his co-defendant, Douglas Newton, to two years and the payment of a $3,000 fine, following their conviction here on a charge of conspiring to violate the federal prohibition enforcement act. Brolaski had been termed by federal officers "the master mind" of a widespred liquor conspiracy.

PLAN PARADE ON CHRISTMAS EVE

Vancouver Unemployed Vote Down the Ban on Immigrants.

VANCOUVER, Dec. 22.—A parade through the principal streets of the city the day before Christmas was decided upon this afternoon at a mass meeting of unemployed. Immediately members of the crowd were opposed to the plan, and there were shouts of "remember what happened in Winnipeg," but the motion carried.

A resolution urging the federal authorities to discourage any attempt to send unemployed of Great Britain to Canada was overwhelmingly voted down.

"Let them come," shouted some one, "the more the merrier."

Mistaking the Cases, Bootleggers Filch Lye from Train, Not Whiskey

ST. CATHERINES, Ont., Dec. 22.—Eight cases of lye were the only articles missing today from a car broken open on the M. C. R. tracks at Welland last night, numerous other articles, including a quantity of liquor, being untouched. Trainmen say the lye and whisky cases are similar in appearance.

NIGHBOR SIGNS ON FOR OTTAWA

OTTAWA, Dec. 22.—Frank Nighbor signed up with the Ottawa hockey club today. The senators now have under contract the 11 men who constituted last year's championship team.

GREAT BRITAIN CONSIDERS NECESSITY FOR MARTIAL LAW THROUGHOUT IRELAND

Peace Negotiations Not Broken Off; Archbishop Consults Premier; Obtains Outline of Government's Truce Terms for Republican Army and Conditions for Sinn Fein Settlement; Military Occupy Dublin City Hall; Reinstate Railwaymen Under Pledge.

MONTREAL, Dec. 22.—Tonight the Montreal Star publishes the following under date of London:

"Great Britain is considering instituting martial law all over Ireland, Sir Hamar Greenwood told the house of commons today."

DUBLIN, Dec. 22.—There is no truth in the rumors that peace negotiations have been broken off, the Associated Press is authoritatively informed. There has been only a hitch in the peace discussions and the belief is expressed that the negotiations will soon be resumed with good prospects of success.

It is reported that Archbishop Clune has returned to London for further consultations with the British prime minister. The archbishop, upon his previous trip to London, is said to have obtained from the premier an outline of the terms on which the government is ready to arrange a truce with the republican army and some idea of the conditions the government is prepared to grant the Sinn Fein for a settlement of the question of independence.

DUBLIN, Dec. 22.—Military forces today occupied the city hall and municipal buildings in accordance with the demand on Monday of General Boyd, commander of the Dublin district, who sent a notice to the Dublin corporation requesting possession of the buildings by today.

A large portion of public service will be disorganized, as no officer has been secured.

Sentries were posted and the erection of defenses carried out early this morning. When the city officials arrived, only the town clerk, his assistant and two employes in his department were allowed to enter.

DUBLIN, Dec. 22.—The imperial government, as an outcome of the negotiations instituted by J. H. Thomas, general secretary of the National Union of Railwaymen, has agreed to the reinstatement of the railroad workers in Ireland who went on strike over the question of carrying munitions. The government has accepted the pledge that there will be no further trouble and it is expected that normal service will be restored promptly.

Mr. Thomas said that the government had acted handsomely and that the attitude of the Irish people contributed towards the settlement.

Will Not Arrest De Valera

LONDON, Dec. 22.—The Central News, in a dispatch from Dublin, says that should Eamonn De Valera, president of the Irish republic, arrive in Ireland, no attempt would be made to arrest him. This statement was attributed to officials in Dublin.

The dispatch adds that conversation regarding peace in Ireland continues and that new developments in the situation are expected.

Issue Passport to Peter MacSwiney

LONDON, Dec. 22.—It became known here today that a United States passport had been delivered in Ireland to Peter J. MacSwiney, brother of the late lord mayor of Cork, and that he obtained it without explaining to the authorities how he got to England without one. Although the state department at Washington denied this information, it is reported that the department, through an error, issued the document without it. Immediately after the United States consulate at Queenstown delivered the passport, the secret service men lost sight of MacSwiney and it is believed he may be en route to the United States.

