## Liquor Act Is Chief Feature of the First Provincial Session

## MAY ELECT MRS. SMITH SPEAKER OF THE HOUSE

## Municipalities May Split Profits of Liquor Sales With Government

VICTORIA, Feb. 5.—The chief feature of the first session of the fifteenthe gislature of British Columbia opens here on Tuesday, Feb. 15, will be the introduction by the government of the new liquor control measure to take the place of the present prohibition act. Another feature is the possibility that Mrs. Mary Ellen Smith, M. P. P., of Vancouver, may be elected speaker of the house. If she is, she will be the first woman speaker of any legislature in the world.

Proposed new legislation includes amendments to the Elections act; provision for superannuation of and pensions for civil servants and aid to municipalities. Chiropractors will endeavor through legislation to break the professional monoply of regularly qualified and licensed doctors.

**Liquor Draft Ready**

It is understood that the government has completed its draft of the Moderation act to control the sale of liquor, and that it is framed along the lines the people voted for in October, "the government sale of liquor in sealed packages."

The hotel men, it is believed, will make a determined effort to secure the privilege of selling beer and light wines and club men may also ask for a limited license.

Financial aid to municipalities may be granted through the operation of the Moderation act, in that the government may provide for a fifty-fifty split of the profits on all liquor sold in each municipality.

# ARREST UNCLE OF MURDERED WOMAN

## Identify Victim of Montreal Outrage; Hold Relative as Material Witness

MONTREAL, Feb. 6.—Arthur Jacques, who lives at 312 Old Orchard avenue Notre Dame De Grace, this city, uncle of Adeline Malherbe, 27, of Number 67 Clandeboyn avenue, Westmount, who was identified Saturday as the victim of the brutal murder Friday night, when she was apparently struck in the back of the head with an axe on Prospect street, Westmount, was arrested on Saturday and is being held as a material witness for the inquest, which will be held tomorrow.

# SMUTS' CHANCES DWINDLE IN SOUTH AFRICA; MALCONTENTS IN ASCENDENT

LONDON, Feb. 6.(Canadian Associated Press)—The Sunday News carries today a cable from South Africa in which the view is expressed that it is doubtful whether General Smuts will have even a small majority in the elections scheduled for Feb. 9th. In the towns, the South African party, of which General Smuts is the leader, is justifiably hopeful, but in the country, the Nationalists have made great headway. In the urban constituencies, they are strong and are supported by malcontents of all descriptions.

They have created rowdy scenes at General Smut's meetings and have prevented his speaking at meetings of the opposition, notably those of Col. Cresswell, leader of the labor party, and these tactics are held to have lessened Col. Cresswell's chances.

There also have been disturbances between Labor and Nationalists at their meetings, owing to differences which may grow to the advantage of General Smuts.

## FOREST REVENUE RISES

VICTORIA, Feb. 5.—Government revenue from British Columbia forests continues to increase despite reported dullness in the lumber industry.

The total forest branch revenue for January, 1921, was $258,044 according to figures issued today by Hon. T. D. Pattullo, minister of lands. For January, 1920, the total was $192,272.

## *German Foreign Minister Will Resign Rather Than Recede From His Decision*

LONDON, Feb. 6.—Dr. Simons the German foreign minister, has declared that he would resign rather than recede an inch from the decision that the Paris terms are unacceptable, says a Berlin dispatch to the London Times. The government is being flooded with resolutions from semi-official and unofficial bodies urging it to stand firm.

## *Believe Skeleton May Be Man Executed in the Reil Rebellion*

WINNIPEG, Feb. 5.—A skeleton unearthed by workmen from a bed of gravel four miles east of Transcona, may be that of Thomas Scott, who was shot by order of Louis Bell, in 1860, in the opinion of some local historians. An attempt to establish the facts of the matter will be made this week by a committee of Orangemen. The condition of the skeleton indicated rough and hasty burial.

The body of Scott was never recovered and there has been much uncertainty as to its disposition by those responsible for his death.

OTTAWA, Feb. 6.—Headed by N. Jeneau, of the attorney-general's department, a large squad of detectives from the Quebec provincial revenue department, visited Hull on Saturday and conducted one of the biggest and most systematic raids in search of intoxicating liquor that has been staged in the city across the river in many years

Several thousand dollars worth of liquor was seized.

After cleaning up Hull the squad went down to the ice across on the Ottawa river, where, finding a wheel of fortune in operation, they ordered it to be closed down and seized the gambling device.

# ANTICIPATE HOT BATTLE IN MANITOBA

## Lakeside Byelection Today May Affect Fate of the Norris Government

WINNIPEG, Feb. 5.—Voting takes place tomorrow in one of the most keenly contested battles in Manitoba's history, the result of which may largely affect the fate of the Norris government. It is the by-election in Lakeside constituency in which Hon. Colonel, C. D. McPherson, newly-appointed minister of public work in the Norris cabinet, E. H. Muir, Farmer candidate, is opposing him with the special permission of the Independent-Farmer body in the legislature, but without the official endorsation of the United Farmers of Manitoba, in the hottest fight that has been waged. Every leader of the two parties has been engaged and the result cannot be forecast. The polls are open from 9 o'clock in the morning till five o'clock in the evening.

# ARREST THREE COMMUNISTS

## French Take Agitators Into Custody on Charge of Plotting Against Republic

PARIS, Feb. 6.—Three arrests were made here Saturday in connection with a plot against the international safety of the republic, which already has caused the expulsion of several Russian Communists from France. Those taken into custody today were M. Dunois, acting editor of Humanite; M. Griffuelhas, former secretary of the general federation of Labor, and Alfred Mignot, a commercial traveler.

The three have been asked to explain how they came into the possession of checks for 10,000 francs each signed by Dr. Zalenshi, alias Abramovitch, known as the "eye of Moscow." M. Griffuelhes, was released when he explained he was acting for a third party, although the charge against him was not withdrawn.

## ARREST AGITATORS

HAMILTON, Feb. 5.—Accused of being officers of an unlawful society, Oliver Fry, Edward Hasiam and Alvin Simonoff appeared in police court Saturday and were remanded until Wednesday. Bail was fixed at $2000. Fry and Hasiam were arrested in the labor hall Friday night, and the other prisoner at his home. The charge in brief, against the men, was that they did, within the last three months, act as officers of an unlawful association for the purpose of bringing about governmental, industrial and other changes in Canada, by the use of violence, and which taught terrorism to person and property.

## CANADIAN ATHLETES WIN BOSTON EVENTS

BOSTON, Feb. 6.—Earl Thompson, the crack hurdler of the Canadian Olympic team, figured prominently yesterday in the annual indoor games of the Boston Athletic association, when he carried Dartmouth college colors to victory in the 50-yards high hurdles.

Cecil Beath, who also ran for Canada at Antwerp, represented New Hampshire college in the three-mile race for the Williams' cup, but was distanced.

