## REPUDIATES COMMITTEE'S CONCLUSIONS

**Irish Investigations Characterized as Biased and Misleading.**

**IRELAND FAR FROM A DEVASTATED COUNTRY**

**British Embassy Answers Committee of One Hundred's Report.**

WASHINGTON, March 31.—General conclusions of the unofficial committee of the Committee of One Hundred investigating conditions in Ireland, placing moral responsibility for disorders there on the British government, are characterized as "biased and wholly misleading," in a statement issued today by the British embassy in answer to the commission's report.

The report, the embassy said, was "entitled to exactly the amount of weight which should be given to any judgment based entirely upon the evidence of ex-parte statements and put forward for the most part by persons admittedly holding extreme views.

The statement issued by the embassy adds:

"The facts speak for themselves.

**Most Prosperous Country**

"Ireland so far from being a devastated country, is the most prosperous part of the United Kingdom and probably of the whole of Western Europe. Separate trade statistics for the various parts of the United Kingdom, forming as they do one fiscal unit, are not readily available, but a reliable index to the general prosperity of the country can be found in the returns of deposits in joint stock banks which have increased as follows: 1914, £147,000,000 sterling; 1919, £166,000,000 sterling and 1920, £200,000,000 sterling.

"This prosperity continues and is only affected in a very minor degree, and that mainly in the north, by the general industrial depression.

"The report of the committee lays stress on so-called reprisals and ignores the fact that before the Irish propagandists suggested in September 1920, that reprisals were taking place, 92 policemen, 12 soldiers and 23 civilians had been murdered in cold blood and 159 policemen 56 soldiers and 74 civilians wounded, in most cases without a chance of defending themselves. By the same date, 1200 buildings had been burnt and wholly or partially destroyed.

**Sinn Fein Terrorizes**

"Sinn Feinism has established its position by the terror of the revolver, which has silenced the moderate opinion of the vast majority of Irishmen. It desired to claim for the Irish republican army the status of belligerents, ignoring the fact that the members of that force constantly, indeed invariably, violate the laws of war as recognized by every civilized community, in a manner, which, according to the same laws, justifies the penalty of death for all offenders. Their methods are those of the assassin, their deadly work is done by stealth by persons in the garb of civilians who move about under the protection of the law until the moment comes for the attack, and who, immediately after killing their victim, revert to the aspect and demeanor of peaceful citizens. Expanding bullets are frequently employed by these Sinn Feiners. Increasing pressure is brought by by crown forces and has succeeded in forcing them more and more to abandon the method of individual assassination in favor of organized attacks by armed bandits, but the furtive character of their activities still continues."

**Sensational Drop in Veal.**

MONTREAL, March 31.—A sensational drop in the price of certain grades of veal, which is selling at what is practically pre-war prices, is reported at the Bonse Course market here today. Poorer grades were 10 cents a pound cheaper and first-class veal was down about 8 cents a pound.

## RAMS AND SINKS SEATTLE PASSENGER SHIP-GOVERNOR

**SEATTLE, March 31—The passenger steamship Governor of the Admiral line, en route to Seattle from San Pedro, was rammed by the freighter West Hartland, off Point Wilson, near Port Townsend, Wash., and is reported sunk, according to radio advises here.**

## CARDINAL GIBBONS IS LAID TO REST WITH HIGHEST PONTIFICAL HONORS

BALTIMORE, Md., March 31.—James, Cardinal Gibbons, archbishop of Baltimore, was buried today with all the honors that the Roman Catholic church could bestow on one of its princes. In the cathedral of the Assumption of the Blessed Virgin Mary poured prelates of equal rank, diplomats and statesmen from Washington, high officials of the land and state he had served, and members of his flock. Outside in the rain were massed bareheaded thousands who, unable to press into the church, stood reverently for three hours while the pontifical requiem mass was being sung.

During the long service—as picturesque as a tapestry of the Middle Ages suddenly become animated—Archbishop John J. Glennon of St. Louis took the pulpit and, looking down on the bier of a fellow churchman, eulogized the late cardinal as the "great leader and soldier, the great legislator, the far-visioned educator, the great patriot, the kindly, gentle old man."

The service ended shortly before 1 o'clock and the long recessional streamed from the cathedral.

With the fall of the evening tender hands lifted the frail little body of the churchman from the great purple catafaque on which it had rested in state for four days and placed it in a simple coffin of cardinal purple. Then the casket was borne to the white marble crypt under the sancary, in which six other archbishops already are sealed. A simple cere mony, witnessed only by the closes and dearest, and then the door t the vault swung to.

The requiem was a thing of beauty a symphony of sound and color.

## BUSINESS MEN'S ADVICE TO DRAYTON IS ADJUSTMENT PRESENT SALES TAX

TORONTO, March 31.—An adjustment of the present sales tax, is the suggestion which will be made to Sir Henry Drayton, minister of finance, by the Canadian Manufacturers' association, the Wholesale Grocers association, the Retail Merchants' association of Canada and the Canadian Credit Men's Trust association, as the best way to raise federal revenue from the business of the country.

This decision was arrived at this afternoon at a conference of the organizations after two days' discussion. The conference had been called at the request of the finance minister who had intimated that he would listen to any propsal coming from representatives of the three sections of trade if they were unanimous thereon. Complaint had previously been made of forms of taxation as restrictive of trade.

**Resolves Divergent Views**

Divergent views were aired yesterday and again today and as it was apparent that no unanimity could be expected from the representaties at a general meeting, the question was given into the hands of a resolution committee today in the hope that a report would be prepared which would carry the conference. The hope was fulfilled. The committee made the following recommendations to be submitted to the finance minister and they were unanimously passed by the conference.

1. That the business profits war tax act shall be reenacted.

2. That the income war tax act affecting corporations shall be released.

3. That the present excise tax on confectionery shall be abolished.

4. That the present sales taxes

### *Greeks Hold Captured Position Against Many Turk Counter Attacks*

ATHENS, March 31—The Greeks have captured Avghin and held it against twenty-two Turkish counter-attacks, says the official communication issued today. Kovalitza also hos been taken by the Greeks.

## LEGISLATURE TURNS DOWN BEER CLAUSE

**Liquor Bill Receives Third Reading; Eleventh Hour Amendment Defeated.**

**UPHILL DECLARES ACT UNWORKABLE**

**Mackenzie Urges Appeal to the People if Beer Clause Rejected.**

VICTORIA, March 31.—The bill for the government control of the sale of alcoholic liquors received its third reading in the legislature today, an eleventh-hour proposal to insert a beer clause being defeated by 34 to 11.

The discussion of the amendment in favor of a beer clause proposed by Thomas Uphill, Fernie, gave rise to some debate. Mr. Uphill said he did not believe any member had the least hope that the bill would prove workable. It made it easy to obtain liquor and difficult to get beer. That, in itself, would create a tendency against the proper working of the act. In his own district where there were beer drinkers there was little sickness and no use of drugs.

**SAYS ACT UNWORKABLE.**

Mr. Uphill said he ventured to declare that the members of the house if they went back to the country after passing this bill would be defeated, for they had got an act that was unworkable. In fact, the premier had admitted this.

Premier Oliver: "I deny the statement."

Mr. Uphill: "Well, I withdraw it if he didn't say it, but I still believe he did."

R. H. Pooley, Esquimalt, announced he was going to vote for the motion.

"Real beer," he said, "is what we want."

**Would Appeal to People.**

Capt. Ian Mackenzie, Vancouver, expressed pleasure that the house was at least being given an opportunity of placing itself on record on the question. If the beer clause was not adopted he appealed to the government to take the necessary steps to submit the matter to the people.

The 11 who voted for the beer clause were Messrs. Pooley, Uphill, Burde, Lister, Sloan, Farris, Anderson, Perry, Kergin, Mackenzie and Pattullo. The only absentee member was Hon. Mrs. Ralph Smith.

The bill to provide for the election of reeve and council and South Vancouver was given its second reading at the afternoon session of the legislature.

**Speaker Frustrates Amendment.**

Consideration of the amendment to the constitution act providing for increases in sessional indemnities and increases in cabinet ministers' salaries was frustrated tonight by Speaker Manson. The amendments had reached the stage of being considered in committee of the whole when the speaker pointed out that they had not yet been printed. The premier then moved that the committee rise and report progress so that the proposed amendments may be printed.

Hon. T. D. Pattullo announced that the provincial system of reserving coal lands may be altered somewhat as coal leases had become very com-

## MINERS' STRIKE FINDS BOTH SIDES UNYIELDING; ORDERS CALL OUT ALL PUMPMEN AND ESSENTIAL WORKERS

**Railwaymen and Transport Workers Regard Government Attitude as Prelude to Reversion to Old Days and General Wage Reduction; Allied Unions Call Conferences for Next Week; Even if Whole Triple Alliance Walks Out Government Is Prepared to Carry on Vital Services and Prevent Ruin of Mines; Situation Most Serious Since 1919.**

LONDON, March 31—Success or failure for the national coal miners strike, which has been set to begin at midnight is expected to depend upon the results of meetings of the railway and transport workers called for early next week. Those who had been hopeful that the railwaymen and transport workers would find a way out of the difficulty, received little to reassure them in statements issued on their behalf after morning conferences. These statements were to the effect *that the attitude of he mine owners* and officials of the government was regarded by the railwaymen and transport workers as a prelude to a general attempt to reduce wages and get back to the old days, instead of national negotiations in labor disputes.

**Unions Call Conferences**

The National Union of Railwaymen has called a conference of delegates for April 6, at which it will be decided whether the railway men will support the miners. The transport workers also have decided to call a meeting of the executives *of all the bodies affiliated with them* April 5 to take similar action.

If the statement issued today on behalf of the railwaymen and the transport workers influences the railwaymen and the transport workers to support actively the miners, through a sympatheitic strike, the outlook is ominous. Some persons point out that there is an increasing likelihood of the entire triple alliance, numbering almost 3,000,000 workers, laying down their tools. They point to the fact that an identical situation as regards the railroads will be almost certain to *come up again in August when* government control of the railways ceases. On this account they argue, the triple alliance may see fit at the present time to make the miners' cause a test case.

**Strike Call Includes Pumpmen**

The temper of the miners for the walk out is indliated in their strike order which includes the pumpmen and the other workers who are essential to keep the mines in working condition.

This, however, it is declared, will be countered by the government employing naval men to go into

*Tries to Juggle With Reparations.*

COPYRIGHT, KEYSTONE VIEW CO., NEW YORK

DR. WALTER SIMONS

German foreign minister, whose naive proposal to pay 50 billion gold marks instead of 228 billions demanded, was brusquely turned down by the allies and led to the occupation of German territory.

## GERMANY ASKS DISARMAMENT ARBITRAMENT

**Denies Infringement of Treaty; Willing to Submit to Impartial Tribunal.**

BERLIN, March 31.—Further long notes have been exchanged between the inter-allied commission and Germany, in which the allies claim that Germany has failed to complete the delivery of arms and material from fortresses, and the German government, in detailed explanations, claims that it has detained only sufficient arms for an army of 100,000 and fortress material absolutely necessary.