WASHINGTON, Dec. 22.—Daniel J. Broderick, of Chicago, a former member of the United States navy and who also served in the army, bitterly attacked the Black and Tans in Ireland, in testifying today before the committee of one hundred investigating the Irish question here. Another witness today was Miss Susan Walsh, who described the killing of her brother-in-law, the late lord may, MacCurtain, of Cork. Her sister, Annia Walsh, declared that boy scouts had been killed by Black and Tans, and firemen, attempting to suppress conflagrations, had been fired upon by the military.

IMPERIAL VETERANS ARRIVE DESTITUTE, DEPENDENT UPON CANADIAN COMRADES

CALGARY, Dec. 22.—Shipped out to Canada at the beginning or in the depth of winter, with barely enough money to carry them to their destination, a considerable number of former soldiers of the Imperial army have found themselves destitute in Alberta during the past few months, and have become dependent for a livelihood upon the helping hand given them by their Canadian comrades of the G. W. V. A., and similar organizations, and upon the Red Cross, according to S. G. Petty, secretary of the Calgary branch of the G. W. V. A. Since the fall about 100 of these ex-soldiers have called at the G. W. V. A. club, where an average of three or four a day are now being reported.

Minister Gives Address.

OTTAWA, Dec. 22.—(Canadian Press)—Senator Gideon Robertson, minister of labor, will attend the annual convention of the American Association on Labor Legislation, which takes place in New York, Dec. 29.

The minister will deliver an address on Canada's program for dealing with unemployment.

Militia Retains Men

OTTAWA, Dec. 22.—(Canadian Press)—In view of the unemployment situation, the militia department has decided not to discharge the last remaining members of the Canadian expeditionary force which are still on duty at headquarters and in the military districts. A small number of these men are engaged in clerical work at Ottawa and throughout the Dominion, but they were to have been released at the end of the year. Militia counsel, however, has decided that their service shall be retained at any rate for the winter.

Disagrees With Lloyd George.

CALGARY, Dec. 22.—"I do not think Mr. Lloyd George can have been correctly reported," was the comment of Sir James Lougheed, minister of the interior today, on the dispatch announcing that the British premier had prescribed immigration within the empire as the only solution of the British unemployment problem likely to be available until the world is in a more settled condition.

"We have our unemployed problem, as well as Britain, and we are adopting certain drastic restrictions on immigration, our policy being to do nothing that will make industrial and labor conditions worse in this country," said the minister.

"Immigration of British unemployed at the present time would not be a remedy for unemployment in Britain, but would aggravate it here," added Sir James.

Would Put a Stop to Trade in Babies at Salt Lake City

SALT LAKE CITY, Utah, Dec. 22.—Declaring that hundreds of babies are being literally sold in Salt Lake City every year, Judge Hugo Anderson, of the local juvenile court, in his report to the governor, recommends that legislation be introduced to prevent the continuance of the traffic. He condemns the adoption proceedings as at present carried out in the courts, stating that they are handled informally and decrees entered as a matter of course, the courts having no means whereby to make investigations.

FIRST SYMPTOMS OF INFLUENZA

Disease Usually Starts Off Just Like a Cold in the Head.

Don't neglect a cold in the head however slight. It may be the forerunner of influenza. The first symptoms are almost identical—feverish condition—muscular pains, especially in back—soreness of throat—feeling of general depression.

As soon as these symptoms appear start taking Grip-Fix, which you can get at any drug store. It contains in capsule form just what your doctor might prescribe. In a single night it does the work with a cold and in 24 hours will even break up a grippe attack.

Grip-Fix contains no injurious drugs. It keeps the system open, relieves the soreness of muscles, allays the feverish condition. It is the ideal home preparation for colds.

THE "FLU" Dare Not Return

The "Flu" will certainly get a warm reception this winter if it dares show its ugly head in our peaceful midst, for the people are confident now that they can deal it such a smashing blow it will never survive. In every village, town and city in Canada, families are fortifying themselves with the greatest "Flu" ammunition known to science—Buckley's Bronchitis Mixture. Colds, coughs, etc.—the advance guards of Flu—are met with withering fire, and relief from these troubles is sure every time. One hundred thousand Canadians are only too willing to testify to the great healing power this remedy contains. It has conquered coughs of 35 years' standing. It cannot fail to do for you what it has done for others. You have everything to gain and nothing to lose, as it is sold under a money-back guarantee to banish coughs, colds, bronchitis, bronchial asthma and prevent you from getting the "Flu." It is not a syrup, but a scientific mixture, 20 times stronger than any other cough cure. One dose gives instant relief. Price, 75 cents. Take no substitute. None genuine without my signature. BORDER BOOTLEGGER GETS JAIL SENTENCE

GRAND FORKS, Dec. 22.—Found guilty on a charge of robbery with violence, Clarence Powell, of Ronan, Montana, was sentenced by Judge Brown to 23 months in Nelson jail.