# POLAND ASSURES FRANCE OF PACIFIST POLICY TOWARDS NEIGHBORING STATES

PARIS, Feb. 5.—The highest importance is attached by the newspapers this morning to the Franco-Polish declaration yesterday of the community of interests uniting these two friendly countries.

The understanding is explained as "not an alliance, nor a screen for an alliance, but for the maintenance of existing relations of friendship."

These ties, the Petit Parisienne calls, "stronger than a written alliance."

It is also believed that the publication of the declaration means that France has accepted President Pilsudski's assurance that Poland has adopted a pacifist policy and is without aggressive intentions against her neighbors, thus justifying France in coming to her aid if she is attacked without provocation.

# MIDDLE PARTY DEVELOPS IN IRELAND; CARRIES OUT CAPITAL PUNISHMENT

LONDON, Feb. 6.—The Sunday Telegram, owned by Horatio W. Bottomley editor of John Bull, today asserts the existance of a third party in Ireland, concerning itself with executing justice, according to its own views, of any persons who commit alleged crimes and escape punishment.

The newspapers say the party is styled "the middle party" and that it meets frequently. Its headquarters are in North Wall, where there are conferences with military officers of high standing. The names of either Sinn Feiners or of government forces charged with murder are produced and judged. If persons so named are found guilty, sentence is pronounced and the victims soon afterwards are found dead.

**Has Ramifications in Provinces**

The correspondent says the party has ramifications in the provinces and is composed mainly of middle class business men. He cites instances of execution by the party, but withholds names.

The correspondent explains that his informant is a former member of the Royal Irish Constabulary, who has just taken his discharge after five years' continual service in Ireland. He adds that the middle party is supposedly well known to the authorities and conferences are held thrice weekly with "military officers of high standing in the government forces."

Some instances of the carrying out of death sentences, both on army men and Sinn Feiners, are given, but names are withheld.

**Round Up After Church**

QUEENSTOWN, Feb. 6.—At the termination of services in the cathedrals and churches here today, all males between the ages of 16 and 40 were rounded up. Several hundred men were taken to barracks on the outskirts of the city. Here, before they were liberated, they were required to give their names and addresses.

Afterwards they were divided into groups, six persons in each, and given a specified number and date. Then they were informed that if any crown forces were ambushed within a radius of two miles of this place on any of the dates assigned to the different groups, the men in these groups would be held responsible and required to furnish necessary information to the authorities.

**Drive Hostage Through Town**

DUBLIN, Feb. 6.—William Sears, Sinn Fein member of parliament and editor of the Ennis County Echo, was driven through Dublin yesterday in a military lorry as a hostage.

**Three Ambushes Near Dublin**

BELFAST, Feb. 6.—Dublin dispatches today revealed that on Saturday night that city experienced a sensation when loud explosions and continuous volleys, resembling the sounds of a battle on a small scale, were audible from the distant suburbs. It turned out that three ambushes had occurred, one of which resulted in the killing of a four-year-old child.

The first ambush was in the neighborhood of Morrion Square, shortly before 8 o'clock. Explosions which shook some of the older houses to their foundations were followed by fusillades of rifle and revolver fire. The inhabitants sought refuge in their cellars, while persons in the streets were stampeded by the firing. What had happened was that three bombs were thrown at a lorry filled with soldiers. This precipitated an exchange of shots which lasted several minutes, without effect except for the wounding of two civilians by bomb splinters.

The second ambush occurred on the south side of the city where two military lorries were bombed and there was a similar brisk exchange of firing. A child of four years was shot through the head and a woman was wounded and taken to a hospital.

The third ambush occurred at nine o'clock, when two military lorries wereattacked at Rathmines in the suburbs, in the vicinity of the Catholic chapel. An officer of the military was slightly wounded and some civilians, including a boy, received unimportant injuries.

The report from Dublin castle claims that several civilians were hit in the affair at Morrion Square; five civilians in the south side and two young men in the Rathmines encounter.

The castle also reports that near Clonmel, a patrol of the Devon regiment discovered a body of civilians preparing an ambush. A skirmish which followed, resulted in the killing of a civilian and the wounding of a military sergeant.

**Destroy Beautiful Home**

LONDON, Feb. 6.—Summerhill House, 25 miles from Dublin, and one of the most beautiful homes in Ireland, was burned yesterday with a loss of £100,000, according to the Weekly Dispatch. Several men entered the rear of the castle and seized 30 gallons of petrol with which they fired the two wings of the building, which police authorities found a roaring furnace on their arrival.

A quantity of valuable furniture and tapestry was destroyed.

Summerhill House was the residence of the late Lord Langford. It is believed the place was fired to prevent its occupation by the military.

**If Necessary Will Conscript**

DUBLIN, Feb. 6.—Major General Strickland, commander of the forces in Ireland, is reported to have visited Drimoleague, County Cork, after the shooting of the two constables there three weeks ago, for the purpose of forming a civilian town guard. The commanding colonel stationed at Branty is said to have summoned the leading citizens and explained to them that he had received orders for the organization of a town guard of a dozen men between 17 and 40 years of age.

The colonel said it was desirable that the men should serve voluntarily but if a sufficient number did not volunteer, the military would draft them.

The guard was expected to preserve order and report to the authorities any information relative to

## *Admiral Grant Leaves Australia for Conference on Pacific Naval Defense*

SYDNEY, Australia, Feb. 6.—The Times today announces that the Australian warship Brisbane is about to take Admiral Grant of the naval administration, to Singapore, where he will take part in a conference with the senior officers of the East India China, Canadian, New Zealand and South African Squadrons for a discussion of the naval defense of the Pacific.

**Nothing Official in Canada**

OTTAWA, Feb. 6.—No official word has reached the department of naval service here of any conference at Singapore between senior naval officers of the Australian, East Indian, China, Canadian, New Zealand and South African squadrons, on the question of the naval defense of the Pacific. No senior naval officer of the Canadian navy, it is stated, has been appointed to attend any such conference.

The visit which Canadian naval vessels are making to Pacific waters has given rise to a number of rumors regarding presumed alliances for the defense of the Pacific.

# FORDNEY BILL WILL INVOKE RETALIATION

## Dominion Will Reply in Kind If Canadian Goods Taxed, Says Tolmie

HAMILTON, Feb. 6.—Intimating that if the "Fordney tariff bill becomes operative in the United States, the federal government will retaliate in kind," Dr. S. F. Tolmie, Dominion minister of agriculture, told members of the agricultural section of the chamber of commerce here on Saturday that they need not worry as the agricultural interests of Canada would be adequately protected.

Dr. Tolmie said that the federal authorities, although keenly interested, could not announce any fiscal policy until they learned first the tariff the United States would adopt but as soon as this knowledge was obtained, action would be taken, he said.

Revision of the Canadian tariff, so far as it affected all branches of agriculture, was under way at present, he said, and would provide

# DECLARE TRADE AGREEMENT OFF

## Report Break in Anglo-Russian Pact on Persian Question

LONDON Feb. 5.—The Moscow newspaped Investia, official organ of the Soviet, is quoted in an exchange Telegram dispatch from Berlin as stating that the Anglo-Russian trade negotiations have been broken off.