Germany denies that she has infringed any of the provisions of the peace treaty relating to disarmament and fortresses, and says she is willing to submit any points at variance with the allies to an impartial court of arbitration.

### FLASHES BY WIRE

**Leaders Confer on Natural Resources.**

WINNIPEG, March 31.—Unanimous action by the legislature toward urging the Dominion government to transfer their natural resources to the western provinces was forecast tonight when arrangements were made for group leaders to confer on the resolution to be submitted to the house. The suggestion for such a conference was made by J. T. Haig, conservative leader, and was at once accepted by Premier Morris.

**Assizes All the Year Round.**

WINNIPEG, March 31.—The time is not far distant when the assizes will be contitnued the year round, Mr. Jusice MacDonald told the grand jury when it submitted its report today. Crime has greatly increased, he said, being due mostly to the foreign element brought in and the increase in population in the province.

**Will Hand Down Alimony Decision.**

*WHITE PLAINS, N. Y., March 31.*—Supreme Court Justice Morschauser tomorrow will hand down his decision in the motion for alimony and counsel fees of attorneys for Mrs. Anne Urquhart Potter Stillman, pending the determination of the suit for divorce brought by her banker husband, James A. Stillman.

### DAY IN PARLIAMENT

**HOUSE OF COMMONS.**

Replying to a question the prime minister said he had never subscribed to the idea of creating an mperial cabinet.

House in supply on trade and commerce estimates, discussion on bounties for producers of crude petroleum and on linen yarn spun in Canada from Canadian flax. Votes for honorary research councils; inspection and sale act; international customs tariff bureau; West Indies cable, and printing of parliamentary and departmental publications carried.

House adjourned at midnight.

**SENATE.**

Discussion on the export trade of Quebec city.

Inquiry by Senator Bostock if the Pacific coast fisheries treaty between Canada and the United States has been ratified.

## VOTE HIGHER SALARIES FOR THEMSELVES

**All Legislators Except Speaker to Draw Increased Indemnities.**

VICTORIA, March 31.—Members of the legislature decided yesterday to increase all their salaries and indemnities.

Premier Oliver's salary is raised from $7500 to $9000 and all cabinet ministers from $6000 to $7500. The salary of Hon. W. J. Bowser, K. C. leader of the opposition is increased from $1500 to $2000.

Indemnities for all private members of the house are raised form $1600 to $2000.

As Mr. Bowser draws the regular $2000 indemnity, as well as the $2000 salary, he will now get $4000 a year, an increase of $900 a year.

The only one left out of the salary increases is the speaker, Hon. A. M. Manson. The speaker now receives only $1800 a year as salary in addition to the regular sessional indemnity. This is the lowest salary for any speaker in Canada from Ontario west. The Ontario speaker receives $2500 a year.

## CONTENDS LIQUOR LAW ULTRA VIRES

**Vancouver Merchant Enters Suit for Recovery of Whiskey Seized.**

VANCOUVER, March 31.—Claiming that the provincial laws relating to the seizure of liquor are ultra vires, Morris Plant of this city has entered suit in the British Columbia supreme court for the recovery of 1213 cases of rye whiskey or the value of the same, claiming wrongful seizure by the prohibition authorities of the province.

The whiskey is valued at $40,000. It was seized last July in Morris Plant's premises here. Plant was fined a total of $800 at that time on two charges of keeping and selling liquor illegally. These convictions were sustained last October in a higher provincial court. Now the legal right of the province to keep the liquor is challenged and the claimant also asks for damages for wrongful detention.

Sections 30 and 35 of the British Columbia prohibition act, 1916, and the whole of the summary convictions act of 1915 are declared ultra vires in the appeal.

plicated and reserves had been placed on the lands so that the whole matter could be cleared up. There will be legislation affecting both coal and oil areas at the next session of the legislature.

**Introduce Money Bills.**

The British Columbia Electric railway will receive up to $400,000 from the province toward defraying the cost of making alterations to trackage, rolling stock and equipments necessitated by the change in the rule of the road. In a bill introduced today authorizing a loan of $3,550,000, a sum of $1,000,000 is to refund to the provincial treasury sums already paid under the provisions of the soldiers' land act; $300,000 for carrying out the provisions of the amendment to the forest act; $750,000 for new undertakings under the soldiers' land act, and $1,000,000 for the conservation fund under the water act. The same loan will provide for the compensation to be paid to the British Columbia Electric railway.

**To Regulate Chiropractors.**

A bill dealing with chiropractors and drugless healers was introduced by Hon. Dr. McLean, which is designed to bring these practitioners under the provisions of the medical act. It requires that they must be graduates of a recognized school of chiropractics which has a resident course of three years and six months or more, before being permitted to practice in the province. A chiropractor will have to pass an examination satisfactory to the medical council in a large number of subjects enumerated in the bill.

# MERCHANT MARINE FOR COAL TRANSIT

## Place Government Vessels at Disposal of Cape Breton Coal Trade for Relief.

GLACE BAY, N. S., March 31.—The department of marine will put Canadian government merchant marine steamers at the disposal of the Cape Breton coal trade if they are required, according to word received here today from J. C. Douglas, M. P. for Cape Breton South.

Officials of the Dominion Coal company here say there is little improvement in the coal trade outlook, however, and that there will be a complete shutdown of the collieries here on Saturday, Monday and Tuesday.

## 1 Pill a Laxative, 2 Pills a Cathartic, 3 Pills a Purgative,

**This is the Way Milburn's Laxa-Liver Pills Work.**

You will never use any of the old griping, nauseating, sickening, purging pills, containing as they do calome and other drastic mineral ingredients once you use Milburn's Laxa-Liver, a pill that is purely vegetable.

Owing to the great care used in procuring the highest grade of drugs from which they are manufactured, they are as near perfect as it is possible to get a laxative remedy.

They work gently and effectively without a gripe or pain.

If you are troubled with constipation, biliousness; driven to distraction with sick headaches, if your tongue is coated, your breath bad, your complexion muddy, your eyes yellow, have floating specks before the eyes, jaundice, itching, bleeding or protruding piles, stir up your sluggish liver with a few doses of Milburn's Laxa-Liver Pills.

Mrs. Roy Mackie, Orillia, Ont. writes:—"I desire to express my thanks for the relief I have had by using Milburn's Laxa-Liver Pills. I had been suffering for some time from constipation and bad headaches. I tried all sorts of cures which did me no good, until I was advised to try your pills. I got great relief after taking only a few doses."

Price 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

# HOUSE DEBATES BOUNTIES UPON LINEN AND OILS

## Discussion on Trade and Commerce Estimates Follows Placid Course.

## ROYALTY ON WESTERN BOUNTY ON OTHER OIL

## Minister Explains Conditions Dissimilar; Western Fields Rich.

OTTAWA, March 31.—(Canadian Press)—Bounties on linen yarn and crude petroleum occupied the house today. For the greater part, the house was in supply on trade and commerce estimates and discussion to assist with the bounties.

A. R. McMaster, Brome, charged that the petroleum business was profitable and there was no need to assist it with bounies.

"It's rank, raving lunacy," Mr. McMaster declared.

"But," retorted Sir George Foster, minister of trade and commerce, "the policy of paying bounties to producers of crude petroleum was naugurated by a Liberal government."

Then, rejoined Mr. McMaster, conditions were no doubt different when the policy was inaugurated.

On the question of flax and linen yarn, there was some opposition criticism that farmers had been encouraged to grow flax and now found themselves with a crop on their hands. What advice, it was asked, had Sir George to offer?

Sir George held that he would be a pretty bold man who would take the responsibility of giving advice in such a case. The producer must decide for himself.

There were no direct intentions on the part of the government to encourage farmers to grow flax, Sir George said. The bounty had been given to encourage production of linen thread during the war. He thought farmers had grown flax rather because of high prices than because of the bounty.

Brig. General W. A. Griesbach, Edmonton, West, asked why the government insisted on the payment of a royalty for oil produced in the west and paid a bonus on production elsewhere.

New and rich oil fields were being discovered in the west, Sir George replied, and it was thought that the government was entitled to a royalty on the oil produced. The situation was not similar to that which prevailed when the bounty was first granted. Major Redman, Calgary, said if it were necessary to pay a bounty years ago, it was more so now. The bounty was an incentive to increased production.

Dr. Michael Clark, Red Deer, characterized it as a waste of public money. There were only two classes of companies to whom bounties should be paid. One was making good and did not need the money, and the one which was a losing proposition should not be kept alive by bounties. It would be better to make the implements of production free.

## Soviet Foreign Secretary Protests Against French Detention of Prisoners

MOSCOW March 31. (By Wireless to London)—A note has been addressed to the French government by M. Tchitcherin, the foreign secretary protesting against the detention of 25,000 Russian prisoners in France and others in North Africa and in the Balkans.

The note declares that if the Soviet demands are not complied with, the Russian government will take suitable steps.

## ONTARIO MAKES FAVORABLE DEAL

TORONTO, March 31.—The province of Ontario borrowed on exceptionally favorable terms today when it accepted the offer of 99.53 on a $6,000,000 issue of six per cent, six months treasury bills, thereby paying approximately 6.10 for its money, with interest and principal payable in Canadian funds in Toronto and Montreal. Eighteen local houses comprised the syndicate which was awarded the issue.

# SMILLIE & WEIR

# BUSINESS MEN'S ADVICE TO DRAYTON IS ADJUSTMENT

(Continued from Page One)

be adjusted so as to provide the additional revenue needed by the government.

**Retailers Not to Pay**

Hugh Blain, wholesale grocer of this city, who presented the report, said that the report meant that the manufacurer and wholesaler should pay the tax. Mr. Blain, in answer to questions as to his interpretation of the commendation of an adjusted sales tax, said that it was his intention that the retail trade should not pay the adjusted tax.

"I do no think any other system would be accepted by the government," he said. "I think the government would not be prepared to collect a tax from 200,000 merchants throughout the country.

# NEITHER YIELDING IN MINERS' STRIKE

(Continued From Page One).

the pits if it is necessary, to take such action as is necessary to prevent the ruination of the mines. The government's plan, it is understood, even contemplates measures for the carrying on of the vital services even in the event of a walk out by the entire triple alliance.

Efforts to avert such a contingency are continuing, and in some quarters the belief is expressed that the railway men and the transport workers may confine their participation in the miners' strike to a refusal to handle coal.

**Naval Forces Insufficient**

The government in 1919 employed naval men for the pumping of mines during the strike at that time, but it is said that should the regular mine pumpers be called out, scores of mines inevitably must be flooded as there are insufficient naval forces available for the work.

Neither side to the controversy showed signs of yielding today, and the situation tonight generally is regarded as the most serious since the 1919 mine strike, when the workers held out for 16 weeks.