The crime was committed on the night of Dec. 10, when Powell and another stranger visited the farm house of Fred Petersen, of Carson, a few hundred yards from the American border, and attempted to carry off a quantity of liquor, using a gun and severely beating Petersen about the head when he put up a fight to save the 70 odd cases of liquor in his house. His assailants got away with four cases when scared off by the arrival of a friend of Petersen's.

Robbery of booze cellars on this side of the line has been rather a successful industry for American bootleggers lately, but this is the first occasion in which violence was used and the police called. The crime carries with it penalty of life imprisonment but apparently the clear record of Powell obtained for him a lighter sentence.

TRAMWAY TRAFFIC TO SET RECORD

Passengers Carried Will Run Close to Three-sevenths of a Million This Year.

Passengers carried by the Nelson street railway during 1920 will exceed two-fifths of a million by a considerable margin, and may attain the three-sevenths of a million mark.

During the first 11 months of the year 395,619 passengers were carried, an average of 35,965 per month. The November traffic figure was 32,951 passengers.

Total receipts for the period were $18,541.75, against ordinary operating expenses of $15,451.17, the net earnings to be applied to interest and sinking fund being $3,090.58. This leaves $3,535.82 of the interest and sinking fund to be met out of the city's general fund.

Expenditures in detail for the 11 months were as follows:

Conductors	$4,227.95
Motormen	4,295.58
Car barn	723.31
Supplies	181.87
Car repairs	727.58
Track repairs	2,004.93
Substation wages	840.00
Telephone	72.60
Insurance	168.15
Buildings	40.00
Foreman	1,565.00
Stationery	486.55
Merry-go-round	117.65

The Union Jack, in its present form, dates only from 1801, while the French tricolor was adopted in 1794.

PLAN BIG DOINGS IN HOCKEY HERE

Seniors Organize, Appoint Delegates to Attend Meet of West Kootenay League.

If there is not some of the hockey that scintillates in Kootenay this winter, it will not be the fault of the Nelson Hockey club which at an enthusiastic meeting at the Hume hotel last night got down to business and prepared to put a team on the ice that should do stunts till further orders. As the West Kootenay Hockey league is figuring on a league this year that will be some league, and as some of the towns, including Nelson, have some imported dark horses lined up, there is no question about the brand of hockey that may be expected.

Strong Executive

A live bunch of the cream of last year's seniors as well as others attended the meeting last night and quickly drew up the organization. Those elected to office were: Honorary president, Dr. W. O. Rose, M. P. P.; president, George Ferguson; vice-president, F. J. Boles; secretary, W. W. Ferguson; treasurer, Ed. Murphy; manager, J. H. Argyle.

A selection committee to pick the teams and submit the lineup to the manager and captain for their approval was appointed, consisting of James Kayton, Jack Miller, and Harry Ferguson.

Three men were delegated to attend the annual meeting of the West Kootenay Hockey league to be held at Trail on a date in the immediate future that has yet to be decided on.

A communication was read by Waldo Ferguson from Claude Reese, secretary for the Trail Hockey club. It proposed that the delegates to the annual meeting of the league should go prepared to discuss six-man hockey, pointing out that the six-man team was in general favor throughout the province among the amater leagues, and suggesting that this was a propitious time for Kootenay to fall in line. It also stated that the meeting would be called with the return to Trail of G. S. Blaylock, the president of the league. George Ferguson, Eddy Murphy, and Waldo Ferguson were delegated to attend the meeting at Trail. They were instructed to endeavor to bring Grand Forks into the league schedule.

To Run Dark Horses

Among several puck-chasers imported from outside points, a famous prairie hockeyist has been added to the ranks of the local lineup and promises to strengthen the local defence. Other men of hockey reputation are to be tried out with the first sheet of ice, which, according to all acounts, may be looked for within a couple of hard frosts. A good bottom has already been made at the rink.

Finance

Among the modes of financing the club this season, suggestions that were favorably received were to hold a dance, and to solicit subscriptions among the business men of the city. A committee is yet to be appointed for the purpose.

RAMSAY REPORTS ON POSSIBLE WORK

Correspondence is in progress between the provincial department of public works, and William Ramsay, district enginerr, on the subject of road work in this district that might be done this winter without loss to the province, as a means of providing employment.