The break, it is declared, was over Great Britain's demands that the Soviet government should carry on no propaganda in Persia.

The newspaper is quoted as adding that Russia's acceptance of these demands would be equivalent to recognitio nof a British sphere of influence in this country.

# PETERBORO CANDIDATES FACE MUSIC

## Signs Fail Old-Time Political Prophets; Race Apparently Open On

## BETTING ON FIELD AGAINST CANDIDATES

## Trial of Strength Between Government and Liberal Is General Opinion

PETERBORO, Feb. 5.—With five candidates facing the electors of West Peterboro tomorrow in the federal by-election, there is considerable speculation as to the possible outcome of the election. All signs seem to have failed the old time political prophets, and on the eve of the opening of the polls, it appears to the casual observer as almost anybody's race. However, the old line party managers profess to think that tomorrow's election will be a contest chiefly between Roland Denne the government candidate and G. N. Gordon, the Liberal nominee. On the face of it, this appears to be a fairly good guess, but which of these two will win? This is a question that puzzles the average elector here.

**Burnham's Chances Improve**

The betting fraternity is treating the election as if it were a horse race. The betting for place shows odds on the field against any candidate. While opinion seems to agree that it will be largely a trial of strength between the government candidate and Liberal. It is conceded tonight that J. B. Burnham's chances have improved of late. Mr. Burnham's whose resignation of the seat in the house of commons brought the by-election about, has done little or no campaigning, but has left his case in the hands of the electors.

J. C. Campbell, the U. F. O., candidate, has done some effective work in the campaign and his organization is regarded as a good one. West Peterboro, however, has a much larger urban vote than rural, and this is regarded as a natural handicap to the farmer candidate.

The Labor candidate, Thomas McMurray, has not as effective an organization, it is said, as Thomas Tooms had when Mr. Tooms was returned for West Peterboro.

With the roads free of snow and in comparatively good shape for the use of automobiles, it is estimated that the vote will be large tomorrow, if not a record-breaker for the riding.

The campaign wound up last night, when no public meetings were held, but arrangements were made at the committee rooms for getting out a full vote.

The polls will be open tomorrow from six o'clock in the morning till six o'clock in the evening.

## CANADIAN NATIONAL TRAIN JUMPS RAILS

VANCOUVER, Feb. 6.—Engineer Johnson was badly scalded and Fireman Middleton and Expressman Holmes received severe bruises when the engine and express car of No. 1 Canadian National railway, eastbound train were derailed early this morning near Boston Bar, according to a dispatch reaching here today. The injured men were taken to Kamloops. The accident was caused by a snowslide.

# ADVISES GERMANY TO ACCEPT BILL AND NOT LET PASSION REPEAT FOLLY

BIRMINGHAM, England, Feb. 6.—Gemany must pay the war indemnity and she must disarm. These were the declarations of Premier Lloyd George in a speech here Saturay.

"I advise Germany to accept the bill of £55,000,000,000 in war reparations, and not allow herself to be misled by passion and repeat the folly of 1914," he said.

The premier asserted vigorously that Germany must respect the peace treaty and agreements.

The first condition of peace is that the treaty must be respected, he said. "A changed treaty means merely that the war is held in suspense."

"Germany must respect two conditions, the first of which is disarmament.

"Germany has not yet taxed herself to the level of Great Britain and France. It is intolerable that the guilty, who escaped damage, should bear a lighter burden than the victims."

SYDNEY, N. S., Feb. 5.—Eugene Criqui, the French bantamweight fighter, today knocked out "Sid Godfrey in tenth round."

# AGREEMENT IS SATISFACTORY TO RUSSIANS

### Soviet Denies Sundry Charges; All Clear for Krassin to Adjust

LONDON, Feb. 6.—A Moscow wireless message gives a long dispatch from M. Tchitcherin, the Russian Soviet foreign minister, to Earl Curzon, the British secretary for foreign affairs, to the effect that the Soviet government has learned with pleasure that the draft of the general conditions of the trade agreement contains nothing that cannot be settled by further discussion between Leonid Krassin and the British department concerned.

The note denies that the Soviet has sent troops to Persia or Asia Minor, fomented a revolution in Bukhara, attempted to conclude a treaty with Afghanistan, or that it has caused a rising of the frontier tribes of India.

It brings charges of anti-Russian action against Britain and the allies, and declares that misunderstandings are inevitable until the two governments meet for an exhaustive discussion of their mutual obligations and interests.

# CABINET CRISIS IN CONSTANTINOPLE

### Nationalists Seek Removal of Sultan's Temporal Power; Ministers Fly to Angora

CONSTANTINOPLE, Feb. 6—There is a crisis in the cabinet here, due to attempts by the Nationalists to carry out their old plan of removing the sultan's temporal power. Three of the ministers, including Izzet Pasha, have fled to Angora, and the others are desirous of resigning.

The Armenians demand that they be admitted to the London conference, which will deal with the Eastern situation and which, it is thought possible here, may have to be postponed on account of the difficulties of an agreement being reached by the various factions.

**Pour Parlers Continue**

PARIS, Feb. 6.—Discussing a message from Mustapha Kemel Pasha, the leader of the Turkish Nationalists, giving Kemal Pasha's conditions for the conclusion of a definite accord with Constantinople for attendance at the London conference, the correspondent of the Temps declares that the Sultan will be required to publish an edict recognizing Angora as the only Turkish government. The sultan, he adds, may remain in Constantinople, but the government must transfer provisionally to Angora. The Constantinople cabinet will be abolished and will be replaced by a specially accredited Angora council.

The correspondent says that the sultan and th Constantinople government find the conditions inopportune but the pour parlers continue.

# PORTLAND PLANS BIG CONVENTION

### Kootenays Will Be Strongly Represented at International Mining Meet

PORTLAND, Ore., Feb. 6.—British Columbia's mineral resources and exhibits from mines throughout the province will be largely featured at the third international mining convention to be held here April 5-9. Besides many men prominent in the mining industry of the province have been invited to attend as delegates. Among the British Columbia delegates who are expected to attend are:

William Sloan, minister of mines for British Columbia; S. S. Fowler, operator and mining engineer, Rossland; Fred A. Starkey, of Nelson; Nichol Thompson, consulting mining engineer, of Vancouver. To this list may be added Sidney Norman, editor of the Northwest Mining Truth, Spokane, who is as well known in British Columbia as in the States. In addition, there will probably be one hundred or more from sections scattered over the province.

At least 1500 delegates are scheduled to attend this convention, and active preparations for the entertainment of these has already begun. Twelve committees, with a membership of 75, and whose duties comprise everything from the convention proper to entertaining the women have been appointed. The delegates are to be guests of the city, and expenses of the actual convention are being defrayed by local business interests. The new city auditorium, covering an entire block, will be the scene of the convention.

John E. Miller, an expert in the promotion of mining exhibits, of Denver, is already on the scene, and is preparing a big display of ores and minerals and mechanical mining equipment.