# COMPLAIN QUEBEC SUFFERS NEGLECT

## Senators Air Grievance of Diversion of Grain Trade to New York.

OTTAWA, March 31.—(Canadian Press)—Export trade of the port of Quebec was discussed in the senate today. Complaint was made by Senators Tessier and Chapais that much trade had been diverted from Quebec to the United States. Senator Tessier asked for all correspondence between the government and Quebec city council and harbor commission with regard to the diversion of the Northwestern grain trade to New York, and the alleged non-fulfillment by the government of its undertakings with regard to the terminals of the trans-Continental railway at Quebec. The government, he declared, had exhibited hostility towards the port of Quebec. The railway policy was hostile. There was an excellent deep water harbor there without deepening the St. Lawrence and immense sums of money had been invested but no effort was being made to direct export Canadian trade through it.

**Special Rates Abrogated**

In six years 518,000,000 bushels of Canadian grain had gone to Europe via Buffalo.

Hon. Thomas Chapais complained that the special grain rates on the trans-Continental had been abrogated and that this had forced grain through the United States. It was a great loss to Canada and steps should be taken at once to utilize the facilities of the port of Quebec.

Senator Bostock has inquired from the government whether the Pacific coast fisheries' treaty, negotiated between Canada and the United States has been ratified by both countries and whether it is in operation.

The senate adjourned until 2 o'clock on Friday.

## CANADIAN PACIFIC HAS NO COME BACK

EDMONTON, March 31.—Absolute assurances that there was no possibility of the Canadian Pacific railway coming back at the province for a charge in connection with operating losses on the Edmonton, Dunvegan and British Columbia railway, during the company's lease of the property, was given in the legislature today by Premier Stewart and Attorney-General Boyle, who stated that there was the clearest possible understanding with the Canadian Pacific railway, including President Beatty, that the Canadian Pacific railway, was to shoulder all operating costs and charges.

## START YOUR CHILDREN RIGHT

Do not torture their feet. We have the pillow welt on natural last for your children in button and lace.

Size 5 to 7½ ..... $3.90

Size 8 to 10½ ..... $4.90

## C. ROMANO THE SHOEMAN

The province was represented in the drafting of the agreement by Eugene Lefleur, K. C., of Montreal and the E. D. & B. C. was represented by Judge Robson of Winnipeg.

HELSINGFORS, March 31.—The new land tenure scheme of the Russian Soviet government, announced in the Moscow newspapers received here today, permits each man to hold his land for nine years, within which time there will be no redistribution. It is also provided that peasants whose holdings are scattered over a large area, will in some cases, be allotted new centralized holdings of an equivalent size.

# Printed Butter Wrappers

Either With Your Name or with the words

## Dairy Butter

According to the Dominion government regulations all farmers who sell butter either to stores or privately are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words

"DAIRY BUTTER"

The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces and in default of same a fine of from $10 to $30 for each offense is imposed. Whey butter must be so labelled, even when mixed with dairy butter and dairy butter retains its label even though it be mixed with the creamery product.

## Prices

PRINTED WITH NAME OF FARMER OR BRAND NAME

If you have your own name or brand on your wrappers you gain valuable advertising for your butter. It causes people to ask for the same brand again.

500, Paper and Printing ..... $4.25

1000, Paper and Printing ..... $7.00

PRINTED WITH WORDS "DAIRY BUTTER"

100 for ..... $1.00

250 for ..... $1.50

500 for ..... $2.50

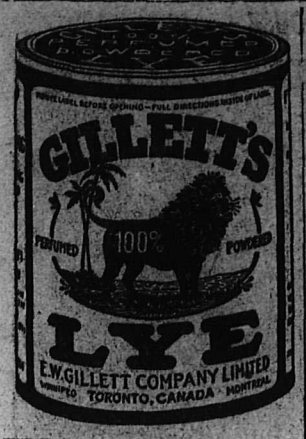
BAKER STREET — NELSON, B. C.



# MAKE A JOINT GAME EXHIBIT

## Board of Trade Invites Rod and Gun and Mountaineering Devotees Join Forces

A joint exhibit of fish, game and scenery, chiefly through the medium of photographs, but also comprising a certain number of specimens, assembled through the joint efforts of the board of trade, the Nelson District Rod and Gun club, and the Kokanee Mountaineering club, is Secretary E. F. Gigot's conception of the most effective form for the exhibit already authorized by the board for the Spokane sportsmen's and tourists' fair to take. In line with this conception Mr. Gigot yesterday got into touch with the two other organizations named, and it is probable that the assembling of the exhibit will become a joint enterprise of the three organizations in the best position to undertake this responsible task.

When the exhibit goes to Spokane F. C. Whitehouse, chairman of the publicity committee, will accompany it, and it is possible that other Nelson residents will attend the exposition and give this district a boost. The dates are April 12-15.

Acknowledging receipt of Secretry Gigot's letter promising an exhibit from this district, T. M. R. Keane, chairman of the committee of management of the sportsmen's and tourists' fair, this being the second annual event, writes as follows:

"We are indeed delighted to learn that Nelson is to be represented at the sportsmen's and tourists' fair. We feel that this will go far toward renewing the time-honored friendship between the two communities, and that the effect should be a very substantial stimulation to tourists of business from Spokane to the Queen City of the Kootenays. We shall reserve space for you, and will notify you in ample time as to the footage thus reserved.

"It is a source of regret that you are not sending and fresh trout. We have the same game laws here, and a very efficeint force of wardens who enforce the regulations rigidly. However, no difficulty is encountered in taking a few specimens of choice fish for exhibition purposes, the authorities readily issuing permits when the desirability of the action is thoroughly established. Possibly you could make similar arrangements at Nelson.

Fish exhibits for the fair have commenced to arrive. The exhibits are being frozen in solid blocks of ice as clear as plate glass and will be placed in storage until the opening of the fair. This makes a splendid exhibit and it is done absolutely without charge to the exhibitor. In event of your being able to arrange for a shipment of fresh fish please ship them direct to the Diamond Ice company, Ruby and Mallon, Spokane. There is no duty on fresh fish entering Spokane, and no trouble will be experienced with the customs officials.

"We are also glad to learn that somebody will be personally in charge of the exhibit. This direct contact counts for much."

# WHAT FORM SHALL THE MEMORIAL TAKE? COMMITTEE SUBMITS THREE SCHEMES

A beautiful and fitting memorial, that will be the community's tribute to the memory of those who did not come back, is the object of every resident of Nelson. Only on the form that the memorial should take is there diversity of opinion. Below are given letters sanctioned by the citizens' committee, in advocacy of the three distinct schemes or types of scheme that have been considered. Ballots will be published, and votes may be deposited at the city hall from April 6 to 13, closing at 3 o'clock on the last afternoon, 16 years being the age limit.

The Daily News will accept brief letters on the subject up to the date the voting starts.

## DOWNTOWN

The committee in favor of the down town memorial have in mind three possible sites. One is to erect a memorial on Vernon street, which street, I believe, it is the intention of the city council to have boulevarded this summer.

The other site is that property opposite the city hall. This is a splendid corner and could be had at a very reasonable price. A memorial here surrounded by shrubbery and grass would make a delightful resting place for our citizens.

The third scheme is to secure the Grand Central lots, and turn it into a miniature Trafalgar Square. Cement steps could be made from Vernon and Ward streets with the monument about the middle of the lot, and also a fountain. This would make an ideal place for the citizens to hear any public speeches, or out-of-door concerts, and when fitted up with some shrubbery and seats would make a beautiful resting place. It would mean what is now, and likely to be for some time, an eye-sore, would be changed into a place of beauty. It would also likely mean that in the future good buildings would be put up on each side with verandahs and balconies, facing this lovely park.

(Signed) R. G. JOY.

## CENTRAL SCHOOL

An archway to be built on Stanley street, in front of the main entrance to the school, built of granite or marble and suitably inscribed. Dimensions to be: Outside, 22 feet wide, 27 feet high; inside, 12 feet wide, 17 feet high; depth, 4 feet.

On either side of this to be placed a base upon which will rest the two guns.

At the corner of Stanley and Carbonate, and Stanley and Mill streets, respectively, to be placed an obelisk not less than six feet high. One obelisk to have a palm leaf carved in relief symbolic of victory, and to contain the names of the important battles in which the Canadians were engaged.

The other obelisk to have upright torch carved in relief symbolic of eternal life, containing the names of those who fell in battle.

The total cost of this plan will not exceed $8,500.

We advocate this:

1. Because it is easy of access being on a main thoroughfare and in the heart of the city.
2. The great majority of the boys and girls of the city will attend Central school.
3. Central school will, we believe, continue to be the central school.
4. The educational advantages of this scheme cannot be surpassed.
5. Being in connection with the school grounds we are reasonably assured that these memorials will receive continued care and supervision from the city because the school board will form a perpetual committ-
6. We understand the school board have already considered plans for the building of a retaining wall around the school grounds and have a general scheme for laying out and beautifying the same.
7. The cost of this form of memorial (not more than $8,500) compares favorably with any other adequate scheme presented.

(Signed) J. P. WESTMAN.

## THE BLUFF

At the meeting called by the mayor of Nelson on March 18, attention was drawn to the fact that for ages past it had been the custom of the Anglo-Saxon race to celebrate its victories, and commemorate its dead heroes by placing a monument in their honor in the most prominent places in the empire. Many of these monuments are stately columns of various designs, and placed in the situation most befitting their object, and the desires of the people at the times they were erectd.

Many of these monuments now adorn the parks and squares of our large cities. Some were placed in prominent places which have since been built around with houses, stores, factories, etc., showing them at the present time in situations not befitting the object which they commemorate. But it was a very rare occasion, one that hardly ever occurred, in which an imposing structure was erected in one of the side streets of a city, which was mainly given over to heavy traffic.

A tribute from the people of Nelson and district to the men of this district who helped to win the great war, should be placed in the most prominent place it possibly can be, a place where it can be seen and noted by all. It is our acknowledgment before the world of the honor and esteem with which we hold the sacrifices made by all the men who went to uphold the rights we hold so dear, and for our country in the time of its worst peril.

The knoll behind the hospital, which is part of the city park, is probably the most suitable place in this city for such a monument. It would be visible from almost every open place in the town, from the Great Northern railway passengers entering Nelson from the south, from the C. P. R. from the west and people on the steamers coming from the east would be able to see it six or seven miles away and ask about it. It would also dominate the hill overlooking the grounds upon which so many of our boys obtained their initial training; and be a silent guardian over the waters of the lake upon which so many of them excelled in sports.

The place which the board of trade committee considered the most suitable place on the knoll is within easy walking distance of the center of the city, and when Fairview is incorporated will be approximately the center of Nelson and can be reached by an easy grade on the new road by the hospital. It could be and should be made one of the beauty spots of Nelson, being part of the city park and a splendid view is obtainable from it. At night electrical reflectors would make the column stand out in clear relief visible for miles around, a glowing tribute throughout the years to come to the younng manhood of the early twentieth century.