Mr. Ramsay, on his own initiative, wrote the department on the matter, and immediately received wired instructions to make a full report as to possibilities.

It is understood that there is considerable rock work in various sections that could be done about as economically in the winter as in the summer.

VETERANS BODY HIGH IN MISSION

Provincial Secretary Walter Drinnan States Aims Amid Applause.

Declaring that the G.W.V.A. was founded on patriotism, that it constituted a steadying force against movements directed against the constitution, and that returned men ought to rally to it and make it 100 per cent strong, so that it could fulfill its mission of aiding the helpless, ensuring justice for the war-broken, and exalting the ideals of truth and right, Walter Drinnan, secretary-treasurer of the provincial command, evoked applause from the big gathering of members of the Nelson branch, in the hall of the Dugout last night, convened specially to hear him.

One of the big topics of discussion was the unemployment situation, which was treated from many sides. Mr. Drinnan, who was on his way back to the coast from attending the convention of the Alberta command at Medicine Hat, stated that Premier Meighen was seen before returning east, and gave the assurance that the Dominion government would consider the matter sympathetically, and would do what was possible. The sentiments of Premier Oliver, he said, were the same.

Reference was made by the president, Ald. Mrs. W. G. Foster, to the proposals that the city furnish employment in the quarry, and by house construction, and to the recommendations of William Ramsay, district engineer, as to winter road work.

Mr. Drinnan suggested, in connection with the work of the Nelson branch in furnishing relief or assistance from its own funds, that perhaps the returned soldiers commission at the coast might be induced to grant a sum from its funds, for which it could render account by voucher for actual expenditures made.

The branch expressed the opinion that any sums voted by the governments for relief should preferably be expended in providing work rather than handed out in the form of grants.

A large number of other topics were discussed by Mr. Drinnan, at the request of the executive or of individual members, including the open door policy, the status of the B. C. Veterans' Weekly, adjustment of pensions, the depreciation of Imperial pensions through exchange, depreciation of pay overseas through exchange, limitation of immigration at the present time except of immigrants going on the land, and topics connected with the next convention of the provincial command.

A social half-hour, with cakes and coffee, followed a hearty vote of thanks to Mr. Drinnan for his visit and his address.

ELEVEN COUPLES MARRY AT ONCE

NEW YORK, Dec. 22.—(By Canadian Press).—Twenty-two Italians were married a few days ago in one big ceremony at St. Raphael's church, New York, at the end of one day's business at Ellis Island. The eleven brides, all Italians, were met at the clearing house for immigrants by their sweethearts, all of whom are ex-soldiers of the Italian army and now laborers in Pennsylvania. They trooped into the marriage bureau here with Father Moretto, of St. Raphael's society, and brightened a dull day's business in marriage licenses. Within an hour they were married.

A few days previously the same priest had married ten couples under similar circumstances.

Compulsory Voting Not the Solution

The absence of interest in public affairs of a large percentage of the people, as indicated by their failure to exercise their franchise at elections, has long been a subject of discussion. But this discussion has not been productive of any acceptable suggestions for remedying the condition. In Montreal the matter has been seriously taken up by the Charter Commission in connection with municipal voting but nothing has come of it.

The commission, however, according to the Ottawa Journal, came very close to the adoption of the principle of compulsory voting. A resolution to that end has just been defeated by the narrow vote of seven to six. This was after the subject had been discussed at several meetings of the commission. The proposal for compulsory voting as submitted provided that the elector who failed to vote should be required to give his reasons to the president of the electoral board. If he did not give his reasons, or if those he gave were not considered satisfactory, he should be subjected to a fine of from 20 to 60 cents for the first offence and from 60 cents to $4 for the next two offences, while for the fourth offence he should be subject to the maximum fine, his name should be struck off the voters' list for ten years, and he should be debarred for a like period from holding any municipal office or position and from receiving any decoration or marks of honor.

Some other remedy than compulsion must be found for the negligence of so many people to one of the first duties of citizenship. Sustained educative effort is perhaps the only acceptable way of working the desired change. The people must be brought to a greater interest in their own affairs, so that they will feel it a duty to exercise their franchise. The conscript vote, as it might be called, would be of doubtful advantage to a community. The man or woman who does not take sufficient interest in public affairs to vote voluntarily would not likely vote intelligently or honestly if forced to the polls.