Fred A. Starkey, S. S. Fowler and F. J. McFadden are members of the convention committee, which augurs well for due prominence of Kootenay mining interests.

Henry M. Parks, director of the Oregon Bureau of Mines and Geology, is executive chairman of the convention, and William W. Elmer, a well known mining engineer, who has operated in Mexico, Alaska and Canada, is secretary.

Delegates to the convention will come from Alaska, Canada and six northwestern states.

# WILL INVOKE RETALIATION

(Continued from Page One)

for higher protection contingent on the adoption of the proposed tariff in the United States.

**Canada Next Best Customer**

Having but recently returned from a convention of cattle men, held at El Paso, Texas, the minister said he was surprised to learn that the delegates were united in favoring a tariff against Canadian goods. He was at a loss to account for this, as next to Great Britain, Canada was the best customer the United States had.

Hon. Mr. Tolmie said that last year Canada spent in the United States the staggering sum of one billion, two hundred and sixty million dollars, with an adverse trade balance in favor of the United States of three hundred and forty-four millions. It was obvious, he said, that such an unfavorable trade balance should be adjusted, and the speediest way to accomplish that was to buy only those goods that were made in Canada, he said.

**Cannot Afford Free Trade**

TORONTO, Feb. 6. — Declaring that free trade would ruin Canada and intimating that it was not the Liberal party the federal government need fear at the next Dominion election, but the Farmer party, Hon. Hugh Guthrie, minister of Militia and defense in the Meighen government at Ottawa, addressed the South York Conservatives at their annual meeting here Saturday. On the tariff question, Mr. Guthrie said that under no circumstances could Canada afford to have free trade with the United States. Canada as a nation, and Canadians as a people, would become bankrupt under free trade, he declared, and the next general election would be fought out on the question of protective tariff.

Mr. Guthrie asserted that the Farmer party in the west was started by American settlers, and organizers of the Western Farmers were American sympathizers. He produced a catalogue published by the Western Grain Growers to substantiate this charge. In this catalogue, he said, were numerous lines of farm implements listed as "U. G. G.," (United Grain Growers.) goods, but which were really American-made.

The plows listed in the catalogue, Mr. Guthrie said, were made in Wisconsin; harrows, cultivators, mowers, ect., in Illinois; portable engines and washing machines in Pontiac, Ills., cream separators in Buffalo, N. Y., and wagons in Iowa.

"In the lines of goods which I have mentioned, which are called U. G. G., goods," Mr. Guthrie said, "there is not a Canadian article catalogued."

Mr. Guthrie declared that the Farmer party in Western Canada was not only a menace to the present government at Ottawa, but also to the future of Canada.

# SURRENDER ONLY DAMAGED PLANES

### Germans Remove Essential Parts; Make Reconstruction Impossible

LONDON, Feb. 6.—A dispatch to the Daily Mail from Antwerp says the airplanes which the Germans are surrendering to the inter-allied aeronautical commission, are reaching *Antwerp in a disgraceful condition.* Essential parts are missing, making impossible the re-construction of the machines. It is alleged that the air craft are being systematically damaged in order to prevent constructional secrets from leaking out.

The Daily Mail also accuses the British air detachment at Antwerp of habitually destroying air material allotted to Great Britain. It declares that much of this material which would be technically valuable, is wantonly wasted, and cites examples of the alleged wastage.

War office officials say, according to the Daily Mail, that the air experts would note any new features on surrendering aircraft before destroying them with the purpose of covering up secrets.

## STUDENTS URGE SOVIET

BERLIN, Feb. 6.—Articles urging thestudent volunteers to proclaim *a Soviet government,* are being printed by the Neuezeitung, the Bolsheviki organ at Munich, it is announced in Munich dispatches. The Freiheit *and the Vossische Zeitung* take a serious view of the student movement, which they declare is developing rapidly.

## Had an Annoying Hacking Cough GOT NO. REST AT NIGHT

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such *an irritated and inflamed condition* that unless you get immediate relief the cough may become settled and serious lung trouble come.

*There is no better remedy than* Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the lung healing virtues of the pine tree, with which is combined wild cherry bark, and the soothing and healing expectbrant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta., writes:—"About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house."

"Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark, price 35c, and 60c a bottle. Manufactured only by the T. Milburn Co., Toronto, Ont.

# MILNER EXPLAINS VIEWS ON EMPIRE

### Only Basis as Political Enitty Is Partnership; Subjection Disappears

LONDON, Feb. 5. — (Canadian Press).—Viscount Milner, interviewed today by the Sunday Observer, in connection with his retirement from the colonial office, says there was never any question in his mind about the status of the Dominion Empire. Every vestige of subjection had disappeared and the only basis of the empire as a political entity is that of partnership and the whole problem is now to make the partnership work.

Nothing sure, says Lord Milner, will ever be done to organize this partnership by proposals emanating from Great Britain. The impulse must come from the dominions.

# PROFESSOR DIES TO TEST THEORY

### Would Solve Riddle of Existence After the Grave; Waiting for Proof

DETROIT, Feb. 6.—The body of Professor Thomas Bradford was found in his room at 2500 Howard street yesterday with the gas turned on. Nearby, evidently where the had been dropped, from his hand, were several typewritten pages on the subject:

"Can the dead communicate with the living?"

It is believed that the professor gave his life after entering into a pact that, if successful, would solve the riddle of existence after the grave.

It is believed that somewhere in the city there is a girl who is waiting anxiously for Professor Bradford to prove his theory.

**DEVIL SHIP THAT MISSED ITS MARK**

That "mystery ships" are not altogether of present day origin is proved by looking over records of a century or two ago.

In 1693 the English decided to clear away the corsairs of St. Malo, who had long been preying upon foreign commerce. At first they tried to bombard the port, but finding that their shots had little or no effect, they devised a machine which was intended to utterly destroy the town at a single blow. A special boat was built for this purpose, with a carrying power of 40 tons.

It was filled with all kinds of destructive materials, and such combustible materials as pitch, resin and chopped straw. There were over 500 bombs and shells with four openings, so as to throw projectiles in all directions. This great hulk was towed at high tide by three shallops close to the walls of the town of St. Malo.

Some of the sentinels saw the manoeuvre but before they could give notice the vessel struck a rock about a pistol shot away from the walls of the town. It was badly injured by the shock and the fire caught earlier than had been intended. The first thing that was heard was a bomb shot by the English as a signal, and then all at once, as if the fire had caught in two or three magazines at the same time, the most terrific explosion followed.

Flames flashed over the sea, the windows rattled as if from earthquake shock, the inhabitants of the town rushed out of doors expecting to see their houses fall to pieces. Strange to say, with the exception of the breaking of a fe wwindow panes, not a bit of damage was done to the town. The English, however, were not so fortunate.

At least one hundred and fifty of the men on board the shallops were blown to pieces or drowned bby the premature bursting of the machine which had proved so infernal to the inventors. The individual who had arranged the whole plan and built the boat was a recreant Frenchman named Fournier, and he was one of the victims of the disaster.