In submitting our argument in favor of this form of memorial we would finally draw attention to the fact that plans and approximate estimates running from $2500 for a 42-foot shaft up to $7000 for a 100-foot shaft, showing that whatever reasonable amount of money is subscribed a memorial complete in itself could be erected.

We respectfully submit to the people of this city and district that a no more fitting tribute can be erected to "Our Boys" than a massive granite monument upon the knoll, indicative of their strength and endurance in the Great War.

(Signed) E. W. WIDDOWSON.

# MACS HOLD DOWN TOMMIES TO DRAW

## Scotch-English Clash Is Real Soccer Battle; Partisan Spectators Enthused.

Unable to make good their boast that they could lick anything on barred shoes from the land of kilts, the Tommies or the Nelson senior soccer club were fought to a standstill by the redoubtable Macs of the team, and had to be content with a draw of 2 o 2 in the Scotch-English clash at the recreation grounds yesterday afternoon. Not satisfied to have held their challengers, the Macs dropped a parting sarcasm after the game and declared they would have won but for two or three Englishmen playing substitutes for them. Be that as it may, the clash was a real battle from start to finish, with lots of dash and high spirit, though for the most part lacking in combination. The 100 odd partizan spectators, delighted with bits of individual good play, hollered their heads off at anxious and expectant periods.

The first goal was scored soon after play began, when Bradley, the Tommies' center took a neat pass from wing and beat Stanton to it. Stanton was rather out of luck with an injured leg. Elated with their first, the Tommies sailed right into the Macs apparently with the intention of having a walk-over, but were repeatedly broken up by David's stellar performance at back. The Macs evened up matters when Spiers landed a long shot into the Tommies posts which Middleton made a gallant effort to save.

For the second half, the teams faced off without any waiting. The Tommies made a vigorous onslaught on the goal of the Macs, working their only combination of the game.

Excitement was at fever pitch until Wallach cleared the ball to the forwards, when a clear run up the field with only the backs to oppose, was checked by a man being laid out. At the resumption of play, the Macs managed to take he lead, Bartholomew scoring after a fancy bit of dribbling and team play with Talbot. The Tommies were not long in straightening out their end. Fed from the center when a collision wih the backs was imminent, Ball, at outside right, quickly took advantage of an unencumbered posiion to shoot and scored the tying goal.

The line up was:

| Macs | Position | Tommies |
|---|---|---|
| M. Stanton | Goal | J. Middleton |
| T. Atkinson | Backs | J. Wood |
| H. David | Backs | F. Hartland |
| T. Stout | Rt. Half | A. Lane |
| C. Bernard | C. Half | J. Morris |
| A. Wallach | L. Half | T. Cherry |
| I. Spiers | Outside Right | J. Ball |
| H. McKenzie | Inside Right | G. Morris |
| G. Talbot | Center Forward | F. Bradley |
| A. Bartholomew | In. Left | T. Squires |
| H. McLaughton | Out Left | V. Graves |

L. Draper was the referee.

## OBITUARY

### KNUDSON

The funeral of the late Mrs. B. F. Knudson, of Harrop, took place Wednesday from St. Saviours church Rev. Fred H. Graham officiating. Interment was in the city cemetery. The pall bearers were E. Harrop and F. C. Risdon, of Harrop, and George Ferguson, C. J. McGulgan, William Wilson, and W. Whitmore, of Nelson.

There were floral tributes from Mr. and Mrs. George Ferguson, Mr. and Mrs. J. K. Salter, Mr. and Mrs. C. J. McGulgan, Mr. and Mrs. R. B. Smith, Mr. and Mrs. M. Habegarde, Mr. and Mrs. C. Habegarde, Mr. and Mrs. William Wilson, of Nelson; and from the Harrop School children, the Harrop Women's Institute, Mr. and Mrs. E. Harrop, Mrs. W. J. McConnell and Miss McIntosh, W. Thompson, G. Cose J. A. Knauf and children, Mr. and Mrs. F. C. Risdon, Mr. and Mrs. C. D. Ogilvie, and Miss A. E. Phillips, of Harrop.

### MRS. ELLEN MARY McCOSKRIE.

Ellen Mary Crawford, beloved wife of John Alexander McCoskrie, died at her home this morning after an illness of many years' duration. The late Mrs. McCoskrie was born in Norwich, England, 29 years ago.

## WEDDINGS

### OXLEY-ROBERTSON.

A quiet wedding was solemnized on Thursday evening at 7 p. m. at the home of Mr. and Mrs. D. J. Robertson, when their only daughter, Bernice Margaret, became the wife of T. F. Oxley. Rev. T. E. Tyner performed the ceremony. Dainty refreshments were served, after which Mr. and Mrs. Oxley left on the Kettle Valley train for their home in Eholt, B. C.

Orangemen from all over the world will convene in Winnipeg in 1923.

# GRANT ESMONDE RIGHT TO LAND

## Irishman Banned in Australia May Cross Canada En Route to England.

VANCOUVER, March 31—On condition that he will proceed to England, Osmond Thomas Grattan Esmonde, was permitted to land from an Australian liner here today. Af- authorities questioned his right to shipboard, he is allowed to land in a British country.

It is understood that immigration authortes questoned his right to land here only because he had been refused admittance to Australia. The question to be settled so far as Canada is concerned was whether or not he was a person aiming at the overthrow of constitutional authoritiy. Apparently the authorities have found him innocent of any such extreme views, but he will be allowed to remain in Canada only long enough to permit of his reaching a British-bound boat in Montreal or Halifax. It is understood that Esmonde will leave here at once. He will not be under actual guard, but a certain amount of surveillance is likely.

### Four Months on Board Ship

Esmonde left this port for Australia four months ago, after an extended tour of the United States. The declared purpose of his visit to Australia, was that of looking "after Irish interests there in the absence of Archbishop Mannix." He denies that he is the official envoy of Sinn Feinism, but his refusal to take the oath of allegiance to the British crown caused the authorities in Australia to refuse him entry to the country. He, therefore remained on board the steamship Makura in Sydney, even though that ship was sent to drydock there, waiting until she could bring him back to Canada.

During the war the French population increased by four million.

## Ankle Hiders

THE VERY NEWEST

Frock from Paris, imported by Miss Norma Talmadge. Note the extreme length of the skirt, which is again the vogue. Ruffled cuffs and collar add a contrasting touch. The smart walking stick is absolutely the thing nowadays.

## Simons Tells Berlin Some Bitter Truths.

Dr. Walter Simons, German foreign secretary and leader of the German delegation to the London conference, gave his countrymen some hard truths in his speech before the reichstag recently. The allies' demands, he frankly declared, "are not inspired merely by the intoxication of victory or lust for power, but, on the contrary, are the result of extraordinarily heavy troubles and distress in their own countries."

Dr. Simons admitted that it was possible to get a better world perspective from London than from Berlin, and thereby realize how general is the opinion that Germany is in the wrong and has not done enough to requite that wrong.

And, moreover, he declared, our position in the world is not such that it could be improved by a breach."

The frightful war, with all its cost in blood and suffering and wasted treasure, came from the inability of the German leaders and the German people to understand that a correct perspective of world opinion and forces could not be obtained from Berlin. They saw the world through distorted lenses. They plunged half-blinded into the conflict of their seeking. They stupidly drew the United States into it. They thought their position in the world "could be improved by a breach."

The sooner Germany comes to an intelligent understanding of the frank truths spoken by its foreign minister the sooner the German people will start on a road that leads to somewhere. Dr. Simons is giving them acrid medicine, but it is the only medicine that can cure them of their delusions. He himself had to get a jolt or two in London before he awakened to the true situation.

## Editorial Notes

Historical note: Ideal; raw deal; new deal.

—o—

At times one wonders why the jury in some of those American cases doesn't enter a plea of insanity.

—o—

If you would be contented, cultivate the society of those who are poorer than you are

—o—

When you experience the kick, you wonder if the bootlegger who sold it was bonded didn't mean branded.

—o—

The reason the housing problem never bothers the English sparrow is because it isn't so darned particular.

—o—

In lieu of cash indemnity, the allies might offer about 16 marks the head for war criminals f. o. b. Berlin.

—o—

When Lansings finishes his discussion of the Big Four, Wilson might come back with a series entitled "Secretaries of State I Have Known."

It is all very well to call a lady member of the legislature a legislady, but remember that the "g" is soft.

## Told in Rhyme

"I was an hungered and ye gave me meat."

In China there is hunger now,
Her people toiled in vain,
They bent their backs and sowed the seed,
The clouds withheld the rain.

Week after week the sun looked down
Out of a clear sky.
Day after day the dust clouds rose
As fitful winds passed by.

The father watched his bin of rice
And saw its contents fail.
The mother watched her infant's face—
And heard its plaintive wail.

Stark bodies lie along the road
And float upon the stream,
Or sit around the festive board
As in some frightful dream.

Can we look on this stricken land
Where thousands now have died,
And like the Levite and the priest
"Pass by on the other side"?

For Chna is our neighbor now
Electric spark and press
Have made this world one neighborhood,
In any time of stress.

These sufferers are an alien race
But let us not despise
A hue of yellow, brown or black
May be our Lord's disguise.

When sounds the trump on the last day,
That summons all must heed;
When the Lord shall sit in judgment
How will the record read?

In the day I was an hungered
When plenty was your lot,
Will the verdict be "ye fed me"
Or that "ye fed me not!"

F. W. NASH.

## Twenty Years Ago Today

(From the Miner, March 31, 1901.)

J. C. Drewry, general manager of the Canadian Gold Fields, Limited, announced yesterday that a New York capitalist had gone thoroughly into the conditions prevailing in East Kootenay and had undertaken to erect a smelter of 1000 tons daily capacity at a point east of Kootenay Landing on the completion of the Crows Nest Southern road.

• • •

A. Ferland leaves this morning on a trip to Blaimore.

• • •

James Cronin, manager of the St. Eugene mine at Moyie, was in the city yesterday.

## RUSSIAN WHITE SEA SQUADRON MUTINIES

STOCKHOLM, March 31.—An anti-bolsheviki mutiny among the sailors of the Russian White Sea squadron is reported in Helsingfors advices.

The mutiny originated, according to the rumor, on the cruiser Tchesma. It is also reported that the bolsheviki have been forced to withdraw from Archangel.

**Cannonade at Kronstadt.**

HELSINGFORS, March 31.—A violent cannonade was heard today in the direction of Kronstadt. It was attributed to an attack on the Sodleben fort by sailors from Petrograd.

Success comes in cans; failure in can'ts.

# Efficient Housekeeping

By Laura A. Kirkman

### CAN YOU RUN YOUR HOME ON $75 A MONTH

"We added to the $4 saved and have The following interesting letter was sent to me from a reader-friend (with permission to print it) who has run her home on $75 a month:

"Let me tell you of an experiment I tried with sucess recently. For a month (From Jan. 15th to Feb. 15th) I pretended that our income was only $75 and lived within it comfortably and had a small left."