SOME READERS' CHRISTMAS ECONOMIES

In some of the letters I received from readers asking for suggestions on what to give their relatives for Christmas; how to give simple home parties at almost no cost, and such matters dealing with the Yuletide season, the following "discoveries" were enclosed along with the permission to print them in my column if I thought them good enough—and I do.

Mrs. F.: "I guess every mother who had to 'count the pennies', finds it hard to collect enough gifts around the Christmas tree to make a good display and make her children feel that they have as good a Christmas as any other child. My children enjoy receiving useful presents as well as toys, especially when these useful things are bright in color, like the following gift which I have made for my little girl:

"I had an old pale-blue shawl which was badly faded and had seen five years of hard wear. I unravelled this shawl, wound it in a skein between two chair-arms tied it securely in four places then dyed it an old rose. I then knitted my little girl a sweater out of this dyed yarn and you never would know it was once an old shawl! I know she will love this Christmas gift as well as the new doll she is going to receive. I believe there are many women who like me, see no possibilities in their old knitted garments. But after this successful experience I shall see possibilities in every knitted garment, no matter how old or what color it is!"

Miss R. U.: "Last year I had heavy hospital expenses and decided that I would have to limit my gifts to a cost of ten cents apiece. So I bought tencent bulbs at a Chinese laundry and wrapped these in white tissue paper, tying each package with red baby-ribbon, and on the outside of each I put a slip of paper bearing the following original verse (which I had typewritten):

"I have asked this bulb to say
All I would this Christmas Day.
As it flowers, sweet and fair,
'Twill to you my message bear."

Mrs. C.: "My sister has a year-old boy baby and I knew the present she would appreciate most from me this Christmas would be a dress for the little fellow. So I sent away for a catalogue of a store that has a fine Infants' Wear Department and copied one of the cutest dresses depicted in its pages. This little dress is of white batiste, perfectly plain, with hemstitched collar and cuffs. I would have cost $5 if I had sent for it. I have made it with some batiste I had on hand and have simply copied the whole thing by eye—using no pattern. And it's so pretty and distinctive. The hand-hemstitching is not hard to do."

Answer to "Doubtful": A gentleman should offer a lady his left arm anywhere except on a sidewalk, as it is more comfortable for the lady to grasp it with her right and, and in this way his right arm is free to protect her if need arises. But on a sidewalk the man should always be on the street-side, no matter which arm this will necessitate his offering the lady.

One simply must have a good-looking tailored dress to look well turned out on any of those day-in-and-day-out occasions when silk gowns are too dressy. The design in the sketch suggests a model suitable for all practical service, and built on the modified redingote lines which have proved so successful for the matron.

This dress may be of tricotine in Friend Navy Blue over black. The original model was shown in gray duvetyn over gray satin. Navy and sand color is of course always a popular combination, suitable as well for the Spring. Fancy silk braid in self-color edges the—shall we say all-the-way-down-collar? Santa Claus Gets Real Busy With the Children of Edgewood

KINNAIRD, Dec. 21.—Santa Claus paid his annual visit to Kinnaird school Saturday and unloaded presents from a fine Christmas tree in the effectively decorated schoolroom. A cancert followed by a dance marked the festive occasion. Kinnaird ladies provided welcome refreshments. To Miss Grace Redpath, the teacher, the success of the evening is due.

SANTA CLAUS PAYS VISIT TO KINNAIRD

EDGEWOOD, Dec. 22.—A memorable and historic even for the Edgewood school children and younger children in the vicinity, took place on Thursday evening when Santa Claus in his usual splendid regalia, arrived in Edgewood for Christmas.

Santa Claus, ably impersonated by Dr. Kelso, was not content until each of the expectant youngsters had been presented with one or more suitable Christmas gifts. The elder girls each received a box of stationery and the elder boys a reliable timekeeper. Boxes of paints, dolls, oranges, nuts and candies delighted the younger ones.

Tea was served for the parents and friends and with the many willing helpers the affair was a great success. Games of all kinds were indulged in until the duts man came and the party broke up.

EDGEWOOD NEWS

EDGEWOOD, Dec. 22.—Miss M. Church left for Victoria on Monday. Miss Phyllis Church is spending the Christmas vacation with her partents, Dr. and Mrs. Church, of Edgewood.