So ended one of the most famous attempts to use an infernal machine and had it not been for the accident of striking on the rock it is certain that much of the town of St. Malo would have been destroyed by the explosion, while the English would have escaped in safety. An attempt with a similar machine was made against Dunkirk by the English at a later date, but with like results.

## MIDDLE PARTY DEVELOPS IN IRELAND

(Continued From Page One)

ambushes or other attacks on the crown forces. If it failed to do so, it would be dealt with by the military authorities.

**Cardinal Attacks Government**

BELFAST, Feb. 6.—The Lenten pastorial letters, read today by all the Ulster Catholic bishops, were devoted to the serious situation existing in Ireland. That of Cardinal Logue, primate of all Ireland, dealt at great length with the situation. The cardinal declared he never had written under feelings of deeper anxiety or with a more vivid sense of his responsibility in th dark prospects of the country's future.

"The cry of suffering Ireland," said the cardinal, "despite the efforts to smother it by oppression, will re-echo throughout centuries, marking out a sorry place in the history of the present rulers. There has been no word of conciliation, but repression pure and simple, such as has been unknown in Ireland since the days of Cromwell, and such as outstrips any example except that of perhaps Turkey and the Bolsheviki.

Cardinal Logue proceeded in scathing terms to denounce the policy of the government, which he said, had robbed it of all sense of sacredness of human life and extinguished the instinctive horror of bloodshed. He declared that the so-called official reprisals were acts of wanton oppression and injustice; that men guiltless of any overt act against law and order, were dragged out at the dead of night and shot under the plea of attempting to escape, though they were surrounded by armed men easily able to restrain them.

**Kill Child and Officer**

DUBLIN, Feb. 6.—Firing incident to two ambushes on the south side of Dublin last evening, caused the killing of one officer and one child. Several civilians were wounded.

## PATRICK DALY TO SPEAK HERE

### Famous Mining Man to Give Public Address on Aid to the Prospector

Lengthy discussions on the income tax as it affects prospectors and a spirited debate on the question of a premium on gold featured the meeting of the local branch of the British Columbia Prospectors' Protective association here on Saturday night. President J. W. Mulholland presided. Both subjects were finally laid over until the next meeting for further examination.

Definite arrangements were made for holding a special meeting on Wednesday at the city hall, to which the public are invited to hear an address by Patrick Daly on "Government Aid to the Prospector." Mr. Daly, who is all his name implies, is not only one of the oldest prospectors of the province who struck Kootenay as far back as 1886, but is also the man who was responsible for putting through the sale of the famous Premier mine at Stuart on the Portland canal, over which he is an interest. One of the best known now engaged in a suit to establish prospectors in British Columbia, well versed in the requirements of prospectors, Mr. Daly will endeavor to outline the reason for the decrease in the number of prospectors in this province, to show up the alleged hardships that mitigate against the attraction of new men to prospecting, and suggest measures for obtaining financial aid to the prospector to develop his property to a marketable stage. Local prospectors are of the opinion that there will be developments at the meeting that will lead to petitions to the government for relief.

## FLASHES BY WIRE

**Negro Shoots Patrolman**

DETROIT, Feb. 6.—Police Patrolman John H. Skewis was shot and badly wounded late tonight in a doorway in the business section. George Allen, a negro, was arrested and rushed to a police station after a large crowd had surrounded him, threatening a lynching. Allen is said to have confessed to the shooting following a quarrel with the officer early in the night.

**Winnipeg Bonspiel Tomorrow**

WINNIPEG, Feb. 6.—Close to 200 rinks will go into the draw of the opening event of the Winnipeg bonspiel, which opens Tuesday morning. One hundred and seventy-five entries had been received up to this evening, which will likely be considerably augmented tomorrow. There are eight rinks, which means a big international interest.

**Temperance Appeal Fails**

TORONTO Feb. 6.—Hector Fields, of Sandwich, failed in an appeal to Mr. Justice Rose to have his conviction for violation of the Ontario Temperance act quashed, and Fields will have to pay $2000 and costs and serve thirty days in jail. Fields imported 110 cases of whisky, most of which, according to his story, was stolen on New Year's, while Fields was away and County Constable Malle was supposed to have been on guard.

**Brandon Battles with Falcons**

WINNIPEG, Feb. 6.—The most important hockey game of the season is billed for tomorrow night here, when the league leading Brandon crew battle the Falcons. A victory for the visitors will just about cinch the Allen cup, but a defeat will mean a tie with Falcons.

**Wins Second Hockey Game**

SASKATOON, Feb. 6.—Saskatoon won the second game in the Western Inter-Collegiate league here Saturday night, when Manitoba went down to defeat eight to three. Saskatoon had the game all their own way except in the first ten minutes of the third period, when the visitors bombarded the home goal. Buckingham starred for the visitors, while Thompson was the most effective for Saskatoon.

**Championship Puzzling**

TORONTO, Feb. 6.—The outcome of the O. H. A. senior championship race is now more puzzling than ever. Kitchener, Granites and Varsity have each lost two games, but the collegians have still one victory less than the other two. As the leading teams play each other again, somebody has to lose, which may mean that Aura Lee and Hamilton, by continuing their winning streak, might create a tie for second place and thereby qualify for the championship finals. This preliminary group is only a qualifying round and the teams to finish first and second play off the championship so that even if a team cannot land in first place it still has a chance to qualify by either finishing second or getting in a tie for second.

## BALLANTYNE URGES EATING MORE FISH

OTTAWA, Feb. 6.—An appeal to all Canadians to eat more fish in order to allow other food resources to recover, has been issued by Hon. C. C. Ballantyne, minister of marine and fisheries. Hon. Mr. Ballantyne appeals to hotel men and restaurant keepers to give prominence to Canadian fish on National Fish Day, Feb. 9th.

## Crowned Carnival Queen

CALGARY, Feb. 6.—Miss Phoebe Sinclair, of the Vancouver ladies' hockey team, was crowned carnival queen at Banff Saturday night. The carnival terminated with a thrilling exhibition of skiing competitions, in which Lars Haugen, Brooten, Minn., won in the professional events, and Oliver Kaldhal, Greenwood, Minn., won in the amateur events.

## SOCCER ELEVEN TO ORGANIZE

### City Football Club Will Hold Rally Tomorrow Night; Plan Membership Drive

Soccer players in the city intend holding a grand rally of all senior players in the city and environs at the city hall at 8 o'clock tomorrow night, with the idea of getting the club actively aggressive on a membership campaign. It is felt that an early start at organizing the club will give it a better chance to lineup a bunch of players in executive positions and thus stimulate a more active interest in the sport. Many of the players believe there are a number of shrinking violets knocking around the city that would soon prove to be the most valient upholders of the club's soccer prestige could they be induced to get into the game again with both feet. In any case an early start is to be made, and a drive for veterans of other elevens and for promising young players put on, as the city eleven is determined to keep fast hold of that West Kootenay league cup for a second period, now they have their hands on it.