"We are a family of three—my husband, a daughter of 12, and myself. We are hearty eaters except at breakfast. We had many appetizing and substantial, if a little old-fashioned dishes—such as pea soup with dumplings, chuck potroast, meat pies (made from the meat cut from soup bones) baked beans, liver cooked in attractive ways, and Irish stew. We had one cake and one pie a week. Fancy desserts, ice cream and candy were taboo, but apples and oranges, which are inexpensive now, took their place. Everything left over was utilized, and altorether it has been a happy and profitable experience .The following is my month's budget:

"Rent $10; coal $10.50; light $1.30; church $3.75; newspaper 50c; carfare $1; music lessons $3; meat and milk $8.39 laundry work $44.75; groceries and provisions $23.30; saved $4. Total, $75.

We own our own home and had our winter supply of coal purchased but I figured that if our income was no more than $75 we could not afford to live in a place which rented for more than $10 a month, nor afford more than one ton of coal per month. given it to the fund for the relief of the suffering hungry people overseas. —Mrs. R. H."

The reader who wrote this letter lives in a small town in the state of Pennsylvania. Of course in most localities one cannot rent a home for $10 a month, so this financial budget would not solve the problems of the average person—especially city folk! But it is an excellent budget for other people who live in small towns and who own their own homes (the $10 allowed for "rent" will in this case go toward taxes and upkeep.

*Coal is not always as low as $10.50* a ton; but if the housekeeper will lay in her winter's supply of coal in advance every spring, she will at least have the benefit of getting it at its lowest figure.

In a family where music lessons were not a consideration, the $3 for this study would go toward amusements—a very necessary part of the financial budget. The movies, magazines, and other things that one enjoys (which all come under the head of "amusements" help the family to stick to their schedule of economy, for such things keep one normal and satisfied.

*The letter quoted above should inspire* other housekeepers to make similar experiments. What the courageous sender of this letter has done, you can do—perhaps not in her exact figures, but in figures that are at least lower than those which are now entered in your account book.

Tomorrow—Interesting Letters From Readers

## Cold Storage

### SIMPLE REMEDY

The guests were temporarily absent from the room when the husband said to his wife:

"I am beginning to feel as if I would like our house to ourselves I wish the guests would go home,"

"So do I, dear," said the wife, "but you can't turn them out, can you"?

"No" replied the husband. "But you might play the piano."—London Ideas.

### WORKS BOTH WAYS

"Statistics prove that marriage is a preventive against suicide," sad Mrs. Gabb.

"Yes," growled Mr. Gabb. "And statistics also prove that suicide is a preventive against marriage."—Cincinnat Enquirer.

### MONTHLY REMINDER

"My daughter is the initiative and my wife is the referendum,"

"And where do you come in?"

"Oh, I am the recall. They recall my existence whenever the bills come in."—Boston Transcript.

### TEAM WORK

"I say, Gadsby," said Mr. Smith, as he entered a fishmongers with a lot of tackle in his hand. "I want you to give me some fish to take home with me. Put them up to look as if they'd been caught today, will you?"

"Certainly, sir, how many?"

"Oh, you'd better give me three or four—mackerel. Make it look decent in quantity without appearing to exeggerate, you know."

"Yes, sir. You'd better take salmon though."

"Why- What makes you think so?"

"Oh, nothing, except that your wife was in this morning andsaid f you dropped in wth your fshng tackle I was to persuade you to take salmon, if possible, as she likes that kind better than any other."—Los Angeles Times.

## CLOSE RETURNED SOLDIERS' CLUB

### Dependents on Vancouver Institution Will Petition City for Assistance.

VANCOUVER, March 31.—The closing tonight of the Vancouver Returned Soldiers' club, which has been in operation six years, was celebrated with a mass meeting of the inmates, at which many protests were voiced against the closing of the club. It was asserted that most of the 240 inmates would be without food and shelter as a consequence tomorrow. The meeting, at which no definite action was decided upon, closed with the singing of "The Red Flag."

The club was supported by voluntary subscriptions chiefly. It is believed that the men dependent on the institution for support will now petition the city to give them assistance.

# Styles

BY LENORE

For the changeable weather of spring no outfit will be smarter or more practical than the three-piece, or coat and dress costume, which this season, is shown more persistently than ever before. And how particularly convenient for the woman in the suburbs who, in this obliging costume will find herself stylishly dressed every hour of her day in town—from the train trip on through luncheon, a matinee and tea time.

In a shop that is widely known for the distinction and good taste of its models, the three-piece design shown above was sketched. Soft and pliable as crepe is the dark blue twill of the coat and the lower portion of the dress, which is built on chemise lines. The upper half is of beige Canton crepe, which also lines the coat and provides the facing for the turned-back collar. Beige colored yarn stitching trims the skirt and sleeves of the coat. The sleeves of the frock are elbow length and are bound, together with the neck, with the navy twill, which also fashions the belt.

**PATTERN NO. 126**

A pattern for the above model (No. 126), can be obtained in sizes 34, 36, 38 or 40, by sending to The Daily News, your name and address, the number of this pattern and size required, and 30 cents in postage stamps. Be sure to keep this newspaper clipping of the sketch and description of the garment to use as a working model when the pattern reaches you—which will be within two weeks.—The Editor.

## Daily Recipe

(Paste this in your cook book.)

*Spring Salad.*

Three sour apples.
One medium sized mild onion.
Watercress.
Mayonnaise dressing.

Wash watercress and wrap in a cloth to dry and crisp. Pare and core apples and slice in thin slices. Peel and mince onion Put apples, onions and mayonnaise in a bowl and mix thoroughly. Serve on a bed of watereress. Strips of pimento may be added as a garnish. If this salad is served with a heavy dinner French dressing should be used in place of the mayonnaise.

## TRIED IT BEFORE BUT STILL GAME

TORONTO, March 31.—William Watt, aged 78, and Mattilda Harrison, aged 74, were quietly married here yesterday, it became known today. Mr. Watt was born in Plymouth, England, and Mrs. Watt came from Worcestershire. Neither was a stranger to the wedding service. The groom had already placed the ring on a lady's finger on three previous occasions, and the bride had been predeceased by her first husband 16 years ago, while living in Calgary.

Gleeful babies crow and play when health is right. Proper food makes gleeful babies. Since 1857.

Back row—Secretary of Interior F Postmaster General Hays, Attorney General Daugherty, Secretary of Agriculture Wallace, Secretary of Commer Hoover and Secretary of Labor Davis.

## Canada's Navy to Spend Winter on Pacific Coast, Summer on the Atlantic

VICTORIA, March 31.—Both the Pacific and Atlantic coasts share the presence of the Canadian naval squadron, according to J. C. McIntosh, M. P., Nanaimo, who has just returned home from Ottawa. Mr. McIntosh states that it is proposed by the government to station the Canadian fleet on the Pacific during the winter months and on the Atlantic in the summer.

It is rumored here that the fleet may remain on this coast during the coming summer.

The killing of blind pigs is not likely to reduce the price of pork.

## WELL KNOWN PACIFIC COAST SKIPPER DIES

VANCOUVER, March 31.—Commander R. L. Fortier, D. S. O., R. N. R., who died recently at Annapolis Royal, was well known on the Pacific coast as an officer on C. P. O. S. steamers before the war. His death is keenly regretted on this coast.

Commander Fortier was born in Brandon, Man., the second white child to be born in the prairie town.

## Dominion Civil Servants Resist Cut in Bonus

WINNIPPEG, March 31—Stating that the proposed 25 per cent cut in bonuses, as proposed by Premier Arthur Meighen, could constitute "a grave injustice" a mass meeting of Dominion civil servants tonight drafted a telegram to Premier Meighen, Hon. W. L. Mackenzie King, and Hon. T. A. Crerar, protesting against it.

The telegram states that the bonus has never adequately met the increased cost of living at any time since its inception, adding that while certain reductions may be noted, other important items continue to soar.

## EDGEWOOD'S VICAR GOES TO CRESTON

### Friends Present Purse to Rev. Varley Who Is Transferred; Will Marry First

EDGEWOOD, March 31.—Rev. H. Varley, vicar of Edgewood and the Lower Arrow Lake, resigned the living recently and left on Monday for Creston, to which town he has been transferred.

Before proceeding to Creston Mr. Varley will visit friends at Chilliwack, where his wedding with Miss M. Cruse is arranged to take place. Miss Cruse recently returned from an extended visit to her home in England.

Mr. Varley on leaving was presented with a purse subscribed to by his friends.

### KINNAIRD NOTES

KINNAIRD, March 30.—A whist drive was held at the home of Mrs. Walter Sahlstrom on the evening of March 19. Mr. and Mrs. A. E. Harrison of Blueberry were winners of the first prizes. The remainder of the evening was given up to games, after which a dainty lunch was served.

A. E. Pittaway of Castlegar has completed the bridge across Merry Creek.

Charlie Sahlstrom of Castle Rock, Blueberry, visited Kinnaird on Sunday.

Miss F. A. Clark's new residence is fast nearing completion.

Mr. and Mrs. Walter Sahlstrom entertained Mr. and Mrs. M. Dumont and Miss Clark at their home on Sunday last.

A. E. Harrison of Blueberry was a Kinnaird visitor on Sunday.

Miss Grace Redpath, school teacher, is spending the Easter holidays at her home in Nelson.

### EDGEWOOD NOTES

EDGEWOOD, March 31.—Mrs. Kelso is away at Nelson for a few days.

Colonel Harington is visiting in Nelson.

Miss Phyllis Church is spending the Easter vactaion with her parents, Dr. and Mrs. Church, at the Cotswold ranch.

Mr. and Mrs. Blakeman and Miss Irene Blakeman are in Edgewood for the holidays. Mr. Blakeman has just recovered from a long and serious illness.

## NAKUSP PRESSES FOR ROADWAYS

### Board of Trade Urges Need of Completion; Needles-Fauquier Ferry.

NAKUSP, March 30.—The monthly meeting of the board of trade was held on Tuesday evening, when there was a good attendance of members. Ralph Islip, vice-president, occupied the chair, the president, J. H. Morrison, having removed to Vancouver. A resolution was passed regretting the removal of Mr. Morrison and his resignation as president and thanking him for his services in connection with his office.

C. S. Leary brought up the matter of boathouse moorings at the government wharf, the government threatening the removal of all boathouses unless the inside of the "L" was cleared of obstruction and made safe for the landing of launches and boats. A committee, composed of C. S. Leary, J. H. Vestrup and J. Mayo, was appointed to confer with other owners and endeavor to arrange matters to the satisfaction of all and give mooring space to those compelled to lie within the "L."

It was decided to press further for the continuation of the Edgewood-Vernon road to completion and the establishment of a ferry between Needles and Fauquier and the improvement of the present road between Fauquier and Burton, so as to make it passable for motor traffic. The matter will be taken up with the minister of public works and William Hunter, M. P. P.

It was decided to impress on the citizens by posted notices the desirability of cleaning up premises, cutting unsightly trees and trimming others and to generally beautify the town.