BATTLEFIELDS OF FRANCE

Canada leads the way in providing memorials in France and Belgium of the valor of her soldiers. The Dominion government has acquired title from the Belgian and French governments and from private owners, to the fields of Saint Julien and Passchaendaele and of Observatory Ridge in Belgium, and to Bourlon Wood, to Vimy Ridge and the Cross-roads, to Courcelette Field and the Hospital Woods in France. At all of these spots brave Canadians laid down their lives, and there their dust mingles with a soil which has become forever sacred to their countrymen. Presumably these sites will be maintained for all time, by the Canadian government and people, as memorials of the battles fought, and in some cases as a resting place for the honored dead.—Boston Transcript.

Markets and Finance

MARKET MAKES PARTIAL RALLY

Trails Off Later; Prominent Brokerage House Fails Through Depreciation.

NEW YORK, Dec. 22.—The stock market made partial recovery in the first half of today's session from the sweeping reaction of the previous day, but the uncertain trend later suggested that involuntary liquidation was still a factor to be reckoned with.

Announcement of the failure of a prominent brokerage house actively identified with the expansion of the metal industry caused surprise. The firm's difficulties were primarily ascribed to the calling of loans on depreciated collateral.

Other firms and individuals were reported to be experiencing considerable embarrassment in meeting the demands of their banks, but the general financial situation, in its relation to stocks exchange loans, was declared to be sound.

Dealings fell away somewhat from yesterday's high record, but the number of individual shares traded in was almost as large, embracing a variety of investment issues, many of which were probably liquidated to establish year-end losses.

Shorts were driven to cover by a vigorous rebound in several of the leaders, notably Mexican Petroleum, Reading and United States Steel, railroad issues also retrieving much of the loss of the mid-session. Net losses of 3½ to 6 points were made by Texas Pacific Coal and Iron, United States Rubber and Replogle Steel, the latter at no time making more than a feeble rally from yesterday's descent.

Sales amounted to 1,400,000 shares.

Money and foreign exchange were steady, but exerted no appreciable influence over the stock market. Included in the day's additional gold imports was a consignment of $1,300,000 from Sweden, and a nominal sum from London.

Bonds were again affected by the strain upon stocks, many domestic and foreign issues easing, although some of the liberty groups improved. Total sales, $27,500,000. Old United States bonds were unchanged on call.

MONTREAL LIST

MONTREAL, Dec. 22.—The increase in the trading on the local stock exchange of some 7,000 shares over yesterday, met today with better absorption in spots and, although throughout the list declines were general, many of very substantial proportions, here and there a stock managed to move against the trend.

Among such, Abitibi, Brompton, Laurentide, Breweries, Spanish River and Steamships were prominent, and these issues finished the day at net gains of a fraction to 1½ points.

Among the other issues, Dominion Steel held its ground at 39 to 40, with the close at the latter; Steel of Canada held at 54¾ and Brazilian lost a fraction only.

Winnipeg Railway gained a point and Howard-Smith a small fraction. The remainder finished the day at losses of a fraction to 30 points, the latter going to Price Bros., which sold down to [illegible]. Another inactive stock to scroll a large decline was Ogilvie, down 10 points to 175. The bond list was active and irregular, with prices fractionally higher to fractionally lower. Total sales, Listed 24,743; bonds, $362,850.

EGG MARKET

OTTAWA, Dec. 22.—Receipts of dressed poultry are reported to be light considering the season, particularly turkeys. The egg situation is practically unchanged. In Eastern Canada it would appear that the peak of high price has been reached and unless severe weather curtails production from now on, it is anticipated that prices will gradually work to lower levels.

TORONTO BOARD

TORONTO, Dec. 22.—There was renewed weakness in prices on the Canadian exchange today, but, in spite of that fact, there was better undertone and some signs of a rally late in the afternoon. Local trading list was broad, and included a number of stocks which had not been active for some time. This was especially the case with Car and Foundry and Detroit United, whose registered losses were really an accumulation of changes extending over some weeks.

Brazilian once more asserted itself as market leader. Selling down to 28¾, it closed at 29, with a net loss of ⅜ in transactions of 1,000 shares. Dominion Steel was under heavy pressure and sold down to 39, closing at 40½, with a net loss of 2½. Steel of Canada was also weak, but in a lesser degree, losing only half a point.

Paper stocks had the bulk of the day's trading outside of the issues already mentioned. Brompton was one of the exceptions in showing a rally. It sold up to 45 at the close, with a gain of 1¾ in a turnover of 200 shares. Spanish River had an active day and closed unchanged here at 79¼. Abitibi and Laurentide were weaker, while Wayagamack lost four points, despite the favorable annual report. Atlantic Sugar dropped back to 17, a loss of two points.