## OBITUARY

### LACEY

William Mortimer Lacey, son of the late Arron B. Lacey, of Honesdale, Pennsylvania, died last night at the Kootenay Lake General hospital following an illness of some months. Mr. Lacey retired from business life about three years ago owing to failing health Besides his wife, formerly Miss Margaret Mullen, he leaves two sons, Robert Lacey, of Burke, Ida. and Arron B Lacey, of Spokane Two brothers also survive him, James B Lacey of New Windsor, N. J., and J. R. Lacey of Howard, Mich

The late Mr Lacey was one of Nelson's old-timers He was born in Honesdale, Penn., in 1855, and came to this city in 1898. For many years he was engaged with the firm of Donald & McArthur, and afterwards continued with their successors, the Standard Furniture company. He was a well known and respected member of the Knights of Pythias, the Fraternal Order of Eagles, and latterly of the 1500 club. He was also a member of St. Paul's Presbyterian church. The funeral will be under the direction of the Knights of Pythias and the Fraternal Order of Eagles.

## MR. McKARACHER LEAVES NELSON

On the eve of his departure for Sicamouse where he will in future take the run between that place and Kootenay Landing, J. F. McKaracher, local C.P.R. engineer, was yesterday presented with a past chief engineer's badge by J. Simons, for the E. J. Hosker, division 579, lodge of locomotive engineers, about 12 members of the organization being present at the presentation.

Mr. McKaracher, who has been on the run between Nelson and Midway for the last 20 years, besides being senior engineer in this district, was the first chief of the engineer organization in the division. He leaves today for Sicamouse, where it is expected that his family will join him at some future date.

## MRS. ROBERT MADDEN IS LAID TO REST

The funeral of the late Mrs. Robert Madden of Trout Lake took place at the church of Mary Immaculate, Saturday morning, when a solemn requim high mass was sung by the entire choir, Rev. Father Althoff officiating.

There were many beautiful floral tributes from Nelson and district.

The pallbearers were P. Gallagher, T. Scanlan, W. Sturgeon, N. Choquette, D. McDonald and T. Madden.

## CHINESE CELEBRATE NEW YEAR TOMORROW

Tomorrow is the Chinese New Year, and the inhabitants of Nelson's Chinatown will commence a two-day celebration of the event, which in China takes 13 days to fittingly celebrate. On the first day the local Celestials will have New Year's dinner in their several homes. On Tuesday the big event will be the jollification of the Chinese Masons who are 245 strong.

## PROPOSE PULP MILL FOR PRINCE GEORGE

VICTORIA, Feb. 5. — (Canadian Press).—A pulp and paper mill costing between seven and eight million dollars is to be established at Prince George, according to plans now being completed here with government officials by Robert Tyhurst of Dome Creek, who is a member of an eastern timber and paper syndicate. The mill will turn out 200 tons of paper a day.

Fort George has been chosen for the site of the mill because of the big pulp wood deposited in the interior of British Columbia and the advantage in freight rates to the prairies that a mill there will have over coast mills.

Others in the syndicate include Frank P. Jones, Montreal financier, Angus McLean of Bathurst, N. B., Lumber manufacturer; M. B. Preise of Buffalo, president of the New York Lumber company, and several Ottawa lumber men.

MONTREAL, Feb. 6.—David A. Hays, only brother of the late Charles M. Hays, former chairman of the Grand Trunk railway, died at Pasadena, Cal., late last Friday, aged 63 years.

## To Be Troubled With Constipation THE CAUSE OF MANY ILLS

If you do not feel well and go to your family physician one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome piles, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick.

In Milburn's Laxa-Liver Pills you Mr. Jas. S. Harris, Box 934, Halifax, N.S., writes:—"For two years I will find just the remedy you require for this purpose. They are purely vegetable and do not gripe, weaken or sicken.

suffered with constipation. I could not get anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Laxa-Liver Pills, and even brought me a vial. I tried them without much faith, but I soon found they were doing me good, and after using the second vial I was relieved of my trouble."

*Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.*

## SUDDEN DEATH

Before an Insurance Company will take a risk on your life the examining physician will test your water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night—take heed, before too late!

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Drink plenty of pure water and drive the uric acid out of the system by taking 'An-uric,' in tablet form." It was the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. If you cannot obtain it at your drug[illegible] send him 10 cents for trial package of "An-uric." Ask for An-uric (anti-uric acid) Tablets.

## Canadian Trade Balance Favorable

For the first time in several months Canadian exports show an excess over imports. It is a change that ought to be welcome, because for a country such as Canada, which has practically no foreign investments continuation of an unfavorable trade balance would ultimately produce disastrous financial effects. At is is, the steadiness of exports is an evidence of inherent commercial strength. Any country of nine millions population which can more than make up for a loss of 350 millions of war exports within two years has no reason to worry.

## Those Low Neck Dresses Explained

Ernest Thompson Seton, famous exponent of the out-of-doors, raises a voice in the wilderness approving the present trend of women's dressing. Mr. Seton claims a high moral standing for those races which wear few clothes and a low character for those whose women wear an excessive amount of clothing, such as the Turks.

Carrying his argument to its logical conclusion, Mr. Seton is prepared to have people wear no clothes at all. This system, he believes, would conduce to a higher state of life, physically and morally.

In Canada at certain seasons of the year quite obvious objections would be raised to going about unclothed, apart altogether from the universal prejudice against any such plan. But undoubtedly a beginning is being made by the young ladies of the land with their low-cut dresses. After watching the street parade of bare necks, who can set any limit to the endurance of the weaker sex, at least?

## MINNEAPOLIS GRAIN

MINNEAPOLIS, Feb. 6.—Flour unchanged to 10 cents higher; $7.75 to $8.80 a barrel; shipments, 50,148 barrels.

Bran—$22.00 to $24.00.

Wheat—No. 1 Northern, $1.57⅝ to $1.61⅝.

Corn—No. 3 Yellow, 51 to 52 cents.

Oats—No. 3 White, 37½ to 37⅝.

Flax—No. 1, $1.75 to $1.77.

## TORONTO BOARD

TORONTO, Feb. 5.—Though trading fell to a low level on the Canadian exchanges on Saturday, there was a continuation of the steadiness exhibited on the previous day. Changes in quotations were slight in character, and it would be too much to interpret that the market was moving in any particular direction.

## MONTREAL PRODUCE

MONTREAL, Feb. 5.—Commodities in the local market on Saturday were steady.

Cheese—Finest easterns, 27 to 27½ cents.

Butter—Choicest creamry, 54 to 55 cents.

Eggs—Fresh, 72 to 75 cents.

Potatoes—Per bag, carlots, $1.25.

## MONTREAL LIST.

MONTREAL, Feb. 5.—Trading in listed securities on thke local stock exchange Saturday was quiet and the market was narrow, only 30 issues figuring on the active list. The market, however, showed decided strength, the bulk of the active stocks closing at substantial gains.