Next week from Monday to Saturday was decided as the one for the cleanup campaign. R. Islip was prevailed upon to act as president, and L. J. Edwards was elected vice president during the present term.

### Rancher Loses Valuable Cow, Barn and Supplies In Serious Fire at Needles

Monday afternoon a serious fire consumed the barn of George Heaton of Scarwood ranch here, burning up a valuable cow, with the loss of harness and other articles. The team of horses owned by Mr. Heaton had only been released from the building a few minutes earlier. No cause can be given for the fire.

## TOO ILL TO GO TO SCHOOL

### Mother Tells how Daughter was Made Well by Lydia E. Pinkham's Vegetable Compound

Cobourg, Ont.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble every month which left her in a weak and nervous condition with weak back and pain in her right side. She had these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly. She is gaining steadily and I have no hesitancy in recommending Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine."—Mrs. JOHN TOMS, Ball St., Cobourg, Ont.

Standing all day, or sitting in cramped positions, young girls contract deranged conditions, and develop headaches, backache, irregularities, nervousness and bearing-down pains, all of which are symptoms of woman's ills. Every mother who has a daughter suffering from such symptoms should give Lydia E. Pinkham's Vegetable Compound a fair trial.

## EDGEWOOD VETERANS ENTERTAIN AT DANCE

EDGEWOOD, March 31.—A very successful dance in the Edgewood hall was an Easter Monday feature here. The floor was in fine condition and the music supplied by the Beaton orchestra was a great attraction. Supper was provided and the dancers enjoyed themselves to a late hour. Parties of visitors arrived on the afternoon boat from Nakusp and Burton, while others came in from Fire Valley, Needles and Fauquier.

The dance was arranged by the local branch of the G. W. V. A.

### NAKUSP NOTES

NAKUSP, March 30.—E. W. Somers, who is interested in the Nakusp Lumber company and who has carried on the business of blacksmith for several years, is lying seriously ill at his home here. Dr. Hartin of Nelson arrived on Tuesday for consultation with Dr. McLean in connection with the case.

Mrs. Teifer and Miss Creelman of Revelstoke are here on a visit to Mrs. E. H. S. McLean during the Easter holidays.

Mrs. Murray, wife of the new manager of the Canadian Bank of Commerce, arrived on Saturday with her family and are established in their new home on Lake avenue.

Mr. Hallett of the staff of the bank has been removed to Mission and is succeeded by Mr. Jones.

Mr. Myers, surveyor, of the firm of Green Brothers, Nelson, is kept busy here making new subdivisions during the past week or two.

A number of New Denver members of the Masonic fraternity arrived here today on an official visit to the Nakusp lodge this evening.

The island of St. Helens, where Napoleon was held prisoner, is a part of an old volcano.

The nickel deposits at Sudbury, Ontario, are the riches on the oNrth American continent.

St. Augustine, Fla., is the oldest town in the United States. It was founded in 1565.

**Stop That Tickling IN THE THROAT**
By Using
**Dr. Wood's Norway Pine Syrup**

That tickling in the throat sensation is most distressing and causes a nasty, irritating dry cough that not only keeps you in misery all day long, but prevents you enjoying a good night's rest.

Dr. Wood's Norway Pine Syrup, which is composed of the most soothing and healing expectorant herbs and barks combined with the lung-healing virtues of the world-famous Norway pine tree, will give almost instant relief in all cases of this nature.

Mr. E. A. Price, Port Carling, Ont., writes:—"For about a month last fall, I had a bad cold and cough and a tickling in my throat. I coughed nearly all the time. I tried different remedies and cough syrups, but could get no relief. A friend advised me to use Dr. Wood's Norway Pine Syrup, and before I had used two bottles, my cough was all gone, and gone for good. I have not coughed since."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three pine trees the trade mark; price 35c. and 60c. a bottle at all dealers; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## GRAND PROGRAM FOR CONVENTION

### Prospects Are for Good Kootenay Delegation for Portland Next Tuesday.

When the third international mining convention opens at Portland on Tuesday there will be a considerable Kootenay delegation present. Among those known to be going are Fred A. Starkey, who will have charge of the district ore exhibit for the Nelson Board of Trade; J. W. Mulholland, president of the British Columbia Prospectors' Protective association; J. E. Annable, of the industries committee, and S. S. Fowler, manager of the New Canadian Metal company, Riondel. Various other Nelson citizens and mining men of the district are contemplating the trip.

The program of the five-day sessions of the convention is as follows:

Tuesday—2 p. m.; opening address, Henry M. Parks; address of welcome, Governor Ben W. Olcott; address of welcome, Mayor G. L. Baker; responses by delegates; "The Great Northwest," Frank Branch Riley.

8:20 p. m.—Presiding, Edgar B. Piper, editor the Oregonian; "Prospecting, Past and Future," T. A. Rickard, editor Mining and Scientific Press, San Francisco; motion pictures, "The Story of Petroleum," four reels, United States bureau of mines.

Wednesday—10 a. m.—Presiding, Wylie Hemphill, sales manager Pacific Coast Coal company, Seattle; "The Geology and Coal Resources of the States of Washington and Oregon," with brief reference to the coal fields of Alaska, British Columbia, Idaho, Wyoming, Utah and California," George Watkin Evans, consulting mining engineer, Seattle; "The Methods of Mining Coal in Flat and Steeply Pitching Coal Seams in the State of Washington," S. H. Green, manager of mines Pacific Coast Coal company; "The Preparation of Coal," including a description of types of tipples, screens and the various jigs used in the screening and washing of coal in the northwest, E. R. McMillan, assistant mining engineer, United States bureau of mines.

2 p. m.—Presiding, J. Dickson, superintendent motive power S., P. & S. railway; "Utilization of Coal," including hand-firing, automatic stokers, carbonization, with special reference to powdered coal for steam generating, Ralph Gault, fuel engineer; a discussion of locomotive fuels of the northwest, A. W. Perley, Oregon-Washington Railroad & Navigation company; motion pictures, "The Story of Coal" (three reels), United States bureau of mines.

8:20 p. m.—High jinks smoker. You can count on this as a "real" stimulating party, something that you will not forget after you go home; W. J. Hoffman, chairman; E. N. Weinbaum, special features.

10 a. m.—Presiding, Dr. Edwin T. Hodge, University of Oregon; "The Mining Industry in Relation to Business Prosperity," Edwin Ludlow, president of the American Institute of Mining and Metallurgical Engineers, New York city; "Carbonization of Lignites," Dr. E. J. Babcock, dean School of Mines, North Dakota; "Low Temperature Distillation of Coal," Kirby Thomas, consulting mining engineer, New York city; motion pictures, "Manufacture of Portland Cement" (two reels), United States bureau of mines.

2 p. m.—River boat trip and dance; visit to municipal dock No. 4, with a dance on the boat en route. See the remarkable development of Portland as a port; Kurt Koehler, chairman.

6:15 p. m.—Organization of Oregon section A. I. M. M. E. and informal dinner.

8:30 p. m.—Presiding, Nichol Thompson, Vancouver, B. C.; "Mining Industry of British Columbia," Hon. William Sloan, minister of mines of British Columbia, Victoria; "Mining Industry of Southeastern British Columbia," S. S. Fowler, consulting minin gand metalurgical engineer, Nelson, B. C.; "Potential Copper, Gold and Silver Resources and Transportation Advantages of the Snake River Canyon," Hon. Robert N. Bell; "Mineral Resources of the Snake River Canyon, D. C. Livingston, School of Mines, Coryallis, Ore.

Friday—10 a. m., presiding, Dean Milnor Roberts, University of Washington; "The Gold Question," Fletcher Hamilton, state mineralogist of California, San Francisco; "The Gold Question," W. J. Loring, president American Mining congress, San Francisco; "Protection of the Promoter," Sidney Norman, editor Northwest Mining Truth, Spokane.

2 p. m.—Presiding, L. K. Armstrong, consulting mining engineer, Spokane; "The Western Phosphate Industry," Hon. Robert N. Bell, formerly Idaho state mine inspector; "Prospective Iron Resources of Columbia County, Ore.," A. W. Martin, Chicago; "Charcoal Smelting of Iron," Bradley Stoughton, secretary of the American Institute of Mining and Metallurgical Engineers, New York city; motion pictures, "Mining and Extracting Radium" (two reels), United States bureau of mines.

8 p. m.—Presiding, Dean Francis A. Thomson, University of Idaho; Alaska program—"The Past and Future of Alaska," Falcon Joslin, president Behring River Coal company, Seattle; "Legislative Requirements of Alaska," Maurice D. Leehey, mining attorney, Seattle; "Prospecting in Alaska," George Hazelet, mining and oil operator, Cordova, Alaska.

Saturday—9 a. m., Oregon barbecue at Bonneville, with trip over famous Columbia River scenic highway. Will leave Portland Sixth and Yamhill streets. You will enjoy a rea feast to be served by the Progressive Business Men's club of Portland. Dr. William F. Fiebig, chairman.

## CHARGE SKIPPER WITH MALTREATING CREW

NEW YORK, March 31.—Capt. Adolph C. Pedersen, of the United States barkentine Puako, and his sons, Leonard and Adolph, Jr., who were convicted in 1919 of maltreatment and imprisonment of members of their crew and sentenced to prison servitude have surrendered to the United States marshall here following failure of heir appeal.

The alleged maltreatment of the Puako's crew occurred on a voyage from Vancouver to Cape Town, South Africa. One of th crew was said to have jumped overboard and drowned while clinging to a log line, and another committed suicide.

A nectarine differs from a peach only in havinga smootherrindnand firmer pulp.

The peacock butterly first appears as early as June and is seen last the following April.

# Markets and Finance

## HOLLOW MARKET STILL DECLINING

### New York City Short Term Bonds Virtually Fail; Heavy Session.

NEW YORK, March 31.—Stocks continued to register further substantial declines in the course of today's sesson.

*The virtual failure of the New* York city short term bond issue was the subject of general discussion in banking circles.

Rails as a group extended recent losses, Pennsylvana being conspicuous for another lower record.

The hollow character of the stock market was evident from the more extensive losses sustained by inactive specialties on nominal dealings. Such issues as American Smelting preferred, Federal Mining, United Drug and Union Bag were most susceptble to bearish manoeuvres.

Call money rose from 6½ to 7 per cent in the last half hour.

Sales amounted to 565,000 shares.

Liberty bonds forfeited part of yesterday's gains and the more prominent railway and industrial issues were easier, but internationals, notably Paris sixes and French municipals, made slight gains.

Total sales $9,675,000.

## DOMINION LIVESTOCK

WINNIPEG, Mrch 31.—Receipts yesterday were 690 cattle, 789 hogs and 58 sheep while receipts up to 9 o'clock this morning were 615 cattle and 820 hogs.

*Steers—Choice steers $8.50 to* $9.50; fair to good $7.00 to $8.25; medium $6.00 to $6.75.