The victory bonds failed to show marked strength, there being only one advance, that of the 1937, by ⅛.

WHEAT WEAKENS

CHICAGO, Dec. 22.—Unsettled financial conditions had a bearish effect today on the wheat market. Prices closed nervous at half to 2½ cents net lower with March $1.60¾ to $1.61 and May $1.57¼ to $1.57½.

Corn lost ⅞ to 1½ cents and oats ⅝ to 1¼ cents.

In provisions the outcome was unchanged to 17 cents higher.

MONTREAL PRODUCE

MONTREAL, Dec. 22.—The produce market was quiet today:

Cheese: Finest easterns, 19 to 21 cents.

Butter: Choicest creamery, 53 to 55 cents.

Eggs: Fresh, 72 cents.

Potatoes: Per bag, car lots, $1.60 to $1.70.

NOVEL WAR MEMORIAL

YARMOUTH, Eng., Dec. 22.—The war memorial in Yarmouth Parish church will include a large eight-light window and a vellum scroll with the names of 800 fallen men. The latter will be kept in the ancient revolving reading-desk, said to be the only one in England. On the window a figure of Joan of Arc will typify France.

AGED HOUSEBREAKER

A man of 76, who, said counsel, was more like a man of 25, acknowledged at the London sessions seven previous convictions for house-breaking including four aggregating 30 years' penal servitude. He was Charles Ney, a packer, and when the police had unfolded his life story he pleaded to the court: "Don't sign my death warrant!" Describing Ney as astonishingly youthful in activity, counsel said that when found in the Highbury house he fought the occupier with a table knife, threw a brick and escaped over a wall. Then, to avoid a policeman, he broke into another house, cut a way through the front door, and bolted, but was captured. Sentence was three years' penal servitude.

Some Reasons *for* Newspaper Advertising

¶Newspaper reading is a universal daily habit; news paper advertising therefore reaches each day virtually all who buy.

¶Newspaper advertising is the life-blood of local trade because it touches all consumer sources in every community.

¶Newspaper advertising cuts selling costs because it entails no waste in locality of circulation. Manufacturers and retailers use it to cover markets where it is profitable to do business.

¶Newspaper advertising insures quick, thorough and economical distribution and good will.

¶Newspaper advertising enables retailers to tell where their products may be bought and for how much.

LYNCH PUTS UP AGGRESSIVE FIGHT

(Continued from Page One)

which Herman failed to land a solid blow.

Round 6—Most of Herman's leads were short. Lynch's right enabled him to land long lefts to the face and head. At close quarters Herman planted left and right to the body and then Lynch landed four rights on the head and a left to the body without a return. In the boxing that ensued Herman proved to be the cleverer and had the round by more than a shade.

Round 7—Lynch cut loose with two right swings which Herman blocked. Lynch hooked right to the head. Herman stepped in but Lynch drove him back with left and right to the face. They exchanged body blows and were sparring at the bell. Lynch's round.

Herman Scores

Round 8—Lynch popped a hard left to Herman's nose and ducked safely from a right swing. Lynch jabbed his left twice to the face and stepped inside of Herman's leads. Lynch missed two right hooks for the head and they exchanged body blows. Herman missed several blows but outboxed Lynch to the end of the round. Herman's round.

Round 9—There was a flurry of infighting and then Lynch landed a hard right uppercut to the jaw. The crowd was then shouting for more action. Lynch hoked a hard left to the jaw and at close Herman sent the left and right to the body. Lynch's round.

Round 10.—Lynch jabbed left and swung his right to the head. Herman landed a couple of his fast body blows. In an exchange of lefts, Herman drew blood from Lynch's mouth with a stiff hook. Herman bored in and tried to follow up with another blow to the face, but was short. Lynch missed a right swing and Herman shot a right to the jaw following with right and left to the wind at the bell. Herman's round.

Round 11.—They sparred at long range for half a minute. Herman kept blocking Lynch's left jabs and then began forcing the pace. They exchanged left hooks to the face. Then Herman landed two lefts to the face and a right to the body. Herman was beating Lynch to the punch and had the better of the round.

Lynch Comes Back

Round 12.—Herman's defensive work was excellent, one of Lynch's swings going wild over his head. Lynch hooked left to face and landed a corking right to the jaw, forcing Herman to the ropes where he covered up. Lynch jabbed left to face and hooked right three times to the head while Herman held his left glove. Lynch swung two rights to the head. They were sparring at the bell. Lynch's round.