### MUFFINS IN THE SUPPER MENU

There are many housekeepers who never think of making muffins except for breakfast but the family enjoys them equally as much for supper. The following supper menus will be found most acceptable to a hungry family on a cold night:

Ham-Stuffed Potatoes
One-Egg Wholewheat Muffins
Tea Stewed Prunes

One-Egg Wholewheat Muffins: ½ cup sugar, 1 egg yolk beaten, 1 cup sweet milk, ½ cup white flour, 2 teaspoons baking powder, 1 cup wholewheat flour, 2 tablespoons melted butter and 1 stiffly-beaten egg-white. Put sugar, egg-yolk and milk together in a medium-sized bowl and beat well. Then add the half-cup of white flour mixed and sifted with the baking powder, and then the cup of whole wheat flour; again mix well and then add the melted butter and, last, the white of egg. Fill muffin rings three-quarters full and bake in a hot over for about twenty-five minutes. This recipe makes eight large muffins.

Minced Lamb on Toast
Coffee Rice Muffins
Jam

Rice Muffins: 2 cups white flour, 1 level teaspoon salt, 2 teaspoons baking powder, 1 cup sweet milk, 1 cup cold cooked rice, 1 tablespoon sugar, 1 egg 1 tablespoon butter. Mix and sift the dry ingredients together. Beat the egg till light, then add it to the rice and milk. Now add he flour to this mixture, beat all well, and pour into buttered muffin rings. Bake in a hot oven for about twenty-five minutes. (The "wells" should be filled 2/3 full before baking.)

Cold Meat Loaf
Cocoa Hominy Muffins
Preserves

Hominy Muffins: 2 cups cooked hominy, 1 tablespoon sugar, 1 cup cornmeal or 2-3 cup white flour as preferred, 2 cups sweet milk, 1 teaspoon salt, 2 tablespoons butter, 2 teaspoons baking powder, 1 egg. Cream together the butter and sugar, then add the beaten egg-yolk, the salt, the cornmeal and baking powder sifted together, and then the milk. Fold in the egg-white stiffly beaten, and turn into buttered muffin rings, filling each "well" about 2-3 full. Bake in a hot oven for about 25 minutes.

The Ham Stuffed potatoes called for in the first menu are delicious. They are made by baking large white potatoes, scooping out the interior and finely mixed ham with it, and restuffing the the two half-skins of each potato with it. Place back in the hot oven for a minute, then serve very hot

# Styles

BY LENORE

This button-hole stitched Belgian blue twill suit cleverly disposes of the problem of suitable blouses by adopting a simple gilet of self-material, slightly nipped in at the waist with two little blue bone novelty buttons.

The gilet is an extremely stylish accessory this season, and is frequently employed as a contrasting note in a somber suit. In the window of a Fifth Avenue specialty shop was displayed a black duvetyn suit made quite gay by a gilet of white kasha cloth strikingly embroidered in rows of jade, orange, scarlet and gold. Another gilet, which was developed on the lines of a smock, was made of rose duvetyn embroidered in navy floss, and accompanied a navy blue box suit.

### EGGLESS SPICE CAKE

1¾ cups flour
½ cup butter and lard mixed
1½ cups sugar
1 cup sour milk
1 teaspoon soda
1 teaspoon each cinnamon and allspice
½ teaspoon nutmeg
¼ teaspoon salt.

Sift flour and sugar and rub shortening thoroughly into mixture. Add spices and salt. Mix well. Add sour milk with soda dissolved in it and stir until thoroughly mixed. Bake in a loaf.

### Jewelers' Store Suffers Main Damage; Cause Not Yet Known.

NEW YORK, Feb. 5.—Today's brief session of the stock exchange was occasionally enlivened by the operations of bull pools and resultant covering of short contracts, extreme gains in various divisions of the list ranging from 1 to nearly 2 points.

The confidence shown by traders for the amount was based less upon any actual change in the general situation than upon the belief that conditions as a whole pointed to an attenuated bear position.

As usual the greater part of the moderate dealings converged around oils, steels, equipments and rails, with affiliated specialties. Buying of rails was interesting for the activity of Reading common and first and second preferred, presumably in anticipation of a forthcoming announcement of the segregation plan.

Several of the Mexican issues—stocks and bonds—awakened from their lethargy on buying orders which followed overnight reports that the Mexican government has in contemplation a comprehensive plan for refunding its external obligations. Sales amounted to 235,000 shares.

The weekly reviews of mercantile agencies reported "slow and cautious improvement" in various lines of trade. This was qualified, however, by the statement that industrial conditions continue to suffer from the "blight of unemployment."

Changes in the clearing house statement were unimportant, slight expansion being shown in actual loans and discounts and an increase of little over $6,200,000 in reserves, bringing the total excess to about $15,000,000.

Local tractions continued to strengthen in the bond market, but otherwise, including the Liberty group, dealings were light and irregular. Total sales (par value) $5,325,000.

## WHEAT ADVANCES ON GREEK RUMORS

CHICAGO, Feb. 5.—A report that Greece was trying to buy wheat in the United States was responsible for a sharp advance in that cereal today and prices averaged higher, closing at the top. At the finish, wheat was up 3 to 4¾ cents, with March $1.57 to $1.57¼, and May $1.47¼ to $1.47½.

Corn showed a net advance of 1⅛ to 1½ cents. Oats were 1⅜ to 1⅝ cents higher, while provisions were 22 to 27 cents lower.

As far as is known, Greece did not buy any wheat here today.

MRS. SYLVIA FOSTER, of Buffalo, N. Y., who says she wishes she could go into every home and tell how Tanlac completely restored her health after she had lost all hope of ever being well again.

"They had given up all hope of my ever being well again but thanks to Tanlac I am feeling as well now as I ever felt in my life and I only wish I had time to go to every home and tell every sick person about this grand medicine.

"A year ago last January I had a severe attack of influenza which left me in a terribly weakened condition and my appetite was so poor that I ate little more than enough to keep body and soul together.

"My heart palpitated so dreadfully at times that it seemed like it had stopped altogether and I would think my time had come. I was so weak that I couldn't go up the steps without holding to the railing. It was impossible for me to do my housework. I was so nervous that I couldn't drink my tea or coffee without spilling it.

"My sleep was restless and broken and I would have smothering spells and would just have to get up and go to the window so I could breathe.

"I finally started taking Tanlac on the advice of a friend and before I had finished taking the second bottle my neighbors could tell I was improving right along. Well, it has only taken five bottles to restore my health completely.

"My appetite is just splendid now, my nerves are strong and steady, my housework is a real pleasure and I can sleep like a child at night. In fact, I never felt better in my life than I do now."

The above remarkable statement was made by Mrs. Sylvia Foster, of 206 S. Division St., Buffalo, N. Y., a well known and highly respected resident of that city.

Tanlac is sold in Nelson by Canada Drug & Book Store, and by the leading druggist in every town. Advt

## CANADIAN CURLERS LOSE OUT ON RUBBER

EDINBURGH, Feb. 6.— (Canadian Associated Press)—The Canadian curlers on Saturday played the fifth test game with Scotland and were defeated in a close game by 117 to 104, thus losing both the game and the rubber.