Butcher heifers—Choice $7.00 to $8.00; fair to good $5.50 and $6.75.

Butcher cows—Choice $6.50 to $8; fair to good $5.25 and $6.25; canners and cutters $2.25 to $4.00.

Bulls—Good $4.00 to $5.00; common $3.00 to $4.75.

Oxen—Good $5.50 to $6.50; medium $4.25 to $5.00; common $3.00 to $4.00.

Feeders—Choice $7.00 to $8.00; fair to good $5.50 to $6.75.

Stocker steers—Choice $6.00 to $6.50; fair to good $5.00 and $5.75.

Stocker heifers—Choice $5.75 to $6.25; fair to good $5.00 and $5.75.

Calves—Choice $10.00 to $11.00; good $7.00 to $9.00; common $5.00 to $6.00.

Sheep and lambs—Good sheep $6.00 to $7.50; common $4.00 to $5.50; good lambs $10.00 to $12.00; common $7.00 to $9.00.

Hogs—Selects $14.00; heavies $11 to $12.00; lights $11.00 to $14.00; sows $8.00 to $10.00; stags $6.00 to $8.00.

TORONTO, March 31.—Cattle receipts 177. Prices unchanged.

Calf receipts 24; tops 14½ cents.

Sheep receipts 73; choice 9 to 10 cents.

Hog receipts 450; prices unchanged.

## MINNEAPOLIS GRAIN

MINNEAPOLIS, March 31.—Flour 20 to 25 cents lower; $8.75 to $8.95 a barrel; shipments 56,528 barrels.

Bran—$18.00.

Wheat—No. 1 Northern $1.48¾ to $1.57¾.

Corn—No. 3 yellow 49 to 50 cents.

Oats—No. 3 white 33¾ to 34¼ cents.

Flax—No. 1, $1.74½ to $1.77½.

Scene from "The Woman in his House"

The eight-reel Super-Special being shown at the Starland today and tomorrow at usual prices.

## WHEAT FALLS TO NEW LOW LEVEL

CHICAGO, March 31.—Wheat prices dropped to the lowest record which May delivery has reached since 1916. Corn and oats went down to the 1915 level. Favorable crop conditions together with continued general pressure to sell, were leading bearish factors.

Wheat closed unsettled, 1¾ net lower to ½ cent advance with May $1.38½ to $1.38¾ and July $1.19½ to $1.19¾.

Corn lost half to ⅞ cent, oats finished unchanged to ⅝ off and provisions up 5 cents to 10½ cents.

## METAL MARKET

NEW YORK, March 31.—Copper *steady, electrolytic, spot and nearby* 12¾, May and June 13. Iron nominally unchanged. Tin easy, spot and nearby 28¾ to 29; futures 29¼ to 29½. Antimony.spot 5,12 to 5.25. Lead firm, spot 4.25. Zinc dull, spot 4.65 to 4.75.

LONDON, March 31. — Standard copper, spot £70, 2s, 6d; futures £69, 12s 6d. Electrolytic spot £72 10s; futures £74. Tin, spot £158, 15s; futures £162, 5s. Lead, spot £20; futures £20, 7s, 6d. Zinc spo £24, 5s; fuures £25, 15s.

## TORONTO BOARD

TORONTO, March 31.—Discouraging foreign news operated to repress trading on the stock exchange today. There was no pressure to sell, however, and a good portion of the day's active issues actually made gains. A remarkable advance took place in Duluth-Superior, carrying it up three points to 18. Duluth has had a long period of adverse statements of earnings. That something better had happened, appeared to be the indication of the market, though brokers were without exact information.

Both issues of Spanish River were sharply down, while Abitibi and North Amercan Pulp gained fractions. Canadian Pacific continued its decline by 1⅝, apparently still suffering from the prospect of new financing suggested in the annual report.

## MONTREAL LIST

MONTREAL March 31.—Trading on the stock exchange today was *again dull and uninteresting.*

Sugar with a turnover of 555 fractionally down at 32¼. Breweries came next up ¼ at 38¼.

Little support was given to iron, which showed a net loss of 2¼ points at 43. Textile opened up a points higher but it was neglected at the close with a net loss of *two points at 119.* A few shares of Riordan sold at 110 against 108 yesterday. Penman's was up a point at par, Steamships a point up at 30¼ and Illinois Preferred at 71 was advanced two points from a previous sale in February. Detroit made a new low for the year of 80, down two points; smelters lost 1¼ points at 16¾.

War loans were irregular.

Total sales—Listed 4162; bonds $157,900.

## MONTREAL PRODUCE

MONTREAL, March 31. — Eggs lower; potatoes unchanged; butter weak; cheese steady. Quotations:

Cheese—Finest easterns 29½ to 30 cents.

Butter—Choicest creamery 54 to 54½ cents.

Eggs—Fresh 34 to 35 cents.

Potatoes—Per bag, carlots $1.00 to $1.05.

## EGG MARKET

OTTAWA, March 31,—Heavy receipts of eggs and unsatisfactory offerings havce caused some Ontario track shippers and first receivers to commence storage operations.

The United States will spend $622,000,0000 this year on roads.

**WINNIPEG GRAIN QUOTATIONS**

| | Open | High | Low | Close |
|---|---|---|---|---|

# LEADING AUTHORITIES NOW SHOW JUST WHAT TANLAC REALLY IS

### Physiological Action of Principal Ingredients of Celebrated Medicine on the Human System Is Explained.

### SUPREMACY CLAIMS WELL SUPPORTED

### Many of the Medicinal Elements Have Been Known and Used Since Civilization First Began.

Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout the United States and Canada, is composed of the most beneficial roots and herbs known to science. The formula is purel yethical and complies with all National and State Pure Food and Drug laws. Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

Many of these ingredients have been individually known and used since civilization first began, and some of them have been used and prescribed by leading physicians everywhere, but until they were brought together in proper proportion and association, as in the Tanlac formula, humanity had not heretofore realized their full value and effect.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Brittanica says: "It has been the source of the most valuable tonic medicines that have ever been discovered." In referring to others of the general tonic drugs contained in Tanac, the 13th Edition of Potter's Therapeutics, a standard medical text book, states that "They impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority, in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as "a run-down condition," uses the following expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which, because of their influence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of the tissues and more important organs of the body, and produce that state of general tonicity which is called Health.

The United States Dispensatory makes the following comment regarding another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required. Dyspepsia, atonic gout, hysteria and intermittent fever are among the many affections in which it has proven useful."

There are certain other ingredients described in the Dispensatory and in other standard medical text books as having a beneficial action upon the organs of secretion, whose proper functioning results in the purification of the blood streams passing through them. In this manner objectionable and poisonous ingredients of the blood are removed and the entire system invigorated and vitalized.

Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and a thorough elimination of the waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system.

Although Tanlac's claims for supremacy are abundantly supported by the world's leading authorities, it is the people themselves who have really made Tanlac what it is. Millions upon millions have used it with gratifying results, and have told other millions what it has done for them. That is why Tanlac has become the real sensation of the drug trade in the United States and Canada, and that is also why it is having the largest sale of any medicine of its kind in the world today.

## News of Sport

# MILLIONAIRES PLAYING FULL STRENGTH LEVEL UP SERIES

ARENA, VANCOUVER, March 31—Eighty-five hundred fans saws the Vancouver Millionaires defeat the Ottawa Senators here tonight by a score of 3 to 2 in a game which was notable for rough play. Playing with the full team available for the first time since five minutes after play started in the first game, the Millionaires had somewhat of an edge on the visiting team through most of the game.

Alf Skinner, out of hospital for the first time in ten days, played the better part of two periods and gained two of the Millionaires' goals. He played a remarkable game in spite of his condition and when he left the ice at the end of the last period was feeling very weak, but buoyed up by his performance.

Mackay, relieved from the worry of his sick child for the first time in a week, also appeared with his team and played a start game. The result of this match gives both teams two games each, sending the series into the fifth and final match.

**Thirteen Penalties.**

Thirteen penalities were handed out, of which nine went to Ottawa and four to the Millionaires. Two of the Ottawa penalities were for major offenses. The first went to Darragh, who was chased by Referee Mickey Ion for using foul language.

Denenny was penalized for running at Harris and digging his skates into the coast player's legs. Harris was not near the puck and the play had gone in another direction. Gerard, Ottawa's captain, was given three penalties.

The Ottawa Senators showed themselves capable of the greatest skill attainable in the game. Their speed and their adaptability in changing from and meeting every situation, marks them performers of the highest order. Certainly, in the first period, their clock-like regularity was a delight to hockey fans and brought considerable applause. Benedict, in goal, was called upon to save shots from some of the hardest shooters in the game. The two wing men exhibited an amazing speed in their back checking, and Gerard, with a continual smile, played as much of a forward game as any of his team. Lehman found himself robbed of his forward pass and at times found difficulty in getting rid of the puck. The Ottawa goalie was playing his own game and cleared with precision, snapping the rubber to the wings with ease.

**Small Space Bothers.**

The small center ice space bothered the Millionaires considerably, but in spite of that they managed to beat the visitors under eastern rules. As the easterners did the same to the Millionaires under the seven-man game on Monday night, the westerners still have to prove their superiority.

One feature of the game was the enormous number of substitutions required, owing to the penalties imposed.

**Two Stars Back.**

Skinner and Mackay both were in the Vancouver uniform and were applauded wildly. It was raining heavily outside, but thanks to the artificial ice, the going was perfect. Both teams looked fit and ready, but the players were nervous and it was evident that the strain was telling on them. The Ottawa team started out with Boucher at left wing.

**First Period Scoreles.**

First period—With the face-off the puck went into the waiting stick of Darragh, whose rush was cut short by Vancouver's big defense man, Duncan. As Duncan arrived in the Ottawa area he was checked by Gerard and a lightning hook of his stick caught the puck. Gerard went through as far as the Millionaire blue line and fell a victim to Mackay. That practically was the story of the whole first period. It consisted of long one and two-man rushes in which the Ottawa men had the better of the combination work, timing their passes to a nicety which told of long practice. The Millionaires, however, made more rushes than their opponents and managed to send in two shots for every one sent in on Lehman. Very few of these shots were dangerous, being checked by the Ottawa defense men before they received any strength or precision. The Millionaires were almost through many times, but each time their sticks were struck at the crucial moment of shooting.

**End to End Rushes Frequent.**

The end-to-end rushes which were a feature of this period and which seemed the principal part of the six-man game left the center ice area deserted most of the time. Only when the worwards of both teams essayed long chance shots from center ice did they manage to get much speed into the rubber. About half way through the period Gerard was penalized and Denenny took his place. J. Adams received a penalty in the last minute of play and Skinner went on in his place. This was the first time he had skated since he received his injury two weeks ago. Taken all in all, the period was fast and ended in no score.

Second period—The second period was enlivened by the appearance of Skinner in place of J. Adams. Skinner had said in the hospital that he was good for one goal and the period was not very old before he made good his boast. Although palpably showing signs of his siege in bed he managed the first on a pass from Duncan in 2:27.