Round 13.—Lynch came up dancing and sent left and right to the face without return. Lynch swung his right to the ear and then landed another on the jaw. Herman clinched. Lynch hooked his right three times to the head and Herman hooked left to face. Herman kept strictly on the defensive until the bell rang. Lynch's round.

Round 14—Lynch swung his right to the head and then landed a solid left hook on the jaw following with two short rights to the head. Lynch hooked a right to the head and then brought the same glove hard on the ribs. Lynch swung a right to the head missed another and then forced Herman to the ropes in his aggressiveness, landing short right hook to the ear. He kept jabbing his left, the only return from Herman being half arm rights to the ribs. Lynch's round.

Round 15.—They shook hands for the final round and Lynch tapped a light left to the face. They exchanged lefts to the face. Lynch tried to feint Herman into a lead but Herman would not go in. Lynch put left to the wind and a light right to the head. Then he poked a right to the head and brought the glove down to the ribs. Lynch hooked two lefts to the head and they were in a harmless mix-up when the gong ended the bout. Lynch's round.

Lynch wins.

HOCKEY SEASON IS USHERED IN

Seattle Beats Victoria; Senators Defeat Toronto; Tigers Lick Canadiens.

SEATTLE, Dec. 22.—Though Victoria, in their hockey fixture here tonight with Seattle, were able to hold their own with the Mets during the first period, during which each team scored once, the home side pulled well ahead in the second period. During the second twenty minute period Seattle placed the puck twice through the Victoria goal and the Aristocrats were unable to respond. From this time the Mets seemed to have matters pretty much their own way, and in the third period quite outplayed the Aristocrats. In the third period, Seattle scored four goals to Victoria's one and won, 7 to 2.

SEATTLE, Dec. 22.—Score:

First period—Victoria, 1; Seattle, 1.
Second period—Victoria, 0; Seattle, 2
Third period—Victoria, 1; Seattle, 4.
Final—Victoria, 2; Seattle, 7.

Hamilton Tigers Win

HAMILTON, Dec. 22.—Hamilton inaugurated the local professional hockey season here tonight by defeating the Canadiens of Montreal five to nil. The game was a one-sided affair, the Tigers having a decided advantage in every department, except goal. It was here that Vezina proved a saving grace and saved his team from an ignominous defeat. The Canadiens showed a lack of condition and it is really remarkable that they put up such a clever performance despite their handicaps. Newsy Lalonde, the Canadiens' leader, before the game exclaimed that his team was in a pretty bad condition. However, with characteristic gameness he gathered together his team of veterans and tried to make the best of things.

Senators Start Mill

OTTAWA, Dec. 22.—The Ottawa Senators, champions of the world and holders of the Stanley cup, got away to a flying start tonight in the National Hockey league race when they defeated Toronto St. Patricks six to three. After a match that was nip and tuck for the greater part of the distance, the Ottawas showed superior staying powers and breaking the tie of 3-3 shortly before the finish of the second period, they outplayed the Torontos in the third session and sealed up the verdict with two more goals, both of which fell to the ever-reliable stick of Jack Darragh.

Aura Lees Win.

TORONTO, Dec. 22.—Aura Lee, senior hockey team, successfully defended the Sportsmen's patriotic cup in the third and final game tonight, defeating Kitchener, six to five.

The STAPLAND THEATRE

THURSDAY, FRIDAY AND SATURDAY

The best laugh of the year—a riot of a night

MR. and MRS CARTER DE HAVEN

In the Uproariously Funny Screen Comedy de Luxe

"TWIN BEDS"

Adapted from the Great Stage Success by Margaret Mayo and Salisbury Field. A three-hour stage scream put into an hour and a half of Movie Mirth. And all the laughs are doubled.

"A Flirt There Was" Christie Comedy — "Pirate Gold"

Adults ..... 35c — Children 15c

Each of the hands of the Japanese idol Daibouth is full of hands.

Jasper, because of its hardness and susceptibility of taking a high polish, is much used for ornamentation.

EVERYONE SAYS

We have lovely things. We invite you to come and see them.

Preferred Gifts for Men

A WONDERFUL GIFT

A man will even slip into one of these robes first thing Christmas morning (if you give it to him soon enough). And when you give him one you are giving something more than just a mere remembrance; you are giving him solid hours of comfort and luxury. There are few gifts to equal it; probably none.