## OLD COUNTRY FOOTBALL

LONDON, Feb. 6, (Canadian Associated Press).—Association football, with the cup tie competition temporarily out of the way, saw a full league program on Saturday, of which the finest performance was the defeat of Aston Villa by Burnley seven to one. Six goals were scored in the second half. The winners have had a triumphal procession so far, both in the first division of the league and in the cup tie contest, and with a lead of seven points in the former, appear likely soon to attain an impregnable position at the head of the first division.

Ten of Saturday's 33 matches were drawn and 14 home clubs were successful. Birmingham's victory over Notts County, enabled them to displace Bristol City, who only drew at Leicester, as leaders of the second division, but th struggle here for honors is much keener than in the senior competition, several clubs being possibles for the leadership. In the third division, the position is equally intertsting with Southampton and Crystal Palace, each havng 33 points, and Swindon and Millwall only one point behind.

### Scotland Deserves Win

LONDON, Feb. 6. (Canadian Associated Press).—Interest in Rugby football on Saturday centered in the Wales-Scotland game at Swansea. This was expected to be anybody's match, but Scotland deservedly won by a good margin with a placed goal, a penalty goal and two tries, to two dropped goals, or 14 points to eight. This is Scotland's first score in Wales in 29 years.

The match was very unsatisfactory owing to the disorderly behavior of the spectators, who numbered some 30,000. The playing ground was frequently invaded by the crowd and the game stopped, while at one time mounted police were called upon to effect a clearance.

### Rugby Results

Rugby union results on Saturday were: Bath, 0 Pontypool 3; Birkenhead, 35, Manchester, 5; Blackheath, 21; Army 6; Bristol 13, Newport 6; Gloucester 18, Cheltenham 9; Northampton 11, Harlequins 19; Richmond 3, Leicester 13.

## Torontos Defeat McGill

MONTREAL, Feb. 6.—Overshadowing their opponents almost throughout the play, University of Toronto hockey team triumphed over McGill at Mount Royal arena on Saturday night, winning nine to 3. The game was marked the opening of the local inter-collegiate hockey union season and yas the attraction for an attendance of thirty-five hundred.

J. C. Bunyan's rink has the honor of carrying off the silverware in the "All Comers" competition of the twenty-fifth annual provincial bonspiel, it having defeated Fred Ritchie's rink in the final, which was played here on Saturday night. The preliminaries and the semi-finals were played off at Trail, the latter being completed on January 29.

The final was followed with more than ordinary interest by the big crowd of local curlers looking on, excitement being at fever heat in the ninth. In the tenth, the opponents, who had kept close track of each other, tied at 7 7. An extra end gave Bunyan the victory with the score standing at 8-7 in his favor.

The victors were: J. C. Bunyan, D. St. Denis, G. A. Potter and E. H. Prowd. Ritchie's rink was composed of Fred Ritchie, J. Bell, Jr., R. Andrew and Harry Crosby.

### TIGERS LOSE FORM

HAMILTON, Feb. 6.—The Tigers failed to repeat the form last night in the game against Ottawa, they showed the week previous, and they went down to defeat by a score of seven to three, after getting off in front. While there was some brilliant hockey at times, the game on the whole, did not begin to compare with the exhibitions the teams put up the previous week. Gerard and Bruce got two goals each for Ottawas, and Denenny, Darragh and Boucher sent in the other three.

Malone scored 2 for Hamilton and Roach one.

## ST. PATS VICTORIOUS

TORONTO, Feb. 6.—St. Patrick's found little difficulty in defeating Canadiens of Montreal here Satnrday night 10 to 6. They presented their strongest lineup and on the play well deserved their victory. As a result they have more than an even chance for the second half honors. Sprague Cleghorn teamed with Cameron on the defense, and it was here that St. Patrick's strength was noticeable. Cleghorn and Cameron broke up several likely looking rushes and relieved the strain on the forward line by their timely rushes.

Dye scored four goals for St. Patricks, Noble two, Denenny, Cameron, Randall and Smylie one each. For the Canadiens, Lalonde got two, Arbour two, Corbeau and Berlinquett one each.

# AGAIN HEADS LIBRARY BOARD

## Mr. Steeves Reelected Chairman; Prepare Estimates for Council to Consider

Holding its annual meeting at the city hall on Saturday night the Nelson Public Library board organized for the year and prepared its estimates to be submitted to the city council.

B. P. Steeves was reelected to the chair. Fred L. Irwin was chosen as the successor to H. McArthur, as secretary, the latter declining to accept the office this year. Mr. Irwin's acceptance has yet to be secured. Mayor C. F. McHardy was welcomed to the board.

It was estimated that $2350 would cover the expense of running the library for this year, the estimate covering such items as rent of the building, salaries, allowances for purchasing new books and magazines, and incidental expenses. Some further business of a routine nature was transacted and the meeting adjourned until the call of the chair. Those present were B. P. Steeves, H. McArthur, Mayor C. F. McHardy, Mrs. A. L. McCulloch, D. O. Thomas, T. Scanlan, and B. R. Dawson.

# WOULD EXTEND CITY POWER LINE

## Delegation of Across the Lake Residents Confers With Council

Following a conference with members of the city council and the city electrician on Saturday afternoon, five residents of the West Arm resolved themselves into a committee to canvass the residents across the lake with the idea of ascertaining how many would be willing to take electric power for power and light purposes from the city, providing the city power cable were extended to include them on its circuit. Once that data is obtained the committee will report back to the city council and receive a definite offer as to the rates that would have to be charged.

The committee, which was appointed by the Willow Point Farmers' Institute consisted of J. D. MacDonell, Mrs. John Hamilton, Thomas Wilkenson, R. W. Dawson and Capt. E. H. Edwards. It conferred with Mayor C. F. McHardy, and the power, water and light committee, Aldermen W. M. Cunliffe, A. D. Emory, L. H. Choquette and City Electrician MacGuire.

The conference was of an entirely preliminary nature to ascertain in general terms what an undertaking to supply electricity to residents of the north side of the Arm would involve, on the one hand, and what could the city expect in return for such service on the other. No definite proposals were put forward, but it was estimated that a revenue of $3000 annually would be needed to make the undertaking successful from the city's standpoint. There was plenty of power available, and Mr. MacGuire stated current could be supplied via a submarine cable under the lake, tapping the mains at the ferry landing on the south side.

The committee was satisfied that residents across the lake would gladly take up the scheme for the electrification of their locality and left to obtain more definite data.

# ROSSLAND MIDGETS DEFEAT WANDERERS

Owing to an unforeseen incident, the Nelson Wanderers were obliged to meet the Rossland Midgets, at the Nelson rink Saturday, minus two of their star players in the persons of the Madden twins and consequently played at a disadvantage resulting in the defeat by a score of 4-2.

The game however, was fast and well contested at all times.