This period was full of excitement from start to finish. There were five penalties handed out, of which three went to Ottawa, Darragh drawing a major of 10 minutes. Both teams showed an inclination toward rough checking and also tripping. Gerard was penalized again in the second. In this period both teams showed additional speed and after the Millionaires gathered the first tally, the Ottawas worked harder than ever. They sent in many dangerous shots on Lehman and seemed able to more successfully penetrate the Millionaire defense. Duncan was playing better than ever before this season and staged some fine rushes. Boucher who had been checked on a rush regained a loose puck and stick handling his way through, shot from close in, behind Lehman. Lehman in this period was evidently at a loss without his his favorite forward pass.

**Rough Play Pronounced**

Third Period—Boucher gathered the first honor in the third period bp gaining after face-off. He went as far as Duncan and met with disaster, Duncan carried the puck with long, slow curving advances until quite close to Benedict. The Ottawa goalie saved he resultant shot, but Skinner was in upon him before he could clear and shot the puck in. The time was 1:35.

One of the features of this period was the wicked shooting of the forwards of both teams. The rough work grew more pronounced as this period proceeded. Six penalties were handed out, of which Ottawa drew five, one a major, going to Denenny.

**Millionaires' Skipper Scores.**

For the first three minutes of the major penalty the Ottawa team played with a five-man line up and were on the defensive largely. They managed to hold the Millionaires until the sixth man returned to the ice. The second goal of the period, making the score 3 to 1 in favor of the coast team, was scored by the Vancouver captain, Cook, in 14:17. He grabbed the puck after the face-off and sent a long shot from center. Benedict scarcely knew the game had recommenced when the puck hit the net. One minute later Broadbent grabbed the rubber from a scrimmage and beat Lehman. Throughout the balance of the period Vancouver remained on the defense with occasional rushes into Ottawa territory. The game closed with the score 3 to 2 in favor of the Pacific coast champions.

**Line-up.**

| Vancouver. | | Ottawa. |
|---|---|---|
| Lehman | Goal | Benedict |
| Cook | Defense | Gerard |
| Duncan | Defense | Boucher |
| Mackay | Wing | Darragh |
| J. Adams | Centre | Nighbor |
| Harris | Wing | Denenny |
| Skinner | Sub | Cleghorn |
| W. Adams | Sub | McKell |

## SPORTING BRIEFS

**Wins Bowling Championship.**

TORONTO, March 31.—Another world's championship has come to Toronto and sportsmen were out in full force this morning to welcome the Saunders ten-pin team who captured the bowling honors at the American bowling congress tournament at Buffalo.

There were 1,000 teams competing. This is the first time that the bowling championship has been won by a Canadian team.

**Seattle Bids for Bouts.**

SPOKANE, Wash., March 31—Alexander Pantages of Seattle has wired Tex Rickard an offer of $850,000 for the Dempsey-Carpentier championship bout, according to word received tonight by E. G. Milne, of Seattle, an agent of Mr. Pantages..

Mr. Pantages, in a telegram to Mr. Milne, stated if his offer was accepted by Mr. Rickard and Washington authorities would not allow the contest to be held in that state, he would look next to Vancouver, B. C., as the next possible site.

# DUKE ADDRESSES MANITOBA HOUSE

### Governor - General Recommends Confidence and Determination to Legislators

WINNIPEG, March 31.—The Duke and Duchess of Devonshire concluded their visit to Winnipeg tonight and the vice-regal party left for Brandon, where a brief stop will be made tomorrow. At noon the governor-general addressed the Winnipeg Canadian club, and in the afternoon spoke to the committees of the legislature from the speaker's chair, while the Duchess of Devonshire and members of their party looked on from the galleries. A brief call at the Home Building exposition, which is being held this week, and participation in a reception by Sir James and Lady Aikins to the delegates to the Manitoba Educational association convention, closed the Winnipeg program of their excellencies.

**Worse Problems Solved in Past.**

The governor-general told the members of the Manitoba legislature that he would return to Great Britain strengthened enormously by the knowledge that during the time he had held high office among them he had had the confidence and assistance of so many of the men responsible for the conduct of the affairs of the Dominion. They had, he said, anxious and critical problems to face, and if they faced them in a spirit of confidence and determination they could look forward to a solution of them with the same degree of certainty with which they had been able to solve far more intricate problems in the past.

# CARL TO RETURN TO SWITZERLAND

### Regent Planned to Remove Him by Airplane to Spain.

VIENNA, March 31.—The Hungarain charge d'affaires has notified Austria that former Emperor Charles will return to Switzerland. The Swiss minister declares that Switzerland will agree to his return.

**Proposes Flight to Spain.**

BUDAPEST, March 31.—Regent Horthy today sent a wireless message to King Alfonso of Spain, inquiring if preparations had been made for the reception of former Emperor Charles i nSpain. The Austrian government was also sounded as to whether it was willing to pass Charles freely through Austria, the latter country to take responsibility for his safety. If Austria refuses the regent plans to remove the ex-emperor to Spain in a Hungarian military airplane.

**Denies Horthy's Resignation.**

VIENNA, March 31.—One of the foreign missions here today got in telephone communication with its mission in Budapest and received a denial of the rumor of the resignation of the regent, Horthy. The mission was assured that Budapest was quiet and that Horthy had the situation in hand.

# REQUEST PLEBISCITE UPON NEW PROVINCE

PRINCE RUPERT, March 31.—A plebiscite of the people affected on the question of establishing a new northern province of the Dominion, consisting of northern British Columbia and the Yukon territory, is asked of the federal government in a resolution unanimously adopted by a mass meeting of citizens here tonight. The meeting was well attended. The feeling of the meeting was that the north is rich enough in natural resources and has a sufficiently large population to administer its own affairs. It was asserted that the desire of the people generally in the north was strong for a separate province.

# DAIL EIREANN TO FIGHT ELECTIONS

## Will Put Up Candidate to Contest Every Constituency—De Valera.

DUBLIN, March 31.—Eamonn de Valera, "president of the Irish republic," replying today in a questionnaire in the Freeman's Journal, was vague concerning the question of peace in Ireland. He stated definitely, however, that the Dail Eireann had decided not to place a ban on the coming Irish elections, but, on the contrary would contest every constituency.

De Valera declared that negotiations *with the British government on the* basis of the partition act were altogether out of the question. He reiterated that Mr. Lloyd George could have peace tomorrow if he desired it, "on the basis of right and justice."

"But," de Valera added, "we will never admit that England may dictate to us any alliance or partnership suiting her interests."

ALBANY, Ga., March 31.—Four persons were killed and three injured in a tornado which struck the northwestern portion of Albany this afternoon. A number of buildings in the town were wrecked.

# MEMORIAL VOTE LASTS A WEEK

## Committee Adhees to Age Limit Previously Set—Letters Sanctioned.

At a meeting of the war memorial committee in the council chamber last evening, decisions taken at the previous meeting, and later disputed as not being in order for want of a quorum, were reaffirmed in all cases.

The age limit for eligibility to vote in the coming plebiscite was fixed at 16 years, and votes will be received by the city clerk from *April 6 to 13, closing at 3 o'clock* that afternoon. E. W. Widdowson unsuccessfully urged 18 years for the limit.

R. G. Joy stated that until he heard from Gus Erickson, owner of the Grand Central site, he would be unable to include in his paper on the downtown memorial any cost figures. He stated, however, that the assessed value of the land was $8200, this being, however in excess of its market value. While the lots one block further west on the upper side of Vernon street opposite the Nelson Transfer company, were nominally assessed at a stiff figure, he said he had heard the opinion expressed that between $3000 and $4000 would buy them.

It was decided that the three statements to be published over he authority of the committee should contain only matter in advocacy of the different proposals, criticism of the competing schemem being eliminated. The chairman, Ald. A. D. Emory, who represented the mayor, was authorized to hand the matter to the Daily News for publicaion.

Rev. J. P. Westman and R. G. Joy were named a committee on ballots. It is proposed to have a ballot published in the Daily News, and also have separate ones printed, and distributed at various points, where citizens may apply for them.

Those present were Ald. A. D. Emory, Rev. J. P. Westman, R. G. Joy, W. O. Rylett. F. J. Boles, E. W. Widdowson W. Holmes, and George Horstead.

# LOSSES ON BACON TO BE DISCUSSED

LONDON, March 31.—The arbitration proceedings in connection with the losses of Canadian bacon exported to England under contract with the *British food ministry during* the closing months of last year will not be commenced for some time, it is now stated.

Representatives of the leading Canadian interests concerned have reached here, but it has not yet been settled whether the arbitration tribunal will sit in London or Liverpool. The proceedings will be private, it is announced.

TORONTO, March 31.—A fire which broke out in the basement of the provincial parliament buildings at 6 o'clock tonight caused considerable alarm, but the damage is slight. Defective wiring is believed to have been the cause.

# Social and Personal

C. H. Robinson, fisheries overseer, left yesterday for Creston.

F. Richardson was in from his ranch at Crawford Bay yesterday.

S. Webb, the Crawford Bay rancher, was a business visitor to the city yesterday.

Miss Dorothy Whitmore is spending a two weeks' vacation at Vancouver *and Victoria.*

Jack Hume and Richard Astley leave today for Kaslo, where they will spend the week visiting friends.

Miss Mae MacKaracher left last evening for Vancouver, where she will pursue her studies in music.

W. H. Cawley, the Salmo merchant, who has been spending a few days in the city, leaves for his home today.

According to advices from Hascombe, Surrey, England, Harry Bird expects to leave for Canada this month. He will proceed to Victoria.

Miss Violet Irving, who has been spending the Easter holidays with Miss Henrietta Sturgeon, has returned to her home in Deer Park.

A. L. Sweeney of Calgary, C. P. R. forester, was in Nelson yesterday en route to the Crow, on a trip of appointing C. P. R. fire rangers.

D. Dodding, field supervisor for the soldiers 'settlement board, returned yesterday from an extended official visit in the Kamloops and Revelstoke districts.

Clifford Bradshaw, who is managing the hotel for his uncle at Castlegar, is spending a few days in the city as the guest of Mr. and Mrs. D. A. Thorpe, Silica street.

Mrs. H. M. Cobbett and daughter Joan leave this morning for Auburn, Wash., where they will in future make their home. Mr. Cobbett will join them there in about a month.

J. F. Kilby, the C. P. R. engineer, who was recently here from Revelstoke visiting old scenes, and was called to Boston by the death of his brother Walter, has arrived from the east. The late Walter Kilby was an early resident of Nelson, being engaged in the painting business here in 1892.

With a new jazz orchestra under the leadership of Professor E. A. Jarvis to play the extras, decorations of green and gold, the institution's colors, artistically massed about the hall, a dainty luncheon under the charge of the misses, the staff and students of the Nelson Business college will entertain about 150 invited guests at a dance in the I. O. O. F hall this evening.
